Monday 25th March 1850 } G. D. Drury Esqre Senior Member
I Goldingham Esqre Third Member
Walter Elliot Esqre Second Member

Absent on duty as Commissioner
Northern Circars.

Minutes of the last Meeting
read and approved.

Read the following Extract

1 From the Secretary to Government } Extract from the Minutes of Consultation,
Under date the 11th March, 1850 No 247

Read the following letter
from the under Secretary to the Govern-
ment of Bengal.

Transmitting 10 printed
Copies of the Tabular State-
ments of the Commerce and
Shipping of the Straits Set-
tlements for the Official
year 1847/48.

(Here enter 4th February 1850 No 75)

Ordered that one copy of
the Tabular Statements received with the
foregoing letter be transmitted to the
Collector of Sea Customs and another to
the Chamber of Commerce, and that

Co

copies be also furnished to the Board of Revenue for their own use and for distribution to the Collectors of those Districts where Commerce is carried on with the Straits.-

(A true Extract)
(Signed) T. Pycroft
Sec.y to Government.

To,
The President and Members
of the
Board of Revenues.

Order thereon.

Ordered that one copy of the Statement received with the foregoing Extract from Minutes of Consultation be forwarded to the Collectors of each of the districts noted in the Margin, and that the remaining copy be lodged in the Board's Office.

1-2

South Arcot.
Tanjore, Masulipatam, Rajahmundry.

Read the following Resolutions.

3

From the Sec.y to Government

Extract from the Minutes of Consultation,
Under date 12th March, 1850- No 253.-

(From Board, 14th February)

The Right Honorable the Governor in Council observes from Statement No 3 that a charge of only Rupees 46-10-4 in Fusly 1257 and Rupees 19-1-8 in Fusly 1258 was incurred by the Collector of Chingleput under the Estimate for Rupees 385 sanctioned by Government

on the 12th August 1847 for classifying and assessing lands in the recently acquired Mootahs. The remainder of the charges incurred in Fusly 1257 for which especial sanction is now solicited appears to be on account of an establishment entertained in the Salt Department but under what authority is not stated. It is requested that this omission may be supplied, and in the meanwhile the Governor in Council grants sanction for the Sum of Rupees (65-12-0) Sixty five and annas twelve, disbursed under the sanctioned Estimate above referred to.

(Signed) T. Pycroft.
Secretary to Government.

3-4

Resolution thereon.

Resolved that the Government be informed that the payment in the Salt Department in Fusly 1257 for Pyguestics and Peons amounting to Rupees 416-0-0 is included in the Statement of the Collector of Chingleput submitted with the Board's Proceedings of the 14th February 1850 was incurred under the Estimated disbursement sanctioned on the 22nd April 1847 for Rupees 320-

In Cons.n 29th April 1847.

4225. Fort St. George 25th March 1850.

5

From the Secretary to Government.

Extract from the Minutes of Consultation,
Under date 13th March, 1850 No 264.
(From Board 25th February)

Under the circumstances represented in the separate communication from the Acting Collector of Bellary dated 12th November 1849, the Right Honorable the Governor in Council will not object to the continuance of the Enam held by the late Sashagherry Appah to his Nephew Rangapah, whose succession seems to have been regularly set aside in favor of his uncle, on the death of his father the original grantee and elder brother of the deceased. But this and the other Enam referred to in para 3 of the Acting Collector's letter should not have been continued by the Collector without applying for further instructions on the subject.

† acres 33 b assessed at Rupees 39 b in the Village of Hachaly and Beranally.

2.

The Governor in Council will not interfere with the enjoyment by Bheemapah of the portion of Enam valued at Rupees 64—2—8 held by him hitherto. but it will be subject to

4226 Fort St. George 25th March 1850.

to the same conditions on which the Enams were allowed to remain with the other Goomastahs Mudras Row and Vencuppah.

By Order
(Signed) T. Pycroft
Secretary to Government.

5-6

Order thereon.

Ordered to be communicated for the information and guidance of the Acting Collector of Bellary, with reference to his Statement dated 31st January last.

In Cons 25th Feby 1850.

7

From the Secretary to Government.

Extract from the Minutes of Consultation,
Under date 15th March, 1850 No 274.

From Board 4th March.

Resolved that the Collector of Cuddapah be authorized to disburse, subject to audit, the arrears of pension due to Aparachintalah Seyshumrauze from June 1848 to January 1850, amounting to Rupees (108—6—4) one hundred and eight, annas six and pice four, and to continue the payment of his allowance as usual.

Read the following Extract from the Minutes of Consultation Public Departments, under date the 11th March, 1850 - No. 621.

Read the following letter from the Subordinate Judge of Bellary.

(Here enter 11th February 1850 No. 105)

Para 1. Resolved that the Certificate No. 941 received with the foregoing letter, be cancelled and struck off the Register of Pensions.

2. On examining this certificate it is found to have been issued in the year 1842, the pension being payable by the Judge of Bellary. Clause No. 4 of the General Rules relating to Civil Pensions, seems however to have been wholly disregarded in respect to this certificate, not one of the payments made during the period of 8 years for which

Fort St. George 25th March 1850.

which it has been held being endorsed upon it. The Right Honorable the Governor in Council resolves to request the Court of Sudr Adawlut to ascertain and report the cause of this omission and the names of the Officers to whom it is to be attributed. Adverting also to the present and to other recent instances in which the requirements of the Rules for regulating the payment of Civil Pensions and more particularly of Clause 4 Section II do not seem to have been complied with, He resolves that the attention of all Officers charged with such disbursements be once more called through the proper Departments to the most careful observance of the Rules in question, and that they be warned, that they will be held personally responsible for any payments made by them in which the course prescribed by those rules may not have been

4233. Fort St. George 25th March 1850.

been strictly followed.

Fort St. George.

(21)

From the Collr. of Nellore - Reporting on the Petition No. 197 of 1848.

Sir,

I have the honor to report on the accompanying Petition No. 197 of 1848 bearing the Board's endorsement dated 2d February 1848, praying for restoration to Petitioner of his Shrotrium Village of Murrepand situated in the Woodiagherry Talook.

2. It appears that the village in question was granted to Petitioner's father by the Nabobs, as a Shrotriam in Fasly 1185, and that the Shrotriadar rented it out to the Jageerdars for Pagoda 90 per Annum, and that after the death of the grantee, it was enjoyed by his two Sons, Petitioner and his brother, who subsequently obtained possession of it for some time, but, owing to disputes between them, allowed it to fall again into the hands of the Jageerdars, from whom Petitioner, after his brother's death, though entitled to another share, besides his own, received only

Fort St. George 25th March 1850.-

only Pags. 110½ for his portion in ready money and grain, till Fusly 1249, when the Jaghire was resumed by Government.-

3. Petitioner having thus lost his Shrotriem, petitioned the then Collector Mr. Stonhouse for the continuance of the allowance paid up to that period to him by the Jagheerdars, but was by endorsement dated 17th February 1841 directed to apply to the family of the Jagheerdars on the ground of the Village having been resumed from the Jagheerdar and not from Petitioner, Petitioner's claim was also viewed in the same light by the late Collector Mr. Smith, as appears by his endorsement on Petitions No. 264 of 1846 referred to him by the Board.-

4. The Sunnud on which the grant was originally made by the Nabobs, was, according to Petitioner's Statement, stolen by the Jageerdar Abbas ooally Khan: but, there are other authentic documents on record, which appear clearly to warrant the validity of Petitioner's claim. Viz.-

1- + Deposition of Jageerdar Syed Abdool Kauder Khan dated 25th April 1803 regarding the

Fort St. George 25th March 1850.-

the Villages of Woodiaghery Taloole.-

2. + List of Documents containing 17 Sunnuds, the last of which was issued by Jageerdar Nasurl Jung Bhadur in the name of Gopaulrow, Petitioner's father, conferring on him the Murrepaud Shrotriem alleged by Petitioner to have been stolen.-

3. + Cowlnamah or Sunnud dated 5th Rubbeluvel of Fusly 1235 purporting to have been granted by Jageerdar Abbasally Khan to Petitioner and his brother for their joint enjoyment of the Village.-

4. Sakeed dated do. issued by do. to the ryots requiring conformity to the aforesaid Cowl.-

5. The Village is now in the possession of Government, and the annual revenue realized therefrom since its resumption up to Fusly 1258 varies from Rs. 700 to Rs. 895.-

+ These are herewith forwarded with their translations

Fort St. George 25th March 1850.-

No. 3.

No. 1. Translation of a Deposition of Syed Abdul Khader Khan.-

As regards the circumstances of the Summuds of the Killa Jaghir, I beg to state that there lived in the days of Mahomed Shaw Pathshaw of Delhi, one Dakhem Seebah Nezahmun Mool Kh. and Arcot Sadurla Khan was Subadar. During his Government over the Province of Arcot, my grand father, served under Syed Moostafa Sadutoolla Khan in the capacity of a Fouzdar to the Nellore Saloost. when he having requested Sadoottolla Khan, he with his support wrote to Nezamally Khan. Nezamun Mool Kh wrote to Delhi Pathshaw and thro' the interests of the Vazeers there obtained the order of Nezamun Mool Kh who granted Summuds & Purwanahs.

On Submitting the aforesaid Documents to Sadoottolla Khan, he also granted a Purwanah with full details of the Villages. My Grand father's name is Syed Moostafa, and that of his elder brother Syed Shawmeer and there are Summuds in the name of Syed Butturtheen the Son of Syed Shaw Ameen, and there are Summuds also in the name of my

Fort St. George 25th March 1850.-

my father Syed Butturtheen. A few days after that Nezamun Mool Kh. Mahomed Shaw (Delhipathshaw) and my father having died, the Son of the 1st named Nazur Jung issued Summud in my name, but he also died. Afterwards Salabut Jung issued Summuds as also Jayavatheen Khan, and about two months after both of them died. Then Nezam Ally Khan assumed the throne and issued Summuds in my name as we were old from three generations. The Nabobs afterwards told us. "You have no concern with Hyderabad, whatever petitions you may present and whatever answers you may get. all should be done by us." Accordingly we put to a stop all our communications at Hydrad and did as we were ordered by the Nabobs who issued Summuds in the name of my Son Syed Abbas.- Besides him, the eldest Son, there are 4 more Sons, their names Syed Moostafa, Syed Ally, Syed Jullal, Syed Noorool.- To the 1st we gave two Villages. From that time up to 30 years during the Government of Sadoottolla Khan. Ally Dost Khan, &c

Subder Ally Khan

Fort St. George 25th March 1850.-

Subder Ally Khan and during these two occasions the Company assumed charge. we were treated honorably, we were thus protected since these last 80 years. your honor is now come and the whole incumbency of protecting us is on your honor. We are in every respect. persons of high family, the Beriz of the Jaghere amounts to Pagodas 14,000 which is registered in the Chitta Purwana-my father held it in management for 30 years and we since 50 years superintended the repairs of Tank & Co and also dug 12 wells more than the original number, 4 in every village. Tank Irrigation now serves to fields in which 3 Candies of Seeds are sown but originally only 1 Candy. we did all these for the good of the people and were enjoying the profits either in ready money or in Kind.-

Sadoolla Khan fixed the amount to be paid as Peishcash to Pag.s 1100 which we continued paying. Besides this the Nabob having punished and expelled Jupalle Lutchmarow about whose roofs coom. docu-ments of settlement were executed between him and us and there remained about

Fort St. George 25th March 1850.-

about Pags 1200 to be paid by us, and the Nabobs have issued Sunnuds to us that we should pay him Pag.s 200. to which we accordingly conform. In the mean time Apparaw one of Lutchmarow's people oppressed the Villagers and Killed 5 of them. and Urzees which were sent to the Nabobs having not been noticed, we made a treaty with him that we should pay Pag.s 1000. We were requesting the Nabobs to refund the sum we hitherto paid to Apparaw but they died, but now you who are charitable Gentlemen are come. We are in every respects the subjects of the Company and we shall conduct ourselves to their Satisfaction and get their favor.-

As regards the Villages of Goovady 4 in number, their Sunnuds are in our name. those of the Murrepand Shrotrium in the name of Pasoonoory Gopaulrow from whom I rented the Shrotrium and the Beriz thereof I pay to Circar with those of other Villages, but the Ejara Cutcum I pay to Gopaulrow and after his death to his Sons Ramrow and Lutchmenarsoo. etc the Circar has now assumed the Jaghere

9

4241. Fort St. George 25th March 1850.

I gave my deposition in full and it remains on your part to protect us. And as you have authorized Captain Fitcher to enquire into the affairs between us and Venkatapaty Naidoo. we shall abide by his decision. I have 4 daughters one of whom is a widow and the other 3 are little ones. How shall I write the names of women and therefore omit them. You are fully aware as to our protection by you. We are under Your Command in every respect. -

Order thereon. Ordered that the following letter be sent in reply.-

(21-22)

To the Coll.r of Nellore.-

To. The Collector of Nellore.-

Sir,

With reference to your letter of the 15th February 1850 explanatory of the Petition No. 197 of 1848 wherein one Pursenoor Lutch-Meinarsoo claimed the right to the Village of Murrepaud in Woodiaghurry as a Shrotrium, I am directed by the Board to observe that considering you appear to look upon the Petitioner's claim as valid, further details might have been submitted, and the following information is now required.-

Requesting further information in answer to certain questions regarding Pursenoor Lutchmeinarsoo's claim to the Shrotrium of Murrepaud.-

4th para 4.-

I What has become of the Petitioner's elder brother and is he to be considered a joint claimant.?

II Are the interests of any other parties involved in the Village as to a share in the Shrotrium.?

III It would appear from Enclosure No. 4 of your letter that the share of the two brothers amounted to a total sum of 345 Pagodas.-

How

Fort St. George 25th March 1850.-

How is this to be reconciled to the fact stated in the last para. of your letter that the annual Revenue is now only about 800 Rupees.?

IV What was the amount of Jodee paid before the Jagheerdar rented the village.? The Petitioner states it at 90 Pagodas.-

V. Have similar claims been made to the other Shrotrium villages of Redda Machanoor, Goovadee &c. alluded to in para 20 of Mr. Stonhouse's Report to the Board of Revenue dated 24th August 1840.? and in what way do their circumstances differ from Murrepaud.?

In Cons. 28th Sept.r 1840.

The Board would wish to receive this additional information as early as possible to enable them to dispose of the case.-

I am also directed to call your attention

3.

4247 Fort St. George 25th March 1850.

attention to the circumstance of your not having referred in your report on the Petitions No. 197 of 1840 to any previous correspondence, thus entailing a delay in search=ing the Records of this Office which might have been avoided.

4. The Petitions and Enclo=sure No. 4 of your letter are herewith transmitted.-

Resolved

Fort St. George 25th March 1850.

23:24

Resolution thereon –

Resolved that the foregoing letter together with its enclosure be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to Para 2 of Extract Minutes of Consultation dated the 14th November 1848. –

In Cons. 23rd Nov. 1848.

It will be observed that the amount of Collections from the Eight Enams ordered to be restored, in the Extract Minutes of Consultation above quoted, to the claimants is Rupees 358 – – 1, of which Rupees 68 – – 7 has been carried to account and the remainder Rupees 289 – 15 – 6 is in deposit and the Collector proposes to pay the latter sum to the claimants and to disburse Rupees 68 – – 7 to them (making an aggregate of Rs. 358 – – 1) out of the amount of collections in deposit from the Enams finally resumed

The

2. The Board resolve to request that sanction be granted for the full amount Rupees 358-- -- 1 to be refunded to the parties named in the Statement enclosed in Mr. Pelly's letter; and to inform that Officer that the whole of the amount Rupees 547-1-6 now in deposit from Collections from the Cuams finally resumed, as well as those restored, be carried to the credit of the Sayer Summa as it appears to have been the intention of Government that the disbursement of the sums now to be refunded should be brought under Audit.

Finally resumed Rupees	257-2--
Restored ——— --	289-15-6

To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

25

From the Collector of North Arcot.. Encloses for examination & approval one of the three forms of Statements of cultivation viz received with Mr. Bycroft's letter of the 24th Septr 1849..

Sir,

As desired in Mr. Bycroft's letter of the 24th September last, I have the honor to enclose one of the three forms of Statements of Cultivation, Demand and Collection, and Maurasmut Expenditure, therewith received, filled up in conformity with the instructions contained in that letter for the purpose of being examined in the Board's Office previously to the filling up of the other two Copies.

2. The small Statement prescribed in Para 4 for peculiar Kinds of produce raised on descriptions of land other than that to which they properly belong, is not forwarded, agreeably to the instructions therein given; inasmuch as the extent of land,

Fort St George 25th March 1850.

land so occupied in this District is inconsiderable.

