Read the following letter.

To,
I Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

From the Collector of Trichinopoly.

Sir,

Para 1. I have the honor to request that you will submit for the consideration and orders of the Board of Revenue the following remarks on the Village Police of this District which forms the subject of your letter of the 27th. November 1840 and embraces the following points.—

Compensation to the Inen Kavilgars The completion of the Establishment of Village Watchers and the charges consequent thereon.

The allowances to village Inoonsiffs —

The general Financial results of these Measures.

The claims of Anna Sastry and others inhabitants of Inovoor in Odiarpollium to certain Civil Enams are also included in the points to be considered.

2. I beg to premise that the calculation of the items which can be taken as an Offset to the proposed permanent charges adopted by the Board is founded on a misapprehension of the real

real facts of the case, and that the totab amount of receipts which can be reckoned on. with certainty Amounts only to about Rupees 11,000 instead of as the Board suppose to about Rupees 51,000 as will appear from the explanations submitted in detail below.

Compensation to Men Cavilgars.

3. In regard to the compensation to be given to the Men, Cavilgars my proposal was that each should be paid the sum of Rupees 6 per Annum during his life in all cases in which the emoluments did exceed Rupees 100 per Annum. The Board have resolved that this amount of Compensation shall be given only to those whose annual Emoluments equalled or exceeded Rupees 6 and that in all other cases the compensation shall be restricted to about the former actual receipts of the parties respectively. Statement No. 1 exhibits the amount of Compensation to be given under these instructions The Amount formerly proposed at the uniform rate of Rupees 6 per Head was Rupees 2805—9—3 that which is to be given under the new arrangement is Rupees 2259—5—3 occasioning a saving of Rupees 546—4—. and from the following abstract Statement it will be perceived that the totab Annual Amount of compensation to be given to Men Cavilgars including those whose emolument exceeded Rupees

Rupees 100 at the rate of 15 per Cent is Rupees 2259—5—3 the arrears due at this rate of Calculation from the beginning of fusly A.D. 1839-40 / 1249. when the Emoluments were assumed by the orders of Government being Rupees 20416—6—9.

	amount as proposed before at the General rate of 6 Rupees each per annum.			Amount becomes due according to the present arrangement			Amount of arrears calculated at the present rate up to the close of July 1257.

Funds to meet Compensation to Inen Cavilgars.

4. The accompanying Statement No. 2 exhibits in detail the Amount of Funds available to meet the above Viz. Rupees 11412-9 This includes every item of Collection under the Head of Inen Cavil fees up to the end of February 1849 leaving a deficit of Rupees 6,303-13. 9. for which it will be necessary to obtain sanction but as stated by me on a former occasion many of the Inen Cavilgars decline to accept compensation and as it is presumed that they will persevere in this line of conduct their object being to avoid compromising their alleged rights by an apparent relinquishment of them and the Amount in some instances being trifling in comparison with the trouble of making personal application for it, it is not likely that the whole Amount will be required. Authority will also be required for the disbursement of the annual amount of Compensation.

Village Watchers Para 4 Board's letter

1652 Watchers each at Rupees 2 per Inensem Rupees 39,696. per Annum.

5. The Number of village watchers to be entertained and the amount to be paid to them having been fixed the only question remaining to considered as regards this branch of the subject is the mode of payment In the 9th. para of your letter it is suggested that the payment should be effected by a remission

Para 9.

remission of the Kist in the same manner as is proposed for the village Moonsiffs and that where land has been held by this class of Officers it should be continued to them, the difference between its assessment and the salary of 2 Rupees per Inensem being paid in ready money; if the Assessment be less than the amount of salary the land to be fully assessed on the dismissal or death of the holder.

6. I beg respectfully to state that I conceive there are serious objections to the proposed measure. In the first place I do not think that this mode of remuneration would be generally acceptable to the class of Officers in question, the land which they hold as Inaviems is not now for the most part cultivated by themselves, the nature of their avocations forbidding their personal superintendence of it. and it is obviously not desirable that they should be placed in such a position by their employers as that they should be able to allege in excuse of neglect of duty that they were engaged in endeavouring to procure the means of paying the Circar demand, their time should be

be entirely at the disposal of the Circar Great embarrassment moreover would arise in the event of dismissal. The Cavilgar might become liable to punishment at a period at which it would be difficulty to supply his place owing to his having just derived all the benefit which could be expected from his Inamiums for months to come.—

There are Inamiums only in 273 villages which in many instances are held jointly by several Cavilgars. The confusion which would arise from having to adjust the Kist to be paid and the ready money allowance to be deducted may be imagined by reference to the examples of this sort of joint tenure noted in the Margin.—

7. The great advantage of a ready money payment is that the watcher will thus be placed more immediately under the control of the Magistrate than he otherwise could be, a view of the case which seems to have been suggested by the Board

Board adopted in the 5th. para of the Extract from the Minutes of Consultation under date the 24th. March 1816 in which it is recorded that "The arrangement proposed in para 13 [x] "tho' not open to very strong objection is not "in the opinion of the Government calculated "to prove so effective as a full payment "direct from the Treasury rendered the recipient "more immediately dependent on Government "and his Lordship in Council concurs in the "view taken by the Board that one uniform "system of money payment from being regular "and certain is better adopted to secure the "efficient working of the Police of the "District and he would propose therefore "that the system be authorized"— For the reasons above stated I beg most earnestly to recommend that the allowances of the Cavilgars may be paid in ready money.

[x] Board's letter to Government 27th. November 1815.

Para 5. Village Moonsiffs

8. The scale of remuneration which I formerly proposed for village Moonsiffs was adjusted with reference to the funds which were considered available for it viz. the allowances enjoyed by the class of servants termed Tarruf Inamiums. The whole charge under this head which was to be provided for was Rupees 2388 8 "

According

according to the scheme now proposed by the Board it will Amount to Rupees 10,200 making a additional charge on the state of — Rupees 7,871—8.—

9. But if it shall be determined that the remuneration to village Moonsiffs shall be granted in the manner the Board propose the following modifications will be necessary. The total number of Villages in the District is 1454 of these the Head of the village enjoys emoluments in 599, leaving 855 in which there is no emolument-out of the latter number 321 are either Becheragh or have a population so trifling that there does not seem any necessity to provide for the pay of a Moonsiff for them. The number for which funds have to be provided is thus reduced to 534 the charge for providing Moonsiffs for which would at the rate of Rupees 12 each Amount to Rupees 6,408 of which —

allowances of Moonsiffs in the Istimrar — villages which must be paid in cash.

10. The total annual charge which would thus have to be incurred in reorganizing the village Police of this District, amount to Rupees 48,363. 5—3 of which Rupees 41,955. 5. 3 would have to be paid in ready money and Rupees 6,408—— by a deduction from the Puttahs. To meet this the Amount of ready money collections — which may be calculated on is Rupees 11,202-8-5½ leaving a deficit of Rupees 37,160—12-9½ or deducting the allowance to be made to village Moonsiffs by a remission of their kists entailing an actual ready money — charge on the State in excess of any ready money offset of Rupees 30,752-12-9½ vide marginal Statement.

Para 6.

11. I will now proceed to explain the state of the Finances which it is proposed to

Fort St. George 13th. September 1849.

to apply to the purpose of meeting the expense in question. In the State-
ments which I formerly submitted with my letter of the 9th. October 1846. I was careful only to enter such items as may be calculated on with regularity and certainty and I feel persuaded that a consideration of the nature of many of those items which have from time to time been included in Statements sent from this Office is such that the attempt to collect them must be abandoned.

12. In obedience to the instructions conveyed in Para 14 of your letter I have prepared a Statement* in which the fees

and emoluments of all descriptions are included, but the collection of none of them save those alluded to in the preceding paragraphs of this address and Statement* No. 3 can be reckoned upon all the rest must be considered as voluntary contributions given by the Ryots to the Inferior Vil-

-lagers in reward for their protection. They never have as far as I can dis-
-cover been claimed by Government till recently. They were not taken into calculation in framing the assets on which the Settlement was formed and I submit that no law exists by which they

they could have been compelled to pay them to those to whom they have been in the habit of giving them. These sentiments I have repeatedly expressed and I see no reason to alter them and with reference to the observation in para 14 of your letter I beg respectfully to submit that the fact of the Cavil fees not being deducted from the gross produce before a division of the Crop was made, nor from the Circar's share in any village of this District goes to shew that the Ryot has hitherto borne the entire charge, and that even if Government can lay any claim to the fees the charge should be divided between the Circar and the Ryot: But how is this division

division to be made? The payment has never been made on any fixed principle but has been regulated by the Village communities according to their several circumstances embracing an infinitude of varieties. On this point I beg to refer to the opinion expressed by Mr D. Elliot as quoted in para 13 of the Board's letter to Government dated 27th November 1845. If it was found necessary it will be recollected to pass an enactment for the purpose of authorizing and regulating the collection of Cavil fees in the District of Tanjore.

Resumption of Fees &c enjoyed by Pallijars of Areloor and Cochariapolliems.

13. With reference to the observations in para 8 of your letter to the effect that a set off to the charge will be found in 6/4 Cawnies of cultivated land for every 100 Cawnies received by the Pallijars of Cochariapolliam and Areeloor as "Cavil Maniums" I beg to state that it was in compensation for the resumption of these very Maniums / and other privileges / that the Sirumrar grants were made - and that they have been entirely resumed is clear from the correspondence which took place at the time

To Board 26th December 1816
From Do 2d January 1817
To Do 14th March "
From Do 30th October "

From Do 17th January "

the arrangement was made, and from the fact of the

the Maniem lands being entered in the Double Accounts. So that a full equivalent has been received for what was given. Nothing therefore can be looked for from this source.

14. The Revenues which the privileges of the Oodiarpolliam Polygar were calculated to yield him are as follows.

	Rs. A. D.
One tenth of the land Revenue of Oodiarpolliam Talook	15,036 - 4 - 9
Receipts from the Canil Enams Viz^t the 6/4 Cawnies in question.	9,016 - 15 - 7
Do. of Cawneyvary	2,749 - 10 - 10
Total receipts of the Poligar previous to the transfer of Istimrar	26,802 - 15 - 2

15. In lieu of the above privileges sixty five Villages yielding a revenue of Rupees 27,412 - 5 - 3 were made over to the Poligars giving a difference in his favor of Rupees 609 - 5 - 1 and to counterbalance this a Deshcush of Rupees 612 - 8 - 4 was imposed on the Estate. A similar arrangement was made with the Zemindar of Arealore. It will thus be

be seen that the resumption of privileges was equal in point of value to the grants and that no effect is afforded by this source.

16. I now proceed to explain the discrepancies which are noticed in the 10th paras of your letter in the Statements in regard to Aseets and compensation.

In the Talooks of Moovery and Torriore there does not appear to be any income from resumed Men Canil lands whereas the compensation amounts to Rupees 768.

17. The compensation to be granted to the Men Canilgars is to be given without reference to the source from which their emoluments were derived. In the Talooks of Moovery and Torriore they were derived altogether from grain fees, ready money collections &c not from Land. The Statement in question No 5 only comprizes the emoluments from Land, as being the only ones collection of which can be calculated upon. Hence the omission noticed.

In the Talook of Vitticultty the Amount from resumed Lands is Rupees 799 - 3 - 1 while the compensation does not exceed Rs 24.

Bourdo letter to Govt 27th November 1845.

18. With the exception of 4 all the Canilgars in Vitticultty are Zemindars of considerable substance holding Lands in the District Madura. It was resolved in para 3 that no remuneration should be given to persons of

of this discription hence this apparent incensistency.

19. The assessment of the Enam lands in Caulgoody is only Rupees 72 - - 1 and this amount only appears in Statement No 5 for the reasons above assigned in para

In Caulgoody the resumption and compensation are Rupees 72-10-1 and Rs 1169-11-5 respectively.

17. The ready money &c allowances enjoyed by the Men Cavilgars amounted to Rupees 2055 - 8 - 6 and the number of Cavilgars 139. Two of them belong to the first Class and are entitled to compensation at the rate of 15 per Cent on the amount of their emoluments Viz. Rupees 47 - 11 - 5 the compensation to the remaining 137 at Rupees 6 each amounts to Rupees 1122 making in all Rupees 1169 - 11 - 5.

20. With the exception of the Elangacharry Shrotriemdar there is no one who can lay claim to compensation as a Man Cavilgar in this Taluk the circumstances of the Elangacharry Enam have been discussed in the correspondence noted

"In Oodiarpol-lam Taluk while the value of the resumed lands is Rs 183 - 4 - - it is not proposed that any compensation should be allotted."

in

x

in the Margin. The sum of Rupees 183 - 4 is the revenue derived from the land in question which it is proposed to consider as a Cavil Enam the late holder being remunerated as if he had been a Cavilgar; but as this arrangement requires sanction the proposed amount of compensation (Viz. Rupees 27 - 7 - 10 / which is enumerated in para 2 of your letter under reply / is entered separately at the foot of Statement No 5 and thus escaped the Boards' observation as belonging to Oodiarpol-lam.

21 The causes of the fluctuation in the collections of the Men Cavil fees are simply attributable to the willingness of the contributors to pay. The demand when first made seems to have taken them by surprize. hence the favorable result of the first years collections. Without due authority

authority it is impossible to collect these fees regularly. I have completely excluded them in my calculations of the off sets to the charges.

Descripancies in former Statements.

22. In para 12 information is required relative to the discrepancy between Statements No 5 and No 7. The former includes the receipts from resumed lands only. the latter those from all sources. The land only can be considered a permanent source of Revenue as have been before abundantly explained.

23. With reference to para 13 I beg to explain that except in Arealore neither the Enam Lands or the Vertanah fees in the enjoyment of Village Watchers were ever resumed. I am therefore unable to furnish such a Statement as that required. The average annual collation of the Vertanah in Arealore for 5 years Amounted to Rupees 173 - 11 - 1½ (Moturpha excepted) It is not included in the sum to be taken as an offset.

24. I presume it is not necessary in this place

place to advert to the arrangement under which the Kavilgars are paid in Arealore.

Canul fees derived from Moturpha.

25. The amount entered under this head in my former Statement No 3 was Rupees 2,304 - 9 - 4½. The "Thanee Avasoo" which was included in the items forming the Moturpha demand in the list which accompanied my letter of the 16th May 1845 does not properly belong to Moturpha. It is a ready money collection paid by the holders of five Shotriems (whose title is doubtful and will form the subject of a separate reference and as it is anticipated that they will be resumed the sum in question Rupees 104 - 1 - was not included in the items in Statement No 3 above adverted to, but is classed as irrecoverable in Statement No 3 accompanying this address.

26. The other items of Moturpha the receipts from which are appropriated to the payment of Village watchers in the Talooks of Arealore and Coddiarpolliem with

Para 16.
Claims advanced by Annashastry &c.

Petition No. 1465 of 1847 is herewith returned.-

27- In regard to the claims of Annashastry and others to certain lands in the Village Moor, I beg to observe that the lands in question are entered in the Village and Pymash accounts as "Cavil Enam" how they came into the posession of the ancestors of the Brahmins who have lately been dispossessed there is nothing to shew- They must of course have been made over by the Zemindar but without authority- It seems to me therefore that they must eventually revert to Government but adverting to the length of time during which they have been enjoyed by the Petitioners families I presume that it will be in accordance with the wishes of Government that the Enams shall be continued during their lives- They were made over by the Zemindar previous to the assumption of the Country by the British Government- The assessment to which they are liable is Rupees 122-14-9 and this sum is included in the available assets as being eventually to be appropriated.-

Ordered

Fort St George 13th September 1849

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address.-

To The Chief Secretary to Government.

Sir

With reference to Extract Minutes Consultation dated 24th March 1846 regarding the Village Police of Trichinopoly I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the further correspondence as noted in the Margin which has passed on the subject.-

To the Chief Secretary to Government ---- Submitting for consideration and orders the further correspondence which has passed on the subject of the Village Police of Trichinopoly and conveying the Board's views thereon.-

From Trichinopoly 9th October 1846

To Trichinopoly 27th November 1848
From Trichinopoly 22nd March
In Cons. 13th September 1849

2 The first point to be noticed is the proposed compensation to the Men Cavelgars. The rates and amount of compensation have already received the sanction of Government.- Individuals it will be remembered whose former emoluments

emoluments exceeded Rupees 100 per Annum, were to have compensation at 15 per Cent of their actual receipts and an uniform rate of Rupees 6 was to be given to all persons whose income from this source fell below Rupees 100- The annual amount to be disbursed on this account at those rates was Rupees 2,778-1-5. It is proposed with the permission of Government to restrict the compensation in the case of parties whose previous emoluments fell below Rupees 6 to the sums actually received by them respectively, instead of an uniform payment of Rupees 6 to each, as the difference between that sum and the former receipts appears to be considerable in many cases.- By this arrangement the actual amount of compensation will be Rupees 2,259-5-3 only including Rupees 27-7-10 to be paid to the Shrotriemdar of Elengachary.-

The number of this class having been finally fixed at 1654 including the 2 Watchers for Manygoondam Sanctioned by Government under date 24th March 1846, the aggregate charge on this account, allowing Rupees 2 per Mensem to each individual, will be Rupees 39696 per annum.-

annually from resumed Lands. The remainder will form a direct charge upon the State.-

To Collector 27th November 1848 Para 9.-

7. It was suggested to the Collector that in lieu of a direct disbursement from the Treasury remuneration might be given by a proportionate remission of the Sist payable by each individual for his Ayen Land or for land hitherto held as Cavil Maniem, which under this arrangement would be liable to the full assessment on the death or dismissal of the party. Such remission to be entered in the Puttah at the Jummahbundy. The Collector it will be observed objects to this mode of payment partly because of its tendency to draw away the attention of the Cavilgar from his proper duties to his Cultivation, and partly because it will be impracticable to make the requisite adjustment, as the land is often held in shares by several persons, as the duties of the Cavilgar are confined for the most part to his own Village and as the lands held by this class of Servants are inconsiderable, it appears to the Board that the

the proposition to remunerate the parties by a grant of land need not be abandoned. Should the Government determine that this less costly mode of remuneration is deserving of further consideration, the attention of the present Collector will be drawn to the subject in order that arrangements similar to those recently sanctioned for the Talia-

by Mr. Onslow were Rupees 5, Rupees 7 and Rupees 12 per Annum and in one instance Sixty Womiapolam a Shotrium Village, the proposed payment was as low as Rupees 4-8-0. These rates the Board thought were inadequate, and advert-
-ing to the importance of the Office, they were of opinion that remuneration to be newly granted should not be less than Rupees 12, the highest rate proposed by Mr. Onslow. Taking this standard, the aggregate charge as shewn in the preceding Para will be Rupees 6,408 against which there is a set off of Rupees 2,388-8- from resumptions, leaving Rupees 4,019-8- to be borne as a new charge. Mr. Onslow wished to except the charge to be incurred on this account within the amount of resumptions, but such an arrangement would appear to be incompatible with the important object of making a suitable provision for the Office.- The amount now proposed, it will be observed, is below the remuneration fixed for the office of Moonsiff in Guntoor and is much less than the income enjoyed by many Incumbents in Trichinopoly. From Government 12th inst. 2d April 1844 Para 9.

10. It was originally proposed to grant immemorial waste land to the holder of the Office, but a fixed money payment was subsequently suggested by the Board, and the Government deferred, it will be remembered, the final consideration of that proposition till the financial result of the measures in contemplation was laid before them.-

To Government 27th November 1845 Para 22. Extract Minutes Consultation 24th March inst. 16th April 1846 Para 6.

11. Statement No. 3, received with the letter from the Collector dated 22d March 1849 exhibits the financial result of the present arrangement. The entire charge it will be observed is compensation

To Collector 27th November 1849 Para 6. 8.

12. To meet the above, the set off accruing from resumptions is Rupees 11,202- 8- 5½. If the entire emoluments of the late Cavil Establishment could

could be rendered available the proposed Charge would have been fully covered, but the bulk of it consisted of deductions at different rates from the Ryots share and not from the gross Produce, and if discontinued as a payment to the Cavilgar it is not clear to the Board that it would be an easy matter to recover the amount from the Ryots; also the item 6¼ Cawnies of cultivated land for every 100 Cawnies formerly held as Cavil Enam by the Poligars of Woodiarpoliem and Arealore having been incorporated with the Income accorded by the Istimirar Settlement to these individuals, is not an available Credit on the present occasion. The Compensation to the Men Cavilgars, it is to be observed, will gradually cease to be a burden on the State.-

13. The Board solicit the orders of Government on the arrangements above proposed and sanction for the payment of Rupees 20,416- 6- 9 arrears of compensation to the Men Cavilgars to the close of Fusly 1257 1847-48.

14. In the concluding Para of his letter dated 22d March 1849 the Collector refers

refers to the claims of Annashastry and other Enamdars in Moovoor to certain lands held therein but recently resumed as they were considered to be "Cavil Enam" It appears that the lands in question are so entered in the Village and Pymash Accounts, and it is not known under what circum= =stances they passed into the possession of the late holders, they "were made over by the Zemindar" the Collector states "pre= =viously to the Assumption of the Country by the British Government." The assess= =ment of these lands is Rupees 122-14-9- and is included in the available assets, adverting however to the long period of enjoyment which has been establish= =ed, the Board are of opinion that a sudden resumption would be attended with hardship and they beg to recommend the restoration of the lands to the parties interested to lapse at their death.- The Collector will be required to report the names of these persons and whether the land is enjoyed in shares or otherwise.-

Sir,

With reference to the Board's endorsements on Petitions Nos. 1492 and No. 1046 of 1849 which are herewith returned, I have the honor to state that the Jagheerdar of Raujengheddy from whom the Petitioner claims a share has represented to me that the Petitioner herself enjoys from Government a monthly allowance of Rupees 10-13-0- in consequence of which he cannot allow her any share out of his pension.-

2- As however the Jagheerdar does not draw any pension in this District I beg to suggest that the claim advanced by Petitioner should be referred to the Collector of the Southern Division of Arcot from whose treasury I understand the Jagheerdar receives his allowance.-

In favor: 19th March 1849.

