Sir;

Para /.

In an order of the Board of Revenue under date November 19th 1849. I am directed to furnish for submission to Government for permanent sanction, a Statement shewing the maximum amount at which the money remuneration to Village Officers in this district has been fixed.—

2. These allowances are variable, being proportioned to the Revenue of each year. There is therefore no fixed maximum; but in order to obtain a probable maximum I have taken the highest years Beriz of each Village, and have calculated the Village Officers' allowances on that beriz; and the aggregate of these forms the total probable maximum. It is very unlikely that this sum will ever be exceeded.

From the Collr of North Arcot — Offers certain observations in the case of the Mangadu Shiatriemdars with reference to the Boards Proceedings November 29th 1849 —

Sir,

1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue of the 29th November 1849 Communicating the orders of Government on my further Proceedings in the case of the Mangadu Shiatriemdars — The Government approve those Proceedings and the course recommended by me, but they order in accordance with a suggestion from the Board that if Gholam Moortoozah has no means of

of subsistence except the proceeds of this Village, a part only of his share should be devoted to the liquidation of the claims of the other shareholders.-

2. Independently of his interest in Mangand, Gholam Moortoozah enjoys a Monthly stipend of 14 Rupees, being his share of the Military Pension continued to this family after the Father's death, and he also has the disposal of 24½ rupees set apart out of the same pension for the celebration of the Father's annual ceremonies. The Shrotriemdars net share of the proceeds of Mangand amount to about 689½ years and Gholam Moortoozah's sixth share of this, will be 114 — as. 11. The arrears due by him to the other five Co-sharers being 1400 Rupees, it will take 12 years at this rate to pay them off, and if the amount available were reduced by the allotment of any proportion to Gholam Moortoozah the period would be — proportionably

proportionably extended, I am of opinion therefore that the whole of Gholam Moortoozah's share should be devoted to the liquidation of the arrears and Shares given orders accordingly.-

From the Collr of Madura. Reporting on Petitions Nos. 1742 & 1860 of 1849 and submitting Original Proceedings.

Sir,

With reference to your letter of the 4th October last I have the honor to retransmit Petition No. 1742 of 1849 with the Original Proceedings in the case of Petitioners, Inamdars of Thavoor Village, dismissed and fined for false accounts under Regulation IX of 1822:-

2. That Cultivation taxed at Rupees 223-2-9 was left out of the Public accounts till discovered by the examination of Zillahdar Coopoocooty Iyen is not denied, but the Appellants plead absence from their Village and engagement in preparing accounts from the 20th February to 10th March in the Talook, and from 11th March to 9th May in the Hoozoor - I entirely disbelieve the Statement - It is not usual for all the Inamdars

Fort St. George the January 1850

of a Village to attend at the Hoozoor at the same time for the preparation of accounts and as the Village of Thavoor is only 8 Miles from Madura the allegation that they were 3 Months away from it is incredible - There is nothing on record in the Talook or Hoozoor Cutcheery to prove their story, but on the contrary their signature is to an account dated 1st March and received in Talook on 22nd March -

3. It will be observed that my Decree does not admit that the whole Cultivation was made in March, but only that some of it took place in that Month - From the time at which the harvest took place a portion of the land concealed must have been cultivated previous to March -

4 In sending Petitioners to their Village with Coopoocooty Iyen the Head Shenotaddar did not follow a course usual as regards all Villages, but was influenced by information he had received of fraud -

The Defendants are charged -

1st With having omitted Cultivation assessed at 223-2-9 from the Public Accounts

2ndly With having omitted Cultivation assessed with Rupees 26-8-2 from the Abstract Cologoo Accounts - The same being a falsification of accounts as specified in Class 4 of the Offences enumerated in Section 2 Regulation IX of 1822

2. The 2d and 3d Defendants admit that

that the Cultivation entered in 1st charge took place and was omitted in the Accounts, but plead that it was their Gomastahs fault as they themselves were sick -

3. The 1st Defendant disclaims all knowledge of the Cultivation and pleads that he was suspended from his office on the 25th March for a fault in the Revenue Department of Police -

4. The assessment of the 1st Defendant may be admitted to a certain extent - The Cultivation appears to have taken place in March in which Month he went to the Village to make an examination which led to the inclusion of Rupees 29 in the Accounts, but as he was suspended before the end of the Month his opportunity of detecting the concealed Cultivation did not last long -

5. The pleas of the 2d & 3d Defendants are of no avail, so large an extent of Cultivation could not have remained concealed from their knowledge from some time in March till the

12th

12. May when it was detected by Coopooosoomy Iyen deputed to examine. Moreover they have been before punished for a similar Offence.

6.— The 1st Defendant having already suffered suspension of 12 Months in addition to his punishment for a Police Offence is exempted further punishment.

7. The 2d & 3d Defendants are fined 50 each under Clause IV Section V Regulation IX of 1822 or to be imprisoned in the Zillah Jail for the space of 3 Months. They are further Dismissed from their Offices.

8. The omission constituting the 2d charge could not have been fraudulent as a proper entry was made in the detailed Accounts.—

9. The 3 Malamagans are fined each 15 Rupees or to be imprisoned 6 weeks in the Zillah Jail under Clause 4 Section II Regulation IX of 1822.

To T. Pycroft Esq.re
Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated the 17th Ultimo I have the honor to state for their information and for submission to Government that the Amount of compensation ordered to be paid to the Todavurs of Kotagherry amounting to Rupees 1581-9-4 as shown in the Margin was disbursed to them at that station in my presence on the 31st December 1849 and receipt taken.

Amount due from 27th Dec.r 1836 to 11th July of 1849 or for 12 years 6 Months & 16 days at 150 Rupees per Annum . 1581-9-4

Deduct Amount paid for 1250 & 1251 . 300-0-0

Remainder . 1581-9-4

2. They were also assured that similar payment will be punctually made in future, namely

150

150 Rupees annually: 19 Todavurs were present belonging to 13 Mando, the original parties except one (deceased) whose heir appeared, they stated their intention of dividing it equally between all the Todavurs of the 13 Mando

3. Every further effort will still be made to obtain land for the construction of Barracks "with the free will and consent of the Berghers," and the result communicated to the Board in due course, tho' I fear the present very liberal donation of Government may raise the Berghers terms and expectations.

4. With reference to Para 2 of Minutes of Consultation dated 11th December 1849 & No. 1184 I would most respectfully observe that it was far from my intention or idea to "view any promise of Government as of no importance," but finding the claim on my joining the District unpaid for 7 years and nothing to guide me as to why it was so, I concluded that it had been only weighed and allowed intentionally to drop as untenable, more especially as the Todavurs' Cattle to this day graze over much of

of the land now paid for and the "Todavurs" are in truth greatly enriched by the Cantonment, and the very circumstance of their own division of the amount would seem fully to imply that they did not consider it as a Compensation due merely to the mounds in the immediate vicinity of the Cantonment.

