Resolved that one copy of the Memorial with its Several enclosures be transmitted to the Board of Revenue with a request that they will report on the claim advanced by the Memorialist -

[Signed] W. H. Bayley
Sy. Sec.y to Government

Order thereon Ordered that the following letter be submitted in reply -

To

To

The Chief Secretary to
Government

(5-6.)

To the Chief Sec.y to Government -

Reporting upon the memorial addressed to the Honorable Court of Directors by Matchler Khan Bahader Tayer Subder Jung claiming certain Pardiem & Luminatum lands in the Saghire of Rungunday and Mungalore in the Districts of Trichinopoly & South Arcot and stating the reasons on which his claims were considered inadmissible

In Letter 12th November 1849

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 1814 dated 24th October 1849 transmitting to them for their report one copy with enclosures of a Memorial addressed to the Honorable the Court of Directors by Matchler Khan Bahader Tayer Subder Jung -

2. The Memorialist is the son of Mahomed Hossain Khan to whom the Saghire of Rungunday and Mungalore in the Districts of Trichinopoly and South Arcot was continued by the Madras Government for his life, under a Sunnud dated 9th November 1804 - On the death of this individual in 1815 the Saghire was resumed and a pension of 1000 Pagodas per annum was conferred upon his son the Memorialist for the support of the family. The object of his present address to the Home Authorities

is.

Formerly in private lands usually bestowed by go. annular as other proprietors themselves chiefly their own servants & labourers.

is to obtain the occupy of certain gardens and cummatum lands which he states were improperly resumed at the time of the attachment of the Joghire in 1815

3. An application of the same tenor as the present was brought by the Collector of Trichinopoly to the notice of the Board in the year 1828 and formed the subject of the correspondence herewith submitted as per margin. From the Collectors letter it will be seen that the gardens in question are five in number containing 25 7/32 Their Bariz in the twelve fushes which had intervened between the resumption of the Joghire and the date of the Collectors letter had fluctuated from Rupees 251 to Rupees 408 per Annum The lands consist of £ 83 of cummatum and £ 8 6/4/16 of Choultry lands the value of which is not given.—

From Trichinopoly 3d June 1828 in bons 9 April 25 D to Coll 12th April 1828.

4. The grounds upon which the Memorialist appears to seek the restitution

restitution of this property are that other Joghiredars pensioned upon more liberal terms than himself have been allowed to retain their gardens & cummatum lands and that the revenue derivable from these sources was not included in the Permanent Bariz accounts of the Joghire for Fusly 1225 by which is probably meant the accounts of the value of the Joghire furnished after the death of the Joghiredar Mahomed Hoossain Khan is a guide for determining the rate of pension to be granted to his family.—

5 Whether the proceeds of these Gardens & Lands were included in the value of the Joghire as taken for the purpose alluded to cannot be decisively gathered from the accounts submitted by the Collector of Trichinopoly and South Arcot in 1817 as these accounts only exhibited the Bariz of the several Villages in the estate for the three fushes 1223 – 4 – 5 at the same time no allusion is made to them to any reserved lands or gardens – If

From Trichinopoly 28th in bons 23d July 1817 Fort St. Arcot 4th in bons 12th September 1817

will

will also be seen from the Letter from this Office to the Chief Secretary to Government under date 15th September 1817. that the pension of which the Memorialist is now in enjoyment was not fixed as alleged by him at the rate of one third of the produce of the Saghire for Fusly 1255 but at such a sum as was deemed sufficient to maintain the family in respectable circumstances. The Pension, Pagodas 6,000 was in excess of one third of the bariy of the Saghire / Page 17114 / for Fusly 1225 and of one third of the average bariy / 17329 / for the three years, Fusles 1223 - 4 - 5 - It was also more than one third of what the latter bariy would amount to even supposing that the Revenue of the garden and Lands now claimed had been omitted and were to be adopted

Note

Bariy of Saghire on an average of three Fusles Page 17328
1223 — 4 — 5

add

Bariy of gardens for Fusly 1236 highest year of those shown in enclosure in Collectors letter of Rs
31st March 1828 — 408
91 ℔ of land say at
10 Rs per C. — 910
1318 3/6
17699
1/3 — 5899.
Pension — 4,000
Excess of Pension 101

The

The Pension moreover it is to be presumed was meant to be in lieu of all the lands formerly attached to the Jaghire - Had it been intended to leave any to the family a proportionate deduction would have been made in it - Upon these grounds the Board in 1828 found themselves unable to support the Memorialists Application and for the same reasons they still regard his claim as inadmissable —

From the Actg Secy to Govt — Communicating letter from the Register Sudr Adalut enclosing one from the Magistrate of Bellary relative to the necessity for lighting certain posts at Gooty held by Military Guards & directing that the charge be incurred & submitted in the Coll's Statement of Sadr wages

Extract from the Minutes of Consultation, Under date the 5th November 1849.

Read the following letter

To, W. H. Bayley Esqre
Acting Secretary to Government
in the Judicial Department

Sir,

With reference to the Order of Government under date the 3d September 1849 No. 556, requesting further information previous to sanctioning a Charge incurred by the Acting Magistrate of Bellary in lighting certain posts at Gooty held by Military Guards, I am directed by the Judges of the Foujdary Adalut to submit a Copy of the letter from that Officer furnishing the required information.

Foujdaree Adalut,
Register's Office,
23d October 1849.

(Signed) T. H. Davidson
Register

No. 737.

To, T. H. Davidson Esqre
Register to the Court of
Foujdaree Adalut,
Madras.

Sir,

With reference to the order

order of Government dated 3d Ultimo No. 556 on my letter of the 4th August last stating that "Before Sanctioning "the charge recommended by the Court "of Foujdary Udalut, the Right Honorable the Governor in Council desires "to be informed of the necessity of "the measure taken by the Magistrate of "Bellary for having a Military Guard placed in the lower Fort at "Gooty for the protection of the Town, "an arrangement which appears to "have been recently adopted. He would "also wish to know whether this Charge "is to be permanent or how long it "is likely to continue, and how Lamp "Oil &c. supplied to other Guards "about the Town for similar "purposes are charged by the "Magistrate in his Accounts."—

I have the honor to acquaint you, for the information of the Foujdaree Udalut, and the Right Honorable the Governor in Council, that as already

already stated in my former letter, these Guards have always been located for many years past for the protection of the Town situated in the lower Fort at Gooty, where there is also a Talook Treasury and for the protection of the Pettah outside the Fort and this arrangement has not, as the Right Honorable the Governor in Council supposes, been recently adopted. But the Guards were all removed from the Town by order of the General Commanding the Division, and the Town being left unprotected, I requested General Anderson to allow a small Guard being retained in the lower Fort which he accordingly ordered, at the same time stating that he had directed a Guard to be placed at the Cutwal's Choultry in the Pettah also, as intimated in the correspondence forwarded with my letter of 4th August last.

2.— The charges for Oil &c. for lighting lamps for these Guards were

were always incurred by the Commissa:
=riat. in the same manner as those placed
on other Military duties at Ootacamund. But
in Consequence of a provision contained
in the latter part of para 30. of the
new G. O. G. dated 5th September 1848 No. 191
which reads thus- "The Oil consumed
"with the Guards allowed to Collectors
"and other officers not in the Mi:
"litary Department, will not be sup:
"plied nor charged by the Commis:
"sariat." the objection was taken
by the Military Board for the supply,
they observing that it should be made
by the Civil authorities from whom
the requisition for the Guards
in question was received. The
Brigadier General Commanding the
Division, by whom the above objection
was communicated to me called upon
me on the 6th June last to adjust
the demand of the Commissariat
for the cost of Oil supplied from 5th
September last, the date of the

G.

G. O. G above quoted and to take steps
for its supply for the future on ac:
=count of these Guards. The charge in
fact is a transfer from the Military
to the Civil Department.-

3.- Besides these Guards there are
no other Military Guards about the
Town to which Oil &c. is supplied
by the Magistrate. The Cutwall's Esta:
=blishment has a fixed allowance
for Oil and other Sadervared expenses
Amounting to 14 per Month, from this
allowance a light is kept by the
Poons at night at one spot and there
are no other Guards besides.-

4. In reply to the question
whether this Charges is to be permanent
or not, I would propose that it should
be permanent, for I think it desirable
that the Guard should be retained because in a
Military Station inhabited by Sepoys and
Camp Followers, it is usual, as tending
to preserve order in the Town to
have a Military Guard, which

Serves.

Serves also in Gooty as a great protec:
=tion to the Talook Treasury.-

5. As connected with those Guards, I may as well add that a Correspondence is now passing between myself and the Board of Revenue, regarding a proposal of detaching Invalid Sepoys in place of regular Troops of the Line for the Guards at Gooty and the subject will be laid by that Board prominently before Government in due course, whether the change takes place or not, and whether in future the Guards are to be formed of the effective strength of the Garrision or of Invalid Sepoys or Pensioners, does not affect the question of the supply of Oil &co required for lamps at the Guards which are indispensable in either case. The article was supplied from 5th September 1848 to 30th June 1849 by the Commissariat and from that time forwarded by this Office,

for

for which sanction is now required.-

Bellary - - - -

To J. F. Thomas Esqre
Chief Secretary to Government
Fort St. George.

Sir,

1. With reference to the Orders contained in Extract from Minutes of Consultation Marginally noted, I have the honor by desire of the Marine Board to state that the Twelve cases, each containing Two Cottage saw Gins

Communi=cating letter from the Sec. Marine Board and authorizing that the Twelve cases each Containing Two Saw Gins reported to have been landed per Barque Ferris be transferred to the Military Board in view to their exami=nation and disposal in the manner indicated

No. 087-21 Nov. 1849.

Gins, therein adverted to have been landed from the Barque "Ferris"- and that the Acting Collector of Coimbatore has expressed a wish that all the Gins should be examin=ed at Madras, that four should then be sent to his District, four to Tinnevelly, two to Tanjore and the remainder be left at Madras for the future disposal of Government.-

2.- As the cases in which these Saw Gins are packed appeared to be of slight Materials, a Survey has been held on them of which the Proceedings are herewith for=warded, from which it will be seen that several have slightly burst open from the pressure of weighty articles inside. should it prove on examination that any portions are injured the same re=marks will apply to the ship=ment as to that on board the "La Belle," namely that the cause of damage must

Vide Board's letter to Govt. 16th Oct. 1849 No. 1296.

be

must be attributed to improper packing, and not in any way from fault of Stowage.-

3. Government in an Order in Council of the 2d Instant authorized the transfer to the Military Board of the Nine Cases of Saw Gins which were brought out by "La Belle" in order that they might be examined and if necessary repaired at the arsenal. The Board having ascertained that no damage Chargeable to the Ship has occurred to those brought by the "Ferres" now solicit that the Military Board may be similarly instructed to receive these, and that after examination and repair they may be disposed of according to the wishes of the Acting Collector of Coimbatore recorded in the latter part of the first para of the present communication.-

4 to be sent to Coimbatore
4 to Tinnevelly
2 to Tanjore
the remainder to be kept at the arsenal pending the further Order of Government.-

To T. Pycroft Esqre

Secretary to the
Board of Revenue
Fort St. George

(28)

Sir,

From the Asst. Collr of Bellary. ——— } 1.

Stating with reference to his letter of the 27th ultimo that nothing appears to have been done towards carrying out the arrangement for the detachment of Invalid Sepoys in substitution of Regular Troops at Gooty forwarding a statement of expenses of Batta for entertaining a body of Pensioners in number 24 Amounting to C. Rs. 829-8-0 per annum to guard the Talook Cutcherry—

Vide Enclosure No 1.

