Para 1. In the letter above recorded the Board of Revenue submit the general report called for by the Honorable the Court of Directors in their Revenue Despatch of 31st December 1847 No. 29, upon the operation of the Salt monopoly in the Madras Presidency. In that Despatch the Honorable Court desired to be

Reviewing the Board's report upon the operation of the Salt Monopoly in the Madras Presidency and resolving to forward it together with the Extract Minutes of Consultation and the Minutes recorded by the several Members of Government upon the question to the Honorable Court of Directors.

made acquainted with the bearing of the Salt tax on the inhabitants of the different Districts under this Presidency, and required particular information as far as it could be obtained regarding the rate of consumption, and the extent of population whether in our own Territory or in that of Native states who were dependent for their supply of Salt on the produce of our coasts.

2. With their report the Board have forwarded communications from the several Collectors in the Provinces as well of the inland as of the maritime Districts expressive of their views upon the subject of the Monopoly. They have likewise submitted two Statements A and B prepared in their Office, the former exhibiting the quantity of Salt sold respectively for home consumption, for inland consumption and for export by Sea for each year from Fusly 1216/1806-7 to Fusly 1257/1847-48 both inclusive, or for the period of 42 years, and the latter shewing for each District, the

market

market price of Salt in the last Fusly of each of the series of years during which the different monopoly rates have prevailed.

Para 3. 3. In commenting upon these tables, the Board remark that the sales of Salt certainly rose in Fusly 1234-5-6 with the price at 70 Rupees per Garce, and fell afterwards with the augmentation in the rate to Rupees 105 which took place in Fusly 1238, but they observe that the sales have latterly increased and are not now, i-e according to the returns of Fusly 1257, below the sales at the most prosperous period when the price was at Rupees 70. The result they attribute to improved roads, to the relief afforded by the abolition of the Sayer duties, and to greater efficiency in the management. They likewise show from Statement B that on a rise in the monopoly prices the consumer has not been called upon to pay in a corresponding proportion but that the profits of the dealer have been protanto reduced.

Paras 5 & 6 4. The Board next review the relation borne by the actual sales of

of Salt to the population - comparing the quantity at the assumed rate of 6 measures or 18 lbs of Salt per head required for the consumption of the inhabitants of the Madras Presidency who, inclusive of the army, are estimated by them at 20 Millions, with the average sales which have taken place during the three Fusslies 1255-6-7 for the supply both of the British Territory and Native States, and contrasting the value of the Salt required for the use of a Native family, reckoned by them at 36 measures or 4½ mercals yearly, with the average range of wages among the lower orders. These calculations lead them to the inference that the sales of marine Salt are not in proportion to the due consumption and that it "must be beyond the reach of many".

Para 7 5. The Board next advert to the discussions which occurred in 1820, when the monopoly price was enhanced from Rupees 70 to to Rupees 105 and recapitulate the arguments employed in favor of the measure, and they notice the much higher price of Salt which obtains

obtains in the Bengal Presidency.

6. If the question were to be decided by fiscal considerations only, a reduction of the present rate, is, the Board observe, obviously uncalled for - as the average revenue Rupees 48,67,680 for the last three years that the price has been at Rupees 120. is largely in advance of the average of those series of years in which it has been at Rupees 70 or 105. It is they remark evident that the Government price should be as low as circumstances will admit - yet considering that the existing rate of Rupees 120 has only been in operation since 1845/6, that the joint home and inland sales in Fasly 1256 and 1257 are not materially below the highest sales when the monopoly price was at 70 Rupees and that the Country has obtained much relief by the abolition of the inland and frontier Duties and those upon the coasting trade - the Board give it as the result of their reflection and enquiry that sufficient data are not available to determine whether the increase in price from Rupees 105 to Rupees 120 has been attended with such effects

effects as to call for a reduced standard and that further experience is necessary for the decision of the point.

7 In the conclusion at which the Board have thus arrived the Right Honorable the Governor in Council concurs. The space of time which has elapsed since the price of Salt, after having been suddenly raised from Rupees 105 to Rupees 120 per Garce was again partially lowered and fixed at the present standard of Rupees 120. seems to him to be too brief to admit of any conclusive inference being drawn in respect to the effect of the measure on the expediency of making any further change. The Government will however continue to watch the operation of the present monopoly rate with the attention befitting the great importance of the subject; and for this purpose the reports upon the Salt revenue which the Board have been directed to furnish annually will afford valuable data. Meanwhile they resolve to forward to the Honorable the Court of Directors in reference to their despatch of 31st. December 1847

the

the present report of the Board of Revenue with its accompaniments, and at the same time to submit this Extract Minutes of Consultation and the minutes recorded by the several Members of Government upon the question.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 12th August 1850, No 339)

Para 1. The rains which fell from June to October were such as to induce extensive cultivation and the revenue was in excess of that of the preceding year, hitherto the best on record by Rupees 6,927-3.— The season was better suited for dry than for wet cultivation, differing in this respect from that of Fusly 1257, and the Nunjah Crops were moderate. It was also more favorable in the Sub than in the Principal Division. Prices fell considerably. the prices of Nunjah produce were however above the Survey commutation rates. No rate having been fixed for the Poonjah grains at the Survey the comparison cannot be extended to this description of produce. The year was healthy both for man and beast.

2. The land taken up for cultivation at the commencement of the year was of an assessment of Rupees 12,70,560-2-7 being in excess of the assessment of the contracted for in the preceding year by Rs. 1,730-7-12

Jf

If from this be deducted the Caboolyat Banjer Rupees 128,917-10 for Rupees 9,148-2-8. more than in Fusly 1257/and the Carrannahs Banjer Rupees 881-7-1, which as the Board and Collector have remarked is referrable to the same head as Caboolaty was to the gross settlement of Fusly 1258 was Rupees 11,20,782- exceeding that of Fusly 1257 by Rupees 7,278. This excess has proceeded from an increase in the cultivation of Poonjah Land Poonjah Garden and Poonjah converted into wet and Garden Land. In Nunjah and Garden Land there was a decrease.-

3- The deductions from the above gross Settlement were Rupees 98063-1-. exceeding those of the previous year, in the sum of Rupees 4,653-15-. The increase in the "Hoolcos allaf" and "discretionary remission" is proportionate to the greater extent of land under cultivation during the year reported on. The remissions for withered crops were caused by the nature of the Season to have been granted after due inquiry. Items Nos 15-16- in the Statement in Para 9 of the Collector's report are stated by the Board to have been remissions on "account of Cotton and Cholam Crops found deficient," but this scarcely explains the exact nature of these remissions, which the Government understand

* Land contracted at the beginning of the season but eventually left waste.-

° Land for which express engagements were given distinct from the General Dittum or engagement at the beginning of the Fusly but afterwards left waste.

understand to have been granted on certain lands in which crops were spontaneously produced on the Cholam and Cotton Stubbles of the preceding Fusly which had been allowed to remain on the ground until after the commencement of the Fusly under review - as the Crops seem to have been reaped, the lands were in strictness liable to full assessment for Fusly 1258. but as the stubbles were perhaps allowed to continue from inadvertence and the produce yielded was small the demand was very properly enforced in part only, the remainder being remitted.-

4 The land revenue Settlement of Fusly 1258 after the deductions above noticed amounted to Rupees 10,42,696-9-8 adding to this the ready money collections, Shotrum, Tope rent, Pasture tax &c Rupees 58,337-4-3- and deducting the charges, chiefly Malkana or allowances to the proprietors of assumed Zemindaries Rupees 17,643-5-9 the net settlement of Fusly 1258 exclusive of Peishcush amounted to Rupees 10,83,390-8-2 and was in advance of the settlement of Fusly 1257 by Rupees 6,927-3-. The increase was in the Sub Division where three Talooks out of four exhibit improvement. In the Principal Division there was a decrease. The

of the balance outstanding Rupees 19279-7-2 all but Rupees 136-11-1 are on account of Zemindaries, and the bulk is due in the Shevagunga Estate now under the Management of the Court of Wards. The settlement of this property for Fusly 1258 has already been reviewed by Government in Extract Minutes of Consultation 9th Ultimo.-

6 The balances of former years are not stated. These should be noticed in every Settlement Report.

7 The grazing tax in the year under review shows a large increase above that for the Fusly preceding. the consequence apparently of the modifications introduced by the Collector into the levy of the tax. The subject is discussed by the

the Collector in paras 12-17. of his letter of 5th December 1849 and Paras 20. 21 of his present report and by the Acting Sub Collector in Para 19 of his report on the settlement of his Sub Division and is noticed by the Board in Para 7 of their Proceedings but is not yet finally disposed of. The Collector seems to have been instituting local inquiries during the settlement which has just expired and it is expected that the result will shortly be laid before the Board. The amount drawn from this item of revenue in Madura is not considerable and care will no doubt be taken that it be so adjusted, under any change of the system hitherto in force as not to bear hardly on the people or prevent those improvements in the breeding of Cattle which appear much needed in the Madura District. Some Rules seem however to be required both to place the Collections of the tax upon a more clearly defined basis, and to prevent its evasion in their own District by the Ryots in the frontier Talook of Coimbatore.

From Collr 5th Decr 1849 Para 13.

8 The question regarding the assessment of one and two crop land adverted to in para 4 of the Governments review of the Settlement of Fusly 1257 appears to be still unsettled.

9. The Government concur in the observations of the Board relative to the late acting Sub Collector Mr Knox must have applied himself with great deligence to have gained such an acquaintance with the statistics of his Sub Division as is manifested in his report and the thorough knowledge which he has acquired of the revenue system of the District is peculiarly creditable to him considering the short time that he was in charge of the Sub Collectorate.

10 The Collector's report bears date 2nd March 1850. It is to be presumed that there must have been some reason for its transmission to the Board having been delayed so long after the period prescribed by their standing orders. but the cause whatever it may have been should have been explained.

Para 1. The Right Honorable the Governor in Council observes that the tract to which Itty Komby Attchen lays claim was as long ago as 1816 adjudged by the Commissioners to belong to the Cochin State and that the decision of those Officers has been confirmed by the Government and by the Honorable the Court of Directors. The Government are therefore of opinion that in place of the Nair chief being simply told as proposed by the Collector that no countenance will be given to his claim. he should be prohibited in express terms from entering upon the tract in question as forming part of the Cochin Territory, and that after such notice any aggressions or encroachment

on his part should be duly punish-
-ed by the Malabar authorities.

2. The Government would wish to be informed whether there be at present any dispute in regard to the Placote and Pellapilly Hills, the claims to which as well as to the range now under reference was determined by the Commissioners in 1816 and whether the frontier between Malabar and Cochin is unsettled in any other part of its course.

1. This Yeomiah is entered as a Mushrooty Yeomiah or Yeomiah for the performance of Service in the Lists Nos 2 and 5 which were submitted to the Board of Revenue by Mr Ross with his letter of 18th September 1812. It is entered in the list Z of Charitable allowances which accompanied his subsequent letter to the Board of 2d October 1813. It is stated in these lists to have been granted for the performance of ceremonies on the Birth day of God Rama. but tho'

these ceremonies appear to have been performed in the time of Mr. Rose and have been kept up since. the documents which have been produced in support of the grant. Viz. a Sunnud from one Ibrahim Khan Bahadur to the Sayer renter of Sidhout dated 1198. Higirah. A.D. 1783. a Bhoganutta or deed of enjoyment executed by the Potails Inhabitants and Merchants of the Town of Cuddapah in Fusly 1210 1800-1. and a Sunnud issued by Colonel Munro- Fusly 1212 1802-3. do not show why it was conferred, but simply that it was an assignment on the Sayer Revenue. It is to be observed that in his letter of 16th September 1812 Paras 10-12. Mr Rose did not propose to treat the Yeomiahs contained in his lists, even such of them as were Mushrooty, as hereditary and he suggested that the then holders should be distinctly warned that it would rest with Government whether or not these allowances should be continued at their decease, and that for this purpose only should be

be issued to them. Venecatabhuttoo who was then in enjoyment of the Yeomiah under review and had a life sunnud issued to him accordingly died in 1827, and the allowance was continued by the Board of Revenue of their own authority to his son Venecatarum Buttoo the last holder. Venecatarum Buttoo who died 6th August 1848. leaving an adopted Son but no natural issue, and it is proposed that the Yeomiah be continued to his brother Yellapah. Besides this Yeomiah the family are in possession of Bhutwarte and other Enams to a considerable extent.—

2. The grant seems to be of some antiquity dating from Salivahana 1696. or A.D. 1773/4. Looking however to the views entertained by Mr Rose of these Yeomiahs, and to the nature of the service to be performed in the present case which is only occasional and not of such a character as to require being continued in perpetuity it appears to the Government that if this Grant be now renewed, it may fairly fall under the operation

Sir,

From the Collector of Masulipatam - Giving information on certain items retrenched by the Civil Auditor on the accounts of his Collectorate for July 1253.

