Diary

29th April. Sent the following letter

To The Chief Secretary to
Government

Sir

To The Chief Secretary to Government ----- 1

I am directed by the Board of Revenue to request you will submit to Government the accompanying letter from the Collector of Tanjore dated 19th Instant, applying for an additional Copy of Clarke's new Code of Regulations and for the use of his special assistant who has a separate charge away from the Head-quarters.

In Cons. 25th April 1850.

2 If there is a spare copy of this work in the Government Office, the Board would recommend that Mr Bishop's application be complied with.

3 It may be necessary to explain with reference to Mr Bishop's acknowledgment of two copies of the Regulations and acts that three were furnished for the use of the Revenue Officers in his District, Viz one for the Collector, one for the Sub Collector and a third for the Head Assistant. Mr Bishop's letter would however appear to have been despatched before the Second Bang by Parcel containing the Sub Collector's copy reached him.

From the Collector of Trichinopoly.....

I have the honor to request that the Board of Revenue will be pleased to obtain for me leave of absence for 10 days under section XI (amended) of the absentee Rules to proceed to Salem on urgent private affairs. I beg to explain that I should not of course wish to leave the District until the return of Mr Hathaway, the Head Assistant Collector and that if the leave is granted I should regulate my absence so as not to interfere with any important current business or the remaining portion of the Summary Settlement.-

1848-49.

Para 1. The Management of the Gundracottah Polliput in the District of Tanjore which was placed under the Court of Wards for the benefit of the Minor Heir by the orders of the 8th June 1846 appears from the foregoing Proceedings and report accompanying to be satisfactory. The Management of this Estate for Faslies 1255-6- and 7 has been sufficiently noticed by the Court of Wards in their Proceedings of the 5th February 1849 also submitted with the above papers and it is only necessary to advert to the results of the year more immediately brought under consideration. The demand for Fasly 1258 was settled at Rupees 21771 being a slightly

slightly below Fusly 1257 the Collections within the year amounted to Rupees 20721 and the balance due by the Ryots of the Estate at its close has since been reduced from Rupees 1050. to 469 the greater portion of which is represented to be recoverable. Of arrears Rupees 4243 were also brought to account in the year under review and there were Rupees 13,700 in deposit on the 1st January 1850 which the Court of Wards have ordered to be invested in the 5 per Cent Loan.

2 The Right Honorable the Governor in Council is pleased to observe that of the Debts against the Estate when it came under Management amounting to Rupees 38,305-15-2. the greater portion has been settled and that there are only Rupees 10,269-14- remaining for adjustment of which Rupees 10,127--3 is due to one individual. The delay in the settlement of this claim is satisfactorily accounted for.

From the Secretary to Government.- Communicating for the Boards information the orders of Govt respecting the officers in whose care burial Grounds at outstations are to be assigned.-

Extract from the Minutes of Consultation under Date 25th April 1850.- No 411-

Read the following Extract from the Minutes of Consultation in the Ecclesiastical Department dated 15th April 1850.- No 75.- Read the following letters.-

From the Civil Judge of Rajahmundry.- (Here enter 21st March 1850 No 78)

From the Acting Magistrate of Bellary.- (Here enter 21st March 1850 No 3)

Para 1.- To prevent misconception as to the Civil authorities intended by the order of Government of 9th May 1848. to whose care the Burial Grounds at the outstations of the several Chaplaincies under this Presidency are assigned, the Right Honorable the Governor in Council directs that

that all Officers in charge of Jails at Chaplaincy outstations to each of whom a copy of the Resolution of Government dated 8th ultimo N: 50 will be furnished be requested to carry out the orders therein contained at their respective stations and that at Towns where no Sessions or Subordinate Judge resides the Cemeteries be considered under the charge of the Magistrate or the Resident Asst or assistant Magistrate.-

2. With reference to the letter from the acting Magistrate of Bellary above recorded, the Governor in Council observes that Bellary not being an outstation but the principal station of that Chaplaincy, the Burial ground there as at all other stations where there is a resident Chaplain is by the orders of Government of 3d May 1849 placed under the exclusive charge of that Chaplain on whose requisition the aid if Convicts should be afforded for maintaining the same in decent order

3. The orders of Government forwarded to Mr Pelly on the 8th ultimo were not as he erroneously supposes incorrect

or unnecessarily addressed to him for they were not intended to be applicable to Bellary Town but to any Chaplaincy outstations within the Bellary District.-

4. From the letter from the Civil and Sessions Judge of Rajahmundry of the 21st ultimo it appears that the Burial Ground at that station, hitherto used for the interment of Europeans is very small is crowded with graves and incapable of enlargement and that the cemetery for Native Christians believed to have been in existence prior to the receipt of the orders of the Government of India of 24th March 1849 and chosen as a fit site by the German Missionaries for the interment of their flock is far removed from the present European Burial ground and otherwise inconvenient. Under these circumstances the Right Honorable the Governor in Council directs the allotment by the Collector of Rajahmundry if a piece of Ground of sufficient extent to meet the wants of the community of the station leaving it to the native Christians to continue to bury their dead in the piece of Ground already set apart for their use if they so desire.-

Sir,

From the Actg. Collector of Bellary — Submitting his report on the subject of the Rates at which Columbo and Country arrack and Toddy are sold to the Natives by Civil abkarry Renters whose farms touch those of the Military Abkarry at and around Bellary &c. as called for by the Board under date the 11th. Instant.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 11th. Instant together with Copy of a letter from the Commissary General Madras, requesting me to forward a Statement shewing the Rates at which Columbo and Country Arrack and Toddy are sold to the Natives by Civil abkarry Renters whose farms touch those of the Military abkarry at and around Bellary, and desiring to know whether those Civil rates are considered by Collectors to be adapted to check consumption without promoting illicit manufactures or sales.

2. In reply I have the honor to state that there is no Columbo Arrack sold near Bellary. The lowest price at which the Civil Renter is by the

terms of his contract required to sell country arrack is 4 Madras Fanams per bottle. but the shop man probably sells it for less, about 4 Annas; possibly owing to the Madras fanam being no longer current. Toddy sells at places, where there are Date Topes, for 4 pice per pucka Seer. and 6 pice where it has to be brought from a distance. The above rates I should think are not sufficiently high to check consumption which is I believe on the increase among all classes of people; but whether the raising the rates moderately would really check consumption I am not prepared to say. I do not think that illicit manufacture of arrack would result from raising the Government minimum rate. for the contractors would look after their own interests sufficiently well to prevent others Manufacturing clandestinely. But the result of raising the rate would probably be the lowering of the Government Rent, or the selling of arrack at lower rate than authorized to enable the renter to pay his rent, or more likely, both these results would ensue

For

For if the price of arrack was so high as to put it out of the power of the poorer classes to purchase it, of course the renter could not afford to give so much as he does for his Farm, and yet he would not fail to take every opportunity of selling it at a lower rate than the authorized price wherever opportunity offered.

3 But I feel convinced that, raise the Minimum rate much higher than it is, it would not be possible to prevent the European Soldier from procuring it, which is probably the object the Commissary General has principally in view. For the illicit sale of arrack for European Soldiers is known occasionally to take place in the Villages near and distant from Bellary and 1 Rupee and more per bottle is paid for it by the Soldiers; and were the Rates raised to that extent it would not be effectual in entirely preventing them obtaining it.

Sir,

From the Collector of Cuddapah }

Agreeably to the orders of the Board of Revenue conveyed in Extract from their Proceedings dated 2d. April 1850, requiring me to furnish the Information called for in Para 3. Extract from the Minutes of Consultation under date 21st. March 1850, in reference to the Balance of Rupees 713–12–0 outstanding in this District at the close of Fusly 1258 on account of Stamps, I have the honor to state that the accounts connected with the sale of stamps are closed by the several Tahsildars on the 19th. of each month, and the Collections they may have made themselves or received from the Venders employed in the several District Moonsiff Courts from the 20th. of one month to the 19th. of the ensuing one, are remitted so as to reach the Hoozoor Treasury at the end of each month, with a view to the same being carried to its account

account at the commencement of the months ensuing. The total demand has been included in the Statement but such items as were not brought to account in the Hoozoor Treasury within the expiration of the Fusly or July 11th have been entered as outstanding, the Collections exhibited in the Statement comprising those made up to 19th June, consequent on the sale Proceeds of stamps realized from 20th June to 19th July not having been received and carried to account at the Hoozoor Treasury before the beginning of the next month.—

calling for explanation as to how any balance should be outstanding in the Cuddapah District, at the Close of Fusly 1258, on account of Stamp Revenue, I am directed by the Board of Revenue to forward herewith the accompanying letter from the Collector of that District, dated 19th Ultimo, furnishing the required explanation.—

Inclos. 2d. May 1850.

2. It will be observed that the Stamp balance, which attracted the attention of Government, was the Collections in the Talooks between 19th June and 11th July of Fusly 1258, which, not having been received at the Hoozoor Treasury until after the close of the Fusly, were exhibited as outstanding at that date. This is in accordance with the instructions of the Board, but they will call the Collectors attention to their Circular order of 15th March 1849 directing that the sums paid into the subordinate Treasuries should, as far as practicable, be called up before the expiration of the Fusly, so as to reduce

reduce the apparent amount of balance outstanding at that date.

Sir,

From the Collector of North Arcot. 1. I have the honor to acknowledge the Board's Proceedings under date the 11th Instant, forwarding copy of a letter from the Commissary General having reference to the price of Arrack and Toddy around certain Military stations, and requesting me to furnish the information sought, as regards Vellore.

Affords information required in Board's Proceedings April 11th 1850, respecting the price of Arrack and Toddy around Vellore.

2. In reply I beg to state for the Board's information that the authorized price of Country Arrack throughout this District is 24 Madras single fanams a Gallon, the price

price of Toddy is 6 fanams for a Pot of 15 Seers, except at Arcot and Ranepet where it is 10 fanams.

3. I am informed that the cost of making a Gallon of Country arrack averages about nine Madras fanams, and it is clear that a regulated price of 24 fanams offers a considerable temptation to smuggling and illicit sales. That illicit manufacture and sale take place there is no doubt, and it is equally certain that in some instances the authorized venders endeavour to protect themselves against this competition by selling below the regulated price. Neither of these irregularities exists to such an extent as to be a crying evil, and I am not disposed to advocate an alteration in the authorized price. With reference to the correspondence noted in the Margin, I would beg to observe, however, that it appears desirable that in adjoining districts the price should be the same.

4. The usual price of a Pot of Toddy of 15 Seers at the Cope is stated to be 1 Anna, with a Charge for carriage of about one fanam for five Miles.- Here also there is considerable room for profit, but probably the illicit transactions in Toddy are not very large-

From the Collector of Madura

Explaining the mode of accounts kept by the Sahukars as well as those kept by the Curnoms with the Ryots.

Dated 21 March 1850

Sir,

I have the honor to acknowledge the receipt of your printed Circular calling upon me to furnish full information as respects the mode in which Sahoukars accounts are kept and also those of the Curnums with the Ryots.

In the District Puttahs are written on leadjans and receipts on separate leadjans both stamped with the Collectors Initials. Owing to the seasons of Cultivation, the Puttahs are delivered late in the year but the stamped leadjans for receipts are distributed before the commencement of the Fusly.

2.

3. Each Month the Curnoms furnish a Varegodo or Statement of the Fusl to be paid by the several Ryots to the Natamgars, who, sitting in the Village Choultry collect the money which the Shroff who sits with them enters with the name of each Payer in a stamped Cadjan designated the Tundul Hoorpoo, a copy of

of this Tundul Hooripoo is given to the Curnom who previous to the Summalumoly enters the payments of each Ryot under his name in an Account called Warasee and after Summaluing frames an Individual Demand Collection and Balance Statement on leadjans. The Curnoms keep no further account of money collected, as the rule is that the whole Amount of the Tundul Hooripoo should be remitted to the Talook Treasury at the fixed periods.

4 The Tundul Hooripoo is prepared in duplicate, a sufficient number of stamped leadjans being furnished for the purpose. One leafy is retained by the Village Shroff. The other, the Natamgar generally accompanied by the Shroff delivers with

with the remittance to the Talooks. Thence it is sent to the Boogoor with the Monthly remittance and there deposited. The Natamgar also delivers to the Talook list or Jeralnamah on a plain leadjan specifying the Coins of which the Remittance is composed and obtains a receipt on a plain Cadjan.

5. In the Talook a daily Chittah is prepared on separate Sheets of unstamped Paper shewing the receipts from each Village with the particular of the Coins and the name and Office of the person bringing the remittance. Separate Chittahs are kept of disbursement with full particulars. After the Monthly remittance

to

to the Hoozoor an account Current is prepared in the Talook shewing in consecutive and separate strips of unstamped Paper the Collections from each Village and the particulars of disbursements - There are the only accounts of Receipts and Disbursements kept in the Talook.

6. As I do not understand your question to apply to other than to money Accounts I have not described the Accounts of Cultivation.

From the Acting Collr. of Tinnevelly

Reporting on Petition No. 7 of 1850.

Sir,

In returning Petition Board's No. 7 of 1850 bearing the Board's Endorsement desiring me to report fully on the subject of it with reference to the correspondence that has passed on the subject and the orders of Government thereon, the Petition, I have the honor to observe that the Petitioner is the illegitimate son of the late Zemindar of Cadumboor Semlooly Thadea Talaven, whose death was reported to the Board on the 23d December 1831.

2. Semlooly Thadea Talaven succeeded his brother on his death on the 20th June 1819, but had for a considerable time previously managed the Estate in consequence of his Brother the Zemindar being a Prisoner in Jail under sentence of 14 years imprisonment passed upon him by the Court of Circuit in the second

Letter to Board 28th June 1819.

second sessions of the year 1817 and where he died.

3. Petitioner has produced no document to show that he and his Father before him enjoyed land in two Villages as he states for 30 years by virtue of their having been made over by Coomaraswamy Thadea Talaven to his Father for maintenance and the above date of Coomaraswamy Thadea Talaven's conviction and of his death are not calculated to support the assertion.

4. It seems however to be true from the evidence of witnesses that for many years the Petitioner was permitted to enjoy the lands in question by the Incumbents of the Zemindary (the first and second widows of the late Zemindar Petitioner's Father who have held the Estate in succession after him) but there is nothing to show that the lands were formally made over to him as

as a Member of the family entitled to maintenance and being illegitimate Jaffna Hindu Law.

5. The present Zemindar states that the lands were allowed to the Petitioner by way of wages for managing the Sunnay or private farm of the Zemindary, and that in consequence of his neglecting his charge it was taken out of his hands and the lands which were given for his remuneration resumed.

