Diary

Received the following letter

To, The President and Members of the Board of Revenue.

1

From the Secretary to Government — Directing the Board to call on the Manager and Sheristadar of the Cutcherry of the Collector of Madras and to investigate certain allegations contained in a Petition from Mr. Just. Gantz late Revenue Surveyor as attached to that Cutcherry & confirmed in another from the late Amildar C. Jeggunadum.

Gentlemen,

Para 1. I am directed by the Right Honorable the Governor in Council to transmit to you the accompanying Petition of Just Gantz late Revenue Surveyor attached to the Cutcherry of the Collector of Madras, and with reference to the 10th Para. thereof to request that you will call before you the Manager Mr. D'Vaz and the Sheristadar, separately and without previous notice of the subject on which they are to be examined, and that you will interrogate them respectively as to their conduct in regard to the Draft Report mentioned by Gantz, particularly as to the allegation that the Sheristadar consented at first to sign a report according to the Draft

Cut-

but afterwards refused, and his reason for refusing, and as to the allegation that the Manager persuaded the Surveyor Gantz to suppress the Draft Report and send in another in different terms. It will be proper to have Gantz in attendance to be confronted with the other parties if necessary.

2. The summons for the attendance of the Manager and Sheristadar and of Gantz should be sent to them on the day you propose to examine them.

3. After you have examined the parties you will call for any explanations that appear to be required from the Collector particularly he should be requested to explain why he received a separate report from the Sheristadar and to submit a Copy of that report which though it is referred to in the Collectors Memo dated 6th March, did not accompany his report of 30th March.

4. Since writing the above a Petition (now also forwarded) has been presented by

by the late Amildar C. Jagannadhum confirming the Statements of Surveyor Gantz you will also cause this Petitioners attendance before you in connection with the enquiry above required.

Fort St. George, 11th October, 1849.

To The Collector of Madras.

To the Collector of Madras - - -

Sir,

I am directed by the Board of Revenue to request that you will furnish information upon the following points relative to the inquiry made by you in March last on the subject of certain lands at Pursewaukum.

2. It is observed that your Memo of the 1st March calling for explanations upon the matter in question was addressed jointly to the Sheristadar, Surveyor and Amildar, from whom therefore a joint reply might have been expected. It seems however that

altho'

althó' the Surveyor and Amildar made a joint representation in answer to your Mem.ª the Sheristadar reported separately. The Board would wish to know your reasons for admitting a separate reply from this Officer.

3. Nyna Pilly's Petition bringing to your notice, the frauds which had been practiced in regard to No. 3261 at Pursewaukum held in the name of Saravanaperumal and Moodely, seems to have been presented to you upon the 5th. February. You will be so good as to explain why you made no inquiry until the 1st. of March.

the Governor in Council resolves to forward also the report of the Agent in Hurnoor as received with the communication recorded as above, in order that the Honorable Court may have before them the circumstances under which the Shrotriem Villages of Ooppelpaud reverted to Government.

2. The Shrotriem was bestowed by the Emperor Mahomed Shah under a Sunnud dated in A. D. 1737 "free from all tase and demands," but was subsequently assessed with a heavy Jodie by the Ruling power in direct subversion of the Royal grant forty years before the assumption of the Country by the British Government; and the assessment was paid by the possessors up to that period. The Governor in Council cannot consider a grant thus virtually annulled and vacated so long ago, as affording any ground of claim against the existing Government; and he resolves therefore to recommend to the Honorable Court that the prayer of the Memorial should not be complied with.

Sir,

From the Acting Collector of Bellary.

Para 1. I have the honor to report agreeably to Para 9 of the Board's Circular dated 29th July 1848. the lapse of certain Enam lands held by a Brahmin Hebbar Venkata Rama Bhuttloo in the Anuntapoor Talook of this District in consequence of the death on the 29th September 1849 of the party in question.

Reporting for the orders of the Board the lapse of certain Enam lands of Rupees 77–3–10 held by one Hebbar Venkata Rama Bhuttloo in Anuntapoor Talook of the Bellary District accompanied with Statements and Document having reference thereto.

2. The deceased possessed Enam lands in 4 Villages assessed at 77–3–10. and had also a right of Merah Vurtanah for Punchangee, in one of the said Villages, to the value of 2–2–5. Two Statements Nos 1 and 2 are herewith forwarded: the former is the Tabular Report in the Board's prescribed form, and the latter shews the names entered.

Names	Acres	Assessment
	G a.	Rs a. P.
1. Pasooloor	70 35 "	45 2 9
1. Dundavarpully	54 30 "	20 13 8
1. Yadavalpurtee	1 4 8	3 4 "
1. Agraharum	21 34 8	7 15 5
Total	164 24 "	77 3 10

entered in the Survey accounts, and the extent of land allotted to the Enamdar. The Enams in Dundavarpully are called "Hebbar", which term implies the Manager of the Village, and they might perhaps be considered as Service Enams, but I do not find, that the deceased performed any Service though the original Grantee probably did. The Enams in Pasoolur and in the other 2 Villages (which last were obtained by Gift) are evidently of the description of charity or personal Grants.

No. 3.

3. Soon after the Enamdar's death his Son-in-law Goorooa Bhuttoo residing in Anuntapoor, presented a Deed of Gift stating, that the Enamdar had been bequeathed to him by the deceased. He further represented, that he had received a deed of Gift from the deceased (concerning certain Wet land in Gadavalapurtee, and a Dry Field in Agraharam which were given to the deceased by his Maternal Grand father) but that he last it in a House that had fallen down during the rainy Season. There is no

Original Summuds forthcoming, and as the Survey Accounts supported by the order of the Tahsildars of the Company's Government shew long possession by the late holder and his father.

4. In the Tarwar and Pymash accounts for the Enam lands at Yadavalapurtee Village, Narasummah's name is entered, and that of Sooba Row's affixed for the Enam at the Village of Agraharum. The reason under which the Enams in these two Villages conferred by a Deed of Gift to the deceased Venkata Ram Bhuttoo have passed out of the Family of the individual referred to in the Pymash, was at one Narasumm-bhuttoo the son of Narasimmah above named had bequeathed the Enam to his sister's Son Chennoo bhuttoo at his mother's death and he made over the same in Gift to the deceased Venkata Ram Bhuttoo at the time he gave his daughter in marriage to him.

Total amount C.P.S. 11-3-5.

5. With regard to the other Village Agraharum in which Codoor-Guddala Sooba Row's name is entered in

in the Pymash Accounts, I beg to st
from the result of an enquiry and
the accounts prepared subsequent to
Pymash, that Guddala Sooba Row is
tered instead of Madoogoola Sooba Ro
who gave his Sister in Marriage to Chen
Bhutloo's Father Paupah Bhutloo, and
granted this Enam to him at that
and that Chennoo Bhutloo bequeathe
the same to his son-in-law Venkat
Ram Bhutloo.

Meenatchi-
Ummah.

5. The deceased had no male
heirs, but gave his daughter Soobummah
in Marriage to the present claimant
Goorroova Bhutloo and resigned the land
to his daughter on her marriage, by a
Deed a Gift, executed on the 7th Light
fortnight of the Assweja Month in th
year Vecaree, Saka 1760, corresponding
to A. D. 1839. The deceased during h
life time was protected by Goorroova
Bhutloo the present claimant, and a
his death, the funeral rites were
performed by the same. The deceased
having Agraharam land in Pasoolo
performed also the duties of Punchang
for which duty 2 Rupees worth of

merah

Rs. 45-2-9

merah Virtanah Fees was the only
remuneration, there not being an
allotment of land in the Village for
that purpose, the duties were never
undertaken by any one for so small
a sum. The present claimant now
performs these duties.

7. With regard to these
Enams, it rests with the Board
to give a favorable support to the
claims of the deceased's son-in-law
the present claimant Goorroova Bhutloo.
There is no other claim to them, an
and the claimant rests his title
to the Property on his having
obtained it by Gift in virtue of
his marriage with the deceased's
daughter and only child. The
Deed of Gift also appears to have
been executed previous to the pro-
hibition by the Board of Revenue
dated 27th July 1848.

The Enam lands in Yadavala-lly and agraharam seem to have come possession of the deceased Venkata-Bhuttoo irregularly by transmission thro female line and by Deeds of gift. From the Collector of North Arcot } Para 1. Petition 1489 of 1849 bears on it the Board's endorsement directing me to report on the subject of it, which accordingly I have now the honor to do. Petitioner Chenga Reddy Complains of an order passed by me in a matter at issue between himself and one Vencata Reddy; the particulars of the case are as follows.

Reporting on the accompanying Petition No. 1489 of 1849.

Transmitted with 3 enclosures

2. The Petitioner and the defendant are Cousins descendants of a Common Ancestor the great grand father of both. They have land in two Villages of the Pennery Talook, Ramireddypully and Ramachandrapoorum and own also the Meerasy of those Villages. Up to 1843 the land in Ramireddy Pully was held by Petitioner's father Narasia Reddy who was also Monigar; and in like manner the land and Meerasy of Ramachendrapoorum were held by the Defendant Vencata Reddy

15087 — Fort St. George 22d. October 1849.

Reddy. In that year the two parties gave a Razinamah to the Tahsildar praying to be allowed to interchange their appointments of Monigar; the Tahsildar gave orders accordingly, though without obtaining authority from the Collector, and the two parties both conducted the Village duties agreeably to the new arrangement, and also changed their residence accordingly Vencata Reddy going to live at Ramireddy Pully and Narasia Reddy at Ramachendrapoorum. In 1844 the two parties gave Razinamahs in the Talook, interchanging their lands also, and the puttahs were made out accordingly for Fusly 1254. Vencata Reddy received Puttah for the land in Ramireddypully and Narasia Reddy for that in Ramachendrapoorum.

3 In October 1845 the Tahsildar wrote to the Collector according to Custom reporting the tenure of the former of the two Razinamahs recited above and recommending that the parties might be registered accordingly as Monigars of the Villages which they had agreed upon. No order passed on this

Agreed

15088

Fort St. George 22d. October 1849.

Arzee; but a petition having been presented to the Collector on the 15th. October 1846 by Narrana Reddy, Complaining that the Tahsildar had through malice nominated Vencata Reddy to the Office hitherto filled by himself, an order was passed on the 17th. October 1846, cancelling the change of appointments made by the Tahsildar not on the merits of the case, but merely on the ground that his proceeding in acting on the Razinamah without previous authority from the Collector was informal and irregular.

4 In April last during the settlement of the Penneery Talook for Fusly 1258, the Petitioner Chenga Reddy son of Narraina Reddy made application to me, praying that interchange of the lands might be annulled in the same manner as that of the Offices had been. I then called up and examined all the documents connected with the proceedings above narrated; and as it appeared that the two Razinamah had been willingly executed by Narraina reddy and that his three sons (including the Petitioner) had assented to

15089

Fort St. George 22d. October 1849.

to them in writing and as the assent of all parties was further shown by their quietly acting on these Razinamahs for periods of three and two years respectively without complaint or objection, I not only declined to accede to the application for the annulment of the Razinamah respecting the land but I also superseded Mr. Lowell's order above noticed, and carried into effect the Razinamah respecting the Inamem Office also.—

It is this order which gave

5.

rise to the present Petition - Petitioner now alleges that the Razinamahs were obtained from his Father at a time when from age and infirmity he had not the use of his faculties - To this there is the double answer that this plea is now brought forward for the first time, and that it is satisfactorily negatived by the fact that Petitioner himself and his two brothers consented to the Razinamahs. I see no reason whatever as already said to doubt, that these documents were

duly

duly and willingly executed by Narana Reddy in full possession of his faculties. The whole affair has the appearance of an amicable family arrangement freely assented to by both parties at the time and carried into effect and peaceably adhered to for some years; though eventually, as often happens dissensions broke out between the parties and one of them wished to upset the agreement. It appears indeed that the Petitioners party were losers by the exchange; and the reason for their assenting to this loss is not apparent, though it may probably be that as the two parties were equal in right, it was settled that the better portion of the family property having been enjoyed by one of them for a number of years should now go to the other. But it did not appear to me that I had any thing to do with the question of loss or gain to either party; the due execution of the covenants was proved, and no contract could be permanent if it was open to parties to void

void an agreement knowingly and willingly entered into by pleading that they were damaged by it.—

Proceedings thereon.-

Read again letter from the Collector of Tanjore dated the 25th. August 1849. enclosing Memorandum of the Wastage of Salt at Vadarniem from Fusly 1242 to 1245 and requesting sanction for writing off the same in his Accounts.-

1. The Items of Wastage of Salt at the Vadarniem Pans amounting to Garco 22-307-- and those at the other Cotaurs of the Tanjore District amounting to Garco 159-40-2 from Fusly 1242 to 1245 inclusive, as exhibited in the enclosures to the letters above recorded, have been compared with the Salt wastage entered in the Account Current received quarterly from the Tanjore District in those Fuslies and the entries have been found to correspond.-

2 It will be observed from para 2 of the Collector's letter of the 25th. August 1849 that the practice of obtaining Sanction for writing off the Wastage of Salt in the Tanjore District did not obtain until Fusly 1246, the wastage having been merely shewn in the

the Account furnished to the Board.-

3. Resolved therefore that the Collector's request for writing off the wastage of Salt at all the Pans in the Tanjore District from Fusly 1242 to 1245 inclusive, amounting in the aggregate to Garco 181-347-2, be recommended by the Board for the Sanction of Government.-

Requesting Sanction for entertainment of Vydanathom Moodelly on a Salary of 50 Rs. per Month as English Teacher to the Minor Zemindar of Shevagunga.-

To

T. Pycroft Esq.re
Secretary to the
Court of Wards.-

Sir,

With reference to Clause 9 Section 21 Regulation 5 of 1804 I have the honor to request the Sanction of the Court of Wards for the entertainment of Vydanathom Moodelly on a Salary of 50 Rupees per month as English Teacher to the Minor Zemindar of Shevagungah. The charge for the Maintenance of the Minor and his relations at present falls short of 10 per Cent on the Peishcush, by Rs. 1375.-

The

2. The person recommended is a man of Middle age and was educat:=ed at the College of Madras from whence he obtained a favorable certifi:=cate. He also produces excellent testi:=monials from the Commissary General, the Government Astronomer and the Secretary to the Mint Committee under whom he served. From conversation and inspection of his Translations I consider him competent to teach English, and his behaviour and temper are ex:=ceedingly good.-

3. The Minor has already made progress in Tamil and Teloogo in which language he had Teachers before his father's death. It appears to me that a change of resid:=ence from Shevagunga to Madura where he would be more private and more under my own eye would be of benefit towards his education, and there is a house there which might be repaired to receive him, but as the Estate is in arrear of Peishcush, I do not at present

present submit the proposition.-

In Cons. 14 th. June 1849.

