Tanjore 11th July 1849 } E. E. Yr (Signed) J. F. Bishop Coll.

J. F. B.

No 15

3882 — Fort St. George 11th March 1850.

No. 15.

To,

J. F. Bishop Esqre
Collector of Tanjore.

Sir,

I have the honor to submit the usual Statements exhibiting the result of the annual Settlement of Land and other Sources of Revenue connected with the Sub Division of this Province, comprising Six talooks, for Fasly 1258 — A.D. 1848/49.

A and B.

2. The Settlement of this Division of Tanjore, with the trifling exception of two Villages, was entirely conducted by Mr. T. Clarke the Acting Sub Collector during my employment on another duty.

Season. 3. The season on the whole may be considered as favourable to agricultural pursuits — The freshes in the Cawvery and other rivers were regular and steady throughout the season of growing the Caur and Peshanum rice Crops, and when the rivers fell during September, prior to the setting in of the North East Monsoon,

Much

Bishop Coll.
No. 15

much rain was received up to the commencement of November after which but little fell, so that the low lands situated in the Villages of the Eastern Talooks and on the Coast escaped the usual innundation from the surplus drainage of the Western Talooks.

The outturn of the year may be considered to have been an average one.

In consequence of the latter rains of the North East Monsoon failing the Dry lands yielded but a scanty return and some complaints were made.

The very low price of almost every species of grain especially Paddy added to the difficulties of the Ryot: :dar and militated greatly against him in meeting the Government dues. The depreciation in prices this Fusly compared with Fusly 1257 / 1847/48 amounts to about 26½ per Cent. The Current selling price of 1257 being Dfs. 2 C. — 26⅛ per Cullum while that of the Fusly under review was only

Dfs. C. Dfs. C.
only 2 — 2⅜ and the Standard at 3 — 2 23/32

Extent of Cul: tivation and Beriz.

4 The following Malabar State: :ment shews the actual extent of Culti: :vation and the amount of Beriz due on from each Talook in the Division compared with the preceding Fusly and exhibits an increase in the land under Culti: :vation of Valies 593; but a falling off of revenue to the amount of Rupees 25740 — 14 — 8 wholly attributable to the extreme depreciation in the price of Grain.

Fusly.

Fort St. George 11th March 1850.

Villages.

5. The total number of Villages comprising the Sub Division is 2,010 and were held under the following tenures during the fusly.

	1257.	1258	Increase	Decrease
Olungoo Rented Villages	406	439	33	"
Rented according to Board's Orders { Grain	10	"	"	10
Rented according to Board's Orders { Money	9	"	"	9
Field assessed Villages	918	918	"	"
Villages in which the Grass Berij has only been placed	458	458	"	"
One year rented Villages	184	184	"	"
Grain rented — Do.	1	1	"	"
Amanny — Do.	24	10	"	14
Total	2,010	2,010	33	33

Olungoo Villages.

6. The increase of Villages coming under this System of Settlement is occasioned by carrying out the instructions of Government and the Board of Revenue as expressed in Minutes of Consultation dated 16th May 1848; and Proceedings of the Board on the Settlement of the District for Fusly 1255 for the revision of all Villages hitherto under amanny or Fixed rent of Money or Grain with a view to their being all brought under the Olungoo System.

To

1848.

To bring this arrangement a-
bout, I proceeded in person during the
month of September last to the only two
talooks in the Division namely, Com-
: baconum and Valungaman, where the
Field assessment does not exist, and a
careful investigation was instituted
with the Merasidars and a just revision
of the Standards made, where the amount
of Grain was found to be excessive in
reference to the productive capabilities
of the Soil, the means of irrigation, whether
direct from the rivers or only surplus
water and other contingencies such as
lands included in the Standards of the
village as cultivable, but now from
causes rendered useless or destroyed.
In all the Villages so revised and settled
the terms have been that, the Olungoo de-
: mand and System are to be binding until
the Field assessment shall be introduced.

7. Of the foregoing 33 Villages, nineteen
were rented out in Fusly 1257 while the re-
: maining fourteen were under Amanny.

Of these Nineteen Board rented

Villages

Villages, two were taken up by the Merasi-
: dars on the fixed Olungoo demand while
the remaining Seventeen were acceded to
after a reduction was admitted on their
Standard Olungoo Grain amount.

Of the Amanny Villages no less
a Number than Nine out of the fourteen were
taken on the Olungoo demand without re-
: duction, and the remaining five, which
had been for a series of years under Ama-
: manny were settled with a reduction
in the fixed Standard.

8. Thus the total Number of
Villages on which a Settlement was made
by abating the amount of standards is
twenty two. And the annexed Statement
shews at one view the reductions allowed.
In extent of Runjay land it amounts to
Valies 2. 10. In Grain to 34,160 Cullums or
22½ Per cent. But on an average of ten
years there is an increase of 18,275 Cul-
: lums in favour of the present demand
fixed.

10. Of the total 439 Villages under Olungoo

Olungoo, 5 received in Exchange from N. A. the Rajah paid the assessment without reference to the current selling price. of the remainder, eighteen suffered from drought and were reaped by Government, while 416 Villages paid the demand ac-cording to Current selling prices and the peculiar Nature of the Olungoo System.

Field assessed Villages. × 918

11. The Subjoined Comparative Statement shews the result of the Sum-ma Settlement on the Ryotwar Villages of the Division and exhibits an increase of Rupees 7,402 - 9 - 6 resulting from an enhanced extent of land Cultivated in this Fusly compared with the previous one -

	Turshee. Land.	Assessment.	Nattapaul. Land.	Assessment.

Demand Collection and Balance

Fort St. George 11th March 1850

15.

The total demand on account of land and extra Sources of revenue amounted to Rupees 15,65,396 11 — 3 and the Collections up to the 11th July last or the end of the Fusly 1258 were Rupees 15,51,209 — " — 10 leaving a balance of Rupees 14,187 — 10 — 5 subsequently reduced by the Collections up to the 20th August 1849 to Rupees 8,351 — 12 10 the greater portion of which sum will I trust be realized in due Course.—

16

I have also the pleasure to report that the sum of Rupees 3,439 4 2 has been recovered during the Fusly under review on account of former years the particulars of which are enumerated in the margin thus making the entire collections in the Division

Read the following letter.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

From the Coll.r of Madura 7th June 1849. 1. In reference to the 18th Para.f the standing Rules for conduct of Salt Pans I have the honor to forward a Memo. of the Surplus and deficiency found on examination of a heap in each of the Pans of this Collectorate exhibiting the centage of difference for the year 1849. -

2. In Taracoody Pan where the largest wastage appears, the salt is old. -

3 My only Assistant being in charge of the sub Division I was obliged to depute the Sale Sheristadar on the duty of inspection as the performance of it myself was incompatible with the care of the Principal Division and Shenagunga. -

Madura, Meyloor 28th February 1850 } /Signed/ R. D. Parker
Collector.

38. 39

3905 Fort St. George 11th March 1850

Read again letter from the Acting Collector of Tinnevelly dated 19th and entered in Consultation 27th September 1849

40

Proceedings thereon - The Court of Wards observe that all investments on account of Minors, should be made in the name of their Secretary for the time being, and the securities transmitted to this Office for deposit in the manner prescribed by Section XVI Regulation V 1804. This course does not appear to have been followed in the case of the Bonds purchased on account of the Yaloomaday Jemindar in Tinnevelly and entered in the Statement which accompanies the above letter. It is however seen that they have been deposited with the Government Agents at the Presidency and as their withdrawal and redeposit now would be attended with some expense, the Court will not interfere with the present arrangement but in future cases they request that the proper course may be followed in the case of District of Tinnevelly. -

Read

3906 Fort St. George 11th March 1850.

In Cons. 25th Feby 1850.

Proceedings Relative to the management of the Extra sources of Revenue in the Tinnevelly District for Fusly 1258.

Read again letter dated 3d October last from the Acting Collector of Tinnevelly reporting upon the management of the Extra Sources of Revenue in that District for Fusly 1258.-/1848/49

(Here enter No. 204)

From the following tabular statement it will be observed that the settlement resulted in a Net Decrease as compared with that of the preceding Fusly of

Rupees 29,888-7-4. -

	Demand of Fusly 1257	Demand of Fusly 1258	Increase	Decrease
Salt	2,80,285 4 9	3,02,920 8 -	22,635 3 3	- - -
Sayer	51,302 3 9	51,386 15 11	84 12 2	- - -
Sea Customs	66,772 3 1	12,929 - 3	- - -	53,843 2 10
Abkarry	26,712 - -	28,612 8 -	1,900 8 -	- - -
Moturpha	93,681 2 3	94,953 3 5	1,272 1 2	- - -
Sundry Small Farms & Licences	38,996 4 5	37,739 9 4	- - -	1,256 11 1
Stamps	18,064 8 -	17,383 6 -	- - -	681 2 -
Total	5,75,813 10 3	5,45,925 2 11	25,892 8 7	55,780 15 11
			Deduct Increase	25,892 8 7
			Net Decrease	29,888 7 4

The

Fort St. George 11th March 1850.

2. The chief fluctuations are in Salt which during the period report=ed on, exhibits an increase of Rupees 22,635-3-3 over the preceding year and in Sea Customs in which there is a falling off, to the extent of Rupees 53843-2-10.-

Salt

3. The increase in the Salt re=venue stated to be entirely owing to an enhanced demand, and the supply on hand having been much greater at the opening of Fusly 1258 than in Fusly 1257. as shewn in the Abstract Statement annexed to Para 3 of the Report- the manufacture was necessarily limited thus causing a corresponding diminution in the Charges- From the subjoined Memo: however, it will be seen, that there are certain discrepancies between Statement No. 5 and the Quarterly Returns apparently requiring explanation.-

	As per Quarterly Returns Mds	As per Statement No. 5	Increase	Decrease
Stock remaining on hand-	339,719	374,105	34,386	"
Manufacture of Fusly 1258-	315,710	286,842	"	28,868
Sales of Do. ———	301,992	302,920	928	"
				28,868

Fort St. George 11th March 1850.

It is also observed that neither the Quarterly Returns nor the accounts submit=ted with the Report under review, shew the Home, as distinguished from the Inland Sales the whole being entered under the former head making it appear that no salt is exported from the District- The Acting Collector will be pleased to afford exe=planation upon these points.-

Sea Customs
Fusly 1257- 66,772-3-1
" 1258- 12,929-5-3
Decrease- 53,843-2-10

4. The very considerable decline under this head, which was but partially met by an increase in the importation of Tobacco and other articles from Ceylon and by the exe=portation of Grain to Ceylon and London, is mainly attributable to the recent abolition of duty on Cotton as notified in the Fort Saint George Gazette 14th January 1848 enclosure No. 9 of the Collectors Report attributes the decrease on this account alone at 44,596 Rupees and to the operation of Act VI of 1848- Deducting the disbursements from the Gross Collections, the Net Revenue amounted to Rupees 11,247-6-2, being Rupees 53,192-4-10 below that of the preceding Fusly.-

The

Abkarry

5. The demand on account of Abkarry was Rupees 28612-8 exceeding that of the previous year by Rupees 1900-8 in consequence of the higher offers received and was collected in full at the date of the Report.-

Moturpha

There was also an increase in the Moturpha Revenue arising chiefly from the employment of additional looms. The Collections including arrears & Extra Revenue amounted to Rupees 97097-2-4 being Rupees 3150-7-1 in excess of the

Report Para 28.

Net Revenue of Fasly 1257.- Adverting to the balance of old arrears amounting to Rupees 148-14-2 respecting which information was called for in Para 7 of the Board's Proceedings of 12th April last, the Acting Collector explains that this sum is the house tax payable by certain parties on account of Fasly 1252 to Fasly 1256 and it being deemed irrecoverable for the reasons assigned, the Board would recommend its remission.-

Small Farms & Licenses

7. The falling off in this branch of Extra Revenue, which consists of Chayrout, Chanks and Kist rents amounted

to Rupees 1256-11-1 and occurred in the last mentioned item, It is ascribed to certain Tanks having received but a scanty supply of water.-

8.- The explanation required in the concluding Para of Extract Minutes Consultation of the 24th April last regarding the excess in the Charges for Fasly 1257 over Fasly 1256 under the head of Chank Fishery has not, it is observed, been furnished.- The Acting Collector will be pleased to supply the omission in his next Report as the increased rate of charges under the head of Small Farms and Licensed continues much the same for the Fasly under review.-

In Cons. 10th May 1849.

Charges Fasly Rs a. P.
1256- 85-13-9
1257-12741-2-5
1258-10808-9-9.

9. The difference in the Revenue derived from Stamps amounts to Rupees 681-2-. The Board remark that the substitution of Stamps for Institution fees has led to a considerable increase in every other District except Madras, under this head.- and they consider it desirable that the Acting Collector should explain if there is any cause for a limited demand for Stamps in Tinnevelly.-

10. The gross Collections Current extra and arrears from all branches of Extra Revenue amounted to Rs. 55013-6-4 Deducting charges Rs. 5303-13-7 the Net Revenue realized within the Fasly was Rs. 49682-8-9 or Rs. 23538-2-5 below that of the previous year.-

Ordered that a copy of the foregoing Extract with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Tinnevelly for his information & guidance

(42)

To The Secretary to the
Board of Revenue

From the Acg Pl Coll. of Coimbatore

Fort St. George

Sir,

Recommending the appointment of Annajee Row a Tahsildar in the Tinnevelly District to the office of Sub Division Serishtadar in Carroor to be vacated by the resignation of Soob Row.-

1. I beg to report to the Board that the Sub Collector's Serishtadar, "Soob row," proposes, on the score of health, to give up his situation shortly, for employment in Tanjore which he has signified in writing to Mr. Bishop and myself.- He remains a short time at my request, to give information, and aid in the Inumbundy now in progress.-

2. As Mr. Molle, the Acting Sub Collector, has not yet joined, is a stranger to the District, and just returned from England, I have thought it right to nominate a Serishtadar for the Board's approval. I shall also communicate with the Acting Sub Collector on his arrival, and unless the Board see any valid objection, I trust that "Annajee Row" now a 1st class Tahsildar

Fort St. George 11th March 1850.

Tahsildar on 120 Rupees in Tinnevelly) may be appointed to succeed Soob row. I recommend him on a 7- years intimate knowledge, in various capacities under me, and believe him to be an intelligent, able, and most deserving Public Servant. He acted for some time as Naib Serishtadar in Tinnevelly, on "Soolochenuon Mondeliar's" promotion.-

3. Annajee Row's testimonials and services will be forwarded to the Board so soon as I receive their permission to do so.-

4. Annajee Row will leave Tinnevelly with the consent and recommendation of Mr. Bird and Mr. Whittingham to whom I wrote before proposing it to Annajee Row.-

Proceedings thereon-

(4243)

The Board of Revenue would direct Mr. Thomas's attention to Extract from their Proceedings under date 31st August 1848, and consider it advisable that the Acting Principal Collector should await the arrival of the Acting Sub Collector Mr.

3915 Fort St. George 11th March 1850.

Mr. Molle and ascertain from that Officer if it is his wish that Ramajeea Row be appointed Shericstadar of his Cutcherry.

2. The Board are of opinion that a Sub Collector should have the nomination of his Shericstadar requiring of course the confirmation of the Acting Principal Collector.-

Resolved

3922 Fort St George 11th March 1850.

Proceedings thereon.

(46-47)

Resolved that the Collector's letter together with its enclosures be submitted for the orders of the Right Honorable the Governor in Council with reference to paras 1 and 2 of Extract Minutes Consultation

In Cons. 25th Feby. 1850 of the 6th Ultimo.

2. The Collector has furnished a descriptive Roll of Syed Mahomed Sahib in the prescribed form in English with Extract from the Register of Pensions which has reference to that individual and explains that the descriptive Roll in Persian which accompanied his letter of the 14th

In Cons. 24th Dec. 1849. December 1849 was obtained by him under the rule laid down in the Orders of Government of 26th April 1847.

Read the following letter.

To,
The President and Members
of the
Board of Revenue,
Fort St George.

(48)

From the President & Members of Puteheapaks Charities...

Gentlemen,

We have the honor to acknowledge the receipt of your Secretary's letter of the 3d December last, and beg

+"That in case the President is absent from any Meeting, the Members present shall previously to the commencement of business elect a Chairman from amongst themselves, who when the Members are equally divided in opinion, shall have a similar Casting vote, as the President."

beg to inform your Board that an additional provision, as suggested by your Board has been made to rule 7 of Set No. 2.-

With reference to para 4 of the letter under acknowledgement, we beg to state that European, East Indian and Moosulman Children, as well as Hindoos may, we think be allowed to avail themselves of the benefit of Education in the Provincial Schools for such time as there may not be a sufficient attendance of the latter, but at the same time, as we apprehend that it may be deemed at variance with the decree of the Honorable the Supreme Court, dated the 6th August 1841. we are of opinion that a reference to the Advocate General on the subject will render the matter in question free from all difficulties.

Madras, 1st March, 1850.

3932 Fort St. George 14th March 1850

6

From the Secretary to Government.

Communicating the observations and orders of Government on the Board's Proceedings relative to the settlement of Land Revenue in the District of Canara in Fusly 1258 and calling upon the Board in the D.P.W. to consider and report upon the measures requisite for keeping rain Gauges at the Collector's Hoozoor Stations and their subordinates having separate charge as well as at all Talook cutcherys.-

Read the following Extract.

Extract from the Minutes of Consultation, Under date the 5th March, 1850.-No 234.-

Read the following Extract from the Proceedings of the Board of Revenue.-

/ Here enter 17th January 1850 No 28 /

Para 1. Except in the months of August and September, in which there was a slight deficiency of rain, but not to such an extent as to endanger the crops, the season of Fusly 1258 in Canara, seems throughout to have been favorable to agricultural pursuits. Though not entirely free from visitations of cholera and fever, it was on the whole healthy as regards man; but less so in regard to cattle among which a severe murrain prevailed.-

2. In the Margin of Para 3 of his report, the Collector has given the fall of rain from May to October - but it seems that no perfect record is forthcoming for the entire year. The Right Honorable the Governor in Council is of opinion, that it would be very desirable

desirable that rain guages should be kept throughout the year, and their results carefully registered at the Hoozoor station of all collectors and their Subordinates having a separate charge, and he thinks, that with some little management, the same arrangement might be carried out at all Talook Cusbahs. The Board of Revenue in the Department of Public Works are requested to consider and report upon the measures requisite for this purpose, and the expense with which they would be attended.

3. The prices of the various descriptions of rice differed little from those of the previous year. Of the other staple products of the Province, Pepper, Cardamoms, and Cocoanuts, each showed a large fall in price. The decline in the first and last of these articles was considerable in reference not only to Fusly 1257, but to the average of the five preceding Fuslies. The price of Betelnut continued to improve, in consequence it is satisfactory to

to observe of the relief afforded by the abolition of the Rawlut duties. The export of rice was much the same as in the preceding year, but exhibited some increase upon the average of the past five years. The produce of Betelnut and Pepper was in excess of that of Fusly 1257, that of Cardamoms below it.

4. The Settlement of land revenue for the year under review was Rupees 1885824—4—5 being a net increase above that of the preceding of Rupees 19549—4—10. The improvement was most conspicuous in the Talooks of Buntwal settled by Mr Blane himself, in that of Honore and in Soondah and Soopah. The increase in the two last is attributed, in a great measure, to the continuance of the system introduced by the Collector in the preceding year, that of making the Settlement of those Talooks upon the basis of the Survey accounts.

5. The amount of remissions granted in the District has decreased progressively during the last four years. The sum allowed on this Account

in

in Fusly 1258 was only Rupees 2,705-7-11
The Right Honorable the Governor in
Council agrees with the Board that
this result is satisfactory, and indica-
tive of the careful scrutiny to which
all claims for indulgence must have
been subjected.

6. One hundred and forty
eight Wurgs have been transferred
from the head of Sunkee, or subject
to yearly examination, to that of
Vyda during Fusly 1258. The number
of Vyda wurgs or those which are
being raised to full assessment by in-
stalments now stands at 553, of which
the demand, after deducting the
Amount suspended and permanent
remissions, is Rupees 25,115-5-11. The
settlement for Fusly 1258 was Rupees
18252-2-10 leaving a balance of
Rupees 6,863-3-1 to be brought up
by instalments. The Board (Para 6)
have referred the Collector to the
remarks in their proceedings on
the settlement of Fusly 1257 regarding

the

the lengthened period allowed for these
instalments, and the small Amount
postponed in some cases. These observa-
tions will no doubt receive the Collector's
attention.

7. The amount of instalments
to be brought up within the Fusly re-
ported on was Rupees 3,451-8-8, of
which Rupees 3,157-9-9 were realized
leaving a balance of Rupees 293-14-11
principally in the Ancola, Bilghy and
Soondah Talooks, which under the
circumstances of the several cases, it
was deemed inexpedient to enforce.
The Government quite agree with the
Board, that as a general rule, the terms
of a Vydah or Cowle should be rigidly
carried out. Instances may occur in
which some relaxation is unavoidable
but they ought to be very few and ad-
mitted only on the clearest proof of
their necessity. The reduction which
have been effected under this head of
remissions of late years, shows however
that the Collector is fully alive to
the subject.

