From the Secretary to the Board of Revenue

(Here enter 15th July 1850 No. 295)

Para. 1. The Right Honorable the Governor in Council entirely concurs in the conclusion at which the Board of Revenue have arrived in regard to the charges preferred against D. Venkata Subbiah Sheristadar, and Ramiapiah Salt Superintendent in the Cutcherry of the Collector of Madras. No doubt can exist that those charges are wholly unfounded, and the result of an infamous conspiracy in which Kistnyah Abkary Gomastah and Davaroyah Pilly Groundrent Coneepoly in the same Office were the chief Agents.

2. The Sheristadar and Salt Superintendent have properly been restored to their appointments with an assurance that as regards the late inquiry their characters stand unimpeached. Kistnyah and Davaroyah Pilly have

have been deservedly dismissed, but that the Right Honorable the Governor in Council feels himself called upon to go further and to declare them to be henceforth disqualified from serving the Government in any capacity whatsoever. The same disqualification will extend to Karnam Ramasawmy who is at present employed but who is never to be readmitted into the Public Service.

3- The proceedings of Ramanoojam Iyengar, Writer in the Board's Office, in connection with this affair, are of so much a nature as in the judgment of Government to require that some notice should be taken of them. The Right Honorable the Governor in Council would therefore suggest to the Board of Revenue the propriety of their marking their sense of his conduct by a temporary suspension from Office or by degradation to some inferior appointment.

From the Secy. to Government — Extract from the Minutes of Consultation Public Department Dated 2d July 1850 No. 571

Reviewing the Returns of Vaccination for the year 1849 and requesting the Boards to exhort Collectors to give their aid to the local Superintendents &c. &c.

Read the following letter and Memo: from the Secretary to the Medical Board.

To Sir H. C. Montgomery Bart
Chief Secretary to Government

Sir,

Under instructions from the Medical Board, I have the honor to forward the General Annual Return of Vaccination for the year 1849, with a Statement of the expenditure of Rice in the Vaccine Depôt at Madras for the same period, and to record the following observations thereon for the information of the Right Honorable the Governor in Council, and for ultimate transmission to the Honorable the Court of Directors

The

Fort St. George 26th August 1850.

2. The system of summary punishment on the spot either by discharge from the service or by fine continues to be productive of good it keeps the Vaccinators alert and has evidently rendered them more attentive to their duties, for the number vaccinated has increased considerably even over that of the preceding year by nearly 8,000 as shewn in the accompanying Statement.

Divisions	Increase	Divisions	Decrease
Presidency Division	497	Malabar and Canara	617
Centre Do	256	Mysore Division	733
Northern Do	2996		
Southern Do	4037		
Ceded Districts	1385		
Total	9171		
Deduct Decrease	1350		
Total Increase	7821	Total	1350

3. The increase is recorded to have occurred chiefly in the Northern and Southern Divisions and in the Ceded Districts, in which latter it is pleasing to observe that at Kurnool native prejudice against this valuable preventive is rapidly abating and the Superintending Surgeon of this Division remarks that the Vaccinator lately appointed to Adoni is very

Fort St. George 26th August 1850.

very attentive to his duties.

4. The General Return now forwarded has been considerably extended in form, it shews at one glance the number operated upon by the Vaccinators of each station or District, this it will be observed has varied a good deal, being in some scarcely half the average of the whole, Viz. 888. while in others it has been much above this number. The attention of the local Superintendents in those Districts where the number falls much short of the average has been called to the point, and more assiduity inculcated while at the same time due notice has been made of those Districts and Stations where the average has been exceeded by acknowledging the same, and soliciting a continuance of strict surveillance and attention on the part of Vaccinators to their simple though important duty.

5. The general table also exhibits, in other two columns information on a point which in the opinion of the Board is of great importance and to which their attention has been for some time past directed, Viz. the subject of failures or unsuccessful cases in the Returns throughout the Presidency.

The

Fort St. George 26th August 1850.

6- The very great difference in the general result of the amount of failures in the several division but especially at certain stations of some of the divisions cannot fail to attract notice exemple Poonamallee in the Centre Division Chicacole and Rajahmundry in the Northern, Trichinopoly, Tinnevelly, and Travancore in the Southern Division Calicut, Angadipuram and Cannanore in Malabar Coorg in Mysore, and lastly Cuddapah and Kurnool in the Ceded Districts.

7- It would appear from the investigation the Boards instituted on this subject last year, in the Northern Division Ceded Districts and Malabar, that to two great causes the amount of failures in these Divisions has been attributed, Viz. 1st to a deterioration in the virus itself, 2 to climate, in some localities as at Cannanore, it is stated that the pernicious interference of parents with the inoculated part after Vaccination, tends to swell the Amount of failures.

8. In last Annual Report the Boards suspected the deterioration of the Vaccine lymph might be looked upon as partly the cause of these failures, and accordingly

Fort St. George 26th August 1850.

accordingly they ordered on two occasions a supply of lymph to be forwarded from the Presidency every fortnight for two months to the Ceded Districts, Malabar, and to the Northern Division, and again for three Months packed in Gutta Purcha capsules, the latter however (from whatever cause it may be owing to) the Board regret to regard proved a complete failure, scarcely one successful case resulted from the simple supply of virus thus transmitted towards the close of the year in the shape both of lymph and crusts, in many instances the lymph had all but disappeared from the small enclosed phials.

Vizagapatam
Rajahmundry
Trichinopoly
Tinnevelly
Travancore
Cannanore
Tellicherry
Calicut
Angadipuram
Coorg Districts
Cuddapah

9. It will be gratifying however to observe from the following Statement that the supplies first forwarded have not been altogether without effect, and the Board will continue to prosecute the same system of forwarding supplies of Vaccine from the Presidency from time to time to all those stations noted in the Margin, while they have also solicited the Bengal and Bombay Medical Boards to forward supplies to the following stations every

eight

eight days for two Months, and this twice a year, From Bengal to Chicacole, Vizagapatam and Rajahmundry. From Bombay to Cannanore, Calicut, Angadiporam and Tellicherry.

Stations	1848 Ratio per 1000 of failures at each station	1849 Ratio per 1000 of failures at each station
Chicacole	452380	188524
Vizagapatam	144583	100684
Rajahmundry	136327	144299
Cannanore	184538	102857
Calicut	234845	292040
Angadiporam	290639	351351
Coorg Districts	153846	93109
Kurnool	311396	290972

10. It would appear from tables given in the Appendix to these Returns from Vaccinators can be depended upon as accurate) that the influence of climate is by no means uniform, though its influence generally can be observed, it has been remarked that Vaccination is greatly modified as to its success either by excessive heat or moisture, and the results in

in several of the Divisions would appear only partially to confirm these observations example in the Centre Division the greatest amount of failures occurs in June, the hottest Month, and in November and December, rainy Months, in the Northern Division in June, also a hot Month the failures are greatest while in January a dry Month they are nearly equal in amount, and again in Malabar and Canara in the rainy Month of December the failures are greatest they are also high in March, while in April, May and June (the greatest heat and beginning of the rains) they are least in July and August the percentage of failures is also high, and lastly in the Ceded Districts in the cool dry Month of January they are greatest, while in the Month of December nearly corresponding in every respect, the Amount of failure is only one half

11. In the table appended for Districts or Stations, very great discrepancies in the respects just noticed will also readily be seen, and this two at contiguous Stations and of course in almost similar climates example in the Return for Stations 4 & 5 where the failures have been greatest, take Cannanore and

Fort St. George 26th August 1850.

and Calicut and contrast them together, and then compare these with Mangalore, or take Pronamallee and compare this column with that of Black Town, or with the Presidency division in Madras. In the Southern Division also the divergencies are very apparent, while at the same time the general truths of the influence of heat and of moisture is also partially and but partially borne testimony to, but not uniformly, at Kurnool during the hot weather the failures are very high while at Cannanore they are greatest in the cool dry Month of January.

12. As bearing intimately upon this question, I am desired to append another table shewing the results Monthly at ten Stations where the failures have been fewest, an examination of which will only corroborate the above remarks.

13. To draw the attention of Superintending Surgeons and executive medical Officers fully to this important subject these tables have been transmitted for their information, with the Board's request that continued attention may be given to it and the investigation proceeded with, in order to obtain more precise information on the subject

Fort St. George 26th August 1850.

subject and whereby a general stimulus will be given to the whole subordinate department, which will tend to ensure increased zeal in the performance of their duties.

14. In the general abstract of the Return of Vaccination will be found a continuation of the statistical table given in the reports for 1847 and 1848, and I am instructed to state in conclusion, that the expense per 100 Vaccinated this year (1849) Amounts to Company's Rupees (15-9-4) fifteen Annas Nine, and Pice four.

Para 1. The returns of Vaccination for the year 1849 give an increase over those for 1848 of 8091. The total number of persons operated upon in the year is 190185 and is larger than that of any of the five previous years.

1844—138800
1845—171051
1846—163832
1847—159024
1848—182094

2 The remarkable advance in vaccination throughout the Presidency during the last two years is very satisfactory and is, the Right Honorable the Governor in Council believes, greatly attributable to the improvements in the System introduced under the orders of Government in 1847 which placed the control of Vaccinators in the hands of the local Superintendents. The successful operation of this improvement in the Provinces is particularly shewn in the two Stations in the Rajahmundry District, where

1848-1849 Ingeram-4866-6082 Rajahmundry 5054-7031

Fort St. George 26th August 1850.

where, it is observed, the increase over the number of Vaccinations in 1848 is no less in 1849 than 3293, at Rajahmundry alone the increase being 2077.

3. The largest number of persons Vaccinated by each Vaccinator during the year was at Rajahmundry 1782 being the average number operated on by each of the 4 Subordinates at that station.

Nellore & Ongole	1537
Cochin	1719
Calicut	1727
Ongaddiporam	1757
Mangalore	1469

4. At the Stations noted in the Margin a nearly equal number has been attained, evincing especially at Rajahmundry where Mr. Scott's exertions merit the approbation of Government, the attention to this part of their duty and the efficient control exercised over their Subordinates by the local Superintendents.

5. At some Stations the Governor in Council regrets to observe evidence of neglect and inattention on the part of the Vaccinators.

J.G.B.

Fort St. George 26th August 1850.

Vaccinators, not reflecting credit on the local Superintendents. At Vellore and Tellicherry the average performance of each of the Vaccinators is stated to be 464 and 433 - or about five Vaccinations in four days - at Chittoor and Cannanore the Returns are but little more favorable while at Vizagapatam the District adjoining Rajahmundry, where the success of the local Officer has been so conspicuous four Vaccinators have during 1849 Vaccinated only on an average each one person per diem. The Governor in Council has not been informed of any special reason for this result in Vizagapatam - but he doubts not it has attracted the attention of the Medical Board and will be commented upon in their future reports if some improvement does not take place.