I have the honor to acknowledge the receipt of your letter bearing date the 27th ultimo and in reply to state for the information of the Board that nothing appears as yet to have been done towards carrying out the orders of Government dated 2d February 1848 probably under the impression that arrangements will be made by the Military Authorities for the detachment of Invalid Sepoys in substitution for regular Troops of the Line, at Gooty. The expense of Batta for entertaining a body of Pensioners 24 in number to conduct the duties at that post amounts to C. Rupees 69—2—0 per Mensem or C. Rupees 829—8—0 per Annum—

2. The number of Pensioners above proposed to be located at Gooty can

Fort St. George 12th November 1849

can hardly admit of reduction. Their duties will be to guard the Talook Treasury, the Town & the state Pensioners &ca at that place. In this number are not included what may be required to take care of the Fort and Military Buildings—

3 Gooty having always been a Military Station it is desirable that such a Military guard as now proposed should still be kept to protect the Town & Talook Cutcherry. There is no urgent and immediate necessity for keeping a body of the troop of the line there, more than elsewhere in the District, but being a central spot such a force as is now stationed at Gooty is convenient as being always available for any emergent service either in this or the District of Cuddapah immediately adjoining—

Bellary Collector's ——— } (Signed) C. Pelly

From the Collector of Salem.—

Transmitting for Fasly 1258 a statement shewing the extent of land cultivated with Wheat and the quantity of produce derived therefrom

Sir

I have the honor to forward a Statement shewing the extent of land cultivated with Wheat in the District for Fasly 1258, and the quantity of the produce derived therefrom for the information of the Board, agreeably to their proceedings under date the 21st September 1847.—

2 On the Hills of the Tatchoor, Tirpatoor, Acres 4115—33—9 bearing towah Rupees 4997—11—1 were cultivated with Wheat which produced Garce 67 Imeral 359, and Measures 0. Although the quantity of land cultivated in the year under review exceeded that cultivated in fasly 1257 by Acres 95, yet the produce does not exhibit a proportionate increase.—

3 The produce of fasly 1257 gives on an average Measures 4 1/8 per acre while that of fasly 1258 gives only 4 0/4—As the Crops on the hills of Salem and Namcul did not receive the periodical supply of rain, and as a portion of them was also destroyed by insects, a falling off in the produce, viz. Measures 1/8 and 5 pas acre had taken place, compared with that of fasly 1257. The produce of the Tirpatoor hills exceeds that of the preceding fasly by Measures 7/2 per acre. If the crops received periodical rains and without being injured by insects, an acre of land would yield 80 Measures.—

4 Regarding the Consumption of this article I have nothing further to add to what I have already stated in my report of the 17th November 1848.—

From the Collr of Trichinopoly — Offering Remarks regarding the Enam Villages attached to the Nattam Vully Durgah.

Sir

Para 1. I have the honor to acknowledge Extract from the Board's Proceedings under date the 30th July last and in returning its two enclosures Nos 1 and 2 beg to offer the following remarks regarding the Enam Villages attached to the Nattur Vully Durgah.

2. The Petitioner Sheik Rameezan holds the situation of Sainisheen in the Durgah and claims that the Enam Villages assigned for its support should be placed under his sole management as the representative of the original grantee Nuffurwoodeen. It is however clearly shown by the previous correspondence which has passed on the subject that Petitioners claim cannot be admitted as a matter of right. During the Company's Government the Villages have never been under the exclusive management of any one particular branch of Nuffurwoodeens family

To Board 14th December	1827

From Dr 26th July	"

family and all the Mowgawars of the Durgah have a joint interest in them.

3. It only remains therefore to consider whether it is advisable for the better management of the Durgah and the interests of all the parties concerned that the prayer of Petitioner should be granted, not as a matter of right but as an expedient arrangement - at present however I am unable to recommend such a course as I found the Mowgawars unwilling that the affairs and lands of the Durgah should be placed under the controul of any single person.

4. I beg to point out on reference to Mr. Onslow's letter of the 15th July 1841 that two of the Mowgawars Bawa Saheb and Akbar Saheb were placed in charge of the Durgah and Enam Villages on executing an engagement to conduct the affairs of the institution properly to keep regular accounts and distribute the surplus profits fairly to the shareholders. Bawa Saheb died on the 10th January last and Akbar Saheb resigned

resigned in April, so that it became necessary to make new arrangements.

5. This however was rendered difficult by the discord which still prevailed among the shareas in the Enam, but at last Mr. Onslow nominated a Mowgawar of respectability named Moinadeen to succeed Bawa Saheb, and appointed the present Petitioner to act with him in the trust, in addition to holding his Office of Jaï Nisheen.

6. On my receiving charge of the District representations were made to me against this arrangement by several parties including even Akbar Saheb who had given a razeenamah and requested that Shaik Ramzan (the present petitioner) might be nominated his successor. But after hearing all parties and weighing their conflicting claims and representations I saw no cause to propose any alteration in Mr. Onslow's arrangements. From the quarrelsome spirit which the Mowgawars have long shown I cannot hope that they will unite in any plan for the orderly

orderly and peaceful management of the Durgah, but the present arrangement seems to me the most likely to succeed and I cannot recommend any change until it has had a longer trial.—

Trichinopoly District
Voitalay-goodalore

Sd/ Sidney E. Maltby
Collector

No 1.

From Sudr Oddeen Vakeel to Shaik Mean the present Jaghiredar and successor to the Durgah of Nathud Wally

Represents that when the Government restored several Jaghires granted for the support of certain native Durgahs, to the lawful representatives of the Original holders, they were pleased to transfer to the charge of His Highness Cinlar, the Jaghire devolved upon the aforesaid Shaik Mian from the late Naseer oodeen Saheb the original grantee, a grant, which still continues and was originally made by the late Banee of Nathud Nagur for the support of

of the Durgah of Baba Hameed Avliya Brings to notice that the present Jaghiredar is unable to exercise any authority over this Jaghire as the present Superintendents of the Durgah having taken advantage of their influence with the Collector have declared themselves joint share holders in the grant to the deepest injury of the incumbent, whom they fail to pay even his fixed allowance in direct opposition to the terms of Agreement entered into by them nor do they defray the charges of the Durgah. Protests against the unlawful proceedings of the said Superintendents in as much as they being only Mushrootee Servants cannot assume such rights of participation in the Jaghire which exclusively belongs to the Jaghiredar who holds it. Observes that this mismanagement is going on for many years last, and in the event of his (Petitioners) making a complaint to the Collector on the subject, he is referred for relief to the Civil Courts, a course by no means available to the party since he is placed in a very poor circumstance

circumstances of life. Prays that the Go-
vernment will be pleased to order the
fresh grant of the above Jaghire in the
exclusive name of the said Shaikha
Mian Sahib subjecting it to these sti-
pulations that he may under the origi-
nal Sanuds with him, continue to pay
to the Superintendents of Durgah their
respective wages according to their Musk
-rootee duties, and apply the remainder
to his own support and to that of
the Children of the late original
grantee, and he may annually render
to Government the accounts connected
with the Jaghire.

No. 2.

From Sudrooddeen the Vakeel to
Shaikha Mian the present Jaghiredar
and Successor to the Durgah of Nathud
Wally.

To His Highness the Nabob of the
Carnatic.

Represents the circumstances under
which

which the Jaghire belonging to the said
Durgah of Nathud Wally was transfer-
red by Government to the charge of His
Highness Uncle, from the reason of their
lying in the said Durgah several tombs
of the late Nabobs. Brings to notice the
deteriorated state of the Jaghire occa-
sioned from the assumption of unlaw-
ful control over it by the present
Superintendents of the Durgah. Objects
to the legality of the procedure in as
much as it has been prejudicial of the
interests of the present holder of the
Jaghire, who was put in its possession
by valid deeds of succession which re-
main still with him. Prays that His
Highness may be pleased to report the
above circumstance to Government and
to recommend that the present Jaghire-
dar Shaikha mian Saheb who possesses
all the Sanuds connected with the
grant may be put in exclusive pos-
session of the Jaghire, which devolved
upon him from the late Naseer ood
-deen Saheb the original grantee.
Further begs that the enclosed
petition

The Board of Revenue approve

(46-47)

16191 Fort St. George 12th November 1819

approve the proceedings of the Collector, as reported in the foregoing letter, in reference to the reoccupation of Cannanore for the Cutcherry of the Tarriore Talook.—

To

T. Bycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

(48)

From the Collector of Trichinopoly. Acknowledging the Boards Proceedings of the 16th August last and stating that the operations of the Survey of the Tarriore Zemindary can be best commenced in the beginning of February and requesting for the aid of an experienced Revenue Servant not under the grade of a Deputy Shrestadar of Tahsildar from one of the adjoining District.

Sir,

Para. 1. I have the honor to acknowledge the Proceedings of the Board of Revenue dated the 16th August last, directing me "to proceed as early as practicable with the Survey of the Tarriore Zemindary and the adjoining Sirkar Villages" for the purpose of ascertaining clearly the extent of land held by the Zemindar and the boundaries of his Estate.

2. The enquiries which I have made with a view to carry out these instructions shew me that the actual operations of the Survey can be best commenced in the beginning of February and they will probably occupy

16192 Fort St. George 12th November 1819

occupy three months as there are 13 Estimate and 11 Sircar Villages to be examined. The Establishment which I propose deputing for the purpose in company with the Surveyor sent by the Civil Engineer will consist of a Superior Revenue servant with 2 Ghoomastahs, 4 Mat Curnums and some peons and this leads me to the subject on which I am led at present to address the Board.—

3. It is not my intention to imply mistrust of the Servants of this District but as the party on whose representations the Survey is ordered has charged both the Hoozoor and Talook Servants with misconduct, it seems to me advisable that the conduct of the Survey subject of course to my Superintendence should be entrusted to a superior Revenue Servant from one of the adjacent Collectorates. This arrangement appears only just to the Servants of this District, supposing them

Fort St. George 12th November 1849.

them undeserving of the charges made against them, as it would tend to render the result of the Survey more conclusive and satisfactory.—

4. I am led therefore to request that the Board will give me the aid of an experienced Revenue Servant not under the rank of a Deputy Sheristadar or Tahsildar from one of the adjoining Districts. If the Board approve my proposal, I beg further to suggest that the party whose services I am to have, should join my Cutcherry by the middle of January in order that he may have time to collect and examine the necessary accounts and papers before the Survey operations are commenced.—

Trichinopoly
Collector's Office
5th November 1849

} I Signed I E. Maltby
Collector.

Proceedings thereon.—

(48-49)

The Collector is requested to communicate with the Collector of Tanjore and obtain from his establishment some intelligent Officer

Fort St. George 12th November 1849.—

Officer not below the rank of Tahsildar for the conduct of the Survey of the Tirriore Zemindary. The Collector of Tanjore will be pleased to make such arrangement for supplying the place of the individual who may be deputed for the duty as shall not involve any increase of expense to Government during his absence.—

31—5—"

Deduct Services as Goomastah Wos. ——— 11—2—10

Balance 20—2—20

Deduct period during which he acted as Head Sheristadar in Tinnevelly ——— 1—4—9

Head Sheristadar of Nellore and Madura 3—7—21

5—"—"

Balance 15—2—20

Add of moiety of the above period to the rank of Head Sheristadar according to the Rules ——— 7—7—10

Inclusive of the 5 year's actual service as Head Sheristadar as above stated ——— 12—7—10

2. The first question which arises is whether the 2 periods during which the Applicant while Naib Sheristadar of Tinnevelly acted as Head Sheristadar on one occasion with

ORIGINAL RESTORED

Fort St. George 12th November 1849.

with, and the other without Salary, should be reckoned as service as Head Sheristadar. If this question be determined in the affirmatives the 5 years prescribed by the orders of Government under date the 12th October 1847 were completed on the 31st July last.

3. Secondly it is to be considered whether the augmentations of Salary should date from the completion of the 5 years only or have retrospective effect to the time of completion of the 10 years consolidated service under Section 6 and 8 of the Rules submitted to Government on the 1st October 1847.

4. The Applicant informs me, that he has understood that there are 11 Precedents for an affirmative on both 11 questions, and he points to the case of Appoo Row Head Sheristadar of Coimbatore as an example in the second. I am unable to adduce any instance for or against of my own knowledge.

5. I am happy to be able to express a very high opinion of Ram

Fort St. George 12th November 1849.

Row, and he has produced to me excellent 11 characters from the Gentlemen under whom he formerly served in Tinnevelly and Nellore. By temperate and impartial conduct he has evidently won the confidence of the Ryots and in his mode of transacting business with his superiors he is particularly fair and clear to the extent of his knowledge. I believe him to be a man of the strictest integrity.

Madura — } 9th October 1849 } Signed / R. D. Parker Collector.

R. D. Parker Esqre
Collector of Madura.

The humble address of Ram Row Koozoor Head Sheristadar.

Honored Sir,

With the utmost deference due I most humbly beg to state that from the happy effects of your kind benevolence I have completed Years 12 - Mo. 7 - Days 26 as Head

Fort St. George 12th November 1829

Head Sheristadar according to the prescribed mode of calculation the 31st July last and 5 years of service in that particular appointment. A service of 5 years entitles a Head Sheristadar to a Salary of 100 Pagodas per Mensem and 5 more or 10 in all to 125 Pagodas, which term you will perceive from the following Statement to have been exceeded by no less a period than 2 years 7 Months and 10 days on the date above mentioned.—

Fort St. George 12th November 1849.—

Add a moiety of the above period to the rank of Head Sheristadar according to the rules ------- 7 - 7 - 10

Inclusive of the 5 years actual service as Head Sheristadar as above stated. - - ------------------ 12 - 7 - 10

I beg therefore to request that you will be kindly pleased to submit my case for the favorable consideration of the Board of Revenue with such a recommendation as my conduct as a Head Sheristadar may be deemed to desire and secure me the increase of Salary to which I am entitled by the liberal rules of Government, with arrears from the 21st December 1846, on which date I completed as service of 10 years as Head Sheristadar, including thereon the period of 1 - 4 and 9 days during which I acted as such in Tinnevelly.—

For which act of benevolence I shall as in duty bound.—

Ever pray.—

Madura
28th September 1849. } /Signed/ [illegible] The -

Proceedings thereon.