3. A great part of the expenditure on roads was on such as are now trunk roads, though they were not so at the time to which the Statement refers. Thus out of Rupees 12,999 the total expenditure under this head in 1842, no less than Rupees 12,406, was spent in opening the Moogly Ghaut; of 1,783 the total outlay in 1844, Rupees 1,000 was on roads which are now trunk roads; and of Rupees 3,534 in 1845, Rupees 3058 was on similar roads. The sums expended on the high western road are totally excluded from the Statements.

4. No further remark appears necessary with reference to these Statements, except to observe that in the second table, the whole of the demand under the head of "Other sources of Revenue," is put down as collected, because

Fort St George 25th March 1850

because the items of which this description of Revenue is composed being for the most part included in one puttah with the proper land Revenue of the Ryot, it cannot be determined what portion of the uncollected balance is due to this head.

North Arcot,
Collector's Cutcherry,
Chittoor, 19th March, 1850

Signed J D. Bourdillon
Collector.

North Arcot. Collector's Cutcherry, Chittoor, 19th March, 1850.

(Signed) [illegible]

Collector.

25-26

1260. Fort St. George. 25th March 1850

Read the following letter -

To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

27

From the Sub Collector in Charge of Salem. Submitting a Statement of lands required by Individuals for cultivating Coffee on the Shervaroy Hills and the Form of a lease which he proposes to grant with reference to the Board's proceedings of the 7th January 1850.

Sir,

I have the honor to forward for the consideration of the Board of Revenue the annexed Statement of lands on the Shervaroy Hills for which offers have been made by four different parties. The accompanying letters will show that the instructions of the Board under date the 22nd March have been attended to, and I request the sanction of the Board for granting the lands on lease to the parties who have applied for them -

With reference to the Proceedings of the Board under date the 7th January 1850, I have the honor to request their instructions as to whether in the present instance the lands are to be put up to public competition as provided in para 7 of their proceedings. at the same time I would beg to state that as the applications of the parties

are

Fort St. George, 25th March 1850

are of some standing, and the ap-
-plicants have had reason to believe
that the lands would be granted to
them without competition, I would
request that the rules may be made
applicable only to future offers. The
Board are aware that under the present
rules with reference to the Shevaroy
Hills [Board's instructions of 8th September
1842], land which has not been cultivated
for 20 years is given on rent free tenure
for 5 years, after which an assessment
of one Rupee per acre per year is
levied upon it. In the present early
stage of cultivation it appears to me to be
highly desirable that this encouragement
should be continued, and I conclude that
the upset price (7 or 8 years purchase of
the assessment) proposed for the Nal-
-gherries will not be considered applicable
to the lands of the Shevaroys. At the
same time it appears to me to be
desirable, that public competition
should in future be allowed, and I
would beg to recommend that the
terms of the lease being specified, the
land

Fort St. George, 25th March 1850

land should be offered to the highest
bidder without any upset price being
affixed.

3. I beg to submit for the
approval of the Board, the accom-
-panying form of lease which I have
prepared in conformity with their
instructions, and which, if approved,
I propose to grant to the applicants
for these lands as well as in future
similar cases.

Salem District,
Raizepoor, Collector's
Cutcherry, 1st March, 1850.

[Signed] T. N. Mallby
Sub Collector in Charge.

To,

W. C. Lockhart Esqre

Collector of Salem.

Sir,

I have the honor to acknowledge your yadastm of the 9th June last with reference to a plot of land on the Shevaroy Hills for which an offer has been made by Mr William Martin and also your letter of the 7th Instant on the subject of three other offers of which one is made by Mr Robert Pavey a European Pensioner -

2- Iyesterday visited the site of these two lands, which form portions of the Jungle lying between Killioor and Kachapady, and I think it is very desirable that the land should be granted and that settlement in that part of the Hills should be encouraged. I would only suggest that a reservation be made with reference to the land offered for Mr Pavey, of a strip extending

extending 15 yards on each side of the Nullah in order that the trees which shade it may not be removed -

3. I shall take an early opportunity of visiting the other lands -

No. 3.

To, W. C. Lockhart Esqre

Collector of Salem -

Sir,

With reference to my letter of the 11th Ultimo. I have the honor to state that I have since ascertained the situation of the lands applied for by Mr Moore and Mr Brown I have not visited the spots on the present occasion, and I am not able at present to do so, but I am well acquainted with both of the sites; and I do not think that there is any objection to the lands being granted to these applicants -

The

4266- Fort St George. 25th March 1850

2- The land applied by Mr Moore is on the sloping and wooded west side of the Ajoemboor Valley below Mr Robert Cockburn's- That applied for by Mr Brown lies along the rivulet which flows from Mr Fisher's forest plantation past Mr Johnston's grant-

3- In making these grants I would only beg to suggest that, as on the case of Mr Davey's land, a reservation be made of a strip of 15 yards from the stream, in Mr Brown's case-

4268. Fort St. George. 25th March 1850

1. The teerwah or assessment will be remitted for the first five years. You shall commence to pay teerwah from July—— at 1 Rupee per Acre as per Kistbundy for the period of 30 years from July——

2. As it is in contemplation that whenever circumstances may permit, a revenue survey and assessment shall be introduced into the Shevaroy Hills, you will further be liable to pay from the date that such arrangement shall be carried out, such revised rate of assessment upon the whole of the land comprised in this lease as may then be determined upon, be the same more or less than that now payable under the provisions of this lease, provided however that as regards such of the lands granted to you under this lease as many be entitled to five years caule remission, the revised assessment if introduced within such period of exemption shall not have effect until after its expiration.

3. On the expiration of the term

4269 Fort St. George. 25th March 1850

term of 30 years to which this lease has reference, You will be at liberty to continue to hold the land entered in it so long as you shall pay the Government demand, which demand will further be liable to revision on a revenue survey and assessment being introduced, if such a measure shall not have been carried out prior to the termination of your lease.

4. You will further keep open all roads and footpaths at present leading through your land, and you will without any objection allow right of way thro' your land though none previously existed, in the event of land adjoining to or beyond your own being taken up for cultivation by others, so as to make such land accessible. Where a road or path already exists you shall leave at least 9 feet on each side measuring from the middle of such road or path, making in all 18 feet, and no assessment shall be charged upon the land so left.

A

5. A reservation is made in favor of the Government of all the land lying within fifteen years of any Nullah or Stream; you shall not be allowed to fell any timber upon any such land, especially upon the land lying upon the border of the Stream called ——, and no assessment shall be charged upon such land.

6. You shall not be at liberty to transfer or otherwise alienate any part of the land leased to you which you shall not have brought under cultivation.

7. You are bound to erect boundary marks around the land leased to you, and shall maintain them in good condition at your own charge.

8. It is to be clearly understood that Government reserve to themselves in the fullest manner the complete control over all streams, Springs, reservoirs, and Channels of irrigation; no Stream is to be diverted nor

nor its water taken for purposes of irrigation, without the special cognizance and sanction of the revenue authorities of the district.

9. Government reserve to themselves all mineral products of the land granted on lease to you, with liberty to work mines wherever desirable, and free right of way to such mines, on due compensation being made for the extent of land thus appropriated.

10. Government further retain the power of taking on fair and equitable compensation any land included within the limits of your lease which may be required for the construction of a road, channel, or other work of general utility and convenience, or for the exigencies of the public service. The compensation referred to in this and in the preceding para shall be determined by arbitration, one assessor being named on your part and one on the part of Government, which two are jointly to choose a third.

The

The award of the majority shall be taken, except in cases wherein gross partiality or incompetency on the part of the arbitrators shall be proved to the satisfaction of Government in which case the award shall be set aside and three fresh assessors nominated in the manner above stated whose decision whatever it may be, shall be final.

11. In all questions which may arise regarding the sense in which the provisions of your lease are to be construed, in all boundary or irrigation disputes, or differences with the Natives, you shall be bound to abide by the decision of the local revenue authorities, subject however to an appeal to the Board of Revenue and Government.

12. The land specified in this lease being granted to you free of assessment for the first five years and subject to the full land assessment after the expiration of that period, you are hereby required to

to bring two thirds of the said land under cultivation within three years, under penalty of forfeiting all that remains uncultivated.

(Signed) F. N. Mallby
Sub Collector in Charge.

(27-28)

Proceedings thereon. The Board of Revenue authorize the grant of the several spots of land referred to in the statement which accompanies the foregoing letter, to the parties who have applied for them on the usual conditions; but with the reservations in the grants to Messrs. Pavey and Brown proposed by the Sub Collector.

2. The Board observe that it was intended by their order of 10th May 1849 that the course prescribed in the Neilgherry Manual should be carried out in the disposal of applications for lands upon the Shevaroy Hills as far as circumstances permitted. It does not seem necessary in the cases under reference to put the lands up to competition; but the Board are desirous that

4274. Fort St. George. 25th March 1850

that in all future references for grants of Land, it should be stated whether there are circumstances that may render it advisable to dispense with the general rule of competition from an upset price, and the amount of what may be considered as the upset price, in accordance with para 7 of the Manual, should be entered whether it is proposed to be demanded or not.

3 With respect to the Lease it is observed that the Honorable Company's Solicitor had been directed by Government to prepare a form for the Neilgherry Hills, when this is received, it will be for consideration whether it may be made applicable to the Shevaroys also. In the mean time the usual Pattah or bowle may be granted.

Board of Revenue.

(29)

From the Collr of Tanjore. — Reporting on Petition No. 1691 of 1849.-

Sir,

With reference to the orders of the Board endorsed on Petition No. 1691 of 1849 I have the honor to report that the Village of Cargoody in Cottallam Talook was sold in auction in Fusly 1230 for the recovery of arrears of Revenue due by the petitioners Forefathers.- The present Meerasdars who purchased the Village have enjoyed the same for the last 30 years, the Peramboke Purs, house grounds, &c &c having been included in the purchase.-

The petitioners however started an objection in 1824 to the purchasers enjoying the Manyem lands assigned to Kurnums and Taliaries, and these on enquiry were restored. A claim is now brought forward to certain Maniouts or house grounds and the Manyem granted to Pullier Covil. The Maniouts appear to have been in the profession

of

Fort St. George 25th March 1850.-

of the present Meerasidars ever since the Village was purchased by them, the petitioners having removed their residence to another Village. The Manyem granted to a Pullear Covil is in charge of the Priest thereof and the produce appropriated to the use of the Pagoda.-

The Petitioners' Statements that the former Collector had in 1827 issued an order for the restoration of these Maniems and Manyems, and that these were not included in the Sale of the Village are altogether unfounded, there appearing no such order on the records of the Sub Collector's Cutcherry and the Village being evidently bought and held with all appurtenances thereto Petitioners can have no sort of claim to the backyards or Maniem they now apply for.-

Tanjore, Vullum, 8th March, 1850. } (Signed) J. F. Bishop. Collector.

Order thereon.- Ordered that the following Endorsement be passed on Petition No. 1691 of 1849.

(29-30)

"Under the circumstances stated by the Collector in his report on this Petition dated 8th March last, the claim of Petitioner to the backyards or Maniems and Manyems granted to the Covil appears to be inadmissible".-

(31)

From the Collr of Trichinopoly }

Sir,

With reference to the Extract Board's Proceedings of the 4th March and the 2nd Para of Extract Minutes of Consultation of the 27th January 1847, I have the honor to state that the portion of the Enam held by Kareem Saibah Beebee as a descendant of the Original grantee has been resumed and incorporated with the Ain lands. It appears however that the full produce of Fusly 1258 amounting to Rupees 191-13-1 were carried to the Credit of Government and that the allowance of one third has not yet been paid to Kareem Saibah Beebee I request therefore that the Board will be pleased to obtain Sanction for my paying her the sum of Rupees 65-15-4.

Trichinopoly.-1- Collectors Office, 16th March, 1850. } (Signed) C. Maltby. Collector.-

Proceedings thereon.- Resolved that the foregoing letter

(31-32)

4278 Fort St. George 25th March 1850.-

letter be submitted for the orders of the Right Honorable the Governor in Council.

Shem = but } 3 Rupees 143-37-8.
Kata = put } 95-17-4.
Total 239-9-55.

The Enam in question formed the subject of a Communication from this Office to Government under date the 4th January 1847, and, in para 2. of Extract Minutes of Consultation of the 27th In Cons 4th March 1847. Idem, it was directed that the half share held by Syed Hamed claimed by Kareem Saibah Beebee should be resumed, and that she be allowed as a descendant of the first grantee, one third of the proceeds accruing from that share, for her life.-

2. Mr. Maltby now states that this portion of the Enam has been resumed, and incorporated with the Ain lands, but, that the full proceeds Rupees 197-13-1- were carried to the credit of Government, and that the allowance of 1/3d has not been paid. He therefore requests that Sanction be obtainned for paying Kareem Saibah Beebee her 1/3d share not exceeding Rs. 65-15-0 which the Board beg to recommend may be granted accordingly.-

Note The Amount entered in the Collector's letter Rs. 191-13-1 is apparently a Clerical error.

3. With the view to obviate the necessity of making a fresh application annually for the disbursement of this share, the Board would suggest that the proceeds of this share should either be yearly retained in deposit & then paid at the close of the year or that an allowance should be fixed calculated on the average of the proceeds of past years to regulate future disbursements.-

33

From the Collr. of Madura - Affording certain information called for by the Board in their Proceedings of the 27th August 1849 on the subject of the Maneam Villages enjoyed by the late Tessa Cawny Nachey: ar of Ramnad.

Sir,

With reference to the Proceedings of the Board, under date the 27th August 1849, I have the honor to submit an Extract (Translation) from the Hindooee No. 1 and English Register No. 2. of Enams in the Ramnad Zemindary and translations of depo=sition Nos. 3-4. 5. given by aged persons likely to be cognizant of the affairs of the Zemindary at the commencement of the British Rule.

No. 6.

I also enclose a memorandum of the genealogy of the Zemindars framed from such information as can be procured.-

2 From these papers, which do not fully agree it would appear, that Kielavan Satoputty the 7th Zemindar on the list alienated the 3 Villages of Settanaindel, Perenaindel, and Kakanaindel to his wife; the date of the grant must have been remote, but cannot be exactly ascertained. The half Villages of Oopalacoody and Chatoorvedamungalam are not entered in the Hindooee and English Registers above mentioned, but the list of Enams in Doondoobee dated 1802 & 1803. classes them as Saravanamien without stating when or to whom they were granted.- It further appears, that the above 3 entire and 2 half Villages came into the possession of Mottoorama Linga Satthoputty // previously I should imagine

imagine to his succeeding his uncle in the Puttam and were by him assigned for the support of his wife Rajarajaswary Nacheyar on whose death in Yeova 1815/16 they passed to her daughter Seva-=cawmy Nachyar who lived with her. One fourth two of three eighths of the chatoornadamungalam were enjoyed by Bramins as Dhurmasanam from whom Rajarajaswary Nacheyar pur-=chased it making her total property 4 7/4 Villages.

3. The above Statement renders unnec-=cessary an answer to the Board's question why the Villages were conferred on Sevacawmy Na-=cheyar during her minority- I copied my observa-=tion to that effect from the late Principal Collector's letter to the Board under date the 7th July 1840. Para 2.-

4. No. 7. The account between Sevacawmy Nachey and Bick Rajee Row is also enclosed, from which it appears that the sum of 31,274-9-3. mentioned by the Principal Collector in his letter dated 7th July 1840 does not include Interest subsequent to the dates of the Razeenamahs. The Razeenamah No. 20 for Rs. 9,310 mortgages the 3 entire Villages; the Razeenamah No. 20 for 5,621 the 1/2 and 2/4 Villages and the Bond dated 1st August 1817 for a separate sum of 15,573-9-3. for an additional mortgage on the 4 1/4 Villages. For the 2 small bonds nothing is pledged. Copies and translations of these documents are also submitted.-

5. I believe the Statement of the Witness in Document No. 3. Viz. that Mungalaiswary Nachyear brought an action against Rajarajaiswary Nachyar for the above Villages and was nonsuited to be an error, as I can gain no clue to the date of the Decree from the Civil Court or from Kangya Tavers Vakeel.-

6. The allowance enjoyed by Moottoo-=ramalinga Saithooputty must have been paid at Madras where he was a prisoner. Those granted to the mother and husband (Mauply Thaver) of Sevacawmy Nacheyar and the widows of her father are entered in a list transmitted to the Board on the 28th June 1814. The two former are dead some of the widows are alive and still hold their pensions.