6. An order not exactly of the kind stated in para 9 of the Petition but prohibiting any violent interference with Petitioner and breach of the peace was passed by Mr. Thomas but Mr. Elton after making further enquiry and satisfying himself that there had been no formal alienation in favor of Petitioner by any Zemindar of Caldumbroor did not consider himself justified in interfering to reinstate him

him especially when it was acknowledged that he claimed exemption from contributing any part of the Peishcush although the lands in question are entered as part of the assets in the Istemrar Pattah.

Ordered that the foregoing letter be submitted with the following address.

Government.

Sir,

The Board of Revenue having been directed to report on the Petition presented to Government by Comarasamy Thalaver of Codumbcor Sam desired to forward for the consideration of the Right Honorable the Governor in Council the accompanying Report on the subject from the Acting Collector of Tinnevelly.

2. The explanation of this Officer appears to the Board fatal to Petitioner's claim.

38-39

To the Chief Secy. to Govt.

29th April in Cons. Govt. P. 2nd May 1850. No. 21 & 22

3. He is the illegitimate son of the late Zemindar and is stated by the Acting Collector to have been in possession for many years of the two Villages to which he lays claim originally made over, Petitioner asserts, to his father by his brother the then Zemindar to whom his father succeeded in 1819.

4. No grant for the Villages having been produced it is to be inferred as stated by the Zemindar that Petitioner was permitted after his father's death temporarily to enjoy them in consideration of duties performed to the Zemindary. These not having been duly conducted and the lands forming an integral portion of the entire Estate the Proprietrix resumed them, a course of proceeding which the Board conceive she was authorized to pursue.

The Board of Revenue regret that they are unable to submit to Government the request of Colonel Cleveland to be allowed without purchase about 5 or 6 Cawnies of waste land at Conoor in exchange for a portion of his ground at Kotacamund occupied by Dhobies. The two questions must be disposed of independently of each other. From the Collr of Madras— Submitting all necessary information relative to certain arrears of Yeomiah claimed by a Fakeer Imaum Shah.—

Sir,

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 17th September last, and to state that the entry in the Orders to the Treasury shews that the arrears of Imaum Shahs allowance for 2½ years ending with 11th January 1848 / sanctioned by Government on the 8th August 1848 / were actually disbursed to him on the 11th July 1849 the date of payment being inserted in the Order previously prepared for each quarterly list.—

2. As at the date of payment, Viz.t 11th July 1849, further arrears from 12th January 1848 to 11th July 1849 or for 1 Year and 6 Months were due the necessary sanction was applied for on 31st August 1849.—

In

3. In the Statement of 31st. August 1849, it was explained that Imaum Shah drew the allowance up to the 11th. January 1848 and proceeded afterwards to Pervoanthegamvetty. The date on which this payment was made, Viz. of the arrears due up to the 11th. January 1848 was not specified in that Statement, but he applied in person for those arrears on the 25th. April 1848 and he now admits that he proceeded afterwards to Peroanthegamvetty and that he did so again after the 14th. July 1849- a fact which the entry in the Orders referred to above and the circumstance of his not having been found at Madras until a recent date would seem to prove.-

Vide petition dated 25th. April 1848 No. 1497.-

4. As the explanation in the Statement of 31st. August 1849. however is not sufficiently explicit and is in some respects incorrect-

incorrect, I beg leave to submit herewith a revised Statement instead, it being now clearly shewn that the arrears "due" up to the 11th. January 1848 were actually drawn "only in July 1849."-

Encl: No. 1-

5. I have again called Imaum Shah before me, and satisfied myself as to his identity by comparing him with his description roll of which a Copy is forwarded herewith- Being a poor man, he is unable to procure the attendance of any respectable person besides Fuzul Ali Shah- to depose in his favor but six other Fakeers who drew the same amount of allowance with him, have given evidence which is fully confirmatory of my views of the case and have agreed to forfeit their own stipends if their statement should appear to be untrue.-

3 From the Secretary to Government } Dated the 8th March 1850.

Sir, I am directed to forward for submission to the Right Honorable the Governor in Council

6434 Fort St. George 6th May 1850.

Council the accompanying draft Act "for regulating enquiries into the behaviour of Public Servants" and to request that His Excellency in Council will favor the Supreme Government with any observations or suggestions on its provisions which may appear to be necessary.—

Fort William, The 8th March, 1850. } (Signed) W. Grey. Under Secretary to the Government of India.

The following Draft of a proposed act was read in Council for the first time on the 8th of March 1850.—

Act No. of 1850.

For regulating enquiries into the behaviour of Public Servants.—

Whereas it is expedient to amend the law for regulating enquiries into the behaviour of public servants not removeable without the sanction of Government and to make the same uniform throughout the territories under the Government of the East India Company. It is enacted as follows.—

I The following Acts VI 1838 XXVI 1839 and XIII 1843 are repealed but not so as to revive any Act or Regulation or part of any Act or Regulation thereby repealed.—

Whenever

II Whenever the Government shall be of opinion that there are good grounds for making of formal inquiry into the truth of any imputation of misbehaviour by any person in the service of the East India Company not removeable from his Office without the sanction of the same Government it shall cause the substance of the imputations to be drawn into distinct articles of Charge and shall order a formal inquiry to be made into the truth thereof.

III. The inquiry may be committed either to the Court, Board or other authority to which the person accused is subordinate or to any other person or persons to be appointed by the Government Commissioners for the purpose.—

IV. When the Government shall think fit to conduct the prosecution it shall nominate some person to conduct the same on its behalf

V. Where the imputations shall have been made by an accuser and the Government shall think fit to leave to him the conduct of the prosecution, the Government before appointing the Commission shall require him to.

to furnish reasonable security that he will attend and prosecute the charge thoroughly and effectually, and also will be forthcoming to answer any counter-charge which may be afterwards preferred against him for malicious prosecution or perjury, as the case may be.—

VI At any subsequent stage of the proceedings the Government may, if it think fit, abandon the prosecution and in such case may, if it think fit on the application of the accuser allow him to continue the prosecution if he is desirous of so doing on his furnishing such security as is hereinbefore mentioned.—

VII The Commissioners shall have the same powers of punishing contempts and obstructions to their proceedings as is given to Civil and Criminal Courts by act XXX 1841, and shall have the same powers for the summons of witnesses and for the discharge of their duty under the Commission, and shall be entitled to the same protection as the Zillah and City Judges, except that all process to cause the attendance of witnesses or other compulsory process shall be served through and executed by the Zillah or City Judge in whose jurisdiction the witness or

or other person presides, on whom the process is to be served, and if he presides within Calcutta, Madras or Bombay, then through the Supreme Court of Judicature there. When the Commission has been issued to a Court or other person or persons having power to issue such process in the exercise of their ordinary authority they may also use all such power for the purposes of the Commission.

VIII All persons disobeying any lawful process issued as aforesaid for the purposes of the Commission shall be liable to the same penalties as if the same had issued originally from the Court or other authority through whom it is executed.—

IX A copy of the articles of charge and list of the documents and witnesses by which each charge is to be sustained shall be delivered to the person accused, at least three days before the beginning of the inquiry exclusive of the day of delivery and the first day of the inquiry.—

X. At the beginning of the inquiry the prosecutor shall exhibit the articles of charge to the Commissioners, which shall be openly read and the persons accused shall thereupon be required to plead "guilty" or "not guilty" to each

of them, which pleas shall be forthwith recorded with the articles of Charge.—

XI The prosecutor shall then be entitled to address the Commissioners in explanation of the articles of Charge and of the evidence by which they are to be proved, his address shall not be recorded.—

XII The oral and documentary evidence for the prosecution shall then be exhibited, the witnesses shall be examined by the prosecutor, and may be cross examined by the person accused. The prosecutor shall be entitled to re-examine the witnesses on any points on which they have been cross examined, but not on any new matter without leave of the Commissioners, who also may put such questions as they think fit.—

XIII If it shall appear necessary before the close of the case for the prosecution, the Commissioners may in their discretion allow the prosecutor to exhibit evidence not included in the list given to the persons accused, and in such case the person accused shall be entitled to have, if he demand it, an adjournment of the proceedings for three clear days, before the exhibition of such new evidence, exclusive.

exclusive of the day of adjournment and of the day of which the proceedings are adjourned—

XIV When the case for the prosecution is closed, the person accused shall be required to make his defence orally or in writing, as he shall prefer. If made orally it shall not be recorded, if made in writing it shall be recorded after being openly read, and in that case a copy shall be given at the same time to the prosecutor.—

XV The evidence for the defence shall then be exhibited, and the witnesses examined, who shall be liable to cross examination and re-examination and to examination by the Commissioners according to the like rules as the witnesses for the prosecution.

XVI All witnesses either for the prosecution or defence shall be examined on oath, or if exempt from taking an oath in Courts of Justice on Solemn affirmation to be administered in either case by one of the Commissioners, and every witness so examined and wilfully giving false evidence on any material point shall be liable to the penalties of perjury. When the prosecution

prosecution is not conducted on behalf of Government, the prosecutor may himself give evidence for the prosecution, and may be examined for the defence.—

XVII The Commissioners or some person appointed by them shall take notes of all the oral evidence which shall be read aloud to each witness by whom the same was given, and shall be recorded with the proceedings.—

XVIII If the person accused makes only an oral defence and exhibits no evidence the inquiry shall end with his defence; if he records a written defence or exhibits evidence, the prosecutor shall be entitled to a general reply on the whole case, and may also exhibit evidence to contradict any evidence exhibited for the defence, in which case the person accused shall not be entitled to any adjournment of the proceedings although such new evidence were not included in the list furnished to him.—

XIX When the person accused shall object and the Commissioners shall be of opinion, that the articles of charge or any of them are not drawn with sufficient clearness

and

and precision, the Commissioners may in their discretion require the same to be amended and may thereupon on the application of the person accused adjourn the inquiry for a reasonable time. The Commissioners may also if they think fit adjourn the inquiry from time to time on the application of either the prosecutor or the person accused, on the ground of the sickness or unavoidable absence of any witness or other reasonable cause. When such application is made and refused, the Commissioners shall record the application and their reasons for refusing to comply with it.—

XX After the close of the inquiry the Commissioners shall forthwith report to Government their proceedings under the Commission, and shall send with the record thereof their opinion upon each of the articles of charge separately, with such observations as they think fit on the whole case.—

XXI The Government on consideration of the report of the Commissioners may order them to take further evidence or give further explanation of their opinions, and when special Commissioners have been appointed may also if it thinks fit refer the report of the Commissioners to

to the Court or other authority to which the person accused is subordinate, for their opinion on the case; and will finally pass such orders thereon as appear just and consistent with its powers in such cases.—

XXII The word "Government" as used in this Act means the Governor General in Council, the Governor or Deputy Governor of the Presidency of Fort William in Bengal, the Governor in Council of the Presidency of Fort St. George and Bombay respectively, the Lieutenant Governor of the North Western Provinces of Bengal and Governor of the Settlements of Prince of Wales Island, Singapore and Malacca respectively, whose sanction is necessary for the removal of the person accused.—

Ordered that Draft now read be published for general information.—

Ordered that the said Draft be reconsidered at the first meeting of the Legislative Council of India after the 8th day of June next.

Proceedings thereon. The Board of Revenue have
no remarks to offer on the Draft Act sub-
mitted to them except as to a slight verbal
alteration which they would recommend
viz. the insertion of the word "Specially"
before the word "Appointed" in Section III. which
they apprehend would make more clear the
distinction in Section XXI between Commissioners
and Special Commissioners.

The Right Honorable the Governor

in Council authorizes the insertion in the leases for the Neilgherry Hills of the Form of Covenant B recommended by the Honorable Company's Solicitor. Mr. Dale will however perceive, on reference to the manual of our instructions for the disposal of land upon the Neilgherries drawn up by the Board of Revenue that parties to whom land may have been granted for agricultural purposes are not to be allowed to transfer, or otherwise alienate, any part of the land leased to them, which they may not have brought under cultivation. It is presumed that this stipulation has been duly introduced into the Form of Leases under preparation for lands taken up for agricultural undertakings on the Hills.

2. From Mr. Dale's previous letters* upon the subject it would seem that the Forms of the Neilgherry leases, have been already prepared, and their transmission to the Revenue Board has only been delayed, pending the settlement of the question of "Assignments" - as it appears that that question will be set at rest by the insertion of the Covenant B proposed by the Company's

From the A. G. Print.g Coll.r of Coimbatore ------ } Sir,

Forwarding *2 Plans as connected with the specification of certain lands previously sent to the Board together with Copy of letter from Captain Ouchterlony.-

1. I beg to forward the Plans just received from Captain A. Ouchterlony and referred to in my letter of the 18th Ultimo, No. 26.-

2. I have withdrawn, for the present, the lots of Mr. Crawford, Mrs. McAlpin, and and Reverend Mr. Griffiths - the Agent for the first, now states he is not prepared to take the land - part of Mrs. McAlpin's portion, has been occupied by a Serjeant's Quarters, and the rest is reserved in case of need, for public purposes; and Captain Ouchterlony's plan proposing a much larger extent of land than applied for, namely 54 instead of 30 Cawnies, and more than I think fair to allot to Mr. Griffiths in that locality.-

I

3. I have requested the Reverend Gentleman to furnish this Office, or Captain Ouchterlony's with further information - I request the return of the Plans when convenient - Copy of Captain Ouchterlony's letter is enclosed..

No. 3.

To E. B. Thomas Esqre
Acting Principal Collector of
Sir. Coimbatore.

Absence in the Hoondahs, has prevented me from furnishing at an earlier date, the Plans specified in your letter of the 28th Ultimo, but I have now the pleasure to enclose them with the exceptions of that for "the site of the old Post Office" applied for by Mrs Mc Alpin. which cannot be disposed of because a Public Building has been recently erected upon it, Viz. a residence or "Quarters" for the Staff Serjeant..

2. Upon referring to Mrs Mc Alpin upon the subject to ascertain whether she

she would wish to make any other application in lieu of that abovementioned, she expressed herself unable to decide, until she had consulted her son-in-law, Mr. Lascelles. I have therefore omitted her application in the list of Plans now furnished..

3. I beg your reference to the Plan for Mrs Crawford's application - It is entirely a suppositious one, as that Gentleman's Agent here, Messrs Framjee & Co say they know nothing about it - The piece of land shown in the Plan has been trenched off as if for reclamation and its position agrees generally with the description given in the application, save that it is 2 Cawnies less in extent.- From all I can learn, however, I apprehend there is no one on the Hills prepared to purchase the lot on behalf of Mrs Crawford, should it be exposed for sale..

4. Captain Pope's Plan is in order, and I have the pleasure to return herewith the rough Draft received with your letter Rec. 30.-

5. A Plan of the Land applied for by the Reverend Mr. Griffith's is forwarded I have marked the extent (by a Yellow ribbon) as correctly as I can, in accordance with Sketches and descriptions received from the Reverend

× returned herewith.

Fort St. George 6th May 1850.

