From the Collector of Chingleput — Sir,

Submitting the information called for in the Extract from the Minutes of Con: dated 16th August 1849 regarding the tenure under which Sthra-nevasa Pillay holds the Inoodah of Todoocaud and its present Revenue

With reference to Extract from the Minutes of Consultation transmitted with Extract from the Proceedings of the Board of Revenue, I have the honor to submit a Statement shewing the Ayacut, Cultivation, and Peiuy realized by the Zemindars of Todoocaud for a period of 23 years, or from Fusly 1229 to 1258, excluding the years noted in the Margin.

2. This Statement has been prepared from the accounts furnished by the Curnums of the Zemindary, there being no accounts in my Office from which the required information could be compiled or checked, the Inoodah during the whole period having been under Zemindary Tenure. The Curnums state that they are unable to produce the accounts for the excluded years.

During

3. During the 19 years between Fusslies 1229 and 1250 for which accounts have been produced, and when the Mootah was in the hands of other Proprietors, the total collections amounted to Rupees 17,251—11—6, or on an average Rupees 907—15—9 per annum, from which the Peishcush or Rupees 240—8—1 being deducted, the balance amounted to 661—7—8. From this sum a future deduction must be made for expenses of management, and repairs of reservoirs; but there are no accounts to shew what were the average outgoings under those heads. The Estate was purchased in F. 1251 by C. Streenevassa Pillay from Cundapa Chetty of Madrapaw Saum, and was registered in his name in the Zemindary Books of this Office on the 18th March 1842.

4. The Mootah consists of only one Village comprizing 1207 as. 2½ cs. of land, the details of which are entered in the Statement. There

F.	Rs
1257	2,450
1258	1,931

are in this Village now no less than 6 reservoirs on which C. Streenevass Pillay is stated to have expended considerable sums during the last two years, as well as smaller sums from 1252 to 1256. amounting in the aggregate to Rupees 5,288—9—11. The Zemindar is likewise stated to have advanced considerable sums to new ryots introduced into the Zemindary, and there is a probability of the revenue rising still higher than it has been since it came into his hands; for in addition to the improvement of the reservoirs, and the advances he has made, the Zemindar has established a fixed money assessment on the lands based on a moderate rate, and which scale is also exhibited in the Statement.

5. The average collections of the Mootah since it came into C. Streenevass Pillay's hands, as shewn by the accounts of the four

four years, which alone are forth-coming, amount to Rupees 1,466-2-1 but if any estimate be formed on this result, it is clear the moiety would not after deducting Peishcush Rs 246-8-1, expenses of management 150, and cost of repairs estimated at 150, yield any thing like 1,000 Rupees per annum;- as, however, the very extensive repairs that have been executed to the old tanks, and the amount expended on the formation of new ones will not only in all probability, preclude the necessity of large outlay for some years, and facilitate the conversion of a portion of the Poonjay lands into wet, the highest revenue hitherto realized, Viz:- that of 1257 may, I think, be taken as the basis of a calculation of the future averages. The amount collected in that year was 1795-4-6; and if from that be deducted 546-8-1 or 150 on account of management, 150 average cost of repairs 246-8-1 Peishcush, it will leave as net profit 1248-12-5 or about 625 as

as the moiety - It may be argued by C. Streenevassa Pillay that I have not allowed sufficient credit for the prospective improvements, but I have been long enough a Collector to know how very fallacious and uncertain such prospects of increase are; and I think that when I find the revenue of a village with fixed money assessments, and not therefore affected by the late low prices in so favorable a year as that of Fusly 1248 falling below the collections of the preceding one, I am giving ample credit to prospective improvements when I take the Collections of the highest year on record as the future average - I may even doubt whether in so doing, I am not putting too great trust in the anticipated prospects of future improvements and increase of Revenue.

6. In regard to the 200 Cawnies of dry land alluded to, as under litigation, I beg to refer the Board to the accompanying copy of a decree, in which it is clearly shewn that the claim of

C

C. Streenevass Pillay is an unfounded and vexatious one- a special appeal was presented to the Sudr Udalut against this decree and rejected- but C. Streenevass Pillay has informed me that an effort to obtain a review of that order of Court is being prosecuted- The merassidars are thus urged on by the Zemindar to litigation to forward his own views,- but should a special appeal be admitted, tho' I do not consider such an event probable, I shall apply for permission to be admitted a party to the suit, the question being one affecting the interests of Government- In the original suit the Collector should also, I think, have been included for the same reasons as a party, and had the decision been adverse to the interests of Government, I should have felt bound to interfere.

Decree of the Civil Court.

This suit was brought by the as
Plaintiffs, Meerasidars of the Village of
Todoccandoo, to recover from the Defendantes
the Merasidars of Munnoor Village 271/4 Cawnies
of land yielding annually Rupees 280
with 2 Ponds valued at Rupees 20 which
land the Plaintiffs alleged had been
gradually encroached upon and taken
possession

possession of by the latter. The Plaintiffs
grounded their claim entirely on Barnards
Survey and Chain measurement accounts pre-
pared in the year 1774 in which it is entered
that from the Pagoda of Ponneeammah
in Todoccadoo Village to the Boundary
of Munnoor is 331 3/16 Rods whereas at pre-
sent the distance is less by 111 3/16 Rods.

The Defendants denied the
plaint altogether and declared that they
never made any encroachment but that
the land in question had been from time
immemorial in their possession and be-
longed to Munnoor. Both parties accused
each other of having removed the boundary
stones in that direction.

The Moaftee Sudr Ameen dis-
missed the suit considering the claim
groundless and vexatious inasmuch as
the land in dispute was clearly proved to
have been long in the possession of the
Munnoor People and cultivated in parti
by them, and Barnards survey was as
manifestly incorrect for the disputed
Ameen

ameen measurements showed that if the boundary claimed by Todoocaudoo or was allowed there would then be a deficiency of 31 Rods in the Munnoor Boundary according to the same account

The appellants being dissatisfied have appealed on the following grounds. They contend that Barnards Survey is the standard by which the decision of all disputes regarding land in this District should be regulated and that even if their whole claim was not allowed the Sudr Ameen might have decreed according to the Ameens report awarding the 60 Rods in length of land now held by Munnoor in excess of its Boundary by or Barnards Survey. They also argue that their claim is not precluded by the statute of limitation inasmuch as in 1829 the Renter of Todoocaudoo having caused to be cultivated a small portion of ground within the disputed limits the Munnoor People interfered in 1830 and

Carried

carried off and placed in deposit the grain, since which time they allege as they were disputed till 1838 when they complained to the Collector at the time of the survey and they urge that the Razeenamah No. 66 which compromising the dispute awarded to each party a portion of the land is valid and sufficiently proved being an attested copy of a document filed before the Head of Police. There is in the appeal Petition a great deal of irrelevant verbiage containing some misstatements and frivolous criticisms on immaterial parts of the decree of the Sudr Ameen to which he is in the habit of exposing himself by introducing into a Civil suit between Hindoos absurd remarks as to the competency or otherwise of witnesses according to Mohomedan Law, although his decision may not and does not generally appear to be thereby at all effected.

The respondents filed answer supporting the decree and urging that the Appellants claim is against the statute of limitation. They observe that when the disputed land was ordered by the Collector in

in 1838 after enquiry to be included in Munnoor Village in the new revenues survey accounts the appellants and their Curnums signed the accounts without any objection and as to the Razeenamah No. 66 the Copy of Takeed filed as No. 59 shows that the Collector cancelled it and fined the Tahsildar for exclorting it; from a few only of them, by violence. They object to the correctness of the Ameens measurement alleging that the starting points were not the proper ones while it was only made on one of the 8 points of the compass that moreover it is not shown that the distance from the Pagoda in Munnoor to the Boundary of Todoocaudoo should be by Barnards Survey only 300 Rods; for in the extract No. 62 filed by the Plaintiffs the distance is Blank which they argue is very suspicious. The Respondents, further observe that according to Barnards Survey on which the Plaintiffs rest their claim the Village of Todoocaudoo should consist of 383 3/4 Cawnies of Land exclusive of that in dispute whereas by the new and correct revenue survey they

they are found to be in possession of 1302 Cawnies exclusive of the disputed land.

The Civil Judge having considered carefully the whole record of this case is of opinion that the Plaintiffs claim is exstremely vexatious litigious and groundless. Barnards crude and imperfect survey on which they rest their claim may be in certain cases of some slight value as evidence, but in cases of Boundary disputes like the present one it cannot be of the slightest use for when tested by application it totally fails, there not being a single case of correct measurement found in it. It is evident that the Dubashes and Goomastahs deputed by Mr. Barnard just wrote down what they pleased by guess or at the instigation of parties concerned, that their accounts were not checked in any way and the correctness of boundaries was not even required to be testified to by the signatures of the Principal parties interested at the time. It appears in evidence in this case that the Todoocaudoo People who claim 271 Cawnies as-

as deficient by Barnards Survey towards Munnoor have in reality upwards of 500 Cawnies in other directions in excesses of what the said survey would entitle them to but they say nothing of giving that up. Munnoor and other Villages have also on the whole an excess while some Villages are deficient. In one Village Polevakum there ought to be according to the preposterous fabrications called Barnards Survey 7,000 Cawnies but at present it only consists of about 1000 Cawnies. It is supposed that encroachment by neighbours to such extent without complaint could take place, and the utter worthlessness of these accounts is manifest. In future the new Revenue survey or Pymash accounts will be the standard for reference but in the present dispute first brought forward at the time of the survey, long possession must alone be considered and that is clearly proved on the side of the Defendants even by the admissions of all the Plaintiffs own witnesses for the fact of the renter having attempted to carry on cultivation in 1839 which

which was at once put a stop to by the Defendants who have since as previously been in possession and cultivate to a considerable extent is quite conclusive on that point. The claim also is decidedly barred by Clause 4 Section XVIII Regulation II of 1802. By the Plaintiffs own shewing, even cause of action arose in 1830 when the Munnoor People the Defendants put a stop to their attempt to bring some portion of the disputed land into cultivation ousted them and kept possession ever since and no claim was made till 1845 to any Court of competent jurisdiction or person having authority to hear such complaint to try the demand for although the Plaintiffs as objected in 1838 to the entry of the disputed land in the survey accounts as belonging to Munnoor which objection the Collector overruled on the ground of the possession by the latter yet the Collector was not aware as that the cause of action really arose more than 12 years before 1838 as the Munnoor people have been cultivating a portion of the land for more than 40 years.

In Cons 23d August 1849

Resolved that the foregoing letter be submitted for the information of Government with reference to Extract from Minutes of Consultation dated 16th August 1849.

2 The Board of Revenue observe that in Fusly 1257 or the best year on record C. 313 of Poonjah and C 99 of Nunjah in the Todavcad Mootah were still uncultivated. Considering the attention paid by Strieneva Isa Pillay to the improvement of the irrigation of the Village it is not improbable that its average revenue may in the course of a few years rise above the Bariz of Fusly 1257 or Rupees 1795-4-6 but the Board think with the Collector that it would not be safe to anticipate a higher outturn Fusly 1258 on the 5th Para of Mr. Freeses letter line 36 seems to be a clerical error for Fusly 1258.

3. The Board concur in opinion with the Collector that he should have been included in the O. I. No. 96 of 1845 instituted on account of the land

271/4 Cawnies in dispute between the Merasidars of the Mootah and those of the adjoining Sircar Village of Munnoor and they consider that he will act properly in applying for permission to be admitted a party in such further proceedings if any as may be held in the case.—

From the Collector of Chingleput — Sir,

Affording the explanation called for in the Extract from the Minutes of Consultation under date the 1st Instant in regard to the non realization of Peishcash of the 3 Mootahs Viz. Tencaranay Prayencoopum and Cottayoor and reporting the steps to be adopted on the subject for the future.—

Adverting to Extract from the Minutes of Consultation under date the 25th Ultimo forwarded with the Boards' Proceedings of the 1st Instant, I have the honor to state for the information of the Right Honorable the Governor in Council that the late Zemindar of the Tencauranay and Prayencoopum Mootahs is also the Proprietor of the Mootahs of Trispasore and Yacauttoor praying annually a Peishcush of Rupees 6421-10-10 to Government and that

Fort St. George 22d. November 1849.—

that the whole of her remittances having been carried to the credit of these Zemindaries no portion of the Peishcush due on Tencauranay and Prayencoopum appeared by the accounts to have been levied at the termination of the fasly, the Zemindar having failed to pay the balances due on their account they were brought to sale. The balances still due on these 2 Mootahs Viz. Rupees 399 as. 5 will be recovered from the Zemindar.—

2 The case of the Cottayoor Mootah is precisely similar to the above. The proprietors holding besides the Mootah of Bheemapooram and Parayangul and praying in all annually Rupees 1,013-7-8.—

The Balances due by him Viz. Rupees 110-4-9 will also be recovered.—

3. The general practice observed in this District is to collect Peishcash from the several Proprietors according to the instalments given in the Margin and to attach these Estates when at the end of the 3rd instalment

Sir,

With reference to Extract from Minutes of Consultation dated

Submitting letter from the Collector of Chinglepat affording the explanation called for by Government—

Non realization for Fusly 1258 of any portion of the Peishcush of 3 Estates recently purchased on account of Government with the Board's observations and suggestions.—

Received 22d Nov. 1849

Teneauranay Prayencoppum Ettayoor.—

Dated 25th ult.o I am directed by the Board of Revenue to submit herewith the accompanying letter from the Collector of Chinglepat dated 7th Instant affording the explanation called for by Government respecting the non realization for Fusly 1258 of any portion of the Peishcush of the three Estates named in the Margin recently purchased on account of Government.—

2 From this it will be seen that the late Proprietors of the purchased Estates referred to above are also owners of other Mootahs in the Chinglepat District, and that the whole of their remittances during Fusly 1258 were carried to the credit of those properties. When Proprietors hold more than one Estate in the same district it is usual to require them in forwarding their Kists to the Huzzoor or Talook Treasury, to send a remittance roll specifying the proportion of the whole amount paid on account of each property— The Board will direct the Collector to introduce this practice in this District if it does not now obtain there—

3 The usual practice in Chinglepat would seem to be to attach

1130

attach Estates that are more than 25 per Cent in arrears after the 3d. Instalment has become due. Mr. Freese however proposes to resort to this expedient in failure of payment at the 2d. Instalment. It does not seem to the Board that any uniform rule can be fixed for adoption in all cases. The Collector must exercise some discretion either attaching as soon as any arrear may accrue or allowing time, according to the nature of the causes which have led to the default.

the honor to forward one of the three printed forms filled up in accordance with the revised instructions given therein.

2. I have already mentioned in my letter of the 3d August 1848 that the records of this Office do not show the several description of Cultivation nor the extent of actual cultivation in the Zemindary and Shrotrium Villages. The Statement now forwarded exhibits therefore only the total extent of wet, Dry and Garden cultivation in the Circar Villages.

From the Collector of North Arcot—

Sir,

I have the honor to acknowledge the Proceedings of the Board of Revenue of date the 22d. Instant, requiring further explanation with regard to my Endorsement on the Petition Nº. 1318 of 1849.—

Herewith returned

2. Note—See para 4 of the Enam instructions of the 27th July 1848 + 10th May 1847.

I beg to point out that the Yeomiah in question is for service, and as such Yeomiahs are not dependent on the life of the holder, the rules referred to by the Board have not hitherto been held to apply to them in this District, nor does it appear proper to make them applicable. My endorsement mentions that the service has been duly and regularly performed during the absence of the Yeomiahdar and that it will continue to be so if the leave is extended.—

3 In reply to the Board's 2d question I beg to say that the only reason assigned for the request is the convenience of the party and this appeared to me sufficient in the absence of any apparent objections.—

It will be observed from Mr. Boudillon's letter of the 26th October that the orders of Government of 26th April 1849. have not in his District been considered to apply to Service Yeomiahs as however all yeomiahs are subject to revision on lapse and their continuance is then contingent upon the nature of the Service to be rendered the terms of the Sunnads &c. under which the yeomiah may be held and other circumstances, it does not appear to the Board that these allowance should be exempt from the operation of the orders referred to—

From the Collr. of Tanjore — Para 1 — Tendering a rough statement for approval of survey Jummabundy.

