Read the following Extract from the Proceedings of the Board of Revenue Reporting upon the management of the Extra sources of Revenue in the District of Tanjore in Fasly. 1258 A.D. 1848-49.

(Here enter 20th. December 1849. No. 554)-

Para-1- The demand on account of

of the Extra Sources of Revenue in the District of Tanjore was settled for fusly 1258 at Rupees 874285 the whole of which was realized Viz. Rupees 848910 within the fusly, and the remainder subsequently

2. The demand as compared with fusly 1257 exhibits a decrease of Rupees 3308- In the item of Salt the decrease amounted to Rupees 19958 for the most part under the head of Home consumption and attributed to the extensive purchases of the previous year, as well as to the fall in the prices of grain- It is however observed that the home sales for fusly 1257 were very large and that those of the year reviewed exceeded the average of the preceding 5 fuslies the Tranquebar sales included by Rupees 5493- 3- 1. The decrease in Sea Customs and Frontier duties, amounting respectively to Rupees 22890 and 6635 was owing to the Act VI of 1848 abolishing the duties on the coasting Trade and the differential duties on Goods imported and exported on Foreign bottoms- and to the extension of the

principle of the Act to the trade by land with Foreign Settlements- The only increase of any importance appears under the head of Stamps Viz. Rupees 8127 attributed to the operation of Act 17 of 1848-

3. The Net revenue brought to account was Rupees 805802 being below that of fusly 1257 in the sum of Rupees 36700-

Para 1. Agreeably to the recommendation of the Board of Revenue, the Right Honorable the Governor in Council grants authority for Enam lands appertaining to the two decayed Chuttrums at Dindigul

Fort St. George 11th February 1850.

Dindigul in the District of Madura being continued under attachment and managed in common with Government lands the proceeds accruing therefrom being held as heretofore in deposit for the purpose for which the endowments were made.—

2. The sum already collected from the two Chuttrums Canty Naraiappiah's Chuttrum from fusly 1252 to 1258 Rupees 710-3-10. Amounts as shewn in the Burky Vencatrow's Do. Do. 263-10-1- margin to Rupees 973—13—11 Rupees— 973-13-11- and as there is only one choultry in the large Town of Dindigul where more accommodation for Travellers is stated to be required, the Governor in Council grants authority for another Choultry being built in the manner proposed by the Board of Revenue as well as for the entertainment of a Sweeper for its care after construction.— It is satisfactory to observe that the Inhabitants of Dindigul have come forward cheerfully to aid in the work by their contributions.—

From the Coll. of Chingleput - submitting the information called for by the Board relative to the robbery of the circar remittance of the Cotramalloor Talook & the subsequent conduct of the head of Police and requesting sanction for his dismissal.

To the Acting Secretary to the Board of Revenue Fort St. George.-

Sir;

Para-1- With reference to the correspondence noted in the margin, I have now the honor to submit the information called for by the Board relative to the robbery of the remittance proceeding from the Villages to the Talook Treasury of Cotramalloor, and to the subsequent conduct of the Head of Police, the necessity of dismissing whom, will not, I conceive be any longer a matter of doubt with the Board.-

Fort St. George 14th February 1850.

No. Dt. 5th Novr. 1849
From Dt. 29th Dt. - Dt.
No Dt. 5th Dec. Dt.
No. Dt. 8th Dt. - Dt.
From Dt. 3rd Jany. 1850.

2. On the 2nd June the Head of Police of the Cotramalloor Talook reported that at about 4 O'Clock P. M. of the preceding day when a remittance of Rupees 632. 6. 3 being the Collections of Combrajapooram and other Villages was being conveyed to the Cutcherry under charge of one of the Talook Duffadars and a party of Peons, they had been attacked near Thipoolyvanam by a body of thieves, who had carried off a sum of Rupees 368-2-3. but that the balance had been saved by the Cooly who was carrying it running away accompanied by a Peon.-

3. The whole report seeming very

Fort St. George 14th February 1850-

very conflicting, and no resistance appearing to have been made by the Khufadar and Peons who have repeatedly received orders to wear their arms when on duty, I instructed Mr. Phillips immediately to proceed to the spot, and endeavour to ascertain the real facts of the case, and who were the perpetrators. The result of his enquiries was far from satisfactory, and led to the impression that no robbery had actually taken place, but that the whole matter was a contrivance of some of the parties connected with the remittance, strict orders were therefore issued to the Tahsildar to follow up the investigation. These circumstances were not immediately reported to the Board, as I deemed it expedient to wait the result of the further enquiry before doing so.-

4. On the 7th August the Tahsildar reported that he had obtained traces of the offenders, and that Veeraswamy a Talliar of Caryampoondy had given information to him that he had been told by one Bottoocattan that his Brother Brodmal and others had been the perpetrators

J.G.B.

Fort St. George 14th February 1850

of it- Some of these parties being apprehended were also stated by the Tahsildar to have confessed their participation in the offence- The Tahsildar then brought these parties to Chinglepute, where they reiterated their confessions before Mr. Phillips- The Tahsildar was then ordered to complete his investigation, and from time to time sent reports of the apprehension of other parties, and of their confessions; and also of their delivering up portions of the stolen money, and explaining that the delay in his proceedings arose in the number of parties concerned, and from the numerous depositions to be written-

5- The reported number of confessions and some reports of improper means having been used to extort them having reached me, I sent instructions to Mr. Phillips who had the immediate magisterial charge of the Taluk to order the Tahsildar to send the case to him in order that he might if there were sufficient grounds, commit the parties for trial-

In

Fort St. George. 14th February 1850

6- In consequence however of Mr. Phillips having gone to southward to examine the stock of new salt; the orders he issued in accordance with my instructions to the Tahsildar did not reach him until after the case had been committed to the Criminal Court. The result of the trial the Board are acquainted with, and the reports that had reached me having received confirmation in the remarks of the Principal Sudr Ameen, I requested authority to dismiss the Tahsildar. Subsequently on perusing the records of the trial before the Principal Sudr Ameen, I deemed it necessary, as I informed the Board, to institute further enquiry, for which purpose I proceeded to Chingleput. The result of my enquiries was proof, not only that the whole of the confessions had been obtained by improper means and were false, but that in some instances torture of a most disgusting nature had been made use of. It further appeared that when the Tahsildar brought some of the parties to

Fort St. George. 14th February 1850

to Mr. Phillips, they remained under the custody of the very Talook Peons by whom they had been ill-treated; and therefore through fear repeated to that Gentleman the statements put into their mouths by their Tormentors. I therefore committed the parties concerned Viz.t. Cancajee Row the Tahsildar, Soondaries Sawaboonevisu, Rungier the Royaoum, Shaik Tippoo Peon, Syed Cadeer Peon, and Veerasawmy for trial for gross abuse of authority, and enclosed is a Copy of the result of the trial.

7- Under the above circumstances, I conceive the Board will no longer hesitate in regard to the propriety of dismissing the Tahsildar-

Proceedings thereon. 1. As it appears from the present communication and its enclosure that Cangaja Row head of Police of the Pottamalloor Taluk has been convicted and punished by the Principal Sudr Ameen for gross abuse of authority, the Board authorize his dismissal from the Office of Tahsildar.

Sanctioning the dismissal of Cangaja Row Tahsildar of Pottamalloor in the Chingleput District and directing a further enquiry towards ascertaining more tangible particulars of the remittance robbery.

29-30

With regard to the loss of
2. a portion of the remittance in course of transmission from the Villages to the Cutcherry amounting to Rupees 200-4-0 it now appears from Mr. Freese's letter para 3 that considerable doubt exists whether any robbery did actually take place, the confusion created by the enquiries instituted before the Head Assistant Magistrate being that "the whole matter was a contrivance of some of the parties connected with the remittance."

The Board regret to find
3. that the enquiries made have hitherto elicited nothing satisfactory it seems imperative upon the Collector not to allow the matter to rest until some further

Fort St. George 11th February 1850

further information is obtained.—
His remark that the whole was a
contrivance of some of the parties
connected with the remittance, seems
to attach serious suspicion to the
Village Officers, who if in charge of
the Money must be held responsible
for the Amount, should it appear
that no actual robbery had taken
place. The Board however are at a
loss to understand how an act of
this kind could be perpetrated in
open day and in the presence of so
many persons without the facts being
readily discoverable.—

4. It should be distinctly
ascertained that the money was ac-
tually collected in the Villages, and
transmitted under charge of the
Deffadar and Peons to the Cutcherry.
It is presumed that when Village
remittances are thus made that the
head of the Village or some other local
functionary accompanies the remittance
to the Treasury; in this instance
it

Fort St. George 11th February 1850

it does not however appear that any Of-
ficer was present with the Peons.—
Under all the circumstances the Board
consider that further enquiry should be
instituted in order that the doubt may be
cleared up and the local Revenue Autho-
rities relieved from the imputation or
rendered liable to the repayment of
the amount should it appear that
they have connived at the transaction
which has led to the loss of Public Money.

Ordered that the fol-
lowing Endorsement be passed on Petitions

Sir,

Adverting to the 2nd Para
of Extract from the Proceedings of the
Board of Revenue under date the 17th
January. I have the honor to state
for

2566 Fort St. George, 14th February 1850

for their information that the Coomatoor &c. Mootahs became the property of Government by purchase on the 18th March 1824, or in Fusly 1233. Although the Estates were put up to auction and purchased by Government on the above date the accounts of those Mootahs having been closed to the end of Fusly 1232. and the revenues subsequently collected included in the Circar Beriz. I conclude I am to disburse to Ringasawmy Moodeliar the pension awarded by the liberality of the Honorable Court of Directors from the commencement of Fusly 1233. but on this point request instructions.

To the Chief Secretary to Government - -

Sir.

In Cons: 17th January 1850-

With reference to Extract from Minutes of Consultation dated 11th December last. desiring the Board of Revenue to report the date when the Coomatoor &c. Mootahs in Chingleput became the property of Government, I am instructed to submit herewith the accompanying letter from the Collector of that District furnishing the required information-

From Collector 23 February 1850- 317-

2. It will be observed that the Estates in question were purchased on account of

2568 Fort St. George. 14th February 1850

of Government on the 18th March 1824 (Fusly 1233) but that the accounts connected with them were closed to the end of Fusly 1232, the Revenue collected subsequent to that date being carried to the account of Government.

3. Under these circumstances it would seem proper that the Pension granted to Rungasawmy Moodly under the orders of the Honorable Court should be disbursed to him in arrear from the commencement of Fusly 1233. and the Board accordingly request the sanction of Government to that effect.

on the Petitioner, Mahomed Cassim Sahib's representation of his inability to pay the Quit rent due for his house at this station

the receipt of the Board's Endorsement on Petition No 2202 of 1849 calling upon me to report upon the Petitioner Mahammed Cassim Sahebs representation that he is unable to pay the quit rent due for his house at this station.

2. The house in question is situated near the Cavalry Lines in the Village of Malnaleshagapooram and altho' it has passed through many hands it is still entered in the name of Lieutenant Tudor according to the entry in the register of grants for 1809. The land attached to the house consists of nine Cawnies and is assessed with a quit rent at the prescribed rate of Rupees 5/4 per Cawney.

3. Previous to the receipt of the Board's orders dated 15th June 1844 no Assessment appears to have been collected during a period of 35 years and the endeavours which have been made to levy the quit rent since 1844 or Fusly 1253 have been attended with much difficulty in consequence of the Petitioner's absence

2578

Fort St George 14th February 1850.

absence at Madras and the house being often untenanted.

