Read

In Cons. 31st January 1850.

3383. Fort St. George 16th March 1850.

Read the following letter

(5)

From the Collector of Nellore.

To J. B. Monfort Esqr.

Acting Secretary to the Board of Revenue,

Fort St. George.

Sir,

With reference to the accompanying Statement of Salt available for exportation to Calcutta on private trade up to 31st January last, I have the honor to inform you that another application has since been received for a further grant viz of 5,790 Maunds for which Salt is available. I beg at the same time to bring to the notice of the Board that the state of the white Salt now in store in the Cottahs of this District does not admit of any further quantity being set apart for exportation to Calcutta until the Salt for the current year is manufactured and received into Store.

Nellore District, Kristnapatam, Collectors Cutcherry, 16th February 1850.

Signed D. White

Collector.

Statement

3385. Fort St. George 4th March 1850.

Proceedings thereon. As it would appear from
(5-b) the foregoing letter that no Salt is now
available in the district of Nellore for
exportation to Calcutta on private trade,
the Collector will discontinue the
transmission of his usual monthly
Statement. He will however be pleased
to report after the Salt for the Current year
has been manufactured, what quantity may
be set apart for the Calcutta Trade,
for the season 1850/51.

Read the following letter.

From J. B. Rosselle Esqre
Acting Secretary to the
Board of Revenue,
Fort St. George.

7 To the Hon'ble Sir,
The Collr. of Bellary. I have the honor to acknow-
Forwarding 2 Petitions received from the Board with certain information. ledge the receipt of the 2 Petitions returned with the Order noted in the margin and bearing the undermentioned date of the Board dated 24th January last to the following effect.

"Forwarded to the Collector for enquiry and report with reference to the Board's Proceedings of 10th January 1850."

In the said Proceedings of 10th January 1850, the Board have after a careful perusal of the Case of disputed Crops between the Petitioner Rayanna son of Gooroo Row and the opposite party.

Rec'd 24th Jany 1850

1 Cuttapully

Fort St. George
Statement of Salt manufactured during the season 1849/50 and the quantity available for exportation to Calcutta on private trade.

To the Collector of Nellore

Sir,

I have the honor to transmit herewith a Statement of Salt manufactured during the season 1849/50 at the Pulicat Salt Farm, and the quantity available for exportation to Calcutta on private trade.

I have the honor to be
Sir
Your most obedient
Servant
Signed J. D. Mills
Collector

Nellore Collector's Cutcherry
15th February 1850.

	Quantity manufactured	Quantity available for exportation to Calcutta on private trade	Remarks
1 Cuttapully	38218	Do. Do.

party Jairam adjudged equal shares to each party.

The decision on this case was first made by myself when Sub Collector in 1839, it was appealed from to the Collector who not having taken the matter up, it again came under my notice as Acting Collector, and as I could not pass a decision on an appeal from myself, the whole proceedings with all the documents of the case, and further explanations were submitted by me to the Board, who set the setting aside that part of my decision when Sub Collector, respecting the adoption of Govind Row, and the award of distinct shares to the surviving females) have fully coincided in my views on the other points connected with the case, and passed their final orders upon it.

The Petitions now under reference appear to have been before the Board previous to the passing of these orders, and on a perusal of them I see nothing in them materially affecting the case which has not already been fully noticed in the premises respecting any thing at all that should lead the Board to modify the orders already passed, which will accordingly be carried into effect.

Bellary District, ... Office on Circuit, ... Adoni, 11th February 1850. } Signed C Pelly Acting Collector.

Order thereon.— Ordered that the following endorsement be passed upon Petitions Nos. 2461 of 1849 and 9 of 1850

"Petitioner is referred to the Collector, the Board of Revenue having already passed orders upon the subject of this Petition."

Read the following letter & Statements

To,

T. Pycroft Esqre

Secretary to the

Board of Revenue,

Fort St. George.

9

From the Collector of Cuddapah. — Forwarding the report on the Extra Sources of Revenue in the District of Cuddapah for Fusly 1258 together with the usual Statements.

Sir,

I have the honor to forward my report on the Extra Sources of Revenue in the District of Cuddapah for Fusly 1258 together with the usual Statements

2. The following Statement exhibits the results of the past Compared with the preceding Fusly.

Fusly

3388. Fort St. George. 4th March 1850

Comparison -

	Fusly 1257.	Fusly 1258.	Increase.	Decrease.	Collected within the Fusly.	Balance at the close of the Fusly.	collected upto the 31st of October 1849.	Balance.	Particulars of the Balance - Recoverable.	Doubtful.
1 Ashary	1,23,862 " "	1,20,982 " "		2880 " "	1,18,806 12 "	2,120 4 "	2,120 4 "	" " "	" " "	" " "
2 Sundry Small farms and Licenses	17,312 11 6	15,294 6 11	" " "	2018 4 7	12,171 3 2	3,123 3 9.	2,946 7 9.	176 12 "	176 12 "	" " "
3 Motiapka	1,48,874 5 1	1,50,169 15 1.	1,295 10 "	" " "	1,43,101 12 11	7,008 2 2	6,430 5 9.	637 12 5	454 8 6.	183 11 "
4 Stamps	12,428 " "	23,740 12 "	11,328 4 "	" " "	23,027 " "	713 12 "	713 12 "	" " "	" " "	" " "
Total	3,02,606 7	3,10,187 2 "	12,623 14 "	4898 4 7	2,97,106 12 1	13,025 5 11.	12,210 13 6.	814 8 5	631 4 6.	183 11 "

Net Increase — 7725 9 5.

3. It will be perceived that there has been a net increase in the total demand amounting to Rupees 1,725-9-5 in the Fusly under review compared with the preceding one. There has been an increase under the Head of "Stamps" and 'Moturpha' amounting to Rupees 12,023-14- and a decrease under the remaining Heads of "Abkarry and Sundry Small farms and Licenses' of Rupees 4,898-4-7.

Abkarry- 4- The following comparative Statement exhibits the Talookwar Settlement of Abkarry Rents during the Fusly under review.-

	Fusly 1257-	Fusly 1258-	Comparison- Increase-	Decrease-
1 Cumbum	9,050 " "	9,250 " "	200 " "	" "
2 Doopaud	1,800 " "	1,800 " "	" "	" "
3 Budwail	3,350 " "	2,700 " "	" "	590 " "
4 Jummulmudgoo	8,210 " "	7,700 " "	" "	510 " "
5 Doovvor	7,750 " "	8,165 " "	415 " "	" "
6 Coilcontlah	7,410 " "	7,505 " "	95 " "	" "
7 Chitravail	8,000 " "	7,500 " "	" "	500 " "
8 Sidhout	3,820 " "	3,915 " "	95 " "	" "
9 Chennoor	23,300 " "	23,350 " "	50 " "	" "
10 Comalapoor	3,700 " "	3,705 " "	5 " "	" "
11 Goorrumcondah	10,001 " "	8,801 " "	" "	1,200 " "
12 Muddempully	11,001 " "	10,201 " "	" "	800 " "
13 Poolevandalah	13,280 " "	14,440 " "	1,160 " "	" "
14 Roychoty	6,020 " "	5,720 " "	" "	300 " "
15. Poonganoor	7,170 " "	6,170 " "	" "	1,000 " "
Total	1,23,862 " "	1,20,982 " "	2,020 " "	4,900 " "
		Net Decrease	2,880 " "	

Fusly.

5. The Demand under this head amounted to Rupees 1,20,982- being Rupees 2880 less than that of the preceding Fusly- The decrease is observable principally in the Talooks of Goorrumcondah, Muddenpully and Poonganoor and has arisen from the want of competition for the renting of these Talooks owing to the high offers made in the preceding Fusly-

6. Of the above demand Rupees 118801-12-4 were collected within the Fusly, leaving a balance of Rupees 2,120-4-" which has been since realized-

Sundry Small Farms and Licenses-

7. The following Statement exhibits the Net decrease of Rupees 2,018-4-7 resulting from revenue derivable from Sundry Small Farms and Licenses-

		Fusly 1257-			Fusly 1258-			Comparison- Increase-			Decrease-		
1	Orchards	14,282	5	6	12,482	14	6	"	"	"	1799	7	"
2	Jalagadoogoo	1519	4	"	"	"	"	"	"	"	1519	4	"
3	Dumond Mines	"	"	"	420	"	"	420	"	"	"	"	"
4	Honey rent	805	2	"	1124	13	"	319	11	"	"	"	"
5	Palmira Trees	145	"	"	641	14	"	496	14	"	"	"	"
6	Red wood	561	"	"	624	13	6	63	13	6	"	"	"
	Total	17,312	11	6	15,294	6	11	1300	6	5	3,318	11	"
					Net Decrease						2,018	4	7

8. The year is not considered to have been a favorable one in regard to the productions of Tamarinds and

and Mangoes, to which circumstance must be attributed the decrease of rents for Orchards and Topes- The collection under the head of Jalagadoogoo or Rent for the privilege of sifting the ashes of Goldsmith's furnaces having been discontinued from the commencement of the Fusly under review agreeably to the orders contained in a letter received from the Secretary to the Board of Revenue dated 16th March 1848, no entry has been made under this Head- The certain Diamond Mines in the Talook of Coilcoontlah having been rented out in the year under review, while no Offers had been made for any during the preceding four years, the amount of rent agreed for has been entered, shewing an increase in the same amount- The increase in the Honey Rent amounting to Rupees 319-11-" owing to increased competition causing higher Offers to be made in a few of the Talooks especially in that of Chitteval- There has been an increase in the amount realized by the sale of Palmira, Red wood &c. of Rupees 496-14-" and 63-13-6 respectively-

9. Of this Demand Rupees 12,171-3-2 were collected within the Fusly, leaving a balance of Rupees 3,123-3-9, of which Rupees 2,946-7-9 have since been realized-

10. The following is a comparative Talookwar Statement shewing the Settlement of each Item under the general Head of Small Farms and Licenses-

Amount of Rists Bariz as entered in Column 2.

Deduct of usual Cessions.

Comparison.

Increase	Decrease.	Remarks.
15	16	17
	278 3 6	This Amount as usual has been remitted to the Heads of Bakals or Merchants for the duty required of them in Collecting from the Shop-keepers &c. &c. for causing their appearance before the Tahsildars as also to certain Bakals for the purpose of opening retail shops in Jungly localities.
217 6		Salamandlos or Professional weavers, Barbers as well as Male People who habitually engaged in weaving Cloths & the Remission as shewn in Column 13 is granted to the Heads of the first mentioned Class of People with a view to their causing before the Tahsildars the appearance of Parties of their caste who possess Looms during the time of Bagar Vetsabady Settlement. with Regard to Barbers this allowance is made as Compensation for their being engaged in beating native Drums &c. &c. for Circar purposes & to male People for the purpose of their Conveying Circar Dawks &c. &c.
60 2		Remission is granted for Cuttoobady service rendered by this Class of Men.
61 0 10		Dhungurs or Shepherds being in the habit of Carrying on Cultivation to a vast extent in Sidhout & Chittoor Talooks Remission has been granted to them.
7 1		Some of the Shroffs or goldsmiths are exempted from Bagar Vetsabady Tax in Consequence of their rendering services as Village Shroffs
5 12		
	7 2	
128 4		Remission is granted for Paraikeers Bearers &c.
1059 3	7 2	
1337 6	6 7 2	
1330 4	6	

Fort St. George 4th March 1848

16. Of the above demand Rupees 14,3101-12-11 were Collected within the Fusly and of the balance of Rs. 7068-2-2 Rs. 64.30-5-9 have been Collected up to 31st October 1849 leaving a balance of Rupees 637-12-5-

Stamps. 17. The amount Collected from the Sale of Stamps in the past Fusly Amounted to Rupees 23740-12-11 being Rupees 11328-4-11 in excess of that Collected in the preceding Fusly-

18. The increase under this head is partly attributable to the Amount of Rupees 3031-8-11 embezzled in Fusly 1256 by the late Stamp Vendor Runga Row out of the Sale proceeds of Stamps, having this year been Realized by Distraint of the Defaulter's Property and the Remaining increase of Rupees 8296-12-11 has arisen Consequent on Act No. XVIII of 1848, authorising the substitution of Stamp duties for institution fees in the Courts of District Moonsiffs having been brought into operation in the Fusly under review-

19. The annexed Statement exhibits the particulars of the old balances outstanding in the District-

Statement

3401

Fort St. George

4th March 1850.

		Balance at the end of Finsly 1257.	Collections in Finsly 1258.	Remaining Balance.	Amount remitted under sanction of Government dated 21st July 1849.	Remaining at the Close of Finsly 1258.	Amount Collected up to the end of October 1849.	Remaining amount of Balance.	Particulars of the Balance. Recoverable.	Doubtful.	Irrecoverable.
1	Alkarry	1961 10 7	1961 10 7	" " "	" " "	" " "	" " "	" " "	" " "	" " "	" " "

Proceedings.

J. C. B.

3419 Fort St. George 4th March 1850.

(9-10)

Proceedings thereon.

Reporting upon the Management of the Extra Sources of Revenue in the District of Cuddapah in Fusly 1258.

From the entries in the Margin it will be observed, that the Settlement of the year under review exceeds that of the preceding by Rupees 7725—9—5 and is in advance of Fusly 1256 by Rupees 24,643—8—1, being the result of a gross increase of Rupees 12,623—14—11 and a gross decrease of Rupees 4,898—4—7, as shewn in the subjoined Tabular Statement.

Settlement. Fusly	Amount.	Difference
1256	283543. 9. 11	
1257	302461. 8. 7	16917 14 8
1258	310187. 2 "	7725. 9. 5
Total Increase		24643. 8. 1

Demand

Fort St. George 4th March 1850.

2. The fluctuations in those items in which there was a falling off of Revenue are of an ordinary nature and do not appear to call for any detailed notice.

Decrease.	Rs	a.	p.
Abkarry	2,880	..	..
Sundry small Farms and Licenses	2,054	4	7

3. The chief addition to the Revenue from the Extra Sources for Fusly 1258 was derived from the sale of Stamp Papers, the sum of Rupees 8,296-12-.. being attributable to the operation of Act XVII of 1848, while the remainder Rupees 3,031-8 was owing to the realization of the amount embezzled by the late Stamp Vendor, as reported by the Collector under date 30th January 1849.

Increase.	Stamps. Rs	a	p
Fusly 1257	12,412	8	..
" 1258	23,740	12	..
Increase	11,328	4	..

4. The following Statement exhibits the Moturpha Revenue compared with that of Fusly 1257.

	Fusly 1257			Fusly 1258			Increase			Decrease		
	Rs	a	p	Rs	a	p	Rs	a	p	Rs	a	p
Veesaliady	73,538	12	5	73,810	3	11	271	7	6	"	"	"
Bagyr Veesaliady	75,335	8	8	76,359	11	2	1,024	2	6	"	"	"
	148,874	5	1	150,169	15	1	1,295	10	"	"	"	"

5. From the details given in para 15 of the Collector's Report it will be seen that this increase occurs chiefly in Under

under the heads of Looms, flocks of Sheep and House Tax, due consider-
:ation having been shown to all per-
:sons who were entitled to exemption from these taxes, and is indicative of gradual improvement in the resources of the District.

6. Of the total demand Rupees 3,10,187-2-11 the sum of Rupees 2,97,161-12-1 was realized within the Fusly, co-
leaving a balance of Rupees 13,025-5-11 which was subsequently reduced by Rupees 12,210-13-6, the remainder or Rupees 814-8-5 being left for future adjustment.

Arrears. 7. With respect to the arrears of Fusly 1257, the Board observe that the Col-
:lector considers the sum of Rupees 31-12-11 doubtful, but recommends the remis-
:sion of Rupees 83-1-6 as irrecoverably due by deceased, absent and insolvent Ryots and under these circumstances the Board beg to solicit sanction that this sum may be written off.

8. The gross Collections, Charges, Extra

. Extra and arrears amounted to Rupees 3,06,745-15-11 being above those of the past fusly by Rupees 1,689-12-4. This excess has been reduced to Rupees 1,246-4-1 in consequence of the charges being greater than those of Fusly 1257 by a. p. Rupees 444-8-3, on account of the larger amount of Commission paid to Stamp Vendors.

9. The only information bearing on the growth and manufacture of Sugar is to be found in the concluding para of the Collector's report. The number of manufactories is 141, and the quantity of Sugar exported during the year amounted to 27,300 Maunds. The Collector ought to have informed the Board what is the extent of land planted with Sugar cane, and whether any progress has been made in this species of cultivation.

Ordered that a Copy of the foregoing Extract with the annexed Comparative State-
:ment of the Collections, Charges and Net Revenue be submitted to Government, and a transcript of the same be forwarded to the Collector of Cuddapah.

The

Fort St. George 4th March 1850.-

Proceedings thereon.

(13-14)

The Board of Revenue observe that an application to cancel Mr. Murray's unexpired portion of leave was unnecessary as by the Notification of Government published in the Fort St. George Gazette of 1847 Page 875 it has been ruled that the resumption of the duties of Office at a date previous to that to which leave of absence extends, virtually cancels the unexpired portion of leave.-

Resolved.

(Signed) J. A. Freese
Collector.

3433 Fort St. George 4th March 1850.

(15-16)

Proceedings thereon. Resolved that the letter above recorded together with it's enclosures be submitted for the orders of the Right Honorable the Governor in Council with reference to the correspondence noted in the Margin.—

Submitting letter from the Coll.r of Chingleput and supporting that Officers suggestion for giving a lease in the name of Mrs. Taynton for the Garden at St. Thomas' Mount in her possession, the Claim to which has been withdrawn by His Highness the Nawab of the Carnatic.

To Govt. 16th November 1848.
To D.o 30th D.o in Cons.s 11th Dec.r 1848.
To Govt. 29th January — 1849.
To D.o 20th Feb.y in Cons.s 8th March 1849.

2. The claim to the Garden at St. Thomas Mount in the possession of Mrs. Taynton having been Ceded in her favor by His Highness the Nawab of the Carnatic there would now appear to the Board of Revenue to be no objection to the issue of a Lease for the ground in question in the name of Mrs. Taynton.—

3. The Board would therefore recommend that the Lease applied for by the Collector should be granted thro' the Military Department in the same Manner as the leases for the other land in possession of Mrs. Taynton, and that it should expire at the same time as those leases Viz.t on the 30th October 1889.—

4. In Conformity with the instructions contained in Extract Minutes of Consultation 30th November 1848 para 2 the Quit rent on the Garden in question, which remained in abeyance for the period during which the land was in dispute between Mrs. Taynton and His Highness the Nawab of the Carnatic will be demanded from that Lady at the rate now proposed by the Collector Viz.t Rupees 3-8-0 per Annum.—

I Signed F. N. Maltby
Sub-Collector in charge
To.

Fort St. George 4th March 1850.

To.

W. C. Lockhart Esqre
Collector of Salem

Sir.

I have the honor to forward a translation of a plaint filed against me in the Subordinate Court of Salem and a draft of the Answer which I propose to file and I request you will be so good as to apply for permission to defend the Suit at the public expence.

2. I think the nature of the Suit is sufficiently explained by the Answer I have prepared, and the views which dictated my decision are also given. I annex translation of the Taksildars report in order that the case may be fully before you.

3. It appears to me to be very important that the rules of the district should be strictly adhered to. It is by these means alone that we can be safe in showing any indulgence at our

Settlement,

Fort St. George 4th March 1850.

Settlement and although I could have wished that the penalty should have fallen with less severity the case is one of such decided fraud that I believe the example was absolutely necessary.

Translation of a plaint instituted in the Subordinate Court of Salem.

Nullanna Gounden son of Paryacomara Gounden of Moonjapolliem Village in the Trichengode Taloo k.

Against

1. Nulland Gounden son of Chemmacomara Gounden
2. Ardanary Pilly Village Curnum
3. F. N. Maltby Esqr. Sub Collr. of Salem

This suit is brought for the recovery of a Poonjah land bearing a teerwah of Rupees 20. 7-1 and annually producing an

an outturn to the amount of Rupees 50—"— together with 2 wells situated in the same land valued at Rupees 200—"— and to villify the Tolloochit granted to the 1st. by the order of the 3d. Defendant—

The above land is attached to the Woonjanpolliem Village and bounded North by the Tholathar poonjah South by the Coollumputty boundary East by the Chuckaly Kandoo and West by the Kauttoo Kandoo It consists of acres 11—1 and is called "Amboolyencar" poonjah number 42 This land was formerly in the possession of my grandfather Comara valuppa Gounden, who had a puttah in his name, and enjoyed the land for many years, on whose death my father became the proprietor of the land and a puttah was also granted in his name During his days he laid out a sum of 200 Rupees and sunk two wells in the land and improved it

it. After him the proprietary right descended to me, and I held the land for the last 5 years paying the Circar teerwah regularly and receiving a puttah annually While this was the case there was a total failure of rain in the Village which prevented my cultivating some of my other lands also. and so I left the above poonjah land waste in fusly 1258 or year "Keelaka" but retained it in my own possession and used it as a pasture land for the same fusly thinking that I could cultivate the land in the following year "Sowmyah," and that I could also pay the teerwah to the Circar if demanded— When the 3d. Defendant came to the Cusbah Trichengode in the Month of Mausy year "Keelaka" he called me and questioned me why I did not cultivate the above land and I said that I did not do so from the failure of the rain then he informed me that I was to get a remission of teerwah for the

the land for that year. Although it is the Custom of the Country and of the Circar to grant Toollochits to the Ryots in "Chittary Halavady" the first month at the commencement of the cultivation, quite contrary to this Custom the 2d Defendant on receiving a bribe and thro animosity granted a toolloochit for the land to the 1st Defendant in an unusual season ie 7 months after in the Month of Arpasy of the Current year "Sowmyah" On hearing the above circumstances I objected and complained to the Tahsildar of the Talook, who came to the spot and inspected the land and enquired into the validity of my right and received a Mazur with regard to the expenditure of 200 Rupees in the construction of the wells and reported the case to the 2d Defendant the Gentleman who without in the least taking the Circar

Custom

custom and my right into consideration has confirmed the toolloochit granted in the name of the 1st Defendant and sent a takeed to the Tahsildar now 24 days ago directing to put the land into his / 1st Defendants / possession which is accordingly done.

It is the usual custom and rule of the Circar, when the Ryots leave their lands uncultivated for a year for want of rain to grant them a remission of teerwah and to allow the same Ryots to cultivate the lands in the following year and besides this it is also usual that a land be given to another when the former holder relinquishes the same by a Jody Razenamah but there is no reason whatever for a land in which wells are sunk by the Ryots or any other kind of land to be put into the possession of another on any account unless the former holder should relinquish the same by the Jody Razenamah.

I beg the Court will take the above case into consideration and

pass

pass a decree in my favor.

Sub Collr.