From the Collector of Madras ... Sir,

1. With reference to the endorsement on the accompanying petition from Aboobdoolah Beg, Syed Ally and Jance Begum, No 1266 of 1848. I have the honor to bring to the notice of the Board of Revenue that the Allowance therein alluded to, which was originally granted for the performance of the duties of the Hydra Punjah at the Chepauk Palace is that formerly held by Syed Ally alias Shaw Saib Mirza Mohomed and Saheb Beebee respecting which, the final orders of the Board were communicated to this Office on

on the 15th August 1822, and which amounts to Rupees 800 per Annum.

2. Of the three parties last named Sahib Beebee died on the 3d June 1823, and was succeeded by her relatives, Janee Begum and Syed Ally.

3. Mirza Mahomed Ameen died on the 28th February 1825, and was succeeded by his son, Abeeboolah Beg, according to a Tyzulnamah from His Highness the Said is- worklitar furnished by the Government Agent at Chepauk on the 13th June 1826.

4. The Tyzulnamah provided for the disposition of the Allowance as follows.

1/4 Share to Syed Ally Alias shaw Sahib
1/4 share to Abeeboolah Beg.
1 — Do. — to Janee Begum

The petitioners complained to me on 29th May 1848 that although the debts referred to in the Tyzulnamah were already discharged in full, the share set a part for that purpose was still withheld from them, by Syed Ally alias Shaw Sahib, whilst the latter denied that the debts had been paid off wholly—

6. The parties having all agreed to the matter in dispute being referred to the proper Officer under His Highness the Nabob, I submit copy of a Correspondence, which has passed in consequence, with the Government Agent, together with a translation of the "Decree" enclosed in his letter of 17th November last, which shews that it has been decided by competent authority that the share in dispute shall be divided in equal proportions amongst the four incumbents.—

Sir,

With reference to your Predecessor's letter under date the 13th June 1826, I have the honor to acquaint you that the Fysulnamah therein alluded to, is not now to be found among the records of this Office, but it appears from a document in possession of one of the parties, which he states was received from the Chepauk Palace, that the allowance granted for the performance

of

of the duties of the Hydra Punjah was to be drawn in the proportions stated in the margin until certain debts remained unpaid, for which 1/6 Share was to be set aside.

|---|---|---|
| 1/4 | Share to | Syed Ally alias Shaw Laib |
| 1/4 | Do. to | Abeebollah Beg |

| 1 | Do. to | Jance Begum |
| 1/2 | Do. for | Ceremonies |
| 1 | Do. for | debts until repaid |

Abeebollah Beg, Syed Ally and Jance Begum say that the debts in question have already been liquidated in full and that the shares payable to the four incumbents should, in consequence, be equalized, whilst Syed Ally alias Shaw Laib denies that their statement is correct, The whole of them however agree to the case being referred to the Chepauk Palace for inquiry. I therefore request that you will be good enough to obtain the permission of His Highness the Nabob in order that the proper Officers under him may be authorized to investigate into the matter, with the view of ascertaining whether the allowance should

continue

continue to be paid at the rates originally proposed, or whether it should be distributed in equal proportions, omitting the share appropriated to the reduction of the debts above adverted to.

The reason for writing these few lines

lines is that Nawazkhan, Vakeel of Habeebollah Beg Vo. the plaintiffs presented himself before this Court, and complained stating that according to an Agreement dated 24th. suffer 1238 Hijery and a Tysulnamah / Decree / by this Court, the whole income from the Circar Vo. was divided into sixe equal shares, that 4½ shares were distributed between the Kanduns, that half share was kept for the performance of the ceremonies, and the remaining one share was given to discharge the debts of Bahader Ally Hoofsain Ally and Abbasally, the former kandins.

After the debts of the aforesaid persons were discharged the said one share should be divided again among the Kanduns, that is to say, the Vakeels parties, and Syed Ally alias shaw Saib. The said share having accordingly been paid to the said shaw Saib from the date of Agreement up to the 24th. suffer 1264 ex Hijery, the total amount of Rupees

2,937 — 8 — ", Two thousand nine hundred and thirty seven and annas eight, has already been paid to the said Syed Ally alias Shaw Saib.

The debts of the said persons were not so large as to require the continuance of the said payment for their liquidation, but Syed Ally wants the said share from the parties whereas it should be divided among the whole.

The half share was kept to perform the Ceremonies, but Syed Ally only spends a part and retains the rest in his possession. When the Vakeels parties are confirmed as share holders for performing the ceremonies, he should perform them jointly with his partners Besides, Nasor and Aulum Hyder Vo. which are now with him, ought to be kept in a separate place, so that the whole partners may attend on them.

Two pieces of land, measuring the one 20 Cawnies at Tripassoore, and the other 3 Cawnies at Arcot, were granted by

by the former Officers, but which are now in his profession They should be in the joint profession of all, according to the said Agreement

Hoosainy Beg Vakeel of — Syed Ally alias Shaw Saib, stated that Syed Ally having settled the debts of 15,000 Rupees of the late Bahader Ally Vau from his own money, he receives a share instead, and that he has had the Anlims Vau for a long time with him so that the one half share also was given to him for performing the cere: money.—

The lands were granted to his ancestors who were 40 in number and who were called Syeds. No one could interfere with them except Syed Ally.—

The Court desired the witnesses by Hoosainy Beg the Vakeel, to prove the settlement of the debts, which has not been done by evidence, Besides, some of the Creditors formerly com: plained against Syed ally in this

Court

Court. One of them, Sashagary, a Tailor, still continues to make his complaints respecting the non payment of his Debts and the others he refuses to pay so that his discharging such a large sum as he alleges is doubtful.—

The Court, therefore, ordered that one share given, on account of the Debts of Bahader Ally Shaw Vau to Syed Ally alias Shaw Saib, be divided into 4 equal shares as per former Agreement, and that the half share which was to Syed Ally for performing the ceremonies may re: main with him as well as the Anlims and Punjah Hyder Vau because the plaintiffs are not entitled to interfere in them.—

The complaints of the plaintiffs made about the Lands are quite contrary to the former agreement, which only provides for the distribution of the allowances grant: ed by the Circar and the Honorable Com: :pany Vau

Sir,

I have the honor to bring to the notice of Government that on a Report from the Tahsildar of Ossoor stating that the Polliput of Bagaloor bearing Government Peshcush Rupees 6370-10-- per Annum was ordered by the Civil Judge of Salem to be attached and sold in satisfaction of a decree passed in the Court of Sudr Udalut in appeal Suit No. 9 of 1843 in favor of Jagadagherry Gosayee for Rupees 22306-12-8, I wrote to the Civil Judge on the 22d November 1847 representing that the Polliput in question falls within the provisions of Regulation IV of 1831, and that it should not be sold in satisfaction of the decree of the Court. Although the 2d para of the proceedings of the Sudr Udalut dated 25th October 1849 quoted above specifies that the Zemindary in question is ancestral property and as such is clearly liable to be sold in satisfaction of a decree of Court, yet I addressed the Civil Judge on the 14th November requesting him to defer the sale until I should report the subject to Government and obtain their orders thereon with reference to Regulation IX of 1831

I further submit Copies of correspondence passed between the Zillah Judge, the former Collector Mr. Hargrave and the Board of Revenue from 1815 when the said Polliput was to be sold in satisfaction of the decree of the Udalut Court, and the Copies of the Cowlenamah and Sunnud granted to the Polligar in 1799 and in Fusly 1209 by General Harris and the Collector Mr. Graham, together with their translation. The Sunnud specifies the amount of Peishcush fixed

on the Polliput. The final orders of Government which the Board wished to obtain on the subject as stated in their letters are not to be found among my records.