Read again letter from the Collector of Madura dated 11 th. May 1849. Submitting for Sanction a Statement of Sums proposed to be disbursed for the Support of the Minor Zemindar of Shevagunga and the members of the family.-

(38-39)

Proceedings thereon.

Sanctioning the allowances proposed to the several Members of the family of the Shevagunga Minor Zemindar but calling for explanation regarding the Domestic Sibbendies. sanctioning also the appointment of an English Teacher and minor Zemindar's removal to Madura.-

The attachment of the Shevagunga Zemindary having been with:=drawn under orders of the Court of Sudr Adalut in their Proceedings of 8 th. October last. the Court of Wards proceed to consider the communications above recorded.-

2. Under the explanation furnished by the Collector the Court Sanction the allowances proposed to be assigned to the several Members of the Shevagunga Family amounting in the aggregate to Rupees 731-8- per Mensem. They also Sanction the sum Rupees 220 monthly allotted for the Subsistence of the Minor Zemindar and that Rupees 330 per Mensem to be paid as the Salaries of the guardian

and

and three other Servants. these latter however are to be entertained only temporarily and it is hoped may be discontinued on the decision of the appeal now pending before the Sudr Udaulut.-

3. A further Charge of Rupees 800 Monthly has been proposed for the Manouerthie or Domestic sibbendies of the Minor Zemindar. This sibbendies is stated to include Tamil and Teloogoo instructors for the Minor; what further Servants are comprehended in it does not appear. The Court would wish for some more detailed information in respect to the number of servants classed under this head, and their respective functions- as also whether they are all necessary and whether the total charge on this account which seems high would not admit of reduction.-

4. The Court of Wards sanction the employment of Vydanathum Moodelly on a Salary of 50 Rupees a month as English Teacher to the young Zemindar according to the recommendation contained in

in Mr. Parker's letter of 27th September last. They concur in the opinion expressed in Para 3 of that communication regarding the advantage of a change of residence for the Minor from Sheva-gunga to Madura. The arrangement should not be lost sight of.- With proper Management it might the Court think, be effected without material increase of expence.-

From the Actg. Collr. of Tinnevelly.

Sir,

In reply to your letter of the 24th. Instant forwarding for report a Petition, now returned, from Iyoovyengar of Watteroyeroopoo of Streevelly poottoor Taloot, I have the honor to request the attention of the Board to my communication of the 15th. Instant No. 187 and to Mr. Thomas' letter referred to in it.-

*No. 23/49.

2. The Author of the enclosed Petition has long been a very troublsome person and occupies himself chiefly in drawing up charges in general terms against the public Servants, accusing them of enormous frauds several of these complaints have been taken up, but they are in general too vague to be made the subject of investigation. Of this nature is a Petition received from the same individual by Post 2 or 3 days ago dated 19th. Instant and which is enclosed for the inspection of the Board.- The

2. It will be seen from the Acting Collector's report and from the correspondence alluded to therein that the Petitioner Iyoovyengar is a troublesome character and is in the habit of bringing general charges against the public servants which on reference to the records have either been ascertained to be false or have been too vague to be made the subject of investigation.-

From the Asst. Collector of Coimbatore ---

Sir

In the Board's Proceedings of the 5th October 1848. it is ordered that on measurements of no excess is found above 12½ per Cent of the original Pymash in Doonjah and 10 per Cent in Nunjah. it is not to be carried to account but left to the Ryot- It is not quite clear what is to be done if there is a slight excess or beyond that limit. whether the whole amount beyond the 100 or only the excess beyond the 12½ or 10 per Cent allowed is to be carried to account.-

Requests to be informed clearly of the Boards opinion and intention respecting the enforcement of Major Macleod's Rules on the subject of the alteration of Pymash measurement-

I conclude that under a liberal and fair construction the Board intend that the excess over the

the 12½ or 10 per Cent allowed, should alone be carried to Government credit otherwise if A was found to have 110 acres instead of 100 as per the accounts he would be allowed to keep it untaxed while B found to hold 110 and to be would be liable to have the whole 10/10 added to his Rent; which would be an unequal and unfair arrangement.

3 I have little doubt the Board intend the first and more liberal construction, but to be sure and to satisfy the Dead Sheristadar's scruples I beg to request the Board's opinion and intention on the subject.—

In conformity with your

your instructions requiring me to repair the Moosaphurkanah situated on the North end of the Pettah of Bhawany for the use of the District Mooniff, as his Court I beg leave to inform you that the repairs are in progress The Travellers however, now experience great inconvenience for want of accommodation, which want there is reason to suppose will be felt in a still greater degree when the number of Travellers increases on which will be the case as soon as the Bridge over the Cavery is completed, I therefore beg leave to recommend the erection of a Moosaphurkanah close to the Road from the Bhawany to the Cavery Bridge, either on the east or west side of the Road leading to the Pettah. This locality is spacious and is now overgrown with prickly pears. The proposed building will be of great

great use and afford comfortable shelter to the poorer class of Travellers, particularly Cart drivers.

An old Choultry containing 8 partitions, now in existence on the Southern extremity of the "Aggrahar" I am informed was formerly occupied by Sepoys during the time of the late Mr. Garrow, but at present it is in a very dilapidated condition. The roof has in several places fallen in and the whole building is fast falling to ruin. This place is only resorted to by idlers of the town and even if repaired is in too unfavorable a position to be much frequented

frequented by Travellers I therefore request instructions to sell it by Public auction, and apply the proceeds thereof either for the proposed new building or for other works of General and Public utility.—

Proceedings thereon.— Resolved that the letter above recorded and the Statement retransmitted therewith together with the previous correspondence on the subject, be submitted for the orders of Government.—

Submitting correspondence with the Collector of Madras on the subject of certain Yemiahs retrenched in his Accounts for Fusly 1252 by the Civil auditor with the Board's recommendation on each case.

From Coll. 22nd Nov. in Cons. 21st December 1848.
To Coll. 21st Dec. 1848.
From Coll. 22d. Dec. in Cons. 29th January 1849.
To Coll. 29th January 1849.

2. In the Board's Proceedings of the 29th January last the retrenchments exhibited in the Statement which accompanied the Collector's letter of the 22d November 1848 were briefly reviewed, since which date the Collector has added a few particulars in Column 8, of the relationship existing between the former yeomiahdars and the present recipients.—

3. In reference to the retrenched allowances on account of yeomiahs transferred

transferred for payment from the North Arcot District the Registers of Pensions transmitted by Mr. Graeme on the 1st. December 1813 and by Mr. Sherson on the 28th. September 1818. have been referred to in this Office and the particulars shewn in Columns 4 & 5 and in many instances in Column 8 of the Statement of retrenched allowances have been examined and checked thereby.

"Mootalikan" Retrenchments Nos. 1-2-5-7-10 12-15-16-&19.

4. These allowances are found to be Mootalikan yeomiahs as also are Nos. 3 and 14 noticed separately. The date

To Coll.r 25. Jan.y 1813.

of authority quoted by the Collector in Column 7 is that of a letter from this Office desiring payments to be made to certain yeomiahdars / of whom a list was enclosed / who had until that period been receiving their allowances from the Treasury of the Principal Collector of North Arcot during their residence in Madras.

5. The retrenched payments in these nine cases and their continuance annully to the yeomiahdars named

in

in Column 8. of the fixed allowances opposite their names in Column 10 is recommended.- It will be seen that the retrenched yeomiah No. 5 has lapsed to Government by the death of the last incumbent named Kanzim Ally on the 15th. July 1847 and the payments need only be passed on this case up to that date.-

Retrenchment No. 3

To Coll.r 3d. July 1817.

6. Copy of the authority quoted by the Collector in support of the payment of this allowance is submitted and the retrenched payment and the continuance of Rupees 88-8-- per annum to Fantmah Begum is recommended.-

Retrenchment No. 14

To Coll.r 5th. Apl. 1824

7. Copy of the authority quoted in this instance also is submitted.- The old Registers show that this allowance was originally in the enjoyment of Sha Jaffer and on his death that his Grandson named Meer Sandukally Nubsah succeeded to the yeomiah and not Fantmah Saibah who is named in the Statements as the last holder and the daughter of Sha Jaffer. The allowance having however lapsed to Government by the death of Fantmah Saibah on the 12th. Febuary 1848.

the

the sum retrenched and the subsequent payments up to that date to the deceased at the rate of Rupees 177—"—" per annum is recommended.—

"Life Pensions" Retrenchment No. 17.

8. The old Registers show that this Yeomiah was a life Pension of large amount divided into 5 shares 3 of which have lapsed by the death of the share=holders. The retrenchment for payments made to the remaining two shareholders and the continuance of the sum of Rupees 141—9—4 annually in equal shares to these parties named Beebee Mansaibah and Aofsain Beebee Saibah during their lives is recommended. Copy of the Board's letter quoted in Column 7 is also forwarded

Jt. Coll. 26th July 1821.

Retrenchments Nos. 35-44-45-58. 57-61-62-64 66-68-71-72 & 75.

9. These allowances are likewise entered in the old Registers as Life Yeomiahs and the names of the parties entered in Column 4 and the amount specified in Column 5 correspond with those Registers. In most instances the names of the present incumbents are also stated therein. The sums retrenched in these thirteen cases and the continuance to the present recipients named in Column 8. of the fixed annual allowances exhibited in

in Column 10. is recommended. The authority quoted for the payments of these yeomiahs is the same as that referred to in para 4 of these Proceedings. The payments of the retrenched allowance No. 45 need only be passed up to the 25th January 1847. the date on which the last yeomiahdar named Fuckroonisah died and the same course may be observed in regard to retrenchment allowance No. 62 which lapsed to Government on the 26th June by the death of Shaw Begum.—

Nos. 44-45-64 66-72-75.

10. Six out of these thirteen yeomiahs were of large amount but have been reduced from time to time from lapses by the death of the shareholders.—

Retrenchment No. 51.

11. The Collector has again quoted in the Board's letter of the 3d July 1817 which is referred to as his authority for payment of retrenched allowance No. 3 in support of the payments made to Fatima Beebee and the particulars of this Yeomiah corresponds with those in the old Registers in which it is entered as a Life pension. The payment retrenched and the continuance annually to Fatima Beebee of Rs. 179-15-11

is

is recommended sufficient.—

Retrenchment Rs. 30. 12. Sufficient grounds of objection to this allowance do not appear to have been shewn by the Civil Auditor as the transfer of the payment of this Yeomiah received the formal sanction of Government on the 30th. September 1842. On reference to the papers which passed on this occasion no mention is made of the amount of Yeomiah to be paid to Kyroonissa and the objection of the Audit Office might have been grounded on this omission. It would be desirable to have the cause of each retrenchment fully stated so as to enable the Collector to meet the objection with as ample explanation as possible. With these remarks the amount retrenched and the continuance to Kyroonissa of the sum of Rupees 177—"—" per annum is recommended.—

To Govt. 19th. Sept. 1842. From Do. 30th. Do. in Cons. 3d. Octr. 1849.