Chittoor - 543
Cannanore - 525
Vizagapatam 365

6. The Returns of the Presidency Division are not so satisfactory as might have been expected.

7. The Governor in Council is of opinion that a fresh distribution of the Vaccinators is required. In Vellore and Chittoor, both Stations being in the same District, there are he observes no less than 12 Vaccinators the average of whose annual labors has been about 1½ Vaccination a day. In Chingleput and Ponamallee, in the same District there

there are 10 and at Tellicherry there are 8 besides those at other Stations in the District of Malabar, and it would seem from the small average of Vaccinations by each Vaccinator at those five Stations that the services of so many are not required. We request the Medical Board to take this part of the subject into consideration, and in communication with the local Superintendents and the Collectors make such disposition of Vaccinators, if necessary, keeping in view the State of population in the range assigned to each.

8 The Governor in Council is gratified to find the interest taken in Vaccination by the Medical Board as exhibited by their late reports and will only add his earnest hope that the local Medical Officers will spare no endeavours to promote the spread of Vaccination among the people of this Presidency and thus diminish the ravages of the dreadful disease, it is intended to counteract.

9 Ordered that the Report of the Medical Board and the foregoing observations be published for general information.

10 Ordered also that the Board of Revenue

Revenue be requested to exhort the Collectors especially of those Districts where the returns of Vaccination for 1849 are unfavorable, to give their aid to the local Superintendents. Without the co-operation of the Revenue Officers, the Governor in Council is aware that the object of Government in the Vaccine Establishments cannot be fully carried out.

(Here enter 15th July 1850 No 298)

In para 14 of his letter transmitted with the above Proceedings the Agent at Kurnool has explained

explained the manner in which the Villa-
-ware of his District is conducted. The mode
described by Mr. Phillips seems to the Govern-
-ment to be marked with much arbitrariness
the Custom in regard to former holding being
apparently disregarded, and changes made
in the distribution of the lands from year
to year at the discretion of the Village
and Taluk Authorities - and according
to their estimate of the condition and
agricultural Stock of each Ryot -
such a System is open to great objection
and the attention of the Board should
be given to the subject in view to its
reformation -

From the Chief Secy to Government

Extract from a letter from the Honorable the Court of Directors dated 26th June 1850 No. 13.

Extract from the Minutes of Consultation dated 16th August 1850.

Transmitting an Extract from a General letter from the Honorable Court of Directors dated 26th 1850. No. 13 on the subject of a general Circulation of Bank Notes throughout the Presidency with the orders of Government thereon.

Letter from dated 11th Decr 1849. No. 17.

2@8 Forwarded Correspondence with the Chamber of Commerce on the Subject of a general Circulation of Bank Notes throughout the Provinces of this Presidency together with the views and decision of Government thereon.

2. The letter from Mr Nelson, the Chairman of the Chamber of Commerce which has occasioned the Voluminous Correspondence now transmitted to us, is filled with complaint, general and vague of the discouragement, which the Measures of Government are supposed by

Resolved that a Copy of these Papers be forwarded to the Chamber of Commerce with reference to the Extract from minutes of Consultation No. 447 dated 13th November 1849 also to the Board of Revenue to the Accountant General and to the Directors of the Bank of Madras.

by the Chamber, to have caused to the Circulation of the Notes of the Bank of Madras. The complete and masterly Refutation, given by the Board of Revenue and the Accountant General, to all the aspersions of the Chamber, leaves to us but little to say upon the Subject

3. Overlooking the Statements of Mr Nelson of the misrepresentations, which pervade them, and which have induced you to desire, that in all future cases of their addressing the Government, the Chamber will particularise their Charges, the two Substantive questions which be submits to Government, are 1st whether Bank Notes may be received into the Talook Treasuries, and 2dly whether the restriction to which Zemindars are subject of paying one third only of their instalments in Bank Notes, may be rescinded

4. You very properly declined to entertain the first proposition - To Sanction it, would be to offer encouragement to forgery and fraud - With Regard to the second question, you saw no objection to permit Zemindars to pay, either two thirds, or even the whole amount

of their instalments in Bank Notes under stipulation, that if the measure be found to work inconveniently the former restriction will be re-imposed. The evidence given in the letter from the Accountant General, proves that there is nothing to apprehend from the fullest extension of this privilege to the Zemindars. Hitherto, the restriction to pay but one third has been only a nominal restriction. The amount of the Land Revenue permanently assessed, which was paid in the several districts of the Madras Presidency, in the year 1847/48 was about in Rupees 63,40,000. Of this amount, therefore 21 lacs of Rupees might have been received by the Government Collectors, in Bank Notes. But in place of this amount, we find it stated by the Accountant General, that, "in the "Calendar Year of 1847 Bank Notes were only "paid including payments by land holders and "all others to the amount of Rupees 55,790 and "in 1848 to the amount of Rupees 19,340 and "these sums do not comprise, solely payments "made on account of public demands, but the "surplus notes, received by Division paymasters "and forwarded by them under the rules to the Collectors

Fort St. George 26th August 1850.

Collectors Treasuries." If therefore, when the restriction of paying one third only in Bank notes, was in operation, no more than thirtieth part of this fraction was so paid, it is clear that the extension to two thirds, or any larger portion, will be rather an apparent, than a real privilege, and will be unattended with inconvenience

Your acquiescence in this measure, is accordingly sanctioned.

5. The two questions propounded by the Chamber of Commerce, and thus disposed of. a further suggestion is indeed thrown out by Mr Nelson, that Government might permit the exchanging of Bank Notes for Silver, at all up country Treasuries, but as this would be tantamount to permitting every Government Collector to become an agent on behalf of the Bank of Madras, an idea "so preposterous" says Sir Henry Pottinger, "that I cannot imagine any person seriously entertaining it." and as moreover Mr Nelson himself acknowledges the suggestion to be "one which the Chamber feels it is hardly entitled to press on the consideration of Government".

We

Fort St. George 26th August 1850.

We would conclude by remarking that duty of the Government in connection with the Bank of Madras, extends mainly to the seeing that the provisions of the Charter are upheld, and the public interests thereby secured - With the internal business and management of the Bank they have beyond this no concern, and the Bank is therefore, to be regarded as an Establishment distinct from and independent of the Government. It is this sense of independence in which, as we have before said, and we now repeat it, "consists the best security for the solvency of Banking Establishments"

Read the following Extract from the Proceedings of the Board of Revenue

(Dated under 15th July 1850 No. 304)

Para 1. The Rains in the opening of the Season were Scanty and there was likewise a failure of rain after December. Both the early and dry crops, Indigo and pulse more especially, suffered in consequence. The North East Monsoon was good and the freshes in the two Chief Rivers of the District the Penaar and Coleroon tho' not heavy were "tolerably steady and moderate." On the whole the Season is characterized as favorable and the produce except in the dry crops above noticed, stated to have been abundant. Prices fell considerably below the rates of the preceding Fasly.

2. The year was peculiarly healthy.

3. The crop on Settlement as compared with that of the previous Fasly was

4. The decrease in the Poonjah is as the Board have remarked ascribed by the Collector in one place "solely to the effects of season" and in a subsequent passage to the "variation in the selling price of grain" and Mr Davis follows up his last remark by repeating the opinions which he has expressed in previous reports relative to the necessity for reducing the Poonjah assessment. The present is not a proper occasion for discussing this subject and the decline in the dry cultivation in the year under review as compared with that preceding is sufficiently accounted for by the character of the season which as already shown was not favorable for the early or later Poonjah crops after all the outturn of the Poonjah cultivation for Fusly 1258 although below that of Fusly 1256 and 7 was better than that of any previous year since Fusly 1231.

Two thirds of the decrease under the former head Rupees 61613 have occurred in the Manargoody and Chellumbrum Talooks which are watered from the lower anicuts. This decline is attributed by the Collector to the fall in the price of grain, and he has submitted a Statement to shew that the Results of Fusly 1258 are on a par with those of previous Years when the selling price of Paddy was pretty nearly the same. The Board observe that the Cause assigned if true, would be general in its effects whereas the decrease is comparatively small in the other Talooks (It is however to be observed that the portion of wet land to dry is much larger in Chellumbrum and Munnargoody than in the rest of the District / and they advert to

to the possibility of the ryots of the two Villages having been in some degree temporarily drawn away to the Purfled Jaghire of Collymalley which was this year under cultivation and to the possible abuse of the Circuit System. The Acting Collector has been called upon for his opinion upon both these points. It does not clearly appear whether the diminished Cultivation in the Two Talooks for the year under review may not in some degree be attributable to the Nature of the Season, as it is observed that the Crops in the Coleroon tho' tolerably steady and moderate are said not to have been abundant. The decrease whatever may have been its Causes in a part of the District on the irrigation of which such a large amount of public money has been expended, demands the serious attention of the Board of Revenue. With regard however to Para 130 of the Boards Proceedings which they have quoted, adverting to the Circumstances under which that Para was adopted, the Board should not make any change in its provisions, without the special Sanction

Revenue under 25th July 1850. No. 3101.

Para 1. In the foregoing letter the Board of Revenue submit the proposals made by certain Ryots of the Andioor Taloork in the Coimbatore Collectorate to clear and cultivate four parcels of Jungle land on terms as different from those provided for by the Rules of the District. The Acting Principal Collector states that a large portion of the Andioor Taloork is over-run with Jungle which is yearly increasing and with wild Beasts, that the locality for which applications have been made lies along the main road from Salem and Bowany to Mysore Via Collegal and that the Ordinary Poonjah Cowle of 3 Years, for waste, is utterly inadequate to meet the case on to induce

induce such outlay, labor and risk as is involved. He solicits that he may be permitted to make over the land rent free for 5 years and states that the locality is full of very heavy forest Jungle and will not be undertaken on any other terms.

2. Three of the parcels are in Chambully assessed at Rupees 33-0-6. and one in Modacums bearing a demand of Rupees 6-0-11. The Board recommend that these lands may be given to the applicants free of Assessment for five years one half for the sixth and full rent for the seventh year and afterwards, and that the Acting Principal Collector be authorized to follow the same course in regard to further applications for land of a similar description.

