Sanctioning the reward declined to Azeez Hoosain Khan and Saul Mahomed of 100 and 75 Rs respectively declining to remit the sentence passed upon Sook Row Cash

Read the following letter from the Secretary to the Board of Revenue—

(Received 26th August 1850 No. 3358)

Para 1 The Right Honorable the Governor in Council has taken into consideration the proceedings

Cash. Keeper directed to withdraw from the service on the termination of his suspension should he be deemed a proper object for Pension Reserving to adopt measures in communication with the Govt of India for the stoppage of Meer Ghoondar Bukshi's pension to whom no further disbursement will be made until he shall have appeared before the Magistrate of North Arcot and fully cleared his character—

proceedings reported by the Collector of North Arcot in Para 4 of his letter of the 10th Ultimo in fixing the Reward granted to Saul Mahomed from 50 to 75 Rupees from the amount awarded to Ameenoodeen and forfeited by him, and in carrying the remaining 25 Rupees to the Credit of Government and he accordingly grants special Sanction for the sums disbursed to the parties named in the Margin to enable the Civil Auditor to admit them in the accounts

Azeez Hoosain Khan Rupees 100—0—0
Saul Mahomed —75—0—0

The Governor in Council sees no sufficient grounds for remitting as recommended by the Collector and the Board of Revenue, the Sentence of Suspension for 6 Months passed upon Sook Row the Cash Keeper for his culpable negligence in the matter of the frauds committed by Zaheroodeen, Enamdar of Vaikuntapuram and while he thinks that Sook Row ought, as a fitting example to others, to be suspended from his Office as before proposed, and he therefore directs that the orders of Government in his case be at once carried into

13147 Fort St George 26th September 1850

into effect. On his suspension terminating Soob Row may be permitted to retire from the Service as proposed by the Collector should he then be deemed a proper object for a pension, and the necessary Certificates be produced in support of his application. In the mean-while the person appointed to act in his room may be informed that he will eventually succeed to the Office and the difficulty apprehended by the Collector in securing the services of a suitable person would thus be obviated.

3. It has been ascertained that payment of Meer Kalundur Buksh's Pension has been transferred to Hoogly in Bengal measures will be adopted in communication with the Government of India for stoppage of his Pension as already resolved in the minutes of Consultation of the 5th June last and he will be informed that no further disbursements will be made until he shall have appeared before the Magistrate of North Arcot and fully cleared his Character from the very strong suspicions attaching to it in connection with the frauds of Zaheroodeen.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 2d September 1850 No 392)

The Government observe that in his letter of the 5th September 1849 the Superintendent of Stamps was understood to mean that the pay of his then Head Writer should be raised from 15 to 25 Rupees per month, and this measure being supported by the Board of Revenue, was recommended by this Government and Sanctioned by the Government of India. It now however appears that he contemplated the entertainment of a new Writer on the higher Salary, and that one has accordingly been employed on the receipt of the Sanction of the Supreme Government. Under these circumstances the Right Honorable the Governor in Council sees no reason why the annint of the extra Salary of seven Rupees per month in arrear Sanctioned by the

the Government of India should, as Mr Bruce proposes, be distributed among the other Servants of the Office, and he directs that the amount may be carried to the Public account.

From the Collector of Nellore — Submitting further explanation on the subject of the Shrotrium Village of Murrypaud.

Sir,

Para 1. I have the honor to acknowledge receipt of your letter dated 30th May 1850 calling for further particulars regarding the Shrotrium Village of Murrepaud, and to state for the information of the Board that the Mieta Sist of the Shrotrium Village as fixed by the Shrotriumdar was Pagodas 345. out of which the two undivided brothers Ram Row and Lutchmenursoo paid the Jodee of Pagodas 90 and continued to enjoy the remaining sum till some disputes arising between them the Sageerdar took possession of it. Lutchmenursoo however applied to the Sageerdar for his portion of the Shrotrium Village his brother having

13160 Fort St. George 26th September 1850.

having refused to receive his portion when the Sagheerdar in his Cowle to the Ryots for Fusly 1235 directed the payment of Pagodas 110½ to Lutchmenursoo in perpetuity and of the remaining sum Pagodas 234½ to himself, which included the Jodee of Pagodas 90. This arrangement it will be seen was advantageous to the Sagheredar in as much as he continued to receive for his portion Pagodas 234½ and Ram Row refused to receive his share.

