To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

From the Collector of North Arcot submitting Sadarwards Estimate for Sanction to be the Standard of Charges in future years.

Sir.

Para 1. In passing the Sadarwards Charges of this District for Fasly 1257 the Board of Revenue made some remarks on the gradually increasing expenditure under that head during the last five years, and the necessity of measures to prevent the continuance of such increase, and desired also that an estimate based on the actual charges of five years should be framed and submitted, to be the standard of disbursements in future years.

2. Estimates such as the Board now order were submitted and approved many years ago, Viz^t for the Ordinary Sadarwards in 1834, and for the Summadary in 1836 and these have since been the standard of expenditure, it has been the practice notwithstanding to enter the charge as

To B. July 12 1834
To B. July 5 1836.

as incurred without Estimate, the course now prescribed by Board shall be adopted for the future -

3- Although a Standard Estimate existed, yet I have deemed it expedient to prepare and submit a fresh one - As regards the ordinary Saderwared the former estimate has been found in practice too high in some cases, and too low in others, while the circumstances also of several of the Talooks have altered, since it was made, so as to make it unsuitable now even though it may have been correct at first, that of the Summabundy Sauderwared is in almost every instance too low - I have so far departed from the Board's instructions as to take as the bases of this Estimate not the average charge of the last five years, or of any five years, but the actual charges of the past fusly 1258 - and my reason for this deviation was

was that it has been usual in the Talooks where the Estimate was insufficient to exhibit the amount of the Estimate nevertheless as the actual outlay omitting the remainder and leaving the loss to be borne either by the Bazarmen furnishing the articles or by the Tahsildar; so that the accounts furnished did not afford a just view of the real outlay I have procured as far as I could the true amount of the actual outlay in Fusly 1258 -

4- As regards the Summabundy Sauderwared there is an additional reason for taking the actual charges of Fusly 1258 in preference to the average of any former years, Viz^t, that this item is likely to be heavier in future than heretofore - For some years past the Board have been desirous to effect a change in the customary mode of making the Summabundy in this District by approximating it more nearly to the proper Ryotwar model, and their wishes in

in this respect were carried into effect in the past Fusly in the Talooks under my own charge. This change, involving as it does a great addition to the quantity of accounts to be drawn up at the Summabundy, necessarily increases the cost of making the Settlement. I have already brought to the Board's notice the consequent necessity for increasing the number of Hungaumy Goomastahs, and it is equally necessary to allow a larger sum for the purchase of paper Oil, ink, and the other items of Summabundy Sauderwared.

5. Enclosed I have the honor to forward an Estimate for both Ordinary and Summabundy Saderwared shewing also the existing standard estimates, the average charges of the five years preceding Fusly 1258, which however for the reasons given above cannot be considered authentic, and the actual charges of Fusly 1258. First as to the Ordinary Sauderwared: it will be seen that my estimate falls short by about 140 Rupees of

To Bd. July 11th 1849

of the former Estimate, though it exceeds by about Rupees 400 the average expenditure of the five years given, and by about Rupees 200 the actual charges of Fusly 1258. but should My proposal for the union of the two Talooks of Triputty and Penmurry receive sanction, that arrangement will enable me to deduct 90 or 100 Rupees from the Amount. I cannot however consider my Estimate as too large, much care has been taken in its preparation, and estimates of this kind ought to be fully sufficient to cover the actual Charges. The expenditure under the estimate will be carefully watched; but I cannot hold out the hope that it will in average years be below that of Fusly 1258.

Note The introduction of the practice of making a cultivation dittum adds considerably to the demands on the ordinary Sauderwared.

6. The existing Estimate for Summabundy Sauderwared seem to have been fixed much too low, it is exceeded not only by the charges of Fusly 1258 for which excess as a already said, Special reasons existed, but also by the average of the preceding five years. My proposed estimate agrees very nearly

nearly on the whole with the actual charges of Fusly 1258, though it varies somewhat in some Talooks. It has been framed with care and on the best information available, but it may be found in practice to need correction in some instances; and in that event it may be revised in three or four years. The united amount of both estimates exceeds by 130 Rupees the aggregate of the standard estimates and by a still larger sum the actual charges of former years; I hope however the Board will pass them, and I do not think it could be properly reduced.

7. The estimates formerly submitted shewed not only the probable cost in money, but also the probable amount of each article and its average price. This was found inconvenient in practice, being understood to restrict the outlay on each commodity to the estimated sum. It appears better to give only the probable total cost of all

all articles, and then any excess of consumption or rise of price in one, may be compensated by the diminished quantity or price of another.

and would appear to have regulated the expenditure up to Fusly 1258-

3. Besides the five years disbursements shewn in the Board's remarks in the Collector's Statement of Actual Charges for Fusly 1257 without Estimate, there would appear to have been other minor items disbursed within that period and these with the former are now noted in the Margin

shewn in the Collector's Statement now under consideration does not include the Hoozoor Saw-derward. The Board request to be informed whether the Estimate sanctioned by Government on this account on the 16th August 1836 Amounting exclusive of Summalundy Sauderward to Rupees 1399-3-4 may continue to be acted upon for the future, as also in which of the sanctioned Saderward Hoozoor or Talook, the estimate for Sayer and Police and Magistrate Department was included-

5- It would appear from the Collector's Statement

Fort St. George 10th December 1849.

Statement that Cutwal Choultries and Police Choultries and Police Cutcherries are supplied with the Sauderwared charged as Revenue Talook Sauderwared. This should not be the case but the amount should be included as "Talook Saderwared in the Magistrates Department".

6- It is stated in para 4 of the Collectors letter that the change introduced in the North Arcot District in the mode of making the Summalundy by appropriating it more to the proper Ryotwar model involves a great addition to the quantity of accounts to be drawn up at the Statement and it would appear a consequent larger expenditure of Saderwared and the Board request further explanation on this point-

7- Adverting to the comparison made in paras 5 & 6 of the Collectors letter it is observed that on taking the total of the proposed Ordinary Saderwared with that proposed as Summalundy Saderwared amounting to Rupees 4,107-" the excess above the average of 5 years as shown in Column 7 would be Rupees 651-1-" and the proposed rates would exceed the actual charges of Fusly 1258 by Rupees 235-14-6 and the Standard estimate by Rupees 128-

8. The Statement furnished with the Collector's letter of the 10th October last is herewith returned in reference to the above remarks and in view to its being so prepared as to include the entire Sadervaved for the whole District arranged under the several heads noted in the Margin—

9. It will however be preferable that the Collector should delay the submission of this revised Statement with the other information now called for until he shall have received the orders of Government relative to the union of the Triputty and Pennaury Talooks. When, in the event of that proposition being approved the Statement may be drawn up accordingly so as to reduce the total Estimate as much as possible.

From the Collector of North Arcot — Sir, 9 Paras

I have received an address from the Zemindar of Karateenugur in which he details the circumstances of his Zemindary its prosperous condition under the present management which has enabled him to pay off a lack and forty thousand rupees of debt besides thirty two thousand rupees of arrear of Peishcush since its release from attachment in 1846 and the difficulties as well as heavy expences in which he is involved by the litigious proceedings of some of his creditors and finally makes a request that the Government will be pleased to make him an advance of 2,50,000 Rupees either in cash or Company's paper to enable him to settle with all his Creditors, which loan he engages to repay in yearly instalments of 40,000 Rupees with interest at 5 percent on the principal—

See especially Paras 7 & 8

2 The objects of the Zemindar in

in making this request are two 1st all his liabilities will be consolidated into a single sum at a moderate rate of interest and he will be saved the difference between that and the exorbitant rates which he now pays 2nd He will immediately pay off all his reasonable and moderate Creditors and as regards those of whom he speaks as harassing him with vexations and expensive law proceedings he will pay into Court the amount which he considers due to them and will thereby throw upon them all the costs of litigation for that portion of their demand at least - and it further seems probable that this course will induce those parties to forego all further litigation - In addition to these great pecuniary advantages from the accommodation sought it will both free the zemindar from a vast deal of personal annoyance and uneasiness and also leave more time to those who now have the management of his affairs to attend to the internal economy of his Estate much of their time and attention being now engrossed by

law proceedings at Chittoor and Madras -

3. To the zemindar's address is appended a Schedule of his debts at the present time according to which they amount to 27,0000 Rupees including 50,000 Rupees allowed for claims which may possibly be brought forward but which are uncertain and this he declares comprises his whole liabilities -

Letter May 16th 1844

4. On a former occasion the Board professed a readiness to pay off the zemindars debts at once at a time when they amounted to more than double the sum now solicited but that liberal and considerate offer came to nothing, because the zemindar was too anxious to get the Estate again into his own hands to accede to it - The circumstances indeed were somewhat different then, from what they are now inasmuch as the zemindary was under attachment and was to be so retained till the sum advanced was recovered - and thus the security for repayment may at first sight seem to have been better - But I do not conceive

conceive that it was so in reality a bond will be taken from the Zemindar binding him to the terms of the engagement and a clause may be inserted giving the Government the right to attach the Zemindary without any Civil Process and pay itself out of the proceeds on any failure to pay the stipulated instalments. The fact of the liquidation of 1,72,000 Rupees of debt and arrears in three years proves the present efficient management of the Estate and in contrast I beg to point to the four

years of Amany Management under the Court of Wards from 1828 to 1832 during which period though the allowance for the support of the Minor Zemindar was no more than 1,500 Rs monthly the debt was only reduced from 645,649 Rupees to 589,274--

Pro: Dec 4th 1843 Para 10.

5 The Board are aware that the embarrassments of the Zemindar are not of his own creation he came into the property burdened with a debt of nearly six lacks of Rupees he was a lad of eighteen, of course utterly unexperienced in affairs and incapable of

of realizing his own position and surrounded as he was by extortionate Creditors and dishonest and grasping servants it is no wonder that he did so little towards extricating himself from his embarrassments. The Government have on various occasions declared and evinced a kind consideration for the Bomraz family and the circumstances of its present representative as above noticed are such as to increase rather than diminish its ordinary claims to such consideration the security offered for the loan now solicited is as good as was demanded by the Board on the former occasion and the amount sought now is only half what was offered then while the necessity for the accommodation is not less pressing. Under these circumstances I think myself fully justified in submitting the Zemindars application to the Board and recommending it strongly to their most favorable consideration and support. I accordingly now forward his address as presented to me in Telugoo and English together

The Civil Court of
Chittoor

In Original Suit No.s 23 of 1835 of the file of the late Provincial Court for the Centre Division

Plaintiff

Vunbasenkara Dowajee son of Davay Vsroosshottum Sowcar of Madras

Defendant

Wonday Rajah Rajay Bommarauze Bahader zemindar of Carvate Nuggur in the zillah of Chittoor

Razeenamah or deed of amicable adjustment entered into by both parties.

The Original Suit was instituted for the recovery of Rupees 55,570-10-8 the principal and interest due on the bond executed

executed upon a stampt paper by the Defendant in favor of the Plaintiff for Rupees 45,500 being interest at the rate of 8 per cent per annum under date the 25th May of the year Nundana corresponding with the 6th March 1833 after an adjustment of the accounts connected with the bond for 28,000 Rupees which had originally been executed by the father of the Defendant in favor of the father of the Plaintiff. The Provincial Court by Decree dated the 5th May 1838 adjudged the Defendant to pay the sum of Rupees 55,570-10-8 sued for together with the interest due from the date of plaint as also the Costs of suit The Vakeel of the Plaintiff having presented a Petition to the said Court requesting them to issue a Kookoomnamah and thereby to recover and pay the amount decreed the Defendant reconciled the matter with the Plaintiff as follows. The Defendant settled account up to the 32d Anny of the year Nelumby corresponding with the 14th July 1839 and having fixed a balance of 70,000 Rupees as being due by him induced the Plaintiff to receive the said

said amount by ten annual instalments of 7,000 Rupees each together with Interest at the rate of 7 Per cent per Annum from the Month of Audy of the year Vekary corresponding with the 15th July 1839 to the year Heelaka corresponding with 1849 Mortgaging to him Plaintiff 30 Villages forming part and parcel of his Defendants zemindary. To this effect the two parties filed a Razeenamah which likewise contained certain other conditions in the said Court on the 15th January 1840. This Razeenamah having been confirmed to, only for some time and not afterwards a petition was presented to the Civil Court of Chittoor soliciting the issue of a Mookoomnamah for the recovery from the said Rajah Bommarauze Bahadoor Defendant of the balance remaining due after deducting what had been realized from the mortgaged Villages on account of the said Razeenamah. The whole of the zemindary of the Defendant was thereupon attached through the Acting Collector of Chittoor not only on account of the balance of

of Rupees 92,831-9-3 due upon the said Razeenamah but also on account of the claims of the other Judgment and Razeenamah Creditors of the Defendant. The said Collector likewise published an advertisement on the 1st June 1846, to the effect that the said zemindary would be sold in public Auction on the 15th July following, in satisfaction of the said claims &c. Apprehending therefore that a sale by auction of the zemindary might greatly injure his Samustanum the Defendant intended to discharge the debt due upon the said Razeenamah and also the claims of his other Creditors who obtained Mookoomnamahs by paying annually proportionate sums of money from the measure profits of the zemindary which might remain after deducting the (Circar) Rents and other charges to be hereinafter specified from the gross produce of the Estate. To this end the Defendant has appointed Andrew Seth Sam Esqre of Madras his Agent resolving to make over to him the entire management

management of his Zemindary for a period of 15 years the requisite arrangements having been entered into between him and the Agent - The Defendant having informed the Plaintiff of his circumstance desired him to prevent the Zemindary being sold in auction - In consequence of which and as the Defendant has agreed to the Conditions hereunder specified by the Plaintiff from a reliance that payments would punctually be made on account of the amount of the said Razeenamah during the management of the said Agent the two parties jointly and Voluntarily enter into this Razeenamah the conditions whereof are as follows -

First The Balance due to Plaintiff after deducting what he had realized on account of the former Razeenamah from the date of that document to the date of this Razeenamah amounts to Rupees 92831-9-3 as set forth in the Ikteyarnamah - This amount the Defendant has agreed to pay with interest to be calculated from this day

day at the rate of 9 Per cent per Annum according to the conditions hereunder specified -

3 It being agreed upon that the entire Management of the Defendants Zemindary shall be transferred to the aforesaid Andrew Seth Sam Esqre the appointed Agent of the Defendant immediately after the release of that estate from the attachment under which it has now been held, the Defendant and Plaintiff voluntarily agree that the former shall pay through his said Agent, and the latter shall receive at the end of every year, a proportionate sum

Defendant, the said agent, the Plaintiff and the other Creditors, who have already obtained Hookoomnamahs might consider to be true, and to be of justice and necessity payable.