13th Inl. Cons 18th February 1847 (50-51)

The Collector informed that the Government have permitted service as Acting Head Sheristadar to be included in the calculation for a higher rate of Salary but doing duty temporarily in that Capacity, without Salary, cannot in the opinion of the Board be reckoned as actual service. Under this view of the case Ram Raw will not complete his period of 5 years service as Head Sheristadar until 31st January next.

2. With respect to the second Enquiry the Board observe that the Government have prescribed that no Head Sheristadar shall be allowed to include in the calculation of his Service as such the period of his Employment as Naib &ca until he shall have actually served the term of 5 years as Head Sheristadar. The augmentation of Salary will then have effect prospectively, only not retrospectively

From Govt. Inl 18th October 1827

Ram

Ram Raw will be entitled to the Salary of a Sheristadar of 10 years standing from 31st January next, but from no prior date, and to that of a Sheristadar of 15 years standing, after a further Service of 2 years, one Month and 20 days.

To

W. Byroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

From the Collector of Madura

Reporting on the death of the Zemindar of Seroopaulay in Madacolum Taluk.

Sir,

I. In reporting the death on the 15th May last of Immoody Tullavettoo Achoota Rama Gownden Zemindar of Seroopaulay in Madacolum, I have the honor to state that the deceased left no male issue, but an younger Brother, 2 Widows and 3 Daughters. One of the Widows Hoottem-mal by name who was pregnant at the time of the Zemindar's death requested that pending the result

of

Fort St. George 12th November 1849

of her pregnancy, Ramasaumy Gownden Younger Brother of the deceased might be nominated as Manager on her behalf in the understanding that he may be recognized as Zemindar in event of her not bearing a male child.

2. The Woman has since been delivered of a female child, and my enquiries as to the rule of succession in the family of those Zemindars who belong to the Anoopa Combalom Caste having satisfied me that in default of male issue the next Brother is heir in preference to Widows, daughters and their issue, I beg to recommend that the abovenamed Ramasawmy Gownden may be recognized as Zemindar.

3. The Peishcush of the Zemindary is Rupees 903-10-11 per annum.

Madura 31st October 1849 } (Signed) R. D. Parker
Collector.

Proceedings thereon.—

(52-53)

Under the circumstances stated by the Collector, the Board of Revenue authorize the registry of the Seroapaulay Zemindary in the name of Ramasawmy Gownden, Younger Brother of the late Zemindar, on the presumption that Ramasawmy Gownden is an undivided Brother of the deceased.

To

Fort St. George 12th November 1849

Secretary to the
Board of Revenue,

Sir, Fort St. George

(54)

From the Collector of Madura — } With reference to the Board's Endorsement on the accompanying Petition No. 1374 of 1849 I have the honor to state that as the appeal was not made within 3 Months after the date of the Collector's decision I declined to forward it without Special directions as a matter of course under Clause Second Section V Regulation VI of 1831. The Appellant alleges that the delay took place owing to his absence in Bandy a statement which is most probably true, I beg therefore to be informed whether the Board are willing that I should forward the Proceedings in the case in the usual manner.

Madura 31st October 1849 } (Signed) R. D. Parker
Collector

To

(54-55)

Proceedings thereon.

The reasons assigned by the Petitioners for the delay in preferring his appeal appearing to the Collector to be well founded the Board resolve to admit it and they therefore request that the proceedings connected with the case may be forwarded to them.

Read the following letter.

To, T. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George.

Sir,

(56)

From the Acting Collector of Tinnevelly - - - - }

Para. 1 In reply to the Extract from Proceedings of the Board of Revenue dated 3d Ultimo, I have the honor to state that under the existing extent of salt Pans and the present Establishments about

about 500 Garces of Salt more than the average required for Home and Inland Consumption can be manufactured in the pans situated near to the Sea Ports of the District, whence it might be exported to Malabar and Canara. In this case the cost price including proportion of the Salary of Sibbendy &c. would be about 15 Rupees per Garce and the cost of freight &c. range from 25 Rupees to 35 to the Ports in Malabar and from 35 Rupees to 45 to those in Canara.

2 Should more salt than above stated be required for the said Provinces it would be possible by increasing the extent of Pans and Establishment to manufacture in the neighbourhood of the Ports above alluded to at least

ORIGINAL DESTROYED

least 2000 Garces above the quantity required for Inland sales and as the cost price would not differ very much from that above as stated.—

3 Notice should be early given if it is resolved that salt shall be exported from this District that arrangements may be made for manufacturing an usual quantity.—

I am etc.

(Signed) C. I. Bird

Acting Collector.

Tuticorin 25th October 1849.

(56-57)

Order thereon—

Ordered to lie over until a report be received from the Collector of Canara to the Board's Proceedings dated 3d September last.—

Read the following letters.

To T. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George.

Sir,

(58)

	Total Increase							6023	1	7
	Net Decrease							46032	10	2

The decrease at certain depots being deducted from the decrease at others leaves the net decrease in the inland trade of salt as particularized in the Margin. If a comparison be made with only the year immediately preceding the result would appear anything but satisfactory

satisfactory but the great increase in the sales effected during Fusly 1257 (amounting to no less than Rupees 52853-11-9) could not be expected to be maintained - This increase was one of the effects of the great hurricane, which occurred in april 1847 and interfered with the transport of salt to the upper country, and seems to have led the traders to lay in a stock in the succeeding year somewhat larger than was requisite as noticed in Para 5 of my last report+ To this circumstance I mainly attribute the reaction that has taken place - There have been other causes however which have had a partial effect independent of this general one - The necessity for forwarding foreign salt to depots where it had not previously been sold was one of these for both the people on the spot, as well as the inland traders are very particular as to the kind of salt they will use and hesitate to

+ 16th November 1848.

to take any of a new appearance or pe-
=city. Its caprice they exhibit in this r-
=spect is not easily accounted for. Th-
the traders from that part of Mysore
immediately East of Mangalore will
purchase nothing but Bombay salt
while those from a short distance no-
=ward about Nuggur have as strong a dis-
to Bombay salt and prefer the Canara
which their neighbours reject. There is n-
doubt therefore that the necessity which
existed for introducing a new kind
Salt would to some extent influence
sales. Another Circumstance has been
very generally reported, as having ha-
some effect in lessening the sales for
inland Consumption. Viz. a murra-
amongst the Cattle of the Brinjaries
Mysore, but I am not disposed to lay
much stress on this. Upon the other
the increase of Rupees 23,645 above the
average sales of the last 5 years (and th-
under disadvantageous Circumstance
seems to indicate that there is a steady
increase in the Consumption.

6 In the Statement given in para 4 it

it has been necessary for the purpose of comparing the Home Consumption with previous years to add that which was taken for consumption in Balaghaut Talooks in Fusly 1257 but which previously to the receipt of the Boards' orders of the 6th April 1848 had been entered as Sales for Inland Consumption. This now appears in the above Statement as Home Consumption. There is still

Net Decrease							8034	3	4	

however a net decrease of Rupees 8034 which nearly corresponds with the increase in the previous year Rupees 8513 above Fusly 1256 and brings back the sales to about their former level. much of this falling off is to be attributed to the same causes as have affected the inland sales but I am disposed to consider it as partly a confirmation

Para 6. of what I stated in my letter of the 18th September 1848 that

Fort St George 12th November 184

that the sales for Home Consumption are much affected by the abundant produce of Salt i e that where there are facilities for the clandestine collection of Salt or Earth Salt, these are consumed to a considerable extent by the inhabitants near the Coast but where the season is unfavorable for the productions of Salt as it was in Fasly 1257, they are compelled to purchase it at the public depots

7 The subjoined Statement prepared

Fort St George 12th November 1849.

prepared in compliance with the instructions of Government contained in Para 3 of their Minutes of the 31st July last shows the rentage of charges upon Salt sold at the Inland depôts compared with that on Salts sold at those on the Coast.

From

From this Statement it would appear that the cost is greater at the Coast depots than at those inland, which apparent anamaly is to be explained by the fact that while the sales at the Coast depots are less than at those inland the cost of establishments for superintending the manufacture guarding it and for keeping the accounts of the depots - On the other hand while the sales at the inland depots are larger the charges at them are confined to the Establishments for the actual sale, in addition to the price paid for the Salt to the ryots. It would on this account be extremely difficult to show the correct per Centage of cost at each of the depots but if the average additional cost of the 4 inland depots recently established be taken for the two years they have been in operation it will be found to be as follows

	Rs a p
Transport of Salt from the coast	333 - -
Sibbendy	1899 - -
	2232 - -

The average quantity of Salt sold at these new depots was 1455 Garce and the above additional cost being distributed on these, makes an addition of Rupees 1-8-0 per Garce The average increased quantity of Salt sold in the 4 Taloks in which these depots are situated during the same period is 102 Garce, the full sale price is Rupees 12,240- and the net profit after deducting the purchase cost at Rs 16-10-0 per Garce is Rupees 10,608 which leaves a clear profit on the 102 additional Garce sold of Rupees 8376 but the difficulty here is in stating how much of this additional sale is in consequence of the increased facilities offered to the purchasers by the establishment of these inland depots and how much is owing to other causes although this cannot be shown as a matter of account I have little doubt myself that the increased sales are in no small degree to be attributed to those depots and that but for their Establishment the falling off

this

From this Statement it would appear that the cost is greater at the Coast depots than at those inland, which apparent anomaly is to be explained by the fact that while the sales at the Coast depots are less than at those inland the cost of establishments for superintending the manufacture guarding it and for keeping the accounts fall on these depots. On the other hand while the sales at the inland depots are larger the charges at them are confined to the Establishments for the actual sale, in addition to the price paid for the Salt to the ryots. It would on this account be extremely difficult to show the correct per Centage of cost at each of the depots but if the average additional cost of the 4 inland depots recently established be taken for the two years they have been in operation it will be found to be as follows

Transport of Salt from the coast	
Sibbendy	333 - -
	1899 - -
	2232 - -

The average quantity of Salt sold at these new depots was 1455 Garce and the above additional cost being distributed on these, makes an addition of Rupees 1-8-0 per Garce

The average increased quantity of Salt sold in the 4 Talooks in which these depots are situated during the same period is 102 Garce, the full sale price is Rupees 12,240- and the net profit after deducting the purchase cost at Rs 16-10-0 per Garce is Rupees 10,608 which leaves a clear profit on the 102 additional Garce sold of Rupees 8,376 but the difficulty here is in stating how much of this additional sale is in consequence of the increased facilities offered to the purchasers by the establishment of these inland depots, and how much is owing to other causes although this cannot be shown as a matter of account I have little doubt myself that the increased sales are in no small degree to be attributed to those depots and that but for their Establishment the falling off

this

this year in the sales would have been still more considerable. It must also be observed that they cannot be said to have come into full operation as yet, for the roads down to them have not been open during the two past seasons.—

8. In compliance with the further orders contained in the Para above quoted I have the honor to state that the price of Salt is less in the neighbourhood of the inland depots in this District than it was prior to their Establishment as shown in the margin. The Establishment of these Inland Depôts would appear therefore directly beneficial to the ryots in the neighbourhood and this may have tended partly to increase the sales.—

Land Customs

9. The revenues realized from this source during the year under review are Rupees 3,542-11-4 less than in the previous one and Rs 93,481-2-11 than the average of the preceding five years as shown in the margin. The decrease when

	Rs	a	p
1257	108924	14	1
1258	73,52	2	9
Decrease	3,542	11	4
Average of 5 past years	100,833	5	8
Decrease	93,481	2	11

when compared with the previous year is to be accounted for by the reduction of duties on goods by Act VII of 1848. Referring however to the subjoined Statement of goods exported and imported on the frontiers of Goa an increase over that of the previous year will be found. The falling off when compared with the average of the preceding 5 years requires no explanation as it embraces some years in which the Frontier Customs were collected before their abolition by Act IV of 1844