3. Agreeably to this recommendation the Right Honorable the Governor in Council authorizes the Acting Principal Collector of Coimbatore to accede to the proposals he has already received on the terms above mentioned, and to extend the System as far as possible, taking care that no ground is granted except what is really of the wild and jungly nature described, and that the Ryots are not

The Right Honorable the Governor in Council observes that a remission for 10 years to commence with Fasly 1259. of Rupees 3333-3-4 being the third of the Peishcush payable by the Beebee of Cannanore on account of her possessions in the Laccadive Islands was authorized on the express condition that she would give

effect to such reforms in the management of those Islands as the Government might deem advisable and this condition was ordered to be communicated to her -

2 The tenor however of the Beebee's address to the Collector of Malabar which has now been laid before Government is altogether vague and unsatisfactory and leaves no room to hope that she will introduce the needful reforms in the administration of her Islands. The Government have already shewn the utmost forbearance and liberality to the Beebee and as she has not accepted the proffered remission in a good spirit the Governor in Council has no alternative but to recall the offer and to direct that the Beebee be required to discharge her Peishcush in full and that the Collector of Malabar be instructed to realize such arrears as maybe outstanding without further delay. -

3. The Balance due by Yachamanany Venkatachellum been collected fully, it requires no further notice.

4. The Enams of Samvodiala Chennia are as shewn in the Margin each listed in two different places. These were originally granted in 1813 by the then Zemindar Mulcrauze Venkata Goondarow to Yachamanany Nagamma not on service tenure but for his subsistence. The Enamdar presented Copy of a Document written by the Zemindar to the Canpoos and Curnums of the Village directing them to define the Boundaries of 5 Coochella of Mettah land equivalent to the said Maunium and make it over to the party translation of which is forwarded. It appears that the Enams were granted on favorable tenures to the Enamdar as being of the same Caste as the Zemindar. The original grantee died in 1828 without issue, when his Brother in law Samvodiala Chennia who lived with him as an undivided family and who had equally with Nagumma been in the enjoyment of the Maniums, took possession of them Chennia died about 12 years ago and his son 8 years ago but Chennia's grand Son Rama Chendrapah is still living. Both the Enams have not been cultivated since 1832 but have been rented out for grazing Cattle and the proceeds thereof not having been sufficient to make good the Quit Rent there was a balance of Rupees 44-12-0 outstanding. A relation of Ramachendrapah (who is a Minor) however came forward in last July engaging to liquidate the balance by instalments in three years executing a Document accordingly, paid Rupees 8-8-0 reducing the balance to Rupees 36-4-0. He has also paid the Quit Rent for this year and cultivated a portion of the lands but as Rama Chendrapah thro' the party appearing on his behalf, declares himself both unable and unwilling to pay the balance elapsed as irrecoverable Amounting to Rupees 161-8-0 I concur in opinion with the Sub Collector who has enquired into the subject that as these Enams were granted after

after the Country came under the British Government and the original grantee having died without any legal heir, they should be resumed and the balance thereon Rupees 36-4-0 be struck out of the accounts.

5. The third party Mungala Jana Ryramana Yer owes a balance of Rupees 63-8-0 Two individuals now own this Enam. It appears from a Doombala that 2 Gurtoos assessed with a Quit Rent of Rupees 6-0-9 were granted as Enam to one Vungara Mungaladry Buttoo in A.D 1742 by Mulrauger Neeladdy Naidoo. As the Sunnud is stated to have been destroyed by fire it cannot be ascertained by whom the grant was originally made. The Enamdar presented a Cadjan leaf shewing the boundaries of the Enam. The Margin contains a genealogical tree exhibiting the parties who successively held this Enam. The parties last named left the Village in 1832 and returned to it about two or three years ago. Since 1832 the Enam has never been cultivated. Neither have the Enamdars derived any benefit therefrom. Another individual Mungalum Nursumbhuttoo appears

appears from the boundary deed to have obtained in 1756 two Gurtoos of Metta Enam. The original Sunnud is said to have been destroyed by fire and it cannot therefore be ascertained by whom it was granted. Lutchmia the Grand Son of Nursumbhuttoo left the Village with his father and returned to it a few years ago. The Enam is now registered in the Village accounts in the name of Mungala Jana Ryramana and the Curnums state that as they were not aware of the existence of Lutchmia in consequence of his having left the Village both the Enams were registered in the name of Mungala Jana Ryramana as being of the same family. The Claimants on being questioned express their inability to pay up the balance Rupees 63-8-0 and intimate their willingness to take possession of the Enams provided only they are granted free of Cist. From the accounts in the Records it appears that the Enams were assessed with a light cist up to A.D 1782, that the Cist was enhanced in the years 1782. 1802 & 1803, that the present Cist has been in force since 1803, that the amount was

was regularly paid up to 1832 and that the Enams have not been cultivated subsequently, a Copy of the Extract from the Register of Enams of this Village forwarded by the Guntoor Collector is transmitted. It does not appear from this that these individuals are entitled to them but the Register shows that Paupum bhuttoo is the real claimant to the Enam of Mungala Nursumbhuttoo, who by the foregoing Genealogical tree, does not appear ever to have been in possession. The present Claimants on being questioned state that Paupumbhuttoo is the younger brother of their grandfather but there is nothing to support this assertion. As the prayer of the Enamdars that the Enams should be made over to them free of cist cannot be admitted, I consider that they should be resumed, authority being granted for striking out of the account the Balance Rupees 63-8-0 outstanding against them.

Ordered to be submitted for the information of Government with reference to Extract Minutes consultation dated 27th March 1849. Para 2.—

The Board observe that of the amount of arrears Rupees 135-12- clased as doubtful in the Collector's Report dated 3d February 1849, Rupees 36-4- have been subsequently collected, Viz. Rupees 27-9- from Yachamanaig Venkatachellem, being the entire balance due by him, and Rupees 8-8- from Lamoodrala Chinnaiah.

Board of Revenue

31

Sir,

From the Collector of Nellore

I have the honor to bring to the notice of the Board the case of Jully Nundepaty Naidu, one of the Members of the Choondy Zemindar's family, to whom a Monthly allowance of 15 Rupees was sanctioned in Extract Minutes of Consultation dated 24th December 1840.

Reporting the wishes of the Choondy Zemindar to discontinue a portion of the allowance of J. Nundepaty Naidoo a Member of his family and stating that he (Collector) sees no reason why it should not be continued to him during his life time.

2.

This allowance appears to have been originally granted to him in consideration of his being married to the daughter of the late Zemindar, although in the Memorandum forwarded with Mr. Stonhouse's letter dated 20th August 1840, it is stated that he had absented himself from Choondy since 1832. His wife died in 1841 and the Zemindar has now addressed me in regard to the discontinuance of a portion of the allowance to J. Nundepaty Naida, his connection with the family having ceased with his wife's death. Of his five children a son is dead and four daughters are provided for by Marriage.

3.

J. Nundepaty Naidu appears to have been entirely dependant on this allowance for his support, which has been continued

12085

Fort St. George 26th August 1850

continued to him up to March 1849, and afterwards discontinued on account of his having been absent from Choondy five Months beyond the leave granted to him. The amount having been sanctioned in the name of J. Nundepati Naidu and having been paid to him for a long period after his wife's death, I see no reason whatever why it should not be continued to him during his life time.

Nellore, Collector's Cutcherry, 12th August, 1850.

Signed D. White
Collector.

Proceedings thereon

31.32

The Board concur in the view taken by the Collector, but as Nundepaty Naidu's allowance is a charge borne by the Zemindar and not by Government, they can only recommend the former not to reduce the stipend, his relative has so long enjoyed, and which was confirmed by Government at the time the Estate came under management of the Court of Wards.

35

Sir,

I have the honor to acknowledge the receipt of your Circular letter dated 30th May 1850 together with Copy of Parag. 5 of the Minutes of Consultation dated 23rd April last calling for a report of what has been done in my District in consequence of the orders of Government conveyed in the circular of the 28th August 1848, and with what results accompanied by my opinion as to the effects of this or any other mode of encouragement which may occur to me for stimulating competition in agricultural industry.

In reply I have the honor to state for the information of the Board of Revenue that on enquiring I find that a Proclamation on the subject of Rewards for Agricultural Produce was made in this District but that no results have followed. Indeed, in Bellary, the only product that was likely to be raised is the Cotton — of the different sorts for which prizes were offered. But until within the last 2 years none of the species of Cotton alluded to have been at all introduced, and the experiment is only in its infancy at present.

I do not think the offering of medals and other rewards will have much effect in this District.

In order to encourage the growth of foreign seed Cotton and fairly introduce it to the notice of the ryots, I would rather recommend that Government should for one or two years engage to take a certain quantity of Mexican or New Orleans seed Cotton raised in the District at a rate fully remunerating to the ryots and then leave the experiment to take its own course.

entered in column 9 with the exception of that portion alienated by gift and held by two parties in different shares

The Enams would appear to have been devided amongst three brothers of whom the husband of the deceased was one.

Recommended that the Enam lately enjoyed by Lutchmummah amounting to Rs. 23-2-11 be continued in the name of the said Venkatasoobbattoo the son of the original Grantee - The portion of the Enam held by Kurso-gavary Ramabattoo appears to have been transferred to him by gift 19 years ago and this not directly from the Enamdar, but thro a 2d Party to whom it had been also so conferred, and that as the enjoyment of Vellaula Venkatramabattoo was transmitted to him in gift, also by the original grantee Sippabattoo and has been held for the last 12 years -

Recommended that both these shares of the Enam amounting to Rs. 8-1-4 and 26-11-9 be continued to the Parties respectively in possession for their lives, in consideration of the alienation having occurred sometime back - and of the continued enjoyment in virtue thereof these Enams to lapse to Government on their demise -

of the Enams mentioned in Column 3 those in possession of the deceased Boatchemmah are as follows

The deceased left no heirs.—

The deceased has no other means.—

The 1st Claimant Vardacharloo appears to have little or no claims to the property of the deceased through he was in the possession of a portion during her life time.—

It appears that the great Grand father of the Claimant had 3 Sons the 1st and 3d of whom died prior to their father and the 2d was given in adoption to another family, he thereby loses all claim to the paternal property.—

It is stated that the Enam No. 158. was in possession of the deceased, but as it was entered in the Pymayesh and Enamaty accounts in the name of Nundiala Ramacharloo the father of the Claimant, I recommend the Enam be entered in the name of the Claimant Vardacharloo.—

The 2d Claimant Tantacharloo claims the lands No. 180. 205. 208. 214. 216 and 283 in Virtue of a deed of sale dated 18th January 1848. This deed of sale being after the Regulation and Government Orders, is null and void.—

The 3d Claimant Coovar Prasunna Charloo it appears has been in possession of No. 180 holding it under a Deed of gift which is mentioned in the Pymaish account. I recommend that this number be continued in the name of the deceased in his name, and that the other numbers entered in the name of the deceased and her husband, though some of them have been enjoyed by others during her life time be all resumed as there are no documents forthcoming to shew that those holding them have any legal title.—

To The President and Members of the Board of Revenue

Gentlemen,

Para 1. I have the honor to report for your Board's information the death of Vencatabhut No 61 in the Register for charitable allowances. His pension was 192 Rupees 5 annas per annum. The family he has left consists of 4 sons, and a wife residing, a number of other people depending upon him for support. He received this pension for the ceremonies performed on the Birth day of the God Ramah in the Village of Sidhout, and his eldest son Vencatarramanabhut succeeding him in the office prays his Father's allowances may be continued to him.

2 I shall be glad to be favored with your Board's orders on the subject.

Proceedings thereon.—

Submitting a letter from the Collector of Cuddapah and recommending that sanction be granted for the Transfer of the Yeomiah enjoyed by the deceased Vencutaramanbattoo to his eldest surviving brother yella-pah on the same terms as that held by the former, and that a Summud similar to that granted to the deceased, be furnished to him.

38

In Cnx 26th March 1827 Proceedings 26th March 1827

1. This yeomiah is said to have been granted for the performance of certain ceremonies on the birthday of the Bindee Deity Ramah, in the Village of Sidhout and was continued to the deceased at the death of his Father. Vencatabhut, by order of the Board under date of 23d April 1827.

2. The deceased left no children. but he adopted his Nephew Commumbottoo, to whom his shares in certain Bhutwerty Enams are proposed by the Collector to be continued, in the same letter which refers to the Yeomiah now under consideration.

Enclosure No 1 in from Cuddapah 26 June in Cons 26 August 150.

