Transmitting for report a letter from the Collector of Malabar forwarding an address from the Beebee of Cannanore soliciting a remission of half of her tribute for 16 years in consideration of the loss which she had experienced by the late Hurricane in 1846 in her Laccadive Islands

No. 173.

Extract from the Minutes of Consultation under Date 19th February 1849.

Read the following letter

To. Sir, H. C. Montgomery Bart.
Officiating Chief Secretary
to Government.
Public Department
Fort St. George

Sir,

I have the honor to forward an address from the Beebee of Cannanore soliciting a remission of half her tribute or 7,500 Rupees for 15 years in consideration of the loss which she has experienced by the Hurricane

Hurricane of 1847 in her Laccadive Islands I have thought it well to add a few notes made by Mr. Robinson whose local knowledge of the Laccadives renders his judgement more worthy of being brought prominently forward in a matter of this sort than my own.—

Calicut 3d February 1849.

/Signed/ H. V. Conolly
Collector.—

To. The Right Honorable Sir Henry Pottinger K.C.B.
President and Governor in Council
of Fort Saint George
Madras.

Her Highness the Beebee of Cannanore sends Greeting.—

Para. 1. Agreeably to Treaty entered into with the Honorable East India Company, Cannanore and the Dhive Islands were, on the accession of the British Government, retained in the hands of their former Proprietors, my Predecessors, for a stipulated sum, which, under certain modified arrangements, I continue to pay into the Government.

supplied to me by my Caristhan Coyah Cooly who accompanied that Gentleman in his tour through the Islands convince me of his indefatigable zeal in the cause of suffering humanity and the kind interest he took in introducing order and regularity where the utmost disorder and confusion must have prevailed.—

6. At the time of the hurricane and subsequently from its effects on the Androte and Calpany Islands, there were no less than 549 souls perished of men, women and Children. 744 habitations large and small destroyed 219748 Cocoanut trees uprooted or washed away and several large and small craft wrecked, foundered or lost, and I have been a loser amid the general loss, to the extent of 72.970 Cocoanut Trees yielding me a probable income of 5,500 Rupees annually beside the loss of reverne derivable from the Inhabitants averaging 7,500 Rupees annually and aggregating in both these ways an annual loss of 13,000 Rupees from both these Islands.

Islands only.—

Owing to the impoverished state of both these Islands, it was found indispensably necessary to keep only as many as could be there employed and after 1450 souls were provided for in this manner. 760 were sent to the agatty Cowarthy and Kadmaty Islands, where my own lands and trees were allotted to them at the recommendation of Mr. Robinson and I have, by this means, been deprived of a further income of 3000 Rupees annually derivable from these Islands.—

8. On looking over the accounts of supplies sent last year in grain, for the purposes of food and Cultivation, and cloth &c. for the use of the Inhabitants of the submerged Islands, I find that very little short of 7,000 Rupees have thus been laid out and this outlay will on the most moderate calculation have to be incurred for the next ten years without any expectation of the smallest return during the whole of that period.—

9. While lamenting over these losses and great outlay of money I have

Government Treasury

2. Your Honor in Council must be aware of the Hurricane which visited the Laccadives in Medom 1022/27th April 1847/ and no doubt have learnt from the local authorities of the Submersion of a great portion of two of the principal Islands Viz. the Androte and Calpany and of the disastrous results which attended that calamitous event, causing the destruction of life and property to a fearful extent.-

3. In bringing a summary of particulars to the notice of your Honor in Council, exhibiting the loss sustained by me, and before I solicit a remission of revenue to counterpoise such loss it behoves me first of all, to acknowledge my sense of gratitude to the Government for having through the means of the Collectors of Canara and Malabar sent timely and effectual aid to alleviate the sufferings and distress of the Islanders, without which many of them must have perished in addition to those that more immediately fell victims to the Catastrophe.-

I

4 I feel also called upon in an especial manner to thank the Govern-ment for having deputed Mr Robinson, the Head Assistant to the Collector of Malabar, personally to take a survey of the Islands, provided with abundant supplies of Grain &c. at the cost of Go-vernment which that Gentleman in a most judicious manner distribut-ed among the Islanders who were then undergoing the pangs of famine, by this means numbers who must otherwise have shared the inevitable fate that awaited them are now liv-ing monuments of the liberality and benevolence of the British Government.-

5. I cannot adequately express the high sense I entertain of the valu-able services rendered on the Islands by the Head Assistant Collector, whose Report of itself must, I fully believe supersede every other description that could possibly be given of his unwearied and elaborate exertions, as the accounts

supplied

have had to contend with considerable opposition on the part of the Inhabitants of the Agathy and Cavarathy Islands owing to the interference of certain of my enemies, aided by the Cherikul Rojah, who instigated some of the Inhabitants of the former Island to present an address to the Madras Government on the 27th January 1846, full of the most unfounded statements and in the hope of being supported in their improper proceedings they refused to bring their supplies of Coir &c. to me last year, but went instead to other ports and disposed of their produce, disregarding my proprietary right or authority in connection with those Islands, and I have by such conduct on their part been subjected to still farther loss, annoyance and trouble.-

10. According to the treaties finally entered into between the Honorable East India Company and my ancestors in 972 those 9,66,969 and others were cancelled Cannanore and the Dhive Islands were to be held in possession for a consideration of 15,000

Rupees

Rupees and 300 Candies of Coir at 60 Rupees and 200 Candies at 70. Rupees were to be given to the Government for 32,000 Rupees annually and of the remaining Coir produced by the Islands 500 Candies were sold to other Merchants at 100 Rupees a Candy more or less. and this family enjoyed an income of about a lac of Rupees to cover all expenses and maintain itself.

11. In consequence of the Government having annulled the compact thus entered into, the price of the Coir fell considerably and no more than 20 Rupees a Candy could be realized and I was put to great loss, having as formerly to pay the Islanders the regulated price and carry on my expenses on this reduced income, which I have done without any representation of the grievance and I have paid punctually the Revenue of Government for the last 25 years, although I had to contract large debts in consequence under such circumstances in consideration of the heavy losses and expense I

have

have suffered and have to sustain on account of the Shives, as explained in para 6 & 8. I feel confident your Excellency in Council will see the absolute necessity that exists for extending your protection and assistance to me and thus preventing my affairs being still more embarrassed I venture to solicit a remission of tribute equal to half the amount I pay to Government for 15 years successively, commencing from the year 1023 A.D. 1847- of the Malyalum era for which I shall ever feel greateful-

12. I beg with every consideration of respect to subscribe myself-

Memorandum

No 3 1849.

Remarks on the letter of the Beebee of Cannanore dated 12th January 1849-

Para 6. The numerical Statement of all losses will be found in my report-

J.S.B.

report under the heads of their respective Islands - In Kalpeny the loss of life during the Hurricane was terrific and the entire Island was desolated. 700 disabled trees only remaining out of upwards of a lack, while no house remained uninjured.-

In Androt the Casualties consequent on Starvation were numerous and most of the houses were damaged.- These are the properties of the people exclusively - some thousands of trees survived.-

The private loss of the Beebee is greatly exaggerated - The exact number of trees counted by me on land represented to be Pandarum or Beebees land is shewn in the report and falls numerically far short of the number here put down, while to the very best of my belief from the most Careful enquiries as well admissions of the Koriestans as the private enquiries among the people and information on which I feel the fullest reliance the income is at least trebled in this representation- Those trees the

numbering

numbering in both the Islands nearly 50,000 were planted out on the less productive and unoccupied soil on the outskirts chiefly of the native Cultivation, Ill attended to and cultivated and worse managed by their Servants the returns probably never exceeded 2000 Rupees every thing inclusive. The highest rates ever actually obtained were while the entire plantation were let out for a year or two about seven years ago. In Androt at 60 Candies of Coir per Annum and in Kalpeny about 45 or about 100 Candies of Coir which at 20 Rupees per Candy might yield 2,000 Rupees but it is certain that for years scarcely the half of this has been realized from these plantations.—

The income drawn from the people is on the Contrary greatly under stated but the average here struck of the two gives about the true revenue drawn from these two Islands

about the time of the Storm of which Androt yielded not less than Rupees 7,000-

It may however be safely assumed generally that in these two Islands the Beebee of Cannanore had temporarily lost one half of her former Revenues, derived whether from the Islanders the Source from which at least 9/10 was drawn or from private properties.

When I reached these Islands I found the population which these Islands supported while in full bearing in a state of destitution who from the comparatively slow growth of the Staple produce, the Cocoanut could not possibly find food for years to come on the Islands themselves. The gratuitous distribution of food had wrought a belief that the support of great bodies of destitute would be undertaken and they enabled to continue on their Islands for years. This could not be thought of and I requested the Kariestan of the Beebee

Beebee of Cannanore to give up all private properties on the remaining Islands Agathy and Kowraithy and the desert Island of Suhely with a view to locating them and placing them in a position to do for themselves in the main- To one of these Islands or to one of the Company's Islands / where also I at once appropriated all the Government properties to the use of these destitute people and located between one and two hundred, the step has since been approved of and a remission sanctioned in the account of the Island / Insisted on all who had no longer properties or were unable to do something for themselves in their desolate homes, going, and I then distributed to them the Beebees' trees according to the numbers of their respective families and requirements, stipulating that they should have free use of them for 3 years at least. The number of trees which I was thus enabled to distribute

distribute to each would by no means suffice alone for their support, but arrangements were made to afford immediate direct and till attention and care should bring the trees unproductive from their future of these into full bearing and giving a position in a flourishing Island enabled them to get work and at once removed the chance of starvation from mere physical impossibility of obtaining food. The numbers sent to the various Islands are mentioned in the report on the subject. To Suhely a desert Island on which the Beebee has some confiscated gardens, I sent a Colony of about 200 persons and from this establishment I anticipate the greatest permanent advantage to the Beebee of Cannanoor, converting as it does her desert and vermin over-run properties into an inhabited and thriving Island. No temporary loss even will accrue.—

The Beebees' properties in trees over which she has right unquestioned by the people in Agathy are

are very limited indeed and of little or no value- while in Kowrathy where they are also very limited & indifferent a few hundreds of Rupees would cover all the possible profits- In stating the annual profits at 3000 Rupees they are very greatly over rated and eventually the advantage must greatly preponderate over the temporary loss still the readiness with which the properties were relinquished entirely when Subjected to the high rent at first proposed, one that would have been wholly exorbitant, deserves every Consideration, the relinquishment enabled me to make arrangements on the spot which have proved effectual in relieving us from the direct weight of from 1000 to 1500 destitute persons- But I trust that if this be made the grounds of granting any remission of the Beeluees' Jumma, a provision will also be made for securing the untaxed enjoyment of these little properties, for not

not less than 5 years to those who have been placed on them.—

Para 8. Before a large remission is made on this score it is to be hoped the Government will secure to itself a proper supervision of such expenditures, as my own experience of the profession of the Beelee of Cannanore as compared with what is done, makes me in the last degree distrustful of them. There is but too much reason to fear that every disbursement will go to accumulate the amount of debt and ancient balances which is crushing every individual on these mismanaged Islands- The necessity for advances of this score will gradually decrease and probably be uncalled for by the circumstances, after 5 years- The eye of the local Officers should be kept on this matter—

Some remission in the Beelees Jumma for 10 years at least is urgently required, but it should in justice be accompanied with a thorough enquiry into ther

the whole Settlement and arrangement of many real hardships which those under her influence with equal justice Com = plain - If shunned now it will be forced forward again in another form. —

10 No treaty with the Beebee of Cannanore was ever entered into conferring or continuing the possession of the Laccadive to the Cannanore house a Jumma of 15,000 Rupees was fixed about 1795, of which 10,000 were to be continued for the Islands temporarily as being that fixed by the first commissioners in 1792 when they made their first quinquennial Settlement but in both Cases with the express and recorded proviso that the Company were to enter on the internal management of the Island at once; a step ordered by the Governor General and approved by the Court of Directors 27th July 1795 and which seems only to have fallen into abeyance in consequence of the

Political

Political difficulties in which the British possessions on this Coast were involved during the latter end of the 18th and beginning of this Century eventually to have been lost sight of. The entire record is appended to my report and renewed from Para 236 to 247.

11 The sudden decline in the Market value of Coir which took place from 1825 to 1830 must have greatly reduced the Beebee of Cannanore's Revenues although as much of the loss as possible has been shifted on the people a step which is now the real and in some measure the reasonable cause of the present distress and discontent prevailing throughout. The whole matter absolutely requiries and claims attention and readjustment as well between the Beebee of Cannanore and the Government as between the Beebee of Cannanore and the

people

people.—

of the Board's present Proceedings are partly
†Rs 89,552-6-2 those prior to Fusly 1251 which under the orders
of Government under date 11th February 1845
were left for further Consideration and partly
Rs 14,545-11-8- those which have since accrued from Fusles
1252 to 1255 still outstanding at the close of
Fusly 1257-

2 Of the balances prior to Fusly 1251 Rupees
69,589-4-3 come under the head of Rent
and Amany-

Rs 4175-4-6. Rupees 4,990-0-9 have been collected and
16-3-6. Rupees 1724-5-0 are yet capable of realization-
7-8-9- Rupees 6447-3-2 the assessment of Inuste Lands.
4,199-0-9 it is proposed still to leave for adjustment
when the settlement of the boundary disputes
on the borders of the Travancore Territory shall
be effected- Deducting these sums amounting
to Rs 12,370-8-11 the total rent and Amany
Balance up to Fusly 1251- there remain Rupees
57,218-11-4- which the Board recommend should
be written off-

1st Rupees 8,936-3-7- Classed by the Collector in his report
of 25th May 1844 as recoverable- which it is now
stated by the Board cannot be realized without
resort to coercive measures-

2nd Rupees 621-1-10- the assessment of land given in exchange for

for an equal quantity held by grant taken
for the formation of a Road-

3d Rupees 44,594-7-9 The assessment of land on 40 Villages—
the right to which is at issue between the
Government and the Zemmindars-

4th Rupees 3066-14-2 Due on account of waste land held
under Zabitah Cowle-

3. For the reasons stated by the
Board of Revenue the Right Honorable
the Governor in Council sanctions the writing
off in the accounts of the Collector of Tinne-
velly the entire sum contained in the three
first heads amounting to Rupees 54,157-13-2
together with the balance on account of Zabitah
Cowle Lands for Fusles 1243 to 1246- amounting
to Rupees †809-1-9- together Rupees 54,960-14-11.
but he thinks some explanation is required
regarding the large balance outstanding under
this last head for Fusly 1248. The demand
for that year was 3,839-14-6 of which only
Rupees 1582-2-1- were collected leaving Rupees
2,257-12-5 more than half the demand uncollected
The Governor in Council fully approves of the
observations of the Board on the Acting Collector's
remarks on the subject of realizing the demand
on lands held on temporary Cowle-

From the Acting Collector of Bellary – – – – } I have the honor to report for the consideration and orders of the Board the claim of a widow of a deceased Bramin (who died on the 29th September 1847) for herself and 2 other females, on failure of Male heir to a portion of a Shrotriem Village and certain Batavurtee Enams, in accordance with the Board's reply to my 4th Query circulated in their Proceedings of the 21st December last.

Reporting for the consideration and Orders of the Board the claim of a widow of a deceased Bramin for herself and two other females on failure of Male heir to a portion of a Shrotriem Village and certain Bhutmurtee Enams.

2. I beg to forward 3 Statements, Report* in the Board's Tabular form, a Statement* of the Batavurtee Enam enjoyed by the Shrotriemdar, a Genealogical Table, and to state that the deceased by name Appah Bhuttu enjoyed a portion (3/5ths) of the Shrotriem Village Canagana-coolapully, the aggregate income of which for the last 5 years, the amount which fell to the share of Government Viz 2/5ths and the portion realized by the Enamdar himself are hereunder specified.

possessed any other means of Subsistence.

Soobbummah ⊗ 3. The widow of the late incumbent Appah Bhuttar appeared before the Tahsildar of Codeecondah and preferred her claim by stating that she has no issue nor male supporters and begs therefore that she, her aged Mother-in-law and a third person / a widowed sister of the deceased who is depending on her alone for support / may be allowed to inherit the property in question, producing at the same time, the undermentioned 3 Documents in support of the Village, herewith forwarded with an English Translation.

No. 1. In the Sunnud granted by Seva Rambavah Ghorepaday in the name of Hanoomunta Row Ghorepady & Casavagherry Bawah (on the 16th Day of Ramzan of Sabine Meah Aluff or in the Pooshya Month of the year Verothan* corresponding to A. D. 1769 / it is declared that the Village of Canagamacoolapully should be continued in the name of Appah Bhuttar as Surva Enam.

Jaheed

No. 2. Sa'reed written with reference to the above summud by Varaconunta Row Ghorepadey and Casavagherry Bavah bearing the same date, in the name of Culloocoonta Seenapah.

No. 3 Sa'reed written by Vencajee Ramjee in the name of Streenevasa Row Bhagavunt & Culloo Coontah (on the 16th Day of Samadesance of Sabine Moah Aluff or in the Bhadrapada Month of the year Kharah, corresponding to A. D 1771) From the purport of these Documents it may be presumed that the village in question was possessed during the Native Government as Surva Enam and as such converted into Shrotriem after the commencement of our administration in this Country. By the Genealogical Table the deceased stands in the relationship as the Grandson of the original Grantee

4. With regard to the Enams in the 3 different Villages before specified, the present claimant (the widow of the deceased) holds no Summuds, but in the Pymash and Tarwar accounts the Enams in two Villages are entered in the name of Appah Bhuttoo, whereas for the 3rd, his son Venatabhuttoo's name appears. She former appears to be the Person referred to in the Summud for the Shrotriem Village and the latter being his (Appah Bhuttoo's) son, is the father of the deceased.

5. The 5 Cousins of the deceased referred to in the 2nd Para of this letter, who are alive, have given a written statement allowing enjoyment of

of the portion lately possessed by the deceased, to Soobbummah the wife, and Seetummah the Mother of the deceased, and specifying that after their death the portion falls to them (the 5 Cousins) consequently they are not entitled at present to that part of the Shrotriem. They are also Members of a divided family.

Under these circumstances,

6. I beg to recommend that the portions of the Shrotriem and Enams claimed be continued to the present widows, on the score of long and uninterrupted enjoyment by the heirs of the Family for a period of 79 years.

Assistant Collector

The

Proceedings thereon. 1 The Acting Collector is requested to ascertain as far as practicable and inform the Board who was the party Seva Ram Row &c. Ghorepady by whom the Sunnud No. 1 was issued, what situation he is supposed to have filled, and what authority he could have had to make such grants. The Board wish for information also respecting the persons Banoommuta Row &c. Ghorepaday and Canavagherry to whom the sunnud was addressed - and regarding Bavalo Saib mentioned in the Takeed No. 2 and how the Shotrieno can be said to have been &c. Sunnud it is stated to have been conferred by Seva Ram Row Ghorepaday. It should likewise be explained who is the party &c. Vencajee Ramjee by whom the Takeed No. 3 was issued.

26-27.

2. In Para 5 it is stated that the five cousins of the deceased have consented to the lands enjoyed by him, being continued to his widow and mother during their lives. It seems however from the Genealogical table that the deceased left a brother Narasummah and it should be explained whether this individual acquiesces in the arrangement and whether he and his late brother are divided or undivided.

From the Acting Collector of Bellary - Forwarding for sanction offers for the rent of the Adhoney revenue for Fusly 1259 in the Bellary District.