Wards to forward for the purpose of its being laid before the Right Honorable the Governor in Council the accompanying letter from the late Acting Collector of Tinnevelly under date the 26th February last, reporting the death on the 29th November preceding of Thoomnoochee Naiken Zemindar of Paryoor in that District, proposing that the Estate be taken under the management of the Court of Wards on account of the Minor heir, a boy of two years of age, son of the late Zemindar by his second wife and submitting for approval the arrangements contemplated for the administration of the Property and the maintenance of the Minor and the family. I have also to forward the further correspondence which has passed upon the same subject.

P. 1. The arrears of Peishcush (Current) against the Property up to the 31st January last was only Rupees 110–3–1.

P. 10. 3. The establishment proposed to be entertained for the management of the Estate is at a charge of Rupees 672 annually. The subsistence for the Minor and his family is fixed at Rupees 1110 being considerably within the limit prescribed by C II Section XIV Regulation V of 1804. These charges seem to the Board to be moderate.

4. It will be seen that the deceased Zemindar left two Sons one two years old by his 2d wife and one aged Eight years by his Eighth wife. Mr. Elton in his letter of the 26th February last gave it as his opinion that the former of these, tho the Younger, was entitled to inherit the Estate.

His Salary Rupees 17-8-0 per Mensem has been included in the management establishment (Rupees 672 per Annum) already mentioned as the Estate is not of great extent, it does not appear necessary to appoint a Guardian but as has already been allowed in the case of some Polliems and small Zemindaries in Tinnevelly it is proposed to leave the Minor in charge of his Mother who is represented to be quite qualified for the trust.-

15th September Received the following letter

To, T. Pycroft Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

1 From the Sub Collector in charge of Nellore - - - From the note appended to the Statement of Salt available for export on private Trade to Calcutta transmitted to you yesterday it will be perceived that there will remain but 1500 Indian Maunds of Salt for export on account of the Indent of 1848/49 after the quantity now loading on the Ship "Futtay Salam" at the Port of Khistnapatam is completed, I have therefore the honor to submit for the Sanction of the Board the accompanying Statement shewing the Ports and the quantity of Salt which I propose to set apart at each for export to Calcutta on private Trade for 1849/50. After deducting 16050 Indian Maunds still remaining to be exported on account of the Chittagong Indent for 1848/49 there now remains a quantity of 267252 Indian Maunds of white salt in store at the different export Cottaurs of this District

Proceedings thereon,

(1-2)

The Board of Revenue approve of 60,000 Indian Maunds of Salt being set apart for export to Calcutta on private Trade during the year 1849/50. They understand from Mr. Purvis' on letter, and the Statement which accompanied it, that the Salt in question, Viz.t 35,000 Indian Maunds at or Eskapully and 25,000 at Krishnapatam is now available for immediate Shipment and in that belief they have complied with an

15th September 1849. Application made by Messrs. Bainbridge & Co. for a quantity of about 800 Tons to be shipped at Eskapully. The Sub Collector in charge will report whether the whole quantity specified in his Statement is actually ready for delivery. Meanwhile he will be careful that the quantity applied for by Messrs. Bainbridge & Co. be under any circumstances supplied to their Vessels without delay on their arrival at Eskapully.

Para 1. Referring to the concluding paragraph of Mr. Finnie's letter of the 17th July 1849 which accompanied the Communication of the Acting Collector of Tinnevelly dated the 28th of the same month, the Right Honorable the Governor in Council resolves to direct that Mr. Finnie may be informed that Government fully appreciate his exertions during the period he has been in the Public Service and by no means ex blame him for the non-success of the measures that have been adopted to induce the Ryots to improve the methods of picking, cleaning and preparing the Cotton wool for shipment. It is certain that so long as they

they can get an equal price / or even ex nearly so / for well or ill cleaned Cotton they will not be at the trouble and ex cost of altering their old system.

2. As the Public Cattle have been ordered to be returned to Hoonsoor and Mr. Cuxton will by this time ex have arrived in Tinnevelly and taken charge of the Machinery, The Governor in Council will hope to be informed ex after the close of the approaching Cotton season, whether the people have ex availed themselves of the use of the Machinery or not; when such further orders as may be necessary will be given.

3. The Governor in Council has no information of the nature of ex Mr. Fugles services or claims on the ex Government; but is of opinion that under the representation given of him by Mr. Finnie he should be either discharged or otherwise provided for; he desires therefore that the Acting Collector of Tinnevelly be called on to report respecting him.

4. With regard to Mr. Elton's recommendation that Irrigation should be tried, the Governor in Council observes that that matter rests solely with the Ryots - Government have already made trials at a heavy expense with the view of shewing the people how they were to raise foreign Cotton and improve the indigenous, but the results have been unsatisfactory, and the whole transaction latterly has been a mere forced fictitious speculation which could not instruct the people because they had no such command of money or means as they saw brought into operation.

Sir,

From the Sub Collector in Charge of Nellore

Submitting the information required by the Board relative to the Village of Cauvaloor a Shrotrium held by the late Mr. Poorooshottum Puntooloo and others

I have the honor to acknowledge the receipt of your Communication dated 11th June last calling for certain information relative to the Village of Cauvaloor held on Shrotrium tenure by the late Brudhoopaty Poorooshottum Puntooloo and others alluded to in Column 10 of a Statement dated 28th March last forwarded by the late Collector Mr. Smith-

2 In reply I beg to state that the Shrotrium in question appears to have been originally granted in Fusly 1187 / 1777 to Brudhoopaty Venecatasursoo Puntooloo an annual Beriz of 100 Pagodas by Nooraddeen Mahomed Khan then Fouzdar of Nellore District- The Sunnud granted by him is not forthcoming The heirs of the last incumbent Madhoopaty Poorooshottum Puntooloo who have been called upon to produce it declare

declare that it was delivered by their ancestors to the Government officers and has never been returned - This assertion is not however supported by the Records of this office, on the contrary remarks appended to both the Registers of Shotriums forthcoming shew that the Summud in question was at the time the Registers were taken stated by the Parties concerned to have been lost

3

The document bearing the earliest date now forthcoming is a Summud granted by Mr. Dighton bearing date the 14th November 1790 in the name of Mudhoopaty Venkatanursoo granting to him the Village in question on an annual payment of 100 Pagodas - The next is a Coule granted by the person named Nooraddeen Inahomed Bhy in the name of Mudhoopaty Poorsheturn dated the 11th Mohurrum 1207 Fijeery corresponding with the year of our Lord 1792 granting the Shotrium on an annual payment of

A & B

C & D

the same Amount in perpetuity - These Documents have been found in the Records to this office, Copies and translates of the same I beg leave to submit as well as two Extracts with translations appended from the Registers of the Shotriums existant in this office - How two Registers were prepared it is believed about the same time, that marked **D** having been it is generally understood Compiled for the one signed by Mr. Travers - In explanation of the Coule marked **B** being in the name of the Grantees grandson Poorsheturn it has been stated by the existing branches of the family and probably with truth that the original Grantee Mudhoopaty Venkatanursoo was at the time the renter of certain Talooks in this District and did not like his name to appear, that his son Shagery Row was absent at Madras and that therefore Mudhoopaty Poorsheturns name, tho he at the time must have been quite a boy, was entered - In the Registers subsequently taken Mudhoopaty Venkatanursoo's

Fort St. George 17th September 1849

Venkatanursoo's name appears again.

4 From the above papers it does not appear that the Village in question was granted on any particular account, or that any particular condition was attached to the grant nor is there any reason to believe such to have been the case. Upon the death of Mudhoopaty Venkatanursoo the original Grantee, his son Shashagere now petitions to possession of the Shrotrium but it does not appear to have been registered in his name. On his death the Shrotrium was as appears from the remarks appended to the form D continued to his son Mudhoopaty Boorra Shettums the last holder. Since Boorra Shettums death which took place in the year 1845 the Shrotrium has been enjoyed according to their respective shares by the family of the original Grantee. It has not yet been registered in the name of any party.

5 The Shrotrium is believed taking one year with another to

Fort St. George 17th September 1849

to yield about 550 Rupees annually out of which the Beriz amounting including Roosoomy Fees to 420-2-11 has to be paid.

Proceedings Submitting letter from the Sub Collector in charge of Nellore furnishing further information relative to the Shrotriem Village of Caukoolore held by Mudhoosaty Poorooshotum Puntoolo late Head Sheristadar in the Nellore district and stating that the Board see no reason why the Shotriem should not be resumed from the present parties left to retain the lands on payment of full Teerwah-

thereon- Resolved that the letter above recorded together with its enclosures be submitted for the consideration and orders of Government with reference to the papers noted in the margin-

2 The village of Caukoolore in the Nellore Talook is believed to yield on the average Rupees 550 annually, of which the disbursements including Quit Rent, Poroosoms, &c. amount to Rupees 420-2-0 leaving an average net profit of Rupees 129-14-0 to the Shotriemdar-

3 The Sub Collector in charge states that the heirs of the last incumbent Mudhoosaty Poorooshotum Puntoolo late Head Sheristadar in the Nellore Cutcherry were called upon to produce the original Sunnud under which the village was conferred and they declared it was given by their Ancestors to the Officers of Government and has never been returned-

4 In the Enclosures to the letter

D.S.

Fort St. George 17th September 1849.

letter above recorded marked C and D being Extracts from the Original Register of Shotriems taken by Mr. Travers in the year 1811 and the Jaures Book of Shotriems believed to have been taken in the same year, it is stated that the Village of Caukoolore was granted to Mudvapaty Vencat Nursoopuntoolo by Nooruddeen Mahomed Khan the Fouzdar of the Nellore District, and that the Sunnud bearing the supposed date of Fusly 1187 A.D. 1777 executed by the Peishcar Mullavarapoo Venecatachellum was stated to have been lost- It is thus proved that the assertion of the claimants that this Sunnud was delivered to the Officers of Government and not returned is not borne out by the records and in neither of the other documents A and B is there an allusion to any previous Sunnud-

5. The document A is represented to be a Sunnud issued by Mr. Dighton formerly Collector of Nellore dated 14th November 1790 but is rather of the nature of Takeed or letter addressed to Mudvapaty Vencat Nursoo Shotriemdar of Caukoolore

Caukootoor desiring him to continue payment of his Beriz in the customary instalments and to enjoy the proceeds of the Village. It contains no mention of the cause for which the Shotriem was conferred nor of the period for which it was to be held.

6. The Cowle B appears to have been granted in Fusly 1202 (1792-3) two years after Mr. Dighton's Summud by Nooruddeen Mahomed Khan the Fouzdar to Pooroo-shotum Puntoolo who was the grandson of the above mentioned Mudhwapaty Vencutsurroo and must have been a boy at the time. The Cowle like the Summud is silent as to the circumstances under which the Shotriem was conferred and as to its tenure whether limited or in perpetuity.

7. The present claimants state that the name of Pooroshotum Puntoolo was inserted in the Cowle because the reputed original Grantee Mudhwapaty Vencutsurroo was at that time the Renter of certain Talooks in the District and did not like his name to appear, that his son Shashagherry Row was absent at Madras

and that therefore the name of Mudhwapaty Pooroshotum Puntoolo tho' he was quite a boy was entered. but it is stated by Mr. Purvis that in the Register subsequently taken Mudhwapaty Vencutsurroo Puntoolo's name appears again and altho on his death his son Shashagherry Row obtained possession of the Shotriem no alteration seems to have been made in the registry.

8. The last incumbent Pooroshotum Puntoolo would appear to have come into possession at the death of his father Shashagherry Row and to have held it till he himself died in 1845 from which period the Shotriem has been in the enjoyment of the family according to their respective shares, but it has not been registered in the name of any party.

9. It will thus be seen that as far as the origin of the Shotriem can be traced it was first granted by the Fouzdar of the Province, but for what purpose or on what terms cannot now be known. Of the Summud & Cowle which are forthcoming the latter having been granted by the Fouzdar in the name of the grandson of the renter of part of the District must be regarded as a questionable document and neither the Summud nor Cowle can be deemed to confer upon the parties a right to hold the Village in perpetuity on favorable tenure. The family are in good circumstances & under all these considerations the Board see no reason why the Shotriem should not be resumed from the commencement of the present Fusly & the parties left to retain the lands which they have hitherto held in it on full Teerwah if so disposed.

Board of Revenue

31

Sir,

From the Agent to the Governor of Fort St. George at Kurnool ——— } On the date noted marginally there died in this District without issue, an individual named Ram Row, the last Male Member of the family of Daysayes who are supposed to have been located in Kurnool during a period of 200 years. At the time of his death he was in possession of 5,416-15-8 acres of Enam land of these, 3,638-33 1/4 were under cultivation from which it is ascertained that he derived an annual income of not less than Rs. 1,745-2-10- although, as your Board know, the rates of Goottah paid for Enams in this province are very considerably below those levied on Government land.—

Reporting circumstances connected with the enjoyment by one Ram Row deceased of a very large extent of Daysayee Enams and proposing an arrangement for their incorporation with the Government lands.—

8th January 1849.—

No portion of this large extent of Enam situated in 343 Villages, was assessed with the Enamity tax peculiar to Kurnool. Only a very unimportant part of it has been entered as Butwarty, the remainder has stood

† Acres G. as 27-32-4-

stood in the accounts as Daysaye Enam, but for no single field of either the Batwurty or Daysaye land, has any sunnud or other authentic written title ever been produced by the late Enamdar, and none is now forthcoming.

3. The favorable tenure on which these Enams have been held may be explained by the fact that an elder brother of the deceased, by name Krisna Row who had filled a high and responsible situation under the late Nabob and who supplied Revenue and Miscellaneous information of value to the first in Kurnool Commissioners was admitted to the service of Government after the resumption of Kurnool on a salary of Rupees 81-4-0 per Mensem and having subsequently proved himself a trustworthy agent and useful referee in all that related to the Pathan administration of the Country, it was deemed advisable to remit to him the Enamity assessment to which Kurnool Enams are in general subjected and which under other circumstances

Krisna

Krisna Row must also have paid.—

4. Krisna Row died Childless about 5 years ago, leaving a widow Rookma Boyee. As Kristna Row and the late Rama Row had lived together as an undivided family the latter remained in undisturbed possession of the whole of the Enams up to the date of his demise which took place a few weeks after he had ceased to be Record keeper in my Cutcherry on a salary of 25 Rupees. He had held the appointment for about 7 years.—

5. The widow of Rama Row, Janeekee Boyee by name, survives him. She and Krisna Row's widow reside together, but it appears that the widow of a first cousin of the deceased was supported by the latter, who had assigned to her for her maintenance, the Enams situated in four villages of the Atcoor Talook, besides paying her a yearly sum of Rupees 75 ready money.—

⊕ Anunda Row

		acres	Gs.	
1	Atcoor	192	38	Now
2	Streeputty Row pett			
3	Indraysuvaram			
4	Ramapooram			

6. Now adverting to the present state of this family, which will be readily understood by a reference to the enclosed genealogical tree, your Board will observe that it has become my duty to enter on a disposal of the Enams in question under the rules recently prescribed by Government for the guidance of the Agent in this District, and consequently that on due enquiry it will be competent to me to resume such of the Enams as are found not to be supported by valid titles, proposing for continuance those only to which the heirs of the de=ceased may be able to establish a proper claim.—

M. of Cons. 8th November 1848. Board's Proceedings 26th February 1849.

7. That mode of proceeding, however, will involve the preparation by the local Amildars, of a written record for each of the 343. villages where the Enams are situated and the hearing and consideration of those records will afterwards devolve on myself, previous to submitting to your Board the Statements affecting such holdings as call for a decision by

by higher authority.—

8. Although false oaths, false complaints and false documents are comparatively unknown in Kurnool, it seems to me very probable in this particular case, that as the usual enquiries progress, measures will be taken by parties interested in the widows affairs (the long and recent connection of their husbands with the Cutcherry having given them many friends) to arrange that the testimony of Curnams Reddies and Village servants shall be favorable to the claims brought forward to these numerous Enams.—

M. of Cons. 14th Novr. 1848.

9. But whether it be so or not, adverting to the principles lately laid down by Government for the Settlement of claims to the Enams of deceased Enamdars, it is clear that whatever part of those held by Ram Row may ultimately be continued to either of the three widows concerned, will be so continued as an act of grace and for no longer period than the lives of those females.—

10. I have therefore the honor to

to suggest for your Board's consideration that in the present case the usual made of enquiry be dispensed with, that the Enams held by the late Ram Row be now assessed to the Revenue and that a Money allowance be made to the three widows for their future subsistence, or if a Money allowance be deemed objec= =tionable, that a quantity of Enams calculat= =ed to yield a sufficient income be confirmed to them for their respective lives in any one Taluk, all the others being at once resumed—

11. In support of this arrange= =ment I would bring to notice 1st. that the Office of Dasayee long ago ceased to exist in this as in the surrounding Districts, consequently that the Enams originally granted for service have been for years in the enjoyment of the Dasayes' descendants, whilst no duty whatever has been exacted from them; 2ndly that the attention of the late Nawab was no doubt on one occasion attracted to the great quantity of Enams which these people held and that it was probably the influence of the late Ragavandra

† avuncle of Krisna Row and Rama Row.

† Ragavandra Row and Krisna Row who were deservedly respected by the Pathan rulers which prevented the resumption of their Enams after the Nawab had personally proceeded to their place of residence with a view, though without success, to search for and inspect any sunnuds that might be there found, 3rdly that the late Ram Row and Krisna Row were not in possession of these Enams under a valid title, because, as descendants from a female branch of the family, they must have held them to the detriment of their maternal Uncle Ragavandra Row's two sons, and 4thly that as the said two sons died leaving no male children the Enams ought on their demise to have been resumed as an Escheat—

‡ Swamy Row and Ananda Bowe—

12. To meet the last objection it is now averred by the widows of Krisna Row and Ram Row that their husbands received the Enams in question as a "Dhanum" or gift from Ragavendra Row prior to the birth of that persons' two sons— admitting the averment to be true, I submit that under the circumstances of the case and the then state of the Dasaye family it was not competent

competent to Ragavendra Row without authority from the ruling power which it is not pretended that he received / to alienate any portion of those service Enams, which, without such alienation, would, as a matter of course, have reverted to the State.—

13. It then remains for me to recommend, that in consideration of the position which Krisna Row filled in Kurnool both recently and before the resumption of the province in 1839, a Monthly stipend of Rupees 10 be granted to his widow for life and one of Rupees 7 per mensem to each of the widows of Ram Row and Annunda Row, for a similar period.—

Dating from the Commencement of Fasly 1259

14. But should your Board not feel at liberty to support my proposition for a money grant I would solicit permission to assign to the three widows respectively for enjoyment during their lives such an extent of the Enams in the Goodoor Taluk as will yield them an annual equivalent to Rs. 120 84 and 84. by which arrangement the Enams in the seven other Taluks and a part of those in Goodoor, will be available for immediate incorporation with the Government lands.—

Sir,

From the Collr. of North Arcot — 1. With reference to an
Extract from the Proceedings of the Board
of Revenue dated December 21st 1848.— I have
the honor to report for the Board's
information that agreeably to the orders
therein contained I forwarded copy
of the correspondence which had passed
respecting the Enam in question to a
Vakeel of the Civil Court of Chittoor, with
instructions to present a motion in Court
praying for the annulment of the sale of
the land, and I now enclose a copy of the
+ August 27th/49 orders of the Court on that motion.—

2. The Civil Judge appears
to decline to accede to the motion
made

made. He truly observes that the question
is whether the sale was legal, but
instead of addressing himself to that
question, he only expresses his opinion
as to the line of conduct which it
becomes the Government to adopt.—
I therefore request the orders of the
Board as to further proceedings.—

3. The original Petition
2275. of 1847. is herewith returned.—

1.
Extract from the Proceedings of the Civil Court
of Chittoor under date the 27th August 1849.—

Read Miscellaneous Petition
Nr. 17 of 1849, presented by the Vakeel
V. Kristnamacharry on the part of the
acting Collector of North Arcot
accompanied by a correspondence
with the Board of Revenue, the Sadr
Udalut and Government regarding
the sale of a certain Kyrate Enam
by order of the late Zillah Court
which the acting Collector considers
was

Fort St. George 17th September 1849.—

was illegal under act XXIII of 1838 and praying that it may therefore be cancelled.—

Read also Counter Petition No. 126 of 1849 presented on behalf of Pauvada Chitty Mallasseppah Chitty stating that the Enam in question was purchased by him so long ago as the year 1840 since which he has been in quiet possession—That the Enam was originally granted for no service and liable to transfer by sale or gift and therefore is not subject to the provisions of Section II Regulation VII of 1831 on the above Act &c and praying therefore that he may not be disturbed in his possession of the property.—

It appears that the Enam in question consisting in all of 13 Cawnies of Nunjah land in the Cauvery punk Taloob had been for many years mortgaged to the Plaintiff in suit No. 74 of 1838 on the file of the District Moonsiffs' Court of Wallajabad of the Chingleput Zillah, but remained in possession of the Enamdars up to the time of its being attached under the Decree passed

Fort St. George 17th September 1849.

passed in that suit. The above Decree is dated the 30th July 1838 which is prior to the date of act XXIII of 1835 (17th September) But the attachment and sale to the counter-petitioner took place in the following year.

The question therefore arises whether the land having been before mortgaged and the Decree under which it was sold of an earlier date than the above act the property should be considered as coming under its provisions; although the actual attachment did not take place till the 17th and 18th of April following. The registry by the Collector would not give the purchaser any legal right as regulation IX of 1831 prescribes that the power to decide on such claims is reserved exclusively to the Governor in Council but it certainly gave him good reason to expect that there would be no interference to disturb his acquisition of the Enam on the part of the Revenue authorities

authorities. The Government appear to have no interest in the question at issue. The Board of Revenue observe that they "would not recommend the immediate resumption" and after the length of time that has elapsed it would be an obvious hardship to deprive him of the Enam in order to restore it to the former Enamdars who moreover could reap little advantage from the proceeding as the produce. The Civil Judge should suppose, would still be liable from year to year to seizure in repayment of the purchase money and it appears therefore to the Civil Judge that instead of now depriving the counter-petitioner of his purchase it would be more consistent with Justice, if any interference is necessary, that an order should be passed by competent authority to confirm him in the possession of it, on the same terms on which it was before held.-

† From the Board of Revenue to Government 16th October 1848.

