Diary

23rd June. Sent the following letter.

To,

J. F. Thomas Esqre.

Chief Secretary to Government.

(1)

To the Chief Secretary to Government - -

Sir,

In anticipation of my early departure and to obviate in some degree the delay which will be occasioned by the length of time which my proposed native Establishment will take to join me, I have the honor to request that you will be good enough to obtain the sanction of Government for an advance of Rupees 886 as per Margin being at the rate of two Months present pay Viz.s for July and August 1849 for such of the native servants transferred from the Office of the Board of Revenue

working them.-

dated 4th July 1848 No. 14 on the subject of the
Experimental Cotton Farms under this Presidency.

The following correspondence
and papers connected with the subject are also
ordered to be brought upon records.-

Letters from Surgeon R. Wight.

(Here enter 21st December 1848 and
31st January 1849)

× × ×

Para 1. The Governor in Council is
quite satisfied that the Honorable Court of
Directors, and this Government in obedience to
their Orders, have already done every thing
that was either requisite or called for to give
the experimental Farms the fairest, fullest
and most liberal trial, and is of opinion that
the existence and further continuance of those
experiments is calculated to do harm to the
cause which they were originally intended
to promote, by unavoidably leading the
Natives of the Cotton growing Districts to
imagine that Government alone have the
means and facility of raising American
Cotton, or of improving the culture and
quality

quality of the indegenous Plant. In pursuance therefore of the views communicated by the Honorable Court in Para 4 of their Despatch he has resolved upon the discontinuance not only of the experimental cultivation of Cotton in Coimbatore and Tinnevelly but also to the mercantile operations into which they have latterly merged, in purchasing and shipping Cotton the produce of those Districts, and he directs accordingly, that the following arrangements be adopted to give effect to that object.

2. In regard to the operations in the Tinnevelly District, the Governor in Council desires that as Mr. Finnie's engagements have been made for two years certain from the 16th of October 1847, he should remain in Tinnevelly until the expiration of that time, and consider himself wholly and unqualifiedly under the orders of the Officiating Collector. Mr. Elton will inform Mr. Finnie that it is the desire of Government

Revenue Despatch No. 3 of 1848.

Government he should give his whole time and attention exclusively to instructing the Natives in the practical use of the Gins, Presses, Churkas, Thrashers and other implements required in the clearing and preparation of the Cotton, but that he should not interfere with the cultivation of the plant (whether American or Indian) further than offering his advice when asked for; because if he tenders his advice and the Crop should afterwards from any cause unfortunately fail, it will, however erroneously, be attributed to his innovations.

3. Mr. Finnie has already it is believed, one Assistant attached to him, and Dr. Wight will now be instructed to transfer immediately to the Collectorate of Tinnevelly for the purpose of being placed under Mr. Finnies tuition, one half of the East Indian lads at present with him. These lads having already obtained a certain degree of information and knowledge of the work required of them,

the

the Governor in Council entertains the hope that with Mr. Elton's supervision, and Mr. Finnie's valuable practical instruction they will be able to take charge of all the Gins and instruments above alluded to (including a part of those which are on their way from England) by the period which it is proposed to fix for Mr. Finnie's withdrawal from the public service.-

4. Mr. Finnie will be directed to desist immediately from purchasing any more Cotton on behalf of Government, and to close his accounts and break up whatever Establishment he may have entertained for that duty. He will clearly understand that all his proceedings are henceforward during his residence in Tinnevelly to be conducted under the authority of the Officiating Collector, and that any representations which he may wish to offer on the subject of Cotton must be addressed on through that Officer for the Orders of

of Government.-

5. In regard to the Coimbatore experimental Farms the Governor in Council desires that Dr. Wight will also desist from making further purchases of Cotton on behalf of Government; that he will discharge at once all Establishments which have hitherto been employed for the experimental Farms and place Messrs. Sherman and Cuxton and the other half of the East Indian boys at the disposal of the Officiating Principal Collector of Coimbatore who will assign to all and each of them their proper posts and duties.-

6. The Gin Houses at Coimbatore and Sevacaushy will be taken charge of by the Collectors of the respective Districts in the latter after Mr. Finnie's departure and the Governor in Council desires that for a season at least the ryots should be allowed the use of them gratis, as well as of all other agricultural and

and Cotton cleaning Instruments which have been heretofore so liberally supplied by the Honorable Court of Directors. This system is however not intended to be permanent, and the Collectors are expected hereafter to report to Government when in their estimation the ryots may be required to pay some trifling sum for the use of the Government Instruments and Apparatus.

7. The Governor in Council will be prepared to consider favorably and recommend to the proper quarter such a moderate increase to the present salaries of Messrs. Sherman and Cuxton as well as to the allowances of the East Indian lads as the Collectors may severally see fit to recommend, so soon as the next arrangements are carried into execution.

8. The Governor in Council desires that on the departure of Mr. Finnie either Mr. Sherman or Mr. Cuxton may be

be transferred from Coimbatore to Tinnevelly but wherever they may be eventually stationed they will understand it to be their Chief, if not sole occupation, in both Districts to watch over and superintend the proceedings of the East Indian lads, who, as before observed, will be fully qualified to be put in charge of the Cotton cleaning Machines and Implements of all kinds.

9. The Revenue Authorities will be careful to guard against any of their Assistants or others who may be employed on the duties above indicated, receiving on any pretence the smallest private gratification or present from persons, whether the actual growers of the Cotton or the intermediate Brokers for work done with the public Machinery and at the Government Gin or Press Houses.

10. The Governor in Council is surprized to find from the Memorandum of the Revenue Secretary to Government that

that Dr. Wight who not long ago strongly urged a remission of half the land rent; is now paying for ground to be planted with Cotton to the Ryots from whom he has obtained it, an additional Rent equal in some cases to half and in others to double the demand of Government. The people cannot scarcely be expected to comprehend the motive for this arrangement; which must, it would seem, have the effect of rather deterring than encouraging them from entering into a competition with the Government.

11. It is the desire of Government that the Officiating Principal Collector of Coimbatore aided by Messrs. Sherman, Cuxton and the East India Lads should attend at all those parts of Dr. Wights contemplated measures for the present season that cannot be laid aside, or that the Natives cannot be induced to undertake on their own behalf. Perhaps it will be desirable, and the Collector is accordingly authorized to

to purchase all cotton at a favorable rate grown on the land and to have it cleaned and shipped.

17. If the Government understand the matter rightly, there would appear to be nothing on the ground at this season, and in this case there would seem to be no difficulty in relinquishing the land at once, and dispensing with the farming Establishments, when all that will remain to be done will be, to prepare the Cotton of the last Crop and dispatch it for shipment contracts for produce already entered into will be fulfilled, and the Cotton prepared for shipment as usual, the Establishments being afterwards broken up Dr. Wight will fix as early a period as may be compatible with the engagements which have been entered into by him with the Ryots of Coimbatore, for finally closing his accounts and all concern with the experiments, and will in the interim give his advice and assistance to the Officiating

Officiating Principal Collector, in order to carrying out the arrangements now contemplated.

13. Dr. Wight will report when he has fulfilled the orders now given him, and the Officiating Principal Collector will inform the Government as early as possible of the arrangements he has made and the extent to which Dr. Wights' engagements render it necessary for him to carry on the farming and ginning operations this season.

14. Both Dr. Wight and Mr. Finnie will be requested to bring to the notice of the Collector of the District any points which have escaped the attention of Government and now require their specific orders.

15. The Account sales referred to in Paras 8 and 9 of the Honorable Courts' Dispatch will be transmitted to the Accountant General to enable him to make the necessary adjustments in his accounts.

Under

16. Under the arrangements now ordered to be carried into effect the Governor in Council considers it unnecessary to notice the correspondence between Dr. Wight and Mr. Finnie which was laid before Government by the former Officer in his letters of the 21st December 1848 and 31st January 1849.

17. The Governor in Council is not prepared to admit the correctness of the charges made by the Manchester Commercial Association in their letter to the Honorable Court dated 1st March 1848 a Copy of which was received with the Revenue Despatch No. 8 of that year, that "had the same amount of encouragement been afforded in Coimbatore as in Dharwar, far greater quantities would ere this have been produced". He observes that the Honorable Court and the Madras Government have on all occasions done whatever was pointed out or asked to advance the object in view, and is of opinion that the Merchants of Manchester must blame themselves for any inadequacy

Revenue Despatch No. 8 of 1848.

of

of the future supply unless they come forward, as has been repeatedly urged on them and apply their own agents and capital to the task in which Government have set them an example and pointed out according to their own shewing so easy a course.

18. Since the date of the Dis-patch now finally disposed of, the Honor-able Court have shipped a large supply of Cotton seed and Cottage Saw Gins, and have furnished besides a report from Dr. Royle on the Gins and Memorandum from Mr. Petrie as to the setting and best mode of working them, all which have been order-ed to be furnished to the Coimbatore Cotton Farms. Dr. Royle's Report has also been printed at the Fort St. George Gazette Press for distribution to the revenue Officers in the Provinces and 75 of the 80 Copies so struck off will now be transmitted to the Board of Revenue for that purpose, together with the Honorable Court's Despatches

Cons: 14th Nov. 1848 No. 82

Do. 15th — " — " — " 1468

10 Casks containing 30 bushels of Sea Island Cotton seed.
12 Cases each containing two Cottage Saw Gins.

Despatches Nos. 2 and 3 of 1849 dated 7th and 14th March, as well as the orders of Government dated 28th April 1849 No. 431.

19. A Copy of the Honorable Court's Despatch of the 4th July 1848 and of these resolutions will be furnished to Dr. Wight for his information and guidance, and a Copy will also be sent to the Board of Revenue in view to their communicat-ing the same to the Collectors of Coimbatore and Tinnevelly and through the latter Officer to Mr. Finnie.—

20. The Board of Revenue will understand that notwithstanding the orders now issued for the discontinuance of the expensive Cotton farming experi-ments and Mercantile operations in the Coimbatore and Tinnevelly Districts, it is still the desire of Government in pursuance of the Resolution of the 5th December 1848 No. 1342 that the local Officers should continue steadily to give

Cons: 5th Dec. 1848 No. 25 @ 28

give their attention to the extension and improvement of the indigenous Cotton and to all the points indicated in that resolution.

21. The attention of the Board will also be requested to the observations and suggestions offered by the Honorable Court in the despatches now communicated to them in order that with reference to the Resolution of the 5th December 1848 No. 1342, they will communicate such portions to the Officers in the Provinces and issue such further instructions as they may deem useful for keeping up an interest in the object in view.

No. 1163 Courts letter.

Extract

No. 4.

Extract from the Minutes of Consultation under date the 28th April, 1849 - No. 231.

The Right Honorable the Governor in Council proceeds to pass Orders on the letter in this Department from the Honorable the Court of Directors, Dated 7th March, 1849. No. 2.

Resolved that the Bill of Lading received with this Despatch be transmitted to the Marine Board with a request that they will on the arrival of the "La Belle" receive charge of the twelve cases containing Saw Gins and dispose of them according to the instructions they may receive from Dr. Wight superintendent of the Cotton Farms at Coimbatore.

2. A Copy of the Despatch and of Dr. Royles report on the Cottage Gins will be furnished to Dr. Wight and Mr. Finnie and their attention called to the suggestions and instructions of the Honorable Court communicated in paras 3 and 4. Dr. Wight will communicate with the Marine Board as to the transmission of the whole of the Saw Gins direct

direct to Coimbatore or in portions to that and such other places as he may deem advisable reporting to Government the mode in which he purposes to dispose of them under the views expressed by the Honorable Court.

3 Resolved that 80 Copies of Dr. Royles report be struck off at the Fort St. George Gazettee Press for distribution to the Revenue Officers in the Provinces.

Secretary to Government.

No 5.

J. C. Melvill Esqre.

Secretary to the Court of Directors

of the East India Company.

Sir,

In conformity to the instructions intimated in the letter of ~~~~ the 21st September from Mr. Dickinson to ~~ to the Vice President of the Commercial Association of Manchester I proceeded last week to that Town and attended the Public Meeting held in the Town Hall on the 28th September at which the Cottage Gins for cleaning Cotton were

were submitted to trial I subsequently made private examinations of the structure and working of these machines - Before descreding these I may state that I found the greatest anxiety continuing to prevail respecting the great importance of a supply of Cotton being obtained from more than one country and also that India should supply a larger proportion of the kinds from American seed than she had hitherto done -

Suitable as is the Saw Gin for the cleaning of American Cotton it is often stated to be unfit for that which is the indigenous growth of India - But what is true of an instrument in one state ceases to be so when it has been modified and improved. This is the case with the Saw Gin as applicable to the cleaning of India Cotton - For the Government experiments in cleaning the Native Cotton with the slightly modified Saw Gin, at Coimbatore, Dharwar, Broach, and in Hundeish, have proved its perfect feasibility and this as judged of by Native Cotton - cleaned by the Saw Gin selling at a higher price than that cleaned by the Churka; and also by the opinions of manufacturers who have

have purchased and used the Cotton - But the Seed Cotton requires to be picked clean before being ginned otherwise the dried leaf bracts &c become ground up into fragments and these stick to the Cotton in every subsequent process of its manufactures. It is unnecessary also to dilate on the objections which have been made to the Saw Gin when worked by hand as ineffective and escpensive; for these objections apply to the imperfect instrument moved by cog wheels originally sent from this Country - When bands and a fly wheel were applied in India to work the instrument it was found to be so greatly improved as to be both easily and profitably worked - It may be sufficient to state that the Commercial Association of Manchester who in their President's letter of the 5th February 1847 to the Chairman of the Court of Directors of the East India Company and writing of Saw Gins, "advise" that none of these machines should be Hand "Gins" is the very body which has caused these Cottage Gins to be prepared as most suitable to the growers of Cotton, and especially of American Cotton

Cotton of India.

In April last I was applied to by the Secretary of the above Association to know whether they could be favored with a loan from the India House of a Saw Gin as they wished to construct a smaller one for the use of the Natives of India - As no Saw Gin had been retained either of those brought from America or of those made here I sent as intimated to you at the time a model of the Saw Gin which had been made by Mr. Frost the Engineer now employed in the District of Dharwar. I also recommended the Association to consult Mr. Petrie the Engineer who had then lately returned from Coimbatore as one well acquainted with the practical working of the Saw Gin and who would be able to direct attention to such points as would ensure the efficient working of the instrument Mr. Petrie was sent for by the Association in the month of July when he "carefully "examined and subjected to trial the two "small Gins fitted up under the auspices of "the Association for Cottage use in India."

The first trials were not very satisfactory from a wrong construction of the

the bars which impeded the free action of the Cotton roll and a deficiency of curve in the bars which made the machine work unsteadily. He suggested the construction of new and stronger bars and with more curve than the first ones or than those of the model - After these alterations he found the working of the Gins highly satisfactory and reported most favorably of the success which attended the final experiments.

The Association have had altogether 4 of the Cottage Gins constructed each containing only 4 Saws each, differing from the other either in the material used in their construction or in the mode by which motion is communicated to the saws and brushes - Each Gin contains only 4 saws of the kind which Mr Petrie had after careful experiment found most useful when in India -

No 1 a Saw Gin of 4 Saws constructed chiefly of wood and moved by bands & wheels -
" 2 Do. of iron and similarly moved -
" 3 Do. Do. and moved by cog wheels -
" 4 Do. Do. and moved by pinion and wheel -

All are nearly equally efficient the wooden one less so than the others probably from

from the greater amount of friction. But I know not why if the internal works are the same it should not be as efficient as the others especially if iron rollers were used instead of wooden ones for the bands to pass round - It is very likely to come extensively into use in India from the facility with which it might be made there with wood seasoned to the climate - The machines worked by cog wheels and by the pinion and which are not I conceive on this very account so well suited to India, and do not offer any greater advantages than No 2, which is constructed chiefly of iron and moved by a band passing round three small wheels - This instrument from its small and compact size, little weight, the ease with which it is so efficiently worked and its comparative low price (about £3) is well suited to fix the attention of the Native Cultivator who is readily frightened by the sight of a large and expensive instrument which in addition to extensive premises, necessitates the employment either of many men or cattle to put it in motion -

The Cottage Gin under consideration is

is only 33 inches in length and 27 inches in height with a breadth of 6½ inches, but of 16 inches, if including the handles. It may be worked by a single man or boy in a room or temporary shed which is not more than 12 feet long by 6 feet broad. A feeding basket which holds about four pounds of Seed Cotton has been lightly fixed on the left hand side so that the same person may both work and feed the Gin, and he would have occasional relief from his labour when replenishing the basket.

Mr. Jamieson the Mechanical Engineer employed by the Association has made several improvements in each of the four machines. This improvements will of course be incorporated in any future instruments which he may have to make. Thus besides the greater curves of the grates he has made these of steel at the points where they might come in contact with the saws.

These saws may each and all be taken off and again replaced with great ease by almost any one, so also the brushes being fixed by screws, may readily be

be taken off and again replaced if they should require repair &c. The saws can also be readily adjusted by a horizontal motion, if they should by any chance be out of trim. The drawing board has also an adjusting screw by which it may be tightened or slackened as the case may require.

To appreciate the advantages of the Cottage Gin it is necessary to allude to the means at present adopted in India for cleaning Cotton. These are the Churka and Foot roller. The latter is employed only in the S. Mahratta Country. Of the Churka which is a superior instrument there are several varieties. The Madras Churka and the Guzerat Churka as well as the foot roller are all represented in the papers published by the Court in 1836 relating to the production of Cotton wool in India. In conformity to the American practice large 60 Saw Gins, moved by horse or cattle power, were established in India, at Agra, at Broach, and at Coimbatore. The machines at the two latter places are still at work with bullocks. But it was early ascertained in the S. Mahratta

Country

Country that Smaller Gins as for instance with from 18 to 25 saws made at an expense of from Rupees 150 to 200 in India worked by two parties of 5 men relieving each other alternately were much better suited in India. Mr Petrie in estimating the value of the Cottage Gin considered it sufficient to compare its working with the hand Gin and the Churka as in the following Table.

	Quantity cleaned per man per hour -	Price of cleaning per Candy of 500 lbs	Cost of machinery on every Bale.
Hand Gin	1,071 pounds	Rs. 3 - 14 -	3⅕ pence
Cottage Gin	137 Do	" 3 4 -	3⅕ Do
Churka	3 Do	" 5 " -	½ penny

Subsequent to Mr Petrie's examination of the two Cottage Gins which had then been made, considerable improvements have been effected in their construction by Mr Jamieson, so that a greater quantity of work could be done with no greater expenditure of labor. All the four machines were set to work at the Public Meeting and each cleaned 4 lbs of Seed Cotton in

in from 12 to 15 minutes. The Spinners and Manufactures who were present seemed well satisfied with the working of the machines as well as with the manner in which the Cotton had been cleaned.

