

4612 Fort St. George April 1850.

Diary.

Received the following Resolution

(From Board 7th March)

1

From the Secretary to Government. } Extract from the Minutes of Consultation, under date 19th March, 1850. No. 285.

Before granting his sanction to the Estimates of Sadderwareed submitted by the Col= lector of Canara, which the Board of Revenue propose to adopt as the standard for future ex= bursements under this head, the Right Honorable the Governor in Council desires that the Board to ascertain and report, whether the amount of Sadderwareed for the Sea Customs Department estimated at Rupees 325 per Annum, being nearly equal to the average expenditure of the 6 years fr Fasly 1252 to 1257 and considerably above the actu Charges for Fasly 1258, will not admit of any reduction with reference to the Changes by Act VI of 18

(Signed) S. Pycroft.

Secretary to Govern

1-2

Order thereon-

2d April.

1. Resolved that Copy of the foregoing order of Government be furnished to the Collector of Canara, with reference to the Estimates enclosed in his letter of the 22d February 1850.

2- Mr. Blane will be pleased to report without loss of time whether the amount of Sea Custom Sadarwared entered in his Estimate will admit of any reduction in reference to the Charges effected by Act VI of 1848.

3

Letter from the Secretary to Government — Communicating observations and orders of Government on the management of the Extra Sources of Revenue in the District of Kurnool Fusly 1258-

Received the following Extracts.

Extract from the Minutes of Consultation, under date 20th March, 1850. No. 293-

Read the following

Extract from the Proceedings of the Board of Revenue-

(Here enter 28th February 1850, No. 104.)

Para 1. The Extra Sources of Revenue of the Kurnool Territory were settled for fusly 1258 at Rupees 157,497—10 being above the Settlement of Fusly 1257 in Rupees 5,661—4—9.

In Sayer and Small farms there was a falling off, and in the remaining items of

of Abkarry, Moturpha and Stamps there was an increase-

2- The Sayer Collections amounted to Rupees 6,783—5—10. or 287—4—1 below fusly 1257 occasioned, in some measure, by the orders exempting from taxation piece goods of Europe Manufacture carried across the frontier from the Nizam's dominions- The policy of retaining these Frontier Customs has already been fully discussed by the Board of Revenue and the subject is again referred to in their present proceedings, but as the question is now under the consideration of the Home Government it is not necessary to pursue it further in the present place-

3- In small farms the deficiency amounts to Rupees 1077 and arises in the disposal of the Orchard and Fruit tree Groves and Diamond Mines; in the former case from the unfavourable nature of the Season- in the latter from want of competition-

4- In Abkarry there was an increase of Rupees 1,740 and in the

Para

Moturpha Rupees 4,161-4-10, the progressive improvement of late years in this latter branch of Revenue is very satisfactory, especially as it is represented as arising from "a more equitable and general distribution of the Impost."

Moturpha Demand for	
Fasly 1254	44,801.
" 1255	45,112.
" 1256	44,496.
" 1257	51,567.
" 1258	55728.

5. In stamps there was an increase of Rupees 1124-4 — attributed to the operation of Act 17 of 1848.

6. The Collections of Current revenue amounted to Rupees 15,1952-1-4 leaving a balance outstanding at the close of the Fasly of Rupees 5,544-15-6 which was reduced by the end of October to Rupees 1163-10-5.

7. The Right Honorable the Governor in Council grants authority for writing off in the accounts of the Kurnool Territory the balance of Moturpha revenue for Fasslies 1255 and 1256 represented to be irrecoverable amounting to Rupees (404-7-1.) Four hundred and four, annas seven and pie one.

Including

8. Including Extra Collections an Arrears in the Collection of which there was a large increase of Rupees 4,985-2-5 and deducting charges, the Net Revenue amounted Rupees 15,5,464-5-5. and exhibited an increase above that of the previous year in Rupees 11,606-8-4 which the Governor in Council regards as very satisfactory.

Secretary to Government

3-4 2d April.

Order thereon. Ordered to be communicated to the Agent to the Governor at Kurnool with reference to the Board's Proceedings dated 28th Ultimo.

5

From the Secretary to Government — Containing the observations and orders of Government on the Board's Proceedings reporting on the management of the Extra sources of Revenue in the District of Cuddapah in Fasly 1258.

Extract from the Minutes of Consultation under date the 21st March, 1850. No. 298.

Read the following

Extract from the Proceedings of the Board of Revenue.

/ Here enter 4th March 1850. Re. 112 /

Para 1. The demand an account of the Extra sources of Revenue in the Cuddapah

Dist

District for Fusly 1288 amounted to Rupees 3,10187-2 being above fusly 1257 in Rupees 7725-9-5 and above fusly 1256 in Rupees 24,643-8-1-2

In Abkarry and small farms there was a decrease arising from ordinary fluctuations. In stamps there was an increase of Rupees 11,328-4 of which Rupees 8,296-12 were owing to the operation of Act 17 of 1848, the remainder being caused by the realization of the amount embezzled by a late stamp Vendes-

The increase of Rupees 1,295-10 in the Moturpha and Veesabady, is satisfactory as indicating improvement in the resources of the District.-

3. The Collections of Current revenue amounted to Rupees 2,97,161-12-1 and the balance of Rupees 13,025-5-11 outstanding at its close is reported to have been reduced by subsequent Collections to Rupees 814-8-5. In the Balance however as given in the Statement in Para 2 of the Report the amount of Rupees 713-12 seems to have been due on account of stamps-

It

It does not occur to the Government how any balance should be outstanding in this branch of revenue, and it is requested that the cause may be explained. The Gross Collections Rupees 3,06745-15-11 exceeded those of the previous year by Rupees 1689-12-4 and the net revenue Rupees 3,05131-3-11 exhibited on comparison with fusly 1257 an increase of Rupees 1245-4-1-

4. The Right Honorable the Governor in Council grants authority for writing in the accounts of the Cuddapah Collectorate the arrears of Mohturpha revenue reported to be irrecoverable amounting to Rupees (83-1-6) Eighty three, one anna one, and pice Six.

(A true Extract)

(Signed) J. Pycroft.

Secretary to Government.

(5-6) 2d April.

Order thereon-1. Ordered to be communicated to the Collector of Cuddapah, with reference to the Board's Proceedings of 4th Instant.

2. Mr. Cochrane will be pleased to furnish the information called for in Para 3.

Extra

7

From the Secretary to Government — Containing observations & orders of Government on the Board's Proceedings relative to the settlement of Land Revenue in the District of Trichinopoly in Fasly 1258. and suggesting a modification in para 13 of the Rohimmanah of the District.

Con. Ext. Min. Con. 20 Feby 1849.

Extract from the Minutes of Consultation, under date the 21st March, 1850. No 297.

Read the following —

Extract from the Proceedings of the Board of Revenue —

Relative to the settlement of the Land Revenue in the District of Trichinopoly for Fasly 1258 — 1848/1849.

(Rec'd enter 25th February 1850. No 94.)

Para 1. The season of Fasly 1257 in the Trichinopoly District was noticed by Government in their review of the Settlement of that year, as having been highly favorable. That of the Fasly under report was still more so. The freshes in the Cavery were regular and steady, and the rains copious, the result has been an increase in the cultivation of the year compared with that preceding it of 5,391 — with a Beriz of Rupees 12,571, and in the total settlement of Land Revenue under all heads of Rupees 9,743 — 2 — 2. The amount of Rupees 14,73,165 — 15 — 11 — exceeds the average of the last five years by 10 per Cent and is likewise higher than the cultivation

Cultivation.	Extent.	Assessment.
Fasly 1257 — C.	3,35,728 — 50 — 13¼ —	Rs 13,92,369 — 9 — 5.
1258 — "	3,41,119 — 58 — 15¾ —	" 14,04,941 — 8 — 4 —
Increase	5391 — 8 — 2½ —	12,571 — 14 — 11 —

Fasly — 1257	14,63,422 — 13 — 9 —
1258	14,73,165 — 15 — 11 —
	9743 — 2 — 2.

outturn of any Fasly since 1231, with two exceptions in both of which the assessment was unduly enhanced under a system now discontinued. The year was healthy, and population and agricultural stock seem to have been on the increase.

2. Prices in Fasly 1257 though lower than those which prevailed in Fasly 1256 were represented to be remunerative. The prices during the past years show a serious decline, being below those of the preceding Fasly by 23¼ per % on the fine and 31 per % in the coarser kinds of grain. Under disadvantages the realization of the whole demand within the Fasly except a balance of Rupees 1,8[illegible] 14 — 10 reduced at the date of the Collector's report (23d October 1849.) to Rupees 2,082 — 2 — 0, must be regarded as satisfactory.

3. The abundance of the early rains occasioned loss of produce from inundation in some localities, and led to the grant of remissions on that account to the amount of Rupees 1,850 — 12 — The favorable nature of the season also induced the

Fa[illegible]

Ryots in some places to increase their cultivation
to an extent which they eventually had not the
means of irrigating, and it became necessary to
allow some abatement from the public demand
on account of Shavie or withered crops. The
remissions on this head are said to have been
given after careful scruting and amounted to
Rupees 2323–12–5, which though in excess of
the sum allowed in Fusly 1257, is yet much
below that granted in the two preceding
years Fusly 1255/56.

4. The Board (paras 5 and 6) have
pointed out to the Collector some defects in the
Summabundy accounts hitherto furnished from
his District and have directed the adoption of
two forms of Statements recently introduced into
the District of Madura; these instructions
will receive Mr. Maltby's attention.

5. The only remaining question dis-
= cussed in the Settlement report, or in the pro-
= ceedings upon it, which calls for remark
relates to that rule (13) in the Trichinopoly
Hookumnamah

Hookumnamah which requires the Ryot to cultiv
to the full extent for which he may have enged
the Dittum. Mr. Maltby, speaking however with
diffidence on account of his recent acquaintance
with the District, expresses his apprehension, tha
this rule will be found to operate injuriously upo
the resources of the District unless a considerable
degree of discretion be allowed to the local
authorities in respect to its enforcement, at least
Para 16— in regard to the Poonjah lands; and he intimate
that these effects had indeed in some measure
shown themselves during the year on which he
was reporting. In reply the Board have transmitte
for his information certain remarks recorded by
them in their proceedings on the settlement of
North Arcot for Fusly 1257 relative to the
object and application of the Dittum. It
appears to the Government that the views of the
Board upon this subject as given in the
passage quoted and in their Proceedings of 25
April 1848. and those of the Collector are
essentially

essentially the same. The use of the Dittum is to furnish an approximate estimate of the Cultivation of the year, and prevent the more influential Ryots from Monopolizing the occupation of land which they cannot till themselves and will not give up to others, considering however that the Dittum is usually formed at a time when the nature of the season cannot be foreseen, and that causes, of which the failure of the local rains though the most common, is not the only one, may prevent the Ryot from cultivating to the full extent of his agreement, it will be necessary that the Collector should be vested with full discretionary powers to forego the Demand for Dittum waste in all cases in which the failure to cultivate may have proceeded from circumstances beyond the control of the Ryot. This discretion the Board seem perfectly ready to grant and its judicious exercise is particularly requisite in the

Proceedings 25th April 848 and 25th February 850 Para 4.

four

four dry Talooks, where the average holdings of the ryots are of such small extent. Under the circumstances represented by Mr. Maltby it appears however important that the distinction to be taken between land left uncultivated from unavoidable causes, and that intentionally kept out of cultivation should be clearly explained to the ryots, and all apprehensions removed which might tend to check agricultural industry and enterprize. To this end it would be well if para 13 of the Hookumnamah were modified, as in its present form it seems too generally worded.

To The President and Members of the Board of Revenue.

2d April.

[A true Extract]

Secretary to Govt.

Order thereon. Ordered to be communicated to the Collector of Trichinopoly with reference to the Board's Proceedings dated 25th Ultimo.

Y-8

Mr. Maltby will submit for approval a revised para in lieu of 13 of the Hookumnamah, in conformity with the views of the Board and Government.

25th March. Received the following letter

9

To W. H. Bayley Esqr.
Secretary to the Board of Revenue
Fort St. George

Sir,

From the Acting Collr. of Bellary — 3 Para I have the honor to acquaint you for the information of the Board, that Certificate No. one Ramachendra Row superannuated

1345

on the Establishment of this Collectorate, to whom a Monthly Pension of 6 Rupees is allowed under the sanction of Government, dated 7th November 1848, wishes to reside with his relations in the Poolwendala Talook in the Cuddapah District and draw his Pension in that Collectorate—

2 Ramachendra Row's Pension is debited under the head of "Pensions Revenue Superannuation" in my accounts and as I am not aware of any objection to the payment of the same being transferred to Cuddapah as solicited, I request that the Board will be pleased to grant authority for the transfer and that the Collector of that District may receive the necessary instructions—

3. On the receipt of the sanction, the Pensioner will be furnished with the requisite Certificate and the Collector of Cuddapah with a duplicate of the same accompanied by a descriptive Roll of the Pensioner as directed in the 2d Para of the Board's Circular dated 15th February 1847—

(11)

From the Collr of Cuddapah
Affording further information upon a Yeomiah Statement submitted to the Board of Revenue under date the 16th January 1850—

Sir,

Para 1 With reference to Extract from the Proceedings of the Board of Revenue dated 28th February 1850, communicating to me, for any observations I may wish to offer, the remarks of Government upon the Yeomiah Statement submitted from this Office, and dated 16th January 1850, I have the honor to state that I was not inclined to the opinion that the circumstance of succession to Grants of the description specified being strictly limited to lineal descendants, in any way conferred a right in favor of an adopted Party to succeed to a Pension in right of his natural Parent, contingent on his Parents (adoptive and natural) both having held similar Grants—

2 I beg to state that I do not consider it necessary to allude the correspondence quoted by Govern[ment] having reference to the Pension [claim]

ence

Fort St. George — April 1850

enjoyed by the Chitwail Poligar deceased the adoptive Father of Vencatramarauz the claims to succeed to which as advanced by the Widows on his behalf on the plea of his adoption had not been recognized by Government, as I considered the one case quite unconnected with the other and was of opinion as regards the one under report, that the claim of Vencatramarauz was under existing circumstances — equally invalid as it would have been considered had his adoptive Father never been in the receipt of a Pension at all —

3. The remarks of Government I would beg to observe, would not seem to apply to cases in which claims to a lapsed Pension existed between the lineal descendants of a late Yeomiadar, the eldest of whom may have been adopted by a Person not in the enjoyment of a Pension — The opinion I had formed was that the claims on the part of an adopted Party to succeed to the Pension of his natural Father was inadmissable on general grounds, in the same manner as they are not recognized in all cases of lapsed

Grants

Fort St. George — April 1850.

Grants whether service Mauyems or Enam falling under Regulation IV of 1831 taking into consideration the understanding that prevails in respect to adopted Persons going all Interest and concern in all affa connected with the Estates of their late natural Parents, and to their succeeding to all Property moveable and immoveable of their adoptive Parents —

Cuddapah District — Coll^rs Office on Circuit Appiapully 9^th March 1850 — R^d April.

Proceedings thereon

Submitting Letter from the Collector of Cuddapah furnishing further information respecting the Poligar Pension enjoyed by the late Vencat Kristna Rauze and conveying the Board's opinion that the preference to its continuance should be given to Vencatrama Rauze instead of his younger Brother Kristnama Rauze

Rec^d 25^th February 1851

11-12

Signed J. H. Cochrane Collect^r

Resolved that the foregoing Letter be submitted for the consideration and orders of Government with reference to the Resolution of Government dated the 15^th February

The papers noted in para 1 of the resolution of Government above adverted to, declining to recognize Vencatarama Rauze as the adopted son of the Chitwail Poligar not having been referred to in the Collectors Statement in which the lapse of the Pension of Vencut Kristnum Rauze the natural father of Vencatrama Rauze is reported were lost sight of in this Office, in submitting the Collector's report in question.

2. In his present letter the Collector states that he was not of opinion

that the succession to grants of this description, which is limited to lenial descendants, conferred a right in favor of an adopted son to succeed to a pension of his natural parent, contingent on both his adoptive and natural parents having held similar grants. Mr. Cochrane Considers that the claims of an adopted son to succeed to the pension of his natural father are inadmissible on general grounds as he foregoes all interest and concern in affairs connected with the Estate of his natural parents from the period of his adoption, and succeeds to all property, moveable and immoveable, of his adoptive parents.

3 This opinion seems to the Board to be correct in principle and adopted to all cases wherein succession is claimed by the nearest of kin on the ground of legal right but in the present case succession is merely to be allowed as an act of grace, and in accordance with long established usage to a lenial descendant. In grants of this nature the recognition of adoption, has been repeatedly refused & the emoluments can be withheld by Government at pleasure ever from the original Grantee.

Government have declined to recognize Venkatrama Rauze as the adopted son of the Chitwail Poligar, and, as he is the eldest son of the deceased Vencat Krishnama Rauze it appears to the Board that the preference should be given to him instead of to his younger brother Kristnum Rauze.

Received the following Extract.—

No. 289.—

From the Secretary to Government Communicating the observations and orders of Government on the management of the Extra Sources of Revenue in the District of Madras in Fusly 1258 and calling for the report of the Board on the adoption for the Madras Collectorate of the draft Act for securing the Abkarry of Calcutta forwarded 5th April 1849.—

Extract from the Minutes of Consultation under date the 20th March 1850.—

Read the following Extract from the Proceedings of the Board of Revenue / Here enter 22d February 1850 No. 98 /

Para 1. The demand on account of the Extra Sources of Revenue of the Madras Collectorate for Fusly 1258 amounted to Rupees 1022422—11—4 being above the settlement of Fusly 1257 in Rupees 162284—12—11 The increase was wholly in the items of salt and abkarry under each of the remaining heads there was a decrease but not to a large amount.—

2. The salt sales which have been separately reported on by Mr. Assistant Collector Taylor amounted to Rupees 39,8,808—3—2 exceeding those of the antecedent Fusly by Rupees 12,5,180—3—2 The increase has occurred in the sales for inland consumption and for export to Calcutta—In the home sale

Rupees 3947-

sales there has been a falling off but to a small extent and supposed by the Assistant Collector to be rather apparent than real - and to proceed from the circumstance that parties purchasing salt for export to the Provinces occasionally dispose of it to the retail dealers at the Presidency at a trifling advance beyond the cost price Mr. Taylor states that he is now making further enquiry with a view to adopt such measures as may appear requisite to put a stop to the practice. The most effectual remedy if any is needed lies in affording every facility to the petty trader to make his own purchases at the Golaurs and thus rendering him independent of the larger dealer

3. The sales for consumption in the interior exhibit a very large increase above those of Fasly 1257 and afford a gratifying proof of the good effect resulting from

Fasly 1257	169974	-
" 1258	274272	-
	104298	-

from the orders of Government of the 5th January 1847. The export has been chiefly to Bangalore and Mysore and in a smaller degree to the Districts of Chingleput and North Arcot -

4. There were no sales for export by sea in Fasly 1257 - the year under review the quantity sold for shipment for Calcutta on private trade was 1329 — 10½ - realizing Rupees 23929 — 3 — 2 -

5. The Salt charges for Fasly 1258 exceed those of Fasly 1257 by Rupees 21149 the difference has had place principally in the disbursements connected with the manufacture, transport and shipment of salt and arises from the larger quantity made and exported by sea during the past year - The percentage of charges to receipts is however below that of Fasly 1257 -

6. The net revenue derived from salt during the year under report amounted to Rupees 97½ 7 4

And

Rt 104035-3-8

and exceeded the outturn of the previous Fasly by more than a lac of Rupees - The Government consider this result to be creditable to Mr Taylors management

In the abkary there was an increase of Rupees 41056—13 above Fasly 1257 but the demand Rupees 5,72,744—6—3 is as the Board of Revenue have observed yet short of that of Fasleis 1253 and 1254 - The increase was chiefly in the Toddy revenue and shows that the losses occasioned by the storms of October and November 1846 have for the most part been made good - There is a small increase under the head of Putta or County arrack and a decrease under that of Colombo arrack - There are

haps but ordinary fluctuations - The latter is however averted by the Collector to the facilities with which European spirits can now be obtained in unlicensed Houses from the existing defects in the Police Regulations - These and the other evils connected with the present working of the Madras abkaree can only be remedied by the revision of the Laws under which it is now administered - The Board of Revenue are reminded that the draft act for securing the abkaree revenue of Calcutta was forwarded to them on the 5th April 1849 for their consideration and for adoption if practicable to the circumstances of the Madras Collectorate - It is hoped that their report upon the subject will be furnished

furnished and the outturn ten-
8. The gross tions in
the other branches of Revenue
have been sufficiently noticed
by the Board and do not call
for any remarks from Govern-
ment.-

9. The gross Collections
amounted to Rupees 11,23,423-12-11
deducting Charges the net revenue
Rupees 8,68,139-1-2 presented in com-
parison with Fasly 1257 an increase
of Rupees 1,47,724-12-3 which the
Right Honorable the Governor in Council
regards as very satisfactory.-

(23)

From the Collector of Nellore

Submitting Copy of a letter from the Accountant General on the subject of the payment of the Troops at Angolo direct from the Angolo Treasury.

Sir, In reference to your letter dated 6th March 1850, directing me to make a reference to the Accountant General on the subject of the payment of the Troops at Angolo direct from the Angolo Treasury, I have the honor to submit Copy of a communication from that Office, and to inform you that I have consequently informed the Officer Commanding at Nellore that the amounts of the Drafts drawn by the Deputy Paymaster at Masulipatam in his favor will in future be transmitted to him from this Treasury.

Nellore, 22d March, 1850. I have &c.
Lt. Master Lieutenant,
Collector. Signed D. White
Collector

No. 1

To,
D. White Esqr.
Collector of Nellore.

Sir, With reference to your letter

1048 Fort St. George April 1850.

The Assistant, No. 49 I have the honor to state that under the opinions expressed in the letter of the Board of Revenue of the 17th October 1848 and the serious breach of propriety which they consider to attach to the payments of Troops at Ongole by orders on the Ongole Tahsildar instead of having the amounts remitted to Nellore and there returned to Ongole for payment of the Troops, I should not feel justified in interfering in the matter although I totally dissent from the opinions the Board have expressed on the subject, and believe the system they advocate to be fraught with a great amount of public expense and private inconvenience without any advantage whatever, but an avoidance of a risk of malversation on the part of the local Officer, which I conceive to be purely imaginary and which has never yet occurred in the Nellore District nor that I am aware, in other Districts.

Fort St. George, 3rd April 1850.

Sir General's Office, 9th March, 1850.

(Signed) F. W. Stanhouse
Accountant General
(Attested Copy)
(Signed) D. Mackie
Collector

11. 1, 1850.

4049 Fort St. George April 1850.

23.24 3d April

Proceedings thereon submitting letters from the Collector of Nellore on the subject of allowing Establishments to be made from the Salt Treasury at Ongole for the payment of the Troops stationed there, conveying the Board's observations on the sentiments expressed by the Accountant General and recommending sanction be granted for authorizing the Tahsildar to discharge the drafts in favor of the Commanding Officer at that place drawn by the Paymaster at Masulipatam.

With reference to the correspondence above recorded the Board of Revenue proceed to request the sanction of Government for authorizing the Tahsildar of Ongole to discharge from his Treasury drafts in favour of the Commanding Officer of that place drawn upon them by the Paymaster at Masulipatam.

2 The Right Honorable the Governor in Council will observe that the subject is connected with the general question of the disbursements at the Salt Treasuries, and the directions given by the Board of Revenue in their letter of 17th October 1848 to the Acting Collector of Nellore were with reference to the introduction by Mr. Stanhouse when Collector of the District of the former system of paying the Salt servants Sadewarat, Varaum &c. from the Salt treasury direct.

3 Sir F. Stanhouse has now as Accountant General, taken the opportunity of stating his total dissent from the opinions of the Board & has expressed himself on the subject and believes the system they advocate to be

1 Letter 19th ult. to the Collector of Nellore.

Fort St. George — April 1830.

"a great amount of public expence
"and private inconvenience without
"any advantage whatever."

The Board of Revenue consider it right to observe that the opinions expressed by them are neither more nor less than those of a former Accountant General, and which met with a full response from Government in Extract Minutes Consultation 5th May 1837

Enclos: in Govt Letter 17th to 29th May 1837. No 422. Judicial Department.—

5. In the next place they would observe that Sir T. Monkhouse has erred in stating that the Revenue Board considered the payment of Paymasters Bills at Ongole "a serious breach of propriety." In their Communication to the Collector on such opinion was expressed; They objected and do object generally to Sub Treasury disbursements, but in the particular Cases proposed to them, thought it proper, especially with the Orders of Government before them, first to obtain the opinion of the financial adviser of Government & and should take no measures they intended to recommend, as they do not consider that any Pension should be granted for their Payments

7th March 1850.

Fort St. George — April 1830.

Received the following Ltr.

To, F. B. Powell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

25

From the Acting Collector of Bellary.

Sir,

I have the honor to request the authority of the Board, for the continuance of the whole amount of the Pension granted in the name of Soobiah under orders of Government dated 9th March 1818 as may be seen by the Cert. herein enclosed.

*See Proceedings of the Board of Revenue Dated 5th April 1838

There were two Soobiahs, the one an
2 man and dependant of the family of the pen-
sioner, and a moiety was allowed
to the Pension, and a moiety was allowed
the support of the Elder Soobiah. By the
terms of the Certificate it is quite clear
the Elder Soobiah was not recognized
sharer and therefore at his death no
disturbance of the terms of the Certificate
should have been made. But it appears
on inquiry, that a moiety or Rs 17
per Mensem has been discontinued from
the date of the Elder Pedda Soobiah's
death on the 1st September 1819.

I have therefore the honor
3 to request the sanction of the Board
for the payment of the arrears due
to Rupees 49. Viz. from 1st Septr.
to December 31st 1829 and to continue the payment
the full Pension to the grantee the Ist Sur-

Proceedings thereon.

Resolved that the foregoing letter together with its enclosure be submitted for the orders of the Right Honorable the Governor in Council with reference to the papers noted in the Margin.

2 In para 4 of Mr Mellor's letter of the 24th July 1843 and in the 2d Entry in its enclosure, two individuals of the name of Sobhiah were nominated as claimants to the allowance of Rupees 1 8 6 which had then lapsed by the death of Chetumbra Buttoo from whom it would appear that the elder Sobhiah, the cousin of Chetumbra Buttoo held half a share in the Gramiah all tho' it was granted and continued in the name of Chetumbra Buttoo alone. The order of the Government of India on the claims of the two individuals were to continue the allowance to Sobhiah the infant son of Chetumbra Buttoo no mention being made in it of the Cousin of that name.

2 It would however appear from Mr Reilly's letter that a Moiety of the allowance was doubtless enjoyed by the Cousin, the elder or as he is now called Pedda Sobhiah and that since his death which took place on the 1st September 1844 that Moiety has been discontinued apparently from some misconception on the part of the Officer who made the payment; and sanction is requested for disbursing Rupees the arrears of the shares in question from 1st September 1844 to 31st December 1849 and for Continuing the whole allowance of Rs 1 8 6 from the latter date to the surviving Sobhiah the son of Chetumbra Buttoo.

3 The Board presume therefore to recommend that sanction be granted accordingly.

To

Para 1st 1843 from 25 Oct.

Ltr from Dy Mad. intg 5th April 1850.

From the Acting Collector of Bellary

Replies to the Proceedings Board of Revenue under date the 11th and 15th Instant & after recapitulating the Circumstances that led to the discussion which ended in the orders of Government to make an alteration in the Military Abkary limits of the Bellary Garrison explains his views respecting the Date Topes situated beyond the Military Precincts & states how the Date Topes are situated with reference to the Cantonment and that they are the only Sources from which a supply of Toddy for the Barking Houses can be obtained & recommends that the use of that Topes should be transferred to the management of the Commissariat Department under Certain Specified Rules & expresses opinion that the Claims of the Commandant & Gopal Sahib may

1854

Fort St. George 5th April 1850.

To,

W. H. Bayley Esqre

Secretary to the

Board of Revenue

Fort St. George.

Sir

Para 1. I have the honor to acknowledge the receipt of Extracts from the Proceedings of the Board of Revenue under date the 11th & 15th March 1850. In the former of which I am directed to furnish as

"The Acting Collector early as poss-

should particularly be requested ible the

-ed to explain in what man- information

-ner a regular supply of Tod- called for in

-dy will be secured for the use the latter

of the Garrison Barke- part of Para 2 now

Houses. The exact position quoted in the

and extent of the Topes should Margin of the

also be stated and their dis- Minutes of Con-

-tance from the Cantonment limits." sultation of 5th

March 1850.