Of

8. Of the total demand for the Fusly Rupees 18,85,824-4-5 Rupees 19,748-10-9 were outstanding at it's close which sum has been subsequently reduced to Rupees 1,869-14-10 or 1-7 per cent upon the demand. The arrears for previous years on the 1st October last were Rupees 907-8-10. Thus the entire balances of Land revenue in the Canara District for the Fusly under review and those preceding it, were, at the date of the Collector's report, only Rupees 2,777-7-8.

9. Under the circumstances stated by the Collector and agreeably with the Board's recommendation, the Right Honorable the Governor in Council grants authority for writing off in the District accounts the sum of Rupees (318-6-3) Three hundred and Eighteen Annas Six and Pice three, being the amount of arrears from Fuslies 1253 to 1257 which have been found to be irrecoverable. He also agrees with the Board that the other small balances due for periods

periods commencing with Fusly 1251, should be investigated and disposed of at an early date.

10. In Para 13 of their Proceedings the Board observe that as statement No 1 has been drawn up in the manner prescribed, the necessity for Statements No 2 and 7 shewing the distinction between Bhurty and Kumbhurty wurgs ceased, but these should be furnished as usual, pending further instructions - Adverting however to what has been stated by the Collector (Para 23) in regard to the great amount of labor involved in the preparation of these two latters accounts, and the impracticability of framing them so as to correspond with the new form; the Government are of opinion that unless any very obvious advantage is to be gained by their temporary retention, these Statements (2 and 7) should be discontinued immediately.

11. In Para 15 of their Proceedings the Board of Revenue advert to the item of Board Seafarish, or the amount of the assessment which has been

Fort St George 14th March 1850

been suspended upon those wurgs which have been recommended for permanent reduction. They quote the opinion of the Sub Collector Mr. Hall that these reductions are in many instances unnecessary, and must have been obtained by misrepresentations, and observe. "It would be desirable as suggested by Mr. Hall, that a careful survey of the land should be made and it's capabilities determined, not only in these wurgs, but generally in all Rumbhurty and Government wurgs, and the Boundaries now laid down."

They add that "with the aid of a few Gomastahs of the fixed establishment properly instructed the object in view might perhaps be attained without additional expense to the state." The Rumbhurty wurgs of Canara Mody Gueny in the year under report were 11,384 in number, of which the full assessment was Rupees 4,79,576-7-6 and the actual Settlement Rupees 2,95,621-6-3. Deducting the Vyda wurgs 553 settled for Fasly 1258 at

Statement No. 2 Col. 56-57-61.

Rupees

Fort St George 14th March 1850

Rupees 18,252-2-10 there will still remain for examination 10,831 wurgs with a present settlement of Rupees 2,77,369-3-5. The process to which these would have to be subjected, under the orders of the Board, if accurately conducted would differ little from a regular Survey and assessment and from what has been stated by Mr Blane on other occasions, and is repeated in the present report (Para 29) of the extent of labor devolving upon his Cutcherry the Governor in Council is led to doubt whether they would be equal to the task. They may however properly be employed in investigating the actual condition of those wurgs in regard to which the greatest abuse may appear to have been practised. The more general examination proposed by the Board can, it is apprehended, hardly be carried out without additional means. Of the nature and extent of these means the Government will probably be better able to judge when they have before them the result of the reference made

to

to the Collector in the general question of the survey which has recently been adverted to in the Despatch of the Honorable the Court of Directors under date 22d August 1849. It is desirable that early attention should be given to this subject.

12. The Government concur with the Board of Revenue in opinion that the Collector acted judiciously in not pressing Puttahs upon those Wurgdars who objected to receive them. The scruples of such parties should be overcome by conciliatory measures and by explaining to them that the issue of such document is for their own benefit, and for the sake of protecting them from fraud or extortion on the part of the Village and Talook Authorities and cannot possibly be to their prejudice. Neither does the insertion or omission of the obnoxious clauses respecting the Tarow Assessment seem to the Government to be a matter of such importance. It appears to have been introduced into the Bhurty Puttahs

issued

Settlement Report for Fusly 1256. 12th October 1847. Para. 43.

issued in Fusly 1249. and had it been otherwise, the amount entered in a ryot's Puttah, merely shows the demand payable for the Fusly for which the Puttah may have been granted, and such entry affords no guarantee that this demand will continue the same in the next or in any following year.

13. The Government are disposed to concur in Mr. Blane's opinion that for the reasons urged by him in Para. 44 of his Settlement report for Fusly 1256 and referred to in that under review the issue of annual Puttahs to the proprietors of Bhurty wurgs is unnecessary or might at least be confined to those ryots who seem to attach any value to the receipt of such documents. The "Standing order" alluded to by the Board "that every ryot paying tax to Government should be furnished with a Puttah" is scarcely applicable to such properties as the Bhurty wurgs of Canara, the demand on which is the same from year to year and in respect to which the Puttah of one Fusly must be a mere transcript of that of

the

3943.

Fort St. George 14th March 1850.

the preceeding.

14. Representations such as those addressed by the Ryots of the Soondah Taloork to the Sub Collector are not uncommonly made by Cultivators residing in the vicinity of a district where a survey may be in progress but they should always be received with much caution. The increase of cultivation in the very maganies which border on the Dharwar Province is opposed to the supposition that the revision of the assessment in that Province will materially effect the cultivation of land in Canara. The Board have desired that "the subject be again specially noticed by the Collector in his next report" but it is unnecessary to remark upon the circumspection with which such enquiries should be conducted.

(10)

From the Chief Secretary to Government

Extract from the Minutes of Consultation under date the 9th March 1850 No. 244.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 28th January 1850 No. 82)

Para 1. In the Minute of Consultation dated the 8th March 1847 No. 322, the Government took a cursory view of the charges under retrenchment in the accounts of the Kurnool District from Fusly 1249 to 1253, and instructed the Civil Auditor to adopt the usual course of re-auditing them, with reference to the sanction quoted by the Agent in support of the several payments referring for the final decision of Government in the Departments

3945 Fort St. George 14th March 1850.-

Departments to which the charges ap=
=pertained, those items for which there
might be no authority or for which
Special sanction might be required.-

2. This course having been
adopted and a portion of the charges
admitted, upon final audit, the Right
Honorable the Governor in Council pro=
=ceeds to pass orders on the remaining
items, which form the subject of the
present reference from the Audit Office.-

Items 1 and 2 Secret Service Money and presents to the Exr. Nawabs Servants.-

These charges will be con=
=sidered in the Secret Department,
whence the authority under which
they were incurred, emanated.-

11 to 18 Huzzoor and District Vth Co.s Establish=
=ments.-

These Establishments having
been entertained under authority com=
=municated to the Commissioners in
the Secret Department, the Charges
on account will be disposed of in
that Department, where a portion
has already received the Sanction of
Government.-

No. 19 Pay of Carcoons Rupees 9-7-5.

The Civil Auditor is
authorized to admit this difference
in the pay of a Carcoon; but the
Agent

3946 Fort St. George 14th March 1850.-

Agent will be informed that the arrange=
=ment under which he has distributed
the pay of a dismissed Carcoon, and
thereby raised the pay of 3 others
from 12 to 16 Rupees as explained in
his remarks was irregular, and if it
still exists, should forthwith be discon=
=tinued.-

Sanctioned under date 26th

No. 20 & 21 Jail Establishment Rupees 309-0-0- November 1849 No. 1128.-

Saderwared Charges

No. 22	Rupees	3481-10-1	These charges on account
" 23	"	7049-5-11	of Saderwared in the Huzzoor
" 24	"	978-11-4	and Taloke Vth Cutcherries for

a period of 5 years, are Sanctioned.-

The Governor in Council desires that
if the Amount of Annual expenditure
on this Account has not already been
settled the Board of Revenue will
fix a Standard, as in other Districts,
for regulating future disbursements, sub=
=ject to the Sanction of Government.-

Extra charges

No. 25	Rupees	129-0-0	Of these Rupees 12-10-6
" 26	"	1-11-0	have been admitted by the Civil Auditor
27	"	28-0-6	under the orders quoted by the Agent

in support of the charges, the remainder Rupees
29-10-0 is now sanctioned.-

Sanction

No. 28. Do. Rupees 39-4-u
" 29-u-u-1-8-6.
" 30-u-u-80-1-4.

Sanction is granted for the amount remaining unadjusted on the Audit of these items, Viz.t Rupees 62-1-2.-

No. 31-Do. Rs. 52-8-u
" 32-u-u-5-4-u
" 33-u-u-1-2-3.
" 34-u-u-10-8-u
" 36-u-u-2-14-5.
} Sanctioned.-

No. 37-Do. Rupees 25-5-2.
" 38-u-u-3-9-u
" 39-u-u-4-11-11.

Rupees 8-10-2 having been admitted by the Audit & Office, Sanction is granted for the remainder Rupees 24-15-11.-

Sanctioned Rupees 23-1-10, the amount under retrenchment-

Extra temporary Establishment
No. 40-Rupees 28-u-u
" 41 do. Rupees 2,452-13-1

Deducting Rupees 1,150-15-4 already Sanctioned, there remains Rupees 1,301-13-9 which the Civil Auditor is now authorized to admit.-

42 do. Rs. 153-5-3-
43-u-468-5-5-
44-u-248-14-3
45 Dufter Poojah-2-u

These charges which were incurred in Fusly 1251 and previously are Sanctioned. It is presumed that no charge on account of Dufter Poojah is now incurred by the Agent.-

Extra Charges
47-Rupees 441-8-

The Civil Auditor is authorized to admit the difference of

of 8 Pice between the actual charge & and Sanctioned amount.-

134 — Travelling — do
135 — Feeding charges of the Ex Nawab's Concubines.
136 — Feeding charges of Anwar Khan's Horses.
137. Charges of the Nawab's funeral
138. Present to a Sowar.
139 — Payments to the Nawab's Creditors.
140 — u — Anwar Khans — u —
141 — u — on Account of Jaghiredars
142 — Conveyance of the Nawab's Corpse to Kurnool.
143 — Payments to Jaghiredars
144 — Pay of the late Nawab's Servants.
145. Batta to — do —
146 — Pay of miscellaneous Servants.
147 — Gratuity to do —

3951 Fort St. George 14th March 1850.-

Advances for Cultivation
154 Rupees 40,046-7-9- Sanction is granted as requested, for the whole amount of advances made on this account which, with the exception of Rupees 492—"—10, appears to have been recovered and credited in account.-

159 Pay of a Peon at the Public Bungalow Rupees -15- 11- 9- Sanctioned.

167-171 and 172 Charges on account of the Eurnood Irregular Horse- These charges will be disposed of in the Secret Department with reference to the orders quoted in support of them and to the remarkes of the Audit Office thereon.-

Magisterial Extra Charges.
177 — Rupees 547—"—7-
178 — " — 116—13-3
179 — " — 1—10—"
180 — " — "—9—10
181 — " — 15—3—1
183 — " — "—6—"
184 — " — 371—2—5-

These are charges ordinarily incurred in other Districts and are accordingly sanctioned excepting Rupees 99-1-9 paid as Batta to prisoners in Fusly 1253 and admitted under Sanction of Government 27th October 1845.-

3952 Fort St. George 14th March 1850.-

Judicial Native Establishment
185 Rs. 11,694-11-7 Referred to the Secret Department with reference to the remarkes on Nos. 11 to 18 of the items under retrenchment.-

Sanctioned Rupees 723-1-8.-

Extra Judicial Charges
186 Rs. 1,468-6-5 being exclusive of Rupees 745-4-9 admitted on re-audit.-

Sanction is granted for

187 do Rs. 204-6-7
188 " " 1-9-6.
189 " " 8-7-4
190 " " 4-" 8, the sums actually under retrenchment amounting to Rupees 181-15- being exclusive of Rupees 36-7-9- already Sanctioned.-

Sanctioned Rupees 597-2-8.-

Extra Judicial Charges
196 do Rs. 556-9-10
197 " " 99-8-1
198 " " 43-7-10. being exclusive of Rupees 102-7-1 admitted on re-audit.-

Charges similar to the items 185 to 198 should in future be submitted for the Sanction of Government through the Court of Sudr and Foujdaree Adaulut.-

3. In giving his final Sanction to the foregoing charges the Governor in Council cannot conclude without expressing his surprise that they should have been allowed to remain so long unadjusted. The retrenchments it

Fort St. George 14th March 1850.-

it is observed, comprise the charges incurred during a period of 5 years, and not having been re-audited when first submitted to Government, they were referred back for that purpose on the 8th March 1847- so that besides the time occupied in the original submission of the accounts, they have been under re-audit nearly three years- a delay which has not been explained, and which is little creditable to the officers in charge of the Agency and of the Audit Office.-

(True Extract)
(Signed) T. Pycroft.
Secretary to Government.

(10-11)

Resolution thereon- Resolved that copy of the foregoing Extract Minutes of Consultation be furnished to the Agent at Kurnool, for his information and guidance.

2. The Agent's attention is called to the remarks of Government upon the distribution of the pay of the deceased Carcoon on item No. 19 of the Civil Auditor's retrenchment; and in reference to the remarks on item No. 45 if any charge on account of Dufter Poojah has since

Fort St. George 14th March 1850.-

since been incurred, he will report the circumstances under which it was disbursed and specify the Amount- His attention is also drawn to the instructions of Government for submitting Judicial charges thro' the Court of Sudr and Fouzdary Udalut.-

3. It is observed that an Estimate of Saderwared Charges was called for by the Board on the 22d Ultimo.

(12)

From the Collector of Masulipatam.- Read Extract from the Retrenchment made by the Civil Auditor from his Accounts for Fusly 1255.-

(12-13)

Proceedings thereon. Resolved that the foregoing Extract be returned to the Collector of Masulipatam and that he be requested to submit items retrenchment No. 4- 5- 7 and 8 in a statement of Actual Charges incurred under estimates. He will also furnish copies of the authority under which items retrenchment No. 33 and 34 were refunded and submit the charge for Batta to Revenue defaulters No. 49 in a separate Account Particulars to this Office.-

The

2. The Tentage of the late sub Assistant Surveyor, retrenchment No. 54, should be submitted for sanction thro' the Department of Public Works and the Pagoda allowance retrenchment No. 55 thro' the Commissioner Northern Circars.-

3. In reference to this last item the Board would suggest that the Collector should explain the original of the institution supported by the allowance, whether it is incumbent on Government to continue support, and whether it would not be preferable to grant land in lieu of a money payment. In the event of this being deemed the preferable course a Statement should be furnished to the Commissioner shewing the particulars of the lands to be made over to the Trustees of the Institution.-

Read the following letter.-

Fort St. George-

14

From the Collector of Nellore----

Sir,

I have the honor to transmit a Statement of the salt sold and the wastage which was found on the quantity stored for fasly 1258 prepared according to the form transmitted with the Deputy Secretary's letter of the 21st November 1836.-

Fasly	Quantity stored	Quantity sold	Wastage	Remarks
	Sold as follows viz.			
1254	66,153 Gds 36 m.	63,992 34	2,141 18	3 11 7
1255	65,409 Gds 36 m.	62,413 Gds 36 m.	2,995 2	3 5 9
1256	48,189 Gds 8 m.	46,339 Gds 8 m.	2,292 14	3 2 13
1257	68,159 Gds 32 m.	65,829 Gds 10 m.	2,434 20	2 3 15

2. It will be observed that the outturn of Indian Maunds 4,97,903-16-m of Salt on being disposed of was Indian Maunds 4,86,233-12-7. and the wastage Indian Maunds 11,670-3-9. or Indian Maunds 2.13-12. per Cent which is below the percentage of the wastage in the fasles noted in the Margin.-

I request you will obtain the sanction of Government for writing off the above wastage.-

Nellore
Collector's Cutcherry,
7th March 1850-

Nellore, Collectors Cutcherry 7th March 1850.—

E. E. Jr. / Signed / D. White Collector—

14-15 Order thereon—

Order to lie over—:

Read

E.E.R

From the Collector of Nellore. — Ledger the receipt on the 4th Instant from the Collector of Madras of Contract from the Board of Revenue dated 17th Ult. Proceedings of the Board dated 17th Ult. Counter Part forwarding Contract from Collectorate Nellore a letter received from the Collector of North Arcot and requiring me to furnish information in regard to the mode of measurement alleged to be followed in any Salt Farm, and to submit Copies with Translations of any orders which may have been passed by any of my Predecessors authorizing or excepting the same. —

In reply I beg to submit Copies with Translations of two orders dated 10th June 1847 noted in the Margin, passed by my Predecessors and Mr. Bishop and which I am directed by the Board to inform you are observed at all the Salt Farms in this District.—

Fort St. George 14th March 1850.—

Sir,

I have the honor to acknowledge the receipt of your letter of the 7th Instant with its Enclosures.

I am Sir,
Your most obedient
Humble Servant
D. White
Collector

To
C. B. Proctell Esqr
Acting Secretary to the
Board of Revenue
Fort St. George.—

16

although Mr. Bishop, from Circumstances which came to his Notice thought it proper in 1845 to allow Salt to be measured without striking the head close to the level of the mercal, Mr. Smith in an order dated 10th June 1847 reverted to the mode of measurement laid down in the Board's rules, which order has not been subsequently cancelled or Modified.-

Nellore District,
Kistnapatam,
Collector's Cutcherry,
9th February 1850.

(Signed) D. White
Collector

No. 1.

Circular.

No. 6. of 1255.

To, The Salt Superintendent of

1. As from circumstances which have transpired it appears that in selling Salt to Merchants the article is so measured that they do not get the fixed quantity of 12 Seers per Mercal, that in regard to some individuals in filling the mercal with salt and striking the head it is so lightly done that they receive the prescribed quantity of 12 Seers per Mercal, and that in regard to others the head being struck the

the quantity of Salt per Mercal received by them is less than 12 Seers; that consequently the Merchants sustain loss and that there is thereby falling off in the resort of the Merchants for purchasing Salt and a consequent decrease in the Collections, it is hereby determined that in future in Selling Salt for inland consumption to the petty Merchants and to the Brinjaries you will in order that the outturn of Salt per Mercal may be 12 Seers as above alluded to, so strike the head after filling the Mercal with Salt that in remeasuring it the prescribed quantity sold be derived for which purpose Salt to the height of one inch above the rim of the mercal should be allowed to stand and the head struck, that this Salt if remeasured must give exactly 12 Seers and that the measurement should on no account exceed this quantity and you will therefore understand this circumstance and intimate it to the Goomastahs and Nevesindahs &ca in the Mahsams under you, taking measures to bring the same into operation.-

But

But should it appear to me that taking advantage of this order the public Servants have leaguing with the merchants measured Salt in excefs ever so little of 12 Seers such Servants will not be only dismifsed immediately & without any other enquiry at all, but they will be liable to punishment. you will consequently intimate this circum=stance by writing to the other Servants and pay attention to it yourself, should any irregularity whatever happen in this matter you also will be treated in the same manner as above specified.-

2. In storing the estimated salt it is measured in the same manner as it is done in selling it and the heaps formed and the Madepaulos paid in full to the Ryots, consequently when the heaps are sold there arises a large decrease causing thereby a great loss to the Circar. You will hereafter therefore in storing the estimated salt in heaps of 10 garees each fill the mercals with Salt and measure it in the same manner as grain is measured without

Striking

striking the head. You will also in con=formity to the Circular Orders that will be issued hereafter relative to this subject take the correct measurement of the several heaps and forward to me periodically a detailed account of the same. After these heaps are sold you will take pro=per measures to see from the sales what the outturn of each heap is, and forward to the Hoozoor a correct account of each heap. In conducting the busines in this manner you will take proper measures to see that no irregularity is committed either by the Ryots or by the Circar Servants.-

Should any Servant commit any irregula=rity whatever in this case or should it come to my notice from other enquiries that I may make that the correct measurement of the heaps is not entered in the Accounts submitted to the Hoozoor you will understand positively that you, for not having at=tended to the busines properly and that Servant who might have acted irregularly in that manner will &

without

without fail be treated as stated in the 1st Paragraph.-

No. 2.

Circular.

No. 125 of 1256 Fusly.

To, The Salt Superintendent of-

I am given to understand that the Servants do not all act up to the Circular order No. 6. dated 6th September 1845 which was issued directing these and other circumstances Viz.t that in selling salt to Merchants in the several Cottars of the Division salt to the height of one inch should be allowed to stand above the rim of the mercal and the head struck in order that the merchants may receive the regulated measures of 12 Seers per mercal and that in storing salt it should be measured as grain is measured, that to the merchants whom they wish to favor they measure

measure salt by leaving salt one inch high above the rim and strike the head, and that to those whom they do not wish to favor, they do not allow salt one inch high to stand above the rim, but strike off the head level with it. Consequently as they have opportunities to act irregularly in this manner I am of opinion that it will not be proper to continue this practice and therefore direct that salt one inch high above the rim should not be allowed to stand and the head struck but that the Mercal should be filled with salt and the head struck level with the rim as directed by the Rules of the Board. and you will therefore not only inform all the Servants that henceforth in measuring salt to the Merchants in the Several Cottars under you, no salt whatever must be allowed to stand above the rim of the marcal, but that the head should be struck level with it and a correct measurement made; but you will take proper

notice

Fort St. George 14th March 1850.

notice relative thereto and see that it is attended to properly. It is also directed in the said order that the salt to be stored should be measured in the same manner as grain is measured - this I think is not proper and therefore direct that the mode of striking the Head of the Mercal in receiving salt to be stored which was in force according to the Board's Rules previous to the issue of the above order should now be observed and the salt stored, and you will therefore act accordingly in regard to the storing of salt.-

To.
T. Pycroft Esqre.
Secretary to the
Board of Revenue.