3. The Yeomiah is recommend-ed to be continued to Yellapah, the eldest surviving Brother of the deceased who has performed the ceremonies since his Brother's death.

4. When the death of Vencatabhut, father of the deceased Yeomiahdar, was reported to the Board by Mr. Ogilvie in his letter dated 21st March 1827 they called for information as to whether his summud was not for life, and

Mr.

Fort St. George 26th August 1850.

In Cons. 19th April 1827

Mr. Ogilvie in his reply dated 16th April 1827 mentioned that Mr. Ross did give a life Sunnud to Vencatabhut as the orders of the Board allowed, but that he believed the grant to have been originally a Mushroot [i.e. held under condition to perform some duty] and therefore hereditary.

5. The Board in their letter dated 23rd April 1827 authorized the continuance of the Yeomiah to Vencatabhutloo by a sunnud on the same terms as that held by his Father. Viz. for life, and stated that "it is desirable that the propriety of continuing Pensions of this description should come under consideration on the occasion of every lapse which is the reason of limiting the pension to one life".

6. Referring to the opinion given by Mr. Ogilvie in his letter above mentioned, that this Yeomiah ought to have come under the head of Mushroots, an opinion strengthened by the fact that ever since there have been any Records of the case, a service has been

Fort St. George 26th August 1850.

been performed, the Board consider that the Yeomiah should be transferred to Yellapah, the brother of the deceased, on the same terms as that the latter held it, and therefore recommend that the Sunnud similar to that granted to Vencatabhutloo be furnished to him.

Ordered also that the following remarks be entered in the proper column of the Statement accompanying the letter from the Collector and submitted for the Orders of Government.

In default of near relatives or heirs the Board concur in the proposal to resume the deceased Daureyaoos share in this enam, viz^t. A 1 — C 19 — A 8, assessed at Rupees 1-4-8. In reference to this case the Collector's attention is called to para 11 of the Board's Circular of the 27th July 1848 directing that the Enam Lapses to be reported, should be confined to those cases where the propriety of continuing the grant seems at all doubtful although the transmission of this Enam has been irregular, it having passed out of the family of the Original Grantee 27 years ago, considering that it has

The Board consider this case to come under those to which Para 3 refers.

on Petition No. 1283 of 1850 presented by the Shrotriemdars of Meenjore and Arinvoyel and gives explanation for certain points referred to.

Fort St. George 26th August 1850.

Board's Endorsement on Petition No. 1283 of 1850. I have the honor to report that having received instructions to deliver over to the Petitioners the Shrotriem Villages of Meenjore and Arinvoyel with the net proceeds realized during the period they were under the management of Government the sums noticed in the Petition were deducted from the gross collections, and the balance paid to them. To two of these Charges the Petitioners have objected; it is only necessary therefore for me now to refer to them in detail.

The orders being to restore the Shrotriems with the net proceeds, it was deemed proper to deduct the proportionate amount of Charges of Management, and which was determined

The other item of Rupees 133-2-3 also objected to by the Petitioners was incurred on account of the introduction of the Tarawary statement into the Villages, which was just completed when the orders of the Court of Directors for their restoration was received.

This as the Board must be aware, is an obvious advantage to the Petitioners, and is a measure eagerly sought for by many of the Zemindars & Shrotriemdars, and should be defrayed from the

This individual died childless many years ago, but there is a man Enam shah who was brought up by him as his child. There are also a number of persons as named in Column 10, the family of a younger brother of Shah ally Durwiesh. At present Enam Shah enjoys 1/4 of the Coorumbady Enam as his portion and the remainder of all the Enams is enjoyed in various portions by the other Sixe persons. Viz^t. the widow of Enam ally Shah 1/2 share his two sons 1/2 share each and the other 3 persons 1 share each— These Enams were granted for Mainte- nance only and the grants were clearly personal and not hereditary. It appears therefore, that if renewed they should be limited to the lives of the present claimants or some of them as may seem proper—

This Enam was held till Fusly 1243 by the person named in Column 8. In that year he died leaving no heir on the spot and for several years the Monigar of the Village cultivated the land and embezzled the proceeds; it was afterwards waste for eight or Nine years and was again cultivated in Fusly 1256 and measures have been taken for collecting the Assessments in the last two years it has been waste.

When the circumstances of this land first came to the knowledge of the Collector he made enquiries whether the late holder had left any heirs. None were found on the spot and it is believed that the last holder left no direct heirs; but it was stated that some relations descendants of the original grantee were living at a Village in the Chingleput District, and a notice was sent to these persons in September 1849 requiring them to appear roduce their papers, if any, and prove hey have failed to appear or to prefer any aim in any of the Enam Registers of the at it was over held on any valid title. Under I recommend that it should be finally resumed.

Hurrurnamah given by Syed Emam and Syed Mumraze the former the younger son and the latter the son-in-law of the late Syed Mamood residing at Hannanoor.-

We declare the following facts as before God.

Syed Mohodeen who is an elder brother to one of us and Brother-in-law to the other being too ill from fever and ague to attend to the Orders of the British Government on the occasion of the demise of his Father the said Syed Mamood entrusted us with a Phogaruttah bearing the signature of Soobharoya Moodely and Lutchmana Veneatataraya Pillay and directed us to wait on Mr. Cooke the Collector in order to have the Mushroot Enams of 30-9 1/2 lee. as in force since the time of Nabob Wallajah for defraying the expenses attending the maintenance of the Tombs of deceased Shyeedans/men who died in the field of battle/ continued in his Syed Mohodeen's name we accordingly

accordingly presented Ourselves before Mr. Cooke and the Gentleman by virtue of the Sunnuds of former Authorities conferred the land in question in our names - Now although the Jaury Sunnud is granted in the names of us both and not in that of Syed Mahodeen we declare we have no objection whatever either to look to him / Syed Mohodeen / for support or to living in unity with the other claimants. According to our Law Syed Mohodeen's claim is greater than ours and we agree to take as our shares now and hereafter whatever he will give us after the necessary expences of the Mushroot have been defrayed - Should we in ought act contrary to this agreement we will not only acknowledge ourselves to be guilty according to our Law but submit to such punishment as the Circar may inflict..

From the Collector of North Arcot

Sir,

I have the honor to acknowledge the Extract from the Proceedings of the Board of Revenue dated June 17th 1850 communicating the orders of Government on the subject of the Ground committed by Zahoroodeen Emaundar of Vailum.

2. The orders of Government in the first and second Paras of the Minutes of Consultation have been carried into effect with the exception of those which relate to Kullimedoo

Buksh and the Cast Keeper Soob Row. With respect to the former individual his Pension is not paid by me, but, I believe by the Civil Judge of Chittoor, and now that he is absent in Bengal, I do not know where or how the pension is paid.

3. As respects the Cast Keeper the Government direct that he should be suspended from Office for Six Months. The situation he holds is one of much pecuniary responsibility, and the incumbent has to furnish security to the amount of 5,000 Rupees; his suspension therefore must be inconvenient and embarrassing from the difficulty of finding a suitable person to employ in the interval. Soob Row has served the Government for above forty five years, he has generally borne a very respectable character, and the faults which have now brought him under the displeasure of Government are those of carelessness and neglect only, he is upwards of Sixty years of age, and is far from strong. Under all the circumstances I would beg to recommend that the Government would

be

be pleased to remit the sentence of suspension, and permit Soobe Rau to retire on his pension on his obtaining the usual Medical Certificate

4. The Government acceded to my recommendation that rewards should be given to three persons whose information was of use in the detection of Zaheroodeen's fraud. The hundred rupees has been disbursed to Azeez Hoossain Khan,, erroneously styled Hoossain Khan in my former letter - Ameenoodeen disappeared before the case came on to trial at the Sub.t Criminal Court and could not be found when his evidence was required there, and I think he has thereby forfeited his claim to the present of 50 Rupees awarded to him - Laul Mahamed, in addition to his former services, was very active while the case was before the Sessions Court in tracing the identity of the female falsely brought forward to personate Rauhiah Begum, and it was chiefly by his means that the Court was satisfied on this point.

I

I therefore took upon myself to increase his reward to 75 Rupees by the addition of 25 Rupees from the 50 awarded to Ameenoodeen, and I hope the Board will approve this step and so recommend it for the sanction of Government. The remaining moiety of Ameenoodeen's present will be carried to the credit of Government.

Submitting with reference to Extract Minutes of Consultation 5th June 1850, a letter from the Collector of North Arcot reporting the steps he has taken for the punishment of the parties implicated in the frauds practised by

Sir,

I am directed by the Board of Revenue to submit for the information and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of North Arcot dated 10th August 1850, reporting what steps he has taken in obedience to the orders of Government dated 5th June

by Zakeroodeen Enamdar of Vailum and recommending the same for the approval of Government

June 1850 for the punishment of the parties implicated in the frauds practised by Zakeroodeen Enamdar of Vailum by which it will be seen that Kullunder Burkh is absent in Bengal and the Collector does not know where or how, the pension is paid.

2. As respects the Cash keeper Soob Row the Collector submits that his suspension for six months, would be inconvenient and embarrassing from the difficulty of finding a suitable person, prepared to furnish the required security, to fill the office for that period That Soob Row has been above forty five years in the public service, during which he has generally borne a good character, and that the faults which have now brought him under the displeasure of Government, are those of carelessness and neglect, not of dishonesty. Under these circumstances, the Collector hopes that Government will be pleased to remit the sentence of suspension, and permit Soob Row to retire on his Pension, on obtaining the usual Medical certificate; in this recommendation the Board beg to concur.

3. If the three parties to whom Government granted rewards for affording information respecting Zakeroodeen's fraud, it appears that one person, Ameenoodeen, disappeared and was not to be found when wanted before the trial came on, and thus in the Collector's opinion forfeited his reward; the half of which Rupees 25, Mr Bourdillon has added to the sum allotted to Laul Mahomed, thereby increasing it to Rupees 75, in consideration of his activity in tracing the identity of the female who personated the late Rauhiah Begum, and the importance of his evidence at the trial. For the disbursement of this sum he solicits sanction, and the Board beg to recommend the same for the approval of Government.

Sir,

In reply to the Extract from the Proceedings of the Board dated 18th Instant, para 2 requiring my opinion on the subject referred to in para 8 of Extract from Minutes of Consultation dated 10th July 1850, I beg to observe that if the Board deem the detailed return of Cultivation adverted to in para 7 absolutely necessary or likely to afford much useful information they can and will be prepared. but it will entail considerable extra labour on the Village Officers, and is also I think undesirable, in Coimbatore, as increasing the interference and scrutiny by the Talukdar, Cutcherry, and other local Officers, into the Ryots means, his family, Cattle prospects,

Requesting the Board's further instructions for the preparation of the detailed Return of Cultivation referred to in Para 8 of the Minutes of Consultation of the 10th Instant

prospects &c. open to much abuse, dislike by the Ryots and to be avoided as much as possible. Under this view I shall defer ordering the preparation of such accounts unless I receive the Board's further Orders.

