A - This Decrease has been occasioned from there being less arrears to be realized in the commencement of this year than the preceding Fasly.

B - This increase is occasioned owing to the the increased Berij of the present year.

C - From Items coming under the head of Sevoy Jummah having been brought to account at the time of Settlement and from the concealedy cultigation being less than the preceding year this decrease has arisen.

D - This increase forms the amount of Sums realiged under Regulation IX of 1822 from the Village Servants Viz.t Monigars and Curnums.

E - The increase or decrease in this item being uncertain no proper remarks can be made on it.

F - From the arrears against Mootahs being less in this Fasly than the past, & from the interest on the arrear - Rist being charged from the month following this decrease has arisen

G - The arrears under this head of the past Fasly having been realiged in the present one has occasioned this increase.

H-H - All deposits from Fasly 1255 to Fasly 1257 having been brought to account this Year this increase has arisen

Salem E. E. 7/1 Signed W. E. Lockhart Collector

J. C. B.

1858 | Fort St. George 28th January 1850

To,

W. E. Lockhart Esqre

Collector of Salem-

Sir,

I have the honor to report upon the Settlement of the land revenue for Fusly 1258 of the four talooks which form the Sub Division viz.t Trichengode Senkerry droog Sarcamatty and Namacal.

2. The following accounts are submitted in the usual form.-

No. 1 Revenue from Estates-

2. Settlement of Government lands-

3 Statement comparative of the Revenue of the present and the previous year.-

4 Detailed Statement of cultivation with explanation of the causes of increase and decrease-

5. Statement of waste land included in the Revenue-

6. Abstract Statement of lands held on Coule.

7. Statement of the average prices of grain.

The

Settlement. 3 The Ryots were assembled in the Paramutty Talook at Veyloor on the river Cauvery. In Namacal at the Cutchah station at Noganoor and at Valiapatty. In the Trichengode Talook at Manoochandy Macdonald's Chantry and the Cutchah. In the Shenkerrydroog Talook at Macdonald's Chantry the Cutchah and Comarapolliam.

Season 4. The season was on the whole more favorable than those which preceded. You are aware that the first season I had occasion to report upon [1255] was one nearly of famine, that of 1256 was much below an average season. In 1257 there was a decided improvement and in the year now under review this improvement has been progressive - It has not however been universal the rains were still partial and irregular and the dry tracts bordering on the river Cauvery in the Shenkerrydroog Trichengode and Para: mutty Talooks continue to suffer greatly and the Villages are in a very depressed state. -

The

5 The surface of the whole district is so irregular that descriptions of different portions of it during the same season will necessarily appear contradictory and placed as it is on the skirt of each of the great monsoons the fall of rain is peculiarly irregular - I have been favoured by Mr. Frere with a Register of the fall of rain for the years 1846-47 and part of 1848 at the town of Salem which I insert in the Margin as I believe it to be an interesting record showing an irregularity in the distribution of rain throughout the year very unusual in a tropical Country. If I could exhibit a similar register for each of my talooks the result would be still more remarkable for frequently when the fall of rain at Salem has been abundant there has been a scarcity of water even for drinking at Shenkerrydroog only 24 Miles distant, but beyond the influence of the hills.

Under these circumstances the extent of cultivation and the prevalent prices are the best indications of the general effects of the season

Prices of Grain 6. There has been in the course of the year a very great decline in the prices of the principal articles of agricultural produce as shewn in the statistical table. The prices of rice and paddy continued steadily to fall as the harvest advanced. The prices of Cumboo and Cholum show the fluctuations necessarily resulting from the uncertainty of the rains. - Table

7. I continue above to separate the average prices of the 10 years previous to the scarcity of 1255 from the prices of that year and of those which have followed. The table shows the progressive recovery of the resources of the district prices being now below the average of the 10 years noted and lower than they have been since Fusly 1254. From Fusly 1253 to 1256 there was a continued rise in prices. From that year the sudden fall is shown in this table..

11 Coupled with the increase shewn in my report of last year the result appears to me to be highly satisfactory. In the cultivation of the dry land there is an increase of 6,498 acres, bearing an assessment of 8,584 Rupees. This is subsequent upon an increase in last year of 4,161-3-6 acres assessed at Rupees 4,402-13-3. This brings the cultivation up to that of Fusly 1254.–

12 The marginal figures afford a view of the state of this branch of the cultivation of the Division, which is most affected by the fluctuations of the season, during the last few years. The decline has been very considerable since

Fort St George 28th January 1850

since Fusly 1251 and from 1254 to 56 (inclu-
the seasons were progressively worse and
worse. We have now in two years ex-
actly recovered the loss incurred in
the two worst seasons of all, and how
got back as I have stated above to
the cultivation of 1254. I think that
after so long a series of unfavorable
seasons this is satisfactory.-

13. In the gar-
den cultivation there is a decrease
of Rs 135-22-. assess-
ed at Rupees 887.
This has arisen chiefly
from the depressed
and ruined condi-
tion of some of the
Villages in the
Paramutty Talook
regarding which I shall
beg to offer a few
remarks below. I now
beg to call your at-
tention to a Margined

same period as is embraced in the State-

From Fusly 1250 to 57 there has been a
steady increase in this cultivation;
in the last year only there has been
a falling back.-

during which so great a fluctuation of seasons has occurred and the result seems to me to be highly valuable. You will observe that while the dry cultivation has varied so greatly that 18,000 acres were thrown out of cultivation, the wet cultivation from tanks received only a very slight check, and the garden cultivation steadily advanced. In the worst seasons the cultivators seem to have found some alleviation from the increased garden cultivation.-

16. That this species of cultivation should fluctuate but little is of course to be expected, but I did not expect to find that it remained so very steady as is here indicated; and I think that this fact proves most forcibly, were any proof wanting, the extreme advantage of encouraging in every reasonable way this description of cultivation as a safe guard against

seasons

Fort St. George 28th January 1850

seasons of scarcity. It would seem to prove that there is very seldom a Season so unfavorable that very ordinary means of securing a supply of water will not suffice for the cultivation of a great extent of the land of the district.-

I dwell upon this subject
17
because a large extent of garden and Nunjah lands are now waste and because they are waste in so many instances on account of the weight of assessment which they bear and I think it so extremely desirable that measures should be taken for examining them and rectifying the assessment where it is proved to be erroneous. They are now waste because we adhere rigidly to an assessment which was shewn by the authors of it themselves to be too high, and which is most unequal in its pressure.-

The

Fort St George 28th January 1850

18- The Villages to which I have alluded above in the Paramaty Talook are in those of Vadagarry Attoor, Tandlacaray, and Settamporondy in which there is a decrease in the garden cultivation as shewn in the Margin. I have marked with deep regret the gradual decline of these Villages. A series of unfavorable years has gra-dually contracted the dry cultivation, but still till last year many of the gardens were cultivated, but now so great is their depression that while prosperity is in some degree return-ing to other portions of the district the ryots of these Villages have been compelled to abandon even this resource.-

19- The Subjoined Table shews the melancholy decline of the Villages included in the Mootah of

Fort St George 28th January 1850

of Vadagaray Attoor. The Moottah lapsed to Government in Fusly 1241. The permanent assess-ment was 10,500 Rupees. You will observe that in the first year, under the Moottahdars leases a sum nearly equal to the permanent assessment was collected, but under our system of reverting to Macleods assessment unmodi-fied, you will observe its gra-dual decline.-

I could add even more striking instances than this, and could shew the same results arising from the same cause throughout my four Talooks did I not fear to be considered to deviate too far from the subject of my present report, which is rather the effect of the present season than the result of our general policy and I have already had the opportunity of expressing to you my convictions as to the effects of our present system in depressing the agriculture of my division. The example I have given appears to me so conclusive that any additional Statistics I might give would be necessary rather to shew that I am not quoting an isolated instance than to prove the necessity of a revision of our assessment, where such facts exist.

21. I am not sure that the assessment in these Villages would prove to bear a higher proportion to the

the productive power of the land than in many others which have not suffered so severely, but it is certain that it is so high that when rigidly enforced, as our system requires, it does not leave enough in the hands of the ryots to meet the fluctuations of the seasons and that severe suffering and gradual depopulation is the result. and it should never be forgotten that it is the result which Colonel Read, the author of the Survey Assessment, writing in 1796, declared must follow if Government continued to collect, with all the exactness of our administration, a revenue which he considered so inconsistent with the prosperity of the Country and so much in excess of that collected by the Native Government which preceded us.

22 That under the circumstances I here pointed out a wise and

and indulgent Landlord would by a relaxation of his demand prevent the decline of his Villages is I think clear. The relaxation would probably only be temporary and suited to the circumstances of the individual tenants. We have no power to make any such relaxation, nor do I think it desirable that we should. Our policy should be to make a general and permanent revision and it would be amply compensated by the extension of cultivation. At present we endeavour to take a Landlord's share without discharging a Landlord's duties and the result is loss to ourselves as well as suffering to our tenants.

Revenue. 23. The following Table shews the general result of the year on the Revenue of the Sub Division. The total revenue derived from the land amounts to 6,14,258-7-2 being Rupees 9,803-3-4 in excess of that for last year. The extra Revenue amounts to Rupees 3,062-1-9 shewing an increase of Rupees 2,993-15-4. The principal items of increase indicate returning prosperity: they are the advanced value of the Abkarry farm and an increase of Rupees 1203-5-- in the Loom tax. Many Looms

abandoned during the pressure of the late scarcity which the present cheapness of provisions has encouraged the weavers to reestablish.

The total Revenue of the Sub Division amounts to Rs. 6,45,320-8-11. being Rupees 12,797-2-8, above that of last year.

General Result } 25

The following table shows the general result of the season as to cultivation. The fluctuations are not greater than usual and the result is an addition of Rupees 9857-9-1 to the assessment. I do not think the table calls for any particular remarks.—

Transfers of Cultivation. 27.

In my report of last year I remarked upon the increase of improved cultivation as a favorable symptom of the enterprise engendered by proprietory rights. The improvement appears to be progressive and the advance made in the present year is considerable.—

Changes in lands watered by the Cauvery } 29. An increase of Rs. 18-12-10 is the result of the changes of cultivation and proprietors in the land watered by the Cauvery & channels from Poculta to Running water and from Brahmin to Sudra cultivation and vice versa. The detail of which are given below —

Corrections according to the Survey standards } 30. An increase of assessment to the amount of Rs. 383-1 has accrued from corrections made where deviations from the original Survey assessment and measurement were discovered.

Decrease in Sodigay } 31. The Beriz of Sodigay Villages for last year was Rs. 81-10-9-3. In the present the sum of Rs 11, being the amount of the salary of the Cummum of the Sirkalay Agraharam, has been excluded from the amount of Sodigay in accordance with these instructions

instructions of the Board of Revenue under date the 11th December 1818. The amount of Sodigay is therefore diminished in the present year in the above sum of Rs. 14 leaving a balance of Rs. 8396-9-3.—

Sunday Small Sodigy. ... 32 In the Sankerghurry Talook some lands bearing an assessment of Rs. 37-5-8 and a Sodigy of Rs. 7-10-1 have been attached in consequence of the failure of the owners to discharge the Sodigay for the years 1258 and 59. The lands have accordingly been added to the Annamy lands but being mostly rented. the amount of Sodigay is left to the revenue at present.—

Changes of Cultivation from one to two crops and increase 33 In the village of Coraundoor added from the Trichinopoly District the sum of Rs. 10-8-8 has been remitted on account of the land being cultivated with single crops. The accounts have been prepared in accordance with the instructions of the Board.—

34 I beg to explain in reference to these remissions and to the instructions contained in their proceedings of the 14th June 1849 on review of the last Annual Sundry reports.

reports that these remissions were made not on an ordinary failure of Cultivation, but because this failure arose from our being unable to supply the Ryots with water for a second Crop owing to the repairs at the head of the Moganoor Channel being incomplete— As the assessment in the Coraundoor village added to ours from the Trichinopoly district, was I understood, made on the Crops, it seemed to me that it was not a case to which the proceedings quoted by the Board applied, but one in which the Ryots whether large or small holders, were entitled to a remission of the assessment on the Crops which they were prevented from Cultivating— I thought that if any remission was made it should be general not dependent only on the poverty of the parties— The Channel is now in an efficient state and I trust that no further remissions on this head will be found necessary.—

Collections 1.4 The revenue of lands under Government management amount Rupees 350,591-8-8 of which Rupees 328,350-15-11 were collected within the Fusly, leaving a balance of Rupees 22,240-8-9- " " Of this the sum of 14,016-" was Collected in the Months of August and September. is suspended awaiting the instructions of the Board of Revenue regarding the assessment of the lands of Coolcadoray-

46- The sum of Rupees 676-9-7 is due upon the lands of the Instituted agraharum of Tirumalanamasamoodrum- The circumstances of this agraharum have been fully laid before you in my letter of the 20th October 1848 and beg to suggest that an early decision of the case is very desirable at present I have taken upon myself to suspend the Collection of the assessment in excess of that collected in the Village of Veyloor, being satisfied that it would be impracticable to enforce a higher rate without resorting to means of great severity and in fact offering the lands for sale-

The sum of Rupees 2776-1-6 is reported to be irrecoverable - The balances 4,598-11-7 is under Collection-

irrecoverable will be carefully examined during the ensuing Immaiundy- Rupees 286-9-9 have been suspended under my orders already passed- The sum of Rupees 391-8-4 is due upon the village of Edumbankoland in the Paramuthy Taloork and Rupees 1017-1-4 on that of Mogamoor in Namaeuk - In both of these instances I shall have to request the indulgence of the Board of Revenue towards the defaulters and some Remarks seem therefore called for-

48 The circumstances of the Village of Edamboreolum have been laid fully before you in my letter of the 6th October 1847- I need therefore only add that the lands under the tank are now held by a body of pauper Ryots who Cultivate them without any prospect of being able to pay the full assessment and now probably from habit without any intention of doing so- The lands are not saleable and every attempt to levy the assessment from the produce is unsuccessful- That the default has arisen in some instances from

a failure in the supply of water is a true, but that the present Cultivators are unable to lay the present assessment even in ordinary seasons will appear from the Marginal [x] Statement of Remissions made in this taluk for five years past.