From the above correspondence it will be observed that the Polliput in question was taken under the Circar Management in Fusly 1224, which together with the two other Polliputs subsequently attached were restored to the Poligars by the orders of Government dated 13th December 1822, and that the remainder of the Collections made by the Circar during the period of their retention under the Circar Management after deducting all charges and liquidating the demands of the Circar amounting to Rupees 96323-2-6. was also paid up to the Poligars.

In like manner I beg to suggest that the Polliput in question should be taken under the Circar Management instead of selling it by public auction in satisfaction of the decree of the Court of Sudr Udalut, and that after deducting all charges and the Circar Peishcush from the annual Collections the Polligar should be paid so much per Cent on the actual Collections

for

for his maintenance, and the remainder carried towards the liquidation of his debts.

If the Government approve of this suggestion, I will submit a list of the present collections of the Polliput together with the list of the Sibbandy required.

Sir,

I have the honor to inform you that the Tahsildar of Ossoor has brought to my notice that the Polliput of Bagaloor in that Talook has been attached by a Precept from your Court on account of a sum of Rupees 22,306-12-8, due by the Pollipgar to one Suggadavas-girie-gosaye, and it moreover appears that the Polliput is about to be sold by auction.

Referring to Regulation IX of 1831 enacted to secure to grantees, grants of money or of Land Revenue conferred by the Government for services rendered to the state &c. and to prevent the liability of

of their being diverted from that purpose to the use of persons who have no claim on the state and act XXXI of 1836 extends the provisions of the above Regulation to similar grants made by any Native Government, which have been confirmed and continued by our Government, and which is the case with the Polliput in question. Section III Regulation IX of 1831 states, that these grants are not to be attached by any Decree of Court except for personal debts &c. of the holders. this section however is repealed by act No. XXIII of 1838, which enacts, that "such grants shall "not be liable to attachment or sequestration in satisfaction of any decree or order of Court whatever." Under these circumstances, I am at a loss to conceive by what Regulation the Polliput has been attached and about to be sold, and request you will be good enough to inform me, as also by whom the Kist against the Polliput, which is to commence in December, is to be made.

Fort St. George 28th January 1850

To

The President and Members of the
Board of Revenue
Fort St. George

Gentlemen

Para 1. I have now the honor to transmit for your consideration Extract from the Proceedings of the Court of Adalut of the Zillah of Salem under date the 2nd January 1816.

2. In order that your Board may the better be able to judge of the expediency of resorting to a sale of the Pagaloor Polliem I shall briefly relate what has occurred in regard to the attachment of the same for non payment of tribute to Government.

3 The Decree of the Court came to me about the end of March 1815 when there was an arrear of tribute due from the Polliem Amounting to star Pagodas 1002 and upon its attachment it was found that the Poligar had collected the revenue for the remainder of the Fusly 1224 which made the demand of the Circar upon him Amounting

amounting to Star Pagodas 1547-8-4.½ consequently could not think of letting the Pollicm go out of my hands while so large a demand of Government remained unsatisfied and being also aware that by keeping it under my management in Fusly 1225 I should not only realize the tribute of that year but also secure a good sum towards the liquidation of the arrear of the preceding Fusly.-

4 I beg leave most decidedly to dissent from the inference drawn in Para 7 of the Extract from the Courts proceedings for up to the present time the collections of the Current Fusly only amount to Star Pagodas 380-"-" for which credit is given in the arrear for Fusly 1224 consequently I look upon my seizure of the Pollicm to be as good as ever and when I have realized sufficient of the collection of 1225 to answer to the demand for 1224 I conceive I am entitled to retain the Pollicm if there is not enough to liquidate as Current as well as past demands, if not the realization

realization of the tribute for the present Fusly appears very problematical.

5 It is for your Board to determine whether the Pollicms answer to the kind of land described in Regulation XXVII of A.D. 1802 and at all events I beg leave to recommend that no sale of the Pollicm take place till after the settlement of 1225 for the Current Fusly has been finally arranged by me and as far as I can judge at present the eventually retaining it under the Collectors Management until all demands are satisfied appears to be the least objectionable plan to be devised and certainly a more likely one in the end to be satisfactory to the Plaintiffs in whose favor the decree is made.-

6 To conclude I take the liberty to offer it as my opinion to your Board that the suggestion contained in Paras 6 and 7 of the Extract from the Courts proceedings of resorting to frequent offers of the Pollicm for sale appears to me but ill calculated to answer the desired end

end and would I am confident have the effect of depreciating the value of it.-

Daramsoory 9th February 1816.

/Signed/ E. R. Hargrave
Collector

Extract from the Proceedings of the Court of Udalut of the Zillah of Salem under date 2d January 1816.

Reconsidered return dated 12th December 1815 by the Collector in the Zillah of Salem to the Extract dated 24th October 1815 from the Proceedings of the Zillah Court of Salem in which return it is stated that arrears of Peishcush are due on the Polliem of Bagalore to the Amount of Star Pagodas 1547 fanams 8 Cash 1 for fusly 1224 and the total Paishcush for the present fusly 1225 and that as soon as the Summah: lundy for the last mentioned fusly has been settled on a consideration of its /Summahlundy/ amount it will appear when the decree can be carried into execution.-

2. On a consideration of the above it appears very doubtful if ever the decree can be carried into execution and therefore the Zillah Judge request the

the Collector in the Zillah of Salem will under Regulation XXVII A.D 1802 without delay obtain the permission of the Board of Revenue to put up to immediate sale a part or the whole of the Polliem as may be conceived adequate to realize the Amount of the Decree on the following condition or conditions which may with as little delay as possible effectuate the realizing the Amount decreed.

3. First that the sale shall not be valid or possession given to the bidder unless the Amount bid and paid in be sufficient to make good to Government the arrears and interest charges &c. as may be due on the Peishcush for the following fusly or fusles at the time of the sale and that the purchaser is to be answerable for the three following Fusls as they become due.

4. Secondly but as under such consider=ation the Amount sales having just covered the arrears due to Government might leave no=thing to satisfy the Decree it appears proper that a further

further provision should be made that such sale also be subject to the option of the persons entitled to recover under the Decree whether they think proper to declare it /the sale/ valid or to continue the Pollion under attachment until some future sale

5th Thirdly by the sales thus depending upon two options Viz.t first that of the Circar and secondly that of the persons entitled under the Decree it is further necessary to obtain a power from the Board of Revenue to put up to sale the parts or the whole of the Pollicm from time to time at stated periods such as Monthly or Quarterly as may be deemed expedient by the parties entitled under the decree until a sale realizing the amount of the Decree can be obtained..