The experiments in public having been made in the midst of some confusion, I expressed a wish to have them repeated in private with the two machines which I thought were upon the whole best suited to India. This was readily complied with and the experiments were carefully repeated in my presence accompanied by Mr Turner, Mr Fleming, and Mr James Lees, who has taken the most active part in the getting up of these Cottage Gins. I was happy to find that the working of both machines was even more satisfactory than had been reported by Mr Petrie. Here I may observe that though the Gins were placed on their cases to allow the laborers to work them standing - the Natives would probably prefer to work them sitting on the ground -

2 Iron —"— 4 —"— 12 —"— "— Do	Do	

that is 31 per cent of cleaned cotton was obtained from both instruments, the wooden one cleaning at the rate of 17 lbs an hour, and the iron one 20 lbs an hour, though Mr Petrie found the original machine yielding only at the rate of — 1,371 pounds an hour. All these experiments were made with American Seed Cotton which the Commercial Association had caused — to be imported as they are themselves — most anxious for the extended cultivation of American Cotton in India. But Mr Burn the brother of Dr Burn late Superintendent of Cotton culture in Broach and who had himself been employed in superintending the Cotton cleaning machines in that district fortunately visited Manchester for the express purpose of seeing the Cottage

DF

Gins

Gins at work, and brought with him some Kupas or Seed Cotton from Broach. This he tried in the above iron Gin No 2 or that in which the American Cotton had already been cleaned and found it well suited for cleaning the Native Cotton, though from the small quantity of Kupas, the proportion of work done could not be so easily determined. The only defect which I could perceive with either kind of Cotton was that the seeds were not so perfectly cleaned as with the Churka. This has also been found to be the case in India when Cotton seed cleaned by the Churka yields about 25 per cent of Cotton while the same Cotton seed if cleaned by the Saw Gin would hardly yield 22 per cent of clean wool. But this advantage in favor of the Churka is rather apparent than real, for much of what is separated, consists of short wool, leaf, sand and other hashe which is got rid of in the willowing process of the Factory, as well as by the American Thrasher as now employed in Coimbatore and Tinnevelly as this according to Dr Wight "removes from 2½ to 3 per cent of hash from even very clean

Fort St. George 25th June 1849.-

clean samples of Char Raed Cotton. That the Cottage Gins are very effective instru=ments is evident from their separating 31 per cent of clean Cotton from the seed, but these were somewhat lighter than if they had been quite fresh. But on the other hand as the seeds were somewhat shrunken from dryness, the saws e probably acted less equally and therefore less effectually upon them, than if they had been in a fresh and plump state.-

Having shown the efficiency as well as easy working of these Cottage Gins, it is desirable to enquire whether they are suited to the Natives of India. In the first place these instruments like the Original Saw Gin are especially fitted for the cleaning of American Seed Cotton, which is not so easily cleaned by the Indian Charka. American Cotton is not only the most in request at Manchester but it is also in favorable climates the most profitable for cultivation in India. For in addition to bringing a higher price both in the Bombay and English market, it

Fort St. George 25th June 1849.-

it will with very little extra care in the culture yield a larger quantity of Seed Cotton per acre, while this Seed Cotton yields about 9 per cent more of wool than does the Native Seed. It's cultivation however, has not spread so rapidly, except in Dharwar, as might have been expected. This is probably owing to the Natives themselves not being able to Spin it so easily as their own Cotton; while the Seed has been stated, I believe incorrectly, to be unfit for feeding their cattle. Part of the delay, however, attending the extension of this culture, appears to me to have been owing to the difficulty of cleaning the Cotton when grown. As Seed Cotton is a marketable article only to a particular class the Ryot has no other resource than to sell it to the middleman on his own terms, who will allege the difficulty of cleaning and finding a market for a new produce as a reason for giving a low price for it if he should agree to buy it. The Ryot moreover, has no inducement to pick his Cotton clean; as he does not get a better price for what

to

to the middleman has little value as he systematically adulterates what he may have bought comparatively clean with the object of increasing its weight. But if the Ryot had the means within his reach of cleaning his Cotton, as fast as he picked it, he could then avail himself of the advantages of a more extensive market and be able himself to receive the higher prices, which an improved article may be expected shortly to command. The Cottage Gin is in my opinion calculated to effect this object, for its cheapness will allow of its being much more extensively distributed, while a man's own family will be able to work it. This will give the Cottage Gin a considerable advantage for a small Farmers as even the 25 Saw Gins requires the labour of 10 men to work it efficiently. Its adoption by the Natives will no doubt be facilitated in consequence of the superiority of the Saw Gin for cleaning Cotton being already known in the Collectorates of Coimbatore, Dharwar, Belgaum and

and Broach, as the Engineers and Planters sent out by the Court made up many Saw Gins which have been distributed and even bought by the Native dealers in some of the above districts.-

But as the introduction of such an instrument would in any case be slow, I would recommend that the Cottage Gin should be substituted for the money prizes which have been authorized by the Court to be given by Collectors of Districts for the extension of the culture of American Cotton. It might be given as a reward to those Ryots who have already cultivated the American Cotton to any extent and for two or three years. While to those who would engage to cultivate a certain quantity of American Cotton, to be determined by the local authorities, I would lend one of those Gins free of charge for the first year and then give it as a prize to a Ryot going on with the cultivation of three seasons. By this means a considerable number of Cottage Gins might be

be advantageously distributed in the districts of Coimbatore, Dharwar, Belgaum and Broach. Some others should be sent to the Governments of Bengal, Madras, and Bombay, as models, and for introduction into such places as more likely to adopt the culture of American Cotton. The Court would thus have an opportunity of rewarding the ingenious Mechanic for the expenditure of much time and labour on a subject in which they have always taken the greatest interest, especially as he cannot hope for many subsequent orders, Because the Engineers employed in India have taught the Natives to make Saw Gins of different sizes, which are as effective and much cheaper than those sent either from this Country or from America.

Though I have dwelt particularly on the fitness of the Cottage Gin for cleaning American Cotton, it appears it is nearly equally useful for cleaning indigeneous Cotton. when this has been clean picked and has not been allowed to hang on the bushes until both it and the seed have been dried

dried up. But I have forborne dwelling on this point of the subject, as the recent despatches from India bring intelligence of the construction at Calcutta of a machine by Mr. Mather which is intended to clean indegeneous Cotton. In this instrument the revolving brushes of the Saw Gin seem to have been attached beyond the cylinders of the Indian Churka and the mode of giving motion to these has been altered. The Machine which has been produced (costing about 60 Rupees) has been favorably reported of by Mr. Simms, the consulting Engineer to the Indian Government, while the Owners of the Cotton Mill at Fort Glosters speak well of the Cotton which it has cleaned.-

East India House, 5th October, 1848.-

From the Sec^y to Government Containing the observations of Government on the Boards Proceedings reporting on the manage=ment of the Extra Sources of Revenue in the Kurnool Province in Fusly 1257.

Fort St^e George 25^th June 1849.-

Extract from the Minutes of Consultation, under date the 6^th June, 1849 - N^o 554 -

Read the following Extract from the Proceedings of the Board of Revenue. -

Reporting on the manage=ment of the Extra Sources of Revenue in the District of Kurnool for Fusly 1257 A.D. 1847/48. (Here enter 21^st May 1849 N^o 217.)

Para 1. The demand of the year on account of the Extra branches of Revenue in Kurnool was Rupees 1,51,835- or Rupees 13,880 more than that of Fusly 1256 and each of the five items composing this Revenue contributed to this increase. The Government observe a great improvement under the head of small farms in the items of Amroyee or Topes which yielded Rupees 1577 more than in Fusly 1256. The apparently increasing value of these Plantations renders their careful preservation a matter of importance. The only other item that appears to require remark is Moturpha in which the large increase of Rupees 7,070 is exhibited. The Agent states that this

Fort St^e George 25^th June 1849.-

this result was arrived at after deliber=ate and careful Scrutiny into the condition of the parties paying Shop, House, and Handicraft tax, and lengthened investigation of abuses in the Loom and Poolary Tax. The Governor in Council sees no reason to doubt the propriety of the Agent's proceedings and observes that the amount of Settlement in Rs 61,567- : cluding the enhanced demand has been realized with the very trifling exception of Rupees 67 - 8 -. The Governor in Council presumes that Puttahs

Fort St. George 25th June 1849

Puttahs and Moochilkas are exchanged and the Settlement of Mosturpha made by the Agent in direct communication with parties called upon to pay it.-

Fusly 1256 - 2,234-
" 1257 - 2,266-

2- The charges in Fuslies 1256 & 1257 vary very slightly but notwithstanding the enhanced Settlement of the latter year the net Revenue realized within it was Rupees 8,876 less than in Fusly 1256. This is accounted for by the large balances due at the end of Fusly 1255 brought to account in Fusly 1256.-

(A true Extract

To
The President & Members
of the
Board of Revenue.

(Signed) H. C. Montgomery
Secretary to Government.

Ganjam, 15th June 1849.

E. E. Pn. / Signed / C. J. Shubrick
Pn. Assistant Collector in Charge

Ordered

Fort St. George 25th June 1849.

Order thereon.- Ordered to be recorded.

14-15

In Cons. 18th June 1849.-

Read letter from the Collector of Rajahmundry dated 21st December 1848, reporting on the Settlement of the Polavarum Estate for Fusly 1257.- 1847/48

/Here Enter No. 129/

16

Proceedings thereon.- conveying to the Collector of Rajahmundry observations on the Settlement of the Polavaram Estate for Fusly 1257.-

Para 1.- The Polavarum Mootah consisting of 16 Villages enjoyed a good season, but there was a fall in the price of produce, though not to a considerable extent.- The Villages were settled as heretofore, eleven being rented, 1/2 given on fixed money rates and 1/2 on a division of the produce.- The result exhibits a decrease under every discription of management, of Rupees 2,312-12-3, but the chief loss was sustained in the sharing Villages the heriz of which fell short of that of the preceding Fusles by more than 30 per Cent.- The reasons assigned are the fall in price, and the failure of the Monsoon at a critical period, which caused much produce to be dried up.- With reference, however, to the general description of the season, to the absence of all claim for remission from the Veesabady Villages, and to the

Report Para 2. Sub Collector's Report Para 14.-

Fort St. George 25th June 1849.-

trifling decrease both in these and the rented Villages, this explanation does not appear satisfactory, and is the more remarkable from the greater precautions taken for ascertaining the produce by the entertainment of additional Servants.- Owing to this circumstance the charges exceeded the amount sanctioned by the Court in the sum of Rupees 169-9-7, of which Rupees 161-9-7 were for Extra Gomastahs and Peons alone, the remaining 8 Rupees being on account of stationery for the Minor.- No particulars of the additional Sibbendy, are given, which should always be done in the case of such excesses.-

2. The Dairy lands were also settled on share, and at comparatively small loss, and that not arising so much from the season, as from the charges being debited to the

Sub Collector's Report Paras 12-13.-

Fort St. George 25th June 1849.

the Estate, instead of being defrayed, as in Fusly 1256, by the Minor's Mother.

3. The whole Demand as finally settled, was recovered without difficulty.

4. The Court regret to observe that the Minor's education is not progressing satisfactorily, and trust that Mr. Prendergast's efforts for greater attention to his studies will induce a change. On the success of the measures now adopted will, in a great manner, depend not only the Zemindar's future prosperity in life; but also the welfare of the people entrusted to his charge.

Read

Fort St. George 25th June 1849

Read the following letter.

To J. S. Piperoft Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

(17)

From the Collr of Rajahmundry

Sir,

I have the honor to submit a Statement of five Estates attached for arrears of Revenue according to the form which accompanied the Deputy Secretary's letter under date the 28th March 1830, and to request you will be pleased to obtain the sanction of the Board of Revenue for the Establishments proposed.—

Rajahmundry District,
Cocanada, 13th June, 1849.

Signed J. Prendergast
Collector.

Signed J. Prendergast
Collector & Jhe

9421 Fort St. George 25th June 1849.

Resolution thereon. The Board of Revenue sanction
17-18 the employment of the several Establishments
exhibited in the statement which accompanies
the foregoing letter at an aggregate Charge
of Rupees 40 per Mensem for the Management
of the Estates in Rajahmundry attached for
arrears of Revenue for the Current Fasly.

To J. Byerott Esqre
Secretary to the
Board of Revenue
Fort St. George.

19
From the Collector
of Rajahmundry.

Sir

With reference to the 2d
Para of your letter of the 21st February 1848
I have the honor to annex an Indent
for the Mercals required for
measuring salt at the Colaurs of
Pattapore and Mogultore
and to request that they may
be sent to this Office at your
earliest convenience.

Rajahmundry,
Cocanada,
17th June, 1849.

Signed J. Prendergast
Collector
Indent

9422 Fort St. George 25th June 1849.

Indent for the Mercals required
for the Measurement of Salt at the
Colaurs in the District of Rajah-
mundry.

20 Mercals to Pittapore
5 Do. to Mogultore
25

Signed J. Prendergast
Collector

19-20
Proceedings thereon. The Collector is request-
ed to state whether he would be able
to have the Salt Mercals now applied
for by him, made up in his district,
if so, he will be pleased to submit an
Estimate of their cost. It is observed
that a Standard Mercal was forwarded
to Rajahmundry by Colonel
De Havilland in 1820, according
to which the new Mercals should
be made up; but if the
Standard is not forthcoming
a new one will be furnished
to Mr. Prendergast from this
Office.

To, S. Pycroft Esqre.
Secretary to the
Board of Revenue,
Fort St. George -

23

From the Collector of North Arcot - } Sir,

In the Month of April last the Village of Arimbarathy in the Saramattam

Salook was almost totally burnt down, twenty three houses having been destroyed out of thirty, together with considerable quantities of grain, the seed for the comming Fusly, and other property to the value of 2800 Rupees according to the statements of the parties, though this is no doubt a large exaggeration. The sufferers have made application for some help in the shape of an advance from Government to aid them in purchasing seed and rebuilding their houses, offering to repay the advances in two years - Considering this to be a peculiar and exceptional case I beg to recommend this request to the favourable consideration of the Board. The sum required as ascertained by enquiry is 200 Rupees Viz. Rupees 121 towards rebuilding the houses, and Rupees 79 towards the purchase of seed, and as the case was pressing I have ventured to advance the money in anticipation

of the orders of the Board. The money is advanced on security and is to be replaced in four equal instalments in February and June of Fusly 1259 and the same months of Fusly 1260.

North Arcot
Collectors Cutcherry
Chittoor
13th June, 1849.

Signed J. D. Bourdillon
Collector.

Proceedings thereon

Ordered that the foregoing letter be submitted to Government in reference to Para 5 Extract Minutes of Consultation dated 27th July 1864, No. 749.

23.24

2. Under the circumstances represented by the Collector the Board of Revenue beg to recommend that the advance Rupees 200 which he has made for the relief of the parties whose houses were destroyed may be sanctioned.

Rec'd 9550

From the Collector of South Arcot ----
Reporting on the settlement of the Land Revenue of his District for Fusly 1257 1847/48.

Sir,

Para 1. Having already reported on the Extra Sources of Revenue, I have now the honor to submit my report upon the result of the Land Revenue settlement of this District for the expired Fusly 1257 A.D. 1847/48 accompanied by the customary detailed Statements enumerated in the list.

State of season

2. In addition to the information contained in the Demand Collection and Balance Statements furnished monthly to the Board relative to the various effects of the past season. I beg to add some further observations on that subject.

3. In June 1847 when generally the early dry grain (Cumboo) cultivation was in progress, the rain in some parts of the District was rather scanty, which restricted the cultivation to a certain extent; but a change in the weather the following month proved generally beneficial to the crops which were

were suffering for the want of rain in the preceding months. In August, there was a partial fall of rain which, though considered to be insufficient especially in the northern parts of the District was enough however to commence the wet cultivation and the middle dry crops. From the beginning of September to the latter end of October the periodical rains having been similarly limited, fear was entertained regarding the crops wet and dry, but this was happily removed by the setting in of the North East monsoon with unusual vigour, and the consequence was, that an abundant supply of water not only caused the breaching of some tanks in the Tinnevanum Taluks, but damaged the crops in several places. Although no rain fell in the month of November, its absence was not at all felt, as the rising crops had already received a plentiful supply. The rain in December was to the extent required for bringing to maturity both wet and dry grain, and its disappearance throughout January and February affected the later

later dry crops as well as the cultivation of Indigo, the staple commodity of this District.

4. The Freshes in the Coleroon and Vennaur rivers were steady and regular in their seasons without causing any particular injury to the works of irrigation which are attached to the former, but this was not the case with the Guddelum, the water in which having come down at the end of October proved to be out of season for wet cultivation in the Trivady Taluk.

5. On the whole, the season as far as it concerned the cultivation, was generally favorable, and from this, as well as from the high price of grain during the two last seasons, the cultivators were encouraged to extend their cultivation to the utmost extent of their means in all parts where they expected to realize any benefit: accordingly the result proved extremely advantageous to the state as hereunder shewn.

Produce. 6. In ryotwarry tenures the variations in the prices have no concern with the revenues of the state, but as the Board

Board and Government have always wished to be informed how far the interest of the ryot is affected by the changes in price or produce, I beg to state that the early Cumboo Crop did not turn out rich. Thus: rages the middle dry crop, which was cultivated about the same time with white paddy, suffered injury from excessive rain. Not so the white paddy which afforded a rich harvest except in such parts where it had been damaged by inundations.

Prices

7. The marginal Statements will shew that the price of the principal sorts of grain fell much below the three preceding Fuslies, and on reference to the monthly price current lists it will be seen that the price of Vurragoo and white paddy fell considerably

	Average price of Fusly 1254.	Average price of Fusly 1255.	Average price of Fusly 1256.	Average price of Fusly 1257.	Average price of the latter half of Fusly 1257.
	Cht. a f	Cht. a f	Cht. a f	Cht. a f	Cht. a f.
Cumboo or early dry Crop per Garce	106 " "	145 15 7	151 13 1	109 15 5	101 2 9
Vurragoo Middle Vcra. Vcra. Vcra.	70 " "	88 15 8	106 1 5	60 8 1	42 9 9
White Paddy Vcra.	84 5 8	114 5 6	174 1 8	89 7 7	71 9 2
Indigo per Candy	507 8 "	420 " "	404 4 "	345 15 2	327 1 14

considerably during the latter half of the year, that being the reaping season, and also when the heavy Kists become due this led to hardship as the ryots could not find a ready market for the disposal of their products and consequently failed in the punctual discharge of their Kists.

8. The Cultivators bitterly complain of the want of a proper market for the disposal of their products, and it is a known fact that in times of plenty, the merchants and consumers are not of necessity bound to supply themselves with the required stock for any considerable length of time. In my letter explaining the cause of the large arrears standing uncollected at the close of the Fusly, I have shewn that the two principal resources upon which the district mainly depended viz.ts the trade in Indigo (in which alone means to the extent of 5 or 6 lacs of Rupees were annually procured by the ryots heretofore, and which in some measure compensated them for losses occasioned under adverse circumstances) and the Cotton piece

* J. Board 15th Nov.r 1848.

piece goods trade, having suffered materially from depression of prices and the late unprecedented mercantile failures, the influx of specie was greatly reduced. All these untoward circumstances taken into consideration go far to establish the fact that the general complaint made by the cultivating community is not altogether unfounded.

Indigo Produce.

9. On looking over the Statement* compiled from the returns furnished by the local Officers, it appears that 30,792 Cawnies of land were cultivated with Indigo plants shewing a considerable decrease above the preceding year of Cawnies 27,172 which must be ascribed to the unfavorableness of the season and the discouragement experienced from the uncommon low price obtained for this article. The planters have also taken a disgust at these sad results.

*To 31st Augt 1848.

