From the Secretary to Government

Containing observations and orders of Government on the Board's Proceedings relative the Settlement. Land Revenue the District Coimbatore for Fusly 1258.-

Extract from the Minutes of Consultation, under date the 11th July, 1850.- No. 665.

Read the following Extract

from the Proceedings of the Board of Revenue.-

/ Here enter 3d June 1850. No. 242 /

Para 1. Both the Southwest and Northeast monsoons were of an ordinary character, and the season of Fusly 1258 in Coimbatore, tho' better suited to the cultivation of dry and garden, than to that of Nunjah lands

and were from 22 to 44 per Cent below those o
the preceding year.-

2.- After deductions for waste la
~~and withered~~ crops, the Settlement of the se
descriptions of Cultivation in the year under
review was:-

	Rs. as
Poonjah	11,01,912-11
Garden	5,72,881-4
Nunjah	5,07,278-1
	21,82,072-11

being Rupees 10,979-2-4 above the Settlement
the preceding Fusly. The excess was derived from
increase in the demand on the Poonjah and
Garden lands of 13,548-11-3. and Rupees 12
11-10 respectively, and a decrease of Rupees
15,590-14-9 in the Nunjah Bariz.-

3.- Deducting from the whole
Bariz as above given, the usual remissions
favor of Bramins and Mahometans Rup

Statement No. 1	23,49,668-3-11-	

2-4. It was remarked by the Government in their review of the Settlement of this latter year that its
outturn had been higher than that of any fusly
since 1809. This continued improvement in the
resources of the District cannot but be regarded
as very gratifying and creditable to the Officers
by whom its affairs have been conducted; con-
sidering the low prices of all descriptions of
Agricultural produce which prevailed during the
year under review, it is satisfactory to be assured
by the acting Principal Collector, that the
results above noticed were attained without
resort to coercive measures.- + Para 3.

4.- The remissions allowed at the
Summahbundy amounted to Rupees 26,421-14-11.
and exceeded those of fusly 1257 by Rs. 21,438-10-10-

of

of the above sum Rupees 24,959–13–10. were granted on account of waste land, and Rs. 1,462–1–1. for Shavee or withered produce– The former was chiefly in the Principal Division and nearly the whole of the latter Rupees 11–8– in the Sub Collectorate– The remissions seem to have been given generally in consequence of the deficient supply of water for Kunjah Cultivation in parts of the District but some proportion, how much is not stated was allowed on account of lands in the Ammallee and Cotoor Villages left waste as unprofitable from the increased Assessment. The Acting Principal Collector having visited the whole locality in company with the Civil Engineer, and made careful inquiry into the condition of the Villages, proposes to report separately upon them– The Board have already properly drawn his attention to the discussions which have already passed upon the question which Mr. Thomas will no doubt maturely weigh and consider before submitting any further proposition upon the subject–

5– Of the total current demand of land revenue, Rupees 23,35,370–5–0– were collected within the fusly leaving a balance of Rupees 14,297–14–0 which at the close of last March had been reduced to Rupees 3,580–12–9. The arrears due on account of previous fusties at the same date were Rupees 5,428–14–0– making the entire balance arrear and current Rupees 9,009–10–9–

6– From the Statement given in para 11 of the Board's Proceedings it would seem that the number of resident Ryots holding individual Puttahs in fusly 1258, has fallen below the number in the preceding year by more than one–third, that of non resident Cultivators by above one fifth: whereas the number of Joint Puttahs has increased more than four fold. The Board have rightly called for explanation of this extraordinary difference in the holdings in two consecutive seasons of nearly similar character– The Government can hardly suppose such a difference to have taken place to the full extent represented and are led to suspect the existence of some error in the returns– It is

Fort St. George 18th July 18

is remarked that more than half the number of
Puttahs issued are for Soornadayem or that ha
Revenue which includes Tax on Trees, on Co
and Houses, Quit Rent on Enams, Grazing &
&ca. The greater part of these Puttahs are
stated to be for Graf rents.—

Sir, ...

From the Collector of Masulipatam submitting the

the information called for by the Board in regard to the rates at which Country Arrack and Toddy are sold to natives by Civil Abkarry Renters whose farms touch those of the Military

Board's Proceedings dated the 1st April last desiring me to furnish the information applied for by the Commissary General as regards the rates at which Colombo and Country Arrack and Toddy are sold to natives by Civil Abkarry Renters whose farms touch those of the Military Abkarry stating at the same time whether the Civil rates are considered to be adopted to check consumption without provoking illicit Manufactures or sales. I have the honor to specify hereunder the rates at which Country Arrack and Toddy are authorized to be sold within the Civil limits adjoining the Military

No Colombo Arrack is sold in this District

Country Arrack per Bottle ____ } 4 Annas

Toddy per Bottle 2 — Do

2. These rates were sanctioned by the Board so far back as the year 1823. and are entered in the Coule and Moochilka exchanged annually with the Civil Renter and tho' I have reason to believe that they are not strictly adhered to in retail sales having had occasion in several instances to punish parties for selling at lower rates, they have hitherto been considered

Fort St. George 18th July 18

considered as calculated to answer
of the purposes proposed Viz. that
checking over consumption.

3. Applications have been
ceived from the Arrack Renter with
the Local limits as well as from sev
of the Tahsildars for a reduction in
above rates on the plea that they are
exorbitantly high in comparison w
their intrinsic Cost of the article and
that thereby temptation is held o
to sell at rates lower than those enter
in the Cowle and to engage in illicit
manufacture. This has led to an
enquiry with the view of making a
such modification in the present Rates
as may appear necessary with referenc
to the circumstances of each Taluck
and as soon as the information is
received a revised list will be sub
mitted for sanction thro' the prescribed
channel.

4 Adverting to Para 2 of
Colonel Pulloch's letter to the Board,
I have to state that it appears from the
records of this Office that a question
similar to the one

Fort St. George 18th July 1850.

to the present reference occurred so far back
as the year 1831, when the Military Abkarry
Contractor at Masulipatam attempted to
sell within his limits spirituous liquors
at rates lower than those at which the
Civil Contractor is bound to sell without those limits.
On this occasion Govern-
-ment negatived the right
of the former to undersell the latter as
will be seen from the correspondence
noted in the Margin.

To The Board 7th September 1831
From Ds with Extract
from the Minutes of Consultation
27th Ds

5. The rates which formerly
obtained within that portion of the Bunder
Division since transferred to the Military
on the Establishment of the General Military
Bazar at this station and now compris-
-ing the limit of four Miles within which
the exclusive authority over the Manufacture
and sale of Spirituous liquors is vested
in the Commissariat Officer under Regu-
-lation VI of 1831 repealed by Regulation
VII of 1832 were as follows.

	Arrack Rs. a. p.	Toddy Rs. a. p.
In the Town of Masulipatam	" 6 10	" 3 "
In the out Villages of Potail Goontapetta and Anoomun-troy pettah included within four Miles	" 4 "	" 2 "

6 These rates are stated
to

Fort St. George 18th July 1850

to have been kept up for a long time after the transfer, but since reduced by the Military authorities and again modified at pleasure by the Renters without authority—

7. In consequence of a recent collision between the Civil and Military Renters in regard to a deviation from the rates entered in the Contract Bonds, and a complaint received from the latter against the former, I have punished the party, but with the view of preventing further disputes, and for the purpose of assimilating the rates in both limits, I have applied to the Commissariat Officer for his opinion, and it will be seen from the accompanying copy of correspondence on the subject that Captain Ogilvie proposes to fix the rates within the Military limits at 4 annas per each bottle of Arrack, and 3 annas per bottle of Toddy. These rates to assimilate to those now prevailing in the Civil limits immediately adjoining the Military and I therefore see

Fort St. George 18th July 1850.

see no objection to their being confirmed. The further reduction alluded to above in Para 3 as advocated by the Tahsildars refers to the sale in the interior of the District—

No. 1.

To
Captain R. Ogilvie
Acting Deputy Assistant
Commissary General
and Superintendent of Police
Masulipatam—

Sir, With reference to Captain McLeod's letter of the 11th Ultimo, I have the honor to observe that it appears from the records of this Office that so far back as the year 1831, the question as to the rates at which Arrack and Toddy should be sold both within the Military and Civil limits was determined by Government in Minutes of Consultation dated 27th September of that year in which it is specially directed that the Military Contractor should be restrained from selling Spirituous liquors at rates

Fort St. George 18th. July 1850.

rates lower than the Civil Contractor
Copy of this order appears to have
been furnished to your Department by
the Military Department – while such
is the case, it does not appear under
what authority the Military Contractor
was allowed to reduce his rates
and why the reduction was not
communicated to this Department –
I therefore request that you will
institute a strict enquiry into the
subject, as I propose submitting for
sanction a revised list of the rates
at which Arrack and Toddy are to
be hereafter sold in the Civil limits,
and as the rates both in the Civil
and Military should under the above
orders assimilate, I request that you
will inform me the rates you propose
to fix for the Military limits, in order
that I may accordingly regulate those
in the Civil limits –

Collector of
Masulipatam

Sir,

In acknowledging the receipt

Fort St. George 18th. July 1850.

of your letter of the 24th. Instant I have
the honor to inform you that the order
of Government, dated 27th. September 1831
therein referred to, is filed amongst the
records of this Office – I find that the
Established rates at which Arrack and
Toddy should be sold both in the Military
and Civil limits were formerly entered
in the Contract bonds executed by the
Military Contractors till the year 1842,
but in the revised form received from
the Commissary General which was approved
by Government in the year 1843, the rates
were omitted, whether intentionally
or erroneously I am not aware and though
it was not specified, the Contractors sold
the Arrack and Toddy up to the year 1846
at the former rates, Viz. 4 Annas per bottle
of Arrack, and 3 Annas per Lotty of Toddy,
he the Contractor / Gaurlapauty Ummiah /
having himself undertaken the Contract
of the Civil, Military as well as the
French ground Arrack Farms –

I find that in the year 1847 Gaurla-
pauty Ummiah alone rented the Arrack
farms of the Civil and French ground,

and

Fort St. George 18th July 1850

and Gaddum Jaggapullee Roydoo the Military Arrack Farm in consequence of which disputes constantly arose between the parties and they reduced the rates in their respective limits according to their own pleasure and convenience without obtaining permission from the Authorities As there were no rates entered in the Contract bonds executed by the Military Contractors the circumstance was not noticed by this Department. No objections having been raised, it was then considered unnecessary to bring the circumstance to your notice—

3. With reference to the concluding part of your letter requesting me to fix new rates for Arrack and Toddy to be sold hereafter in the Military limits I beg to state that the Military Abkary revenue being, I believe, double that of the Civil I think it will be advisable to fix the sale of country Arrack within the Military limits at the rate of 4 Annas per bottle, and 3 Annas per Lotty of Toddy as obtained up to the year 1846. At present the Arrack is sold at Rs. a. ℔ 3— 4, a bottle but I conceive it

Fort St. George 18th July 1850.

the fact of its being increased to its former rate of 4 Annas a bottle would tend to increase the Revenue as well as diminish drunkenness—

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue under date the 27th Ultimo and with reference to the two last paragraphs of the same to state that the system of measurement which has been adopted in the survey of the Village of Pulcoor is, that commonly

commonly called, the modern, or square system, carried on with a chain of 33 feet. One such chain each way being a Conta and 40 such Contas making an acre. It was the method adopted by Mr. Smalley in the Villages surveyed under his orders and with ordinary care on the part of the parties employed on the duty cannot admit of any double constructions. I am led to believe from Check Examinations which have been made of the work, already done that the Surveyors at Pulcoor are performing their work with great accuracy—

Sir,

From the Collr. of Nellore
Reporting on Petition No. 1265 of 1848 + forwarded

I have the honor to report on Petition No. 1265 of 1848 regarding the Statements in which the Collector was requested to enquire fully, under the Board's Endorsement of the 7th August 1848—

The Petitioner's complaint embraces

2.