The

The purchaser is the brother of the Plaintiff in the above suit but is adopted into another family.

Ordered that Extract of the above proceedings be forwarded for the information of the Sudr Udalut with reference to the 2nd Para of the Registers letter dated 30th November 1848 to the Secretary of the Government in Judicial Department.

Proceedings thereon.

38-39.

The Board of Revenue observe that the Proceedings held by the Zillah Judge upon the Collector's motion have been communicated to the Court of Sudr Udalut in obedience to the instructions issued by that authority under date 30th November last. The Collector will be pleased to acquaint the Board with any orders which the Sudr Udalut may pass thereupon and should no notice be taken of the subject within a reasonable time, he will move the Court for a review of the proceedings of the Civil Judge and for the adoption of such measures as may be necessary to determine the validity of the sale of the Cranm, and the course to be taken in the event of that sale being pronounced invalid.

Sir,

From the Collr. of North Arcot.

Submits draft of an answer to be filed in the Sub. Court in O.S. 186 of 1849 & requests sanction to defend the Suit at the public cost.

Counterpart per B.C 17-18 1-10-1849

Para 1. I have the honor to forward Translation of a Plaint which has been filed by the Zemindar of Calastry against certain parties and to which I have been made a supplemental Defendant together with a draft of a reply which I propose to put in, and I beg to request that the Board will be pleased to obtain the sanction of Government for the defence of the suit at the public charge.

2. The particulars of the case are given in the Plaint and answer and to them I beg to refer the Board. I will here only explain the circumstances under which I became a defendant. The circumstances on which the suit is founded took place in 1847 and therefore some time before I joined the district. The case was one in many points very common, a water dispute between one

one of the Zemmdars Villages and a Circar Village led to an affray which brought the parties before the Magis:trate. He held to security the Zemindars party whom he considered to be in the wrong and directed that the other party should be maintained in their right. This order was quashed in appeal by the Sessions Court who directed that the sums deposited in lieu of security should be returned and referred the parties to the Civil Court for the settlement of the question of right -

3- The Zemindar subsequently brought the present action against the Monigars and Ryots of the Government Village and they being alarmed at the idea of opposing an individual of the Plaintiffs rank and power applied to me. On looking into the case it appeared to me both that the Defendants had right on their side and also that the interests of Government were to some degree involved and I accordingly applied to the Court to be made a supplemental Defendant. This was done and I now solicit the approval of Government for this step and their sanction to defend the suit at the public cost. I have obtained two moths times to file the answer which term will expire on the 13th October it

it will no doubt however be extended on application if necessary.

No. 1.

To The Judge of the Sub: Court of Chittoor.

Plaint respectfully presented by Court Vakeel Veetah Ragaviah on behalf of Aomday Rajahah Rajah Damara Comara Veneatapa Naid Bahadur Zemindar of Calastry against the Defendants Cala Poody Appareddy Monigar of Damanellore in the Sutavaid Talook, his uncle Sasharedd[y] 2 his brother Soobareddy 3 Andalamala Ragana 4 Reddy, Cantumreddy 5 Veneooreddy, Condoor Gungereddy 6, his brother Soobareddy 7, Cattumreddy Veneatareddy 8, Umbaty Veneooreddy 9, his brother Ragavareddy 10, Zoanala Yamadole 11 Reddy, Auttumpery 12, Alwar Veneeatarum 13 Chetty, A. Narrain Chetty, Dasanoor Shashiah 14, Yerra Lingappah 15, Curnum Valoor Rootiah 16, Curnum Roodravarum Gopalakistmah 17, Vakaty 18

Wakaty Timmarazoo[19], Veeloosoor Goorava[20]ppah, and Chuckler Bungareegadoo[21] setsforth.

1st That it was usual from time immemorial for the Wiaty ryots and others to cultivate annually the whole of the land under the Irunganellore Tank in the Calastry Zemindary by all the water flowing from a supplying Channel named Mullay Calwah, that this Channel has its origin from the limits of Cautoor polum in the said Zemindary and passes through the limits of Govindapah Cundega and Pedola Poularadoo 4ea villages in the Calastry Zemindary and thro Nungepully Ramachendra Goontah and Dama: nellore in the Sutavaid Talook, that after deducting the marah from the whole produce of the land a moiety is deducted on account of Coodevarum and the remainder with the said Marah remitted to the Plaintiffs Circar.

2d That although the said channel passes through the limits of other villages from time immemorial yet those villagers have never enjoyed the water or are at all

entitled to it. That the Plaintiff who is the rightful owner and his ancestors have always executed the repairs to the Channel at their own expense through the villagers.

3d That when matters stood so the Plaintiffs people were informed on the 2d June year Parabavah [July 1255] that the 1st 2d 3d 4th 5th 6th 7th 9th 10th 11th 12th 13th 14th and 16th Defendants with the assistance of the other Defendants had contrary to custom dug new wells in the channel in question, thrown the whole of the earth of the wells so dug as embankment across the channel, that one of the wells being constructed with bricks and the others with turgs and that they were watering their Poonjah lands situated at the edge of the Channel by Pecotahs from the said wattled wells in opposition to Mamool, that the Plaintiffs People thereupon in company with the Amildar Curnum Joty and Taliar attached to the Plaintiffs Zemindary proceeded to the spot and questioned the Defendants as to their improper acts whereupon they (Defendants) compromised the matter saying that they would

would not act in that manner any more and that they would fill up the wells but that on hearing the very next day that the Defendants were again acting improperly by making use of the water from the wells they went up and strictly interrogated them as to their reason for so doing when they reiz.d the Plaintiffs people Amildar &ca were dangerously beaten and otherwise illused. That of this they on the 6th July 1846 preferred a complaint to the Plaintiff who was then vested with the authority of Head of Police and also to the Magistrate that the Defendants also fearing that they would be visited with punishment for their irregular acts preferred a false complaint to the Head of Police of the Sulwaid Talook against Ramakistnah Reddy &ca Villagers of Munganellore. That the Magistrate called for the complaint preferred by the Plaintiffs People to the Plaintiff and referred it to the Sulwaid Head of Police for enquiry that that officer instead of first enquiring into the complaint preferred by Ramakistnah Reddy

Reddy &ca against the Defendants investigated that of the Defendants preferred afterwards that the complaint of Ramakistnah Reddy &ca was nevertheless clearly proved by evidence and the Head of Police reported accordingly in his Urzee to the Magistrate. That the Head of Police having vaguely made representation as if the defendants had some claim on a fabricated document produced by the defendants as the Naumoolnamah and which did not bear the signature of either the Plaintiff who is the owner of the Channel and Land or of the Munganellore Villagers to whose use the Channel was alloted or of the adjoining Villagers or of any proper authority according to Section IV Regulation XXIII of 1820 the Magistrate without at all enquiring into the merits or otherwise of this document ordered to take security from Ramakistnah Reddy &ca. That the said Ramakistnah Reddy &ca again petitioned to the Magistrate to enquire into the subject and punish the defendants. That the Magistrate called for the whole of the records

records from the Head of Polie stating that he would himself look into enquire and decide the case, that accordingly summons and warrants were issued for the appearance of Witnesses but that without interrogating them and without any cause he passed a decision on the 30th September 1847 requiring two securities in the sum of 20 Rupees each for the good conduct of Ramakistnah Reddy &ca for 1 year and a Moochilkah for 20 Rupees from the parties themselves.-

4. That on the said Ramakistnah Reddy and others appealing to the Sessions Court against this decision the Record &c were sent for and after reviewal the Magistrates decision was reversed and he was directed by a Precept dated the 20th November 1847 to cancel the Mamoolnamah said to have been fabricated by the Defendants as one from various causes not to be depended upon and to return the sum taken

taken from Ramakistnah Reddy &ca and annual the security and Moochelkah and declaring that the claim to the channel water &ca must be adjusted in the Civil Court.

5. That by immemorial custom the filling of the Mungapellore tank depends solely on the supply of the said Mullay Calwah, but as the defendants irregularly and contrary to Mamool dug wells in it and threw the earth across as an embankment and used the water from the wells for the irregation of their Poonjah lands the water was prevented from flowing to the tank in the year Paralavah, that the channel was also breached and some water gone to waste, that the tank fell short of its full supply, and thereby land which might have been sown with

with 1/4 Singum Pooty and 3 1/2 Mercals of seed cultivated by Ramakistnah Reddy &ca and Maty Ryots was dried up for want of water and the Plaintiff and Ramakistnah Reddy &ca sustained loss. Hence this suit is brought up for the recovery of the Court and Maramut &c. charges to the plaintiff as also that the defendants be made to fill up the wells dug in the Channel and that they do not at all interfere with the passage of water always to the tank.

5. That if the above said distructions had not occurred by the Defendants and the Channel water had been allowed to pass to the tank as usual land cultivated by Ramakistnah Reddy &ca and sown with 1/4 Singum Cundy and 3 1/2 Mercals of Seed viz. 2 1/2 Mercals in Gollalanettoo 2 in Calwah Sundoo, 1 in Dibbala Sundoo in

1 in Annellanuddy Pullum, and 2 in the Achoocut Coondega Waddlawany taugely and which Cultivation had been half grown, would have yielded a return of 8 1/2 Candies at the rate of 20 Candies per each Singa Candy of seed sown, according to the return of the land in its vicinity and according to the Produce of the preceding year, that after deducting 3/4 - 3 - 5/4 at the rate of 2 m 1/2 as on each Candy on account of Marah from this extent of 8 1/4 Candies, there will remain 7 1/2 Candies 1 m 10 3/4. of which when 3 3/4 Candies 13 - 6/16 is deducted for Coodevarum or Ryots share, the remainder 3 3/4 Candies 13 6/16 as Maloo = varum, and the said Marah, in all 4 1/2 - 4 - 2 10/16 would have been the Plaintiffs share of the produce, that the price of the quantity of 4 1/2 - 4 - 2 10/16 at the then selling price of 20 Rupees the Candies m as Rs a P Pooty of paddy, amount to Rupees 94 - 2 7

the Defendants, and that they do not make use of the water from the channel, which is available for the produce valued at 170 Rupees, as they have improperly done in the year Parabavah, that they do not all interfere hereafter with the channel, and that they fill up the Brick well valued at about 15 Rupees, as also the other wattled Wells, dug in the channel 14th October 1848

No. 2.

Answer filed by the Supplemental Defendant J. D. Bourdillon Esquire Collector of North Arcot in C.S. 186. of 1849 in the Sub Court, Chittoor.

The Plaintiff in this case who is the Zemindar of Calastry sued to

to recover Compensation for damages stated to have been sustained through the acts of the original Defendants Monigars and Ryots of the Government Village of Damanellore in taking water from a Channel which supplies the tank of a Village of the Zemindary, such taking being it is alleged a breach of Custom. As the rights of Government were in some degree involved in the dispute, the Collector moved the Court to make him a defendant and that having been done he now with the consent of the Government files this Answer to the Plaint.

2 This Answer consists in two allegations 1st The Supplimental Defendant maintains that the wells were dug in 1846 according to long Custom and 2d he denies that they caused any injury to the Plaintiff. It is also denied that the earth taken out of the wells by the Damanellore Ryots caused injury to the Channel or that the Plaintiff was put to any expense for maramut on that account.

3 The circumstances of the case are as follows. The Government Village of Damanellore and the Plaintiffs Village Mungamellore adjoin each other, and a mountain

mountain torrent which brings water to the Munganellore tank passes for a considerable distance through the limits of Damanellore. At a certain point of its Course the Damanellore people have drawn water from the Channel by means of wells dug in its bed, for the irrigation of some garden land contiguous to it. In 1846 an affray took place at this spot between the people of the two Villages the Munganellore People having filled up the wells dug by those of Damanellore. The latter made a Complaint to the late Acting Magistrate who after investigation held the other party to security; an order which was reversed on appeal by the Sessions Court. The Zemindar subsequently brought the present action.

4 The Plaintiff alleges that the wells objected to were first dug by the Defendants in 1846 when the affray took place, and that they are contrary to Custom. The supplemental Defendant contends that such wells have been dug in the same way for many years past and that they form the customary and

and only means of irrigation for some garden land of Damanellore Village. This will be proved before the Court by authentic documents, Viz^a by the Tunny Mamoolnamah of Damanellore and by the Jumnabundy accounts and a variety of puttahs from Fusly 1232 to the present time.

5 Tunny Mamoolnamahs or registers of water Customs were prepared for every Circar Village of the district many years ago, that for Damanellore was prepared in 1815. They purported to state the Customs and rights of the Village as to the sources of supply to tanks. Channels, &c^a and also as to the distribution of water. They were drawn up by the Officers of the Village they related to, and were signed by them and the principal Ryots and countersigned by the Talook authorities. The form a very useful record in many disputes especially such as concern the internal economy of their own Village; but they are of less value were the interests of a neighbouring Village are involved, because not verified by the Countersignature

or

or Assent of the authorities of such Vil-
=lage. In such cases they are not conclusive
evidence they can only raise a presumption
6. In the present Case the Manoo-
=ramah of Damanellore gives a strong evid-
=ence as those documents are capable of
giving. The Paper was drawn up as already
said in 1815 it is signed by the two
Mongars, the Curnum and four Ryots
and is Countersigned by the Tahsildar and
Sereishtadar of the Talook. There seems
thus no reason whatever to question its
genuineness. Its bearing on the point
at issue is direct, it states that it is
the Custom for the Damanellore Ryots
to draw water from the Munganellore
Channel by means of Pycottahs to wat-
the Chilly and other gardens on its
banks and to dig wells in the bed in the
dry season for the same purpose. For
the reasons above stated this evidence
is not conclusive as to the Custom but
it affords a strong presumption that in
1815 it was as here recorded.
7. The proof afforded by the Puttah
and Jummahbundy accounts, if less
direct is more conclusive, for these
documents

documents prove beyond doubt that from
Fusly 1232 (1822) downwards certain land
of Damanellore contiguous to the Channel
has regularly been entered in the Accounts
as Potacal and has paid the Potacal
Assessment being watered from the Munga-
=nellore Channel. In explanation of the fact
that these records are appealed to from Fusly
1232 only it should be added that after
a few years of Amauny Management from
Fusly 1211 (1801) to 1217 (1807) the records of which are
extremely defective the whole district was
under Village Rents from Fusly 1218 to 1230
during which time therefore no detailed
revenue accounts were kept. The Rents
ceased in Fusly 1231 and the district was
brought regularly under Ryotwar Settle-
=ment in Fusly 1232 from which period
the records are more detailed and more perfect
8. In regard to the 2d allegation
of the answer that the wells do not
damage the Plaintiff the supplemental
Defendant has to state that those wells
do not deprive the Munganellore Tank
of any water for the following reason.
The Channel is a Hill or jungle Stream
which Contains water only for a few ho-
=urs or days when it rains, and is dry
at other times. The water of the floods
goes into the Munganellore Tank but
with

with this the wells do not interfere; all that they do is to draw off some of the little water which remains in the soil below the bed of the Channel after the floods have run off, and of which no assignable portion would ever drain into the Tank. In support of this allegation it may be observed that Narainum one of the Defendants in 1846 & Monigan of Munganellore though he denies the customs of digging the wells yet admits that if their linings do not rise above the bed of the stream and if the earth dug out of them is removed out of the Channel, viz if they are so Constructed as not to obstruct the flow of water down the Channel they Cannot damage the Munganellore Village. Whatever therefore may be the opinion of the Court respecting the Custom it Cannot decree damages because no injury has been sustained.—

9. The written evidence above referred to with the parole evidence which will be produced in Court will fully prove the allegations & Statements above made in this answer. The Supplemental Defendant therefore trusts that the Court will nonsuit the Plaintiff as having failed altogether to make good either of the points on which his case rests viz 1st that the wells to which he objects had no existence prior to 1846 and that they are totally contrary to Custom & 2d that he received damage from them. Further the Supplemental Defendant begs the Court to award him all his costs in the action

Requesting that a poor Hospital Established at Chittoor by private Subscription may be allowed medicines from Government Stores.

Extract M. C. Public Dept. Feby 12th 1848 No. 159.

On the 24th February 1848 the Board of Revenue transmitted to this Office a Copy of a Resolution of Government which proposed to apply for the Sanction of the Home Government for the Establishment of public dispensaries at several Stations, and among others at Chittoor. The Zillah Surgeon has now made arrangements by means of private subscriptions for opening a hospital at that Town for the treatment of the Native population, and for lodging and maintaining while under treatment such patients as from their poverty and the distance of their homes need such additional aid; and he has requested me to make application to Government to authorize the Medical Department to attend to his indents for Medicines and Medical Stores for this institution.

With reference to the resolution quoted above it does not appear necessary

necessary that I should say any thing to shew the utility of such an Establishment, the Government having already acknowledged it, neither does it seem requisite that I should attempt to give any estimate of the quantity of medicines that will be required as the Government have much better means of procuring that information in the actual expenditure of similar institutions elsewhere. I content myself therefore with soliciting the Board to recommend the request to the favorable consideration of Government. The hospital was to have been opened on the 1st Instant experience must show what will be the cost and whether the local subscriptions will be and will continue sufficient to maintain it. Should they fail to do so or should other than pecuniary aid be required application may hereafter be made to Government for such assistance as may

may seem necessary which it is hoped will not be refused.-

To The Chief Secretary to Government - - - - } With reference to Extract from Minutes of Consultation dated 12th February 1848 in which Government resolved to recommend to the Honorable the Court of Directors the Establishment of Dispensaries at the Chief Towns of the several Districts in this Presidency, which had not been provided with such institutions, of which Chittoor was one, I am directed by the Board of Revenue to submit the accompanying letter from the Collector of North Arcot dated 8th instant

Submitting letter from the Collector of North Arcot reporting that the Zillah Surgeon of Chittoor has made arrangements by private Subscriptions for opening a Hospital for the treatment of the Native population and supporting this application that the Medical Department may receive instructions to attend to the Zillah Surgeons Indents for Medicines & Medical Stores &c. &c. In Genl Cons.n 24 Feby 1848 & 5 Sept.r 1849

Instant, reporting that the Zillah Surgeon of Chittoor has made arrangements by means of private subscriptions for opening a Hospital at that Town for the treatment of the Native population, and for Lodging and maintaining, while under treatment, such patients as from their poverty and the distance of their homes need such additional aid; and soliciting that the Medical Department may receive instructions to attend to the Zillah Surgeons Indents for Medicines Medical Stores, &c.

2 Adverting to the desire manifested by Government to provide English Medicines and Medical attendance to the Native population in the Provinces. The Board are led to believe that the exertions of the Zillah Surgeon in establishing a Hospital from private contributions in anticipation of the orders of the Honorable Court will meet with approval and they therefore beg to recommend

To W.E. Lockhart Esqr
Collector of Salem

Sir,

I have the honor to acknowledge the receipt of a Petition No 2226 of 1848 No 57 of 1849 of the Board of Revenue with an Endorsement of the Deputy

herewith returned

Deputy Secretary to Government of the 15th December 1848 and by the Deputy Secretary to the Board of Revenue of the 29th May 1849, in which one Candy complains that his Merassy right in one of the ferries of the Cawvery has been infringed and the Coercion has been used to compel him to rent the ferry.

2. In answer I beg to state that it appears that before the formation of the Mootah the ferry in question held by the Petitioners family on a fixed rent of Rupees 10-9-6 at which rate it is entered as a Motur-pha tax in the accounts of the year Doormutty. During the tenure of the Mootahdar the farm appears to have been divided into two ferries, those of Poonjay Edian and Vellore and Rupees 5-10- appears as the rent of that of Vellore and Rupees 5. as that of Poonjay Edian and these rents were paid up to Fusly 1230 in which year the Mootah lapsed. In Fusly 1231 these sums were struck off from the

the Motarpha and the ferry of both places were again combined in one farm and put up to public auction, being from that time entered among the sundry small farms as the ferry of Vellore, the rent varying from Rupees 121 to Rupees 30 per Annum.

3. It was not then considered that the Petitioner had any Merassee right, and I do not think that any such can be maintained, nor is it desirable that a right affecting the public interests should be allowed to pass into private hands when it is considered that any one of these ferries may at some future time by the construction of improved roads or the extension of cultivation become of much importance.

4. The second allegation that Coercion has been used to introduce the Petitioner to rent the ferry, he now retracts, stating that it was added by the writer of the Petition,

and

and I do not think it probable that any was really used.-

Proceedings thereon. The Board observe that in forwarding Mr Maltby's report, the Collector should have given his own opinion upon the case. they resolve however to pass the following Endorsement on Petition № 2226 of 1848.

"Petitioner is informed that from a report received from the Sub Collector of Salem it appears that he has no Meerasy right to the Ferry Farm which he claims. and that he has retracted his complaint that coercion was used to induce him to rent the Farm. No orders are therefore called for upon his Petition".-

Reporting on the State of the Olive plants in his Collectorate

With reference to the Extract from the Board's Proceedings dated 18th June last conveying the Para

Para 5 of the Extract from the Minutes of Consultation under date the 16th March 1849 with its enclosure requiring me to furnish a further report on the Olive plantation in Salem I have the honor to state that in my former report dated 23rd October 1845 I mentioned that of the 16 plants received I distributed 8 on the Shevaroy Hills and at Salem that two were put in the Garden at Daramporry and the others at Ossoor and on the Hills in the Denkercottah Talook, and that the plants with the exception of one at Ossoor were all thriving and healthy.