Fusly	Cawnies
1256	57,964
1257	30,792
Decrease	27,172

10. Of the above extent of cultivation it appears that 1,41,153 Cullums of dry leaves were reaped on 29,511 Cawnies of land which on an average will produce 4 3/4 Cullums per Cawny, this at the rate of 800 Cullums per Candy will only give 176 Candies. I therefore presume that the

the above average is far from an accurate estimate.

11. The Government expressed a desire that steps might be taken to ascertain the exact quantity, but as well the lands in this District are let on money assessment, the crops are confined exclusively to the growers. it is therefore difficult to obtain an accurate return of this produce.

12. It is hopeless to attempt to obtain any authentic return by means of the Village officers, but since the Board have called for a special report on the subject from the Provinces with reference thereto, they may, if they desire it, be able to form a general return of the average produce per Cawny after making due allowance for as variations of the season. and in reference to such standard average the nearest estimated quantity of Indigo manufactured might be easily calculated.

13. The District has not suffered from the Cholera or any other epidemic disease during the year, and here it may not be out of place to add that measures have

have been adopted in communication with the Civil Surgeon for more effectually extending the benefits of the Vaccine institution throughout the District as repeatedly urged by the Government.

111- These being the introductory remarks connected with the District, I shall next advert to its more important features the financial results as more particularly relating to the cultivation of the several descriptions of land.

15- The Punjah cultivation in the Ayen Talooks as also in the Amany portion of the resumed Jaghire of Tantarpaarum

Ain.	Cawnies.	Seeruas.			
1257	3,45,352	6¼	12,57,451	11	4
1256	3,46,727	8¼	12,57,252	9	8
Decrease	1,375	2	4,800	14	4
Jaghire					
1257	11,767	11½	43,955	2	"
1256	11,054	13½	41,741	6	11
Increase	212	14	2,213	11	1
Total					
1257	3,56,870	13/4	12,96,406	13	4
1256	3,57,782	5¾	12,98,994	"	7
Decrease	962	4	2,587	3	3

amounted to Cawnies 3,56,870. 1¾ aseesable ab. Rupees 12,96,406— 13— 4- exhibiting on comparison with Fusly 1256 a net decrease of Cawnies 962-4 or Rupees 2,587-3-3- On reference to the account Particular No. in A it will be found that the gross decrease of lands in

in 9 Talooks including the Jaghire amounted to Cawnies 6,940- 11½ or Rupees 28,039-3-7- This was reduced by an increase derived from the Talooks of Cullacoorchy and Virdachelum Vca. to Cawnies 967-4- or Rupees 2,587-3-3 as stated above- The variations in all the ea Talooks except the two named above, not being permanent, any remarks on the decreased cultivation appears unnecessary- On examining the Punjah cultivation in the Talooks of Cullacoorchy since Fusly 1231 it will be seen that up to Fusly 1255 the extent of cultivation did not exceed 18000 Cawnies a year except in 1232, when it rose to 20,206, but during the last two years it has greatly increased as exhibited in the margin- Again in Virdachelum a similar retrospective view shews that the same cultivation never exceeded 44,440- Cawnies, while in the Settlement of the two last Fuslies a considerable advance is noticed- The favorable results as regards these two Talooks may be said to have emanated from the temptations offered by the high prices of grain in

Fusly-	Cawnies
1256 —	22,976-
1257 —	26,349

in Fusly 1250-

	Cawnies.
1256 —	51,279
1257 —	53,273-

in Fuslies 1755 and 1756 in addition to the fact that the ryots found a ready market at home without the necessity of transporting their produce to distant parts.

16. From the extreme hardship felt by the ryots of the other Talooks the Revenue Officers had some difficulty in bringing up the collections regularly during the Fusly and the price continuing low this year also tended to increase that difficulty. In the Margin is shewn the Teerwah per Cawney in each of the 10 Talooks where the Wooloor assessment has been introduced as well as the teerwah paid on this description of land in the other ryotwary Districts. It will be seen that the assessment paid in this District is rather heavy this fact when considered in conjunction with the failure of the Indigo trade (from which alone a very large portion

A Colm. 131.

	Average Punjah Teerwah per Cawney Rs.	As.	P.

portion of revenue is paid regularly) and the low price of grain, I am induced again to request the Board will be pleased to consider my proposition for reducing the assessment.

17. The cultivation of wet land in the Agen and Aumany portion of the resumed Jaghire Talooks for Fusly 1757 amounted to Cawnies 1,27,746 - 5 3/4 yielding

	Cawnies		Rs.	As.	a teerwah of Rupees
1757	1,27,746	— 5 3/4	1,24,7,181	8-5	1,24,7,181-3-5 exclusive
1756	1,19,863	— 12	11,83,286	15-6	of 39-2¼ or Rupees
Increase	7,887	— 9¾	63,894	3-11	479-2-3 teerwah

struck off the accounts after strict enquiry in consequence of the young crops having been entirely destroyed and the greater portion of the lands rendered utterly unfit for immediate cultivation and repair by the breaching of Tanks and consequent inundations. The same in the preceding Fusly 1756 having been 1,19,863 - 12 or Rupees 11,83,286. 15-6. exhibits a nett increase in favor of the year under review, of Cawnies 7,882-9¾ or in Rupees 63,894 - 3 - 4. In Fusly 1756 the nett cultivation having been 25 per Cent.

Fort St. George 25th June 1849.

cent higher than in the preceding year, a further increase as above stated would seem to be a satisfactory out-turn and as much as could be expected. This increase might not have occurred had the cultivators anticipated the great fall in the prices as experience has since shewn. This too, on being compared with the wet cultivation in the Ayen Talooks since Fusly 1231 it will be seen that the highest amount of cultivation was obtained in Fusly 1249 & 1256 to which a further advance to the extent above noticed was obtained solely from the causes already assigned.

N.2 in A

In the remarks to the Account Particular some brief reasons are given for the variation it will be seen that the gross increase in certain Talooks amounted to Rupees 94,631-12-a deducting from this amount the decrease 30,737-8-1 in the remaining Talooks leaves a net increase of Rupees 63,894-3-11 as above mentioned.

18. The cultivation of the southern Talooks under the valuable works of irrigation connected with the Coleroon river will be seen no reference

D.G.

Fort St. George 25th June 1849.

+ N.3 in A

to the account Particular. As therein shewn the Board will observe that the wet cultivation for the expired Fusly exceeded that of the first eight years falling short only of that of 1256 in Cawnies 1125 or Rupees 10,808. The details shew also that this decrease occurred in small portions in several villages and as they are only of a temporary nature no remark seems called for.—

	Cawnies	Rupees
1256	26,452-	or 2,69,321-
1257	25,327-	or 2,58,513-

19. In the Bagayet or Garden cultivation of Fusly 1257 there has been a net decrease of Cawnies 152-7¼ or Rupees 2,892-9-4-

	Cawnies	Rs. A. P.
1256	1,513-4¾-	26,370-9-7-
1257	1360-13½	23,478-a 3-
Decrease	152-7¼	2,892-9-4-

no explanation can be given for this small falling off as it was simultaneous consisting of small pieces of land in many Villages.

20. The total amount of the land actually brought to Jumma was Cawnies 4,85,927-5¼ bearing an assessment of Rupees 25,67,066-1-a inclusive of Kuperteerwah Rupees 12,907-14-1 levied on Manavary Nunjah lands of the 5th Class villages in the two Southern Talooks as per orders of the Board.—

+ 18th October 1838.

21. Of the above sum Rupees 25,57,043-5-2 were

cent higher than in the preceding year, a further increase as above stated would seem to be a satisfactory out-turn and as much as could be expected. This increase might not have occurred had the cultivators anticipated the great fall in the prices as experience has since shewn. This too, on being compared with the wet cultivation in the Ayen Talooks since Fusly 1231 it will be seen that the highest amount of cultivation was obtained in Fusly 1249 & 1256 to which a further advance to the extent above noticed was obtained solely from the causes already assigned.

N.2 in A

In the remarks to the Account Particular some brief reasons are given for the variations it will be seen that the gross increase in certain Talooks amounted to Rupees 9,631-12-1 deducting from this amount the decrease 30,737-8-1 in the remaining Talooks leaves a net increase of Rupees 6,394-3-11 as above mentioned.

18. The cultivation of the 2 southern Talooks under the valuable works of irrigation connected with the Coleroon river will be seen no reference

+ N.3 in A

to the account Particular+ As therein shewn the Board will observe that the wet cultivation for the expired Fusly exceeded that of the first eight years falling short only of that of 1256 in Cawnies 1125 or Rupees 10,808. The details shew also that this decrease occurred in small portions in several villages and as they are only of a temporary nature no remark seems called for.—

	Cawnies	Rupees

1257 2,490,746-8-8
1256 2,437,544-2-11
Increase 53,202-5-9

Fort St. George 25th June 1849.

in excess of the Demand of the preceding Fusly 1256- in which year the Beriz having been higher than in the previous 40 years this favorable result it is hoped will be considered satisfactory.—

24. Of the total net demand

Within the year	21,78013-15-4
Subsequently—	2,89709-8-7
Total—	24,67721-7-7

Rupees 24,90,746-8-8 a sum of Rupees 24,67,721-7-7 having been collected within and subsequent to the Fusly left a balance on the 1st Instant of Rupees +23,025-1-1- to be collected in the several Talooks named in the accompanying account Particular with explanatory remarks- Of this sum Rupees 2,181-6-5. will be adjusted on the receipt of the sanction of Government for the purchase of the Nullatore Estate as reported in my letter.—

+ To Board's 6th Dec. 1848.

25. I beg to notice here that the fall in the price combined with the failure of the Indigo trade has greatly retarded the Collections, but as it is, the result is far beyond all expection, and such of the remainder as may yet be recovered, will be collected gradually as explained in the Statement.—

26 I shall now proceed to notice that the arrear of land revenue at the commencement of Fusly 1257- was Rupees 1,31,807-15-4

of

Fort St. George 25th June 1849.

of which a sum of Rupees 1,03,433-13-2 having been recovered during the year reduced the same to Rupees 28,374-1-10- A portion of this amount Viz.th Rupees 1,304-14-2- appertains to the Fuslies previous to 1250, the necessary adjustment will be made as soon as the Boards orders are known on my report thereon dated 26th August 1848. the remainder or Rupees +27,069-3-8 is due from Fusly 1250 to 1256- If it be asked why this arrear has been allowed to stand over, I must only say that the fear of its intrenching on the present collections has been the cause of the delay and I have elsewhere shewn that great difficulty was experienced in bringing up the same As however a portion of this arrear seems to be recoverable, a Minute enquiry shall be made, when also such sums as may be considered hopeless shall be recommended to be remitted.—

+ Since reduced on the 1st Instant to Rupees 26668-13-1

27. A brief statement is annexed shewing the settlement of every branch of revenue for Fusly 1257. the Collections both within and subsequent to the Fusly and the arrear still remaining due on account of the above demand amounting to Rupees 2,5,630-4-8-

To

9444

Fort St. George 25th June 1849.

To submit the Revenue Chapter of Report on State Cultivation, &c. &c. of Coimbatore for 1257 Fasly.

The Collections under each head are also given under Revenue, which has also been recovered.—

The settlement of the first two Taluks named in the Margin was concluded by me and the last three by my Acting Head Assistant Mr. O'Donnell under whom accounts, every month and annually are kept.

The Collections under each head are entered and settled on the 30th

On conclusion I beg to submit a copy of the Acting Collector's Report on the settlement of the 4 Taluks under his charge and with it Accounts, Statements, Plans briefly reviewing the steady and patient manner in which that Officer has conducted the business relating to this division, giving general satisfaction to the Ryots and meeting my wishes in every respect.

Mr. Wood has also given me every assistance in connection with my several visits to the Taluks and I consider him to be an active Officer

9444 Fort St. George 25th June 1849.

No. 28.

To submit the Accounts and Returns of Sayers on their Collectorships, as shown at Page 30 of the Report of the Board of Revenue, noticed last above.

Read, recorded, and ordered that the Accounts be transmitted to the Board of Revenue.

No. 29.

The Settlement of the Fort St. George Collectorship was laid before the Board, and ordered to be recorded in the Proceedings.

No. 30.

On Consideration of the Letter from the Collector of Salem, dated 18th instant, reporting the Death of Mr. Donnell, and requesting Instructions for the Disposal of his Effects, and for the Appointment of a Person to succeed him in the Charge of the Collectorship, it is Ordered that Mr. Commissioner Pelham proceed forthwith to the Station, and take Charge of the Effects of the deceased, and that Mr. Commissioner Greenhill do officiate as Collector of Salem, until the Pleasure of Government shall be known.

Ordered that the Secretary do write to the Collector of Salem, informing him of the Appointment of Mr. Commissioner Pelham to officiate as Collector of Salem, and directing him to make over to that Gentleman the Charge of the Collectorship, and all the Effects of the deceased.

Ordered that the Secretary do write to the Collector of Salem, informing him of the Appointment of Mr. Commissioner Greenhill

Fort St. George 25th June 1849.

Officer fully entitled to early promotion.-

31. The merits of Mr. McDowell my Acting Head Assistant cannot pass unnoticed - Although only a short time in the District he has, by diligence and assiduity acquired a perfect knowledge of the routine of the system, performing the revenue and Police duties in the Two Talooks committed to his charge, settling them and the Talook of Chittpet on the same principles observed by me, I hope further derived considerable assistance from the manner in which he has performed any other duty assigned him - My Assistants Messrs. Roberts and Pauncefote have performed the various duties assigned them in the Petition and Police Departments to my entire satisfaction.—

Trinamallie Tricallore -

32. The Zeal, energy, and ability, of my Head Sheristadar Runga Charloo have frequently been brought to the notice of the Board and are too well known to some of its Members - I have only to bear testimony to his continuing to display these good qualities.

His

Fort St. George 25th June 1849.

His affability of manners coupled with a sense of doing justice has earned for him the confidence and support of his superiors and the good will and esteem of the people generally.-

33 Deague Moodelly my own Nail Sheristadar has also rendered himself praiseworthy by his continued diligence in the business relating to his Department.-

To,

9545 Fort St. George 25th June 1849.-

To,

W. D. Davis Esqre

Collector of

South Arcot-

Sir,

+
A. Summah
Sundy Statement
B. Abstract Ds
C. Comparative Ds
D. Sewoy Summah
E. Exctra Collections.

1- I have the honor to forward the Statement noted in the Margin + relative to the Settlement for Fusly 1257 of the four Talooks under my charge Vizt. Viridachellum Bowngherry Ellavanasore and Cullacoorchy-

2- The land Revenue of the preceding fusly 1256 amounted to Cowries 16,8907-10/8 or Rupees 889838-8-9 which after deducting Rupees 4943-6-3 as the amount of three Reholuts Vizt. Manavary remission to the Ryots for drawing water by means of Picottahs and Poligars Pannium or half teerwah left the sum of Rupees 884895-2-6 as the Beriz of that Fusly-

3- The land Revenue including Poonjah Nunjah and Totacal in the Fusly under report 1257 amounts to Cowries 175041-2 3/8 or Rupees 919857-5-11 from which after deducting Rupees 5146-4-5 on account of Reholuts &ca as above stated leaves the sum of Rupees 914711-1-6 as the Beriz of present Fusly-the net increase therefore in the Land Revenue for the present as compared with the preceding Fusly is Cowries 6133-8/4 or Rupees 29815-15-- as particularized in the annexed Statement.

4- The following Memorandum exchibits the particulars of increase and decrease in each Talook-

Bowngherry,

The

Fort St. George 25th June 1849.—

5— The total amount of Land & Revenue for Fusly 1256, as per Comparative Statement C amounted to Rupees 8,40,671-7-8—and that of Fusly 1257 to Rupees 8,67,794-5-11- exhibiting a Net increase of Rupees 27,122-14-3. This increase is to be attributed chiefly to the greater quantity of land brought into Cultivation during the present Fusly 1257.—

6— The increase in the extra & Collection on account of disputed boundaries of land in Fusly 1257 of Rupees 45-9-5 as shewn in the Margin is to be attributed to a larger portion of disputed land having been cultivated in the present Fusly 1257.—

	Rs.	a.	p.
Fusly 1257—	1,467	8	9
" 1256—	1,421	15	4
Increase—	45	9	5

7— The increase in the Abkarry for fusly 1257 of Rupees 2,096—"—" is to be attributed to the higher rate at which this branch of Revenue was rented out by public auction.—

Fusly 1257—	14,660	"	"
" 1256—	12,564	"	"
Increase—	2,096	"	"

8— The increase in the Sundry Collections for Fusly 1257 of Rupees 129- is also attributable & to the higher rate of bidding at public auction.—

Fusly 1257—	650	"	7
" 1256—	521	"	7
Increase—	129	"	"

9— The increase in the proceeds of sale of Salt amounting to Rupees 4,000-7-5- is also attributable to the sale of a large quantity of Salt at Tuticorin

D.F.

Fort St. George 25th June 1849.—

Salt Pan during Fusly 1257.—

10— The following abstract Statement exhibits a net amount of increase and decrease in all the sources of Revenue above referred to.—

Abstract Statement.—

	Fusly 1256	Fusly 1257	Increase	Decrease
Land Revenue including Sayer Summah	8,42,093 7 8	8,69,261 14 8	27,168 7 8	" " "

South Arcot, Collector's Cutcherry
Cuddalore, 20th January, 1849

E. E. Fry / Signed / W. D. Davis
Collector

J. C. B.

Order thereon. Ordered to be brought forward at a future Meeting.—

(25-26)

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

From the Collector of South Arcot — Para 1. In returning the Petition No. 1,674 forwarded with the

(27)

Boards' Proceedings under date 15th November 1849- I have the honor to state that the present Village Moonsiff of Porto Novo named Vencatroyen was appointed to that Office by the Joint Magistrate in May 1849 in succession to Puckree Mohedeen promoted to the post of Police Ameen of that Town.—

2. As there is no Land tax collected at Porto Novo, but only a small amount of Moturpha revenue, the Puttamonigar was selected to fill the Office not only because he is an old servant of some 24 years standing, but also because the nomination seemed to

to be in consonance with the Board's views, expressed in Mr. Lovell's letter of the 13th June 1844.—

The Petition now under retransmission strongly recommends alla Pitchay as better fitted for the Office, this man is known to be a bad character and being the Brother of the Police ameen, it would, I submit, be bad policy to retain in the only two Police situations of the town, two persons so nearly allied to each other - It is further reported by the Acting Joint Magistrate that several parties whose names are seen in the Mahzur on being summoned before him, denied all knowledge of it and there can be no doubt that the complaint has been got up at the instigation of the Police ameen to serve his own ends, by procuring for his brother the appointment lately held by himself.—

I beg to remark that the Office of Village Moonsiff is not hereditary

9552

Fort St. George 25th June 1849.—

hereditary, and there being no emolu=
=ments attached to it, the nomination
was always considered as falling
within the powers vested in Magis=
trates by Regulation IV. 1816. and
not under VI of 1831. this latter law
appearing to apply only to those
hereditary Village Revenue and Police servants
actually in the receipt of Emoluments

To,

T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

(29)

From W. D. Davis Esqre Collr of South Arcot
Sir, Para 1.
Proceedings dated 16th April 1849
Forwarding two Statements of Frontier duty Collected on certain Copr: per Bullock Goods and recommending its abolition.—

As required in the Board's honor to submit two Statements shewing the amount of duty Collected at the Frontier Chowkies on the articles enumerated in the margin for the last three years.—

Copper and
Brass utensils
Copper rings
Bangles.