2. In point truth, the Putcut System of Coimbatore is a saddling one, with less of freedom of Cultivation, and more of interference with the Ryot, than is supposed. or is desirable, the freedom to enlarge his holding, is far more carried out in practice, than the necessary permission to Contract, when he wishes it. The object and aim of every Talukdar, at each succeeding "Puttum," or preliminary settlement, is to screw up the Rent Roll of his Talook to its highest pitch for his own Credit, and to oblige or persuade many Ryots to take up more land than they can profitably or willingly hold. The succeeding Pymmahbundy even when made leisurely and carefully in each Talook, only partially avails to remedy the evil the Ryot has, ere that time

either

Submitting the necessary explanation on certain items of actual charges of the Salt Department which were incurred without Estimate in Fusly 1258.-

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 17th Ultimo, I have the honor to afford the explanation therein called for on certain items of actual charges of the Salt Department which were incurred without Estimate in Fusly 1258.-

Account Particular No. 6. The charge is that referred to in Para 9 of the letter to the Board dated 8th July 1834. Whilst payment was made formerly to the lessee of Cochrane's Canal, it has been a mere adjustment in account since the resumption of the lease.-

Account Particular No. 10. The rates of Boat hire for conveying Salt vary according to the distance from the places of manufacture to the places of store, as follows.-

From

Fort St. George 28th August 1850.

From Attiput to Madras the distance is 12 miles and Boat hire [illegible]

					Rate per
"	Ennore to	Do.	12	Do. Do.	[illegible]
"	Vullore to	Do.	12	Do. Do.	[illegible]
"	Voyaloor to	Do.	18	Do. Do.	[illegible]
"	Attiput to Ennore Beach		1/2	Do. Do.	"
"	Ennore to	Do.	1/2	Do. Do.	"
"	Voyaloor to	Do.	6	Do. Do.	[illegible]

Account Particular No. 11. The Work refered to in this account having been done under annuary up to the 3rd June 1849, the charge paid at the Madras Cotaurs was at 4/- fanams, whereas the rate paid by Contract from the 4th of that month was at 5 Annas per Garee. The difference in the rates paid at Ennore has arisen from the same cause.

Account Particular No. 12. The charge for measuring Salt both at Madras and Ennore was under annuary 4 as 8 and for thatching No. 1 11. per Garee whereas the contract rate both for measuring the Salt and covering it with Palmira leaves was No. 6 4 at Madras and No. 5 10 at Ennore. These were the lowest rates procurable at the time and if they exceed the rates in force in Chinglepet, South Arcot and Rajahmundry, it may be attributed to the well known fact that the labourer's wages are always much higher at the Presidency than in the Provinces

in

Fort St. George 26th August 1850

in proportion to the comparative difference in the selling prices of the common necessaries of life.

Account Particular No. 13. The above remarks apply equally to the difference in the rates for Weighing Salt at Ennore compared with those in other Districts.

Account Particular No. 15. The charge refered to in this account as paid to the Master attendant for some time, previously to the 8th August 1848 was Rupees. 5 1 — but an arrangement having been effected with one Audeemoolum Chetty for the supply of Boats at a reduced rate, Captain Bidrw expressed his opinion with reference to a representation made to him respecting the slow and irregular manner in which Audeemoolum Chetty's Boatmen worked that this Department would consult its own interest by making the requisition for Boats, as usual, through his Office. The old system was reverted to accordingly, on his agreeing to furnish Boats at quite as low a rate as Audeemoolum Chetty. The rates established under the rules of the Master Attendants' Office and those to which they have been reduced

are

Fort St. George 20th. August 1850

are as follows.

	Original Rates Rs. a P.	Reduced rates Rs. a P.
Hire for taking each Boat to Ennore and returning thence	5 1 0	4 10 0
Boat hire for each trip in taking the Salt to the Ship	1 8 0	1 7 0
Batta for each Boat per diem.	12 6 0	11 0 0

2. The charges for covering, measuring weighing, loading and unloading conveying and shipping Salt were first undertaken by contract in March 1848 by Parasooramma Moodelly. The orders of the Board dated 20th. Ultimo and the previous correspondence on the subject will shew under what circumstances the contract system has been discontinued, but whilst the whole work is now performed under annamy management, the rates do not exceed those paid to the late Contractor. Should the revival of the contract system appear, at a future period, to be desirable, it will certainly be recommended for adoption.—

Account Particular No. 17. The entry in the "Statement" which accompanied this account will shew that the charge therein referred to, was for the purchase of Gunny Bags required to secure "the Salt when sent off on Boats for Shipment." The Bags previously in use having been purchased in July 1855

Vide account Particular No. 16 for July 1855.

were

Fort St. George 20th. August 1850

were found to be such an unserviceable state in 1258. that it was requisite to replace them by others.—

3. I enclose herein Copy of the Takeed dated 28th. March 1849 which the Board have called for, together with Copy of the last Arzee from the Salt Superintendent therein referred to. It will be seen that the Takeed in question was issued in consequence of the measures having totally refused to accept the hire paid prior to the communication of the Board's orders dated 18th. September 1848 that the receipt of Salt as well as the sale should be conducted by the stricken measal.

Encls. A

" B.

4. Before these orders were received it is known to the Board that the measal was struck with the hand on the delivery of Salt into store, and that, when sold for Home consumption, it was struck with a plank. The hire paid for the former operation was As 3—2 per Bg. and for the latter which is much more laborious As 4—6 The rates for both purposes were afterwards equalized, the amount payable from the date of the Takeed referred to, above being

As 4–6 per G. The same rule was made applicable to the receipt of Salt at Emore, which is stored there for export by Sea.

5. The Takeed also directs, with reference to the Superintendents representations, that the hire for Weighing Salt and loading on Boats be raised from As 13 to the rate in force previously to July 1848, Viz. As 14.

question has been disputed for some years past and is still disputed as will be seen by the accompanying copies of letters from the opposing parties who are in possession of the title deeds, and their Solicitor. From inquiries which I have made on the subject, it appears that Ghoolam Mahomed Ghouse is now in possession of the property in question as his ancestors were before him, for a number of years past, but for the reasons stated in the concluding part of my letter to your address of the 1st Ultimo, and with reference to the opinion expressed by the Advocate General in a letter to the Board of Revenue under date 9th September 1828 it is not customary to issue a fresh Certificate to one party when the old title deeds remain in possession of another, both claimants being directed to settle their dispute by the Judgment of a Competent Court.

Collector of Madras.

Sir,

With reference to our letter of the 5th. August addressed to you on the subject of our House situate in Moor Street at the Black Town, we beg to state that in consequence of very heavy Law Suits the Estate affairs were altogether stayed. We are unable to have had access to the Papers belonging to the Estate nor had we any legal Title to the Landed Property of our Testators, to enable us to take active measures to procure by Law possession of several of our Landed Property belonging to us. We are now in a situation to recover all property in a due course of Law, and have a legal Title and have also lately sold

sold a House in Fort to Government.

We have collected rent to the House in question, and have always watched the workings of the Intruders, In 1841. the House was seized by the Sheriff and we then caused the Deeds to be produced in Court and the sale was ordered to be postponed. At the same time and on the 21st April 1841 caused our solicitor Mr. Wilkins to address you on the subject of this House a reference to that Letter will satisfy you as to the truth of what I advance.

Under these circumstances we trust you will take into consideration our situation as Hindoo Females the heavy suit which threw the Estate in a Court of Chancery, and the Title Deeds being in our Testator's name and in our possession ready for production that you will order the giving possession to us of the House in question.

No. 1.

Extract from a letter from the Resident of Travancore and Cochin, dated 29th June, 1850. No. 15.

Para. 10.

I had frequently heard that Pepper was smuggled, to a large extent, from the Travancore territory, into the Company's Town of Cochin, and for which there is the greatest facility, owing to the extensive inland Navigation with rivers leading into the Midst of the most productive Pepper Districts, but the subject was brought prominently to my notice, on my recent visit to that Circar.

11.

Positive information having been brought to me, on the subject, I sent over several persons to the Town of Cochin, to inspect the Bankshalls of the Native Merchants, where the Pepper was stored, and the report made to me, estimated the quantity at from 800 to 1,000 Candies, or at the then sale price, equal to 1/2 a lac of Rupees. As the Cochin Sircar have no Pepper, and there are no Company's Districts to

furnish

Fort St. George 29th September 1850.

furnish Pepper to the Port, the only Pepper is that of Travancore.

12. The neglect of the Travancore Sircar to pay for, or take the Pepper off the hands of their ryots for 3 or 4 years back, has been a cause of the Smuggling, but it has existed at all times to a greater, or less extent. The loss however to the Circar, during the present year, was so material, and the Pepper so openly exposed for sale, that I addressed the Collector of Malabar, to ascertain if he could not assist in checking the practice, but I regret to add, that he has not been able to suggest any remedy.

13. An expense is incurred by the Government for small Police Establishments at Tangacherry (Quilon) and at Anjengo, and which, although small, appear to me hardly necessary.

14. Both of these places are British Possessions, and have therefore, although both are farmed out to the Travancore Sircar, been permitted to retain the privilege of being subjected only

only to the Police and Civil Courts of the Company's District of Malabar.-

The arrangement has it's inconvenience to both parties, I believe, the one in the distance of the controlling authority, the other in the occasional immunity to offenders, and with but little real advantage to either: but I propose reverting to the subject at another opportunity.-

The Annual rent of the Tangacharry Farm ... Rs. 2,507-

The annual charges for Police &c. about 600-

The annual rent of Cottadilly Farm - 1,450-

The annual charge for Police and an Amenah &c. about ... 1,200-

15. I hope I may be permitted to notice that I have not yet been favored with the orders of Government on my report, No. 28, of the 8th September 1848, on the Boundary disputes between the Travancore Sircar and the Collector of Timevelly.-

Submitting explanation with his repeated recommendation in favor of the family of the Raidroog Poligar as called for by the Board of Revenue in their Proceedings dated 31st January 1850.-

Sir,

In their Proceedings under date the 31st January last the Board of Revenue have called for further information on the subject of my application on behalf of the family of the late Poligar of Raidroog, who are desirous of relinquishing for a money payment certain Lands held by them, I am required "to state particularly whether the "land now covered with Nutt has been left "uncultivated since it has been held by these "parties or for what number of years it has "continued so and whether it has fallen into "its present state thro neglect." The Board further direct me "to explain upon what other means these parties subsisted at a distant station independent of their allowance."-

2. I have the honor in reply to annex the following Statement shewing the quantity of the Enam Land in question held by the Raidroog Poligar's family at Hunal Eanahall and

and the period that each field has been left uncultivated.—

The land therein shewn has fallen into it's present state not thro' any neglect of the family to cultivate it, but from sheer inability to provide the necessary capital in order to break up the Rutt with which it is covered, and to contend against the adverse seasons which visited this Taloke in former years, and threw so much of the valuable Black Lands out of Cultivation which have never since been redeemed. The small portion of Land still under cultivation is for want of means to cultivate it properly, nearly in the same state as the rest.