17

From the Extra Assistant Collector of Chinglepat and Acting Subordinate Judge of Salem.- } Sir,

Reporting on the system of over measurement stated to be practiced in the salt pans of the Chinglepat District.-

I have the honor to acknowledge the receipt of your letter of the 17th instant and in reply thereto, to inform you, that the information the Board of Revenue have received, namely "that on the occasion of my examining the Soonapagoontals and Oopooneluvoy Salt Colaurs" I allowed the salt to be piled two fingers above the Mercal on the representation of the Salt Officers that such piling "was customary and necessary" is incorrect.-

2. The instructions that I received from Mr. Freese "to the effect that agreeable to the Board's Orders salt should be sold by the closely struck Mercal" I considered myself bound to adhere to, and it was ever my endeavour to see that those orders should be strictly obeyed, and it will I think be found on the records

of

Fort St. George 14th March 1850.-

of the two Talooks, I had charge of previous to my leaving the Chinglepet District, that on 2 or 3 occasions when the PeshKars of Vellore and Soonapagoontah complained to me that they could not sell their salt, because of the Orders of the Board to cut the Measal close, and requesting that they might be allowed "to grant excess as in Madras and North Arcot" I referred them to the previous Orders they had received and desired them to obey them.-

3. When interrogated why they did not sell salt, the PeshKars invariably attributed the cause to the Merchants going to other depôts, where they got better measure; but, this excuse was too old and hackneied a one for me ever to take notice of.-

4. I consider it however my duty to state that, I did not measure the Salt by the struck measure, as I found it after many attempts, quite impracticable to do so. the excess given was from 1/2 to 3/4 of an inch, for which I allowed at the rate of 2 1/2 per cent.

and

Fort St. George 14th March 1850.-

and in addition to this, I frequently when I found a man giving a greater excess than the above, stopped him after he had measured 97 or 98 Measals and credited him with 100, this gives nearly 6 per cent against him. I adopted this method; as, after various plans I found it was the best one to check giving excess in measuring.-

5. From having witnessed my measuring the Salt at Soonapagoontah, in this way it is possible, a Stranger and one unacquainted with my method may have thought that excess was in reality allowed, but such I do not admit was the case.-

6. Mr. Freese has called upon me to inform him distinctly the mode of measurement adopted by me in examining the salt at Soonapagoontah and as he will most probably submit my letter for the Board's inspection, it will not be necessary for me especially as you have not asked for it to mention it here.-

7. By the Memorandum now

in

Fort St. George 14th March 1850

in my profession and made on the spot it appears that in both the full heaps measured by me at Aspoonelucy there was a deficiency of 100 Measels or thereabouts. which allowing 2½ per cent for the excess measurement would make the quantity correct, which I considered it to be.-

8. As far as my acquaintance with the Chingleput District enables me to judge of the practice which obtains of measuring Salt therein, I can only say that tho' I believe the Salt Servants there to be as good as Officials of the same description in other Districts, I have no doubt that over measurement is frequently given, but, at the same time I can conscientiously state on my own part and I am sure equally so on Mr. Fraser's that every endeavour was made by us to put down Smuggling and fraud and to carry out the Board's Orders.-

Extra Assistant Collector and
Acting Subordinate Judge.

D.G.

Fort St. George 11th March 1850.

To,
T. Pycroft Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

18

From the Collector of Chingleput ... Sir,

Submitting Copies of Correspondence with Mr. Cotton and states that the charge of giving over measurements of Salt in sales of the Soonnapagoontah Paur advanced by the Collector of North Arcot is incorrect.-

Para 1. Referring to Extract from the Proceedings of the Board of Revenue forwarding copy of a Report received from the Collector of North Arcot, I have now the honor to submit transcripts of a communication addressed by me to Mr. R. Cotton under whose immediate charge the Salt Paur at Soonnapoo-Goonta had been placed by me, and by whom the stock in store at those depots were lately examined, and of his reply thereto.-

The Board are no doubt aware that there are few Gentlemen in the Service more painstaking and energetic than Mr. Cotton in carrying out an enquiry of such a nature as the examination of Salt, and I feel satisfied therefore that the result of his examination of the stock in store was a correct one; and I might perhaps be sufficient were I now those

grounds

grounds merely to deny the correctness of the opinion reported to the Board by Mr. Bourdillon — an opinion formed, I conceive on very unsatisfactory grounds viz[t]: the statements of the Manufacturers of the Poongolam Pans, and upon the decrease in his sales.

3 The statements of the manufacturers should, I maintain, have been received with much greater caution, for their avowed object was to induce Mr. Bourdillon to wink at an infraction of the salt rules promulgated by the Board, and doubtless the manufacturers might readily conceive that no argument was more likely to lead to a compliance with their wishes than the statements that a similar course was pursued in the adjoining Pans; and that they merely desired his consent for their own protection.

4 Previous to forwarding to the Board his grave charge against the ministerial Officers of his District of a wilful and habitual dereliction from the rules laid down for their guidance, some previous communication with me on the subject

subject would have been but courteous; but I consider that there are much stronger grounds for feeling surprised at the steps taken by the Collector; for he has omitted to state or to allude in any way to those facts which might bear against the accusation he has brought forward, and first if the Board will refer to the accompanying statement of sales at the Soomapoo Poongolam Pans since July 1253, they will observe that there has been no such increase of sales at our Pans, as would in any way bear out the charge that the Salt dealers had been attracted to them from the Poongolam depôts by excess measurement, a circumstance not unknown to Mr. Bourdillon, as I had furnished him with similar Statements.

5. I may also refer to the efforts that were made, and I may naturally conclude not without his knowledge, to discover whether excess of Salt was given in our pans by the continual stopping of the consignments proceeding from thence, and the remeasurements of the article to the loss of the Merchants, without in any single instance discovering any such frauds. Of these.

these impediments complaints were made to me, but as the Collector of North Arcot had authority to examine the Salt if he imagined frauds were being practised, I merely brought the Complaints to his notice but I conceive the Collector might have given the result of these examinations its due weight.

I shall now conclude by bringing to the notice of the Board an incident which has lately occurred, and which would almost lead me to doubt the sincerity of Mr. Bourdillon in making these grave charges of fraud against the Soomapoo-Goontah Salt Tenants; and that is that at the very moment he was penning them, he without previous intimation to me, promoted one of the subordinates of those Pans to be his Ameen of Poongolam.

Chingleput Division,
Collector's Cutcherry,
Pullecarney, 3rd January, 1850.

Signed A. Freese
Collector.

A.

To,
R. B. Cotton Esqre
Acting Subordinate Judge of Salem.

Sir,
I have the honor to enclose an

*To be returned

an Extract from the Proceedings of the Board of Revenue, and request you will be so good as to state distinctly the mode of measurement adopted by you in examining the Soomapagoontah Stock of Salt, together with the orders issued in regard to the mode by which it was to be measured for sale, and whether you have any reason to believe the Statements of Mr. Bourdillon to be well founded. Also you will state whether you received any Complaints of the Salt proceeding from the Soomapagoontah Pans being continually stopped by the Peons of the North Arcot District and examined, to ascertain whether the quantity exceeded that noted in the Rowanahs, and whether any instances were brought to your notice of excess having been found.

Chingleput Division,
Collector's Cutcherry,
Pullecarney, 21st December, 1850.

Signed A. Freese
Collector.

To,
A. Freese Esqre
Collector of Chingleput.

Sir,
I have the honor to acknowledge the

the receipt of your letter of the 21st Instant
together with its enclosure, returned as re-
quested, and in reply to inform you that
I consider Mr. Bowdillon's statements so
far as they regard myself and the Chingle-
put District, though of course made emphati-
he seemed good information quite erroneous,
and I have stated so to the Board of
Revenue, in reply to their Secretary's letter
dated 17th Instant.

2 The instructions that I re-
ceived from you regarding the mode in
which salt should be measured for sale
were, that agreeable to the Orders of
"the Board of Revenue, the Morcahs
"should be closely struck, and orders to
this effect were issued by me to the
Salt Peshkars under me, which it was
not only my duty to see obeyed, but my
inclination also, as I deemed that
such measurement was the only one,
by which any thing like a correct
calculation of Salt manufactured and sold could
be made.—

3. With reference to the mode
of measurement adopted by me in
measuring the Salts at Poonamalee,

it was the same that I have ever practised,
namely, that having appointed a Goomas-
tah or peon to each measurer to keep accounts
of the Morcahs measured, every measurer
worked independently; as soon as a measurer
had completed his hundred, the man in
charge reported it to me, and I marked
it down, this method I adopted first,
because I found by experience Salt is
measured much quicker, for as soon as
one man has finished his 100 Morcahs, the
loose Salt near him is swept up and he
commences again independent of the other
measurers, who may not be so expert.
Secondly, it has its advantage in case the
measurers should try the old trick of
"going back" for themselves undetected the
quantity of which the Government is defrauded,
is only 1/4 of what it would be if four
Measurers measured in concert; and Lastly
as all the measurers act independently,
they are in a degree checks upon one
another, for if one man is at 80 while
his neighbour is at 60, the former cannot
go back unnoticed to 50, because you know
he was once a head of the latter and
perhaps.

perhaps within 2 or 3 of the man on the other side of him who would be 85. During the examination of the Salt I invariably stand or sit on the top of the Salt heap, where I can overlook the whole of the measurers and check them when necessary, and I have never once, to the best of my recollection, quitted a Salt heap under examination till the last ½ Mercal has been measured.

4 At "Soonapagountah" as on a previous occasion at Vadavemmungary I did all in my power to make the measurers strike the Mercal closely; they would perhaps do it once or twice, and then wilfully return to their own way of giving excess, just as this was either one thing or the other I permitted them for the sake of time and temper to measure giving an excess of from ½ to ¾ of an inch, for which excess I allowed 2½ per Cent; if the measurers exceeded this I used to stop them at 97 or 98 Measures and credit them with 100. and by this means I believe I got a pretty fair idea of what the heap

heap contained in struck measures.

5 I reported to you on the 7th or 8th of last Month, the result of my examination at "Soonapagountah," but as I did not write, in a strictly official form you may desire me now to do so, which I am enabled to do, having my rough Memorandum written at the time at hand.

6 I arrived at "Chinnambi colum" on the evening of Saturday the 3d November, and on Sunday visited in my walk, the 3 Cotaus of "Chinnambi colum" and "Cobaramoodum" and decided in my mind the heaps I should examine the following day, the first of which was a "Sippum" said to contain 6 Garee and 315 Mercals, and which appeared to me to contain considerably more, and which on examination was found to contain 6 Garee 250 Mercalls, and allowing 2½ per Cent for extra Measure 6 - 316 or a garee exact. The Peshkars explanation for this, was that when the Salt was heaped, it was raining and thus the last slot was done in great hurry and could not have been properly

properly measured.

7. At the weather was very threatening, and there had been some heavy rain and I wished to examine another heap on that Cotarm, and one at Ooberamoodrum the same day I proposed to the Peshkar to measure only ½ the heaps, and with this view, I myself with some string, carefully, by superficial measurement divided the heaps leaving it to the option of the Peshkar, which half should be measured; the result of this measurement was as follows half No. 7. heap in Cotarm No. 1 at Shunmoobeelam measured 4 Garee 350 Mercals or adding 2½ per Cent for Extra Measurement just 5 Garee half No. 1. heap in Cotarm No. 1 at Ooberamoodrum measured 4 Garee 303 Mercalls or more properly 333 Mercalls. as I detected a measurer going back from 80 to 50 Gunabadoo to Anbadoo with 2½ per Cent added to this the total will be less than 5 Garee, but I gave the Peshkar to understand I considered the whole heap to contain 10 Garee.

You

You may remember my mentioning to you my wish to punish the Measurer noticed above, but that as he was neither a Circar servant, or a Cultivator I found it impracticable to do so

The quantity of Salt/8 lb new/ at Chunambeelum Cotarm was 76 Garee 316 Mercals in 7 heaps and 1 Sippum At No 1 Cotarm at Ooberamoodrum contained 87 Garee 200 Mercalls in 8 heaps and 1 Sippum No 2 Cotarm "Ooberamoodrum" contained 46 Garee 200 Mercalls in 4 heaps and 1 Sippum. The Cotarm at "Ooppooreday" which I did not visit, was said to contain only 10 Garee and 69 Mercalls of new & Salt, and 29 Garee 175 Mercalls of old Salt.

9. I subjoin a Copy of my Memoranda regarding the measurement of the above Salt heaps.

With reference to the last 10. para of your letter I perfectly remember that Complaints were made to me, that Salt taken from our Cotarms at Soonamapogoontah was stopt, and examined in the North Arcot District, and I also

3983 For Ft St George 14th March 1850.

also recollect a case in which one set of bandies were reported to have been twice stopt and examined by the authorities in North Arcot. I cannot say in the absence of my records whether these complaints were preferred by the injured parties or by the Peshkar in the latter instance I think I forwarded the complaint to you in order that as requested by the Petitioner you might write to the Collector of North Arcot on the subject of his Officials stopping and examining the Salt bandies that went from our Cotarms. I do not remember a single instance in which it was ever brought to my notice that the quantity of Salt stopt and examined by the North Arcot authorities exceeded that entered in the Cowauk.—

Memorandum

Fort St. George 14th March 1850

Read again the following papers

From the Collector of

In Cont. 17th Dec. 1849 North Arcot dated 7th December 1849 No. 129.

Proceedings to Chingleput

Nellore and Mr. R. Cotton 17th December 1849.

From Mr. R. R. Cotton 28th Dec. 1849. No.

From the Collector of

Chingleput 3rd January 1850 No. 1.

From the Collector of Nellore

9th February 1850. No. 12.

Resolved that the foregoing letters be submitted for the information of the Right Honorable the Governor in Council with reference to Para 2 of Extract Minutes of Consultation 22nd Ultimo.

In Cont. 28 Feby 1850. (16-19) Proceedings thereon

1 The Board in para 2 of their Proceedings reviewing the Report on the Extra Sources of Revenue in North Arcot, referred to certain enquiries which was in progress with regard to the Decrease in the sale of Salt and the subject was noticed by Government in Extract Minutes Consultation under date 22nd February 1850 Para 2.

2 Before proceeding to notice the correspondence on this subject, the Board

Conveying the result of the Board's enquiry into the system of measuring Salt in the Districts of Chingleput and Nellore in reference to the assertion of the Collector of North Arcot that the laxity which prevailed in

10 June 1850

Fort St. George 14th March 1850

in those districts had affected the sales of Salt in his own and recommending that the Coodevarum shares in the Poonjalum farms of North Arcot be raised.

	Rs
Fasly 1257.	15,138
1258.	11937.
	3201

Dated 7th December 1849.

Board would briefly observe that there is but one place (Poongalum) in the District of North Arcot where Salt is manufactured and sold, that the average sales from Fasly 1253 to 1257 inclusive was 20,576 Rupees and the Decrease in 1258 below the preceding Fasly was 3,201 Rupees.—

3- Mr. Bourdillon in his communication now before the Board states the result of his enquiries to be a conviction in his mind that the cause of the diminished sales of his Cotaurs is the continuance in the neighbouring farms of Nellore and Chingleput of a lax system of measurement authorized in some degree by the Collectors of those Districts, and that in consequence of his having rigidly enforced the Standing Orders of the Board in his Division the Merchants have preferred going where they can get an excess of Salt.

4 Mr. Bourdillon also took occasion to notice the low rate of Coodevarum allowed to the Manufacturers of Poongolum as compared

3985

Fort St George

in those districts had affected the sales of Salt in his own and recommending that the Coodevarum shares in the Poonjalum Pans of North Arcot be increased. Rs.
July 1257. 15138
1258. 11937.
3201

Board would briefly observe that there is but one place /Poongalum/ in the District of North Arcot where Salt is manufactured and sold; that the average sales from July 1253 to 1257 inclusive was 20,576 Rupees and the Decrease in 1258 below the preceding July was 3,201 Rupees.—

3. Mr. Bourdillon in his

Dated 7th December 1849. communication now before the Board states the result of his enquiries to be a conviction in his mind that the cause of the diminished sales of his Cotaurs is the continuance in the neighbouring Pans of Nellore and Chingleput of a lax system of measurement authorized in some degree by the Collectors of those Districts, and that in consequence of his having rigidly enforced the Standing Orders of the Board in his Division the Merchants have preferred going where they can get an excess of Salt.

4. Mr. Bourdillon also took occasion to notice the low rate of Coodevarum allowed to the Manufacturers at Poongolum as compared

compared with neighbouring Districts, and expressed a hope, that were it raised, the Manufacturers would be less tempted to seek for illicit gains.

5. The Board in consequence of the above communication, called upon the Collectors of Nellore and Chingleput as well as on Mr. R. Cotton the Extra Assistant Collector of that District who had been expressly named by Mr. Bourdillon for an explanation, and on their replies complete the information now before the Board.—

6 As regards Nellore it appears that in 1845 Mr. Bishop who was then Collector issued an order that in the sales, the Mercal should be struck at the height of one inch above the rim and that the Salt received from the Manufacturers should, in order to cover wastage, not be struck in the measure; but that in 1847 Mr. Smith had counter-manded these directions and that at present the Mercals are ordered to be struck,

struck, in conformity with the Standing Rules.—

7 The Collector of Chingleput denies the correctness of the Statement of the Collector of North Arcot and refers to Mr. Cotton's account of the mode in which he conducted his Examination of the Stock at the Soonapagoutas and other Cotaurs. He also asserts that there has been no such increase of sales in the Chingleput Pans as would bear out the charge that the Salt Dealers had been attracted to them from North Arcot. He also animadverts on the practice which exists on the part of the North Arcot authorities of needlessly stopping and remeasuring the consignments of Salt proceeding from his District through theirs.

8 Mr. R. Cotton has given full details of his method of examination of Stock, and states that finding it impossible to keep the measurers to the striking the heads of the Mercals, he allowed them to smooth it off so as to leave from 1/2 to 3/4 of an inch above the rim; but to make up for this he made an allowance of 2 1/2 per Cent, besides this,

where

where he observed any extension of the licence about
given he made 97 or 98 Mercals count as 100.—

9 With respect to Nellore it
seems clear that in 1845 the Salt was
measured in excess by order of the Collector
and the custom alluded to in the
Takeed of demanding some surplus from
the Manufacturers to cover loss by wastage
in Store is not altogether without precedent
though it does not imply an authority to
sell to the Merchants in the same way.
The order issued by Mr. Smith in 1847
cancelling that of Mr. Bishop in 1845 is
undoubtedly such as should be acted
upon, and there is nothing to show that
they are not adhered to.—

10. In Chingleput it is to be
observed, that though in comparing with
an average there is an actual decrease of
1063 Rupees, yet, as regards the Fusly in
question (1258) there was an increase of
5963 above the preceding year, which
tends to support the view taken by Mr.
Bourdillon in para 4 of his Report on Fusly 1258.

The

11. The method of measurement
adopted by Mr. Cotton in Chingleput
was entirely arbitrary and seems to have been
one better suited to satisfy himself as to the
correct contents in Store, than as an example
for the Natives who witnessed his operations
as they would not be likely to make
the "allowances" * when they measured
to the Dealers, and the Board would
always urge the European Officers of
Revenue to adopt the same mode of
measurement themselves as their Native
Subordinates are expected to do.—

* Note. Mr. Cotton's "allowance" is not in itself quite correct. Taking the Mercal at 8 inches diameter 16½ inches deep, an Extra ½ inch would make a difference of 3 per Cent. 8¾ inch of 4½ per Cent. whereas Mr. Cotton's allowance was 2½ per Cent.—

12 The Salt Rules are now
under Revision, and the orders relative
to the striking off the Mercals will be
insisted on.—If this is properly attended
to there will be no reason for the
Merchants courting particular localities
merely for illegal profit, for there is
little doubt that they do avoid those
places where a proper sense of duty has
enforced a strict adherence to the Orders of the
Board, if they can get the slightest
encouragement elsewhere.—

13. In para 6 of his letter
Mr. Bourdillon urges the expediency
of

Fixing the Coodewarum of the Salt Pyots from 7 Rupees to 10 Rupees per Garce.

It would have been more satisfactory if the Collector had stated at what sums 20 Rupees a Garce is paid and investigated more closely the assertions of the Manufacturers. The Board see no reason to doubt that the Coodewarum was arranged originally in accordance with Section IV of Regulation I of 1805 — Clause second. The rate in the neighbouring District of Nellore has been fixed at 7:8:1½ per Garce, and to that extent the Board would recommend to Government that the Coodewarum of the Poonjalum Pans be raised.

Ordered that a Copy of the foregoing Extract be submitted to Government.

Read the following letter, from the Collector of Chingleput reporting on the Settlement of Land Revenue of his District for Fasly 1258.

31st October 1849.
22nd November 1849.

20

(Here Enter No. 184.)

Proceedings thereon.