No 231 Extract from which Minutes has been forwarded to me for further report with reference to my letter to you of 25th February

may be speedily adjusted when the Question of the Tope is settled & has therefore not noticed that subject at length, and shows that a misapprehension is current respecting the ill working of the new arrangements seems to exist on the part of the Commissariat Department. The acting Collector being convinced that the checks now imposed by the new arrangements are greater than heretofore existed and hopes that the orders of Government as respects them will not be altered.

February last.-

2. In the Proceedings of the Board of Revenue of 15th March I am honored with an Extract from the Minutes of Consultation under date 8th March 1850 No. 915 accompanied by copy of a letter from Major Shephard of 28th February to the Commissary General and copy of Communication from that Office to Government dated 7th March 1850.-

3. The subject of the above orders relate to matters connected with the alterations lately ordered in the Military Ab Kary Farm at Bellary and have more especial reference to the Date Toddy Tope which under the new arrangements falls without the Military Ab Kary limits, which are now confined to the actual Cantonment comprised within the Military Boundary Stones.-

4. The Board will please to remember that the question about the Military Ab Kary limits took its rise from an application from the Military authorities

authorities to include within the Military Ab Kary limits certain Villages besides those which for many years past had been included within those limits. To this it was objected by me, that the object which the Brigadier Commanding at Bellary had in view would not be attained by such transfer which would therefore be unnecessary and I recommended that the sale of Arrack should be entirely suppressed in all Villages situated at a specified distance from the Military Cantonment which I thought the best and most effectual way to carry out the object that Brigadier Dowker had in view, viz. the preventing European Soldiers from getting liquor. This arrangement if carried out would I suggested render unnecessary the retaining of 11 Villages then included in the Military Ab Kary limits which I accordingly recommended should be excluded from Military control, and the Ab Kary shops in them entirely suppressed. The subject was at the

Special

Special request of the Brigadier brought before the Board of Revenue by me.-

5. In the views entertained by me the Board of Revenue coincided and after mature deliberation they were confirmed by Government who ordered that a tract of country extending 5 miles from the Military Cantonment boundary should be marked out and that no abkary shops should be licenced within that circle or as expressed in the Minutes of Consultation "that the Military abkary Farm be confined to the limits "of the Cantonment, that the abkary "beyond those limits be altogether "under the Civil power, and that the "Sale of Liquor in any Village situated "within five Miles of the nearest "point of the Cantonment be interdicted."

From Lieutenant Harris's Letter to Commissary General 14th February 1850 para 3.-

Minutes of Consultation 5th March 1850.-

6. In carrying out these orders the discussion respecting the Date Topes arose. It was considered by the Commissariat Officer that the orders of Government did not apply to that Tope, and my interference at all in the matter

G. Dated 19th Dec. 1849 No. 1240 Para 2

See Lieutenant Harris's Letters to Commissary General 14th February 1850 para 3.-

"was considered" it seems by Lieutenant Harris as "quite unnecessary." To me on the contrary the orders of Government dated 19th December 1849 above quoted appeared quite clear and explicit, as they directed "that the Military abkary "farm be confined to the limits of the "Cantonment, and the then abkary "beyond those limits be altogether under "the Civil Power." This view of the question has been confirmed by the orders of Government to which I am now more particularly confining myself.-

From Lieutenant Harris 2d January 1850 To Major Shepherd dated 25th February 1850.-

7. In my letter to the Board of 25th February last forwarding Copy of a Correspondence between myself and the Commissariat Officer on this subject in which my views of the subject were expressed more fully and to which I would again request the attention of the Board, I took occasion to remark that it seemed to me immaterial whether the Date Topes formed part of the Civil or Military abkary, but as they were productive

Fort St. George 4th April 1850.-

productive of a large revenue derived from the least noxious part of the Abkary of course it was never intended that that revenue should be sacrificed-

8. The Commissariat Department at Bellary seem very much to have misunderstood my intentions when I proposed renting for the exclusive use of the Military Cantonment these Topes now transferred to the management of the Civil Authorities. My intentions were and I beg to refer to the 7th para of my letter to Major Shepherd dated 25th February 1850 entirely to meet under the changes of circumstances, the want of the Military Cantonment in the most simple manner. I proposed offering the Topes in the first instance to the Renter of the Military Abkary; and in any case, for the exclusive use of the Town. It was the same as if there had been no date Tope near Bellary and the Cantonment had to be supplied from some of the

Fort St. George 4th April 1850.-

Civil Abkary Farms at a distance I should merely rent the Topes, and the Military Contractor would purchase his supply from the Renter; just as Mr. Abraham has to send a long distance into the Country to purchase the supplies necessary for his arrack manufactory. With a proper understanding between the Civil and Military authorities there ought not to be any objection to this plan. The Military Cantonment must have its supply of Toddy both for the use of the Bat.rs and for a beverage and if the greater use of Toddy would supercede Dram drinking I could heartily wish a greater quantity were consumed of this comparatively harmless liquor and therefore that the town might not be deprived of its supply I proposed to ensure it as usual from these Topes.-

9. But I perceive that the Commissariat Officer is apprehensive of much inconvenience and I fear under these circumstances that there will be much

much trouble and annoyance to my Office and no corresponding benefit to any one. and as I do not think that the question respecting the 5 Miles limit of Neutral ground already disposed of and I hope finally by Government, is — affected in scarcely any degree by this Date Tope, I would propose and urge upon the Board the expediency of allowing the Tope to be in the — hands of the Commissariat Officer from which he may obtain his supply of Toddy for the Cantonment.-

10. I do not think it expedient to adopt the plan proposed by Major Shepherd in his letter to the — Commissary General dated 28th Ult. — =bruary last Para 3 of extending the Bellary Military boundary so that the Topes may be brought within the Cantonment. That would be again to undo what has already been definitely settled regarding the Military Abkary limits. It would also take in a great quantity of

Note. The Military Cantonment properly so called with the Military Abkary limits as hereto fore.

land cultivated and uncultivated, cir- =car and Cocoa, for which the Military can have no use, and which would only interfere with the Civil authorities. For these Topes though occupying in them- =selves a comparatively small extent of ground run a great length along the course of Nullahs and to include them in the Cantonment would necessarily include a quantity of other land not required for Military purposes. The — Cantonment as it now exists is much larger than is requisite for Military purposes. The Bruce pett and the New pett having no Military followers resident in them.-

11. But what I propose is that instead of the Civil Authorities letting out this Tope for the use of the Military Canton- =ment and separate from the Military Abkary Farm- =that it should be rented by the Military — Abkary Renter for the use of and under the orders of the Commissariat Officer to be tended by the Department. I would make the following Rule

Fort St. George — April 1850.—

Rules respecting it.—

First. That no Toddy whatever be sold or given to any person beyond the Military Cantonment but that the whole quantity drawn be carried into the Cantonment.—

Secondly That the abkary Renter be not allowed to subrent the Tope but that he keep it under his own immediate controle worked by men on his own immediate pay and so more directly responsible for the well being of the Tope and for the prevention of abuses.—

Thirdly That the Commissariat Officer should himself settle with the Enamdars for such portions of the Toddy-Tope as belong to them on fair and reasonable terms assisted if necessary by the Collector in adjusting their claims. This settlement should be made for a series of years perhaps not less than 5 years. This would amicably dispose of the question relative to Gopaulapah's rights.—

Fort St. George — April 1850.—

Fourthly. That no interference be allowed with ryots cultivating land in the body of which lands a few date shrubs may be growing.—

12. In making this arrangement which may be considered a modification of the Government orders of 19th December 1849 I trust the Board will see that I am doing all in my power to meet the views of the Commissariat Department and I trust they will be satisfied with this arrangement which I respectfully beg to submit for the Board's recommendation to Government.—

13. It is matter perhaps of indifference to Government whether the revenue derived from this Tope is carried to account in the Civil or Military Department, but as a mere head of revenue, should the Board think that it more properly belongs to the Civil Department a proportion of the Military Abkary Rent might be transferred and credited to the Civil Abkary account.—

J

Fort St. George the April 1850.-

14. I have preferred thus at some length discussing this Date Tope the Question before replying directly to the 2 Questions referred to in the first para of this letter, answers to which have been required from me.- In reply to the first I am able to say that a regular supply of good Toddy can alone be secured for the use of the Garrison Bake houses the from the Date Tope the subject of this letter- no other Topes being near. To the second query I beg to reply that the Date Topes adjoin the Canton=ment and run in long lines along the beds and sides of Nullahs chiefly but also in patches and single Trees here and there, and that they are for the most part distant from the Cantonment boundaries from one to five Miles a large Space of ground inter=vening between the Cantonment and the Topes, and I beg to enclose a Memorandum of the same which shows that these Date Trees are scattered through the lands

Fort St. George the April 1850.-

of Six Villages. To include the whole of this or any part of the land within the Cantonment would be quite unnecessary and inexpedient. It will be seen that about 38,000 Trees belong to Enamdars and 92,000 to the Circar.-

15. I do not at present propose entering further into the other subjects which are discussed by the Commis=sariat Department. They appear the principally to be Sixth. The rights of one Gopaulapah an Enamdar holding land containing Date Trees. I had intended bringing this subject before the Board myself but the orders for restricting the Military abs=y Farm rendered it unnecessary, and I have proposed a Rule which will meet this man's rights and probably dispose of the matter I would prefer receiving the Board's orders on this letter before entering on a matter which will probably be disposed of in ½ an hour when the main question of the Tope is set at rest.-

16. The second subject seems

to be an apprehension that the orders of Government regarding the transfer to the Civil Authorities of the Villages beyond the Cantonment will not work well. The reasons are not given but I apprehend there is much misconception on the matter. I believe they think that the Civil authorities cannot check Smuggling within the 5 Mile limit and that the Military Authorities are not to concern themselves about it. Smuggling can never be fully prevented with the means at the disposal of the Civil and Military Authorities. But I conceive it can be done equally as well as at present. For under the new system I conceive that every authority is now interested in the matter of suppressing Smuggling within these limits, and every body will Known that a single bottle of arrack found without a Permit is illegal within those limits, and any informer or other person will be encouraged to bring such Offender to the notice of the Collector. The Commissariat Department and the Military at Ferry Rentes will

will have a direct interest in giving such information and seizing such Offenders and handing them over to me because, the rights of their monopoly will be effected. The Commanding Officers of the Garrison and European Regiments Knowing that the existence of arrack within this neutral territory is altogether illegal will at once send up any man they can detect with it - and the excuse, that soldiers get it from the people and with the people the Military they cannot interfere, will be unavailable for they may seize any one having arrack within those limits. It will be the interest of the Civil Contractors beyond those limits to prevent Smuggling to their loss. and lastly it will be the duty and anxious care of the Collector to prevent as far as he is able the sale of liquor in the 5 Mile limits. and the Military should make it their duty also to aid the Collector as much as possible. These checks are 3 fold to what they hitherto have been, and I am convinced that there ought not to be any objection raised to the orders

of Government, which I think are as effectual, as any could be, for the prevention of Soldiers obtaining arrack within those limits. But that Soldiers bent upon so doing will obtain arrack whether in the Bazar or 20 Miles from the Cantonment, no man who knows anything of the matter will I believe for a moment doubt. To check the evil as far as possible is the duty of all.

17. The Board's orders now under reply only reached me yesterday and today and though to save time I have replied at once, I am aware that there is much more to add if I sit down to answer seriatim each of the letters which form=ed the enclosures. But I trust the next orders of Government will render this unnecessary. The settlement of the main question of the Toddy Tope is all that is <u>immediately</u> required to enable the Commissariat Officer to make his arrangements for the ensuing year which commences on 1st. May, and the Farm should

beg=ed of at least a month
no=ce time, I have therefore lost
ques=ed submitting my views on the
18 ...to the Chief Secretary...

This letter I have shown to Major Shepherd and he coincides generally in what I have proposed; his object being to have the Topes put under the control of the Commissariat Department. I shall immediately send him a copy officially to save time as a reference from Madras to him respecting it would create delay.-

3d April.— Sent the following letter in consequence.—

(27.29)

To the Chief Secretary to
Government.

Sir,

With reference to Extracts from Minutes of Consultation dated

In Cons. 11th March 1850.	5th and 12th Ultimo Sanctioned by the Board
In Dc Cons. 15th Dc.	

of Revenue to request you will submit to the Right Honorable the Governor

To the Chief Secy to Government — } Submitting further papers from the Acting Collector of Bellary respecting the Military Abkary limits of the Bellary Cantonment recommending that

that certain Date Topes be made over to the Military Commissariat and Conveying the Board's views on the measures adopted by the Acting Collector in carrying out the orders of Government of 19th December 1849.—

Rec'd 25th April 1850.—

Governor in Council the accompanying letters from the Acting Collector of Bellary, dated 19th and 21st inst. respecting the Military Abkarry limits of the Cantonment of Bellary.—

2. In claiming Civil authority over the Date Topes Mr. Pelly appears to have been doing no more than his duty, in carrying out the orders of Government conveyed in Extract Minutes Consultation 19th December 1849 this right, though denied in the first instance by the Commissariat officer is admitted by Major Shepherd in para 3 of his letter to the Commissary General dated 28th February 1850 and on the whole Mr. Pelly seems to have done all in his power to meet the views of the Commissariat Department as far as his instructions would

Enclosure in Govt. Letter No. 12 dated 18th March 1850.

3. The Board object to the proposal of Major Shepherd to extend the Military Boundary so as to include these Topes independently of the difficulties connected with their struggling and far extended

it would, as Mr. Pelly observes, be again to undo what has been definitively settled regarding the Abkarry limits.—

4. It becomes therefore a question of Public convenience whether the Date Topes should be transferred to the Military authority, and under all the circumstances especially those adduced in para 9 of Mr. Pelly's letter the Board would recommend that they be made over to the Commissariat. This step will entail no loss of Revenue to Government.—

5. The Rules to be observed in renting and superintending these Topes as detailed in para 11 of the Acting Collectors letter, appear to the Board, reasonable and just but they do not consider themselves at liberty to urge them on the Military Authorities.—

6. In thus commenting on Mr. Pelly's last communication the Board have replied to the chief points referred to them by Government. As to the request of the Commissary General in his letter of the 9th February 1850, enclosed in the Minutes of Consultation just referred

Extract Minutes Consultation 5th inst. 19th March 1850.—

to

to, the Board have only to observe that in all the voluminous correspondence that has grown out of this discussion, they find nothing to alter their opinion submitted to Government in their Secretary's letter of the 19th November 1849 and with the Cooperation that Civil Authorities have a right to expect from the Commissariat, they anticipate no difficulty.—

7. When the question has once been finally decided by Government the Board have little doubt that the minor points alluded to in para 3 of the Extract Minutes Consultation above referred to will be easily arranged and this seems to be the opinion both of Mr. Petty* and Lieut. Ward*

I Signed W. H. Bayley
Secretary.—

Received the following letter

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.—

30

From the Asst. Collr. of Tinnevelly Reporting upon Petition No. 87 of 1850.

Sir
Para 1.

In returning Board's Petition No. 87 of 1850 presented to this Office

letter dated 28th January last from J. Goldingham Esqre. 3d Member of the Board of Revenue for the Secretary I have the honor to forward Copies and Translations of Depositions given by the Vakeel of the Petitioner and by Vedadresadasea Mooddeliyar who at present exercises Control over the funds of the Charity under dispute.—

2. The institution in question is a Chuttrum situated at Peroorcula-coondum in the Talook of the same name in the District of Chingleput and it is allowed by the Petitioners Vakeel that excepting the 100 Pagodas per annum paid on account of the Charity from the Treasury of Fort St. George as Interest on a Bond for 5000 Pagodas at 8 per Cent there are no other funds belonging to the Chuttrum. It appears therefore that neither the Institution itself nor the source from whence its income is derived are situated within this District even the claimant for the Management resides beyond its limits.—

The

3. The institution unquestionably falls under Regulation VII of 1817 and considering that Government were pleased to grant so very favourable a rate of Interest as 8 per Cent per annum on money lodged in the Treasury for its Endorsement, they have surely a right to see that no portion of the funds are alienated from it — It is not easy for me to ascertain whether such has been the case or not, but from the deposition of which translations are enclosed it seems to me highly probable that it may — The present manager Vedanesadasum Modellyar does not deny that he has occasionally drawn upon the Agent at Madras who received the Interest on account of the Chuttrum and it is not likely that he has other funds in his hands.

4. The Petitioner although not at present residing in the District lived here for many Years and is well known, his character is such that I would recommend the Management of the Funds of the Chuttrum be left entirely

entrusted to him in preference to the present Manager — and such is the divided state of the Family that to decide for the two to exercise the powers together would be equivalent to ordering the discontinuance of the Charity altogether — It seems to me therefore that the most advisable course would be for the Board to order the accounts of the Chuttrum to be looked into by the Collector of Chingleput and in the event of its appearing that the income is not duly appropriated to order the Institution to be taken under Circar Management.

5. Should there not be reason to question the due appropriation of the income I think the present Manager as representative of the Elder Branch of the family of the founder has a claim to the Management which it would not be expedient to interfere with.

Tinnevelly, 12th March 1850.

(Signed) C. J. Bird
Acting Collector
Translation.

A.

Translation of a Depasition given on the 11th. March 1850 by Iyavyengar, son of Vanoomamaly Iyengar residing at Palamettah, in the Nelliambalum Talook, Brahmin Caste, Vishnoo sect aged 45 years, and living by husbandry and Keeping up a School.–

2. As stated in the Division Bond produced by you did T. Soolo=chenum Moodeliar and his Brother T. Nullatumby Moodeliar manage the affairs of the Charity at the Tiroo=calocoondrum Choultry conjointly, or how.–

A The Division Bond was executed in 1832 T. Soolochenum Moo=deliar being the Elder, Nullatumby Moodeliar did not interfere but consented to the affairs of the Choultry being managed by his Brother.–

2. Soolochenum Moodeliar the Elder, has any document been exe=cuted giving consent to his Arrangement

A No document of the kind was executed.

2. Has the Chuttrum any other

A. The income from the 5000 Pags. invested in the Government Loan is the only Fund. Besides which, there is no other income from lands &c.–

2. Is the Charity now performed?

A. Yes, it is performed but it is not known whether it is well conducted or not – I hear that in October 1849, an Order has been granted on Mr. Carstairs, the Agent of Ramlinga Moodeliar in favor of one Nattacotty Puttacara Ramen Chetty for Rupees 400 and odd from the funds of the Choultry.–

2. In the Petition addressed to the Board of Revenue by Nullatumby Moo=deliar it is stated that Vadadrisadasum Moodeliar conducts himself ill – What is that?–

A. Vadadrisadasum Moodeliar did not behave properly towards Nullat=tumby Moodeliar his Uncle who spent about 30,000 Rupees for his Marriage & was treating him as his own son – As he did not behave according to the satisfaction of his father, also when he was alive, his father made him live separate at Coattatory and now about

about 6 Months ago he prepared to let his Brother live in the house with him and told her to go out and she lives separate. This being the Case it is so stated in the Petition to the Board —

2 Is his not behaving to the satisfaction of his Uncle and his Brother a reason to suppose that the Charity will not be well conducted.?

A. The Boondy being drawn in favor of the Nattorcotta Chetty on the funds of the Choultry gives grounds for suspicion. —

/Signed/ Vakeel Syavyengar given before me. —

Acting Collector.

B

Translation of a Deposition given on the 11th March 1850 by Vadadriendadum Broodeen of Soolochenum Moodeliar residing at Coottatory in Nellcambatum, Talook Moodely Caste of the seva sect Payed 29 Years.

2 You have heard the Deposition now given by Vakeel Syavyengar what have you to say to it.?

A. The Deposition in question is utterly false and proves the feelings of ~~enmity~~ The Charity at the Tervoeloorcondum Choultry is conducted up to the present day in the same manner as it was conducted from the beginning till my father's death which I will prove by accounts as regards the statements on other points, if a Copy of the Petition addressed by Kullatumby Moodeliar to the Board of Revenue and that of the Deposition now given by his Vakeel be given to me, I will not only give appropriate answers to the statements therein contained but I can also prove that Kullatumby Moodeliar is not at all fit to be entrusted with the Management of the Charity at the said Tervoeloorcondum Choultry. —

2. Is it true that you have given a Boondy in favor of Nattorcotty Chetty ?—

A. I have given Boondies not only to the Nattorcotty Chetty but to many others also on receiving Money and without it, I have also given Boondies as usual on my Agent Mr. Carstairs for any sum of Money my Accountant who looks after my Choultry Affairs may require from time to time therefore my having given Boondees to the said Nattorcotty

Fort St.e George 4 April 1850.

Nattoreotty Chetty or any others is no proof that he drew Hoondees on the Funds of the Charity and that the Charity suffered by it Moreover I believe it would be impossible for Nullatumby Moodeliar or his Vakeel to prove that the Charity was at any stated time or occasion conducted on a lower scale than usual.—

2. Who usually had charge of the Interest money?

A. Mr. Carstairs receives and keeps the money with him as he used to do in my father's time.—

The Hon Sir H. Montgomery Bart:

Chief Secretary to Government

Sir,

I have the honor to forward the accompanying Memorial to the Honorable Court in Triplicate as usual, regarding my claim to the Dharma Kurthaship of the Malaiavaroor Pagoda in Chingleput and to request that should the Government not be inclined to render Justice to me, they will be pleased to submit same for the order of the Court of Directors

Madras,
15th March, 1850

/Signed/ [illegible]

[illegible]

A

Original

To,

The Honorable Court of Directors of the United Indies Company

The humble Memorial of Annasawmy Pillay late Warden of the Pagoda of

Most humbly Sheweth,

That your Memorialist [illegible]

4697 Fort St: George 4th April 1850

dispossessed by the act of this Government of the Management of the Davastanam so founded and endowed by his ancestors, is compelled to submit his case to the consideration of the Honorable Court in the hope that due redress may be afforded to him -

2. That your Memorialist's ancestors for the last 18 generations ever since the Hindoo Government had continued to enjoy as their lawful inheritance, the superintendence of the affairs of the Davastanam mentioned above, which they out of their own property founded and endowed up to the period when the Davastanam in common with others in the same District was brought under the mangement of the Government Officers -

3. That at that time the Institution referred to was received from the hands of your Memorialist, and continued to be superintended under the care of the Government officers but on the receipt of orders from your Honorable Court to deliver over the Davastanam properties to their proper proprietors the Collector made

Fort St. George. 4th April 1850

a report on the subject and proposed in carrying out those orders to associate another man in the Trusteeship of the Pagoda -

4. This course was fraught with injustice to your Memorialist on two grounds First - That it was incumbent on the receipt of your Honorable Court's Order to place your Memorialist in the position in which he was before the Institution had been assumed by the Government, the property having been taken from him should have been delivered over to his sole charge Second - The association of another person was an act beyond the province of the Collector quite as much so, as if he had put another man in the enjoyment of any private property: this man was an utter stranger one whose ancestors had not contributed a Single Cowdy to the benefit of the Pagoda the only recommendation he possessed being that he possessed influence at Cutcherry -

5 It was under the influence those wrongs that your Memorialist reluctantly brought to the notice of the authorities the attainment of whose just

Fort St. George. 4th April 1850

and the entire neglect of the interests of the Institution by the man who had been recommended to take Charge of the Pagoda, and he prayed, that as he found his superior claim neglected that he might be placed on the Joint management of the Institution, asking for no more than what had originally been proposed and this even your Memorialist failed to obtain from this Government -

6. Your Memorialist's claim is supported by the decision of Courts of Law as will be seen from the following Extracts, From Morley's Indian Digest Page 382 Volume I

" 230. Lands endowed for religious purposes are "not hereditable the management alone devolves "on the heirs of the person who made "the endowment elder widow of Rajah "Chuttur Sein V. younger widow of "Samee 15th April 1807 S.D.A. Rep. 180 "H Colebrook and Barrington."

7 It has been repeatedly laid down also by your Honorable Court that the rights of the Proprietor should be respected, but in the case of your Memorialist not only is that right violated, but also he is refused to act

Fort St. George 4th April 1850

in conjunction with the Trustee now in Charge of the Pagoda-

8. Regulation VII of 1817 intended for the protection of Davastanum affairs is very defective, the rights of Dharmakarthas are not defined, and no attempt made to settle them-

9. It will be seen by the Hon:able Court that the case of your Memorialist is not the same with those of other Davastanums, but the Collector and the Board have confounded the rights of all alike-

10. Certain Davastanums have been founded by the state others by the Community generally, and others by private individuals; those facts when known to be applied to the administration of the affairs of each Davastanum and they will clearly demonstrate the proper that should guide in the selection of Dharmakarthas that principle is 1st That in the case of a State endowment of Institution the Government should have the disposal of a person entrusted with the

Fort St. George 4th April 1850

2d In the case of a Pagoda which had been brought into existence by the contributions of a Community the nomination of a Trustee should depend on the Voice of the people, while in the 3d last case it is apparent, that no one but the Offspring of the original founders of the Institution have a right to succeed to the Dharmakarthaship of the Davastanum-

11. Instead of being guided by those principles the Collector in transferring the Pagodas to their Proprietors proposed measures entirely subversive of the rights and usage of the people and when your humble Memorialist refused to be a party to the injury of his own rights he was entirely deprived of Dharmakarthaship and a total stranger nominated in his room-

12. Notwithstanding the original injustice he was Compelled by the frauds and neglects of the funds of the religious Institutions founded and endowed by his ancestors to solicit that as the Collector had originally proposed he should be

Fort St. George. 4th April 1850

be kept in the Joint-Management of this Pagoda in the hope that his presence in the Trustee-ship would operate as a Check to the avarice of his Colleague who was in no way interested in the welfare of the Institution.

13. The only plea that it is pretended operates against the prayer of your Memorialist to be associated in the Joint-Management of the Pagoda, is that there will be constant misunderstandings between your Memorialist and his Colleague, should such have been the case if these quarrels are not the of your Memorialist only should he be [illegible] to favor the interests of a stranger.

14. From the foregoing Circumstances your humble Memorialist's prayer is that the Government may be authorized to place him in the sole management of this Pagoda.

And by this act of justice confer upon him the rights and privileges he is entitled to as the heir of the original founder of the Institution.

Ordered that the Petition from Sannyasy Pillay which accompanied the foregoing Resolution of Government be forwarded to the Collector of Chingleput for report.

Fort St. George. 4th April 1850

Read the following

No. 307.

Extract from the Minutes of Consultation

Under date the 25th March, 1850.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 28th February 1850 No. 107)

Para. 1. The Right Honorable the Governor in Council grants authority for making over to the Enamdars whose lands have been inundated by the newly constructed Peddigoontah Tank, the lands proposed to be assigned to them in lieu according to the Statement which accompanied the Collector's letter of 27th November last; being 2 Cans 1 1/4 with a Teerwah of Rupees 30-7-4.

2. It has further been recommended by Mr. Boudillon and the Board of Revenue, that the Enamdars should receive Rupees 255-8, being the assessment on their old Enams, from July 1251 when they were thrown out of Cultivation, to July 1258 inclusive, and that this compensation be borne by the Ceisar and Dasawanteedars in the proportion of 3/4 by the former and 1/4 by the latter. Under all the circumstances of the case

Fort St. George. 4th April 1850

case it seems to the Government that their share in the sum to be paid as compensation may properly be limited to the amount of revenue, at the rate of 3/4ths of the full assessment derived by them, from such portions of the lands now given up as may have been cultivated year by year from Fusly 1251, the year in which the transfer ought to have taken place and that all above that amount should be recovered from the Dasawuntundar Sooba Rau formerly who was Tahsildar of the Talook during the greater part of the time that the claims of the Cranders were under inquiry and to whom much of the delay in their disposal seems to be attributable. The payment of compensation to the Cranders will therefore be arranged on this principle.

