9765. Fort St. George - July 1849.

Diary -

Received the following letter -

29th June 1849.

To,

The Secretary to the
Board of Revenue.

Sir,

(1)

From L.C. Innes Esqr.
Asst. Collr. of Salem -

I have the honor to forward herewith a certificate recommending that I should be allowed absence for three years to Europe for the benefit of my health, and to request you will submit it to the Board to be forwarded for the sanction of Government - I am aware that the ordinary course would be to send the letter through my Collector Mr. Lockhart but as the state of my health requires my speedy departure which cannot take place until leave is obtained I trust my non observance in the present instance of the ordinary course will not be objected to.

Read the following Petition.

To, the Honorable the Governor in Council
Fort St. George.

The humble Petition
of Shait Geredharadoss
Monkayee Thadalayee
Veerzeemahanadoss
Sowcar residing at
Godoogoopettah in the Town
of Masulipatam.

I most submessively beg leave to state that your honors Secretary has through the means of Masulipatam Collector sent to me an Extract from the Minutes of Consultation of the 13th March 1849 which acquaints me that with regard to the

Fort St. George 2d July 1849.

the subject of the petitions addressed to the Honorable the Court of Directors under date the 20th of January 1847 that authority by 19th para of the letter No. 17 dated 19th of November 1848, made an award and that the decision passed by them on the petitions formerly submitted by me for their consideration, will be communicated to me through the Channel of the public authorities

It is nearly three months since I received that letter and I remain entertaining hopes that your honor in Council, would cause the amount to be paid to me in justice, but I am not as yet acquainted with the particulars of the decision aforesaid, nor Received the Money which is justly payable to me. From my not having been still paid the Money it made me subject to an embarrassment and to a great deal of loss to my money dealings.

I

Fort St. George 2d. July 1849.

I therefore humbly entreat your honor in Council will after perusing the aforegoing circumstances of mine, be graciously pleased to deliver me from the troubles which I involve in for Daw dwelling under your flag Staff wishing the augmentation of your lasting wealth, to acquaint me with the decision of the highest authority and to issue speedy orders to pay me the money just payable to me on this matter. For which act of Justice I shall ever feel grateful

Masulipatam, 9th June 1849. } (Signed) Shait Bryeemohona Dos Gheredharadoss Sowcar.

No. 1197 of 1849.

Resolved with reference to the Petition of Sait Geredaradoss that the Board of Revenue be requested, if they have not already done so, to communicate, through the Collector of Masulipatam to the Petitioner without further

Fort St. George 2d. July 1849.

further delay the orders of the 16th March 1849 conveying the decision of the Honorable Court of Directors on his Memorial.

By Order

(Signed) H.C. Montgomery

DESTROYED

18-19

J.G.B.

Fort St. George 2d July 1819

20.

From the Secretary to Government -

Containing the observations & orders of Govt on the progress made in laying down a boundary line along the River Kistna between the Districts of Masulipatam & Guntoor & the course to be pursued in the future settlement of the boundary disputes between those Districts -

Extract from the Minutes of Consultation, under date the 27th June, 1819 No 805 -

Read the following letter from the Secretary to the Board of Revenue -

(Here enter 14th May 1819 No 209)

Para 1 The Right Honorable the Governor in Council is glad to observe from the papers laid before him by the Board of Revenue that Mr. Newill has hitherto conducted the important duty entrusted to him of adjusting the boundary disputes between the Ryots of Guntoor and those of the adjoining District of Masulipatam with a combination of skill judgment and zeal deserving of high commendation, accompanied by the most praiseworthy and rigid impartiality, all of which appear to have won for him the confidence of the Villagers whose interests are involved in his proceedings - The Governor in Council approves therefore of the proceedings hitherto conducted by Mr. Newill, and resolves to direct that he be entrusted to continue his Survey of and decision on the whole

whole of the boundary disputes according to the plan he has suggested, subject to the qualifications proposed by the Board in para 6 of their letter, taking care that he completes the survey of each Village before he passes on to another and referring any question on which he may entertain doubts through Mr. Elliot the Member of the Board of Revenue on deputation, who will if there be occasion, submit it to Government.

2 The Collector of Masulipatam should be instructed not to interfere in any way with Mr. Neuill's proceedings lest such may lead to trouble and correspondence similar to that heretofore occasioned, but when as a great change may result from Mr. Neuill's plan, he should give the Collector of Masulipatam an opportunity of offering his Remarks which he will submit with his own report.

3 Wherever Mr. Neuill may find it necessary to assign portions of Islands in the Kistna River to Villages in both Collectorates he will submit

Ordered

submit through the proper Channel his opinion as to which District the judicial jurisdiction should be attached, when the orders of Government will be communicated.

4 As the early and final settlement of the boundary disputes is of great importance, the Governor in Council considers it desirable that Mr. Neuill should be temporarily relieved from his Revenue duties under the Collector of Guntoor, to enable him to devote his whole time and attention to the one on which he is now engaged.

5 Agreeably to the suggestion in para 7 of the Board's letter application will be made through the Government of India to the Surveyor General of India for any records or other information which his Office may afford on the former Surveys of Guntoor Masulipatam and Condapilly.

6. The Governor in Council sanctions the erection of the proposed Land marks or Beacons to mark the boundaries of Villages at

9788 Fort St. George 2d. July 1849

at an escpense of Rupees 276 Two hundred and seventy five, and to desires that they may be built of the most durable materials -

To, The President and Members of the Board of Revenue -

Order thereon -1.

(20. 21)

Ordered that Copy of the foregoing Extract from Minutes of Consultation and of the Board's letter to which it is a reply be Communi:-cated for the information and guid:-ance of the Collectors of Masulipa:-tam and Guntoor respectively - The latter officer will furnish a copy to Mr. Neville.

Mr. Stokes will relieve his Head assistant from his Revenue duties temporarily during his em:-ployment upon the Survey, and Mr. Porter's attention is called to para 2 of the Minutes of Consultation - ✓

Extract

9789 Fort St. George 2d. July 1849

(22)

Extract from the Minutes of Con:-sultation, under date the 26th June 1849 at No. 604.

Read the following letter from the Secretary to the Board of Revenue -

(Here enter 28th May 1849 No. 226)

The Right Honorable the Governor in Council is of opinion that the arrangement recommended by the Collector of Cuddapah and supported by the Board of Revenue in regard to the Village of Boggolatapully which was alienated by the original Grantee Ramappah Braminey in favor of his Younger brother Lutchmana Row, cannot be recognized by the Govern:-ment and permitted to continue under the terms of the grant, the said Village was not alienable and the grantee had no power to transfer it by gift to another branch of the family to the prejudice of the interests of the direct heirs, neither can the Govern:-ment admit that the continuance of the Village in the enjoyment of that family

9790.

Fort St. George 2d July 1849

family for a period of 30 years is a sufficient reason for perpetuating this irregular and unauthorized alienation until the failure of Runga Row's family. The Governor in Council is therefore of opinion that the Village should at once revert to the direct line of the original Grantee, and he desires that the Collector may be accordingly instructed to restore the Village to Madana Row the direct heir, at present in possession of the remaining two Villages.

(A true Extract)

To The President & Members of the Board of Revenue.

(Signed) H. C. Montgomery
Secretary to Government

Order thereon.

22. 23.

Ordered that Copy of the foregoing Extract from Minutes of Consultation be communicated for the information and guidance of the Collector of Cuddapah with reference to his Letter dated 9th May 1849.

Extract

9791.

Fort St. George 2d July 1849

Extract from the Minutes of Consultation under date the 29th June, 1849. No. 607.

Read the following letter from Mr. Geon R. Wight, Superintendent Cotton Farms.

(Here enter 11th June 1849)

The Right Honorable the Governor in Council has fully considered Dr. Wights Representation but is still of opinion that the whole System of Cotton Farms should be forthwith discontinued as far as possible, and that what must necessarily be kept up for this season in Consequence of the engagements which Dr. Wight has undertaken should be as already directed, conducted under the Superintendence and orders of the Acting Principal Collector, who will have attached to him certain assistants of the Experimental Establishment, and thus be enabled to carry out the views of Government recorded on the 1st Instant.

From the Collr of Rajahmundry
Affording certain explanation regarding the plantation and taxation of Palmira and Cocoanut trees as required in his letter dated 20th November 1848

Sir

Para 1. In reply to your letter of the 20th November last whereby I am required to report upon the mode and rates of assessment obtaining in the Zemindaries and Government lands of this District for the taxation of Palmyra and cocoanut trees the terms on which land has usually been given for planting such trees and the improvements that may be effected in the existing System, I have the honor to state that in the talooks of Mogultore and Nuggarum many cocoanut Gardens have been made under the orders of the Collector and of the Zemindars and that the Shist was fixed at Rs. 25 per 100 trees. In Rawly and Amalapare the lands so planted bear their Original assessment only, many of them having

having been granted by the Zemindars on Permanent bowles to the Brahmins.

During the Storms in Fushies 1242 and 1249 many cocoanut trees were blown down or seriously damaged by Salt water. There is a great deal of land in these four talooks peculiarly adapted for the cultivation of the cocoanut but in consequence of the fluctuations in the assessment of land arising from the System of one ryot challenging another either to give up his land to him at a higher Shist or to agree to pay such higher Shist no one will undertake to raise such plantations. When a survey and assessment however are regularly made these talooks will be thickly covered with cocoanut Gardens.—

2. For the future encouragement of the ryots to plant cocoanuts it will be necessary either to abolish this System of challenges or to fix a permanent assessment on the lands. Cocoanut trees yield no produce until the tenth year and, they

they do not come to maturity till the fifteenth. The expense of prepar= =ing and fencing and watering the young plants is very heavy and the profit derived from the grain that may be raised while the trees are young is insufficient to make it a remune= =rating speculation. It seems advisa= =ble therefore to allow the ryot to hold the land free of all assessment for nine years to levy the full shist from and after the tenth year and to raise it 50 per cent from and after the fifteenth year.—

3. Another method would be to arrange the land in three turrums and make each tree bear an assessment from the tenth to the fifteenth year at the rate of 3½ annas in the first sort 2½ annas in the second, and 1¾ annas in the third sort of land. From and after the 15th year each tree should be charged with a shist of five annas in the first 3½ annas in the second and 2½ annas in the third class of soil. A prootty containing 8 acres of land is generally planted with 400 trees.

trees. The assessment therefore would be in the 1st class of Soil Rs. 125.
in the 2d — class Do. Rs. 87½
in the 3d Do. Do. Rs. 62½.

4. Palmyra trees are very numerous in this district. The prac= =tise of making every one who cuts down a tree plant ten in its place Seems Sufficient to Secure a constant increase and no measures are required to encourage further plantations. The assessment is not levied on each individual tree but a general fixed rate for a whole village is collected un= =der the title of Sandywaula. The tree is not fit to be tapped for toddy until it is 20 years old. The arrack renters then assume control over it but the leaves and fruit are the property of the Villages and for this advantage they pay to Government the Sandywaula tax.

From the Collr of Guntoor

To Board 28th July 1848

From Do 14th August

To Do 22d Do

From Do 31st Do

With reference to the correspondence noted in the margin, I have the honor to request that the change proposed by me so far as respects the interchange of the scale of Establishment between Boorapad and Datchapully and between Martoor and Ponnoor may take effect from the commencement of the ensuing Fusly as the change will involve no additional expense to Government. The proposition for further modifying the Taluk Establishment will be postponed for the present as desired by the Board.

36

From the Collr of Guntoor.

Soliciting the orders of Government for the remission of arrears of Rent in kind and Village rent up to Fusly 1253 and of arrears Peishcush and suggesting that the Separate Zemindary accounts may be dispensed with with reference to the final decision as to the disposal of the Zemindaries

Para 1.

To Board 30th October 1847 Para 40
To Do 20th December 1847
From Do 3d April 1848 Para 13
Minutes of Consultation 27th June Para 13

Referring to the correspondence noted in the Margin I have the honor to solicit the orders of Government for remission of the arrears therein referred to outstanding up to Fusly 1853, the question of the final disposal of the Zemindaries having now been decided by the instructions conveyed with the Extract from the Board's Proceedings dated the 14th Ultimo.

With

2. With reference to these instructions I would further request to be favored with the views of the Board as to the necessity of continuing to render the accounts of the Separate Zemmundaries as furnished with my last two Jamabundy Reports under the Board's order dated 29th July 1847.—

3. It is also for consideration whether the outstanding arrears of Peishcush ought not now to be written off to Profit and Loss as proposed in the correspondence noted in Margin.— In connection with this subject it is proper to State that hitherto there appears no prospect of being able to Sell the Vasseredy Bonds on more favorable terms than those already reported.—

From Board:
3d August 1846
To Do. 29th Do.
From Do. 19th November
To Do. 5th February 1847
From Do. 29th March 1847.

Guntoor Collah... Collrs Office..... Dundy 4th June 1849.

/ Signed / H. Stokes.—
Collector

Ordered that the foregoing letter be submitted with the following address.—

To The Chief Secretary to Government.—

Sir

I am directed by the Board

(36, 37)

To the Chief Secy to Government

Submitting for orders Collrs

From the Collector of Guntoor respecting the remission of arrears to be allowed on Ryotwar and Village rents up to Fusly 1253 and of the arrears of Peishcush and whether the accounts of the separate Zemmundaries may be dispensed with and reporting that the Vasseredy Bonds cannot be disposed of on more favorable terms Conveying the Boards views on the Subject—

Board of Revenue to Submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Guntoor dated 4th June last, Soliciting instructions respecting the remission of the arrears of Ryotwar and Village rents up to Fusly 1253, and of the arrears of Peishcush. requesting to be informed whether the accounts of the Separate Zemmundaries may not be dispensed with and reporting that there appears no prospect of his being able to dispose of the Vasseredy Bonds on more favourable terms than those already reported.—

2. The Board of Revenue are of opinion that as the question relative to the disposal of the Guntoor Zemmundaries has been finally determined, there no longer exists any bar to the remission of the Ryotwar and Village rented Balances outstanding up to Fusly 1253 / A.D. 1843/44 / referred to by the Collector and they therefore

therefore beg to recommend that those arrears amounting to Rupees 18,874-03-3-¼ may be written off in his accounts.—

Rs. 1,36,254-11-9.

3. As there seems no prospect of effecting a sale of the Vasareddy Se=curities upon more favorable terms than those hitherto obtainable, and as it is desirable that the accounts of the Guntoor Zemindaries should be brought to a close the Board would also Suggest that those Bonds now Standing in the name of the Collector of Guntoor, for the time being should be sold and that after the credit has been given for the proceeds of such sale, in reduction of the Vasareddy arrears, the balances still remaining upon that Estate, with those due upon the other Guntoor Zemindaries, be reported by the Collector for remission.—

4. In respect to the Sub=ject upon which Mr. Stokes has requested instructions in the Second Para of his letter, the Board consider that under present cir=cumstances it is no longer necessary to furnish Separate accounts for the Several Estates.—

Family left by the deceased and Name and age of the parties -	Their Circumstances and the Means of Subsistence possessed by the family	Recommendation	Grounds thereof
13	14		15
1 His daughter Poothummah aged 55 years.	Casavarow Streeni=vausarow aged Sashai=gererow holds other Inams in Doovvar Covela=gounta and Chennoor=Talooks to the amount of Pags 69-4-11¼ Streeni=vausarow obtained the situation of Tah=Sildar in Kurnool District on a Monthly Salary of 80 Rupees and Sashagererow a Poonaista in Cuddum Talook on a monthly Salary of 10 Rupees They therefore live Respectively	The deceased the Inams among others he had two as follows —	The widow had two Step brothers Rungarow and Soobarow who divided as per Column 9. Terumbrow enjoying his share separate from the two who died without issue, on their demise he disposed of his lands
1 His daughter in law Ramaboyee aged 40 years.			
1 His 2d daughter Ittchemmah aged 24 years.			
11 Her issue, Viz:			
1 Eldest Son Casavarow aged 41 years.			
2 His Wife Venkobayee aged 35 years			
3 His Son Venkobarow aged 14 years.			
4 His Sons Wife Raghoomaboyee aged 9 years			
5 Second Son Streenevausarow aged 38 years.			
6 His Wife Krishnaboyee aged 20 years			
7 Third Son Sashagererow aged 35 years.			
8 His Wife Ramaboyee aged 30 years			
9 His 1st daughter Rangamah aged 9 years.			
10 His 2d daughter Ramidymah aged 3 years			
11 Ittchemmahs husbands brothers Wife Ramanbayee aged 60 years			

14

Jaffna Terumbrow died in possession of the Inams Jaffna Poothummah Jaya year and Sashagererow Jaffna Poothummah Jaya year lands amounting to Pags 22-5- together with the Inam of Galezaroo amounting to Pags 2 of his being Doobit rights and support = on Stamp paper = in the Court of Jaffnamulmuddyoo Jaffna above Inams - to the alienation of whom Terumbrow disposed Ditto = Ditto = States in her arzee land upon Casavarow = is entered in the name of

Pags 2-6-4 were granted by Soodhum Kara year and lands assessed at Pags 7-6-¼ were granted by Soodhum Jaya year and Lands assessed at Pags 10-5- - he sold to his daughters Son Casavarow Streenivasarow the 5th Margoosara Subsoothum Jaya year and Inams assessed at Pags 10-3-4 ½ Dasavandum the 3d Share in the Shrotrium of Jungumgoondla Pags 10-3-4 ½ Dasavandum Veerabhadrapoorum and Cunney Cum Inams of Galezaroogoollah Pags 5-5¼ he made over to Casavarow his second daughters son in Consequence of his Brothers in Condition that he should pay his debts perform his funeral rites as the Members of the family - These lands were given over by deed of Gift on the 15th Magha Soothum Jya year and were duly Registered in the late Native Court of Cumbum on the 9th April 1836.

There is a Collateral branch of the family enjoying several Inam lands in this Talook who have been separate for a length of time and have no claim to the property I would recommend the Inams be continued in the names of those among whom the land is divided.

As the widow of Terumbrow Soobarow & Rungarow his Step brother make no objection to Casavarow Streenivasarow continuing in possession of the Inams he continued in the names of those among whom the land is divided.

Dated 1st September 1848 she had no intention of bestowing her share of the Inam land to Chenchulow and Poothumah are herewith sent as Pottamah Enams, the Inam is struck out in Column 9.

Signed A Murray Sub Collr.

9814 Fort St. George 2d July 1849

Recommendation of the Collector

16

It appears that the late Enamdar in the years 1832 and 1835 disposed of the whole of his Enam lands to his daughter and grandsons in the female line by Gift and by Sale - and that he has left a daughterinlaw Widow of his late Eldest Son, who is is represented consents to the transfers so made Runga Row the surviving half Brother of the deceased having received his share of the Enams (which is separate) on a family division which years ago took place - his voice in the matter is undeserving of Notice -

The succession to the Grand Sons having been transmitted while the late Enamdar was alive irregularly Vizt. thro the female line - I am inclined to think that, in the presence of the daughterinlaw and two daughters to succeed, the claims of the grandsons to continue in the enjoyment of these Enams cannot be entertained - though in respect to that portion disposed of by Sale some consideration might be shewn it appearing from the documents produced and evidence elicited that a Bona fide purchase occurred 14 years ago - I am not disposed to attach the slightest credence to the statements alleged to have been made before the Tahsildar by the daughterinlaw - in respect to the foregoing her claims but the matter is of the less importance as under any circumstances her consent is not a sufficient plea which to sanction the transfers as have been made, by which if they were continued to the present parties hereditarily the prospective claims of Government would be materially affected I would beg therefore to suggest that with the exception of the Stew Pa* Rasavarow Sreenivassa row - Sadaya - gerrow - Amounting to Rs. 144 - 1 - 7 -- sons of his youngest daughter Atchemma) the remaining Enam Rs 23-1-6 purchased by the Grandsons of the late Enamdar / the two daughters Poottamah and the said Atchemmah is be equally divided between the daughterinlaw Ranabhoy and so purchased as abovementioned be also continued to the parties for life only - In cases in which possession has been obtained purchase I am disposed to think that such succession should not be continued hereditarily whether the Enams may have been alienated from the family of the Original grantee on the female line - permitted irregularly as in the present instance through the

Proceedings thereon.

44-45

It will be perceived that the entire Enam of which the deceased held a share consists of 1st 26 pieces of land as at 110-10-3 in extent assessed at 121-8-1 or C. Rupees 355-8-1 per Annum, which were granted apparently for charity during the Mayarah Government by Nabob Abdool Majeed, Chalechelahmala Rungareddy, and Ranamusta Khan, but at what period is unknown.-

2nd Some lands in a Shotrieem Village valued at Canteroy Pagodas 30-9-13½ or C Rupees 90-5-11 granted by Nawab Abdool Nabee Khan.-

3rd Three pieces of land assessed at C Pagodas 17--5 or C Rupees 49-10-9 granted but when is not known by Mavanlawar and Tunkasalawaur.-

2 No Sunnads are forthcoming in support of the Enam or Shotrieem and the only documents produced are the Takeeds given by Meer Razah Ally Khan and a Bill of Sale on stamp paper by Jegga Kistnacharry.-

3. The names of the original grantees

grantees or rather of those who are enter-
-ed as Enamdars in the Pymash-
Accounts are enumerated in Col: 4 of
the Sub Collectors Statement.-

4 Tirmul Row the party-
whose death is under report was Grandson
to one of those parties. The share of
the deceased in the Enams amounted
as shewn in Col 9 to C Pagodas 57-3-3¼
which he had during his life alienat-
-ed by sale or gift to his daughters
or to their children in the following-
proportions Viz:-

1 Lands assessed at C. Pagodas 8-9-12
were sold or given to his daughter Poo-
-tummah in the year 1832.

2. Lands bearing an assessment of
Canteroy Pagodas 7-6-¼ were granted by
deed of Gift in 1835 to Chenchal Row
Son of his eldest daughter.-

3 Lands with a Tierwah of C. Pagodas
7-9-3. were sold in the year Jayah or-
-A. D. 1834 to the sons of another daughter,
Streenevasa Row. Shashagherry Row and
Casava Row.-

Lands

4 Lands in value C Pagodas 32-8-4½
were also made over in the year Jayah or
A. D. 1834 to the above Casava Row in-
consequence of his being Dowhitrooidoo or
Grandson by a daughter and on condi-
-tion that he should pay the debts of
the grantor, perform his funeral ceremonies
and support his family.-

5 The modes which the Sub Collector
and Collector respectively suggest for the
disposal of the Enam Lands in question
are given in Col: 12 and 13 of the State-
-ment.-

6. The Board would beg to re-
-commend that the portions Nos 1 and 2 be
continued for life to their present hold-
-ers Pootummah and Chenchal Row that
the share No: 3 be resumed the parties
hitherto in enjoyment of it being in com-
-fortable circumstances, and considering
the reasons for which the last portion
No: 4 was bestowed upon Casava Row that
he be allowed to retain it for life.-

Read the following letter

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St George

(46)

From the Collector of Cuddapah.

Sir

I have the honor to submit the accompanying Statements shewing the Offers that have been made for renting the Abkarry of the several Talooks of this District for the ensuing Fusly 1259 / 1849-50 and the rents for the preceding 10 years as also the average for that period.

Submitting Statements shewing the Offers that have been made for renting the Abkarry of the several Talooks of the District for the ensuing Fusly 1259 and the Rents &c for the preceding 10 years and requesting the sanction of the Board for the same.

2

There is a net Increase in the Proposals now made of Rupees 2,679 in comparison with the Rents for the Current Fusly about to close, the chief increases being in the Talooks of Poonganoor, Muddenpully, and Chennoor, while the principal Items of decrease are observable in the Talooks of Doroor and Pooleveudlah.

3

In comparing the aggregate amount of the Offers now made with the total average for the last 10 years there appears an increase of Rs 15872-6-6. and

Fort St George 2nd July 1849

Doroor -- 357-11-2
Budwail - 119-- --
Total 476-11-2

and on such comparison in respect to the rents separately for each Talooke there is only a decrease in two Talookes as marginally shewn.-

The Parties who have bid the highest amount for the Talookes of Maddenpully and Goorramconda are related to G. Govindoo in whose behalf the Offers are no doubt made, and though they are not persons of substance themselves, the necessary deposits have nevertheless been made. Those Talookes have invariably been entered for years past by this G. Govindoo who has consequently acquired an undue influence which I am sorry to be obliged to observe he has exercised in a manner to be highly deprecated. The Records shew that he is an incorrigible Character, that he has been committed to the Criminal Court on four different occasions, once by my Predecessor Mr Blane a 2nd time by the late Moonsiff of Muddenpully, and twice by myself. His committal by me on the first occasion for an Offence of an aggravated nature and the subsequent punishment of his

Brother in Law

Fort St George 2nd July 1849

Brotherinlaw, his sub Renter, for receiving stolen Property, led him to join Atchut Rau Party in the Combination lately got up against me when he maliciously present-ed to Government a Petition labelling my character and containing similar charges as in Document fabricated by Atchut Rau. Notwithstanding the many complaints preferred against him and all that has transpired which have evinced that his depravity is beyond all means of amendment, I have since been compelled in the conscientious performance of my duty to forward him to the Sub Criminal Court a second time for having committed an act of atrocity in stabbing a Person with a Dagger (in his side) in an ungovernable fit of temper his trial is in which case he is now standing.-

5 I leave it for the consideration of the Board of Revenue as to whether circumstances do not warrant as a measure of expediency the rent for these two Talukhs being made over to the

Fort St George 2nd July 1849

with him / or rather with the Persons deputed to act for him / who is also substantial and whose offers as marginally exhibited fall short by Rupees 10 and 50 respectively an amount the realization of which under the increase that has arisen, particularly in one of these Talooks appears of minor importance in Comparison with the welfare of the Inhabitants. which would be attained by the measure, by crippling the Influence he has acquired and consequently relieving them from acts of oppression on his part too frequently committed with impunity - The other Renters being also all Persons of Substance and their sureties competent I beg to recommend that their offers receive the sanction of the Board of Revenue.-

With

Proceedings thereon. With the exception of
(46-47.) the Talooks of Goorrumcondah and Maddenpally which are to be made over to the second bidders whose names are entered in Para 5 of the Collectors letter Tolapully Ramanah and T. Gungaiah at their tenders, Rupees 9,200. and Rupees 11,500 respectively the Board of Revenue sanction the acceptance of the offers for the Abkarry Farms of the District of Cuddapah for Fusly 1259 entered in the Statement which accompanies the foregoing letter and authorize the renters being placed in possession of their respective Farms on their severally depositing one Months Rist in ready Money and furnishing good collateral security to the extent of three Rists more or their depositing in Cash two Rists without Security.

Proceedings

Read the following letter from
17th inclosing 26th October 1848. the Collector of Chingleput reporting on the Settlement of Land Revenue of his District for Fusly 1257.

Read also letter from
Inclosing 19th October 1848. the same Officer dated 23rd June 1848 submitting the information called for in the Board's Proceedings dated the 7th February on commencing the Land Revenue settlement Report of his District for Fusly 1256.