Relative to the Settlement of Land Revenue in the District of Chingleput in Fasly 1258.

The season is described by the Collector as having been very favorable the plentiful rains of the North East Monsoon permitting an increase in the Punjah Cultivation over

that of the previous Fasly though the Poonjah sustained a decrease from the light and partial South West rains.

2 The wet cultivation would have been still further augmented had not as Mr Freese observes, a fatal epidemic raged among the Cattle of the Pomanally Talook, thus causing much land to remain unsown with a 2d crop which otherwise would have borne such additional Cultivation. This decrease appears however to have been greater in the Carangooly Talook than in the one above mentioned.

Pomanally.

	1258	405	5 4
		65	10 10
Carangooly.			
	1257	519	1 4
	1258	391	5 8
		127	11 8

	Per Garce.						Per Centage of decrease.	
	Fasly 1257			Fasly 1258				
	Rs.	A	P	Rs	A	P		
1st Sort Paddy	101	5	8	72	7	4	28½	Rs 5
2d Sort	90	13	10	63	4	4	30¾	
Commutation Price	77	12	4					

3 The selling price of Grain still fell below that of the previous years, having been 28½ per % less than in Fasly 1257 in the wholesale prices obtained in the large Towns while the Ryots had to contend in the Talooks with rates from 31 to 38 per % below those on which the assessments were

Fort St. George 14th March 1850.

was originally commuted.—

4 The Ryotwary Settlement comprised 1584 Villages receiving an addition of 12 Devastanum Shotriems reverting to Government under Proceedings sanctioned by the Board on the 5th of March 1849. In these Villages there was a large Increase in the one Crop cultivation Amounting to Rupees 28,316, but, a falling off in that sown with a 2d Crop of 5920 Rupees, the reasons assigned for this decrease is the loss to which the ryots were subjected by the disease in their Cattle abovementioned, but the Board observe that the Collectors Statement had more particular reference to the Poonamally Talook which bore but a small portion of the decrease under this head.—

657 Rupees.

5 There was a slight Advance in the cultivation assessed at 2 Crop by the Survey, attended however with a decrease of 182 in the Berij, arising from the relinquishment of higher and occupation of lower classed land. The Collector states that the causes of this result will be ascertained, and if necessary brought

Para 8.

D.G.

to

Fort St. George 14th March 1850.

to notice. The Board trust he was satisfied that they were not open to objection. On referring to Statement 6 which shows the cultivation under all sources of irrigation, there appears a considerable deficiency in the 2 Crop land under nullahs.—

Fasly 6. Rs.
1257—2540—41,934.
1258—2456—40,524.
84— 1410.

6. In Poonjah there was a decrease of Cs 4,241 assessed at 9,275 Rupees, from the cause alluded to in Para 1.—

7. In consequence of the transfer of Villages from one mode of settlement to another as shewn hereafter, it was impracticable to draw an exact comparison between the detail and final results of the year under review with those of the previous one, though it would have been an improvement on the Statement annexed to Para 10 had the particulars of the 12 Villages received from the Devastanum been exhibited separately.—

Para 10

8. The entire land settlement of the District presents a Net Increase of 11,996 Rupees as particularized below

Fasly

3997 Fort St. George 14th March 1850

9. Eighteen Villages reverted
Para 12 to Government during the year, 4 were
obtained by purchase on sale for arrears
of revenue, 2 lapsed on the death of the
Shatriemdar, and 12 were received from
the Devastanum, the proprietors receiving
... as compensation, a remission of Quit
Rent on 33 Villages amounting to 1467 Rs.
The Talooks in which these Villages are
situated should have been shewn, together
with their former Jodi, present reduction,
and the remaining fixed demand. In
the absence of these particulars the ap=
=parent discrepancies in Cols. 48 & 101
Statement 3 appears irreconciliable. -

10 The 26 Amany villages were
leased as shewn in the Margin. It
appears that two of these, not specified,
were rented on competition to
speculators the Meerasidars not
being willing to undertake the Rent and
the same number on Durkhast - One of
these situated in the Munamungalum Talook
has been given on a greatly reduced rental
Fusly 1257 - 1958. and it would have been satis=
1258 - 1550 =factory had the cause of so

large a falling off been explained. This mode of settlement however is preferable to that of forming on an estimate of the Crops and should be followed in all practicable cases.-

Fusly Rs. 7257-18930-3-8
1258-16436-4-1
3493-15-7

11 In Amany Settlement in=
=clusive of the resumed Enam at
Porgatoor shews a decrease of 3,493 Rs.
short of that of the previous Fusly, and
2,739 below the Permanent settlement.-

12 The causes assigned for this result are the low prices of grain which affected the value of the Govern=
=ment share of the produce and the fact of the season having been un=
=favorable for the cultivation of Coom=
=jah, and a large decrease is observa=
=ble under this head- The Paudy ex=
Mostah and Colandy Shotrium coming under this settlement, adds much to the above unfavorable comparison The former appears never to have paid the permanent settlement, and the latter reverted to Govern=
=ment in "a sadly deteriorated state=

Para 17 It is not clear whether the amount said to have been collected by the late Shotriundar of Meenjoor and Arinvoil is exclusive of the sum for which these villages were rented, and which exceeded the proceeds of Fusly 1257 by 617 Rupees.

Fusly 1257-1,783.
1258-2400
617.

Para 19 13 The practice of forming the Dittum has again been misunder=
=stood, the novelty of the rule may in some measure account for this but the Board trust that in future a more correct Estimate of the resources of the year, and one more approaching to the very useful measure directed to be enforced, may be effected in this District.

The Board's views and those of Govern=
=ment on this subject have been already communicated to the Collector in their Proceedings on the settlement of Fusly 1257.- The total Dittum of the year including Fusul Jastee is entered at Rupees 10,47,217 is made to consist of the items noted in the Margin.-

Land sown	9,30,318
Cal: Punjer	110773.
Shamlat Punjer	2376.
Chikerpoolay	3750
	10,47,217

14.- The remission on land included in the Dittum, and afterwards

Fort St. George 14th March 1850

afterwards relinquished was Rupees 1,09,961, and the remainder brought to account 9,37,256. The Board request that the above particulars may in future be exhibited also in Statement 7. The total assessment of land thus relinquished being Rupees 1,19,773 and the amount actually remitted Rupees 1,09,961, the waste taxed to the Jumma, was only 811, the particulars of which and the reason of its collection should have been explained It may have arisen from the cultivation of Enam to the prejudice of Circar land, and therefore properly included in the demand, but it is very desirable that all information connected with waste carried to account, should be furnished. —

15 The remissions entered in the Statement attached to Para 20, are ordinary, and need no remark with the exception of that under the Head of "Munasib" amounting to 41-3-6. The nature of the reduction and its cause should have been noticed.

16 Of the Demand 1,46,197, the Balance

Fort St. George 14th March 1850.

Balance at the close of the Fasly, was unusually large, being 18,489 which was reduced on the 31st of October last to Rs. 2,710 but according to the Demand Col. -lection & Balance Statement it was Rs. 26,619 consisting of the particulars in the Margin. The discrepancy calls for explanation. —

Ryotwar	Balance	23,469-7-1
Saree	Do.	2,164-2-11
Minor Estate		1005-8-3
		26,619-2-3

The balance on the Vella-
17. -catta Estate appears heavy being 41/3 of the Demand and requires explanation which Mr. Freese is requested to furnish at an early period. —

In these Paras the Col-
23 to 27 18. -lector reports on the old Balances, and sufficient information having been supplied as to the impossibility of re-covering them — the Board support his recommendation that the amount 5175-9-11 be written off as being irrecoverable. —

Demand Collection & Balance Statement for October. 19. It is observed that a portion of those deemed recoverable, has been collected up to the date of the report, where however no place is given to a Statement of the

Fort St. George 14th March 1850.

the balances for Fusly 1257.-

20 In Columns 10 and 11 Statement
A. for Fusly 1257 an extent of Rs. 9,379-8 assessed at Pagodas 21,242 was entered as "Totacal" under the head of Enamity. In the similar Statement for this year, the land without the assessment is entered as Granamettum, under the head of Perembore, and is as such deducted from the Gross Ayacut. The Collector will state whether the nettum lands and backyards in Mr. Smalley's Villages have not been assessed with money rates, and if so, the Assessment should also have been entered in the Statement the practice of the District in respect to these lands being explained in a foot note.-

Abstract 18.

21. The Collector has submitted a rent roll for his district as required in the Circular from this Office dated 2d. July last an abstract of it is given in the Margin, from which it will be perceived that nearly

Fort St. George 14th March 1850

nearly half of the entire body of the ryots pay within 20 Rupees. the revenue drawn from them being 86,000 or within 10% of the whole Deriz.-

22. On inspecting the Servoy Jummama Statement, it is perceived that the proceeds of certain unclaimed Enam lands have been entered in that collection, but such lands should at once be incorporated - with the Ayen portion of the District, and their revenue carried to the Ayen account. The balances both Current and Arrear seem large; item No. 3 is stated to consist "partly of an excess paid by certain ryots over the

Fort St. George 14th March 1850

the fixed demand" The circumstances under which any excess above the regulated assessment was collected should have been detailed, and also in what year the amount accrued. — ...

23. The Board observe that the Demand Collection Balance of the Sewoy Jumma should be inserted in the Monthly Returns as pre=scribed by the Board's present Circular on the subject dated 8th October 1849. —

Ordered that a Copy of the foregoing Extract be sub=mitted to Government and a certified transcript of the same be forward=ed to the Collector of Chingleput for his information and guidance.

Read the following letter

To the Secretary to the
Board of Revenue
Fort St. George.

21

From the Collector of Chingleput. } Sir,

I have the honor to refer to the further explanation called for in the 1st Para of the Extract from the Board's Proceedings of the 29th November last, to state for their information, that the Government Grant for the land in the Shrotriem Village of Meenjoor was issued to Messrs Colt Baker Hart and Co on the 17th June 1806, which was a few days subsequent to the granting of the Village on Shrotriem tenure to one Appoo Moodelly on the 22d May of the same year, but the grant seems to have been previously contemplated, and sanctioned by Government.

2. In regard to the explanation required by the Board in Para 4 as to how the Nuttum lands are brought to account in the 58 Villages settled by Mr Hepburn, I beg to refer them to Col: 5 Statement 4 B in which it will be seen that they are entered as Cawnies 30 — 3/8 as — The Enam Cawnies 51 — 13 as entered in Col: 6 of the above Statement subsequently

subsequently sanctioned by Government in favor of a Subadar reverted to Government on the Subadar being pensioned as shewn in Col: 10 of the same Statement. The value of these Enams namely Cawnies 30-3/8 ac. and Cawnies 51-13 ac. have not therefore been included in the amount of Rupees 1,90,720. 9. 7 entered in Col: 75 Statement as observed by the Board, which being intended to represent merely the old Enams of the whole 1,572 Villages does not include the value of the reverted Enams and Nuttum lands.

Chingleput District,...
Collector's Cutcherry,...
Pullicarney, 2d. February, 1850.

(Signed) A. Freese
Collector.

Proceedings thereon.

(21-22)

The explanation afforded in the foregoing letter appear to the Board to be satisfactory.

Read the following letter.

To, W. H. Baley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(23)

From the Collector of North Arcot - } Sir,

Submitting for the Board's orders

I received an application some little time ago from Hoosain Dost

Orders a request from the Head of the Anilcondah family to be allowed to hold some topes planted by his ancestors in the late Jaghire.

Dost Khan head of the Anilcondah family making request that some topes planted in three Villages of the late Anilcondah Jaghire by his ancestors, might be made over to him, as being in some sort private property. On making enquiry I find that the topes referred to are four in number, one in Tippasamoodrum, two in Agarum Chairy, and one in Pulattoor - These topes consist chiefly of Mangoe trees, with some trees of other kinds intermixed. I subjoin a Statement showing the extent of each tope and the amount for which it was rented in each of the last ten years, and the average of the ten. all the topes stand on Poram, or poke land or immemorial waste.

The

Fort St. George 14th. March 1850.

2. The extent of the Tesspa: samoodrum tope is 6 14½/15 Cawnies, and it contains 311 Mangoe trees, 28 Cocoanut trees and 2 Caju Nut trees, total 341. The ten years average revenue from this tope is 80 Rupees, it having been rented out at that rate for the ten years. The two topes of Agarum Chairy Cover 5 8¼/15 Cawnies of ground and contain 151 Mangoe, 89 Cocoanut and 5 Tamarind trees, with 29 Orange, Guava, and other kinds, and a small patch of plantains. The ten years average of these topes 49-8-.. Rs. a

The Aulattoor tope covers 6 14/15 Cawnies of land, and contains 171 Mangoe, 12 Tamarind, 5 full grown, and 66 young Palmyrah trees, with 8 other trees of different sorts. all the last ten years accounts of this tope are not forthcoming, but the average of the latest ten years for which they are obtainable is Rupees 52-10-.. as

3. Hoosain Dost Khan is moved to his present request partly by a feeling of interest in trees and topes

Fort St. George 14th. March 1850.

topes planted by his ancestors, and partly by the desire to have the benefit of the produce. His wish is to have the topes free of all rent, but I do not feel myself justified in supporting that request, both because the allowance for his support has already been fixed, and because the Calavai Jaghiredar's case is a precedent for the demand of a fair Rent. at the same time I think that some indulgence may be considered due to Hoosain Dost Khan in this matter, under the circumstances, and I would beg to recommend that he should be allowed to have the topes at the following fixed rents, unalterable on account of any improvements that he may effect at his own expence in their productiveness, Viz. 60 Rupees for the Tippasamoodrum tope 35 for those of Agaram Chairy, and 35 Rupees for that of Aulattoor.

North Arcot, ------
Collectors Circuit Cutchery,
Ranipet, 23d. February, 1850.

/Signed/ J. D. Bourdillon
Collector.

The

29-30

Fort St. George 14th. March 1850.

Proceedings thereon.

The Board of Revenue are unable, without some further information, to furnish the document applied for by the Sub Collector in charge of Salem. They desire to know to what paper he alludes when he refers to "the Tooloochit originally granted to the Moatadar" whether to an Extract from Enclosure No. 1. B. of the report of the Special Commission dated 27th. August 1802, or to any Sale Schedule forwarded to this Office from the District of Salem, or vice versa. In any case he is requested to quote the dates of its transmission to or from the District, to enable the Board to trace it, and he will observe this practice on all occasions when applying to the Board for copies of any part of their Records, the search through which has in this instance caused much useless trouble and delay.

Board of Revenue,
Fort St. George.

33

From the Collector of Tanjore ... } Reporting the result of an enquiry held into the charges brought against the Tahsildar of Papanasam.

Sir,

I have the honor to bring to the notice of the Board of Revenue the conduct of Culliana Ramiah, suspended Tahsildar of Papanasam.

On the receipt of certain charges

Fort St. George 14th March 1850.

charges against Culliana Ramiah which I had reason to believe true, the Complainants in three cases were called for and a careful investigation made by myself.

The first charge was fully proved convicting the Tahsildar of receiving thro' his wifes sisters son 25 Rupees for permission to cut certain crops, which were spoiling on the ground, the truth of the charge as supported by the evidence there is not the smallest reason for doubting, and a fine has been imposed under Regulation IX of 1822, as shown in the Statement for December last.

The second charge examined proved the payment of 20 Rupees to the Tahsildar's relation, and the conveyance of the same into the house of the Tahsildar, from whence a chit was procured to the Tulliary of the Village permitting the cutting of crops previously ready but not allowed to be reaped.

On this charge the Tahsildar was also fined under Regulation IX of 1822.

The

The third charge accuses the Tahsildar of the receipt of 60 Rupees from the Monigar of a Village, who being unable to raise the sum sufficiently quickly, paid it from the Circar Collections, afterwards making up the balance. ...

In this case the evidence is principally hearsay tho' the probability of the truth of the charge as stated, is such as to throw strong suspicion on the Tahsildar, but falling more satisfactory proof he has been acquitted.

On the 1st intimation reaching the Tahsildar of an enquiry being instituted into his conduct, the most strenuous endeavours were made to buy off or intimidate the witnesses, and it was fully proved on a Magisterial enquiry that bribes had been offered to the witnesses to purchase their silence, the parties employed by the Tahsildar actually following the witnesses to

to the very doors of the Cutcherry, where they were apprehended and convicted of tampering with the evidence.

Culliana Ramiah denies the truth of the charges and the evidence, on attributing the complaints to enmity in consequence of his strictness in superintending the cultivation of the lands owned by complainants. I have not however the smallest hesitation in recording my full belief in the truth of the charges and the trustworthiness of the evidence.

In addition to the above, other charges have been made against Culliana Ramiah accusing him of most oppressive conduct for the purpose of obtaining money, and two long cases have been gone into, one by myself and one by Mr. Grant, the result of the enquiry in both tending to show how utterly unfit the Tahsildar is to remain in the employment of Government, tho' the discrepancies in the evidence and the doubts whether the Village expense accounts could

...

Fort St. George 14th March 1850.

could be litterally relied on have made me hesitate in convicting him of the actual receipt of the several sums entered against his name.

From private and Public report my attention has been long attracted to the bad reputation attaching to Cullianna Ramiah, an able and active Tahsildar whom I would willingly have retained in employment, but for the notoriety of his corruption, which of late he appears to have taken no pains to conceal. My suspecions of his integrity were not unknown to himself, having personally cautioned him as well as publicly shewn my disapproval of his conduct by removing him twice from his charge to inferior Talooks. I therefore beg strongly to recommend the dismissal of Cullianna Ramiah who has shewn himself utterly unworthy of the situation he has held in the Circar employ.

Trichinopoly
20th Febuary 1850.

14th March 1850.

to the Circular Orders of the Board dated the 22d. May 1845.

Recommendation and grounds thereof.—	Remarks.
It has appeared proper to report the lapse of this Enam in consequence of the orders passed by the Revenue Board respecting it in their letter to the Head Assistant Collector in charge on the 30th May 1833.— An enquiry having shewn that the Enam yielded a rather larger sum than was necessary for the charities, the Board observed on that occasion that the entire revenue of the Enam was in strictness applicable to the charity under the terms of the Summd, but that as the Grantee's family had long derived their subsistence from it they allowed the two sons of Etabur Khan, the original Grantee, to continue to hold all the lands during their lives on the condition of their devoting a fixed sum annually from the proceeds to the support of the Charities.—	List of documents in support of the Maniem.—
The second of these 2 Sons is now dead but direct heirs are left and the family is still entirely dependent on the Enam for support. Under these circumstances and as the Enam has been held by the family on a cowl grant since the British Assumption the Collector begs to recommend, in conformity with the recent instructions of Government communicated with the Board's circular of 27th July 1848, that the heirs of the deceased incumbents be allowed to continue to enjoy the Enam while they comply with the general rules against alienating Enam lands and maintain the Charities in due order, appropriating to the latter purpose the sum of Rupees 700 per annum according to the Board's former instructions above referred to.—	1 Enoy etnamah granted by ameer. ool Oomrah Dated 13th Jan: madelavel Hejri 1188.—
/Signed/ E. Maltby. Collector	1. Decree passed by the Sudder adalut Dated 25th April 1811. These 2 Documents were delivered on 8th April 1829 to the Collector Mr. A. S Cameron whose receipts for them are produced.

368	90	..	1111	4	1	Enc.4

Mr. Cameron's report

Mr. Blair's Report.

In Cons.s 3d May 1830

3.

In Column 9 of the report of Lallameyah's death it is stated that the entire Enam Viz.t 366 Cawnies 35 11/16 of land bearing a Jeerwah of Rupees 825—.. 8 was in the enjoyment of the deceased after defraying the expences of the Choultry— and in Column 6 of the report it is stated as that the original grant was "Charity for the support "of a Charity house Mosque and Water Pandal" while from Mr. Cameron's report above quoted it would appear to have been made in endowment of a a Mosque

a

Fort St. George 14th March 1850.

a Choultry and a Mosafer khanah at Munsoopett and a large Choultry and Waterpunsal at Jungumrajpoorum— It should therefore be distinctly specified whether there are other lands for the support of the two institutions which have been omitted in Mr. Maltby's report what are the existing Institutions that derived support during the life time of Laulameyah, whether any of the Institutions which were built by his father have been allowed to fall into decay, and whether the Mailwarum on the lands which was mortgaged in 1833 has been redeemed and the deceased had any share or interest in the Coodiwarum which it was then reported he had sold.—

4. In Column 12 the deceased is represented to have been the 2nd of the two Sons referred to in the correspondence which took place in 1833 but it should be stated whether by this is meant the 2d surviving Son— If Poondoomeyah be alive it should be ascertained where he now resides and whether he claims any participation in the grant.—

5. Mr. Maltby will at the same time state his own opinion of the nature of the

the original grant of the lands to Elbar Khan and whether distinct grants of lands might not be continued in support of the existing Institutions and a separate allowance paid from his Treasury for the support of the family.—

6. In the event of his deeming this the preferable course he will submit a Statement of the lands to be granted for the support of each Institution and the sum to be allowed for the maintenance of the family.—

From the Collr of Madura — 51.