Fort St. George 18th July 1850

embraces four points, all of which relate to certain encroachments by Village officers on the enjoyment of Enams. A full enquiry has been made and the result on each point appears to be as follows—

3. The Petitioner's 1st Statement is that the Head Canipoo has added to his Mauniem 21/64 Goortoos of Circar land

In fushly 1256 the Head Canipoo Mauniem having been found on measurement to exceed the registered amount by 29/64 Goortoos; the Sist Rupees 15–11– due on the excess was collected. This individual gave up the excess in the following fushly and cultivated his maximum land alone—

4. The 2d. point complained of is, that the Village Moonsiff who is the Trustee of the Pagoda of Cheennacaswara Swamy, granted in addition to the 3 Goortoos of Mauniem allowed to the Pagoda 33/64 Goortoos of Coroo land for the maintenance of the Pagoda Servants—

From the Pagoda accounts of the Village it appears that the extent of Mauniem allowed to the Pagoda is 3 Goortoos the boundaries of which are

Fort St. George 18th July 1850

not defined. The Mauniem was found on measurement to exceed that amount by 29/64 Goortoos which is less than the percentage allowed in cases of this nature—

5. The Petitioners 3d Statement is that the Village Moonsiff with the view of having his own proper duties performed by the Vetties and Chucklers of the Village gave from the Minaha lands situated near the Village to the 3/16 Goortoos to the former and 7/16 Goortoos to the latter exclusive of their Jaree lands—

From the enquiry instituted into this point it appears that the Vetties and Chucklers enjoyed their respective Mauniems of 18/64 and 19/64 Goortoos as Surva Doombala from the time of the Nabob's Government, that is, for the last 40 years and the boundaries of these Mauniems are not specified in the Jaree accounts which precludes the possibility of ascertaining whether they are within or in excess of the lands now enjoyed by the parties. In the account of fushly 1233 the entry is made to the following effect.—

To the Vetties No. 33 10/64
No. 11 1/8 18/64 Goortoos

To the Chucklers No. 114 9/64
34 10/16 19/64 Goortoos From

From there existing two numbers to each Manium the lands appear to be situated in two different places tho' the entry in the Jaree Account shows only one field. The land in excess moreover appears to have been in their enjoyment for a very long period.

The fourth and last point complained of by the Petitioner is that Manium lands have been irregularly given to—

N. Tarumbhullo

and

G. Sevaraindoo —— 5/16
T. Chettumbhullo —— 16/64

Total 35/64 Gantoos.

These individuals appear on enquiry to have enjoyed the portions of land in question for a long period and were originally put in possession of them by the Head Caupoo who allotted them out of the Pagoda Manium. The Statements of the Villagers on this point however are various and conflicting and render it difficult to arrive at a satisfactory conclusion. There appears to be a small increase in the original Manium but the

bounds which were originally fixed and which still exist. The lands in possession of the individuals in question are not entered either in the old Jaree Accounts or in the account subsequently prepared they consequently appear to have been given during the Decennial rents.

7. The Petitioner in making these groundless charges appear to have been actuated by a private grudge against the Head Caupoo of the Village with whom he is at enmity. Had the alleged encroachments actually taken place 40 years ago, the Petitioner would, doubtless, in his capacity of Curnum, have made the circumstances known when they occurred. This however he did not do, until the existing disputes arose between himself and the Head Caupoo—

continuance in favor of the Younger Son of a first wife of a deceased Enamdar in the Lapsed Enams Statement for the 2d Quarter of 1849.—

of which was transmitted I consider that certain Enams included in the Statement of Lapsed Enams of the 2d quarter of 1849, should be continued to Venkatasashiah, the younger son of a first, instead of to Nagavadance an elder son of a second wife of a deceased Enamdar named Shashasastroloo.—

2. The division made by the deceased himself was acted on for some time before he died. He lived occasionally with the one son for a time, occasionally with the other. The apportionment of his lands was more favorable to the son of the older and first wife than to the issue of the second.— For instance, to the former he had assigned his rent free holdings in nine, whereas to the latter he had given those in only four Kurnool Villages. It so happened that the investigation made by me led to the resumption of all the Enams situated in the Villages within my jurisdiction which had been allotted by deceased to the more aged son of the 2d wife, and thus, in the report laid before

Fort St. George 18th July 1850.

your Board, he appears to retain the enjoyment of no Enams whatever But the question has still in his possession an Enam across the Toongbodra in the Nizam's territory measuring 6. Gortaloo, supposed to be about 20 acres in extent, which formed part of the deceased's own allotment to him, and therefore I was induced, all things considered to submit the recommendation which is now before the Board.—

3. The extent of the Enams originally assigned to Venkatasashia was acres 94—21—8 of these I have proposed to continue to him acres 38—13—8½ all these which formed Nagavadances share in this District Viz. acres 17—34—10 I have resumed but he still holds the 20 acres in the Nizams Territory.— The result of the enquiry is therefore by comparison, more favorable to Nagavadance than seems to have been intended by his deceased father, when the latter distributed his Enams to his two sons Nagavadance I should add lives in the Nizams dominions in the Village where the Enam in question is situated.—

4 Until the receipt of your Boards communication I was not aware of the

precise claim which under Hindoo Law the elder son might have preferred. I am however, inclined to doubt whether in the present state of Kurnool Enams it will be advisable to apply the rules of Hindoo Shastra to cases coming before the Agent for enquiry; unless where rights are proved about which there shall not be the shadow of a doubt. Of these I apprehend there will be remarkably few, and most of the other cases will, I submit, require to be disposed of by reference to expediency and the impoverished, or needy condition of relatives of deceased Enamdars who had held land on no valid title and mainly by sufferance.

Although adverting to the date of the Summuds and the undoubted fact of the Enams having been enjoyed by deceased and his brother Seenappa the original grantee before him, for a long series of years, this must be considered an ancient Enam, it is not at all clear, on reference to the terms of the Summuds, that deceased had any right whatever to succeed to the Enams of his said elder brother. Subsisting upon the produce of this Enam & 2¼ acres of Enam in the Village of Corra-polam-	This Enam consists of four fields and appears in the name of deceased's father in the Land Register, but the Summud produced in its support refers to only a small portion of two of these fields (Nos 272 and 306) measuring on the aggregate 1-20 12½ acres. Although the tracing the connection of deceased with the original grantee is liable to a certain degree of doubt; it is sufficiently clear that the Enam is an ancient one, the three first fields referred to originally having been cultivated, the Villagers state for the deceased, respectively for 19-20 and 40 years. The gootta realized by the deceased on the cultivated part of the Enam was Rupees 6½ from which he had to disburse Rupees 2-9-6 as the Enamity tax. Although the conditions of the Summud confer no right of inheritance and it is to be inferred either that advantage has been taken of possession under Summud to add other fields to what was originally granted or that correct information of the deceased's holdings was kept back from the Pathan authorities at the time of Aluf Khan's enquiries into the Kurnool Enams, I think some indulgence may be shown to the widow of deceased and that Nos 272-306 and 314 may be continued to her for life. Under the authority vested in me I have resumed the other fields which (No 169) has been lying waste the last 20 years, no one moreover being aware of its condition prior to that period.	① 272 = 3-33-6 306 = 4-28-12½ 314 = 3-38-15¾ 169 = 1-35-2	Do.

This Enam which appears in the Land Register in deceased's favor, comprises two fields and a Summud is produced, in support of a part of two of them. The cultivation of field N° 227 on account of deceased for a period of about 20 years is established there appearing however to have been an interval of two years during which it was waste. It yielded him a gootta of 2 Rupees per annum for which he paid Rupees -9-9- Enamty tax. I recommend that field N° 227 be continued to the widow of deceased for her life. By the authority vested in me I have resumed fields Numbers 155 and 71 which have been hurjee 20 and 25 years respectively.

The origin of the grants is involved in obscurity the grantor is not known in any single case, and in some there are material discrepancies regarding the first grantee and the alleged period of the ground first being held as Enam. The only title attempted to be established is that of long profession a circumstance supported in each instance, as indeed in almost all the Enam cases coming under enquiry by the declarations of the Villagers and Cummums. These declarations are in no wise corroborated and as it seems in the highest degree improbable that rent free holdings would have been bestowed by competent authority without any known reason in fourteen different Villages on a single individual the only inference which can now be drawn is that they have been taken possession of with the consent of the Village heads and held hitherto under sufferance. In this view I should feel indisposed to recommend the continuance of any single one of the 14 Enams were it not that the widow and son of the deceased ... the deceased at the time of his death was in ... resources and that there are several females of the family apparently dependent for support on the produce of the Enams, I have therefore resumed three in which the claims to renewal are weakest and in regard to the others propose as below. The family of deceased reside in this village and pay a jodee Enamty tax of Rs 1-3-6. The present claimant asserts that the right of the family last 50 years. The Villagers speak to 35 years during which they say that the Enamdars have enjoyed the Enams as their own. I recommend that it be continued to the son of the deceased. I beg to recommend accordingly.		
D-	D-	This is Dakul as above. The brother of deceased cannot trace the origin of the Enam beyond his father. Subsisting upon the produce of the Enams and alms	This appears in the Land Register in the name of one Yengum Bluttoo whose connexion with the family of the late Enamdar is not clearly established one account shewing that he was grand Uncle. the other a grand father of deceased. It is declared that for the past 20 or 25 years the Enam had been enjoyed by deceased who drew from it as rent 3 Rupees per annum which he appropriated wholly to his own purposes although no regular division of property appears to have taken place between him and the husband of Annukka the present claimant. The title is obviously defective but as these females are mainly dependent on this and the next Enam for their subsistence, I recommend that it be continued to Jeevumma widow of deceased for her life time.	

This also is in the Land Register in favor of deceased, but it has been held free from Cummity tax owing to the antiquity of its grant in Dharum "to an ancestor of the late Enamdar by Ananda Row one of the Hurnod Daysagee family. Its cultivation on account of deceased during the last 25 years or so is deposed to by the Villagers, but during the last 8 years it seems that Annukka an aunt of deceased has been enjoying the produce. The alienation of the land by Ananda Row is clearly invalid but under all the circumstances it may perhaps be politic to continue it to Annukka for her life time and I beg to recommend accordingly.

Sidun Saheb Died 1.st July 1849

Enjoyed by the deceased only

A widow (per) Bee years old Subsists the Mussulman aged sons and younger Mr. Saheb grandchild of the deceased Enam Bee years old.

Subsisting upon the produce of the Enam

The deceased held only this Enam which stands in the Land Register in the name of Burray Saheb and Oomur Saheb the father and uncle of one Shookoor Saheb and forms part of a grant of about 65 acres formerly enjoyed by the said Shookoor Saheb under a Yakeed issued by the Nawab Aluf Khan of date corresponding with Hizree 1219 (A. D. 1803) exempting the grant from payment of Enamity tax without specifying its extent It seems that the family of the late Enamdar who had some Enams outsalla, Gooroor Talook, entrusted the Summd by which they were protected, to the said Shookoor Saheb for him to take care of and preserve it. He however appears to have mislaid or lost it during the time of the late Pathan Government and the Enam was resumed when on Shookoor Saheb was prefsed by the parties interested to deliver up the document he made over to them the Enam which the has remained partly resumed by the deceased of the premises lately enjoyed as some compensation for his carelessness and it by my predecessor Mr. Scott, who by further orders, adverting to these facts and circumstances affecting his own small holding an enquiry was instituted support on the produce of the Enam which they are to recommend that it be continued to the widow for her present condition of the family who are dependent for their attained his 18.th year that it be continued to the family until the said Boy is Eighteen years old.—

time to possession for many years past Shookoor Saheb's Enams were, however, resumed to the resumption of Kunool, but under the representation made by a Yakeed issued 27.th April 1.st July 1258 permitted him to retain it until the own to have had the enjoyment of for 22 years. It was alienated on Poupa Bhuttoo's demise to one of his nephews (a sisters son) who performed Poupa Bhuttoo's funeral ceremonies instead of Lutchmunkka a widowed daughter who was then living in his family - The nephew to whom it was thus alienated appropriated the proceeds of the Enam during his life time to Lutchmak kas benefit and since his death his son Lutchmeenarsoo has done likewise Lutchmunkka having no other resources. The alienation which is alleged to have been by "Dhanum" was clearly irregular and invalid because without it the Enam would have escheated to the State but as it is shown that Poupa Bhuttoo's daughter whose age is now 50 years has been supported by the proceeds of the Enam I consider it will be expedient now to declare that Lutchmee has no valid right to any share in the Enam and that it be continued to the widow Lutchmunkka during her life time & I recommend accordingly - (Signed) H. The deceased Peddiah was in possession of Enams in 13 Villages in 10 of which the lands have been resumed by the agent as the titles were the most defective. The Sunnuds produced in support of the several portions in the three Villages under report partake of the nature of life grants and the only grounds for the continuance of the Enams would seem to be, their entry in the Register and possession for a long series of years.-

Under the circumstances represented by the Agent the Board concur in recommending that the Enams be continued for life to Ramanna the widow of the last incumbent, subject to the usual Enamity.

