Diary.

10th July. Received the following

(1) Extract.-

From the Secretary to Government.- Extract from the Minutes of Consultation under date the 9th July, 1850.- No. 855.

Read the following letter

from the Secretary to the Board of Revenue.

/ Here enter 20th June 1850.- No. 257 /

After a careful perusal of the paper submitted with the above letter from the Board of Revenue the Right Honorable the Governor in Council concurs in their opinion that it would not be advisable to prefer a special appeal from the Judgment of the Civil Judge of Tinnevelly in appeal Suit No. 39 of 1848.- He therefore desires that further legal proceedings may be dropped.-

Sir,

From the Collector of Madura.

In my letter of the 25th Ultimo, reporting the death of Ungamootoo Nachear, I expressed a supposition that her appeal would abate in consequence of her death. This seems to be the general opinion, but as its correctness may be disputed, I have the honor to lay before the Court Copy of the Genealogical Table of the Family of the Sunnud Zemindar,

filed

Forwarding Copy of the Genealogical Table of the Family of the Sunnud zemindar of Shevaguga and requesting sanction for 500 Rupees to enable the Minor to perform the funeral rights of Ungamootoo Natchear.

filed by the Plaintiff in O. S. No. 4 of 1832, in Provincial Court Southern Division.

2. The Wives of the Zemindar are now all dead.

3. Of the 5 daughters then living one Velli Nachiar is dead the other 4 are alive. Soumia Nachiar is the individual mentioned in the alleged Will of Unganootoo Nachiar.

4. Of the Children of Velli Nachiar the eldest son is alive, on his behalf his mother brought O. S. No. 4/1832 in the Provincial Court Southern Division and appeal Suit No. 11 of 1835 in Sudr Udalut which were both dismissed. The Court of Sudr Udalut however gave no further opinion against the appellant than that a daughter's son could not succeed before a surviving widow.

5. Velli Nachiar's daughter is Pichimaul the principal widow of the late Zemindar and mother of the minor.

6. I believe that one of the 2 other sons of Velli Nachiar is dead and the other alive but not being further informed as to the existence and state of the several

Grand Children of the Sainud Zemindar I have called upon the Guardian for a Report the substance of which I will communicate to the Court.

7. I have acceeded to the Guardian's request that the Minor who as alleged &c Heir to her husband is alleged Heir to &c Unganootoo Nachiar also should be allowed a moderate sum to perform the funeral ceremonies which pertain to that Character. I desired them to fix the lowest amount possible which he states to be 500 Rupees. This I understand to be moderate and request may be sanctioned in consideration of the importance attached to it by Hindoos as an assertion of right of inheritance. Time did not admit of my applying for previous sanction.

would permit, in collecting, arranging, & transcribing and indexing the Circular orders of the Office. and as the work has now been brought to a close it is proposed that it should be printed. The arrangement suggested for that purpose is that it be printed at a private press under the general Superintendence of the Secretary to the Board, but at Mr. Maskells' risk - a risk which he is willing to undertake provided the Government will consent to purchase 150 Copies, the cost of each copy being estimated at about eight Rupees.

2. The Right Honorable the Governor in Council has much pleasure in encouraging the publication of so useful a work. He approves the arrangement proposed by the Board of Revenue and will be prepared to take the required number of copies at the price of eight Rupees each. When the work is ready for delivery the Board will be pleased to cause 150 Copies to be forwarded to this Office accompanied by a Bill for the

From the Collector of Rajahmundry.

Submitting two Statements &c shewing the average revenue derived &c during the last five fusles from the several items on which frontier duty is levied on export to, or import from, the French Settlement of Yanam in reply the Board's Proceedings of the 1st March 1850.

+ Nos A and B.

Sir,

Para 1. With reference to the Extract from the Proceedings of the Board dated the 11th March enclosing copy of Extract from the Minutes of Consultation dated the 28th February 1850, I have the honor to forward two Statements, the one shewing the average revenue derived during the last five fusles from the several items on which frontier duty is levied on export to or import from the French Settlement of Yanam and on which I recommend that the duty be retained. the other a similar Statement regarding those items on which I recommend that the duty be abolished.—

2. The Board will observe that if the single item of "Piece Goods" be

be excepted the trade between the Comp-
-any's Territory and the French
Settlement of Yanam is of a very
trifling nature.

3. During the three fusties of
1256 A.D. 1846/47 1257 A.D. 1847/48 and 1258 A.D. 1848/49 the total value
of Imports and Exports only amounted to
about Rupees 25,000 and of this sum
nearly Rupees 10,000 was the value of
piece goods.-

4. In my letter of the 11th
February to the Commissioner of the Northern
Circars and which has been referred
to the Board by the Government I
pointed out the peculiar facilities
for smuggling consequent on the position
of Yanam and the great loss entailed on
the Government from the excess of
expenditure over income and I suggested
that the duties levied at Neelapilly

and

and Ingeram should in future be
farmed out. I may now further state that
out of 33781 pieces of cloth exported on
French passes from Yanam from July 1849
to March 1850 inclusive, frontier duty
had been previously paid on only 10344
pieces and if we allow for a small number
having been manufactured in Yanam itself
still about 20,000 pieces must have
been clandestinely conveyed into the French
territory.-

Sir

From the Collector of Guntoor

Explaining the charges objected by the Board of Revenue in their letter of the 3rd Instant for Batta and pay of Village Mohatars.

Para 1. I have the honor to acknowledge the receipt of your letter dated 3rd Instant conveying the remarks of the Board on certain Items in my Statement of actual Charges incurred without Estimate in Feasly 1258-

2 The Board object to the payment of Batta at the rate of 4 Annas per Cooly instead of 3-8-0 a Cooly being the proper value of 3 panams which calculation is to be adopted in future. The rate of 4 Annas per Cooly has, without objection or remark, continued to be allowed for the last 4 years, and it appears probable that a round sum was originally fixed of the existing currency for convenience of account, rather than taking the exact rate paid to Coolies in each District. I would therefore suggest that as Government have

have not apparently directed any reduc-
-tion of the usual rate of Batta, the
Board will allow it to continue, espec-
-ally as, considering the ordinary rang-
of prices & Annas in this District, will
not go further than 3-8-80 in many other

3. If a reduction must be
made, then I beg to suggest that the
sum fixed may not be the very
troublesome equivalent of 3 Fanams
cited by the Board but either 3½ or
3 ¾ Annas.-

4 The instructions con-
-tained in the 3rd Para of your let-
shall be adhered to in future.

5 The Board remark on
the increased Charge for Village
Mohatads and require further expla-
-nation respecting it.- From the corre-
-spondence that has passed on the sub-
-ject the Board have been made as
aware that when the Zemindaries rever-
-ed to Government the Village Establishmen
were

were found to be very defective. In
conformity with the instructions of
Government exertions were made to
restore them to efficiency by filling
up vacancies and where the Mohatass
Enams were insufficient substituting
Monthly pay. The Minutes of Consulta-
-tion conveying the views of Govern-
-ment dated 2nd August was receiv-
-ed by me on the 11th September 1849,
and in conformity therewith a State
-ment of the Village Establish-
-ment recommended, (exclusive of
Kurnams) for the whole District,
was submitted to the Commissioner
on the 21st November 1849. but his
reply has not yet been receweds,
according to this Statement, the
number and emoluments of Mohatass,
present and proposed are as fol-
-lows. Exclusive of Palnad.-

below those of Fusly 1259. That for Cottah is equal to the average of the last five years but the Offer for Tada falls short of it in the sum of Rupees 198-5-10. As there is no prospect of better offers being received for these two Stations I am induced to recommend that they be accepted and the parties placed in possession from the 12th Instant provided they severally furnish the necessary Security and make the usual deposite

2. The Berry of the Paumoor Division deducted from the Abkary rent of the Chittoor Zillah for Fusly 1259 is 1100 Rupees and the highest offer now received for Fusly 1260 is Rupees 760-

3. The Abkary of the Paumoor Division being transferred to this District from Fusly 1260, and the offers now received being so low, I consider it advisable to hold the Abkary of that Division under Amany for the present till it can be ascertained what amount is realiz -able therefrom-

The Board of Revenue sanction the acceptance of the offers for the Abkary Farms of the Talooks of Colah and Päda, for Fusly 1260, the former amounting to Rupees 716, and the latter to Rupees 1510, and authorizes the renters being put in possession of their respective Farms on the terms specified in the Board's Proceedings, dated 1st July 1850.

2. The Board likewise approve of the proposal of the Collector to manage the Abkary Farm of Paunoor for Fusly 1260 under Attamany—

Reporting the result of an enquiry on the subject of the

the case of Robbery of 500 Rupees from the Hirsal of the Yadakee Talook of his District—

result of my investigation of the case of Robbery of 500 Rupees from the Hirsal of the Yadakee Talook in May last—

2 I regret to say that I am unable to discover the perpetrator of the robbery— The Tahsildar superintended the filling of the bags in the proper manner— and the packing of them— devolved on the Shroff and Gollah one or other of whom, or perhaps both, took a favorable opportunity of extracting the bag and putting in a stone— or it is possible it might have been done on the road— The owners of the bullock on which the Hirsal was packed has after a lapse of 20 or 25 days come forward to say he saw the Gollah take the bag out and put it under his cloathes in the Talook Cutcherry— but his testimony cannot now be credited—

3. I shall therefore cause the Shroff and Gollah the responsible parties to make good the 500 Rupees and dismiss them with some Reconds from their Situation and I hope this example

example may act as some check to prevent future embezzlements—

4 The Pay of these Subor=dinates is excessively low when it is considered that they have charge of large sums of Money and have many opportu=nities of making away with the Public property, and it might be worthy of the consideration of the Board of Revenue whether the Pay of this Class of Public Servants should not be increased. The pay of the Yadakee Shroff is 7 Rupees and the Gollah 5 Rupees per Month—

3. The Board are not pre=pared to recommend any increase of pay to the Talook Shroffs and Gollahs—

With reference to this case and

and the one brought to notice in Mr. Pelly's letter of 1st June 1850, the Board desire that the Talook treasuries be occa=sionally examined by some European Officer—

From the Collector of North Arcot— } Sir,

Affording information on the claim of the Shrotriem=dar of Eloopa=tundalum to Compensation, with reference to the Board's Proceedings of the 6th June 1850.

I have the honor to ac=knowledge an Extract from the Proceed=ings of the Board of Revenue dated 6th Instant, having reference to the complaint of the Shrotriemdar of Eloopatandalum that the new Channel to the Puccolum tank has injured his Village, and direct=ing me to report what compensation may be made to him—

2. The specific injury alleged by the Petitioner has been different at different times. At first his only complaint was that the bank of his tangul had been cut through and this complaint he

he urged in several Petitions to me but when the Acting Civil Engineer went to look at this Tangul it was hardly to be found, the Petitioner then said it was a pond for watering his cattle, but Captain Collyer was of opinion that it could only serve even in that capacity during the rains. The Assistant Civil Engineer was afterwards requested to make a more particular examination and to him the Shrotriumdar stated that what before had been called a Tangal was not a tangul but a Channel to bring water to his Tank, Lieutenant Foord however concurred with Captain Collyer that the new channel would cause no injury to the Shrotrium Village through the medium of this Tangul, and the Board in their Proceedings of the 19th November 1849 rejected his Petition accordingly.

Letter to Collector September 7th/1849 Copy to Board October 31st/49.

To Acting Civil Engineer October 9th Copy to Board October 31st/49 with Collectors letter.

3. The present Petition to the Board (186 of 1850) urges the loss to the Petitioner in the extent of ground taken up in his Village by the Channel, and he asks that the whole assessment of the

the land so taken up should be remitted from the amount of his Jody, which is 500 Rupees a year. The land in question is eleven bawnies no part of which appears ever to have been cultivated. the Teerwah of some Poonjah land not very far distant is 2 3 - a bawny and assuming that as the proper rate for this land also, and it will be a liberal one, the total assessment, would amount to Rs 7 4 - 1 - as the remission of this sum annually is all that the Petitioner asks, this may be considered the limit but I feel much difficulty in specifying any particular sum to be allowed. I cannot see that the Petitioner has sustained or will sustain any pecuniary loss from the occupation of this land, and I must beg permission, after thus placing the facts before the Board, to leave it to them to determine the value of the other injury which they consider him to have suffered in the invasion of his rights.

4. A strict regard for the mere right of property is no doubt very fair and

and proper but the Board are aware, I am sure that it has not been observed in practice hitherto. It has been usual for the Government where a road or a channel has been making to take at will the land of Ryots in which they have invested their capital, and to which they look as the employment of their labour and their means of raising a livelihood, and in most cases especially till very lately no compensation has been given, but only the Government demand has been remitted which is ordinarily payable in case of cultivation alone. Again in the case of Zemindary lands Government have been in the habit of making roads, giving Compensation for the cultivated land destroyed, but none at all for the waste. And the very terms of the endorsement on the Present Petition shew the opinion of the Board that the occupation of a proprietors land does not necessarily involve compensation; for I am called on to report what extent of land has been taken up in Petitioner's Village by the Tuccolum Channel

Channel, whether any damage has been thereby caused to Petitioners and "if so" what compensation should be made; the Damage clearly implying pecuniary damage by loss of Cultivation &c.

5. With reference to the concluding Para of the Proceedings under reply I beg to observe that the portion of the so called Tanguel taken up by the crossing of the new channel may probably Amount to 1/8 Cawny. In describing the land taken up by the Channel as "Culler Parumboke" I did not remember this exception; but even if I had remembered it I should probably not have thought it necessary to make special mention of so trifling a quantity. I beg permission also to correct an erroneous Statement in this part of the Board's Proceedings Captain Collyer does not say either that the Tanguel was once used for irrigation or that it is now used to water cattle; on the Contrary he seems rather to discredit both

both assertions when made to him.

Proceedings thereon. Considering that the Collector stated in his letter of 22d May 1850 the 11 Cawnies taken up for the Channel in the Shrotrium Village of Eloopatundalum to be entirely Cullei Porumpoke the Board are not disposed to accede to the proposition of remitting a sum calculated on the teeruah of Poonjah land which from its amount leads to the conclusion that it is cultiviable if not cultivated land.

Letter from the Collector of 24th June 1850 (24.25)

2. It is desirable that Mr Bourdillon should submit an estimate of Compensation founded either on personal interrogatory of the Shrotriendar or on the decision of a Punchayet.

3. With reference to the concluding para of Mr Bourdillon's letter the Board would observe that it is not stated in their Proceedings that Captain Collyer said that the Pangul was one

2. 3. 0. an Acre

once used for irrigation &c. The circumstances was stated in the Engineer's letters as being the assertion that has not been disproved.-

Sir,

I have the honor to acknowledge the Board's Circular letter of the 13th Instant, desiring that revised Estimates may be submitted for the Sanderwared expenses of both the Revenue and Magistrate Departments based on the expenditure of the three Faslies last past. Having some difficulty in preparing such Statements for this District, I beg to solicit the instructions of the Board on certain points.-

2. The Sanderwared charges of the Revenue and Magistrate Departments have been mixed together for many years in this District, and could not now be separated for past years, and any arbitrary division of the total expenditure between the two departments would

26
From the Collector of North Arcot — Requesting instruction on some points with reference to the Board's Circular letter of the 13th June 1850 respecting revised Estimates of Sanderwared.-

would almost certainly be productive of inconvenience if taken as the standard or limit of future outlay. If however it is thought expedient to have the division made, I would beg the Board to inform me what proportion of the whole they would wish to be taken for each depart=ment. If such arbitrary division is made, it should remain in force only for three or five years, and at the end of one or the other of those periods it should be revised with reference to the actual outlay up to that time. The Magistrate Saderwared charges shown in the Statement in Para 3 of the Board's Proceedings of December 10 - 1849, are those of the Police Cutcherries in the Zemindaries, where the Saudierwared was specially provided for as a part of the Police Establishments.

3. I beg further to request the Board's attention to my letter of the 10th October 1849, in which I reported at length on both the ordinary and Jimmabundy Saderwared charges

I there pointed out some reasons why the charges in later years must be higher than they were formerly; and also why for this and other reasons stated, the accounts of any preceding periods would not afford a true criterion of the actual requirements of this branch of expenditure. I then took Fusly 1258. therefore for the standard; and I would now propose to take Fusly 1259 because I believe the accounts to have been still more fairly drawn up in that year than in the former. Even for that year however the expenses of the two depart=ments cannot be separated.

4. With reference to some expres=sions in the letter now under reply, I beg to observed that I am aware of no causes having been in operation in this district to diminish the demands on the Saudierwared Fund since 1834. Some large branches of Official work have been abolished, Viz.t the Davastanum and the Sayer Revenue, but here at least those departments had their own separate Saudierwared

Fort St. George 11th July 1850.-

Sanderwared allowances which were abolished also.- On the other hand business has increased in almost every branch of every existing department.- In the Revenue Department the correspondence between the Hoozoor and the Talooks is larger and greater quantities of periodical and other accounts are required in addition to the Dittum.- and the change in the form of the Jummabundy accounts both which consume a great deal of Sanderwarid. The Maramut work also both in correspondence and accounts is much increased, and in both the information called for by the Board, which necessarily adds to the Talook business is much larger.- It is the same in the Magistrates Department, the ordinary records are fuller now than formerly the periodical Returns are more detailed and the quantity of correspondence is much greater.- For these reasons it appears clear to me that the necessary and proper expenses of the Sanderwarid must

Fort St. George 11th July 1850.-

be heavier now than formerly, as more fully explained in my former letter. The Board especially mention the Sea Customs, as likely to show decrease; in this District the Sanderwared charges of that Department can never have been more than very small, and they have been mixed up with those of the Pulicat Police Ameen's Cutcherry both appointments being held by the same individual. If there has been any diminution in the Sea custom Sanderwarid of late years, it has been more than counterbalanced by the increase of business in the Police Ameen's Cutcherry.-

If the average of Fasly 1257

Fort St. George 11th July 1850:-

1257- 58 & 59 do not appear to the Collector to be a fair criterion on which to regulate future disbursements the Board will not object to his substituting those of Fusly 1258 and 1259. only, but it is essential that the Sudderwared of the Revenue and Magistrate's Department should be kept distinct from each other. If however the Collector can correctly proportion the charge of each Department on the actual results of the past two Fuslies the division of expenditure may be omitted in the revised Estimate now called for, but in disbursing the amount of Sudderwared from the current Fusly the actual charges of each department should be separately exhibited in the annual Statements.-

Sir,

I have the honor to acknowledge copy of a letter from the Board of Revenue to Government under date the 20th June 1850, recommending the defence at the public expense of the Suit brought against the Collector of the district by Soobroy Pillay for the land on which the dispensary is built, and of the Minutes of Consultation authorizing it's defence.-

2 The answer I submitted to the Board has accordingly been filed, but I think it right to point out an error in the letter of the Board which

which is of some importance.-

3. A reference to my proposed answer will show that the Plaintiff does not hold any Puttah from the Government - if he did so - I did not see how any objection could be offered - except under the second head of the defence viz. that he had surrendered what right he did possess - The puttah he holds is from a late Mootahdar, who by a recent decree of the Sudr Court is proved to have no right to the Fort land, which is declared to belong to the Government and therefore I stated that the Plaintiff had no valid title whatever. By stating that he could not urge length of possession against the Government, I meant only to claim in favor of the Government, the principle that generally the Government is not bound by a Statute of limitations. I have not exactly stated that I can prove the surrender to Mr. Fischer, I have stated that

Reporting upon the effect of Emigration of Laborers to Ceylon from his District

I have the honor to acknowledge the receipt of Extracts from the Proceedings of the Board of Revenue under date 29th April accompanied by papers calling for a report whether the effect of the emigration of laborers to Ceylon is found beneficial to the parties or otherwise, and in reply to state that an enquiry amongst the residents in the Talooks bordering

Fort St George 11th July 1850

bordering the Coast opposite Jaffnah, the general information gathered from such as had temporarily emigrated, was to the effect that though wages were high, other drawbacks existed to such an extent that if they could find employment on the usual rates at home, the higher payments in Ceylon would not tempt them over. They describe great hardships endured in a strange country on first landing and the severe fevers and bowel complaints which so often occur and under which many die outright, while others are weakened and damaged in constitution for a long time after their return to their own country. The numbers who go to Ceylon are not great, emigration depending mainly on the season, and as the place and labor is so well known, being described by those who have been over, it would seem that the indifference to seek higher wages at little cost of transport must arise from

from the risk being as great or greater than the profit, for with higher wages the cost of living is also increased.-

Sir

Requests sanction for an outlay of Rs 187 for conducting the Survey of the Torriore Zemindary.-

In reference to the Proceedings of the Board under date the 16th August 1849 directing the Survey of the Torriore Zemindary, I have the honor to request sanction for an outlay of Rupees 187-... as shewn in the enclosed Statement for carrying the measure into effect.

2 I beg to explain that on making arrangements for commencing the Survey, I found the aid of two experienced Pymashdars or Measurers indispensable - and it appeared advisable to employ strangers for the purpose with a view to remove as far as possible all suspicion of local influence, especially as circumstances prevented my obtaining the aid of a superior native revenue servant from one of the adjoining Districts to Superintend the Survey operations.- With

Fort St George 11th July 1850

3. With this view I requested the aid of the Collector of Tanjore, understanding that some of the parties temporarily employed in late Surveys in that Collectorate would probably be available, and in this manner I obtained the assistance of 2 competent Ameens, or Pymashdars for whose employment I request sanction for a period of 5 Months on a Salary of Rupees 17½ each per Mensem.

4 These two Servants are now employed on the Survey, for although under ordinary circumstances I should have awaited the orders of the Board, I thought that I might anticipate sanction on this occasion as it was important to lose no part of the season in which alone Survey operations can be proceeded with. I do not anticipate any charge besides that for which sanction is now requested, and as the Zemindary consists of 13 Villages containing a cultivated area of above 20,000 Cawnies, I trust that the expense will be deemed moderate.

Resolved that the letter above recorded together with its enclosure be submitted for the orders of the Right Honorable the Governor in Council with the Boards recommendation that sanction be granted for the proposed disbursement amounting to Rupees 187- One hundred and

and Eighty seven for the employment of two Pymashdars for 5 Months at a salary of Rs 17½ each per Mensem with 2 Rs per Mensem Saderwared for the Survey of the Torriore Zemindary.-

Pro: to Collector 16th Augt 1849.

The Board directed that the survey should at once be proceeded with as almost from the time Fusly 1227 on which the Zemindary was confirmed upon its former Proprietor up to the present period there have been frequent complaints of encroachments made by the Istimrardar or by the Circar ryots and the particular enquiries instituted from time to time have led to no satisfactory result nor can any conclusive Settlement of the question be hoped for, until the whole land of the Torriore Zemindary shall have been duly inspected and Surveyed.-

From the Collector of Madura . . . Reporting on the Settlement of Shevagungah Zemindary for Fusly 1258.

Sir,

Para 1. I have the honor to submit my report on the Jummalumdy Settlement of the Shevagungah Zemindary for Fusly 1258 with Statements as per List enclosed.

2. The death of the late Zemindar took place on the 3rd February 1849 and was reported by me on the 5th. A further report was made on the 20th February 1849 and the order of Government dated the 23d March 1849 for taking the Estate under the Court of Wards was received on the 30th March 1849 and carried out on the 4th April 1849.

3. The Collections which had been made up to this period by the Zemindar and his Officers are exhibited in Statement No 2* at Rupees 1,52,062-1-7. The amount of Peshcush fixed being Rupees 42,000. The

* Column 345.

4 The Settlement was made at Coonaː goody, Teroopavanum and Caliar Coul, between the Months of August and September 1849, the system being the same as that pursued under the Zemindar and under Assumption from Fusly $\frac{1246}{1837}$ to Fusly $\frac{1254}{1845}$.