4. The house is not of a better description than is usually occupied by persons in the rank of Sergeant and now that the Cavalry Corps has been removed to Bangalore, there is less prospect of its finding a tenant.

5. The land attached to the house is entered in the accounts as Bagayet for which the Village rate is Rupees 7.6. per Cawney; but in reality it is stoney ground unfit for cultivation and was probably entered as bagayat in consequence of a well having been sunk on the premises for domestic purposes. The well does not contain water throughout the year and the garden contains nothing but a few Mangosa trees.

6. If therefore the Board see fit to authorise such a measure it seems to me that the Poonjah teerwah rate of 4.5. per Cawney might be levied and the demand for quit rent waived while

while the house continues untenanted - The Poonjah rate is now levied on a small piece of Ground which Petitioner was found to hold in excess of the quantity entered in the ground

In Govt 14th Feby 1850

2. The Petitioner referred to above represents that he is unable to pay the Quit Rent charged upon his land at Trichinopoly in consequence of his house being unoccupied and the ground waste, he therefore prays that the quit rent may be

be reduced to the Amount payable on Land of the same description in the district, & to be permitted to give up his ground with the exception of that portion on which the house and out offices stand.

3. Mr Maltby has suggested it will be seen that the Poonjah Cawnah of 4 Rs. 5 a per Cawny might be levied and the demand for Quit Rent warned while the house continues untenanted.

4. As the land is held under a Government Grant and the rate charged is agreeably to the regulated scale the Board are precluded from recommending the adoption of the course suggested by Mr. Maltby but they would suggest that the petitioner be permitted to give up such portion of the land as he may be disposed to relinquish paying the quit rent only on the quantity he may retain.

I have the honor to report to

to the Board the seizure of some Salt brought to Trichinopoly from the Tanjore District under circumstances which seem to me to call for its confiscation and sale.

2. To cover the Salt a Rawanah was produced allowing 8 days for the transit of the Salt mentioned in it to Trichinopoly but the time allowed by this Rawanah had expired upwards of a Month so that the Salt was virtually brought without a Pass - Moreover the Salt noted in the Rawanah consisted of 400 Trichinopoly Measels while the Salt under report amounts only to 309 Measels.

3. To account for the Salt having arrived so long after the expiration of the time granted in the Rawanah produced for its protection the owner states that he heard of troops moving at Trichinopoly and remained within the Tondaman's frontier for fear that his bandies might be pressed in the demand for carriage If however this Statement was true he ought to have represented the circumstance to the Tanjore Authorities who were close at hand and obtained an

extension of time on the back of the Rawanah

4. The time noted in the Pass had so long elapsed that Salt might have been brought under it to Trichinopoly 3 times and if this is permitted such facilities would be given to fraud by enabling the servants at the Salt pans to sell for their private profit Salt which they have omitted to enter in the public accounts that I feel it my duty to request authority for the confiscation and sale of the Salt and the distribution of the proceeds according to the Regulations.

(44)

From the Actg. Pr. Coll.r of Coimbatore

Affords explanation called for in the Board's letter of the 24th December 1849 relative to certain Chuttrum Endowments in the District of Coimbatore

Sir,

I have the honor to acknowledge the receipt of your letter of the 24th ultimo relative to certain Chettrum Endowments in this District.

2 In reply I beg to enclose a Statement exhibiting the number of Chettrums erected subsequent to the promulgation of the Rules in 1829, whether by private Individuals or at the cost of Government, and for which allowances were granted either in land or money.

3 It would appear that four Chettrums were constructed solely by Government, the allowances of which as paid from the Chettrum Surplus Fund, vary from Rupees 11/- to 213-

4 Of the three built by Private Individuals, but endowed with Public land or money, the particulars connected with that belonging to Mr. Fischer at Errode, are those already laid before the

Board

Board, and no further explanation would seem practicable—

5. For the Chettrum built by Vencatachella Moodely of Annmallicat Canatoo Cadavoo in the Pulachy [illegible] Talook, an annual allowance of 18[illegible] 4 in land was given, this however is not a new grant, being the endow=ment made prior to 1829 and includ=ed in those alluded to in Mr. Ogilvie's communication of the 22d. July 1840, quoted in your letter. It was only temporarily resumed inconsequence of the building having fallen into decay, and was given back when the Chettrum was reconstructed—

6. The third Chettrum is the one constructed at Covilpolliem by a Merchant named Palanyappa Chetty. To this the Enam allotted for the Neelumboor Choultry was transferred, which has not as yet receiv=ed the final orders of Government—

an old grant prior to 1829 but subsequent=ly found not so necessary as in that first as in Coimbatore—

7. To prevent misunder=standing and future doubt, I would request the Board's opinion of a Private

"Private Choultry," whether (as I suppose) one built, and maintained entirely at Private cost, without assistance or endow=ment from Government land or funds or, if those built by private means but endowed (as nearly all are) with Public land or funds are intended? The former class would of course, be entirely, and and solely at the discretion and manage=ment of the Individual who built, and endowed them. the latter, I conceive, (en=dowed by Government) must be con=sidered as coming under the spirit, and meaning of the Court's letter of 3d. June 1846 (conveyed in the Board's communi=cation of the 25th. May 1848) and the provisions of the Regulation VII of 1817, and should be under public control, to see that the charitable purpose intended be carried out— namely accommodation for all classes, with due care and arrangement that prejudices, or castes, be not interfered with— the intention of the Court's letter of June 1846, would seem to preclude Government aid, on any other or exclusive terms—

Sir,

I am sorry to trouble the Board with this reference but as it involves a matter of considerable importance, which Mr. Sascelles appears determined to contest, and as similar cases have and will occur, I beg the Board's opinion and decision on this point, namely the right or otherwise of land holders on the Neilgherries to cut the Government Timber or woods lying within their Boundary—this difficulty will of course be provided for in all future grants or leases.—

2. I am not aware of any one but Mr. Sascelles having assumed this right or used it, as he admits doing, without any previous reference to the local authorities—it is difficult to understand how Mr. Sascelles, who is

is believed to have an accurate knowledge of Native habits and languages, should have remained entirely ignorant of the local usages of the District, even if he had not heard of them, like others, thro' any European authority.-

3. It is not necessary to trouble the Board with the style or tenor of Mr. Lascelles' letter it is peculiar to himself, has been before indulged in, and affects no one, but himself the person gave his Statement on oath before Major Hall, and subsequent inquiry gives no ground to invalidate it. but it is necessary that the right Mr. A. R. H. Lascelles asserts, should be decided on.-

4. Other parties having woods, or single Timber trees, within their lands, have not acted as Mr. Lascelles, or asserted the right he does, but when wishing to remove Trees too near their houses, or otherwise inconvenient, have applied for sanction to the Revenue Authorities, against the

the usual stipulated fine or premium per Tree of 2 or 3 Rupees. The Rule long in use in the District being, that no timber, any where, should be felled without sanction. the Government claiming such for its own right and use as it does the springs of water and other natural productions of the Soil. any Trees planted by land holders, would of course be entirely at their own disposal, and doubtless when the early grants of land were given, on the Neilgherries, tho' too lately it was never intended nor permitted that the holders of land should fell and use the Timber - a fact generally understood, and shewn also by the "Conservancy", not use, of Elk wood granted formerly to Mr. Norton.-

5. It is the more necessary to have some clear settlement in Mr. A. R. Lascelles' case, as on a former occasion, with which I refrained from troubling the Board, he asserted the right to close a Public Path running

running thro' part of his lands, much to the inconvenience of the Community.-

Sir; With reference to the enclosed copy of deposition, on oath, before the Officer Commanding the Neilgherries, I request the favor of your pointing out to the Tahsildar the Spot where you cut Timber as alleged; and that you will be so good as to inform me whether it is within the limits paid for by you, and if so, whether you consider your Pattah or Grant entitles you to cut any timber within it.-

2. I need scarcely point out to you that any threat to "flog the peon" when in the execution of his duty, was, to say the least, improper- had the peon exceeded his duty, or really committed any offence against you, the proper remedy was a reference to his Superiors on the spot, Major Hall or the Tahsildar.-

To

E. B. Thomas Esqre

Acting Principal Collector

Sir, of Coimbatore.

In reply to your letter of the 9th January, I lose no time in informing you that in my opinion, the person who alleged that I cut Timber, would have been the proper person to have pointed out the Salisdar where it was cut, and not the person accused of doing so.

2. I have the honor to acquaint you that I have never cut any Timber out of my own land, & that whatever has been cut by my orders, has been cut within the limits paid for by me.

3. I have further the pleasure of informing you that I have held land on the Neilgherries since 1840, and that as I was never informed that it was contrary to the Orders of Government, I have always cut what Timber I pleased on such lands, and as I have paid for the land and much of it would be

Fort St. George 11th February 1850.

useless unless the Timber was cut, I certainly consider myself entitled to cut any Timber on it.

4. In reply to the 2d Para of your letter I would beg, with all submission, to decline Your opinion of my conduct, especially when it is expressed on such slender grounds as the unsupported statement of a presumptious and impertinent Official, who in reply to his insolent threat that he would take my servants into custody if they cut any wood any where without Major Hall's permission, was informed that as I paid rent for the land I considered myself fully entitled to cut any wood I pleased on it.

5. Were there any probability that a fitting punishment would be inflicted on the man for his misbehaviour, I would take measures to prove that my conference with him was confined to the Expression abovementioned.

To A. R. H. Lascelles Esqre.

Sir;

I have the honor to ac-
-knowledge your letter of the 12th. Instant,
and with reference to your first para,
to observe that the Tahsildar was sent
in consideration for you, and to pre-
-vent misunderstanding, as a Superior
public Servant, instead of the peon,
who had preferred a complaint against
you.-

2d.

With reference to your

3d. Para, I can only be surprized, with
your knowledge of the Native Languages
and Customs and long residence on
the Hills, that you should not be
aware of the General Rules of the
District, known and acted on by all
others; namely, that all timber belongs
to Government, and is not cut without
sanction being asked; if it were not
so, the Timber of the District, especially
about Ootacamund, would soonbe destroyed.

3. In the present instance the
locality referred to, is in the Canton-
-ment, at the foot of Dodabet, at the
back of your own house.- I would
however-

2599- Fort St. George 14th. February 1850-

however request the favour of
your informing me in what localities
besides the present you have "been in the
habit of cutting what Timber you pleased?"
and to what extent? as I am not aware
of any other party besides yourself,
who has ever assumed that liberty tho'
I have had several applications from
parties to cut Trees within their own
grounds, and who have paid the stipu-
-lated sum for each tree. No Tree
having been cut, but such as were in
the way of Buildings and urgently
required moving.-

4. With reference to para 4
of your letter, in which you indulge in
rather strong expression and object to
my receiving a Complaint "on such
slender ground" as the deposition of a
public Servant, I have only to observe,
that it was from a respectable peon
on Oath, who had no motive for making
a false statement.-

The

Proceedings thereon;

(46-47)

The Board observe in reference to the general question raised by the Acting Principal Collector as to the right or otherwise of Landed proprietors to fell Timber growing on their land upon the Neilgherry Hills that the claim must be decided in conformity with the terms and conditions of the Lease or other legal instrument under which the land was conveyed and that in the absence of any such particular instrument the usages of the country must be respected and observed.-

2. In regard to the particular case at issue in the correspondence forwarded with the above letter, the Board are unable, in the absence of the Grant or Puttah, under which Mr. Lascelles holds his land, to express any opinion in the right claimed by him to appropriate the growing Timber to his own use - Mr. Thomas should consult the terms of that document and dispose of the question in conformity with the conditions therein specified - Should there have been any

any omission on the part of the authorities to insert the requisite observations in regard to timber & woods when the instrument was granted to Mr. Lascelles it is clearly not competent now to impose new conditions on the occupant.