Submitting Report on Cotton cultivation for Fusly 1258.—

Sir,

With reference to the Proceedings of the Board dated the 18th January 1849, I have the honor to submit a Statement of Cotton cultivation in this District in Fusly 1258.—

2. Cr as of 2,355—2½ 53,201—13¾ 50846—11¼ It exhibits a decrease below 1257 to the extent in the former year being and in the latter

3 The cause of this falling off appears to have been the unfavorableness of the season

season in the principal Cotton Divisions - Ramnad, Tiroomungalum and Dyempooly - The supply of rain was exceedingly partial, being sufficient in the North and in the immediate vicinity of the Pulney Hills and very short in the South and on the Coimbatore frontier which are the Cotton Tracts.—

4 In answer to my enquiries as to the quality of the Cotton, I was informed that it was a good deal discoloured.—

5. The whole of the Cotton grown in this District is of the indigenous kind, with the exception of the produce of small pieces cultivated with American Cotton, by way of experiment, by Messrs Finnie and Fondelaire. From the latter Gentleman I have received a specimen, which is exceedingly good, but he has not communicated to me the extent or nature of the land or amount of crop and there has not been time for me to receive an answer to my questions on those points. His experiment was made in the Amenaiknoor Zemindary, lying at the foot of the Serroomalay Hills in the Sub Division and from its situation, enjoying more rain particularly of the South Western Monsoon than the chief Cotton tract of the

× Note. I have heard from others that it is exceedingly small.

the District, Viz.t the Southern parts of Tero-
:mungalam and Ramnad bordering on the
Tinnevelly District Mr. Tinnies experiment
was made at Arroppoocottah in Ramnad.
The establishment being connected with the
Tinnevelly District I have received no direct
report of the outturn but was informed by
my Assistant Mr. Hodgson, who visited
Arroppoocottah in his tour of duty that the
Crop appeared to be scanty and dried up;
and I have recently heard from Doctor Right
that Mr. Tinnee had forwarded to Tutico-
:rein a few bales of American Cotton of
good quality which I conclude were the pro-
:duce of this Farm.—

6. No experiments have been car-
:ried on in the year under review on account of
Government, nor has Dr. Right expressed to
me any desire to attempt them in the ensuing
season in this District. The facts that have
come to my notice lead me to the opinion, that
in Ramnad and Teromungalum, tho American
Cotton may be grown, it cannot be grown profit
=ably, at all events without irrigation, which be-
:ing scarce in those parts, the experiment of

its

its effects would not be there made with ad-
:vantage. But I think that the Tyemproly Ta-
:look lying more within the influence of the
South West Monsoon, and possessing a large
number of Wells, would answer for the pur-
:pose, if the experiments made in Coimbatore
which enjoys greater advantages of the
same description be not thought sufficient.—

Madura, ...
8th March 1850.

Madura 11th July 1849. C. C. Hl.

/Signed/ R. D. Parker
Collector.

Ordered

Fort St. George 14th March 1850

(39-40)

Order thereon

Ordered to lie over.—

From the Collector of Madura. Read letter requesting

(41)

sanction to levy 9 Rupees tax instead of 12 Rupees on the building Grounds comprized by the ditch &c. that surrounded the late Fort of Madura.—

(41-42)

Proceedings thereon.— The previous correspondence on this subject having passed through the Department of Public Works; Ordered that the foregoing letter be transferred to that Department for disposal.—

Read the following letters.—

To

T. B. Rowlett Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

(43)

From the Acting Collr of Tinnevelly } Para 1.

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 17th January 1850, I have the honor to state that the Petitioner Shaik Rowter has deposed that his Father having given a Mookteiarnamah to one Syed Ally to draw the Yeomiah and to support the Mosque in his absence, went to Madura for traffic and that he was not informed of the death in 1838 of the holder of the said Mookteiarnamah until his arrival

Submitting further information called for in Board's Proceedings of 17th January 1850 regarding Shaick Rowters Yeomiah.—

Fort St. George 14th March 1850.

arrival at this place after the demise of his Father which took place in May 1845. He further deposed that he remained here only 4 Months and then proceeded to the Village of Sopplelacut-tary in Madura District, where his Father died in order to settle his money affairs and was not able to return to this place before June 1848 when he took advice on the subject of the Yeomiah from the Town Cawzy who having recommended him to Petition the Collector he did so on the 2nd January 1849.—

Mr. Cottons' English Register 2.

of Chuttrum Yeomiahs of 1818 contains 55 cases, but no mention is made in it about the objects, for which any of those allowances were granted.— The only other account in which this Yeomiah is entered is a Huidoovy Register, prepared at the same time with the above mentioned English one and I have to regret that this was not referred to previous to my former letter, inasmuch as it is ascertained from this account and the same corroborated by reference to the Treasury accounts that the full amount of 6 Chuckrums per Mensem, or 72 per annum

annum, equivalent to Rupees 152-11-7 (at the rate of Rupees 2-1-11-27¼ per Chuckrum) was disbursed only till Fusly 1225 A.D. 1815/16 in which year only 48 Chuckrums or Rupees 101-13-1 were disbursed - afterwards from Fusly 1226 A.D. 1816/17 until the discontinuance of the Yeomiah 42 Chuckrums or Rupees 89-1-5 per annum only were paid - The reason for the diminution of the allowance is gathered from orders addressed to the Cash keeper in 1816 and 1817 to have been that as the total proceeds of the Chuttrum Revenue had contracted the Yeomiahs were obliged to be proportionably decreased. —

3. Should the Board agree that this Yeomiah ought to be admitted they may perhaps consider that 42 Chuckrums per annum the sum actually disbursed for about twenty years before its discontinuance is all that the claimant has a right to export. -

Tinnevelly 20th February 1850 } /Signed/ C. I. Bird
Acting Collector

Proceedings thereon. - The Board request that the

(43-44)

the Acting Collector will furnish State=ments of the receipts disbursements and balance of the Revenue derived in his District from Chuttrum lands during the past Fusly 1258 in the Forms of Statement C. and its Enclo=sures attached to Mr. Cotton's report of the 17th March 1817 In these Statements he will enter the Collections and charges of individual grants, apart from the Chuttrum lands granted to the Fouzdar Mahomed Eitbar Khan by the Mahomedan Government

Report from Mr. Hepburne 15th Jany. 1813 + reported to have been taken under circumstances of management but from which fund it would appear that the

P. 2. From Collr. 10th Dec. 1849. in Cons. 17th Jany. 1850. Petitioners father enjoyed an allowance for the support of a Mosque - If any documents are forthcoming in support of the grants made to the Fouzdar they should be for=warded with translations -

Mr. Bird will at the same time explain whether the whole of the Collections from the Chuttrum

4039 Fort St. George 14th March 1850.

Chuttrum lands are carried to the credit of Government in his accounts whether the payments also appear in his Accounts, and if they are subject to Audit. If so the application for the arrears claimed by the Petitioner should be prepared in the usual Tabular form and submitted for the sanction of Government thro' this Office.

2 The Board concur in the opinion that if the Yeomiah is to be continued to Petitioner it should be disbursed at the reduced rate paid at the date of its discontinuance in 1838 under the presumption that the other Yeomiahs paid from the Chuttrum Funds have been decreased in pro= =portion and have been disbursed at the reduced rates since 1838.

Sir,

From the Acting Collector of Tinnevelly

Reporting on 3 Nursery Gardens Established under the sanction of Government in the District of Tinnevelly

Para 1

With reference to Extract from the Proceedings of the Board of Revenue under date 1st June 1848 and to the Minutes of Consultation dated 23d May thereto prefixed, I have the honor to report that of 3 Nursery Gardens established under the sanction of Government at Tenecansey, Sattoor and Vullioor, the last named only has at all answered the intention.

2. Enclosed is a Statement shewing the descriptions and Numbers of trees that have been raised and distributed in each locality, the totals of which are noted in the Margin.

	Trees raised.	Distributed
Tenecansey ...	175	— "
Sattoor	355	64
Vullioor	5,277	2,686

3. The Tenecansey Garden seems to have been unfortunately chosen, the soil being very poor and scarcely any of the seedlings have lived in

in it. Sattoor being a very dry place it is not so surprising that the Nurseky's there has not been successful. The reason given for no distribution of young trees having taken place at Tenneevey is that the first trees put down having entirely failed. none of those now in the Garden are ready for transplanting.-

4 The Sattoor Tahsildar says that the people of that Talook despair of trees thriving with them in consequence of the general scarcity of water in the hot Months. Of the 64 young trees (all Cocoanuts) given away out of that Garden 50 were taken by one individual to form a tope near a Choultry. Those two Gardens seem to me not worth keeping up any longer at the public expense.

5- The Vullioor Garden has the advantage of being on Aunjah ground under the great Tank and it has prospered.

There.

There has also been a considerable interest taken in the Experiment by the people in the neighbourhood and I think it may with advantage be maintained while it continues to be as useful as it is now.-

Tinnevelly, 21st February, 1850.

/Signed/ C. J. Bird
Acting Collector.

Tinnevelly, ...
21st February, 1850.

(Signed) C. J. Bird
Acting Collector

45-46

Proceedings Submitting letter from the Ag. Collr of Tinnevelly reporting upon the Nursery Gardens established in his district for raising and distributing Young trees of Sorts and conveying the Board's opinion that there seems to be no utility in retaining the Gardens at Tenneanvey & Sattoor, but that the garden at Vallior be maintained at the public expense for a further period of 2 years.

To Govt Lr dated 23rd Jan. in Cons. 5 June 1849.

thereon.. Resolved that the letter above recorded together with its enclosure be submitted for the orders of the Right Honorable the Governor in Council with reference to the papers noted in ... Margin.

2. It is stated that the soil of the Nursery Garden at Tenneanvy is very poor, that scarcely any seedlings thrived and that the 175 Young trees now remaining in it are not yet ready for transplanting. The Collector holds out no hope of the Nursery Garden at Sattoor thriving and the Tahsildar states that the Ryots despair of rearing the Trees in consequence of the scarcity of water during the hot Months.. Only 64 Trees were taken out of 355 in this Garden and those by a single individual to form a Tope near a Chaultry.

3. Mr Bird however points out that the Vallior experimental Garden which has been planted on Nunjah ground under the great Tank has prospered and that the inhabitants have taken

taken considerable interest in it, the number of Trees raised being 5,277 out of which 2,886 were distributed..

4. As the experimental Gardens at Tenneanvey and Sattoor have not answered the purposes intended by Government the locality having been unfortunately chosen and little or no apparent interest taken in them by the Ryots, there seems to the Board to be no utility in retaining them at the public expense.-

5. They are however of opinion with the Collector that as the Ryots have taken considerable interest in the experimental Garden at Vallior and the natural advantages in respect to its locality are apparently great, some further encouragement should be held out and they would therefore recommend that it be maintained for a further period of two years at the expence of Government..

47

From the Ag. Pr. Collr of Coimbatore ...

To, The Secretary to the Board of Revenue Fort St George.

Sir,

I have the honor to forward

Fort St George 14th March 1850.

forward herewith copy of letter from Mr. Walhouse Acting Head Assistant Collector and to request the Board's sanction for the temporary increase of reward, I know of no other means of lessening an evil now grown to a serious height.

2- I have lately been in the Andypoor Talook myself and can fully testify to the accuracy of Mr Walhouse's Statements, all practicable means have been already tried by Stationing extra Peons and giving cattle to be used as decoys to entrap or shoot the Tigers; but without much success, except in the one instance, reported to the Board on the 25th October 1849.

3- The Seishear alluded to by Mr Walhouse had a very narrow escape he was seized and carried some distance by a Tiger and then dropped on the shouts of his Companions which happily frightened the Animal - the man was ill

D.G.

Fort St George 14th March 1850.

ill for many months.

Camp,
Avenashey,
28th February, 1850.

/ Signed / C. B. Thomas
Acting Principal Collector.

No. 1.

To, C. B. Thomas Esqre
Acting Principal Collector of
Coimbatore.

Sir,

1. During the last four or five years, the increase of Tigers in the Andicoor & Talook, and the ravages occasioned by them, have become so alarming, as to induce me to call your attention to the following details, which I have the honor to lay before you.

2. From July 1848 to the close of that year, seven individuals were carried away by Tigers, during the past year, eleven were similarly destroyed, and since the commencement of the present year, five more have been killed, making a total of 23 lives thus miserably lost within a period of twenty Months. Those casualties have all taken place in the neighbourhood of the great isolated Mountains, known as

as Palei Malei, standing upon the N.
North bank of the Cavery, between Caveri-
poorum and Nerunjipett, it is entirely surround-
ed with Jungle, in which, upon one side or other
of the mountain, the abovementioned 23 persons
have been killed. The amount of cattle destroy-
ed has also been proportionately great.

3. It is only within the last few years that Tigers have become so numerous and daring in that neighbourhood, the Ryots have consequently become much dismayed, and several Villages are now nearly deserted, and much cultivated land and clearings have been abandoned, and are in course of being speedily over run by the Jungle. This desertion of land and Villages is likely to increase considerably, to the loss both of the Ryots and the Government; for so daring have the Tigers now become, that it is a matter of imminent danger to carry on Cultivation, or graze Cattle, even in the immediate borders of the Villages through

throughout that tract. You will remember that in February last year, Permian the last Peishcar of that Taluck was N. struck from his horse upon the highroad, at midday, by a Tiger, and escaped N. barely with his life. This was close under the Palei Malei and shows N. the boldness of the Tigers that infest it. It will be seen from the above details, how expedient it is to lessen the number of these animals. I would therefore beg to suggest that an addition of 10 Rupees should be made to the usual Circar reward for every Tiger killed in the Andiour Taluck, by which the inhabitants may be tempted to N. greater exertions, and perhaps, experienced Shikarries be induced to resort thither, for none are now resident in that N. neighbourhood, and the few Hundachar peons, who have been stationed there, are

wholly

wholly inefficient in preventing the ravages of the Tigers, or in following them up. The inhabitants too might be encouraged to make traps, and supplied with funds therefore and cattle for baits at the Circar expence. any other Measures that would arrest the destruction of life and property in that Taloork, could not fail of being regarded as a great boon, and it is with a view to obtain such, that the foregoing details are submitted to your consideration.

Proceedings thereon. 1. Under the circumstances represented in the foregoing letter and it's enclosure, the Board of Revenue authorize the Acting Principal Collector of Coimbatore to disburse

disburse Ten Rupees above the Maximum rate fixed in their Circular of the 10th August 1815, or Rupees 45 — " — ", as the reward for the destruction of a Royal Tiger in the Andyoor Taloork of his District, and direct that this rule should have effect for 12 Months from this date.

2. Reference should be made to these Proceedings in the accounts Particular of the actual charges incurred on the above account.

3. If this arrangement should not be a sufficient encouragement to parties to employ themselves in the destruction of these animals the Board would suggest that the surrounding Jungles be set fire to, if it can be effected without detriment to Cultivated lands and within a moderate charge.

Read the following.

Extract from the Minutes of Consultation Military Department, under date the 8th March, 1850. No. 915.-

Read the following letter.-

To,

Sir, H. C. Montgomery Bart

Chief Secretary to Government

Sir, Fort St. George.

No. 24. 9th February 1850.
No. 31. 18th Do.

Major Shepherd's letter to Commissary General 28th February 1850 forwarding Copy of one to himself from Mr. Acting Collector Pelly dated 25th February 1850.-

1. In continuation of my letters, I have the honor to forward for submission to the Right Honorable the Governor in Council Copy of further correspondence upon the subject of the Military Abkarry limits at Bellary.-

2.- I respectfully beg to observe that I cannot help offering continued objections to Mr. Pelly's Scheme as it is now further set forth.- since it involves the circumstance of two Contractors at the same place under two different Officers.- With great submission therefore, I venture to

to renew my hope that the Military Abkarry limits, and system generally, may be allowed to remain as they always were, before the present discussions arose -

3- The Right Honorable the Governor in Council will be pleased to observe, that the sale of the Abkarry farm was appointed for the 15th March, but it may be deferred for some time if his Honor pleases -

4- I may mention that Para 10 of the Abkarry * Bond at Bellary (as is the case elsewhere) effectually provides for the suggestions contained in the 10th Para of Mr. Pelly's letter to Major Shepherd - as will be seen in the Margin -

* 10th Para of Bellary Bond.
No Natives shall be allowed to drink to excess so as to become intoxicated. The Arrack sold must be drunk on the spot and none allowed to be carried away without the special pass of the Officer Commanding or Commissariat Officer, such quantity is limited to one bottle and the Contractor shall be held responsible that no abuse arises from the above indulgence. -

/Signed/ A: Tulloch Colonel
Commissary General.

No. 1.

To, Colonel A: Tulloch C: B:
Commissary General of the Army
Madras.

Sir,

1- I have the honor to enclose a copy

No. 132, 25th February 1850 Copy of a letter from the Acting Collector of Bellary, in which he states (Para 1) his intention on the 1st of May 1850, to assume charge of those Toddy Topes that join the Military boundary, and to make his own arrangements (Para 7) to draw Toddy from them "exclusively for the Garrison and Town of Bellary."-

2- A long correspondence on the subject of these Topes has passed between yourself, my predecessors, and the Acting Collector, therefore it is unnecessary for me to offer any further observations or objections to the change proposed by Mr. Pelly; for it will, I am sure be obvious to you that under the Abkarry rules now in force, two Contractors cannot be allowed in a Military Cantonment. -

3- As the Acting Collector states (para 3) that the orders of Government "direct all abkarry "beyond the limits of Cantonment, be altogether "under the Civil power." I should consider the question finally disposed of, but from the great inconvenience that must be experienced if the Topes are not allowed to remain as they have hitherto

hitherto been for the use of the Military Abkarry Farm. I have carefully read over the correspondence and I suggest (to settle the whole question) that the sanction of Government be obtained to extend the Bellary Military Boundary, so that the public Topes and those recently given over by your authority to Gopalapah may be brought within the Cantonment limits: this measure will at once dispose of all matters in dispute both as to Revenue and the discipline of the Troops, so far as discipline is affected by the Topes.-

4- Though the Acting Collector (para 5) conceives he could adopt measures equally as successful as those now in force to keep the soldiers from the Topes, still the experiment must be considered hazardous, when it disturbs what has already been found so very efficient, and as I conceive the Military Abkarry Rules were framed with a view of rendering unnecessary the aid of Civil authority in maintaining Military discipline. I do not think that the sixth para of the Acting Collectors' letter removes any of the difficulties so forcibly pointed out

out by my predecessors.-

5- With regard to Para 7 of the Acting Collector's letter, the future can only decide the loss or gain of revenue, but there can be no doubt that a Civil renter would not consider himself obliged to conform to Military Regulations so strictly as the Military renter is obliged, and the frequent disputes that must arise would destroy that good understanding that ought to subsist between the Civil and Military authorities and would cause no end of correspondence and references to Government.-

6- The Civil authority having the sole control of the sale of Toddy and spirits outside the Military boundary and as the sale is prohibited within 5 miles of the Garrison, therefore on the Collector now rests the duty of preventing smuggling and illicit sale and which if successfully effected will no doubt have the best result. I therefore offer no objections

Fort St. George 18th March 1850.

objections to para 8 of Mr. Pelly's letter and which seems to me to allude to a question that has already been disposed of by Government Viz.t placing all Abkarry under the Civil authority, <u>except within the Cantonment.-</u>

7.- I request your early instructions on this subject, as the Abkarry sale of the Cantonment is fixed for the 15th March, and while the question of the Topes is in dispute, I am unable to give any satisfactory reply to those who wish to know the terms on which the Contract is offered.-

Commissariat Office,
Ceded Districts, Bellary,
28th February, 1850.

(Signed) J. Shepherd Major
Deputy Assistant Commissary General.

(A true Copy)
(Signed) A. Tulloch C. B.
Commissary General.

No. 2.

Fort St. George 18th March 1850.-

No. 2.

To
Major J. Shepherd.
Deputy Assistant
Commissary General
Ceded Districts,
Bellary.-

Sir,

Para 1.- Referring to my letter to Lieutenant F. Harris of 11th Ultimo and to his letter of the 26th of the same Month I have the honor to inform you that I think it expedient that the Orders of Government contained in Minutes of Consultation dated 19th December 1849 directing "that the Military Abkarry Farm be confined to the limits of the Cantonment, that the Abkarry beyond those limits be altogether under the Civil Power and that the sale of liquor in any Village situated within five Miles of the nearest point of the Cantonment be interdicted."- should take effect after the 30th April next, to which time, I perceive from Lieutenant Harris' letter that the Abkarry sale within the Military Abkarry limits, as at present existing, are guaranteed to the Contractor.-

2. From the 1st of May therefore I shall be prepared to carry out the orders of Government.-

3. In further reply to the said letter of 26th January, I have the honor to inform you that

Fort St. George 18th March 1850.-

that it is my opinion that the orders of Government directing that "all the Abkarry beyond the limits of the Cantonment be altogether under the Civil power" makes it imperative on me to undertake the management of the Toddy Topes beyond those limits.-

4. I have been collecting information respecting these Topes, and I see no reason to apprehend any injury to the Military Cantonment by the Transfer. I think Arrangements may be made which will in no wise detrimentally effect the Revenue now derived from them to Government, but the contrary and in making those arrangements no facilities greater than those which now exist need be afforded to European Troops to procure liquor.-

5. As regards the European Soldiery Lieutenant Harris has been pleased to observe "that any alteration in the management of the Toddy Topes can only be for the worse for it is, he states "impossible that they can be more efficiently kept from them than they are now."-

It.