5 The peculiarities of the system having been explained in Mr Blackburne's report of the 30th October 1837 it is not necessary to advert to them on the present occasion any further than by stating that the greater part of the Revenue from Nunjah land is collected by a division of Crops, the Melːwarum share of which is sold to Merchants and that the Poonjah lands are for the most part assessed in Money.

6. The season in this part of the District was upon the whole unfavorable. In some of the Northern Talooks the Quantity of rain amounted to the Average; but the North Eastern Monsoon having failed in the South and East the remaining Talooks of Shevagungah were ill supplied, particularly the Nunjah Lands

lands dependant on the "Vygay", the moderate freshes in which were nearly absorbed before they reached the limits of the Zemindary.

7. The annexed Statement exhibits the Revenue of the Fusly in comparison with that of the preceding year Fusly 1257, and setting aside the Villages assigned to the present Minor in his Fathers life time and the Cuttanoor Zemindary, neither of which entered into the latter, shews a Decrease of Rupees 1,19,426-3-6. From this however should be deducted the Peishcush of the Cuttanoor Zemindary 7,363-15-6 Rs as Ps which is included in the receipts of Fusly 1257 but not in those of Fusly 1258. The decrease will then be 1,12,062-4-11.

8. Including the Revenue from the Minors Villages now assumed and the income of the Cuttanoor Sub Division Zemindary the Revenue of the year was 4,29,566-15-10.

* The late Zemindar gave an Ayen Village Theroopachetty to his elder sister Mahamay Hanckear on fixed rent from Fusliee 1254 to 1257. The said Village was brought under Amanee in Fusly 1258 hence this Decrease.

⊕ The Peshcush on Cattanoor held under Amanee in Fusly 1258.

9. From diminished Cultivation of Punjah, Punjahmel Poonjah and Poonjah Hara: put and a lower price counter balanced in a small degree by a larger average produce per Ishey and Ieorookeum and an increase in the Teerwapul Cultivation of all description, there resulted a Net decrease of 10,674 - 5 - 10 to which adding a loss of 2,050 - - - 11, in the value of draw and other ready Money products and 3,500 the Quit Rent of the Village Theroopanchetty granted by the late Zemindar to his sister Mahomy Nanchear, but now resumed, and deducting an increase of 262 - 2 - 9 in Dhurmasanum Peiz the total decrease amounted to 11,062 - 4 - - as above stated.

Vide No. 7.

10. Statement No. 7 in the packet shews the calculation of this Decrease in detail.

11. It will be seen from Statement No. 4 that of 4,29,866 - 15 - 10 the Amount of settlement Rupees 2,92,071 - 7 - 8 had been collected up to the end of December last leaving a balance of 137795-8-2 which up to the end of February had been reduced to

No. 4

to 95,699 - 5 - 1. The cause of the slow realization of the Revenue is owing to the receipt of the greater part thereof in kind: This is sold towards the end of the Fusly by Auction to the higher bidders on an engagement to carry it away and pay for it within a moderate fixed period which they generally exceed.

12. Statement No. 8 exhibits the Demand Collection and Balance of Peishcush up to the end of February last. To cover the balance 47961 - 2 - 7 there remains to be collected for grain 90,609 - 9 - 6 and ready Money 5,089 - 11 - 7.

Statement No. 5 Account Current.

13. Among the Collections entered in this Statement it is necessary to explain the item of receipts from the Zuftee Villages. These are Villages included in the Istimrar assets and afterwards alienated: Some previously to the Estate being formerly held under Management (when they were resumed) and some subsequently. Owing to the late period of the year the greater part of their income had already been appropriated. It was not thought advisable therefore to include them in Ayen in the Accounts

of

of the Fusly under review, but the receipts from them alone the Pooroopoo are entered under the

No. 9. Head of Casual Revenue. A list of them accompanies the report. The sum of Rs 1,000 was the amount of institution fee refunded on the withdrawal

+ 12th July 1849. under the Courts orders of a Suit instituted by the late Zemindar for the recovery of the endowment to the Perianmalay Dawnotanum.

No. 10. 14. I transmit an Account Particular of the Law charges which is the only item among the Disbursements which appears to me to require special notice.

No. 6. 15. The Decrease of one in the number of Cheltrums is owing to the Pareecoody Cheltrum having been transferred to the Management of the Duckdar who renders his Accounts direct to the Hoozoor Cutcheery.

16. The last Fusly in which the Estate was under the former Management of the Collector was 1253 with which the Count will naturally make some comparison. The total Gummalundy of that year including resumed Villages was 4,05,085-7-10 while that of the Fusly under report excluding those Villages and Cuttanoor Sub Division was 4,09,215-1-2 and adding the

+ 25526. 5. 2. the resumed Villages at the amount of their settlement in Fusly 1253 to 4,34,741-6-4. The settlement of the year under review therefore though considerably below that of Fusly 1257 contrasts favorably with that Fusly, 1253.

17. The Number of Villages borne on the Statement No. 2 for Fusly 1253 was 845 5/16 and in that of Fusly 1258, 839 13/16

18. I annexe an abstract in explanation of the difference. The Villages resumed by the Zemindar are Shykalatoor which was held subsequent to the permanent Summud by the late Shevagamy Nauchear of Ramnad and the Villages of the Cuttanoor Sub Division Zemindary. The Villages deducted are Eliyatangoody granted on a permanent rent and after being resumed by the Zemindar released by the late Principal Collector in 1844; and 34 13 3/4/16 Villages alienated since Fusly 1253 and included in Statement No. 9.

The Cuttanoor Sub Division enjoyed since the 11th December 1822 by a separate Proprietor on payment to the Zemindar of a proportionate Peishcush was awarded to the Shevagungah by a Decree of the Civil Court dated the 10th April 1847. This Decree has been reversed by the Sudr Udalut and the Precept for delivery received on the 15th Instant. In reply to your letter of the 10th Instant, I have the honor to inform you that the arrangements directed in Para 1 and 6 of the Board's Proceedings of the 25th May last, have been carried into effect with the exception of the transfer of part of Parengady, in the convenient partition of which a little difficulty was found. The land to be surrendered in this Village also has now been determined and orders issued for its delivery.

The Villages referred to in Para 7 of the Board's Proceedings remain under the Collector pending further instructions.

From the Collector of Madura ..... } Sir, Para 1.

Stating that the orders of Government dated 28th August 1845 were duly promulgated but that the proclamation has proved wholly inoperative owing to reasons stated.-

In reply to your letter of the 30th May last I have the honor to inform you that the orders of Government dated the 28th August 1845 were duly promulgated in this District, but without specification whether the Ryots were themselves to apply for adjudication on their produce, or to await a yearly notice.- The Proclamation has proved wholly inoperative, no desire having been expressed by any Ryot to complete either for the Prize at Madras or the Talook Medal.-

2. This result is chiefly owing to two only of the articles specified in the List submitted to Government under date the 28th March 1845 being produced in this District. Viz. Country Cotton and Sugar, the latter in a very small quantity

Fort St. George 11th July 1850.

quantity in the Sub Division- Of the Cotton land a large proportion is included in the Ramnad Zemindary and the rest is situated in two only of the Government Talooks. The extent cultivated by each Ryot is small, and generally either forestalled by Creditors or sold immediately to raise money to pay the Sircar Dues.-

3. From the above causes, the Ryots concerned in the Proclamation are comparatively few, and would be put to considerable inconvenience by trying for the Medal- I doubt if there is a single person in the District capable of competing for the Prizes at Madras.-

4. As the inoperativeness of the offered reward has arisen in my opinion from the circumstances of the District and not from any defect in the proposition, I do not recommend any change.-

Forwards two Petitions from the widow of Ramakistna Pundit late Head Sheristadar and recommends the grant of a pension to his sons of 70 Rupees per mensem.-

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir,

In forwarding the accompanying copies of Petitions for the favorable notice of the Board, and Government, I would beg leave to solicit the liberal and just consideration really due to them. Full enquiry enables me to assure the Board, and Government, that the Statements are strictly correct and that Ramakistna Pundit, tho' long in a high and influential position, enjoying the confidence of his Superiors died, without abusing that confidence, or using his own numerous and obvious opportunities, and was in fact a poor man - a circumstance as creditable as it is perhaps unusual with a high native Official holding the influence and position, Ramakistna Pundit has long done. Native Revenue servants of Rank seldom die without lands, if they do without money. I cannot learn that the late Sheristadar had acquired or amassed either one or the other, any where.-

Being

Fort St. George 11th July 1850.

2 Being no protegee of my own, but personally a stranger to me till knowing him here officially for the last 15 Months and by general good report before, I speak the more freely what I consider only justice to the memory of Ramakistna Pundit. 25 year experience, in various Districts has necessarily thrown me into contact with many Sheristadars, and other Natives, high in Office. I have met some equal, and a few perhaps superior in talent, but none above Ramakist Pundit in honesty, integrity and zeal for the Public Service, in which he was, in real truth, fairly worn out there is no doubt that he was prematurely aged from unceasing toil and overwork in the Cutcherry, attempting too much, and striving to do every thing himself from a right motive.

3 Two aged Sisters, widows, his own widow, and the four Children mentioned in the Petitions, were entirely dependant on his monthly salary, and there is no doubt that he spent it entirely upon them. Had he lived it was his hope and intention to have retired

shortly

Fort St. George 11th July 1850.

shortly when the Government would no doubt have made some liberal provision, or Pension, for him, as for others of his Rank. I cannot suppose that Government would allow the family of so old and so respectable a Public servant to want. the Children are far too young to do any thing to support themselves, or their Mother — and unless Government see fit to grant a life Pension of 70 Rupees, as requested, and I think, moderately, by the widow, perhaps it might be a fair arrangement to allot such Pension to the Sons, for the whole family till such time as any one of them obtain a like sum in the Public service, which they would be always anxious and likely to do, at no very distant period.

4. I beg to forward two Copies one for the Board, one for Government, of a Memorial of his services which Ramakistna Pundit had just drawn

up

Fort St. George 11th July 1850.

up and printed with a view to sending it in to Government himself.

5 His last illness was sudden he was with me in Cutcherry a few days previously. So soon as I was informed of his danger, I visited him in his own house, and solicited the advice and attendance of Doctor Porteus, for so old and respectable a Public servant this, tho' most promptly and kindly given, was in vain - and the old man sunk from sheer weakness and exhaustion. His great anxiety, was, some provision for his family which I promised should be fully represented to Government - and I should not do justice to Ramakistna Pundit did I say less than I have ventured to do in his behalf. His testimonials speak for themselves.

6 I shall be prepared to recommend a fit successor to the Head Sheristadar, if the Board permit me to do so.

Most Honored Sir,

Three days have nearly expired since my husband departed this life - the sorrow, distress, and confusion, in the family, consequent on his sudden death, are beyond expression. He served the Honorable Company for a period of more than 33 years in various situations and in several Districts, 15 of which as Head Sheristadar. He was possessed of every thing, but wealth. His whole hope having rested on the probability of obtaining a Shotrium or Pension for 2 lives, as was the case with his Predecessors which he firmly believed will be granted to him, in consideration of his merits, as promised by the Board, on the recommendation of Mr. Wroughton in 1849; but unfortunately, he did not live long enough to obtain it - and in the meantime, he made

no

no provision for the support of his family- It consists of three boys, one Six years old, the other 3 and the 3d 12th Months, or two Daughters, two Sisters and myself with two, or three nearest relations, in all 10 persons, for whose support at least, 70 Rupees will be required per Month- My Soninlaw and two brothers, who are the only relations in the service, get a very scanty pittance hardly sufficient for their own livelihood and I am left, with my little children and other relations dependent on me for support, helpless in a strange country, having neither a house to live in, nor any means wherewithal to get on- In addition to this difficulty, my late husband contracted a debt of about 3000 Rupees which I fear I will be called upon to adjust, no sooner the funeral Ceremonies are over, which will be in the course of 10 days more- To do this all the effects will require to be sold-

Most Honored Sir, I sobriously and sincerly confess that on the day of the

death of my husband, one of his friends lent me, upon the security of a Goomastah in the Treasury 100 Rupees- With this sum, the usual ceremonies are going on- There is nothing at home except one or two thousand Rupees worth of Jewels, which will be disposed of to satisfy the creditors- the other Property consisting of articles of little or no value, Viz:, a large quantity of Books and Papers, Carts, Palanqueens, Cots, Horses, Cows and Bullocks-

Under these circumstances, and having no friends and relations to assist me in this time of distress, I have taken the liberty of throwing myself upon your kindness for protection- On the day on which your goodness had honored my sick husband with a visit he had unfortunately lost his senses, and the power of speech otherwise he would have no doubt communicated his distress to your honor, but I respectfully solicit that this Petition, coming as it is, not from a dying man, but from a poor destressed and helpless

Fort St. George 11th July 1850.

helpless widow, may be taken into your honor's merciful consideration, with equal compassion and that a Pension of about the sum mentioned above, Viz.t, Rupees 70 may be granted to my Children. Should this be considered by your goodness impracticable, I beg that my son in law Ramachendra Row, now assistant Moonshee in the Cutcherry may be promoted to the Office of Tahsildar of some Talook that he may be enabled to maintain me and my Children, again should this Petition also not meet with your approval, I request that a situation in any Office worth 60 or 70 Rupees a month, may be conferred on my eldest boy, six years old, to be occupied by him during his minority in the shape of a Pension, this arrangement being communicated to Government to prevent future difficulty.—

I would make this Petition to your goodness in person, but the practice of the Brahmins and my present

confused

confused and destressed condition prevent my doing so — and I respectfully crave your honor will be kindly pleased to protect the family and Children of one whose sole hope was the bounty of Government, and which he did not unfortunately live long to enjoy.—

I beg to subscribe myself.—

The humble Petition of

late Head Sheristadar.

The circumstances of my husband having honestly filled the situation of Head Sheristadar and other Offices in Coimbatore and other zillahs being

well

well known to the Honorable Circar, it is unnecessary to detail them here, but I beg only to represent my present distressed circumstances relying upon your justice and compassion for compliance with my request.-

My husband having gradually filled high posts in the Circar Service for the last 33 years died on the 3d. of this Inst leaving myself family and the Children quite destitute of means and without any estate, but only burdening us with a debt of about 3,000 Rupees. These circumstances are well known to the public.-

The family left by my husband is as follows- a son Soobarow of 6 years age, another Lutchme Vencatramanien of 3 years, and another child Vencatakristnien of 7 months, two daughters, myself his widow, and two sisters with their family who are quite destitute of any other means I have no means even to educate the children and to bring them up according to the rules of our caste though not to

maintain

maintain them adequately to the respectability of their father, and for the daily supply of the wants and necessaries of the family and moreover his funeral ceremonies are to be more especially performed to the end of the 1st year from his death- If my husband who rendered his valuable services to Circar with a firm belief in their favor and trust left any scanty means for the support of the family, I will not feel myself competent to complain in this manner.-

My husband who had a firm belief that the circar will grant him pension for three generations in consideration of his deserts, rendered his services with correctness without a desire to accumulate riches and with an aversion to bribery having suddenly died I most humbly pray that you will take into your benign consideration the circumstances of the circar having several times noticed his honesty the mention

made

made by the Board in their Proceedings dated 22d March 1849 that his claim will be taken into due consideration, the present, our distressed circumstances, and our wants of any means for support, and recommend with compassion to the higher authorities for the grant of a pension for his remaining two generations, according to the expectation of my husband who died without being fortunate enough to enjoy the bounty of the Honorable Company and protect us by providing some means.-

Extract from the Proceedings of the Board of Revenue under date the 20th Ultimo

I have the honor to state for the information of the Board that the land therein alluded to was put up for sale on the 28th February last, the date originally fixed by the Board; but as the amount offered appeared to me to be too low with reference to the estimated returns of the produce of the land I considered it advisable to send for the parties and close the sale before myself and; on account of my absence from Gerei on the Summabundy settlement, this could not be effected earlier than the 23d March last, the date on which the sale was finally concluded.—

Requesting special sanction for the payment of certain arrears of Salt Compensation due to Andeapah Naick and his brothers, Rupees 377-0-8.

I have the honor to bring to the notice of the Board of Revenue that a Compensation Certificate for the suppressed manufacture of Salt was granted to Andeapa Naick, P. Arumachella Naick and Mooneappah Naick, sons of the late Munna Permall Naick, which provided for the payment of Rupees 53:14:8 per Annum.—

No.

2 No payment has been made on the Certificate since the 12th January 1843 in consequence of the absence from Madras of one of the Grantees Mooneappah Naick.—

In this Division the settlement for the current year amounted to Rupees 6,159 - 4 - 1 The decrease Rupees 9847 - 6 - 7 is owing partly to a large portion of the troops in the Cantonments of St. Thomas' Mount and Palaveram having proceeded elsewhere, which has occasioned a reduction in the Doule from Gs. 87 - 30 to Gs. 76 - 20 per diem; the difference between the two Yearlies being thus equal to Rupees 5908 - 6 - 11 for a year and partly to the sale of Arrack in the other villages beyond the limits of the Supreme Court having sustained a considerable diminution on account of the loss which the cultivators of the Soil have been subjected to for some time past, so that the difference in the amount of the settlement for the several Shops established there is no less than Rupees 3938 - 15 - 4.

An Urzee from Goolam Moortooza, Government Vakeel in the Court of Sudr Udalut.-

I received on the 29th Instant the instructions of the Board dated 24th June this year and the enclosures therein referred to.-

I presented the said instructions to the Court of Sudr Udalut on the 1st of this July when the Court was opened, and requested them for orders to furnish Copies of the Arzees presented to them by Mr. V. Sathsam on behalf of the Ramnad Zemindar. The Court ordered accordingly to grant the required Copies and directed me to present a Counter Arzee within one month if I were to do so.-

I will recieve the said Copies and prepare an answer as soon as possible in obedience to the above instructions

From the Govt Vakeel Sudr Udalut -

An Arzee from Goolam Moortooza Government Vakeel in the Court of Sudder Udalut.-

Received on the 22d Instant an Extract from the Proceedings of the Court of Wards dated 20th June of this year with a Copy of a letter from the Collector of Madura dated 13th May

Fort St. George 11th July 1850.-

of this year No. 82 to your Court requesting that an Arzee may be presented to the Court of Sudder Udalut to cancel an order of that Court to Namasevoya Taver directing him to put in an answer in the appeal preferred by Angamoottoo Natchiar.-

With reference to which I prepared an Arzee in the Tamil language as usual and Copied it on 2 Stampt papers valued 2 Rupees and presented it with the above Extract to the Court on the 1st of this July when the Court was opened, a true transcript of which is herein enclosed. I will submit the orders that may be passed by the Court on the said Petition.-

Mr. V. Sethsam on behalf of Namasevoy Taver presented an answer on the 1st Instant to the Court in the above appeal case. This circumstance also I bring to your Knowledge.-

To, The Court of Sudder Udalut.

The Urzee of Goolam Moortooza, Government Vakeel on behalf of Court of Wards.-

The Court of Wards transmitted to me an Extract from their Proceedings dated 20th June 1850 in the first part of which the letter from the Collector of Madura dated 13th May this year to that Court is quoted and in the latter part instructions to me. In the above Collector's letter it is stated that.-

"I have the honor to bring "to the notice of the Court of Wards that "the Guardian of the Minor Zemindar "of Shivagungah has reported to me "that Namasevoya Taver, brother of the "late Zemindar has obtained the "Verbal permission of the Sudder Udalut "to give in answer to the Appeal "of Ungamoottoo Nachiar. He "was desired I am informed to present

Fort St. George 11th July 1850.-

"present it before the adjournment of the "Court which he failed to do, but expects "that it will be admitted when the "Court reopens."

"It appears to me that a "Namasevoya Taver can have no "Concern in the Suit during the life "time of the Minor and his brother on "the ground of his being the undivided "brother of the late Zemindar, granting "that he is such and that to admit him "to defend the Appeal because he alleges "that the marriage of the late Zemindar "with the mother of the Minor was illegal "is prejuding that question.- If the Court "take this view I think it important "that they should instruct the Govern= "ment Vakeel to move the Court to can= "cel their permission, because it is cur= "rently reported that Namasevoy Taven "and Ungamoottoo Nachear have com= "bined and I fear that the "former will endeavour to "protect the Suit and to betray "the cause to the latter.-

The

Fort St. George 11th July 1850.-

"The Sudr Udalut would
"seem to have originally deemed Nama-
="sevoya Tavern incompetent to plead
"as they sent him no notice of appeal."-

In the latter part of the
Proceedings of the Court of Wards it
is stated that.-

"Ordered to be forwarded to
"the Government Vakeel with the opinion
"of the Court that it appears to them
"the present Suit can only be between
"Ungamoottoo Nachear and the minor
"Zemindar in possession. If the Suit
"is decided in favor of the former, Na-
="masevoya Tavern who grounds his
"claim on the illegitimacy of the minor
"can have nothing to say, but if it is
"given in favor of the latter he can of
"course bring his claims forward."-

I therefore pray on
behalf of the Court of Wards
that the Court will take into
consideration the above circum-
=stances and cancel their orders

No. 1.

To,
The Court of Sudr Udalut.

The humble Petition presented by Goolam Moortooza Govern:=ment Vakeel on behalf of the Court of Wards.-

The Court of Wards has sent me the accompanying Extract from their Proceedings of date the 1st July 1850 the first part of which contains Copy of a letter No. 89 dated 25th June last addressed to them

by

by the Collector of Madura while the latter part of it is the order past containing instructions for my guidance. In the letter of the Collector above referred to, it is stated as follows.-

"I have the honor to report "the death of Ranee Ungamoottoo Nachear "appellant in the Suit for the Sheva-"gunga Zemindary. Now pending before "the Sudr Udaulut. and to transmit "Copy of an Arzee to my address bear-"ing date the 23d Instant / received "by me this morning / with Copy of "it's Enclosure purporting to be Copy "of her Will in favor of Soumia Nachear "daughter of her Sister Purvadaverdany "Nachiar and the Sunned Zemindar "of Shevagungah Goury Vullabah Tavee."

"The death was made Known "to the authorities at Madura on the "24th Instant. I imagine that the "Will is inconsistent with the Hindoo "Law and therefore inoperative and "that the minor is Zemindar of "Shevagungah without legal opposition until

"until some one may sue him through "the Civil Courts."-

"The Tamil papers are with-"out translation as I am without a "Translator on Circuit and it is desir-"able to save a post. In the order part of the aforesaid Extract it is stated "ordered that the Copy of the "foregoing letter and of the Tamil "Enclosures which accompany it be "forwarded to the Government Vakeel "for his information with reference to the "Court's Proceedings dated 20th and 24th "Ultimo with a view to his moving the "Court to stay further proceedings in "the appeal."-

I therefore beg herewith to Submit the aforesaid Extract and request on behalf of the Court of Wards that your honorable Court will be pleased on Consideration of the foregoing cir-cumstances and the Extract to stay further proceedings in the appeal above refered to.-

2 The Kists of permanent Jumma falling due to the date of sale together with interest &c are to be paid by the late Proprietor of the Estate and those subsequently to the date of sale together with interest &c are to be discharged by the purchasers.

3 Persons desirous of becoming purchasers may depute authorized Agents or Vakeels for that purpose and all purchases made by such authorized Agents or Vakeels shall be held to be valid in the same manner as if the purchases had been made by the principals.

4 But it is required that such authorized Vakeels shall state at the time of purchase the names of their constituents on behalf of whom such purchases may be made.

5 The intention of the condition being to prevent fraudulent collusion, Notice is further given that in the event of any purchases being made under a fictitious name, the deposit money made on account of such purchases will be liable to be forfeited to Government and the Estate resold.

6 A sunnud Ilmilkeut Istimraur or Deed of permanent rights has been lodged at the Cutcherry of the Collector and at the Office of the Commissioner in the Northern Circars at Vizagapatam describing the obligations to be incurred and the rights to be obtained by purchasers of land under this advertisement, all persons are therefore referred to that instrument for particular information.