(48) (Here Enter No 82)

Proceedings thereon. Mr Freese describes
Relative to the Settlement of the Land Revenue in the District of Chinglepat in Fusly 1257 the season of Fusly 1257 to have been an average one as far as the Revenue was concerned but the Monsoon was of unusual Character particularly during the latter Months of the year. Nearly three times the usual quantity of rain fell and a great Number of tanks were breached or injured. Considerable damage was also sustained by inundation which was very general, tho' of short duration. Prices are stated to have been 20 per Cent lower than those

of

of the preceding year, and as they agree with the Monthly price Curr: =rents they are presumed to have been calculated at the retail price of the great towns and not at the wholesale price obtained by the ryot in the Talooks, as explained in the letter above recorded - If so the Board would observe that the latter practice appears to be the most correct one the object of such information being to ascertain whether the Cultivators obtain such prices as will enable them to pay their rents -

From Collector 23d June in Cons. 19th October 1848 Para 3.

Dft Para 9

2 The number of Pattegars under ryotwar settlement may be the same as last year with the exception of one made over to the Salem Rajahdars on a 14 years lease.

From Government 9th October 1847.

3 The Changes in the Circumstances of the Shrotriem Villages call for no particular Remark - Calady lately resumed is in a greatly depressed condition. The Collector has

measures for its restoration - In the Statement at para 9 it is observed that the Quit rent of Moonjoor appears both under the head of Demand and of Deduction -

4 The Revenue transactions of the year in juxta position with those of Fasly 1256 are exhibited in the subjoined Comparative Table -

From

Fort St. George 2d July 1849

5 From this it is seen that a considerable increase took place in the Cultivation of wet land which notwithstanding a falling off in the Dry Cultivation and a small decrease in that of Gardens occasioned by the Circumstances of the season as described above and by the depression of the Indigo manufacture, left a net increase in the Demand over that of 1256 Fusly of Rupees 18786-8-9. At the Settlement the remissions for failure of produce and other Contingencies were less than in the preceding year, so that the Settlement as finally determined exhibited a net increase of Rupees 24,398-9-7 over that of 1256 Fusly.

6 The items of remissions as explained in Paras 14 & 17 are generally less than those of the preceding year and do not call for any particular notice. A remission of Rupees 309-9 for Christian Churches and charity Farms in 1256 Fusly does not appear in 1257 and it is not known whether it has been omitted or brought to account. With reference to this it may be observed

Fort St. George 2d July 1849

that a considerable error occurs in the extent of Enams as entered in Statements Nos 4 and 5 in the one (Column 11) Page as they appear as 74456-12 5/8 and in the other (Column 75) as 190720-9-7 showing a difference of 69878-2-5-

7 Of the 18 Shrotriems Villages under Enams are stated to have been settled by Renting them to their Merasidars for one year only. On examining the details of these in Statement No 13 the following particulars have been observed

	Fusly 1256.	Fusly 1257.	Increase.	Decrease.
No of Villages	7	7	—	—
Merasidars (Cultivating)	61	82	21	—
Pay Raries	148	176	28	—
Ploughs of Merasidars	119	119	—	—
Do of Pay Raries	143	144	1	—
Nunjah Cultivation	C 733-8 1/4	632-9 1/8	—	100-15 1/8
Poonjah Do	C 250-8 1/8	250-8	—	— 1/8
Total Berij ready Money Collections included	14,609-10-10	5,021-4-—	411-9-2	—
Doubs of Rent of Fusly 1257	—	5,026-—-—	416-5-2	—

From

From this it is seen that while the number of resident ryots has increased 1/3 and that of Pycarees 1/5 the net Cultivation is less by upwards of 100 Cawnies or 14 per Cent, a result so improbable as to suggest doubts of the accuracy of the accounts furnished by the Renters-

8 The Collections realised within the Fusli amounted to 1007158-2-11 and those made subsequently to 125023-13-1 in all 1132182 leaving a balance of 5,019-4-4 still due on the 30th April last of which 3,168-13-4 are ryotwar and 1,850-7 Zemindary

9 Of the balances accruing in former years from 1216 Fusly to 1255 Fusly and amounting to 5979-13-5 Govt Treese Recommends that 4,734-12-3 should be written off as irrecoverable- The Letter Consists of sums due by ryots dead, absconded or too poor to pay, and of items the Collection of which has been suspended because the Collector had not authority to remit them absolutely- The Board beg to support Govt Treese's Recommendation for

See Demand	Collection	Balance for april 1849
1250	"	6 - 3
1251	5	11 - 7
1252	67	4 - 8
1253	33	3 - 3

1255	57	14 - 8
	187	5 - 2

for writing them off. Of the Sum of Rupees 210-11-6 pronounced to be Recoverable 187-5-2 appear to have been subsequently realized. The remainder Rs. 23-6-4 will be reported on hereafter-

10 The Collector states in his letter replying to the Boards observations on the Settlement of the preceding Fusli that the instructions Conveyed in the 17th para of their proceedings regarding the Adangul accounts will be fully carried out in the arrangements for 1258 Fusli. He then takes occasion to observe on the great difficulty experienced in the formation of a Dittum in Consequence of the unsettled state of the Law regarding the force of the Meraasi tenure. The present Consideration of that question will be seen from the Correspondence noted in the Margin. The

Fort St. George 2d. July 1849

The Collector of Chingleput having given leaves for Inerajan Waste land to certain Payaree Ryots a suit was filed against them in the Zillah Court by the Inerajdars who obtained a Decree in their favor which was affirmed in the Centre Provincial Court on the grounds that the Revenue Officers had not offered the lands in question to the Inerajdars in the first instance - The Court of Directors remarking on these suits while they maintained the Right of Government to the Revenue derivable from the Conversion of waste land into arable desired that in all cases the Inerajdars should have the refusal of any waste within their Inerajs for which other parties might tender - The practice of the districts seems to have differed at various periods, and the Collector adduces several instances where no such preference had been shown for the right to claimed by the Inerajdars and the Standard revenue orders or Rookroonnamahs of the Districts

From Collector 16th July 24th Nov 1842

Rookroonnamah of Fusly 1234 Rule 8
Do. - - - - " - 1242 Rule 30

9834

Fort St. George 2d. July 1849

are equally explicit - But on a consideration of all that has passed the Board are of opinion that the proper course will be to modify the rule in a recent Rookroonnamah submitted by the late acting Collector and now under consideration in conformity with the views expressed and to leave the question on this footing until a new case arises -

The principal difficulties likely to occur are 1st that the Inerajdars after availing themselves of the preference in order to prevent the entrance of packaries will, as has frequently happened, leave the land waste - In that case, the rights of Government should be strictly enforced and the full amount of Revenue for which they have made themselves responsible be recovered - The 2d point which may lead to dispute

To the Deputy Collector of Customs at Pulicat

Sir

I am directed by the Board of Revenue to request that you will be pleased to furnish them with a Return of the Cowle Lands in your Collectorate, specifying the Name of the Cowle, the Number of Acres, the Rent, and the Date of the Expiration of the Cowle, and the Name of the Cowle Holder, and to add thereto a Statement of the Lands of which they are not in possession, and the Reasons why they are not so.

I am Sir

Your obedient Servant

Secretary

Pulicat 2d July 1849

Received

Fort St. George 2d July 1849

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Chingleput for his information and guidance—

Read

Fort St. George 2d July 1849.—

Read the following letters—

To,
T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

49

From the Collector of Chingleput,

Sir,

Para 1. Agreeably to the Board's order of the 15th February 1847, I have the honor to annex a Statement of the extent of land under Indigo Cultivation in this District during the Current year.—

	Extent of Land	Amount of assessment
	Cs.	As.	Rs. As. Ps.
Government Villages	3,099	8½	7,334-5-9
Shrotriem and Zemindary Villages	656	3¾	2470-12-1
Total	3,755	12¼	9805-1-10

2. There has been an increase of 10 Cs. 14¼ As. in the extent of land cultivated with this article during the Current year compared with the preceding one; and the Assessment on lands so occupied also exceeds the rent of that year by Rupees 651-12-6.—

Chingleput District,
Collector's Cutcherry,
Pullecarney, 13th June, 1849.

(Signed) A. Freese
Collector

Order

Order thereon.

49-50.

Ordered to be communicated to the Chairman of the Chamber of Commerce with reference to Extract from Minutes of Consultation dated 28th January 1847.-

To

T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George

Sir,

From the Collector of Chingleput.- } Para 1. I have the honor to forward an original letter from N. C. Mooroogasa Moodelly, stating his desire to construct a Choultry at Singaperumal Coil for the benefit of all classes of persons, at an expense of about 4,000 Rupees, and requesting that the Choultry may be endowed by Government with a grant of land under the Choultry rules.-

51

2. The site for the Choultry is well chosen, it being on the high Southern road, and there is no publicly endowed Choultry within ten miles to the North or South of the spot selected.-

3. Accompanying is a plan of the proposed

proposed building which is to be in burnt brick and clay with chunam plastering, and which seems well adapted to the purpose proposed.-

Circular letters from Board dated 8th August 1836 & 25th May 1848.-

4- Under these circumstances, I beg, with reference to the correspondence noted in the Margin, and to the Rules published in the Fort St. George Gazette of the 18th February 1832, that permission to construct the Choultry be given on the understanding that it is to be endowed on Completion in accordance with the Choultry rules.-

5. I request the original letter of Mooroogasa Moodelly, and the plan be returned.-

Chingleput District,- - -

To, A. Freese Esqre
Collector of Chingleput
Vera & Va & Vo

Sir,

Being anxious to erect a Choultry with two Chavadies and other Buildings for the accommodation of Travellers at an expense of about 4,000 Rupees, I have made enquiries

Fort St. George 2d July 1849.-

enquiries as to the best spot where one so
executed might be universally useful, and have
ascertained that a Choultry is much wanted
and would be of great utility in the Southern
High Road between Cuddapah Choultry and
Chingleput, and that Singaperoomaul Coil
would be the best place for it, as it is
about 10 Miles distance from Manadoo
Choultry on the other side of Palar River,
and 15 Miles from Cuddapah Choultry
on the North side.-

As I am desirous of obtaining
a grant of Land from Government for
the permanent support of the Choultry,
I beg you will be so kind as to inform me
whether you approve of my proposal to build
it at the place abovementioned and would
be prepared to recommend and obtain for the
Choultry when completed, a grant of Land
under the general Rules sanctioned by Govern=
=ment, under date the 11th ult August 1829 and pub=
=lished in the Fort St. George Gazette of the
18th ult February 1832, page 125.-

I beg also that you will kindly grant
me

Fort St. George 2d July 1849.-

me a permanent Cowle for the Land required
for the Choultry and Tope 4 cs 4 cs -
being about 15 Cawnies.-

(Signed) N. C. Moorooguesom
Moodelly-

Madras, - - - }
13th February 1849- }

Proceedings thereon-

57-52

The Board of Revenue
authorize the construction of the Choultry
referred to in the foregoing letter and, on
its completion being reported, will take
into consideration the endowment to be made
for its support under the existing Rules with refer=
=ence to the amount expended by the Applicant.-

2. The Plan and Petition received
from the Collector are returned herewith.-
On the completion of the building Mr. Freese
will be pleased to furnish a further plan shewing the
extent and nature of the accommodation allotted to
the several classes of Travellers as required by the
Board's Circular of 25th ult May 1848.

To, J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

53

Sir,

From the Collector of Chingleput -
Para 1

I have the honor to e
report

Fort St. George 2d. July 1849.-

report for the information of the Board, that the Ab.Earry farm of this District, for the three ensuing Fuslies, was this day put up to public competion at my Office, when, notwithstanding a very numerous assembly of Competitors, the highest amount offered was only ₹3,200 per annum, being 300 less than the rent of the three years now about to expire, but only 861 below the average of the last ten years.

The person to whom the farm was knocked down is Chintadrepet Casavooloo Moodelly who has paid the usual deposit of 1 per Cent, and expresses himself prepared, on the Board's confirming the sale, to pay down the required deposit of three Kists

2. I am not well acquainted with this individual's means of meeting his engagements; and he has had no experience, he informs me, in managing such matters; but from the further enquiries I have made, it appears there are several parties connected with him in the rent,- and should the three Kists

Fort St. George 2d. July 1849:-

be paid down in due time, there seems no reason to anticipate ultimate loss to the Government.-

3. The late Renter appears, from the accounts he has shewn me to have sustained a heavy loss by the farm.

Chingleput District,
Collector's Cutcherry,
Pullecarney 30th. June 1849.-

Proceedings thereon-

(53.54)

(Signed) A. Freese
Collector.-

As the highest bid for the Ab.Earry Farm of the ensuing three Fuslies falls below that of the Current and two preceding years- and as the party by whom it is made is stated to have no experience in managing such Contracts- the Board would prefer if C. Casavooloo Moodelly would consent to take the rent for one year only. If he will not agree to this, the Board will not object to grant him the farm for the term of three years provided he pays down a deposit of three months Kist at once- but the Collector must not allow any delay in this respect.

Read

Fort St. George 2d July 1849.-

Read the following letters.

To, T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

55.

From the Collector of North Arcot.-

Sir,

Forwarded returned

The endorsement of the Board of Revenue on Petition 565 of 1849. directs me to report upon it. The Petition is from Veerasawmiengar of Arkal the same individual who is mentioned in Para 7 of my letter of the 14th ult. last, and in that of this day No. 49.. In Fusly 1257 this man Cultivated land to the amount of 128 - 10 - 1 Rs. A. P. of which demand upto August 1848 he had not paid a Single Cash. Such of his personal property as could be found was then attached and sold. His Complaint now is that property worth 600 Rupees was sold for 45 Rupees. The list of the property is before me, it consisted for the most part of the Materials of a thatched house, and some mean and Common household articles; the estimated value of the whole was 20 - 15 - 3 Rs. A. P. His Complaint appears

Fort St. George 2d July 1849.-

to be utterly false.-

North Arcot, - - - - - -
Collector's Cutcherry, - -
Chittoor, 21st May 1849.

(Signed) J. D. Bourdillon
Collector.

Proceedings thereon.

55-56

From the report received from the Collector on the subject of this Petition, the allegation contained in it appear to be utterly untrue, and the Board therefore reject it.-

To, J. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

57

From the Collector of North Arcot.-

Forwarded returned

Sir,

1. I have the honor to acknowledge the Board's order endorsed on Petition 567 of 1849, directing me to report on that Petition. The Petitioner complains that his property was attached for an arrear of Revenue due by the Ryot who cultivated a part of his land.-

2. The Veerasamiengar named in Para 7 of my letter of the 14th ult. Febuary last, cultivated in Fusly 1257 a part of Petitioner's

Fort St. George 2d July 1849.-

Petitioners Puttah land, and as shown in that letter and the accompanying Statement a heavy arrear remained outstanding against him. In Satisfaction of this demand I first attached and sold such of his moveable effects as could be found, and then attached his land; but as this did not cover the arrear, I caused that land of Petitioner which the defaulter had cultivated, to be attached in Satisfaction of the balance due upon it. This order was accordant both with Regulation and also in my opinion with justice. First, clause first, Section VI Regulation XXVII of 1802 specially declares that the land is the ultimate security for the public revenue and whoever cultivates the land, and however the produce may be disposed of, this liability cannot be got rid of. 2d It is a very common thing in this district for the puttah lands of one Ryot to be cultivated by another on various terms and conditions; in such cases it is my practice to call on the occupier first for any arrear accruing, but if he fails to pay or absconds, the demand then comes upon the Puttadar, who as owner of the land is answerable for the default of his tenant.-

3 I may add that Petitioners lands was not sold as he paid the demand.

North Arcot, ------
Collector's Cutcherry, --
Chittoor, 21st May 1849.-

(Signed) J. D. Bourdillon
Collector.

Proceedings thereon.- The Board having received from the Collector report on the subject of this Petition, consider the steps taken by that Officer in the case to have been quite proper.-

To

W. E. Lockhart Esqre
Collector of Salem

Sir,

In order that I may conform to the instructions conveyed in the accompanying Copy of Extract from the Proceedings of Sudr Udalut, directing the return of the fines imposed by the Acting Civil Judge Mr. Story on one Vencatasamy Chetty and his witnesses

Fort St George 2d July 1849.

witnesses I have the honor to request you will remit 37 out of the 53 Rupees and 6 annas forwarded from this Court in the Month of March 1849.

Salem Civil Court 8th June 1849

/Signed/ J. G. L. Bruere
Civil Judge

Extract from the Proceedings of the Sudder Udalut under date the 30th April 1849.

Read Miscellaneous petition presented on the 26th March 1849 by Venatarama Chetty of Zillah Salem.

1 The Petitioner prays the Court of Sudder Udalut to set aside certain proceedings held by the late acting Civil Judge of Salem under date the 20th February last directing the sale of certain Cattle in order to the satisfaction of a Decree of Court which had been previously released from attachment by an order of the Civil Judge Mr. Bruere dated the 28th December 1848 and imposing fines upon the Petitioner and the witnesses cited by him to prove the validity of his claims upon the Cattle in question.

On

57-58

by that Office

D.J.

Fort St George 2d July 1849.

2 On perusal of the orders submitted with this petition the Court of Sudder Udalut observe that the proceedings of the late acting Civil Judge Mr. Story under date the 20th February last are altogether irregular and illegal.—

3. Those proceedings involve the annulment of an order passed by Mr. Story's predecessor with which the smallest experience in judicial proceedings and the slightest attention to the circular order of the Sudder Udalut under date the 30th January 1830 &c. ought to have satisfied Mr. Story that he had no authority to interfere.

4. The Court of Sudder Udalut accordingly resolve to cancel the proceedings of the late Acting Civil Judge in the matter under notice and to direct that the fines imposed by him upon the petitioner and his witnesses be refunded to them forthwith.—

Ordered that Extract from these proceedings be forwarded to the Civil Judge of Salem for his information and guidance and for communication to the late

Fort St George 2d July 1849.

late Acting Civil Judge for the information and future guidance of that officer by precept returnable within III days from and after its receipt.—

Ordered also that Extract from these proceedings be granted to the petitioner on his application.—

advisable

advisable.—

Salem District Office — Collectors Cutchery 18th June 1849.

/Signed/ W. E. Lockhart
Collector

To

W. E. Lockhart
Collector of Salem.

Sir,

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 28th May 1849 upon which I am directed to report—

2. I beg to state that the proceedings in the case were submitted to your Office with the Police Calenders for the 1st Quarter of 1849 and I beg to call your attention particularly to the report of the Tahsildar which I think proves Vyraperoomapilly to be a person of such disrespectable character as to render his retention in the public service very undesirable

3. A peon sent on public duty had his turban stolen when sleeping in the Curnums veranda and there were strong reason for suspecting that it was stolen by some of his family; a seach was ordered and the parties sent to conduct it were resisted and abused by the Curnum and others of his house. The Curnum you will observe is described by the Tahsildar as given to drinking and as altogether a disreputable character.

4. Under these circumstances I considered it absolutely necessary that he should be dismissed and I ordered this in preference to sentencing him to a months imprisonment as the Tahsildar recommended.

From the Coll.r of Trichinopoly

(67.)

Sir

In obedience to the orders of the Board contained in the 2d. Para of the Extract from their Proceedings dated the 30th. April last, I have the honor to state that a Register of all the Yeomiahdars of this District in the prescribed form has been kept with regularity in this Office since the receipt of the Yeomiah Rules of 1840 - and those rules particularly Rules 2 - 6. and 7 appear to have been always carefully attended to in this district -

I have &c.

Fort St. George.

(69)

From the Asst. Coll.r of Tinnevelly

Recommending for reasons shown that the cultivation accounts required by the Board be always entered in the Demand Collection and Balance sheets for a Month in arrears -

Sir

Para 1.

In forwarding the Statement of Demand Collection and Balance for last Month I have the honor to state that notwithstanding repeated orders, the Cultivation Accounts required from the Talook in order to make the entry required by the Board in your letter of 29th. March 1849, have not in some instances been received, in explanation of which I beg to point out that the Summah Bundy is now going on, which necessarily occupies the Curnums a great deal, and that it is at all times difficult to obtain this account, correctly made out in time to send it with the Demand for the past Month. The Curnums have to find out by actual inspection and measurement what lands have

Fort St. George 2d July 1849.

have been cultivated and to wait till the month is over to make up the cultivation accounts these accounts have then to come from a great number of Villages to the Taluk Cutcherries, where an abstract has to be made and sent to the Huzzoor so as to reach before the Demand is sent in.

2- Under these circumstances I have entered in the Demand for April the comparative abstract Statement of cultivation for March, and beg to recommend, in order to ensure correctness and regularity that it be always entered for a month in arrear the same being distinctly shewn as now on the face of the entry. If stringent orders continue to be sent, the accounts may possibly be got in time, but are very likely I fear to be incorrect.

I remain &c
19th May 1849

Signed F. B. Elton
Acting Collector

Proceedings thereon.

(69-70)

Under the circumstances represented by Acting Collector in the foregoing letter, the Board of Revenue will

Fort St. George 2d July 1849.

will not object to his entering the Cultivation Statement of one Month in the Demand Collection and Balance Statement for the succeeding month that is that the Statement shall be given one Month in arrear.

Read the following letter.

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir.

From the Ag. Pr. Coll. of Coimbatore — With reference to the Extract from the Proceedings of the Board of Revenue dated 19th April last directing the transmission of a Statement in the Form received from the Board shewing the resumption of any Remunerated since the permanent Settlement and those in the occupation of the Zemindars I beg to state that no resumption of any Estate not transfer by sale for arrears of Revenue or other cause has occurred in this District since the permanent Settlement.

(71)

2- Agreeably to an order of the Board of Revenue dated 11th March 1841 the Poliput of Myandie was registered in favor of a new owner who became possessed of it by purchase in Public sale according to a Process of the Civil Court.

3- Two Minor Poliputs in this District are under the Court of Wards, Vide Board's orders dated the 27th May 1841. The accompanying Statements in English and Vernacular will shew the number of Poliputs in this District and the information required by the Board.

I am with respect
Sir

Read the following letters.

To,

J. Pycroft Esqre.

Secretary to the

Board of Revenue,

Fort St. George.

Sir,

75.

From the Collector of Malabar.

Stating in reply to the Board's Circular dated 29th March last that he finds it impracticable, from circumstances explained, to carry out in this District their orders requiring the insertion of a Comparative Abstract Statement shewing the esctent of Ain Cultivation in his future monthly Demand, Collection and Balance Sheets.

With reference to the Board's Circular dated the 29th March last requiring the insertion of a Comparative Abstract Statement shewing the esctent of Ain Cultivation in the future monthly Demand Collection and Balance Sheets, I have the honor to request you will submit to the Board that, from the nature of the land tenure of Malabar, added to the circumstance of no monthly Returns of the number of lands brought into cultivation being ever received from the different parts of the District. I find it impracticable to carry out the Board's instructions in this District.

The lands are all, as the Board know, private property, bearing fixed

fixed Assessment, they are brought under the plough at the proper seasons according to the description of the Crops. There might be a few exceptions, but where such uncultivated Fields belong to extensive land holders, they are not excused from the payment of the Revenue.

Calicut
23d. May 1849.

(Signed) H. V. Conolly.
Collector.

Proceedings thereon.

75-76

Under the explanation of the Collector, the Board of Revenue will not press their previous orders for the insertion in his Demand Collection and Balance Statements, of the comparative Abstract Statement shewing the monthly Ain Cultivation of his District.

To J. Pycroft Esqre.

Secretary to the

Board of Revenue,

Fort St. George.

Sir,

From the Collector of Malabar.

Forwarding a Statement shewing the various places at which Jummabundy was offering

Para 1. In reply to the Board's Proceedings under date the 23d. April last, I have the honor to forward a Statement shewing the various places at which Jummabundy

ORIGIN DESTROYED

was

offering certain information on the subject—

was made in Malabar in Fusly 1257—

2—

It has never been the custom in this District for the Collector and his Assistants to conduct the details of the Summabundy in person— Till 1833–1834, indeed, there was no annual Summabundy according to the popular use of the term— The Assessment being a fixed one, the Patjoms only varied in cases where remissions were granted, and as these were comparatively trifling, the details connected with the Annual winding up of each Talook were left to be conducted as other details, by the Talook Officers— subject of course, to general Supervision from the Huzzoor Cutcherry— in 1834. Mr. Clementson introduced the custom of deputing his own Sheristadars to Superintend the Summabundy of each several Talook. The Sheristedars, who generally change their beat every successive year, keep themselves in communication with the Collector, and do nothing of any importance

importance without his sanction— They submit their propositions for remissions &c. with a detailed report embracing accounts, petitions, &c. on the conclusion of their inquiry into each Talook— This is scrutinized— and final orders are passed by the Collector— who is of course at all times, open to any appeals that may be made by any person who considers himself aggrieved by the Sheristadars recommendations— The Collector and his Assistants only go into the District when their presence seems to be particularly required— That this duty is not neglected, especially by the Subordinates, will be seen by a reference to the account shewing the number of days for which Extra Tent allowance has been claimed for some years past.—

Calicut,

To,

J. Pycroft Esqre.

Secretary to the

Board of Revenue

From the Collector of Malabar — Sir,

81

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 11th. Instant, and of the orders of Government therein referred to calling for information as to whether the causes which formerly rendered it inexpedient to continue the manufacture of Salt at Eroongoonum within the limits of Madras still exist, and are such as would operate to the prejudice of the Government interests were the manufacture renewed. My assistant Mr. Saylor, who is in charge of the Salt Department, has referred to the whole correspondence relating to the suppression of the manufacture at the pans of Eroongoonum and has furnished me with a full report on the subject which I beg leave to submit herewith.

(Signed) J. A. Hudleston

Collector.

Madras, 27th June, 1849.

To,

9885 Fort St. George 2d. July 1849.

No. 1.

To, J. A. Hudleston Esqre.

Collector of Madras.

Sir,

I have the honor to submit the following remarks on the subject of renewing the manufacture of Salt at the Eroongoonum Pans, discussed in Para. 3 of Extract of Minutes Consultation of 30th. May last, forwarded with the Proceedings of the Board of Revenue under date the 11th. instant.

From B. 29th Dec. 1809
From Do. 11th Augt. 1810
To — Do. 1st March 1811
P. 3-4 & 5.
From Do. 11th Do. P. 2 & 3.
From Do. 1st April 1811
From Do. 14th Dec. 1812
To Do. 1st April 1813.
P. 2-3 and 10.

The reasons for discontinuing the Salt manufacture at these pans are detailed at length in the correspondence referred to by Government. they were briefly these, their proximity to the Town of Madras which offered facilities for fraud and clandestine Sales, the very inferior quality of the article produced, the excessive cost attending its manufacture, and the consequent unprofitable result to Government.

3. On these considerations it was thought desirable that the Collector should be made independent of the Manufacturers at the Madras Pans, and he was authorized accordingly to obtain an additional supply

Fort St. George 2nd July 1849

supply of Salt from Attipub, to discontinue the Manufacture at Eroongonum, and to adjust the claims of the Merasidars to Compensation

4.

This was not accomplished by Mr. Ellis without great opposition on the part of the Merasidars, who were naturally reluctant to relinquish the high rate of Codewarum allowed them subsequent to the enactment of Regulation I of 1805, Viz. Pagodas 7 – 1 – 20 per Garce. but it was at length fixed by deducting the whole amount of Charges from the average of their share for the 5 years immediately preceding the introduction of the Monopoly, which left a balance of Pagoda 1 – 39 – 58. per Garce.

	P. f. c.
Average Merasidars share	6 – 44 – 61
Charges	5 – 5 – 3
Net profit	1 – 39 – 58.

5.

At this rate compensation was then allowed, and is now paid, on the average annual quantity of Codewarum payable on Eroongonum Salt at Rs. 7 – 1 – 10 on Rs. 24 – 9 – 6 per Garce, viz.

