To the Secretary to Government

Reviewing the past & present condition of the Northern Circars and reporting the proposed Establishment and other arrangements for the Commission to the Northern Provinces..

In Cons 1st May 1849

Sir }

In obedience to the orders contained in the 9th Para of Extract Minutes Consultation 29th March 1849 I have the honor to offer the following remarks on the Establishment which appears to be required for the efficient discharge of the duties connected with the separate charge of the Northern Circars.

2. In the absence of previous experience there will naturally be some difficulty in estimating what amount of labor will devolve upon the agency entrusted with such duty. It appears advisable therefore to take a general view of the past and present condition of the 5 Districts forming the Circars in order to judge of the means necessary to give effect to the objects of Government..

3. From the report of the

Circuit Committee the mode of aſseſsing the land is known to have varied greatly at the time the Northern Provinces fell under British Rule. The Committee seem to have thought that the earliest native system of levying the Revenue was by a division of the produce. For this however they give no good authority. The oldest accounts rather tend to shew the existence of a fixed Money rent on the land, measured either with reference to the seed required to sow a given space or ascertained by actual Survey and called respectively Veesabady and Mukhta. The Zemindars or hereditary District Revenue Officers under the Nizam adopt these money rates as the basis of their settlements under the name of Shist, to which they added extra ceſses or Puttees to meet their annually enhanced agreements with the Durbar Officers, who used to bid against each other for the Management of the provinces. The same plan was continued by the proprietors under the permanent settlement, but not exclusively. In general

general, both Veesabady and Mukhta division of the produce and rents for longer or shorter periods, were in use, and have continued with little interruption to the present day. where the dry cultivation is extensive in proportion to the wet a fixed money aſseſsment will generally be found, but when the wet lands are in exceſs a division of Crops is resorted to. Rents to individuals or to the principal Ryots were also occasionally given by the Zemindars, but more frequently by the Officers of Government in Estates which came under their temporary charge, because the information of Collectors regarding the previous Revenue was too scanty and their Establishments too inefficient to give to give them confidence in their own Management. Occasionally however temporary Servants were entertained on such occasions, over whom it was not practicable to maintain a very efficient control.

4 The general prevalence of the permanent settlement tended to increase these fluctuations of system according to the temper, caprice, neceſsities or other circumstances of the proprietors.

It has had the farther effect of gradually breaking down the economy of the Village communities- The Curnums by Regulation XXIX/180 are completely under the proprietors control and being subordinate to or more properly superseded by the petty dependants of the Zemindar, have either not kept or not care to preserve the registers of past cultivation and Collections- The Patels or Head men are often wanting or inadequately remunerated- The other Village functionar have in many cases altogether disappeared and their Maniems been absorbed in the Ayeen land.. On the other hand numerous unauthorized alienations have tak place which cannot be detected for the want of authentic accounts..

5. The want of a better system has always been admitted and orders have be issued again and again for the introduction of a ryotwar administration into such Estates have reverted to Government.. But from var causes these have always ended in failure..

reverted to Government shortly after the Permanent Settlement and have always been settled on what were called ryotwar principles. The Collector in reply to some queries of the Board of Revenue states in his settlement Report for 1248 Fusly that the measures of Land vary in every Village, that no uniform accounts of the arable lands exist, that the settlement was made in advance by a sort of Estimate of probable cultivation which was divided by the ryots amongst themselves, agreements being taken for the Dry lands to pay in Money, for the wet to share the produce, that no subsequent examination took place, that the ryots paid according to the previous agreement, the assessment on waste and short produce being left as arrears which were adjusted at the end of the Fusly and a new Dowle prepared for the next year. The benefit of taking care to ascertain the particulars of waste &ca before the settlement and of granting remissions accordingly was pointed out; But in 1251 Fusly in reply to similar observations the

Collector stated that without a survey he coul
not attain to greater accuracy. In 1251 Fusly th

be carried into practice. But on the returning
the Collector he stated that all these im-

practice was observed till 1833 when on the occasion of Mr. Russell visiting the District a thorough investigation of the affairs of the Vizianagram Estate took place and orders were given for settling all the Estates on strictly ryotwar principles. These instructions were reiterated from time to time, yet in 1251 Fusly the Collectors' description of the system tallies very much with what exists in Ganjam "all the land capable of Cultivation being divided among the ryots without reference to their ability." the result of which was enormous balances and remissions and the concentration of all the best lands in the hands of the most substantial ryots. In 1253 Fusly many of the Vizianagrum Villages were rented without authority & now they are settled on a plan described in the last settlement Report

at the time so unsettled the usage of the District that it has never reverted to a sound state. The Collector reported in 1247 Fusly that the principle for some years past had been "to fix the Current demand at as high a rate as it was supposed the ryot would pay". But "the Auchanahs were often higher than the ryot would consent to, the commuted price was beyond the real price, and thus the demand was raised at the Jummabundy without any good reason".

The balance which remained as a necessary consequence of such a system, was kept hanging over the ryots head under the name of Hurruff or deferred demand. at length the Collector reported his inability to effect an intelligible settlement at all, "there being no fixed principle on which to frame a demand, the shist being superseded and no substitute found for it but the annual Auchana" or Estimate. Finally as the only resource until a survey and revised assessment could be accomplished an unwilling assent was given to the introduction of rents by which most

of the Villages are still settled but a
an improved plan introduced by the l
Commissioner in which the details are
arranged by the ryots themselves.—

9. The prevalence of the Permanent Settlement in Masulipatam never allowed much opportunity for the exercise of a direct management by t Officers of Government except in Esta under temporary management. The co siderable proportion of wet land in c these, occasioned a preference being gi to the sharing system. The Dry land were for the most part rented. The Circar Village, Hytapilly since transfe to Guntoor, was ordered to be surveyed in The present Permanent Establishment the Collectors' Cutcherry is unequal to the secution of an individual settlement.

10. In Guntoor the same diversi of settlement prevailed as in the other circars. existence of ancient Money settlements assess the land was shown in the Commissioners' Report. These served as the basis for a gen Mukhta for fixed money ryotwar Managem by the Zemindars during the earlier periods of the permanent settlemen

Settlement. The inconsiderable proportion of irrigated land prevented any extensive recourse being had to collections in kind and it co was not until the improvidence and co embarrassments of the proprietors led them to have recourse to make Shift expedients that the renting and sharing systems came largely into use. The alterations suggested by the Commissioner in 1845 were in conformity with the early settlements of the Ceded Districts. These have been ably carried out by Mr. Stokes who has conducted his proceedings on true Ryotwar principles and by reverting to the Mukhta rates has effected a general registry of fields, by means of which he is enabled to settle with each individual ryot on a reference to his own circumstances alone.