Sir,

The Rents of the Adhoney Revenues of this District for Fusly 1259 having been sold by Public auction to the highest bidders in my Honorable Cutchery at Bellary on the 5th Instant, I have the honor to forward a statement of the offers accepted amounting to Rupees 315515 being Rupees 1265 a trifle below the Bariz of Fusly 1258. The increase however is Rupees 50380 &c. above the average of the past 10 years -

2 The offers for the 8 Talooks noted in the Margin fell Considerably below the Rents of last year Viz. Rupees 13725. Considerable loss was experienced last year in some of these Talooks which occasioned the decrease in the present year. But the Revenue has been made up from the increase of 124 Rupees principally in the four Western Talooks in which a Considerable profit was supposed to have been realized and Consequently brought forth fresh &c. Competitors

Competitors for them -

3 The Renter of the 4 Western Talooks of Kumpty, Hursonhully, Hadleghee and Hoonin-hadagaly has caused to be deposited on his behalf 2 Government Promissory Notes for C. Rupees 5,000 in lieu of Ready Money Deposit of one Kist, and has named Mooneapillay of Bellary as security for 3 Kists, and the Renter of Adonie has done the same for C. Rupees 5,000 and offered Mooneapillay as surety for 3 Kists. Mr. Abraham the Renter of Bellary Talook has likewise deposited a Government Security for C. Rupees 5,000 as a deposit for 2 Kists. The Contractors of nine Talooks have paid one months Kist in ready Cash and found satisfactory security for 3 Kists. The Contractors of the two Remaining Talooks have paid their deposits as follows -

Codecondah	In ready Cash	180-15-8	
	In Jewels	581-11--	
			762-10-8
Madagascrah -	In ready Cash	570-13-4

will confirm the rents. The Renters will be in anticipation of the Board's sanction be put in possession of their respective Farms from the Commencement of the Fusly -

5 Referring to the correspondence now passing in regard to certain Villages in the vicinity of Bellary which the Brigadier Commanding Bellary proposed should be transferred from the Ceiul to the Military Allarry Farm, I have the honor to inform the Board that I will reply to their Proceedings dated 18th Cuttims as soon as I receive certain information from Brigadier Doveton. In the mean while I have made agreements with Mr. Abraham the Renter of the Bellary Talook for discontinuing the sale of Arrack in any of the Villages mentioned in my letter of the 15th May last after receiving due notice that he will be required to do so at any time during the ensuing rents.

From the Collector of Cuddapah - Affording explanation in regard to the deficiency of Rupees 124,258-12-7 in the Collections of the Land Revenue in comparison with the corresponding period of the past year with reference to the Demand Collection and Balance Statement from this District for March 1849 as required in the letter dated 21st May last -

Sir

Fort St. George -

I have the honor to reply to your letter of the 21st May last requiring an explanation of the cause of the deficiency of Rupees 124,258-12-7 in the Collections of the land Revenue in Comparison with the Corresponding period of the past year with reference to the Demand Collection and Balance Statement from this District for March -

2 The decrease in question is to be ascribed to the season being somewhat unfavorable. The Cartee Kumb or 1st wet Crops were not during the Current Fusly Cultivated to the same extent owing to the indifferent supply generally of seasonable rain and a great portion of

of wet land throughout the District usually Cultivated during the Vysakum season was also left uncultivated the N E. Monsoon having been by no means plentiful and having failed to a greater extent in the Talooks of Goorrumconda & Muddenpilly, Poolenendlah and Chitnaik-=pilly,

3. The decrease in the Revenue which has in Consequence resulted in Comparison with the past year has occasioned a Corresponding decrease in the actual Collections. The virulence with which the Cholera is at present raging in some parts of the District and the fearful ravages it has already Committed will it is to be expected cause a Balance larger than usual to remain outstanding at the close of the Fusly. In several Villages of the Talooks of Canalapoor Sidhout, Chitnaik and Poolenendlah the Inhabitants panic Stricken have temporarily deserted their Villages.

5 The outturn of the current Fusly about to close it is estimated will shew a decrease in the Land Revenue as Compared with the past Fusly of about Rupees 1[illegible]

6 The Talooks of Royachoty is the only

only one the settlement of which has not been concluded and in this Talook a decrease of about Rupees 24,000 — — is anticipated —

Proceedings thereon — The Collector ascribes the falling off in the Collections to the unfavorable character of the season and to a consequent diminution in the Cultivation — This explanation would have been more complete, if it had been supported by a Comparative Abstract Statement of the Cultivation such as that Required by the Board's Circular of the 29th March last, to be inserted in the Demand Collection and Balance Sheets — This information which is given in the Monthly Returns from almost all the other Districts is omitted in those from Cuddapah — The Collector will therefore be so good as to supply it in the prescribed form in his future Demand Collection and Balance Statement

From the Agent to the Govr Sirs
at Kurnool — — —

Furnishing information on certain points referred to in Paras 1-2-5 and 11 of the Board's Proceedings dated 11th June 1849 —

Adverting to the Board's proceedings dated 11th Instant communicating to me certain observations in regard to the Land Revenue Settlement of the Kurnool District for Fusly 1257 —

2. I have the honor to submit that no omission has occurred on my part relative to the despatch to your Board of the Monthly Price Currents which were ordered to be supplied in the proceedings noted marginally — On reference to my records, I find that your Board's instructions in this respect were at once acted on and that the Price Currents have been sent with the Demand Collection and Balance Statements up to the latest date — Possibly the fact which I now notice of their not being

28 March 1848 para 8

being accompanied by Price Currents in Mahratta may have created some difficulty in tracing them, and I propose therefore unless otherwise instructed hencefoward to send Mahratta Price Currents with the English ones—

3. With reference to the closing part of para 1 of the Boards proceedings I beg permission to explain that the transfer to the Paumem Taluk of a village from the Nundial division was an arrangement directed but not carried into effect by my predecessor in Fusly 1256—

Date of Order 1st May 1849.

4 Regarding the remission of Rupees 30¼ to the Curnam of Chinta Commadinny in respect of which the Board desire to receive some further information before they solicit the sanction of Government to restore to the individual inquestion his Enam lands erroneously included in the Aim I beg to state that I have fully satisfied myself of the correctness of the

the grounds on which has been founded the request contained in para 15 of my Summabundy report—

5. This Curnum whose name is Paupaya is in the Possession of the two Villages Chinta Commadinny and Chinna Bojanum. In the latter the Accounts show that he has now no enam lands whatever those which he had enjoyed hereditarily having been sequestrated by Mr. Commissioner Blane in Fusly 1250 a short time after the resumption of this province, and with the exception of his proper share of the Curneekum Enams in Chinta Commadinny Paupaya has no other Official source of emolument Mr. Blane's order appears to have resulted from the representation of Paupayas brother Curnums that his Enams were "Ghair Dakul" or not included in the Land Register framed about 15 Years back by the servants of the late Nawab Paupaya who has acquired some

some notoriety in this Presidency by exhibiting himself apparently seated in the air was not present at the Jummabundy of his Village in Fusly 1250 but returned shortly after it, and he would seem then to have satisfied Mr. Blane that although Ghair Dakul yet, that his Enams had long been lawfully in his enjoyment I venture this assertion because the memoranda of the Settlement exhibit an entry in the hand writing of the Principal revenue Officer in attendance on Mr. Blane at the time to the effect that a remission is to be made to Paupaya of the difference between the Ain assessment to which his Enams had been subjected and the permanent Jodkee which they had previously borne. From that time forward this remission has been continued to Paupaya Messrs Bayley and Scott having specially noted it as allowed in their Summabundy notes for Fusties 1252-53-54 In the settlement conducted by Mr. Blane, it

	Rs a P
Ain Assessment	66 4 0
Former Jodhee	36 0 0
Difference remitted	30 4 0

was placed under the head of arrears in later settlements it has been brought to account under that of Teerwa Commee.— Either mode of entry is apparently open to objection under the circumstances attending the remission and it was therefore with a view to remove the difficulty of adjustment as a mere matter of account that I permitted myself to make the proposition under notice.—

Mayor Streena. Vasa Row.

6. In explanation of the fact that in Fusly 1250 Paupaya's Enams were found to be Ghair Dakul I have to add that the Serishtadar of the late Nawab who is now attached to the Kurnool Cutcherry informs me he retains an indistinct recollection of Paupaya having on account of some scrape into which he had fallen absented himself from Kurnool when the Zameen Jhada or land Register of Chinna Bojanum was prepared a circumstance quite sufficient

according

according to the system of registration observed by the Nawabs servants to cause the inclusion of Pauipayas Enams in the Ghair Dakul class even if they could have been supported by him if present with formal Summuds or equally good documentary proof of any other kind.—

7. In amendment of the State- Dated 10th October 1843. ment in para 15 of my Summabundy Report I beg to add that the remission of 30¼ Rupees to Pauipaya was allowed to him by Mr. Commissioner Bayley at the Settlement of Fusly 1252 but that its entry in the Accounts from that date to the present time as a Teerwah Cummee item is consequent on some arrangement by the Serishta department the origin of which I am quite unable to discover. Possibly the adoption of this mode of entry is the reason by your Board have failed in tracing the

remission

remission in the Accounts of intermediate years.—

Para 5 8. Referring to the Boards observations in respect of the levy of a direct tax on Enams Cultivated with Sugar Cane I have to explain that the Rs. 64-9 sum disbursed to Enamdars under that head is consequent on the practice of the Country which goes to prohibit Enamdars from themselves growing Sugar Cane on the limited portion of Enam land in Rurnool suited to that description of produce. Enamdars are permitted to raise the usual first crop in such fields but in the event of the Season being favorable for a second one of Sugar the land is made over for that purpose to a Government Ryot and a portion of the assessment thus realised is paid as compensation to the party who holds the grounds as Enam-

Para 11 9. Adverting to the Boards observations respecting the change made in

the

the Kistbundy Settlement by advancing the period for realizing the first Kist from December to November. I have to express regret that it should not have occurred to me to solicit authority from your Board before adopting that measure. I beg however to explain that the step was not taken by me without the fullest consideration and most patient enquiry as from several of the Amildars whowere of opinion with the two Head Revenue Servants and the Sarishtadars of the late Nawab that no evil would result from the change. I ascertained in fact that there would in reality be no change that it would be a distinction without a difference as the Amildars here have been in the habit with a view to secure the collections in their respective charges of realising the first Kist considerably before it became due according to the Official Kistwar Statement. The

practice

practice seems to have originated with the late Tatar rulers who fixed the Kists with reference to the Teloogoo Months from November to April and although under the more formal arrangements introduced in assimilation with those of Cuddapah the dates of payment were deferred no real change ever took place in the Talooks where Kists were expected, demanded and paid as they had been previous to the resumption of the province. The records of my Office show that applications have been received from Amildars, requesting instructions whether to remit to the Hoozoor Treasury or retain in their own, money realized in anticipation of the Kist Officially laid down and that they have been directed to send it to Kurnool. The cultivation season in this District owing to the influence of the Nulla mulla and yerra mulla ranges of Hills is I have reason to believe somewhat in advance of that in Cuddapah and Bellary and as no single complaint in regard

to

to the earlier realization of the Govern-
-ment dues has yet reached me I am
sanguine under all the circumstances which
I found to bear on the subject not only
that the arrangement made will not be
followed by any objectionable results, as
but that the revenue will be brought to
account with equal regularity and no more
hardship to the Ryots than was felt
by them before the change. If however
I shall failed in explaining to the satisfaction
of your Board the reasons which induced
the modification in question it will afford
me the highest gratification to act as
upon their greater experience and judgment
and immediately to revert to the system
previously in force.—

Kurnool Agents' Office 30th June 1849.

Agent to the Governor

Proceedings thereon— Ordered that copy of the
foregoing letter be laid before Govern-
-ment with reference to Extract Minutes
of

34 - 35

of Consultation 16th July 1849.

2. The communication under
transmission does not appear to call
for much remark. The explanation
furnished in paras 2 and 3 is satisfactory
but the Agent will be requested to send
up to the Board Price Currents in
Maratta as well as in English as is
usual in other Districts.—

Paras 4, 5, 6 & 7.

3 Under the further information
afforded by Mr. Phillips in respect
to the Enam belonging to the Curnum
Paupaya in the Village of Chinta
Commadinny, the Board beg to solicit
authority for the land in question
Valued at 66¼ Rupees being entered
in the Public Accounts as Curnum Ena
-matee liable to a Sodi of Rupees 36 - - -

4. The practice described by
the Agent in para 8 as being followed
in Kurnool in respect to the Cultiva
-tion of Sugar Cane in the very limited
portion of Enam land suited to that
description

Note Cultivation in Fasly 1257. Sum-
-mabundy State-
-ment No 9 Acres 10¾

description of produce seems to the Board to be objectionable as likely to lead to vexatious interference with the Enamdars. They will direct the agent unless aware of any valid reason to the contrary to discontinue the custom and allow the holders of Enam land themselves to raise Sugar cane thereon on payment of the usual "Fusl Jastee".

5 The concluding para of Mr. Phillips' letter relates to the alteration made by him in the Kistbundee of the District. On this question, the Government have already expressed their opinion. It seems however from the explanation now furnished by the Agent that the charge was rather apparent than real.—

From the Collector of Trichinopoly - -

In reply to your letter of the 19th. april last I have the honor to state that on my coming to this Taluk to make the Jammalundy I summoned the parties connected with his complaint- Both appoo Nynaru's witnesses and the Karnums of the two villagers of Manoor and Mootanum denied before me all knowledge of the irregularities imputed to the Peshkar, and appoo Nynaru himself admitted that his charges are unfounded and false- In explanation of his conduct he stated that the Peshkar had struck or ill used his father, an which subject however no Complaint has been

From the Collector of Madura - - - } With reference to Para 2 of an Extract from the Proceedings of the Board of Revenue dated 3d. Instant,

Forwarding a Statement shewing the Dawbastanum Funds in Deposit up to 30th. April last & translate of an urzee from the Mahomedan Inhabitants of the Queen=atchee Pagoda Requesting payment of 1800 Rupees for performance of the Tusta=kundanum and Jumbeelum=dannum Cere=monies -

I have the honor to forward a State=ment, shewing the Amount of Dawa:=bastanum Funds in deposit, on the 30th. April last, over and above the sums entered in the Statement furnished to the Accountant General on the 25th. April 1846. A Considerable Increase will be observed above the sum stated in my letter of the 24th. Ultimo, which was taken from an account prepared up to the 28th. February -

2 In some cases the sum of 20,000 Rupees set aside for Roads &ca. has been encroached upon, owing to a deficiency in the Subs=equent Collections to meet the

Fort St. George 23d. July 1849

the sanctioned Charges of the particu:
=lar Battlay, and should the Board decide
to appropriate the subsequent accumula:
=tion to works of Public utility I would
suggest that a sum of at least 3,000 Rupees
should be left to meet such deficiencies.

3. The Manager of the "
Allagherry Danastanum is anxi:
=ous for a road to the Temple on
the Allagherry Hills - A Chattram
is urgently required at Dindigul,
and the Roads in the Town of Ma:
=dura, which are of great extent,
very much require Granelling as
the natural Soil is very loose.
The drainage of the Town also is
still incomplete. There are many
objects of public utility, therefore,
on which the money may be exp:
=ended - One in particular now
occurs to me viz. the Connexion
of Arpacottah with the new Cotton
Road running through the "
Tinnivelly District.

D.G.

On

Fort St. George 23d. July 1849.

4. On the other hand
the Stanikals of the Madura
Pagoda are very anxious for some
propitiatory Ceremonies as will
be seen from the accompany:
=ing urzee from the Manager
of the Meenatchee Pagoda at
Madura applying for 15,000 Rs.
for the performance of Jadee=
=bundanum and Ustabanda=
=num or fixing Idols of Metal
and Stone respectively on
their stands. I am not aware
that these Ceremonies are "
peculiarly called for at
this time and on their
general utility it is unnecess:
=ary to remark. Similar
disbursements were sanctio=
=ned on the dates noted in
the Margin.

From B. of 4th May 1813.

No. 2.

Translate of an urzee from the Devastanum Manager of Madura to the address of the Collector, Dated 17th March 1849.—

In consequence of the length of time which has elapsed since the performance of the cere=
=monies of astabundanum and Jadee=
=bundanum to Meenatcheesondarais=
=weral during the time of the Circar Superintendence, they are again required. The Stanee Kaulu and others represent that the 2 Cere=
=monies in question should be celebrated separately. In which case, the expense will amount to Rupees 25000 but I propose making the 2 Ceremonies jointly, with a view of reducing the ex=
=pense which, in such case, would still amount to 15000 Rupees—whether the Stanee kaulu went and begged the pecuniary assistance from Respectable

Fort St. George 23d July 1849.

Respectable Native Gentlemen in the performance of the above cere=
=monies, they say that the Devasta=
=num being a large one, it must leave a considerable sum of savings of its allowances retained in the deposit of the Collectors' Treasury, that if the just Circar be reques=
=ed on the subject, they will them=
=selves celebrate the same from the means referred to above, and that they are sorry to see the Stanee=
=kaulu thus come out to beg neglect=
=ing what they ought to have done with success. Whilst it is just and proper that the Devastanum fund should be applied to the Pagada purposes, the appropriation of the same, on the contrary, for the use of Native education and repairs of Road, leaving the important ceremo=
=nies in question unprovided for, is not only inconsistent with justice but a cause

cause of sorrow to the people in general.
As it is very indispensably necessary
that the above ceremonies should
now be performed, I request you will
be pleased to obtain sanction from
the Board of Revenue for payment
of Rupees 15,000 from the fund
held in deposit lately.—

is to be remarked, that the sum ordered in Extract Minutes Consultation 11th. July 1846 to be so applied in Madura was not absolutely 20,000 Rupees but is a sum "not exceeding Rupees 20,000". It is further to be observed that in the same Extract Minutes Consultation Government directed that the Board should be careful to ascertain that the sums ordered to be expended, as given in the Accountant General's Statement of 11th June 1846 were available. It would seem that in the case of the Madura District the full amount of Rupees 20,000 was not really available. The expenditure of some of the Pagodas as it has since proved was underestimated by Rupees 764-11-. It seems therefore proper that the amount to be reserved for Public Works in Madura should be adjusted accordingly. Indeed it could not now be made up to the full sum of 20,000 Rupees except by appropriating part of the funds which have accrued

From the Collr. of Madura .... } Sir,

Requesting instructions on certain points regarding Extra Tent allowance—

With reference to the Rules for Tent allowance, under date 20th March 1849 I have the honor to request information whether Extra Tent allowance is admissable for the time during which the Public Officer is put to expense in the conveyance of Tents, as well as during their occupation by his Cutcherry or only during the latter period.—

2. To illustrate my meaning I beg to put the case which has just now occurred to myself. I was engaged till Friday morning of last week at Thiroomungalom, and had occasion to proceed with as little

delay

however, that the period for which extra tentage may thus be drawn, does not exceed that which would have been occupied by the Officer had he marched by regular stages, the distance which he may have traversed in Palamcottah or otherwise from the day of his leaving his tents to that of his rejoining them.

2. The Board likewise consider that under similar limitations, the Collector and his Assistants are entitled to draw extra Tent allowance for their visits to Poodoocottah.

Sir,

From the Collector of Coimbatore - Acting Principal } Para 1.

Requests the opinions and orders of the Board regarding the grant of lands to several applicants, and the dispute on the water, forwards a notice issued regarding water on the Hills, & suggests that the Channel be kept at the Government expense, that the distribution be regulated and apportioned by a Committee.-

During my present tour on the Neilgherry Hills, for the Summabundy of that portion of the District arranging for the land required for the European Barracks, the Public Garden &c., and to attempt a settlement of the endless and harrassing contentions about land and water, at Ootacamund and elsewhere, several points attracted my attention, as requiring early decision and on these I beg the Board's early opinion and orders.

2. On joining Coimbatore I find on the records several applications for Grants for land and Houses uncomplied with the answer to all having been "the Government forbid Grants being given till the Hill Survey is completed". This Survey has now occupied 5 years and may last many more. One applicant remarks, and I think justly, "that the survey of Ootacamund

"Ootacamund itself being complete all Grand
"asked there may be complied with," and
this, as the only means of putting an end
to the numerous discussions about the
Boundaries &c— I would beg to recommend:

3. I would also strongly sup-
port a suggestion, made by the present Com-
manding Officer, and formerly, that all
parties should be obliged to make and
keep up well defined Boundaries of
their lands, to be inspected yearly by
the Revenue Authorities on the spot and
their preservation enforced.

4. Another and still more
difficult question, causing more contention
and discussion than any on the Hills is
the appropriation and division of the water
springs. Some Houses and Lands have ob-
more than they want. Some much less. others
none at all. the latter parties of Course
complain. with a little management, and
a fairer division, I believe nearly all
might be supplied, not only the private
Houses and Gardens, but the Bazar and native
population of Ootacamund. the early residents
originally

originally cut channels and diverted the
springs to their grounds as they pleased, and
claim them as private property. others in
the neighbourhood complain. and instances
have occurred of parties enclosing and claim-
ing a small insolated spot, on the line
of channel higher up, with a view of cut-
ting off the supply from those below.