4. The two parties further agree that of the amount payable at the close of every year on account of this Razeenamah, the interest due up to the end of the Year on the principal amount remaining due under the Razeenamah at the beginning of the year, shall first be deducted and the residue appropriated towards the liquidation of the principal money, that these particulars of payments shall be endorsed on the reverse of the Certificate Copy of this Razeenamah which may be obtained by the Plaintiff from the Court, and that the payments so endorsed shall be signed and sealed by the Plaintiff and Defendant. They further agree that both of them should on every occasion of payment, present a petition to the Court, regarding the amount paid, and that the Costs of such petition shall be borne by the Defendant and

not

not Plaintiff. &c

5. The Defendant further voluntarily agrees that in the event of his pleading the exsistence of, or raising questions with prefer=ence to any separate accounts, receipts witness=es or the like to shew that payments were (made other than those endorsed on the back of the certified copy of the Razeenamah) as above stipulated, the same shall not at all be admitted, but cancelled by the Plaintiff, Court, or other authorities.

6. The two parties further agree that none of the conditions above specified shall be construed to preclude the Defendant from satisfying, or the Plaintiff from receiving the whole or part of the amount due on this Razeena=mah by payments other than the pro=portionate ones above provided for which might be made by the Defendant either in person or through the said Agent or any other person from the produce of the Zemmindary, and that the provisions contained in Paras 4 & 5 of this Razeenamah shall

shall be fully applicable to all such payments.

7. As the Defendant also threw many obstacles in the way of the due enforce=ment of the terms of the Razeenamah form=erly filed by both parties, the Plaintiff was obliged to sue out a Hookoomnamah for the amount for which this Razeenamah is filed; but the Defendant has now re=solved to transfer the whole management of his Zemmindary to Andrew Scott Sam Esqre. whom he has appointed to be his agent for a period of 15 years, in view to the due liquidation of the debt due under this Razeenamah and of the debts due under other Decrees, Razeenamahs &c. as stated above. By this circumstance and by the deed executed by the said Agent to the Plaintiff, the latter is fully im=pressed with the belief that the agent would act regularly, unlike the defendant during his management. This belief alone has obliged the Plaintiff to consent to the Conditions inserted in this Razeenamah.

If the Defendant shall therefore fail to transfer the management of the Zemindary to the said agent immediately after its release from the attachment, or if he, transferring it, shall continue the said Estate in the agents management only for a portion of the said term of 15 years and not afterwards or if the Defendant shall not make proper arrangements with the Plaintiff in case the said Andrew Seth Sam Esqre shall give up the management himself, or if the management of the Estate shall be taken away from the hands of the said agent by the Defendant or any other person on any ground whatever before the expiration of the said term of 15 years or if any impediment shall arise to the liquidation of the amount of the Razeenamah in the manner above provided for the two parties voluntarily agree that nothing shall prevent the Plaintiff from having this Razeenamah fully carried into effect as

as he might wish according to the general Regulations by suing out a Hookoomnamah from the Court for the whole balance of principal and interest which might then be due to him under the Razeenamah, and by causing the sale by auction thro the Court of the 30 Villages mortgaged for the Amount of this Razeenamah as stated in Para 2 hereof, and if they be found insufficient of also an adequate portion of the other real property appertaining to the said Zemindary.—

8 If notwithstanding the said Agent shall continue regularly in the entire management of the said Zemindary for a period of 15 years according to the Karar entered into between him and the Defendant, and notwithstanding the the mesne profits of the Zemindary the said period of 15 years shall be apportioned in the manner above mentioned and a proportionate amount be regularly and fully paid by the Defendant through the said Agent on account

of

of this Razeenamah every year, the whole Amount
of this Razeenamah shall not be satisfied
and a balance still remain due, by the end
of the said term of 15 Years, the two parties
voluntarily agree that the Defendant shall
either forthwith pay the whole of such
balance to the Plaintiff in ready Cash or
pacify the Plaintiff by continuing the
Zemindary with his consent in the manage-
ment of the said Agent in order to the as
payment to him of the said balance either
in full or in proportions as stipulated above
from the net profits of the Zemindary, or by
making such other arrangements as the Plaintiff
might think proper and that in the event
of the Defendant not adopting any of the
said measures the Plaintiff shall according
to the stipulations contained in Para 4 of
this Razeenamah sue out a Hookoomnamah
from the Court and obtain its full ex
execution for the balance of principal
and interest then due under this Razeenamah

9 The two parties further agree that

that all the conditions of the
Razeenamah shall be binding upon them
and their heirs executors and adminis
strators and upon any other person to whom
the Plaintiff may transfer the whole
or part of the debt due on this
Razeenamah and his heirs—

We the two parties there-
fore request the Court to admit the
Razeenamah voluntarily entered into
between us according to the conditions
above specified, to issue speedy orders to
the Collector for the release
of the Defendant's Zemindary
now under attachment and
to grant an authenticated Copy

Extract from the Proceedings of the Special Commissioners Court in the Zillah of Chittoor under date the 2d April 1844.

1 Read again the Return of the late Acting Judge of Chingleput dated 10th June 1843 to the precept of the late Provincial Court of the 28th April preceding, transmitting an account particular of the sums collected and paid to the Plaintiffs heir in Suit No 12/827

2. The special Commissioner having perused the proceedings held in the case finds that the Plaintiffs heir has been overpaid and that the claim of the Plaintiff Cundapah Moodelly has been more than liquidated from the Proceeds of Shrothrium Villages under sequestration by the Court on account of the Pazeemanah filed in the suit.—

3. The Plaintiffs heir as Ponnambala Moodelly in his motion to the Provincial Court under date the 3d September 1842 acknowledges the

the receipt of Rupees 10738—3—2 in payment of the debt (which including interest is in excess of the amount shewn in the account particulars as transmitted with the Return of the acting Zillah Judge) but urges that the sums paid in should in the 1st. instance be applied to the liquidation of the Interest of the debt instead of the Principal. This is contrary to all rules and precedents and a principle that has never been recognized by Courts of Equity, nor can Compound Interest be allowed on the Principal. The Special Commissioner is of opinion that the 3 Shrotthiums Villages still remaining under attachment should be forthwith restored to the Defendant's heir Veeraragava Chrajah and that all sums in deposit received thro' the Collector should be returned to him. With the view to facilitate the adjustment of the claim the Special Commissioner resolves to transmit copy of the motion presented by the Plaintiff's heir together with an account prepared in

in conformity thereto shewing the amount overpaid which sum should be collected from him and be repaid to the Defendant's Son.—

Ordered that Extract from these Proceedings be sent to the Civil Judge of Chingleput for his information and guidance.—

In the same suit read again motion presented by the Court Vakeel C. Raganachary on behalf of the Son and heir of the Defendant.

Copy of this motion to be sent with the Extract of Proceedings of the date to the Zillah Judge for his information.—

In the same suit the Court Vakeel C. Raganachary on behalf of the son and heir of Defendant requests that he may be allowed to take Copy of the Court's Order upon unstampt paper.—

Ordered accordingly.

No. 8

Extract from the Proceedings of the Sudr Udalut under date the 24th February 1845.—

Read Mr. Petition presented on the 27th January 1845 by Ponnumbala Moodelly Son of Mr. Cundappah Moodelly Plaintiff in O.S. No. 12 of 1827 on the file of the late Provincial Court for the C. D.—

(Here enter Mr. P. No. 54 of 1845)

1 The object of the above address is to procure the reversal of an order passed by the late Special Commissioner for the Centre Division dated 7th April 1844 declaring that the Petitioner had received more than what was due by the Defendant to his father, the Plaintiff, under the Razeenamah filed in the above Suit and directing Rupees 924. 13—5. realized in excess of the Amount due to be recollected and paid back to the Defendants son Veeraragavarajah.

2 In support of his application the Petitioner represents that in the

Fort St. George 10th December 1849

the Razeenamah it was stipulated that the Defendant should annually pay to Plaintiff 560 Pagodas in discharge of debt from which sum Interest at one per cent per Mensem on the Principal as well as servants wages at 20 Pagodas per mensem being annually deducted, the remainder should be credited to the liquidation of the Principal amount.—

3— He further represents that if a correct calculation be made according to the terms of the Razeenamah there will appear to be a balance to a considerable extent still due to him, and that the accounts prepared both by the Zillah & Judge and Special Commissioner are not in accordance therewith.—

4 The account of the Special Commissioner having been examined in the Sudr Adalut and found to be correct the Court refuse to interfere in the matter and accordingly dismiss this Petition.

Ordered that Extract from these Proceedings be furnished to the Petitioner on his application.

Read again M. P. No 488 of 1847. presented by Paraska Venkatarama Chetty the Plaintiff in original Suit No 11 of 1829. and appellant in appeal Suit No 38 of 1829, both in the file of the late Zillah Court, wherein he requests that the Razeenamah filed by the abovementioned Petitioner and appellant with Timmaya Venkata Row the Defendant and respondent in the abovementioned suit on the 9th September 1840 before the late Zillah Court, Mortgaging the decree obtained by the latter in Appeal Suit No 47 of 1838 on the file of the late Centre Provincial Court and also the Razeenamah filed by the same parties in Original Suit 97 of 1840. may be enforced and that the Amount of both Razeenamahs being Rupees 2926 9 3 may be paid to the Petitioner out of the money collected from the

the Zemindar of Carvetungghor on Account of the aforesaid 2d Defendant and Respondent.

Read also Counter motion No. 520 of 1847 presented by the aforesaid 2d Defendant and Respondent Thamay Veneatah Row who represents that the principal sum decreed to the Petitioner in the abovementioned Original and Appeal Suits by the late Zillah Court was only Rupees 382-2-- and the interest up to the date of the original Plaint Rupees 76-2-- and Costs Rupees 66-5-- Altogether Rupees 524-15-- afterwards the Petitioner sued out the execution of the decree for Rupees 1537-11-- and caused the counter Petitioner to be arrested whereupon the latter not understanding all the Petitioner's fraudulent and deceitful conduct filed a Razeenamah for Rupees 1403-6-- on the 9th September 1840 before the late Zillah Court and a similar Razeenamah was filed in the abovementioned Original Suit No. 97 of 1816 and the present claim

claim of the Petitioner to Rupees 2926-9-3 on account of these two Razeenamahs is contrary to the Regulations and rules by which this Court is guided as will appear from the following reasons: If 300 Rupees and odd were deducted on account of the Principal and Interest of the Razeenamah on the latter Suit there would remain Rupees 2,600 and odd to be paid on account of the Razeenamah in the other Suit, but as above stated the Principal sum therein claimed was only Rupees 382-8 and the Petitioner now demands Rupees 2217-8 in addition thereto for interest and Costs, which is six times in excess of the Principal but if only legal interest were allowed the demand of the Petitioner would be reduced to 900 Rupees and odd. The Court took the same view which the counter Petitioner wishes to impress upon it in the matter

of Amba Senkara Davay who de-
manded compound interest from
the Zemindary of Cawetunggher to re-
whom this Court only allowed
simple interest as the Counter
Petitioner now requests may be granted
to the Petitioner.—

Counter Petitioner regarding the
Charge of exorbitant Interest to be

demanded legal interest according
to the Regulations.

Counter Petitioner was under
age and she does not know by
what means the Petitioner obtained
from

from him a Razeenamah for Rupees
1400 and odd without her knowledge
and consent and therefore that
proceeding and the present demand
are not admissable. Therefore
she requests that the Court

for the Collection of which an order was issued by the late Zillah Court, and a Return was made that the Respondents possessed no property, the Petitioner again presented a Petition to the late Zillah Court, on the 27th August 1840, for the Collection of Rupees 1537-14- being the principal and interest due to him up to that date out of the amount of the Decree for Rupees 1811 and odd which had been passed against the Zemindar of Caveripuggeram in favor of the Counter Petitioner in appeal suit No. 47 of 1838 on the file of the late Provincial Court, and an order was issued to collect that sum and on the 9th September 1840, the Counter Petitioner filed a Razeenamah agreeing to pay to the Petitioner Rupees 1403-6- with interest at one percent per mensem, out of the amount of the last mentioned decree. Because that decree has not before

before been executed, the Petitioner did not receive the sum agreed upon- moreover the Counter Petitioner had borrowed from the Petitioner various sums for the recovery of which the latter instituted Original Suit No. 97 of 1846, on the file of the Pandit under arrest, and the Counter Petitioner then filed a Razeenamah on the 6th August 1846, agreeing to pay the sum of Rupees 707-11-3- out of the same funds, and this Court ordered that that sum should be paid out of the amount Collected on account of the aforementioned appeal suit No. 47 of 1838- The amount now due to the Petitioner is Rupees 2588-11- on account of the aforementioned appeal suit No. 38 of 1829, and Rupees 337-11-3 on account of Original Suit No. 97 of 1846 altogether Rupees 2926-9-3 for the payment of which the Petitioner presented

his

his former Petition No. 488 on the 21st
September last. The Amount now
claimed by him is not contrary
to the order passed in the
matter of Umbasankara Dway.
There ought to be no reasonable objection
to pay the Petitioner interest for
the time during which the counter
Petitioner has delayed to fulfil the
conditions of the Razeenamah. The
counter Petitioner was a Minor
when the Original Suit No. 14 of
1839 was instituted before the
late Zillah Court and it was
necessary to include his Mother and
Guardian the Petitioner Suckoobyee
among the Defendants but after
he obtained his Majority he entered
into a Razeenamah with the
Petitioner, and the Petitions. pre
sented by Suckoobyee and Maw
-ay Vencata Row are false and
the Petitioner requests the Court
to reject them and pass an
order in his favor
6. In the Matter of Um-
-basankara