As directed in the Board's Circular of the 12th July 1849 a Statement has been prepared exhibiting the details of Sevoy jummah Collections and Balance— By the Circular of the 8th Instant, I am directed to furnish a Statement as per form annexed thereto shewing the demand as well as other particulars— By a reference to the rough Statement submitted for inspection it will be seen that in almost every case the Collection is the demand, and the balance but trifling. To carry out the instructions of the Board it becomes necessary to enter the demand on lands the cultivation of which as extra is not brought to notice after the close or during the

Fort St. George 22d. November 1849

the preparation of the Summahbundy accounts, but to do this there appears to exist an objection, as the entry in three cases out of four will not prove correct on subsequent enquiry and examination where, as is generally the case, the ryots object to the imposition of the Extra demand as either altogether unjust or partially so. If the former be apparent on investigation the demand should never have appeared in the accounts, and in the latter the reduction of the demand according to circumstances will shew an apparent Balance which in reality has no existence—

Under these circumstances I request the consideration of the Board whether the Statement as now prepared for submission with the Summahbundy report, be not of itself insufficient for the end required, or whether the

the imperfect demands on extra cultivation arising from the bare report of Village or Talock Servants be entered, and subsequently altered as circumstances render it necessary.—

Proceedings thereon

Furnishing instructions to the Collector of Tanjore for the preparation of the Sevoy Jummah Statement

In the preparation of the Sevoy Jummah Account referred to by the Collector, it does not appear, that in the cases of Extra cultivation to which he more especially adverts, the bare report of the Village or Talook Servants or of ordinary informants in respect to the amount due need in any case be adopted- It will be sufficient to show in the Account as the demand, the sum which after due inquiry may have been finally fixed and ordered to be collected- If in any instance the true demand should not be determined until after the close of the Fusly in which the cultivation has been carried on, the amount should be included in the demand of the year in which it may be fixed and a note added explanatory of the circumstances-

2. The Collector will be pleased to prepare the amount of Sevoy

Fort St. George 22d November 1849

Sevoy Jummah for Fusly 1258 and all future Fuslies, in the form furnished with the Board's circular of 8th October 1849, the demand being entered according to the principle above stated- The account so prepared will render the transmission of that hitherto furnished No. 4 unnecessary and this latter may therefore be discontinued-

3. As connected with this subject, it may be remarked that a certain portion of the Land Revenue of the Tanjore District is never included in the settlement- The ain and Casil revenue only is included in the Jummabundy and the proportion appertaining to Danastanum, and Village Cur=nums seems to be kept distinct as shown in the Marginal Memorandum for

It is stated that Soobiah gave notice of the fraud prior to the settlement and that the case was not proved on examination till after the settlement, and the Collector therefore recommends that a reward of 20 Rupees or less than 25 per Cent of the amount Collected on the concealed cultivation should be paid to the Informer—

2. The Board consider that Soobiah gave information of the fraud before the Summahlundy the reward to be assigned to him should be calculated accordingly without reference to the time when examination was made and the extent of concealment finally proved—

3. If the moiety of the whole amount Collected Rupees 18 2 2 is in deposit and the Collector is of opinion that the reward should not fall below 50 per cent, the Board authorize payment at that rate to the Informer Soobiah but if the amount in deposit does

does not admit of the Collector paying the reward to this extent he will be pleased to apply through this Office for the sanction of Government—

Para 1

Sir,

In para 18 of my report under date the 16th April last, relative to Davastanum Villages, I submitted a recommendation, which met with the approval of the Board† that the Poroopoo of certain 43 Villages should be surrendered to the Theroomboor Davastanum—

2. The Board, however, informed me that they would be unable to pass orders on the measures suggested in regard to 99 Villages, treated of in 19th para of my report, till they should have ascertained the pleasure of Government upon the general question of the restoration of

of landed endowments of that description—

3. As 5 of the 63 Villages mentioned in the first Para are included in the 99 Villages alluded to in the second, that is to say five Villages belonging to the Teroovathoor Pagoda which have been included in Ayen paid a Quit Rent of 236–15–1 to the general expenses of the Theroomboor Davastanum I require instructions how to carry out the order of the Board—

4 If not considered objectionable on principle it would be a simple arrangement to deduct the amount of Poroopoo from the Summahlundy of these Villages, and to make over the former to the Theroomboor Davastanum

Sir, Para 1

Forwarding a Tabular report of the lapse of a Yeomiah within mentioned in the form which accompanied the Board's Circular dated 3d September 1846—

With reference to the Extract from the Proceedings of the Board of Revenue under date the 8th Instant, I have the honor to forward a Tabular report of the lapse of the Yeomiah therein adverted to in the form which accompanied the Board's Circular dated 3rd September 1846 and to submit Extracts from Mr Lushington's and Mr Cotton's Registers of Enoms.

2. The last holder of the Yeomiah died in April 1848 and not in 1847— The present incumbent who is a resident of Tanjore came down to this District and preferred Petitions on the 13th February and 5th March 1849 to the Tahsildars of Brummadasum and Nelliambalam in each of whose Talooks a portion of the Enom is payable.

The

Fort St. George 22d November 1849

The cause he assigns for the delay in making the application is that he was unable to depart from Tanjore till after he had performed the funeral and monthly ceremonies for his deceased Father

3 In Mr. Cotton's Register 1169 Fizlee A.D. 1754 is entered as the date of the Purwanah but in the copy of the Purwanah the year set down is 1149 Fizlee while the Month and date corresponds with those entered in the Register - It is most probable that Mr. Cotton's Register is correct as to the year as it was prepared from the Original Purwanah and was intended to be authority while the Copy of the Purwanah was not authenticated - The period between the date of the Purwanah as mentioned in Mr. Cotton's Register and that of the last incumbents death is 94 years - It appears that Appaloo the Original Grantee lived 85 years and enjoyed the Maunium for about 60 years subsequent to the date of the Purwanah to which effect the

Fort St. George 22d November 1849

the present applicant has given a Moochilka. The Maunium is found entered in the Jummabundy Accounts of Fusly 1211 A.D. 1801/2 in his name.

4. There are no documents or other proofs forthcoming to show whether or how long Appaloo enjoyed the Maunium previous to the date of the Purwanah - After his demise the Enam was registered in 1815 by Mr. Cotton in the name of his son Vencata Row - It appears from that Register that the said Vencatarow was then 26 years old - He died in April 1848 at the age of about 60 years after enjoying the Maunium for 34 years from 1815 to 1848 which added to the 60 years of enjoyment by the Original grantee makes up the 94 that have lapsed from the date of grant as shown in Mr. Cotton's Register.

5. In Mr. Cotton's Register Vencata Row is mentioned as the son of Appaloo - It appears by the Depositions of the Inhabitants of the Village in which the Enam is situated & by a letter received from the Collector of Tanjore, that the claimant Kistna Row is the son of the last incumbent Vencata Row.

6. As far as I can ascertain from the oldest Mahomedan inhabitants in this place the granter of the Purwanah Mahomed Mafoor Khan Baladur shahamud Jung was the Ruler of this and some other Provinces under his Father Nabob Anwarudeen Khan and resided at Arcot.

thereon. Resolved that the letter above recorded, together with its Enclosures and the previous papers on the subject, be laid before the Right Honorable the Governor in Council for his orders. The Board's recommendation in respect to the Enam or ready money allowance to which these communications relate has been submitted in the Column No 13 of the Tabular report of Lapse which accompanied the Acting Collector's letter above recorded.

Recommendation of the Board

"The Board of Revenue see no reason to doubt that the Persian paper forwarded by the Acting Collector and purporting to have been taken in Fusly 1224 is a true copy of the original Purwanah issued for the yeomiah, except that the date has by mistake been entered as Hejree 1149 instead of Hejree 1169 as in Mr. Cotton's Register."

"Under the explanation given by Mr. Bird they are also of opinion that the present claimant. Kistna Row

now is the grandson of the first grantee Appaloo. It is observed that in Mr. Cushington's Registers the Yeomiah is entered as Bramadayum but without any further specification of its tenure - but that in Mr. Cotton's Register it is described as being hereditary. Whether it is strictly so will depend upon the force of the word "Ahfaud" in the Purwannah and with the meaning of this expression the Board are not acquainted."

"If under all the circumstances there should appear to be doubt of the Yeomiah being strictly hereditary it might according to the orders of the Honorable Court of Directors dated the 18th May 1842 be continued to Kistna Row at a reduced rate say at Rs. 61 - - per Annum or 2/3ds of its former amount."

2. The following is the Abstract Statement of the lands employed for the culture of indigenous and Foreign Cotton in Fusly 1258 in comparison with the previous year Fusly 1257, from which it will be seen that the cultivation of Coompen Paroothy Cotton alone has in the Fusly under report exceeded that of the previous year by chains 248 29/64 in Ayen Villages and by 400 Chains in Cuttoogottah and Surva Maniam Villages which is owing to there having been no excessive falls of rain which are injurious to Cotton Cultivation. From the same cause the Cotton Crop came largely

largely to maturity and the Exports of this Article in Fusly 1258 have consequently exceeded those of the previous Fusly by Candies 2439 as shown in the Margin. The price of Cotton per Candy varied at Tuticorin and other Sea Ports of this District from Rupees 50 to 57. but at the Cotton growing Places it was Rupees 47 per Candy. For the most part the trade in Cotton in this District is carried on for ready money, very little being contracted for in the way of giving an advance. The Cotton is usually conveyed to the Sea Ports on Carts. With reference to the observation of Government contained in Para 12 of the Extract from the Minutes of Consultation above alluded to, an Advertisement was prepared and published throughout the District and also read to the Ryots at the Jummabundy intimating the advantage that they would derive by attending to the careful culture, picking, and cleaning

of Cotton. The Tahsildar of Tattoor where Cotton Cultivation is carried on the most extensively having been called upon to ascertain and to report how much additional land the Ryots in his Talook would be able to Cultivate with Cotton if a remission of tax were allowed, stated in reply that there are Poonjah waste lands of 10 20 and 30 years standing to the Extent of 1107 Chains available for that purpose, which the Ryots offer to Cultivate provided remission be allowed of half the Teerwah on lands bearing a superior rate of assessment and of 1/4 of the Teerwah on those paying an inferior rate. The teerwah on the above lands varies from 17 to 40 fanams per Chain. The Ryots of other Talooks may be expected to make similar proposals. The granting of remission however as is not likely alone to cause any material extension of Cotton Cultivation, the certainty of a ready market

Fort St. George 22d November 1849

Market and remunerating prices are required and sufficient to direct enterprize into that channel. As required in the Board's letter dated 15th March 1841. Cotton seed was distributed in several places and instructions given according to those described in the letter, but the Experiment has had no success. In some cases the seeds did not come up, while in others the plants did not thrive, some ryots have stated that the Cultivation was not paid attention to, in consequence of there appearing no prospect of a profitable return.

From the Asst. Collr of Coimbatore ... Sir,

Forwarding Copy of letter addressed to the Resident of Travancore and Cochin on the subject of certain Teak Trees cut within the limits of his District

With reference to Extract from Minutes of Consultation of the Board of Revenue on the dates noted in the Margin, I beg to transmit for the information of the Board, Copy of a letter I have this day addressed to the Resident of Travancore and Cochin, regarding encroachments (frequently recurring) on the limits of the Government Teak forests growing yearly more and more valuable (as large Teak becomes scarce) and needing stringent measures and careful Surveillance for their preservation.

2 When the Boundary questions now under discussion are finally decided it may be worth the Consideration of Government whether it would not

not be advisable to secure the still remaining Teak Forests of the Native States, from further destruction, by purchasing or renting (after due inspection) the most valuable timber tracts in their territories. As the present wasteful extravagance, and unwise system of Contract Felling to the finest timber. General Cullen and Major Cotton have borne full testimony.—

I.

Fort St. George 22d November 1819

I request the favour of your preventing similar unauthorized aggressions in future.—

2 The following are briefly the circumstances of the Case On the 20th Instant it was reported to me by Venkatachella Moodeliar the native Conservator of the Government "Annually "Forests, under the Civil Engineer, that a party of Cochin Carpenters, with 2 Cochin Peons "Rannair. and Kittoo menon were Cutting Teak Timber within the Company's limits, and on perceiving further Circumstantial as reports from Venkatachella Moodeliar and the Tahsildar of Pulachy, of the facts. I desired the Conservator "personally and Carefully to ascertain what was doing to prevent "aggression on the Company's limits" and obviate the deplorable waste and distruction of valuable young Timber reported to be going forward.—

3 His report shews that 115 large Trees have been felled and

and marked as the "Cochin Cirkars" 5 others formerly felled and under Confiscation, have been now newly marked in the same manner 30" others of smaller size, young growing Teak of only 30" Years growth and but 4 to 6 feet in Circumference, have been also cut before they have come to 1/3rd of their full growth and prime, thus destroying in a few days and for the sake of a small sized beam trees which if left to attain their full growth, would be worth (at the rate Government now purchase, with difficulty, for their dockyards) from 300 to 400. Rupees each.—

Nos. 1 and 2 This Extra Establishment is indispensable in consequence of the number of Servants that can be spared from the Huzzoor and District Cutcherries being insufficient to carry on the survey of Dry Grain and Garden Cultivation, which is expected will be more extensive than the past Fusly.

Nos. 3 and 4. This additional expenditure is deemed indispensable in order to establish a more effectual check against the illicit manufacture of and traffic in Salt See letter to Board dated 27th June 1846 No. 81.

Nos. 5 and 6 This expenditure is required to check smuggling in the Make River.

Nos. 7 and 8. This amount it is anticipated will be required to check the evasion of the duty leviable on goods exported and imported in Ferry Bottoms, as well as to prevent the illicit importation of Salt and Tobacco.—

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 4th. October 1849 No. 433)

The Right Honorable the Governor in Council concurs in the views expressed by the Board of Revenue on the several points noted by the Acting Principal Collector of Coimbatore in respect of the tenure of land on the Neilgherries and desires that instructions in conformity with those views be furnished for the guidance of the local Officers

In

In the meantime they will not fail to make such alterations in the Manual as they may deem necessary; furnishing a revised and complete copy to the Government for transmission to the Honorable Court of Directors for their approval in the first instance.

Proceedings thereon;

Ordered that Copy of the foregoing Extract from Minutes of Consultation and of the Board's letter of 4th Ultimo to which it has reference be communicated to the Acting Principal Collector of Coimbatore for his information and guidance in reference to his letters of 20th and 22d August last.

Communicating to the Acting Principal Collector of Coimbatore Copy of Extract from Minutes of Consultation dated 26th October last containing instruction regarding grants of lands on the Neilgherries.

Inform: 4th Oct. 1849

2. Mr. Thomas will be guided by the views expressed by the Board in Para 4 of their letter in respect to the parties who are to be allowed to hold land upon the Neilgherry Hills on puttah instead of Lease or grant. He will also allot

allot to the Native Shopkeepers of Ootacamund the spot required by them for a school and Mosque, which they will hold on puttah, on payment of the usual assessment, so long as it be devoted to the purpose for which it has been given the land being liable to revert to Government on that object ceasing to be carried out.

3. The Board also resolve to submit to Government, as directed, a revised draft of the "Manual". The chief alteration will consist in the insertion after the 4th Para of an additional para particularizing as has been done in Para 4 of their letter of 4th October 1849 those descriptions of parties who will be allowed to hold land upon the Hills on Puttah.

Ordered also that the following letter be submitted in reply.

To the Chief Secy. to Govt.

To, The Chief Secretary to Government

Sir,

With reference to Extract Minutes of Consultation of the 26th Ultimo I am directed by the Board of Revenue

17186

Fort St. George 26th. November 1849.

Revenue to submit for the orders of Go:
:vernment, the accompanying revised
Draft of the "Manual of instructions
for the guidance of the Local Revenue Offic
in their disposal of applications for lands
upon the Neilgherry Hills" which has been pre
:pared in accordance with the views ex:
:pressed in my letter of the 4th. Ultimo. The
chief alteration which has been made in
the draft laid before Government on the
22d. January last consists in the insertion
of a new Para after Para 4 of the original
specifying the classes of individuals who
will be allowed to hold land on the Neil:
:gherries on Puttah instead of lease
or grant.

A

Manual of Instructions for the guidance
of the Revenue Officers of the Coimbatore
District in their disposal of applications
made to them for lands upon the Neilgherry Hills

1. The following Manual of
Instructions is communicated to the
Revenue

17187

Fort St. George 26th. November 1849.

Revenue Authorities of the Coimbatore District
for their guidance in the disposal of the
applications which may be preferred to
them for lands upon the Neilgherry Hills
required either for building or for Agricul:
:tural purposes.

2. For the more complete eluci:
:dation of the whole subject, the Board would
refer to the documents noted in the
margin Copies of which
have been supplied
to the Office of the
Principal Collector
of Coimbatore. From these papers the fol:
:lowing instructions have been mainly
compiled and in them the sentiments of
the Honorable Court on the rights of the
Todas and other settlers on the Hills, and
on the principles which should regulate the
grants of land for agricultural purposes
in those parts of India, which from their
climate, are most likely to be frequented
by the European Colonist are clearly and
distinctly stated.

Revenue Despatch to the Governor General of India No. 2 dated 23d. February 1842
Revenue Despatch to the Government of Fort St. George No. 13 dated 21st. June 1843
Contract Minutes Consultation dated 12th. September 1843 in Cons: 5th. Oct. 1843.

3. The Survey of the Neilgherries
(proper)

(proper) has been completed and copies of the Map of the Hills are under preparation, one of which on completion will be furnished for record in the Principal Collector's Cutcherry. In this Map will be separately exhibited.—

1 The lands in the occupation of Government
2. Those held by private individuals
3. Those brought under cultivation by the Burghers.
4 Those in the occupation of the Todas.
5. Those entirely unoccupied over a portion of which the Todas have been accustomed to pasture their herds.