3. Referring to the observations contained in the 4th Para of the letter under reply the Board would wish for some further information in regard to the stipulated fine or premium of 2 or 3 Rupees per tree stated to be received from parties wishing to remove Trees from their property when inconveniently situated - Mr. Thomas will be good enough to state when and by whom this rule was introduced, under what authority it was sanctioned, and how enforced when resisted.-

Memorandum.—

Having been called upon by the Acting Principal Collector of Coimbatoor C. B. Thomas Esqre to record what I know of the Survey of "Anamullay and Collumgode" Mountains (the latter of South Malabar) connected with the printed Atlas sheet of the Great Trigonometrical Survey, I beg leave in accordance with the orders of this authority to represent.—

1st. That I was present throughout the whole of the Survey of these Mountains conducted—

Fort St. George 14th February 1850.

conducted under the Superintendence of Captain B. S. Ward, Assistant Surveyor General while the Survey of Travancore Cochin, Malabar and Coimbatore were executing from 1816 to 1823; that during the period I was deputed to explore the "Anamally" mountains there has been to my knowledge no dispute whatever between the Malabar & Colingode inhabitants; as both were present & unanimous in pointing out their limits as represented in the original Sections of the Survey, the printed Atlas Sheet showing the correct limits being a copy deduced from those originals.—

2d. It now appearing that disputes have arisen between these Mountaineers regarding their limits, I would respectfully submit to the Principal Collector of Coimbatore to make application to be furnished with the following documents

1st. One Copy of the Original Surveys of the Anamullay and Colungode Hills on the one Mile scale.—

2d. Description of the general boundary on these mountains between Coimbatore and Malabar in connection with

with Cochin and Travancore.-

These documents were forwarded by Captain Ward to the Deputy Surveyor Generals Office in 1823 and 1824, and as the records of the Surveyor Generals Office at Madras were since transferred to Calcutta on the abolition of the department, it will therefore be necessary to apply to the Surveyor General of India at Calcutta to obtain this information

Resolution thereon;

The Board observe that under date the 9th July last they forwarded to the Collr of Malabar 14 descriptions which had been procured by Government from the Surveyer Generals Office at Calcutta relating to the exterior Boundary of Malabar Vizt and which on their being returned by Mr Conolly as no longer required were forwarded on to Government. Before making application therefore for the documents adverted to by Mr Mc. Mahon, they request that Mr Thomas will ascertain from Mr Conolly whether they were among the papers forwarded to him from this Office, as if so, they would appear to have been already laid before the Boundary Commissioners at whose request they were procured.-

Sir,

Referring to the Extract from the Proceedings of the Board of Revenue under date the 6th August last, I have the honor to annex a Statement shewing the amount realized by the sale at the Custom House of the Tusks from Salem-

2. I deem it right to observe that the prices realized cannot be reckoned upon as conveying the market value- The Tusks were purchased chiefly by parties intending to send them to England as presents and others who-

who wanted the Ivory for turning purposes-

3. Parties requiring to purchase for exportation did not seem inclined to bid higher than one Rupee per lb.-

"The Board of Revenue resolve to inform the Petitioner that their endeavours to ascertain whether his father contributed to Wardens Official Fund in the Bombay Presidency have proved unsuccessful."

Resolved that the following letter be dispatched.-

To

The Chief Secretary to Government

Sir,

With reference to para 3 of Extract Minutes of Consultation under date the 6th June 1843 I am directed by the Board of Revenue to submit the accompanying Statements Nos 1 and 2 of actual Charges incurred in-

56
84

To the Chief Sec.y to Government-
Submitting Statements of actual Charges incurred on account of Additional Establishment in Fusly 1258 in the several Districts under the Madras Presidency and the Estimated disbursements proposed on

Para 1-

Fort St. George 14th February 1850-

on the same account for Fusly 1259.-

in Fusly 1258 in the several Districts under the Madras Presidency on account of Extra Establishment and of the Estimated disbursements on the same account for the Current Fusly 1259-

The actual Charges of

2.

Fusly 1258 fall below those of Fusly 1257 by Rupees 3319. 5. 7 and below the estimated disbursements of Fusly 1258 by Rupees 5,225 - 3 - 11 and the causes which have led to the latter result are chiefly explained in the Column of remarks of Statement No. 1.-

	Rs. A-P
Fusly 1257	58131-7-6.
1258	54812-1-11
	3319-5-7.
Fusly 1258.	Rs. A-P
Estimate	60037-5-10.
Actual	54812-1-11
	5225-3-11

It will be observed that

3.

there is a difference of Rupees 14,383-7-5 between the actual Charges of Fusly 1258. as entered in Column 4 of Statement No. 1 and that entered in Column 4 of Statement No. 2- It is necessary to explain

No. 1. Rs. 54,812-1-11.
No. 2 - 40,428-10-6.
14,383-7-5.

explain that this sum has purposely been omitted from the latter Statement as the demands in most Districts for Extra aid are fluctuating and also because the additional Establishment required in former years for the management of the Government Estates in Rajahmundry have for the most part been included in the Collectors permanent list according to the revised Moyenzabitah sanctioned by the Government of India under date the 19th May 1849, Communicated in Extract Minutes of Consultation of 6th June and with the view that the actual charges of Fusly 1258 may be confined to the number of Extra Establishment required in Fusly 1259 and also that the results may be more fairly contrasted:-

Estimate Rs. A. P.
F. 1258 — 60,037 — 5 — 10
F. 1259 — 45,249 — 15 — 5
14,787 — 6 — 5

4. The General Estate for Fusly 1259 amounting to Rupees 45,249 — 15 — 5 falls below the Estimate of the previous fusly by Rupees 14,787 — 6 — 5 but exceed the actual charges of Fusly 1255 as shewn in Column 4 of Statement No. 2 by Rs. 4821 — 4 — 11 and the

the Chief causes which produced the last variation are briefly specified in the Column of remarks of Statement No. 2.

5. The Board beg to recommend that sanction be granted for the actual disbursements of Fusly 1258 exhibited in Statement No. 1 amounting to Rupees 54,812 — 1 — 11. and for the estimated charges of Fusly 1259 exhibited in Statement No. 2 amounting to Rupees 45,249 — 15 — 5.

The decrease is ascribed by the Collector to the Wet lands which the Maha soldars were estimated to watch while under Amanie having nearly all been brought under money assessment.

Too trifling to call for remark.

The decrease would appear to have arisin from a less number of Maha soldars having been employed than was estimated owing to a fall in the produce of lands in the Government Estates.

The several items of Increase and Decrease being trifling require no remark.

The decrease was in the number of Maha soldars and Peons usually employed on various duties. Too trifling for remark.

The decrease is ascribed by the Collector to certain vacant situations of deceased Pensioned Sepoys not having been immediately filled.

The several items of Decrease being trifling require no remark.

Extract

9

Fort St. George 18th. February 1850

From the Acting Secretary to Government.

Containing the observations and orders of Government on the Board's Proceedings reporting upon the Management of the Extra Sources of Revenue in the Nellore District for Fusly 1258.

Extract from the Minutes of Consultation under date the 14th. February, 1850. No. 156.

Read the following Extract from the Proceedings of the Board of Revenue Reporting upon the Management of the Extra Sources of Revenue in the District of Nellore in Fusly 1258 A.D. 1848/49 Per Para 1.

/ Here enter 21st. January 1850 No. 42 /

The Settlement of the Extra revenues of Nellore amounted for Fusly 1258 to Rupees 5,86,581 being below that of Fusly 1257 in Rupees 1,29,591, a diminution which appears to have occurred almost wholly in the Salt revenues.

2.

Of the items comprized in the Extra Revenues, the chief fluctuations appear in Salt, Sea Customs, and Stamps. In the first of these, a decrease is exhibited of Rupees 1,22,397, one half of which is in the sales for exportation to Chittagong, and the remainder chiefly in the sales for Inland traffic. Various reasons have been given by the Sub Collector in

Fort St. George 18th. February 1850.

in charge of this great falling off in the Inland Sales, but it would seem from the Board's remarks upon the subject that although the causes assigned, may have had some influence, the inland Sales of Fusly 1258 were nearly equal to the average of the previous six years. and that the Sales of the Fusly immediately preceding. Fusly 1257 were unusually high.

3.

In the Sea Customs revenue there was a decrease of Rupees 10,800 which is ascribed to the abolition of duties on the Coasting trade under act VI of 1848, and in Stamps there was an increase of Rupees 3,640 which is represented to have arisen partly from the greater number of Suits filed, and partly from the operation of Act. 17 of 1848.

4.

Of the demand, Rupees 5,85,589 were collected within the Fusly, and the balance of Rupees 992 has been reduced by subsequent Collections to Rupees 238-12-4. Including Extra Collections and deducting charges the net revenue of the year amounted to Rupees 4,80,859, being Rupees 1,31,190 below that of Fusly 1257.

17-18

The Board of Revenue are precluded from submitting to Government separate Estimates for charges as they may be incurred. The disbursement proposed in the foregoing letter may be made out of the Estimate for Succany sanctioned by Government on the 6th. August 1849, and the item shewn distinctly in the annual Statement of actual charges on account of advances. The sum of Rupees 75 would however appear to be a very large advance to one Ryot.

Sir,

1. I have the honor to report on the Settlement of the Extra Sources of Revenue in this District for Fasly 1258. and to transmit the prescribed Statements relating thereto.—

2. The outturn of the several Sources of Extra Revenue comprised in this Settlement, has yielded the sum of Rupees 5,661—4—9 in net excess of the demand of the past Fasly; as will be observed on reference to the subjoined Statement, which also shows that under the heads of Abkarry, Inoturpika and Stamps, there was an increase on the year of Rupees 7,025—8—10. On the other hand, the Sayer, Small farms and Licenses, fell short of the aggregate of the Bariz of the past Fasly by Rupees 1,364—4—1 Vide Statement A.

The

Govt. order 20th. June 1848.

5. The decrease visible in the first item of the list may fairly be deemed attributable to the operation of the indulgence recently sanctioned by Government, which went to relieve from payment of duty all European goods brought across the frontier from the Nizams territories.

6. It is difficult to account for the decrease on Opium, Dry Cocoanuts, Iron Chayroot, Cumblies Tobacco, and Oils of Kinds, unless by supposing that there has been a diminished demand for these articles. I am, however, clearly of opinion that the present Sayer Establishment is wholly inadequate for the detection or suppression of smuggling, and I do not consider that the trifling amount realised at the Chowkies established in this District is the full extent of what is justly due on the goods passing through them.

7. The annual cost of that establishment is Rupees 2,184—— whilst the sum realized during the present Fusly by its labors has not exceeded Rupees 6,642- 13- 8, the net profit to Government being thus only Rupees 4458. 13. 8.