11. From the above review it will be seen that an approximation to a true Ryotwar Management has been attained in Guntoor alone. that in Ganjam and Vizagapatam the individual settlement is fictitious & that in Rajahmundry and Masulipatam the Renting system prevails.

12. In fact it may be said

that the condition of the Circars is little altered
Minute 7th January 1823. Para 23. from the time of Sir Thomas Munro's visit
to them in 1822. The same measures recommend-
ed then apply tolerably well to the state of
things now. The principal of these are the
Ib. P. 30 - 36. gradual extension of the Circar lands by every
legitimate means and the improvement of the
Native Establishment. Many Estates have,
it is true, been acquired since then, but they
have fallen into our hands in a state of great
disorganization and their restoration to prospe-
rity has been checked by the want of good
native revenue servants. There are neither
accounts nor land measures nor Village
Officers fit to serve for the foundation of a
better system. All have to be created anew or
to be so thoroughly reorganized as to amount to
the same thing.

13. Among the most obvious and
pressing measures is a survey and
a revision of the Assessment, the
necessity for which has therefore so
long been apparent. But to enable
the settling Officer to enter on his work
it is desirable that he should have

D.G.

same

some data on which to found his cal-
culations. The business of surveying and
classifying will occupy some time and
mean while the annual settlements may
be so conducted as to supply in some
degree the existing defects in our know-
ledge of the resources of the Country.
It was with this view that the
Board of Revenue in their letters noted
To Govt. 7th Sept. 1846. in the margin recommended the adoption
To Govt. 8th Oct. 1846. of the mode of Settlement introduced by
To Govt. 11th Oct. 1847. Sir Thomas Munro in 1802 preparatory to
the Survey of the Ceded Districts. It is
recommended by precisely the same consi-
derations as suggested its use there. It is
the oldest mode of settlement known in
the Circars, has never been totally deserted
and is the best calculated to restore those
elementary details essential to the formation
of an individual settlement, which have fallen
into more complete confusion than they had
even in Bellary. The Government, having
finally consented to the Board's proposition,
instructions were accordingly sent to all the
Districts. It appears therefore that the first duty

of the Commissioner ought to be to see that these are efficiently carried out.— The preparation of new forms of accounts and frequent examinations of the manner in which they are brought into operation will constitute an important part of the business of the Commissioner and his Native Cutcherry.

14. The other subjects which will demand particular attention are the reform of the Village revenue and Police Establishments, in which some progress has been made in Guntoor, & the examination of Rent free tenures for which the Board of Revenue have recommended the appointment of a Special Officer.

15. If these views are correct it will be admitted that the duties of the Commissioner will exceed rather than fall short of those exercised by the Board of Revenue. He will not only have to superintend and direct

but

but to enforce by personal enquiry and advice on the spot the execution of his measures.—

The numerical proportion of his charge compared with that of the Board of Revenue is about as 1 to 4, the real relative proportion is perhaps considerably higher.

16. The following tabular Statement exhibits the proportion borne by the revenue and population of the Northern Circars to the rest of the Presidency.

17. The Establishment I would propose for the Commissioner's Office is detailed in the Margin. The English Office is estimated at Rs. 478 — 8. per Mensem, of which Rs. 300 — 8 a. are furnished from the Office of the Board of Revenue, leaving an excess of R. 178 — „ to be sanctioned. The Native Cutcherry is reckoned at Rs. 515 — a. „ of which Rs. 338 — a. „ — p. „ are borne

by the existing Establishment, leaving an Extra charge of Rs. as. p. 177 — " — ", involving in all an additional Monthly expence of Rs. a. p. 955 — " — "

18. The terms on which the servants drafted from the Board of Revenue are to be detached and the rates of batta or extra allowance proposed for them will be more particularly explained in the Secretary's letter. I will only observe that in fixing the salary of the Sheristadar of the Native Cutcherry at 400 Rupees per Mensem I have adapted the lowest possible scale. It is less than that of some of the district Sherishtadars in the Circars. It might I consider have been raised with advantage to 500 which would still be less than is enjoyed by the sheristadar of Ganjam. The present Deputy Sheristadar of the Board of Revenue is an Officer of high Character and much experience and is in all respects deserving of consideration.

19. With reference to the scale on which the above Establishment is framed

framed it has already been observed that in the absence of the means of comparison with any similar description of agency it is difficult to say whether that now proposed will prove adequate to the exigencies of the office or otherwise.

20. I may however quote the opinion expressed by the Board of Revenue

Para 49. in their Proceedings of the 19th December 1831 when discussing the question of dividing the duties of the Office among the several Members and of entrusting each one with a distinct charge as in Bombay. The Establishment which in that occasion was considered indispensable for each Division amounted to 1,629 Rupees per Mensem exclusive of an additional Charge of 527½ for batta. The principal difference between it and that now proposed will be found in the sums allotted in the Head of the English Office and to the Serishtadar the former being estimated by the Board at 100 Rupees only, the latter at 700. But the circumstance of one of the Uncovenanted Assistants, who already draws 200 Rupees per Mensem, having been selected for the present occasion has caused a larger charge on this account than would otherwise have been necessary.

21. The rates of batta and travelling allowance proposed for the servants who are detached from the Board's Office are shown in their Secretary's letter. I would suggest that the Extra Establishment should also while actually on Circuit receive batta at the rates payable to servants in Collector's Cutcherry as sanctioned by Government on the 9th February 1840.

22. With regard to Office accommodation it will probably be found practicable to hire a house at the place which may be selected for permanent residence, and when on Circuit the expense may be met by a Contingent Bill or by a fixed allowance for the time the Cutcherry may be

be under Canvas.

23. I propose to take with me the original records for the last 20 years, together with those relating to the Permanent Settlement. These will fill about 30 Boxes or about a dozen Bandy loads. With a view both to save expense and to escape the risk to which they would be exposed by a long land journey at this inclement season I would suggest that they should be forwarded to Vizagapatam by Sea either by the Government Steamer or any other eligible opportunity.

24. With the permission of Government I propose to proceed to my destination by the earliest means which may offer.

To the Chief Secty. to Government. Submitting statement shewing the servants on the Board's establishment placed at the disposal of the Commissioner for the northern Circars, the salaries enjoyed by them in this Office & that proposed to be paid as an Extra Batta and requesting the sanction of Government for carrying out the arrangement & for giving several an advance of 2 Months pay.-

Sir

With reference to Extract Minutes Consultation of the 29th March 1849 Para 9 I am directed by the Board of Revenue to submit for the orders of Government the accompanying statement shewing the servants belonging to the establishment of this Office who have been selected by the 2nd Member Mr. Walter Elliot, and who have been placed at his disposal by the Board to assist him in the discharge of his duties as Commissioner for the Northern Circars. It will be seen that the aggregate of their monthly salaries is Rupees 638½.