2 Of the 8 plants distributed on the Hills and at Salem two decayed subsequent to the report quoted above and the other 6 are from 3 to 9 feet high with 5 or 6 branches to each. Two layers of two of the thriving plants have been put down and will be transplanted in due time.-

3 The two Plants in the Daramporry Garden are 10 feet high, two layers have been taken off them which are 6 feet

feet high. Of the 3 plants at Ofsoor 2 are 6 feet high, and the other decayed.-

4. Of the 2 plants in the Denkeecottah Hills one withered last year and the other also decayed four Months ago. after growing to the height of several feet. Of the 15 plants mentioned in my former report 10 are now healthy and in a thriving condition; the two layers also are in a flourishing state.-

In reference to the Proceedings dated 13th ultimo on the Settlement of the Extra-Sources of Revenue for Fusly 1257 I have the honor to state that the Salt Statement C. was heretofore prepared agreeably to a form furnished by the Board the future Statements however will contain the stock on hand at the commencement of the Fusly as desired.-

2. The discrepancy noticed in Para 6 is easily explained.

On reference to the accompanying Memo it will be seen that the supposed difference has arisen by corresponding Statement No 1 with the Quarterly Returns of the Sales of Salt for which the one is for the Fusly year, the other comprises a period commencing 1st July and terminating 30th June. It is no wonder therefore that the Board's calculation does not agree with the Statement which accompanied the Report.-

From the Asst. Coll. of Trichinopoly Submitting for the orders of the Board a Case of lapsed Enam which appears to be of a doubtful Kind - Sir.

Under the instructions contained in Para 5 of Extract from the Proceedings of the Board of Revenue No. 198 dated 27th July 1848 I have the honor to submit for the orders of the Board a case of lapsed Enam which appears to me of a doubtful Kind -

2. One Streemenasa Jalarauloo claims to succeed his Uncle of the same name who died without issue on the 7th October 1848 in the enjoyment of 3 Seed Cottahs of 2 Crop land situated in Sharenmahdavy Cusbah -

3. The claimant is heir by

a

a Will the genuineness of which and the identity of the claimant have been satisfactorily established and are admitted by a surviving brother of the deceased.

4- The doubt in this case arises from the terms of the Chittah under which the Enam was enjoyed by the deceased who was the original grantee. From this document it is gathered that the Manium was of the nature of a life Cowl for the cultivation of land injured by a flood in fusly 1205 A.D 1795 and seems couched in terms not intended to convey a hereditary right.

5- This Manium is found entered in both Mr. Lushington's and Mr. Cotton's Registers of Enams and in the latter both the Columns "Hereditary" and "not hereditary" are left blank.

6- The Manium has been given into the enjoyment of the Claimant pending the orders of the Board.

2 It will be seen that this Ground was in dispute in 1843, and that consequent on proceedings held at the Police Office one Poorwoshotum and four others were fined 10 Rupees each whilst another individual was fined 51 Rupees, for interfering with the property.

3 Veerabadra Moodelly applied to me in 1844 for a Certificate on the production of a Cadjan bill of Sale from "Poorwoshotum" and another. As I was not then aware of the proceedings at the Police Office referred to above I caused the usual Notice to be affixed on the Ground preparatory to the issue of a Certificate to him. This Notice, however, was withdrawn on a report from a Police

Sir,

With reference to your letter, under date the 23d instant I have the honor to state that it appears, by the Records of this Office, that on the 15th of August 1843, one Poorvoochotham and 4 others were fined 16 Rupees each for a Breach of the Peace, having been found quarrelling and fighting on the Public Road respecting a dispute of the land to which your letter alludes, again on the 22d of September 1843, one Audeemoolum (how connected with Poorvoochotham does not appear) was brought up on the complaint of a woman named Moonechee for an assault and partially destroying her house which stood upon

upon the same ground above referred to for which he was fined in the sum of 51 Rupees. The Magistrates have no power to decide on title of house or land, in both the above cases the parties were fined for the Breach of the Public Peace. When evidence to the right of land is absolutely necessary to enable the Magistrates to dispose of the Case, it is invariably the practice to refer the question to your Department, but only when the land in dispute is stated to be, or supposed to be Public property. and it was with this view that the references quoted in your letter were made.

Mylapoor of Madras and live in a house of my own in Singaree Naik Street in the said Village. I have known the ground called Mundavally which is close to my house for the last 55 years. It has always been used as a Street, about 25 years ago, the Scavengers of the Assessment Department emptied the contents of their Carts upon a portion of this ground, of which I and several others complained to Mr. Leggatt the then Superintendent of the Assessment Roads, who discontinued the practice and ordered the rubbish already deposited there to be levelled. In the year 1843 one Pooroosheettum claimed the levelled ground as the property of his ancestors and planted some trees thereon a dispute arose between him and 4 others who were fined at the Office in 10 Rupees each. Some days afterwards, one Andeemoolum had a dispute with the concubine of Pooroosheettum respecting the same

same ground and was fined in 5l. Pagodas.
In the beginning of January 1844 Poorooshottum
erected a hut on the ground in
question, when the Inhabitants of
that place presented a Mahazurnamah
to the Chief Magistrate and Superin
tendant of Police, who wrote a letter
to the Collector of Madras, a Mais
try of the Collector's Cutcherry named
Connarasawmy inspected the ground
and reported to the Chief Magistrate

th that it was public property, con=
sequently the Chief Magistrate and
superintendent put up a Notice on
the encroachment on the 30th Day of
January 1844 and Poorooshottum re=

Month of April 1848. when the Chief
Magistrate and Superintendent of Police
proceeded to the Neilgherry Hills
Poorooshottum fixed some Bam=
boos on the same ground when
the Inhabitants objected to it. Major ac
Clerk who was then Officiating Chief Magistrate and

and superintendent of Police stopped the
building. In the following Month
May Mr. Elliot wrote another letter
to the Collector on the subject when the
same Mastry Connarasawmy came to the
ground accompanied by another Mastry
of the same Department named Rangappan
and after their inspection of the ground
they made the same report to Mr. Elliot
who ordered the Bamboos to be removed
and Poorooshottum was advised to go
to the Civil Court against the Inha=
bitants who made the objection and
prove his Title to the ground in ques=

under plea that he had purchased
it from Poorooshottum. The ground which
appears on the sketch I now produce is
the same which is called Mundaul=

prove his title to the ground which
is solely public property. The Certificate of

Proceedings thereon.— It does not appear from the foregoing letter that any regular enquiry has been made at the Collectors Office in respect to the claim to the land advanced by Poroshotumah or Veerabuddra Moodely. The investigations in the Case seem to have presented by the Police authorities incidentally for the purpose of disposing of charges of assault

a fault or encroachment. The Board therefore request that the Collector will cause a full inquiry into the matter to be made by his Assistant and communicate the result. Mr. Taylor should inspect the localities in person and his report should be accompanied with a plan of the ground and of the surrounding houses and plots of land.—

From the Collector of Madras.

Sir,

I have the honor to acknowledge the receipt of your letter under date the 27th instant calling for explanation on certain parts of the Draft Act for the management of the Madras Abkarry revenue submitted in my letter of the 13th Ultimo

2. In proposing that the sale of spirits manufactured

to the Eastward of the Cape of Good Hope in a less quantity than 5 Leaguers of 150 Gallons each shall be deemed a retail sale within the meaning of the Act, I was guided, in no small degree by the opinion expressed in Para 2 of the letter from your Office dated 8th July 1844.—

3. My letters of the 28th May and 3d June 1844 will shew that, under the operation of Act No. VI of that year Messrs. Stephenson and Co. felt justified in applying for a permit for the removal of a Cask of Ceylon Arrack from the Sea Custom House on payment of the prescribed duty of 9 Annas per Gallon. Had they obtained the permit the actual Cost of the liquor to them, including Duty would have been only 12 Fanams per G. and under the authority of Police Regulation No. 4 they might have readily sold it by the Dozen at 24 Fanams per Gallon yielding them a profit of 100 per cent

Cost of liquor as 6
Duty 9/15

Fort St. George 17th. September 1819.

Cent. whereas the charge to the retail dealer made by this Office is like fanams and the minimum rate for Sale at the licensed shops is 50 fanams per Gallon.—

4 It will thus be seen that if the minimum quantity be reduced to the quantity specified in the Calcutta Act namely one Seer or about a quart, or even to one two or three Gallons as suggested by the Board the wholesale Merchants will find the speculation a very remunerative one, to purchase the liquor, in small quantities for Sale by the Dozen which is authorized by their license and is not interdicted by the new Act. to the serious injury of the Abkarry revenue.—

5 The indulgence it would seem is allowed in Calcutta, but it is probable either that the distiller of what is called "Bengal Arrack or Rum" is subjected to some stringent rules under the Excise

Fort St. George 17th. September 1819.

Excise Laws or that the liquor itself when sold for Home consumption is liable to some local duty sufficiently high to counteract the evil of permitting any person not a licensed dealer to have in his possession or to convey small quantities unaccompanied by a pass, but whatever the grounds may be for a system so much at variance with that which obtains at Madras, it is quite obvious that its adoption at this Presidency would be productive of consequences the most detrimental to the revenue under my management.—

6 I therefore suggested such modifications of the provisions of Sections 3 and 12 as were requisite to adopt them to the local circumstances of this Collectorate. my view of the case being further strengthened by the existing rules for the protection of the Abkarry in the Provinces which are contained in Section XII and XIII Regulation I of

of 1820.—

7— As observed by the Board in the letter already referred to of 8th July 1844 only such parts of Regulation I 1813, have been repealed by Act VI of 1844" as relate to the rates of duty and drawback on spirituous liquor imported and exported by Sea"— At present, there is no other Regulation than I of 1813 which authorizes the levy of the Consumption duty now in force. Besides this the rule laid down in Section VII regarding the mode of supplying the licensed retail dealers and that relating to the establishment of Distilleries which is contained in Section X are most essential and should in my opinion be retained, for in no part of the new act is there any corresponding provision to be found.—

8 Section VII Regulation I of 1813 is, moreover, particularly referred to in Section II Act XXXII of 1845, as an important rule to

prevent the imports from the Distilleries in the Provinces from interfering in any way with the sales in the different Shops licensed by this Office.

9. I therefore, submit that, under the circumstances, the Regulation referred to should not be repealed in toto.

10. The importance attached to the necessity of restricting the retail sale of Beer is shewn in the correspondence referred to in my letter of the 13th Ultimo. The further correspondence with the Police, which is now submitted, will, I trust, convince the Board of the expediency of having a Special Clause relating to it. I have proposed the insertion thereof more particularly from its appearing to me proper to make the punishment for any breaches of the conditions of the license, as regards the sale of Beer, lighter than that awarded for other Offences, in consequence of its not being an Article liable to any excise duty.

12. It appears to me that the provisions of Section X Regulation I 1813, are sufficient to prevent the establishment of any Distillery in this Collectorate unlicensed by the Collector. If the Board, however, should continue to be of a different opinion, I would beg respectfully to submit that it does not seem requisite to provide - as proposed by the Board in Section XXX of the new Act for the Madras Abkarry - for the punishment of Distillers in the Provinces for any breach of the conditions of their license, the local

13. I take this opportunity to bring to the notice of the Board that there are several Houses of entertainment in Black Town denominated "Siffin Houses," and that the holders thereof are known to sell, to their own Customers, European spirits to a considerable extent. All exertions on my part to get them punished have been unsuccessful, for the Police requires evidence of the actual sale, which I have not yet been able to procure. The enclosed Copies of my letters to the Acting Chief Magistrate and Superintendent of Police, will shew that a clear case was recently made out against a Mr Freeman; but I have been informed that although he is known to be the keeper of a Siffin House, he can purchase any quantity of spirits he pleases and keep it there for sale, without interference from

Sir,

With reference to my letter under date the 7th instant, I have the honor to send herewith one Donnee, who was taken up this morning when in the act of introducing a quantity of Brandy into Mr Freemans Coffee House, under the enclosed pass, which it will be observed, has been obtained in the name of one Mr Collins. The case will be proved by my Peons Appasawmy and Moonesawmy, who made the seizure. They, as well as Donnee, will further depose to the fact that this liquor alone was seized, whilst a quantity of Beer, which another Coolly was in charge of, was duly taken into the Coffee House in question.

Adverting to the correspondence noted in the margin, I have the honor to draw your attention to the interpretation of Section III Regulation I of A. D. 1820, by the Court of Foujdaree Adalut, as given at page 350 of the Official Gazette dated 5th instant, where "Beer" being a fermented as well as an intoxicating liquor, is declared to come within the class of spirituous and fermented liquors, the unlicensed sale of which is forbidden." Now as the object of Police Regulation No 4 is to establish restrictions upon all Venders of spirits and "intoxicating liquors" within the Town of Madras, I request that you will do me the favor to state, taking into consideration the opinion of the Court of Foujdaree Adalut in connection with

with the correspondence in question, whether "Beer" does not, in the like manner, come within the intention of the Preamble of the said Regulation, in which the words "intoxicating liquors" occur, and, if so, whether the unlicensed "retail" sale of it is not forbidden by the rules laid down in Sections 5th & 9th.

To the Acting Chief Magistrate. 3 1.

Forwarding to him Draft of an act framed in communication with the Collector of Madras and upon the leases of the Calcutta Act for the better securing of the Abkarry revenue and requesting his modifications and suggestion thereon.

To, The Acting Chief Magistrate.

Sir,

With reference to the Extract Minutes of Consultation under date 5th April last directing the attention of the Board of Revenue and of the Chief Magistrate to a "Draft act for better securing the Abkaree Revenue of Calcutta" which was read in the Legislative Council of India on the 24th February last, and desiring them to consult together upon its provisions, and if they consider them applicable to Madras to prepare a Draft founded upon them with any modifications which they may deem advisable. I am instructed by the Board of Revenue to forward for your consideration the accompanying Draft framed, in communication with the Collector of Madras, upon the basis of the Calcutta act and to request that you will favor the Board with your opinion upon the Draft and will suggest any modifications

modifications of, or additions to its present provisions, which may seem to you to be required for the security of the Abkaree Revenue, and for the exercise of due control over the sale of Spirituous or fermented liquors within the Town of Madras and its vicinity.

2. I have further to forward for your information copy of a correspondence which has passed between this office and the Collector of Madras on the subject of certain provisions of the Draft. Under the circumstances represented by Mr. Hudleston in Paras 2 - 6 of his letter of 31st Ultimo the Board have thought it advisable to fix, subject to the decision of Government upon the point, One Leaguer of 150 Gallons as the minimum quantity of Spirits manufactured to the Eastwards of the Cape of Good Hope which is to be considered as constituting a sale by wholesale, the sale of any

smaller quantity being regarded as a retail sale. With regard to the remarks contained in Paras 10 - 13 - 14 of the same letter it appears to the Board that a separate clause relating to the sale of Beer is unnecessary and that Tiffin Houses falling under the general term Houses of public entertainment in Section IX of the act do not require to be specially named in the enactment.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 10th. instant and to report that the arrears of Yeomiah claimed by Imaum Shaw in July 1848 for 2½ years ending with the 11th. January 1848 were drawn by him only on the 14 July 1849

1849, he having left Madras before the sanction of Government dated 8th. August 1848 reached this Office.

2. As at the date of last payment, further Arrears for 1 Year and 6 Months were due to Imaum Shaw, it became requisite to apply for fresh sanction to make the necessary disbursement. His identity was ascertained by means of his descriptive roll, as well as by the evidence of the Head of the Fakeers, Fazal Ally Shah, who made his appearance in person, accompanied by Imaum Shaw, in July 1849, to obtain payment of the amount of arrears sanctioned in 1848.

Madras before the sanction of Government dated 8th. August 1848 reached the Office. This is at variance with the information given in Column 8 of the Collectors Statement dated the 13th. August 1849 — from which it would appear that Imaum Shah drew the allowance up to the 11th. January 1848 / sanctioned by Government on the 8th. August 1848 / and proceeded afterwards to Teroovanthe-gummeventty from whence by his own Statement and that of the Fakeer Fuzul Ally Shah, it would seem that he was unable to return in time, having been indisposed but has now appeared in person.

2. The Collector will explain the discrepancy noticed above. He will also again call Imaum Shah before him and compare him with his Descriptive Roll. He will further require him to prove his identity by other Witnesses besides Fuzul Ali Shah.

by applying to the Civil Court for his release or for the cancelment of the order on which he was confined and that the Sudr Court be requested to suggest a remedy to amend the law between the Landholders and Tenants as will ensure either party from being entirely at the mercy of the other

by the Board of Revenue relates to the case of Ramchetty whose protracted confinement in the Jail of Canara was noticed by Government in Extract Minutes of Consultation 11th. July 1849. No.450.

2. It appears that Ramchetty is not detained in custody for arrears of revenue due to Government, but for arrears of rent due to his Landlord Shambugwath, and consequently that his imprisonment has been effected under the provisions of Clause 5 Section 34 Regulation 28 of 1802. He is stated to be unable to pay and his detention in Jail by his landlord, is represented to be dictated by feelings of enmity.

3. The Law under which Ramchetty has been incarcerated declares that "the defendant shall be kept in custody until the "amount of the arrear and interest may be "discharged" or "until the Plaintiff make "application to the Court for the release "of the defendant", and it is presumed that this definition ruled the opinion of the Court of Sudr Udalut that the Debtor in question "who is in confinement under "the provisions of Clause 5th. Section 34 Regulation

"28 of 1802 cannot be discharged by any "order of Court."

4. The Right Honorable the Governor in Council cannot learn from the papers before him that the requirements of the Law preliminary to the incarceration of a defaulter have been attended to in the case of Ramchetty, and if as it is represented he has been committed to Jail by the Collector the authority for the procedure seems to be wanting in the Clause quoted, in as much as Clause 5. Section 34 Regulation 28 of 1802 contemplates commitment by the Judge and not by the Collector whose duty consists in investigating cases of this nature referred to him for adjustment and reporting the result of his enquiries to the Judge, and the Sudr Udalut have ruled that the powers given by the above Section to the Zillah Judge had not been transferred by Regulation 5 of 1822 from that Officer to the Collector.

In Cons. 28th. Jan. 1825 No. 2-3.

5. The confinement of Ramchetty under these circumstances would therefore appear to be of doubtful legality

and

and the Governor in Council is of opinion, assuming these features of the case to be correct, that the Collector should take the earliest opportunity of relieving himself of all further responsibility by applying to the Civil Court for the release of Ramchetty in the mode prescribed by the Regulations for the release of Defaulters of the Government revenues, or for the cancelment of the order on which the defaulter was received into Jail.

6. The important considerations however which the case of Ramchetty has called forth, require that if the Law is really defective as it would seem to be, no time should be lost in its amendment. In the instance before Government it has been stated that the Defaulter is without the means of payment, but is detained by the vindictive feelings of his creditor and the Law provides no help; the Governor in Council desires therefore that the Judges of the Sudr Adalut will consider the present state of this part of the Laws between Land holders and their under farmers, and propose such a

a remedy as will ensure either party from being entirely at the mercy of the other.

recorded that C. Cunniah Chetty has selected the Village of Parambadoo and the Hamlets of Coopum and Comaravpoliem, situated in the District of Chingleput for the exchange of his landed property in Vepery.—

2. The extent of land in the above Village and hamlets available for cultivation after deduction of Enam, and lands not adapted for cultivation, is reported to be Cawnies 1418—4—— of which by far the greatest portion, it is observed, is wet, the Assessment charged on this extent is Rupees 9247—14—5, while the gross revenue realized on an average of the last 10 years from Fusly 1248 to 1257 inclusive amounted to Rupees 4616—— deducting charges of management and Tank repairs the net revenue of the above Village and hamlets is Rupees 4,267—4—1 and on this amount Cunniah Chetty wishes the Quit rent chargeable to him to be calculated.—

Gross—4616——

3. The Right Honorable the Governor in Council is glad to observe from the correspondence before him that the discussion regarding the exchange between Government and C. Cunniah Chetty has been carried on in a

spirit

spirit of fairness on both sides, looking however to the large extent of improvable ground in the Village which has been selected as well as to the ample supply of Water it appears to command, he is of opinion that not only should the Quit rent be calculated on the gross receipts at Rupees 4116 but that additions made to the present computed average revenue by the cultivation of the large tract of available waste, should after a period of years sufficient to enable the Proprietor to obtain compensation for his outlay, be charged for at such an advance as will moderately augment the present revenue still leaving to him a fair profit.—

4. The Governor in Council will concede to Cunniah Chetty permission to exchange the Village and hamlets at any time within two years from the date of Settlement provided such can be effected without difficulty and embarrassment to Government, but he cannot consent to his proposition to redeem the Quit rent by purchase, to which the Board have justly objected.—

5. Should Cunniah Chetty not

not agree to the terms indicated in this Resolution the Board will desire him to make another selection.

6. As Cunniah Chetty has intimated that he has no objection that Government should commence immediately any improvements which they may desire to make to the Vepery Premises, the necessary communication will be made for that purpose through the Military Department to the Military Board with a request that they will bear in mind the near approach of the North East Monsoon.

Ordered that a Copy of the above Resolution be furnished to the Military Department with reference to the Extract from the Minutes of Consultation in that Department dated 22d February and 27th July 1849 - Nos 823 and 2740.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 11th ultimo in which you agree to accept in exchange for your ground at Vepery the Parumbadoo Village and two hamlets at a Jirt rent equal to the difference between Rupees 3500 and their average revenue for the 10 Fuslies 1248 to 1257, provided that the revenue adopted for the calculation the revenue adopted for the calculation the Net revenue, or the actual collections less the expense of repairs to the works of irrigation and the charges of collection.

2. In reply I am instructed to acquaint you that the Board have laid before Government the correspondence which has passed between this Office, the Collector of Chingleput and yourself on the subject of the proposed Exchange and have been favored with the orders of Government thereon for your information to the following effect.