	G.
Codewarum payable on G. 402 of Eroongonum Salt at Rs. 7 – 1 – 10 on Rs. 24 – 9 – 6 per G.	9886 – 11 – 0
Deduct on G. 402 of Attipub. or Ennore Salt at 10 Rs. per Garce	4020 – 0 – 0
Boat hire and landing charges	678 – 6 – 0
	4698 – 6 – 0
Add. Amount of Compensation now allowed at Pl. 1 – 39 – 58 per Garce on Pagodas 756 – 27 – 0 equal to	2648 – 1 – 7
Saving per Annum.	7346 – 7 – 7
	2540 – 3 – 3.

G. 401 – 343. The aggregate amount being as Pagodas 756 – 27 – 0 and although this may appear to be a large sum, the annexed particulars will show that the saving to Government by

Fort St. George 2d July 1849.

discontinuing the manufacture at Eroongonum, and by taking Attipub Salt instead, even with the additional expense of compensation, is no less than Rupees 2,540 – 3 – 5 per annum.

6. But without entering into further particulars, it will perhaps be sufficient to refer to the situation of these pans, in order to satisfy the Board and the Government of the impracticability of renewing the Manufacture.

	C. G. Sq.
Extent of Eroongonum Salt pans within the west Esplanade	62 – 11 – 1380
Remaining outside of the West Esplanade	12 – 12. 1080
Total	75 – 4 60

Their extent and boundaries are described in the Margin, but no trace of them now remains. It will be seen that they occupied part of the grounds of the present Esplanade, which is now in charge of the Military authorities, and I find in Para 10 of Mr. Ellis's letter to the Board of 1st April 1813 that, by an order of Government in the Military Department these pans were filled up and the ground levelled when the plan of forming the Esplanade was first

Bounded on the
North by unoccupied land now forming part of Esplanade in the direction of Cochrane's Basin.
South by a road leading from the Elephant Gate to Vepery.
East by a piece of Ground between the Pans and the Black Town Ditch
and
West by a road to the Powder Mills.

first contemplated, and as the mounds on which the Salt heaps were formerly placed were thus destroyed, it became necessary to form the Cotaurs on which the Salt is at present stored.

7. But apart from all these considerations, and independent of the inexpediency of manufacturing Salt close to the Walls of a large and populous Town, where with the utmost vigilance it would be difficult to prevent fraud and collusion between Manufacturers and purchasers, it appears to me of the very greatest importance that, when practicable, Salt should be stored at a considerable distance from the pans, and no sales be carried on near the place of manufacture.

8. The circumstances of this Collectorate are most favorable in this respect. Cochrane's Canal offering a cheap and convenient mode of conveying Salt from the pans of Attipuk, Ennore &c. for sale at the Madras Cotaurs, and the comparative facility

Note: There is no Establishment allowed for this particular purpose other than the Extra Peons entertained at the pans during the season of manufacture.

facility thus offorded for checking abuses of all kinds cannot but have a beneficial effect on the Revenue.

9. There now remains but one point unnoticed. Viz. the question as to whether or the increased sales do not demand an increased supply. On this subject it is sufficient to mention that so far from there being any necessity to increase the number of pans those already worked are capable of producing nearly as much again as the present demand, Gaun 2,500, the manufacture of which quantity is now completed. Only a few days back I received a petition from the ryots of Attipuk soliciting permission to manufacture a further quantity of 500 Garce, which, however, I have not submitted for sanction, there being no reason to anticipate so large an increase in the demand for next Fusly.

10. My attention, moreover, has been drawn to the expediency of discontinuing the manufacture at the pans of Cutiwauk, but this measure I propose to make the subject of

of a future report after I shall have made further enquiry and ascertained that it will be attended with benefit to Government.

11. A perusal of former correspondence has shewn me that Government and the Board of Revenue have uniformly recognised the principle that it is essential that the quantity of Salt manufactured should be as nearly as possible proportionate to the actual demand, and I think it will be admitted as equally desirable, both as regards the facility of supervision and the detection of fraud, that the extent or area of the pans in which the manufacture is carried on should also be limited with some reference to this demand.

12. Having reason to suspect that the manufacturers at Attipub and Ennore hold a larger number of pans than are entered in the accounts, &c I propose about the middle of next month, when the whole of the Salt will be removed and stored at Madras to make &c a general and minute survey of the

the pans, the extent of which has never, I believe, been accurately ascertained, but which is supposed to be as stated in the Margin. For this purpose it will be necessary to afford me the assistance of the Surveyor and Moistry attached to the Cutcherry should their services be not urgently required on other duty.

Attipub	2	Miles	in length

Madras, 27th June, 1849.

/ Signed / G. N. Taylor
Assistant Collector.

Ordered that the foregoing letter be submitted with the following address.

To,
The Chief Secretary to Government.

81-82

To the Chief Secy. to Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract

9892 Fort St. George 2nd July 1849.

Extract Minutes of Consultation under date the 30th May last calling upon them to take into their consideration the subject of renewing the manufacture of Salt at the Eroongoonum Pans- whether the causes which formerly rendered it inexpedient to continue the manufacture of Salt at the limits of Madras still exist- whether the increased sales do not demand an increased supply and whether the evils formerly apprehended from the clandestine manufacture and sale of Salt at these Pans may not be effectually counteracted..

2.

In reply the Board desire me to forward for submission to the Right Honorable the Governor in Council the accompanying letter from the Collector of Madras enclosing a communication from his Assistant in which that Officer has gone fully into the subject and furnished explanation upon the several points connected with it as noticed by Government. It appears to the Board that Mr. Taylor has clearly

Judicial Dept July 1849

DG.

9893. Fort St. George 2d July 1849.

clearly shewn that it would not be expedient to revive the manufacture of Salt at the Eroongoonum Pans.-

Revenue Board Office,
Fort St. George,

of Ordnance.

83. 84

Proceedings thereon-

The bearer is authorized to receive from the Acting Principal Commissary of Ordnance the 12 Standard Parcels referred to in his letter to the Secretary to the Board of Revenue dated 29th Ultimo.-

ORIGINAL DESTROYED

Resolved

Resolved that the following letters be despatched.-

To The Collector of Cuddapah.

85

To the Collector of Cuddapah.

Sir,

The accompanying Statements and Account Particular No. 2 returned to the Collector of Cuddapah with the Board's Proceedings of the 23d. April last and inadvertently forwarded with his reply of the 9th. Ultimo are herewith retransmitted

Revenue Board Office,
Fort St. George,
2d. July, 1849.

(Signed) T. Pycroft
Secretary.

Proceedings.-

86

It is observed that the Collector of Cuddapah has recently introduced the practise of forwarding Statements and other documents to this Office under wrappers which appears to be in consequence of the recommendation contained in the Notification of the Post Master General dated 20th. January 1849- The Board however desire that Mr. Cochrane will revert to the old system of forwarding all documents to their address under proper

proper envelopes which will prevent their being either damaged or their accompaniments lost during transit-

Read Account Current of Salt

Inclos. 30th. April 1849- received and disposal of in the Zillah of Chingleput for the quarter ending 31st. March 1849.-

(Here enter No.)

87

Proceedings thereon.- In the above Account Current the quantity of Salt supplied, under the orders of the Board of 9th. March 1848, to the Madras Cotaurs from the Vellore and Veyalloor Pans during the quarter ending 31st. March 1849 is entered at Q. 403-5- whilst in the Return from Madras it is given at Q. 674-50- Mr. Freese will be so good as to explain the cause of this difference.-

Inclos. 7th. May 1849.

Circular.-

88

Circular to all Collectors and Government Agents except Sea Customs Madras.

Sir,

I am directed by the Board of Revenue under orders from Government to request that you will furnish with your annual reports on the Land Revenue commencing with Fusly 1258 a Statement in the accompanying form exhibiting the Rent Roll of the Government lands in your District.-

At a Meeting Present

G. D. Drury Esqre Senior Member

Walter Elliot Esqre Second Member

and

J. Goldingham Esqre Third Member

Minutes of the last Meeting read and approved.

Read the following Extracts.

1
From the Secretary to Government.

Resolving to apply to the Commissioner of Mysore for 100 Half Bred Merino Rams for distribution in equal portions in the Districts of Coimbatore & Salem sanctioning the charges incurred in the former district in Fusly 1258 and authorizing him to communicate with the Collector of

Extract from the Minutes of Consultation

Under date the 28th May 1849 No. 521.

Read the following from the Secretary to the Board of Revenue.—

(Here enter 10th May 1849 No. 201)

Para 1. Under the representation of the Board of Revenue the Right Honorable the Governor in Council resolves in reference to the offer of the Commissioner of Mysore conveyed in para 4 of his letter to Government dated 30th October 1849 to apply for one hundred half bred Merino Rams for the purpose of being distributed in equal portions between the Districts of Coimbatore and Salem.—

The

of Salem and Major Hill at Ossor for all particulars relating to the subject of ex Experimental sheep farming -

2 The Collector of Salem where the experiment of improving the wool of the Country would appear to have been more successful than in Coimbatore recommends "that a good proportion of the Rams should be distributed in the District as also some Ewes if available" and the Governor in Council desirous of affording every encouragement to the further prosecution of the experiment will request the Commissioner to meet this Officer's views as far as the state of the Mysore Sheep farms may admit especially as it is proposed to distribute the Rams in Sizes as Talooks the proportion for each of which will be too small for the experiments being satisfactorily conducted. —

3. The Governor in Council thinks that independent of the Notification which the Collector of Salem proposes to publish in the District the Mootahdars and other respectable land holders who have an interest in the success of their Sheep farms should be invited to engage and cooperate in the experiments.

4. The Governor in Council sanctions the charges incurred in Fusly 1258 on account of the experimental Sheep farm in Coimbatore amounting to Rupees 126—"—/ Twenty six. —

5 The Board of Revenue will communicate to Mr. Thomas the views conveyed by these resolutions to the Collector of Salem and intimate to him that Government authorize him to communicate with the Collector of Salem and Major Hill at Ossor for all particulars relating to the subject and that they rely on his exertions for a more successful issue than has heretofore been obtained in the Coimbatore District. —

The Board will instruct the Collectors of Salem and Coimbatore to report fully on the results of the experiments in their respective Districts at the expiration of two years when returns of produce should be given. —

Secretary to Government

To The President & Members of the Board of Revenue

With copy of a letter from the Officer in charge of the Honorable Company's Experimental Sheep Flocks for communication to the Collectors of Coimbatore and Salem. —

To

Fort St George 5th July 1849.

No 1

To

The Secretary to the Commissioner
for the Government of the Territories
of His Highness the
Rajah of Mysore.

Sir,

Para 1 As directed by the Commissioner I visited the Sheep farm near Bellore in the Nagamungul Talook and have the honor to submit for his information some few remarks on the present state and prospects of the Experiment and trust that I shall be excused if in doing so I revert to its origin and trouble him with details with which he is familiar.—

2. In 1837 the Madras Government was anxious to introduce into this part of India the breed of Merino Sheep to effect which object a few Rams of that variety were placed under the care of the Officer in charge of the Remount Depot at Ossoor to be crossed with Ewes purchased from different parts of Mysore and Coimbatore,

Fort St George 5th July 1849.

the produce was satisfactory but from some difficulties connected with pasturage the Madras Government requested the Commissioner in Mysore to take charge of them. On the 4th of October 1840 the flock consisting of 678 Head of all sorts was transfered to the Superintendent of the Chittledroog Division it consisted of 13 imported Merino Rams and 8 Ewes 407 Country Ewes purchased in Mysore and Coimbatore and 250 Ewes and Rams the produce of 1837/38 and/39 having Merino blood in them.—

3. This was the Honorable Company's Experimental flock as transferred to this Government, it remained in the neighbourhood of Toomkoor and every care was taken that zeal could suggest unguided by experience or knowledge of the subject, till the heavy rains of October set in, when the Sheep became unhealthy - at this time Mr. Chester a person of experience was selected and placed in charge of them but as if a fatality attended the first year of the experiment at this

moment

moment when his services were most required he became seriously ill the flock meantime was moved from district to district in search of a locality favorable to it as the spots favorable to the sheep of the country did not seem to agree with these.—

4. In May 1841 it consisted of 590 Head; at this time the South West Monsoon set in, and the flock from being located rather too far west and thus within its immediate influence and from graying on the pasturage which springs up after the early rains and the absence of salt in the soil became affected with Rot, between June and December there were 262 deaths all from this cause; it was then moved further Eastward and the visitation ceased. In June 1842 it was brought to this spot which is apparently highly favorable for sheep pasture being dry and open with a soil full of saline particles and since then it has thriven as well as possible. But what could be expected from such a flock to commence as it were anew

the experiment reduced in numbers to 381. of these 4 were imported Rams and one Merino Ewe and only 80 Sound Ewes in the lot and to add to our difficulties owing to inexperience of the most favorable season the Tups in that year failed entirely— The present state is as follows - 7 imported Rams and 1 Ewe 1st Sort or 4/5 bred - 2. Rams and 1 Ewe 6 Male Lambs and 5 Ewe Lambs 2d Sort or 3/4 bred 47 Rams and 43 Ewes 23 Male Lambs and 30 Ewe Lambs 3d or 1/2 bred 23 Rams and 112 Ewes; of this batch 30 Rams have been sent by order of Government to Coimbatore and Tinnevelly; hence the discrepancy in numbers between the males and females - There are also 20 old country Ewes the remains of the original flock which should be cast and sold as useless which leaves 292 sheep / Rams and Ewes / all crossed with Merino blood and naturalized. Those named as 1st sort or 4/5 bred are actually thorough bred or full Merinos; as Blacklock in his

treatise

treatise says "that the 4th or 5th Cross of any race of Ewes with the Merino Ram affords a progeny with short wool equal to the Spanish," this flock may therefore be expected in a few years to produce important results particularly as the Ewes on being recrossed with the Merino Ram will for purposes of commerce afford. I have no doubt a progeny with wool equal in marketable value to the Spanish. But the Rams cannot be considered equal to the imported or safe to cross back again with the Country Ewe or her offsprings for the tendency to deterioration or return to the country stock has yet to be overcome but these Rams are most valuable as aids in slowly improving the flocks of the Mysore Circar.—

5. The flock called the Mysore Circar Experimental flock was formed in 1842. The Commissioner of Mysore anxious to extend the benefit likely to be derived from the location of the Company's flock in the Country directed the Overseer in charge to select a flock from

the Mysore Circar ones, he chose 600 white fleeced Ewes Mr. Morris's flock on the Neilgherries was also purchased consisting of about 170 Head of which 13 were imported Rams 21 imported Ewes the rest Crosses with the Ewes of Coimbatoor making thus a total to begin with of 770 Head. The Tup of that year as I mentioned in speaking of the Company's flock failed. In 1843 it was settled in accordance with the custom of the Country that from the 20th of June to the 1st of September was the most favorable season for Tupping with a Tup of those Ewes. which then failed in March consequently the chief of the Lambs are dropped in December and January and if young and with the Ewes during the North East winds of March and April rarely suffer but if older and weaned are killed by these winds in great numbers. The produce of the years Tup after the Change was 333 Lambs transferred as yearlings to sheep independent of Casualties this brought the flock up to 1007 but as the pasturage was limited it was thought advisable to transfer some of the original Country

country Ewes back to their Tookries and to sell the worst the first draft was 201 and in March of this year 139 more and now what with casualties from age and sickness only 12 of the old stock remain- The returns on the 1st of July show 863 Head, so that in 4 years rather more sheep are in this flock than the original number, all young and crossed with 1/2 and 1/4 Merino blood, thus imported and their produce 17 Rams and 19 Ewes 5 male Lambs and 6 Ewe Lambs 1st sort or 4/5 bred 1 male Lamb and 2 Ewe Lambs 2d sort or 3/4 bred 30 Rams 33 Ewes 80 male Lambs and 79 Ewe Lambs 3d and 4th Sort or 1/2 bred 188 Rams 365 Ewes 10 Male 16 Ewe Lambs and 12 old Country Ewes, It will be observed here that the Mysore Circar has more thorough bred stock owing to the imported Ewes purchased from Mr Morris the produce of which is apparently equal to their parents, in the 4/5 bred or country 1st sort this flock is deficient for the plain reason that sufficient time has not yet elapsed

since its formation to make this cross but the next year or 18 months will it is hoped show a large increase.

6. The Mysore Circar flocks are divided into two Tookries separated from the experimental farm one called the Bellore and one the Nursiepoor Tookry containing in all 10070 sheep divided into 13 flocks of these 2157 are wethers and 1142 Male Lambs 6771 are Ewes and Ewe Lambs. The 7 Flocks of the Bellore Tookry are Tupped chiefly by imported Merino and English Rams the deficiency made up by 3/4 Merino bred. The 6 Flocks of the Nursipoor Tookry are Tupped by the best 1/2 bred Merino Rams the object being slowly to introduce as much merino Blood as possible and to prepare them in a measure for the Change eventually to come upon them.—

7. The first cross with the imported Ram and Country Ewe is a fine handsome animal; it is not till you examine the wool that you detect the difference which is then perceptible enough, the wool containing a large portion

portion of hair but the neat cross has hardly a trace of hair and the ones so entered as 4/5 bred or 1st sort Country Come so near the imported Merino that the difference can be distinguished only by an experienced judge. The flocks are in very high order though only recovering from an epidemic which has prevailed also among the Public Cattle of one or two Herds. The animal when grazing and apparently in perfect health appears giddy, looks stupidly about for a few seconds falls down in convulsions and dies. The only morbid appearance found on dissection is congestion of the Brain the desease has now ceased, no cases for the past 20 days. It must be borne in mind that my inspection has been made just after the most destructive season for Cattle of all sorts known in Mysore for years that the flocks have for months past been struggling for existence against famine as the casualties confined chiefly to the lambs 3/4 of which have died

proves. It now seems only necessary to

keep up the supply of imported Rams of the best sort for some years to come both because we have not well bred Rams sufficient to carry out the experiment and that it will be necessary to breed from the imported stock until the new race is fully established through a series of many generations.—

8. The examination of these flocks is really most interesting and particularly so in enabling us to trace the gradual change from hair to wool. It is not as in England where the Cross with the Merino produces merely a change from a coarser to a finer wool, here it is truly a conversion of hair into wool. On pulling out a lock from the fleece of a country sheep one is struck with the long straight dry looking hair of which it is composed, compare this with a lock taken from the shoulder of a 1/2 bred or the 1st Cross and here is decidedly wool in all its characteristics mixed with hair but not in a great proportion. In the next cross or 3/4 Bred the lock from the shoulder contains little or no hair the wool is soft to the feel oily, and full of spiral ringlets and the next Cross is

portion of hair but the neat cross has hardly a trace of hair and the ones entered as 7/8 bred or 1st sort Country Come so near the imported Merino that the difference can be distinguished only by an experienced judge. The flocks are in very high order though only recovering from an epidemic which has prevailed also among the Public Cattle of one or two Herds. The animal when grazing and apparently in perfect health appears giddy, looks stupidly about for a few seconds falls down in convulsions and dies. The only morbid appearance found on dissection is congestion of the Brain the disease has now ceased; no cases for the past 20 days. It must be borne in mind that my inspection has been made just after the most destructive season for Cattle of all sorts known in Mysore for years that the flocks have for months past been struggling for existence against famine as the casualties confined chiefly to the lambs 3/4 of which have died prones. It now seems only necessary to

keep up the supply of imported Rams of the best sort for some years to come both because we have not well bred Rams sufficient to carry out the experiment and that it will be necessary to breed from the imported stock until the new race is fully established through a series of many generations.—

8. The examination of these flocks is really most interesting and particularly so in enabling us to trace the gradual change from hair to wool. It is not as in England where the Crofs with the Merino produces merely a change from a coarser to a finer wool, here it is truly a conversion of hair into wool. On pulling out a lock from the fleece of a country sheep one is struck with the long straight dry looking hair of which it is composed, compare this with a lock taken from the shoulder of a 1/2 bred or the 1st Crofs and here is decidedly wool in all its characteristics mixed with hair but not in a great proportion. In the neat crofs or 3/4 Bred the lock from the shoulder contains little or no hair the wool is soft to the feel oily, and full of spiral ringlets and the neat Crofs is

is still better but go back take the ¾ Bred Ram with the Country Ewe as in the Bellaar and Nursipoor Tookries and here is a very curious change the animal looks well fleeced the wool curling and to the feel soft and tufty but pull out a lock and you see it is all curly hair no wool no softness and none of the spiral ringlets there is just one step gained the animal is in a greater state of preparedness to receive the Merino blood with advantage than the Country mother.

9. It now remains to point out the practical results and the value of the wool is perhaps the best guide Country wool sells at from 1 Rupee to 1-7-4 a Maund of 24 Pounds; the best sorts of wool supplied to the Commissariat last year averaged 2 Rupees 14 as 8 p a Maund- This is not a fair estimate of the Value of the better sorts there being no competition for it as the Natives have no manufactures or uses to which they can apply it, and so the wools have been sold to the Commissariat for the manufacture of Blankets or rather Cumblies for the use of

of felting has not reached this country and the article is little more than a very soft cumbly- Some specimens of the wool sent to England by the Overseer in charge were estimated at the following prices the pure Merino from 1/6 to 1s/8d per pound, the ¾ Bred from 1/2 to 1/3 per pound the ½ Bred from 6d to 7d per pound It would be desirable to send samples to the Honorable Court of Directors to enable the Court to form a correct estimate both of the value of the wool and the success and prospects of the experiment also specimens of the Superior sort of Cumbly and woollen Carpets manufactured in this country might be sent

10. With regard to the management of the Flocks the success of the experiment proves that at any rate it is adapted to this country and the value of experience is best illustrated by one or two incidents that I shall be excused for bringing to notice- A small private flock belonging to Captain Montgomery was grazed on this Hav rathe

rather apart from the Government flocks nearly all the Lambs died and many of the Sheep; the Shepherd was blamed and accused of want of care he said, "It is not my fault." "It is the soil, change the ground and I will not lose another Sheep" which was done and the man was right- Now I examined the spot most carefully and to all appearance it was precisely the same as the Government flocks grazed on within a few hundred yards of it. I may also mention that the imported Merino Rams, naturally the most wandering of the Sheep tribe are obliged to be kept housed and the Ewes brought to them as when pastured with the flocks they constantly die suddenly and this has happened so often as to be no matter for doubt- Either the climate affects them, or the instincts- which prevent their feeding on hurtful grasses in their natural pastures are not developed until the 2d. or 3d. generation when transplanted to a new country;

for

for the remark is not applicable to the 1/2 and 3/4 bred who are nearly as healthy as the sheep of the country- Every care is taken to avoid wet and to preserve as equable a climate as possible, the flocks being moved East or West with the change of seasons and prevalence of the monsoons-

11 It appears to me desirable to class the sheep separating the whole of the Black fleeced and partly colored or from the Bellore and Nursipoor Tookries and from the experimental flocks; and form of them 2 or 3 flocks to be supplied with better Rams as we can afford it- The improvement in the Black and Colored wool can do no harm, and may be useful to the natives, colored sheep remaining with the other flocks is in my opinion objectionable, as one white Ram Lamb from one of these colored Ewes might escape castration and as his produce would probably return to the Color of the mother he would do more harm in one season than two or three

seasons

seasons would eradicate besides it is a useless risk to run I had an instructive illustration of this when at the Farm. a remarkably handsome Ram nearly white attracted my attention he was the son of one of the Coimbatore Ewes his produce were all black and so marked in their likeness to the Coimbatore Ewes that I detected several at once now he would be most valuable to put to one of the Black flocks as his fleece was fine

Order thereon

1. 2

Ordered that Copy of the foregoing Extract from Minutes of Consultation and of Mr. C. I. Smith's report be communicated to the Acting Principal Collector of Coimbatore and

and the Collector of Salem respectively.

2. Messrs Thomas and Lockhart will correspond direct with the Mysore Authorities respecting the supply of Merino Sheep which Government have requested might be placed at their disposal and will report fully on the results of the experiments in their respective Districts at the expiration of two years when Returns of produce should be given.

Read the following.

3

From the Chief Secretary to Government

Extract from the Minutes of Consultation under date 1st June 1849 No. 216.

Read the following letter.

To

J. F. Thomas Esqre
Chief Secretary to
Government
Fort St. George

Sir,

Para 1. I am directed to transmit for the consideration of the Right Honorable the Governor in Council at Fort St George the accompanying Copies of a letter from the Military Board, No. 982, dated 14th Ultimo, and its enclosures together with

Copies

copies of a letter from the Collector of Canara dated 3d February last and of another from the Conservator of Forests No. 184 dated 27th Idem on the subject of the extension of the Contract for the conveyance to the Coast of Teak and Sunglewood Timber for three years or its being confined to the first of these years, 1850.

The Right Honorable the Governor in Council concurs fully I am to state in all the views and opinions of the Conservator of Forests and is desirous of having the doubts expressed in the two last paragraphs of his letter of the 30th March last resolved before taking any steps for securing a supply of Timber of the Superior kind for the Dock yard of this Presidency.—

Marine Department—
Bombay Castle 17th May 1849.

[Signed] J. G. Lumsden
Secretary to Government

To

The Right Honorable
Lord Viscount Falkland
Governor and President in Council

My Lord.

Adverting to our report of the 8th Ultimo No.