The deceased Peachum Sastroolu alias Seenajeena Sastroolu was in enjoyment of patches of Enam land in 7 Villages several

several of which have been resumed by the Agent as being most defective in title. The Summuds produced in support of portions of Enam in the 3 Villages under reference are in the like manner of the nature of personal grants and the entry of the Enams in these Villages in the Land Register and long possession would therefore appear to be the only grounds to favor the continuance of these Enams; but the portions which have been waste for a number of years Viz fields N. 169 Acres 1: 35: 8 in Cushak Aloor N. 155. 71. Acres 5. 4. 12 in Muddoor have been resumed by the Agent. The Board are of opinion that under the representation made by that Officer the remaining Enams in these three Villages may be continued for life to Venkamma the widow of the deceased incumbent subject to the usual Enamity.

The deceased Govindapah possessed patches of Enam in 14 Villages the origin of the grants is obscure and the grantor unknown. Those Enams in which the claims to resumed were

were resumed by the Agent and the only title which can be brought forward in respect to the Enams in the Six Villages under reference is that of entry in the Land Register, long undisturbed possession and continued cultivation. With the exception of field N. 236 in Mitnala which was obtained by deceased from one Poolos Sastroolo, in Dhanum, whose own title to it is not clear and which has therefore been properly resumed - the Agent recommends that the Enams in these Six Villages may be continued for life in the name of Venkata Soobiah the son of the last incumbent subject to the usual Sodee and Enamity and the Board concur in his recommendation in consideration of the family having no other resources.

The deceased Umadawanum Soobiah was in enjoyment of Enams in Eight Villages most of which deficient in title, together with two fields N. 288 & 199 in Thaillaporee referred to in his present report have been resumed by the Agent. The Board support the

the agents recommendation for continueing for life to Umakah the widow of the deceased subject to the usual Enamity the Enams in Goontanala and Mitnala and the field of acres 3. 11-9¼ in Thillaporee on the grounds of long possession, continued cultivation and entry in the Land Register. The Sunnud produced for the 3: 11: 9¼ in Thillaporee it is observed does not confer an hereditary right.

The Board consider that under the circumstances stated by the agent the Enams held by the deceased Ragupah may be continued for life; that in Cusbah Nundicoodoor to his widow Seevanum and that in Gummaver to his Aunt Oomakah subject to the usual Enamity as in the precedings lapses solely upon the grounds of long possession and entry in the Land Register.

The deceased Soyer Vencat Row possessed patches of Enam Land in 15 Villages the

the greater portion of which most deficient in title together with two fields No 196 and 158 in Indraiswarum have been resumed by the Agent. The succession to the Enams in Ramaporum and Moostapilly was irregular and althº the title was obscure still they are ancient grants and are entered in the Land Register, have long been in possession of relatives in the family, and the Enam in Ramaporum is entered in the Kaitmaree Puttee of Fusly 1252 in the name of the claimant Krishnamma. Upon these grounds the Board are unwilling to deprive her of these Enams and recommend that they be continued for her life subject to the usual Enamity. They concur in the recommendation of the Agent in regard to the field No 330 Acres 2: 4: 4, in Indraiswarum being continued to Ram Row the son of deceased under the explanation afforded in the foregoing column.

The Board observe that the succession in this Enam was irregular but under the peculiar circumstances of its transfer to the family of the deceased, their possession of it for 22 years and the loss which they sustained by the resumption of the Enams in Pontsalla, they resolve to support the Agent's recommendation for its continuance for life to Uzzee Bee the widow of the last incumbent or if she should die before her younger son has obtained his 18th year, to the family until he is of that age.

The Takeer produced in support of this Enam gives no title-succession was irregular and

and nothing seems to favour the continuance of the grant, but the fact that the present claimant Lutchmakal has had the appropriation of the proceeds of the Enam from the last incumbent and is now 50 years of age without other resources. The Government may perhaps therefore be induced to continue the Enam to her for life as recommended by the Agent.

From the Agent to the Governor at Kurnool

Submitting certain information in respect to the manufacture of Earth Salt at the Modas in the District of Kurnool.

Sir,

I have the honor to reply to the Board's requisition for certain information in respect of Salt Modas and Earth Salt which is contained in their proceedings dated 8th November 1849.

2. As the manufacture of this kind of Salt has been tacitly sanctioned since the assumption of Kurnool in 1839 it appears to me that without material objection, it might now be legalized as an

an experiment, for a period of four or five years, mainly to afford to the people concerned in its preparation and those who generally use it, an opportunity of becoming accustomed to the restrictions by which it shall be resolved to regulate its future production.

3. To this end, I think every proprietor of a Moda intending to cultivate should be required to appear at the Tahsildar's Cutcherry before the commencement of the cultivation season; there notify the quantity of Salt he proposes to manufacture for the year and bind himself under penalty by michelkauz, not to exceed the quantity notified or dispose of any part of it without the knowledge of the local authorities

4. Adverting, however, to the scattered localities of Salt Modas generally it will be found, I consider a matter of extreme difficulty, not to say utter impracticability except at a loss to Government, to exercise the degree of excise supervision necessary for securing correct Statements of the aggregate quantity of Salt manufactured, the quantities

quantities sold and the prices realized; On which points the Government desire that Collectors should have full information and without which, indeed, no safe opinion could be formed of the effect of the production of the more common article on the sales of marine Salt.

5 I would therefore propose that the Government should itself receive possession of all Earth Salt thus manufactured. the manufacturing Ryot being allowed an equitable portion of the sum eventually realized, by the public sale of the article under the orders and inspection of a local Amildar or his Sheristadar, a warning being first conveyed to purchasers that its export beyond the Kistna and Toonboodra is prohibited.

6. By disposing of the article in convenient lots it will doubtless be readily purchased by the petty traders of the Taloks for retail sale to the poorer classes or by the Ryots themselves whose consumption would justify their laying in a stock of Salt.

7. I am induced in some degree

Fort St. George 18th July 1850

degree to submit the above suggestion because on enquiry I find that with extremely few exceptions, there is an indisposition among those persons that engaged in manufacturing the Earth Salt under notice, to form the privilege of making it under restrictions of the nature of those now applied to the Abkarry rents; and, adverting to the apparent absence of any knowledge among Members of the Mercantile community respecting the premises extent of the manufacture of the article and its sale, there is with them a total disinclination to be connected with the proposed farming system.

8. After the experiment which I have suggested, it is not improbable that this disinclination may partially disappear and that they may then come forward with proposals for the Salt farms at present however none need be expected

9. Were it otherwise, were tenders submitted and accepted, the sale price of the article being limited to

Fort St. George 18th July 1850

to a minimum, as is now the rule with regard to Toddy and Arrack farms, it will of course be impracticable to restrict renters in respect of quantity, yet without such restriction it seems obvious that for their own advantage, renters will force the manufacture of the article and that the inevitable result of the disposal of the increased produce secured by the adoption of this course will be a proportionate loss on the revenue derived from Marine Salt.

10. In the absence of any trustworthy data at present procurable, I should wish to be excused from venturing an opinion as to the financial result of either the licensing or farming system, further than to express a confident belief that under the former as I have now proposed it, the local Amildars could not fail in realizing more than the very trifling amount brought to account for the current fusly (1259) under the head of Salt Modaks Viz. Rupees 526. a. a.

11. The Board are aware that

10523 Fort St George 18th July 1850.

that a preventive establishment is now entertained in this District, and on a former occasion they have expressed a doubt whether it was efficient for the transit duty purposes to which it is applied at present. The prevention of a smuggling trade in Earth Salt would devolve on them of course, whether the manufacture of it be farmed out, or assigned to individuals under licence, but from what I have observed during the past three years, I am inclined to consider that the establishment is too much under-paid to be honest and trustworthy.

From the Collr. of Trichinopoly

Sir,

I have the honor to acknowledge the Board's Proceedings of the 29th April last, directing me to report whether the emigration of labourers from this District to Ceylon is found to be beneficial or otherwise to the interest of the labourers themselves.

Acknowledging the Board's Proceedings of the 29th April last and submitting report on the emigration of labourers from the Trichinopoly District to Ceylon

2. It is a subject on which it is difficult to obtain accurate information as on the one hand the labourers who return from Ceylon in improved circumstances are unwilling to acknowledge their gains and on the other hand the land holders of

of the District finding their interests unfavora= =bly affected by the emigration, speak of it in depreciating and condemnatory terms. It appears however to me that although man of the Labourers suffer from the change of climate and return both sick and poor, yet on the whole the interests of their class are advanced by the employ= =ment which Ceylon affords them.

3. I arrive at this opinion from observing the depressed state of the labouring classes within this District and from feeling that as they are the best Judges of their interests the very fact of the emigration going on at the rate of about 1,400 persons annually when the advan= =tages and disadvantages offered by Ceylon are well known, shews that the Labourers do derive benefit from seeking employment there. Another argument is that some come back with sufficient funds to raise their social position and that during the year in which I have held charge of this Collectorate

Complaints

complaints of ill treatment or dis-appointed hopes have been made to me by Labourers on their return.

3. It seems to me there= =fore that the general result of the emigration is beneficial to the Labourers, especially by the tendency which it has to improve the condition of their class in their own country. This result would have been a cause of more congratulation if the land holders had been better able to meet a rise in the value of Labour but unfortunately the low prices

of

10534 Fort St. George 18th July 1850.

of agricultural produce arising from the large quantities of grain now brought from the Eastward into the Madras and Ceylon markets, render them less prepared than they would otherwise be for any new difficulty. But it is unnecessary for me to pursue this subject as it was the effect of the emigration on the condition of the Labourer themselves upon which my opinion was required.

To the Chief Sec.y to Government

Submitting letter from the Actg. Coll.r of Coimbatore reporting the death of Ramakistna Pundit the Head Sheristadar of his District and forwarding two petitions from his widow praying for pensionary support for herself and family with a Memorial of his services and recommending that a pension be conferred on the eldest son and at his death one half revert to the next heir for life—

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Acting Principal Collector of Coimbatore dated 27th June 1850 reporting the death of Ramakistna Pundit, the Head Sheristadar of that district, and forwarding for the favorable notice of the Board & Government two Petitions from his widow, praying for Pensionary support for herself & family together with a printed Copy of a Memorial of his services, embracing a period of Thirty three years, during fifteen of which he was Head Sheristadar / first of Masulipatam & latterly of Coimbatore / Vas such conducted

Fort St. George 18th July 1850.

Conducted his arduous and responsible duties to the satisfaction of his Superiors. The Board believe that the improved state of the Revenue in Coimbatore, since his appointment is owing in a great measure to his exertions.

2. He has left a widow, three Sons, the eldest only six years old, two Daughters, & two aged widowed Sisters, entirely unprovided for, "a circumstance," Mr. Thomas justly remarks, "as creditable, as it is perhaps unusual, with a high Native official, holding the influence & position, Ramakistna Pundit has long done."

3. In connexion with this case, I am further directed to submit a letter written by Mr. I. L. Wroughton, previous to leaving the Collectorate, bringing the services of Ramakistna Pundit to the notice of the Board, and recommending his claims to the same indulgence as was granted to his Predecessor, Appooroo, Viz, a Shotrium for three lives, on retirement, to which his good and profitable service entitled him

9th January 1849
inclosure 22d March

him the collections of the District during his servitude having exceeded by Twenty Lacs of Rupees, those of the same number of years prior to his appointment to the District, but as at that period, Ramakistna Pundit did not express any immediate intention of retiring, the Board merely stated they would be prepared to take his claim into consideration, when he should do so.

Pro: 22d March 1849.

4. From the Medical Certificate that accompanied Mr. Wroughton's letter as well as from Mr. Thomas's present report, it would appear that the deceased was fairly worn out in the public Service, & had he lived to apply for the special retiring allowance recommended by Mr. Wroughton, the Board would have felt it their duty to support the same to the fullest extent, but as it is they can only now bring the claims of his Family to the favorable notice and liberal consideration of Government with a recommendation, that on the principle of the grant to the family of Khrisna Row, late Head Sheristadar of Canara, a Pension of Rupees

The Honble Court in Para 21 of their Desp: atch Dated 12th July 1848 authorized the grant of a Shotrium or money Benam of the annual value of Rupees 4500 to Khrisna Row and his two next heirs on the condition that the value be reduced to two thirds on the succession of the next heir, to one third on that of the last.

Fort St. George 18th July 1850

Rupees one hundred and ten per mensem, may be conferred on the eldest Son, and at his death one half of this sum, or Rupees Fifty five (55) to revert to the next Heir for his life—

Encr. in From Govt. 18th March in Cons. 30th March 1848.