Para 1. With reference to Paras 10 and 16 of the Extract from the Minutes of Consultation dated 10th October 1848 as well as the Board's Proceedings of the 9th May last accompanied by an Extract from the Minutes of Consultation of Government dated 2d idem calling for explanation on certain items retrenched by the Civil Auditor in the Accounts of this Collectorate for fusly 1253 / A.D. 1844/45 I have the honor in reference to the first quoted Para as well as Para 2 of the order of Government dated 18th June last No. 591 received lately thro' the Commissioner for the Northern Circars, to forward the accompanying Copy of a letter with its enclosure received from the Collector of Rajahmundry on the subject of the original authority under which the Razeenamahs were granted. Beyond this the Masulipatam Records which have been carefully searched do not afford any clue to the discovery of the original

original authority under which these grants were made, but as respects the particular allowance of Rupees 199—4 per annum for the service of Kateeb in the Fort Mosque at Masulipatam, the accompanying Copy of a letter from the Collector of Rajahmundry will shew that the payment of the same was transferred to this District under the Board's orders dated 22d December 1832.—

† Dated 7th Jan.y 1824.

2. As regards the dates of sanction of the allowances to certain Members of the Nabob's family adverted to in Para of the Minutes of Consultation first quoted, I have to observe that except Wafadarbeebee whose death on the 28th August 1842 was reported to the Civil Auditor on the 14th of the following month and whose name will be found included in the list sent to Government on the 7th March 1795 but sanctioned with other stipends to the several branches of the Nabob's family in a letter from Government under date 28th of the preceding month the remaining individuals are the heirs of

In the case of the two next individuals it appears from the Correspondence noted in the Margin that the pension had been continued to them under the authority of the Board of Revenue without

without the sanction of Government. The allowance to Baracatally Khan appears to have been continued on the general authority above quoted without fresh sanction the his claim was submitted to the Board for orders in a letter under date 25th November 1814 to which no answer appears to have been received.

4th The allowance to the last mentioned individual is disbursed agreeably to the sanction of Government dated 1st October 1822 instead of 1st October 1832 as erroneously entered in the Statements forwarded to the Board on the 20th May 1848.

5th I trust that the foregoing explanation will be considered sufficient to enable the Government to pass their orders on the items under retrenchment.

Sir,

With reference to your letter of the 26th Ultimo, I have the honor to forward Copy of my Dated 18th July 1850. letter to the Commissioner in the Northern Circars regarding the allowance of the Cattels therein referred to. It appears by the Statements submitted to the Board under dates 21st October 1813 and 31st October 1814 that the original Summuds possessed by the Royeenadars were taken by the Chief in Council and Certificates granted by Mr. Secretary Malcolm under date 23rd December 1792, which was stated by Mr. Collector Long / in the Statement submitted by him under date 12th July 1807 / as the date of the Pension being granted. The Certificates granted by Mr. Secretary Malcolm were taken, and fresh ones granted by Mr. Collector Long to all the Royeenadars from the year 1805 to 1810. The records of my Office do not afford any further information on the subject.

Sir,

With reference to the instructions contained in the Extract from your proceedings of the 4th instant, I have the honor to state that it appears from the records of the Office that the allowance of Rupees 129—14—0— for executing the Duty of reading Prayers in Enoogoodroopetta at Masulipatam was together with several other Yeomiahs transferred to this Treasury by the Chief in Council of Masulipatam from December 1792- The above allowance which has been ever since continued and sanctioned annually, was lastly included in the Mayen Zabitah Statements submitted for fusly 1228 and sanctioned by Government on the 31st May 1819-

Copy of the Certificate granted by Mr. Collector Long in 1810 regarding this allowance in lieu of the one originally granted by Mr. Secretary Malcolm by order of the Chief in Council is also herewith forwarded for your information-

Consultation 10th October 1848 with Proceedings of Board of Revenue dated 3rd ultimo, recommending the acceptance of a Petition from Caujah Hussun Cutteb of the Fort Mosque of Masulipatam, praying that the Pension of Rupees 199-4 a. granted to his father Shaik Ahmud Cutteb of the said Mosque may be continued to him.

Read a Letter from the Collector of Masulipatam dated 7th ultimo, stating that it would appear that the Pension was granted by Syed Ahmud Cutteb of the said Mosque, and that the Petitioner is the Son of the Grantee, and that the Pension has been regularly paid to the Grantee's Family.

Ordered that the Pension be continued to the Petitioner, and that the Collector be furnished with a Description Roll of the Pensioner.

3.

The Letter of the Charitable allowances of the Rajahmundry District under date the 31st October 1844 received from Mr. Baker, the Board find that the remarks in the foregoing Extract are applied to all the allowances in that Register and have traced the following entries in it.—

* Certificate granted in lieu of Firmauds.

A	No. 87	Johara Beebee	41–2–60	40–7–4
B	105	Sydoo Mohudeen	37–5–50	129–14–4
C.	23	Cayah Mahamed Hateet	56–4–50	199–4–4

The names of the different from those attached to the allowances payable at Masulipatam are evidently those of their ancestors.—

4. In the absence of any further information in respect to the first of these allowances the Board think that it may be continued retrospectively from Fusly 1257 to Syed Fakaruddeen Jorabee Cawn mentioned in Para 2 of these Proceedings unless an allowance is now drawn by No. 87 of Mr. Cockis Register 2 at the Rajahmundry Treasury.

From Rajahmundry 7th Cons. 27th June 1823
To — Ditto Vol. Masulipatam 27th Ditto
From Ditto 29th October in Cons. 10th March 1823
To Ditto — 22d December 1823.

From the papers noted in the margin it will be seen in reference to the next allowance that on the death of Syed Mohadeen, his nephew Hafiz Syed Abdoollah was allowed to succeed, but he would seem to have assumed the name of his Ancestor Syed Dervish Mahomed the original grantee mentioned in the enclosure to Mr. Robertson's of the 7th Jany 1823.—

In Cons. 17th Jany 1823.

B

To

It will also be seen in the last case that on the death of Cayah Mahomed, his son Cayah Hossain was appointed to succeed him as Hateet. Under the foregoing explanation the Board recommend that sanction be granted for the payment annually to Syed Dervish Mahomed of the sum of Rupees 129—14—4 and to Cayah Hossain of Rupees 199—4—4 both retrospectively from Fusly 1257.—

C

5. In Para 4 of the Board's Proceedings of the 6th July 1848 adverted to in Para 16 of Extract Minutes of Consultation 10th October 1848 the Collector was called upon to specify the date of sanction in support of the following five allowances annually payable to.—

1	Wafada Beebee	Rupees 69–	4– 10
2	Meer Hyder and Mr. Fakaruddeen	554–	6– 4
3	Meer Abbas Ally and Meer Mahomed Ally	2,310–	4– 4
4	Bara Katally Khan	1,155–	4– 4
5	Mahomed Ally son of Jaffeally	3,600–	4– 4

From

6. From Para. 2 of the Collectors letter it will appear that the death of Wafada Beebee on the 28th August 1842 was reported to the Civil Auditor and as her allowance would seem to have ceased it requires no further notice. The recipients of the remaining four allowances are stated to be the sons of the original incumbents named in the margin of Para. 2 of Mr. Porters letter who stood as Nos. 26-11-22 and 4 in the list of "Relatives and dependents of the late Hyder Ally Khan" enclosed in a letter received in this Office from Government under In Cons. 16th March date the 14th March 1795.

Sir,

From the Collector of Chingleput, the 11th April last, I have the honor to forward as requested a Statement in the prescribed Form, shewing the number of grants made in endowment of Choultries which are now continued in this District.

2. The information procurable in many instances regarding the actual period of their construction, and the authorities by whom the lands were originally conferred on the institutions is very uncertain, and much of the information is derived from tradition. In a few instances the buildings are in a dilapidated state, but the proprietors have been called on to repair them, and on failure to do so within a reasonable time, I shall be prepared to recommend the resumption of the grants.-

From the Collr. of North Arcot } Sir.

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue under date 5th August 1850 herewith returned forwarding for my report one Copy of a memorial from Syed Hyder Hossaincy Sayagee

12927 Fort St George 19th September 1850

Sayagee to the Honorable Court of Directors praying for the renewal by Government of an allowance of 27 Rupees monthly or alleged to have been paid to his ancestors and himself for about half a century by the Avilcondah Jaghiredar for the support of a mosque and ashurkhanah.

2. I applied to the present Head of the Avilcondah Family Hoossain Dost Khan who is stated by the Petitioner to have himself paid the allowance for one month for information on the subject and from him I learn as follows. He says that the petitioner has no Mosque or ashurkhanah at Avilcondah and that no allowance was ever paid to him by any head of the family for keeping up such and that there is no occasion for it now that his Grandfather and Father allowed Petitioner 21 Rupees monthly for Charity as a "Syed" in common with others of that tribe, but that he himself never paid him any thing whatever. From this it appears that the allowance referred to by Petitioner was a Charity Grant given by the Jaghiredars during pleasure. It does not appear that he has any claim for its continuance either on the present head of the family or on the Government

Sir. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation under date the 20th July 1850 calling for a report upon the allegations contained in a Memorial addressed to the Honorable Court of Directors by Syed Hyder Hoossain Sayagee.

2. In reply I am directed to submit the accompanying letter from the Collector of North Arcot on the subject, from which it will be seen that Hoossain Dost Khan the present Head of the Avilcondah family who is stated by Petitioner to have himself paid the allowance for one Month) denies that Petitioner has a Mosque or ashurkhanah at Avilcondah or that any allowance was ever paid to him by any head

From the Collr of North Arcot

Sir,

Para 1. In reply to your letter of the 29th August, I have the honor to state for the Board's information that the greater part of the Cavaun land in the Statement there referred to, as taken up for the

the High Western road, was at occupied subsequently to Captain Best's manning to the charge of that Road, and I have therefore applied to him for payment of the Compensation agreeably to the Board's orders. I note in the margin the only instance in the Statement in which the occupation of the land for the roads took place prior to Captain Best's appointment and for the amount due in that case I request that the Board will be pleased to obtain sanction.

2. The Gooty Town road is not under the Road department, and the Compensation on that account must I conceive be obtained through the Board as must also the authority for granting other land in lieu in the case of both Roads.—

3 I beg to add that the information in Colr 15 of the Statement would have enabled the Board to determine in their own Office whether the land in the Statement was taken up for the Road under the Road department or under the Board.—

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying papers from the Collector of North arcot enclosing two Statements one of Cranm lands taken up on account of Government for Roads and the other of Cranm lands belonging to Village Servants which have become uncultivable from various Causes and requesting Sanction in both cases for the grant of other lands and for payment of Compensation to the proprietors of the lands taken up for Roads they having been kept out of possession for different periods without any equivalent being given them.

Submitting letters from the Collr of North Arcot requesting for sanction reasons per-mission to grant Cranm land to certain Cranmdars and Village officers respectively in lieu of their Cranm lands and that sanction be granted for the proposed arrangement.