2. The duty on Metal manu=
=factures which was revived by order of
Mr Ashton in 1840 is fully explained in his
report dated 28th February of that year. It
was, as therein stated, cancelled after Con=
=tinuing in force only two Months.—

3. After the promulgation of Act VI of
1844 however, I made a reference to the Board, re=
=questing to be instructed, how far the levy of duty on
this Commodity would be consistent with the require=
=ments of that Enactment, by which it will
be seen, that wrought and unwrought Me=
=tals, had to pay 12 per cent duty on
importation

importation, and 6 per cent on exportation, and the Government having under date 15th July 1844 No. 710. directed that duty be imposed according to existing law the above provisions were duly enforced. they afterwards underwent a modification under act IX of 1845 by which double duty was collected on imports until your letter of the 1st June last year, changed it again to single duty only. They now pay 3. per cent Export and 10 per cent import duty. The total amount thus collected during the last three years is on imports. 390. Rs. 1. as. 4 and on Exports Rs. 9. as. 3. or on average per year of Rupees 130 the former and Rupees 3. the latter.

4. In submitting the above explanation to the Board, I am induced to recommend in consideration of the trifling loss of revenue it will entail on the state, that the transit duty on these

these articles should be altogether abolished.

5. I have only to add in conclusion, that if Monsieur de Lalande de balan had addressed himself to the special agents Department on the subject, as was the custom with his predecessors it would have received all due consideration I therefore beg to suggest that the answer from Government, should be transmitted thro the special agents Office which was invariably the practice during the agency of Major General Fraser.

Ordered.

9559 Fort St. George 25th June 1849

Ordered that the foregoing letter be submitted with the following address.

To.

The Chief Secretary to Government

Sir

29. 30.

To the Chief Secretary to Government } Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 316 dated 30th March 1849 referring for their report a letter from the French Government at Pondicherry respecting the duty levied on Brass Vessels and Glass bracelets, on their crossing the Frontier.

In Cons.t 16th April 1849

2. In reply the Board instruct me to forward the accompanying letter from the Collector of South Arcot to whom reference has been made on the subject. From this it will be perceived that duty has been levied upon the articles in question on their passing

From South Arcot 30th May 1849
In Cons.t 25th June 1849.

passing into or out of the French Territory since July 1844 and that the Revenue derived therefrom has on an average of the last 3 years been Rupees 133 per annum. In consideration of the trifling amount of Revenue thus realized and of the nature of the goods from which it is drawn, the Board are disposed to concur with the Collector in recommending that the duty should be given up.

Revenue Board Office.

(31)

Sir,

From the Collector of South Arcot...

Para 1. The Abkarry rent for the coming Fasly 1259 / 1848/49 when put up to public auction (after the usual notification) on the 1st Instant was bid at Rupees 63,220- Salookwar and 68,000 for the entire farm being 4780 Rupees more than the former at which it was knocked down.-

2. This result shews a falling off below the Current year of Rupees 14,370 which may be accounted for partly by the total absence of the Pondicherry people who attended as competitors the last two years arising it would appear from the losses sustained by them and several others in the Current years rent; and partly from the scarcity of Money from continued low prices.-

3. The amount now bid tho' below the last six years when the rent was extraordinarily high, is still above several preceding years as more fully exhibited in the accompanying Statement and the proposer having paid the required deposit and thus made arrangements for the due fulfilment of his contract. I have the honor to request the Board's confirmation of the same.-

South Arcot...

From the Collector of Madura - -

From Board 11th October 1841- with Petition No. 1139 of 1841- To Do. 27th Oct. " From Do. 11th Nov. "

Sir,

With Reference to the Correspondence noted in the Margin, I have the honor to forward translate of a Plaint in O.S. No. 222 of 1849, filed against me in the Subordinate Court by Shashummaul widow of the deceased Condah Theetchadar Hukdar of Coonnathoor Chuttrum and adoptive mother and guardian of Yeggia Narraina Iyen with the answer thereto which I propose to file and I request sanction for the defence at the Public expense-

I have not been able to procure a sight of the Shasanum the woman pretends to possess but as Mr. Hurdis assumed the power of fixing the Tusdeek of the Chuttrum and the salary of the Superintendent, and the Petitioners husband did not appeal against this act, the latter must be looked upon in the light of an agent rather than an owner.

Madura, 6th June, 1849. } (Signed) R. D. Parker
Collector

Translate

Fort St. George 25th June 1849

Translate of a plaint in original Suit No. 22 of 1849 on the file of the Subordinate Court of Madura by

Plaintiff. Vers Defendant

Shashammanal widow of the deceased Iconda Sheetchedar Thukdar of Iconnathoor Chuttrum and adoptive Mother and Guardian of Yeggia Narrana Iyen a Minor a family woman Aged 57 years.

Vakeel. Annasastry.

Rt. D. Parker Esqr. Collector of Madura.

This is an action praying for a decree awarding to the Plaintiff the Thukdar Inneraysee of Iconnathoor Chuttrum yielding an annual income of 120 Pons or 205 Rupees at 10 Pons a month & of 20 Rupees value of 365 Sathamurths at ½ a measure of Rice Vea. per diem, and for Recovery from the Defendant of Rupees 2375 8-4 being the aggregate amount due to her at the above Rates.

In Viasee of Hanchumbee Corresponding with 1701 Iswn 148 years ago, Vezia Renga Chokappa Naiker the then Carnatic Ruler of the Country, granted in donation Iconnathoor and 4 other Villages in Madacolum to Condoo Conjajee the paternal grandfather of the Plaintiff's husband under a title deed executed on Copper plate stipulating that

Fort St. George 25th June 1849

that they be held and enjoyed by him to posterity as Surranamiem or entire free gift for the purpose of conducting the Charity of giving food to the Brahmins in the Sanctuary of Meenatchee Ammen and Soondaraswara Swamy at Madura.

2 The said Conjajee his Son and after them the Plff's husband Successively Continued to enjoy the above Villages and Conducted the Charity uninterruptedly supplying any deficiency in seasons of adversity from their own Pocket & making it good at subsequent periods. In Fasly 1211 when the Honorable Company took possession of the Country Mr. Hurdis formed rules for the Management of Devastanums and Chuttrums and appointed the Plaintiff's Husband as Thukdar of the above Chuttrum on a fixed pay of 10 Cutty Pons a month and a Sathamurth of ½ a measure of rice per diem with the necessary articles of Chilly Tamarind Salt Vea. for him entering the same in the Thundeekarind

3. The Plaintiff's husband accordingly Continued to manage the affairs of the Chuttrum as a Thukdar drawing the above pay and Sathamurth, and as he was destitude of any issue he had a desire of adopting Yaggea Narrana Iyen his Nephew, as his Son but he unfortunately died before doing so on the 30th June 1840. A few days subsequently the Plaintiff carried out the wish of her husband and adopted the

the boy as her son with the Concurrence of her relations & in Conformity to the Masters-

4 The Collector instead of letting the Plaintiff enjoy the Monthly pay of 10 Pons & perform the duties thro' her people till her said adoptive son Comes up of age ordered to receive a moiety or 5 Pons per Mensem. Dissatisfied with this order the Plaintiff presented a Petition to that authority in No. 1139 of 1841 Requesting the Continuance of the fixed pay of 10 Pons in full as was enjoyed by her husband as Durma Kurtah and shewing her adoption of the above named Yaggya Narrana Iyen as her son- on the 7th October 1841 the Collector submitted her claim to the Board of Revenue with his opinion that the pay of 5 Pons allotted to the Plaintiff was sufficient to meet her demands as a female, and adding that he has placed the Chuttrum in charge of a Monigar subject to the Control & Superviision of the Tahsildar, and the Board of Revenue under date the 11th November 1841 answered that they saw nothing to disturb the above arrangement-

5 Afterwards the Plaintiff again addressed Petitions to the Collector and Board of Revenue on the subject, on whose confirmation of the above order, she appealed to Government on the 5th July

July 1847 which was forwarded to the Collector with an Endorsement as returned and by him delivered to her with a further Endorsement dated 23d August 1847 Referring her to the Board's order of the 11th November 1841-

6 As the above Coonnathom &c. villages became the property of the Paternal grand father of the Plaintiff's husband by virtue of the title deed referred to, and accordingly under the enjoyment of himself and his descendants, the Government saw reason to appoint the Plaintiff's husband as Huckdar- In the same way the measure appointing Plff to the Inamdarship in question leaving the duties to be performed thro' a Goomastah with the benefit of full pay &c. until her adopted son comes up of age, would seem just and proper- On the contrary the late Collector by his Endorsement referred to, directed the Plaintiff to content herself with receiving the monthly pay of 5 Pons, as from her sex she was looked upon as disqualified to perform the duties of the Charity Chuttrum- Hence the fact of the Plaintiff being rightful heir to the deceased Huckdar has been clearly acknowledged and as it would seem just under the provisions of Section XV Regn VII of 1817 to continue to her the full pay of 10 Pons a month and the Sathanam enjoyed by her late husband, leaving her to conduct the duties of the Chuttrum

9572 Fort St. George 25th June 1849

Chuttrom thro' a Gomastah until her adoptive son attains proper age, in the same manner as the right of the Inerassee and Management would go to the family of the grantee in event of the endowment not being taken under the Circar Management, the Plaintiff prays that the Court will be pleased to award to her accordingly the Huckdar Inerassee in question recovering from the Defendant her dues as per following particulars.

Arrears of pay @ 10 Cully Pons per Mensem or 250 Rs. a year from 1st July 1840 to 15th March last being 8 years & 8½ Months — 2177 - 1 - 4

Value of Sathanuths for the same period @ ½ a Measure of rice a day or 365 per annum @ 1 anna each - 198 - 7 - —

Proposed

9573 Fort St. George 25th June 1849

Proposed Answer to Plaint in A. S. No. 22 of 1849 on the file of the Subordinate Court of Madura.

Plaintiff — vers — Defendant

Shashummaul widow of the deceased Condah Thetchadee Huckdar of Coonnathoor Chuttrom and adoptive mother and guardian of Veggia Naraina Iyen a minor, and family woman and aged 57 years. — R. D. Parker Esq. Collector of Madura.

The prayer of the Plaint is totally unfounded. The villages in question were granted for the support of the Chuttrom, but it does not appear that they were granted to the ancestors of the Plaintiff.

The Plaintiff herself admits in the 2d Para of the Plaint what also appears by the Public accounts that her husband was appointed as Huckdar to superintend the said Chuttrom on a fixed pay of 10 Cully Pons a month and a Sathanuths or ½ a measure of rice per diem in Fusly 1211 when the Honorable Company took possession of the Country. If he was the owner of the Charity what need of the appointment, and how came he to allow the Collector to fix the amount of his subsistence.

In Consideration of the long period during which Plaintiff's husband managed the

Fort St. George 25th June 1849

the Chuttrom the late Principal Collector granted his widow an allowance of 5 Pons or one half of the salary of her husband, but deeming her unfit for the duty made other arrangements for the care of the Chuttrom as he was bound to do by Regulating. See Section XII Regulation VIII of 1817. The Board of Revenue has also given an endorsement to the Plaintiff in her appeal Petition to them approving of the above Proceedings.

The arrangements for the Care of this Chuttrom were made in 1841 and it is for the Court to consider whether, if there were good ground for a Civil action, the same would have been so long delayed.

Under these circumstances the Court is prayed to dismiss the Suit with Costs.

Madura, 6th June, 1849. } (Signed) R. D. Parker

Collector.

Ordered that the foregoing letter be submitted with the following address.

To, The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in

35.36.

To the Chief Secretary to Government. — Submitting letter from the Collector of

Fort St. George 25th June 1849

Madura enclosing translate of a plaint filed against him in O.S. 22 of 1849 with draft of the proposed answer and requesting authority to defend the same at the public expense recommending that the necessary sanction be granted.

in Council the accompanying letter from the Collector of Madura dated the 6th Instant, forwarding translate of a Plaint filed against him in O.S. No. 22 of 1849 in the Subordinate Court of Madura with draft of the proposed answer and requesting authority to defend the suit at the public expense.

In the Plaint it is represented that certain Villages in the Madura District were conferred 118 years ago upon an Ancestor of the Plaintiff's husband in endowment of a Choultry that on the assumption of the Country by the Company he was consequently appointed Hereditary Manager of the institution upon a fixed pay of 10 Cully Pons a month, besides daily Sadarmaneed which he enjoyed till his death in 1841. but that after that event the district authorities continued to his widow Plaintiff and his adopted son only a moiety of the payment previously made to him. The Suit has therefore been brought to recover the allowance in full together with arrears the latter amounting to Rupees 2177.-

2

&c.

Fort St. George 25th June 1849

3 In his proposed answer the Collector states that the villages in question were granted for the support of the Choultry but that it does not appear that they were granted to the Ancestor of Plaintiff's husband - Such supposition is indeed inconsistent with the fact of that individual having on the assumption of the Country been appointed as the manager of the institution upon a fixed salary on the death of her husband as the Petitioner was disqualified from superintending the affairs of the Choultry another Manager was nominated by the Collector under the provisions of Regulation VII 1817, but from motives of charity and in consideration of the length of time that her husband had been employed half his previous salary was continued to her -

4 This defence seems to the Board to be sufficient & they therefore beg to Recommend that the Collector may be authorized to put it in & to conduct the action at the public cost. They observe that the Plaintiff has sued for the arrears from the date of her husband's decease in full or at 10 Pons per Mensem, the reason of which is not appa= =rent if she has since that event been in the receipt of half the allowance or 5 Pons monthly. The attention of the Collector will be called to this circumstance that he may notice it in his answer -

From the Acting Collector of Tinnevelly . . . . . } Para 1.

Reporting with reference to the Extract from the Proceedings of the Board of Revenue dated 12th February last on the several charges brought against Tiroomul Row late Tahsildar of Punjalumal-

In reply to the Extract from the Proceedings of the Board of Revenue dated 12th February last requesting that unless there be any good reason to the contrary, Tiroomul Row late Tahsildar of Punjalumal should be regularly brought to trial under Regu= =lation III of 1819, and IX of 1822, and if that measure be inexpedient to furnish a full report upon his proceedings in the various in= =stances mentioned in my letter of 20th January last, I have the honor to state the following as the result of the preliminary enquiry instituted by me after my arrival at the Cutcherry of the said Taluk where the attendance of the numerous parties who had to be examin= =ed could be most conveniently procured.-

2. The charges brought against Tiroomul Row as set forth in Mr Thomas's Taken

Fort St. George 25th June 1849

Taked, reducing him to the rank of Moo=
=Goomdar, which are of such a nature as to
come under the Regulations abovementioned
are as follows.—

1st With having received a bribe
of Rupees 50 from the Meerasidars of Sut=
=toor when he went to measure some Marra=
=mut works in that Village and with having
subsequently sent this sum by his own Bram
to the Meerasidars and tried to get an ante=
=dated receipt from them to the effect that
the said Sum was paid in liquidation of a
loan received from them.—

2d With having raised a contributi=
=on from the Number Kurnums and Tarus=
=dars of the Talook, and also received presents
from others on account of two Ceremonies
Viz. His Sons Oobanayanum and his brothers
2d Marriage.—

3d With having frightened and
disgraced one Sevasawmy Taver Varsdar to
the Ranee of Ramnad when he came to Tri=
=chendoor on pilgrimage by getting the Talook
Duffadar to prefer a false complaint and

Fort St. George 25th June 1849

and issuing process thereon, and thereby ob=
=taining from him a Shawl and 150 Rupees
and then dismissing the case accepting a
Rajeenamah caused by him Seroomul
Row to be given by the said Duffadar.—

4th With having apparently
received a bribe and passed a partial
decision in the case of Assault between
one Yesoo cunny and Bitch of Coilpatam.—

5th and 6th With having been guilty
of bribery in connection with the Marramut
works of Chettycolum, and Sheydacavey than.—

5. The 1st 2d and 3d of these charges
appear to have originated from a complaint
made to Mr Thomas in October last by
one Naranamoottien of Trichendoor, from
whom a deposition has been now taken. The
6th or Sheydacavey than charge is also men=
=tioned in the said compluint, and more
details have been given regarding it in
his Prosecutors deposition. A deposition has
also been taken from Seroomul row as directed
by the Board which is herewith forwarded
with

with a translation accompanying.—

4. With regard to the 1st charge 3 Meerassidars of Suttoor were sent for and examined all of whom have deposed either that no such thing occurred or that they know nothing of it; 2 of them however mention that 50 Rupees were lent to Peroomul row's brother and repaid by the latter. Under these circumstances I do not consider this charge is at all established against Peroomul raw.—

5. With regard to this 2d charge a great number of persons, Talook Servants, Number Curnums, Tarufdars &c. who were found named in Mr Thomas's taked or in the list of contributors given with the complaint, amounting altogether to 33 have been examined, and some few could not attend from sickness or absence. Of these 28 state that they neither gave any thing themselves to Peroomul Row nor are they cognizants of any such contribution or presents having been received by him

Number

Number Curnum alone has stated in his deposition / previously taken / that he contributed a Months pay for this purpose, as others did. One Moottoo Kistna Moodeliar a Substantial Meerassidar of the Talook has deposed that he gave Peroomul Row a pair of Cloths valued at Rupees 17½ and another person the Pagoda Manager has deposed that he gave him a pair of Cloths and a piece of Silk, sent by his Employer, the Pagoda Trustee on the occasion of the 2 Ceremonies above referred to, and that they gave these presents as is customary among them on such occasions. One Soobien of Trichendoor deposes that Seetta-rutna Dalavoy Moodeliyar the Pagoda Manager, the Stallatar, and Rumbenar of the Pagoda at Trichendoor, and Moottoo Kristna Moodeliyar gave Peroomul Row presents of Cloths, and that he heard of the Talook Servants having also given him presents of Cloths according to their ability, on the two occasions above referred to and Lutchsomana Row's marriage, that he

saw

saw the Head Pothy or officiating Brahmin give the said Tahsildar Cloths worth 10 Rupees, that he gave nothing himself and that he is not aware of there having been any case before the Tahsildar in which those who gave the presents abovementioned were concerned— The Taloor Mooroomdar, and Ramachendrien Chinduvy Gomastah have also stated that they gave something in a similar way and the latter that he received a present in return from Seroomul Row on the same day— The result of the enquiry in this case also proves nothing in my opinion which comes under Regulation IX of 1822 although I consider that presents were received by the late Tahsildar in the mode stated by the 5 persons last mentioned.