No. 603 on the reference made by the Collector of Canara whether the contract for the conveyance to the Coast of Teak and Sunglewood Timber should be extended for three years or be confined to the first of these years 1850 we have the honor to submit to your Lordship in Council a letter from the Agent for the purchase of Timber in Malabar dated 10th Ultimo No. 60 with accompaniment in reply to the reference made to him on the subject and another from the Conservator of Forests dated 30th Idem conveying his opinion on the different points therein noticed.—

2. The only point which appears to require particular notice is the last para of Captain Williams' letter suggesting that "In the event of there being even a remote probability that the building of line of battle Ships or other large Vessels will be resumed at Bombay means be taken to secure all the very large Size Timber which may be obtainable in Malabar during the next few years &c." With reference to which the Conservator remarks that "the measure is one of certain

and

"and of great expense in the first instance
"and it occurs to me that previously to deter-
"mining on a measure of such weight, it
"would be most desirable to ascertain whether
"supplies of the Superior Timber mentioned
"in Major Cotton's report as existing in
"the Government Forests of Annamalee
"be not obtainable or at least whether this
"could not be depended on as a reserve
"supply &c." As we concur in Dr. Gibsons'
suggestion we beg to recommend that the
subject may be referred to the Madras Au-
thorities accordingly.-

To

The Secretary to the Military Board
&c. &c. &c.
Department
Bombay

Sir,

I have the honor to acknowledge
the receipt of your endorsement No. 582

of the 24th Ultimo referring for my report
the Copy of a letter from the Collector of
Canara dated the 3d Idem on the subject
of procuring further supplies of Teak
and Sunglewood Timber from the Forests
in Canara.-

2d As connected with this subject
I take leave to refer to my previous cor-
respondence noted in the
Margin copies of which were
transmitted for the information
of the Military Board together
with my letter to your address
under date the 23d of December last No. 272

Timber Agents letter to the Commodore Superintendent of the Indian Navy No. 222 of 23d October 1848.
Timber Agents letter to Dr. No. 266 of 18th December 1848

3 Accompanying this I have
the honor to forward the copy of a com-
munication since received from the Com-
modore Superintendent of the Indian Navy
dated the 11th January being a reply to my
letter of the 18th of December above referred to
and as it would appear from the first
paragraph of the Commodores' letter that
an annual supply of the Teak Timber
which is procured from below the Ghauts
is looked for in the Dock yard it will
doubtless

doubtless be considered expedient that the present Teak Timber Contract alluded to by Mr. Blane should be allowed to continue in operation for the full period of three years-

4 As regards the contract for Sunglewood it will be seen by a reference to the 4th para of my letter of the 23d of October that at my suggestion it was limited to a period of one year only there are now about three hundred Logs of Sunglewood which have been prepared and are in course of removal from the Forests these are intended to be supplied to Bombay about the close of the present year, but it will perhaps be made to depend upon the future wants of the Dock Yard; and upon the result of a comparison between the Sunglewoods of Malabar and Canara whether any more Logs shall be filled from the Canara Forests and the Contract be extended for a further period

5 With reference to that part of Mr. Blanes letter which alludes to the working of the Goond Forest; and to the enclosed letter of the Commodore

Superintendent

Superintendent of the Indian Navy under date the 11th of January as connected therewith, I take leave to submit the opinion that it is not the intention of the Commodore that the Timber, after being made ready should be retained in the Forest, but on the Contrary that as soon as felled it should be removed to the Coast and there be kept ready to be shipped off to the Dock yard as occasion may require.-

6. In my letter of the 18th of December I suggested that in working the Goond Forests, the trees should be girdled and allowed to dry partially in a standing position for at least two years before they are felled and brought to the Coast, and, in doing so my object was to introduce the practice which still obtains in Cochin and Travancore, and which was always followed in Malabar during the time of the Government Timber conservancy- I believe there will be found but little danger from fire, so long as the Trees remain in the upright position but if such be apprehended, it may be desirable to resort to protective measures

measures similar to those adopted by Major Cotton for the preservation of the trees in the Annamala Forests, where the sub Conservator receives allowance of about three annas for every tree girdled, and for which he is bound to keep them clear of underwood during two dry seasons until they are felled and is moreover answerable for the loss of any tree which may be burned.-

7. As regards the quantity of Timber which it may be desirable to procure from the Goond Forest as a reserve stock, I am of course incompetent to offer an opinion not knowing what amount of Timber may be remaining in store, or what are likely to be the requirements of the Dock Yard for the next few years, but I take leave to submit the belief that only a limited number of either Superior or 1st Sort Timbers will be obtainable the Teak which grows in the Canara District is for the most part of small scantling and of tapering form and none of that very large and valuable description of Timber which when squared will carry an

uniform breadth throughout an entire length of 30 and 40 feet, is to be met with to the northward of Malabar; since the working of the Canara Forest was resumed in 1844, 3,904 Logs of Teak Timber have been provided, but out of this number there have been only 8 Superior and 446 First Sort Timber.-

8. In conclusion, I trust I may be permitted to suggest that in the event there being even a remote probability that the building of line of battle ships or other large Vessels will be resumed at Bombay, that means be taken to secure all the very large sized Timber which may be obtainable in Malabar during the next few years, as there is every probability that after that time the supply will entirely fail owing to the total exhaustion of all such Forests as are situated within a manageable distance from water carriage, and further I would beg to suggest that at the present time every encouragement should be held out to the Forest Proprietors and others to continue the supply of large

Fort St. George 5th July 1849.-

large sized Timber, otherwise the circumstance of it's not meeting a ready and profitable sale may incline the dealers to reduce their establishment of Elephants and to cut the large Timber in Logs of a smaller size for it's more easy and less expensive conveyance from the Forests; on this subject I beg to refer to my letter No. 153 of the 1st July last, to the address of late Commander in Chief of the Indian Navy and further to express my belief, that if the present opportunity is not taken advantage of it will hereafter be found next to impossible to procure any very large sized Timber except at a most exorbitant cost and then only by means of a Forest Establishment employed by Government for the purpose of transporting it to the Coast.

Government Agent's Office,
Calicut, 10th March 1849.

(Signed) A. S. Williams
Captain I. N.
Government Agent

To Captain A. S. Williams
Government Timber Agent
Calicut.

Sir,

I am directed by the Commodore Commanding

Fort St. George 5th July 1849.-

Commanding to acknowledge receipt of your Communication No. 266 of the 18th Ultimo, with it's enclosure, and in reply am to acquaint you that the supply of Timber procurable from below the Ghauts will be ample to meet the present annual consumption of this Dock Yard.-

As it is however extremely desirable that a stock of Timber should be prepared to meet any sudden call that may arise, I am instructed by the Commodore to authorize you to act up to your suggestion with respect to the girdling seasoning and felling of Trees above the Ghauts in order that a stock of good Timber may be available at any time when it may be wanted.-

The Timber procured from above as well as that obtained from below the Ghauts should for the present be retained on the coast with the exception of the quantity (about 3,500 Candies) required to meet the Current Annual Consumption which

Fort St. George 5th July 1849.-

which should be sent up in moderate pro=
=portion, and at intervals during the fair
season.-

Superintendent's Office,
Bombay 11th January 1849.

(Signed) F. G. Bone
Secretary.

(True Copy)
(Signed) M. S. Williams
Captain I. N.
Government Agent.

The Secretary Military Board
Marine Department.

Sir,

I have had the honor to receive
your Endorsement No. 762 of 1849 wherein
the Board request my opinion on certain
subjects mooted in the letter of the Agent
for Government Timber in Malabar

2.

In reply I have the
honor to remark on the contents
thereof in the order in which
they appear, as the Paragraphs
in the Copy which has reached me
have not been numbered.-

3.

With respect to the Contract for
Junglewood-

Fort St. George 5th July 1849.-

Junglewood made in Canara I am of opinion
that the continuance of the Contract for a
period exceeding one year is a matter
which may best be left to the judgment
of the Collector of Mangalore and the
Assistant Timber Agent at Sada=
=sheeghur. My own impression is that
it might not be disadvantageous for
Government to continue it, particularly
as the Timber is probably furnished
at a smaller cost than that from
Malabar and as to the "result of a
Comparison of this Junglewood with
that of Malabar" desired by the Agent,
I have not the slightest apprehension
that it will be found at all inferior to
the latter.-

4.

With regard to the proposal of Captain
Williams to keep the girdled trees standing for two
years, I think I also that this is a matter which should
be greatly left to the discretion of the
local Officers Viz.t Mr. Blane and
Mr. Poulton. There may very pos=
=sibly be circumstances in the existing
Contract which might render it desirable
that

Fort St. George 5th July 1849.-

that the Trees should be felled and conveyed to the Coast after the period of girdling and seasoning now usual. Further it is not impossible that the local Sub Conservator may not be in circumstances such as would render it safe to trust to his mere security to answer for the destruction &c. of property so valuable.- On both these the local Officers may most safely exercise a judgment.-

5- Touching the next para. of the letter from Captain Williams as to the size and quality of Timber procurable from the Goond Forest Piece, his remarks will be found to agree with those I have on former occasions submitted to the Board, Viz.t that but a small quantity of superior and 1st Class Timber can be procured from the Canara Forests, but of the other Classes a good supply.-

6- With respect to the concluding para. of the letter of Captain Williams Viz.t as to the advisability of encouraging the

Fort St. George 5th July 1849.-

the private market by purchasing up all the Superior Timber which may be offered for Sale for the next few years. I would respectfully remark that the measure is one of certain and of great expense in the first instance, and it occurs to me that previously to determining on a measure of such weight it would be most desirable to ascertain whether supplies of the Superior Timber mentioned in Major Cotton's report as existing in the Government Forests of Annamala be not obtainable, or at least whether this could not be depended on as a reserve supply.-

7- Probably I am right in inferring that because we have hitherto drawn supplies only of Planks from this Forest, there are difficulties in the way of procuring from thence the Timber in its entire state.- Still it would I think be advisable in the first instance to ascertain whether these difficulties are insurmountable in-as-much as if they can be surmounted even at a considerable expense, we may still have the

Superior

Superior Timber at a smaller cost than it can be procured in the private Market; while in the process of overcoming difficulties we at the same time open a line of road communication to Coimbatore, a measure strongly recommended by Major Cotton on account of it's utility for the general purposes of Traffic and of Military communication.-

To,
Lieutenant Colonel Melvill
Secretary to Government
Bombay.

Sir,

With reference to your letter under date the 10th November 1848 to the Secretary Government of Madras, on the subject of the estimate forwarded by me for the conveyance to the Coast of Teak and Jungle-wood Timber, I have the honor to state that I have been directed by the Madras Government to request instructions from that of Bombay as to whether the Con-tract should be extended for three years

years, or be confined to the first of these years (1850) a reservation having been made leaving it optional with the Government to pursue either course with respect to the Teak Timber. The contract for Jungle-wood was confined to a single year Viz.t 1850, and I have accordingly the honor to request that the wishes of the Bombay Government on this subject may be communicated to me at an early date.-

It is necessary for me at the same time to state that the Trees for the full contract of three years have been already girdled and as they would be exposed to much danger from the fires which take place in the Forests so frequently if they were left for any considerable time after becoming dry and as the contract price for their conveyance to the Coast on the present occasion is extremely low and more favorable probably than could be again obtained if the contract were broken off after the expiration of the present year, I would recommend that it should not be restricted but allowed

Sir,

With reference to your letter under date the 10th November 1848 to the Secretary to Government of Madras, on the subject of the estimate forwarded by me for the conveyance to the Coast of Teak and Jungle-wood Timber, I have the honor to state that I have been directed by the Madras Government to request instructions from that of Bombay as to whether the Contract should be extended for three years

Fort St. George 5th July 1849.-

years, or be confined to the first of these years /1850/ a reservation having been made leaving it optional with the Government to pursue either course with respect to the Teak Timber. The contract for Jungle-wood was confined to a single year Viz.t 1850, and I have accordingly the honor to request that the wishes of the Bombay Government on this subject may be communicated to me at an early date.-

It is necessary for me at the same time to state that the Trees for the full contract of three years have been already girdled and as they would be exposed to much danger from the fires which take place in the Forests so frequently if they were left for any considerable time after becoming dry and as the contract price for their conveyance to the coast on the present occasion is extremely low and more favorable probably than could be again obtained if the contract were broken off after the expiration of the present year, I would recommend that it should not be restricted but allowed

2.

allowed to continue in operation for the full period of three years.-

3. Referring to Mr. Courtney's letter to the Chief Secretary to the Government of Fort St. George under date the 7th Novem=ber last with the copies of correspondence which accompanied it, and which have been communicated for my information, I am induced to refer to the subject of working the Goond Forest situated a=bove the Ghauts.

4. Captain Williams the Timber Agent at Calicut has recently addressed me on the subject and has forwarded to me Copy of a correspondence between him=self and the Commodore Commanding the Indian Navy in which the latter Officer states "that the supply of Timber procurable from below the Ghauts will be ample to meet the present annual consump=tion of the Dock yard" but he at the same time approves of the suggestion of Captain Williams that a certain number of trees in the upper or a Goond Forests should be girdled Seasoned and felled in order that a

good stock of Timber may be available at any time it may be wanted. Before however I could act upon this suggestion it would be desirable that I should be furnished with more particular instructions as to the quantity of trees which should be so prepared, and especially regarding the class of Timbers, because it would appear from the correspondence which ac=companied the letter to the Madras Govern=ment above alluded to that it was not contemplated for the present to lay in a stock of any but what are termed first class and superior Logs, and if this be the intention no trees would be prepared except=such as would furnish such Timber.

5. With respect to having such a stock of Timber prepared but without any immediate intention of removing it from the Forests, it occurs to me that the danger of its being subject to des=truction by fires may possibly not have suggested itself to the Commodore, and this is a point upon which I think it would be desirable that the opinion of Dr. Gibson should be requested. I shall not

not therefore take any immediate measures for girdling and felling Teak Timber in the upper Forests until the instructions of the Bombay Government upon the points I have here referred to may be communicated to me.

Collectors Cutcherry
on Circuit, Moorbedry,

/Signed/ T. L. Blane
Collector.

To,
The Secretary Military Board.

Sir,

In acknowledging receipt of the Board's reference No. 503 on the subject of the contract for Canara Timber &c. I have the honor to offer my opinion as follows. That under any circumstances the continuance of the contract for its full terms viz. 3 years is most advisable but becomes still more so under the circumstances mentioned in Para 2nd of the Collector's letter.

It seems the more necessary that the contract should be continued to the full terms as its conditions are very

favorable and it is very doubtful whether the contingency which has led to it's being so on the present occasion (viz. Rivalry of contractors) may be of any permanence in regard to the 2nd Point wherein my opinion is requested viz. in reference to the contents of Para 4th of the Collector's letter. I have the honor to state my opinion that in the Good Forest the largest trees might be girdled the first season and afterwards the Assistant Agent at Sedasheeghur can most fully judge whether it may be expedient to girdle any others, the soundness of the Timber furnished from this Forest must even tend to prevent its being a drug in the Public stores, more especially when considered that it is furnished at a rate vastly cheaper than any Timber procured from other Places.

With respect to the contents of 5- the 5th Para of the Collector's letter I beg to signify my concurrence in the opinion of that Officer as to the Danger to be apprehended from Fire. Moreover I have reason to believe that as the Rains and Fogs in the upper Forest are considerably more heavy and durable than is the case on

most

most parts of the coast, the wood if conveyed to and stored at Sedasheaghur will remain longer in a sound state than it would do if left in the Forest.

Under these circumstances there can I think be no doubt as to the advantage of having it cut and conveyed down at the usual season.

Before concluding I beg to rectify an apparent misconception which I notice in the letter of the Commander in Chief I. N. Viz.t that the supply of Timber from below the Ghauts is ample to meet the present consumption of the Dock yard.

In fact much of the Timber now shipped by this Agency is from the Hills which form the southern Boundary of the upper Forest. These Hills are on a level with Coond and separated there: from only by an intermediate range.

It were hardly necessary to mention this save to correct the idea that the lower country contains more grown Teak than it really does.

Mr.

Mr. Boulton can corroborate this fact as in Company with me he lately travelled over a considerable part of this Tract.

2

The President in Council has no doubt that if it were advisable to impose restraint at all by Legislature enactment in this matter, there could be no method of doing it so little objectionable as that proposed of levying a

Fort St. George 5th July 1849.

Export duty upon undersized Timber. But independently of the inconvenience that would arise from a partial repeal of Act VI of 1848, which this course would render necessary. His Honor in Council is unable to satisfy himself of the propriety of legislating even in this indirect manner for the purpose of interfering with individuals in the management of their private property - he considers that legislation of such a tendency should be resorted to only under very pressing circumstances indeed, and on the present occasion — His Honor in Council cannot perceive that a sufficiently strong case is made out.

3 It does not appear in the first place that the Government Forests in which of course any conservancy arrangement that may appear desirable can be introduced without a law, are not alone sufficient for public purposes - In the next place His Honor in Council finds it difficult to believe that Proprietors of Forests

9945 Fort St. George 5th July 1849

Forests will be found as a body to pursue to an excessive degree the unwise and improvident course, the existence of which is assumed as sufficient proof of the necessity for the interference of the Law to restrain them in the management of their own property. A few such may possibly be found - but with regard to the majority, His Honor in Council cannot suppose but that they are likely to discern for themselves and to follow that course which is most conducive to their real interests and that no such general and wholesale destruction of the Forests will be found to take place as appears to be apprehended.

Enclosure No 1

To,

W. Grey Esqre

Under Secretary to the Government of India

Home Department -

Sir,

With reference to the letters from the Home Department noted in the margin I am directed by the Deputy Governor of Bengal to forward for the consideration of the Government of India the accompanying copy of a communication from the Board of Customs No. 833 dated the 11th Instant reporting on the operations of the two new stamping Machines sent out by the Honorable the Court of Directors.

Letter No. 40 dd 16th Jany 1849
" — " 271 18th April
" — " 472 4th July -

Fort William, 23d May, 1849.

[Signed] W. Letton Hall
Under Secy to Govt of India

To,

The Honorable Sir J. H. Littler G.C.B.
Deputy Governor of Bengal -

Honorable Sir. -

With reference to Mr Under Secretary Young's letter No. 415 dated the 20th October 1847 and the despatch of the Honorable Court of Directors No. 4 dated 30th March 1847 we have the honor to report that the two new Stamping Machines being now in full operation, the

9948

Fort S. George 5th July 1849.

the supply of stamps required for the Presidencies of Madras and Bombay can be furnished from hence -

The store of stamped paper counter stamped at the General Treasury amounted on the 16th February last to 645,252 Sheets and the number of Sheets stamped with the bicolored impression but not counter-stamped at the Treasury amounted on the 1st March to 19,19,259 - on the latter date therefore there was a store of paper stamped with the bicolored impression amounting to more than 25,00000 Sheets -

2

During the Months of January and February 1849 there were thrown off from the two Machines 1,20,758 serviceable sheets of stamped paper (besides promissary Notes and Interest drafts) and at this rate the annual supply from the Machines would be 72,42,948 sheets - But the actual sale of stamps in the Bengal Presidency during the year ending February 1849 was 46,78,875 Sheets so that the Machines at their present rate of working give an excess supply.

3.

supply of 25,64,073. Sheets which is probably more than enough for the supply of both the other Presidencies.

+ It is stated in Mr. Secy Buckley's letter to the Bengal Government No 271 dated the 18th April 1846 that the probable annual quantity required for Bombay would be 10,50,000 Sheets.

4 The Machines however are capable of easily throwing off a much larger quantity of stamped paper. On the 19th January last 31,692 Sheets were struck off, so that allowing 275 working days in the year the supply even at this rate might be increased to 87,15,300 sheets and if working 8 hours a day the full number of 24,000 stamps per diem were taken from each Machine the annual out-turn might be raised to 1,32,00,000 Sheets.

5. There can be no doubt therefore of the ability of the Machines to supply the whole of India with stamp paper.

6. It will be for the Government to determine whether if stamps be supplied from hence to the other Presidencies they shall be sent bearing only the bicolored stamp or whether they shall be counter stamped like those in use in Bengal at the

the General Treasury in Calcutta.

Board of Customs, Salt and Opium, The 11th May 1849. } [Signed] W. Blunt. (") E. Currie.

Read the following Report.

To,
J. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

11.

From the Collr. of Ganjam. — Reports on the affairs of the Polaky and Duntah Estates. —

Para 1. — I have now the honor to submit for the consideration of the Board of Revenue the result of my examination into the affairs of the Polaky &c Estates in this District, and the scheme of an adjustment that I would propose in reference to the claims of the actual Proprietor and the late purchasers, arising out of the cancelling of the Auction sale of these Estates. —

2. It will be unnecessary here to enter into any lengthened account of former transactions connected with the Estates in question. In December 1844, the Estates of Polaky and Duntah, the property of the late Masalacuntee Bulramiah, and those of Lutchmepore and Barwa belonging to his Sister Coravee Jogummah, then lately deceased, were brought to public sale on account of Arrears of Government ___ Revenue. The sale of the two Estates last named was ultimately

ultimately duly confirmed; of these Baroah was purchased by Crostna Chendra Sautra Zemindar of Saradah, by whom the Peshcush has since been regularly discharged, and there is no question now depending in con: =nection with it. Edenapoody Pracasha row and Anuntaramiah became the purchasers of the other three Estates, the price paid for Polankey being Rupees 42,000 for Duntah Rupees 7,500, and for Lutchmepore Rupees 9,120-0-"

3. These Estates, in anticipation of confirmation of the sale, were at once made over by the Acting Collector to the abovementioned purchasers, and the last named Estate Lutchmepore has since continued uninter: =ruptedly in their possession and Manage: =ment; but the new purchasers have neglected to discharge the Peshcush falling due thereon, upon the plea that they do not wish to retain one only out of the three Estates, and also that the funds in the hands of the Collector would be available in liquidation. The arrear of Peshcush that is now outstanding will accordingly have to be deducted from the

the sum that may be repayable to them on the final adjustment of the accounts relative to their management of the two other Estates of Polankey and Duntah, the Public sale of which was cancelled on the ground of illegality in-as much as that a portion of the arrears for which they were sold had accrued subsequently to the death of the late Proprietor, and during the Minority of his adopted Son Ramiah, to whom the Estates had devolved; the same being contrary to the provisions of Section II Regulation X of 1831.-

4 Consequent on the annulment of the Sale, the Estates of Polankey and Duntah were taken under immediate Ma: =nagement, and the Collector was instructed to effect a Settlement of the claims of the purchasers in connection with their management of the Estates, in view to the repayment of the purchase Money remaining due to them. The principle on which I proposed to adjust these claims, was that the purchasers should be debited with the whole of the Collections and receipts of every description which they had derived from the Estates, during the entire time that they held possession, and, on the other hand

Fort St. George 5th July 1849.-

hand, have credit for all payments made by them on account of Government Peshcush, and for reasonable charges of Management, and further that they should be allowed interest on the Amount of the purchase Money paid by them at Auction for the two Estates. The investigation and final adjustment of the complicated details connected with these matters has been attended with very great difficulty and trouble, and unavoidable delay mainly arising from the chicanery, cavilling and litigious disposition of both of the parties whose opposing interests are involved in the decision of the pecuniary questions pending between them, while the settlement was rendered more embarrassing by the defectiveness and untrustworthiness of the only Accounts that could be obtained, which, owing to the mode of Settlement with the Ryots partaking of the character of the retail transactions of a dealer, were more than ordinary confused and complicated. It would be altogether a fruitless task to enter into lengthened details in respect to particular items claimed on the one side, and objected to on the other, but

Establishment — 394-1-. 3,667-12-1

Surplus — 1,002-7-7

6. It will be observed that the receipt from Polaky were in the aggregate Rupees 69,962-7-9. and that the whole charges including Peishcush, Succanee, Repairs and Establishment amounted to Rupees 48,957-9-2, giving a surplus profit from this Estate of Rupees 21,004-14-7- For Duntah the total receipts amounted to Rupees 4,670-3-8, and the charges to Rupees 3,667-12-1, leaving a small surplus of Rupees 1,002-7-7.- In the Board's Proceedings dated 12th October 1846, it was remarked that the rate of interest which I had suggested should be allowed on the Cash deposited

5.

Fort St. George 5th July 1849.-

by the purchasers, viz.t that of the loan then open, or 4 per Cent appeared to be scarcely sufficiently liberal; and the Board desired that, in making up the accounts of adjustment, such reasonable rate should be adopted "as Money or "would yield at a fair rate of profit if "invested in Agricultural or Commercial "enterprises in the District." In conformity with this instruction, and specially bearing in mind that the Purchasers have incurred no risk or trouble such as are incident to enterprises of the nature of those ad= =verted to by the Board, I have assumed 6 per Cent per Annum as a fair rate of interest, that will bear equitably on both parties. It has further appeared to me to be just and proper that the purchasers should in like manner be debited with interest on the amount of surplus collec= =tion from the Estates while remaining on their hands, Interest on the deposit it will be observed has been calculated up to the 30th September 1848 and to no later date, because the Purchasers then finally refused to accede to any terms of adjustment, insisting upon

the

Fort St. George 5th July 1849.-

the restoration to them and the confirmation of the sale of the Estates. The results are accordingly subjoined.-

Polakey.

Purchase Money paid for Polakey 4,200 " "
Interest thereon at 6 per Cent per Annum from 13th April 1845 to 30th September 1848 — 8736 " "
Surplus Collections as above — 21,004-14-7
Interest thereon at 6 per Cent — 2520-9-5
— 23525 8 "
Balance repayable to Purchasers — 27210 8 "

Duntalu.-

Purchase Money paid for Duntalu — 7,500 " "
Interest thereon at 6 per Cent from 13th April 1845 to 30th September 1848 — 1,500 " "
— 9,060 " "
Surplus Collections as above — 1002 77
Interest thereon — 120 49
— 1122 124
Balance repayable to Purchasers — 7937-3-8.

From the foregoing it will be seen that, deducting the Surplus Collections received by the Purchasers from the amount of deposit made by them for the purchase of the Estates, and allowing interest in both cases, the balance repayable on account of the Polakey Estate will be Rs. 27210-8- upon the Duntalu Estate the amount repayable

Fort St. George 5th July 1849.-

repayable, similarly calculated, would be Rupees 7,937- 3 - 8.-

7. I have here to bring to the notice of the Board that, although Eddanapoody Sooriapracasa row and Anuntaramiah were the purchasers publicly of the Duntalu Estate, it appears that they immediately assigned it to Goondalah Ven Eatramdoss the late Zemindary Sheristadar of this District on behalf of his son Narain Moorter, who is still a Minor, and that Mr. Smollett then Acting Collector, was cognizant of and gave at least his tacit consent to the arrangement. The intricacies arising out of this transaction now add to the complication of matters.- I beg to submit for the Board's consideration translation of a Petition addressed to me by the Widow of the late Sheristadar and Mother of the Minor, in which the facts connected with this transaction are stated with sufficient correctness. There is every reason to believe that the purchase Money for Duntalu was paid in the manner mentioned in the Petition from the funds of Ven Eatram Doss, and that his Goomastahs managed the property on his behalf up to the time when

when it was taken under attachment. also that the Deeds, of which translations are also enclosed, engaging to complete the transfer and registry, on confirmation of the sales, are genuine and authentic; indeed it is to be remarked that Eddanapoody Sooriapracasa row and Amuntaramiah do not deny the transaction; but they have hitherto declined giving their express consent to the purchase Money for Duntah being made to Narain Moortee's Guardians on his behalf. This demur is said to arise from their wish not to do any thing that might prejudice their claim to have the sale of the Estate confirmed to them, which they are still in hopes of accomplishing, by some means or other. They also allege that they have incurred great expense in petitioning, a portion of which they desire should be borne by Duntah. These points must of course be left for settlement between the parties; and although the title of Narrain moortee to receive a refund of the Cash appears to me equitable, I think, as the sale was publicly made to Eddanapoody Sooriapracasa row and Amuntah Ramiah, that

that the Collector would not be justified in paying the Cash to another party, without their consent. On the other hand the Minor's Mother can at any time obtain from the Civil Court an injunction to the Collector not to pay the Money, pending a final decision in the Case. I would accordingly recommend that authority be granted for repaying, from the Treasury, the purchase Money of Duntah, Viz.te Rupees ₹500, upon a sufficient acquittance being executed by Eddanapoody Sooriapra=casa row and Amuntaramiah.-

8. I insert in the Margin a Memorandum of the balances unpaid by Eddanapoody Sooria=praca sa row and Amunta Ramiah upon the Lutcheme=pore Estate, amounting inclusive of interest thereon,

Fusslies	Principal			Interest.			Total		
	CRs	a	p	CRs.	a	p	CRs.	a	p
1256	2,555	13	11	673	8	0	3,229	5	11
1257	2,955	13	11	428	9	7	3,384	7	6
1258	2,955	13	11	73	14	4	3,029	12	3
Total	8,467	9	9	1,175	15	11	9,643	9	8

to Rupees 9643-9-8. Deducting this sum from the amount above shewn to be repayable on account of Polakey Rupees 27210-8-0, there remains due to them Rupees 17,566-14-4. I would suggest that that

that authority may be accordingly granted for making the necessary adjustment in account, and paying the said amount to Eddanapoody Pooriapracasarow and Annunta=ramiah.-

9. I now proceed to notice the results of this proposed adjustment as they affect the State of the accounts between the Govern:=ment and the actual Proprietor Ramiah, and for this purpose it will be necessary to take up the statement of the public demand against the Polaiey and Duntalu Estates from the date when they were brought to sale in December 1844, and carry it down to the present time. The total arrear for which the two Estates were put to auction amounted as shewn in the margin to Rupees 48,874-13-2. of which Rupees 6,110-10-5 consisted of Interest. In consideration of the circumstance that the indulgence of the remission of interest on old arrears was granted by the Government in several instances of Zemindars and Proprietors in this District, who

	Principal.	Interest.	Total.
Polaiey	36,416 1 6	4,962 4 5	41,378 5 11
Duntalu	6,348 1 3	1,148 6 "	7,496 7 3
	42,764 2 9	6,110 10 5	48,874 13 2

had become deeply involved in pecuniary difficulties about the same period, and as the large arrears in the present case press with much severity I trust that the Board will be induced to extend to the young proprietor a similar indulgence. I accordingly have ventured to exclude the amount of interest upon the old arrears of which the particulars are given in the margin from the following calculations. Moreover no interest has been charged upon arrears for the period subsequent to the date of sale, because in fact the amount of arrears was received in the shape of the purchase Money, of which the Govern:=ment have had the usufruct ever since. The net amount being the difference between the interest allowed upon the purchase Money while in deposit, and the surplus profits of the Estates while at the disposal of the purchasers, has of course

Fort St. George 5th July 1849.-

10. The balance due upon both Estates according to the above, which agrees with the Treasury Accounts Current, it will be observed amounts to Rupees 49,202-4-7. Subsequent to the date to which these Accounts were closed, collections have been made from the Estates and are now credited to the head of deposit to the extent of Rupees 18,384-2-1 leaving a Net balance of Rupees 30,817-14-6 against the young Proprietor. From this again has to be deducted the Surplus Collections to be accounted for by Eddanapoody Sooria Pracasarow and Amuntaramiah as specified in Paras 5 & 6, less the Net Interest allowed to the Purchasers, amounting as noted in the Margin to Rs. 14,352-4-4, and finally reducing the demand against the Proprietor to Rupees 16,465-10-2 who proposes the following arrangement for the liquidation of the

shall pay down in cash Rupees 9,465-10-2 within a week from this date, and discharge the remaining seven thousand and odd Rupees before the 12th July next: furnishing substantial security for the fulfilment of the last mentioned condition. I consider these terms to be admissible, and recommend them, with the various adjustments above specified, for the confirmation of the Board; meantime in anticipation of their approval, I have desired Ramiah to make payment into the Treasury of the sum stipulated, and to complete the necessary security; when on the receipt of authority, the management of the Estate can be made over to him. I beg to add that it is very desirable instructions on the subject should be given as soon as may be convenient, to enable the owner to enter into arrangements for the ensuing cultivating season, which usually commences early in June.-

Ganjam Collector's Cutcherry, Chetterpore, 1st May 1849.