2. It is presumed that these individuals will still form part of the Board's fixed establishment and be borne upon the Mayen zabitah, that their service under the Commissioner will be reckoned as service in this Office and will not prejudice their claims to promotion in it, and that they will be permitted to revert to their

their appointments in the Board on the termination of the Commission or in the event of their being prevented by sickness from remaining in the Northern Circars, or if from any cause except that of misconduct, the Commissioner should think proper to send them back to Madras and to procure others of a similar grade from the Board's Office in their stead. The Board are induced to bring these points to notice as some, not unnatural anxiety is felt among the parties as to the terms upon which they are to be detached.

3. The Batta to servants upon the establishment of the Board of Revenue when required to travel in the Provinces on public duty has been fixed by the orders of Government noted in the Margin at 87½ Rupees per Mensem to Sheristadars and Deputy Sheristadars in addition to the hire of Palankeen bearers and Coolies when actually on Circuit: 28 Rupees to writers in addition to the hire of Bearers and the same allowance

From Government 30th June in Cons. 6th July 1826.

allowance to Goomastahs on account of their travelling charges of every description. These rates seem however to the Board intended to apply rather to servants accompanying a member of this department when on Circuit in the interior for a few months only, than to those who may be attached to his Cutcherry where the duty on which he is deputed is of a more permanent character. In the latter case some reduction may it seems to the Board properly be made, at least as regards those servants whose batta would otherwise bear an undue proportion to their Official Salary. The Commissioner in Communication with the Board has suggested the additions which should be made to the pay of each servant as batta or extra allowance, the sums will be found entered in the statement. The addition proposed to the pay of the Deputy Sheristadar has been determined by other considerations than those of mere batta, which are explained in the Commissioners' letter: no rate

of

of batta has hitherto been laid down by Government for a party holding the rank of Uncovenanted Assistant in this Office. The Board have proposed for Mr. Jordan /87½ Rupees/ that usually allowed to their Manager, Sheristadar or his Deputy.

From Govt. 27th Octr. In Cons. 2d. Novr. 1835.

4. The Board think that besides these additions to their "Board" salaries the Deputy Sheristadar and Uncovenanted Assistant should draw allowance for Palankeen bearers and Coolies, and the other writers and Goomastahs allowance for Coolies, for the days that they may actually be travelling with the Commissioner or under his orders.

5. Several of the individuals in the list have already received their Board salaries for the current and ensuing month in advance. The

The Board would solicit the same indulgence on behalf of the remaining servants, the amount being Rupees 571 — 0 — 0.

7. Applications have been made by some individuals that they may be allowed to leave a part of their pay for the benefit of their families and to be drawn by them thro' this Office. These requests seem reasonable but as some of the servants have already started on their route to the Northward the Board would beg to suggest that on the arrival of the whole establishment at Vizagapatam, where the Commissioner's Cutcherry

Cutcherry will first be held, they should give in to him a statement shewing the proportion of their salaries which they are desirous of drawing there and that which they wish to be paid thro' this Department for the benefit of their families at Madras, when the necessary arrangements may be made.

From the Principal Assistant Collector in Charge of Ganjam

Sir,

I have the honor to acknowledge the receipt of your letter of the 21st Ultimo to the address of Mr. R. A. Bannerman the Collector and to state for the information of the Board of Revenue that the greatest portion of the Decrease therein referred to as under the Head of "Salt" in the Abstract of Demand Collection and Balance to the end of February last, Vizt Rupees 48,331-4-. has occurred chiefly in the Home and Inland Sales of the Nowpadah Cotaurs as per Margin and it is attributable to the larger purchases made at those Pans during the preceding Fusly 1257, for Home and Inland Consumption.—

Home Sales 9128-3-
Inland Do 37,648-15-
Total 46,777-2-

Your instructions as regards the insertion in the future Monthly Returns of the causes of considerable Increase or Decrease in the Collections of any branch of Revenue shall be duly attended to.

From the Collector of Malabar

Sir,

With reference to your communication dated 21st Ultimo, I have the honor to state that the decrease of Rupees 14,854 in the Tobacco Revenue of this District up to the end of February last arises entirely from a deficiency in the sale of Government Tobacco in the Talooks of Chowghaut Nedinganad & Cochin Proper, adjoining to the territories of the Cochin Sirkar. I pointed out in my letter of the 25th January last that this deficiency must follow from the reduction in their

their selling rates which had lately been made by that Sirkar. "The cheaper Tobacco" I observed, "is brought into our territories to such an extent "as almost entirely to supersede our "supply."

my future Statements.

From the Pl Assistt Collector & Agent in charge of Ganjam } Suggests the appointment of a Member of the Civil Service as Lieutenant Frye's successor in Ganjam

Sir,

Lieutenant Frye Assistant Agent having informed me that the Supreme Government have acceded to Colonel Campbell's application for his services being transferred to the Meriah Agency the necessary orders thereon will in all probability by this time have been issued by the Madras Government, and I would accordingly request of you to lay before the Board whether it would not be advisable under the circumstances to apply to Government for the appointment of a member of the Civil Service as Lieutenant Frye's Successor. The duties of the Office are purely Civil, not requiring one single Military qualification beyond Signing Indents and

Monthly returns of the state and disposition of the Sibbundy Corps, if these can be dignified as such: for to my certain knowledge not one Solitary Drill or Parade or Ball practice has been held during the three years and a half I have been in the District, neither indeed could there will have been owing to the Small Detachments and Posts into which the Corps is broken, and that consequently a Military Officer cannot be said to be indispensable or even necessary. In fact the Services of a Civil Assistant would be much more useful and by not being confined to the Agency tracts but extending over the Tallooks and Estates lying within the Jurisdiction of the Ordinary Courts, would be of greater value to the Collector and Magistrate who could depute him to hold inquiries and generally make his Services available in localities where, from his belonging to the Military branch

branch

branch of the Service he is now debarred from employing him, and under which view I conceive, should the Board see fit to make the necessary application the Government would be inclined to regard it favourably.

Proceedings thereon. Resolved that the letter above recorded be submitted to Government for such orders as they may see fit to pass upon it.

(10 - 11.)

It appears to the Board that under the considerations represented by the Principal Assistant, the appointment of a Civil Officer in succession to Lieutenant Frye would be to the advantage of the public Service and they would therefore beg respectfully to support the suggestion unless there be any objections to the arrangement with which they are unacquainted.