6. With regard to the 3d charge I have not been able to obtain any eye witness to the fact and Sevasawmy Pavier the party aggrieved has from the first declined either to come in person or send his Vakeel to

to prosecute though directed to do so by Mr. Thomas— I however beg to send copy of his Urzee, with a translation, containing as he asserts the true State of the case. I have referred to the proceedings held therein by Seroomul row, and 6 persons have been examined, of whom 4 have deposed in general terms that they heard something about the circumstance.— Of the remaining 2 one Moottoo Kristna Moodeleyar in whose house Sevasawmy Pavier had put up during his stay at Trichendoor has deposed that the latter requested him to get the case between his people and the Taloor Duffadar settled and that his / Sevasawmy Pavers / Stanapady Iyengar and accountant Seyagaraja Pillay told him / Moottoo Kristna Moodeleyar / that a Rajeenamah was filed, and that a present had been given to the Tahsildar and others— The other named Naranien a resident of Trichendoor has deposed that a quarrel took place between the Zemindar's peon and the Taloor Duffadar, that the latter got a process issued and

Fort St. George 25th June 1849

and that the Stanapady Iyengar while going to the Tahsildars house mentioned to him that the Tahsildar had told him to give a present, and Rayer the case, and had left him out side and gone in and after returning therefrom told him that he had given 150 Rupees and a Shawl to the Tahsildar. I also sent for the 3 persons named in the latter part of Peroomul row's deposition taken on the 26th Ultimo and their evidence certainly seems to shew that some undue impediment was thrown in the way of the people entering the Pagoda by Sevasawmy Saver's attendants, about which the Tahsildar Peroomul row sent his Duffadar. Though this charge also cannot be considered as legally proved I think there is no moral doubt of Peroomul row's having abused his authority by countenancing the Talook Duffadar in extortion.

It is to be observed that Sevasawmy Saver does not say that he gave the 150 Rupees and the Shawl to Peroomul row

7/ Soobyer Guaneeyan
2 Ramasawmy Pillay Tahsildar of Tathavenaloor
3. Swamynada Pillay of Cota Sagarapatam

Fort St. George 25th June 1849

row, but he evidently fell that in an emergency the Tahsildar was not disposed to give him that protection which it was his duty to have done.—

7. The parties concerned in the Police case referred to in charge No. 4. have been reported by the present Tahsildar of Punjahmal as absent at Colombo, and no depositions have been taken on this subject, but as Peroomul row states that the case referred to was decided under orders from Mr. Child the Assistant Magistrate and as the said parties never came forward either in Appeal or otherwise, and it is wholly unsupported, it is not probable that it will ever be substantiated.—

8. The charges 5th and 6th as well as the 4th are not professed to have been gone into in the Takeed from whence they are taken 1st as regards Chetty column 2 Persons Meerasidars of that Village were sent for who depose that they know nothing about it nor ~~do the complaint~~ give

give any details— On reference to the Civil Engineer's Diaries there is no appearance of any fraud having been committed and the charge must be considered to have fallen to the ground as regards the Shey dacavey thaw works. 2d. the Prosecutor seems to have had an idea that more work had been charged for than was executed, and that it could be proved by the Talook accounts and by one Sheshgery Row a dismissed Tamil Goo= =mastah, the latter stated that the work done up to 29th September 1847 was measured by the Talook Mastry to the amount of Rupees 1040— 5— after which the Civil Engineers Diary having given the measurements at Rupees 1,170-4-6 an additional sum of Rupees 121— was entered in the Talook accounts though no more work had been performed— Peroo= =mul row's explanation regarding this and some other matters mentioned by Sheshgerry row are contained in his deposition, the latter appear to be frivolous or unfounded, the 100 Rupees were

were duly repaid to Ramanada Punda= =rum's Monegar as he has since stated before me, and the Civil Engineer's Diary is at this distance of time the only thing to be referred to, to decide what amount of work was done and what was to be charged for the same— On referring to it, it appears that the Talook measure= =ments and Civil Engineer's are to the amounts Specified by Sheshgerry row, the Civil Engineer remarking that "the Talook Magistrate's measurements to the 29th Sep= =tember 1847 give Rupees 1,040— 5— as the value of work performed to that date since which it appears that further progress has been made as the pits were partly defaced and filled with sand. Stock measurements on the bank the particulars of which are given below" Under these circumstances there is no proof against Peroomulrow of Malversation in connec= =tion with this work.—

9. Two other faults of Peroomulrow's are

are mentioned in Mr Thomas's Sakeed, Dept. 1st Neglect of duty in disposing of Petitions referred to him for report regarding which Mr Thomas remarks. "Of the endorsed Petitions which were so referred to you for enquiry, 48 Petitions in Revenue alone remained undisposed of, and when I visited your Salook many persons complained to me that they do not get justice because you make delay in enquiring into their complaints; and again moreover even after the issue of the order No. 245, many Petitions and orders having been ascertained to have remained unexecuted, the Moozoomdar of the Salook was directed by an order No. 365 dated 18th November 1848 to dispose of such of the Petitions viz as were not disposed of by you" 2d Telling a lie to him personally in the following instance. "Having been given to understand that you get all these things done through Lutchoomana Row a Goomastah in your Salook, and that he was your relation you were asked Several

J. F. B.

several times to inform me as to how he stood related to you, to which you at first told plainly and even assured me that he was no ways related to you, and that he was only of your caste, but after the terms of relationship between you and the said Goomastah, as ascertained from respectable persons, which was put in writing, was read over to you, you admitted that he was your relation, you would not have in the least hurt yourself by telling the truth in this case, while so, you have even in this case, told a lie first and spoke the truth afterwards" Veroomul row's explanation on these points is given in his deposition herewith forwarded.

Tinnevelly
Trichendoor

Fort St. George 25th June 1849.

No. 2.

Translation of a deposition given before the Acting Collector of Tinnevelly by Veroomul Row son of Renga Row, formerly a Resident of Tinnevelly and now living at Tencausey, a Dasast Braimin of Mudva Sect, holding public employment and aged about 62 years.

Q. As the Tahseeld ifsued to you by Mr. Thomas the Collector containing several charges against you and removing you to the situation of Moozoomdar of Tencausey Taloor. has been now read over to and heard by you state for the information of the Board your reason on each item of charge therein contained.

A. While holding Tahsildship of Pumjahmahl Taloor. I having in the discharge of Circar duties conducted myself honestly uprightly and strictly without giving countenance to any one, the Moorany Braimins of the Cusbah of Trichendoor who are bad characters and those who live by making false complaints and by committing thefts as also those who have a propensity to usurp the lands of others

Fort St. George 25th June 1849.

others finding interruption to their proceeding wished to get me dismissed by getting up any false complaints against me. Of the Moorany Braimins of the Cusbah of Trichendoor Purpanadien is the person in whose house Torch light robbery was committed, he has two Brothers Soopien and Soondramien and their fatherinlaws name is Naraniem. One Naraniem with a desire of acquiring property gave his daughter to the said Soopien a rich man while he had his first wife. He (Naraniem) was punished in the Court and other places for causing several disturbances. In March April 1848 he preferred a complaint to me regarding some land and while that was under investigation, he presented a calumnious complaint against me at the Hoozzoor which was referred to me and on my reporting on the subject of it to the Huzzoor the decision was passed in favor of his (Naraina Moorthiens) opponents. One Ramasoobien brotherinlaw of the said Naraina Moorthien. Ramasoobiens brother who has

not

not succeeded in getting a decision in his favor regarding some waste land - One Davarajien - This man purchased a House measuring 3 Cubits from Colathoorien, but having taken in 3 more to the same, he was directed to give it up agreeably to an order from the Assistant Magistrate, but as he did not do so, I was strictly telling him that he should leave it therefore he entertained a grudge against me - One . Moottoo Kristna . Moodeliar of Trichendoor - This man created disturbances in the Village of Kadoorakoorchey with a view to get the situation of . Meraasidar - He attempted to carry away the rape Seed Rops belonging to one Pichandy a Pillay of Coroomboor. When Kungamooly Village was given as security to the Treasurer, he included in the security bond the lands claimed by others. He closed the Channels supplying the Sadenary Tank of . Mardoorayay and refused to let the water go, therefore I strictly ordered him and decided that he should let the water go for which cause, he is at enmity with me. The Maravers of Kungamooly Village having been wandering

unrestrained

unrestrained, I ordered that they should be mustered and I made the necessary arrangement for the same, The said Moottoo Kristna . Moodeliars father had a concubine and there is a dancing girl brought up by her - This dancing girl lived separately and as she was not allowed to pass through the gate of her house, and was troubled by the door being closed against her, a Police complaint was preferred to me - In this case . Moottoo Kristna . Moodeliar wished that the opposite party should be punished but it was decided justly - In consequence of this, and other matters abovementioned, he is at enmity with me - One Shashagherry - Row Brother in law of Venkatasoobiah, the present Tahsildar, was a Tamil Goomastah of this Talook. He was deputed to measure the Road as far as Thovalay for the purpose of fixing mile stones but he delayed for some days without going immediately as per my orders and performing the said duty and he proceeded to Travancore, without returning to the

Talook -

Fort St. George 25th June 1849.

Talook and without leave. I reported this circumstance to the Huzzoor in consequence of an order having been received regarding some Accounts. Thereupon an order was received dismissing him from the situation. From this cause, he is at enmity with me. The Meerasdars of Authoor Village were not executing the Maramut Works properly and were not only troubling the poor Ryots but were in the habit of embezzling Money from the Maramut funds annually, but after I was appointed as Tahsildar of this Talook, I adopted measures to prevent them from having any opportunity of embezzlement but they attempted to thwart my endeavours, in consequence of which and of their conduct, I have addressed an Urzee to the Huzzoor in October or November 1847. consequently the Meerasdars of that place have an ill will against me. Besides this, Veneatasoobier the Moozoomdar of this Talook who lives in the house of Padmanabien a Mooslany Bramin of this place and who is in his favor joining with the above Individuals.

Fort St. George 25th June 1849.

Individuals got up false charges against me. therefore an order was received from the Huzzoor in the Month of July 1848, to the effect that some endorsements remain unanswered by me that I am aiding the Ryots and that therefore I am appointed as acting Tahsildar in which I had been confirmed before some days afterwards. Narana Moothien who is not concerned in any case thinking that by the accusations made by the above Individuals the Gentleman was displeased with me, preferred a complaint against me with the assistance of other Individuals above mentioned. If the whole of the Curnums, Meerasdars, and Ryots were asked it will be known to your honor, whether any unjust cases have arisen whether any partiality was shewn by me in deciding any cases whether I was receiving any bribes and whether I listened to the words of any one in the discharge of my duties during the time I was Tahsildar of this Talook. Whether or not I am a just man may be known by an enquiry from the Ryots of the neighbouring Talooks from Annajee Row

Row was who was formerly Tahsildar of Streeny vontum and now holding the same Office at Sherrmadany, from Rengana =da Moodaly. Maistry of Streenycontum Talook and from. Madawoosun Khan late Tahsildar of Sherrmadany and now receiving pension. The following are the replies to the charges contained in the Tahreed.

1st. As regards the Statement that I have out of favour to the Ryots left some endorsements unanswared, and that therefore I have been put as acting Tahsildar, I beg to state that during the time the Huzzoor Cutcherry was here, many complaints and endorse =ments were sent to me but as it was the time of Jummakundy, I have disposed of some of the complaints as leisure per =mitted me to do, and left others un= disposed of. Besides this, this is a place where false complaints and false dis= =putes arise. complaints are perfer= =red at the Huzzoor, and then= the Complainant himself never makes his appearance for enquiry.

The

The complaints that have been once decided are preferred again and again. Under these circumstances and from many other proper causes, some endorse =ments were kept by me in arrears = and not through any favoritism towards the Inhabitants.

2d. I have neither received any= bribe or present nor raised any contri= bution among the Curnums. Meerasidars and Tarufdars &c. on the occasions of my Brothers marriage and my= Sons Oobanayanum. The truth of this will be known if all the Curnums and Tarufdars were sent for and en= =quired. The Statement of. Moottoo Kristna. Moodeliar that he gave me laced Cloths is quite false. These are words invented by the said. Moottoo Kristna. Moodeliar and the. Mookany Bramins.

3d. As regards the. Ma= =ramut case, I proceeded to the different places where work= was going on, and strictly = caused the work to be performed with= =out any fraud being committed. The Civil Engineer.

Engineer and the Superintending Maistry took measurements of the same and no fraud was committed Ponnumbala Moodely the Number Curnum of Manapaud who was deputed to make some Uzmaish in the Village of Cottheriaymoly having instead of going directly agreeably to orders put off making the Uzmaish, I gave strict orders and in consequence he with a view to threaten me made a false report which I myself sent to the Huzzoor and an order was received from thence fining him one Rupee and directing that he should not write any such false reports in future. While so it appears he has again stated falsely.

4. In the Police case of Coilpatam, the complaints of both parties were received. Immediately I instituted an enquiry into the same and reported the result to Mr. Child together with the Documents connected with the case, and acted agreeably to the final order received from that Gentleman. I have shewn no partiality and obtained no

advantage. If any party was injured by me, he would have complained against me, but no such complaint appears to have been made. The Mookkany Braamin has preferred the complaint through enmity.

5. When Sevasawmy Taver of Ramanadapooram Zemindary came to Trichendoor to worship God, there were also other crowds of people who came for the Soorany festival and it has come to my knowledge that the said Sevasawmy Taver's people placed some persons as Mettoo in the Pagoda and were obstinately pushing the people from the Pagoda and troubling the Bazar men. But as I could not make a legal enquiry and with a view to prevent any disturbances breaking out among such a crowd, I sent word by the Duffadar to the said Sevasawmy Taver to warn his followers not to trouble the people. The Duffadar returned while I was holding Cutcherry and informed me that the said Sevasawmy Taver's people and

his

Fort St. George 25th June 1849.

his Stanapathy disgraced him and did not allow him to go to Senasawmy Tavee- I took a deposition from the Duffadar and after examining the witnesses — formally I sent a Summons to cause — the attendance of the person who abused and disgraced the Duffadar, but as they were travellers and their names were not known by the witnesses — Summons has been issued to produce those who may be pointed out. after- wards the Stanapathy alone attended that evening and while I was intending to proceed with the investigation on the following day the Duffadar came and informed me that his people are — holding employments in the said Zemin- dary and that Senasawmy Tavee will trouble and dismiss them, and therefore desired me not to enquire into his Com- plaint and so filed a Rajeenamah as it was a trifling case of abusive language I admitted the Rajeenamah and made no further enquiry - while so, Mottoo Kristna Modeliar and the Mookany Braamins-

J.B.

Fort St. George 25th June 1849.

Braamins joining together gave out that there is some suspicion regarding my issuing to summons the 1st day and admitting the Rajeenamah the next day, some days afterwards this was mentioned in the Complaint as an item of charge, and it was further stated therein that Mottoo Kristna Modeliar who is concerned in getting up the charge, should be enquired. This is the result of a mere conspiracy and I have not in any way received bribe &c.

5. With regard to the mention made in the 5th head that I have first stated that the Goomastah Letchoomana Row is not related to me and then that I admitted that he is my relation, I beg to state that on the 5th December Mr. Thomas sent for me and asked me if the said Letchoomana Row is my Brother - I answered he is not my Brother - He asked how then he is related to me, to which I replied that he is of my caste, and that he may be a distant relation of mine - Even now he is but a distant relation and — not

Fort St. George 25th June 1819.

not my Brother, this will be known by enquiring well with my caste people.

I have neither received 50 Rupees from Ramalinganien of Author as a loan or as present, nor did I return the same to him and get a receipt made. Owing to the enmity which the said Ramalinganien &c. entertained against me in consequence of my having addressed Uzee in 1817 or about their conduct, and to the persuasion of the Moozoomdar who had in view to throw suspicion on my conduct and to get the Sahoilship, the charge of my having received the said sum from Ramalinganien as a loan or as a bribe, has been invented.

The Maramut works of Chetty Colum and Saithoovikal have been examined by the Civil Engineers and the Superintending Mastry and no difference has occurred in the same nor was any bribe received by me. I have not received the bribe

Fort St. George 25th June 1819.

bribe of 150 Rupees and the shawl from Sevasawmy Saver, Padmanabien &c. endeavoured to include the Mookany Bramins who were concerned in the torch light robbery committed in his house and released, in false complaints and to have sent them to Court, but as I have not allowed them to do so they gave rise to such complaints and words against me and with a view to create suspicion they preferred a Complaint against me, with a list containing the names of several persons thinking that as I was Sahsildar, any person who entertained a grudge against me, will give false depositions against me. The conduct of the said Mookany Bramins and of Moottookristna Modeliar, will be known by examining the Records. As regards the Mettoo placed by the followers of Sevasawmy Saver in the Pagoda, and the trouble caused by them to the people therein, it will be known to your honor by enquiring the same from Soobbien Gamaniyar of the Pagoda, and from Ramasawmy Pillay

Fort St. George 25th June 1849

Pillay Sarufdar of Sathanoor Noor, and Samy-nada Pillay of Coolasagarapatam, and other Pagoda people. The fact of the Sarufdar having been troubled is apparent from the deposition of Mootookristna Moodeliar —

2. You have heard this deposition read over to you, is it right according to what you have said —

(Signed) Semmul Row-

Taken before me this 25th day of March 1849.

(Signed) S. B. Elton
Acting Collector.

Enquiry on the 9th April 1849.

2 Have you any thing further to say regarding the assertions contained in the Deposition given by Sharlaghery Row under date 14th Instant with regard to the Maramut works in Shathookwoytheru Village &c.a —

A Yes, I have, Sarlaghery Row in his Deposition given on the 4th Instant states that it does not appear that any

Fort St. George 25th June 1849.

work was executed after Mainstry Pengana Moodeliar measured works to the amount of Rupees 1940, and as if the work was measured by the Civil Engineer, but Shathookavoy than Maramut the pits completely dug up to the end of September were measured — those that were then incomplete and the Pits dug afterwards remained unmeasured. Those works have been superintended and executed by Sircar Peons, by myself occasionally, by Penganada Moodeliar the Streevygoontum Salook Mainstry and by Annajee Row late Tahsildar of Streevygoontum (present Tahsildar of Shermadavy) who had come to the locality for the execution of Road Maramut There is no discrepancy. When the Civil Engineer had come to Yarul in order to measure these works, as it rained, he came by a boat the next day, and as the Pits were filled with sand and water, he said that they could not be measured, and so measured the bund, and consequently there

there is room to say that the Pariar who excavated the Pits and the Meerasidar had sustained loss. As regards the account sent to the Huzzoor mentioning that I received a loan of 100 Rupees in Shatho-kaoy thaw, I beg to state that as most part of the amount at first received from Pannadapoorum Pundarum having been advanced, and as work was going on by catching people here and there I wrote on Urzees to the Huzzoor first on the 21st July 1847 No. 2 and secondly on the 14th August No. 5, stating that in order to prevent the workmen from dispersing, the remaining Amount should be sent and the Money recovered from Pannadapoorum Pundarum. If these Urzees are sent for and perused, the speedy progress of the work will be known. I received an order No. 6 dated 21st Augustmentioning that a second letter had been sent to the Collector of Madura, and to write and inform by Urzee if the Money is not received, and in the order No. 8 dated 6th September it was mentioned that no

money had been received into the Huzzoor Treasury, and that I should send a Peon and get it. During the interval as money was required for the work I received 100 Rupees from One Mootto sawmy Naicken Moneagar to the said Pundarum, paid the workmen and entered the same in the accounts sent Monthly and after Money for the said work was received at the Talook on the 27th September 1849 and 150 Rupees sent to me to Authoor on the 28th I dem where I had been on Circuit. I on the 29th paid 100 Rupees to Mootto sawmy Naig the Moneagar, and paid the remainder Rupees 50, and the former balance of Rupees 5 1/2 or in all Rupees 55 1/2 into the Talook on the 4th October which has been entered in the Chittah Account as regards what is said that the Meerasidars should be asked regarding the entry in the Chittah of 17th July, I beg to state that while going on circuit to the different

Fort St. George 25th June 1849.