5. The only practicable way
of settling these differences, and I have
consulted with the Civil Engineer, the
Officer Commanding, the Officer of the Sur-
vey, and others whose judgement was de-
sirable, is to take the spring Heads and
Channels under Government Control, and
regulate their distribution on some fair
and general system, with a view to divide
as far as practicable this great desideratum
of water, to the greatest possible number. the
water springs are undoubtedly as much the
property and public right of Government as the
lands, or the woods — and are a more fertile
subject of dispute.

6. I would propose that
each

Fort St. George 23rd July 1849

each House or Garden supplied, pay a cess water rate as in England, that the Channels be kept up at Government expense / it will be very slight / and that the distribution be regulated and apportioned by a Committee, to consist of the Civil Engineer, the Survey Engineer, the Officer Commanding and if the Board think proper the Collector, or any other Residents on the Hills; or the present Gardeners Committee, appointed by Government; where water has been long appropriated, and used, and expense incurred by the parties to bring it down / though an unauthorized appropriation of springs, in some cases miles distant from private Boundaries /, I would give the water rate free for a series of years, or at ½ rate. If even this arrangement might not be palatable to all parties, but I can think of no other as fair, reasonable or practicable, and that some arrangement is desirable becomes daily more obvious, as the Hills become more and more

frequented,

† with permission to depute one of my Assistants who is unable to attend myself

Fort St. George 23rd July 1849.

frequented; and water in request. In 1835 some † control was maintained over the water Courses and springs in Ootacamund. but it since seems to have fallen entirely into abeyance, and parties cut Channels, and divert water, as suits their own individual convenience, without much considering their neighbours.

It will also be extremely desirable that the woods, especially about the spring Heads, be strictly preserved.

8. In one instance alone, of a new water Channel, amply sufficient for both parties, the dispute and Correspondence extends to 23 letters, of many pages each, on the Records of my Cutcherry; a waste of public time and writing, on a trifling private dispute, which the arrangement above suggested, would at once obviate. I mention this one case as an example among many.

9. There is little doubt that the present water Courses on the Hills, now privately appropriated, would, under proper direction and authority, amply supply more than twice the Houses and Gardens now benefitted. Among others, the

† See letter from Colonel Crewe to the Principal Collector of Coimbatore 7th November 1835

Fort St. George 23d July 1849

the Public Horticultural Gardens suffer much from an improper distribution and scanty supply.

10. Without involving any expense to Government the water rate will more than pay the small Establishment, 2 Peons, necessary to watch the Channels and to effect the occasional repairs required. To prevent further and fresh disputes, till I receive the Board's Orders on this subject, I beg to enclose † a copy of a notice I have for the present circulated, for the Board's information.

11. Some such Rules I see are referred to in Captain Ouchterlony's Survey Report, as existing in the "Deras Doon," in Bengal - but as I have no means of learning the nature of the Rules alluded to, I am unable to say if they are applicable to these Hills. I would beg a copy of them for reference.

To the Chief Secy to Government
Submitting letter from the Actg Principal Collector of Coimbatore requesting instructions upon certain points connected with the Neilgherry Hills and conveying the Board's sentiments on the subject

Read Cons 26th July 1849

Sir

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying letter from the Acting Principal Collector of Coimbatore dated 22d May last, bringing to notice and requesting instructions upon certain points connected with the Neilgherry Hills.-

2. With respect to the first subject adverted to by Mr. Thomas, Viz. the many applications for grants for lands and Houses uncomplied with, the Board may remark, that as regards land not yet occupied or given upon grant, the mode of disposing of any application which may have been or may hereafter be made, for such land has been laid down in the Manual of Instructions submitted to Government upon the 22d January 1849, and with which the Acting Principal Collector has been furnished, Viz. that such lands are to be put up to public competition at

at an upset price, and the party to whom they may be knocked down is to hold them on lease - The Board have applied to the Honorable Company's Solicitor for the requisite form of lease, but it has not yet been furnished to them - If however, Mr. Thomas' inquiry relates to lands which are now in actual occupation or upon which houses may have been built, but for which no grants have yet been issued, there seems no reason why grants or leases for such properties should not be taken out at once and the acting Principal Collector will be directed to adopt measures according ly - For such holdings it will perhaps be preferable to issue leases rather than grant the lease to be in the form prepared by the Company's Solicitor with any modifications which may be called for

3 - In respect to the next point noticed by Mr. Thomas, Viz: that of requiring parties to make and keep up well defined boundaries of

of their respective holdings, it is to be observed, that a stipulation to that effect will be introduced in the form of lease which is to be employed in the case of all future grants of land - It should also be entered in all leases or grants which are to be issued to parties for lands now in their possession, but for which grants have not yet been obtained - In cases when grants have been already issued, which do not contain a condition, binding the grantee to erect and maintain boundaries, it will be difficult to make such a measure compulsory - The Officers in charge of the Wills should however in these instances exert their influence to induce parties to conform to an arrangement which may be effected at little trouble and expense and cannot but promote their own comfort and convenience as well as that of their neighbours.

4 - The last question mooted by Mr. Thomas is one of more difficulty, namely, the appropriation of

of springs and channels and the distri-
bution of water - "Some Houses and lands
"have more water than they want some
"much less, others none at all with-
"a little management, and a fairer
"division, it is believed nearly all
"might be supplied not only the pri-
=vate Houses and Gardens, but the
"Bazar and Native population of
"Ootacamund the early residents
"originally cut channels and divert
=ed the springs to their grounds as
"they pleased, and now claim them
"as private property and instances
"have occurred of parties enclosing an
"claiming a small isolated spot (on
"the line of channel higher up) with
"a view of cutting off the supply from
"those below" Under these circumstances
the Acting Principal Collector proposes
"as the only practicable way of settling
"these differences, to take the spring
"Heads and channels under Governe
=ment control, and regulate their
"distribution on some fair and gen
=neral System, with a view to divide

"as far as practicable, this great -
"desideratum of water, to the greatest
"possible number - It is likewise
"suggested that each House or
"Garden supplied, pay a water rate
"as in England, that the Channels
"be kept up at Government expense
"(which will be very slight) and -
"that the distribution be regulated
"and apportioned by a Committee
"to consist of the Civil Engineer,
"the Survey Engineer, the Officer -
"Commanding, and if the Board -
"think proper the Collector, or any other
"Residents on the Hills, or the present
"Garden Committee appointed by -
"Government". The Acting Principal
"Collector encloses for the Boards
information Copy of a notice which
he has circulated to prevent further
and fresh disputes until he can -
receive orders upon the subject -
Its purport is to request parties -
not to make any new cuttings except
within their own grounds without
previous reference to the local -
authority -

See Manual of Instructions Para 14.

6. The Board would observe that the principle upon which Mr. Thomas's proposal is based, viz, that the springs and water courses upon the Hills are as much the property of Government as the land, is unquestionable, and it cannot be doubted that the assertain of this principle upon the Neilgherries is highly necessary, and that a Committee, constituted as suggested by the Acting Principal Collector would be of much service in arranging the disputes respecting the appropriation and distribution of water which now seem to be of frequent occurrence. It must at the same time be remarked that the proceedings of the Committee will require to be conducted with much caution and judgment and that they must confine themselves to asserting the rights of Government to spring heads and to water rising on or passing through Circar grounds and in any arrangements which they may make must avoid interference with private rights or entering upon private lands.

The

The Committee may, as suggested, be composed of the Collector, his assistants the Civil and Surveying Engineer, the Members of the Committee for the management of the Horticultural Gardens at Ootacamund and any other individuals whom the Government from time to time may see fit to appoint but as of those parties the Collector and the Engineers are the only persons whose official experience may be supposed to have made them conversant with inquiries of the nature in question; it seems to the Board indispensable that one of these Gentlemen should take a part in every investigation. Two Members the Collector, Civil, or Surveying Engineer always to be one, would be sufficient to form a Quorum. It might sometimes be difficult to secure the attendance of a greater number. On the conclusion of the inquiry when of any importance, the Committee should make a report to the Collector stating

Fort St. George 23d. July 1849.

stating concisely the nature of the claims investigated by them, their decision and the grounds of it. The document should be placed on record in the Collector's Cutcherry and in the Office of the Joint Magistrate in charge of the Wills, the party dissatisfied being left to seek his remedy if so inclined, in the Civil Court.

6. The Board of Revenue do not approve Mr. Thomas's proposal for levying a water rate. However light the demands might be, it would unquestionably in many instances be objected to, and in such cases it is very doubtful whether it could be enforced. The supervision of the springs and watercourses upon the Wills should be maintained by the present establishment acting under the orders of the Collector.

7. With reference to Paras 7 and 11 of the letter now forwarded, I am directed to state that the instructions communicated by the Board to the Collector on the 10th. May last are fully enjoin that the woods, those particularly about spring heads, should be carefully preserved and that the Board are not in possession of any rules which may have been laid down for regulating the distribution of water in the Berey & Boon.

From the Collr. of Malabar-

Sir,

In acknowledging the receipt of the Board's Proceedings under date the 4th Instant I have the honor to transmit a Statement according to the form circulated under date the 21st March 1844 containing the alteration of Establishment proposed in my letter of the 14th ultimo.

The Board will observe that the present Statement differs in one or two Items from the one previously submitted, the principal one arising from my desire of taking this opportunity to provide the Sub Collectors' Shanistedar (the subject of the correspondence noted in the margin) with a better Pay.

2. With respect to an Ameen on 7 Rupees and two Peons on 2 Rupees each per Month, proposed to be entertained at the town of Poothoonagaram, I beg to explain that the duties expected from the Ameen are both of a Revenue and Police nature and such as are performed by fine Incumbents, under the same designation and pay, employed in populous towns distant from the Cutcheries of the Talooks. It is true that these inferior Ameens differ but little from Head Peons or Duffadars, but we generally manage to get a somewhat superior person for the situation. In this instance I have managed by a slight change in my former proposition to arrange for these Ameens' pay being 8¼ Rupees. The Pay of the two Peons has now been put down at 4 Rupees each per Month.

District of Malabar.	Pay of 163 Head Menons or Village accountants proposed to be reduced from 7 to 6 Rupees each per mensem	" "	" 163	" "	" "	" "	Amongst the 429 Umshem Menons or Village accountants in Malabar there are 163 called "Head Menons" whose pay is 7 Rupees a month whereas that of the other is only 6 Rupees. In 1823 when the present Village Establishment was formed it appears that the cause which originally led to this destinction was that the Head Menons were to be entrusted with the charge of the former Holly accounts that they were to keep a counterpart of the accounts of the other Umshems within their respective ranges and that they were to hold Summuls authorizing them to act as Commissioners for the distraint and sale of Property. The latter duty has been done away with by act VII of 1839 and the additional duty they were intended discharge is not performed by them, the old Holly accounts having been copied and distributed to the different Umshems to which they related and the Originals secured in the Talook Cutcherry. In short the duty the Head Menons have to perform is not at all more than what pertains to the other Menons. It seems therefore not reasonable that they should remain on a better footing.

Ordered

11209.

Ordered that the foregoing letter and the Statement contained in the margin be submitted with the following address.

To

The Chief Secretary to Government.

Sir,

I have the honor to submit for the orders of the Right Honorable the Governor in Council the accompanying correspondence which has passed between the Collector of Malabar and the Board of Revenue on the subject of certain allowances proposed by the Collector to be granted to Peons employed in the Custom Collectorate of Palghaut and Ameens employed in the Revenue and Police Collectorates.

2. From this it will be seen, that it is the Board's wish to consolidate some Offices in this District altogether and to reduce the Remuneration attached to other appointments in excess of what the circumstances of the country, and the duties required, appear to call for.

3. From the Collectors of Malabar and Palghaut it appears that the Custom Establishments are maintained by Monthly Allowances from the Revenue Collectorates, and that the Collectors of Malabar and Palghaut have no control over the Establishments, nor are they responsible for the Collections.

4. The Board of Revenue have proposed the abolition of the Custom Establishments, and the transfer of the duties to the Revenue Establishments, which appears to me to be a very judicious measure, and I beg to recommend it to the favorable consideration of Government.

5. The Board of Revenue have also proposed the abolition of the Custom Establishments at Cochin, Tellicherry, Cannanore, Mangalore, Calicut, Tanore, Ponnany, Chetwye, Cherakul, Cotchery, Paniany, Beypore, Chowgaut, Trichoor, Cranganore, Vypeen, Aycotta, Cochin, Alleppy, Porcad, Cottayam, Vycome, Shertallay, Aroor, Cochin, Tripunithura, Cochin, Mundamvelly, Cochin, Chittoor, Cochin, Cochin, Cochin

per Mensem in augmenting the salaries of certain situations at present under paid, and in a few instances in the creation of new appointments.

3. The places which it is proposed to abolish are those of 19 Ooldeshom Athegaries or Assistant Heads of Villages at 4 1/4 Rupees per Mensem which it is represented may well be dispensed with, as the duties of the Umshoms in which they are employed have been shown by experience not to be so heavy as to require the aid of an Assistant. The salaries to be reduced are those of 163 Head Menons or Village Accountants whose pay is 7 Rupees a Month, whereas that of the other Menons is only 6. the distinction having originated on account of the higher duties and responsibilities which formerly devolved upon the Head Menons, but now no longer pertain to them.

Of

4. Of the additions proposed to the salaries of some of the existing Establishment the first is that of 28 Rupees to the pay (now 132 Rupees) of the Sub division Sheristadar raising it to Rupees 160 per Mensem which Rupees 175. is still Rupees 15 below the usual remuneration of the Office in other Districts. The Board considers this measure very desirable. The augmentation of the Sheristadar's salary has already formed the topic of the correspondence noted in the Margin and was declined by the Government of India on the ground of their being precluded from sanctioning any avoidable increase of salary in the existing state of the Indian Finances. By making the measure a part of the present arrangement, this objection will it is hoped be obviated.

To Government 31st. July 1848
From Do. 15th. in Cons: 24th. Augt.
To Do. 14 September
From Do. 24th. January in Cons: 1st. February 1849.

5. The other additions recommended

are

are to the Salaries of certain Talook Sheristadars, Gomastahs, and Moonshees with a view to place their rates of remuneration in a juster proportion to their duties and to the emoluments enjoyed by servants of their class in other parts of the District.

6. The appointments to be newly made are those of a Sub Officer of Police at Palghat - an Adigary at Cochin - an Assistant Treasury Gomastah at Tellicherry and an Ameen with two Peons at Poothoonagum. The reasons for the proposals are given in detail in each case in the Collectors Statements.

7. The alterations which the Collector is desirous of effecting seem to the Board to be judicious and supported by sufficient reasons. The arrangements would be carried out without causing any additional expense and under these circumstances the Board beg to

submit them to the favorable consideration of Government.

Directing that it be intimated to the Agent to the India Iron & Steel Company that they have forfeited the privilege of exclusively raising the Iron Chrome Ores and that Mr. Fischer be permitted to raise the ore of the Chromate of Iron within his own Mootah and pointing out the Course to be observed if Mr. Fischer should desire to raise the Ores in any part of the Salem District not within his own Mootah.

Extract from the Minutes of Consultation, under date the 2nd July, 1849 - No. 614.

Read the following Papers.

From the Secretary to the Board of Revenue. / Here enter 28th May 1849 No. 273 /

× × ×

Para 1. The conditions of the Lease entered into by the Indian Iron and Steel Company on the 1st January 1841 stipulate, that if the privilege of raising Ores to be used in Iron Works "be not exercised within five years from the above date or having been exercised shall be abandoned for a certain period of three years, this Grant shall be null and void." It appears from the correspondence now submitted by the Board of Revenue that the Company have failed to carry on their works for the purpose of raising Chrome Ore in the Salem District since 1841 as admitted by their Agent; and the Right Honorable the Governor in Council is of opinion that the Company have by the terms of their Lease thereby forfeited the exclusive privilege heretofore enjoyed by them.

2. The Governor in Council now directs that this opinion of Government be

be communicated to the Agent of the Indian Iron and Steel Company, and that Mr Fischer be informed in reply to his references to Government of the ✕ dates noted in the Margin that he is permitted to commence operations for raising the Ore of the Chromate of Iron for the purposes of his trade on the Lands comprized within his Mootah, due respect being had to the existing rights and privileges heretofore enjoyed or used by the Native Inhabitants of raising and selling away Ores for use the use of their own furnaces.

✕ 10th July 1847
17th August 1848.
28th November —

3. If Mr Fischer desires to raise Chrome Ore in any or part of the Salem District not within his own Mootah he should be advised to put himself in communication with the Collector of the District on the subject; specifying the place or places where he desires to establish works for the purpose particularly the Lands proposed to be worked, and if the Lands

Lands are not waste Lands belonging to Government certifying the agreements on by which he is authorized to occupy and work the same and the Collector on receiving any such communication from Mr Fischer will immediately report it to the Board stating whether there is any objection to a compliance with his request. If the Board shall be of opinion that the application may properly be complied with they will submit it to Government and as they will take the opportunity to consider the question whether any and what charge shall be laid upon Mr Fischer or any other parties on the grant of a license to work the Ore in any Lands not his own, and what difference should be made between Government waste Lands and others. On the latter the Governor in Council is disposed to think that the Charge, if any is made, should be merely nominal to serve as an acknowledgment

acknowledgment that the right is derived from Government. In the case of Government lands it need not be much more though some difference may be proper.

2. The proposals for the Naidepett and Buddapoody Talooks are below those of the preceding year but equal the average of the last few years and are the most favorable I have been able to obtain. I have reason to believe the holders of the last years rent of these Talooks have not found the speculation very remunerative. It will be observed that the total Abkary rent of the District for the Current Fusly exceeds that for Fusly 1258 by Rupees 931-15-"

I have the honor to submit for the favorable consideration of the Board of Revenue the application of Mahomed Abdoollah who is in the receipt of a subsistence yeomeah of Rupees 7 per mensem from this Treasury to be allowed to draw his stipend for the future through the Collector of Cuddapah.

2. The yeomeadar does not reside at Nellore but has been in the habit of coming every 6 Months from the Cuddapah District and after undergoing the necessary examination in regard to his identity, drawing his allowance from the Treasury of this Collectorate.

3. The inconvenience of this arrangement to the yeomeadar is obvious & as the Collector of Cuddapah, to whom a reference was made by the late Collector on the matter, sees no objection to the proposed transfer, I beg to recommend that the request of Mahomed Abdoollah may be complied with.

Resolution thereon.

Resolved that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council with the Board's recommendation that under the explanation furnished by Mr Purvis, sanction be granted for the allowance of the yeomiahdar being paid for the future from the Treasury of the Collector of Cuddapah.

2. The Sub Collector in charge of Nellore will be instructed to furnish the yeomiahdar with a descriptive Roll as prescribed by the orders of Government dated 29^th August 1846.

From the Sub Coll^r in charge of Nellore

Sir,

With reference to my letter of the 5^th Instant. No 36 I have the honor to forward herewith for the approval and sanction of the Board of Revenue a Statement of the proposals received for the Abkary rent in the Naidepett Division and in the several stations attached to the Sub Division for Fusly 1259.

2. The proposals for the Naidepett and Buddapoody Talooks are below those of the preceding year but equal the average of the last few years and are the most favorable I have been able to obtain. I have reason to believe the holders of the last years rent of these Talooks have not found the speculation very remunerative. It will be observed that the total Abkary rent of the District for the Current Fusly exceeds that for Fusly 1258 by Rupees 931-15-"-

From the Coll. of North Arcot — Reporting the death of Shashama Naick Poligar of Goodepauty Pollium and recommending that Soobbaramapah Naiken his son should be recognized as his successor.