Suggesting the expediency of Appropri:ating part of the interest of the Pagoda funds for establishing a dispensary in Palnaud &c. under the Super:intendence of Mr. Heyer.

In the correspondence noted in the margin it was proposed by the Board to appropriate the Palnaud Pagoda Surplus Fund in providing gratuitous Medi:cal Aid for the inhabitants of the Palnaud. On a calculation however of the probable Cost of such an arrangement it was found to exceed the means available, and I was con:sequently instructed to allow the capital invested in the 5 per Cent loan to accumulate until adequate to the maintenance of an English School. An

2. An arrangement has now been proposed under which an experiment at least may be made of the utility of such an appropriation of the Funds and of its acceptability to the people. The Reverend C. Fr Heyer a Missionary from the United States who has taken up his abode at Goorazal in the Palnaud, and who possesses a Medical diploma from the University at Baltimore has volunteered his services gratuitously in Superintending the issue of Medicines &ca and States that a Native Dresser in the receipt of a Pension who is residing with him is also willing to give his attend:ance gratuitously. A building at Goorazal belonging to Government and used as a Cut:cherry on certain occasions can be tem:porarily available for the Custody of Medi:cines and the attendance of patients.

3. The following are the Subsidiary arrangements which I would propose that the offer of Mr. Heyer and the Dresser be

accepted – that Mr. Heyer be allowed to indent on the Zillah Surgeon at Guntoor for such supply of European Medicines as he may find necessary – that of the Interest of the Pagoda funds a sum of 15 Rupees per Month may be placed at Mr. Heyer's disposal for the pay of a Sweeper the purchase of Country Medicines and incidental expences – that an exact Register may be kept by him of all cases treated as well as of the receipt and expenditure of funds and Medicines. that at the end of one year from the commencement of the charity a full report may be made and submitted thro' the Zillah Surgeon, on consideration of which the Government may — decide upon the Modification or continuance of the Institution. –

4 Petitions from the inhabitants have also been received by me on this subject and I have reason to know that the measure suggested will be popular. meantime I shall venture to apply to the Zillah Surgeon to furnish from the stores of the Native Hospital a small supply of

Dg.

of Medicine to Mr. Heyer for present use, to be duly accounted for hereafter if his proposal cannot be complied with. –

Proceedings thereon. 1 In Extract Minutes Consultation dated 14th July 1846, the Government directed that the Collectors of certain Districts, of which Guntoor was one, where the amount of Surplus Pagoda Funds in deposit was inconsiderable – "should disburse that amount on any work or works of public benefit most acceptable and valuable to the Native Community generally – as Bridges, Choultries, Tanks or wells; the works to be of a permanent character and open to all classes. – The Collectors were ordered to carry out these instructions in communication with and under orders of the Board of Public Works."

slight of in regard to the Guntoor District, and in the correspondence which has passed between this Department and the Collector upon the subject of the Surplus Davastanum Funds various modes have been suggested for their appropriation, such as the Establishment of a School, or of a Dispensary which however useful in themselves seem hardly of the nature of those contemplated by Government in the Extract Minutes Consultation above quoted. In the letter now recorded Mr. Stokes recurs to a proposal which he had previously made for the establishment of a Dispensary. On reconsideration however the Board think it is necessary that the surplus Funds in question

Sir,

With reference to the endorsement on the Petitions noted in the Margin and others from parties appealing against the discontinuance of the remission hitherto enjoyed under the term "Vundra" as also to the remark contained in Para. 7 of the Board's

Proceedings dated the 28th Ultimo, I have the honor to explain that I have endeavoured to act in strict conformity to the Board's orders conveyed in their Proceedings noted in the Margin, only disallowing "Vundra" under the circumstances therein specified. In the case of Curnums and Village Moonsiffs enjoying "Vundra" I have resolved where their other emoluments fall below the "scale fixed in the Ceded Districts, to Collect only the excess above that scale pending the settlement of the points now under discussion as to the scale to be adopted in this District.-

Proceedings thereon.

16-17

The Board of Revenue observe from Paras 71 of the Commissioner's report upon the Guntoor Zemindaries, that the rule established by Sir T. Munro in the Ceded Districts respecting Tyazgari, excluded all Curnums from the benefit of that indulgence

---

indulgence, and that this limitation has at the suggestion of the Commissioner, been ordered to be gradually carried out as regards the Wundra in Guntoor. As however many of the Guntoor Curnums are insufficiently remunerated, the Collector, it appears, has for the present permitted those who are ill paid to draw Wundra to such extent as will make up their Salaries to the scale of the Ceded Districts. This seems reasonable. It is possible, however, that the rigid application of even this rule may in some cases occasion so large a reduction in a Curnum's previous receipts as to bear hardly upon him, and when this would be the result some relaxation may be allowed.

2. Mr. Stokes has adopted the same arrangement in regard to Heads of Villages. but the Board are not aware that in the Ceded Districts the exclusion from Tyazgari extended

to these Village Officers as well as to Curnums, and on the whole they are led to think that the allowance of Wundra to the Guntoor Moonsiffs should not be regulated by the extent of their present or prospective Official emoluments; but that when of the hitherto privileged Classes, they should be allowed the remission with reference to the principle on which it was originally bestowed i.e. their being precluded from engaging in Manual labor, but that it should be granted only upon the quantity of land actually in their own individual occupancy and Cultivated without the assistance of other ryots.-

Sir,

1- I have the honor to transmit a Statement of the Offers received for the Arrack Rents of the Abkarry Stations in the Principal Division for the ensuing Fusly 1259 including the sale of Toddy as Sanctioned in your letter dated 1st February last, exhibiting an increase of + 1097 Rupees above the offers accepted in last Fusly. As there is no prospect of any higher offers being obtained, I beg to recommend that I may receive Sanction finally to accept those now reported on and to put the parties in possession from the 12th Instant provided the proposers find Security for the due performance of their contracts or make the usual deposit. The only Division for the rent of which no suitable offer has yet been received is Naidepett but I trust my endeavors to obtain a fair proposal will shortly be successful.-

The

Proceedings thereon- The Board of Revenue

(18-9) sanction the acceptance of the Offers for the Abkarry of the 11 Talooks of the Principal Division of Nellore for 1259, reported in the foregoing letter, amounting in the aggregate to Rupees 21,947 and authorize the renters being placed in possession of their respective Farms on their severally depositing one Months Kist in ready Money, and furnishing good collateral Security to the extent of three Kists more or on their depositing in Cash two Kists without Security.-