Villages, took with me Rupees 150 from the funds kept for emergent repairs to advance to different Villages to collect Coolies for closing the breach in Shathookavoy Thaneh Village, and Rupees 23-14-0 to be paid to the Pullers who raised an Embankment around the breach in the Authoor Tank and paid to the Pariers in the several Villages, Collected people and employed them for the Maramut work in the Shathookavoy Thaneh Village under the Superintendence of the Ironiagar Curnum and Meerasidars of the Village, and deputed Peons to take work from them and Salao stopped a few days in that Village and kept the work going. Other public Servants were also deputed for the measurement of the works in the different places, and the work has been done very carefully. I who left the Cusbah on Circuit on the 18th July 1847 returned on the 30th Idem. In the accounts of Expenditure given by me into the Talook for money taken with me I recollect Rajagopala Pillay Goomastah of Sarhagerry Row late Sumbroody who was looking after

Fort St. George 25th June 1849.

Maramut works having informed me that 100 Rupees entered in the Chittah as spent for Maramut works in the Authoor Village were expended for work in Shathookavoy Thaneh Village, on hearing this I immediately sent for the Chittah of the 17th July from the Talook and on seeing it, having found that 100 Rupees entered thereon as given for Maramut works in Authoor Village were expended for works in Shathookavoy Thaneh Village, the said sum was entered as spent from Shathookavoy Thaneh Village, and credited to Authoor account. This alteration has been made in the Chittah account of 31st July 1847, while Sarhagerry Row is aware of all this, he without informing the above details, owing to the hatred between him and me, and he in conjunction with some wicked people, thinking all these will be considered as faults against a Mamalutdar, has stated all these with an intention of prolonging the enquiry and getting me disgraced. This is

is not a Statement arising from the occurrence of any discrepancy, and not one day has the Sashagherry Row been to, and inspected the works in Shathookawoy thaw Village, he states vainly Huzzoor Deloyet Ayaloo Naig who came to superintend the Maramut works in anthoor Village may be aware that the above works were executed with care, and without any discrepancy and Deloyet Palany also who came to assist me in superintending the works on the Gyral road and at Shathookawoy-thaw may be aware of this.—

2. Is what is now read to you Correct?

A. Yes.

Signed Seroomul Row

DG

No. 4

To, The Magistrate of
the Zillah of Tinnevelly

Sevaswamy Iyer Abeemanapootteyen adopted son to Moottooverayenatcheyar Rance of Ramanada-poorum Zemindary in the Zillah of Madura Salam.—

In the Yadast which your honor sent me under date the 9th Instant, it is stated that I have not sent a reply to the Endorsement passed on the complaint preferred by me regarding the molestations I met with from the Tahsildar and Duffadar of the Punjamaul Talook by their having issued a process for the attendance of my people when I went to Trichendoor on Pilgrimage, that it appears to your honor from enquiry that troubles were caused to me by the Tahsildar and Duffadar and that I should inform your honor in detail what amount in ready money and cloths were given by me to the Tahsildar

Tahsildar and Duffadar.-

The Endorsement which your honor sent to me before, was re-ceived by me it requested me or my Vakeel to attend at the Office of the Magistrate at Tencasey but as I did not like to send my Vakeel to such a distant place on a trifling matter. I have not answered it im-mediately.-

I reached Trichendoor on the 24th August and after I had wor-shipped the Deity there, the Duffadar came to me with Peons and asked me for some present and I gave him one paid of Clothes and 7 Rupees and he who then received them and went away came back and told me that the pre-sent I gave him was not sufficient, and that I should give him something more, but as I did not comply with his request the said Duffadar with Peons came to me on the 28th Idem while I was about to leave the place with a process from the Tahsildar obtained on

on telling him I do not know what, and produced all my servants and my Stanabady, on my receiving and seeing the process it was mentioned in it that a complaint pre-ferred against the Peons &c who were at my gate as having beat and troubled the Duffadar was proved, and that the attend-ance of all the persons pointed out by the Duffadar should be procured; I imme-diately sent my Stanabady to the Tahsil-dar to tell him all what the Duffadar had done, and to ask him if he can on the complaint of the said Duffadar send a general process at the time I was about to leave the place to which he (the Tahsildar) said strictly that all the persons should attend and that I should quit the place only after the enquiry was over. Afterwards the Duffadar said that if 100 Rupees or a sum not less than 50 Rupees were paid to him and the peons under him that he would file a Razynamah and tell the Tahsildar and release my people, and that if not that he would take to the Cutcherry all the

200 persons that had come with me, keep them in attendance at the Talook and dis-grace them. As the Tahsildar's inclination was also the same and as it would have taken up 8 or 10 days to report to your honor who was then at a distant place and to receive orders and as I would be put to much trouble and expense during the in-terval I thought that I could give the Duffadar 50 Rupees according to his wish and then report to your honor and so I gave it him. The Duffadar on receiving it gave a Razynamah on the 29th so that the case might not be investigated, which the Tahsildar having some how accepted, told me to go away upon which I left the place and went to Tutacorin from whence I wrote to your honor on the 30th as I have not given to the Tahsildar directly either ready money or cloths but the Tahsildar has been necessary to the Duffadar in preferring a false complaint

complaint and disgracing me. I have not written this with a view that I should get back what was received by the Duffadar, but Tirchendoor being a very holy place where many great people come on pilgrimage, if the Tahsildar and Duffadar of the place join together and disgrace the great people thus, without any fear during your honors administra-tion, a bad reputation will be spread abroad, therefore my object in writing this, is that your honor should pre-vent any thing of the kind taking place for the future. If your honor would send for and perise the process issued by the Tahsildar for the attendance of all my people on receiving a complaint from the Duffadar

Duffadar, and without making any enquiry and the Razeenamah taken from him, (the Duffadar) the next day without instituting a regular enquiry into such complaint, then your honor will be convinced of the truth of my Statement in the complaint. Moreover it will be obvious to your mind that I have no occasion to make misrepresentations against servants of another District.-

Proceedings thereon.- In their Proceedings dated the 12th of February last on a communication from the Acting Collector of Tinnevelly reporting the removal of Peroomaly Row Taksildar of Panjhamal to the office of Moosoondar of the Tencausy Talook on the 10th of the Month of November previous by the Collector Mr. Thomas in consequence of various acts of alleged misconduct, the Board of Revenue took occasion to point out that the offences imputed to Peroomaly Row appearing to them to be of a character cognizable by Regulation III 1819 and IX 1822 it was desirable that unless there was good reasons to the contrary he should be regularly brought to trial under those enactments- but that should this step be considered inexpedient they requested that a full report on the several acts of irregularity attributed to this Officer should be laid before them together with the Acting Collectors opinion on each case.-

20th January in Cons
12th February 1849-

37. 38

2. The letter recorded above furnishes the information thus called for and is accompanied by a deposition taken from Peroomaly

Teroomaly Row containing his own explanation - The offences imputed to him are stated to include a charge of levying contributions and receiving presents from subordinate public officers and others on the performance of certain ceremonies in his family - of receiving bribes and also other offences of a Minor Character, such as want of veracity and inattention to the disposal of Petitions and also with having committed an abuse of his police authority on the occasion of the arrival of Devasawmy Paver on pilgrimage at Trichendoor when it is alleged that he connived at a false complaint being made by the Duffadar with a view to extort money from this individual thro' the issue of a summons and other annoying measures which were uncalled for and vexatious.—

3. The Acting Collector having held a preliminary enquiry has furnished a brief detail of the particulars of each charge with his own opinion thereon, from

from which the Board learn that in the evidence in no one instance is considered by Mr. Elton to be sufficient to bring his conduct within the scope of the above quoted regulations - he nevertheless considers that in regard to the charge of raising contributions from certain Curnoms and Purrufdars and also of receiving presents from others not in the public service for the purposes of celebrating family ceremonials sufficient grounds have been shewn to lead to the belief that presents were as stated received by Tahsildar.—

4. In regard to his alleged abuse of authority the Acting Collector acquits the late Tahsildar of the more important charge, but he states that although it cannot be considered as legally proved there is no moral doubt of Teroomaly Row having abused his authority by countenancing the Taloor Duffadar in extortion.—

5. The explanation of his conduct given

Fort St. George 25th June 1849

given by Teroomaly Row in his de-
=position enclosed in the present letter
from the Acting Collector does not eluci-
=date the charges or is it by any means
satisfactory, being little else than re-
=crimination upon the several parties
concerned against him. Upon the whole,
the Board are inclined to concur in the
view of the charges taken by the Acting
Collector and they therefore will not
require any further step to be pursued
and taking into consideration the
length of time Teroomaly Row has been
in the service of Government they consider
it unnecessary to disturb the arrangement
made by the Collector in removing him
to a situation of lower emolument.—

6. They desire however that
the Acting Collector will intimate to
Teroomaly Row their displeasure at his
conduct, which is by no means free from
grave suspicion and inform him at the same
time that any future dereliction of duty on his part
will

Fort St. George 25th June 1849

will be undoubtedly visited with severe
punishment.—

Proceedings thereon—

39-40

Under the explanation submitted by the Acting Principal Collector the Board of Revenue will not require compliance with the orders of 29th March 1849 as respects the Coimbatore District.—

To

Fort St. George 25th June 1849

To

T. Pycroft Esqre
Secretary to the
Board of Revenue

41

From the Adjt. Pl. Collector of Coimbatore — 5 1. With reference to my letter of the 6th Instant, and the Enclosures* now forwarded, I beg strongly to recommend that the Akkarry Contract for the ensuing Fusly be confirmed to the 2d. Competitor, "yousefsaib", who, with three other respectable parties, now proposes to give as much as Mr. Joachim—

2— Since I last wrote to the Board the Complaints against Mr. Joachim's management of the Contract, are loud and frequent. He has it in his power to stop the supply of Toddy for Bread, entirely, and has repeatedly put the whole Settlement to great inconvenience,

Forwards copies of correspondence and Translation of declaration of Bakers, about the Complaint against Mr. Joachim's management and recommends that the Akkarry farms for the ensuing fusly may be conferred on one Yousseff saib who agrees to pay as much as Mr. Joachim and whose original application is sent—

*Copy of Statement of Edaljee Manockjee Baker, before Major Hall Joint Magistrate on the 12th June 1849

Copy of a letter from Mr. H.R. Dawson dated 11th June 1849

Original Cowle offered by you Yousseff saib for 3 years

Translation of a Declaration made before the Joint Magt. of Dharapuram by Govindoo Manockjee Baker

Fort St. George 25th June 1849

inconvenience and in the case of families and individuals it becomes a serious evil— The numerous remonstrances on the records of my Cutcherry /to Mr. Joachim/ from Mr. Troughton, Mr. Bird, and from myself, show that any improvement under Mr. Joachim's Contract, is hopeless, his only replies are ungrounded Statements and denials with evasions—

3 Mr. Joachim has also declined signing the agreement for not interfering with the Bakers on the Meto=poliem side of the Hills, from whence fresh Toddy must chiefly be brought, and he is moreover now, Rupees 460-13-6 in arrears for that Contract. The 4 parties now offering are respectable, and able to fulfil their engagements, and I would therefore recommend, that although Mr. Joachim would perhaps /if asked/ slightly advance on their offer, the rent for the next Fusly 1259 (1849-50) be confirmed to them and not to Mr. Joachim.—

4. No other arrangements will relieve the whole Hills from the inconvenience and

Fort St. George 25th June 1849.

and evil of the frequent stoppage of all Bread, an article so necessary in every House.—

5d. The joint Offer of a still larger rent, if for three /3/ years certain, is enclosed, but as I said in my last letter. I think one year is better, and I believe it also has the Board's concurrence.—

Resolved that the following letters be despatched.-

To The Collector of Malabar

Sir

47

To the Collector of Malabar...

In Mr Robinson's report of 19th May 1848 upon the Laccadive Islands frequent mention is made of the Rajah as well as of the Beebee of Cannanore as holding authority in those Islands. It is stated in Para 34 of that report that the Laccadives were conferred by the Rajah of Cherical in Jaghire upon the head of the Moplah caste at Cannanore with the title of Rajah. but besides the fact that the term Rajah seems under any circumstances hardly applicable to

Fort St George 25th June 1849

a Mussulman Princess like the Beebee, the two parties seem evidently contra-distinguished in some parts of Mr Robinson's report. I am directed by the Board of Revenue to request that you will inform them briefly who is the Rajah here alluded to, and what is the nature of his authority in, and connection with, the Laccadives.

2. The Board further wish to know the name of the present Beebee of Cannanore — and if not the same party, in what relationship she stands to the Princess

Note - See particularly Para 179 where the proportions of nuzzerana payable respectively to the Rajah and the Beebee are separately stated - See also Para 197 -

Fort St George 25th June 1849

Princess who was the Sovereign of the Island at the time when they were ceded to the British by the treaty of Seringapatam.-

Revenue Board Office. Fort St George 25th June 1849. } (Signed) T. Pycroft Secretary

To The Civil Auditor

(48)

To the Civil Auditor. }

Sir

With reference to your letter of the 6th October 1846. I am directed by the Board of Revenue to transmit according to the form annexed thereto, a Statement of the Uncovenanted Servants holding the Offices of Head or Deputy Sheristadar on their Establishment as they stood on the 1st May 1849.-

ORIGINAL DESTROYED

Revenue Board Office. Fort St George. 25th June 1849. } (Signed) T. Pycroft Secretary

Statement

9649 | For Fort St. George 25th June 1849.

To,

The Civil Auditor.

Sir,

With reference to

(49)

To The Civil Auditor.

the notification from your Office dated 15th May last, published in the Fort St. George Gazette of the 25th Idem, I am directed by the Board of Revenue to transmit a detailed List of this Establishment as it stood on the 30th April, and a memorandum of contingent charges from the 1st May 1848 to 30th April 1849.—

Revenue Board Office
Fort St. George

Diary

26th June Received the following letter.

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

1 From the Asst. Collr of Coimbatore — Sir

I beg to acknowledge the receipt this day of the Extract from the Proceedings of the Board of Revenue dated 14th Instant with reference to my letter of the 13th I would solicit the Board's orders in favor of "yousefsaeb," who is prepared to furnish all due securities and deposits as required in the Board's letter under reply. It was not till the probability of W. Joachim's again holding the contract became generally known that the many and serious objections to his management were brought forward.

2 If W. Joachim has the contract again, there will be no reasonable probability

probability of the public being ever sure of wholesome Bread, besides — other objections.

Ootacamand — 20th June 1849 }

Read the following letter from the Secretary to the Board of Revenue (Here enter 17th May 1849 No. 214)

Para 1. The Government having under date the 19th December 1843 recognized the Yeomiah referred to as a service grant for the support of a Choultry and for the subsistence of the party maintaining it, the Right Honorable the Governor in Council authorises the Collector of Nellore to continue the allowance of Rupees (30) Thirty per Mensem received by the

Fort St. George 28th June 1849.

the late Goolam Hoosain to his brother Goolam Mahomed in arrear from the 3d July 1847 the date of the Yeomiahdars decease.

2. It is observed that on the renewal of the grant in 1843, the Yeomiah was ordered to be paid subject to the necessary charges for maintaining the Choultry in a habitable state, but it now appears from the Collectors report that the buildings are in want of repair. The Governor in Council directs that the necessary repairs be executed out of the arrears payable to the present incumbent and that the remainder be disbursed to him, and as these buildings are situated in the town of Nellore, it will be the duty of the local Officers to see that the objects of the grant are duly fulfilled and that the Choultry is kept by the Yeomiahdar in a proper condition for the accommodation of Travellers.

Fort St. George 28th June 1849

Read the following Extracts

10

From the Sec.y to Government

Containing the observations and orders of Government against the registration in the Civil Courts of all deeds of sale transfer gift or mortgage of Maniems attacked to the Offices described in section II Regulation VI of 1831 and authorizing the Collector of Bellary to resume the Enam in the instance alluded to by him and to restore it to the party now holding the Office of Potail.

Extract from the Minutes of Consultation under date the 8th June 1849. N.o 560.

Read the following letter from the Secretary to the Board of Revenue (Here enter 25th May 1849 N.o 220)

The Right Honorable the Governor in Council is of opinion that as the transfer by sale, gift or mortgage of Maniems and other emoluments annexed by the State to Village and other Offices in the Revenue or Police Departments is declared by Section II Regulation VI of 1831 to be illegal, the Subordinate Courts would not be warranted in registering such transfers were they aware that the said emoluments were granted for the performance of public service, and it appears to him therefore that instructions to the effect suggested in the latter clause of Para 2 of the Board's letter would be scarcely necessary to provide against the registration of Deeds of sale of property of the nature referred to But should the Judges of the Sudr Adaulut see

no

no objection to the measure, they will require the Courts to intimate to the Collector of the District the registry of all transfers whenever they may have reason to suppose that the property affected by them is of the description falling under Regulation VII of 1831 in order that enquiry may be made and measures taken if necessary for resuming the Maniem and applying it to the purposes for which it was originally designed.

2. In the present instance the Maniem having in violation of Regulation been separated from the Office of Patail to which it was annexed by the State, the transfer must be considered "null and void" and the Acting Collector of Bellary will accordingly resume the land and restore it, if necessary, to the present holder of the Office.

Ordered that copy of the foregoing Extract from Minutes of Consultation, and of the Board's letter

to which it is a reply, be communicated for the information and guidance of the Acting Collector of Bellary, with reference to his letter dated 27th March last Mr. Pelly will be pleased to attend to the orders contained in para 2 of the Minutes of Consultation.

In Cons. 8th May 1849

(12)

From the Secy to Government containing the Government's observations and orders on the Board's Proceedings relative to the Settlement of Land Revenue in the District of Cuddapah for Fusly 1257 and desiring that a rent Roll be obtained from that District and that such Accounts accompany the Settlement reports of the Collectors and that the Sub Collector of Cuddapah be requested to avoid the local Revenue terms used by him in his reports

Extract from the Minutes of Consultation under date the 8th June 1849 Pa. 561.

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the Settlement of the Land Revenue in the District of Cudda- (Here enter 7th May 1849 Pa. 222)
-pah for Fusly 1257
A.D. 1847/48

Para 1 The season of Fusly 1257 in Cuddapah was favorable and healthy the harvest generally abundant, and prices though less than in Fusly 1256 were remunerative. The favorable commencement of the season induced the Ryots to undertake the cultivation of lands to a greater extent than in Fusly 1256. The remission under the head of Cabulaty Bunjer was thus proportionately

increased

increased the Dittum for the year
amounted to 24278 more than in 1256,
and was 135,375 Acres. The actual extent of
land included in the Settlement was
1179,176 assessed at Rupees 2544864. The
remissions which, with one exception
noticed by the Board in the 7th Para of
their proceedings, are fully accounted
for amount to Rupees 89546 7- The
settlement after deducting these and
adding Quit rent, Taxe on Enams, con
=cealed cultivation and Peshcush stands
at 22,18072, or 25574 Rupees above that of the
previous Fusly which was also unusually
high.-

2- Of this demand Rupees 84456
remained a balance at the close of the
Fusly, subsequently reduced to 3614 Rs
only a portion of which, for sufficient
reasons given by the Collector in the
41 Para of his report, will be realized.-

3- The Governor in Council grants
sanction for writing off in the accounts
the arrears of former Fusles pronounced
irrecoverable amounting to Rupees 1562-7-6
One Thousand five hundred and sixty
two, Annas Seven, and Pice six.-

4. A comparison of the cultivation
and Ayacut of Seircar and Enam land
shews that in Fusly 1257 Seircar land
assessed at 2544,864 of an Ayacut of
426759 or 59 per cent of culturable land
being little above half was actually so
cultivated while 77 per cent or more than
3/4 of the culturable Enam land was
cultivated the latter being 17,28,017 the former
22,25,345. The Enam land cultivated bears

5 The Government hope the Col:
lectors expectations of the success of New
Orleans cotton may be realized and
will look with much interest for Mr.
Cochrane's remarks on this subject in his
report on the current year.