55	780-15-1
56	224-12-3
57	562-14-9
58	386-10-7

49 Under these circumstances it is far better that the lands should lie waste than that so irregular and injurious a state of things should continue and I have directed that where any of the defaulters fail to give ample security for the assessment of next year the lands are to be attached. It is far preferable that the lands should lie waste until either a revision of the assessment takes place or they are sought for by those who have Capital to render them productive.

Moturpha. 50 The Moturpha revenue amounted to Rupees 1615-1-11 of which 1256-14-11 were Collected within the fusly. The balance being

being Rupees 458-2-1 of this the sum of Rupees 352-3-6 was Collected in August and September last, leaving a balance of Rupees 105-11-7 still due. Of this sum Rupees 47-4-8 are reported irrecoverable and the remaining 58-9-11 is considered to be recoverable.

51 Of the sum of Rupees 47-4-8 reported as irrecoverable Rupees 29-8-8 were suspended by my orders on investigation held during the Settlement. Viz. 27-6-7 on the same grounds as stated in para 31 of my report for fusly 1255 and Rupees 2-2-1 is placed in Tamalook under the head of Moturpha. The remaining Rupees 17-12-4 appears as due by indigent absconded and deceased Ryots and will be examined during the ensuing Settlement.

A. McHarry. 52 The Revenue from A. McHarry which is amounted to Rupees 10255-8-0 was duly Collected within the fusly.

Sundry Small farms. 53. The amount of this Revenue is Rupees 1091-8-9 of which Rupees 256-8-9 were Collected during the fusly. of the balance Rupees

Rupees 1,522-- -- Rupees 946 were collected in the months of August and septembers last, and the remainder 576 forms a part of the Tamarind Contract in the Talook of Namaul, which the Tahsildar has been directed to collect as early as possible-

Revenue from Inottahs-

54 The Revenue from the Inottahs amounts to Rupees in 263,666-14-6 of which the sum of Rupees 4,077 12-4 is Credited on account of Proterpahs The amount Collected during the fusly was Rupees 254,039-2-2. Total Rupees 258,116-12-6 of the balance 5,550-2-- the sum of Rupees 3,870-2-2. was Collected in August and September - The only balance Rupees 1,679-15-10 is due from the Samoodrum Inottah in the Talook of Thenkerrydroog, which is now under sequestration -

(56) Sir, Fort St. George

From the Collector of South Arcot }

In reference to the discrepancy noticed by the Board in para 5 of their Proceedings on my Settlement as per report for Fusly 1257, I have the honor to state that the amount of Teeroa entered in Statement No 4 in A of the enclosures to that report is quite correct, but there is an error in the figures relating to the extent of wet cultivation which seems to have been occasioned whilst deducting the Garden and Manavaree Vegr Cultivation from the total Nunjah, and I therefore request that the alterations noted in the Margin may be made in the accounts sent to the Board as has also been done in the Office Copies. This deduction will at once account for the excess 5000 Cawnies specially noticed between the two Statements

Statements 3 and 4 in A. I in the same manner also the number of Cultivators in Chellumbrum ought to be altered from 4,316 to 6,256 the Jaghire number seems to have been twice deducted. The Goomastahs who are to blame for these mistakes have been warned to be more careful in future

2 The diminished cultivation under the Guddalure river was only temporary the Cultivators say they will extend their cultivation according to the inducement that may offer by an improvement in the prices; but the main origin of the abandonment of these lands may be ascribed to the villagers of Pallaor and Pulnaroyunthum neglecting to keep up the mud dam below the site of the Trivady anicut; probably with a view to claim a share in the water from the main channel over which the Anicut is built and which supplies water to the other 18 Villages. The subject has been referred to the Civil Engineer who will settle it after the expiration of the Monsoon.

3 In respect to the observations contained in the 9th para of the Board's Proceedings,

Fort St. George 28th January 1850.

I beg to state that I am fully alive to the consequences that will result by too readily countenancing the plea of the ryots founded upon hardship they experience from low prices and although every exertion was made to bring up the collection within the stipulated periods of payment; I regret that success has not been to the full extent. I have however, again reiterated my former orders to the Tahsildars, to bear in view the sentiments of the Board on this subject.

Offering explanation on the several

With reference to Extracts from

several items in the Statement of Charges incurred without Estimate in Fusly 1237 with reference to Extract from Board's Proceedings 13th August last and submitting for sanction a supplemental Statement for a small charge inadvertently omitted to be included therein.

from the Proceedings of the Board of Revenue under date the 13th August last, I have the honor to state that the instructions laid down in Paras 1 to 5 with respect to Sundry Charges will be duly attended to.

2. In reply to Para 6 I beg to state that the advances for Tobacco incurred in the District of Coimbatore are adjusted by a transfer entry in the accounts of this District, by crediting the "Collector of Coimbatore" and debiting "Tobacco". In the account Particulars No. 10 the hire should have been stated for conveying ₹ 20,475 Bundles in place of 4,60,475 the error is a clerical one.

3. In regard to the charges for the destruction of Wild Beasts noticed in the 7th Para I beg to state, that the checks enjoined in the Boards Circular instructions of the 10th August 1815 and 13th June 1836 are strictly enforced before the grant of any rewards. The circumstances under which a sum of Rupees 70 was paid for killing a jungle Tiger was a special case. The animal had committed very great havoc by destroying as I left than nineteen human lives

Cochin Tanore Tenary Parpran-gaddy and Chowghat Gomastahs and Sea Customs and assistant Record Keepers as well as the Huzzoor & Shroff and the Northern Division & Shroffs

lives more than ordinary Courage was required to kill so ferocious an animal and it was necessary to proclaim the offer of this reward before any person would venture to set out to destroy him.

4. Adverting to the subject of the Batta paid to the Servants noted in the Margin I beg to explain, that the Sea Customs Servants in question being intelligent and useful in carrying on the duties of the Cummabundy Cutcherry, their Services were made available and their places supplied by other Gomastahs from the Huzzoor, the shroffs were employed in accompanying remittances of Current Coins for the payment of the Troops at Cannanore from Calicut to Tellicherry, and in bringing in the uncurrent Coins which had accumulated there; and as the Batta drawn by them is only for 37 days, it is hoped the Board will be pleased to pass it.

5. Touching the Sea Customs Houses at Attyporum, Dullanay and Cannanore I beg to explain that no authority was obtained for renting the same, but the charge for the one

one at Attyporam has been regularly incurred and annually sanctioned, ever since Fusly 1734 / 1874-28. The destruction of the old Government Custom House at Quilandy was threatened by the encroachment of the Sea in September 1844, a part of it was actually carried away one night; and in consequence the Materials of the remaining building were taken down and secured and the necessity for a new building duly reported and sanctioned by Government on the 20th February 1847, the work has not however been executed in consequence of the encroachment of the Sea not admitting of the selection of a suitable spot.

The necessity which gave rise to a Custom House being erected at Cannanore was duly reported to the Board of Revenue D. O. M. in April 1847, the construction of a new Building would have been recommended long ago, but for the difficulty of obtaining a suitable spot on which to erect it. The Sea Continues still to encroach on that direction and has done considerable damage to private property.

6. I take this opportunity of submitting for sanction a supplemental Statement for a small charge inadvertently omitted to be included in my annual Statement of Charges for Fusly 1756. / 1846-47.

7. I regret the delay that has occurred in sending in this answer which is chiefly owing to an extraordinary press of business in my Office during the last few Months.

Paras 1 The following abstract Statement exhibits the particulars of the Demands on account of Land Revenue for the year under report in Comparison with the preceding Fusly

Fusly

1914 Fort St. George 28th January 1850.

2. The increase has accrued on certain lands in Mylapoor Roongumbaukum and Tondiarpett. These, exceeding one cawny in each case, had been hitherto held under Grants, but having been subdivided into portions less than one Cawny the Grants severally were cancelled and Certificates issued in lieu. In the Statement the increase and decrease under Grants, and certificates are the same and in Nedoombara there is a decrease of Rupees 2 under Certificates in consequence of a Tank having been excavated on certain Government ground. The explanation in the Columns of Remarks of Statement C should have been more full in both cases. in the first it should have been stated whence the correspondence of the two items arose, in the second, mention should have been made by whom and for what purpose the Tank was constructed and if intended for irrigation what lands would be benefited by it.

6 The Balance under the third head

head or Land Cultivated is partly ascribed to the inefficient State of the irrigation. The Collector will be pleased to explain the exact Condition of the irrigation to which he alludes, and in what way it is susceptible of improvement. The Balance of Rupees 8081-1-2 as above stated has been reduced by subsequent Collection on Houses Yard occupied and on Cultivated lands. 1210-7-4 to Rupees 6870-9-10 of which the proportion belonging to unoccupied Houses and Land and Ground Rents is Rupees 4541-4-4.

Proceedings thereon

(61-82)

Resolved that the letter above recorded together with its enclosures be submitted for the final orders of the Right Honorable the Governor in Council with reference to Extract Minutes of Consultation 8th March 1847.-

In Cons. 5th March 1847.

Items Nos 1 @ 16.
" 126 @ 147
" 167 @ 172
" 183 @ 186.

1. The Civil Auditor states that in accordance with the directions contained in those orders the various authorities furnished to his Office from the Secret Department have been carefully scrutinized in the final auditing of these charges. The several items noted in the margin appear to have been incurred under the general authority of Government. The authority in these cases is not sufficiently specific as to the sums sanctioned & purposes for which they were granted to allow the Civil Auditor to pass them. The special sanction of Government is therefore required.-

Items Nos 17 & 18 Dr. of additional Establishment of Saderwared &c.

2. Portion of these items have been admitted by the Civil Auditor on final audit and the remainder being of the same nature as those admitted may it is conceived be also admitted upon the examination which the account Particulars would seem to have undergone

Such

Items Nos 19
" 22 @ 87
" 154
" 159.
" 177 @ 184
" 187 @ 198.

3. Such of the charges in the Civil Auditor's Statement as are marginally indicated incurred for additional Establishment Tuccany Saderwared Batta to Prisoners and Extra charges in the Revenue and Magistrates' Department which are usually incurred in other Districts and submitted thro' the Board for the sanction of Government annually may it is suggested, be admitted as the account Particulars would appear to have been sufficiently scrutinized in the Office of the Civil Auditor.-

Items Nos 20 and 21.

4. The special sanction of Government has already been obtained for these charges under date the 26th November 1849.-

Resolved that the following letters be dispatched.-

The Board observe that their Proceedings of the 17th September last, requesting the Collector to report, whether the people have availed themselves of certain Cotton Machinery and upon the nature of Mr. Fugle's services, have not been entered in the above Return, Mr. Bird will be so good as to insert them in his future unanswered Lists until a reply be sent.-

It is requested that instead of referring to a former Return for explanation of the cause of delay in answering any particular letter the explanation may be briefly reported.-

To the Acting Principal Collector of Coimbatore.

Sir,

In Column 3 of the Statement of actual charges incurred under Estimate in Fasly 1257 in the Tobacco Department of each District the sum of Rupees 13,933-13-10 is entered as the Hire paid for conveying Tobacco from Coimbatore to Ponany and from Column 6 it would appear that the whole of this sum was recovered within the 11th July 1848 by which it is supposed is meant that the entire charge has been adjusted in the accounts of

The

of the Collector of Malabar by a transfer entry.—

2— In the Statement of Charges incurred without estimate in that justly received from Malabar the charge credited to Coimbatore and debited to Tobacco by transfer entry on the above account is only Rupees 13,021 – 1 – 8 and I am therefore directed to request that you will explain the cause of the difference of Rupees 912 – 12 – 2 between the entry in your Statement and in that from Malabar communicating with the Collector of that District if necessary.—

Extract from the Minutes of Consultation under date the 22d January 1850 No 70.

Returning the Petition of Hossain Dost Khan son of the late Jaghiredar of Avilcondah in North arcot and directing that the orders on his case respecting his application be made known to him through the Collector.

Read the following Papers.

Petition from Hossain Dost Khan Bahadoor son of the late Hyder Hossain Khan Bahdoor, Jaghiredar of Avilcondah in North arcot. /Here enter 4th July 1849/

x x x.

Para 1. The Petition of Hossain Dost Khan son of the late Jaghiredar of Avilcondah in North Arcot, prays for the restoration of the Jaghire, failing which he demands restitution of the whole amount of Peishcush paid by his Grandfather the first Jaghiredar under the Sunnud of the British Government dated

dated in 1804 on the ground that it contains no stipulations for the payment of Peishcush - He submits an account of the Peishcush paid by his Grand Father, with Interest on the same at 12 per Cent per annum to the present time, amounting altogether to Rupees 9,17,900. 13. 3 which he claims as due to him from the Government.