Para 1. I have the honor to report for the information of the Board of Revenue the demise on the 28th June of Shashama Naick, Poligar of Goodepauty Pollium. The deceased succeeded to the property in 1829 on the death of his first Cousin Vencata Timmapah Naick who died at the age of seven years. He has left two widows and a son by each of them. Ammany Aumaul the elder wife has a son Soobbaramapah Naiken 14 years of age, and Vencata Lutchummaul the second wife has a son Baba Naiken 15 years of age. Of these Soobbaramapah is I believe, the legal heir and I received an Urzee from the deceased written from

Fort St. George 26th July 1849.

from his deathbed, making request that Soobbaramapah Naiken should succeed him, and that his Mother should act as his Guardian till he came of age. I have received an application from Ammany Ammaul to the same effect, it appears to me the natural and proper arrangement and I beg to recommend it for adoption.

2. A claim to the succession has been also made by Sooramaul, Aunt to the deceased. Her only plea is that on the death of her son Vencata Timmapa Naik in 1829 the deceased Shashama Naick succeeded to the Pollium on her nomination. This allegation is incorrect, Shashama Naik succeeded as legal heir. Sooramaul has no title whatever but I considered it proper to mention her application

To the Registrar to the Court of Sudr Udalut.

Requesting the answer of the Pundits of the Sudr Adawlut to a further question regarding the hereditary right of sons by different wives of a Zemindar

In Diary Cons 16th April 49

Sir,

With reference to your letter of the 12th April last transmitting the reply of the Hindoo Law Officers of the Court of Sudr Udalut to the Query contained in my letter of the 19th March preceding. I am directed by the Board of Revenue to request that, with the permission of the Judges, you will be pleased to submit the accompanying further Query to the Pundits and communicate their answer to this Office.

The Query lately submitted was.

A a Zemindar, marries Eight Wives and dies leaving two Children. A Son, B, two years of age by his Second Wife. and another Son, C 8 years old by his Eighth Wife. Query which of these two Sons B & C is heir to A and entitled to inherit his Zemindary.

To.

Fort St. George 26th July 1849.

the reply was.

Although B and C, referred to in the question, are equally the Sons of A. still as the question is as to "which of them is heir," it is presumed that the Zemindary therein mentioned is not divisible. If so, the eldest Son alone is by the Hindoo Law entitled to the Estate, and his seniority founded as it is on Age. C alone seems to possess according to the Question.

It is now required to know whether C would still be heir to the Zemindary, if, other things remaining the same as supposed in the above Query, B were the Son of the first instead of being the Son of the Second wife.

From the Actg. Collr. of Tanjore. — S. 1

Sir,

Agreeable to the orders of the Courts of Wards I have the honor to submit explanation on the several points called for with reference to the Minor Estate of Cabistalem in this Province.

Submitting explanation on the several points called for regarding the Minor Estate of Cabistalem

Proceedings 1st July 1849

Discrepancy in the extent of Estate.

2. The differences of 14 Valies as now stated as the extent of the Estate over and above of the number of Valies reported by Mr. Cotton the late Sub Collector in charge arises from that officer having omitted to include in his Statement the Swamanien lands consisting of Nunjah.

Valies 17 — Maw 2 — and Poonjah
Valies 6. — 8 — Total
Valies 23 — 10. — From which
should be subtracted Valies 9 — Maw 10 being a

a decrease in the Tariff lands according to my report, when compared with Mr. Cotton's, resulting from my taking into account the actual extent of land in the Estate, while Mr. Cotton stated the number of Valies according to the standard Dittum; hence the difference between Valies 596 and Valies 582.

The Statement now made is the accurate one.-

Other Sources. 3. The other sources of revenue amounting to Rupees 5266 as stated in para 3. of my Report dated 22d. March are derived from the following items.-

As.

As regards the Tuccavee there is a small balance to be paid of Rupees 41 on account of Fusly 1257 which will be adjusted during the present Fusly.-

The loss in the grain heaps is certainly very heavy, and I am free to confess that it is any thing but creditable to the Management. The attention of the ameen has been pointedly called to it, and measures taken to prevent such loss again.-

5. Adverting to my recommend:ation to subscribe Rupees 20,000 to the 5 per Cent Loan now open for the benefit of the Minor, I am indu:ced on reconsideration of the sub:ject especially with reference to the low price of grain this year, and the future demands on the Estate likely to be made before next harvest, to think it would be imprudent to invest more than Rupees 12,000. That sum will accordingly be immediately subscribed and the Promissory Note endorsed over to the Secretary of the Court of Wards for the time being.-

The

6. The Court's sentiments touch:ing the Conduct of Neeloyatachee, as mother and guardian of the Minor, have been duly communicated to her, and I have issued a Notice in the Towns of Tanjore, Combaconum and Papanasam, warning parties from lending Money to the Mother.

It is not proposed to commence the education of the Boy before January next, for tho' near:ly 6 years of age, he is very small and weakly and not sufficiently forward for a Master.-

The explanation sub:mitted in the foregoing letter is sa:tisfactory, and for the reasons stated the Board of Revenue approve the pro:posal of the Acting Collector to in:vest Rupees 12,000 only, instead of Rupees 20,000, in the public securities for the benefit of the Minor Proprietor.-

Mad.a Cons.s 20. March 1849.

With reference to Extract Minutes Consultation 23d March 1849 authorizing the Shevagunga Zemindary in the Madura District being taken under the care of this office in its capacity of a Court of Wards, I am directed by the Board of Revenue to submit for the information of the Right Honorable the Governor in Council the accompanying letters with their enclosures from the Collector of Madura, from which it will be perceived, that the Court of Sudr adawlut have ordered that Estate to be attached, upon the grounds that the revenues of the property will be more effectually secured for the benefit of the parties litigated before them

them, if the Zemindary be placed under the direct management of the Collector, than if left under the administration of a manager acting under Regulation V 1804. The Judges of the Sudr adawlut have however explained, in reply to a reference made to them upon the point, that this measure has been adopted solely for the more efficient protection of the estate, pending the legal proceedings now in progress, and that it is not intended to bar the exercise by the Court of Wards of the powers devolving upon them by the Regulation above quoted. Under these circumstances the Collector has submitted and the Board have sanctioned a Zmfty establishment, nearly on the same scale as that maintained on the last attachment of the estate, and considerably in reduction of the late manager's establishment — under the explanation afforded by the Court of Sudr adawlut in respect to the cause, nature and extent of the attachment, the

From the Collr. of Madura ....

Requesting instructions relative to the assignments of Grain made by the late Zemindar in payment of money advances and service and also in regard to the discharge of arrears in general to Servants.

With reference to Para. 17 Regulation V of 1804. I have the honor to solicit the instructions of the Court of Wards relative to Persons, who obtained assignments of grain for money payments or service, previously to the Shevagungah Estate coming under their charge, being allowed to receive any Balance of Grain due to them by the Ryots on proof of such

Fort St. George 26th July 1849.

such assignments being bonâ fide transactions, without special reference to the Court of Wards in each case.—

2. The Pauper Appellant Vengamootoo Nauchear has in her urzee to me, maintained, that such undischarged assignments constitute debts against the late Zemindar, which should not be discharged out of the Estate. On the other hand, it may be argued, with more apparent equity, that, after payment of the value in money and service, and reception of the assignment order, the assignee became the real owner of the grain, and needs no further authority for its recovery—and the justice of this seems still stronger when, as was frequently the Case, the money advanced by the assignee actually passed at once to the Government by Boondees in payment of Peishcush.—

3. These cases, however, are often rendered complex by one individual advancing money for payment.

payment of Kists and his partner or co
agent obtaining equivalent assignments
of Grain on tender; the transactions co
being thus separate on the accounts
of the Zemindar, through one in co
reality.—

4 An instance of this kind was
under my investigation yesterday—One
Cuvoopanen Chetty applied for remov:
:al of all prohibition to his recovery
of a Balance of about 20,000 Rupees
worth of grain assigned to him from
the Crop of Fusly 1257. The total value
of the assignment 90,000 Rupees, he
alleged to have been paid by him,
according to the Zemindar's order, to
Savoogen chetty who had made co
advances to the Zemindar to enable
him to discharge his kists. The
Takeeds communicating the assign
:ments to the Ameen are forthcoming,
and they authorize payment of the money
to Savoogen chetty, who acknowledges
to have received it, and shews the
Sub Treasurer's receipts for the money
paid by him for the Zemindar. But on
enquiry

enquiry I ascertained Kavoopanen chetty
to be an agent of Savoogen chetty,
and the payment to the latter by the
former to have been made by a Credit
in account. Still the Zemindar had
the value of the Grain assigned and
the same being applied to payment of
the Circar demand, it seems unreason:
:able to consider the transaction a private
one on the part of the late Zemindar.
There is no appearance of dishonesty on
the part of the chettiers. but by a well
understood arrangement the man co
who advanced the money obtained
an assignment for its amount, though
in the name of another and not in
his own.

5. The question is whether,
under such circumstances, the grain has
legally passed from the Zemindar and
become the property of the assignee, in
which Case it would seem compe:
:tent to me to permit recovery; on
being satisfied of the genuineness
of the assignment, without troubling the
Court.

Court in each Case for authority - Or whether on the other hand, the grain in the Villages undelivered to the assignee remains the property of the Zemindar, and the assignee becomes a creditor who can obtain payment only under the special permission and the conditions specified in Section XVII Regulation V of 1804.

6. I have also to request the Court's instructions in regard to the payment of arrears of salary to servants generally.-

7 From the 4th April last, when the Estate was taken under Court of Wards, these salaries have been regularly discharged. But from the death of the Zemindar up to that time, the servants received nothing and claims are made for arrears due on account of antecedent Periods.-

8. The Process of the reduction of the Zemindar's Establishment commenced immediately after my visit to Shevagunga in consequence of the Zemindars death, and it

appears.

appears to me just that all salaries due from the date of that event should at once be discharged. The answer of the Court in regard to Sanctions assignments of grain will in a great measure dispose of the claims to arrears for antecedent periods: and general permission might be granted me to pay such other demands on this account as on enquiry I might find unobjectionable.-

9. The last Proceedings received from the Sudr would not appear to me to recognize the Court's right to exercise this power; but I beg to transmit a translation of an urzee from the Pauper Appellant pugamootoo Nauchear objecting to the payment.-

Collector

No 1.-

Translation of an Urzee addressed to the Collector of Madura by Rance Ungamootoo Nauchear, under date the 2d June 1849.-

1. That I have sued to the Sudr Court regarding my right to the Shevagunga Zemindary

Zemindary in Pauper Appeal Suit No. 7 of 1849. and it was put under the Cirkar attachment by you according to the Diary order passed on the 30th April, by the above Court on my presenting Petition. I hear that the Mailwarinn share of Paddy &c. of the Zemindary was given in Durkast with the exception of Emmaswarinn and Mungalum Talooks.

2. I forwarded an urzee with sufficient documents, on the 18th February, stating that the accounts given by the late Samoshun Peishcar Coolly Joseyer in support of the debt, said as contracted by the deceased Zemindar, the Respondent, is false one, and there was no necessity of his being indebted.

3. In proof of the above urzee, false accounts were given, stating as if the paddy of the above 2 Talooks was sold to the son in law and others of Pichacoolly Chetty previous to the Cospady. Wherenpon the said Chetty requested your honor that the Paddy of the 2 Talooks should not be given in Durkast as it belonged to him in liquidation of his debt and I come to know that you accordingly kept the above 2 Talooks from being given in Durkast.

4. It is fals and improper that the paddy of the 2 Talooks in question were sold before

before the quantity of the Paddy was ascertained.

5. It is quite contrary to Regulations and Custom of the Zemindary while it is under assumption to expend even a Cash out of the produce remaining till the Zuft to give before examining the accounts in question and before the Cirkar kist was paid. It is therefore just to make up the Cirkar Peishcush by giving the Paddy &c. of the said 2 Talooks in Durkast and collecting the dues to the Zemindar.

6. It will be known to your honor that instead of doing as above stated, if you on reliance of the false accounts, should order to liquidate the debts said as contracted by my Respondent, a small quantity that remains of the produce of the Current year, after what has been appropriated to themselves by Coolly Joseyer and others, as well as the few ornaments under attachment, will not suffice.

7. Supposing the said Creditors have given Loans to my Respondent, they should recover them from his heir, but the Loans should not be repaid from the income of the Zemindary under Zuft for litigation.

8. As the Zemindary have been put under attachment for my appeal suit I beg for an Order that the Income of the Zemindary may not be expended as above alluded to, until a final decision of the Sudr Court and the paddy of Emmaswarinn and Mungalum Talooks to be given in Durkast and the

the proceeds thereof to be credited to the Peishcush.—

Proceedings thereon. As the grain for which the assignments referred to in the above letter were granted appears not to have been delivered to the parties but to have remained in the possession of the Zemindar's servants, the Court of Wards are of opinion that the assignees can be regarded in no other light than as creditors upon the Estate. When there may be no reason to doubt the Sunkhas being bona fide transactions, there appears to the Court to be no reason why they should not be satisfied under Section XVII Regulation V. 1804. it being understood that their discharge will not interfere with the due realization of the public revenue upon the Zemindary. The provisions of the section above quoted require that the permission of the Court of Wards in writing be obtained in every instance. but in the present case it appears to be the most convenient course that the Collector should submit at once for sanction all claims which sufficient inquiry may prove to be well founded, or if that would lead to delay that he should from time to time lay before the Court statements of such demands as he may have

have investigated and would recommend for payment.—

2 The above is the mode of proceedure which the Court of Wards think should be followed. adverting however to the peculiar position of the Shevagunga property as being at the same time under care of the Court of Wards and under attachment by orders of the Court of Sudr adawlut, it seems advisable that the Collector should bring the question under the consideration of the latter authority and ascertain from them, whether there be any objection to the course above indicated being pursued. Mr. Parker will be pleased to do this and to report the result of his reference for the information of this office.—

3. The Court of Wards direct that all salaries due to parties upon the Zemindar's establishment from the date of the late proprietor's death be disbursed forthwith. Those due for antecedent periods will remain for consideration hereafter, in cases where their payment is dependent upon the question of Sunkhas. where it is not, the Collector will be so good as to submit a statement showing the name of the servant, his office. the amount claimed and period for which demanded, enter his own opinion in each instance.

I have the honor to transmit the accompanying Register of Certificates shewing the Drawback payments made in July 1255 by the Collector of Canara, received with the Extract from the Proceedings of the Board of Revenue dated 18th January 1847, sanctioning the same and to point out that, whilst the aggregate amount of the Register is shewn to be as Rupees 86,284, corresponding with that charged in the Collectors accounts, the Extract from the Board's Proceedings contains sanction for only Rupees 85,130—12—" being less by the sum of Rupees 1153—4—" which is the amount of one of the items of payment in the month of February 1846. and seems to have been omitted in making up the total for that month,

States of having revised and modified the Office Establishment applied for in his letter of the 11th ultimo and lays it again before the Board with further explanations in the earnest hope that the Board will afford it their support.

Sir,

Para 1 I have the honor to acknowledge the receipt of the Board's letter dated the 28th ultimo returning for revision the application which accompanied my letter of the 11th Idem.

2. The orders received from the Government of India to which the Board refer in the second Para of their letter under acknowledgment I am persuaded could never have contemplated a case where there would be a large increase of Revenue like that of the operation of Act No XIII of 1848 and will therefore I trust be deemed on a reconsideration inapplicable to the present occasion. Previous to the passing of that Act Stamps for Judicial purposes were used in Forty three Courts only but by that act the use of Stamps has been extended additionally to one hundred and one Courts making the aggregate number of Courts now using Stamps in their proceedings one hundred and forty four. Formerly there were no refunds to be made of the description now required by the provisions of Section 11th

of the Act for refunding Stamp duties on Plaints in certain cases and these refunds which are very numerous are alike applicable to the whole 14 Courts - It cannot therefore I think be fairly expected that the additional amount of labor and responsibility which results from this Legislative Enactment can be undertaken by the Stamp Office without first essentially reconstituting the Establishment and adequately remunerating those servants on whom the chief labor and responsibility devolve nor do I think it can be expected that the Manager and Accountant should discharge the additional duties to be allotted to them in the altered State of the Office and undertake the additional responsibility entailed by the new Act without compensating their services by making a suitable increase to their present salaries -

3. The present Individual who holds nominally the Office of Deputy Accountant and draws Rupees 24-8-- per Mensem is wholly unfit for the duty - I propose to assign to the Officer who is to

to occupy that situation in the revised Establishment - The Deputy Accountant must be able to do efficiently a considerable portion of the business in the Account Department for it is plain that the Accountant cannot perform the whole of this duty assisted as at present by one who is in fact only an accountant of the most ordinary description - The Office of Assistant accountant being dispensed with in the amended application will make the Office of Deputy accountant under this increase of business still more important and connect with it more responsibility than was originally designed.

4 The whole duty of auditing the refunds of Stamp duties under section IV which demands for its efficient execution a Superior degree of intelligence will have to be undertaken as I have already represented by the Manager in addition to the other duties of the Office which he has hither to performed - And as true economy requires

requiries that servants should be paid in proportion to the labor and responsibilty imposed on them I have on this principle revised and modified the Offic Establishment applied for in my letter of the 11th Ultimo and beg again with these further exe- planations to lay it before the Board in the earnest hope that they will afford it their support and if a reference to the Honorable Court of Directs should be necessary on this occasion that they will apply to Govern- ment to make that reference in order that the provision now absolutely requisite for the efficient

efficient discharge of the augment- ed duties of the stamp Office may be made, and this important branch of the Revenues of Government be effectually supervised.

5. The Establishment now proposed in the Stamping Room I beg to observe is the same as was in existence previ- ously to its reduction in July 1845. The greatest number of Stamps used at that time it should be remarked were for Rowannahs - which are now discontinued but the labor of Stamping Rowannahs bears but a small proportion to that required for Stamping papers used for other pur- poses which is immense being as two to seven or in other words seven Lacs of Rowannah papers could be stamped

stamped including the adjust:
:ment of the Dies in less is
than 1/3rd the time that other
papers require, because seven
papers for Rowannah pur:
:poses could be stamped at
once whereas only Two of
the other papers now in
use admit of being stamped
at one time, it being also:
:lutely requisite in regard to
these papers that a clear im:
:pression be obtained which
was not in practice deemed
requisite with the Rowannahs
The labor of the Prepsmen at
present therefore much exceeds
whatever it was while Rowan:
:nahs were stamped. On this
ground the Board will justify
me then for fixing the salary of the
Head and Deputy Prepsmen at the
Amounts I have stated which it will be
remembered

remembered are no more than

:viously to the abolition of the
Sayer duties.

6. I have but one ob:
:servation more to make. that
the Board may be further
assured that the increased
demand for stamps is likely
to be permanent. It may be
inferred not only from the great
number of additional Courts to
which Stamps now extend, but
also from the fact that in
those Courts use Stamps up to
the Value of Rupees 50. Coupled
with the fact that the Re:
:venue from Stamps is mainly
derived from papers sold within
that Valuation as will be seen on a

7. I beg to explain with advertence to the observations of the Board contained in Para 3 of their letter that the demand for Stamps referred to in Para 7 of my former Communication was the demand for stamps actually supplied on Indents to Collectors but that the gross Stamp Revenue Estimated in Para 2 of my application as likely to be not less than Rupees 6,00,000-—-" for the ensuing Fusly is the Estimated amount of actual receipts a portion of the demand or supply made remaining as stock

8 The Board will perceive that the proposed Establishment has been modified as far as possible in accordance with their views and the desire evinced by them to reduce the charge on the expected increase of Revenue and though I cannot vouch that under the revised arrangement the Establishment of the Stamp Office will be placed on a footing equal to the duties required of it, yet a years experience of its working will enable me to say whether it has answered the expectations formed of it and is sufficient in all respects to meet the requirements of the Act - I may therefore address the Board again on this subject at a future period -

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 5th Instant transmitting copy of the Resolution of Government No 594 dated 22nd June 1849 and of its accompaniments, and calling on me to report "whether the Machines referred to can be employed to strike off Stamps for this Presidency and if so, what number and description of stamped paper would be required annually, and what reductions might thereby be effected in the revised Establishment

Acknowledging receipt of Extract from the Proceedings of the Board dated 5th Instant and brings under the consideration of the Board the provisions of Secs III and V of Regulations XIII of 1816 as also the stipulation in the Articles of Agreement entered into with the Contractor for the supply of paper and Cds and for the use of this Office and trusts that upon a due consideration of the circumstances brought to notice that the Board

2. In reporting on this subject I beg to bring under the consideration of the Board - 1st that by Section III Regulation XIII of 1816 it is required that all Paper or other material intended for Stamps shall be stampt at this Office and counterstamped at the General Treasury 2ndly by Section V Clause I it is prescribed that one Set of Stamps applicable to every purpose for which Stamps are required by the above Regulation shall be used

used in the General Stamp Office bearing inscriptions in the English Persian Tamil and Teloogoo characters, and by Clause II of the same Section it is further prescribed that the above Stamps shall in ordinary cases be impressed on paper of the manufacture of the Territories dependant upon the Presidency of Fort St. George

3dly In the articles of Agreement entered into with the Contractor for the supply of Paper and leadjans for the use of this Office it is stipulated that this Office shall not obtain or procure from any person or persons other than the Contractor the Paper or Cadjans covenanted to be supplied by him for the space of three years calculated from the 20th April 1848.