The only article requiring particular notice, is Cotton, the decreased quantity of which, exported, is most remarkable It has fallen from 25,000 Candies to 10,000. The small quantity exported at Coonta attracted my attention early in the season, and I endeavoured to ascertain the cause. It was very generally stated

to

to be owing to a combination of the Merchants at Coonta, to reduce the price of this, and other articles, which had so disgusted the parties, by whom the Cotton is brought down from the upper Country, that they had given up doing so. The Merchants, on the other hand, alleged that there was no sale for the Cotton in Bombay and that it had been brought down in so impure a state that they could not afford to purchase it at the prices demanded. I am inclined to think, from the character of the Merchants at Coonta, that there is much truth in the cause first alleged, but it is certain that, from whatever cause, the trade was nearly suspended during the earlier part of the season, and the Export chiefly took place during the last six weeks before the monsoon, when a rise in the price at Bombay encouraged the Merchants to purchase it. I may add that, at the present time the trade at Coonta is being carried on with great

vigour, owing to an extensive demand at Bombay, but I have little doubt that the palmy days of Coonta, as the principal Port for exporting Cotton, are numbered. The port is inconvenient and unsafe, and the Merchants are an ill beral and rapacious set, who erroneously believe that they have every thing in their own hands, and these circumstances combined cannot well fail to draw off the trade to the new Phoondah Ghaut, now under construction by the Bombay Government which will lead down direct to a secure and good harbour at Viziagroog by a road which is only a few Miles from Dharwar than Coonta, while the port itself is fully one half nearer to Bombay. A storm which recently occurred on this coast, and by which no less than 16 out of 23 Native Vessels loading Cotton at Coonta were wrecked, will probably have considerable effect in bringing about a change in the direction of the trade, and it will not easily be brought back.

back, even though the merchants should at length be induced, as they have repeatedly been urged to do, to settle at the more convenient Port at Tuddry, ten Miles to the North of Coonta.-

Abkarry

13. There is an increase of Rs. 2,341-12-" in the Abkarry revenue, in the present Fusly, over that of the preceding one, and of Rupees 3769-"-9, when compared with the average of five previous years, as shown in the margin. This increase may be attributed to the new system, adopted during the year under review, of dividing the contract of some Talooks into petty contracts and giving them to the toddy drawers, instead of to one general renter.-

1258	30,066	5	8
Decrease	343	10	4
Average of 5 years	28,626	4	7
Increase	12,440	1	1.

17. There is decrease in the Collections under this branch of Revenue of Rupees 343-10-4 when compared with the preceding year, and an increase of Rupees 12,440-1-1 over the average of former years.-

Stamps

	Rs	a	P.
1257	34639	15	"
1258	45555	15	"
Increase	10,916	"	"
Average of 5 years	30,190	5	6.
Increase	15,365	9	6.

18. The increase of revenue derived from the sale of Stamps in the past year over that of

of the preceding one, as well as over the average of former years, is to be accounted for by the passing of act XVII of 1848 by which the use of stamps was substituted for institution fees in the Moonsiffs' Courts.

Ameendevi Islands.

1257	14,880	2	"
1258	11,317	2	3
Decrease	3,562	15	9
Average of 5 years	15,778	4	4.
Decrease	4461	2	1.

19 The revenues derived from the Ameendevi Islands exhibit a decrease when compared with the previous year as well as when compared with the average of former years, in the proportions noted in the margin. This is to be attributed to the consignments of Coir to Calcutta, being less in the year under review than the preceding one. The quantity of Coir however delivered by the Islanders, during the past fusly is greatly in excess of the preceding one and the price of this will be realized hereafter.

Total	160776	14	6	205231	8	7	44454	10	1

22. The charges under the Salt and Tobacco Monopolies exceed those of the previous fusly by Rupees 9,651-10-1 and Rupees 44,454-10-1. respectively. The former was occasioned, by the

the value of a portion of the Salt for 1257, having been charged in the past Fusly and the latter by a quantity of Tobacco, in excess of that contracted for having been purchased, and by the value of a portion for 1257 having been charged in the past fusly.-

Sea and Land Customs.-

23. The decrease in the disbursements of Sea, and Land Customs Department to the extent noted in the margin, is to be explained, by the sums which have been paid, as refund of Hawlut duties, being less than in the previous year.-

		Net Decrease		102546 13 10

24. With respect to the charges in the Land Customs Department, it will be observed that they now fall short of the collections by only a small sum, and

and I am desirous of making an arrangement for remodelling the Establishment, and providing by a reduction under this head for a small increase in the Salt and Tobacco departments. It will be necessary otherwise to make a separate application for an increased Establishment for the former of these branches of revenue, with all the attendant delay and difficulty of obtaining sanction from the Government of India. In the Salt department in particular, owing to the great increase in the sales of some of the Kotties, the establishments have become insufficient to conduct the business. The sales of Salt at the depots noted in the margin have, since Fusly 1249, increased from 924 Garce to 1767, the value of which, is Rupees 2,12,053, without any increase whatever, in the Establishments, which are the same now as they were then, and it is obvious that unless the Establishments be made, in some measure, to keep pace with the increased demand on their time, and attention, they must fall into a state of inefficiency.-

Order
5-8-5

1849

Fort St George 12th November 1849.

thereon Ordered to be brought for-
ward at a future day.

To, T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St George.

L. Blane Esqre
Canara.

Sir

I am forwarding the accom-
panying Statement of actual charges incurr-
ed on account of additional Establishments
for the past Fusly, I have the honor to offer the
explanation called for in Para 2 of your letter
dated 22d February last regarding the Employ-
ment of a Sibendy for the destruction of
Elephants.

2

The charge on this account is not
altogether unusual in Canara for although it
had for some years been discontinued persons were for-
merly employed for this purpose principally in
the Buntwal Taloq. Within the last few years
Elephants have made their appearance in the jun-
gles of Soopak and Soondak, and were found to in-
crease so rapidly in number that Mr Parker the
Sub Collector was induced urgently to recommend that
an endeavour should be made to exterminate
them. The people of the country are unaccustomed
to them, and will not venture to attack them, and
it was found necessary to send persons up from
lower Coorg who have been more or less successful
and have somewhat reduced their number.
Last year three were killed, and probably as many
more

Fort St George 12th November 1849.

1824

more may have been wounded and died in
the jungle. Mr Parker on that occasion observed
that "he believed that there was no other way
of effecting the purpose but employing people
of this description, and that the reward of 70
Rupees allowed by Government had proved in-
sufficient to induce a single person to
make the attempt."

3. The Elephants are more
than usually bold and fierce. They not only destroy
the growing crops to a great extent, but enter
the villages and break up the stacks and gra-
naries of the ryots, and have destroyed a
number of people who have attempted to
drive them off. This was the case last year
when on one occasions no less than three men
were killed by one Elephat in a single
night, and the Sub Collector again strongly urged
that he should be allowed to entertain profes-
sional Shikaries.

4. The services of these people could of
course be dispensed with, but I should not consider
the measure expedient, for if left alone they will
increase to an extent which will cause serious
loss not only to the ryots but to the Public Revenue,
whereas it is hoped that if they be continually pur-
sued, and shot on every occasion that the Shikaries
can get near them they may either be entirely
destroyed or be driven out of the country.

Collector's Cutcherry
Mangalore,
31st October, 1849.

I have the honor to be
Sir
Your most obedient
Servant
Signed J. L. Blane
Collector

To

T Pycroft Esqre

Secretary to the

Board of Revenue

Fort St George

(62)

Sir

From the Collr of Malabar ... }

In reply to your letter dated 21st Ultmo requesting to be inform-ed, in case the regular troops are re-moved from Wynad what additional number of peons would be required and what would be the probable cost of the measure I have the honor to state that I am of opinion that it will be desirable under this Contingency to have an in-crease of (30) thirty Peons at Rs 5½ and (2) two Duffadars at Rupees 7 each. I had thought of asking for 40 Peons, the number reduced in Mr Sheffields letter to the Board dated 31st August 1829. But as the Sub Collector, under whose charge Wynad is, thinks that 30 will suffice, I submit his more moderate proposal

Dated 4th Instant.

Fort St George 12th November 1849

But I especially recommend that independ-ent of their pay 5¼ per Mensem, the new Peons be allowed a moderate amount of warm clothing periodically without a warm Jacket, such for instance as is allowed to Government Lascars and a Cumbly, the Peon in Wynad will be laid up for a good part of the year by fever. This is a matter of undoubted experience. The extra sum involved by this measure would be better given by the Clothing Board than myself.

(Signed) H. V. Conolly
Collector

Calicut ... }
16th June 1849. }

No 1

To H. V. Conolly Esqre

Collector of Malabar

Sir

With reference to your Memorandum of the 28th of May accom-panied by a letter from the Secretary to the Board of Revenue under date the 21st of the same Month, I have the honor to

to state that if it is intended to remove the regular Troops from Manantoddy at least 30 additional Peons ought in my opinion, to be entertained. By such an increase I think it would be feasible effectually to support the authority of the Police in that large and straggling Talook. To make these men worth any thing it will be necessary to secure one or two good Duffadars to instruct them in the use of fire arms. The pay of the common Peons ought I think to be at least 5½ and of the Duffadars 7 Rupees per Mensem.

The service of a Moiety of these men would be available for suppressing smuggling which is carried on to a very great extent by gangs of Moplas who will probably increase in number and daring in proportion to the decrease of our means of intimidation and resistance. I do not mean that the services of regulars were ever required to repress smuggling but that the knowledge of their being available had a beneficial influence over those inclined to

to commit a breach of the Law. In the event of the increase of Peons to the extent contemplated by me, the present Jemedar of Wynad would naturally become their head and one of the Havildars second in command without any additional expense being incurred on their account.

Tillecherry 4th June 1849. } (Signed) R. Chatfield Sub Collector

Fort St George 12th November 1849

In Store at its close with the financial result of the Source of Revenue in Fusly 1258.—

Net Revenue	Remarks
15	16
Rs a p	
89.168 9 5	From 12th July 1843 of 1253 the rate at which Salt was sold for Home Consumption was Rupees 180 per Garce. From 1st April to 13th August 1844 of Fusly 1254 it was Rs 180 and from 14th August 1844 to 11th July 1849 of Fusly 1258 it was Rs 120. These rates have reference to the entries in Column 5. In the same Column are entered the sales for Inland Consumption which commenced on the 9th January 1846 of Fusly 1256 at Rs 120 for the Manufacture of Superior and at Rupees 60 for the British Salt.
130.217 1 11	
62.269 11 4	
230.573 1 3	For Fuslies 1253 and 1254 the Salt for exportation by Sea exhibited in Column 8 was supplied at Rupees 42 per Garce. For Fuslies 1255 to 1258 the Salt entered in Column 9 was sold for export to Calcutta at Rupees 18 and to the Eastward at Rs 42 for the Madras Salt and Rupees 20 and 22 for the British Salt.—

Secretary to the
Board of Revenue.—

Sir,

(66)

From the Collr of Madras. —
17th September 1849.

I With reference to the order of the Board of Revenue on the enclosed Anonymous petition No 24 of 1849 I have the honor to transmit herewith a report from my Assistant Mr Taylor who was requested by me to institute an inquiry on the subject of the ground in question. It is only requisite to add, with reference to Para 6, that I shall take the earliest opportunity of getting the proposed comparison made, which, adverting to the correspondence noted in the Margin, appears to me desirable.—

To Board 19th July 38
From Do 26th Do "

Madras. - - -

To J. A. Hudleston Esqre
Collector of Madras

Sir,

1 With reference to the Endorsement of the Board of Revenue, No 24 of 1849 forwarding the orders of Government for inquiry and report on Anonymous petition No 1636 of 1849,

9

Fort St. George 12th November 1849.

I have the honor to inform you that having your desire, and accompanied by the Head Maistry of the Cutcherry, personally inspected the premises of Messrs. Parry and Co. Dubash V. Nursengiah alias Appiah situated in Bhadriah Garden lane, near the Elephant Gate Black Town, I find that the whole extent of ground in his profession measured little more than 1 3/4 Ground, as the accompanying plan will shew. Encl: No. 1.

2. He holds his entire property under three separate Certificates and bills of Sale, the particulars of which will be found annexed to the plan, and the actual extent of each spot of ground corresponds exactly with the measurement entered in these Certificates, which are duly registered in this Office.

3. It appears, however, that, soon after his purchase of the property held under Certificate No. 1987 in March last, he attempted to raise or enlarge the pial in front of the house, which is alluded to in the petition, and it is understood that

Fort St. George 12th November 1849.

that, on a complaint being preferred to the Police, one of the Magistrates visited the spot, and ordered the removal of such part of it as interfered with the public thorough fare. The original verandah or pial still remains occupying a piece of ground measuring 22 feet by 3 1/2 feet, which is not included in the Certificate. + Colored yellow in the plan.