From Govt 14th in Cons 20th September 1849

Looking to the large extent

3. of improvable ground in the Village which

you have selected as well as to the ample supply of Water it appears to command, the Governor in Council is of opinion that not only should the Quit rent of Parumbaicoo and its two hamlets be calculated on the gross receipts so as to stand Rupees 1116 per annum but that the additions made to the present computed average revenue by the cultivation of the large tract of available waste, should, after a period of years sufficient to reimburse you for your outlay, be charged for at such an advance as will moderately augment the Government revenue still leaving to you a fair profit.—

4. The Governor in Council will concede to your permission to re-exchange the Village and hamlets at any time within two years from the date of settlement provided such can be effected without difficulty and embarrassment to Government, but he cannot consent to your proposition to redeem the Quit rent by purchase.

5 I have to request that you will be so good as to inform the Board whether you are willing to take Parumbaicoo with

with Coopum and Comaravurpolliem on the conditions approved by Government, that is upon a present Quit rent of Rupees 1116. liable to moderate increase hereafter on account of such additional extent of land as may in future be brought under Cultivation. If you assent to the proposal the Board will communicate with you further upon the details of the arrangement, but if otherwise you will be pleased to select some other Village or Villages and it would be well if you could choose one in which the waste does not bear so large a proportion to the Cultivated land as in Perumbaicoo.

6. I have likewise to acquaint you that as you have intimated that you have no objection that Government should commence immediately any improvements which they may desire to make to the Premises, the necessary instructions have been issued to the Military authorities to avail themselves of your offer.

Para 1. The Right Honorable the Governor in Council regrets to observe a gradual falling off in the "Extra sources" of the District of South Arcot, the Net Decrease in the Demand of Fusly 1257 as compared with the previous Fusly being 84,489 Rupees as exhibited in the Marginal Abstract Statement.

Fort St. George 20th September 1849

2. The decrease in the Revenue from "salt" requires the particular notice of the Collector. It was attributed last year to the season not admitting of the manufacture of the required stock, the decrease being in the sales for Inland consumption. The very same reason is given as a cause of the decrease in the Fusly under review, the loss being in this instance also under the head of "Inland consumption" It seems strange that two such seasons should have followed consecutively and had the subject been fully investigated, the fact noticed by the Board of Revenue in paras 3 and 4 of their Proceedings would not have stood without remark. It is time that on account of the deficiency in the District of South Arcot there resulted increased sales in the Southern Dans of Chingleput, but this does not account for the deficiency in South Arcot and it might

might reasonably be supposed that the seasons would be much the same at Mercanum, and the Southern portion of the Sagbire.

3. The Right Honorable the Governor in Council approves of the Collector being called on to state the quantity in store remaining at the close of the preceding Fusly. and would recommend that this should be exhibited in the Statements from every District where Salt is manufactured.

4. It is satisfactory to observe that the sales for Home Consumption are in the increase and the facts stated in para 5 of the Proceedings of the Board of Revenue go to shew that Mr Davis's remarks on this point also are not exactly to the purpose.

consideration

consideration of the subject on which his opinion is expressed, he should be cautious not to record assertions the correctness of which he is not prepared to demonstrate.

6. Under the head of "Frontier Customs" or "Sayer" the falling off has been very heavy, but the depressed state of trade with Europe to which the Collector refers, is too well known to admit of a doubt as to this being the chief cause, and one not under the control of the Officers of Government. The trade in Piece goods seems to be returning to what it was 5 years ago.

7. The circumstances above alluded to also tend to explain the decrease under the Head of "Sea Customs" and it is observed that the Sayer trade, which at one time seemed so prosperous at Cuddalore is now reported to be "almost discontinued" with the exception of one Firm who have shipped more, both of Sugar and Rum than in the previous Fusly.

From the Acting Collector of Bellary. Submitting for the sanction of the Board a Statement of arrears of Pension payable to Veeraroyappah Ranz Poligar of Puttnaghurry for himself and his nephew the deceased Ambalappah Ranze amounting to Comp Rupees 761-5-3 and soliciting Board's orders on the request of the Pensioner Veeraroyappah Ranz to pay him hereafter his stipends at Bangalore where he is to reside with his Daughter Eeswaramamah Ranee of Soorapoor accompanied with the Acting Collector's opinion.

Sir,

I have the honor to report for the information of the Board of Revenue, that the Pension payable to Veeraraya pah Ranz Poligar of Puttnaghurry has been suspended, in consequence of that Individual's absence at Bangalore ever since April of last year. He now requests that the Pension may be paid to him at Bangalore as he is desirous of residing there with his daughter Eeswaramma Ranee of Soorapoor who has been permitted to reside there. But as the Pension has always been paid to the Puttnaghurry family in this District, it may perhaps be deemed objectionable to transfer the payment of it to Bangalore, and as Madugserah the Taluk in which Puttnaghurry is situated, is not more than 70 or 80 Miles distant from Bangalore, I think Veera Royappah Ranze might either himself proceed

13966- Fort St. George. 20th September 1849-

proceed there or send an accredited agent to receive his stipend-

2- The Pensioner having failed to draw pay for so long a time, the Board's orders are now required for disbursing the arrears- These arrears amount to Rupees 595—0—0 and in addition, I believe, Veeraroyappah Ranz is entitled to the portion that was under the special orders of the Board dated 25th July 1847, to which I must beg to draw the attention of the Board, made payable to his Nephew Ambaluppah Ranz who received his share separately. Viz^{t} Rupees 23—5—4 Monthly- This Ambaluppah died on the 28th January 1849, from which date his portion has been also left undrawn and the arrears of which would amount to Rupees 166—6—3.

From 1st April 1848 to 31st August 1849- Rupees-595-0-0.

From 28th January to 31st August 1849- Rupees-166-6-3.

3- Rungummah the mother of the deceased Ambaluppah has also petitioned me to Pay her sons portion to Veeraroyappah Ranz for her support, and as Veeraroyappah Ranz by my orders appeared personally before the Sub Collector on the 28th July last, I request the

the authority of the Board for disbursing the whole amount of arrears Viz^{t} Rupees 761—6—3. to Veeraroyappah Ranz in such manner and place as the Board shall see fit to order-

20. 21.

In reference to the application made by the Acting Collector in the foregoing letter on behalf of Veeraroyappah Rauz Poligar of Puttagherry that he might be allowed to draw his Pension at Bangalore, where he is at present residing, and if this measure be objectionable that it be paid at the Talook Treasury at Madegserah about 70 or 80 Miles from Bangalore either to himself or his accredited Agent - the Board consider that the latter course might be adopted, but the appointment of a Vakeel by that individual should be made according to the manner and upon the conditions specified in the 4th of the Yeomiah rules sanctioned by Government under date the 24th December 1845.

2- A revised application for the payment of arrears of Yeomiah to the same individual should be submitted by the Acting Collector, the only arrears which require Government sanction are those due from 1st April to 31st December 1848 and the application should be limited to these. The arrears due for the 1st Six Months of 1849 may be disbursed without the sanction of Government within the last Six Months of the Year, and the arrears for the latter period within the 1st Six Months of 1850.

Board of Revenue
Fort St. George.

From the Acting Collector of Bellary. Sir,

(25)

I have the honor to acknowledge the receipt of your Circular letter bearing date the 27th Ultimo, calling for a Return in the form therewith transmitted of the Distilleries for the manufacture of Spirits after the European Process of distillation, and in reply to acquainting you for the information of the Board, that there are no such distilleries Established in my District, and that therefore no Return is sent.

On the receipts of the Board's former Circular dated 20th February 1840 Regarding these distilleries the Collector appears to have sent to the Bellary and other Talooks. instructions corresponding with those contained in that Circular, and it was ascertained that none existed in the District. —

occupation of the Company had neither been assessed nor entered in the Summahundy Settlement so that the demands to which they were liable was never included in any of the accounts of the District as the Circumstances of the case were never brought to my notice before November 1847 I made no demand for the balance nor was any Royalty levied -

2 The accompanying Statement prepared agreeably to the form received with your letter under reply will shew the amount of assessment due to Government according to the present calculation, and that due to the Mootahdars as the Company maintain that operations were going on I was induced to calculate the demand on them from the time it is asserted the works commenced up to the time they ceased.

3 The statement will further shew that Podgal lands consisting of acres 16-1-13 bearing teerwah Rupees 23-13-3 per annum were also occupied for five years by the said Company in the Saury Mootah of Valaundy in the Talook of Paramutty, which was brought to my notice after the date of my report of the 16th July last -

4 The spots occupied by the Company

are generally in the middle of hilly jungles and rocks containing iron ore and never having been assessed must have escaped the notice of both the Sircar and the Saury Mootahdars, which could not have happened had they occupied Podgal or cultivable lands -

From the Collector of Canara — — — In acknowledging the receipt of your letter of the 16th Instant I have the honor to state that the Indian "Iron and Steel Company" have not established any furnaces in the Canara District

District and consequently that no sums have been demanded or paid for them as Royalty on the metal produced -

2 The only operation which has been carried on by the Company in this District has been the Collection and Shipment of a small quantity of Iron Ore from the fortified island named Bunnakrajdroog off the port of Honore and which it is believed has been sent down for smelting at some furnaces they have in the Malabar District. This also I understand to have been discontinued for the last year -

3. With reference to the 2d Para of your letter I beg to state that no copy of the lease granted in 1841 has been received in my office but copy of that granted in 1831 was transmitted with the Board's letter of the 18th December 1839 -

From the Collector of Malabar - - -

In reply to your letter of the 16th Instant on the subject of a lease of the exclusive privilege

Fort St. George 20th September 1849

privilege of raising Iron Ore in this District which was granted in 1841 to the Directors of the (Porto Novo) Indian Iron and Steel Company, I have the honor to inform you that a Copy of the said Lease has not been received in this Office -

2 It appears to me that some difficulty would arise were the Indian Iron and Steel Company to insist on the exclusive privilege of raising Iron ore in Malabar as the Hills on which such ore is found have hitherto been looked on as private property. As yet they have made no use of the privilege and up to this time have had no Furnaces in work for Converting ore into pig Iron or Casting. Their operations have been confined to converting pig Iron brought from Porto Novo into bar Iron -

correspondence which has passed between this office and the Collectors of Malabar Canara Salem and South Arcot on the Subject of the Iron and Chrome ore Leases granted to the Indian Iron and Steel Company under date 1st January 1846

Clause IV.

2 — In the above leases it was stipulated that on the expiration of three years after their date or from 1st January 1847 the Company were to pay to Government certain progressively increasing rates of rent or Royalty for every Ton of Pig Iron or castings in any other form produced from the Iron ore and for every Candy of Chrome ore raised under the privileges granted to them. The royalty was to be payable at the Furnace upon the actual produce of pig Iron or Castings according to a half yearly Settlement

Clause V.

and upon the Chrome ore immediately on its importation at the Custom House next to the place where it was intended to be manufactured or exported of which due notice was to be given to the Collector of the District. Accounts were to be kept at the several Furnaces of all the quantities of Pig Iron or castings, and to be transmitted by the Company half yearly to the Collector of the District or to any other person whom the Government or Board of Revenue might appoint. The payment to be made on account of the Royalty was to be settled accordingly if the Board thought fit or in any other manner that the Board or Government might deem more eligible and the amount of Royalty so settled was to be paid by the Company on demand.

Clause VII.

Clause VIII.

The fine to be paid on renewal of each Lease was to be equal to the Royalty payment of one year, calculated on an average of the five preceding years.

3 The same Stipulations were inserted in the Leases of 1834 except that the period of exemption from payment of royalty extended for five instead of three years.

4 It will be seen from the accompanying letters that the above Conditions have not been carried out in any of the Districts to which the leases apply. From some oversight

Note. There have been no operations in the Coimbatore District.

Copies

Copies of the Leases do not appear to have been communicated to the Collectors nor any instructions to have been issued by the Board or Government as to the party to whom half yearly accounts were to be rendered by the Company nor as to the mode in which the payments were to be settled - No payments for rent or royalty have therefore been made by or demanded from the Company -

In Cons. 5th October 1849.
In Cons. 16th August 1849.

5. In his previous letters of 29th August 1848 and 18th July 1849 the Collector of Salem mentioned that boundaries or assessment was due by the Company for the lands which they had taken up for their mining operations in his District - In reply to a call from the Board for more detailed information he has in his letter of 29th Ultimo herewith submitted forwarded a Statement shewing the sums which he appears to consider due - The total extent occupied by the Company is acres 192-9-9 the aggregate assessment calculated as the Collector states for the period that operations are said to have been going on is Rupees 1714-3-9 of this however only acres 130-34 with arrears of assessment amounting to Rupees 756-2-8 are Cowar land, the remaining Acres 61-15-9 being situated in Jaree Mootahs - No Charge on account of the assessment

In Cons. 20th September 1849.

assessment on these lands Cowl or Jaree has yet been made by the Government Officers upon the Company, nor is any demand entered against them in the District accounts - It appears to the Board that under Clause IX of the Leases the assessment upon the Cowar lands should not be demanded from the Company - Whether any payments are due to the Mootahdars on account of the lands taken up in their Mootahs must depend upon the engagements which may have been concluded between them and the Company and may be left to be settled by the parties among themselves -

From the Collr. of Madras. Submitting a Draft Act for securing the Land Revenue of Madras on the principle of the one for Calcutta which was published in the Gazette of that Presidency under date the 30th June 1849.-

Sir,

1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 2nd Ultimo transmitting Copy of a letter from Government of 18th July and calling upon me to report my opinion whether it would be desirable to have an enactment for Madras similar to the one therein enclosed, which is an "Act for Securing the Land Revenue of Calcutta," and, if so to suggest such modifications and alterations as may appear requisite to render the provisions thereof applicable to this Collectorate.-

2. The Correspondence referred to in Para 13 of the Board's Proceedings dated 5th July 1847. No. 318 shews that having reviewed the bearings of the System effecting the realization of quitrent they dwelt strongly on the very unsafe and insecure basis on which the rights of Government rest within the limits of Madras, from the absence

absence of any certain legal power of enforcing them, and on the fact that the practice of issuing Warrants of distraint for Arrears of revenue has merely the sanction of custom and has already been declared of questionable legality at least by a former Advocate General.-

To B. of R. 22d April 1822.

3. They further observed that under the circumstances, great discretion and forbearance are necessary in the use of these Warrants, so as to avoid bringing the question of their validity before the Supreme Court where a decision might probably be passed depriving Government even of this method of levying its dues.-

From B. of R. 4th April 1844.

4. But in a letter from the Government of India under date the 17th February 1844 it is observed, with reference to the fact that the practice which obtains at Madras is that which has always prevailed at Calcutta, that should the power of Government hitherto exercised of enforcing by distraint the payment of Quit rent be ever called in question, it would then be the time to consider the expediency of conferring such power by

by a legislative enactment, to have general operation within the several Presidencies.-

5 The above is, I think, decisive of the question as to the necessity of having an Enactment for Madras similar to the one which has been framed for Calcutta.-

Encl: No. 1

6- I now submit accordingly, a fresh Copy of the Draft Act published in the Calcutta Gazette of the 30th June 1849. with such modifications and alterations in red ink as are in my opinion requisite, to render the provisions thereof applicable to the circumstances of this Collectorate.-

7. It is proper to explain that the alterations &c. alluded to have been made chiefly in reference to the detailed list of authorities which accompanied the letter from this Office dated 11th January 1821, as it will be seen that the addition in Section I has for its object the adaptation of the rule embodied in it to that referred to in Paras 22, 23 and 24 of the said list.-

Sec: I

Sec: III

8. The provision of Section III that quit rent should be paid "within five days after presentation of bill" corresponds with

Fort St. George 20th September 1849.-

with the order of the Board dated 25th May 1826 whilst the alteration from "six" to "five" years in Section VIII is in keeping with the opinion expressed by the Board in Para 12 of their Proceedings of 5th July 1847 No. 318-

No. 1.

Act No. of 1849.-

An Act for securing the Land Revenue of Madras Calcutta.

Whereas it is expedient that the Land Revenue, accruing due to the East India company within Calcutta be ascertained and collected in as summary a manner as in other parts of the Territories under the Government of the East India Company. It is declared and enacted as follows.-

All

Fort St. George 20th September 1849.-

I All Assessable Lands, not the property of the Estate India Company within the Town of Calcutta of which the rate of Assessment is not known, or which have not heretofore been assessed. shall be assessed at the rates of three Annas for each Cottah.

II Lakhiraj tenures of Land in Calcutta of which uninterrupted possession has been held under alleged grants, exempt from Assessment for Sixty years shall be valid. no other Lakhiraj tenures of land in Calcutta shall be deemed valid, unless the same are or shall be held under an unexpired grant from the British Government.-

III If any owner of Land or any person holding Land on lease from the East India Company shall upon the written demand of the Collector refuse or neglect to pay any sum at which the Land is assessed or for which he is liable under his lease the Collector may levy the same, by distress and sale of the Goods & chattels, wherever found of such owner or lessee, or after written demand upon the tenant

tenant or occupier, and his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any Goods and Chattels found upon the Land.-

IV In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of his property he may deduct the amount of the payment or levy from the next payment of rent to his Land-lord.-

V The claim of the East India Company for Land Revenue or rent has priority over all other claims upon the land or to which property distrained upon the land may be liable.-

VI If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed unless the amount claimed be lodged with the Collector.-

VII Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgement

acknowledgment of the same in writing has been given by the person by whom the same is payable or his Agent, and not afterwards.-

VIII When a claim to hold land Lakhiraj or free of Assessment shall be set up under this Act, the Collector shall enquire into the claim, taking such evidence as the claimant may offer, or the public Records supply and shall report his proceedings in the case for the consideration of the ~~Commissioner and Sudder~~ Board of Revenue & the ~~Sudder~~ Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts as herein provided.-

IX Any person obstructing or molesting the Collector or any of his Subordinate Officers in the execution of their duty, shall, on Conviction before a

a Magistrate of the Town of Calcutta be liable to a fine not exceeding Five hundred rupees, and in default of payment to imprisonment in the Common Jail for a term not exceeding Six Months or until the fine is sooner paid.-

X The Collector may punish any contempt committed in his presence in open Cutcherry or Office, by fine not exceeding Two hundred Rupees, and in default of payment by imprisonment in the Common Jail for a term not exceeding one Month from every such order of fine or imprisonment an appeal shall lie to the Commissioner whose decision shall be final.-

XI The Collector shall act in the execution of this Act under the usual control of the Superior Revenue Authorities.-

XII The Ground Rents payable to the East India Company from Lands in Calcutta are Revenue, within the meaning of the Act of the Parliament 21 Geo: III C 70, and the Supreme Court of Judicature established by Royal Character at ~~Fort William~~ in Bengal has not any Civil

Civil Jurisdiction concerning the said Ground Rents, or concerning any thing ordered or done in the Assessment or Collection thereof.-

XIII All actions concerning any trespass or injury committed by any Revenue Officer acting under colour of this Act or concerning any claim in respect of any goods taken by or any monies paid to any Revenue Officer under this Act, or concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the Civil Courts established by the East India Company in the ~~Twenty four~~ Pergunnahs notwithstanding that the cause of action, in respect of which such action is brought, arose, or the defendant therein reside, within the limits of the Town of ~~Calcutta~~ and every such action shall be brought within Six Months after the cause of action arose, and not afterwards.-

Sir,

From the Superintendent of Stamps } 1.- I have the honor to acknowledge the receipt of an Extract from the proceedings of the Board of Revenue dated the 23d. Ultimo, with its accompaniments and in obedience to the orders of Government conveyed in Para. 2 of the Minutes of Consultation of the 18th. August No. 781 to submit for transmission to the Government of India a revised application in the prescribed form for the modified Establishment proposed by the Board and approved by the Government.-

Acknowledging receipt of Extract from the proceedings of the Board dated 23d. Ultimo and submits for transmission to the Government of India a revised application in the prescribed form for the modified Establishment proposed by the Board and approved by the Government.