Reverend Gentleman, but to prevent mistakes I might, perhaps, be allowed to suggest the advisability of it's being shown to him at the Office of the Board, before it is so acted upon, in order that he may have an opportunity of rectifying any misap= =prehensions of his wishes which it may exhibit.

6. The Plan for my own application for Jungle and wood land on Dodaketta, shows an excess of 4 Cawnies over the 20 quantity set opposite to my name, but as I applied originally for 16 Cawnies, under the impression that the idea you had been so good as to conceive of a "Planting Con= =servancy" of the wood being granted to me, might be realized, I trust the Board will not object to this small increase of Area, which is necessary for road purposes &c. and to prevent encroach= =ment.-

7. I take this opportunity of repeating the suggestion, which I ventured to offer to you personally a short time since, re= =garding the prohibition of the issue of Puttahs to Natives in future, by the Tahsildar, until reference has been made

Fort St. George 6th May 1850.

made to the Survey Office, to ascertain that the land sought for is free and unclaimed. I al= =lude of course only to lands lying in, or Conti= =guous to the 3 European Settlements. I need not recapitulate to you the fruitful sources of difficulty and annoyance in the settlement of boundary Questions in Ootacamund, which have been traced to the transfer, by Natives to Europeans and others, of Puttahs for tenures of land loosely granted in the outset, and vaguely and irregularly recorded.-

8. But it appears to me particularly necessary to institute a better system, now that sales of Government land are about to commence, both to insure to applicants pur= =chases free of claimants, and to enable the authorities to dispose of them warrantably as such.-

9. It appears to me to be the prac= =tice here, or I should rather say to have been the practice amongst the Natives to squat upon a piece of land to test it's ca= =pabilities; if the soil turns out fertile, they enclose a space, and go on with their cul= =tivation, until a Curnum or a Sibbendy Peon takes note of them - Their land, or garden, is then measured and assessed

and

and a Puttah granted by way of receipt for the Revenues levied, without further enquiry as to the Proprietorship of Soil, than oral evidence on the part of the Parties admits of. Indeed without a Plan to refer to, it must have been difficult, indeed impossible, for the local Revenue Officers, to know whether or not these squattings were encroachments, upon properties held under Government Grant.

10. As we now, however, possess a large, and I trust, correct map of this settlement and its environs, I would strongly recommend that in future, when a Native applies to the Tahsildar for a Puttah, he should before granting it to him, direct the applicant in the first instance to define clearly by a trench, or otherwise, the land which he desires farm, that he should then apply to me to inspect it to ascertain if it is unclaimed land, and finding it to be so, to note the boundaries on the Revenue Map regarding the Puttahdar's name on the record and furnishing the Tahsildar with a measurement of the contents, and if thought advisable, with a Plan to be attached

attached to the Puttah.

11. This, however, might be considered objectionable as taking up the time of the Paid Servants of the Survey Department, looking however to the frequent occasions upon which your valuable time, and my own has been of late wasted in the investigation of intricacies, arising out of the irregularities spoken of, I cannot but think that it would be found at the last, an economical appropriation of the services of a portion of my Department.

2. This wastage is nearly 5 per Cent on the quantity on which it occurred and is as the Board of Revenue have observed somewhat below the proportion of wastage during the two previous years.. It is however remarked that the percentage in Masulipatam is again large and that the cause assigned is not satis=factory. The revenue authorities should make such arrangements as would prevent the Salt being kept so long in store and the consequent high wastage - In Vizagapatam it is observed that the amount to be written off includes the quantity embezzled by the late Tanadar..

Para 1

It appears from the correspondence submitted with the foregoing letter that the Ceremonies of

of Heydra Punjah for which the yeomiah was granted were performed at the Chepauk Palace until January 1844, that they were then discontinued by the Nawab's Circar, and that they are since said to have been performed in the private dwellings of the parties participating in the grant. Under these considerations and as there is now no public service rendered the Right Honorable the Governor in Council concurs in the view taken by the Board, but under all the circumstances of the case he is unwilling to order the immediate resumption of the grant and he therefore directs that the Yeomiah Rupees 600 per annum be continued for the lives of the present incumbents in the proportions noted in the Margin, and that the portion enjoyed by each be discontinued on his or her decease. Distinct intimation that their shares will so lapse should be made to all the parties concerned.

Sir,

With reference to my letter of the 5th December, I have now the honor to forward a copy of the sentence passed on the 5th Instant by the Session Court of Chittoor in the case of fraud therein reported, in which Zaheroodeen was Prisoner.

2. In his examination before the Sub Criminal Court the Prisoner alleged that Ranbiah Begum was alive, and produced a female whom he declared to be that individual, and who declared herself to be so. This woman was then by order of the Sessions Court included in the indict= =ment. The evidence sent up by the Sub. Criminal Court being deemed by the Sessions Court to be insufficient the husband of Ranbiah Begum was summoned from Trichinopoly, and his evidence was clear and de= =cisive. A clue was also obtained to the real identity of the 2d Prisoner and the

She appeared to be a resident of Vellore and the widow of a Sepoy of the 10th Regiment Native Infantry. Persons who had known her at Vellore for years were sent up to the Sessions Court to prove this fact.-

3. The ultimate result was that both prisoners were convicted the 1st was sentenced to seven years imprisonment without irons but with labour suited to his circumstances and time of life, and the 2d to two years imprisonment with labour suited to her sex. The case excited great interest among the Mahomedan population of Chittoor, on account of the station and circumstances of the 1st Prisoner and his respectable connections; and great efforts were made to avoid conviction. The Mooftys of the Sessions Court, whose part it was to attend at the trial and give a futwah, having been excused from taking part in it on the production of a Medical Certificate

Prosecutor — Prisoners.

Circar. — 1st Syed Fakeroodeen Hossain
2nd Kateejah Bee alias Raubiah Begum alias Ashar Bee.-

The 1st Prisoner is charged with having fraudulently received from the Circar by means of false life certificates as the Vakeel of his sister Raubiah Begum about Rupees 4,790-9-7. in the aggregate, from Fusly 1233 (A.D. 1823-24) to Fusly 1257 (A.D. 1847-48) being her share of the proceeds of the Enam Village of Vailum, in the Taloolk of Cauveripauk

in

Fort St. George 6th May 1850.-

in the Zillah of Chittoor, at the rate of about 192 Rupees per annum, the said Raubiah Begum having died about the year 1823, and her share having reverted to Government from the date of her decease. The 2nd Prisoner is charged. 1st with having personated the said Raubiah Begum and fraudulently received from the Circar the abovementioned Sum or thereabouts by means of the 1st Prisoner.-

2. With having personated the said Raubiah Begum with intent to aid and assist the 1st Prisoner in defrauding the Govern=ment.-

3 With personating the said Raubiah Begum with intent to defraud the Government.

Remarks.-

1 The Jury unanimously convict the first prisoner of the Crime of extensive fraud with which he was charged and acquit the 2d prisoner of being accessary

Fort St. George 6th May 1850.-

thereto but find her guilty of appear=ing in Court under a false name to personate another person, in order to defeat the ends of justice and obtain the acquittal of the 1st prisoner, in which I concur.-

2. There is clear proof of the guilt of the 1st prisoner the 2d 3d and 16th witnesses including the husband of the deceased Raubiah Begum whose share of Dehut Enam the 1st prisoner has been receiving - depose distinctly to her decease and burial about the time supposed. Two of them including the husband declare that they saw the features, and recognized them, and Copy of a Civil decree passed by the Cauzy and Mooftys of His Highness the Nabob of the Carna=tic on the 9th July 1841 has been produced, in which her death was admitted in reference to the Suc=cession to certain property which was claimed as having been left by her.-

From

Fort St. George 6th May 1850.-

3. From the evidence of the above witnesses it appears that the age of Raubiah Begum, if still alive would be about 57 or 59 years and the Enam was granted so long ago as in the year 1795. but the 1st Prisoner admits having received the Enam and has brought forward a widow (the 2d Prisoner) whose age does not exceed about 40 years to represent her, stating that she is Raubiah Begum for whom he has been receiving the Enam in which statement he is supported by this person.-

4. Six additional witnesses depose that they have known this woman for many years, some of them from her birth as a shabee, the widow of a Sepoy a Hawker of tooth powder and Seamstress at Vellore.-

5. The 1st Prisoner had originally called twelve witnesses to prove that this person is Raubiah Begum and subsequently called seven others to contravert the evidence of the above.

Fort St. George 6th May 1850.-

above additional witnesses. Eight of the former were examined, the other witnesses could not be produced and the prisoner ultimately dispensed with them. Of those examined one only deposed distinctly that the 2d prisoner is Raubiah Begum for which he will be indicted for perjury as well as another of the prisoner's witnesses and one of the witnesses for the prosecution who stated the former that she had known the 2d Prisoner for the last three years and the latter many years ago as Raubiah Begum.-

6. With ordinary care on the part of the Collector's Establishment at the time when the 1st prisoner commenced drawing the Enam in the year 1828 the fraud could not have occurred. There seems little doubt that there must have been collusion with the 1st prisoner. The Enam had fallen 6 years in arrears, the cause of which evidently should have been enquired into. But it appears

appears that the Original Persian Syetnamah given in by the 1st Prisoner and signed by himself and others was in the name not of Ranbiah Begum but Kateejah Bee. This in the Mahrattah Syetnamah prepared in the Tahsildar's Cutcherry was changed to Kateejah Bee alias Ranbiah Begum which in the Collector's Register of payments is again altered to Ranbiah Begum to which alias Kateejah Bee appears to have been added in another hand.-

7. It appears that the 2d Prisoner never participated in the fraud. The Syetnamahs were sent in by the 1st prisoner and there was no clear identification of the person for whom the Enam was drawn and the evidence for the prosecution shows that her connection with the 1st prisoner has only originated with the present prosecution. But the Mahomedan Law Officer has declared that her having appeared in Court in the manner and for the purpose-

purpose above stated is an Offence rendering her liable to Tazeer or discretionary punishment.-

8. The 1st Prisoner is sentenced accordingly to seven years imprisonment and such labour as may be suited to his circumstances and time of life, and the 2d Prisoner to two years imprisonment with labour suitable to her sex under clause 7th Section II Regulation XX of 1803.-

9 There has been great delay and much time unnecessarily taken up in the disposal of the case from the imperfect manner in which it was committed. Although twice remanded it has been necessary to postpone the trial from time to time for further evidence. The prisoners must have been acquitted if the case had been disposed of as sent up to this Court.-

Sir,

(34-35)

To the Chief Secretary to Government.- -3-1-

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying communications from the Collector of North Arcot relative to certain frauds practised by an Enamdar of that District.

From Coll. 23rd Dec. 1849
in Cons 7th Jan. 1850.
From Coll. 28th January
in Cons 25th Feb. "
From Coll. 8th April
in Cons 6th May "

2. The nature of the fraud which forms the subject of the correspondence now under submission is as follows. One Zahiroodeen who enjoys a life share for life in the Enam Village of Vailum, and has been acting as Vakeel for his sister Raubiah Begum holding a similar life share in the Enam was charged with drawing since his sister's death, about 24 years ago, and fraudulently appropriating

Fort St. George 6th May 1850.-

appropriating the share continued in her name, which should have reverted to Government.-

3. The case after having been carefully investigated by the Magistrate, was tried by the Sessions Court with the assistance of a jury and it was clearly established on evidence of an unexceptionable nature that Zahiroodeen's accomplice, was not the person she had been represented to be, but the widow of a Sepoy, and that Raubiah Begum died long ago.-

4.- In consequence of this finding on the part of the Court Zahiroodeen, and the party who shared in the imposition were sentenced to Seven and two years imprisonment respectively with labor suited to their condition and sex.-

5. Under the foregoing circumstances as the Enam Village of Vailum was originally held in five shares for life and as two of these have been subsequently resumed on the demise of the widows

Fort St. George 6th May 1850.

widows of the original grantee, the whole Enam may be considered to have lapsed to Government, the only remaining claimant beeing a female who has long been absent and of whose death there is strong presumption. Should this party appear again for the payment of her Pension, within the prescribed period, an allowance, as the Collector suggests may be granted to her in Money equivalent to the average value of her share.

6. It will be seen from Mr. Bourdillon's reports on the subject that besides the principal parties whose case has now been laid before Government, there are others who though not implicated to an equal degree in the fraud practiced to the detriment of the Government interests, are so connected with it in having given false evidence of their Knowledge of the female convicted that

that the Board were induced, when the subject was brought to their notice, to direct that the payment of the allowances they severally enjoyed should be suspended, and the Government will perhaps think proper for the sake of example to authorize that these parties should be deprived of their Pensions altogether.

7. The system of checking the payment of these Pensions has been confessedly deficient, and the exemption that Mahomedan women enjoy from appearing in Public, which is the source of much imposition, has no doubt added to the difficulties in the present case, but notwithstanding these circumstances, the Board cannot but feel that the Native Officers of Government, entrusted with the checking and disbursement of Pensions generally, ought on this very account, to have exercised a greater degree of

8 It will be seen from the Proceedings of the Board dated 21st March last that Habeebullah the Sudr Yeomiah, who was also supposed to have laid himself open to a connexion with the fraud, has been under the explanation of the Collector, exonerated from responsibility in the same. His salary however being considered by the Collector too high has been under the orders of the Board reduced from the 1st of last Month from Rupees 60 to Rupees 35 pending the approval of Government.—

From Mr. Bourdillons

9 Remarks it will be observed that the conduct of Kullundar Buksh, late Moofty Sudder Ameen and father in law of Zahiroodeen, has not been free from suspicion in connexion with the fraud now brought to notice, but as he is absent in Bengal the Board have deemed it expedient to defer passing orders in his case until he has had an opportunity of exculpating himself—

10 The suggestion of Mr. Bourdillon contained in paras 20 et seq: of his letter of the 5th December 1849, that Mahomedan women receiving Pensions should be compelled, on reasonable cause of suspicion, to appear before the European Officers, appears to be worthy of attention as it prevents designing persons from taking advantage of a practice that has given rise to much fraud and consequent loss to Government

Government - A rule regarding the personal attendance of all females after the age of fifty, as suggested by Mr. Bourdillon, is not perhaps called for. -

11. The Collector has recommended that a reward to the three individuals by whose exertions a knowledge of the fraud in question has been obtained should be granted, and the Board beg to recommend that this suggestion of giving 100 Rupees to the principal party and 50 Rupees to the other two, may receive the sanction of Government. -

From the Collr. of Madura — Sir,

In transmitting the accompanying Statement of a Reward due to the informer by whom a Revenue fraud was brought to light, I beg to draw the attention of the Board to two circumstances.—

1st That the fraud was an Embezzlement which appears to be within the scope of their order, though the Heading of

6491 Fort St. George 6th May 1850

From Board dated 15th March 1849.

of the Form of Statement is confined to cases of concealed cultivation.