Order of Government 25th July 1836.
Do. 7th January 1837
From Collector of Malabar 21st December 1847

4. Lands usually under tillage by the Burghers are it is understood for the most part roughly classified and the public demand determined. Lands which have hitherto been either altogether unoccupied or have been used only as pasture grounds by the Todas will on being taken up for cultivation have to be assessed according to the rates paid on a land of similar quality in the nearest agricultural Village unless when the land be within a specified distance from Ootacamund in

Board to Principal Collector of Malabar 23d January 1837

in which case a different mode of assessment has been laid down in the orders of Government of 25th July 1836 and 7th January 1837. These rates it is however to be observed, are chargeable only on land taken by parties other than Burghers for agricultural purposes, land for building compounds &c. will still be assessed at Rupees 5. 4 for one Cawnie in each lot the rest being subject to the assessment of Rupees 1 2 4 per Cawnie as published in the Fort St. George Gazette of 1st February 1837.

Note Viz. for the 1st class double the amount paid for the same in the Burgher Villages or 7 Rupees per Ballam or Rupees 2. 5. 4 per Cawnee for the 2d Class 3 Rupees more for the 3d 1½ more and for the 4th 1 Rupee more.

Court of Despatch 21st June 1843. Para 19.

5. The following Rules are understood as applying to all land taken up in any part of the Hills by Europeans or others for agricultural speculations or for building purposes. The native inhabitants of the Neilgherries will however continue as heretofore to hold on puttah, the lands now in their enjoyment or any further lands which they make take up for their own cultivation. Native settlers from the low country will also be allowed to hold on similar tenure such lands as they may take up bonafide for their own

own occupancy. The Collector will also be at liberty to allot to East Indians, Natives, of the Agricultural classes, Europeans of the lower orders, Pensioners and others on for houses and gardens assignments of land not exceeding half a Cawny in each instance to be held on puttah and at the ordinary rate of land assessment, such rate being subject to alteration hereafter on a general revision of the assessment of lands on the Neilgherries. The necessary stipulations respecting the maintenance of boundaries rights of way Appropriation of water &c. will be inserted in the Puttah. If in any other instances of a similar kind, it may seem desirable to give land on puttah rather than on lease or grant, the Collector shall communicate with the Board upon the subject and act according to their orders. With such exceptions as the foregoing all applications for lands upon the Neilgherries shall be disposed of in the

the manner specified in the following Paras.

6. On application being made for land upon the Neilgherries whether for building or for Agricultural purposes it will first be necessary to ascertain whether it be advisable to grant the land on lease at all or whether from its proximity to the Mounds of the Todas or other spots appropriated by them to religious rites, from its containing Forest land or valuable Timber or from other causes its occupation by private individuals be open to objection. The attention of the Revenue authorities of Coimbatore is here particularly drawn to para 11 of the Honorable Courts despatch of 21st June 1843 which it will be remarked not only guards from all interference the Mounds, sites of villages and spots held in peculiar veneration by the Todas, but interdicts the grant of lands in the vicinity of their places of residence in the hope that these may hereafter be cultivated by the Todas themselves when they shall be induced to engage in agricultural

agricultural pursuits. It will also be necessary carefully to bear in mind the observations of Government in para 11 Extract Minutes of Consultation 13th. May 1848 respecting the necessity of providing for the preservation of the woods in the hills not only on account of the Timber but for the maintenance of the streams and springs which are supplied or protected by them.

7. If on careful enquiry being made upon the above points, the result should be satisfactory, a full report is to be made to the Board of Revenue upon the subject, embracing all particulars and accompanied by an Extract from the survey of the Neilgherries so as to exhibit the extent and situation of the land applied for and of that in its immediate vicinity on their approval being signified the Collector will after due notice, proceed to put up the land to public auction, at an upset price, in the manner which may appear to him most convenient and best adapted for ensuring fair and equal competition. The upset price must vary with

with circumstances, but should usually be from 8 to 10 years assessment of the land to be sold. The amount which he would propose for such price should always be stated in his preliminary report to the Board - and it is to be understood as being altogether distinct from and in addition to the actual land assessment which will be collected yearly according to the terms of the lease. The land will then be knocked down to the highest bidder or to the original Applicant at the upset price if there be no advance upon it, but under the following conditions and limitations.

Letter to Supreme Govt. Para 61.

8. It is to be clearly understood that the fee simple property in the land will be granted on lease only and at the expiration of the term for which it has been leased, it will be liable to reassessment as may intermediately have been introduced. Leases for lands taken up for agricultural objects will be granted for periods not exceeding thirty years, those for building purposes for 99 years, renewable every 33 years at the option of the Lessee and without payment of fine

fine on enhancement of Assessment.

See the above Despatch particularly.

9. Land will not be granted for Agricultural purposes to any person who may be unable to satisfy the Collector if required that he possesses the means for bringing it under cultivation. The Collector is authorized to reject or set aside all offers from individuals who may decline or may be unable to satisfy him on these points altho' their biddings may be the highest subject of course to an appeal to the Board of Revenue and Government within a reasonable period.

10. If it shall appear to the satisfaction of the revenue authorities upon enquiry previous to the issue of a lease or at any time during its currency, that the land leased is liable to the payment of Goodoo or compensation fees to the Todas, the Goodoo payable to these latter will be collected from the Grantee in addition to the Assessment for the purpose of being paid to the Todas from the public Treasury. The Amount of Goodoo in each case shall be determined by the Collector subject

D.S.

subject to an appeal to the Board of Revenue.

See Letter from Board 10th. Novr. 1842 Minutes Cons. 12th. Sept. 1843 Para 7 Letter to Supreme Government Para 50.

11. Every Lease of land for cultivation shall contain stipulations that the lessee shall bring into cultivation certain specified proportions of the land granted him within certain given times in failure of which the lease shall be liable to be declared null and void. such portion of the land as may have been left uncultivated will be forfeited at the discretion of the Board of Revenue and the lessee in each case will be liable to such penalties as shall be determined in the lease.

Letter to Supreme Government. Para 62

12. No lessee shall be at liberty to transfer or otherwise alienate any part of the land leased to him which he shall not have brought under cultivation.

ibid Para 54

13. The lessee shall be bound to erect boundary marks around the land leased to him and shall maintain them in good condition at his own charge.

Para 54

14 He shall also respect all roads footpaths and rights of way. It is indeed desirable that such roads &ca. should be as

as far as possible ascertained and specially excepted from the lease. He shall further engage to allow rights of way thro' his own land, though none previously existed in the event of land adjoining to, or beyond his own being taken up for cultivation by others, so as to make their land accessible in the event of any public road being required to be carried through his limits or of such right of way being needed for any public purposes. The lessee shall however be entitled to compensation for the land which he may give up for this purpose which compensation shall be determined in the mode prescribed in Para 17 of this Memo!

15. It is to be clearly understood that Government reserve to themselves in the fullest manner the complete controul over all streams springs reservoirs and channels of irrigation. No stream is to be diverted nor its water taken for purposes of irrigation without the special cognizance and sanction of the revenue

Letter to Supreme Government Paras 53. 54.

revenue authorities of the District - Springs streams rivulets &c. should wherever practicable be specially exempted from the lease.

Ibid P. 54

16. Government reserve to themselves all mineral products of the land granted on lease. with liberty to work mines wherever desirable and free right of way to such mines or due compensation being made for the extent of land thus appropriated.

17 Government further retain the power of taking on fair and equitable compensation any land included within the limits of a lease which may be required for the construction of a road channel or other work of general utility and convenience or for the exigencies of the public service. The compensation referred to in this and the preceding Para shall be determined by arbitration. One assessor being named on the part of the Lessee and of Government respectively. which two are jointly to choose a third. The award of the majority shall

shall be taken except in cases wherein gross partiality or incompetency on the part of the arbitrators shall be proved to the satisfaction of Government in which case the award shall be set aside and three fresh assessors nominated in the manner above stated whose decision whatever it may be shall be final.—

18. In all questions which may arise regarding the sense in which the provisions of this lease are to be construed in all boundary or irrigation disputes, or differences with the natives, the lessee shall be bound to abide by the decision of the Local revenue authorities, subject however to an appeal to the Board of Revenue and Government.

19. Stipulations to the effect contained in the preceding Paras will be introduced into the form of lease which is now under preparation by the Law Officers of Government, and which when completed will be furnished for the

the guidance of the Revenue Officers and in which the Board direct may in all cases be adopted.—

20. It will however be understood that althó land for which application may be made upon the Neilgherries will as a general rule be disposed of by public Auction in the mode and on the conditions specified in the preceding paras, the Government nevertheless reserve to themselves the right of granting land without prior competition or exposure at an upset price and on such terms as they may see fit in all cases wherein with a view to promote agricultural undertakings or improvements or for any other purposes it may seem to them desirable to do so.

21. It will be seen from the Honorable Courts Despatch of 21st June 1843 that the rights of the Todas over the Neilgherries table land are in the judgment of the Home Government simply those of pasturing their herds over

Fort St. George 26th. November 1849.

over the hitherto unreclaimed portion of it. They can as the Court have remarked dispose of such rights only as they themselves possess. No party therefore purchasing land from the Sodas can be held to have bought any other right than that of pasturage if the land be required for cultivation it must still be disposed of under the rules in force by public auction for that purpose, the goodoo on the land when such may clearly appear to be payable being in that case paid to the party who has purchased the right of grazing from the Soda in place of to the Soda himself. The right of the Burgheer would seem to be simply that of occupation. No purchase therefore concluded with a Burgheer can confer a title to any land unless, as in the low country, the lands sold be Shericab land i.e. land immediately in the occupation of and under cultivation by the latter, and that subject to the limitations and conditions of each description of land

22. Copy of this Manual and of the papers referred to in it, are to be furnished to the Commanding Officer of the Hills for his information, and for public convenience and reference.—

4 It is observed that out of the 260 persons "charged" 96 per cent have been convicted, a larger portion by far than in any of the 4 preceding half years except one, and out of the 260 only 8 were of the Collectors' Establishment, the rest with one exception being Village Officers—

2d 1/2 of 1847.

5. The greatest number of persons charged were in the Districts of Coimbatore (71) and North Arcot (77) although the number in the former District is much less than it was in the last half of 1848. Of the 77 charged in North Arcot 76 were convicted—

6 While the number of persons convicted and punished amounted to 248, only six Appeals were made under Section VI. Regulation VII of 1828 to the Board of Revenue on every one of which the judgment was confirmed

Conveying the observations and orders of Government on the Board's Proceedings relative to the effect of Trees on the climate and productiveness of a country and the result of their opinion on the various reports submitted by the Collector.

Read the following letter from the Secretary to the Board of Revenue.

I Here enter 1st October 1849 No 423

Para 1 The Right Honorable the Governor in Council observes that in the above letter the Reports of the various Officers of Government on the subject under review are condensed in such a manner as to afford above one view the general result of their opinions

2 That there have been in some parts of this Presidency extensive clearances of Forests there is no reason to doubt, but there are no Contemporaneous observations as to the effect of these clearances and where facts are absent it would be useless to discuss the theoretical argument as to the effects of Trees on climate

3 The Right Honorable the Governor in Council concurs in the opinion

opinion expressed by the Board of Revenue in para 54 of their letter, that Trees of themselves cannot cause rain but is under no apprehension, that any amount of what may be called Timber planting is likely to be carried on whatever be the encouragement offered to a pernicious extent in a Sanatory point of view—

4 The communications from the Local Officers are by no means devoid of interest nor utility. Three of them have been printed by order of Government and are already before the Government of India—

5 With regard to the general advantage of Trees in such a country as India, there can be no doubt, and their effect on the supply of water for irrigation is clearly pointed out in Mr Balfour's letter in preventing the rain water from running off too rapidly and forming an obstacle to Evaporation—

6. The degree of evaporation that often takes place in India is very striking— Even at Madras which is on the coast, the degree of Humidity is often at 35, extreme saturation being 100.

The

17206 Fort St. George 26th November 1849

The mean daily evaporation from the surface of still water is 0.303 in or 110 inches a year — In the interior it would of course be greater —

7. Another advantage derived from Trees in an arid country is their effect in causing a deposit of dew — The fall (so called) of dew in a moist Country like England has been estimated at 4 or 5 inches per Annum In India it must be much more, and so far the effect is the same as if Trees induced rain

8. Independently of the question of the effect of Trees on climate, and as Productiveness, some of the Reports submitted to the Board contain valuable information as to the present wasteful method of Cutting timber and suggestions as to its better preservation —

9. Ordered that the above correspondence with the foregoing observations be communicated to the Government of India in continuation of the letters of the dates noted in the margin, with an intimation, that these Complete all the information available on the subject

From the Collector of Bellary

I have the honor to request you will if the Board of Revenue have no objection to the Measure obtain their permission to a slight alteration being made in the allowance of two of the Deputy Accountant Writers. The Deputy Accountant English [illegible] has deceased, and I have appointed to the situation of Head Man in the Office most qualified for that particular Duty. But the correspondence Writer is a Servant of longer standing and from being constantly on Circuit with the Collector, which the Deputy Accountant is not, is put to very considerable expense. and I think his Pay should be equal to that of the Deputy Accountant—The pay of the Deputy Accountant in the Moyenjabitah is 53½ Rupees That of the Correspondence Writer

The reasons assigned by the Acting Collector for his proposition to equalize the salaries of the correspondence writer and the Deputy Accountant are that the former is a servant of longer standing than the latter, and that from his being constantly on Circuit, with the Collector he is put to very considerable expence. The first of these considerations is personal applying only to the present incumbent and as regards the second the Writer whilst on Circuit receives Batta on account

from the Board's proceedings under date the 11th October 1849 desiring that the practice of requiring security from Monigars of Villages introduced so recently as 1837 should be discontinued and requesting that I should again consider the subject and communicate my sentiments stating the description of security required. I have the honor to state that in many instances prior to 1837 the Monigars having embezzled the Circar collections and having had no property &c. to reimburse the amount so misappropriated. the practice of requiring security from them was introduced and collections to a very large amount are made by most of them in this District, consequently the security at present are held responsible for any portion of the amount of collections misappropriated which could not be recovered from the Monigars. This restriction tends to check and prevent the malpractices of the Monigars to a great degree and I therefore am of opinion that the requiring of security is essentially necessary in this District.—

I &c.

The competency required of the Security is equal to the amount of the collection of the Villages to which the individual tendering security is appointed Monigar So other particulars regarding this subject mentioned in Para 2 of my letter of the 11th September 1849 I have nothing more to add.—

In the communication above recorded the Collector repeats the opinion given in his previous letter of 11th September last that the practice of taking security from Village Monigars is very necessary for the protection of the Government revenue in his District The Board will not at present pursue the subject as they have now under their consideration the general question of the securities to be furnished by Native servants in the Revenue Department regarding which a Circular was issued from this Office under date 2d October 1848 until

Furnishing the information required by the Board relative to the balances against the Padavadoo and Comarapollium Estates.—

Sir With reference to Extract from Board's proceedings under date the 11th October 1849 requesting me to state whether the balance of Rupees 1143-9-3 remaining after the sale of Padavadoo Mootah in 1831 has since been collected or remitted. and whether there are any other demands on behalf of Government which might be urged against that and the Comarapollium estate as a set off against the Giddagawel collections, I have the honor to submit copy of a communication from the Subcollector and to state that the balance against the Padavadoo Mootah up to the date of its sale in Fusly 1231 amounted to Rupees 1294-9-3 including the Interest and the amount of the proceeds of sale Rupees

Amount 1266-9-11
Interest 27-15-4

In July 1241 the Motursha collection Rupees 23—4—9 which was due to the Mootahdar for July 1230 was also carried towards the liquidation of the above amount. and the remaining Assn balance Rupees 119—7—1 was finally remitted agreeably to the sanction of the Board, dated 4th December 1835; but a small portion of the Interest Rs. 13 Pice 5, was still entered in the accounts as a balance against the Mootahdar. As the Mootahdar now claims the past collection of Giddagavel land there is also a reasonable right to think, on the part

*Assn ——— 119—7—1 of the Circar to deduct the balance remitted to

2 A Statement now found on Record. which appears to have been prepared in Fusly 1241 by one Vasvadava Row the late Head Goomastah. shews that no demand whatever on behalf of Government exists which might be urged against the Estate of Comarapolliem as a set off against the Giddegavel collections. It thus appears that there are no sums in balance against the Estates.

In Para 3 of the Sub Collectors report forwarded with the above letter, it is stated that an order had been issued by him to the Tahsildar of Shenkerry droog, directing him to report to the Huzzoor whether there were any other demands on behalf of Government against the late Proprietors of Padavadoo and Comarapolliem beyond those adverted to in Mr. Maltby's letter, the result of which reference the Sub Collector promised to communicate afterwards.

2 Mr. Lockhart will be good as to report whether any further communication upon the subject had been received from Mr. Maltby up to the time of forwarding his letter, or subsequently and if

if so, he will be pleased to state its purport.