4. Besides this, it appears that about two years ago, Nursengiah built an open gateway surmounted by a lamp, across the public road in front of his property - thus, in a manner, enclosing a piece of Government ground measuring 47 feet in length and 17 1/2 in breadth but as the gateway leads only to one house besides his own, and that one belongs to a relation, and as it caused no obstruction to the free passage of vehicles, nor other inconvenience to the public who were benefitted by the light afforded by the lamp during the night, no opposition would seem to have been offered to it's erection, either by the neighbours or

by.

by the Police Authorities.-

5. The above is the whole extent of his Encroachment, and although I have twice visited the spot in order to obtain all the information in my power, no individual has come forward to substantiate or to throw any further light on the charge set forth in the petition.-

6. This inquiry, however, has brought to light the fact of the non-collection of Quitrent to the full extent for the space of 25 years on Certificate №5299, and I cannot but think it very probable that a careful comparision of the Register of Quitrent bills with the Registers of Grants and Certificates would lead to other similar discoveries. The amount assessed in Certificate №5299, issued by Mr. Murray in 1824. is Rupees 1-8-11, which corresponds with the original entry in the Register of Grants and Certificates, whereas the amount entered in the Register of Quitrent bills of the same year is as 12-5-, or something less than one half. Bills have been made out for the latter sum from that time to the present, the balance

A.t R.1.8.11 from 1824 to 1849. R.40-7-10
A.t a.12-5-D.20-2-10
Balance - 20-5-u

balance uncollected being Rupees 20-5-u- as shewn in the margin. It is right to add that Nursingiah, who is not responsible for this apparent oversight of the Officers of Government, expresses himself willing to make good the difference, and to continue to pay the correct amount in future.-

Madras, - - -
18th October, 1849.

(Signed) G. N. Taylor
Assistant Collector.

Proceedings thereon. 1. Ordered that the foregoing letter be submitted for the information of the Right Honorable the Governor in Council with reference to the orders of Government

(66-67)

Bd. №240 of 1849. on Petition №1636 of 1849.-

2. It does not appear from what is stated by the Assistant Collector in Para 3 of his report that the Pial A forms any obstruction to the public thoroughfare. at the same time as the ground on which it stands is not entered in any of V. Nursingiah's certificates he can have no valid title to it. The Board therefore think that he should be required to purchase it

Fort St. George 12th November 1849

it from Government at a reasonable price and to take out a certificate for it. Under the circumstances represented in Para 4 of the report it does not seem to them to be necessary to interfere with the gateway built by Nursingiah.—

3. It would seem that the erroneous entry in the Register of Quit rent bills in respect to certificate No. 37 which has led to the charge of Quit rent at an unduly low rate, dates from the year 1824. The Board would recommend that the difference Rupees 20. 5. " be collected from the proprietor who has offered to pay it. Adverting to Mr. Taylor's remarks in Para 6 they are disposed of opinion that a careful comparision should be made between the Register of grants and Certificates and the Register of Quit rent bills for the purpose of detecting any further errors which may have occurred in the latter account.—

D.G.

To

Fort St. George 12th November 1849.

Sir,

(68) From the Collector of Madras—

I have the honor to transmit herewith, for submission to the Board of Revenue, a report from my Assistant Mr. Taylor relative to the Salt Department and to state that I have taken the necessary steps to give effect to the arrangement therein alluded to as regards the dismissal of the Peons and measures whose names are appended to Para 15.—

2d November 1849.

(Signed) J. A. Hudleston—
Collector—

Madras
5th November 1849.

No. 1.—

To J. A. Hudleston Esqre
Collector of Madras.

Sir,

Having already communicated to you orally, and obtained your consent to the recent changes which I have considered it necessary to make in the Subordinate Salt Establishment at the Madras Coleroon

Cotaurs, I have now the honor to report, for sub-
=mission to the Board of Revenue, the grounds
upon which this arrangement was adopted.—

2. During my casual visits to the
Cotaurs at the time of sale, I witnessed such
appearent confusion in the delivery of Salt to
the crowds of Merchants, basket women and
Coolies, who throng in the vicinity of the open
heaps, that it struck me as being extremely
difficult for the Superintendent at one heap, or
Peishcar at the other, engaged as they are in
entering the account and filling up the
vouchers of each individual purchaser, to exercise
such constant and necessary control over the
conduct of the peons under their orders as would
prevent their connivance with the measures in
the Commission of fraud and irregularity, for
the benefit of the wholesale and retail dealers
and to the prejudice of Government.—

3. Having repeatedly urged upon the
Superintendent and other Servants the necessity
of a rigid supervision of their Subordinates in
this respect, a case of irregularity in the delivery
of

of Salt was, at length, reported to me, for which
I suspended the peon through whose inattention or
connivance it occurred.—

4. Wishing to obtain a clearer insight
into their proceedings, I appointed in his room a
peon from the College Establishment, who is un-
=connected with any of the Salt servants, and in
whose good conduct I could place some reliance.
About the same time, the Ameen was recalled to
the Hoozoor, and, with your concurrence, the Deputy
Sumpetty of the Abkarry Department supplied his
place at the Cotaurs.—

5. From the subsequent representations
of these two individuals thus temporarily introduced
in the Salt Establishment. although, from the com-
=munity of interest between Merchants, measurers,
basketwomen and peons, they were unable to bring
home a specific charge against any of the parties.
I became satisfied that much under-hand-work was
going on, apparently without the knowledge of the
Superintendent, and that if no opportunity was now
afforded for the extensive frauds which, it is
believed, formerly pervaded the Department, measurers

and

and peons still continued the practice of receiving bribes or fees from the purchasers, for conniving at miscounting, remeasuring and other irregularities.

6- My conviction of this fact was moreover confirmed by the reports of the Superintendent, which represented the wastage to have been of late greater than the ordinary per centage, and which the existence of the above practices would amply account for.-

7- Unwilling to act upon this information alone, I determined to obtain further proof that the Statements of the above parties were not without foundation, and with this view I introduced at the Cotaurs the Head Peon of the Madras University, a perfect stranger to the whole Department, and whom, in a situation of some responsibility, I had always found vigilant and trustworthy. I was enabled to effect this without the knowledge of the Salt servants, through the assistance of Mr. Freese, the Collector of Chingleput, who furnished him with a Jaghire peons belt, and sent him down with the first lot of boats conveying Salt from Vayloor

Vayloor to the Madras Cotaurs.

8- The storing of this Salt was delayed until about a week after his arrival and during that time he had abundant opportunities of observing the proceedings of the servants at the Cotaurs both in the inland and home sales. His account of the irregular practices of the measures and peons completely tallies with the representation of the other parties. he noticed repeated miscountings, going back to a lower from a higher number, and even detected one peon in the act of receiving a small sum of money from a retail purchaser. When reported to the Superintendent, all his accusations were of course denied, and his Statements borne down by the united voices of the peons and purchasers, both parties being interested in suppressing them.-

9- With this evidence before me of the mal-practices of the Subordinate servants, upon whose vigilance and honesty so much of the efficient management of the Department must depend, although it may be insufficient to

to convict any individual peon before a Police Magistrate, I deemed it expedient at once, to

+ 12th October 1849. remove the Duffadar and eight permanent peons from their duty at the Cotaurs, as well as the two permanent measurers employed for the Home sales.

10. With your concurrence, their places were immediately filled by peons selected from the Abkarry and Toddy Departments, but without detriment to the public service, and new measures being obtained forthwith, the daily sales continued without intermission. I appointed the University Head Peon to act as Duffadar, and transferred the College peon abovementioned to the Salt Establishment, being desirous of retaining their services in this Department for a time at any rate, although they gain nothing in point of Salary by the exchange. I have thus introduced at the Cotaurs, in the room of the former Duffadar and peons, in whom I could place no further reliance, a body

of efficient men, several of whom have already shewn their Zeal in the service of Government, and from whose future vigilance I anticipate the best results.

11. The discovery of these serious irregularities, though noticed chiefly in the sales for Home consumption, reflects no little discredit upon the Head servants of the Salt Department. It can hardly be supposed that the Superintendent could be entirely ignorant of the proceedings of his Subordinates, or that the Ameen should be unable to detect what appeared so palpable to a stranger. In consideration, however, of the exertion manifested by the former in the discharge of his general duties, I have thought it expedient to confine myself, in the present instance, to the measure now under report, hoping by the thorough reform of the Subordinate Establishment and the arrangements now in force for the supervision of the sales, to suppress effectually the practice attempted to be revived of receiving fees &c. from purchasers. and in some degree to break

Note. The Peishcar was at this time engaged at the pans and at Ennore, and was consequently not present at the Cotaurs.

that

that unity and combination of the whole Establish=ment of public Servants with the Salt traders which has heretofore prevented the discovery of similar and more serious abuses.

12. The Ameen whose inefficiency as an executive Officer I adverted to in a former report, is now permanently removed to the Hoozoor, and with your consent, the Assistant Jawabnevis Chellapillay, whom I have already found to be a useful public servant is appointed in his room.

13. The Superintendent will now, until the season of manufacture, be assisted by the new Ameen and by the former College Peon, in overlooking the inland sales, while the Peishcar and Duf=fadar superintend the sales for home consump=tion - the Salt will not be received into store except in the presence of two or more of these servants in Company with the Contractor Parasoorama Moodelly.

14. And here I must remark that, while the irregularities now brought to light are

are chargeable to the Subordinate servants on the permanent Establishment, there is but too much reason to suspect, although it is very difficult of proof, that the measures employed under the Contractor are secretly remunerated by the wholesale Merchants in return for the good Offices which, in the absence of a vigilant control, they have it in their power to render them - Parasoorama Moodelly has been warned, however, to keep a stricter eye over the conduct of his people, and I trust that the measures now introduced will prove a sufficient check against further abuse.

15. Having thus explained in detail the arrangements which I have adopted for the better ordering of the Salt Department under my management, and which I trust will meet with the approbation of higher authority, I beg in conclusion, to recommend that they be now carried fully into effect by an order for the final dismissal of the individuals noted in the Margin, whom, with the exception of the Duffadar, I consider to be undeserving of

Ravanojee Duffadar
Soobaraniee — Peon.
Narrainsawmy — Do.
Ramaswamy — Do.
Rungaswamy — Do.
Apeen — Do.
Sittoojee — Do.
Ammajee — Do.
Raghwaloo — Do.
Padamoorty Measurer
Govinden — Do.

of further employment in the public service.

16. I make this exception in favor of the Duffadar, because he is a very old servant, and in a less responsible situation might still give satisfaction to his Employer.

Madras
2d November, 1849.

(Signed) G: A. Taylor.
Assistant Collector.

68-69
Proceedings thereon.

The Board of Revenue entirely approve the measures taken by the Assistant Collector, as explained in his letter, for the repression of irregularities in the Salt Department. Mr. Taylor, it is observed, has for the present confined himself to the removal of some of the subordinate servants, but it is not to be believed that the Malpractices for which these parties have been dismissed, can be perpetrated without the knowledge of others higher in Office. The superintendent and superior Salt servants should be warned that if these abuses are found to continue, it will be necessary to make still further changes in the Establishment and in the higher

higher no less than in the lower grades. Paraswara Moodelly, it is remarked, has been very properly cautioned to exercise a more careful surveillance over his Coolies and measurers.

Proceedings thereon,

(15-16)

Under the explanation contained in the letter from Mr. E. W. Bird annexed to the Collectors' letter, the Board of Revenue sanction the amount of Extra Sent Allowance drawn by him during his residence at Vizianagrum for 62 days.—

Ordered that Copy of the foregoing Resolution be transmitted to the Civil Auditor,—

Read the following letter

From the Agent at Kurnool. 31 — 22d October 1849.

To J. Bycroft Esqre. Secretary to the Board of Revenue Fort St. George.

Sir

I am acknowledging the receipt of an Extract from the Board's Proceedings noted in the margin, intimating that charges of the nature of those entered in the Account Particulars

(17)

Particulars therewith returned Viz.t Wages to Peons in attendance on convicts and to a Puckally for supplying them with water, should be submitted for the sanction of Government, thro' the Court of Sudder and Foujdaree Adalut I have the honor to state that I was quite aware of the practice in this respect which is observed under ordinary circumstances, but that it appeared to me with reference to the essentially Judicial nature of the charges noted Marginally to which your Board had not taken exception, that I was bound to submit through the same channel the two Items of the same class which through inadvertence had not been included in the Statements transmitted on the 10th October 1846 by my predecessor.

I was strengthened in this impression by the fact that the Jail now in existence in this province was not established until 1845, previous to

No. 6 Account Particular of Judicial Nature charges noted Marginally.