/Signed/ R. A. Bannerman
Collector

Ganjam District, Coll.r's Cutcherry, Chatterpore, 1st May, 1849. — —

E. E. P.r / Signed / R. A. Bannerman Collector.

D.G.

Fort St. George 5th July 1849.

No. 6

Translation of an Arzee addressed to R. A. Bannerman Esq.re Collector of Ganjam by Goondalah Narain Moorty, Son of the late Goondalah Venca taram doss Puntooloo being a Minor by his mother and Guardian Soobbamah, Dated 15th January, 1849.

The Hoondahs of Polauky Duntah &ca having fallen in arrear of Peishcush payable to the Circar the late Acting Collector Mr. Smollett put them up to sale by public Auction on the 30th December in Fusly 1254 when Yeddanapoody Sooriah Pracasarow and Ammutaramiah were the highest bidders for the three Ecstates of Polauky Duntah and Lutchmepoor which were knocked down and the prescribed deposit was received from them. In raising funds for payment of the premium money of the said Talooka Sooria Pracasarow and others offered for sale to my husband who was then at Chicacole the Hoondah of Duntah at the same amount for which they had purchased it, Pracasarow persuading him that the Ecstate would be profitable under good

Fort St. George 5th July 1849

good management and so forth. My husband gave his consent to the proposal and out of the premium Money of the Duntah Estate Viz.t Rupees 750 he paid down to Yeddanapoody Soorianaraeasarow and Yamuntaramiah the sum of Rupees 1,125 being the amount which they had paid as deposit at the rate of 15 per cent, and they executed to him in the presence of Witnesses on Saturday the 9th Pooshea Bahoolah of the year Crodhee or 1st February 1845 an agreement on a Stamp paper valued at 1 Rupee containing the conditions that my husband should himself pay in full the balance of the purchase Money within four days of the receipt of sanction, and that when the sale of the Estates were sanctioned the Boondah of Duntah should be transferred in the name of my son Narain Moorty and that from July 1254 we should for ever pay the Amount of Permanent Settlement and enjoy the profit or loss derived therefrom they (Yedanapoody Praeasarow and Anunta Ramiah) being exonerated from all concern therein. Further they gave

Fort St. George 5th July 1849

him an Arzee addressed by them on the same date to the acting Collector Mr. Smollett requesting that upon the receipt of the sanction for the sale of Estates the above named Boondah might be made over to my son Narrain Moorty receiving from him the balance of the purchase Money of the Estate after deducting the deposit made on that account.

Subsequently when my husband proceeded to Chetterpore he met the acting Collector Mr. Smollet and accompanied by Yeddanapoody Anunta Ramiah informed him of the Agreements and conditions that had been entered into between them and ourselves presented to him on the 9th April the Arzee which had been addressed to him by Yeddanapoody Praeasarow and Anunta Ramiah, above alluded to. Mr. Smollett gave his approbation to the arrangement, and said that on the receipt of the sanction of the sale of Estates the Duntah Boondah would be transferred to the name of my son and he filed the Arzee duly attesting it.

The Collector Mr. Smollett perused

yeddanapoody

Fort St. George 5th July 1849

Ayeddanapoody Pracavarow &ca to pay down the remaining amount of the premium Money on receiving which he said he would make over the Estates to them in anticipation of sanction of the sale of the Estates being received-On which the Yeddanapoody family paid into the Treasury the balance of the purchase Money of the Polaky and Lutchme-pore Estates, and at their request we paid into the Treasury on behalf of my son, the amount remaining due on account of Duntah deducting the deposit already made by us on this account- we received Receipts for the same, and the Talooks were placed in possession of Sooria Pracasarow &ca on the 11th April who made over to us the Duntah Estate and gave over to us on the 16th April 1845 an order directing the Ryots and others of the Villages of that Estate to obey our lawful orders and pay the assessment to us- they also executed a document "Deemut" in the name of my son to the effect, that we should undertake the management of the Villages of the Estate, and discharge the Peishcush payable to the Sircar

Fort St. George 5th July 1849

enjoying ourselves the profit or loss that might be derived therefrom. Since which time we employed a Gomastah and administered the affairs of the Estate and discharging the Sircar Peishcush received acquittals for the same, Yeddanapoody Pracasarow &ca not exercising any sort of interference with the same. In the mean time the Government have annulled the sale of Polanky and Duntah Estates. which they communicated to you, and you having directed to produce Accounts of the collections made by us in the Talooks for Fusly 1254-55 & 56 we deputed our Gomastah with Yeddanapoody Sooria Pracasarow and produced the accounts in the Hoozoor-

As you are now adjusting the accounts between the Original Proprietor Nowalyenty Ramiah and the purchasers at Auction Yeddanapoody Sooriah Pracasarow and Anuntakramiah, we beg to state that we are given to understand that the said Sooreah Pracasarow &ca not consenting to the sale of the Estates being annulled and to the present adjustment of accounts, are disposed to prosecute the matter for some time -You are aware that we are not wealthy - My husband in the first instance was led to listen to the specious advice of the Yeddanapoody people, and according to his necessities at the time borrowed funds from Sowcars at 1 and 1/2 Rupees interest per Cent (per mensem) and paid the amount

Fort St. George 5th July 1849

amount to the Circar, while we now sustain great loss by them delito bearing a higher rate of interest than what the Circar will probably allow. My husband has died leaving us females and infants without protection and we are not able further to contest the matter. We herein enclose the above document "Dheemut" and the agreement executed to us on Stamp paper, by the said Sooria Pracasarow and Anunta Ramiah upon receiving from us repayment of the deposit what they had paid out of the total purchase money, stating that we should pay the remainder thereof and enjoy the profit or loss that might accrue on the Estate. The Petition addressed by them to the Acting Collector Mr. Smollett to this effect is on the records of your Office. The entry of Credit in the Cash Accounts will testify the proof of our having paid the purchase Money in full into the Treasury. You will be aware that the management of the Estate in question has been carried on, on our behalf.

You will therefore be pleased to take these circumstances into consideration and according to the adjustment of accounts you may make, pay to us as soon as possible, the Amount which falls to be refunded on account of the Duntah Estates. In case of your deeming it necessary to make a reference to either the Board of Revenue or

Government:

Fort St. George 5th July 1849

Government on the subject, You will do us the favour of forwarding to them this Petition with the original documents produced by us as well as the Arzee addressed to the late Collector Mr. Smollett by the Yeoldanapoody Men, which is on your records and bringing to them notice our just and equitable claims take measures for the repayment of our funds and so protect us -

Collector:

Translation of an Agreement executed by Yeoldanapoody Sooria Pracasarow and Anunta Ramiah to Goondalah Venkatramdoss Pantoolu on Saturday the 9th Pooshea Bahoola of the year Croodhee corresponding with the 1st February 1845-

Whereas out of the three Estates of Polanky Lutchmepore and Duntah purchased by us at public auction at the Cutcherry of the Collector of Ganjam we have resolved to sell to you the Estate of Duntah for the same amount for which we bought it at the said auction, we accordingly give into your hands an Arzee which we have addressed to the Collector requesting him to transfer to and register the said Estate of Duntah in the name of your son Narain Moorty

Fort St. George 5th July 1849

Moorty upon the sale of the Estate in question being confirmed to us by the Collector - Further that you having this day repaid to us the amount of the deposit at 15 Rupees per cent out of the total purchase money, we have given you our Receipt for the same, and you will discharge the balance of the purchase money within four days of the receipt of formal sanction for the sale of the above named Estates to us, and take a Receipt for the same - and that in respect to the said Estate of Duntah you do hereafter from the Current Fusly 1254 perpetually discharge the Amount of Permanent Peshcush to the Circar, and enjoying the profit or loss derived therefrom, take upon yourself all matter connected therewith; our responsibility and interference shall altogether cease -

Translation of a Document "Dheemut" executed by Yeddanapoody Sooria Pracasarow and Ananta Ramiah to Goondalah Narain Moorty Puntooloo, on Wednesday the 9th Chytra Sooddah of the year Viswavasoo or 16th April 1845 -

States that having purchased the three Estates of

Fort St. George 5th July 1849

Polanky Lutchmepore and Duntah at the auction held by the Circar, we have sold to you out of them, the Estate of Duntah for the sum of Rupees 7,500 being the sum for which we bought it, and out of this amount you have repaid to us Rupees 1125 which we had paid as deposit on account of the purchase and of the remaining sum of Rupees 6,375 - - - you have paid Rupees 3950 into the Treasury at Chicacole, and Rupees 2425 into that at Chittlerpore being in all Rupees 7500, which we certify to have received - That we addressed an arzee to the Collector of Ganjam on the 1st February 1845 requesting him to transfer to and register the Estate in question in your name, which arzee we presented to him on the 9th Instant - That the Acting Collector replied that he would recommend the transfer and registry of the said Estate in your name, upon the receipt of sanction of the sale to us, and he having made over the said Estates to us on the 11th Instant in anticipation of receiving sanction for the same we hereby vest in you the right of the Duntah Estate and we give to you a paper direcing the Ryots and others of the said Estate to obey your directions and pay the assessment of the Villages to you - wherefore you will hereafter administer the affairs of the Estate and pay the Peshcush to the Circar enjoying yourself the profits or loss derived from the Estate, we hereby renouncing all interest concern therein, and upon the receipt of the sanction of the sale to us, we will again present an arzee requesting the

Fort St. George 5th July 1849

the transfer and registry to be made in your name in accordance with the arzee of the date above quoted.

The Chief Secretary to
Government -

(11-12)

To the Chief Secretary to Government. - - - Submitting letter from the Collector of Ganjam reporting upon the affairs of the Polaky and Dunta Estates in his District and conveying the Board's views on the subject -

Indexed 5th July 1849.

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying letter 1st May 1849 from the late Collector of Ganjam reporting upon the affairs of the Polaky and Dunta Estates in his District.

2. The subject of these properties has already been brought to the notice of Government, and has been discussed in the correspondence noted in the margin - It will be sufficient here to state that the Zamindaries of Polaky and Dunta belonging to the late Irovalcunta Bullaramiah and those of Lutchmeepoorum and Barwah the property of his Sister Coravee Jagunnah were sold for arrears of Revenue on the 30th December 1844 - Barwah was purchased by Croostna Chendra Santra Zemindar of Jaredah - by

Fort St. George, 5th July 1849.

by whom its Peshcush has since been punctually discharged, and this Estate will therefore require no further mention. The three other Zemindaries were bought by Edamaspoody Pracansa row and Ammuta Ramiah. They still retain Lutchmeepooram but the sales of Polaky and Dunta were subsequently set aside upon the grounds of their having been sold during the Minority of the young proprietor, Ramiah, for arrears, a part of which had accrued since his succession to the property in contravention of the provisions of Regulation X. 1831.

The Estates which have been put in possession of the purchasers after the sale, were consequently reattached and taken under Sirkar Management on account of the original arrears due upon them in September 1846.

3. The question treated in M. Bannerman's Report now under submission are two. First, the Settlement to be made with the purchasers of the Dunta and Polaky Estates for the period during which they were in possession, in view to the repayment of so much of the purchase

Money.

Fort St. George, 5th July 1849.

Money as may remain due to them.

Secondly. The arrangements to be effected for the discharge of the balances still outstanding upon the Zemindaries with their Proprietor Ramiah who have attained his Majority.

4. The principle upon which the Collector has proceeded in adjusting the claims of E. Pracansa Row and Ammuta Ramiah the purchasers of the Estates, is that approved by Government in the Extract Minutes consultation 30th October 1846, Viz^t. that these parties should be debited with the whole of the Collections and receipts of every description which they had derived from the property, during the entire time that they held possession, and on the other hand have credit for all payments made by them on account of Government Peshcush and for reasonable Charges of Management; and further that they should be allowed interest on the amount of the purchase Money paid by them at auction for the two Estates. They have per contra been debited with interest upon the surplus Collections realized from the property whilst under their Management. It was at first proposed by the Collector that the rate of interest to be allowed should

Infus. 12th November 1846.

be

be 4 per Cent, but this rate seemed to the Board to be scarcely sufficiently liberal and they therefore directed that in making up the accounts such reasonable rate should be adopted" as money would yield at a fair rate of profit if invested in Agricultural or Commercial enterprises in the District. The rate finally taken is 6 per % which under all the circumstances the Board agree with the Collector in considering to be sufficiently high. The interest both upon the purchase money and surplus Collections has been calculated to the 30th September 1848 and to no later date, because the purchasers then finally refused to accede to any terms of adjustment, insisting upon the restoration of the Estates. The receipts have been computed from the Accounts furnished by the purchasers checked and corrected as far as possible and with much difficulty by the inquiries instituted by the Collector in illustration of which he has submitted with his report the Abstracts Statements No. I to IV.-

5. The result of these calculations as given more at length by the Collector in paras 5—6 may be briefly exhibited

exhibited as follows-

Polanky-

Receipts-	9902-7-9	
Charges-	4895-9-2	
Surplus-	5006-14-7	
Interest on Surplus at 6 %	2520-9-5	
		23525-8-4

Dunta-

Receipts	*4084-3-8	
Charges-	3087-12-1	
Surplus-	996-7-7	
Interest-	120-4-9-	
		1116-12-4
Total Surplus repayable by the purchasers upon the two Estates-		24642-4-4-

Note- In Para 5 of the Collectors letter this is given at Rupees *4,070-3-8 which is a mistake arising from the receipts for Fusly 1255 having been entered at Rupees 2087-13-3 instead of Rupees 1,081-13-3 the sum shown in the Column 25. Statement No. IV.-

8. To this demand upon C: Pracausa Row and Anunta Ramiah is to be added the Peshcush due by them for Fuslies 1256—1257—1258 upon the Lutchmeeporum Estate. purchased by them at the same time with Dunta and Polanky- The sale of this Estate stands good. but its owners have hitherto upon pleas connected with the other Estates, delayed payment of the Peshcush- The

Amount

Para 8.

Amount outstanding against them upon this account is Rupees 9643-9-8 which added to the Surplus already stated, raises the entire sum claimable on behalf of Government to Rupees 34,285-14-11.

7. The purchase Money paid for the two Estates with interest at 6 per % to 30th September 1848 is as stated below-

For Polanky.		
Interest-	42,000	
	8736	
		50,736.
For Dunta-		
Interest-	7,500	
	1560	
		9,060
Total purchase Money and interest upon the two Estates.		59,796-

If from this be deducted the sum for which the Government are entitled to take credit being, as shewn in the last para Rupees 34,285-14-11 the remainder or balance repayable to E. Pracansa Row and Ananta Ramiah will be Rupees 25510-2-11- The Board begto recommend that the Collector may be authorized to disburse this sum to those individuals on their executing a receipt in full of all their claims upon Government in connection

connection with the Polanky and Dunta Estates-

8- It should here be remarked that a representation has been made to the late Collector by Soobamah Widow of Goondalah Venkataramdoss the late Zemindary Sheristadar of the District to the effect, that immediately upon the purchase of the Dunta Estate by E. Pracansa Row and Ananta Ramiah, it was assigned over to her husband on behalf of his adopted Son Narrain Moortee- and that it was under the management of her husband's Goomastahs till reattached by orders of Government- She therefore requests that the Amount which may have to be refunded on account of Dunta may be made to her as the Mother and Guardian of Narrain Moortee- From the Documents produced by Soobbummah the Board are inclined to believe her Statement to be well founded- It seems however to them that the transaction is not one of which the Government should take cognizance- The state was sold publicly to E. Pracansa Row and Ananta Ramiah was placed in their possession

profession and no transfer of it into the name of any other party has been registered in the public accounts. The refund due upon it should therefore be made to them. Any further claims arising out of the transaction being left to be settled by the parties among themselves or by reference to a Civil Court. In this view the Collector concurs and he recommends "that authority be granted for repaying from the Treasury the purchase Money of Dunta Rupees 7,500 to C. Pracausa Row and Anunta Ramiah."

There seems however to be some oversight as regards the sum here named. The Money repayable on account of Dunta is not Rupees 7,500 the purchase Money only but Rupees 7,943-3-8 as shewn in Para 6 of the Agent's letter.

Note. With the correction pointed out by the Board in Para 5. Supra ie deduction of Rupees 6 from the Collections.

9. The second question for consideration relative to the Dunta and Polauky Zemindaries is the arrangements to be made by their Proprietor Ramiah for the liquidation of the balances still outstanding against them. The arrears for which these Estates were brought to auction in December 1844 were Rupees 48874-13-2, of which Rupees

Rupees 42764-2-9 are for principal and Rupees 6110-10-5 for interest. The Collector on grounds stated in Para 9 of his letter, has recommended that the demand on this last head be remitted. The profession practiced by the Polauky family respecting the age of the proprietor Ramiah gives them but little title to favorable treatment but as that individual was a Minor at the time, the Government will perhaps not be willing to make him responsible for the misconduct of his relatives, or to withhold from him the indulgence which has been accorded to the Ganjam Zemindars in similar circumstances. In the event of this interest Rupees 6110-10-5 being remitted, the Principal balance which accrued before the sale Rupees 42764-2-9 and the demand for Peshcush subsequent thereto Rupees 135504-3-1 will amount to Rupees 178308-5-10. The sums which had been realized up to the date of Mr. Bannerman's Report were Rupees 147550-7-4 leaving a balance of Rupees 30817-14-6.

10. In further reduction of this balance Ramiah has also to receive

possession and no transfer of it into the name of any other party has been registered in the public accounts. The refund due upon it should therefore be made to them. Any further claims arising out of the transaction being left to be settled by the parties among themselves or by reference to a Civil Court. In this view the Collector concurs and he recommends "that authority be granted for repaying from the Treasury the purchase Money of Dunta Rupees 7,500 to C. Pracausa Row and Anunta Ramiah. There seems however to be some oversight as regards the sum here named. The Money repayable on account of Dunta is not Rupees 7,500 the purchase Money only but Rupees 7,943-3-8 as shewn in Para 6 of the Agent's letter.

Note. With the correction pointed out by the Board in Para 5. Supra ie deduction of Rupees 8 from the Collections.

9. The second question for consideration relative to the Dunta and Polauky Zemindaries is the arrangements to be made by their Proprietor Ramiah for the liquidation of the balances still outstanding against them. The arrears for which these Estates were brought to auction in December 1844 were Rupees 48874-13-2, of which Rupees

Rupees 42764-2-9 are for principal and Rupees 6110-10-5 for interest. The Collector on grounds stated in Para 9 of his letter, has recommended that the demand on this last head be remitted. The grossness deception practiced by the Polauky family respecting the age of the proprietor Ramiah gives them but little title to favorable treatment but as that individual was a Minor at the time, the Government will perhaps not be willing to make him responsible for the misconduct of his relatives, or to withhold from him the indulgence which has been accorded to the Gunjam Zemindars in similar circumstances. In the event of this interest Rupees 6110-10-5 being remitted, the Principal balance which accrued before the sale Rupees 42764-2-9, and the demand for Peshcush subsequently Rupees 135504-3-1 will amount to Rupees 178308-5-10. The sums which had been realized up to the date of Mr. Pamerman's Report were Rupees 147550-7-4 leaving a balance of Rupees 30817-14-6.

10. In further reduction of this balance Ramiah has also to receive

Fort St. George. 5th July 1849.

receive credit for the surplus collections which are to be accounted for by E. Pracausa Row and Ananta Ramiah (less the net interest allowed to them) being as shown in the Margin Rupees 14,346-4-4- The Government demand against him will therefore stand at Rupees 16471-10-2 and of this sum he has proposed to pay down in Cash Rupees 9,465-10-2 within a week after the date of the Collector's letter-1st May and the remainder by the 12th July next or the close of the current Fusly- This offer seems to the Board to be reasonable and they beg to recommend that in the event of it's being acted upto. the Polauky and Dunta Estates may be made over to the Zemindar.-

Surplus Collection corrected as above Para 5.	22001-6-2.

Read the following letter.

To, T. Pycroft Esqre
Secretary to the
Board of Revenue,

Sir, Fort St. George.

13

From the Agent to the Governor Vizagapatam. Reports on the arrears of the Vizeanagrum Zemindary and recommends Rs 355721-2-7 to be written off to Profit and Loss.

I have the honor to forward for orders the accompanying Statements in illustration of the Revenue Balances of Vizeanagrum Zemindary under all Heads up to the 12th July 1848. agreeably with the observations recorded in Para 33 of the Report on the Settlement for Fusly 1257-1847-48.

2 The delay in submitting this Report has been occasioned by my having been suddenly called to the Golgondah Zemindary on urgent business, the consideration of which interrupted the preparation of the accounts now forwarded.

3 The Balances of Revenue outstanding upon the Vizeanagrum Zemindary have not been Reported upon since 1843. In that year a Report was sent dated the 15th May with a Recommendation to write off to Profit and Loss Rent and Peyshwar Balances amounting up to Fusly 1250 to Rupees 11,94,999-1-7. This proposition was approved of by the Board of Revenue and received the sanction of Government in the Minutes of Consultation

Fort St. George 5th July 1849

Consultation of the 30th March 1844.

4 Since that date many calls have been made for Statements of Revenue Balances Recoverable and irrecoverable. These however have not been Complied with partly by reason of Mr. Arbuthnot's departure from the District in 1846, and partly because it was my desire to ascertain, after the unfavorable season of 1844/45 and 1845/46 how much of the outstanding Balances were actually realizable in the more favorable seasons that succeeded. The results of these have been Reported upon in my letters of the 11th May 1847 and 15th November 1848.

5 The experience acquired of the wants of the District and of the Condition of the Cultivating classes generally during the progress of the Settlement for the two last years has enabled me at all events to submit my Recommendations with much more satisfaction than I otherwise could have done in 1846, immediately upon taking charge of the District. Some besides deemed very desirable to watch the progress of the new system of fiscal administration recently introduced into this Province, and to see how far the Current Revenue could be secured thereby

Fort St. George 5th July 1849.

thereby before application was made for writing off to Profit and Loss the demands which had accrued under the former more defective arrangements.

6 The success of the new management being placed beyond a doubt from the upshot of the two last seasons, and the prospects of the present year, there are no grounds for further delaying the Consideration of this question. I have therefore caused the accompanying Accounts to be drawn up shewing all the Balances outstanding in the Vizeanagrum Zemindary to the 12th July last, and I shall proceed to offer some Remarks upon each item of the arrears in elucidation of the accounts.

7 Statement A will shew at one glance the actual state of the outstanding Balances under every head to the close of Fasly 1257 or 11th July 1848. The total amount of these in the Zemindary Proper, exclusive of the private Villages is Rs. 3,34,128-6-9.

8. The Balances under the head of Rents and Jeroyetty do not extend further back than Fasly 1251 but the Balances on Agraharums or Mocasahs Vca. date so far back in some instances as Fasly 1237 or twenty years, as these were excluded from Consideration in my Report of the 15th May 1843.

Commencing

Fort St. George 5th July 1849

Hursaul Balances B

9 Commencing with the Hursaul Balances which extend from Fusly 1251 to 1254 it will be observed that these amount to Rupees 1234-4-5 only, and that they are due by two Individuals G. Ramachendra Boopathy and Co Merchants. Both of these names have frequently figured in the list of Revenue defaulters - They were formerly men of substance and fortune, who have from narrow causes been reduced to Poverty - The insolvent circumstances of these men were set forth in Para 35 of Mr Arbuthnots' Report of the 24th May 1845, and nothing need be expected to be recovered from them

Moodut Rent to B.

Passing on to the Head of Moodut Rent it will be observed that the Balances outstanding on this account from Fusly 1248 to Fusly 1256 inclusive, Amount to Rupees 47701

10 The sum of Rupees 3144-1-5 stands in the name of one Individual G. Singarayo from the Fuslies 1248/49 but the actual Renter was one Co. Vizeagapatam Rangaya - This man is the head of a Rachewar family of the first respectability in the Zemindary who by litigations and Court delays has been finally left in Circumstances of great embarrassment

Fort St. George 5th July 1849

embarrassments and poverty - His sole dependence at present is upon the favor of the Rajah of Vizeanagrum for a maintenance - His debt is therefore now incapable of realization -

11 The sums Recoverable as will be seen in the detailed statement Amount to Rupees 763-4-9 The Remainder Rupees 3938-2-3 is entered as desperate and will require to be carried to Profit and Loss - In the margin of the Statement there are a few Remarks entered, stating briefly, the grounds on which the Remission is required, and to which I would beg to refer the Members of the Board -

New Rents C.