Fort St. George 10th December 1849

Umbasankara Dway in No. 9 of
1817 the Court ordered under date the 18th
March 1817 that interest should only be
allowed the Principal amount sued for
but it did not appear consistent with
the true principles of Justice and the
Regulations to allow compound
interest; since Section IV Regulation
XXXIV of 1802 only permitted the Court to
decree an Amount of Interest equal
to the principal sum and although
the Circular orders of the Court of Sudr
Dewanny Adalut under dates the 11th May and 23d
June 1829 sanction the grant of interest
on sums decreed over and above the
equal amount restricted in that
Regulation yet when an ordinary creditor
could only by a decree of Court obtain
equal interest it does not seem just
or proper to saddle the unfor-
tunate loser of a suit with an
unlimitted compound interest and
it is not fair to construe the
permission to levy interest on
the amount decreed into a
compound

Compound interest of which no mention is made in the Circular Orders above quoted and the very reverse must be inferred from the above Regulation which restricts the interest to an amount equal to the Principal accordingly the Court, as in the instance above referred and others of a similar description will only allow to the Petitioner Parasa Venkataramma Chitty simple interest on the Amount decreed in Appeal Suit No. 39 of 1829 being Rupees 524—15—u including Interest up to the date of the Plaint Viz. 5th January 1829. and the Costs of suit. The amount of simple interest on the Principal up to the 9th September 1840 was Rupees 546—u—which being added to the above sum of Rupees 524—15—u would be Rupees 1070—15—u and not Rupees 1537—14—u as improperly demanded by the Petitioner Parasa Venkataramma Chitty in his application to the late Zillah Court, the additional simple Interest up to

D.G.

to the date of his first motion, Viz. 21st September last would be Rupees 322—12—u which added to the last mentioned sum of Rupees 322—12—u would be altogether Rupees 1393—11—u and not Rupees 2588—14—u as he now demands. The Counter Petitioner was only a Moonshee in the employment of the Zemindar of Carnetnugger and it was for arrears of his salary that he instituted the suit against that individual and obtained a decree in Appeal Suit No. 49 of 1838 and as he was not in a condition to pay even the costs of Suit, but was permitted to sue "in forma Pauperis" there is no reason to attribute the long delay in satisfying the Petitioner's first decree to any improper conduct on his part. It arose entirely from his inability to pay the Money and therefore, he ought not now to be deprived all the benefit of the Decree he has obtained against his employer. The Court therefore now orders that the above

Fort St. George 10th December 1849.

above sum of Rupees 1393-11-" and the sum of Rupees 337-11-3 correctly charged for the decree in original Suit No. 97 of 1846 being together Rupees 1731-6-3 be paid on the proportion of three fourths of the Amount now collected and deposited on account of the counter Petitioner's decree and that the Counter Petitioner be allowed to receive the remaining one fourth and that all future payments made by the Zemindar be similarly dealt with-

Ordered that Extract from these proceedings be granted on applications to the Petitioner Counter Petitioner and his Mother if they required them-

Read. Miscellaneous Petition presented on the 3d April 1848 by

by R. Trivomulrow Vakeel on behalf of P. Venkatarama Chitty Zillah Chittoor

(Here enter M.P. No. 179 of 1848)

1. The object of this Petition is to induce the Court of Sudr Udalut to cancel an order passed by the Civil Judge of Chittoor on the 29th December last, wherein the sum of Rupees 2926-9-2 claimed by the Petitioner as due to him from one Manay Venkatarow, in virtue of two Razeenamahs entered into between the parties in Appeal Suit No. 47 of 1838 of the late Provincial Court and in Original Suit No. 97 of 1846 of that of the Windoo Sudder Ameen was disallowed as being opposed to the spirit of Section IV Regulation XXXIV of 1802 which does not authorize a claim to Compound Interest

2- Petitioner urges that his claim for Interest is a legal one, and that the Regulation quoted does not apply, as it is founded on Razeen's voluntarily entered

entered into by the parties themselves subsequent and not prior to the institution of the original action.

3. The Court of Sudr Udalut are of opinion that the order of the Civil Judge of which the Petitioner complains is perfectly just and correct and they refuse therefore to disturb it.

Ordered that Extract from these Proceedings be furnished to the Petitioners Vakeel on his application

Encls. No. 11 Returned 10th Dec. 1849

No. 12.

To The Judges of the Court of Sudder Udaulut

The humble Petition of Bommarauze Badur Zemindar of Carnetnuggarum Samustanum in M.P. No. 205 of 1849. On the files of this Honorable Court presented on his behalf by John B. Norton, Barrister at Law, and V. Seth. Sam. Pleader.

Respectfully Sheweth.

1. That by an order of this Honorable Court

Court bearing date the 10th day of July 1848. by para 8 the order of the Civil Judge dated the 5th of March 1847 was set aside and by para 9 the Civil Judge was directed of pass such order with reference to the disputed Amount of the Razeenamah as might seem to him equitable either "by disposing at once of the question" or by "referring the parties to a fresh Suit."

2. That such proceedings were thereupon laid before the Civil Judge that on the 17th of March 1849 he passed an order among other things deducting the sum of Rupees 20132-7-2 from the principal Amount of the said Razeenamah.

3. That against this order Umbasumker Dawy by his Vakeel filed his M.P. of Appeal No. 205 of 1849 your Petitioner filed his Counter Petition the Vakeels of both the parties were duly heard and thereupon this Honorable Court was pleased by its order of the 27th of August

Fort St. George 10th December 1849

August 1849 to set aside so much of the order of the Civil Judge of the 17th of March 1849 as related to the deduction abovementioned, confirming it in all other particulars and respects.

4. That the ground upon which this Honorable Court reversed so much of the solid order as above alluded to was that "gross fraud" was the only plea that could be entertained in a case of this nature and that it had not been established.

5. That your Petitioner is advised and believes that he could have established by evidence before the Civil Judge such a case of "gross fraud" in the premises as would have satisfied this Honorable Court that the deduction of the said sum of Rupees 20132-7-2 from the principle of the said Razeenamah was just and equitable had he deemed it necessary or had he been called upon

Fort St. George 10th December 1849.

upon by the Civil Judge to go into the whole merits of his case.

6. That this was not done, but that the Civil Judge satisfied himself by a computation of interest that the Amount mentioned in the Razeenamah was not only erroneous but a "gross fraud" upon your Petitioner.

7. That there was as your Petitioner respectfully submits, no failure on the part of your Petitioner and that no blame attaches to him for not having entered into the whole merits of his case, because the order of this Honorable Court of the 10th day of July 1848 did not render it incumbent on him to take the initiative, but on the contrary left it solely to the Civil Judge to take such steps as he might deem proper and expedient and that it would not only have been needless and impertinent but that in fact the Civil Judge would not have permitted your

Petitioner

Fort St. George 10th December 1849

Petitioner to adduce additional evi=
=dence to establish a fact of which
the Civil Judge was already per=
fectly satisfied -

8- That immediately after
the promulgation of the order of
this Honorable Court of the 27th Au=
=gust 1849, your Petitioner by his Vakeel
made a verbal application to your
Honorable Court to be allowed to
institute a Suit for the purpose
of establishing that the insertion
of the principle Sum in the Razee=
=namah was a "gross fraud" upon
your Petitioner, and such as accord=
=ing to the principles of Hindoo
Law could not be binding on
the party defrauded, when he was
verbally told by your Honorable
Court that he could do so -

9- That the Civil -
Judge, your Petitioner is
afraid, will refuse to al=
low any such Suit to be
instituted on the ground
that the order of this Honorable
Court

Fort St. George 10th December 1849.

Court of the 27th of August 1849 con=
=tained no direction on the subject -
10- That the expences of in=
=stituting a Suit in the Civil Court
would be necessarily very heavy,
and your Petitioner is naturally
desirous not to lay out large sums
in the purchase of stamped paper
and Vakeels fees before he is cer=
=tain that the institution of such
a Suit will be permitted -

Your Petitioner therefore
humbly prays that this Honorable
Court will be pleased to pass an
order directing the Civil Judge
to allow the institution of a Suit
for the purpose abovementioned
(there being no dispute about the
other allowed terms of the Razeema=
=mah) or such other order as to
this Honorable Court seem meet
and the justice of the case may require -

Mis. P. No. 410 of 1849
Enclosure No. 13 Gentoo Document No. 14.

Translation of the accompanying Telugu Letter of the Zemindar of Carnottee Rungerum, to I. D. Bourdillon Esqre. Collector of North Arcot dated 9th November 1849.

Pressed by circumstances which with all my strenuous endeavours, I am not able either to control or avoid, I am constrained to intrude on your valuable time with this letter, the subject of which is of the utmost importance to me and deeply concerns both my present and future welfare: and therefore I trust you will be pleased to excuse the liberty I have taken.

2. You are well aware, Sir, that I have been all along, and am

Still

still (though considerably less now) involved in Debts, not contracted by me, but by my late Father, and which, considering the resources of my Zemindaree, ought to and would have been liquidated here now, had it not been owing partly to my inexperience, but chiefly to the treachery of my own old servants, who colluding with the creditors, mortgaged the best of my Villages to them, (thereby causing the Peishcush to fall into arrears) and by allowing the revenues of such Villages to be taken in liquidation of Interest, managed to increase the Debts almost fourfold, while by a just and equitable reckoning, they will be found to have been fully liquidated, and even overpaid long ago.

3. It must also be known to you that on the application of the said creditors for Hoo Roomnamahs to sell the Zemindaree in divisions for the immediate recovery of their claims, the Zemindaree was attached and advertised

for

Fort St. George 10th December 1849.

for Public Sale in one lot on the 15th July 1846 - but they (the creditors) soon finding that Government had a very large claim, and being apprehensive of losing theirs if the Zemindaree were sold, expressed a wish to enter into new Razeenamahs, if I would appoint an Agent and give him the entire management of the Estate - thereby securing to them regular annual payments - I readily and gladly agreed to do so - and by their unanimous consent appointed Andrew Seth Esqre, a respectable Armenian Gentleman of Madras and well known to almost all of them whereupon, they prepared fresh Razeenamahs signed them and afterwards sent them to me for execution only a few days previous to that fixed for the sale of the Estate - Owing to the ruin then impending on me, and the extremely critical position I was placed in, I was unable to examine or ascertain the correctness of the Amounts of the Razeenamahs; but having been

Fort St. George 10th December 1849.

been told that those were the Amounts furnished by the Court to the Collector and inserted in the Sotiarnamahs, I believed them to be correct, and consequently the Razeenamahs were executed and filed in Court.

4- As agreed upon, immediately after the release of the Zemindaree, I gave the entire management thereof to Mr. Sam, the Agent, who continues to manage it up to this day, and I beg also to state that to the present time, a sum almost equal to one half the Principal Amounts of the Razeenamahs has been paid into the Civil Court, and several of the creditors have from time to time received and continue to receive their dividends.

5. Soon after the release of the Zemindaree, some of the creditors without a cause, renewed their malicious proceedings and presented Petitions to the Civil Court, praying for Woodroonamahs for the sale of the Estate, with no other view than that of subverting the existing arrangement

arrangement, (which bade fair to pay off their claims ere long) and subjecting me again to their former usurious extortions. But the same Civil Judge before whom the Razeenamahs had been filed, rejected their Petitions and by two Rung into their accounts, deducted so much of the Amounts of the Razeenamahs, as was fraudulent and overcharged, and annulled the 4th Para thereof, where it was stipulated, contrary to Regulations, that the payments should, in the first instance, be taken in liquidation of Interest.

6. I will not weary you Sir, with the full details of all the troubles, loss and expense they have been, and are, subjecting me to, ever since - but I will only state briefly that they there upon appealed to the Sudr Udalut which Tribunal, on the 14th September 1847, fully confirmed the orders of the Civil Judge, declaring them <u>founded on reason and justice</u>. They again presented Petitions falsely stating

stating that the late Civil Judge, Mr Lanie, had passed those orders on my mere ex parte Statements; whereupon, the Sudr Udalut by an order of the 10th July 1848 directed the present Civil Judge to re-investigate the cases and pass such orders as he may deem just and expedient, either on Miscellaneous Petitions or by referring the Parties to a fresh Suit. Accordingly the Civil Judge after Six Months minute and patient enquiry, passed orders, on the 17th March 1849 similar to those of the former Civil Judge, and struck off the same amounts from the Razeenamahs.

7. I indulged a hope that such revised orders would have been final, but the creditors again presented Petitions to the Sudder Udalut, to which my Vakeel put in full counters, adducing Two very strong Precedents in support of Razeenamahs having been altered and amounts reduced; of which the first was an order made by Special commissioner

Commissioner Mr. Taylor on the 24th April 1844 - confirmed by the late Judges of the Sudr Court on the 24th February 1845 and the second an order passed by the late Civil Judge of Chittoor on the 9th December 1847 in a case connected with my own Zemindaree, reducing the Amount of a Razeenamah, which the present Judges of the Sudr Udalut fully confirmed on the 1st May 1848 both which were Razeenamahs entered into at a time when there was no trouble whatever - But with a strange inconsistency and contrary to all these, the Sudr Udalut on the 27th August 1849 passed an order stating that the Razeenamahs could not be interfered with and since "Gross Fraud" had not been established, their accounts could not be reduced! I have therefore been obliged to present another Petition on the 1st Ultimo, praying for permission to

to file new suits for the purpose of establishing the "Gross Fraud" - all the above will be fully proved by the Documents herewith submitted according to the List which I beg leave to enclose herein.