Fort St. George 18th March 1850.-

It is gratifying to hear that the measures now adopted have proved successful in keeping the Soldiery from the Topes. But why should not the same measures and even others if found necessary be adopted to attain the same end. I purpose to adhere to a Course similar to the one you find so efficacious and I have the honor to request you will be so good as to furnish me in detail with the Rules now in force for effecting the object in view.-

6. But from the information I have on the Subject I am led to believe that Toddy is by no means so much sought after by the Soldier generally as to make him Commit a breach of discipline or take much trouble to get it. There may occasionally be an exception. It is arrack that he is most anxious to obtain. and this in a great measure may be one reason why it is so rare an occurrence that a Soldier is found in the Toddy Topes. Besides Toddy compared with arrack is not nearly so intoxicating or so deleterious a liquor and so detrimental to the health. As Mr. Abraham says it takes from one to five Gallons of Toddy to make a man drunk and has more the quality of Beer than of Spirits. A single bottle of arrack

Fort St. George 18th March 1850.-

arrack will make most men intoxicated. So that on the whole. I am inclined to think that it will not be necessary to put in force any esetraordinary powers to keep the men of the European Regiments out of the Toddy Topes. The present measures of allowing them to procure it at the Canteen and the usual exercise of discipline will I believe obviate all fear on this score. But even admitting that great vigilance is necessary I do not see why the Civil authorities are not capable by Cooperating with the Military to attain the end in view quite as effectually as at present.-

7. I propose therefore after the 30th April next to take these Topes entirely under my management and to rent the privilege of drawing Toddy from them exclusively for the Garrison and Town of Bellary only. This I believe to be necessary for the supply of the wants of the Garrison with a Comparatively wholesome beverage as well as for the manufacture of bread. To suppress the use of the Topes entirely would not only create great and unnecessary annoyance. but be highly detrimental

Fort St. George 18th March 1850.-

to the revenues of Government, for I am fully aware that a very large revenue is derived from the use of Toddy quite independent of arrack and tho' the loss by the new arrangement will be in the Commissariat Department it will, I believe, be fully made up in the Civil Abkarry Farms. The Military Abkarry Arrack Renter might become the renter of the Toddy Topes, or the 2 Farms could be separated without any inconvenience I conceive. But there should be a clear understanding on the part of the Civil and Military Departments on the subject otherwise the renter would be liable to loss. I therefore request your opinion on the subject. The Toddy Renter of the Topes would of course have to conform to the Military Regulations which being made clearly known to him he should in all other respects be left unhampered as at present.-

8. By the new arrangement you will observe that no arrack or Toddy shops will be allowed in the Civil Department within 5 miles of the nearest point of the Cantonment Boundary.

Fort St. George 18th March 1850.-

Boundary- If you feel disposed to offer any suggestions which may lead to the adoption of measures calculated more effectually to prevent Smuggling and illicit sale within the intervening Space, I shall be much obliged by your doing so. That Soldiers determined on procuring Arrack can even be prevented from doing so by the new arrangement. I have no hope. They are means of prevention as far as they go but with these arrangements properly carried out I think a well disciplined Corps cannot have great temptations.-

9. I would also be obliged by your opinion as to the Minimum rate at which Arrack should be sold. because I understand that to obtain it Soldiers are willing to pay as high as a Rupee a bottle- I fear that with so great a premium to raise the present price would have little effect in keeping natives from running many risks in procuring it for the men but surely the Soldiers have not to any great extent and frequently the means of paying such a price for the liquor.-

10. Another point which seems worthy of consideration is whether Rules might not be beneficially introduced prohibiting persons within certain limits having

Fort St. George 18th March 1850.-

having even one bottle of Arrack in their possession without giving good reason to show that it was not intended for the Soldier. It is by single bottles which under the present Regulations cannot be prohibited.- Smuggling is effected by and for the Soldiers.-

From the Secy to Government.

Read the following Extract

Extract from the Minutes of Consultation under date the 11th December 1849. No. 11936.

Containing the observations and orders of Govt on the Boards Proceedings furnishing the further information called for upon the review taken by Government of the settlement of the Land Revenue in Chingleput in Fasly 1257.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 29th November 1849. No. 525.)

The Right Honorable the Governor in Council is of opinion with the Board of Revenue that the apparent discrepancies in Mr. Frees's Immanabundy Report in Fasly 1257 regarding the Village of Meenjoor and the remissions for Christian Churches and charity Chuttrums are sufficiently accounted for.

With

Fort St. George 18th March 1850.

2. With regard to the point noticed in the latter part of para 6 of the Board's Proceedings and in para 12 of the Extract Minutes of Consultation 24th July 1849, the Government are also satisfied with the Explanation of the Collector, but consider that such instructions should be issued by the Board of Revenue as to the arrangement of the Immanabundy accounts as will obviate future obscurity. The Enam Statement in No. 5 of the Collectors enclosures with his Report, appears to be the one which best exhibits the value of the whole Enam lands properly so called. The discrepancy still existing between the extent of Enam land in the 58 Villages settled by Mr. Hepburn, as entered in the margin of the Collectors present letter, and that in Statement 4 B, will it is hoped be explained without difficulty.

2d July 1849.

latter part of para 4 of the Boards Proceedings.

	C	F
Collectors letter	912	1/4
Statement 4 B.	993	14 5/8
Difference	81	13 3/8.

The Right Right Honorable the Governor in Council by no means wishes to interfere with the Boards instructions to Collectors on the subject of making a Dittum at the

3

the cultivation season, and when the system is properly carried out the Government do not look on the entry of "Remissions" as denoting undue abandonment of Revenue. In a District such as Chingleput, where the proportion of Irrigated land is unusually great, considerable differences between the Dittum and the net demand must be expected in bad seasons. It is the duty of all Collectors on the one hand not to press a Dittum so high as to necessitate large remissions for waste, and on the other, not so to under rate it as to throw large sums under the head of "cultivation subsequent to Dittum."

4. The Government however are still of opinion, as expressed in para 7 of Extract Minutes of Consultation 24th July 1849. that "it is desirable to have nothing entered as "Remission" in a Ryotwar Settlement which is founded on a nominal "Demand" and with respect to the "Deductions" made on account of Lands agreed for, but left waste for want of the means of cultivation, it seems to the Right

Right Honorable the Governor in Council desirable to set these off in the accounts more distinctly, and then to exhibit the "Remissions" which at the Settlement are granted on the Remainder.

5. Considering the responsibility that rests with the Board of Revenue as to the details of Revenue management in the Provinces, the Right Honorable the Governor in Council is not disposed to offer any objection to their decision as to the propriety of leaving the Remission of Tufsul Cummee in the Districts of Chingleput on its present footing, at least until some general revision of the Survey assessment be made.

6. The explanation afforded by the Collector on the remarks made in the 10th para of Extract Minutes of Consultation 24th July 1849. is considered sufficient.

To The President & Members of the Board of Revenue.

2. In the future Summabundy accounts the Board consider it desirable that the cause of the apparent discrepancy in the value of the Enams entered in Statements Nos. 4 and 5, as explained in the Collector's letter of the 30th August last, should be always specified either in the Column of remarks or in a footnote, also that the reverted Enams which are at present blended with the Circar lands in Column 14 Statement No. 5 should be entered separately in the same manner as the other items composing the Circar ayacut are now detailed in Columns 6—7—8—9 & 10. It seems further requisite, with the view of facilitating comparison, that the assessment which is now entered in Pagodas in Statement No. 4 should in future be noted in Rupees, Fs and Pice to correspond with Statement No. 5.

In Consp. 29th Novr. 1849.—

St.

3 It is the desire of Government and of the Board that the item of Caboolaty Bunjer should be more distinctly separated from the Demand in all Districts. The Collector is requested in future to cause the "Dittum" to be first exhibited and the amount of Caboolaty Bunjer next deducted therefrom, when the remainder will show the gross Settlement from this latter should then be deducted the various Remissions properly so called, such as Shamalat Bunjer Shavee &c. and the final remainder entered as the Net Demand.—

4. The Deductions from the Dittum on account of lands left waste for want of the means of cultivation i. e. "Caboolaty Bunjer" should not be termed a "Remission" in the Summabundy Reports but a "Deduction," and where it is found proper to demand the teerwa on any land included in the Dittum but left waste, the particulars should invariably be exhibited.—

5 Mr. Freese will be pleased to furnish at an early opportunity the information called for in Para 4 of the Board's Proceedings.—

Ordered

4080 Fort St. George 18th March 1850.

Ordered also that the following Circular be issued to all Collectors.-

(5-7)

Circular to all Collectors.

Circular.

I am directed by the Board of Revenue to acquaint you that in order to obviate obscurity in the arrangement of the usual Statements submitted with Summahbundy Reports, it is the desire of Government and of the Board that the item of "Caboolaty Bunjer" should be more distinctly separated from the Demand in all Districts.- You will therefore be pleased in future to cause the Pittum to be first exhibited and the amount of Caboolaty Bunjer next deducted therefrom, when the remainder will show the Gross Settlement; from this latter should then be deducted the various "Remissions" properly so called such as Shanalat Bunjer, Sharee Vew, and the final remainder entered as the Net Demand.-

L.081.

8

Fort St. George 18th March 1850.

From the Secy to Government Desiring the Board to state whether the Tahsildar of Errode and Village Officers and Colandies might not be brought to trial under Regulation IX of 1822 for embezzling the Revenues of the Endowment originally granted for the maintenance of Modavandies or Cripples in Coimbatore. Concurring in the opinion that the whole of the Enam lands should be resumed also desiring that the Acting Principal Collector be called upon to submit for sanction the Establishment which would be required for founding a Lungurkhanah in the Town of Coimbatore instead and directing the attention of the Board to the views.

Extract from the Minutes of Consultation, under date the 1st March 1850. No 227.

Read the following letter

from the Secretary to the Board of Revenue.

/Here enter 7th January 1850 No 71/

Para 1 From the correspondence submitted with the Board's letter above recorded the Right Honorable the Governor in Council learns ~~that~~ the Institution as originally founded and endowed with one+ half the revenues of the Village of Modavandy Suttimungalum was designed to provide for the support of thirty two persons of the Vellalar Caste born Lame in the Province of Coimbatore and for the maintenance of an Establishment of forty two persons to have the charge of them, the Enam es- teem being distributed into thirty-two shares 15 6/16 of which were allotted to the Modavaundies or cripples and 16 10/16 to the Colandies or attendants.

Pullahs 245 - 15 3/4 valued at Rs. 1,193-14-5 per Annum.

2. It would appear that in course of time the Colandies who though servants of the Institution seem always to have been

views of Government for founding similar Institutions in other Districts, and for defraying the expenses from the surplus Pagoda and Chuttrum Funds.

Fort St. George 18th March 1850

been in immediate possession of the Endowment and to have acted independently of any authority, assumed the right of selecting and admitting persons of the other class to the benefits of the charity, and further proceeded to deal with the property as their own by selling and mortgaging the lands and appropriating the proceeds of the vacant shares allotted to the Cripples to their personal use and benefit, these vacancies having been purposely allowed to remain unfilled to serve their own interests.

3. Such gross fraud and mismanagement as were found to exist in 1837 and led to the resumption in that year of nearly two thirds of the Enam by the late Principal Collector would have fully warranted an entire change such as is now recommended by the Board in the administration of the affairs of the Institution. And here the Governor in Council must observe that though a change calculated to place this Establishment upon an efficient footing was suggested by the Head Assistant Collector

+ Rs. 780-15-3

Fort St. George 18th March 1850

Collector in the last para of his letter of the 8th April 1837 and it was proposed to place the Endowment "more immediately under the Superintendence and control of the Officers of Government," yet the same loose system of management was permitted to continue and the Cutcherries were left to exercise the same undue influence as before.

4 The result of this imperfect Superintendence over the affairs of the Institution has been the further unauthorized alienation of a large portion of the Enam which still remained unresumed and the misappropriation of the revenue of the lands attached in 1837 and retained under the management of the Government Officers as brought to notice in paras 4. 5. 8 and 9 of the Acting Principal Collector's letters dated 4th December 1849.

5. It appears that of the portion of Enam valued at Rupees 392-10-4 left in 1842 in the possession of the incumbents, lands to the amount of Rupees 307-4-7 have passed into different

different hands thus leaving only the small sum of Rupees 85-5-9 available for the original purposes of the grant, there being now but nine Cripples dependent on the charity..

6. In regard to the lands resumed by the Collectors of the District between the years 1837 and 1842 it is much to be regretted that a measure which was intended to restrain the irregular proceedings of the Colandies in charge of the institution should either from the connivance or negligence of the local Native Officers have proved wholly abortive. It has already been shown that further alienations of the unattached portion of the Enam have taken place, and that the Endowment has now been reduced at a mere trifle - It also appears that the revenues of that portion which was resumed and managed by the Government Officers have been extensively embezzled and there is still doubt from what Mr. Thomas states in the 4th and 5th Paras of his letter that both the Tahsildars of the Errode Talook and the Village Officers

Officers have participated in the fraud. It is shewn that of the demand on the resumed lands amounting from Fusly 1250 to 1257 to Rupees 5,957-15-2 only Rupees 1,205-7-2 were collected to the end of December in Fusly 1258, there being no collections whatever in the first 4 years and the large balance of Rupees 4,752-8-0 the recovery of which seems to be hopeless has been allowed to accumulate under circumstances which call into question the conduct of the Native Revenue Officers, especially the two Tahsildars who were successively appointed to the Errode Talook during the above period and to whom it is stated "strict injunctions were repeatedly" issued for the recovery of the arrears which they "entirely neglected" to carry out..

7. The Governor in Council desires that the Board of Revenue will ascertain and report whether with reference to Section XVII Regulation VII of 1817 the two late Tahsildars of Errode as well as the Village Officers and the Colandies employed in the Institution cannot with any prospect of conviction be brought to trial under the provisions of Regulation IX of 1822 for embezzling and

and fraudulently misappropriating the revenues of the Endowment - If this cannot now be done the Board will state the names of the two Tahsildars and the capacity in which they are at present employed and submit their opinion as to the degree of culpability attaching to the proceedings of those Officers in the matter in question, and the notice which should be taken of their conduct and of that of the Village Officers.

8. It appears from para 10 of the Acting Principal Collector's letter that the Institution as at present constituted and managed does not provide for the support of really helpless and destitute objects, and that the incumbents now on its foundation are either engaged in trade or have relatives able to maintain them. Besides an Establishment has been kept up disproportionate to the number of Cripples in the Institution, for in 1837 while there were only thirteen incumbents instead of thirty two, the full complement of servants was continued, and thus the funds have contributed more towards

towards the support of able bodied men than to that of persons whose infirmities render them proper objects of the charity.

9. It is evident that if the purposes of the grant were strictly adhered to there would be few found in the District of Coimbatore to participate in its benefits, and this circumstance with the abuses which have been practiced render it absolutely necessary that an entire change should be effected not only in the system of management but in the foundation of the charity. The Governor in Council is not prepared to adopt Mr. Thomas's proposition for its discontinuance altogether which would be at variance with the object of Regulation VII of 1817 as declared in Section XV, but he is of opinion with the Board that the whole of the Enam lands with which the Institution was originally endowed should be permanently resumed and that such fixed money allowance as in reference to the extent (245-15 3/4 Bullahs) condition and resources of those lands may be considered as

as

as a fair equivalent for them be disbursed yearly from the Public Treasury and applied towards the Establishment and maintenance of a Lungurkhana in the Town of Coimbatore under the arrangements recommended by the Board of Revenue, which it is observed, will provide for the original object of the Endowment and render the Institution on its proposed footing more extensively useful by affording an Asylum generally to the really destitute and helpless. The Board will issue instructions accordingly to the Acting Principal Collector and submit for the sanction of Government the allowance to be paid annually in lieu of the resumed Enam lands as well as the Establishment to be maintained for the management of the Lungurkhana under the control and Superintendence of the Principal Collector and the Zillah Surgeon.

10. It is observed from a letter from the Board of Revenue dated 30th April 1838 No 200 para 4 that in the greater number of Districts under this Presidency there are no Institutions

of the nature of Lungurkhanas. Of the four that are now in existence two appear to him to have been founded by the Native Government, one at Vellore for which an allowance of Rupees 7,224 per annum is granted and another at Vellore for which a sum of Rupees 2940 is annually allowed. The other two were lately established at Negapatam and Coulacoonum and the expences which are defrayed from the surplus Pagoda Funds of the District of Tanjore amount in the aggregate to about 880 Rupees per annum.

Vide Letter from the Acting Princl. Collector of South Arcot 18th Novr. 1836.

Negapatam ..	Rs. 448

Proceedings Board of Revenue 13th Janry. 1848 No. 19.

It has been proposed on a fitting opportunity to remodel the choultry at Sholungur in North Arcot as well as the Sappoor chuttrum in the Salem District and to convert those Institutions into the more useful Establishment of a Hospital and Asylum for the sick and indigent. The Governor in Council is of opinion that similar Institutions may with great advantage be founded for the relief of destitution in other Districts either from the surplus

From the Secy to Government

Directing that the fixed resolution of Government not to overlook for the future any instances in which Collectors and Magistrates may not subject their Native Police and Revenue Officers to a due degree of Control be intimated to them.--

13

Extract from the Minutes of Consultation, under date the 11th March, 1850 No. 172.

Read the following letter from the Register of the Tongdaree Udalut

(Here enter 7th February 1850 No. 13)

The large proportion of acquittals in cases forwarded for trial to the Courts in the Bellary District during the year 1848 by the Talook Officers is explained by the Sessions Judge and by the Subordinate Judge to be owing to the Heads of Police sending up cases improperly and without sufficient investigation, and generally to the inefficient manner in which this branch of their duties is conducted. The evil complained of is one of a very serious character, but the Governor in Council does not doubt that it is capable of great amelioration. He is of opinion that there must be something radically wrong in all Districts where the Officers at the head of them cannot or do not look carefully into the proceedings of their Native Subordinates both in the Magisterial and Revenue Departments. He therefore resolves that the Court of Tongdaree Udalut

D.G.

/ Signed / W. H. Bayley.
Secretary
To

For Ft St George 18th March 1850.

From the Collector of Nellore. } Read Statements

(25) of Sanderwared charges incurred for July 1258.

(25-26) Proceedings thereon.

Requesting the Collector of Nellore to furnish further information regarding certain items in his Statement of Sanderwared Charges in July 1258.

In the remarks upon the Collector's Statements of Charges incurred under Estimate for July 1257, the Board requested that the dates of the orders sanctioning the Standard Estimates of Sanderwared should be specified in future Statements. This has however been omitted in the Statement under review and the Board are therefore

Fort St. George 18th March 1850.

therefore not aware of the principle on which the Standard has been fixed in Column 3 and request information on this point.

2 The records of their Office shew that the following sums have been sanctioned for regulating the expenditure under this head and the Collector will be pleased to explain the cause of the difference between these sums and

D.G.

Fort St. George 18th March 1850.

and the entries made in Column 3 of his Statement.

Anwar Khan	Anwar Khan 7th December 1848.-	Enjoyed by the Deceased only.	A son Mohodeen Khan- Meean aged 30 years.-	Subsist:ing upon the pen:sion granted to him.-	The Enams herein referred to are three gardens in the immediate vicinity of the Kurnool Town. The deceased was a paternal uncle of the late Nawal and had held them under the grant of his own brother, Nawab Alif Khan, the father of the late Nawab, during a period of 60 years. The fruit and other trees planted in them were so planted at the sole expense of deceased and the cost of keeping up and watering the gardens and the trees must have far exceeded any profit hitherto realized from them. The annual outlay required for the three gardens at the present time is estimated at Rs. 903-4-0 whilst the value of fruit vegetables &c. yielded in them is stated to be, but Rupees 399-3-8. Their worth may hereafter increase but if meanwhile the trees are in the least degree neglected much loss will ensue. great importance is attached by the Members of the late Nawab's family to the retention as their own of such gardens as these and under all the circumstances of the fallen state of these Noblemen and the origin of the grant it appears to me that Enams may fairly be regarded as the private property of the only son of the deceased, to whom a Mensem has recently been assigned, and I accordingly beg to recommend that they be continued as free of all demand.-

Enam consists of two fields. It is the land Register in the name of the of the deceased Enamdar. It was for nine years prior to A.D. 1839 the assumption of the province; since been cultivated for the late Enam rate of 2½ Rupees per annum; but possession no title is established. this possession is shown to have so far back as the time of the late grand Father, it may, I think, be as an old Enam and I would recommend continued for her life time to the widow of liable to the Enamity tax of 13 Annas hitherto paid. entered in the Land Register in the name father and pays an Enamity tax of Rupees the assumption of Kurnool, it had been terruptedly cultivated by the Enamdar with the exception of the two years following in 1839 when it was rented, it has so in their own hands. The Enamity in this notoriously heavy adverting to the fact productive capabilities of its Regur very inferior. As the Enam is apparently although the title is otherwise obviously would suggest that it be continued to the for his life.-

18th March 1850.