" 17 — Do — of Sadurwared charges.
" 50 — Do — of Extra Judicial charges.
" 39 — Do — of Batta paid to convicts in the Judicial Departt.
" 50 — Do — of Judicial Buildings.

to which period all Judicial charges were blended with those of the Magistracy and forwarded for the sanction of Government through the Board of Revenue.-

3

Under the belief that with this explanation before them, the Board will not object to becoming the medium of submission to Government of the accounts particular returned to me I have taken the liberty of again forwarding it for that purpose.

Kurnool, Agents Office, 1st November, 1849. } I Signed I A. D. Phillips

Agent to the Governor

Accounts Particular of charges incurred in the Hoozoor Cutchery of the Commissioner at Kurnool in Fasly 1254 or from 1st July 1843 to 30th June 1844 requiring the sanction of Government.-

Magistrate Department.-

Pay of 5 Peons employed in the Jail to gaurd the convicts working on the road from 1st July 1843 to 30th June 1844 being 12 Months at 5 Rupees each per month ... 300

Pay of a Puckelly employed for supplying water to the Prisoners in the Jail from 1st April to 30th June 1844 being 3 Months at 3 Rupees a Month ... 9

Total Company's Rs. 309

Kurnool Territory Commissioner's Office, 11th October, 1849. } I Signed I A. D. Phillips Agent to the Governor

Proceedings thereon.-

17-18

Under the circumstances represented by the Agent in the letter above recorded the Board beg to recommend that sanction be granted for the charges enumerated in the account particular now submitted amounting in the aggregate to Rupees 309 — a / Three hundred and Nine / It will be observed that these charges were incurred in the years 1843 & 1844 Since the receipt of the Government Orders of 10th March 1845 Para 4 these charges have been submitted through the Court of Sadur adalut.-

To

J. Pycroft
Secretary to the
Board of Revenue
Fort St George

Sir,

23

From the Collr of North Arcot

Reporting on the Settlement of the Land Revenue for Fusly 1258 A.D. 1848/49

Para 1. I have the honor to forward the usual accounts of the Land Revenue of North Arcot District for Fusly 1258 A.D. 1848/49 agreeably to the following list.—

A. Samabundy Statement.—

B. Comparative Statement contrasted with fusly 1257.

6 General Abstract Comparative Statement of the whole Revenue from the land and Exstra Sources.—

No 1 Account Particulars shewing the amount of remission granted on account of crops perished.—

2 Abstract of Do. Do.

3 Statement shewing the land granted on lowle

4 Abstract Statement of Do.

5 Statement shewing the excess teerwah and Bagajastee on certain land cultivated with Ponjah Nunjah and Totacaul

Abstract

" 6 Abstract of Do

" 7 Statement of Bagamushly or remission on new cultivation of a 2d Crop

" 8 Statement of the Bering of rented Villages

" 9 Statement of Charges

" 10 Statement of the prices of Grain in each Talook —

" 11 Statement shewing the extent of land cultivated with Sugar cane and its assessment together with the market price of Sugar

" 12 Abstract Statement of the cultivation Ditto —

" 13 Comparative Statement shewing the Cultivation of Indigo —

" 14 Talookwar Statement shewing the Beriz Roll of the District of North Arcot prepared agreeably to the Boards Circular dated 2d July 1849

" 15 Statement shewing the several items of the Sewy Jummah with the Demand Collection and Balance for each item current and in Arrears prepared agreeably to the forms received in the Boards Office dated 8th October 1849 —

" 16 Statement shewing the Settlement in Fusly 1255 of the various lands Viz in twenty six Villages of the Village Talook heretofore rented out under the head of Bagayet —

2 The rains of Fusly 1258 were less plentiful than those of the preceding year which was one of great abundance and it was also a far more unhealthy season. The early rains of May which are required to commence the Poonjah Cultivation were tolerably good but in June and July there was very little rain, in August and still more in September there were frequent showers throughout the district which both served for the Cultivation of the late Poonjah Crops and of the Sumbah Crop of Nunjah — The Monsoon was late and scarcity it did not commence till the beginning of November and so little rain fell that few of the larger tanks were completely filled. The talooks which received most water at that time were Sholinghur Sutwaid the east part of Cauvery pauk Trivatoor and Vundiwash and those which received least were Triputty Pennurry Chittoor Sautghur

Cuddapanatham

Cuddapanutteum and Vencatagherry Cottah Thus it may be said generally that the Eastern and Southern parts of the District were pretty well supplied by the North East Monsoon while it very greatly failed in the Northern and Western parts the two talooks above the Ghauts were worst off of all The very general scantiness of supply at this time of the year endangered the later crops of rice, but pains having been taken to use to the utmost the means of irrigation available and a few timely showers having come in April 1849 it was not necessary to make remission for Shavy except in a very few instances and to a very small amount —

3. Fever prevailed to a greater degree than usual in the Vencatagherry Cottah and Cuddapanutteum Talooks as well as in those of Tripetty and Penmurry Cholera also was very prevalent during the early Months of 1849 - It first showed itself in January and in the course of the next two Months it broke out in most

of

of the large towns of the District of Chittoor, Vellore, Ranipett Arcot Wallajahpett and it appeared also in some outvillages of several of the Talooks but especially those of Penmurry Saulghur Chittoor and Cuddapanutteum. It was most destructive at Wallajahpett Ranepett and Arcot at the first named place it is computed to have carried off about 320 persons, while the total Number who perished by this visitation throughout the District may be estimated at about 2600 - An Epidemic prevailed also among the Cattle in the Talooks of Cauverpauk, Vellore and Trinullum and it is stated to have destroyed about 1900 Cows and 4600 Bullocks and Buffaloes —

4. The price of Grain was very low in the Fusly under report the annexed Statement compares the price of Paddy with what it was in Fusly 1257 and with the Commutation rate —

Items

Items	Commutation price of Paddy per Garce	Bazar price of paddy per Garce		Comparison between Cols 2 & 4		Comparison between Cols 3 & 4	
		In Fusly 1254	In Fusly 1255	Difference	Per Centage	Difference	Per Centage
1	2	3	4	5	6	7	8
	Rs a p	Rs a p	Rs a p	Rs a p	Rs a p	Rs a p	Rs a p
Collectors Division	84 5 2	78 14 1	58 9 1	25 12 1	30 6 8	20 5 .	25 2 .
Sub collectors Division	87 8 .	77 4 8	51 11 3	35 12 9	40 14 6	25 9 5	33 1 8

Note - This Statement is prepared on the basis of a measure containing 120 Rupees weight that being the standard of the commutation rate -

5. Fusly 1257 was a year of very large production, and as Fusly 1258 though not equal to that was also much above the average prices necessarily fell - It cannot be doubted that as a general rule the yield of a given piece of land is better in a favorable year than in one in which the rains are scanty so that the Ryot has more to bring to market off any one field but still the very

very low prices which ruled during last Fusly must have made it difficult for him in many cases to meet his Kists - I beg the Boards attention to the Marginal Statement which shows the variation of prices and the Berizy of the district which is a tolerable test of the favorableness of the season for each of the last ten years -

Fushe	Bazar prices of Paddy per Garce			Amount of Ryotwar Beriz		
	Rs	a	p	Rs	a	p
1249	74	9	10	18,47,663	10	10
1250	71	1	9	17,24,183	11	8
1251	58	13	11	17,72,827	13	1
1252	59	8	5	15,51,737	4	.
1253	51	15	4	16,54,911	1	1
1254	59	7	7	15,78,183	7	5
1255	94	.	5	13,78,883	14	7
1256	104	13	7	17,24,833	2	8
1257	78	14	1	18,58,973	9	10
1258	58	9	1	18,13,612	5	9

Note - The above prices are for the Collections Talooks only -

6. The Settlement of Fusly 1258 was commenced on the 19th January 1849 with the Talooks of Sautghur and Vellore and was completed by the Middle of July. The following Statement in the Form furnished by the Board shows by what Officer and at what place each Talook was settled - The puttahs were given away in every case by the Officer making the settlement, except that Mr. Binning appears

appears to have given puttahs for some Villages settled by Mr. Birch - The total number of Puttahs in the District was 119901 Viz. 86594 in the Collector's Division and 33307 in the Sub Collector's Division.—

Statement showing where the Jamabundy of each Taluk in North Arcot was made by the Collector Sub Collector and Assistants in Fusly 1258.—

Do July 15 1847 Paras 3 & 6

* February 6 1845 Para 17

The several years past the Board have expressed their wish that a change should be made in the mode of making the annual Settlement in this District so to bring it more nearly to the proper Ryotwar model by making the Settlement with the Ryots themselves instead of with the Mongars and Curnums and by exercising more scrutiny into the Accounts rendered by these latter, and the Board finally directed that the forms of Accounts required for this purpose and other necessary information should be procured from the Collector of Bellary. The change had not been made when I took charge of the District but shortly after my arrival I communicated with the Collector of Bellary and obtained from him the forms of Accounts in use in that District and these were introduced in Fusly 1258 altered only in some trifling particulars to adapt them to the different circumstances

of

of this District

8 The difference between these forms and those previously in use here consists in the former being in greater detail The Accounts on which the Settlement of a Village is determined are two, the Sangeobady Kyfeeyut or cultivation Statement and the Moograh Kyfeeyut or detail of deductions to be made The first of these contains by the new form more detail than formerly giving particulars of former years Beriz the Village Ayacut the means of irrigation the details of the Ryots &c. but the great difference is in the latter — Formerly there was no separate Account of the items of remission which were merely entered in gross in the Cultivation Statement — By the new form all necessary particulars are given of all the items on which remission is claimed — Dittum Runjer Shulla Cummy Chickarpoolay Shares &c. for each Ryot and with Shulwar detail with information as to the Ryots resources in other Villages

or

or from Enam or other advantages — There is no doubt that these detailed Accounts give an insight into the circumstances on which the demand should depend quite unobtainable without some such aid, and ably and honestly worked they afford the means of greatly checking malpractices on the part of the Village Officers —

9 Another change introduced was causing the Ryots to attend personally at the Summabundy Cutcherry to hear the particulars of the demand against them before the account is closed or the puttahs prepared I used my endeavours to make this explanation to each Ryot a reality and not a mere form; but I cannot entertain the hope that it was so to such a degree as I trust it may be made by perseverance in a few years — On the public Servants it imposes an additional and irksome task and they would generally endeavour to hurry through it as fast as possible

the

Fort St. George 15th November 1849.

the Ryots also are slow at first to perceive the advantages of the process to themselves and think it rather a hardship than a privilege to attend the Cutcherry. Their views may be expected to change on this point and all who have any cause of objection will learn to value this opportunity of stating it; my continued care will also be directed to have the system fairly and honestly carried out and to save the Ryots from longer detention from their homes and occupations than is absolutely necessary.

10. In Fusly 1258 the new method was introduced in the ten talooks under my charge only, but I purpose to extend it in the current Fusly to the four talooks of the Subdivision also I have already had occasion to bring to the Boards notice that the greater quantity of work involved in the new practice renders absolutely necessary an increase in the number of temporary Goomastahs entertained for the Jummabundy and the number for which I have requested

18th August 1849.

Fort St. George 15th November 1849.

requested Sanction is certainly barely sufficient for the work to be done. Not only are more hands required to prepare the greater quantity of detailed Accounts, but it must be obvious that all these will be prepared to no purpose unless those who are to make use of the information they afford have leisure to do so.

11 The following Statement shews the total extent of land taken up for Cultivation in Fusly 1258 compared with the preceding year. It includes both the land entered in the dittum and such as was taken up afterwards.

13 It will be observed that there was a large decrease in the extent of Cultivation in Nunjah and Poonjah. In Nunjah there was a falling off of Rupees 2872 in Sholinghur Talook and Rupees 11545 in the four talooks of the Para 5. Sub Collector's Division which appears from Mr. Binning's report enclosed to have been owing to the failure of the rains of July and August in those Talooks. The total decrease was Rupees 15,286, but there was an increase of Rupees 11,590 in the talooks of Chittoor Sautghur Vellore and others which leaves a Net decreave of Rupees 3,696. There was a large deficiency in the early Crops the decrease on these for the whole district was 17,838 Rupees but in the late Poonjah Crops there was an increave of 7,617 Rupees and in Indigo an increave of Rupees 6,525.