5 Had the Sheristadar lived to receive a Pension, the grant would probably have been fixed with reference to the scale observed on former occasions as enumerated in the Proceedings of the Board dated 8th April 1847 and under ordinary circumstances the Pension according to the Superannuation Rules would have been about Rupees 218 per mensem, or Rupees 2616 per annum—

6 A Pension to the next heirs as recommended above, is, the Board are of opinion, the lowest sum that ought to be fixed under the circumstances of the case, while it is considerably less than that enjoyed by the Heirs of other Public Servants to whom similar Pensions have been awarded, being Calculated on the principle of allowing only half the prigional rate of a Pension, instead of two third, to the Second

Next Heirs of Padawa Ramulu late Head Sheristadar of South Arcot Rs. 3000 Second do do Rs. 1800

Next Heir of appa Row late Head Sheristadar of Coimbatore Rs. 3000 Second do do Rs. 1500

Next Heir of Krishna Row late Head Sheristadar of Canara Rs. 3000 Second do do Rs. 1650

Fort St. George 18th July 1850.

Second life, and reducing this again by one half on the next lapse—

7. The deceased was personally known to the Members of the Board, and in submitting the case of the Family they would rest their recommendation not with reference to the mere wants to be supplied, but on the lowest sum sufficient to show the estimation in which the moral and official worth of the deceased is held—

Month, calling for a Return of the results which have followed the sanction for the distribution of Prize for agricultural produce, I have the honor to report that the rules circulated in the year 1845 were duly published throughout the District, but no individual has come forward to compete either for Talook Medals or money Prizes by exhibiting any of the several articles enumerated in the list received with the Board's Proceedings dated 15th May 1845.

2. This result I consider to be attributable to the indifference and apathy inherent in the agricultural classes of this, and, I believe most other Districts, when measures of local improvement are suggested, rather than to any want of encouragement on the part of the ruling authorities. The ryots have been earnestly exhorted and urged to try the culture of sugar cane, America and other Cottons, and a supply of cuttings and seed received from the Presidency has been destributed to them for the purpose at different intervals, but the trials indifferently and imperfectly conducted have hitherto proved unsuccessful, and the

the project has been entirely abandoned in consequence. With the exception of Country Cotton the articles above enumerated have never been cultivated to any great extent, and the mode of culture and measures necessary to ensure a return from the produce thereof are quite unknown to the generality of the ryots who content themselves with the cultivation of the ordinary crops.

3. A further drawback in undertaking the contemplated improvements is also to be traced to the absence of individuals, East Indians and Natives, who either by a spirit of enterprize or by having at command a Capital sufficient to be employed in useful projects, are disposed to compete for the rewards offered to agricultural industry. Unless both powerful incentives as well as examples are set before the ryots, it is vain to expect to any reform. Mr Ouchterlony a member of the Committee of the Agri. Hort.l Society justly observes "that "it is to Europeans alone that we can "look to have new paths beaten out "for us such as those contemplated, and which will doubtless prove

eventually beneficial not only to the cultivators but to the public also.

4. The mode of encouragement, which on a consideration of all circumstances suggests itself to me as the most likely to ensure the success of an undertaking so likely to conduce to the general interests of the Country is to establish experimental farms in each or particular Districts on a small scale with the object of introducing the culture of the most valuable species of staple articles intended for the English market, as well as others that may be in great demand in this Country. with the view to its eventual extension throughout the Districts, the superintendence of the same to be placed under a Committee composed of Europeans. East Indians, and influential Natives duly qualified to undertake the charge, and subject to such rules as may seem to be best adapted. This Sum induced to think, will afford a better prospect of attaining the end in view than the mere sanction of prizes to individual candidates. —

From the Collector of Nellore. Requesting the orders of the Board for the disposal of the Enam Village of Paulapilly under attachment and of the surplus funds in deposit.

Sir.

I have the honor to report on Petition No 1299 of 1848 bearing the Board's Endorsement dated 21st August 1848, presented by Ingoona Soobaramia and Chengulroydoo praying for the restoration of the Enam Village of Paulapally situated in the Sydapoorum Talook.

2. It appears that after the death of Petitioners father Seetaramiah, the right to the Village in question was contested both by the Petitioners and by their uncle, the late Ramachendriah, the former on the ground that the Village was their paternal property, and the latter on account of it's having been mortgaged to him by his deceased brother for the sum of Rupees 3,500 under a foreclosed bond.

3. After due investigation of the claims of both parties the Village was finally put in possession of Ramachendriah under orders from the Court of Wards dated the 12th July and 23d August 1832, and that individual

held it till the date of his death in 1848. The Village was then placed under attachment as reported to your Board by the late Collector Mr Smith in his letter of the 10th July 1848.

4. Shortly after the death of Ramachendriah his widow Venkata. Lutchmiah forwarded a Petition to the late Collector praying to be put in possession of the Village and submitted therewith certain Documents in support of her claim. Mr Smith after receipt of the Petition of the opposite party now under report called upon the claimants to appear and prove their title either in person or by an authorized Vakeel.

* dated 21st July

5. No attention was paid to this requisition and the enquiry was necessarily postponed.

6. On the 28th February last however the Petitioners submitted an address under their signatures duly certified before a justice of the peace relenquishing all claim and title to the

the Village in question in favor of Ramachendriah's widow. The latter
†herewith forwarded also in a †Petition dated the 1st March 1850 reiterated her request to be put in possession of the Village with the surplus funds which had accumulated since its attachment.

7. It appears clearly from the foregoing Statements that the Petitioners Sungoona Soobaramiah and Chengalroydoo have withdrawn their claims to the Village. The claim of the late Ramachendriah's widow is perfectly valid and her title is supported by reference to the genealogical tille produced in this case. There seems therefore no objection whatever to putting her in possession during her life time.

8. There is nothing on the face of the record to shew that any enquiry took place regarding the adoption of b Rasawmy by Ramachendriah, but it will rest with the Government to act as they may deem proper with references

Sir,

In acknowledging receipt of your Circular letter dated 27th May 1850, authorizing me to carry into effect at once the proposed reduction of the minimum quantity of Salt allowed to be sold at the

Cottaurs in this District from 40 to 20 Marcals, I have the honor to submit for the consideration and orders of the Board the following circumstances.

2. It appears that in circulating to the Salt Superintendents the rules enacted in 1819 no provision was made by the then Collector restricting the retail sales to a quantity not less than 40 Marcals, but in 1828 an order was issued by Mr Mantgomery the Head Assistant authorizing the sale of any quantity not less than one Marcal. This order had continued in force from that date till the receipt of your letter dated 27th May 1850 authorizing a reduction of the minimum quantity of Salt allowed to be sold at the Cottaurs from 40 to 20 Marcals.

3. Under the instructions therein contained orders limiting the sales to 20 Marcals were accordingly issued to the several superintendents. They upon receipt thereof represented to me the great inconvenience that would arise in regard to portions of purchasing small quantities of Salt who, by the late

Fort St. George 22d July 1850.

late order, would be compelled to join together in purchasing at least 20 Mercals which could be entered in the account in one man's name only, and be protected by one Romanah only. They also stated that the prohibition to sell in small quantities as heretofore, would materially affect the sales, and as such appeared to me likely to be the result, I considered it expedient to cancel my order and to direct the continuance of the sales as heretofore under a feeling that after the practice had obtained so long, a few days one way or the other would be of little consequence.

I have not had time to ascertain the effect the restriction to the minimum amount of 20 mercals may have upon the revenue derivable from Salt but under the circumstances I have thought it right to bring the matter to the notice of the Board in order that I may receive their early instructions both in regard to the regulation of the

quantity to be sold, and also in regard to the subdivision of Romanahs in cases wherein two or more persons may join together in the purchase of the minimum quantity of Salt namely 20 Mercals.

From the Acting Collector of Bellary.....

Submitting a Report on the subject of promoting the growth of Forests and Plantations of Trees in the Bellary District. Shows what has been done by Government and arising from results the Acting Collector submits the following

Suggestions for encouraging private individuals to plant are quite adequate to the object proposed as a set of proposed Rules for the adoption which he hopes to private Individuals will be induced to plant. Recommends that Government should continue to allow Rupees per the above and for measures already endeavour the pro

The importance attached by the Government to promoting the growth of forests and plantations of Trees, the comparative barrenness of the Bellary District in respect of Trees notwithstanding the considerable expense that has been incurred by Government in planting Topes and the insufficiency of the existing Rules for the encouragement of private enterprize in planting, have induced me to bring the subject before the Board of Revenue.

The peculiarity and marked feature of the Bellary climate is its dryness. The rain falls in lesser quantity than in any other district in India perhaps, and not continuously. This will of course account in a very great measure for the scarcity of Trees and the absence of large Jungles, and it will point to the necessity of taking more than ordinary measures to promote the growth of Forest Trees.

The

Fort St. George 22d. July 1850.

3. The Government believe that when the local Officers of a District interest themselves "in the welfare of a District and feel how "much of it is dependent on the growth of forests, "neither the difficulty nor the expense of raising "up forest trees will be great." To this observation I fear Bellary will always be an exception. There was no man ever exerted himself more to promote the growth of small Plantations than did the former Principal Collector Mr. Robertson. He was labour of no ordinary kind that he took to further this object. The expense also that Government have incurred in assisting this beneficial work is perhaps greater than has been incurred in many District where has been both great difficulty & expense in rearing even on a very small scale. But what has been the result? Have private individuals come forward to follow the example set the local authority and a highly meritorious work in the of the Native have even the Collector or the framers then may have thought it to be pursued private Individuals

in Bellary? No, and I may further safely assert that nothing but the continual devotion of the chief local authority to the work will be sufficient to excite even an interest in the Public Native Servants to carry out his wishes even at the Government expense.

4. Hitherto Planting has been carried on solely by Government (the extent of private enterprize being scarcely deserving of notice) at much expense and considerable labour. The state of the Topes generally are poor, the trees for their age are stunted and many will I fear come to nothing. The climate and soil is against them. For this reason the financial expectations I fear are not likely to be realized to the extent anticipated and not before many more years have elapsed if ever.

5. Reports on the New Plantations made in this District have been repeatedly sent to the Board. But a full account of them was drawn up and forwarded to the Board by the Collector in his Report dated 1st November 1841 and noticed by the Board of Revenue

8. This Statement shows that Government with means at its disposal which the private individual has not cannot procure a return (and then only the most trifling return) for the outlay of large Capital. Under 20 years every Tope of about 250 Trees requires an annual expenditure of about 30 Rupees for a period of at least 12 years where is the Individual that will undergo this expense with so poor a prospect of remuneration. The idea must be abandoned.—

9. The present Rules in force for regulating the planting of Topes and Trees sanctioned by Government on the 11th January 1848 hold out no premium to planters beyond this Viz. that they shall hold the land on which they plant a Tope free of Tax for 20 years. This — Shame shewn is no advantage and will not effect in Bellary at least the object Government has in view, the encouragement of Planting by private parties. For greater encouragement in the shape of some remuneration must be given. In the adjoining Mysore Country Land is allowed for

10397 Fort St. George 22d July 1850.

the support of Topes planted by Individuals in addition to the Land on which the Tope is planted. Mysore is a particularly favorable climate and soil for the rearing of Trees. Bellary is particularly unfavorable and it follows that encouragement should be given to the latter not less than that which is allowed in the more favoured Country. Unless this is granted we may in vain expect private enterprize to be engaged in the matter.