Retrenchment Rs. 69. 13. Copy of the authority quoted in support of the payment of this allowance is herewith furnished. The names of the Yeomiahdars are not specified in this letter but the particulars of the yeomiah are shewn in the old Register in which it is entered as a Life Pension. It would appear to have been originally held in shares

To Coll.r 3d. Feb.y 1814.—

shares by 5 persons 3 of whom died and their shares lapsed and the retrenchment consists of the payments made to the two survivors and is recommended for sanction. One of these parties named Marebanoo has however since died on the 6th. January 1846 and her share has been discontinued and the payments to her up to that date of the share of Rupees 35–6–5 per annum is recommended. The continuance of the remaining share of Rs. 35–6–5 per annum to the present sole survivor named Hameeda Beebee during her life is also recommended by the Boards.—

"Khushroot or Service Pensions" Retrenchments Nos. 78 & 79. To Coll.r 15th. Sept.r 1823

14 The authority quoted by the Collector for the payment of these Yeomiahs, a Copy of which is submitted, does not furnish any particulars which might be useful in checking these disbursements. The first of that yeomiahs Rupees. 88—8–4 per annum is entered as a Pulicat service yeomiah in the old Registers payable to the Khateb and Moovezzum of Pulicat for "the performance of their duties" and the yeomiah of Rupees 165—"—" per annum immediately following that entry in the old Registers as payable to the Khateb, Moovezzum and Fakeer of the Musjid at Pulicat "for performing their duties."

The

The sums retrenched are recommended for sanction as is the continuance of these allowances under the provision that the services for which they were granted is continue to be performed.-

"Yeomiahs transferred for payment from the South Arcot District"

15. With respect to the pensions transferred from the South Arcot district for payment at Madras the List of Yeomiahs received from Mr. Cockburn on the 6th. March 1813 have been referred to in this Office and the particulars shewn in Columns 4 and 5 are found to correspond.-

"Mostalikan" Retrenchment No. 131.

16. This allowance would appear to be a Mostalikan yeomiah held by Subder Hoossain of Gingee. The order quoted in support of the payments made is in a letter to the Collector Dated the 25th. January 1813 copy of which is sent, and the retrenchment amounting to Rupees 265-8-- and the continuance of this sum annually to Subder Hoossain is recommended for sanction.-

"Life Pensions" Retrenchment No. 132.

17. The same authority as the last is quoted by the Collector in support of the payment of this Yeomiah which is however entered in the old List as a Life pension originally held in 5 shares of which 4 have lapsed by the death

of the shareholders. The sum retrenched is the payment made to the only survivor Hameeda Beebee of Rupees 7-3-- and is recommended for the sanction of Government. The continuance of this allowance annually to Hameeda Beebee for her life is also recommended.-

Retrenchment No. 133
To Govt. 23d. March 1840
To Dr. 6th. in Cons
27th. Apl. 1840.

18. The transfer of the payment of this allowance from the South Arcot District to Madras was formerly sanctioned by Government as will be seen on reference to the papers noted in the Margin, but the amount of the Yeomiah was omitted to be mentioned in like manner as in the order for the retrenched yeomiah No. 50 transferred for payment to Madras from North Arcot alluded to, in para 12. of these Proceedings. It is entered as a life pension in the old list on the names of Abdul Cawder and Saul Mahomed and the retrenched sum of Rupees 12-4-- and the continuance to these parties of this sum annually to be divided equally is recommended.-

Yeomiahs transferred for payment from the Nellore District

19. Adverting to the Pensions transferred

transferred for payment to Madras from the district of Nellore the original Lists from Mr. Travers dated the 20th. October 1812 have

"Mootalikhan" been referred to and found to correspond with the family names mentioned in Column 4.-

Retrenchment No. 112. 20. The party to whom this allowance was paid named Mohomed Anzum was one of the Mootalikhan named in the old Register No. 2 as holding a 6th. share in the Yeomiah payable to the family of Mahomed Sanduck Mucky. The payment of Rupees 18—"—" retrenched and the continuance to him of this sum annually is recommended for the sanction of Government.-

Retrenchment Nos. 115 & 116. 21. The yeomiah payable to the family of Mohomed Syed Mashayek is entered as an Hereditary pension in the old Register No. 4. The names of the shareholders are specified in Mr. Trower's List dated the 26th. May 1815 and the family would appear to have been residing at Madras previous to 1812. The retrenchment of Rupees 80—"—" and the continuance to

to Mahomed Mohuddeen and Mahomed Ally of this allowance annually in equal shares is recommended.

"Life Pensions" Retrenchment No. 110. Nos. 26 & 50. 22. The old Register of 1812 shews the family name of the parties in the enjoyment of these yeomiahs and the list of 1815 specifies the names of the shareholders. Kyroon Saibah is named as a shareholder in both yeomiahs and the amount retrenched Rupees 114—10—10 and the continuance to him of this allowance annually is recommended for the sanction of Government.-

Retrenchment No. 122. 23. An Extract from the Register of claims to the succession of yeomiahs submitted to the Board on the 18th. July 1815 is enclosed in support of this payment in Mr. Bishop's letter to the Collector of Madras of the 5th. March 1846, vide enclosure to letter from this Officer to the Board dated 22d. December 1848. The Board

Retrenchment No. 126.

24. This is the Yeomiah alluded to in para 5 of the Board's Proceedings of the 29th January last, and regarding which the Collector of Nellore has afforded further information in his letter to the Collector of Madras dated the 16th April 1849. Copy of which is enclosed in the letter recorded at the head of these Proceedings. From

In Cons. 18th Oct. 1849.

× Mr. Smith's letter, its enclosure and the subsequent letter from the Collector of Madras 8th October 1849, it is clear that Mahomed Nasooroodeen is not entitled to this allowance and it is remarked that the original pension is entered as a subsistence Yeomiah in the lists of 1821/22. On reference however to the Original Lists of Mr. Frasers No. 2 of 1812 the Yeomiah in the enjoyment of the family of Afeezooldeen Mahomed Cawn is entered as an Hereditary or Mostalikan pension ⸗ held in nine shares by the parties named in para 2 of Mr. Smith's letter abovementioned and this is borne out by the remarks

Contained.

S.G.B.

contained in that Register that the Yeomiah was granted, Afeezooden Mahomed Cawn being a relation of the Nawab Wallajah and having a large family to support. The sum retrenched and the subsequent payments already made to Mahomed Nasseroodeen will require sanction but the Board have desired the Collector not to make any further payments to this individual. It is evident from the correspondence now submitted that the share of the Yeomiah formerly enjoyed by Mahomed Cawder Cawn should have lapsed at his death, and its renewal in the name first of Azanoodeen son of Mahomed Nasseroodeen and then in that of his father was brought about by the fraudulent representation of this latter individual. The Board are therefore of opinion that his share should be resumed from the date of the last payment.

From Madras 8th in Cons: 18th October ⸗

25. It will be seen that the share of the Yeomiah formerly enjoyed by Mahomed Nasseroodeen's own father Mahomed Mayenoodeen was continued in 1822 to his Widows Selaurbee ⸗ and

and Mereyembee by whom it has been drawn, and as the identity of these parties has been sufficiently established in the letter from the Sub Collector of Nellore to the Collector of Madras dated the 3d. October 1849, the Board think that these Yeomiahs should be left in the enjoyment of these individual for the remainder of their lives.-

"Yeomiahs transferred for payment from the Trichinopolly District" Retrenchment No. 134.

26- In Mr. Travers's list dated the 9th. June 1812 these parties are named as the recipients of a charitable allowance of Pagodas 84-0-0 per Annum- The sum retrenched and the continuance of Rupees 294-0-0 Annually in equal shares to the parties named in Column 8 is therefore recommended.

Retrenchment Nos. 135 and 136.

27- With respect to these Yeomiahs and to the want of further explanation regarding them which has since been obtained in this Office it is observed that in Mr. Travers's Register A dated the 1st. September 1812 of Yeomiahdars residing in other Districts while drawing their pensions from the Trichinopoly

Trichinopoly District the names of Syed Anwar and Syed Subar are entered as entitled to an allowance of Pagodas 23-25-16 per Annum being Torriore Yeomiahdars residing in Madras- The sum of Rupees 82-7-4- retrenched and the subsequent payments retrenched made at the same rate per Annum to these parties in equal shares up to the day of their deaths respectively is recommended by the Board of Revenue for the sanction of Government.-

The Right Honorable the Governor in Council having given his attention to all the circumstances detailed by the Agent at Kurnool in regard to the Dasayee Enams enjoyed by the late Ram Row, is of opinion that in consideration of the large amount of Enams enjoyed by the family of the deceased, a more liberal provision than that recommended should be made for the 3 Widows mentioned by the Agent, and he accordingly directs that three fourths of the Enams be resumed and one fourth continued for their support in the proportions proposed by the Agent—each share to lapse on the death of the holder. By this arrangement the 3 Widows will derive instead of

Rupees

Rupees 288 an annual income of Rupees 436, being 1/4 of that obtained by the late Enamdar from the extent of land under cultivation. The Agent will as far as may be proper and practicable meet the wishes of the Widows in regard to the particular lands to be assigned for their support, allowing them also in addition the enjoyment of such as they may wish to retain at the full assessment. But it will be clearly explained to them that the lands now continued free will be fully assessed at their decease.-

Referring a letter from the Deputy Q.r M.r Gen.l of the Army forwarding one from the Officer Comd.g Southern Division requesting to be informed whether the Rules of the 17th April 1849 apply to all houses occupied by Military Officers at stations not entirely Military Cantonments, such as Trichinopoly Palamcottah &c.a and representing the desirableness of the Military limits of the Cantonment being extended.-

/ Here enter 13th Sept.r 1849 / No. 3365.-

The Right Honorable the Governor in Council observes that as much as lay in the power of Government in order to remove or diminish the inconveniencies arising from the anomalous position of the Cantonment of Trichinopoly, has been already done by the late Government when the President was also Commander in Chief, and he believes that any

attempt

attempt to extend the Military Jurisdiction in the manner proposed by Major General Showers in 1844 would besides requiring a legal Enactment lead to greater evils than are now felt. Under these circumstances the Governor in Council can only direct the Collector through the Board of Revenue to give his special and unremitting attention to the 5th and 6th Clauses of the G. O. G. No. 71. dated the 17th April 1849, published at page 439 of the Official Gazette, which enjoin cleanliness in Military Cantonments and to assist as far as may be practicable on the assembly of "Military House Boards" on premises situated without the limits of the Cantonment, but the Governor in Council apprehends that awards made by such Boards cannot be enforced under the existing law, the exercise of great caution in these proceedings will be therefore indispensable.

/From Board 1st October/

The Right Honorable the Governor in Council concurring in the view taken by the Board of Revenue regarding the succession to the Goodipanty Pollium in North Arcot, desires that Soobaramapah Naik, the son of the deceased Polygar Shashama Naik by his elder wife, be recognized as the successor to the Pollium, and that the Management of the property and guardianship of the Minor be left with the Minor's Mother. The Governor in Council agrees also with the Board that the claim of Sooramaul, mother of a previous Poligar, is not one of which the Government is required to take cognizance.—

Extract from the Minutes of Consultation Under date the 22d October 1849. No. 1011

Para. 1. The Right Honorable the Governor in Council proceeds to pass orders on the letter in this Department from the Honorable the Court of Directors dated 5th September 1849 - No. 12

2. A copy of paras 11 and 12 and of paras 17 to 22 inclusive of this dispatch with the Report of the Manchester Commercial association referred to in para 21, be furnished to Dr. Wight for his information and guidance with particular reference to the observations and orders of the Honorable Court of Directors therein conveyed.

3. Immediately on receipt of this Order Dr. Wight will resume his position as Superintendent of Cotton Experiments and in that

capacity attend to the important objects which the Honorable Court have in view, not only in Coimbatore, but generally in all the Cotton growing Districts.

4. In Coimbatore Dr. Wight will have the immediate management of the Gins, Gin Houses, Machinery &c. and of all matters relating to Cotton experiments, relieving the Acting Principal Collector of the charge in respect of them entrusted to him by the orders of the 1st June 1849 No. 544. and carrying out if practicable the wishes of the Honorable Court for continuing for the season the cultivation of the Lands referred to in para 9 of his letter dated 11th June 1849. with Cotton on the plans laid down at its commencement as indicated in para 17. He will also attend to the instructions communicated in the remaining portion

J

of the same paragraph and give effect to them as far as it may be in his power.-

5. In Tinnevelly the Collector will have charge of the Gins, implements &c. as directed in the above order, but he will be guided in respect of them and of all matter relating to the purchase and Shipment of Cotton, or to its cultivation, by the Communications he may receive from Dr. Wight.-

6. The Honorable Court having intimated that it was not their intention to prohibit the cultivation of Cotton on a small scale, Dr. Wight will have this object in view and promote it wherever he may consider desirable through the medium of the Collectors, advising and directing their proceedings.-

para. 19-

The

para 21. 7 The purchase and Shipment of Cotton will be made as heretofore, the Honorable Court having directed that their former orders for an annual supply of these Cottons may be considered to remain in full force.-

18 8. Dr. Wight will in due course furnish in a special report the information required in para 18. but will immediately state for

22 Communication to the Honorable Court the esctent to which he may have been enabled to carry out their present orders.-

9. It is the intention of Government by these orders that Dr. Wight should have the sole Superintendence of the Cotton experiments & that all communications on the subject from the Collectors & others should be submitted through him for the orders of Government.-

Referring

Fort St. George 25th October 1849.