7 The purchasers of the Estate will not be put in possession till the sale has been sanctioned by the Commissioner of the Northern Circars at Vizagapatam, but in the mean time 15 per cent of the purchase money will be required to be deposited at the time of sale and security given for the payment of the remainder on the receipt of the Commissioner's sanction or within one Month from the day of sale - In default thereof the whole or part of the Estate will be resold at the risk of the first purchaser

8 In case of the sale not being sanctioned by the Commissioner in the Northern Circars at Vizagapatam the deposit money will be returned and the person depositing it relieved from the responsibility with regard to the Estate or Estates.

9 Payment of the purchase money will be received in Company's Rupees, Star Pagodas and Madras Pagodas at the Company's rate of Exchange, also in Madras Bank Notes and Bank Post Bills according to the terms published on the 13th November 1845.

From the Collector of Madras

With reference to Extract from the Proceedings of the Board of Revenue dated 28th Ultimo, I have the honor to submit a report, with its several Enclosures from my Assistant Mr Taylor, on the enquiry, conducted chiefly in my presence, into the circumstances connected with the letter supposed to have been addressed by the Sheristadar to the Salt Superintendent.

Mr Taylor has entered so fully into the merits of the case that it is only requisite for me to add that concurring entirely in his views, and feeling confident that the measure will meet with the approval of the Board, I have adopted his recommendation for the restoration of the Sheristadar, and have to request their sanction for the dismissal of Kistniah Gomastah of the Abkarry Department, and Dauraraj Pillay Ground rent Conicopillay, both of whom are now suspended.

To, J. A. Rudleston Esqre
Collector of Madras.

Sir,

The enquiry into the circumstances referred to in my communication of the 27th ultimo being now completed, I have the honor to report the result, and to forward Copies of all the proceedings connected with the case for submission to the Board of Revenue.

2. It is proper to state, in the first place, that information reached me early last week of the existence of certain papers gravely affecting the character of the Sheristadar and Salt Superintendent, but I was unable to obtain possession of these documents until Thursday morning the 27th, no time was then lost, as you are aware, in suspending the parties implicated and in bringing the circumstance to the notice of the Board of Revenue.

3. Besides the note referred to in my former letter, two others were also delivered into my hands at the same time by M. Tumbiapah Naick of Mylapore- all are addressed to the Salt Superintendent and bear the signature of the Sheristadar. These 3 original

Encls: nos 1 to 6. original documents with translations accompany this letter, marked respectively Nos 1, 2, and 3. No 1 refers to the translation with which my name is connected- No 2 relates to a quarrel which took place about the middle of last year between a Vayaloor Peon and a measurer, and No 3 has reference to the Shipment of a quantity of Salt for export to Calcutta in September 1848.

Encls: A No 7. 4. The Memorandum forwarded to me by Tumbiapah Naick himself and the deposition of his Servant, who is called by the same name, will shew under what circumstances these 3 documents came into his possession. I will proceed to give a brief abstract of their Statements and of the depositions of all the other parties concerned.

1 Ramanooja Iyengar writer in the Rev.e B. Office
2. Kistniah /late Salt Ameen/ at present Gomastah of the Abkarry Dept but doing duty under the Sheristadar
3 Damodaja Pillay /late Salt Nevesindah/ at present Ground rent Conicopillay.

5. It appears that on the night of the 22d or 23d ultimo, the three individuals whose names are written in the margin went to Tumbiapah Naick's residence at St Thomé desiring to speak with him on matters of importance. Ramanooja Iyengar, an old acquaintance of Tumbiapahs was

was alone admitted in the first — instance, who produced and read out the contents of 3 Notes addressed to the Salt Superintendent by the Sheristadar of the Madras Cutchery - and — the two others, Tristriah and Dawaraja Pillay, were afterwards called in to explain the circumstances in regard to which the Notes were written, and to give information as to how they were obtained..

6. Dawaraja Pillay late Revenue Sindah / then detailed the circumstances, which will be found repeated in his deposition at the Cutchery - He states that, on the 15th December 1849, the 3 Notes in question were brought and shewn to him by two persons one Narrainsawmy, a dismissed peon who is since dead - and another Narrainsawmy who had been employed in former years as temporary peon at the Pass. They informed him that the small Chit No 1 had fallen from the Superintendent's turban on the day he received it at the Cotaurs some Months before, and was picked up by Narrainsawmy (deceased) that the other two

No 8

* He died on 30th Sepr 1850

two Notes were purloined by the same individual from a Number of papers entrusted to him, as usual, by the Salt Superintendent, and they earnestly requested him to draw up a petition bringing all the circumstances to the notice of some authority - But he (Dawaraja Pillay) being then under suspension, and seeing that the documents were signed by the Sheristadar and that a Gentleman's name was connected with one of them declined to interfere in the matter, apprehending evil consequences to himself - From that day (15th December 1849) until the 22d June the subject was never again mentioned between them, although he occasionally met deceased Narrainsawmy before his death, and has been in constant communication with the other Narrainsawmy, at whose solicitation he has at last consented to bring the matter forward

He was suspended on 1st December 1849 and re-employed as Ground rent Conicopillay on 1st January 1850 Letter to Board 5th April 1850.

Encl: No 9. 7. Narrainsawmy speaks nearly to the same effect - but he adds that the papers were deposited with him by deceased Narrainsawmy before his death, and — that he has since constantly urged Dawaraja Pillay to make the circumstances public.

No 10. 8 Ramanoaja, the Writer in the

the Revenue Board Office, details the particulars of his visit to Tumbi: apah Naicks house with Reistnah and Dasaroja Pillay, and states that he was induced to accompany them from motives of friendship and from a desire to ascertain the truth of their accusations against the Sheristadar.

Encls: Nº 11. 9. The deposition of Reistnah late Salt Ameen is very unsatisfactory: he was most reluctant to appear in the matter, and denied having accompanied the others to St. Thomé. He also denied having seen Note Nº 1 before it was pro: :duced in Cutcherry.

10. This is all the evidence I can obtain as to the origin of these do: :cuments, and in regard to the means by which they have been brought forward. I will now turn to the Statements of the Sheristadar and of the Superintendent.

Nos 12 & 13. 11. They both assert that the circumstances mentioned in the note marked Nº 1 are totally false. the She: :ristadar most emphatically denies that this note was written by him, and the Superintendent that he ever saw it previous to his examination: while they both admit that the signature

signature corresponds exactly with the usual official signature of the Sheristadar. They admit the two larger Notes marked Nos 2 & 3 to be genuine, and sa: :tisfactorily explain the circumstances to which they respectively refer.

12. It was the production of the small Note Nº 1, the tenor of which I transcribed in my letter of the 27th ul: :timo, which gave rise to the present inquiry. I will, therefore, after my re: :marks upon it, before passing to a consideration of the other two.

13. It will be seen that the Telugoo hand writing is now proved, by competent judges, to differ materi: :ally from the writing of those which are confessedly penned by the Sheris: :tadar. and this difference on careful perusal, would be plainly preceptible to any person acquainted with the language, although, at first sight, he might have thought the writing similar.

14. Were the imitation however even better than it is, the undisguised style in which the note is written and signed, betraying the absence of the proverbial caution of the native character, would

× Depositions of S. Reistnamah Chary. D. Goorus: moorthy Iyah and D. Veerasam: my Naick.

Encls: 14. 15. & 16.

would alone throw doubt on its authenticity. It is most improbable, moreover, that Venkatasoobiah would risk committing to paper the falsehood connected with my name or that he could be so confident of his position and influence as to promise to effect a change in any part of the Establishment under my orders — or that the Superintendent would consent to pay him the extravagant sum of Rupees 400 Monthly.—

15. The signature, however, is undoubtedly his — and is not denied by the Sheristadar — who — it will be seen, suspects that it has been abstracted from Official document. I have compared the signature with those in the two notes which accompany these proceedings, and in many others which have been found among the Superintendents* papers, and it is the only one that is subscribed with his official designation corresponding exactly with his signature to all public documents.

16. It is worthy of remark that, after intimating to the Sheristadar his suspension on Thursday the 27th almost immediately after I entered the Cutcherry, two

would alone throw doubt on its authenticity. It is most improbable, moreover, that Venkatasoobiah would risk committing to paper the falsehood connected with my name or that he could be so confident of his position and influence as to promise to effect a change in any part of the Establishment under my orders — or that the Superintendent would consent to pay him the extravagant sum of Rupees 400 Monthly.

15. The signature, however, is undoubtedly his and is not denied by the Sheristadar who it will be seen, suspects that it has been abstracted from Official document, I have compared the signature with those in the two notes which accompany these proceedings, and in many others which have been found among the Superintendents papers, and it is the only one that is subscribed with his official designation corresponding exactly with his signature to all public documents.

the purpose of comparison just as well. It will be perceived how easily a piece of paper containing Venkatasoobiah's signature, and of corresponding size with the Chit in question, could be cut or torn off any one of these - and it is my belief that this has been done in the present case by parties who have had free access to the public records of the Salt Department -

19- Enclo: N.17 N.2. I now pass to the consideration of the 2d note which was written by the Sheristadar about the middle of last year. The circumstances to which it relates is fully explained in his deposition - it is also spoken to by the Superintendent, the Voyalore peon, and by others who were present when it took place - There appears to have been a dispute between this peon and one of the late Contractors measurers in regard to the mode of measurement or to the miscounting of a few Meracalls - in consequence of which the receipt of Salt into store was delayed - The Sheristadar, hearing that the matter was not settled when he came to Cutcherry the following morning wrote the note in question -

20. The directions it conveys to the Superintendent are all straight forward enough - but there are several evident alterations in another hand writing, by which the meaning is rendered doubtful, and the writer may be supposed to convey instructions rather for his own private advantage, than for the interests of the public service. Encl: Nos 14. 15. & 16

21. These alterations might well escape detection on first perusal; but, when once pointed out, they are not to be mistaken. The Sheristadar explains N.12. clearly where they are to be found, and the two Moonshees confirm the fact. Encl: Nos 14 & 16.

22. The note No 3 requires no further explanation than is afforded Nos 12 & 13. by the Sheristadar and Superintendent — On referring to the records - I find that the Agents of the Ship "Ann Falcon" applied, in the first instance, for, 10,000 Maunds but that 9,000 only were exported - As the Captains of Vessels are frequently unable to receive on board the whole quantity of Salt applied for, a blank permit is furnished by the Collector to prevent unnecessary delay - The purport of

if this note appears to have been mis-
understood by the parties who brought it
forward - or it may have been produced
merely with a view to support the authenti-
city of others ..

23. Having thus expressed my opini-
on in regard to each of the documents con-
nected with the present inquiry - I have
only to add that I consider the fabrication
of one note, and the garbling of another,
to be the result of an intrigue, originated
with the dismissed Servants of the Salt
and other Departments of the Cutcherry, and
having for its object the ruin and disgrace
of the Sheristadar and Superintendent ..

24. The name of a deceased poor
has been brought forward - with a view
to screen the real authors of the plot;
but I disbelieve the whole story relating
to that individual. I entertain no doubt
whatever that Tristriah the late Salt Ameen,
and Davaraja Pillay late Salt Nevesinda
are the chief parties concerned in
the transaction, and that they have been
assisted by unemployed peon Nar-
rainsammy and by others who for their
misdeeds, have been dismissed the
public

public Service

25. I beg, therefore, to re-
commend that those two indi-
viduals be deprived of the
situations they at present hold and
that the Sheristadar and Super-
intendent be permitted to return
respective duties ..

Tristriah was removed from Cotaurs on 15th Septr 1849 and appointed Govt Mastah of the Adhawny Dept on the same day, but is doing duty under the Sheristadar - Davaraja Pillay Dr on 1st December 1849 and appointed Ground rent Canicapillay 1st January 1850.

Memorandum

On the night of the 22d or 23d ultimo at about nine O'Clock a person named Ramanooja Iyengar, Writer in the Revenue Board Office accompanied by some others, came at my residence, and desired my people to inform me that they are come to pay me a visit - I was then asleep, having taken my supper, and being awoke by my people, I rose up when the said Ramanooja Iyengar came before me and stated that he had some documents of a very serious nature to shew to me - when we both went to the light, and finding the papers to be written in Telooguo (of which I was ignorant I had

I bade him read them - and he did so - one of them, which was a very small chit, related to a sum of money as having been paid to Mr. Taylor - two others related to different matters concerning the Salt pans - these 3 letters bore the signatures "Venkatasoobiah" alleged to be the Sheristadar of the Madras Collectors Cutchery, and all of them were directed to Ramapiah the Salt Superintendent - After these papers were read, the said Ramanoojia Iyengar stated that they not only resembled each other but that there were many others written by the said Sheristadar both in the Cutchery and abroad, the signatures of which when compared with those in question completely paralelled each other - He added that embezzlement and great deceit is carried on in the Salt pans -

and

and taking the smallest of the 3 letters said that alone was sufficient to bring the Sheristadar into the greatest risk - Upon his being questioned how he came to possess them - he said that there were 2 others without whom he instantly called in and produced before me, saying that one of them Damoraja Pillay identified to be the ground rent Conicopillay of the Cutchery, was the person that got them - the name of the other was Ristnah late Ameen - They also strongly declared that they were the hand writing of no other but the Sheristadar himself,

and

and earnestly entreated me that adequate measures should be adopted for their discovery - They further stated that the Sheristadar and others suspecting the fidelity of the said Damaraja Pillay and fearing he should disclose their deceit, got him suspended upon false charges and finally transferred him to another appointment - Afterwards it having been very late, they delivered the 3 papers into my custody, and, I having given them leave to go home, said that I will take the necessary steps to their detection.

What took place in the matter of the Sagheer Peon who was struck by the measurer yesterday? It is understood that not only does he refuse to attend the measurement today but that the Salt is scattered in different places. If Gentleman hears it, (you) will get into trouble. If the Peon has any Complaint, he should pursue the proper course. Tell him not to hinder the measurement.

Question

Look at these three chits. They are written in Telooguo and directed in English to Ramapiah by the Sheristadar. How did they come into your hands? state what you know of them without fear.

Answer

Narrayanasawmy Mooddamie Peon and another Narayanasawmy Pungamy Peon brought these three chits on the 15th December 1849 to my house

house at 10 O'clock in the morning and delivered them to me, and I asked them where they got them. The former told me that he got them from Ramapiah the Salt Superintendent and kept them with him. As he did not know to read Telooguo and English, he wanted the latter to read them, and he read them to me one after another. He understood that one of them related to the Shipment of Salt at the Ennore Beach, another to the Vellore Peon being beat, and the third to 2,000 Rs having been received on account of Mr Taylor. I took only the third or the last one, and examined the signature, and found it to be the Sheristadar's usual signature. I asked him how he got it; but, without answering my question, they wanted me to draw out a Petition to be presented to Governs ment and the Board in respect to the Documents. I refused to do it, stating that I was under suspension at the time; that they related to Gentlemen; and that any attempt made by them would be of no use. they observed that

that I deceived them always by telling thus- I said that they had their livelihood as long as they had the good fortune to get it, and that I had also the misfortune of losing mine. I thus refused to write any Petition for them; but they told me that I could not escape from trouble, and I returned the three Chits to the said Moodami Peon Narrayanasawmy telling them that their Petition, tho' presented could not be noticed. After this Narrayanasawmy the Bungami Peon brought the three Chits to me on the 22d instant, saturday evening at 4 O'Clock and wanted me to draw out Petitions to be presented to the Board and Government- I told him that he himself should prepare them, because he could write; but he wanted me to prepare a Tamil draft in order that he might get it translated into English by some other person- I told him that I would do it for him, and so sent him off. As the documents related to Gentlemen, I delivered them to Tambeappa Naick at 6 O'Clock on monday morning- He having told me

me that he would deliver them to Mr Taylor. desired me to go away. He asked me how I got them- I told him that, as they were letters addressed to Ramapiah the Salt superintendent by the Sheristadar, and that Gentleman's name was mentioned in them, I refused to draw out any Petition for the said Narrayanasawmy the Bungami Peon, and that I therefore, delivered them to him. Tambeappa Naick having received them desired me to go away.

You say that you got these letters on the 15th December last. Did you not converse with those Peons from that time up to the 22nd of this Month respecting them?-

After these letters were brought to me, the Moodami Peon Narrayanasawmy saw me 3 or 4 times- he did not speak to me any thing he died on the 30th or 31st January last- the Bungami Peon Narrayanasawmy Continued to desire me to procure him some employment, and I continued to pay him 1 or 2 fanams every 3 or 4 days for his maintenance, as far as it lay in my power;

power, but I did not exert to get him any employment, nor did he speak to me any thing about the documents.

Did you not see this paper between the 16th December last and 21st instant? Is any other person acqueainted with the subject of this letter excepting you and the Peons named Narayanasawmy? As you do not know to read Telugoo, did you beline that it was written by the Sheristadar?

I never saw it from that time to the 21st instant. I cannot say that I believed the Subject thereinmentioned; but I speak of the Sheristadar's signature which it bears.

I never mentioned to any one the subject which the letters refer to between the 15th December last and the 22d June. I do not know whether any body is acqueainted with it.

I did not bring it to any body's notice at that time, because I

restored on the 1st January. After your restoration, why did you not bring this subject to our notice or that of any other authority?

I was not in possession of these papers. If I did it, and if the Peon failed to produce the papers, I should have been taken for a liar. Consequently I did not do it. As the Hungami Peon Narrayanasawmy was in the habit of coming to me. I was in friendship with him.

You were employed in the Salt Cotaur for a length of time. Do you know whether any fraud or irregularity has ever been practised by the Salt superintendent by extorting money for the benefit of the Sheristadar or of others as it has now occurred?

I know nothing of it.

Where you present in the Cotaur when a quarrel took place between the Peon and the Measurers on

I was not present when the quarrel took place there; but

You were suspended on the 1st December and restored

on the subject mentioned in Chit No. 2?

but when the Salt Superintendent made an enquiry into it, the Peon told him that, on his asking Moorooga the Contractor's man why he measured Salt very favorably, he struck him. the Peon had a severe wound. the Salt Superintendent gave orders to call for the Contractor's man. I know not the result of the enquiry. then the Contractor also was present. I know not whether he had interfered in the quarrel or not.

Whenever the Contractor put more salt in one heap and less in another, I used to ask him why he did it he would not answer my question nor attend to my orders. whenever I complained of it to the Sheristadar and the Salt Superintendent, they gave him the necessary orders to do his duty properly; but he did not obey them. I know not any other irregularity

Note. The two last questions were put to this witness because the Assistant Collector had been led to believe that he would reveal much roguery that had been practised at the Cotaurs since his employment there.

Translation of a Deposition given before J. A. Budleston Esqr. Collector and G. N. Taylor Esqr. Assistant Collector of Madras dated 29th June 1850, by Narayanasawmy Naik.

Question

What is your name? Look at these three Chits. they are written in Telougoo and directed in English, by the Sheristadar to Ramapiah. How did they come into your hands? State all that you know respecting them without fear.

Answer.

My name is Narayanasawmy Naicken. I have seen these three Chits. In the month of December 1849. Narayanasawmy Naicken who attended the Salt Superintendent, being one of the Peons that were dismissed before came to me and observed that we did not commit any fault whatever, but were unjustly dismissed; that we petitioned the Collector who gave no answer; that he had three documents with him, which he expressed a wish to enclose in a Petition to the Board of Revenue, and that if upon inquiry, it was proved that the Sheristadar

Sheristadar and Ramapiah were rogues, we (the Peons) would be restored to our situations, and so he delivered them to me in my house on the 15th December 1849. On my perusing them, I found that the subject thereof related to Gentlemen, and thought thereupon — that I should not do any thing and asked the said Peon Narayanasawmy Naicken how he got the documents. He said that he was attending the Salt superintendent; that whenever he went along with him to his house, he entrusted him with his Documents; that when he was taking them to his house, he took out the two documents written in English and Telugoo. One of them relates to the Shipment of Salt, and the other to Voyaloor Peon Annasawmy having been beat. I asked the Peon how he got the third one, a small letter. He said that a certain peon brought it from the Sheristadar and delivered it to Ramapiah, who, on reading it, was pleased and secured it in his Turband; that afterwards, when he was speaking there and taking out his Turband from his

head, it dropt from it and that he then took it, being in the service at the time. This Chit states that "the two thousand Rupees which you sent have been paid to Mr. Taylor, that I would change the other part of the Sibbendy in two months according to your wish, and that you should send me 400 Rs. every month as you said." On the same day, I and Narayanasawmy Naicken the said Peon went to the House of Davaraja Pillay, the Revisindah, together with the three Chits, and shewed them to him. He, seeing that they related to Gentlemen, said that it was necessary to consider, and to do something afterwards, and so he returned them to me, and said that we should not do any thing hastily, and that he would tell us what to do. We returned thence, and afterwards, whenever we asked him, he continued to give us the same answer. In the meantime, Narrayanasawmy Naicken the said Peon had a boil in his neck and died about a month after the Chits were delivered. I went subsequently to Davaraja Pillay, and said that I did not get any additional

additional Peons situation this year and was suffering much distress without the means of support and I expressed a wish to bring to the notice of the Board of Revenue the said documents, in order to procure some employment elsewhere, but he advised me not to do so but to deliver the Chits to him - I observed to him he might conceal the Documents and prevent any thing being done - He answered that he would do what was necessary as soon as possible - I therefore delivered them to him in his house at about 4 O'Clock in the evening on saturday last - I went to Davaraja Pillays

Pillay's house on Thursday evening, that is the day before yesterday, when he said that the Documents were delivered to the Assistant Collector, the circumstances of the Case having been reported to him that he would send for me and ask me and that I should answer him questions - As Davaraja Pillay told me not to be hasty ~ and that he would do ~ what was necessary I did not bring the Chits to your notice. -

I

you state that these Documents came into your hands on the 15th December last. Did you not mention this case to any body up to this time. Is there any other person acquainted with it excepting you and Davarajah Pillay?

You state that you and the Peon Narrayanasawmy Naick took the Chits to Davaraja Pillay and shewed them to him on the 15th December last. How did he understand the Contents thereof.

I shewed them to Davaraja Pillay and not to any others nor did I mention the subject to any body else up to this time. This is what I Know.

He does not read Teloogoo I read those three Chits to him. As he is capable of understanding the language & when any one speaks it to him, he comprehended the contents thereof when I read them to him. He wanted me to tell him the substance thereof. and I explained it to him in Tamil.

Translation of a Deposition given before J. A. Huddleston Esqre Collector and G. N. Taylor Esqre Assistant Collector of Madras, by Ramanooja Iyengar, a Writer in the Revenue Board Office, dated 2d July, 1850.

Question.	Answer.
Have you seen these three Chits in Teloogoo and English? When did they come into your hands? state all that passed with regard to them without concealing any thing.	I have seen them. It was about 10, 12 or 13 days ago, on a Saturday or Sunday night, I, Tegaraya Pillay and Kistna Iyah left Madras at about half past 7 O'Clock for Mylapoor and reached Tumbeyappa Naick's house at 10 O'Clock. Having got them to sit on the pial of his house, I took from them these three papers, I do not recollect from whom amongst them I received them, went in to Tumbeyappa Naick and wished to read them to him before the lamp. and he desired me to read them to him, I explained to him the contents of the three Teloogoo Chits in Tamil. he wanted further explanation on the subject of the chits No. 3 and 2. I told him that I had no knowledge of them, but that there were two persons waiting outside and asked his permission

permission to take them in to him. these two persons accordingly went in and answered his questions regarding the chits. Afterwards ex Tumbeyappa Naik himself examined the said three chits and kept them with him for the purpose of being translated into ex English. after this Davaraja Pillay told him that he was suspended for writing accounts of certain particulars as dictated to him, and that he has since been transferred to some other place on a Salary of 3 Pagodas, and requested him to do what was necessary with regard to the chits. Tumbeyappa Naik answered that he would get them translated into ex English, and then tell us what to do regarding them, and so he wanted us to come to him in 4 days. we / three of us / went to him accordingly 4 days after. then Tumbeyappa Naik told us that he had delivered the chits to Messrs Freese and Taylor and done what was necessary, and so wanted us to call upon him again after 4. days, I, one Naiken, whose name is not known, Mooneswamy Moodelly, who came from Tumbeyappa Naik to call us, and some other person / four of us / went

went to him again. but, on our way, the Naiken, whose name is not known, stopt in Mylapoor, the remaining three, proceeded on to Tumbeyappa Naik's house. When we were speaking to Tumbeyappa Naik, Davaraja Pillay and the said Naiken, whose name is not known, happened to come there. where I heard them say that the Sheristadar and the Salt Superintendent were suspended that day. then ex Tumbeyappa Naik asked Davaraja Pillay how he got these three documents. Davaraja Pillay told him, in answer, that out of the said three chits, the small one, which refers to 2000 Rupees and 400 Rupees, was dropt from the Salt Superintendents Turband, and that the Superintendents Tynat Peon picked it up and delivered it, together with the two other chits, to the Naiken, who accompanied him, that the Tynat Peon died afterwards, and that the said Naiken delivered them to him, expressing his wish to prefer his complaint regarding them. Besides this, I frequently go to Tumbeyappa Naik which I have been doing for a long time.