2.- But I trust I may be permitted to observe, with every deference to the opinions of the Board and the decision of Government on the subject that the reduced Salaries assigned to the Manager, Writer, and Head and Deputy Pressmen, which are even below the amount proposed for them in the revised application submitted with my letter of

the

the 5th June 1849, are not proportioned to the duties &
and responsibilities of those Offices and consequently
not calculated to secure the services of efficient Men-

3- In originally recommending the Salary
of the Manager and Auditor to be fixed at Rupees
150 per Mensem, I considered it to be the lowest &
amount consistent with the efficient and faithful &
discharge of his duties that could be assigned to &
one who had already Sedulously and Zealously employ
himself in the business of the Department and con-
=ducted every duty he undertook in it to my entire
satisfaction, and while I would respectfully observe
that it is no economy to have an under paid &
Servant, especially a Head servant on the Establish-
=ment, I would fain hope that out of consideration &
for the interests of Government which would be &
always better protected by a Head servant when
satisfied with his wages than when underpaid,
and for the greatly increased importance of the
Office, a more equitable remuneration than &
that determined upon, will be recommended

to the Government of India in behalf of the Manager
and Auditor of the Office, who since the new act came
into operation has been obliged to undertake also the
duties of Auditor, whereby many retrenchments have
been directed from this Office, and certain recoveries
have already been made and credited in the accounts,
which will go to shew more clearly that his labor &
and responsibility have been greatly augmented and
demand more favorable consideration even on the &
ground of the Zeal he has shewn than that already
bestowed on his case- It will also be seen that
the salary proposed by me for the situation is
at an amount much less than that generally &
received by Managers of other Offices at the Pre-
=sidency whose duties and responsibility are &
scarcely greater than those of the Manager in &
this Office-

4- In regard to the Head and Deputy
Pressmen, I must beg leave to press again upon the
attention of the Board and the Government the &
reasons urged in Para 5 of my letter of the 5th
June last for placing them on the same &
footing as they stood prior to the abolition of the
Foyer

Sayer - Under the explanation there offered it will be seen that their labor now much exceeds what it was when Sayer Rowamahs were Stamped in this Office, and it would only be a measure of Justice to assign to them the same remuneration as they then received Viz. Rupees 14 and Rupees 8-12 - per Mensem respectively. I could not therefore well assent to a reduction in their pay, as proposed by the Board, without this further representation in their behalf; in fact if they were to be remunerated in strict proportion to their labor, which is now greatly in excess of what it was when they had the Stamping of Sayer Rowamahs, they would justly be entitled to receive a higher rate of pay than that recommended by me but being unwilling that the Government should incur any expense that may be avoided, I considered it sufficient for the present to recommend in their case the rate of pay formerly allowed to them -

5- I would much regret to have in the Stamp Office an Establishment of Writers on the very low scale of salary proposed to be recommended to the Government of India - It would be impossible to obtain much less to secure the services of good Writers on such small salaries as 14 and 16 Rs. per

per Mensem and independently of this difficulty, is the apprehended evil of being necessitated to employ indifferent Writers who will feel little interest in their work and will be continually on the look out for a change for the better - So low a rate of pay as that proposed can offer no inducement to parties possessing the requisite qualifications to accept and continue in the Office, while indeed many may be had to fill the Situation, who would be no better than Volunteers and could hardly be regarded otherwise than as irresponsible servants - and there can be no economy in employing such persons when the wastage of Stationery and the careless transcription of records are considered - in connection with the inconvenience of having on the Establishment Writers who have yet to learn their duties By original proposition embraced four Writers on the following scale -

1. Writer on Rupees 30 — 0 — 0 —
1. Do. on Rupees 25 — 0 — 0 —
1. Do. on Rupees 20 — 0 — 0 —
1. Do. on Rupees 17 — 8 — 0 —

Such a graduated scale was calculated to encourage deligence and good conduct and would have enabled me to promote merit - But this scale was subsequently

subsequently modified by me at the request of the Board, and I then requested only one Writer on 25 Rupees, two on 14 Rupees each- and one on 10- Rupees per Mensem, but I observe that the Board have even disallowed this, reducing the 25 Rupees proposed for the first to 14 Rupees and thus removing the only inducement and with it all prospect of promotion to parties that may be employed as Writers in this Department- Perhaps the Board were not aware when suggesting this deduction to the abolition of the Sayer, there was a Writer in this Office on a salary of Rupees 24-8-0 per Mensem whose services were discontinued upon the representation of Mr. Morris the late Superintendent- Now that the correspondence and other duties of the Department have considerably increased under the operation of Act XVII of 1848. and are much more than they ever were before the Sayer was abolished, it is absolutely necessary that I should have a Writer on the proposed Salary of Rupees 25 for these additional duties, and I would therefore strongly urge that my

Letter from Superintendent of Stamps to the Board dated 22d April 1845-

application

application to this extent may be complied with-

6- With reference to Para 1st of the Minutes of Consultation under acknowledgement requiring a Memorandum to be obtained from the Civil Audit Office shewing the average receipts from institution fees for the last five years, I beg to forward Copy of a communication from the Audit Office, from which it will be observed that, the Civil Auditor is unable to furnish the required information- It does not appear however to be absolutely necessary to obtain, precisely that information, Since judging by the operation of the Act and the extension of the provisions of Regulation XIII of 1816 to the Courts of District Moonsiffs in this Presidency, the Sett off by the abolition of Institution fees against the increase accruing from Stamp duties cannot be of considerable amount, for it will be observed that under the preexisting Regulations the Institution fee amounted to only One anna on each Rupee, whilst under the present enactment the Stamp duty amounts to one Rupee on all Plaints not exceeding 16 Rupees, 2 Rupees when above 16 and not exceeding 32 Rupees, 4 Rupees when

Dated 14th Sept. 1849.

above

above 32 and not exceeding 64 Rupees- 8 Rupees when above 64 and not exceeding 150 Rupees, and so on, making it clear that the receipts from Institution fees would bear but a small proportion to those accuring from the present system-

7- In conclusion, I beg to request the favorable consideration of the Board and of Government to the claims of those servants whose salaries are proposed to be raised to be permitted to draw the increased rates from the date on which the new Act came into operation Viz^t the 1st September 1848 since they have Zealously performed all the extra duty and incurred the increased responsibility entailed by the operation of that Act. And as such an indulgence was I believe accorded to certain Servants on the Establishment of the Sudder and Fouzdaree Adalut not long ago, I trust that the gracious consideration and liberality of Government will be equally extended to the incumbents on my Establishment who have been indefatigable in their work and carried on the business of the Department with unremitting deligence without the aid of the additional Establishment applied for, I beg therefore that the recommendation

recommendation to the Government of India may embrace the claims of these deserving servants to the increased salary in arrears from the abovementioned date-

Sir,

I have the honor to acknowledge the receipt of your letter of the 28th Ultimo annexing an Extract from the Minutes of Consultation in the Revenue Department No. 781 dated 18th Idem and requesting to be furnished with a Memorandum there referred to, of the receipts from Institution fees for the past five years from Fusly 1253 to

to 1257- In reply I beg to inform you that for the following reasons it will not be practicable for this Office to furnish the information required-

2- In the first place it will be remembered that this Department has never been cognizant of the "Receipts" entered in the Public accounts, its duties extending only to the Disbursements, and in the next from an examination made, since the receipt of your letter, of the credits of "Fees" entered in the Accounts, it is found that the entries do not shew distinctly the sums received on account of "Institution Fees"

Fees" the amount credited in almost every instance being simply as "Fees" under the Head of "Judicial Receipts"-

2. The Board of Revenue do not see reason to support Mr. Bruces suggestion for a higher rate of remuneration to his Manager than that (Rupees 120 per Mensem) proposed in their letter of 26th July last:- If any advance upon the rates of Salary then recommended be permissable the cases of the Head Pressman and Head Writer might perhaps deserve reconsideration - To raise the pay of these persons to the rates recommended for them by the Superintendent or from 14 and 10½ to 25 and 14 Rupees respectively would involve an increase above the cost of the Establishment approved by Government in the Extract Minutes of Consultation 18th August 1849 of Rupees 14-8- per Mensem-

3. As the enhancement in the labors and responsibility of the servants in the Stamp Department consequent upon Act XVII of 1848 must have commenced from the time when that enactment came into operation and as those parties have since been carrying on the augmented duties of the Office without the aid of the additional establishment which has been applied for, the Board beg to recommend for favorable consideration Mr. Bruces request that the servants whose salaries are to be raised

From the Secretary to Government. Extract from the Minutes of Consultation, under date the 22nd August 1849.

Issuing instructions for the proper Entry in the Statement relating to the extent and nature of Cultivation of Land, the D.C. of revenue of the items of "Land Revenue," "and "Sewaj Summah," and in the disbursements on account of Public Works of the items "Trunk Roads" and "other works"

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 2nd August 1849 - No. 348.)

Para 1. Looking to the communication of the Honorable the Court of Directors and of the Form of Statement which accompanied it, the Right Honorable the Governor in Council is of opinion that the items of Sea Customs, Moturpha, Sayer and Abkarry which are usually designated the "Extra Sources of Revenue" under this Presidency cannot be included under any general head of Land revenue regarding which alone information seems to

be sought. what is meant by "other sources of revenue" appears to him to be small farms for Grazing, Poolery, Jungle and Forest Taxes, and all those rents and items of revenue partaking, with a few exceptions, of the character of a land tax and which being regarded as appertaining to the Land revenue have ever been settled as such and reported upon annually. The practice of carrying to account these small sources of revenue in different in some Districts, being credited to the "Land revenue," in others to the "Extra Sources," but the difference is immaterial, and will not affect the object which the Honorable Court have in view. It will be sufficient to include the items adverted to at the commencement of para 4 of the Board's letter under the head of "Under Annual Settlement." leaving the Sevoye Jumma for the Column of other sources, but excluding from it such items as "fines, Sales of Strays, &c" which should have no place in the Statement.

2. With reference to para 5 the

Government are of opinion that Trunk roads are not required to be included in the disbursements of public works, and that the head "other works" refers to Public buildings of every description for which disbursements are charged in the Collector's accounts.

3. In advertence to para 6 the Government observe that there are 99 Copies of the Form of Statement in store, the whole of which they resolve to transmit to the Board of Revenue.—

Circular.

Circular to all Collectors and Commrs Northern Circars. } Sir,

Forwarding to them a form and instructions under orders of Government for their guidance in the preparation of Statements called for by this Office under dated 31st July 1848

I am directed by the Board of Revenue to inform you that in consequence of the differences observed in the manner in which the Statements called for by this Office under date 31st July 1848 had been drawn up, the Board were induced to request the instructions of Government upon certain points connected with the preparation of those Statements

Statements and more particularly in respect to the entries to be made under the heads "other Sources of Revenue" and "disbursements on other works." In reply the Government have decided that the items which are to be included under the head of "other Sources of revenue" are "small farms for Grazing - Fishery - "Jungle and Forest Sayers and all those "rents and items of revenue partaking "with a few exceptions of the character "of a land tax, and which being re- "garded as appertaining to the land as "revenue have been settled as such "and reported upon annually" whether "credited to the Land Revenue or to the "Extra Sources" under the same head of other Sources of Revenue are also to be entered all items usually classed as "Sewaye Jumma" which are connected with the Land but not such as "fines, sales of Strays &c. which should have no place in the Statement."

From Government 25th August in Cons. 24th September 1849. 2167.

Note To the same head are referrible Tax on Topes. Palmira Trees. Fruit Trees. Pill rents.

2.

In the returns from some Districts the Columns "others sources of Revenue" have been filled up wholly or in part with the demands and

and Collections on account of Salbi Abkarry and other items usually designated "the Extra Sources of Revenue" The Government consider that these Sources should be excluded altogether from the Statements which should be confined solely to the Revenue drawn from the Land.

3.

The Government have likewise desired that such items as Enamity and Cuttoobadi Jodi Quit rent on Shrotriums Agraharums &c. which have by some Collectors been entered in the Columns of "other Sources of Revenue" and by others under that of "Permanent Settlement" should be transferred to that of "Under Annual Settlement."

4.

In the printed forms the only peculiar produce distinguished under the head of "wet Cultivation" is "Sugar" that under Dry Cultivation is "Cotton and Indigo" and under "Bagahyet" "Tobacco" In some Districts however the produce specified is Cultivated in two or more descriptions of land thus Tobacco is raised, in wet and Dry as well as in

in Bagayet lands. In such cases, such extent only of the land applied to the cultivation or raising of the peculiar produce in question as may belong to that particular class of land; wet, dry or Bagayet, under which it is arranged in the Statement, should be entered in the distinctive Column, the rest should fall into the Column of Ordinary Produce under the other classes. Thus Tobacco cultivated in Dry or wet lands should be entered as under the classes of wet cultivation or Dry Cultivation as Ordinary Produce. In Districts however where the cultivation of Sugar, Cotton, Indigo and Tobacco may be carried on to a great extent in lands other than those under which they appear in the Statement, a separate Statement may be furnished in Triplicate in the accompanying form, shewing the quantity of land cultivated with such produce under each description of Land and the aggregate extent.

5. The expenditure upon Trunk Roads is not to appear in any of the Columns under the general head of disbursements on public works

works. The Column "other works" refers to "public buildings of every description for ex- "which disbursements are charged in the Col- "lectors accounts."

6. The accounts of Cultivation and demand and Collection should be ex- Fusliwar ie for the 10 Fuslies from Fusly 1245 to Fusly 1254 both inclusive - that for the Maramut expenditure should be for Calender years ie from the year 1836 to 1845 both included.

Under these circumstances I am directed to return the Statements as transmitted from your District and to re- quest that they may be revised in accordance with the instructions above given. I have also to forward to you three blank forms to be filled up Conformably with the revision now ordered. The Board request that one of these forms may be filled up and forwarded to them in the first instance that it may be examined in this Office and any necessary alterations made, before the two remaining forms are filled up and despatched.

No. 895.

From the Secretary to Government — } Extract from the Minutes of Consultation, Order, Date the 19th September, 1849.

Communicating to the Collector of Madras Extract Minutes Consultation dated 19th instant granting Sanction to the Collector of Madras to disburse to the widow and 4 sons of the deceased Mootiah Venkatachella Moodelly the arrears due upon the Salt Compensation Certificate No. 7 and for its renewal in their names.

Read the following Extract from the Proceedings of the Board of Revenue.

Para 1 The Right Honorable the Governor in Council is of opinion that the amount due upon the Salt compensation certificate No. 7 for Rupees 117—13—11 per Annum entered in the name of Mootia Vencatachella Moodelly, since dead, should be paid direct to the Widow and four sons of the deceased as his legal representatives, without any recognition of the claims of the Mortgagee who, as suggested by the Board of Revenue in the alternative referred to in the concluding part of

* Widow Purvathummall. Sons Sabapathy, Arunasawmy, Chendrasagara, and Ramalinga Moodellies.

of their Proceedings, should be left to make his own arrangements with them; and he accordingly authorises the Collector of Madras to disburse to the parties subject to audit the arrears due upon the certificate from the 12th January 1834 to the 11th July 1849 or for 15½ years, amounting to Rupees (1826-1-6) one thousand eight hundred and twenty Six, Anna one and pice Six.

2. The Governor in Council in granting sanction for the renewal of the Certificate in the joint names of the Widow and sons of the late holder, desires that it may be intimated to them that he cannot allow the payment to fall in arrears again, and that they should attend the Collector's Cutcherry in due time to receive the authorized amount of compensation, and thus obviate a reference to Government for Special Sanction. The Collector will accordingly warn these parties and others of the same class that the Rule which disallows payment of Yearly Pensions &c. when permitted

Secretary to Government.

7-8

Order thereon / Ordered that copy of the foregoing Extract from Minutes of Consultation be communicated for the information and guidance of the Collector of Madras, with reference to his letter dated 22nd Ultimo.-

2 Mr. Hudleston will be pleased to disburse to the widow and Children of the deceased Mootia Venkatachella Moodely the Amount authorized to be paid upon Salt compensation Certificate No. 97 and will intimate to them and to all other holders of similar Certificates, the orders of Government contained in Para 2.

Proceedings thereon.- Before submitting the Statement above recorded for the sanction of Government the Board resolve to request explanation on the following items exhibited in its enclosures.-

In the Board's Circular of the 1st May 1826 stating the rates to be established for the payment of Batta to the Servants of Collectors and Sub Collectors Cutcherries it is distinctly laid down that Batta is to be paid for the whole period the Cutcherry is on Circuit except when a halt of more than ten days is made upon such occasions the payment of Batta "will cease after the tenth day of halt until the setting out again of the Cutcherry." but in the account Particular No 3 which accompanies

Accompanies the Statement above recorded no less than 24 instances occur where Batta has been paid for a longer period after a halt, which should be explained. The items are noted in the Margin and the Account Particular is returned for correction if it be necessary.-

3. In the Account Particular No 4 for the conveyance of records on Circuit, also herewith returned, the first item charged is for 14 Bandies employed from 1st December 1847, being 18 days at Rupees 10½ each per month Rupees 385-3-10. whereas on a correct calculation the aggregate charge on the given number of Bandies for 18 days at the stated prices would not be more than Rupees 85-5-8 and the difference of Rupees 299-14-2 would thus appear as a surcharge.-

From the Collector of Guntoor

To T. Rycroft Esqre
Secretary to the Board of Revenue
Fort St. George

Sir,

With reference to your letters of the 13th Ultimo and 11th June last, I have the honor to explain that the Board's Circular of the 20th November calling for information as

as to the mode and rate of assessment on Palmyra and Cocoanut trees, was not furnished to me in consequence I imagine of my having previously in my letter of the 26th April 1848. explained that in this District neither Cocoanut nor Palmyras were subject to assessment, but the Revenue from Palmyras derived thro' the Toddy rent. Cocoanut trees almost exclusively found in back yards, or Gardens held as Enam, and there are very few in the District. The Proceedings of the 20th November will be separately furnished to the Commissioner and a copy sent to the Board.-

These are required to measure the dry and Garden lands of the villages on the Sea Coast— In addition to these some were employed last year in other Villages which will not be required - hence the decrease —

The estimate provides for the pay of the Carnums of Annapurroo and Coha pand until a permanent arrangement be made — see remark to this item in the Statement of actual Charges —

This Bramin has long been employed to supply water to the servants and during the sale of Salt at Chena Ganjam Store —

These Boatmen are employed for conveying the Lappals over Mogadramah and Moottaderavoo or Salt Creeks — between Nizampatam and Banpettah —

This increase is owing the estimate being made according to the usual exigency —

From the Collr of Cuddapah — — — Sir,

Para 1. With reference to the Rules promulgated for the endowment of Choultries, I have the honor to submit the accompanying Statement in the prescribed form affording the necessary information in respect to a work of this description recently constructed by Appaw Row the Head Sheristadar of this District Bahrapett on the high road to Madras.—

Submitting the accompanying Statement for the endowment of Enam to be granted for the Choultry Constructed by the Head Sheristadar Appa Row in this District and also forwarding the Translate of an address to the Collector from the same Individual together with the Plan.—

2. I beg to forward also Translate of his address to me in which, in claiming the privileges connated by the said Rules he solicits the favorable consideration of the Board of Revenue, in regard to the amount of Peishcash to be fixed on the land he has selected, which it will be perceived has been computed at 1- 3- C.P.A. per acre, and to express a hope the Board of Revenue will recommend for the favorable consideration of Government a compliance with his request, as the dry lands of the neighbouring fields

fields converted into wet and irrigated by the Panta Cuddapah Tank are liable to this favorable additional assessment and as the waste land selected in endowment will be required to be irrigated by a Channel constructed at his expense.—

3. A plan of the Choultry is herewith submitted from which it will be perceived that it affords accommodation for all classes of people - and I shall only further add that it is a commodious and substantial Building with terraced roof and Verandahs tiled on 4 sides, the walls being brick in Chunam and that the site is in every respect eligible for the convenience of Travellers.—

No. 2.

Translation of an address to the Collector of Cuddapah from appoo Row Head Sheristadar of this District dated 27th August 1849-

after usual respects -

The Travellers proceeding to and from Bellary and Madras having felt much inconvenience from want of a halting place within 10 miles distance from Cuddapah on the Southward, I made an application to your goodness some time ago proposing to build a Choultry in Charity at Bakarapett a hamlet of Peddapully in the Sidhout Talook and requested your favorable recommendation for the endowment of an Enam for the same and you were accordingly pleased to issue an order to the Tahsildar of Sidhout to the effect that the Choultry might be built and on the completion of the work being reported, the usual recommendation to the Board of Revenue would be made for granting an Enam, and that a site should be selected for constructing the same - The work having

Fort St George 24th September 1849

having been performed within the last two years agreeably to directions the building has been fully com=pleted and on the circumstances being reported to you, you were good enough to direct the Head Ministry to inspect the building and to forward a Plan thereof, and that Officer, I am given to understand, has accordingly proceeded to the spot, prepared a plan and also an Estimate of the charges incurred in constructing the same and forwarded them to you. I now take the liberty to beg your goodness to recommended for the favorable consideration of the Board of Revenue the sanction for the endowment of Enam to the Choultry in question.—

2. The late Nair Sheristadar of the Bellary District Ramaputta Stree=nevasa Row having caused a Choul=try to be constructed at anuntaraze=pett the late Collector Mr. Ross granted him an endowment of 400 acres of Dry waste land assessed at 1 Fanam per acre which now yields 400 Rs and

Fort St George 24th September 1849

and the same is made available for wages of Sweepers &c employed for the security of the choultry, and also for giving alms to Byragees and others. By the rules now in force the sum of Rupees 60 is fixed as an endow=ment for Choultry built, but as the one which I have constructed is a spacious one servants as noted in the Margin at an expenditure of Rs 240 per annum are required to be employed. The Enam granted by the Government is barely suf=ficient to cover even the ex=penses of servants wages &c, all the lands fit for cultivation in the Village of Bakaray=pett a hamlet of Peddapally where in the choultry is situated, having been taken up by the Ryots and there re=maining only some portion of land in the adjacent Bunjer which is unfit and useless. I have not selected lands in the same Village but other land left waste for a series of years in the Village of Chinna Chowk hamlet.

3 It had been formerly customary to levy Extra assessment at 1-3 per acre for the 66 acres of dry land converted into wet by means of water in the Punta Cuddapah Tank and after deducting one fourth remission therefrom, viz to Cantaroy Pagodas 9-12. Rupees 2-13-6. was actually collected, and in respect to the extent of land I have now applied for the amount of Teervajasty inclusive of Dry assessment amounts to C. P. 20-4-12 - or Rupees 59-11-6 I therefore beg you will have the goodness to recommend to the Board of Revenue for the endowment of the land in question.—

4 In consequence of the Ryots in the District having laid waste their lands taxed with wet assess=ment and Cultivated their Dry lands with wet cultivation, making themselves liable to a lower rate of Teervajasty, a rule has been fixed in

Fort St George 24th September 1849

in Fasly 1243 (1833/34) that the rate of Teervajasty liviable on dry lands newly converted into wet should not be less than 3 Pagodas, which rule is still being brought into operation, but for converting into wet the dry land now selected by me as grant for the Choultry there is no means of irrigation either from a Circar or Daswandum Tank - The Jungle stream formed from the water flowing from the Hills and from the surplus water of the Tanks of Poottempully and Booddia=

To the Chief Secretary to Government — — — — 1. I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Cuddapah dated the 12th September, with Enclosures, reporting the construction of a Choultry by Appoo Row the Head Sherishtadar of his District at Bakrapett on the high road to Madras. —

Submitting letter from the Collector of Cuddapah reporting the construction of a Choultry by Appa Rau the Head Sheristadar of his District and supporting that officer's recommendation for the endowment of land rent free of the extent and discription specified.