3 In Para 2 of his letter the Sub Collector writes "a Statement now found on Record which appears to have been prepared in Fusly 1241 by the late Head Goomastah, shews that no demand whatever on behalf of Government exists which might be urged as against the Estate of Comarapolliem as a set off against the Giddagavel Collections." The Board wish to know what this "Statement" is, and whether the fact of Government having no claim against the proprietors of the Estate rests upon this document only, or may be proved from the accounts of the Collector or Sub Collectors Cutcherry. It is observed that in his letter of 7th June 1847 - Para 11. Mr Maltby stated that the Estate of Comarapolliem had been sold for the exact amount of arrears outstanding against it, Viz^t, Rupees 2870. From Enclosure No 1 which accompanied Mr Cockburne's letter of 12th July 1821, it would however seem that the arrears against Comarapolliem at the time of its purchase on account of Government was Rupees 2888-9-7 thus leaving a balance of Rupees 18-9-7 after deducting the purchase Money Rs 2870 — Mr Lockhart's attention is called to this point. —

From the Collector of Madura — Sir,

I have the honor to transmit one of the Forms received with your letter of the 24th September filled up according to the instructions contained in that communication and await instructions before making entries in the remaining 2 Forms.

2. The Revenue derived from the Pulney Hills is entered under the Head of other Sources while rented and under that of Annual Settlement since the time of the introduction of the Ryotwar yearly Settlement -

The

17232 Fort St. George 26th November 1849.

3- The income derived from Tank Fish is included under the Head of other Sources in this Statement altho' it is entered under the Head of Small Farms and Licenses among the Extra Sources of Revenue in the Annual Reports.

4- Any Woodengul of late Crops reaped within the Fusly, but not included in the Summabundy being usually carried to account under the Head of Survey Summa is here entered in the column of other Sources with reference to the 1st Para of the Circular letter altho I entertain some doubt whether it should not rather be entered in the Column of Annual Settlement.-

Sir

From the Asst. Coll.
of Tinnevelly

With reference to the Extract from the Proceedings of the Board of Revenue under date the 23d July last, I have the honor to forward a List of certain families of Rajputs who claim to belong to the Tribes mentioned in the Margin and referred to in Captain Ellis's letters Nos 375-377 and 379 dated 13th April 1849. It will be seen that there are 9 families all residing in one Village Shuckumputty attached to the Taluk of Tencausey consisting of 59 individuals stated to have separated from their main Stock about a Century ago.

Para 52. The restriction imposed on Zemindars

Zemindars of paying only 1/3 of each instal-
ment may, if the Government think fit,
be removed as past experience shews that
the Zemindars are not likely to avail
themselves of the privilege to an extent
which could occasion financial incon-
venience, but it will be the duty of this
Office still to watch the effect of the
measure, and if it should be found to
work inconveniently which I have not the
least reason to think will be the case the
restriction may be either wholly or par-
tially re-imposed.

Chief Secretary.

1. The Right Honorable the Go-
vernor in Council having carefully con-
sidered the foregoing correspondence on
the subject of the circulation in the Mofussil of the Notes of the Bank of Madras,
records the following observations.

2. The Board of Revenue and
the Accountant General have most fully
refuted

refuted the assertions of the Chamber of
Commerce, that orders issued by those Autho-
rities had gone far to render nugatory the
intention of the Honorable Court and of
the Government regarding the extension of
the circulation of Bank Notes.

3. The Accountant General
has also completely exposed the groundless
nature of various other assertions connect-
ed with this subject, which the Chamber
of Commerce have ventured to bring for-
ward, and the Governor in Council directs
that that body be informed that, in all similar
communications which they may in future
address to Government, they will be expected
to particularize and not to deal in gene-
ralities as is observable in many parts
of their letter under consideration.

4. Concurring most fully
in the remarks of the Accountant General
contained in his report above recorded,
the Governor in Council directs that a
copy of it be furnished to the Chamber
of Commerce, to whom paras 249 of the letter
from

from the Secretary to the Board of Revenue will be also communicated.

5. The Right Honorable the Governor in Council will offer no objection to the Rule authorizing the payment of One third of the instalments of Zemindars in Bank Notes, being extended to two thirds or even the whole Amount under the Stipulation pointed out in the 5th para of the Accountant Generals letter.

6. With regard to the receipt into the Talooka Treasuries of a Bank Notes, the Government adhere to their resolution of the 1st June 1848 A.S. 269, a copy of which will be furnished to the Chamber of Commerce. It is only necessary to observe that had a warning been needed of the danger of such a scheme, the recent discovery of some forged Bank Notes at Bombay which threw the whole monetary system of that Presidency into utter confusion would have furnished it and the Government believe that, were Bank Notes ordered to be receivable into the Talooka Treasuries, in less than twelve Months, a large

large proportion of those in circulation would be forgeries.

7. The Governor in Council cannot for a moment entertain the proposition of the Chamber of Commerce for Collectors and Paymasters in the Provinces being allowed to Exchange Specie for Bank Notes presented at their Treasuries, this would in effect be placing those Functionaries on the footing of the Managers of Branch Banks.

As the power of Collectors to receive and issue Bank Notes / when either tendered or demanded / is already unlimited the Governor in Council cannot, in the slightest degree, concur with the views of the Board of Revenue, that perhaps Collectors might be left some discretion in basing Bank Notes. The appropriation of the surplus Funds in the Provinces to the use of Mercantile and other Applicants, can only be conducted under the vigilant and experienced guidance of the Accountant General, the financial

financial Adviser of Government.

3 From the Chief Secretary to Government — communicating letter from the Collector of Canara containing his suggestions in connexion with the arrangements for the proposed supply of Timber from the Soonda Forest for the use of the Engineers Department in Darwar and Belgaum with a letter addressed to the Government of Bombay requesting that if the suggestion offered be acceptable a communication to the effect be made direct to the Collector of Canara.

Extract from the Minutes of Consultation

Dated 20th November 1849 No. 415.

Read the following letter from the Collector of Canara.

To

J. F. Thomas Esqre

Chief Secretary to Government

Fort St. George.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Minutes of Consultation (No. 379) dated 19th Ultimo forwarding copy of a communication from the Bombay Government respecting the mode of supplying timber for the use of the Engineer's Department in Darwar and Belgaum, and directing me to state my views respecting the suggestion contained in the letters of Doctor Gibson, and of the Military Board at Bombay.

I

2. I have recently been in communication with Dr. Gibson upon this subject, and our opinions are in full accordance as to the expediency of placing the supply of timber for the purposes referred to under some further regulation, but at the same time avoiding as much as possible the multiplication of forms and correspondence which take place in regard to the contracts for the supply of timber for the use of the Dockyard at Bombay to a somewhat inconvenient extent.

3. The object in view to mainly to place a check upon the underhand and private jobbing of the native Servants employed in the Departments to be supplied, to which there is great temptation owing to the value of timber, and which cannot easily be controlled as long as an indefinite quantity can be applied for and is expected to be furnished without question.

4. I would propose then that on all occasions in which it is proposed to procure timber for public purposes and

and particularly for buildings, the Engineers Department should in transmitting its Estimates to the Military Board and Bombay state at the same time the quantity and description of timber which it is desired should be furnished from the Canara forests. This would enable the Board to check the quantity applied for with reference to the Plan and Estimate and to see that more was not demanded than was requisite for the purpose for which it was intended.

5.

On the Estimate receiving the sanction of the Military Board a communication might be made to the Collector of Canara of the quantity and description of timber to be supplied or it might be transmitted through the Engineers Department, who could furnish a copy of it to the Collector and should be directed at the same time to remit, by bill, from the sanctioned amount of the Estimate, a sufficient sum to defray the necessary Expenses of felling, squaring, and collecting in some

convenient spot the timber required. Orders would then be immediately issued to the Sub Conservator to prepare the timber, and as soon as it was ready intimation to that effect would be given to the Officer applying for it, and he should be expected to take measures for removing it as soon as possible after it is ready for delivery. I consider this a point of some importance, for I have had instances in which the timber applied for has been left exposed at Hullial, for one or two years after it was prepared by which it is liable to become cracked and damaged, and disputes then arise as to its acceptance or rejection.

6

I would propose that the preliminary measures of felling and squaring, and of transporting the timber from the interior of the forests to one convenient place near the frontier should be entirely conducted by the Sub Conservator and his Establishment, that it should then be delivered to the Department at

or Officer applying for it, and that all arrangements for transporting it to its destination whether by contract or otherwise, should thenceforth devolve upon him — Receipts for the timber should invariably be taken by the Sub Conservator from the agents of the Department for which it has been prepared, who have been deputed to receive it, and after the delivery of the entire quantity the account could easily be adjusted between the Collector and the Officer to whom it has been furnished.

8. — There is one point referred to by Doctor Gibson which requires some consideration — This is the Amount to be charged for the timber exclusive of the actual Expenses of furnishing it — Dr. Gibson in his present communication, I observe proposes only that the usual Sovereign (or what is here locally called the "Hootcanicke") should be levied — This is now collected at the same rate as the former Export duty, or at 5 per Cent on the assumed value of the timber — I have understood

however from that Officer that it is the practice at the forests within the Bombay Presidency which are under his control, to charge the full value of the timber to the department to which it is supplied, and I am disposed to think that on some accounts this plan is preferable — It would involve no additional charge to Government being simply a matter of account but it would have the advantage of showing the amount of profit derived from the preservation of the forests by crediting to it the actual value of the timber furnished from them, and in the same way in regard to the Department to be supplied as in the case of Public buildings — Although it would of course nominally increase their cost beyond what it would be if the timber were furnished gratis — yet it would only show the legitimate expense or value of the buildings when finished — I believe that the correctness of the principle here referred to Viz. that the profit and loss of each Department should be kept distinct is very generally recognized and acted upon in

Fort St.George 29th. November 1849

other departments, thus the full value of tools supplied from the Government Stores for public works is invariably charged to the Estimates for these works The average value of the teak timber delivered at Hullial may be taken at about 10 Rupees per Candy.-

9.- No other suggestion occurs to me at present, although it may probably be found necessary hereafter to modify or add to the rules above proposed. Should the Government approve of the general plan here suggested I think it might be with advantage be also extended to timber furnished for the use of the Commissariat, or Engineers Department at Bellary.-

2. Provided Goolam Moorteza Khan has no other resources to depend upon the Government will not object to relax its previous orders so far as to direct only a portion and not the whole of his share of the proceeds of the Shrotrium, to be appropriated towards the discharge of the balances due by him to the other co-proprietors, the amount to be so deducted being fixed by the

Para 1.

Forwarding two Statements the one of the actual charges incurred for Fusly 1258 & 1848/49 the other of the Estimated charges to be incurred for Fusly 1259 1849/50 for the Establishment required to be employed to assist the fixed Establishment during the period of the ensuing Revenue settlement.-

With reference to the Circular letters from the Board of Revenue dated 15th July 1843 and 18th August 1845 I have the honor to forward two Statements the one of the actual charges incurred for Fusly 1258 1848/49 and other of the Estimated charges to be incurred for Fusly 1259 1849/50 for the Establishment required to be employed to assist the fixed Establishment during the period of the ensuing Revenue Settlement.

2.

As required in Para 2 of the letter from your Office dated 22d February last, the quantity of concealed land that has been detected by the additional Karcoons, and subjected to payment, has been specified in the Column of remarks.- The amount falls short

of what has been so carried to account in previous years - owing to the circumstances of the season

Adverting to that part of the Para referred to in which my opinion is required as to whether the services of these Karcoons may not be dispensed with under the inducement that has been held out to all Individuals to afford information of concealed cultivation, I beg to state that as no Lands can be made subject to payment on any Party alleging the same to have been cultivated and concealed or without the survey of these Lands being made, and as Individuals complaining have not access to the public accounts and rarely ever particularize the numbers according to the Pymash, that may be concealed, I am not inclined to think that the order of the Board of Revenue referred to in any way renders the duties of this class of servants less arduous - From the circumstance of several Villages in each Talook being annually left unexamined, the

the number of additional Karcoons sanctioned for employment it would appear have more work to perform than they can accomplish. I would not therefore recommend that any reduction be made in the number of these servants.

3. The very great disparity in the Number of Karcoons employed in Bellary and Cuddapah in proportion to the Pymash numbers in each District as marginally noted, induces me to suggest the propriety of assimilating the two Districts in some respect and of placing this District on a better footing so far as the interests of Government are concerned. The Pymash numbers of Land in the Bellary District it would appear is about one half as compared with those in this District while the number of Karcoons employed in the former District is double the comparitive being about 4 to 1 in favor of a District in which supervision is not nearly so much required as in Cuddapah owing to local circumstances - and this in a double degree shewing that the natural order of things has been reversed.

since lapsed to Government, this anomaly will not appear in the future accounts.—

2 In Para 6 the Board observe that a remission of Rupees 309-9-11 for Christian Churches and charity Choultrums entered in the accounts of fusly 1256 does not appear in those for fusly 1257 In regard to which I beg to point out, that, the accounts for the year under review were prepared according to the forms and headings prescribed by the Board of Revenue, and received in this Office subsequent to the preparation of the Immanabundy accounts for fusly 1256. In consequence of which the rent of these lands which have been entered in the accounts of Fusly 1257 as manniems does not appear amongst the remissions whilst in those of the preceding year the rent was so exhibited. I beg also to point out to your notice that in the Statement No. 26 which accompanied the Land Revenue Report for fusly 1256, a remark was entered shewing

Fort St George 29th November 1849

shewing why the accounts for that year had not been prepared fully in accordance with the new forms then just received but adding that they would be adopted in the subsequent one. This circumstance has led to the supposed difference and omission.—

3 The apparent discrepancy in the value of Inams amounting to Rupees 69,878-2as-0p between the amount entered in the Statement No. 4 Col 11, and the amount noted in Col 75 of Statement No. 5 noticed also in the 6th Para, arises from the former of these sums comprizing the assessment of the — Jaury and reverted Inams situated in the Villages assessed with fixed money rates and the rent of the Village nuttum lands and backyards, which from being in the occupation of Ryots were held free of — assessment, but exclusive of the value of the Enam lands situated in the Villages assessed by Mr. Hepburn, those lands not having

having been assessed at fixed sums whilst the latter account includes with the Saury Inammums, the Value of the Inams situated in the Villages assessed by Mr Hepburn, the value being calculated at the average rate of their respective Village lands, but excludes the Village muttum lands and reverted Inamminms- The Statement given in the margin will more clearly show these particulars-

the suggestion of the Right Honorable the Governor in Council would observe that if the principle put forth in Para 7 be ap=proved of, and ordered to be carried out the apparent amount of remissions in this District will be very greatly decreased for according to the present system of preparing the accounts under the Board's orders, the very highest sum that could under any circumstances be included in the Settlement, is entered in them as the demand, and the difference between that amount and the actual Settlement is shewn as remissions, thus the rent of all lands which the ryots agreed to cultivate early in the season, but which may from de=ficiency of rain or other reasons, be left uncultivated, is included in the demand, and on reasons shown appears also as a remissions so likewise in the Villages included in the early survey assessment all the wet lands that happened to be cultivated with 2 crops in the particularly favorable

favorable season that was from that cause selected as the bases on which to fix the assessment were assessed with a consolidated 2 crop Teerwah, but as such favorable seasons cannot always be expected, or if, as is often found to be the case, the Well by means of which the early crop was irrigated has fallen into disrepair or if from some cause beyond the cultivators control, such lands should be cultivated with a single crop only, then it has been customary to include the consolidated Teerwah in the demand, and to enter 1/3 as a remission under the head of Bhogakummy - thus swelling uselessly the amount of demand and remission.—

5 As there can be no doubt that ryots on account of the reduced rates will cultivate, when they can profitably do so, second crops on lands which have already yielded a first crop it appears to me advisable that the distinction of single and double crop land should be dropt, and all lands should be considered as single crop land, liable to an additional assessment

assessment for the second crop equal to one half of that leviable on the first, such a system would not in reality affect the revenue, whilst it would simplify the accounts, nor does the fact of the lands being assessed with a consolidated Teerwah present any difficulty, nor need a revised Settlement be made for a rent equal to 2/3ds of the consolidated Teerwah. may be considered as the fixed Teerwah on the land and the 1/3d might be levied when a 2 crop was raised.—

6 In regard to the explanation called for by Government in the 10th Para of their Proceedings on accounts of the item of Rupees 1850—7—4 or 37 per Cent due by the Zemindary tenures I have to state for their information that of this sum Rupees 297—10— was due by the late Mootahdar of Sotoo= =peroombadoo, whose estate was sold for arrears and purchased by Govern= =ment, and the above sum was subse= =quently written off from the accounts under the sanction of Government dated

dated the 16th July last, the remainder
as p
Vizt Rupees 1552—13—4 was due up to
30th April last by the Minor zemindar of
Vullacotah since which however a sum of
a p
Rupees 416—4—4 has been recovered - Steps
have also been taken to recover Rupees 35-9-6
due by the Ryots but the remaining sum
a p
of Rupees 1100—15—6 outstanding against
the Minor is irrecoverable. The balances
outstanding against the minor will form
a separate subject of reference on his attaining
his majority and which event will occur
within 11 months.—

7 Proceeding further, the Government
in Para 12 of their observations wish to be
informed why the assessment of the enams in
the 38 Villages assessed by Mr Hepburn is not
shewn in Statement 4 A in reference to which
I beg to observe, that in his settlements comprizing
58 Villages, the circar sheigal lands alone were
assessed, The Value of these Enams has
therefore been assumed with reference

reference to the average teerwah on the
Sheigal lands, and the sum total of the
assumed amount being excluded from
Statement No. 4 A is exhibited in Col 7
of Statement No. 5 tho without specifying
their extent of land -.