2. The Head Ryots and Curnums of Murrepaud, who have been called upon for explanation, state nothing beyond the above particulars, and are unable to produce any documentary proof, the accounts they had in their possession having been consumed by fire, An enquiry appears to have been also made on this subject in 1840 by the then Tahsildar of Woodia-gherry, whose report agrees with what has been already stated

Enclosure

13161 Fort St. George 26th September 1851.

3. Enclosure No 2, marginally quoted in your letter appears to have been mistranslated and the wording of it, according to the original runs thus "After "paying from the amount to the Circar "the Shrotriem Beriz and the 118½ Pagodas "to Lutchmenarsoo &c." The original Cowle is however more explicit as regards the Payment of Pagodas 90 to the Circar as Shrotriem Beriz.-

4. The age of Petitioner as appears from his own Statement is 61 years. He resides in the Woodiagherry Village and the number of his nearest relatives living is six consisting of his brothers Widow, his Wife and his 3 sons, of whom one is married. Petitioner after he had in 1841 addressed Mr. Stonhouse waited for some time, but obtaining no decision he proceeded to Hydrabad on private affairs. He again appears to have petitioned Mr. Bishop and subsequently the Board.-

Nellore Collector's Cutcherry 3d August 1850. } Signed D. White Collector.

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address.-

To

To

The Chief Secretary to Government.

Sir,

25-26

To the Chief Sec. to Govt. } Submitting a correspondence with the Collector of Nellore relative to a claim preferred by one P. Lutchmenarsoo of Murrepaud to a share in the revenues of that Village and recommending that a portion of the present average estimated resources of the Village viz. Rs. 120 per annum be continued to the Petitioner for life.-

1. I am directed by the Board of Revenue to bring under the consideration of the Right Honorable the Governor in Council the results of an enquiry instituted by them into a Petition addressed to them by one P. Luchmenarsoo of Murrepaud a Village belonging to the resumed Jagheer of Woodiagherry in Nellore.

2. The Petitioner's claim is to the above village as a Shrotriem granted to him before the Assumption of Woodiagherry in 1840 and which was to all intents and purposes his at that particular period, though he was not in possession.-

3. On the 25th February 1846 an Endorsement was given to the Petitioner by the Board of Revenue directing him to apply to the Collector Mr. Bishop and he received an Endorsement 19th May 1847 from Mr. Smith (who had succeeded Mr. Bishop) disallowing the claim on the ground that he was not in possession at the time of the Assumption of the Jagheer

Fort St. George 26th September 1850.

Jagheer and that Mr. Stonhouse had formerly taken the same view on application made by the same Petitioners.

4. He presented a 2d Petition to the Board on the 21st January 1848 which was forwarded to the Collector the late Mr. Smith for his special report.

No. 197 of 1848.

5. On the 15th February 1850 Mr. White (who had Succeeded Mr. Smith) replied to the above requisition and being called upon for further information had forwarded two letters dated 17th May and 3d August 1850.

To B. 30th May "

In Cons. 30th May 1850
In B. 26th Sept. 1850

6. The chief features of the case are as follows: Mr. Stonhouse in his letter of 24th August 1840 reporting to the Board on the resumption of the Jagheer states in para. 20. "Independently of the Jagheer "the late Jagheerdar held 5 Villages which "it has been usual to designate Shrotriem "Villages, but which appear "to me to have no title to "such a disignation. They "are the Villages of Pedda Nachanor, "Goovadee, Beejumpilly, Reddladinna, "Marrepaud. These Villages intersect the Jaghire

They were then valued at "Madras Pagodas 2,177 and the rent fixed "at Madras Pagodas 1152½ or Rupees 4437 "2. -- at 385 Rupees per 100 Madras Pagodas. "The Bareez paid by the Jagheerdar "for these five Villages since the assumption "of the Country has been annually "Rupees 4,753 - 5 - 11 inclusive of "Italla Curnums, Rufsoons & Cayes &c "His revenue from them during the "last five years is exhibited in round "numbers in the margin shewing an "average of 5115 - - - As the authority "to resume the Jaghire did not extent to "these 5 Shrotriem Villages they were "not resumed but placed under the "management of the Government Officers "and I beg to suggest now that in common "with the Jaghire Villages they be permanently

"permanently resumed."

7. The Board in their Proceedings under date the 29th October 1840 para 4 para 10 concur with the Principal Collector in his recommendation for their permanent assumption.

8. The Government in Extract Minutes Consultation 15th December 1840. Note 2 para 1 that as their intention was to punish the Jagheerdar and put it out of the power of his family to carry on their intrigues "these objects appear to require the "sequestration of the Jaghire and it's appur- "tenances, including of course the 5 Villages "held by the Jaghiredar which have been "already assumed by the Principal Collector "as stated in the 10th para of the "Proceedings of the Board of Revenue but "this should be effected with the least "injustice towards persons who may have "an interest in the property and yet have "not shared in the evil designs of the "Jagheerdar."