3- If Section III and V above

DG

abovementioned were repealed the stipulation in the Agreement with the Contractor for the supply of Paper and Cadjans to which reference has been made must I presume, remain in force until the end of the period for which the Contract has yet to run, viz. the 19th April 1851.-

4- Assuming therefore that Paper and Cadjans must be exported to Calcutta for the purpose of being stamped and that the quantity on hand should be at least double the probable demand to preclude all risk of short supply- The first Memorandum annexed will exhibit the Estimated charges for conveying the foregoing Materials by a sailing Vessel and after deducting the expense of the revised Establishment for the Stamping room proposed in my letter of the 5th ultimo, it will be observed that the charge in excess of the cost of the revised Establishment amounts to Company's Rupees 927-6-0 In the second Memorandum the charges for conveying

conveying the same quantity of Paper and Cadjans per Steamer which is the most regular and best mode of conveyance amounts to Company's Rupees 1579- 2-- in excess of the cost of the revised Establishment- A rateable proportion of the expense to be charged at Calcutta to the Madras Presidency for striking off the Stamps by the Machines is not included in the Memoranda prepared for the information of the Board, nor are the Extra Expenses that must be incurred for an additional supply of Paper and Cadjans in order to keep this Office sufficiently stocked both with Blank Paper and Cadjans, and Stamped Paper and Cadjans- and for the entertainment of an Establishment that will be indispensable for the careful custody of the blank Paper and Cadjans and Stamps when accumulated in store, which under the present system does not prevail, as Stamps are struck off on Paper supplied by the Contractor in such quantities as are most

convenient

convenient to the Office and generally only to the extent for which Collectors' Indent for them and which are then immediately despatched to their destination

5- The Stamp Department it may be observed under the Provisions of Regulation XIII of 1816 unites the Office of Stamps with the Office of Account and under this arrangement a greater degree of efficiency and economy is attainable than can practicably be attained by any plan that would divide these Offices between Madras and Calcutta, and occasion intermediate expense, and I trust the Board upon a due consideration of the circumstances which I have brought to their notice will concur with me in opinion that no alteration in the mode of supplying Stamps is expedient.-

6- Under this impression of the subject it does not appear necessary for me to propose any reduction in the revised Establishment, [illegible] a due consideration of the circumstances which I have brought to their notice will concur with me in opinion

The esta- "blishment at present can with the utmost "difficulty supply the demand for re "Stamps and attend to the correspondence "which it involves, but it is unequal to re "undertake the duty of examining, check- "ing and Auditing the Accounts which "are received from the Provinces. 5. In their reply of 28th May last, the Board informed Mr. Bruce that though fully admitting the necessity of providing him with the increased means of carrying on the augmented duties which had devolved upon his department they felt precluded from supporting any proposal for an increase to the pay of any members of his present establishment and returning his application requested that it might be revised so as to be confined to the entertainment of such additional servants only as under the altered circumstances of his Office were indispensably necessary, pointing out to him at the same time the servants to whom it might properly be restricted, the esctra charge to be so incurred being Rupees 110 per mensem.

6. With his letter of 5th June 1849 the Superintendent has submitted a revised application in which he has omitted * one of the new appointments that he had previously proposed and has made reductions in the salaries of some of the other Officers. The esctimate charge of this revised Establishment will amount to Rupees 613-12-0 per Mensem or Rupees 70-12-0 below that before recommended, though still in excess of that now entertained by Rupees 210-12-0. Mr. Bruce has at some length pressed the necessity of strengthening his department to the extent at least esctibited in his second requisition though expressing his doubts whether the adoption of this smaller establishment will suffice to place the Stamps Office on a footing equal to the duties required of it.

7. The Board of Revenue have given their careful attention to all the arguments urged by the Superintendent of Stamps in both of his communications now under submission, that the

7. The Board of Revenue have given their careful attention to

be greatly enlarged in consequence of the passing of Act. XVII 1848, and that the increased labor and responsibility so occasioned must be met by a proportionate increase of Establishment cannot be doulted - the Board have therefore no hesitation in recommending the entertainment of the additional Servants entered in his revised Statement. The number of Servants thus to be newly employed will be seven, their aggregate salary at the rates fixed by Mr. Bruce would be Rupees 121 per mensem - but the Board would reduce it to Rupees 110 - The Board have been very reluctant to advise any addition to the pay of the Servants now in the Office - Considering however the extent to which their labors and responsibilities have been augmented by a measure which not only doubles the previous

previous issue of Stamps, but imposes a new duty that of auditing the Stamp refunds - and the importance thence arising that the situations of Manager and Accountants should be so remunerated as to ensure their being efficiently filled, the Board have thought it proper to support Mr. Bruce's recommendation in favor of raising the pay of those appointments to the extent of Rupees 65-8-0 per Mensem instead of Rupees 85-8-0 as proposed in his Statement - The details of the arrangement which the Board would recommend are shown in the subjoined Memorandum; and should the Government be pleased to approve it, the Superintendent will be directed to forward it for submission to the Government of India in the usual form..

It will be seen that the Total cost of the proposed Establishment is Rupees 578-8-" per Mensem being in excess of that now entertained by Rupees 175-8-" but below those recommended by the Superintendent of Stamps in his letters of 11th May and 5th June last by Rupees 106-"-" and Rupees 35-4-" respectively.

8. The Board may embrace this opportunity of noticing the proposals contained in the correspondence which accompanied the Resolution of Government No. 594 of 27th June last, and upon which they have been required to afford information Viz.t that of having the Stamps required for the use of the Madras Presidency struck off at Calcutta by means of the new stamping Machines sent out thither as by the Honorable the Court of Directors

In Corr.e 5th July 1849.

(To Superintendent 5th July 1849)

The Board have consulted the Superintendent of Stamps upon the expediency of

of such an arrangement and they beg to submit his report upon the subject. It will be seen that Mr. Bruce besides objecting to the measure, on general grounds upon considerations connected with the provisions of Regulation XIII 1816, and with the engagement now subsisting with his Cadjans and Paper contractor, has submitted calculations to show that the stamping of papers and Cadjans at Calcutta and their transmission to this Presidency so far from being attended with any saving to Government would in fact be infinitely more expence than the present system of stamping them at Madras.

From Superintendent of Stamps. 12 in Consultation 26th July 1849.

The Board must remark 9. that the objections arising from the provisions of Regulation XIII 1816 might be easily be removed by a short Legislative Enactment, if the matter were deemed of sufficient importance. The paper and perhaps the Cadjans (though the Board cannot speak with certainty

on

on this latter item) might then be ex-
furnished at once from Calcutta - and the
double freight entered in Mr. Bruce's
Memoranda thereby obviated The engage-
-ment with the contractor terminates in
April 1851 and he might doubtless ex-
readily be induced to resign the remainder
of his contract for a reasonable con-
-sideration - Again, the Superintendents
Estimates are framed for a two years
consumption or for 8,00,000 rolls of Stamp
paper and 6,000 Cadjans - on the grounds
that "the quantity on hand should be
"at least double the probable demand
"to preclude all risk of short supply"
But this observation will apply only
to the quantity to be furnished the
first year, after which the quantity ex
to be annually provided need only be
such as will upon an average equal
one years expenditure. Allowing
however for all these causes

in

in reduction of Mr. Bruce's calculations
it will be seen by the annexed State-
-ment that supposing his rates of ex
freight and other charges to be nearly
correct the saving which would be ex
effected by receiving stamps from ex
Bengal even if they be sent by a
sailing vessel would be trifling - and
not sufficient to counterbalance the
inconveniences which might be ex-
-perienced if this Presidency were left
dependent for the supply of stamp ex
Paper and Cadjans upon a stamping Office
at such a distance. If Steam conveyance
were employed in place of a sailing,
there would probably be a loss upon
the arrangement - Under these circum-
-stances the Board of Revenue entirely
concur with the Superintendent in depre-
-cating any change in the existing System.

From D. Venkata Soobbaiah — Sir

In submitting to the Board the accompanying Memorandum dated 2d October 1848, which I addressed to the Secretary to the Trustees of Puchey appahs Charities I respectfully beg leave to state that in consequence of my not having received any reply thereto for about a Month and a half I called upon the Secretary in the November following in order to ascertain the cause of the delay in furnishing me with the necessary information therein required, when I was informed to my surprise that the Memorandum had been sent in Circulation to the Trustees of orders.-

2. In the beginning of December last a Meeting of the Trustees was held I presume expressly for disposing of my Memorandum, when the President C. Streenevasa Pillay told me that

Submitting a Memo addressed to the Trustees of Putchey appahs Charities to which he has received no reply and respectfully soliciting the Board's support to enable him to obtain the papers and information he has applied for but which have been withheld from him by the Secretary and Trustees to that Institution.-

Enclosure 1.

that he had directed the Secretary to
shew me the papers and give me the inform-
-ation required by it if I would call at the
Secretary's Office any day - I then observed
to him in the Meeting that while all
papers are sent to the Trustees when they
are called for by them, why the Copies of
information required by my Memorandum
could not be sent to me. To this I think
he replied that the Secretary's time had been
engaged or made some such excuse -
I do not exactly recollect now - I then
said if my vocation permitted me to go
to the Office I will do so - but my vocation
is such that I could not conveniently go
over to the Secretary's Office in time, I addressed
a demi official Note to the Secretary on the
4th Ultimo, expressing my inability to call
over to his Office and requesting him there-
fore to send me at least a concise Ab-
-stract of the necessary information together
with all the papers adverted to in the Memo
but as I have not received a reply even thereto
I was obliged to address him officially on
the 1st Instant reminding him of my
two former requisitions, but the Board will
find

find by this address, that even my last
letter has also met with the same fate
as the two preceding ones -

3 I beg leave to reserve, for
the present my humble observations on
the mode of management of Puchappahs
Charities under the present ill adopted
constitution which the Board and the
Advocate General are not aware of, but
I respectfully submit to the Board whether
I am, as one of the Trustees, not entitled
to get the required information and the papers
called for by my Memorandum, which the
Secretary and the Trustees withholds
from me up to this date.

A
Memo

It appears by the decree
of the Supreme Court under date the 3d
February 1826, and the report of the Master
dated 21st March 1829 which latter was
approved and confirmed by the Court
that

11319. Fort St. George 26th July 1849.

That the bequest of late Puchayapah Moodeliar should be appropriated to and applied for the performance of certain particular Religious Charities &c. at the several Holy Temples of Hindoo Worship as were named in the list appended to the said decree and report, in the proportions therein setforth. The number of charities enumerated in the above list is from 1 to 28. As I am informed that certain charities are not performed I wish to be distinctly informed whether such is the case with reference to any of them. If so, why are they left undisbursed. I also wish to know what was the amount of interest drawn hitherto on account of such un-performed Religious Charities &c. and how and to what purpose it is applied. If there are any resolutions or orders regarding such unperformed Charities and for the application of its interest to other purposes I wish also to be furnished with them for perusal. With a view that I may understand clearly how the facts involved in the above queries are situated I request that the Secretary will be good enough to furnish me with a Statement in the accompanying form with all the information required by it as soon as he conveniently can.

To

The Secretary to the
Trustees of
Putcheyappah Moodeliars
Charities -

Sir,

I am surprised that you have not hitherto answered my letter to you of the 4th Ultimo with reference to my Memorandum of the 2d October 1848, pray let me know whether you would or not furnish me the information with the Papers therein called for I wish you to know that the Secretary of a Institution is bound to comply with any reasonable requisition of a Member or Members thereof. If you are prevented by P. Streenevasa Pillay & his adherents from furnishing me with the Papers which I suppose is the case, Pray let me know it at once If I do not hear from you within 5 days from this date I must conclude that you and the Trustees have determined to withhold the information -

Gentlemen,

From the President & Trustees of Putcheappahs Charities

Forwarding copy of the deed executed by the late Govindoo Naidoo containing detailed information respecting the nature of his Charities. Stating that the accounts connected therewith will in future be kept separate from those of Putcheappahs Charities and affording explanation in regard to the Board's observation that only a small portion allotted for Putcheappahs Prov. Schools and Professorships has been appropriated for that purpose

We have the honor to acknowledge the receipt of your Secretary's letter of the 19th Ultimo and have the pleasure to forward the accompanying Copy of the Deed executed by the late Govindoo Naidoo, containing detailed information respecting the nature of his Charities, the amount to be expended upon each and the places where they are to be performed, and also the instructions for the appropriation of the surplus fund to Educational Establishments, which we trust will afford your Board all the information called for. The Accounts connected with the receipts and disbursements of this Charity will for the future as suggested be kept separate from those of Putcheappahs Charities -

With regard to the observation as to the appropriation of a small portion only from the funds allotted to Putcheappahs Provincial

Fort St. George 26th July 1849.

Provincial Schools and Professorships in the Interior, we have the honor to inform your Board that the rates of Salary which are fixed at Rupees 35 and 17-8-0 for each Professor and School Master respectively being very low, we are unable to procure competent persons to take charge of such Institutions although we feel persuaded that their foundation is a matter of the highest importance, and would be productive of much benefit to the inhabitants of the different stations if their Establishments could be realized. It was some time since proposed to demand a small fee from the Pupils who might avail themselves of these institutions, with the view of thereby meeting any additional expense that might be incurred on account of obtaining Masters on a higher Salary but we were apprehensive that any thing of the sort however small would not be so acceptable to the Native Community in the interior as free Schools would be, and that it might tend in some cases to defeat the entire objects of the intended Educational

Institutions

Fort St. George 26th July 1849.

Institutions we have consequently suspended the Establishment of all the other Provincial Schools for the present with the exception of the one at Conjeveram which was founded in March 1846 at an expense of about Rupees 100 per Month which amount has been defrayed from the general fund allotted to the whole of the Provincial Establishment there remaining having been carried to the account of the surplus fund.

We have also the honor to state that the accounts for the year 1848 will be forwarded at an early date.

We have the honor to be
Sir
Your most obedient
humble Servants

From D. Venkatasoobiah
Trustee of Putcheyappah Charities

Submitting a Minute A. questioning the correctness of the explanation afforded by his Colleagues respecting the small sum appropriated out of Putcheyappah's Charities

Sir

I respectfully beg leave to submit my Minute with reference to the reply of my Colleagues, to the requisition contained in Para 3 of your letter under date the 19th March last respecting the non-establishment of Putcheyappah Moodelliar's

charities for the Conjeveram School and for carrying the balance of the sum intended for this purpose to the Surplus fund and an=nexing a Minute B protesting against the election of P. Soobaroyloo Naidoo as a Trustee point=ing out that he was impro=perly elected and hoping to carry before the Board the re=sult of the Ma=nagement of Putchayappahs Charities by the Trustees as now con=stituted.-

Moodelliar's provincial Schools. On my Minute being Circulated, the Trustees my Colleagues convened a Meeting on the 1st Instant for the express purpose of dispos=ing of it. I attended that Meeting with a view to discuss and propose the ne=cessary measures so as to promote the opening of some at least of the e= schools in question for the future, as far as the funds may admit of it, but to my surprise my colleagues without any discussion or affording explanation to my Minutes referred to above adopted the original draft by Votes. I do not o= object to their Votes if questions are regularly canvassed and decided but I am sorry to report to the Board that my Colleagues are determined in order to cover their irregularities not to encourage any fair discussion or Suggestions. I however desired the President and the Trustees in that Meeting that since they took no Notice of my= Minute,

Minute they should submit it with their letter to the Board of Revenue, but as they positively declined complying with my request I am obliged to submit it myself.-

2. I beg to take this op=portunity to submit my Protest against the election of One. P. Soobaroyloo Naick a Viestnava as a Trustee in the room of D. Nagojee Row who was recently no=minated and has now resigned, I believe on account of the fearful irregularities in the administration of Putchayappah Moo=delliar's Charities, which I have myself animadverted upon on various occasions.-

3- In conclusion, I respectfully beg leave to express my humble opinion that unless the Board review fully the w= working of the present constitution and appoint competent individuals as Trustees the

+B Note. Of the present Trustees 8 belong to Vistnoo faith and one only to that of Seva while out of the 28 Charities enumerated in the decree of the Supreme Court 24 are for Charities appertaining to the Siva faith to which testator be=longed and only 4 to the Vistnoo faith.-

the charities of Putcheyappah Moodelliar cannot be regularly performed. I hope I shall soo be in a condition to lay before the Board my observations on the manage=ment of the Charties by the present
+ My Colleagues Trustees+ as soon as I get the required information which my Colleagues i= with hold from me in a proceeding which would be unnecessary if all were as it ought to be, and which I have already brought to the notice of the Board in my address under date the 19th Ultimo.-

Minute- A

This is really a very un= =satisfactory explanation. I would ask why the Trustees have not taken steps to establish more Schools and Professorships. Will it not be more creditable to themselves as it will be advantageous to the Native community if they have established schools and Professorships in at least 4 or 5 populous districts

districts out of the Jurisdiction of the Supreme Court enumerated in the list with the entire fund at their disposal in ad= =dition to the one which was recently opened at Conjeveram than putting forward a plea that the funds are not sufficient to carry out fully the orders of the Court according to the scale therein sanctioned.

* My Colleagues I do not say it did not strike the= Trustees, but I assert that they have wilfully neglected their duty. if otherwise, can they prove that they have ever attempted it and failed? I must ask what the Trustees had done with the large sum of money they have drawn? The explanation= afforded by the Trustees that they have defrayed only a small portion of it on account of Conjeveram School out of the funds hitherto drawn by them on account of the whole of the Provincial Schools and the remaining has been carried to the Account of Surplus Fund is a mere Judge. I would ask whether that amount has not been applied to unautho= =rised purposes? if so can the Trustees

Fort St. George 26th July 1849.-

Trustees shew me on what authority if they have any at all, they did so, which in my opinion they have no right whatever to do. Vide the decree of the Supreme Court and the Regulation 7 of 1817.- With this remark I must decline concurring with the Trustees in the explanation they have prepared for submission to the Board, and must candidly confess that it would be vain to look to the present constitution for proposal of any measures calculated to satisfy they anxiety of the Board with reference to the establishment of Provincial schools and this is partly evident from the fact of the Trustees not taking any notice of it.-

D. Nagojee Row's letter of resignation is dated 18th Ultimo, which ought to be first circulated to the Trustees and then brought before a Meeting in order to give a fair opportunity to the Trustees to pro=pose one or more competent individuals for the vacant post and discuss on

Fort St. George 26th July 1849.-

on the merits and qualifications of those proposed and decide finally.- This is the usual mode, I think, observed in all institutions of this kind.- Setting aside this course the President, after having kept with him Eight days the letter of resignation, sends a Tamil order to the Secretary under date the 26th Ultimo, directing him to prepare a draft expressive of the election of one P. Soobroyloo Naick in the room of the resigned Trustee and to circulate it forthwith.- The Secretary accordingly circulates D. Nagojee Row's letter, a draft to P. Soobaroyloo Naick, intimating that he has been elected and requesting him to accept the Office and also a draft to the Board of Revenue soliciting their sanction before the election is approved of by the whole of the Trustees.- Is it not a most lamentable irregularity.?- I assert so, because a Trus=tee or Trustees may have objection to the selection of the individuals and if there be any it should have been discussed and disposed of in the meeting

My Colleagues Meeting. Last the Trustees does the present mode of disposing of business afford such opportunity- I say candidly I am not jealous of the President's self-er disposal of all matters without previous communication to and Consultation with the Trustees provided he does them fairly and consistently: but-er I assert it is not the case. My several Minutes and remarks on the record on various subjects will bear me out in the above expression. I now come to the election of P. Soobaroyloo Naick which I oppose on the following grounds.-

1st The Present Trustees are Viestnavas, who by their religious prejudices and principle are opposed to the faith of the founder, Putcheyappals Moodeliar who was a Siva and whose charities cannot therefore be expected to be performed by them fairly as required by the decree of the Supreme Court and the orders of the Board of Revenue-

Viestnavas

2d The present Trustees have wilfully

wilfully neglected many Siva Charities &c-

3rd The present Trustees have willfully misappropriated the Funds allotted to Siva Charities &c which they have no right to do.-

4th The present constitution of the Trustees is not of the description originally sanctioned by the decree of the Supreme Court, to expect that they will do justice to Siva Charities. &c.-

7 Sivas
2 Vaishnavas

5th The present Trustees are selected by the President for no other purpose than to support his acts.-

8 Vaishnavas
0 only
1 Siva

6th The great Majority of the Trustees being Vaishnavas, they are not competent to elect a fit person in the room of D. Nagoji Row resigned.-

7th I have not more than a single Vote in my favor on matters connected with the charities, and any suggestion from me has always met with a determined opposition from the present Trustees- I am therefore unwilling to propose an individual who is both by Religion and Character qualified

qualified to the vacant Post.-

8th Under the above circumstances
I protest against the irregular
+Viestnava election of P. Soobaroyloo Naik which
is quite contrary to the usage of the
country.-

From D. Venkatasoobiah — one of the Trustees of — Putcheyapah Mr's Charities.