Name of the original grantee.	Name of the last holder and the relation ship in which he stood to the grantee and date of his demise	Share enjoyed by the deceased and that held by the other Members	Family left by the deceased and name and age of the parties	Their circumstances and means of subsistence professed by the family	Recommendation and grounds thereof.	Recommendation of the Board of Revenue and grounds on which it is founded.	Decision of Government.
7	8	9	10	11	12	13	14
Vencata Ristnumma,	Sunjeevah son of the grantee 1st September 1848	Enjoyed by the deceased only.	Two Sons named Condah and Sashah aged respectively 30 and 25 years and a daughter Condasaunee aged 18 years	Subsisting upon the produce of this Enam and the profits of their labor as stage players and attendants on dancing girls.	The circumstances of this Enam differ from those of the previous one only in the amount of Enamity tax which in the present case is Rupees 1 3 6. I make the same recommendation I should add that the Enamity tax in this Village is moderate.		
Venguni Bhuttoo.	Ryapa mulla Bhuttoo grand son of the grantee 28th September 1848.	1/3 enjoyed by the Nephew of the deceased 1/3 by the deceased's elder brother and 1/3 by the deceased himself.	A Son Teroopatty Bhuttoo aged 30 years.	Subsisting upon the produce of the Enams.	The deceased has Enams in five Villages of this Talook and had himself Cultivated the dry land of this Enam for many years before his death. The Bagayet part of it has been rented for ten years past at 2½ Rs per annum but of its cultivation prior to that period, no information is forthcoming. The Enam appears in the Land Register in the name of the deceased. But beyond the circumstance of that entry and the possession of the land had by the deceased - no title is made out. The Villagers declare that it is an Old Enam. There is nothing except their assertion to support the fact and no proof of any kind has been produced to show that the original grantee was the grand Father of deceased. On the whole, however, I think it may be regarded as an ancient free holding and I accordingly beg to recommend that the share of the deceased be continued to his son Teroopatty for his life time.

18th March 1850.

Recommendation and grounds thereof.	Recommendation of the Board of Revenue and grounds on which it is founded.	Decision of Government.
12	13	14
Enam comprises three fields one / No. 110 / appears in the Jhada in the name of the deceased it himself. The entire Enam Enamity tax. The field No. 110 was possession of deceased; the other which are registered in the name brother of deceased were jointly between deceased and his Under the circumstances of I am of opinion it should as in the preceding one.		

/ Signed / A. D. Phillips
Agent to the Governor.

Remarks thereon. 1. Under the circumstances represented by the Agent, the Board resolve to support his recommendation for continuing to Mohodeen Khan Meean the A. 37 — G. 32 — A. 4 of Enam land enjoyed by his deceased father Anwar Khan, who held the same under the grant of his own brother the Nawab Alif Khan, father of the late Nawab of Kurnool. It will be for the Government to decide whether the above land is to be regarded as the private property of the present claimant and to be free of all demand, as urged by the Agent in his Statement.

(27-28)

2. In consideration of the continued cultivation of this Enam land a. G. A. 10-2-8 in extent valued at Rs. 2 a P/ and of possession having been traced so far back as the time of the Grand father of the deceased Bofsum Bluttoo, the Board resolve to support the Agents recommendation for continuing the same for life to his widow Cunnumma subject to the Enamity of 13 Annas.

3. Under the representation made in the foregoing Column the Board resolve

resolve to support the Agents recommendation for continuing the Enam land in both Villages 21—20—1/2 in extent and valued together at Rupees 2—15—a. to Condah the eldest son of the deceased for his life subject to the same Enamity as that paid by his father Rupees 7—5—a.

4. The recommendation of the Agent on this case appears proper and the Board support it accordingly.

Board of Revenue,
Fort St. George.

31

From the Collector of North Arcot } Para 1 Sir,

Submits explanation respecting certain charges of Batta to public Servants objected to by the Board in their Proceedings of February 28/50

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 28th ultimo, reviewing the Statements of charges incurred without Estimate in this District in Fusly 1258, and noticing three instances in which Servants of this Establishment appear to have drawn batta for periods over and above the number of days allowed, as shown in account Particular No 6 received with the Proceedings under acknowledgment and herewith returned.

I

Fort St. George 18th March 1850.

2. I beg to explain in reply that in the three instances referred to, the Officers obtained leave of absence at one station, and joined the Cutcherry at another, and they therefore received no batta for the distance between them. In the first instance /Collector/ No 27 Yeomiah Goomastah Soobier got leave from the Cutcherry at Pallicondah on the 5th February 1849, and joined it again on the 21st at Ranepett. In /Collector/ No 28 Mr Franz translator was allowed to go one day in advance of the Cutcherry; he left it at Pallicondah on the 12th February 1849 and joined it at Vellore on the 14th. In /Sub Collector/ No 2 Ramachendra Row Head Goomastah took leave from the Sub Collector's Cutcherry at Chittoor on the 22d October 1848, and joined it again at Ranepett on the 31st of the same month. There is nothing new in the mode of preparing this Statement for Fusly 1258, and I believe it is prepared in the same way in other districts being in a form furnished by the Board.

North Arcot,
Collectors Cutcherry,
Chittoor, 7th March, 1850. } /Signed/ I. D. Bourdillon
Collector &c

(31-32)

Fort St. George 18th March 1850.

Proceedings thereon. The explanation contained in the foregoing letter is satisfactory and the charge will be submitted for sanction in the usual course, but the date on which any Peon or servant who has been on leave may rejoin the Cutcherry should in future be shown in the Account Particular in the Column of days employed in travelling and there can then be no objection to the charge for Batta for 10 days after his rejoining, inclusive of that day.

D.G.

Fort St. George 18th March 1850.

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue.

(44)

Sir,

From the Collector of Madura - - -

Forwarding proposed Mayenjahitah of

With reference to Para 3 of the Proceedings of the Board dated the 22d October I have the honor to transmit a Statement

Fort St. George 18th March 1850

of the Manivatties Sibbendies of the Minor Zemindar of Shevagungah.

Statement shewing the detail of the Manavertiee or Domestic Sibbendy for the Minor Zemindar of Shevagungah as it now stands, and the alterations which after Consultation I propose-

2. It will be seen that - after including the English Teacher at 50 Rupees sanctioned separately by Parah and grass for Animals the total expence is brought down to 71 Rupees 8 As per Months-

3 The only guide which I proposed independently of the limitations expences to 1/10 the Peishcush by Law was the allowance to the Minor zemindar of Ramnad. In her case no detailed Sibbendy or Expences for Food were sanctioned but an allowance in the gross of Rupees 1000. I have collected the detail of her Establishment as far as I could and exhibited it in a separate Column of the Statements- Though it

Resolution thereon. The Court of Wards sanction the proposed Moyenzabitah of the Manoviruthee or Domestic Sibbendies of the Minor Zemindar of Shevagungah amounting in the aggregate to Rupees 744. 8 per Mensem, which includes the Salary of Vydanathum Moodelly, whose employment was sanctioned in para 4 of the Court's Proceedings of the 22d October 1849, the proposed Establishment being Rupees 33. 4 per Mensem, below the amount of the former Moyenzabitah &c. Submitted by the Minor's Guardian to the Collector and Rupees 58. 8 per Mensem below that entered in the Enclosure to his letter to the Court of 11th May 1849

(46)

From the Acting Principal Collector of Coimbatore

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated the 11th Ultimo, I have the honor to forward Copy of a communication from the Collector of Malabar from which it would appear that the two documents required were not among the Papers referred to by the Board. Mr. Conolly has however copies of them, which I have requested to be sent, none of these papers having been seen by Mr. Walhouse.

Camp, Pulludum, 4th March, 1850.

To, E. B. Thomas Esqre
Acting Principal Collector of Coimbatore.

Sir,

I have the honor to acknowledge the receipt of your letter of the 21st Instant, and to state that

that the two documents therein alluded to are not among the Papers received from the Board of Revenue on the 9th. July last, and which were seen by Mr. Robinson before they were returned to Madras - Copies of them are however on my Records if you should wish to see them.

Calicut,

To, F. B. Rowsell Esqre.
Acting Secretary to the
Board of Revenue,
Fort St. George.

(48)

From the Collector of Malabar — Transmitting a supplementary Statement shewing what would be the net profit to Govt. at each Depôt in this District in the event of the price of salt being assimilated

Sir,

With reference to your letter dated the 4th. Instant I have the honor to transmit a supplementary statement shewing what would be the net profit to Government at each Depôt in this District in the event of the Price of salt being assimulated to that

assimilated to that fixed by the Cochin Sircar in the same locality -

that fixed by the Cochin Sircar in the same locality -

2. With respect to the great diminution in the sale of salt at Ponany, between Fuslies $\frac{1249}{1839/40}$ and $\frac{1258}{1848/49}$ noticed by the Board, I beg to observe that the decrease (from which however must be deducted the sales at the inland Depots) may be attributed to the high rate at which this article has been sold under the operation of act VI of 1844 and to the increase of the contraband trade produced by this high rate.

Vide Para 5 of my letter dated 27th. June 1846.

3. By the Statement in the margin, which is taken from one of the enclosures to my annual Report on the Extra Sources of Revenue, it will be further observed that there has been a gradual falling off during the last 10 years in the quantity of salt taken to Coimbatore, a fact which as stated in the 4th para of my Report for Fusly $\frac{1254}{1844/45}$ arises I presume from the

Salt Exported from Ponany to Coimbatore.

In Fusly	In Mds.

Before

Statement

Fort St. George 18th. March 1850.

49

Proceedings thereon:- Before coming to a final decision on the proposal made by the Collector to reduce the selling price of salt, the Board must request that Officer to reply more fully to the latter part of para 2 of their Proceedings under date 10th. December 1849 than he has done in his letter of 12th. January 1850. It may be Inform'd 7th. Feb'y 1850. reasonably expected that he can obtain details relative to the demand for salt and the mode in which the Trade at the Depots is conducted which might more clearly support his own views as to reducing the price. The Board have no information as to who are the chief purchasers at these Depots, and where they carry their salt for retail sale, and it might be well to ascertain whether the carriage bringing consignments of Tobacco from Coimbatore does not return with salt for sale in that District; to points such as these (and others will doubtless suggest themselves) the Collector's attention is drawn with the view of coming to some conclusion as to whether there are grounds for expecting an increased sale, if the price is diminished.

2. With respect to the decrease in the sales

Fort St. George 18th. March 1850.

at Ponany, the Board do not distinctly understand the inference drawn in para 2 of Mr. Conolly's letter of the 28th. February 1850 In Consult 18th. March 1850. that "the sales at the inland Depots should be deducted."

3. A rough sketch Map of the positions of the Depots and their distances from Ponany, and from each other should be submitted.

48-50

Further Proceedings thereon.- Resolved that Copy of Para 3 of the foregoing letter be furnished to the acting Principal Collector of Coimbatore with a request that he will with reference to Mr. Conolly's observations, submit his opinion as to the probable cause of the gradual falling off in the quantity of salt exported from Ponany to Coimbatore during the last 10 years, or from Fusly 1249 to 1258.

Resolved that the following letters be despatched.

5

From the Secty to Govt. Containing the observations and orders of Govt on the Board's Proceedings relative to the management of the Exctra sources of Revenue of the Bellary District in Fusly 1258

Extract from the Minutes of Consultation under date the 14th March, 1850 – No. 269

Read the following Extract from the Proceedings of the Board of Revenue

Relative to the Management of the Exctra sources of Revenue in the District of Bellary for Fusly 1258.

(Here enter 25th Feby 1850 No 6)

Para 1 The Settlement of the Exctra sources of Revenue of the Bellary District for Fusly 1258 amounted to Rs 6,26,192-13-11 exceeding that of Fusly 1257 by Rs 19,993-9-7. The improvement was principally in Alkarry and Stamps and there was a slight increase in the Sayer. In small farms and Mohturpha there was a falling off.

	Increase	Decrease
Sayer	208-1-7	.....
Alkarry	4792-11-5	.....
Small farms	.....	1215-11-11
Moturpha	.....	601-2-11
Stamps	6,810-11-11	.....
	21,810-6-7	1816-13-11
Net Increase	19,993-9-7	

2. The increase in the Alkarry is stated to have been occasioned by increased competition.

Fort St. George 21st March 1850.

The large amount of the rents seems in some measure to have affected their punctual realization. The entire demand in this branch exceeding 3 Lacs had however been realized in full at the date of the Collector's report.

3. The increase in the receipts and charges on account of the Stamp revenue appears as in other Districts to be owing for the most part to the operation of Act 17 of 1848. The increase in the Sayer and the diminution apparent in the other branches of revenue do not under the explanations furnished by the Acting Collector and the remarks made by the Board call for any observations from Government. The difficulties which oppose the Settlement of the Neesaliuddy and Mohturpha by the European Revenue Authorities in person at the season of the Jummabundy should receive the early consideration of the Board on the report upon that subject being laid before them by the Collector.

4. The Collections of Current revenue

revenue within the year amounted to Rupees 6,13,593-13-11 leaving a balance of Rupees 12,598-15-1 which was chiefly under the heads of Alkarry and Mohturpha and which at the date of the Collector's report had been reduced to Rupees 1,772-10-4.

5. Including arrears and Extra items the gross Collections Rupees 6,18,531-14-11 during the Fusly prevented an increase over those of Fusly 1257 of Rupees 10,102-8-11 but deducting charges in which there was an excess from causes explained the Net revenue Rupees 6,13,431-4-8 was Rupees 8,461-14-7 above that of the previous year.

6. Agreeably to the recommendation of the Board of Revenue the Right Honorable the Governor in Council grants authority for writing off in the accounts of the Bellary District the balance of Motumpha revenue for Fusly 1257 reported to be irrecoverable amounting to Rupees (398-11-11)

Three

Read the following letter -

To,
W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George -

(11)

Sir,

From the Coll.r of Nellore . . . .

Stating the inexpediency of reinstating Sheeneyasiah in the Office of Tahsildar and Head of Police in that District and

I have the honor to acknowledge receipt of an Esctract from the Proceedings of the Board dated 28th. February 1850 informing me that the Court of Fouzdary Udalut having

and recommending S. Narsimloo who officiated as Nellore Tahsildar during the susp: pension of Sheeneyasiah to be favored with one third of his pay in arrears.

having acquitted Sheeneyasiah Thasildar of Nellore of the charges brought against him the Board cannot authorize his dismissal from the Service of the Government "for the same charges".

2. In reply I beg to explain that my reason for soliciting the Boards' Authority for the dismissal of the Tahsildar was his omission to report or enter in his Statements the Case upon which the Criminal charges were founded (a point which altho' noticed by the Sessions Judge is not adverted to by the higher Court) and not the charges of "abuse of authority and extortion" of which he has been acquitted by the Court of Fouzdary Udalut.

3. I beg therefore again with deference to point out to the Board the expediency of reinstating Sheeneyasiah in the Office of Tahsildar and Head of Police of any Talook in this District and to solicit if they still direct the reemployment of a Person in whom I have no confidence that I may be permitted to employ him

in

in some situation in the Talooks other than that of Thasildar and Head of Police. my object in this application is solely a sense of his utter unworthiness..

4 Ileg further to request the instructions of the Board in regard to the disposal of the pay of Sheenevasiah which during his imprisonment and trial has not been drawn since 25th August 1849 up to the present day. Tambaram Narsimloo 2d Assistant Shirista: dar of my Cutcherry has acted as Thasildar of Nellore and altho officiating in a situation the pay of which is 140 Rupees per Mensem has only received his usual allowance of 85 Rupees per Mensem. I beg to recommend that I may be authorized to pay to T. Narsimloo one third of the pay of the Thasildar for the time he has acted in the Office and to carry the remainder to account in accordance with the views of the Board as expressed in their proceedings dated 1st March 1849, wherein they directed that the Thasildar of Cotah should forfeit his pay during the period of his

suspension pending trial before the Collector upon charges trifling and insignificant so far as he was concerned as compared with those upon which Sheenevasia was arraigned.-

5. If the Board should consider the Thasildar entitled to his pay during the period of his suspension, I beg to recommend the case of T. Narsimloo to their favorable consideration, there being no other funds from which to remunerate him for 6 Months of arduous and responsible duty, save the arrears of pay of the Thasildar of Nellore..

6. Sheenevasiah has not yet reported his arrival in this District..

Nellore Districts,
Venecatachellum Choultry,
Coll.rs Cutcherry,
5th March, 1850.

(Signed) D. White
Collector

11-12
Proceedings thereon

Proceedings 1st March

The Board of Revenue have already recorded their opinion that so far as the Criminal charges brought

brought against Sheenanaviah are concerned no punishment can be awarded him, but they have reason to believe that Mr. White has good grounds for declaring him to be a "person in whom he has no confidence" and they cannot permit such an individual to be entrusted with the authority and influence of a Tahsildar. The Records of the Board's Office shew that Sheenanaviah's character has before been exposed to censure and they accordingly authorize his dismissal from the situation of Tahsildar a situation that ought only to be held by persons who can in the words of Government be recognized as Native Gentlemen of consideration. Mr. White may if he thinks proper find employment for him in the Talooks in some inferior situation.

Circular in the Fort St. George Gazette of May 23d 1835.

(13)

From the Collector of Nellore. 3

Read Statement of charges incurred under and without Estimate for Fasly 1258.

Ordered

Ordered that the following letter be sent in reply.

(13-14)

To the Collector of Nellore. 3

To,
The Collector of
Nellore.

Sir,

In your Statement of Actual disbursements in the Magisterial Department for Fasly 1258 under the head of charges incurred without Estimate there is a charge for Sadeerwarred which I am directed to request respecting which I am directed to request some explanation.

Statement dated 25th November 1835 Sanction communicated to the Pt Collector with Board's remarks 14th March 1836

2. There does not appear to have been a separate charge for Sadeer warred for the Magisterial Department until Fasly 1244 and it is requested that you will explain whether previous to Fasly 1244 the charge for that Department was included in the Sadeerwarred of the

Fort St. George 21st March 1850.

the whole District, the standard of which was first fixed on the 18th November 1834. The Board are led to suppose that it was included in that standard as the average of the Saderamed charges of the whole District from Fusly 1239 to 1241 was taken as the basis of that standard, and when the Magistrates' Saderamed for Fusly 1244 and 1245 was submitted separately to this Office it was with reference to the standard of 1834 that the charges were recommended for sanction. You will be pleased to state if the Board are correct in this point and if so, you will specify the sums which you consider should be set apart for the Magistrates and Joint Magistrates Joogoor and for Talook Police out of the amount sanctioned for regulating the disbursement of Sadermared of your District entered in the Memorandum subjoined to the Board's Proceedings of the 18th instant.

Revenue Board Office,
Fort St. George,
21st March, 1850.
D.G.

(Signed) W. H. Bayley
Secretary.

Read

Fort St. George 21st March 1850.

Read the following letter.-

To W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

15

From the Collector of North Arcot.

Replies to the Board's letter of the 25th Febry 1850 respecting the case of Zaheroodeen and states his opinion that the salary of the Yeomiah Sudr may be reduced.

Sir,

I have the honor to acknowledge your letter of the 25th Ultimo conveying the orders of the Board of Revenue on my letter of the 28th January respecting the fraud committed by Zaheroodeen Dehaut Enamdar of Vailum.-

With reference to Para 3.

2.

I beg to acquaint the Board that the duties of the Sudr Yeomiah are confined to the Yeomiah Department. The Dehaut Enam Villages have never been included in that department or been under the charge or supervision of the Sudr Yeomiah; they have been under the immediate charge of the Head Seristadar, whose duty it has been after examination of the Seyhatnamahs and other papers to obtain the Collector's order for the payment of the sums due to the various Enamdars. The Board will no doubt, under this

Fort St. George 21st March 1850.

this explanation, absolve Mahomed Habeeboollah from the responsibility of these frauds.-

3. With reference to the concluding part of the Para above quoted, I beg to say that I do not consider it necessary that the Salary of the Sudr Yeomiah should be so high as it is. His actual duties are very little other than those of a Persian Moonshy to explain or translate documents in the Persian and Hindoostany languages. I think the Salary might with propriety be reduced from Sixty to thirty five Rupees a month.-

4. The remaining orders of the Board will be duly attended to. To avoid future mistake I beg to observe with reference to commencement of Para 5 of your letter, that Soobrow was Tahsildar of Chittoor not of Caverypauk, when he signed the life Certificates. This duty devolved on the authorities of the former Taluk though the Enam Village is in the latter, because the Enamdars were resident at Chittoor.

North Arcot, Collector's Circuit Cutcherry, Ranipet, 2nd March 1850.