2. Did you never see these Chits before that night? Do you know whose signatures they bear?

A. I never saw these Chits before. but 2 or 3 days ago I heard from Davaraja Pillay that there

there were some Chits which were against the &c Sheristadar. these Chits were written in Telugoo. they are Signed "Venkatasoobiah Sheristadar." but I do not know whose signature it is.

Q. What induced you to go to Mylapoor in Company with these two persons?

A. Before going to &c Tumbeyappa Naik's house, Davaraja Pillay, repeatedly spoke to me that there were some Chits found, and that they are against the &c Sheristadar, and that proper measures should be taken regarding them. I told him that I got some particular business to speak to him tomorrow, and would &c take him along with me and speak to him about his business too. as Tumbeyappa Naik is a friend of mine, and Davaraja Pillay and Kistna Iyah are living in the houses opposite to mine and as Davaraja Pillay requested me to do it for him, I took them to him. this was the cause of my having taken them to Tumbeyappa Naik. We went to shew these Chits to him and to &c cause a Petition to be presented to the Board

Board or Government or to the Collector or to any other authority we might deem proper. I used to take Kistna Iyah to Tumbeyappa Naik every 15 days or 20 days or a month to recommend him for employment.-

Question

See these three Chits and state what you know about them without fear?

Answer.

I have seen these three Chits, the Chit No. 1 refers to some money. I see this now before you. I never saw it before. I know nothing of it. The Chit No. 2 is about the Vellore Peon, who was struck by the contractor's man. I saw this in 1849. I do not recollect the month and date. when I was transferred from the Tottawary Conocapillay's situation to

to that of Salt Anneen, the Salt Superintendent read to me the Chit No. 2, and desired me to enter make up between the Peon and the Contractor's men, and to cause them to continue the &c measurement of Salt; I then saw it, I never saw before this Chit No. 3, but I see it now before you. I know nothing about it.

2. Have you heard the Depositions given by Ramanjeengar and Tambeappa Naik What do you say as about them.

A. As to Ramanjeengar's Deposition, I say that Tumbeappa Naik called me in and questioned me regarding the Shipment of Salt, and I explained it to him and came away. For the last two or three Months I requested Ramanjeengar to recommend me to Tumbeappa Naik for a situation, and I used to go to Tambeappa Naik together with Ramanjeengar at 8 O'clock at night after the Cutcherry hours. When I continued to do so, Davaraja Pillay came twice or there along with Ramanjeengar, Davaraja Pillay and myself never spoke with one another for the last two months, and

on account of a Debt due to me. We never consulted together regarding this business. I did not go on this account.

No. 12.

The Deposition of D. Venkatasoobyah in the presence of the Collector and Assistant Collector of Madras given on the 1st July 1850.

Question No. 1 Look at this note addressed to Ramaiah, the Salt Superintendent, in Telugoo, and signed with your English signature, and state what explanation you can give regarding it.

Answer No. 1 I have seen the Chit marked No. 1 in which my Official Signature appears in English, but the contents are not in my hand writing in Telugoo, nor did I dictate any thing like that to any one to write it. I deny having Signed the paper in question although the Signature corresponds with my usual Official Signature. I totally deny all Knowledge of the circumstances mentioned therein,

therein, both as regards the 2000 Rupees which are said to have been sent by Ramapiah to me &c and paid to Mr. Taylor, and as regards the sum of Rupees 400 to be sent to me monthly, and regarding also the change of the Sibbundy &c Establishment.

Question No. 2. Look at letter No. 2 addressed by you to the Salt Superintendent and explain the circumstances to which the contents refer.

Answer No. 2. I have seen Note No. 2 and recollect &c having written it. It bears no date. The circumstances connected with it are as follows. In the months of June or July 1849 (I am not quite sure about the months) I went one evening to the Salt Cotaurs, as I am in the habit of going occasionally on public business, and by order of the Collector, and was there informed by a measurer in the service of the Coaly Contractor, Paravoorama Moodelly, that the said measurer was struck by a Sapluie Peon though he was measuring Salt regularly. The Peon also complained that he was struck by the Measurer. I made an enquiry and scolded the Salt Superintendent for the occurrence, which it was his duty to prevent; and I then told

told the Sapluie Peon that he should not meddle with the measurer but he should tell the Salt Superintendent when Measurers disobey him. The Peon left the Cotaurs apparently dissatisfied. On the following day on my coming to the Cutcherry, I was informed that no Salt was measured into store that morning. I then wrote the letter No. 2 above referred to. The whole letter is in my hand writing excepting certain additions, which I will now point out, by which my meaning is altered. The first addition occurs in the Sixth line of the Second Page, where my original writing was ಅಂಬಲಂ ಮೆಯ್ಯಲಾಗದು. The addition is the letter ಒ to the word ಅಂಬಲಂ, and this addition may throw some suspicion on my meaning. The second addition occurs in the 10th line of the same page where my original Sentence ended with the word ಮಾಡಿದ, after which I had marked a dash. The dash is converted into the letter ರ after which is added ಕೊಳ್ಳುವುದಕ್ಕಾಗಿ, the meaning of which is "for our advantage". The third addition occurs in the 12th line My Original words were ಅಂಬಲಕ್ಕೆ ಹಾಕಿ ಕೊಂಡು ಮೆಯ್ಯಲಿ to which were added ಮಿಟ್ಟು and also ಲ to ದ, which converts the Sentence into ಅಂಬಲಕ್ಕೆ ಹಾಕಿಕೊಂಡು ಮೆಯ್ಯಲಿ meaning without "hinderance to our affair"

With

With these exceptions the whole of the letter is in my hand writing. My only object in writing it was to prevent delay in the Circar business.

2. Look at letter marked No. 3. addressed by you to the Salt Superintendent dated 26th September 1848 and explain the circumstances to which the contents refer?

A. This letter is also written by me. I obtained the signature of the Collector to the blank Permit as usual, the Cutcherry having got leave the following day, and filled this with the view to prevent the Captain any inconvenience or delay, after he had received the required quantity of Salt on board his Vessel the "Ann Falcon" I have no further explanation to offer.

Question. Have you any further remarks to make or any explanation to give in respect to either of the above Chits and

Answer. The only remark that I have to make is that, as regards Note No 1. some evil disposed person

and have you any witnesses to call to prove your Telugoo hand writing and the additions or alterations which you State to have been made in Note No 1?

person or persons have in my opinion &c. abstracted some Official documents from the Public Records and &c. have cut off that part which bears my Official signature, writing over the blank &c. space in Telugoo, so as to &c. make it appear that the note was written by myself, with a &c. view to injure my character as a &c. Public Servant. I cannot but suspect these parties who have now come forward and produced these documents, but I must leave higher authority to judge whether they are or not the authors of this calumnious act. I can prove the difference between my Telugoo writing in

in the two Notes Nos. 2 and 3 and as the writing in Note No. 1 by Kistnamacharry Telooga Moonshee to the Telooga Translater to Government; and by Veerasawmy Naick the Moonshee at the College; and these two parties will also be able to point out the additions which I have remarked in Note No. 2.

No. 13

Translation of a Deposition given before J. A. Huddleston Esqr. Collector and G. N. Taylor Esqr. Asistant Collector of Madras, by Ramappa Iyah Salt Superintendent dated 29th June 1850.

Question. Did you see this letter No. 1 addressed to you? Whose hand writing is it? Who signed it? What do you say of the contents of it?

Answer. I have seen this letter. I do not know whose hand writing it is. I cannot find it out. I never saw it before. The signature resembles the Sheristadars, but I cannot say positively that it is his. I can assert, however that the Telooga Characters in it are not the Sheristadars hand writing. The Sheristadar used to write Chits to me in English and Telooga on account of the Circar business. Whatever the language in which they were written, he used to direct them in English. I know nothing of the matter which this letter refers to. I sent neither Two Thousand Rupees nor Four hundred Rupees every Month.

Question. Did you see this Telooga letter No. 2 addressed to you in English? When did

did you receive it.? State what you know of the subject.

Answer. I have seen the Telo-goo-
letter N: 2. At the time Salt was received from the Voyalcor Pans into the Madras Cotaur and measured there, there arose a quarrel be-
-tween the Measurers of the Contractor and the Jagheer Peons which was brought to the Sheristadar's notice. It is mentioned in it that the quarrel should be prevented and the Circar business conducted carefully. I do not recollect the Month and date when it was received. It was in the middle of last year. It was written in Telo-goo and directed in English by the Sheristadar in his own hand writing.

2 Is the letter in the same state as it was at the time you received it, or is there any alteration.?

A I It is in the same state as when received. I see no alterations whatever in it.

2 Do you know the Peons and Veerasawmy Chitty mentioned in that letter.?

A I recollect the Peon named Annasawmy Moodelly. I know him as well as

as Veerasawmy Chetty who is one of the head inhabitants of Voyalore and a man of credit.

2. Did you see the Telogoo letter N: 3 with the direction in English.? When was it written.? State the subject of it.

A I have seen it. it was written to me on the 26th September 1848 when Salt was shipped on board the Ship "Two Falcon". it is mentioned in it that the Ship agent wrote to him that he would receive only 9.000 Maunds, but that he does not know what quantity has already been shipped and he enclosed in it a blank permit signed by Gentleman, stating that on seeing this letter I should write to the Ameen to deliver the permit to the Ship owner. The Telo-goo and English Characters in it are the Sheristadar's own hand writing. It was received on the same date in which it was written. I acted according to what is written in it.

The Deposition of S. Kistnama Charry, Telugoo Moonshee to the Translator to Government, in the presence of the Assistant Collector of Madras, given on the 4th July 1850.

Question №1. Be so good as to peruse the three Notes now put into your hands — and state your opinion as to the Telugoo hand — writing of each as com- -pared with the others.—

Answer №1 I have read them all. the Telugoo — hand writing of the small chit entirely differs from — that of the two other large ones. which are written by the same hand.—

Question №2. Can you de- -tect any addition or alter- -tion of words in either of these Notes and if so point out where they have been made.—

Answer №2. In the 6th line of the 2nd page of one of those large Notes I perceive that under the letter ತ (ta) the — second form of the letter ತ (ka) is added to the above said letter (ta) There is, I think a little difference in the stroke of the latter, and even in the ink.— On reading further in the 10th line, the words ಗಾ ತಮ್ಮ ಸ್ವಂತ ಕೆಲಸ ಮಾಡಲಾಗಿ clearly differ from the hand writing of the rest of the note.— any body can see it as clear as day— By the addition of these words, the meaning is convey- -ed that the busines should be done for our advantage, whereas such was not evidently — the meaning of the writer— In the 12th line, at the end,

end, three letters Viz- ಮ್ಮಾ (ma- na- pa) and also the second form of the letter ತ (ka) in the beginning of the next line are undoubted- -ly added to the original writing.— By this alteration the meaning "Public business" is converted into "for our own business"— These are all the alterations or additions that I see.—

I particularly notice that where the same word occurs in the small letter that is written also in the large one, both the character and the spelling differ materially.-

Question N: 2. Can you detect any addition or alteration of words in either of those Notes, and if so, point out where they have been made.-

another. One of the Paria Measurers miscounted two Mercals. I snatched the Mercal from him and left it by me, preventing him from measuring. the Contractors Conicapillay told me that he would make good the difference, if any were found in the Salt measured, and desired me not to hinder the measurement of Salt. The Circar Conicapillay also told me that he would see the Salt properly measured henceforth without any difference, and desired me to permit him to measure it, saying that the weather was cloudy and that, if it rained a loss would be occasioned. thereupon I permitted them to continue the measurement. they afterwards measured the Salt again. after the measurement, I took two or three days accounts of measurement, and went away to the Cutcherry at the Condacaray Pans. Besides the difference of two Mercals of Salt, there was no other irregularity or fraud practised.

Question. Did you prevent the Measurement on the following day?

Answer. I did from 10 in the morning till about 1 or 2 Oclock, when the Cotaur Conicapillay the Measurers and the Ryots then present told me that they would see the Salt properly measured without any difference. Afterwards I allowed them to continue the Measurement.

Question. What induced you to prevent the measurement of Salt till 2 Oclock and to permit it afterwards?

Answer. The Contractors Conicopillay the Salt Manufacturers and the Peons observed that the weather was cloudy, and that if it were to rain, there would be a loss for which I might be blamed consequently I permitted the measurement to be resumed. I did not receive a bribe, nor was I persuaded by any body to do it. the difference of two Marcals of Salt which the Measurer miscounted being made good I permitted the Measurement to go on.

Proceedings thereon

Confirming the view taken by the Collector of Madras that the Sheristadar has satisfactorily exculpated himself from being implicated in the alledged frauds in the Salt Department and directing the dismissal from service of Kistniah and Devaraya Pillay the principal movers in the matter and the restoration of the Sheristadar to office.

x in English

3-4

The Board have had under their consideration all the evidence and correspondance connected with this case, and they have no hesitation in confirming the view taken by Mr Taylor, that the Sheristadar has satisfactorily exculpated himself.

2. The outline of the circumstances elucidated during the enquiry is as follows.

3. On the 27th June 1850, there came into the hand of the Assistant Collector of Madras, through the medium of one Tumbeapah Naick, a respectable inhabitant of Saint Thomé 3 Telugoo Chits signed by Venatasubiah Sheristadar of the Collector's Cutcherry, and addressed to Ramappah Salt Superintendent. The contents N I were as follows "I have paid to Mr Taylor "the 2000 Rupees which you sent. I will "change the Cotaus Sibbendy in 2 months "as you desired. You will continue "to send me 400 Rupees every "Month as you said." Note N II contained general directions not to let the Salt measuring be impeded on account of a quarrel between a Chingleput Peon and the

the Contractor / one or two of pressions seemed to imply that there was some private understanding between the writer and the person addressed / Note No III remitted a Blank Salt Permit for the "Ann Falcon" signed by the Collector and to be filled up when the Vessel had finished lading - The Captains Receipt to be sent to the writers' house.

4. As the first Chit implicated the Assistant Collector, and the others seemed to have reference to the late disputes and mismanagement in the Salt Department the Collector suspended the Sheristadar / the signatures being evidently his / and the Board directed a full enquiry to be made.

5. The persons most prominent in bringing these Chits forward are Dauaroja Pillay a dismissed Nemesindah of the Salt Department but since employed as a Ground rent Conicapillay and Rathnah late ameen who was dismissed also but re employed in the Cutchery. on a low salary - The Chits were shewn to the first of these 2 persons in

in December 1849 by a temporary peon / now unemployed / Narrainsawmy, who states that he procured them from a Salt Peon of the same name, now deceased - This deceased Peon by his account and that of Dauaroja Pillay told them that Chit No I fell from the Superintendents turban and he picked it up, the other 2 he abstracted from the Superintendents papers, which were entrusted to him.

6. On or about the 23d June Dauaroja Pillay accompanied by Rathnah was introduced at night by a writer in the Revenue Board Office named Ramanooja Iyer to his friend Tumbeapah Naik of St Thomé, the parties stated to him that they desired the misconduct of the Sheristadar to be brought to the notice of the Board or Government, and as Tumbeapah was known to Mr Drury, Mr Freese, and other Gentlemen, they requested he would take means to let these letters be seen.

7. Beyond the mere production of these Chits no kind of specific charge or even assertion is stated to have been made at any time.

Though

8. Thangt Demaraya Pillay assured Tumbeapah the chits were the Sheristadar's writing; he deposed on examination that he could not say this because he was unacquainted with Telooga.

9. Ristniah declared he never saw Chit No. I or No. III but that he had see No. II and was present at the Cutcherry when the quarrel referred to took place. He states he never accompanied the others to Tumbeapa's house, but that while he was paying a visit to Tumbeapa, the others came in, that he is on bad terms with Demaraya Pillay and has not spoken to him for 2 Months.

10. The witness who is a prominent individual in getting up the case has evidently determined to adhere to a falsehood.

11. The Revenue Board writes admits that he accompanied these 2 persons to Tumbeapa Naiki's house on 3 different occasions, that he heard of the chits some time before, and that the 2 individuals had been applying to him to get up a Petition to the Board

of Revenue or Government - He states Ristniah to be a dependant friend of his whom he has in the habit of taking to Tumbeapa Naiks' every 3 or 4 weeks to recommend him for employment.

12. Narrainsammy the out of employ peon, states that he had seen the chits when in the possession of the deceased peon, who left them with him when he died, having previously told him how he obtained them -

13. This constitutes the charge if indeed it may be so called, for the witnesses could not be brought to speak to any thing which might throw light or any fraud in the Salt Department - The Board observe that special opportunity was given to Demaraya Pillay to do so - he being apparently the Chief mover in the matter.

14. The Sheristadar acknowledges the English signature to all 3 chits to be his, The Telooga writing of No. I he denies, as also all Knowledge of its contents - but he shews, and the Board think successfully, how his habit of countersigning Takeeds low down in the Paper would enable any

one

~~one~~ to cut out a vacant slip the size of N.I and fill it up as he likes. As to N.II he allows it to be his own letter on Circar business, but that 2 or 3 alterations have been made from the original so as to alter the meaning and give a kind of suspicious turn to the sentence. N.II he acknowledges to be genuine and asserts that there is nothing in it requiring exculpation.

15. Ramappah the Salt Superintendent to whom these letters are addressed, gives the same account of them as the Sheristadar.

16. The circumstances to which N.II and III relate are satisfactorily elucidated by witnesses and the records of the Cutchery. There is nothing whatever in them (except the suspicious expressions in N.II) to need explanation

17. The Moonshee of the Telugu translator to Government states that he perceives alterations to have been made by a different hand in N.II. One turns the meaning so as to imply that the business if done would be to "our

"our advantage" and Public business is altered to our business. The hand writing of the small Chit N.I is not that of the 2 others, which 2 are written by the same person.

18. The Moonshee of the Tamil translator to Government makes the same observations, adding that the hand writing in which the alterations in N.II are made, is the hand writing of N.I

19. A 3d person versed in Telugu testifies to the same effect.

20. It seems unnecessary for the Board to discuss any particular point in the above evidence for there is none of a complicated or doubtful nature. The probability is that it was the object of Devaraya Pillay and Krishniah who had been removed from their situations in the Salt Department to revenge themselves on the Superintendent and Sheristadar, and that they scrupled not to forge Chit N.I which as before observed is the only one of consequence. The mode in which they obtained a genuine signature is palpable from the old

Takeds

Takeds submitted by Mr Taylor for the Board's comparison.

21. The connection of Ramanooja Iyer the Writer in the Board's Office with these people in a matter of this disgraceful nature obliges the Board to look upon him with suspecion, though there is no evidence of his having wilfully lent himself to the forgery.

22. The suspension of an officer of the grade of Sheristadar was / though sanctioned by the Board / a severe measure, but it was hoped that this step would be the means of enabling any one who knew of real fraud in the Salt Department to come forward. The Sheristadar will of course be replaced in his position and assured that in this matter he has fully cleared himself from any imputation to his discredit.

23. The Board fully approve of the dismissal of Kistniah and Devaraya Pillay. —

Para 1. The Right Honorable the Governor in Council has had under his consideration the report furnished by the Board of Revenue respecting the Enam Lands and the Shotriem Village of Thundery in South Arcot in the possession of Ghoolam Mohideen and his relatives.

2. The Enam lands amount to Cawnies 32-7¾ of an assessment of Rupees 272. 12. 6 and are in the enjoyment of Petitioner's family as Catoobady paying one half teerwa annually on the extent actually cultivated. The greater portion of these lands are in the two Shotriem Villages of Peyoor and Veyoor, and the rest in the two Shotriem Villages of Valavatee and Nayenput. The result of

of the enquiry instituted under the orders of the Board of Revenue has shewn that no valid title to these Enams can be established on the part of Petitioner and his relatives, but in consideration of the long period these persons have been in enjoyment of the Lands, and of their apparent poverty, the Governor in Council is pleased, in accordance with the Board's suggestion to continue the Enam to them for their lives. It should be distinctly intimated to them that the share of each, which should be duly ascertained and registered, will lapse at his or her death.

3. In regard to the Village of Thundery also, the Governor in Council is of opinion with the Board that the Petitioner and the other Members of his father's family have no valid claim to it and considering its deteriorated condition he resolves to direct that it be resumed and incorporated with the Government

From the Chief Secy to Government — I am directed by the Right Honorable the Governor in Council to forward for the information of the Board an original Petition addressed to the Right Honorable the Governor by I. M. Pereira on the subject of certain alleged frauds in the Salt Department of the Madras Collectorate apparently now under investigation by the Board — I am also directed to transmit a deposition given by the same person before the Chief Magistrate acknowledging himself to be the Writer of this Petition

My Lord

It is with due respect and submission I beg leave to bring to your Lordships valuable notice that a roguery seems to have prevailed in the Salt Department, which case is now under enquiry at the Madras Collectors office, and which in all appearance is expected to go off without any effect: In fact a letter of the Collectors Sheristadar to the Superintendant of the Salt Department has been apprehended and produced to one Thambiapa Naiken of St Thome by Thevaroya Pillay and Kistna Iyen Servants of the Collectors Cutcherry and also by Ramanjee Iyer a writer of the Petition Department at the Revenue Board. these persons thro some bribes, seems to deny of having delivered the Letter to Thambiappa Naiken therefore if our Chief Majistrate could be ordered to take possession of the said Letter and secure the 3 alluded Individuals a Roguery of several years standing and

and an amount of Lacs of Rupees will no- to
doubt be recovered.-

From the Chief Sect to Government } Extract from the Minutes of Consultation under date the 10th July 1850. N: 660.-

Containing the observations and orders of Government on the Board's Proceedings relative to the Revenue from Stamps in the several Districts under the Madras Presidency in Fasly 1258.-

Read the following Extract from the Secretary to the Board of Revenue (Here enter 20th June 1850 N: 260)

Para 1. The value of Stamped paper sold in Fasly 1258 in the Madras Presidency amounted to Rupees 3,87,757-8-0 that of Stamped Cadjans to 17,122-12, making together Rupees 4,04,880-4-; to this is to be added the amount of Penalties levied by the Courts Rupees 16,945-12-4 and Sundry

other trifling items making the Gross Collections of the Stamp Department Rupees 4,22,321-5-8.-

2. More than one third of the revenue derived from the sale of Stamped paper was obtained in the three Districts of Tanjore, Malabar and Canara, where the sales ranged from 44 to 45 thousand Rupees; In Cuddapah North Arcot and Madura the sales ranged from 21 to 24 thousand; in ten other Districts they were from 10 to 14 thousand, and in five below 10 thousand Rupees.-

3. The sale of Stamped Cadjans was principally in

or more than two thirds of the whole amount.-

4 Of the total number of Stampt papers and Stampt Cadjans sold more than 1/5th of the former and nearly all the latter were of the value of one Rupee and under. Statement N: 9.-

5 Deducting charges refunds and items written off to profit and loss the net revenue was reduced

to

to Rupees 3,65,490-1-9 exceeding that
of Fusly 1257 in Rupees 93,998-3-10-
This favorable result is attributed by
the Superintendent of Stamps to "the
"substitution of stamp duties in the
"place of Institution fees under act
"17 of 1848" which however did not
take effect until 1st September 1848,
or some time after the commencement
of the Fusly under report.- Mr Brace
moreover adds that the act has not
yet come into full operation "in con-
"sequence of its provisions not being
"generally understood and applied
"by the Local Judicial authorities"
and it is observed that some commun-
-cations addressed by the Superintend-
-ent to the Board upon this subject
have lately been submitted to Govern-
-ment and by them referred for the
opinion of Judges of the Court of Sudr
Udalut. The Government therefore see
reason to expect that the revenue from
this branch will continue to improve. It is
remarked that the net revenue of Fusly
1258 is greatly in excess of all the years
since Fusly 1253 towards the close of which the

the sale of Stampt Rowannahs underwent
a great decrease in consequence of the abolition
of the inland Customs) and is approaching
the revenue of that year.-

shews the total Quantity and Value of
Stampt papers and Cadjans in store in all
the Collectorates under this Presidency at
the beginning of the Fusly that received
during the Fusly- the sales for the same
period- and the stock in hand at its conclu-
-sion.-

	Remaining at the beginning of the Fusly		Received during the Fusly		Sold during the Fusly		Remaining at the end of the Fusly	
	Rolls	Value	Rolls	Value	Rolls	Value	Rolls	Value
Stampt papers	5,11,838	9,32,262-12	4,09,237	8,19,940	4,29,401	3,87,737-8	6,27,674	13,64,447-8

from the above it appears that the stock
both of stampt papers and Cadjans in
hand in the several Districts at the
end of Fusly 1258 was in point of Value
equal on the whole to more than three
years consumption- while in some Col-
-lectorates the proportion of stock to
apparent

apparent demand was still more striking. Thus in Ganjam the sale of stampt papers in Fusly 1258 was Rupees 9290- the stock in hand at the close was worth Rupees 55529- In Bellary the sales and stock were respectively Rupees 10841- and Rupees 54462- again as regards stamp Cadjans the value of those sold in Coimbatore during the past Fusly was Rupees 289-4-- of the remainder in hand Rupees 21680- The retention of such large quantities of paper and Cadjans in store in the different Dis-tricts is open to obvious objections and the Board will be pleased to ascertain and report what are the reasons for the prac-tice and lay down some rule as to the stock to be retained in each Collectorate.