9. The next reference to these villages is in the Collector's Report on the Settlement of Woodiaghery for Fusly 1249 (ending Fusly 1240) He mentions the Revenue of

dated 12th inst. and 19th April 1841.

of the 5 Shotrium villages to have been in Fusly 1248 - 5,714 Rupees (including 21 3/4 Rupees Maturpha) and in 1249 - 5,089 Rupees the decrease arising from the difference between the present and the Cadeem or old and exaggerated valuation) price of grain - he also states that these 5 Villages have been permanently assumed and incorporated with the other Villages of the Jaghier.

para 23

10. Previous to writing this report it would appear that he had given the Petitioner an Endorsement dated 1st February 1841, that he should claim from the Jaghiredar the rent said to be due from him for Petitioners Shotrium Villages of Murrapand which was declared to have been leased back as it were, to the Jagheerdar.

11. From Statement B in the Report above referred to it seems that the Revenues of Marripand had been as per Margin, though the sums are said not to be quite exact. and from Enclosure A it is shewn that the extent of cultivated land in Fusly 1248 was about 129 Goortoos of Dry land, and 21 of Garden, whilst in

in Fasly 1249 the Dry cultivation was about 88 Goostoos and the Garden as before. [the Goostoo is about 3/8 Acres.]

12. The Board in their Proceedings of 13th September 1841 only allude to the 5 Shrotriem Villages, by directing that the Balances of previous years be investigated in the same manners as those of the other Villages.

13. The latter part therefore of the orders of Government referred to above (Para 8 of these Proceedings) do not appear to have been considered applicable to these Villages, and nothing more was heard by the Board on the subject till the Petitioner applied to them in January 1848.-

14. He asserts that the Village of Murrepaud was given in Shrotriem to his father Gopal Row in 1776 by Nassur ood Dowla, the brother of the Nawab of the Carnatic, Wallajah, or a Jodee of 90 Pagodas, that Syed Abdool Khader Khan (who was Jaghiredar when the Carnatic was transferred) rented this and other Shotriems, Goovadees &c. from the Proprietors, carrying

carrying the Jodee to the credit of the Circar, and paying the Petitioner's father a Cutnum or what was considered as the Melwarem. That on the father's death and the Petitioner's elder brother attaining his majority the Village was made over to him on his engaging to pay the Jodee.

That the next Jagheerdar Abbas ollah Khan (from whom the Country was resumed in 1840) and Petitioner's elder brother were on bad terms and during one of their affrays, the original Sunnud of Nujsur ood Dowla, and Abdool Khader Khan's Rent documents were carried off.-

That then the two brothers quarrelled and the Jagheerdar took the Village temporarily into his hands on rent, having settled with the Inhabitants in 1826 (Fasly 1235) what share of produce and money they were to pay to each brother and no further arrangement ever was made, the assumption of the Jagheer took place in 1840.-

15. From the enquiries made by the present Collector the truth of the Petitioner's Statement is substantiated, chiefly from

from the following genuine Documents.-

I A List* of Sunnuds sent to the Col:-lector Mr. Travers on the Company's first enquiry into the resources of the new Territory in 1803. The last Sunnud in the list is transcribed thus "Bahadar Nusseer ool = "Jung granted to Pasanoor Gopaul Row the "Village of Murripaud as Shrotriem. "This Village having been rented from "the Grantee, the Sist* is paid to the "Circar and the Izara Cutnam or rent "to him. The Grantee having died, his sons "are since paid."-

II A Deposition taken in the same year from the then Jagheerdar father of Abdool Kheder Khan in the latter part of which it is stated: "As regards the Villages "of Goovady Vca 14 in number, their Sunnuds "are in our name; those of the Murripaud "Shrotriem in the name of Pasoonoorry "Gopal Row from whom I rented the Shrotriem and "the Birij* thereof I pay to the Circar with those "of other Villages but the Izara Cutnam I pay to "Gopal Row and after his death, to his sons "Ram Row and Lutchmun Row."