It will be seen that 18-6 3/4 of Land assessed at Pagoda 25-2 10/10 situated in the Cavenipaunk, arcot and Vellore Talooks was taken up for the Great Western

Western Road and that 13 of Land assessed at Pagoda 3-12 1/4 was taken up for a branch Road from Pullicondah to Goniatum. The entire land taken up being 19-3 3/4 assessed at Rupees 101-4. The quantity of land proposed to be given by the Circar in lieu is 18-10 1/2 assessed at Rs 86-13-11. to which is added the remission of Jody in a Shotreems Village Rupees 10-2-4 making a total of Rs 97-3. being slightly below the extent of land and the assessment thereon taken up for Roads.

3. The Compensation due to the Cranmdars from the several dates on which they were deprived of their lands amounts to Rupees 229-13-5.

4. The Board recommend that sanction be granted for the proposed transfer of Circar land and for payment of so much of the Compensation as relates to case No 185 Vellore Ummoondy Vizt Rupees 30-1-3. this being the only instance in which possession was taken previous to Captain Best's appointment to the Charge of the Great Western Road and in the last case of the land taken for the Branch Road No 110 Vellore Vittoovanum Rupees 26-5-9. It will be seen from the Collectors letter of the 11th September 1850 that he has applied to Captain Best

for

for payment of Compensation in the remaining instances in which profession was obtained after he took charge of the Great Western Road.

5 The Collector attributes the delay in submitting this Statement partly to the claimants not having come forward and partly to the difficulty in preparing the accounts and adjusting the exchanges of Lands.

6 The Village Service Enam lands particularized in Encr 2 of the Collector's letter of the 26th July 1850 reported uncultivable amount to 23 Cs - 12 As 1/4 assessed at Rupees 118-12-9 in lieu of which Circar land to the extent of 22 Cs - 11 As 1/4 assessed at Rs 117-8-4 is proposed to be given and the Board recommend that the proposed arrangement may be sanctioned. These Enams held almost exclusively by Village Servants such as Saliaries, Soties and Neercattees have become uncultivable from causes beyond their control, having been carried away by channels or flooded by Tanks. No Compensation is proposed in the instance of these Enams.

with the Board since the date of my report on Fusly 1258. The foregoing accounts show an increase in the sales in Fusly 1259. to the exctent of about 50 per cent above those of the preceding years. I will not undertake to say that this is wholly owing to legatimate and proper causes. It has been and is my endeavour to enforce the strict observance of the rules framed for the Salt department, and to prevent fraud, but with the extraordinary temptations which the department presents and with the parts at such a remote distance, I cannot boast of success equal to my wishes.

Ale Karry

5 The increase of Rupees 4800 in the ale Karry Revenue, is owing to increased competition for the rent which was leased with the Board's Sanction for three years from Fusly 1259 at 35,900 Rs. a year.

The

Tank fishery. 7. The decrease under this head of Revenue, Rupees 648-9-11 was chiefly in the Taloocks of Vellore and Cauveripauk. The large tank of Chedapauy, in the former could not be pumped out, as the supply of water had been very small and the fish was deficient in proportion, a small sum was realized in Amany. In other tanks of both Taloocks the rents were lower than last year from the same cause.

Rent of the toll on Boats &c. 8 There is a decrease of Rupees 194-6-6 in the revenue under this head. The former three years lease expired with Fusly 1253, and parties were not found without difficulty to take it again. Ultimately it was again leased for three years at 567 Rs annually, being an increase on the preceding rent which was 520 Rupees; but this arrangement was not completed till January, and the proportion due to the previous Six Months of the Fusly was deducted from the amount of the rent, the small Collections in Amany being however brought to account Vizt 42-1-6 a Rs

The

Certain Collections in attached Mannandoor Pollium. 9. The decrease in three of Collections Rupees 135-8-0 is entirely owing to the abolition of certain taxes in the renewed Pollium of Mannandoor under the orders of Government Vizt Tax on Honey and Wax, Nanuel Gavey, and Tax on Timber.

Stamps. 10 The increase of Rupees 1552-9-0 in the Stamps Revenue is owing to the operation

Fusly 1253 - 22364-10-6-
" 1259 - 23917-3-6-in

Increase - 1552-9-0 of Act XVII of 1848 which substitutes Stamps for institution fees in the Taloocks Moonsiffs Courts. The increase of Sales in the Taloocks, which were chiefly for this purpose, amounted to Rupees 23,46-14-5, but there was a falling off of Rupees 795-11-0 a Rs in the sales at the Hoozoor Office, which are chiefly for decrees and pleadings in the higher Courts.

Out of the increase of Rupees 770-13-4, the taxes newly imposed in the Town of Pulicat as noted in the margin amounts to Rupees 574-7-11. This place had always been exempt from the demand of Moturpha tax; but as no good ground could be shown for the exemption, taxes at the moderate rate were imposed in the Study under report, as already brought to the Board's notice in my endorsement on Petition N° 139 of 1850. The remainder of the increase arose from extraordinary causes; as did also the small decrease in the item of retail shops.

Agreeably to the orders of the Board in Para 9 of their Proceedings of the 10th January 1850, the taxes enumerated in the margin in the Conjeevaram Pulliam have been discontinued in every instance in which the parties pray revenue in any

16 Of this balance Rupees 2273-15-6 is the amount of remission to be allowed to the Ab Karry Renter on account of the removal of a Regiment of Cavalry from Ranneput. The remission allowed for each Regiment is 5,000 Rupees for the whole Fasly in the present instance the Regiment left Ranneputt on the 28th January 1850, and the amount above stated is the proportion due to the remaining portion of the Fasly. They trust the Board will be pleased to obtain Sanction for my writing off this balance Viz^t Rupees 2,273-15-6-

16th Of the balance of 119-3-8 under the head of small farms and Licences, 42 Rupees is in the item of Arumam Shell rent, and 77-3-8 in tank fisheries in two Saboks- The amount ought to have been realized before this, and the whole will be collected shortly- Of 367-10-5 the Moturpha balance, 303-9-8 is in course of Collection, of this sum 177-5-7 is in Longoondy, 94-"-10 in Pulicat, and 32-3-3 is in various Saboks- I will refer to the remaining 64-"-9 when speaking

of

of the balances of Fusly 1258-

17 The arrears of Fusly 1258 at the close of Fusly 1259 were Rs. 90-6-3; the subsequent collections have been 20-14-0 leaving a balance of 75-7-11 still outstanding; of this sum Rs. 2-2-3 is due by a Sheep Keeper of Vellore, who absconded at the close of Fusly 1252, but who has now returned and engaged to pay the demand.— The sum of 3-14-1 is due by four Sheep Keepers of Ranneputt, three of whom have left the place, while the fourth is utterly indigent; Sanction is requested, to write off this balance- a balance of 5-7-11 is due in Bangoondy Vizc 4-8 the amount of tax imposed on the looms of certain Village Tolies, who afterwards were considered entitled to exemption because actually doing the Sircars duty, and 15 annas due by three Coombers, the looms of two of them having been first taxed at 10 annas each, and of the third one Rupee, but all afterwards reduced, on cause shown, to 7 annas each- I beg to be authorized to write off this arrear also.—

18 The remaining Rs-7 is an item which has already been under the Board's special consideration,

it

it is item 3 in the Statement which accompanied the late Acting Collector's letter of the 30th December 1845, with the addition of another similar small item of Rupees 6-11-4. The 58-11-3 reported as above in 1845 was levied on the weavers men of the Arnee division of the Sautghur Taluk, the puttah being in the names of two of the members who had to collect the amount as they best could from the rest of the caste; the other Rupees 6-11-4 was levied in like manner from the Shepherds of the same locality.— The Puttahdars now complain in both cases that they are unable to collect the money, and the amount is consequently outstanding for both Fusleis 1258 and 1259— considering the origin of the demand, as explained in my letter of the 28th April 1848, and adverting to the fact that the Board appear to agree in the propriety of abandoning it, I do not think it expedient to enforce the collection by any

any strong measures. In their reply
Proceedings
Dray 25th 1848. to my letter above quoted the Board
expressed an intention of taking this
and other items into consideration
when reviewing the Instructions of the Dis-
trict. I am not aware whether that
subject has yet been taken up, but if
it is not considered expedient to
abolish this tax at once I beg to
solicit Sanction for writing
off the balance of Fusles
1258 and 1259. The total
amount of arrear therefore,
for the remission of which
I now beg to request Sanction
is 137-5-5, Vizt 73-5-8- for
Fusly 1258 and 64-15-9 for
KR.

Sir,

From the Collr of South Arcot

Affording further information on Petition No 2171 of 1849 presented by Afsud Cawn and Hufsain Mahodeen Cawn the descendant of Laulkhan of Chellumbrum Talook

1. I have the honor to submit the information required by the third Para of Extract from the Proceedings of the Board dated the 1st July 1850 on the subject of Petition No 2171 of 1849—

2 The eight Cawnies and thirteen Annas and three quarters, of land in the Village of Comaramungalum were originally granted and made over in trust for the service and support of the Mosque of Lalkhan at Chellumbrum by the Native Government to the Ancestors of the Petitioners Afsud Khan and Hoofsain Mohodeen Khan And by them set aside and appropriated for the Maintenance of the Official who should perform the daily religious ceremonies and service of the Mosque, and it appears from the

the evidence adduced that the enjoyment and possession was with the family of Moer Goolam Cawder Khan, as the Katoob or readers in the Mosque—

3. The entire Manium consisting of Cawnies 20— 1 3/4 Annas has been of late years occupied in the following proportion. That situated in Comaramungalum, Cawnies 8— 13 3/4 Annas in the enjoyment of Cawder Khan while the Petitioners have held the remainder Cawnies 11 and Annas 4 in the Village of Mathiaranthanellore in their possession And for this portion of the Enam there is no dispute. The proceeds are applied by both parties, partly for their own Maintenance, partly for defraying the expenses attendant on the Mosque, such as lighting, performing festivals and executing repairs, as well as feeding Mendicant travellers—

4. The services of the Mosque are at this time regularly performed, and from an investigation held in the Talook it is proved by the evidence of the parties themselves, now

now litigants, and by others that, the services consist of five orders, namely The Kateeb, the Parish Imam, the Mooazzeen, Farash or spreading of Carpets and the keeping up of the lights. Of these the three first appertain to Saudar Khan and the two last to the Petitioners and the duties are performed by substitutes or Naibs appointed by each respective party. It is further stated that Saudar Khan's own son occasionally officiates at the Mosque.

5. There can be no doubt that the enjoyment of the disputed land in question is with Meer Gholam Saudar Khan, and that though the Petitioners are the trustees and controlling authorities of the Mosque, they have no authority to dispossess the opposite party so long as their services are performed.

Sir, 1. In transmitting Copies of the Decrees in 4 of the suits noted in the margin, I have the honor to state that the costs in No. 137 of 1844 and 9 of 1846 which were decided in favor of the Collector and in 7 of 1846 the prosecution of which was discontinued by a Razeenamah have been recovered. In the fourth case though the original Suit was decreed for the Plaintiff he gave a Razeenamah when I was ready to appeal and all the costs of the original Suit have been recovered.—

2. In the last case which was decided in favor of the Collector an appeal has been presented to the Civil Court.—

Plaintiff's object in bringing this suit is to upset the 1st Defendant's order and to establish his right to 10 33/64 Coolies (boundaries specified) of lands inclusive of 3 1/8 Coolies thereon referred to yielding an annual profit of Rupees 10-6-4 and paying Kist to the Circar in Rupees 1-13-6 and also to recover from 5th Defdt Rupees 20-4-8 the profit of the said 3 1/8 Coolies

Coolies after paying the kist to Circar for Fasly 1255.