7. The Right Honorable the Governor in Council grants sanction to the Superintendent of Stamps to take credit for 9 Rolls of the value of Rupees (9-12-) Seven and annas twelve re-ported deficient by the Collectors, and for writing off to Profit and Loss dry

the value of damaged stampt papers and Cadjans, and Rowannahs now useless, amount-ing to Rupees 1377-12-- One thousand three hundred and seventy seven and annas twelve, authorizes the Superintendent to destroy the same.-

Para 1.- I have the honor to report on Petition No 1521 of 1849 bearing the Board's Endorsement under date 27th September 1849 requiring information as to the circumstances under which Petitioner was disprofessed of certain lands in the Village of Cotumbadoo in the Venkatoo-ghery Zemindary and with reference to Mr Purvis endorsement of the 6th July last refusing to enquire into the subject of his complaint.-

2 On reference to the Zemindar

Fort St George 15th July 1850

Zemindar of Venkatagherry it appears that 3/4ths of the Village of Cotumbadoo was formerly granted as Enam to the ancestors of the Petitioner in consideration of their serving him in the Management of the Samastanum. The Petitioner in the course of time succeeded to the office and the emoluments attached to it but was subsequently obliged, in consequence of pecuniary difficulties caused by famines deficient cultivation, and the like, to sell a portion of the lands in his profession equal to 5/8ths of the whole share, reserving only 1/8th of the original grant for his own maintenance and support.-

3 Such an alienation of the lands which originally granted only for a specific purpose, was of course illegal and unjustifiable on the part of the Petitioner and in exercise of the right vested in the Zemindar in regard to the Enams held on

Service

service tenares, the Petitioner was de-
-prived by the latter of his employ-
-ment and the lands were resumed.

4 It appears by refer-
-ence to the Istimrar Sunnad be-
-tween the Government and the
Zemindar of Venkatagherry that the
right of resumption in cases of Enams
granted under similar conditions to
that enjoyed by the Petitioner and
his ancestors is vested absolutely in
the Zemindar; In a case of a nature
exactly similar to the present the
Northern Provincial Court decided
in their Decree of the 25th November
1822 that the interference of the Collector
was not justifiable in cases of re-
-sumption of Lacarauze Enam lands
by the Zemindar of Venkatagherry.

Sir,

I have the honor to reply to Extract from the Proceedings of the Board of Revenue dated 11th January 1850 having reference to my former communication on the subject of an endowment applied for the Chuntry lately constructed by Appoo Row the Head Sheristadar of this District.—

2 The Board of Revenue have required an explanation in respect to what has appeared to them a discrepancy. C. 30 of Laik Bunjer Dry lands. The term "Laik Bunjer" cannot be considered as strictly applicable to profitable lands and would be frequently found a misnomer, if so interpreted In respect to the particular lands of

Forwarding further explanations relative to the rules for the Coasting Trade

Sir

I have the honor to reply to your Letter dated 11th January 1850 desiring a reference to my former communication on the subject of an endorsement applied for by the Country Corn Merchants to the Road Certificates granted by the Collectors of the Land Customs

2 In the Board's Proceedings dated 11th January 1850 regarding an application for a reference as to the circumstances of my having refused that the Land Salt belonging to Bahaudoor Saheb should be exported by the Cutcherry Cutcherry Cutcherry

alluded to they are said to be unfit for dry cultivation owing to the swampy & nature of the soil occasioned by the & existence of Springs which bubble up after the rains, and owing also to their being & impregnated with soda, and though & assessed on the average at the low rate of 7 As per acre a considerable portion of these & lands has never been cultivated. There & however are no obstacles to the lands being brought under wet cultivation, for which most probably they will shortly be made available as the locality affords so eligible a site for the construction of a Tank that the Engineer of the District on a personal examination and survey thereof has submitted an occasional Estimate for the construction of the work and this would appear an additional inducement for the Head Sheristadar to prefer dry lands situated elsewhere—

3. As required in Para 2 a Statement [A] is submitted shewing the Ayacut of the Village of Chinna Chowk and the cultivation for the last 10 Fusleis

4. The favorable rate of Seeva jasty referred to of Rs. A. P. 1:3 or [illegible]

not maintain in this Hamlet, the only rates being 3 and 4 Pagodas or Rupees 8:12 and Rs. A. P. 11:10:8 per acre as exhibited in Statement B Columns 16 and 17, from which it will be perceived that A. 10 c. 17 Rs. 13 are liable to this additional assessment & under the above rates amounting to Rupees 93:14:5. This amount of Seewajasty has been levied for the last 5 Fusleis, previous to which the demand under this Head was even somewhat more limited as shewn in Column 12 Statement A.

5 The Statements above referred to have been prepared to exhibit such further information as it appeared might be required in respect to the cultivation of the Village of Panta Cuddapah and its Hamlet Chinna Chowk, the different rates of Seewajasty levyable on dry lands converted into wet and Garden, and the amount levied for the last 10 years.

6. A Separate Statement C is also submitted shewing the extent and assessment of the several numbers of lands belonging to Panta Cuddapah and its neighbouring Villages which the favorable rate of Seewajasty of Rs. 1-3

Fort St George 15th July 1850

or Rupees 3-12-8 has been charged, and the necessary information is afforded in this Statement in respect to the periods at which this rate of additional assessment was fixed on the land respectively, the Parties in possession at the time and the manner in which these several Summ=ons have been transmitted to the present holders.—

7. The Board of Revenue have required to be informed by whom this favorable rate was first fixed, under what authority, and whether all parties of late years paying wet produce with the aid of similar water are entitled to similar terms. The rate in question, I have been given to understand was fixed in Fusly 1234 / 1824/25 and from time to time up to 1242 / 1832/33 the several Collectors rated the lands liable to this additional assessment ~~&~~ according to circumstances and on enquiry held at the time of Summabundy of each fusly during which period lands have frequently been made liable to this favorable rate. There is nothing in the records of this

Fort St George 15th July 1850

Office to shew that in so doing these Officers acted on any authority, but their own. No Seewajasty at a lower rate than 3 Pagodas per acre has how=ever been fixed subsequent to 1833-34 except when lands having previously been rated more or favorably were from whatever cause left uncultivated, the same rate of Seewajasty as originally leviable has in such instances been continued, on their being again brought under cultivation. As this favorable rate obtains in so many Villages in each Taloo of the District it is at present impracti=cable to furnish the Board of Revenue with detailed particulars in respect to the extent of land to which the same is ~~&~~ applicable. From the details at present furnished regarding Panta Cuddapah and its neighbouring Villages the Board of Revenue will perceive that much time would be occupied in the preparation of so voluminous a Record.

8. Adverting to the explanation required as to the propriety of with=holding the indulgence in question, taking into ~~&~~ consideration the period that has elapsed since it was allowed, and of levying the usual rate of Seewajasty immediately on

after a further period, I beg to state this is a subject requiring mature consideration and one in which much importance is involved in reference to the circumstances of this District.— As however the remarks of the Board of Revenue appear more to apply to a concession supposed to have been granted to a limited extent and not to a system to be generally adopted for a series of years of rating this additional Assessment according to what was considered proportionate to the quality of the soil I have not considered it necessary to trouble the Board of Revenue with my opinion and the grounds thereof and have only to observe I shall be happy to do so if required after what has been above explained.—

9. In reference to Para 3 of Extract from the Proceedings under reply, I beg to observe that the Board of Revenue are under a wrong impression in supposing that the lands selected by Appa Row for the endowment of his Choultry have been levelled, or provision made for supplying them with water, they have never as yet come under wet cultivation and adverting to the source from which it is now proposed the same should be rendered liable to irrigation, it may not be out of place to present at the solicitation of the Head Sheristadar, that a distinction is generally made in favor of Parties converting their dry lands into [illegible]

own expense, the still lower rate of 1 Pagoda per acre having been in such instances charged as Peruvajasty.—

x Extract from the Proceedings of the Board of Revenue dated 17th January last.—

10. The information required in the concluding part of Para 3 it will be perceived does not apply in reference to any favorable rates leviable in Chinna Chowk and in respect to such fixed throughout the District it cannot be furnished at present under existing circumstances already noticed in Para 7. The above remark is equally applicable to the required information being furnished as to the enhanced demands that would be payable on dry lands converted into wet, by Circar water if calculated upon the system of rating which at present obtains. It is to be observed that although Pagt 3 has been fixed as the minimum rate of Peruvajasty / the object being to guard against the relinquishment of the more highly assessed wet lands / the same is in many instances too high, and cannot as a general rule but materially check improvement, while on the other hand there can be little doubt that the rates falling under Pagt 3. are frequently too favorable the difficulties experienced of eliciting correct information as to the relative qualities of soils being at all times great owing to the many parties interested in the matter and the chicanery and intrigues of Village and other Offices To obtain the information required as to what would be the demand upon lands at favorable

favorably rated if calculated as liable in comparison with their relative qualities and discriptions would involve a minute & and protracted investigation and require the employment of an additional Establishment.—

11. As required in Para 4 of the Extract above quoted Sheg to state that the Records of this Office do not furnish any written order or Rules as introduced by Mr Lacon by which the Minimum rate of Seerwajasty for dry lands converted into wet from Government Sources of irrigation was fixed at 3 Pagodas and to state that no communication appears to have been made at the time to the Board of Revenue on the subject in Fasly 1251. 1841/42. Mr Ashton the then Principal Collector issued Circulars to the several Tahsildars confirming the rate in question, copy of which with translation was transmitted to the Board of Revenue under date 11th October 1842. rates of Seerwajasty leviable in the Village of Punta Cuddapah and its Hamlet Chinna Chowk are marginally given. To The Collector of Cuddapah

Sir,

With reference to the further explanation afforded in your letter of the 13th June on the subject of the lands in Channa Chowkie applied for by Appoo Row, I am desired to request that you will forward as early as practicable a rough Sketch Map of the lands of this Hamlet, shewing the site of the 10-17 cs 13 now under cultivation, and that of the lands applied for you will state how the wet Land is at present irrigated, exhibiting the same in the Map, including in it the plan proposed by the Sheristadar of conveying water to the lands he solicits, and also the lands in Panda Cuddapah on which the favorable Peervajasty of P. 1-3-* is levied.—

From the Agent to the Governor at Kurnool }

Sir,

Submitting further information and explanation on certain points referred to in the Board's proceedings dated 7th March and 25th April 1850 in respect of the Summabundy Report for Fusly 1258.—

7th December 1848 Para 2. 7th March 1850 25th April 1850.

I have the honor to submit the further information and explanation in respect of my Summabundy Report for Fusly 1258 required by the Board's proceedings noted marginally.—

2. The transfer of two Villages from the Dhone to the Nundicotoor Talook, was effected prior to the receipt of the Board's intimation conveyed in their proceedings on the settlement for Fusly 1257, that before any such changes are made, the sanction of the Board should be obtained.—

* Dated 11th June 1849 Para 1.

Para 5.

3. If I have correctly comprehended the Board's remark to intend that the circumstances which lead to the resumption of Inam lands should be explained in the Summabundy Report, I respectfully submit that the General rule referred to, will be difficult of application in the Kurnool District, and if enforced, will impose on the agent a very serious extent of additional trouble and labor.—

Board's Proceedings 19th February 1849.

4. In my letter to the Board dated

Fort St. George. 15th July 1850

dated January 23d. 1849, I briefly represented some of the causes which daily tend to bring to light lands fraudulently lapsed as Enams by Py= =mashdars and others. It also frequently so happens that information reaches me of fields having been held as Enam for years prior to the assumption of Kurnool, for so which not only can no valid title be shown, but which, when enquiry is once set on foot, are admitted by parties concerned not to be genuine Enams, or by investigation are proved to be birkar ground. It would occupy much space to lay before your Board even a suc= =cinct report of the very numerous instances in which false Enams are daily brought to under enquiry, and I will therefore content myself with mentioning that during the time M.R. Scott and myself have had charge of the Distric up to the close of Fasly 1258, to many as 30,000 acres of land have been resumed to the re= =venue. This aggregate is not the result of one or two extensive sweeping resumptions but of a large number of detailed inv= =stigations, the record of each of which, whether for one, two, five, or ten acres, has to be considered and digested before any conclusion is arrived at. I may say, in

Fort St. George. 15th July 1850

indeed, that the labor entailed on the agent at Kurnool by these Enam enquiries, although out of sight so far as the superior authorities are concerned, is one of the most onerous of his duties. Your Board are aware that the Government have empowered the Agent to

Extract Min: of Cons: 11th November 1848. No. 1264. para 12.

exercise his discretion in the matter of re= =suming the Enams of deceased Enamdars, re= =porting his views and proceedings in regard of only those which he may be of opinion should be continued to the family.

5. The Statements which under the instructions of Government periodically reach your Board are a mere fraction of wh= =at passes before the Agent. But of the re= =mark by your Board to which I have above adverted, be held to require in the Kurnool Immmabendy report, the information appa= =rently furnished from other Districts where by comparison resumptions are infrequent, it will be seen that a representation of a very comprehensive description should henceforth be submitted, the preparation of which will occupy much time without perhaps answer= =ing any very important purpose, as an appeal in all the cases disposed of is open to the Board and Government, if the dispossessed Enamdar should deem himself aggrieved by the

Para 6-

the Agent's decision. I therefore beg, with much deference to suggest that the time has not yet arrived for an adherence to the general rule in question by the Officer in charge of the Karnool territory, and would request that it may not be required.

Para 15

5. The Sheristà Department of the Agency have been instructed in respect of the Board's objections to the Statements Nos 3 and 8, the latter of which on the next occasion of its submission will have an additional column opened, and those now in it will be arranged, as to exhibit distinctly and in the succession observed in the Tabular Statements referred to by the Board, the several items of remission which have not been traced in its present form. The deficiency to which the Board would appear now to refer has been caused it would seem, by the omission in the English Statement No 8 of an item of information regarding the Jodee of certain Jagheerdars which is given in the Inahatta return as a note under column 112. With the above exception, I believe that the items of remission will be found to agree. The Columns of No 8 Statement in which they appear are noted marginally.

7. The item of Rupees 7–0–0 to which the Board refer in this para, is in no wise connected with the sum of Rupees 48–8–0 which appears in the Statements Nos 3 and 8. The latter is composed of two amounts which were included in the Villawaree made by the Local Amildar, the former is the amount of a reduction made on 1–8–0 acre of Bagayut land assessed at Rupees 32–0–0 before any Villawaree of that particular field had taken place, and which consequently formed no part of the remissions granted at the Summabundy.

8. As Statement No 4 exhibits only the gross increase or decrease of Beriz as apparent from the Villawaree accounts from which the total amount of remissions made at the Summabundy is deducted without any specification of particulars, it seems that the three Statements cannot be made to correspond in all respects unless the additional Columns be opened in No 4.

10. The term "Junki Jastee" here mentioned refers to the assessment due on such lands as were discovered to have been cultivated during the Fusly after the Beriz accounts were finally closed, but through neglect or dishonest motives had not been entered in the Curreens Cultivation Statements- They were generally brought to notice by the examination of the cultivation which the local Carcoons made, as usual, or were reported by Tuntedars sent to those Villages where there was reason to suppose that concealed cultivation existed. If the enquiry on the spot had been completed before the Beriz accounts were closed, the amount shown to be due became embodied in the Beriz- Otherwise it formed part of what is shown in Statement No 14 as Junki Jastee-

Pa. 12-13-8-

The practice of the District in respect of such Enams is to incorporate them without any delay in the Government-land-

13. Adverting to the opinions expressed by the Board and the Government regarding the assimilation of the Kurnool Festibundee to that long since in force in the neighbouring District of Bellary, where it has been found, I believe, to be in all respects just and unexceptionable, it has afforded me pleasure to direct that hence forward the periods for realizing the periodical Festis shall be those adopted in Bellary-

Extract Proc. of Cons: 16th April 1850- Para 4-

14. Referring to the desire of Government to receive information in regard to the last of the causes assigned by me for holding cultivators liable for caboolaty buyer, I beg to explain that the rates of assessment now obtaining in this Province are those which were in force during the late Pathan rule; and these as the Board will be aware, are so extremely irregular and unequal, that no Villaweree engagements can be made without numerous claims arising on the part of Ryots for relief from particular fields forming part of their holdings,

Fort St. George. 15th July 1850

holdings, solely owing to the high Gootta imposed on them. When claims of this kind are brought forward at the period of the Ryots forming their engagements to cultivate, they are almost invariably accompanied by a Statement that certain of their neighbours have an undue portion of lightly assessed land from which it is requested that a portion may be assigned to them in order to an equalization of liabilities and profits. It has for years past been the practice of the local Amildars, Carcoons, Curnoms and Peddies to adjust requisitions of the above description by distributing the easily, the moderately and the highly rated fields, in such a manner as to remove causes of jealousy and ground for discontent bearing in mind the condition of each Ryot and the extent of his agricultural stock and the difficulties of management of each Talook vary in proportion to the care, discretion, and fairness with which a Villawaree may have been conducted under such circumstances. A Ryot is considered to be at liberty to decline taking land at all and in that respect is wholly unfettered. But when he has accepted

Fort St. George. 15th July 1850

and agreed to cultivate certain fields of good and indifferent quality and high and low Gootta forming a single holding, and at the Immovabundy is found to have brought under the plough only those which are easily assessed leaving longer the others from which he knew that he could not extract an equally remunerative return, it has not been hitherto the practice to grant remission, unless it be satisfactorily shewn that his omission to cultivate what he had taken up under the above described distribution, resulted from actual inability to do so. The extent to which this practice has been carried out will be observed by reference to the Statement beneath and so far as my experience of the District enables me to form an opinion. I believe that it cannot be abandoned without a considerable loss of Revenue unless simultaneously with it's relinquishment, the rates of assessment be fixed throughout the province on reference to the productive capabilities of the soil and not be allowed to remain, as they now are, random figures having little or no reference to the probable yield

of

Fort St. George. 15th July 1850

of the fields on which they were imposed during the time of the Mogulye Government.

Proceedings thereon.
(27.28)

Under the explanation afforded by the Agent, the Board will not require in the Tummahlundy Report, an account Particular of the resumption of hitherto rent free lands.-

2. Almost the entire amount of such annexation, arises either from the fraudulent entries of Circar land as Enam at the survey, or the recognition of such by the Pymashdars upon grounds which on subsequent enquiry prove untenable. The agent will continue to dispose of these cases as they come before him, and incorporate the lands with those of Government.-

In Cons. 25th April 1850.

3. With respect to the explanation required in Extract Minutes Consultation 16th April 1850. Para 4 on the charge of Caboolut Bunjer being imposed on ryots "relinquishing lands bearing an higher for that having a lower assessment" it would seem that the lands are not / as apparently supposed by / Government / relinquished after engagement for those at a lower rate, not included in the

the ryots dittum, but that the "waste" was charged on those ryots, who having agreed to the extent of their holding had placed under tillage only the more lightly assessed portions of it, leaving the higher taxed, and comparatively less profitable parts, uncultivated.-

4. The explanation of the agent on the remaining points called for by the Board, are satisfactory.-

5. Referring to the observations of the Board regarding Statements 3 and 8 Mr. Phillips states that the latter on the next occasion of its submission will have an additional column opened, but there seems to be no necessity for this. The Board did not intend that the Statement should have been in any way extended, but simply that the items should be arranged in the order in which they appear in Statement No. 3. The following abstract will best illustrate their meaning.

Sir,

Para 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue of the 24th Instant forwarding one + Copy of a Memorial presented by Government for transmission by Chengul Row respecting an Enam at Chittoor and directing me to submit a report upon the case.-

+ herewith returned with 16 enclosures.

2. I beg to refer the Board to my report of this case dated March 22d 1849 and to their order upon it dated 21st May of the same year. That report appears to contain all the necessary particulars, but should the Board require any further information on any points I will endeavour to supply it. In the Board's order there is one error, which I may here notice. The Chengl Row registered for the Enam in 1824 was this Memorialist himself; no other person of the name was concerned in the transaction detailed in my report.-

Sir,

Para 1. With reference to the order of Government calling for a report on the Memorial of Chengul Row addressed to the Honorable the Court of Directors on the subject of his claim to certain Enam lands, I am directed by the Board of Revenue to submit the accompanying * papers on their records bearing on the case of the Memorialist.-

2. The Petitioner with his two brothers succeeded to the Enam in question which had been originally granted in Charity to his Grand father and previously to his leaving the district he became a party to the alienation of a Moiety of land in favor of one Trimul Sastry.-

3. During his absence the other half was sold for a trifling Sum to a Nagapa Chetty by his Nephew Ram Row. who was one of the Shareholders in the Enam.-

4. On his return the Petitioner Chengul Row claimed that portion of the land that had been sold and the Collector, in bringing the case to the Board's notice, recommended that the sale should be can=celled on the alleged ground of its illega=lity but the Board declined to accede to such a measure not only because the Petitioner Chengul Row voluntarily parted with a moiety of the Enam, but chiefly in consideration of the length of time that had elapsed, 28 years, since the sale of the land by Ram Row, and the fact that the objection for which the land had originally been conferred, that of Charity, or the support of the parties, having long ceased to be subserved.-

5. Under the foregoing circum=stances the share in the enjoyment of Nagapah Chetty's heirs was directed to be resumed on the occurrence of a lapse.