3. The Government approve the principle on which it is proposed to calculate the Dasawuntundair due for the future and the recovery for him of the amount by which it has hitherto been unduly enhanced in consequence of the Punjah land not having been deducted from the

Fort St. George. 4th April 1850

before the Dasawuntum share was determined.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(54)

From the Collector of Nellore - - } Sir,

1. I have the honor to forward herewith the Boards Petition No. 2052 of 1849 dated 11th October 1849

2. Petitioners request that a grant of land may be made to them in lieu of their Inameam which is unfavorably situated.

3. The complaint appears to be from the Tank in which the land is situated being furnished with a faulty Channel from the Anicut, the irregulation of which has not only prevented the Cultivation of Petitioners Inam but has also in a great measure caused the Government land to the land at

4707 Fort St. George, 4th April 1850

for years past -

4. As Petitioners however appear to have been enjoying the Inam in question up to the present time, and as a compliance with their request would undoubtedly call forth numerous claims of a similar nature, I am not at present prepared to recommend that new land should be assigned to them -

Nellore, - - - - - } / Signed / D. White
Collectors Cutcherry, } Collector -
12th March, 1850. -

Proceedings thereon -

(54-55) Before passing final orders on the subject of this Petition the Board request the Collector to explain what is the nature of the new work that has operated so injuriously to the cultivation of the Petitioners' Inam, while it was intended to have provided for the more efficient irrigation of the Village -

2. From the Petitioners Statement it appears that the lands they refer to were rendered unfit for Cultivation so far back as July 1848 and the Collector should inform the Board of the grounds on which the subject

Fort St. George. 4th April 1850

subject did not receive attention at an earlier date.

3 Mr. White will also be pleased to state what other claims are likely to be brought forward in the event of the Petitioners request being complied with, and to what extent.

4. Should it be deemed expedient to concede the indulgence requested by the Petitioners, the Collector will be good as to submit a Statement of the Lands proposed to be granted exhibiting the necessary particulars

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(56)

From the Collector of Nellore.

Sir,

1. In reference to the Board's Endorsements on the accompanying Petition noted in the margin, requiring me to report the circumstances under which the Garden thereon alluded to are held, I have the honor to state that it appears, that Petitioners father, is to be connected with the family of the Nabob

Fort St. George. 4th April 1850

Nabob of the Carnatic, originally planted a Tope of fruit trees in Fasly 1184, and enjoyed the produce thereof upto the assumption of the District in Fasly 1211, when the Tope was registered as two gardens situated, the one in the Nellore Cusbah, and the other in the Allesparam Village, and a tax of 1 Rupee 12 and 6, imposed upon them respectively. The garden in consequence of the absence of the Proprietors, have ever since been enjoyed by the parties now in possession, subject to the aforesaid assessment.

2. The individual who held the garden at Nellore states that he derives therefrom a profit of Rupees 10 per annum, and is reluctant to part with it, on account of its being useful for the purpose of keeping and grazing his Cattle. The occupant of the other garden expresses his willingness to give it up to Petitioner but requests that his house on it may be allowed to remain, and that he and his people may be permitted to pass through it to their fields.

3. No Summud or other document

4/10

Fort St. George, 4th April 1850

in support of Petitioner's claim appears to have ever existed in this instance, inasmuch as the gardens were situated within the jurisdiction of the Nabob to whom the original holder was related, but the truth of Petitioner's claim is confirmed by the Villagers amongst whom enquiry was instituted by the local Officer.

4. Petitioner has never had possession of the gardens from the date of the assumption of the Carnatic by the Company, and the propriety or otherwise of putting him in possession of them now, on the payment of the fixed rent of Rupees is left to the discretion of the Board.

Vellore,
Collectors Cutcherry,
16th March, 1850.

/Signed/ D. White
Collector

Proceedings thereon -

(56-57)

Under the circumstances stated by the Collector, the Board of Revenue are of opinion that Petitioner's claim to the gardens in question is unfounded, and that the possession of the present occupants should not be disturbed.

4/11

Fort St. George, 4th April 1850

Ordered that the following Endorsement be passed on Petitions Nos. 1353 of 1846 - 1206 of 1848 - and 1403 of 1849 -

"The Board of Revenue having received a report from the Collector on the subject of this Petition do not deem it necessary to disturb the possession of the occupant of the garden referred to."

(58)

To, W. A. Bayley Esqr.
Secretary to the
Board of Revenue,

Sir

1. The pay of the Tahsildar of Vellore who was suspended from Office and committed for trial before the Criminal Court on the 25th August last, and dismissed from his situation under the orders of the Board dated 21st Instant, having been, since the date of his suspension, carried to account instead of being drawn and held in deposit pending the result of the enquiry, I have the honor to request that the Board will be pleased to obtain for me the sanction of Government for the disbursement from the pay of the late Tahsildar of the sum of Rupees 389-8-3 to T. Narsimha as my 2nd

Rs 389-10-9

A peitah

4712 Fort St. George. 4th April 1850

Assistant Shereshtadar who was on the 25th August last appointed to act as Thasildar of Nellore.

2. This sum will make his pay during the time he has acted equivalent to that of the Thasildar of Nellore & has discharged his duties in a creditable manner and has drawn the pay only of his own appointment Viz. Rs. 85. After this disbursement a sum of Rupees 540-2-8 will remain to be credited to Government on account of the pay of the late Nellore Thasildar, no one having been appointed to act as Assistant Shereshtadar

3. I consider T. Narsimlu deserving of the full salary of the Thasildar

Nellore. Collector's Cutcherry 23rd March, 1850. } Signed/ D. White Collector.

Proceedings thereon.

(58·59)

The Collector is requested to furnish a Statement of the sums which have been left undrawn and credited to Government from the pay of the Thasildar of Nellore, and the periods for which the sums were due. He will also specify the amount to be paid to T. Narsimlu at the rate at which it is proposed to grant

From the Collector of Nellore ---

Sir,

1. I have the honor to inform you that Fatima Saheba widow of the late Jaghiredar of Woodiagherry who is in receipt of a Pension of 20 Rupees Monthly and who is now absent at Manbalum in Chingleput District on leave of absence from me, is desirous of residing in that Village in order that she may live with her son, and drawing her Pension from the Treasury of the Talooldar of Sydapett Talook in that District.

2. As the Collector of Chingleput, to whom a reference has been made by me, sees no objection to the proposed transfer, I beg to recommend that the request of Fatima Saheba may be complied with.

Nellore. Collector's Office, 26th March, 1850. } Signed/ D. White Collector

Resolved.

4714 Fort St: George. 4th April 1850

Resolution thereon. Resolved that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council with the Board's recommendation that under the circumstances represented by the Collector sanction be granted for the allowance of the Pension of Tatina Saheba being struck off for the future from the Treasury of the Collector of Chingleput.

The Collector of Nellore will be instructed to furnish the Pensioner with a Certificate as prescribed by the orders of Government dated 28th August 1846, but in the form attached to Extract Minutes of Consultation of the 8th February 1850, and to transmit to the Collector of Chingleput by Special Extract from his Descriptive Roll of this Pensioner.

Rhata- ttee Enam" Enam- ted Sarvly.	The name of the original Grantee is not ascertainable but in the Pymash and Enamity ac- counts the follow- ing entry has been made viz. "1 the Enam lands in the Cudal- chawdy is entered in the Pymash ac- counts in the names of Pedda Syembattlo, Chinna Syambattlo and their Caste Setaramma- nah and in the Enamity accounts in the names of the aforementioned Individuals and that of c or- sahadavabattlo- 1 The Enam land situated in the Village of Nagroo- pauda is entered in the name of Vittiah Syam- battlo in the Py- mash Accounts but the Enamity accounts of the Village are not	Not to be- mark the last Incumbent died on the 9th August 1849. She re- lates as Daugh- ter to Vedda Syambattlo and neice to Chinna Syam- battlo and also mother to Sahadava- battlo whose names are entered in the previous Columns.	Not to be- mark the last 24 years Ditto Ditto by Ramma- Ditto Ditto by Vittia- Venkatara- ma-	Salapoor Poleiah Son the Brother- in-law of the deceased aged Years.	Has reported poor and has no other means of subsistence	From the enquiry held in this case it appears the portion of the Enam lately enjoyed by the deceased Ackutchemmah amounting to Rupees 48- - - and Rupees 4- 4- 10 at present in the enjoyment of one Cay- num Rammenah by virtue of purchase has been given in gift to her Husband Parumbattloo by the father of the deceased William Syembattloo for the maintenance of his Daughter. On the demise of Parum- battloo his widow the last Incumbent who succeeded to the Enam viz. Rs. 4- 4- 10 sold a portion of the same in the year 1829 to one Melamunnah father of Cutnum Rammenah who is at present in possession of the same. The lapsed Enam has now been claim- ed by two Individuals viz. Soobbiah the nephew in the male line of the hus- band of the deceased, and Venkatra- mah the Cousin once removed of Pedda Syembattloo the father of the deceased. the claim of the former cannot be recognized as the transfer thro' a daughter to the relatives of her husband was irregular and as the alienation to the deceased has oc- curred by virtue of a gift- The claims of the latter Party appears also inadmissible the Cousins being of a divided fa- mily. Recommended that the En- am enjoyed by the deceased amounting to Rupees 48- - - be resumed.

Cuddapah District,
Collector's Office,
31st December 1849.

4729. Fort St. George 4th April 1850.

Remarks thereon;

(No. 144 Atala Enam)

62-63

The Board of Revenue concur in the recommendation of the Collector for the share of 5 — 18 — 1/4 valued at Rupees 27 — enjoyed by the deceased Alla Venga Reddy being continued to his son Chenga Reddy Vizt. Rupees 21-12-10 without limitation and Rupees 5-3-10 the value of the Enam purchased as a life grant on

(No. 183. Pella Yettoo Enam)

The Board also concur in the recommendation of the Collector for the share of 0 — 10 — 1/4 valued at Rupees 3-8 — enjoyed by the deceased Pedda Isspa Reddy being continued to his widow Laganuka in default of any lineal heir, but that it be resumed at her death.

No. 197 Nattara mutto Enam.

No. 198. Do. Do.

In default of near relatives or heirs these Enams consisting of 4 — 15 — valued at Rupees 34 — 3 — 10 may it is concluded, be considered as having lapsed and should therefore be incorporated with the Government lands.

No. 199. Atala Enam -

The claimants being Listu relatives, thro' the female line to the deceased Isspa Reddy it is recommended that his share of 2-28-1/4 valued at Rupees 8 — 2 — 6. be resumed as proposed by the Collector.

S.F.

Under

4730 Fort St. George 4th April 1850.

(No. 200 Hyrate Enam)

Under the representation of the Collector the Board concur in his recommendation for the Enam consisting of 2-20-13 valued at Rupees 17 — 11 — 6 enjoyed by the late Venkatramadoo being continued to his widow Seeta to be reported for orders at her death.

No. 203 Bhut mutto Enam

In the absence of any lineal descendants the Board resolve to recommend that the 55 — 8 — 4 3/4 of Enam land as valued at Rupees 58 — 9 — 1 enjoyed by the late Indrakunty Soobiah be continued to his widow Soobbamma for the support of herself and Nursimmah the Mother of the deceased - to be resumed on the death of the Survivor of them -

No. 204 Jaghire or Zemindary Enam

Under the circumstances represented by the Collector the Board concur in the recommendation of that Officer that the 3 1/4 — 38 — 9 of Enam land valued at Rupees 85 — 14 — 5 situated in Grandadoorty enjoyed by the deceased Cherukalamala Venkummah, in succession to her husband, may be continued for life to Bostchee Nulla Reddy Grandson (daughter's son) on the ground of his having been in its enjoyment for about 12 years under a Deed of Gift executed by the husband ex

fr

of the deceased Chenchalamala Vengummah.
The Enam in Karevarum consisting of 31-16 Acs
valued at Rupees 183-8-9 which was in the
enjoyment of the deceased may be consider-
to have lapsed and should therefore be in-
corporated with the Government lands.

No. 206 State Enam.

As the claimants are repre-
-ed to be in indigent circumstances the Boa
concur in the Collector's recommendation the
the share of 4-18-2½ Acs C As
held by the deceased Nad
-dumed to his mother Mullachah, stated to
of the advanced age of 80 years, for her life

No. 209. Bhurtuntee Enam.

Upon the grounds assigned
the Collector the Board concur in his propo
for the resumption of the share of 9-10-11 Acs C As
valued at Rupees 48-[illegible] lapsed by the dea
Achatchummah and would not disturb the li
-on of the share of [illegible]-13-11 Acs C As valued at Rs
4-4-10 alienated so many years ago to the
of the present holder Ramanah, but propo
it be continued to him for life.

No. 210 Bhutuntee Enam.

The Board concur in
-posal to resume the Enam held by the
&

Pachemereyen Latchmunnah consisting of
Acs C As
8-9-10 valued at Rupees 9-9-8 as it is stated
that she has left no heirs.

Palemara do
Cota do
Gudda yettee Dus-
-mundum.

Under the representations of
the Collector the Board concur in the
opinion that the claims to the continuance
of the shares in these Enams lapsed by the
deceased Nagarazoo Mungummah consisting of
Acs C As
11-30-2½ and valued at Rupees 34-9-3 are
inadmissible; and that the lands should be in-
-corporated with the Government lands.

Read the following letter
To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

(14)

Sir,

From the Agent to the Governor at Fort St. George at Hurnoor.

I have the honor to acknow-
-ledge the receipt of your
Board's endorsement &c
dated 21st February 1850,
directing me to report on
the Petition noted mar-
-ginally with reference
to the orders of Govern-
-ment noted therein, which is
required

Reporting on the Petition No. 2 of 1850 from Syed Meeasub alias Meeanjee Saheb Meeyan protesting against the endorsement of the Agent at Hurnoor ordering the resumption of his Enam.

Board No. 2 of 1850.

From Syed Meeasub alias Meeanjee Saheb Meeyan
"Protesting against the
"Endorsement of the
"Agent at Hurnoor
"ordering the resumption
"of his Enam.

request the Board of Revenue to take the Petition into consideration under the rules relative to Shrotriem Enams.

2.

As the readiest means of placing the Board in possession of the grounds on which I have felt it my duty to resume the Enam in question, I beg to transmit a copy of my disposal of the lapse as it stands in my Office Register.

3.

As respects the Petitioner's protest I would also beg permission to point out that the Petitioner does not appear to be the first person to lay claim to the Enam. As soon as it has been submitted to Government, I would draw attention to the fact that the gist of protest is that in disposing of this Enam through ignorance applied to it, the principles which have guided me in my decisions on other lapses in Shrotriem Enams.

4.

It is particularly urged by the Petitioner that I am not aware that it is unlawful under any circumstances to take back that which has once been bestowed for God's name" I am, the term "in God's name" because the resumption applied many

I think, be so rendered.

5.

The Petitioner should have stated in addition that the grant was originally made "in God's name for the preparation of a Daira" which Daira during a lapse of many years, has not been prepared and at the present time is not likely to be. If his argument should be deemed a valid one, it will hereafter be improper to resume the endowments of institutions where no religious rights are performed, or which have fallen into ruins from neglect, misappropriation of revenues, or other causes. But the orders of Government require that such endowments under those circumstances, shall be resumed, and therefore I feel that on the ground taken by Petitioner, no objection exists to the resumption of the Enam enjoyed by his great uncle.

Dated 14th July 1846 para 4.
Do 7th May 1848 No. 481 para 12.

The Petitioner's protest also contains a reference to a Will stated to have been made in his favor by the said grand uncle. 6.

admitting the execution of that document, I believe the deceased could not dispose of the Enam in the manner alleged, without authority from the ruling power.

A.

7 A Mahazarnama is also referred to, stated to set forth certain rules about the Enam grants and custom Dairas as they prevail amongst Punnia Patans. That Mahazarnama is signed, or purports to be signed, by certain of inhabitants of Alpoor, a large Village the Nizam's Territory 6½ miles from Kurnool; but the body of the paper is the hand writing of the father of the Petitioner, a former Vakeel about the Cauzee's Court, who, though professing to be an ascetic, seems from all worldly considerations and thoughts, is not to drafting the many Arzees which have

transmitted to the Government and myself respecting this Enam, the alleged heir loan of his own sons whilst the widow of the deceased Enamdar is still alive.

Read the following letters

To W. H. Bayley Esqre

Secretary to the

Board of Revenue

Fort St. George.

(68)

From J. D. Boudillon Esqre Collector of North Arcot

Sir,

Furnishes information respecting the Mosque at Cadaul and the Inam in the Village of Ugaralla as called for in Board's Proceedings February 28th 1850.

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated February 28th 1850, forwarding some remarks by the Board, and order of Government, on the report of lapsed Inams from this District for the last quarter of 1849. and requiring me to furnish the information called for.

2. In reply I beg to inform the Board with respect to the Mosque at Cadaul that it appears from a report from the Tahsildar that daily prayers are read in the building, that it is swept, and that a light is placed in it every evening. These being the regular services, apparent by of a Mosque, it may be said that the conditions of the grant are fulfilled.

3. The service required in the other case, that of the Village of Ugaralla appears to be duly performed, and an order will accordingly be given for the continuation of the Inam to the heirs.

/ Signed / J. D. Boudillon Collector

North Arcot Collector's Circuit Cutcherry 15th

Received.

Proceedings thereon.

(88-89)

Resolved that the letter above recorded be submitted for the information of the Right Honorable the Governor in Council with reference to the papers noted in the margin.

It would appear that the conditions of the grant in endowment of the Mosque at Codaud are fulfilled. The Collector also states that as the Service for which the Inam in the Village of Ugaralla was granted is duly performed an order will be given for the continuance of the last Enam to Coopien.

3 The decision of Government in respect to the 1/4 share in the Behat Enam of Aryoor, granted for the support of the Codacul Mosque above mentioned, which lapsed by death of Syed Ally, is solicited.

To, W. H. Bayley Esqr
Secretary to the
Board of Revenue
Fort St. George.

From the Collector of North Arcot. } Sir, Para.

Requests explanation as to the Board's Order of the 18th Instant on points connected with the issue of Batta to Public Servants

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue of the 18th Instant, referring to my explanation dated 7th Instant, respecting the Statements of Batta to Public Servants for July 1258.

2. The directions of the Board as to the entering of the dates shall be duly attended to. But with reference to the Board's concluding order, I beg to ask whether Servants going on leave and rejoining at the same Station from which they took leave are to be allowed batta for ten days from resuming the cutcherry. The terms of the order signify this, but I am uncertain whether it is the Board's meaning; the cases which led to the correspondence were different they were

were those of servants rejoining at a different station from that whence they took leave. Thus they lost the batta for the intermediate journey, but the present order, in its literal meaning would give servants taking leave an advantage over those who took none.

No 71

The Collector is informed that the Board's resolution of the 18th March 1850. had reference to the regulating of Batta to Buzzoor servants who having taken leave at one station rejoined the Kutchery at another station, the same rule cannot be applied to Buzzoor servants who have rejoined the Kutchery at the same station from which they took leave.

To W. A. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

No 72

From the Collr of North Arcot.....
Reporting on

Sir,

Agreeably to the order of

on Petition No 388 of 1850 respecting taxes newly imposed on Petitioners Topes and Gardens at Pulicat.

the Board of Revenue endorsed on Petition
Herein returned with its enclosures.

x 388 of 1850, I have the honor to report on the subject of that Petition. The Petitioners who are ship merchants residing at Pulicat complain that assessment has been imposed on their topes and gardens at that place, contrary to Custom.

2. Up to last July no tax was ever levied at Pulicat, the weavers and shop keepers and artificers were wholly exempt from Moturpha, and the topes and gardens held by various persons were free from all Government demands. This circumstance having come to my knowledge I enquired whether any title to such immunity from taxation could be shown, but no attempt was made to establish the right, except the plea of past exemption. Under these circumstances I considered it necessary and proper to impose the same taxes at Pulicat which are general throughout this and other Districts and accordingly, when at Pulicat in December last, I fixed moderate rates of Moturpha tax for the various classes liable to it, as noticed in my

endorsement

endorsement on Petition No. 139 of 1850 and I at the same time took measures for assessing the gardens and topes.-

3. The total number of topes and gardens is 27. containing about 43½ Cawnies, but two of these topes being attached to mosques I considered them entitled to exemption. Of the remaining twenty four, assessment has been fixed on three, at rates varying from 3 Rs. 4 a to 12 Rs. 8 a Cawny; the owners of the other twenty one being absent, the determination of the Patent assessment was deferred till their return. The greater part of these gardens are Mango or Cocoanut topes with kitchen vegetables planted between the trees, a few contain no trees but those vegetables only. The rate of assessment fixed in the three instances already settled are extremely low and it is not my intention to impose more than about the equivalent rates on the other topes. I should add that as Mr. Cooks order produced in support of the present petition has no connection with the subject, it is an order to the Sayer Ameens indorsed on a petition, directing him to exempt from Sayer demand the Onions grown in that Petitioners garden, because they were trifling in quantity

and for the owner's domestic use only, this of course was a fair and proper order.-

North Arcot ..... Collr. Chenit Cutcherry Chendragherry 23d. March 1850

Read again letter from the Collector of Salem dated 28th October 1846 and entered in Consultation 6th May 1847-

a Proceedings thereon,

Adverting to the fact that the lands referred to are saleable and that they bear a higher rate in the market than those of Singalvadiar, the assessment of which is lower, the Board are not prepared to recommend the reduction sought for- They wish Mr Maltby to re-consider the subject, particularly with reference to the view that with a better supply of water, the present assessment would not be found to be burdensome-

Fort St. George 4th April 1850.

Read the following letter.

To, J. Lipscroft Esqre Secretary to the Board of Revenue, Fort St. George.

79

From the Collector of South Arcot. Reporting upon the Extra Sources of Revenue for Fusly 1258.

Sir, Para 1

In submitting the usual Statements illustrative of the Settlement of the Extra Sources of Revenue of this District for the expired Fusly 1258, I have the honor to subjoin an abstract table exhibiting at one view, the total revenue derived from each source during the year in Comparison with the last, from which it will be observed, there was on the whole, a net decrease exclusive of Extra items amounting to Rupees 23,328. 15. 1.

Table.

Salt Revenue 2.

On referring to Statement No 1 the Board will see, that the Revenue obtained from the sales of Salt during the year

Fusly 1257 - 199370-15-9
" 1258 - 187387-15-"
Decrease 11983-"-9

amounted to Rupees 1,87,387-15-" for Garces 1770-40-1/2 which, on comparison with the previous year exhibits a net decrease of Rupees 11,983-"-9. Of this deficiency Rupees 666-15-10 have been occasioned in the

Fusly 1257 - 3898-5-4
" 1258 - 3231-6-6
Decrease 666-15-10

Salt supplied to the French Government and the remainder would appear to have been caused solely by the sales for Home consumption

3.

The sales on account of Inland consumption shew a net Increase by Rupees 27219-14-5 in the portions noted in the Margin to Salem &ca Districts, but this increase makes up partly for the deficiency in Fusly 1257.

4-

I beg again to reiterate that, in addition to the general causes of a general and specific nature described by Mr Hallett in

in Para 2 of his letter 6th December 1842 I am fully convinced from from positive facts that have been brought to my notice, that the resort to the use of Rud Salt by the poor people, in some measure affects the Home trade. The sales under this head shew a considerable decline by Rupees 38,535-15-4 and it may be safely presumed that the increased sales of the past year had partly contributed to supply the demands of the present. Moreover, from the Register of Romanahs it appears that of the total sales at Mercanum under the head of Inland consumption Garces 461-340* were purchased by the Salt dealers of this District, and altho' this quantity is entered as having been intended for sale beyond the District I suspect it was not so in reality the Inland Sayer Establishment being now abolished, there is no way of ascertaining the exact quantity that had passed into the other Districts, in order to test the correctness of the account of sales generally. Strict orders have however been sent to the Native Officers at Mercanum Pass, to see that

Fusly 1257 - 69419-5-3
" 1258 - 30883-8-11
38535-15-4

* G. 1099-340

Fort St. George 4th April 1850.

that the period for which the Rowanahs are issued is properly regulated and to be careful that the salt sold for Inland consumption is not actually intended for Homeward.

5. As required in the 4th Para of Board's Proceedings 13th August 1849, a Statement is forwarded shewing the quantity of salt on hand on the first and last day of the Fusly as well as the quantity manufactured and sold during the year. From this the Board will see, that the quantity of salt on hand at the commencement of the Fusly 1258 was Garces 802-337 to this being added the quantity made during the year, raised the total stock to Garces 3,046-385-1/2 deducting the sales under the several heads and the wastage 112-31, there was left at the commencement of the current Fusly a stock on hand equal to Garces 1,164-314. This quantity may appear inadequate to meet the demands of the current year but when the salt brought to account in the early part of this Fusly on

	G.	M.

Fort St. George 4th April 1850.

on account of the dittum made in January for the last Fusly is taken into consideration, the supply will be found to be amply sufficient to meet all demands.

6. Here, it seems necessary to explain to the Board in reference to their remarks on last year's report, that of the quantity stated to have been manufactured Viz. 2,060 Garces only 1,226 G. were made available at the commencement of the Fusly, while the remainder or 834 Garces were merely brought to account towards it's close, thus shewing most clearly that the whole stock was not actually available for sale in time to meet the demand. Upon the same principle also it must be remarked that of 1,521-91 in Mercanam, G. 557-378 were made and brought to account towards the close of the Fusly year. For a more minute illustration of these facts I would suggest a reference to Statement No. 2 in C.

Para 3 Proceedings 13th August 1849.

Exclusive of the stock in hand. C. 775-131. x 1257.

Frontier Customs. Fusly 1257-34,032-5-4. " 1258-27,468-12-7. Decrease. 6,563-8-9.

The Total Frontier Customs levied on goods passing to and from the territories of the French Government

Sea Customs.
Fasly 1257-49332-1-10.
" 1258-24918-4-"
Decrease 15413-13-10.

11- The total collections under this head at the ports of this District amounted to Rupees 24,918—4—", the same for the previous Fasly having been 49,332. 1- 10, the result shews a net decrease by 15,413 - 13 - 10 as explained in Statement No. 3. The chief part of this decrease belonged to the export trade, which is thought to have been occasioned partly by the preference given to the land transit to Pondicherry instead of by sea as in the previous year.— The whole of this net decrease

D.G.

decrease it will be seen occurred at the Port of Cuddalore alone, and principally on the article Indigo, on which the deficit amounted to Rupees 8,816- 12- 6, and on Piece Goods. Rs. 6643. a. p. 6- 6. The trade in respect to those articles continued to be very dull during the former part of the year under review but it has since shewn indications of an improvement a small portion of the decrease is attributable to the loss occasioned by exempting duty on the trade Coastwise.—

12 Enclosure 1 in No. 3 exhibits the quantity of Sugar and Rum exported to the United Kingdom. all the Sugar works but one having ceased to carry on their operation, there was a decrease of 1918 Candies in Exports of Sugar, and of Rum about the same as in Fasly 1257. the facts being obvious need no particular explanation.—

Ab Kairy
Dated 22nd June/48
Fasly 1257- 83730- " "
" 1258- 82370- " "
Decrease 1360- " "

13. Under the sanction of the Board, the revenue derivable from the Toddy and Arrack farms was rented out in one lot at 82,370 Rupees, this tho' below the last year was greater than any former year.—

Sundry Small Farms Vea

14. On referring to Statement

No.

Government at Pondicherry for Fasly 1258 amounted to Rupees 27,468-12-7 or Rupees 6,563. 8-9 below the last year. altho this was the actual result, it must not be forgotten that by extending to the Frontier, the general provisions of act XI 1848, all goods in transit by land paid only single duty. thus avoiding the necessity of conveying those goods by sea, which circumstance has moreover replaced the land trade on the increase. The merchants will now much rather carry their goods by lands than have them by sea.

8. It is clear however that the fall in the revenue has not been caused from any other from the abolition of the double duties as well as by the exemption from any duty which has been conceded to Cotton wool. If this exception and the above mentioned reduction had not taken place the results of Fasly 1258 under this head and with the same extent of trade would have been Rupees 6,56,3. 6. 8 or Rupees 23,982. 6. 4 above the actual return of the year as more clearly explained in the Margin and not only this but a small increase

From Board's Feby 1848.

Amount of Import and Export Duty levied in 1258	27,468. 12. 7.
Supposing the provisions of act XI of 1848 had not been extended to the Frontier Customs and the double duty were still collected	27,468. 12. 7.
	54,937. 9. 2.
Add further amount of Custom on Cotton wool exported being receipts relating Fasly 1258	4,696. 13. 3.
Total	59,634. 6. 5.
Deduct Amount of double duty collected in Fasly 1257	37,452. 10. 7.
Amount of Single duty collected	16,179. 10. 2.
Supposing the provisions of the Act XI of 1848 had not been extended to the Frontier Customs	1617. 9. 9.
	35,632.
Increase	23,982. 6. 4.

must be made on account of the duty for stamping Weights and Measures which had been abolished from the beginning of Fasly 1258.

From Board's Feby 1848.

Export.

9. It will be seen from comparison that of the total deficit Rupees 1,371-2-10 belong properly to the Exports alone the decrease chiefly on Piece goods, Mats, Country Indigo, &c. deducting the increase of Customs derived chiefly on Export Indigo (620-14-10) and other

Exports 1258. 39,990-6-4
Decrease 4,928. 9. 7.