2nd That the Revenue Embezzled belonged to the Amenaikmoor Zemindary while some of its Villages were in attachment for arrears of Poishcush. It has been necessary therefore to carry the whole amount Embezzled to the account of the Zemindary, and the reward must be paid from the amount already and hereafter to be collected on account of fine.

Order thereon.

Ordered that the following letter be sent in reply-

To, The Collector of Madura.

(40-41)

To the Collector of Madura.

Informing him that the Revenue fraud brought to light by the Informer for whom reward is sought is considered by the Board to be an Embezzlement not within the scope of their order of 15th March 1849 and forwarding certain instructions for his guidance with reference to their Circular 22d September 1849 on that subject-

Sir,

1. With reference to your letter of 2d April 1850 transmitting Statement of a Reward due to the Informer by whom a Revenue fraud was brought to light, I am directed by the Board of Revenue to inform you that they consider the fraud to have been an Embezzlement not within the scope of their order of 15th March 1849-

2. As the Board's Circular of 23rd September 1849 and the Form transmitted with their letter above referred to seem liable to misconstruction and capable of some alteration they direct that the following Rules be observed-

"If any information shall be "given at or before the time of Summa- "bundy Settlement relative to frauds "committed by the Cummums in regard "to Concealed cultivation. Motumpha or any

6494 Fort St. George. 8th May 1850.

"any item of Land Revenue forming part "the annual Settlement/ such as Grazing "tax/ such Cummums shall be liable to "dismissal and the Collector will be "recommend if he thinks proper, for "the sanctions of the Board of Revenue, "that a reward not exceeding 50 per "Cent of the assessment of the Land "or of the demand if Motumpha &c./ "be given to the informant- No rewards "will be sanctioned for informations "given after the Summabundy- The "returns to the Board are to be made "according to the accompanying form-

3. I am further directed to observe that you have made an alteration in the heading of the Form sent for your guidance, by entering "Money Collections" instead of "Motumpha", and the Board are of opinion that rewards for concealed cultivation in villages under attachment for arrears should not be granted unless the annual Settlement of those Villages is actually made by the Revenue Officers of Government-

Proceedings thereon,

Submitting letter from the Collector of Madras with previous correspondence on the subject of the Arrears drawn by Imaum Shah a Jaheer and that now due to him and that now due to him, and conveying the Board's views on the subject.—

Resolved that the letter above recorded and its enclosure together with the previous correspondence be submitted for the orders of the Right Honorable the Governor in Council.

From Coll.r 31st August in Cons.n 10th September 1849.—

2. The period for which the arrears are due and the amount thereof have been altered by the Board to "Two years and three "months or from 12th January 1848 to 11th April "1850 Rupees 27— —. —" and the Board recommend that under the circumstances represented by the Collector sanction be granted for disbursing this Amount to Jaheer Imaum Shah and for continuing the allowance from the 12th Ultimo.—

3. The Board observe that during the past 4 Years and 9 months Imaum Shah has resided at Madras only a few days in 3 intervals in July 1848 on which occasion he claimed 2½ years in July 1849 when he obtained payment of the arrears he had claimed in the preceding August and on which occasion he claimed further arrears of 1½ Year and in April 1850 when 9 months arrears became further due.— The

Note. Two & half years Arrears sanctioned on the 8th communicated to Collector on the 17th August 1848 were paid to Jaheer Imaum Shah, on the 11th July 1849.

4. The practice of allowing a twelve month to ensue between the date of sanction of for arrears of yeomiah and the date of payment in such cases as the present, is irregular, and this practice, as well as the repeated prolonged absence of such yeomiahdars should be discouraged, as they will tend to defeat the object which the Government would appear to have had in view in Extract Minutes Consultation of

In Cons.n 2nd October 1848

the 19th September 1848, in fixing 4 years as the maximum period, for the admission of claims to the continuance of a yeomiah, such as might be claimed after this period being considered as having lapsed.

now held by his son, Audi Ponnen. It provides for the payment of Rupees 20—1—0 per annum, which

which he drew up to the 11th July 1846. Having afterwards proceeded to the Northward and on returned only lately, he applied to me on the 23rd Ultimo for the arrears due to him from the 12th July 1846 to the 11th January 1850, or for 3½ years, Viz. Rupees 70–3–6. but as the period within which payments can be made without special sanction has expired in this case, I submit it for orders.

2. The Certificate referred to above was issued with reference to the entry No. 11 in the list which accompanied Mr. Ellis's letter to the Board dated 1st April 1813.

Proceedings thereon.

43-44

Resolved that the letter above recorded be submitted for the orders of the Right Honorable the Governor in Council.

2. The Sale compensation Certificate on which the present claim is made, for the arrears, by Audi Pounen, was obtained by him in succession to his father the late Condaspah Naick in whose name it is entered in the Statement enclosed in Mr. Ellis's letter to the Board of the 1st April 1813, and under the explanation of the Collector

Collector of the cause of payment having fallen into arrears the Board recommend that sanction be granted for the payment of the arrears from 12th July 1846 to 11th January 1850 or 3½ years amounting to Rupees 170–3–6 (Seventy, Annas three and pice Six.

From the Acting Princl Collector of Coimbatore. } Para 1. I beg to reply seri-atim,

Returns Petitions Nos 2368 & 2408 of 1849 being complaint of certain people against an order passed by the Actg Princl Collector relative to the uses of Chultrams by Travellers - affords information on the several points noticed by the Board & encloses Copies of orders which have been issued on the subject with an Extract from the Diary of the Civil Engineer & forwards translated copies of 9 Urzees to show the manner in which the Chultrums are managed in his District. -

to the queries of the Board's Proceedings, of the 7th Instant. -

1 Which are the Specific Buildings referred to? - There are no specific buildings referred to in the Petition. the assertions are general, referring to all Chultrums in the Province - they probably however, were occasioned by my orders on the Guzzlehutty Choultry and proceedings rightly informed, from a Brahmin removed for gross neglect and abuse there - On this point full information is afforded by the Translates and original Tarreeds forwarded for the Board's information. -

2 Were they Established by Private Individuals and when? or are they Circular Endowments? - There are only five Chultrums in the Province built and supported by

1. Cochen King's pials at Coimbatoor
2. Coompee Setts at D°
3. Rest Pansings at Vallier
4. Annajee Rows at Trivadey
5. Ramaiah's at Suttimungalum
6. Naranappah's at Bhavany-

by Private Individuals. as noted in the Margin, upon which no Sort of Control is exercised, they being considered purely private Institutions - Independent of them, there are thirty two Buildings of a different Character, that is, constructed by Private Individuals, but endowed and supported with land or money from Government; besides 40 others of a purely public nature; having been entirely built and supported by Government; with an allowance in land or money. 2 are now under construction, for which, and for four others, no allowance has yet been fixed. -

3. Are they intended for any peculiar Caste or Castes? and how have they been settled to be endowed? -

The Buildings were doubtless intended for the general use of Travellers and on such grounds were endowed with Government Funds - in practice the lower clafses have been excluded. There are no records, or documents in the Chattrums themselves, or in my Office, to show that they were intended solely for any particular order

order or clafs.

4. Are there separate Buildings attached to them where the lower Castes can be accommodated? -

In some few places, there are Moosaphur Chanahs. in most other no Shelter. The Moosaphur Chanahs, in many instances, are not near the Chattrum, but at a distance. are small and temporary ones, and hardly capable of accommodating more than 10 or 15 persons, being usually open Buildings without any doors or Walls.

5. What were the actual orders of the presiding Collector on the subject on record? -

10 June 1848.

The order issued by me was "to provide accommodation for all clafses of Travellers" in places where there are no Moosaphur Chanahs, or the existing ones out of order; the lower clafses to be accommodated in the outer Verandahs of the Building only. Such practice already existing at Metapolliem, Conoor, Errode and else-where. My orders had reference, the Board will observe to "Circar (Government) Chattrums" only, and were merely following up previous orders issued by Mr. Throughton in 1848. To give the Board the fullest information (as they seem to feel some doubt on my

Fort St. George 6th May 1850.-

my proceedings I beg to forward the 2 original and only orders sent by me on the subject.-

2. I would beg to offer a few further remarkES on this subject. In moving through the whole District (which I have done lately from the Annamallies on the South to Collegal on the Northern extremity with the Civil Engineer as well as Bhavany and Errode to the east) I found the Choultries, in many instances, greatly neglected and abused. Generally speaking there is accommodation provided for Bramins only, to the esclusion of nearly all others, except a few wealthy individuals contrary to the spirit and intention of the orders of Government, and the Court of Directors, conveyed in their General letter dated 3d June 1846, paras 41 and 43, as well as to the probable intention of the Original founders, in few instances Bramins, but Chetties, NaikS, Pullies and other Charitable individuals.- In other Chettrums Byraghies only, had monopolized the Chettrums a clafs of idle, but sturdy Beggars.-

The

Fort St. George 6th May 1850.-

3. The Bramin in Charge, of course, attends to Bramins only and inhabits in many instances, a prart of the Choultry for himself and family, to live in rent free. Instead of Several entrances so that all clafses of respectable, though poor, Travellers may enter without clashing and interference as to their castes &c. one door only is often provided, and the whole Choultry monopolized by a few.-

4. I have procured from the Civil Engineer, a Plan of Chettrum, appropriated and useful for all clafses, affording different entrances and partitions within, so as to prevent interference or pollution to the most rigid and exclusive. Namely 1 Division for Bramins, 1 for Soodras, 1 for Mufsalmans, 1 for all other and lower clafses.- an arrangement of this kind is the only one which will constitute the Chettrum, a really charitable and useful Public Building as intended by Government to facilitate the Convenience and Comforte of all clafses of the Community whether Travellers, Merchants or poorer Parties

Immediately

† Vide Civil Engineer's letter for October 1849. Copies of appended.-

Fort St. George 6th May 1850.

Immediately I heard that any had mis-understood, intentionally or not, my order of 1st November 1849. I issued the second of 18th February 1850, restricting still further (and indeed rather more than I thought quite just) the accommodation of Poorer Travellers.—

5. In one I lately visited built by a Bramin, Yelliah of Errode, on the Banks of the Cavery most useful and much frequented, all classes are conveniently and distinctly accommodated under the same roof by allotting an outer Hall walled off to the poorer classes; with separate doors and entrances for the better classes. I would however go further in deference to caste feelings and allow all Builders of new Choultries if they prefer it, to construct a separate and detached Building for the lower classes but no Government Endowment should be accorded till accommodation is in some way according to the Honorable the Court's order, provided for all. Many of the signatures affixed to the Petitions, under review, are fictitious and

and those that are genuine, are from a misapprehension.—

6. The two Petitions Nos. 2368 and 2408 of 1849 are herewith returned.—

No. 1.

Extract from the Official Diary of Major F. C. Cotton, Civil Engineer 7th Division for the moth of October 1849.—

One great cause of this inconvenience, is the mistaken form given to the Choultries, which being in the form of a Native house, enclosing a small Square, with one or, at the most, two narrow entrances, cannot well be occupied by different castes. I believe the best mode of correcting this, would be, to open an entrance in each of the four Sides, and close up the back; so that each room should have a front of it's own, and an outlet in the enclosed yard.—

No. 2.

Translated Copy of a Urzee from Anniah, Tahsildar of Denaikenn Cottah, to E. B. Thomas Esqre. Acting Principal Collector of Coimbatore, dated 18th September 1849.-

Received your Tahkeed No. 35, dated 1st Instant, directing me to enquire into and report upon the Conduct of the Establishment Kept up at the Chuttrums at Guzzlehutty and Talamalay in this Talook where it is reported that the requisite Supplies are not furnished to Travellers.

The Enam originally allotted to the Chuttrum at Talamalay amounted to Rupees 257-4-1- as specified in the accompanying list, which was subsequently resumed- lands assessed at Rupees 235-15-7- are waste, and the remainder bearing an assessment of Rupees 21-4-6, is only under cultivation, the proceeds thereof being annually carried to the account of Government. This building is on the High Road to Mysore and is very necessary to Travellers, an Establishment was lately Kept up from the Trustees Funds-

Fort St. George 6th May 1850.-

Funds of the Madaswarasamy Pagoda in the Collegal Talook, consisting of a Superintendent on a pay of 3 Rupees 8 Annas per Mensem, and of a Cawadee or Firewood Supplier, and a Sweeper, at one Rupee each- a further Sum of 1-8-0 was also allowed for contingent expences, such as the purchase of Buttermilk &c. &c. the aggregate monthly allowance being 7 Rupees and when the above Pagoda was made over to the Trustee simultaneously with the other Davastanums in the District, the Chuttrum Establishment was discontinued and ever since no charity is dispensed here- It appears that the "Ameen" Stationed at Talamalay has employed the Bunglow Sweeper, to clean the chuttrum occasionally which is now available to Travellers- merely as a Shelter--

To the Chuttrum at Guzzlehutty a monthly allowance of 44-6-11 is allowed Viz. Rupees 30-6-11 to supply rice and Raghee flour, gratis to Braminsand Biraghies, and Rs. 14-0-0- for the pay of the Establishment.-

This Chuttrum was lately under the

the management of the Officers of Government but when the several Davastanums in this District were given over into the charge of the Durmakurtahs, as the monthly allowance of Guzzlehutty Chuttrums was paid from the Tusdeek Funds of the Pagoda in Audioor, an order was received from the Huzoor to nominate a certain number of Trustees to the said chuttrum also. Pursuant to this order, one Soobbien Curnum of Sadiempolliem, and another individual of the name of Soobba Row of Sirmoogah, were appointed Durmakurtahs; to whom the prescribed allowance is disbursed monthly from the 12th of July 1846. these persons say "that the "required quantity of rice and other articles "are purchased and sent by them to the "Parties employed in the Chuttrum, by "whom the receipt of the same is acknowledged, and an account Particular furnished exhibiting the daily expences thereof; "that one of them, Soobbarow has occasionally "proceeded to the Chuttrum, and "enquired if the Chuttrum allowance is not misappropriated; that

that the pay of the Dib: "bendy is properly disbursed, in support "of which, a Statement is also produced, "and that there is now a surplus of Rupees "13-14-8 as exhibited in the monthly "accounts which were submitted for "my inspection." To this effect, the Durmacurtahs have also given a deposition before me.-

In order to ascertain whether the prescribed charity is really properly dispensed or not, I enquired of Teroonum deposorum, who declare that their village is situated at the distance of about 1/4th of a mile from the Chuttrum, and that they are therefore unable to say whether rice &c are given to Bramins and others or not, and to this effect they have also signed a Mohazurnamah.-

Nunjah Gounden Goomastah of the Monigar of the said Village deposes, before me, that he is not in the habit of visiting the Chuttrum daily, that he has proceeded there two or three times in every month, when, he has invariably heard

heard from Travellers, that Rice and other articles are not furnished to them.—

Veneata Soobbien, the Monegar of the Chuttrum and the Cawadie and Sweeper have stated that the Durmacurtahs send to them monthly the prescribed quantity of Rice &ca; that they give what reaches them to Bramins and other travellers; that in consequence of a delay in the arrival of the supply at the Chuttrum in the beginning of every month which varied from 5 to 10 days, there was some cause of Complaint on the part of Travellers; that Raghee flour is not distributed to Biraghees, no provision being made by the Durmacurtahs on that account for the last two years; and that they receive their pay punctually in every month.—

On referring to the daily account of disbursements, the names of several travellers are set down to whom rice &ca are alleged to have been furnished; but it is impossible to ascertain from them whether such has been the case

or otherwise the Inhabitants of the Village plead ignorance and the Durmacurtahs and the Chuttrum Establishment assert that the object of the Institution is fully met. and produce accounts which I however have no confidence to believe to be correct. A large monthly allowance is granted to this Chuttrum which is not properly or fairly disbursed, the amount is merely paid to two Durmacurtahs both of whom reside at the distance of about 30 miles from the Chuttrum. they send some supplies to the Establishment kept up at Guzzlehutty by whom the said supplies are disposed of as they please without any benefit whatever to the Travellers. That the Biraghees do not receive Raghee flour is evident from the Statement of the Persons employed in the Chuttrum. I discovered on the walls of the Building several remarks made by Travellers complaining that they are not furnished with Rice &c. which are written in terms of reproach and abuse against the Durmacurtahs and Government, and from private enquiry and information I have also strong reason to believe that those

these complaints are true - The appointment of another Durmakurtah will be equally useless he gets no pay and therefore will only appropriate a portion of the allowance for his own use without regard to the Public interests. Under these circumstances it appears to me that it would be far better to take the Chuttrum under the immediate management of Government as before which will be a great advantage to Travellers

The several depositions taken in this case as well as an account Particular and other documents in all 11- are sent herewith and I beg to be favored with your instruction on the subject.