From the Collr of North Arcot

Recommend=ing to the Bds favorable con=sideration ap=plications from the zemindars of Calastry & Canetnaggur for a little time to pay up their Peishcush for Fusly 1259.

Para 1. The Board are aware from the Monthly reports that the Fusly just escaping has been very unfavorable to the Revenue in this Dis=trict; and the ac=counts of the Ryotwar Taloks, which are now made up, shew a falling off of very nearly three lacks be=low last year. The set=tled parts of the District have also, of course felt the pressure of so adverse a season, and I have received applications from both the Zemindars of Calastry and Canetnuggur, asking for some indulgence in the payment of their Kists.

	Rs	a	P.
Fusly 1258	17,72,607	8	9
" 1259	14,76,184	13	8
Deficit	2,96,422	11	1

Note. The Pennuary Beriz for Fusly 1259 has not yet been accu=rately received; it is therefore inserted in the above by estimate.-

2. The Peishcush of Calastry, is 190,33 Rupees; the zemindar has paid 167393 Rupees being two Kists in full and about two thirds of the last, and he asks to

to be allowed to pay the remaining 23,000 Rupees in six equal instalments, with the Kists of the next two years. The Canetnaggur Peishcush is 1,87,663 Rupees of this 1,57,663 has been paid, being two Kists and about half the third, and the Zemindar requests to be allowed to pay the remaining 30,000 Rupees with the first Kist of next year, which is due on the 15th December. In both instances a request is also made that the demand of interest on the arrears should be abandoned.

3. I can fully certify that in both the Zemindaries the season has been very adverse, and that the Revenues of the Zemindars must have suffered severely. The falling off of the Government Revenue in the Ryotwar Taloks is nearly three lacks as already said and even a loss of that proportion to their income would be a very heavy blow; but, in fact, I believe them to have lost a larger proportion. Of all the Ryotwar Taloks the drought was felt most heavily in the Sattimungalum Talook and in the Northern parts of the Sholinghur Talook, which border the two Zemindaries under consideration.

I myself passed through a large part of both Zemindaries in the end of November and the early part of December, and had an opportunity of personally witnessing the want of water. At that season when the tanks ought to have been all full, many were totally empty, and even the largest and best supplied had only one or two months' water; and no rain fell after that time except one day in February which was generally too late to be of service.

4. The default in the Peishcush in both cases is therefore clearly owing to circumstances of season; and I think some indulgence may properly be shown; but I would propose a modification of the terms asked. The Calastry Zemindar asks for two years time; in Fusly 1255 the Revenue of the District was half a lack of Rupees however than it is this year, but the prices, which have not risen much this year in consequence probably of the large production of the last two years, were then very high, and that was in favor of the Zemindar who receives a good deal

of

of his Revenue in kind - He then also failed to pay the whole of his Peishcush cash punctually, and was allowed a year to pay the arrear of Rs. 16,927 8 a. I think that it will not be too much to require him to pay the present arrear of 23,000 Rupees in three instalments with the Kists of next Fusly - The Cavetnuggur Zemindar asks very moderate terms, but possibly he might find it difficult to fulfil them, especially looking to the present unfavourable prospects of the season now commencing. I beg therefore to recommend that he also should be allowed to pay his arrear of 30,000 Rupees in three equal parts, with the Kist of Fusly 1260.

As regards the request for the remission of the demand of interest, a correspondence took place in 1848 between the Board and this Office on a similar application from the Calastry Zemindar to which I beg to refer. I then stated the considerations which appeared to me to give the Zemindar a fair claim to such indulgence; especially 1st. the difference between arrears caused by extravagance or mismanagement, and those accruing through unavoidable circumstance of season, and 2d. the efforts

To Rs. May 24th 1848. Para 6.

Board's Proceedings June 19. 1848.

Boards Proceedings Augt 31st 1848

of the Board's indulgent treatment of other Zemindars - The Board overruled those arguments and the demand of interest was enforced - In the case of the Cavetnuggur Zemindary, the interest on much heavier arrears, accruing culpably, has been suspended in view to its being ultimately given up entirely - I cannot tell therefore what view the Board will take of the request for remission of interest in the present instances; but as in both, the considerations above stated appear to me to exist in full force, I beg permission to support the prayer of the Zemindars - I may add that a small amount of interest is already demandable from the Calastry Zemindar on a small part of the second Kist of the Current year, which was not paid till about the 24th of the Month following that in which it fell due; this demand I have forborne to insist on, till I shall receive the orders of the Board on the larger question. .

Proceedings thereon.

(31.32)

Under the circumstances stated in the above letter the Board authorize the Collector to allow the Peishcush arrears

* Cavetnuggur 30,000 Rupees Calastry 23,000 Rupees

arrears of both Zemindaries* to be liquidated with the first Kists of Fusly 1260..

2. As regards the request for the remission of the demand of Interest the Board observe that Mr. Bourdillon has not exactly perceived the main ground on which the indulgence was refused in the case of the Calastry Zemindary in 1848. The Zemindar was then disposed to question the right of Government to demand it. neither did the Board admit as a ground of consideration the fact that it had not for some years been usual to charge interest.

3. In the present instance however the circumstance of a general difficulty of realizing the Revenues of the whole District is undeniable, and on that ground (which was not so clearly shewn to exist on the former occasion) the Board resolve so far to accede to Mr Bourdillon's recommendation as to authorize him to remit the Interest on the arrears of the 2 Zemindaries on condition of the Principal being paid up at the time above specified.-

The want of rain, as noticed above, necessarily led to a diminution in the cultivation generally compared with the preceding

After deducting Rupees 6,624 (Para 12) — brought to account under the rules, the difference in the Gross Settlement is Rupees 2,55,580 against the year under report. This is composed of

3. Some inconsistency is observable in the causes assigned for the falling off in the Dry cultivation. In Para 6 it is ascribed to the Season - in Para 7 to the effects of fluctuations in the Prices of Grain. It is probable that the former was chiefly operative, as the cultivation is stated to exceed that of any year since Fusly 12[illegible] with

with the exception of Fusslies 1256 and 1257 while the Prices of Fusly 1258 are below those of every year of the series, excepting one.

Para 11 No 4 in A.

4. Of the decrease in the wet cultivation, more than 2/3 occurred under River irrigation in the 2 Southern Taloks, Chellumbrum and Munnargoody, the falling off amounted to the large sum of Rupees 6,613, and is attributed by the Collector to the low Prices of the year. This cause, if true, would be general in its effects; such however is not the case, the decrease is comparatively small in the other Taloks. Considering the improved state of the irrigation in the 2 Southern Taloks the character of the season which was "on the whole favorable" and the number of substantial Ryots in these Taloks compared with the rest of the District as shewn by the Rent Roll, the Board would have looked for a different result. Some Ryots may have been temporarily drawn away to the Zufteed Jaghear of Callemala which was under

amamy in this year, but to any extent, as the decrease under consideration arises from an increase in land not cultivated and not in consequence of a contraction of the engagements for the year. The Board expect that the present Acting Collector will notice the subject in his next Report. He will explain the cause of the diminution of Ploughs and Ryots in the one case and of the increase of both in the other as shewn in the Margin above, and he will consider whether with reference to Para 130 of the Rookumnamah of the District and to the desire to secure a right of occupancy as noticed in former Proceedings the Ryots are led to

5. It is observed that Rupees 7,702 - 14 - 5 are entered in the Statement for Munnargoody and Chelumbrum as "usually yielding one Crop, but lately

turned into 2 crop land". In the Abstract Statement it is stated in a foot note, that 1/3 or Rupees 2567 - 10½ is the demand for 2 crops raised on one crop land according to the Board's orders. The intention of this remark is not apparent. The average per Cawny of the land in question in Munnargoody is Rupees 11 - 14 - 0 and in Chellumbrum it is Rupees 8, whilst the assessment of one crop lands in Columns 10 and 11 of the same Statement averages Rupees 11 - 13 and Rupees 10 - 4 per Cawney. Further explanation should be furnished in regard to this item in the next Report.

The advantage which has accrued to Government from the additional Crop should be shewn.

6. It is desirable that the benefits which have arisen from the construction of the Vellaur Anicut which cost Rupees 94,036 - 9 - 1 should be distinctly shewn in the annual report. Additional land to be irrigated by this work was taken up in Fusly 1256 1846-47 but there has been a decline in the cultivation since, which should be notified by the Collector with

It is stated in the Column of remarks that the wet cul:tivation is less by 58 Cawnies than that of the preceding year, attributed like the wet cultivation generally to low prices, but also to defects in the irrigation. The Collector will continues to notice spe:cially in his report the condition of the two Villages composing this Mootah, and the effects of the Tank repairs in progress, from which an increase to the Revenue was expected. The transfer of

this Mootah from the head of Pedrauds Accounts for the decrease of Rupees 3176-15-" under that item.

Para 16. 10 The Board trace 12 Villages only as having reverted from rent to Amany and not 14 as stated by the Collector. The decrease under rents is owing mainly to this transfer.

11 It is seen from the rent: roll of the District that more than 3/4ths of the Ryots hold Puttahs within Rupees 20. the aggregate of their payments being little or more than 30 per Cent of the entire Beriz. The particulars are shewn in the following Abstract Statement.

13 Of the above Demand, the sum of Rupees 1872,842-1-3 was collected within the Fusly. The Balance or Rupees 357202-1-11 at its close was large. It has however been reduced by subsequent Collections to the end of May 1850 to Rupees 10,368-12-11.

14 The Collections during the year on account of arrears amounted to Rupees 301,992-1-11. The Balance still outstanding amount to Rupees 37,809-11-5, of which Rupees 11,199-14-10 appertain to Fusly $\frac{1257}{1847/48}$. The arrears in Mannargoody and Chellumbrum are comparatively large. The Acting Collector will be pleased to expedite the promised report on the Balance generally.

Reporting (with reference to his previous Endorsement) further upon the nature of the land and Well alluded to in Petition No. 725 of 1850.

As directed by your letter of the 13th Instant, I have the honor to submit further explanation in reference to Petition No. 2282 of 1848 from Saroo Iyenna Nynar.

2 The land adverted to in my endorsement on the above Petition is Varaput land or paying revenue to Government similar to other lands in every village.

3 In his address now to the Board, Petitioner declares that by the

No. 725 of 1850.

10325

Fort St. George 15th July 1850.

Decree of the Court in 1835, a Backyard Garden and Well was placed in his possession and that he had irrigated his Iyen lands with the water drawn from this Well. That his Defendant C. Iyar Nynar with the connivance of the Village Curnum had made out a pottah in his own name for this very Backyard Garden and Well, which was made over to him (Petitioner) by the Decree of the Civil Court.

4 These assertions on the part of the Petitioner have failed of proof. By an investigation held before the Tahsildar some time back, on a Petition to the late Collector, it has been established that Petitioner's claims are incorrect, and that his Backyard as obtained by the Decree of the Court is situated in another part of land of the village, and of another number, though in juxta position with that very land and Well claimed by him — But which is included in the Pottah of C. Iyar Nynar also it was established that the Well to which he (Petitioner) now sets up a claim was actually only dug in Fusly 1248 A.D. 1838/39 and so entered in the Circar accounts. This too being subsequent to the Decree itself, which was as already shewn in 1835.

I

Fort St George 15th July 1850

5 I have already explained by my endorsement that Petitioner on account of his new residence at the village permitted one ammani Unmal to cultivate his puttah lands, and it appears that she irrigated a portion of such lands with the water from this Well. Hence the Petitioner is impressed with the idea that the Well and Ground on which it is situated must be included in his Backyard but which it is not.

5. Again it is deposed by the Curnum that in the attachment Writ issued from the Court no mention whatever is made of a Well existing on the land ordered to be transferred in satisfaction of the Decree. And Petitioner's own witness can only speak to a mere hearsay Statement that Petitioner dug the Well.

7 I can only repeat that he has failed to establish to his tittle, and that the Backyard obtained by the award of the Civil Court is other than, that he imagines. If he is dissatisfied with this allotment he should sue out by action of ejectment, the parties now in possession or move the

the Court to put him in possession of the actual land awarded him. He cannot otherwise dispossess the opposite parties. and the Collector is unable to afford him redress.

Submitting further information with regard to Petition No 540 of 1850 presented by

Sir,

As directed by your letter of the 24th Instant, I have the honor to submit further information with regard to Petition

10328

by Pitchaven monegar of Coochoor in this District

Fort St George 15th July 1850.

Petition № 520 of 1850 presented by Pitchaven monegar of Coochoor in this District.

2 This individual is of very recent nomination to the monegarship of the Village, and his original pretension to the Office was founded on his ancestor's having been the meerasi monem from Fusly 1217 / 1806-07.

3 In Fusly 1232 / 1822-23. for some cause now not ascertainable, the monegarship passed out of Petitioner's family, and one Cartaparoomal Padiardy was nominated, he dying in Fusly 1238 / 1828/29 his son Rama Padiar-dy succeeded, who continued to hold the Office until 1829, when having been implicated in a robbery, was committed for trial to the Criminal Court, none of his family were of sufficient good character to be entrusted with the interests of the Village. It was then that the Petitioner put forth his pretensions, and a reference to the Tahsildar was made, which called forth the objection as stated in my endorsement, and the recommendation of one Vishwanatha Reddy being associated jointly with Petitioner in the monegarship.

4 On further enquiry I find that this Pitchaven has no landed property or

10329

Fort St George 15th July 1850

other interest in the Village, and his only claim to the Office is descent from the mee-rasi monigar Sashiar, whose connection with the village appears to have ceased since Fusly 1232 / 1822/23.

5 Neither has the individual Vish-wanatha Reddy any land in Coochoor itself, though a considerable proprietor in a Village contiguous.

6 It is also reported from the talook that most of the inhabitants of the Village being related and connected with the late monigar Ramapadiachy, are not to be trusted, and ought not to be nomi-nated to the vacancy. Under these circum-stances, I would recommend that the arrange-ment already in force be permitted to stand, and Vishwanatha Reddy be associated in the monigarship with Petitioner.

7 In general I am averse to in-terfering with the municipality of Villages either by dismissal from or additional asso-ciating of others to the village Offices, as only tending to create jealousy and confusion, and raising party spirit amongst the inhabitants. But in the present instance considering

Petitioner

Petition has no landed interest in the village, it is necessary that some one more responsible than himself should be associated in the Office, especially since none of the village community are said to be trustworthy. Shis Vishwanatha Reddy may be permitted to remain.

Sir,

In reply to your letter of the 24th Ultimo, I have the honor to state that when writing my letters of the 13th & 14th May, I was perfectly aware of the death of Mootoverayer Nachear. The omission to mention it in the body of my letter of the 14th May (for which the

the 13th was entered by mistake in my letter of the 5th June / arose from my inadvertently overlooking the circumstance that the paper in which the fact is broadly stated was the Petition to the Sudr dated the 11th April 1850 and not that of the 29th April, Copy of which only was forwarded therewith.

2. The Proceedings in the Sub Court alluded to in my letter of the 13th may took place before the death of Mootoovierayee Nachear, and that letter was written on a vague report before I had read the Petition of Puvadvurdhany Nachear to the Sudr Udalut.

3 The Board perhaps consider that owing to the important place Mootoovierayee Nachear held in respect to the succession to the Ramnad Zemindary, her death ought to have been reported specially when it occurred. If such be the case, I regret that it appeared to me at the time that as she was neither Zemindar nor the recipient of a pension from Government, a Report was not specially called for.

From the Asst. Pl. Collr. of Coimbatore —

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 19th March 1849, I beg to forward the report of the two Head Assistants of Coimbatore and Malabar, on the Boundary question between this District and the Nuwabdy of Colangode, in which I generally concur, tho' I cannot quite think with Mr. Conolly that the Nuwabdy is backward or timid in advocating his own cause. It is so desirable that some final decision and line be adopted, that I should hope the Government will deem the present enquiry sufficient and final. I was with Messrs. Robinson and Walhouse, and the Civil Engineer in the Annimalay Forests, and can testify to the careful local investigation instituted.—

Gentlemen,

1 With reference to the Extract from the Minutes of Consultation No 169. dated 17th February 1849 we have the honor now to submit with our joint opinion on the subject a short sketch of the nature of the difference regarding the boundary of the Annamally and Agamally Forests, the former the property of Government and attached to the District of Coimbatore, and the latter being the property of the Nambiddy of Colongode and therefore within the District of Malabar.-

Nature of enquiry made.

2. We have visited the Hills and inspected with care the localities, compared the Maps of our respective Districts, obtained information from the Coimbatore, Colongode and Cochin Rudirs, or hill people, with reference to the occupancy collection of Hill produce and their

(the Rudirs') belief as to the ancient and right line of boundary - We have examined all the Official Documents supporting and bearing in any way on the subject of the Government title to the advanced boundary claimed by Coimbatore, as well as those documents filed by the Nambiddy of Colongode with such Official Vouchers as he has urged in support of his title and claim.-

Map illustrative of the dispute, prepared.

3. A Map illustrative of the dispute has been prepared by the Civil Engineer 7th Division and is herewith submitted.-

Official Maps of both Districts.

4. The Official Maps of both Districts founded on the Trigonometrical Survey agree in assigning to the District of Malabar the entire tract in Controversy. By the Officers of Malabar District the validity of the titles of the Nambiddy of Colongode has been urged and the inexpediency of disturbing the boundary as already traced between the Districts by the Survey. On the other hand the Officers of Coimbatore have urged a Counter title to the land and the inconclusiveness of the boundary as laid down by the Trigonometrical Survey in such a case.-

The

Nambiddy of Colongode's Grandhwary.

5. The document of the oldest date which we have had before us is that on which the Nambiddy of Colongode grounds his title to the tract in question. Viz.t the ancient family Grandhwary, a bulky and Minute boundary roll and general descrip=tion of all the properties of that petty Rajah's family. an extract of the part bearing on the boundary of this part of his District is entered in the Margin. We can find no ground on which to doubt the Antiquity or Authenticity, or to invalidate the Authority of this important title deed to which great weight would we believe be attached in any legal investigation. The in=ternal evidence it contains of Accuracy and care in preparation has been tested.-

Tract in Contro=versy held by the conservators of Malabar forests from 1806 to 1823.

8. Under the orders of the Court of Directors dated 7th January 1806 the Conservancy of all Malabar teak forests was undertaken and among others that of the teak forests in the Agamallies, the property of the Nambiddy of Colongode were assumed, and unlike most others it appears these were directly managed by the Conservator

and his Establishment. The Surveys and enquiries then instituted and account of resources &c. of these teak forests prepared at that time by the Conservator's Depart: =ment shew, that the Conservators had the Grandhwary Boundary Roll of the Numbiddy of Colongode in it's present integrity before them. that they assumed the boundaries as therein indicated as correct, and accepted this as the foundation of their Surveys and operations. The entire tract in Contraversy is included within their detailed descriptives of forests Containing teaks and appears from 1806 till 1823 to have been administered by the Bombay Conservancy. we cannot discover that their Surveys or operations were in any way questioned or interfered with by the Authorities of Coimbatore at that time up to the date of the abolition of the Conservancy. Nor do we discover any Simultaneous operations or contem= =porary counterworking of these forests by the Authorities of Coimbatore.

9. These are facts and documents

on which the Numbiddy of Colongode lays great stress

Same boundary always claimed by the Numbiddy of Colongode.

10. We do not find that the Numbiddy of Colongode ever hesitated as to the Boundary line, but has entered it in all Contracts &c. executed by him involving right over these forests.

Facts of the Trigonometrical Survey 1820/24.

11. These parts were first Surveyed by Messrs. Ward and Connor in 1820 in connexion with the Survey of the Cochin Country and the Surveys were revised again in 1823/4. In these Surveys the Boundary line contended for by the Numbiddy of Colongode have been followed and the whole tract assigned to Malabar. We must presume, we think, that the Survey Officers were in communi= =cation with both sides and all the Hill people and Mr. McMahan, the Revenue Surveyor, who carried out the detail of these Surveys, still surviving; we learn from him that Messrs. Ward and Connor were in communication with the hill people and Hill produce Contractor and that then no disposition to dispute the

we have failed to discover who Mr. Cooke was, or what the object of the paper; but it probably had reference to contemporary disputes and counter-Claims among the Contractors for hill produce- the Numbiddy of Colongode was no party to this paper and his Hill tribe clearly did not admit the boundary as has been shewn in Para 7. The internal evidence of the inaccuracy and scantiness of this paper shewing that it is at best a rough Sketch founded on hearsay would probably detract much from it's value, if filed in evidence against the Numbiddy of Colongode's claim, or weighed against his accurate and full Boundary roll- In 1807 the Complaint of a Contractor for the Annamally Hill produce alludes to the same advanced boundary: but we fear that we are unable to establish that the Boundary line was neither acquiesced in by the one party or maintained by the other.-

to discover what authority was attached to Mr. Cook's paper or the claim of the Hill Contractor at that time, but they do not seem to have been considered final for the forest Establishment from 1806/7 to 1823 carried on the surveys and operations irrespective thereof, and we cannot find that Messrs. Ward and Connor in 1820 and again in 1822/23 were aware of any conflicting claims with regard to the Boundary though in Communication with the Hill people.-

No Controversy on record during the Continuance of the Government Conservancy of Malabar forests.-

15. From 1807 along interval occurs without documentary matter on the Coimbatore side bearing on the tract in dispute and apparently without controversy. the entire forests on all sides being under Government management. the Malabar forests preserved by the Bombay Government Conservancy, and the Annamallies beinger in the hands of the Coimbatore Circar.-

Controversy began after the relinquishment of Conservancy and

establishment withdrawn and the relinquished forests which had been preserved and worked by them fell quietly into the hands of their acknowledged immemorial Proprietors. From this year appears to date the disputes are still unsettled.- between the Coimbatore Authorities and the Numbiddy of Colongode.-

17. The first instances recorded relates to Changah Pudy Kanvay a defile and small tract south of the Koch mala, and west of a line drawn direct from it to the Pandara Veera Mala, and therefore within the boundary about which a difference now exists. Difference about the Changah Pady Kanvay defile- The Grandhwary of the Numbiddy of Colongode, papers of the Government Conservancy of forests, and maps of both districts agree in assigning this to the Numbiddy of Colongode. On the relinquishment of the forests by Government in 1823. the Numbiddy of Colongode proceeded to take possession, and dug Elephant pits therein. He was opposed by the Coimbatore Circar and after much remonstrance

on

Fort St. George 15th July 1850.

on the part of the Nambiddy, the Collector of Coimbatore for the time Mr. Sullivan, assumed this defile in 1824 and it has since been maintained. The precise grounds of his decision do not appear but it is probable that it was founded on Mr. Cook's paper, the Copy of which now extant bears Mr. Sullivan's Signature. We have deemed it advisable to append an abstract of the Circumstances Connected with this case as it has not been agitated since, and thus leave the matter before Government.-

assumed by Mr. Sullivan-

Vide app. A

18 The second instance occurred in 1826 and relates to the cutting of timber within the disputed tract. On the abolition of the Conservancy in 1823 Mr. Gardiner of Palghat who till that time, had as Sub Conservator under Government administered & worked all the Colongode forests, entered as a private Merchant into a Contract with the Nambiddy of Colongode for the exclusive felling of timber in the Colongode forests then relinquished by Government. His Contract specified the boundaries as laid down in the Grandwary of

Levy of felling fee from Mr. Gardiner in 1826-

of the Nambiddy's family and traced in the Map- In 1826 it appears that certain wood felled by him, and in transit to the Coast was attached by the Coimbatore circar after leaving the forest, on the plea of it's having been Cut within the boundaries as shewn by Mr. Cook's paper (In this instance Mr. Cook's paper is avowedly taken as the authority) above alluded to, and the payment of the fee for felling demanded, as the condition of releasing the timber. This was paid under protest (a ½ Rupee per log as the loss from delay and detention must have been very great.-

Not decided on their Merits

19- We cannot find that any enquiry into the merits of the case or Comparison of the claims took place, in either instance. In the first instance the intended reference of the Boundary disputes to the arbitration of a Punchayet proposed by the Sub Collector Mr. Clementson and acceded to by the Nambiddy of Colongode was over-ruled by the Collector Mr. Sullivan-

No further disputes on record till 1844.