Articles amounting to Rupees 3,375-9-3 there will be left a net decrease of Rupees 4,928. 9. 7. The increase of the export Indigo trade may be partly ascribed to the favorable turn in Mercantile affairs and partly to the change in the mode of transport.

Imports
Fasly 1257. 36,616-4-0
" 1258. 37,379-5-8
Increase 763-1-8

10. The difference in the imports being small, decrease 20

Dft

Fort St. George 14th April 1850

Fusly 1258. 10922-11-1
" 1257. 4040-7
Increase 6882-10-6

No. 5 it will be observed that the Settlement of this branch of Revenue amounted to Rupees 10922. 11. 1 which on comparison with the preceding Fusly. shews a net increase of Rupees 6882-10 6. The increase of 210 Rupees under the head of Ferry rent occurred by competition among the bidders, and the nominal increase under the head "Tank fishery" Viz. Rupees 6860. 14. 2. was only a transfer of this item from the Land Revenue under orders of the Board contained in the 2d para of their letter 27th November 1848.

Stamp Revenue 15
Fusly 1258. 15837. 2-
" 1257. 10089-12-
Increase 5747-6-

The revenue from the sale of Stamps amounted to Rupees 5747. 6. in excess of Fusly 1257. Under the operation of act XVII 1848 the institution fee formerly levied in the District Moonsiffs Courts &c became substituted by the use of the prescribed stamp papers, and thus there was an increase of Rupees 4466 the remainder may be said to have arisen from the sale of papers of somewhat high value.

Mchurpha 16

Statement No. 7 shews that the Settlement on personal and professional tax-

Fort St. George 14th April 1850.

Fusly 1257. 39216-1-9
" 1258. 38678-1-6
Decrease 538. -3.

tax for Fusly 1258 exclusive of the usual deductions for Village Officers and religious institutions Vir. amounted to Rupees 38678-1-6. or Rupees 538. " 3. below the preceding year. This falling off has been caused by a diminished number of Looms being worked owing to the decline of the trade in Cotton Piece Goods. The decrease that is seen in various Talooks under the head of tax on Shops is only of a temporary nature and demands no particular remark. other items of variation being inconsiderable deserve no notice. A Separate

No. 1 in No. 7. Statement of this branch of Revenue has been prepared and forwarded to the Board according to the form furnished with their Circular of 15th March last.

Statement A
Fusly 1257. 413752-11-11
" 1258. 389761-6-8
Decrease 23991-5-3

17. Thus it will be seen that the total of these several sources of revenue including extra items, amounted to Rupees 389761-6. 8 or Rupees 23991-5-3 below Fusly 1257. the cause of this defect has been fully explained in the foregoing paras. and it only remains for me to observe that of the said demand, Rupees 38902-6-8

No. 3.

Statement Shewing the Settlement of the Sea Customs of Fusly 1258 Compared with that of Fusly 1257 in the Southern Division of Arcot and Cuddalore.

Fort St. George, No. 9 of 4th April 1858.

			Fusly 1257	Fusly 1258	Increase	Decrease	Remarks.
			C.Rs. a. p.	C.Rs. a. p.	C.Rs. a. p.	C.Rs. a. p.	
Cuddalore	Export		25708 3 10	4358 9		A 15272 15 6	A Of this the sum of Rupees 8818. 12. 6. was occasioned partly from the decrease of Export trade in Indigo and partly from the Merchants preferring the transit by land to that by sea as in last year and the remainder was occasioned in the Rice Good Trade Rupees 6456. 3.
	Import		6253 11	4390 13 3		B 1862 12 8	B The gross decrease was chiefly in the Import of Chanking Nuts Pepper Camphor &c. amounting to Rupees 3071. 11. 2. and by the increase obtained on other Articles Benjamin, Nutmeg, Brandy and Piece Goods &c. the gross decrease is reduced to the sum here exhibited.
			31962 2	14826 6		17135 12 2	
Porto Novo	Export		4729	0			
	Import		3639	6994 1 7	2264 14		
			8368	3090 45		D 548 13 7	C On Comparing the various Articles that paid duty it appears that this increase has been occasioned from the increase in the Export of Paddy to Ceylon.
Marakanum	Export			1 10084 6	2264 14	548 13 7	
	Import			7 8	5 13		
Total	Export		31107	7 8	5 13		D This decrease appearing to consist of trifling sums of various Articles, Calls &c. for no remark.
	Import		9955 11	17437 2 4	2270 11 11	15272 15 6	
			49211 11	7481 1 8		2411 10 3	
			2110	24918 4	2270 11 11	17684 9 9	
				Deduct Increase		2270 11 11	
				Net Decrease		15413 13 10

Order thereon — Ordered to be sent again in Triplicate
J.E.D

4789 Fort St. George 4th April 1850-

To
J. Bycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

(81)

From the Collr of Tanjore. — } 1-

Submitting replies to the Remarks on the Settlement Report of Fusly 1257-

I have the honor to submit replies to the remarks of the Board of Revenue on the settlement of Fusly 1257 contained in Extract from their proceedings under date the 21st May 1849.-

2.- The first point referred to is the liability of the eastern extremity of the Cavery watered lands to damage from inundation, notwithstanding the erection of the dam at the head of the River. For a year or two prior to the execution of this work, the head of the Cavery had so deepened from the set of the stream inwards, that during the period of the freshes the greatest anxiety prevailed until they in some degree subsided. This is no longer the case as regards the safety of the River banks near the head, but with water works of such magnitude to control it is impossible to guard against every mischance

mischance, more particularly with
reference to the lands remarked on by
the Board situated at the eastern
extremity of the River which in time
of scarcity suffer from their distance
from the supply, and are liable to be
swamped when the supply of water
in the River is heavy and the local
rains at the same time abundant,
at such times the Meerassidars of
the western villages close their supply
channels and open their surplus
sluices for the safety of their lands
thus adding to the volume of the
River water, which gathering strength
and quantity as it goes, floods the
low lands and frequently completes
the destruction of crops withering for
want of a more timely and moderate
supply, so that it becomes a matter of
difficulty very often to decide under
head the destroyed crops should be
entered whether as perished from
"too much" or "too little" water both
causes existing at one and the
same time. Every care will be
taken

taken to regulate the supply of the
Cavery, but allowance must be made
for the difficulty of controlling such a
body of water.

3. In para 6 it is remarked
"that on comparing the standard Beriz
of the wet lands under River irrigation
in Fusly 1256 and 57 it appears that
with an increase of land there is a
decrease of settlement."

In explanation I beg to state
that in grain rented villages, the "standard"
is the amount of grain rent, the Beriz
the value of this grain at the market rates.
This owing to the low prices of Fusly
1257 the settlement on these Villages has
fallen, and in Papanasam Taluk
where the land under grain rent is
extensive, the difference of the standard
Beriz and Settlement is the more
apparent.

Settlement of the Taluk.

Fusles	Beriz.
1256	218549 "
1257	208841 "
Decrease	9708 "

Grain

Grain rented Villages.

Fusslies	Beriz.
1256	34942
1257	24589.
Decrease	10353.

The decrease of the Beriz in grain rented Villages is thus shewn at 10353. Rupees, tho the net amount in the Talook is reduced by extra land brought under cultivation to Rupees 9,708.-

4. The instructions contained in para 7 will have due attention paid them.

5. In para 8 of the proceedings it is remarked, that no explanation has been given to show, on what data the assessment on Poonjah and Bagayet lands in the Tranquebar Talook has been fixed. In the report of the Commissioners the imposition of a tax on the Poonjah and garden lands is alluded to, as unobjectionable, and on a reference to the Damah Accounts it was found that in 1819 and 27 Poonjah lands had been taxed at the rate of 3 Rupees per veli, but discontinued totally on account

of the smallness of the extent and the poorness of the soil. The rate of assessment on the Poonjah lands nearest the boundary of Tranquebar is 7-13- per Vorly, and as the lands in Tranquebar near the coast are far inferior, I consider an addition of 1 Rupee on the rate fixed by the Danish Government as a proper assessment the Bagayet being fixed at 10 Rupees being 2 beyond the double rate of Poonjah, a second crop being assessable at half the amount in addition when cultivated Bagayet.

6. In the 11th Para of the Proceedings under consideration the Board object to the imposition of Bagayet Teerwa on certain dry lands converted into wet cultivation in the Villages of Occacoody and Veeramangoody for reason explained, and direct that a Poonjah Assessment shall be put on these lands, allowing an abatement for such period as will fairly reimburse

reimburse the Ryots for expences incurred in digging Channels &c. This, as stated by the Board, would have been the proper course to adopt, but as regards these Villages the irrigation works and the sources from whence they get their supply are neither of them capable of ensuring a Punjah Crop, the surplus water of other lands have been diverted by means of Channels cut at the expence of the Ryots, and this surplus supply must be a doubtful one, while at the same time the water is less valuable from having been used and cleared of all deposit. Under these circumstances I was prevailed upon to allow an assessment between Poonjah and Punjah, as a temporary measure, an agreement having been taken from the Ryots that for Punjah should be paid on the circar allowing such increment in addition to that made by themselves, as would ensure a proper supply of water. The excavation of

a channel for this purpose is in contemplation, but owing to objections raised by other parties, its execution is in abeyance. The sanction of the Board is therefore requested for the continuance of the Bagayet tax till the irrigation question is settled.

7. Referring to Para 12 I beg to express my regret at having overlooked the instructions of the Board relative to the alterations in the assessment noticed therein without first obtaining their permission to make them. An explanation of the grounds on which these changes were made a Statement is submitted shewing the rates of ordinary Punjah in each of the Villages where "Cootalay" is cultivated and the assessment hitherto charged on this kind of produce at double Poonjah and Punjah rates. It cannot, I think, but strike the Board that these rates in most instances have been inapplicable the double Poonjah Teerva frequently being higher than the regularly irrigated

irrigated Punjah lands of the Villages and the Punjah rate in others too high for Cootalay crops depending entirely on local rains, having no means whatever of other irrigation Cootalay is cultivated under two heads, Sami Cootalay, and Varagoodum Cootalay, the former is simply paddy with it, that in case of the paddy failing for want of rain the dry crop may yield them some return or vice versa, when too much rain kills the Varagoo, the rice produce comes to maturity but not yielding equal produce to the Samicootalay - In cases where the wet crop failed and the partially sown dry grain came to maturity it was obviously unjust to tax this crop with double the Poonjah rate of the village, and the more so when this rate actually exceeded that of the Punjah, and in like manner to fix the same assessment on irrigated and unirrigated land was felt as

as a hardship, and the consequence has been an annually accruing balance on these lands, the rates fixed in July 1836. having only been realized for 3 and 4 years subsequent to their imposition - Under these circumstances, a close investigation has been made by me and many of the lands inspected by my Special Assistant during the time the crops were on the ground to ascertain their condition and though in many instances, great outcry was made at putting any thing higher than Poonjah tax on the Varagoodum Cootalay crops I considered that generally, the rates entered in the Statement could be borne, and the Seerd has been collected accordingly without balance.-

Punjah & double Poonjah-

8 In para 8th explanation is called for relative to the origin of the high rate of warum allowed to the Ryots in the Trangnebar Taloola, and the difference in this respect as regards the Yeravaly

Amany

among lands. It does not appear as the Board suppose it possibly might, that the Danish Government derived any additional taxes from the Cultivators in consequence of their enjoying so high a rate of Coodiwarum or that this high rate is universal as is shewn in the marginal Statement, but from all that I have been able to gather on the subject, it would appear that owing to the very confined extent of the Danish territory it was an object to have every available spot of ground cultivated for the Home consumption and

Coodewarum Percent.		Extent of land.

	3	6 6.
Total	8	517 8.

and to ensure this, the inducement of high warum was necessary to procure parties willing to take up the inferior lands, which required as much care and more outlay to bring under cultivation than those of a superior kind. It is true that the lands in question are within reach of river irrigation, this being at the very extreme end of the supply they come but badly off when this is scanty, and again from their very low situation are liable to inundation in times of over abundance, the sea running in through the bar tending to prevent the exit of the surplus flood. The nature of the soil also near the coast is poor to a degree in comparison with that further in land, being apparently little else than sand, and such as no one would think of cultivating except on very advantageous terms. The land holders are mostly men of very small means and holdings

more

more than half the number, as shewn below, paying under 10 Rupees per head.—

From the Collector of Tanjore

Reporting on the Estate of Gundracottah Pulliput.

Demand
Fusly 1257 22,238
" 1258 21,771
Decrease 464

Fort St. George 4th April 1850

Order to be brought forward at a future Meeting

To. The Secretary
to the Court of Wards

Sir,

I have the honor to submit a Memorandum shewing the receipts and disbursements connected with the Gundracottah Estate for Fusly 1258.—

The demand for Fusly 1258 falls short of that for the previous Fusly by Rupees 464 in consequence of the outturn from the Amany Villages being less, and some of the rented Villages taken at a lower rate, the season having been less favorable. Of the total demand Rupees 20,721 have been realized within the Fusly and of the remainder Rupees 581 have since been collected leaving on the 1st of January only a balance of 469 Rupees, the greater portion of which will be realized hereafter.—

Demand	21,771
Collected	20,721
Balance	1,050
since Collected	581
Balance	469

The marginal Memorandum exhibits the old outstanding arrears which had accrued prior and subsequent to the estate coming

Old Balance

	Demand	Collection within the Fusly	Rs. upto 1259.	Total Remainder	
From 1255 to 1257 under Circar	6,546	496	2,318	2,814	3732
Under the Palayar's Management	5,066	4	1,425	1,429	3,637
	11,612	500	3,743	4,243	7369

Fort St. George 1th April 1850.—

coming under the management of the Circar, the total demand under this Head at the commencement of the Fasly under report being Rupees 11,612 of which 4263 have been collected in addition to the regular demand, leaving a balance of Rupees 7,369. The greater portion of this amount is due either by parties who have no means of payment, being small holders of dry or tank cultivated lands which have suffered from drought, or by others whose payments have been withheld under objections, after the settlement of which, it is not expected that more than 1,000 Rupees will be realized.

At the close of the Fasly the amount in hand was 26,584 resulting from the balance of Fasly 1257, the collections of that under review, and the Charges incurred during the same.

In hand at close of Fasly 1257 — 27049
Gross Revenue 58 — 21221
48270
Deduct Charges 58 — 21686
Remainder 26584

Charges Peshkash—

The fixed amount as Peshkash payable by the Estate is Rupees 6967, increased this year to 6984 in consequence of the addition of Rupees 17, the Government portion of Extra Revenue from the Honorable Company's Land Tax brought to account

Fort St. George 1th April 1850

Subsidy Charges—

The originally sanctioned amount has been subsequently increased from 1,920 to 2,112 as per sanction of the Board under date 5th February 1849. but from the total amount a reduction of Rupees 63 has been made in the expenditure, by the discontinuance of Curnums employed for the adjustment of the late Zemindars debts, while an increase of 25 Rupees has been incurred by the higher payment of Rupees 3 per Mensem to the Head Nat Curnum from October to June his salary of 6 Rupees being totally out of proportion to his duties, and I trust the Board will sanction this charge, and allow of its continuance in future.—

Allowance for the support of Family and Dependents—

The amount allowed for this purpose is Rupees 2,013 per annum of which 2,003 have been disbursed, the Remaining 10 having been unpaid in consequence of a representation from the Widow that the party for whose support it was granted, had failed in the performance of the duty assigned him.—

Extra Charges—

The amount allowed for Extra expences of various kinds was 891 Rupees, whereas the sum Charged in the

Fort St. George 4th April 1850-

the accounts is but 391. the Punny lands formerly cultivated by the family and valued at from 5 to 600 Rupees per annum having been given over at the urgent request of the Zemindars Widow, in lieu of the ready money payments, which were ever varying in amount, in consequence of applications for the performance of ceremonies and other fanciful expences, by making over these lands, some personal consequence attaches to the family and all applications for trifling and customary expences are rejected as payable from the receipts of the Punny lands-

A Statement is submitted exhibiting the amount of debts sanctioned and the payments made. The total amount admitted was 38303-15-3 of this parties claiming 28036-1-2 has been paid 25127-5-10 the difference 2908-11-4 having been saved by striking off various amounts of interest on the original debt, this to one creditor I compelled at last to allow as interest 1338-- 5- half the amount claimed he would come to no other terms.- I trust

Fort St. George 4th April 1850

I trust the result of the payments hitherto made will be considered satisfactory in reference to the opinion expressed in my communication of the 3d November 1848. that a further sum of 3,000 Rupees would probably be required in satisfaction of interest &c. The amount of unsatisfied claims stands at Rupees 10269-14-0 of these 19127--3 is claimed by one individual, the original debt being but one half the amount, and even this not satisfactorily proved, being of very long standing and mixed up with various dealings and assignments on the Estate which must be clearly ascertained before a settlement of the case- The smaller Remaining sums will be paid on application- On reference to the charges since the close of the Fasly under report it will be seen that the actual amount in deposit on the 1st January is Rupees 13700 and this sum may be placed in the Government Loan, if the Court of Wards sanction its being so disposed of.-

87

To T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

From the Coll.r of Madura — Replying to the Bd.s Proceedings on the Summa bundy Report on Fusly 1257 } Sir, 1. I have the honor to afford explanation on the points noticed in the Proceedings of the Board under date 30th July on the Summabundy Report

T. P. B.

Fort St. George 4th April 1850

Report of Fusly 1257. This would have been transmitted earlier had not my Cutcherry and myself been engaged in the Summabundy of Shevagunga till the 30 October.

Boards Proceedings Para: 2:

2. Explanation is required in the Para why out of Cawnies 8493 left dis engaged in Fusly 1257, 7082 were thrown up in Tandicondoo alone. If reference be made to the detail exhibited in Column 45 of Statement A.4 for Fuslies 1256 and 1257 it will be seen that nearly as large an extent was abandoned in Nellacottah tho' the total net Amount of Cawnies, owing to a larger number having been taken up in other Talooks, was little more than Eight thousand. The cause of the quantity of land dis-engaged as compared with Fusly 1256 being larger in the Sub than in the Principal was, that the season in the western part of the District lying more under the influence of the South west Monsoon is earlier than in the Principal Division, and that the Ryots consequently at the time of the Dittum are better acquainted

acquainted with their prospects of cultivation. Moreover Insects it is said had early appeared in the Tandiconloo Talook.

3. The Ryots will naturally agree for as much land as there is any chance of their cultivating in a favorable season and I think it will be conceded that they have a right to secure the option of cultivating so much. Comparing the Dittum of Fusly 1257 with the actual cultivation of Fusly 1256 which was a bad year the excess undertaken in the former Viz.t Cawnies 19935 in the Principal Division, and 11,566 in the Sub Division as shewn by the Marginal Statement does not appear immoderate. The actual cultivation of olue consideration be paid to the season in each Talooke and its portion proves

	Actual cultivation Fusly 1256.				Cultivation in Fusly 1257.

3 Cullay Cor	3578	5 6098	9	4 7317	6	3720	6	6
4 Ramgherry	32110	35550	9	4 50301	9	4 22986	6	5
5 Tandiconloo	33681	7	12	18	3	2	2	2

5... Tandiconloo Talooke is divided into 3 Divisions viz. Principal Division, Sub Division & Ramgherry Division

proves I think that the Ryots of each shewed about an equal degree of care in calculating their means. The largest extent left uncultivated was in Thevoo-imungalum, but the quantity of Poonjah land is there far greater than in any other Talooke and the season was less favorable. In Nellacottah, it will be observed, that notwithstanding the larger number of Cawnies thrown up 1/6th of the extent taken up was left uncultivated. The proportion of Bunger in Thenkurray in the Sub Division was much larger than in Ramagherry and Mey-coor, in the Principal Division tho' the Dittum was smaller as compared with the former year. The Sub Division Ryots threw up more in Fusly 1257, in all probability, because they had in previous years taken up more in proportion to their means.

4 I can assure the Board that every effort is made by the European Authorities and the Puzoor Cutcheries to impress on the Ryots their responsibility for land agreed for. They however and the Village authorities who sympathize with them are unwilling

to

to understand what is contrary to former custom and adverse in some degree to their interests. There is a notion of proprietory right in the Ryots even to Punjah land, which was fostered by the mode of administration pursued almost to the time of my taking charge. The Ryots therefore are very reluctant to surrender ancestral fields, because in any particular season they have not the stock to cultivate them, and some time may elapse before this feeling is removed. I have each year levied the taxe on such land as has been left waste without some fair excuse and by doing this with a proper regard to the resources of the Ryots, the Rule of admission will be inculcated on them in the only manner in which their unwillingness to learn will allow them to be taught. The Board have approved of the taxation of waste being limited to cases in which Ryots have been clearly negligent or have taken land to keep others out, and to case being taken not to trench on their means of future Cultivation.

5. The difference between the Demand

Para 3 Decrease of Punjah cultivation as shewn in Para 8 of my Report and Col 45 of Statement A. 4, was owing to the former being taken from the actual dry cultivation without reference to the class of land on which it took place and to the Remissions by Mr. Hurdis and Mr. Peter in the Sub Division not being deducted in calculating the Assessment.

6. The difference in the excess of Nunjah arose from the Board having omitted to take into consideration the large quantity of Nunjah cultivated on Punjah land converted to Nunjah and to my calculations also including Nunjah raised, or Nunjah mel Punjah Pagayel &c. In future I will make no comparison which cannot be verified by the Accounts submitted. —

Para 5 7. The observation of the Board that the increase in the assessment of Dry lands and the Decrease in their extent is explained by the season having admitted of their increased conversion into garden Nunjah and other cultivation must be taken, I think, with some qualification in a much

much as by far the greater part of the Fysel Dryland so converted and entered in the Board's Abstract as Dry land, was not converted to Nunjah and Bagayet in the year under Report, but in preceding years, by the expenditure of public money as well as private enterprize, and is considered as portion of the regular Nunjah and Bagayet land of the District.

Para 7. 8. The Board observe in the Para that 11 - 3 - 2 are charged as Fusel Jastee apparently on land already assessed with two crop rent - The Heading of the Column in which it is included is "Teerwah and Fusel Jastee" and the Item in question is a charge of Teerwah Jastee on 2 Crop land cultivated with Betel which by the System of the District is liable to an assessment exceeding that of 2 Crops.

Para 7 9 The extent of land entered in Column 363 is not all that was cultivated with two crops in Fusly 1212 which amounted to 684 11/16 but only such portion thereof as was cultivated with either one or two crops in Fusly 1257.

Para 8 10. On enquiry I find that no departure from the Forms of account prescribed by the Board has taken place since my appointment to the District, but that in Fusly 1255 considerable alterations were made which having passed the Board's Cutcherry without notice were considered to have been approved of and therefore continued. They were unknown to myself or I would not have permitted them to stand without a reference. I must take blame to myself however for not having verified them by comparison with the original Forms, which I did not make from thinking it most improbable that the Cutcherry would have taken such a liberty or that it would have passed unobserved. My Head Sheristadar is now to the District or would not have failed to have brought the circumstance to my notice. The Board are aware from the references made to them since the receipt of the Proceedings under reply that I am now endeavoring to bring the Forms into strict conformity with their instructions.

The

Para 10.

11. Re

The Item of 8158 noticed in this Para is a deduction of Jeermah leommee in consequence of one crop Dufeel Punjah land having been cultivated with Punjah in the year under review. This deduction will in future be entered under its distinct Head of Remissions.

Para 12

12. Agreably to the order contained in this Para a Statement similar to A. 20 for the Ramagherry Talook submitted with my Report on Fusly 1256 is herewith forwarded. It will be observed that in some Villages the grass land taken up exceeds considerably the proportion of 1/5th of the total Holdings and that grass Jeermah has also been levied from Persons holding no Puttahs. The question in fact is encompassed with great difficulties. Ramagherry is a very large Talook comprising much indifferent land. In that portion which composed the Ramagherry Zemindary the Ryots are addicted to enclosing the land they desire for cultivation and Pasture, but in many places elsewhere they do not enclose, but equally exclude others

from with reference to Rules well understood in the Village and sanctioned by long Custom. In Ramagherry and parts of the District similarly situated it is easy to define the responsibility of the Ryots by the extent of his enclosure and to call upon him to pay 1/4 Tax or whole Tax for his Pasture according to its proportion to his total Holding. Not however that the Ryots have been made to pay full rent for all in excess of 1/5th altho' it has been promulgated that they are liable for this. As they cling to their enclosures I could not carry out the Rule without ruining the Ryots. In Soghamallay and other parts where enclosures do not prevail, proof of possession except by expending an amount of labour quite beyond the Establishment is very difficult. The Ryots therefore often try to evade the Tax by declining to take up any Grass land but enjoy it nevertheless quite as much as the Ramagherry Ryots. They have been brought to act with fairness to the Government by the right of pasturing their cattle being refused to them unless they would engage

engage for some land for the purpose.. Over and above the waste thus engaged there remains both in Ramagherry and other parts of the Talook large tracts on which Persons of other Districts and inhabitants of this District not holding Puttahs are accustomed to feed their cattle - No grass tax from which they are exempt would seem fair, and I therefore required that they should take tracts on Rent - This is the system which it appears from the Collectors letter to me is in force in the Coimbatore District.

13. Altho' I am at a loss to devise any other plan than what is detailed above I am disposed nevertheless to think that it operates too severely on the Ryots - In passing lately thro' the Talooks both on the borders of Coimbatore and Trichinopoly I could see far less cattle than I expected and those but of a small size - The large numbers of Bullocks yearly exported to Ceylon from Madura Ports must be be made up in part from imports by land from other Districts and it is probable that the Ryots derive

a profit by taking them to feed when hatting on their journey and thus require more pasture than would suffice for their own cattle.

14. Still altho' cattle does form a consi: derable portion of the Ryots property I am not prepared to say that their chief holdings are pasture, Their land is poor and a holding of no great value, therefore, spreads over a considerable extent.

15. No objection being anticipated to the extention of Grass tax to Tyompully and Tondicombo it was introduced into those Talooks but in consequence of the observations of the Board is now suspended - I would strongly recommend that any system that may be established for Ramagherry Talook may be pursued also in them, as they are similarly circumstanced and the Ryots are apparently better able to pay. Coimbatore Ryots send their cattle over the border to avoid the tax in their own District.

16. The tax now levied in the Rama: ghery Talook seems to me as I have already stated too heavy for the means of the Ryots and as the Inhabitants

F

of the country bordering on Coimbatore after the tase in that District to be comparatively easy, and those whose lands adjoin Trichinopoly also called for an assimilation with the system of that District. I applied to the Collectors of each for an account of their respective systems. In Coimbatore it is in theory the same as has been introduced in this District viz. 1/4th Peermah on Pasture limited to 1/8th of the Holding, full rent for all alone and the rent for one year of all waste and unoccupied lands not thus engaged. The weight of the tase therefore can only be less by a relaxation in practice or by the assessment of the land being lower. From the accompanying Statement A prepared from some accounts which are in my Cutcherry, the latter appears to be the case. In Trichinopoly the Ryots of the Villages subject to the tase take all the unoccupied lands at from 11 to 5 Rs. a per Cawny which rule applied to many of the Ramagherry Villages would, owing to their vege nature the Tase heavier than at present.

17. Altho' the Principle of the tase levied for pasturage

pasturage in Ramagherry was laid down by myself its application was made by the Head Assistant who conducted the Settlements of Fasley 1256 and 1257, I am therefore not so fully informed of the circumstances of each Village as I would wish to be before proposing alteration of System. I would therefore beg to propose that the one hitherto in force should stand for the present year on the understanding that I will make the settlement of Ramagherry for Fasly 1259 myself, and by a lenient interpretation of the rule as regards profession prevent the tase pressing too heavily on particular Ryots. I shall be able at the close probably to propose some Rules which can be enforced permanently without occasioning discontent or loss to the Ryots or relinquishing the fair rights of Government.

Para 13. 18. The Pattah for 2,000 Rupees noticed by the Board should have been entered by the Collector as between 1,000 and 2,000 as its actual amount was only 1015. It included the 800 Rupees Puttah of Fasly 1256 which was wanting in Fasly 1257 and became so large from an examination of tase paying trees some of which the Ryot has abandoned in

in July 1258 and thus reduced his Puttah to Rupees 670.

Para 15. 19. The collections for the early rice cultivation subsequent to April reaped about September of the ensuing July have hitherto been allowed to lie over till the first Sunjak held in March, but I see no objection to them being made in December and January by which time the Produce will probably have been sold.