*i.e. the Jodee

*See end of para 14.-

III A Cowlenamah given by Abbas ali Khan the late Jagheerdar in 1826 to the head people of Murripaud stating that in consequence of quarrels between the two brothers he had taken possession of their Shrotriem in order to settle their respective shares of the Beriz or Cultivators' dues. that the elder was to have money and grain to the value of 234½ Pagodas and the younger (the Petitioner) 110½ Pagodas total 345 Pagodas the Muctadowle or fixed estimate of the Revenue of the Village.-

IV A Document of the same date as the above being an order to the Ryots to conform to the above Cowle and to give the younger brother the Petitioner money and grain amounting to 110½ Pagodas as his share of the Revenue.-

16. The elder brother Ram Row declined receiving his share, and died in 1826-27.* His portion was taken possession of by the Jagheerdar who thus collected for himself Pagodas 234½ (including 90 Pagodas Jody) and paying Petitioner 110½ Pagodas.-

17. The abovementioned Estimate of

*para 2 from Collector 17th May 1850.-

13171 Fort St. George 26th September 1850.

of the resources of the Village is stated to be much exaggerated being composed of Pagodas 161 in ready Money and Pagodas 184 in Grain at the old Kadeem rates prevalent in the Jaghire which were only "calculated to swell its nominal revenue".-

To Coll. 17th May Para 3.

18. The average Settlement of the Village since its assumption has been 800 Rupees and in one year 895 Rupees.

D. D.

19. Petitioner it appears proceeded to Hyderabad about 1841, and thus accounts for his silence from that period until he addressed the Board in 1846.-

20. In the opinion of the Board the Petitioner has satisfactorily established his claims to a share in the revenues of this Village, and they would therefore beg to recommend that a portion of the present average Estimated resources equivalent to the share formerly held by him according to the old computation, should be continued to him for life, the lapse to be specially reported with reference to the circumstances of the family. They think him also entitled to arrears

13172 Fort St. George 26th September 1850.

arrears from Fusly 1249 (the date of resumption of the Jaghire) to Fusly 1259 both inclusive.-

21. The mode in which the Board would calculate the share of the Petitioner is as follows.-

22 The Village was formerly divided in the estimated proportions of 234½ to 110½*

* 234½
110½
345 Pagodas

If therefore the actual collections from the Village be 800 Rupees, the share of the Petitioner would be Rupees 250¼- From which should be deducted the Charges for Collection &c &c now paid by the Circar, say 10 per Cent, leaving Rupees 231. The Petitioner's share of a Jodee of 90 Pagodas would in the same proportion be 28.82 Pagodas which at 385 Rupees for 100 Pagodas would equal (within a fraction) 111 Rupees. This Jody deducted would leave Petitioner 120 Rupees per annum. The arrears at this rate would amount to Rupees 1,320. The age of the Petitioner is stated to be 61 years, and that five individuals are dependant on him for support.-

Sir,

In reference to the accompanying Petition No. 1455 of 1850 addressed by Zainbee Saiba, a Yeomiahdar praying for the transfer of her Yeomiah from Nellore to Cuddapah Collectorate, I have the honor to state that it appears that Petitioner's old age and extreme debility having impaired her health & there being no one to take care of her, she proceeded to Talpoor in Cuddapah District to live with her relatives. I consider therefore that Petitioner's request may be acceded to provided the Collector of Cuddapah sees no objection to the arrangement.-

From the Collr of Nellore - - - - - Sir

Submitting his report on the operation of the Tope Rules for Fasly 1258.

In reference to the Circular letter dated 6th April 1848 alluded to in your communication of the 19th ultimo, I have the honor to inform you that in accordance with the instructions therein contained, Copies of the Rules sanctioned by Government for regulating the planting of Topes and Trees were circulated for publication to the several Talooks in this District.

2. No person has however up to this time made application for permission to plant either public or private Topes with exception of one individual who after applying for 6 acres of land for planting a private Tope represented that the land he had applied for was minha land not assessed with Sist and was covered with sand from the bed of the Pennar River and that it was uncertain what amount of Assessment would be levied thereon 20 years hence, after he had gone to the expence of clearing the Ground Sinking

sinking a well and growing the trees. He requested therefore that the land might be at once assessed which was accordingly done, classing it with reference to the adjoining Metta lands, and the applicant is now planting Trees unit.

3. So far as I can ascertain the following appear to be the causes which prevent parties from applying for permission under the present Rules to plant public and private Topes.

4 The last part of Para 2 of the rules directs that parties planting public Topes shall appropriate the produce for the benefit of the Country, repair of the road, or other Municipal purpose, whereas under the former Government although public Topes were used as Shelter by Travellers, the individuals who planted them enjoyed the produce, appropriating to their own use so much as they required, and distributing the remainder at their pleasure in charity.

5. Para 4 of the Rules prescribes that lands allowed for planting private Topes shall be exempt from Assessment for 20 Years, and that after that period the full Teerwah shall be charged. Waste lands in

in this District not having hitherto been assessed when taken up for these purposes, parties now hesitate to occupy them being apprehensive that after having gone to the labor and expence of improving the land and rearing their trees, they may at the end of 20 years be saddled with an assessment too heavy for their means, and too high in reference to the quality of the land held by them. This objection might be met by fixing the Assessment (hereafter to be levied) at the time the land is first granted and giving the holder a certificate showing what will be demanded from him after the expiration of 20 years.