Abkarry- 8. Including the small sum of Rupees 10. for a licensed to sell European liquors

liquors, the demand under the item Abkarry in the past Fusly was Rupees 84,990. The aggregated amount of the biddings first received for the Abkarry farms of the present

As however, he has made arrangements for the gradual liquidation of the difference which is now under a course of payment and will eventually be realized in full, I have entered in the accounts the higher amount originally bid by Basavan Gond.—

9. The demand of the present year for the sundry small farms has fallen off in comparison with that of the preceding Fusly by Rs. 1077——

10. The statement given beneath shows that this decrease has arisen in the disposal of the Orchards and fruit tree Groves, and the Diamond Mines.—

15. The operation of Act XVII of 1848 substituting stamps for the fee formerly paid on the institution of the suits in the Courts of Sudder Adawlut, has created a great deficiency in the receipts of the present year. These have been principally caused by the reduction of Revenue under this head as compared to Rupees 1,24,-4- in 1257. The increase is also to a certain extent attributable to the present year. The same remarks apply to the Judicial Department.

16. Your Board will forward an abstract of the Stamp Revenue for the year 1257 by the next dispatch.

From

Fort St. George 18th February 1850.

23. From reference to the above it will be perceived that the aggregate collections under all the heads in Fusly 1258, exceed those of the preceding year by 12.085. 5. 3. as respects the increase of Rupees 7,777—7—5, in the Abkarry collections, I beg to explain that it is created partly by the bringing to account in Fusly 1258 Rupees 4.130. and odd the balance of Fusly 1257, and partly by the aggregate collections of the present year being of themselves higher in amount than those of the preceding one.—

24. The decrease in the collections under sundry small Farms &c. is accounted for by the diminished Beriz of that item, as already noticed. Deducting the total decrease from the aggregate amount of increase in the collections, the net increase is Rupees 11,663. 6-7.

Sugar.
27th Jany. 1848.

25. Adverting to the Board's order noted marginally respecting Sugar I have to state that the quantity of land which in Fusly 1257 was made available for the plantation of a sugar crop. Viz. acres 79. 17 29/64 has been exceeded in the

D.G.

Fort St. George 18th February 1850.

under report, the land planted with the cane having increased to acres 93 17/64.—

26. Compared with the water capabilities of the Cuddapah and Bellary Districts, the means of irrigation possessed by this province, are extremely limited. It is however satisfactory to know that the ryots are gradually extending their Sugar cultivation and I hope that at a period not for distant they will be able to grow enough for the requirements of the District which at present are met by importations from the neighbouring collectorates.—

Salt

27. In regard to Salt, I have no information to submit other than that already laid before the Board, who are aware that a small quantity of earth salt is manufactured for local consumption by the poorest classes and by cattle, but that the main supply of this essential article is brought from the coast Collectorates and sold here at a considerable increase of price.

an Extract from the Proceedings of the Board of Revenue dated January 7th 1850. I have the honor to forward Copy and translation of the instrument by which the Village of Vinnamungalum in the Arnee Jaghire was conferred on Jeevoo Boyee—This document is a takeed addressed to the Jaghiredar's Peishcar or Head Revenue Servant, directing him to make the Village over to Jeevoo Boyee, the form of the signature confirms the Statement of the present Jaghiredar Seenavasa Row, that the Takeed was signed by himself by his Fathers direction, when the latter was on his death bed,—The Village is stated by the Jaghiredar to be worth about 2,000 Rupees annually, it is part of the Jaghire.—

2.

Vencata Row is not in receipt of the allowance of 250 Rupees Monthly awarded for his support by Government, the reason being, as I learn from himself, that he con=siders that sum quite dispro=portionate to his claims.—

From the Collector of North Arcot.—

Replying to the Board's Proceedings of the 4th. February 1850 respecting the

Sir,

Para 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 4th. February 1850, noticing

the suspension of Bamboo Row Tahsildar of Poloor—

Fort St. George 18th February 1850

noticing the suspension of Bamboo Row Tahsildar of Poloor, entered in the return for the last quarter of 1849, of Public Servants suspended and dismissed, and observing that under the order of Government of the 19th May 1835, this suspension ought to have been reported for the orders of the Board within fourteen days, and desiring me to adopt that course now—

2 I beg to observe in reply that the cause of suspension as stated in the return, is not correctly quoted in the Board's Proceedings. The Tahsildar was suspended, not "for having caused" &c as but "pending the investigation of charges of having" &c. The order of Government quoted by the Board obviously refers to cases in which a Collector considers it necessary to dismiss a Tahsildar, and it directs that instead of dismissing him at once, the Collector shall previously obtain the sanction of the Board, suspending him meanwhile—

The present case was not of this nature, some heavy charges

Fort St. George 18th February 1850

Charges were made against the Tahsildar by a number of the Ryots of his Talook, and as the commencement of the investigation tended to show that there was truth in them and as its completion would occupy sometime, it was thought expedient to suspend the accused pending the enquiry. That enquiry has now been completed, and sentence passed, by the Acting sub Collector, and an appeal has been preferred by the Tahsildar against that sentence— On this appeal it will be my duty to report to the Board should my opinion agree with that of Mr. Binning, and in that event the Board will hear from me again, as soon as I can obtain that Gentlemans' Proceedings and make myself master of the Case—

Order thereon.—

27-28 Ordered that the foregoing letter and its Enclosure be submitted to Government with reference to the Board's Endorsement of the 9th Instant.—

Read the following letters—

29 To Secretary to the Board of Revenue

From the Collector of Madura — — Sir, Fort St. George

Reporting on Petition No. 670 of 1849 and forwarding copy of the late Acting Sub Collector's Decision on the Case.—

In returning the accompanying Petition referred to me for report, I have the honor to submit the Decision of the Acting Sub Collector which explains the grounds of the sentence passed on the Petitioner.—

2. He was convicted of having fraudulently abstracted from the Nellacotta Treasury in which he served as Shroff Rupees 75-15-8 Viz.t.—

Rupees 52-4- advanced from Maramut-
" 6-12- belonging to general deposite-
" 16-15-8 a sum directed to be re-paid to an arrack sub Renter of Pasly 256-

3. His excuse, that being sick from

2670 Fort St. George 18th February 1850.

from the time (1st June) of his arrival with the Rupees 52-4- from Madura, he did not place it in the Treasury but kept it at his house seems to me inadmissable Eleven days intervened before the Examination, and he could easily have deposited the money in the Treasury when he caused the Entry to be made in the accounts.—

The items of Rs 6-12- as says was abstracted by the Gollah Peon in his absence- This the Gollah denies and the shroff is the respon-sible party.—

5. The sum of Rupees 16-15-8- is stated in the appeal Petition to have been deposited in the Cash Chest separately tied in a knotted handkerchief- If so, why was it not seen at the examination? Before the Tasildar Petitioner acknowledged that it had been kept at his house- The Acting Sub Collector is mistaken in stating that Petitioner deposed to the same effect before

Para 4th of Decision

Fort St. George 18th. February 1850.

before himself, as the deposition contains the same statement in this respect as the Petition, and I should imagine that usually it was placed in the Cash chest, and taken out recently, as the Moozmdar stated in his deposition, that it was present on the examination of the Treasury after the May Remittance to the Hoozoor Treasury.—

6. It is probable that the appellant did not abstract the Rupees with a view to their Embezzlement, but to make a temporary use of them—an offence which does not seem to be too severely punished by a fine of 25 Rupees and dismissal.—

7. The money was replaced by Petitioner not within 1 Nalikay /24 minutes/ as asserted by Petitioner, but after night fall, the Examination having been made at 2. P. M.—

No. 1.
Vers. Soobaroya Chitty Shroff
Rengiah Chitty Gollah
The Defendants the Shroff and Gollah

Fort St. George 18th. February 1850.

Gollah of the Nellacotta Talook are charged with having fraudulently abstracted from the Treasury of Nellacotta between the 29th December 1847 and the 12th June 1848 the sum of Company's Rupees 76-11-11 price.—

2. The late Tasildar Vengataraneer having been suspended and one of the Hoozoor Royasoms Tanganootoopillay appointed to the charge of the Talook in his stead, it became necessary to make a transfer of the treasury—Tanganootoopillay was appointed on saturday the 10th June and had given orders to all the Public servants not to enter the treasury until he should arrive on Monday at 11 whether his suspicions had been raised by any thing he had heard or whether this was a usual course does not appear on the record—but his answer given in his arzee clears up the doubt in it, he says, that he was not aware there was any defalcation tho' he apprehended there might be some foulplay—The servants however

Fort St. George 18th February 1850

however disregarded the order, as it would appear from the evidence of the Moozmdar and Vengata Row in order to adjust the accounts and set matters right before the new Tahsildar arrived - The Shroff also, it would seem, had opened the Cash chest to ascertain the amount of the defalcation perhaps with the intent of replacing it or in the hope that if they declared the amount wanting and represented it to be in their house, the acting Tasildar would take no notice of the deficiency - at 2 o'clock the acting Tahsildar, examined the chest and found that from the Revenue Collection 1st and 3 were wanting from the deposit amount Rupees 75-15-8- Rupees 52-4-" advanced for Murramut repairs Rupees 6-12-" out of the general deposite money and Rupees 16-15-8 ordered to be repaid to Ramiah Naiken, an arrack sub renter of fusly 1856/1846/47 - In the inquiry instituted by the Tahsildar it appeared after much prevarication from the deposition of the shroff that Rupees

Fort St. George 18th February 1850

Rupees 16-15-8- ordered to be repaid to the sub renter had never been deposited in the treasury but had been kept by the shroff in his house, that 1st & 3rd was owing to an incorrect calculation, that the Rupees 52-4-" received at Madura as Murramut advance had also never been deposited in the Treasury, and that out of bag which had been deposited in the Cash Chest 7 Rupees had been taken out by the Gollah - He explained that having gone to Madura he had purchased cloths for the Tahsildar to the amount of Rupees 19-10-" a Bullock for one of the Goomastahs 2-8-" and a Bottoo for himself 7 2-" making in 29-4-" and that he paid the rest in part payment of a debt he owed to a Roya-sums brother who had gone to Tyem-pully - During the enquiry he produced the 75-15-8 from his house -

3. The Gollah confirms the above statement in regard to the non payment into the Treasury of the 16-15-8 and 52-4-" but denies that

Fort St. George 18th February 1850

that he ever took the 7 Rupees out of the Cash chest.—

4. The Tahsildar considering the evidence in the case sufficient to convict the Defendants of theft forwarded the case to the Sub Judge by whom the case was remanded to be disposed of under the provisions of Regulation IX of 1822— The Tahsildar being engaged in the Settlement and the Sub Collector being on circuit giving Puttahs it was impossible to take up the case earlier— When the public Officers could conveniently leave this work they were summoned to appear— In this enquiry the main facts elicited by the Head of Police were confirmed— In his deposition before the Sub Collector, the Shroff stated that he did not place the 52 Rupees into the Cash Chest, nor the 16-15-8 but he attributed it to inadvertence, and denies it was intentional, or that he has spent any of it— He says the 7 Rs were taken out of the Cash during his absence at Madura, but that as the Gollah had told him he did not know how it had gone, he held himself answerable for its account.—

5. The Gollah denies having taken the money or participated at all in its use.—

6. It appears from the evidences that these two servants have had entire control over the Talook treasure and been permitted

Fort St. George 18th February 1850

to enter the closet, open the boxes, take out the money and replace it without any super=vision— The way too in which the accounts have been kept is most unsatisfactory irregular and im=proper entries made at all times and at intervals— There is strong reason to believe that the story first told by the shroff that, had used the money for the purchase of cloths for the late Tasildar and expended it in loans to the servants is the true account— and this suspicion is confirmed by the fact that tho the shroff had access to the Cash Chest on the morning of the examination and must have been aware of the deficiency which was only a small one, he took no steps to replace the money which it is clear he might easily have done as he produced the Money during the examination— Relying perhaps on the supposition that the newly appointed Tahsildar would over=look the small deficiency or that the influence of the other servants who had profited by his delinquency would secure him from eventual damage— There is however no proof of the loans or that the money received on account of the Murramut expenses had been expended on account of or by order of the Tahsildar— The shroff admits having in his possession 69-3-8 and 1-3-0 is a miscalculation the remaining 6-12 are

Fort St. George 18th February 1850

are not proved to have been abstracted by the Gollah - the crimination of the shroff is no evidence against him - He will not, nor can be ignorant of the deficiency in the Cash chest, being at times in charge of it and therefore is guilty of participation in the fraud - The whole amount of the defalcation was made good immediately on the discovery of it -

Therefore under the provisions of Clause I Section V Regulation IX of 1822 it is adjudged that the further sum of 35 Rupees be collected from the Defendants, Viz 25 Rupees from the shroff and 10 from the Gollah and that they may be removed from their situations -

From the Acting Collector of Coimbatore } Para 1.