14. In Nunjah there was a falling off in almost every talook the

Fort St. George 15th November 1819

13 It will be observed that there was a large decrease in the extent of Cultivation in Nunjah and Poonjah. In Nunjah there was a falling off of Rupees 2872 in Sholinghur Talook and Rupees 11545 in the four talooks of the Sub Collectors Division which appears from Mr. Binnings report enclosed to have been owing to the failure of the rains of July and August in those Talooks. The total decrease was Rupees 15286, but there was an increase of Rupees 11390 in the talooks of Chittoor Sautghur Vellore and others which leaves a Net decrease of Rupees 3696. There was a large deficiency in the early Crops the decrease on these for the whole district was 17838 Rupees but in the late Paonjah Crops there was an increase of 7617 Rupees and in Indigo an increase of Rupees 6525.

Para 5.

14. In Nunjah there was a falling off in almost every talook the

Fort St. George 13th November 1849

Tripetty 260-5-10
Satwaid 856-11-9
1117-1-7

the only exceptions being Tripatty and Satwaid. The decrease was largest in the talooks of Chittoor, Tiruvallum, Satyhur Cuddapanutturn, Vellore and Arcot in which it amounted in the aggregate to 38434 Rupees. In the remaining seven Talooks there was a deficiency Amounting to Rupees 17264 the total was Rupees 55698 and deducting the small increase in the two talooks above named the net falling off in Nunjah Cultivation was Rupees 54581 — Almost the whole of this was in the late Crops Nuwah and Madungul. The peculiar feature of Fusly 1259 was that the Monsoon was late but very heavy when the tanks filled therefore a great part of the proper season for the Sumbah Crop was passed and the later crop called Navirah was largely cultivated instead In Fusly 1258 the Cultivation of the early or Car Crop was about equal to that of Fusly 1259 the moderate rains of September and October were

Fort St. George 15th November 1849

were sufficient to help forward the cultivation of the Sumbah Crop which therefore even exceeded that of Fusly 1257 but the subsequent failure of the Monsoon produced a large diminution in the cultivation of the late Crops.—

15. In the Garden Cultivation there is an increase to the extent of 113 Cawnies and 2111 Rupees. The very heavy rains in Fusly 1257 rendered some totacul land unfit for Cultivation in that year.—

16. On the whole there is a Net diminution in the breadth of Cultivation to the extent of 1392 Cawnies and nearly 56166 Rupees. There is also a considerable decreave in the amount of Poonjah Bogajasty while there is a slight increase under that head on Nunjah land the early rains in Fusly 1257 were so scanty that much less land than usual was cultivated with Car and there was a less extent therefore on which to raise a second Crop.

17. The following Abstract of the Settlement exhibits the gross demand and various deductions from it and the remaining Heads

Fort St. George 15th November 1819

18. The first item in the Statement is the gross dittum and cultivation Beriz including Bogajasty the deductions from it are all of the usual kinds and there are not many of them which need any special remark. There is a decrease in land ploughed but not sown and in Boganasty in proportion to the less extensive cultivation generally and there is an increase of Stulla Cummy. There is a small increase under the head of Shawry and there is a decrease of Ponny Bas dotty and Pay a Mauly or crops destroyed by water in the beds of tanks and elsewhere both increase and decrease being ascribable to the less abundance of water in the year under report than in the previous one. The total amount of Shawry was Rupees 518-1 which Rupees 201-7-7 was brought to account in cases where it was within 1/10th of the Ryots Beriz.-

Dittum Bunjor 19. In dittum Bunjor a large increase will be seen. In my report on

of Fort St. George 13th November 1849

on 3usly 1257 I described the causes which made this item so large in that year and explained that it was owing 1st to the mistaken zeal of the Officers making the dittum who thought it their duty to increase the extent of land taken up for cultivation as much as possible without reference to the probability of its being really cultivated and 2d to the practice common among certain classes of Ryots in this District of retaining in their nominal holding a great deal more land than they ever cultivate. The same causes continued in operation during the dittum of 3usly 1258 for as I was not in the District during the Settlement of 3usly 1257 I was not fully aware how much reform was needed in the dittum to bring it to what it ought to be and detailed rules were not circulated till after the receipt of the Board's Proceedings on the Settlement of 3usly 41 1256 when the dittum was already in great part concluded, and I do not think that even

J.C.B

Fort St. George 15th November 1849

even these were fully understood and acted on. It will be seen indeed that the dittum somewhat exceeded that of 3usly 1257, and as the late rains were scanty a much larger extent of the land thus taken up remained waste.—

To Board August 3d 1849.

20. This year as the Board are aware I have furnished the Talook Servants with detailed instructions as to the use of a dittum and the principles on which it should be made, and I hope in a few years that these will be generally understood by all both Officials and Ryots. Referring however to the dissatisfaction expressed by the Board at the largeness of the Dittum Bunjer remission of 3usly 1256. I beg to express a doubt whether the measures newly introduced will result in any great diminution in the Annual dittum Bunjer remission 41 I learn from some accounts obligingly furnished to me by the Collector of Bellary, that the remission on this account in that District in 3usly 1255 amounted to ₹41876 and in

Proceedings September 21st 1848 Paras. 6 and 7.

3usly

Fort St. George 15th November 1849

Fusly 1256 to 1296,1297. These remissions in a district where the ditturn has been for many years in use and where the Ryotwar system is supposed to be met with in its best form are larger than have ever occurred on the same account in this District.—

21. The Account No. 2 above spoken of in Para 8 enables me as already said to scrutinize the claims to remission in a way not heretofore practicable in this District. There were two reasons however which influenced me to deal indulgently with such claims the first was that the ditturn is still quite new in this District and the Ryots had not yet fully learnt its intent and the obligation it lays on them while at the same time I was aware that a great deal of uncultivable Land had been included in it and the second that I thought it improper to exercise rigour in any way in a year when prices were so low. In some cases only chiefly those of land under

Fort St. George 15th November 1849

under river Channels or otherwise fully supplied with water beyond dispute, I brought to account the whole or a portion of the land left waste. The total so brought to account amounted to Rs. 684-7-1 while the Amount remitted was 19906-6-11 being 6911328-13-10 in excess of the sum remitted last year.—

Chickurpooldy Stullacummy & Boganushty.

22. The same sort of scrutiny was exercised in the case of Chickurpooldy Stulla Cummy and Boganushty and the same rule followed. In the first Rs. 275-5-11 was brought to account out of a total of Rupees 9969 in the second out of Rupees 2545-3-11 Rupees 1013-12-5 was brought to account the greater part of this latter however being under the Ordinary rule which allows remission only when the waste exceeds one fourth of the Sullum or field. As regards the third the following figured. Statement shows the particulars of the Boganushty remission in the Fusles 1257 and 1258 compared the claims to this remission were less in the latter year, not only in consequence of the diminished cultivation but also in consequence of the same circumstances of season which as already stated increased the Amount of Nunjah Bogajastee

Para 10

Fusly

Fort St. George 15th November 1815

Taluq of Tadigy

23 Permission is granted on land used as seed beds but it has not been so used hitherto to distinguish the item in the Accounts. It has been done this year though not before with respect accuracy in some Taluks care will be taken to effect more corrections in future years.

Tadigy 5th

24. The remissions on account of Tadigy, Bhatoy, Baguru, Anchum, Kunal Dasavandum, Pengiar and the general deduction of 12½ per Cent are all annul and shew no other variation than being smaller in proportion to the diminished cultivation of the year. The Report to Accountant General on a single Village of Pandiwark Taluk and is invariable. The Jenmakkar Enmy is on land occupied by A.s grove, the final Orders of Government fixing the terms on which Cowle is to be given to that Gentleman having only been received after the Summakkundy had been completed.

25. The Revenue from the Malabaricum or Hill Villages of Ploor and Vellore Taluks for Fusles 80-2-3 below the preceding year but this is owing to the tax on jungle produce in the Ploor

Boards Proceedings November 23d 1818.

Poloor Malcaulum to the amount of Rupees 124 2-11 having been abolished in the Fusly under report there was an increase therefore in the other items.

Sopadayem.

26 Of the items of Saarnadayem none needs remark except the Sopadayem. The increase in this item is caused by the transfer to it of fifty five topes in Vellore Taluk heretofore jointly rented out for terms of years together with some cultivated land &c. but rented separately in the year under report agreeably to the Orders of the Board as will be more fully detailed below. The total of these rents was Rupees 1193-4-0 and deducting this sum from the whole Sopadayem Revenue it will be seen that there was a decrease on the Ordinary items to the amount of Rupees 121-4-8 this must be ascribed principally to the usual fluctuations in sources of Revenue under annual rents and partly to the season being a very bad one for Mangoes.

Villages rented for one year.

27. Under the Head of Villages rented for one year appears the sum of

of 23077 Rupees in Fusly 1258 while there is no corresponding entry in Fusly 1257. The Villages thus rented are those of the newly resumed Maumundoor Pollium and Avilcondah Sagheer. In the Board's letter of the 14th August 1818. I was directed to Survey and assess the Villages of the Sagheer but mean while to conclude joint Village rents with the Ryots for the then Current Fusly 1258 annulling the rents for terms of years formed in many of the Villages by the late Sagheerdar.

28. On the receipt of these instructions I took immediate measures for renting out the Villages to the Ryots in the manner specified but this species of settlement being quite unknown in this District and the Ryots in the Villages being very numerous and for the most part of small means and being quite unused to act together in the manner desired I did not in any instance succeed in carrying the wishes of the Board into effect. Finding this insuperable unwillingness on the part of the Ryots. I took measures for renting out the

Fort St. George 15th November 1849.

the Villages to single renters and after considerable difficulty I succeeded in doing this at what I considered fair rents with reference to the cultivation and prospects of the year as well as to the former proceeds of the Villages.

29. The Villages of the Maumundoor Pollium were in aumany in Fusly 1257 but I considered it proper to rent them out in the year under report in the same way as the Avilcondah Villages. The particulars of the Settlement of both the Pollium and the Sagheer are shown in enclosure No. 8 the following Statement gives the abstract.

No. of Villages	Average Peris of the last 10 years.	Peris of Fusly 1257.	Rented Peris of Fusly 1258.	Comparison between Columns 3 and 5		Comparison between Columns 4 and 5.	
				Increase	Decrease	Increase	Decrease
1	2	3	4	5	6	7	8	9.
Maumundoor Pollium	4	16951	5168	14816	16938 "	" "	" "	2 7 1	11 94	" "
Avilcondah Sagheer	28	20036	10524	10516 "	21378 "	1341 13 7	" "	" "	" "	26721 4 "

Fort St. George 15th November 1849.

It will be seen that the total is below the Revenue of Fusly 1257 which was an unusually good year throughout the district it is however considerably in excess of the average of the last ten years. The whole of the rents of Fusly 1258 have been realized.

30. The Survey of the Villages of both Maumundoar and Avilcondah is now in progress it commenced early in May immediately on the receipt of the Sanction of Government for the Survey Establishment. It has not advanced so fast as I had hoped owing to the newness to the work of the people employed very nearly all the Villages however have been surveyed and the Azmaish or examination has been completed in a good many and the assessing is about to begin

March 17th 1849 in Boards Proceedings April 12th 1849.

Rents for periods of more than one year.

31 The diminution under this head is owing to the transfer of all the Villages just treated of, to annual rents as stated in Para 27, the only Village now remaining is that of Maugantcherry in Cauvertipauke Talooke, held on rent for

for the term of thirty years which expires at the close of Fusly 1760.

Permanently rented Villages

32 The permanently rented Villages are Sairvoy and three other Villages and Paupun coopum in Sutwaid Taloola rented out agreeably to the orders of Government of 12th December 1818 and Soongoondrum and two other Villages of Trivullum Taloola rented to the Head of the Avilcondah Family under the orders of Government of the 25th March 1818. The rent of Sutwaid Villages took effect from the commencement of Fusly 1256 and that of Soongoondrum &c. from the death of the late Jaghiredar in November 1847. The decrease shewn in Fusly 1258 is owing to the newly fixed nominal Rent of the latter Villages having been not received for the whole of that year, while rent was received at the old rate of 3300 Rupees annually for that part of Fusly 1257 which was subsequent to the late Jaghiredar's death.

In

Bagayet.

33 In their Proceedings of the 13th July 1848 the Board directed agreeably to a recommendation from me that the various sources of Revenue in Vellore Taloola theretofore rented out under the term Vellore Bagayet should in future be managed in the ordinary way and brought to account under their proper heads and as the last five years rent of the Vellore Bagayet terminated with Fusly 1257 the Orders of the Board above stated were carried into effect in Fusly 1258. The amount of Revenue thus transferred from this head was 3035 Rupees being the annual amount of the last five years rent of the Vellore Bagayet and as the net decrease under this head is Rupees 2893-15-7 there was a trifling increase of Rupees 141-11-5 in other items. In this District the term Bagayet comprehends rents of topes &c. for more than one year and also all quit rents. Of the increase above noticed Rupees 107-0-11 is the quit

Fort St. George 15th November 1849.

quit rent of Bungalows in Vellore Cantonment newly subjected to this demand under the Board's Orders of 21st August 1848.