2. With reference to the late orders of Government authorizing the immediate transfer of the Paumoor Talook to the Nellore District, the Sub Collector in Charge is informed that the rent of the Abkarry of North Arcot has been taken by Mr. N. Morrison for the three next Fuslees and that it has been arranged with the Collector of North Arcot that Mr. Morrison shall hold the entire farm at it's previous limits for the ensuing Fusly and

and that such part of the whole rent as may fairly be apportioned upon Paumoor, in advertence to the number of Shops Maintained there, shall be placed to the credit of the Nellore Collectorate in the Accounts of North Arcot. Mr. Morrison will give up the Paumoor Abkarry at the end of Fusly 1259 and the Collector of Nellore will then make arrangements for leaving it, simultaneously with the other Talooks of this District.-

3. Mr. Purvis will expedite the despatch of his report on the offers for the rent of the remaining Talook of the Principal Division, and of the several Talooks of the Sub Division.-

4. The Board observe that the present report from Mr. Purvis is dated 5th Instant.- In future years care should be taken to submit the Statement of offers for renting the Abkarry Farms in sufficient time to admit of the Boards' orders reaching the Collector before the commencement of the Fusly.- The Collector's report should be so despatched as to reach this Office by the 10th June at latest.-

It is stated that this Enam was granted in compensation to certain parties from whom heavy and undue exactions were levied for State emergencies previous to the Country being under British control. At what time the grant was made, by and to whom is unknown, and no Sunnud is forthcoming in support of it, but the grant would appear to have been entered in the Pymash and Enamity accounts in the name of Rungareddy the Grand father of the share holder Ithoola Conda Reddy whose death is under report.

2 The deceased Ithoola Condareddy held only a share of $\overset{A.}{u}-\overset{C.}{4}-\overset{as}{6\frac{1}{2}}$ in the Enam valued at Rupees 1-12-3 and has left a Widow and daughter who are reported to be in indifferent circumstances and to have no other means of subsistence and the Collector recommends the continuance of this share to the Widow Saluchah for life in which proposal the Board concur.

When and by whom the Enams were granted or in whose name is unknown. It is stated that the names of Bollah Rungareddy and Nulla Paupah reddy were entered in the Pymash and Enamity accounts that the party whose death is now reported named Chinniah Rungareddy held a share of only $\overset{a}{u}-\overset{c}{11}-\overset{cts}{u}$- in the Enams valued at Rupees $\overset{Rs.}{15}-\overset{a.}{5}$ that his relationship to either of the above named individuals is unknown, but that the deceased has been in enjoyment for the last 41 years, having left a widow aged 50 two sons aged 30 and 28 respectively with their families who earn their livelihood tolerably well and are also in the enjoyment of Dusvundum Enams in value Rupees 48-11-u-

The Collector recommends the continuance of the deceased's share to his eldest son named Ramareddy for life and the Board beg to support his application.

3 The Collector observes that the Bhurtwurtee Enam was irregularly transmitted, the late holder having been a Poligar whereas Sheyshiah the party named in the Pymash Accounts was a Bramin. In consideration however of the alienations having occurred 30 years ago the Collector proposes to continue the deceased's share in the Bhurtwurtee Enam together with the entire Zemindary Enam to his Younger brother Bala Rungapah Naidoo to lapse on his death and the Board concur in this proposal as regards the Bhurtwurtee Enam - as respects the Zemindary Enam it is not clear whether the party in whose name it is entered in the Pymash accounts Vengamah held it in her own right or in that of her husband Veerawooliah / See Genealogical table / if the latter and Wooliyah and his brother Hoonoor Naidoo / Grandfather of the deceased Peddy Naidoo / were of an undivided family the Zemindary Enam should the Board think be Continued to Baula Runga Naidoo

This decrease it will be seen occurred almost entirely from Salt under which head there was a falling off in the Revenue of Rupees 40,050-8-" of which Rupees 2731-8-" appertained to the sales for Home Consumption and Rupees 37,319 to those for other Districts.

2. This large decrease is attributed by the Collector to the Inland trade being now principally supplied from the Madras Cotaurs, in support of which opinion an abstract statement is furnished in Para 3 of the report which shews that the actual falling off in the Pans adjacent to Madras amounted in Fusly 1257 to no less than 80,367 which however was partially met by an increase at Covelong as compared with the previous year, and this decrease would it is supposed have been even greater but for the preference given to the old Salt, which at one period of the Fusly was only procurable in the Chingleput Pans from the exhaustion of the stock in Madras. The Board would

have been glad to have had before them a Statement showing distinctly the quantity sold at each of the Pans in Chingleput under the two heads of Home and Inland sales and exhibiting the particulars of this large decrease of 30,000 odd Rupees, and they request that such a Statement will be furnished in the ensuing Report - In the Pans beyond the influence of the Madras Cotaurs, the sales during the year were higher than usual, but that again arose from the accidental circumstances of the stock in hand in the adjoining District of South Arcot having been all disposed of, thereby impelling the Merchants to obtain their supply from the Chingleput Pans - The aggregate loss on the total sales, as above observed, was Rupees 40,050-8-" and which appears to have arisen almost entirely in the Pans near Madras -

submitted - In the Statement No. 7 supplied at the requisition of this Office the total Salt Charges are quoted at Rupees 41,024-14-2 while the Salt account Current for the Quarter ending 11th July 1848 represents the Charges as being Rupees 45,695-14-9 the difference being Rupees 4,671 - it is presumed that in the latter account the "recoverable advances" have been included - Both these accounts again differ from the Statement No. 1 in which the total items of Charge are entered as amounting to Rupees 56,846-5-4 - With a view to the necessary explanations of these differences being readily available it is desirable that the items should be particularized in Statement No. 7 instead of entering them in the aggregate as at present -

The subject adverted to in the 8th Para of the Report will receive the attention of the Board and be disposed of in Separate Proceedings -

on the salt transactions the Board wish for some further information in regard to an item entered in Statement No. 1 Among the extraordinary Charges of the year. The Compensation paid to the Manaly Shrotriemdar on account of the discontinuance of the manufacture of salt is entered at Rupees 4791-1-3 being Rupees 2,818-4-6 above the payment on this behalf made in the preceding year which increase it is added, arose from the arrears of Compensation of Fusly 1256 having been disbursed in Fusly 1257. On examining the statement of past years the Amount disbursed in each year is seen to vary, the Collector is therefore requested to state in his ensuing report what is the actual Amount of Compensation to which the Shrotriemdar is entitled, the mode of payment and whether the allowance for the Fuslie under review has been paid in full.

and the Abkarry having in Fusly 1256 been farmed out for a three years lease for Rupees 7,500- per annum presents no fluctuation. It is observed that the whole of the rent was collected by the close of October last, at which date the amount of Current Moturpha demand outstanding was Rupees 826-15-1.—