12 The next item of arrears is that under "new Rents" which have accrued from Fusly 1252 to Fusly 1256 inclusive - They amount to Rupees 72559 8-10, and more than Rupees 70,000 of this are the Balances of Fuslies 1253 and 1254, in the latter year the Balance outstanding is Rupees sixty two thousand one hundred and sixteen, Eleven annas, and eight pice -

13 In Fusly 1252 the Rented Balances are only Rupees 467-3-1 of which c Rupees

Fort St. George 5th July 1849

Hursaul Balances B

9- Commencing with the Hursaul Balances which extend from Fasly 1251 to 1254 it will be observed that these amount to Rupees 1234-14-5 only, and that they are due by two Individuals G. Ramachendra Boosutty and Co Atchiah. Both of these names have frequently figured in the list of Revenue defaulters- They were formerly men of substance and fortune, who have from various causes been reduced to Poverty- The insolvent circumstances of these men were set forth in Para 35 of Mr Arbuthnots' Report of the 24th May 1815, and nothing need be expected to be recovered from them

Moodut Rent B. 10 Passing on to the Head of Moodut Rent it will be observed that the Balances outstanding on this account from Fasly 1248 to Fasly 1256 inclusive, Amount to Rupees 4701

7- The sums of Rupees 3144-1-5 stands in the name of one Individual G. Sujjanaya from the Fasslies 1248/49 but the actual Renter was one C. Vizagapaul Ranga- This man is the head of a Rachewar family of the first respectability in the Zemindary who by litigations and Court delays has been finally left in Circumstances of great embarrassment

Fort St. George 5th July 1849

embarrassment and poverty- His sole dependence at present is upon the favor of the Rajah of Vizeanagrum for a maintenance- His debt is therefore now incapable of Realization-

11 The sums recoverable as will be seen in the detailed Statement Amount to Rupees 763-4-9 The Remainder Rupees 3938-2-3 is entered as desperate and will require to be carried to Profit and Loss- In the margin of the Statement there are a few Remarks entered, stating briefly, the grounds on which the Remission is required, and to which I would beg to refer the Members of the Board-

New Rents C. 12 The next item of arrears is that under "new Rents" which have accrued from Fasly 1252 to Fasly 1256 inclusive- They amount to Rupees 72559 8-10, and more than Rupees 70,000 of this are the Balances of Fasslies 1253 and 1254, in the latter year the Balance outstanding is Rupees sixty two thousand one hundred and sixteen, Eleven annas, and eight pice-

13 In Fasly 1252 the Rented Balances are only Rupees 467-3-1 of which Rupees

Fort St George 5th July 1849

Rupees 56-4-7 are reckoned Recoverable and Rupees 1,12. 2-6 desperate. These small sums do not call for remarks.

14 For Fasly 1253 the new Rent Balance is still Rupees 8,110-10-1. Having served in this district during the first half of that season, I can from my own knowledge declare that no such arrears should have been permitted to accumulate had proper care been taken to realize the Rents before the Crops were sold, and the proceeds secured by the Renters. The great defaulters in this year were C. Vizeago: -paulrauze and his sons, the family adverted to above in Para 10. The proceeds of his Rented Villages in this year were spent upon a purchase in part of a Zemeen Village then under Judicial sale. Vizeago: -paulrauze failed to make good the purchase money, which led to the forfeiture of the deposit, and he was defrauded besides of a sum of money in this affair under circumstances which would be too tedious for narration if set forth in detail. Suffice it to say that this Balance is now a total loss. The Recoverable Balances of this year

Fort St George 5th July 1849

year are Estimated at Rupees 684-2-10.
The irrecoverable at Rupees 7,426-7-3 and this last I propose to strike out of the Public accounts.

15 Fasly 1254 cochilits are out:
-standing Balance of Rupees 62,116-11-9.
The chief cause of which was the Calamitous nature of the season, "the worst" Mr. Arbuthnot reported "that he had experienced in sixteen years local experience of the District." In reporting upon the settlement of that year, I Contested the truth of the assertion that the magnitude of these Balances shewed the worthlessness of the Renting system, and I adhere to the sentiments expressed in the Correspondence marginally quoted.

From Collr 18th June 1846.
Do Do 14th May 1847.
From Collr 7th Janry 1848.

16 The fact is that the greater part of this sum is only a nominal Rented Balance for the Villages Rented by Vizeagopaulrauze in the preceding year, and as the season advanced, very many Villages newly given out on leases to individuals and Substantial Ryots upon full visits, were taken under Amanie management.

All

Fort St. George 5th July 1849

All the money that could be collected agreeably with the System of individual settlement then pursued in this District, was brought to account by Mr. Arbuthnot, and the Rented Balance of the year which the accounts now exhibit is the difference between the sums inserted in the Coules of the Renter and the results realized under Aumanie management. It would have been a much preferable arrangement to have resumed the Villages permanently on the first infraction of the Coule, or to have made to trustworthy Renters, or to substantial Ryots answerable for the Rents, a Remission commensurate with exigencies of the season, but it was managed otherwise and I think badly managed.

17 After full Consideration of the circumstances of the defaulters, and with reference to the amounts already collected during the two last years, as well as to the arrangements under which the default accrued, I am of opinion that it is useless to retain more in account than

Fort St. George 5th July 1849

than Rupees 8,556-13-2. This amount is being gradually realized under instalments. The Remainder is Considered irrecoverable, and recommended to be carried to Profit and Loss.

18 The Balances of Rent outstanding in 1255 are small being only Rupees 1,853-12-4. In this year the season also was most unfavorable, but the System adopted in the preceding year was discontinued. The Parties reckoned Competent to perform their engagements were alone Continued as Renters, the Coules of defaulters were Cancelled and the Settlement was effected and treated as Aumanie. Of the sum outstanding in this Fusly Rupees 497-12-6 are entered as Recoverable and the Remainder, it is Recommended, should be written off to Profit and Loss.

19 Fusly 1256 shows only a Balance of Rents to the exctent of Rs. 11-4-4 and steps are being taken to realize this sum. The season was favorable and no pains were spared to secure the Collections.

The

Fort St. George 5th July 1849

Aumaney D.

20 The Aumanie or Ryotwar arrear comes next under Consideration amounting to Rupees 231,1.09-4-9 which have accumulated in the nine years now under Report. Of this Amount not less than Rupees 16,1275-4-10 is an arrear belonging to the Fusly 1251, Rupees 25,733-15-5 and Rupees 2,096-6-2 Respectively belonging to Fuslies 1252 and 1253.

21 The large sum of Rupees 16,1275-4-10 is not however the actual difference between the Amount settled to be recovered from the Ryots, and the sum actually collected as might naturally be supposed. It is the difference between the Kham Doule of the lands given out for Cultivation, and the sum afterwards realized. In that year the distribution of the lands was a nominal Ceremony about which no one took the smallest interest. The Ameens generally fixed the demand at the entire Gordeeram or Iyacut of the Villages. Whatever falling off from that result was exhibited at the Close of the year, this

Fort St. George 5th July 1849

this formed the Balance against the Ryots without any reference to the settlement effected upon Estimates or to the means of the People to pay it.

22 This method of adjustment was followed undeviatingly in the Vizea: magnum Zemindary up to the close of Fusly 1251, under the pretence that such a plan was desirable to give the executive authority a hold over the people. It was abolished by myself in Fusly 1252 and the change was hailed with the greatest satisfaction by all except those interested in the abuses of the old Regime.

23 From Fusly 1252 to 1255 inclusive the Balances exhibited shew therefore only the difference in money between the settlement fixed, and the result of the Collections. The sums outstanding in each year are larger than they should be under a proper system, but the Board are aware that the settlement was for the most part made upon Estimates of the Produce, and it has been repeatedly shewn that these were framed on the most

most insufficient data, and were in many instances wholly fictitious.

24 From Fusly 1256 a reformed system of administration of the Zemindary has been effected and the results have been fully brought to notice in the Reports of the settlement for the two last years. The settlement has been made upon the lands occupied and brought under the Plough, all claims for Remission on account of land uncultivated, or Crops destroyed, having been investigated and determined before the Harvest is cut. The upshot is an arrear outstanding in the first season of Rupees 3,384-3-1 only.

25 During the two last seasons Fusly 1256 and 1257 I have made strict enquiry into the Ryotwary Balances with a view to ascertain how much could reasonably be expected to be realized. Both seasons were favorable for agricultural operations, and in each I was enabled to bring to account Balances on Ryots who, but for the excellence of the season and the high price of produce would not

not have been in a condition to discharge any portion of the arrear but I caused even these collections to be levied with discretion and with as little pressure as possible on the poorer classes.

26. At this advanced period and after nearly three years experience of the working of the new System, I am strongly of opinion that the further enforcement of these old Balances will be prejudicial to the interests of the Zemindary even if they could be eventually enforced. If the Current Rent of each Ryots holding be strictly enforced, the Assessment of the lands will, in almost all seasons be found abundantly high. The lands will not upon an average of years yield the Cultivator's more than a decent maintenance after paying the ordinary demand in full. Arrears, therefore, can only be enforced by depriving the occupant of his fair remuneration, thus fettering his energies and removing in great measure all incentive to the improvement of his condition, Under this conviction - I beg to recommend that Rupees 2,31,854-7-2 be

be written off retaining only in account Rupees 2,554-9-7 the Balance of Fusly 1256 considered recoverable and whatever of this sum has not been realized at the close of the present year should be reported upon for authority to write it off to Profit and loss.-

27. I make these recommendations with the less hesitation because in my letter of the 27th November 1847 Paras 16-17 & 18. I have previously shewn that to remit the Balances of Revenue which had accrued under the previous tax system of administration was a step essentially necessary for the fair and unprejudiced trial of the improved system of Revenue Superintendence recently introduced into the Government - Talooks in Vizagapatam The same arguments apply to the Vizianagrum Zemindary equally with the Sircar lands, and as the recommendations for the Remission of all Balances up to the close of Fusly 1255 on the Government lands was fully approved of by the Members of the Board of Revenue, and was ordered by Government to be immediately

immediately carried out it may be reasonably presumed that the present application will be in like manner favorably entertained

28. The Aumanie and Rented Balances have now been sufficiently adverted to. There remain however still many items of arrears outstanding from many years which deserves notice and which have never before been prominently considered.-

Agraharums. E

29. The first of these is a Balance of Rupees 1,303-"-7 upon Agraharums extending over a period of twenty years. One half of this sum is due for Fusly 1237, and Rupees 468-6-2 is a Balance of Fusly 1240. These sums are mostly incapable of realization at this distant period.-

Mocassahs. E

30. The Balance upon Mocassahs are Rupees 376-6-10 Of this Rupees 111-2-10 have been retained as recoverable, the remainder is now desperate.-

Nuzzers. G

31. The arrears outstanding under the head of Separate Nuzzers amounts to Rupees 232-15-5 arrears in eleven years

years from small defaults in each season by parties not now capable of meeting the demand. Of this amount Rupees 27-8-4 only are recommended to be retained as realizable in account

Moturpha H

32. The Balances of Moturpha from Fusly 1245 to Fusly 1256 have swelled to the large sum of Rupees 13,304-10-.. and are mostly due by Weavers and other small Artizans who from various causes but chiefly from the decay of the Cloth trade in competition with Steam power manufactured stuffs from Great Britain, have been gradually sinking into a State of great depression and poverty. I beg to recommend that the whole of this outstanding Balance Rupees 13.304-11-10. be struck off from the Demand agreeably with the Statement herewith forwarded.—

Tuccavy- I

33. Lastly there is a Balance under the head of Tuccavy from Fusly 1245 to Fusly 1258. amounting to Rupees 6,007-1-.. with a small exception of about 292 Rupees the whole of this had accrued previously to Fusly 1253- Up to that time in no department of the Zemindary administration did there exist more lax and discreditable management

management than in the issue of Tuccavy. Profuse grants of money were lavished without discretion and much of the issue never went I am convinced to the Ryots at all.—

34. Since Fusly 1253 the issue of Tuccavy has been reduced to about 1/3 of its previous amount and care is taken to see that it is correctly distributed. I recommend that the whole of the outstanding amount be now carried to Profit and loss.—

35. These recommendations embrace every item of outstanding Balance in the Vizeanagrum Zemindary and the whole are now recapitulated:- It is proposed to remit Rs. 1,234-14-5 of permanent Fixed Balance Rs. 393-2-3 under the head of Moodut Rent and Rupees 62,754-7-9 of new rent Balances the total rented Balances recommended for remission Rupees 67,927-8-5. Under the head of individual Balances it is proposed to remit Rupees 2,31,854-7-2 up to July 1847. and to retain Rupees 2,554-9-7 only in account.—

36. Under the head of Mocaasah Agraharum Tuccavy, Moturpha &c. the Balances recommended for remission amount in the aggregate to Rupees 21,084-12-7

Jan.

Fort St. George 5th July 1849.

37. In the whole the entire remissian under every head in what may be termed the Zemindary proper proposed to be written off the Accounts is Rs. 3,2,866-12-2.-

38. The whole of these items of Remissian refer to the Zemindary Villages heretofor managed by the Governor's Agent for public purposes exclusive of the private Villages, the proceeds of which, though their management was likewise vested in the Agent were disposed of, in Pensians to the Rajah's private Establishments and others.-

39. I deem it proper upon this occasian to Submit a Statement of the Revenue Balances outstanding on these Villages for 13 years, Viz, from Fuslies 1244 to 1256 inclusive. The arrears it will be Seen amount to Rupees 34854-6-5.-

Much

Fort St. George 5th July 1849.

40. Much of this accumulation is of very old standing and is the difference between the Jyacut or Goodecuttos, and the sums collected in the seasons enumerated. It is useless in 1849 to waste time in considering how much of such a balance should properly be recovered from the nominal defaulters, for the arrears themselves are entirely fictitious

41. I beg therefore to recommend that the arrears due on these private retained Villages from Fuslies 1244 to 1256 inclusive and amounting to Rupees 34,854-6-5 be written off also to Profit and loss.

Vizagapatam Governor Agent's Office 12th March 1849.

(Signed) P. B. Smollett
Agent to the Governor

12th July 1849.

1. I have the honor to request that you will lay before the Right Honorable the Governor in Council the accompanying letter from the Agent to the Governor in Vizagapatam, proposing steps for the adjustment of the balances of Revenue outstanding in the Vizianagarum Zemindary from the date of the last adjustment Sanctioned on the 30th March 1844 to the 12th July 1848.

2. The amount which has accrued in this interval or which was not then disposed of is stated to be Rupees 3,34,128—6—9 as exhibited in the following table.—

of the arrears due on the Ayen lands go no farther back than 1251. but those against Agraharums and Mocasahis extend to 1237 Fusly

3. The two first items pronounced irrecoverable call for no remark. The circumstances of the Renters were fully set forth in the Agents Report for Fusly 1253 and the Board agree with the Agent in recommending that they should be written off. The next item that of the New Rents, amounts to 72.559 Rupees, of which 62754 are pronounced desperate and 9,805 recoverable. These rents were granted in 1252 under the circumstances explained in the Settlement Report of that and the ensuing years. The balances of the first year are small. In 1253 they were considerable but the heaviest arrears accumulated in 1254. With regard to the former (those of 1253) Mr. Smollett is of opinion that none such would have occurred had proper care been taken. Mr. Arbuthnot the then Collector does

not appear to have been of this way of thinking for in his report on Fusly 1253. he expressed his disapprobation of the change of System which had taken place during his absence, on the ground that men of respectability and substance willing to undertake rents could not be found. The principal defaulter in 1253 Fusly was a person named Vizagopaul Ranjee who is represented to have been ruined by litigation. On referring to the Statement C this man appears to have been the security for the renters of 5 Villages who from their names and the expression used in the 11th para of the Agents letter, would seem to be his sons. The Board must observe that the fact of members of the same family standing responsible for each other cannot be considered the most effectual mode of protecting the public interest. The result however is that the arrear is desperate and that no alternative remains but to write it off.

4. The Rent Balances of 1254 Fusly are attributed to adversity of Season in that and the following years Mr. Arbuthnot described the former as "perhaps the most unfavorable experienced since the Zemmindary came

Settlement Report Fusly 1253 Para 14.

Settlement Report Fusly 1234 Para 2

came into our hands" and it was "succeeded" adds Mr. Smollett "by one of almost equal Calamity". The Balance at the close of that Fusly was 62,116-11-8 of which 8,556-13-2 are considered recoverable and 53,559-4-6 desperate. The latter are the sums due by Renters whose farms were assumed. Mr. Smollett thinks injudiciously, instead of granting them remissions. It only remains now however to comply with the Agents proposition for writing off the above amount together with that Standing against the following Ajears.

5 The Aumany balances for 6 years are 234,409 of which 231,854 are considered desperate. Those due for the first years of the period are the difference between the Estimated demand only, and the Collections, and of Course cannot be considered as bonâ fide arrears. Those of the two last years 1256 and 1257 have it is stated been scrupulously scrutinised and the Board can have no hesitation in recommending that they should be cancelled.

6 The three next items are composed of arrears on Agraharams, Shrotriems and Enam lands. The information regarding Agraharams is very deficient. Thus in Statement E the arrears in Coondrag undradoo

Coondrag undradoo in Covarum Talook for Fusly 1237 are 592-3-3 The remaining balances 593-9-6 are confined to 1239-40-41 and 42 & since when none appear to have been incurred up to the present time. The Circumstances of this Village should have been more fully explained, with its being and Capabilities the nature of Mr. Arbuthnots arrangement &c. to enable the Board to judge of the propriety of relieving the Agraharum-dars from further responsibility as recommended. It is further observed that the sums outstanding against several other Villages are of the most trifling nature, as in the instances noted in the Margin; for-allowing which to remain uncollected there can be no good reason. The Agent seems properly to have caused the resumption of several of the defaulting Moocasahs and Enams and the same course would seem to be proper with respect

Goodiwadah Cheeatapoor	1250	"	5-2	
	1251	"	6-6

Fort St. George 5th July 1849.

respect to insolvent agraharums - The Board desire to be furnished with a clearer explanation regarding the latter and for the present will confine their recommendation for remission to the sums outstanding against the Mocasah and Enams. They also concur in the Agent's proposal for striking out the amount due on account of Motupha Revenue and the balance of Tuccavee remaining uncollected, most of which is of old standing -

7 The total amount to be written off to profit and loss for which sanction is requested is three lacs and nineteen thousand five hundred and sixty three Rupees. Annas eleven and pice Seven -

8 There remains besides a farther demand due by what are called the private Villages or lands set apart for the payment of pensions to the Zemindars dependants, but which are under the management of the Agent. Mr Smollett observes that it would be a waste of time to consider now how much of these should properly be recovered from the nominal defaulters since the arrears themselves are entirely fictitious. This may be the case with those of long standing but cannot apply to the arrears accruing since Fusly 1257 when the present System of management was introduced which the Smaller are still considerable and should be adjusted in the usual manner -

From the Agent to the Governor Vizagapatam

Sir,

I have the honor to forward herewith transcript of a letter from Mr Bird requesting authority to rent a house for his Public Office in Vizeanagrum at a rent of 25 Rupees per mensem -

2 One Assistant to the Agent has since the introduction of the Agency been stationed at Vizeanagrum. This Officer had for his Office Establishment the use of some buildings the property of the Rajah of Vizeanagrum placed at the Governor Agent's disposal by the Rajah in virtue of his being manager of the Zemindary and by him granted to his Assistants. These buildings are now required for the Rajah's special agent Mr Crozier and are no longer available for Mr Bird -

3 Under these circumstances it is necessary to provide accommodation for Mr Bird and I request that authority may be granted, as solicited, to hire a house at a Rent not exceeding Rupees 25 per mensem

To

P. B. Smollett Esqre

Agent to the Governor of Fort St. George in Vizagapatam.

Sir,

I have the honor to inform you that in consequence of the late arrangements with regard to the Vizeanagram Zemindary the building belonging to the Rajah which was used by Mr Fane for his Cutcherry is now no longer available - There being no public buildings at this place fit for the purpose and my own private residence being too small, I beg to request that Sanction may be obtained from Government for the sum of 25 Rupees per mensem, as rent for a House in the Cantonment which I have fixed on as suitable and which I have ascertained can be procured at that rate.

As Mr Crozier will shortly return here and thus leave me without a place for my Office, I beg that the necessary Sanction may be obtained as soon as possible -

From the Collector of Rajahmundry - Sir,

Reporting the arrangements for repairing the buildings within the Fort at Ramachendrapore and securing to the Ex Zemindar the occupancy thereof against the claims of his Creditors as required by the Board in their letter of 26th June 1848.

Para 1. I have the honor to acknowledge the Receipt of your letter of the 26th June 1848, requiring me to report what arrangements should be made for securing to the Ex Zemindar of Ramachendrapoor the occupancy of the buildings within the fort at that place in the event of their being claimed by his creditors after the Government have gone to the expense of repairing them. - The principal creditor and the only one who has any claim upon the dwelling houses in the fort is Bridge Mohan Dojo: I applied to the Civil Court for information regarding the nature of his claims on the estate and received for answer on the 15th November 1848, that the Original Suit was for Rupees 5,266 that the Razeenamah was for Rupees 18,550 that he had received at various times by means of the Courts process Rupees 11,298 and that as certain doubts remained to be cleared up by the said Claimant the settlement of the question would take some time - again on the 13th April 1849 the Court recorded proceedings on view of a petition from the

* Extract of which is herewith forwarded for

Fort St. George 5th July 1849.

the same person claiming Rupees 35,548-4-— from the Ex Zemindar under the Razeenamah and ruled that "the real property which reverted to Government & "which Government permitted to remain under the enjoy- "ment of the Cauverlapoody people shall not be "liable under this Razeenamah." These proceedings however are liable to be reversed in appeal by the Sudder Court.

2 In the Commissioners report on the Ramachendrapoorum estate bearing date 10th of July 1844 mention is made of the houses in the fort having been previously mortgaged to another creditor named Adapala Bheemunnah, but Bridge Mohun Doss's hearing of this, gave a motion in Court representing that the Zemindar had concocted the story to injure him. The Civil Court enquired into the matter found Bridge Mohun Doss's petition to be true and decla- that Adapala Bheemunnah had no right or title to claim the houses in question in as much as Bridge Mohun Doss's Mortgage was of a prior date.

3. Adverting to the contingency of the resumsal by the Sudder Court of the Civil Court's order declaring the nonliability of the houses in the fort for the satisfaction of Bridge Mohun Doss's Razeenamah Decree, I presume that it will be

† Vide Statement which accompanied Commissioner's report.

Fort St. George 5th July 1849.

As per estimate herewith forwarded No 2

necessary either to pay to that individual the full value of the Materials of the Mortgaged houses which are now estimated at Rupees 4,42 annas 3. and Pice 9. or to direct him to take away all that is moveable pertaining to them, within a certain number of days after which the repairs of the old buildings or the construction of the new ones may be undertaken. The estimate for the re- pairs amounts to Rupees 3,472-7-— as per ac- count already submitted and I trust the Board will support my recommendation that this sum may be sanctioned irrespectively of the Charge above mentioned.

4 I have written thus for in answer to the question put by the Board regarding the possibility of the claims of the late Zemindar Creditors being found to interfere with the arrange- ment for repairing the houses in the Fort, but the orders of Government written with the Commissioner Sir H C. Montgomery's report before them appear to me to be explicit in declaring that the Fort and all that is therein are beyond dispute the property of Government, having reverted to them when the estate was purchased on their account on the 7th December.

Rajahmundry District - Bendamoorlunka 24th May 1849. } E. E. Jr. /Signed/ T. Prendergast Collector

Ordered

Fort St. George 5th July 1849.

Ordered that the foregoing letter and the previous Correspondence on the subject be submitted with the following address

(17-18)

To the Chief Secretary to Government &c &c &c

Sir,

Submitting Correspondence with the Coll.r of Rajahmundry relative to the buildings situated within the Fort of Ramachendrapooram and occupied by the Ex Zemindar and his family and conveying the Board's views on the subject.

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying Correspondence which has passed between this Office and the Collector of Rajahmundry, relative to the buildings situated within the Fort of Ramachendrapooram and occupied by the Ex Zemindar and his family.

From Collector 22d May in Cons. 26th June 1848.
To Collector 26th June — — 1848.
From Collector 24th May in Cons. 5th July 1849.

2 In Extract Minutes Consultation 6th August 1847. Para 5. the Government desired that the Collector would state whether the land occupied by the Fort was included in the lands resumed, or if it was then free to the family. In the latter

In Cons. 23d Aug.t 1847.

Fort St. George 5th July 1849.

case it was believed to be for their benefit that the Fort with all the buildings within it, should be taken by the Government and placed at the disposal of the family during the pleasure of Government and that this the ancient abode of the Ramachendrapoor Zemindars should be secured from the hands of the late Zemindar's Creditors and be an Asylum for his family. The Board were requested to ascertain from the Collector how this object could best be attained and what sum would be required to place in good repair so much of the buildings as are sufficient for the accommodation of the family in its present more humble state.

3. From Mr Prendergast

In Cons. 26th June 1848.

letter of 22d May 1848 it will be seen, that the Fort and the buildings comprising it, had previously been in free possession of the family of the late Zemindar, but they had then been taken under

Government

Fort St. George 5th July 1849.

Government, and placed at the disposal of the family during the pleasure of Government. This, the Collector remarked, secures them from the demands of the late Zemindar's Creditors. The Collector at the same time forwarded an Estimate of the Cost for the repairs of the buildings so far as to make them commodious for the family, amounting to Rupees 3,472-7.-

4. In their Reply of 26th June 1848 the Board pointed out to the Collector that although the ground composing the Fort might, as forming part of the Zemindary, be considered to have become the property of Government upon the sale of the Estate, it was not clear that the buildings contained in the Fort had also passed by the same means into the possession of Government - and adverting to the fact that these buildings had been stated by the Commissioner in Para 38 of his report of the 10th February 1844 to be deeply mortgaged, they called upon Mr. Prendergast to state what arrangements he

Fort St. George 5th July 1849.

he would suggest to secure the occupancy of the buildings to the Zemindar in the event of the proposed repair being executed, and to prevent their being seized by the creditors after they had been put in order, and the measures taken by Government at so much expense for the benefit of the family being thereby frustrated.-

Paras 1 & 2 In Cons 5th July 1849.

5. In his last letter of 24th May last, the Collector represents that "the "principal creditor and the only one who has "any claim upon the dwelling houses in the "the Fort is Brij Mohundas" and that as regards that individual the Civil Court in their Proceedings upon a Petition from him claiming Rupees 35,548-4-" from the Ex Zemindar under a Razeenamah had ruled that" the real property which has "reverted to Government and which Govern- "ment permitted to remain under the "enjoyment of the Cauverlapooty people "should not be liable under this Rajee- "namah". These proceedings however are liable to be reversed in appeal by the

the Sudr Court. In the Commissioners' re-
port on the Ramachendrapooram Estate
bearing date 10th of February 1844, mention
is made of the houses in the Fort having
been previously mortgaged to another credi-
named Adapala Bheemannah. But Brij
Mohun Doss hearing of this, gave a co
motion in Court, representing that the
Zemindar has concocted the story to
injure him. The Civil Court enquired into
the matter, found Brij Mohundoss's
petition to be true, and declared "that
"Adapala Bheemannah had no right or
"title to claim the houses in question
"in as much as Brij Mohun Doss's
"mortgage was of a prior date."
6.

Adverting to the contin-
gency of the reversal by the Sudr Court of
the Civil Court's order declaring the non-
liability of the houses in the Fort for the
satisfaction of Brij Mohun Doss's Mayeman
Decree, the Collector submits it as his opinion
that "it will be necessary either to pay to that
"individual the full value of the ex
materials

"Materials of the Mortgaged houses, which
"are now estimated at Rupees 1442 annas
"3 and pice 9, or to direct him to take a-
"way all that is moveable pertaining
"to them, within a certain number of
"days after which the repairs of the
"old buildings or the construction of the
"new ones may be undertaken."