Peishcush --- 2,07,669. 14 - "
Interest --- 7,10,230. 15 - 3
9,17,900. 13 - 3

2. The omission of the Peishcush in the Sunnud appears to have arisen from inadvertence, and the Right Honble the Governor in Council has satisfied himself from the papers which he has consulted for the disposal of this claim that the Peishcush was usual before the temporary sequestration of the Jaghire by the British Government, and was an understood demand at the time the Government resolved upon its restoration to the grand father of the present claimant.

3 - It is observed by a translation obtained from the present Collector of North

North Arcot of a Sakeed addressed to the Jaghiredar of Avilcondah on the 15th January 1803 by the then Collector Mr. G. Stratton referring to the release of the Jaghire from attachment according to order / which is attached to these proceedings / that the collections from the Jaghire for Fusly 1211 are represented to have been made over to the Jaghiredar on his receipt after deducting Mamool Peishcush including Nuzzers and Roosoums, and it is manifest from this document that both the Collector and the Jaghiredar perfectly understood that in restoring the Jaghire the Government had no idea of relieving it from this Mamool Peishcush.

4 - The Sunnud though dated in 1804 was not delivered until 1816 and it appears that soon after its delivery or on the 17th July 1817 the Jaghiredar Hussain Reza Khan addressed a petition to Government in which referring to the limitation of the Jaghire to his own life, he prays that it may be conferred on his son in his stead

Rev. Cons 21st October 1817. N48.

and

and alludes moreover to the Peishcush of Rupees 6,000 as a charge to which the Jaghire had always been liable under every renewal of the grant for the renewals referred to whether made on the accession of a new Sovereign or on the demise of the Jaghiredar named in the last grant, it may be remarked as shewing that the Jaghire was not hereditary and that each new grant for it was well understood not to extend beyond the life of the grantee nor beyond the life of the grantor if he demised first, without the confirmation of the grant by his successor. The Jaghiredar clearly had no notion that the omission of the Peishcush in the sunnud gave him a claim to hold the Jaghire free of Peishcush, on the contrary he said he was well aware that "backwardness in the payment of the Peishcush would subject him to censure and his Jaghire to attachment" and that he had therefore been careful to pay it regularly notwithstanding the urgency of

of his creditors.

Cons 14th October 1825 Nos 14. 15.

5. Again in 1825 the Jaghiredar in Petitioning that the life Sunnud should be revoked and another Sunnud issued confirmatory of the Jaghire to his Son, observed, that his Jaghire was not like other Jaghires gratuitously conferred but that after the manner of Zemindaries yields an annual Peishcush of 6000 Rupees It does not appear that on this second occasion of addressing Government respecting the terms of the Sunnud, any more than on the first, did he pretend to raise any claim to be exempted from the Nuzzul Peishcush because of the omission to stipulate for its payment in the Sunnud.

6. The Governor in Council resolves therefore explicitly to intimate to Roshan Dowlah Khan that the enjoyment of the Jaghire of Avilcondah was continued to his late father after the death of his Grandfather in direct opposition to the wording of the Sunnud

Fort St. George 31st. January 1850.

Sunnud, that both his father and grand-father paid the usual Peishcush whilst they held the Jaghire, and that had they refused or hesitated to do so, the grant would without doubt have been instantly sequestrated. Hosain Dost Khan will further be informed that Government have recently given his and his relations claims the most liberal consideration, that the result of that consideration has just been confirmed by the Honorable Court of Directors and that Government not only reject the present application as unprecedented and inadmissible, but must decline noticing any future ones from him on subjects on which the decision of Government has been made known to him.

7. The Petition of Hosain Dost Khan with the foregoing resolutions will be transmitted to the Board of Revenue who will instruct the Collector of North Arcot to convey the intimation in the preceding Para to the Petitioner.

Fort St. George 31st. January 1850.

8. A copy of paras 14, 15 and 16 of the Honorable Courts Despatch in the Revenue Department dated 22d. August 1849 No. 10 will likewise be furnished to the Board of Revenue in view to the same being communicated to the Collector of North Arcot for his information and guidance with special reference to the intimation directed in para 16 to be made to all the members of the family including Hosain Dost Khan.

9. A communication of the Honorable Courts Orders referred to in the preceding paragraph will also be made to the Offices of Account and Audit.

Extract from a General letter from the Honorable the Court of Directors dated 22d. August 1849 No. 10.

Reporting proceedings connected with the affairs of the Arcot Carnatic - - - - -

14. In our dispatch dated the 29th. November 1848 No. 19 / 1848 paras 27, 31 we

confirmed

confirmed the grant of Rupees 5,000 per annum in land and money which you had made to Hoosain Dost Khan, the son of the late Jaghiredar of Gulcondah for the support of the family. We directed however that the allowance should be considered subject to revision at the decease of that individual.

15. You now inform us that on a subsequent consideration of the pecuniary embarrassments of Hoosain Dost Khan that amount appeared to you to be insufficient for the support of himself and his dependents in addition to discharging the debts contracted by himself and his father, and you have accordingly granted a further sum of Rupees 2500 per annum out of the surplus proceeds of the resumed Jaghire to be apportioned among the members of the family each pension to lapse at the death of the incumbent and you have since granted an addition of Rupees 180 per annum, to the pension of Rupees 120 previously given to Mahomed Jama Khan, a son of the late Jaghiredar by a Mekah Marriage

soliciting

soliciting our instructions whether that sum shall be paid from the Collectors Treasury or deducted from the Rupees 5,000 granted to Hoosain Dost Khan. We shall not object to this sum of Rupees 180 per annum being charged on the surplus proceeds of the Jaghire.

16. In thus authorising an allowance of Rupees 5000 per annum to Hoosain Dost Khan and of Rupees 2680 to the Members of his family, we consider that all has been done which was proposed in our Dispatch of the 24th November 1830 para 4 when we directed that they should be provided for in a manner which would "enable them to live with "comfort in a style not unsuitable to their "rank." We desire that all the Members of the family including Hoosain Dost Khan, may be distinctly apprised that the Pensions assigned to them will lapse at their decease, and that the Collector of North Arcot may be instructed to abstain from any further interference with the view of relieving

Reviewing the papers upon the subject of the substitution of Invalid Sepoys

Read the following Letter from the Secretary to the Board of Revenue.

(Here enter 15th November 1819 No. 28)

Considering it indispensably necessary

Sepoys and Pensioned Sepoys for Peons of the Line employed for Revenue and Judicial purposes in the Districts under the Madras Presidency and stating that if Invalid Sepoys cannot be supplied the scheme must on the score of Expense be altogether dropped —

necessary for the then exigencies of the service that relief should be afforded to the utmost practicable extent to Military Detachments employed for Revenue and Judicial purposes in the different Districts of the Madras Presidency the Government in 1813 suggested to the Board of Revenue and the Court of Foujdaree Adalut the substitution of Peons for the Military Guards employed in the Revenue branch and at the several Jails, and called for Statements of the expense the measure would involve —

Rev Cons 2d April 1824 Nos 91 92

The Board of Revenue reported on the Strength of the Military Guards whose services could be dispensed with without risk to the Tranquillity of the Country and stated the Charge of substituting in their stead armed Peons at Rupees 576 per Annum. They stated that Invalids were already employed in the Districts of Chingleput, South Arcot, Nellore and Guntoor, and it was their opinion that the Guards stationed over the Treasuries and Jails

in

Fort St. George 31st January 1830.

in all the Districts could not be dispensed with but that when Sepoys were at hand, there was no objection to their substitution for effective Troops, except, perhaps, at Ganjam, Vizagapatam, Bellary, Malabar and Canara.

3 In Canara, it was stated that dependence could be placed on the Peons of that District in any case of danger, and that it would be attended with risk to withdraw the Military Guards on detached posts from the several Treasuries and other posts of that District. In Kurnool there were objections to the removal of Troops.

J. Dy 9th July 1814 No. 1-2

4 The Judges of the Zillah Courts also adverted to the inexpediency of withdrawing the Military Guards employed in certain Jails, but where they could be relieved at the Cost of substituting Peons were estimated at Rupees 13/3 per Mensem.

5 Government eventually declined to adopt any measures for the withdrawal of the Military Guards employed in either the Revenue or Judicial Branches of the Service at the [illegible]

Fort St. George 31st January 1830.

held the opinion that in several of the Jails Peons might be substituted for Sepoys without risk.

These proceedings were reported to the Honorable Court of Directors and before the receipt of their reply a further correspondence took place with the Board of Revenue upon a requisition from the Military Department for the transfer of the duties which were being performed by the Troops in the Tanjore District to Peons or Military Pensioners

The Honorable Court of Directors noticing the proceedings already reported, observe "The whole number of Troops employed as Guards appears in the "Revenue Department to be 175 and in "the Judicial 247. The substitution of "Peons is considered objectionable and "could not afford material relief. But "adequate protection it appears will be "afforded by the employment of Invalids instead of Regular Sepoys, and that arrangement ought to be immediately adopted as far as may be found.

"found practicable"

8 Upon the receipt of these orders the Board of Revenue and Court of Sudder Adalut were required to report the extent to which the views of the Honorable Court could be carried out.

J 27th Sept 1827 No 142

9 On the report of the Foujdaree Adalut Government observed that where Jails are at Military stations or at stations where there are large detachments guarding Treasuries and where the troops were under the immediate notice of a European Officer, the substitution of Invalids for regular Troops was unnecessary, but that at all other places there was no objection to Invalid Sepoys being employed to guard the Jails.

Cuchas at Mangalore Coimbatore Calicut.—

R. 27th Feb 1828 No 142

10 On the report of the Board of Revenue Government were of opinion that the duty hitherto assigned in the Coimbatore District to Sepoys of the line of guarding the outposts on the Malabar frontier against the incursions of smugglers and for Police purposes

was ill suited for Sepoys generally and therefore approved of the proposition to substitute peons. In Tanjore it was observed Pensioned sepoys could be substituted for the regular Sepoys and that with this exception, there would be no difficulty in detaching Invalid Sepoys in substitution of regular Troops.

11 Requisitions were accordingly made to the Military authorities, and under date the 19th February 1828, it was intimated in reply that the strength and employment of the two Veteran Battalions would not admit of detachments for the relief of regular Troops, and that His Excellency (the late Commander in Chief) suggested that reliefs should be effected by Pensioned Sepoys to be embodied by the Collectors.—

R. Cons. 7 March 1828 No 41-52

12 Before passing orders on the proposition it was resolved to ascertain from the Board of Revenue the increased expense which it would involve, and the paper recorded at the head of these proceedings is the reply to that reference.—

A.

Fort St. George 31st January 1830

13 It seems unnecessary to notice the representations in former correspondence which are reiterated by the Board of Revenue in their present communication. It will suffice to refer to the question of expense, seemingly the only one for present consideration.

14 It appears that exclusive of Malabar, where Peons are proposed to be entertained, the Charge for Batta alone to Pensioners at 2-12-9 per Mensem amounts for the Districts where it is proposed to employ them, to Rupees 1823 9 0 per Mensem and inclusive of Malabar to Rupees 1995 1 per Mensem or Rupees 23940. 12 per annum.

15 In the Judicial Department no reference was made as to the expense of substituting Pensioners for Regular Sepoys in the Jail Guards, but following the criterion afforded by Para 21 of the Proceedings of the Foujdaree Adalut dated 11th August

J. Dy 11th Sept 1827 No 182

640 @ 2-12-9 - 1790-1517 0 free of Batta Peons would make a Charge for Batta of Rupees 1790 per Mensem or Rupees 21480 per Annum.

16 It must not however be overlooked that previous to the discussions which are adverted to in these proceedings there was a long Theme of correspondence on the subject of employing Military Pensioners in substitution of Peons, which was given up on the consideration that there would be no advantage on the score of expense and because Military Pensioners were not in general so well calculated for the duties required of the Peons as well likewise that the majority of the Officers in charge of Jails doubted the expediency of employing them in guarding convicts.

17 It must however be remembered that neither Regular Troops nor Invalids draw batta while permanently stationed and that the employment of Pensioners will involve on that account Extra Expense to a large amount besides the expense of Arms and accoutrements which will have to be separately supplied.

18 It does not appear that by the orders of the 22d July 1816 which directed

Fort St. George 31st January 1850.

directed "the employment of Invalids instead of Regular Sepoys" to be universally adopted as far as may be found practicable" the Honorable Court contemplated any Extra Expense whatever, certainly not to the extent indicated in the communication of the Board of Revenue under consideration viz. Rupees 23940—12— per annum for the Revenue with the further sum of Rupees 21480 computed for the Judicial Department making in all a total annual charge of Rupees 45420—12—

Rene 23940—12—
Jude 21480—0—
45420—12—

19 Under these considerations the Governor in Council is of opinion that if Invalid Sepoys cannot be supplied in substitution of regular Troops as ordered by the Honorable the Court of Directors the scheme must altogether drop and the arrangements at present existing continue unaltered. To some extent since the first agitation of the subject Invalids have been substituted for detachments from the line and the pol. of Regular Troops. It is believed in

Fort St. George 31st January 1850.

is not now so urgent as it was in 1843.