Fusly 1256-

The excess under this joint head is ascribed chiefly to the increased sale of Firewood cut in the Streeharecottah Jungles. The amount of this particular item as per Statement No. 3 is Rupees 10,274-4-3. and is Rupees 3,098-9-2. in advance of the Revenue from this source in Fusly 1256, as these Jungles are omitted from the Column headed Jungle rent in that Statement it is presumed that they are held under Aumany, the Collector will be good enough to state if such is the case, and if so how they are managed. Some explanation should have been given in regard to the falling off in the Chayroot &ca. as noted in the Margin—

It will be seen from the
above Statement the gross receipts were
below those of Fusly 1256 by Rupees 20,803-

Arrears- of arrears was considerably in excess of
1256. 17,903-8-2 that year from large receipts in the
1257- 33,743-13-4 Abkarry Department, deducting from the
15,840-5-2 gross receipts the Charges of the year

larger disbursement under the head of Salt
were in excess of the Charges of 1256 by
Rupees 2933. 10-10. the Net Revenue obtained
Net Revenue from the Extra Sources of Chingleput was
1256-68,279-3-8. Rupees 44,541-12-9 being Rupees 23,737-6-11
less than the Net Revenue realized in
Fusly 1256.

This sum however by remission and collection
had been reduced at the date of the report
to Rupees 584-12-11- of which the Collector
recommends the remission of Rupees 421-7-8
and for which a detailed account has been
furnished, as it appears from the circumstances
of the defaulters that this demand is utterly
irrecoverable, the Board beg to solicit the

Secretary to the
Board of Revenue,
Fort St. George.

From the Collector of Chingleput... } Sir,

Adverting to Extract from Proceedings of the Board of Revenue under date the 11th Instant, I have the honor to state, for their information, that the discrepancy in the price of Connaloo there noticed, arose from an error in the calculation of the price for March, the sum of Rupees 50 having been omitted. Rupees 109-8-7 should therefore be inserted in lieu of Rupees 59-8-7 incorrectly entered in the Price current for that Month.

Chingleput District,
Collectors Cutchery,
Pullicarney, 21st June, 1849. } (Signed) A. Freese
Collector.

From the Collector of Madura.

Sir,

With reference to my letter of the 7th Instant No. 57 I have the honor to transmit a List of Estimates for the repair of Sources of irrigation in Devastanum Villages which it will be prudent to have executed before the surplus Funds are otherwise appro:priated.

Madura,

16th June, 1849

Collector

forcibly the effects of the unfavorable Season, though the contrast is the greater from last year having been a particularly good one - I have no reason to anticipate that any large balances will be outstanding there at the end of the year, but the loss to the Ryots must be very great, and is I have reason to believe considerably in excess of that Government will experience from the decrease of the Revenue. The decrease in Baris owing to the want of rain is also considerable in the Talooks of Nauguncherry - Tencausey, Sunkerninarcovil and Streevillypootoor -

Dg

I

2. I could wish there were an opportunity of recommending some relaxation of the ordinary rates of assessment, to enable the ryots to recover in some measure their losses, but the year being so near its close anything of this Kind would trench on next year's ordinary Revenue. —

Sir

With reference to the Extract from the Proceedings of the Board of Revenue under date the 14th Instant, I have the honor to inform you that the sum of Rupees 64-2- therein mentioned has been carried to account. The proclamation therein referred to appears to have been issued by my Predecessor at his own discretion to prevent the unauthorized cutting of timber on the Hills. It is however similar in principle to the late +order of the Board regarding rewards for frauds on the land Revenue, brought to light by informers

From the Ag. Collr. of Tinnevelly Submitting the explanation required by Government respecting the increase in the charges under the Head of Chank Fishery.

Sir,

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue under date the 10th Ultimo calling for the explanation required by Government respecting the increase in the charges under the Head of Chank Fishery and of any other of the heads of Small Farms and Licenses I have the honor to state that the sum of Rupees 10,413-13-3 incurred under the the Head of advance in Fusly 1256 on account of the Chank fishery conducted under Circar Management in that fusly having been adjusted only in Fusly 1257, was entered as a charge appertaining to the latter fusly, but as no similar adjustment took place in Fusly 1256 on account of any charge on this account in the previous fusly 1255, in which the Fishery was under rent, the amount in question appeared as an increase between Fusly 1256 and 1257 as shewn in Margin.

The charge incurred in exploring the pearl Banks off the Coast of this District, which is usually included under the Head of Small farms and Licenses, amounted in Fusly 1257 to Rupees 327-5-2 or Rupees 241-7-5 more than the amount expended on that account in Fusly 1256, which is owing to the Examination of the Pearl Banks having in Fusly 1257 continued for a longer period than in Fusly 1256.

Besides which this is an incidental charge.

There has been no charge in Fusly 1257, on account of any other item comprehended under the Heads of small farms and Licenses.

Requests sanction for the Sandalwood Establishment amounting to Rupees 744-"-" per Annum affords further information on the subject and encloses a Statement in connection therewith.

To
T. Pycroft Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 15th February last requiring further information with reference to the Estimate of Extra charges proposed to be incurred in this District for Fusly $\frac{1258}{1848/49}$.

2. Adverting to the item of Rupees 744 for the employment of Sibbendy I beg to observe that this Establishment has actually been kept and paid up to the past month and it is therefore necessary that the sanction of Government should be obtained for the above amount.

3. The Establishment is essentially required for the preservation of the sandalwood in the Jungle and for the preparation of the accounts connected therewith and it was so employed in Fusly 1257 altho' no Sandal wood was then ready to cut.

4. It appears that this charge is

not a novel one having been incurred annually and submitted for sanction included in the Statement of the Extra Revenue Establishment, and as the latter Sibbendy is now incorporated with the Land Revenue Establishment in the District a similar arrangement respecting that under reference would seem desirable as calculated to obviate much unnecessary correspondence.

5. With reference to the remarks of the Board regarding the rate of hire to wood Cutters I would explain that the usual rate of 2 Annas a Maund is only allowed in the Talooks of Dannickencottah and Andoor and the increased rate pointed out refers to the Neelgherries. where the Tahsildar states that it would be impossible to engage wood Cutters at the rates prevailing in the low Country and this Statement considering the high price of provisions and labour on the Hills does not admit of a doubt.- A Statement exhibiting the particulars in connexion with the items of charges for felling Sandalwood is forwarded herewith.-

6. The Board of Revenue are aware that the Sandalwood Forests in this District

are

are highly profitable to Government and that it is necessary that an Establishment should be kept up for working them.- the present Sibbendy[+] seems to be on a sufficiently moderate scale and I would therefore suggest with reference to para 4 of the Proceedings under reply that it be considered a standard one on which to regulate future disbursements. Every effort will be made to reduce it whenever found practicable without injuring the Public interests.-

Resolved

Proceedings thereon - 1.