With

Fort St. George 29th August 1850.-

3. With reference to the second point in which the Board have called for explanation I have the honor to observe that Condiniaid one of the two incumbents resided at Bangalore for 10 Months in the year 1847 and 8 months in 1848 and there subsisted by aid of a relation who holds Office under Government. The other Subadar Raid was at Raidroog in the receipt of his own Monthly allowance of Rs. 12-2-5 with this and with what he reaped from their Enam Lands in other Villages; he supported the family which is an undivided one. On enquiry I find that the family which is large, is certainly in a distressed state and that they have not the ability to bring the lands in question into such cultivation as to hold out hopes of obtaining any profit from them, I beg therefore to repeat my recommendation in favor of the family and trust the Board will be pleased to submit the same for the sanction of Government as requested in my letter of the 4th January last.-

Bellary District Collector's Office or Circuit Minchany, 7th August 1850.—

Fort St. George 29th August 1850.

Ordered that the foregoing letter and the previous Correspondence upon the Subject be submitted with the following Address.-

To.

The Chief Secretary to Government.

(25.26)

Sir

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the Correspondence noted in the Margin, between the Acting Collector of Bellary and this Office, on the Subject of a request made by Soobadar Naid and Conate Naid, Poligars of Raidroog, that certain lands given them formerly in lieu of a Money Pension may be resumed and the allowance in money be renewed.-

To the Chief Secretary to Government.- Submitting a correspondence with the Collector of Bellary and recommending the resumption of a portion of the land given to the Poligars of Raidroog in exchange for a money allowance.-

2. These Parties enjoy a Pension from Government of 100 Canteroy Pagodas, and a similar amount in land, originally the entire allowance was made in money but in Fusly 1216 and 17 the then Poligar agreed to take the amount in land, and consequently from that

Fort St. George 29th August 1850.-

that time to Fusly 1234, all money payments ceased, the Poligar then requested the renewal of the latter to the extent of one half, Viz. 100 C. Pagodas, in consequence of his reduced circumstances and part of his land having been flooded.- which request was complied with by sanction of Government.-

Extract Minutes Cons: 17th inst. 23d August 1844.---

3. The present Poligars are desirous of giving up the Dry land portion of their Enam, Viz. 106-39-7 and of receiving the equivalent thereto C. Pagodas 51-9-2½, or Rupees 151-6-a- in money.- The land is situated at Hanasranahull, and is all black land, it is now covered with Nuttgrass having long been left uncultivated from the want of means on the part of the Poligars to sow it.-

The Board did not in the first instance consider the above grounds sufficient to allow of their recommending a compliance with the application.- They were not satisfied of the length of time the land had been waste, or of the real inability

of

of the Poligars, especially since they ha
the means of residing at Bangalore
for 8-9- and 11 months consecutively wi
a period of 2 years. without drawing
their allowance until their returns
shewn in the correspondence noted in
the Margin, they consequently called up
on Mr. Pelly for further information,
and in his reply he states that 60 per
Cent of the Dry lands have been
waste many years and that through
no neglect on the part of the Poligar
to cultivate it, but from sheer inabili
to provide the necessary capital
in order to break up the Nutta
with which it is covered, and to
contend against the adverse seasons
which visited the Talook in former years
and threw so much of the valuable Black

never since been redeemed. The Government
are no doubt aware that this kind of land
requires capital both to keep it up and to
retain the land when once overgrown. He
also explains satisfactorily the matter of the

Document E a Pahazurnamah dated 1836 said to have been given by the Villagers Certifying that Ramabhuttoo was 36 years old when he died, and that consequently he would not have executed a Deed of Gift transferring the disputed Enam to his Nephew Lutchmenursoo, Defendant and that they had heard that the latter had forged the document on the demise of Ramabhuttoo. -

4. The 2d Petitioner Sheshamma claims

claims the share of the Enam lands held by her husband deceased, and avers that on his demise in 1819/20 she lived with her Father and let out the same on lease for the period of 4 years, when she was given to understand that Ramabhatlo had taken illegal possession of the lands, that in consequence of her having then presented a Petition to the Tahseldar in 1826, the said Ramabhatlo entered into an arrangement with her, agreeing to give her annually one Potty of grain and 4 Rs. in ready money, that as he failed to act up to this agreement she preferred her Complaint a second time to the said Officer, who issued orders to the Village authorities for the restoration to her of her share of the Enam, which induced the said Ramabhatlo to enter into some arrangement by putting her in possession of certain Pourasheteum Enam lands in the Villages of Garevaloor and Wopaloor assessed at Rupees 11-10-4, of which she is still in enjoyment. The Petitioner further states that on the demise of the said Ramabhatlo, his Nephew the present Defendant Lutchmenursoo forged a deed of Gift as having been executed by his late

late uncle in her favor, transferring to him the disputed ½ share of these Bhatavirtee Enam lands, and usurped the same, having succeeded besides to the other ½ share which belonged to his Branch of the Family, and that she has from that period occasionally preferred Complaints for the recovery of her Enam, but without obtaining any redress.

5. The following Document has been filed by the said Sheshamma 2d Petitioner in support of her claims.—

1. Document marked F dated 1826 and executed in her favor by Ramabhatlo binding himself to allow her one Potty of grain and 4 Rupees in Cash annually or in failure thereof to surrender the share of the lands enjoyed by her late Husband.—

6. The Statements of the Defendant Lutchmenursoo is at variance with that given by the 1st and 2d Petitioners as concerns the latter (Sheshama) having had possession of the Enams held by her late Husband for the period of 4 years subsequent to his demise. He deposes that with the exception of that portion of Pourasheteum Enam transferred

to

to Sheshammah, as already noticed, by Ra-
=mabhuttoo, he obtained possession of the
remainder Viz.th Rupees 51-14-2¾ by virtue of
a Deed of gift executed to him by the
said Ramabhuttoo, and acknowledged to
have succeeded to the whole of the Bhatavritte
Enams, (Chinna Soobbabhuttoo and Rama-
=bhuttoo having also enjoyed the share left
by Venkata Soobabhuttoo, the late Husband
of the 2d. Prisoner, thro' whom he, Defendant,
obtained possession, and he sets forth his
title to continue in possession of the
whole of these Enams on the strength of the
Judgment arrived at by mediators appointed
by the then Collector at the instance of the Peti-
=tioners who decided that 2d. Petitioner Shesha-
=mah was not entitled to any further claims
as she had received thro' Ramabhuttoo the
Pourohettum lands (above referred to) and that the
1st. Petitioner Soobramanya Somayajoolu had
no claims whatever to participate in the Enams
in question, never himself nor his Branch
of the Family having been in the enjoyment of
the same. -

7. The following Documents have been
filed by the Defendant Lutchmeenursoo. -

1. Deed of gift G on stamp paper dated 1828
executed

executed to him by Ramabhuttoo
making over to him ¼ of the Pourohetum
and the whole of the disputed Bhatavrittee
Enams which he held. -

2. Copy of a Document H dated 1826
alleged to have been executed by the 2d.
Petitioner Sheshammah to Ramabhuttoo
binding herself not to transfer to others
the portion of the Pourohetum Enams
which had been granted to her by
Ramabhuttoo (Defendant's uncle). -

3. The decision of the Punchayetoo
marked I dated 22d. June 1836 decreeing
that the 2d. Petitioner should enjoy
during her life the Pourohetum Enam granted
to her for maintenance by the deceased
Ramabhuttoo, and that the Defendant
should enjoy the remainder according to
the Deed of gift G executed to him by
the said Ramabhuttoo and that 1st. Petitioner's claims to a
share in the Enam lands enjoyed by the late Ramabhuttoo
cannot be recognized. -

8. The Documents A and B filed by the Petitioner are
on plain Paper and Palmyra leaf, and do not appear in any
way to support his claim. From these Documents it is to be
inferred that these Enams entered in the Accounts (as already
noticed) in the names of Chinna Soobbabhuttoo and Venkata
Soobba Bhuttoo descendants of one Branch of the Family from
½ portion of those thereon alluded to. -

The

12235 Fort St. George 29th August 1850.

9. The Documents C. D and E. bear evident marks of having been got up by the Petitioner to serve his private ends, though the validity of the former of the three appears to have been established by evidence. This is likewise executed on plain Paper which has evidently been smoked (a common practice) to give it the appearance of an old document, while the Colour of the Ink would induce to the belief that the writing was of recent date, and its tenor is of too preposterous a nature, to admit of the slightest credence being attached to the testimony of the Parties who supported its authenticity. It cannot for a moment be supposed that the Uncle and Nephew would so execute a Document in favor of 1st. Petitioner's Father a distant Cousin when they had themselves such near relatives to succeed to the same as exhibited in the genealogical Table which accompanies.-

10 The validity of Document D has not been established and it has also every appearance of being a forgery. It is dated 1832 and purports to have been executed 4 Months subsequently to the death of Ramabhattoo while the paper appear

12236 Fort St. George 29th August 1850.

appears new as also the writing. It does not appear that any allusion is made to this Document when the Punchayet was convened in 1836, never having had posession even of her late Husband's share of the Enams since 1825 it seems highly improbable that 2d. Petitioner should have executed in 1832 this Document disproving a share also (Ramabattoo's) to which she never could have been entitled. Little import can, I am inclined to think, be attached to the contents of Document E. expressive of the opinion founded on hearsay reports, of certain Inhabitants of the Village in respect to the fabrication of another Document (G) the deed of gift executed to Defendant by Ramabhattoo assigning over the disputed Enams to him particularly when it is considered that the relationship of the Parties would shew that the probability was for in favor of what this Document E would tend to disprove. There can be no question but that this Document E has been fabricated to weaken the claims of Defendant Lutchmenarsoo in whose favor the deed of Gift G was executed by his maternal uncle.-

No

11. No remarks appear necessary regarding Document F filed by the 2d Petitioner, as Defendant acknowledges that the arrangement therein stipulated had been conformed to, on the part of Ramabhuttoo.-

12. In respect to the remaining documents and G & H filed by the Defendant it has already been noticed that the validity of the former has been proved, while the contents of the latter Document are irrelevant to the case under discussion.-

13. The Defendant Lutchmeneh soo has been in the enjoyment of 1/2 of the Enam lands for the period of 18 years Viz. the portion which was held by his Grandfather and which reverted to his uncle (maternal) Ramabuttoo, and of the remaining 1/2 share held by 2d Petitioner's late Husband for about 10 years, having succeeded to the former share on the demise of Ramabuttoo in 1832, and as alleged by the 2d Petitioner, having forcibly taken possession of the latter share 4 years subsequent to the demise of her late Husband which occurred in 1836 while the 2d Petitioner has been in possession of the Powrohetum Enam already referred to as having been made over to her by Ramabuttoo

Ramabuttoo in 1826.-

14. The Proceedings in the case further shew that the decision of the Punchayet in favor of the Defendant was confirmed by the Head Assistant Collector as regards the Pourohetum Enams, but in respect to the Bhatavrittee Enam which alone form the subject of the present dispute, the Parties were referred to the Civil Court for the Settlement of their Claims.-

15. The decision was appealed against by the Petitioners to the Board of Revenue who it appears confirmed the same. Petitioners subsequently revived the dispute in hopes of obtaining possession of the share of Bhutavrittee Enam to which they considered themselves entitled otherwise than thro'a Civil action, and endeavours were made from time to time to induce the Parties to settle their difference thro' the mediation of a Punchayet under the Provisions of Section XV Regulation V of 1822, but in consequence of the opposite Party not consenting to this arrangement, matters have remained in statu quo.-

16. On a due consideration of the various points.

points connected with this case as elicited from the Proceedings, I beg to express my opinion, that I do not consider that possession for any length of period of Enam lands which have been annexed by the State for the performance of service, constitutes any valid title on the part of a present incumbent to the continued appropriation of emoluments so derived, thus separating them from the Office to which they have been assigned.-

17. The Powrohetum service has since the demise of Ramabhattoo been performed by the Defendant to whom the transmission in the female line appears unobjectionable, the "transfer carrying with it the obligation of service."- Under these circumstances I consider his claims preferable to those of the 1st Petitioner a distant cousin. I would beg to suggest that the portion of these Enams shewn to have been separated from the Office should now be either transferred to the Defendant Lutchme Nursoo or resumed as may be deemed expedient.-

Rs. 11-10-8.