Para 16. 20. My observations on the Ramnad Zemindary seem to have led the Board to think that I have carried my interference into its ordinary administration further than I have done. With reference however to the observations of Government in Para 6 of their Proceedings of the 13th September it is only necessary that I should explain the reason of my objecting to the Zemindar removing Cummums without the award of a Civil Court. The Government suppose that the Cummum enjoy a summary Appeal to the Court to which would render the protection of the Collector and Magistrate unnecessary

unnecessary. This seems to be the natural interpretation of Regulation XXIX of 1802 but the note to Page 114 of Campbell's Code declares that the Suits must be regular and such is the practice of the Courts of this District. I beg to refer also to the letter addressed by the Sudr Udalut to Government on the 20th December 1824 Para 5 appended to Page 410 of the same Code. Such being the case how is the Cummum to secure the right conferred on him by Section V of Regulation XXIX of 1803 of not being dismissed except by the sentence of a Court of Judicature without he can claim the protection of the Magistrate till such sentence be passed. On a reference made by me to the Sudr Udalut the Civil Judge they have declared their opinion "that the Collector and Magistrate can undoubtedly exercise his authority to prevent a Cummum being

"being ousted without a Decree of
"Court."

21. What has occurred
in this District leads me to
the conclusion that great benefit
would arise to both Landholders
and Zemindars if these
disputes were disposed of Summarily;
and should the Board agree
with me in thinking that it
is so clear that such was the
intention of the Legislature
as to warrant our application to the

S.G.

Sudr Adalut to consider the point, notwithstanding the strong expressions made use of in their letter to Government of the 20th December 1824, they will perhaps recommend that it should be prepared—

Madura
5th December
1849

/Signed/ H. D. Parker

Read the following

To

T. Pycroft Esqre

Secretary to the
Board of Revenue
Fort St. George.

89

From the Collr of Madura

Sir,

With reference to the Board's Proceedings of the 29th November last with Extract from Minutes of Consultation of the 24th Idem granting Authority for writing off in the accounts Rupees 8/0 12.2 being the balance against the Abkary Rents of the Paudicomboo Talook for Fasly 1208. I have the honor to inform you that of the sum of Rs. 24-6- realized by the sale of the Defaulters Punjuh land, which is the last item in the Statement submitted with my letter of the 6th October 1849, Rupees 9 a/ 12.5 have been credited on account of Balance of Ayen-land Revenue for Fasly 1257 due by Rajalingom Pillay one of the Defaulters of the rent in question, and a Balance to this Amount is therefore still outstanding against the Renters which I request you will be good enough to procure me the necessary Sanction for writing off.

Madura
4th January 1850

I have &c
Signed R. D. Parker
Collector

4843 Fort St. George 4th April 1850.

To

W. H. Bayley Esqre &c.

Secretary to the
Board of Revenue
Fort St. George.

90

From the Collector of Madura

Sir,

In reply to your letter of the 25th Ultimo, I have the honor to state that an attempt was made to explain the difference between the Abstracts attached to the 2d & 3d Paras of my Extra Revenue Report in the 1st Para.

Explaining the difference between the abstracts attached to the 2d & 3d Paras of the Extra Revenue Report for Fasly 1258.

2. In the Circular order of the Board dated the 15th March 1819 it is directed that the sums brought to account "in the Books of the Honor Treasury within the 11th of July shall be considered and entered as the Collections" and further "care however must be taken to shew in the annual Reports and "Statements therewith transmitted the real Collections and Balances of "Current demand which may be estimated by the accounts of receipts in the "Talook Treasuries"

This instruction has

3. been anticipated in my Extra

Revenue

Fort St. George 4th April 1850.

Revenue Report for July 1257.

The Salt Pans, Sea Customs Chowkies and single inland Chowkey of Madura are so far from the Honble Treasury that the latest Collections in the former which can be brought to the latter within the July are those up to the 12th June.

4. Consequently, the Abstract attached to Para 2 of my Report for July 1257, contained as regards that July only Collections for 11 Months viz. from the 12th July 1847 to 11th July 1848, the receipts for the Months from the 12th June to 11th July 1847 having been included according to the old system in the Report for July 1256.

5. The Abstract attached to Para 2 of the Report for July 1258 adverted to in your letter exhibited the Receipts for the 12 Months from 12th June 1848 to 11th July 1849 contrasted with the Collections for 11 Months of the preceding July as explained in the proceeding July.

6. Under the latter part

Fort St. George 4th April 1850.

of the instructions quoted in Para 2 of this letter it became necessary, therefore to shew in Para 3 of the Report the real Receipts in all 12 Months of each July as entered in the Depot accounts and Talooke Cutcherries, which is done in the Abstract attached thereto.

7. In further elucidation of the matter, I beg to enclose a Statement with a Remark appended.

Madura 8th March 1850.

Signed/ P. D. Parker
Collector.

N. B. To bring the accounts into agreement with the Hoozor Treasury accounts agreeably to the Board's Circular letter of the 15th March 1849, the Statement for Fusly 1258 takes the 12th Month of Fusly 1257 when the Receipts were high, and abandons its own 12th Month, in which the receipts were smaller, thereby gaining in the Item of Salt Rupees 7036—8—" which is the difference between the Accounts shewn in the Abstract attached to Paras 2 and 3 of the Report on the Extra Revenue of Fusly 1258.—

Madura 8th March 1850.

(Signed) R. D. Parker
Collector

4847 Fort St. George 4th April 1850.

(89-91)

Order on the two foregoing letters.- Ordered to be sent again in circulation.-

(92)

To

W. H. Bayley Esqre
Secretary to the
Court of Wards.-

From the Collr of Madura.- Sir; Para-1- With reference to the 2d Para of the Extract from the Proceedings of the Court of Wards dated the 29th October 1849 I have the honor to submit herewith a Statement prepared with reference to the accounts furnished by the Ameenahs of the respective Talooks in the Zemindary of Shevagungah shewing the amount, in Rice or Assignments and Ready Money, due to the Establishment for 3 Years, Viz. Fasleis 1256-1257 and 1258 previously to the Zemindary coming under the Control of the Court of Wards, and I beg to request the sanction of the Court of Wards for the payment of the same, Viz., Rupees 4112-14-5 in Kind and Rupees 2038-11-3 in Cash.-

2.- I beg to inform you that

OVER

4848 Fort St. George 4th April 1850

that a quantity of Paddy equal to the sum due in Kind is in deposite in the Villages.-

3. If so much detail is not required I shall be obliged by information to this effect.-

Madura 5th March 1850.

(Signed) R. D. Parker.
Collector.-

Fusly 1256 and 1257 Disbursed partly owing to the Non demand or appearance of the parties to whom due, partly from their wishing to draw their pay in Cash instead of in Kind which was assigned to them, and partly from want of paddy in the Talooks on which assignments were made.

Fort St. George 4th April 1850.

Proceedings thereon.
(92-93)

The Court of Wards sanction the disbursements of the Arrears of pay due to the Talook Establishment of the Shevagunga Zemindary from Fusly 1256 to 1258 inclusive as per Abstract accompanying the Collector letter Dgt. Rupees 6112-14-5 in Grain, and Rupees 2038-11-3 in Cash amounting in the aggregate to Rupees 8151-9-8. The enclosures 1 @ 3 to the Collector's letter being unnecessary are herewith returned, but in making any future application for payment of arrears of wages to servants of Minure Estates, the Collectors should specify whether the necessary precaution has been taken to guard against the payment of such servants salary twice for the same period.

To,
W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(94)

From the Collector of Madura
Sir,

With reference to my letter of the 22d January last, I have the honor to report the death of Rangya Tauen on the 16th Instant leaving 2 sons with the

Fort St. George 4th April 1850.

the respective ages of whom I am not yet acquainted.

2. Considering the doubt that exists as to the adoption of Rangya Tauen having been made in accordance with the Hindoo Law a point which cannot now be satisfactorily settled, and the fact that the 4 Villages noted in the Margin, which he claimed originally belonged to the Ramnad Zemindary I am disposed to think that they should be surrendered to the Zemindar with a proportionate addition to her Peishcush.

1 Settamanindel

½ Cuppalagoody

Madura
Poodoocottah 25th March 1850.

(Signed) R. D. Parker
Collector

Proceedings thereon.
(94-95)

Ordered that the foregoing letter be submitted for the information of Government, with reference to the letters from this Office dated 25th Ultimo.

The Board are of opinion that the state of the question is now materially altered as there is now no direct heir to Seevagamy Kaleiar and the villages become an escheat to the Government. They would recommend that they be surrendered to the

Fort St. George 4th April 1850.

the Zemindar with a proportionate addition to his peishcush. Their locality makes this desirable, and, if the Government approve, the Board would direct the Collector to report the amount at which he would rate them.

Read the following letter

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(96)

From the Asst. Collr. of Tinnevelly

Sir,

Parl. With reference to the enclosure
Reporting upon Petition No. 1541 of 1849.

I have the honor to report as follows.

Petition No. 1541 of 1849 herewith returned together with Nos. 1616 & 1619 of 1849 on the same subject

2.

In the Enam accounts of Poodoocolum Village referred to in the Petition 5 to 21 Seed Cottahs of Nunjah and 4 shares of Poonjah land, and 1072 Palmirahs are entered as an Enam grant of Pulcuttaly paying a Peishcush of Pons 5 per Annum to the Dasan in the enjoyment of which two rasawaty Tumbiran or Vedjaneepro or manager to the Pulcuttaly

This entry was yearly made in the

July

Fort St. George 4th April 1850.

July 1846, when an order was sent to the Nelliambalum Tahsildar to obtain and send to the Huzzoor any Document that the Tumberan might propose in support of the grant and failing the production of any to hold the Manium in Deposit until the Document should be produced. No Document having been then produced the Manium was attached. In 1846 the Tahsildar sent with his Murzee of 6th July a Purwanah in the Persian language purporting to have been issued by the Tumberan as the Grantee to hold 21 5 of 16 Mt shewing Nunjah land and 6/2 shares of Poonjah and to pay from the Revenue thereof a Cuttoogottah amount of Pons 5 per Annum and to appropriate the remainder for the performance of Pulcuttaly to Nelliappen Pagoda.

3.

The seal on the said Purwanah being square instead of round as is the case with most of Etchabar Purwanahs the Document was returned

4.

Fort St. George 4th April 1850

returned to the Tahsildar with directions to ascertain from the heirs of Ethtar Khan and to report upon this ground of suspicion - The Tahsildar in reply stated that of the Grand sons of Ethtar Khan 2 declared that the said seal was that of Ethtar Khan and the other that he had never seen any seal of Ethtar Khan of a square form - The Tahsildar further stated that the lands included within the boundaries mentioned in the Purwanah was found on measurement to be Kunjah seed Cottahs 23-4-3/8 and Poonjah Chains 6/16 and that there were also 229 Palmirahs

5- The seal in the Purwanah being suspicious for reasons above stated and there being no mention of these lands in the Ayacut Olvogoo accounts of the Village Mr. Thomas ordered them to be inspected with full Teerwah according to the Village rates and the revenue derived therefrom to be carried to the credit of the Pundaracolum Suttrum which is accordingly done -

6- In the settlement accounts of Fusles from 1217 to 1253 in which latter

year

Fort St. George 4th April 1850.

year the Manieam was attached. Kunjah lands from Seed Cottahs 5 to 21 and Poonjah from 1 5/16 to 4 3/8 Chains, varying according to the cultivation of Each Fusly, as also 2000 Palmirahs from Fusly 1238 are entered in favor of the Palcuttaly and the Poroopooteerwah payable to the Chuttrum is entered in the accounts of each year invariably at 5 Pons.

7 Poodoocolum is not an Inyen Village but one purchased by Ethtar Khan and assigned by him for the support of the Pundaracolum Choultry of the Cuttoogottah amount payable to the Circar is applied to the support of the said Choultry

8 The Purwanah in question is herewith sent for the inspection of the Board of Revenue -

Tinnevelly 9th March 1850. / Signed C. J. Bird
Acting Collector

Ordered that the following letter be sent in reply -

To The Acting Collector of Tinnevelly

Sir I am directed by the Board

× Requested to be ret.

Order thereon

96-97

To the Acting Coll.r of Tinnevelly Calling upon

upon him to furnish further information regarding the claim set forth in Petition No. 1541 of 1849 to some Enam land in the Village of Poodoocolum.

9th March 1850 to Collr of Coimbatore
4th April 1850 from Collr

Fort St. George 4th April 1850.

Board of Revenue to acknowledge the receipt of your letter reporting on Petition No. 1541. of 1849 protesting against the assumption of certain land held many years as Enam in the Village of Poodoocolum.

2. The Board are not satisfied as to the grounds of the proceeding mentioned in para 5 of your letter and wish you to state your full opinion of the merits of this case.

3. As the land is entered in the Enam accounts of the Village and in the Settlement accounts for the last 38 years, and as a Purwana (the genuineness of which is by no means disproved) is produced, the Board require further evidence of the mis-appropriation before they can sanction the measures adopted by Mr Thomas.

4. You will be good enough to forward any similar Purwanas of Ethabar Pillais that you can procure (of about the date of the one now transmitted) with a round seal.

To

Fort St. George 4th April 1850.

5. It is observed that the Amount of Poonjah Land entered in the Purwana is 4½ chains and not 6½ stated in your letter.

Revenue Board Office, Fort St. George, 4th April 1850. } Signed W. H. Baylay, Secretary.

Read the following letters.

To J. Pycroft Esqre, Secretary to the Board of Revenue, Fort St. George.

(78)

From the Jg. Pl. Collr of Coimbatore

Sir

I have the honor to acknowledge the receipt of Extracts from the Proceedings of the Board of Revenue dated the 5th October and 2d November 1848, relative to the Land Revenue Settlement of this District for Fusly 1256 / 1846-47

Adverting to para 6 of the Proceedings of the 5th October 1848, I beg leave to explain that in allowing remissions on general descriptions of land, the orders of the Board do not appear to have been lost sight of. It was regulated upon four different rates exhibited in the Margin and each rate applied carefully with reference

To

Affords explanation with reference to certain items of the Land Revenue Settlement of this District for Fusly 1256 called for in the Board's Proceedings dated 5th October & 2d Novr 1848 pr 4th Jg Pl Collr of Do & J Do's Assessment

to the circumstances of the Ryot, and his means of continuing in the occupancy of the Farm as well as the amount paid by him in adjustment of the Government demand up to the date of the settlement of his accounts; this latter point having become a matter of much importance, to obviate the necessity of making any refund to the Ryots, and thereby creating confusion in the accounts. Referring to the case alluded to by the Board I would remark that such instances are rare, and unavoidable from necessity in this instance, the indulgence objected to was called for. The produce in the deepest fields held by the Ryot was far short of the Ordinary quantity. No remission could be allowed for this and consequently the demand on the dry fields left waste should really have been remitted in full, but such a measure was considered inadvisable, as establishing a precedent, in the mean time, full demands could not have been enforced without injustice, and

therefore,

A.F.B.

Rs.	as.	p.
1	10	5

therefore three fourths of the assessment was / trifling as it was / was remitted, which strictly speaking, altho' inadequate to the real wants of the Party, was yet sufficient to satisfy him as that some consideration was shown, in the settlement of his claim.

With regard to the Board's remarks that "the portion of Garden waste and "Seersa, exceeded "the proportion of one fifth allowed by the Hoskeemanah" I have to observe that such was not the case. The extent of the Collective Farm of the Ryot in question, with reference to entire and Joint Puttahs, amounted to Rupees 50—3—5, which entitled him to occupy pasture lands equivalent to Rupees 10—1—8, his present holding does not exceed 6—9—9 a sum less than what is prescribed by the Hoskeemanah, which would not therefore appear to have been infringed, as supposed by Government; in para 3 of Extract from Minutes of Consultation dated 27th October 1848, No. 1175.

The Board further observed

that

that "the remissions for the total failure
"of crops on dry lands amounted to about
"4 and 8 10ths Cent. of the Ryots' Puttahs,
"in two Talooks, Pulachy and Pulludam,
"which, when contrasted with the per-
"centage of remission allowed in other
"Talooks, seems disproportioned to the
"fair wants of the person seeking it,
"and in the opinion of the Board, might
"have been withheld." The difference in the
percentage for the two Talooks alluded
to, and for others, is easily explained; the
failure of Crops in one instance being limited,
and in the other comparatively greater. and as re-
gards the inference of the Board that the Remissn
was disproportioned to the fair wants of the
person seeking it, I would beg leave to explain
that such does not seem to have been the case. the
Amount remitted appears to have been suf-
ficient with reference to local circums-
tances. and the smallness of the per-
centage granted by the Board, refers
merely to the remissions allowed for
failure

	Amount of Rent	Amount remitted	Cottahs	
	126	2 6	× 111	= 1 15 7
	81	5 10	9	= 2
	144	12 8	× 111	
	126	7 6	× 126	

failure of produce,
and where the demand
given up on waste
lands 9ca is added
to it, the Collective
amount remitted,
would seem to have
been proportionate to
the real wants of
the Ryots, as exempli-
fied in the margin.
It would be proper
to remark here that
almost all the Dry
fields in Pulludum
and Pulachy which
were not classed
under the head of
"Sharee" yielded in
1256, a very scanty
Return much below
the average Crops.
in many instances,
the produce obtained
was merely nominal
and under these
Circumstances

circumstances, the exercise of the greatest forbearance was necessary in the adjustment of the claims of Ryots for remission, which were as complicated as they were numerous.

5.- In para 8 of the Proceedings under reply, the Board require explanation regarding the remissions under the head of "ready money Collections" amounting to Rupees 6,146-11-9. and I beg to remark that this item can hardly requires any special explanation. It comprises both the "Fixed Sourmadayem" and "Meturpha," and was entered in the Dittum accounts of the Tahsildars for consideration and adjustment during the Revenue Settlement, when it was remitted upon due enquiry and sufficient grounds - the correct amount of remission under the head of "Ready money Collections" was only

Rupees 3607-4-6, which was explained in para 27 of Mr. Wroughton's report on the Summabundy Settlement of Fusly 1256, dated 18th November 1847 No. 93. the subjoined statement exhibits the decrease in the demand of "Fixed Sourmadayem," "Meturpha" &c. for Fusly 1256, below that of Fusly 1755 amounting to Rupees 12,798-11, which includes the sum of Rupees 6,146-11-9 referred to by the Board.

For explanation for the decrease of Rupees 3,607 4 6. Vide para 27 of report No. 93 dated 18th November 1847 From Dt. Ks. of Rupees 6131-7-1
Vide para 3 of Dt. Dt. Rupees 12798-11

up either from increase of Population or for the sake of convenience, and our proximity to Cultivation, and were never entered in the accounts by the village Curnums.-

7.- With reference to Para 11, I would observe that the recurrence of good seasons, is perhaps one of the chief causes of the progressive improvement remarked upon, to which may be added, strict our Scrutiny into the state of cultivation in each village; and the facility afforded to the Ryots in the disposal of petty Disputes regarding Lands &c. by the active application of Regulations V and XII of 1816, and Section XVIII Regulation V of 1877.

Coimbatore, 30th November, 1849.

[Signed] C. B. Thomas
Acting Principal Collector

Dis.

Ordered

Order thereon. (98.99) Ordered to be brought to for ward at a future day.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(100)

From the Asst. Collr of Coimbatore.

Sir, With reference to the Board's letter of the 28 January last I have the honor to forward Copy of Communication and Memorandum from the Collector of Malabar bearing date the 6th Instant, from which it would appear that the sum of Rupees 13933 13 10 has been credited to this District Fasly 1257 and Fig. 6 Rupees 13985 8 8 in Fasly 1258 — 128 5 5 in 1258 —

Coimbatore, 8th March, 1850. — [Signed] C. B. Thomas. Acting P.C. Collector.

No. 1

To, C. B. Thomas Esqre
Acting Principal Collector
of Coimbatore.

Sir, I have the honor to acknowledge the receipt of your letter of the 8th inst. and to state that I became possessed of the contents of the enclosed * Petition No. 13021. — by the Board in their letter of the 28th January last, not

Rt. 1933-13-10 agreeing with the debited being your account may be transmitted in the annexed Memorandum.

Calicut 4th March 1850. (Signed) H.V. Conolly
Collector.

Memorandum.

Amount quoted by the Board as charges attending the transit of Tobacco to the Primary Depôt and credited to Coimbatore by a transfer entry in July 1257 ——— Rupees 13021. 1.8

Add thereto the charges attending the transit of Tobacco to the Palghaut Depôt and credited to Coimbatore by a transfer entry in the same year ——— 1955. 15.9

Total Rupees ——— 14977. 1.5

Deduct amount credited in the accounts of Malabar for July 1257. but appertaining to and debited in the account of Coimbatore for July 1256. ——— 271.9.0

Difference ——— 13805 8 5

Add amount credited in the accounts of Malabar for July 1258 but appertaining to and debited in the accounts of Coimbatore for July 1257 ——— 128. 5 5

Difference being the amount to be debited in the accounts of Coimbatore for July 1257. ——— 13933. 13.10

Note

Note The cause of the above sums of Rupees 271-9- and Rupees 128-5-5 not having been adjusted in the accounts of Malabar for fasli's 1256 and 1257 respectively is owing to the consignments of Tobacco to which the said sums appertained having been received about the end of the fasly year and consequently not weighed and adjusted before the succeeding fasly.

(True Copies)
Signed E.B. Thomas
Acting Principal Collector.

100-101

Order thereon

Ordered to be recorded. The communication contained in the foregoing letter and its Enclosure is satisfactory.

Acting Sub Collector

Fort St. George the 4th April 1850.

Proceedings thereon.

(102-103) The Board of Revenue sanction the erection of a Stone Tablet at each of the Cultivations built at the several stations noted in the Margin of Spare 7 of the Acting Principal Collectors letter and authorize him to defray the cost of the same out of the Chattram Funds of the Coimbatore District.—

Read the following letter

(104) From J. S. Dyer Esqre Secretary to the Board of Revenue, Fort St. George.

To the Collector of Canara.

Sir I have the honor to submit for the consideration and orders of the Board a copy of a correspondence which has recently taken place with the two Sub Collectors Messrs Reade and Hall respecting certain Coomry Cultivation in the Honore Talook.

for the consideration and orders of the Board a copy of a correspondence which has recently taken place with the two Sub Collectors Messrs Reade and Hall respecting certain Coomry Cultivation in the Honore Talook. The particulars of the case will be found fully detailed in the letter of those Gentlemen and of Mr J. S. Smith and it will only be requisite for me therefore here to give a general summary of them and to state my own views on the subject.—

2 A man of the name of Narrum Comaty holds a Way in the Bedekhurra Village of the Honore Talook assessed at the Rate of Pagodas 325 per annum and Pagodas 109. 7. 7 entered in the public accounts

accounts as assessment on Coonery cultivation the remainder being on the regular pie cultivation of his Estate. The Jungles in which the Coonery is felled are not situated in the same Village or Magani in which his regular Estate is fixed but are within the boundaries of other Maganies. There are no limits or boundaries recorded but they appear to be very extensive and to spread over the greater portion of the Honore Taluk bordering the Ghauts. The track of Jungle over which Narna Canapty claims jurisdiction on the ab strength of this payment is stated by Mr. Smith to be 18 Miles long by 8 broad and is estimated ab 10 Square miles but there appears some error in this calculation from the superficial contents of a space 15 Miles by 8 would be 120 Square Miles. It may perhaps be safely taken at half this or 60 Square Miles.

Mr. Reade's letter 22d Dec.r 1848 Para 3.

3 It appears that the exactions and oppression of Narna Canapty have been a source of complaint ab different times by the inhabitants of the tract by whom Coonery cultivation is carried on, and that they had recently under the advice of Mr. Smith who is settled in the Park of

See Original Petitions to Mr. Ward herewith transmitted from Mr. Reade

D.G.

the Country and carries on Cultivation as a Ryot been induced to address their complaints to Mr. Reade the Sub Collector in charge of that Division of the district, and that he determined as the only available remedy to make a direct settlement of the Coonery Berij with the cultivators and with reference to the subject he addressed me by letter dated 22d December 1843.

4 Mr. Reade quitted his appointment shortly after this, and was succeeded by Mr. Ball to whom I shortly afterwards wrote under date the 22d March 1849. It is necessary for me to explain that I was not aware until that time that Mr. Reade had represented Mr. Smith to appear in the examination and settlement to which however I had no further objection to make than that which I expressed to in my letter to Mr. Ball Viz. that it might be quite convenient for Narnah Canapty to attend personally on his part in consequence of his having come forward to support the complaints of the Ryots to Mr. Reade. I must at the same time however add that I am satisfied that information equally full and satisfactory could not have been elicited

elicited by the enquiry of Native Officers both because of the influence which Ramah Cumply exercises in the Honor Talook and the great personal exertion required to effect an examination of all the spots of cultivation in so wild and broken a forest tract as that referred to.—

5 The examination has now been completed and the individual settlement effected with the Ryots, the result of which will be seen from Mr Hall's letter of the 13th July 1849 and its enclosures, and it will remain for the Board on a consideration of the circumstances of the case to determine whether the individual settlement shall be confirmed, and be adopted as the rule hereafter. I am satisfied that the Government is at liberty to adopt this course should it think it expedient to do so for reasons which I shall state hereafter, and as I fully concur in the opinion expressed by Mr Hall that it would be an act of injustice towards the whole body of the Ryots if Ramah Cumply were again allowed to have the same unrestricted and arbitrary sway he has hitherto exercised over them. I would therefore recommend

See Original Collector's statements marked A and B

13th July Para 4

that even if he not thought proper to deprive him of the profits he has hitherto enjoyed from this part of the Country cultivation it would be expedient with the view of protecting the inhabitants and securing the peace of the country which appears from Mr Smith's statement has been somewhat endangered by Ramah Cumply's proceedings, that the system of individual settlement should under any circumstances be continued even if the net profits were paid over to him after deducting the assessment hitherto collected from him on this account. In the meantime the Board will observe that I have directed the amount of these profits to be retained in deposit pending its instructions as to the disposal of it.—

6 The question in this case is one of so much general importance, and involves a principle by which the interests of so many persons will be affected that I have thought it advisable to submit the correspondence for the Board's consideration and order, and shall now offer a few observations relating generally to the tenure upon which Cumcopies hold. The points of chief interest appear to be

Fort St. George 4th April 1850.

1st The actual proprietary right in
the soil of the extensive tracts of forest in
which Coomery cultivation is carried on comprising a large part of the area of the entire district.

2dly The interests of the parties now
paying Coomery assessment and at present
holding the position of land-lords in relation
to the actual cultivators.—

3dly The interests and social welfare
of the far larger class of persons who are
the actual cultivators of Coomery.—

Minutes Consultation 3d December 1847. Board's Proceedings 30 October 1848.

4th The means or ability to carry into
the recent orders of the Government and
Court of Directors for the preservation and
protection of the timber forests and;—

5th The actual amount of public assessment
derivable from this species of cultivation.

With regard to the first point
viz. the Proprietary right in these Jungles
I have in my general report dated 20th September
last entered somewhat fully upon the
question of the rights to this amongst
other descriptions of waste lands, and
the subject was also referred to with special
reference to Coomery in my letter
of the 31st August 1847. The question

Board's Proceedings

Fort St. George 4th April 1850.

to resolve itself into this whether the
payment of a certain, but generally very
inconsiderable assessment for the privilege
of carrying on this kind of casual and uncer-
tain cultivation in the forests has conferred
upon the payers the absolute and inde-
feasible proprietary right in these forests whether
they enjoyed such right under the former
Native Governments and if not, whether it was
ever intended by the Company's Government to
confer such a right.—

8 My own opinion after an
attentive consideration of the case is that
the Coomery cultivation was and still
continues to be essentially of the nature of
a rent similar to other Rents, such as the
Posterior grazing rent in other parts of the
Country, or privilege of collecting Honey or felling
timber in the forests themselves. The origin of
the mode of realizing this kind of Revenue
which is still in force appears to have
been the uncertain and transitory nature of
the cultivation which is never carried
on in the same spot for two years running
a small spot in the midst of the forests
is cleared and burned and sown with

page

raggy or some other dry crop, and after this is cut the place is abandoned and not again cultivated for 12 or 15 years till the Jungle has grown up, although it is at the present time pursued to a considerable extent by the more settled Cultivators it was formerly carried on almost exclusively by a wild and little civilized class of people who had no fixed habitation, but built temporary huts on the spot which they occupied for the year and shifted their place of residence with their cultivation. Owing to this circumstance it was difficult for the Government to collect any revenue directly from the cultivators and still more so to fix upon any given spot as liable to assessment and the easiest mode of collecting the revenue derivable from it was by pointing out in the gross to one or more of the principal inhabitants of the Village who made their own terms with the Cultivators.—

9 On the country coming under the Company's Government and when the System of giving yearly Pattahs was adopted the payments made on account of Coomery appearing

as a demand against particular Ryots seems, for convenience sake, to have been entered in the Pattah together with the demand on account of the fixed land revenue for their permanent cultivation, and thus in process of time to have become to be considered as a portion of their "Wurg". The same system was adopted with regard to many other items of demand which were not strictly Land Revenue, such as the Poturpha, Honey farm, Fishery, and other petty farms which were all entered as a portion of the "Wurg" of the ryot, but they have been subsequently struck out of the Pattah and collected separately as Extra Revenue.—

10 It is difficult however to understand the bearings of the question without adverting to the former and present signification of the term "Wurg". The word as the Board is aware, is now almost universally rendered into English by the term "Estate", and as an Estate conveys no other meaning to an English mind but that of a larger or smaller tract of land the property of the holder it has come to be considered that whatever

whatever was included in the public accounts as a ryot's "Wurg" must necessarily be his private landed Estate.