Forwarding Statements of the Land Revenue Settlement of Samattoor and Cottampetty Palliems for Fusly 1258

With reference to the Orders of the Court of Wards conveyed in Extract from their Proceedings of the 27th May 1841 I have the honor to forward the Statements of the land Revenue Settlements of the Shanattoor and Cottampetty Palliems in the Pullachey Talook in this District for Fusly 1258 / 1848-49.

2. The season was favorable as regards the Punjah and Garden, and the increase under this head above the Settlement of the past Fusly amounted to Rupees 80-14-11, the Punjah Cultivation suffered greatly from a failure of supply to the Elavacary Tank, which, with the deficiency in the Motah exhibits a net decrease of Rupees 336-15-6 below the demand of Fusly 1257 / 1847-48 as shewn in the following Memoranda.—

Names of Villages	Fusly 1257 / 1847-48			Fusly 1258 / 1848-49			Decrease		
Shanattoor	3,270	2	1	3,118	11	6	151	6	7

4 The small decrease of Rupees 15-13-4 in Moturpha has been occasioned from a smaller number among the Parties paying.-

5- It would appear previous reports that the unfavorableness of the season since 1252 / 1847-48 has been the main cause of the gradual decrease remarked upon by the Court.-

Para 2 of Extract from the Proceedings Dated 5th July 1849.

6- Adverting to Para 4 of Extract from the Proceedings of the Court dated the 5th July 1849. I beg leave to observe that the "Avyacut" or the extent of wet lands both in Shanatoor and Catamputty is previously the same which will account for the similarity of cultivation and revenue, therein pointed out.-

7- With reference to the practice prevailing in this Poliput, lands when left uncultivated from failure of rain, are either deducted from the Accounts or charged with grass taxe, and hence the decrease referred to in Para 6. of the Proceedings of the Court beyond this no other cause is assignable regarding the indulgence objected to.-

Within the Fasly 607-2-8
subsequently 988-14-11
7063-0-11

The aggregate demands of the Estates for Fasly 1258 / 1848-49 amounted to Rupees 7221-1-0 collections to the end of November 1849, were Rupees 7,063-0-11 leaving a balance of 158-0-4 on

KBB

Fort St. George 18th February 1850.

on lands in the occupancy of the Minor the arrears of Rupees 174-9-8 on account of 1256 / 1846-47 also remain unadjusted with reference to which and as to the inadequacy or otherwise of the monthly allowance of 50 Rupees to the Minor, I propose making a separate report.-

9.- The Surplus Collections are Rupees 5,496-6-1 of which Rupees 2500 were invested in the 6 per cent loan in November 1848. leaving a balance of 2996-6-1, from which a further investment will be made.-

10 The Commission alluded to in Para 9 of the Court's Proceedings, has been charged on the aggregate collections after deducting the charges of Village sibbundy- this appears to be correct- in as much as the allowance granted to the Minor and the pay of the 6 Bons employed to take care of his own house as well as the charges of the repairs of the channel &c. cannot properly be considered sibbundy charges, the Manager of the Estates receives no pay and no other Establishment is kept up.-

Proceedings.

Fort St. George 18th February 1850.

35-36

Proceedings submitting letter from the Acting Collector of Coimbatore reporting upon the settlements of the Minor Estates of Sarmattoor and Cottampully for Fusly 1258 and conveying the Board's observations thereon.

Fusly 1257 - 3033 - 11 - 6
" 1256 - 1746 - 1 - 0

thereon. In the Settlement of these Polliems for the Fusly reported on, there was a decrease, as compared with that of the previous year, of Rupees 336 - 15 - 6.

The gradual decrease in the Cowle and Poonjah lands, which was noticed by the Court of Wards in Para 2 of their Proceedings dated 5th July 1849, the Acting Principal Collector attributes mainly to the unfavorable nature of the seasons since Fusly 1252 - 1842-43. It is observed, however, that in the year under review there was a slight increase in the 1/2 Cowle land over the preceding, as well as in the Poonjah cultivation.

Land	Fsly	Sept. Settlement	Actual Assessment	Difference
Fusly 1256	243	" " 1135 11 2	2841 8	
" 1257	251	10 " 1174 5 8	2931 3 2	
" 1258	266	3 " 1241 " 11	3108 9	

3 There continues to be a progressive increase in the cultivation of grass lands, as shewn in the Margin. The attention of the Acting Principal Collector is directed to the Court's remarks upon this subject in Para 3 of their Proceedings above referred to.

4 In Kunjah Cultivation there was a considerable falling off in consequence, it is stated, of a failure of supply to the Elanacary Tank. Mr. Thomas observes that

J.F.B.

Fort St. George 18th February 1850.

that the Ayacut in both Estates is precisely the same, and hence the similarity of cultivation and revenue adverted to by the Court. The Court notice that the extent of Enam Land is also the same, the assessment on which in Callamputty is 4 Rupees lower than in the other Polliem, but as the land bearing this reduced Teerwah is included in the extent of waste and consequently deducted from the Ayacut, some further explanation is requisite on this point, as also whether the 106 - 13 - 3/4 Bullas of Land entered in Column 58 of Statement No. 1 under the designation "Khas Punniem Lands" are in the occupancy of the Polligar or of his servants.

5. There was also a trifling decrease of Rupees 15 - 13 - 4 in the Moturpha Revenue which occurred under the head of House Tax, and which is ascribed to casualties amongst the householders.

6. The total demand on account of the Polliputs amounted to Rupees 7221 - 1 - - of which Rupees 6074 - 2 - - were collected within the Fusly, and Rupees 988 - 14 - 11. up to the end of November last, leaving a balance of Rupees 158 - - - 1. outstanding upon the lands in the occupancy of the Minor Poligar under the Management of his Mother and Guardian

Guardian - On the subject of the arrears of Rupees 174-9-8 due for Fusly 1256 which are stated to remain still unadjusted, and the inadequacy of the allowance to the Minor of Rupees 50 per Mensem, regarding which explanation was called for by the Court, the Acting Principal Collector proposes to submit a separate Report.

7- The entire available assets of the Estates amounted to Rupees 9,834-10- Deducting Peishcush and other disbursements, there remained Rupees 5,496-6-1. Of this surplus Rupees 2,500 were invested in the 5 per Cent Loan in November 1848, leaving a balance of Rupees 2,996-6-1 which, with any subsequent accumulations of surplus it is desirable should also shortly be invested for the benefit of the Minor.-

8- In reference to Para 9 of the Court's Proceedings already quoted, the Acting Principal Collector observes that Commission for management has been calculated on the aggregate collections after deducting the pay of

of the Sibbendy only, which the Board approve, but they desire to point out to the Collector that he has omitted to enter the charge in the account accompanying his present report.-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Acting Principal Collector of Coimbatore for his information and guidance.-

Ordered also that Copy of the Court's Proceedings dated 5th July 1849 on the Settlement for Fusly 1257 be submitted to Government.-

From the Collector of Nellore ....

Sir, Fort St. George.

In reference to Petition

Reporting the results of his enquiry on the Board Petition No. 1656 of 1849.

Returned

No 1656 I have the honor to report for the information of the Board that the Mantoo Gaudoo Roofsoomo in the Woodiaghery Jaghire alluded to by Petitioner appear to have been granted by former Jagheerdars to certain Parties holding Office as Head Canpoo of a number of Villages, and that on the assumption of the Jaghire in 1839 they were discontinued - the Office being not required.

2- It further appears that these Roofsoomo the annual income of which in the whole Jaghire amounted to Rupees 160 had been in the uninterrupted enjoyment of the incumbents in hereditary succession for a considerable length

length of time up to July 1247 and that they were discontinued as no longer required.

3. The Petitioner I think it right to mention is employed as Government Vakeel in the Civil and Sessions Court at Cudda-pore and being in good circumstances it will rest with the Board to decide whether under the foregoing explanation he be entitled to the special favor in the present instance of Government or not.

Proceedings thereon

(12-13)

The Board of Revenue desire to be furnished with some further information respecting the Land Pufsoomo adverted to in the above letter - It is observed that the petitioner states the Pufsoom which he claims to be of the value of 75 Pagodas per Annum, whilst the Collector reports that the annual value of the whole of those of the Goodiagherry Taghire was but 160 Rupees per Annum - Mr White will be pleased to furnish explanation on this point and to enable the Board to dispose of Petitioners claim, they request he will report more fully upon it quoting any references which may have been made to the Pufsoomo in question in the public correspondence, and the authority under which they were resumed.

Fort St. George 21st February 1850.

2. The Settlement of the year was made in detail for each Talook. The 12 Talooks composing the Division under the immediate charge of the Collector were settled by myself. Mr. Mayne the Acting Sub Collector had only completed 2 Talooks of the Sub Division when he was ordered to Cuddapah and at the same time I was deprived of the aid of my Head Assistant Mr. Arbuthnot who was deputed to act in the Subordinate Court at Bellary, and was not relieved of that duty until the settlement was nearly completed. No Gentleman being appointed to take Mr. Mayne's or place I deputed Mr. Tweedie the acting or Head Assistant to conduct the Settlement of the 3 Southern Talooks of the Sub Division which Mr. Mayne had not commenced. or Mr. Daniell the Sub Collector did not arrive till the settlement was finished. I regretted much the loss of Mr. Mayne's services or who was conducting his settlement in a very satisfactory manner. But

Mr.

Fort St. George 21th February 1850

Mr. Tweedie exerted himself and paid great attention to the duties which now devolved upon him, and completed on what Mr. Mayne had not time to conclude in a manner that gives me the opportunity of speaking thus favourable of that Gentleman - I must not omit to mention that my assistant Mr. C. R. Pelly who arrived in the Dist[rict] as the settlement was commencing and accompanied me on the Circuit took considerable pains to make himself acquainted with the Immanabundy duties and afforded me much aid throughout

3.