6th After some experiments have been made of putting up the whole or part of the said Pollicm to sale in the aforesaid manner and conditions and it should appear that no price should be bid sufficient to realize to the persons entitled under the decree the amount

decreed to them it will remain for consider-ation whether the Pollicm might not be kept under attachment and the Surplus of the receipts above the settled Peishcush be carried to liquidating the Amount of the Decree..

7th The Judge in the Zillah of Salem has further to observe that the Decree having on or about 21.st March 1815 been transmitted to the Collector in the Zillah of Salem for execution and thus before any Peishcush for the present fusly became to the persons entitled and the decree may object to their demand been post-poned to the demand of the Circar accruing during a time when nothing was done to execute the decree for the execution might have been attempted before any part of the Peishcush of the present fusly became due..

The Government Vakeel in behalf of the Collector in the Zillah of Salem begs leave to represent to the Zillah Court of Salem that the Collector has had the honor to receive an extract from the Proceedings of the Court under date the 2nd January

January 1816 requiring him under Regulation XXVI of 1802 to obtain without delay the permission of the Board of Revenue to put to sale a part or the whole of the Polliem of Bagaloor in satisfaction of a Decree of the Court.-

The Collector has duly communicated on this subject with the Board of Revenue and is directed to state to the Court that the Board of Revenue cannot authorize the sale of any Polliem or Estate under the provisions of Regulation XXVI of 1802 unless the demand of the Government thereon shall have been previously fixed in perpetuity under the provisions of Regulation XXV of 1802. The Public assignment on the Polliem of Bagaloor has not been so fixed the Polliem is not an alienable property of the Poligar - it has not been confirmed to him by any instrument - he holds it during pleasure and the Board are therefore of opinion that it cannot be sold

sold in satisfaction either of public or private demands on the Poligar.-

The Collector further begs leave to add that so soon as the arrear of Peishcush at present due from this Polliem shall have been liquidated he has received orders preparatory to some final arrangement respecting it to continue to retain it under annary Management paying a Malikana of 10 Per Cent of the net collections to the Poligar this Malikana when due will of course be held at the disposal of the Court in satisfaction of any decree against the Poligar should it deem it expedient to issue a precept to that effect to the Collector.-

Extract from the Proceedings of the Board of Revenue under date the 11th April 1816.

Extract Para 72 to 79 inclusive to Government 3d August 1815.
Extract Para 18 to 20 inclusive of the Minutes of Consultation in Mr. Secretary Hills letter of the 23d July 1816.

Para 33. Ordered that a Copy of the correspondence noted in the Margin be transmitted for the information and guidance of

of the Collectors in Nellore, Salem and Coimbatore and that when any of the unsettled Polliems in these Districts may fall in arrear the Collectors be directed to assume and retain them under amany management granting to the ejected Poligar a Malikana of 10 Per Cent on the net collections from the Polliem.-

34 The Collectors abovementioned as well as Mr. Peter in assuming the management of any of the unsettled Polliems as directed in these Proceedings will be careful to explain to the ejected Poligar that it is merely a temporary arrangement in order to ascertain the real value of the Polliems preliminary to the final settlement of the Polliem on which subject the orders of the Company will be obtained and hereafter communicated to them.-

Polliems and 6 Estates of Dindigul.-

Having explained the settlements effected on account of the four

four last Fusilies in the Province of Madura and the 29 Estates of Dindigul that reverted to Government on the failure of the permanent settlement we now proceed to the consideration of the other branch of the land Revenue or that derived from the Polliems of Madura &c Dindigul Manapara Ramanad and Sevagunga and from the six Estates of Dindigul which remain in possession of the Zemindars.

73 The Right Honorable the Governor in Council will have perceived from the former part of this address that although the Government demand has been fixed in perpetuity upon a part only of these lands the amount of the settlements for each of the four Fusilies under notice has been the same on all Viz.t

6 Polliems of Dindigul 16327 - 30 - 11

6 Estates of Dindigul 17844 - 25 - 70

From Mr Burdo dated 20th July 1802
From Mr Parish dated 8th June 1804

74 From the Collectors reports on the settlement of the revenues for Fuslies 1211 and 1213 it appears that previously to the latter year the survey commenced by Mr Burdo in the District of Dindigul was extended by that Gentleman and Mr Parish his successor to the 10 Polliems of Madura the 14 Polliems of Dindigul and the Polliems of Manapara and that the same mode of Assessment was followed with respect to these lands as with respect to those of the Sirkar except that in these Polliems the rates of teerva were in some instances rather lower than in Sirkar villages. It further appears that in lieu of the inadequate and irregular peishcush formerly collected from the Poligars of these districts a Settlement was then formed with

Fort St George 28th January 1850

them for Fusly 1213 regulated by this survey- On the principle of taking the survey valuation of the Collections from Nunjah Poonjah and Swar- -nadoyem at 100 per Cent and of this granting 30 per Cent to the Poligar the remaining 70 per Cent being the revenue payable to Government

75. On these grounds the Settlement for Fusly 1213 was fixed as follows.

| | | Rs | F | C. |
|---|---|---|---|---|
| 10 | Polliems of Madura | 7969 | 4 | 74 |
| 14 | Do of Dindigul | 37237 | 31 | 56 |
| 6 | Do of Manapara | 27726 | 35 | 15 |

and with the exception of a difference of a few fanams for which we cannot satisfactorily account this has continued ever since to be the annual demand against these Lands.

76. At the period when this arrangement originally took place it was fully intended to extend to these Polliems the permanent Settlement on the Zemindary tenure but whether in consequence of the Collector

Collector having neglected to submit the previous report necessary for this purpose or in consequence of the discussion which subsequently arose respecting the necessediency of extending that system it does not appear that this intention has ever been carried into effect the result has been is that although the demand on the Pollams in question has since continued invariably the same it has not been considered regular and legal on the occurrence of arrea to enforce the Regulation of 1802. The public demand upon these lands not having been fixed in perpetuity no one will buy the lands because the Assessment on them is liable to alteration at the option of the Government and it would manifestly be unjust to hold the Poligars responsible in their property and persons for an Assessment which on due investigation may be found greater than the resources of the country will justify.—

Until

Until we receive the orders of
77. Government in reply to this address it is our intention to desire the Collector on the occurrence of an arrear in any of these pol-liems to assume the lands and retain them under Amany Management allowing the Poligars a Malikana of 10 per Cent on the net Collections but as it appears desirable that some definitive arrangement should be adopted with regard to the future manage-ment of these lands we request to be favored with the orders of Government respecting them.

78. The Governor in Council may per-haps be disposed to extend the principles which were adopted in settling permanently the revenue of the Pollam of Poonganoor to all other Pollams of which the Jummah is not yet fixed.

79. Besides the Pollams above mentioned, there are several others in Combatore, in Balaghaut and in Nellore in similar predicament and the decision of the Government on the particular case now sub-mitted will therefore involve the general question respecting

respecting the whole of these lands.-

Extract from the Minutes of Consultation dated 23d February 1816.