14 Such however does not appear to have been it's original signification as a Revenue term and seems to be better than quote the opinion of Mr. H. Stokes whose thorough acquaintance with the Canarese language makes him a high authority on such a question. In his Summary of Items by report for Zilah 1243. he observes "The term Wurg appears to have been generally used, at least by Europeans, as signifying the land or Estate of a ryot instead of the account of that land which should be the proper and original import of the word. In a tradesman's books in Canara as I know from personal observation, his account with a Customer is headed the Wurg of that customer, and the revenue of Wurg of a land holder merely means his revenue account with the Government in the Shanbogue's books."

15 If this be the true state of the case, as I have no doubt it is, it at once shows how other items of demand besides the regular land revenue came to be

included in the Ryot's "Wurg" anything for which he had to make a payment to Government seems to have been entered as his Wurg because it was an item of account against him, but it does not necessarily imply that he had an absolute indefeasible proprietory right in the thing for which he paid.—

13 To apply this to the case of the Comery assessment it is one of the few items of miscellaneous Revenue which has been retained as a demand raised up with that for the regular land Revenue on his permanent fixed cultivation and has been entered in his pottah as a portion of his Wurg, and it is not difficult to see how with the interpretation put upon that term, and in process of time this circumstance has gradually led to the assertion of a proprietory right in the Jungles in which Comery was cut. The distinction between an assessment in the nature of a rent, and that on the private landed property of the ryot does not appear to have been sufficiently preserved. Every one the memorandum privilege of carrying on a certain operation in the Public forests and the other assessment paid upon the private lands of the Ry

Fort St George 4th April 1850.

Ryot - But they were both included in the Accounts as his Warg and his Warg was supposed to be his private landed Estate, and this has led to a gradual assertion of a proprietary right in the Jungles. —

11. Subsequent measures have tended to confirm this assertion of proprietary right. The Coomry cultivation has become the subject of transfer by sale, and of suit as well as of attachment for decrees of Court, not simply as a right involving lease or rent but as embracing the proprietory right in the soil, and in this manner Decrees have been passed and one of the litigant parties put in possession of tracts of land 10 or 15 miles long and containing from 100 square miles for which they probably dont pay at the rate of 8 Rupees a square Mile and these decrees have been considered by the parties to convey the absolute and perfect proprietory right in the soil of these large tracts in that it vested them with the power of sole enjoyment of excluding others, and of course as a necessary consequence barred the right of Government to grant portions of the land to others for permanent

D.S.

Fort St George 4th April 1850.

occupancy and on a fixed rent.

15. As relates to the tenure of such lands under the Native Government I cannot ascertain that a proprietory right in the Jungles was ever recognized or supposed to exist as a consequence of paying Coomery Dewz - No grants has come to my knowledge conferring the Mooli or proprietory right in such Jungles in the same manner as it was conferred for the regular cultivated lands. On the contrary it is well known that the Rugger Government and more recently that of Coorg exercised a control over the Jungles incompatable with the existence of such a right - The best kinds of trees were preserved for the use of Government and the forests were often strictly preserved from destruction on account of the security they were supposed to afford against invasion - If such right had existed under the Rugger Government some remains of it at least ought to be found in those of the districts which are now under Mysore, but no trace of such right seems to be desirable, there the Coomery has always been treated as a temporary rent and as such was two

years

years ago abolished by the Officers of the Commission on account of the rapid destruction which the forests were undergoing by the increase of Coomery.

16 On these grounds I have no doubt myself that the assertion of a proprietary right in Coomery is one of those innovations which has grown up under our Government, partly from the want of a correct understanding of the nature of the previlege and the latitude given to the term Purg, and partly to a somewhat lax system of Revenue administration and to the operation of our Judicial System under which questions are adjudicated between individuals which have often a very important but indirect bearing on the public rights of Government, which at the time is not foreseen or is overlooked.

17. I do not mean to say that the question as it relates either to Revenue or to the occupancy of the land is one of vital importance at the present moment although there is a considerable revenue dependent on it but the admission of the proprietary right in such large tracts of Country may be a cause of

embarrassment hereafter and it would I think be right to pause before recognizing it. It is difficult to believe that the Government ever intended to confer upon a private ryot the absolute ownership of a tract of country often larger in extent than many important Zemindaries for so trifling a consideration as is generally paid on account of Coomery Assessment or that so numerous a body of men as the actual cultivators of Coomery on these tracts should be assigned over to them absolutely as their tenants at will.

18. I have considered it necessary to enter somewhat fully upon the general principle as relates to the proprietary right in these tracts of forest because upon the determination of it must depend not only the orders to be given in the case immediately under reference, but also the ability to carry out the orders which have been given for the preservation of the forests by restraining the Coomery cultivation and the not less important question of protecting the numerous class of people who are occupied in the cultivation of Coomery.

19. The first of these subjects is I observe

† 2d August 1849 Para 15-

observe referred to in the Boards Proceedings on my last Summaloundy Settlement just received. The principal obstacle I have experienced in carrying out these orders is the claim I have above adverted to of the right to cultivate Coomery advanced on the part of those ryots in whose pattahs the element on account of Coomery assessment has been entered. Where the settlement has been made directly with the cultivator I have been able to control it as much as I considered expedient for the preservation by prohibiting it in particular localities where facility for transporting timber made it advisable that it should be prevented and by granting permission to cut Coomery in more distant & inaccessible parts of the hilly country - but many of the places in the Northern Talooks where it would also have been desirable to prevent the spread are claimed as within the limits for which some of the larger land holders pay Company and without applying the discretion of assuming the management of the Coomery and making the settlement with the actual cultivators it is found impossible to exercise any control either by restricting the general quantity of Coomery

Coomery or by assigning the Boundaries within which it shall be cut -

20. This must it is manifest depend upon the settlement of the question whether the larger proprietors who pay Coomery assessment have a proprietary right in the Jungles or not - If they have according to my view no such right there is nothing to prevent the levying which they pay on the account being remitted from their pattahs, and the settlement being made direct with the Coomery Cultivators as recommended in the case of Canara County - If they have such a proprietary right it is of course discretionary with them whether they will forego the practice of cutting Coomery or not and I have no power to prevent them from continuing ad libitum the destruction of the forests over which they claim a right - I may add with reference to the Boards remarks on the increase in Coomery in the Ceuna Talooks that it is principally in those tracts of Country which are assessed at an aggregate Coomery being on the manner I have above described and that the assessments which Government enjoined that the

To Board 31st August 1847. Para 6

prohibition

prohibition of this species of cultivation in the neighbouring districts of Mysore would drive large numbers of Coomry Cultivators down into Canara appears to have been fully realized. These people are readily entertained by the ryots who claim the previlege of Coomry over different tracts because the more of them they can induce to come and cultivate the larger are their own profits.

21. The same remark will of course apply to the means of protecting the actual cultivators from the exactions and oppression of Coomry Renters (if they may so be styled) If the forests be their property they cannot be divested of the character of Landlords and the inhabitants of those tracts of forest who pursue the occupation of Coomry Cultivation must be their tenants and subject to all the legal process to which tenants are liable. The number of persons over whom Canara Curnishy in the case now under reference claims such authority as it will be observed very large the actual cultivators this year at 680 and with their families they cannot well be under rated at less than from two to three thousand souls. The position of these people who welcome just the waste forest tracts

tracts render them peculiarly liable to oppression for the threat of taking out legal process against them or the institution of a Civil Suit is sufficient to secure their submission to almost any kind of ill usage and in my opinion it is extremely desirable that where there has been a disposition as shown to abuse the authority which the renter is necessarily invested with the Collector should have the power of settling him aside and making the settlement direct with the cultivators.-

22. Where the question is one which has relation principally to the existence of a vested right it may seem irrelevant to dwell upon it in connexion with the amount of revenue but at the same time I do not think it right to pass this over altogether in silence, I would therefore observe that Coomry is nearly the only kind of dry land cultivation carried on in Canara. The Revenue derived from it is not in all places levied out in the aggregate in the manner I have above described. In some places the settlement is made with the actual Cultivators but generally speaking the most extensive and productive Coomry lands are in the hands of the Potails and Shanabogues or other

other wealthy and influential Ryots.

23. The aggregate assessment appears originally to have been fixed more with relation to the number of Coomery Cultivators at the time than to the extent of the jungles or the want of any kind of record of the boundaries originally assigned how enabled them gradually to establish a claim to all the jungles in the neighbourhood, and as the population having increased and more of people having resorted to the forests for cultivation the profits now derived from it are often out of all proportion not only to the amount of assessment paid on account of Coomery but is often found many times in excess of the entire revenue derived from the regular permanent cultivation of the Purgunnah. I would instance the case of a man named Ollurtul Rau whose family formerly held the Office of Shanabogue in the Anthola Taluk and who therefore not only kept the revenue accounts himself but exercised an influence almost unbounded in that part of the country. This man holds 17 Pagodas on the borders of the Cox frontier and claims a jurisdiction

jurisdiction over a large portion of the jungles in that neighbourhood. It is impossible to state their extent but it cannot well be less than 50 square miles of forest. The entire payment on these wuruns amounts to Pagodas 113 of which only 17-4-7 is Coomeriyheiz but the number of ryots cutting Coomery under him has so much increased that he collects from these alone 167 Pagodas or 1000 per Cent more than the revenue he pays on this account

24. I should not wish to be understood as recommending that a direct settlement should be made with all the Coomery ryots in the district for in many cases particularly to the South I believe that this would be inconvenient but only that the power to do so should be generally asserted and exercised in particular cases where it may be necessary either for the protection of the cultivators the preservation of the forests or for any other cause. I believe however to be very important that it should be decided what the nature of the private ryots in these Coomery forests really is - whether it be a rent as I consider it to be or whether the absolute proprietory right be vested in those who pay Coomery to the Circar. Little as this has hitherto been regarded it may in the course of another half century become a question of the most serious public importance.

The

The population is so rapidly increasing that before that time the pressure from within will probably drive large numbers of people to settle gradually in these thinly peopled tracts. some may wish to occupy them for Coffee & other cultivation and the timber itself may become an object of great importance, but if the proprietary right in these tracts of country be recognized as vested in the payers of Coomery Jiezy the Government will cease to have any kind of control over them - the same perfect right of ownership will be or rather is now claimed over these immense tracts of country as the ryots possess over their fields of paddy land and every settler will necessarily become their tenant. The right in fact will extend to excluding settlers at all and to the exclusive appropriation of the forests with their timber minerals and other valuable products. It is difficult infact to estimate the full effect which such a right if admitted may in the lapse of time have upon the general condition and welfare of the people. Such men as Hannah Cumpty or Mootabe may in less than a century have a population of ten or twenty thousand persons on their tenants at will and be able to exercise all the influence and power of a landlord over them.

Collectors Cutcherry,
Mangalore, 31st Augt, 1849. } (Signed) T. L. Blane
Collector.

A. 1.

To, T. L. Blane Esqre
Collector of Canara -

Sir,

1. I have the honor to solicit your attention to the subject of a Canarese Yadasht No. 126 dated the 30th January finely 1250 forwarded to your Office by Mr. Ward my Predecessor.

2. Mr Ward recommended in the said Yadasht that the Amount of Coomery Jeriz now assessed on the Estate of "Hanna Cumpty" of Hoodekeroor should be struck out of the accounts and the Coomery Jamma kindly be collected by a Soolwar settlement and my object in addressing you now is to press on your favorable consideration a compliance with his recommendation.

3. The Evils attending the present system have for years past been the subject of complaint on the part of those who cultivate Coomery under "Hanna Kumpty" and who have hitherto been separately assessed by him and I cannot perhaps do better in illustration of the grievances complained of than refer

refer you to Mr. Smith's examination given before me and copy of which is enclosed.

4 I believe all the information that could be required on the subject as bearing on the propriety and expediency of discontinuing the existing system is embraced in the questions put to and the answers given by Mr. Smith, and his statement sufficiently proves I think that "Varna Cumpty" is altogether an unfit person to be entrusted with so responsible and important a privilege as that he now enjoys, it gives him an influence and power which in the above case must be productive of very great harm while all that he does in furtherance of his own individual interests is done as it were under the sanction of authority and for this reason is my belief that the people have so long borne with him, and I am further convinced that, but for Mr. Smith through whose forbearance and perseverance they have of late years been encouraged to come forward they would still have

have remained silent under "Varna Cumpty's" irregular and oppressive proceedings.

5- I had at first thought that there were certain privileges and rights enclosed in the hitherto payment of the Toomery assessment by "Varna Cumpty," but I find this is not the case, on the contrary it seems that in all probability it had its origin solely in the influence of "Varna Cumpty's" family and how with the result of a combination in his favour on the part of the Village accountant and other subordinate public servants, at all events the Government accounts show nothing to oppose this conclusion and therefore under the fact that much harm arises from the present system while at the same time it is evident that the Government are considerable losers, I do not hesitate to express my conviction that, the sooner it is done away with, the better for the people at large as well as for the revenues of the State.

6- Mr Smith in answer to questions 2 states his belief that the profits from the Toomery

to "Nanna Humply" equal nearly 500 Pagodas and in reply to question 6, he further says, that without difficulty or hearing hard upon the Ryots 350 Pagodas exclusive of the expense of Collection would be readily realized.

7. I am unable myself to see why the present system should be continued in favour of "Nanna Humply" since he professes no actual right and does not even pretend to any. The extent of the Government Forests he claims under the payment of Hoonds 10/ the Amount of the Tonnage assessed on his Estate/ is computed by Mr Smith vide answer to question 7 to be about 10 square Miles and my engineers in other quarters on the subject inclines me to believe that it is fully as much. The power and influence accorded to a single individual by a recital right over so large an extent of valuable land must necessarily prove dangerous to the interest of the Community residing within those limits, and

and when its exercise is abused as it is by "Nanna Humply" it becomes of course doubly so and apart from the advantage to the State by the abolition of a system which is altogether anomalous, the very liability to abuse which is inseparable with its existence and for which no partial remedy even in the way of surveil: lance is practicable, renders a change very desirable by the transfer of this power from "Nanna Humply" or from any other persons hands into those of the Government.

8. I beg to forward certain Petitions in English which from time to time have been received together with certain correspondence which has taken place between Mr Smith and myself and as I am not aware that I can add more in elucidation of the change I propose, while in all probability what I write would in no way relieve you from a perusal of these papers, I will only conclude my letter with observing that under the view I have taken of the merits of the question

and

and feeling convinced that a real necessity exists for the measure, I have taken upon myself in anticipation of your final orders to direct that a Coolman settlement be made in the present year and on this subject, I beg to enclose copies of 2 orders to the Tahsildar of Honnore containing my instructions for giving effect to this order, and the result of which for the Current Fusly will be duly reported to you and I request you will be good enough after a consideration of the question to confirm what I have done and make the system now adopted a permanent one.

9. It has been brought to my knowledge that in Anikola by your orders and at the instance of Mr Forbes the late Head Assistant the Coomery assessment has been on every Estate on which it was fixed, and to leads me to conclude that there will be no considerable difficulty in doing the same regarding the Estate of Hanna Kumpty for the

Note. There was a mistake on Mr Reades part the keeping was not intended effect but an attempt made to conceal the quantity of cultivation superadded in order to the amount fixed on Hanna

latter has no more claims or pretensions to the system that has hitherto obtained than any other Land holder in other parts of the District.-

Sub Collectors Cutcherry,
Sirsy,
22nd December, 1848.

Signed C. W. Reade
Addl Sub Collector of Canara.

To, C. W. Reade Esqre
Additional Sub Collector
Sirsy

Sir,

I have the honor to enclose a petition from the Gowdas or head men of two Mahralla Villages in the neighbourhood and beg to state to explain my doing so that one of them viz Sookah is in every sense of the word a tenant of mine cultivating land of mine in the Kulwaye gramah of the Hoganny and several others of his Vellagers are also my tenants, I have done so perhaps at the risk of offending you because I am an eye witness of the oppressive conduct of Hanna Kumpty and because the petition of the Mahrattas is one in which all Land holders in Goochelmanee are

Concerned

concerned, we are all more or less engaged in Coonery cultivation and as such obliged to submit to his insolence and exactions, and in fact to avoid coming in contract with him. I follow the plan of having my Coonerie assessed in the name of the tenant though I cannot tell that on assessment which is entirely arbitrary and when neither the Rumpty himself nor any person deputed by him sees the land to be assessed. The excitement against the Rumpty throughout Cochelmaad, Hudalaneer, Adekey and Seroor is universal, and on agree to the Sircar praying to be released from his power and to be assessed by Government would receive the signature of every ryot in the Magany and the named Gramahs.

I beg to state that the great evils complained of are, his not assessing lands by actual inspection, or even according to the size of the land family but every year increases his exactions and

no one knows for certain what he has to pay, and knows that a refusal to pay the sum demanded will bring down a fresh demand for balance due for past years whether due or not, and which he is enabled to enforce as he refuses to grant receipts for sums paid and the poor natives know and dread his power.

I beg to state that the purport of this letter is to request that you will be kind enough to let me know if the Rumpty possesses the power he ascribes to himself or whether an Ikzee signed by all the Landholders in Cochelmaad &c. whether small or great would have the effect of inducing the Government to put us on the same footing as in other Talooks. His exactions and oppressions are too numerous to detail though I could do so if desired, his acts are more like those of a petty Monarch than of a Gootadar fining ryots for any slight fault to himself, a power which I could scarcely conceive he possesses.

I

I beg to state that I entertain no personal ill will to the man whom I have not seen more than twice or three times but act as I am now doing as I am convinced that nothing but an appeal to your authority will rescue the ryots from the oppression under which they suffer..

Dhony Ullah,
February 18th, 1849.

[Signed] G. N. Smith

To
G. N. Smith Esqre
Sir,
Dony hullah.

The subject of your letter of the 18th instant how already engaged my attention at the instance of some of the ryots to whom you allude. It was I believe Mr Pandu desire as I came to relieve the complainants from the grasping hands of Nana Gumpty whose character is well known to me and whose oppressive practices are now brought to my notice point to the necessity of something being done to that end..

2. It may appear to you easy to relieve Nana Gumpty of the

amount of what is termed Goomery Peig now exacted upon his own and to accept it on the actual fluctuations in fair proportions and so it would be were it only a matter of account, but the hitherto payment of the item of Revenue by Nana Gumpty and his ancestors may involve certain other hereditary previleges on the land which are I imagine beyond the reach of my power, it is however competent to me to bring the abuse of those previleges to the notice of higher Authority in view to measures that would rectify the evil, and it is only the question as to the course to be pursued with the Agent that has up to this time been the difficulty. I will now take the matter again into my consideration and hope that the means I propose to adopt will at all events check in some degree the illegal and oppressive conduct of Nana Gumpty towards those who are professedly receiving under his protection..

Upon

You will be good enough to make known my intentions to the parties who signed the petition transmitted with your letter.

Sub Collectors Cutcherry
Falls of Gueboupha
23d February, 1848.

/Signed/ C. W. Reade
Addl Sub Collector

To, C. W. Reade Esqre
Additional Sub Collector
Sirey.

I have the honor to address you on the subject of Narna [illegible] complaint.

I beg to represent that this year has exceeded every thing before heard of. He has come into Goochilmaad attended by a Corps of his people and defendants and has demanded and received in many cases double his former agreements, in fact there seems to be in him no fear of any consequences and the poor ryots are driven to such a pitch of resentment that I have had much to do to keep them quiet, and the Tranquility may thank me that he has escaped any personal violence.

He

He demands also, not from any one who to secure his lands secure from the incursions of wild animals may have cleared away the Jungle for thirty or forty yards, to the amount of one or two rupees, and as I stated in my former petition, grants neither receipts nor acknowledgement for sums paid him, and states that he has received orders to that effect.

In the particular case of my tenants the Prahrattas of the Village of Kulaya who have not this year felled a single tree within the limits of his contract he declares that he must be paid according to former years and that he has received orders to institute a Civil Suit against these people for former arrears and his people are at the same present moment in that Village enforcing his demands and I have from good reasons refrained from going there in person well knowing that he will take no opportunity to make a disturbance and put me

n/s

Fort St George 4th April 1850

up as the absurdity of it.

He also stated that you had told him that you had received two English Petitions against him but which did not require and would not receive enquiry.

I must most respectfully say that some early steps may be taken to put an end to the tyranny & oppression we have to answer for the consequences of nothing be done for I must fear that the Hydes may bring down punishment on their heads by taking the law into their own hands and I know that they are restrained from doing so merely because I made public your letter in reply to my Petitions and by the knowledge that I am exerting myself in making their grievances known.

Dhony Allah, 3rd May, 1848

I am Sir,
Your most obedient Servant
(Signed) G. A. Smith

To
G. A. Smith Esqr
Dumfriesshire
Scotland

Fort St George 4th April 1850

matters and am so at the present moment that until I reach Surry I shall not be able to take any steps on the subject of your complaint on behalf of certain Ryots against Narna Sumptly of Hoodakasseeron. In my letter of the 23d February last I pointed out to you that there were difficulties in the question which placed it out of my individual power to apply any remedy nor can I do any thing until I have personally examined some of the parties as to the exact nature and extent of the grievances they suffer at the hands of Narna Sumptly.

2. Narna Sumptly's assertion that I had stated that the English Petitions against him did not require and would not receive enquiry is directly false. I conclude he must have heard of the former through some of my Cutcherry Servants.

3. If you will desire those who are the greatest sufferers to appear before me any time after

Fort St. George 4th April 1850

after the 20th Instant I will take the matter up and will lose no time in doing my best to put a stop to Nanna Cumpty's oppressive proceedings, but without some previous inquiry on oath I cannot directly interfere.-

4 Your evidence in the matter would be of the greatest weight in supporting any recommendation I might make to strike off the present amount of Coomery Beriz assessed in Nanna Cumpty's estate and realize it by a Coolwar settlement, and if you will attend before me for that purpose at your convenience any date after the 20th I will with your assistance thoroughly sift the matter and if sufficient grounds exist make a special report to the Collector when I doubt not the desired object will be effected, for it appears to me that if the case is as you represent there is no other way of applying a remedy than by the plan I propose and which I doubt not will be acceded to, it is however requisite that this point be placed beyond a doubt in order to bear out any recommendation I may feel it my duty to make on the subject.-

5- I hope you will not hesitate to communicate to Percy to confer with me as I propose, as in this way you will materially further the views of the parties whose cause you so warmly advocate.-

Joint Magte's Cutcherry, Seeda poor, 12th May 1848.

/Signed/ C. W. Reade
Addl Joint Magte
Commissioner

D.S.

Fort St. George 4th April 1850

Examination of G. N. Smith Esqr residing at Bonay hullah in the Magany of Coochilnaad of the Honore Talook taken before C. W. Reade Esqr Additional Sub Collector of Canara on the 29th of November 1848 and following dates.

Question.

In reference to your long residence in the Magany of Coochilnaad in the Honore Talook and to the Complaints which from time to time have been made by certain Ryots regarding the mode adopted by "Nanna Cumpty" for realizing his Coomery Rents will you state what you know on the subject as to the working of the present system.

Answer.

I have now been upwards of six years resident at Coochilnaad engaged in Paddy land and occasionally through my tenants in Coomery cultivation. My attention has been particularly drawn to the ill effects of the present system by the dissatisfaction shown amongst the Ryots in the Honore Talook by the farming of the Coomery Coolly by "Nanna Cumpty". The dissatisfaction

Fort St. George, 4th April 1850.

dissatisfaction is universal. The syst
is one which is peculiarly hard up
the poor ryot. Coomery Cultivation is
one which is extremely fluctuating
requires great labour with compara
tively little return which is shewn
on the fact that the Inahabitts
who formerly exclusively followed
it, were universally in debt; and have
taken themselves to paddy cultivation to
extricate themselves from it. The Ryots
in this taluck look round with longing
eyes to the different talooks around
them which are peopled chiefly by
Government Officers and comparatively
light rents, where a people, with the
burden under which they are suffering
2. Are you at all Yes from my long
acquainted with the residence in Cochi
the average profits read and from
derived by "Nanna my having frequ
Cumpti" from their travels and
jungles cultivated coomeries being
as Coomerjs entertain well acquainted
and if so please to with the whole

Fort St. George 4th April 1850.

state their amount of country embraced
in "Nanna Cumpitys"
Coota I have had good
opportunities of ascertaining
the probable amount of Coomerj
assessments realized by him. This
amount of course varies yearly but
the following may be considered the
average. In Cochulmaad for the year
1847-48. I know from actual calculation
that the amount realized was 137½ Pagodas
or Rupees 540. The Inogary is about ⅓ of
the District under him and is far from
being the most productive, as here Coomeries
are felled only by the Ryots actually
therein resident and paying only compar
atively small sums, whilst in Odeytoy
Kuddaneer &c. Coomeries are felled not
only by the actual residents but by
Ryots from the Coast who also employ
additional hands in their Coomerj culti
vation and pay seldom less than four
Rupees a family. Each Coomerj averages
from thirteen to twenty tenants and
their districts I am convinced realize at
least

Fort St. George. 4th April 1850.

least 500 Pagodas, making a total of
800 Pagodas or thereabouts most of these
tenants are of the Garum Wahuls and
Harlucky Gowdah Castes and from
Bulldipoor and Coomptas. The amount
I have named is rather under those
above the most-

3. Have any indi-
vidual cases of
oppression come
within your own
personal knowledge
where illegal and
forcible measures
have been resorted
to by "Nama Cumpti
ty" to realize his
rents?

Not a year passes without my hearing complaints not
loud but deep from
the poor Ryots of
Cochimand, but
most particularly
during the present
year. The undermen-
tioned cases I know
to be true. Viz. his
having during the above
Fasle Bankimy Burgd
a ryot inhabitant of Moodi-
nally grama and of the City
Warkal Caste sent his peons of
whom he has three Viz. Rama, Tuss-
and Yenkata who forcibly dragged his
(Burgys) wife before him and on her

begging

Fort St. George. 4th April 1850.

begging the Cumpty to wait till her hus-
band's arrival, he placed this old woman
under the boiling sun at noon day and kept
her so several hours until hearing of it,
I sent notice thereof to the Potail of
Mogany, who went in person, and liber-
ated her, though not until she had
paid three rupees the sum demanded
by the Cumpty for a small piece of
Coomery felled close to their land. In the
case of Vencoiah a Garum Wahul inhabit-
ant of Bommullee gramah, who usually
paid 12 rupees yearly, the Cumpty demand-
ed four rupees and on his (Vencoiahs)
expostulating on the excess of the sum,
he gave orders to his peons who commenced
torturing the man by pulling his musta-
shoes which were very long and keeping him
stand on one leg in the sun bareheaded,
pulling his ears and keeping him from
his food. Even this failed on making
the man pay the sum demanded until
the Cumpty taking off his sandals
threatened to beat him on the head
with them, and the fear of this indignity

by

Fort St. George. 4th April 1880

(by which he would lose caste and be put to considerable pecuniary expense in consequence) offered in the presence of many individuals and even of his Landlord Narrain Regady at last compelled him to accede to the demand: Add to this the case of Bungary Odia Odloor Jodda Cadi and Inneas who in like manner were kept from their food and houses and exposed bareheaded to the mid-day sun until they acceded to the ryotwarry demand by "Nanna Cumply": These instances can easily be proved by many witnesses. In other districts undoubtedly "Nanna Cumply" complaints are many, but I confine myself to those in my immediate neighbourhood.