8 Referring to a further remark
on the same Para I beg to observe that the
enam lands of the District are generally
of the best description of land, whence
their average value is naturally higher
than the average of all the circar lands,
which comprize much inferior with the
more fertile soils.—

the remainder Rupees 190720-9-7 is the amount entered in Col 75 Statement No 5 and apparently intended to exhibit the value of the whole Inam lands, properly so called of the Chingleput District. It does not how appear how the Nuttum lands are brought to account in the 58 Villages settled by Mr Hepburn. Again it is observed that the quantity of Inam in those Villages L. 912-1/2 as given in the margin of Para 4 of the Collectors letter, does not tally with that L. 993-11 5/8 shown in Col 7 Statement B the difference C 81-13 3/8 being apparently made up of the 30 3/8 L of Garden land in Col 5 and L. 57-13 of "Inam subsequently sanctioned by Government" in Col 6. The value of this latter quantity 81-13 3/8 does not seem to be included in the amount Rupees 190720-9-7 entered in Col 75 Statement 5 the Board would wish to receive explanation upon these several points.—

5

In Para 4 of his letter Mr Frees states" according to the present

LR.

Fort St. George 29th November 1849

system of preparing the accounts under the Boards orders, the very highest sum that could under any circumstances be included in the settlement is entered in them as the demand, and the difference between that amount and the actual settlement is shewn as remissions, thus the rent of all lands which the ryots agreed to cultivate early in the season but which may from deficiency of rain or other reasons be left uncultivated is included in the demand, and on reasons shown appears also as a remission." These remarks appear to apply to the "Nuttum" system lately ordered by the Board to be introduced into Chingle-put - but which however was not carried out in the year more immediately under review Fusly 1257. In all districts wherein the practice of taking engagements from the ryots at the commencement of the cultivating season obtains, some difference must be expected between the extent of land taken up and that actually

actually brought under cultivation - The re-
-missions upon this head in Cuddapah
known by the term Cahoolaty Punjer a-
mounted in Fusly 1257 to 2,25,576-9. It may
be anticipated also that the difference
ceteris paribus will be greatest at the first
introduction of the system and when the
revenue servants and the ryots are imper-
-fectly acquainted with its object and work-
-ing - It will decrease as the system becomes
better known. To some esctent such diff-
-erence and consequent remissions must
always exist, they can only be kept
within due limits by care and attention to
the preparation of the Settlum accounts
so as to exclude therefrom all land which
the ryot has not the means of bringing under
the plough -

6- Again Mr Freese proceeds to say
"so likewise in the villages included in the early
survey assessment, all the wet lands that happened
to be cultivated with 2 crops in the particular
favorable season that was [illegible]

selected as the basis on which to fix the
assessment, were assessed with a consolidated
2 crop Seerwah and are entered in the ac-
-counts as two crop land, but as such favorable
seasons cannot always be expected or if
as is often found to be the case, the well by
means of which the early crop was irrigated
has fallen into disrepair or if from some
cause beyond the cultivators control such
lands should be cultivated with a single
crop only, then it has been customary to
include the consolidated Seerwah in the
demand and to enter 1/3 as a remission
under the head of Bhogakummy - thus swel-
-ling uselessly the amount of demand and
remission"

So there can be no doubt -
that ryots on account of the reduced rates
will cultivate when they can profitably
do so second crops on lands which have
already yielded a first crop, it appears
to

to me advisable that the distinction of single and double crop land should be dropt and all lands should be consider:ed as single crop land liable to an additional assessment for the second crop equal to one half of that leviable on the first. such a system would not in reality affect the revenue whilst it would simplify the accounts, nor does the fact of the lands being assessed with a consolidated Teerwah present any difficulty, nor need a revised settlement be made; for a rent, equal to 2/3ds of the consolidated Teerwah, may be considered as the fixed Teerwah on the land and the 1/3d might be levied when a 2d crop was raised."-

7. On reference to the Abstract Statement contained in para 8 of the Collectors report upon the settlement

17th Jons 26 Octr 1848.

of Fusly 1257 it is observed that the total extent of double crop land cultivated in that and the preceding Fusly and the amount of Fusl Cummee given in each year is as under:-

	2 Crop land	Assessment	Fusl Cummee	Percentage
	C.	R	R	
Fusly 1256	12,533-11 3/4	17,423-10	15,238-7-9	8 10/16
" 1257	12,717-6 1/8	17,168-15	11,569-4-11	6 7/16

the Fusl Cummee remission bearing to the full double crop demand the proportion of 8 10/16 per Cent in the former and 6 7/16 per Cent in the latter Fusly - It appears to the Board that such amount of remission is hardly of sufficient importance to call for so considerable a departure from the revenue usage of the District as that recommended by the Collector. It is to be remembered that

that at present the onus of establishing his title to remission lies upon the ryot, who can obtain it only by furnishing due proof that from causes beyond his control and mainly from failure of water he was unable to raise a second crop. Were the system altered the ryot would be relieved from all obligation to raise two crops on the best descriptions of land and would be at liberty to apply the water to the cultivation of a second crop upon the more lowly assessed one crop lands at a low rate of Fusl Jasotee or additional teerwah to the prejudice of the Government revenue - Moreover the distinction between single and double crop lands is not confined to Chingleput but obtains in many other Districts and any change in this respect if made at all should be introduced generally a measure which until the necessity for it be more clearly established the Board would be reluctant to advocate. -

From the Collector of Chingleput -

Sir.

I have the honor to transmit for the information of the Board of Revenue copy of the remarks of the Principal Sudr Ameen of Chingleput on a trial wherein a great number of Prisoners were committed by the Head of Police of the Cotramaloor Talook on a charge of having waylaid and robbed a Duffadar and Peon when conveying some revenue collections from one of the Villages in his Talook to the Cutchah. - The conduct of the Head of Police throughout appears to have been so illegal and improper that it would be quite impossible to retain him in that situation even did he give satisfaction as a Revenue Officer but which he has not done, I have therefore the honor to report for the information of the Board that I have suspended him from his functions and wait their sanction for his discharge. -

The

Criminal Cases
No 71 of 1849.

Fort St. George 29th November 1849.

A

The prisoners from 17 to 41 excepting the 39th deny the charge before Police and the Court and there being nothing to prove that they received the articles, knowing that the same had been got by robbery they have been ordered to be released on the 18th October 1849.

The 1st 2nd 3d 4th 5 6 16 and 39 Prisoners confessed the charge before Police and deny it before the Court.-

The other prisoners deny the charge before both authorities:-

Upon examining the records the Court is of opinion that there is not any thing in it to substantiate the charge against the Prisoners.-

The robbery took place on the 1st June, the Duffadar being chief of those who escorted the treasury, deposed on the subject the next day the 2d day of June - In which deposition it is stated that about 30 Corana people of the western Country came armed with weapons that 5 of them

Fort St. George 29th November 1849.

had their faces covered with cloth that the deponent and his escorting party were hemmed behind by 10 Coravers and on the sides by 15 Coravers - The deponent further discribed what else then happened.-

The 2nd 3d 4th 5 6 7 8 and 9 witnesses as well as Pooneen now the 16 prisoner are also the persons who escorted the Treasury and they gave their depositions on the 2d June on the subject, they also stated in the same manner as Duffadar did that the persons who then came were Coravers and that they were 30 in number, they adhere to the Duffadar in other points also.-

The 13th witness was seized on supposition that he had some information respecting the robbery and deposition taken from him on the 26th July - Taking his deposition as a guide for further discovery the 1st prisoner and others were seized and they were examined on several days, commencing 21st

21st August. In which depositions they admitted that they /six persons/ including the 1st prisoner and 7 others, in all 13 Prisoners, came disguised and describe the acts done by each and the disguise: :ment each put on. These confessions spe: :cially referring to the point that the robbers were 13 in number are fully adhered to by the Duffadar and others who were examined as witnesses afterwards in the Month of September. These witnesses deposing to the robbers 13 in number having had their faces concealed under disguisement, the court cannot believe that they /witnesses/ recognized the features of the Prisoners. If it were true that the prisoners who committed the robbery were those Parsons and that they were 13 in number the witnesses who were examined immediately after the robbery would not at all have stated that the robbers were 30 Coranes in number and several points which are now contradi-

Upon considering the depositions given by the 1st witness and others the Court is led to conclude that it being admitted by the 1st and other 5 prisoners that they and other Prisoners had committed the robbery the above witnesses were impressed with a belief that the Prisoners admission was a fact and deposed accordingly to their belief and not to any circumstance they had witnessed with their eyes.

The Court cannot therefore consider that the charges against the prisoners have been proved by witnesses.

The 3d and 8th witnesses clearly depose that believing the admission given by the 1st and other 5 Prisoners they brought the charges against the Prisoners.

The 6th witness /a shroff/ who ac: :companied the Treasury states that in his state: :ment given before the Police in the Month of September he repeated the very same thing

he

Fort St. George 29th November 1819

he spoke in the evidence given by him previously in the month of June purporting to the effect that the number of robbers was 30. He denies having ever given the names of the robbers who now appear in the deposition or told that they were 13 in number.

This circumstance clearly shows the anxiety which the Head of Police evinced to bring home the charge at any rate against the prisoners.

The 1st witness clearly states that at the time of the robbery he never remarked the features of the robbers.

The other witnesses are unable to satisfy the Court how could they have seen their features.—

The 13th witness stated in his deposition given before the Police that some of the Prisoners had intimated to him of their having plundered the Circar remittances but in the statement given before the

Fort St. George 29th November 1819.

the Court, he complains that he was beaten and illtreated, and deposition extorted from him.

With regard to the above proceedings, 17th Witness was examined, and the evidence taken from him shows that the 13th Witness was illtreated like a Prisoner under restraint.

Supposing that he had volunteered the information contained in his evidence, still his evidence appears in the opinion of the Court as undeserving of no credit. He appears to be one of meanest Character using truth and falsehood indiscriminately suiting to their own purpose and convenience. His evidence independently of other proofs is of no value.

Nothing of the Articles connected with the robbery and capable of leading to its discovery was found in the houses of the Prisoners.

If the 6 Prisoners who gave confessions, had given them voluntarily relating to more facts, they would undoubtedly

undoubtedly have pointed the Articles robbed, but they did not state any thing of the kind referring to Articles robbed-

It may be urged as a proof that the Prisoners admitted having received each so much for his share out of the money robbed and paid the same to such and such persons and that the 1st and other Prisoners returned before the Tahsildar the money so alleged to have been received by them.-

The 1st and other Prisoners were since examined as witnesses upon Oath and many of them in their evidence deny their having received money at all from the Prisoners but allege that being compelled to pay accordingly the Statement of such Prisoners has had them given confession they were obliged to pay money.-

The other say that they acknowledged having received money from the Prisoners previously to the robbery committed, whereas they were compelled to sign the Statement prepared declaring the receipt of money at times subsequent to the robbery.-

The

The 20th Witness complains that he was compelled more than others in that respect, the truth of this compulsion is verified by the evidence of the 21st and 30th Witness.-

Among these witnesses there are many, who could know that it is no crime to buy stolen article, not knowing it to be such and who would not swear falsely from a desire to get back the trifling sums they paid to the Tahsildar- As fact that the Tahsildar had used compulsion in collecting the money from them, the Court is impressed with an opinion that the Tahsildar impelled by a strong desire of pleasing the Magistrate by evincing his zeal and activity in the discovery of the robbery of Circar money adopted the above measures to establish the charge against the Prisoner-

The 3d Prisoner admits that out of the sum that came for his share he gave part to somebody and Rupees 4 3/4 in the caves of his house a search was

was made for it but to no effect If the 3d Prisoner had otherwise told that he had given the 2 3/4 to any of the Inhabitants - The Tahsildar would no doubt have collected from such Inhabitants as he did from other Inhabitants - From the circumstance the Court is led to believe that the 1st and other 5 Prisoners spoke just as they thought proper for the occasion -

The 2d Witness states that he stabbed and wounded the 9th Prisoner on his right hip with a weapon called Goopty which by the blow given by the 9th Prisoner with a stick broke into pieces - In the deposition given by this Witness on the 2d June, it is stated that he had this weapon while escorting the Treasury, and that the Coravars broke it, by the blow of a stick but he did not then state his having stabbed any one with it. -

The 9th Prisoner has no mark of being stabbed with a Goopty - But he has a mark on his hip, which he alleges was caused by a blue light, this the Court

Court consider probable. -

The Duffadar and other witnesses state that the 16th Prisoner is the son of the 15th Prisoner that 16th Prisoner accompanied the Treasury, that one of the escorting party having tried to strike a blow on one of the Plunderers this 16th Prisoner took hold of him and prevented the blow being struck - This if true is a circumstance carrying a strong suspicion against the 16th Prisoner, but in the evidence given on the 2d June, no allusion is made to this circumstance - At that time no body entertained suspicion against him - This being stated since the apprehension of his relatives as robbers, is of no avail to the discovery of the truth. -

The 39th Prisoner admitted before the Police that he had received part of the Cloths robbed from the 4th Prisoner but he denies it before Court - There is not any proof to that effect - There are sufficient reasons to believe that his confession was not volunteered. -

The Prisoner when examined first before the Carangooly Tahsildar and afterwards before Police Ameen and lastly

Fort St. George 29th November 1849

lastly before the Tahsildar of Ootramallo did not admit having received the Cloth alluded to but he afterwards once admitted having received and burnt it. He again stated that he had it and latterly that he kept it in the house of the 20th Prisoner - Thus he prevaricated in various ways - The 20th Prisoner denies the circumstance, nor was it discovered in the search made - It appears to the Court that the 39th Prisoner might have from compulsion had recourse to evasions and prevarication. -

It may be questioned that he gave his declaration to the effect that he gave it to the 20th Prisoner - This declaration may be considered admissible if it had been taken originally before the Head Assistant Magistrate, but it being taken lastly it is of no avail to the discovery of the fact. -

Independent of the implication by these Prisoners, there is not any proof to establish the charge against the Prisoners from 7th to 16th. —

There

Fort St. George 29th November 1849.

There is nothing against the Prisoners from 1st to 6th for establishing the charge against them besides their own confession before Police only. -

The 1st 2nd 3rd and 4th Prisoners who are alleged to have first given the confessions, were not examined in Police until 26 days had elapsed since they were seized, this circumstance also leads the Court to believe that the confessions were extorted from them by force. -

Hence the Prisoners are ordered to be released. -

In February 1845 the Sister Ashum Bee presented an Urzee to me requesting that the whole of the Inamiems enjoyed by her late Father Mahomed Ghouse should be made over to her, and the descendants of Hussoodallah Laib, urging that Mahomed Ryder had no just title to any portion of the lands- The orders issued were that as Mahomed Ryder was direct descendant of the original Grantee and the Senior member of the family, and was willing to pay to those, entitled from being descendants of the Grantee, their respective shares, that the

the management of the Mauniems could not then be taken out of his hands- On the 29th April of the same year Ashum Bee presented another Petition claiming 2/3ds of the profits of the Maniems as her own share, when the acting Collector having referred the question of division to the Moofty Sudr Ameen that Officer stated that according to the Mahomedan Law one half of the profits of the Mauniems should be enjoyed by the descendants of Mahomed Hoosain, and the individuals being the Grand sons of the Original Grantee in accordance with which opinion an order was issued on the 7th October 1847 desiring that one half of the Mauniem should be made over to the Widow of Mahomed Ryder, the person having died in the interim and the other half to Ashum Bee for the maintenance of the descendants of the two branches of the family.-

With regard to the Statements in the Petition in respect to the extent of the Mauniems the Petitioners Statements are erroneous, and as regards his personal observations, the Collector does not consider it necessary to reply to them...

Sir,

Adverting to the Endorsement of the Board of Revenue on the enclosed Petition No 1862 of 1849 I beg to state that having already fully explained my sentiments on the subject, I have no further remarks to offer thereon.

The original proceedings of the case are herewith forwarded which I request may be returned when no longer required.—

Proceedings thereon.