Sir,

From the Collr. of Cuddapah ... } As required in the Official Memorandum from your Office dated the 12th Instant, I have the

Govt. No. 1609 of 1850. with 6 Enclosures. honor to forward, Petition No. 35 of 1850 which accompanied the Board's letter of the 8th July last

Cuddapah ... Collector's Office 16th September 1850 } Signed J. W. Cochrane Collector

Read

13202 Fort St. George 26th September 1850.

Read again also letter from the Collector of Cuddapah dated 28th August and entered in Consultation 12th Instant.

Ordered that the foregoing letters and the previous correspondence on the subject be submitted with the following address.

To,
The Chief Secretary to
Government.

35-36

Sir,

To the Chief Secretary to Government } 1. With reference to the Endorsement of the Acting Deputy Secretary to Government of the 10th October 1848 on Petition No. 1609 of 1848 calling for a report of the circumstances under which the Petitioners became possessed of an Enam entered in the Pymash and Enamity Accounts in the name of Abboo the Grand-father of the present incumbent, Mahomed Caufsin, I am directed by the Board of Revenue to submit for the information of Government the accompanying correspondence which has passed between this Office and the Collector of Cuddapah on the subject.

Submitting correspondence with the Collector of Cuddapah on the subject of a Petition from Chendrah Reddy and Goorpoonah Reddy complaining of the unjust transfer of their Enam lands to one Mahomed Caufsin and stating that it appears to the Board that the Petitioners have no reasonable grounds of complaint. Board's No. 35 of 1848.

To Cuddapah 26th October 1848.
From Do. 14th June inclus: 8th July 1850.
To Do. 8th July " "
From Do. 28th August inclus: 12th September "

2. In the Collector's first letter 14th June

June 1850, he informed the Board that after so great a lapse of time he was unable to ascertain the particulars of the original transfer of the land claimed by the Petitioners i.e. No. 38 Mohtaud Enam.

3. It however appeared on further enquiry as stated in the Collector's subsequent letter of 28th August 1850, that the Defendant Mahomed Caussim is the Grandson in the male line of the grantee named in the Accounts, that the service has been performed by him and before him by his Ancestors, that the Petitioners are unable to produce any document in support of their title, alleging that such as their Ancestors had, were destroyed by fire; and that altho' they affirm they were in possession of the Enam previous to the preparation of the District Accounts, yet they have failed to adduce proof. The Petitioners also state that the Mohtaud Enam in dispute is adjacent to other lands belonging to them, and that they obtained the former from the Ancestors of Mahomed Caussim in exchange for certain Taliary Enam and Puttah lands, but, there is nothing to prove that the exchange

was effected previous to 1803 and 1804 when the District Accounts were in course of preparation. It is also stated by the Collector that the entries in the Accounts are free from erasures and alterations, and that at this late period the circumstances connected with the exchange are unknown.

4. The Enclosure No. 1 to the Collectors letter shows, that on a complaint made by Mahomed Caussim, that the Enam belonging to him was in enjoyment of one Vyja Vencutreddy, who was asked to surrender it, but refused, the Sub Collector Mr. J. J. Cotton observed that there appeared to have been an exchange made between the parties of certain Mohtaud Enam for certain Putta land which was quite irregular and he therefore directed, under date the 7th February 1843, that the Mohtaud Enam No. 38 in possession of Vencutreddy should be made over to Mahomed Caussim, and that the latter should make over to Vencutreddy the Putta land No. 17 in his enjoyment. The Enclosure No. 2 is an agreement executed on the 31st December 1843 by Vencutreddy to Caussim said in consequence of some subsequent dispute as to occupation, acknowledging that the Mohtaud Enam in question was held in lieu

lieu of an Enam; but, that he agreed to the decision of the Sub Collector that the lands of each should be cultivated by each, Viz.t No. 38 Mohtand & Enam by Mahomed Caussim, and Puttah land & No. 17 by Vencutreddy, and he promises never to lay claim to the Mohtand Enam-

5- In the last para of Mr. Cochrane's letter it is stated that Mr. Ashton having objected to that part of his Sub Collectors order which & referred to the Puttah lands, the Petitioners appa=rently cling to the hope of recovering possession of the Mohtand Enam, and, altho they & admit having executed the agreement & adverted to in the last para, yet they & cannot reconcile that act with the grounds of their present complaint.