6. Are the Cowmy rents fixed or each by each tenant individual tenant, that is, does each tenant know before the cultivating Cowmeyan what he will have to pay?

The rents paid entirely on "Nanna Cumply" will, save in the case of the Mahratta, there are no fixed rules to determine

Fort St. George. 4th April 1880

pay, or does he so cultivate leaving it to "Nanna Cumply" to collect any amount he may choose to exact.

them. "Nanna Cumply" neither in person or by his dependants examine the size of a Cowmey, nor does he take into consideration either the age, circumstances or number of members in each family save as an excuse to increase his demands. For instance in the case of the Mahrattas who formerly depended entirely on their Cowmeys for subsistence many of them now cultivate paddy land, and it cannot be expected that such individuals fall such large Cowmeys as others who do not, yet, no remission is made on this account. His rule in the case of the Mahrattas is as follows. Rupees four for each married man, two for each unmarried save above sixteen years of age and one Rupee below that age and above twelve years. He asserts the Mahrattas to be his own particular tenants and that they must not leave

Fort St. George. 4th April 1850

their Villages without his consent, and must pay whether they fell Coomry or not. Should any ryot fell a Coomry and from illness or otherwise be unable to sow it, no remission is made on this account. In fact his system of framing rents is peculiarly despotic and he follows no other plan save that of skewing as much as he can out of every individual by acting on their fears, and he screens himself from notice by framing the most influential ryots lightly for instance Devullee Todava Gowdah, a man whose family consists of some ten able bodied men pays only two rupees whilst poor Hunniah whose family only comprises himself and brother is taxed at four rupees. An inspection of the list I have given of his rents in Carlehaud will demonstrate his system of rentage.

5. If the system practised by "Nanna Nattoo and Poot Cumply" is as certainly [illegible] and [illegible]

Fort St. George. 4th April 1850

oppressive as you describe how is it that the people have so long submitted to it and why is it that no one of the parties you speak of have ever made a complaint on the subject of their individual grievances, experienced at the hands of a "Nanna Cumply" Such an idea (false though it be) of his power that the poor ryots have an idea that any complaints against him would be useless and they well know that even if they do succeed in proving their complaints, they must for ever give up the thoughts of, selling a Coomry in future and as Raggy is more essential to their subsistence even than rice itself and they are too poor to purchase the same, this is to them a deprivation of the first consideration. "Nanna Cumply's" exactions appear like "Nanna Cumply" have so many underhand ways of oppressing and ruining any one who may offend them that the poorer classes are in many cases afraid of making their complaints known, as "Nanna Cumply" both by himself and his

Fort St. George 4th April 1850

appear to have increased seriously within the last few years only as may be seen by the fact of the progressive increase of rent as shown in the list I have given, and I attribute this to his now considering himself firmly seated in power after several attempts made by his relatives and others to wrest his Goota from his. The Ryots have not however been entirely silent. Whilst Mr. Ward was in charge of this Talook several petitions were presented to him on the subject and I have no doubt that further complaints would have been brought forward but for the well known want of unanimity amongst the natives. No persons dare to come forwards singly and if they could the difficulty was to find a person professing sufficient courage to head them (or one whom the Cumply would be unable to injure) in representing the grievances, but as I before said, I can vouch for the real nature of these grievances and even now the greater part of those who have given witness against "Narna Cumply" tremble for the consequences

Fort St. George 4th April 1850

of their temerity. One great secret of "Narna Cumply's" power is his system of never granting receipts to any individual and he hangs in terrorem over those who offered him the threat of bringing executions against them for arrears, besides his making a great parade of his professing the power to bring the police, and to aid him in his exactions.

6. The Coomery Peruzes assessed on "Narna Cumply" Estate amounts to only Pagodas 104 in reference to what you have stated in answer to question 2 as to the profits raised by "Narna Cumply" what do you calculate might be the increased profits to the state by a Cowlwar settlement and a relinquishment of the Coomery assessment at present collected from "Narna Cumply"?

Although I have mentioned 350 Pagodas as the probable net average raised by "Narna Cumply" yet as much of this is obtained by an over-assessment I am tolerably certain that under the collection of Government and without bearing hard on the Ryots, 350 Pagodas might be realized, not including the expence of collection.

There

&c

Fort St. George. 4th April 1850

7. There are no means of ascertaining correctly the boundaries of Coonery land or the extent of the jungles on which it is at present in the enjoyment of "Karna Cumpty". Can you state the extent or boundaries with any degree of precision and will you if able state the number of square miles?

As far as I can judge I estimate the tract of County included in "Karna Cumpty" Goodah to be about 16 miles in length and eight in extreme breadth, but the varies considerably so that it contains about [illegible] square miles. Its boundaries I cannot describe with precision, but I shall state as well as I can. Commencing from the Tayden Tullah which forms the boundaries of the Chandore Coonery land in Sonygode, thence to the range of hills between Dandla and Condoor crosses there the Dhony Tullah, is bounded by the Ankola Talook bounds viz. the Canry byle Tullah, thence by the Calundy hills, takes a North easterly

D.S.

Fort St. George 4th April 1850.

direction to the Kulwaya hills to Chemboolia, passes along the Coonly hully and Sootreny goody (the boundaries of Soonda and Honore Talooks) thence to Guddy goondy across the Benny Ullah to Warty Ullah thence to Watty Hutty Mookerkull (a large stone so called) goddy to Jettegan to a one hundred and five bams or 216 yards above Mr. Bedden in the Neelcoonde road thence crossing on an easterly direction to Goodday Hotty across Coly Dewars Kodded and goody to call Maregy in the Bilghe road, thence in a South easterly direction along Goomty Down Hunty to the range of hills above Mr. goda along Jammanah Naiken Kunenaya (the boundary of the Belghe and Honore Talooks) to Chendoo byle goddy and the Wurty Murram (a species of sour Wood apple) thence takes a Southerly direction to Subboo unga goodday Singer Belgaum and

and skirting the boundaries of the Panch-
-grama includes the range of hills the
Huddinear Codekey and Seroor and
carry Umma or Goroddy. It must be
mentioned that when any "Goroddy"
mentioned, that part of it is included
in "Narna Curiptys" Goorta down which
water runs on the inner side.-

8. What number of Coomeri tenants has "Narna Cumpty" and does he himself Collect his rents or are others deputed by him for that purpose. ant in reference to what has been reported to me that his tenants yearly increase how do you reconcile such result with the existence of oppression

It is impossible to state correctly the exact number of Coomery ryots under "Narna Cumpty" but in Coochilnaad they amount to about 350 or 400 according to circumstances and taking this as about 1/4 of the whole they cannot amount to less than 1500 including all the Members of families Raggy as I before mentioned is absolutely essential to a native's existence and as I before said they are too poor to purchase it they must get it some way or other and felling Coomeries

forms an employment for a time when they have no other occupation Viz: from the months of January till the end of March. The old forest is gradually decreasing along the coast, which is but little suited for the growth of Raggy and ryots from other parts now resort to those jungles under "Narna Cumpty" which were formerly left alone from their distance; besides the coast ryots experiencing a scarcity of firewood are now awake to the plase of felling Coomeries which answer a double plan when near any of the rivers which abound of supplying them with raggy and firewood which they float down in large quantities. Narra in Coompty generally comes up once a year from Honore to collect his rents about the end of March but his agents also act for him.-

9. Are you of opinion that the remission of the Coomeri berry at present assessed in "Narna Cumpty's" Estate in Hoodeke. seroor and the establishment

I am convinced from experience that such would be the case. To the poor ryots it would be a most inestimable boon and one which would tend in a great degree to secure the affections

and

Fort St George 4th April 1850

Establishment of a Coolwar settle-ment according to the extent of the Coomeri anna. ally cut would be hailed as a boon and bless-ing to the people, and are you of opinion in refer-ence to what he may be, as you have stated-tice his oppress-as the profits de-rived by "Nanna Cumpty" from the present system that a proportion-ate amount or increase to the Revenues would accrue to Government.-

confirm the good will of the natives of this and surrounding Listricts by shewing them that their interests are protected and their complaints when just-ly and impartial hearing and are you of that no person how influential or wea-ther he may be, can-conduct with impu-nity. Have re-ceived from the revenue de-rived from Coomeri cul-tivation of Government would yearly ac-crue as many Ryots of Coomeries from fear of "Nanna Cumpty" exactions, be-cause they know that the reputa-

Fort St George 4th April 1850

of being well to do in the world acts only as an incentive to and points them out as a mark for further contributions. That the revenues will increase may be judged from the fact of the increased cultivation of lands by Coorchilnaad since their resumption by Government from "Nanna Cumpty's" family, by whom they were formerly held.-

10 Is the Deposi-tion above record-ed correct and points and have you any thing further to commu-nicate or the sub-ject not embraced in the fore-going questions and can only add that the ryots are anxiously looking for-ward to the results of the present enquiry as to one which may tend to aid any re-commendations which is to them of vital importance and one which their best interests are I may think proper to make in regard concerned.-
to the desired change.

Deposition

Fort St George 14th April 1850

Deposition of Narna Cumpty aged 35 years, son of Jewan Cumpty, by cast Bardeshkar, residing at Cusba Honore in the Honore Talook, taken before S. N. Ward Esqre Acting Sub Collr of Canara on the 14th January 1256 Fusly at Ebarnakerry.-

Question	Answer
1. In what language do you wish your Deposition to be taken down.?	In Canarese
2 What is the Beriz of the Wadkeshetroor Village belonging to you. what Assessment do you pray and on what account.?	Including Coomery and land 1 pay 31 2 and odd Roons to the Circar.-
3 How far does this Coomery extend.?	How much it is included to Wadkeshetroor. thus much South thus much West Coochelnaad.-
4. Besides this Warg do you possess any other Warg in the Coochelnaad Mogany.?	I have no Warg

Fort St George 14th April 1850

5. Such being the case what was the cause for your having applied to Mr Lushington to cause the Teerwa of Coomery lands cultivated near the Neelcoond Ghaut to be given to you.?	The jungle of Coochelnaad being included in my aforesaid Village was the cause for my having demanded the Teerwa.
6 Is there any boundary for the Wadkeshetroor Village.?	There is a boundary at Hekur Wadkey Coorna 1 Hoo one near Nalarn keri and another near Chendawar. all lands situated within this Boundary belong to Woodkeshetroor.
7 Is there any jungle or Hills within the aforementioned Boundary capable of Coomery cultivation.?	There are

While

Thes

Fort St George 4th April 1850.

8 While the Wad-keyseroor Villages is situated within Covy na Itloo and other boundaries how could the Coo-chil-naad Coomery situated near Neleroond Ghaut belong to you?

A. The Beriz of Coo-chilnaad Coomery being included together I therefore claim as belonging to me

Q. While the ground my claim upon the Summabundy Chitta which is in the Sirkar. I do not know how it was obtained by my ancestors but I heard my ancestors say that they obtained after paying Kanikee (Gift.)

Q. While you state that the Beriz of Coo-chilnaad Coomery included in the Wadkeseroor Village and that the Boundary of Wadkeseroor Village is distinct, upon what grounds do you say that the Beriz of Coo-chil-naad Coomery is included in your Village and upon what right do you claim?

The

Fort St George 4th April 1850.

Memorandums

The Summabundy Chitta was shewn to the Deponent.

10 Does this Chitta contain of the Coomery Beriz of Coo-chilnaad Chitta the jungle of Coo-chilnaad.

There is no entry of Coomery Beriz Coo-chilnaad in this Wadkeseroor being scanty that of Coo-chilnaad was given in its stead.

11 What Documentary proofs have you in regard to the Coochelnaad jungle being included in the Wadkeseroor Village?

Besides enjoying it myself for a long time the Shanbogue and others while making the aymash every year, if they had found that the Coomery belonged to Cuear and not to me of course they would have transferred to Cuear since they have not done so, I conclude that it is a sufficient proof.

To

Fort St George 4th April 1850

12 To whom was the gift given and the Coomery obtained? — I do not know from whom my ancestors obtained it.

13 The Deposition just read is it according to your dictation? — Yes, it is correct.

(Signed) Narna Cumpty

Sub Collector

To.

G. N. Smith Esqr

Dhonnyhallah

Sir,

In reply to your letter of the 13th Instant having reference to the late investigation before me regarding the propriety or otherwise of continuing the Coomeri assessment on Estate of Narna Cumpty of Wodeyar, I beg to state that I shall be happy to avail myself of your services

Fort St George 4th April 1850

services as proposed towards making the collections for the present year by a Coolwar Settlement which I have ordered, and as from what you have stated in your examination before me, I am led to believe that the collections will be very great and will require more than the ordinary means at hand on the first introduction of the new system to secure their correct realization; I have directed the Tahsildar of Honore to nominate some fit person acquainted with that part of the Country as a Shanbogue or Accountant for the Space of 4 Months who will in conjunction with you, as suggested by yourself make the collections for the Current Fasly by a careful Coolwar Statement and

4933 Fort St. George 4th April 1850

and which I conclude will be read-
-ily completed within the time men-
-tioned. I should observe that if
possible it would be advisable
that the name of each Cool
should at all events be regis-
-tered as well as the sum he is
to pay be noted opposite to
his name previous to my Suc-
-cessor making the Summaberry
in order that the accounts of
the probable collections may,
if necessary, be open to Insp-
-ection.

Asst. Sub Coll.

(True Copy)
(Signed) A. Hall
Sub Coll.

4933 Fort St. George 4th April 1850.

To
A. Hall Esqre
Sub Collector.

Sir,

Referring to Mr. Reades' letter of the 22d December last and to the papers which accompanied it respecting the Coomery Cultivation of Narna Cumpty in the Honore Talook I have the honor to state that as the question of Collect-
-ing the Coomery berry from the individual Cul-
-tivators, and remitting the amount entered in his Puttah under this head is one which involves a principle by which many of the ryots in every part of the District would be affected, it seems to me that it is of sufficient importance of form the subject of a report to the Board with the view of eliciting its opinion and instructions upon the subject generally, and with a view of enabling me to do so, I am desirous of being furnished with as much information as possible.—

2. Mr. Reade, it appears from his order to the Tahsildar of Honore dated the 11th December last, directed an exami-
-nation to be made of the Coomery Cultivation claimed by Narna Cumpty. It would have been preferable I think that this should have been entrusted to some

other

4934

Fort St. George 4th April 1850.—

other person, than Mr. Smith, not that I see any reason to believe that he will conduct it unfairly, but because, that Gentleman having espoused the cause of the actual cultivators, the examination being conducted under his supervision gives an opening for complaint of partiality on the part of Narna Cumpty. The examination however as ordered by Mr. Reade must, I should imagine have been concluded by this time, and if so I should wish to be furnished with the result as early as possible, particularly with reference to the number of actual cultivators of Coomery, and the amount of beriz paid by them.— I request that you will at the same time favour me with your opinion on the case, and inform me whether you see any reason to differ from Messrs. Reade and Ward, either with respect to Narna Cumptys' claim to the Coomery of Cochelad, and the propriety of making an individual settlement with the actual cultivators, or in respect to the oppressive conduct towards the ryots which has been alleged against

4935

Fort St. George 4th April 1850

Narna Cumpty.—

3. As it would be convenient to be able to refer to the Chittahs of the Cochilnad and Hodikeseroor, I shall be obliged by your forwarding them at the same time.—

4. Mr. Reade's order provides I believe for keeping the amount collected from the Ryots in deposit, and I hope that this will be carefully attended to, and no portion of it carried to account until the question has been fully disposed of.—

On Circuit at Nagwardy 22d March 1849 — } (Signed) T. L. Blane. Collector.

To T. L. Blane Esqre
Collector of
Canara.

Sir,

Para 1. I have the honor to acknowledge the Receipt of your letter of the 22d of last March regarding the Resumption of the privilege for many years enjoyed by "Narna Kumpty" residing at Wodiky Seroor of collecting rent from the Coomery Cultivators in certain parts of the Honore Taluk, and in reply to inform you that the Coolwar Settlement for fusly 1258 has been completed with all the Ryots over whom it is believed that "Narna Kumpty claims

Fort St. George 4th April 1850

claims a right to exercise a land lords authority, and that the Jummahbundy has been fixed at sum of Rupees 1101- as 10- " all of which excepting 8 annas has been realized, and which I am satisfied is several Hundred Rupees less than what "Nurna Kumpty" collected in fasly 1257. and previously The expenses attending the Settlement and collection, amount to Rupees 58- as 4- " leaving a Balance Rupees 1043-6-a out of which Rs 422-7-3 have been carried to the credit of Government, as being the amount of Coomery Berij hitherto paid by "Nurna Kumpty, and the remainder Viz Rs 620-6-9- has been placed in deposit to which the 8 annas will be also added when realized you will observe by the accounts accompanying accounts, received from Mr. Smith that the Settlement has been made with 693. rated cultivators, or thereabouts.—

Errors Excepted—

Jummahbundy Rs 1101-10-a
Expenses 58-4-a
1043-6-a
Carried to Credit of Government 422-7-3
Balance on deposit 620-6-9
Balance due 8-a
630-14-9

A & B

2.

It appears that "Nurna Kumpty claims a Land lords right over the whole extent of jungle running from the foot of the Neddoondy Chaut to about 6 Miles from the sea near Gursoppah, and extending to Chundawar and

Fort St. George 4th April 1850

and Salcode, which according to Mr. Smiths computation comprises an area of about 10 Square Miles of Country fit for Coomery Cultivation.—

3. He rests his claim to this large tract of jungle upon prescriptive usage and upon the fact of his Purg being charged with the annual payment of Rs 422-7-3 as Coomery Berij, but beyond this he does not pretend to possess any proof that such a proprietory right was ever specially conferred on himself or any former owners of the Purg neither indeed can any document be found showing on what jungles its possessor has been really entitled to levy tax by virtue of the payment of the above sum.—

+ Mody No. 1. Hookey seroor Village Chandawar Mogany—

4. Although I do not find that a charge of extortion or cruelty has in any specific instance been brought home to "Nurna Kumpty" yet from all the information I can get, I feel fully satisfied in my own mind that his general Conduct towards the Cultivators has been oppressive and unjust, and that he has been

Fort St. George 4th April 1850

been in the habit of committing acts of
cruelty upon those who have not immediately
responded to his demand for payment
I consider therefore that it would be an
act of serious injustice towards the whole
body of them if he was again allowed to
have the same unrestricted and arbitrary
sway he has hitherto exercised over them.

5 I have no precedent to adduce
in support of the resumption of such
privileges yet. I hold the opinion that Govern-
ment has legal power to cancel them
whenever it may seem desirable, as I think
it is in this case, both in respect to the
welfare of the actual Cultivators, and of the
public: at the same time I am aware that the
question involves an important principle, the
operation of which, may perhaps be viewed as
an interference with the prescriptive right
of the landlord in this District. I do not think it
unlikely that "Iturna Kumpty" will bring this
to an issue in a Court of Law, but I anticipate that we
would be unfavorable to him. A man of the
of "Iturna Kumpty" has I believe already
filed a suit in the Civil Court at Hon-
for the recovery from "Iturna Kump-

Fort St. George 4th April 1850

of the whole of the Durg including the Coomery
jungles alluded to above, of which he has
for many years asserted himself to be the
rightful owner. —

6 If an independant proprie-
-tary right over the jungles in question is
conceded to "Iturna Kumpty" it will have
the effect of very considerably neutralizing
the efforts which are being made to restrict
Coomery Cultivation in the Honore Taluk,
in as much as it would be a relinquishment
of all Control over an extensive tract of
Country, to which those who are prevented
from clearing elsewhere would I apprehend,
flock in Numbers, notwithstanding "Iturna
Kumptys" character for extortion, and where
they would of coarse be gladly allowed to
locate themselves by a Landlord whose rent
roll they would swell by doing ad libitum —
precisely what it is now considered desirable to
restrict throughout the District. —

7 With this view of the
matter I cannot but express my opinion that
it is very expedient and desirable
that this Resumption should be
confirmed, and I would suggest
that

4940

Fort St. George 4th April 1850.—

that a ryotwar Settlement should be made for fusly 1259 with the actual Cultivators on the same principle upon which it is made in the rest of the taluck.—

8. I beg to forward copies of 2 letters in the subject received from Mr. Smith with the English accounts, as well as a Report from the Honore Tahsildar forwarding an Abstract Statement of the Settlement, and to send also the Chittahs of the Mogany of Coochulmand and of the Village of Hodiky seroor, called for in your letter under reply. The Canarese accounts of the Settlement shall also be submitted to you when drawn up.—

9. I have also the honor to state that I have instituted an investigation in regard to the Coomery Cultivation referred to in Para 5 of Mr. Smiths letter of the 17th April, and to mention that it has not been included in the resumption as part of the "Nuncumpty's" vurg.—

Sub Collector Cutchurry Sirey 13th July 1849

[++] Dated 9th July No. 1098.

4941

Fort St. George 4th April 1850

To,
Arthur Heall Esqre
Sub Collector of Canara,
Sirey.

Sir,

1. I have the honor to reply to your letter of the 7th Instant which indisposition has hitherto prevented me from doing. I herewith enclose a copy of the account in English which you require of the amount of Coomery &c contained in what was formerly Narna Humpty's goota. This account only includes the country from Seelcood to Heddykey Seroor leaving that of Salcode Currence &c unfinished.

2. I have had the greatest possible difficulty in proceeding thus far, as from the lateness of the season when I commenced operations, all the ryots had carried away their crops and it was impossible to judge correctly of the amount of them, I therefore concluded it would be the best plan to settle the Assessment from the quantity of seed sown and I dare say you will believe me

that

that the task has been an arduous one when I tell you that I left no Coomery unvisited in fact let it lie ever so far or the hill ever so high, and examined strictly the boundary of each individ: :als Coomery. The assessment I settled at one Rupee for each Coliga of seed sown in the Soochil naad Magany and 12 Annas for the same quantity in the Haddykey Seeroor Grammahs for this reason, that in Soochelnaad the Coomery felled consisted of old jungle and the exp: was consequently larger than those in the latter Grammahs, the jungles in which are more underwood. No crop can be more fluct: :ating than Coomery ones, depending on so many causes viz: the manner in which the ground is burnt, the nature of the soil, and a another difficulty I have experienced has been from the obstacles thrown in my way by Aarna Kumpty. He has been assiduous in spread: :ing his agents over the country and by im: :pressing on the tenants a belief that the re: :pension of his gorta was only temporary induc: the

them to withhold from stating the amount of their last years Summalundy from a threat of future coer: :tions in case they revealed them or gave me any assistance. This being the case I disregarded this account altogether and acted entirely on my own judgment in their Collections, the more so as I judged it natural that the ryots should under: :state the amount paid by them in hopes of a still further reduction. In the large Maganies of Aldipoor and its vicinity Aarna Kumpty has had an agent continually stationed to exert an undue influence over the Ryots, by threatening to report to his Master for future executions all such who should in any way assist me. I have however been fortunate enough to secure the services of one of Aarna Kumptys peons whose information has been extremely useful.—

3. There is still a large extent of Country where are many and large Coo: :meries which has not as yet been assessed though the accounts are in a forward state. The assessment

assessment in the accounts forwarded amount to 176 Pagodas not including a disputed amount near Bilghy Talook of some ten Pagodas. The country as yet unassessed will I imagine from what I can see yield 130 Pagodas making a total of 300 Pagodas. This amount would have been much greater, but very many tenants deterred by Narna Kumpty's exactions in last year have entirely given up Coomery cultivation as an enquiry will prove.-

+ not legible in the original

4 Mr Reade gave me four Months to complete the assessment but from the cause above mentioned I have been unable to do it in that time, I must therefore request you will allow a further period of one Month when the whole will be completed. The collection of the assessment I had only lately commenced but on the 15th instant I forwarded to the Honble Tahsildar 500 Rupees and remit for

for the sum of Rupees twenty Eight, the pay for three and two and a half Months respectively of the Shanbogue and acting Peon. The remainder of the assessments as far as Headsoky Seroor, I hope to be able to send on the 30 and I will send all further collections with the usual from this Magany.

5. I beg to mention that near Headsoky Seroor is a large range of hills called "Kurry:kal Ummangoody" or hills sacred to Maury or Kaly the Heindoo idol. The Coomery rents in this District are collected neither by the Sirkar nor Narna Kumpty and amount I believe to some hundred Rupees. This tract was I believe formerly included in Narna Kumpty's goota but granted by his relation Krishna or Henry Kumpty to the temple of Maury and the rents are collected by the officiating priest thereof. I beg you will be good enough to inform me what is to be done in the

this case and if this tract is also to be resumed with the remainder of Narna Kumpty's goota.

6. I have no doubt from what I have seen that if Coomeries were allowed to be felled in these Districts that they would yearly realize 600 Pagodas, and as a proof of my conviction I would undertake to raise that sum, for the Country is admirably suited for Coomery Cultivation..

In conclusion I beg to state that Narna Kumpty reports that he has obtained an order for the resumption of his goota & that Mr. Reade's order for a Cooliwar Settlement has been received, I therefore beg you will be good enough to let me know if such is the case as the report tends here to create much discontent & cause me much trouble in the Collections. On the completion of the accounts I will send you a Copy of this also in English in addition to those in Canarese given to the Tahsildar.

I have &c.

To, Arthur Hall Esqr.
Sub Collector of Canara,
Sirey.

Sir,

I have the honor to forward to you the remaining accounts in English relating to the Coomery goota lately held by Narna Kumpty. They have been compiled with great care and with no small trouble as you may perhaps imagine and they may be depended upon as essentially correct, for I placed no dependence on the Shanbogue and took every thing from personal observation. I have perhaps exceeded the limits granted by Mr. Reade as to time, but the Country to be surveyed is so large and the tenants located so far apart that I hope you will not attribute this to any want of exertion on my part. My whole object has been as far as in me lays to benefit the poor ryots around me, at the same time increasing the Government revenues. The sum levied this year might have been greater but owing to

Narna

Fort St. George 4th April 1850.

Nanna Kumpty's exactions last year many ryots gave up Coomery Cultivation altogether I am given to understand that in the Panchgrama alone last year he realized upwards of 400 Rupees under pretence of arrears &c. You may perceive that in the list of people of the Moochie caste only one individual is named, the whole caste in a body having given up Coomeries on their own account and merely Cultivating under Land-Lords on the terms of equal shares - I am happy to say that during the whole of the assessment I have been received by the Ryots with much pleasure save in one part of Ulcoor from reasons above mentioned in a former letter and had not Coomery Cultivation been this yr. partially suspended by Government the revenue from this source in this district would have nearly doubled. -

Nanna Cumpty's exactions were not confined to the Coomery ryots alone

he

Fort St. George 4th April 1850.

his treatment of the ryots of the paddy lands in Huddnaer, Oddyky Sersor has been this year and in the several preceding ones oppressive in the extreme. I understand he has allowed a distress warrant to be executed on his property under pretence that the revenues from his lands have not sufficed to pay the Sircar Assessment of Company Rupees. Yea now I am well acquainted with this part of the Country and know that this cannot be the case, I have ascertained that his yearly revenue from these grammahs exceeded 1,000 Rupees in Coin exclusive of some 25 Moodies of fine rice and other payments in kind and labour, which he has this year much increased without any previous Cultivation, disregarding all written agreements executed between him

Fort St George 4th April 1850.

him and his tenants - These three grammas comprise 87 hungies namely, in Kadolan grammah 25, Oddiley gramma 25 and Seroor gramma 37. - Many of these hungies are assessed as high as 16 Rupees and few lower than twelve, I mention these circumstances merely to disprove to you his assertion that the excess in his Coomery goota was apportioned to set off the loss in his paddy & land goota, and if he is as he asserts such a lover many people would gladly take his goota off his hands at an advance - Many have been the complaints forwarded to me whilst on the Coomery business so as I stay'd

Fort St George 4th April 1850.

in Oddiley nearly two Months and I know they were well grounded, but the ryots fear him too much to come forward and I declined interfering in the matter.

For-

4984 Fort St. George 4th April 1850.

To,

J. N. Ward Esqre

Sub Collector of the Canara

Zillah Honore.