In the Petitions presented by Annaswamy Pilly and his party it is alleged that the Malavyanoor Pagoda was originally built and endowed by his Ancestors. It does not appear from the reports and endorsements of the Local Authorities whether these Statements are well founded. Under present circumstances the Board do not think it expedient that any change should be made in the management of the Pagoda but it seems to them desirable especially if the allegations in regard to the long connection of Petitioners family with the Pagoda be correct, that measures should be

be taken for associating the Petitioner in the trust, when this can be done with the consent of the parties interested in the institution.-

2. The charge of malversation preferred against the present Dharmacurtah has been investigated and dismissed by the Head Assistant Collector in whose decision the Collector seems to acquiesce. The Board are therefore not called upon to interfere.-

Ordered that the Original proceedings which accompanied Mr. Freeses letter be returned.-

Ordered also that the following Endorsement be passed upon Petition No. 1862 of 1849.-

The Board of Revenue having received from the Collector a report upon the subject of this Petition are unable to interfere with the existing arrangements for the management of the Malavyanoor Pagoda.-

From the Collr of North Arcot. Reports upon the case of the Enamdar Lootfally with reference to the Board's Proceedings October 3 1849 No. 941

Para 1 Extract Minutes of Consultation October 3 1849 No. 941

In accordance with the orders of Government received with the Proceedings of the Board of Revenue of the 15th Ultimo, I called up before me the two litigating parties in the case there referred to Viz.t the Petitioner Lootfally and his cousin Vazeehooddeen the present holder of the Enam, and endeavoured both personally and by means of mediators to persuade the latter to make some allowance to the former. This however he obstinately refuses to do, simply replying to all arguments and persuasions that the Enam was granted to his Father and that he alone has any title to it.-

2. The Government are under a misapprehension with respect to the present distribution of the proceeds of the Enam. The Petitioner married a sister of the Defendant and ten rupees monthly allowed

allowed him in right of his wife by her father was continued after the Father's death by the Defendant Ujeehooddeen till about 1838 when Petitioner and his wife quarrelled and separated; since which time Petitioner has received nothing from the Enam. The wife's family throw the blame of this separation on the husband, and he throws it on her. I will not pretend to say which was to blame and it is immaterial to the matter in hand the facts bearing on the case being that Petitioner appears never to have been allowed any thing from the Enam in his own right and that for the last ten or twelve years he has received nothing from it whatever.

3. The Defendant consents now that Petitioner should receive one half of the allowance paid to his wife, but this the Petitioner declines and it is clearly not a fair arrangement or one which the Government could accede to; it would take nothing from the Defendant and concede no part of the Petitioner's right. The Petitioner is now an elderly man, and his two sons having separated from him with their mother, he has

See Endorsement on Board Petition 1282 of 1847 - Para 1

has no care for their interests and only wants subsistence for himself for his life. Considering his just claims on the Enam which are admitted by the Government, considering also that he has received so very little from the Enam at any time, and for many years past nothing whatever, it appears to me that it would be no more than fair to allow him ten rupees a Month for his life out of its proceeds, and I beg to recommend that the Government should make this order. The claims of Petitioner's sons should they bring them forward after their Father's death will remain for after consideration. I should add that besides himself Petitioner has to maintain a Nikah wife whom he married after the separation from his first wife.

thereon. — Resolved that the letter above recorded together with its enclosures be submitted for the orders of the Right Honorable the Governor in Council.

Nat

The Board beg to recommend that sanction be granted for the charges incurred for a Nevesundah and a Peon on the Establishment of the clerk of the Market at Cuddalore from 1st July 1815 to 11th July 1818 with reference to the accompanying Account Particular amounting to Rupees 320 9 11. Of this Amount Rupees 107 13 — it is respectfully and sanction for the remaining sum of Rupees 213 12 11 is requested to obviate future pretences ment. It will be observed that these servants were not employed after the 11th July 1818. the Collector having on that date given effect to the Orders of Government of the 27th June 1818 directing their discontinuance. —

This amount is the fixed Sent allowance drawn by Mr. E. Peters during the period he acted for Mr. C. T. Arbuthnot as Head Assistant from 7th January to 7th April 1815 and the Civil Auditor would appear to have taken objection to the fixed Sentage having been drawn as

by Mr. Peters as Acting Head Assistant although the fixed Sentage attached to the appointment of Head Assistant had also been drawn by Mr. Arbuthnot.

Mr. Peters would appear to have been out of employ at the period that he was appointed to act as Head Assistant It appears to the Board that he was entitled to fixed Sent allowance for the time that he officiated, although it may not have been charged under the proper head in the Collectors accounts. They therefore recommend that the Civil Auditor be authorized to admit the charge amounting to Rupees 177 10 8.

From the Asst. to Mr. Sir
of Sinnevelly — Para 1. I have the honor to submit the explanations and the statement of arrear called for in Extract from the Proceedings of the Board of Revenue dated 11th June 1819 regarding the complaint of certain Ryots against the Zemindar of Ettiapooram. —

Submitting explanations and statement of arrears called for in Board's Proceedings dated 11th June 1819 regarding the complaint of certain Ryots against the Zemindar of Ettiapooram.

From

2 From the enclosed translate of a Deposition taken before me from five of the Principal parties who are in arrears to the Zemindar, it will be observed that the illegal exactions which have always been asserted to be the reason for non payment of the claims of the Zemindar are distinctly admitted to have been never made subsequently to Fusly 1014 Equivalent to A.D. 1838/39.—

3 Regarding the illegal Exactions said to have been made previous to that year several inquiries have been made in this Office by different Collectors, and they were never proved.—

4 On the other hand the withholding of the land tax has been repeatedly confessed by the leaders of the Complaining party as well before the Sir H. Montgomery, as mentioned in the Memorandum referred to in the 2d Margin, as before the Sahsildar of Shurygoondum

I Vide Mr. Edens Endorsement dated 7th Dec. 1839. on Board Petition No. 4446 of 1838.—

II Mr. Ogilvie's Endorsement dated 26th July 1841 on Board Petition No. 1832 of 1840

III Memorandum in Sir H. Montgomery's hand writing (Copy hereunto Enclosed) without date or Signature relative to a full inquiry made by him on a Complaint of these same parties. This Memorandum explains clearly the facts elicited in the enquiry and the orders consequently passed by Sir H. Montgomery, the documents deemed too lengthy to be forwarded on this occasion.—

IIIE also translate enclosed of Petition dated 21st May 1845 addressed to Mr. Parker and of his Endorsement upon the same dated 17th July 1845.

who was deputed in 1846 to enquire into the matter, and in the Petition last mentioned in the Margin addressed to Mr. Parker, it is expressly admitted that the Peishcush for Fusly in which Puttaho were not given had been withheld by the complaining party.—

5 In further explanation regarding the transfer of the lands of certain of the complainants to other Ryots I have the honor to furnish translates of an order by Mr. Elton and two of an order issued by Mr. Thomas authorizing the measure.—

6 These papers sufficiently give the history of the transaction from the remarks contained in Extract from the Proceedings of the Board under reply the strict regularity of it seems questionable, but from the fact that Puttaho and Mookhilakas were never in use between Zemindars or Poligars and their Ryots in this District before Fusly 1251 when the dispute now under consideration

E F G

consideration gave occasion to the enforcement of the rule by Sir H. Montgomery. It is difficult to see how protection was to be extended to the Ettiapooram Zemindar in any other way than that which was adopted, and the Zemindars of Ettiapooram from the period before the Assumption of the Province to the Present day have always been so well affected to the Company's Government, and so public spirited and so punctual in the discharge of their Peshcush and withal have in general given so little occasion for complaint on the part of their ryots that for the Collector to refuse all assistance against this refractory party would have been generally regarded as a great hardship and injustice.—

I regret to say there is no hope of any amicable arrangement being

H Translation Enclosed

being Entered into between the parties. The ejected ryots will not discharge their arrears without Compulsion, and the Zemindar in reply to a communication from me on the subject expresses his unwillingness to reinstate them except on condition among other things of their paying their arrears and consenting to pay for the future full Saraway Peishcush upon Punjah land as well as certain personal taxes customary in the Zemindaries called Andy Catchee and Iyo Catchee.—

Hitherto the eviction of the 8 principal defaulters has not produced the anticipated effect of causing the liquidation of the arrears but that seems to have been in consequence of a hope that the Petitions* to the Board which gave occasion to this Correspondence might lead to their permission and it is more than probable that if the Board decide upon the

the

the perusal of the papers now submitted that the Zemindar is entitled to the aid of the Collector, in collecting these arrears they will be speedily and fully realized.

9th The grounds for which the arrears have been withheld are stated by the Petitioners to be the illegal Exactions formerly made by the Zemindar which they have not been able to prove and the loss they sustained in July 1257 by the spoiling of their harvest in consequence of the Zemindar hindering them from reaping it in order in that way to enforce the payment of the balances at that time due.

Mr.

10- Mr. Parker's inquiry, the nature of which the Board desire to be made acquainted with appears to have been confined to the perusal of proceedings already on record- No separate depositions were taken or orders passed excepting the Endorsement dated 17th July 1849 on the Petition, translation of which accompanies this report-

Deposition given on the 30th August 1849. by Aroonachella Reddy son of Coomara Reddy of Shunnoogapoorum Pomma Reddy son of Vyapa Reddy of Soobra: manoyapoorum, Aundia Pillay son of Soobramanea Pillay of Coomarapoorum, Ramaswamy Reddy son of Coopa Reddy of Vada Puttum, and Senna Reddy, son of Vekky Reddy of Agelanda: poorum attached to the Yettiapooram Zemindary.—

2 Look at the 4 Petitions addressed to the Board on the 2d October 16th November and 1st February and to Government on the 29th August 1848 by the Ryots of said Shunnoogapooram Village and their Vakeels as well as by Aroonachellum Reddy and his party now given you. Were they addressed by you and your Vakeels, and are the signatures which they bear, yours, tell this particulars?—

A. We have looked at the Petitions and the signatures are ours those who are unable to write amongst us have

Port St. George 29th November 1849.

have affixed their marks to them. They were written with our consent..

2 It is stated in the said Petitions that the Zemindar had collected some taxes under the denomination of Elephant Tax Horse Tax Aunie Waree and Coothery Waree When were those taxes collected from you?

A. The taxes above alluded to were collected from Aundoo 990 to 1016. and not before or afterwards. We have made a mistake they were collected up to Aundoo 1014.

2. It is mentioned in the Petitions that the Collector ordered the Zemindar to go to the Court for the recovery of Arrears. In support of this Statement, have you any Endorsements or other documents?

A. We have not any documents to the above effect but as Theroomala Reddy, our Vakeel said that such an order was issued by the Collector, we have stated so in the said Petitions..

2 It is stated in the Petition that a proclamation has been issued under date 4th February 1846 agreeably to the Board's orders to the effect, that the old balances should not be realized, whereas no such order seems to have been issued. Upon what document did you say this?

A To such Proclamation has been

17378 Fort St. George 29th November 1849

beer issued, nor do we know any thing about it, and we have not written so in the Petitions but we do not know why the writer of the English Petitions has written so.-

2. It is stated in the Petitions that through the Assistance of the Sarus-dar the Zemindar prosecuted, and ob-tained Moochalikas from 9 of the Ryots of the above 6 Villages to the effect, that a balance is outstanding against them. It appears that they admitted before the Tahsildar Annajee Row the fact of the balance due by them and gave an attacha for the payment of the same- therefore what do you say for this.-

A The Zemindar has not troubled and received Moochilkas from the abovementioned 9 Persons but the Tah-sildar has done so- As we do not know English, the above difference has occurred in the Petitions.-

Copy of a Memorandum in Sir Henry Mont-gomery's hand writing.-

Ettiapooram.-

The Complainants are the Inhabitants of about of 88 Villages Com-prising the Division of the Panjahmcovely Zemindary which in the year 1801 was made over to the Zemindar of Ettiapooram as a mark of the approbation of Govern-ment for the part he took in the troubles of that period & of one out of 180 Villages belong-ing originally to his own country. The chief among the complainants is Comara reddy, and from him as such and with the consent of the other complai-nants who acknowledge their grievances to be the same as his, a detailed & written statement of what these really were has been taken. The complaint now resolves itself into 3 Items, first the Col-lection of certain Extra small sums under the Head of Village Expences, sheep tax for the right of grazing & House tax. But these are

Fort St. George 29th November 1819.

are asserted to have been made in years previous to Fasly 1236 when the right of collecting Moturpha was in the hands of the Zemindar, and that they were made at all is unsupported by documentary evidence and is denied by the Zemindar. This part of the complaint has already been investigated also by Mr. Eden and Mr. Ogilvie and rejected by them. The 2d. item of complaint is loss of half a fanam on every Pagoda of collection, the Zemindar receiving at the rate of 16½ per Pagoda but giving credit to the Ryt. for 16 only, this is flatly denied on the part of the Zemindar and Complainants have nothing but their own assertions in substantiation of the charge. The 3d. and really only important one is the refusal of the Zemindar to recognize the Cowles stated by Complainants to have been granted by his father. The Zemindar denies that such Cowle was ever given and an examination of the Cowles produced tends to show they are not genuine & that if they were the terms of them as far as cultivated land is concerned could not be recognized by the Government

Fort St. George 29th November 1819.

Moreover the Principal complainant Comara reddy has none in his name nor can he produce any for the Villages with which he is connected or for the division of the Zemindary where his lands are situated. It is however likely that permission was given by the Zemindar's father to these people for a reduced rate for waste land on the terms reported by Mr. Cotton in his letter of 30th August 1819. and if it can be ascertained what were the cultivated and what the waste, the Zemindar should be instructed to collect Peerwah according to the Custom as prevailing when Mr. Cotton reported on the state of the Zemindary on the latter, and according to the fixed standard rate at which the Peishcash was calculated on the former. The Petitioners admit that for the 3 last years since 1838 they have paid nothing at all to the Zemindar and the Zemindar is therefore entitled to the assistance of the Collector as authorized by Regulation 7 of 1802 in the recovery

of the arrears.-

It appears that it has never been the Custom in this Estate to give Puttahs and the Zemindar must have the provisions of the Regulation on this subject made known to him and he must commence the issue of Puttahs from this Fusly.-

Translation of an Urzee addressed to R.D. Parker Esqre Collector of Tinnevelly by Seroinala reddy Vakeel of Aroonachala reddy son of Coomara reddy, and other Inhabitants of Shunmoogapoorum attached to Ettiapoorum Zemindary in Cattapedarum Talookt.

In consequence of the Revenue of the Ettiapoorum Zemindary having been less than the amount of the Peishcush the late Zemindar Vencataswara Yettapa Naiker ordered us in Amdoo 994 to enjoy the lands on payment of an Average Cowle Teerwah of 16 fanams a Chain & which we accordingly enjoyed up to Amdoo 1015 in which year the late Zemindar having died

his son Coomara Yettapa Naiker demanded payment of 36 fanams per Chain, but we having refused to pay more than what we having been paying during the preceding 22 years, he entertained a grudge against us & in Amdoo 1017 he prevented us from enjoying the produce and made a report to the Circar that we have not paid the Teerwah, and since that time we constantly preferred Complaints to the Huzzoor. From the Month of Tye of Amdoo 1017 to Prettaby of the following year the produce in question not having been enjoyed on account of the prohibition made by the Zemindar, it was ruined by wind & rain.-

The small quantity which remained was thrashed and taken by us in the Month of Arpesy-Regarding this the Zemindar having reported to the late Collector, that Gentleman issued an order to the Tahsildar who sent a Summons by a Peon for the attendance of Coomara reddy father of Aroonachala reddy &c 4 persons. The Zemindar having bribed the Peon the summons was returned as if the said 4 Persons had resisted the

the warrant, this having been falsely proved the said 4 persons were fined - The Zemindars Vakeel and the abovementioned Coomara reddy &c. were sent for to the Cuzzee and the Collector ordered that the Zemindar should issue Puttahs &c. with reference to the estent of Cultivation and to the terms of the Cowlenamah without any injury to the Ryots or to the Zemindar, according by in the said Saundoo the Zemindar issued Puttahs to the Inhabitants of 103 Villages including ourselves. He also gave Puttahs to the 12 Vancetchums where no dispute has arisen. The Zemindar afterwards demanded payment of some teerwah which was outstanding against us in the said Fusly, but as we said that we will pay it provided he would make good the loss of produce we

we sustained and return the exceſs teerwah collected from us formerly, the sum due to us as above mentioned was taken by him in lieu of the said arrears, consequently from the ensuing Fusly we have been paying the teerwah according to the Puttahs. In the month of Tye of last year the Zemindar saying that we have not acted according to his wish asked us contrary to the arrangement abovementioned to pay the arrears of teerwah which were outstanding against us previous to the issue of Puttahs. We having declined to pay the same, the Zemindar gave information about it to the Cuzzee in the month of Pungony. Therefore, we and the Zemindars Vakeel were sent for by a Peon named Akekie Naiken, and the late Collector ordered us personally, that, as it appears that the arrears are of old standing both parties should go to the Civil Court. The said Aroonachella reddy instituted a suit in the Moonsiffs' Court for the recovery of the exceſs teerwah paid by him, moreover some of the Ryots amongst us have also sued the Zemindar in the said Court. Of the said suits the higher Court have called up some for their enquiry. Consequently the

Fort St. George 29th. November 1819.