From the Chief Secy to Government

Sanctioning certain Statements of actual Charges incurred in Fasly 1758 and of Estimated disbursements for Fasly 1759 and desiring that the Collectors of Ganjam and Coimbatore be desired to submit certain items falling under the head of Judicial Charges through the Zillah Adalut for sanction and noticing the number of Books required to be bound in Cuddapah

Read the following Extract from the Minutes of Consultation under date the 23d January 1830. No. 78

List of Statements of Extra Charges incurred in Fasly 1758 and of estimated disbursements for Fasly 1759 submitted with the Remarks of the Board of Revenue under date 8th January 1830.

Para 1 The Right Honorable the Governor in Council sanctions the Statements of Extra charges for Fasly 1758 submitted with the foregoing List amounting to Rupees (3597 5 11) Three thousand five hundred and ninety seven, annas five and pice eleven being exclusive of the following items.

Items 5 to 12 in the Statement of the Magistrate of Ganjam No. 3872 amounting to Rupees 95 4 10 as these properly fall under the head of Judicial Contingent Charges they should be submitted without delay to the Board of Sudder and Foujdaree Adalut to be reviewed and included in the general report for Fasly 1758 which has not yet been received.

Of item 1 in the Statement of the Magistrate of Coimbatore

No. 2954.

Fort St. George 31st January 1830.

No. 2954. Rupees 50 paid to Assistant Surgeon Dunberry for subsistence, and Rupees 125 paid as Batta to the Witnesses on the trial of that Officer in the Supreme Court at Madras.—

The Acting Magistrate will instruct the Joint Magistrate and Justice of the Peace at Cotacammund to submit for sanction in the Judicial Department a separate application with an account particular of the payments made to the above mentioned parties a course which should have been adopted by Major Hall soon after the termination of the trial Previously to submitting the Bill now called for the Joint Magistrate will ascertain from the Chief Magistrate and Superintendent of Police at Madras what sums were disbursed by him on the above account and satisfy himself that there has been no double payment.

2. In the same Statement from Coimbatore there is a charge of Rupees 25- 1- 6 incurred for an Almirah for the Records of the Joint Magistrate's Office at

Fort St. George 31st January 1850

at Cotacamund. This is an item which admitted of an Estimate and ought therefore to have been previously estimated for and sanctioned.

3 The Governor in Council also sanctions the estimated Extra charges of the Cuddapah District for Fusly 1259 amounting to Rupees 283-13-3 / Two hundred and eighty three, Annas thirteen and pie three, some explanation however should have been afforded by the Collector as to the description of Books required to be bound & stated to amount to 466 a number unusually large and forming perhaps the rec= =cords of past years.

From the Coll.r of Rajahmundry } Sir,

With reference to the Extract from the Board's Proceedings dated the 26th. November requiring an explanation of the necessity of the protracted residence of Mr. Forbes the Sub Collector at Rajahmundry and of Mr. Master the Assistant Collector at Samulcottah I have the honor to State with regard to the former Gentleman that the Board were pleased about four years ago to authorize him to reside permanently at Nursapore drawing extra tent allowance and finding the requisite accommodation

accommodation for his cutcherry at his own cost, since he has been in charge of the Anicut he has lived on the same terms at Rajahmundry. With regard to Mr. Master's residence at Samulcotta although it may at first sight appear to the Board to have been a longone, they will find that the greater part of it was during the rainy weather when the country is so flooded between Cocanada and Samulcotta as to be frequently impossible. Indeed it is a non occurrence for the Communication to be cut off for days together. Moreover Cocanada is at that time a very unhealthy residency in consequence of the quantity of water that lies on the ground for many weeks together and as there is no road to Samulcottah or in any other direction a Revenue Officer or Magistrate by residing there during the rains is incapable of rapid movement to other parts of the district where his presence might at any time be suddenly required. Mr. Master therefore remained during the rains at Samulcotta

2010. Fort St. George 31st. January 1850.

Samulcotta which is only 10 miles from the Cuvba Station. It stands on high ground the communication with all other parts of the district is easy & it is moreover the principal & most troublesome town of one of the talooks of which Mr. Master has charge.

2. During the Month of March Mr. Master was with my Jummabundy Cutcherry at Samulcottah and if at any other time during the year he stayed there, he went either on some specific duty or was on his way to or returning from duties in other parts of the district.

3. I trust that under these circumstances the Board will not object to pass the two charges abovementioned.

Sir,

From the Collector of Guntoor. I have the honor to acknowledge the receipt of the Board's Proceedings dated 29th November requesting further explanation as to the necessary of the destruction of the Salt referred to in my letter of the 21st of that month.-

2. It was considered that the manufacture of this salt by certain of the ryots was a deliberate attempt to overreach the Government Permission had been given to manufacture to the very utmost limit that could be reasonably allowed, and as the result shewed, to the full quantity of Salt for which room could be found except on one platform. The ryots were carefully warned that they must not expect

Fort St. George 31st. January 1850-

expect any salt in excess of the estimate to be received, & to guard against such excess an order was given to estimate the quantity ready for store; and although it was reported to be far short of the quantity sanctioned, I stopped the manufacture suspecting what proved to be the case that the Estimate was greatly under the truth. Still the Assistant Collector Mr. Nesbitt who was on the spot, was authorized to receive the salt into account if the manufacturers would consent to carry it, which they contumaciously refused to do. As the only alternative that occurred to me I then gave orders for its destruction, as it could not safely remain where it was. To Convey it at the Circar cost & then deduct the latter from the manufacturer's share would, I conceive, have required their consent, which they were not likely to give.

From the Head Asst. Collector in charge of Masulipatam.

Forwarding a Statement of actual charges for Fusly 1258 and a Statement of Estimated charges for Fusly 1259. on account of additional Establishment and submitting explanation for the delay in furnishing them.—

Sir,

With reference to your letter of the 6th. ultimo, I have the honor to forward the Statement of actual charges incurred in this District on account of additional Establishment for fusly 1258 as well as the Estimate for Fusly 1859—

In reply to Para 2. of your letter of 17th. Instant calling for the above Statements, and an explanation why the first communication was not attended to, and with whom the delay in furnishing them rests; I have to state that the delay in transmitting the Statements has been unavoidable. The Talook accounts, shewing the number of Mahasoodars employed and the period during which they were actually employed in the year, with the amount of Wages due to them, and in the case of Cummums, the amount of batta due to each, are generally received at the close of the fusly; these in the present instance were not received

Fort St. George 31st. January 1850.

received until much later, as it was impossible to close the Batta accounts of the Cummums until the completion of the annual Settlement which was unavoidably prolonged far beyond the time ordinarily occupied by it, owing to the difficulties attending the introduction, for the first time, of the individual and joint-renting system; consequently the examination and check of the accounts in the Muzzoor and the final adjustment of the items of disbursement could not be completed earlier without interfering with the preparation of the Immanabundy accounts of the Government, Minor and Zuftly Estates for fusly 1258. which it was requisite should be dispatched before the Collector left the District on leave. I trust that under this explanation the Board will be satisfied that the blame of delay can properly be attributed to none, but that it arose entirely from the circumstances of difficulty under which the settlement was effected.—

Sir,

I have the honor to forward for the orders of the Board, Copy of a letter from my Sub Collector soliciting instructions in regard to the disposal of Village Tank and channel Fisheries on rent.

2. I avail myself of this opportunity to submit a statement shewing the taxes on Fisheries in this District, by which the Board will observe that although orders were issued on receipt of your letter Dated 27th November 1848 inviting Durkhasts for renting the Fisheries, a very trifling number has been received. There can be no doubt that fishing is carried on in every Village Tank and channel but it would appear that the people having been

Fort St. George 31st January 1850.

accustomed to enjoy the privilege untaxed are now unwilling to come forward with proposals to rent.

To D. White Esqre
Collector of Nellore.

Sir,

I have the honor to submit for your consideration and instructions the following queries arising out of the orders of the Board conveyed in their Secretary's letter of the 27th November 1848 on the subject of the disposal of the Tank and channel fisheries by rent.—

1st Are Boatmen and fishermen who are already paying tax on account of their trade and on account of profits derived from Sea fishery to be called upon to pay any additional sum to secure the right of fishing in the back waters and mouths of Rivers along the coast

I should myself have little difficulty in determining that the Board's orders do not require that such parties should be prohibited from fishing in such waters except on payment of an additional impost nor do I do think it would be fair to impose such a restriction but there are individuals in a similar position in other parts of the District and it seems proper that an uniform system should obtain.—

2d Are Bearers who gain their livelihood principally by the conveyance of travellers but who also are not so employed to catch fish for their own use only and not for sale, to be prohibited from fishing in the Tanks and Rivers as they have hitherto been accustomed unless they give a suitable proposal to secure the right of so fishing.—

I should be inclined to settle this question also in favor of the Bearers but for the point for the same reasons as in the first case.—

From the Asst Collr of Bellary ..... Canus

Submitting a request from Soobadar Naid and Conatie Naid Poligars of Raidroog that certain Lands given them formerly in lieu of a money Pension may be resumed and that they may receive a money Pension instead amounting to Rs 151—6— in addition to their present money Pension of Rs 291. 10—8. Stating that the Poligars formerly received a Pension of 200 Canteroy Pagodas in cash which was afterwards exchanged for land Half of which land was subsequently resumed and 100 C. Pagodas Pension given in lieu of it. as the family are very poor and have not the means of cultivating the land assessed at 151 Rs now sought to be given up, the Acting Collector submits that the request may be complied with.

Sir,

1. I have the honor to submit a request from Soobadar Naidoo and Conatie Naidoo the sons of a late Poligar Jeevapah Naid of Raidroog which I hope the Board will support with a favorable recommendation to Government.

2. These parties enjoy a Pension from Government of 100 Canteroy Pagodas equal to Rupees 291—10—8 per annum in cash and a similar amount in land. In Fusly 1215 A.D. 1805 it appears that 200 C. Pagodas was deducted from the Jummabundy Bariz and paid in money to Jeevapah Naid. In Fusly 1216 and 17. the Poligar agreed to take the amount in land in the Raidroog and Dhurmaveram Talook and from that time till Fusly

Fusly 1234. all money payment ceased. all this was represented to the Board of Revenue by Mr Campbell Collector in a letter dated 8th March 1824 copy of which I have the honor to enclose. and Mr Campbell represented further that the family had decayed and were in reduced circumstances and that part of their land having been flooded he requested the permission of Government for a renewal of the money allowance to the extent of one half viz. 100 Canteroy Pagodas. The proposition met with the approval of the Honorable the Governor in Council who authorized the resumption of the land in Dhurmaveram Talook and the substitution of an annual payment of Canteroy Pagodas 100 to the family of Jeevapah Naid which has since been paid.

F.D. 1824.

3. The family now requests that a money allowance for part of the remaining land assessed at C. Pagodas 100 may be given them and that an equal amount of land may be resumed. The land at present in their possession is as follows in the Raidroog Talook—

		Acres	Cs	As	Ps
At Kanacanahall	Dry	Regd	106	39	7	51. 9	2½
" Raidroog	Garden		3	39	12	5	9	15

			125	36	10	99	8	12.

or C Rs 291 6—

They

Fort St. George 31st January 1850.

They beg that the land at Kanacanhall which is all black land and covered with Nut, which they have not the means of cultivating and consequently is of no use to them may be resumed and in lieu of it an equivalent money allowance of 51—9—2½ C. Pagodas or Rupees 151—6—" may be sanctioned.—

4. The family are the descendants of the Dalavoys of the Raidroog and Thu maveram Sumstanum. They are in very reduced circumstances. The pension was granted for their support and changed for land at their request, when the land was valuable. But the black lands in this Talook have as is known to the Board been long since abandoned for want of Ryots and Capital to cultivate them, and these poor men have not the power of bringing these lands under cultivation. They do not wish to give up the Wet lands but should the Government think proper to order the whole to be given up and the Pension to be entirely paid in Cash they are willing to accede. But I see no reason for recommending such a course. I have therefore the honor

Proceedings thereon.

31.32

The application from the Acting Collector on behalf of the two surviving sons of the late Poligar of Raidroog for permission to relinquish their land in Banacanahull for a money payment is supported by the Acting Collector on the grounds that the land is all Black land covered with Nutt Grass and because the parties are in reduced circumstances and have not the means of cultivating it. These grounds do not appear to the Board to be sufficient to enable them to recommend a compliance with this application, nor are they similar to those urged in 1824 when the land was destroyed by the enlargement of a Tank. The parties would appear to have the means of residing at Bangalore for 8, 9, and 11 Months consecutively within a period of 2 years without drawing their allowance until their return, which tends to shew that they are not in the needy circumstances stated.

2 The Acting Collector is therefore called upon for further information, and will state particularly whether the land now covered with Nutt has been left uncultivated since it has been held by these parties or for what number of years it has continued so, and whether it has fallen into its present state from neglect. He will also explain upon what other means these parties subsist for such lengthened periods at a distant station independent of their allowance.

From the Agent to the Governor of Fort St. George at Hurnoor

Sir,

I have the honor to forward annexed Copy of a letter to my address from the Officer Commanding Hurnoor in which with reference to an application preferred under

Recommending that Lieut. Pearse's request for the payment to Government of

the value of part of an old Choultry forming a portion of a house which he recently built may be complied with

under the Rules in force regarding the issue of grants for grounds in Cantonments and Forts I am requested to obtain sanction for the payment to Government by Lieutenant Pearse 5th Regiment Native Infantry of the value of part of an old Choultry forming a portion of a house which Lieutenant Pearse has recently built:-

2. The house in question has been constructed on the site of a building formerly used as the Cutcherry of Nandan Kilavi, Dewan of the late Nawab, and a part of the building itself has been included in Lieutenant Pearse's premises as it originally stood. The old building was of little or no value beyond what could have been realized by the sale of the rafters under its tiles-race roof and I should have considered it an advantage when Lieutenant Pearse was living in the Choultry to have disposed of them outright before they rotted and became useless. But I seceded myself precluded from adopting that Course,

Course, in consequence of some correspondence not in the records of your Board, which shows that on a former occasion the Government objected to allow Officers of the Corps in Garrison here, to sell more than their own improvements of old houses, the property of the late Nawab which had escheated to the state, and that even then, their sale was restricted to Officers of their own, or the relieving Corps.