Ent. Cons. 24 Sept. 1849 No 13

2. The entire building would appear to have cost Rupees 7,782-10-0 and the Collector states that it affords accommodation for all classes of people — that it is a commodious and substantial building with terraced roof, and tiled Verandahs on four sides, the walls being of brick in Chunam and that the site is in

in every respect eligible for the convenience of travellers —

3. The extent of Enam land applied for is 15-30-0 acres of Dry land assessed Peerwajasty included at Rupees 59-11-6 — which is within that usually allowed in endowment of institutions of this kind — Appoo Row has requested that the Peerwajasty may be fixed at 1-3 cp fs per acre and that a rule establishes in Fusly 1243 to the effect that the rate of Peerwajasty leviable and dry lands newly converted with wet should not be less than 3 Pagodas per acre should not be held applicable to the present case — The Collector proposes a Compliance with this request on the grounds that the dry lands of the neighbouring fields converted into Wet and irrigated by the Pauta Cuddapah Tanks are liable to this favorable additional assessment and that the Waste land now selected will require to

Sir,

From the Collector of North Arcot — Replying to the questions asked in the Board's letter of the 20th Ultimo respecting the succession to the Goodipanty Pollium.

Para 1. I have the honor to acknowledge your letter of the 20th August calling for information on behalf of the Board of Revenue on two points connected with the succession to the Goodipanty Pollium; viz 1st whether there is any precedent in that family or in that of any other of the Chittoor Polligars to show the rule of inheritance in a case when the Polligar leaves two sons, the younger of them by the senior wife and the elder by another wife —

2nd Whether there is any precedent in that or any other Polligar Family to prove the right of the Mother of a deceased Poligar to succeed him, to the exclusion of a first cousin of the deceased and Nephew of the Mothers husband

I

2 I beg to state in reply that I can hear of no precedent precisely in point to either case. As to the first the only instance in which I can hear of the question having been raised was the succession to Chundrasekhara Pattigar of Bungaury. This individual had eight wives, and left male issue by four of them. Three parties contested the succession viz. a son of the eldest wife; a son of the second wife who was the first born son; 3rd. the son by another wife. The first of these was declared the heir but the case is not precisely in point for two reasons, 1st. the applicant was not the son but the grandson and it is very doubtful whether the rule of representation, which gives the son all the heritable rights of the father was considered established, or is established in Hindoo law, and this may have made the Board hesitate as to the

the grandson's right by inheritance only.

2d The claim of the grandson was admitted by the Board and Government, partly at least in virtue of a special clause in favor of her issue in his grandmother's marriage contract; though it may be doubted whether such special provision could of itself cut off the right of another.

Proceedings May 3- 1824. Para 8. Extract Pub: Cons: 4th September 1827. Para 5.

3 I may mention also a case which happened in the Canetungy Zemindary, though these Zemindaries cannot be considered in point to the Polliems. The Zemindar who died in 1828 left two sons, each of whom claimed the succession, one by primogeniture, the other as son of the first wife. The Board and Government confirmed the former in possession, but chiefly it appears in virtue of that possession only, and in the expectation that litigation would follow. The party however died in a few months and the other claimant then quietly succeeded.

Board to Government 31st March 1828 P. 2. Government to Board 8th April 1828.

As

4 As to the 2nd point viz the right of the Mother, I can hear of no instance of a mother succeeding a son in any of the Pollams or Zemindaries of this District. Two instances of female succession have occurred, but in both there were widows not Mothers; one was that of the Nargunty Pollam, the other that of the Calastry Zemindary.

5 In the former instance the deceased Poligar had himself succeeded by adoption and necessarily therefore had no blood relation to succeed as Heir. The widow was recognized as heir, but it seems only provisionally, for on her adopting a child, as it was stated her husband had enjoined her to do such adopted son was to be held to be the successor of the deceased Poligar. The widow in fact has not adopted any one and so still holds the Pollam.

Board to Government. October 16th 1837.

6 The case of Calastry was very similar; the widow was instructed by her husband to adopt a son, but she wished to defer doing so till the boy selected should attain his Majority, and she was recognized as Zemmindar during the interval.

Board to Government. 17th January 1833

Ultimately the adoption took place, and the adopted son immediately became Zemmindar.

7 I have thus detailed all the information procurable, in reply to the Board's enquiries, and I regret that it is so scanty. With reference to the Case now under consideration I beg to add that the deceased Poligar certainly designed the succession for the son of his eldest wife; and if there is any doubt about the law of the question, there is here the same will of the demising party, as was considered of force in the case of Bungary detailed in Para 2. Money he observed also that no claim to the succession has been put forward either by the elder son or by any one on his behalf and he thus appears to acquiesce in the disposition made by his Father, which gave the Pollam to his brother and one Village to himself.

Explaining why the Salt supplied to the French Government was not entered in the usual Quarterly Statement.

Sir, In reference to an Extract from the Minutes of Consultation which accompanied the Board's Proceedings of the 6th Instant I have the honor to forward a Memorandum shewing the quantity of Salt supplied to the French Government and other particulars during the Quarter ending 30th April last.—

2 This information was not hitherto given in the usual Quarterly Return of the Sales of Salt under the impression, that the requirement of the Statement was to enable the Government of India to watch the gradual rise of the Monopoly price, as it is clear from the headings of the form that it was intended exclusively to apply to the Sales on account of Home and Inland consumption only while the price paid by the French Government is at the low and arbitrary rate and can have no concern with the prices established under Act XI of 1844. the difficulty of embodying this in the Return is fully set forth in the remarks to the Statement now sent.—

For instance if Salt were supplied as it now actually is in the Months of August; its value will not be realized till after the 31st December next when the half yearly instalment will become due. If the Government desire the Salt transactions with the French Government to be entered in the usual quarterly Statement, it will be necessary to alter the existing practice, and demand the value of Salt immediately after its delivering, which however does not appear called for.

From the Collector of Trichinopoly — Reporting on Petition No. 840 of 1849 presented by Soondrammal widow of the Curnam of Cooroovoor and Parasnal pallie in the Torriore Taloork.

Para 1 I have the honor to acknowledge the receipt of the Board's Proceedings dated 14th June 1849 enclosing Petition No. 840 of 1849 presented by Soondarammal widow of the Curnam of Cooroovoor and Parasnal-pallien in the Torriore Taloork, and calling upon me to state whether the Petitioner has any male relation qualified to discharge the duties of Curnam - The Board also require explanation of the Collector Mr. Anslow's remarks in his endorsement

14071 Fort St. George 24th September 1849.

endorsement upon the petition that the Curnamship is not an hereditary Office-

2. The records show that Petitioners husband died six years since or in July 1253 - when the Tahsildar reported that the deceased had left no heir except a daughter and recommended that one Soobroyen should be appointed to the vacancy on an engagement to pay to the widow one rupee out of the Monthly emoluments which amount to Rupees 3½ Mr. Anslow did not however approve this arrangement and directed that Soobroyen should temporarily hold the Office on the full salary until the daughter of deceased should grow up and marry some person qualified to discharge its duties-

3. Petitioner subsequently requested that her brother Soobramonia pillay might be appointed to the Curnamship but although he was qualified for the Office yet as he was not the heir of deceased and the incumbent had

continued

continued to discharge the duties for 3 years it was not considered proper to comply with the application.

4 Mr Onslow's remark that the Office is not hereditary appears to lie in consonance with the opinion and practice which have prevailed in the District. The principle of permitting hereditary succession to Curnamships has been usually followed whenever practicable but it has appeared necessary in a district where the land revenue is not permanently settled to keep in sight that this is done upon general grounds of expediency and not from any private hereditary right so that no hindrance might occur to the removal of inefficient or corrupt servants and the Collector be enabled to make suitable arrangements for the interests of Government when vacancies occur.

Trichinopoly Collector's Office 8th September 1849

/Signed/ E. Maltby
Collector

Proceedings thereon

The Board of Revenue cannot

29-30

cannot concur in Mr Onslow's remark regarding Curnumships in Trichinopoly though stated by the present Collector to be in consonance with the opinion and practice which have prevailed in the District Viz.t that these Offices are not hereditary nor can they recognize any distinction in this particular between Provinces in which the land revenue is and is not permanently settled. In ryotwar equally with Zemindary Districts the Office of Curnum is clearly hereditary and claims to succession founded upon hereditary right should be duly respected. The Board however presume that the Collectors did not intend to imply more than that hereditary right would not of itself constitute a sufficient title to succession when the requisite qualifications were wanting and that it would form no bar to the removal of a party from Office for incapacity or dishonesty. These views are just but they apply alike to Curnumships in settled and in unsettled Districts.

See: XI Reg: 1802 XXV
See: VII Reg: 1802 XXIX

Unless

Unless the change would have been to the detriment of the publick service which should be the paramount consideration the Board think that it is to be regretted that the Petitioners brother who is stated to have been qualified was not at her request appointed at least temporarily to the Office and unless such an arrangement would be objectionable they would be glad if it could now be effected - Under any circumstances care should be taken that as intended by Mr. Onslow the Curnumship should in due time be conferred upon the party who may marry the daughter of the deceased if competent to discharge its duties.

Ordered that the following Endorsement be passed on Petition No. 840 of 1819.

Sir.

From the Ag. Collr. of Tinnevelly ..... Sarat

In reply to your letter of the 9th ultimo I have the honor to forward a copy and Translation of Mr. Thomas's Proclamation dated 10th July 1848 and to inform you that the Forests to which it applies are those on the Hills to the westward of this District in the limits of Jeneamsey, Nangoncherry, Brummadasum, Sunkernmarcoil and Streenelly pottoor Talooks-

The

2. The esetent of the Forests cannot be ascert-
:ained from the records of this Office but the scope of
the Proclamation includes all the Forests on the Hills
to the westward of this District within the Company's
Territories excepting such as may be situated in Poligars'
Estates not under the Collectors' Management.

Tinnevelly - 16th August, 1849. } /Signed/ C. J. Bird
Acting Collector.

No 2.

Translation of a Proclamation issued by Mr E.B. Thomas
Collector of Tinnevelly under date 10th July, 1848.

It was ordered that persons desirous of
felling timber on the Hills should
at the Talooks and obtain permission but as it is
understood that people cut trees at their own
pleasure thereby opening a door for the Commission
of frauds &ca and that the Hill renters being
permitted to cut wood for frames, beams, &ca from
trees other than "Coola Pilarums" or valuable trees
take advantage of that permission and fell some
of the valuable trees also for timbers and take them
together with those cut from licensed trees and as it
appears that the people of the Villages in the vicinity
of the Hills cut and bring timber from the Hills and
store it at a place and after paying the Circar tee-
:wah on a portion and obtaining permission for the
transport

transport of the same they are carrying away
also timber cut from valuable trees, and as some
without permission take sawyers to the Hills
get timber sawed by them and after storing
the same at a place pay the duty on a portion
at the Talook and if in the mean time any
complaints are preferred and examination
be ordered to be made on the Hills, they name
one man and say that it was for him that
they cut the timber and thereby escape punish-
:ment and lastly as a compliant has
been preferred that some trees on the
Singumputty Hills were felled without au-
:thority and after investigation the timber
has been sold by Public Auction the under mentioned
Rules for general information and guidance have
been framed to prevent the Commission of similar
frauds for the future.

2d From the 12th July of the

the Current year no one should fell without authority the undermentioned or any other description of trees on the Hills, if in spite of this order any one cut trees on the Hills he will be liable to trial and punishment in the Magisterial Department,

Ryots or others requiring timber should prepare a Durkast containing the undermentioned particulars and present it at the Huzoor. Whereupon setting orders will be given-

3- Durkasts presented at the Huzzoor by persons desirous of felling timber on the Hills should contain the following particulars Viz.t the purpose for which the timber is required, the description and quantity of Timber, the name of the place and Hill where the Durkastdar proposes to fell the trees, and the name and place of residence of the person through whose means the timber is to be cut, and the route through which he intends conveying the same, the Durkast should further state that the applicant will

will while conveying the timber show it to the Curnom, Meerasidar, or Moonsiff of the Village in the vicinity of the route, get a Chit from any one of them and produce it with the timber before the Tahsildar of the Taluk in the limits of which the Hill is situated within the period allowed for the production of the same as determined below, with reference to the quantity of timber and get the timber stamped -

4. Stakes, laths, Varees, rafters, door frames, Pillars, red Vaghy wood made use of for making Carts, firewood taken on Carts, and Bamboos which are mentioned in the Puttahs given to the Renters can be cut with their permission from trees other than Cooly Marums or valuable trees - To get the above as well as wood required for ploughing implements the Ryots may cut trees of their own accord - It is not necessary to get orders from the Huzzoor.

Huzzoor - The Hill Renters or the Ryots may not of their own accord cut trees for timber intended for building purposes.

5. On Dirkasts being presented at the Huzzoor for the felling of trees on the Hills containing the particulars above mentioned orders will be sent to the Tahsildars of the Talooks in which the respective Hills are situated to collect at once the teerwah on the quantity of Timber mentioned in the Dirkast to allow the Dirkastdar to fell the trees within the period below mentioned to examine the timber that may be brought within the prescribed period and to cause them to be stamped and if brought after the expiration of the period to report the same to the Huzzoor.

6. Persons obtaining permission for felling trees on the Hills should fell them and bring

bring the timber within and not after the expiration of the period allowed as below mentioned, but should any delay occur and sufficient reasons be assigned for such delay the Tahsildar should report the same to the Huzzoor.

7. Persons desirous of felling trees on the Hills should give Dirkasts at the Huzzoor and after obtaining orders should go to the Talook pay at once the teerwah on the respective description of timber required by them according to the rates below mentioned receive the chits the Tahsildars may give to the Curnams and Merasidars of the Villages in the vicinity of the Hills, and it is only after giving the chits to them that they are at liberty to fell the trees on the Hills. They should not fell the trees before this is done after this the trees should be felled within the period mentioned in the Chits and brought down the Hills and shown to the Curnams and Merasidars and after receiving

receiving a Cavaumm from them the timber should be taken to the Talook Cutcherry where on examination they will be stamped and Chits given mentioning the description and quantity of timber and the place of destination to which they are to be conveyed on the receipt of the Chit alone the timber may be taken to the destined place, and so soon it reaches the place the Chits received at the Talook should be delivered to the Curnom of the place.

8. The Chits to be given to the Curnom on payment of duty by the Dirkastdars as mentioned in Column No. 7 directing him to allow the Dirkastdars to fell the trees should exhibit the description of the trees and the place where they are to be felled and the number of days within which they should be felled and the Tahsildars should order the Curnoms of the Villages that soon after the timbers are brought to them within the time allowed

allowed they should compare them with the above Chit and send them to the Talook with a Cavaumm shewing the description Number and quantity of the timber. On the receipt of the timbers at Talook they should be compared with the Dirkast given at first and then stamped clearly and when they are sent to the place of destination a Chit should be given exhibiting the name of the place of destination, the No. of the various descriptions of articles, the description of the wood and the No. of yards of each article. The year Month and date should be stated and the Chit signed by the Tahsildar or the Moozoomdar and delivered to the owner of the timber.

9 On the arrival of the timbers at the place of destination the Number Curnom of the place should after examining and passing them according to the Chit insert in the Chit the date of receipt and forwarded it to the Talook Cutcherry to

to which his Village is attached - all such receipts
receiued at the Talooks during each Month —
should be forwarded together with a list to the
Huzzoor by the Tahsildars of the Talooks within
the 10th of the following Month.

10. Persons felling trees under orders
should not fell young trees 1 foot in thickness and
3 feet in Circumference, Trees of larger dimensions
than the above should be cut.

11. Trees felled on the Hills under orders
should be brought down only by the under mention:
:ed routes. If information be received of their having
been conveyed by any other routes than the above
such will be considered as having been clandes:
:tinely conveyed and will be liable to be confis:
:cated and sold by Auction -

12. In accordance with former orders
the Tahsildars of the 6 Talooks Vizt. Tencanoey,
Shenkerninarcoil, Streevilly pottoor,
Bremmadasem

Bremmadasem, Sangoonary and Vullyoor should
forwarded once in each Month an account in Tamil
prepared according to the form sent with the
above order shewing the quantity of Timber felled
during that Month. The other Tahsildars should
only forward the Chits delivered at the places
of destination accompanied by a list as above
mentioned -

13. Timber measuring less than 5 Cubic
feet should be felled and brought to the Talooke
within 20 days from the date on which permis:
:sion has been obtained at the Talooke.

Timber measuring 5 to 10 Cubic feet within 30 days

Do — 10 to 20 — Do — 40 Do

Do — 20 to 30 — Do — 50 Do

Do — 50 to 100 — Do — 70 Do

Timber should be cut and brought down the
Hills within the periods above mentioned, the
prescribed periods should not be exceeded.
Persons wanting charcoal can cut such

of the trees on the Hills other than valuable ones or "Coda Marems" which are dry and fit only for firewood and have them burnt for charcoal either at the foot of the Hills or at open places on the Hills where there are no trees. Valuable trees may not be cut on account of firewood. Persons making Poonjah Dea cultivation should not cut the stumps on the lands about to be cultivated nor set fire to them on the Hills.

14. If Persons prefer complaints and prove that other people have clandestinely brought timber from the Hills contrary to the above Rule half the amount realized will be given to them as reward.

15. If persons felling timber on the Hills act contrary to the Rules herein laid down they will be fined 5 Rupees for each fault.

requested to explain what is the duty or Tearnah referred to in Para 15 and other parts of the proclamation sub: mitted with his letter of 16th Ultimo how it originated and for what period and under what authority it has been levied. He will also state whether as would seem from Para 4 the Ryots are obliged to obtain the permission of the Hill renters to enable them to cut stakes laths, Varees &c. &c. &c. wood for agricultural implements and fire: wood and if so, whether there is reason to believe that the neces: sity for obtaining such permis: sion is felt as a hardship or annoyance by the Ryots generally. It should also be explained whether all the 15 Kinds of trees specified in Para 15 of the proclamation are valuable trees and such as it is desirable to preserve -

Proceedings thereon.

1-2

The Collector of Salem is directed to bring to sale on the 1st Proximo, such of the Moatahs entered in the Statement which accompanied his letter of the 21st Instant as may not be redeemed by the payment of arrears before that day, except Racasputty in the Rajeepoor Talook on which the arrear is only Rs. 67-15-4, and in respect to which some arrangement should, if practicable, be made so as to prevent the necessity of resorting to a Sale.

2. In the case of each Estate which may be put up to sale, he will be at liberty to bid in behalf of Government to the extent of the full balance of Peishcush, Interest and Charges outstanding, but he will not restrict himself to that limit in the case of such Moatahs as may appear to be eligible investments, for which he will bid to the full amount of their probable value.

From the Secretary to Government - - - Communicating the observations and orders of Government on the Board's Proceedings relative to the settlement of Land Revenue in the Districts of Canara in Fusly 1257 and suggesting that the Board should lay down a rule requiring a Census to be taken every 5th year in all the Districts under the Madras Presidency upon certain principles that might ensure accuracy and drawing attention to certain Circular orders on the subject of the North & Western Provinces.

} Extract from the Minutes of Consultation, under date the 22d September, 1849.

Read the following.

Extract from the Proceedings of the Board of Revenue.

Relative to the settlement of Land Revenue in the District of Canara in Fusly 1257. A.D. 1847/48.

(Here enter 7th August 1849 No. 346).

Para 1. The Season of Fusly 1257 in the District of Canara appears from the report of the Collector to have been very favorable, and the Crops of rice abundant; excepting in the low fields within the influence of the large Backwaters which were flooded with Salt water during the Burricane of April in the previous Fusly.

2. The arrangement made by Mr. Blane for the settlement by himself of the Talooks

Fi

of Seopaly Gundah and Anbala which it would appear from para 2 of his report had not been subjected to the scrutiny of the principal Establishment for the previous 15 years, was a very proper measure and one which the Government highly approve of, and they fully concur in the opinion expressed by that Officer of the advantage of extending it to every part of the Dist.

3. The triennial census which appears to have been taken with considerable care and according to the forms in use in the Bellary District shews an increase of 74,065 persons or 8 per cent over that previously taken in Fusly 1254; in Cattle the increase was 82,486 or 11 per Cent.

4. The proposition of the Collector, to which the Board of Revenue urge no objection, of allowing the census to be taken once in five years, appears to the Government to be deserving of adoption and they think that not only in Canara but in the Provinces of the Madras Presidency generally, the Rule should be to require a census to be taken every fifth year upon certain defined principles that will

will ensure Returns approaching to accuracy. Sheve Returns should be uniform. Mr Blane as above observed has adopted those introduced by the late Mr Robertson and probably they are the best hitherto in use, but it is of importance to have them of the most approved form and the Governor in Council would suggest the attention of the Board to the Circular orders of the Government of the North Western Provinces of the 22nd October 1846 at Page 5 of the Statistics of that Presidency, Copies of which were forwarded to the Board on the 24th February last. With the means which the Revenue Officers posses of procuring statistical information regarding their respective Districts, the Government apprehend that under good arrangements there can be no great labor or difficulty in collecting correct data, all that is required is to see that the Head Officer of each Village or other Village authority does really ascertain the

will ensure Returns approaching to accuracy. These Returns should be uniform. Mr. Blane as above observed has adopted those introduced by the late Mr. Robertson and probably they are the best hitherto in use, but it is of importance to have them of the most approved form and the Governor in Council would suggest the attention of the Board to the Circular orders of the Government of the North Western Provinces of the 22nd October 1846 at Page 5 of the Statistics of that Presidency, Copies of which were forwarded to the Board on the 24th February last. the population within the limits assigned to his jurisdiction and correctly furnish his returns; this duty occurring once in five years and only within his limited range will be little in itself, and cannot occupy much time, while the collection and arrangement of the Returns by the Talook authorities will not be very onerous, though they must be well and carefully done clearly - it should be within the power of every Head of a Village to account for any great difference in the census, and the Tahsildars should be as conversant in this matter as in all other details respecting the Talookes committed to their charge.

5. The prices for all kinds of Rice were lower than the previous year but above the average of the preceding five years. Cardamoms & and Betelnut were higher than the year previous;

Fort St. George 27th September 1849

previous; there was also a slight increase in Co-coanuts and a fall in ex-port pepper. The Collector in fine observes that in all points of most importance, "the District has during the past year been under circumstances of great prosperity."