Sir,

With reference to my letters to you dated 19th April and 17th May last, I take the liberty to enclose copies of those which I addressed to the Trustees of Putcheyappah Moodelliar's charities and to their Secretary on the 26th ultimo. as those letter remain unanswered I of course conclude that they are by no means desirous of my continuance with them, at this I have hitherto been actuated by the best of motives and have never borne them

them any ill will, I am still forced by their Proceedings in regard to me to throw up Office.- As my nomination has received the sanction of the Board, I consider it a duty incumbent upon me to submit to them the grounds on which I have resigned the Office, and which are explained in my present letter to the Trustees.-

One of the Trustees of

Putcheyapah Moodelliar's Charities

No. 1.-

To,

The President and Trustees of

Putcheyappah Moodelliar's

Charities Madras.-

Sirs

1 You called a Special Meeting for the 17th instant, when the Secretary's notice was circulated I observed that the object for which the Meeting was convened should have been stated specifically.- Notwithstanding this informality, I attended, at attended at the hour named by you.- The President then wished to

to Know by whom information on certain matters connected with the charities had been given to the Profs. I denied in strong language that I did any thing of the Kind. He afterwards called upon me to prove my charge of "wilful Misappropriation" of the charity funds. my answer was that if I could have Known that you had met for the purpose of investigating into the said charge, I should have brought with me the necessary papers but that I should be prepared to meet the requisition without any unnecessary delay provided you would address me officially on the subject. This you have refused. I then observed that you should send me at least your proceedings of the day which also you have refused. on this it was decided by you that I should consider myself suspended until the charge of Misappropriation had been made good by me.-

2. I was not aware of your being clothed with the powers to suspend any Trustee whose nomination has received the sanction of the Board

Board of Revenue.-

3. Your hostile bearing towards me from the beginning is self evident in all your proceedings. I could have foreseen at once that I was not to expect you would cooperate with me in any measure which had for it's object the good of the charity. I was therefore fully prepared, if there were no change for the better, to relinquish my connection with you so soon as an opportunity had offered.-

4. To Convince you however that I do not shrink from responsibility I have to repeat that I will not throw up Office before I shall have afforded ample proof to substantiate the charges preferred against you. Suffice it to say on this occasion that the following is one instance of the grounds of my proceeding. By the decree of the Supreme Court Pages 286 you are required to perform certain Siva Charities at an expense as shewn in the Margin of Rs. 3,570- per annum, which sum is set a-part for that & particular purpose. You have not for many

many years, acted up to this part of the decree on the most frivolous pretext but can you shew that the sum which has thus been accumulating since the year 1846, and amounting to about 12,000 Rupees is now available? I say that it is not, and that it has been applied by you to purposes quite foreign to the special objects contemplated by the Decree and in direct opposition to the solemn declaration of the advocate General. If this is not to be called a "wilful Misappropriation of the Charity Funds" I am yet to learn what other term will apply as will-

5. All my other charges I am prepared to make good in like manner if any two or three persons should be selected by competent authority to pronounce on the merits or otherwise of each. If this cannot be done, I must in that case, cease to act with you in my capacity of Trustee, not from disinclination but from the want of that good will and harmony which

Advocate General's letter to the Trustees in an item of unauthorised expenditure by them.-

"But I am Officially bound to acquaint you that you cannot legally and under the provisions of the decree apply any of the Funds to such purpose. It is absolutely necessary that the appropriation of the Funds in Charity should be strictly confined to the objects specified in the Decree and letter of the Board of Revenue. It is absolutely requisite that a strict adherence to your prescribed duties should be observed - when once a deviation is permitted there is a bad and illegal precedent set and there is no end to the abuses which may follow. The Trustees can no more appropriate any portion of the Funds to other Charitable purposes than those expressly provided for than they can Misappropriate them to any the most illegitimate purposes. It is my sworn and express duty as Advocate General to prevent all deviations from the prescribed course of appropriating Funds.-

which are known to pervade the proceedings of all other public bodies entrusted with the administration of any Charity Funds-

To The Secretary to the Trustees of Putchayapah Moodeliar's Charities-Madras-

Sir,

I request you will be good enough to circulate the accompanying letter to the Trustees and let me know their decision in 4 days from this date- I would have addressed them ere this had I not been indisposed. If I am not favored with a reply within the period named above- I shall have no other alternative than to pursue the course pointed out in Para 5 of the present letter.-

Proceedings thereon-

Containing the Board's observations and orders on the explanation of the Trustees

In submitting their Statement under date 25th December 1848, of the receipts and disbursements on account of

45

of Patchey-apahs charities regarding the endowments of Govindoo Naidoo and the non Establish-ment of pro-vincial schools & professorships at the prescribed Stations and Venkatasubyahs letter questioning the Proceedings of his Colleagues in various matters.-

of Putcheyapah Moodeliar's charities for the year 1847 the President and Trustees for the Management of those Institutions informed the Board that a benevolent Hindoo Gentleman: arnary Govindoo Naidoo had requested them to undertake the Management of certain charities established by him at Madras, and in the interior, and had executed a deed of Assignment to them to that effect which had been approved by the Advocate General, and that they had consequently acceded to the request. The Charities it was explained were to be maintained from the proceeds of landed property and the surplus was to be ap-propriated for purposes of education among the Hindoos. The estimated amount of the property so assigned was about 40,000 Rupees the receipts from it during 1846 amounted to Rupees 2003-8-9 of which Rupees 1,772-1-11. had been expended upon the charities above mentioned, leaving a surplus of Rupees 231-6-10. which conformably with the deed

O.G.

deed of Assignment have been paid over to them as Trustees. Arnary Govindoo Naidoo died on 21st December 1847 from which time the Trustees had undertaken the management of his charities but as he had not furnished them any accounts prior to his decease, they were unable to render any to the Board of Revenue for the year 1847. The gross amount collected from Govindoo Naicks property Rupees 2003-8-9 for that year and the gross amount expended Rupees 1772-1-11 were entered in the Statement of receipts and disbursements for Patcheapah Moodeliés Charities submitted by the Presidents and Trustees with their letter-

2. In their reply of 19th March 1849 the Board called for more detailed information in respect to the nature of the charities established by Govindoo Naidoo, the amount to be expended upon each, and place of its performance, as also in respect to the appro-priation of the surplus remaining after defraying the expenses of those charities.

its

its probable amount, and the place and character of the educational establishments to be maintained from it and directed that all receipts and disbursements on account of these charities and establishments should be kept distinct from those on account of Patchiappah's institutions and should not be exhibited in the same annual statement. They further remarked, that but a small portion of the sum, Rupees 4,410. available annually for Provincial Schools and professorships had been expended and requested explanation why more had not been done in this respect, and as to the measures to be taken for that purpose in future.

In Cons. 26th July 1849.

3. On the 2nd May last the President and Trustees in reply to the above requisition forwarded copy of the Deed executed by the late Govindoo Naidoo which it was trusted would afford full information upon all the points which the Board had noticed. With respect to the appropriation of a small portion only of the Fund allotted to Patchiappah's Provincial Schools and Professorships in the interior,

it was explained that in consequence of the low rates of Salary Rupees 35 and Rupees 17-8-" per mensem fixed respectively for each professor and School master they had been unable to procure competent persons to take charge of the institutions. They had been unwilling as had been proposed, to demand a small fee from the pupils with a view to furnish means for augmenting the Masters Salaries lest the measure should prove unacceptable to the Native community, and they had consequently suspended the establishment of all other Provincial Schools for the present with the exception of that at Conjeveram which had been founded in March 1846 at an expence of about Rupees 100 per Month, which amount had been defrayed from the general fund allotted to the whole of the Provincial Establishments, the remainder having been carried to the account of the surplus Fund.

4. In the deed, of which copy was transmitted with the foregoing letter, Aranary Govindoo Naidoo vests certain

certain property in lands and houses in the Trustees for Patcheappahs Charities in Trust to pay, after his decease certain Sums and allowances to different Members of his family to defray the expences of certain Ceremonies some of which are mentioned but the greater part of which seem to be particularized in a list subjoined to the Deed, with which the Board have not been furnished and to apply the residue for the "same educational purposes within "the Town of Madras and upon the same "discretion of the Trustees as are provided for "and allowed" in respect of the charities (i.e. those of Patcheappah) directed for educational purposes by the decree of the Supreme Court of Madras dated 30th October 1832, and the subsequent Decrees and decretal orders made in the same suit or by the Charter or order of the Board of Revenue dated 20th April 1842. In default of such provisions by such decrees Charter and order being sufficient for the purpose of the Deed (but not otherwise) than the residue is to be devoted to such educational purposes for the better instruction of Hindoos as the Trustees

for

for the time being of these presents shall at their discretion direct and appoint and subject to their accounting yearly for the same to the advocate General or other principal Law Officers of the Government of Madras for the time being.

5. The religious and charitable institutions to be supported from the proceeds of Govindoo Naidoos Estate, are as above stated entered in the list with which the Board have not been furnished of such as are to be mentioned in Madras the Board can of course take no Cognizance. Those to be kept up in the Provinces will under the provisions of Regulation VII 1817 be subject to the general Superintendence of the Collectors of the Districts. The religious and educational Establishments in the Provinces which were placed under the direction of the Revenue Board by the Decree of the Supreme Court of 5th August 1841 and those to which the order of the Board of the 28th April 1842 applies are those only which have been endowed from the Estate of Patcheappah Moodelly. However laudable therefore may be the objects

contemplated

expresses his dissent from the reasons assigned by the President and other Trustees for the non-establishment of the educational institutions in the Provinces and objects to the election of P. Soobaroyloo Naidoo as a Trustee in the room of D. Nagojee Row resigned.

8- With respect to the first of the subjects brought to notice by D. Venkatasoobyah the Board do not gather from his letter to them of the 19th April 1849. that the President and Trustees had withheld from him the information and papers required but that they had desired the Secretary to show the paper and give the information required if he D. Venkatasoobyah would call at the Secretary's Office any day." Whereas D. Venkatasoobyah requested that all the papers adverted to in his Memorandum with an abstract of the information required should be sent to him. The Board are not sufficiently acquainted with the mode in which business is transacted by the

the Trustees to determine which of these two modes was the most usual and regular, but the resignation of D. Venkatasoobyah renders it unnecessary to pursue this part of the subject.

9- Upon the explanation furnished by the President and Trustees respecting the limited extent to which educational institutions have been established in the Provinces the Board have already remarked

10- The objections urged by D. Venkatasoobiah against the election of P. Soobaroyloo Naick to be Trustee are, that of the 9 present Trustees 8 belonging to the Vishnoo faith whereas Putchaipah Moodely himself was a follower of Siva and of the 28 Charities enumerated in the Decree of the Supreme Court 24 are for Charities appertaining to the Siva Sect. The present constitution of the Trustees is not of the description; 1 Siva and 2- Vishnoos originally sanctioned by the decree of the Supreme Court and

and

contemplated the requests made by the late Govindoo Naidoo or however proper that the administration of those requests should be undertaken by the parties who are also vested with the management of Patchaiyappa's institutions it does not appear to the Board that the administration of Govindoo Naidoo's charities falls under their special control, or that the accounts and reports connected with the latter should be annually submitted to them and they resolve to inform the Trustees that those accounts should not be so furnished to this Office for the future.

6. With regard to the explanation given by the President and Trustees of the small amount expended upon educational establishments in the Provinces the pay fixed for the Professors (Rupees 35) is certainly inadequate but the institution of such Professorships is not urgently called for, the subject on which they are to give instructions Viz. the Laws Customs and Regulations under which Government is conducted and justice administered throughout the Presidency

Presidency of Madras being one which the Natives in the Provinces in their present state of education can hardly appreciate. The salary Rupees 17-8-0 for school Masters who are required to also teach the English language is likewise low. It is observed however that at Conjeveram the only station at which a school has yet been Established a Teacher has been appointed at Rupees 30 per Mensem. There seems no reason why similar arrangements should also not be made for founding schools with Masters on reasonable rates of salary at least the more important of the places specified in the Decree of the Supreme Court.

7. The Board of Revenue have received communication from D. Vencatasoobyah one of the Trustees of Patchaiyappa's charities but who has lately resigned his Office in which that party complains that certain papers and information relative to the affairs of the institutions which he had called for had not been furnished to him

of Professors

and they are therefore not competent to elect a fit person in the room of the individual D. Nagojee Rao lately resigned.

11. The Board do not find in the Decree of the Supreme Court regarding Patcheappahs Charities under date 30th October 1832 - which is upon their records nor in the summary of the other Decrees prefixed to their order of 28th April 1842 nor in the order itself which was drawn up in conformity with those decrees any specification made as to the sect of the parties of whom the Committee for the Management of the institutions was to be composed. It is simply stated that the Members of such Committee are to be "Hindoos and Householders resident within the local

Note.
It is possible that D. Venkatasoobyah may only mean that the Trustees originally appointed by the Supreme Court were 7 Smartas and 2 Vishnavites and he wishes it to be inferred that the same proportion of Smartas to Vishnavites in the Committee should have been maintained. Not that any rule to that effect was actually laid down in the Courts decrees.

local limits of the jurisdiction of the Supreme Court of Madras" and that "any Vacancy which may happen from death resignation or otherwise is to be filled up by election and appointment of the remaining Members of the said Committee two thirds of whom are for such purpose to be necessary to form a Majority" In the present instance the Board of Revenue have received no dissent from the nomination of P. Soobaroyloo Naick except that of D. Venkatasoobyah himself the person elected occupies a respectable position as Sheristadar of the Court of Sudr Adalut and the Board do not consider themselves warranted in withholding their confirmation to his appointment.

12. In the Enclosure in his last letter of 4th June 1849 resigning his appointment as Trustee D. Venkatasoobyah has further made some remarks upon the non-performance of certain Charities in the Provinces which he has enumerated. These Charities consist in the distribution of Rice on certain festivals and at certain Choultries the aggregate allowance for these

these purposes being Pagodas 1020 or Rupees 3570 of this sum Pagodas 300 is for the Pagoda and Choultry at Chellumbrum - The total amount allowed to the Institution at Chellumbrum is Pagodas 1120 or Rupees 3920 of which it would seem from the Statement furnished by the President and Trustees Rupees 1740-10 were expended in 1847 "the performance of the entire charity having commenced from April of that year." The next item to be noticed is that of the disbursement at Triviar Pagodas 240. or Rupees 840 the whole of this seems from the Statement above referred to. to have been expended in 1847 the two remaining items are the sums, Rupees 840 each. assigned for the Charities at Trivaloor and Teeroovalamurdoor - The first of these charities was not performed at all and the second but very partially in the year 1847 and the cause assigned is the same in both cases Viz. "the faithless conduct of the Ameen." This reason may have impeded the due performance of these charities for that year. but furnishes

no grounds for their continued neglect. The attention of the President and Trustees will be called to the circumstances in view to a more trustworthy agent being employed and the charities being duly carried out.

Ordered that the following letter be addressed.

46

To, The President and Trustees
for the management of
Putcheyapah's Charities

Inbcons: 26th July 1849.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 2d May last forwarding copy of the Trust Deed executed by the late Arnary Govindoo Naidoo and furnishing explanation in respect to the small proportion of the sum allowed for the support of Putcheyapah's Provincial Schools and Professorships which has been expended for that purpose.

2. On referring to the Trust Deed, the Board find that Arnary Govindoo Naidoo has thereby vested in you as the Trustees of Putcheyapah's Charities certain lands and houses, in Trust, to pay from the proceeds thereof, after his decease certain sums and allowances to different Members of his family, to defray the

expenses

expenses of certain charities and religious ceremonies particularized in a list appended to the Deed, and to apply the residue for the same educational purposes within the Town of Madras and upon the same discretion of the Trustees as are provided for and allowed in respect of the charities directed for educational purposes by the decree of the Supreme Court of Madras, dated 30th. October 1832, and the subsequent decrees, and decretal orders made in the same Suit, or by the charter or order of the Board of Revenue dated 20th. April 1842, in default of such provisions by such decrees charters and orders being sufficient for the purposes of the Deed (but not otherwise) then the residue is to be devoted "to such educational purposes for the better instruction of Hindoos as the Trustees for the time being of these presents shall at their discretion direct and appoint, and subject to their accounting yearly for the same to the Advocate General or other principal Law Officer of the Government of Madras for the time being"

Copy

3. Copy of the list of charities or religious Ceremonies to be supported from Govindoo Naidoo's Estate, which appears to have been appended to the Trust Deed has not been furnished to the Board. Such of those charities and Ceremonies as are of a public character, and are to be performed in the Provinces will fall under the general supervision of the local Officers acting under the provisions of Regulation VII. 1817. The educational Establishments to be maintained from the same source are to be within the Town of Madras. The orders of this Office of the 28th. April 1842 and the decrees of the Supreme Court upon which they are founded relate only to those institutions, educational or charitable, which have been endowed from the Estate of Patcheyappah Mooodely and however proper it may be that the Committee for the management of those Establishments should undertake the superintendence of others of a like character founded by other parties it does not appear to the Board to

to be necessary that any reports or accounts except those connected with Patcheappah's institutions should be submitted to this Office. I have therefore to request that the future statements to be furnished to the Board may be confined to the receipts and expenditure on account of Patchey: appah's charities only.

4. With regard to the explanation which you have furnished of the causes which have prevented a larger expen: diture for Patcheyappah's educational Establishments in the Provinces, the Board agree with you that the rates of remune: ration fixed for the Professors and School Masters are insufficient to secure the ser: vices of competent persons. The Establishment of the Professorship in the present state of education in the Provinces does not appear to be urgently called for; but the Board think it very desirable that measures should be taken for founding upon Arrangements similar to those of the Conjeveram School, other Provincial Schools at least at most populous and important of the places specified in

in the decree of the Supreme Court, such as Chellumbrum, Streerungum, and Madura, and they would beg to draw your attention to the subject.

5. The Board of Revenue have received communication from D. Veneatasoobiah formerly one of your body but who has lately signified his resignation of his Trusteeship, in which that indi: vidual adverts to the performance of certain of the Provincial Charities. The only instances which the Board need mention are those connected with the Choultries of Seeroovalore and Seeroo: vadamurdoor. On referring to your abstract of general receipts and disbursements for 1847 it is perceived that no expenditure was made during that year for the first of those charities and that as regards the latter Rupees 88-12-1 only were disbursed out of an allowance of Rupees 840. The reason assigned for the nonperformance of those charities as of some others in the list is the same Viz. "the faithless conduct of the Ameen", the Board of

11389 Fort St. George 26th. July 1849.

Revenue do not doubt that you have since taken measures for securing the services of a more trustworthy Agent and for more fully carrying out the charities in question.—

Ordered also that the following letter be addressed.