10. But to carry out the wishes of Government and by every available means to extend the cultivation of Trees in this District and to endeavour to keep up an interest in the object no pains should be spared. Three different plans to be simultaneously carried out have occurred to me, hitherto one plan only has been in practice. These Plans I beg to recommend for adoption.—

11. The first plan is to continue the present allowance of 1000 Rupees per annum from Government for planting and watering Government Topes. Under the impression that this allowance was to cease in the ensuing

See Minutes Consultation 11th April 1842 in the Proceedings of the Board of Revenue dated 18th April 1842.

evening year, the charges have been gradually diminishing but new Topes are again under my orders being planted and I think Government should continue to take the lead in this most necessary work.—

12 The 2d Plan is to hold out inducement by granting an adequate remuneration in the shape of land to be held free of Rent for a certain number of years to private individuals who feel disposed to plant Topes. For this purpose

* See Enclosure No 1 I have framed a Set of Rules which I beg to submit for the consideration of the Board. The Rules have been carefully considered and it is believed that the terms are not at all too liberal. If they are sufficiently liberal to engage private Speculation the object will be gained, but they are an experiment only and time alone will show whether the experiment will succeed. Should the Board of Revenue object to any part of the Rules I must pray for their instructions with a view of offering such explanations as may be required. They at the

13 The 3d Plan is one I have already commenced and I look forward to considerable results from it, but it, as any other measure, will require the constant watching of the Collector to make effectual. This is to induce ryots themselves to plant a few trees in their Puttah Lands. If the Government undertake planting a period of some 20 years and more must elapse and an expenditure of a lac and a half of Rupees be made, and after all about a lac and a half of trees are raised, many of which will of course fail some 600 small Topes are thus reared and afford shelter to the traveller and are otherwise useful in the principal Villages where they are found. But can a Government ever plant a Country to any extent containing upwards of 17,000 Square miles. We must look to the people for this and endeavour to get them to take an interest in the matter before any great advance can be made. There are upwards of 100,000 Puttah holders in

Fort St George 22nd July 1850.

in the Country if we could only get each man to plant a single tree we shall have a lac of trees in a single year. I know this will be very difficult to effect at first and much disappointment may arise - But the effort should be made and I have made a beginning by ordering seeds to be collected and sown in every Village and am receiving report from the Tahsildars that my orders are now in course being executed. These may easily be tended by the Villagers without much trouble till the young plants are about 1 or 2 years old, when it is my intention to issue orders to all ryots and others to take as many seedlings as they require and plant them in their fields. Having the plants at hand, and being urged and encouraged to take and rear them with the full assurance that the trees shall always be considered their own private property free of all Exctra rent I am some-what sanguine that the measure may succeed - But I am fully aware that it will prove

Fort St George 22nd July 1850

a difficult task after all - This is the only plan I can devise by which trees can be planted to any extent without expense to Government and this mode provides for single trees here and there, and not for Topes or continuous forests - Large Plantations and Forests of Trees must be reared in either of the two first mentioned Plans -

This District possesses several patches of low jungle in various parts 14
some of these have been destroyed by contineual clearing for firewood and others are fast disappearing - I am collecting information regarding them - and in the meantime I should be obliged if the Board of Revenue would furnish me with any suggestions for framing practical rules for preventing the too rapid destruction of Jungles which probably the informations received from other districts may enable them to do -

Rules for planting Topes by Private Individuals in the Bellary District

1

The Tope must consist chiefly of Fruit Trees of the following kinds viz

Fort St. George 22d July 1850

or of other large Timber Trees Viz.
Tamarind - Mango - Ofpea - Neridie -
Margosa and other Timber Trees -

2. The Tope must consist
(as a general rule) of not less than 100
Trees planting at a distance of one chain
or 11 Yards a part in regular lines -

3. Round the sides of the Tope
intermediate Trees should be planted
ie. one tree between the Kayem trees,
for the purpose of transplanting as oc-
-casion may require to supply the place
of trees that have died - Nurseries of
young plants should also be kept up
in the Tope -

4. The quantity of ground ne-
-cessary for a Tope of the aforesaid
size of 100 Kayem Trees is 2½ acres -
This quantity of land or double that
quantity if 200 Kayem Trees are planted
or as much more in proportion to the
size of the Tope will be given. Rent
Free of 20 years with the exception of
a trifling Quit rent of one tenth of
the assessment of the land from the
time the Tope is planted - after 20
20 years ½ the net land assessment
will be assessed for 10 years - and after
that

Fort St. George 22d July 1850 -

that time the full net Land tax only
if retained by the Planter or his heir -

5. The produce of the Tope
will be entirely at the owners disposal
and of his heirs - He is at liberty to
sow the Tope with grain as long as he
keeps the trees in good order -

6. The Tope is to be kept
watered by the holder of the Coule and
the fixed number of Trees to be annual-
-ly preserved during the Coule - In Jai-
-lure thereof the Coule will be liable
to resumption and the Tope taken
possession of by the Circar -

7. The Tope may be planted
in cultivated or uncultivated Dry land,
but if in cultivated land the sanction
of the Collector will be necessary -

8. The sanction of the Col-
-lector will be also necessary for planting
a Tope in Irrigated Land, but the
Collector will always be prepared to
take into consideration applications for
irrigated land or Say Dry land, where
no great quantity is required in a
village for the purpose of planting
a Tope.

From

Fort St. George 22d. July 1850.

Note
100 Trees require 1 Gardener at 2 fr. Rupees per month i.e. 30 Rupees per annum for 15 years.

9. For the support of a Tope of 100 Trees Bunjer land will be given to the amount of 30 Rupees or 10 Canteroy Pagodas net assessment after reduction of the Showtayee and other usual remissions.

10. The land granted for support of the Tope will be free of all tax (with the exception of a Quit rent of 1/2 Rupee for the whole) until the 15th Year - after that half the net assessment only will be levied until the 20th Year but the owner of the Tope will be at liberty to give this land up if he pleases.

11. If 200 or more Trees are planted half as much more land i.e. land assessed at 15 Rupees net will be given and 10 Rupees more land for every 100 above 200 Trees as far as 400. beyond which it is not desirable that private individuals should plant Topes - But whatever number of Trees are planted the Individual will be required to keep up an adequate establishment to take care of them.

12. Avenues of Trees [illegible]

Fort St. George 22d. July 1850

sides of the road must first receive the sanction of the Collector and for their support land will be granted as for other Topes - The Trees must be planted at such distances as the Collector may order.

13. All persons of every description (Government Servants included), are at liberty to plant under the foregoing rules in all Villages - after first obtaining the sanction of the Village Officers for the land required for the Tope as well as for the land required for the support of the Tope, which latter must be in the same Village as the Tope, except on special occasions, under the sanction of the Collector.

14. The Village Officers will at once send to the Tahsildar all applications made to them for land which the Tahsildar will if he knows of no objection accede to sending his orders in writing, and at the ensuing Immumbundy a Puttah, as for other Cowles will be issued.

15. To encourage all Ryots to plant trees in their Farms which are not of sufficient number to allow of the benefit of the foregoing rules it is hereby notified that Ryots planting a few Trees in their Puttah lands - or as boundary mark round their fields or by their wells or in their

their yards &c. shall have these trees so duly registered in their Puttahs and shall be considered absolute Masters of the Trees so long as they hold their Puttahs..

16. Individuals in a Village or the Village people conjointly or any member of them, desirous of promoting the growth of Toom jungle or other Jungles shall be at liberty to enclose as much old waste land as may be suitable for the purpose with the consent of the Talaiar and the trees and Jungle so reared shall be considered the exclusive property of the planters - for grazing Cattle Sheep and Goats or for procuring wood for the purposes of husbandry or fuel &c. and no tax shall be levied..

17. The foregoing Rules are applicable to Topes of every description, Public or charitable as well as Private Topes..

18. No persons, under the above Rules can benefit by the advantages held out unless he plants at least 100 Trees but special applications for planting Topes of a smaller size will be duly considered by the Collector who will be prepared, should he see proper, to grant land to a smaller amount for the support of Topes containing less than 100 Trees.

3d The Chuttrums and Moo furkhanas shall be open as to gener benefit to all clases and casts subject of course to such internal arrangement as may be accordant with the habit and usages of the several sects.-

4th The ground required for Topes or groves of Trees shall be given exempted from demand. The Tope should not consist of less than 100 Trees bearing fruit and blossom and may probably require the employ ment of one gardener for 10 years.- The Gardener's pay may be fixed at 2 Rupees per Mensem which make

Fort St. George 22d July 1850.

24 Rupees per annum equivalent to Cante roy Pagodas 8 adding to this one Pagoda more for loss on account of deficiency in the Produce &c. forms a total of 9 Pagodas for which bunjer land should be given on Shrayem Sodee as above but after 10 years to pay half Cundayum, and the Topes thrown open to the Public.- No ad ditional land will be given if the Topes consist of a greater number than one hundred Trees though the person plant ing them is at liberty to plant any number he likes in excess of one hun dred.-

5th The extent of land required to make a Groonta and to plant some Trees in its vicinity which should be not less than fifty should be given free of tax.- One man will be quite sufficient to take care of every thing connected with the and his pay at 2 Rupees per Mensem or 24 Rupees per Annum is equal to 8 Canteroy Pagodas which together with one Pagoda as loss &c. &c. in the produce amounts to Canteroy Pagodas 9 for which Bunjer land shall be given on Shra yem Sodee as above.-

From

Fort St. George 22d July 1850

6th For all avenues of Trees planted on the sides of the high roads and throughout the open Country consisting of not less than two hundred Trees bearing fruit blossoms and such as afford sufficient shade and useful Timber, Bunjer land of 12 Pagodas shall be given on Shrotrium Sodee but after ten years to pay half Cundayem and at this rate as Bunjer land shall be given in proportion to the number of Trees planted as avenues along the high roads and throughout the open Country.-

7. The condition of the Grant of Sodee land for Topes and Avenues of Trees is that the Grantee or his representatives shall at all times preserve the number of Trees from decay and injury and that any failure thereof will subject the Sodee land to resumption.

8th It is also to be distinctly understood that any misappropriation of the produce of lands granted for Chuttrums Moosafur Khanas, Topes Avenues and Trees and Goontahs or any neglect in keeping them in good repair and ensuring their usefulness

Fort St. George 22d July 1850

to Travellers at all times shall subject the Sodee land granted to them to resumption.-

9th No lands are to be made over for the foregoing purposes until the works are completed.-

10th No Sodee land will be given for Chuttrums, Moosafur Khanas, Topes and avenues of Trees and Goontahs in any other Talook but in those in which they are situated.-

11th No Sodee land will be given to any new Topes that may be formed near the old ones or Topes already existing nor to Chuttrums or Moosafur-Khanas which may be built in places where there are other Chuttrums or Moosafur Khanas except in large and populous Towns.-

in his letter of 1st November 1841. They are however yet disposed to hope that the amount of Rent realized as shewn in para 7 of the letter under consideration may be more distinctly accounted for.

2. Mr. Robertson's calculations stated by Mr. Mellor to have been founded on many detailed averages and comparisons, and he adds that "every tree producing any thing in the shape of produce is rented with avidity." The Board would desire to know whether Mr. Robertson's calculations were based on erroneous data or whether the trees as yet too young to yield their anticipated produce. Should the latter be the case it is presumed that the Rents will gradually increase.

3. The Acting Collector will also afford more explicit information as to the item of "Remission of land" with reference to para 6 of his letter and para 11 of Mr. Mellor's communication of 1st November 1841 in order that the Board may judge how far this may be considered an actual "disbursement". The amount remitted each year should be shown as also the description of land and whether Cocoa

This Enam which comprises three fields is entered in the Land Register of the village in the name of deceased and the people always heard it called "Sashacharloo Enam". They further state that the two first fields have been cultivated for deceased 30 and 20 years. The last mentioned field is not shown to have been so long in the occupancy of deceased - Adverting to the absence of any known title, to the fact of there having been no succession and to that of the deceased having been an inhabitant of Coodmoor in the Bellary District although it is in three Kurnool Villages, Some of opinion that this is a numerous class of Kurnool Enams which deserves the consideration of the local Curnums and Reddies who have to bestow, but as a measure of indulgence to the widow Uchumma I would recommend that it be renewed in her favor for her lifetime.

From F. N. Maltby Esqre in Charge of Salem

Forwards a list of Roosooms in detail and a Comparative Statement of Yeomiahs and Charitable allowances as fixed by the Sanction'd Mayenzabitah of Fusly 1228, and suggests the propriety of continuing the present Establishment at the Talook Chuttrum.

Para 1. With reference to Paras 11 and 14 of Extract from the Minutes of Consultation under date the 29th January conveyed in the Board's Proceedings dated 11th March 1829, I have the honor to forward a detailed list of the Jaigments of Roosooms showing the age &c. of the present incumbents and their relationship to the original Roosoomdars, as also a comparative Statement of the Yeomiahs and Charitable allowances as fixed by the sanctioned Mayenzabetah of Fusly 1228, and the sums now annually payable showing the lapses that have occurred since that period.

2. Agreeably to the instructions contained in the 10 Para of the Minutes of Consultation quoted, the Jay of Ghaut Sibiundy at Teertamalay in the Tengracottah Talook has been included in the Mayenzabitah of the District.

District and the Sadeemuah en
:tered in the annual Statement
of charges..

3. The Topoor Chuttram mentio
:ed in Para 9 is situated in a fo
on the high road from Madras an
Bangalore to Trichinopaly in the Cen
of a Jungle at the distance of 17 Mi
from Darampoory and 15 from Woom
The Surrounding Country is jungly
and wild and the few Villages wh
there are, are remote from the roa
and although cultivation has mad
some advances and a small Villag
is growing up round the Chuttram
the place has still a bad name for
its unhealthiness, from the difficult
of the road, and the occasional a
:pearance both of robbers and wil
beasts. —

4. The Chuttram was e
:blished under the Dynasty, and
the assumption of the Country,
Colonel Munro considered it
necessary to maintain it for
the benefit of the public - The

destribution of rice no doubt liable
to abuse, but the maintenance of the
Establishment of a Duffadar and
five Peons placed to prevent rob:
:beries and the incursions of wild
beasts is extremely useful - It gives
confidence to the people and forms
a small Village, where assistance may
be obtained by the Merchants in pul:
:ling their bandies up the Ghât - Should
the Establishment be withdrawn, I
think the Village would most proba:
:bly be deserted..