6 The Governor in Council desires
to have from Cuddapah for Fusly 1258
a rent Roll of the District similar to
that furnished for Bellary for 1257 in
conformity with the directions of the
Board in their Proceedings of the
21st January 1847. Indeed it would be
desirable

desirable that such accounts should accompany the Annual reports of all Collectors and the Governor in Council requests that the Board will arrange for them being supplied for Fasly 1258.

7. The attention of the Board is requested to the report of the Sub Collector which notwithstanding the frequently expressed wishes of Government abounds in local Revenue Native terms - Indeed in some instances the explanatory Statements in it seem mere transfers of Mahratta into English character not translations as it is intended they should be.

8 The Right Honorable the Governor in Council observes with pleasure the favorable mention made by the Collector of his Assistants Messrs. Wedderburn and Smith.

12. 13 Ordered to be communicated to the Collector of Cuddapah with reference to the Board's Proceedings dated 7th May 1849.

Mr.

Mr. Cochranes attention is called to Para 7 and he will shortly receive instructions from the Board on the subject of Para 6.

14

From the Secy to Government.

Extract from the Minutes of Consultation. Under date the 12th June 1849 No. 569

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 31st May 1849 No. 228)

Deeming it sufficient to continue the village of Tandawady to the parties who have hitherto plied the Ferry Boats across the Cauvery and Coleroon in the Trichinopoly district and desiring the Board to reconsider their recommendation with reference to the observations expressed within.

Tandawady	S. Pags.	169-25-40	
Sembianore	"	245-15	"
	S. Pagodas	412-40-40	

It appears from the Register furnished by Mr. Travers in 1814 that the Shrotriem Villages referred to are not held under any Sunnud and that nothing was known of the grant at the time beyond the enjoyment of the revenues by parties working the Ferry Boats on the Cauvery and Coleroon Mr. Travers recommended that the Villages should be resumed and the Boatmen remunerated by a fixed Salary to ensure their regular attendance and proper performance of their work but this arrangement was not adopted and the Villages have since

continued

continued in the possession of the parties.

2. The Board of Revenue state the estimated value of the two Villages to be only Rupees 412" per Annum and with reference to the pittance of less than 2 Rupees per Month calculated thereon as falling to the share of each of the holders seem to think that the continuance of the grant for the period of their lives should not be encumbered with any condition of service as proposed by the Collector of Trichinopoly.

3. There appears to be some mistake about the estimated revenue of the Villages as taken from the Register the amount is not Rupees 412 as stated by the Board but S. Pagodas 412-40-40 or Rupees 1445-2-8 per annum and the actual outturn at present after a lapse of 34 years may be somewhat more. This amount distributed among the 18 sharers would give each man about R.s 6-11 per mensem a sum far too liberal to be allowed to the parties for life, even on the condition of such occasional service as is proposed by the Collector to

be exacted from them in return for the continued enjoyment of the proceeds of the Villages.-

4- Now that the Bridge over the Cauvery has been completed and one is shortly to be thrown over the Coleroon which will render unnecessary the service hitherto performed by the Enandars at the Ferries, the Right Honorable the Governor in Council is of opinion, with reference to the large amount of Revenue that would be alienated by the Board's proposition during the lives of the holders without any adequate service, being received in return by the State, that it will be sufficient to continue to them the smaller of the two Villages, named Paulachoody of the estimated value of S. Pagodas 169-25-40.-

The Board of Revenue will accordingly reconsider their recommendation with reference to these observations and report further on the subject for the final orders of Government.-

Ordered

Ordered that the following letter be submitted in reply.-

To

The Chief Secretary to Government

(14-16.)

To the Chief Secy to Government Stating in reply to Extract Minutes of Consultation 12th Instant that the Board consider that the continuance to the present holders of the smaller of the two Villages held by the parties for plying Ferry Boats across the Cauvery and Coleroon would be liberal but that no condition of service should be annexed to the grant.- In Cons. 28th June 1849.

From the Chief Secy to Government Para 1

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation of the 12th Instant, pointing out an inaccuracy in the estimated value of the Villages held by certain individuals in the Laulgoody Taluk for plying Ferry Boats across the Cauvery and Coleroon, and desiring the Board to reconsider their recommendation for the continuance of the Onams in question to these parties during their lives, as the service for which the grant was made will be no longer required.-

2. In reply I am instructed by the Board to express their regret that in their previous letter they should have inadvertently fallen into the error regarding the Deriz of the Villages in question pointed out by Government. It appears to them that under the circumstance

To Govt 31st May 1849.

circumstance the continuance to the present holders for their lives of the smaller of the two Villages will be very liberal treatment, but they would not annex any condition of service to the grant.-

Read the following Resolution

Extract from the Minutes of Consultation dated 19th June, 1849 - No. 579 -

(From Board 4th June)

On the representation of the Collector of Salem and the recommendation of the Board of Revenue, the Governor in Council consents to the reduction from 175 Rupees to 100 Rupees per annum of the Jodi to be fixed on the Village of Naickenoor upon the Savady Hills in the Talook Salem rather than adopt the alternative of resuming the Village and granting pensions to the family of the last incumbent with this concession. The Governor in Council thinks the Jodidar should manage the property without the interference of the Collector. If however after trial the present Head of the family should fail in doing so, the Governor in Council will not object to the Collector aiding him in levying a moderate rate

rate of Tax to be approved of by the Board of Revenue upon parties in the Village holding Enams other than service.

(Signed) H. C. Montgomery
Secretary to Government

Order thereon.

I have the honor to ac-
-knowledge the receipt of Extract from the
Proceedings of the Board of Revenue
dated 23d April last returning for revision
the Statement of Extra Charges incurred
without Estimate in this District for
Fusly 1257 / 1847-48 together with the Account
Particulars which accompanied it—

2

The Board of Revenue
will on further perusal of these Docu-
-ments perceive that the comparative
Statement in question has been prepared
in conformity with the Instructions
contained in your letter of the 1st May
1848. The Hire for the Conveyance
of Treasure for Fusly 1257 / 1847-48 having been
entered in the Account Particular No 6.

and

DESTROYED ORIGINAL

and not in that of No 2. as in the
charges for the preceding Fusly, and the
Statement in question being a comparative
one between the two Fuslies, a corres-
-ponding alteration was required to be
made in the Entries of the Charges under
the Items 2. and 6. for Fusly 1256 / 1846-47—

In the comparative Account
3 Particular No 2 of Contingent Charges
not strictly Saudermand the Item of
Rupees 59—5—4 is exhibited as the Hire
for the Conveyance of Treasure to the
Talooks for Fusly 1256 / 1846-47. This sum having
been deducted from that of Rupees 104—3—8.
as entered under Item No 2 in the
Statement of Extra Charges incurred in
Fusly 1256 / 1846-47 leaves a Balance of Rupees 44—4—
4— and is added to Item Rupees 805—3—10
under No 6. which exhibits the Charge
for the Conveyance of Treasure, this
Amount Actually so incurred is increased
to Rupees 864—9—2— and these sums
respectively have been so altered and
entered under the Columns of Charges
for Fusly 1256 / 1846-47 in the Comparative
Statement for Fusly 1257 / 1847/48. The total
Amount incurred and already sanctioned

for

Fort St George 28th June 1849.

for Fusly $\frac{1256}{1846-47}$ it will be observed is the same, Viz^t Rupees 4,391 — the alteration in the Items referred to having been made with a view to the necessary comparison being drawn.—

A revised comparative Statement and a separate Comparative account Particular No 2 of Contingent charges are herewith forwarded together with those at first submitted.—

From J. D. Bourdillon Esqre
Coll^r of North Arcot.

Sir,

With reference to the Extract from the Proceedings of the

Fort St George 28th June 1849.

the Board of Revenue dated 21st ultimo directing that the Abkarry Farm should be put up to auction, I have the honor to report to the Board that it was accordingly put up this day in my presence. The bidders were unanimous in preferring a term of four three years to one year, and the farm was accordingly put up for three years. The highest bid was that of Mr. Norman Morison who offered 37,000 Rs a year for three years. He names Messrs Parry and Co. of Madras, as his Sureties, and to make the usual deposit on his account, agreeably to the Board's Orders in their Circular letter of the 11th July 1828. I beg to recommend that this Offer should be accepted, it is 5900 Rupees above the Amount of last years rent 16,45. above the average of the last ten years, and 25% 25' above that of the last twenty years, as shown in the Annexed Statement.—

2. I apprehend that the Security of Messrs Parry and Co will be considered fully sufficient, but should there be any difficulty on this score

Mr

Fort St George 28th June 1849.

Mr. Morison states that they will make a deposit of an additional kist, agreeably to the Board's letter above quoted. As Messrs Parry and Co are on the spot, and as Mr. Morison proceeds to Madras this evening, the Board will perhaps be pleased to communicate directly with those parties on this point. If Security is taken the bond should be drawn up according to the form of English law. The Amount of Security demandable is 45,668. Rupees, the Amount of one kist to be deposited is 11417. Rupees, and the total deposit, if no Security is given will be 22834 Rupees.

3 In the event of the Paumoor Talook being transferred to Nellore District a deduction is to be made according to the number of Shops in the Talook. but it is desirable that the Collector of Nellore should be instructed to respect the Agreements made by the parties who may Subrent the Talook, as in the absence of such a provision, Mr. Morison would be under a disadvantage in making arrangements for that part of his Contract. It will be desirable also that the transfer should be made only at the close of a Fusly year.—

Proceedings thereon

38. 39

The Board of Revenue authorize the acceptance of the offer made by Mr Norman Morison for the rent of the Akkarry Farm of North Arcot for three years at the yearly sum of 137,000 Rupees Mr Morison will be placed in possession of the farm from the commencement of the approaching Fusly The Board of Revenue have arranged with Messrs Parry and Co for the required deposit and Security, and will communicate further upon this subject with the Collector if necessary Mr Bourdillon will have learnt from the Copy of the Extract Minutes Consultation of 20th communicated to him upon the 21st Instant that the Government have

Fort St. George 28th June 1849.

have authorized the immediate transfer of the Paunoor Talook to the Nellore district, but as the Collector of Nellore might experience some difficulty in effecting the rent of the Paunoor Abkarry for the approaching revenue year it would be well if Mr. Morison could hold the North Arcot farm at its present limits for Fusly 1259. He might pay the entire rent 137,000 into the Chittoor Treasury, and the Collector would credit the Nellore district in his accounts with the proportion due on account of Paunoor. The Abkarry Rent of Paunoor for Fusly 1260 would be disposed of by the Collector of Nellore Mr. Morison receiving a proportionate abatement in his rent for the two remaining Fuslies 1260 and 1261 of his lease. The Collector will endeavor to arrange this with Mr. Morison reporting the result to the Board.—

Collector

No. 1 30th April 1849

The Decree of the Court of Sudder Udalut, Subordinate Court of Salem Original Suit No. 203 of 1841. Civil Court of Salem Appeal Suit No. 19 of 1844. Court of Sudder Udalut Special Appeal suit No. 37 of 1847.—

Special Appellant	Special Respondent
G. F. Fischer Esqre versus	W. E. Lockhart Esqre Principal Collector of Salem.—
Vakeel.—	Vakeel.—
T. Ramachendraiah	Goolam Moortoozah

This suit was originally instituted for the recovery of Rupees 731-14-. value

of Indigo leaves and profit thereon.—

The Plaint set forth that the 3d Defendant rented from Plaintiff pn warum tenure certain land/ described in the Plaint/ for 2 years, Viz.th 1839 and 1840 and that when he/ 3d Defendant/ was about to cultivate the same he was prevented by the 2d Defendant/ Tahsildar by order of the 1st Defendant/ the Principal Collector/ although he/ Plff twice advised the 1st Defendant that the land in question belonged to his Mootah and not to the Government.

The Acting Subordinate Judge passed a Decree in favor of Plaintiff recognizing his right to rent out the land in dispute and adjudging 1st Defendant to pay him Rupees 663-4- as damages with proportionate costs of suit.

The 1st Defendant appealed from the above decision.—

The Civil Judge reversed the Decree of the lower court observing that Respondent had admitted he would not have claimed the land had the State kept up the Fort but argued that as it had been deserted and the walls in great part neglected and destroyed he had a right to the unoccupied grounds within and about the walls wherever

they stood that it was also admitted that the walls were removed by Government to increase the Salubrity of the Town which was also proved by Document 28. being Copy of Extract from Minutes of Consultation of 18th April 1836 that under those circumstances and as Document 30 being a Takeed issued by Collector on 19th October 1837. directs that parties were to be permitted to build on Fort grounds cleared at Government cost and Sanction be/ the Civil Judge/ did not consider that Government ever relinquished possession or their right to the disposal or controul thereof whereby their object in preventing nuisances might have been defeated, nor did he consider that the said Fort lands fell under the description of waste lands alluded to in Section XV Regulation XXX of 1802. The Civil Judge further remarked that as 3d Defendant was immediately prevented by the Collector from cultivating the the Fort ground rented to himself by Respondent the latter should have sued for the land also and any other Fort ground to which he conceived he had a right instead of Sueing for the produce alone.—

The Respondent was adjudged to pay all costs of suit.—

The Plaintiff/ Respondent/ specially appealed from the above award to this Court, and a special Appeal was admitted on the

ground

ground that the Appeal Decree was appa-
=rently opposed to the Regulations in force
with regard to the disposal of lands included in
Mootahs held under a Sunnud. i. Milkeat Isti-
=merar and to former decisions passed in Plaintiffs
favor in cases analogous to the present

The Court of Sudder Udalut are not
of opinion that the land in dispute which has been
recalled into existence as it were by the removal of
the walls of the Fort in some places clearing away
the rubbish and levelling the ruins in others where
they had fallen down and filling up the ditches
can be held to fall under the description of Bora-
=ke lands the collections from which the Board
of Revenue in their Proceedings of 8th November 1834
directed the Collector to refund with the sanction
of Government, or of those lands in the Beds of
Tanks or within the walls of Forts from which
they were of opinion the Mootahdars had a right
to derive Revenue but must be classed among those
which in their subsequent Proceedings of 14th April
1840 they considered to be excepted from such as
"having been specially reserved or occupied at
"the time of the Settlement by Government
"or private parties, and although the
opinions of the Board of Revenue are not
to be a rule for the guidance of the Courts of
Judicature in deciding suits, yet they may be
taken as evidence and must be held to be
of

of some weight in such matters. Nor
do the Court think on more mature
consideration of the point that the ca
Suits alluded to by the Special Ap=
=pellant as precedents in his favor are
altogether analogous to the present.
There is no similarity between the
"Jungle lands" litigated in original
Suit No. 381 of 1837 which Mr John Ca
Bird decided in favor of the Mootah=
=dar and the lands now in dispute
which having been appropriated ca
by Government for a particular ca
purpose long before the Sale of the
Mootah to the original proprietor ca
must still be considered the property
of Government although no longer
required for that particular purpose.
Mr Watson's case may be somewhat
similar but at all events this
Court is not bound to follow
such a Precedent, if they see
reason to form a different opinion.

The Court concur also
with the Civil Judge that the lands
in question do not come under the head
of

of waste lands alluded to in Section XV
Regulation XXV of 1802. moreover it is a cer-
=tain well known fact that the ground consti-
=tuting the Sites of the Walls and
Ditches and the Glacis of other Forts
have after the Walls have been levelled
and the ditches filled up with a simi-
=lar end in view, Viz.t the increase sa-
=lubrity of the Towns within them been
sold on account of Government for
Building and agricultural purposes
and although such Forts were not
situated within the boundaries of Mo-
=fussil like the Salem Fort yet it
is therefrom to be inferred that the
ground in question which the Special
Appellant admits was entered in the
Sayacut Accounts as the Glacis of the
Fort was always in like manner consider-
=ed to be the property of Government and
reserved for its own use although such
reserve was not particularly specified
in the Istimrar Sunnud.—

The Special appellant has
argued with much ability on the Sa-
=cred and inviolate nature of the
Said Sunnud and about the absolute
necessity

necessity there is to refer to it and to it
only for the Settlement of all disputes.
but the Court are of opinion that the
Special Respondent has Satisfactorily
Shewn that in a dispute like the pre-
=sent that Document does not con-
=tain sufficient internal evidence
in itself to decide the matter but that
a reference must necessarily be had
to other Documents such as the Tooloo-
=shis prepared from the Sayacut
accounts and granted to the Mootah-
=dars at the time of sale.—

With equal force and abi-
=lity has the Special appellant espati-
=ated throughout his Pleadings on the
liberal and enlightened Policy intenti-
=ons of the Government of 1802 in en-
=couraging land holders to cultivate
whenever cultivation could be carried on
yea yea. as evinced in the preamble of Regula-
=tion XXV of 1802 and in the sunnud-i-Mil-
=keat Istimrar itself of all which there can
be no doubt. but as the Special Respondent
justly observes there is abundance of
waste

waste land in most if not all Moatahs never yet brought under the plough which Mootahdars may bring into cultivation and which Government intends they should cultivate if they please, without laying hold of or claiming land such as this.—

With regard to the arguments based on the precise meanings of the terms "Anady Bunger" and "Poramboke" the Court are of opinion that they are of little weight. It is certain that Poromboke although generally understood to mean "waste lands that have never been cultivated and are uncultivable" is also applicable to lands that are or can be made capable of cultivation. It is moreover obvious that it must have been the intention of Government to reserve to itself and it did reserve many spots of ground for various purposes such as those enumerated by the Special Respondent, which the special appellant might with equal reason claim as being fit for cultivation but which he could not be permitted to

to occupy without very great inconvenience and injury both to the Government and to the Public: and there is no knowing what Spots of Ground the special appellant might not lay claim to were his present claim to be admitted.—

Whilst therefore the Court readily and fully admit that both justice and good Policy demand that every reasonable and proper latitude should be afforded to the Special appellant and Mootahdars in general for the extension of cultivation, the improvement of the Estate, and the increase of his Profits, the Court feel bound looking at the merits of the case in all its bearings to dismiss the present claim and to affirm the decision of the Civil Judge in appeal.—

The Decree of the Lower Court is therefore confirmed and the special appellant adjudged to pay all costs

costs of Suit.