3. As however the Rules in respect of Grounds in Cantonments and on Fortresses which were promulgated on the 17th April 1849 imply that under the restrictions therein laid down, the Government will not now object to the sale of houses built in the Fort at Nurnool, I consider myself at liberty to recommend that Lieutenant Pearse's request may be complied with, I have had the remains of the old Choultry examined and estimated by the Police Ameen and the Head Maistry and have ascertained from their reports that the part of the Choultry of which Lieutenant Pearse now desires

Fort St. George 31st. January 1850

desires to pay the value into the Government Treasury is worth Rupees 33-13-0.

4- Beg to explain that houses at Kurnool are so constructed that unless a certain expense is annually incurred they soon fall into an irremediable state of disrepair, They are built of pieces and slabs of lime stone and mud, the roofs also are of mud so that the only saleable part of an old house is the beams and rafters; the lime stone after being once used being nearly use-
-lessly.

Sir,

1- Lieutenant J. E. Pearse of the 5th. Regiment Native Infantry having applied for a grant of the ground on which he has built a house at Kurnool the Fort of Kurnool, I have the honor to request

Fort St. George 31st. January 1850.

request you will be good enough to afford me the information required by the accompanying form of Memorandum.

2- A small portion of this house was formerly a Government Choultry, the value of the Materials of which Lieutenant Pearse is anxious to be permitted to pay into your Treasury, as the Choultry in question is at present included in the body of the building and its disposal would not interfere with any public purposes.

3- The above Officer begs to request that you will obtain the sanction of Government to the above mentioned arrangement.

Kurnool, 27th. November 1849

/ Signed / H. Poole Lieut.t Col.
Commanding

Ordered that the foregoing letter be submitted with the following address.

41-42

To The Chief Secretary to Government

Sir,

I am directed by the Board

To The Chief Secretary to Government

2037 & 39

Fort St. George 31st January 1850

Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the agent to the Governor at Kurnool dated 12th Instant, requesting permission to receive from Lieutenant Pearse on account of Government the sum of Rupees 33–13–4, being the value of part of an old Choultry, forming a portion of a house which that Officer has recently built in the Fort at Kurnool.

2. It would seem from the latter part of para 2 of Mr. Phillips's letter that Military Officers at Kurnool have been allowed to make use of old houses, the property of the late Nawaub, which has escheated to Government. As the Choultry referred to above was one of these escheats and forms part of a house which Lieutenant Pearse has been permitted to build, the Board are not aware of any objection to a compliance with the request proferred.

From A. Reece Esqre Collr of Chingleput

Submits the annual statements shewing the cultivation Demand Collections and Balance of Peishcush with receipts and disbursements on account of the Estate of the Minor Zemindar of Vellacottah for fusly 1258. A.D. 1848/49

1. Para 1 I have the honor to submit herewith the annual Statements shewing the cultivation Demand, Collection and Balance of Revenue in the Villages forming the Estate of the Minor Zemindar of Vellacottah for Fusly 1258. A.D. 1848/49 together with the Account of the demand and adjustment of Peishcush and of all disbursements on behalf of the Minor drawn up in the forms prescribed by the Court of Wards under date the 20th January 1848

2. From a perusal of the Statement A the Court will observe that there was a very considerable decrease in the cultivation of the Poonjee lands as compared with the preceding Fusly, the extent of that description of cultivation being 281 and 156 respectively. This decrease must be attributed to the deficiency of rain from May to July and which affected in a similar manner the general Poonja Cultivation of the District

District, but in the wet land cultivation there was a considerable increase. The tanks which had been repaired in the preceding year having received a full supply of water the extent of wet land sown in Fusly 1258 was 393-9-3/8 or 105-6/8 in excess of the cultivation of Fusly 1257. The result is satisfactory as regards the extent of wet land cultivation for on referring to the Ayacut account exhibited in the same table it will be seen that the extent of the Shaigal and Laik wet lands Amounts only to 431 Cawnies. The Gross produce of these lands in the Fusly under review amounted to Candums 1926-7-1- or 483-11-6 Candums beyond the Gross produce of Fusly 1257 whilst the Nailwariem including Jumah Merah was 1031-10-5 the quantity in the preceding year being 767-1-6 only—

3. The very low rate at which all produce has been selling has of course very materially affected the revenue realized on account of the Zemindar owing to which the net benefit notwithstanding the great increase in the wet land cultivation Amounted

Amounted only to Rupees 1926-7-2 or Rupees 158-6-10 below that of the preceding year and Rupees 516-2-4 below the Permanent Settlement—

4. From the Statement B it will be observed that the Collections realized within the Fusly Amounted to Rs. 849-9-10 and that 1035-13-7 have been subsequently Collected, Making together Rs. 1885-7-5. leaving a balance of Rs. 20-15-9 still due by several Ryots and for the Speedy realization of which the necessary arrangements have been made—

5. The outstanding balances from Fusly 1253 to 1257 Amount to Rupees 77-1-3. which with the exception of Rupees 26-14-7. due on account of Fusly 1257 I consider to be irrecoverable—

6. The Statement C exhibits the Peishcush its Collections and Balance. The Mootah being as noticed in my last years report a most unprofitable one there is a large balance outstanding which with the Arrears of past Fusles now Amounts to Rs. 5182-3-1. The Minor will attain his Majority in July next when these circumstances must be brought to the special notice of Government—

7. The Statement D exhibits the receipts and disbursements of the Mootah. The increased charge of Rs. 71-1- incurred in Fusly 1258 on account of the entertainment of temporary Sebundy was found absolutely necessary to protect the storing and thrashing of the increased produce of the Nunjah Cultivation—

8. The Minor has been prosecuting his studies at Conjeveram and under the charge of the Cash Keeper and has lately attended regularly the School established there by the Free Church Mission-

From the Coll. of North Arcot

Replying to the Board's Proceedings of 7 January 1850 respecting certain points connected with his recommendation for commuting the Cuttady Enams of the lately resumed Mauunoor Pallium.

Sir,

An Extract from the Proceedings of the Board of Revenue dated 7th January 1850 calls for further information on certain points connected with my recommendation of commuting the Cuttady Enams of the lately resumed Mauunoor Pallium and requires an account of the cultivation of those Enams during the last five years.

2 I regret that it is quite out of my power to furnish the account of cultivation called for, none such being in existence. were I now to call on the Curnums to give in Accounts of the cultivation they would prepare such - but they would be without any proper data and could not be relied on. I see no reason however to doubt that the whole of the lands were cultivated in ordinary years excepting only those alluded to in

Fort St. George 31st January 1850.

in Para 2 of my former letter as having been relinquished by the holders as being too small a remuneration for their services. I beg to add here on this last point, that these lands were retained by the Cuttpadies while the Polligar was in possession because they were not prefed then for the stipulated Body; but when by the resumption of the Pollium they came immediately under the Officers of Government, they knew that the demand would be enforced.

3 With respect to the future cultivation of these lands in the event of their being resumed and brought to the full assessment it is difficult to give a very decisive opinion. I see no reason to doubt however that in ordinary years they will be fully cultivated. The only probable exceptions are those Enams which are situated in Balpully; but if the Cowle submitted with my letter of the 15th Ultimo No 132 for clearing and peopleng the neighbouring Village of Cummapully is confirmed, I have little doubt that not only these

these Cultivated Enams will be cultivated, but that the lands generally of Balpully will be brought under full cultivation in a few years.

Cuttorbady Maniums in the lately resumed Pollams of Maumundoor and the application of the proceeds for the support of a permanent Police Establishment on monthly Salaries.

The details of Mr.

2. Bourdillon's plan will be found in his first letter of 15th December last. The value of the Maniums after a deduction of Sodi is stated at Rupees 1000- 15- 9. The new force to be entertained, it is proposed shall consist of 33 Peons each at 2½ Rupees per Mensem involving in the aggregate an annual disbursement of Rupees 990- "- "-

The arrangement appears to the Board to be desirable, but they have thought it necessary to inquire from the Collector whether in the event of the lands being resumed, the whole of them might be expected to be cultivated or full assessment and whether therefore the measure could be carried out

out without the risk of loss to Govern-
=ment. In his reply Mr. Bourdillon
states that he has no reason to doubt
that in ordinary years the lands will be
fully cultivated. The Board however think
it would not be prudent to calculate
upon the cultivation of the entire quantity
and in modification of the Collector's
proposal they would therefore suggest
that the Enamy being resumed,
20 × 2½ × 12 = 600 a body of 20 Peons at a yearly
charge of Rupees 600 be employed
for the present and that the
number be augmented hereafter if the
proceeds of the assumed lands will
admit of an increase.

From the Collr. of North Arcot. Para 1.

Submitting correspondence between himself and the Collector of Chingleput respecting an arrack shop established near Pulicat and requesting the orders of the Board on the case.—

x To the Magistrate of Chingleput Novr. 1/49.
From the Collr. of 1st December 5th /49.
To. Dr. of 1st Decr. 31st /49
From Dr. of 1st January 11th /50.

The correspondence herewith forwarded as noted in the x margin has reference to an arrack Shop belonging to the Chingleput District which is established on the edge of the backwater close by Pulicat so as to draw customers from that place.

The facts are fully set forth in the correspondence and it is not necessary therefore that I should go into detail here.

2. The Shop is placed where it is obviously and avowedly for the purpose of attracting customers from Pulicat there being none in the Village in the limits of which it is situated and the circumstances that the authorized lowest price of Arrack is 50 per Cent lower in Chingleput than in this district enables the Shop Keeper to do this to the injury of the Pulicat Contractors without committing a breach of

Fort St. George 31st January 1850

of his Cowle. Till the receipt of Mr. Freese's last letter I was under the impression that this Shop was altogether new this year, but it does not appear to make much difference in the merits of the case that there has been a Shop in some part or other of the Villages for seven years.—

3. Under the circumstances I was of opinion that justice to the Pulicat Sub Renter required that the Shops should be removed, for if he is prohibited from selling spirits below a certain price it is unfair to expose him to sanctioned competition at 50 per Cent lower while it cannot be maintained on the other hand that the profits of such a trade can be a part of the Chingleput Renters' legitimate profits. Mr. Freese however objects to this step & I therefore myself the Honour to lay the case before the Board of Revenue with the request that they will be pleased to pass orders upon it.—

Sir

Para. 1. I have the honor to enclose copy of a Memorandum from the Police Ameen of Pulicat, reporting the death of two men while crossing the backwater in a state of intoxication on their return from Caranicoopum in your District to which place they had been to drink late at night.— You will observe that the Police Ameen states this Shop to be newly established at the edge of the backwater, & no doubt with the view of attracting purchasers from Pulicat the price at which liquor is sold being much lower than at the Shops in that town.—

2. I am not informed what is the regulated price of Arrack in your District & the low price established at the Shop in question may be according to rule but the parties in this case appear to have been served with liquor at a late hour of the night, and that is illegal. It seems clear, moreover, that the object in placing the shop

Shop so near the backwater is to attract buyers from Pulicat, and whether the price at which it is sold is permitted by your regulations or not this is unfair to the venders in that Town who are restricted to a higher price - I may therefore reasonably request, I think, that you will cause the Shop to be removed to its former site in Caringaul and that if the Shop keeper has been selling below the proper price or at improper hours you will punish him for such offence.-

To J. D. Bourdillon Esqre. Collector of North Arcot.-

Sir,

Para. 1. Referring to your letter of the 1st Ultimo, I have the honor to inform you that the minimum price at which arrack and Toddy are allowed to be sold in the Shops established by the Abkary Renter of this District is noted in the Margin and as it appears from the enquiries instituted that arrack has been sold below that price

Arrack per dram	Cash 40
Toddy per Madras measure	Single pdam 1.—

price at Coorumcoopum I have caused the parties to be punished.-

2. The Shop however being not only 2½ miles distant from Pulicat and entered in the Renter's Cowle I cannot cause it to be removed.-

Chingleput District. Collector's Cutcherry. Pullecarney. 5th Decr. 1849. } /Signed/ A. Freese Collector.-

To A. Freese Esqre. Collector of Chingleput.

Sir,

Para 1 I have the honor to acknowledge your letter of the 5th Instant respecting the arrack Shop newly established at Coorumcoopum.-

2. Since the receipt of that letter I have made further enquiries regarding this Shop and I find that the Shop is close to the edge of the backwater opposite to Pulicat, and quite away from the Village of Coorumcoopum and that the Village last named is an exetremely small one incapable of supporting an Arrack Shop. It appears clear therefore, that the Shop was-

was established with the view of attract-
ing Customers from Pulicat and this
opinion is confirmed by a Report given
by the Shopkeeper to the Police Ameen of
Pulicat, copy of which I enclose. In this
document it is distinctly declared that
none of the people of Coorumcoopum
are Customers at the shop and that it
is dependant on the custom of people
of Pulicat and of casual Passengers.