5 I would therefore beg to re:
:commend that this Establishment may
be allowed to remain on its present foot:
:ing for a short time longer - A few years
will probably effect a great improvement
in the trade along this line - The abolition of
transit duties, the construction of the Bridge
at Topoor, the opening of the road direct
from Woomalore to Seetherydroog and the erection
of the bridge over the Cauvery will all tend to this
effect, and will probably soon render this assist:
:ance on the part of the Government unnecessary
but for the present I think it is desirable that
this assistance should not be withdrawn.

An Enquiry was instituted in Fusly 1231 regarding the Yeomiahs in general when it was found that one Syed Shufee had been drawing the yeomiah in question for 8 years from the date of the demise of Syed Mohadeen under the Similated name of another Syed Mohadeen the grand son of the deceased and thereupon the disbursement was for a few years suspended a complaint was afterwards brought to Mr. Orr who submitted it to the Board of Revenue and obtained their sanction to continue the said Yeomiah to the individuals entered in Column 3 as also to pay them the arrears as they appeared to have taken care of the Mosque situated at Mullapandy for which it was originally granted.—

which they were continued.

2. In reply I am directed by the Bo
Board of Revenue to submit the accompanying
letter and its enclosures from the Sub Collector
in charge of Salem dated the 13th June 1850.—
It would appear from this that the measure
of converting the Chuttrum into a Hospital
could not be satisfactorily adopted and the
Board believe that the extensive Country al-
luded to in para 9 of Extract Minutes Con-
sultation 29th January 1849 is the Chuttrum for
which the allowance under consideration is granted.
The Collector will be desired to take into early con-
sideration the propriety of dispensing with the Ghaut
Sibbendy, but there is no doubt that up to the present
time native travellers fear the Pass.

3. From the Enclosure No 1 in Mr Maltby's
letter, being the List of Rossoomes, it will be observed
there are only two instances in which the Rossoomes stand
in the name of the original recipients namely No 3 in
Tripatoor

Fort St. George 22nd July 1830

which lapsed at various periods appear to hav
been continued to the descendants of the grant
by the Officers in charge of the Salem District wit
reference to higher authority.

4. With regard to the remaining 5 Roowoons No 2 in Kistnagherry and Nos 2-6-7 and 9 in Tripatore the Board remark that as the lapses occurred they appear to have been made subject of special reference to Government, and the remarks of Mr. Maltby are fully borne out by the records of this Office, and the result of the decision of Government on cases No 2 Kistna:
:gherry and No 9 Tripatore, shews a saving of Rupees 98-12-9 per Annum in the Amount of Roowoons now payable (Rupees 470-9-1) compared with the amount enjoyed by the original Roowoondars.

5. Adverting to Enclosure No 2 of Mr. Maltby's letter of Pensions and charitable Allowances it will be perceived that 17 Yeomiahs Amounting to Rupees 1147-11-8 and 18 charitable Allowances Amount:ing to Rupees 190-6-9 have lapsed to Government without a special report since July 1228. There is only one yeomiah now payable to the recipient of July 1228. No 2 for Rupees 82-5-10 in the Darumpoory Taloke in the name of Janoolee, and the only charitable Allowances payable are to 5 recipients of July 1228 in value Rupees 47-9-8 per

per annum.

6 With two exceptions subsequently noticed the remainder of the Yeomiahs have, as lapses occurred, been made subject of special reference to Government and the records of the Office, which have been referred to bear out Mr. Maltby's remarks on each case, but some alterations and omissions in Column 6 of that Officer's Statement have now been supplied.

7. The sanction of Government quoted in support of the yeomiah of Syed Meerah Rupees 84 per Annum No. 6 of Darumpoory is not forthcoming from the records of this Office and may have been communicated direct to the Collector. The sanction of the 9th Oct. 1838 is also not forthcoming in support of the Yeomiah of Russoolkhan Rupees 80-15-5 per Annum No. 6 of Tripatore, but as permission was given in the resolution of Government 15th January 1835 for this yeomiah being paid to the Father of the present incumbent, and as the grant is for services at Durgah the Board would not take objection to

The Court of Wards sanctions the employment of a Teacher to the Minor Zemindar of Ieabistalom on a salary of 12 Rupees per Mensem as proposed by the Collector in the foregoing letter.

In Cons 11th July 1850

Read letter from Collector of Madura dated 21st March 1850 reporting on the settlement of the Shevagunga Zemindary for Fusly $\frac{1258}{1848\text{-}49}$.

(25)

Proceedings thereon.

Relative to the Settlement of the Minor Estate of Shevagunga in the District of Madura for Fusly 1258.

In Cons 26th March 1849

The Zemindary of Shevagunga lying on the 3rd February 1849 the Estate was taken under the control of the Court of Wards on 4th Ashar in obedience to the orders of Government of the 23d March preceding, so that only a small portion of the Management of the year devolved upon the Collector. The mode of settlement is stated to have been the same as that adopted by the late Zemindar and that in practice during the former assumption of the Estate from Fusslies $\frac{1246}{1836\text{-}37}$ to $\frac{1254}{1844\text{-}45}$.

2. The season is reported as on the whole unfavorable the Northern Talooks receiving the usual supply of rain but this being deficient in the rest

Fort St. George 22nd July 1850.

3. There was therefore a considerable decrease in the Nunjah cultivation, especially that on the banks of the Vighey the freshes of which river having been "moderate" its waters scarcely extended to this Zemindary. The loss in extent of cultivation however seems to have been made good in a slight degree by abundant produce. For Poonjah the season was favorable.

Para 6.

4. In comparing the outturn of the Fusly with the revenues of the former one as taken from the accounts of the late Proprietor there will be found deducting the Cootanoor Peishcush a net Decrease of 11,20 62 Rupees

In Waraput cultivation (composed of Nunjah, Nunjah Mel Poonjah and a small portion of Poonjah) there was as stated above a decrease and the loss was enhanced by low prices this was however partly counterbalanced by a larger average produce and a general increase in the Teervaput or Poonjah cultivation. A net decrease more particularly specified in the Margin and abstracted from Statement 5 of Rupees 10,7714 was the result:

Including the revenue Rupees 15,886 from the Villages assigned to the Minor during his father's life, and the Income Rupees 20,851 of the Teelanoor Estate incorporated with the Zemindary by a Decree of the Civil Court (Chingleput) this Decree has been reversed by the Sudr Adalut and precept for delivery received by the Collector on the 16th March) the settlement of the year Amounts to 4,29,866.

7. Of this sum Rupees 29,221 had been collected up to the end of December within February 42,096 leaving a balance in Month of 95,699.

8 The Balance, the Court observe is very heavy and is attributed to the practice obtaining in the Zemindary of receiving 6/7th of the Jumma in grain, selling this at the end of the Fusly by Public Auction to the highest bidders the purchasers being allowed to pay within a moderate fixed period which does not generally exceed.

C. 11

9. Of the Cesh and (2,62,500) there was collected at the end of February 2,14,538 leaving a Balance which is

Fort St. George 22nd July 1850.

10 The system of management is defective and should the Estate be confirmed to the present possessor and a long minority remain in prospect, the Collector will doubtless consider the expediency of introducing some salutary reforms commuting the grain to a money payment, renting the Villages on dirkhast, &c. indeed it would appear that 54 Villages were found rented on a former assumption of the Zemindary in 1246. 1836-37.

From Govt. Collr. 20 Octr 1837 in Cons 13th Novr Para 8.

Mr. Parker took charge of the Estate in April and conformed, as the Court think correctly, to the system of management hitherto in force, in the present uncertain destination of the Zemindary, a departure from established custom, save for the strongest reasons, would appear injudicious.

11. In Para 16 there is a comparison made of the Fusly under review with Fusly 1253 the last year of the previous management by the Collector.

12. In the former year the Villages of the Zemindary numbered 839 13 3/4/16 in the latter 845 5 3/4/16 the difference being satisfactorily explained in P. 18. The comparison

Fort St. George 22nd July 1850

comparison of the Revenue has been formed on
resources similar in the two years and on remark
by the Collector the result is favorable to the yea
under report, giving an Increase of Rupees 29,050.

1253 — 4,05,085
1258 — 4,34,741

the temporary expenditure of a small sum from
of 10 Rupees only for two experimental Nursery G
on the part of Government. This District is in
parts wanting in Trees of all sorts whether Timb
fruit, when given to them the Natives will plant

Resolved

Fort St. George 22nd July 1850.

Proceedings thereon.

(26.27)

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council.-

2- Mr. Thomas proposes the Establishment of two Nursery Gardens as an Experimental measure for the purpose of raising seedlings or young trees (Timber and Fruit) of the most useful kind for distribution to the Ryots of his District who will preserve them, but will not take the trouble or have not the means of raising them.

3. In a District so devoid in many parts of Trees of any sort as Coimbatore the suggestion for the Establishment of Nursery Gardens seems worthy of adoption, and the Board resolve to recommend that the Acting Principal Collector may be authorized to maintain the two Nurseries at a Monthly charge of Rupees (10-0-0) Ten as an experimental measure for two years.

4. The Acting Principal Collector will be instructed with reference to the

to place the Nursery Gardens at some distance from each other - And to limit the distribution to such Ryots as evince some interest in the nurture of the Trees raised from the Nurseries - He will also be directed to report annually on the result of the experiment and the number of Trees distributed.

Fort St. George

Sir,

From the Coll. of Malabar Submitting their observations called for in the Board's Proceedings dated 15th April last regarding the Salt Department and stating with reference to their Circular letter dated 27th May last that the minimum quantity of Salt sold in this District has always been as low as one Parrah and recommending that this be allowed to continue

35

I have the honor to acknowledge the receipt of the Board's Proceedings under date the 15th April last with a copy of the Salt Rules and desiring me to furnish the Board with any observations I have to suggest by which the interests of Government may be bettered in the Department.

2- I beg in reply to observe that the Rules do not appear to be applicable to this District inasmuch as no Salt is manufactured in Malabar the Salt required for the use of the monopoly being purchased from Merchants who import the same from Bombay

10658 Fort St. George 22d July 1850.

Substantial Gollahs which are divided into several compartments.

3- The Salt being delivered in the Gollah by and on account of the Importers no wastage occurs in the process of storing. What happens subsequently is to a very inconsiderable extent as shown in my Annual Statements. An abstract of which for the last three years is herewith submitted.

The wastage does not progress after the Salt has been a few Months in store, as by this time the heaps get hardened.

4- The usual printed Rowanahs are issued for all consignments taken out of the District which however have not been returned since the abolition of the Land Customs. Supplies purchased for home consumption are removed from the Gollahs with Rahdaries written on Cadjan containing all the particulars which the printed Rowanahs do.

5- I take this opportunity of acknowledging the Board's Circular dated 27th May last authorizing the Minimum quantity of Salt to be sold to be reduced from 40 to 20 Measels equal to 7/4 Indian Measures.

In this District the Minimum quantity of Salt sold direct from the Gollah has always been as low as one Parrah now made equal to 1 Indian Measure or 1/120th part of a Garee. I would strongly recommend that this be allowed to continue as contributing much to the convenience of the public.