Draft of an answer proposed to be filed in O. S. No. 10 of 1850 of the file of the Subordinate Court of Salem by F. N. Maltby Esqre 3d. Defendant.-

In answer to this suit the 3rd Defendant states as follows. The Plaintiff has no right whatever to the land in question which is the property of the Government and as such has been given according to the revenue custom of the District to the party who made the first offer for it.-

It is a part of the revenue regulations of the district notorious to all parties that if land is thrown up and the party who held it ceases

to

to pay revenue the land lapses to the Government and is to be given to the first party who offers to cultivate it

Any party holding land is responsible for the rent unless he makes a formal resignation of it so that it may at once be available for other parties This is clearly laid down in the Rookoomnamah. But this rule is sometimes relaxed in consequence of the ignorance of many of the Ryots and during the last few years considerable indulgence has been shown in consequence of the pressure of the seasons and the Revenue which the Ryots ought to pay has been struck off at the Jummabundy under the title of Dittum Bunjur.-

But whether the land is relinquished by Razenamah or whether it is relinquished at the Jummabundy and the revenue is remitted the rule is the same, the land is entered in the accounts of the next year as Podgal or waste and is available for the first party who takes it up.-

So

So well is this rule known that if a Ryot has left his land waste owing to a failure of rain and prays for an indulgent consideration of his case he often begs that he may be allowed to pay pasture assessment/or one third of the rent/ rather than have the whole remitted in order that the land may not pass from his possession.

It has been said that during late years owing to the pressure of unfavorable seasons much indulgence has been shown and the Dittum bunjur has been liberally remitted. But to prevent this being abused to prevent parties from taking advantage of the seasons to leave their lands fallow at the same time that they prevent others from cultivating them, it is necessary that the rule above mentioned should be very strictly enforced. That any party applying for the land should receive it, in fact that the land should be given to the first party who

offers

offers for it.

If the cultivator is acting honestly and has really only left the land waste owing to a failure of rain and wishes to cultivate it the next year he may himself make the first offer for it at an early period of the season if he does not do so it is to be presumed either that he wishes to relinquish the land or that he is acting collusively.

The Plaintiffs is exactly one in point.

He left the land waste and at the Jummabundy obtained a remission of the revenue and the land therefore became available for any party who offered for it.

Not till a late period in the next season was any offer made for the land. In the month of October an offer was made, the Tahsildar received it and as the accounts showed that the land was available the offer was accepted and a puttah and kowlooleut were

given

given to the applicant.

It was only after this that the Plaintiff came forward and stated that so far from having relinquished the land he still held possession of it & and had used it in the last year and that it was a part of his general holding not even separated from his other land by a hedge.

In this stage the case was referred by the Tahsildar for the orders of the 3d Defendant who had to decide whether he should adhere to the rules of the district, or whether he should show any indulgence to the present plaintiff and cancel the puttah which the Tahsildar had issued in due course to the regular applicant for the land

On considering the whole case the 3d Defendant resolved that it was one in which he ought strictly to adhere to the rules, that if they were abandoned in this case, it would be difficult to

to find one in which they should be enforced. On going carefully through the records the 3d Defendant found that the Plaintiff had been present in person at the Jummabundy, he was therefore the actor in the fraud. The offer was not made till October, had he not been acting fraudulently he would himself have taken up the land the next year but in the cultivation reports of June, July, August and September, this land is not entered as cultivated.

The 3d Defendant had also to consider what would have been the result if no offer for the land had been made. The Government had already lost one year's rent, the land was withdrawn fraudulently from the list of those cultivated, and no rent would have been paid nor would the land have been reentered as cultivated till the parties had reason to fear that their fraud would be detected.

It

It also seemed to him that if the puttah given to this party were cancelled it would seriously deter other parties from coming forward, they would only incur enmity and reap no advantage.

The 3d Defendant therefore resolved that the Puttah issued by the Tahsildar appeared to be regular and legal, and that he the 3d Defendant had no right to cancel it.

The 3d Defendant therefore begs to submit that the Plaintiff have no cause of action against him. He is by his own showing a wrong doer and cannot plead his own wrong as a ground of action.

If the punishment his fraud has met with is over severe he might apply to the Board of Revenue for an indulgent consideration of his case on the part of the Government which he had endeavoured to defraud, but he had no ground of action in a Court so long as the present

present rules are to be upheld.

Sub Collector in charge.

Translation of an Arzee addressed to F. N. Maltby Esquire Sub Collector of Salem by Ragavendra Row, Tahsildar of Trichengode Talook, dated 5th November, 1849.

After compliments I beg leave to state that one Nullumnen son of Chinna Comaragounden of Amany Hoonjapolliem Village on the 24th October presented a Durkast to cultivate for Fusly 1259 a land attached to the above Village called "Amboolzencaud" Poonjah Acres 42 measuring acres 11—.1 and bearing a teerwah of Rupees 20-7-1 which was entered in the putout accounts in the name of one Nullumnen son of Coomara gounden of the same Village till Fusly 1257 and in Fusly 1258 left waste; and also brought one

Ungappa

Ungusspa Chetty of Trichengode to stand as his security, therefore a toolloochit was given him immediately.

2.

On the following day/25th October/ the former holder of the land Nullyen alias Nullumma Gounden brought a complaint to me stating that he had left the land waste in July 1238 as he was prevented from cultivating it thro' indisposition and that he had used it for pasturage and some time ago enclosed this and his other lands with one hedge & and that he laid out his own money and sunk two wells for the use of his cattle &c., and when he informed his Village Monigar that some one would apply for the land if left waste he permitted him only to cultivate it and then he fenced the land with new and strong hedge and was intending to sow grain as soon as the fall of rain, and within this interval Chinnaconara Gounden has presented a durkast in the name of his son Nullumna gounden and obtained

obtained a toolloochit and requesting to reenter the land in his name.

Upon this, when I have summoned for the parties, the Complain: ant or former putteedar of the land Nullumna Gounden 1, the father of the person who obtained the Toolloochit or 1st Defendant Chinnaconara Gounden 2, Monigar Nally Gounden 3, Ieurnum Ardanary pilly 4, Joint Ieurnum Kanda: samy pilly 5, these persons appeared on the 28th. I immediately proceeded with them to the land and called many Ryots of the Village and those of other Villages and inspected the land and the wells situated in the same, and also received a Manzur from them and directed the above five persons to attend at my Cutcherry for enquiry into the case, and they have attended before me on the 1st Instant. The documents & connected with the case received on my exam: ination are herewith sent Viz: 5 depositions / complaint,

'Complaint, 1 Durkast, 1 Security bond, 1 Mazur and 1 Plan - Total 10.

The opinion I draw from the above documents and by my personal inspection of the land is as follows..

The above land and the complain: ants two other lands Mundavaly thota :thar" poongah No 1 in No 40 and Mundavaly fysul garden No 3 in No 40 are enclosed by a strong hedge, therefore other Ryots are unable to graze their Cattle on it and the complainant himself does so- there are two wells in the land each I think is constructed by a cost of 100 Rupees, there are also two trees and one bitter orange tree situated on the South of one of the wells.

It is proved by the Mazurnamah of the Ryots of the adjoining lands and by the depositions given by the Curnum and Monigar and the father of the person who obtained the Pottoochit that the complainant used the land for pasturage in fusly 1258 as he now does.-

As

As the Curnum and Monigar failed to report that he had the land in his possession and that he was using it as a pasture land in fusly 1258 a remission was allowed.

From the time of the settlement till fusly 1211 the above land was entered in the name of the former holder or complainants grand father, after which time it was entered in the name of his son Sarza Comaragounden the complainants father, and by his Razenamah in fusly 1254 the land was entered in the name of his son the complainant, and a puttah was also issued. The Curnum Ardanary pilly states that one of the wells in the land situated on the South was sunk by the father of the complainant and it is not known by whom the other on the North was sunk, but the Monigar deposed that both of the wells were sunk by the father of the complainant, however as the land was in the possession of the complainants ancestors it appears that the wells were also sunk by them.

The

The well situated on the North slope on one side so as to allow the Cattle to descend into it and drink water, by the assistance of this well it appears that no land has been cultivated for a long time, by the irregation of the other well situated on the South the land was cultivated as a garden paying a poonjah teervah - On his relinquishing some of his patent lands in Fusly 1253 a portion of the above land according to the following measure was cultivated by the assistance of the well.-

	Extent.			Assessment.			Extra Assessment.			Total		
Land converted into Nunjah	"	29	11	1	6	"	2	8	4	3	14	4
	"	25	15	1	3	3	2	13	11	4	1	2
	1	15	10	2	9	3	5	6	3	7	15	6

as the individual did not cultivate the land by irrigation as above shown in the following Fusly 1256 a deduction of teervah

teervah was made -

The principal question in this case is that the land which was in the possession of the complainants ancestors and descended to him was left waste in Fusly 1258, but the Monigar and Curnum failed to report that the land was retained in the complainants possession who used it for pasturage in this Fusly also as in the preceding one, thinking that no reduction of teervah will be made if reported, and also the Monigar has failed to report to the Circar upon a durkast being given for the land in this Fusly and to prevent a Toolloochit being given, and so a second person had the opportunity of obtaining a Toolloochit on his Durkast but however the land has not been put into his possession

As the Monigar and Curnum failed to report the truth of the case a loss of Rupees 20-7-1 was sustained by the Government in Fusly 1258, even in this Fusly during the time of the Dittum of the Village they have failed to report the case - when I take this into consideration I think that if a new person had

had not given a Durkast for the land it would not have been known that the land is in the posession of the Complainant, therefore the persons who have caused this loss to the Government Viz.t Monigar Canly Gounden 1, Cunnum Ardanary Pillay 2, and the joint Cunnum Lunclasamy pillay 3 should be fined according to your honors discretion..

The former holder of the land promises to pay the teerwah Rupees 207-1 of Fusly 1258 and also to Cultivate that part of the land as Garden and pay a Garden teerwah, and the remainder as poonjah – the land is yet kept in his posession there are two wells in the land which worth 200 Rupees.

The person who has receved a toolloochit also promises to Cultivate the land if put into his posession.

Therefore your honors instructions are required as to whether the land should be given to the former holder on receiving a Moochilkah and the teerwah of Fusly 1258, allowing him to Cultivate a part

part of it as garden and the remainder as Poonjah and the toolloochit granted to the other cancelled; or whether the land should be given into the posession of the person who has received the toolloochit.

The Annual Peiz of the above Poonjapolliem and Andzpatty Villages is Rupees 935-7-2 Allowance of the Monigar is Rupees 19-11-3 and that of the 2 Cunnums Rupees 19-13-..

Proceedings thereon

The Board of Revenue have carefully considered the grounds upon which the Plaintiff in Suit No.10 of 1850 has brought his Action, as well as the arguments adduced by the Sub Collector in his proposed.

proposed defence - They think however under all the circumstances of the case that it would be preferable to compromise with the Plaintiff, and they accordingly direct that the Sub Collector in Charge will ascertain from him whether he is now willing to pay the Teerwah for Fusly 1258 and to continue to hold the disputed land as heretofore - if so, and he is willing to withdrawn his Suit, Mr Maltby will effect the necessary arrangement with him. The Board moreover direct that the Village Officers who failed to enter in the accounts the actual quantity of land in Plaintiff's occupation in Fusly 1258 may be punished for their neglect of duty in the usual way.

Read

Read the following letter.

To
S. Bycroft Esqre.
Secretary to the
Board of Revenue

Sir,

19

From the Collector of Madras -

Explaining the cause of the delay in the submission of the accounts &c called for in the Board's Proceedings dated 2d March 1848 and expressing a hope that the censure passed by Government will be considered by the Right Honorable the Governor in Council to have been undeserved in being informed of the circumstances of the case.

I have now the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 7th August 1848, transmitting an Extract from the Minutes of Consultation dated 4th of the previous month, No 837, in which it is observed that the Right Honorable the Governor in Council fully approves of, and concurs in the views recorded by the Board in their Proceedings dated 2d March, and that unless the detailed information therein called for be submitted within a reasonable time, and satisfactory evidence given, in future, of my anxiety and ability to conduct the important functions of my Office with that Zeal and judgment which Government have a right to demand and expect, "it will become the imperious duty of the Government to place some more efficient Officer in my appointment."

2. The remarks on the Board's Proceedings of 2d March 1848, I have originated in

Fort St. George 4th March 1850

in a state of things, which was unavoidable and does not now exist. I submitted my report thereto on the 11th August 1848. The Statement D. which accompanied it, exhibits the result of the re-examination of 2470 Grounds situated within the Adkarry limits, extending eight miles from the boundary line of the Supreme Court - it having commenced on the 3rd April and terminated on the 3rd July - The area of the Court exceeds in superficial extent 200 Square Miles.-

Para 46.

3.

At the date of the receipt of the Boards' Proceedings, the Cocoanut plantations were not altogether in such a state as to have enabled me to cause an equitable distribution of the Trees liable to be assessed to the Revenue to be made immediately. I therefore postponed the commencement of operations till April 1848.- When it is borne in mind that it was requisite to inspect carefully each Tree in the 2470 Gardens referred to above, which are scattered over a wide tract of Country, that the total number of Trees does not fall far short of 130,000 and that

Fort St. George 4th March 1850

that it was incumbent upon the Examiners who acted under the supervision of the Sheristadar and Soddy Amildar, to make a correct classification and entry of those Trees which were to come under the heads of "Kalayem" "Palampaulay" "Sirk" and "unproductive" respectively, with a view to their allotment to 394 Shops - as it was, chiefly, with reference to their reports that final arrangements were to be concluded with the Shop keepers: it will be admitted that the time taken up in the execution of the responsible duties assigned to each class of servants was not more than sufficient and I therefore trust that the Board will be satisfied that there was not any unnecessary delay in the compilation and dispatch of the detailed Accounts and information called for by them.-

4.

It is not of course for me to say whether it is in my power to give hereafter satisfactory evidence of my ability and ability to conduct the important functions of my Office with that zeal and judgment which Government have a right to demand, but if the actual result.-

result of my past management, as a whole can be assumed as a fair criterion by which a reasonable hope may be formed of the future, perhaps the circumstance of there being an average Increase of Rupees 196,294. 6 8 per Annum in my Collections from the year in which I took charge of the Collectorate, may carry some weight with it- to exemplify the alleged fact. I beg leave to append to this Para the necessary particulars.-

Actual Collections for 7 Years before I took Charge.				Actual Collections for 7 years from the one in which I took charge

To Board 13th March, 1845.

5

As I observed on a former oc- casion, "it is only by active superintendence and the most vigilant supervision that the

"the present increased Collections can be kept up-

6. The success which attended the early part of my management was noticed by the Honorable the Court of Directors in Para 2 of their General letter dated 19th November 1845, No. 23, in the following words

"We have observed with great satis- "faction that the arrangement, contemplated "by us for retaining Mr. Middleton in his present "Office is fully justified by the financial "results reported in his letter to the "Board of Revenue dated 13th March 1845."

7 I lately brought under the consider- ation of the Board the acts of certain pub- lic Servants in other Districts, which it appeared to me were subversive of good order, and militated against the Presidency revenue particularly and against the interests of Government generally. The measures which the Board have thought it expedient to adopt in consequence, cannot certainly fail to exercise a salutary influence on those who were affected by them and on others, but whether

Fort St. George 4th March 1850.

whether, in the difficult position in which I was placed by the inquiries it was indispensible I should have entered into, so as to arrive at a satisfactory conclusion, I have manifested any want of "zeal" or judgment, it is for the Board to determine. I may however, be allowed to affirm that I acted throughout under a strong sense of duty.—

8. It is, therefore a source of deep concern to me that Government should have deemed it requisite to pass the severe censure recorded in their resolution of date the 4th July 1848, but which I beg leave respectfully to express a hope the Right Honorable the Governor in Council will be disposed to admit, I have not deserved, on being informed of the circumstances of the case now under review, for which purpose I respectfully solicit that the Board will do me the favor to submit my letter of 14th August 1848. No. 55, should they have not done so already.—

Madras 27th October 1849.

/Signed/ J. A Mudleston.
Collector

J. C. B.

Fort Saint George 4th March 1850.

Read letter from the Collector of Madras replying to the Board's Proceedings of 2nd March 1848 relative to the Management of the Toddy Revenue of his District.

(Here enter No. 55)

Dated 14th Augt. in Cons. 11th Decr. 1848.

(19-20)

Proceedings thereon—Said. Mr. Mudleston in transmitting with the first of the letters above recorded the Accounts called for in the proceedings of this Office under date 21st August 1847 and 2nd March 1848, explains that the same returns, checks, fees and general system of management as now in use had continued unchanged since 1830, that the evasions noticed in the accounts sent to the Board's Office were caused by necessary alterations at the moment of making the settlement, after the last storm, that Pahdaries could not be prepared after the storm, and had been equally stopped after 1836, that the irregularities in the accounts of the settlement after the storm as explained in his letter of 31st December 1846 were occasioned by the remissions made to the different shops having necessarily been regulated by the actual

Submitting further correspondence from the Collector of Madras respecting the management of the Toddy Revenue of his District and conveying the Board's observations on the subject and on the remedial measures which appear called for.—

In Cons. 23rd Jany. 1850.

actual extent of damage suffered in each particular case; that the proportion of losses in such cases was not left to be ascertained by the subordinate servants of the Office, that circumstances connected with the renewing of the licenses and the still backward state of the trees, prevented the rates being raised so much as they might have been in April to June 1847, that all were raised to 75 p.c. of the ordinary demand in July. that the plan proposed by the Board of placing deteriorated shops in a lower class, instead of granting indefinite remissions could not suit the present location of the different classes which are regulated by the population and other circumstances, and he concludes with a detailed statement of the present system of letting the trees, a description of their varieties, and his observations on some of the Petitions presented to the Board.

2. Much of this is a repetition

of

of former statements on which the Board of Revenue have already expressed their sentiments, and it is not necessary to follow the Collector thro' all the 49 paras to which his letter extends. What the Board objected to was, the faulty system of managing the abkarry revenue generally, and their opinion is no wise altered by the explanations now offered. Whether the defects are of long standing or of recent origin they are equally objectionable, and the end now to be kept in view is not how they may be justified, but how they may be remedied. To this object therefore the Board will address themselves merely observing that the points connected with the faulty system of check, noticed by them in their proceedings and which the Collector now meets by a simple denial of their existence were derived from the personal examination of their own Officers, made on the spot and supported by admissions in the written statement now on record of the Collector's Officers including his Head Serishtadar and the Head

Paras 8-9 & 10.

of

of the Alkarry Department/ detailing the mode of procedure actually followed by them/ that the resources to which the Board alluded as exhibited in the account of the temporary settlement framed after the storm of 1840 were not those made at the moment of settling the remissions.

3. Without therefore pursuing this subject farther or noticing the conflicting statements urged by the Collector on behalf of his own servants, and those of the Deputy Serishtadar of this Office, the Board will at once turn to the Collector's observations on the remedial measures suggested by them for the improvement of the Alkarry management in future.

See Paras 26 & 32

4. In para 4 of their proceedings of 2nd March 1848 the Board intimated their opinion that instead of granting indefinite remissions for alleged losses, it might have been better simply to reduce the shops to a lower class, rendering it necessary only to ascertain the degree of damage sustained

sustained without resorting to a long and enumerous examination of the trees as now practised. The reasons urged by the Collector against such an expedient, as explained in the 16 and 17 paras of his report are of much weight, the Board however did not contemplate a permanent reduction but simply an indulgence until the gardens had somewhat recovered from the destructive effects of the gale. The object of granting remissions is not to abate the exact amount of loss which any individual can make it appear he has sustained; but, to give such indulgence to the tax payers as may enable them to discharge the public dues without involving themselves in distress and ruin. The proposition above noticed it was thought would enable the Collector to do this without having recourse to the detailed examination now in vogue. Nor, judging from the petitions presented against the mode actually followed, would it have been likely to occasion more discontent.

Para 4th Para 20.

5- Another suggestion offered by

by the Board was that of obliging the Renters to retain possession of the gardens taken up by them at the beginning of the season, either for the whole year or for a period of six Months at the least. Mr Hudleston has given effect to this proposition so far as to make the leases permanent for three Months. He states however that the following objections presented themselves to the arrangement - 1st. The occurrence of dispute in the owner's family regarding the property in the garden after it had been rented might interfere with the extraction of the Toddy by the Shop-keepers. 2nd. a want of good faith in the owner of the garden might tempt him after closing with one Shopkeeper to accept a higher offer from another - and 3d. The transfer of a garden whilst on lease from one party to another by legal process might disturb the lessee. These difficulties do not appear to the Board to affect the feasibility of the plan. They are contingencies to which all property is liable, and these cannot be greater in Madras than elsewhere. Deeming them

their therefore as ordinary exceptions to any general scheme the Board would still urge on the Collector the necessity for conforming as far as practicable to the instructions contained in para 11 of their Proceedings regarding the general arrangement of the Abkarry Department, and Licenses should be withheld from such of the Shopkeepers as apply to change their holdings without clear and satisfactory reasons.

6. It has occurred to the Board that the security of the Revenue and the efficiency of the superintendence would be greatly promoted by discarding to some extent the system of counting trees and estimating each garden or portion of a garden at a fixed amount. The Collector has observed /para 29/ that the same trees in a garden are never all in use at the same time, a certain number being always held "in suspense or in reserve" according as they yield more or less toddy or cease altogether to do so, and that the owners of Gardens have the power of refusing an entrance to the Servants deputed by the Collector for

Quoted from Para 9 of his letter of 11th Decr 1847 in Cons 2d March 1848.

for the purpose of examination/para 39/It cannot be matter of surprise that such persons should object to the frequent intrusion of the Alkanny peons and Pygushto and when to these we add the objections urged against the existing plan on former occasions which are inseperable from the frequent and indefinite employment of a numerous body of low paid functionaries, the advantages of a mode of adjustment like that now suggested are obvious. The Alkanny settlement would then be very similar to the annual Settlement of the Land Revenue in the provinces. The value of each garden would undergo revision at the proper season and the demand fixed on it in a form similar to that marked D accompanying the Collectors Report would remain in force and constitute the standard demand till the following year. The Board however are not prepared to admit that Statement D as now prepared should be the standard of reference on all future occasions tho' it would constitute a useful basis for any arrangement adopted

adopted in conformity with the above suggestions.

7. It may be urged that an annual revision would involve more time and trouble than could be devoted to such a work, and that it could not be completed in time for the annual distribution of Shops. The same objection has been urged against a ryotwar settlement of the Land Revenue, but, in practice it has no existence. The foundation of a careful Survey of all the Gardens once laid, the Collector would only require to ascertain the alterations tending to increase or diminish their value during the season. Mr. Hudleston has stated that the same gardens are held for long periods by the same individuals/para 24/ This shows that their value is not liable to great fluctuation. He also states that the shopkeepers are obliged to make their own arrangements with the proprietors for the lease of the gardens. It is needless to remark how greatly such arrangements would be facilitated by the previous knowledge of the fixed Government demand.

8. At the same time the Board are

of opinion that a strict scrutiny should be made of each Garden at least once in three years which should comprise not merely the number of Trees from which Toddy is to be drawn on account of each shop; but, the total number of Trees, distinguishing those productive and unproductive and those kept in reserve. The Board therefore desire that the Collector will direct his attention to this suggestion for imposing a fixed annual valuation on every garden and division of garden on a general Estimate of its value without reference / except at the interval above specified / to the exact number of trees. Mr. Sudleston must expect to meet with much opposition from his Establishment who will not willingly forego the advantages and opportunities incident to the old practice, but the Board trust he will not as allow himself to be deterred by the array of unimportant or futile objections from the attainment of so manifest an advantage. They have already observed that the system of allotting by entire Gardens is in operation.

Pro. on Settlement of Excise Sources for Truly 1258 Para 6.