6- Under these circumstances it & appears to the Board that the Petitioners have no & reasonable ground of complaint.-

From the Agent to the Governor at Rurnool-

Sir,

1- Adverting to your Circular letter & dated the 30th May last forwarding transcript of & para 5 of the Minutes of Consultation noted & marginally and calling upon me to report what has been done in this District in pursuance of the instructions of Government conveyed in the Circular from your Office dated the 28th August 1845 & accompanied with my own opinion as to the effects of this or any other mode of encouragement which may occur to me, for stimulating competition in Agricultural industry-

+ Dated 23d April 1850-

2- I have the honor to state that & immediately after the receipt of the instructions of Government on the subject Mr. Scott the & then Commissioner had it fully explained by beat of Tom Tom to all the Ryots of the & District, but no one has as yet came forward with

with any article of produce that may be
useful to the Horti-Agricultural Society, no
account of the nature called for by the
Government can therefore be forwarded for
their information.—

3. The Ryots of this District
are too poor and too much bound down
by old practices to attempt any innovation,
besides their dread of failure and their
innate abhorence to such innovation.—
The have therefore made no endeavours
entitling them to rewards so liberally offered
by Government.—

4. Under the present unsettled
Revenue System of this District I beg
to state that I see no means by
which to stimulate the people to
industry

industry and further the views of Government
unless a Survey is made, the rates of
assessment permanently fixed, and made roads

From the Collector of North Arcot- } Sir,

Bringing to notice some circumstances connected with the Shotriem Village of Vengalattoor which appear to require the orders of Government.

Para 1 The annual return for this District of Shotriem Villages granted by the British Government contains that of Vengalattoor in Trivettoor Talook which was bestowed in 1803 on Seevun Row Serishedar of the Board of Revenue. My attention was called to this Village when that statement was despatched for Fusly 1258, and the circumstances of the Case seem to require to be reported to the Board.

2 Seevun Row held the Village till the 6th February 1831 when he died leaving a widow by name Lowbagee Ammaul, but no issue. Before his death Viz. on the 2d February 1831, he executed a paper enjoining his widow to adopt a son and to get the Village registered jointly in his name - - and her own; and in her letter to the Tahsildar shortly after

Corresponding

reporting this, she further states that her husband had directed that the boy should bear the name of his / Iswun Row / grand father Viz.t Madava Row - The annual Statements above referred to were first called for by the Board in December 1834, and from 1835 to 1841 they contained the name of "Madava Row adopted Son of Iswun Row" as enjoying Vingalattoor -

Letter dated April 24th 1844.

3. In 1841 the Accountant General called for the ages of persons holding temporary grants from Government and Cowbayee being called upon to declare the age of her adopted Son, states that she had never yet actually adopted any Child - Thence forward the name of Cowbayee was entered in the Statements sent to the Board, but no orders on the subject appear to have been sent to the Talook, and with the exception of 1844 when the name of Cowbayee only was entered, the Talook returns, from which the Board's Statements is prepared, contained the two names of Cowbayee

1

and her adopted Son Madava Row from 1835 to 1849 - It does not appear that the entry of Madava Row's name in the Talook Returns as having been adopted by Cowbayee was made with any wrong intent but the discrepancy between the Talook Returns and those sent to the Board was irregular, and might have led to mistake -

4 On being questioned now by the Tahsildar respecting the adoption, Cowbayee states that after her husband's death it was her intention, in fulfilment of his wish, to adopt a grandson of his brother Rama Row, but that this Rama Row and his family being at Madura, and not willing that the boy should come such a distance to be adopted by her, she gave up that idea, and was now intending to adopt a Child named Bugavanta Row Son of a relation of her husband in the Polore Talook of this District, whom for that purpose she had kept with herself since he was one year old, he being now nine years old called by the name of Mandava Row. The

Tahsildar

Tahsildar further states that he has seen the boy and that he is a child of about nine years old. I have also called up and examined the father of the boy, and he corroborates in every point the statements of Cowbogee, saying that the child has been with her since he was one year old, that he / the father / has executed the proper documents, giving him to her for adoption, and that though the adoption has not yet actually taken place it will whenever Cowbogee pleases.

Dated June 24th 1805.

5. In the original Purwanah granting the Shotriem to Seevun Row Copy of which was received with your Official Memorandum of the 1st Ultimo, the grant is made in perpetuity but in the annual Statements sent to the Board it is entered as having been granted for three lives only as far as I can judge, this limitation has no good authority, but originated in a mistake under the following circumstances.

See letter from Board July 30th 1821.