The humble Petition of

the Mahratta Gaunsahs or head men

of the Villages of Kulwoye, Moorda

Ruddineer, Haidny and Soolsoor,

Sookiah, Soobah, Timmoo, Ramjoora

and Bydya to wit. most respect-

fully, prayeth.—

That your poor Petit-

oners presented a Petition to your hon-

praying you to make an enquiry into

their case and protect them from

the oppression and extortion of Nar-

rainah Humpty of Honore, and that your hon-

through a takeed, which reached them throu-

the Magny Shanbogue, promised to en-

quire into their case in Neelcond-

That

4985 Fort St. George 4th April 1850.

That your poor Petitioners

are aware that your honor ordered Na-

rainah Humpty to attend at Neelcond

but that he excused himself on account of

sickness. though he was at the time in a

question walking backwards and forwards

in Honore and Carrying on his usual occupation

That since Narainah Humpty

has become aware of their having laid

their pitiable case before your honor

he has become quite maddened with

rage against the and they live

in daily terror of him.—

That whereas Narainah Humpty

for years past had been accustomed to

defer his call on them for their pesh-

-it. Sincratty feast and thanks-

-giving in person in Cochinand he

has this year called upon them for

the same at this season of the year before

the

4980 Fort St. George 4th April 1850.

their crops are will nigh cut and
as he has sent his peons to apprehend
and bring them the year to Kuddaiver
where he is at present. they fear
personal violence from him and
claim your honors protection.—

That your poor Petitioners
bear with the deepest and most
unfeigned regret and sorrow that
your Honor is about to give over
Charge of the Taluk and most
fervently and humbly pray that
you will before your departure
dispose of their case and not leave
them to the tender mercies of
Narrainah Kumpty.

Your Petitioners most humbly
pray that they may be allowed
to be made over to Government Land to

4987 Fort St. George 4th April 1850.

on the same footing as their caste people
in other Talooks, for in the present case
they must strive, for they cannot with any
profit to themselves give way to the ex-
exactions of Narrainah Kumpty.—

Your poor Petitioners beg
to state that Narrainah has through his
peons made use of various & many threats
against them and they dread the means
which he has in his power of working
them all.—

Your Petitioners again most
earnestly beg to lay their unfortunate case
before your honors mercy in fervent hopes
that you, as the representative of a merciful
and just government will not allow them
to be the servants of one against their
will and moreover of such a man as Narrai-
-nah Kumpty, one detested not only by them
but hated for his oppressions and exactions
in Odeykey, Kuddaiver, Durvoor, and wherever
he may set his foot and your Petitioners will
as in duty bound for ever pray.—

	The Mark of Tookiah Gounah
II	Do. of Soobah Do.
Δ	Do. of Summoo Gounah
O	Do. of Rama Gounah
⏄	Do. of Boodya Gounah

Dhonjilla
January 1846.

Fort. St. George 4th April 1850.

To,

S. S. Ward Esqre

Acting Sub Collector

Sersee.

The humble & respectful Petition of the Maharatta Gouda's or Headmen, Soobah. Inkiah, Gouda, Timmo, Coodya, of the villages of Moorsa, Kulwaye, Maidny, Kud=dinear and Soolsun respectively, on behalf of themselves and their fellow villagers, most humbly setteth forth and prayeth.

That from time immemorial=es the caste to which they belong has been accus=tomed to depend for the subsistence on the cultivation of their coomries, a species of work requiring great toil in carrying on and extremely fluctuating in its success, depending entirely on a favorable monsoon, and also from the necessity of being carried on in dense jungles, requiring unceasing exertion both by night & day & constant exposure to the inclemency of the weather to defend their crops from the attacks of bison, elk & hog to which they are liable.

That previously to settling in Cochelnaud your poor Petitioners have

Fort St. George 4th April 1850

resided in various other Talooks Viz. Sonda Goursuppa, Ankola, & Belghy in which they were under the immediate superintend=ance of Government and were taxed most reasonably and justly for their lands, viz. in the two former according to the amount of coomery felled, by Jummabundy in the Ankola talook at one Rupee for each male above 14 years of age, and in the Belghy Talook at three Rupees per family however large.

That since they have settled in Cochelnaud, they have been exposed to the grasping hand of Narrainah Kumpty the Coomery contractor, a man without any feelings of compassion for his unfortunate ryots, who heads naught save his own ag=grandisement and not only refuses to make any allowance for a bad season, but charges your poor Petitioners at a rate more than double the government assessment and which they are unable to pay with any chance of adequate profit to themselves.

That thus your poor Petitioners see themselves reduced either to abandon coomery cultivation altogether, and be thus

con / 10

compelled to starve or submit to the extortion of Narain kumpity.-

That several of your poor Petitioners have in consequence been obliged to try paddy cultivation which requires however a knowledge of farming which they do not posses, not having been used to the plough and in consequence their crops have proved failures and themselves without food.-

That your poor Petitioners are given to understand that Narainah kumpty pays to Government for his right of felling timber for coomery cultivation from Keerakoond to the Nulcaud ghaut including also the paddy lands of the grammahs of Odekey, Kuddeneer and Surroor, the sum of Rupees 1,248/ one thousand two hundred and forty eight and they beg most respectfully to annex a Statement of the sums raised from the Mahrattas of Cochelnaud Magny alone to show your honor the extortionate method of his proceedings.-

That Narrainah kumpty also raises a considerable sum from the other ryots of Cochelnaud for their small

coomeries at the rate of from one to three Rupees per tenant.-

That the magny of Cochelnaud forms about the eighth part only of his revenue and your poor Petitioners most humbly hope that your honor will thus be enabled to judge of the truth of their Petition.-

That your poor Petitioners most humbly state that not only are they called upon to pay an extortionate assessment, but they as well as Narrainah kumpty's tenants on Odeykey, Surroor and Kuddeneer are obliged to contribute on any occasion of his building a house, per forming marriage ceremonies for his relations &c.a.-

That your poor Petitioners are also obliged at certain feasts to carry to Hanore loads of plantain leaves &c.a besides other fruits, the produce of their coomries, without receiving the slightest remuneration for the same, save abuse in the event of the required number falling in any way short.-

That your poor Petitioners are compelled by these and by many other extortionate proceedings of Narrainah kumpty

to

Fort St. George 4th April 1850

to appeal to your Honor for relief from them - They most respectfully beg that your Honor will interpose to lighten their assessment, put them on the same footing as regards the Mahrattas of other talooks or place them, which they will hail as a great blessing under the immediate superintendence of Government. They beg that an enquiry may be made into their case and the proceedings of Narrainah Kumpty both here and in his other grammahs, and that they may be protected from his violence which they fear he may put in practice

S.G.

Fort St. George 4th April 1850.

practice on hearing of his appeal against him. -

That your poor Petitioners are a poor and honest people who trust for protection entirely to your Honors sense of justice and impartiality, that placing them under the immediate superintendence of Government as well as the remainder of Narrainah kumptys contract, would prove not only a blessing to themselves but a great addition to the Government revenue, for which act of justice, your poor petitioners will ever pray -

4998 Fort St George 4th April 1850.

Order thereon. Ordered to be brought forward at a future Meeting.

(104-105)

To,

The Secretary to the
Board of Revenue
Fort St George.

(106)

From the Collector of Canara ... Para 1

Reporting on Petitions Nos 340 and 352 of 1850.

Sir,

Referring to the Board's endorsement on Petitions Nos 340 and 352 of 1850 from certain parties interested in the supply of Tobacco for the use of this district, I have the honor to request the Board's attention to my letter of the 20th December last and to a previous one relative to the same subject under date 6th March 1848 from which it will be seen that the change in the mode of procuring the supply of Tobacco of which the petitioners complain was very unwillingly adopted by me, but was resorted to as the only alternative in consequence of the Superintendent of the Postagram Division of Mysore having been prohibited by the orders of the Commissioner from lending that assistance in carrying out the contracts which I had received from him for the two previous seasons. I can perfectly understand the grounds of complaint which the Petitioners

4997 Fort St George 4th April 1850.

| | | |

4999 Fort Saint George 4th April 1850.

Petitioners in No 352 have against contractors for these are the necessary, or at least the probable result of this mode of contract, and formed the ground upon which I was desirous of making a change more favorable to that class of persons whose petition is now under consideration, as set forth in my letter to the Board of the 6th March 1848. But the change which was effected and had been remarkably successful could not be continued without the co-operation of the authorities in Mysore and when that assistance was withdrawn I had no alternative but to revert to the former system of making the contracts.

2. The reasons why the new system could not be continued are that the smaller contractors, to which class those who have now addressed their petition to the Board belong, are all inhabitants of Mysore who have no property or connections in Canara. They can only therefore give the necessary security in the Mysore country and as that is beyond

5000 Fort Saint George 4th April 1850.

beyond my jurisdiction. I have neither the means of ascertaining the goodness of the security tendered, of taking the necessary bonds or of enforcing the terms of them in the event of failure, except through the Mysore Authorities. Even if this could have been effected after a long thereof correspondence which the nature of the contract does not admit of, it is usually necessary for the purpose of preventing delay in the delivery of the Tobacco to urge on the contractors, and this could not be done by myself who had no authority over them. Moreover it is requisite in order to make sure of the full supply required that the whole should be contracted for when the tenders are accepted. It would not do for instance to take tenders for small quantities amounting to only half the quantity required, for I should not know where to obtain the rest. Offers must therefore be obtained for the whole either in separate lots, or if two fail, by accepting one offer for the full supply.

3. Some of the Petitioners attended

at my Cutcherry when the contract was put up; but, as I suspected they were not prepared with proper security to be given at Mangalore, and they besides offered only to supply a few hundred Candies - I was compelled therefore very much against my own inclination to put up the whole in one lot, and it was knocked down to the lowest bidder who was one of the persons engaged in the previous general contracts and whose influence I had attempted to counteract.

4. The petitioners therefore who are Mysore ryots should have addressed the Commissioner of Mysore, out of whose orders the change has been brought about. It is equally out of the Boards power as of my own to assist them however well disposed to do so. For my own part I have used my best endeavours to continue the system which the Petitioners were so well pleased with, as I believe Captain Montgomery has also, but the Commissioner has unfortunately taken

taken another, and as I believe, an erroneous view of the case, founded on misrepresentations which I have understood to have been got up by the general contractors who have thus been quite successful in their object of regaining the influence which they had lost under the new system.

5. I need hardly observe that the three propositions which the petitioners make cannot now be complied with - The contract for all the Tobacco required has been made and confirmed, and the time for delivering the first instalment has already arrived.

No. 340. 6. With respect to the other petition from Messrs Meppen and Vedagherry I believe that the best means of explaining it is to transmit the accompanying copy of a reply which I sent to a duplicate address of the same import transmitted to myself. They only state that they "intended" to offer for the contract, but they neither sent any written tender to me

before hand.

beforehand, nor did any agent appear at my Cutcherry on their behalf on the day of sale and I could of course have no knowledge of their intentions. The engagements which they state that they hold from the Tobacco ryots of Mysore must I conclude be very conditional, for it is scarcely credible that with such engagements on their hands they should not have taken better means of bringing forward their offer for the contract.

7 Regarding the permission which they request to export 1,500 Candies from the western coast, it must either be sought under an entire misapprehension of their means of disposing of the tobacco, or they are not serious in desiring it. The tobacco rejected from that brought down for the contract is generally sold for exportation to Seinde, but I have reason to believe that it will not pay its expenses if bought here for more than 10 Rupees a Candy, and from the Petition of Messrs Mapsen and Sedagheery it appears that it would cost them full 60 Rupees before they could bring it down

down to Mangalore - The Mysore duty alone is 28 Rupees on the Candy of 28 Mysore Maunds. Permission to bring tobacco through Canara for exportation by Sea has never hitherto been given, and unless the parties gave sufficient assurance that none should be sold on its transit, it could not be given with safety to the Government Monopoly - They should also I think be required to pay the expences which it would probably be requisite to incur in weighing and guarding it to prevent its being smuggled on its passage through the district.

8. I take the opportunity of stating that I have received a petition from one Nimmajah enclosing copy of one which he states that he transmitted to the Board on the 15th Ultimo and which if his having sent it be true I wish to observe contains a number of grossly false allegations as to the mode in which the Tobacco contract was disposed of. These persons do not apparently know who their real friends are, or that it is I who have for the last two years been doing every thing

thing in my power to support them.-

Collectors Cutcherry
on Circuit Moordeshwar,
5th March, 1850.

/Signed/ T. L. Plane
Collector.

No 1

To,

Messrs Mesipen & Vedeghenry
Gentlemen. Cuddoor.

In acknowledging the receipt of your letter of the 2d Instant I beg to inform you that the contract for the supply of tobacco for the Monopoly in this district for the current season has been confirmed to those whose offer was accepted at the time the contract was put to Auction. No previous written tender on your part having been received and no one appearing to bid for the contract personally I had of course no alternative but to accept the lowest offer made.-

2- With respect to permission being granted to export 1500 Candies of tobacco from this Coast I apprehend that there exist serious objections to this being done, and I should not consider myself warranted in granting the permission sought without

without the sanction of higher authority - I would at the same time observe, although it is not a matter of a public nature that I do not understand how it could answer to you to export this quantity of tobacco by Sea. There appears to be no place to which it can be exported with a profit, even when purchased here at the almost nominal price at which the rejected tobacco is sold, the import duty in Seinde the only country to which it appears to be sent is exceedingly high and judging from such information as I possess, I am under the impression that you would not realize an amount equivalent even to the Mysore export duty.

Collectors Cutcherry,
Mangalore, 6th February
1850.

/Signed/ T. L. Plane
Collector.

True Copy
/Signed/ T. L. Plane
Collector

(106-107)

Proceeding thereon. The Board of Revenue concur with the Collector in considering that under existing circumstances it is inexpedient to disturb the arrangements already confirmed for the supply of tobacco for

for the use of the Canara district.

2. If the Collector could adopt measures to secure a constant supply he might perhaps take into consideration the desirableness of acting independently of the intermediate agent, the Contractor, as well as the system of advances, by fixing a certain sum to be paid for all Tobacco delivered at his depôts.

Ordered that the following Endorsement be passed on Petition No. 310 of 1850.

"The Board of Revenue are not prepared to recommend the proposal of Messrs. Hepper to export Tobacco from the Western Coast or disturb the existing Contract".

Ordered also that the following Endorsement be passed on Petition No. 352 of 1850.

"The Board of Revenue having received a full report on the subject of this Petition do not deem it necessary to disturb the arrangements for the supply of Tobacco which have already received confirmation. Any abuse of authority on the part of the Contractor should form the subject of a special complaint to the Collector who will give it that attention to merit".

To

Read the following -

To, W. H. Bayley Esq.re
Secretary to the
Board of Revenue,
Fort St George.

(108)
From the Collector of Canara. Reports on Petition No. 397 of 1850.

Sir,

In returning the accompanying Petition bearing the Board's endorsement, I have the honor to state that the subject has been reported on in my letter of the 4th Instant. The present petition is that referred to in the concluding Para of my letter.

2. The Board will not probably expect that I should enter into any detailed defence of myself against the accusations which the Petition contains, but it is as well that I should state that there is no foundation for the assertion that the contract was put up at my private residence beyond the fact that I had been holding Cutcherry in a detached bungalow in my own Compound in consequence of the repairs and alterations which have been going on in the Collector's Cutcherry. The Contract was put up on the day advertised and I believe all the parties who had come down from Mysore and had been conratting in the Cutcherry for some days previously

Fort Saint George 4th April 1850

has now been brought down, and I expect that the contract will be fulfilled without difficulty.

Collector's Cutcherry Onr Circuit
Honore, 13th March, 1850.

(Signed) T. L. Blane
Collector.

Order thereon

(108-109)

Ordered that the following Endorsement be passed on Petition No. 397 of 1850.

"The Board of Revenue are satisfied with the Collector's explanation on the subject of this Petition and resolve that it be rejected accordingly. Signifying further notice."

To,

T. Pycroft Esqre
Secretary to the
Board of Revenue.
Fort St. George.

(110)

From the Collector of Malabar. Reporting on the Extra sources of Revenue for Fusly 1258 / 1848-49

(27 Plates)

Sir,

I have the honor to transmit the usual Statements of Extra Sources of Revenue of this District for the late Fusly 1258 and 1848-49. to offer some explanatory remarks of the cause of increase and decrease apparent in the different Items therein comprised.—

Salt.—

2. When it is considered that this branch of our Extra Revenue yielded in 1256 an increase of Rupees 46203⅝ in 1257 a further excess of Rupees 13007- the small decrease of

	Fusly 1256	Fusly 1257	Fusly 1258	Increase	Decrease
Gross Collection	3,46,723 10 8	3,06,730 10 8	3,62,508 11 2	" "	32,21 15 6
Charges for purchase or Manufacture	52,069 9 2	53,261 11 6	1,03,755 13 1	50,494 - 7	" "
Charges of Superintendence and Sales	6354 4 9	14,996 4 3	10,647 12 2	641 7 11	" "
Total Charges	58,423 13 11	68,268 2 9	1,14,403 11 3	51,135 8 6	" "
Net Revenue	2,88,299 12 9	3,02,462 7 11	2,48,104 13 11	" "	54,357 8 -
Percentage of the Charges.	16 13 7/11	17 4 9/16	31 8 11 37/41	" "	" "

5

Rupees 3,221—15—6 which occurred in the year now under review would hardly seem to call for any special notice.—It may suffice to state that this result arises from the sale of Salt for inland Consumption which in 1258 were below those of the antecedent Fusly by 12374 Indian Maunds.—More than 2/3 of this decrease was however made up by an increase in the Sales for Home Consumption amounting to 8822 Indian Maunds

Sales for Inland Consumption—		
in Fusly 1257	Ind. M. 127127	—
—— —— 1258	114752	10
Decrease	12374	10
Sales for Home Consumption—		
in Fusly 1257	Ind. M. 239947	9 40
—— —— 1258	248293	21-60
Increase	8822	12-10

See Statement No. 3.—

3

The Charges for Purchase and Manufacture exhibit a rather large increase it being no less than Rupees 52494 arising partly from the unavoidable necessity that existed of paying in 1258, much higher rates for the Salt required to maintain the Monopoly than those at which the requisite supply was procured in 1257 and partly from its having been found necessary to purchase a greater quantity of Salt in 1258 than in 1257 The supply of the latter year having been unusually small as explained in the 4th Para of my Report dated the 9th January 1849.—

Salt purchased in	
Fusly 1258	338192
1257	264872
Excess	73320

Consequent excess in the Outlay Rupees 212746—11—11—

* Exclusive of this amount paying in 1258 Rupees 29219—4—8—

4.

The prices paid for the Salt purchased

S.F.

purchased in 1257 averaged Rupees 24—2—2 per Garce of 120 Indian Maunds which was Rupees 4—13—2 above the average of 1256; but in Fusly 1258 so great was the difficulty in procuring Salt that it was absolutely necessary to raise the price as far as 42 Rupees per Garce. The aggregate disbursement gives an average of Rupees 37—5—10 per Garce or Rupees 13—3—8 above Fusly 1257. In explanation of the cause of this, I beg to transmit for the Board's perusal Copy of a correspondence which took place between the Collector of Bombay and myself.— See Appendix B

5.

It may be satisfactory to the Board to learn that the emergency which occurred last year terminated with it, for since the opening of the present season, Salt has been brought down in great abundance and at more moderate prices.—

6.

The excess under the head of "Charges for Superintendence and Sale" amounting to Rupees 641 is attributable to the inland Depots established at Dottapaloor, Palyhaut & Attakoor, the disbursements on this account in 1257 being for 6 months only whereas those debited in 1258 are for the whole year.—

7.

The increased expenditure above noticed Rupees 51135—8—6 added to the decrease of Rupees 3221—15—6 in the Gross Collection produced a deficit in the net Revenue to the extent of Rupees 54357—8—0.—

Tobacco.

	Fasly 1255	Fasly 1257	Fasly 1258	Increase	Decrease

Vide letter to Board 25th January 1849
Board's Proceedings 18th June Para 8 & 9
Para 4 Minutes of Consultation 16th July 1849.

Appendix B. 16th August 1849.

Marginal abstract.

The principal cause of this unfavorable result, the illicit introduction of Tobacco from Cochin, is already before the Board & having in conformity with the Orders of Government, addressed the Resident to know the effect on the quantity of Tobacco sold by the Cochin Circar since the reduction of its selling Prices, I have the honor to transmit General Cullen's reply with its two enclosures. By the Statement furnished by the Dewan Bundles it will be seen that the average of their sales for the last two years during which a reduced price prevailed, exceeds that of the five antecedent years by 4783 Bundles or above 41 per Cent.

	Bundles
Sales in 1847/48	142518
1848/49 for 9 months	131307
Add average for 1 month	11939
	285762
Average	142881
Average of the previous 5 years	101098
Excess	41783

Equal to about 210 Candies

S.F.

9. I have added a bit to the Dewan's Statement in which I have entered in red ink the Salooks which are affected by the Cochin sales. The principal of these is Chonghat. There is no doubt that some contrab and Tobacco finds its way into this Salook from Coimbatore and the French Settlement of Mahe but it does not, in my opinion, affect our sales there to any serious degree.

10. The diminished expenditure on account of "Charges for Purchase" amounting to Rupees 33573-1-11 is entirely owing to the Tobacco supplied by the Principal Collector of Coimbatore in 1258 having been charged at a much lower rate than that debited to this District in 1257, for instance, in the last mentioned year the supply amounted to Candies 2,955-8-23. which at Rupees 38-15-2 34/100 Cost Rupees 1,16277-5 whilst the Cost of Candies 3,291-2-22 received in 1258, at Rupees 25-2-83 1/4 100 come to Rupees 82703-14-6.

* Candies 305-14-" above the supply of 1257.

11. The increase of Rupees 921-14-9 in the "Charges for Superintendence and Sales" is consequent upon 305 Candies of Tobacco having been received in 1258 in excess of that of 1257 as shewn above, the excess in question being charges attending the conveyance and packing of the said extra quantity.

The

12. The reduction in the Charges of Purchase not only covered the decrease in the Gross Collection, but gave a small increase of Rupees 2983-11-2 in the net Revenue.—

Net Revenue of	1257	4,30,779	12 10
	1258	4,33,763	8 —

14. Act 6 of 1848 which abolished all duties on Goods Carried from Port to Port, and the differential duty on-

was introduced towards the end of March 1848, about 2 months before the trading Season of 1257 was closed.— whilst in 1258 its operation embraced the whole year hence the great deficiency in this branch of Revenue both in the Gross Collection and Net Revenue.—

Abkarry.—

Per Centage of the Charges	" "	" "	" "	" "	" "

20. The result of the Settlement of the Mahturpha Revenue was an increase of Rupees 3621-14-7 against a decrease of Rupees 1314-14-8 producing the net decrease exhibited in the Margin. The concessions made in 1258 were on the principles which regulated the Remissions allowed on this account in former Years Fasly on account of taxe on houses

Shops, professional implements &c gone to ruin when held by Individuals in indigent circumstances-the aggregate under this head is Rupees 4,022-14-8 to which however is to be added Rupees 321 being tax levied upon Betel nut Dyers at Palghaut, abolished under the authority conveyed in the Board's letter dated the 16th March 1848.—

21. From the demand amounting to Rupees 116278-2-9 Rupees 116091-10-11 was collected during the Fusly, leaving at its termination a small Balance of Rupees 186-7-10 a Moiety of which has since been realized.—

22. In the Gross Collection amounting to Rupees 116119-3-6 is comprised a sum of Rupees 27-13-9 collected on account of the arrears of previous years as per the decrease of Rupees 963-1-8 observable in the said sum being consequent upon the deficiency in the demand already noticed.—

On account of		
"	1255	4 7
"	1256	4 6
"	1257	2 9 3
		24 11 5
		27 13 9

Grand Total.—

Fusly 1256	Fusly 1257	Fusly 1258	Increase	Decrease
Gross Collection	133997 1 8	133352 13 8		1,19,653 9 1
Charges	20,342 5 4	23,687 1 8	3,344 12 4	
Net Revenue	113,654 12 4	109,665 12 -		3,988 9 5
Per Centage of the Charges	17 13/16	17 9 0/16	20 5 3/16	

23. The general result it will be observed, is a decrease both in the gross and Net Revenue amounts in the respective items of Rupees 1,19,653-9-1 and Rupees 3,988-9-5 the greater portion of which attaches to the item of Sea Customs from causes noticed in Para 14.

24. In conclusion I beg to submit a statement shewing that at the commencement of the Fusly now reported on the Balance outstanding was.——— 672-9-2.

Amount realized ——— 218-10-10.

Ditto written off to Profit.

Dated 5th July 1849. and loss under sanction of Government 101-12-11

320-7-9

Balance at the close of 1258 Rupees 352-1-5

Of which Rupees 213-8-9 is recoverable and Rupees 138-8-8 irrecoverable; the latter amount I request the Board will have the goodness to recommend to be written off to Profit and Loss.

Calicut, 25th January, 1850.

(Signed) H. V. Connolly
Collector.

No. 7.

No. 1912/1848

To H. Mallett Esqre
Collector of Land Revenue
Bombay

Sir,

With reference to your letter dated the 9th Instant intimating that the present market Price of Salt at Bombay is Rupees 208 per Rask, and adverting to the very small quantity as yet brought to the Coast although liberal prices were offered I have the honor to request the favor of your informing me whether the rise in price above noticed proceeds from any deficiency in the produce of the season, any unusually great demand for exportation to Bengal or elsewhere, that I may, if need be, take the necessary measures for securing a supply for the use of the Monopoly in this District, before the close of the present fair season.—

I shall also be obliged for information of the probable extent of the present stock at Bombay as we shall require at least 200 Rask to meet the demand on the Malabar Collectorate

5031 Fort St. George 4th April 1850.

till October next

Calicut 10th December 1848

/Signed/ H. V. Conolly
Collector.

No. 2 of 1849.

To H. Conolly Esqre
Collector Calicut.

Sir,

In reply to your letter No. 1912 of the 20th ultimo, I have the honor to state that the rise in price of salt noticed by you is owing to the quantity produced in the Pans on the island, and the salt works in the neighbourhood having been much less during 1847/48 than during the preceding season, while there has been no falling off in the demands for exportation to Bengal.—

2d The present stock at Bombay does not exceed 30 Rasks—But the manufacturing season will commence in the course of a few weeks.—

Bombay Collector's Office, 3d January 1850

/Signed/ H. Mallett
Collector of Land Revenue

To

H. V. Conolly Esqre

Collector of Malabar

Sir,

I have the honor to acknowledge the receipt of your letter No. 1270 dated 31st ultimo, requesting to know the effect on the Quantity of Tobacco sold by the Cochin Circar since the reduction of its selling rates, and to transmit to you the accompanying copy of a report on the subject from the Dewan of that State No. 338 of the 10th Instant. —

Resident's Office
Trevandrum,
16th August 1849

/Signed/ W. Cullen
Resident

No. 338.

To

Major General W. Cullen
British Resident of Travancore
and
Cochin.

Sir,

I have the honor to acknowledge the receipt of your letter No. 1186 dated 7th Instant annexing copy of one No. 1278 of the 31st ultimo from the Collector of Malabar and to furnish you herewith with a Statement shewing the quantity of Coimbatore Tobacco sold in the several Bankshalls

Fort St. George 4th April 1850.

of this Circar from 1018/1842-43 to 1024/1848-49 M. E. both inclusive. —

2. The reduction in the selling price of Tobacco took place in the early part of the year 1023/1847-48 M. E. and the effect on the quantity sold will appear considerable when the sales are compared with those of the two or three years immediately preceding the reduction, but when compared with the sales in 1018/1842-43 and 1019/1843-44 M. E. the difference is not very great. —

From the Coll.r of Madras
From Do. 18th June 1846
From Do. 9th Do. 13th Do. 1848
To Do. 17th Nov.r Do.
From Do. 30th Dec.r Do.
To Do. 5th Sept.r Do.
From Do. 14th Dec.r Do.

To W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George.

Sir,

With reference to the correspondence noted in the Margin, I have the honor to report, for the information of the Board of Revenue, that the accounts of this Collectorate for Fasly 1252 have been finally adjusted, and consequently to submit herewith, in duplicate, detailed Statements of all authorized Allowances to the Religious and institutions of the Natives, as well as of service and charitable pensions and hereditary Stipends and other pensions paid for the support of ancient families, as follows.—

No. 1. Statement of Pensions and Charitable Allowances amounting to— Pags. 10,449-15-5
" 2. Do. of resumed lands Vcas. Do. to— 18908-12-"
" 3. Do. of Pagoda and Moopy allowances Do. 9,376-4-"
Rupees 38734-15-5

Madras, 23d March 1850

/ Signed / J. A. Huddleston
Collector

113-113

Proceedings thereon,

The Board request to be informed whether they are to understand that the Statements which accompanied the foregoing letter exhibit the aforenamed Vcas. payable in the District of Madras as they stood in Fasly 1252, as if so the heading should be altered so as to contain this specification, for which purpose the Statements are returned herewith.—