I regret to be obliged to report the reappearance in the District of that fatal epidemic cholera which carried off 3164 Persons out of 5191 attacked principally during the hot Months of April, May and June - The appearance of it in April during the time the Ryots were assembled caused considerable alarm and exertions were made to finish the settlements

settlements with as little delay as possible.- Cattle to the number of 750 are said to have died from the same disease - Mr. Daniell* remarks the fatal effects of a Murrain in Dhurmaveram as compared with Pengondah - The truth probably is that the deaths only are recorded in one Taluck whereas in the other the number of Cattle attacked with disease and those that have died are carefully distinguished.-

* Whose report on the settlement of the sub Division is enclosed.-

4. The Rains fell favorably for the Moongary Crops sown on the 4th Lighter red soils which were for the most part good and a larger portion of this description of land was sown - But the Crops in the heavier Black soils were not equally favoured and the amount of land sown was also smaller - The Tanks received but a small supply of Water as the subjoined Table shows, and there is a considerable decrease in this description of Cultivation. Disease attacked the Wheat and White Cholum Crops

and

and caused considerable loss in some Villages; remissions for which were granted to a small extent on this account where absolutely necessary. It may be agreeable to the Board to see a small Table shewing the time of sowing and reaping the different kinds of produce cultivated in the Bellary District. I have therefore the honor to enclose one. The state of the supply of water in the Tanks was as follows.

Prices

5. Prices of Produce have declined but the fall not being very considerable the Revenue has been collected without much difficulty. The staple of cotton I am happy to observe has risen; this is to be attributed however rather to a poor crop than to a greater demand I fear. The prices of 5 years are annexed.

6. The extent of cultivation during the year under report as compared with Fusly 1257 is shown in the following Table.

Items

Fort St. George 21th February 1850.

The increase of cultivation in the lighter red soils has already been attributable to a seasonable fall of rain suitable to those lands. The Decrease in the Tank lands as also the small decrease in the Black lands has also been accounted for. The Chief decrease in the Nullah cultivation arises from a large decrease of this description of cultivation Viz^t. 17,078 Rupees in the bed of the large Singanamalah Tank which being empty last year as mentioned in para 7 of my last report as Crop watered by Nullah was sown in it but having received a supply of water this year the bed was not cultivated. There was an increase of Rupees 1557 in other parts of the District. The increase under Wells is owing to the beds of some Tanks being this year irrigated by Wells and also to a larger cultivation in the Ayen well Lands.

The remissions on the

The operations in the Great Plough Coule for breaking up the waste in Black Lands Compared with past years is quite insignificant. It averaged formerly 1,57,000 Rupees annually, it is now only 13,000. The same encouragement has not been given as in the time of Mr. Robertson and perhaps the too strict application of the rule requiring the land in all cases to be fully cleared has Checked the Coule operations in some degree. But the Chief Cause for ryots now not engaging to any esctent in this undertaking is the high assessment of these lands and I do not escpect that much good will be effected in Reclaiming the valuable Black land waste until the measure of Remission of the assessment so earnestly urged by me in my letter of 31st July last is carried into effect. During the Summary I discovered that ryots year after year had waste Coule Teernali Land

Lands (i.e. lands which had reverted to full assessment at the expiration of the Cowle) imposed upon them, on the ground that the Cowle had been enjoyed but the land not properly cleared. This as a general rule is quite right, but it pressed even to ruin in many cases, and I found that though the whole waste was kept in the Pattahs, in few cases was it ever all paid for from absolute inability to pay. To continue such a burden upon the ryot was folly. I therefore personally investigated every case minutely and when I was satisfied that the ryot had not the means of reclaiming the uncleared portion of his Cowle land, the Cowle of which had in most cases ceased many years, I struck it out. It has been the endeavour of the Collector and Co. very properly so to see that all Cowle land was cleared, but out

of thousands of acres there must always remain some part of the land waste or not fully cleared, and when the ryot is found not to have the ability to clear any portion, discretion should be used in striking it out of his Pattah. I am taking measures to encourage the Cowle system again. It has met with the approbation of the Government and the Honorable the Court of Directors, and I am satisfied it should be kept up on a liberal footing in the Black land Districts. The only serious hindrance which the Collector has to contend with in bringing it to a satisfactory issue is the inequality of assessment already alluded to.

15. In the Statement No 9 prepared according to the Board's Form the Cowle land will be found to consist of acres 6,576 assessed at Rupees 12,787. The Cowle expired land for Fasly 1258 including the three previous years amounts to acres 15,699 assessed at Rupees 26,473.

of this, 318 acres assessed at Rupees 654 are uncultivated. The remaining acres 16,281 assessed at Rupees 25,919 are occupied. The portion fully Reclaimed is acres 14,064 assessed at 18,706 and there are acres 4,003 assessed at Rupees 6,948 which are only partially cleared, and 214 acres assessed at Rupees 265 not reclaimed at all. Of the 7,213 Rs. unreleased, I have struck off 1,800 Rupees which for various causes I find cannot be cleared. The rest, if the Ryots are not able to clear, must be hereafter remitted, but if the Ryot is able to clear it and will not, he of course should be made to pay the full tax for a year or two but not longer.

18. The deductions on the actual Cultivation amounts to Rupees 7,13,301, the several items of which are detailed in Col.s 140 to 164 which being usual require no remarks, with the exception of the Remission of 6,948 Rupees in Col. 156 for failure of Crops which it may be proper to explain, it was necessary to grant after an examination of the Crop by the Tahsildar, for some wheat Crops in the heavy assessed beds of Tanks & in other Dry lands where especially in a few Villages of Goobbem & Gooty Talooks, there were great losses from blight & which the Ryot was quite unable to meet and in some wet lands where the Crops perished for want of water.

The cause of the Decrease in the higher Classes is to be accounted for by the decrease of Cultivation in the Tank Lands and from Remissions for waste & loss of Crops which have thrown some of the higher rated Classes into a lower rate without there being any cause for producing a Corresponding increase from the lower to the higher Classes. And the increase of Ryots while there is a Decrease of Revenue is to be attributed to a more extended Cultivation of the low assessed Red Lands for which the season as before remarked was peculiarly favorable, while the higher assessed Tank Lands being unsown, exhibit a large decrease of Revenue.

20. The Right Honorable the Governor in Council has observed upon the small holdings in Bellary as indicative of a state little above pauperism and my attention has been called to the subject with a view of discovering the Causes which affect the

D.G.

Fort St. George 21st February 1850.

the prosperity of the Ryots. That the agricultural Population of Bellary is very poor there is no question, and that they have not improved in wealth is equally true. This in many parts is indicated by the small holdings of the Ryots. Where the land is poor and abundant and consequently low taxed, and the habits of the people are extremely simple and their wants easily supplied and where every man who can obtain sufficient to purchase a pair of small Cattle and raise over and saw a patch sufficient for his support, so is the Custom, becomes an independent Puttah-dar or farmer there is little probability of any improvement which may be indicated by more extensive holdings being effected. But the small holdings are not always in Bellary an indication of the greater poverty or the less flourishing condition of one District when compared with another. For instance at the present moment the

Fort St. George 21st February 1850

the Talook of Goollem contains the greater number of high and the smallest number of low holdings of any Talook but it is in a state causing more anxiety than any other Talook perhaps. The high Puttahs here arise from the high assessment on the land But Goollem has the elements of wealth in a rich soil and a good race of farmers and it would probably were it properly assessed very shortly recover itself and be the wealthiest Talook containing at the same time the greatest number of large holdings, Raidroog is a Talook also containing all the Elements of Agricultural wealth, in its soil. It was formerly the finest and wealthiest Talook in the District. But over assessment and adverse seasons together brought about its ruin and it is difficult to say when it will ever recover itself. Its rich plains lie waste and the former race of wealthy farmers are poor or gone. The husbandmen of these rich Black Lands are peculiarly fitted when compared with their neighbours

Fort St. George 21st February 1850.

neighbours of the poorer soils to become opulent and extensive holders. not so, it appears to me are the Ryots of the poorer soils, much depends on the caste of the Cultivator, as it has been observed, is the case between different tribes in European climates. But the causes which affect the prosperity of the Ryots in Bellary and which under the existing system seem to me capable of partial remedy are 1st the high and unequal assessment of the Lands in some parts and 2nd a scarcely sufficient degree of liberty allowed to the Ryots in relinquishing his unprofitable lands. Both these evils are susceptible of a remedy, but at a temporary sacrifice of some revenue. The measure which it is necessary and most expedient to adopt has been fully submitted by me and it remains with higher authority to give sanction to a proposal that will undoubtedly benefit the ryot and the Government directly and indirectly removing existing

existing apprehensions and giving
hopes of progressive improvement.-
21st And connected with the
same subject in my last report I
noticed that by the local Rules 65
per Cent of the Ryots were excluded
from the benefits afforded by the
exemption of additional assess-
ment on lands watered by Wells
sunk at the ryots expense, which
attracted the observations of the
Right Honorable the Governer in Coun-

"much importance to the welfare
"of the people" and my particular
attention was called to the remarks
of Government by the Board in
their Proceedings dated 31st May 1849
The subject of taxing Wells con-
structed at the ryots expense
was fully replied to in my report
dated 23d August 1849 and I need
only refer to that letter for my sen-
timents on the subject merely remark

22. The Demand on Lands actu-
ally sown including the Vysak Amount
ed to Rupees 19,75,956 and 26,479 was
the Demand on account of waste. This
Amount of waste imposed is consi-
derably smaller than in the previ-
ous year. I had during the Summa-
bundy in a great measure anticipated
the wishes of the Right Honorable the
Governor in Council on this subject as
expressed in Minutes of Consultation
on my report of the settlement of the
preceding year and struck off much
that I considered objectionable & as
pressing hard upon the Ryots. The de-
crease is chiefly in the Division under
my own immediate care. It is
true that the imposition of
waste is not generally so stringent

stringent in the Sub Division as in the other Talooks one cause of which is that the Enams in the Southern Talooks are small compared with those in the Northern parts of the District and the imposition for Circar waste consequent on excessive Cultivation of Enam does not exist to so great a degree in the Sub Division. But in both Divisions the particular attention of the European authorities will be given to this subject.

23. The Statement No. 11 contains as usual the Enam Cultivation of the year. The assessment on the whole Cultivation in Circar and Enam Villages was Rupees 15,35,379 and was Rupees 22,920 below the Cultivation of last year, chiefly attributable to deficiency of water. The following abstract shews the amount of Enam Cultivation in Circar Villages.

The decrease in the above Statement arises from resumption of Enams which have lapsed in consequence of the death of the late holders, from the owners not having fourths coming from neglect of the Farmers to perform the duties or keep up the buildings for which the Enams were granted, or from inability to pay them Quit rent levied on certain Inam lands, from exchanges for Circar lands given in lieu of Enam lands taken for Circars purposes and from corrections of Errors discovered in former accounts.

The total Gyaeit (Circar and Enam together) also differs from last year. There is a small increase arising from reclaimed Peramboke lands &c. The following is the Statement as it now stands in the accounts.

They require no particular remark further than to observe that the ordinary charges are increased chiefly from the payment of arrears due for salary and Tentage to the Sub Collector and from allowances of another Assistant. The Stamp charges are larger under the operation of the new Act XVII of 1848. The advances under the Head of Extraordinary charges are increased by advances made for Road Repairs and for the payment of Tappal Runners.

34. I have also in accordance with the instructions conveyed in the Extract from the Minutes of Consultation dated 21st August 1847 para 6 on the subject of wheat cultivation to annexe the following abstract shewing the quantity of Wheat cultivated in this District which during the year was sown to a larger extent than the average of 3 preceding years. There were in all 7,823 Acres assessed at 14,889 Rupees sown with this grain. But I regret to say that the Wheat Crop almost universally was affected with blight and but a poor return obtained. A good market and perhaps some encouragement in the way of remission of assessment is required to induce the Ryots to speculate to any extent in this species of produce which is very liable to failure.