6 In 1821 a draft or form was received from the Board of a Cowle or grant to be given for villages hereafter

by Government on public Servants, this draft limited the favorable tenure to three lives, including that of the first grantee, and provided that after the third lapse the village should descend in the family of the grantee on a permanent rent equal to it's full estimated value. The Collector was directed to submit Cowles in this form for villages already granted to the parties and for the reasons above specified, but no answer appears to have been sent, and

Board's letter June 10th 1824.

in 1824 a second form of Cowle was received, the former one having apparently been disapproved by the Court of Directors and this one substituted for it. This second Cowle was more restrictive in it's terms in-as-much as it deprived the descendants of all interests in the Village after the lapse of the first three lives. Drafts of Cowles according to this form were prepared by Mr Cooke and sent to the Board for Vengalattoor and for

To Board October 12th 1824.

three other Villages* which were granted originally for three lives only. In 1825 some further letters passed about those

three

*Cotacaund Moolpatandalum Vulavanoor

three Villages but as far as I can learn the matter then dropped and the Cowles were never Received -

7. It appears to be on the strength of the Correspondence above detailed that Vengalattoor which was originally granted in perpetuity, has hitherto been entered in the annual Statements / first sent as above said in 1835 / as for three lives only, but I think erroneously - In the Board's letter of the 10th June 1831 it is expressly said that the new Cowles are to be prepared for Villages for which no Cowles have yet been given, and throughout the two letters from the Board, the Copies of Correspondence which accompanied the former of them and the two drafts of Cowles, I can discover no expression directly implying that the new instruments were to supplant former larger grants, and I cannot suppose that Government would thus covertly and indirectly rescind grants openly and deliberately made. It appears likely therefore to me, that the application

application of the Board's orders to the Village of Vengalattoor and the consequent alteration of the tenure of the Village in the Records of this Office was incorrect and not according to the intentions of Government and that Vengalattoor still retains it's original permanent grant. On this point however I must request the instructions of higher authority -

8 Another point which calls for decision is the proposed adoption of a Son by Cowboye Ammaul the present holder of the Village - The Cowle of 1824 expressly provides / Clause 10 / that the grant shall escheat to Government on failure of heirs, and though the original grant contains no express stipulation to that effect it is held I believe to be implied in every grant - The circumstances of the present case as regards the adoption are detailed above, Jeevan Row prior to his death enjoined his wife to adopt a child of this I think there is no room for doubt: after his death she formed

a

a design to adopt a grand Nephew of her husband, but from some cause this design was never carried into effect, nor has any child been yet adopted though it is very nearly twenty years since Jeevun Row's death; on being now questioned about the adoption the Widow produces a child of nine years old, whom she states that she has kept with her for the last eight years with the intention of so adopting him, and there appears from enquiry no reason to doubt the truth of this Statement. The question is then whether or not this adoption if hereafter actually made, will be valid and such as the Government should admit as constituting a title to the Shotteem, I am far from asserting that it will not, but I think it a case which ought to be brought before Government.

9. A third question relates to the present actual enjoyment of the Village. Jeevun Row died in debt his Chief and nearly his only creditor

Note. The information in this para is taken from a detailed Petition presented to the Right Honorable the Governor in 1831 by Cowbogee a Copy of which has

has now been filed by her Mr. S.R. Lushington appears to have taken an interest in her husband from having known both him and his Father at a former period.

being one Mooddum Casavaloo Naick, the original Creditor having been Mooddum Sawmy Naick father of Casavaloo, with whom it appears Jeevun Row was once engaged in trade. Shortly before Jeevun Row's death this Casavaloo Naick obtained a decree against him in the Supreme Court for 10,000 Pagodas in satisfaction of which Jeevun Row made over to him two houses his property at Madras, and also Mortgage to him the Shotteem Vengalatoor, arranging that the Mortgagee should manage the Village and receive all the proceeds and after paying the Sodee and allowing a maintenance to the widow, should appropriate the surplus in liquidation of his debt.

Note. This Casavaloo Naick is now and has been for the last five & twelve years the Peishcar of the Chingleput Collectorate.

10. Casavaloo Naick has accordingly held the village for about twenty years. The estimated net annual value of the village as given by Mr Cooke is Rupees 3,266-9-6 after deducting waste, Enam, Mairahs &c., the Amount payable to Government is Rupees 775-11-a Viz. 700 Rupees the Sody, and 75-11-a the amount of Cavelly Roofsooms resumed.