7. In addition to the papers already adverted to- I have the honor to transmit translation of an Urzee from the Zemindar of Ramnad, claiming the reversion of the 4 Villages without enhancement

of

4282 Fort St. George 25th March 1850.-

of Peshcush- The argument deserving of consideration is that of the 5th Para viz. that these Villages are Maneams attached to the Sroothaitoo or private lands of the Palace and under Section II Regulation XXXI of 1802 irresumable as having been granted by Carnatic Rulers prior to 12th July 1792. I imagine that the Regulation quoted refers to grants by Government only and not to those by Zemindars, which by Para 7 these are allowed to be; and that had these Villages been in possession of the Zemindar who obtained the grant of the Sunnad Istimrar, they would have been included in the assets on which the

4283 Fort St. George 25th March 1850.-

the Peshcush was fixed- The Zemindar's claim therefore does not seem to me to be tenable.-

Translate of a Deposition dated 22nd September 1849. before the Salt Amildar of Rammad by Narana Iyengar Son of Veeravawmy Iyengar the Palace Poorohitah Bramin in the days of Moodooramalinga Saitoopatty and Ramen Mungalaiwaree Natchyar late Zemindar of Rammad, and aged 60 years.

2 To whom were the Seroothaitoo Villages of Sittanaindel &c. alienated on Jeevithom or subsistence tenure by Moodooramalinga Saitoopaty?

The conveyance of Nerinjee Saver the father of Moodooramalinga Saitoopaty having been born in the Village of Sittanaindel the latter had not only placed that and Periainaindel Villages as Seroothaitoo a-part from the rest of the Estate but allowed to enjoy them in connection with the Dumasanem Village of Kakaiaive idel and half of Cholatorvadamungalum and Oothalagoody on Jeevithom or subsistence tenure. On his being captured by the Company his Barbar Nana-Seevoya Iyer under his order continued to maintain his family

Fort St. George 25th. March 1850.

Note. No documents are found in support of this Statement

family Vega from the income of the Villages in question and the Pension allowed to them; afterwards in consequence of certain family disputes between them the Government not only divided the pensions among them with reference to a list furnished by the above Sastrapaty but alienated the above Villages to the 1st. lawful wife Rajaraj aiswary Natchyar in addition to the allowances granted to them

I state the above from memory and from what I have heard.

2 When and by whom were the Villages alienated to Sevacamy Natchyar?

A When Rajaraj aiswary Natchyar was in possession of the above Villages her daughter Sevacamy Natchyar with the concurrence of the mother contracted a debt from Bickajee Row for the purpose of instituting a suit in the Provincial Courts for recovery of the Zemindary in 1816. On the death of the former the Villages in question came by inheritance into the possession of Sevacamy Natchyar as the part of her property. After enjoyment of them for a time she mortgaged the Villages

Fort St. George 25th. March 1850.

in question to Bickajee Row in liquidation of the above debt which remained unpaid

Sevacamy Natchyar was at the time of the mortgage 26 years old.

2 What was the name of Sevacamy Natchyar's Mother?

A Rajaraj aiswary Natchyar

2 Who was the lawful wife of Moodoo pamalinga Sastrapaty?

A He had 2 wives Viz. Rajaraj aiswary Natchyar and Purathavardany Natchyar. Of whom the former before the said Sevacamy Natchyar, but the latter was childless Consequently Rajaraj aiswary Natchyar became the preferable heir to the Estate.

2 When did the said Rajaraj aiswary Natchyar die?

A In Vicaee of Yoova 1815/16. Of whom did Sevacamy Natchyar

2 purchase 1/4 of Chatoorvatanumgalom Villages?

A My elder brother Agoorvengar, Narana Deekader Streenivasyengar and Venkatarobien in all 5 persons.

4290 Fort St. George 25th March 1850.

Person sold the said 1/4 Village for
400 Shaly Pons.—

2 What rights had you to
sell the same?—

A In Nabob's time, one Elejoma
Peroomal pillay had purchased 3/4
the Village in question from certain
Mahajenums and bestowed upo
n in donation. We enjoyed it for some
time; when Moodooramalinga Saito-
=puty gave us Narainamdel Village
in exchange for 1/2 of the above Village
We then enjoyed the remaining
1/4 Village for some time and sold
it to Lewacany Natchya 40 years back.

4296- Fort St. George. 25th March 1850

No. 8.

Translate of a Purcunnah dated 29th March 1817 presented to W. O. Shakespear Esqre Judge of the Zillah Court at Madura, by Streenevassa Pundit Courts Vakeel on behalf of the Plaintiff Bickajee Row of Madura -

In consequence of the Suit No. 25 of 1817 brought by the Plaintiff against the Defendants Heranya Gurba Yajee Renchoola Moodoo Vizea Ragoonada Ranee Saithoopathy Sevacamyer Natchyar and her husband Pratapa Simma Vizia Gopala Saitoopathy Rajah, for recovery of 1364 Star Pagodas 7 Fanams and 75 Cashes being balance of principal and interest due, after deducting what had been paid to him on account of the value of Jewels and of 16 Star Pagodas 37 fanams 5 Cashes due on account of certain charges total 1,380 Star Pagodas or Rupees 4,380, with interest up to the date of the decree, the Defendants compromised with the Plaintiff as follows -

That

4297- Fort St. George. 25th March 1850

That Defendants do pay to the Plaintiff the amount of this Suit viz. 1,380 Star Pagodas with 120 Star Pags being interest thereon from the date of the Plaint to the present day, institution fee and Vakeels fee of both parties and other charges total 1,500 S. Pagodas and also 1100 Star Pagodas, being the amount and Costs of Suit No. 793 of 1816 brought by Shroff Veeranna Chetty against Hurry Sunkara Bhut on the score of his having become security for Udalut, and the payment of which was undertaken by the Plaintiff on account of the Defendants in liquidation of debts due by the latter to the above mentioned Hurry Sunkara Bhut, making in all 2 items the sum of 2,088 Star Pagodas, and mortgage for the same the 3 Surva Manniem Swosthaittoo Villages of Sitha naindel, Kattanaindel and Perianaindel, belonging to the Defendants in the Ramnad Zemindary, that until the above sum of Star Pagodas 2,100 and the interest accruing

P

Fort S.t George 25.th March 1850

accruing thereon in future be paid to the Plaintiff he is to continue to hold possession of them, sell the produce thereof and credit the proceeds with the ready money income to the Defendants on account of the debt, that on liquidation of the whole amount with interest the Plaintiff is to relinquish the Villages to the Defendants, that Defendants do bear the charges on account of the Maneyans, Sumprady and other Sibbendies, to be entertained by the Plaintiff to manage the Villages, and the Plaintiff the fee of the Vakeels of both parties, that Defendants do clear any disputes which might occur regarding the Villages or in default pay the amount due to the Plaintiff in Cash-

This Compromise has been entered into at the mutual Consent of both parties in replacement of the Suit instituted by the Plaintiff against the Defendants-

No. 9

Translate of a Razeenamah dated 29.th March 1817 presented to the Zillah Court at Madura by Seenevassa Pundit Courts Vakeel on behalf of Bee Rajee Row of Madura before W. O. Shakespear Esq.re Judge of the Zillah-

In consequence of the Suit No. 26 of 1817 filed by the Plaintiff for recovery from the Defendants Ermya Gurbayajee Rance cola. Modooveejya Rayoonada Rance Saithoo-puthy Seevacawmy Katchyar and her husband Prathapasimma Vejyagopalo Saithoo puthy, of Sums due on receipt, sundry accounts and value of Paddy the Principal and Interest Amounting to Star Pagodas 1331-42-38 the Defendants compromised the Plaintiff as follows-

That Defendants do pay to the Plaintiff amount of this Suit Viz.t 1331-42-38, Pgs fs c and 124-2-42 being interest thereon to the present date, institution fee and Vakeels fee of both parties and other charges, totalling Pgs fs c 1456 with 150 which the Defendants received in Cash from the Plaintiff on this date, Amounting in all Pgs fs c to 1606 — — pledging for the

Fort St. George 25th. March 1850.

the same 3/4 of Chathoorwathamungalem and 1/2 of Oopalacoody Sixty thattoo Villages belonging to the Defendants in Ramnad making in all 1 1/2 Villages, and also a large Bungalow situated on the North bank of the Tank in Letchmeepooram which the Defendants purchased from Mr. Sullivan that until the above 1,606 S. Pagodas with interest accruing thereon in future is recovered by the Plaintiff, he is to hold possession of the Villages and Bungalow in the understanding that the produce thereof be sold and the proceeds including ready money income credited to the Principal and Interest till they are fully liquidated and then restore them to the Defendants, that the Defendants do bear the charges on account of their Monigar Sumpredy and other Sibbundies to be appointed by the Plaintiff to manage the Villages that the Defendants do clear any eventual question arising against the above property or in default pay off the amount due to the Plaintiff in cash and that Plaintiff do bear the expence of Vakeels fee of both parties.

Thus

Fort St. George 25th. March 1850.

This compromise has been entered into at the mutual consent of both parties in replacement of the Suit instituted by the Plaintiff against the Defendants -

No. 13.

Translate of an Argee dated 11th. November 1849 from the Ramee Saitvoo Pathey Purvatha Vurdhamy Katcheyar Zemindar of Ramnad to the Collector of Madura.—

To my Argee of the 7th. March last— No. 35 requesting that Settamaindeband other— Sivoothaitvoo Villages which had been granted for the subsistence of Sevacaumy Katcheyar daughter of the former Zemindar should revert to the— Zemindary as an escheat in consequence of her death you were pleased to issue an Enoyetnamah dated the 13th. Idem No. 21 requiring me to state the nature of my claim for the Estate in question, and observing that under the circumstance of its not being included in the Istemrar added to the fact of its having been mortgaged to— Bickajjee Row late Boozoot Cash keeper from whom a balance is still due to Government, it seems proper that it should be resumed by them and should it however be deemed open to reversion to the Zemindary it should be made over to it after fixing a Peishcush upon it to Government. In reply I beg to lay the following grounds in support of my claim.

1. The Villages of Settavaindel Rattamaindel, Peregamaindel Saitvoorvaithamuthgalum 3/4 and

Oorpalacody

Co's pal acre dy in all 4½ with the exception of ½ of Saithoor nai thamungalum paying quit rents to the Estate has been originally Ayen of the Zemindary previous to the Istimrar and were set a part from others free of tax by the then Zemindars as Sivas thaittoo or private property. They were occasionally alienated by them to the females of the Palace on usufructuary tenure to defray their expences under the restrictions that they should not be transferred either by sale or Mortgage. In like manner the deceased Sevacawmy Nacheyar obtained their posession and enjoyed them for a time.

2. On the succession of Ranee Mungalaisoury Nacheyar grand mother of my husband to the Estate the Villages in question tho' deducted from the accounts in the name of Sevacawmy Nacheyar who had been in enjoyment of their proceeds at the time of Istemrar have been classed as Surramaumium of the Zemindary. They would seem therefore not open to mortgage or sale. But taking advantage of the great length of time during which the Zemindary had been under the management of Government from litigation consequent on the death of

of the former after a short duration the latter Viz. Sevacawmy Nacheyar in opposition to the Conditions shewn in para 1 and to the former practice mortgaged them to Bickajee ram late Hoozoor Cash keeper which were afterwards assumed by Government in satisfaction of the demand against him.

Note This is incorrect

3. Afterwards the above Sevacawmy Nacheyar succeeded to the Zemindary and held it for sometime but was afterwards ousted from possession under a final appeal Decree of His Majesty the King of England. The Zemindary was then made over to my husband who held it for a short time and departed this life afterwards. Mootoo Chella Tauer who was appointed as Manager for the Minor Zemindar thereof in favor to the above Nacheyar, did not bring the circumstance of her unjustifiable conduct in Mortgaging the Villages in question to the notice of the Circar which was the cause of their having been also under attachment.

4. The Government considering that Sevacawmy Nacheyar had no means of subsistence passed an order confirming the arrangement of the former Zemindar as respects the 4½ Villages in question and directing that she should enjoy the same so long as she lives without any right to mortgage or sale and to exclusion of any right in the part of her heirs. In accordance thereto an order was issued from the Hoozoor

to

Fort St. George 25th March 1850.

to the above Nacheyar to that effect on the 12th February 1842 the copy forwarded to me with a Tokeed implying that the Villages in question should revert to the Zemindary after her death

5 It is obvious from the Istimrar account that the Villages in question with the exception of 1/4th Durmasanum of Saithoor vasthamungalum are entire Maniems attached to the Sirvoathattoo of the Palace since a long time prior to the Istemrar and is also acknowledged as free from objection by the order of the Board referred to in para 4. In reference to that part of the order under acknowledgment in which it is mooted that in case the Villages in question be transferred to my possession the introduction of Peishcush on them would seem called for, I beg to refer you to Section II Regulation XXXI of 1802 in which it is provided that entire Surwamaniem Villages granted by the Carnatic Rulers prior to 12th July 1792 should be respected as not liable to tax and maintained as such in perpetuity and to add that the Villages in question have been Surwamaniem from a period antecedent to the date referred to in the above Regulation Consideration of this point would convince you of the inexpediency of fixing a Peishcush upon them.—

6. In grant of the Villages in question for

Fort St. George 25th March 1850.

for the subsistence of the above Servacarry Nachyar was clear from the Istimrar accounts 1ca. A short time after the Istimrar the Government restored the Zemindary also to her in 1813. Had it been just that they should be assessed to Government it ought to have been done so at the time during which she had been in possession of the Zemindary without any need of the income of the Villages in question. On the contrary she had enjoyed them on Surwamaniem tenure in concert with the Serroathattoo lands of the Zemindary. Consideration of this point in connection with the reasons shewn in the preceding para would also satisfy you that the Villages in question are not liable to taxation.

7. It is a general rule that all descriptions of land granted for the subsistence of one on certain terms should after his life revert to the Government, or the Zemindar by whom they were bestowed. In like manner, I claim reversion of the Villages in question which have been alienated from my Zemindary as immediate Proprietrix and Circar to them.

8. Moreover I have a further claim of

a

a different nature on the property of the a-
above Sevacaumy Nachyar. i:e: a con-
:siderable sum of money is due by her to
the Zemindary in satisfaction of precepts
of the Court after deducting what was
already realized in consequence of a Se-
:curity and other charges in Suder Ap-
:peal Suit No. 18 of 1814. As this occur-
:rence was antecedent to the transaction
of the debt of Bickajee Row, the Zemindary
has a preferable claim upon the pro-
:perty of Sheva gamy Nachyar.

9- I am given to understand that one Rangia Taven has addressed an Urzee to you as if he is entitled to the property of the above Sevacawmy Nachyar as her adopted son and that the Sabb Amildar made an enquiry into it, and un-
:aware, as I am of the particulars of his report on the subject, yet I beg to bring to your notice that neither the above Nachyar nor her husband Vijea Gopala Taver adopted him - and that he is one of her dependents. Had a reference been made to me direct on the subject, I would have duly informed you of the truth of the matter. I request therefore that his pretensions may not

not be believed, altho' he has proved it by the evidence of some false witnesses.

I request further that on consider-
:ation of the foregoing reasons you will be pleased to order the surrender of the Sur-
:vamanium Villages in question to me without fixing Peshcush on them, as prayed for in my Urzee of the 7th March of the Current year.

The delay in answering your order under acknowledgment has arisen from my having had to refer to the old records and to make enquiries on the subject which re-
:lates to a remote period.

/Signed/ Rance Saitheo Pathy
Purvatha Vurdhany Nachyar.

/True translation/
/Signed/ R. D. Parker
Collector.

To, The Chief Secretary to Government.

33-34

To the Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to submit for the consideration

Submitting Correspondence with the Collector of Madura on the

the subject of the disposal of the 4¼ Villages restored for life by the Honorable the Court of Directors to Sivagamy Ra: chear whose death took place in February 1849 and conveying the Board's views thereon.

consideration of the Right Honorable the Governor in Council, the accompanying Correspondence with the Collector of Madura relative to the disposal of 4¼ Villages restored for life, by the Honorable Court in their Despatch of 28th July 1841 to Sivagamy Nachyar, and which now form subject of discussion in consequence of that Lady's death on the 13th February 1849.

From Collector 31st July in Cons 27th August 1849.
To Collector 27th August.
From Do 22d January in Cons 25th March 1850.

From Government 24th December 1841 in Cons 24th January 1842.

2. These Villages are enumerated throughout the Correspondence as 4¼ the average Collections being estimated at 1,220 Rupees per annum and composed of.