Sir,

Para 1. I have the honor to submit the usual Statements regarding the revenue Settlement of the 5 Talooks of the Sub-Division for the past Fusly 1258-

1 Jumma and Kistbundy of Fusly 1258.
2 Comparison between the Settlements of Fusles 1257 & 1258.-
3 Abstract of Actual Collections since Fusly 1210 compared with the Settlements of Fusly 1258.
4 Abstract of Comparative Statement of the Cultivation and Net Settlement for Fusly 1258 according to the Boards Form of 27th January 1823.-
5 General Revenue Statement for Fusly 1258.
6 Statement of Goncheo Cultivation for Fusly 1258.
7 Registers of Coyem Cowle (None)
8 Do of Land held in progressive Cowle for

for Fusly 1258

9 Comparative Statement of Cowle lands for Fusles 1257 & 1258.

10 Comparative Statement of Enam Cultivation for Fusles 1257 & 1258.

12

13 Statement of Rent roll of Government Lands according to the Boards for of 2d July 1849.

2. During the Revenue Settlement of this year, having from ill health been absent from the District Mr. Mayne who had been appointed to act for me commenced the Land Revenue Settlement at Anantapore in December, but after completing the Settlement of the Anantapore & Dharmaverum Talooks, Mr. Mayne left the Sub Division on the 26th of February to act as Subordinate Judge of Cuddapah and the duty of Settling the then remaining Talooks, then devolved upon Mr. Tweedie the Acting Head Assistant Collector

Madugseerah. Talook was therefore settled by Mr. Tweedie at the Town of Madugseerah and the Talooks of Codecondah and Pengondah at the Cutcherry of the latter Talook.—

3. The season was in general less favorable than fusly 1257. There were early rains in May and July which prepared the ground for dry land cultivation and although these crops were subsequently in danger of being dried up they were revived by favorable rains in August and September and yielded better produce than in last year, and the increase of dry cultivation over the preceding fusly, as shewn in the following pages is likewise to be attributed to these rains having proved more favorable for the late crops of Cootlee and Samaloo.—

4. During the period of rains in August and September the Singanamalah and Anantapoor Tanks of the latter Talook received a more abundant supply of water than in last fusly and consequently under these Tanks there was an increase of cultivation, but with the exception of these two and 23 others which

Fort St. George 21st February 1850

which received a full supply there was a great deficiency of water in all the Tanks, and therefore an unavoidable decrease in the Wet cultivation as shewn in the following Statement—

Fusly	Tanks filled	Tanks ¾ filled	Tanks ½ filled	Tanks ¼ filled	Tanks filled less than the ¼	Tanks not at all supplied	Total Tanks	Abstract of the cultivation took place
1257	118	97	149	136	84	44	628	321062
1258	23	8	48	120	339	91	629	251710

The following Statement is annexed to shew the supply of water in the Tanks during the three unfavorable fusles 1248. 1250 & 1255.

Fusly	Tanks filled	Tanks ¾ filled	Tanks ½ filled	Tanks ¼ filled	Tanks filled less than a quarter	Tanks not at all supplied	Total Tanks	Abstract of the cultivation took place

5. The Villages in the Sub Division were free from Cholera until the end of February but it than made its appearance in 30 Villages of the Anantapoor, Dhurmaveram and Pengondah Talooks, and I regret to report that out of 485 persons who were attacked, 314 fell victims to it—

6. A Murrain prevailed for a time amongst the Cattle in 13 Villages of the Dhurmaverum, Madagaserah and Pengondah Talooks as exhibited in the following Statement, and it is worthy of remark that in the Dhurmaveram Talook in every instance the disease proved fatal, but should this appear to have proceeded from the Cattle having been ill-Skilfully treated or from any other cause that can be remedied, it will be brought to the notice of the Talook authorities and Ryots—

Talooks	Cattle		Sheep & Goats	
	Number attacked with disease	Of which died	Number attacked with disease	Of which died

7 From the subjoined Statem
it will be observed that the prices of
Jonnalos, Ragy, Sajjalos and Horse
Grain were below the prices of last
year and this may be accounted for
the increase in Dry Cultivation but
rice, notwithstanding the decrease in
cultivation of Wet lands was selling
at the same price, which apparently
to be attributed to the demand for the
grain from neighbouring Districts
having been less in the fusly under
review than in the preceding year-

The orders of the Board of Revenue under date
the 23d of October 1848, remitting one tax on
Sugar cane were made known in all the
Talooks of the Sub Division but the Seed
which had been put into the ground in
May and June was in most Cases partic-
ally destroyed from the Scarcity of water,
added to which there was a large and
Sudden fall in the price of Sugar which
causes tended to embarrass the Ryots and
in many instances some difficulty was ex-
experienced in meeting the Government demands-

8 From the following Statement it
will be seen that in the year under review, the
number of Acres cultivated was 39567 in excess
of Fusly 1257, but that the actual assessment
in consequence of a smaller quantity of Tank
lands having been cultivated was below
the fusly lastly named by Rs. 57938. The
particulars of the land entered in the Ryots
puttahs, remissions on account of Waste,
and the remainder liable to revenue are also
exhibited in the subjoined Statement-

The

Fort St. George 21st. February 1850

The Statement exhibits a decrease of Assessment Amounting to Rupees 78015 from which deducting an increase of 20077 Rupees from Dry lands and Cowries there remains a Net decrease of Rupees 57938. Under the head of Kalah cultivations there is a decrease of Rupees 8663 which has been included in the net decrease above specified, but it is perhaps necessary to observe that the largest portion of the decrease under the head of Kalah cultivation arose in consequence of the bed of the Singanamalah Tank not having been Cultivated in the fusly under review.

The total decrease in the Land Revenue of the past year amounts to Rupees 32110 of which sum, the decrease under the head of "Total amount of assessment according to the Survey" is 25921 and the remaining portion includes remissions to the amount of 6254 in excess of the previous year, but from this amount a deduction of 868 has been made for Nunnbea tun free Jastee and the items of Rs. 760 and 43 for Enambah Cummee and Vanoolie Kirch having been added gives total decrease as above stated.

" Fasly 1258 ——— Do. ——— 767 ——— 1,40,862.

Net Decrease ——— 20,930.

and the decrease as before mentioned arose from the insufficiency of water in Tanks to supply lands that were cultivated in the preceding Fasly. —

21

The Statement No. 6 exhibits all the particulars of Goonchee cultivation. The demand in reference to Column 27 of that Statement was Rupees 55,146 - this sum also entered in Column 177 of the Statement No. 5 and bears a Per Centage of 11 ¼ on the Ryotwar Settlement as entered in Column 175 of the latter Statement. The increase of Rupees 3,985 in Goonchee cultivation arose in consequence of cultivation in the beds of Tanks having been included in Goonchee, but the decrease of Puttahs 75 was owing to some lands under Tanks cultivated in past years not having been cultivated in the present, in consequence of a deficiency of water —

observations, I requested that a portion
of the purchased property, yielding a
"revenue equal to the annual payment
"be marked out and placed in a separate
"grant". From the circumstance of the
Board not having noticed this point I
led to suppose that I was not sufficiently
explicit in my former observations, and
that it has consequently occurred to
the Board to take this point into
their consideration under this impression
I beg to be allowed to explain the
same more fully in the present letter.

It was, and it still is my
wish that I should obtain a separate
grant for some certain portion of the
lands of the two hamlets valued at
Rupees 1110. the exact value above that
sum; Viz^t. Rupees 3,500 for which I have
agreed to assign over my Tofery Dues
unto to Government. My object in
desiring this is to have the understand
the Government have agreed to give me in
lieu of my Tofery lands for Rupees 3500 free
from any demand whatever on the part of Government
but as the value of Perambaicoo

Fort St. George 21st February 1850

hamlets of Coopum and Cammavarpollium
has been fixed by Government at Rupees 4,610
I agree to take that Village and its two
hamlets at that valuation but upon two
different tenures Viz^t. The Village of Peram
baicoo with portions of the lands of either
one or two of its hamlets of Coopum and
Cammavarpollium which may be valued
at Rupees 3500 as a free-hold Estate, the
other portion valued at Rupees 1110 in a
proprietory right, or on whatever tenure the
Government may be pleased, to grant the
same. To this separation, it does not appear
to me that any weighty objections exist
that which appears to me chiefly necessary
being that a portion of the fields of one
or both of the hamlets should be
added to the lands of the Village of
Perambaicoo, so as to raise its value to
Rupees 3500, whilst the other portion of
the lands of those hamlets will form
a separate Estate, to be granted to me
on condition of my paying an annual
fixed assessment thereon. It does not
appear to me also, that this proposed
division of the lands of the hamlets will,
in any way affect the interests of Government,

since,

since they will derive the same amount of Revenue which they now propose should be paid by me, neither will it affect the interests of the Ryots of the Hamlets, as both divisions will be under the management of the same proprietor tho' upon two different tenures, with which the Ryots have little or nothing to do. And even should that division of the hamlets (which may be granted to me for an annual fixed assessment,) at a future period revert to Government, in default of payment of the fixed assessment, still that division would stand formed into a seperate Estate, and the Ryots of the hamlets would still possess the same rights and privileges in the two divisions which they now have over the whole lands of the hamlets. To obviate any inconvenience in making such division I beg to propose, that such portion of the two hamlets of Coolspunm and Commavarpollaim be added to those of Parambaidoo as would raise the value to Rupees 3500 giving the lands thus added to Parambaidoo a seperate appellation (such as eastern or western or the

the case may be) hamlets of Coolspunm and Commavarpollaim, or some similar designation, by way of distinction.

5 In annexing a part of the lands of the hamlets, to those of Parambaidoo as proposed by me above, there can be but little difficulty in making a division of the lands of the hamlets, for by the present Ryotwar system introduced into the Taluke, and the detailed accounts kept of each field or spot of every Village therein, that difficulty has been obviated, and if the Government and Board incline to accede to my request they can effect this arrangement with the greatest ease, divisions of a similar nature being made in every Moota granted to Zemindars, whenever any part of the Zemindary (or Moota) is transferred by sale or otherwise, and a due proportion of the public Revenue is fixed thereon.

It is however necessary here to shew the ground on which my request is based, and I shall proceed.

proceed to do so. In arranging to give up my Vepery lands to Government, agreeably to their wishes, my intention was to acquire in lieu thereof a Village free of payment of any public demand thereon, and it was this consideration that induced me to meet the wishes of Government, by proposing in the first place, to exchange my property for a Village, and in the second to reduce the value of my said property from + Rupees 4,500. to Rupees 3,500. thereby sacrificing Rupees 1000 per annum. The Government have acceded to the arrangement and agreed to grant me a Village or land of the value of Rupees 3,500 free from any public demand thereon. the only difficulty presenting itself in the way being the selection of a Village with certain hamlets the average value of which exceeded the value fixed on my own Premises which I may remark has arisen on the following grounds.—

+ The value fixed on the average receipts of the last 10 Years.—

Letter from Board dated 11th December 1848

Letter to Board dated 10th March 1849

I estimated the average peuenue of Pennalore and its two hamlets for the last 21

Rupees 3,500 being equivalent to the Amount of value fixed upon my Vepery Premises, excluding the other hamlet Rundegal in consequence of its value forming an excess to the estimated Amount, and entertaining the hope that, in case the average Beriz of the last 21 years exceeded Company Rupees. 3,500 by a few hundred Rupees, when the Accounts should be accurately prepared by the Collector, I should not be required to pay the excess on two different considerations, First because I agree to transfer my property to Government on the average value of its net receipts, whereas the Government in exchange thereof agreed to assign over their property on the average peuenue of its gross receipt. Secondly because independent of the considerable difference between the value of the two properties thus fixed upon, I have made a large deduction from the Value of my own property, as already.

already explained, and that thus the Government would grant me the Village and the two hamlets as originally proposed by me, free from any public demand whatever, but instead of fixing the value thereof at the 21 years average at which average the value of my own Inheritance exceeded 5000 Rupees, the Government raised their value to Rupees 4,000 being the average only of the last 10 Years, hence the selection of the Village of Peramboidoo and its two hamlets, presented a barrier to my obtaining them free from any public demand, in exchange for my Vefery Premises.