20- No record of controversy occurs again

Fort St. George 15th July 1850:-

again till 1844. The actual occupation and enjoyment of the Numbiddy of Colon:-gode's forest have usually been in the hands of private Merchants. The Counter Claims have given rise to a good deal of confusion. it seems very doubtful whether the servants of the Coimbatore Circar strictly maintained the advanced boundary alleged on that side. The Numbiddy of Colongode appears in his Contracts with these Merchants always to have leased his forests as described in his Grandhwary - and the returns made to the Civil Courts of Malabar in 1844 shew, that upwards of 2500 trees had been felled the few years prior to that year by the Numbiddy's Contractors in the disputed tract. On the other hand the Numbiddy of Colongode appears to have been remiss in watching the integrity of the boundary as laid down by his Grandhwary. Up. to 1843 No timber was cut by the authorities of Coimbatore within this tract in

controversy, but the accounts of the Conservator of Annamally forests dated October 1844 represent, that of about 1000 trees felled in that year, upwards of 100 were cut by him within the disputed tract. Again the pretensions and advances of the Cochin Hill people and authorities into the tract in controversy in 1840 & 1841 and again in 1848 appear to have been watched and were repelled by the Numbiddy of Colongode and the Officers, European and Native of Malabar. On careful enquiry, & on the ground that the tract in question was the property of the Numbiddy of Colon:-gode by his Grandhwary and assigned to that district by the Official Maps & occupancy, No notice of these aggressions or steps appears to have reached the Coimbatore Authorities. nor do the claims of Coimbatore to the tract then appear to have been surmised either in Malabar or Cochin.-

aggressions of Cochin people repelled however by the Numbiddy of Colongode.

Unnoticed by the Coimbatore Circar.

21. The testimony of the Hill

Testimony of Hill people.

Fort St. George 15th July 1850.-

Hill people whom we examined relative to the collection of Hill produce may be summed up as follows- Those of Colongode as early as 1805 described the tract under dispute as their field for the collection of hill produce, and at the time of the survey in 1820 and 1823/4 they appear to have pointed out the same line- They still maintain these claims consistently, admitting at the same time such partial enjoyment by the Hill people of the Andamalah tribe of special spots on the immediate boundary, as indicates that on the boundary at least time, local Customs & ties have tended slightly to blend and confuse the strict line of demarcation. The Hill people of the Coimbatore Circar led us up the Valley of the Periantode and Paltode Nullahs as what they considered to be the boundary and asserted to be the limit within which they collect Hill produce, thus introducing a new line unsupported by documentary or other evidence and untenable- This were a boundary line

Of Colongode Consistent-

Some Miles in advance of and widely at variance with that claimed by the forest conservancy Establishment and would cede to the Nambiddy of Colongode a considerable portion of the tract in controversy. The circumstance inevitable leads to an inference of their ignorance of the boundary as asserted by the Coimbatore Forest Establishment- The Hill people of Cochin, as far as we could learn their view, were inclined to favor the Coimbatore Claim, but their ideas of the boundary claimed by Coimbatore or any other Continuous boundary were indistinct and vague, and we think the credibility of this scanty testimony much weakened when we consider their unsuccessful Struggles with the Nambiddy of Colongode for the occupation of this very tract, and their acquiescence for years, in the measures taken both by the Nambiddy of Colongode and the Officers of Malabar to repress these pretensions; and that it does not appear that either the Coimbatore Circar interfered or were its claims alluded to by these very witnesses at the time- we

but open to Suspicion-

Cannot recommend the assumption now by Coimbatore of this tract-

22. We have we think failed to discover any good foundation for advocating or assuming the boundary assigned by the Forest Establishment of Coimbatore in preference to that laid down between the Cooch and Vengoly Mountains by the Maps of both Districts which assign to the Numbiddy of Colongode and the district of Malabar the tract in controversy as claimed on that side.-

Great weight of proof being on the side of the Numbiddy of Colongode-

23. We have met with no matter which shews undisputed occupancy & which might be confided in as establishing a clear title or right on the part of the Coimbatore Circar to this tract. We do not think that the documentary evidence we can produce viz: Mr. Cook's paper and some slightly corroborating allusions in others, can be looked on as counter balancing the

Numbiddy of Colongode's Grandhwary supported by proofs of acknowledgment of Government & consequency & of the occupation of the tract-

Testimony direct & indirect of the Hill people-

Manifested by the Hill people of Annamally as ascertained by us must for ever prove fatal to any testimony they could give in support of the line asserted by the forest establishment while the objections to the scanty and vague evidence of the Cochin Hill people are weighty.-

24. Under these circumstances we cannot recommend the Government to question or interfere with

Fort St. George 15th July 1850.

with a claim of right so strongly founded and so easily established by public Documents if referred to the Civil Tribunals, as that of the Nambiddy of Colongode to the tract in question. We fear that little considerations would be given in legal investigation to all we could produce in support of such a step and we also do not think that equitable grounds can be established or expediency shewn for overruling and throwing open the boundary line between these two districts as acknowledged by the Government conservancy and laid down by the Trigonometrical Survey which we

D.G.

find

Fort St. George 15th July 1850

find to be in accordance with the present claims of the Nambiddy of Colongode.

25. Should the Government determine to act on this suggestion some direct operations of the Coimbatore forest establishment alleged to have taken place in 1843/44 within the disputed tract; the appropriation of the Changah Pady Raaway and the levying of the fee for felling in 1826 from Mrs Gardiner under Mr Sullivans orders, and again in 1847 from certain contractors holding under the Nambiddy of Colongode, on the plea that their timber was cut within the line as indicated by Mr Cooks' paper, must be considered as irregular, but we are both of opinion that it should be distinctly intimated to the Nambiddy of Colongode that these matters must not be re-agitated in any form. It is sufficiently evident that on the ground of Mr Cooks paper, there has been an impression, however founded, on the part of the Coimbatore circar that the tract in question has been at least debateable ground. This appears from the proceedings in reference to the Chengale Pady Raaway and Mrs Gardiners' wood in 1826, and generally from a train of facts which has come before

us

us in this investigation. Such an impression, where no opportunity of a fair and full comparison of right as has now occurred, was afforded, remaining without decision or an authoritative contradiction became easily converted into a persuasion of right; and the Nambiddies of Colengode have not taken, till latterly, sufficient steps to remove this impression. Their title to this large and valuable property has been threatened more than once since 1823 and indirectly assailed by the levy on the part of the Coimbatore Authorities of the fee for felling timber within these forests from Contractors holding under the Nambiddy of Colengode, without these taking sufficient direct notice thereof. The integrity of the property as claimed under his Grandhavary Ycu. Ycu. and the boundaries of the district were clearly infringed by the occupation of the Chengah Pady defile in 1814 by the Coimbatore Authorities. Failing them in persuading these Authorities of his rights, the Nambiddy of Colengode ought to have them brought the matter before the Civil Courts or the Government,

or

or applied for a Commission of the present description His failing in this, only confirmed the impression from which these steps proceeded. The law visits with reprehension such laxness of attention to self interest; and acts committed by the Coimbatore authorities under an impression warranted in some measure by his supineness in not seeking redress at once and a sifting enquiry, should not be allowed to become the ground for future proceeding on his part.-

26. We must crave the indulgent consideration of the Government for the delay that has to our regret occurred in disposing of this matter. Mr. Robinson takes the exclusive responsibility thereof on himself and has explained it in an appendix

Sir,

I have the honor to return the report of the Commissioners, Majors Walhouse and Robinson, on the disputed boundary between

Fort St. George 15th July 1850

between Coimbatore and Malabar.

The Report admits the justice of the Colungode Numbiddys' claim, but remarks somewhat strongly, at the end, on the negligence of the Numbiddies in not having defended their rights more strenuously when infringed on. To this I think it reasonable to remark that the Numbiddies were apparently Cowed by the very peremptory measures that were adopted by the authorities in Coimbatoor, and deemed it better to submit to what they felt to be an injustice, than to irritate such powerful assailants. The proceedings of the Commissioners show that the Numbiddies did their best to make their grievances known to the authorities of Malabar, whom they looked on as their natural Defenders.

Dated 28th May 1850

Sir,

I have the honor to return the report of the Commissioners, Messrs. Walhouse and Robinson, on the disputed boundary between

between Coimbatore and Malabar.

The Report admits the justice of the Colungode Numbiddys' claim, but remarks somewhat strongly, at the end, on the negligence of the Numbiddies in not having defended their rights more strenuously when infringed on. To this I think it reasonable to remark that the Numbiddies were apparently cowed by the very peremptory measures that were adopted by the authorities in Coimbatoor, and deemed it better to submit to what they felt to be an injustice, than to irritate such powerful assailants. The proceedings of the Commissioners show that the Numbiddies did their best to make their grievances known to the authorities of Malabar, whom they looked on as their natural Defenders.

I have the honor to acknowledge the receipt of your letter No. 93, dated

Fort St. George 15th July 1850

dated 10th June 1850, giving cover to the report made by the Commissioners regarding the Annimalli boundary, which I need not detain, since I quite concur in the whole paper as it stands.

2. With regard to the report made by Mr Cook, whoever he may have been, I am able to state from an examination of that document on the ground that it is utterly valueless, and must have been prepared without measurement or common care. Indeed it is almost impossible to believe that the person who wrote that description of the localities could ever have entered the forest himself.

Sir,

I have the honor to forward for the information of the Board a copy of letter from Mr. A. Brown reporting the death of Mr. F. Joachim, a Tenant Renter of the Nilgherries for July 1850.

2 From every enquiry it appears to me that it will be absolutely necessary to resell the Farm, which I shall take an early opportunity doing, and report the result to the Board in due course.—

3 I apprehend that the resale of the Farm will unavoidably involve a loss to Government, which it is not practicable to be made good by Mr Joachim's family (who are much straitened in circumstances).

4 The Contract was bid up the Board will observe, from 15,500 to 22,800, a much larger increase than was natural

natural or to be expected, the effect mainly of sharp competition. I was unwilling, as the Board will perceive from my letter, to give it to Mr. Joachim, but as he insisted on bidding up, and deposited the preliminary securities I did not feel justified in refusing it to him. He would not have taken possession till the 12th Instant and his family are utterly unable to carry on the speculation

Sir,

With extreme regret and Concern I beg leave to announce to you the demise of my father in law Mr Felix Joachim, which melancholy event took place at about ½ past 10 O'Clock last night. He was taken very ill last Monday and continued to suffer from that day most severely from a long standing disease he had, which rendered him totally incapable to attend to any business, and his suffering was so intense as that he at length sunk under it.

I have only earnestly to entreat that in consideration of the heavy affliction in which Mr. Isaacs numerous and unfortunate family are thrown in, and the difficulties in which his pecuniary affairs are involved, you will not adopt any measures which may tend to add to their misfortunes, and cause their utter ruin and destitution.—

From the Collector of Malabar Forwarding with reference to the Boards letter of the 2d Instant, a precis of the evidence taken in the matter of the Sheranad Taloork Shroff

Sir,

As directed in your letter of the 2d Instant, I have the honor to forward a precis of the evidence taken in the matter of the Sheranad Taloork Shroff.

2. The precis was drawn up by my Head Serishtadar whom I desired to give his opinion in the Case. It will be found at the end.

3. The paper now sent details so fully the merits of the case, that it is not necessary for me to say much in this separate letter.

4. The Shroff was accused in the first place of having tampered with a remittance which he was charged to convey from the Taloork to the Huzzoor Treasury. Knowing that there were 148 Rupees wanting in this remittance, he diverged from the treasure party, raised that sum and

and rejoined it. But as he could not, from the treasure being packed and sealed deposit the 148 Rupees in any of the twenty bags which enclosed the remittance. he attempted to huddle the bag which contained them with the said twenty bags at the time that the package was being opened. and to support this attempt he altered the number of bags stated in the remittance list (and which list he brought with him from the Talook) from twenty to twenty one.

5. The attempt to put in the additional bag was seen by the Golur Govinden and at once reported. on which an inquiry commenced which to my mind clearly proved his guilt.

6. The Shroff in his appeal declares that the Golur was his enemy and that I erred in trusting to him, and not to the Cash Keeper, who did not believe the Golur's Statement.

But this assertion as will be seen from the precis is not correct. The Cash Keeper and the other treasury

Servants were as much convinced of the truth of the Golur's Statement as I was.

7. I consider this case to be clearly proved against the Shroff.

A short time before the Shroff left Shernad with this remittance, the Tahsildar of Shernad had been changed to Chowghat, and pending the arrival of his successor from Chowghat had made over the treasury to the 1st Gomastah. The 1st Gomastah, a dupe I believe of the Shroff, (who it is clear had long been too much trusted in the Talook) took charge of the chest (as I believe) without due examination and in conjunction with the Shroff locked and sealed it with their respective Keys and Seals.

8. The chest remained (I believe) unopened till the new Tahsildar arrived (13 days) when the 1st Gomastah and Shroff were both summoned to give over charge.

9. The 1st Gomastah broke his Seal and unlocked his Key and then turning to the Shroff requested him to do the same with his. The reply was

Fort St. George 15th July 1850.

"I gave over my Seal and Key to you at
"your private request some time ago. They
"must be in your hands".-

10- It was clear now there was some-
thing wrong. The box was forced open
and it was found that there was a de-
ficiency of Rupees 1261-14a-10p. The num-
ber of bags was all right but one of them
contained Copper in place of Silver.

11- The 1st Gomastah a man of good
character and belonging to a family of
rank and wealth (that of the late Dew-
anee Seristadar Karunagara Menon)
at once made good what was deficient and
wrote off to tell me what had occurred.
The New Tahsildar wrote also (vide ab-
stract) and expressed an undoubting
opinion that the Gomastah had been
duped and that the Shroff, and not
he, was the party really guilty of the
embezzlement. From the best enquiry
I could make I thought the same and
consequently amerced the Shroff to the
extent of half the deficiency.

I would have amerced him in
the whole had not the first Gomastah
in

Fort St. George 15th July 1850.

in his folly made himself jointly liable by
certifying that the treasury was correct
when he received it for a few days.

12- That a legal liability for the
half at least lay on the Shroff I thought
to be fairly deducible from the fact of his
Key and Seal being on the chest as well
as the 1st Gomastah's. His story of having
given this Key and Seal to the 1st Go-
mastah at his private request argued
nothing I thought but the fact of his
being in great difficulty to account for
his conduct as regarded the abstraction

P.S. With reference to the charge made
against me of having increased the 1st
Gomastah's pay 4 Rupees since this enquiry
commenced, I would remark that the
increase was one recommended in June
and sanctioned in December 1849.

A

Substance of the papers relative to
the Matter of the Sherastaad Taboke
Shroff Soobramanyen having, while deli-
vering into the Hoozzoor Treasury on
the

Fort St. George 15th July 1850.

the 5th June 1849 the amount of the Second remittance from that Talook for Eddavoor 1024 May & June 1849 added therein a bag containing some Rupees, and of a deficiency of 1260 and odd Rupees having been found in the Talook Treasury when the Money therein was counted on the 21st July preparatory to the charge of the Treasury being made over to the Tahsildar of Kunnery Row.

The Cash Keeper made a verbal representation that the Goller Gouinem informed him that when the parcels of the 2d remittance from the Sherumaad Talook for Eddavoor May & June which was brought to the Huzzoor Treasury was opened to enable the Talook Shroff Soobramanyem to deliver up the same, he (Soobramanyem) took from the fold of his cloth a bag of Rupees and put it with other bags. He was then directed to hold an examination and report the result.

In pursuance to the above order the Cash Keeper examined the undermentioned 3 persons and forwarded

Fort St. George 15th July 1850.

forwarded their deposition.

1. Soobramanyen Shroff. I did not bring any bag in the fold of my Cloth nor did I put it with other bags. The Goller Gouinem might have accused me out of Malice. Of the bags containing the Amount of the 2d remittance, 3 are not Sealed. The Peons by whom the bags were Sealed might have inadvertently omitted to Seal them. The omission arose from confusion. I did not examine the Seal. The No. "21" inserted in the Money list as the number of the bags was originally written, and was not altered subsequently. The number 20 in the Rowdhast to the Treasury was written by the Moonshy by Mistake. The deficiency of 200 Rupees in a large (1000 Rupees) bag and the excess of 51 Rupees in a small one, which appeared in comparing their contents with the Sums marked on the

+ When examined at the Huzzoor the Shroff stated that the Tahsildar in comparing the bags with the Money list found that the bags containing Bengal whole Rupees were shewn in the list to be two, whereas the bags were 3 in Number, that on his questioning him regarding the difference he stated that the Sums therein were those paid by the Village Officers from time to time, that the Number of the bags were accordingly altered to 3 & the Tahsildar told the Gomastah to alter the total also, which was done. That he does not know which Gomastah did so - and that thus the remittance was brought from the Talook in 21 bags.

Fort St. George 15th July 1850.

the labels attached to each bag specified when the Money was put in the bags. It was, through lapse of hand that half Rupees were mixed with whole Rupees. The Tahsildar was not aware of it. The Money was counted, weighed and packed up before the Tahsildar.

2. The Goller Govinen. The Talook Shroff opened the parcel containing the Amount of the 2d remittance and after removing there= from 2 bags of quarter Annas, put in among the bags of Rupees, a bag which he took from the fold of his cloth. I informed the 4th Shroff of it. After the matter was known to all, the said bag was inspected by order of the Cash Keeper and found to have no Seal, and the contents thereof were 147 Bengal whole Rupees and 2 half Rupees. Of the Money bags forming the Amount of the remittance one large (1,000 Rupees) bag on being= weighed was found deficient of 200 Rupees and that on the label of which 523 Rupees was marked contained 374 Rupees. On the

Fort St. George 15th July 1850.

the excess Amount found in the small bag being deducted from that deficient in the large, there appeared a difference of 148 Rupees, and it was to make up this difference that the said bag was introduced.

3. The Fourth Shroff, Narasimen Bhundary, While I was weighing Copper pice, the Goller Govinen told= me that the Shermaad Shroff had= taken a bag from the fold of his cloth and put it with other bags. The Cash Keeper and others hearing of it came and examined all the bags, when one was found without a Seal and Govinen said that it was the same that was in= troduced. The bag was untied and the contents on being examined, was found to be 147 Bengal whole Rupees and 2 half Rupees. In a large (1,000 Rupees) bag, 200 Rupees are deficient and in a small one, 50 Rupees were found in ex= =cess. On adverting to these circumstances, to the bag alleged to have been introduced, not being sealed, and to Govinen having immediately on its introduction given

the

From Ft St George 15th July 1850.

the information, I have no doubt as to that bag having been introduced.

On a reference to the Money list dated 3d July which accompanied the remittance, it appears clear enough that the total of the bags was altered from 20 to 21 by converting the cifer to 1 and that to make the total correspond with the items above, the number of the bags with Rupees bearing the head of the Queen appears to have been altered from 2 to 3.

In his Yadhast to the Treasury dated 4th July and in his report to the Huzzoor No 37, the Tahsildar Seyud Amad stated that the remittance was dispatched in 20 bags which were made into 2 parcels.

The Cash Keeper in forwarding the depositions of the said 3 persons stated his opinion in his report No 71 that only the bag which was said by Govinen to have been introduced, was not Sealed, that the amount in each bag did not correspond with that Marked on the label, some being found

x At the Shroffs instance a Copy of the Money list was sent for from the Talookah it clearly appears from it that the bags of the Bengal Rupees are 2, and the total 20.

+ The Shroff stated in his deposition before the Cash Keeper that 8 bags bare no Seal as there was only one bag without Seal he ought immediately to have been questioned on the Subject, and the point cleared up, but which was not done.

From Ft St George 15th July 1850.

found to contain more and others less Money. that on setting off the excess in the deficient Amount, there appeared a difference of 148 Rupees, which sum was found in the bag which was introduced. that it consisted of whole and half Rupees, that when a sum less than 1000 Rupees is forwarded with an Insaal, it is usually put in one bag, whereas 2 containing odd sums were found with the 2d Insaal that the number of bags of Bengal Company's Rupees and the total were altered to shew one more than the original number. that these circumstances lead to a conclusion that there was a deficiency in the Insaal that it was to make up that deficiency without any one's knowledge that the aforesaid bag was introduced.

In his Urzee dated 12th July No 74 in answer to the order requiring explanation on certain points, the Cash Keeper stated that the 2d remittance arrived on the 4th at 5 P.M. that owing to press of business then, the 1st remittance only was received that day at 5½. that

on

Fort St. George 15th July 1850.

on the following day orders were given to the (Talook) Shroff to deliver up the 2d remittance and allow an inspection of the Coins, that he opened the parcel and while removing the bags from it, he took one from the fold of his cloth and put it with them. that the Collr Govinen saw him do so, and gave the information forthwith that on an inspection being made immediately and from other circumstances, his assertion was found to be true. and that although he (the Cash Keeper) did not witness the commission of the Act yet he is perfectly satisfied that a bag was introduced.

The Shroughaut Tahsildar Seyud Ahmod in his Urzee of the 15th July No 173 stated that the day following that on which the 2d remittance was packed up being the day he was to leave his station (Shermaad) for Shroughat, he had much to do in consequence of which, the Sum that was to be remitted being small and of his having had no distrust in the Shroff, he left the Head Gomastah at the place

Fort St. George 15th July 1850

place where the Money was being counted, and himself attended when the Amount was packed up, that the remittance was, as mentioned in his Report, sent in 20 bags. and that the fact of there being a deficiency therein could not be known at the time, owing either to the sums lefsened, in each 1000 Rupees bag being too small to attract attention or to other causes.

In his report of the 22d July the Head Gomastah Rogoo Menon states that he was not directed to see, nor saw the weighing and packing of the 2d remittance Money as stated in the Tahsildar, Seyud Amods Urzee; and that that Officer stated so to remove the responsibility from himself

Ibrahim Khan. the late Ameen of Parparangaddy, states in his Deposition given at the Huzzoor that the Shroff on conveying a remittance† in Meethoonam. came to the Ameens Cutchery at Parparangaddy and told him that he had asked Melemittil Soopy Coutty for some Rupees and left a Servant to bring the Amount to Calicut

Melevittil Coonje Cutty states in his Deposition given at the Huzzoor that the Shroff came to his Bankall and after obtaining from him 125 Rupees on pledge of some Jewels proceeded to Calicut and that dealings existed before between them and so forth.

The Cash Keeper in his report of the 19th December, No. 118 states that the Money list which accompanied the 2d remittance did not come in the parcel not in an envelope but was handed up by the Shroff

On the 16th July, the new Sheristadar Tahsildar Koneery Row forwarded an Urgee No. 41 stating that owing to the Shroff's absence he was unable to take charge of the Money in the Treasury which was kept under his and the Head Gomastahs Seals, and that some other inconvenience was also experienced, and praying that the Shroff might be sent up to deliver over charge of the Treasury

and settle other matters.

The Shroff who was under suspension was accordingly sent to the Talook with an order

On the 22d July, the said Tahsildar forwarded an Urgee No. 44 stating that after the Shroff's arrival, there having been a hindrance to the Treasury being opened from the Shroff's Key not being forthcoming he examined him and the Head Gomastah and that afterwards on his causing it to be opened by force and the Money counted, a deficiency having been observed, he again examined them as well as the Lance Naik Channen Nair and Hauildar Krishnen and that their Depositions are forwarded.

The Shroff stated in his Deposition that the second remittance out of the Eddavom (May & June) Flist was packed up on the 20th (22d July) Meethunam. that on the 21st (23d July) he proceeded with it to Calicut. that on the night of the 20th (22d July), the Tahsildar having directed him to deliver over the balance Money to the Head Gomastah,

* Taken on the 21st July when there was a hindrance to the Treasury being opened

+ It is apparent from the Tahsildar's Report that the remittance was got ready and despatched on the 21st & 22d Eddavom 3d & 4th July respectively.