3. Under these circumstances
I consider that Justice to the Renter of
this District absolutely requires the
removal of this Shop and I must
therefore repeat my request that you
will cause it to be removed. Should
you still be of opinion that this
measure is unnecessary and improper
I shall consider it my duty to lay the
case before the Board of Revenue
for their Orders. I should add that
the lowest price allowed for arrack
in this district is 60 Cash a dram
being 50 per Cent above the
price in your District, this Shop-
keeper might therefore command
a

a large Custom from Pulicat, even
selling at the regulated price.

Sir,

Para. 1. I have the honor to acknow-
ledge the receipt of your letter of the 31st.
Ultimo and to inform you that you have been
misinformed in regard to the Toddy &
Spirit Shops established in Coorcoopum.
A Toddy and Spirit Shop have been
licensed in Caringanby and its Hamlet
Coorcoopum for the last seven years tho'
the actual spot has varied a few
yards according to the arrangements
of the Renter of the District and for
those reasons and because it is included
in the Cowle executed to the Renter
I cannot comply with your request by
causing them to be closed.

2. I have also to bring to your
notice that I have had the distance
from whence these Shops are
established to Pulicat measured
and

and find it to be 2 Mile 3 furlongs and 188 Yards.-

3. In respect to your remarks upon the Establishment of Shops on the boundary of another district with the object of competing with a neighbouring Renter, I beg you will refer to the records of your Office for the last 10 years, and you will then observe I think that this system has been carried out to a very great extent by the Renters of the North Arcot District, whose newly established Shops &c. in the vicinity of Conjeveram are most numerous.-

Should you desire to refer this matter to the Board of Revenue, I can have no objection to your doing so.-

53

Sir;

From the Collr of North Arcot. Forwd 818 replying to a Circular from the Board of Revenue respecting the demand of security from Public servants. Is expressed doubts of the expediency of requiring it from Tahsildars and Sheristadars.- Further observation since that time has led me to the conviction that the practice is not only unnecessary but pernicious in the case of both classes of Officers especially the Tahsildars.

Offers certain observations respecting the demand of security from Tahsildars & Sheristadars in reference to his letter, October 28th 1848, and recommends that he may be authorized to discontinue the demand in the case of those Officers.-

2. As respects the utility of the security no instance has come within my observation or knowledge during the whole of my Official life in which any direct benefit has resulted from it and as to any indirect and unobserved

unobserved advantages which it may be supposed to offer that for instance of rendering the Officer more guarded in his conduct. I must be permitted to doubt the existence of such indirect good effects. The desire of advancement and the desire to acquire the estiem and approbation of a superior are two of the strongest sentiments of the human mind both these can be brought to operate powerfully on the conduct of a public Officer, of the classes I am referring to and to these is added also the fear of degradation or total loss of Office, and the knowledge that in case of a sentence of fine being incurred all the property of the culprit will be available to make it good. It cannot be supposed that the knowledge that another party has bound himself to make good any part of a fine not satisfied from the individuals own property will add anything to the motives derived from considerations detailed above. In fact a man will care more for his neighbour than for himself. In point of fact I fully believe that the security is wholly inoperative

inoperative as a motive, and that it never occurs at all in that view to the mind of the party who has given it. I may add that in practice many of the Tahsildars and Sherishtadars in this District are always without security for an Officer newly appointed to such a post rarely furnishes the required security within a year or eighteen months of his nomination and no ill effects are found to attend this absence of security.

3. I consider the demand of security pernicious because of the nature of the terms on which alone an Officer can in most cases obtain it. Either he must pay an annual commission on the amount of the Security, or the price paid is his favour and countenance the latter perhaps most generally or almost universally is the case of Tahsildars. I need not point out the ill effects that may often result from such a connection in depriving a public Officer of his independence and obliging him to listen to the recommendations or favour the dislikes of a particular individual in his Talook, for I may observe that the Surety is almost always a resident in the same Talook. It appears to me also inconsistent & impolitic to express doubts of a man's probity, and take special measures against his dishonesty at the

very moment that we invest him with a honorable and responsible Office.—

4. For the foregoing reasons the demand of security from Tahsildars and Serishtadars appears to me to be very objectionable, and I shall delay enforcing the demand of Security against several Officers of these Classes who have not yet furnished it, till I shall receive the Board's Orders on this communication, I earnestly hope the Board will authorize me to abstain from the demand altogether and to cancel the bonds already existing and I the more hope this because the Classes of which I now write do not appear to be included in those referred to in the Board's letter of the 17th September 1812 Indeed I do not at all see why Tahsildars and Taloke Serishtadars should be required to furnish security more than the Head Serishtadars.—

5. The Classes of servants from whom security is demandable as it appears to me under the Board's orders just referred to are the Head Cash keeper and Shroffs the Stamp Durgah the Taloke Shroffs and the Shroffs at the Salt pans With these, as having the immediate Custody of money, I will not propose any interference.—

From the Collector & Magistrate of Salem ... } Sir,

1. I have the honor to forward for the consideration of the Board two *reports from my Head Assistant on the conduct of Ram Row when late Tahsildar at Raizepoor and now of Womaloor — Taloke.—

* Submitting two reports from his Head Assistant on the misconduct of Ram Row late Tahsildar of Raizepoor and now of Womaloor Taloke and recommending his dismissal from the Public service. 31st December 1849.

2. On a review of his conduct for several years numerous complaints are recorded against him affecting the integrity of his character; many fines have been imposed upon him and warnings of dismissal without any good effect. I need not take up the time of the Board by recapitulating the charges now reported on, the greater number of which are clearly proved, but I must differ from Mr. Dykes opinion that six

months suspension is an adequate punishment taking into consideration his former misdeeds.

3. This is the same person who was dismissed by Mr. Lyeing in 1842 and restored by the Board on appeal, and the records of my Office bear manifest proof that his conduct since, has been more unsatisfactory exhibiting a reckless disregard to truth, several proved instances of falsifying reports, altering dates to suit his purposes and other practices which render him in my opinion undeserving of further indulgent consideration.

4. I shall not impose on the Board the trouble to peruse the records in confirmation of what I have just stated, but if they consider the reports now submitted insufficient to warrant his dismissal from public employment I shall beg them to defer their decision and have them laid before them previous to passing orders in the case I shall contend myself just now by transcribing an

an order of the Session Court dated 7th. March 1849. on an appeal preferred by him against an award of a fine of fifty rupees imposed on him for falsifying his Police Diary viz.

"The report of the Assistant Magistrate "and the order of the Magistrate thereon "when compared with the Petitioner's "statement and with the established "fact of the Petitioner having entered false "dates (vide) M.P. 31/1849 convince the "court of the propriety of the decision "arrived at by the Magistracy.

"The only matter of surprise "to the Court is that the Petitioner was "not dismissed from his situation."

"Ordered that the record be "returned".

5. I was also of opinion that Ram Row ought on that occasion to be dismissed for flagrant acts of misconduct reported on by my Assistant Mr. Innes and his conduct since shews that my lenieney was misapplied and

and as I perfectly concur with Mr. Dykes that from his utter disregard to truth no confidence whatever can be placed in Ram Row, I trust the Board will not hesitate to sanction his dismissal as his further employment can only be attended with harm to the public service and tend to weaken the controlling power of the Local Authorities.

Each case mentioned in the accompanying Letters was investigated by Mr. Dykes in presence of the Defendant, and his defence taken and the records will all be submitted if required.

7. I think the Board will concur in the propriety of Ram Row being suspended from employment pending the result of their decision on the case.

To,

W. E. Lockhart Esqre.
Collector of Salem

Sir,

In my letter of this date I have submitted the result of the charges brought against Rama Row as Head of Police, I have now the honor to forward the evidence taken by me in the several Cases* in which he is accused of misconduct in the Revenue Department when Tahsildar of Raizepoor and Subsequently acting Tahsildar of Womalore.

2. The first charge is a remarkable instance of the want of veracity perceptible in all the proceedings of the Defendant on the 25th. March 1846, he was ordered with a view to their sale by auction to prepare a list of the several Sayer Choultries in Raizepoor and on the 10th. June 1846 the required information was furnished the Tahsildar

10. The impropriety of such dealings on the part of the Tahsildar needs no further comment but I must also call your attention to the evidence given by Atreneyassenger he should at once have brought the whole matter to the Collectors knowledge and having failed to do that he might at the least be expected now to repair his fault by giving all the information he can on the subject instead of which he has remained obstinately silent and what evidence he gave is a tissue of prevarications.

11. On questioning the Tahsildar as requested in your yadast of the 21st. September 1849 why he had failed to examine the Palmyra topes as ordered by the Collector at the Jammabundy of fusly 1255 a loss being thereby occasioned to Government of Rupees 550 — 4 — 1 the assessment on 7528 trees, he explained that he had gone

gone to the Village, but that the rains had set in before he could get the trees all counted and that he reported the advisability of a full enquiry at the Jummabundy of fusly 1257. This was the case of Chapavany brought forward by the Prosecutor in the preceding charge and probably the Tahsildars want of zeal was the Cause of the quarrel.

12. As regards the charge of having appropriated two pieces of ground at Raizepoor to build a house, no order appears requisite, I visited the spot and found that the Tahsildar had built a house close to the platform by which the car stands and round which the God is usually Carried — but that they had not been able to do so since in consequence the Moottadar Curnum and Moonsiff of Raizepoor however as well as some of the parties who usually carry the God were there and assured me that they had no Complaint

price 2 is the Amount written off as their pay.

17. The Plaintiffs are brothers and on enquiry how they had been appointed I found that Another brother had previously been the Curnum and had with the then Monigar been dismissed on the 8th. October 1834 for Chapparany &c. by the Collector On the 27th. December the present Curnum his brother was appointed by the Head Assistant and on the 23d. December 1836 a third brother the present joint Monigar was appointed - That is by the Knavery of the elder Brother the family gained the joint Monigarship and the Tahsildar as far as I can judge from the Accounts &c. before me was perfectly justified in recommending stringent measures and the dismissal of the Monigar. They were suspended for Dustabaked in fusly 1253 and again in fusly 1256 and I also should recommend the immediate dismissal of the joint Monigar Annagherry Pillay -

Here

D.G.

18. Here again the Tahsildar has allowed himself to be influenced by his feelings. He cannot account for the sum not being entered in his takeed dated the 3d. August threatening the Monigar with dismissal &c. for arrears whilst as shown above by that time nearly the whole balance had been paid up nor for the delay which however might have been accidental nor as will be shown hereafter for other numerous discrepancies in the Cases where the Plaintiffs were concerned.

19. The 1st. Plaintiff in the preceding case further charges the acting Tahsildar with having taken a deposition from him regarding his absence at the time appointed for ryots to relinquish their lands which was not written as he gave his evidence, but as the Tahsildar wished and it must in this case be admitted that the deposition does not appear to be trustworthy -

On

Fort St. George 31st January 1850.

On the 25. July towards the end of the period in question the Plaintiff had been summoned by the Civil Court and had received leave from the Tahsildar to attend and would naturally as he asserts have urged this in his defence, but it does not appear in the deposition and it would be wearisome to point out all the instances of a like nature apparent on the proceedings in this and the subsequent charges in which the Plaintiff denies that the depositions given by him on the 28th August as regards their arrears of kist Vau and on the 31st August with regard to the Cummumship of Veeraoul were correctly written.

20. These depositions have undoubtedly been written rather as the deponent wished. In the latter case the Tahsildar was decidedly only doing his

Fort St. George 31st January 1850.

his duty in bringing to the notice of the Collector what is clearly the fact that Vencatramanpillay the relation of the Plaintiff in the preceding cases and Goomastah to the Cummum of Veeraoul did not and had never fairly performed the duties of his Office which had been carried on by the said relative, and lived in Nammel Talook. But here again instead of taking the requisite evidence and simply stating the facts of the case he seeks to strengthen his assertions by means that completely prevent any confidence being placed in his statements.

21. The concluding charge is that the Signature of the Plaintiff in the above cases was not his voluntary act. as I have stated the depositions as have clearly not been written as the Plaintiff wished and there can therefore be no doubt but that such depositions could only be signed from fear of the Tahsildar.

As

Fort St. George 31st January 1850

As regards the neglect of duty in not daily examining the palmyra topes I cannot give an opinion as the records of the case are not before me, and the only charges which appear to call for especial notice are the first and four latter charges regarding his conduct towards the Curnum of Vanavassy and his relations. Rama Row as I have shown is clearly guilty of having written a deliberate falsehood regarding the Chenltry at Attyanpatty; and such fraudulent misrepresentations deserve a severe penalty. Again in his proceedings with regard to the Curnum of Vanavassy the systematic manner in which the depositions had been virtually falsified, require most severe notice. as stated in reporting the result of the Police enquiry, no confidence whatever can be placed in

Ram

Rama Row, and I should I believe be justified in recommending any term of suspension under Six Months but as a suspension of three months has been recommended for his misconduct in the Police Department I would beg to advice that a further term of only three Months should be awarded for the misconduct detailed above, making the total term of suspension Six months. The records of the whole case are herewith forwarded.

To W. E. Lockhart Esqre
Magistrate of Salem

Sir, I have the honor with reference to the correspondence noted marginally to submit the result of the enginiry into the

Police of Womaloor.

3. With regard to the First charge the Tahsildar states that the matter was overlooked by him and that his subordinates had appropriated the 3 Rupees and had therefore not reminded him of the case and that he would not have left the records had he meant to suppress the case.