10. Referring to Extract Minutes of Consultation 22d August 1849 No. 795, application will be made through the Military Department for the services of Dr. Wight being again placed at the disposal of Government for the purpose of being continued in the Experimental cultivation of Cotton.—

11. A Copy of the foregoing orders and of the paras of the Dispatch to which they relate will be furnished to the Board of Revenue in view to their making the necessary communication for the guidance of the Collectors of Tinnevelly and Coimbatore.—

Fort St. George 25th October 1849.—

"of relinquishing the Government "Cotton Farm in Coimbatore—as we con-
"sidered that the object with which "this Farm was established had now "been fully attained by demonstrating "that the soil and climate of that "Province were capable of producing "Cotton of a description in every res-
"pect suited to the wants of the "British manufactures.—"

12. In that Despatch we also directed that, notwithstanding the discontinuance of the Farms, Government should still continue to afford its aid by distributing American seed either gratuitously or at a trifling charge to those willing to cultivate it, and we also authorized the cultivation of fields in particular localities, with the view of ascertaining whether the soil and climate were suited to the production of the American or any other description of Cotton. Although therefore we deemed

the

the time to have arrived for dis-
-continuing the expensive farm-
-ing operations which had been
carried on in Coimbatore, it was
not our intention to prohibit
the cultivation on a small scale
on account of Government.-

17 If Dr. Wights' connection
with the Coimbatore Farms
should not have ceased, we
should wish the cultivation
to be carried on according to the
plans laid down at the commence-
-ment of the season. You will
make it generally known that
the cultivation of the Farms after
the present season will not be
undertaken by the Government,
and if any Company of Merchants
and Planters should offer to
take upon themselves the fur-
-ther prosecution of that part
of the experiment, you will de-
-liver over to them the Lands
comprising the Farms, subject

of course to the ordinary assessment
with the Machines and implements
attached to them, at a fair valuation,
due care being of course taken to
protect the interests of those Ryots
whose Lands may now or
hereafter be engaged for the pur-
-pose of Cotton Cultivation.-

18. With respect to Dr. Wight,
we are of opinion that before giving
up the Superintendence of the Cotton
Experiments he should be called
on to furnish a clear & connected ac-
-count of the experimental culti-
-vation on the Coimbatore Farms and
elsewhere under your Presidency,
with such observations as his scienti-
-fic and practical Knowledge may
enable him to offer as to the causes of
success or failure. Such a report
cannot fail to be a useful docu-
-ment as a guide for those who may
be hereafter engaged in similar
undertakings.-

19. We observe that you propose
to entrust the conduct of all future
operations for the improvement of
Cotton

Cotton Cultivation to the Collectors of Land Revenue in the several Dis-
tricts. In this class of our servants there are doubtless many who will take a warm interest in this im-
portant subject; but, even by them, we can expect that but little will be accomplished unless they can look to some properly qualified Officer to direct their proceedings and to digest and methodize the results which they may obtain, so as to make them available for guidance of others engaged in the same pursuit. In our despatch of the 4th July No. 11, 1848, we intimated that in our opinion considerable advantage might be expected from the experiments then in pro-
gress under the superintendence of Dr. Wight throughout the Presidency with the view of ascertaining the most suitable time of the year for sowing the American Seed. These experiments will be of little avail unless

the Officer by whose suggestions they have been undertaken shall be in a position to examine & report on their results, aided by his own extensive experience in the practi-
cal cultivation of Cotton in other localities. We are therefore of opinion that Dr. Wight should retain the position of Superintendent of Cotton Experiments under your Pre-
sidency until these objects are accomplished.—

20. We approve of your Re-
solution to dispense with the services of Mr. Finnie at the termination of his engagement.—

21. The consignments of Cot-
ton from Coimbatore and Tinnevelly on the Ships "Ganges" and "Aurora" have been received, and have excited considerable interest among the Manufacturers. We forward a Report on the quality of the several descriptions which has been furnished to us by the Commercial Association

of Manchester. We desire that our former orders for an annual supply of these Cottons may be considered to remain in full force.

22 On the receipt of this Despatch, you will immediately make us acquainted with the extent to which the arrangements on which we have commented have been concluded, and how far it will be in your power, without detriment to the public service, to carry our present instructions into effect.

To the President & members of the Board of Revenue.

letter from the Acting Collr of Bellary reporting the death of Ambalapah Ranz and recommending that the share which the local authorities had authorized to be paid to him out of the allowance of his Uncle Veeraroyapah Ranz Poligar of Rutnagherry may now revert to the latter and that payment of the allowance be made through the Talook Treasury in which Rutnagherry is situated.—

To Government 7th June 1820.
From Madura 18th inst. & July 1820.

foregoing letter be submitted for the consideration and orders of the Right Honorable the Governor in Council.—

From the correspondence noted in the Margin it will be perceived that upon the death of Nunjappa Naid, Poligar of Rutnagherry, 31st November 1818, the Government were pleased to sanction the continuance of his pension Rupees 700 per annum in the name of the Elder of his surviving brothers Veeraroyapah for the support of the family. An arrangement seems afterwards to have been made between Veeraroyapah and his Nephews Ambulupah Ranze Son of his brother Royappah Ranze, whereby the former was to receive Rupees 35 per mensem of the pension as his own share and for Pagoda and other expences, and the remaining Rupees 23-5-6 was to be paid monthly to Ambulupah Ranze

and

Fort St. George 25th October 1849.

and this agreement seems on more than one occasion to have been enforced by the then Principal Collector

In Con. 26th July 1847. Mr. Robertson. In his letter of 7th July 1847 Mr. Mellor's brought this circumstance to the notice of the Board, reporting that disputes had latterly arisen between the parties and that in consequence Veerarayapah had refused to continue payment of the allowance to his nephews and he requested that he might be permitted to disburse the pension to these two individuals from his Treasury in separate shares in the proportions authorized by Mr. Robertson The Board in reply observed that any such division of a Pension as that reported to have been sanctioned by the preceding Principal Collector was altogether irregular, but considering the length of time during which Mr. Robertson's orders had been acted upon, they would not object to the separate payments recommended by the Collector, if it was to be considered as a special case.—

Ambullupah

Fort St. George 25th October 1849.

2. Ambullupah Ranze died upon the 28th January & the application contained in the Acting Collector's letter of 6th September last is for payment to Veerarayapah Ranze of the arrears of his own share of the Pension Rupees 35 per mensem from 1st April 1848 to 28th January 1849, and of the arrears of the whole allowance from this latter date to 31st August 1849.

3. As the whole Pension Rupees 700, like all Poligar Pensions, was conferred during good behaviour to lineal heirs and for the support of the family of the original grantee, and as the partition of that pension between Veerarayapah and his Nephew was a private arrangement improperly sanctioned by the Local authorities, the Board are of opinion that, that portion of the allowance hitherto enjoyed by Umbulupah should now on his death revert to his Uncle. They therefore beg to

to recommend that the arrears Rupees 761-6-3 as entered in the Statement which accompanied the Acting Collector's letter of 4th Ultimo, may be disbursed to Veerarayapah and that he may thenceforth continue to draw the full allowance of Rupees 700-

4. It will be observed that the Poligar is desirous of drawing his Pension for the future at Bangalore - The Board consider this objectionable, but they have directed that he may receive it at the Treasury of the Talook in which Ruttnagherry is situated which is not more than 70 or 80 Miles from Bangalore, and either in person or by means of an accredited Vakeel duly appointed under the Yeomiah rules.-

From the Collector of North Arcot - Sir, Para 1 I have now the honor to ...

Replying to the Boards letter of the 3d September respecting the Jungle taxes in the Cungoondy Pollium.-

furnish replies to the questions asked by the Board in your letter of the 3d Ultimo with reference to the jungle taxes levied on the Cungoondy Pollium.

2. The taxes preferred to were collected though to a very small amount when the Pollium was under attachment, from Fusly 1226 to 1232, and are believed to be of long existence in the Pollium, but as my Office contains no Copy of Colonel Read's report I am unable to say whether they entered into his calculation of the Peishcush.

3. I learn from the Poligar that no tax is levied on firewood Cut for use and not for sale, or on wood for ploughs, or for building except in the case of large timber, and that there is no restriction on the inhabitants of Villages of the Pollium Cutting wood

wood for their domestic and agricultural uses. I do not learn that any complaints have ever been made against the tax.

4. As respects the amount of the tax the accounts of the Collections while the property was under attachment at the period above specified show a sum of 3 as. 8 a. in each year for the tax on wood; the tax therefore cannot have been very generally collected at that time. In the ten years accounts furnished by the Polligar last year the Collections under this head are set down as from 32 to 35 Rupees annually, included the tax on honey and wax, but he now reports that the Collections of wood tax only probably average about 200 Rupees. It did not appear necessary to call upon him to explain the discrepancy.

5. Petty taxes of the description under consideration exist in several of the Pollams of the District, as well as in the large Zemindaries of Calastry and Cauvetnugger. I am not of opinion that it is necessary

or expedient to interfere to prohibit them in the Congoondy Pollium.

Sir,

To the Chief Secy. to Government

Submitting with reference to the orders of Government draft of the Summudi Pmil: Settlement Estimate proposed to be granted for the Congoondy Pollium in the District of North Arcot and the counterpart to be executed by the Poligar and suggesting that translations of them in Teloogoo be taken and appended to them.

I. Cons. 15th. January 1850

With reference to para 1 of Exctract Minutes Consultation dated 18th. April 1848, I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying draft of the Summud i. Milkeut Estimate proposed to be granted for the Congoondy Pollium in the District of North Arcot, and of the counterpart to be executed by the Poligar.

2. These documents have been drawn up according to the forms commonly employed at the introduction of the Permanent Settlement, but some particulars have been omitted which this proper to be inserted in

in instruments issued at or nearly following the establishment of the Zemindary system, seem unnecessary to be specified in Grants of more recent date. The draft of the Summud has been forwarded to the Collector of North Arcot for any observations which might occur to him to offer respecting it, and he has made a few suggestions which the Board have for the most part adopted.

To Coll.r 2d. Aug.t 1849
From Do. 9th. Aug.t
in Cons.s 3d. Sept.r
1849.

Do.

3. In para 4 of his letter Mr. Boundillon notices that the Poligar is in the habit of levying a tax on timber, firewood &c.a cut in the Jungles of his Pollicm as well as on honey, wax and similar wild products. The Board, 3d. September 1849. called upon the Collector for further information in respect to the nature, amount and operation of these taxes, and under the explanation which he has furnished they agree with him that it would not be advisable to interfere with these petty items. They therefore have made no mention of these taxes in the Summud or its counterpart.

From Coll.r 18th.
in Cons.s 25th. Oct.r
1849.

4 Should the Government approve the

the Summud and Moochilikah as now drawn up, the Board would beg to suggest that translations of them in the Teloogoo Language be prepared by the Translator to Government and appended to the respective instruments.

In Cons.s 3d. Septr. 1849.

5. The Board would beg to direct the attention of Government to para 8 of the Collector's letter of the 9th. August last explanatory of the causes which have hitherto prevented the prosecution of the Survey of the Enams.

Summud i Milkeat Istimrar or deed of Permanent Property granted by the Right Honorable Sir Henry Pottinger Bart. Knight Grand Cross of the Military Order of the Bath, Governor in Council of Fort Saint George, on the part of the Honorable the East India Company, to Cumbecumoyee Jowajee Looboo Razoo Naidoo Samastanam Congoondy.

Whereas the Congoondy Pollicm in the Northern Division of Arcot which

which was held by your Ancestors in the times of the former Native Government was, after its cession by Tippoo Sultaun in 1792, continued to your Grand father Vencatapulty Naidoo, by the Honorable Company, in consideration of his attachment and services, and whereas the said Polliem was, after its cession, assessed with a Peishcush of Pagodas 6780-40-1 or C. Rupees 23,733-1-9 which Peishcush has since been paid: and whereas it is the desire of Government to continue to you, your heirs and successors, the said Polliem upon the same rate of Peishcush as aforesaid, and to secure it to you by means of a Summud i Milkeat Istimrar or Deed of Permanent Settlement granted under Regulation XXV of 1802, and whereas it has been determined by Government to resume and take under their own management the Mohturpha revenue, or revenue derived from personal and professional taxes hitherto collected by you, within the limits of the Congoondy Polliem, and to make to you a due compensation for the loss of such source of income, by an equivalent deduction

in your Peishcush; and whereas the Amount of the revised Peishcush payable by you after deductions as aforesaid, has been found to amount to the sum of Rupees 23,073-10-8 Therefore the Assessment of your Polliem has been fixed from the Commencement of Fusly 1258, at the annual sum of C Rupees 23,073-10-8, which said sum of Company's Rupees Twenty three thousand and seventy three, annas ten and pice Eight, shall be fixed, and is accordingly declared by this Summud to be, the Permanent Annual Summah of your Polliem of Congoondy payable in the current Coin of the Province, in fixed Monthly instalments agreeably to the Separate Kistbundy signed by you.