18. In respect to the Bhatavrittee Enams as according to the Rules at present in force Sheshamma the 2d Petitioner is entitled to a life interest in the share of the Enam held

held by her late Husband (alienated from the family) the circumstance of her having hitherto been deprived of her rights cannot form any just grounds for withholding the same from her for the remainder of her days. I would therefore beg to recommend that she should be put in possession of her share of these Bhatavrittee Enam lands amounting to Rupees 31-4-10 and that the same should revert to Government on the occurrence of the lapse.-

19.- In consideration of the length of period the Defendant has enjoyed these Enams I would beg also to recommend that he may be allowed to remain in possession of the remaining 1/2 share notwithstanding the irregularity of the transmission to him thro' the female line, the same to lapse to Government on his demise.-

Proceedings thereon.

(29.30)

Resolved that the letter above recorded together with it's enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council.-

2. The Collector reports the proceedings held by him in a formal investigation made under Clause 2, Section II, Regulation IV of 1831- and under the authority conveyed in the Endorsement of the Deputy Secretary to Government dated the 14th. September 1848, into the claims of certain Enams put forth in Petition No. 1538 of 1848, in which the Petitioners G. Soobramanea Soomoyajooloo and Sheshummah. are the Plaintiffs, and Lutchmee Nurso Buttoo the defendant. The Board deem it unnecessary to follow the Collector into all the details of his proceedings in this case, but after an attentive consideration of all the circumstances therein represented, they are of opinion that the decision he has given is just and fair. They accordingly recommend that the portion of the Pourohetum Enam Rupees 11-10-8 per Annum which has been separated from the Office attached to it

Para. 17.

it be continued to the defendant Lutchmee Nursoo who has continued to perform the duties, that Sheshummah the 2nd. Plaintiff be put in possession of the share enjoyed by her late husband in the Bhutwarty Enams amounting to Rupees 31-4-10- per Annum, but that it's continuance be limited to her life, and that Lutchmee Nursoo Buttoo the defendant be allowed to retain possession of the remainder for his life.-

3. The Board have received

+ No. 1335 of 1850.

a petition from the defendant in the above case, Lutchmee Nursoo Buttoo, and will defer passing an Endorsement thereon until the wishes of Government have been communicated to this Office.-

Sir,

(31)

From the Collector of Chingleput - Reporting the ineffectiveness of Soobiah Tahsildar of

1. During my absence at the Cape of Good Hope in 1847 the Soobiah the Petitioner of Chingleput, whose application

of the Chingle-
=glepet Talook
and requesting
the sanction
of the Board
for his remo-
=val from
Office.-

application for promotion to a Tahsildar-
=ship I had repeatedly rejected in
consequence of my considering him
totally unqualified for it, was nomina-
=ed a Tahsildar, and has since held
that office, from which I now solicit
the sanction of the Board to remove
him, he having proved himself, not only
unequal to the duties, but having given
me reason to believe him undeser-
=ing of trust.-

2. In respect to the former of
these points, I beg to say that his inactivity
and slothfulness having been such, that
every one of the several Head Assistants
who have been stationed at Chingleput
have represented the difficulty they
experienced in getting the business of
the Talook duly conducted, and his gross
neglect in the Maramut Department
this last year has been repeatedly brought
to my notice by the Acting Civil Engineer
whilst Mr. Conway was so satisfied of
the necessity of removing him that the
prospect of my immediate return to
the District alone prevented his making
the representation I now submit, and

which I have refrained hitherto making
from feeling how opposed the Board are to
the removal of a person who has once obtained
that step, unless gross corruption be
clearly established against him.-

3. In regard to the second
point I would beg to point out several
circumstances that have led me to with-
=draw my confidence from the man. This
Tahsildar a short time since sent in
a report shewing very extensive losses in
the Navary crops of the Villages of Calat-
=toor and Manapaukum through a
deficiency in the means of irrigation,
the truth and correctness of which reports
I was led by various reasons to doubt, and
I consequently deputed two Goomastahs,
and subsequently desired my Acting
Head Assistant to proceed there in person
to investigate the matter. It was then
proved that a considerable portion of the
Crops which the Tahsildar had reported
burnt up and destroyed, had been actually
reaped. There was however, no actual proof
that the Tahsildar had received bribes or
gifts for Consenting to the transmission
of these false statements, but his

defence

defence that he was not to blame, as he had been deceived by his Tahsildar Sheristadar, whom he had sent to examine them, cannot be admitted, for not only was it his duty when so extensive a loss, about 800 Rupees was reported, to examine into the matter in person but it was proved that he was several times at the Villages in question during the time the Crops were being cut, and his statement that he believed the word of the Sheristadar, and did not observe the fraud, can neither be credited, or admitted, but at any rate it proves him insufficient.-

4. In another case however, which was also investigated by the Head Assistant it was clearly proved that in the Adungal accounts of a certain village, where the examination of the lands had been made by the Tahsildar, he had entered in them lands cultivated as waste.-

Proceedings thereon. Under the circumstances
(31.32) brought to notice by Mr. Freese, the Board consider that though there are not grounds for Soobeah's dismissal from the Service, yet that it would be proper to reduce him to some lower grade such as Peshkar till he can regain the confidence of his superiors.-

From the Collector of North Arcot

Sir

Para 1. I have the honor to forward herewith two Satements, the first of Enam land taken up by Government for the construction or widening of roads in this District, the second of service Maniems become uncultivable from various causes; with particulars in both cases, of the land which it is proposed to grant in lieu and I have the honor to request that the Board will be pleased to obtain the necessary sanction.

Forwards two Statements, one of Enam land taken up for road and the other, of Village Service Enam land which has become uncultivable from various Causes and requests sanction for granting other land in lieu.

2. The Enam land in the first Statement amounts to 19 C 3 3/4 as which an assessment of 101 Ps 4 as of which 13 C as was taken for a piece of road branching from Pullicondah towards Goriathum, and the rest was all for the great western Road. The land proposed to be given in lieu which is partly cultivated and Shaycaul, and partly waste is 18 C 14 1/2 as with an assessment of 86 Ps 13 a 11 p to which must

must be added the remission of Jody in a Shrotriem Village to the amount of Rs. 10 a. 2 p. 4 making a total of Rs. 97 a. 0 p. — 3. The reason why the land to be granted is to a less amount of assessment than that taken up, is that in Raumapooram there was no two crop land available, and the parties agreed therefore to take one crop land; Bogajushty or the teerwa of the second crop will make up the difference.

3. The amount of compensation for the time that the holders of these lands have been out of possession is Rs. 229 — a. 13 — p. 6 the delay in submitting this Statement for sanction has been owing partly to the claims not being immediately brought forward, and partly to difficulty in obtaining correct accounts from the Talooks. and adjusting the exchange of lands.-

4 The extent of land in the 2. Statement is 23-12½ cs as with an assessment Rs. 118-10-9 a p in lieu of which it is proposed to give 22-11½ c as, with an assessment of Rs. 117 — 8 — 4. These maniems belong almost exclusively to Taliaries, Tolies and Mercutties, all of them officers very

useful, and generally very barely remunerated; one Maniem only is that of Monigar. The old Enams have become uncultivable chiefly from being either carried away by channels or flooded by tanks; the land proposed to be given in lieu is partly cultivated and Shaycaul land, and partly immemorial waste. It does not seem necessary to give compensation for the time that the land has been useless.-

that Hilly tract and has pointed out
Sheet No 99 — that the printed map supplied by Govern-
ment for official use, much more
distinctly shows the true features of
the Shervaroys than either of the
other two. His opinion is concurred in
by Captain Smyth the Civil Engineer
of the Fifth Division. The scale of the
printed Map is however so small as to
be almost useless for practical purposes.
As the necessity for a larger one seems
obvious with reference to the increase
of Coffee Cultivation on the Shervaroys
and the number of Settlers there, I have
the honor to request that the Board
will be pleased to procure for the use
of the Sub Collectors Office, a correct
Copy of such part of the original of the printed
Map as embraces, the area of the Shervaroy
Hills and a small portion of the low Country
at their bases.—

To the Chief Secy. to Government — Sir

I am directed by the
Board of Revenue to submit for the orders
of the Right Honorable the Governor in
Council the accompanying letter from the Collector
of Salem dated 16th August 1850, stating that
the Maps now in his possession very imperfectly
define the features of the Shervaroy hills. Of
these the printed Map supplied by
Government more distinctly shows
them the scale however is so small as
to be useless for practical purposes, Mr.
Phillips therefore requests that a correct
Copy of such part of the original from
which the printed Map was reduced,
as embraces the area of the Shervaroy hills
and a small portion of the low country at
their base may be supplied to him.—

with reference to the increasing importance of
the land on the Shervaroy hills, that the Map
applied for by Mr. Phillips is much needed,

4. This Urzee I certainly did not enquire into, because I conceive that I had no power to do so. It was quite lawful I imagine for Cotee Joseyer and Mahanoo Nachear to induce the late Ze= =mindar to make them large presents and I have no doubt whatever (indeed it is not denied) that he did so, though not nearly to the extent stated by the Petitioner. Assuming this to be the fact, it did not appear to me that it disqualified Cotee Joseyar from the Office of Guardian for which, in consequence of his former position and connexion with the numerous and important suits pending, he was particularly competent, and almost if not quite indispensable, the guardian not having the management of the Estates.

5. As regards the expediency of calling upon the Petitioner to prove his present charge, coupled as it is with the false

false assertion I have exposed, I beg to be favoured with the instructions of the Court. Independently of its vague nature, it is made by Petr. more than a year after the death of the Zemindar by an avowed adherent of Nanaveroya Tavern who is deeply interested in deprecating the aid of the Collector, the person most competent to oppose his claims. The chief point for consideration however is whether the enquiry will serve any purpose as the abstraction is stated to have taken place during the life time of the late Ze= mindar, who when Mr. Ratliff visited him very shortly before his death, was in possession of his senses.