The bribe was taken by a Colkar whom the Karkoon of attyampully had sent to arrest one Pullany Pilly. It was reported on the same day 7th May 1848. to the Karkoon and the Colkar when questioned by the Karkoon, it would appear, confessed and gave up the money. The Karkoon was then examining into a case of gang robbery which was committed to the Subordinate Court on the 13th May, no report however of this bribe was made to the Tahsildar till the

12th

12th and from the question then put to the Karkoon by the Tahsildar and recorded at the foot of the report, it would appear that the Tahsildar who was then in the same Village with the Karkoon had heard of the matter privately on the 10th whilst the depositions given by the Colkar and Witnesses before the Karkoon and which accompanied his report are also only dated the 12th The Karkoon had thus taken the three rupees from the Colkar without taking a deposition from him, and had failed to report the case to the Tahsildar. On the 25th May the Tahsildar reported the committal of the gang robbery case and had he intended to bring this case to the notice of the assistant Magistrate who had then charge of the Police of Raizepoor would have either mentioned that the case was under investigation or as he should have done for the enquiry then made was

was

was sufficient would have reported the case and recommended the Collr to be punished for receiving the bribe and the Karkoon for having suppressed the case. The Tahsildar did neither and is clearly guilty of having wilfully suppressed the misconduct of both parties. What really became of the three rupees cannot now be ascertained.

4 The Curnum in the second charge was sentenced by the Head Assistant Magistrate, February 7th 1848 to pay a fine of Rupees 10 or be imprisoned 15 days for possessing unclaimed property and the imprisonment was only reported on the 20th February. It is admitted that the Jummabundy was then going on and the Curnum states that whilst imprisoned in the Cutcherry he and his Goomastah were employed writing the accounts and that he was allowed

to

to go home twice a day for his rice. Nor can it be supposed that the Curnum a Brahmin would not have paid the fine had he expected that he would like the other prisoners be strictly confined in the pick up cell.

5. The Prisoner Molinum referred to in the Third charge was arrested on suspicion of theft of trifling amount, but was also accused of having attempted an escape. The Tahsildar duly recorded his decision in the Diary under date September 23d 1847. The theft was not proved and the alleged escape consisted merely in the prisoner over whom there was no guard leaving the choultry and going to his house to see after the cattle. The case should however have been reported.

6. The Fourth charge is similarly a case which should have been reported. In the Diary, September 28th 1848, it is entered that the Prisoner Coopuna Cumdeu had confessed and that the parties implicated

implicated had been arrested and their houses searched, but without success. That there was no other evidence against them, and that they were therefore released with the Prisoner who had confessed as he was only fifteen. The age of the said prisoner has been altered in the heading of his deposition from 18 to to 15, for which alteration the Tahsildar can give no good explanation. I sent for him and should say that he was not more than fifteen. It would therefore appear that in the first instance, when it was wished to strengthen the confession his age had been incorrectly given and afterwards when his release had been determined on, had been altered accordingly. There is no evidence to show that any improper consideration was received, but I fear that there must have been a hidden motive both in

in this and the preceding case for thus releasing the prisoner without reporting the case to the Magistrate.

7. The Prosecutor in the Fifth charge was a revenue defaulter. The charge was investigated in the first instance by the Assistant Magistrate, no violence seems to have been used but there had probably been a slight scuffle and it would appear that in the struggle the Brahminical cord worn by the Prosecutor had been broken, no credit can be given to the alleged loss of property and as urged by the Tahsildar had the Prosecutor been thus illtreated on the 17th July, he would have complained before the 11th August, the date of his petition.

8. The Sixth charge as regards the assault is not proved and the alleged forcible seizure of Rupees 10 is clearly false. The records of this case, however, shew an entire disregard to all orders

Fort St George 31st January 1850

× No 136
× 8th Sept.

orders, and an equal want of severity. The house of one Columbay Charren was robbed on the 17th July 1849 and reported on the 19th The petition of the prosecutor is dated 25th August and orders were sent to the Tahsildar to forward his diary by return of post 7th The diary was received on the 22d September On the 23d August the Tahsildar had reported with reference to the robbery on the 16th Instant reported in his urzee of the 19th Instant that the Prosecutor with four others had been accused of the robbery, examined and released on default of proof that he was trying to find out who the parties were, and that in case any other clue should be found and parties arrested due report would be made

No 136

robbed, it appears that the parties were released on the 24th July, but the Tahsildar states that he still kept them at his cutchery under the eye of the police, till the 23d August in consequence of information received from the Warkoon of Sungapilly on the 26th, as to how they released on the 24th July were re-arrested on the 28th he can give no information, neither can he account for no mention in being made of this in his urzee of the 23d August, nor for the fortunate mistake of the Police Royasoom. The date of release was also omitted. The Prosecutor was a man of bad character, and had the Tahsildar reported fairly the circumstance of his imprisonment no objection would have been made

From this urzee it would also appear

10 that up to that time 23d August, no others had

had been arrested, instead of which no
prisoner had been examined on the
12.th August four on the 16.th and two on
the 20.th to whom not the slightest al-
lusion is made in his arzee of the
23.d august. Others were examined sub-
sequently, and on the 11.th September
the Tahsildar reported the release
of the parties, but no dates are given
and I have no means of ascertaining
either on what date they were severally
arrested or released for the case is
not entered at all in the monthly report
nor is there any entry in the diary sub-
sequently to the 24.th July, the diary
being however only written up to the
10.th August.

11. Press of business may account
for the latter, but cannot explain
away the above mis-statement and
intention to deceive so manifest in
the arzee of the 23.d august. The Tah-
sildar lost his temper with the Hur-
koon who conducted the preliminary

enquiries and whose conduct was far
from correct, and it would take up too
much space to point out the several
irregularities apparent on the proceedings
in this case. The Tahsildar evidently
exerted himself to arrest the parties
concerned, but from what I have detail-
ed it is evident that his reports cannot
be trusted.

12. The Prosecutor further states
in his petition that some children
had been sent in with a portion of
the property you and that the Tah-
sildar had been influenced against
him by one Chinnayan from whom he
had borrowed Rs 750. Report was
however only made as to the proper-
ty found. The debt is admitted
by the Tahsildar, but the influence
alleged at the time in this instance, would not
be capable of proof.

13. The Prosecutor in the seventh
charge is the same Purkoon who
was accused on the 25.th March
by

* 11 Left

by one Venataramanien of possessing stolen property; and, about the same time in July this case was investigated by the Tahsildar, the charge was manifestly false and got up through enmity. The robbery was committed in January 1848, A diamond ring valued Rupees 50 was entered amongst the articles stolen, and it was this diamond which the Karkoon was accused of having had broken in two and made into a pair of earrings.

14 The earrings were produced by the Karkoon, and the stones taken out of the setting were found to be common pebbles. They had been one stone and the party who set them deposed to having sold it for twelve annas that it broke whilst being set as a ring, and the two pieces were therefore set as earrings, but that he received from the shape fracture &c. that one of the pebbles had been changed. Of this there can be no doubt, and it is probable that one of the pebbles was substituted

* before the Asst. Magistrate

and another put in its place either by the Tahsildar or one of his Cutcherry though not proved nor would it have answered any fraudulent purpose.

The stone was declared to be
15 identified by certain mark, but supposing the mark corresponded, the stone stolen was a diamond, whilst these were common pebbles, or supposing that the stone stolen was only a pebble would the Karkoon have run such a risk for what was valueless. The Tahsildar however on bad terms with the Karkoon and instead of fully acquitting him of the disgraceful charge gave, no decided opinion on the subject wrote a violent argument against him and requested his removal.

The fifth charge is not proved and
10 the second charge does not appear now to call for further notice. The offence referred to in the first charge was not in the first instance of a serious nature, but the conduct of the Karkoon called for severe notice, and the suppression of the whole case by the Tahsildar was

was a grave derelection from his duty. The failure to report the disposal of the cases on the third and fourth charges may have been merely the result of carelessness, but cannot be passed over without notice, and the alteration of the age of the prisoner who had confessed to a most serious offence. Again the records of the Sixth charge show the most reckless disregard to truth. Whilst the Police is carried on thus the diaries are furnished by the Tahsildar, instead of checks, are more aids to deceit and what possible confidence can be placed in a man who reporting on a case of gang robbery leads the Magistrate to believe that up to that time all the parties arrested on that charge had been released whilst at the very time that he was writing there were no less than seven men in his Custody who were accused of that most serious crime and had been examined by him? In the seventh charge he allowed himself to be guided by his feelings, and would have attached to the Karkoon most unjustly the suspicion of a serious crime. In short from his evidence and utter disregard to truth no confidence whatever can be placed in Ranna Row and for his conduct in the several cases now investigated I should recommend his being suspended for three months, further suspension being recommended if the misconduct proved against him in the Revenue Department.

Proceedings Recommending the prosecution in the case of Rama Rau Tahsildar of Woomalore Taluk in Salem and directing his reinstatement if practicable Charges cannot be considered good against Rama Rau.

55-56

With the foregoing letter the thereon- Collector and Magistrate has submitted his reports from his Head Assistant Communicating the results of the enquiry made by that officer into the proceedings of Rama Rau in the Revenue and Police Departments in the Districts respectively under the orders in charge of the Rayapoor and of the Woomalore Talooks. Mr. Dykes recommends that the Tahsildar be suspended for seven months three for his misconduct as a Police and three for that as a Revenue Officer. The Collector however considers this punishment too lenient and requesting in strong terms his suspension of Rama Rau's services for further employment has addressed his disconnexion from his appointments

The Board have gone carefully over the reports of the Head Assistant Collector and Magistrate but they cannot perceive in them any thing to warrant the conclusions arrived at by that Officer and his superiors. Some of the Charges which were investigated

altogether failed in proof, others are mere irregularities proceeding probably from inadvertence or committed in the hurry of business, but there is not one of them which is shown to have resulted from a wilful design to deceive, or Corrupt intention which is not susceptible of a more favourable Construction than that put upon it by the Head assistant. This is to take the first of the Revenue Charges Ram Row is accused of fraud and mutiny accuracy in having represented one of two Choultries in the same Village to be the old Sayer Choultry instead of the other and thereby to have caused the sale of the wrong building. The account given of the whole transaction is obscure so far as the Board can judge, both Choultries belonged to the Village and neither should have been sold, but Mr Dyke admits that there is no proof of any Corrupt motive on the part of the Shanbogue with the second Revenue Charge, it may have been improper that the Shanbogue should

have had dealings to such an extent with a Ryot apparently of his own Taluk, but there is no reason to suppose that any wrong was done, to the latter his silence for three years is opposed to such a conclusion, and the letters of the Gomastah strenuously or even if they were shewn to relate to this particular transaction prove nothing except the existence of ill feeling between the parties. The account given of the Shanbogue's proceedings towards the Village Officers of Tummarasy in his Taluk is so confused that the Board have much difficulty in forming an opinion upon the real merits of the case but it seems questionable that the Carnum and Gomgar had for some time after the close of the Fasly delayed pay ment of their Peishcush that they were aware of such Character and that the Taluldar had sufficient grounds for recommending "stringent measures" and the dismissal of the Gomgar

Fort St George 31st January 1850

amongst us at least. No cause is assigned why he should have desired the removal of these persons except that he considered it to be for the good of the public service - nor why having adequate reasons for advising that measure he should have resorted to untrue reports or to falsified and contracted depositions -

3 Turning next to the 3d Charge against the Shanbadar in his Police capacity the principal of these seems to be, his having suppressed all mention of a bribe of having altered the age of a prisoner in the heading of his Confession, and his having been guilty of misrepresentation regarding the apprehension and release of certain parties Charged with housebreaking: the first of these is altogether a trifling matter and the Board of Police omitted to mention it merely probably from forgetfulness or from his being engaged in the investigation of more serious

Charges

Fort St George 31st January 1850

Offences - as regards the second there is nothing to shew, when or by whom the alteration was made or that it might not have been done at the very time that the deposition was being taken down; and it is allowed that the correction, whenever made, was in accordance with truth - In respect to the third Charge certain individuals seem to have been released on the 21st July but in consequence of their suspicion attaching to them was kept under the surveillance of the Police for some time longer - the reporting on the 23d augt their release from actual Confinement - the Shanbadar seems to have omitted to notify their further detention under the eye of the Police neither did he make any allusion to some other individuals who had been arrested and examined, but finally because in their case the inquiry was still in progress - It is allowed that the parties kept under surveillance were men of bad Character and that the Shanbadar reported

impairment no objection would have been made. It is therefore clear that he could have had no motive for a wilful misrepresentation. The Board then cannot admit that any of the charges against the Moorlidar have been established. They must go further and add their opinion that the ongoing does not appear to have been conducted by the Head Assistant in a fair and dispassionate spirit. Exaggerated expressions and unplayed insolence to the Moorlidar during proceedings and the Board cannot but remark as particularly objectionable that when no Complaint or imputation on the part of the accused is apparent or can be established, the evidence has been taken for granted. The Moorlidar has not been allowed the benefit of any doubt in his favour, but all doubts have been resolved to the prejudice of the Common Pleas in the matter of the

sale of the Chowltry it is stated "there is no proof of Corrupt motives but one may conclude that the Village would feel much interested in the subject and I fear so gross a misrepresentation would not be wicked for nothing." Here it is first assumed that the misrepresentation must have been wilful and next that it must have been caused by Corrupt intentions. A Sure sticking instance occurs in Regard to the alteration of the age of the prisoner in the heading of his Confession. It is presumed that the age was at first knowingly mistated to strengthen his Confession and after wards altered to warrant his release. Here both the original entry and its Corrections are ascribed to the worst motives there being nothing stated to show how when or why the alterations were made, or whether if made by the Moorlidar not after the depositions were taken it proceeded from any other motive than to Correct a presumed inaccuracy in regularly forcing

but without bad designs - Hard
to the existence of sound empir
-ical Considerations as grounded in

hesitation in saying that so far as respects
the papers already before them they consider that in

any portion which it may have been found necessary to give to the party who performed the duties of the Talook during his suspension.