8. Notwithstanding all this, the said creditors to annoy and do me more injury, instituted Suits in the Supreme Court of Madras against my Agent and myself (claiming Interest for broken periods on the fraudulent amounts of their Razeenamahs) and thereby subjected me to costs to about 13,000 Rupees, and that for the recovery of only 3000 while they could have claimed and received it through the Civil Court, had they been justly entitled thereto - and even now, they have again presented frivolous Petitions to the Civil Court for the recovery of their claims at once.

9. Thus Sir, you will observe that the Court of Sudr Udalut, instead of considering my pitiful circumstances and protecting me, are passing such fluctuating orders; while the

the creditors on the other hand, Know-
ing that their claims will ére long be
fully liquidated, are endeavouring to
subvert the present beneficial ar-
rangement, in order, as I have stated
above, to make me again the victim
of their former extortions.

10. By an Inayetnamah with
which I was favored from you lately,
you were pleased to inform me that
Government were pleased to order,
that the amount of Rupees 80289 2
due for Commission and Interest, should
be kept in account, to strengthen the
Government claim, in the event of the
Zemindaree being brought to sale
again by my failing to keep to the
present arrangement. Therefore, having
such a Resolution of Government
staring me in the face, and being
beset by such unconscionable and
avaricious Creditors; I am perplexed
and know not what to do. and as
it rests, in a great measure with
you, Kind Sir, to relieve me from

my present difficulties, and Know-
ing your upright and benevolent
disposition, I take the liberty of
making the following request, in
the sure hope that it will meet
with your humane and kind con-
sideration.

11. From all what I have
stated above, you will doubtless have
inferred, that the object of my present
address, is to solicit an assistance from
Government through your kind recom-
mendation. But before mentioning the
terms on which I crave it, I beg leave
to state for your information that,
on the 21st May 1844. when the Zemin-
daree was under attachment for
arrears of Peishcush, and I much
pressed by these Ancestral creditors,
the Board of Revenue, through the
then Collector, proposed to me,
that if I would give a correct
account of my Debts, they would
recommend to Government to settle
with

with and pay my creditors, and res
=ceive back such their advance
annually with 5 per Cent Interest,
by continuing the Estate under at
=tachment till it's entire liquidation,
but as the Zemindaree was about
to be released at that time, and al=
=lowing it to remain under attach=
=ment would be a loss and disad=
=vantage to me; and moreover my
treacherous servants and the Cred
=itors having shewn false and
most exorbitant Statements of
my Debts to the Collector, the
proposal was dropped. And I deem
it also necessary to state here
that my principal Debts are
those that are now on the Civil
Court's List, and even those, as I have
stated above, are now very consid
=erably reduced, as per Statement
which is given herewith - Besides
these, there may be a few more
for trifling amounts, but they
are such as have never come before
the Court as yet and are consequently

unknowns

unknown to me; and of which some
will prove false and some out of
date; but should they come forward
hereafter and any of them be
found just and reasonable, I will
satisfy them, and which the res
=sources of my Zemindaree will
easily admit of my doing, without
my arrangements with Govern=
=ment being at all interfered with.

12.. I further beg leave to state,
that when my Estate was released
in August 1846, there was a Balance
due to Government of about Rupees
32,000 for which I gave a Kararnamah
to repay by two Instalments with
the two following Kists, but since
the release, I not only paid it in
a Month, but have also continued
ever after to pay the Kists regularly
without borrowing a Pice, and
have moreover paid hitherto a
sum of 40,000 Rupees for my Creditors,
after payment of all expenses, of
myself, Zemindaree Establish
=ment, Law Charges, Maramut, and

for

Fort St George 10th December 1849.

for Chuttrums Pagodas 8ea 8ea; and there is besides a large sum still due to me by my Ryots. Hence, I trust, the advantage and safety of the present Management of my Estate will be evident both to yaw and the Government.-

13. Under such circumstances, and encouraged by the former benevolent disposition of the Board of Revenue to assist me, and that by taking upon themselves the trouble of settling with my creditors and managing the Estate, I now take the liberty of soliciting from the Government, through your Kind medium and recommendation, a Loan of Two Lacs and fifty thousand (2,50,000) Rupees, whereby I will be enabled to pay off, and set myself free from, all my said unconscionable creditors - and I promise and propose to repay the same through my said Agent A. Seth Sam Esquire, by annual Instalments of Forty thousand (40,000) Rupees payable

Fort St George 10th December 1849.

payable at the end of each Fusly together with the Interest on the Principal at /5/ per Cent per Annum, (which will also be a great saving to me, as my present Debts bear Interest at from 6 to 12 per cent), though if seasons prove favorable, I shall gladly pay larger Amounts and liquidate the Debt as early as possible. I beg also to state that I will not hereafter contract any new Debts - my present Debts, according to the List in the Civil Court amount to Rupees —— 2,64,827-8 "
Interest thereon, Say " —— 60,000 - " -
Total Rupees " —— 3,24,827-8 "

Other small Debts (not claimed as yet) say — 50,000 - " - "

Grand Total Rupees —— 2,69,827-8 "

which

which is all my Debt, and if any further particulars of the same be required, my Agent will do furnish them. I promise truly and punctually to act up to my above promise and engagement - and as nothing is farther from my mind than occasioning any trouble or inconvenience to Government; I beg leave to say that if it will be at all inconvenient to them to favor me with the Loan in Cash, I shall feel equally thankful, if they will be pleased to order the Amount to be paid to me in Promissory Notes (of Ten Thousand (10,000) Rupees each) of the present Five (5) per Cent Loan, which will answer my purpose as well and not occasion any outlay to Government either in Principal or Interest.,

D.C.

Thus

Fort St George 10th December 1849

Thus Kind Sir having

14.

stated all my unmerited grievances fully and faithfully, and laid my request before you, I have only in conclusion to beg you will pardon me for having intruded so much on your valuable time, and to intreat and beseech that you will be pleased to lay this my request before Government as early as practicable and by your kind recommendation procure for me the Fatherly assistance I solicit, which / as it will save me and my Estate from present troubles and eventual ruin / will ever be borne in grateful remembrance by me and my Children, and our prayers shall be unceasing for the stability and prosperity of the British Government.,

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 19th Ultimo, forwarding and urging compliance with a Memorial for the Zemindar of Cavetnugger in your District, in which that Proprietor solicits an advance from Government of Rupees 2,50,000 for the Settlement of his Debts.

2 In reply I am instructed to inform you that the Board regret that they are unable to support your benevolent recommendation in the Zemindar's behalf. Deduct Decrease				985 6 4
Net Increase			3,005 5 8	

In

Abkarry.

Increase Rupees 1849-- --

2. In the Abkarry the principal sources of Extra Revenue in his District there is an increase, attributable to the enchanced offers for the rents generally but chiefly in the Conaud Talook.

Moturpha.

3. The small decrease of Rupees 69--5. in the years demand on account of the Moturpha, which is stated to consist principally of the Loom and Bazar tase, is ascribed to the abandonment of their Looms by some of the weavers in consequence of increased competition with Cloths of Foreign manufacture.

Sundry Small Farms and Licenses.

4. There is also a falling off to the exctent of Rupees 916-5-11 under the head of Sundry small Farms and Licenses arising from the offers for many small rents having been lower than in the previous year. Thus the Hill rent for instance declined Rupees 240 in consequence of the former renter having experienced loss by his engagement and the Grass rent Rupees 360 owing to the

the impediment which the demolition of the Fort Walls had begun to offer; whilst a further diminution occurred in the sale of the Durbah Grass from a larger quantity being required for public Works, as well as in several small fisheries and other Farms.-

Stamps.

Increase Rs. 2141-12--

5. The increase in this branch of Revenue is the result of the operation of Act XVII of 1848, which substitutes Stamp Paper for Institution Fees.-

Demand Rs. 49,644-13-1.

6. Of the gross demand the Collections made within the Fusly amounted to Rupees 48,475-7-9 and a further sum of 759-7-10 was collected up to the date of the Report, leaving a balance of Rupees 409-13-6 which is stated to be in course of realization.-

7. The Receipts including arrears were in the aggregate Rupees 49,791-7-- deducting Charges amounting to Rupees 1,025-14-11, the Net Revenue is Rupees 48,765-8-1 or Rupees 3,928-15-4 above that of Fusly 1257. The Charges appertain to Stamps alone and are Rupees 314-2-2 in excess of the preceding year

year owing to the larger amount of Commission disbursed on account of the increased sale of Stamp paper and to the value of Stamps refunded under the Act above referred to, upon the withdrawal of Suits from the Moonsiffs' Courts.

8. Adverting to the arrears due by the Hill renter in the Torriore Talook for Fusly 1256 amounting to Rupees 558-14-10, on the application for a remission of which the Government deferred passing orders pending the receipt of further information respecting the defaulters property and security, Mr. Maltby states that owing apparently to the neglect of the Tahsildar, since deceased, Security was not taken from the renter, as is commonly the practice, and as he is represented to have been a loser by his contract and to be utterly unable to discharge the balance outstanding against him, the Board would again solicit sanction for writing off the amount in

From Government 24th March in Cons: 19th April 1849.

in the accounts.-

9. The manufacture of Sugar in Trichinopoly, a Statement of which has been submitted with the Report conformably to the instructions contained in Esctract Minutes Consultation dated 4th January 1848, continues on a very limited scale in consequence of the prospects of profit not being sufficiently encouraging to induce parties who have the necessary means, to embark in a new undertaking.-

10. In reference to the Board's observations in the concluding Para of their Proceedings dated 8th March last on the illicit trafic in Salt stated to be carried on the detriment of the sales in the Tanjore Collectorate, the Collector states that the enquiries instituted by him show that

earth

earth Salt is produced in some localities &c
and is also imported into the District &c
from the Tondiman's Territory - He adds &c
that the large profits which both the smug-
glers and consumers gain by this practice
interest so many in it's success that the
detection and prevention are difficult, &c
but that his attention will continue
to be given to the subject, as the &c
illicit traffic is now carried on, it &c
must be admitted, it's entire suppression
is difficult - but the Board feel assured
that their orders on the subject will be &c
carried out as far as practicable. -

Ordered that a Copy of the
foregoing Extract from the Board's &c
Proceedings with the annexed comparative
Statement of the Collection Charges &c
and

and Net Revenue be submitted to &c
Government and a transcript of the &c
same be forwarded to the Collector of &c
Trichinopoly for his information and &c
guidance. -

Sir,

From the Acting Collector of Tinnevelly — Para 1.

With reference to Para 14 of the Proceedings of the Board of Revenue dated 16th October 1848, I have the honor to state that the Ryots of the 18 Villages comprised in the late Zemindary of Shockumputty having been consulted regarding the proposal to introduce a System of Money Rents of the kind particularized in the para above referred to, six Villages now under Sunkerninarcoil Talook are ready to consent for the present Fusly to accept such joint Village Money Rents for an amount equal respectively to the average Beriz of the last five years. The remaining 12 Villages which were attached to the Tencausey Talook decline to enter into such an arrangement.

Stating that the Ryots of 6 out of the 18 Villages composing the late Zemindary of Shockumputty are willing to accept joint Village Money rents for an amount equal to the average Beriz of the last 5 years and requesting orders on the subject.—

2- The proposition however being quite new to the people in this District,

District, and not thoroughly understood makes them naturally fearful of hastily consenting to it: But if the Board will allow me to grant Rents for the present year to such Villages as are willing to accept them for a sum equal to the average of the last 5 or in some cases the last 10 years I have no doubt that the advantages and convenience of the plan will recommend it to the remaining Villages in future years and that better offers will be obtained.—

Subjoined is a list of the

3-

18 Villages in question shewing the highest Beriz of each since the Zemindary was annexed and averages of the Beriz of each for 10 years (being the number since the annexation) for the last 10 years and for the last 5 years- These sums include land Revenue of every denomination and fish rent but not Moturpha.—

Tinnevelly, 17th November, 1849.

From the Collector of Malabar- Submitting in accordance with the Board's directions a reply to the Remarks of the Court of Directors conveyed in the 35th. para of their General Letter dated 29th. November last regarding the arrangements which are in force for preventing the illicit transport of Salt from the Cochin state into our Territories.-

Sir,

Para 1- I am directed by the Board of Revenue to furnish a reply to the remark of the Court of Directors conveyed in the 35th. Para of their General Letter dated 29th. November last No. 18 that they "presume that proper arrangements are in "force for preventing the illicit transport of Salt "from the Cochin state into our own territories."-

2- The correspondence noted in the Margin shews that the subject has received considerable attention.-

To Board	15th. August 1844
From Do.	19th. September 1845.
To Do.	27th. June 1846.
From Do.	28th. September

3- In my letter dated 27th. June 1846. (in continuation of one of 15th. August 1844) I pointed out that the contraband introduction of Salt from the Cochin territory into Malabar had increased with the increase of price caused by the order of Government of the 28th. March 1844, and remarked that the disproportion between our rates and those of the Cochin Government was so great that their cheap Salt must in the nature of

Cochin rates from 7 to 15 annas per Maund according to distance from the Coast- 16 annas per Maund on the Coast.-

of things take the place of our dear Salt.—

4. There were but two ways as it seemed to me, to meet the evil—the one, to organize a large preventive force—the other, to make arrangements with the Cochin Government to raise the price of their Salt to that which obtained with us.

5. The first measure which involved the guarding of a wild and difficult frontier of more than 100 Miles was both escpensive and unsatisfactory, and would greatly nentralize the benefits which had lately been granted to the people of both Countries by the removal of the Land Custom House.—

The Second which alone would be effectual had the disadvantage of imposing on a neighbouring people a load from which they had hitherto been free.—

6. The Board and Government being averse to either of these harsh measures and desirous that less objectionable methods should be tried, I attempted to carry out their wishes by the formation of depôts along our frontier, where Salt was to be sold at the Coast price, 16 amas per

Esctract from the Minutes of Consultation of Government dated 24th. August 1847.— Para 4.

per Maund, the heavy Cost of Carriage being borne by the Government.

Shittoor and Nemary.