1. Sittanaindel.
2 Parianaindel.
3 Kakanaindel
½ Opalacoody.
½ Elatoorvadamangalam.
¼ or Dhurmasanam Enam.

in the last Village.

Para 2 from Collector 7th in Cons 30th July 1840.

The Collector having lately reported that this Enam had been purchased by

Para 2 from Collector 22d January 1850.

deceased from the proprietary Brah: mins, and therefore as a portion of her estate, naturally descending to her heir, the Villages resolve themselves into four only, for present consideration.

3. The question is raised on whether the Villages revert to Government on the terms of their transfer to Sivagamy Nachyar in 1842 or become an escheat to the Zemindary, as urged by the Rance.

From Collector 15th February in Cons 10th March 1842.

It appears from the Hindoovee Register of Enams deposited in the Cutcherry, and also by the English Register of Manuems forwarded to the Board in 1815, that three Villages were given by the 7th Zemindar of Ramnad Kelavan Sateapati A. D. 1686, as a jointure to his wife, and that they were alienated for a similar purpose by the 14th Zemindar Mootooramalinga Satupati, and were held, together with the two ½ Villages by his wife, the Mother of the deceased Sivagamy Natchiar, on this tenure at the resumption of the Zemindary in 1795. They are entered as Survamanium

Para 2 From Collector 22d. January 1850.

From Collector 22d. January. P. 2.

in a Cadjan list of Cnams of the year Dhoondhabee 1802-3 but "when or to whom given" is not stated. They devolved on the deceased Devagamy Nachyar on the death of her Mother in 1815, were mort-gaged by her to Biccajee Rao formerly Cashkeeper of the Madura Collectorate, and were by him transferred to the Government in part satisfaction of his Treasury deficiencies. The balance against this individual was finally closed in 1836, but his claim on the Villages not having been made good, they were retained under Circu-management.

From Government 5th. in Lre 28th June 1840.

From Madura 7th. in Lre 30th July 1840.

5. Upon an enquiry emanat-ing from Government, in 1840, into the circumstances of Devagamy Nach-yar, the Principal Collector reported that these Villages, being still under his supervision, might be restored to her for maintenance, and this trans-fer was sanctioned by the Honorable Court under date the 28th July 1841, but limited to life only. On such restor-ation in March 1842 the Collections

a. 36594-14-2
b. 31274-9-3.

a. from these Villages exceeded the debt b. for

for which they were mortgaged by Rupees 4,320-4-11.

6. The Board however appre-hend that the Honorable Court in regranting these lands with the above limitation (for life) did so, in the belief that they had come by resumption or otherwise, into the permanent possession of Government, whereas it appears that the Govern-ment had only assumed temporary charge of them, and that on the adjust-ment of the Mortgage in Fusly 1247, they were reverted to the original grantee.

Encl. 4. P. 7 from Collector 3d July 1849.

7. The Board are unable to ex-plain why this course was not followed at the time, but with refer-ence to the surplus above mentioned, it will rest with the Government to deter-mine, whether or not the amount Rup-ees 4,320-4-11 shall be paid to the heir of the deceased, this man it will be observed claims this amount.

8. Though no Register of the Villages is included in the Jotinamar Summud of 1802, yet it is clearly shewn by

by references to the report of the Col.
lector of Polygar Peshcush under
date 30th September 1802, and to the
Copy of the counterpart Cabooleat in
this Office, that this Demand of Pesh.
:cush was formed by taking 2/3rds of the
average Collections of the Six previous
Faslies, or from 1205 to Fasly 1210 inclusive, and that all alien
:nated lands of which nature were
the Villages in question, having been
transferred prior to 1795 or Fasly 1204
were excluded from such Permanent
Settlement. The Board therefore are
of opinion that these lands, not having
been included among those, on the re
:sults of which, the Peshcush was
based, would not revert to the
possession of the Zemindar, but that
they may be classed among those
referred to in Regulation XXXI of 1802,
and lapse to Government on failure
of heirs. They do not consider the
claim set up by the Zemindar to re
them, as attached to the private lands
of the Palace, to be tenable, since by the

the above Regulation all grants not
Badshahie are resumable.

If they are correct in this
9. opinion, and the lands thus revert, it
will be for the consideration of Govern.
:ment whether these Villages, having
formed from a remote period an
until their resumption in 1795, an
integral portion of the Zemindary, re
should be made over to that Estate
or an addition to the Peshcush, or in
consideration of the circumstances re
above detailed be granted (as re
forms the prayer of the late proprie.
:tor shortly before her death) to her
Nephew, and alleged adopted son,
Rangyasawamy Thaver.

Enclosure 1. from Collector 31st July 1849.

Leaving the question of
10. adoption, if disputed, to be settled
by the Civil Courts, it appears that
this individual has been allowed by
the Magistrate to take possession of the
general property of the deceased.

The circumstances under
11. which Seraganny Nachyar was super.
:ceded in the succession to the Zemindary are

Fort St. George 25th. March 1850.

are detailed in a letter from Govern-
: ment 1st. June 1840 and they were
pleased on that occasion, to express
their Sympathy on the "hard case" of
this Lady - they may therefore feel
disposed to view with favorable
consideration the claims of her re-
constituted heir, for altho' the re-
amount of property devised to him
is not stated, or mention made
by the Collector of his present com-
: dition, yet it may be inferred, that
this is other than prosperous, both
from the amount of rental of the
Villages restored, and from the
fact, that the Village granted to his
Aunt for her maintenance in Fusly
1226 by the then Zemindar of Sher-
: gunga, was resumed about three years ago, by
the late proprietor of that Pollam-

Sirkullatoor Rs 1717 annually.

Sir,

From the Acting Collector of Tinnevelly.... Reporting upon Petition No 1284 of 1849.

Para 1. In reporting upon Petition No 1284 of 1849 herewith re-
: turned, I have the honor to refer re-
to Mr. Drury's Endorsement dated
29th May 1830 upon a Petition presented
: ed by the same Petitioner to the Board
of Revenue in 1828, explaining the
reasons for which he was originally dismissed and the grounds
for his reinstatement.

No 641 of 1828.

2. Petitioner's property had
been attached and sold previous to
that time on account of the Moturpha
balances for which he was made
answerable. The amount ordered
to be recovered from him was
about Rupees 330 but the sum ac-
realized by the sale of his property
was

Fort St. George 25th March 1850.

was only Rupees 42–2–11 which is not kept in deposit as Petitioner states, but was carried to account in 1829. Subsequently in 1837 in consequence of complaints against Petitioner and of disobedience to orders on his part, he was transferred from Verdooputty to the Village of Mailanattum in the Kambalum Talook; but, neglecting to go and take charge of his Office for 2 Months from the date of his transfer, he was dismissed from the Situation. Under these circumstances the Petitioner's case does not appear to me deserving of further notice.

Tinnevelly, 9th March, 1850. (Signed) C. J. Bird
Acting Collector.

Order thereon. Ordered that the following Endorsement be passed on Petition No. 1284 of 1849

(35-36) The Board of Revenue having received a report from the Acting Collector on the subject of this Petition, are of opinion that the case of the Petitioner is undeserving of further notice.

Read

Fort St. George 25th March 1850.

Read the following letter

To W. H. Bayley, Esqre
Secretary to the
Board of Revenue
Fort St. George.

(37)

From the A/g Principal Collr of Coimbatore....

Sir,

Para 1. In compliance with the requisition of the Board, conveyed in your letter of the 7th Instant, I have the honor to forward some Rules for their approval - and I would respectfully suggest that if approved, they may be referred for adoption, or alteration by the Committee, to be appointed by Government - which if sanctioned, would shortly settle existing difficulties.

Forwards for approval some Rules regarding the management of watercourses &c in the Neddiveries and requests the appointment of a Committee for that purpose - proposes to levy a tax on Firewood cut in the Government Forests and forwards Copy of a letter from Mr. Fletcher to show the nature of the dispute about water on the Hills.

2. I have ventured again to suggest a light rate, as I have reason to believe it would not be generally objected to, and as on careful enquiry, I really find that there are no proper Establishment (all being already fully employed) who could perform this duty - and without it, the channels will be liable to

to constant injury, consequent failure, and thence complaint.—

3. That water is now becoming more and more valuable, and a sadly fertile subject of dispute and contest on the Hills, a very short residence at Ootacammund, or a reference to the records of this Office, would amply prove, the increasing necessity and importance of some arrangement, fair and satisfactory to most, if not to all, has compelled me to bring the subject to the notice of the Board— but I think it desirable that any Rules or arrangements proposed, should be decided on by a Committee, under the orders of Government rather than by myself or any single Individual Officer—

4. While due consideration should be given to all old Channels and usages, it is quite certain that many such channels (originating in Government land,) may be so improved and arranged as to benefit many more houses, without inconveniencing those already supplied— and public convenience requires that such should be effected as far as possible—

In

5 In the very few cases where springs originate within old private Limits, they should not, of course be interfered with the due Control, by Government, of all springs, will in future be provided for.—

6 Not only private convenience is involved in the proposed arrangement, but several public objects are much concerned in it— From personal inspection & careful enquiry I have no doubt that a supply of pure water may, with proper arrangement be led down (on the Snow down or North side of the Cantonment) so as to be available and useful to the Public Dispensary the Market place, the Public Cutcherry the Post and Pay Office and other Public Offices along the line— a supply, if possible, to the Market, (much frequented) is especially important.—

7. Early orders on this subject, if convenient to the Board would be a great boon to the Community on the Hills— If the Board would sanction the proposed Committee, the necessary arrangements might

at

at once be sketched out, and the approval and confirmation of Government be afterwards obtained.—

8. I have given my best attention and efforts, in obedience to the orders of Government, for preserving the woods and forests on the Hills.— many are already fast disappearing. the present establishment of six low paid peons, is quite inadequate to protect them, as already pointed out.* Nothing has hitherto been paid for the use of the Government Forests. I shall henceforth, unless the Board disapprove, levy a slight tax on all the firewood in future cut from the Government woods.— ¼ Rupee per Bandy load, and ½ Anna per Cooly load, coming into the Cantonment; the woodcutters to be left free, as now, but to cut in the appointed woods only;— the proceeds to be devoted to the replanting of Timber in the most advisable localities.—

9. I propose to give a month's due notice

* Vide letter to the Board No 12 dated 8th December 1849 also Major Hall's letter of the 8th and 17th Nov. 1849.—

notice— after much consideration and enquiry, this appears the only practicable way of preserving and renewing the supply of firewood— a necessary of life, especially in that climate becoming daily more scarce; and requiring some arrangement and restriction— if any better method occurs to the Board I shall be happy to carry it out. With 3 or 4 fires in every house on the Hills, for 9 months in the year, and all the consumption of the Native population, besides, both Bazar and Agricultural. the Board will understand the quantity daily consumed— and in a few years, firewood will be one of the dearest of daily necessaries on the Hills. the only effect of a light tax now will be to raise the price to the consumers slightly, and will help to perpetuate the supply, and prevent wasteful expenditure.—

10 I am so convinced of the necessity of this arrangement as regards the Forests, that I should have carried it

it out, as a necessary and local measure long ago, but was unwilling to do so, without the Board's previous concurrence.

Coimbatore .....
Principal Collector's Cutcherry
Camp, Parindoray 18th February 1850.

(Signed) E. B. Thomas
Asg. Principal Collector

P.S. The subjoined Copy of a letter from Mr. Fletcher, Mr. Ryan's Agent, is added (not to trouble the Board with, it will be disposed of under their general orders hereafter) to explain to the Board, more fully, the constant references about water and the need of some early and fixed settlement.

No. 1.

Memorandum of the proposed Rules.—

1. It is believed that the existing springs and channels from "Dodabet" on the one side, and "Snowdon" on the other, if properly divided and arranged would supply the greater part of Ootacamund.—

2. That the Committee with fair consideration for previous usage and existing channels

Channels (from Government sources) of long standing, should endeavour to economize and distribute the supply of water to as many as practicable, continuing to old House-owners so much as they can fairly use or want for their present Houses and Gardens, and alotting the surplus to other applicants requiring it.—

3. That no private person be allowed to alter present, or cut new Channels without previous reference to public local and Revenue authorities.—

4. That a light water rate be fixed, to pay a Peon and two Coolies, whose duty it will be (under the control of the local authorities) constantly to visit and inspect all the main Channels, keep them in good order, repair injuries from floods, Cattle &c., and report any encroachments or infractions of Rules.—

5. That the Collector the two Engineers Civil and Survey with

with the Commanding Officer be a standing Committee ex officio, with power to add three or more European Residents to their number.-

No. 3.

To E B Thomas. Esqre
Acting Principal Collector of
Coimbatore.-

Sir,

I am directed to apply to you for a supply of water for the Bombay House and respectfully beg, you will please authorize a portion of the Stream now running past your house to Mr. Norton's property, to be allowed to be turned to the Bombay House- the same as was done with the Lushington Hall water- or if you please to give me permission, I can turn the stream now running to the Writer's Cottage into Mr. Norton's watercourse, and it can then be divided near the Bombay House- this arrangement, if granted, would prevent Mr. Norton's supply of water from being diminished- or if you will not grant me this permission, I respectfully beg you will allow me to bring the water now running to the Writer's Cottage

to

to the Bombay House separately. this I can easily do, if permitted by cutting a small trench on the side of the Hill from the Writer's Cottage to the Kaity road and thence parallel with Mr. Norton's watercourse through the jungle above Elk Hill Cottage, and so on to Bombay House. a permanent supply of water to which is now much needed for the House. Garden and trees put down last year, the small supply obtained in the rains from the Jungle behind the house always ceasing in the frosty weather.

I also beg to inform you the supply of water you authorized 1 inch for Lushington Hall, is quite insufficient at this dry season for the House, Garden and trees put down on the land last year. One inch would be sufficient if that quantity could be received at the House, but as the supply has to come some distance 2 or 300 yards, before it reaches

reaches the House, it is nearly all dried up by the loose soil at this season, and I am therefore directed to solicit the favor of your kindly directing a small supply above the one inch to be turned on to the house from the very abundant supply turned to the Public Garden the whole of which belonged to Lushington Hall Garden for so many years. I also beg to bring to your notice the fact that for several days during the present month, the supply of water has been entirely cut off, none coming to the House at all.

I am also desired to solicit a Grant may be obtained for Mrs Ryan's Property situated on the south of the Lake for which I before applied and Mrs Ryan solicits you will be pleased to include her small spot of land close to "Worthy House" which Mr. Fullerton wished to obtain permission to occupy - but which is omitted in the recent plan of the land

by

Fort St. George 25th March 1850.

by Captain Ouchterlony - and furnished me for Mrs Ryan by your direction. I also beg you will please inform me if I may return the plan to Captain Ouchterlony to have the necessary correction made.

I also beg you will please inform me if the land around the Writers Cottage has been defined to your satisfaction yet. and if so whether I may be permitted to make a mark on the boundary so defined to prevent mistakes for the future.

On my own behalf I respectfully beg you will be pleased to procure me two transfers for Deeds as before applied for for my property here. One for my Cottage situate below the Public Office, and one for my two Cottages, Blackwood and Willow situate below Blackwood House near Conduty

Octacammund 31st January 1850.

Order thereon.

Fort St. George 25th March 1850.

To, The Acting Principal Collector of Coimbatore.

37-38

To the Acting Pl. Collector of Coimbatore

Requesting him to furnish further information regarding the action of the proposed Committee for deciding water disputes on the Neilgherries.

25th March 1850.

Sir,

With reference to your letter of the 18th of February I am directed by the Board of Revenue on further consideration of the subject to call upon you to explain in what manner you propose the Committee referred to in your letter should, if sanctioned act - for it appears to the Board doubtful, whether the Committee constituted as you appear to wish, could enforce their decisions if objected to in a Court of Law.

2. The "Memorandum of proposed Rules" called for by the Board and now submitted by you, by no means furnishes the details required. In fact out of the 8 paras the 3d only can be considered as a "Rule" bearing on the subject.

3. The Board have already expressed their objection to the imposition of a water rate; and if your establishment cannot provide the 2 Peons mentioned in para 10 of your letter of 22d May 1849; it would be preferable to make an application for their entertainment by Government.

4. With reference to Para 2 of your enclosed

7th February 1850.

Inbons. 23d July 1849.