6 One more remark remains to be made. The recent inquiries into the charges against Rama Row were conducted by the Head Assistant Mr Dyson but the Head Assistant as would seem from the Settlement Report of Faudy 1258 is in Revenue charge of the Tongaroor Mut Division and Pittapuram Talooks and the Talooks of Ramachandrapuram & Yanam of which Rama Row was recently Thasildar, are under the direct management of the Collector. As it would occasion the inquiry into some cases conducted by a Junior to the same individual seems to have been entrusted to another Assistant Mr Lewis.

The Board of Revenue are altogether opposed to annexing duties of this nature being delegated by the Collector to the Assistants except as regards the Thasildars of those Talooks which are under their immediate Management. Arrangements must be devised that will combine all the various charges Revenue or Police against the Thasildars in the Collectorate Division of the District, to be investigated when necessary by a Gazetted and other Assistant officer himself.

September last forwarding the Petition No. 1053 of 1848 addressed to the Board of Revenue by Venapa pillay together with Copy of the Board's proceedings dated 27th. August 1849. and requesting me to furnish the information therein called for and to state whether any arrangement can be effected between the parties.

2. Ardanarry Iyen the son of Palany Iyen alluded to in the Petition was reported to have died on the 8th. December 1840. and the Curnamship was entered on the 22d. April 1847. in the names of his uncle Coffynmanaib and Cousin Kistniah. But as the latter party was incompetent to perform the duties of the Inamdary in question, he and his elder brother Narasien have been allowed to discharge them conjointly.

3. The Board call for a report upon that part of the Petition in which it

Is herewith returned

Fort St. George 31st. January 1850

2119

it is represented that Ardanary Iyen executed an agreement engaging to pay 60 Rupees in compensation for the enjoyment of the office and to relinquish it in the Petitioner's favour, and that he did pay the 60 Rupees accordingly.

4. The Petitioner has failed to produce the agreement referred to, nor have his statements been borne out by the Mother of the deceased who has denied that any thing of the kind occurred, and declined to enter into any terms with the Petitioner.

5. The Inamdary in question was registered in the name of Palany Iyen in Fasly 1211. since which period it has been held by his family, and as they have had long terms of the office it does not appear possible to effect any arrangement between the parties.

6. The Petitioner has produced an order dated the 25th. Cartagay of the year Chittaryttty or 1798. A.D. which was issued by the then Tahsildar of Paramutty to the ancestor of the Petitioner's father Ramakumpillay a late Curnam of Cuddalore Paramutty

Paramatty and Iramireddy Patty, when he was informed that with reference to his Petition an order was received from the Hon'ble on the 19th October of the above year, stating that the Commun Thariffy of the Cudbal Paramatty and Iramireddypatty, will be confirmed upon his son on his attaining full age; that one Palany Iyah has been appointed as Cummum Goomastah of the above Villages and that he must make over all the accounts &c to the Goomastah. But it is impossible to ascertain the genuineness of the document.

I beg to forward herewith a copy of it for your information from which it further appears that the Petitioner father was also then holding the Cummumship of the Village of Sirkom in the said Talooke.

On a reference to these records it appears that the Petitioner was dismissed from the Cummumship of the Village (Sirkom) for frauds committed by him during the Mootahalum time.

Translation of an Order dated the 25th Curtigy of the year Ellayaby in A. D. 1798. which was joined by the then Tahsildar of Paramatty named Ram Row to the address of Ramasamy Pillay late Cummum of Cudbal Paramatty and Iramireddypatty.-

You are at present holding the Cummumship of the Sirkom Village, but on your being informed that you were not permitted to continue the duties of Cummum of the Cudbal Paramatty and Iramireddypatty, though the Goomastah Veerapillay Patty, a Gentleman who was appointed for the purpose on the 15th December of the year Pramadeha, you submitted a petition stating that your sons are all minors who are at present unable to conduct the duties, and requesting the Queen to appoint a Goomastah to perform the duties until the two attain their ages of discretion. On this petition an order was received on the 19th October of the present year, the purport of which I inform you that

that one Palany Iyen has been appointed as Curnum Gommestah to perform the duties of the Cushah Parumatty and in Maunelolypetty Village, that on your bons attaining their age, you should apply to the Collector who will confer the Monsey of the above Villages on them; and that you will consequently deliver over all the accounts of the said Villages to the said Gommestah taking his receipt for the same.

From the Collector of Tanjore—

Sir With reference to Extract from the Proceedings of the Board of Revenue under date the 2d November 1828 I have the honor to return Petition No. 1218 of 1828 forwarded for further report with reference to my Endorsement on the subject of this Petition dated the 13th September.—

Reporting on Petition No. 1218 of 1828

With regard to the information required in para 2 of the Extract

Fort St. George 31st January 1830

Extract under reply I am unable to give any satisfactory answer the Poligar himself declaring that he has no Sircar Sunnud or document to show whether the Pariz originally fixed on the Polygut had any reference to the assets derivable from the Chank Fishery of that part of the Coast which borders his Estate and the records of the Collectors Cutchery contain no document in explanation of the Board's queries on this head.

In renting the Circar chank fishery no mention has ever been made in the Moochilka of any reserved right to fish on the part of the Poligar the whole line of Coast from North to South being made over to the party taking the rent. But it would seem that some of the renters have acknowledged the claim on the part of the Poligar by renting separately from him the privileges of fishing on his boundary and in support of this right the Poligar has produced certain documents shewing the long existence of the practice.— A deed on stamped Cadjan dated in 1823 shews that one

Balan.

Fort St. George 31st January 1850.

Dalan Syed Rowtanan an penter of the fishery from the Poligar for 2 years at 508 Chuckrums. A second deed shews the pent for 1825 at 300 Chuckrums. A third shews the pent for 1827 at 105 Chuckrums, and a fourth on unstamped Cadjan shews the pent in 1830 for Rupees 100 In addition to these, four other deeds on unstamped Cadjans shew that the pent was made by the Poligar as far back as 1818 at rates varying from 700 to 730 Chuckrums.

By these documents it appears that the Poligar has long exercised the right of penting, and had they been produced originally the decision come to by me as set forth in the former endorsement would have been much modified, but the Poligar at the time of the enquiry professed his inability to produce any document in support of his claim beyond the order issued by Mr. Kindersley in 1838, on his application that the balance of the chunk pent payable in 1837 while the Poligar was under Guft for arrears, should be paid over to him.

after

Fort St. George 31st January 1850.

after the release of the property. In Mr. Kindersleys order it is stated that the request of the Petitioner should be complied with, and the balance was paid accordingly. The Carpenters have from time to time disputed the claim of the Poligar but eventually have come to some understanding with him settling the matter between themselves, until lately when the enquiry was made by me and the Poligar detected in authorizing bribery to the Cutchery servants for their assistance in getting the matter settled in her favor. On a review of the case as it stands and the documents now produced, I am of opinion that long usage has been established, and the orders of the Board are solicited to settle the question. —

The chunk penter of 1253 who succeeded his uncle the penter of 1251 and 52 deposes that the limits contained in the Pollipet Boundary were always considered as a separate fishery and the penter of 1250 purchased chunk from the Poligar.

Proceedings thereon.

(66-67)

From the letter above recorded it appears that the Singavarum Polligar has no Summuds or other Document to shew that the revenues derivable from the Chank Fishery of that part of that Coast which border his estate, was included among the assets on which his Pariz was originally fixed, and that the records of the Collectors Cutchery contain no information upon the subject. It further seems that his claim to the Fishery has never been officially recognized

2

In granting the Circar chank rent in question has ever been made in the Moochilka of any reserved right to fish on the part of the Poligar, the whole line of Coast from North to South being made over to the party taking the rent. The renters do indeed seem of late years to have entered into some engagements with the Poligar perhaps with the view to guard themselves from any annoyance or interference on his part and of this character probably was the arrangement referred to in Mr. Sunderlay's order of 1838 but the claim has

Fort St. George 31st January 1830

has from time to time been disputed by them and its partial admission is not traced further back than 1818.

The Settlement of Estates

has usually been made exclusive of all sources of revenue except those derivable from the land - Monopolies such as the Chank Fishery have ordinarily been regarded as reserved on account of Government or when any exceptions have been made as in the case of the shares of certain Pagodas in Tinnevelly in the Pearl Fishery, these have been duly recorded in the public accounts. The Collector has not explained the principle upon which the Peishcush of the Singavara Pollium was fixed. Further search among the accounts and Correspondence in his Office may perhaps shew the exact nature of the Assets taken for that purpose & any thing should thus be discovered in favor of the Poligars pretensions the Collector will again bring his claim under the notice of the Board but if

otherwise

otherwise it must be considered as having been rejected.—

To The Collectors of Tanjore.

To the Collector of Tanjore ....

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 19th December 1849, and to convey to you the following remarks thereon.

Conveying to him the Remarks of the Board on the Sewoy Balance of the District

Ltr. Col. 31st Jany 1850

It appears that the amount of Revenue appertaining to Cummums, Nattam Cummums and Dewastanums after deduction from the various heads forming the total demand on the Village is kept in deposit and payments made therefrom as they become due all surplus being carried to Sewoy Summah list. It does not appear why any considerable surplus should be left on hand. The amount credited in Fasly 1254. as "the surplus of wages of the Village and Nattam Cummums" is particularly large, and the reason for so large a sum having been left

DG.

undrawn

2148. Fort St. George 31st. January 1850.

undrawn by the parties entitled to the payments should have been stated. It is remarked that no surplus has been left from the amount appertaining to Devastanums, and it is presumed that the sums collected on that account are regularly paid over to the respective Institutions.

3 Again, the large sum of Rupees 28028-1-10 is entered as arrears under the head of Demand in Statement No. 1 submitted with the Collector's letter under notice, and from Column 5 the whole of it seems to have been Collected. The item is described as "amount forfeited and unclaimed Ayacut Maniems," and the whole amount appears from Statement No. 4 which accompanied the Summahbundy Report for the past year to have accrued in Fasly 1257. The Collector will be good enough to explain whether this is the case and to state why, if the Maniems have been entirely deserted and are not likely to be claimed at any future period, they should not be incorporated with the ainlands.

The

Fort St. George 31st January 1850.

4. The exclusion of the revenue appertaining to Devastanums, Nat and Village Cumums from the Land Revenue Settlement, is an irregularity in the accounts of the Tanjore District which ought to be corrected. The entire revenue from the land according to the fixed assessment and the Ryots Puttahs should be brought to the Summah and the necessary deductions should then be made. In the present case the whole revenue should be brought to the public account, and the several payments may be made direct from the Treasury.

Sir,

I have the honor to bring to your notice that in order to store at the Madras Cotaun a

a quantity of salt fully equal to the demand for House consumption &c., it is requisite to enlarge the platform there so as to correspond with the dimensions laid down in the accompanying Sketch plan.

2. It will be seen that to carry out the object in contemplation, part of the present Ditch should be filled up and that the site thereof besides the adjoining foot path should be raised to the level of the platform, whilst a new Ditch should be excavated instead to facilitate the approach of the salt Boats as well as to afford security to the salt in store.

3. As the Colours are situated on the West Esplanade I request that you will do me the favor to state at as early a date as may be practicable whether there is any objection on the part of your Department to the execution of the works in question, which will render the occupation of a further portion of the esplanade to

From the letter above recorded it appears that the Singavarum Polligar has no Sunnud or other Document to show that the revenues derivable from the Chank Fishery of that part of that coast which border his estate, was included among the objects on which his Pariz was originally fixed, and that the records of the Collectors Cutcherry contain no information upon the subject. It further seems that his claim to the Fishery has never been officially recognized In granting the Circar chank rent no mention has ever been made in the Mocchilka of any reserved right to fish on the part of the Poligar. the whole line of Coast from North to South being made over to the party taking the rent. The rentes do indeed seem of late years to have entered into some engagements with the Poligar perhaps with the view to guard themselves from any annoyance or interference on his part and of this character probably was the arrangement referred to in Mr. Henderleys order of 1838 but the claim has

has from time to time been disputed by them and its partial admission is not traced further back than 1818.

2 The Settlement of Estates has usually been made exclusive of all sources of revenue except those derivable from the land. Monopolies such as the Chank Fishery have ordinarily been regarded as reserved on account of Government. or when any exceptions have been made as in the case of the shares of certain Pagodas in Tinnevelly in the Pearl Fishery. these have been duly recorded in the public accounts. The Collector has not explained the principle upon which the Peishcush of the Singavarum Pollium was fixed. Further search among the accounts and Correspondence in his Office may perhaps shew the exact nature of the Objects taken for that purpose If any thing should thus be discovered in favor of the Poligars pretensions the Collector will again bring his claim under the notice of the Board. but if