7. In the 3d. para of his letter of the 22d. June 1844. the Dewan of Cochin had stated that the Cochin Government Salt was sold at stations 60 Miles from the Coast at 15 amas 2 58/64 Pie per Indian Maund. There was reason to suppose therefore that if we sold Salt at our border stations at a similar distance from the Sea at 16 amas per Maund, the lowest at which we could sell it by law, the inducement hitherto prevailing from the great excess of price to smuggling from the Cochin Country would be at an end in those parts.

The difference of 9 6/64 Pie would not make it worth the while of the contraband Merchant to carry on his trade.

For the other portions of the frontier, nearer the Coast, where Salt was sold by the Cochin Government at reduced rates (as shewn in the Note to my 3d. para) this arrangement would not of course provide.—

8. This accordingly was done. Salt was conveyed at the Government escpense to the inland stations of Ottapalum, Allatoor, Palghaut and latterly Shollamullay. the latter stations being more than 60 Miles from the Sea and there sold at the same price that obtains at the Coast depôts

depôts Viz.t 1 Rupee or 16 annas per Indian Maund.

9. The plan promised well at first and our sales were very considerable especially at Palghat and Shollamullay. But after a time they began to fall off, and the Cochin smuggled Salt, to make it's appearance again.

10. I was under the impression for a considerable time that the Cochin smugglers manage to undersell us, as heretofore by simply adulterating the good Bombay Salt with the inferior article produced in the Cochin Marshes. But to my great surprise. I find that a simpler cause is to be assigned.

The Cochin Government get their Salt from Bombay as we do.

11. The Dewan of Cochin in reply to a reference made by me to the Resident observes that the information as to the price of Cochin Monopoly Salt 60 Miles from the Sea given in his letter of the 22.d June 1844 referred "merely to a temporary price rendered necessary by the actual deficiency of Salt at that time in the Circar stores and the anticipated difficulty of procuring the usual supplies from Bombay."

This temporary high price, he adds

lasted

lasted only for a few Months after which the old rate was re-established.

12. This rate being only 12 annas per Maund in place of 16 it is easy to see that our establishment in the interior where we are prevented, as I have said before, by law from selling at less than 16 annas the Maund, cannot possibly be of the service that it was fairly anticipated at first they would be. A reference to the Dewan's letter of the 22.d June 1844 will shew I think to the satisfaction of the Board that no fault lies on me in having led the Government to form these anticipations.—

The first success alluded to in Para 9, I attribute in a great measure to the fact that the Cochin Circars had not at that time rival stores in the vicinity, as they have now.

Vide enclosure to letter to Board dated 27.th June 1846.

13. It is much to be regretted that the Cochin authorities were not more explicit at that time. What steps should be taken now it is for the Government to decide. That our inland depôts are of no use I will not say but that they are of use that was expected, or even can be, it would be idle to suppose. So long as the Cochin Government undersell us, at rates varying from 25 to 50 per Cent below ours, all

preventive

preventive measures must be carried on at great disadvantage.

Calicut, 8th November 1849.

(Signed) H. V. Conolly
Collector.

42-43

Proceedings thereon.

Requesting him to furnish full information regarding the operation of the new inland Salt depôts and the effects of the illicit introduction of Cochin Salt.

The Collector is requested to furnish an account showing the quantity of Salt sold at each of the new inland depôts, for each quarter since their establishment, the price realized and the net gain to Government after deduction of prime cost of the Salt carriage wastage and other charges. He will also explain what are the present selling prices of Cochin Salt in the vicinity of each of these new depôts and will submit a Statement shewing for the last ten Fuslies 1249–1258, the quantity and value of the Salt sold quarterly at Ponany and any other of the old depôts in the South of Malabar with the charges and net revenue.

2. The Collector will observe that by Section XLIV Act VI. 1844 it is competent to the Governor General in Council to reduce the Monopoly price of Salt whenever such reduction

reduction may seem to be expedient. He will therefore be so good as to submit his opinion whether by lowering the selling price of Salt at the new depôts to rates below 1 Rupee, the illicit import of Cochin Salt could be prevented, and if so, to what degree the existing rates should be lowered and what would be the financial result of the measure.

3. The Collector will likewise be pleased to state whether, in his judgment, considering the extent and nature of the boundary to be guarded, the former Sayer Chokies upon the Cochin Frontier did during their establishment interpose any material obstacle to the illicit transport of Salt from that state.

Sir,

Sir,

Para 1. I have the honor to report for the information of the Board of Revenue that the sales of Salt for Inland consumption in Fusly 1258 amounted to G.x 2285-240-.- or to an average of G. 202-200-. per Mensem, but the sales between the 12th July last and the 30th Ultimo amounted to G: 1186-180-., which gives G: 250-263-4 per Mensem. The quantity required for that purpose during the ensuing season may, therefore, be estimated at G.240 per Mensem and at that rate, the supply necessary for 15 Months, or from December 1849 to March 1851- when the newly manufactured Salt of the said year may

The wholesale Merchants who it appears had been for some time absent elsewhere returned to Madras for the purchase of Salt at the end of July 1848. The sales Viz.t G. 2785-240-.- are, therefore only those for 11 Months and 11 days of Fusly 1258.

2- The above entries include G: 1,289-26-.- already received from Vyloor and Voyaloor in part of the 1,500 G: referred to in the Board's Proceedings dated 19th January 1849. I expect that the remaining + G 210-374-.- quantity will be brought into store ere long. Having learnt from the Collector of Chingleput that it is well protected from the weather at his pans, I have not as yet risked its exposure to the expected Monsoon.

3- The quantity of Salt exported to Calcutta in the past Fusly was G: 1,329-160-1/2, and, in the early part of the Current year G: 358-133-2/2, making a total of G, 1687-293-3. The above Estimate provides for a stock of G, 1200 only.-

4- Under the circumstances stated above

above, I would beg to suggest that the necessary sanction may be procured for the manufacture, in the ensuing season, of G. 5000, in the proportions of G: 3500 at the pans under me and of G: 1500 at those under the Collector of Singleput.-

Proceedings thereon-

In the letter from the Asistant Collector, which accompanied the above communication, it is proposed to manufacture in the ensuing Season 5,000 Garce of Salt for the supply of the Madras Collectorate- Garce 3,500 to be made at the Madras pans and Garce 1,500 at those of the Singleput District.-

2- The Board of Revenue sanction the manufacture of the quantity suggested, in the proportions stated- They observe, however, that this quantity will suffice for the Home and inland sales to March 1851 only, when the new Salt of that year is expected to enter into consumption, and that it allows only G: 1200 for export by Sea up to the same date- whereas the sales for Sea export during the past Fusly 1258 and the early part of the present reached 1,687 Garce- Under these circumstances

circumstances the Board are not without appre-hension that the quantity proposed by the Asistant Collector may be insufficient, and at any rate the new Salt of 1851 will have to be sold soon after it is made- They therefore desire that the Collector will arrange for manufacturing a further quantity of 1,000 Garce, or 6,000 Garce in all, the additional 1,000 Garce being made wholly in his own pans or a part allotted to Singleput, as he may think fit-

Mr the Governor

The Treaty of 26th July 1849 which regulates under the head of duties and exemptions the importations and exportations of English and French Merchandize declares that all the productions necessary to the consumption of the Native population shall be exempt from all duties up to the present, and in consequence

consequence of the confined interpretation given to the Words "Articles of consumption" different articles considered indispensably contributive to the support of the Natives such as baked areca cloves Nutmegs pepper, areca Nuts pimento mustard seed Saffron, tamarind and ghee are based upon their entry into our territory I am firmly persuaded Mr the Governor that it will suffice for me to proclaim this fact to you in order to obtain the rectification thereof, that you will interpret as I do the Spirit of the Treaty in a more wide and liberal manner and that you will take the necessary measures to put an end to a state of things which adds to the misery of our population already too unhappy.

Order thereon.

23-24

Ordered to lie over.
Read the following letter.

To
J. Pycroft Esqr
Secretary to the
Board of Revenue,
Fort St George.

Sir,

25

From the Acting Collector of Bellary

With reference to your Circular letter dated 24th September last, returning the Statements furnished from this Office, under the Board's instructions of the 31st July 1848, and forwarding 3 blank Forms in lieu thereof to be filled up according to the revision now ordered, I have the honor to state, that as my former Statements in regard to the Marginal* subjects were prepared according to the instructions contained in Paras 2 - 3 - 1st part of 4 and 5 of the present Circular, the same do not now require any Modification.

Forwarding 2 Statements filled up in one of the 3 Blank forms as required in the Board's Circular dated 24th September last.

* Extra Sources of Revenue to be excluded.
Quit Rent or Jodee on Enams Shrotriums Agraharms &c to be entered "Under annual Settlement."
Peculiar and Ordinary Produce how to be entered.
Expenditure on Trunk Roads is not to appear in the Statement.

2. In pursuance of the directions conveyed in Para 1st I have now included under the head of "other Sources of Revenue," Sundry small Farms Comprizing

17936 Fort St George 13th December 1849.

Comprizing in this District, the Revenue from Plantations, Jungle and Hill Produce, Jallee Poolvaree, as well as the Sevoy Jumma on account of these items.

3. The Statement thus Modified, I now beg to send filled up in one of the 3 blank forms as required, that it may be examined and altered, if necessary in the Board's Office, and when returned, the two remaining forms will be filled up and despatched.

4. I further beg to transmit a separate Statement of Sugar, Cotton, Indigo, and Tobacco Cultivation, prepared in the form prescribed in the latter part of Para 4 of the Circular now under reference, and should the same be also approved of, and returned, it will be retransmitted in Triplicate.

Order thereon — Ordered to lie over.

To

J. Bycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

Sir,

From the Collr of North Arcot } Para 1.

Recommends the resumption of certain unclaimed Enams with reference to his letter August 31st 1849.

Para 4 details remarks to items 2 and 3 in statement I therewith sent. —

In reporting on the old Sevoy Jumma Balances in this District on the 31st August 1848, I noticed that one item of the Sevoy Jumma revenue was the proceeds of certain small Pagoda Enams which

27. [illegible] 1793 were under sequestration because the services for which they were granted were no longer performed; and another, the proceeds of a number of Cummuds and other Enams under sequestration in consequence of there being no parties forthcoming to claim them; and I stated my intention to investigate both subjects at the approaching Cummabundy and then submit a further report stating what Enams of each class ought in my opinion to be resumed. Accordingly accurate information was obtained at the Cummabundy concerning these Enams, and I have now

tion and period of virtual abandonment, of
the enams of each class; and Statements
3 and 4 are abstracts of them. -

2- The total number of unused
Davastanum Enams is 111, and the extent
in Nunjah and Punjah 227 Cawnies, bearing
an assessment of 956 Rupees. Of this number,
61 Enams to the extent of 142 Cawnies,
and bearing an assessment of 501 Rupees have
been thus unused since the time of the British
assumption of the Country or before; while
the remaining 50 Enams have gradually
ceased to be made use of at various
periods subsequently. The reasons of this
abandonment were various, the death of
the Meeras pojary and no succession ap=
=pearing quarrels among the people of
the Village whose contributions had eked
out the insufficient amount of the
Enam the Pagodas falling to ruin, the extreme
smallness of the Enam and its inadequacy
to

to afford a living; these were the
chief causes. -

3. According to the Enam rules,
service Enams are considered to lapse
on the discontinuance of the services for
which they are granted, but the practice
of this District has been not to resume
Enams of the discription now under
report, but only to bring to account every
year under Sirvy Jumma, the teerwah
of such portion as may be cultivated.
The Board are aware that the Sirvy
Jumma demand in this District, has till
recently escaped notice almost entirely
and so it has happened that but a very
small part of the amount so brought
to account has in fact been realized;
while it is probable that a great deal
of the real cultivation has never been
brought to account at all. It appears
proper that these Enams should now
be permanently resumed, and I beg to
recommend that this should be done. In
some instances it will be seen the

Mangars

Mongaro &c. profess a readiness now to re establish Poojah in Pagoda; it will be for the Board to determine what con=sideration should be given to this profession, after the building has been allowed to remain desolate so long without any effort to restore it to use.-

Enclosures 2 and 4

4. The abandoned Cuams in the other list are 60, extending to 157-6½ Cawnies and bearing an assessment of 912 Rupees, 24 of these to the extent of 44 Cawnies and the value of 152 Rupees, were abandoned at or prior to the time of the British assumption, and the remainder have been deserted at various dates since. The greater part of these are Khyra=ty, but a few are for service, the causes of resumption in the latter case appear to have been failure to perform the service, and in the former the death of the holder without heirs, or his failure to prove his title; and in some instances the Cuam was re=signed as the Jody was too heavy.-

These

5. These Cuams have hitherto been treated in the same way as the unassessed Davadtanum Cuams, the teerwah of the cultivated portion being brought to account under the head of Sewoy Jumma.- I would beg to recommend that they may now be permanently resumed and included in the Jyen lands.-

From the Collr of Madura } Sir,

Para 1 With reference to the Proceedings of the Board under date 6th August last, I have the honor to transmit a Statement exhibiting the information obtained by the Tahsildar of Tenkurray, in which Talook Guntamanaickenoor is situated.—

2 In reply to my enquiry the Vakeel of the Zemindar states that he has no debt beyond what the Renters claim for repairs, which from the Tahsildar's Statement appear to have been inconsiderable as far as they are concerned.—

3 I offered to recommend to the Board to recover the amount of arrear due to Government Viz.te 9,948-7-8 in 6 years 1500 Rs. in each of the 2 first years 2,000 Rs. in each of the next and the remainder in the sixth year. The Renters assert their inability to pay any thing beyond their rent to the Zemindar, but proposed — that the instalments abovementioned should be recovered from that amount leaving him to live on his private cultivation. To this the Zemindar will not consent.—

4 Under these circumstances I have the honor to request Authority to sequester the Zemindary unless intermediately by Zemindar & Renters agree to pay the arrear by the — Instalments abovementioned or any other which the Board may think proper to prescribe.—

Communicating to him the views of the Board regarding the liabilities of Guntamanaickanoor Estate and the Conditions on which it will be allowed to continue under the present management.