+ In his examination taken at the Huzzoor the Shroff stated that he delivered over the balance Money to the Head Gomastah after the 2d remittance was packed up that the latter said to him that as the Jewels in deposit &c. were not inspected that day (20th) he would do it next day and take a receipt for his (Shroffs) Key and Seal - were delivered to him. That he accordingly did so, that he heard that the Head Gomastah granted a receipt to the Tahsildar that on his removing the Seal on the Treasury to deliver over the Money to the Tahsildar Monery Row he found it to be that of the late Tahsildar, that he suspected some deception - that he told the Tahsildar Monery Row that if the Head Gomastah was kept under restraint and a search made in his house, his (the Shroffs) Key and Seal would be found there, but that officer gave no heed to it.

+ The Tahsildar Monery Row in his Urzee of the 2d December No. 29 denied this assertion and added that if what he said was true he (the Shroff) had every reason ere long to represent the same, and that his silence is itself a proof that no such thing was mentioned by him.

he did so and also gave him his Key and Seal as he asked him for them to enable him to open the Treasury whenever Money might be required for expenses, that no one saw him do so; that next morning he went to Calicut with the remittance - (that on his removing the Seals on the Treasury with the Head Gomastah and Havildars consent, he did not observe any defect to them - that the Seal affixed by the former was the Tahsildar Seyud Ahmed's; that on his asking the Head Gomastah for the Key, he denied having received it. that he did not inform the Tahsildar of the delivery of the Seal and Key to the Head Gomastah - that the Balance Money, in the Treasury and part in a small

"I and the Shroff went into the Treasury room to deliver over charge of the same - After he removed the Seal, I gave the Key in my possession and one lock was opened He falsely states that he delivered his Seal and Key to me - Some days before Owing to the Key not being forthcoming, the Treasury could not be opened and no Money removed therefrom - + The Amount which appears deficient in the Treasury was purloined by none but the Shroff - I will pay that sum in Cash and Jewels. Money before me which was also put in bags and the bags tied up. All the bags were near the Shroff. I thought of keeping the balance in the Treasury after the bags containing the amount of the Dy. remittance were packed up, and therefore continued at the place where I carry on my business, arranging the accounts which had been received, and examining the papers &c. which I had to take charge of. All the bags remained near the Shroff for about 9 hours time. After the bags which were to be sent were packed up and the packet sealed, those containing the balance were carried to the Treasury room. A bag containing 26 Rupees in quarter Annas was then kept in a small box for ordinary expenced, and 5 bags in the Treasury. The former, the Key of which remained with me, was sealed with my Seal, and the latter by both persons - i.e. Myself and Shroff. On the 2d/4th July, the Shroff went to Calicut. I gave a receipt to Tahsildar Seyud Ahmed. The Treasury was not opened nor the Seal thereon removed since but only after the Shroff's return. The Money I took charge of consisted

consisted of 2 bags (1,000 Rupees) bags of the Bengal whole Rupees, 1 Ditto of add. sims, 2 of quarter Annas and 1 of pice. There are now 1165 quarter Annas in excess. The bags in which they were, proposed for 1,000 Rupees bag, and could not be known to contain copper unless it was untied and the contents examined. A 1,000 Bengal Rupees bag of the Inam Money was shewn to me as that of the balance amount and after I was satisfied of its weight, the Shroff, without my knowledge, put it with other bags forming the remittance money and substituted for it the bag of quarter Annas. The bags of the balance Money were, I think kept in the Treasury because their number was correct. The bags only were then counted. After the Treasury was locked and sealed, I gave a receipt to the Tahsildar. The Shroff should be caused to pay me the amount which I have reimbursed. A report was made by the Head Gomastah to the Huzzoor on the said date on the subject of the Shroff being caused to pay him the Amount he had reimbursed.

Fort St. George 15th July 1850.

In the examination taken at the Huggoor, the Naik stated that when the 2d remittance was packed up he had the Superintendence of the guard in the Treasury room, that that day the Tahsildar Seyud Ahmod and the Shroff opened the Treasury and removed money therefrom. That when the latter was counting the same, the Tahsildar told the Head Gomastah to cause the money which was to be remitted and kept in the Talook to be counted and packed up separately, that the Head Gomastah thereupon sat near the Shroff and afterwards went to the place where he transacts business, but used to come occasionally where money was being counted. Of the money to be remitted and secured in the Talook and which were kept a part from each other the Head Gomastah and Shroff jointly kept the latter in the Treasury locked and sealed it. The seal affixed by the former was that of the Tahsildar Seyud Ahmod he having obtained it from him, that the remittance money was afterwards packed up; that when the charge of the Treasury was to be made over to the Tahsildar Mooneery Row, the Shroff examined the seals and was satisfied that they were defectless.

The Lance Naik Khamen Nair, in his Hyfield stated that from 21st to 30th July Meethoonuma to 4th to 17th July Hardwidagum on which date he went to Calicut neither the Treasury nor the small box was opened, nor the seals thereon removed by any one; that on that day (July 21st) the Head Gomastah and Shroff looked at the seals and saying that they were defectless, the Shroff removed them.

Fort St. George 15th July 1850

In his examination at the Huggoor, the Hawildar stated that the Seals on the Treasury were those of the late Tahsildar Seyud Ahmud and the Shroff and that they were removed by the latter after being satisfied that they were without defect.

The Hawildar Krishnien Nair, stated in his Deposition that from the 4th to 17th July Hardwidagum to this day (21st July) on which he was examined neither the Seals on the Treasury nor the Money therein was removed by any one, but by the Head Gomastah and Shroff to day after the Seals were previously examined.

The Tahsildar Mooneery Row states in his Urzee that it appears from the proceedings that the balance Money in the Treasury was counted before the Head Gomastah, that instead of its being put in bags and Seals affixed thereon, or Kept in some secure place, it was allowed to remain with the money of the Second remittance, that hence the Shroff had an opportunity of putting the 1,165 Quarter Annas which appear in excess in the Account in a bag, and told the Head Gomastah that it was a bag of Rupees, that the latter foolishly granted a receipt to the late Tahsildar Seyud Ahmod to the effect that the money in the Treasury was correct and that he

he took charge of the same, that the Shroffs assertion that he, at the Head Gomastah's request, delivered to him the Seal and the Key of the box in which money were secured on the responsibility of both persons and that he suspects the Head Gomastah of having appropriated the money is manifestly false and replete with prevarication — The Tahsildar adds that he has known the Head Gomastah's conduct for several years and does not entertain the least suspicion against him, that he conceives that the money might have been appropriated by the Shroff in small sums, that having had neither means nor opportunity to replace the same, he stated the above falsehood, that the Head Gomastah paid the deficient amount in jewels and Cash, that the Shroff's moveable property found there (Shernadd) were sequestrated and so forth —

+ Head Gomastah and Shroff.

In his examination before the Huzzoor the Tahsildar states that it was the Head Gomastah, Shroff and the Superintendent of the guards that packed up the 2d remittance for Eddavoor, counted & examined the balance money and opened the Treasury, the Key of which was delivered to them by him, that he did not remark whether all the Coins and the jewels were removed from it, that he however thinks that as he gave orders to the Head Gomastah to pack up the Amount of the 2d remittance and take charge of the balance, the whole must have been removed from the box and taken charge of that no

The Tahsildar of Seyud Ahmed in his Report of the 28th July No. 193 states that when he was the Tahsildar of the Shernaad Taluk he observed great circumspection in matters relative to the Treasury and used to examine the money therein Monthly, that hence the Shroff individually could not have appropriated so large a sum as that which is deficient, that as he had resolved to leave Shernaad after despatching the Eddavoor 4th May & June remittance and making over the balance money

no inspection was, as directed in the Circular Order made of the Money in the Treasury after the first remittance was despatched, that the amount of the 2d remittance was packed up by the Head Gomastah and Shroff and the balance taken charge of by the former, near the place where he was sitting and that while these were being done, he occasionally looked to see what was going on; that he himself compared the list of Coins with the bags and found them correct that there was no mention made at that time that the number of the bags did not correspond with that shewn in the list, that on reference to the Original list of Coins it is evident that the number of bags was altered and made to exhibit an additional number, that the alteration was not made in the Cutcherry as will be seen from his Urzee, that he does not perfectly recollect whether the balance Money was secured in the box before or after the 2d remittance was packed up, that he however thinks that it was subsequently; that the Shroff did not, as stated by him, inform him that the base Coins and jewels were not

* This contradicts the Shroff's assertion that to the alteration in the Money list was made by the Tahsildar.

Money to the Head Gomastah, he ordered the latter to receive, and the Shroff to give over charge of the same, at the time the remittance money was packed up, on the supposition that the Head Gomastah - the person receiving charge would have carefully examined the Money that after taking charge of it, the Head Gomastah with the Shroff carried and secured it in the Treasury room, that he did not know what precaution

precaution was afterwards used to secure the safety of the Treasury after the Money was delivered to the Head Gomastah he (the Tahsildar) did not go to the Treasury room nor did he affix his Seal to the Treasury, that the Seal is in his possession; that as regards the Seal which was thereon on its being opened, being his, he should observe that if the case be true, it must either have been affixed with his seal which was removed from his table without his knowledge or

the wax on which the impression thereof was must have been heated and pressed down, or such wax as was lying in the Treasury room must have been applied after being submitted to a similar process and that on consideration being given to the fact of the Shroff having previous to the Treasury being made over to the Tahsildar Khonery Row, removed first the Seal thereon and afterwards said that he had not the Key, it appears to him that the Shroff, aware as he was, that there was deficiency in it, thought that he could evade the opening of the Treasury by stratagems and therefore might artfully have removed the Seal and falsely stated

stated that he had not the Key.

Khonery Row had been removed.

With his Urgee of the 18th December No. 107 the Sheristaad Tahsildar Coonjee Ramen Menon forwarded the rough Copy of the list of the Coins of the 2d remittance and with that of the 24th idem, No. 108 a Sealed bag containing 2 pieces of Sealing wax bearing the impression of Seals which he removed from the Treasury.

The Peon Vanat Parapa Kooroop stated in his deposition taken at the Huzzoor that he was present when the 2d remittance for Eddayam 9 May & June was packed up and despatched, that on the day in which it was packed up, the Tahsildar Seyud Ahmod and the Shroff opened the Treasury and brought out the Money, that while the latter was counting it, the former told the Head Gomastah to pack up and despatch the remittance money, secure the balance and get both counted and kept separately that the Head Gomastah thereupon sat near the Shroff for some time, then went to the place where he transacts business, but

but used to come now and then where money was being counted, that of the sums to be remitted and reserved which were kept apart from each other, the Head Gomastah and Shroff kept the latter in the Treasury locked and Sealed it, that the Seal affixed by the former was the Tahsildar Seyud Ahmed which he obtained from him, that afterwards the bags containing the remittance money were counted and packed up.

The Peon Mayapa Thrishnen stated in his Deposition given at the Huzzoor that he was present when the Sr. Insal was packed up, and escorted it next day, that while it was being conveyed, the Shroff went to Paraparame=gaddy to borrow some money from Melenittil Soopy Coolly that he (Deponent) accompanied him, that he saw the Key and Seal with him that day.

The Peon Kellee Craddy stated that he escorted the remittance to Calicut, that while it was being conveyed the Shroff went by the road leading to Paraparangaddy and joined the

Fort St. George 15th July 1850.

the escorting party at the Shadalwondy ferry, and that he had them his Key and Seal.

The Sheristaad Treasury Book of the daily receipts and Disbursements and the receipt granted by the Head Gomastah to Seyud Ahmed were sent for and referred to with the proceedings and enquiries instituted, and the result is as follows

The first point.

It is clearly proved that with the Money bags brought to the Huzzoor Treasury composing the amount of the Sr. Insal, was surreptitiously added by the Shroff and it is the same that contained 148 Rupees. The Amount of the Insal will only be complete by including that sum. All the bags, save the one in question, were sealed. The evidence obtained from the Treasury people completely falsifies the Shroffs assertion that 3 bags bore no Seal. According to the Treasury rules, there cannot be the difference which was said by the Shroff to have existed with regard

Fort St. George 15th July 1850.

regard to the number of the bags and the sums therein, nor can the bags be without seals. It is manifest from the Tahsildars and Cash Keepers Urgees and the examination held by them, that the alteration appearing in the Money list was made by the Shroff to baffle his deception and that the reasons he assigns in justification of the same are manifestly false, as will be seen on a reference thereto. Nothing is more conclusive than the fact that the Shroff appropriated the deficient amount, and that it was in order to replace the same secretly that he in deviation of the rules, left the remittance and went to Parparangaddy and himself brought the money list.

The above deficiency and difference in the amount which came to be known through the Collector occurred, owing to the fraudulent conduct of the Shroff and want of vigilance on the part of the Superior Officer who superintended the packing up of the remittance. Altho the deficient amount

Fort St. George 15th July 1850.

amount has been obtained, yet there are I think, grounds to impose a fine on the Shroff in this matter.

Second point.

There is no doubt that the Money which remained in the Taloor Treasury after the 2d Irsal was despatched to the Huzzoor as well as other articles therein, were taken charge of and a receipt granted to the Tahsildar by Seyud Ahmed by the Head Gomastah, and that the latter is immediately answerable for the Amount found deficient therein. On a reference however to all the proceedings, it appears that from the time the Treasury which was kept under the Tahsildars lock and seal was opened, and money brought out for the purpose of a second remittance being made out of it, and the remainder delivered over until the latter was again kept in it, and the Amount to be remitted packed up, the Tahsildar and other Taloor Officers and guards were present in the Cutcherry, and that it was in a conspicuous part thereof

Fort St. George 15th July 1850.

thereof where they were, that the charge of the money was made over and the remittance amount packed up, hence it is certain that the Head Gomastah and Shroff either severally or jointly could not, may, did not, appropriate the amount that day. It appears that after the Shroff came to the Huzzoor Treasury with the above Seal, until the Tahsildars Peon Row caused a blacksmith to open the Treasury subsequent to his (Shroffs) arrival at the Taluk from the Huzzoor station, whence he was sent some days after his suspension to deliver over the Money therein, neither the Head Gomastah nor any other person opened it, nor was there any reason for its being opened, and it appears further from the Shroffs own Deposition that there was no defect to the Seal, hence it cannot be said that the Head Gomastah appropriated the Money, especially when consideration is given to his honesty and previous good conduct.

The Tahsildar Seyud Ahmod states that the instructions contained

in

Fort St. George 15th July 1850.

in the Circular order that after the despatch of Monthly remittances, an inspection should be made to ascertain whether the balance money is correct or not, was not observed the last time, and although some reasons are assigned for the omission, yet it cannot be said that all his reasons are correct, and that he exercised a due circumspection over the Treasury as he was enjoined to do. If he had done so, the matter in question would never have occurred. There are good grounds for conclusion that the Tahsildar trusted his Head Gomastah and Shroff and that the Head Gomastah also trusted the latter, that the Treasury business was conducted thro' them, that he used to deceive his Superior Officers and deal with Public Money, which from want of proper vigilance on the part of the Tahsildar and Head Gomastah was not detected here long, that when the 2d remittance was packed up, the full amount mentioned in the account was not forthcoming, in consequence of which a bag of quarter Annas was shewn to them as that of Rupees, and that this bag which, as the Head Gomastah states, could not be known to contain copper unless it was untied and the contents examined

was,

Fort St. George 18th July 1850.

was, through his foolishness, allowed to be kept in the Treasury as a bag of Rupees without inspection. The Shroffs assertion that he delivered his Key and Seal to the Head Gomastah previous to his departure is unworthy of credit, because if he did so, he had every reason to mention the same before he was sent from the Buzzoor to the Talook Cutcherry, whereby he would have been spared the trouble of proceeding thither. Assuming however that his assertion is true, it will not follow that he would thereby be realized from his responsibility, for to deliver his Key and Seal to another was diametrically opposed to the Treasury rules, a departure from which involves a greater offence. There is no Witnesses who saw the Shroff embezzle the amount, but it nevertheless appears that the money did not go out of the Treasury but in the manner described above.

Proceedings

Fort St. George 15th July 1850.

Proceedings thereon. 1. Soobramoonyen Chetty a Shroff of the Talook of Shernaad was brought to trial under the provisions of Regulation IX of 1822 on the charge of embezzling Public Money. The charge was tried in two separate cases. First as regards a remittance made to the Hoozoor Secondly a defalcation with Talook Treasury.

Communicating to the Collector of Malabar the Board's Endorsement on the appeal Petition of the Shernaad Talook Shroff confirming the judgment of the Collector in the case.

54.55

2. The Board are satisfied from the Evidence submitted with the Collector's report that the Appellant has been convicted of embezzlement in the first case.

3. One individual states that he saw the Shroff take a Bag from his cloth and introduce it amongst the other Bags containing the remittance. This fact is corroborated by the circumstance that this was the only Bag without a seal, and that it contained the exact sum required to make up the deficiency in the remittance.

4. The money List which instead of being sent in a parcel or Envelope was handed in by the Shroff, and on inspection was found to have been tampered with and at variance both with the Tahsildar's Statement and the List recorded at the Talook.

All.

Fort St. George 15th July 1850.-

5. All these circumstances are in the opinion of the Board fatal to the innocence pleaded by the Appellant. The Board resolve to confirm the decision of the Collector on the first charge, but as Mr. Conolly has not reported whether he examined the case in person, the fine must be restricted to 50 Rupees if the enquiry was made by a Native Officer. /under Section IV Clause 4 Regulation VII of 1828/

6. Mr. Conolly will perceive that he has quoted the wrong clause in awarding the fine just noticed, as an offence falling under class 3d clause second Section II is punishable only by Clause first Section V and not clause fourth as stated in his judgment on the case.-

7. The Charge in the 2d Case does not appear to be supported by the evidence taken at the trial, & Mr. Conolly himself appears to be of this opinion, and adduces it as a reason for the smallness of the sum adjudged to be paid by the Appellant.-

8. In this view of the case the Board cannot concur. The evidence in

Fort St. George 15th July 1850.-

in all cases tried under the final Enactments of Regulation IX of 1822 should be of such a nature as to produce conviction in the Courts and support the judgement of the Collector, against any appeal that may be made to the Board and eventually to the Courts of Adaulut under Clause 2 Section VI of Regulation VIII of 1828, and on these grounds they deem it advisable to allow the Appellant the benefit of the defective Evidence and acquit him of the charge of Embezzlement in the Second case.-

9. But the Shroff and the Head Goomastah should be held on general grounds, jointly responsible for the deficiency in the Treasury during the period it was under their charge.-

Ordered that the following Endorsement be passed on Petition No. 783 of 1850.-

"The Board of Revenue having received a full report on the subject of this Petition, have resolved to confirm the judgement of the Collector as regards the 1st Charge. The Appellant is acquitted on the 2nd, the Evidence not being sufficient to produced conviction."-

From the Collr. of Malabar
Reporting that as a toll on certain Minor ferries in Betat. nad was felt as a great grievance and he thought himself justified during the late Gunnabundy and recommending similar relief to a very extensive body of people of the poorer order by permitting the erection of a Bridge at the expence of the wealthy Inhabitants of Betutnad which concession would entail a loss to Government of Rs. 140.

Sir,

There are seven ferries in the Betutnad Talook which are leased out annually by Government. Their position is shewn in the accompanying Sketch.-

2. No. 1. it will be observed is the only place where the crossing is over a high road (that from Ponany to Calicut) all the other 6 crossing are connected with Village Paths.-

The imposition of a toll on these latter ferries is felt as a great grievance. The parties who frequent them are chiefly petty salesman or still more generally saleswomen who come to the Sea for fish. Their trade is greatly checked by the vexations incident to the Ferry System in Places where there is little or no Supervision, and the Markets on the Coast suffer as well as those of the interior.-

3. So deteriorated has become the condition of the fishing Village of Cootay that I felt myself justified during the late

Fort St. George 15th July 1850.-

late Gunnabundy to promise to remit the tolls on the two ferries leading to it, on condition that the respectable inhabitants agreed to keep up sufficient boats for the free passage of the Public. this they joyfully consented to do, and as it is their interest to attract customers, they no doubt will do.-

The amount of toll hitherto received from these two ferries is but 110 Rs.

4. The people of Poodiangaddy now came forward and entreated permission to be allowed to erect a substantial bridge over ferry No. 3 which should be free to all passengers.-

5. This concession would entail a loss on the Government of Rs. 140. The emergency not being so great as in the case of Cootay I have not thought myself authorized to do any thing here

Fort St. George 15th July 1850.

here without previous reference. But I would respectfully urge, that in the view of affording relief to a very extensive body of people, many of them of the poorer orders the concession be permitted.-

I have clearly explained to the wealthy inhabitants of Podiangaddy who propose to erect this bridge as a charity that (if the Government allow it's being made) it must be a substantial one, and such as will be approved of by the Engineer's Department.-

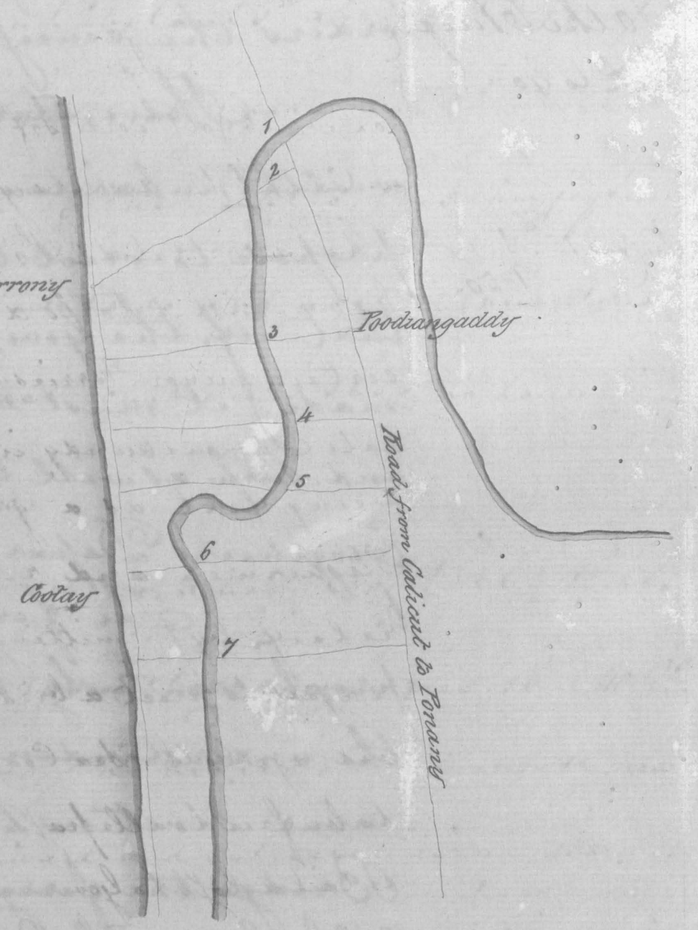

b. The ferry rents for the approaching Fusly have been sold with the understanding that if the Government sanction the erection of the Bridge the ferry toll is to be struck off from the time it is completed.-

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Malabar, dated 28th June 1850, reporting that he had remitted tolls amounting to Rupees 110 on certain minor Ferries in Betutnad during the late Jummabundy in consequence of their being felt as a great grievance by the Fishermen, and recommending a similar relief by permitting the inhabitants of Poodi-=angaddy to erect a bridge over the Ferry from their village to the Sea Coast, at their own expense, and to be free to all passengers which concession would entail a loss to Government of Rs. 140 per annum.—

The Board recommend in both these measures for the sanction of Government, under the circumstances set forth in Mr. Conolly's letter, and in the event of approval, will direct that the plan of the Bridge be prepared by the Civil Engineer of the Division, in order to secure its being constructed in a substantial manner.—