The

9. The second of the letters recorded at the head of these Proceedings does not require much remark. The reasons assigned by the Collector for the delay in submitting the detailed accounts furnished with his communication of the 12th August 1848 are satisfactory, and the Board are gratified to observe the improvement in the general outturn of his District during the seven years that it has been under his management. They are also prepared to make every allowance for the difficulties incident to the administration of so complicated a system as that of the Madras Abkarry Revenue and they are conscious that the defects apparent in that system did not originate with the present Head of the Office.

Para 4.

10. Mr. Sudleston's repeated request that his explanation be submitted to Government the Board have resolved to accede though with much reluctance since it has not been such as to lead them to change their views on the chief points noticed in their Proceedings of 2nd March 1848.

Ordered.

Ordered that a copy of the foregoing Extract be submitted to Government and a transcript of the same be forwarded to the Collector of Madras for his information and guidance.

D.G. To

the Collector of Madras and returned with his -

Collector's Endorsements.

If the individuals hereein named will appear at this Office on Tuesday next the 25th instant an enquiry will be instituted respecting the Petitioners case and orders passed in regard to her Yeomiah -

Madras Cutcherry
20th March 1834

/ Signed J. A. Huddleston
Deputy Collector.

As the Soobadar, who appeared some time ago, spoke only to his having of the existence of Fakhroo Beebee and as the other Witness named by her Syed Hamed refused to attend to give evidence in her case, the Collector cannot authorize the payment of her allowance to be made excepting on producing proper Witnesses such as Yeomiahdars or Pensioners to prove that Fakhroo Beebee is now in existence

Madras Cutcherry
2d June 1834

/ Signed A. Robertson
Collector

As there is a great difference between the Descriptive Roll furnished by certain individuals who examined the Petitioner and the particulars in her Purvannah respecting her age and height the Collector cannot authorize the payment of her allowance to be made, excepting on her appearing in person at this Office and proving her identity with reference to her Purvannah as has been done by several other Yeomiahdars in similar cases -

Madras Cutcherry
26th July 1834

/ Signed A. Robertson
Collector

As the Soobadar, who appeared some time ago, spoke only to his having heard of the existence of the Petitioner and as there is a great difference between the Descriptive Roll furnished by certain other individuals who examined the Petitioner and the particulars in her Purvannah respecting her age and height the Collector does not consider it necessary to take any further evidence in her case.

It

24-25

Proceedings thereon.

Declining to recommend to Government for the grant of a fresh Purwanah to Fakroo Beebee before the Collector of Madras fully satisfies himself of her identity and explains all the suspicious circumstances in the evidence regarding her execution.

It does not appear under what circumstances the Collector could have recognized the nomination by the alleged Fakhroo Beebee of Subidar Mahomed Sherreef as her Vakeel in 1841.

2 The only recorded evidence of his is in the year 1834, as appears by the Endorsements of Enclosure No. 2, Viz that he heard only of her existence.

3 The Collector must have observed that several individuals furnished Descriptive Rolls of her person all of which differed greatly from the particulars specified in her Purwanah. Neither does it appear that the Yeomiah Writer spoke at all positively as to the identity of else she would have made allusion to him in her several petitions to the Collector. Besides this, the fact of Syed Hamed refusing to attend to give evidence in her case appears suspicious.

4. The circumstances therefore represented

represented in the foregoing letter and its Enclosures serve only to confirm the Board in the opinion that unless the difference in the height of Fakhroo Beebee is satisfactorily accounted for the Collectors recommendation for a fresh Purwannah being granted cannot be supported.

To The Secretary to the Revenue Board —

Extract.

3480.

Fort St. George 4th March 1850.

Extract from a letter from the Collector of North Arcot to the Secretary to the Board of Revenue in the Department of Public Works under date the 6th February 1850.

2. I beg to state in reply that I am aware of no reason why the general rule which obliges public Officers in the Provinces to provide their own residences should be subject to exception in the case of the Police Ameen of Pulicat. With reference to my letter of the 19th January 1850 in the Revenue Department I beg leave however to add that my proposal of 50 Rupees Monthly as the salary of the Police Ameen and Superintendent of Sea Customs, having been made on the supposition that this accommodation would be continued, I would beg to recommend that if it is withdrawn the Amount should be augmented to 60 Rupees.

(Signed) H. Stokes
Collector

Ordered

Order thereon.

(24-25)

Ordered to lie over.

Read the following letter.

To, W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George.

(26)

From the Collector of Nellore ——— Sir,

Requesting further orders on the subject of allowing disbursements to be made from Talook Treasuries.

In reference to a letter from the Board of Revenue under date the 17th. October 1844 recommending the discontinuance ab. once of the practice of allowing disbursements from Talook Treasuries, I have the honor to bring to the notice of the Board that the then Acting Principal Collector, in circulating the Board's orders, authorized the Thasildar of Ongole to discharge from his Treasury drafts in favor of the Commanding Officer of that place drawn Monthly by the Paymaster ab. Masulipatam and that the same course has been ever since observed in the payment of these Drafts and also in regard to Accountant General's Bills to be discharged ab. Ongole.

It appears further that the Ongole Thasildar is permitted to obtain from the adjoining Treasury of Pauduty or Salt Division such amount as may be required

required to meet emergencies when the money in his own Treasury is not sufficient to answer the demand.

Being unwilling to incur the "heavy responsibility" which the Board, in their letter above quoted, declare attaches to a Collector who sanctions such a practice, as I have considered it right to submit the subject for their further orders, and to state that up to this time no evil has been found to result from the course pursued.

I may state that the letter of advice from the Deputy Paymaster notifying that he has drawn a Bill upon me in favor of the Officer Commanding ab. Ongole, (varying in amount from Rupees 2800—— to Rupees 3,100——) is received about the 17th. of each Month, and that if money is after the receipt thereof, to be in future despatched from Nellore under charge of Peons a considerable delay (say about 5 days) will occur in the Monthly disbursement of pay to the Troops ab. that station.

Nellore District, Kristnapatam, ——
Collectors Cutcherry, 23rd. February, 1850. } / Signed / D. White
Collector

Ordered that the following letter be sent in reply.

To

Fort St. George 7th March 1850.

To

The Collector of Nellore

26-27

To the Collector of Nellore

Sir,

In reply to your letter of the 23rd Ultimo, I am desired by the Board of Revenue to request that you will make a report on the subject to the Accountant General as to the arrangements connected with payments from Collectors Treasuries out of the usual routine (which is to make all payments at the Treasury) can be sanctioned without his approval.

Revenue Board Office, Fort St. George, 7th March, 1850.

/ Signed / W. H. Bayley
Secretary

Read the following Memo:

Official Memorandum.

From the Acting Collector of Bellary

The Acting Collector of Bellary requests the Secretary of the Board of Revenue will be so good as to correct a clerical error in the 8th Para of the letter from the acting Collector dated 22nd February 1850 No. 11 as follows

"The amount of cultivation below the Calculation was" ——— Read "39,104 Rupees" instead of 15,164 Rupees.

Bellary District, Collector's Office on Circuit, Woosparahully, 27th February, 1850.

/ Signed / C. Pelly
Acting Collector

Ordered

Fort St. George 7th March 1850.

Order thereon.

28-29

Ordered to be recorded:

The required alteration having been duly made.

Read again letter from the Agent to the Governor of Fort St. George at Kurnool dated 24th October 1849 reporting on the Settlement of the Land Revenue of that District for Fusly 1258 / 1848-49.

In cont. 10th Dec. 1849

2908.

30

/ Here enter No. 59 /

Proceedings thereon.

Relative to the settlement of Land Revenue in Kurnool for Fusly 1258

Paras 2 & 7 and Para 37. Statement No. 1.

Increase in Fusly 1258.

Houses ——— 1657
Population ——— 3,950
Cattle ——— 29,043 of which 26,001 occur in Sheep and Goats.
1,820 in Bullocks
69 Cows
1,130 Buffaloes / Female /
41 —D:— / Male /

The Season was on the whole very good and the outturn of the Crops, with unimportant exceptions, excellent. During the last two Months of the Fusly, Cholera was prevalent and the Cattle, it is stated, suffered from a disease from an early period of the year. The Statistical Returns are however favorable. With the exception of Cotton, Prices were below the rates of the two preceding years, and considerably under those of Fusly 1255.-1845-46.

Cotton realized Rs. 43 — As. 7 per Candy, while

while in the three preceding years the rates were Rupees 37-11-4, Rupees 35, and Rupees 35-15-6 respectively.

2. The number of Villages and Hamlets is the same as in Fusly 1257 / 1847-48 being. Government Villages ——— 465
D°. Hamlets ——— 100 ——— 565.
Jaghire D°. life Grants ——— 12.
Villages in which ½ the Revenue is alienated ——— 1
Shrotriem Villages ——— 6
D°. Hamlets ——— 5 ——— 11
Surva Enam Village ——— 1
590

Two Villages (Para 34) Pasaupula and Sooderedy pillay, were transferred from the Shone Taloork to Nundicootcoor. In future when similar transfers are deemed necessary, the sanction of the Board should be obtained before any changes are made, as pointed out in their Proceedings on the Settlement for Fusly 1257.

3. The engagements (Dittum) for the year under report embrace an area of 4,64,544-22 5/16 acres assessed at an Rupees

Rupees 6,49,081-8-9, being 25,747-7/16 acres on assessed at Rupees 26,969-1-1 above the engagements of the preceding year. The increase to a small extent, (Rupees 5,952-10-11) is owing to the discontinuance of the practice followed by some Amildars, in the case of wet lands, of entering in the Dittum the actual cultivation only; the bulk of it arises from the healthy state of the resources. Mr. Phillips is quite correct in requiring that the Dittum shall include all the land generally cultivated. Such portion of it as may be left waste from sufficient cause as deficiency of water is deducted afterwards and appears in the accounts at the Settlement as Cabooleaty or Dittum Bunger. The Dittum exhibits the entire resources at the time; contingencies of season are represented under the head of remissions.

Paras. 8 @ 28. 4. The Remissions amount to Rupees 6,753—6, being Rupees 5,534-7-7 in excess of the preceding year. The principal item in the gross increase

is Rupees 6,036-4-10. composed of Rupees 26-7-5. Dry land Waste and Rupees 6,009-13-5 Wet land Waste. The former is trifling and was rendered necessary by the indigence of the occupants. Absolute failure of the means of irrigation accounts for the latter. The remission of Rupees-18-4-0 on certain Garden land in the Chegulmurry Talook, which, though supplied with Government Wells in good order, would have remained Waste in consequence of the assessment being excessive, as well as the indulgence allowed in the other items enunciated appears proper.

Statement No. 13. 6. The Cabooliaty Burgerdy brought to account, Viz. Rupees 10,789-0-0. was large and exceeded that of Fusly 1257. 1847-48. by Rupees 2,922-10-9. After personal enquiry from Ryots best acquainted with the facts, it was found necessary for the interests of the Revenue to enforce this demand.

Pars. 29 & 32. 6. The items Sodee and Cumaty do not call for remark. When resumptions occur, it is desirable as a general rule that the particulars should be explained.

The

Statement No. 9. 7. The cultivation of Sugar Cane exceeded that of the preceding year by acres 13-27¼. Of the whole cultivation consisting of acres 93-4-7½, the Mauritius Cane rather exceeds ⅕th.

Statement No. 12. 8. The Rent roll shews that more than ½ of the whole body of the Ryots pay within Rupees 20 and that the Revenue contributed by them is little more than 15¾ of the entire Berij of the District. The particulars are as follows.

No. of Ryots Assessed				
Ryots paying 1,000 and upwards	"	"	"	"
Do. from 750 to 1000	3	2629	1	4

Tho

Within the Fusly	6,97,946-7-9	
Subsequently	8,083-7-11	
	7,06,029-15-8	

10. The Collections within the Fusly and subsequently to the end of September amounted to Rupees 7,06,029—15-8, leaving an outstanding Balance of Rupees 8,824-5-3. Several causes are assigned for this Balance, as unfavorable state of the grain Markets, ravages of Cholera, loss of Cattle, deficient outturn of the Cotton and Wheat Crops in certain cases and supineness of the Tahsildars of the Sheigulmurry and Servaik Talooks.

11. The Tabular view of the Collections in each Talook contained in para 43 of the Collectors' Report shews the backward state of the Collections in Shegalmurry and Servaik. This cause has been removed, and as the Cholera did not appear till near the close of the Fusly and as the Statistical Returns, as noticed at the commencement of these Proceedings are favorable, the amount to be ultimately given up ought not to be large, unless indeed the failure of the rains in the ensuing year (Fasly 1258) 1848-49 has increased the embarrassments of the parties by whom the Balances are due.

For

Paras 45 & 47.

12. For the reasons stated by the Agent, the Board beg to support his recommendation for writing off the irrecoverable portion of the Balances of Fuslies 1255 and 1256 amounting to Rupees 6,514-14-5.

Fusly 1255: 3,689-4-5
" 1256-2,875-10-
6,514-14-5

13. The total Revenue of the District from Land and Extra Sources was Rupees 8,72,351-5-9, being Rupees 28,092-8-5 above the preceding year. The particulars are as follows.

Sources	Demand of Fusly 1257.	Demand of Fusly 1258.	Increase.	Decrease
Land Revenue	692,420 1 3	7,14,854 4 11	22,431 3 8	" " "

In

14. In conclusion, the Board would make the following remarks on the Statements which accompanied the Agents' Report.

15. The particulars of remission shewn in the Tabular Statement annexed to Para 8 of the Report agree with Statement No. 3 but are not distinctly exhibited in that marked No. 8. This has been noticed on former occasions, and the Agents attention is called to the Board's remarks in their Proceedings on Fuslies 1256 and 1257.

25th. March 1848 Para 10. 4th. June 1849 Para 10

16. The items, remission on the Garden in Chaulmurry Rupees 18-4-11, and remission Rupees 30-4- allowed on land belonging to the Cumums of Chinta Commadinny, total Rupees 48-8, correspond in Statements Nos. 3 and 8. but in the Statement No. 4 the reduction of Seerwah on Garden land is stated to be Rupees 7. This discrepancy requires explanation.

17. The items Rupees 7,225. 1-5. addition to the Seerwah of certain land on which an abatement was not allowed

allowed in Fusly 1257 and Rupees 1,221-4-11. reduction on certain land in Fusly 1258, should have been exhibited in Nos. 3 and 8. as well as in No. 4.

18. The whole Dittum Bunjer was Rupees ____ 1699-13-4

Amount brought to account as per Statement No. 13 ____ 10,789-0-6

Remainder remitted ____ 6,140-12-10

The amount of remission as entered in Columns 10 & Statement No. 8 ____ 6,036-4-10

Difference ____ 104-8-

This difference should be explained.

19. Statement No. 13 has been furnished agreeably to the requisition of the Board, but the form of account being defective chiefly as not shewing the full assessment on the entire Cabooliaty Bunjer, Web, Dry and Garden, the assessment entered being the demands on such portions only of the entire Waste as were included in the settlement; they propose to substitute that in use in Salem.

20. In Statement No. 14 shewing the Seroy Summa, the exact nature of

Fort St. George 7th March 1850.

of the item "Sunky Sastes". Rupees 1,186-8-1 should have been explained.

21. The reason why the proceeds of the "Enams of deceased persons" have been left uncollected should also be explained. The item "Heirless Enams" should be incorporated with the Ain lands.

22. In reviewing the Settlement of Hurnook for Fusly 1257, the Government approve (Para 11) of the alteration made by Mr. Phillips in the Kisthundy of his District by making the first Kist payable in November instead of December partly on the grounds of its being in conformity with that of the Ceded Districts. There is still a want of agreement between the Kisthundy of the two Districts. The January Kist in Bellary it will be seen, is only 20 per % whereas in Hurnook it is fixed at 30 per %. This appears heavy. The agent will be pleased to consider whether it will not be desirable to assimilate the Kisthundy of his District to that in Bellary.

To T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

31

From A. Reeve Esqre
Collector of Chingleput

Para 1

Reporting on the settlements of Extra Sources of Revenue for Fusly 1258 A.D. 1848-49 and submitting the usual statements.

Vide Enclosures A B and C and from No. 1 to 6 with a printed statement in Triplicate and Braharatta statements A to C and from No. 1 to 9.

I have the honor to submit the annual statements of the Extra Sources of Revenue of this District for the past Fusly exhibiting in juxtaposition the results under each separate Source in Comparison with the Revenue derived in the preceding year.

	Fusly 1257.	Fusly 1258.	Increase.	Decrease.

Total	489171 " 9	373450 15 7	9041 9 10	124762 9 "
Net Decrease				115720 15 2

From

Fort St. George 7th March 1850

2. From the foregoing abstract & statement it will be observed that the nett Collections realized in this District during Fusly 1258 fell short of the results of 1257 by Rupees 415720-15-2 a result to some extent anticipated by me and not difficult likewise to account for.

3. The foregoing statement shews likewise that under every head exempting salt there was an increase of revenue in the aggregate amounting to Rupees 9041-9-10 which being deducted from the decrease in the sales of salt to the extent of Rupees 124762-9-2 leaves the nett decrease as above stated. For the particular causes whence these results arise I beg to refer the Board to the following remarks under each separate head or sources of Revenue.

4. In Paragraph 5 of my Report on the Extra Sources of Revenue for Fusly 1257 I pointed out that altho' the total sales during that year were considerably less than those in the preceding one, yet even those sales had been very greatly raised by the advantageous circumstances of the stocks of salt at the Madras Coturs and

Fort St. George 7th March 1860

and the pans at Merkanum having been exhausted, whereby the Merchants usually resorting to them had been compelled to resort to our Depôts for that article, as also by the increased sales at Coulong compared with those of Fusly 1256. The general result of the salt operations of this District during the past Fusly compared with Fusly 1257 exhibit, as above stated a decrease of Rupees 124762-9-2 of which sum Rupees 14928-9-2 is in the sales for Consumption within the District and Rupees 109834 for inland Consumption that is beyond the limits of the Jaghire.

5 The subjoined Comparative Table exhibits the increase and decrease of sales for home and inland Consumption during the Fuslies under comparison at each of the Pans, and in which I have distinguished those in the immediate vicinity of the Presidency and likely to be affected to a greater extent by the opening of the Madras Coturs to the inland Salt Trade from those at a greater distance.

Net decrease of the Inland and Home Consumption		1039 275 2/16	124762 9 "

The

Fort St. George 7th March 1850.

6. The net decrease in the sales at the Farr in the vicinity of Madras amounted to Gs. 573 — Mds. 216 — valued at Pagodas 68,824 — 14 — 11. In examining the details of the above as exhibited in the statement, it will be observed that of the decrease 453 — 380 was in the sales for inland and 119 — 236 Gs. Mds. for home Consumption. The above decrease whether for inland sale, or for the home Consumption, may be attributed generally to the extended sales at Madras, for as the sales for our home Consumption include the sales for all the Villages within the District, the more populous towns in the vicinity of Madras and the Villages in the neighbourhood of the high roads now in receive their supplies by the return Carts from the Presidency — The decrease in the sales at the Depôts at a greater distance from Madras and which with the exception of the small decrease of Gs. 6 — 266 Mds. in the sales for Home Consumption

at

Fort St. George 7th March 1850

at Soonnapuguntah on the northern Confines of the District, is entirely in the sales for other Districts and at the Pans of Chunambut and Cheyoor. That there would be some decrease in these Pans as Compared with the preceding year was to be expected from the sales having Recommenced at the neighbouring depôt of Ineracanum, but whilst there was a decrease of Gr. 517 280 valued at Rupees 62,124 - in these sales, the Returns furnished to me by the Collector of South Arcot show the sales at Ineracanum for 1258 to have exceeded those of 1257 by Gr. 28 - 380 only valued at Rupees 3,474 - some other Cause for this decrease must therefore be looked for, and the State-ment No. 9 with the observations of the year lead me to believe that although these Depôts are situated at the southern extremity of the District, and at a great distance from the Presidency, the traffic has been affected by the operations at the Madras Cotaurs added to which, may be

Fort St. George 7th March 1850

be noticed the almost entire cessation during the past Fasly of the resort of Bunjaries to this part of the Coast, Consequent on the very low prices of grain not offering a prospect of Remuneration for their Labours.

7. In order to shew that these suggestions are well grounded, I would first beg to call the attention of the Board to the details given in the Statement No. 9 from which it will be seen that the great decrease in the sales at these Pans are in the Purchases for exportation to Salem, Mysore, and North Arcot, which districts now receive a great portion of their supplies by the Return Carts from Madras proceeding by the Great Western Road - and the same circumstance is apparent when we examine the accounts of the transactions with those Districts at the Pans in the vicinity of the Presidency. Another Circumstance which supports this view is that the total sales of the Madras Cotaurs, added to those of Chingleput and Ineracanum depôts during the past

Fort St. George 7th March 1850

past are on a par with those of the preceding one, the decrease at one place being nearly equal to the increase at another. The transactions are as follows.

	Fasly 1257		Fasly 1258	
	Gds	2nds	Gds	2nds
Madras —	1,416	- 180 -	2,338	- 188
Mercara —	1,079	- 110 -	1,108	- 90
Chinglepet —	2982	- 173 -	1,942	- 298
Total —	5,478	- 63 -	5,389	- 176

8. In referring to the transactions at the different Depôts, the Board will no doubt notice the decreased sales at the Vellore and Vayalore Pans; but, it will be sufficient to state that almost the whole of the salt manufactured at these pans was transferred to Madras for sale there.

9. The Statements called for in the 3d and 4th Paras of Extracts from the Board's Proceedings dated 9th July 1849 are submitted and as numbered 7 and 9 respectively, the latter has been already alluded to. In the 2d Col of the former, the balances of

a Vide Enclosures 7 and 9

Fort St. George 7th March 1850

of salt in hand at each Pans at the Commencement of the new Fasly is exhibited. In the Columns of Remarks the details of Charges are also given. It is necessary here to explain that the exctent of sales noted in Column 11 of this statement includes the 1508 - 162 Gds 2nds supplied to the Collector of Madras, the receipts from which included in Columns 13 were only Rupees 13,575-10-1 being the mere Cooleranum or Manufacturers' Charge. At the same time the expenses of Manufacture of the salt and other Contingent Charges is included in Column 14, this increasing the appa- rent percentage of Charge upon receipts, and decreasing the percentage of profit per Garce derived from the Monopoly. It matters little to the accounts of what District the profit from the monopoly is carried - and I merely mention the above facts in elucidation of the accounts, as at the Sale prices of Salt or 120 per Garce the amounts that should otherwise appear in

in Column 13 for the quantity of Salt dis-
posed of in Rupees 4,14,138-4-8--

10. The Compensation to the Manaj
Shrotriemdar during the Fusly under Revie
amounted to Rupees 3,381-15- 4 being the amou
due for 11 months of Fusly 1258, and
the last months of Fusly 1257, the
amount due for the last months
of 1258 was paid in the Current
year, and will appear in the Subse
-quent accounts. The desire of the
Board that the Amount of Com-
-pensation should be drawn for
regularly as it become due has bee
Communicated to the Shrotriemdars.

11. Before closing my Remarks
on this branch of Revenue, I would
propose for the Considerations
of the Board, whether the re
relaxation of that portion of the
Salt Rules which prohibits the
Sale and issue of Remainders for
a less quantity of Salt than 40 Pounds
is

is not advisable. To Convey that
quantity requires a strong Cart and a
good pair of Bullocks, the quantity Carried
in the Common Carts of the Country
seldom exceeds half that Amount, and
for this reason and for the Convenience
of the people, I would suggest the
rule be abrogated or modified.