(Signed) J. D. Bourdillon.
Collector

(15-16)

Fort St. George 21st March 1850.-

Proceedings thereon.-

Submitting Correspondence with the Collector of North Arcot on the subject of certain frauds in the Enam department Committed by Zaheroodeen and promising to address Government on the result of the trial being made Enclosed.-

Under the explanation contained in Para 2 of the foregoing letter, the Board of Revenue exonerate Mahomed Habeeboollah the Sudder Yeomiah from all responsibility in the late frauds in the Enam department. As the Collector however considers the Salary of that Office too high he will reduce it from the 1st proximo to 35 Rupees per Mensem, pending the approval of Government. The Village in question being a Dehaut Enam, the Seyhatnamah was examined by the Head Sheristadar; but it does not appear that that Officer and his Subordinates had the means of discovering the fraud, as it was not usual to require the personal attendance of the parties at the Hoozoor.-

2. As it is likely that some time may elapse before the trial of Zaheroodeen is brought to a close, and the matter being of an important nature, the Board upon further consideration, resolve to submit the whole

of

Fort St. George 21st March 1850.-

of the Correspondence which has passed between this Office and the Collector of North Arcot, in Connection with this Case for the information of the Right Honorable the Governor in Council, and on the result of the trial being communicated to them, they will again address Government on the Subject.-

Board of Revenue
Fort St. George.-

(17)

From the Sub Coll.r in charge of Salem.- Dat.d 5th Para 1

Sir,

I have the honor to report for the information of the Board that there are in the Talook of Tripatoor two Villages called Saivattor & Goundapanoor, there is a Maniger

Soliciting sanc=tion for the employ=ment of a Tundal=Ear to collect the revenue of the Saivattoor & Goundapanoor Villages.-

Fort St. George 21st March 1850.-

in each but no Tundal Ear under them to collect the revenue; the employment of one on an allowance of Rupees 12 per Annum is essentially necessary, the more so as a great portion, as noted in the Margin, of the Bariz of the Villages in question, which amounts to Rupees 2,022-14-0 is to be collected from the Ryots from distant Villages who have taken up lands for cultivation in these. There is one Coty attached to them, who draws an allowance of Rupees 13-8-0 and who performs the duties of both Villages, but who has no time for collecting the revenue.-

Rupees 833 to be collected from the Goundapanoor Villages
1189-14-0 to be collected from Saivattoor
2,022-14-0 as Ryots of both villages.-

2. After the assumption of the Country the Ryots themselves em=ployed a Tundal Ear and granted him a certain marah or fee but this they now withhold, and it is consequently necessary that one should be employed at the public

expence

Fort St. George 21st March 1850.-

expence for the efficient collection of the revenue, I therefore solicit that sanction may be obtained for the employment of one for this purpose.-

(21)

Sir,

From the Acting Collr. of Tinnevelly.

Submitting further explanation respecting the Zaliteh Cowle balance for fusly 1248.

Board's Proceedings 22d May 1848.

With reference to para 3 of Extract from the Minutes of Consultation calling for further Explanation regarding the balance of Rupees 2257-12-5 outstanding under the Head of Zaliteh Cowle for Fusly 1248, I have the honor to state that the whole of this balance belongs to four Talooks which at the time it occurred made up the Sub Collectors Division of the District. The particulars of the Amount will be seen in the Marginal table. Up

Talooks	Total balance on account of Fusly 1248.	Balance against Cowledars now living	Balance against the heirs of Cowledars deceased	Balance against persons who have purchased the lands from the original Cowledars
	Rs. a. ps.	Rs. a. ps.	Rs. a. ps.	Rs. a. ps.
Sharemmah-dawy	81 1 9	49 15 4	30 3 7	- 11 10
Brummadayem	964 6 1	412 10 3	551 11 10	- - -
Naugoonary	324 1 7	121 8 9	146 14 9	55 10 1
Vullyoor	888 3 5	502 13 7	271 13 8	113 7 9
	2257 12 5	1086 15 11	1000 11 10	170 - 8

Fort St. George 21st. March 1850

2 Up to fusly 1247 teerwah used to be collected only on such portions of Cowle lands as were brought under Cultivation but from fusly 1248 the teerwah began to be levied on the whole extent of Cowle land without reference to the quantity of it actually under Cultivation. But in that first year of the new System on the receipt of Complaints from the Ryots and upon the representation of the Tahsildars, the amount of balance in question was ordered by Mr. Forbes the then Acting Sub Collector not to be collected.

3 From the reports now received from the Tahsildars it appears that in the Sharenmahdany Talook alone where the balance is very trifling the whole arrears might be collected without difficulty but in the other 3 Talooks they could not be recovered without distraint of property of the Defaulters. Such being the case and as it is stated that the Cowle lands remained fallow in Fusly 1248 for

Fort St. George 21st. March 1850.

for want of water and not from negligence on the part of the Cowledars and as many of the Cowledars are dead and as several of the Cowle lands are no longer in the enjoyment of the Original Cowledars or their heirs I trust the former recommendation for remission of the whole of the demand may receive the favorable consideration of Government.—

Tinnevelly 2d. March 1850 } (Signed) C. J. Bird Collector

Ordered that the foregoing letter be submitted with the following address.

To The Chief Secretary to Government

(21-22)

Sir,

To the Chief Secty. to Government } In para 3 of Extract from Minutes of Consultation dated 18th July 1849 the Government called for explanation respecting

In Cons 23 July 1850

Fort St. George 21st March 1850

respecting the large balances outstand-
-ing in Tinnevelly for Fusly 1248, as
under the head of Zabitah Cowle
amounting to Rupees 2,257 12 5.

2 The Acting Collector
of the district was called upon to
supply the required information and
has furnished the accompanying
reply which the Board of Revenue
request may be laid before the
Right Honorable the Governor in
Council—

3. Under the circumstances
stated by Mr. Bird the Board
recommend that sanction be granted
for writing off the whole of these—
balances, being in all Rupees 2257- 12-5.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

(23)

Sir,

From the Collr of Madras — } 1. I have the honor to ac-
Submitting copies of the usual Pur-
-wannahs which were granted to the holders of the allow-
-ance for the performance of the duties of the Hydra Punjah, and offering an opinion as to the terms of the grant with reference to the Pur-
-wannahs in question.

-knowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 7th Ultimo, calling for certain documents relative to the allowance for the perform-
-ance of the duties of the Hydra Punjah and desiring me to state my opinion as to whether the conditions of the grant have been duly fulfilled, although the — services have not been performed at the Chepauk Palace—

2 I beg leave to explain that the payment of the allowance was transferred to the Madras Cutcherry by the Collector of North Arcot, under the instructions of the Board dated 25th January 1813 referred to in Para 2 of Mr. Collector Murray's letter dated 5th March 1822.

3. In the list forwarded with the

Bmds Proceedings 7th February 1850 Pl.

Fort St. George 21st March 1850

the Board's letter of 25th January 1813, the allowance is entered as Nos 4 and 5 under the head of "Service of Arcot" the incumbents "place of residence" being stated to be "Triplicane"

4. According to the Board's Ords of 15th August 1822, Syed Ally Mirza Mahomed Ameen and Sahib Beebee were entitled to receive the Allowance Sahib Beebee having died on 3d June 1823, her relatives Saunee Begum and Syed Ally, succeeded her, with the consent of the whole of the parties concerned, but on the death of Mirza Mahomed Ameen, which took place on the 26th February 1825, there was dispute as to the right of succession

Dis— Ps 4.

12th April 1826

5. The question was then referred to the Government Agent at Chepauk the demise of Sahib Beebee, and the arrangement made on that occasion having been brought to his notice at the same time—

6. The Fysulnamah from His Highness the Nabob Mookhtar alluded to in Paras 3 & 4 of my letter of 3d January last, provided for the distribution of the allowance in the manner therein indicated

There

Fort St. George 21st March 1850

7. There was no authority obtained at the time from the Board or from Government for the renewal of the shares for the deceased incumbents in favor of their relatives.

8. The two Original Purwannahs returned by the Board on the 15th August 1822 would seem to have been cancelled on the 30th of that Month, and are not now to be found, but the enclosed Copy of a correspondence with the Collector of North Arcot will shew that the accompanying attested Copies of the Purwannahs in question were taken from his records. I submit translations of both, together with a transcript of the Purwannah granted on 30th August 1822 in lieu of the previous ones of 1807 and 1821—

Board's Proceedings 7th February 1832. P 586

To Coll. of North Arcot 14th February 1850 From Do. 1st March

Enclosures A & B
" C & D
" E.

From Board's 30th augt 1822

From these documents, it is evident that the Grantees were not specially required to perform the duties of the Hydra Punjah at the Chepauk Palace, but "at Triplicane" Neither does it appear that the rule adverted to in the concluding part of the Proceedings now under acknowledgment relating to Ceremonies which have fallen into desuede

or

or have been discontinued from other causes applies to the present case, it being represented by the Government Agent that the parties have "properly performed the duties of the Hydery Shuddah in their own Houses" I think that this is a case which comes within the intention of the Orders of the Honorable Court of Directors referred to in the correspondence entered in the Margin, but it is for the Board to decide as to the correctness or otherwise of my views, with reference to the circumstances now brought under their consideration & to those which induced them to sanction the continuance of the allowance in 1822—

Seal of the Collector of Madras

Syed Ally alias Shaw Saib,
Murzah Mohamed Ameen and Saib Beebee
have delivered into this office two Purwa-
nahs granted by Mr. Groeme and Mr.
Ravenshaw to Bahader Ally Hussain
Ally Syedah Khanum, Bannoo Saibah,
Meer Abdul Cauder, and Badshaw Begum
of whom the four first persons are dead
and the remaining two persons have
neglected the duties of the Hydree Punjah
for which the allowance were originally
granted, and claimed, the continuance
of these Allowances to them for their
services at the Hydree Punjah. The
Collector of Madras, in pursuance of
the Orders of the Board of Revenue,
dated 15th August 1822 grants to Syed
Ally alias Shaw Saib Murzah Mohamed
Ameen and Saib Beebee the allowance
of 50 Rupees per Month or 600 Rupees
per Annum.

The description of the Incum-
bents is as follows. Syed

Fort St. George 21st March 1850

Syed Ally alias Shaw Saib aged 47 years, Dark Brown Color, a small wart under the left side of the nose, and a Mole upon the right side of the forehead, measures five feet.

Meerzah Mahomed Ameen aged 50 years, Brown Color, some small poxed scar on his face, and a mole upon the right side of the forehead, measures five feet and four inches.

Saib Beebee aged 29 years, Brown Color, a Mole under the left Ear, measures five feet and two inches.

Any person or persons attempting to deceive the Company by passing himself or themselves for the Incumbent or Incumbents in question shall be severely punished.

Madras Cutcherry 30th August 1822. } (Signed) L.G.K. Murray Collector

Saib Beebee, one of the Yeomiahdars withinmentioned, having died on the 3d June 1823, the payment of the Yeomiah is to be continued from that date to the other two Incumbents and to Syed Ally and Janney

Fort St. George 21st March 1850

Janney Begum the relations of Saib Beebee for their services at Hyderah Punjah.

Description of Syed Ally Fifty years old, five feet and six inches height, Black Color, and small poxed face.

Janney Begum 27 years, four feet and eight inches height, and Brown Color, and a Mole on the right eye.

Madras Cutcherry 4th May 1824. } (Signed) L.G.K. Murray Collector

Mirza Mohumed Ameen one of the three Yeomiahdars within mentioned having died on the 26th February 1825, the payment of the Yeomiah is to be continued from the above date to his son Abeeboollah Beg for his maintenance and that of the three widows, two other sons and one daughter of the deceased, for the Service at Hyder Punjah agreeably to a Pysulnamah or award given by the Nabob and received through the Government Agent at Chepauk with his letter dated 13th June 1826.

Description of Abeeboollah Beg is as follows.

16 years old, five feet height, Brown Color

Fort St. George 21st. March 1850.

Color, and a hole on the right ear, and a small pox'ed face—

Madras Cutcherry 7th July 1826 } (Signed) L. G. K. Murray Collector

(23-24)

Proceedings thereon. It would appear that the original Purwannahs for the grant in question are not forthcoming and that the (To Collector 15th Augt. 1822) Board authorized the share of Mirza Mahomed Ameen being continued to his son Abeeboollah, but that no authority, further than the Consent of the other sharers, was obtained from the Board or from Government for continuing the share of Sahib Beeber to her relatives Janee Begum, and Syed Ally

2. The Collector transmits Copies of the Purwannahs with translations and a transcript of another Purwannah, granted in lieu of the two former just alluded to—from which it would appear that the ceremonies were kept at Triplicany, and the

A VB. of 1807 C VD E of 1822

Fort St. George 21st March 1850

the allowance was to continue "so long as the ceremonies are performed according to custom." and in the last Purwanah the services are described as "at the Hydree Durjah."

3 The Collector is of opinion that the Grantees were not specially required to perform the duties at the Chepauk Palace but at Triplicane and that the rule relating to ceremonies which have fallen into disuse does not apply to the present case, as the Chepauk Agent represents that the duties have been properly performed in the Houses of the parties.—

4. It is observed that although the Chepauk Palace is not mentioned in these documents as the place at which the performance of the ceremonies was to continue, yet that that Palace is situate in the Village of Triplicane which is specified in the Purwanahs.— In reference to the Statements contained in the last Para of the Board's Proceedings of the 7th February 1850 to the adjudication by the Cauzee of the Nabob of the claims put forth for shares in the allowance.

to

to the correspondence which has passed with the Agent at Chepauk on the subject, and to the apparent circumstance that the ceremonies did take place at the Chepauk, until the 21st January 1844. when the parties performed them in their own houses, "inconsequence of the service having been discontinued by the Nabob Circar" the Board are led to consider that in the absence of the original Purwanah granted by the Nabob Zoolfut Jung Comrah, there is yet sufficient reason to suppose that, it was intended the ceremonies should take place at the Chepauk Palace.

The performance of the ceremonies at the Houses of the parties does not appear to have taken place until the 21st January 1844 and if the custom previous to that date, was in accordance with that mentioned in the Purwanahs of 1809 and 1811. or of 1822. exception might have been taken to the continuance of the allowance upon the ground that the custom had been

†Presented by Bahaderally at the Govt Office at Madras.

†From Officiating Sect to Govt 24th June 1834 Rn Cons 10th July 1834

been deviated from.

5 From the papers adverted to in the conclusion of Mr Hudlestons letter it is remarked that although the opinion of the Cazee ool Coozat was that such a ceremony when performed in a private dwelling house was not irregular, yet the Government was not satisfied that a ceremony when so performed could be considered of that public interest and importance as to warrant a public allowance for it.

The Board are aware that in that case the Honorable Court decided that the allowance should be continued, but it must be borne in mind that it was at a period when the Nabobs Circar attached some importance to the performance of the ceremony and recognized it as customary.

6. In the present case that Circar has itself discontinued the ceremony and no longer observe it, and unless the Government perceive from the

the Original or Copy of the Purwanah in Sup-
-port of this allowance presented at their Of-
-fice by Bahader Ally that it was the
intention of the Donor the Nabob Omdut
Ool Omrah that the ceremony should take
place, not at the Chepauk Palace, but in
Triplicane; and that it should not
continue according to custom, but as
a perpetual grant: the Board are un-
-able to support the Collectors views.-
7: They would at the same
time observe that in cases similar to the
present in which parties are allowed
to perform ceremonies in their own houses
(unless such be specified in their grants)
it does not appear in what manner the
local officers can sufficiently satisfy
themselves that the interest of the original
grant has been fulfilled by the Grantee
or that the funds allowed for service
have been otherwise than misappropriated.
The practice, if allowed would en-
-courage parties entitled to such pen-
-sions to draw their allowances ostensibly
for the purpose of performing ceremonies, but
in

in reality for their own private bene-
-fit, and without very efficient check
the misappropriations would be numerous.-
Ordered that the fore-
-going Proceedings together with the pa-
-pers referred to therein and the cor-
-respondence noted in the Margin be
submitted for the orders of Government.-

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George

(25)

Sir,

From Assistant Surgeon — }
A Hunter M. D, 1st District }

Forwarding Fibres of the Aloe and Plantain which were sent to the Polytechnic in competition for the prizes, and requesting the opinion of the Board on their quality and uses and enclosing Specimens of ropes prepared from the Fibres.-

I have the honor to forward some of the Fibres of the Aloe and Plantain which were sent to the Polytechnic, in competition for the Prizes of 10 Rupees each, and should feel much obliged if you could lay them before the Revenue Board at their next meeting, and if you could let me have the opinion of the Board upon their quality and uses,

uses. I would embody the remarks in the Polytechnic Report.

The Specimens of Rope and string which accompany the fibres have only been prepared with the fingers and as the materials have not been carded or dressed properly, I will not ask for a Report upon these small Specimens.

The Lord Bishop has kindly come forward and offered two prizes of a Gold Mohur each for the best Specimens of Rope and Twine.

Twine. I will describe the best process of dressing the fibres for these and advertise the prizes along with my report. The next prizes will be for thread and canvas from these or any other Indian materials, except silk or Cotton. Would you kindly return me the Specimens after the Board has seen them, as some of the bundles are for the Polytechnic and others for Prince Alberts exhibition. Should the Revenue Board require bundles of these fibres I will get some carefully prepared at the Jail.

Madras, 12th March 1850.

(Signed) Alexander Hunter M.D.
Surgeon 1st District

Ordered

Fort St George 21st March 1850

Order thereon.

Ordered that the following letter be sent in reply.-

To,

Assistant Surgeon at Hunter M.D.

Sir

(25-26)

To Assistant Surgeon at Hunter M.D. }

I am directed by the Board of Revenue to acknowledge the receipt of the Aloe and Plantain fibres forwarded with your letter of the 12th instant.-

In Cont. 21st March 1850.

2 The Board do not consider themselves competent to give an opinion on these products, and would recommend your applying to persons practically acquainted with the manufacture, for which they are designed.-

The Specimens are herewith returned.-

Revenue Board Office, Fort St George, 21st March 1850. } (Signed) W. H. Bayley Secretary

Resolved that the following letter be despatched.-

To

I. G. B.

Fort St George 21st March 1850

To

The Chief Secretary to Government

Sir

(27)

To the Chief Secretary to Government. } 1 I am directed by the Board of Revenue to submit for the information of the Right Honorable the Governor in Council the accompanying General Statement prepared in the usual form from the monthly accounts shewing the Collections of ordinary Revenue from 12th July 1849 to 31st January 1850 of Fusly 1259 compared with the Collections in the same period of Fusly 1258.-

A

Abstract B. shews a net

2 Decrease in the aggregate of Rupees 63524-6-3 resulting from a Net Decrease of Rupees 194,921-5-- in the Collections of Land Revenue and a Net Increase of Rupees 131,396-14-9 in the Collections from Extra sources of Revenue

Decrease in the Collections of Current - - - } 640538-3--
Deduct Increase in the Collections of Arrears - - - - - - - } 445616-14--
194,921-5--

The Decrease in the Land Revenue is occasioned chiefly, as explained in submitting the Statement for last Month, to the Serious inundations of the Godavery and Kistnah, and to diminished cultivation consequent on the unfavorable Season.-

3 Abstract C, shews the Increase and Decrease in the Collections of Land Revenue and the Revenue from Extra sources in the several Districts.-

Revenue Board Office, Fort St George, 21st March 1850. } (Signed) W. H. Bayley Secretary

Fort St George 21st March 1850

Resolved that the following letters be despatched.-

(28)

To

The Acting Collector of South Arcot

To the Actg Coll^r of South Arcot

Sir,

I am directed by the Board of Revenue to forward to you the accompanying Petitions from Apparow Moodelly of Murcanum in your District, and with reference to your endorsement of the 6th December 1849 to request that you will be so good as to furnish a full report on the several Statements made in support of his claim in those Petitions, stating at the same time who was in possession of the Pans when the dispute came before the Collectors, and how long that party had been in possession.-

Nos 1852 & 2446 of 1849.

Revenue Board Office
Fort St George
21st March 1850

(Signed) W. H. Bayley
Secretary

Proceedings.

Read Return of Fines and stoppages made from the pay of public servants in the District of South Arcot for the Quarter ending 31st December 1849.-

11 in M. Cons. 11th March 1850.

(29)

The Board observe that Kistna

Rows

Fort St. George 21st March 1850

Row Sheristadar of Munnargoody was fined 12 Rupees for gross neglect of duty in not adopting proper measures to prevent the Ryots from misappropriating the Circar share of grain in an Amany Village.-

2- The Board will not interfere with the decision passed on this case, but request attention to the Circular from this Office dated the 28th July 1825 in which it is provided that a Revenue servant should seldom be fined more than Two or three Rupees and never more than ten- unless sanction has been obtained from the Board.-

(30)

Circular.

Circular to all Districts except Ganjam Vizagapatam Rajahmundry Masulipatam Guntoor Bellary Cuddapah and Madras.

I am directed by the Board of Revenue to transmit to you the accompanying Extracts from the papers noted in the Margin, having reference to an improved System not long since introduced in the Guntoor District of keeping the Village and Talook accounts connected with the Settlement

From Guntoor	12th February 1847 Para 7.
Extt. Board's Pro:	14th June 1847 Para 2.
Extt. Minutes of Consn.	9th October 1847 Para 1.

Fort St. George 21st March 1850

Settlement of the Land Revenue.-

2. Before issuing instructions with a view to the general introduction of the method now in operation in Guntoor the Board would wish to be informed of the System which prevails in your District, and they accordingly request that you will be so good as to furnish at your earliest convenience, full information on this subject both as respects the mode in which the Tahsildars accounts are kept and also those of the Curnoms with the Ryots.-

3. It is the desire of the Board that both Talook and Village accounts should be prepared in a set form and so arranged that any tampering may be at once perceived on inspection, and every precaution taken to secure the efficiency of the Puttah.-

Revenue Board Office
Fort St. George
21st March 1850

/Signed/ W. H. Bayley
Secretary

From the Acting Principal Collector of Coimbatore

(31)

Read Abstract Statement