the Zemindar through ill will made a misrepresentation to the Huzzoor against us and other Inhabitants, and though the Yettiapoorum Zemindary is attached to the Cottapedarum Talook he some how managed to get the case referred to Annajee Row Tahsildar of Streevycontum who sent an order accompanied by a Proclamation from the Huzzoor to the 6 Villages Viz.t. Shunmoogapoorum, Mailamurdoor, Coomarapoorum, Vellenayakepoorum, Venkatesawarapoorum and Malacomara poorums. Cospeen Tarapdar & 6 Peons came to the said Villages with the said order & read the Proclamation In which it is not stated whether the orders therein contained are applicable to the old balance or to that of the Current Fasly, but it merely directed that we should go to the Tahsildar and abide by his orders. Accordingly we immediately repaired to the Talook & not only paid the balance of the Current Fasly but informed him of all the above circumstances regarding the old balance. But the Tahsildar through the persuasion of the Zemindar said that he does not know whether the balance he is to collect is that of old standing or that of the Fasli for

Fort St. George 29th. November 1819.

for which Puttahs have been issued. Besides this we do not owe a single Cash on account of the Faslies for which Puttahs have been given, because during that period we have paid the Peerwah without any arrears & have receipts for the same. Aroonachella reddy of Shunmoogapoorum, Ramaswamy Naicken of Malamurdoor, Vyapa reddy of Pullynayakypoorum, Rengasawmy Naicken of Venkatawarapoorum, Alagherry reddy of Coomarapoorum, Iyempillay of Do. Caval Talavaroum of Malamurdoor, Yerrama reddy of Mailacoomara poorum & Ramasawmy reddy of Do. were sent for by a Cuttalay & Annajee Row the Tahsildar of Streevycontum having asked them to pay the balance of the former Fasslies and they having refused to do so, confined them in the Talook Custody, persecuted & used indecent language towards them, he also took attachees from them and sent the said persons under the surveillance of Peons to Shunmoogapoorum where the said Tarapdar holds his Cutcherry. This Tarapdar not only beats and troubles them daily but also makes use of disgraceful words & staves them. These things are done by the Zemindars Cavilgars and Circar Peons by the orders of the Tarapdars. Moreover the said Tarapdar & others

a pist.—

assist the Zemindar by preventing the Inhabitants of the said 6 Villages from taking water and by not allowing their cattle to go out to graze.-

Under these circumstances we request your honor will be pleased to enquire whether there is any balance against us from the Fusly from which Puttahs were given according to the order of the late Collector, and ascertain the particulars of the order referring both parties to the Civil Court, and the truth of our suits pending in the Civil Courts; as also the particulars of the Proclamation issued on the 4th February last and to rid us from the continued enmity of a great Zemindar. We also request that your honor will be good enough to send for to Vizzy from the 9 persons now in confinement, to order the cattle to be allowed to pass out, and to order the cultivation to be carried on without interruption, as also to refer the parties as per former order to the Civil Court. In the event of your honor referring us to the Taluk without instituting an enquiry in your honors

honors presence, the Taluk authorities will trouble and ruin us agreably to the wishes of the Zemindar, and therefore we request that your honor will be pleased to render us justice.-

20th May 1846. (Signed) Seroomul Reddy.-

Translation of the Endorsement on the back of the Petition presented by Seromula Reddy Vakeel of Aroonachala Reddy of Shunmooga pooram in Yettapooram Zemindary.

As it appeared that the Petitioners have withheld payment of their lawful teerwah of 16 fanams per Chain due to the Zemindar from Aundoo 1015, Shunmooga pooram &c 6 Villages were suited by Circar for the recovery of the said arrears alone. as the subject of this Petition has already been decided, no further order can be given now about it. The vain reasons contained in this Petition for withholding the said arrears have not been admitted. The arrears due to the Zemindar from Aundoo 1015 at the rate 16 fanams per Chain agreed to by the Petitioners & others ought

ought to be fully paid and no order can be given regarding it.-

Translation of an order issued by Mr. Elton to Annajee Row Sheristadar of Sreevycoontum Talook under date 6th October 1847.-

An Urzee has been received from the Yettapoorum Zemindar dated 3d September stating that as Aroonachala reddy & others had prevented the Inhabitants of Shunmoogapooram and other Villages paying the arrears of Teerwah since Fusly 1215 the said Shunmoogapooram &c. 16 Villages were taken under Circar manage-ment, that the pay of the Establish-ment entertained for the purpose of collecting the arrears has been regularly disbursed but that the object for which the said Villages were taken under Circar

management has not been realized. On searching the Records it appears that you had addressed an Urzee No. 124 dated 1st August 1843 stating that Aroonachala reddy &c. 9 persons who are the principal parties in the said Villages had admitted the amount of arrears due by them and executed a Moochalikah binding themselves to pay the same in 2 or 3 instalments, but that they have not paid up and disappear whenever peons go to collect the same, and that their property should therefore be distrained. On inspecting this Urzee and hearing the former proceedings on the subject as also on considering the circumstances of the case, an order was sent to the said Zemindar on the 17th September to the effect that it appears proper to eject the said persons from the possession of their Lands and to make over the same to other Ryots unless they pay the sum admitted to be due by them. Thereupon the Zemindar addressed an Urzee on the 21st idem requesting that the Ryots who have not paid the arrears should be ousted & that their Lands should be given for Cultivation to other obedient Ryots you are therefore-

Fort St. George 29th November 1849.

therefore directed to prepare a proclamation stating that Aroonachala peddy son of Coomaroo peddy of Shunmoogapooram, Ramasawmy Naiken son of Permal Naiken of Malamurdoor, Eramareddy son of Sunkara peddy of Coomarapooram, Alagherry peddy son of Sennapa peddy of Coomarapooram, Palawasum son of Ramasawmy of Naila Murdoor, Ramasawmy peddy son of Vyapa peddy of Coomarapooram, Rengapa Naiken son of Rama Naiken of Naila Murdoor, Ijem Pillay son of Aroonachalum Pillay of Coomarapooram and Ammdy peddy of Shunmoogapooram who have admitted that there are arrears due by them & have cadcuted a Mocchalikah before you fixing a time for the payment of the same, should pay the sum admitted to be due by them in the said document within 30 days, and that if they fail to do so the lands under their cultivation would be taken from them and given to other Ryots You are to cause this Proclamation to be pasted either at the gate of each defaulters house or at a chawdy or other place of the Village where all the people meet together. After doing so if they do not pay

pay the arrears within the prescribed time you are not only to prevent the said persons from cultivating the lands but you are also to cause the said lands to be transferred to other Ryots whom the Zemindar may choose under the provisions of clause 2d section VIII Regulation V of 1822. If the said Ryots have cultivated the lands for Fusly 1257 you are to cause the Ryots whom the Zemindar may now select to cultivate, to pay the ejected Ryots the amount that may have been legally expended by them on account of seed & hire of ploughing &c and you are to report the same to the Buzzoor. The other defaulting Ryots should be made acquainted with the above particulars and pay their balances, but if they do not do so you are to show them by means of the accounts the amount of balance due by each of them: and after they precisely admit the same you are to cause separate documents to be made out and then you are to proceed with the Collection of the arrears, but in spite of your exertions if they do not pay them you are to enforce the measures above directed. As requested in your

urzee No. 124 of 1846 the Cattapedarum Tahsildar has been directed to send you the Peons Hiavo Soobramaneam and Moottoosawmy and Rengasawmy Naiker of that Taluk. In lieu of them you are to send 3 Zuft Peons to the said Tahsildar with your letter.—

Translation of an order No. 58 issued by Mr. Thomas to the Tahsildar of Streevy Coontum under date the 21st March 1848.—

It appears from the Urzee addressed by Copiah the Sarvedar of Gettea poorum Zemindary that Shunmooga poorum Aromachela reddy &c. 9 persons though they have not paid the arrears are intending to prepare their lands for cultivation for Fusly 1208 contrary to the order. Does not the order No. 196 direct you to make over the lands in the occupation of the 9 persons hereunder mentioned to any other Ryots the Zemindar may choose at the end of the Fusly

27th Novr. 1849.

if they have not paid the Balance. The above said 9 Ryots have given attachees before the late Tahsildar binding themselves to pay the balance due by them by instalments, it also appears that some of them attended at the Kuzzy yesterday and gave deposition. In the event of the Balance not being paid voluntarily by the Ryots who consented in writing to do so, as it seems necessary that the aforesaid order should be carried into effect, you are hereby directed to tell Aroonachala reddy, Ramasawmy Naiken, Crama reddy, Alagherry reddy, Palavasum, Ramasawmy reddy, Rengusha Naiken, Iyem Pillay, and Aundy reddy the 9 Ryots mentioned in the said order, to pay the balance within 10 days, but if they fail to do so you should forward them to the Kuzzy yesterday under the surveillance of a Peon after the term of 10 days expires. To prevent these Ryots preparing their lands for cultivation for Fusly 1258, the Delayet named Poatheelingum has been sent to you, you should send him and the Zuft Peons and Tahsildar &c. to take care that the Ryots do not prepare their

their lands for cultivation and to make Bundoabust, and you should also see whether it is done accordingly, you are should attend to this order until you receive a further order from me on the subject.

Translation of an Order No. 154 issued by Mr. Thomas to the Tahsildar of Streevaikoontum under date the 18th July 1848.

Aroomachala reddy &c. a Ryot of Shunmooga pooram &c. Villages attached to the yettea pooram Zemindary not having paid the old balance of Kist due on the lands cultivated by them an order No. 159 was sent to the Tahsildar on the 6th October 1847, informing that if they did not pay the balance in 30 days these lands would be made over to other Ryots. As they did not pay another order No. 196 was sent to the Tahsildar on the 27th November 1847 directing

directing to tell the Ryots to pay the balance before the end of Fusly 1257, but none of the others have paid any part of the balance with the exception of umbalum Aundy reddy. As their lands should therefore be made over to other Ryots from the current Fusly agreeably to order No. 159 an order has on this date been sent to the yettea pooram Zemindar directing him to make over the lands in the occupation of Aroomachala reddy &c. 8 out of 9 Ryots / Aundy reddy having paid the balance and an order on

10th July 1848. Translation of an Order addressed by Vaseeraroma Ettapa Naiker &c. Sheristadar of Ettiapooram under date the 4th October 1849.-

The Buzzoor order No 14 dated 18th September 1849 has been received directing me to furnish within 30 days any Statement I have to make regarding the order of the Board of Revenue calling for further information regarding the transfer of the lands cultivated by Aromachala Reddy &ca (8 Ryots) of Shunmoogapooram &ca (6 Villages) attached to my Zemindary and proposing to effect an arrangement for reinstating the ejected parties.

1. The following irregularities on the part of

of the said Ryots not having been conveyed to the notice of the Board of Revenue either by myself or by the Collector of this District, and Mr. Elton in a letter addressed by him to the Board of Revenue on this subject having only stated that the transfer of the lands was made in accordance with the Regulations, without informing all the other circumstances, the Ryots addressed false Petitions regarding certain matters in the Current year which the Board of Revenue taking to be for granted have passed the above order. But had the real merits of the case been known to them by making an enquiry into the subject of the above Petitions, or had they been informed of the above circumstances, they would not have passed the said order.—

2 Even now when the Petitioners were examined before your honor about certain important subjects contained in their Petitions they gave depositions stating that the contents of those Petitions are not correct, that the writers have written so by oversight and that they have no documents to prove their statement. This alone is sufficient to prove that they are false ones.—

The

3 The Ryots with a view to deprive me of the balance outstanding against them complained as if Sd my ancestors had made improper collections from them and also stated that we caused them to sustain loss of produce Regarding this they at once instituted Suits Nos. 162. 163. 166. 227. 228. 229. 230. 231 and 249 of 1845 against me in the District Moonsiffs Court at Nellcambalum, but on my filing answers to the same they were dismissed for want of proof Thus the false complaints preferred by them in every Office were rejected as groundless. The allegations contained in the Petitions now presented are in the same way false.

4 The lands of the 6 Vanee thums attached to the above six Villages have been assessed with reference to the Sharum or classification of the lands. as is the case in all the Villages of the Zemindaries in this District. But my ancestors thinking that it was not proper to stand in opposition with the people of these six Vanee thums (who are notorious bad and turbulent characters, and are in combination with

with the People of Panjalamcoorchy from generation to generation) and with a view to extend the cultivation and to increase the population relaxed their terms to 10 fanams per chain for a few years. Notwithstanding this the ungrateful persons have most obstinately persisted in withholding a very large Amount of arrears due to me and preferred false complaints to the Board of Revenue although Sd my ancestors intended to collect the balance through the assistance of the Circar, yet they did not pay, consequently

3rd December 1839

we addressed several Wrizees to the late Collectors in answer to which the orders noted in the

1843 Margin, and several others have been issued by Messrs Eden, Ogilvie and Thomas and Sir Henry Montgomery Bart directing us to collect the teerwah from the Ryots with reference to the Tarwarce teerwah. Accordingly when we secured the produce through the Circar aid at the time of harvest in order to collect teerwah, as directed, they came with a great Mob armed with Cudgels &c and forcibly carried away the produce which was also informed.

informed to the Huzzoor. On this, some Proclamations were sent to the Ottapedarum Tahsildar Proonachala Reddy's father Wz. the Ringleaders of the Mob who are notorious bad characters were fined as noted in the Margin at 3 different times.—

Fines 50 Rs. each & 15 days imprisonment 10 Rs. each 460 Rupees.

5 The above said Coomara Reddy Wz. persuaded some Ryots not to receive the Puttahs prepared with reference to the Sharawaree Teerwah under the orders from the Huzzoor and instigated others who have received Puttahs not to pay Money Subsequently by the late Collector Mr. Thomas assessed the lands of these Villages at the rate of 19 Fanams per Chain or 3 Fanams below the average rate of the neighbouring Villages, which is 22 Fanams, and sent an order on the 31st. March 1813 directing that the Ryots ought to pay Teerwah accordingly, but they did not attend to it while a very large Amount of arrears has thus been withheld to my great detriment the above said Coomaroo Reddy Wz. came to me with a deceitful intention and said that were the Puttahs granted to them

at the rate of 16 Fanams per Chain as before, they would pay the whole of the balance and also pay the taxes called Andy Cautchy and Shie Cutchy as usual. Believing their words and thinking that I am put to great inconvenience, trouble and expence on account of their misconduct, I granted them Puttahs at the rate of 16 Fanams from 1812, hoping at the same time that by following this measure for some time they would pay the balance. From that date the Ryots of the 6 Vanee thus except those of the above six Villages continue to pay the balance as well as the Current Teerwah and there is no balance outstanding against them except a trifling sum, but the Ryots of the above six Villages only pay the Current Teerwah from that time and not the arrears—

The Ryots of the six Villages having withheld the payment of arrears through the instigation of the 8 ejected parties, the Villages were taken under the Circar management at my request on account of which 1,300 Rupees and odd have been expended from February 1814 but still no portion of the [illegible] been

paid consequently a very large amount of Rupees 1000 and odd including both the teermah for 3 years from 1839 to 1841 and the trifling balances of other years is now outstanding against the Ryots of the 6 Villages.—

7 Aromachala Reddy &c.s of the principal Rupees of Shunmooga poorum &c.s Villager gave a Mochilka before Amaje Row the Tahsildar of Streevycontum, binding themselves to pay the balance outstanding against them within 2 years, affixing their signature to it, but they having failed to do, so by proving a conspiracy and having evaded the Sirkar Cutlay issued for their attendance, the Tahsildar wrote an Arzee to the Huzzoor explanatory of all the circumstances on which Mr. Parker having referred to all the former proceedings sent an order to the Tahsildar on the 17th July 1840 stating that it is not lawful for them to withhold the payment of the balance, while the lands have been favorably assessed at the rate of 15 fanams per chain instead of 36 fanams and directing to collect the balance due by them.

8 The Ryots with an intention to have

have the above rate of 15 fanams (which is very small and not permanent) confirmed perferred several false complaints stating that a permanent Cowlnamah was granted to them when the late Collector made an enquiry about it & their Statements were not proved, and on my having informed that a permanent Cowlnamah was not granted to the Ryots by my Ancestors the case was disposed of accordingly. This circumstance was reported to the Board of Revenue in 1839 and 1841, and by Endorsement on Petitions Nos. 1103. 1832 and 1963 of 1840 and Nos. 49 and 585 of 1841. Balance to a very large amount having been outstanding against one Poojaree Reddy, besides the above 8 Ryots and Mr. Thomas the late Collector having afforded assistance in October 1844, his Property was attached and sold by public auction in satisfaction of the arrears. On which two Ryots amudy Reddy &c.s paid the balance due by them voluntarily.—

9 I pay the Sircar money annually according to the kist bundy without a balance of a single puce while so in 1843 three kists having

Letter No 149.