He states that in December 1849 he gave a Dubkaut in the name of Arundyen to the Sub Collector for the cultivation of 21 1/2 Coolies of Punjah waste land at Nelamungalum who sent an order to the Tasildar on the 19th of January 1850 to give up to him the land and to collect the kist from him. The Tasildar accordingly delivered over to him the lands into the 3d and 4th Defendants Plaintiff at his own expence dug a channel and converted the waste into arable land. Having given 5 15/32 Coolies of the said land to me Soobra mooriya Iyen Plaintiff & Arundy in cultivated and enjoyed 5 29/64 Coolies in equal shares under Puttahs leaving the remaining 10 33/64 Coolies fallow owing to the ground being too high to allow of its being irrigated. From this last portion the 3d Defendant Natangar the Plaintiff's enemy gave 3 1/8 Coolies to 5th Defendant who forcibly cultivated it

it - Plaintiff complained of this to the Joint Magistrate who, upon enquiry, vide the matter this the Tahsildar, ca- ssued an order to the 2d Defendant on the 2d of March 846 to the effect that the grant of lands by the 3d to the 5th Defendant without the Plaintiff's con- sent and Tahsildar order was illegal, that Plaintiff having the right to the whole as obtained by him on Durkast he should cultivate the remaining 7 25/64 Cawlies and the Melwaram for that year in the said 3/4 Cawlies should be reco- vered to him from 5th Defendant but that he should pay Kist on them both and obtain a Puttah in his favor and also furnish a Kararnamah binding himself to cultivate the whole land from the following year. The Zillahdar took from Plaintiff the Kararnamah & security for its due performance and 3d and 4th Defendants were directed by 2d Defendant to give effect to the above order, but notwithstanding this, the Malewaram in question was not recovered to Plaintiff, but the Kist on 10 25/64 Cawlies was collected from him

him under a Receipt at the jummabandy Settlement of July 1255 the 5th Defendant objected to the grant of Puttah and upon his misrepresentations, the 1st Defendant while in charge of the Sub Division sent an order on the 18th of July to 2d Defendant that the 5th Defendant should enjoy the 3/4 Cawlies and receive Puttah in his favor.

Filed 22d October 1846.

The 1st Defendant states in answer that the Durkhast alluded to in the Plaint was given by Arunda Narayen proposing to cultivate Punjah Mel- Punjah on Circar waste lands and to pay half Kist thereon. The Sub Collector passed an order on the 19th January 1845 that 21/4 Cawlies might be given to him but which order was rendered invalid by the omission on the part of the said individual or his agent to pass a Kararnamah to the effect that he would pay Kist whether he cultivated it or no as also to obtain a Cowlunamah. Plaintiff and Arundyen having however cul- tivated a part of it Viz 5 13/64 Cawlies with

with the Munjah and paid full kist thereon Pattahs were made out in their names and the remaining lands was entered as Circar waste in the Summabundy accounts of the said year, but the Statement of the Plaintiff that 21/15 Cooles of land were delivered over to him as Jabar under instruction from the Board of Revenue as per their letter of the 31st January 1842 the right of lands left fallow by the Ryots belong to the Circar Under the Cultivation Hookumnamah passed by 1st Defendant on the 23rd June of the said year waste lands were given by the Circar not by Plaintiff to Soobramaneya Iyen and others who held enjoyment under Puttah, The 3rd Defendant as Notangar gave the 3/8 Cooles in question to the 5th Defendant which he cultivated and his name was accordingly entered in the periodical accounts Soobramaneya Iyen and others did not cultivate the said lands nor Puttahs were issued in the name of Plaintiff, nor did he repair

repair the land and his right to the said 3/8 Cooles was denied in the 2nd Defendants Turjee to the Sub Collector who under the impression that it was included in his Cowle passed an order in Plaintiff's favor, but against which order 5th Defendant presented Petition to that gentleman who in consequence requested the 1st Defendant to permission to cancel his former order, which was done by 1st Defendant himself who then issued the order which Plaintiff now seeks to upset. Altho Plaintiff passed a Kararnamah to pay Kist on 7 35/64 Cooles including the above said 3/8 whether he cultivated it or no and paid on account Rupees 12-8-8. yet as it is clear that was done with a view to usurp the 5th Defendants land the Sub Collector passed an order to refund the amount to Plaintiff thereby invalidating the Kararnamah The other Defendants acted under the orders of the 1st Defendant as and

and Sub Collector they therefore have no concern in this suit.-

Filed 22d August 1847.

The 3d 4th and 5th Defendants state that they 3d and 4th Defendants have been made parties in this Suit in order to avoid their giving evidence in 5th Defendants favor.-

Filed 22d April 1847.

In reply Plaintiff states that the Coulen in question was granted to him under Section XLIII Regulation II of 1803 the 1st Defendant having cancelled it is contrary to Section XLIV of the Regulation- The 3d Para of the Hookoomnamah does not authorize the Nattangar to give lands for Cultivation without the order of the Tahsildar as was done in this case to the 5th Defendant- The 1st Para requires the Respectors consent to transfer his lands to another- If any one proposes to cultivate Nunjah & waste lands at a low teerwah it is customary to grant him a Coulenamah taking at the same time Moochilikah-

Filed 6th July 1847.

In

In Rejoinder 1st 3d 4th & 5th Defendants state that the Regulation quoted in reply is not applicable to the present case wherein Plaintiff did not obtain a Cowleenamah the permission of the Board of Revenue nor does the transfer of the land to which he professes no title whatever require his consent. The order which he takes for a cowle was passed for cultivating Nunjah male Poonjah on half Teerwah but not abiding by the terms therein he and others cultivated some lands on full Teerwah.-

Decree

The Lands in dispute were waste and consequently at the disposal of the

the Circar. This is admitted by both parties but Plaintiff claims his right thereto chiefly on the Document №37 which is an order issued by the Sub Collector to the 2nd Defendant to grant one Anunthien 21/16 Coolies of land on half Teerwah for Nunjah maid Poonjah cultivation. This Document cannot be looked upon in the light of a Cowleenamah nor would it confer on Plaintiff a perpetual right because Plaintiff did not abide by the terms of the said Document for he evidently cultivated nunjah instead of Nunjah maid poonjah on a part of the land specified in the order and the 1st Defendant was therefore undoubtly justified in transferring the remainder to 5th Defendant and others.

The Subordinate Judge finds no reason whatever to upset the order of the 1st Defendant and now suits the Plaintiff with all costs.

Plaintiff sues to procure a Judgment prohibiting Defendants from opposing his erecting House &c. &c. on 2 grounds / boundaries given / valued at 42 Rupees Measuring 140 by 34 1/2 English feet. He states that on the 9th August 1845 he presented a Petition to the 1st Defendant, offering Rupees 28 for 2 grounds of 120 by 40 English feet who passed an Endorsement directing him to pay into the Talook Treasury 21 Rupees

Rupees for each ground, and to build houses thereon. He also demanded of the 2d & 3d Defendants to measure out the grounds to him, but they and two others finding the groands fall short by 5½ feet from South to North added 20 feet from East to West making a total of 140 feet by 34½ feet, and put them in his posfesion marking them out with Pegs. On the 7th December 1845 he paid into the Talook Cutcherry the value of the said grounds namely 42 Rupees and obtained a receipt for such from the Tahsildar. When he was prepared and about to erect Houses 4th 5th and 6th Defendants opposed him. On the 26th of March & 22d Sept. 1846 he presented Petitions on the subject to the 1st Defendant but who pafsed no just orders.

Filed 31st March 1847.

The 1st Defendant states in Answer that there is no other way of getting to Permal Maistry Street from the grounds of the 4th 5th & 6th Defendants except through the grounds in

in dispute. That although he pafsed an Endorsement selling them to Plaintiff, yet he since cancelled the sale and directed the value to be returned to Plaintiff, having ascertained from the 2d Defendant that the grounds in dispute were ill adapted for House building and that if the Plaintiff should be allowed to build Houses thereon, his so doing would be disadvantageous to the 4th 5th & 6th Defendants and stop up the pafsage to Permal Maistry Street.

Filed 17th August 1847.

The 4th 5th & 6th Defendants state that the 1st Defendant ordered the Port Ditches to be levelled and 120 by 40 feet to be allowed to each ground between Marrett and Permal Maistry Street, and Houses to be erected thereon. That they purchased 3½ grounds at 11 Rupees a piece and levelled them at the expense of Rupees 200 and paid the value into the Talook Cutcherry under a Receipt. Having erected Houses in Marrett Street they are preparing to build Houses in Permal Maistry Street. That the grounds in dispute lying between Marrett and

Permal

Permal Maistry Street, being excess of the settled measurement of the said grounds belong like others to Defendants. That Plaintiff fraudulently petitioned the Collector to sell them to him and which was complied with. That they as also the 2d. & 3d. Defendants represented the case to the 1st. Defendant, who upon inspection cancelled the sale and ordered the value to be remitted to Plaintiff and the grounds in question to be made over to 4th. 5th. & 6th. Defendants in order that they might enjoy them. In March 1846 Plaintiff presented a Petition to the 1st. Defendant requesting permission to build Houses on those grounds but he refused compliance and directed him to receive back their value as paid by him. That the grounds were not measured out to him, nor has he made any progress in building on them.

Filed 3d. August 1847.

In reply Plaintiff states that the orders cancelling the sale after 7 Months is contrary to the Hindoo Sastra which forbids such an Act even 10 days

days after the sale prays the Court will consult the Law Officer on the subject. That there is another passage by which the 4th. 5th. & 6th. Defendants can get to Permal Maistry Street, and that by the Defendants opposition he Plaintiff has sustained loss of Materials collected for the erection of the Houses on the grounds in dispute.

Filed 15th. January 1848.

The 1st. Defendant in his Rejoinder denies the truth of the Reply and states that the Plaintiff fraudulently obtained the Endorsement whereon he rests claim for if it were not so he would have immediately built Houses on the said grounds and would not have concealed the matter for 7 Months from the other Defendants his Neighbours. In consideration of the inconveniences that the 4th. 5th. & 6th. Defendants would have experienced from Plaintiff building Houses on the grounds in dispute he 1st. Defendant cancelled his previous order. In support of the Plaintiffs' Claim he has no deed of sale nor were the grounds measured out to him.

Decree

The Defendants admit that the grounds

grounds in dispute were sold to Plaintiff but it appears that the 1st Defendant having been informed that they were ill adapted for the purposes of building and that Plaintiff so doing would be disadvantageous to the 4th 5th & 6th Defendants he in his Official Capacity cancelled the sale.

The Court however feels bound to decide in favor of Plaintiff. The grounds were unoccupied and were equally available to those above named Defendants as to Plaintiff himself, and who in the first instance offered the 1st Defendant a certain sum which he decided was insufficient but at the same time specified the amount which he considered equivalent to the value of the said grounds, and which amount Plaintiff paid into the Public Treasury and for which a receipt was passed to him by a duly appointed public Functionary.

These 4th 5th & 6th Defendants aver that the Plaintiff fraudulently obtained the Endorsement alluded to

to from the 1st Defendant, but the Court is at a loss to discover on what grounds they can hope to make good their charge. Why fraudulently? what fraud could possibly be intended on the part of the Plaintiff in openly petitioning a Public Officer for a piece of ground unoccupied and at the time of application the property of Government. If any fraud was premeditated by either party it was certainly on the part of these Defendants themselves, who by their own shewing intended to take possession of the grounds in dispute on the pretence that it was in excess of that already measured out to them and in accordance with the order of the Collector, but to prove which no such order is filed and no mention to this effect is made by the 1st Defendant.