Para 18- The Board of Revenue go on to report on these parts of the districts in which the Settlement has from year to year remained the same. They consist of ten Polliems of Madura fourteen Polliems of Dindigul and nine polliems of Maneapara which are not permanently settled and of the Zemindaries of Ramnad and Sevagenga nine polliems and nine Estates in Dindigul which have been settled in perpetuity.

19. It appears that the polliems temporarily settled were surveyed in the same manner as the other lands of the District/ the teerwah only being fixed at a somewhat lower rate/ and that engagements were entered into with the Polleagars under which they were to receive thirty per Cent of the collections from Nunjah Poonjah and Soornadayem and seventy per Cent was to be the revenue of Government

This

This allowance to the Polliagars was fixed on a favorable scale as that granted to the Zemindars who purchased Estates was only sixteen instead of thirty per Cent of the collections. Under these engagements the rent of the 10 Madura Polliems was Pagodas 7969-4-74 that of the fourteen Dindigul Polliems Pagodas 37237-31-56 and that of the nine Manapara Polliems Pagodas 27726-35-15, which have respectively continued to be the demands on those polliems since July 1213. At that time it was intended to settle them in perpetuity but the intention without being abandoned did not take effect in consequence of which it has been considered as it certainly is illegal to attach and sell the polliems for arrears of revenue The Board of Revenue on the other hand consider that it would also be unjust to hold the Polligars answerable in their persons and property for such arrears which are due on an over assessment of the lands.

20. The Governor in Council concurs

concurs in the view of the Polliems taken by the Board of Revenue and authorized the Collector to take under Amany such of them as may hereafter fall in arrear and to allow a Malikana of 10 per Cent to the ejected Poligars. The recommendation of the Board that those polliems and others under similar circumstances in Coimbatore Balaghaut and Nellore should be settled in perpetuity on the same terms recently granted in favor of the Poor-ganoor Poligar will be submitted to the favorable consideration of the Honorable the Court of Directors".

Gentlemen

Para. 1. The Poligar of Bagaloor has addressed an arzee to me requesting to have his Pollum given up to him, at present there are no demands of Government against him but there are Decrees against him for Rupees 11122 - 12 - 8 from the Southern Provincial Court of Appeal which the Poligar states he is prepared to pay immediately provided he is put in possession of his Pollum.

2 Under the instructions I have formerly received from your Board regarding all the Pollums, I cannot of course surrender the Bagaloor Pollum even though all demands against the Poligar were liquidated, but in compliance with his wishes I have deemed it proper to communicate to your Board the proposal

I am directed to acknowledge the

the receipt of your Secretary's letter of the 21st of October (524) with extract of your proceedings on the Settlement of Salem for fusly 1231. The Honorable the Governor in Council entirely concurs in the observations which you have recorded, and trusts that they will meet with the Collectors attention. There seems reason to attribute the decrease of the Settlement to an unfavorable season and to other causes which it may be hoped will not produce the same effect in future years. It is highly satisfactory that the Collections, leaving so small a balance, have been made without any instance of distraint or imprisonment and that so great a number of the old potails have returned to the Noadahs which have come under amany management.

2. The Governor in Council fully approves of your proposal that the pollems of Bagaloor, Soolagherry and

I am directed by the Board of Revenue to acknowledge the receipt of the Extract Minutes Consultation of the 3 and 4th Instant transmitting to them, for their early report on certain communications from the Collr. of Salem, relative to the sale of the Bagalor Poliput in his District.-

Canteroy Pagodas 2150 - 1 - 0 are equal to Rupees 6241 1/2. the Peishcush now paid is Rupees 6340 - 10 -. The Board are unable to account for the difference Rupees 99 - 8 - but it probably arises from some addition for Mothulpha Russoums &c.

cession of the Baramahl the Bagalor Poligar who had been ejected by the Mysore Government was reinstated and a Summud was issued to him by Captain Graham under date 20th December 1799 in which the Peishcush was entered at 6 Pagodas 2150 - 1 - 0. It appears to have been intended that this Pollium in common with others similarly circumstanced in the same District and in Madura Coimbatore and Nellore should be permanently settled under the Provisions of Regulation XXV 1802. but the intention was not carried out. The Bagalore Pollium have however continued in the same family and is held at the same Peishcush as that imposed in 1799. Orders have recently been issued for the sale of the Pollium in satisfaction of a Decree obtained against its present holder. The Collector of Sal-

Fort St George 28th January 1850

Salem has opposed the sale on the ground that the Estate falls within the scope of Regulation IV 1831 and is therefore exempt from attachment and sale under legal process, but the Judges of the Sudr Udawlut have overruled the objection deciding that the Zemindary is ancestral property and as such clearly liable to be sold in satisfaction of a Decree of Court, and have directed that the sale be proceeded with forthwith.

3

It does not appear to the Board of Revenue that the Bagaloor Pollums can be regarded as properly falling under the provisions of Regulation IV 1831 and Act XXXI 1838. It cannot be said that this and similar Pollums were conferred by the British Government as personal or hereditary grants of land revenue in consideration of past services or in the way of Pension or compensation or that they were meant to be confined to the families of the grantees. On the contrary there is reason to believe that these properties on their coming under the British rule were intended to be settled in perpetuity under Regulation XXV 1802 in which case

Regulation XXV 1802 Section VIII

case the Estates would have been liable to alienation by sale, gift or Mortgage in any manner not prohibited by the Hindoo or Mahomedan Law. The Pollums were continued or restored by the Company to their previous holders partly perhaps in reference to their former enjoyment but chiefly as a revenue & political arrangement as regards Bagaloor there is nothing in Captain Grahams Summud to show that it was restored on account of prior services or at a favorable rate of Peishcush. The principle on which the public demand upon it was fixed in 1799 cannot be ascertained from the records of this Office but it is known that the assessment upon the temporarily settled Pollums in general was not lighter than that upon those settled in perpetuity.

For the Madura & Dindigal Pollums see Board to Government 5th November 1849 P. 16-17-18

4

In their letter to Government of the 3d August 1815 Para 16 the Board of Revenue observed in reference to the temporarily settled Pollams of Madura and Dindigul that as the intention to settle those properties in perpetuity had never been carried into

into effect "the result has been that alth
"the demand on the Pollums in question has
"since continued invariably the same it
"has not been considered regular and lega
"on the occurrence of arrears to enforce the
"Regulations of 1802. The public demand
"upon these lands not having been fixed

"cause the assessment on them is liable
"to alteration at the option of Government
"and it would manifestly be unjust to
"hold the Poligars responsible in their prope
"and persons for an assessment which on
"due investigation may be found greater than
"the resources of the country will justify"
In these remarks the Government Extract
Minutes Consultation 23d February 1816 Para
20 seem to have concurred. Nevertheless in the
years 1844/5 these views were lost sight of
and several of the temporarily settled

5. The sale of the Bagaloor Pollium in satisfaction of the Courts Decree does not secure to the Board to be barred by Regulation IV. 1831 and Act XXXI 1838. The only grounds on which it could be resisted, would be those taken on a similar occasion in 1816 Viz. that "as the public "assessment on the Pollium has not been fixed "in perpetuity under Regulation XXV of 1802, the "Pollium is not an alienable property of the "Poligar, it has not been confirmed to him by "any instrument and he holds it during pleasure."