12. The Revenue derived
under the Head of Sea Customs
Amounted during the part Fusly
to Rupees 337-2-10 or Rupees 42
1-7 in excess of the preceding years
Revenue. Having no Authorized
Sea Ports for trade in this
District, and no establishments for
the levying of Sea Custom duties,
the revenue derived under this Head
is precarious, and as being Chiefly
derived from the duties on the
Sale proceeds of Stores and ma-
-terials of wrecked Vessels or on
goods landed at unauthorized
Ports from Vessels that have
sustained

sustained injury, the smaller the
amount of revenue accruing, the better.
13. The demand on account of
the Arrack farms was the same as
in the past Fusly, the privilege of
manufacturing and selling spirits
having been rented for three years
from Fusly 1256 to 1258 both inclu-
sive for Rupees 76,500 per annum.
At the termination of the Fusly
Rupees 15,881-6-3 were
still outstanding, of which sum
Rupees 7,000 were remitted under the
sanction of Government dated 7th
September 1849 in consequence of
the heavy losses sustained by the
Renters from the gales in October
and November 1848. The balance
in full has since been realized.
14. Under the head of sundry
Small Farms and Licenses, there
was an increase as compared with
the preceding Fusly of Rupees 234-
8-3 arising chiefly from the increased
sums offered for the privilege of
digging

digging for Chunam shells in certain
localities, and from increased sales of
jungle products, such as soapnuts and
Cheyroot obtained from the Forest
: cotah Jungles.
15 There is likewise a net increase
of Rupees 1,426-10-4 in the demand on
account of Motturpha during the past over
the preceding Fusly, arising chiefly from
the discovery of some frauds and a close
scrutiny into the number of looms at
work at Sydapet and other large
weaving Villages. The number of looms
known to have been at work in Fusly
1258 was 6,604 being Rupees 1,378-2 in
excess of those included in the lists
of the preceding year. In many
Items there was a decrease more parti-
: cularly in cloth shops and Indigo
factories. Since the abolition of the
Land Customs, the Weavers who used
formerly to sell the produce of their
labours through the Cloth Merchants
who advanced the duties have got into
the habit of disposing of their Cloths as
finished without the intervention
of other parties, whilst the state of

3529 Fort St George the 7th March 1850

Sir

In the absence of the Secretary to Government I have the honor to transmit for the information of Government a Statement of the Demand Collection and Balance of the Land Revenue and Sayer Revenue of the Ceded Districts for the Year 1849.

I have the honor to be
Sir
Your most obedient humble Servant
(Signed) J. Thackeray
Collector

To
The Secretary to Government

18. Of the amount still due for Fusly 1258 on account of sundry small farms and excesses, Rupees 304—4—10 on account of Jungle products sold, the price of which will be realized in a few days, and the remaining balance is in course of recovery. The balances on account of the Moturpha are also being realized.

19 A Statement B is also submitted of the Demands, Collection and Balance outstanding on account of arrears of Revenue from 1252 to 1257 under the same heads amounting at the close of the Fusly to 869-9-5.

20. Of this sum sanction for the Remission of Rs. a. p. 421—7—8 was received with the Board's Proceedings dated 13th August, but of which a. p. 416—7—8 alone were

written off, Rupees 5 having in the interim been realized. Rupees 57—10 as have also been collected out of the sum of Rupees a. p. 163-5-3 entered in the last account as probably recoverable leaving a net balance of Rupees a. p. 397—15—, of which Rupees a. p. 159—5—2 due on account of the following years is irrecoverable for the reasons exhibited in the statement No. 8; and I therefore request permission may be obtained for writing off the amount, Viz. Rs. a. p. (159-5-2) one hundred and fifty nine, annas five and pice two.—

Vide Enclosure No. 8.

21. In reference to the circular letter of the Board dated 27th January 1848, I have the honor further to state that there are no sugar manufactories in this District, but from some of the Villages on the borders of the North Arcot District Jaggery has been made and forwarded to the factories therein established for conversion into sugar.—

Chingleput District Collector's Cutcherry Pullecarney 30th November 1849

Statement

3536 Fort St. George 7th March 1850

No. 1 Statement shewing the details of the Collections of the Extra No. 4 Sources of Revenue in the Zillah of Chingleput for Fusly 1258.

Item	Fusly 1257	Fusly 1258	Increase	Decrease	Remarks
	1	2 Rds	3 Rds	4 Rds	5 Rds
Salt.					
Collection	357892 --	233297 --	---	124629 --	This decrease arises from the diminished resort of Merchants to the Pans of this District from the opening of the Madras Cauvery to the Salt trade, the low price of grain preventing the resort of the Provincials to the coast and to the sales having been resumed at Mercanum.
Value of confiscated Salt	34128	7 119	---	333 611	
Refunds of repairing Plat forms	3266	33 --	-96	---	
Ditto of Coodevarum	---	13575101	13575101	---	This sum is the Coodevarum price of Salt transferred to the Collector of Madras in 1257/58.
Ditto of Tuccave	---	3285 --	3285 --	---	This sum has been transferred in 1258 to this head from that of advance.
Ditto of advance made for purchasing Spades	---	-93	-93	---	
Ditto of hire paid to the Measurers	---	1119	1119	---	
	373 92	16903 10 10	16863 87	333 611

Order thereon

(31-32) Ordered to be brought for:
ward at a future Meeting.—
Read the following letter—

To, T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

(33)

From J. D. Bourdillon Esqre
Collr of North Arcot ....

Submitting further explanation with respect to the Grain Measures of the District as required in the Board's Proceedings of 16th August 1849.—

Sir,

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated August 16th 1849 asking for some further explanation with reference to the Grain Measures in use in this District.—

2. In reply to the question in the second Para of that Extract I beg to say that no allowance was made in any of the price lists there referred to, for the difference between the local measure and the Madras measure; in terms of which latter the lists were made out. The Statements of prices in the two Summabundy reports† mentioned by the Board were drawn up in the usual way; that is they were compiled from the Talook Statements

† Fasly 1241 Para 5 and Fasly 1242 Para 14.

J. F. B.

3553. Fort St. George 7th March 1850

Statments without correction for the difference of Measures—

3. Agreeably to the Board's request I have the honor to enclose a copy of Mr Chamier's proclamation, but I can gain no information as to the period when the standard of 142 Rupees weight specified in this document was fixed—

4 Since the receipt of the paper now under reply some correspondence on the subject of Weights and Measures has been found, which took place in the year 1821. In July of that year the Board called on the Principal Collector by a printed Circular letter for information on the subject and for models of the weights and measures in use; and the Principal Collector wrote for the necessary information to each Talook of the district. The Statements then sent by the Tahsildars show the size of the measures in common use in their Talooks, giving the number of Rupees weight of Grain

Talooks.	No. of Rupees weight to the measure
Chittoor	120
Tripulty	144
Cauveripauk	135
Sholinghur	134
Trivallum	140½
Sautghur	135
Cuddapanuttum	144
Arcot	128
Vellore	141
Trivatoor	136
Poloor	140
Wundivash	127
Sutwaid	132
Pennuury	136
Vencatgherry / Cotah	138

Grain they contained. I give these in the margin, and it will be perceived that they varied very considerably Viz.t from 120 Rupees to 144 Rupees weight, the only Talook in which the Madras measure (of 120 Rupees) obtained being Chittoor. In Mr. Cooke's reply to the Board prepared from these Talook returns, he sets down the measure for the District as 125 Rupees weight, but he does not say on what data he fixed that, as the common standard, nor is it apparent how he deduced it from the information which he had procured from the Talooks.

5. A brass measure with its half quarter, and eighth evidently made as a standard, and with the words "Chittoor Zillah Company measure" "half" measure &c. engraved upon them, have also been found in the Treasury, they have been there for a great number of years, and the oldest servants of the Cutcherry cannot recollect when or on what

occasion they were deposited there. I thought at first that these might be counterparts of the models sent to Madras by Mr. Cooke; but their dimensions do not agree with that supposition. For though the contents of the measure filled to the brim and struck, are 125½ Rupees weight of grain, the universal way of measuring grain in these parts is to fill up as much as possible, and filled in that way this measure holds 138 Rupees weight. The people of my Cutcherry also think that these measures are of Madras make, it is possible that the Board may find some trace of them in their records in connection with the correspondence above referred to.

6. The papers above referred to show that in Mr. Cooke's time the measures in common use were smaller than the standard introduced by Mr. Ogilvie in 1838; that they differed materially in different parts of the district

Fort St. George 7th March 1850.

district, and that there was no recog-
nized common standard. They show
also that the standard of 142 Rupees
weight spoken of in Mr Chamier's
proclamation of 1824 was not in
use in 1821 though he appears to have
issued a notification on the subject in
1820, and this is all the information
that I have been able to obtain. It is
clear that the substitution of a larger for
a smaller grain measure has taken
place in the District without a corres-
ponding correction of Official price
lists. Indeed price lists made out in
terms of the real Madras measures of 120
Rupees weight of Grain required correction
from the very first, because that measure
never prevailed in this District at all. —
and the cause to which this oversight is
owing and which now makes it very diffi-
cult to trace out the real facts, is that
the measures in use here though differing
materially both from the true Madras measure,

and

Fort St. George 7th March 1850.

and also among themselves in different parts
of the District, were always called by the
name of the "Madras measure." With reference
to the Remark in the concluding part of
Para 5 of the Proceedings under reply a
revised grain price list may be prepared
for the years subsequent to 1838, because
during this period the standard fixed by
Mr Ogilvie has been I believe universal in
the District. But it is impossible to say
with precision what the recognized standard
was before 1838, either in the district generally
or in each particular Talook.—

North Arcot
Collr's Cutcherry
Chittoor

(Signed) J. D. Bourdillon
Collector

Ordered that the following
letters be sent in consequence:

To The Collector of
North Arcot,

34

To the Collr of
North Arcot.—
Requesting
his further remarks
with reference
to the observa-
tions herein
contained

Sir,

I am directed by the Board
of Revenue to acknowledge the receipt
of your letter dated 20th October 1849, with
enclosure in Tamil, submitting further
explanation

Fort St. George 7th March 1850

contained regarding price lists of his District and furnishing the required statements—

explanation in regard to the Grain measures in your District. The Board were desirous of disposing of this communication together with your Report on the settlement for Fusly 1258 (1848/49) but as the question to which it refers still requires elucidation, your attention is called to the following remarks—

2. In explanation of the discrepancy noticed between the Price Lists furnished by yourself and your Sub Collector, you observe in Para 3 of your letter dated 12th July 1849, that the figured Statements in your own report were prepared on what you considered the correct standard of measurement, while those of the Sub Collector were prepared in the usual way— It will be seen from the entry in the Margin that the discrepancy in question is not altogether accounted for

	Fusly 1257	Fusly 1258
Price as per Report of the Sub Collector	89—13—6	63—1—
Deduct 1/5	17—15—5	12—9—9
Corrected Price according to the Report of the Coll.r	71—13—7	50—7—3
	77—4—8	51—11—3
Difference	5—7—1	1—4—

In Cons: 16th augt 1849.

Fort St. George 7th March 1850.

for and that the standard of Rupees 150 weight fixed by Mr. Ogilvie is not probably in force in all parts of the District, the Subdivision included—

3. With the correction as suggested by you, the fall in the Prices of agricultural Produce would appear to be greater in North Arcot than in the adjoining Districts without it, the disproportion is no longer apparent— The comparison is shewn in the Margin and seems to indicate that the correction, if any be necessary might still be modified—

	North Arcot	South Arcot	Chingleput	Madras
	Rs a P	Rs a P	Rs a P	Rs a P
Fusly 1255	139—0—4	114—5—6	133—9—3	130—9—4
" 56	143—8—1	124—1 8	128—1—3	114—1—10
" 57	105—11—7	89 7—7	101—5—8	87—12—10
58 Corrected Price	60 2 11			
Add 1/4	15—0 8			
	75—3—7	63—7—3	72—7—4	67 15—1

4. Again according to Statement No. 10 which accompanied your report on the Settlement for Fusly 1258 (1848-49) the Market Price of Grain was during that year 35 12 per Cent below the commutation rate and in the Current Price Lists for the large

	Rs a P
Commutation rate	85—14—7
Market rate	55—2—2 or 35—12 per Cent
As per Price Currents	60—2—11—or 30 per cent

large Towns furnished to the Board, the current Price was 30 per Cent below that standard. The difference is so great as to lead to the presumption that the rates as represented in those documents are below the real Prices of the District. This is further confirmed by viewing together the commutation and market rates in North and South arcot and Chingleput.

	Chingleput At 18 Mercals per Pagoda or per Garce		South arcot At 20 Mercals per Pagoda or per Garce		North arcot At 18 Mercals per Pagoda or per Garce	
Commutation rate Rupees	11	12 4	70	.. ..	85	14 7
Bazar price of Fusly 1258 Rs. at which rate, the quantity of Grain per Pagoda - Mercalls	72	7 4	63	7 4	60	2 11
	mls 19	mrs 3 ..	22	7/2 ..	23	2 ..
Decrease Rupees	5	5 ..	6	8 8	25	11 8
or Rupees	6	13/	9	5 1/	30/	

5 In fixing the Jamma rates of Teerwah, the madras measure was generally adopted as the standard of commutation, the capacity of the local measure / Cullum / being duly considered. Thus in Chittoor, Tripetty &c. Talooks 40 Madras measures were taken as the equivalent of the Cullum, while in the Cauveypauk

Cauveypauk &c. the equivalent was fixed at 32 Madras measures, But the measure in use being piled and not struck a point which you have noticed in Para 5 of your letter dated 20th October 1849, renders it probable that the Madras measures assumed at the Survey, contained more than 120 Rupees weight of Dry Grain admitting such to be the case, it will probably be found that the Price Lists as heretofore prepared, are, relatively with the Jamma Rates, nearly correct.

In Cons. 7th March 1850

6. The Board will be glad to receive any further remarks you may wish to offer in reference to the foregoing observations, and it is requested that you will forward at the same time for examination in this Office, the original Nerick namahs furnished from the Talooks and the principal Towns of the District, together with the abstracts prepared from them in the Woozoor for Fushes 1257 and 1258 and for Fushes 1250.

Fort St. George 7th March 1850.

1256 and 1258.

Revenue Board Office,
Fort St. George,
7th March 1850.

(Signed) W. A. Bayley
Secretary

33-35

To the Collr of Chingleput...

To The Collector of
Chingleput.

Sir,

With reference to the Price Lists of Grain forwarded by you to this Office, I am directed by the Board of Revenue to obtain from you at your earliest opportunity replies to the following Queries.—

1 How many Madras measures is the "Garce" of the Price Lists supposed to contain? and are these the old Madras measure of 97 3/4 cubic inches or that fixed by Government at 100 Cubic Inches.—

In Fort St. George Gazette 7th October 1840.

2. Is the Garce supposed to be 3200 heaped or struck measures?

3. What was the "Puddy" or measure, by which the commutation price was estimated, and were they heaped or struck?

4 How many "measures" and of what kind are supposed to be contained in a Cullum? that is to say if there are said to be 32 measures to a Cullum, are they the old, or Regulation, measure heaped or struck?

5 Has the present standard by which the Price Lists of Grain are estimated in your Office been ever changed? If so under what circumstances?

Revenue Bd Office
Fort St. George
7th March 1850...

(Signed) W. A. Bayley Secretary.

Fort St. George. 7th March 1850

To.

T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

36

From the Acting Collr of Tinnevelly — Sir, Parat.

Submitting further explanations called for in the Board's Proceedings dated 1st February 1849 regarding the rates of assessment on Topes and Trees in the Tinnevelly District.

I have the honor to submit the explanations called for in Extract from the Proceedings of the Board of Revenue dated 1st February 1849.

2- Topes are not more lightly assessed in Villages where Nazur Puttum is collected than in others, the average per tree of every kind being in fact rather higher in the whole of such Villages collectively than in others, this tax therefore under the authority contained in the latter part of Para 2 of the above quoted Proceedings will in future be discontinued.

3. For similar reasons and under the authority contained in Para 3 of the same Proceedings Dasavanil Cutgoottah in Topes will also cease to be demanded.

4. In reply to the question asked in para 5 how topes are "rented by numbers" I have the honor to explain that the expression was intended

intended to signify whole topes rented out without specification in the agreement of the numbers and descriptions of trees composing them, and that as topes are so rented in consequence of the Meerassidars and ryots declining to rent them at the rates demandable by the Circar, the Revenue is invariably much below the aggregate tax on all the trees at the Circar rates.

5. When topes are kept under Summary the produce is gathered and sold under the supervision of the Circar Servants for the sole benefit of Government.

6. With reference to the remarks contained in Para 8 of the Board's Proceedings under reply I have the honor to submit a Statement exhibiting Modifications of the present rates of Assessment upon the several descriptions of taxed trees excepting Palmyras and Cocoanuts (separately noticed below) which I beg to recommend for their approval, and also the rates at which the same are assessed in the neighbouring Districts. Where no sums

Enclosure No. 1

sums are set down it is to be understood that no tax is leviable in the other Districts, and none proposed to be levied in Tinnevelly, as the case may be. The total decrease according to the proposed rates independent of the remissions referred to in the preceding paras amounts to Rupees 2557-14-2 which I trust the Board will not consider more than they would be justified in recommending, particularly as the new tope rates will often afford no relief to the owners of the present highly taxed trees, but rather increase their disadvantages by the facilities conferred on their neighbours.

7. All the varieties of the genus "Citrus" hitherto taxed in this District, were included in the list of trees proposed to be still charged, as also a few other descriptions of productive trees which are considered valuable enough to bear assessing; but, I have ventured to exclude the Mangosa although especially named in the remarks of the Board. I have done so because this tree is not

taxed

† Nos 10 to 19 in Enclosure No. 1

† Para 8.

Fort St. George, 7th March 1850.

taxed in any of the neighbouring Districts and because it is not cultivated. The berries yield an oil used by the natives for medicine; but the value of the produce is too inconsiderable for the owners of the trees to be at the trouble of gathering the fruit. This is done by poor Women who make a small subsistence during a part of the year by picking up the fallen berries and selling them.

8. With reference to Para 9 of the Board's Proceedings I have the honor to express my opinion that the principle pointed to by the Board of charging Land tax only for future plantations of Cocoanuts will have a very material and probably sufficient effect in promoting the culture of that valuable tree.

9. I am not clear that the same rule is equally applicable in the case of Palmyra trees. Of these there are now nearly 39 taxed in the District taxed as the enclosed Statement shews in a great variety of ways and at several different rates from +1/8 to 1/100 of a Rupee, each yielding a revenue amounting to about 88,000 Rupees.

The

Acting Collector.

M

3578- Fort St. George. 7th March 1850

(36-37)

Proceedings thereon.

6th inst: 16th February 1848- Encl: B.
12th December 1848 inclos: 1st February 1849- Para 8-

It is observed from Mr. Thomas's letters to the Board noted in the Margin that there are at present 9 rates at which Cocoanut Trees are assessed in Tinnevelly; the highest being Rs a p
= — 6 — 9 7/16 per Tree, the lowest Rs a p = — 1 — 8 6/16.
Mr. Thomas's proposal being to tax them all at one uniform rate of either 1/2 a Cully fanam, or Rs a p "— 1 — 3. —
Before coming to a final decision as to the reduction of the present rates of assessment the Board would wish the Acting Collector to explain on what principle 9 different rates existed, and whether an uniform rate would not bear harder on some trees than others.

2- It is also desirable to know what is the extent of Cocoanut Cultivation in those Topes "rented out in Numbers"- what area of ground a tope of a certain Number of Cocoa: nut Trees occupies, and what would be the general rate of assessment on such land as is now occupied by Cocoanut Topes or Trees.

To. The Secretary to the Board of Revenue Fort St. George.

38

From the Asst. Collector of Coimbatore. Sir.

1. I have the honor to acknowledge the receipt of Petition No. 2408 of 1849; bearing the Endorsement of the Board of Revenue, dated the 24th December 1849-

The Petitioners were mis-

2- informed, as has been explained to them- The orders sent about Choul-tries were intended only to provide for all classes being accommodated in Public Choultries, separately, and without interference, as contemplated by the Honorable the Court of Directors under date the 3rd June 1840, and were issued in consequence of my observing, when on Circuit with the Civil Engineer, that in several Choul-tries supported by Government-lands or Funds, a few "Brahmins", and "Biraghee" Beggers only, were accommodated, to the exclusion

* and already ordered by Mr. Elmington but not carried out

Order thereon.

(38-39)

Ordered that the Petition received with the foregoing letter be returned to the Acting Collector for further report on the following Points.

1. Which are the specific Buildings referred to?
2. Were they established by private Individuals and when? are they Circar Endowments?
3. Are they intended for any peculiar caste or castes and how have they been hitherto used?
4. Are there separate buildings attached to them where the lower castes can be accommodated.
5. What were the actual orders of the Acting Collector on the subject as on record.

D.R.

Fort St. George 7th March 1850.

To J. B. Roupell Esqre
Acting Secretary to the
Board of Revenue.
Fort St. George.

(40.)

From the Collector of Canara } Sir,

Forwards for sanction of Government two Estimates of Sanderwared Charges to be incurred in the Revenue and Magisterial Department.

With reference to the requisition contained in the Paper of Remarks of the Board on the Settlement of Actual charges incurred under Estimate in the Revenue and Magisterial Departments dated the 30th August last, I have the honor to forward, for the necessary sanction of Government being obtained, two Estimates of Sanderwared Charges to be incurred in the two Departments, formed as directed with reference to the average Expenditure of the past six years or Fusly 1252 to 1257. due attention being also paid to the actual expenditure of the year past whenever such measure was considered necessary.—

Estimates		
Revenue		5,422-0-0
Magisterial		920-0-0
		6,342-0-0
Old Standard		
Revenue	7,539-6-7	
Magisterial	1,013-10-8	
		8,553-1-3
Decrease below Old Standard		2,211-1-3
Actual expenditure of 1258-		
Revenue	4,973-9-8	
Magisterial	808-14-6	
		5781-7-10
Increase of Estimate above 1258		560-8-2

The present Estimates fall short of the old standard amount sanctioned by Rupees 2211- and of the average expenditure of the past six years upon which they are now framed by Rupees 124, while they exceed the charge of the past fusly 1258 by Rupees 560 as shown in the Margin. This increase requires no explanation, as the Estimate has been prepared generally with reference to the average expenditure of the previous six years.—

Collectors Cutcherry On Circuit

Collectors Catcherry on Circuit Cundapoor 22nd February 1850 /Signed/ T. L. Blane Collector

Proceedings thereon.—

(46-41)

Resolved that the letter above recorded together with its enclosures be submitted for the orders of the Right Honorable the Governor in Council with reference to the Board's remarks on the Statement of Charges incurred under Estimate in the Canara District in Fasly 1257. Submitted to Government on the 30th August 1849.—

2. The Collectors' Estimates of Saderwared submitted herewith fall short of those admitted by Government in 1835. by Rs. 2211-1-3 and below the average of the Charges of six years, Fasslies 1252 @ 1257. inclusive, by Rs. 124. but they exceed the Charges of Fasly 1258. by Rupees 560.—

3. The Board consider these Estimates to be a sufficient standard by which all future disbursements of Saderwared should be regulated in Canara and beg to recommend that they may receive the sanction of Government subjoined is a Memorandum of the sums to be appropriated to each Department.—

Read the following letter.