With a view to ascertain to what extent the Plaintiffs building on the disputed grounds would be injurious to these Defendants, the Subordinate Judge has personally inspected the spot which enables him to form the opinion that the grounds are as equally

eligible

eligible for the purposes of building as the adjoining grounds on which the Defendants themselves propose to build, there can however be no doubt but that the Plaintiffs threatened erection will prevent those Defendants from having the privilege of a back entrance to their dwellings but merely to enable them to enjoy which privilege the Court does not feel itself justified in rendering invalid the sale which in its opinion was a legitimate transaction and the up setting of which would undoubtedly constitute a breach of faith—

The only remaining point to be disposed of, is the assertion of the 1st Defendant, that there is no way leading from the grounds of these Defendants 1/4th 5th and 6th/ to Permal Maistry street but by those in dispute—"He would be perfectly correct had he stated that there is no direct right of way but the Subordinate Judge must remark that there is a public path from North Marrett Street to Permal Maistry Street which runs directly

directly parallel with the ground of these Defendants, as is clearly shewn in the Plan filed by the 1st Defendant and in the opinion of the Court the inconvenience to which these Defendants would be subjected is but trifling when compared with the injustice which must be inflicted on Plaintiff, should the Court consent to cancel the sale—

Under these circumstances the Subordinate Judge is bound to award that Defendants be prohibited from opposing Plaintiff in the erection of Houses &c &c on the 2 Grounds to which he is entitled as mentioned in the Plaint, and 1st Defendant to bear all costs of Suit—

The

The Plaintiffs instituted this Suit for a Decree to Restrain the Defendants from Removing the bund of the Tank belonging to Sullacolum Village the erection of which bund has cost them 700 Rupees and that the water of the above Tank may not be conveyed into the Defendants Tank at Nantchecolum. The Plaintiffs state that the lands under the Sullacolum Tank were cultivated with Nunjah until the assumption of the District by the Honorable Company. After which the Plaintiffs from 1806 Cultivated them with Poonjah upto Fasly 1217. The Tank being breached in two places 5 Pooties of land were under Nunjah Cultivation from Fasly 1218 to 1225. since which they have been Cultivated as Nunjahmel-Poonjah. the tank not being in a fit state to hold the water. On the 1st Febuary 1845 Cannula Naik the Zemindar of Ammia Naikanoor granted the said Tank under a Cowlenamah to the 7th Plaintiff but Subsequently in Conjunction with the Plaintiff from 1806 present time

him from making the necessary repairs. The 7th Plaintiff filed a Suit against them in No. 15 of 1845 before the Proffee Sudr Ameen before whom the Plaintiffs 1806 entered into an Agreement with the 7th that they would make the repairs and allow him 5 Cawnies of land on the payment of the Cowle Peerwah. The Plaintiffs from 1806 at great expenses in Fasly 1255 brought 25 Cawnies under Nunjah Cultivation which in the following year was increased to 31½ Cawnies. The Defendants presented a Petition to the Collector stating that the surplus water of Getticolum which fills the aforesaid Tank flowed into the Nantchecolum tank but that it had been stopped by the raising of the bund across the stream. The Collector upon the report of the Tahsildar ordered the bund to be removed.

Tirbo 19th December 1846.

In answer the 2d 5th 6th 7th 8th 10th and 11th Defendants deny the truth of the Plaint the tank alluded to by the Plaintiffs was not in existence at the time they mention nor were

aag

any Nunjah lands is under irrigation - At the time of the Carnatic Government a Tank was dug for the Village of Kaudacolum to receive the water passing from Mauvoattoo: vary Oodey on the Seroomalay Hills this the Tank of Yettiecolum accordingly it was supplied from that source as well as from another called Kadavarayanputty - on Carettoo Oodey In Fuesly 1213 the said Mauvoattoo Vary Oodey was entered in the Public accounts as belonging to the tanks of Kaudacolum Village - The Plaintiffs having attempted to throw a bund across the abovementioned 2 Streams the Defendants preferred Complaints on the subject to the Circar in 1845 and 1846. By Order from the Collector the Tahsildars of Mandacolum and Killacottah enquired into the matter and in 1845 reported that the water of the said 2 Oodays should as usual flow to Kaudacolum tank they were subsequently owing to Petitions presented by Plaintiffs to Collector directed

directed to investigate the matter which they did and in a Second Report on the 30th November 1846 adhered to their former one adding that the Sullacolum Tank had been newly formed and had never been supplied from the disputed Oodey - On this an order was issued on the 15th December 1846 directing the Tahsildars to remove the Tank bank erected by Plaintiffs which was accordingly done.

Filed January 26th 1847.

The 4th 12th and 15th Defendants in their Answer maintain the truth of the foregoing -

Severally the Plaintiffs state that the two Tanks of Sullacolum called Peria Colum Commoyee and Pugacolum Cummoree usually receive their supply from the Seroomalay Hills thro the Oodey of Moonghilour the surplus only of the former tank is carried to the tank of Kaudacolum and the Village of Codacaray which can be proved by reference to the Huzzoor accounts of 28th September 1827 - In proof of the long existence

of

of the Sallacolum Tank there remains an old Calingulah on the bank.

Filed 20th April 1847.

Plaintiff by a supplemental Plaint includes the Collector as Defendant.

Filed 9th August 1847.

In his answer the supplemental Defendant states that no tank has ever existed within the boundaries laid down in the Plaint. The Plaintiff and the Zemindar contended that an order had been issued by the Huzzoor in 1827 respecting the disputed tank. The Inhabitants of Madacolum and Nellacottah upon personal inspection reported that the Pongacolum and Sallacolum Tanks referred to in that order and the Mangulaur Oodey from which they received their supply were different from those referred to in the order according to the Fysul Accounts of Fasly 1212. The Oodey in question belongs to the Ain Village of Santacolum and the late Principal

Principal Collector taking into Consideration the loss would be incurred by the Ryots as well as by the Defendants by the erection of the bund by Plaintiffs directed its removal on the 15th December 1846.

Filed 15th January 1848.

In their supplemental reply Plaintiffs state that the Tank bank in dispute is entered in the Fysul accounts as Perumbank.

Filed 8th February 1848.

The Rejoinder of the supplemental Defendant contains no new matter in support of the answer.

The 1st 3d 9th and 14th Defendants allowed the Cause to be decided ex parte.

The remaining Defendants filed no Rejoinder.

Decree-

The 1st and principal point to be proved by the Plaintiffs is the existence of the tank prior to the assumption of the Country by the Honorable Company, the 2d Whether the Plaintiffs had ever received their supply of water from the Stream under litigation- They have not produced any document shewing the existence of the tank prior to the assumption by the Honorable Company nor any shewing that the tank was made after such assumption- The Witnesses examined on their behalf do not either prove the existence of any tank as set forth by the Plaintiffs, they state that there were appearances which in some measure indicated that a

a tank might have existed. With re-
gard to the 2d point the Plaintiffs have
failed to shew that they derived their supply
of water from the stream under Allegation.
On reference to a Map of the
Tinnivelly District in which the Tanks
and Streams under dispute are situated
Reduced from the Original Map of Survey
executed in 1815-16-24 and published
in the Surveyor Generals Office in 1825
and authenticated with the Signature
of the Deputy Surveyor General no
such tanks as asserted by Plaintiffs
to have existed is extant and it is
not likely that even if the tank
had become dry that all traces of it
would have disappeared when the
Survey was executed. The Witness
cited by the 2d and some other Defend-
ants prove that the Plaintiffs com-
menced the construction of the tank
some 3 years prior to the institution of
the Suit and it is proved by the Documents
that immediate complaints were made
to the Collector by the Defendants on
the subject. The Plaintiffs too omitted to
conform

conform to the orders of the late Principal
Collector of Madura contained in a
Proclamation published on the 22d January
1840 which enjoined that "all people desirous
"of newly constructing or repairing Tanks
"should first obtain the sanction of the
"Collector to proceed with such construction
"or repairs." How to be supposed that had
the Plaintiffs been irrigating their lands
from the above Tanks they would have acted
in conformity with the Proclamation, this
they never did. It is true that a Suit No. 15
of 1847 was instituted before the Moonsiff
Court Ameen against the Plaintiffs from
1st to 6 and the Hemmadar of Ammiahnaick-
noor by the 7th Plaintiff but no decision
was passed on its merits in fact little,
or no progress appears to have been
made in it and a Razeenamah was so
hastily filed between the parties that
there was reason to suppose that a
third party was likely to be prejudiced
thereby. In these circumstances and on Consi-
deration of the Documents produced by the
Defendants which shew the result of the close
investigation

investigation of the points of dispute by the Revenue authorities and their Decision thereon. The Court is of opinion that the Plaintiffs have failed to prove their right to lay a dam across the stream of water leading to the Nautchecolum Tank and that the order of the Principal Collector directing such dam to be removed is just and proper. The Court therefore decrees that the Defendants should be left in the undisturbed enjoyment of the stream supplying the Nautchecolum tank and dismiss the claim of Plaintiffs adjudging them to pay the Costs of Suits.

Sir,

From the Acting Collector of Tinnevelly — — — Para 1. With reference to your letter of the 4th April requesting further information regarding the subject of my letter of 9th March last reporting upon Petition No. 1541 of 1849 I have the honor to state for the information of the Board that I cannot find in the Records of the Office any other grounds for the assumption by Mr Thomas of the Enam and therein alluded to than those already reported in my last letter Viz. the non production of a Cowle in support of the grant when called for, the suspicion entertained regarding the genuineness of the Purwanah produced by the party a year after the attachment of the Enam land, and the fact of the land not being mentioned in the Cloopa Accounts of the Village. As regards the misappropriation of the income I have the honor to state that no inquiry seems to have been undertaken by the Head previous to the attachment of the Endowment but on the receipt of the Boards'

Fort St. George 19th September 1850

Boards' letter under reply the Tahsildar of Nellembalum was directed to inquire and report as to whether the Charity had been regularly conducted or not, and from his report it appears that previous to Fusly 1262 when the Pagoda was under Circar Management, no accounts were kept to shew whether or not the charity was performed, but that from Fusly 1262 to 1264 in which latter year the Enam was attached there are accounts in the Pagoda to show that the income was appropriated to the purpose intended, and that moreover, by the statement of the Carnum of the Pagoda and that of the aged Shalotars of the Town it appears that the Charity was always regularly performed.—

2. As requested in para 4 of your letter, I beg to forward herewith 2 Purwanahs with round Seals, one bearing date one year previous and the other one year subsequent to the date of the Purwanah in question, which as well as the 3 Petitions noted in the Margin are also herewith Retransmitted.—

4. A Summud granted to the Petitioner Mootteecomarasawmy Tamberan by Collector Mr Cotton authorizing him to manage the affairs of the Cattalay is also herewith transmitted. This document has only now been produced by the Petitioners Vakeel.—

In sons: 4th April 1850

From the circumstances stated in the foregoing letter and in the Acting Collectors' previous Communication of the 9th March 1850, the Board feel satisfied that previous to the attachment of the Enam in question by the Collector, the Tamberan had been for a considerable period in undisturbed possession and that the service of Palcattaly at the Nellapah Pagoda or as it is termed in the Purwanah "Derkham Muddee" has been performed.—

2. The sum assigned for the assumption of the Enam are not sufficient in the opinion of the Board for the Collector to have proceeded to so extreme a measure, and they direct that the Enam land in question may therefore be made over to the proper parties with any amount that may now be in deposit out of the Collections therefrom since the period of its assumption by Mr. Thomas, the Tumbaram should pay his 6 Pons (5 × 2. + 11) to the Chaltry as directed in the Purwanah.—

Ordered that the following Endorsement be passed on Petitions 1544 1616 and 1619 of 1849.—

The Petitioners are referred to the Collector to whom the necessary instructions have been issued on the subject.—

Sir,

From the Collector of Canara ---

Forwards remarks upon Salt Rules, received with Proceedings dated 15th April 1850.

I have the honor to acknowledge your letter of the 29th August 1850, and I now beg to submit such remarks as have occurred to me upon a consideration of the draft Salt Rules which accompanied the Board's Proceedings of the 15th April 1850.

2 I have annexed these remarks in a separate sheet referring to the different rules to which they relate.

3 The Board will see that few of the Rules are applicable to this District where it appears to me that the climate has forced upon us a system which has some considerable advantages.