2. This Permanent Assessment of the land tax on your Polliem is exclusive of the revenue derived from the Manufacture and sale of Salt, and Salt Petre - exclusive of the Sayer or duties of every description, whether by Sea or Land - the collection, entire administration of which the Government reserves to itself exclusive of the Abkarry or tax on the sale of

of Spirituous liquors, and intoxocating drugs. exclusive of the excise which is or may be levied on commodities or articles of consumption; exclusive of all taxes personal and professional as well as of those from Markets - Fairs and Bazaars, exclusive of Lucheraj lands (lands exempt from the payment of Public revenue) and of all other alienated lands paying a small Quit rent which quit rent and no more shall be collected by you from the holders of such lands and exclusive of all lands and pussoons heretofore appropriated to the support of Police Establishments. The Government reserves to itself the entire exercise of its discretion in continuing or abolishing temporarily or permanently the Articles of revenue included according to the custom and practice of the Country under the several heads above stated. —

3. The Government have ordered that a Survey be made by the Revenue Officers of North Arcot District of all the lands and Villages within your Pollium

Pollium held on Inam tenure, either as wholly free of Assessment or as subject to a Quit rent or Jodi. On the completion of this Survey a register will be taken of all such lands and Villages and you will not be at liberty to resume any of the lands or Villages which may be entered in the said Register, nor to raise the Quit rent payable thereon, without the sanction of Government previously obtained. Moreover you are not to be considered entitled to such of the aforesaid Inam lands and Villages as, for failure of heirs or other cause may become escheats. Such lands or Villages will revert to Government, with whom it will rest to make such disposal of the same as they may see fit; but where any of such lands or Villages may have hitherto been subject to the payment of Quit Rent to you, such Quit rent will continue to be paid to you as heretofore. —

4. You shall regularly pay in all seasons the amount of the Permanent assessment above fixed without deduction or permission, and if you should fail to discharge your engagements, your Pollium and your personal property

property shall be answerable for the consequence of such failure.—

5. In this event your personal property will be liable to attachment in the first instance, and your lands will ultimately be liable to be sold and transferred from you for ever, for the payment of the Public revenue. But under the moderate terms of the assessment on your Pollium, this event can never happen except in consequence of your own default.—

6. You shall be at free liberty to transfer, without the previous consent of Government, or of any other authority to whomever you may think proper either by sale, gift or otherwise, your proprietary right in the whole or in any part of your Pollium. Such transfers of your land, shall be valid, and recognized by the Courts and Officers of Government provided they shall not be repugnant to the Mahomedan or the Hindu Laws or to the Regulations of the British Government, but unless such sales, Gift or transfer shall have been regularly registered at the Office of the Collector and unless the public assessment shall have

been previously determined and fixed on such separated portions of your Estate by the Collector, such sale, gift or transfer shall be of no legal force or effect; nor shall such transaction exonerate you from the payment of any part of the public Land tax assessed on your entire Zemindary previously to such transfer, but your whole Zemindary shall continue to be answerable for the total Land tax in the same manner as if no such transaction had occurred.—

7. In the event of the sale of any part of your Zemindary for the liquidation of arrears of the assessment, or in satisfaction of the decree of a Court of Judicature, or in the event of the transfer of any part of your Zemindary by Gift, sale or otherwise, you shall furnish the Collector with true and correct accounts of your entire Zemindary, and of the portion of your Zemindary to be so separated for a period not less than the three years preceding such sale or transfer, in order that the due proportion of the Public revenue may be fixed thereon. The

the assessment to be settled on the separated parts of your lands, shall always bear the same proportion to the actual produce of the separated as the total permanent Jummah on your Pollem bears to the actual produce of the whole Zemindary, so that if the accounts to be furnished by you should be correct, no partial assessment can happen nor any increase of the fixed Jummah be ever made under whatever changes or improvements, your interests or your pleasure may lead you to introduce into the Zemindary.

8. Altho' you shall have free right and liberty to transfer by sale, Gift or otherwise any part of your Zemindary not repugnant to the Regulations of Government, yet it shall not be competent to you to form any part of your lands into a separate or subdivision of less than one entire Village or dependent Hamlet with defined boundaries. Neither shall any subdivision of your lands, whereof the Permanent assessment determined in the manner specified in the preceding section, may be of a lesser amount than 500 Pagodas be

be valid or have effect, unless such subdivision shall have received the confirmation of the Board of Revenue.

9. In order that you may at all times be enabled to comply with the conditions of the 7th Article of this Summud, by which you are bound to furnish true and correct accounts of your Zemindary when required by the Collector, you shall support the regular and established number of Cummums in the several Villages of your Zemindary. The Cummums shall be appointed from time to time by you and shall obey all regular orders issued by your authority, but they shall not be liable to be removed from their Offices except by the sentence of a Court of Judicature. In the event of your having, or of your under farmers, tenants or ryots, having cause of complaint against the Cummum of any Village for a breach of duty, you shall be at liberty, to institute at your own peril a suit in the Adawlut of the Zillah for the purpose of bringing such Cummum to trial and punishment, but in the event of

of your dispossessing a Curnum of his Office without such previous regular process, you shall be liable to make such satisfaction for the injury as the Adawlut of the Zillah may decree. Where a Curnum may be dismissed from his Office by the sentence of a Court of Judicature, you shall in the first instance select a successor from the family of the last incumbent, provided any Member of that family shall be capable of the duty of Curnum, but if no member of it shall be capable of discharging that duty, you shall exercise your discretion in the appointment of a proper person. The name of the person appointed to succeed shall be reported to the Collector.

10 The provisions of the preceding section apply only to Curnums, but you will not be at liberty to resume the Maniem lands granted for the remuneration of any other hereditary Village Officers such as Monigars, Talies, Taliars &c. Neither shall you remove these Village Officers from their appointments without the consent of the Collector of the

the District previously obtained. Claims to the possession of or succession to, all Village Officers within your Collum, except those of Curnum, or to the enjoyment of the Emoluments annexed to them, are to be determined in the mode prescribed in Regulation VI of 1831.

11. In the event of any land within your Collum being required for the construction of a Road or for other public purpose, or object of general utility and convenience, you shall be bound to surrender the same on receipt of due compensation. The amount of compensation to be awarded to you in such cases, shall be determined by arbitration. One Arbitrator shall be nominated by yourself, one by the Collector of the District on behalf of Government and a third by these two jointly. The award of the Body thus constituted or of the Majority of them shall be acted upon unless it be set aside, for notorious incompetence or partiality on

on the part of the Arbitrators, by a regular Decree of a Civil Court, in which case, three other Arbitrators shall be chosen in the manner aforesaid and their award shall be final.—

12. The Government having charged itself with the maintenance of the Police of the Country will defray the entire expense of that Establishment; you shall nevertheless aid and assist its Officers in apprehending and securing Offenders of all description; and you shall inquire and give notice to the Magistrates of all robbers and disturbers of the public peace, and who may be found or who may seek refuge in your Pollium.—

13. You shall enter into engagements with your Ryots either for a rent in money or in kind and shall within a reasonable time grant to each ryot a Puttah or Cowle clearly defining the amount to be paid by him and explaining every condition of the engagement, and you shall grant, or cause to

to be granted regular receipts to the Ryots for all discharges in Money or in kind, made by them to you or for your account. If after the expiration of a reasonable period of time from the execution of your Cabooleat you shall neglect, or shall refuse to comply with the demand of your under farmers, or Ryots, for the Puttahs and receipts abovementioned, you shall be liable to be sued as provided in the Regulations, and you shall also be liable to such damages as may be decreed to the complainant.—

14. The foregoing conditions contain an abstract of the obligations and duties which you shall incur, and of the rights which you have acquired under this Summud— being therefore, sensible of the benefits conferred upon you, and confident of enjoying the fruits of your industry, you shall be punctual in your engagements with Government, you shall conduct yourself with good

good faith towards your Ryots, whose prosperity is inseparably connected with your own; you shall treat them with tenderness, encourage them to improve and extend the cultivation of the land, and lay the foundations of your own happiness in the permanent prosperity of your Polliem

15. Continuing to perform the above stipulations, and to perform the duties of allegiance to the British Government its Laws and Regulations, you are hereby authorized and empowered to hold in perpetuity to your heirs, successors, and assigns, at the Permanent Assessment hereinmanied the Polliem of Congoondy.

Given in Fort Saint George the day of by and in the name of the Right Honorable the Governor in Council.

Kabuliat or Instrument of assent and Agreement on the part of Cumbeenoyuee Jowajee Sooboo Rayoo Naidoo Poligar of Congoondy to the Summud i Milkeat or Istimrar or deed of Permanent Property granted to him by the Right Honorable the Governor in Council of Fort St. George bearing date the day of in the year of christ

I Cumbeenoyuee Jowajee

Sooboo Rayoo Naidoo Poligar of Congoondy do, by this my Kabuliat or Instrument of Assent and Agreement, Covenant and agree as follows, Viz.th

2nd. Whereas the assessment of my Polliem or Estate has been fixed from the commencement of Fusly 1258 at the Annual sum of C. Rupees 23073-10-8, which said sum of Company's Rupees Twenty three thousand and Seventy three, Annas ten and pice eight shall be fixed and is hereby accordingly acknowledged by me to be the Permanent Annual land tax of my Polliem of Congoondy payable in the Current Coin of the Province in fixed Monthly instalments agreeably to the separate List hereunto annexed and signed by me.

3rd. This Permanent assessment of the land tax on my Polliem, I consider to be exclusive of the revenue derived from the manufacture and sale of salt and Saltpetre, exclusive of the Sayer or duties of every description whether by sea or land, the entire administration of which the Government reserves to

to itself, exclusive of the Abkarry or tax on the sale of Spirituous liquors and intoxicating drugs: exclusive of the excise which is or may be levied on commodities or articles of consumption; exclusive of all taxes, personal or professional, as well as of those from Markets, Fairs and Bazaars; exclusive of Lakheraj lands; lands exempt from the payment of Public revenue; and of all other alienated lands paying a small Quit rent (which Quit rent and no more shall be collected by me from the holders of such lands); and exclusive of all lands and pusseoms or fees heretofore appropriated to the support of Police Establishments. I consider also that Government preserves to itself the entire exercise of its discretion in continuing or abolishing temporarily or permanently, the articles of revenue included, according to the custom and practice of the Country under the several heads above stated.—

4. The Government have ordered a Survey to be made by the revenue Officers

Officers of the North Arcot District of all the lands and Villages within my Pollium held on Inam tenure, either as wholly free of Assessment or as subject to a Quit rent or Sodi, and on the completion of this Survey a register is to be taken of all such lands and Villages. I do hereby consent and agree not to resume any of the lands or Villages which may be entered in the said Register, nor to raise the Quit rent payable thereon — without the sanction of Government — previously obtained. I consider, moreover that I am not entitled to such of the aforesaid Inam lands and Villages as from failure of heirs or other cause may become escheats. They are in such cases to revert to Government, with whom it will rest to make such disposal of the same as they may see fit; but where any of the aforesaid lands or Villages may have hitherto been subject to the payment of Quit rent to me, such Quit rent will continue to be paid to me as heretofore.

5th I undertake regularly to pay in all seasons without deduction or remission the amount of the Permanent assessment

assessment above fixed and acknowledged by me, and if I should fail to discharge my engagements, my Pollium and my personal Property shall be answerable for the consequence of such failure.

6th — In this event I understand that my personal property will be liable to attachment in the first instance and that my lands will ultimately be liable to be sold and transferred from me for ever, for the payment of the Public revenue.

7th — I am at free liberty to transfer without the previous consent of Government or of any other authority, to whomsoever I may think proper by sale, Gift or otherwise, my proprietory right in the whole or any portion of Pollium — such transfers of my land are to be valid, and recognized by the Courts and officers of Government, provided they shall not be repugnant to the Mahomedan or to the Hindu Laws, or to the Regulations of the British Government but unless such sale, Gift or transfer shall have been regularly registered

registered at the Office of the Collector, and unless the Public assessment shall have been previously determined, and fixed on such separated portions of my Estate by the Collector. I hereby consent and agree that such sale, gift or transfer shall be of no legal force or effect nor shall such transaction exonerate me from the payment of any part of the public land tax assessed on my entire Pollium previously to such transfer, but that my whole Pollium is to continue answerable for the total land tax in the same manner as if no such transaction had occurred.