Sir,

I have the honor to acknowledge the receipt of your letter under date the 6th Ultimo, and to transmit herewith for submission to the Board of Revenue, the accompanying report with its Enclosure, from my Assistant, Mr. Taylor, on the Petition presented to the Board in the names of Venkata Permaul, Naick and others relative to the Salt Department No. 836 of 1850. To

J. A. Huddleston Esqre

Collector of Madras,

Sir,

I have the honor to submit a translation of Petition No. 836 of 1850 referred by the Board of Revenue for enquiry and report with

with such explanatory remarks as appended as appear to me necessary on the several points alluded to by the Petitioners-

2 The parties who prepared this address being aware of the little attention that is paid to anonymous petitions, have assumed the names of three individuals resident in Black Town, who as far as I can learn, are entirely ignorant of the matter- Two of them voluntarily appeared before me at my request, and deny having addressed the Board. The 3d name is that of an individual who occasionally attends the Cutcherry, and is known to be of unsound mind-

3 The writer of the Petition being evidently well acquainted with the transactions at the Cotaurs, it is probable that this complaint has also originated with the dismissed servants and others who have been thrown out of work in the Salt Department- Had there been good grounds for the vague accusations alleged against the public servants the parties aggrieved would have taken advantage of the late temporary suspension of the Superintendent to

4- It is proper to add that the rule regarding Measurement is enforced with equal strictness in the receipt of Salt from the Chingleput and from the Madras Pans- that a correct measurement of each heap is furnished to me on its completion and that I occasionally inspect those which remain in Stores- Any irregularity therefore in their formation or contents is not likely to escape detection-

3. I take this opportunity to return a Petition presented to the Board by certain Salt manufacturers of Attiput and Ennore complaining of the conduct of the late Contractor Parasoorama Moodelly and his Measurers- Those among them whom I have personally interrogated express themselves perfectly satisfied with the present state of things-

Translate of a Petition presented to the Board of Revenue on the 20th April 1850 by Vencata perumal Naidoo residing in House No 9 of the Seven Wells Street at Peddoo Naik's Pettah, Ruttina Moodelly in the Chowla Bazar Street and Ramasawmy Moodelly in the Chowlgeoma Street-

Explanatory remarks by the Assistant Collector of Madras-

The

The

The old Salt which was sent over to the Madras Cotaurs from the Voyalore Pans of the Shingle-put District in January or February last and there stored in struck measures according to the rule produced, when sold ten days after for home and inland consumption an excess of 200. 250. 300. or 350. Marcals in a heap of 20 Garces whereas in the heaps of the Attipat new Salt which was received in March last notwithstanding heaped measures were taken from the Ryots who were delayed for four or five days not prevented from speaking out and over and above 10, 15 or 20 Marcals were fraudulently obtained from every boat, yet the outturns of these heaps fell from 19 to 19½ Garces, excepting

The Salt here referred to was manufactured in June or July 1849, and remained heaped at Voyalore till the beginning of this year. it was then removed to the Madras Cotaurs and when stored was well dried and of small grain. it was sold in February and March and the excess which was nearly 3 per Cent, is credited to Government.

The Attipat Salt on the contrary was of this years manufacture, and when received in struck Marcals in the same manner as the Voyalore Salt. It was sold very soon after it was stored and being fresh and consequently moist the average wastage and

in the first two or three heaps in which there was made to appear an excess of 10 or 20 Marcals. If the Boards are willing to acquaint themselves with these transactions they ought at once to deputte proper persons to examine five heaps when there will appear × an excess of 1/2, 2 and 2¼ Garces over the 19 which is now entered in the Accounts as the outturn of a heap. No further evidence is required to ascertain the truth or otherwise of your Petitioner's Statement than the results of the sales of the Voyalore Salt heaps.

The Petitioner presented to your Boards in this Month signed by about 30 or 40 of the Ryots, it appears were detained a few days in consequence of the rain which fell on the 7th April, but no excess was received beyond the number of Marcals counted in their presence.

× No such excess has appeared in any of the heaps then formed nearly all of which have since been sold.

This complaint is against the late Contractor Parasooramdy Moodelly and his Measurers.

Fort St. George 22d. July 1850.

this Attiput Ryots Measurers will satisfy you as to the fact of full measures being taken from them by compulsion.

Petitions referred to the Collr. by the Board on 24th April last N: 731 1850.

The Assistant Collector understands from the Manufacturers that they are now perfectly satisfied with the regularity with which their Salt is received into Stores.

It will be evident that the Wastage in his sales in the result of the frauds practised in combination by one Soobroy Moodelly a Writer in the Accountant Generals Office his brother in law the contractor Parasoorama Moodelly the Sheristadar Vencatasoobyah the Superintendent Ramaspa Iyer, the Translator Calatty pillay

Fort St. George 22d. July 1850

pillay the Duffadars at the Cotaurs and other servants. If your Board wish to examine into these points and send for the Petitioners at their residences, they would be prepared to lay open before you the frauds practiced by the above servants.

These servants being ordered to take in full measures, the Salt received from the Voyalore Pans of the Shingleput District, the Shingleput Peon declared he would allow it to be measured only according to the rules. This Salt remains, therefore, unmeasured for the last 8 days, while that which was subsequently received from Attiput has been measured according to the wishes of the servants, this fact can be ascertained from the accounts of measurement alone.

The Petitioners having appeared before the Assistant Collector denied that they had any knowledge of this Petition or that they had signed any Petition to the Board.

A. Sevesindah from Vulloor is always in attendance at the Madras Cotaurs, and the Salt from Vulloor and Voyalore is in consequence, measured in his presence. A complaint from him of any irregularly would receive immediate attention.

The Salt remained unmeasured for a few days for the cause assigned above Viz. the rain which fell on the 7th April.

The Urzee of Goolam Moortooza Government Vakeel in the Court of Sudder Udalut.

I have received the Copy of an Urzee presented to the Court of Sudder Udalut thro. Mr. V. Setharam requesting orders to prove the adaption made by Purvadavardany Natchiar the present Zemindar of Ramnad and in accordance to the instructions issued to me on the 24th. June last directing that I should prepare a draft of an answer as I thought proper and to submit it for the approbation of the Board, I prepared one accordingly with reference to the papers accompanying the above instructions and those under date 30th. May last, as well as the Copies of the Urzees presented on behalf

Fort St. George 22d. July 1850.

Puravadavurdany Natchiar which I have obtained from the Court, and enclose herewith for the approbation of the Board. I will abide by such orders as may be passed on the subject.

Three Petitions were presented on behalf of Puravadavurdany Natchiar Nos. 116 - 118 - 188 of the present year of which except the Urzee No. 118 received from the Board. I herewith enclose copies of the other 2 Urzees. The subject of adoption is adverted to only in the Urzee No. 188 but in the Motion No. 116 no mention is made about the adoption.

On the 2d. Instant I brought to your notice by an Urzee that the Sudder Court issued an order on the 1st. Instant that the Counter Petition to the Urzee of the above Puravadavurdany Natchiar should be presented within a month from the 1st. Instant I adverted to it in this merely to remind you of the time allowed.

I beg you will order true Copies of the Will left by Ramaswamy Satoopaty and the report of Mr. Vivian noted in the 3d. Para of the draft of an answer to be furnished to me, if they are in the Board's record to enable me to forward them to the Sudder Court with the answer.

In the 3d. Para of the instructions sent to me on the 30th. May this year it is stated that Ramasawmy Tauer who had married the daughter of Puravadavurdany Natchiar and Mootto chella Tauer the half Brother of the husband intimated that Puravadavurdany Natchiar was permitted by her husband to adopt a son, and therefore the same was embodied in the 3d. No. 1.

To. The Court of Sudder Uddalut.

The humble Petition of Goolam Moortoza Government Vakeel on behalf of the Board of Revenue.

Para. 1. Ranee Puravadavurdany Natchiar presented an urzee No. 116 of 1850 to your Court thro' the Pleader Mr. V. Seth Saw against the decision passed by the Civil Court in the matter of a dispute existing between Ranee Mootoovera Natchiar adoptive mother of Rooma sawmy Satoopaty the late zemindar of Ramnad in the Zillah of Madura, and his widow Ranee Puravadavurdany Natchiar regarding the Hist of the Mayan referred to in the Rajenamah presented by them in the suit No. 3 of 1843 and Mootoo Veeray Natchiar dying on the 29th. March, the said Ranee Puravadavurdany Natchiar presented another Urzee No. 188 to your Court through the said Mr. V. Seth Saw in which she stated that she had adopted Mootoovenkatalingatauer according to the permission granted to her by her deceased husband, and

that sir becomes heir to her and to her property after her death and solicits permission to favor the said adoption. With a view to defraud the Government of the Ramnad Zemindary which will revert to them after her by reason of her having no heirs she contends for the above adoption of a son.

2. In case the said adoption proves to be revokable by the Sastras the said Zemindary should revert to Government, and therefore on the score of the prohibition of adoption depends the right of Government, and in consequence the Government is now respectfully to present this argument with arguments to shew that the adoption is not valid.

3. The adoption by a widow is of itself prohibited by the Sastras, but the Sastras provide that if such adoption is made with the permission of her husband it will then only be valid. Such a permission was not granted to Rance Parvadavardany Nachiar by her husband Ramasawmy Tavar her sons law who had married one of her daughters, and Mootoochetta Tavar the half brother of her husband stated that such a permission was never granted to her, the present statement of Parvadavardany

Nachiar that her husband ordered her to adopt a son is quite false for if her husband had given her any such directions it would have been mentioned in the Will executed by him on his death bed, but there being no mention of it in the Will which bequeathed his Zemindary and its appurtenances to his then surviving two daughters and their descendants, it is to be positively inferred that he did not in any manner order Parvadavardany Nachiar to adopt a son, nor is there any mention of such instructions having been given in the

The copy of the Will marked A is herewith submitted

respect dated submitted to the Board by Mr. Vereade then Collector of Madura who had been long some time before his death

The copy of the report marked B is herewith submitted

Besides if the order alleged to have been granted by him be true the said Rance Parvadavardany Nachiar would have adverted to it in any of her communications to the Collector and other authorities as well as to the Courts during the last 20 years after his death, but from her not having done so it is obvious that he did not give her any such order.

4. And besides from her own acts it is to be inferred that her statement that she was directed by her husband to adopt a son is totally false. They are as follows

when

whom her daughter Dorayaja Natchiar the minor
Jemmadar was dying a Son was adopted in the
month of September 1845 and the said Dorayaja
Natchiar and her husband Mootoovengia Raga-
nada Sastropaty sent in Arzees to the Collector
respectively dated 26th and 27th of the said Sep-
tember month on the subject, and in Arzee submitted
by the said Purvadamuttary Natchiar on the 26th
27th to the Collector she acknowledged and consented
to the Arzee of the said Mootoovengia Ragoonad
Satoopaty regarding the adoption made by the
said Dorayaja Natchiar provided it is proved
that that adoption was made with the knowledge
and consent of the said Purvadamuttary Natchi-
ar however not only by Vythianaden Saver himself
the direct brother of Purvadamuttary Natchiar
bringing the circumstances of adoption to
the notice of the Manager on behalf of
Court of Wards on the 23d September 1845 but
by the circumstance of having sent to the
said Manager the Will left by Dorayaja
Natchiar attested by the said Vythianaden
Saver and by Sevagee and Saver
the natural father of the Son said to
have been now adopted by Purvadamu-
Natchiar

The 2 Arzees marked C D are herewith submitted.

The copy of the Arzee marked B is herewith enclosed.

The copy of this Will marked E is herewith submitted.

made by the Minor was by the consent of
the said Purvadamuttary Natchiar If it was
true that her husband directed her to adopt
a Son she would not have consented to the
adoption made by the Minor Jemmadar Dora-
raja Natchiar and by the circumstance of
her having thus given her consent to this adoption
alone it is clear that the order for adoption
was totally false and she had no idea then
to make an adoption

5 Though the adoption made by
Dorayaja Natchiar is invalid by the Provisions
of Section XXI Regulation V of 1804 the circum-
stance of it having been conducted by the
consent of Purvadamuttary Natchiar will
satisfactory prove to the Court that there
are strong reasons to believe that the alleged
order of her husband for adoption is totally
false

6 Purvadamuttary Natchiar
states in her Arzee No 28 that her
Mother in law Mootoovengia Natchiar
permitted her by her Rajeeramah to adopt
a Son It is not provided in any part of the
Hindoo Dherma Sastras that the permission of
Mother in Law is required for the adoption of
a

a Sowmoodrie there any such usage, and besides it is a usage obtaining in the countries and conformable to the Sastras that adoptions should be made with the consent of the Rajahs. The Government neither permitted nor approved of the adoption alleged to have been made by Purvadawuntary Natchiar.

7. For the above reason the alleged order of her husband to Purvadawuntary Natchiar is totally false, and the adoption made by her is invalid according to the Sastras, while the case stands thus the illegal attempt of Purvadawuntary Natchiar against the right of Government to bring to notice the adoption and establish it before the Court by an appeal No. 188 preferred on another subject is of no avail.

Therefore the Board of Revenue solicit that that portion of Purvadawuntary Natchiar's Appeal No. 188 in which she refers to the matter of adoption may be rejected.

No. 2

To. The Judges of the Court of Sudr Udalut.

The Humble Petition of Rivvathawuntawny Natchiar the Zemindar of Ramnad Appellant in M.P. No. 44 of 1850 on the files of this Honble Court presented on her behalf by Varden Setti Sam Pleader.

Respectfully Sheweth.