(33-34)

thereon. It is observed that the terms of the lease of the Guntamanaickanoor Estate granted for 11 years, commencing with Fusly 1255, by the Mother, and Guardian of the minor Zemindar, were, that the lessees should pay an annual rent of Rupees 15914–13–3 and should expend the sum of Rupees 10,000 during the three first years of the lease in the improvement of the works of irrigation in the property. which was to be covered by deduction from the rent at the rate of Rupees 1250 per Annum for 8 years beginning with Fusly 1258. The Renters were to have credit in account for the annual demand on the Zemindars private cultivation with the exception of 40 Rupees "assigned gratis"

2. The whole amount hitherto spent by the renters upon Maramut, as far as has been ascertained, is given in the statement which accompanied the Collector's letter of 23d November last, at only Rupees 1650. Some further repairs, the Cost of which is not known, have also been executed. but the entire expenditure does not seem to have

have been large.

3 The Settlement of the Estate for the four Fusslies 1255–1258 that it has been in the hands of the renters, according it is presumed, to the accounts furnished by them averaged Rupees 16673–5–2 which supposing the whole to be realized would leave the renters a profit of only Rupees 758–7–11. This seems hardly probable. Mr. Parker has offered no opinion upon the credibility of these returns nor upon the sufficiency of the rent itself and the Board would wish to know his opinion upon these points.

4. Adding to the amount of the rent (Rupees 15914) the sum (Rupees 40) "assigned gratis" to the family and deducting the Peishcush 13,914–13–3. the net income left the Zemindar would be Rupees 2540. The public liabilities are. Arrears of Peishcush Rupees 9948–7–8. the private are stated by the Zemindars Vakeel to be confined to the sums expended by the renters on Maramut. Whether the money Rupees 2500 advanced by these parties when the lease was granted has been repaid to them, does not appear. This should be explained.

Supposing

5. Supposing the Sircar balance to be recovered in 7 years, Viz, 1500 for each of the 6 first, and 948-7-8 for the seventh year the amount left to the proprietor for the next six years for his own support and for payment of the Maramut outlay and any other debt which may be due to the renters would be Rupees 1040 per annum. Reference is made in Para 3 of Mr. Parker's letter to the Zemindar's private cultivators but for this, as the Board understand the terms of the lease, he has to account to the Renters

6. Whether the Zemindar will limit his expences for several years to come to the extent which will enable him to meet the public and private demands upon him seems to the Board to be very doubtful. Nevertheless, if on inquiry the Conditions of the present lease should seem to the Collector to be equitable - and if the Zemindar & the renters will consent to pay, between them Rs. 1,500 yearly, commencing with the ensuing Fusly 1260 in liquidation of his public arrears, the Board will recommend to Government that these terms may be accepted and the estate be allowed to continue under its present management so long at least as the current Peshcush, and instalments of the old balances are duly discharged. If such arrangements cannot be effected there seems no alternative but to attach the estate, which the Collector will consider himself empowered to do forthwith -

Para 1

The Right Honorable the Governor

Governor in Council is of opinion that the limits of the public Cattle grazing Farm in the Bellary District should be reduced at least to the extent specified in para 5 of Lieutenant Harris' letter dated 16th October 1849 by which besides the ground nearest Bellary marked A in the Map being relinquished thirteen numbers of claimed lands will also be restored to their owners and he directs that instructions to this effect be accordingly issued, and a revised Map of the new limits prepared in duplicate, one Copy for deposit in the Collectors Cutcherry the other with the Commissariat Officers.—

2 After these measures are carried out the Board of Revenue will submit a report of the different descriptions of land included within the new limits of the grazing farm and the extent of land for which it will be necessary to grant other lands in exchange. They will report the period during which the owners of private lands have been kept

out

out of their possession by the Occupation of the public Cattle Establishment whether any arrangements were made for compensating them and if not what amount it will now be necessary to grant. In regard also to service Enam lands the Board will explain what is the nature of the service required of the proprietors whether this service has been regularly rendered and if so how remunerated.—

3 It is observed that of the extent of Enam land comprized in the present limits of the Grazing farm given at 735 acres—

110 Acres are Pagoda lands

Sir,

I have the honor to acknowledge the order of Government upon an Extract from Minutes of Consultation in the Revenue Department upon the subject of the Commissariat Grazing Ground at Sultanpare in Bellary.

N° 3195-31st August 1849. N° 813-28th

2 Having referred the above correspondence to the Officer of this Department at Bellary in the terms of a letter annexed, I have now the honor to submit for the information of the Right Honorable the Governor in Council that Officers report with accompaniments and a Map of the Grazing ground in question.—

From Major Macleane to Lieutenant Harris 3d September 1849.

Dated 8th Septr & 16th October 1849.

3 I respectfully beg leave to suggest that the proposition contained in the 8th Paragraph of Lieutenant Harris' Communication which is in substance the same as the one originally made by Mr Kelly and

recommended by the Revenue Board may be carried into effect, Vizt, that the Sultanpore Kawuls should remain as they are and be carefully defined, compensation being given to Enamdars and others in other lands to be detailed and settled more particularly hereafter by the Collector himself. Now agree with the Local Commissariat Officer for the reasons stated by him, that there should be as little deduction made as possibly from the quantity of grazing ground held by this Department in that locality.

Proceedings of Government in the Revenue Department with order thereon upon the subject of the Sultanpore Cawul and to request that you will submit the information required as to the extent of grazing ground absolutely necessary for the wants of this Department.

dated Bellary 23d April 1811

2 Referring to the last para of a letter from Captain Whyte to Captain Harney written soon after the transfer of the Kawul to the Commissariat, the Commissary General observes that the ground was considered amply sufficient for the provision of 1000 Bullocks if so there is more than double the quantity required now under occupation by the Public Cattle, the number of which only amounts at present to 400 Heads —

3 At any rate the Commissary General desires you will immediately proceed to carry out the views of Government ordering that a farm strictly for grazing purposes should be confined to lands under the control of Government and should not extend

to

to private lands or lands which being assessed are liable for revenue

4 The Commissary General also desires me to observe that he has been put to some inconvenience in consequence of not having received a Copy of the Map called for on the 10th of July last.

To

Colonel A. Tulloch C.B.
Commissary General of
Madras

Sir,

3 September 1849

I have the honor to acknowledge the receipt of Acting Assistant Commissary General Major Macleane's letter and to inform you that I cannot take upon myself to give the information required by Government as to the extent of ground absolutely necessary for a Grazing farm for the Public Cattle until I have personally inspected and gone over the whole of the ground.—

The weather is just now extremely unfavorable and were I to proceed immediately

immediately the flooded state of the Country round Sultanpore would quite prevent my being able to form any correct opinion either as to the capabilities of the ground for grazing purposes or the extent required

I will however immediately the weather clears up proceed to Sultanpore and as when there it will be absolutely necessary for me to know which are the Enam and assessed lands I have written to the Collector for information and I have no doubt but that in communication with him I shall be able to arrange so that these lands shall be given up as required by Government and that a farm amply sufficient for the wants of the Public Cattle shall be so well and clearly defined as to prevent the possibility of any future disputes on the subject.—

Adverting to the 2d para of the letter now under reply I would remark that although Captain White states the farm

to

to be amply sufficient for 1000 Bullocks, he does not appear to have calculated on Camels being also subsisted on it, at any rate not in any large number as I gather from a letter from Sub Assistant Commissary General Lieutenant Stewart that in 1812 there were only 11 Camels belonging to this Division there are now generally 700 It is therefore necessary that I should provide for the grazing of these animals as well as the Bullocks-

In reply to the last para of Major Macleanes letter I much regret that the non receipt of the Map of Sultanpore should have put you to inconvenience and beg to submit an explanation of the delay in its despatch that I addressed the Acting Collector Mr. Pelly requesting the Map might be returned as I wished to forward you a Copy of it the request has not however been as yet complied with- I was not aware that you required the Map immediately or I would have secured its return I however beg to inclose [+] a very inferior one which I had made on receipt of your

your orders intending to send them both at once- I have now again written to Mr. Pelly for the better Map and will lose no time in having it copied and will forward it to you with the Enams and proposed boundaries marked out on it and such observations as my visit to Sultanpore may enable me to submit for your information-

17th December 1849.

2- I beg to refer you to Deputy Assistant Commissary General Major Brenner's letter as the opinion I have formed of the Farm corresponds entirely with his, as expressed in the above communication. I have marked in the Map in red Ink figures all the tracts of land which were pointed out to me, as being either Enam or assessed lands, you will observe that nearly the whole of the low land skirting the Hills is so claimed in fact, the Perampoke or waste land (which is all that could be retained by this Department, according to the orders contained in Extract of Minutes of Consultation, No: 813, 18th August 1849, and para 3 of Acting Assistant Commissary General Major Macleane's letter) consists entirely of high barren, and in many instances (to Cattle) impassable Hills, which in themselves are quite inadequate as a pasture ground for the Public Cattle. Hitherto the Cattle have been prohibited from grazing on these Hills at all, as accidents (such as broken legs have, and, if it is generally permitted, will

Fort St. George. 17th December 1849.

will still more frequently occur to the Bullocks, again in consequence of the drainage from the Hills the grass grows much more luxuriantly on the low lands, added to which if they were entirely given up the Camels would suffer seriously as although the Hills it is true are thinly sprinkled with a low stunted tree, from which the leaves are cut and carried to the Karkhanah, for the consumption of the Camels there, yet there is a small and better description of Shrub of the native name of "Nerinjee", on which the Camels are left to browse grows only on the low lands- the Village Cattle also if allowed to graze close to the edge of the Hills will, as indeed they do now, encroach considerably on the Hills themselves, and as the Public Cattle will have to pass over all these low grounds to get to the Hills endless disputes will arise between the Public Cattle servants and those to whom the ground is let for Cultivation-

3- The practice that at present is

is in vogue at the Farm, is for the Cattle to graze on the low lands as shirking the Hills and the grass growing on the Hills is cut and stacked. this is done without any expence, as the Villagers are invited to cut the grass, giving half to the department and taking half away as recompence for their own labour, thus a double quantity of grass is necessary and no allowance must be made for the quantity stolen, which is considerable in spite of every attempt that is made by the Public Cattle servants to prevent it. Taking these facts into consideration, coupled with the rocky Hilly nature of the ground, the quantity of land occupied by this department is not so needlessly large as it appears when stated in acres.

4. I beg to submit for your information Copy of a letter from my predecessor Captain Webb, which fully shows that he was of opinion that the limits of the Farm could not be curtailed without

without detriment to the Public service.

5. The present season is so extremely favorable a one for herbage, as more rain having fallen than has ever been known before, that I am unprepared to differ from the opinion expressed by Captain Webb in the above quoted letter. there can however be I should say no doubt but that taking the average of seasons there is considerably more grass pasture than is absolutely required for Bullocks. I cannot speak so positively regarding the Camels, the Collector most fully concurs with me in thinking it extremely unavoidable that small tracts of land either Enam or assessed for revenue, should be given up, if in the middle of, and surrounded by the grazing ground in possession of this department; such a course being sure to lead to frequent collision with the Public Cattle servants, and the Cultivators. I would therefore respectfully suggest that should Government still decline sanctioning the propositions made by the Collector in his letter to the Revenue Board and insist on the limits of the Farm being

Fort St. George, 17th December 1849.

being reduced, that the whole of the grounds nearest Bellary marked A in the Map be relinquished, and that this Department retain possession of the other range of Hills as at present defined in the Map now sent. With the exception that as there is a tract of land near the Village of Jugulghee in which a great many Enams and assessed lands are marked* I would withdraw the boundary close to the Hills as shewn in the black line in the Map, the more especially as the ground is of no use for grazing purposes and it, at once disposes of 13 numbers of claimed lands.

6. From the acting Collector Mr. Pelly's letter to the Secretary to the Board of Revenue it appears that the whole revenue derivable from all the land of every description now under occupation by this Department is only Company's Rupees 1,382—8—, and I conclude this even would be very often considerably lessened by the ground being often unbidden as is I believe the case with many immense tracts of land in the neighbourhood and

* Nos. 188-177-18-16-30-130-129-128-119-124-122-9592-

Fort St. George, 17th December 1849.

and also if it were let to Cultivators, by reduction of rent that would be granted them in bad seasons, and I submit for your consideration how very much more profitable it would be to Government were the whole ground retained as at present by this Department, which would then run no risk from bad, dry seasons, and would be prepared to meet any emergency as was the case in the time of the Kurnool War when upwards of 2,000 Bullocks were subsisted on this farm for 5 months without the slightest expense for dry forage. The surplus grass could be in the ordinary course of events brought into this station and stacked so as to diminish the charges for Forage to the Public Cattle in Cantonment.

7. As this course has already been suggested from your Office, and as by the last para of Major Brenner's letter* he evidently considered it feasible. With a view to submit for your consideration some definite information on this point I made the experiment, and I trust my having done so will not meet with your disapprobation.

about 200 Camels.

* Circular letter 10th December 1836.
* above quoted.

disapprobation, as to how much grass (and at what expense) 12 of the Public bullocks could bring in when attached to 3 large Bombay Muster Arrack Carts (which would almost always be available and obviate the necessity of having Carts made on purpose) and I beg to submit the details of the result in the annexed Statement, which assuming my estimate of the expenses to be in the main correct, also shows the comparative advantages of the Farm being kept at its present limits by this Department for public use, or the Enam and aforesaid lands being given up and rented for Cultivation.

8. The Acting Collector Mr Petty would I am sure give his cordial co-operation (should it be the wish of Government) in so arranging matters that the Farm should remain (with some few exceptions where a little ground for grazing purposes would be a great boon to some one or two Villages Viz. Chota Antapore and Poovhully) of the same limit as it has been for these last 40 years, provided

provided the boundaries are clearly defined (which might be done with boundary stones as proposed by you at a small expence) and he is empowered by Government to assign over to Enamdars land of equal value in exchange for that within the limits of the grazing Farm, which I dont think he would have any difficulty in doing on account of the immense plains of uncultivated land that abound in the vicinity of the Farm.