8th — In the event of the sale of any part of my Pollium for the liquidation of arrears of the assessment, or in satisfaction of the Decree of a Court of Judicature, or in the event of the transfer of any part of my Pollium by sale, gift or otherwise, I promise and agree to furnish the Collector with true and current accounts of my entire Pollium or Estate and of the portion of it to be so

so separated, for a period not less than three years preceding such sale or transfer in order that the due proportion of the Public Revenue may be fixed thereon, and that the assessment to be settled on the separated parts of my lands may always bear the same proportion to the actual produce of the separated portion, as the total Permanent Summah on my Pollim bears to the actual produce of the whole estate. Thus the accounts to be furnished by me being correct, no partial assessment can happen, nor can any increase of the fixed Summah be ever made, under whatever charges or improvements my interests or my pleasure may lead me to introduce into my Polliems.—

9th But altho' I am by the 6th article of my Sunnad empowered to transfer by sale, gift or otherwise any part of my Pollim not repugnant to the Regulations of Government, yet I do hereby declare that it is not competent for me, and I accordingly bind myself not to form any part of my lands into a

a separate subdivision of less than one entire Village or dependant Hamlet with defined boundaries. Neither shall any subdivision of my lands whereof the Permanent assessment determined in the manner specified in the 7th Article of the Sunnud may be of a lesser amount than 500 Pagodas, be valid or have effect unless such subdivision shall have received the confirmation of the Board of Revenue.—

10th In order that I may at all times be enabled to comply with the conditions of the 8th article of this my Kabuliat, by which I am bound to furnish true and correct accounts of my Pollium when required by the Collector, I promise to support the regular and established number of Curnams in the several Villages of my Pollium. The Curnams are to be appointed from time to time by me and are to obey all regular orders issued by my authority, but I engage that they shall not be removed from their Offices except by the sentence of a Court of Judicature. In the event of my having, or any of my

my under farmers, tenants or Ryots, having cause of complaint against the Curnam of any Village for a breach of duty I am at liberty to institute at my own peril a suit in the Adawlut of the Zillah for the purpose of bringing such Curnam to trial and punishment but in the event of my dispossessing a Curnam of his Office without such previous regular process, I consider myself liable to make such satisfaction for the injury as the Adawlut of the Zillah may decree Where a Curnum may be dismissed from his Office by the sentence of a Court of Judicature, I will in the first instance, select a successor from the family of the last incumbent provided any member of that family shall be capable of discharging the duty of Curnum but if no member of that family should be capable of discharging the duty, I am at liberty to exercise my discretion in the appointment of

of a proper person taking care to report to the Collector the name of the person so appointed to succeed.—

11th The provisions of the foregoing Section apply only to Curnums but I hereby further bind myself not to resume the Granium lands granted for the remuneration of any other hereditary Village Officers such as Monegars, Totties, Talaroja nor to remove those Village Officers from their appointments without the consent of the Collector of the District previously obtained and I agree and consent that all claims to the possession of or succession to all Village Offices within my Pollium except that of Curnum or to the enjoyment of the emoluments annexed to them shall be determined in the mode prescribed in Regulation VII of 1831.

12. In the event of any land within my Pollium being required for the construction of a road or for other public purpose or object of general utility and convenience, I shall consider myself bound to surrender the same on receipt of due compensation, the amount of which shall be determined by Arbitration in the manner

manner described in the 11th Article of my Summuds.—

13th I The Government having charged itself with the maintenance of the Police of the Country is to defray the entire expense of that Establishment. I nevertheless engage to aid and assist its Officers in apprehending and securing offenders of all descriptions and to inquire and give notice to Magistrates of all robbers and disturbers of the public peace who may be found or who may seek refuge in my Pallium.—

14th I promise and agree to enter into engagements with my Ryots either for a rent in money or in kind and will within a reasonable time grant to each Ryot a Puttah or Cowl clearly defining the amount to be paid by him and explaining every condition of the engagement and I will grant or cause to be granted regular receipts to the Ryots

Ryots for all discharges in money or in kind made by them to me, or for my account. If after the expiration of a reasonable period of time from the execution of this my Kabuliat I should neglect or refuse to comply with the demand of my under farmers or Ryots for the Puttahs and receipts abovementioned I shall consider myself liable to be sued as provided in the Regulations and to be liable also to such damages as may be decreed to the complainant

15th I Sensible of the benefits conferred on me by the conditions of my Summud and confident of enjoying the fruits of my industry, I engage and bind myself to be punctual in my engagements with Government to conduct myself with good faith towards my Ryots whose prosperity is inseparably connected with my own, I promise to treat them with tenderness, to encourage them to improve and extend the cultivation of the land

land and thus to lay the foundation of my own happiness in the prosperity of my Pallium.-

10th So long as I continue to perform the above stipulations and discharge the duties of allegiance to the British Government its Laws and Regulations which I now solemnly engage to do I consider myself authorized and empowered to hold in perpetuity for myself, my heirs, successors, and assigns, at the permanent assessment herein named the Pallium of Congoondy.

31-32

Resolved that the letter above recorded be submitted for the orders of Government with reference to the papers noted in the margin.

2. In the order communicating the sanction of the Government of India to the grant temporarily (until other land was assigned) of 12 Rupees per annum to the Ryotes of the Tattapolliem Village in the North Arcot District the Government of Madras authorized the payment of this annual allowance in arrears from the period at which the Cuamo of the Ryotes was destroyed by the flood.-

3. From the letter above recorded the arrears thus payable would appear to be (Rupees 144-0-0) One hundred and forty four only for 12 years viz. Fasly 1240 to Fasly 1251 inclusive and the Board beg to recommend that this sum may receive the sanction of Government to obviate retrenchment in the Accounts of the Collector.- Statement

From the Collector of Canara Reports upon the Land Revenue Settlement of Canara for Fusly 1258.--

Sir

I have the honor to report upon the Land Revenue Settlement of this District for the past Fusly 1258 (1848/49.) and to forward the Accounts and Statements noted in the Margin.--

English and Hindowi No. 1 and 16
Hindowi No. 17 and 18.

2. The several Talooks were settled in the following manner, Viz. Buntwal, Coodipy, Barcoor and Cundapoor by myself, Honore Soudah and Bilghy by the Sub Collector Mr. Hall, Mangalore by the additional Sub Collector Mr. Silver, and Bekul, Ankola and Soopah by the Head Assistant Collector Mr. Fisher.--

3. The fall of rain throughout the season was abundant, and seasonable, with the exception of a slight deficiency in the Months of August and September, but this was not sufficient in any place to endanger the Crops. I have no perfect record for the entire year; but for the Months

Months during which alone cultivation is carried on, the aggregate of which was about 98 inches as entered in the Margin.—

In point of salubrity the season was the whole favorable, although cholera prevailed to some extent in the Talooks of the Balaghaut division in the barabers of the Palaver Collectorate, and there was a good deal of fever in the Bunderal Taluk at the end of the Fusly. There is therefore a small increase in the number of deaths beyond the last year.— Of course remain forwarded.

Prices

The prices for Mundaitgan and Payey rice were greatly and that for Jeera lower, than in the previous year. When compared with the average of five previous years there is an increase in the price of the former, and a decrease in that of the remaining two kinds. The fluctuations within this period are shown in the subjoined Statement.—

The

The increase in the price of Betelnut, beyond the average of former years, appears, to be chiefly attributable to the remission of Rawlut duties on its export, and it is satisfactory to observe that the sacrifice of Revenue occasioned by that measure has been beneficial to the ryots.—

7. The Statement in the Margin shows a considerable decrease in the price of Cocoanuts in the past, as compared with the previous year, as well as with the average of former years, though not to such an extent. This is attributable to the plentiful produce in this district, and the large import from Malabar, which is shewn in the Margin.—

Exports of Rice.—

8. There is no great difference in the exports of rice during the past year when compared with that of the previous year, but there is an increase when compared with the average of the past five years - It will be seen from the subjoined Statement which distinguishes the Canara from the Mysore produce that there is a small falling off in the export of the former.—

As regards the principal garden products of this district, the quantity of Betelnut and Pepper produced has exceeded that of the previous year, while Cardamums appear to have fallen off - The extent of the fluctuations in each of the three articles, according to the informations received from the Talooks is exhibited in the subjoined Statement, but now that the inland Chowkies have been removed, there are no means of gaining accurate information of the quantities exported inland, and no great reliance can therefore be placed in the Returns furnished.—

10. There is an increase in the manufacture of Salt during the past year, over that of the preceding one, although there is a deficiency when compared with the average of the past 5 years, but this subject, will be specially referred to in the report on the Extra Sources of Revenue.—

11. On the whole, the Board will observe with satisfaction, that in nearly all the points above noticed, being those of most importance, the district is in a flourishing and satisfactory condition.—

Settlement 12. The Settlement of Land Revenue with the additions and reductions in each taluk, is exhibited in the annexed Statement, the result being an increase in the past, over the preceding year amounting to Rupees 10,549-4-10 a.p.—

13. It will be observed that the greater proportion of the increase has taken place in the Buntwal, Honore, Soopah and Londah Talooks- The former of these was settled by myself, after minute investiga=tion regarding the cultivation &c.a of Kchum=bhurty Wurgs- The increase in the Honore Talook is owing to the cultivation of the greater portion of the remissions made in Fusly 1257- and that in Soopah and Londah is to be attributed to the new mode of Settlement introduced at the Jummabundy settlement of Fusly 1257, and referred to with approbation in the Boards Proceedings of the 2nd August and Minutes of Consultation of Government dated 22nd September last.- Besides these, Rupees 286 and Rupees 921 were respectively collected in the Honore and Soopah Talooks on account of Coomery Cultivation, which is being carried on to a considerable extent by cultivators from the Mysore, Dharwar and Goa Districts- This point is alluded to

by Mr. Hall the Sub Collector in Para 7 of his Report, and has recently formed the subject of a special report from myself dated 31st August last.—

15. The amount of Remissions granted in the past Fusly has been consi=derably less than in any of the last five preceding years, as shewn in the Margin- The diminution in the remis=sions is in a great degree owing to the severer scrutiny exercised, before claims to such indulgences were admitted- The first, third and fifth items of remissions, are either trifling or of an ordinary nature, and therefore do not call for any particular explanation- The second consists of remissions allowed for waste, in lands under yearly

yearly examination of which Rupees 979 were given in the Sospah Talook, on account of lands given up, or only partially cultivated, owing to their being overgrown with jungle - The fourth item is formed of remissions granted on account of losses by fire, of which Rupees 64 and Rupees 100 were given in the Honore and Soudah Talooks respectively - The causes, which were considered to render these remissions necessary

Para 4. are explained in Mr. Wall's report. —

16 The amount of Vydahs or instalments, as previously settled to be brought up in the year under review was Rupees 3457-8-8, of which Rupees 3157-9-9 were brought to account leaving a balance of Rupees 293-14-11 which it was considered inexpedient to enforce, in reference to the particular case of each estate on which it was due - Of the abovementioned balance Rupees 101-10-9 form part of future instalments, and Rupees 192-4-2 have been necessarily withdrawn from the head of Vydahs or Cowles, in consequence of the lands having been thrown up, by the holders being unable to comply with the conditions of the Cowle, owing to the poverty of the land or other causes - The Board has, in Para 4 of its Proceedings on the Jummabundy Report for Fusly 1257, expressed objections to any relaxation from the terms of a Vydah or Cowle when once granted, referring to its Proceedings on the Settlement for Fusly 1243, and observing that an Estate which has already been once allowed to be placed under Vydah should not obtain a renewal of the indulgence - In my† report for Fusly 1256 I entered at some length into an explanation of the necessity for this measure in some cases, and I would beg

† 2nd Augt. 1849.

† Para 29 to 34.

to refer the Board to the remarks I then made I have steadily kept the wishes of the Board on this subject in view, and have succeeded in reducing the amount of indulgence thus allowed from Rupees 1109 in Fusly 1254 to Rupees 293 in the present Fusly, but it is not possible to effect a sudden alteration in the system, and I hope that the Board has an assurance, in the great diminution which has been made in this and other items of remission, that no greater amount would be allowed than was necessary - It would not, at the same time, be practicable to offer an explanation of the circumstances of each case without swelling the Jummabundy report to a most inconvenient length - In the case of 3 Wurgs in the Cundapoor Talook, to which the Board has specially adverted where there was a sum of Rupees 7-5-0 due as instalments payable on them, I will only observe that having been thrown up by the holders and left waste at the commencement of

Fort St. George 25th October 1849.

of the season, there was no other resource than to deduct the amount of instalment which would have accrued if they had been retained - I have endeavoured to introduce the system of taking some kind of security for the due performance of the stipulations of the Cowles for the purpose of preventing offers being made for them without the intention of abiding by them for without this there is no means of preventing the land from being thrown up, but this also can only be effected gradually, and in the mean time it is in my opinion desirable that the Collector should be allowed to exercise considerable discretion in regard to these cases - In all the instances in which indulgence has been granted, a rigid enforcement of the terms of the Cowle, would have been productive of considerable distress, and have been rather injurious than otherwise to the interests of Government - From Columns 37 to 43 of Statement No. 5 it will be seen,

seen, that 138 Wurgs have been transferred from Jumky or subject to yearly examination to the Vydah clays in the five Talooks settled by the Sub Collector and Head Assistant, and 10 in the remaining Talooks of the district - From Columns 67-68 and 69 of Statement No. 6 it will be seen that out of Rupees 386-2-9, the Beriz on four Hosagamy Wurgs Rupees 236-3-2 have only been collected - This is to be accounted for by the fact, that these Wurgs, which are in the Supa Talook, were found to contain a greater extent of cultivated land than when examined, upon which a Beriz had been assessed, but no Vydah was granted owing to the Wurgdars objecting to this measure. The only arrangement therefore that could be made was to collect the amount gradually as the additional land was brought under cultivation. -

21.— The advances for cultivation made in Fusly 1258 amount to Rupees 10484—a—1, of which Rupees 10388—10—9 a p have been collected within the Fusly, leaving a balance of Rupees 95—5—4. Of this sum Rupees 6—a—a have since been collected in the Honore Salook, leaving Rupees 89—5—4 to be hereafter collected.