6. The demand for Land Revenue as settled for Fusly 1257 amounted to Rupees 18,74,873-11-3 exhibiting an increase of Rupees 8,790-13-4 over the Settlement of Fusly 1256. The greater proportion of this amount appears in the three Talookes settled by Mr Blane, and is stated to be owing to the new mode adopted in the Settlement by which many abuses were brought to light.

7. The Government are surprized to find that for the first time the Settlement of the three Talookes conducted by the Collector in person has been made on the basis of Survey accounts, the results of

of which has been the discovery of fraudulent concealment of Revenue to a considerable extent, of which only a part was brought to account. The Right Honorable the Governor in Council is of opinion that Mr. Blane exercised right judgment on this occasion, and the firmness and moderation with which he acted merits his approbation, and he anticipates with that Officer that by steady prosecution of the same system, a gradual and thorough reform of these long existing abuses will be established.

8. The demand of Land revenue including a small amount for quit rent was Rupees 18,75,274-15-7, of which Rupees 18,53,048-4-0 were collected within the Fusly, leaving a balance of Rupees 22,226-11-7 outstanding at its close, which was reduced at the date of the report to Rupees 3,369-2-9.

9. Of the arrears of former years outstanding in this District amounting to Rupees 29,704-2-0 the bulk of which belonged to the year immediately preceding, Rupees 24,926-3-2 were realized in Fusly 1257, Rupees 2222-3-10 have been struck off the accounts under sanction, and Rupees 2535-11-7 remain, of which Rupees (669-7-2) Six hundred and Sixty Nine, Annas Seven and pice two being reported to be irrecoverable and recommended for remission, the Governor in Council grants authority for writing off the amount to Profit and Loss.

10 Mr. Reade the Sub Collector has entered into some length on the subject of Coomri Cultivation, and Mr. Blanes observations on its injurious effects are very pertinent. The Government understand that more is lost by the wholesale destruction of Timber forests than is gained by Cultivation, and that while a temporary advantage is obtained to the revenue, the injury to the Country is of a lasting and permanent character. The Government have already by their orders of the 3rd December last directed

directed the Collector to restrict the Cultivation of Coomeri to such an extent as he might deem expedient; and considering that an entire stop has been put to this species of Cultivation in Mysore apparently without any inconvenience, there seems no reason why the same measure should not be carried out in Canara instead of the partial one previously authorized. At all events the importance attached by the local and Home Authorities to the preservation of the forests not only for Marine purposes but also as a means conducive to the irrigation and general welfare of the Country, requires that this Cultivation if not altogether put down should be greatly restricted. The Governor in Council is quite satisfied from the orders to which Mr. Blane adverts, and which are dated 13th October 1847 that the Honorable Court of Directors never intended by them to give license to the inhabitants to annihilate the forests, much less to permit this to be done by runaways and speculators from Mysore where the system of Coomery Cultivation

Cultivation has been discontinued as already noticed. Mr. Blane properly proposes to make rules on this subject and the necessity of something being done is also shewn on by Mr. Reade who asserts on that the climate has been affected by the great clearings near Sirsy.

11. The Right Honorable the Governor in Council cannot close these remarks without recording his complete approbation of Mr. Blane's Services during Fusly 1257 as well as the satisfaction

on account of additional Establishment in fusly 1259

Dates of previous correspondence in which the Employment of similar Establishment has been authorized	Remarks
10	11
Vide Estimate of additional Establishment For fusly 1258 sanctioned by Government as per letter From the Board dated 22d February 1849	No. 1 The employment of these Mahassoldars is absolutely necessary for watching the produce and aiding the Collections in the Government Estates – The increase of Rupees 218-3-11 arises from the Estimate containing the full amount required for the period of 6 Months whereas the actual Charges were made after deduction on account of vacancies for broken periods. The proposed number will be entertained only as may be found necessary. –
	In consequence of the Tanks in several Villages in the Tandemullah Talook not having been supplied with water last year the Cultivation of wet lands diminished but this year the Tanks being full a good crop is expected Consequently the employment of Anchanadars & Filedars is found necessary as proposed by the Sub Collector for taking regular Estimates of the crop and measuring out the produce in the Villages settled under a Varah or division of the produce. –
Vide Estimate of additional Establishment For fusly 1258 sanctioned by Government	The employment of these Goomastahs is absolutely necessary for the preparation of the Summabundy accounts in the Government Villages. The proposed number will be entertained only as shall be found necessary –
Vide Do. Do.	The Fixed number of Mashalgees on this Establishment being inadequate Extra mashalgees are necessary when the Collector and Assistant Collectors are on Circuit. –

deceased as produced by the pre-
-sent claimant, by name Ramanum
Bhuttoo, and the statements of
the Villagers shew, that Achum-
-bhuttoo is the original Grantee,
and of his 3 sons the youngest
was the deceased's husband. These
3 sons having left no male
issue, the widows of the 1st and
2d obtained possessions of the
whole Enam, which appears
to have been enjoyed by them
and their ancestors successively
from the time of Survey.—

4 The claims as pre-
-ferred before the Tasildar
for these Enams are hereunder
subjoined.—

1st One Ramanum Bhuttoo
resident of Somundapully
in the Penacondah Talook
states, that he is the son of
Dasappahs

14140 Fort St. George 27th September 1849.-

+ Original Grantee's 2d Son

Dasuppah's Daughter and therefore claims
that portion of the Enam belonging to
Dasuppah, also the Enam enjoyed by the
widow of the 1st Son of the Original Grantee,
which she had made over to him by Gift, in
the year "Sobhacrootoo" or A. D. 1843. He
further adds that as he is a Male heir of
the deceased in the female line he possesses
a valid title to inherit the whole property
enjoyed by the deceased. He has produced
the Deed + of Gift as a proof of his having
possessed Soobammah's Enam since her death,
but no evidence is forthcoming to prove his
having enjoyed it after her death.-

Enclosure No. 4 with an English translation.

5- In the claim of Ramanum-
Bhuttoo it appears from the accounts of
this Office that the Enam + in the Village
of Gorutta one of the 5 Villages Specified
in the Deed of Gift was entered
in the Enamity accounts at the
time of Survey and afterwards it
was sequestered when the examination
of Several Enams took place-
No similar Enam in the Village of Boodely
is named in the same document the reason of
which

which is not apparent. Besides this, although the Village of Chola Samoodrum does not appear in the Deed of Gift he grounds his claims to the Enam of the Village also under the plea of his being "Putrica putrah" the Daughter's Son.—

2d. A counter claim was preferred by 3 Brothers living in Gorumtta of the Codecondah Talook for a portion of the Enams of the deceased, stating that the deceased during her life time gave a tract of the Enam land measuring 6 goontahs to their eldest brother Narasum-hhuttoo, in the year "Crothee" or A.D 1844 and that he subsequently died. The deceased being their brother entitles them to the continuance of the Enam in question in their names. They produced at the same time the Deed of Gift executed by the deceased to their brother which, with an English Translation, is also enclosed.—

b. Although the last mentioned alienation is supported by a Document the claim can scarcely

scarcely be admitted in the absence of evidence of enjoyment for any length of time.—

7. From the records of this Case it appears that Venkataramanappah, Dasappah and Naranapah the 3 Sons of the Original Grantee are of an undivided Family. After their death, their surviving Widows lived jointly until the death of Dasappah's widow 16 years ago when the former Viz.t Soobbummah and Yashummah divided the income of the Enam (the Assessment of which is Rupees 14-14-8) into two portions. Soobummah was living in the House of Ramanum Bhuttoo until her death which event occurred about 4 years ago. Notwithstanding it is admitted by some of the Villagers, that that portion was enjoyed by the claimant, as represented by him, there is nevertheless no trustworthy evidence for the coming of it's having been the case. From this, it is to be considered that the entire Enam of Rupees 14-14-8 was in the enjoyment of Yashummah.

8. Under these circumstances and as the Deed of Gift has not been brought into operation in regard to it's arrangement, it is for the Board to determine whether the Claimant Ramanumbhuttoo is entitled to the whole or any part of the Enams now brought under consideration. His claim in my opinion rests not on the Deed of Gift but as being the nearest Surviving male descendant but in an indirect line, through a female branch of the Family.—

Soliciting instructions as to the disposal of the Village Tank and Channel fisheries on Rent in the Poonganoor Samastanum and other Jaghire Villages &c. within referred to.-

Sir,

With reference to the Circular letter from your Office dated 27th November 1848, I have the honor to state that on measures being taken for the introduction of the system of disposing of the Village Tank and Channel Fisheries on Rent from the commencement of the current Fusly, with a view to this branch of Revenue being brought to account under the Head of Small Farms and Licenses, the Rajah of Poonganoor Samastanum who at present pays to Government a Peshcush of Rupees 60000 per Annum, and others holding Villages on a fixed Jody Surva Enam and Jaghire tenures have expressed a hope that a system which they conceive to be detrimental to their interests should not be introduced and that in the event of these Rents being levied in their Villages the

the Revenue so derived should form part of their annual payments to Government, or be remitted to them in the case of no such payments being made by them dependent on circumstances with reference to the tenures in which their Villages are held, I beg to solicit Instructions from the Board of Revenue on the subject.- In respect to the Samustanum of Poonganoor and all Surva Enam and Jaghire Villages it is to be observed that no rents have hitherto been realized for any of the various Items under the Head of Small Farms and Licenses and in regard to fixed Body Villages that the Enamdars have enjoyed the privilege of renting for their own benefit the produce of "Orchards" the principal Item under the above Head.- I beg therefore under these circumstances to express my opinion in favor of acceding to the claims to exemption from the Rent in question urged by the Rajah of Poonganoor and the Enamdars holding Villages of the descriptions above referred to.-

Sir

From the Collector of South Arcot — } Para. I have the honor to report the demise on the 30th ultimo of Balakistnama Naick Mootahdar of the small Estate of Chennamanaickpolliem in this District, and in submitting the claim set up to the succession thereto it seems desirable that I should briefly allude to the different parties into whose hands the Estate in question has passed—

Reporting the demise of the Mootahdar of Chennamanaickpolliem briefly reviewing the history of the Estate and recommending the registry in the name of the adopted Son—

2 Chennamanaickpolliem was first conferred by Government on one Appoo Moodelly who having sold it to Senkara Naick the father of the deceased Balakistnama, it was registered in his name in July 1809— The accompanying Genealogical tree shews that Senkara Naick had five sons, the eldest / the only one by his first wife / dying in the life time of his father leaving a son named Comarappa Naick— In August 1826

Senkara

Fort St. George 27th September 1849

Senkara Naick having died the Estate was registered in the name of the Senior surviving Son by his second wife Rama=sawmy Naick and this individual also dying soon after it was entered jointly in 1829 in the names of Chendra=sagara Naick and Coomarappa Naick the others being Minors at the time

3. In the year 1836 however Coma=rappa Naick the son of Devanayagar Naick agreed to divide his portion of the family inheritence on which occa=sion he seems to have resigned his claim on this Estate, and it will be seen by the Register forwarded to the Board 17th December of that year that it continued to be under the joint Manage=ment of his three Uncles who lived in Coparcenary as an undivided family, some time after Chendrasagara Naick and Devanayaga Naick having died, the entire Estate fell to the lot of Balakistnama Naick now deceased as reported to the Board—

5 On enquiring into the case, it is proved on solemn declaration by several witnesses, that at 7 O'clock in the Evening of the 30th ultimo, the deceased in the presence of his wife and several others received the Boy Veerasawmy in adoption, and died a few hours after and that he was perfectly sensible at the time tho' under exciting circumstances it was neither prac=ticable nor possible to carry on the requisite ceremonies usual on such occasions, which however seems to make no difference as among the Sudras the prescribed ceremonies are not essential to give efficacy to the rite the mere gift and acceptance being sufficient to complete the adoption. Had the Mootahdar died without any adoption, the property being his by right of pos=session, would naturally have reverted to his widow, but she as well as her father acknowledge it in confirmation of the testimony of the witnesses, and it must be added that the adoptee performed the

6 Under these circumstances, I request the Board's authority to register the Estate in the Name of Veerasawmy Naick, leaving its affairs to be conducted by Shashachella Naick and Davanayaga Naick cousin and father-in-law of the deceased, who are respectable men and from a paper left by Balakistnama it appears they were specially nominated for the purpose. This arrangement seems preferable to placing the Mootah Estate under the Court of Wards, as from the accompanying account particular it will be evident that the pecuniary transactions of the deceased to be settled hereafter are numerous and being somewhat involved may be adjusted more satisfactorily by the Managers who have moreover agreed to discharge the public demand standing against the Estate and which led to its attachment as reported in my letter dated 2d Instant—

Ordered that the foregoing letter be submitted with the following address

(30. 31)

To the Chief Secretary to Government — —

Submitting letter from the Collector of South Arcot announcing the death of the Moo tahdar of Chennamanaick pollam and reporting upon the claims which have been put forth to succeed to the estate; suggesting that that officer assume it under his management until the adjudication of the claims by the Civil Court, that the parties be instructed to present thereto at once and that if it be adjudged to the adopted Son the Estate be not taken under the Court of Wards but left to the management of the two relations nominated by the deceased —

To,

The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to forward for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of South Arcot dated 31st Ultimo, announcing the death of the Mootahdar of Chennamanaick pollam and reporting upon the several claims which have been put forward by parties to succeed to the Estate —

2 It will be seen that the question in regard to the right of succession to the Mootahdar depends upon the reality of an alleged adoption made by him a few hours before his death and without the ceremonies usual, though the Collector considers not indispensable, on such occasions. The validity of the adoption is affirmed by the widow of Balakistna Naick and her relatives, whose interest would be in maintaining it. It is impugned by his Nephew who the separate at

See Pro. No. 1764 of 1849.

at present in consequence of a division of Property formerly made, claims a reversionary right and by the widows of his elder and younger brother whose interests would lead them to deny it. —

3. The Collector states Para 5 "had "the Mootahdar died without any adoption "the property being his by right of possession "would naturally have reverted to his widow- "but she as well as her father acknowledge "it" ie the adoption. The Board doubt the correctness of this opinion. No division of property seems to have taken place between the sons of the original proprietor of the Mootah, Soncara Naick, by his Second wife on the death of the last of those sons their widows would, it seems to the Board, be entitled to enjoy the property in equal shares. Hence one reason at least why Balakistnamah Naicks widow should assert the truth of the adoption.

4 It appears to the Board that the present is a case which would most properly be determined by a Court of Law and they are not satisfied of the propriety of at once registering the Estate in the name of the assented adopted Son as recommended by the Collector. It will be seen that the Mootah

14188 Fort St. George 27th September 1849.

Mootah is at present under attachment for a considerable arrear of Revenue. The Board would suggest that the Collector be directed to continue it under his Management even though the arrear should be discharged for such time as will admit of the parties applying to the Civil Court, as they seem prepared to do, for the adjudication of their differences and for the attachment of the Mootah, till such adjudication be made. The parties should however be instructed to resort to the Court without delay—

Note. See their Proceedings 1st Feby 1754 1755—1756.

5 In the event of the Mootah being adjusted to the adopted Son, the Board of Revenue would not recommend its assumption under care of the Court of Wards. The deceased had much other property in lands, Houses, &c. besides the Estate. He and his relatives were Merchants, and the administration of his affairs in behalf of his minor Son by the Collector might subject that Officer to embarrassment and perhaps involve him in litigation. The deceased is stated to have specially nominated two of his relations to conduct his concerns after his death, and his property might be left in their Management.—

In Salt sold for Home Consumption there is a falling off to the amount of 15,776-3-0 and in that for inland 3,610-8-0 a reference to the sales of previous years as noted in the Margin, shews the fluctuation to which this branch of the Revenue is liable, and the Home Sales for last year being the highest on record, an increase upon them could not reasonably be looked for, the average of the last 5 years sales, the amount realized this year will not I trust be considered unsatisfactory.-

5. From the large purchases made last year, it may be inferred that the Home market was supplied with a stock on hand at the commencement of this, and the demand from the Pans lessened in consequence, a further decrease has also been occasioned by the continuance of the low price of grain throughout the District, thus affecting all agricultural consumers. Those who are better conditioned become more economical in their General expenditure in consequence of their losses in grain sales, and the poorer from the altered value of the grain he receives in

in kind as remuneration for his labors, is compelled to purchase less salt or to part with a greater portion of grain than he can spare, his labors having been paid for not according to the market value of the produce but by the usual rates in grain, and as the agricultural population forms so large a portion of the Inhabitants of Tanjore a succession of low prices will affect the consumption of even such a necessary of life as Salt.-

6. The decrease in the inland sales is 3,610-8-0 a smaller number of Traders having resorted to our pans in the year ending reported to our pans in the year under report, partly attributable to the falling off in the export trade, paddy trade when this is brisk, carriage is in great demand, and the Corrowars and Lumbadies meet with certain employment for their bullocks, many of them purchasing Salt on their final departure from the coast after all the Shipments are made which has not been the case this year, the carriage of the District having been sufficient for the wants of the Exporters.-

7. In the exports by sea there is a falling off of Rupees 546 and an increase of Rupees 26 in the Salt sold for Harkabo.-

8. In the Sea Custom Collection there is a net decrease of Rupees 22,890-8-6 resulting from a gross decrease of 32,894-14-7 and increase 10,004-6-1 as shewn below. Of this decrease 16,838-14-1 has been caused by the abolition of duties on the Coasting trade under act VI of 1848.-

Ordered to be brought forward

Order thereon

(32-33) at a future Meeting:

Read the following letter -

To T. Pycroft Esqre
Secretary to the
Board of Revenue -
Fort St. George -

From the Collector of Tanjore — (34) Sir. I have the honor to request I may be informed whether rule 7 of those contained in the Circular from the Board of Revenue under date 28th August makes it imperative on all holders of land, being Sircar Servants, to sub rent the same, or whether if [illegible] other than that in which they are employed they are permitted to use Parracoodies in the cultivation of their lands - The provisions of the rule in question seem to make it an absolute condition attached to the possession of land that the owner must leave it for a renter to get what he can from the soil, and if this be so, half the boon conferred is taken away by the restriction which accompanies it -

/Signed/ J. F. Bishop
Collector.

Tanjore, Vulluru, 21st September 1849.

Proceedings thereon. (34-35) The Board of Revenue observe that Rule VIII of those circulated from their Office under date 28th August prescribes that Revenue or Police Servants who may be permitted to acquire or retain lands or interest in lands, shall not under any circumstances take a direct part in the cultivation of such lands.

M

12189. Fort St. George. 27th September 1849.

It appears to the Board that in the case of lands situated in a Talook other than that in which their proprietor holds Office, the spirit of this rule will, in all ordinary occasions, be sufficiently acted upto, if such land be cultivated by means of Paracoodies, and that it will not be necessary to employ a sub renter. The Collector will grant permission according to in all instances in which such an arrangement may seem to him to be unobjectionable.

From the Collector of Trichinopoly. } Sir,

With reference to the Board's Endorsement on Petition No. 1574 of 1849 herewith returned, I have the honor to observe that the claim relates to land paying revenue to Government, not to Enam land; and that Petitioner himself acknowledges that it has been in the possession of the opposite party for a long series of years. Whatever therefore might be my opinion regarding the rights of the two parties after making an enquiry, I should not be authorized by the Regulations to act on that opinion so as to disturb the party in possession and the investigation held by me might tend to embarrass future civil proceedings. I beg therefore to recommend that as the case is one of a civil nature Petitioner be referred to the Courts for any redress to which he considers himself entitled.

Collector.

Order thereon.

(36. 37)

Ordered that the following Endorsement be passed on Petition No. 1574 of 1849.

"From the report of the Collector upon the subject of this Petition it appears that the matter to which it relates is not cognizable by the revenue authorities unless therefore Petitioner can come to an amicable arrangement with his opponent he must have recourse for the substantiation of his claim to the Civil Court."

Sir,

From the Acting Principal Collector of Coimbatore } 1. The season being a dry one in Coimbatore, and the value of well cultivation the more obvious, — and many Ryots willing to dig new — and repair old wells, under due and liberal encouragement, I beg the favor of your informing me if I may make known the terms alluded to in the Court's letter of the 22nd September 1840 -

+ 21 years -

2. I have no doubt it will greatly tend to encourage the most important mode of cultivation, — especially valuable in this dry — District, and the earlier commenced the better -

3. Ten years should also be allowed for the repair and renewal of

Proceedings thereon.

(40-41)

The Board of Revenue observe that the terms under which ryots are to be allowed to reap the benefit of improvements effected by them in their lands at their own cost in the several Provinces under the Madras Presidency are at present under consideration and that rules applicable to the various circumstances of the different Districts will be laid before Government for their sanction. Until further orders therefore, the Acting Principal Collector will not be at liberty to hold out to the ryots any other conditions for the construction of new or repair of old wells than those now in force in Coimbatore -

Proceedings thereon.

The Board of Revenue do not gather from the foregoing letter or from the enclosure what is the tenure upon which Mr. A. R. W. Lascelles holds the land which he expresses himself to be desirous of relinquishing. If it be held on simple puttah the Board will not object to his resigning, by formal Rayeenamah duly presented, as much of it as he

he may not require; unless it was taken on cowle yet unexpired in which event the whole of it must of course be retained rental it has reached full teerwah. The Razeenamah will have effect from the commencement of the present Fusly: if the season is not too far advanced to admit of the land being taken up by another ryot for cultivation during the present year - otherwise Mr. Lascelles will be chargeable with the assessment for the current Fusly - The portions relinquished and retained respectively should be carefully measured and marked off by some well defined boundary -

2- If the land is held on grant the acting Principal Collector will be pleased to report further respecting it, stating when the Grant was issued, to whom, for what extent of land, at what rates - where the land is situated - How much it is proposed to abandon, with any other particulars - In this case Mr. Thomas will also be so good as to give his opinion upon Mr. Lascelles's application and upon the propriety of acceding to it -