34. I will here explain the new Settlement made in Fasly 1258 of the items of Revenue heretofore included under the Vellore Bagayet. These were three, 1st House taxes from three portions of the Suburbs of Vellore Town which having been topes or gardens when the Bagayet was first rented out had been gradually built upon as the town extended 2nd Nunjah and Poonjah land which it is probable was topes when first included in the Bagayet and 3rd Mango Cocoanut, Tamarind and other topes. Of these three items the last was brought this year under the head of topadayem as already stated above the house taxes in the Vellore Suburbs were continued according to custom except that in the case of occupants properly subject to Motarpha, a Motarpha tax suited to the circumstances was substituted for the former house tax and the cultivated lands were classed and assessed and

Fort St. George 15th November 1849.

and permanently included in the Ayen ex lands of their respective Villages. In fixing the Assessment I was guided partly by the present Teerwah of adjoining similar lands, and partly by what had been paid on the lands themselves under rent wherever that could be ascertained. My object was to fix a moderate assessment such as would ensure the cultivation of the lands, and at the same time to keep the aggregate Revenue at about what it had hitherto been under rent.

35. Enclosure No. 15 gives the particulars of the Settlement of all three items and the Abstract subjoined shows them in brief, it will be seen that the Receipts in the year under report fell somewhat below the amount of the last rent, but this is attributable to two causes 1st a good deal of the Nunjah and Poonjah land was left uncultivated from the occupiers being uncertain what they would have to pay, and 2nd The season ex was an extremely unfavorable one for Mangoes, and a large proportion of the topes

topes are Mangoe topes. I think it probable that the income from these sources will more than equal, in future, what it has averaged under rent.

	Extent of Land		Amount of Teerwah	
	Cs.	as.	Rs.	a.
Total extent of land	441	10½		
Uncultivable from Trees, houses &c.	206	15¾		
Remaining Cultivable	234	10¾	1750	7
Deduct Waste	cs. 92	as. −7¾		
Chickarpoldy	9	15		
Remaining Cultivated	102	6¾	593	3
Add Moturpha	132	4	1157	3 11
Total			598	2 8
Add rent of Topes in Fusly 1258			1755	6 7
Grand Total			1193	4 6
Rented Beriz of Fusly 1757			2948	11 1
Decrease in Fusly			3035	0 0
			86	4 11

36.

The other items of deduction need no particular remarks. they are

such as to vary with the Beriz and there is consequently a decrease in all, proportioned to the diminished revenue of the year as compared with Fusly 1757.

37. The following Statement exhibits in one view a Comparison of the Revenue of the district from all sources in the two Fuslies 1257 and 1258.

	Fusly 1257			Fusly 1258			Comparison Increase			Decrease

							Net Decrease			34,050	2	5

The

Fort St. George 15th. November 1849.

The causes of the falling off in the items of the land Revenue have been already explained; that in the amount of Peishcush is owing to the resumption of the Anil-condah Jaghire and to the reduction made in the Peishcush of the Congoondy Pollium under the Orders of Government of the 5th. April 1849, on the resumption of the Moturpha. The Extra Sources of Revenue need not be noticed here, as I have already reported upon them separately.

38. The subjoined Statement shews the Collection of Land Revenue and Peishcush for Fusly 1258 within the Fusly and subsequently and this balance still outstanding

The still remaining balance is in the course of Collection, and I shall on request sanction in my report on the Current Fusly for writing off such part as may on final enquiry be found irrecoverable.

39. The balance outstanding out of the demand of Fusly 1257 at the date of my report on that year was Rupees 7,326-7-6; of which Rupees 6,477-17-11 has been since collected leaving a balance of 898-10-7 still due according to the subjoined Statement.

Rs. a p

Recoverable

Davastanum Obtum	26 " 9						
Total irrecoverables					496	8	4
Amount under Inquiry					82	14	10
Rupees					898	10	7

The sum still realizable is Rupees 319-3-5; of this, Rupees 30-14-" is to be received from this Civil Court; ex all the property of the defaulters being under attachment in satisfaction of decrees for Rupees 230-4-11 the sale of the defaulters' land has been sanctioned by the Board, but it has not yet been sold, because no proper Offer has been received. The sum of Rupees 82-14-10 is still under enquiry, the circumstances of the defaulters having not yet been fully ascertained in one Village of the Trivatoor Taloork; and I beg to solicit sanction to write off Rupees 496-8-4 as irrecoverable.-

40. Of this sum Rupees 263-15-11 is due by deceased, totally indigent, or emigrated Ryots; Rupees 147-3-8 is the amount of various small items remitted, because it was found on enquiry that they had been improperly included at the ex Jumabundy; Rupees 59-4-a is the amount of the Village remittance referred to ex in the correspondence Marginally noted, as

To Board July 5th 1848.
From Do. August 3d 1848.

Fort St. George 15th November 1849

as having been made away with by a Peon of the Vellore Taloob Cutchery, and for the remission of which sanction was granted. The money so embezzled was a Hist. of Fusly 1256, but that deficit having been made good by crediting a corresponding sum from the receipts of Fusly 1257, the remission is to be allowed out of the demand of Fusly 1257. The remainder Rupees 26—9 is the amount of an item styled Claims in the Chittoor Taloob; this has been already brought to the Board's notice with a view to its abolition but no final Orders have been received, the parties subject to the demand objected to pay it for Fusly 1257, and I did not think myself justified in resorting to rigorous measures to levy such a tax.

To Board June 1st 1848

41. Enclosure No. 11 is a Statement of the particulars of Sugar cane cultivation in Fuslies 1257 and 1258 as required in Para 18 of the Board's Proceedings of the

Fort St. George 15th November 1849

the 15th July 1847, the following abstract compares the cultivation and revenue of the two years.—

	Fusly 1257		Fusly 1258		Increase	
	Land	Revenue	Land	Revenue	Land	Revenue
	Cs. a.	Rs. a. p.	Cs. a.	Rs. a. p.	Cs. a.	Rs. a. p.
Collectors Division—	1,411 13 3/4	20,961 7 4	1,103 5 1/4	14,528 5 2	308 8 1/2	6,433 2 2
Sub Collectors Division—	681 14 7/16	9,163 6 5	371 6 1/2	4,823 2 6	310 7 11/16	4,340 3 11
Total—	2,093 12 7/16	30,124 13 9	1,474 11 3/4	19,351 7 8	619 6/16	10,773 6 1

It will be seen that there is again a considerable falling off in the extent of land thus employed, which is to be referred I believe exclusively to the diminished demand for the article, and not to any circumstances of season. The English houses engaged in the trade are increasing their advances in the current year, and I hope to be able to report an increase in the extent of Sugar plantation, in my next Annual report.—

42. The Statement is drawn up in

in the form adopted in this District in 1847 when this return was first called for; it appears to me however to go into more detail than the subject requires, extending to 214 Columns, and occupying no fewer than six Sheets of Medium paper. It shows the description of land employed, whether Poonjah, Nunjah, or Garden, and the species of irrigation, whether Tank. Channel, or Well. &c I scarcely suppose that the Boards require to have all these details, and I would beg to suggest that they should be pleased to sanction a more compendious form for the use of all the Districts.

43. Agreeably to the Orders of the Board of the 2nd. July 1849 I forward a Statement No. 14 showing the Number of puttahs in the District, arranged in classes with reference to their Amount. But I regret to say that the Statement is erroneous, as it

it shows the number of Puttah holders not of Puttahs. It is too late to remedy the error now, and it must be corrected next year. In making the order that a similar statement should be sent in every year it probably did not occur to the Government to estimate the amount of labour which this must entail. The puttahs of this single district, exclusive of Maturpha and Soomadagem, are not fewer than 94000, in above 2000 Villages, in preparing the return in question the puttahs of each Village have in the first place to be divided into classes. All the puttahs in each class in each Village have then to be added together by the Talook Gomastahs, and the Talooks generally contain from 120 to 350 Villages. this process is a tedious and toilsome one and after it is completed the same has to be repeated at the Soozoor Cutcherry to obtain the total of the Talooks.

From

From the enquiry I have made I should judge that it will take two Goomastahs full fifteen days, without attending to any thing else, to make out this Puttah Account in an average Talooke, as there are only four Goomastahs in some Talookes, and five in a few, in this district; the Board will see that this must be a serious hindrance to business.

44. I fully recognize the interesting character of the information sought, as matter of curiosity and to some extent of statistical utility; but as the particulars comprised in it vary so little from year to year, it appears to me as that it would be fully as useful if prepared for every tenth year, as if drawn up every year, and I would beg leave to suggest that alteration in the Order. The Board are aware, I have no doubt, that the Ordinary duties of a Collector's Native Establishment are very onerous; and where in addition to these they

16373 Fort St. George 15th November 1849

they are called upon for heavy extraordinary work, the consequence must be that the Ordinary and regular business must be thrown back, and returns and accounts whose value depends on their punctuality must inevitably be delayed and rendered unpunctual. There is always a tendency in Official returns and statements to increase continually, because authorities call from time to time for additional accounts, while they seldom think of considering what old ones might be dispensed with or abridged or combined with others.

45. Enclosure 15 is a Statement in the form received with the Board's Circular letter of the 8th October 1849, showing the Demand Current and Arrears on the various items of Sayer Jumma Revenue, with the Collections and balance, the following is an abstract of the whole.

16373 Fort St. George 15th November 1849

The Order of October 8th appeared to me to supersede the former Circular of the 12th July, and only one statement therefore is sent, including however all the particulars called for.

To Board August 31st 1848

Having had occasion on ab. already to bring under the Board's notice the subject of the heavy Sunnas in this District and the heavy arrears outstanding for many years past; and the subject being still before them, it is not necessary that I should enter into much detail here. Of the twenty three items of arrears in the statement forwarded on the 28th August last, only seven appear in the demand for Fusly 1258, with a small sum in another item, (boundary dispute) which properly has no place there. In my letter of the 28th August 1849, I recommended that old arrears to the amount of 38798 Rupees should be remitted and 1112 only retained for Collection; but as I have received no answer to that letter

letter the whole arrear is entered in the Statement now sent. It will be seen that the Sivoy Jumma demand for Fasly 1258 is small compared with some former years, and the arrear outstanding is not large; my attention will be directed to the realization of this, not less than to that of the Iyen balance. There are a variety of items to the number of 514, brought to account under Sivoy Jummah, which are levied without any regular "beriz," and which consequently show no balance. A few of the larger of these are entered separately in the Statement; but the remainders are all clubbed together in one sum. Many of these are larger this year than they will be in future Statements, for the Collections had been allowed to accumulate for several years, and been retained in deposit in the treasury without being brought to account but this being brought to my notice in December last, I caused the whole to be carried to account forward

10373 Fort St. George 15th November 1849

I forward a report on the
47 settlement of the four Talooks of the Subdivision, from the Acting Sub-Collector. The Board will find that all the circumstances of the season and of the Revenue in that part of the District are fully explained by Mr. Binning, but there is nothing to call for special remarks here.

48 Mr. Sullivan having been appointed to act as Head Assistant Shave increased his revenue charge to two Talooks, Trivallum and Sautghur. He is stationed, as the Board are aware, at Vellore; and besides having the charge of the Police of that Town and Talook, and both the Revenue and Police of the two talooks just named, Shave also been obliged, in the absence of any other Assistant of standing, to give him the Police of the Zemindaries of Calastry and Cauvetnuggur

Fort St. George 15th November 1849.

Cauvetnuggur. I am happy to be able to inform the Board that his attention to business and good judgment render his assistance very valuable to me. My only other assistant Mr. W. I. Blair has only been in the District between two and three Months, having been appointed to it on getting out of College. The rules of the service forbid his having a separate charge at present, but he is of much assistance to me in all such matters as I am able to employ him upon, and I am happy to be able to say that I have every reason to be well satisfied with his anxiety to acquaint himself with business, and the assiduity and good sense which he displays.

49. Before closing this report I ought to acknowledge the ready support which I received from my Head Serishtadar Soob Row in introducing those alterations in the mode of the settlement of which I have spoken above. I hope by help of the continuance

of

Fort St. George 15th November 1849

of such cooperation to be able to make the reform complete. This Officer's long employment in this District has given him an intimate acquaintance with its affairs which I often find very useful. I must also mention my Deputy Serishtadar Tolasinga Chitty with whose efficiency in that capacity I have every reason to be satisfied. His intelligence and knowledge of business make him a very useful auxiliary.