Translated Copy of Uzee addressed by Annah Tahsildar of Danaikencottah Talook to E. B. Thomas Esqr. Acting Principal Collector of Coimbatore, dated 19th October 1849 A°. 91.

Your Takeed A°. 75 dated the 4th instant

Instant reached me at Talamalay where I was engaged in the Dittum settlement. In this Takeed I am directed to consult the Curnum Monigar and Ryots of the Villages in the neighbourhood of Guzzlehutty and to obtain from them a "Mahazurnamah" showing the names of one or two respectable persons to be nominated as Durmakurtahs of the Guzzlehutty Chuttrum the present Trustees being found to act improperly.

I proceeded to Guzzlehutty on the 11th Instant and consulted the Curnums, Monigars and Inhabitants of the Villages of Aundeepoorum, Seppatoray, Soongaur, Boodeecoopsah &c.a. Their Mahazurnamah and a Petition presented to me by one Aunjah Gounden of Aundeepoorum are herein enclosed.

The inhabitants of the several Villages alluded to unanimously agree in the nomination of the said Aunjahgounden to the appointment of Durmakurtah and they further state that he is a respectable land holder and will perform the functions of the Trustee with advantage to

to Government and to the people - Hee also states in the Petition that in the event of his being appointed a Durmacurtah he will visit the Chultrum every day and see that the object of the institution is fully met - In this part of the Talook which is situated in the heart of the Jungle no other respectable Ryot is to be found able and willing to take the appointment and as Kunja gounden appears to be the only proper person I beg leave to submit the matter for consideration and request instructions on this point.

For a period of 4 Months no Sibbendy was entertained; in the meantime, one Soobbaroy Chetty of Sherapett, brother-in law of the said Lingummah appeared at the Hoozoor and entered into an agreement to the effect that he will repair the building within three months from that date, that he will employ a Braman, a Cowadee Andee and a Sweeper, and that he will make arrangements for the supply of Rice, Buttermilk, leaves &c to travellers

travellers facing which the Enam lands as well as the Chuttrum were to be resumed by Government. For the better observance of these conditions he tendered one Linguspa Chitty son of Chenneeneera Chitty of Combatore as his security, the agreement and security Bond were filed in the Huzoor Cutcherry on the 12th June 1845 and a Sakeed No. 327 dated the 24th: idem was issued to the Talook directing the restoration of the Enam to Soobiaroy Chitty, and to see that the conditions entered into by him are duly performed.

This individual never proceeds to Sermogah, the Sibbendy agreed upon by him has not been entertained, and no sort of charity is dispensed - the Chuttrum situated in the midst of the Aggraharam is therefore in bad order, the complaints from Travellers on this account are very great, the truth of which is confirmed by my own inspection of the Building. I have taken depositions on this subject from one Ramien a Bramin employed in the Chuttrum from Siddeeneera Chetty Monigar of Ellicheeray

Village in the Talook to whom I hear the management of the institution is given over by the said Soobiaroy Chetty, from Variandy and from Comady Cooney which together with copies of agreement security Bond and Sakeed referred to above I beg to forward herewith, being in all 7 documents.

Siddeeneera Chetty states that he has employed a Bramin named Ramien on a pay of 3 Rupees a Month to supply water and Buttermilk to Travellers, one Andy Variandy to furnish leaves whose pay is Rupees 1-8- a Month, a Comady (Connen) for bringing firewood on the same salary, and a Sweeper (Ramayee) at one Rupee a Month besides a Monthly allowance of one Rupee 8 annas for the purchase of Buttermilk and oil for the use of Travellers.

The Andy declares that he was appointed only 15 days ago on a pay of one Rupee 8 annas a Month for which Siddeeneera Chetty promised to grant lands yielding a revenue of 18 Rupees

Rupees ℔r annum which is equivalent to his salary, that he has to make Poojahs in three Devastannums of Buddracauly and other Sawmies in the Cusbah of Sirnogah which will not permit his attendance in the Chultrum, that he is therefore furnishing plantain leaves through his sons and that if he is required to remain in the Chettrum regularly he is not willing to hold his new appointment.

Cowadie Coonney says that he was employed in this situation two Months ago and that he is furnishing firewood from that period when required, acting in the meantime as Tundulear of the Village of Ellichecaray under the orders of the Monigar.

The Bramin named Ramien declares that his salary is not paid in Cash but lands assessed at Rupees 34 ℔r annum are made over to him which only yield produce equivalent to Rupees 15, that he only receives 4 or 8 annas for contingent charges, that the payment of this sum has been discontinued from the last two

two Months and he is therefore furnishing at Buttermilk ℔ea to travellers at his own expence, that there were no Cowady or Aundy in the Chattrum previously and that they have been employed a Month ago in consequence of a report that an enquiry was to take place into the state of all the Chattrums, that the Aundy did his duty for 2 or 3 days and then went away that the Cowadie who resides at Ellichecaray at the distance of about 3 Miles is supplying firewood two or three days once and that the sweeper is the only person who attends the Chultrum and cleans it.

A large extent of Enam land has been granted to this Chultrum amounting to no less than 176 and odd Rupees ℔r annum which is not properly applied to the purpose for which it was intended, the roof of the building is leaky from want of repairs in time which is great inconvenience to travellers who loudly complain of the difficulties experienced here from want of firewood leaves. Comadie Coomey says that he was employed in this situation two Months ago and that he is furnishing firewood from that period when required, acting in the meantime as Sundulear of the Village of Eelicheearay under the orders of the Monigar.

The Bramin named Ramien declares that his salary is not paid in Cash but lands assessed at Rupees 34 ₹ annum are made over to him which only yield produce equivalent to Rupees 15, that he only receives 4 or 8 annas for contingent charges, that the payment of this sum has been discontinued from the last two

residing in a different place he appoints now and then an Agent to manage the affairs of the Chuttrum who does not even endeavour to have the Eenams cultivated of which only 100 Rupees worth of land are brought under cultivation the rest being allowed to remain waste the proceeds of the cultivated land are misappropriated and the affairs of the institution are neglected -

It appears to me therefore that it will add much to the credit of the Cirkar and to the convenience of Travellers if the management of the Chuttrum and of the Eenam lands annexed thereto is taken into the hands of Government. This building is on the High road to Mysore and very much wanted by travellers and is the only place of accommodation on this main line.-

Proceedings thereon -

From the explanation now offered it would appear that the Complaints that have been made against Mr Thomas' proceedings arose from a misapprehension of the steps adopted by that Officer.

2. The orders issued by him had reference merely to Cirear Chuttrums or as they are termed in the Takeed dated 1st November 1849 Cirear Charity Chuttrums.

3. The Acting Principal Collector would under this view of the case appear to have been justified in reforming the management of the Chuttrums, but the Board are inclined to think he has in his orders made use of a designation that is too large for while it excludes it is true Institutions built and supported from private funds, it would comprehend all Chuttrums and Choultries that have been constructed and endowed by the state as well as all private Establishments as have received a provision from the Government for their support.

4. The Board do not suppose that the

the Honorable Court, in propounding the principle that Institutions proposing to restrict their benefits to particular classes should be refused the usual endowment on the part of the state, ever contemplated a retrospective application of their orders.

5- The Acting Principal Collector would have therefore acted more judiciously in confining his attention to the 40 buildings built and supported by the Government mentioned at the commencement of his letter, carrying out his principle of reformation in the other institutions gradually as circumstances admitted. Instead of a general order enforcing a new System on old Institutions it would have been better to have dealt with each case separately and Mr. Thomas will be pleased in future to conform to this course.

6. Before authorizing the alterations proposed by the Acting Principal Collector to be made in existing buildings so as to accommodate Pariahs and Mahomedans where such accommodation has

has not existed before, the Board would request of Mr. Thomas to furnish a correct plan shewing the nature of the proposed improvements. He will also furnish a plan of the Chuttrum alluded to in para 5 of his letter and state whether and where instances occur of all classes of Hindoos with Mahomedans being accommodated and dressing their food under one and the same roof.

7. From the Thasildars report it appears that the Chuttrum at Tullamally is in a neglected condition in consequence of want of support. The Acting Principal Collector will be pleased to ascertain and report whether the building is required at all, why the lands for its support were resumed, and what measures should be taken to render the Institution useful to the Public.

8. Mr. Thomas will also obtain information whether the Choultry at

Fort St. George 6th May 1850

at Guzzlehutty is supported from the Pagoda funds. If not, whether a Hospital may not be established in connexion with it, and whether the Institution may not be placed under better management

Ordered that the following Endorsement be passed on Petitions Nos. 2408/49 and 3 of 1850.

Govt. Pl: 2368 of 1849

"Petitioners are referred to the Acting Principal Collector who has received the instructions of the Board on the subject of their complaint, Petitioners Statements are general. The orders of the Acting Principal Collector it appears did not refer to private Institutions."

Sir,

Para 1 The number of persons charged with offences under Regulation IX of 1822 during the second half of 1849 amounted, exclusive of the five Northern Districts, to 140, being 120 below the number charged in the previous six Months of the same year. Of the above number 125 were

were convicted and 15 acquitted being in the proportion of 89 and 11 per Cent respectively.

Nearly the whole of the number charged were Village Officers and the trials were chiefly in.

Under the explanation furnished by the Collector of Masulipatam regarding the discrepancy noticed in Para 15 of the Extract Minutes of Consultation of the 10th October 1848 No 1112 the Right Honorable the Governor in Council grants sanction for the payments made to Meer Surwah Ally from July 1253 and for the continuance of his pension of Rupees /503-4-11/ Five hundred and three and annas four per Annum.

2. The Collector should be instructed to exhibit the name of the incumbent in his future accounts as Meer Surwah ally son of the late Meer Mustajab Sahib to obviate any doubt as to the identity of the party referred to.

3. The Governor in Council has not failed to notice the great and apparently unnecessary delay in furnishing the explanation required in the present case

case which is submitted by the Collector after a lapse of eighteen Months though there seems to have been no difficulty attending the investigation of the subject. As such delay must have interfered with the audit and adjustment of the accounts of his District, already greatly in arrear, the Board will call the particular attention of the Collector to the responsibility he incurs in thus leaving his accounts unadjusted for so long a period as 6 years and direct him to submit without further delay the requisite explanation on the remaining items noticed in the Minutes of Consultation of the 10th October 1848.

Reporting on the management of the Coctra Sources of Revenue in the District of Chingleput for Fasly 1258.

No. 432.

Extract from the Minutes of Consultation, Under date the 2nd May, 1850.

Read the following Extract from the Proceedings of the Board of Revenue.

/Here Enter 11th April 1850 No. 161/

Para 1. The settlement of the Coctra Sources of Revenue in the Chingleput District for Fasly 1258 amounted to Rupees 3,73,450-15-9 and was Rupees 1,157 20-15-2 below that of the preceding Fasly; the decrease occurred solely under the head of Salt, in all the other items there was an increase, the chief of which was in Stamps Rupees 7,338-6-—

2. The decrease in the sales of salt amounted to Rupees 1,24,762-9-— of which Rupees 114,928-9-— is stated

stated to have been in the Sales for Home consumption and Rupees 109834 in those for transport into other Districts - The decline has taken place in nearly an equal degree in those ranges of pans which are remote from and those which are contiguous to the Madras Cotaurs - These results are attributed by the Collector to the sale of Salt at Madras for inland consumption to the low price of Grain preventing the resort of the Brinjarees to the Coast, and to the resumption of the Sales at the Mercanum pans in South Arcot - There appears reason to believe that the decrease in the Chingleput Salt Sales has arisen principally from the first of the causes here assigned by the Collector - The fact pointed out by Mr. Freese Vizt that the falling off even at the Southern pans of his District has been chiefly in purchases for export to Salem, Mysore and North Arcot, tends to prove that the progress of the great Western Road and the opening of the Madras Salt Stores to the inland dealer, have produced a decided change in the course taken by the trade for the supply of Salt to those Provinces generally. Such change could not

not have been brought about had it not been to the advantage of the Salt Merchant - an advantage which must in some degree be shared by his Customers - In a general point of view therefore the change cannot be regarded as unsatisfactory though hitherto it has not been productive of any increase of revenue. The aggregate quantity of salt sold at Madras at the pans of Chingleput and at those of Mercanum at the northern extremity of South Arcot which in the consideration of this question may properly be viewed together, was in Fusly 1258 nearly the same as that disposed of in Fusly 1257.

3. Referring to Para 11 of the Collectors report and Para 6 of the Board's Proceedings the Government would remark that it is desirable to dispose at once of Mr. Freese's suggestion for the reduction of the minimum quantity of salt now allowed to be sold at the up country Cotaurs - The adoption of the proposed measure if not open to objection would benefit the poorer classes as tending to make them more independent of the larger dealers and it should be

be carried out immediately not only in Chingleput but in all other Salt Districts.

4 The increase in Stamps was owing to the operation of Act 17 of 1848 - That under other heads does not require special comment.