Mr. Prendergast concludes
7.

by observing that "he has written thus a-
"much in answer to the question put by
"the Board regarding the possibility of the
"claims of the late Zemindar's creditors
"being found to interfere with the arrangement
"for repairing the houses in the Fort." But a-
the orders of Government written with the
Commissioner Sir H. C. Montgomery's report
before them, appear to him to be explicit in de-
claring that "the Fort and all that is therein
"are, beyond dispute, the property of Government,
"having reverted to them when the Estate was pur-
"chased to their account on the 7th December 1846.

The Board of Revenue
8.

do

In Cons. 23d August 1847.

do not understand the orders of Government of 6th August 1847 to convey so decided an opinion in respect to the title to the buildings in question as is supposed by the Collector, and the matter on does not appear to them to be free from uncertainty. The buildings tho' apparently of considerable extent and some value, were not entered in the sale or advertisement of the Ramachendrapoorum Zemindary. It may be doubted therefore whether they can be said to have been purchased by Government as part of the landed Estate, and they do not seem to have been put up to auction and bought in separately any such expedient as attaching and selling the houses &c now for the arrears of Revenue, left unsatisfied by the sale of the lands, does not appear feasible in as much as the Ramachendrapoorum Balances, Rupees 2,68,982-12-11, have been remitted under orders of Government.

Extract Minutes of Consultation 6th Augt 1847 Para 1.

Q.

Neither does it seem to

to the Board improbable that further attempts will be made by the creditors to obtain possession of the buildings, especially if repaired and thereby raised in value. The order of the Civil Court upon the Petition of Brij Mohun Dos, Vizt. "that the real "property which reverted to Government and "which Government permitted to remain under "the enjoyment of the Cautherlapoody people "should not be liable under the Razeenamah," is itself in some degree vague, in as much as it leaves it an open point as to what that real property which reverted to Government is, and whether it does or does not include the buildings. This order too is, as remarked by the Collector, liable to be reversed in appeal. The decision of the same Court upon the claim of Adepala Bheemunnah also does not seem to declare that claim invalid, but simply of a late date, and therefore inferior to that of Brij Mohun Dos. Moreover, unless the right to the Buildings is clearly in

in the Government; they must as forming part of the Property of the exproprietor, be liable to be attached by the Civil Court at the Suit of any of his Creditors, whether holding upon, or without Mortgage. the effect of a mortgage being only to confer a more direct lien than that which obtains when such assignment is wanting.

10. Under all these circumstances looking to the uncertainty respecting the title to the tenements in question; the expenditure estimated for the repairs, and the very liberal Pension 700 Rupees per Mensem enjoyed by the Zemindar, the Board of Revenue could not recommend that the Government should incur the expense required. They think it should be left to the Zemindar himself to provide from his own means for his own comfort and accommodation. and that in event of any pretensions to the building being put forward by his creditors, the Government Officers should assist him to the best of their power, by asserting the rights of Government therein, and should leave the decision of the question to the judgment of the Court.

From the Collector of Masulipatam

Sir,

With reference to an Extract from the Board's Proceedings dated 7th Instant,

Stating that the remaining portion of Weyore Zemindary will be attached when the actual result expected is known.

I have the honor to inform you that the Purganahs of Weyore and Madoor were attached for an arrear of Rupees 35,518 due from the entire zemindary. The whole Estate comprizes Six Purganahs, but those now attached form the most important portion of the Estate and are capable of paying the whole Government demand, Rs. 98,000

I have therefore deemed the attachment of this portion quite sufficient to meet the arrear, and therefore recommend their attachment in accordance with the provisions of the Regulations, which direct that such portion of the Estate as may be deemed sufficient for the amount of the arrear due should be attached. It appears from the Tahsildar's report that some money is yet to be collected in those two Purganahs. when the actual result shall

shall have been ascertained which will be about the close of the year, I shall, if necessary, proceed at once to attach the remaining Estates also.

2. In reference to the Board's remarks as to the pay of the Tahsildar, I have to observe that the proposed sum of Rupees 35 was intended to be in addition to his present pay of 35 Rupees as Head of Police of the Moonnastalum Talook, and consequently no modification appears necessary.

Masulipatam, Collectors' Cutcherry, 18th June 1849. } / Signed / R. T. Porter Collector.

Proceedings thereon

19. 20

Under the explanation afforded by the Collector of Masulipatam in the foregoing letter the Board of Revenue sanction the employment of the Establishment entered in the Statement which accompanied Mr. Porter's letter of 18th May last, amounting to Rupees 200 per Mensem for the Management of the Weypor and Madoor Purganahs attached for arrears of Revenue.

In Cons 7th June 1848.

D.G.

To,

T. Pycroft Esqre.
Secretary to the
Board of Revenue,

Sir, Fort St. George.

From the Collector of Masulipatam. }

21.

With reference to my letter of the 17th July last reporting the attachment of Pentapaud Purganah for arrears of revenue, I have the honor to state that as the Zemindar of Noozeed has since appeared before me and promised to pay a considerable portion of the arrear and enter into some arrangement for the payment of the remainder by instalments, but as he has failed to do so and as the resources of the Pentapaud Purganah are insufficient to meet the arrear, I have been under the necessity of attaching the Goondoogalanoo Purganah forming the remaining portion of the Pentapaud Estate, and solicit sanction for the Establishment deputed to take charge of the same as exhibited in the accompanying List.

Masulipatam, Collrs. Cutcherry, 19th June, 1849. } / Signed / R. T. Porter Collector

Proceedings thereon. The Board of Revenue

21. 22

observe that the cost of the Establishment proposed to be employed in the attachment of the Goondoogolanoo Purgunah is nearly 15 per% upon the estimated annual value of the portion attached, whereas that sanctioned upon the 27th July 1848 for the Management of the Pentapaud Purgunah bore in the proportion of only 3 per% — The Collector is requested to explain the cause of this difference and to state whether some reduction might not be made in the Goondoogolanoo Establishment.

of recovering the Arrears due on the Estate and that there is no property forthcoming in the District which could be attached, he therefore suggests that the arrears be written off.

3. Under these circumstances and as the widow has signed an Agreement relinquishing all demands against her former Subtenants the Board beg to recommend that the Authority of Government be granted for striking out of the Accounts of the Chingleput District the arrears of Peishcush due by the late Shrotahdar Amounting to Rupees 297—10—4

Revenue Board Office,
Fort St. George,
5th July 1849—

(Signed) T. Pycroft
Secretary

Of

Fort St. George 5th July 1849.

In Cons 5th October 1848

In Cons 1st June 1848.

Read again letter from the acting Collector of North arcot dated 17th July 1848 affording the information called for by Government in Extract Minutes of Consultation 11th May 1848 regarding the Cowle proposed by Mr. S. Groves for certain lands held by him in Chittoor.

29 Proceedings thereon. (Here enter No. 148.)

The points on which the Government required to be satisfied were 1 the sufficiency of the means possessed by Mr. Groves for carrying out his plans to a successful issue and the security to be required from him for the fulfilment of his part of the contract.

2. The assurance that Mr. Groves was actually in possession of all the lands for which he had tendered.

3. Whether the indulgence proposed by the Board of Revenue in their Proceedings of 3d April 1848 was commensurate with the improvements effected by him and not on a scale which might be deemed unreasonable to other cultivators.

From Collector Para 2

2 With regard to the first point Mr. Bourdillon observes, that

Mr.

Fort St. George 5th July 1849.

Mr. Groves has already completed a
his projected improvements with the
exception of levelling and preparing
about 72 Cawnies for wet cultivation
was to be speedily done at a moderate
cost, so that he may be considered
have fulfilled all his part of the eng
ment. It must be recollected that Mr.
Groves commenced his operations in 18
and that he has actually laid out a sum
amounting according to his own Statem
Rs
to 30,000, an assertion which is reiterated
by his son in the letter forming an en
: closure to the Collector's now under notice
In naming 8,000 Rupees as the sum probably
expended on the actual works of irrigation
the Board were guided by a verbal estimate
of the Head Sheristadar of the District and
supposed the other expenditure of Mr.
Groves has been made on other improve
: ments distant from the projection in
question. As regards the guarantee for
the complete fulfilment of the Cowle,
the Collector observes that the property
itself affords ample security. Govern
: ment retaining the right of re entry
on failure of any of the condetions.

Under the second head a slight alter
: ation of the extent specified in Paras 6 and 7 of the Board's Proceedings is required by deducting 3 Cawnies 3¾ annas not actually in his possession and adding 6–7/16 subsequently acquired. Mr. Bourdillon likewise proposes to deduct the extent occupied by the bed of the Vaidenary tank or an area of 31–7–– tho' it must be observed that it will occasionally yield a late crop after the water has been let off.

Fort St. George 5th July 1849.

Para 3.

Extent entered in paras 6–7 of the Board's Proceedings

		Cs a
		244–15––
Deduct	3–3¾	
Do.	32–3¼	
		35–7––
		209–8––
Add	6–3/16	
		215–8 5/16

4. The last point for consideration is the degree of indulgence which may be deemed commensurate with the expenditure of time and capital by Mr. Groves on his improvements.

5. The Collector assumes that Mr. Groves's holding comprises 47 3/16 Cawnies of wet cultivation assessed at Rs 268–15¼ and able to pay one year with another

Fort St. George 5th July 1849.

another 230 Pagodas and 167 Cs 13¼ A. of dry which with deductions for contingencies may yield when converted into Nunjah 402 Pagodas, taking 3 Pagodas a Cawney be a fair rate in such a case, making in all a demand of 632 Pagodas created by Mr. Groves's improvements. From this he proposes, on the principle of the Dusawund tenure, to allow an annual deduction of one fourth or, in consideration of the limited duration of the indulgence which under Dusawundum would be perpetual of nearly one third as a remuneration to Mr. Groves, who would thus retain 200 Pa: godas annually and pay the balance of 432 Pagodas to Government.

6.

In the recent orders from the Honorable Court of Directors regarding the degree of encouragement to be given for the creation of new sources of irrigation, it was laid down that no alienation of land should take place in perpetuity, but that such a Cowle should be given as would amply and liberally remunerate speculators for the outlay of their capital, after which the land should bear the ex-

Fort St. George 5th July 1849.

full assessment of the class to which it had been raised. Tried by this rule and allowing that Mr. Groves has, as he declares, already expended 30,000 Rupees on his im: provements - 200 Pagodas or 700 Rupees in 30 years would amount to 21,000 Rupees on the princi: pal only without calculating what should be charged for interest, risk, personal Supe: rintendence and the further outlay required for the completion of his plans.

But putting this consider: 7. ation aside, the Board are unable to concur in the correctness of the grounds on which Mr. Bourdillon has based his calculations. He has taken for granted that 134 Cawnies of Poonjah will be con: verted annually into Nunjah in addition to the 40 Cawnies of regular Nunjah. The wet cultivation of 1257 Fusly did not ex: ceed 112 Cawnies. Nor does Mr. Groves in his proposal anticipate that the full extent capable of irrigation will ever be brought under Nunjah in the same year. All he stipulates for is the pri: vilege of distributing the water in the manner most conducive to his own interes

It

Fort St. George 5th July 1849.

It will require both additional improve-
:ments and expenditure combined with
favorable seasons to secure the permanent
cultivation of the whole extent specified
by the Collector.

8.

Mr. Bourdillon's calcula-
:tion thus proceeds altogether on the most
of the highest degree of improvement effected
by Mr. Groves. He makes no allowance for
much of the land having been always
waste, for part of the Nunjah having
been rendered utterly unfit even for
dry cultivation and from the fact that
but for Mr. Groves's enterprize, these lands
would not even have yielded their original
survey Berij. This Original Berij is as
shewn in the Enclosure No. 2 of the Collec-
:tor's letter to be 432 Pags 1/4 for 215 Cas 8/16 ac
supposing the whole extent to be cul-
:tivated or within 1/4 anna of the favour-
:able Berij proposed by the Collector.
In other words Mr. Groves will have to
pay the full survey assessment for 30
years whether the land is cultivated or not,
and that without the benefit of the standing
12½ per Cent remission

Fort St. George 5th July. 1849.

which Mr. Groves himself has hitherto en-
:joyed.

It must be borne in mind that
9.
Mr. Groves improvements enable him to
distribute a larger quantity of water more
beneficially than heretofore - but they do not
ensure a certain supply - This must de-
:pend in some degree upon season - The dry
cultivation is still more at the mercy of
the Monsoon - In neither case therefore is
it reasonable to calculate upon the entire
cultivation of all the land after deducting
the usual fallow in every year - Neither
should the terms of a favorable lease be
considered with reference to what has
been done but to what an applicant
for a lease might be expected to offer
when proposing to take up a portion
of waste or neglected land - as
Without however going the whole
length of these remarks - the
Board would suggest the fol-
:lowing conditions as appearing
to them just and fair both as

to

Fort St. George 5th July 1849.

to the Renter and to the Government.
Survey assessment of waste and Pagodas.
arable land of all descriptions
according to the Collector's state-
:ment No. 2 and without reference
to its neglected condition as it
stood in Fusly 1246 ——— 432
Deduct usual remission of
12½ per c/c ——— 54

Remainder 378

Deduct 1/3 on the principle of
the permanent settlement in con-
:sideration of the outlay and risk
of the Lessee for reclaiming
waste and making improvements.
to be enjoyed for 30 years ——— 126

Remainder — 252 = 2/3

Turning again to Mr. Bourdillon's Estt.
:mate, the Board are of opinion that the
assumed additional rate on the dry —
land converted into wet, viz:, making
it average 3 Pagodas per Cawny all
round, is much too high. Such a
demand might not be unreason-
:able if levied on water supplied
from sources of irrigation created by

Fort St. George 5th July 1849.

the Lessee. Not only however have the
improvements been made at the sole
expense of the Lessee, but the assumed
rate is high even with reference to the
actual outturn of the land Mr. Groves
paid Pagodas 118 - 15 annas as proujah
and provasee teerwa according to the
present rates of the District for 69-
Cawnies
2½ converted into wet in 1257 Fusly or
little more than 1½ pagoda per Cawnee.
If this rate be applied to the whole 134
Cawnies of dry land whether cultivated
or not the following result is obtained.
Assessment on 134 Cawnies of
dry land deriving advantage
from irrigation ——— 201
Survey assessment on the
Ayen Nunjah land ——— 230
431.
Deduct the Maumool remission — 54
Remainder — 377
One third remission on the
principle of the Permanent
Settlement ——— 125
Remainder — 252
After a careful recon-

10-

of all the circumstances, the Board see no reason to modify or change the opinion they originally expressed regarding the terms of the Cowle. The offer of capitalists to engage in projects of improvement is unfortunately of rare occurrence in this part of India, and the encouragement proposed by the Board for the present undertaking appeared to them to be as little as they could well recommend. Taking for instance the circumstances of the last Fusly, the Collector's accounts shew the actual cultivation to have been 324 Pagodas only -

From which after deducting the authorized remission ——— 40½

there remained ——— 283½

so that a permanent quit rent of even 300 Pagodas would have occasioned a positive loss to the Cowledar.

11. In these calculations the Board have not adverted to the value of the land or to the revenue derived from it before 1246 Fusly, nor in Estimating the present proceeds of Mr. Grove's cultivation have they taken into consideration the relief to which he was entitled in common with other Ryots for short produce or other calamity of season on land held at the usual survey rates.

12. With these observations they resolve again to submit the case for the consideration of Government.

T Pycroft Esqre

Secretary to the

Board of Revenue,

Fort St. George -

Sir,

30

From the Collector of North Arcot - - -

Brings to notice the subject of the Rajalundoo Enams in his District for orders.

At the time when the final arrangement was made regarding the Polligars in this District one topic that came under discussion was the measure of consideration to be shown to those parties who held Enams of the deprived Poligars. These Enams were of two kinds 1st Small Enams granted to various parties and 2nd Larger Enams or whole Villages held free chiefly by the relatives of the Poligars. The former of these styled Silleray Enams were wholly resumed by Government but as regards the latter class called Rajalundoo Enams I cannot find that any final decision was made or at all events acted on and I now therefore do myself the honor to bring the subject before the Board of Revenue for their orders.

Mr. Nicholetts report Dated April 6, 1826 Para 16. — Board's Proceedings May 3, 1827 Para 14 Extract Min of Cons. Sept. 14 1827, Para 11.

In Fusly 1232.

2. Mr. Cooke charged the Rajalundoo Enams with a Peishcush amounting to

Board's letter 30th August 1832
Ditto Pro: August 25, 1842
Ditto Ditto February 19, 1844
Ditto Ditto October 13, 1842.

the Pensions of the deprived Poligars have been demminished on lapses occurring the Rayalumdoo Enams have stood untouched from the holders in 1826 to their heirs.-

4 Although the wishes of Government with respect to these Enams thus appear to have been lost sight of, yet as they have permissively been held so long I do not apprehend that the Government will desire to interfere with them violently now- and I beg to recommend that the present holders should be allowed to retain them for their lives, and that each case should on lapse be dealt with on its own merits - The Enams are ten in number according to the enclosed Statement, Mr. Nisbets list contains eleven, but that in the Village of Poolo Paikaula was erroneously inserted, there being not a Rayalumdoo but a Nettrawell + Enam, as such it had previously been resumed in July 1232 - The Village of Gooddanumpully has now

+ Note. These Enams were not uncommon in the Pollums they were granted to the families of persons who had lost their lives in the service of the grantor -

now lapsed and it was the Tahsildars rep
of the death of the late holder, under th
Orders of Government of 26th April 1845, whic
was the means of bringing the state of the
Enams generally to my knowledge; I
enclose a Statement of this lapse in the pr
-cribed form -

Report of lapses

Case.	Name of the last holder and the relation in which he stood to the grantee dated his decease.	Share enjoyed by the deceased and that held by the other members.	Family left by the deceased and name and age of the parties	Their circumstances and the means of subsistence possessed by the family	Recommendation and grounds thereof	Further remarks.
1	2 8	9	10	11	12	13
Penmurry Talook			1 Kistnamah said son of deceased aged 12 years. 1 Rungamah daughter of Do aged 3 Do 1 Chendramah wife of Do aged 35 Do 1 Mungamah mother of Do aged 60 Do	Entirely depending on the maniem.	For an account of this sort of Enam see the Collectors letter to the Board of this date No. 61 Jennay Rama said the original Grantee who held the Enam in 1826 left it to his adopted son Jennay Gopaul said who is now deceased. 2. The Collector has obtained from the Curnam accounts of the Peria of the Village for the five Fusleis 1264 to 1256 inclusive according to the turrum rates and the average amounts to 253 Rupees annually being considerably less than the estimated value in Mr. Nisbets statement. See his letter of April 6, 1826. The Curnum states however that the Enamdar has rented out the Village permanently for 175 Rupees annually. In dealing with this subject the Government must of course look to the real resources of the property but if the Village has been thus rented out, its continuance as an Enam can be no advantage to the Enamdar the Collector therefore begs to recommend that the Village should be resumed and a pension of 5 Rupees monthly granted to Kistnama said the son of the deceased. This allowance will be nearly equal to a moiety of the average surplus proceeds of the Village after paying the Jody and but little less than the surplus that the Enamdar actually receives from the Rent. 4. As respects the Cutbady Enams it does not appear with reference to the correspondence noted marginally that they are liable to resumption except on total failure of heirs or abandonment. It is therefore recommended that both these Enams should be renewed on their present footing. 5. In explanation of the entry of Moturpha among the assets of the Rajahmundry Enam the Collector begs to refer the Board to Para 2 of Mr. Eden's Letter of the 21st June 1832. This is one of the two Rajahmundry Villages in which Liabras therein stated the Enamdar has always collected the Moturphas the other Village is Cottapilly.

Proceedings calling for information respecting the service attached to Mauniums respectively paying Jode as Pollum Cuttoobaddy and Stulla Cuttoobaddy and if the Jodi might be gradually raised to the full Assessment and that a Statement be submitted shewing the number of these Mauniumdars the extent of their lands and the Jodi and Pariz chargeable thereon.

30. 31

thereon. On examining the Statement of lapse which accompanied the above communication the Board perceive that the party whose lapse is reported was the holder of two Cuttuddi Mauiums which are proposed to be continued on their present footing to his son, as it does not appear that they are liable to resumption except on total failure of heirs or abandonment - The Mauiums are respectively Pollium Cuttuddy on 1/3d Jodi and Stulla Cuttuddy on 1/2 Jodi. On referring to the correspondence quoted by the Collector it is observed that it was recommended by the Board and approved by Government that the tax upon the Pollium Cuttuddy Mauiums should be declared fixed as it then stood i.e. at 1/3d Jodi on condition of the Peon engaging to attend the Officers of Government when required for temporary purposes of Police, and that a

Puttah under the signature of the Collector explicit in terms was to be issued to each individual - A similar arrangement was proposed and sanctioned for the Village Cuttoobuddi except that the Quit rent was fixed at one half of the Assessment and the incumbents excused all service beyond the performance of the Police duties of their own Villages and puttahs to this effect were to be given them. In the Collectors State = =ment both Mauiums are however stated to be "without service" - Mr. Bourdillon is requested to explain whether any service is ever rendered by

Board of Revenue
Fort St. George-

(32)

From the Collr. of Salem ----- } 1.

Reporting further on the Complaints of Kistnamah renor of the Curnam Meerasy of Chaparty and 8 other Villages in the Kistnagherry Talook-

Sir,

With reference to the Proceedings of the Board of Revenue dated 26th February 1849- forwarding Petition No. 38 of 1848- together with papers connected with it, submitted by Kistnamal Mother of Sooboroyen Curnam of Cha=party &ca 8 Villages subject to Canary putnum Mootah in the Kistnagherry Talook, I have the honor to state that on examining the parties referred to, it would appear that the receipt therein mentioned was exe=cuted by Lutchmien to Chinnasoo=bien, to the effect that he / Lutchmien consented to receive from Chinna=soobien Rupees 17½ due to him by Kistnamah and get the Goomastah=ship transferred to him / Chennasoobien that

that in the event of objection being made by the Circar he would return to him the note of hand received from him (Chennasoobien) on ac= =count of the said sum Rupees 17½. On the same date Chennasoobien executed a counter-karrar to Latch= =mien, stating that he promised to pay to Latchmien Rupees 17½ due to him by Kistnamal, and Rupees 17 due by Venguta, in all Rupees 34½ within the 30th of the Month of Poorataſsy, but on failure that he would also pay the Interest thereon at 1 per Cent per Month. The receipt granted by Kistnamal to Latchmien that the one third of the allowance due to her for fusly 1256 was duly received by her, was also executed on the same date.—

2. On the enquiry before me Kistnamal first deposed that she knew nothing on the subject of the two Karrars executed by Latchmien to Chennasoobien and by Chennasoobien to Latchmien, but on

the second day after Chennasoobien admitted in his deposition that the karrars alluded to above were actual passed between him and Latchmie she also admitted it and stated sh had forgotten the circumstance an the execution of the agreement wh giving her previous deposition two days before. Chennasoobien further states that the amount in the Ka= =rar was not paid by him to Latch= =mien, in consequence of his leaving failed to transfer the Goomastak ship to him. From this personal enquiry I am satisfied that the receipt granted by Kistnamal on account of one-third of the allow= =ance received by her for fusly 125 is altogether unconnected with the agreement adverted to, and that sh has actually received the amount therein mentioned.—

3. It should be observed that the Goomastakship in question cannot undergo any transfer as a private office or property, the Office itself

that in the event of objection being made by the Circar he would return to him the note of hand received from him (Chennasoobien) on ac= =count of the said sum Rupees 17½. On the same date Chennasoobien executed a counter-karrar to Latch= =mien, stating that he promised to pay to Latchmien Rupees 17½ due to him by Ristnamal, and Rupees 17 due by Venguta/per Bond in all Rupees 34½ within the 30th of the Month of Pooratassy, but on failure that he would also pay the Interest thereon at 1 per Cent per Month. The receipt granted by Ristnamal to Latchmien that the one third of the allowance due to her for fusly 1256 was duly received by her, was also executed on the same date.—

2. On the enquiry before me Ristnamal first deposed that she knew nothing on the subject of the two Karras executed by Latchmien to Chennasoobien and by Chennasoobien to Latchmien, but on the

the second day after Chennasoobien admitted in his deposition that the Karrars alluded to above were actually passed between him and Latchmien, she also admitted it and stated she had forgotten the circumstance and the execution of the agreement when giving her previous deposition two days before. Chennasoobien further states that the amount in the Kar= =rar was not paid by him to Latch= =mien, in consequence of his having failed to transfer the Goomastah ship to him. From this personal enquiry I am satisfied that the receipt granted by Ristnamal on account of one-third of the allow= =ance received by her for fusly 1256 is altogether unconnected with the agreement adverted to, and that she has actually received the amount therein mentioned.—

3. It should be observed that the Goomastahship in question cannot undergo any transfer as a private office or property, the Office itself

itself belongs to the Circar, without whose knowledge no transfer could be effected - Ristnamal on the 15th December 1845 at the time of the appointment of Lutchmien / at her own request / granted a document in the Talook Cutcherry to the effect that she would not under any circumstance remove him from the Goomastakship without the concurrence of the Circar. —

4 The cause of Ristnamal endeavours to get the Goomastakship transferred to Chennasoobien, appears to be that he (Chennasoobien) agreed to take upon himself to pay her debts amounting to Rupees 76 gradually, before her son attains the age of discretion - This amount (Rupees 76) includes the above Rupees 17½ also a document has been executed by Ristnamal to Chennasoobien's brother Narainen, to the effect that she agreed to pay back to Chennasoobien this amount Rupees 76 in the event of herself or any of her relatives

removing him from the Office of the above Goomastah before the Meerassy Curnum attains his age - She also entered her house as security in the above Document, guaranteeing that in the event of her not being able to repay the above sum she was to give up her house instead —

5. Lutchmien states that when he and Ristnamal were on terms he at different times paid her the sum of Pagodas 6 mentioned in the 1st para of the Proceedings quoted above, that he entered it in a piece of paper in the shape of a memorandum and secured it in his dufters, that when this dufter was taken away by Ristnamal, she managed to extract it, and that he could not positively mention the persons that were present at the several times the Money was paid. —

6. Chennasoobien was actually conducting the duties for three months and fifteen days - from 5th September to 20th December 1847. as mentioned in the 2d para of the Extract

Extract of Board's Proceedings but not with the sanction of any European authority- This was the period during which the Lafter produced by Kistnamal before the Head Assistant Magistrate was delivered back to Kistnamal instead of Lutchmien by the Tahsildar as stated in my letter of the 26th September 1848- When she received the Lafter from the Tahsildar (who misunderstood the orders sent to him on the subject) she was permitted, according to her request, to get the duties performed by Chennasoobien, but when this was brought to my notice I sent an order to receive the Lafter from Chennasoobien and deliver it to Lutchmien the authorized Goomastah.—

7. As Kistnamal, in disobedience of orders, refused delivering over the Circar Pymash &c Accounts to Lutchmien, she was ordered by the Head Assistant Collector who conducted the enquiry to be kept under the surveillance of a Peon of Ossoor Taluk, from 29th May to 29th June 1848- even then she declined to

to deliver up the accounts, and was ordered to be kept at the Taluk Cutcherry of Kistnagherry separately, unconnected with any of the prisoners confined there- She remained there from 30th June to 19th July, when she was taken to Ossoor with the Head Assistants Cutcherry, where she remained at the Taluk Cutcherry from 23d July to 26th November, when she consented to deliver up the accounts- She was afterwards sent to Kistnagherry for the purpose, and was released on delivering up the required accounts- Although she was kept in the Taluk Cutcherries of Kistnagherry and Ossoor, she was always allowed to go wherever she pleased with a Peon to take her meals.—

Ordered-

10142 Fort St. George 5th July 1849

Order Thereon-

(32-33)

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address.—

To

The Chief Secretary to Government

Sir,

To the Chief Secy. to Government ———

1. I am directed by the Board of Revenue to acknowledge the receipt of a letter from the Secretary to Government under date 15th August 1848, forwarding for a report upon the allegations contained in them, three Petitions presented by Kistnama, Mother of Soobaroyen, a Minor and Meerassee Curnum of Chaparty &ca 6 Villages in the Kistnagherry Talook of the Salem District, and by her Goomastah. Other Petitions to the same tenor have also subsequently been referred by Government to this office.—

Submitting correspondence with the Collector of Salem Containing the result of the Board's enquiries into the allegations contained in certain petitions forwarded for that purpose by Government and presented by Kistnamah Mother of Soobaroyen a minor and Meerassee Curnum of Chaparty &ca 6 Villages in the Kistnagherry Talook and by her Goomastah.