22. The subjoined Comparative Statement of the revenues from all Sources exhibits a decrease of Rupees 85,354—5—7 during the year under report. The causes of the fluctuations in the several items in which the decrease occurs, will be fully explained in the Report on the Extra Sources of Revenue.

23. Referring to the observation of the Board (Para 6) on the new form of Accounts submitted with my last report, I have the honor to state that the Board's Proceedings not having been received until the rough accounts for the Fasly now under report had been already prepared, I have not been able to make any alteration in the accounts now forwarded, but the Board's instructions will in future be attended to. Endeavours will be made to draw up the Statement No. 1 according to the arrangement shewn in the table entered in Para 6 The Board desire that in this Statement the Beriz on lands unoccupied, on waste, Salt pans, on lands not for the coming, and on that taken for Salt pans should be deducted as Ryacut Bunjer and that Kuttoothar and the remissions made by Mr Harris at the Tarrow settlement should [illegible] be

be entered as "permanent remissions" The preparation of the Statement in this form will enable me to carry out the wishes expressed by the Board in its Proceedings of the 31st May 1847 (Para 7) that the distinction between the Bhurty and Khum bhurty Estates should be dispensed with, and it will therefore render unnecessary the Statement No. 2. showing the Bhurty and Khum hurty Estates according to the Tarrow Settlement, and No. 7. showing the particulars of the Tarrow Settlement. This will save a very great amount of labor, and in fact it will be impossible to prepare these two set of accounts so as to correspond; for the new form suggested by the Board being based on the Khadeem Beriz, and that of No. 2 and 7 on the Tarrow Beriz, they cannot be brought into conformity with each other In the table I observe that the Board has entered the Remissions made at the Tarrow Settlement absolutely as "Permanent" remissions, but as the permanency

Fort St. George 25th October 1849

permanency of these remissions is
one of the points now under consider-
ation, and the Board has, more,
than once, thought it necessary to
disavow their permanency and directed
the form of Puttah to be altered
with the view of showing that they
were not yet admitted as such, it
may perhaps be as well to avoid
that term and merely style them
"deductions."

24 In para 7 of the Board's Pro+ceedings it is observed that the several heads of the amount of suspended instalments of Board Separa Wurgs from Fusly 1243 up to the present, Viz. Rupees 57497—13—8, should have been particularized in the Column of remissions I beg to explain that these particulars were at first exhibited in the original draft of form No. 1 which I had prepared, but I purposely struck them out partly because I think it objectionable to swell this account to an inconvenient size, but principally

+ dated 2nd August 1849.

+ No. 74

because, as explained in my report+ of the 20th September 1848, these several headings of remission do not exhibit their true nature, and it seems in a manner to be sanctioning misinformation, and likely to perpetuate an error, to enter exact sums under particular heads of account, to which in point of fact they do not truly belong. I considered it preferable therefore to show them as one gross sum, but the particulars can be entered as the Board desires it. These remissions will no doubt receive the Board's attention when my report of the 20th September 1848 comes under its consideration.—

25 In para 8 of its Proceedings the Board calls for explanation re=garding the rules under which remissions on Shamilut Bunjer Wurgs are granted, and in para 9 on the discrepancies in the anady Bunjer Wurgs. On this subject I must beg permission to refer the Board to the remarks contained in my report for Fusly 1256 // paras 36 to 40 // the

Fort St. George 25th October 1849

The details now shown are the result of investigations which have been made for the past two seasons, and by which I have been enabled, with some degree of accuracy to distinguish the different heads under which the gross amount of Beriz formerly inserted as anady Bunjer, should be distinguished. No Halwar Accounts were formerly made out by the Shanbogues, but they have now been requered from them, and it is from these Accounts checked by the examinations of the talook Servants that the entry of Rupees 29000 in Column 10½ as Shamilat Bunjer i.e waste land in the Tumbhurty Estates has been made For the reasons which I therefore gave in that part of my report for Fusly 1256 above quoted, the account cannot be considered as more than an approximation, but it is an improvement on the former system of accounts, and that is the utmost that can be claimed for it.—

25. The difference between the

Fort St. George 25th October 1849.

present and former amount of Anady Bunger, and of deficient produce, re: marked on in para 9 of the Board's Proceedings, is also the result of the same improvement in the system of preparing the Jummabandy Accounts. Where Cocoanut or Poopary Garden land for instance had fallen out of order and produced little or nothing, it was formerly the custom to enter it as Anady Bunger, but such land has now been placed under the proper head, and the remission which is necessary is entered as deficient produce. This has occasioned an increase under the one head and a decrease in the other.—

27. Statement No 15 herewith forward: ed, has been prepared according to the form furnished with the Boards Circular of the 2d July 1849, exhibiting the Rent roll of the lands in this District. It will also, as directed be furnished annually for the future.—

28. A Statement shewing the various items of Sevoy Jumma collected during the

the preceding Fusly and the balance has been called for in the Boards' Circular of the 12th July 1849. A Statement of the collections under this head had previously been sent at the end of the year, after the transmission of the regular Accounts of Exctra sources of Revenue. It is now transmitted in the same form marked No 16, but it does not seem practicable, as desired by the Board, to enter any "balance" in this Statement, there being no fixed demand on account of this head of Miscellaneous Revenue.—

29 I think it as well here to bring to the notice of the Board that in consequence of the alteration directed by the Boards Proceedings of the 31st May 1849 (para 9) to be made in the wording of the Puttahs, a considerable number of the ryots have refused to take these documents at all.—I have not any account of the total number refused

refused in the District, but in the Buntwal Talook alone they were from 500 to 600.—I did not consider it advisable to lay any stress on the subject, and merely informed them that it was of no consequence to the Government whether they took them or not, and that they were not made out for the benefit of the Circar, but of the Ryots.—This circumstance however gives me occasion to revert to what I stated in the 44th Para of my Report for Fusly 1256, that the majority of the Ryots in Canara have quite outgrown the necessity for these Documents, and that they do not set the least value on them.—I am very much inclined therefore to think that there is no advantage sufficient to counterbalance the enormous labor espended in preparing these documents, and to recommend that the system of dispensing with the issue of Puttahs to the Bhurty landholders should be reverted to.—It appears to me that it would be as well to avoid giving them the opportunity of exhibiting the kind of

of contempt and that it is unseemly and tends to lower the respect due to the Collector that he should be pressing these Documents upon Ryots who either decline to receive them at all or leave them in the Shanbougers hands or throw them away altogether I would propose that of the Bhurty land holders, Puttahs should only be prepared for those who express a Desire to the Tahsildar at his preparatory Summabundy to receive them - The system of giving annual Puttahs does not Imagine prevail in other parts of the Country where the tenure of land is similar in nature particularly in the Bengal and Agra provinces and where the amount of Assessment to be paid is invariably the same, and the land private property it bears the appearance of an absurdity to be issuing these annual assurances to men who know their own rights so well that there is not one of them that would not prosecute me in the Court if I were to demand a piece more than their fixed Assessment

It would moreover be a great relief to the overworked Collectory if they had not to prepare Puttahs for those who do not want them -

30 I have the honor to enclose

+ A Copy of the Reports of Mr Hall the

- B Sub Collector stationed at Sirey and of Mr Silver the additional Sub Collector The subject referred to in the 10th Para of Mr Halls report has been fully discussed in my late General Report, and I do not therefore propose to revert to it on the present occasion - In para 11 he refers to the light Assessment introduced into the neighbouring Talooks of the Dharwar Districts as having had the effect of drawing off a considerable number of tenants from the Canara Villages near the Frontier - I have some doubts whether the Assessment in Dhawar even reduced as it has been, is on the whole lighter than in the neighbouring Villages of Soopah and Soondah but the preference which many would naturally entertain for holding land

land on their own account instead of as cultivating tenants under the Canara land holders may reasonably account for some of these tenants resorting to this measure. In the meantime I observe that there is an increase of Rupees 2,067 this Fusly in the land Revenue of the Soonda Taluk of which Rupees 698 is in the five frontier Mogonies which does not seem to indicate that much land has as yet been abandoned and I hope that the apprehensions expressed by Mr. Hall will not eventually be realized.-

31. With the assertions and assistance rendered to me by the two Sub Collectors Messrs. Hall and Silver as well as the Head Assistant Mr. Fischer and of Mr. Hudleston I have the greatest reason to be satisfied and I desire to take this opportunity of

of expressing my obligations to those Gentlemen.

A

To J. L. Blane Esqre
Collector of Canara.

Sir,

Para 1. I have the honor to submit a report on the Revenual settlement of the Talooks of Honore Sounda and Bilgki for fusly 1258.

2. The Monsoon was a favorable one in every respect so that crops of all kinds were good and abundant, at the same time the Ryots obtained fair prices for both field and garden produce, particularly for rice and betelnut, the average value of which (excepting that of the latter article in the Honore Talook was greater than it was in fusly 1257 as exhibited in the following statement.

Statement

4.— These additions and reductions do not appear to call for any particular observation or explanation from me either in regard to their amount or to the circumstances under which they were made. I have included in the foregoing Statement of reductions some remissions I thought it fair and expedient to make on Eight Thirty Estates on account of losses by fire, I added however a table to shew distinctly and separately these remissions, which were only granted after a careful consideration of the peculiar circumstances of each case.

5 You will observe by the follow-ing that the Immunabundy on Coomery Cultivation in the three Talooks was fixed at Rs 2.551—12—10 which is Rs a p 274—7—10 more than it was in the previous fasly-

				Deduct decrease			14	13	4			
				Net Increase			274	7	10			

6.— The above amount is the result of the settlement made with the actual Cultivators of Coomery in Jungles indis-putably belonging to Government and is quite independant of the revenue derived from similar Cultivation car-ried on upon Estates held on pottahs in which Coomery is entered as one of the items forming the total heriz-as in the case of "Narna Cumpty" in the Honore Talook and of many others.

7.— The increase of Revenue under this head is I think to be chiefly

Fort St George 25th October 1849.

chiefly attributed to the circumstance of Coomery Cultivation having been altogether prohibited, as I understand that it has been in the Nuggur Division of Mysore by which many of that class of people who subsist by it have apparently been driven thence into our Jungles to carry on their labors. At setting off will doubtless occur when the rules lately issued with a view to restrict clear-ings for such a purpose in this District have had time to come into full operation. It is not an easy matter however, especially in the Honore Talook to ascertain the real extent to which this species of Cultivation is carried on, or to put much restric-tion upon it in those parts of the Coun-try which are next to inaccessible and have been rarely if ever visited by a Revenue Officer.—

8.— The following Statements exhibits the quantity of land which is held along the sides of the high road in the Sonda Talook for Coomery Cultivation, exempt from the payment of any assessment for seven years under the sanction of the Board of Revenue communicated by Extract from their Proceedings dated 23d September 1841

Statement

Fort St George 25th October 1849.

Statement showing the Berrz and the Amount recommended for Remission on certain Vurgs.

Talook	Berrz	Board's Standard	Rs	a	Ps
Soolkee	No.				
Coonoor			908	4	2 10
Sooda			228	8	5
Bilgherry			133	8	5
		Total	1269	3	8

10.— In the Honore Talook there are 908 in Sooda 228, and in Bilgherry 133 Vurgs under the Head of Board of arrah as noted in the margin, on which the aggregate amount of Berrz recommended for permanent remission is Rs 20728 — a 3 — ps 8. Judging from the general result of those investigations which have occasionally been made into the present condition and circumstances of some of these Vurgs, and from information gathered in a casual manner, I am persuaded that in many instances these recommendations must have been obtained by wilful misrepresentations. They appear to have been invariably based upon the accounts of the Shanbogues instead of upon a Survey of the land itself and a careful calculation

Fort St George 23 October 1849.

of its capabilities. The consequence has been that the interests of Government has suffered by a reduction having been made in the Berrz of many estates which could well bear the full amount at which they were originally assessed. I think therefore that if a close scrutiny was instituted it would be found that many of these recommendations might very justly be rejected by the Board of Revenue.—

11.— I have also here to observe that the light assessment which by the recent survey has been put on the land in the Darwar District, has had the effect of drawing away a good many tenants from both private and Government Estates situate in the frontier Villages of the Sandoor Talooks, and to state that I apprehend that others will be induced to follow their example, which will lead to much land being thrown out of cultivation. Numerous complaints and representations

Fort St George 25th October 1849.

representations on this subject were made to me when I was settling the Jummabundy at Bennapy, but no remedy appeared to me to be within

12— The balances of revenue on these Talooks at the close of the Fusly were rather high, but a considerable part of them have been subsequently realized, so that the total outstanding on the 16th instant amounted to Rupees 1277 — 7 — 4.