Motion by Govt. Vakeel in Salem Court in Enclosure No. 2 in Coll.r's letter.

The papers submitted by the Collector with his letter in illustration of the position of Bagaloor as a temporarily settled Polli. um, do not seem to have been laid before the Court of Sudr Adawlut, who appear to have passed their orders of 25th October 1849 on a perusal of the translations of the native documents i.e. Summud of Captain Graham and letter of General Morris

It will however be embarrassing to assert the non-liability of the Bagaloor Pollium, to sale for the satisfaction of private claims when other properties on similar tenure have been sold or ordered to be sold in liquidation of the public demands. Such a measure moreover does not seem called for by regard to the Poligar himself, who can have no just cause for complaint, if his property be made answerable for the debts which he has contracted and which he probably has incurred in some degree from the credit enjoyed by him as its apparent owner.

On the whole, after giving to the subject their best consideration, the Board of Revenue are of opinion that it would not be advisable to oppose the sale of the Bagaloor Mootah as ordered by the Court of Sudr Udalut. It is however plain, that the under cannot, in right of his purchase, acquire a better position, than that hitherto occupied by the present Poligar and that the rights of Government as to the continuance of the Estate on its existing Peishcush or even on its existing

existing tenure, will be the same under the new as under the old holder. It seems but fair to all parties interested that this circumstance should be duly notified at the time of sale, if the sale has not already taken place.

Considering the immediate object in view, which the Collector of North Arcot describes was to obtain increased security to the property and persons of Travellers, the Right Honorable the Governor in Council is willing to admit that the present is an occasion which justifies a departure from the ordinary rules for Cowle grants. He agrees however with the Board of Revenue that subsequent to the termination of a five years free holding the Assessment proposed should either be according to the existing rates of the Village or if no Assessment exists that it should be fixed according to the mode of taxing unassessed lands which obtains in the District. In accordance with the views so expressed by the Board as relating to dry lands and to the principles they advocate for regulating ex the

From the Collectors of Chingleput

Submitting the usual Statements shewing the extent of Cultivation Revenue Collection and Charges of the Shrotrium of Pattoocaud for Fusly 1258 A.D. 1848-49.

To E. J. Pycroft Esqre. Secretary to the Court of Wards Fort St. George.

Sir, I have the honor to submit the accompanying Statements shewing the result of the management of the Minor Shrotrium of Pattoocaud for Fusly 1258 A.D. 1848-49 prepared according to the forms prescribed in the proceedings of the Court of Wards under date the 20th January 1848.-

2. From the comparative Statement A. exhibiting the actual cultivation and revenue derived on each description of land during Fusles 1257 and 58, the Court will observe that the revenue of the past Fusly amounted, after all remissions, to Rupees 4,654-as. 15-5, or Rupees 134-9-2 below the revenue of the preceding year. In examining this Statement more in detail, it will further be observed that the chief causes of the decrease arose in 31-8 5/8 as. of Poonjah land cultivated in the preceding year being left unsown in

in the one under review and of a decrease of Rs. a. p. 57-8-6 in the net revenue derived from the wet lands, and it will not escape notice that although there was an increase of 24-5/8 cs in the extent of wet land cultivated with a first crop, there was at the same time a decrease in the beriz on it of Rupees 9-3-10 shewing that some of the higher assessed lands had been abandoned for those bearing a lighter assessment. The teeva on the lands of this Village are I consider, on an average higher than in the neighbouring Villages; but this Village is one of those transferred from the District of North Arcot, and the sources of irrigation good. There was also a decrease in the extent and assessment of land cultivated with a second crop, partly arising from the depreciated value of all grain produce offering small prospect of remuneration for the labor of raising the crop, and

partly from the failure of the early or South West Monsoon.-

3. The Comparative Statement B exhibits the ayacut and extent of land taken for cultivation at the commencement of the year, and the amount of remissions in the past and preceding Fasles. As the settlement in this Straticum has been conducted on the same system as that pursued in the Government Villages, it will not, I imagine, be necessary for me again to point out how the amount of apparent remissions has been increased by the late adoption of the Cabooleatee as the basis of the settlement. To this cause may be assigned the apparently great increase in the amount of remissions, but the greater portion of which in fact is the rent of lands that ought not to have been entered in the cultivators agreements. Excluding the remissions on lands so entered in the agreements, and which were left uncultivated, the amount of

Fort St. George 28th January 1850

of remissions in the past Fusly exceeded those of Fusly 1257 by Rupees 17 a p 9-11 only, and the amount under each head is exhibited in the margin. These remissions do not appear to call for any lengthened remark except that I would beg to notice that the increase of remissions on account of Bhoga Cummy may be attributed to the deficiency of the early rains - some of the lands entered in the survey accounts of these Villages as assessed with a consolidated two crop teerwa can only be cultivated with two crops when the rains of the South west or petty Monsoon are sufficient for the first crop to be one of Poledical cultivation - These rains during the year under review having been light and scanty, the lands were cultivated with a single crop only, and hence the increased remissions -

of any kind outstanding in this Shrotrium, the revenue of the past and preceding years having been realized in full, and no Peishkush is due to the Government - The gross collections of this Shrotrium since it came under the management of the Court of Wards amounted, as shewn in Col. 4 Statement E, to Rupees 23,714 - 4 - 2, and the disbursements in Col. 12 to Rupees 15,508 - 8. Of this sum Rupees 1,225 have been laid out in the purchase of a house at Cottorcaud with the sanction of the Board, and Rupees 41 - 8 - have been incurred for the entertainment of temporary servants found necessary for the protection of the crops, and the efficient realization of the revenues of the Estate in the past Fusly. -

5. The remaining profits to be credited to the Minor as per

Col.

Col. 13 after deducting the excess charge Rupees 10-4-5 incurred in Fusly 1255 amounts to Rupees 8,206-3-6, which together with the interest of the money invested in Company's Securities, being Rupees 425-11-5, makes a total sum of Rupees 8,631-14-11 of this Rupees 7,042-12-11 is invested in Company's Securities, and Rupees 1,427-7-1 is on hand, and Rupees 161-10-11 with the account=ant General.-

6.- The young Minor waited upon me a few days since, but I regret to say has not advanced so much in his education as he ought to have done since the period of my last report, which his relatives under whose, immediate care he is, excuse on the grounds of his having been unwell for the last two months. They have been desired to enter him at the High School under

pain of having the lad taken from under their charge, but re=quest a delay of 3 months, when they promise to send him there, and which I propose with the Court's approval should be car=ried out.-

From

Proceedings thereon Relative to the settlement of the Minor Estate of Astoocaud in the District of Chingleput in Fusly 1258.

(52-53)

From the foregoing Report and its accompaniments the Court observe that the settlement of the Astacaud Estate for Fusly 1258 fell below that of the preceding year by Rupees 134-9-2, owing to a decrease in the cultivation of Poonja land. the relinquishment of some of the higher assessed Nunjah lands for those bearing a lighter assessment - and a diminution in the extent and assessment of land cultivated with a second crop in consequence of the low price of grain and failure of the N.W. Monsoon, to which latter cause the excess of Rupees 17-9-11 in the amount of remissions over that of Fusly 1257 is also attributed.-

2. The net settlement for the year under review amounted to Rupees 4,654-15-5 the whole of which has been collected.- The Court noticed with satisfaction that the revenue of the preceding years has also been realized in full, leaving no balances whatever outstanding.