That your Petitioner has already submitted to your Honorable Court in the above M.P. No. 44 of 1850 the circumstance of a Razeenamah having been effected between your Petitioner and her Mother in law Mootoverayer Natchiar the Respondent in order to determine a suit that was then pending in the Civil Court of Madura No. 2 of 1843 in which amongst other things it was provided that your Petitioner was to adopt a Son to her late Husband (the Zemindar of Ramnad and the Son of the said Moottoverayer Natchiar) according to his dying instructions, and also was to succeed to the Zemindary and all his paternal right

1068[illegible] Fort St. George 22d July 1850.

right according to the provisions of the Hindoo Law.

2d That in conformity to the said instructions of your Petitioner's late Husband and the promise of the said Razeenamah your Petitioner adopted one Mootooramalingum Settroputty in due and prescribed form according to the Hindoo Laws and intimated the same through the Collector to the Board of Revenue and Government on the 23d May 1847. Whereby the said Mootooramalingum Settroputty became the legal Heir and representative of your Petitioners Husband and the said Mootoomeeraya Mutteliar to succeed to the respective Estates & property of both her Grand mother Thavaraya Mutteliar and your Petitioner after their respective deaths.

3d That although at the time of the execution of the said Razeenamah your Petitioner in consequence of her not having adopted Meenakshi Mootooramalingum Settroputty as her son as yet might have agreed with the said Mootoomeeraya Mutteliar contrary to the Hindoo Law in consequence of letters intimating

10683 Fort St. George 22d July 1850.

Putren or honorary Son was to succeed to the Maganum that was allowed her for her maintenance yet as the said provision is foreign, opposed to the Hindoo Laws, and as the adoption subsequently took place as shown above, that Clause or stipulation of the Razeenamah became a dead letter inasmuch as it is contrary to the Hindoo Laws for a Stranger to succeed to one's Estate in preference to a grandson legally adopted. In fact your Petitioner was incompetent to constitute the said Abbeemanum Putren or honorary Son, heir to the said Mootooveraya Mutteliar to the prejudice of her right that was by Law entitled to the succession, and as this point has already been decided by your Honorable Court in A. S. No. 3 of 1824 Para 7 your Petitioner begs only to refer your Honorable Court to the said Decree and to the Pundits of your Honorable Court who will as your Petitioner believes declare that that provision of the Razeenamah is inconsistent, opposed to, and incompatible with the Hindoo Laws and cannot be maintained to the prejudice of your Petitioners adoption Son, who now becomes the actual proprietor of all the deceased's property as the lawful Heir thereto an Abbeemanum Putren

10884 Fort St. George 22d July 1850.

Putren is an affiliation unknown or unheard of in all the Hindoo Laws and Shastras.

4th Should your Honorable Court entertain any doubt on the subject your Petitioner is perfectly ready and willing to prove the adoption, and as this matter cannot be decided but by such adoption being proved to the satisfaction of your Honorable Court, your Petitioner respectfully prays that your Honorable Court will be pleased to order your Petitioner to prove the same, your Petitioner moreover prays that your Honorable Court will be pleased to refer this question to the Pundits if the decision of your Honorable Court above prayed will not be deemed sufficient to determine this case upon proof of the adoption.

5th Your Petitioner finally prays that your Honorable Court will be pleased to reject the Vakeel Tummatchary on behalf of the Veeranarumo Putren or honorary son of the late Mottoovearaya Natchier pending the proof of adoption and the opinion of the Pundits as prayed in this Petition being obtained.

And your Petitioner as in duty bound will ever Pray.

No. 3.

To The Judges of the Court of Sudr. Adalut.

The Humble Petition of Purvatha vorthany Natchier Zemindar of Ramnad in the Madura district presented on her behalf by Vardeen Lutchmen Sam Pleader.—

Respectfully Sheweth.

1st That in the O.S. No. 3 of 1843 instituted in the Madura Court by Mottoo Veerayen Natchier against your Petitioner for establishing the right of succession to the Zemindaree of Ramnad belonging to your Petitioner a compromise was effected and a Razeenamah entered into and filed in the Civil Court of Madura under date the 26th February 1847 in which among other things it was provided by Para 5th that the Exit of certain Villages made over to her by your Petitioner attached to the Taloke of Padaraiyendal in the said zemindarie be paid by her to your Petitioner according to the provisions of Section IX Regulation XXV of 1802.

2 That in conformity with the said provision of the Razeenamah your Petitioner directed that a faithful and a just

just account of Sammabundy up to July
be prepared for fixing the Amount of Kist pa
by the Plaintiff, and it was done in the fo
ing manner. From an average of 9 years pro
of the 21 Agra Villages forming the Maga
made over to the Plaintiff one year's prod
produce or revenue having been ascertained, t
of such income became due to your Petition
Rupees 3,197-3-3 and the Proprietor or de
amount of Kist payable by Villages until
termination of the lease for 20 years under
which they now hold & regulated by Mottah
Favor at the time that he was Manager of the
Zemindaree amounted to Rupees 41-4-7
and the Mauzey Va. of those 2 Villages also
amounted to Rupees 27-3-9:4. Thus a just
and lawful account having been prepared
according to the said Regulation was sent
the said Plaintiff for her guidance. But
she neither admitted its correctness nor pa
the Kist accordingly notwithstanding tha
she has been in full possession and enjoy
ment of the Maganum all along.

5th That some time previous to
this the said Plaintiff & Mootoonaro yachat

to your Petitioner to fix a separate Kist upon the
said Villages by furnishing to that authority
a Public Copy of the Razeenamah. The Collector
in conformity with that request ordering the
accounts of the said Villages to be sent to him
prepared an account of them and sent it to the
Board of Revenue for the sanction of the Board.
But the Board perceiving that the endowment
of the Villages was not a permanent alienation
or Sub Division according to the Razeenamah
and that your Petitioner's lien and responsibi-
-lity on them to Government still continued
the same as existed before the Razeenamah
was entered into, resolved not to interfere in
the matter but leave it to the parties to
make the best arrangements between them.
Thus the account prepared by the Collector
was negatived by the Board and the circum-
-stance made known to your Petitioner by the
Collector on the 27th November 1847. The Collector's
account having been prepared solely on the aver-
-age of 9 years preceding the one immediately
preceding that on which the Razeenamah
was effected without any regard or reference
to the injunctions of the Regulation which directs
that Assessment separated "lands shall
always bear the same proportion to the

actual number of the separated portion
total premium to attach on the Zemin
to the actual rates of the whole Zemin
Amount of Fist fixed by the Collector
Rupees 2,781-6-a Sum considerably

to the Regulation ought to be paid to you
Petitioner and binds the Collector have
altogether proceeded in the matter on
principles of Subdivision great many
=quisites and prerogatives as that belong
to your Petitioner as Zemindar of the
Estate and which were never intended
given up by such private internal arra
=ment were entirely let out to the great
of your Petitioner. The account of the Co
not having been sanctioned by the Board
Revenue and consequently not having paid
the Seal of this Office Your Petitioner had no
no occasion whatever for adopting measures
or entering any protest against the said
Account.

4th That as stated above in the 2nd
Para of this Petition the Plaintiff Mootoo
veraya Natchiar not paying the Fist a
fixed by your Petitioner. Your Petitioner
on the 23d

and prayed the Civil Court to direct the
payment of the Fist and according to such
account prepared by your Petitioner But
to your Petitioner's great surprize the Civil
Judge at the representations of the said
Plaintiff sanctioned the amount of Fist
intended to be fixed by the Collector not=
withstanding that the Board of Revenue
refused to sanction the same, but sent it
back and directed that at that rate (Viz.t
Rs. 2,781-a-b) the Fist must be paid for and
from Fasly 1257. Thus occasioning your
Petitioner a serious loss.-

5th That your Petitioner feeling
justly aggrieved at such an Order now
begs to submit the same in Appeal to your
Honorable Court for the following among
other reasons.-

1st That your Petitioner begs to
submit in the first instance that the
intended fixing of the Fist by the Collector
(Granting even for the sake of argument
that his interference in the matter was at
all called for) having been negatived by the
Board of Revenue it fell to the ground
and became as if the Assessment were
never framed and in consequence by no means
binding

Fort St. George 22d July 1850.

binding upon your Petitioner, particula
as the Collector by order of the Board
Revenue has intimated to your Petitio
that the fixing of such Kist was alto
a matter of private arrangement betw
your Petitioner and the said Plaintiff
and therefore the Civil Judge had no
whatever to attach any weight or validi
to such a draft assessment and in the
instance Your Petitioner begs to submit to
the Para 5th of the Razeenamah by w
refers to the Mediation of the Collector in
fixing the Kist but to the rate
which the Assessment is to be made Viz. the
it must bear the same proportion" as th
total permanent Summah on the Zemind
bears to the actual value of the whole Zemin
Such being the case your Petitioner humbly hope
that your Honorable Court will see at once the i
-gality of the Order passed by the Civil Judge
which subjects your Petitioner to a consider
loss as she has to pay Government a far gre
amount on these Villages to what the Court
would thus insist upon your Petitioner t
receive.-

Fort St. George 22nd July 1850.

Submit and which your Honorable Court
is well aware of that the amount of Peishcush
now paid by your Petitioner on the whole
of the Zemindaree has been fixed by Govern
=ment upon an average made in the begin
=ning of the present Century and not upon
an annual Calculation of the actual
produce of the Zemindaree in each year
therefore unless the Kist of the separated
portion bears the same proportion as the
total permanent Summah on the Zemindaree
because to the actual value of the whole
Zemindaree. in other words unless the Kist
of the separated portion bears the same pro
=portion that was fixed by Government at the
time, how is your Petitioner to meet the Govern
=ment demands which continue to press upon
your petitioner whatever be the produce of
the Zemindaree in each years. In order to shew
to your Honorable Court that the assessment made by the
Collector could not be proportionate to the permanent Summah
you (granting that his interference was legal) your
Petitioner begs to submit that the average produce of the 21
Villages were not made for the 9 years immediately preceding
that in which the Razeenamah was affected, but of
immediately preceding it instead of the

Fort St. George 22d. July 1850.

the average being calculated to Fusly 1255. as the Razeenamah was executed in Fusly 1256 it was only calculated to Fusly 1254 whereby Fusly 12 in which the produce of the 21 Villages fell considerably short of its usual average was e included and Fusly 1255 in which it exceeda it was omitted, and again Two of the Village included in the Maganum Vizt. Moollicood and Palavaun gendal were rented out on a Cowle for 20 years in Fusly 1240. by the late Manager of the Zemindaree Moottachilla Taver for a less amount from Motives of friendship. This evil of course your Petition was unable to remedy before the expiration of the said 20 years but would undoubtedly raise their Taxes to their usual standard at the expiration of the lease. The Collector, your Petitioner begs to submit, instead of ascertaining the actual produce of the said Villages, the only criterion to go by in fixing such Assessments, merely took the rent under the Cowle into calculation and made the account submitted to the Board. Further. In certain Villages of your Petitioners Ze: mindaree there are certain Taxes such as Durmamagany and Saree magany fixed

Fort St. George 22d. July 1850.

by your Petitioner's Ancestors allowable with the Rist for the purposes of performing Charities. These are perquisites and prerogatives of the Zemindar that cannot be alienated by such endowments. But in the Collector's Account all these allowances are omitted to your Petitioners loss notwithstanding that the Charities must be performed all the same. Hence from all that have been submitted above to your Honorable Court, your Honorable Court will be convinced that the assessment of the Collector even if it had met with the sanction of the Board of Revenue, was inconsistent with Section IX Regulation XXV of 1802.

8. Your Petitioner therefore humbly prays that your Honorable Court will be pleased to take these matters into consideration and by overruling the Order of the Civil Judge direct the Plaintiff Moottooveroyee Natchiar to pay to your Petitioner Rist as framed by your Petitioner and thus enable your Petitioner to meet the Government demands in due Course.

And your Petitioner as in duty bound.
Will ever Pray.

letter be sent in reply.

To, The Government Vakeel
Sudr Udalut.

Sir,

I am directed by the Re
of Revenue to acknowledge the receipt
your letter dated 12th July 1850 submitting
their approval draft of a Petition which you
propose to file in the Court of Sudr Ada
in answer to a Motion presented by Purwa
Natchear Zemindar of Ramnad, requestin
permission to prove her adoption of a Son.

2 In reply I am instructed
to acquaint you that as the Government is no
a party to the suit now pending at the Court
the Board think it would be premature to file
any petition at the present stage of the proce
-ings, but they desire that you will watch the
progress of the case and in the event of the
Sudr Udawlut entering into the question of
alleged adoption, they authorize you to
present a motion, requesting permission to b
heard on behalf of Government. You will then
report the circumstance for the information of
the Board, who will issue such instructions
for your guidance as to them may appear
necessary.