To, W. H. Bayley Esqre
Secretary to the Board of Revenue.
Fort St. George.

(42)

From the Collector of Madras

Sir,

I have the honor to bring to the notice of the Board of Revenue that a Certificate No. 30 was issued in the name of Vurdaraja Moodelly under date the 22d July 1819 for an allowance of Rupees 200-9-8- per Annum granted as compensation for the suppressed manufacture of Salt in 5 pans at Eroongoonum, he being the legal representative of Govinda Moodelly, whose name occurs in the entry No. 18 of the Statement which accompanied Mr. Ellis's letter to the Board dated 1st April 1813.-

2- On the 23d Ultimo Vurdaraja Moodelly executed a Bill of Sale in favor of C. Vencaujee Syer assigning over his right and title to him- The latter has in consequence applied to me

23d February 1850- for the registry of the transfer to him-

3- As an Endorsement on the Certificate in question

23d Do— confirmatory of the said Bill of sale has been signed in my presence, pursuant to the instructions of Government communicated to me in the Board's Proceedings dated 2d March 1848, I beg leave to request sanction for carrying the proposed arrangement into effect.

Madras 1st March 1850.

(Signed) J. A. Huddleston.
Collector.

Proceedings thereon.—

(42-43)

Under the circumstances represented in the foregoing letter, the Board of Revenue sanction the Registry of the transfer of the Salt Compensation Certificate for an Annual allowance of Rupees 200-9-8 formerly held by Vurdaraja Moodelly in favor of C. Vencaujee Syer the present holder.

Read the following Register.

From the Secy. to Government } Extract from the Minutes of Consultation, under date the 27th February, 1850 No 208.

Read the following Extract from the Proceeding of the Board of Revenue.

(Here enter 7th February 1850 No 74)

It is observed from their Despatch of the 22d August 1849 No 10 that the Honorable Court having before them the Statement of Mr Cochrane's service in the Cuddapah District, considered him to have completed the required period of six years though during a portion of it he had acted as Collector, and during a further portion he had served as Acting and Sub Collector. The Governor in Council

Issuing directions as to the periods from which payment of the higher rates of salary is to commence to be paid to the Collector of Guntoor and Cuddapah.

Acting and Sub Collr 2-1-22 to 2-5-23
Acting and Collr 2-5-23 to 2-5-28

Council is therefore of opinion that in the case of Mr Stokes his service as Acting Collector of Guntoor should likewise be reckoned as part of the prescribed period, and that the time of absence on sick leave should also be included and he directs that the grant of the personal allowance authorised by the Honorable Court be considered as taking effect from the 22d April 1848.

2. The increase of salary conferred upon Mr Cochrane will in like manner be held to have commenced from the date on which he completed a service of six years in the Cuddapah District, in which period of service, the time served by him as Acting and Sub Collector and Acting Collector will be included.

3. Ordered that the foregoing Resolution be communicated to the Civil Auditor with reference to para 9 of the Extract from the Minutes of Consultation dated 11th December 1849 No 1192.

Extract from the Minutes of Consultation under date the 28th February 1850 ¶ 220

Para 1

Read the following Extract from the Minutes of Consultation in the Political Department.

Here enter 9th February 1850 ¶ 73)

The Right Honorable the Governor in

of the Trade carried on between their Districts and the adjacent French Settlement to specify what articles of consumption it would be proper to exempt from duty and what should continue subject to it and to forward an account of the Revenue derived in each class on the average of 5 years.-

Dy. 3d April 49 ¶ 20-21
" 7th August - - 1 - 2
" 16th Oct. - - - 42-43
Con. 27th Nov. - - - 35-36
Dy. 8th January 1850-7-8

in Council observes from the correspondence that has already passed upon the subject that the application of the French Government was limited to the exemption from Frontier duty of certain articles passing into or out of the Pondicherry Territory, and that a recommendation was made and the sanction of the Supreme Government obtained in the terms of the application. It appears from the communication now before Government, that His Excellency the Governor of Pondicherry considers that the orders are applicable to the import or export of similar commodities into or from the Territory of Yanaon, and also it may be presumed the other French settlements on the Coromandel and Malabar Coasts Viz. Carical and Mahé.

Dy. 15th July 1845 ¶ 7-8
" 9th Dec. - - - 1-2
" 24th Feby 1846 - 22-23

2. By the resolution of Government dated 21st February 1846, many items of small value were freed from Frontier duty, but this was only on Export from the Company's into the French Territories, and there is reason to believe that several Articles still remain liable

to

to Frontier Customs to the annoyance of the Ryots of both Governments tho' with little advantage to the public Revenue. Before therefore addressing the Government of India on the present further application of the French Government the Governor in Council is desirous that the whole question should be reviewed and he requests the Board of Revenue will call upon the Collectors of Rajahmundry, South Arcot, Tanjore and Malabar to furnish reports upon the nature of the trade carried on between their Districts and the adjacent French Settlements, and to specify those articles of local consumption and petty traffic which it would be proper to exempt from duty import or export, and those goods which should continue subject to it forwarding at the same time an Account of the revenue derived from the several items in each class on an average of the last five fusulies - In submitting these reports to the Board of Revenue will accompany them with such remarks as may seem called for.

3. In the meantime His Excellency the Governor of Pondicherry will be apprized

through the Political Department, that as his original application was understood only to apply to the Pondicherry Territory, it has now become necessary to obtain more complete information on the subject, and to make a further reference to the Government of India; and that the result will be communicated to him in due course.

4. Ordered that the foregoing resolution be communicated for the information and guidance of the Board of Revenue and that a copy be furnished to the Political Department with reference to our Extract from the Minutes of Consultation in that Department, dated 9th February, 1850 No. 73.

(From Bd 4th February)

15

From the Secretary to Govt. Para 6. Upon the information furnished by the late Agent this Yeomiah was included in the List No. 3 of Charitable Allowances and sanctioned as a life grant in para 12 of the Minutes of Consultation 12th April 1849 No. 369. The grant is not supported by any Sunnud of the last Nawab, by whom it is stated to have been conferred and appears to have provided chiefly for the subsistence of the late incumbent and for the care of a tomb over

Granting an authority to the Agent at Kurnool for continuing to Syed Shareef a moiety of the Yeomiah enjoyed by his Father.

over the remains of a Member of the family. adverting however to the large number and indigent condition of the family left by the deceased the Governor in Council will not object on the recommendation of the Agent and the Board to continue as a special case one half of the lapsed allowance or Rupees 146-4-- per Annum in the name of Syed Shareef the eldest son for life, to be paid to him in arrears from the 25th May 1849 the date of his father's demise, but, he and his family should be made most clearly to understand that the payment is limited to his life and that no further indulgence is to be looked for after his death..

Para 7. With regard to the remarks of the Agent and the Board of Revenue upon the subject of this Yeomiah the Government observe that by the instructions contained in Extract Minutes of Consultation 12th April 1849 Para 12 the whole sum Rupees 97-8-- has been treated as a charitable allowance and ordered to be disbursed to the five sharers in equal proportion, no reservation being made of any

part

part of it as set aside for Durgah Service. It appears to the Right Honorable the Governor in Council that it would be inexpedient and afford an inconvenient precedent if the arrangement already ordered be now departed from. The entire Amount Rupees 97½ will therefore be regarded as a personal grant and be disbursed in equal shares to the five parties entitled to it, the share of each lapsing at his death. It will be the duty of the agent to see that the yeomiah rules are strictly enforced in the event of any of the sharers not appearing in person to draw his pension within the prescribed period.

By Order
(Signed) F. Fyeroft
Secy. to Government.

(15-16)

Resolution thereon

Resolved that the Board's Remarks of 4th Ultimo together with the orders of Government thereon dated 4th Instant be communicated for the information and guidance of the Agent to the Governor at Hurnool with reference to the Statement B which accompanied his letter dated 11th January last.

In Secy 4th Feby 1850.

Extract

Extract from the Minutes of Consultation, under date the 4th March, 1850 No. 230.

(From 30 4th February)

(17)

From the Secretary to Government.- Para 2. The Durgah

Sanctioning the continuance of certain Durgah Pension Yeomiahs in Hurnool.

Entered in the List of Service Yeomiahs No. 2 referred to in Paras 9 to 11 of the Minutes of Cons 12th April 1849 No. 369.

maintained by this trifling allowance is represented by the Agent to be regarded with veneration by the respectable Mahomedans of the Town of Hurnool, and the renewal of the grant it is said will be highly appreciated by a large number of that Community. The Agent therefore recommends its continuance which the Government accordingly sanction the annual sum of Rupees (4-1-11) Four and anna one being paid to Mooraad Shah the eldest son of the late holder in arrear from the 16th September 1848 the date of lapse.

3. Under the circumstances submitted in respect of this grant the Governor in Council does not consider it advisable to restrict its continuance absolutely to the life of the present incumbent as proposed by the Board of Revenue. It will be sufficient to state that on the next lapse occurring the renewal or otherwise of the grant will be considered and determined according to the circumstances

Fort St George 11th March 1850

circumstances of the case and on the principle laid down in Para 9 Extract Minutes of Consultation 18th April 1849 No. 369.

4

This Durgah also is said to be held in great veneration by all classes of Musulmans owing to the reputation for extreme sanctity enjoyed by Sungly Paddshah during his life time. Besides the Money allowance granted for the annual Dorovy it has an ancient endowment in land consisting of 30 Acres and 20 35/84 Goontas of Enam. Under the circumstances explained the Government agree with the Agent in thinking that it would be an act of doubtful policy to diminish the allowance but he questions the propriety of that Officer's proposal, that the Yeomiah be continued to the Moozavirs of the Durgah for the time being as a service grant, thus giving it the appearance of a grant in perpetuity. On the whole the Government think it would be the preferable course to renew it from the 1st February 1849 the date of lapse in the name of Allaundeen the elder of the two Cousins of the last holder who were associated with him in the Superintendence of the Institution to be held by that party for life on condition of his supporting the widow of the deceased and to be subject to reconsideration on his death.

5. For the reasons stated, this Yeomiah, the renewal of which is not recommended either by the Agent or the Board must be considered to have lapsed to Government on the death of Hoteinum Bhut on the 8th May 1849.

By Order
(Signed) J. Pycroft
Secy. to Govt.

17-18

Resolution thereon - Resolved that the Board's remarks of 4th Ultimo and the orders of Government thereon dated 4th Instant be communicated for the information and guidance of the agent to the Governor at Kurnool with reference to the Statement A which accompanied his letter dated 11th January last.

Read the following letter.

To, J. F. Thomas Esqre
Chief Secretary to
Government,
Fort St. George.

Sir,

No. 24 dd 19th February 1850.

In continuation of my letter, I have the honor to forward for submission to the Right Honorable the Governor in Council

Dated 14th Do. — a Copy of another communication from the Commissariat Officer upon the subject of the Military Abkaree at Bellary.

Commissary Generals' Office,
Madras, 18th February, 1850.

(Signed) A. Tulloch Coll.
Commissary General.

Ordered to be referred to the Revenue Department with reference to Minutes of Consultation 18th February 1850 No. 665.

(Signed) C. A. Browne Lt. Col.
Secretary to Government.

To

To,

Colonel A. Sulloch C.B.

Commissary General of the Army.

Madras.

Sir,

I have the honor, with reference to the Advertisement in the Fort Saint George Gazette, regarding the Abkarry Farm, to acquaint you that applications have been made to me by one or two parties for information as to the terms and conditions of the Contract, having received no reply from Mr. Pelly the Acting Collector to my letter of the 25th January 1850, and a very vague one to my letter of the 7th, Copy of both of which I forwarded for your information, I really am unable to afford the parties so seeking information any certain reply as to whether they will, as hitherto has been guaranteed, enjoy the full liberty and privilege of drawing Toddy from the Government Topes; a question that should, I submit, be finally decided before parties are invited to come forward and bid for the Contract.

2. I have very good reason to believe that Mr.

Mr. Pelly considers that the Topes will be under the Civil Abkarry and contemplates letting them to the Military Abkarry renter if he offers what he Mr. Pelly considers fair terms, or if not he intends having a separate Toddy renter* - I can rely on the authenticity of my information on this point, but under what authority Mr. Pelly contemplates so entire a change in the whole system of Military Abkarry matters I am at a loss to understand.

* within Cantonment limits.

3. Your experience on these matters and at this Station in particular renders it superfluous for me to point out the numerous evils likely to result from there being at the same station an Arrack renter under Military, and a Toddy renter under Civil Control, and I may add that Mr. Pelly's interference at all in these matters, when he was only ordered by Government to reduce the Abkarry limits and prevent liquor or toddy being sold any where within five Miles from the nearest point of the station, is quite unnecessary, and totally at variance with the

*Regn. VII of 1832 Section XLIII

with the Regulations of Government which vests in you the sole and exclusive control of all Abkarry sales.-

Commissariat Office, C. Dts.
Bellary, 11th February, 1850.

/ Signed / F. Harris
Sub Assistant Commissary General C. Dts.

/ True Copy /
/ Signed / A. Tulloch, Colonel
Commissary General.

To,
S. F. Thomas Esqre
Chief Secretary to Government.

Sir,

28th January 1850 — I have the honor to submit copy of a letter and correspondence received from the Commissariat Officer in charge at Bellary upon the subject of the Military Abkarree at that station, and I trust that the Right Honorable the Governor in Council will be satisfied that the earnestness with which Sub Assistant Commissary General Lieutenant Harris has treated the subject is commendable, and that my representation of it before a final adjustment is not out of place.

Nothing

2. Nothing can be more proper and sensible than Mr. Kelly's letters+ to the Brigadier Commanding and to the Commissariat Officer; they also bear that stamp of courtesy which this Department has always experienced from the service to which he belongs.

3. Mr. Kelly alluding to the general topic I imagine which forms the staple of Lieutenant Harris' letter to me states that "there is much to be said on both sides of the question" and without entering upon the instance which gave rise to the present correspondence I cannot help inclining to the opinion of the Military authorities in the Ceded Districts and to doubt whether the total abolition of the Military Abkaree limits even at Bellary will work well both with reference to the prevention of the Soldiers obtaining liquor and the detection of smuggling."

(See concluding para of Lieutenant Harris' letter)

4. In recommending to Government the measure determined upon in Minutes of Consultation, the Revenue Board, I think, may not have had in remembrance that Sir Thomas Munro under whose Government the present system of Military Abkaree originated, and was matured, desired a Circular to be addressed to Collectors and Magistrates in which he "deems it to be of importance that an extensive range should be given to the operation

Extract No. 4675 21st December 1849.

Judicial Depart. No. 367. 28th August 1821.

+ From Mr. Kelly to Brigr. Dunbar 30th November 1849.
From Mr. Kelly to Brigr. Dunbar 5th December " "
From Brigr. Dunbar to Mr. Kelly 10th " "
From Mr. Kelly to Brigr. Dunbar 18th " "
From Lieut. Harris to Mr. Kelly 21st " "
From Mr. Kelly to Lieut. Harris 27th " "
From Lieut. Harris to Mr. Kelly 1st January 1850
From Mr. Kelly to Lieut. Harris 11th " "
From Lieut. Harris to Mr. Kelly 16th " "

operation of the proposed system; and that upon this order a radius of at least 5 Miles has been given to the operation of every Military Abkarree in this Presidency without reference to the amount of actual Police authority held at any station by the Commissariat Officer; this at Masulipatam, Vellore and Trichinopoly is small; at Bellary and Cannanore more extensive.

5. The reasons why Sir Thomas Munro wished the Abkarree limits to be extensive, may be imagined; it is not necessary for me to state them here, but merely to call attention to a fact; and in doing so I cannot help stating my opinion that the present system works well. At Bellary the contention about 3 Villages and Gopalapah's Tope has been unfortunate; to make out a case on either side too much importance has been attached to both points. Nothing can be more correct than the conduct of the Abkaree at that station, the General, the Brigadier, the Officers and Surgeons in charge of European Troops were all satisfied that drunkenness was kept down especially among the European whose predilections are difficult to manage, I very respectfully trust therefore that the limits of the Military Abkaree at Bellary may be restored to their former proportions and that all disputes therein may be settled by the Regulations.

Commissary General's Office
Madras, 9th February, 1850.

I Signed I A. Tulloch Colonel
Commissary General

D.G.

To,

Colonel A. Tulloch C. B.
Commissary General
Madras.

Sir,

I have the honor to submit a correspondence that has passed between Mr. Pelly and the Brigadier Commanding and myself regarding the right of Gopallapah to manufacture Toddy within the Tope fully ceded to him by me according to Major Macleane's letter.-

30th November 5th 10th 18th 21st 26th 29th December 1849. 11th and 26th January 1850.

2. Section XLIV Regulation 7 of 1832 is so clear that no one not especially licensed by the Superintendent of Police shall manufacture Toddy within the Military Limits, that I am really quite at a loss to understand how or on what grounds Mr. Pelly can argue to the contrary. The regulation being thus clear I am fully confident that the view I in common with the Brigadier Commanding have taken of the point will meet with your full concurrence and approbation.

The

3. The Minutes of consultation forwarded with Deputy Commissary General Colonel Watkins' letter of
2d January 1850. render however further discussion of that particular point useless for the present, as the order of Govern: ment, if not modified, will place the Toddy Topes in question entirely in Mr. Pelly's power, as they are out: side Military Cantonment limits to which alone does Military Abkary authority now extend.

4. Pursuant to the orders re: ceived in the above letter of the Deputy Commissary General I ad- dressed Mr. Pelly and Copies of the correspondence on this point are with a list of Queries put by that Gen: tleman to the Abkary Contractor are herewith appended. By the first of these queries and the last you will per: ceive that Mr. Pelly contemplates doing a- away with the topes altogether or in part and causing the supply to be brought from

a

a distance of 20 Miles, and to exercise control over the management of the Tope.

5. I hardly think it possible Govern: ment can be aware that the new orders have deprived the Military Abkary farm of its hitherto uncontrolled supply of Toddy, a source I may safely say of one third of the Revenue of the Farm.

1st February and 6th April 1822. 6. Preference to your own letters written when in charge of this Depart: ment upon the subject of this Tope leaves me fortunately in no doubt as to your opinion of the absolute necessity of the farm having at its disposal topes fully sufficient to supply the wants of consumers.

7. No advantage can be derived by the transfer to the Civil power, again of the topes which have been used by this Department for the last 30 years, or by subjecting them to such rules as the Collector may see fit from time to time to impose, and I respectfully submit that this Department has proved itself fully equal to the management of the Topes as

compare

Fort St. George 11th March 1850.

compare them now to what they were when given over in 1821 and I am sure that their improved condition will satisfactorily show that they have not suffered from want of care or management, and I have not heard of a single complaint by the Military authorities of the European Soldiers having access to them - this proves also that the measures which were adopted by the various Commissariat Officers have been effective and successful.

8. I trust therefore I may not be thought to arrogate too much to the Department when I say that since the Topes have been under its entire control they have been incalculably increased in value, a full and sufficient supply of Toddy has been secured* and the European Troops kept from them - I submit that Civil authorities could do no more and it is very questionable if they can do as much, a reference to correspondence in the times when

* which was not the case in 1821 the time of its transfer.

Fort St. George 11th March 1850.

when the topes were formerly under Civil control would seem to warrant my supposition that they cannot.

9. Official correspondence will be much and unnecessarily increased or the Commissariat Officer will as always have to address the Civil powers when he wishes any thing done with reference to the topes which under the old rule he could do himself, and in the event of a difference of opinion will it not be likely to lead to much unpleasant discussion and ultimate reference to Government

10. The whole responsibility of the well working of the farm rests on the Commissariat Officer. Ought he therefore to be subject to the control of another authority in one of its most important branches of supply.

11. I trust I may not be thought presuming in offering these remarks after Government have been pleased to

to issue their orders, for I do so in the full conviction that Government are not aware that there are on hardly any date trees within the Military Cantonment limits, and that their orders respecting the transfer of the abkary beyond those limits to the hands of the Civil power have placed our Topes beyond our control.

12. To prevent the European Soldiers from having access to ar Liquor appears to have been the chief if not the only aim of Government in the Minutes of Consultation al: luded to: Experience has proved that, in as far as regards the topes at any rate, this end has been fully secured since they have been under Military control. there can therefore on these grounds be no reason for their transfer to the Civil power might I therefore request that if in your opinion the Minutes of Consultation

now

now alluded to, have any reference to the topes from which we draw our supply of Toddy - that you will take such steps as you may deem fit to induce Government to reconsider their order, and for the reasons urged by me to place the Topes as heretofore under our sole control, this might be easily effected by bringing them within Military Cantonment limits, as they / the Topes / contain no Village and this plan would consequently not in any way affect the orders issued by Government.

13. I take this opportunity of stating that if the Topes are permitted to remain in our hands as heretofore / and I apprehend the most serious loss to the revenue of the Farm if they are not / there will not be the slightest difficulty about Gopallapak's Tope, for when once this agitation ceases Gopallapak will be as ready and glad to let the Tope at a moderate rent

as

Fort St. George 11th March 1850.

as the Military Abkary Contractor will be to take it.

14. It is not my wish now to trouble you with any remarks of mine regarding the effect the proposed reduction, or rather total abolition, of the Military Abkary limits will have on the interior economy of the Abkary Farm both with reference to the prevention of the Soldiers obtaining Liquor and the detection of smuggling; but, I may say that I believe the highest Military authorities in the Division are not sanguine as to this working well, and would doubtless address the Commander in Chief to that effect if the matter was laid before them by the Commissariat Officer, and should my doing so meet with your approval I will take the necessary steps, but as the final adjustment of the matter will rest with my successor, you will perhaps be pleased to impart to him your views and wishes on the case.

/Signed/ F. Harris

Commissariat Office. C.D.
Bellary, 28th January 1850.

Sub. Assistant Commissary General.

Fort St. George 11th March 1850.

True Copy.

/Signed/ A. Tullock

Commissary General.

To

Brigadier H. Dowker

Commanding Bellary.

Sir,

I have the honor to enclose Copy of a Petition from one Narapah complaining of some Military Police Peons and others having seized his People and some Toddy and a Horse while beyond the limits of the Military Cantonment, beat them and lodged them in the Cutwall's Choultry at Bellary.

Nettacul Rungados.

From the Petition it appears that the Complainant has been detained in making use of his own property in a legal way, but I have summoned him to appear before

before me at Raidroog and I request you will be so good as to cause the two men to be released if still in confinement and send the Peons and the three other men belonging to the abkary Contractor Mr. Abraham to me to answer the charge preferred against them as their names are doubtless known at the Cutwalls Choultry and Police Office.

Dundeyahs of the Cutwalls Establishment.

Bellary District Collectors Office on Circuit Nagalapoor 30th November 1849...