8. That my request for a grant of the Village of Peramboidoo free from any public demand whatever has been based upon good and justifiable grounds, I hope will be clearly shewn by the fact of my having agreed to surrender to Government a property, the annual income

of which was certain; whilst the Revenue of the property to be transfered to me by Government is uncertain and dependant upon seasons; independent of the inequalities in the value of the two respective properties Viz.t, Companys Rupees 4,500. and Rupees 3500. I shall however, refrain from making any observations on this point, as it has already been finally disposed of by Government, but in merely dwell on the right that I wished to acquire in the Village to be obtained in lieu of my Vefery Premises Viz.t a free-hold Estate, but which under the present draft of Grant will be but a proprietary right obtained, in consequence of my paying an assessment thereon. In this observation I trust I am fully borne out by the very Regulation quoted in the draft, under the meaning of which I am therein stated to possess the proprietory right of the soil in the Village of Peramboidoo and its two hamlets, as shewn below.

Section

9. Section II Regulation XXV of 1802, states as follows. In conformity to these principles an assessment on all lands liable to pay Revenue to the Government be fixed in consequence of such assessment the proprietory right of the soil shall become vested in the Zemindar or other Proprietor of land and in their heirs and lawful successors for ever.

10. In commenting on the provisions of this Regulation, I beg to state that the lands to be assigned over to me by Government, in lieu of my Estate Premises are not liable to pay Revenue to the Government, as stated in that Regulation as I acquire them in lieu of my own property, and not by way of gift or otherwise, and consequently I do not become vested with the proprietary right of the soil in these lands in consequence of payment of assessment hence my request that I should obtain a Deed for the lands, valued at 3500. Rupees, separate from those valued at 1116 Rupees, the latter of which I

meaning of the Regulation above quoted, and for which the modified draft forwarded to me by the Board and returned herewith No 1 with an addition therein made in pencil will amply do. But as I wish to obtain the Village of Pennabadoo and its two hamlets upon two different tenures, as already explained, I have thought it proper to prepare two different drafts, and beg leave to submit the same for the consideration and approval of the Board.

11 In regard to the alterations proposed by me in the modified draft of Grant I must state that what I have therein proposed is not a novelty, it has been conceded in several instances to other proprietors of Lands and my object in asking for its introduction into the grant, is merely to enforce a regular obedience to all such of my orders as are consistent with reason and justice, and thereby to secure a proper management of the property; without such a provision neither I nor any other proprietor of land can with a due regard to the

the interests of all parties concerned
manage the affairs of a Village.

12 I would beg also to ask attention to the concluding part of Para 2 of the Board's letter of 1st December last, which runs "provided such could be effected without difficulty and "embarassment to Government", the meaning of which I confess I do not exactly comprehend but which I consider it is advisable that I should I am induced therefore to trouble the Board with a request for an explanation on the point.

13 In conclusion I therefore beg to state that having explained in Para 7 my reason for having at first excluded the hamlet of Kundega, I have only to respectfully upon the attention of the Board how far it would now be just and suit at the same time the convenience of all parties concerned, to include that hamlet also in the Estate to be granted to me, on payment of a fixed assessment, by making a proportionate increase

increase in the Barij thereof, as it would then tend to avoid the disagreeable circumstances of leaving the management of the Parambadoo and its three hamlets in the hands of two different parties and thus prevent any misunderstanding that might arise in the irrigation of the lands nor do I see any object in seeking for its transfer further than the mere anxiety of avoiding the misunderstanding already adverted to.- I shall therefore leave this point to the candid consideration of the Board to be disposed of as may seem to them most equitable and just.-

Sir,

To the Chief Secretary to Government. Sir's Letter 29th October 1849.

Submitting further correspondence which has passed upon the subject of the grant of Land to be made to Cumiah Chetty in exchange for his premises at Vepery and conveying the Board's views thereon and upon his proposition to have the lands made over to him on two different tenures and District and separate Grants and other stipulations and considerations in the draft grant submitted with C. Cumiah Chetty's last letter.

Para 1. With reference to an Extract from the Minutes of Consultation dated 25th October last, I am directed by the Board of Revenue to submit the accompanying further correspondence which has passed upon the subject of the Grant of Land to be made to Cumiah Chetty in exchange for his premises at Vepery.

To Cumiah Chetty 29th October 1849.
From Do. 19th November — 1
in Dft. Cons. 3rd Dec. — 1
To Do. 1st December — 1
To Do. 14th January — 1
To Do. 4th February — 1
From Do. 7th in Cons. 2nd Feby. — 1

In the above Extract Minutes of Consultation Government were pleased to relinquish a claim to any subsequent increase to the Jodee to be fixed in the Village of Tarumbaidoo and the two hamlets of Coopum and Comavari polliem, which was determined to be Rupees 1116 per Annum, being calculated on the Gross receipts of the last 10 years. and the Board were instructed in the event of Cumiah Chetty declining to accept those final terms to endeavour to find some other Village with a less extent of waste but with a revenue sufficient to meet the case. The Board accordingly called upon Cumiah Chetty

29th October 1849.

Cumiah Chetty to signify his acceptance of the terms thus finally determined, or in the event of his declining so to do to take early measures for selecting some other Village.

3. In reply Cumiah Chetty expressed his willingness to accept the Village of Perumbadoo with it's two hamlets on a quit rent of Rupees 1116, being the terms decided upon by Government, with the proviso that he be permitted to exchange them for other Villages within two years.

19th November in Dft. Cons. 3rd Dec. 1849.

4. In reference to this latter remark the Board pointed out to Cumiah Chetty that the option of an exchange had already been conceded by Government provided such could be effected without difficulty and embarrassment. They also took occasion to state in reply to a request that the Transfer Draft might be forwarded to him prior to its execution, that the instrument would be shewn to him on application at the Board's Office when any remarks he might desire to offer upon the draft might be made to their Secretary in person.

5. The objections raised by Cumiah

Cumiah Chitty to the terms of the draft being of an important character he was desired to put them in writing and the Memorandum now furnished was submitted by him from which it will be observed that among other points Cumiah Chetty desires that a portion of the Village yielding revenue equal to the amount of Quit rent should marked out and included in a separate grant and rendered exclusively liable to that demand in the event of the occurrence of arrears, and that the remaining extent of land should be conferred upon him free of all liability. He also expressed a wish that the hamlet of Kundiga should be included in the Grant subject to a corresponding increase of Annual payment, and that the Grant should contain a clause guaranteeing to the Grantee the optional right of exchanging the Villages should he find it expedient so to do.

The Board subsequently forwarded

6. to Cumiah Chetty a modified draft for effecting the conveyance to him of the Village of Perumbadoo with its dependent hamlets and they have now the honor to submit his reply with its enclosures.

From,

7th Nov. Cons. 21st Feby. 1850.

7. From this communication it will be perceived that Cumiah Chetty agrees to take the Villages and hamlets at the valuation fixed by Government Viz^t. Rupees 4,616, but reiterates his wish that the land to be made over to him should be conferred on two different tenures and in distinct and separate Grants, his object being to obtain a separate grant "on proprietory right or "on whatever tenure Government may be pleased to grant." for some certain portion of the lands of the two hamlets valued at Rupees 1116 and to hold the Village of Perumbaidoo. with portion of the lands of the hamlets which may amount to the value of 3800 and for which sum he had agreed to relinquish the Vepery premises - "free from any demand whatever" as he expresses himself "as a free hold Estate.

8. In support of the grounds on which this application is made Cumiah Chetty now states "that in arranging to give up his 'Vepery lands' to Government agreeably to their "wishes, his intention was to acquire in lieu thereof a

"a Village free of payments of any public demand "thereon, and it was this consideration that induced "him to meet the wishes of Government by proposing "in the first place to exchange his property for a "Village and in the second to reduce the value of the "said property from Rupees 4,500 to Rupees 3,500 "thereby sacrificing Rupees 1000 per Annum".

9. In regard to the proposition now urged by Cumiah Chetty that a portion of the lands of either hamlet should be added to Perumbaidoo so as to raise its value to Rupees 3,500 and be conferred upon him "free from all demands" whilst the remaining lands should form a separate Estate and be alone held liable to the payment of the fixed annual assessment the Board considers it unnecessary to discuss at length as they feel precluded from supporting the proposal which they cannot but remark was never brought forward or in any way implied by Cumiah Chetty until the final decision of Government had been expressed and acquiesced in by him - whatever his intention

may

may have been there is nothing in the correspondence which has passed prior to the receipt of his remarks on the original draft to indicate the existence of such an impression; without adverting in detail to the several conditions and stipulations inserted in the draft of grant submitted with Cumniah Shetty's letter, the Board desire to remark, in reference to Clause 4 in which is contained a stipulation that the Grantee should have the exclusive power to appoint Curnums and other Village Officers, that under the provisions of Regulation XXIV of 1802, a Land holder is authorized to nominate a person to fill the Office of Curnum, but that other Officers being Police Officers, a similar nomination cannot be delegated to Proprietors under the Regulations. It is needless therefore to remark that Cumniah Shetty's impression that such authority had been conferred in former instances is erroneous.-

10- With these remarks the Board

beg to submit the question for the consideration and orders of Government, it appears to them unnecessary under existing circumstances to make any further suggestions as the terms upon which Government have expressed its readiness to accept the exchange were definite and as they apprehend, have been distinctly agreed to by Cumniah Shetty.-

The Board should not omit to

11- remark that in the concluding para of his letter Cumniah Shetty again adverts to the hamlet Rundeygoa being included in the lands to be assigned to him but leaves the point for the consideration of the Board, the question it may be observed has already received consideration and it seems therefore inexpedient that it should be again entertained.-

From G. T. Cammiak Chetty.....

Submitting his observations on the modified Draft prepared by the Board of the grant of the Village of Parambaidoo and its two Hamlets of Coopum and Commavarpolliem suggesting that such portion of the two Hamlets be added to Parumbaidoo as would raise it in value to Rs. 3300 and be held by him as a free hold Estate and the other portion in proprietary right and with the usual powers of disposal Deeds which he is desirous to execute.

Sir,

I have the honor to acknowledge
1 receipt of your letter dated 17th Ultimo. forwarding for my perusal and any remarks I may wish to offer a modified draft of grant for the Village of Parambaidoo and its two hamlets of Coopum and Commavarpolliem in exchange for my premises at Vepery.

In offering my remarks upon the
2 draft, I beg to express my thanks to the Board for the kind attention they have paid to some of my former observations (handed over to the Secretary) on the original draft given to me for my consideration; but as some other observations therein, on points of the greatest importance have not been attended to, nor any reason assigned for overlooking the same, I am induced to bring them again to their notice, and beg to submit them for their further consideration as follows.

3 The Board will observe that in Para 2 of the paper handed over to Mr. Pycroft containing my observations.