2. From the correspondence which has passed between the Collector of Salem and the Board on the subject of these complaints it will be seen, that on the

Fort St. George 5 July 1849.

the death, in Fusly 1253, of the Anyen Meerassee Curnum of the Chuperty Five Villages, a Goomastah by name Chenna Kistnyen was appointed to transact the business of the office on behalf of Soobaroyen, son of the deceased, who was a Minor - Chinna Kistnyen was afterwards removed for fraudulent practices, and the present incumbent Lutchoomyen nominated on the 11th July 1846 to succeed him at the request of the Petitioner Kistnamah, Mother of the minor Meerassedar - The parties severally gave Moochilkas to the Thasildar, wherein it was stipulated that Kistnamah, on behalf of herself and her son, should receive one third and Lutchmyen two thirds of the Meerassee emoluments - that the Goomastah should not be removed without the orders of the Circar - and that he should be answerable for any mis=conduct on his part - Lutchmyen accordingly held the office of Goomastah for Fusly 1256 - Early in Fusly 1257 some agree=ment appears to have been entered

Fort St. George 5th July 1849.

into between Lutchmyen - Kistnamah and one Chinna Soobyah - whereby Lutchmyen on receipt of Rupees 17½ from Chinnah soobyen was to resign the Goomastahship in his favor and Chinna soobyen in consideration of his being appointed to the office was to discharge certain debts due by Kistna=mah to the amount of Rupees 76 - The arrangement was however broken off, Kistnamah and Lutchmyen became upon bad terms with each other, and the former has from that time been attempting to remove the latter from the Goomastahship - she further seems to have obtained pos=session of the Village accounts and to have retained them for some months to the obstruction of the Circar business in the Villages -

From the details given in the two last letters from the Col=lector, there seems reason to believe that Lutchmyen has acted up to the terms of the Moochilka executed by him on being appointed to the Goomas=tahship - that he has paid Kistnamah

Note 3
Kistnamah the Shead admits having given acknowledgment for her share of the instalments for Fusly 1256 dimes having received the Money But the Bond

Board do not credit her statement. They observe that upon the day on which that acknowledgment is dated an agreement admitted by Kistnamah herself, was executed by Chinna Soobyen in favor of Lutchmyen engaging to pay the latter, the sum of Pagodas 6 due to him by Kistnamah being then indebted to Lutchmyen is inconsistent with the supposition of his having omitted to pay her her share in the Meerapee.—

Kistnamah her share of the Meerapee emoluments for Fusly 1256- and would have continued to pay her for the subsequent years but for the variances between the parties- Under such circumstances and as Lutchmyen appears to be qualified to discharge the duties of Curnum Goomastah, the Board think with the Collector that he should not be displaced on account of any private difference between himself and Kistnamah- They would therefore recommend that he be allowed to remain in the office so long as he does his duty to the Villagers and to the Government- and on condition of his making good to Kistnamah the share of the emolument due to her from Fusly 1254 and continuing duly to discharge it for the future- Should he fail in this last particular, payment may at any time be enforced by the Collector on complaint made to him under Regulation VII 1831.—

4. It must be added in reference to the complaints made

Kistnamah of the restraint to which she has been subjected that she appears, on her refusing to deliver up the Village accounts, to have been placed by the Head Assistant Collector in charge of a Peon for one month and afterwards to have been detained under authority of the Collector in the Palook Cutcherry from 29th June until 26th November 1848- Her withholding the Village accounts must undoubtedly have been productive of much inconvenience and the Board think that under Clause II Section VIII Regulation II of 1806- her attendance until they were delivered up could not be avoided.—

From the Collr of Madura ——— Sir,

I The Board, under the previous attachment of the Shevagunga Zemindary, having been pleased to approve of the case of the Devastanums being committed to stipendiary managers, I have the honor to propose the adoption of the same arrangement, with a slight difference on the present occasion.—

2. Kistna Row, on a salary of 105 Rupees per Mensem, and Soobramonea pillay on a Salary of 50 Rupees per Mensem, were joint managers under attachment. The latter is dead, and the former was continued by the Zemindar, and now superintends all the Devastanums, with the exception of

Fort St. George 5th July 1849

the endowments of Cutlays in the Meenatchee Pagoda at Madura, which were formed by the Zemindar into a distinct charge and committed to Rama Row, the son of the late Head Sheristadar Shashagherry Row, on a salary of 40 Rupees per Month— I would recommend that these 2 persons may be constituted Ma=nagers of the Devastanums under their respective control on the same salaries that they now receive.—

3. The yearly income of the Endowment to Meenatchee from Shevagunga is Rs. 19,653-7-9-

Madura, ——
18th June 1849

/Signed/ R. D. Parker
Collector—

Proceedings thereon— The Board approve of the arrangements proposed by the Collector in the foregoing letter, Viz.t, that Kistna Row and Rama Row should be constituted stipendiary managers of the Shevagunga Devastanums— the former on 105 and the latter on 40 Rupees per Mensem— Kistna Row to superintend all the Devastanums, with

(36.37)

Board of Revenue
Fort St. George

38.

From the A-g. Collr. of Tinnevelly— Sir,

Forwarding the further information called for in the Boards Proceedings of 21st ultimo regarding the Petition No. 1386. of 1848.—

In reply to an Extract from the Proceedings of the Board of Revenue dated 21st May 1849. on the subject of Petition No. 1386. of 1848. I have the honor to inform the Board that the circumstances of the case at issue between Chokalingam Pillay &c. and the Shanars of Itta-=mooly are as follows—

The former are the purchasers of the Village, and allege that the latter are mere under Tenants and withhold their just dues of Revenue and rent, and that in conse=quence they have had to pray the former out of their own money

The

Fort St. George 5th July 1849

The latter allege they have independant proprietary and other rights founded on sale &c. which the Collector is not competent to decide upon, and the former party have tried 2 cases in the Court and not succeeded— The purport of the order passed by me was to leave things as they were till decisions were obtained from the Civil Courts— I directed accordingly that the Shanars and other Paragoodies should pay Swamy bogam or land=lords rent, and Government re=venue, in the same manner as they have hitherto done, for the lands &c. in their possession, that for the lands and Palmirahs which the shanars say belong to them by right of purchase &c. they should pay the Government revenue through the shareholders, that the Palmirah trees should remain in the posses=sion of the shanars, but that no Government puttah would be ordered to be given in their names, and that

the

the party who was dissatisfied with this decision should have recourse to the Civil Court. But that in cases where leases have been passed between the shareholders and the shanars the former can attack the property of the latter for arrears of Circar teerwah, and Swamybagum, due on their lands or Balmirahs. with a view also to avoid as far as possible future protracted disputes the parties were directed in case any such occurred either in the payment of the Revenue by the Ryots or in passing receipts to them by the shareholders, to come up and complain within a few days.—

+ Vide Section 3. Regulation VI of 1822.

I regret to add that there is no appearance of the parties having settled their disputes, which seem to remain much as they were, but that the enquiries of the Revenue authorities are now limitted to seeing who are actually in possession of the lands in dispute.—

Tinnevelly, Courtallum, 15th June 1849.

/Signed/ F. B. Elton
Acting Collector.

Ordered that the following Order thereon—

38. 39.

Endorsement on Petition No. 1386 of 1848—

The orders issued by the local authorities in this matter seem to be proper. The interference of the Board of Revenue therefore does not appear to be called for.—

Read letter dated 30th December 1848 from the Principal Collector of Coimbatore, reporting on the Settlement for Fusly 1257/1847-48 of the Polliems of Shamattoor and Cotamputty under the management of the Court of Wards on behalf of the minor proprietor—

There

Fort St. George 5th July 1849

	Fusly 1256	Fusly 1257	Decrease
	Rs a P	Rs a P	Rs a P
House tax	118-13-3	102-15-9	15-13-6
Loom tax	112-10-8	102-6-5	10-4-3
Tax on bazar	13-3-3	9-10-11	3-8-4
Do. on Professions	79-8-7	71-1-2	8-7-5
	324-3-9	286-2-3	38-1-6

5. There was a decrease under every item of the Moturpha Revenue which is ascribed to casualties and absenteeism amongst the weavers.—

6 On a comparison of the extent of cultivation and assessment of the Farm under the management of the mother and Guardian of the Minor Poligar, it is observed that Bullas 6-11¼ of Poonjah bearing full assessment have been allowed to be brought under yrajs tenure, subject subjects the land only to ¼th of the full assessment, in consequence of which there was a decrease in the Dry lands to the amount of Rupees 16-9-10- There does not appear any necessity for this indulgence and the reasons for granting it should have been stated.—

7. Exclusive of the pay of the Sibbendy the total demand amounted to Rupees 4,558-11-6 of which

Fort St. George 5th July 1849

which Rupees 6819-11-1 were collected within the Fusly and Rupees 178-15-3 at subsequent periods, leaving a balance of Rupees 560-1-2 due on the lands held by the Poligar under the management of his Mother and guardian. The attention of the acting Principal Collector is directed to the remarks of the Court of wards in para 6 of their Proceedings dated 14th December 1846 and para 2 of Proceedings on the Settlement of these Pollems for Fusly 1255 in which it was expressly enjoined that the Peerwah on the Farm in question should be punctually paid. The acting Collector will also be good enough to explain why the allowance of Rupees 50 per Mensem is considered inadequate to support the mun a sum which is equal to about 17-11-11 per cent of the permanent assessment on the Pollepat. It is presumed that the Small arrear of Rupees 174-9-8 which was due for Fusly 125 has been realized and brought to account.—

The

Fort St. George 5th July 1849

8. The total available assets of the estates including the balance on hand on account of the preceding July 1256 amounted to Rupees 9,586-5-11 as per account current No. 4 of which after payment of the Peishcush &c. Rupees 3,544-1-11 and other disbursements, there remained Rupees 5,344-4-0. Of this Surplus Rupees 2,500 were invested in the 5 per cent Loan and from the remainder Rupees 2,744-4-0, a further similar investment has been subsequently made.—

9. Commission for management it is observed has been calculated on the gross collections, but the usual mode would seem to be to charge it on the net amount after deducting Sibbendy charges. The acting Collector will adopt the System obtaining in his district in this particular.—

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

41

From the Asst. Collr. of Coimbatore 1.

Sir,

With reference to the advertisement

Fort St. George 5th July 1849

+ 19th June 1849

advertisement published in the official Gazette of the 20th Instant, Page 669, I beg the favor of the Board directing the Secretary to the Clothing Board, to retain 50 yards of Deep Yellow and 50 of deep Buff (of which there is a large quantity on hand) for the use of this District.—

2. It will probably be sold cheap; and is greatly required here for the Peons and Establishment on the Neelgherries, who are usually allowed cloth absolutely necessary in that Climate.—

Coimbatoor.. 30th June 1849 } (Signed) E. B. Thomas.
Acting Principal Collector.

Resolution thereon—

41-42

Mr. Thomas is informed that when his letter came to hand, the whole of the Clothing Stores advertised for sale by Messrs. Stephenson and Co had already been disposed of.—

Read the following report on the management of the Extra Sources of Revenue in the District of Canara

Fort St. George 5th July 1849

In Cons. 23rd Nov. 1848
43

Proceedings.

Reporting upon the management of the Extra Sources of Revenue in the Canara District in Fusly 1257.-

Canara during Fusly 1257 Submitted by the Collector under date the 16th of November last.

/ Here enter No. 82. /

1. The following abridged Comparative Statement presents at one view the outturn of the revenue derived from Extra Sources in the District of Cana= =ra during the period embraced in the above report contrasted with the like results obtained during the preceding Fusly from which it will be seen that there was a Net increase in the Demand of Fusly 1257 of Rupees 67,650-2-3 Caused by an excess of Revenue having been obtained from each item composing the Extra Sources with the exception of the Sea Customs and Abkarry departments in which there was a falling off

Fort St. George 5th July 1849.

Salt.

2.- The result of the Salt transactions, as shewn by an excess of Rupees 60,366-11-5 over the past year and an increase above the average of the preceding five years cannot but be viewed as highly satisfactory- Both in the inland and home Sales there was an improvement in the Revenue in the proportions noted aside.-

Inland Excess 51,853-10-3
Home- 8,513-10-8
60,366-11-5

3. The enhancement in the Inland trade appears to have arisen from the improvements recently made in the internal communications in certain parts of the district, and from the establishment of a new depot at Bajje only brought into full operation during the Fusly reported on, and which is represented as being very conveniently situated for Supp= =plying the Demand of that locality in some degree the excess was attributa= =able to the effect of the Storm of the previous year, which by interfering with the supply required in that year for the upper Country, caused an increased demand in that under review.-

This

Fort St. George 5th July 1849

4. This latter cause is quoted as having swelled the Sales for Home consumption which were nearly generally throughout the District, higher than in the preceding year. The establishment of the new Depot nated in the margin is shewn in para 7 of the report to have been productive of an increase of Revenue altho' at one station, Hallady, there was a reluctance to purchase the Bombay Salt an article, the people were unaccustomed to consume, and consequently the Sales declined still greater benefits are expected from these newly established depots when the roads leading to them shall have been completed.—

Hallady
Vandasay
Bajje
Guersapah

5. In Extract Minutes of Consultation dated 24th of June 1848 Government required that certain information should be furnished in the present report as to the effect produced in the retail price of Salt in the Balaghaut by the establishment of depots in the Soopah and Sirsandah Talookas; in reply

In Cons. 6th July/48.

Fort St. George 5th July 1849

reply the Collector states in para 8 that the impression entertained that the new depots were placed in these Talooks is erroneous and consequently could in no degree influence the retail price of Salt in the Balaghaut.—

Sayer.

6. Under this head the Collections of the year present an increase over those of Fusly 1256, at each of the Goa Frontier chokies there was an excess of Collections with the exception of that situated far to the North, which is said to have been affected by the trade following certain improved lines of Ghauts in the adjoining district of Belgaum.—

7. The Collector does not explain the Cause of the increase in the Land Customs, in the past year, there was a falling off which was attributed partly to decrease of trade and also to the increase of smuggling.— The Board would hope that the vigilance of the Collector has suppressed the latter, as the receipts give an increase at each

Chowkee

Chawkee of Rupees 1601-11-8 in the aggregate.-

Sea Customs. 8. The trade passing through the sea ports of Canara having been relieved of duty to a great extent by late acts and orders of the Supreme Government, produced a less amount of Revenue as compared with the previous year of Rupees 20,735-15-11. of which Rupees 14,935-14-. arose from rice alone, now exported free, under the provisions of act VI of 1848 brought into operation, towards the close of the month of March. This cause depressed the receipts from Betel nut and Pepper to the extent of Rupees 4,198-5-7 the article Cotton having been also relieved from duty, shews a less revenue by Rupees 2,184-12-6. in the three last named articles there was a decrease in the quantity exported owing to diminished produce and limited demand, especially as regards Cotton the trade in which however appears to have been stimulated subsequently to the passing of the act allowing free export. In Cardamoms

and Sandalwood there was an excess both in receipts and quantity exported.-

This branch of Revenue

Abkarry 9. was not so productive as in the preceding year owing chiefly to less competition for the rents- On the recommendation of the Collector the Board acceded to a proposal to retain the Abkarry rents of the Mangalore Taluk under Amany during the ensuing fusly, with a view to check an oppressive system which has prevailed among the Contractors in their dealings with the Toddy Drawers. In the letter referred to by Mr. Blane in the 19 para of his report he states that "for the last "two Seasons the plan appears to have "been in the earlier part of the "Season to force down the price "which the Contractors would pay "the Toddy drawers by Creating dis- "Sensions among them and declining "to purchase Toddy at all from those "who would not come into their "own terms-" or by, he adds, forcing the Toddy drawers into Court and also

also retaining the privilege of sel-
-ling arrack themselves, thereby ex-
appropriating a considerable portion
of the profits; by which and other
means the Collector states that an
industrious class people have gra-
-dually became reduced to poverty
and consequent discontent. With a
view to remedy this evil, the Board
acquiesced in the propriety of re-
-taining the rent of the Mangalare
Talook in aumany, the result of
which they will hope to hear
in the ensuing Extra Revenue
report.—

Sundry Small Farms and Licenses- Motupha- Stamps-

10. Under these heads the receipts were an advance of the prior Fusly resulting from ordi-
-nary fluctuations which need
no particular remark.—

Tobacco-

11. The increase of up-
-wards of 10,500 Rupees in the Mono-
-poly Sales of this article is alleged
to have arisen from the limited
supply produced in Mysore which
by keeping the prices high and
the Stocks in the hands of the Contractors

Contractors for the supply of Govern-
-ment left no surplus available
for a Contraband trade.—

Amerdivi Islands

12. The injurious consequences of the Storm which so seriously injured these Islands during the Month of April 1847, materially diminished the quantity of Coir during the past fusly. The Revenue produced was however in excess of Fusly 1256 by nearly 7,000 Rupees tho' below the previous 5 years average by 932— during the Fusly under con-
-sideration large quantities of the staple produce of these Islands were Consign-
-ed to Bengal, upon the whole the Board consider the revenue derived from these Islands more favorable than was to be expected so shortly after the devastating effects of the storm in question, and they hope to find that prosperity of the Islanders will ex-
have been at no distant period restored.—

Candies 142 less than in Fusly 1256.

13— The annexed Statement shews the gross receipts including ex-
Current demand; Extra items of Revenue, Arrears and also the charges and Net Revenue of the year.—

At

Port St. George 5th July 1849

14. It will be seen from the above that the Gross receipts of the year were Rupees 1,11,977-3-10 which exceeded those of the preceding year by Rupees 87711-5-6. Of the + demand 10,64,821-4-7 Demand only Rupees 1134-12-4 remained due at the close of the Fusly which was subsequently collected with + 34-13-10 the exception of a small item due at the date of the report. The excess in the Extra Collections is sufficiently accounted for by the recovery of Rupees 39,789. for advances for the purchase of Tobacco. The charges of the year are shewn to have been considerably in advance of the disbursements of the preceding year, the greater portion being however the refund of Hawlet duty made in Refunds 1,16,004- accordance with the orders of Government 2d January 1849.-

15. The necessity that existed of providing large supplies of Foreign Salt to meet the deficiency in the Home Manufacture raised the disbursement Increase Salt Rs 44,986-13-9

Port St. George 5th July

head largely in excess of the Fusly 1256

16. The charges on account of Tobacco partly in consequence of a portion of the expences incurred in Fusly 1256 being credited to Fusly 1257- Under these two heads the augmentation in the disbursement was Rupees 74,579-11-. Owing to these large outlays the Net Revenue of the year under report was reduced to Rupees 668588-13-1 being below the net Revenue of the year preceding by Rupees 90,394-12-4.- Increase Tobacco Rs 29,592-13-4

17. In conclusion it may be observed that the Collector states that no Sugar manufactories on the European principle are in existence on the Province of Canara, the Sugar produced being very limited and is consumed in the District.-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collection charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Canara for his information and guidance.- Canara

Fort St. George 5th July 1849.

From
The Collector
of Malabar.

To
The Secretary to the
Board of Revenue.

Sir

With reference to your communication
transmitting a Circular Order from the Board of Revenue dated the 11th October 1848 — I have the honor to report that the Taluk Servants mentioned in the margin are in the habit of taking Fees from the Ryots on the occasion of their marriages, and that the Taluk Servants in Malabar are not in the habit of receiving any Fees on the occasion of Public Ceremonies.

2

I have the honor to be
Sir
Your most obedient
Servant
(Signed) C. Lushington
Collector of Malabar

Fort St. George 5th July 1849.

that is pledged to the Government as Security in behalf of the Public servants enumerated in the List submitted with my letter dated the 10th December 1847- and to the extent therein exhibited.-

Were I permitted to offer an opinion on the subject, it would be, that so far as this District is concerned, it is desirable that the present System be allowed to continue undisturbed.-

The only alteration that suggests itself to me is that proposed in the 6th Para. of my letter above alluded to- i-e- to permit the parties thereon Marginally named to enjoy their Situation on the production of no other security than that which was formerly called for by the provisions of Regulation XXXIII of 1802 Viz. a security for personal appearance.

Calicut, 18th June, 1849.

(Signed) H: V: Conolly
Collector-

Order thereon-
(44-45)

Ordered to lie over-

Read the following letters.

To J. Pycroft Esqre
Secretary to the Board of Revenue
Fort St. George.

From the Collector of Madras-
(46)

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 4th Instant, and to report that, as Palmeira Jaggery is not always procurable in the Market at reasonable rates, it is necessary to make arrangements for its supply by Contract.-

Fort St. George 5th July 1849.-

The Contract is put up by auction, and 2- given to the party who offers the most favorable terms- The conditions are that the Jaggery should be of unexceptionable quality, that the Contractor should furnish the quantity required Weekly, and that the Wastage, as well as the expense of Carriage to the Circar Godowns, should be borne exclusively by himself: for it will be seen by the correspondence noted in the Margin, that the wastage on the supply consumed in Fasly 1247 alone was no less than Cs. 120- 17- 22¼, or about 6 per Cent- Since 1249, the Abkarry Department has been held "free from any "liability on account of wastage".-

From Board 8th July 1839.
To Do. 23d Do.-
From Do. 12th Sept.-

To Board 26th August 1846, Para 2.

3- According to the Madras Price Current, the Market price from July to October 1847 was from 10 to 14 Rupees per Candy- the latter being the rate for Jaggery of the best description- The Contract for Fasly 1257 having been entered into under date the 20th July 1847 on the conditions specified above, the rate which I deemed it expedient, under the circumstances, to accept, Viz. Rupees 14-4-0, or Cs. As 4 beyond that given in the Price Current, will not, perhaps, be considered high.-

Madras, 27th June, 1849.

(Signed) J: A: Hudleston-
Collector-

Proceedings thereon-
(46-47)

The explanation contained in the foregoing letter is satisfactory.-

To J. Pycroft Esqre
Secretary to the
Board of Revenue-

Sir,

50

From the Superintendent of Stamps-

I have the honor to request that you will be good enough to bring under the consideration of the Board the accompanying copy of a letter to my address dated 13th Instant from the Collector of Canara, from which it will be observed that a mistake has occurred in the sale of Stampt paper in the Honore Talook by which two Stamps of 50 Rupees Value have been disposed of in lieu of two of 8 Rupees and under the circumstances stated, I beg that the Sanction of Government may be obtained for the difference being adjusted in the Accounts- The difference between the Stamped Value and that for which they were sold is Rupees 84 -0-0-

To,

A. F. Bruce Esqr.

Superintendent of Stamps

Madras.

Sir,

I have the honor to report for your information a Mistake which has occurred in the sale of Stamped paper in the Honore Talook by which two Stamps of 50 Rupees Value have been disposed of in lieu of two of 8 Rupees.

It appears that they had by some means got mixed up with the Eight Rupee Stamps, and were sold to a person for filing two Suits before the Moonsiff of Honore. As no fraud however has been either attempted or committed, and the Stamps have been used for filing a Suit in which a Stamp of only 8 Rupees was requre, I hope that you will not object to my adjusting the difference in my accounts. The difference between the Stamped Value

ORIGINAL DESTROYED

and that for which they were sold is Rupees 84, and it appears to me that it would be visiting any inadvertent mistake by which the Government has sustained no loss, too severely if the difference were collected from the Venders. It appears further that they were sold at a time when the Tasildar was absent from his Cutcherry on Circuit through his Talook, and that one cause of the mistake which makes it more excusable was the circumstance that the Stamp has the Value only recorded in Tamul and Telloogoo, but not in Canarese which is alone understood in this district.

itself belongs to the Circar, without whose knowledge no transfer could be effected. Ristnamal on the 15th December 1845, at the time of the appointment of Lutchmien, at her own request, granted a document in the Talook Cutcherry to the effect that she would not under any circumstance remove him from the Goomastakship without the concurrence of the Circar.—

4 The cause of Ristnamal endeavours to get the Goomastakship transferred to Chennasoobien, appears to be that he (Chennasoobien) agreed to take upon himself to pay her debts amounting to Rupees 76, gradually, before her son attains the age of discretion. This amount (Rupees 76) includes the above Rupees 17½ also a document has been executed by Ristnamal to Chennasoobien's brother Narainen, to the effect that she agreed to pay back to Chennasoobien this amount Rupees 76 in the event of herself or any of her relatives removing

removing him from the Office of the above Goomastah before the Meerassy Curnum attains his age. She also entered her house as security in the above Document, guaranteeing that in the event of her not being able to repay the above sum she was to give up her house instead.—

5. Lutchmien states that when he and Ristnamal were on terms he at different times paid her the sum of Pagodas 6 mentioned in the 1st para of the Proceedings quoted above, that he entered it in a piece of paper in the shape of a memorandum and secured it in his dufters, that when this dufter was taken away by Ristnamal, she managed to extract it, and that he could not positively mention the persons that were present at the several times the Money was paid.—

6. Chennasoobien was actually conducting the duties for three months and fifteen days from 5th September to 20th December 1847, as mentioned in the 2d para of the Extract

Extract of Board's Proceedings but not with the sanction of any European authority- This was the period during which the Lafter produced by Kistnamal before the Head Assistant Magistrate was delivered back to Kistnamal instead of Lutchmien by the Tahsildar as stated in my letter of the 26th September 1848- When she received the Lafter from the Tahsildar (who misunderstood the orders sent to him on the subject) she was permitted, according to her request, to get the duties performed by Chennasoobien, but when this was brought to my notice I sent an order to receive the Lafter from Chennasoobien and deliver it to Lutchmien the authorized Goomastah.—

7. As Kistnamal, in disobedience of orders, refused delivering over the Circar Pymash &c Accounts to Lutchmien, she was ordered by the Head Assistant Collector who conducted the enquiry to be kept under the surveillance of a Peon of Ossoor Taluk, from 29th May to 29th June 1848- even then she declined to

to deliver up the accounts, and was ordered to be kept at the Taluk Cutcherry of Kistnagherry separately, unconnected with any of the prisoners confined there- She remained there from 30th June to 19th July, when she was taken to Ossoor with the Head Assistants Cutcherry, where she remained at the Taluk Cutcherry from 23d July to 26th November, when she consented to deliver up the accounts- She was afterwards sent to Kistnagherry for the purpose, and was released on delivering up the required accounts- Although she was kept in the Taluk Cutcherries of Kistnagherry and Ossoor, she was always allowed to go wherever she pleased with a Peon to take her meals.—