The

3. The disbursements of Fusly 1258 were in the aggregate Rupees 3,664-4-- exceeding those of Fusly 1257 by Rupees 126-8-- The excess arises from the authorized purchase of a house for Rupees 1225 as a future residence for the Minor Shrotriumdar, and from the entertainment, in addition to the fixed Sibbendy, of temporary servants found necessary for the protection of the crops and the efficient realization of the revenues of the Estate at a charge of Rupees 41-8-- -

After deducting

4. all the expenses of current Rev=enue, charges of management maintenance of the young proprietor &c. there remained to his credit at the close of the Fusly Rupees 1,589-2-- of which sum Rupees 1,427-7-1 are stated to be on hand and Rupees 161-10-11 with

with the Accountant General.-

5 The Court regret to learn from the concluding Para of the Report, the little progress made by the Minor in his studies during the past year, and they approve the Collector's proposal to have him entered at the Madras University.-

Resolved that copy of these Proceedings be forwarded to Government and to the Collector in reference to his letter of 12th December last.-

Resolved also that copy of the Court's Proceedings dated 22d January 1849 on the Settlement of Fasly 1257 be submitted to Government

Males 3,257.

Females 2,411.

The increase in the Houses and Population is chiefly attributed to the favorableness of the season which enabled the community of the District to add to and enlarge their houses and to increase the number of their community by the return of the deserted Weavers and their families to the District. The increase in the number of Cattle is also attributed to the favorable State of the season.

6. Of the 125 Wells shewn in the Column of Increase there are some constructed without permission near the Kistnar sources of irrigation, in direct opposition to the Rules contained in the revised Cowlenamah consequently the lands cultivated under them have become liable to fusle Jaunty herewith. But those constructed by permission have not been taxed with fusle Jaunty. There is also a Tank newly built by the ryots of the Curpumpetty village in the Talook of Nuncub, which forfeited the indulgence of the permission stated above, on account of its being constructed without permission.

Season. 7. The Season under review was more favorable than in the preceding year, though the fall of rain in the three Talooks viz.t Kistnagherry, Ossoor and Denkencottah was very scanty so as to affect their Nunjah cultivation. In April and May rain had fallen partially in all the Talooks, but in April five Talooks received no rain - Till Bajera, and Janady had been sown. The Nunjah lands irrigated by river channels, and those under tanks and wells, were well cultivated. Daramporry, Kistnagherry, Denkencottah and Ossoor in July proved beneficial to the Poonjah crops then on the ground, Nunjah lands under tanks which had received a small supply were brought under cultivation. In the months of August and September

8. rain fell in all the Talooks, but the tanks of Seven Talooks noted in the Margin received half and three quarter supply of water respectively, and proved beneficial to the Nunjah crops. The Tanks of five Talooks received a scanty supply, but those in Denkencottah and Ossoor received none: the Poonjah crops such as Raggy &c.a were in a thriving state. In the months of October, November and December, some Talooks received half or three quarter supply, and others received very limited quantity: however it proved beneficial to Nunjah and Poonjah. There was no rain in January. A great portion of Nunjah and Poonjah was reaped, but Buller, Dholl, and Oil-seed, failed in some places. No rain fell in February. In the month of March partial rain fell in the Talooks of Salem, Senkerrydroog, Raizepoor and Trichengode; but was insufficient even for the preparation of the Poonjah

Poonjah lands. The first crops of Kunjah and Poonjah were reaped, the second Kunjah crop depending on river Channels was in a good condition. A great portion of Kunjah lands in Ossoor, Denkencottah and Kistna=gherry Talooks was left waste, owing to the Tanks having received no supply of water. Although the Cultivation of Kunjah was so little affected the produce of Poonjah which was was above that of the preceding fusly counterbalanced the deficiency.

Extent of Land Cultivated.

As the Poonjah crops received their regular supply of rain in the year under review, the extent of Cultivation exceeded that of the preceding fusly by 33,373-11-4. which produced on an average 3/4 crop. The cause of the decrease in Punjah is shewn in the latter part of the preceding para.

10. The Marginal Abstract exhibits the amount of Cultivation under its different heads as compared with that of the former fusly, and shews that the net increase in the Poonjah is Acres 33,373-11-4 bearing Teerwah Rs. 42,614-15-7 after deducting the gross decrease from the gross increase Acres 7,3468-8- bearing a Summah Bundy Assessment of Rs. 9,3477-1-6.

Here

Fort St. George 28th January 1850.

There is a small net Increase in the Punjah garden = Acres 28-38-5 assessed at Rupees 263-13-7 after deducting the gross decrease from the gross increase = Acres 40-19-2 bearing Teerwah Rupees 407-11. The increase in the Cultivation of the former was partly from the Podoogal land coming under cultivation, and partly from the Garden land reverting to its original Poonjah Cultivation, and Cowle arriving at full Teerwah. The increase in the latter has arisen from the Areca and Cocoanut gardens formed in the Punjah lands of the Salem, Denkencottah & Co. Talooks having commenced to bear in this year.

11. There is a falling off in the Poonjah Garden of Acres 244-36-15- bearing Teerwah Rupees 1024-9- in the 9 Talooks noted in the Margin, from the following causes Viz.: From Poonjah Garden reverting to Poonjah. From lands relinquished both by Jody Razeenamah and by the deceased deserted, and Padar Ryots. The decrease found in remeasuring the lands is also included in the above.

The decrease in the Nunjah was occasioned chiefly in the Taluks of Ossoor, Denkanosttah and Kistnagherry-

13. From the undermentioned Statement it will be observed that the decrease in the prices of Grain of every description is great, which is principally attributed to the favorableness of the season-

Agreeably to the provi-
=sions contained in Para 2 of the re-
vised Hoobunnamah, Razenamahs
were received from those who relinquish-
=ed both good and bad in discriminate-
=ly. The Jody Razenamah accounts
of two Villages called Ponarumputty
and Mangoopa in the Salem Talook
are herewith forwarded for the in-
formation of the Board.

47. When a ryot who relin-
=quished his land subsequently cul-
tivated a portion of it he was
subjected to the payment of the
full Cundayam; but ryots unconnected
with those who relinquished them
are permitted to take up any portion
of the land so abandoned without
any restriction as mentioned in
Para 8 of my Report dated 23d
November 1847.

Cultivation of Sugar Cane. 48. With reference to the
latter part of Para 7 of the proceed-
=ings quoted above, the total extent

assessment is ex-
=hibited in the
margin, the accom-
=panying Statement
No. 20 will shew the particulars
of it. The Sugar cane cultivated
in Nunjah land pays Nunjah
teerwah, and that cultivated
in Garden land pays Garden
teerwah; but when it is cultivated
in Poonjah land by the aid of
the Circar sources of irrigation
Nunjah is generally imposed.
During Tippoo Sultan's govern-
=ment it is stated that Vara-
=cum or half the produce in
kind was paid to the Circar
when Sugar cane was cultivated,
but from the time of the Pymash
Settlement one uniform system
has

Fort St. George 28th January 1850.

has been observed as stated above.