To the Chief Secy. to Government

To.
The Chief Secretary to
Government
Sir,
With reference to Extract
from Minutes of Consultation dated 4th
March 1842, and to the Correspondence noted
in the Margin, I am directed by the Board
of Revenue to Submit for the informa=
-tion of the Right Honorable the Governor
in Council the accompanying letter
from the Collector of Salem dated 11th
Instant forwarding Copy of a decree
passed in the Court of Sudder Udaulut in

Fort St. George 28th June 1849

in A. S. 37 of 1847 confirming the decree passed by the Civil Court of Salem in favour of Government in A. S. 190 of 1844.—

2. The Government are aware that this suit was brought to procure the reversal of the Appeal decree passed by the Civil Judge of Salem and to Establish the right of the Special Appellant to damages for having been prevented from cultivating the old Fort Ground at Salem and thereby to make good his claim to the Fort Ground itself. The Court of Sudr adalut have confirmed the decree of the Civil Court thereby disallowing the claim of the Special Appellant to the Ground in question.—

Revenue Board Office,
Fort St. George...

From W. E. Lockhart Esqre
Collector of Salem...

Sir,

1. Referring to Extract from Minutes of Consultation under date 25th November 1848 conveyed with the Proceedings of the Board dated 14th December, regarding the culture of Wheat and calling on me to explain the difference in my return and those of the ceded Districts, I have the honor to state that according to the returns received from the Talooks, Acres 3,960 having only produced 52 Garces of winnowed wheat, is correct.

2. The seasons reported on, Fasles 1256 and 7 were unfavorable for the cultivation of that grain, from the failure of periodical rains on some of the hills, and some places the crops were destroyed from too much rain at an unseasonable time. In favorable seasons an acre produces 80 Measures or 10 Parcels of winnowed wheat, but in the season reported on the average produce amounted only to 42½ Measures per

Explaining the difference observable in the Wheat return sent from this Office and those from the ceded Districts, recommending the assessment of the lands cultivated with that grain to be reduced to ½ of the present rate and forwarding an Indent for 400 Measures of Seed to be distributed to the Ryots.

Fort St. George 28th June 1849.

per acre. The soil on the hills in the Salem Talook is considered superior to that of the hills in the 3 other wheat growing Talooks, the average produce of the Shevaroy hills being 77 Measures per acre and that of Tancul, Attoor and Tripatoor not exceeding 49.

3. The only way that I can account for the great difference in the amount of produce of this and the ceded Districts, is the nature of the soil. I believe a great proportion of the soil in Cuddapah and Bellary Districts is composed of black earth, which retains moisture and in which cholum and Cotton are cultivated as well as Wheat, and the land consequently yields a fair return, but in this District wheat is generally grown in soil composed of light red earth much inferior for this description of grain; and the only rotation of cropping is Raggy which is not of the marketable value of the crops raised in the other Districts.

4. The Board in the 2d para of their proceedings require me to state the terms which I would recommend to encourage the growth of Wheat, the indulgence allowed

Fort St. George 28th June 1849.

allowed to the settlers on the Shevaroy hills in the cultivation of Coffee, will not be applicable to the growth of Wheat, which requires a rotation of crops and change of land, and also the benefit of a sufficient supply of water; and even a progressive Cowle will not answer the purpose, as the usual Anadee lunjer land would not be suitable for the growth of wheat. I would therefore recommend that the assessment on all lands cultivated with wheat be reduced 3/4 of the present rate. an indulgence which I doubt not would in some measure stimulate the ryots of the Hills as also some in the low Country to improve and extend the cultivation of that grain.

5. I issued instructions to the Tahsildars regarding the offer to supply the Wheat seed gratis, but only a few ryots expressed any wish to receive any, as it is not an article of consumption among themselves or easily disposed of in their Bazars, excepting at large stations, but I have with forward an indent for measures 400, and I think some of the people may be induced to give it a trial, particularly if the teerwah on the land is reduced as

Fort St. George.

From the Acting Collector of Tanjore.

Sir,

Reporting on the Board, I have the honor to submit agreeable to the orders of

(44)

9729

Fort St. George 28th. June 1849.

on Petition No. 932 of 1849.

on Petition No. 932 of 1849.

2. Petitioner on behalf of his client claims possession of, and right and title to certain Meerasee lands, situated in the Village of Nammaly in Nyaneram Talook, on the plea of being the widow and sole heir of one Venkataramien, divided brother of one Soobramanien now alive.

3. This claim was personally heard before Mr. Clarke the late acting Collector, and decided in favour of the surviving Son, whom he placed in possession. While the fact of a division of the family estate was disallowed.

4. The case appears to be as this. Some years ago the head of the family one Soobbroyer Meerasdar of Nammaly having no issue, adopted his Nephew, who was the father of the two brothers, Venkataramien, and Soobramaneyar. The father of these boys died during the life time of the old man Soobbaroyer, who after performing the marriages of his adoptive Grand children, died and left his Meerasi lands to be enjoyed by them jointly making the registry in the name of the

Eldest

Fort St. George 28th. June 1849.

Eldest Vencataramien, now deceased, and lately husband of Petitioner's client. on the demise of this lad the widow has set up her claim to inherit on the plea of a division having taken place by the order of Soobharoyer, one month prior to his death in 1844. She has been unable to produce the Division Bandor to substantiate the fact of a division having taken place. Five witnesses were examined on the point, and could state nothing definite. The talook authorities also were questioned on the subject, and deposed that they never heard of a division having taken place.

5. The Acting Sub Collector very properly decided, that the widow of a deceased brother of an undivided family could not inherit landed property as long as a Male representative existed, and consequently that Soobramanien should be maintained in possession of the Meerasi lands, and his signature obtained to the cultivation Moochilkais &c.

And the widow if she still considers herself entitled to a share to sue out for possession in the Civil

Order thereon.

Ordered that the following Endorsement be passed on Petition No. 932 of 1849. "This Petition is rejected, the decision passed in the case by the acting Sub Collector is quite proper and the Board see no reason to disturb it."

To J. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

46.

From the acting Collector of Tanjore submitting further Explanation on Petition No. 231 of 1849.

Sir,

1. I have had the honor to receive Extract from the Proceedings of the Board under date the 14th. June 1849, and as required thereby I beg to submit further explanation with reference to Petition No. 231 of 1849.

It was contended by the Meerasi

2. dars of the Village, the opposing parties to Petitioner, that he was a mere Kunda. Keerayem purchase Meerasidar, the term which implies a simple purchaser of Meerasi land and share

in

in a Village, without a right to the waste or perumpoke or Common lands, and consequently to the extra Sources of irrigation-

3. This plea was refuted by Petitioner by the production of the Deed of Sale, and it was upon this that the original order as mentioned in my letter of the 23d Ultimo was passed, authorizing Petitioner to raise water from the tank.

Para. 3.

4. It is not contended in the Office that Petitioner has not a right to the tank by his purchase; But to prevent constant dispute and even affray in the Village, the Modified award was issued, which cannot be said to be detrimental to Petitioner's interests cultivation.

5. There is no established irrigating System or rule laid down in the Pymash of the Village, and this tank was not originally formed for irrigation, but for the convenience of the Village community and since the conversion of the Punjay into Nunjay water has been usually lifted from it, by the Meerasidars of the Village.

With

6. With reference to Para 2 of the Proceedings under acknowledgement I can affirm that Petitioner will find no obstacle in watering his lands from the proposed duct during the freshes, and at other periods he still has the right to the tank. Under any circumstances the water has to be lifted for this land, whether from the channel or tank, and therefore I submit Petitioner is not by any means aggrieved by my orders. The Petition is herewith returned.

7.

52

From Collector of Canara

Reports on the Petitions No. 1809 of 1848 and 31 of 1848 herewith returned.

Sir,

Referring to the order of Government dated 9th September last, and that of the Board of the 21st of the same month on a petition bearing the Government No. 1411 and of the Board 31 of 1848.

I have the honor as directed to report on the circumstances connected with that Petition.

2. The dispute is one of very old standing and is between the Petitioner on the one hand and the majority if not the whole of the Muselman Community on the other as to which party the ready money allowance assigned for the support of the Mosque shall be paid. It had it appears been going on for 19 years when taken up originally by one of the Assistants Mr. Young in 1838, and by him decided in favor of the Petitioners brother, but the other party immediately lodged an appeal before Mr. Blair the late Principal Collector and it was by him referred.

Fort St. George 28th June 1849

referred for re-investigation to Mr. F. Maltby the Sub Collector who appears to have gone very fully and carefully into the merits of the case, and recorded a Memorandum for Mr. Blairs information copy of which I have the honor to forward herewith. In this it will be seen that the case is one of great complexity but he considers on the whole that the party opposed to the petitioner had the strongest case although like the majority of disputes of the same nature in that part of the district the use of false evidence both oral and documentary is so universal that it is a matter of great difficulty to assign its true value to the proof adduced by either party. No decision was passed by Mr. Blair and the appointment of a Trustee under the late general arrangements for the transfer of the management of these institutions still remained in abeyance when I took charge of the district. As it was necessary that this point should be disposed of the proceedings formerly held in the case were reviewed by myself and the final

Fort St. George 28th June 1849

order passed upon the appeal under date the 19th July 1847, a translation of which was appended to the Petition to the Board No. 1809 of 1847 which accompanies the one under reply.

3. My decision in the case was partly grounded on the opinion recorded by Mr. Maltby but partly also upon the general principles upon which it was necessary in accordance with the instructions issued on the subject that questions relating to these religious Endowments should be decided. One of these is that the institution is for the benefit of the community at large, and that the management should if possible be conducted in accordance with the wishes of the Majority. In this case the whole of the Community was opposed to the claim of the Petitioner which involves, although not expressly so stated, the exclusive management of the Mosque, and is founded on the alleged fact that the Mosque was built and endowed by his Ancestors. There are cases in which the claim of a private party or family to the exclusive control requires to

Fort St. George 28th June 1849.

to be upheld, but it appears to me to be necessary in all such cases and particularly where that right is for the benefit of only one, and in opposition to the interest and wishes of all the others who are concerned in the welfare of the institution, that this claim should be established in the clearest possible manner. Such it will be observed from Mr. Maltby's Memorandum was not the case in the present instance and in default of such proof in petitioners part I considered that the wishes of the Majority of the congregation of the Mosque were entitled to be respected. In accordance therefore with the instructions laid down by the Boards by which it was directed that a single Trustee should be appointed in all practicable cases where the allowance assigned to the Institution did not exceed 50 Rupees, I appointed the Mootry of the Mosque to be trustee and directed the ready money allowance to be paid to him as such. The arrangement has I have reason to believe been satisfactory to the whole community with the

Fort St. George 28th June 1849.

the exception of the Petitioner who claims a private right to the Management, and to the receipt of the allowance to the exclusion of and in opposition to the wishes of all other parties concerned.

4. I think it necessary to observe that the circumstance of the endowment having originally been paid from the Petitioners Estate does not in any way confer a personal right on him, or bear out the allegation that the endowment was made by him or his Ancestors. Emams of this nature are not in Canara conferred by a separate grant of land but by assigning a portion of the public assessment payable by some private Estate or Wurg. but the sum assigned is deducted from the public Revenue and is essentially therefore a public and not a private endowment, and on this ground the public officers appear to be fully competent to make arrangements for its proper disposition.

5. Under any circumstances it will be observed that the dispute is one that has been carried on for 30 years. That the nature of the case is not such as to render it possible to reconcile the opposite

9742. Fort St. George 28th June 1849.

opposite claims of the Petitioners on the one hand and the congregation on the other or to ascertain precisely at this distance of time the degree of influence in the Management of the institution which either party was entitled to under the former Government and that even if the arrangement lately made by me were cancelled it would only throw the question into the same confusion as it was for so long a time before and would by no means amount to a final Settlement of the dispute unless the Petitioners were declared entitled to the absolute control of the institution without reference to the wishes of those for whose use the Mosque was built and endowed and for this there appears no sufficient ground.

6 The Petition No. 31 of 1848 now under acknowledgment is herewith returned.

No. 1.

Memorandum.

The present is a dispute for Rupees 304 being the tusdeck of a Mosque for 19 years.

The tusdeck yearly was 4 Hons and it appears that this formed the salary of the Mookeree. A dispute arose between two parties the one having dismissed the Mookeree the other objecting to the new and supporting the old Mookeree. In consequence of this dispute the tusdeck was held in Deposit and accumulated annually till 3 years ago when the heads of the Mosque petitioned that it might be given over to them for the benefit of the Mosque; but a claim was then preferred by the party in whose wing the tusdeck is entered, alleging that the money was his.

He stated that it was Compensation for expenses which he had

Continued

continued to incur for the Mosque at the rate of 18 Mooras of rice a year, that the Mosque was in his wing, having been endowed by his Ancestors and that the tusdeck used to be paid into his hands and he used to provide for the expenses of the Mosque, as he has continued to carry on those expences he claimed the amount which had accumulated.—

The first claimants denied his right. They stated that two Mosques were entered in the Defendants wing, this and the Oodiawer Pully. The tusdeck of the latter is 18 Hoons. of this a small portion (1 Hoons 3 1/4 a) was made over to assist the funds of the other Mosque and for this sum the Defendant paid the 18 Mooras of rice. He has therefore no right to the sum accumulated, this they stated was the Salary of the Mookeree. In consequence of the dispute as to who was the Mookeree it was held in deposit and now belongs

to the community and not to the defendant.

The point at issue between the parties therefore is whether the 18 Mooras of rice paid by the defendant are paid on account of this sum or on account of a sum paid to him from the other tusdeck.—

The evidence either way is very unsatisfactory. Mr. Young thought that the defendants claim was the strongest, that as the tusdeck was in his name and he continued to supply the Mosque with the 18 Mooras of rice the presumption was in his favor and he was entitled to receive the sum accumulated which has accordingly been paid to him.

My own impression is different from Mr Young's and I should have been inclined to give the sum accumulated to the other party that is to the community for the benefit of the Mosque. I think the presumption is strong in their favor for if the money was the defendants in consideration of 18 Mooras of rice paid to the Mookeree, there could be no ground

Fort St. George 28th June 1819

ground for its being held in deposit since the defendant could show that he continued the payment to the Mookeree, and the defendant would hardly have continued the payment so long without remuneration. The defendant did not lay any claim to it until the Community requested it might be made over for the benefit of the Community.

The evidence on either side is inconclusive, but the circumstances are against the defendant and the heads of the community seem to oppose his claim. The sum appears to have been received by the Mookeree not by the defendant.

The accounts of the Odiaver Pully are in favor of the community at least a document is produced showing that in one year when payments were made in cash instead of rice the sum of Hoons 3 1 4 was paid out of that fundeck to the Mookeree of the Pundal Pully. If this document is genuine it decides the case: and I do not see

Fort St. George 28th June 1819

any very strong reasons for discrediting it.

The amount of rice received on account of both Mosques and the way in which it is disposed of is admitted by both parties.—

The amount is from Plaintiffs 5-7 Mooras from other tenants 42, Total 99

	Hs.	fs	as
The tenants receive for 42 Mooras	6	7	8
	11	2	8
Plaintiffs for 5-7 (as he claims)	4	"	"
	15	2	8
(as the rest state)	11	2	8

Now since if he received but 11 2 8 he would be paid much more than the Moolgueny tenants are paid for what they contribute, this account rather confirms the statement that the Hoons 4 were not paid for this rice but were the Mookerees Salary.—

The rice is thus disposed of as admitted by both parties.—

Odiaver Pully	Hs.	fs	as.
Cayee 30 Mooras	6	"	"
Mookerie 21 Ditto	3	1	4
Ditto 18 Ditto	3	0	4
Ditto 12 Ditto	2	1	4
Pundal Pully 1.			
Mookeree	3	1	4

From

Fort St. George 28th June 1849

From this it appears that if the Goons 4 be also paid to the Mookeree of the Pundal Pully he receives more than any other servant. But upon this the Mookteysars observe that such is the case because the whole duties of that Pully fall upon him. This is reasonable.

I am therefore inclined to think the sum ought to have been considered as the property of the community - that in future the Mookeree ought to receive it as his salary. That the defendant ought to continue to furnish his 57 Moorahs of rice from the land he holds receiving as before Fo 11-2-8 from the two Seeks.

Collector

Order thereon - Ordered that the foregoing

Fort St. George 28th June 1849

letter be submitted with the following address:

To The Chief Secretary to Government.

Sir,

52:53

To the Chief Secretary to Government } I am directed by the Board of Revenue to acknowledge the receipt of an order of Government under Dated 9th September 1848 (Bd's Proc. 18th Sept. 1848) forwarding to them Petition No. 1411 of 1848 and requesting them to call upon the Collector of Canara to report for the information of Government what final orders he may have passed in the Petitioners case.

In reply I am instructed to submit the accompanying letter from Mr. Blane from which it will be perceived that the case is one of much difficulty, and that different opinions have been formed of its merits by a former Assistant and Sub Collector of the District. When measures were being taken for divesting the Government servants of all share in the conduct of the native Religious institutions of the Province of Canara, the Collector

* 26th June in Cert. 28th June 1849

Fort St. George 28th June 1849.

Collector reviewed the proceedings which had previously been held in the case, and decided against the Petitioner's claim to the Management of the Mosque and its endowments which were committed to the Mookry of the institution. Mr. Blane was he explains, induced to take this step, not only because he concurred with the Sub Collector (Mr. J. Smalley) by whom the matter had been investigated in appeal from the Assistant Collector, that the claims of the Petitioner had not been satisfactorily established, but because the appointment of that individual to be a Trustee would be opposed to the wishes of all parties interested in the Mosque, and would therefore be at variance with the general principles upon which the transfer of the religious institutions of the Country to Native Managers was to be regulated.

3 It appears to the Board that under all the circumstances the Collector

Fort St. George 28th June 1849.

has adopted the safest and most proper course and they would not advise that his decision should be disturbed.

Revenue Board Office,
Fort St. George,

From the Collector
of Madras
13th June 1849.

Sir I have the honor to transmit herewith, for submission to the Board of Revenue Copy of a letter from Messrs Binny & Co and to report that on the 8th Ultimo I collected Rupees 8 — as duty on a Watch received by Sea from Secunderabad. This it will be observed is a case nearly similar to that referred to in the Correspondence noted in the margin.

As

To B. of R. 16 June 1847
From Do. 8 July 1847

DESTROYED

No 1

To The Collector of Land Customs.

Sir, With reference to a Package, which we took possession of from your Department on the 8th Ultimo, we have the honor to subjoin Copy of a Communication from Messrs Arbuthnot and Co to our address, together with Extract therein alluded to and to request that if practicable, a refund of the sum paid by us as Inland Duty Viz Rupees 7-8-

9753 Fort St. George 28th June 1819

may be made to us on behalf of Colonel Blundell.

Madras 13th June 1819 } Signed Binny and Co

Messrs Binny and Co

Dear Sirs,

With reference to our letter of the 11th Ultimo we beg to annex Extract from a letter received by us from Colonel Blundell relative to the inland duty paid by you on the Watch which was returned by him, and we think that a representation of the case should be made to the Collector of Land Customs.

Madras 21st June 1819 } Signed Arbuthnot and Co

Extract-

I beg to acknowledge the receipt of your letter of the 11th in which is an additional demand from Messrs Binny and Co for Inland duty paid by them for a Watch of Messrs McCabe and Co returned by me. I cannot but think that such a duty would not have been

9754 Fort St. George 28th June 1849

been levied had Messrs. Binny and Co. afforded a simple explanation that Import duty amounting to Rupees 9-7-2 had been paid by them for the same Watch not a fortnight previously and that it was immediately after despatched by them to me, and again returned by me to Messrs. Binny and Co. the very day of its receipt by me.