/Signed/ C. Pelly
Acting Collector

To,

C. Pelly Esqre
Acting Magistrate
Bellary.

Sir,

I have the honor to acknowledge the receipt of your letter of the 30th Ultimo enclosing a Petition from one Narapah, and requesting that certain peons may be sent before you to answer charges

Fort St. George 11th March 1850.

charges preferred against them by the above individual trusting that when you are aware of the true facts of the case you will agree with me in thinking that no hardship or cruelty or oppression has been inflicted on the complainant. I refrain from sending the peons now as you are at some distance from the station and they would be many days away, and as there are not nearly enough peons the absence of two even would be severely felt, and would therefore cause much public inconvenience. Should you however after receipt of this still deem it necessary to make enquiry into the matter the Peons shall be forthwith ordered to your Camp.

2. I am informed by the Superintendent of Police that the two men Neelacul and Rungadoo were seized close the north east Calingala of the big tank with 3½ rupees worth of toddy in puckally

bags

bags on a tattoo. They were it is believed
within even Military Cantonment
limits at the time and at any rate
some miles within Military Abkary
limits. The legality of their seizure
cannot I presume be questioned as
by a reference to Section XLV Regulation
VIII of 1832 you will perceive all
fermented liquor exceeding one
bottle found within the said limits,
meaning of course the Military Abkary
limits under the control of the Commis-
-sary General, shall be liable to seizure
and confiscation by the Officer in im-
-mediate charge of the Police, and by Section
XVII of the said act any Native being found
in possession of more than one bottle
of the said liquor shall be liable to be
tried by the Commissariat Officer
or Superintendent of Police and
subjected to certain punishment
as laid down in the II clause of the
above Section. Thus these two Natives
Nuttacul and Rungadoo having been

found

found with very many bottles of
liquor in their possession within Mili-
-tary limits were agreeably to the enact-
-ment above quoted brought to trial before
the Superintendent of Police who however
deeming them to be the mere tools of others,
was unwilling to inflict any severe
punishment on them, but discharged them
with a warning not to so offend again;
thus at any rate they were most leni-
-ently treated by him. The Horse or
tattoo the animal on which the liquor
was being carried was taken care of
at the Choultry during the prisoners
confinement there and delivered over
to them on their release which took place
8 days ago. I am also informed by the
Superintendent of Police that the men were
kindly treated and when brought before
him made no complaints of having
received any ill treatment and I
beg to submit how unlikely it is
that Peons should have wantonly and

needlessly

needlessly beaten two resistless men in a public thoroughfare, there was no object to make them confess by so doing, as the prisoners could not deny being found with the toddy - I therefore believe this part of the Complaint may have been inserted in the petition merely to swell the grievances under which the complainant imagines himself laboring, should you however believe it true and it is proved on investigation, of course the Peons are liable to punishment at your hands for having done so, as to the Seizure of the toddy they were merely acting under legal Orders given them, and therefore should those orders prove illegal those that issued them and not the Peons must stand the consequences.

3. The real Culprit in this case I am informed is one Gopaulapah brahmin who has let or sold the right of manufacturing

manufacturing toddy in a Tope lately ceded to him by the Commissariat Department to the Petitioner Narrapah a cuggal Vender of that liquor, which I understand you in your letter to state is making use of his property in a legal way. I beg to refer you to section XLIV Regulation VI of 1832 which expressly lays down that all persons are forbidden to manufacture fermented liquor within Military ab-kary limits / I am therefore of opinion and I do not see how my opinion can well be questioned as the section above alluded to is so plainly and clearly worded / that Gopaulapah cannot let the right of manufacturing or manufacture one single bottle of toddy in his tope within Military ab-kary limits - On the case being brought before the Superintendent of Police that Officer sheas summoned Gopaulapah and informed him to this effect, telling him at the same time that he was at most perfect liberty to use his own property in any way he liked by selling

Fort St. George 11th. March 1850.

selling the cuttings of the trees, renting
or farming the land or what not, provided
he did not infringe the Military abkarry
regulation which his manufacturing
toddy clearly does and which it is there-
fore my duty to prevent his doing in
future. Should you however read the
section of the regulation above quoted
differently, your idea on the matter
will receive every attention and con-
sideration at my hands.

In conclusion, I trust
you will treat the question of the or
petition on its broad merits - that is
to say - Can Gopaulapah manufac-
ture or sell the right of manufac-
turing toddy in his tope within Mili-
tary limits in violation of Sec-
tion XLIV. of Regulation VII of 1832,
and can Narrapah contrary to both
the provisions of Section XVI and Section
XLV of the above Regulation carry the
toddy about within Military abkarry
limits without any leave asked or obtained

D.G.

Fort St. George 11th. March 1850.

from the Officer in charge of the Police.

As to the alleged beating of the
prisoners - I hope you will not deem it ne-
cessary to make any further enquiry into
that matter but will agree with me
in thinking that in this instance such was
not the case for did I think so, I assure you I
would myself cause the most severe ex-
ample to be made of the Offenders, as no one
can have a greater abhorrence of such
conduct than I have -

Commandants Office
Bellary
5th December 1849

Signed H. Dowker Brigr
Commanding Bellary

To

Brigadier H. Dowker
Commanding Bellary

Sir,

I have the honor to ac-
knowledge the receipt of your
letter of the 5th Instant, and in
reply to state that having had the
Complainant before me, I am able to
say that there will be no need for the
attendance of the Peons as I quite agree
with you that there is no
ground -

grounds for believing that the complainants were ill treated by the Peons

2 The matter of the Petition and Complaint is a question which I am quite of your opinion, is to be treated on its broad merits and in reply to the two queries put forth in the 4th para of your letter I would reply 1st that Gopaulapah the owner of the toddy trees has a perfect right to draw the toddy himself or to rent out his trees to any party duly authorized to sell toddy nor can any person have any right of control or interference with the owners private property other than to prevent the sale by unlicensed persons of Toddy drawn therefrom In the Regulation VIII of 1832, Toddy is no where specially mentioned. It is not a manufactured article, but the raw produce of the tree and until it has undergone certain process is not intoxicating and it might be a question whether

whether the owner of the Tope might not himself dispose of it without a license, but I think the legislature in other parts of the Civil Regulation consider Toddy as a fermented liquor and therefore it may come under the general class mentioned in Section XIV of the Regulation quoted.

3 In reply to the 2d Query according to the strict construction of the Act, Narapah cannot probably be allowed to carry his Toddy one yard through the Military Abkary limits to his own Village, for though an Abkary renter duly licensed by the Collector, he is not specially one licensed by the Officer in immediate charge of the Police under Regulation VIII of 1832.

4 Under the construction of the Act the Officer in immediate charge of the Police had, it seems, a case against the parties in whose possession the Toddy was found, but who, it must be observed,

observed, were not smuggling it into the Military limits, but merely convey-ing their property out of and through the boundary they were - I am happy to hear leniently dealt with, but not more so than might have been ex-pected at the hands of the Officer who investigated the charge, and who from a former correspondence between this Office and his predecessor was not, I presume, altogether un-aware of the merits of the case, which appear to have entirely arisen from a misunderstanding between Gopalapah the owner of the Tope and the Military Ab-kary Contractor.

5. I observe, that you term this man Gopalapah the real culprit in this case - I do not think he is deserving of this stigma. His case is simply this. He and Mr. Abraham, the present Abkary con-tractor, formerly had some private

private understanding respecting the produce of the Toddy trees belonging to Gopalapah - They appear to have disagreed, and Mr. Abraham refused to pay Gopalapah the rent he demanded for his tope, and more than once attempts were made by the Abkary people violently to take possession of his property - This I trust has been put a stop to - Go-palapah may rent his tope to whom he pleases, and if the Military Abkary renter refuses to pay the owner his fair demands, I think every assistance should be given to Gopalapah to enable him to dispose of his property to persons duly authorized to sell Toddy and Arrack - It would be in my opinion, and I have not the slightest doubt but that you will quite agree with me, be an act of great oppression to take advantage of a technicality of law wantonly to deprive Gopalapah of the value of his property -

property. The remedy there is very simple. The man merely wants the fair value of his Tope. He has sought out another party to rent it from him since Mr. Abraham, and he cannot agree about the terms, and he has a perfect right to seek for the Abkary renter who rents his Tope a Permit for protecting the carriage of the Toddy beyond the Military Abkary limits; which the Officer in immediate charge of the Police has the power to grant under the provisions of Section XLV Regulation VII of 1832.

6 As this very simple remedy will settle the whole matter I shall direct Gopalapah or the parties drawing the Toddy to apply to the Superintendent of Police for the necessary pass, and I have the honor to request you will be so good as to direct that Officer to grant the requisite Permit.

Gopalapah

7- Gopalapah is willing I believe to let Mr. Abraham or any other person, holding the Abkary Contract from the Commissary General, have the use of this Tope in fair terms, such, for instance as he has now rented it to contractors in the Raidroog Talook 35 Rupees per Month, and I have little doubt but that terms might be made with the owner for renting the Tope permanently for a series of years to the Commissariat Department, which I think might be a good plan, if reasonable terms were offered. But at all events if the Contractor of the Military Abkary Farm will not come to the terms with him, it is but just that the man should be supported in the exercise of his undoubted rights over his own property. But from all I have heard of the matter, there is reason to believe he has met with much petty persecution, simply because he has refused.

Fort St. George 11th. March 1850.

refused to give up his property to Mr. Abraham, on terms which he is not disposed to agree to.

8 Having entered thus fully into the subject, I have only to request you will see Justice done to the owner of the Tope in the manner pointed out in the 5th. and 6th. paras of this letter until some other arrangement is made between him and the Military Department.

Bellary District Magistrates Office on Circuit, Raidroog 10th December 1849

Signed C. Pelly
Ag. Magistrate

To

C. Pelly Esqre.
Acting Magistrate
Bellary.

Sir,

I have the honor to acknowledge the receipt of your letter No. 920, of the 10th instant and regret much that I cannot concur in the opinion you have formed regarding the rights of toddy being allowed

Fort St. George 11th. March 1850.

allowed to be manufactured within Military Cantonment limits, and also regarding the advisability of such liquor being carried through such limits, with a permit, at the pleasure of the Raidroog renter Narapah.

You state in the second para of the letter now under reply, that Gopalapah has a perfect right to draw the toddy from the trees himself I conclude you do not dispute toddy to be one of the fermented liquors alluded to in regulation VII of 1832, as you say that the Civil Regulations state it to be a fermented liquor, the Military Regulations most certainly so consider it, the sole sale and manufacture of toddy being exclusively guaranteed to the Military Contractor by the terms of the Contract bond. I am at a loss to understand if drawing it from the trees is not manufacturing it, how it is manufactured, as if so drawn after an hour

hour or two without any further pro-
-cess it ferments, and becomes an
intoxicating fermented liquor, all
this you say can be done by Gopa-
lapah or. Narapah and that all the
the topes is within. Military. Ab Rary
limits, yet they do not by so doing
infringe Section XLIV Regulation
VIII of 1832 which says all per-
-sons are forbidden to manufacture
fermented liquor unless specially
licensed by the Officer in immedi-
-ate charge of the police, which
license neither Gopalapah or Na-
-rapah possess.

My grounds of objection to allow-
-ing such manufacture or carrying
fermented liquor about, are first, that
it is diametrically opposed not only
to the strict reading, but also to the
spirit of Regulation VIII of 1832 and
would afford to European Soldiery
opportunity to procure such liquor,
and secondly that were I to give my
sanction

sanction to such arrangement, I should
not think that I sufficiently supported
the Commissariat Officer in protecting
the interests of the Military Ab Rary
renter as far as the law allows.

With reference to my first
objection to which I shall briefly
confine myself, as more immediately
concerning the discipline of the Troops,
the second being a Commissariat
matter which I have nothing to do
with, but regarding which the Com-
-missariat Officer will doubtless
seek and receive the instructions
of the Commissary General. I beg to
state that so far back as 1820
I find the Officer Commanding the
Ceded Districts strongly protested
against the evil consequences of
the very tope now referred to, and the
renter thereof not being under the im-
-mediate controul of the Officer Com-
-manding the Garrison from the men
having easy access to the toddy drawn therein

The tope is now certainly under
my

my controul as being within . Ab Karry limits, but how can I expect that the Superintendent of Police will be able under me efficiently to exercise such controul, if Narapah or any other Civil renter to whom Gopalapah may choose to let the right of drawing toddy in the tope, to, are to be allowed to carry on uncontrolled manufacture of a fermented liquor so detrimental to the health and well being of the Soldiery - Gopalapah could with equal justice let portions of the tope for drawing toddy to half a dozen Civil licensed Venders, who might then be carrying the toddy about the Cantonment in all directions - Thus the fundamental principles of the . Ab Karry Regulations will be violated by my sanctioning at your request an arrangement which being opposed to Regulations puts it into the power of the Europeans to obtain and for the owners

of

of the tope to sell, without any chance of prevention, or detection, any quantity of toddy from the tope in question - How are the Police to discover irregularities when they suspect them, for the fact of . Narapahs servants being in possession of the toddy, will not tell against them, they shew their permits and no more questions can be asked, the case is different when the tope is worked by . Military renter, who is so completely under . Military controul, and is so strictly answerable for all abuses of the kind, that it is to his own interest to try and prevent them by every means in his power -

. Again, can it be expected that all the toddy manufactured in the tope would find its way out of the . Military . Ab Karry limits, and if it does not, is it not an undoubted infringement of the . Military Contractors right - I mention this to shew that, independently

of

Fort St. George 11th. March 1850.

of my first objection, I could not carry into effect the arrangements you wish, at any rate until the Commissariat Officer informed me that the Commissary General approved of them

I really cannot from any thing I have heard consider Gopalapah to be in any way hardly treated or oppressed, I am informed that when the Commissary General heard that you had decided Gopalapah to be the Enamdar of the tope in question, he issued immediate orders for it to be entirely given up to him without any reservation, care alone being taken that he [Gopalapah] did not infringe the Abkarry rules which he now undoubtedly is attempting to do, it surely can be no great hardship preventing him drawing toddy from trees of which he only, as I am informed, becomes possessed, by the care and preservation and consequent outlay bestowed on the land by the Military Abkarry Department from when granted

to

Fort St. George 11th. March 1850.

to him originally, I am informed that but few trees were on the land, a reference to the Original Assessment of the property, and what Gopalapah taking the trees into consideration considers it now worth, will, I hear, prove this, and I am informed that Mr. Abraham has made an offer of three times the assessed value of the land and will take on himself the expense of guarding, watching and preserving it, I merely mention this to shew there not being in my opinion, as far as I have heard, any oppression in the case, and as there are great grounds

Fort St. George 11th. March 1850.

grounds for fearing, that a compliance with your wishes will render the illicit sale of toddy to Europeans and Natives of easy accomplishment, I regret I cannot sanction the manufacture and right of transit thro' Military limits, desired by Gopalapah & the regulations clearly gives me the right to prevent it, and I do not in the present case see any cause to warrant or justify my departing from the strict letter of what is laid down in these Regulations, issued by Government for my guidance.—

Commandant's Office
Bellary
18th December 1849

Signed W. Dowker Brigd
Commanding Bellary

To,

F. H. R.

Fort St. George 11th March 1850.-

To, Lieutenant F. Harris
Superintendent of Police
Bellary.

Sir,

I have received a petition from Gopalapah, the owner of certain land situated at Bellary within the Military Ab Karry limits, which contains date Trees his property, complaining that you refuse to grant him, or rather one Nettaul, the Ab Karry Sub Renter of Purmadavera-hully in the Raidroog Taloo, a Permit to enable him to carry Toddy drawn from the said Trees beyond the Military abkarry limits to his own Farm at the aforesaid Village. The parties had been directed by me to apply to you for the said Permit.

The land and Trees referred to are the property of Gopalapah. He has let property to Nettaul the abkarry sub Renter. There is nothing in the Regulations to prevent his disposing of his property in that manner, and every honest man has a right to claim of the authorities due protection for his property. There is no grounds for imputing to the complainants

complainants the wish to smuggle the raw produce of the Trees or to sell it within the Military Cantonment, the very reverse is the case. They only require to take it out and I cannot understand why they should not be legally protected in a perfectly lawful use of their own property.-

To prevent smuggling the law requires a person seeking to pass property of this nature to obtain a Permit; and within the Military Ab Karry limits the Officer in immediate charge of the Police under the provisions of Regulation VII of 1832, See Section XLV is the Officer who has power to grant such permit; but I cannot see that the Regulation authorizes him to refuse it except on special and very strong grounds, which from all I have heard or can discover from a late correspondence with the Officer Commanding Bellary relative to this matter does not exist. The refusal on your part will entail considerable loss to the parties, and I do not think you

can be justified in subjecting an honest trader to such loss.-

I have therefore the honor to request you will exercise the power vested in you for the purpose, as I conceive, of protecting the rights of individuals and grant a Permit to Nettocal the Sub Renter of the Purmadavarahully Ab Karry Farm to protect him in conveying his Toddy from within the limits of the Military Ab Karry Farm outside to his own Farm.-

See Regulation I of 1820 Sections XI XII.-

I believe that I have power myself to grant the necessary Permit; but, as the exercise of it might interfere with the proper control of the Military authorities within the Cantonment and might lead to a collision of authorities which I am most anxious to avoid, I shall not exercise that right, but leave it to you to protect the complainants in their rights.-

I have the honor to request an early reply to this as it is my intention should you not accede to my request to refer the matter for the orders

3645

Fort St. George 11th March 1850.

orders of the Board of Revenue
and Government.-

Bellary District.....
Collector & Magistrate's Office...
on Circuit, Raidroog.....
21st December 1849.-

(Signed) C. Pelly
Acting Collector
and Magistrate.

To, C. Pelly Esqre
Acting Collector
and Magistrate
of Bellary.

Sir,

I have the honor to ac-
knowledge your letter No. 966 of date
the 21st instant received on the 25th
containing a request that I would
grant a Permit for Toddy to be
removed from a Tope the property
of Gopalapah. From a late corres-
pondence on this subject between
Brigadier Dowker Commanding
the Force and yourself, you
must be aware that were
I to act as requested in the
letter now under reply, I should

D.G.

3646

Fort St. George 11th March 1850.

be guilty of a deliberate disregard to the
wishes and I may add direct disobedi-
ence to the orders of the Officer com-
manding abovementioned and I really
cannot at your request / even if I agreed
with you which I do not / render myself liable
to the very serious consequence such a
line of conduct would entail on me.

In a former letter of yours to the
Brigadier you request that Officer to direct
me to issue a Permit thus I conceive
acknowledging that, that Officer had a
directing power in the matter, and Briga-
dier Dowker has informed you that he can-
not allow the Permit sought for to be
granted, even if I differed with that Officer
it would be impossible for me to issue
such permit and still more so holding as
I do opinions in full accordance with his
on the matter.-

The Officer in immediate charge
of the Police most certainly has the power
of granting permits, but it appears to me
to

† Para 6 No. 920
Dated 10th Dec.
1849.

to be to all intent, a discretionary power, and I am most decidedly of opinion that neither Government or my immediate superior the Commissary General would consider that I made a proper use of that discretionary power, if at the request of the Civil Magistrate I were to issue a permit in direct disobedience to the Officially expressed wishes of the Officer Commanding the station and directly at variance to what I myself conscientiously believe to be a fair and just reading of the law regarding Abkarry matters, as laid down for my guidance in Regulation VIII of 1832.

I consider that I have in this instance independently of the Orders of the Commanding Officer, both special and very strong grounds for a refusal of a Permit first the Toddy for the transit of which through Military limits a permit is sought, is an illicitly manufactured article, as if you admit Toddy to be a fermented liquor the Monopoly of sale of which Government reserves to itself. it cannot be disputed

disputed that its manufacture within Military limits is illegal, Section XLIV of Regulation VII of 1832 states that very plainly I remark however that you always allude to the Legislature as merely the raw produce of date trees I however have always understood that toddy was nothing more or less than the raw produce of date trees, if not why do the legislature in para I. Sec XVII Regulation I. A. D. 1820 speak of drawing toddy from Coca, Date, or other Palm trees, such drawing of toddy by Section XLIV Regulation VIII of 1832 can only be effected within Military Abkarry limits by a person specially licensed by me. I therefore cannot allow Gopalapah to do it himself or let the right of doing it to others not specially licensed by me. My second reason for a refusal of the right to manufacture and of transit of toddy through Cantonment is that if a constant manufacture of Toddy in a Tope within

to be to all intent, a discretionary power, and I am most decidedly of opinion that neither Government or my immediate superior the Commissary General would consider that I made a proper use of that discretionary power, if at the request of the Civil Magistrate I were to issue a permit in direct disobedience to the Officially expressed wishes of the Officer Commanding the station and directly at variance to what I myself conscientiously believe to be a fair and just reading of the law regarding Abkarry matters, as laid down for my guidance in Regulation VII of 1832.

I consider that I have in this instance independently of the orders of the Commanding Officer, both special and very strong grounds for a refusal of a Permit first the Toddy for the transit of which through Military limits a permit is sought, is an illi[cit] tured article, as if a fermented

disputed that its manufacture within Military limits is illegal; Section XLIV of Regulation VII of 1832 states that very plainly I re-mark however that you always allude to the liquor as merely the raw produce of date trees I however have always understood that toddy was nothing more or less than the raw produce of date trees, if not why do the legislature in para I. Sec XVII Regulation I. A. D. 1820 speak of drawing toddy from Coca, Date, or other Palm trees, such drawing of toddy by Section XLIV Regulation VII of 1832 can only be effected within Military Abkarry limits by a person specially licensed by me + I therefore [illegible] Gopalapah to [illegible] within Military [illegible] might be a hardship, my not [illegible]ing such parties a Permit, still even supposing it were legal and I granted the Permit I should consider it necessary to annex some very stringent conditions, to such

permit

Fort St. George 11th March 1850.

within easy reach of the European Soldiery and daily right of transit of such liquor thro' Cantonment is granted, that no adequate assurance will or can be given me by the Civil Renter that the toddy there manufactured is not either procured by or sold to the European troops. On this point the Officer Commanding the Ceded Districts in 1820 writes very strongly and this letter has been apparently deemed of such importance that a copy of it was sent for record in the Commissariat Office of this station, and it would appear that the suggestions contained in the above letter were concurred in by Government as most certainly from that time to this, no such thing has occurred, as a Tope within Military abkarry limits being worked by a Civil Renter - nor do I believe that such a thing is allowed or thought of, in any Military Cantonment within the Madras Presidency.-

My third objection is, that to the prejudice of the Military abkarry contractor when once the manufacture of Toddy is allowed in the Tope Natives of all description will procure Toddy there, and that it will not be in the power of my Police to detect or prevent it that this

Fort St. George 11th March 1850

this will be done with the connivance of the Civil Renter - I do not wish to say as the man may be very honest, but I am quite certain even if he wishes it that it will be quite impossible for him to prevent smuggling and illicit transactions going on in his Tope when once the manufacture is commenced there.-

With reference to the 4th para of your letter I submit that the legislature in vesting in me the power of granting Permits never could have intended that I should use such power to protect the rights of private individuals by assisting them to convey away Toddy illicitly manufactured within Military limits the more especially when such an exercise of the power alluded to would be in direct variance to the wishes of the Officer Commanding the Station - I am willing to grant that if it were legal for any party not licensed by me, to manufacture toddy within Military limits, that it might be a hardship, my not granting such parties a Permit, still even supposing it were legal and I granted the Permit I should consider it necessary to annex some very stringent conditions, to such

permit

Fort St. George 11th March 1850

permit to prevent the Toddy in its transit through Cantonment, being illicitly taken by, or disposed of to Soldiers or others.—

As regards the 5th para of your letter I cannot agree with you that you have the power of granting a permit for the transit of Spirits or legally manufactured Toddy even through Military Abkarry limits: The Regulation to which you refer me certainly states that your permits will be held valid throughout the territories subject to the Government of Fort Saint George, but this Regulation was framed when there were no such things as Military Abkarry Farms when of course your permits would be valid any where, as all abkarry matters were under Civil authority; the case is now different the Military Abkarry Farms being under the exclusive control of the Commissary General vide Sec XLIII Regulation VII of 1832 and a reference to Sec XLV of the same Regulation will I think convince you that your Permits are not valid within Military limits as it expressly states that, the permit is to be granted by the Officer in immediate charge of the Police, and you will perceive the last Clause of the above

Section

Fort St. George 11th March 1850

Section clearly shows. That a Collectors permit is of no use within Military limits as it points out that they are to be given to the Officer in charge of the Police who shall issue one of his own for the protection of the liquor, which would be unnecessary were the Collectors permit valid within Military limits. Should you still think otherwise, as you are about to refer the matter to the Board of Revenue, to settle the question I would suggest that you refer this point as well.