49. In reply to the latter part of para 11 of the Extract from the Minutes of Consultation under date the 7th August 1849 conveyed in the Board's proceedings of the 13th August. I beg to state that Ranjepoor being the neighbouring Talook of both Trichinopoly and Coimbatore, and the Jaggery produced there being of a superior quality the Merchants of those places are in the habit of purchasing it. I at the same time beg to observe that though the produce of this article in the District is barely sufficient for its own consumption, the exportation of any portion of it to the other districts cannot be prevented as they do or Merchants would always wish to sell it to advantage; and where there is a demand for this

this article in another district they benefit by it.

Collection of Balances.

50. In Para 5 of the Minutes of Consultation quoted above it is stated that "it would appear that no great exertion is made by the local revenue officers after the year has passed away in the collection of balances, and the Governor in Council desires the Board to call the particular attention of those officers to these observations." I therefore beg to assure the Board that every exertion has been used in realizing the old as also the new balances, and the Tahsildar have always been instructed that the collection of the year should be made to the utmost practicable extent within the year. The old balance up to fusly 1255 which was considered irrecoverable and required to be remitted as shewn in Para 29 of my report for fusly 1257, amounted to Rupees 16,936-11-1; but the sanction of Government dated 26th September 1848 was received to remit the amount of balance of Rupees 16,648-14-10 shewn in Paras 38 and 39 of the report for fusly 1256, of this latter amount Rupees

* Para 38 - 487-11-9.

Rupees 553-9-3 were collected before the receipt of the Sanction in question: although this amount reduced the balance to a small degree, yet a portion of the amount which was first considered recoverable and subsequently proved to be irrecoverable, being added to it, the irrecoverable balance for fusly 1255 as shewn in the report quoted above amounted to Rupees 16936-11-1. In likemanner the irrecoverable balance of fusly 1256 shewn in para 30 of the report for fusly 1257 amounted to Rupees 13,453-1-1, which subsequently increased to Rupees 13,853-14-11 as hereunder shewn.

Statement of Extra Revenue.

I here beg to state that a State- 53. ment shewing in detail the various items of Sewoy Jummah collection and the Balance called for in your Circular letter of the 12th July last will be forwarded with my report on the settlement of the current fusly- I am unable to forward it with this report, in consequence of your letter requiring such details in the shape of a Statement having been received after the expiration of the fusly-

With reference to para 54 of the Sub. Collectors report a register of the fall of rain throughout the season might be introduced with advantage and little trouble in the settlement reports, as the common rain-gauge is easily made and the registry could be kept at the cutcherry stations

stations, but to be of any practical utility the returns should be required from all the Districts, and frequently published as undoubtedly they would indicate a prospective decline or rise of prices, and the monsoon seasons might be submitted to the Board with the monthly reports of the seasons.

Paras 15. 17 Cultivation from Wells.

55. The Sub Collector adverts forcibly to the great advantages of encouraging cultivation from wells as an alleviation in seasons of scarcity, and the gradual increase mentioned in para 33 of this report shews that the ryots are fully sensible of the benefits of this species of cultivation from so many wells being sunk in the vicinity to sircar sources of irrigation and liable to fusel Fausty assessment most stringent orders have been repeatedly issued to the Talooks to examine without delay the proposed sites for new wells, and when any unnecessary delay is proved to have existed between the period of the application to sink a well and the place being examined it

it is always decided in favor of the ryot, that he should be exempted from the penalty, provided the rule in other respects has not been infringed.

Reduction of assessment in certain Villages.

Mr. Maltby has resumed 56. the discussion on the necessity of modifying the assessment in certain Villages in his Division, but as that subject has been laid before the Board in comprehensive detail in his report on the lands under the Edumbunkolam tank in the Paramutty Talook, I do not think it necessary to refer to it further on this occasion than to express a hope that the Board will soon be enabled to pass their final orders on the necessity of revising all the Mc Leod Division.

In his letter adverted to 57. of the 28th October 1848 on the state of the Fusted agraharum of Veroomalanamoodrum, Mr. Maltby recommended a reduction of the assessment similar to that allowed by Mr. Hargrave to the Village of Veyloor Pcd which was originally assessed at the same rate or on

Rupees

Fort St. George 28th. January 1850.

Rupees 21-7-9 per acre, but the assess-
ment which the lands of that Village now
bear inconsequence of the reduction is 14-
9-3 per acre, which he considers should
be the standard in assessing the enam
lands.

58. The Jodigy formerly paid by
the Branins of Veroomalanasamoodra
was Rupees 1416-7-as the Enam reduced
the payment to Government to Rupees
12-14-3 per acre, and I think the demand
should not be less than that amount,
but in adopting the standard recommend-
ed the amount payable by the village
will be Rupees 1,610-12-5 and the
assessment per acre 14-9-3: now
that the lands belong to Government
this alleviation in the assessment may
be sanctioned, and I think it would
be wise to do so, but as the Board at
the time did not approve of Mr. Bar-
ber's reductions, they will pass over
on this proposition in considering the
general question.

Fort St. George 28th. January 1850.

Cavary Channels.

The Cavary Channels for irri-
59. gation have this season been put into ex-
thorough repair, and are now in excel-
lent order, new sluices having been con-
structed for regulating the supply of
water and preventing wastage, and we
may now expect a steady revenue to the
full extent of land capable of being cul-
tivated by them.

Restriction on Ryots.

Referring to para 9 of Minutes
60. of Consultation of the 7th August 1849 re-
garding the restriction on ryots re-
linquishing lands taken up occasionally
in excess of their puttahs as a separate
speculation, the Board will recollect
that both Mr. Maltby and myself have
urged on several occasions an alter-
ation in the rule in that respect, parti-
cularly in the 7th para of my Summah-
bundy report in 1846 and in my letter
of the 10th December of the same year
with an enclosure from the Sub. Collector,
and I am glad to see that the Governor in
Council approves of the rule proposed to
be adopted by Mr. Maltby in para 20 of
his

his report for 1848.

Assistant Collectors. 61. Mr. J. W. Dykes my Head Assistant has had the Revenue charge of the two Talooks of Kistnagherry and Tripatoor, and generally of the Police of the upper Talooks, and is most zealous and efficient in the discharge of his duties. My Second Assistant Mr. Innes was on absent on sick certificate during the greater portion of the year, and Mr. J. R. Hinderskey who was appointed to succeed him on his going to England has so recently joined that he has not yet got any particular charge, but is doing duty in Mr. Mattly's office at present.

Sheristadars. 62. The Head Sheristadar Annajee Row continues in the same state of health as reported last year, the medical treatment he underwent has not restored his voice, but he has continued as far as he is able to discharge his duties.

The Nabob

Firmaul has continued the satisfactory performance of his duties as recorded on many previous occasions.