Fort St. George 25th. March 1850.

enclosed Memorandum the Board are of opinion that no alterations should be made to the Anicut channels of old Householders even if the water is more than they require without their consent.-

5. You will also be pleased to defer the carrying out of the plan for taxation of Coal Carts proposed in para 8 of your letter till the Board are able to dispose of the other points of your communication, as the sanction of Government will be necessary but you will take precaution to limit the operations of the Wood Cutters to defined localities.-

To
W. H. Bayley Esqre
Secretary to the
Board of Revenue)

Fort St. George-

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 15th October last, with the Order of Government thereon referred to under reference to my Address, with Copy of a Letter from the Collector of Masulipatam with Copy of Pay Abstract under date the 9th instant exhibiting the receipts and disbursements relative to the Salt Revenue of Guntoor transferred from the Northern Circars to the Presidency in that District.

I have the honor to be
Sir,
Your most obedient Servant
(Signed) J. A. Hudleston
Collector & Registrar
of Government Grants

Madras, 15th March, 1850.

No. 1.

To
J. A. Hudleston Esqre
Collector and Registrar of
Government Grants-

Sir,

I have the honor to acknowledge the receipt of your Letter of the 9th instant with its enclosures, and to request that you will be pleased to furnish me with a Statement of the Salt Revenue collected in the Guntoor District, from the date of its transfer to the Presidency, up to the present time, distinguishing the Receipts of each Fasly.

I have the honor to be
Sir,
Your most obedient Servant
(Signed) W. H. Bayley
Secretary to the Board of Revenue

Fort St. George 25th March 1850.

43

Fort St. George 25th. March 1850.

the minutes of Consultation dated the 9th. and from the Proceedings of the Board of Revenue dated the 15th. idem, remarking that of the land for which a permission Certificate has been applied for by Mr. Irvine as Cawnies 13—7—1061 have been assessed at 12 Rupees & that the remainder / Cawnies 4—52 / is proposed to be assessed at 4 Annas the Cawny or Rupees 10—12—8 and that sufficient cause for the great disparity in the rates of assessment not being apparent, the Government should be informed as what is the lowest rate per Cawny of dry land in the village wherein the above land is situated, as well as the neighbouring villages, and what is the rate at which the Quit rent of other Houses at Rajahmundry has been calculated.

2.

In reply I beg leave to state that Cawnies 13—7—1011. have for a long time been cultivated with inferior crops at a cist of 12 Rupees and the quit rent for that portion is assessed at that rate. The remainning Cawnies 4—3—1—52 have never been put under cultivation. The soil is of the poorest description, being

Fort St. George 25th. March 1850.

being sandy and stony and yielding only a small crop of grass after the rains. Other lands of the same class are reserved for pasture. The late proprietor gave grants for the neighbouring lands for planting in Mango and other Trees at 1 Rupee per Pooty which is at the rate of Rs. 2—8 per Cawney. The assessment of 4 Annas per Cawny or Rs. 0—1—8— per Pooty proposed for that portion of Mr. Irvine's land is exactly equal to the assessment of lands of this description in the neighbouring villages of Paulacherla and Mookumpoody. The lowest rate in the Village is Rupee 1 per Pooty.

The land granted to Mr.

3.

Halkett on behalf of Messrs. Arbuthnot & Co. measuring Cawnies 4—7—15. 1666 is good black soil planted with Mango trees, and is annually flooded & fertilized by the Godavery. It was therefore charged with a quit rent of Rupees 6—0—0 in lieu of the Rupees 40 formerly levied by the ex-proprietor. The land held by Mr. Copleston in the Fort is also better soil and was charged with

Quit

4340. Fort St. George 25th. March 1850.

Quit rent at the rate of R. 1—8- per Cawny.

4. Under these circumstances, I request you will be pleased to recommend for sanction the permission certificate for Mr. Irvines land.

Rajahmundry District
Rajhoodavaproorum,
9th March, 1850. } (Signed) F. Prendergast.
Collector.

(True Extract)
(Signed) I. A. Hudleston
Collector & Register
of Government Grants.

(43-44)

Resolution thereon; Resolved that the foregoing letter together with its enclosure be submitted for the consideration of the Right Honorable the Governor in Council with reference to Extract Minutes of Consultation under date the 9th. October 1849.

Inbons: 15th. Oct. 1849.

From Mr. Prendergast's letter to the Collector of Madras and Register of Government Grants it would be perceived that the assessment of 4 Annas per Cawny proposed for that portion of Mr. Irvine's land Cawnies 43 2 4 52 which it is stated has never been put under cultivation exactly equals the rate fixed on lands of that description in the neighbouring

4341 Fort St. George 25th. March 1850.

neighbouring Villages of Paulacherla and Moorumi: As R.
: roody and that 1 Rupee per roody or 2. 8 per Cawney is the lowest rate of assessment in the Village.

The soil of Mr. Irvine's property
2. in question is represented as of the poorest description being sandy and stony yielding only a small quantity of grass after the Rains. and it is mentioned that lands of this class are usually reserved for pasture.—

The Assessment on the land
3. granted to Mr. Halked which is described as good Black soil planted with Mango Trees and annually flooded and fertilized by the Godavery does not exceed Rupees 1—6— per Cawney and the land held by Mr. Copleston in the Fort being better soil is therefore charged at Rupee 1—8— per Cawny.

Resolved that the following letter be dispatched.

To, The Chief Secretary to Government.

(45)

10. Comparative Statement of all sources of Revenue.—

11. Statements of Remissions granted for failure of wet crops.—

12. Abstract Comparative Statement between the charges of Fuslies 1257 and 1258.—

13A. Statement of the extent and Survey assessment of each description of land cultivated and left waste.—

"B. Detailed Statement of the Survey assessment of each description of land and the remissions allowed for.—

14. Statement of average prices of grain.—

15. Statement of the particulars of Teerva Cumme.—

16. Talookwar Statement shewing the Rent Roll of the District of Cuddapah.—

17. Demand Collection and Balance Statement exhibiting the several items comprising the Extra Sources of Revenue

18. Statement shewing the different descriptions

Fort St. George 28th March 1850

descriptions of land cultivated with Sugar.—

2. The Settlement of the following Talooks were superintended by myself, Viz.t, Summalmudgoo, Doovoor, Coolgoontlah, Poolevaindlah, Goorrum-condah, and Muddenpally, Mr. Smith the Assistant Collector Conducted the Summabundy of the remaining Talooks of Royachoty leaving for me the disposal of the more important cases connected with its Settlement.—

3. In the three Talooks forming the Sub Division Viz.t Cumbum, Doopaud, and Budwail, the Settlement was conducted by Mr. Murray the Sub Collector who also Settled the two Talooks of Chennoor and Camalapoor while in charge of the District during my absence on leave at Madras.—

4. The Settlement of the remaining two Talooks in the Principal Division Chitwail Sidhout was entrusted to Mr. A. Wedderburn the acting Head assistant Collector.—

5. The fall of rain experienced throughout

Fort St. George 28th March 1850

throughout the District in the Months of June, July, August, Sep=tember, and October, having been tolerably good. the red mixed and black Soils were brought under cultiv=ation, but these failed generally from want of subsequent seasonable Rains.—

6. Several of the Tanks in the Doopaud Talook having received their full supplies, there has been an Increase in the Revenue of that Talook.—

7. As most of the larger Tanks and reservoirs situated in the Eastern and Southern parts of the District Vizt. in Chitvail, Royachoty, Goorrum=kondah, Muddenpully and portion of Polevaindah received but scanty supplies of water during the months of July and August, the period for the Cortee kum Crops and during November and December when the Pysaakum crops are raised lands liable to wet assessment, Punjul=jasty and Teervajasty were left uncultivated for both crops to some extent

Fort St. George 28th March 1850.—

extent and a decrease in the Revenue under these heads has consequently resulted.—

8. The Jonna Crops, Cotton and Bengal Gram, cultivated in the black lands yielded with some exceptions from ¼ to ¾ of a full return dependent on circumstances in respect to want of moisture and to the injury sustained from blight.—

9. The rains received in August and September being somewhat insufficient generally throughout the District, the crops of ear corn consisting of Sujja, Corra, aureka and the different denominations of Pulse & Seeds sown in red and mixed lands failed in some parts. The yield of these crops varied from ¼ to ¾ of a full harvest though in some localities full crops were obtained.—

10 The Remissions granted for

Fort St. George 28th March 1850.

for wet crops which failed conse=

Total—	1,402	"-	5	as anticipate=

=d, further supplies of water amounted to Rupees 1,402- "- 5 as marginally noted.

11. The outturn of wet and Garden Crops under Tanks, Nullahs and wells may be considered somewhat below an ordinary yield.—

12. The year has been very unhealthy, as regards human life, the Cholera having raged with greater virulence and more generally throughout the District than in any year since Fusly 1252 (1842/43) Fusly 1255 excepted and particularly towards the close of the Fusly. The mortality that has been occasioned by

Fort St. George 28th March 1850

by this epedemic is computed at about 6,000- The casualties that have since occurred up to 30th " September last, is estimated at about 2,000- Fever, Ague and Small Pox were as usual prevalent.—

13 The loss of Cattle and Sheep by diseases incidental to them, as well as from want of Fodder, which the somewhat unfavorable character of the season rendered deficient, was comparatively greater in all the Talooks during the Fusly under review.—

14. The following State=ment exhibits the average Prices of the Principal kinds of grain as well as of Indigo and Cotton during the last 10 years and a Comparison between the last and preceding Fusly.—

15. It will be observed that the harvest though less abundant than in the preceding Fusly has had now effect in raising prices, on the contrary the prices of all descriptions of grain have declined a little, with the exception of Corradoo and that of Cotton. The slight decline which prices have undergone cannot however on the whole be considered unfavorable to the Ryots as regards their just remuneration, being on a par with the average for the last five years including Fusly

Fusly 1255 (1845/46) when rates stood high Fusly 1258 (1848/49) contrasts favorably with the prices that prevailed during the previous years of depression Viz^z Fasles 1252 (1842/43) 1253 (1843/44) 1254 (1844/45)

16. The following Statement is furnished exhibiting the supply of water that was received during the prevailing Monsoons in the several Tanks and Reservoirs in each Talook.—

Fort St. George 28th March 1850

17. The cause of the net decrease of 11 Tanks observable in the Fusly under review is accounted for by this number in the Sidhout Taloks which were formerly entered in the accounts as "Baghyr ayacut" or Tanks under which there were no lands available for cultivation, being subse-quently erroneously included among the ayacut Tanks - These, which have now been entered under the head to which they belonged, and 5 others by which lands belonging to two

Fort St. George 28th March 1850

two Villages were irrigated and in respect to which a double entry had been made formed an excess of 16 - Two Tanks which have been newly constructed in the Taloks of Doopaud and Budwail and three Tanks hitherto omitted in the accounts being deducted, there remains a deficiency of 11 Tanks as above noticed. —

18- The following Statement shews the extent and description of Land taken up or agreed for at the commencement of the season as well as the assessment thereon -

F.C.B.

19- There was an increase amounting to Rupees 15,574-12-2 in the distribution of four descriptions of lands Viz.t Dry, Garden, Wet and Poonasah, attributable to Ryots having taken up greater portions of these lands from the Ayacut Bunjer at the commencement of the Fusly when the prospects of the season appeared favorable-

20- A decrease has resulted in the anticipated amount derivable from Teerwajasty and Fussuljasty respectively, that under the former head attributable to certain lands liable to this additional assessment not having been agreed

agreed for, consequent on the insufficiency of water in the Tanks and Channels; that in the latter Item, is owing to other lands generally yielding two Crops having only been cultivated with one Crop-

21- Subjoined is a Comparative Statement exhibiting the extent of land actually cultivated and the assessment thereon-

						Net Decrease		8,355 21 12¼	1,61,394 9 11	

22- There has been a decrease
amounting to Rupees 1,65,308-5-- in the
assessment of the undermentioned descrip-
-tions of land actually cultivated
Viz.t Wet, Garden, Teeruvajasty and
Fussuljasty and an increase of
Rupees 3913-11-1. in that of Dry
and Poonavah lands and Turry
Bagayet, the Net decrease being
Rupees 161394-9-11-

23. The decrease is principally
Wet ——— 117963-12-11 observable under the Heads of Wet, Teeruvah.
Teeruvajasty-20257-3-4.
Fussuljasty-24463-62-
jasty and Fussuljasty, and it will be
perceived

perceived that the decrease that has resulted
in the assessment of lands irrigated by
Tanks alone is Rupees 117300-5-9. A
decrease that has chiefly arisen in the
Talooks of Goorumkondah, Muddenpully,
Royachoty, Chitwail and Poolumdlah in
which Wet lands prevail to the greater esctent
as exhibited in the Annexed Comparative
Talookwar Statement-

Fasly 1258 — 24554-6-0 — 357-8-1-
" 1258 — 393411-12-2 — 1402 — 5-

Increase 11/835 11-5- 1044-8-4. 148880-3-9 Total

27. As was to be expected there has been an increase in the amount of Remissions granted under the heads of Caboolauty Bunjer, and loss of Crops, that in the former Item owing to a great portion of wet lands and those liable to Teerwajasty and Tissuljasty not having been Cultivated, and a decrease under the Items of Established and Usual Remissions, Teerwah Cummi and Pymaish Cummi, attributable to the effects of a comparatively less favorable season operating on these several items for which these Remissions are granted.

28. The decrease of Rupees 1,330-11-4 in the item of Panibooty or for lands that have been over-flooded, is owing to certain Crops Cultivated in the preceding year in the beds of Tanks, not having in the year under review in like manner been injured by the effects of excessive Rains causing these reservoirs to receive their full supplies of water. On the whole there is a Net Increase of Rupees 105838-6-9 in excess of the total amount granted in the preceding Fasly

29. The following Statement exhibits the Gross assessment, the different Remissions and the Net Beriz for Fasly 1258 / 1848/49. in comparison with the year preceding.

Fort St. George 28th March 1850.

Net Decrease				138591 10 7

30. The amount brought to account for waste land paying Taxes is Rupees 8,476—7—1 falling short by Rupees 8,214—7—2 of the sum Ryots were so held responsible under the Rules in force for lands they had left uncultivated without sufficient reason. The decrease under the Item of Tonakeepaity is to be attributed to a smaller extent of land having this year been cultivated during the Fysum or 2nd Crop and that under the Head of Enamaty Jodyom Dait Rent. Enamaty Seervajaity and Enamaty Jaffericke, has arisen from certain portion of the Enam Lands liable to such assessment having this year been left waste

Re deducting

31. Deducting from the Gross assessment, the Remissions, and adding the Exctra Items of Charges, Viz^t of concealed Cultivation, Dait Rent, Enam Seervajaity Enams Jaffericke and Peishkush of Pongar noor, the actual Settlement stands at Rupees 2,07,480. 6 being a decrease on the Net Beiz of the preceding year of Rupees 1,38,591- 10 7.-

32. The Settlement for Fusly 1258. 1848/49 nevertheless exceeds the average of the ten preceding years by Rupees 36,470-12-

Average for 10 years from Fusly 1248 to 1257 — 1,68,811-2-11
Fusly 1258 — 2,05,281-14-11
Increase — 36,470-12-

5 preceding years by Rupees 4,378-11-10

It is to be observed that the two most favorable years on record, Viz^t Fusly 1256 1846-47 and 1257 1847/48 are included in the series from which both these averages have been taken.-

Average for 5 years from Fusly 1253 to 1257 — 2,00,902-10-9
Fusly 1258 — 2,05,281-14-11
Decrease — 4,378-11-10

33. The Subjoined Statement exhibits the different Items of Increase and Decrease in the Revenue Settlement of each Taloke.-

The

Fort St. George 28th March 1850

37

The Enam Ayacut it will be perceived exceeds by Rupees 89,697-9-3 one half of the total ayacut of Sirkar land being 52 per Cent thereon. The per Centage of cultivation in favor of Enam tenures still preponderates greatly, the extent of cultivated Enam being 73-11 per Cent on the Ayacut, while in respect to the cultivation of Sirkar Lands the per Centage on the Ayacut, is shewn to be 55-13-2 The total Ayacut of Enam lands is as high as Rupees 22,24,691-13-1 of which Rupees 18,39,301-14-9 attached to the land actually cultivated in the year under review. the distribution of the Enam and the per Centage of cultivation is detailed as follows.-

Sirkar Ayacut	42,69,788-7-9
Enam Ayacut	22,24,591-13-1
Enam Ayacut	22,24,591-13-1
One half of Sirkar Ayacut	21,34,894-3-10
Remaining	89,697-9-3

5 Maturpha		148,874 5 1	150,169 15 1	1,295 10 -	- - -
Total		30,24,61 8 7	31,01,872 - -	12,623 14 -	4,898 4 7
Grand Total		25,20,533 9 2	23,89,685 8 -	13,623 14 -	14,448 9 15 2
			Net Decrease	13,866 1 2	

39 The cause of the Increase an
Decrease in the several Items compris
the Extra Sources of Revenue having al
been dwelt on in my Report dated 22d
-ber 1849. no remarks appear here nece

An increase under the head of Rish=
=kush, Stamp and Moturpha amount=
=ing to Rupees 13,623-14-- has reduced
the total amount of decrease to a Net
decrease of Rupees 13,866-1-2.-

40. The Demand Collection
and Balance of Revenue of this
District are as follows.-

Demand	2,079,480-6--
Collection within the Fusly	195,3018-1-5
Balance at the close of Dr	1,26,462-4-7
Collections to 31st December 1849	119,991-14-7
Remaining Balance	6,470-6--

41 The Balance which remained
outstanding at the close of the Fusly
amounted to 12,6462-4-7 and though this
exceeds the sum usually remaining uncollected
at the period it fell short of what I
had anticipated, taking into consideration
the many casualties that occurred from
Cholera, and the manner in which the
minds of the People were unsettled con=
=sequent on the Panic it occasioned in

various

Fort St George 28th March 1850

various Parts of the District, where Villages were entirely deserted temporarily by the Inhabitants in search of more healthy localities. The effects of leaving crops abated the greater portion of the Balance aforementioned has been collected, leaving a balance of Pagodas 6470-6-4 the recovery of about Pagodas 3700 of which is considered doubtful, for reasons hereunder explained, Viz.