In conclusion I would beg to state that though at all times most anxious to act in accordance with your wishes as regards public justice to the inhabitants, and most thankful for any of your opinions on such points as you may favor me with, I cannot accede to a request contrary both to the law, the orders of the Officer Commanding and my own view of what I believe to be the wishes of Government on the point: I would add, I received your letter on the 25th and agreeably to your request for a

speedy

Fort St. George 11th March 1850.

speedy answer would have replied to it on that day, but being Xs mas day- I answer it on this day the 26th.-

Sir,

I have the honor, with reference to the Minutes of Consultation confirming the sale of Arrack to the limits of the Cantonment, to request you will inform me from what date you deem it expedient that the orders of Government should be brought into operation.

Under instructions from the Commissary General, I have the honor to inform you that the Abkarry sales within the Abkarry limits (as at present) are guaranteed to the contractor until the 30th April 1850 inclusive.

To
Lieutenant F. Harris
Sub Assistant Commissary General

Sir,

Bellary

I am not able at present to reply to your letter of the 7th Instant and to inform you when I shall be able to make arrangements for the transfer in the Abkarry Farm, but I will let you know in a few days- In meantime I have the honor to enclose copy of a Set of Queries which I have requested Mr. Abraham to reply to, and should feel obliged by any observations you may be able to supply relative to them- It strikes me that to carry out the wishes of the Officer Commanding at Bellary regarding the troops under the new arrangements ordered by Government it will be necessary to make some provisions respecting the Toddy Topes near Bellary and I am collecting information on the subject for that purpose.-

I take this opportunity of informing you that I have for the present deferred in consequence of these new orders, submitting the point regarding Gopalapahs' trees which formed

formed the subject of a late correspond-
ence between us.

Questions on Abkarry to which Mr. Abraham the Abkarry Contractor of Bellary Talook and Garrison, is requested to submit replies

1 What effect would the prohibition to draw Toddy from all Date Trees within 6 or 7 Miles of the Cantonment limits have on your Abkarry farm either of the Civil or Military Farms. Please to mention how many Topes there are and an approximation to the number of Trees in them.

None on the Civil. but on the Military farm it would have the effect of depriving it of the whole supply of Toddy and consequently not a drop either fermented or sweet would be procurable in the station. The Bakers would be unable to bake Bread and the Contractors for the supply of Bread to the Troops (who consume a large quantity) would not be able to fulfil their contracts. Many respectable Natives Mahomedans especially whose religion

religion prevents their drinking Spirits take fermental Toddy which might be compared to Beer or Wine. and is a liquor not half so intoxicating or injurious in its effects as Spirits. The Tope attached to the Military Farm has always been considered as one Tope. The whole being situated in the beds of Nullahs which run one into another. The portion lately made over to Gopalapah, is said to contain 30,000 trees. I think the remainder is about twice as much. of which two thirds are full grown.

2. Where do you obtain your Toddy for the use of the Civil Farm especially for the Villages near i.e. about 10 Miles from Bellary?

From the Topes near Coongode and Innlpen-goody in the Bellary Talook and Metree in the Kumple Talook.

Where do you obtain your Toddy for the use of the Civil Farm especially for the Military Farm at Bellary?

From the Tope attached to the Farm of which a portion has been lately transfered to the Enamdar on whose ground it is growing.

4. Do you use Date Toddy at all in the manufacture of arrack?

No.- have tried it, found supply insufficient.

5. How much Toddy is consumed daily or monthly in your Civil Farm of the Taluk.

The Villages are all sub-rented to petty Venders, who keep no regular accounts, being unable to read or write.

6. How much in the Military Farm?

(This question was not answered)

7. How long do you suppose it takes after the Toddy is drawn from the Trees to render it intoxicating?

From 3 to 6 hours according to the season- but sooner if conveyed to any distance.

8 What process is necessary to render it an intoxicating liquor?

None, fermentation is sufficient.

9 Is it used in greater quantities before or after fermentation?

After

Is

For

10. Is the Date Toddy used for any other purposes than for drink?

For Baking Bread, for which fresh Toddy is daily required.

11 After the liquor has attained to an intoxicating state, how much under ordinary circumstances does it take to make a man (generally speaking) intoxicated? Please to make a comparision on this point between fermented Toddy and the common arrack.

According to constitution and habit- one gallon for some men- and as much as five for others- one bottle of pure Arrack will make most men drunk; Toddy in any quantity however is not so injurious as spirits- It is not followed by headaches, or horrors.

12. What ingredients do you use in the manufacture of arrack?

Jaggery- and Soinacearraca Bark.

13 Where do you procure these ingredients.

From the Jungles of Pullicondah and Goondeecollah and Jaggree from Rooderliger and Naikaneley.

14. What process have they to undergo before the intoxicating properties contained in them are developed?

Distilled.

15. Are any of these ingredients capable of producing intoxication?

No

without the process described?

16. If so what effect would a prohibition to collect or gather the said ingredients from the neighbourhood of Bellary have on either of your Farms?

None - there being no ingredients procurable.

17. Do you manufacture the whole of the arrack used in the Cantonment yourself or are there small stills and how many authorized?

Yes, in a larger Distillery near the Fort Gate under a Garrison Guard - no more is authorized.

18 Do you supply any and what Villages in the Talook Farm from your Distillery at Bellary?

No.

Additional query put by C. Pelly Esquire after the receipt of the above papers.

Query. Could not the wants of Bellary in Toddy both for baking and other purposes or for either be supplied from the Topes of Coongode Mulpungoody and Metree?

A. Not for Baking purposes at all - for which fresh Toddy must be daily procured - and therefore cannot be brought from Topes at any distance from Bellary -

Toddy for the use of Consumers might be brought from the Topes named in the Query - To meet the demand at Bellary, however, the supply of the Villages now dependant on the said Topes must be greatly relinquished - and strong measures adopted for the preservation of the Topes -

From Coongode Toddy is conveyed to almost all the Villages on the south side of the Bellary Talook - also to several Villages in the Talooks of Kempli and Goolium.

Formerly this Tope was very extensive - but from neglect and the encroachments of the Ryots - it is now much reduced in size - and the Trees or Shrubs are so small and stunted that holes have to be dug in the ground to hold the pots receiving the Toddy.

The Topes at Mulpungoody and Metree are both very small and scattered - The former yields very little Toddy - and

Aerial

Fort St. George 11th. March 1850.

Herial (quite in its vicinity) gets a part of its supply from Appea-pully in another Talook

The chief objection to Coon-jode and Metree is the distance (20 miles and more) this will prevent a regular supply of Toddy during the wet months- and bring it at all times to Market at such a late hour of the day- and in such a high state of fermentation and acidity as to render it unwholesome and injurious to health.

Superintendent of Police

Bellary

Sir,

I have the honors to acknowledge the receipt of your letter of the 26th. Instant-

In order to prevent a misapprehension of the course I pursued in making a formal application to you for a Permit I would state that I did so because on reconsidering the Regulation it appeared to me that you were the proper Officer to apply to; because the Officer Commanding had referred the Petitioner Gopaulapah to you, and because the Brigadier in the 3d. para of his letter to me under date the 18th. idem seemed to point out this as the proper course-

I, of course, was quite aware that you could not take upon yourself in opposition to the Orders of the Commissary Officer to issue such a permit and I was prepared to hear you would not, after what had passed, grant

grant a Permit unless the Brigadier had altered his opinion on the subject as far as related to his immediate duty—

There is much to be said on both sides of the question— One view of the case has been taken by the Brigadier and yourself, and I am constrained to take an opposite view, and it seems to me that preferable course to submit a Statement of the case for the orders of the Board of Revenue not only for my future guidance but for ascertaining the rights of the complaining party which I purpose doing in the course of a few days—

I have already informed Brigadier Dawker that I made the application to you for a Permit and I should feel obliged to you by your explaining the cause of my adopting this course, for from your letter under reply it occurs to me that my applying to you after the correspondence with that Officer wears the appearance of soliciting you to perform an

an act in disobedence of the Orders of your Superior Officer. But I need hardly disclaim such an intention—

Bellary District, Coll.r and Magistrates Office on Circuit, Gooty, 29th. December 1849.

(Signed) C. Pelly
Acting Coll.r and Magistrate

To

C. Pelly Esq.re
Acting Collector of Bellary on Circuit

Sir

I have the honor to acknowledge the receipt of your letters and to inform you that I think Mr. Abraham the Military Abkarry Contractor has answered your questions fairly and honestly—

29th. Dec.r 1849 and 11th. January 1850.

2. With reference however to question 1 and 19, I beg to state that in my opinion Government never for an instant contemplated on their Minutes of Consultation the slightest interference on the part of the Civil Authorities in the Management of the Toddy topes, from which this Department has for the last 30 years exclusively drawn its supply of Toddy—

3. Such an interference would seriously affect the Revenue without the slightest

slightest prospect of any corresponding benefits to the European Troops, and render it necessary for Toddy to be brought from a long distance. A plan open to many and the most serious objections, and extremely liable to frustrate the sole aim of Government, Viz^t., preventing Europeans from obtaining Liquor for it would, as a matter of Course, be very easy for the Europeans to obtain any quantity of Toddy they pleased — either by force, or for money from those engaged in bringing it into Cantonment.

4 I must therefore beg you will allow the Toddy topes to remain as heretofore as much under the control of this Department, as you think the reading of the Minutes of Consultation of Government will warrant. A contrary Course will not only I am convinced interfere with the effective working of the Farm but put an almost entire stop to the baking of Bread in which large quantities of Toddy are necessary, before the Government Topes were made over to this Department by

by your predecessor Mr. A. D. Campbell in July 1822, the Sum of 6 Rupees daily Rent was paid to the civil renter to secure a sufficient supply for baking purposes alone, and the slightest irregularity in this supply would now occasion the — greatest annoyance to the Commissariat Officer, and most serious distress to the European Troops as regards their Ration of Bread which Government undertakes through this Department to issue to them daily —

5. I am quite certain that as far as regards the European Soldiery any alteration in the Management of the Toddy Tope, can only be for the worse, for, it is impossible that they can be — more efficiently kept from them, than they are now. Not a single instance — having occurred as far as I can learn † of a Soldier ever having entered them. It is only therefore a change of — Management that I fear as I so strongly urged in my letter regarding Gopalapah being allowed to Manufacture Toddy in his Tope, under his own sole supervision.

There

Commissary General

Para 1 The orders of Government conveyed in Extract from the Minutes of Consultation 19th December 1849 directed that the Military Abkarry Farm at Bellary should, on the expiration of the present contract, be confined to the limits of the Cantonment and that all without those limits, should be under the control of the Civil Authorities. It was at the same time ordered that the manufacture or sale of liquor within a circuit of five miles around the Cantonment limits should be altogether interdicted

2 In the letters from the Sub Asistant Commissary General at Bellary submitted by Colonel Tulloch with his communications of the 9th and 18th Ultimo it is represented that the Date Topes from which the Military Farm has hitherto been supplied with Toddy, are without the Cantonment limits and much inconvenience and loss of revenue in the Military Abkarry Department is anticipated in the event of those Topes being placed under Civil control and it is therefore suggested that

Fort St. George 11th. March 1850.

From Actg. Collector to Sub Assistant Commissionary General 11th. January 1850 in letter from Commissary General 9th. February 1850.

that the orders of Government may be reconsidered and the Topes left as heretofore under the Military Authorities. It would, however, appear that the Acting Collector is prosecuting inquiries and collecting information, in views to making such provision in regard to the Topes, as has been rendered necessary by the arrangement lately ordered by Government. The Right Honorable the Governor in Council directs that Mr. Pelly be desired to submit his views upon this subject at an early date through the Board of Revenue, who in laying his report before Government, should state their own opinion upon the questions contained in it. The Acting Collector should particularly be requested to explain in what manner a regular supply of Toddy will be secured for the use of the Garrison Bakehouses. The exact position and extent of the Topes should also be stated and their distance from the Cantonment limits.

The

Fort St. George 11th. March 1850.

3.

The other questions discussed in the correspondence submitted by the Commissary General relate principally to the position of parties holding Toddy Topes within Military & Karry limits, and the validity within those limits of permits issued by the Civil Authorities. The Board of Revenue will be pleased to consider the

3091 Fort St. George 11th March 1850.

the points at issue between the Acting Collector and Sub Assistant Commissary General and submit their opinion upon them when forwarding the report respecting the Toddy Topes called for in the preceding para-

From the Acting Collector of Bellary. — — — Para.

Sir,

Submitting Copy of a correspondence between the Commissariat Officer at Bellary and himself on the subject of the orders of Government dated 19th December 1849 regarding a partial transfer of the Military Abkary to the Civil Authorities states that there is a difference of opinion between that Officer and himself with respect to the interpretation to be given to that order as far as regards the Date Topes beyond the Cantonment and for the supply of Toddy to the Cantonment and requesting that if the Board see reason to object to the view taken by

connected with the orders of Government contained in Minutes of Consultation dated 19th December 1849 communicated to me in the Board's Proceedings of the 3d January last on the subject of the transfer of part of the Military Abkary Farm at Bellary to the Civil authorities. I have the honor to enclose Copy of a letter received from Lieutenant Harris the Sub Assistant Commissary General at Bellary dated 25th January and my reply to it to Major Shepherd the Deputy Assistant Commissary General at present the Senior Commissariat Officer at that Station.

2- The Board will observe that there is a difference of opinion in the interpretation of the Orders of Government as respects the Toddy Topes situated beyond the Military Cantonment.

The

by the Acting Collector they will communicate their order with as little delay as possible as the Military rents will cease on the 30th April next within which time measures must be taken to provide for the sale of the Topes-

Fort St. George, 11th March 1850.

The Commissariat Officer is of opinion that Government did not contemplate the slightest interference with those Topes on the part of the Civil authorities. But in my opinion the orders of Government "directing "that the Military Abkarry farm "be confined to the limits of the "cantonment and that the Abkary "beyond those limits be altogether "under the Civil power" are explicit and imperative as to the course to be adopted by the Civil authorities-

3. These Topes are situated adjoining to the cantonment but outside and contains about 131097 Date Trees and have always supplied Bellary with Toddy- The revenue derived from them in the Commissariat Department is very considerable, forming, I understand the largest portion of the profits of the Renter who has for several years farmed the Military Abkary for 62500 Rupees, which revenue is

	Produc-tive-	young	Total Trees-
6. Circar Topes-	47218-	45390-	92608-
5. Enam Do.-	16787-	21702-	38489-
	64005-	67092-	131097-

Fort St. George, 11th March 1850

is of course not to be sacrificed. The Toddy is not manufactured into arrack-

4- The subject of these trees was not specially noticed in the former correspondence and it seems to me of little moment whether the Topes are retained in the Military Abkarry Department or transferred to the Civil- The revenue from them will merely be transferred from the one to the other- But the orders of Government seem to have excluded all interference on the part of the Military beyond the limits of the Cantonment Boundary- But should the Board see reason to differ in the opinion formed by me on the subject, I request I may be favored with their orders as soon as possible as the present contract in the Military Department ceases on the 30th April and it will be necessary to make arrangements for putting the Topes up to sale for the ensuing year.

To,
Major J. Shepherd
Deputy Assistant Commissary General
Ceded Districts.
Bellary.

Sir,

1. Referring to my letter to Lieutenant T. Harris of 11th Ultimo and to his letter of the 26th of the same month I have the honor to inform you that I think it expedient that the orders of Government contained in Minutes of Consultation dated 19th December 1849 directing that the Military Ab Earry Farm be confined to the limits of the Cantonment, that the Ab Earry beyond those limits be altogether under the Civil Power and that the sale of liquor in any village situated within five miles of the nearest point of the Cantonment be interdicted. Should take effect after the 30th April next, to which time I perceive from Lieutenant Harris's letter that the ab Earry Sales within the Military Ab Earry limits as at present existing are guaranteed to the Contractor.-

2. From the 1st of May therefore

J.

I shall be prepared to carry out the orders of Government.

3. In further reply to the said letter of 26th January I have the honor to inform you that it is my opinion that the Orders of Government directing that "all the Abkarry beyond the limits of the Cantonment be altogether under the Civil power" make it imperative on me to undertake the management of the Toddy Topes beyond those limits.-

4 I have been collecting information respecting these Topes, and I see no reason to apprehend any injury to the Military Cantonment by the Transfer. I think arrangements may be made which will no wise detrimentally affect the Revenue now derived from them to Government, but the contrary, and in making those arrangements no facilities greater than those which now exist need be afforded to European troops to procure liquor.-

5. As regards the European Soldiery Lieutenant Harris has been pleased to observe "that any alteration" in the management of the Toddy Tope can "only be

"be for the worse for it is," he states, "impossible that they can be more efficiently "kept from them than they are now."

It is gratifying to hear that the measures now adopted have proved successful in keeping the Soldiery from the Topes. But why should not the same measures and even others if found necessary be adopted to attain the same end. I propose to adhere to a course similar to the one you find so efficacious and I have the honor to request you will be so good as to furnish me in detail with the Rules now in force affecting the object in view.-

But from the information I have on the subject I am led to believe that Toddy is by no means so much sought after by the Soldier generally as to make him commit a breach of discipline or take much trouble to get it. There may occasionally be an exception. It is arrack that he is most anxious to obtain, and this in a great measure may be one reason why it is so rare an occurrence that a Soldier is found in the Toddy Topes.

Besides

Fort St. George 11th. March 1850.-

Besides Toddy, compared with arrack, is not nearly so intoxicating or so deleterious a liquor and so detrimental to the health as Mr. Abraham says, it takes from one to five Gallons of Toddy to make a man drunk and has more the quality of Beer than of Spirits. A single bottle of arrack will make most men intoxicated, so that on the whole I am inclined to think that it will not be necessary to put in force any extraordinary powers to keep the men of the European Regiments out of the Toddy Tope. The present measures of allowing them to procure it at the Canteen and the usual exercise of Discipline will I believe obviate all fear on this score; But even admitting that great vigilance is necessary, I do not see why the Civil Authorities are not capable, by co-operating with the Military, to attain the end in view quite as effectually as at present.-

7. I purpose therefore after the 30th. April next to take these Topes entirely under my management and to lease the privilege of drawing Toddy from them exclusively

Fort St. George 11th. March 1850.-

exclusively for the Garrison & Town of Bellary only. This I believe to be necessary for the supply of the wants of the Garrison with a comparatively wholesome beverage as well as for the manufacture of bread. To suppress the use of the Topes entirely would not only create great and unnecessary annoyance but be highly detrimental to the revenues of Government, for I am fully aware, that a very large revenue is derived from the use of Toddy quite independent of arrack, and tho' the loss by the new arrangement will be in the Commissariat Department, it will I believe be fully made up in the Civil Ab Karry Farm. The Military Ab Karry arrack Renter might become the renter of the Toddy or Tope, or the 2 Farms could be separated without any inconvenience I conceive; but, there should be a clear understanding on the part of the Civil and Military Departments on the subject, otherwise the Renter would be liable to loss. I therefore request your opinion on the subject. The Toddy Renter of the Tope would of course have to conform to the Military Regulations which being made clearly known to him

Fort St. George 11th March 1850.-

him he should in all other respects be left unhampered as at present.-

8.- By the new arrangement you will observe that no arrack or Toddy Shops will be allowed in the Civil Department within 5 Miles of the nearest point of the Cantonment Boundary. If you will feel disposed to offer any suggestions which may lead to the adoption of measures calculated more effectually to prevent smuggling and illicit sale within the intervening Space I shall be much obliged by your doing so. That Soldiers determined on procuring arrack can ever be prevented from so doing so by the new arrangement I have no hope. They are means of prevention as far as they go, but with these arrangements properly carried out I think a well disciplined corps cannot have great temptations.-

9. I would also be obliged by your opinion as to the minimum rate at which arrack should be sold, because I understand that to obtain it Soldiers are willing to pay as high as a Rupee a bottle.-

Fort St. George 11th March 1850.-

I fear that with so great a premium to raise the present price would have little effect in keeping Natives from resuming many risks in procuring it for the men; but, surely the Soldiers have not to any great extent and frequently the means of paying such a price for the liquor.-

10. Another point which seems worthy of consideration is, whether the Rules might not be beneficially introduced prohibiting persons within certain limits having even one bottle of arrack in their possession without giving good reason to show that it was not intended for the Soldiers. It is by single bottles which under the present Regulations cannot be prohibited. Smuggling is effected by and for the Soldiers.-

From the Secretary to Government - Communicating the orders of Government on a Memo. from the Commissary General relative to the disposal of the Military & Ab Earry Farm of the Bellary Cantonment.

Extract from the Minutes of Cons. in the Military Department.

(Here enter 9th January 1850 No. 114)

Memorandum from the Commissary General.

(Here enter 29 - " - " -

Para 1 From the Memo: of the Commissary General above recorded, the disposal of the Military Ab Earry Farm of the Bellary Cantonment appears, notwithstanding an avowed competition, to depend entirely upon the pleasure of the departmental Officer and the recommendation of irresponsible persons. The Right Honorable the Governor in Council considers this System to be irregular and open to serious objections. He is of opinion that the Farm should be put up to sale by public Auction, at least, one month before the expiration of the present contract. A notification should be published, some time before the Auction as is usual in the case of the Civil Ab Earry, stating the

the day and terms of sale, and the conditions to be observed by the party to whom the Farm may be granted. The sale should be held in the presence of the Brigadier Commanding the Station and the contract given to the highest bidder, provided that his Character be respectable and that the Security which he may tender be good and sufficient, in default of which the Offer of the next in order of the Competitors who may satisfy the Commissary General on these points should be accepted.-

2. It is possible that this could may not, at first, realize an amount of revenue equal to that now obtained, though the acting Collector of Bellary thinks otherwise, but the Governor in Council is satisfied that in principle it is the only fair and correct one, and he cannot understand how any other should have prevailed. Wherever a different System has hitherto been in force, either as regards [illegible] Arrack or any other Contracts, the Government desire that the Commissary General will use effectual measures for its discontinuance [illegible]

as the present contracts shall have been terminated.-

3. Ordered that the foregoing Resolutions be furnished in continuation of Extract Minutes of Consultation 19th December 1849 No. 1210 for the information and guidance of the Commissary General and the Board of Revenue; and that a Copy be furnished to the Military Department for communication to the Officers concerned.-

To,
J. B. Ronpell Esqre.
Acting Secretary to the
Board of Revenue

(27)

From the Collector of Nellore — Sir, 1.