4 The fact that the salt is never sold from the heaps, and that only a very little is sold even near to the place of manufacture, that it is as soon as made stored under lock and key in divisions calculated to hold a given quantity

quantity, will shew that the checks to fraud are considerable.-

5. This system has also the advantage of reducing the wastage to an average quantity, as I conclude that the drying process will be more complete and therefore more regular in these equal heaps than in those of varying sizes. I do not know whether the expense puts it beyond a possibility to extend this system to other Districts, but I should think it must be doubtful whether the loss incurred by such a hurricane as Mr Lewis visited the Northern Division this year might not exceed the expense of thatched buildings. But I am not in the least competent to judge of this question.-

6. Since the abolition of the Land Customs our Rowannahs are never returned, nor do I think it will be found practicable to enforce such a rule considering that most of the Salt goes to another Presidency or to a foreign State. Care to enter the number of days for which the Rowannah holds good and a correspondent entry in our accounts is the only measure of precaution which appears to me practicable.-

7. I would here beg to state in reply to your letter of the 11th April that the Measure sent from Madras is found to be about 5 per Cent in excess of that before in use, the

D.G.

one

one contains in water 1180 Rupees weight.

The other — 1125

Difference 55

8. I am induced to think that the Bengal system of selling by weight is preferable to ours of selling by measure.

Remarks upon the Draft Sall Rules received from the Board with Proceedings dated 15th April 1850.

Rule No. 1 No advances are made in Canara. The Sall is paid for as received or about every 15 days.

No. 2 Some of the Manufacturers and the Government peons watch at the pans the rest of the Manufacturers leave at sunset. This rule may be added as a security.

No. 3 This rule prevails.

No. 4 The Sall is dried for three days before measurement. When measured it is stored in Cotays in Goodes or Divisions of 10 Garce each.

This

This is equal to square feet 189. and cubic feet 1,890 being in the following proportions..

Length 20 feet 3 inch, breadth 9 ft. 4 in. height 10 ft.

Ans. 5. This rule unnecessary in consequence of the use of our Colays at the place of Manufacture.

Ans. 6. Ditto

Ans. 7. Ditto

Ans. 8. Ditto. An account of the loss by wastage in the several Colays is kept.-

Ans. 9. Ditto..

Ans. 10 Ditto.

Ans. 11 As shown in Ans. 1 the salt is paid for as received by the Tahsildar or Peishkar..

Ans. 12. This rule prevails.. From these Colays the Salt is removed within one year for sale, the wastage is calculated at 5 p. c. If it appears to be above this sufficient reason must be shown - a wastage of 5 p. c. in addition is allowed during the second transport to the place of sale and during the sale, making in all 10 p. c. from first to last.

This

Ans. 13. This rule cannot be strictly enforced. The Goodes first filled will be the last accessible; and it has been customary to allot the different Colays to the several Villages, a Custom which perhaps tends to check carelessness in the manufacture and had better not be altered..

Ans. 14 The present practice I think need not be changed in this District - where the Salt is not sold from heaps but from stores where it has been placed after having been twice measured at the expense of Government..

Ans. 15 The servants at the Colays are rarely changed during the selling season..

Ans. 16. This rule is in force with reference to the Colays and the accounts of wastage are laid before the Board..

Ans. 17. The Marcals now are 1 contains $\frac{1}{21}$ or about 5 p. c. more than that now in use See letter of this date I am inclined to think that the system of weighing might be advantageously introduced as in Bengal..

11th April 1850 +

See

A° 18 See letter of the 9th Ultimo.

A° 19 The practice of the District is in accordance with this rule.

A° 20 The Merchants do not come near the place of Manufacture and at the places of sale the salt is sufficiently secured by the Cotays.

A° 21. The salt is measured sold and paid for and a Rowannah is then given before the Merchant quits the Cotay.

A° 22. The principal occasion for theft is during the Manufacture of the salt before it is received into the Cotays and I think that if a Goller or Duffadar were appointed on a salary of 15 Rupees for every 500 Garce of Salt or thereabouts their services would be very valuable and the prospect of promotion would have a good effect on the people now employed. The present salaries are very low.

A° 23 No export by Sea takes place from Canara except to the Ameendevi Islands belonging to the District.

A° 24. Ditto.

A° 25 to 29 Ditto

An

A° 30 An account of this kind cannot be easily added to the present forms. It will be better to add a separate account shewing the quantity manufactured, its cost, the balance remaining and its cost, and value at the Sirkar selling rate.

A° 31 This is already done except that the country is not specified. This could be done with some little trouble and it would distinguish that sent to Mysore from that sent to the Company's territories but that for Mysore will in many instances pass on to the Company's Districts.

A° 32 This account can be prepared.

From the Collector of Malabar...

Sir,

I have had the honor to receive the Board's Proceedings under date the 15th ultimo and in reference to the 5th and 6th Paras beg to state that the case forming the first charge against the Shernaad Taluke Shroff, was examined by me in person, I therefore purpose enforcing the award passed against him to the full extent specified in my Decision.-

The fine of 100 Rupees was not imposed, I take the liberty to remark for "Embezzling public Money" but for "knowingly and wilfully falsifying public Accounts", an Offence which

Clause 3d Sec: II

which coming under Clause 5th of the specifications of Clause 2nd Section II of Regulation IX of 1822 is punishable under Clause fourth, Section V. Hence my reason for quoting that Clause in my Decision, and determining the period of imprisonment in default of payment of the Fines.

I have thought it necessary to furnish the Shroff with a copy of the 9th Para of the Proceedings above adverted to shewing that the Board deem him jointly responsible with the 1st Goomastah for the deficiency in

in the Treasury during the period it was under their charge, as the Endorsement on his Petition merely says that he is acquitted on the 2nd charge the evidence not being sufficient to produce conviction.-

With reference to the correspondence noted in the Margin I am directed by the Court of Wards to address you again on the subject of the accounts furnished to their office from

Rules furnished by them on investments made on behalf of each Minor & the substitution in lieu thereof of an annual general statement on account of each Estate.

from your Department connected with the Deposits made by them on behalf of Minors under their Wardeship.

2 In their letter of 20th May 1850. the Court requested to be furnished in addition to the accounts Particular supplied from your Office from time to time as Investments were made on behalf of each Minor with an annual statement exhibiting in Abstract at one view their entire transactions with your agency, reference being made for details to the periodical accounts above alluded to. You however informed the Court that the statements might be prepared in their office and that your Establishment was so limited as to render you unable to furnish constituents with such statements as they might think proper to call for.

3. The Court are still desirous that the accounts which are placed on their records, and

furnished

furnished to their Provincial agents should be prepared by the Government agency, and they cannot view their request as being a mere private convenience but ask it entirely in their Public capacity, as a Court constituted by government, at the same time they are most anxious that no extra labor should be imposed on your Department. They therefore desire me to propose that the Accounts Particular and explanatory letters hitherto furnished be entirely discontinued and in lieu thereof one general statement furnished to them annually (adopting the Fasly Year) an account of each Estate in the form of an account current with a Memorandum annexed to it shewing the extent of each Minor's vested capital at that date.—

4 Under this arrangement it will not be required to report every occasion of investing interest as the transactions will

will appear in the annual accounts and when Bonds are sent to you from this office it will only be necessary to return the usual printed acknowledgment under a blank cover.—

5 The Court trust that the plan proposed above which they expect will relieve your Department of some labor and be very convenient to their office will receive your concurrence.—

To The Chief Secretary to the Government of Fort St. George.

Dated Fort William, the 2nd. Sept. 1850.

Sir,

I am directed by the Deputy Governor of Bengal to transmit the accompanying Copy of a letter from the Officiating Secretary to the Board of Customs, Salt and Opium No. 732 dated the 28th. Ultimo, with enclosures, and to request that the Government of Madras will adopt the necessary measures for providing a supply of 120,200 Maunds of Kurkutch Salt for exportation to Chittagong on account of the ensuing season of 1850/51.

I have the honor by direction of the

the Board of Customs, Salt and Opium to submit herewith a letter from the Salt Agent of Chittagong No. 335, dated the 13th Instant, with a List of Contracts for the importation of 120200 Maunds of Madras Kurkutch Salt during the ensuing Season 1850/51. required for the use of the Agency to be stored at its Sudder Ghaut.—

2. The indent for this season is limited in quantity as no Kurkutch is required for Ghaut Doom Colly or the Bullooah Division of the Agency. The contract rate for importing the above quantity at the Sudder Ghaut has been reduced from 42 Rupees, which was allowed last Season, to 40 Rupees per 100 Maunds. The Agents arrangements appear to the Board to be judicious and they have intimated to him their approval of the same.

3. I am now desired to request that the necessary Communication may be made to the Government of Fort St. George with a view to 120200 Maunds of Kurkutch Salt being provided for exportation to Chittagong on account of the ensuing

ensuing season 1850/51.

To, The Officiating Secretary to the Bd. of Customs Salt and Opium
Fort William

Sir,

I have the honor to submit herewith for the information and orders of the Board a List of the Contractors for the importation of Kurkutch Salt from the Madras Coast to the Sudder Ghaut Golahs for the season 1850/51 with the names of the Vessels and the quantity of Salt assigned to each Contractor. No Kurkutch being required for the Bullooah Division or for Doom Colly, the quantity to be imported this season is much less than usual.—

2d. I have to solicit the Boards attention to the reduction effected in the rate, two Rupees per hundred Maunds Viz. from 42 Rupees to 40 by which there will be a Saving of Rupees 2404 on the quantity of Salt to be imported. I trust that the arrangement will meet with the approval of the Board.—

From the Sec.y to Government authorizing the relinquishment on certain conditions to the Numbidi of Colingode of certain tract of Jungle claimed by him and directing the acting Rev.e Coll.r of Coimbatore to lose no time in taking measures for securing to Govt. the sole conservancy and right of felling timber in the Colingode Forests.-

Para. 1. On the recommendation of the Board of Revenue, Government under date 17th February 1849 authorized the deputation of two Revenue Officers on the part of the Collectors of Malabar and Coimbatore to investigate the complaint preferred by the Numbidi of Colingode of encroachments having been made by the Officials of the Coimbatore District upon his Forests, and the papers now before Government contain the result of that investigation.-

2. The Right Honorable the Governor in Council has given his particular attention to the Report of the Commissioners and to the documents submitted by the Board of Revenue and is of opinion that the inquiry has been conducted by Mr. Jo.s

Messrs. Robinson and Walhouse with great care and scrupulous impartiality. These Gentlemen have adjudged the right to the disputed tract to the Numbidi of Colingode and have recommended that that right should not henceforth be interfered with, but that it should be distinctly intimated to the Numbidi that no claims to compensation on account of the proceedings of the Coimbatore authorities in respect of this tract, can be admitted and that such matters are not to be re-agitated in any shape.-

3- The Governor in Council records his entire concurrence in the views expressed by Messrs. Robinson and Walhouse, which he observes are also supported by the Collector of Malabar, the Acting Principal Collector of Coimbatore, the Civil Engineer of the 7th Division as well as by the Board of Revenue, and he resolves to direct accordingly that the disputed tract be relinquished wholly and finally to the Numbidi of Colingode

Colingode on the clear understanding as proposed by the Board "that the decision is final and that no pretence shall be made by the Numbidi to compensation for the alleged acts of aggression on the part of former Collectors of Coimbatore."

4. The tract hitherto under controversy having now been formally adjudged to the Numbidi, the Acting Principal Collector of Coimbatore will lose no time in taking measures for securing to Government the sole conservancy and right of felling timber in the Colingode Forests on such terms as those suggested in his letter of 21st February last, and will submit for the confirmation of Government at an early date the arrangements which he may be able to conclude with the Numbidi for that purpose.-

Sir,

From the Actg. Collr. of Guntoor informing in reply to letter of the 9th inst. that there appear to be no Estates of incapacitated Proprietors.

In reply to your letter of the 9th instant, I have the honor to inform you that there appear to be no Estates of incapacitated Proprietors in this District left to the Management of parties unconnected with the Court of Wards under any authority granted for that purpose.—

2. Upon investigation there will doubtless be found in the District lands paying revenue to Government, which have

Fort St. George 23d. September 1850

have, upon the decease of the occupant, passed into the hands of Managers unconnected with the Court of Wards during the Minority or other incapacity of the legal heirs.—

3. A Statement of such cases was submitted on 24th February 1846, for the Palnad which as the rest of the District was, under the Zemindary tenure, was then the only part of the District in which Regulation V of 1804 was applicable to the individual holdings of Ryots &c., and the Board on 9th March 1846 concurred with the Collector "that the interference of the Court of Wards in the cases in question was unnecessary."—

Under

13083 Fort St. George 23d. September 1850.

4. Under these circumstances it may not perhaps be considered necessary to enter into similar investigations with regard to the Zemindary Estates lately purchased by Government as results similar to those elicited in the Palnad might be expected in the other portions of the District.