1st During the Periods of the Pernicious settlement certain Villages were entered in the accounts as the estimated Revenue realizable on the which it was expected would be collected but the whole of this sum was not collected in consequence of a portion of the Ryots having been left destitute. The amounts of irrecoverable balances consist of the amounts of Pagodas 506-4 as mentioned in Statement No 2 and Pagodas 1918-43 as mentioned in Statement No 3 and Pagodas 2954-19 as mentioned in Statement No 4 and Pagodas 234-12 as mentioned in Statement No 5 and Pagodas 1844-48 as mentioned in Statement No 6 and Pagodas 1872-54 as mentioned in Statement No 7. -

The details of arrears outstanding and considered doubtful from Fasly 1254 to 1258 in the District of Rajahmundry will be found in Statements Nos 2 to 7 inclusive.

Fort St George 28th March 1850

Deduct collection in Fasly 1258.

Of

44. Of the amount of Rs
=pees 612-5-4 entered in Column 9 Respe
68-4-4 is due by Reverend Mr. Whitf
on account of Quit Rent on the lan
attached to a Bungalow lately be
Property; arrangements are in progre
for the realization of this sum and
the recoverable amount due by
other Ryots shall be collected within
the end of the current Fusly And in
respect to any remaining sum then
outstanding such Items as are ascer
=tained on due enquiry made at the
time of Immunbendy to be desperate
shall be recommended in due course
to be struck out of the accounts.

45. Of the sum of Rupees
2,341-12-9 entered in Column 10 of
the foregoing Statement as

	Fusly 1256	Fusly 1257	Total
	Rs a P	Rs a P	Rs a P
Due by the Ryots in the Village of Ramen=redy fully	257 1 11	409 8 10	666 10 9
Ditto by Ditto of the above Village for the lands cul=tivated by them in Fasly	100 11 10	141 5 10	241 1 8
Total	351 13 9	550 14 8	908 12 5

irrecoverable Rs. 908-12-5 as marginally particularized is due by the Ryots of the Village of Ramenedd=dy fully in the Poola=vaindlah Talook for Fasles 1256 and 1257 viz. 1846-47 1847-48

H.S.B.

46. The circumstances under which in reference to the Decennaloddy system which prevailed in this Village these arrears have fallen due has been noticed in my letter dated 25th November 1847. Agreeably to the sanction received from the Board of Revenue this Village has on the Fusly under review been assimilated with the rest of the District. It was however necessary in that Fusly also to carry out the Rules obtaining in regard to New Well Cultivation.

Extract Proceedings of the Board of Revenue dated 5th March 1848.

Amount of Peerwajasty due by Ryots for Fasles 1256 and 1257.	465-15-9	
Ditto of other lands for Ditto Ditto-3	442-12-8	
Total	908-12-6	

Peerwajasty was accordingly entered against all those who having cultivated their lands under New Wells had wilfully neglected the Cultivation of their usual Puttah lands. The very small amount against them for the past Fusly 1258 / 1848-49 has been included under the Head of Recoverable Balance.

47. As the Ryots of this Village have become somewhat reduced in circumstances from their not having declined that remuneration from the Village of their lands which they otherwise would have done had they adopted a less objectionable course in respect to their agricultural Interests, and from this having

having been charged with Teerwajaety for t
New Well Cultivation while Remissions ha
according to the Rules in force been to ex
extent withheld from them for lands which
they have wilfully left waste. I would beg
+ recommend that this sum outstanding again
Rupees 908-12-5 them be remitted and struck out of the accoun
particularly after the demonstration they ha
now made towards amendment by paying
up all demands against them for Fusly 1250
1248/49
from which it is to be inferred that they have
become sensible of the propriety and advantag
of cultivating their Puttah lands during the c
current Fusly and which they had promised to d
48. This indulgence I consider advisab
under existing circumstances both in regard to
the Interest of the State eventually and that
of these Ryots, as the realization of this Balance
could not be effected without materially checking
their agricultural Resources to the eventual loss
of Revenue in excess of the amount now applied
for in their favor.

* Rupees 1433-4 49. The remaining * sum is on account

of deceased Ryots and those who have emi-
grated or are in indigent circumstances for
Items also entered in the accounts as Teerwajaety,
and for lands the cultivation of which was
anticipated when the supply of water
from Circar Tanks in respect to the former
was not obtained, and when in respect
to the latter the lands so estimated was
left waste. I beg to recommend that
this amount be also struck out of the Accounts.

The total sum of Rupees 2341-12-9 for
Fusles 1255-1256 and 1257 being consider-
1845-46 1846-47 1847-48
ed desperate I solicit permission to expunge
this amount also.

50. The annexed Statement exhibits
the particulars of the extent and assessment
of Indigo and Cotton land and the percentage
of the same.

50 In seasons ordinarily favor-
-able when both Cartleekum and Vyaunkum
crops are raised on lands dependent on Tanks,
the Ryots generally allot some portion of these
lands in some localities for the cultivation of
Indigo for the latter crop. The net decrease in the
description of Produce of Acres 5,990-36-9 assessed at
Rupees 30,099-7-10 is owing to lands on which these
Crops were so raised in the preceding Fusly
not having been brought under cultivation
this year, the means of irrigation being de-
-ficient, and also to the circumstance
of the season not admitting of these crops
being raised on dry lands to the same extent
as during the preceding year.

52. The extent of land cultivated
with Indigo during the Fusly 1258 was
1848-49 Acres

Indigo.

of the District. The details pre

entered exhibit the falling o

in the extent of the land

occupied by this description of Crop during

this Fusly and dependent on various sorts

of Irrigation

53. The Returns now given though

prepared with accuracy do not show the

Ordinary extent of Indigo Cultivation as

independent of certain Lands under Tanks Collr. dated April 1850

which were Cultivated with Indigo during

the preceding Fusly being left waste in

Fusly 1258 / 1848/49 there has also been a falling off in

Cholpo under Wells, the Lands dependent on which

source of Irrigation were Cultivated with Grain

D.G.

There

Fort St. George 28th March 1850.

54. There has been an increase in the extent of land cultivated with Cotton of no less than 12568—1—12 acres assessed at Rupees 20,179—12—4 The total extent was acres 87309—33—9/12 being 4 7/16 per cent on the entire cultivation. These Crops are raised on dry land and principally in the black soils of the Northern Talooks, and are dependent on the South-West Monsoon the Lands are sown in September and the Crops come to maturity from February to April, & the plants are thus not sufficiently advanced to be injured by the North East Monsoon. The average assessment on these Lands which have been cultivated is shewn to be 1—15—2

55. The annexed Comparative Statement exhibits the extent and assessment of Lands applied to the cultivation of Sugar Cane.— Talooks-

Fort St. George 28th March 1850-

56. The culture of the Cane is chiefly carried on during the 2nd or Vyzakum season in December and January and the decrease that has resulted in the three Sugar producing Talooks of Muddenpully Poonganoor and Goorramkondah amounting to Rupees 5958-7-6 is attributable to the unfavorable character of the Season.-

57- In my Report for July 1257/1847-48 (Para 56) I ventured to express the opinion that the decrease in the land cultivated with this Produce in a comparison with July 1256/1846-47 was to be ascribed to a decline in the demand for this Article for exportation which cause as altogether attributable the Board of Revenue expressed a doubt from the circumstances of there having been a decrease also in other Products in Muddenpully in which Talooks the season was less favorable than in other parts and from there

	Muddenpully	20,046	4 1	16,819	15 5	3226	4 8

Fort St. George 28th March 1850.

Sunder

there having been an Increase in the
taken up for Sugar in almost all the
Talooks in which the Cane is grown to
extent. The proportion which the dec
on the land for other Products bears to th
extent cultivated in the Talook of Mad
=pully appears very trifling compared w
that which the decrease on the land
does in reference to the actual cultiva
of Sugar, while in respect to the whole
District the decrease in the land for Sugar
Talooks alone was in excess of double th
total increase in the remaining Talooks
which it may be considered that the articl
is manufactured more for Home Consumpti
The staple was comparatively in some measure
more active demand during Fasly 1258 / 1848-49
appearing from the Records of my Office that
Certificates as required by Act XV of 1839 ha
been granted for 27,300 Maunds of Sugar
portation being an increase of 2760 Maun
over the preceding Fasly notwithstanding
decrease on the land of about acres 608
comparison in the exports between Fasly
and 1256 / 1846-47 exhibits nevertheless a very

Sugar.

Decrease	343,941

Fort St. George 28th March 1850.

falling off which must be ascribed to
the distinction that previously existed
between Foreign and Indian & Colonial Sugars
being in 1846 brought within a narrower
compass. The scarcity that existed in England
during that and the preceding year combined
with the late Commercial disasters & consequent
pressure in the Money Market added to which
also the extravagant rates of Shipping Freight
that prevailed during Fasly 1257, must have
also in some measure checked the shipment
of the staple for that year but seeing that
Freights have been moderate during Fasly
1258 / 1848/49 having been at one time as low as £3-10
per Ton of 20 Tons when during Fasly 1257 / 1846/48
they rose as high at £6-10 and that in com=
parison with Fasly 1256 / 1846-47 there has been a
decrease in the Exports in Fasly 1257 / 1847/48 of 343,941
Maunds and in Fasly 1258 / 1848-49 of 318,181 Maunds
I would ascribe this great decline in the
Sugar Trade principally to the ministerial
measures which by reducing the differential
duty on Foreign, brought Sugar more directly
in competition with the Produce of India
and our Colonies, thus causing a consider=
able decline in the price of Staple, as of
Sugar=

Fort St. George 28th March 1850

Sugar which is now selling at 37/ to
per Cwt sold in 1846 at 45/ to 50/ The
low prices that had been ruling in Co
attributable to the depreciation in the v
of all Products consequent on the Comm
cial Crisis in 1846 must have also th
further affected Fasly 1257 though comp
tively to a trifling extent in reference to
great decrease noticed.-

58- Agreeably to the Circular
Letter from the Board of Revenue date
2d July 1849 a Talookwar Statement
prepared in the form required shewin
the Rent roll of the District of Cudda
has been submitted.-

59 A detailed Statement No
in the form annexed to the Circular
Letter from your Office dated 8th Octobe
last exhibiting the several Items com
prising the "Sewy Jumma" or Extra Jumm
of Revenue with the Demand Collectio
and Balance for each Item current
in arrears has also been prepared an
herewith transmitted.-

60 The Board of Revenue in
Extract from their Proceedings date
7th Augt 1849 on the settlement of the Distri

Fort St. George 28th March 1850.

for Fasly 1257 1847/48 have required me to
explain under what circumstances
the Remission of Rupees 2,164-5-10 as
exhibited in Statement No 13 B for
that year has been given for waste
under New wells. this explanation
I beg to afford.—

61. These Remissions are never
allowed on Land under New wells
ascertained to have been left waste
on insufficient grounds but it has
been customary to grant them
discretionarily in the following
instances dependent on circumstances
connected with individual cases.—

1st " When land under a
New well is not Cultivated at all
with Garden or wet Produce conse-
quent on the means of Irrigation
failing from whatever cause arising
and when the said land is in some
portion left waste owing to the
improvidence of the Ryot or to
any other unavoidable cause a Re-
Discretionary Remission is allowed

For

for that portion of the land left waste (the remainder being cultivated with Dry Crops) according to the circumstances and condition in life of the Puttadar.

2ndly In some parts of the Districts a number comprises an extent of land from 30 to 40 acres and the whole extent of land pertaining to a number in which a new Well has been constructed comes under the denomination of New Well lands. When new wells cultivation by means of irrigation in numbers is very inconsiderable and portion of the remainder is left waste, Remissions are allowed to the in proportion to the extent of land which has been irrigated but are granted on the Remainder

3rdly In other instances Lands under New wells are not cultivated all with Dry Crops, but to a very limited extent with the wet and Garden produce, pensions are in like manner with the

for an equal proportion of waste as cultivated with wet or Garden, & Seervajasty at 3 Pagodas per acre & being charged on the irrigated portion and the Dry assessment on the remainder is remitted.—

4thly Agreeably to the Rules in force Seervajasty is leviable on lands under New wells constructed by Ryots at their own expence if situated within 10 Chains or 33 Yards from Tanks and Channels and on such a level that the water from these sources of Irrigation will flow to them or when such New wells or the beds of Tanks have been overflooded when these Reservoirs possessing their supplies of water. If any portion of land under such New wells so situated is left waste, the remainder having been Cultivated with wet or Dry Crops and Seervajasty having been charged on the former, pensions are granted for such portion.

5th. Shall instances the granting of the indulgence is contingent

on

4404 Fort St. George 28th March 18

on circumstances pending the in-
gation of a field or number; but to
limited extent, or the non-cultivate
sown with dry Crops for any part
of the same, unavoidable

63. I do myself the hon
to comply with the requisition co
tained in the latter part of Pa
Extract from the Proceedings of
Board of Revenue dated 13th September

Revenue dated 13th September 1849.

4405 Fort St. George 28th March 1850

the restrictive order issued previous
C. R. 47 35 11½ to my arrival in the District. Land
assessed at Rupees 118 has been taken
up by Ryots on the terms of the Cowle.
The season was too advanced when the
late order cancelling the restriction
was issued, but it may not be out
of place here to state that for
the Current Fasly the lands that
have been already applied for on
Cowle Tenure amount to no less
than Acres 2227 – 29 – 7 assessed at
Rupees 7542 – 11 – 11. It will remain to be
seen what portion of these lands
are retained at the expiration
of the Lease.

65. Adverting to Para 18
Extract from the Proceedings of the
Board of Revenue dated 30th May 1849.
requiring information in respect to the
precautions and interpretation with
the circular Orders of the 16th ulto
of Shavaspully and in regard to the
construction of three New Tanks in
the sub Division, I beg to state
that it appears from the
Report of the sub Collector that the
Villages

Fort St. George 28th March 1850.

Village inquestion which was liabl
a fixed Sody or Quit Rent had fo
been entered in the Pymaish and Ena
accounts as a hamlet attached to
Village of Bossiapooram, and during
"Farom Summabundy" a period when
Assessments of the lands was deter
con, it was entered separately as a Kay
Sody Village on a Quit Rent of Rupees
a few years subsequently the Village
deserted, and the Shotriendars being
unable to Cultivate the lands or
liquidate the amount of Sody, they
resigned their claims to the Village
the tenure on which it had been
by them and it was again in Dece
1847 incorporated with the Pa
Hamlets.

66

observed that these Tanks are
in no way prejudicial to other
Reservoirs and that Seervajaghy has
been fixed at 3 Pagodas per acre on
certain lands converted into wet
under two of them Viz. in Rancha-
condah and Siddamurty-pully.

67. In my report for Fasly 1257
Para 53 I stated that the experi-
ments that had been made in the
introduction of the New Orleans
Cotton were likely to prove success-
ful. as required in Para 10 of the
Proceedings of the Board of Revenue
on the above Report a separate
Communication shall shortly be
submitted embracing the several
points noticed by the Board and
shall confine myself to stating
that there no reason to alter the
opinion expressed as to the
Capabilities of the Districts as
concern the extension in the
Cultivation of the American Plant.