The importance of the subject is my excuse for having entered so much into detail as well as for delaying to carry into execution your orders as contained in para 3 of Major Macleanes letter, as had I at once given up the whole of the low grounds, they could never have been resumed, and had scarcity of forage at any time hereafter put this department to the great expence of purchasing, I should have considered that I had not done my duty in acting without having first submitted the whole matter for your consideration, and further instructions.

Sir,

Adverting to my letter to the address of Mr. Mellor under date the 8th May last, I have the honor to inform you that I went out on the 12th Instant to Sultanpore and inspected the whole of the land allotted to the Grazing Farm-

2- I do not consider that any part of the land can be relinquished without detriment to the Public interests- The two spots petitioned for by the Curnum Nursingarow are those really of any value for Grazing as well as for supplying grass to be stacked for use in the hot months, the remainder of the land is hilly or covered with stones and would not supply sufficient nutriment for the Government Cattle- I beg to observe that there has been no increase to the Grazing land since it was first allotted in 1812-

To, Lieutenant Colonel W. Cullen
Commissary General-

Sir, In compliance with the request contained in your Circular letter of the 10th Instant

Fort St. George. 17th December 1849.

Instant. I have the honor to state that in 1804 or 5, a considerable extent of Pasturage lands were taken possession of for the use of the Public Cattle, but it does not appear from any Records or Documents in this Office, under what authority they were so appropriated. In the years 1829 Application was made to Major Cox late Assistant Commissary General at the Head of the Public Cattle Department for information on this subject, but he was unable to afford any so I have nothing to go upon except possession. The Ground so occupied is distant from Bellary 15 Miles and is nearly surrounded by Hills and embraces a circuit of about 10 Miles. the pasture is found to grow in greatest luxuriance on and at the bottom of the Hills, and I have little hesitation in saying that the produce of the grounds so appropriated is calculated taking the average of years to feed no less than one thousand Cattle.

The only forage hitherto grown has been the Hill Grass. but there are many parts of the land susceptible of

Fort St. George. 17th December 1849.

of Cultivation so as to produce any other description of Forage. Indeed within the last few years the encroachments on the low lands from the East by the Cultivators have been considerable but as these men have been paying a rent to Government for what they brought into cultivation, and did not immediately interfere with the demands for Pasture, the Commissariat Officer has hitherto refrained from preventing the Cultivation to a limited extent from going on.

I am of opinion that if a certain number of Bandies were made up. I could by means of Public Cattle bring in as much Hill grass from Sultanpore as would answer all demands from the Artillery and Cavalry but at the same time beg to remark that this would be almost impracticable to perform at present, as from the accompanying Memorandum you will perceive that all the Public Cattle servants at the Depôt are so employed, as that their services cannot be called to account in for cutting down and stacking up the Hill grass. I would therefore if immediately

2. It is however now represented by the Collector of North arcot that Lotf Ally was never allowed any thing out of the Enam in his own right, and that the monthly allowance of 10 Rupees which he formerly received was on account of his wife and had ceased on ther separation in x 1838 Under these circum:stances, and especially with reference to the fact of Lotf ali being the grandson of the Original Enamdar, and as such entitled to some support from the Enam, the Right Honorable the Governor in Council resolves that, as proposed by the Collector, the present holder of the Enam be required to

Para 1. The Right Honorable the Governor in Council entirely concurs in the opinion expressed by the Board of Revenue in their Proceedings Nr 492. dated 8th November 1849. as to the right of the Todawars to the authorized compensation of Rupees 150 per annum for the lands included within the Cantonment of Ootacamund, in arrear from the 27th December 1836. calculating at this rate to the close of the current year the compensation amounts for 13 years to Rupees 1950. of which, deducting the sum already received by the Todawars for 2 years, Viz. Fushlis 1250 and 1251, there remains a sum yet unadjusted of Rupees 1,650.—

2. The Governor in Council is surprized that Mr Wroughton with his professed zeal and anxiety to uphold the rights of the aborigines of the Neilgherry Hills should have neglected this just claim so long, and that

Mr

Mr. Thomas, the present acting Principal Collector should view such a breach of a public promise as of no importance. He desires that the Acting Principal Collector be now instructed to assemble the original land owners or their heirs, and to pay them agreeable to the above scale the arrears due to them, giving them assurances that they will henceforward receive the Annual sum with regularity from the Collector's Treasury at Coimbatore, for the payment of which this will be his authority.—

3 Exclusive of the justice of carrying out the arrangement now ordered, the Governor in Council anticipates from it the best effect on the minds and temper of the Burghers, who appear by the further Communications of the Board of Revenue dated 5th and 29th November 1849 No. 495 and 526. to be unwilling to transfer to Government their admitted proprietary right in the lands of Jackatalla which are required for the construction of Barracks and the formation of a Military Cantonment. Seeing the Polawars claim recognized after such a lapse of time, the

Sir,

I am directed by the Board of Revenue to return your Statement of actual Charges incurred under Estimate in Fusly 1258 and to request that a revised Statement may be submitted with the following alterations in the items of Saderwared No 1.

2 In Column No 4 the sums sanctioned by Government on the 18th November 1834 as the Standard to regulate disbursements of Saderwared should be entered as requested in the Boards remarks on your Statement of Actual Charges without Estimate Fusly 1257 dated 19th February last. The comparison between the entries in Columns 4 & 7 will then shew an increase in the

the actual Charges of Saderwared of Fusly 1258 above the Standard Estimate for which explanation should be furnished in Column 10-

3 Since the Standard fixed in 1834 for regulating disbursements of Saderwared it has been found neces-sary in a few Districts to revise the sums then sanctioned from several causes but chiefly on account of the Estates which have reverted to or have been purchased by Government subse-quent to the year 1834.

4 In the list of Estates revert-ed to Govt received from the Ganjam District, only two Estates would appear to have been purchased since that period, the

Submitting explanation for sanctioning Extra Tent allowance by Messrs Mayne & Arbuthnott in last July

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated 12th instant, in which the Board decline passing the charge of Extra Tent allowance drawn by Mr Mayne during his residence at Bellary for 46 days, and by Mr Arbuthnott at

at Gooty for 172 days, without further explanation and with reference to the first of these items. I beg to submit copy of a letter from Mr. Mayne containing the required information which it is hoped will prove satisfactory to the Board.

2 Mr. Mayne being called from Anantapoor by Mr. Mellor on emergency to receive charge of the District arrived at Bellary on the 6th August and was therefore entitled to, and drew the allowance for that day, having travelled that morning. This is one of the 46 days objected to. On the 8th August Mr. Mayne took charge from Mr. Mellor, and delivered it over to me on the 24th after having resided 17 days at Bellary without any Extra Tentage, because he was at the Sub Station doing the duties of the Collector. Then again from 24th August to 7th October being 45 days, he resided at Bellary as is usual with the Sub Collector to stay 6 Weeks at the Collector's

Fort St George 17th December 1849

Collectors Sudr station after the conclusion of the Settlement every year, for the purpose of references to accounts as explained by Mr. Mayne

3 Regarding Mr. Arbuthnotts residence at Gooty for 172 days I beg to explain that Mr. Arbuthnott was located at Gooty 50 Miles from Bellary and put in charge of the Revenue and Magisterial duties of some of the Eastern Talooks by Mr. Meller at and adjacent to Gooty, but is at any time required to proceed upon any Police or Revenue duty to any part of the District when called upon to do so, and is not permanently fixed at Gooty - Under these circumstances, I trust the Board will pass the charge -

4- In my report for Fusly 1257 Para 4, I mentioned that much delay had taken place in storing the Salt made in that year. That delay was

was owing chiefly to the want of a proper system, the Board's instructions of the 31st May 1819 having never been introduced in this District. Those rules have now been put in force, and the Salt is stored by the Ameen as soon as made, this accounts for the larger quantity of Salt stored within the Fusly. It will be observed that there is a decrease in the sales to the amount of Rupees 3,201. I am unable to say with any certainty to what cause this decrease is owing. Returns, which I have obtained from the Collector of Chingleput shew an increased sale at the neighbouring pans of Chunnamboocoolum and Coopoonelooy to the amount of 5,963 Rupees so that there appears to have been a larger resort of buyers to that place. I purpose shortly to visit the Poongoolum pans myself, when I hope to be able to ascertain more exactly the cause of the falling off, and to take measures against its recurrence, so far as it may be owing to properly preventable causes.

The

Of

Tank Fishery

7. Of this increase of Rupees 430-7-5, a sum of Rupees 257-4-0 is from the chedapary Tanks, which was rented for that sum in Fusly 1258, having produced nothing in the preceding Fusly as it did not dry up. The remaining increase of 173—3—5 is on various small tanks.

Certain Collections in the Maunmundoor Pollums of the Tripulty Talook lately resumed
+ Extract Minutes Consultation. May 18th 1849.

8. Of the taxes abolished by Government, in the resumed Pollums of Maunmundoor, as recommended in any last report, the Taxe on Timber, Pasture Taxe, and rent of Hides were not rented out in Fusly 1258 no offers having been received; the small sum of Rupees 10-8-0 collected in arrears on the first of those Items before the receipt of the Orders of Government, is brought to account. The remaining items Viz.ts Rent of Honey and Wax, and of Nanal Garry having been rented out previously to the receipt of that order, they have been discontinued from the commencement of the current Fusly. The increase in these two items as well as in the rent

rent of Sandal Stone mine, is chiefly owing to the collections having been for the whole Fusly instead of for only a portion of it as in the preceding year.

Increase-6,124-12-6.

9. There is an increase of Rupees 6,124—12—6. in the Stamp Revenue which is entirely owing to the operation of Act XVII of 1848 which substituted stamps for institution fees in the Talook Moonsiffs' Courts. In the sale of Decree papers for the use of the higher Courts, and of paper for deeds there is a falling off to the amount of Rs. 495—4—0.

the increase in these Ordinary Salaahs,
Amounting to Rupees 457 is owing for
the most part to the usual fluctuat

13. The demand was fixed by means of local enquiries through the Head of Police with reference to the customs of the Pollium. I beg however to recommend that

that the last eight items in the list tho' usually taxed in the Pollium may be relieved from demand hereafter, as being trifling and objectionable, as well as contrary to the custom of the District generally. The tax on ironsmiths is paid by the common Village blacksmiths: that as well as the tax on chunam and Indigo Vessels, is trifling in amount and contrary to the general custom of the district. The tax on skins is a tax of a Conteroya fanam annually on every village Toty for the privilege of appropriating the carcases of the cattle dying in his village; a privilege which properly belongs to them without any payment. The next tax is levied from the washermen. The next item is a tax of a conteroya fanam annually on every Barbers shaving case. The next is the same amount levied

levied on each pottard wheely and the last in the list is a tax levied on the class called Coorumbers in one Village of the Pallium, in consideration of which tax they enjoy their Cumbly looms tax free. In other Villages the Coorumbers of the Pallium pay a loom tax, and I beg to recommend that such a tax should be substituted in this case for the rent of poll tax now levied.-

14. It will be seen that the amount of the total Moturpha Beriz of the Pallium generally exceeds both the returns given in by the Palligar, and the amount formerly realized when the Pallium was under amany; the former of which averaged Rs 732 - a P 11-3 annually, and the latter, Rs 1,430 - 7-7. I conceive this increase to be owing partly to the more searching investigation of a Government administration, and in part; as compared with the former collections under amany,

see letter to Board 28th November 1848.

amany, to the increase of population and extension of trade during the last eight and twenty years.-

15. The increase of the charge for Sibbendy is almost wholly owing to the salaries of the Monigar &ca employed to collect the Moturphas of Ramipett having been brought to account in the Fusly under report; and there disbursed, instead of being deducted from the Collections and the nett amount only brought to account as was the former practice. The Commission salaries payable in some instances to Monigars &ca are also slightly increased with the increased amount of Revenue.-

Sea Customs 16. In Fusly 1757 Sea Customs duty was collected on the Cargo of a French Ship wrecked near Pulicat the only Port of this District, which raised the collections under this head to the very unusual

Of the unusually large Moturpha a balance, Rs. 925 - 8 - 7 is in the Conjeevady Pollium, the amount being large in consequence of this being the first year of circar Management, and the demand having not been determined till late in the Fusly. In Trivatoor Taloork there is a balance of Rs. 106 - 6 - 2 in Moturpha and Rs. 60 - 8 - 4 in sundry small farms &c. The whole of the amount outstanding is in course of collection and the greater part will be shortly realized.

18. The balance for Fusly 1257 at the date of the report on that year was Rupees 15 - 5 - 1 of which Rupees 9 - 1 - 1 has since been recovered of the remaining 6 - 4 -, the balance of 4 - 6 is against five persons in the Wandiwash Taloork. These persons were taxed in Fusly 1256 for making and selling Gundoopoody, a sort of perfumed powder, they therefore discontinued the trade in Fusly 1257, but were nevertheless charged with

Order thereon— Ordered to be brought forward at a future meeting.

18093

Fort St. George 17th December 1849

Read the following letter—

To, T. Pycroft Esqre
Secretary to the
Board of Revenue,

(43)

Sir, Fort St. George

From the Collector of North Arcot— Requesting sanction for granting land in lieu of Enam land included in a Durumsalam Tanks in Reddigoontah in Chittoor Talook as well as for giving Compensation for Eight years that the Enamdars have been out of possession.