Sir,

From the Asst. Coll.r of Tanjore.——

Submitting with reference to the Board's Circular of the 6th April 1848 report upon the operation of Tope Rules for Fusly 1258.

With reference to the circular of the Board of Revenue under date 6th April 1848, I have the honor to submit the following report upon the operation of the Tope Rules in this District for Fusly 1258.—

2 After the publication of the Rules, which was made as extensively as possible, proposals were received from 25 individuals for planting 18 Topes, consisting of 68 Acres 29 Coontas of land with 3,432 trees Mostly of the Tamarind and Mango species, including also a few Margosa Orange, Wood apple, Neredoo, Rani Joony and Banian Trees, within the period under Notice. Two of the proposals were afterwards abandoned, and the particulars of the remaining topes will be seen by the following Statement.

From the Coll.r of Nellore Reporting on the claim of Syed Boorahanooddeen Caudre

Sir, I have the honor to acknowledge receipt of an Extract from the Proceedings of the Board of Revenue dated

Cawdre Yca. to the Yeomiah enjoyed by their father Syed Ally Mahomed Cawdre and Mahomed Cawdre—

dated 12th. Instant requiring me to report on the nature of the claims of the Memorialists therein referred to, to the Continuance of the Yeomiah enjoyed by their late father. It appears that the Yeomiah therein alluded to was originally granted during the Nabobs Government in Hejeree 1176 to Syed Sebuktoolla the grand father of the Memorialists under a Purwanah at the rate of 2 Rupees per diem and that on his death in Hejeree 1174 his sons Syed Ally Mohomed Cawdry and Mohomed Cawdry applied to the then Nabob for its Continuance which was granted them in Hejeree 1201 under an †Inayetnamah at a reduced rate of 30 Rupees per Mensem. This Yeomiah at the request of the grantees was transferred from Nellore to Madras on the 11th. March 1845. The Memorialists are the sons of Syed Ally Mohomed Cawdry—

† Translation herewith forwarded

2. In the absence of the original Purwanah, the grant having lapsed

during the Nabobs Government, does not appear in the Records of this Office, no authentic information can be furnished regarding the nature of the Yeomiah whether granted for service or otherwise. The Inayetnamah is also silent on this point— But it appears from the Extracts from the Registers of 1804 No. 1 and of 1812 No. 4 that the grant was for subsistence to be enjoyed by the holder for life only—

Copies forwarded—

3. The Statement of the Memorialists as to the performance of religious ceremonies and as to the Yeomiah being hereditary is unsupported—

4. The Papers which accompanied the Extract of Proceedings are herewith returned—

Submitting his observations on the new proposed Salt Rules

Sir,

I have the honor to acknowledge receipt of an Extract from the Proceedings of the Board dated 15th April 1850 forwarding a copy of the proposed new Salt Rules and requesting me to furnish any observations I may have to suggest by which the interests of Government

13100 Fort St. George 23rd September 1850

Government may be better secured in the Salt Department.-

2. I reply I beg to state that I consider the proposed Rules will if carried out, prove well calculated to secure the interests of Government, but one or two difficulties occur to me which I will notice seriatim.-

3. Para II provides for the beating of Tomtoms at sun set.- This has not been hitherto done in this District.- Each Cottaur contains from 2 to 9 Platforms, at distances of from 2 to 6 Miles and although there are Vettyans attached to some platforms, it will be necessary during the season of manufacture to employ them at others at a small additional expence to Government.-

4 Para III requires the measurement and storing of the Salt in the presence of the manufacturer, the accountant and the local Superintendent. The practice in this District is to store the Salt immediately in the presence of the manufacturer and of the Goomastah or Nevesindar at the platform and of the Superintendent if

Fort St. George 28th September 1850

if at hand. If the Superintendent must personally see the storing of each heap, the distance as above stated, of one Platform from another must necessarily much impede the work of storing, and delay it in many instances for a very considerable time. -

5- Para 12 specifies the extent of responsibility of the local Superintendent. In fixing this point the fact of his inability to be present at the storing of each heap is, I think, deserving of consideration. The same remark may be applied to the provisions contained in Para 16. -

6. In Para 18 it is determined that not less than 20 marcals of salt shall be sold to any one person. This Rule has formed the subject of my letter to the Board dated 11th July 1850 and being now under general discussion calls for no further observation. -

7. In regard to the subject of wastage of salt during the process of storing I beg to explain that in this District the salt so soon as manufactured is removed from the

Fort St. George 23rd September 1850

Salt pans and placed in estimated heaps on one side of the Platform till it is sufficiently dry, when it is measured and stored. The rate of wastage per Cent both previous to and in the year 1844 are as follows. -

Previous to 1844	In 1844
2½ per Cent	2½ per Cent for 1st year
5 "	4 " 2nd "
8 "	5 " 3rd "

and the amount fixed by Mr. Bishop in 1844 is found to be about the average wastage. -

8. The evils under the existing system of Cowanahs, appear to me to arise not so much from the imperfect details contained therein as from the irregularity which attends the return of them to the Office from which they are issued. If Collectors were required to communicate to each other periodically lists of Cowanahs issued from their respective Districts, and the return of the same were strictly attended to, a much more efficient check on fraud would be established than at

at present exists.-

9. I take this opportunity of bringing to the notice of the Board a practice which has hitherto prevailed in this District but which has not, I believe, received their sanction- I allude to the Custom of deducting at the discretion of the Collector a small sum from the manufacturers payment when the salt manufactured is of an inferior quality- This discretionary power should either be embodied in the Rules or (what would in my opinion be better) the Collector should be authorized to cause all salt to be destroyed which is not of a sufficiently good quality for public sale.-

Sir,

I have the honor to acknowledge the Extract from the Board's Proceedings of the 10th. January last, wishing to know the exact information as to the extnt and value of all the Inam lands, held by Shaik Abdool Nabee, and Goolam Mohadeen deceased Yeomiahdars of Adonie Talook, the quantity entered in each of the Summds Nos. 1 2 3 and how much is in Adonie and how much in Aspery.

2. In reply, I beg to annex the information required in respect to the extent and value of all the Inams enjoyed by the Yeomiahdars, under each Summd, up to time of their death.-

The whole income mentioned in the above Statement, will be found divided and enjoyed by the deceaseds in equal proportions, and this division is also corroborated by a Decree of the Civil tribunal passed on a dispute which arose between Abdool Nabee and Goos Saw Mohadeen in 1828, respecting their shares consequently they are virtually considered as a divided family.

3. In reply to the question of the Board "whether Badaradeen's claim applies to all the Enams held by his grandfather Abdool Nabee, and to a share in both the Yeomiahs" I beg to explain, that Badaradeen, the son of late Abdool Nabee's daughter, preferred a claim for all of Abdool Nabee's share, But the deed of Gift executed to him by the said

said Abdool Nabee refers only to the half share of Abdool Nabee's Yeomiah, and to part of the Aspery Enam Land, which he (Abdool Nabee) enjoyed. Nothing is said in respect of the Khyratee Enam, at Adonie, or of the Money allowance allowed for service performed to the Inahazeed on the Hill at Adonie. Independent of this, the required service of teaching Mahomedan Population, in the Putta Mohazeed, is not performed by this Badaradeen, who states, that the two description of services for teaching and service at the

Shaik Saib states, that service both at Adonie and Aspery were performed by himself and by his brother according to turn, which appears by evidence to be the true state of the case; But under all the circumstances, I would recommend, that Badaradeen be allowed to enjoy the half share of the Yeomiah and the share of the Aspery Enaam Land according to the tenure of the Deed of Gift, — and, that the other half share of the Yeomiah, and the half share of Enaam Land at Aspery, the whole Enaam — Land assessed at Rupees 12 — 2 — a — p. at Adonie, and the Money allowance, per Mensem of Rupees †2 — 8 — a — 8. p. allowed from Pagoda and Mosque allowances for Service done to Tutta Mahazeed at Adonie, be continued to Goolam Mahadeen's Son

In reply of the 2d Para of the Board's Proceedings, now under reply, I beg to state, that it appears, that the application for the continuance of the Yeomiah, was not earlier made owing partly to the parties not having appeared before this Office, and partly to the dispute which existed between them.—

Proceedings thereon, 1. Resolved that the letters above recorded and their enclosures be submitted for the consideration and orders of Government.

2. In the Statement accompanying the

D.F.

13110 Fort St. George 23d. September 1850

the Acting Collector's letter of the 30th August 1848 the lapse of a Yeomiah of Rupees 26-4- per Annum was reported by the death of Shaik Abdool Kabbee and Goolam Mohadeen but as it appeared from that Statement that they had been in enjoyment of other allowances and Enams the Collector was called upon to report on them also.—

Pro.d 6th Nov.r 1848.

3. From the Tabular Memorandum attached to para 2 of the Acting Collector's letter of the 20th August 1850 it will be seen that the deceased Shaik Abdool Kubbee and Goolam Mohadeen held each a moiety in the following allowances and Enams.—

	Per Annum
Yeomiah allowances	Rupees 26-4-
* Musjeed & Ca. Enam at Aspiry	" 190-9-5

and that this division is corroborated by a decree of the Civil Tribunal passed on

on the 30th. August 1850

4. The grants would seem to be for teaching children at the Puttas Musjeed at Aspiry and on the Hill of Adonie for calling people to prayers for the light of the Muchan thereof and for the subsistence of the grantees, and the documents produced would seem to favor the Continuance of the Enams and Yeomahs to the descendants of the deceased

From the Genealogical Table attached to these Proceedings it will be observed that the 1st. claimant Shaik Saib is the son of Goolam Mohadeen and that the 2d. claimant Badradeen is the son of Abdool Rubbee's daughter and is married to his Cousin Zynib Beebee the daughter of Abdool Rubbee's Son who predeceased him. The 1st. claimant has possession of the Enam lands and the 2d. claimant seeks a participation of half share in the Yeomiah allowance of Rupees 26-4-0 per Annum and in the Musjeed Enam at Aspiry of Rupees 190-9-5 per annum in virtue of a Deed of Gift executed in

in his favor by his deceased grand father Abdool Rubbee. The Collector proposes accordingly to limit to the 2d. Claimant Badradeen a Moiety or Rupees 13-2-0 per Annum of the Yeomiah allowance and a Moiety or Rupees 95-5-9 per Annum of the Enam at Aspiry subject to the performance by that individual of the service of the Aspiry Musjeed and to allow the 1st. Claimant Shaick Saheb the other Moiety or Rupees 13-2-0 per Annum in the Yeomiah and Rupees 95-3-8 per Annum in the Enam at Aspiry and to continue to him entirely the Adonie Mosque allowance of Rupees 30-8-0 per Annum as well as the Kyratee Enam of Rupees 12-2-0 per Annum at Adonie on his continuing to perform the service at the Putta Musjeed, and to teach the children at Adonie.

6. The proposal of the Acting Collector appears to the Board to be proper and under all the circumstances they recommend that sanction be granted for the proposed arrangement being carried out.

In your letter of the 9th. Instant, I am required to report for the information of the Court of Wards whether any Estates of incapacitated proprietors have been left in this District under the charge of relatives, and, if so, under what authority.—

2 The only Estates in this District which are in the condition specified are the Polliams of Cullaar and Goodipauty. The former is under charge of the Grandmother of the Poligar, under authority from the Board of Revenue given in their Proceedings dated June 25th. 1835, the Young Poligar who was reported to

to be two years of age at that time, must now have nearly attained the age of legal majority Viz. 18 years. Goodipauty Polliam is under the charge of the Mother of the Minor Poligar under an order of Government of the 19th. October 1819, communicated by the Board in their Proceedings of the 25th. Idem.—

I have the honor to acknowledge your letter of the 19th. August respecting the introduction of Act 26 of 1850 for local improvements. The instructions of the Board in

Fort St. George 23d. September 1850

in Paras 2 and 4 shall be carefully borne in mind With respect to Para 3 there is in some of the large Towns of the District especially Chittoor and Vellore, a disposition among certain Classes of the population, not unfavorable to the objects contemplated by the Act, but this feeling is by no means general or unanimous at present and even those who are favorably disposed require some time to become accustomed to the novel machinery provided by the Act. As respects the mode of raising funds under the Act I think a house tax would be preferred to any System of Town Duties.