17408 Fort St. George 29th November 1849

having fallen in arrears in consequence of the Ryots not having paid the kists Mr Thomas sent me a strict order on the 13th June of the same year and also 6 Moosool Peons on a Monthly pay of 5 Rupees each to be paid by me but as I had no money at the time I permitted to the Huzzoor Treasury Chuckrums equal in value to Rupees 69,507 at once and on which account I sustained a loss of about Rupees 10,000 and odd Such being the case the Circar should take strict measures to collect the balance from the Ryots also. If I fail to pay the balance of kists the Circar people should be deputed immediately to collect the balance from the Ryots to meet the Circar dues, Should your honor be pleased to give your attention to this subject you will be convinced that I have behaved well and honestly. and it is not justifiable not adopting measures to collect the balance against the Ryots.

from time to time I would not have suffered such troubles, but would have obtained redress. and I did not report the same to the higher authorities on the ground that I would incur the displeasure of the Collector of this District by so doing. I have only occasionally informed it to the Collectors through the medium of several urzees. but they did not press the Ryots to pay the balance nor did they answer my urzees with the exception of one or two, in which answers they have advised that I should pardon the Ryots for their misconduct and not punished them for having withheld the payment of the balance, consequently the Ryots are in the habit of preferring false complaints and creating disturbance and I am obliged to take vain trouble in furnishing the necessary explanation regarding them. Mr Elton the late Collector having fully entered into the merits of this case disposed of it justly as will be seen below, I therefore most humbly request your honor will be kindly pleased to inspect and to take into your honors favorable consideration all the orders, the urzees written by me

me and the Salook authorities &c. and all other documents connected with this case, as well as the foregoing reasons and to forward a report to the Board of Revenue mentioning there in all the particulars of the above documents in detail.

11. Mr Elton having considered all the circumstances of this case issued on the 16th october 1847 separate Istyars to each of the above 9 Individuals allowing there in a term of 30 days to pay the balance and another general one to the other Ryots to the same effect notwithstanding this, no balance having been paid, an order was issued authorizing me to give the lands in the occupation of Aroonachala Reddy &ca 8 persons to any others I may choose, in accordance with the Regulations and the custom of this District, thinking that if Aroonachala Reddy &ca the Ryots of my Zemindary who are notorious bad characters were still allowed to cultivate the lands vain trouble will always be given to the Circar and false complaints will arise in as much as there are no rules for adopting stringent measures towards the

collection

collection of the balance, due by them as per their own Moochilika, and that if their lands were made over to any others, the disturbances will cease, accordingly their lands are now cultivated and held by Eraal Sooba Naiken &ca since Fusly 1258 and Puttahs also are issued in their names.-

12. If I intend to eject the whole of the Ryots of these six Villages and if the Government were to intercede on their behalf, in order to reconcile us, then it is proper that some arrangement should be effected. But while the case is otherwise it is not lawful for the Government to think the transfer to other Ryots of the lands cultivated by Aroonachala Reddy &ca 8 persons (who are mean and bad characters and who are always in the habit of instigating the other Ryots from assembly and creating disturbance long since) as a great thing, and to order that some arrangement should be effected for reinstating them. It is the duty of Government to punish the bad and to protect the good people. Accordingly they put the late Zemindar of Paunyaulum coorchey who was a very bad and notorious character in this District, to death, and having been pleased with my Predecessors for their fidelity

Fort St. George 29th November 1849.

fidelity and meritorious service rendered by them to the Honorable Company, bestowed on than the above Villages as a reward to protect my Predecessors and myself from generation to generation. as the above persons are very bad character as stated above, to do any thing in their favor is not a justice and it will not also be pleasing to God..

13. If the Government wish however to set aside the legal order above alluded to, and to reinstate the above said persons who are very bad people, the following arrangement may be ordered to be made 1st The Ryots should pay the whole of the balance which is calculated at a low rate and which may be approved by both parties. 2d Security should be taken from them that they do not instigate the Ryots of the above Villages to assemble and create disturbance 3d They should pay taxes called andy catchy and Hie catchy, included in the Jummabundy of Fasli 1075 according to the custom prevailing in all the Zemindaries, 4th They should receive Puttahs that may be prepared with reference to the Pharawaree teerwah settled by the Honorable company for the lands of the above 6. Vanee Thums, and pay teerwah accordingly, 5th. If the teerwah fall in arrears the Circar should afford their aid and

and cause the same to be collected. 6th I should be permitted to give over the lands to any other Ryots I may choose if the Ryots do not pay the balance or enter into an agreement. As these six points are just and legal I request your honor will be pleased to take into favorable consideration all these circumstances and pass order thereon..

Proceedings thereon.

From the above report from the Acting Collector and its Enclosures, it appears that the charges of exaction preferred against the Yattiporum Zemindar have been frequently investigated by the District authorities and found to be unsupported by proof, and that the Petitioners have therefore no good cause for withholding payment of their arrears. The orders for the ejection of the Petitioners from their lands seem to have been passed by the Acting Collector, and Collector under the

the provisions of Regulation V 1822 and the appeal from these orders consequently lies, not to the Board of Revenue, but to the Civil Court. Resolved therefore that the following Endorsement be passed upon Petitions 362-1732- and 2033 of 1848.-

"The Board of Revenue having received from the Acting Collector a report upon the subject of this Petition find that the charges of exaction on the part of the Vettiyahoziam have been frequently inquired into and failed of proof, and that Petitioners have therefore no just reason for withholding payment of their arrears. The orders for the execution of the Petitioners appear to have been passed by the Collector and Acting Collector under the provisions of Regulation V 1822 and the appeal does not lie to the Board of Revenue but to the Civil Court."-

1st Respondents Vakeel Samy Sastry and Soobbiah.—

The appellants &

17415

Fort St. George 29th November 1849.

seek the reversal of the Decree of the late acting Principal Sudr Ameen Gopalsastree in Original Suit No. 142 of 1843, which dismisses their claim to possession and Puttah of 7 22½ Guntahs of Punjah land, ¼ ballah of Punjah land and 23 Mangoe Trees situated thereon, in the Talook of Errode, paying an annual rent of Rupees 125-11-6. and yielding produce per annum of Rupees 140-0-0.

This case was originally filed in the Salem Zillah Court, where the greater part of the proceedings in Original Suit were held.— On the formation of the New Court under act VII of 1843 this suit was transferred to this Zillah the jurisdiction having been altered.

The Plaintiffs state the boundaries, localities &c. of the above land which is situated in the Village of Dalamagpallien Talook, Errode and originally was one continued garden land of 2 3/4 Bullahs, that in Fusly 1242, the 1st 2d and 3d Plaintiffs, with Ramen, the Father of the 3d and 4th, obtained a

puttah

Fort St. George 29th November 1849.

puttah for the said land as pasture land, at a quarter rent Viz.t Rupees 8-1-9, on Ramen's death, the 3d Defendant who is a Monigar wished to obtain the land, but on Plaintiffs refusing to give it up, he represented to the 2d Defendant / the Tahsildar / that the 1st Plaintiff had died, that the 2d and 5th had deserted the Village, and representing the heirs of the 1st and 3d Plaintiffs by one Pal[illegible] and Moottoo Veeree, got them to give in a Rajeenamah for the 2 1/2 bullahs, and attained a Cowle Chit in the name of his son the 5th Defendant, who is a minor. That on Plaintiffs learning the fraud, they complained to the 2d Defendant, who made no enquiry, that on the Head Serishtadar visiting the Talook, they complained to him, and asserted their readiness to retain the land on the full rent of Nunjah lands, that he desired no Puttah should be made in 4th Defendant's name, and promised redress the 2d Defendant however represented incorrectly to the 1st Defendant / Principal Collector of

Fort St. George 29th November 1849.

Coimbatore) and in Fusly 1258, a Puttah was granted in the name of the 4th Defendant for these 2 1/2 Bullahs on 1/2 rent which were converted into Nunjah lands and assessed at 119-6-5 Rupees. The remaining 1/4 Bullah was occupied as grass land, and assessed at 2-15-1 and the 23 Mangoe trees rented at Rupees 3-6-, and the 3d and 4th Defendants have been in possession of the claim is therefore brought for possession and Puttah of the aforesaid lands and Trees, which they had been unjustly deprived of being ready to retain them on the terms of Nunjah tenure.

The 1st Defendant states that the land specified in the plaint was originally Sirkar waste land. That in Fusly 1242 Ramen Rayen, Palany and Veerur tendered for the land as grass land, and puttah was issued in their names, that they enjoyed the said land and Trees until Fusly

1247

1247 in lieu of paying munnavary
or House rent. That in Fusly 1248, the
4th Defendant offered to occupy the
land and pay a higher rent, That on 30th
May 1838 the Tahsildar reported to the
Huzzoor that the above four Puttah-
dars Ramen and Veerun had died,
that Ramen had left a Widow be-
hind him, but that Veerun had no heirs,
That the Widow of the 1st Plaintiff with
the 2nd and 3d Plaintiffs had appeared
before him, the Tahsildar, had expressed
their unwillingness to hold it on the
higher rent offered by the 4th Defend-
ant, and had executed a Razeenah
-mah relinquishing their claim. On
this an order dated 19th June 1838 was
sent to the 2d Defendant desiring him
to make out a puttah in the name
of the 4th Defendant fixing the sum
of Rupees 16-2-5 as half rent on garden
land, and Rupees 3-6-" on the 23 Mangoe trees. That
since that period the lands have been improved
by the 4th Defendant; converted into Nunjah land;
and according to the established progressive
tenure of the District will in Fusly

be assessed at full rent, and finally
that the Plaintiffs have no manner
of right to the lands, they having refused
to hold them on the increased rates,
and executed a Razeenamah before
the Tahsildar to that effect.

The 3d and 4th Defendants
resist the claim of the Plaintiffs on
the grounds assigned by the 1st Defend-
-ant; They declare that the land was
given to 4th Defendant on the increased
rent, which the former Puttadars of whom
Royen is the only real survivor, refused
to pay, and that now, he with the
assistance of the other Plaintiffs, who
falsely assert that they are the original
Puttadars, are anxious to obtain the
lands in its improved condition. On
these grounds they resist the claim.

The 2d Defendant was exparte.

A reply and rejoinder by 1st
and 3d Defendants were filed.

The Plaintiffs filed 2
Documents, the 1st Defendant 8, and
the 3d and 4th Defendants 3.

Five Witnesses were examined
for

Fort St. George 29th November 1849

for the Plaintiffs Four for the 1st Defend-
-ant, Two for the 3d and 4th Defendants
and the Curnum Tummien for all
parties-

The late Acting Principal
Sudr Ameen Gopalasastry dismissed
the claim of the Plaintiffs in a short
and unsatisfactory judgment, recording
chiefly as his grounds that the consent
of the Plaintiffs had been given to the
relinquishment of the land to the 3d
and 4th Defendants-

The Plaintiffs appealed
recapitulating the main pleas set
forward by them, namely that their
consent was not obtained to the relin-
-quishment of the lands - that a false
Razeenamah had been got up through
the influence of the 3d Defendant
the Monigar, to favor his son the 4th De-
-fendant, that the 2d and 1st Defendants
had not made a proper enquiry into
the acts of the 3d Defendant; and
that the judgment of the Lower Court
was an erroneous one-

Judgment.

The Civil Judge having given the record
of this suit his full and best considera-
-tion, is of opinion that the Appellants
have received no real injustice from the
hands of the Revenue authorities and that
the cause of this claim having been brought
before the Courts is entirely owing to the
animosity existing between Tummien,
the Curnum of the Village, and the 3d
Respondent the Monigar also of that
Village, the Appellants, judging from
the ignorance displayed by two of them
in their examination before the Appellate
Court being mere tools in the hands of
other persons.

Through the influence
of the 3d Respondent, the Monigar
on the one side, and the Curnum on
the other, much conflicting evidence has
been adduced, and it is greatly to be
regretted

regretted that the testimony of the late Sheristadar Appoo Row, who was mixed up in the matter, was not obtained prior to his death.-

At this distant period, and as the matter now stands, the Civil Judge can only look to the general points in the case, and he does not see any sufficient ground for supposing that the 2d Respondent, the late Tahsildar of the District, would have lent himself to an unjust and corrupt act of the 3d Respondent, the Manigar, had the Appellants been willing to cultivate the lands on the terms offered by the latter for his Son, the 4th Respondent, or that the 1st Respondent, the Principal Collector of Coimbatore, would refuse the redress an act of injustice had it really existed.-

It is to be regretted that the claim was not disposed of at once by the Civil Courts, as with reference to expenses incurred in converting the lands into Nunjay

and the number of years [illegible] that the 3d and 4th Respondents have been in possession, ejectment of them might now present difficulties.

The Civil Judge however after consideration of the whole proceedings, is of opinion that the evidence and circumstances are sufficient to declare that the Appellants did willingly and of their own accord, refuse to take the lands on the terms offered to them by the Revenue Authorities, and consequently that there exists no claim against any one of the Respondents.-

The Decree of the Lower Court is therefore affirmed.

Under all the circumstances of the case it is resolved to direct that the Appellants shall pay their own and the costs of the 1st and 2d Respondents in both Courts, and that the 3d and 4th Respondents shall bear their own costs in

Suit No. 64 of 1845 confirming the decision of the lower Court in O. Suit No. 142 of 1843 in favor of the Pl. Collr. and others.- 13th in Cons. 29th Novr. 1849.

2. The Appeal plaint and draft of answer were laid before Government on the 7th August 1845 and from those documents and the previous correspondence on the subject it will be seen that the object of the suit was the recovery of certain lands which the Plaintiffs in the first and Appellants in the second action formerly held on Ryots tenure and which were granted to another party who had offered to take them for cultivation but not until an opportunity had been afforded to the Appellant to retain them upon the same terms and had been declined.

3. The Civil Judge has now found for the Principal Collector and the other Respondents

Respondents chiefly on the ground that the Appellants voluntarily refused to take the land on the terms offered to them and consequently that they had thereby forfeited all claim.—

4 From, para 2 of the Acting Principal Collector's letter under reference it will be perceived that the Appellants have not preferred a Special Appeal against this award, and that the period for doing so has expired.—

From the Actg. Pl. Collr. of Coimbatore.—

Sir,

Para 1 I have the honor to acknowledge the receipt of your letter of the 20th August last giving cover to Petition No. 1190 of 1849 from certain Inhabitants of Kattala and other Villages on the Neilgherries.—

2. In reply I beg leave to refer the Board to my communication of the 20th

Stating that for reasons explained the Burghers cannot be induced to withdraw their objections to the proposed Barrack Site and that the compensation sanctioned by Government is inadequate with reference to the extent of land now required.—

Ultimo No. 105. no material objections were urged by the Burghers to the relinquishment of lands required for Government purposes, either at the times of my visit to the Spot, or, as I am informed, when Mr. Stroughton fixed the Amount of compensation in March 1848, and they now appear to have been instigated by some evil disposed persons on the Hills at present I do not think that they will be induced entirely to withdraw their objections, but in a short time, when left to their own free agency, they will probably be reconciled to the proposed measure.—

3. The amount of Compensation sanctioned by Government on the 18th May 1848 has not been disbursed to the Burghers it is inadequate with reference to the extent of land now required, as will be seen from my communication of the 20th October 1849.—

4 The Petition No. 1190 of 1849 is returned herewith.—

From the Collr of Madras.—

Sir,

With preference to Para 2 of the

From Board 7th May 1849. Order of Government dated 1st May last No. 439.

I have the honor to report for the information of the Board of Revenue, that Kareemoonnissah

From Chief Secretary to Government 7th July 1843.— Begum one of the sisters of "Sahuthyung" who is entitled to receive a pension of Rupees 6—10—8. per Mensem has applied to me for permission to proceed to Mecca for 3 years, on condition of the Amount which may be due for that period being paid only on her return to Madras, from her inability to furnish, through his Highness the Nabob, the descriptive roll provided for by the rule laid down in Extract Minutes of Consultation 26th April 1847.—

From Board 10th May 1849.

2. As compliance with Kareemoonnissah's application appears to be unobjectionable, I beg leave to recommend that the necessary sanction of Government may be procured for communicating to her.—

Madras 26th November 1849. } (Signed) J. A. Huddleston Collector

Proceedings thereon (43-44) Resolved that the letter &c submitting

letter from the Collector of Madras and recommending that sanction be granted for permitting Kareemoonnissah Begum a Yeomiahdar in his Department to proceed to Mecca for 3 years her pension being retained in deposit and paid after her return.

above recorded be submitted for the Orders of the Right Honorable the Governor in Council.—

2. The Applicant Kareemoonnissah Begum a Yeomiahdar receiving an allowance of Rupees 6—10—8. per mensem has been unable to furnish this His Highness the Nawab of the Carnatic the descriptive Roll required in Extract from Minutes of Consultation 26th April 1847, but on obtaining permission to proceed to Mecca for 3 years consents to her allowance for that period being retained in deposit by the Collector and being paid only on her return to Madras.—

3. The Board are aware of no objection to a compliance with the Collector's application on behalf of Kareemoonnissah Begum. The Collector will of course report the return of the Yeomiahdar and obtain sanction for payment of the arrears which may have accrued during her absence taking care that her identity is satisfactorily established.—