Submitting letter from the Acting Principal Collector of Coimbatore requesting sanction for the Sandalwood Sibbendy for Fusly 1258 and affording further particulars respecting the charges for cutting and conveying the same recommending that sanction be granted for the employment of the Sibbendy and pointing out that the other charges have been already submitted in a separate communication.

48-49

Resolved that the letter above recorded be submitted for the orders of Government together with copy of the Board's Proceedings of the 15th February 1849.

2. In the Estimate of additional Establishment proposed to be employed in Fusly 1258 the Board omitted the proposed disbursement of Rupees 7.44 for the employment of Sibbendy for cutting and conveying Sandalwood as it had been understood that orders had been iſsued to the Tahsildars directing that no more Sandalwood should be cut and the circumstances was pointed out to the Sub Collector in the Boards' Proceedings of 15th February 1849 - In those Proceedings it was also thought neceſsary to call for further explanation respecting the proposed change for cutting and conveying Sandalwood entered in the Principal Collectors Estimate of Extra charges for Fusly 1258 -

3 In his reply to these Proceedings the Acting Principal Collector states that the Establishment of Sibbendy has been kept up and paid to the past month having been eſsentially required for the preservation

---

preservation of the Sandalwood Forests and for the preparation of the accounts connected therewith and that it was so employed in Fusly 1257 altho no Sandal wood was then ready to cut -

4. Under this explanation the Board beg to recommend that sanction be granted for the disbursement estimated for Fusly 1258 for the employment of 3 Gomastahs and 70 Peons at a Cost of Rupees 744 - " - " for the abovementioned purpose -

5. The Acting Principal Collector will be directed to include the actual expenditure as usual in detail in his Statement of actual charges on account of additional Establishment for Fusly 1258 -

6. The proposed change for Hire for cutting and conveying Sandal wood in Fusly 1258 has been recommended for sanction in the Boards' remarks on the Principal Collector's Estimate of Extra charges for that year under the further explanation afforded and the particulars shown in the Enclosure to the letter recorded at the head of these Proceedings. It will be suggested to the Acting Principal Collector to employ the Hill people in cutting the Sandalwood in the Neilgherry Talook if their services can be obtained at a lower rate than that paid for labour from the low country.

From the Ag. Pl. Collr. of Coimbatore

Affording the explanation called for by the Board's remarks of the 16th November last relative to the arrears due by Ryots in the advance made to them for Tobacco.

1. I have the honor to acknowledge the receipt of the remarks of the Board on the Statement of actual charges incurred under Estimate for the purchase of Tobacco in Fusly 1257 dated 16th November last.

G. O. 353 ORIGIN

2. Adverting to the discrepancy pointed out by the Board I beg leave to explain that the entry in the Statement of actual charges includes the collective amount of balances due by Ryots from Fusly 1237 to 1257 (20 years) minus the Sum payable to them, during the same period, in adjustment of the price of their Tobacco as noted in the margin whereas in the Memorandum annexed to the said Statement, the arrears of each Fusly year were exhibited, from which the Board have extracted the transactions of Fusly 1257 alone, without reference to the arrears &ca of previous years, and this will therefore account for the difference alluded to.

| Do. Do. for Fusly 1257 | 11276. 11. 6 |
| | 13232. 5. 8 |
| Deduct amount due to the Ryots | 3735. 6. 5 |
| Net amount due by Ryots | 9496. 15. 1 |

3. Of the arrears due by Ryots Viz. Rupees 1368-8-3 Rupees 679-13-1 were recovered in December 1848, leaving a balance of Rupees 688-11-2, a large portion of this (Rupees 675-11-11) is considered recoverable, and Rupees 12-15-3 irrecoverable. With reference to the length of time, during which this balance was allowed to remain uncollected, I am disposed to doubt the correctness of the

the above classification; and therefore, pending the recovery of Rupees 675-11-11, I would without any recommendation for the remission of the trifling amount of Rupees 12-15-3, in order that such amount, as remains uncollected may eventually be recommended to be written off.—

4. The Government have, on many occasions, deprecated the practice of allowing old balances to hang over the Ryots which besides being a means of extortion is very undesirable on many accounts- I shall therefore give my best attention to this subject, and dispose of these objectionable arrears at the earliest practicable period- A large portion of which is due by one Nursimmiah of notoriously litigious character

ORIGIN DESTROYED

5. Of Rupees 3,735-6-5 to be paid to Ryots for Tobacco purchased from them from Fuslies 1237 to 1256, Rupees 240-6-2 were disbursed in the past year, leaving 3,495-"-3, unadjusted, as shewn in the subjoined Statement. for the adjustment of which also, I shall take early measures. the amount unclaimed (Rupees 17-8-2) will be carried to the credit of Government under the head of Extra Revenue

Proceedings thereon.

(50-51)

The explanation contained in para 2 of the foregoing letter is Satisfactory.

The Board will be prepared to recommend the writing off in the public accounts of such sum on account of Tobacco advances as may be deemed irrecoverable on further enquiry and on the subject being brought before them as promised in Para 3.

The Board approve of the proposal contained in para 6 except that they would extend the period from 3 to 6 Months, and they consider the prevention of the practice of allowing such large sums to lie over unpaid for so many years to be very necessary.

Sir,

1. I have the honor to forward a Statement of the Proposals, received for the rent of the Abkarry Farms this District, for the ensuing Fusly 1259/1849-50

2. The offers now submitted amount to Rupees 73,306 exceeding the rental of the preceding year by Rupees 1429 - or 1.15-2 ⅌ Cent.

3. The usual arrangements are in progress respecting the Security and the amount of deposits, and I request the authority of the Board to enable me to make over the Farms to the Several Renters at the commencement of the ensuing Fusly, Viz. 12th July 1849.

4. The Abkarry Farms of the Neilgherries and Denaickencottah will be made over to Yousuff Sahib as directed in the Boards' Proceedings - no intimation having been given to Mr Joachim - the necessary and usual previous enquiry (as to Security, and Solvency) having alone been made in each case.

Proceedings thereon—Reporting on the Settlement of the District of Malabar for Fusly 1257.

Paras 2–3

Para 1. The rains of Fusly 1257/1847-48 though not abundant were generally seasonable

The rice crops yielded an average return while the garden produce rather exceeded that standard. The injury sustained in consequence of the Storm and inundation in April 1847 was in a great measure repaired, combined with these benefits the land holders obtained highly remunerating Prices for their produce.