5. The collections within the year amounted to Rupees 3,49,818-15-11 and of the balance of Rupees 23,632-11-7 outstanding at its close, the sum of 7,000 Rupees due by the Alikarry renter has since been remitted, and the remainder had been reduced by subsequent collections to Rupees 1,264-2-9 on the 30th November 1849 or the date of the Collector's report - How much of this sum has since been realized does not appear from the Board's Proceedings.

6. The net revenue Rupees 3,30,636-9-11 presented in comparison with Fusly 1257 a decrease of Rupees 11,905-3-9.

7. The Right Honorable the Governor in Council grants authority for writing off in the accounts of the Chingleput District the arrears of Extra Revenue from Fusly 1255 to 1257 reported to be irrecoverable amounting as underneath to Rupees 159-5-2 (One hundred and Fifty Nine, annas Five and Pice two).

From the Sect. to Government.

Containing the observations and orders of Government on the Board's Proceedings relative to the management of the Extra Sources of Revenue in the District of Malabar for Fusly 1258.

Extract from the Minutes of Consultation under date the 2d May 1850. No. 433.

Read the following Extract from the Proceedings of the Board of Revenue.

/Here enter 8th April 1850, No. 158/

Para 1. The demand on account of the Extra Sources of Revenue in the District of Malabar amounted for fusly 1258 to Rupees 12,18,264-11-4, being Rupees 1,14,400-5-10 below that fusly 1257. With the exception of an increase to a considerable extent /Rupees 10,874-12-6/ under the head of Stamps, arising from the operation of Act 17 of 1848, and in a minor degree /Rupees 2,668-5-4/ in Abkarry, there was a decrease under every head of Revenue, chiefly however in the items of Tobacco Rupees 29,810. and Sea Customs 92,094.

2. The large deficiency under this latter head is attributed entirely to the abolition of the Port and Port and differential duties under Act VI of 1848.

3 The deficiency in Tobacco is likewise considerable, and is attributed by the Collector as in the previous year to the illicit introduction of the article from Cochin where the price

the price has lately been reduced and is lower than the monopoly rate in Malabar.

4. The sales in Cochin during the two last fuslies seem to have increased considerably as compared with those of the three previous years, but in a smaller degree in comparison with Fuslies 1252 and 1253. The Talook in Malabar /Charjhat/ chiefly affected by these sales appears also to receive some supplies of smuggled Tobacco from Coimbatore and the French Settlement of Mahé.

5. Owing to a large reduction in the Cost price of the Tobacco supplied to Malabar from Coimbatore the charges of this branch of Revenue for fusly 1258 have been much diminished and thus the net receipts are in excess of those of fusly 1257. Rupees 2983-11-2.

6. The deficiency in the sales of Salt is small, Rupees 3251, but the charges are high both from the larger quantity purchased and the great enhancement in its price - thus the net outturn fall short of that of the previous year in the sum of Rupees 54,357-8-0. No allusion is made by the Collector or the Board to the experimental

inland

inland depôts or to the success which has attended them during the fusly under review. It is observed that in Statement No. 4 accompanying the report, the sales at the three inland stores Ottapollum, Palghaut and Alatoor are included with those of Ponany on the Coast. The aggregate sales at these four places exceeds those of the previous year by S. M. 22,000 but how much has been in the coast and how much in the inland Depôts is not shewn. This information should be specified in all future Reports on Extra Revenue and the Board are requested to supply the omission for the past year and at the same time to submit a brief account of the Inland Depôts, and to state whether they have or have not answered the purpose intended.

7. The Collections on account of Frontier Customs amounted only to Rupees 128-12-5. and the charge of the Establishment for making those Collections was Rupees 2552-7-7. The Establishment the Collector states cannot be dispensed with without exposing the Tobacco revenue to a heavy loss.

8. The balance at the close of the fusly was

† Rupees 711-13-10. was small, and the Net revenue Rupees 9,70,57-9-5. was below fusly 1257 in Rupees 1,20,146-2-7.

9. Agreeably to the recommendation of the Board of Revenue, the Governor in Council grants authority for writing off in the accounts of the District of Malabar the arrears of Extra Revenue reported to be irrecoverable, amounting to Rupees 138-8-8. / One hundred and thirty eight annas eight and pice eight Viz:-

Sir,

I. In reply to the Queries submitted in your letter of the 7th March, relative to the Price Lists of Grain forwarded from this Office, I have the honor to state, that from the enquiries I have

price Lists of grain forwarded from this Office.—

have made, on the subject, it appears that previous to the year 1822, the measure of 97 3/4 Cubic Inches, heaped, was in general use, throughout the District. From that period, the struck measure of 100 Cubic Inches was introduced, and has continued in use, without interruption up to the present period; Each of these measures, it is to be observed, contains 40 Pollums weight of grain.—

Queries 1 and 2.

The "Garce" of the present Price lists contains 3,200 Madras struck measures of 100 Cubic Inches.—

The commutation price, of the several Settlements which has been made in this District, having been fixed, on an average of prices, was estimated by the measure in use, when each years prices included in the average account, were taken—as there is no difference in the contents of each description of measure of course the results were equal in fixing the commutation price of the Settlements made prior to and after the year 1822.

Query 4.

A Collum in the Sircar Accounts is supposed to contain 12 Madras Mercalls, or 96 struck Regulation measures— The Collum of 32 measures termed here the Rajee Collum is in use by the Ryots in their private transactions— Its contents, are equivalent to 32.

Regulation

Fort St. George 9th May 1850.

Regulation Measures struck.-

Query 5.

The present standard, by which the Price Lists of Grain are estimated, has not been changed since its introduction by Mr. Smalley in 1822. The change then, appears to have arisen, owing to the circumstances referred to in the accompanying Copy of letter, addressed by that Gentleman to the Board of Revenue dated 1st June 1822. In the same Month, he issued circular orders to the Tahsildars, establishing as the Madras struck measures as the standard one, for future use in the District.-

Gentlemen,

1. I have the honor to acknowledge the receipt of your Secretary's letter of the 20th Ult. transmitting for my report a Petition of Moodookristna

2. It is possible that whilst the

Fort St. George 9th May 1850.

Police was under the Judge, the Petitioner performed the duty of Stamping weights and measures throughout the District, I was restricted by certain rules and obliged to make regular accounts, but upon my taking charge of the District, I found he was acting without any control, and never rendered a single account, I called for a Statement but he was unable to furnish it, I do not myself see the slightest necessity for appointing a particular person to stamp weights and measures, whilst there appears a great deal of mischief likely to ensue- It seems calculated to put money into the Petitioners pocket without answering a single other purpose, I accordingly furnished the Tahsildars of each Talook with a complete set of Weights and Measures regularly stamped, and desired that all Merchants should be regulated by that standard and I at the same time informed that as Heads of Police, they would be held responsible that the trade of the Country was fairly conducted.

Reporting on the Settlement of the Land Revenue of the District of South Arcot for Fasly 1258 1848/49.—
State of Season.—

Sir

Para-1— I have the honor to submit for the purpose of being laid before the Board my Annual report on the Settlement of the Land Revenue of this district for the expired Fasly 1258 A.D. 1848/49.— accompanied by the usual Statements as enumerated in the list.—

During the early part of the Season (Vizt) June and July the season of the South West Monsoon, but little rain fell, this proved unfavorable to the extension of Cumbo cultivation fortunately some showers in the two succeeding months, assisted in raising the middle dry crops and commencing the Kunjah cultivation in October and November the North East Monsoon amply supplied nearly all the tanks however the latter dry Crop cultivation suffered greatly from the absence of rain from December especially that of Indigo

Fort St. George 9th May 1850

Indigo and pulse of which a very poor harvest was realized.-

3d. The freshes in the Pennar and Coleroon tho not abundant materially assisted in filling the different tanks from time to time, being tolerably steady and moderate.- On the whole the season may be regarded as favorable the produce being abundant, with the exception of the early and latter dry crops together with Cumbo and Indigo.- I beg to refer the Board to the Statement forwarded on the 5th of October 1849. from which it will be seen that owing to the want of grain and also that the demand for Indigo in the Home Market having of late decreased, these two causes combined had the effect of diminishing its cultivation.-

4 From the annexed comparative Statement it will be observed that prices continued low this year also, the average selling-

selling price of the principal kinds of grain fell considerably below that of Fusly 1257 and its two preceding Fuslies thus in the absence of an easy and remunerative market the Ryots found it difficult to procure money for the payment of their kists. The average price of Indigo was also somewhat lower than it was in the preceding year, however this will improve should the demand for this Article in the European Markets increase as we have reason to expect for I believe it sold to advantage in the latter part of the Fusly-

5th. With the exception of small pox which shewed itself in some parts of the Country the district may be said to have been free from disease; that the small pox did not commit greater ravages I attribute to the fact that the Vaccinators have been carefully watched to see that they do their duty - altogether the season may be considered as peculiarly healthy.-

Poonjah- 6. The total dry land brought under cultivation during the year inclusive of the Amany portion of

of the resumed Saghire amounted to Cawnies 331105 in assessment yielding in round numbers — about 1187259 Rupees Comparing this with the last fusly it shews a Net decrease of Cawnies 23714 or Rupees 109147- The greater portion of this decrease viz^t the Ayen Talooks and Rupees 4285 in the resumed Saghire of Sunkaporum - this decline is solely to be attributed to the effects of the season on the early and latter dry crops- The Account Particular will shew the variations under this item of cultivation in the different Talooks but the rains having been very partial the decrease has been general throughout the 10 Talooks

7- An reviewing the dry cultivation in the Ayen Talooks the operations of the fusly under review will be found to fall short of the two immediately preceding yet they exceed those of any previous year since fusly 1231- this is to be accounted for by the variations in the selling prices of grain. The average teerwah of the several Talooks will be found entered in Statement A. varying from Rupees 4-7-2 3/8 to Rupees 2-7-11 7/8 per Cawny.-

8 Sourge upon the Board the necessity of adopting measures for reducing the Ryotwar assessment would be superfluous. Government have observed with regard to this District that it is capable of yielding further - prevenue the truth of which is self evident - it only rests with the Higher Authorities to adopt the best mode for the realization of their anticipations, however I cannot refrain from expressing my firm conviction that the first step to improvement would be to reduce the assessment by doing this, encouragement would be afforded the Ryots to bring under

Nunjah.— 9 The total wet cultivation during the expired year was Cawnies 1,16,396 and the assessment amounted to Rupees 1,08,581.— that of last year was Cawnies 1,27,746. or Rupees 1,24,181.— thus on a Comparison exhibiting a Net decrease amounting to Cawnies 11,349 yielding in assessment Rupees 1,38,599.— The particulars of this decline will be seen on reference to Statement No 2 in A. The increase of Rupees 6,684 in the resumed Jaghire Talloks is nearly nominal being principally caused by transferring

transferring to the Head of Amany certain villages that were under rent in fasly 1257. The Agent Talloks Nunjah in fasly 1257. The Agent Talloks cultivation shews that the falling off was pretty general throughout the District the decrease may be classed as under.—

	97,945	"	"

Thus of the total net decrease Rupees 1,45,284 a sum of Rupees 97,945. was in lands dependant on rivers as explained above, the remainder or Rupees 47,339 was in lands dependant on tanks supplied by

by the periodical rains and Jungle streams sources which proved uncertain and in many instances only partial when trying to induce the Ryots to extend their cultivation many of them expressed their inability to do so stating that in consequence of the low price of grain they had no encouragement.

11. In their review of my report for Fusly 1257- The Government in Extract Minutes of Consultation 2nd October 1849 noticing the small falling off under the wet cultivation in the two Southern Talloks expressed their dissatisfaction it is with great regret therefore, that I have to point out a still greater decline in the year under review amounting to Rupees 6,1613- "-

"- The Board will naturally expect some explanation of this. I therefore beg to submit the Statement No. 4 in A in which will also-

also be found the selling price of grain in the Chellumbrum market from Fusly 1247 to Fusly 1258 as desired by the Board on a former occasion, from this it will be seen that the results of Fusly 1258- are on a par with those of previous years when the selling price of paddy was pretty nearly the same- being equal to Fusly 1251 and more, tho' not to any considerable extent, than the three Fusles preceding it- It is true that because the means of irrigation are improved we have reason to look for increased Cultivation and revenue but again other causes must cooperate to effect this- Here I allude more particularly to the variations in price- In my report for Fusly 1257- I ascribed the increase of former years to the improvement in the means of irrigation which admitted of an extension of Cultivation under the temptations offered from the very fact of prices being favorable, in the year under review these causes have not cooperated and altho' the price current lists shew that the selling price of white paddy was 58-1-8 Rupees-

Rupees per garee, it is an undeniable fact that the Ryots were compelled to sell at a far lower rate.—

Garden. 12.

The Cultivation of Garden land shews a net decrease amounting to Rupees 715-4-2 throughout the whole district this being fully shewn in the Account particular No. 3 any remark appears unnecessary—the total Cultivation of all descriptions of land brought to Summah including that portion under Amany in the resumed Jaghire amounted to Cawnies 448,820 or Rupees 23,18,603- this on being Compared with the preceding Year produces in Cawnies a difference of 37,106 or Rupees 2,48,462 which I ascribe to the causes already mentioned in the foregoing part of this report. Of land so included in the Summah Teervah to the Amount of Rupees 662-10-6 was on waste land which was brought to Account under the existing Yoo Koonamah rules of the District.—

13. Statement K shews that under

the item "Kuper Revenue" there was a decrease compared with last year amounting to Rupees 7118- 3- 5 this appears to have been occasioned by a less quantity of dry land having been converted into wet Cultivation by the means of Circar water — In the two Southern Talooks alone the decrease in this item is Rupees 5,939 no doubt occasioned by the same cause, as that assigned for the decrease in the Ayen wet Cultivation.—

From Board 27th Nov. 1848. Para 2

14 Under the head of Pagodeys at 6,898—1—7- is observable nearly all this is nominal being caused by the transfer of Tank Fishery rents to the head of sundry farms as by orders noted in the margin—

15. The decrease of Rupees 3176-15-4 in the item of Mootah peishcush is also nominal, this is occasioned by the incorporation of the Nullatoor Mootah estate in the Ayen account that Zemindary having been purchased at the sale for arrears of Revenue— As required by Government an Account particular is submitted shewing the outturn of the two Villages—

Villages which it comprizes. The anticipated benefit from this investment has not been realized as yet owing to disadvantageous circumstances (Viz.) prices being too low and the necessary repairs to the tanks have not been made, the Estimates are now ready and early in the season the proper repairs will be executed.

16. There is a further item of decrease under the head of Rented Villages amounting to Rupees 13,586-14-. this loss is only nominal and is caused by fourteen Villages which were under Rent in Fasly 1257 being now unavoidably kept under Amany for the want of a sufficiently good offer.