13— I beg to recommend that the arrears of former Fusties specified on the following statement amounting to Rs a/o 195 — 7 — 4 should be struck out of the accounts as irrecoverable, which I do after having ascertained by careful and close inquiry that good and substantial reasons exist why no further attempt should be made to realize them.

Sir,

I have the honor to submit a report upon the Land Revenue settlement of the Mangalore and Bekul Talooks for the past fushy 1258.—

2.— The Bekul Talook was settled by the Head Assistant Collector Mr Fisher before I joined the District consequently the Summabundy of the Mangalore Talook alone devolved upon me.

3.— The season was on the whole a favorable one. There were no unusual breaks in the Mansoon so as to affect the different Crops which were consequently abundant. A fair and good return was also obtained by garden holders

4.— No disease also of any unusual nature prevailed among the people, nor were there instances of mortality among cattle to any serious extent, consequently the year under

review, must be considered a favorable one.

5.— I beg to subjoin a comparative statement for fusties 1257 and 1258 of the prices of rice, the staple produce of this District, from which it will be seen, that on the whole, the price for the year under report was somewhat less than what had been obtained in the preceding year.—

The cocoanut crop was plentiful and the import from the Malabar coast was besides considerable, A statement shewing the exports as compared with the preceding fusly is annexed. In fusly 1257 the crop was scanty and the import from the Malabar coast was limitted.

10.- The instalments which were due for the year under review amounted to Rupees 158 13 7 of which Rupees 133 duly realized, leaving a balance of Rupees 25 13 7 - This amount was due upon the Seij Estates hereunder mentioned. It was found almost impracticable to realize them owing to the poverty of the owners one of whom gave up the Wurg and as it appeared that these Wargs could no longer be continued in the Payda Class as their actual produce was considerably less than the settlement heiz and some were totally devoid of any thing as produce, it was deemed reasonable to suspend the instalments and the Wargs were transferred to the Junky Class. 11. The item of reductions being inconsiderable amounting in the aggregate to Rupees 69 3 4 as shewn in the annexed Statement, does not call for any remark from me. I beg however to state, that no remission was granted in cases, which came before the Head Assistant and Myself, where it was found, it was not absolutely necessary, particularly with regard to the remissions on account of fire, a Minute investigation was held, whether the produce had been destroyed and to those cases alone, in which this fact was satisfactorily proved this indulgence was extended.

Sir.

Submitting the necessary explanation on certain petitions from Venkatasawmy and others Tank Diggers at Wolary Coparapollam relative to each of their Statements on which they ground their claim to free occupation of the land referred to by them.

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 14th Ultimo and of the orders of Government therein referred to calling upon me for a report on petitions Nos 915 and 944 of 1849 from Venkatasawmy and others, Tank Diggers at Wolary Coparapollam, noticing and explaining in detail each of their Statements on which they ground their claim to free occupation of the land alluded to by them.

2 Before noticing the petitioners' Statements, it is of importance that the correspondence on the subject of this land should be referred to. The dates thereof are entered in the margin - and it will be observed, that, so long ago as the year 1803, it was brought to the notice of the Board

past a spot of Ground," in the Porsewau-

of the Inerajidars, who, alleging that it
has never been alienated, wish to have
a quit rent Grant for it, and are willing
to allow these people to continue there, pay-

approved the suggestion respecting the
land, "allowed by the Inerajidars to be
occupied by the Tank Diggers in Porse-

the land, C. 1— 1823 was purchased
from them by the Road Committee for
widening the Wotary Nullah, so that the residue
is only Cs. 11- - 102.

4 I shall now submit the
substance of each of the petitioners' State-
-ments and place in juxta position there-
-to, the required explanation.

Petition No. 915 of 1819. Explanation.

Para 1 Petitioners state that their Ancestors were originally inhabitants of Angole, that they were required to come to Madras upwards of 100 years ago, and that Government allotted to them a spot of Ground in Wotary to occupy it free of quit rent.

Para 1 Petitioners only heard from their Ancestors that they were required to come to Madras from Angole 100 years ago. There is no evidence respecting the alleged allot-
-ment of land in Wotary to occupy it free of quit rent.

2. That they enjoyed this Ground for 50 years, when Government requiring it to erect a Native Hospital, the Chief Engineer allotted to them another spot of the same dimensions on the 10th February 1799, which they continued in the quiet and peaceable enjoyment of till the Government of Sir Thomas Munro.

2. In Colonel Ross's Certificate as dated 10th February 1799, a Copy of which was submitted to the Board on the 5th January 1821, it is stated "That the Tank Diggers removed to make room for a Native Hospital, have been permitted to occupy, as without prejudice to the right of the Honorable Company as Lords of the Soil, a piece of Ground situated in Porsewaukum.

of the Petitioners's tools and implements which they now allude to; On that occasion, the Board observed that the Tank Diggers "appear to have considered themselves entitled to exemption from tax on the faith of a paper given by the then Chief Engineer, Colonel Ross," but in which, they added, "no exemption is guaranteed." The Merasidars were, afterwards, informed that it was their duty to collect the allowance of 2 Fanams per Ground from the Tank Diggers.

4. That the merasidars

4. It appears that

Merasidars, at a subsequent period brought an Action against four of them (the petitioners) in the Petty Court for rent on their Huts, and seized their utensils but that the Commissioners directed the utensils to be returned.

that the Commissioners of the Petty Court authorized the Petitioners tools and implements to be seized under a Warrant, but that, on further consideration, they allowed them to be released - it being their opinion that the Merasidars should seek redress from the Supreme Court.

5. That again, when Mr. Robertson was Collector of Madras, the Merasidars by the influence of two of their body who were employed in the Collector's Office, got him to sign a

The bill is still in this Office besides those for the years 1842, 1843, 1844 and 1845.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation dated the 17th of May last transmitting the enclosed Petitions presented to Government by certain Tank

Diggers residing at Wotary Coparapolliem and directing the Board to call upon the Collector of Madras to furnish a report "noticing and explaining in detail each of the Statements on which they ground their claim to free occupancy of the land at Pursewaukum."

2. In reply I am instructed to submit for the information of the Right Honorable the Governor in Council the accompanying communication from Mr. Hudleston furnishing in detail the explanation required by Government.

3. On referring to the past correspondence quoted in the 2d para of the Collector's

"for the Native Hospital they were permitted
"to occupy without prejudice to the rights of
"the Honorable Company as Lords of the
"soil a piece of Ground situated in Pur:
"sewaukum. The Board however did not
consider this plea of any validity at the
time but observed that "no such exemp:
-tion was guaranteed "by the terms of the
paper, and the Merasidars were directed
to collect their compensation dues from
the local residents without reference to the
alleged right..

To Govt. 15th Jany 1821.

5. In their present Petitions the Tank diggers again bring forward a claim to the land founded on the authority supposed to be conveyed in Colonel Rose's paper. The Board can see nothing to justify such a construction of the very general terms made use of by Colonel Rose - so far indeed from their admitting of any such interpretation it is distinctly stated that the permission to reside on the spot was in no way to interfere with the rights of Government which were expressly reserved - In the enquiry instituted a few years after the issue of this document into the

the right and tenures of Landed property in Madras, the existence of a prior claim on the part of the Merasidars of the Vil: lage was acknowledged by Government and has been continued up to the pre- sent time - The correspondence and explanation given by Mr Hudleston also shew that the liability of the Petitioners to pay for the occupancy of the land they claim as their own property, has from time to time been made known to them. The difficulty however that has existed to enforce the payment of their dues by the Merasidars appears to have been consider: ed tantamount to their not being liable to the demand..

6. Upon the whole the cor: respondence clearly shews, in the opinion of the Board, that the views taken by the Collector, Viz. that the land is the property of the Merasidars is fully so borne out, which is strengthened by the circumstances mentioned by the Collector that in the year 1823 a portion of the very land originally occupied by the Tank diggers

was

was bought from the Merasidars by the Road Committee for the purpose of widening the Wotary Nullah, a fact which was of itself an acknowledgement on the part of the Tank diggers that they had no claim to the disposal of the Site & and an admission to the fullest extent of the proprietory right being vested in the Merasidars.

Collector of Madras.

Sir.

1. Having made full enquiry into the subject of the petition presented by the late Salt Ameen Coopoo Naick No. 20 of 1849, bearing endorsements of the Board of Revenue and of Government, I have now the honor to inform you that I find the charges therein contained to be incapable of proof.

2. The petitioner called the same witnesses named in his deposition before of 7th February last - the translations of their Statements, which accompany this letter shew the grounds upon which the present accusation against the ex Ameen and Sheristadar is founded.

It appears that a custom has long prevailed among the manufacturers, and which, I believe is not confined to this Collectorate, of raising an annual subscription for the use of their village Pagoda, and for charitable purposes.

Encls: No. 1 to 6.

The

Fort St. George 25th October 1849

The Collection is made by the Headmen of their Caste, the manufacturers paying a certain sum which varies in different localities, upon each loom in their employment. The public Servants of the Department have, or ought to have, as nothing whatever to say to this fund, as it may be called, and Coopoo Naick has adduced no proof that, under this plea money has ever been extorted by the Ameen either for his own, or for the Sheristadar's benefit.

3. In addition to the written evidence herewith forwarded I have taken each opportunity of their attending the Cutcherry to receive Cowdewarum, to question a number of the Chief manufacturers and Headmen of the Caste as to the truth of Coopoo Naick's complaint, and in regard to the alleged practice of voluntary subscriptions, and their replies confirm all that is as above recorded.

I think it proper to add

4. that the Petitioner is correct in stating that he applied to me for an enquiry in April last, soon after I joined this

Office

Fort St. George 25th October 1849.

Office, and that I then expressed myself willing to investigate the charge of extortion against the Ameen. He subsequently disappeared however, for several months, and I have reason to believe that he has since thrown obstacles in the way of the attendance of his own Witnesses. One of these still remains unexamined, but I have ascertained that he is really too ill to appear before me at present. Should his evidence prove to be material, I will address you again on the subject.

5. With regard to the observation in the latter part of Coopoo Naick's petition which relates to a certain portion of the ground included in the present Esplanade, it is only necessary to refer to Mr. Robertson's report of the 11th January 1838 which gives the requisite explanation of the matter.

On the 6th February last, Coopoo Naik, late Ameen of Attipet, made a Complaint that Kistniah the present Salt Ameen had collected money from the Salt Ryots for himself and for the Sarastadar, and that he was desired by them to prefer a Complaint, which he could prove through you What do you know of it?

A. We used to raise subscription every year from Narasa Reddy Chady a pak Reddy, Veerasawmy Pillay, Govindoo Pillay, Nitteray Rayavaloo, Ranzoo Venkataramen, and the other principal Ryots, at Rs 1/ or 1/4 on each Salt pan, according to their circumstances, for the festival of the Village Goddess and for other Charitable purposes, and to disburse it. I do not know that money was paid to either the Ameen Kistnier or the Sarastadar. We used to pay to Coopoo Naik something in charity, if he came at the time we disbursed the Money for Charity.

Every year the Money that was

Fort Saint George 25th October 1849.

was collected for the purposes stated above we entrusted to Veerasawmy Pillay and Narasa Reddy, principal inhabitants of Attipet and Ennore, which they kept, and on the festival day of the Village Goddess they purchased Ghee, Oil, Camphire, Incense and other Articles required. they also paid the expense for tom tom, and gave alms at that time.

Q. You have heard read the Manzur-namah now produced by Coopoo Naik. Were you present when it was written, and did you sign it?

A. I was not present nor did I sign it I am totally ignorant of it.

Translation of a Deposition given before J. N. Taylor Esqre Assistant Collector of Madras by Ranga Venkataraman, dated 22nd September 1849

Q. Coopoo Naik late Annean of Attipet

Fort Saint George 25th October 1849.

Attipet preferred a Complaint on the 6th February last, in which he states that Kistna Iyah, the present Annean, has collected some Money from the Salt Manufacturers for himself and the Sheristadar, that he has made the Complaint at the desire of the Manufacturers and that he will prove it through you. What do you know of it?

A. Certain principal Ryots raised a collection at the rate of one Rupee on each Salt Pan for erecting a Pagoda and for certain other charitable purposes, in the Village of Attipet, Ennore and Poolicat; but Kistna Iyah, the Annean, has never collected any money for himself or the Sheristadar.

Q. Coopoo Naik has produced Mahazer-namah containing the above charge, and said that you have signed it. Did you sign it?

A. I did not see the Mahazernamah said to have been produced by Coopoo Naik, nor did I sign it. Nickay Veeraragavaloo brought to me a Mahazernamah on account of the festival of the Village Goddess and certain other Charities