Recommending Rs. 72. 1-5 as a fair compensation for the alleged loss sustained by the Abkarry renter of Sooloorpett during the time he was prevented to sell arrack to the natives during the halt of a Regiment in that station.

I have the honor to acknowledge receipt of an Extract from the Proceedings of the Board of Revenue dated 18th June 1849, calling for explanation as to the amount of loss which might fairly be said to have been sustained by the Sooloorpett Abkarry Renter, in the 3 days, during which his shop was shut, in consequence of the arrival and halting of an European Regiment.

2. Some correspondence between the Board and the late Collector having already taken place on the subject of Petitioner's claim, it will be sufficient for me to confine myself to the particulars regarding which information has been required.

3. The Circar Servants deputed to supply provisions for the Regiment, when questioned regarding the sale, or otherwise of liquor affirm that, the renter was forbidden to sell Arrack to the Europeans only

only, and that no restraint of any kind was put upon the sale thereof to Natives, while the Servants of the renter state that no liquor at all was sold; although it is now impossible to ascertain, which Statement is true, it is nevertheless very probable that the free sale of liquor was in some measure interfered with.—

4. The Renter being unable to produce any accounts whatever shewing the particulars of his ordinary receipts and profits, I am in possession of no data on which to found an opinion as to what may be considered an equitable compensation for the loss alleged to have been sustained by the Petitioner, but beg to submit for the consideration of the Board, the following scale of remuneration calculated on the number of Native Camp followers (excluding European Soldiers) and on the consumption of liquor by one fourth of the whole body Viz.t by one Man in every four. The number of Native Camp followers

is stated to be 3,160 one fourth, of which is 790 and the estimated quantity of liquor which they would have drank is as follows.—

On the 1st day after the March) at an average of 1/8 Seer or one dram per Man or Seers ——— 98¾

2/3ds of the above quantity on the 2d day (Halting) or ——— 65¾

Do — Do on the 3d day Halting ——— 65¾

Total Wt of Seers in 3 days 230½

which according to the Circar price at Rs 7—5/5 per Seer is Rs ——— 107 7 3

which according to the Circar price at Rs 7—5/5 per Seer is Rupees ——— 107 7 3

Deduct value of ingridients for Distilling liquor at 1—3 per Seer as per Petitioners Statement ——— Rs. 17 15 10

Servants wages as per account furnished by Do with his Arzee ——— 10 10 "

From the rent Rs. 1020 payable to Circar, deducting Rs. 810 on account of Stations Subrented by him the average rent of the remainder for this Station for 3 days is ——— 6 12 " 35 5 10

The

5. The above sum, I think, may be considered a fair compensation for the alleged loss sustained by the renter. It does not appear to me that he has established any satisfactory claim for compensation on account of prevention of sales to the Inhabitants.

6. The Board in their proceedings further call for explanation of particulars of any other claims for compensation of a character similar to the foregoing. Translation of a Petition dated 2d May presented by the Renters of Surrapully, Nellore, Sungam, Talamunchee and Toommuttulpoor to the late Collector Mr. Smith was forwarded to the Board with his letter dated 28th May 1849. It will be observed that these renters did not put forth their claims at the time, they stated, they had sustained the loss but only after an enquiry into the first case had been ordered, and they have produced no accounts to prove their loss. The long time which has elapsed prevents the

possibility of any correct enquiry being made now, but if it should be considered proper to compensate them, I beg to recommend the scale observed in the foregoing instance.

7. The number of followers which accompanied the Detachment of H. Ms. 84th Regiment was 80 of whom taking one fourth as demanding liquor the number is 20 persons. The Detachment appears to have halted Six days in four stations as per margin.

Goodoor	2
Venkatachellum	
Choultry	2
Allore	1
Codavaloor	1
	6

Allowing therefore one dram per dram per day for 20 persons in each station for the 1st day & 2/3 the quantity for every 2d day, they halted in each station 13 seers — 2½ drams which at 7a — 5 3/5p per Seer is Rupees ——— 6 — 3 — 3

Deduct.

Value of ingredients at 1 ana 3 p per Seer ——— 1 — 4 — 7

5 — 2 — 8

8. This sum I consider sufficient remuneration and in the absence of all accounts, and under the circumstances of

Fort St. George 11th March 1850.

their Accounts and that the long time that has elapsed prevents the possibility of any accurate enquiry being made. He however suggests if it be deemed proper to compensate them that the scale suggested by him in para 4 be applied in this case and he has, in paras 7 & 8, specified the particulars of the loss which he conceives these renters might have sustained.—

4 The compensation proposed by the Collector in both instances falls short of the sums claimed by the respective Renters but appears to the Board to have been fixed as equitably as circumstances permitted, except that they see no reason for the deduction of £. 12— from the 107—7—3 gross value of the arrack (para 1 Collector's letter) since the Renter paid rent for those 3 days as well as the other 363, and they therefore beg to recommend that authority be granted to the Collector to disburse on the above account to the Venkatalutchmiah Arrack renter of Sorlookpett Rupees 78—13—5. and to Abook Lawn and his Joint Arrack renters of Nellore Rupees 25—2—8 in full of their respective claims.—

From the Asst. Collector of Bellary

Reporting in reference to the Board's Proceedings of the 6th August 1849 that the Rajah of Anagoondy is unwilling to undertake the Trust of the Pumpee Pagodas on Terms required and proposing 2 Joint Trustees should be appointed for 5 years to be re-elected or not by the Sabha after that time and pointing out the inefficiency of the present Sabha and proposing that it be remodelled by selecting other respectable parties to form members of it from among the community generally—

Sir,

The Board having in their Proceedings of the 6th August 1849 expressed their opinion that the Pumpee Pagodas and their endowments should be made over to the charge of the Rajah of Anagoondy who should be required to execute an agreement similar to that entered into by Rungaraaz and who should be at liberty to employ for the immediate management of the institutions any Agent whom he may prefer.—

2. I have the honor to report that on the receipt of these instructions I lost no time in communicating the views of the Board to the Rajah of Anagoondy, but after several references and considerable delay I am informed that the Rajah is unwilling to enter personally into any agreement of the nature referred to— but is willing to nominate an Agent to whom the whole

management

management is to be entrusted and who alone shall enter into the requisite agreements.

3. This arrangement will not answer the purpose. The responsibility will fall on the Rajah's agent and not on the Rajah and there will be no security that the affairs of the Pagoda will be properly conducted. The Rajah will in all probability nominate Rungaraauz whose late management has been so much complained of. The community moreover, generally, are I think unwilling to have the Rajah as head of the affairs of this Institution while his uncle Rungaraauz has the immediate management.

4. Under these circumstances I have been obliged to seek for some other Trustees; and two persons have been brought to my notice to whom the Trust might be committed without objection. The 1st is the Principal Priest Senkam Bharaty Swamy or as he is generally called Veerapachaswamie of the Sevas religion, whose immediate interest in

the Pagoda is paramount to any other. This Priest has a Muttam annexed to the Pagoda itself. He is an hereditary Priest of very old standing. He is not resident but has his Ministerial Officers such as Sur Subadar, Muttum Parputtagars &c. constantly residing at the temple, and he will nominate a proper agent for conducting the immediate duties of the Pagoda during his absence. He has also large Enams in various parts of the District amounting to several thousand Rupees besides lands in other parts of the Company's and other Territories. another Person is one Chintapah son of Subadar Sevapah a Jahgeerdar of Rooradaguddah in the Roodleghee Talook of this District situated about 8 Miles from Wumpee. This man has a small Estate of about 1000 Rupees per annum and is a man of some influence and otherwise unobjectionable.

5. I propose therefore that these two persons Viz.t Senkambharaty Swamy and Chintapah should be nominated as Joint Trustees for the Pagoda and enter

enter into the requisite agreements, securities &c.

6. I think that this arrangement should remain undisturbed for a period of 5 years. That the Sabah (to be remodelled) should then have the power of re-electing them or electing other Trustees. This would give more security that the interests of the Community were attended to.

7. The Sabah as at present composed consists of 21 very poor Brahmins sought out from a few Villages in the immediate vicinity of Pumpee. They are quite inefficient and I am decidedly of opinion that the community who are deeply interested in the prosperity of this Pagoda should have a more efficient body to represent them and look after their interests. I would therefore propose that a body of men of different religious persuasions who are all interested in the Pagoda and who have some influence from wealth or character should be allowed to form a Sabha. I would include among them the

Rajah of Anagoondy and the Rajah of Soondoor if they are willing to be members. The only question is whether the Board would positively exclude all public servants of the Government whether in the Revenue, Judicial, or Military Departments from forming part of the Sabah, upon which point I request their instructions.

8. I am sure this arrangement would be far more acceptable to the people generally than the present arrangement, which I think was made under erroneous impressions. It has not answered and as the Rajah of Anagoondy now refuses to take upon him the Trust upon the requisite conditions. I think a favorable opportunity offers itself for making a new arrangement on a basis which I hope will render hereafter all interference on the part of Government unnecessary.

9. Should the Board be pleased to concur in opinion that the Institution may be safely entrusted to the two respectable persons

persons abovementioned I request I may be favoured with their orders accordingly.

10. I have at the same time to report with reference to the 2d Para of the Board's Proceedings now under reply that Rungaraz and his security have not yet made good the balance of the property of the Pagoda originally confided to him amounting to Rupees 3,033-12- as reported in my former letter. But I have again called upon him to do so and when the Pagoda is transferred to other hands I shall of course peremptorily require the property to be given up.—

Bellary District, ...
Collector's Office on Circuit
Adonie, 11th Febuary 1850.

Signed/ C. Pelly
Acting Collector

P.S.

I should add that I have not yet consulted the parties proposed for Trustees, but if the arrangement is approved of, I have little doubt but that they will undertake the Trust.

Signed/ C Pelly
Acting Collector

Ordered

(29-30)

Order thereon. Under the circumstances brought to notice in the above letter, the Board of Revenue request that the Acting Collector will ascertain the wishes of the parties interested in the concerns of the Ummpee Pagoda, and if there is no objection on their part that he will cause the 2 individuals mentioned in his letter to be nominated Joint Trustees of the Pagoda, on their entering into the requisite agreements and Securities.—

2. The Board see no objection to the arrangement proposed in paras 6 and 7 of the Collector's letter

should

should it meet the views of those as concerned. with this exception, that the Public Servants of Government must be excluded in accordance with the orders of Government contained in Extract Minutes of Consultation 3d June 1842. forwarded to the Collector of Bellary 13th June 1842.

3. When the transference of the Pagoda is finally settled, the Acting Collector will report the same to the Board of Revenue and measures will then be taken, if necessary, to oblige Runga Rauz to make good the balance of the Pagoda property confided to him.

Read

To J. B. Ronpell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

(31)

From the Collector of North Arcot. Sir, Dated 1st

Solicits a declaration of the meaning of Regulation VII of 1831 as to whether or not it extends to permanently settled Talooks

Section III Regulation VII of 1831 transfers the decision of claims to Hereditary Offices in the Revenue and Police departments, and to their emoluments, from the Civil Courts to the Collectors, and Section VII of the same Regulation places these holders of such offices under the Collector, who is empowered to suspend or remove them for sufficient cause. The terms of these enactments are universal, and certainly appear to include districts, or parts of districts, permanently settled, as well as those under a Ryotwar Settlement and Section VIII, which specially excepts from the operation of this Regulation the office of Curnum in settled districts, tends to confirm this view of its universal extent as respects the Offices not so excepted.

2. It has however been the practice in this district to leave the control and nomination

nomination and removal of the Village and other Hereditary offices above referred to, in the permanently settled parts of the district entirely in the hands of the several Zemindars and Poligars. This state of things is found to interfere very much with the efficient administration of the Police of those parts of the district. In most of the Zemindaries and larger Poliams crime abounds, and I ascribe this in great measure to the inefficiency of the Village Police. The Monigars are continually liable to dismissal or change, and Meeras claims are little regarded, the Renter for the time being often made Monigar, they have no inducement to activity in their Police duties, as they consider their emoluments to be all received for those of a Revenue nature. The Talaarries and totties also are equally remiss and very many of them are themselves thieves and robbers

3. I cannot hope for any material improvement in the Police, or diminution of crime, while things remain on their present footing as regards the control

control of these officials, and it certainly appears to me that the Regulation quoted above does empower me to interfere as the practice of the district however has hitherto been different, I hesitate to act on my view of the law, till it is confirmed by competent authority, and I now address the Board in order to obtain an authoritative declaration of its meaning; Viz. whether Regulation VI of 1831 does not does not extend to permanently settled Talooks.

4. Should I find that it does I should not wish to exercise any violent interference with the present possession of Officers in the Zemindaries, or to entertain the claims of parties now out of possession. My first proceeding would be to obtain an accurate Register of the present holders of these offices, and I should consider it necessary to exclude men of known bad character and for the future I should exercise the power of dismissal or suspension for neglect

neglect or misconduct in Police duties, and should consider it right to attend to the Zemindar's recommendation of removal or suspension for neglect of Revenue duties, in the same cases in which it would be considered proper in Ryotwar Villages. It would also be my duty under the Regulation to sustain the legitimate rights of Meerasdars, and also to prevent the resumption of the customary endowments of various Offices.—

5. Any interference of this kind would indeed be very

very distasteful to the Proprietors: but I do not think that it would at all compromise their just rights or their legitimate means of managing or collecting their Revenues, while it appears essential to the suppression of crime, that those who have the superintendence of the Police, should have some power over its Subordinate Officers.—

North Arcot . . . . .
Collector's Circuit Cutcherry
Vellore 12th February 1850.

4. In the number of Olungopent Villages an increase is shewn of 147 Villages resulting from the accession of 20 Villages from Amany and 129 from Board's rent, and the reversion of 2 to the former head of Villages being rented for the full Olungo Berijan 100 at reduced grain, amounts at standing by the Board in their Communication 29th August 1849.

5. Of the 1148 Villages and 61 Gardens under Board's rent for Fasly 1257. 129 Villages have been carried to Olungo, 1 Garden "Olungo pent not affected by prices," and 19 Villages have reverted to Amany thereby no Board's rented Villages during the Fasly under review.

6 In the number of Cadamumbers Villages an increase of 4 and 1 Garden is shewn arising from the addition of this number from Amany and 1 Garden from Board's rent.

7 In Amany Villages a demand of 3 is exhibited in the Statement arising from the accession of 20 Villages to Olungo rent, 4 Villages to the head of Cadamumbers the reversion of 2 from Olungo and 9 from Board's rent, the number of Villages under Amany during the preceding Fasly being 62 and 1 Garden.

In

8. In the extent of land cultivated during the year under report there is a gross increase of 1,348 Valies though the net increase is reduced to 1,271 in consequence of reduced cultivation in Sitrapoondy and Munnargoody to the extent of 77 Valies from various causes.

In consequence of the favorable nature of the season at its Commencement Poonjey and Baggayet Cultivation has increased to the extent of 345 Valies above that of last year, though the crops subsequently suffered for want of rain.

9 The following Statement regarding the Produce of Arnaumy Pt. 1 ages exhibits a falling off of 11 7/16 per Cent below that of last year being 6 5/16 per cent in Car grain and 13 7/16 p.c. in Cumbu per annum.

The rains of April and May are said to have done much harm to the land by soaking it thoroughly

thoroughly at a time when it should be dry and cracked to admit the deposit brought down with the early freshes, and further damage was done to the productiveness of the Peshanam crops in particular from the want of showers at a time when the ears were coming out and a supply much required to fill them well. The Monthly reports shew that scarcely any rain fell after the early part of November till March by which time all the Crops were cut.

10 The Marginal Statement shews the prices of the Year as Compared with those of 1257 there being a decrease below the Standard of 20 1/16 p% and 16 7/10 below those of last

For Ft. St. George 11th March 1830.

year. Owing to the disturbances in Ceylon and the return of Numbers of labourers from the Coffee estates, together with the importation of arracan rice, the demand from Columbo has been very irregular, and for a time altogether ceased, that throwing an immense quantity of rice into the Tanjore Market for which no Consumers could be found inland, as most of the neighbouring districts, from the favorable nature of the season were independent of supply from without.

A subsequent demand after the close of the Fasly put the prices up a little, but the profit on the sales fell chiefly to the merchant and not the Ryot he having disposed

of

Fort St. George 11th March 1850

of his grain at a time of
when prices were low; but
many urgently required to
meet the Current demands
against him.

11. In the Land Revenue
Deiry of the Taluq under report
there is a net decrease of Rupees
11,7048 resulting from a gross decrease
by price and other causes
of 17,063 and increase by
extra Cultivation Rs.
30,015. The proportionate decrease
in the Cash fees is 5178 &
arising from a gross decrease
of 6185 and increase 1007.—

12. The total amount of &
remission granted for waste, destroyed Crops
and short produce is Rupees 47585
and a Talookwar Statement is submitted
according to the direction of the
Board in para 8 of their &
proceedings under date the 21st May.
The total amount remitted though
it is less than that of the previous

Fort St. George 11th. March 1850.

five years with the exception of 1256 (when both the prices and the season were more favorable) may stricke the Board as large, when compared with the generally favorable nature of the season, but as a set off against the regular river supply was the failure in the produce very generally for want of rain, and the continued depression of the prices throughout the district, causes, which compelled the Ryots to seek as for indulgence in many instances, which under more favorable circumstances they would not have claimed, or would the Collector have considered it necessary as to grant remission where the losses were trifling in comparison with other profits: Such however has not been the case in the year under report. All claims for remission have been duly considered and the indulgence granted where it was as justly deserved.—

13. The low lands of Heevalore situated on the borders of the large Swamp have this year been flooded to a considerable extent and the crops either entirely or partially destroyed, which

Accounts

accounts for the large amount of remission observable in this Talook.—

Measures are under contemplation for the better regutating of the surplus water from the west, which joins the Heir: chendranuddy, and endangers the low lands in the vicinity for want of water: way. The proposed works promise to answer the end desired though owing to the nature of the levels it will be difficult to ensure an unchecked drainage at all seasons.

14. The revenue derived from all sources for the Fusly under review is Rupees 46,38,782, being 1,90,605 Rupees below that of the preceding Fusly.—

Vide Statement No. 8 appended

15. Collections of land Revenue during the Fusly under report were Rs. 37,34,647 and of the balance 15,538 Rupees have since been realized and the balance left on the 1st. November is Rupees 14,312. of which the whole is realizable with

with the exception of about 5,000 Rupees, and for the recoverable portion the usual measures will be adopted.

Vide Statement No. 9 appended

16. Collections on account of old Balances during the year are Rupees 22,883— Rupees 19,533 being on account of previous Fuslies.—

Do. 17 Tuccavy advances made for the Fusly under report were Rupees 25,350 of which 24,994 were recovered within the Fusly, leaving a balance of 356 Rupees which has since been realized.

18. In the foregoing Statement I have exhibited the result of the Settlement made in hitherto Amauny villages at a reduced grain demand and I trust on the whole the Board may consider the arrangement satisfactory. In obtaining the consent of the land holders to abandon the Amauny System objections of all sorts were to be met and answered, and no pains have been spared to arrive at the real condition of the lands in comparison with the grain demand fixed on them, though perfect accuracy could not be expected, I feel confident that the interests of Government have been fully protected and no unwarranted sacrifice made in the reduction allowed from the original Olungoo standard, either in the extent of land struck off as unfit for cultivation or in the reduction of an excessive grain demand. By reference to the Statement it will appear that the Beriz fixed for the future on Punjy lands newly Olungoo rented

rented, although 17/8 per% below the standard of 1257 is 31/2 above the average Beriz realized during the 10 Years from Fusly 1247 to 1256, and 5 5/16 above that of the highest year. Including Poonjah the Beriz now settled tho' 17/8 below the standard of 1257 exhibits an increase of 25/4 above the average of ten years.—

19. In my letter and the Note book which accompanied it to the address of the Board under date the 27th September 1848 the method of arranging the future demand on the Amauny villages was explained as well as circumstances beyond any fixed rule would admit, and altho' the Board did not in all instances concur in the apparent propriety of the reduction made, I have been unable to come to any other terms with the parties who would not listen to an increase on the amount they had with difficulty been persuaded to agree to, and I have consequently left them as originally settled.—

20. The greater number of the Villages are bound by agreement to act up to the rent they have accepted until

Fort St. George 11th March 1850.

until any other settlement may be made, while others could not by any persuasion be made to agree to an unlimited change, and from such agreements have been taken as binding them for a certain number of years varying from 1 to 7.

21. Statements Nos. 11. 12. and 13 are submitted shewing the annual collection from fasly 1245 the yearly demand Collection balance from 1232 and the extent of land and basis of Field afsessment villages for 10 years from 43 to 58 - and the marginal Statement exhibits an abstract of the statement called for in the Board's Circular of the 2d July 1849 relative to the rent Rolls of the land holders, the amount of Fluctuation paid by those rated from

from 1000 and upwards bearing the proportion of 7½ per/on the aggregate payment of all the other Meerasidars-

In the Cadarumbum Villages

22 of Immanargoody Rupees 300 — 14 — 9 have been struck off the demand in consequence of the lands afsesed at this amount having been for a series of year waste, the originab owners being either dead or deserters, the re-entry of these lands in the Immanabundy answering no purpose whatever, the greater part of them being bona fide without owners and the remainder deserted. Should the absent owners ever return, their claims to resume the lands will be considered but in the mean time they will be rented to any who will undertake the cultivation for a term of years and the Meerasidar precluded from all interference should he return during the period of the rent, which has been resorted to in consequence of his desertion only

23. The lands in Tranquebar in

in Fusly 1255 were harvested under cr Amauny according to the Danish usage and in the succeeding Fusly Sir Henry Montgomery rented the lands on a grain amount fixed with reference to the outturn of 1255, the average of the previous ten years produced, and the condition of the lands.- In 1257 the same rates were observed and the Inneer afsidars have been persuaded to agree to them for the future, a standard price having been fixed with reference to that of the neighbouring villages as shewn marginally.- The increase of 4 Cash above the rates of the neighbouring villages made in the price fixed for Tranquebar is in conformity with the practice hitherto observed, the proximity of the sea port reducing the charges of Carriage for export. The annexed

	Dfs	Cash
Standard price of Trivia cutty in Paralum Talook	3	4
Of Triendayoor in Dc	3	4
Price fixed for Trangnebar	3	8

Statement

Statement exhibits the comparison of produce on which the future rent is based shewing an increase of 13 5/16 per % above the ten years averages though a large decrease as compared with the highest and second highest amount of grain ever produced in the Talook. At first sight it would seem that the proposed rent is disproportioned to the productiveness of the land, but it must be remembered that the amount of gross produce entered in the second Column is not the produce of any one year, but, the aggregate highest amounts derived in different years from the several Villages and thus lumped together - So that, as a comparison to guide the estimate of general annual produce it is little worth, the total result having been gathered from the most favored rates of produce during 10 years - The Column exhibiting the lowest amount of gross produce calculated on similar data is also exhibited for example, as are the rates per Vaily on the neighbouring Maganums of Paralum Talook, which are less by 3 and 13 than that fixed for Tranquebar.