17. On other items of receipts the variations are inconsiderable and therefore need no comment.

Gross Beriz. 18. Thus the total gross Beriz as clearly exhibited in the said statement

Beriz of Land Cultivated in 1258	23,18,603	15	9	amounting to Rupees

1257 - 24,99,746-8-8
1258 - 22,30,244-2-3
Decrease 2,69,502-6-5

altogether to Rupees 2,22,491-13-11 there remains the sum 22,30,244-2-3 or Rupees 2,60,502-6-5 below the preceding fasly On taking the return of the last 7 years it appears that tho' the present years falls short of the two preceding years which were the most favorable yet it is far higher than the other 5 years.

19. Of this net demand amounting to Rupees 22,30,244-2-3 a sum of Rupees 2,14,388-4-11 was collected partly within and since the close of the fasly leaving a balance of Rupees 15,856-1-4 still to be collected some portion of it is due by Ryots who do not possess the means of payment, another portion of it will be collected on the sale of defaulters landed property by the Civil Court, and the remainder is in train of recovery. I beg here to state that altho' I am authorized to exercise discretion in postponing the rigid exaction of rent in times of unusual cheapness yet fearing that this indulgence would render it difficult ever to realize the same I resisted the repeated solicitations for deferring payment to more favorable times. Notwithstanding this, much difficulty was experienced and will account for the balance at the close of the year amounting to Rupees 35,402-4-1

† Of this amount due by the Mootah Estate of Chenamanaick Polygar is Rs. 1126-8-4

Fusly 1258 there was an accumulated arrear of Land Revenue of previous years amounting to Rupees 3,41,106—11—6 of which Rupees 30,992 1—11 being recovered during the Year left a balance of Rupees 39,114—9—7 of this Rupees 863—12—10 sanctioned by Government as Remission for Fusly 1249 will be written off, in the accounts of Fusly 1259, with regard to the remaining balance I beg to refer the Board to the remark appended to the Statement forwarded.—

21. By the Statement marked M the Board will perceive that the sum of Rupees 25,000 sanctioned as Taccavi was forwarded to the several Talooks. of which Rupees 3244—4—4—were returned as not required the remainder was distributed since which it has been entirely collected.—

Sir

I enclose, this day, Copies of a correspondence with the Collector of Canara on the subject of my Establishment for the Collection of the Land Revenue of the Talluk of Sullia which has been placed under my charge and with which connexion has also been added the charge of the Revenue of the Talluk of Bellary.

I beg to record the high sense I entertain of the manner in which the Collector of Canara has conducted the correspondence, and to express my obligations to him for the assistance he has rendered me in the Collection of the Revenue of Sullia.

I have always received from the Head Assistant Mr Bonner every assistance and support I could desire.

The Cultivation of Nunjah land fell short by about 50 Cawnies below Fusly 1257 owing to the low price of grain as well as to the inefficient state of the Tanks. On the engineer being made into the state of the Public works it was reported that the Ryots of the Village Nullattoor promised to extend their Cultivation to the amount of Rs 600 in the event of the Tanks being restored to good order. the subject however was referred to the Civil Engineer by whose report it appears that the bunds of the three Tanks are in a very dilapidated state and without sluices and having forwarded Estimates amounting to Rupees *283-4-5 for their thorough repair it is expected that an additional Revenue will be realized next year when these works are completed.

2d The land Revenue for the preceding Fusly 1257 amounted to Cawnies 1,75041-2 3/8 or Rupees 9,19857-5-11 which after deducting Rupees 5,146-4-5 as the amount of three Rehabits Viz Manavary and Yeravpoo Pattaday remissions to the Ryots for drawing water by means of Pcottahs and Pliagars Punniem or half teerwah, left the sum of Rupees 9,14711-1-6 as the Bariz of that Fusly- the land revenue including Poonjah, Nunjah and Totacal as in the Fusly under Report amounts to Cawnies 1,60,204-8/2 or Rupees 8,35938-13-10 from which after deducting Rupees 4,464-11

on

Fort St. George 9th May 1850.

on account of Rehabute &c. as above stated, leaves the sum of Rupees 8,31,474-12-11 as the Bariz of the present Fusly the net decrease as therefore in the land Revenue for the present as compared with the preceding Fusly is Cannies 14836-9/8 or Rupees 83,236-4-7 as particularized in the annexed Statement.-

The total amount of Bank Revenue for Fasly 1257 as per comparative Statement C amounts to Rupees 8,69,261-14-8 vs 11 and that of Fasly 1258 being Rupees 7,88,225-5-2 exhibits a net decrease of Rupees 81,036-11-6 which is chiefly owing to the amount of Bank Rent Tankeyseds by the Boards of the Boards to the Heads of Districts Small Farms the disposal of which is dependent upon the Revenue in the Fasly = ing the Season and to the fact of the Rent being deducted by the Purchasers from collections = ing their instalments.

The increase in the Extra Collections Fasly 1258 amounted to Rupees 15,516-2-5 as per statement in the margin, owing to a larger portion of disputed lands having been disposed of during the year.

The item of Small Returns of Lands under cultivation exhibits an increase of Rupees 2,872-12-6 by the transfer of the Rupees 2,222-11-11 to this head the decrease in the Carnatic Ceded Territory & Sunpla produce not being deducted from the Gross receipts as heretofore.

The following abstract statement exhibits the Net amount of increase and decrease in all the sources of Revenue above referred to:-

No 1

To,

I. A. Huddleston Esqre

Collector of Madras

Sir,

In forwarding the Salt Account current for the 3rd Quarter of the present Fasly which shews the amount sales of Salt during that period to have been much below those of the previous quarters, I beg to explain for the information of the Board of Revenue that owing to the insufficiency of the stock remaining from last years manufacture I was compelled to discontinue the sales for Inland Consumption from the 11th February and they were not resumed until the beginning of the present month.

From B. 7 Aug. 1849
To Do. 16th Do.

2d. In my letter of the 15th August 1849 I reported having taken measures for the manufacture of G. 700 beyond the 2,500 Garce originally sanctioned adding that I hoped the entire quantity would be delivered into store before the commencement of the Monsoon. In this I was disappointed however for the Season proved to be too far

advanced

advanced. Only G. 100 and odd were removed from the pans two days of heavy rain early in September having rendered all further attempts at Manufacture useless.

3. The deliveries from Vullore and Vayalore fell very little short of the quantity ordered to be supplied from those pans but so great was the increase in the Home and Inland Sales during the two first quarters of the present Fasly that at the date on which I discontinued the latter there remained in store only 136¼ Garce of the Salt of last years manufacture.

G 28. 3 & 8
Rs 41696-6-5.

4. The Sales for the supply of the Town and neighbouring villages have continued daily without interruption and the retail Sales now proceed as briskly as heretofore and I do not apprehend that the temporary suspension of the latter has been injurious to the revenues of Government, for at my suggestion the wholesale traders resorted in the interim to the pans in the Chingleput District where the sales Gunderstand increased in proportion.

Madras, 27th April 1850.

31-32

Proceedings thereon.

The Board observe that the discontinuance of the Sales of Salt for Inland consumption in February and the failure in September last in the manufacture of the additional quantity of Salt authorized to be made at the pans of Attipet and Ennore adverted to in the 1st and 2nd paras of Mr Taylors letter which accompanies the above communication should have been immediately reported to this Office.

Para. The Right Honorable
the Governor in Council sees no objec-
-tion to the continuance of the practice
which has so long obtained at Angola
in respect to the payment at the
Talook

Fort St. George. 13th May 1850

Taloor Treasury of Drafts drawn monthly by the Paymaster of Masulipatam in favor of the Officer commanding at that station.

2- It would seem from para 1 of the Collector's letter of the 23d February that Bills drawn by the Accountant General are likewise cashed at the Ongole Taloor Treasury, but the Board of Revenue have not noticed the circumstance. The Government observe that the course to be followed in regard to such payments at Taloor Treasuries has been laid down by the Accountant General in his Circular to all Collectors dated 28th October 1845.

From the Collector of North Arcot
Forwards supplemental Moyenzabitahs for the Revenue and Magistrate Departments as directed in the Board's Proceedings dated 25th April 1850

Para 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue under date 16th Ultimo, desiring that Statements in the prescribed form should be submitted embodying the changes in the District Establishment proposed by me in several recent letters. I have the honor accordingly to forward two supplemental Statements for the Revenue and Magistrate Departments respectively and a third Statement shewing both Departments together and the general results.—

2. In my revised Moyenzabitah of the 11th July 1849. I proposed in remodelling the Establishment of the Police Ameen's Cutcherry at Pulicat to convert the Eight Taliars at 3½ Pr Monthly each into the same number of Police Peons at the same pay. I was not aware at that time that the pay of these Taliaries was in compensation for Meeras emoluments resumed by Government, and that in three out of the Eight cases the grants were for life only. This however I now find to be the fact, and it is necessary therefore to provide from some other quarter for the salaried of three of the Peons proposed to be entertained in

Order of the Board of Revenue Department of Public Works June 5th 1843 communicating orders of Govt. G. O. No. 578 31st May 1843.

in lieu of the Taliaries. This is done in the Statements now sent, without any increase of Charges. It appears proper under the circumstances to leave the permanent Taliaries on their present footing, and not to convert them into Peons.—

Fort St. George 13th May 1850

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address.

To The Chief Secretary to Government.

Sir,

With their Secretary's letter of 23d August 1849, the Board of Revenue submitted for the sanction of Government, a revised Moyen zabitah for the District of North Arcot.

From Coll.r S. Arcot 19th in Cons. 31st Jany 1850.
From Do. this D. P. W. 25th July — Cons. 2d March
From Do. 15th in Cons. 25th April —
From Coll.r S. in Cons. 13th May 1850.

2. Since the above date further correspondence as noted in the Margin has passed between this Office and the Board respecting certain other alterations which it is desirous of making to his District Establishments. Copy of which the Board does me to submit for the consideration and orders of the Right Honorable the Governor in Council.

3. The necessity for the further changes proposed by Mr. Bourdillon are fully explained in his letters of 16th Ultimo and 2d Instant, and their nature is fully shown in the supplemental

Moyen zabitah which he has furnished by desire of the Board. It will be seen from the following Abstract that no additional expense will be incurred by the State on account of these changes.

4. The Board beg to recommend that the supplemental Moyen Zabitah now forwarded may be taken into consideration with the general one submitted to Government with their letter of 23d August last. The actual amount requiring sanction is Rupees 13372-4-6 per Mensem.

5. It should be remarked that the reduction in the Pulicat Sea Custom Establishment forms part of a general question now under the Board's consideration, in consequence of the orders of Government dated 17th October 1848, and that the reduction of the North Arcot, Sudder Yeomiahs' Allowance was suggested in their letter of 6th Instant.

Proceedings.

Relative to the Settlement of Land Revenue in the District of Salem for Fusly 1258.

A slight deficiency of rain affecting the Wet lands was experienced in the Talooks of Ossoor, Kistnagherry and Denkencotah with this exception the Season was favorable. The Harvest was good and the Statistical returns.

Para 28.

Hamcah Ploughs	18

returns exhibit an increase above the preceding Fusly, except in Pengaracotah and as regards the Number of Ploughs in Nameul with an abundant out-turn. Prices fell.

2— The increase /Para 6/ in the Number of Wells is 125 on the whole District but in the details it is seen /Statement No. 19/ that there is a decrease of 40 Wells in Wemalore. The cause of so large a decrease in one Talook should have been explained.

3— The Sub Collector submits the register of rain at the town of Salem furnished to him by the Subordinate Judge. The Government have already expressed a desire that similar information may be more generally obtained. Their orders on this point are in course of fulfilment. The Register submitted by Mr. Maltby embraces the fall of rain during three years. The unequal distribution of rain one year with another is noticed by that Officer and in Para 16 of his Report the

steadiness of the Cultivation where the means of irrigation are at hand, compared with the cultivation of Dry lands, as well as the importance of irrigation to a District in seasons of scarcity are commented on. In Salem the Wet land is about ¼th. of the entire Cultivation /Ryotwar/ and is sustained in a great measure by Channel irrigation. This steadiness is found generally where advantage has been taken of the sources fed by the S.W. Monsoon. Lands under Tanks dependant on the local rains alone exhibit on the other hand greater fluctuations than Dry lands.

Statement No. 22 in Windoovee

4— The engagements /Dittum/ for the year under report comprise Acres 7,21,510. assessed at Rupees 13,54,535. Deduction on account of Dittum waste are not separately shewn in the Accounts. In future this item should be distinctly exhibited as required in the recent Circular dated 18th. March 1850. The Gross Settlement as therein explained

explained is the Dittum less Cabo=
leaty Waste. The Caboleaty waste
will appear small in Salem compared
with some other Districts, partly
because fluctuations in the Culti=
=vation of Wet lands are not great,
owing to the certainty of the irri=
=gation and partly because about ½
of the District is under Mootahdary
tenure - It seems also that the
whole of the Ryots ordinary Hold=
=ing is not entered in the Dittum
as at present prepared, but this
practice should be discontinued -
All the Fkyput or ordinary Hold=
=ings of the Ryots should be entered
and such portion as may unavoid=
=ably remain waste in consequence
of a failure of the Season should be
exhibited in the accounts under
the head of Dittum waste or Cabo
=leaty Bunger. The remainder will
be liable to the full demand sub=
=ject to the usual deductions
made at the time of the
Summabundy.

the orders of the Board have been passed on Regard to the Coodoodaray Villages. They have objected to the revision sought, because the lands in some cases bear a fair value in the Market, and an outlay of public Money had been ordered for the further improvement of their irrigation, the advantages of which are referred to by the Collector in Para 59 of his present Report.—

From the Ag^t Collector of South Arcot — } Sir,

I have had the honor to receive Extract from the Proceedings of the Board of Revenue under date 29th Ultimo forwarding for report certain papers from the Court of Directors and the Supreme Government, requiring information as to the beneficial effects to the interest of labourers emigrating to the Island of Ceylon.— From

Fort St. George 13th May 1850.

2. From my enquiries in South Arcot, and from personal knowledge in other Districts to the Southward, I am led to believe that the result of their emigration to and servitude in Ceylon is attended with great advantages to labourers so proceeding- The amount of wages there paid is generally three times as great as the rate given by the ryots in this District to their agri= =cultural servants, and generally speaking, those who return from emigration whether from Ceylon or the Mauritius, come to their homes with a considerable amount of ready cash, varying from Rupees 50 to Rupees 200 or even 500 Rupees.-

3 However advantageous this may be to the labourer, it is detrimental to the farmer and land holder in as much as this emigration draws away his agricultural serfs, and raises the rate of wages, and in consequence often makes it even difficult to procure Coolies.-

From the Collector of Tanjore---

Stating the particulars of Items Nos. 34 and 37 retrenched by the Civil Auditor for want of the sanction of Government which is now requested.-

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated the 18th Ultimo, passed upon my letter of the 8th of the same Month, I have the honor to inform you that the Item No. 34 entered in the Extract from the Retrenchment therein referred to was incurred upon the Estimate of 700 Rupees sanctioned by Government under date the 18th October 1845. for making up 50 New Boxes- The actual charges incurred on this account is Rupees 693-12-0 and the Civil Auditor having retrenched the same for want of sanction of Government, it became necessary to apply to the Board for that purpose.-

Vide Extract from the Proceedings dated 20th October 1845.