(40 - 47.)

To,

The President of the Committee for the management of Patcheyappah's Charities—

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 11th. May last and in reply to convey to you the confirmation of the nomination of P. Sooba royooloo Naidoo to be a Trustee for the Management of the Patcheappahs' charities in the room of D. Nagojee resigned.

Resolved that the following letter be despatched.—

To the Chief Secy to Govt. } Stating the result of the Boards enquiry into the subject of Petition 1230 of 1848. presented to Government by certain Bhurkeet tee Enamdars in the Cuddapah District and conveying the Board's views thereon.

Ord. Petition Cons. 1st June 1848 No. 2.

To The Chief Secretary to Government.—

Sir,

Adverting to the order of Government dated 3d. October last calling upon the Board of Revenue to submit their opinion, in communication with the Collector of Cuddapah, upon the subject of a Petition presented by certain Bhurtwarte Enamdars in that district, I am directed to submit the Endorsement passed by Mr. Cochrane on the reference made to him with the following remarks by the Board.—

2. The particulars connected with the share of the Inam which the Petitioners

To Govt. 1st June 1846 request may be continued in their joint names was laid before Government in the communication from the Collector dated

In Cons 1st June 1846 the 30th April 1846 wherein it was stated that the father of the present applicants held at the time of his death 7/16 share in a Bhutwarte Inam valued at 3-13-2. (which was originally granted by the Cuddapah Mayanah Government about 140 years ago

ags to one Narsimha Pantooloo the sons of the deceased" in addition to which he possessed a share of a Bouroojoo Enam also granted by a former Government at a date unknown.-

Para 5. In Cons 10th Augt 1846.

3 By the orders of Government under Date 7th July 1846 these Enams continued for life only in the name of the Eldest Son resumable by Govern on his demise against this order the Petitioners now appeal and pray that the names may be associated with their elder brother in the grant and that it may be continued to them collectively.-

4. It will be seen by Mr. Bo Endorsement that the present is a ca similar to others in which Enams have been allowed to continue in the direct male line of descent without limitation as to the life of the existing holder and he accordingly recommends that the res tion imposed by the order in question be removed.

5 The Board entirely concur in the opi

opinion and they therefore beg to suggest that the Collector may be authorized to give effect in this instance to the more recent rules by which the succession to Bhutwrte Enam is now permitted to pass to the heirs of deceased incumbents. They would however advise that the grant be continued in the name of the eldest son leaving the distribution of the proceeds to be adjusted among the several sons of the deceased.-

No 654

1 From the Secy to Government

Containing the observations and order of Government on the Boards Proceedings relative to the settlement of Land Revenue in the Province of Kurnool in Fusly 1257.

Extract from the Minutes of Consultation Under date the 16th July 1849.

Read the following Extract from the Proceedings of the Board of Revenue.

/Here enter 11th June 1849 No. 242/

Para 1 The season of Fusly 1257 / pending July 1848/ seems to have been on the whole a very favorable one, though in the Dhone taluck the tanks ran short. The price of grain kept up, and the Kists were collected without difficulty.

2 There was an increase both in the Land Revenue demand, and in the Sooty and Enamity Collections, with an increase of 607 - 12 - 5 in the Amount

Amount of Remissions. The Net Increase in the Demand above fusly 1256 was 18,482 Rupees as shewn in the following Abstract / parts of a Rupee being omitted.

	1256	1257	Increase
Land Revenue Demand	6,04,938	6,22,112	× 17,174
Remissions.			
Cahoodaty Bunjer	189	376	
Crops destroyed	44	714	
Tseriva Cummee	378	129	
	611	1218	607
Net Demand	6,04,327	6,20,893	
Add Jodee and Enamity	75,108	76869	× 1761
	6,79,435	6,97763	
Paid to Petty Jaghеerdars, Cazees &c.	5,495	5,340	× 154
	6,73040	6,92,423	Net 18,482

3. Although the Remission on account of dried up Crops / 270 Rupees / was an item not in the Summabundy of the previous fusly Mr Shillipsi gives good reasons for the relief

as

as also for the other remissions.

4. Of the amount of 29 Rupees "Tseriva Cum=mee" $\overset{Rs.}{82}\cdot\overset{A.}{3}\cdot\overset{P.}{-}$ is a Remission on land planted with Mauritius Sugar cane $\overset{Rs.}{16}\cdot\overset{A.}{12}\cdot\overset{P.}{2}$, land sown with American Cotton and $\overset{Rs.}{30}\cdot\overset{A.}{4}\cdot\overset{P.}{-}$ a deduction made from the Puttah of the Curnum of Chain =ta comma diana.

5. Under the circumstances explained in para 15 of Mr Shillipsi Report, shewing that this Remission has been made every year since 1251 and in accordance with the re=commendation of the Board of Revenue the Right Honrable the Governor in Council is prepared to authorize the Land valued at 66¼ Rupees in the Curnums puttah to be entered as his Enam liable to a Jody of 36 Rupees annually as soon as the information required by the Board is obtained.

Agents letter para 19 Boards proceedings para 3

6. Of the Net Demand on the Land Revenue Amounting to 6,20,893 Rupees, it appears that

Cuboolaty Bunjer payable.

Fusles	Rt
1254 –	13,884
1255 –	10,773
1256 –	9,685
1257 –	7867

that 7,867 Rupees are demanded for land agreed to be cultivated but left waste. The Government are happy to observe that there has been a gradual decrease of late years under this head as per margin, though it is evident the only real remedy will be in the permanent and regular assessment of each field. Till this is effected, some means not quite in accordance with the rules in other Districts must be used to check the undue advantage would otherwise be taken by the Ryots to the detriment of the just rights of Government. still the smaller this item becomes, the more the discrimination of the Local authorities in making the Villavary is apparent.

7. With regard to Lands cultivated with Sugar cane, the Right Honorable the Governor in Council although quite aware of the propriety of the Rules laid down by the Board on this subject, thinks their strict enforcement is hardly applicable to Kurnool in a Country where the field teerwah

× elsewhere called Dittum, Agents letter para 30. Boards' Proceedings Para 4.

is almost a random figure, the adoption of the Boards rules would create the following rates on similar lands 21 - 44 and 61 p. Rupees. It is true that 3 rates equally irrecoverable existed in the Nawabs time, shewing a gross irregularity which it is not desirable to perpetuate. The average rate of 40 Rupees seems also to have satisfied the Ryots / who probably paid much more to the Nawab notwithstanding any nominal teerwah / × To take a teerwah from "that imposed on similar lands in neighbouring Villages" would be to take the choice of 10 or 12 different rates, as it is well known that in Kurnool the teerwa was not so fixed according to the soil as to render it any guide at all. It is hoped that these circumstances will have their due weight before any final orders are passed.

8. With regard to para 5 of the Boards'

Vide statement accompanying the Agents Report. The whole extent of land cultivated with sugar cane is

	Acres
Circar	69
Enam	10⅓
	79⅓

is inclined to believe that the extra levy is not of a nature to call for any change, any more than the usual. "Hufsul Jastee" paid by Enam lands.

9. The "disputed balances" / Amounting this fusly to Pr 483 - 15 - 4 / due by Enamdars will be taken into consideration when the report called for by the Board is submitted.

10. The Right Honorable the Governor in Council authorizes the writing off of the sum of Pr 111 - 5 - 11 irrecoverable Land Revenue Balances of Fusslies 1252 - 53 - 54 as recommended in para 8 of the Boards' proceedings

11 The Board observe in para 11 of their Proceedings that the Agent has acted without authority in making the first kist payable in November, where as it has usually been December. The agent should have referred the matter to the Board but the step in itself does not seem unadvisable considering the seasons in this part of the Country and also

also that the 1st Kist both in Cuddapah, and Bellary is in November.

12. The Balance at the close of the Fusly was only Rupees 4,99 - 9 - 8 and at the close of August only Rupees 2,395 - 8 - 4 out of a Demand of Rupees 6,92,423 - 1 - 3 or 680 and 345 per 1000 respectively, a state of affairs very satisfactory, especially considering there is a net increase of 18,482 Rupees above the Demand of the previous fusly. In fact there seems to have been a general advance in the prosperity of the District during the fusly under review, as by the comparative Abstract of the Revenues from all sources.

	1256	1257	Increase
Land Revenue	673,941	692,423	18,422
Moturpha	44,497	51,569	7,071

Stamps	1,261	1,761	503
	811,896	844,259	32,363

13. The following abstract exhibits the total "Collections" from all sources" since the Country came under our management.

Fusly	Rupees
1250	7,36,823
1251	7,14,358

1256	7,97,613
Average	7,15,240
1257	8,31,222
Increase	1,15,982

The above Abstracts, are taken from some of the useful Tabular Statements exhibited by Mr Phillips in the body of his Report.

14. With regard to the Revenue from Land /including Jody and Enamity from 75 to 80 thousand Rupees/ the following abstract from Statement 3 of the enclosures with the Agents report will

will shew the progress.

	Demand	Collected	Remitted	Balance
1249	7,17,382	6,86,818	30,564	"

1257	6,92,423	6,87,723	"	4,700
Increase	28,144	54,490	"	"

15. The first complete Jummabundy made by the Officers of Government was in Fusly 1250, and if it is taken into account what great remissions were made on the few first / too/ heavy settlements there is reason to believe, that though the Enamity tax has been greatly reduced, the resources of the Country may be considered improving.

In

16. In the Nawab's time the Land Revenue of the District was estimated at 7 lacs of Rupees / including the Jaghеers of his Relations since resumed / and this was collected with violence and extortion. Besides this he collected about 60,000 Rupees of "Enamity" or extra cesses on Enams. about 1½ lacs from Abkarry and Sayer, and 80,00 Rupees Pilgrim tax / since abolished / Total about 9,18,000 Rupees.

17. The following Abstract compiled from statements 2 and 3 enclosed in the Agent's Report will shew the Extent of the District and the Quantity and Value of the Land cultivated in the last Fusly 1257.

*The Enamity does not include the Jody or Quit Rent, which was included in the Land Revenue In fusly 1257. The Jody was 42702 Rupees and the Enamity 34167.

The cultivation in Fusly 1251 was given in the old measure of Cadoor and taking 1 Cadee at 3½ Acres it would be about 3,69,000 Acres.

18. On the whole the state of this newly acquired Country seems to be satisfactory, and does credit to Mr. Phillips' management.

To J. F. Thomas Esqre
Chief Secretary to Government
Fort St. George

Sir,

1. I have the honor to annex the Copy of a letter received from His Highness The Nawab of the Carnatic forwarding a Persian Petition which His Highness had received from Sudrood Deen the Vakeel of Shaikha Inyaut Sahib the Jageerdar and successor at the Durgah of Nuther Vullee at Trichinopoly and transmitting along with it a Hindustanee Petition for the Right Honorable the Governor in Council.

2 Sudrood Deen the Vakeel represents in both petitions that the Servants attached to the Durgah of Nuther Vullee neither pay the rights of the successors as they promised, nor manage the Ceremonies of the Durgah in a proper manner and states that the Servants have no right to take charge of

of the Jagheer while the successor of the Original Jagheerdar and Meerasdid are in existence- That the latters right will be ascertained from the Deeds which are in the possession of the Deputy and he solicits that the Jagheer may be restored to Shaikha Mayan who will then defray the expense of the Durgah and pay certain sums to the servants and other heirs of the late Nujeeroodeen Deen and would likewise furnish the annual account to Government-

3. The Dewan of His Highness in his Endorsement on the persian petitions reports that the Nawab Wallajah &c. were formerly entered within the Durgah of Nuther Vullee, and a petition from the servants of the Durgah was sent to Government through the Nawab, and the present petitioners now solicits that his petitions be forwarded to the Government &c.

Adverting to the above I have the honor to refer to the Correspondence noted on the margin by which it will be observed that the disputes and Claims

The Right Honorable the Governor.

Governor in Council having given his attentive consideration to the Correspondence submitted by the Board of Revenue in the letter recorded above regrets that he cannot concur in their Recommendation or in that of the Acting Principal Collector of Coimbatore that Mr McIvors application for a grant of land on the Nulgherry Hills on the terms specified should be complied with —

2 It seems doubtful whether the Honorable Court of Directors would approve of a proposition which would have the effect of withdrawing Mr. McIvors attention and Superintendence from those public duties for which he was at great pains and expense particularly selected and sent out to this Country — However desirable therefore it may be to encourage projects of the kind brought forward it appears to the Governor in Council that as a public Servant Mr McIvor cannot consistently with his engagement to the Honble Court enter into such speculations

speculations and he sees no assurance in the correspondence now submitted that Mr McIvors brother has the means or intention of availing himself of the grant which has been applied for in his name —

3 The Board of Revenue have altogether omitted to advert to the manual prepared by them for the guidance of the Collector of Coimbatore in the disposal of lands on the Neilgherries for building or agricultural purposes which came under the consideration of Government in Extract Minutes of Consultation 5th April 1849 No. 353. The Governor in Council cannot discover that sufficient reasons have been assigned for such an entire departure as the Board propose from the terms of the Rules then laid down, and thinks that the arguments urged in favor of Mr McIvors application may with equal force be advanced on every future occasion and that to set aside the manual in the present instance would establish an inconvenient precedent —

4 Under these views the Governor in Council resolves to refer the matter to the Honorable Court of Directors by an early opportunity

Sir, I have the honor to transmit herewith a Plan of the ground proposed to be taken in, should the erection of Barracks at Jacktalla be sanctioned. The Cantonment itself is shaded green. It is apparently a larger space but all things considered it is not too much. as the great objection of the

The ground on the Coonoor side is enlarged as affording good situations for Officers Bungalows and also for preventing the erection of promiscuous Buildings in the immediate neighbourhood of the Barracks, of native followers who always accompany a Regiment, and I make no doubt if Troops are once established on the Hills, a large Village if not a Town will soon appear.

I have the honor to forward the Statement called for in your Circular &c. letter of the 11th June 1849 of the several trades, professions &c. assessed to the payment of Moturpha in this District and the Amount demandable from each for Fusslies 1255, 1256 and 1257 with the average

average Amount of the three Years.

The Statement is not &c. in strict accordance with the heading affixed to it, but from the Remarks entered in the Column left for that purpose the Board will perceive that it would have been impossible to furnish the particular sums actually realised under each individual Head, without a very lengthened inquiry and an examination of the Curnums Accounts, and that as it was presumed the &c. object was to shew the different Classes assessed to the Moturpha and the Government Demand against them rather than the precise sums they might actually contribute and which are sometimes collected in years subsequent to those for which they are due, the Statement was drawn up with the particular sums demanded from the &c. several Classes instead of the sums they had actually paid as being equally well

well adapted for that purpose.

I requested him to communicate with

Regiment / the 13th N.I. / and to make any arrangements he could for engaging the return Bandies, having in view the saving of the Bandies of this District.

4. The Bandy Maistries who accompanied the Hyderabad Bandies consequently with a view to employment for a return Journey proceeded several Stages in advance of the marching Regiment and presented themselves before Major Osborne, and having entered into a Contract by written agreement to supply 250 Bandies on the same terms on which they had been engaged from Hyderabad Viz.t Rupees 20 per Bandy, they returned to meet their Bandies. The deficiency required to be made up by District Bandies was thus ascertained to be only 80.

5. It has been the practice hitherto on the requisition being made for the supply of wheeled carriage for Troops, to issue orders to the Talsildars of Chennoor and of the adjoining Talooks to collect a specified No. of such as are available for

Fort St. George 30th July 1849.

for the service required, to be forwarded to the Cusbah station and this practice has been adopted under the impression that the requisite number would not otherwise be easily procured, and with a view to facilitate matters and to guard against the service falling too heavily on a class of People, many of whom might be unwilling to enter into the service required. The practice however it appears on enquiry has led to frauds being committed, and to a considerable amount the nature of which I beg to explain.

Chennoor	100
Dewoor	60
Pitwail	40
Poolevendla	60
Camalapoor	40
Sidhout	30
Total	330

6. The requisition from the Several Talooks was made as originally shewn, but it does not appear that these Talooks with the exception of Chennoor contributed any thing like the required number. The Bandies have on all occasions it has now been ascertained been supplied mostly from Parties residing in the Talook of Chennoor, by the residents principally of the Cusbah Station.

station and its immediate vicinity, and the Tahsildars of the neighbouring Taloks to whom orders were issued to engage the specified number, make up for the deficiency of the Bandies which they do not engage by collecting thro the Heads of the Villages who in return collect from the owners of Bandies and the Ryots sums of money equivalent to the Hire for each Bandy to the place of destination required in the present instance from Rupees 20 to 24 per each Bandy / and these sums of money are remitted to the Tahsildar of Chennoor who also makes the same Collections for the greater number required in his Talook.

7- It would be impossible to ascertain by any investigation the number of Bandies which had been forwarded from each Talook and the sums which have been remitted to the Thasildar of Chennoor in lieu of those not sent. The enquiry that was instantly instituted on such case that came to light is sufficient to shew that from Rupees

Rupees 20 to 24 was collected for each Bandy and that in 6 cases the payment of Rupees 299 were agreed for by assignments of which Rupees 152 had been collected, and the discovery of fraud having led to compromises between the parties concerned, and to the restoration of the Funds to those from whom unjustly levied for Bandies actually employed and only 35 District Bandies out of 330 having been engaged by the Troops a circumstance which rendered it incumbent on the Tahsildar to refund the sums collected on account of the latter Bandies, the evil of so grievous a nature has been considerably checked on the present occasion

8. It would be superfluous to dwell on the opportunity thus afforded to the Tahsildar of Chennoor of exacting undue collections in the manner mentioned in his own Talook and in receiving sums for exemption the owners of such Bandies / who from various causes might be unwilling to

Fort St. George 30th July 1849.

to undertake the duty required of them/ or in various other ways, and the Proceedings shew that one Cotapauty Ramiah his dependent residing in his House, the agent employed by him/ and who has since absconded/ was busily engaged in making these Collections.

9. The number of Bandies required and collated being about 330 and admitting that one half of the number required were furnished by the neighbouring Talooks/ which I am inclined to think exceeds the reality/ and the mean of 20 Rupees being taken as the sum levied on each of the remaining 115 Bandies, the Tahsildar would have received as his perquisite/ if matters had been carried out in the manner he wished/ Rupees 2300 in addition to the sum he may have levied in his own Talook, out of which sum so obtained he could well afford to pay each Bandy owner who might be unwilling to enter into service a Rupee or two extra as an inducement

Fort St. George 30th July 1849.

inducement for them to offer their services.

10. The Tahsildar of the above Talooks have been called upon peremptorily to state the number of Bandies they respectively supplied and to explain all matters connected with their Proceedings, and although it is not to be expected that they will in any way implicate themselves or that any reliance can be placed on the version of the story they may chose to give, I am nevertheless disposed to think that they have not participated in the fraudulent transaction - "Mamool" has induced them to look upon the practice as one divested of all fraud or oppression as one affording a perquisite to the Tahsildar of Chemmoor for the time being on the occasion of the marching of Troops, and one by which as above explained facility is afforded for supplying wheeled carriage.

11. It only remains for me to explain the manner in which the

Fort St. George 30th July 1849.

the fraudulent practice was discovered which explanation alone cannot but add considerable weight to the statements above advanced.

12. The Tahsildar / as must be presumed / having heard that arrangements had been made by Major Osborne for the engagement of the returning Bandies sent out his Emissaries with sums of Money to meet the Bandy Maistries who were accompanying the relieving Regiment / and who as already stated had returned to meet their Bandies having previously entered into a Contract with Major Osborne / with a view to dissuade them from acting up to their agreements made with the Regiment directly, and in order to effect the object in view they offered Rupees 24—8— for each Bandy, being Rupees 4—8— in excess of what the Maistries had agreed for with Major Osborne / a point as having reference to their former agreement the said Maistries acknowledge had been particularly dwelt on / agreements were accordingly

Fort St. George 30th July 1849.

accordingly entered into in writing on the Spot at Conjeeveram two of the said Emissaries as the Original documents which have been produced shew having obtained from two of the Bandy Maistries a written acknowledgment of having received an advance of Rupees 40 for 60 Bandies which they in the said Document bound themselves to supply for the Hire specified for each, Viz. Rupees 24—8— a third Emissary took a similar document from three other Bandy Maistries paying them 50 Rupees advance and engaging 50 Bandies at the same rate which Original Document has also been produced.