That whilst Gowry Vullabah Tavern the

the late Zemindar who knew nothing about the Profits
or Loss of the Zemindary and his younger Brother
Mamadeoya Tauer were on friendly terms previous
to the Zemindary being restored, their eldest sister
Pitagoomay Nachiar who had lived in a thatched
hut and subsisted on the produce of Natagoody
a small Village, and Punchanga Sooyer collusively
conspiring together gained over the Zemindar
to such a degree as to convull with them on all
occasions, whereupon Mamadeoya Tauer not
being pleased with it lived separately from previous
to the above restoration, Consequently the produce
thereof have been misappropriated by the above two
individuals as follows.

2. Since the Zemindary was restored in September
of July 1254 Sooyer and the said Pitagamay Nachiar have
jointly embezzled 13 and odd lacs of Rupees from 28,26,000
and odd Rupees being the amount belonging to the Estate as
per following particulars.

3. The above said Cootty Sooyer who had lived hitherto in a thatched building and subsisted on the Income derived from the Punchangum Meerasy now receives 600 Pagodas a year or 50 Pagodas per Month under the title of Samagaum Peishcash, his House expences amount to 10,000 Rupees per Annum which being added to the expences for his adherents Amounts to not less than 30,000 Rupees per Annum. He moreover possesses one house at Shevagungah one at Madura and one at Tirodogashly for he has also a

a Jeppacolum and Jewels and other landed property all
Amounting to not less than 100000 of Rupees.

4 The said Maganaay Nachear who was
living in a thatched hut and subsisted on the proceeds
of Nalagoody a small Village as stated above has now
built the Western Palace in Sheragunga and a Choultry
at Perooparchilly at an outlay of 20000 Rupees and has
also laid out 70000 Rupees in repairing and gilding
Pagadoos of Permaul Coil at Sheragungah, and has
also embezzled about 150000 Rupees in Jewels, landed
property, &c.

5. The Proceeds of the estate were expended
under the orders of the Samay Cutchery and the balance
was entered by him in the Accounts as Samooga Sheis
varaum or given to the Zemindar himself and certain
Loans were framed by him as having been obtained
and expended in Long Seats &c. he has put thereon
converted the Zemindary and his posterity from their
dear perpetuation to a different one.

6. He (Coolly Sooryer) caused the
Village of Valayatoor to be purchased by Ramanaden
chetty

Chetty for 10000 and odd Rupees from Moottoo
Vadeagia Taiver son of Vellay Nachear and subsequently
bought it from him paying the amount of sale from
the proceeds of the Estate. If the above Chetty be
examined on oath the truth of this Statement will
be proved.

7. The above said Maganaay Nachear is
not only enjoying the Village of Peroopachetty on
pretence that the Zemindar obtained a certain Loan
and pledged it to her, but also enjoys jointly with
Cotty Sooryer 12 Villages Viz.t 1 Mooraiyoor, 2 Sooragooty, 3 Sarugaanoor, 4 Ayarendaar, 5 Paupuncolum,
6 Malayapatty and 7 Sheryolam, forming a part
of 8 Ayen Villages and Polayaramdal, 9 Sheugoolapatty,
10 Lumchumpatty, 11 Neddoomaram, 12 Poonamkutty, 13 Perasapatty,
14 Sumbroyaamandal and Sombeneer, forming a part of
purchased lands besides several other Villages.

8. The truth of the above circumstances will be
proved on examining the accounts and Ramachundra
Royer on oath as he has been employed as Head Gomastah
from prior to the former attachment and during the
subsequent restoration (Jaury) and by personally inspecting
the

12289 Fort St. George 29th August 1850

the Maraimut repairs and examining the Ryots as well as the servants of the Estate. Your hon being bound to protect the Zemindary we were obliged to bring to notice the conduct of the persons who are plundering it.

9. They have in collection embezzled 6000 Pagodas received during the illness of the Zemindar from the two Talookahs Trichendoor and Arroorvellagay in part of the Peishcush of July 1850.

10. By Costly Vooyer, Magamay Nachear Sahiban, are prevented from coming to the Cutcherry and that examination be made several other frauds which they have collusively committed would come to light. Although Ramasenoya Sauer the heir of the deceased Zemindar did not interfere in the Management of the Estate he is thoroughly acquainted with all its affairs. So the Ryots will become most serious sufferers if the Estate be not taken under attachment we request your goodness will be pleased to effect the same and thereby relieve us from all further distress.

Recommendation and Grounds thereof

In the English Register of Fusly 1224 Arasapilly is entered in the names of Vencatrayer Baulakristnah and Chinnamaul for their subsistence - Vencata Row who is now represented by Conary Row his sister's son, obtained his share by purchase before the Company's rule - Baulakristnah is dead and is represented by his son Streenevassiengar - Chinnamaul is dead and the deceased Incumbent Mootalagoo ummaul was her daughter

In the accounts of Fusly 1212 and 1215 the Village is entered as an Agraharam without specification of the names of the Incumbents - In the accounts of Fusly 1217 it is entered in the name of Streenevassa Row Vca supposed to be a connection of Vencata Row.

As Streenevassiengar's branch has been long separated, the alternative appears to be the segregation to Government or continuance to Iyahsaumy Iyengar the step son of the late childless female Incumbent - I am unable to ascertain the exact doctrine of the Hindoo Law on the subject, but infer from the enquiries I have made that step sons do succeed under such circumstances - As this rule however seems unfair to the State I would suggest that the opinion of the Hindoo Law Officer of the Sudr Udalut be taken - The Enam would seem to have descended to Mootalagoo Ummaul by Inheritance, and not to have been given to her Donors.

From the Acting Principal Collector of Coimbatore } Sir,

Affords the information called for in the Board's Proceedings of the 18th March 1850 regarding the Establishment of a Lunghur Khana at Coimbatore and forwards a Memorandum shewing the amount of the proposed Charges &c.

1 In reply to the Board's Proceedings of the 18th March last, I have the honor to report the result of a full and careful enquiry as to how the views of Government, as conveyed in Minutes of Consultation of the 1st idem, could be best carried out.

2. Some Building was absolutely required for the "Lunghur Khanas," to save the Cost of a new one to Government. I have arranged to make use of a large old Tobacco Godown, which, with some management, can be spared for the purpose the Tobacco has been stowed elsewhere, the place cleaned and repaired, and approved of by the Medical Officer. it measures [illegible] ft. 44 by 42. The repairs were executed under sanction of Government dated 11th May 1850. amounting to Rupees 226-10-. the Building is

is an old one of Tippoo's time, but still so strong, that the present repair will, I hope, make it available for many years.

3. It is near the Taloor Cutchery in a central spot. I subjoin a Memorandum shewing what the land may be expected to yield. The land will, as directed, be incorporated with the "Ain," and the estimated amount expended on the Charity, from the Treasury.

4. In order to prevent abuses, and to regulate the Charity, there should be, I think, an Honorary or Charitable Committee, any three or more of whom should meet once a month at the Lunghur Khana, to see the poor, and admit, or dismiss any they think fit. Any Member of this Committee should also have power to send, by a Ticket with his signature, any object of Charity coming to his knowledge, to the Lunghur Khana,

5. In the above, I have endeavoured, after careful enquiry, and consulting with Dr. Porteous, who takes

takes an active and cordial interest in both this and the Dispensary, to sketch such a plan as may be likely to carry out the benevolent and liberal views of Government, and prevent abuse of the institution; on which I shall not fail to maintain a constant surveillance.

6. It appears from para 3 of letter from the Board of Revenue to Government that they contemplated the appropriation of a portion of the proposed allowance to Medicines and Medical advice; but I take leave to submit that this allowance, limited as it is, with reference to the size and population of this District, will not be found sufficient to meet this additional draft, the Medical Officer can indent on Trichinopoly for a small quantity of Medical stores for the "Lunghur Khana;" and all cases of severe sickness can go to the Dispensary lately established, and be there attended to.

7. The total sum now expended will therefore only be Rupees 826-8-

for

per annum, leaving a surplus yearly, as a reserve Fund, for contingencies, such as new Cooking, and other utensils necessary to the Establishment, but not fairly chargeable to Government.

8. With reference to para 7 of Extract from Minutes of Consultation of the 1st March last, I beg leave to state that, considering the length of time elapsed, I do not think it will now be practicable to bring either the Village Officers of Modanaudee Suttimungalum, or the Tahsildars of the Erode Taloork alluded to, to trial, under Regulation IX of 1822. all that I can suggest, is to fine all the parties. One of them "Bheema Row" is at present a Tahsildar of Perindoray the other "amiah" holds a similar appointment in Denaikencottah. their pay is 85 Rupees a Month respectively, 15 Rupees less than what they were in the receipt of when at Erroder. Should the Board think it right they may be suspended from

Board of Revenue -

Sir,

Para 1. I have the honor to acknowledge the receipt of your Circular letter of the 11th April 1850 calling for a Statement of the number of grants made in endowment of Choultries and another in the same form of Bungalows for the accommodation of European travellers, and in reply to acquaint you, that no endowments either in land or money are enjoyed by the Choultries within this Collectorate.

2. There are however certain private Institutions for the accommodation of Native Travellers which are exempted from the payment of Quit Rent on the sites they occupy; but as these it is presumed do not come within the description given in the 5th Column of the Statement accompanying your Circular I have not deemed it necessary to particularize them.

From

From Mr. Robertson's letter of the 24th January 1848 it will be perceived that there are two Choultries situated in the Tehingleput District which receive a money allowance from this Office but as the grant was merely a substitute for the abolished fees formerly collected on account of these Institutions the endowment does not appear to be of the nature contemplated by the Board.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 15th Ultimo annexing copy of an Extract from the Minutes of Consultation of Government under date 10th Instant reviewing the Revenue from Stamps for July 1858.

2. In para 7th of the Minutes of Consultation referred to the Government remark on the quantity and value of Stamp papers and Cadjans in store in several Collectorates in the Presidency at the end of July 1858 especially in those of Guntoor, Bellary and Coimbatore, and consider the retention of such large quantities as therein noticed to be open to objection and desire further to be informed of the reasons for the practice of retaining so large a stock in each District.

In

In reply I beg to submit an Statement prepared from the returns in this Office shewing the quantity and amount of Stamps of the higher valuations. It will be observed that these Stamps constitute the latter portion of the papers and Cadjans in Store and in order to exhibit this fact more clearly I beg to subjoin an Abstract of the quantity and value of what is at present in store compared with that which called for the remarks of Government.

4. It will appear from the foregoing explanation that the large quantities of Paper and leadjans retained in store and noticed by Government consist of a great portion of Stamps which from their valuation are seldom saleable but which it is nevertheless necessary to keep to meet any requisitions that may be made for them. It will however be for Government to decide whether these should be retained in store or not. It appears to me from the sales effected during the past Fasly that the higher valued leadjans may at once be withdrawn without any public inconvenience as only one Stampt leadjan of the value of 50 Rupees appears from the Accounts of this Office to have been sold during the past Nine Fasles, leaving it to the Superintendent of Stamps to supply any that may be required by local Offices to meet immediate demands.

Cadjans 47328

5. I may in conclusion observe that the stock in hand of Papers and leadjans after deducting those of an unsaleable character does not appear to me to be large with reference to the demand and distribution of Stamps in the several Talooks of each District for sale by the "Venders" and I am of opinion that the quantity cannot be reduced without the risk of serious inconvenience to Suitors.