From the Collector of Salem

Sir,

Adverting to your Board's Circular directing the submission for future Fasles, of an account of the Sewey Summa, I have the honor to state that the balances of this District under that denomination, extend over a period commencing with Fasly 1218, the preparation of particulars of which for your Board's information will involve considerable labor and require much time.

Adverts to the Bd's Circular of the 8th October 1849 for an annual account of the Sewey Summa and requests to know from what period the account in question should be prepared. He recommends that the balances outstanding may be written off to some particular date.

2. I therefore take permission to request instructions whether it is the Board's wish to receive a Statement for the whole of the Fasles retrospectively over which the Sewey Summah balances range, or whether it may not be sufficient to commence with a more recent period than Fasly 1218 - say from Fasly 1257 inclusive

inclusive, upto which date the Government have been pleased to remit the outstanding balances of land revenue demand.

3. I beg to add that I gather from the accounts which have already reached my Office, that the aggregate Sewaj Pa a p. Jamnah arrear from Fusly 1251 to Fusly 1257 both inclusive, is Rupees 1746-1-2, of which Rupees 732-10-8 are deemed recoverable.

The arrear in the accounts for Fuslies 1218 to 1250 amounts to Rupees 31468-9-11. As yet I have not been able to ascertain what portion of that sum is considered recoverable; but if the three Talooks noted marginally be taken as a fair specimen, very little will ever be realized.

The irregularities likely to arise from the retention in the books for a long series of years of unadjusted balances of this class, appear to me to be so obvious that I have to submit for consideration whether it may not be advisable at once to write them off up to some particular date, and if your Board

Board should so resolve I would suggest that the measure be now authorized in order that the Statement to be forwarded with the Summary report shall embrace only the balances which your Board may deem it necessary to retain.

Proceedings thereon.

39-46

The Sewaj Jummah Accounts may be prepared from Fusly 1250 and as the Collector is apprehensive of difficulty in furnishing particulars of balances previous to that date it will be sufficient if the aggregate amount likely to be realized is specified and that irrecoverable which the Collector would propose to have written off. He is also requested to submit a Statement of the balances of Fusly 1250 and subsequently, and to report concisely on the portion which may be recoverable, stating the probable period of its recovery, and on the irrecoverable balance which he would

would propose to write off in his
Accounts in order to the Sanction of
Government being obtained.

From the Collector of Salem — } Sir,

I Adverting to the closing part of your Board's Proceedings dated 19th Instant, observing that "the Collector "does not notice the claims of Veeraraga- "va Chitty who it is stated purchased "a portion of the Mootah from the "late Kistnama Chitty and his son Ven- "catachella Chitty," I have the honor to state that nothing has been heard of Veerara- gava Chitty's claim since the date on which his application for registry was rejected by the late Collector's Endorsement dated October 1846, a copy of which was submitted to your Board with Mr Lockhart's communication dated 16th October 1846.

2. Until the widow of the late Venkatachella Chitty attains her majority, there does not appear to

be any party competent to solicit any carry into effect, the registry in Veera- ragava Chitty's favor of what he may have bought of the young widow's hus- band and her father-in-law.

From the Collector of Salem — } Sir,

I have the honor to forward for publication in the Board's Office an advertisement regarding the proposed sale of certain lands belonging to Venkat- aramen a revenue defaulter of the Ta- luk Athoor, the Tahsildar having reported that he is unable to recover the balance due, as the defaulter has died leaving no property other than the lands in question.

Transmitting for publication in the Board's Office an English and a Tamil Advertisement for the sale of certain lands belonging to one Venkataraman a Revenue defaulter

2. The Puttah Beriz of these lands from Fusly 1259 amounts to Rupees 71. 3. 3; Deducting Sookhwasy Rupees 6. 6. 4

there

Fort St. George 23d September 1850.

there remains a balance of Rupees 64. 12. 11. A portion of the assessment payable for Fusly 1258 not having been discharged, the produce for Fusly 1259 was sold in liquidation thereof, the remainder Rupees 7. 5. 2 being credited to the assessment for Fusly 1259. by which arrangement there is still outstanding against the lands a balance of Rupees 57. 7. 9.

3. I find that No 1738 excepted, the lands entered in the enclosed statement were attached and sold by order of the Civil Court on the 17th Avani of the year Parabavah (A. D. 1846), at which time they were ~~purchased~~ by one Kistnama Naiken. The Puttah however continued to be issued in the name of Venketramen.

4. On the 8th April last the Civil Judge requested that a Puttah might be passed in favor of Kistnama Naiken. The Tahsildar was directed to make out one at the Summahundy of the current Fusly, first ascertaining from Kistnama Naiken whether he knew of any property having been left

left by the deceased and could point it out, in which case, he was told, that the lands in question would not be attached for the arrears due on them. As he has declared before the Tahsildar that he is not able to shew any property of the deceased, the sale of the lands seems unavoidable. Should the Board approve of the proposed sales, I request that the date may be fixed by them and that it be made known to me in sufficient time for the necessary Advertisement to be published in the Talooks.

Proceedings thereon (43-44)

It does not appear why the lands in question were not registered in the name of Kistnama Naiken who it is stated purchased them in 1846.

2. The Board consider that the responsibility for the arrears due should be fixed on him as the present holder of the lands. They resolve therefore to return the enclosures received in

13127 Fort St. George 23d September 1850

in the foregoing letter, to the Collector, with a request that he will insert the name of the real owner in them and retransmit the same to this office

From the Collector of Tanjore. Sir, I have the honor to acknowledge the receipt of Mr Paupelis' letter of the 31st January last calling for explanation on certain points connected with the Seray Summah items reported on by me on the 19th December 1849.

Furnishing the explanation submitted.

2. The Board remark that it does not appear why "any considerable surplus should remain on hand after the payment of Cumums and Kaut Cumums wages," particularly as regards the sum credited as surplus in 1254.

3. On the resumption of the lands originally set apart for the payment of the Cumums, a fixed salary was allotted to each, with reference to the extent of the duties then

13128 Fort St. George 23d September 1850

then performed, and as the gross payments to the Cumums is less than the receipts from the assumed lands, an annual surplus is the consequence, as shewn in the Seray Summah accounts, the large amount credited in 1254 apparently as appertaining to that Fusly being composed of the surplus wages of 2 years 12 and 1253.

1254 — 13264
1255 — 13561
28825

4. With reference to para 3 the large sum of Rupees 28,082-1-10 appertaining to "forfeited and unclaimed Ayacut Mauiems" is the amount under this head which has accrued during Fusleis 1254-55 and 56, as shewn in the Margin and not belonging to 1257 only, although brought to account in that Fusly.

Lapsed from death of Incumbents — 11,596-6-1

1255 — 7170-11-7
1256 — 7282-4-4
16,485-11-9
28082-1-10

5. The Board require to be informed why "if the maniems have been entirely deserted and are not likely to be claimed at any future period, they should not be incorporated with the ain lands".

Sir

Fort St. George 28th September 1850

6. In Tanjore endowments were made by native rulers for the support of Brahmins, Pagodas, Mosques, and other religious or charitable institutions, and on the country falling under the British Government these endowments were respected, but put in a more regular method of realization and payment, the grants being not the produce of separate lands, but of various percentages on the produce of Villages at so much per Valy of land in some, or on the gross quantity of grain produced in others. To obviate the confusion arising from the numerous rates allowed under the native rule a fixed percentage on the Beriz of the District including the Meerassidars and Government share was adopted, and a fund collected at the rate of 8 marcals per 100 Cullums from which the various grants are now paid according to a standard of disbursement actually made in Fusly 1217; Should the amount realized be less than the standard the payments are proportionately reduced and any surplus is carried to the head of Sewey Jummah, all Cafses pa

reverting

reverting to Government.

7. Under this system by which the amount collected from the various Villages is lumped together and payments made therefrom to surviving incumbents it is impossible to decide to what particular Village any surplus should be credited in cases of lapse, and consequently at the close of the Fusly the amount accruing from lapses is carried to the Sewey Jummah with that payable to surviving incumbents or institutions is kept in deposit.

8. With reference to Para 4 I beg to state that the amount of revenue appertaining to Dawastanum, part and Village Canums, forms a distinct and detailed account, tho' not included with the ain Beriz or in the Jummabundy accounts submitted to the Board, but entered in the Demand Collection and Balance Statements, the disbursements made from the Bongoor Treasury and not intrusted to inferior local Officers. - There will be no difficulty in incorporating the above revenues with the ain, as also the Cauil exams which

which are now under a separate head, but in doing so, the payments of the Dawastanum endowments alluded to above, must be made according to the standard of 1217 and not varying as now according to the amount realized; in thus adhering to the standard the difference payable will be very trifling; and I request the final orders of the Board on the subject.

9 With reference to the surplus wages of Curnums and Naut Curnums I shall do myself the honor of addressing the Board separately, with the view of appropriating the surplus by increased payments and Establishments, as the quantity of work which now falls in the Curnums in comparison with that required of them at the time their numbers and salaries were fixed, is such as to demand an increased number of hands as well as increased salaries to many now employed.

Proceedings.

I.F.

Proceedings thereon. The explanation contained in paras 3 and 4 of the letter above recorded is satisfactory.

(45-46)

2. Adverting to the circumstances stated in para 6&7 the Board of Revenue sanction the arrangement that hereafter the payments to the Dawastanums be made according to the standard of July 1817. They also direct that the Revenue appertaining to Dawastanums and for the future part of the Naut and Village Curnums and the Mowil Enams be incorporated with the Jummabundy, the particulars being separately exhibited.

3. To obviate retrenchment in his accounts the Collector should submit a statement of the disbursements payable annually from these sources for the sanction of Government.

4. The Board will await the receipt of the Report promised in para 9 proposing to increase the numerical strength and emoluments of the Curnums.

Read letter from the Collector of

Inhabts of Tirchinopoly dated 30th August 1850 Reporting upon the proposed introduction of Act XXII of 1850 in his District.

47

Order thereon Ordered that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council.

2 It will be observed that the proposal of the inhabitants of Town of Trichinopoly for bringing into operation the provisions of Act XXII of 1850 for the improvement of Towns has for its object chiefly to increase the safety of that Town by watching the streets and lighting up the principal thoroughfares at different points and it is proposed to employ any surplus funds that may remain in cleaning the streets and making such local improvements as will add to public convenience and health. The mode suggested for raising funds is the imposition of a light house tax, varying from 2 Annas to 1 Rupee per annum.

To W. H. Bayley Esqr
Secretary to the Board of Revenue
Fort St George

Sir,

With reference to the Proceedings of the

Board of Revenue under date the 2d Instant I have the honor to state that I do not propose, unless directed otherwise to submit my answer to the Petition to the Sudr Udalut, therewith transmitted, as I suppose that whatever weight may be allowed to them in opposition to the pretended right of the present Zemindar to adopt, they will be of no effect whatever when a regular suit to establish the claims of the Petitioners themselves or to uphold the rights of the Government in respect to the succession to the Zemindary.

Madura, 11th September, 1850. Signed R. D. Parker Collector.

Resolution thereon The Collector will have observed from their Proceedings dated 22d July and 8th August 1850 that the Court of Wards do not intend to move the Court of Sudr Udalut in regard to the alleged adoption by the present Zemindar of Ramnad unless it be found necessary to interfere on behalf of Government, in which case the Court will probably address the Collector again on the subject.