13. It is needless to say that this Proceeding on the part of the Tahsildar led to the nonfulfilment of the contract entered into by the Maistries with Major Osborne.

14. On the arrival of the relieving Regiment at Cuddapah Major Osborne having taken the precaution of not allowing the Hyderabad Bandies to

be

Fort St. George 30th July 1849

be conveyed to the Tahsildars Cut-
cherry, fully accounts for the insolent
behaviour of the Tahsildar who per-
ceived that he was foiled in his at-
tempt to appropriate to himself a large
sum of Money and consequently con-
cluded with the Maistrees and urged
them not to deliver over the Bandies
in question to the Regiment. It
must be observed that had the
Tahsildar succeeded in obtaining
possession of the Hydrabad Bandies
he would have had no difficulty in
breaking the engagements entered
into with the Maistries on his ac-
count of the matter of advance of
Rupees 100 if not recovered being trifling
in comparison with the sum he expect-
ed to derive, and would have sup-
plied the District Bandies, for other
wise, if the sums collected in the
manner already explained had not
also been returned, it would have
led to universal clamour on the
part of the parties from whom these
collections had been made, who it

is

Fort St. George 30th July 1849

is to be presumed from the System in
question having been so long adopted,
have been led to suppose that the same
has been sanctioned by the authorities.
The extraordinary conduct of the Tahsil-
dar does not as far as I am able to
discover admit of any other solution
in connection with all that has
transpired.

The Hyderabad Maistries having
persisted in receiving the higher Amount
offered by the Tahsildar, making a
difference in excess of Rupees 1345-8-0
299 Bandies being available, it was
considered the better course in prefer-
ence to using coercive measures to
yield to them engaging their Bandies
at the higher rate, the deficiency being
made up by the District Bandies at
the same rate, and to bring the con-
duct of the Maistries to the notice
of the authorities at Hyderabad, a
measure Major Osborne at the time
intimated his intention of adopting
and notwithstanding that this sum had

been

Fort St. George 30th July 1849

been offered, I was obliged in conse-
-quence of the Intrigue of the Tahsil-
-dar and the determined opposition
he offered to the last moment, to
proceed personally to the spot and
to do his duty in the matter myself

16. To enter into details in
respect to the evidence elicited would
spin out this communication to an
unnecessary length. It may be suf-
-ficient to state that the evidence is
conclusive. The Maistries have ac-
-knowledged the whole transaction
and the documents they entered into
were produced and proved, while
the Parties employed by the Tahsil
-dar to proceed in advance for the
purpose of entering into arrangements
with the Maistries in the manner
above alluded to, acknowledge
also the part they played in the
transaction with the exception of
one Individual, the Curnum of Chen
-noor who stated that he did not act
in accordance with the Instructions
of

Fort St. George 30th July 1849.

of the Tahsildar and that he was
not present at the time the Person who
accompanied him / the Reddy of the
Village / advanced the Rupees 40,
whereas it is shewn from the written
order of the Thasildar, which original
Document the said Reddy produced
that they both acted under the Tha-
sildar's instructions.

17. A separate paper giving an
abstract of the evidence in the case
is forwarded for the perusal of the
Board of Revenue.

18. The accompanying Copies of
Letters received from Major Osborne
will shew how little my orders were
attended to by the Thasildar and
how shamefully he behaved in throw
-ing every obstacle in the way actua
-ted as he was, as the Investigation
clearly shews, by corrupt and fraudu-
-lent motives.

19. The Hyderabad Maistries
having in the first place agreed to let
their returned Bandies for the same
hire they had obtained thence to Cuddapah

it

Fort St. George 30th July 1849

it was the bounden duty of the Thasil-
dar instead of interfering with the ar-
rangements entered into, to have sup-
plied whatever few Bandies were re-
quired in addition from this District
The determined and contumacious dis-
obedience to my repeated orders ver-
bal and written, as represented by
Major Osborne, and his resolute refu-
sal to deliver over these or any of the
District Bandies, even when the
Regiment had expressed their will-
ingness to give the higher rate of Hire
for each, and this on an alleged plea
conveying a downright falsehood in
respect to the latter are circumstances
which alone render his conduct highly
culpable, but which when connected
with the fraud his interested and
corrupt motives induced him to prac-
tice, a fraud of no ordinary descrip-
tion but on an extensive scale and
one from its serious nature as af-
fecting the well being of the Inha-
bitants of the District, palpably
evince, his total unworthiness to be
entrusted

Fort St. George 30th July 1849

entrusted with the important duties
which devolve on him.

20. This Officer having been called
upon for an explanation has set forth
pleas and excuses which in respect
to his Proceedings are most unsatisfac-
tory and irreconcileable, and cannot
but carry conviction against himself
The principal points on which he
rests his defence may be briefly sum-
med up. He states that there was
great difficulty in procuring Bandies
in consequence of the Villagers of Doovoor
and Sitwail Talooks having proceeded
to his Talook and paid the owners
of Bandies from 17 to 24 Rupees per
each Bandy with a view to being
exempted themselves from the service
that the Inhabitants of Umbavarum
and 12 other Villages in his Talook
had agreed to pay into the hands of
one Palavalee sheyshoo a Brusul-
Reddy at the time a sum of Money on which
to obtain the Hire of 20 Bandies at
Rupees 20 per Bandy, though he is not

aware

aware that this amount was actually re-
-ceived by the said Individual that other
Villagers also supplied in the same manner
nex 20 Bandies/ implying it is presumed
in both instances that sums of Money to
the above amount were levied without
his Knowledge to be appropriated by the
owners of Bandies in addition to the
regular Hire they would obtain, and
this as an inducement to let out their
Bandies/

21- He further asserts that he
sent for Curnum Yellapah and direct
-ed him to make arrangements for the
remaining number of Bandies re-
-quired that he was informed by this
Person that as Rupees 20 would be re-
-quired to be levied for District Bandies
/for the same purpose it is presumed
as already stated/ that the Hyderabad
Bandy men should be engaged he (the
said Curnum/ went and promised
them Rupees 4-8-. in excess of the
amount paid by the Regiment/ re-
-ceiving/ but that he the/ Thasildar/
never ordered him to enter into such
arrangements

J.G.D.

arrangements in the manner mentioned
or in any way interfered in the matter.
Further that Major Osborne having
subsequently entered into a Contract with
the Hyderabad Bandy men for 270 o
Bandies and that thro' the instiga-
-tion of some person, they having de-
-manded Rupees 4-8-. in excess of
the amount they had originally agreed
for, Major Osborne sent for him and
ordered him to cause the Hyderabad
Bandies to be delivered over to the
Regiment he after some difficulty
induced them to supply their Bandies
for one Rupee in excess of what had
been agreed for. The Proceedings of
the case it is to be observed clearly
shew that the Naistries first entered
into a contract with Major Osborne
and that their nonfulfilment of the
same was consequently owing to their
having been offered Rupees 4-8-. in
addition for each Bandy by the Thas-
-sildar thro' his Emissaries, which
sum in addition the Regiment were
eventually obliged to agree for -

It

22. It would be superfluous and a waste of time to point out the inconclusive reasoning and the contradictions contained in the above explanation; I shall therefore only observe in preference to the part Curnum Yellappah is said to have taken in the transaction that he is the Individual already alluded to, and that the acknowledgement on the part of the Tahsildar of his having directed this person to make arrangements for the supply of the Bandies required, though it is intended to reconcile the circumstance of his written order already referred to in Para 16 having been issued, must amount to a confession of the Curnum having throughout acted up to his orders-for it cannot for a moment be supposed that this Curnum would on his own account or responsibility have engaged to hire 60 Bandies at a hoorum of Rupees 4-8 "- for each in addition to the regular hire that would be paid, particularly as he must have been aware in the event of these Bandies not being already engaged, that their owners would have

Para 16

gladly

gladly undertaken to have supplied them for the return Journey at a lower rate than what they had already received for coming.

23. The Board of Revenue cannot fail to observe the artful manner in which the Tahsildar has assigned the cause which led to this Curnum / and others / proceeding in advance to make arrangements with the Hyderabad Maistries, and in respect to Palanalee Sheshamah the other person alluded to in the defence, it is shewn also that he has been concerned in a few cases in which the evidence proves that sums of money had been collected by him in the presence of the Tahsildar as stated in Para 20 of this Letter.

24. Under the above circumstances I am constrained to recommend the dismissal from service of this Tahsildar, but should the Board of Revenue be of opinion that his removal to an appointment of the lower grade of a Talook Sheristadarship, from which I have lately promoted him to his present Post, would be an adequate punishment, I shall be glad to give him the opportunity of

shewing

shewing by his future Zeal and good behavior contrition for his past mis-
misconduct, and thus meriting a restoration to the Office he now holds and from which he has been suspended pending this reference.

25. The rules at present in force not appearing sufficiently applicable to meet the exigence of the case in respect to the supply of wheeled carriage for Troops and being inadequate to the suppression of frauds and intrigue I propose as early as practicable addressing the Board of Revenue a separate communication on the subject.

Cuddapah District, Collector's Circuit Cutcherry at Muddenpully 27th June, 1849. } Signed J. H. Cochrane Collector.

No. 1.

Translation of the Abstract of evidence taken before the Magistrate in the case of fraud committed by the Tahsildar in supplying Bandies to the 19th Regiment N. I.

Appavoo Moodely Vakeel of the 19th Regiment N. I. who was examined

on solemn affirmation deposed that the Bandy Maistries who had accompanied the 13th Regiment from Hyderabad not having brought the Bandies to the lines according to the agreement they had entered into he / witness / was directed by Major Osborne to enquire into the cause thereof, that from the enquiry which he had accordingly made, he was given to understand that the Tahsildar who had made collections to a considerable amount from the Villagers on account of the supply of Bandies to the Regiment at Rupees 24½ per Bandy having been informed that the Bandy Maistries from Hyderabad had already entered into agreement with the Officer Commanding the 19th Regiment N. I. to let their return carts at Rupees 20 each, he perceived that he would not realize for himself the sum he expected in the event of the carts not being supplied to the Regiment thro' him, and therefore directed Curnam Yellappah of Chenoor and others to proceed in advance to meet the Bandymen and to make

arragements

Fort St. George 30th July 1849.

arrangements with them to this effect, and to prevent the Maistries from fulfilling their contract, that he (witness) informed Major Osborne of the above circumstance, that the Tasildar told him verbally that he had collected money from Ryots for the purpose of supplying carriage for the Troops and that the supply of the Bandies should be made thro' him. Witness also avers that the Maistries who came from Hyderabad had admitted the truth of the Statement before Major Osborne and delivered up the Document executed by Curnum Yellappah and others binding themselves to pay 24½ Rupees as hire per Cart to Hyderabad.

Juggiah one of the Hyderabad Maistries deposes on solemn affirmation that they had entered into an agreement with Major Osborne the Officer Commanding the 19th Regiment N. I. to provide carriage at the hire Rupees 20 per Bandy, being the rate at which they had been paid for their carts from Hyderabad, that the Tahsildar sent

sent for him (witness) and told him that he should not enter into engagement with the Regiment directly, that in the event of his causing the Bandies to be supplied thro' his means he (Tasildar) would pay him (witness) at 4½ Rupees per each Bandy in addition to the amount of hire stipulated by the Regiment, that the Tahsildar caused an advance of Rupees 90 to be made thro' Chennoor Curnum Yellappah, that consequently the Bandy men on being aware of this refused to act to the original agreement of receiving hire at 20 Rupees per Bandy.

The 3d. witness another Maistry named Venkutnaroosoo corroborated the evidence of the 2d. Witness.

The 4th Witness Vencatasawmy the Son of the 1st Dresser attached to the Jail Hospital deposes to his having at the orders of the Tahsildar proceeded in advance and met Maistries who accompanied the Hyderabad Bandies 4 Stages from Cuddapah and arranged with them that the

Bandies

Bandies which came with the Regiment from Hyderabad should be supplied thro' the Tahsildar and that in the event of their so agreeing Rupees 4½ per Bandy should be paid by the Tahsildar in addition to the amount which may be paid for each Cart by the 19th Regiment N. I. also witness states that he paid an advance of 50 Rupees which he obtained from the Tahasildar and he produced and filed a written agreement to the above effect which had been executed to him by the Cart Drivers.

5th Witness Abbireddy Reddy of Chinna Conjully deposes that he in conformity with the order of the Tahsildar he accompanied Curnum Yellupah of Chennor to Hazeepett when they met the Bandymen who came with the 19th Regiment from Hydrabad, and there settled with them to pay Rupees 4½ per Bandy besides the amount which had been paid by the Regiment, that Rupees 40 was paid to them in advance and receipt obtained from them.

Curnum

Fort St. George 30th July 1849.

Curnum Yellupah of Chennor admits the fact mentioned by the preceding witness but avers that he did not go to the Bandy-men by Order of the Tahsildar and that he was not present at the time the above witness advanced them 40 Rupees.

Note — Tho' this witness denies on having gone to the Bandy men agreeably to the orders of the Tahsildar yet the Yakeed of the Tahsildar produced by the preceding witness C. Abbireddy wherein it is purported that he was sent to assist him and that he should proceed and make arrangements respecting Bandies / clearly shews that he solely acted upto the orders of the Tahsildar and that he conceals the truth with a view to assist the Tahsildar-Major Osborne having obtained the original receipt which Curnum Yellupah had obtained from the Bandy men for Rupees 40 forwarded the same to this Office.

Garoodupah 7th witness speaks to

to the Tahsildar having collected money from the Villages on account of the supply of Bandies and to his having sent up Message to the Bandy men who came from Hyderabad.

Sheikully the 8th witness deposes to the Tahsildar having sent Parties to collect money from the Villages on account of the supply of Bandies and to his having been in Eye witness to several of the Villages having paid money into the hands of one Cotapanty Ramiah who is a dependent of the Tahsildar, living in his House.

Chinna Yellareddy of Chenoor the 9th witness speaks to Yellappah having proceeded to meet the Hyderabad Bandymen with a view to make arrangements for supplying carriage for the 19th Regiment N.I. and to his having paid to the Tahsildar Rupees 50 on account of his Village.

10th 11th and 12th Witnesses Beeta Goorevegadoo, Bhascreddy and Govindappah, corobarate the Statement

of the above witness.

Kristnumnah 13th Witness and one of the Bandy Maistries states that Curnum Yellappah having by order of the Tahsildar came to him and desired him to supply Bandies for the 19th Regiment thro' the Tahsildar and that he the Tahsildar would pay Rupees 4½ per Bandy in excess if he consented to the proposal.

14th Witness Tuckerpully Nagereddy states that the Tahsildar placed him and others in custody to extort from them collections on account of Bandies and oppressed them that the Reddies of his Village paid Rupees 80 into the hands of Cotapautee Ramiah who is a dependant of the Tahsildar, that a Ryot who kept only one Bandy for his cultivation paid 2 Rupees and accordingly with reference to the number of Bandies each Ryot possessed and that the amount received from them was returned after the investigation was commenced at the Choultry.

No. 2.

To J. H. Cochrane Esqre

Collector of Cuddapah.

Sir,

I have the honor to report to you that agreeably to your request, I placed myself in communication with the Officer Commanding 13th. Regiment N. I. to ascertain the number of Bandies which accompanied that Corps and learned that all were most anxious to be employed by the 19th. Regiment, and some of those conveying Officers baggage volunteered to return for 15 – 17 – and 18 Rupees, when the Regiment was encamped at Hazeepett, the Maistrees who had contracted for the supply of carriage to the men of the 13th. came to me and expressed great anxiety for employment, I mentioned to them that I had no doubt they would be employed, but to enable me to address you with certainty as to their intentions, it would be necessary that I shall be furnished with proofs, they both executed contracts for the

the supply of Bandies at the rate of 20 Rupees each which I communicated to you, and mentioned also the number of district Bandies which would then be required if you handed over the Hyderabad Bandies. The 13th arrived on the 10th instant at Cuddapah yet, upto past noon, on the 11th not one bandy had been handed over to the 19th Regiment. The Tahasildar had induced the Maistries to decline furnishing the Bandies, I found it necessary first to write, and then to send the Adjutant of the Corps to you to point out the position we were placed in and the absolute necessity of Bandies being immediately supplied; A Hooyoor Duffadar brought a message from you to the Tahsildar, in reply to my note, which was delivered in my presence, and before a Number of Peons and Bandymen &c. both the order and bearer of it were received with marked disrespect and indignity and he distinctly stated, that he would neither collect or hand over one Hyderabad Bandy; at about 6 in the evening

Proceedings thereon.

Requesting Collr of Cuddapah to furnish the whole record of the case and explain more clearly the motives of the Tahsildar of Chennoor in the part he acted in the procuring of bandies for the 19th Regt N.I.

41-42

The Collector is requested to forward to the Board of Revenue the defence made by the Tahsildar, with a Translation, his own decision on in the case and the other proceedings, but translated. He will also obtain from the Talook Shenatoudar mentioned by Major Osborne, and submit to this Office with a translation, a statement of all that has occurred as far as is within his knowledge. The agreements, receipts, and Takeeds mentioned by the several witnesses should also be transmitted with translations.

2. The Collector is likewise requested to state on what authority he has represented, and what are his reasons for supposing that on the requisition of Carriage for a Regiment, the Tahsildars of the Talooks adjoining Cuddapah to whom orders may be issued to engage a specified number of bandies are in the habit of making up

up for the deficiency of the Bandies which they do not engage, by collecting thro the Heads of the Villages, who in return collect from the owners of the Bandies and the Ryots, sums of money equivalent to the Hire for each Bandy to the place of destination required, and these sums of money are remitted to the Tahsildar of Chennoor, who also makes the same collections for the greater number required in his Talooks.

3. The Board can conceive it possible that the owners of those bandies who may not wish them to be employed may raise contributions to some extent for the purpose of inducing other bandmen to go in their stead, and that part of the money so raised may be appropriated by the Public Servants, but it is difficult to believe that on such occasions the total Amount paid is exactly equivalent to the hire of the bandies to the place of destination required.

required" that is in the instance now more immediately under notice from Rupees 20 to Rupees 24 for each bandy wanting such payments seem altogether disproportionate to the object for which they are said to be made—

4. Again it does not appear to the Board what object the Tahsildar could have had in enhancing the rate of hire to be paid to the Hyderabad bandies. It might indeed have been for his advantage to supply as many district bandies as possible and for that end to prevent the other bandies being taken up at all, but this purpose, this intimated in Para 14 of Mr. Cochrane's letter, it must clearly have been beyond his power to effect and failing that, it does not seem why he should have wished to raise the hire, or why he should have sent out his "emissaries" with such view. It is desired that clear explanation be furnished on this poin

The

Proceedings thereon &c.

43-44

The Agent encloses a report on an Enam which was omitted in his Statement of lapses for the fourth Quarter of 1847 and requests that it may be annexed to that Statement. The Board have however already forwarded that Statement to Government with their Proceedings of the 19th July 1849 and therefore submit the report received with the letter above recorded by itself.

2.

On referring to para 6 of the Proceeding of the 19th July 1849 it will be seen that Enam land in 2 Villages lapsed by the death of Venkatachalloo were recommended to be continued to his Widow Rungummah or if she should die previously until their son should attain his majority

Vundicooteoor Cunnama &c Dacala - 5-2-11

3.

The case now reported upon by the Agent is of an Enam which has lapsed by the death of the same person named Venkatachalloo - When or by whom it was originally acquired is unknown and no document is forthcoming in support of the grant but it is entered in the Land Register payson Tenancy of Right and has been long in possession

of the family having been cultivated for the deceased and previously for his father -

4

The Agent states that he has resumed small patches of Enam lands in 15 Villages belonging to the deceased but proposes that the Enam under report should be continued as in the other two cases reported upon in the Board's Proceedings of the 19th Ultimo Viz. to the deceased Widow Rungummah or if she should die previously until their son may attain his Majority, and the Board beg to recommend that the Enam may accordingly be continued to Rungummah subject however to the payment of the Jodi hitherto levied.