I have the honor to forward a Statement of Enam land included in a Durumsalam tanks newly constructed some years ago in the Village of Reddigoontah in Chittoor Talook, and beg that the Board of Revenue will be pleased to obtain the sanction of Government for granting the land proposed to be given in lieu of it under the tanks which is also particularized in the Statement— The present holders agree to give up the lands and the Enamdars consent to receive it though slightly less in value than their old Enams— In three instances the present holder is the Enamdar, this is because the Durumsalam has already put them in possession of the lands—

2 Reddigoontah is the Meerasi property of Sobroman at present the Cashkeeper of

Fort St. George 17th December 1849

of my Treasury, and the tanks was in fact made by him though his name did not at all appear in the Correspondence connected with it. So long ago as August 1838 the Tahsildar of Chittoor Talook reported that a Brahmin named Seenavasa Balaks had presented a Durghast praying for permission to Construct a dusvandeem Tank at Beddigoontah and Reporting on the proposal. The papers were returned for more precise information, and on the 3rd January 1836 another Thasildar reported on the subject again. From the note on this agree it appears to have been intended to report the case for the Board's orders, but this was not done, and the subject seems to have been lost sight of, till January 1838 when a third Thasildar brought it again to the notice of the Principal Collector, and in September of that year a talked issued to the Thasildar informing him that a Cowle had been given to Seenavasa Balaks Goomastah up to this time it is no where mentioned that Seenavasa Balaks was the son of

Fort St. George 17th December 1849

of Sooba Row who at that time was Tahsildar of the Sautghur Talook.

3 In January 1842 a Petition was again Complained that his Inamiem had been included in the tanks and Rendered uncultivable, and in the Correspondence that passed on this subject during that year it also appeared that some of the Inamiem belonging to the Cotties of the Village was also similarly flooded by the tanks as well as some other trifling Inamiems including a part of a Dusvandum Enam held by Soobrow himself for another tanks in the Village. In November 1842 a Correct account of all the Inamiems thus destroyed was Required from the Talooks and in December 1846 a reply was sent directing that land in lieu should be selected under the new tanks. In January 1849

18096 Fort St. George 17th December 1849

1849 an account of the land proposed to be given was received but only for the Punchangum Inamiem, the Talisildar was immediately ordered to send up an account for the other Inamiem also and after repeated orders this was at last obtained in August last. From 1842 to 1847 Soolarom was Talisildar of Chittoor Taloob; in the latter year he was made Cash keeper.

4. The delay in disposing of the present claims has been great. It is now necessary that the Enamdars besides receiving land in lieu of that which they have lost, should receive also the arrears of assessment of their Enams for the years that they have been out of possession and inasmuch as the value of the Enams to be granted ought properly to have been deducted from the net proceeds of the lands on which the Inamdars

18097 Fort St. George 17th December 1849

Deservendum fourth share was calculated, this Compensation is due three fourths by the Government and one fourth by the Deservendar. It appears that the Enam land ceased to be Cultivated in Fasly 1251 and the following Memorandum shows the Amount of Compensation due from that year to Fasly 1258 inclusive.

Proceedings thereon-

43-44

It is observed that the Dusswandums Coules for the Construction of the Tanks in the Reddigoontah Village referred to in the above letter was issued by the Principal Collector in 1838, Mr. Bourdillon is requested to state whether such grants have been usually made by the District authorities in North Arcot without reference to the Board-what Course has commonly been followed when any Enam Land or Sircar Land is in Course of Cultivation has been thrown out of tillage in consequence of the Construction of Dusswandums Tanks and at whose expense Compensation has been made to the Ryots or Enamdar- He will also be so good as to furnish a Statement shewing the extent of such Cultivation under the tanks in question from the date of the Coule to the end of the past Fusly, the

the Revenue derived from such land before the tanks was built, that realized subsequently and the amount remitted to the Dusswandundars-

Sir,

From the Collector of North Arcot - - -

Submits a Report of the Causes which occasioned the falling off of the Sales of Salt with certain Recommendations-

To Board Octr 4th 1849 Para 4

In reporting on the Salt Revenue of Fusly 1258 I noticed the diminution on the exctent of the sale, but I did not give any decided opinion as to the cause, because my information was imperfect. I had good reason then to believe that the real Cause was the Continuance of a System at the neighbouring Pans of Chingleput and Nellore which I had put a stop to at Poongoolum- Viz- that of giving over measure, and the enquiries which I have now made on the

Fort St. George 17th December 1819

the spot leave no doubt in my mind that this is the case -

2 Very large frauds have been systematically practised at the Poongolum pans by the Government Servants and Ryots in concert, and these were much more easy because the Board's Rules of the 31st May 1819 the operation of which is certainly calculated to check such Malversations had never been introduced at these pans, and among other practices it was usual to give over measure. Being resolved to put a stop to this, I caused all the Salt on hand to be measured and heaped early in January last, by my Assistant Mr. Goldie, the measurement being exact and no more

Fort St. George 17th December 1819

more than precisely ten Garce's being stored in a heap. The Salt was then delivered over to the Ameen, and he was directed to sell exact measures and no more, the accounts show that this has been done, and the falling off in the Amount of the Sales has been very great - I subjoin a Statement shewing the Sales in each Month of the last two years -

Note. at the same time the Ameen was furnished with a Copy of the Rules of the 31st May 1819 to which he was required strictly to conform - - -

N. B The sales of December are omitted in each year to make the Comparison of the totals fair.

Fort St. George 17th December 1849

3 The enquiries which I have now made at Coongoluns satisfy me that the practice put a stop to at those pans is still in full force at the Pans of Chinglepat and Nellore. The salt Ryots at the former place were very anxious that the practice should again be permitted there also, alleging that otherwise there was a sale of the Sales increasing. This I decidedly refused, not only is it directly opposed to the Boards* rules but it is obviously very objectionable as opening a wide door to fraud; for if any excess in heaping is allowed of three or three times the license permitted may be taken by the salt Officers and the surplus be embezzled.

4 I determined however to refer the subject to the notice of the Board. The over measuring in

in Chinglepat may be without the knowledge or consent of the Collectors, and the salt officers would most probably deny it. I understand however that Mr. R. Cotton was lately at the pans in this neighbourhood examining the salt heaps and it is asserted that he allowed the salt to be piled two fingers above the edge of the Mercal, on the representation of the salt Officers that it was customary and necessary. I mention this without the slightest wish or intention to impute blame to that active public Officer Mr. Cotton or to expose him to censure but I would beg to request that the Board will be pleased to put the question plainly to him whether or not he allowed any excess above the exact measure. His answer, if in the affirmative, would settle the point but if in the negative it would still leave the question open, for as he could hardly be present during the whole measuring,

advantage

advantage might have been taken of his absence.

5 As respects Nellore I may mention a fact which occurred at the Poongalum Pans a merchant came for salt and paid a part of the money, but when he found that he did not get the overmeasure he expected, he refused to take the salt, and the money was improperly paid back to him. He then went to the neighbouring Pans at Tuddaiu Nellore District and got salt there. I am also credibly informed that an order was issued by the late Collector of Nellore expressly authorizing overmeasurement as being necessary to prevent apparent loss and I beg to suggest that the Board should be pleased to call on the present Collector to state whether any such order was ever passed by Mr. Smithor any other Collector, and to furnish them with Copies of any such. I beg to repeat that it is not at all my wish

Fort St. George 17th December 1819.

wish or object to bring censure on any one, but it is due to the salt Ryots of Poongalum that the Board should be in possession of the real facts, and if the practice of overmeasuring is not put a stop to in the neighbouring Districts I must request permission to allow it in this District also.

6 I will here submit to the Board another and less objectionable request of these Ryots. They complain that their Coodavarum, or the sums they receive for the manufacture, is only seven Rupees a garce, while at some other pans it is asmuch as twenty rupees. I have not at hand any information as to the rules under which the commutation of the Ryots share of salt was made in this or other Districts. But I suppose that as in the land assessment, different rules and different scales of value prevailed in the several districts so that it cannot

Fort St. George 17th December 1849.

cannot be concluded that the commutation was equally fair in all. It would seem indeed that the cost of making a garce of salt could scarcely vary so much at different pans as is indicated by the different rates of seven & twenty rupees, and I would beg to suggest to the Board that the expediency of somewhat raising the Coddivarum at Poongolum might be taken into consideration - all that is asked by the Ryots is that it should be raised to ten rupees, and if, as I believe, they have hitherto enjoyed illicit gains, which I hope will for the future be greatly prevented, and if a rigid system is hereafter to be enforced in place of the laxer one hitherto existing it seems a proper time for extending to them some little indulgence -

on a recent visit to the salt Pans of the Chinglepet District in the vicinity of the Pongalum pans in North Arcot whilst examining the Salt heaps, you allowed the salt to be piled two fingers above the Mercal, on the represe-sentation of the Salt Officers that such piling was customary and necessary. The Board request that you will be so good as to inform them whether this Statement is correct, and if so under what circumstances and under what authority you gave the permission. They would also wish to learn, whether, as far as your acquaintance with the District enables you to judge, the practice of measuring Salt by the heaped Mercal commonly obtains in the Chinglepet salt pans.

to me to have been perpetrated by the Presenter of the accompanying petition No. 1635 of 1849 transmitted to me for report, in regard to the enclosure bearing my endorsement. The words implying that a previous Urzee referred to was an appeal to the Board are evidently written over an erasure and the whole purport of the Urzee shews that the former Urzee was addressed simply to me. The tenor of my endorsement also proves the same. The Copy of the Petition which should be on my records is most suspiciously not forthcoming.

2. It is the rule of the office that if Presenters of Petitions placed in the box are not present in the afternoon when their names are called out, the Petition will be torn up by myself unless it contains original documents or is of a particular nature. An appeal to the Board would not have been torn under this rule, and as each petition is on the box

box being opened read and docketed by a Gomastah. I am convinced that if any Petition was deposited by the Petitioner it contained no appeal to the Board, as that could not have escaped notice.-

3. I at first retained the Arzees of absentees and had them called out on future days but as business was much impeded by the great accumulation, the expense of having an Arzee written as the merest trifle and many persons absent themselves from having come to an agreement with their opponents, the rules now in force was adopted and seems to give no dissatisfaction.-

The Petitioner is a man of whom I have heard a very bad Character both from Mr. Elliot and Mr. Clarke.-

Proceedings thereon;

(48-49)

The Board of Revenue concur in opinion with the Collector that gross fraud has been practised in regard to the Arzee presented as an enclosure in Petition No. 1635 of 1849 - That Arzee seems to them to be a fabrication altogether, written on the back of the Collectors endorsement upon some former Petition. The Board are satisfied that no appeal was really preferred within the prescribed period and they therefore resolve to pass the following

Reporting upon Petition No. 1446 of 1849. herewith returned.-

Petition No. 1446 of 1849 herewith returned, I have the honor to state for the information of the Board that the land alluded to in the Petition is situated near the red sand Hills in the Streevygoontum Talook on the borders of that and the Punjahmal Talooks - During the settlement of Fusly 1258 it having been ascertained that the Petitioner cultivated 16 Mercals and 3¾ measures of land with Punjah produce about half the extent with one and the other half with two Crop by the assistance of the springs which exist round those sand Hills and that of the falling rains the land was assessed at the Punjah rate as is usual in similar cases - With Regard

regard to the plea that the land was converted from Paonjah into Nunjah by the Petitioner at his own expence it was ascertained from a report of the Tahsildar that Petitioner did not dig" well as he states at a cost of 200 Rupees but merely cleared out a spring at a cost of about 15 Rupees.

Sir,

1. With reference to my Endorsement

Endorsement bearing date 20th. August last on a petition presented by one Vencatamah claiming the payment of Coodiwarum for salt manufactured in three pans which are registered in her name. I have the honor to inform you that the circumstances of the case are as follows.-

2 In 1844 Conda Reddy and Ram Dass Reddy, brother and nephew of the petitioner on making an equal division of their family property allotted to Vencatamah, who was then a widow and living under their protection, the three pans in question as a life maintenance receiving from her an agreement on having them registered in her name that she would be entitled to this maintenance only, so long as she remained under their protection that on her death the three allums would revert to the Brother and nephew in equal shares.-

3. The petitioner accordingly continued to live with her brother Conda Reddy who manufactured salt in

in the said three allums & received Coodiwarum on her behalf up to the year 1847. In 1848 Conda Reddy died and the manufacture it appears was carried on in that year by his widow and nephew Ram Dass Reddy, the pyoti share being paid as usual to the petitioner, Vencatamah.-

4 In January 1849 however Ram Dass Reddy appeared at the Cutcherry with his Uncle's widows and representing that the petitioner had fled their protection and disappeared altogether from the Village requested that the manufacture in the three pans might be proceeded with as usual. In the absence of all objection on the part of Vencatamah permission was accordingly given and salt was manufactured and delivered by those individuals who claim payment of Coodiwarum.-

5 From a subsequent report by the Salt Superintendent and a Mahazernamah drawn up by their caste people, it appears that the

during the year Garce 42,288—32—1/8
made the total quantity of Salt in Store
Garce

Store—

Garce 79,734—374—1/4—

3. The sale of Salt in these Districts in Fusly 1257 was Garce 44,441—277—6 3/16, but if from this the Wastage of Garce 2,064—384—1 is deducted the real sales would amount to Garce 42,376—293—5 3/16 Viz^t., for consumption in the Madras Territories Garce 26,220—83—13/16. for transport across the Frontier to Native states Garce 12,073—52—7. to the French Government Garce 404—61—, for Export on requisition from Bengal Garce 3290—230— and on private trade to Calcutta and other places Garce 388—266—5.

Sale.

4. The Balance of Salt in Store in these Districts at the close of Fusly 1257 was Garce 35,293—96—3/16.

Balance.

5. The Gross Revenue derived from Salt in Fusly 1257 was Rupees 47,04,026—9—1 and the charges of every description exclusive of recoverable advances amounted to Rupees 6,65,699—10—10. and the latter bore a per Centage of 14/8 to the Gross receipts.—

The

6. The Net Revenue to Government derived from Salt in Fusly 1257 was Rupees 40,38,326—14—3 and that of the preceding Fusly was Rupees 41,44,174—4—2, there being a Net decrease of Rupees 1,05,847—5—11. in the net receipts of Fusly 1257. The Chief decrease occurred in the Districts of South Arcot, Madura and Tinnevelly.—

Net Revenue.

7. There has been no alteration in the price of Salt in the year under review and the results do not appear to call for particular remark as the details have already been reviewed separately in the Board's Proceedings upon the management of the Coctra Sources of Revenue in each District in Fusly 1257.—