68. The Board of Revenue
having required me to state in
this

Fort St. George 28th March 18.

this Report what has been do
towards maintaining the Ducu
sources of Irrigation in a more
Resumed efficient state of repair all th

Works.	No.	Assessment Circar Rs.	Assessment Dasavan dum Rs.	Total Assessment Rs.

a greater portion by Dumundu
under the connivance of the Vill
authorities, while by Cus
also paised on the more lig
assessed portions in perusing these
Enams under these decayed sources
necessary orders have been issued
views to lands to capable of irriga
being brought under Cultivation, and

4409

Fort St. George 28th March 1850.

lands of the latter description being
also made available for Ryots who
may be willing to agree for them.
In respect to the more highly
assessed lands the sanction of the
Board of Revenue is solicited for
a suitable reduction of the assessment
under "Seeva Cummi" according to
existing wages on the application
of Ryots who may be anxious to take
them up for Dry Cultivation —

69 In instances in which
the expenses for effecting repairs is
out of all proportion considerable
in reference to the profits derived
from the proceeds of these Enam lands
when also they are totally unfit for
Cultivation under these various sources
of Irrigation, or are overflooded, these
works have been included among
those entered as decayed, and the
Enams under them have been promised

70. The Rules in force in
regard to these sources of irrigation
which could be repaired have also
been enforced. Enams have been promised
when Dumundus has been failed

according

according to agreement & to exe
the necessary repairs within th
=cribed and ample period of
them, and when Cuandars have
their privileges, and also in case
absenteeism during a protracted
on the part of Parties holding these

7th The several Tahsildars
have been directed to prepare
for the repairs of Tanks and
the Cuanes under which han
presumed, but no such order
Course been issued in regard
as it has not hitherto been
for these to be prepared at Go
=ment expense in consideration
the 1/3d Remission allowed on
under this source of irrigation
Ryots are required to keep in
but, as in respect to Cuanes
wells which have actually
into a state of disrepair and
it cannot be expected will be
into an efficient state by Ryots
I would suggest the propriety
of a deviation from the gener

force withholding in this case the
1/3d Remissions and granting instead
the usual remissions of 1/4 in which
all the other lands have participated.
By the adoption of this measure the
necessity of a reduction of the assess-
=ment under "Seersa Cummi" will
be avoided while the present assess-
=ment whether wet or Garden will
be levied, and the more valuable
description of Produce be raised
on these lands.—

72. In cases in which co
share holders of Cuumdum Cuans
are willing to pay in proportion to
their shares towards effecting repairs
of Tanks and Channels or when there
being unable to undertake the
same to this extent have disposed
of shares to those who can
afford and are willing to do so, the
necessary arrangements have been
made according to the Rules in
force on the presumption of Cuans
of Parties who have resigned their
shares and of those who are absent

4411 Fort St. George 28th March 1850.

A Statement in detail exhibiting operations in reference to the above Remarks is submitted.

73 I have the honor to forward the Report from the sub Collector on the Settlements of his Division for the same Fasly.

74. Mr. Murray has entered into a few Topics connected with the Revenue system of the District &c adverting to the Circular Letter from your Office dated 1st. December 1845 and the Orders of Government and of the Board of Revenue therein referred to, directing that the Reports from Collectors should be confined to subjects immediately connected with the annual Settlements of their Districts, I have desisted from offering any observations on these questions of a more general nature that have been mooted in his Report.

75 In conclusion I beg to acknowledge the Assistance I have received from Mr. Murray the sub Collector and Dist. from Messrs. Wedderburn and

To

Fort St. George 28th March 1850.-

No. 21.-

To,

Bhavoorow.

the Tahsildar of

Camalapoor Taluk.

On referring to the Accounts of lands brought under Cultivation on Cowle tenure agreeably to the Rules Established by Colonel Munro since Fusly 1831 when the permanent Settlement was made, it appears that considerable extent of lands held both on Fixed and progressive Cowle was Cultivated for a few years from Fusly 1234. and subsequently of late only to a trifle extent. The cause of this being enquired into, it has been ascertained that in consequence of mention having been made in the Sagavalee Hookoomnamah for Fusly 1248 granted by Mr. Blane in July 1247 / 1837/8. that the lands taken up by the Ryots on Cowle terms should be retained by them even after the expiration of the lease, the Ryots apprehended that in the event of their applying for Cowle lands they would not be relieved from the responsibility of retaining the same on

Fort St. George 28th March 1850.-

on Puttah and consequently a great number of Ryots were subsequently not anxious to take up lands on Cowle. This restriction presses with hardship on the Ryots Independent of this it is stated in the Cowle Hookoomnamah that the Ryots should enjoy the privilege of Cowle within the period of the lease and afterwards pay the full assessment but it is not specified therein that he should retain it permanently for ever. With a view therefore to affording facility for the Ryots and to a greater extent of Cowle land being brought under Cultivation in future it is hereby directed that if the Ryots cultivate their usual holdings entered in their Puttahs and also apply for Cowle lands you are required to report to the Hoozoor the particulars as to what period such land remained waste, the nature of the soil &c. and whether upon your enquiry the same appears fit for being given on Cowle tenure in conformity with the rules contained in the Cowlenamah granted by Colonel Munro

and

Fort St. George 28th March 1850.-

and order will be issued instantly if the Ryots should be occasionally informed that they are required to clear the land so taken up within the expiration of the Cowle without hindrance for Cultivation and you are required to see that the same is attended to- As it is specified in the Cowle wherein that (the Ryots) after the expiration of the lease are required to pay the leviable assessment, the Ryots who had taken up lands on Cowle terms should pay the full assessment of one year after deducting the usual remissions from the total assessment, and afterwards if such lands have been cleared the Ryots should be left to their discretion either to continue or abandon the lands and their offers to retain the whole or a portion Viz. either half or quarter according to their pleasure and to surrender the remainder may be complied with, but due care should be taken that such lands as were taken up be distributed to other Ryots who may be anxious to take them up without allowing them to

Fort St. George 28th March 1850.-

to remain waste but the said lands ought not to be allowed to remain permanently in the names of Cowledars against their will and consent. With a view to this circumstance being well known to all people in general, a Proclamation is herein enclosed- you are required to send with your signature a Copy of the same for each Village, cause the same to be proclaimed and continue making necessary arrangements in bringing the waste land under Cultivation.-

1st August 1848 Fusly 1258.

Camp Cuddapah.

Collector.-

No. 22.

Translation of Proclamation dated 1st August 1848.-

It is hereby notified to all people in general that in consequence of a rule having been established since Fusly 1248 / 1838/39 that the Cultivating Ryots who take

Fort St. George 28th March 1850.

take up lands on Cowle tenure from the Circar Ayacut Bunjer in conformity with the Cowlenamah issued by Colonel Munro, should retain the same even after the expiration of the lease, it appear that the Ryots apprehended that in the event of their applying for Cowle lands, the responsibility of bringing the same under Cultivation permanently rests with them and subsequently refrained from making applications to a considerable extent. As this restriction presses with hardship on the Ryots it is hereby directed with a view to affording facility for the Ryots and to a greater extent of Cowle land being brought under cultivation in future that the Ryots should cultivate their usual holdings entered in their Puttahs and also apply to the Tahsildars for Cowle lands. On that Officer making a report to the Collector respecting the nature of the soil and as to whether upon enquiry made by him it appears that the same is fit for being given on Cowle tenure agreeably to the rules contained in the

Fort St. George 28th March 1850.

the Cowlenamah granted by Colonel Munro, orders will be accordingly issued instantly. It being specified in the Cowlenamah that the lands so taken upon Cowle term should be cleared within the expiration of the lease, and afterwards the Cowledars be required to pay the leviable assessment (the Ryots) should pay the full assessment of one year after deducting the usual remissions from the total assessment afterwards if the Cowledars have cleared such land it should be left to their discretion either to continue or abandon the lands and there is no objection on their part to retain the whole or a portion Viz. either half or quarter according to their pleasure and to surrender the remainder, which latter portion may be brought under Cultivation by other Ryots if they wish to do so. The Ryots should make themselves well acquainted with the above particulars and cause the same to be enforced.—

Sundapah Collectors
or Board Chintagoontah
31st December 1849.

Fort St. George 28th March 1850.

No. 24.

To J. H. Cochrane Esqre.

Collector of Cuddapah.

Sir,

1. I have the honor to submit to you the following report of the settlement of Land Revenue in the Sub Division for fusly 1258.

2. The cultivating season commenced favourably, rain falling in May in all three Talooks opportunely, and continued and intervals during the succeeding Months, to the end of December, which enabled the Ryots to sow the dry and early garden land. These rains were however insufficient to fill the Tanks in Budwail and Cumbum, the north west monsoon being very partial the cultivators were unable to sow the usual quantity of land for a second crop of Paddy. In Doopaad the season has been more than usually favorable for all kinds of grain, the tanks were generally filled. Wet land and land for extra assessment has been cultivated to a larger extent than in any former year.

The

Vindoondars will execute.

Total of Columns from 30 to 35.

Fort St. George 28th March 1850

The large reservoirs situated at Poroo-
=mamilla, Budwail and Cumbum
received but a scanty supply of water
insufficient for the usual cultivation
under them, had there not remained
a considerable surplus from the previous
year the deficiency would have been
severely felt.—

Statement shewing the number of Tanks which received a full and partial supply of water compared with the previous year.—

	Cumbum		Doopaud		Budwail

Received no water whatever—	25	26	42	27	16	22

Fort St. George 28th March 1850

From the above it will be per-
=ceived there is an increase of two Tanks,
one situated in the Village of Rancha
Conda in Doopaud Talook, constructed
last year by Gerraureddy and another
some years previous, in the village of
Woopaloor in Budwail Talook by M.
Wobala Condoo, formerly omitted
in the accounts but brought into those
of Fusly 1258. The lands under the
former were taxed at one Pagoda
per acre in accordance with the Ahaur-
=wary accounts for wet, garden and
Poonsa lands of the 1st Class de-
=pendent on the Tanks for irrigation,
under the latter it was discovered the Village
authorities had taxed the land very lightly
it was therefore reexamined and assessment
fixed according to the rules in force whether
of these Tanks interfere or are prejudicial
to the older Reservoirs.—

3. The different kinds of
grain sown in the early part of the
season on dry and early garden lands
produced an abundant Remuneration
to the grower so did also those sown
later

Fort St George 28th March 1850.—

later with some few exceptions. Chenna Gram, Green gram and Wheat have been more extensively cultivated than in former years. In some places the crop sown on dry lands suffered from a blight and those on wet from a scarcity of water. Sugar cane, beetle gardens and Indigo yielded a good return. The average of the whole harvest may be stated at $\frac{14}{15}$ of a full crop.—

4. Statement showing the prices of the different kinds of grain compared with the four previous years

There

Fort St George 28th March 1850.—

There is a considerable decrease in the price of the different species of produce compared with the three previous years but greater than fusly 1254. With the exception of Cotton the small increase on it above last year requires no remark. The decrease in Suzzaloo, Wheat and Chenna is very considerable on account of the abundant harvest, this, and the preceding year, the latter has been imported to a considerable extent from the northward by the wandering tribes. In former years Paddy was in considerable demand for exportation to Palnaud and Hyderabad, this season the export has been trifling not sufficient to keep up prices and consequently there has been some difficulty in collecting the Government revenue.—

5. As Government seem desirous of extending the cultivation of wheat for exportation, the following table will show the extent of land suitable for its growth the assessment and number of acres sown.—

Acres—

Fort St George 28th March 1850

3	actually cultivated with wheat in fasly 1258	300	1,003	12	5
4	Balance of ayacut Bunjur or land not agreed for by Ryots	414	1,825	4	7

1 Fasli ayacut

The land suited for the growth of wheat is situated about 20 Miles to the South West of Cumbum and is distributed among 14 Villages. The season for sowing commences the middle of October and continues to the middle or end of the following month, after which 3½ months are required to bring it to maturity, the harvest

Fort St. George 28th March 1850

harvest may therefore be said to commence in February or later according to the sowing After the seed has been sown little water is required, heavy rain is detrimental to the plant and the lands required for the production of this species of grain must be of the higher classes and consequently highly assessed, much greater labour is required for growing wheat than any other kind of grain the land ought to be deeply and repeatedly ploughed throughly cleaned and manured before it will yield a proper remuneration at present the demand is limited, though the grain is of a large and good quality it being used in small quantities only by the higher and wealthier Class, the poorer do not use it, the markets are distant, assessment high, labour great and the straw produced unfit for fodder. the Ryots under these disadvantages seem unwilling to increase the cultivation unless some inducement is held out in a reduction of assessment on the land.—

6. Statement showing the number

4566 Fort St. George 28th March 1850

Number of Pattahs and Ploughs compared with the former year.—

	Paddy	Paddy	Cocoanut	Plantain
	1255	1258	Increase	Decrease
	Ploughs	Pattahs	Ploughs	Pattahs
1 Cumbum	6427½	6943	6817	1126
2 Dooraud	5822	8411	6179½	2589
3 Bodinaid	4548	8170	4552	3352
Total	16792½	23524	17548½	7067
1 Kolumm	2285	2385	1	100
2 Pyakauny	4551	4568	1	17
3 Gandicoy	430	468	1	38
Total	23534	28535	981	

The increase on both descriptions of Ploughs is brought under the head of waste land during the present Settlement. The number of Pattahs issued to the ten Pyakauns under the Cutcherry Pollam and Pyakauns Choultry amounts to 500.—

	Grand Total —	28535

The

Fort St. George 28th March 1850

The whole number of Pattas is shown to be 26,995. granted for land revenue, of these the assessment has been collected upon 26,403 leaving remitted 592. on account of waste Paddy lands uncultivated from the insufficiency of water &c. of these a few belong to Ryots of tolerable circumstances but the greater part to the poorest class of ryots. The Statement shows the poverty of greater portion of the cultivating class throughout the Sub Division and their case deserves consideration.—

A subject may here be mentioned which causes considerable ill feeling among the people and which might be remedied, namely- and under ryot holding land entered in the Pattas of another person either through friendship of the owner or during his absence, having cultivated the land for some time he cannot be dispossessed. Should the Pattadar claim the land after several years and the other refuse to resign it the

Fort St. George 28th March 1850.—

owner naturally attempts to prevent him occupying the land. A Complaint of obstruction is preferred to the Revenue authorities who on it being proved that the Ryot has been in the enjoyment and paid the Revenue for some time, desires the Pattadar not to interfere, the Pattah is continued in the name of the original holder, the land is left with the undercultivator, thus the original owner is virtually deprived of his right but is still held liable for the Government assessment unless he resigns all right to the Pattah. Should the undercultivator become bankrupt and make away with the Crop, the Government security, the holder of the Pattah is held answerable for the assessment and charged for land he had no power though willing to cultivate. Were a limited period laid down during which all such lands were again to be demanded and given over on a written agreement, this annoyance might be prevented

8 Statement Shewing the Cabolaty of the Sub Division compared with the preceding year.—

Net	"	"	" "	"	"	" "	5364	"	" "	"	1130	3 6

The above shews an increase in Cabooliaty above the preceding year of Acres 5,364 yielding a revenue of Rupees 5,899-13-2 but a decrease in Jurpuljaety land taxed for second crop of Rupees 7,030-4-8 leaving a Net decrease of Rupees 1130-3-6. There is a decrease in dry land of Acres 3,309 paying a revenue of Rupees 4,017-4-1 owing to these lands having been converted from dry lands or Koshkey into wet garden or Poonanda they are in consequence deducted from the head Kanarummkum and entered under the head Nekarummkum.

At the time of Caboolaty or arranging with the Ryots what quantity and description of land they intend to cultivate during the season many desire to resign portions of their land which to them are unproductive either from the land being exhausted with successive crops or the tax being so high there is no profit to the Cultivator. This they are not permitted to do unless in resigning the inferior land they give up a corresponding

portion of the more productive or agree to bring under crop a portion of waste land of the same class as that resigned, thus a system of forced cultivation is carried on which must be detrimental to the people particularly when prices of grain are low.

It seems to be under consideration to levy a tax on all new Wells giving the Ryot who constructs it remission for a certain number of years in order to reimburse him for the expense incurred in reality, all new Wells are already indirectly taxed, in some cases heavily even more so than if a direct tax were imposed. Before digging a Well the cultivator agrees that he will not resign any portion of his Puttah lands. After the Well is dug he levels a portion of land depending on it for the cultivation of garden or other produce, this portion levelled is not permitted the remission of one fourth granted by Sir Thomas Munro and should he leave any portion of his Puttah land waste he is charged with full assessment for the whole. Where new Wells are dug within certain distances

Fort Saint George 28th March 1850

distances of tanks or other Cirkar Channels and rivers, there is a immediate tax fixed on the land irrigated and thus, indirectly the Ryot is heavily taxed for his improvements. The effect of this Regulation falls severely upon many persons in the Sub Division where the soil is in general of an inferior quality and which requires rest after producing crops for 2 or 3 years - I would recommend strongly that some modification of the present rules be effected so that cultivators might be permitted to leave waste portions of land which might be used as pasture and for which a small tax might be levied.