Collector's report for Fusly 1256/1846-47 15th October 1847. Paras 4 & 5 In Cons. 25th Novr. 1847.

During the two previous years the prices of Grain ranged from 25 to 50 per Cent above the ordinary rates. For Cocoanuts and Kernels the two staple Garden products, the rates were from 50 to 100 per Cent above those quoted for Fusly 1255/1845-46.—During the Fusly under report Grain fell 5 per cent only while the rates for Garden Products exceeded the prices of the previous year by 5 per Cent.—

Settled on an inspection of the crops with other items which from their nature are necessarily included under this head.–

6– Besides remissions of former years brought to account the additions comprize as regards the Rice lands new lands cultivated, concealed cultivation, Government or Landlords rent on increased cultivation and difference of Settlement between the 2 years for lands settled on Share. In the Garden lands the increase is composed of new Gardens Rice land converted into Garden and other Minor items with the remissions of former years brought to account as in the case of Rice lands. As regards waste land cultivated on Cowle it is not clear whether this item Rupees 301–10–11 is the full assessment imposed on the expiry of the Cowle or only the Cowl Teerwah. The Cowle Statement transmitted with the present Report is still in the old form but the Collector promises to have it prepared from next

7. The Remissions granted in Fusly $\frac{1257}{1847-48}$ amount to Rupees 6,006–15–5 and consist of abatements in Rice lands 4,329–10–6 Do. in Garden Do. 1,677–4–11

Remission in Fusly 1257.

Statement No. 21.

| Remissions Fusly. | Rs. at |
|---|---|
| 1256. | 6,766–1–7 |
| 1257. | 6,006–15.5– |

With the exception of 14 Cawnies of land assessed at Rupees 49–4–1 required for the Calicut Canal the items are usual. In the case of Gardens, Remissions are given chiefly to meet losses arising from deterioration of the Gardens and destruction of Trees from Lightning and other causes and as regards Rice lands the bulk of the deductions are temporary and are for the most part contingent on Season.–

8– In the Talook of Cavary in the Sub Division the Remission was large amounting to Rupees 882–15–4 the necessity for this indulgence is ascribed by the Sub Collector to losses sustained from inundation in consequence of the Storm.–

Report of the Sub Collector Para 2.

9. The Total Land Revenue for the year under Report was Rupees 1,53,079–4–11 being Rupees 2,678–12–7 above the preceding year. The following Abstract Statement exhibits the particulars.–

Sir,

I In reply to an Extract from the

the Proceedings of the Board of Revenue dated 11th Instant I have the honor to observe that it strikes me it will be better to make use of Lieutenant Michael as a Witness, than an Extra Commissioner in determining the boundaries of Anamallies.

But I willingly defer to the Boards judgment.

Ordered that copy of the foregoing letter be communicated for the information of the Acting Principal Collector of Coimbatore with reference to his letter dated 26th May last.

In Cons 11th June 1848.

As Mr. Conolly is of opinion that it would be better to make use of Lieutenant Michael as a Witness than an Extra Commissioner in determining the boundaries of the Anamallies and as there appears to be no particular necessity for associating him with the Commission appointed in Extract Minutes Consultation dated 17th February last the Board of Revenue think

think it unnecessary to recommend to Government any alteration in the orders already passed upon the Subject. The Commissioners will communicate with Lieutenant Michael and avail themselves of any information which he may be able to furnish regarding the localities under enquiry.

Reporting with reference to the Boards Proceedings of the 4th Instant on an offer of Ar: Mottoo Veloo Chettiar a Merchant of Jaffna to sell his Country Tobacco at Cochin for 5 Years & pay the Government 25000 Rupees Annually.

To
T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir

I have the honor to acknowledge the receipt of the Boards Proceedings under date the 4th Instant, directing me to report on an offer of Ar: Mottoo Veloo Chettiar a Merchant of Jaffna, that "he may solely "carry and sell his Country Tobacco for five "Years in the Port of Cochin by receiving "from him at 25,000 Rupees per Year in "four instalments for every year."

ORIGINAL DESTROYED

2 The individual who makes the Tender does not mention the rate at which he

he proposes to sell the Tobacco The only manner in which he can expect to realize such an amount as will enable him to pay a premium of 25,000 Rupees per annum to the Government, and secure some profit to himself is by making far more extensive sales than are made at present and this can only be done by selling the Tobacco at a lower rate than it is now sold under the Government Monopoly. If this be allowed, it will be tantamount to establishing a Depot for smuggling to all the neighbourhood round. already the sales of the adjoining Talooks are much affected by the low rate prevailing in the Cochin Rajas District as explained in my letters of the 25th January last and 6 Instant.

| Fusly | Rupees |
|---|---|
| 1253 | 10,366 |
| 1254 | 12,562 |
| 1255 | 7,898 |
| 1256 | 11,039 |
| 1257 | 8,054 |
| 5 | 49,919 |
|  | 9,983 |

3 The offer of 25,000 Rupees per annum is about 15,000 Rupees more than the average Revenue derived from British Cochin for the last five Years, but the apparent profit would be absorbed in the loss that would inevitably occur in the Chowghaut &ca, to say nothing of the

injury that would be inflicted on the Cochin State—

4 It is doubtful whether the exclusive sale of Jaffna Tobacco would be liked by the Inhabitants of British Cochin generally Coimbatore Tobacco is preferred by many—

From Messrs. Parry & Co. 9th
in Cons: 9th July 1849.

Sir,

Referring to the Proceedings of this Office under date 28th Ultimo in which you were informed that the Board had arranged with Messrs. Parry & Co. in respect to the Security to be furnished on account of the Abkarry contract of your District for the next three Fuslies undertaken by Mr. N. Morrison, I am directed to inform you that Messrs. Parry & Co. in place of furnishing Security have proposed to deposit with you 30 Bank shares the value of which at par is Rupees 30000 but which now bear a premium to be available to the extent of two kists or Rupees 22,834 in case of any default upon the part of Mr. Morrison — The Board have assented to this proposal. these shares will be endorsed to the Collector of North Arcot for the time being or to his order — The first halves will be despatched to you by Messrs. Parry & Co.

by this evening's post. The remaining halves will be forwarded by the succeeding Tappal &c

Messrs Parry & Co are desirous of being allowed the option of withdrawing their shares at any time on their depositing other Securities to be approved of by the Board. To this there appears to be no objection. In passing your receipt to that Firm for the shares you will therefore be so good as to state in it, that the shares will be returned to the parties depositing them at any time on their substituting other securities which may be satisfactory to the Board of Revenue.