With Regard to Item 2 No. 37. I have the honor to state that the sum of Company's Rupees 32-1-6 was incurred

Fort St. George 13th May 1850.—

incurred on the removal of the Treasury and records of this Collectorate from Negapatam to Tranquebar and is partly included in the sum of Rupees 342-3-6 sanctioned by Government under date the 8th December 1846 upon the Proceedings of the Board dated 30th of the preceding Month, and partly included in the 2quarterly Statement of Contingent Charges not exceeding 20 Rupees from April to June 1846 for Sundry Expenses incurred, the sum in question having been debited in my Journal for June 1846 to "Extra Revenue Charges" and the Civil auditor having retrenched it, pending the Sanction of Government, it was deemed expedient to apply accordingly.—

partly included in a sum sanctioned by Govern: ment and partly in a charge entered in the State: ment of 2uarterly Contingent Charges sanction: ed by the Board.—

2. It is observed that this explanation should have been furnished by the Collector to the Civil Auditor when the sum was first retrenched. It is only in such cases of retrenchment as are confirmed by the Civil Auditor on reaudit after the receipt of explanation from the Collector which should be referred thro this Office for orders.—

3. The Collector will adopt this course in respect to all the items entered in the List of retrenchments enclosed in this letter of the 8th ult.o as well as on all future occasions of submitting retrenchments to this Office for sanction.

Rules

No 1

Rules for the Settlement of the Revenue from the Land.

Observations

1. The Kaboolcat or Dittum shews the engagements of the Ryots for the year. It differs from the Dittum of the preceding year only as land from various causes may be newly taken up, or relinquished. Many holdings continue the same from year to year.-

In Coimbatore many changes in extent yearly - some remain.

2. The Dittum shall be formed at commencement of the season for cultivation, and shall be closed as early as practicable - an abstract of the Dittum, prepared Villagewar, will be forwarded by the Tahsildar to the Collector every 15 days. the Coobwar or individual Chittah being retained in the Talook Catchery.-

3 The Tahsildar will be held responsible for the preparation of the Dittum accounts. His personal attendance will be given as far as practicable, and he will depute the principle Officers under him, to such Villages as he cannot personally examine.-

4. Occupants of Land are at liberty to enlarge or Contract their Holdings in both cases by Entire Fields.-

5. Where a field is large Sub division will be permitted if the separated portions will form convenient Holdings, but not otherwise. In cases of re-linquishment, Razeenamah to that effect will be requir-ed without this demand, the party will not be relieved from liability for the rent.-

6. Land when relinquished, shall be in proportions of what is usually termed good and bad land, so that the field or fields given up may form an eligible holding for another occupant. But a deteriorated Field or Garden, or a Field altogether unprofitable, may be given up without re-strictions.-

7- A separate number or field is the minimum extent allowed for a holding. If the field is of such extent as may readily admit of sub divisions, or though small, if the separated portions will form convenient Holdings as Gardens for instance, Sub divisions may be made but the previous consent of the Collector is necessary in every case.

8 A field may be taken up by two or more persons jointly, but division of the Field will not be allowed afterwards, unless sub division can be conveniently effected, as above required.

9 The extent and boundaries of Fields have been either determined by survey or are duly recorded at length in the Village accounts. The Remeasurement of a field will not therefore be allowed except with the consent of the Collector. If from suspicion of Fraud or on other sufficient ground, it is determined to test the recorded measurement, increase and decrease respectively will be adjusted according to local usage in favor of or against the occupant, as the case may be.—

10 It is the duty of the Village Officers and subordinate Revenue Officer in charge of subdivision to see that the Boundaries of Fields are preserved. An affidavit to that effect signed by the subordinate Revenue Officer in verification of the truth of its Contents shall be appended to the Adangal accounts in each year.

11 Fictitious engagements, as an occupant entering land in the name of his servants Dependents, relatives or others, shall not relieve the bonâ fide Holder from liability to pay the assessment of such land.—

12 Transfer of land by sale, Gift or Mortgage shall be duly recorded in the Village Register. Transferees become responsible for the assessment of the land thus conveyed.—

The Land

13 Land transferred shall be in entire Fields and shall consist of proportions of good and bad according to the construction of those terms in Para 6 above.—

14 Land left uncultivated in consequence of the neglect or absence of the owner may be taken up for the ~~[illegible]~~ time being by any other person, subject to the right of the Original Holder to reoccupy the land within a given period according to the usage of the District shall not be superseded thereby. As the temporary occupation of Land as above described, is intended to provide in the best way circumstances will admit for the Revenue of the year, the owner will not be exonerated from such balances as may have accrued in consequence of his neglect or absence.

The Land

15 Land in the Revenue accounts is termed Dry, Wet and Garden. Specific rates of Assessment, fixed by survey or otherwise, obtain for each description. Dry applies to land on which no Products are grown by means of the falling rains alone. Both Wet and Garden land are irrigated by artificial expedients as Wells, Tanks and River Channels.

16. Irigation is provided either by the Government or the Ryot. If by the latter due allowance is made for the expenses incurred consisting of the original outlay and other charges according to the nature of the soil.

17 The Assessment is fixed for the most part with reference to the productive power of the Land and not with reference to the description of the product grown. Irrigated land bears a higher assessment than land dependent on the falling rains alone. In some places the particular product regulates the assessment. This rule where it prevails will continue till superseded by the principle which fixes the assessment on the soil, without reference to the article grown. With this exception occupants of land are at liberty to grow whatever products they please without restriction provided the regulated assessment is paid. Thus occupants of Dry land are not restricted to the Ordinary dry grains only

only if the Moisture obtained by the periodical rains, will admit of their growing other products on the said land, and holders of irrigated land, in like manner, may so apply the water at their Command for the raising of not only Paddy but of Cocoanuts. Tobacco, Chillies and any other articles.—

18. Lands irrigated by Tanks and Channels are classed as one Crop and two Crops as the Case may be. The assessment for the 2nd Crop in two Crop lands, is usually 1/2 of that fixed for the 1st Crop. If both Crops are grown 1½ of the assessment will be levied if one Crop only is raised, the demand will be limited to 2/3ds of the assessment fixed for both Crops.—

19. In single Crop lands if a 2nd Crop is raised the assessment of such Crop will be entered in the accounts as "Fuzul Jastee". On the other hand, the assessment of the 2nd Crop in two Crop Lands, when such 2d Crop is not grown, will be entered as "Fuzul Commee".—

20. Some irrigated lands are assessed with a Consolidated rent without distinction of one and two Crops. This rule prevails where the certainty of water will allow. In such cases the Consolidated amount will be levied without reference to the number or nature of the Crops raised.—

The.

Fort St. George 13th May 1850.

21 The tax for irrigated land is usually limited to the entire assessment for two Crops. All additional produce as a third Crop of whatever kind may be enjoyed without further impost. provided the same is cut before the ensuing season for Cultivation and provided the land has sufficient repose before the Crop'ping of the next year.—

22 An additional demand is not usually made on account of additional Crop raised on dry lands dependent on the falling rains alone. Where it is otherwise the practice will not be disturbed.—

23 Land will be liable to an additional Demand under the following Circumstances.— Dry.

Fort St. George 13th May 1850.

24 Dry land converted into Wet by means of irrigation provided by Government will be liable to the assessment fixed for irrigated land of a similar quality in the same, or neighbouring Village.—

25 The same rule applies to garden land converted into Wet under irrigation provided by Government.—

26 When a 2nd Crop of whatever kind is grown on Dry land with Government water an extra Cess will be imposed for the Occasion according to the usage of the District in addition to the Dry assessment, and such extra rate will be entered in the accounts either as "Kuper" or as "Fusli Sestie" according as one or the other term is in use.—

27 Water cannot be diverted from the land to which it is ordinarily applied without the permission of the Collector.— A.

28 A Ryot is not permitted to give up the Cultivation of the 1st Crop in two Crop Land and Cultivate the 2nd under the impression that a portion only of the Assessment will be imposed. "Fuzul Comme" as defined in Para 19 will be allowed for special reasons as failure of water.—

29. In doing it when the means of irrigation fail, or in any particular case in which there is an absolute deficiency of water, Ryots may apply for permission to grow Dry products on wet lands. The Assessment of adjoining Punjah Lands in the same village will be levied in such cases, and the difference between the rate and the ordinary Assessment of the Land, will be entered in the accounts as "Fasew a Comme".

Lands.

30 Lands usually appropriated for pasture may be occupied for that purpose at the Assessment fixed for the same Land entered for Cultivation in the accounts and occupied for pasture will be chargeable with full Assessment.—

31 In some Districts a portion of the entire Assessment of a Patent is permitted for Grass.—

32 The Dittum, as has been already explained, shows the engagements of the occupants of Land for the year. The Settlement on the other hand shows the Demand with the abatements allowed with reference to season.

33 Abatements will be allowed Forest.——For Wet lands left uncultivated in consequence of the failing pani and the means of irrigation having failed. In such cases the entire Assessment of the Land will be remitted. The same indulgence will be accorded to Dryland

uncultivated and to lands ploughed but not sown in consequence of a failure of rain. Such remissions are entered in the accounts as "Cabooliat" or "Dittam Bunger;" but no remissions will be granted if land is left uncultivated in consequence of neglect when means were at hand.—

Secondly For Wet Crops which have entirely perished from drought or inundation, where losses are sustained from these causes such portion of the assessment will be deducted as may appear proper under the circumstances of the case with reference to the out-turn of the whole cultivation belonging to the party claiming remission, and to the advantages arising from the prices of the year—a Crop will be only considered to have perished if it does not come into ear.—

No claim for remission on account of loss of Crops will be admitted if it has not been verified by the Tahsildar or by one of his subordinates under special orders from him.—

P.G.

Thirdly

Thirdly deduction for Fallow or (Podoo land) for a limited period according to the usage of each District will be allowed, and the party will be at liberty to retain the land in his Puttah for such period free of assessment.

34. Remission will not be allowed for failure of dry crops, nor when dry land has been or left waste for Enam or or Zemindary land.

35. Remission will not be allowed for Garden Land left waste, nor for failure of Garden Crops.

36. Omission on the part of an occupant to cultivate the land Wet, Dry or Garden, comprised within his Holding, or any portion thereof, when means are available, will not be admitted as a plea for a remission.

37. As a general rule, Remissions will not be granted under any circumstance for parts of a field left uncultivated. Exceptions will be allowed

allowed for the present to
accord local usage in re-
this respect - but the
general rule should be en-
forced as far as practicable.

38. The assessment of
land used as seed beds / Natungal
will be remitted when a
Crop is not
raised. If sanc-
tioned by the usage of the
District, but not otherwise.

39. Dasabundum Remissi-
ons as now sanctioned will be
allowed as usual - If the
irrigation of Dasabundum
lands is neglected, the local
Officers will report the same
to the Collector.

40. Remissions to certain
castes denominated Seasgaree,
Vundra Vca., will be granted
according to custom - Occupa-
tion of land under fictitious
arrangements in order to obtain
a deduction under this head will
not be allowed. Lands jointly
held by the privileged class and others
will be entitled to Remission to the
extent only as may belong to the former.

41. The general question of
well cultivation is under consider-
ation and rules will be fixed hereafter
Meanwhile the present practice
will not be disturbed.

42. Waste Lands taken up for
cultivation shall be liable to the
following Rules -

Land 5 years waste and under,
shall not be entitled to favorable terms.

Land upwards of 5 years
waste, shall be entitled to re-
mission according to local usage.

43. Cowle will not be ex-
allowed for Fallow of the Des-
cription noticed in clause
3rd Para 33. The

44. In special cases as on clearing the land of Nutt in Bellary and Cuddapah, special terms will be accorded according to the usage of the District.

45. Land will not be given on Coole where the party cannot satisfy the local authorities that he has the means of fulfilling his engagement. Nor will any occupant be allowed to give up on Contract his Holding in order to cultivate waste land.

46. The Coole rates will be levied whether the land is cultivated or not.

47. Waste land in assessed will be assessed with reference to the rates for land of similar quality in its vicinity.

Lands

48. Land may be occupied for planting Topes on the terms specified in the Printed rules framed for that purpose.

49. The Back yards of Ryots will be exempt from assessment according to local usage.

50. Enams will be continued as usual, but Enams, on which Crops may be raised by means of Circar water, will be liable to a specific demand for the water.

51. Enams abandoned by their owners, and Manieums belonging to religious and Charitable institutions, which are gone to decay, will be resumed.

52. Enams on which a Sodeer or Quit rent is payable will be resumed if the Government Demand is not punctually discharged.

Information

44. In special cases as on clearing the land of Nutt in Bellary and Cuddapah, special terms will be accorded according to the usage of the District.

45. Land will not be given on Coule where the party cannot satisfy the local authorities that he has the means of fulfilling his engagement. Nor will occupant of land be allowed to give up on contract his Holding in order to cultivate waste land.

46. The Coule rates will be levied whether the land is cultivated or not.

47. Waste land in assessed will be assessed with reference to the rates for land of similar quality in its vicinity.

48. Land may be occupied for planting Topes on the terms specified in the Printed rules framed for that purpose.

Pointing out to the Collector of Guntoor certain irregularities in his Statement of the actual charges incurred under Estimate for Fusly 1258 and referring him to para 10 of the Board's Circular of the 13th June 1836 for his future guidance.

Sir,

With reference to your Statements of actual charges incurred under Estimate in Fusly 1258 I am directed by the Board of Revenue to observe that the several proportions of Saderwaard for each Department, sanctioned under date the 21st December 1846, noted in the Margin would appear from the Note attached to the account Particulars No 1 of charges in the Revenue Department to have included the Saderwaard for the Magistrate as Joint Magistrate and District Police, which it is understood will be submitted in a separate annual Statement in future.

At the same time it is observed that there is a charge of Rupees 9-9-9 a/c only in the Statement for Magistrate's Saderwaard

Stated

6829 Fort St. George 13th May 1850.

stated to have been incurred under the Estimate sanctioned on the 14th July 1835 instead of that dated the 21st December 1846 which would appear to have superceded the former Estimate-

2d It would also appear that the Summabundy Saderwaard has not been estimated for in the last of these Estimates and as no details for Saderward were given in the arrangement sanctioned on the 21st December 1846 you are requested to furnish a revised Estimate of Saderwaard for the whole District in the form which accompanied the Board's Circular of the 11th February 1833 and after it has received sanction you will adopt it as the standard for regulating future disbursements. It will then be unnecessary for you to enter in your account Particulars the details of the Estimate as well as of the actual charges which is at present the case. Your account Particular of Saderward should then be confined to the actual charges each item being exhibited for the whole