The system of fixing a uniform sum as a minimum for Seermajesty seems to be objectionable, it is an overtaxing of the lower classes of dry land converted into wet Tarn and undertaxing the higher and more productive classes. In Villages where old garden and wet land of the 1st Class is taxed at 3 Pagodas or above, the assessment on newly converted land is not to

Fort St George 28th March 1850

to be less than that fixed on the old garden Tarn lands, if less the sum for Seermajesty is not to be less than the highest assessment levied on the old land.

Should a Ryot convert land of 4 Fanams per Acre into wet garden or Poonassa in a Village where the old garden Tarn is taxed at 3 Pagodas he is charged with the difference between 4 Fanams and 3 Pagodas, while another cultivator converts lands paying 2 Pagodas per Acre he is only charged with the difference between 2 Pagodas and 3, and thus the lower assessed land has to pay more in comparison than the more productive. A scale might be laid down charging each class of land for Seermajesty according to its capabilities.

Statement showing the different quantities and descriptions of land agreed for in each Talook compared with the former year.

Net	"	"	" " 230912 6

The above shews an increase in the Talooks of Budwail and Cumbum amounting to Acres 2434 assessed at Rupees 2276-14-7 but a decrease in Jusil and Teerwajasty and Poonansa of Rs. 7623-6-0 owing to the insufficient supply of water in the Tanks which causes a net decrease in the Calloolaty settlement of Rs. 5346-7-5 but an increase of Acres 2434 in the extent of land agreed for. In Cumbum garden lands of an inferior quality have been relinquished and others of a higher class taken up in their place, this creates a decrease in the extent of land of acres 23 an increase of revenue of Rs. 57-11-1. In Budwail a portion of the higher class of Poonansa lands have been relinquished and those of a lower class brought into cultivation, the higher class land became unproductive and there being no more land of this class fit, that of a lower was taken up, a small decrease is the consequence; and for the same reason there is an increase in garden lands Acres 21. and a decrease in Revenue 83-12-1 in Doopaud. In this

D.G.

this last named Talook there is a decrease of Rupees 204-3-1 in Jusunjasty &c. but an increase of Rupees 4420-7-0 in Calo: lady dry lands and others, this leaves a net increase of acres 2,930 in land and Rupees 4216-3-11 in the assessment.

10. Statement shewing the Jookoom razee compared with the preceding year.

* Enams cultivated by the Enamdars themselves . . . . . 150790—5—4
2nd ly others . . . 187075—3—2.
337865—8—6

The above statement shows that the assessment of the whole Enam ayacut is nearly equal to one half of the Cirkar ayacut, The greater portion of the Enam land is fit for cultivation while a large portion of land is included in that of the Cirkar such as Hills, rocky and stony grounds

ground together with other jungles which are unfit for that purpose, should this land taxed at Rupees 340,783—10— be deducted from the whole assessment of Cirkar lands there will remain land assessed at Rupees 637,571—4—10 which revenue can be collected, this last sum compared with the whole assessment of Enam Ayacut shows that the main land exceeds one half of the assessment of the Circar lands by Rupees 126,491—13—1.

12. There has been a steady increase in the cultivation of Enam lands for some years past not by the owners but by other Ryots who obtain these lands on very easy terms in some cases paying a small rent in money, in others produce, and it is to be feared, larger portions of Enam lands will

will be taken up, while the Government is left waste, the small tax called "Tuffurick" being insufficient to prevent Government land being given up in favor of Enam lands.

Seeing that the Enam lands are so very extensive it would be very desirable that a searching enquiry be instituted regarding them to learn on what tenure the lands are held, when, and by whom bestowed, what Sunnud or documents exist. It is believed many lands are held under no documents whatever

or fictitious deeds of gift, long possession is all that can be pleaded. This investigation is the more necessary as the per centage on cultivated Enam lands is much greater than on Circar land, that on Enam lands being 75 11 — 1. while that on Circar is only 38 12. 5.

13. Statement showing the extent of land cultivated with Indigo, Cotton and Sugar Cane together with the assessment as compared with the preceding year, a Cantagie being calculated on the average Sist for the last 10 years.

Sugar Cane

The

Fort St. George 28th March 1850

The growing of indigo until of late years has been confined to the talooks of Budwail and Cumbum, in both of these the sowing has been very extensive but the Ryots have not obtained the advantage they at first calculated on and the cultivation of this plant is not likely to be increased without grant competition among the Merchants

In Doopand the grantity sown was very small but for the last 4 or 5 years it has gradually been increased

Sugar cane can hardly be expected to be much grown the Ryots are unacquainted with the method of making Sugar, the coarse Jaggery is of so bad a quality it will not take in the foreign Markets, the roads are bad, the produce not sufficiently good to bear the expense of carriage

Cotton is grown to a considerable extent for home consumption, it is not of the finer quality nor will the Ryots be

Fort St. George 28th March 1850

be at the trouble to cultivate it separately, clean, and weed the ground, it is generally sown in rows wide apart, between which there is some other dry grain, the lands in the Sub Division are not suited for the growth of this plant there being little of the peculiar soil required American seed has been sown but has not been productive whether this was from neglect, from bad seed, or land unsuitable, I have not been able to learn

Statement showing the receipts on all descriptions of land.

F. D.

The above shows a decrease of Rupees 1,425 13 10 under the head Cabooleto Bunjer, Rs 120 4 10 under Shamalant, Rupees 633 10 9 under Pannebodely. The decrease in the two former is owing to a large portion of the land remitted last year being brought under the plough this and for the last to the portion of lands situated in the beds of Tanks particularly in that of Cumbum which were flooded the previous year, being cultivated during the present. There is a decrease of Rupees 1,298 11 4 in Paravabodity on account of lands producing crops which were overflooded last Year having yielded produce in the present. In Pary Bondoo Rupees 312 1 — this remission is annally granted Teerwa Cummy and Pymash Cummy to the small portion of land requiring this remission; the other remissions are small and require no remark with the exception of land on which Jackfruit trees were grown; this remission was granted by order of Government. The net decrease amounts to Rupees 1915 5 9. to which the sum of Rupees 2179 — 13 — 5 on account

Fort St. George 28th March 1858.

of Bungeir Vea must be added. Rupees 4095 3--2, from this sum must be deducted Rupees 772 8 11 on account of increase in the usual remission of one third and one fourth Dasabundum Vea which leaves a Net decrease of Rupees 3,322 10 3.

15 Comparative Statement shewing the increase and decrease in the remissions on all descriptions of land left waste.—

Net Decrease		2,170	13 5

Fort St. George 28th March 1858.

There is a net decrease Rupees 2,170 13 5 this is owing to deficiency of wet cultivation in the Talook of Cumbum and of wet land other descriptions in Budwail, the water in the Tanks being insufficient a larger remission was required. In Coopaud there was a larger portion of land cultivated which makes a decrease below the preceding year; remission was granted on Dry land Vea unfit (or Pymaly) and to indigent Ryots as usual

Decrease

Fort St. George 28th March 1850

There is an increase of Rupees 2992 6 9 on account of the increased cultivation of dry land in each Talook of the Sub Division and of wet and other land in Doopaud. After the settlement was completed a further increase of Rupees 22 3 8 above last year was discovered making a total of Rupees 2,211 10 5 but a decrease in Jodee and Neersauneya (tax on garden land not irrigated by Cistern water) the lands under these heads being more sparingly sown but an increase under the head of Enam Sufferick (tax on Enam land cultivated by Cistern or other Ryots) amounting to Rupees 1598 4 7, this leaves a net decrease of Rupees 593 3 - deducting this from the increase a balance of Rupees 1621 7 5 remains. This increase is greater than in any previous year.

17. Comparative Statement shewing the Land on which Inam Sunnud was granted with the previous year.

Fort St. George 28th March 1850

	Fusly 1257.			Fusly 1258.			
	Sookoom Gyer Rayee	Cultage Rayee	Sookoom Gyer Moojarah	Cultage Moojarah

Total	367860 7 11	319254 15 8	48602 8 8	46166 5 11	2422 2 4	" "

Of the outstanding balance of the end of the fusly was the sum due to Cumbum Falok by the Venkata gherry zemindar for Dishand Rupees 1598 which has since been collected. The heavy outstanding balance at the end of the fusly is greatly to the

For Ft St George 28th March 1850.

attributed to the cholera breaking out with great violence in June the month when heavy collections are made and continued with more or less virulence until August, in some places the inhabitants fled from the infected Villages while others shut themselves up in their houses and would have little or no communication with their fellows, some the Peons sent for the collection of Circar peramboo were refused entrance into the Villages

20. Statement shewing the different amounts which may be considered doubtful and cannot be collected.

	Annual Putty for B. Amund	Total
1 Cumbum	1752 - -	8 2 4 4 8 3 4 4
2 Doopand	157 4 4	80 8 3 4 6 8 11 2 7 9 2 6
3 Budwail	1601 3 4	- - 12 8 2 1679 11 6
Total	2288 3 8	80 11 3 7 3 3 5 2 4 2 2 4

Under the head "doubtful" it is impracticable at present to state the exact sum which may or may not be collected as Complaints have been preferred of extra assessments (or Peramapady) having

4595. Fort St George 28th March 1838.

having been overcharged and of several numbers of land on which assessment has been charged when the cultivators stated their crops failed, & these are under investigation and will be settled as speedily as possible.—

Orders have been issued for the Collection of all balances which are not disputed.

Of the sum Rupees 73 3 5 as shown in the above statement under the head Baromaid a sum of 5 Rupees and 3 Pice is due from persons deceased leaving no heirs, a sum of Rupees 29. 5 11 from persons absconded and Rupees 38 10 under the head Nandavery or poor persons, who have no property and Rupees 8-11-3 which was at first ordered to be collected for Peishwajasty but upon Complaints preferred by the Ryots and enquiry being instituted it was found that this sum ought not to have been collected. An account particularly shewing the Amounts due by each individual will be forwarded.

21 Statements shewing the payments derived from all the Anchers compared with last years.

Fort St George 28th March 1838.

Lastly Circular Consultation.

1596

| | | |

Fort St. George 28th March 1838.

The above Statements shews an increase of Revenue under the heads Land revenue, Motunpha and Stamps, but a decrease under those of Abkary and Panjabanbo; the total increase in the Sub Division above the previous year amounts to Rupees 1510 — — — this increase is very satisfactory though so small as the revenue has been on the increase for three years past.—

22 A separate Account of Seevy Jumah is sent herewith as required by the Circular letter of the Board of Revenue dated 8th October 1819.—

23. The season at the commencement was healthy but towards the end of the [illegible] July small Pox & Cholera broke out in some places severely. For the former disease I would be highly advisable that Vaccination should have a greater supervision than at present. The Government are at considerable expense in sending Vaccinators through the Districts and these men send in their returns

Fort St. George 28th March 1838.

of more or fewer children being vaccinated but it is difficult to ascertain whether these returns are correct or whether the Vaccine matter has taken the desired effect; in some cases modified small Pox has occurred after immediate Vaccination while in others spurious Vaccine matter is made use of. I would beg to recommend as a better supervision of the Vaccinators that the Zillah Surgeon be allowed to proceed into the different Talooks for the purpose of examining into the truth of the reports and ascertaining by personal inspection whether the lymph made use of is the true Vaccine Virus or not. His occasional visits would further be of great use to the people in relieving some diseases, the treatments of which the Natives & Doctors are ignorant.—

The Cholera was prevalent throughout the District and was particularly fatal in Cumbum Village though much less so than when the Village was last attacked. This latter circumstance is a great measure to the cleanliness in

in which the streets and drains are kept through the labours of a small number of Prisoners stationed there.

The season may be stated as healthy for Cattle though in some places both Cattle and Sheep have been carried off by the disease called Mikkoorila, Maara Goondamookkoy, &c.

21. In conclusion I beg to bring to your favorable notice the conduct of my Shristadar Kunchanapully Kavoorus- pow who by his ability and integrity maintains the high character bestowed upon him by former Collectors under whom he served.

Cumbum, Sub Coll.r Office of Maurkapoor, 13th December, 1849. } Signed M. Murray Sub Collector

Cuddapah, 11th July, 1849. E. E. Dr. I have the honor Sir, Your most obedient humble Servant D.G. C. Master

4600 Fort St. George 28th March 1850

Ordered to be brought forward

Order thereon

(11-12) to a future day

Read the following letter

To, W. H. Bayley Esqre Secretary to the Board of Revenue Fort St. George.

Sir,

(13)

From the Sub Collector in charge of Salem — } 1. With reference to Extract from the Proceedings of the Board of Revenue dated 11th March 1850 requiring further information to enable the Board to furnish the Documents applied for in my letter of the 26th February last, I have the honor to inform you that the application refers to enclosed in a Statement No. 1. B Columns 1, 2 & 3, enclosed in a letter from the Special Commission to Government dated 27th August 1802, in which the lands to be conveyed to the purchaser of each Mootah were specified under three distinct Heads Viz.

1st Land Cultivated in Fusly 1211.

2nd Land Cultivated in former different periods.

3d Waste lands that were never cultivated but capable of cultivation.

Affording the information required by the Board & enable them to furnish the documents applied for in his letter of the 28th February relating to the Chinda enungalum Mootah

The

Fort St. George 28th March 1850.

2. The document I am anxious to obtain is an Extract from the above Statement; similar to that furnished by the Board to Mr. Gleig on the 12th January 1843 for the Mootah of Salem. That which is now required is for the entire Mootah of Chandamungalum in the Namcul Taluk.

3. An error appears to have been made in my previous application in designating the Document as the Toda chit of the estate instead of an Extract from the accounts upon which the Toda chits were prepared.

Salem District;
Attoor,
Collector's Cutcherry,
20th March, 1850.

/ Signed / F. N. Maltby
Sub Collector in charge

Proceedings thereon.

(13-14)

The Board of Revenue are led to believe that it would be convenient if a copy of the whole Statement report-ed by the Sub Collector in charge were placed on the records of the Salem District. They resolve therefore, to forward Mr. Maltby an entire co-

Fort St. George 28th March 1850.

which such Extracts as may be required by the Court can be furnished.

Resolved that the following Proceedings and letter be dispatched.

Read Endorsement passed by the Sub Collector in charge of Salem reporting on a Petition from the manigar of Thospooply 9 ten Villages praying to be restored to his Office.

* 9th March 1850.

* No. 2450 of 1849.

(15)

Proceedings.

Under the circumstances represented by Mr. Maltby in the Endorsement above recorded the Board of Revenue will not disturb the decision passed in the case of Petitioners but they would point out in reference to para 4 of that Endorsement that Regulation VII of 1828 contemplates that Collectors will refer for trial only "cases of a petty nature" cognizable by themselves under the provisions of Regulation IX of 1822 "to their Sheristadars, deputy Sheristadars when detached from the Head Cutcherry and also Thasildars" within their respective Talooks.

Ordered that the following Endorsement be passed on Petition No.

Fort St. George 28th March 1850.

No. 7430/1849.

The Board of Revenue having received a full report from the Sub Collector in charge on the subject of this Petition will not disturb the orders passed by the local authorities in the case of Petitioner and resolve that this Petition be rejected.

To the Collector of Tanjore

To,
The Collector of
Tanjore.

No. 583 of 1850

Sir,

I am directed by the Board of Revenue to forward to you the accompanying Petition from Caliana Ramiah Thasildar of Papanasam in your district appealing from the sentence passed by you under the provisions of Regulation IX of 1822 on certain charges of corruption; and to request that you will be pleased to transmit to this office the original Proceedings held in the case together with a full report on the statements made in the Appeal Petition.

Revenue Board Office,
Fort St. George,
28th March, 1850.

I have &c.
(Signed) W. H. Bayley
Secretary

Proceedings

Fort St. George 28th March 1850.

Read Return of Persons in confinement in pursuance of sentences passed under Regulation IX of 1822 in the District of Coimbatore for the month of December 1849.

31st Dec. & Mysore
31st March 1850

It is observed that the date of this Return is 31st December 1849 while the document itself was not received at this office before the middle of this month. The Collector should be careful that the Periodical Returns transmitted to the Board should be dispatched within the proper periods.

17