So Board Order 12th. 1824

Note. The annual Statement contains a Column for the "Being fixed at the time of the grant" and the Amount thereunder for

This

for Vengalattoor is 3020-8-4 this amount however is not taken from any account of the time when the grant was first made of which there are no records in this District for in 1803 the Village belonged to South Arcot but is then returned by the Tahsildar when the first of these Annual Statements was prepared in 1835—

This leaves the Shrotriemdar's net receipt at Rupees 2,190—4—6 from which must be deducted the expenses of Collection which at 5 per Cent will be 125 Rupees, and the allowance to the widow of the amount of which I have no information but which is very unlikely to have exceeded 15 Rupees a Month, or 180 Rupees annually—the deduction of these two sums will leave 2,185 Rupees as the clear surplus available annually in liquidation of the Mortgagee debt— I am not aware what rate of interest was awarded in the decree, if it was the Regulation rate of 12 per Cent, the proceeds of the Village as above Calculated would pay little more than half the annual accumulation; but as the decree was passed in the Supreme Court, the rate was probably lower, and if it was 5 per Cent and no compound interest was allowed a small surplus would remain annually— Judging from the Amount of the Beriz returned in 1835, however it seems likely that the actual receipts have been less than were originally Calculated or at least that the Mortgagee will assent

that they have been so—

11 Cowbogee appears to acquiesce in the present position of affairs but it appears to me nevertheless that the circumstances of the Case should be brought before the Right Honorable the Governor in Council with a view to it's being determined whether the bounty of Government in this grant should continue to be diverted from it's proper objects as it has been for the last twenty Years, and if not, what steps are proper to be taken to put a stop to this diversion— Regulation IX of 1831 is inapplicable, having been passed subsequently to the Mortgage of the Village. The Cowle of 1824 contains a special provision exempting these shrotriems from liability for debt beyond the life of the Contractor, except indeed by Consent of the successor; but this Cowle does not apply to Vengalattoor. I apprehend however that it is in the power of Government to interfere directly, and of it's own authority, should it be held expedient to do so, and it seems proper to ascertain the sentiments and the wishes of the Government on this general

and a Purwannah for the same was issued

3 Seevum Row died without issue
on 6th February 1831 but a few days prior
to his death, he executed a Paper enjoining
his Widow, Cowbayee Ammal to adopt a Son,
to bear the name of Madava Row which
was that of his, Seevum Row's Grand Father, and
to have the Village registered jointly in
his name and her own, which adoption appears
however, never to have taken place, although
in the Returns of Shrotriem Villages sub-
mitted to the Board from 1835 to 1841 Madava
Row, the adopted Son of Seevum Row, is
stated as enjoining Vengalattoor. In 1841
the Accountant General called for a list
of the ages of Persons holding temporary
Grants, and Cowbayee Ammal being asked
the age of her adopted Son, stated that
she had not as yet adopted any Child-
Hence forward the name of Cowbayee was
entered in the Shrotriem Returns, but no orders
appear to have been sent to the Taluk
on the subject, and with the exception of
1841 when the name of Cowbayee only was
entered, the Taluk Returns contained
the two names of Cowbayee and Madava

4. On being questioned now respecting the adoption Cowlogee states that it was her intention to adopt the grandson of her husband's Brother, but as the latter resided at Madura, and would not allow the boy to come such a distance, she gave up the idea, and was now intending to adopt a child named Baganumba Row, Son of a relative of her husband, whom she had kept with her for that purpose since he was one year old, he being now nine and called Madava Row.- This is corroborated by the Children Father and Confirmed by local enquiry, but the adoption has not yet been made.

5. As stated before the Shrotiem was granted to Seevun Row in perpetuity, but in the Annual Returns furnished by the Collector it is erroneously entered as for three lives only, a mistake that is clearly explained in Paras 5-6 and 7 of the letter now submitted.

6 Another point brought to notice in respect to the proposed adoption of a Son by Seevun Row's Widow, is that the Cowle of 1824 prepared according to the order of Government of 21st May 1824 expressly provides (Clause 10) that the grant of a Shrotiem shall escheat to Government on failure of heirs, and although that for Seevun Row's Village contains no express stipulation to that effect, it is held to be

Dated 1803

D.S.

be implied in every grant.-

7 It further appears that the widow has never been in the enjoyment of the Shrotiem, Seevun Row having mortgaged it together with two Houses at Madras to one Mooddum Casavaloo Naick, a short time prior to his death, in satisfaction of a decree obtained by that individual against him in the Supreme Court for 10,000 Pagodas, on the condition that the Mortgagee should manage the Village, and after paying the Jodee and allowing a maintenance to the Widow should appropriate the surplus of its Revenues to the liquidation of his Debt.-

8- Casavaloo Naick, who is the Cashkeeper of the Chingleput Collectorate, has had possession of the Village for about 20 years, and as the clear surplus of its Revenues after deductions including allowance to the Widow, of the amount of which the Collector has no information, is only estimated by the Collector at 2,185 Rupees, his claim, if bearing interest, cannot be much reduced.-

9- Cowlogee Ammall appears to acquiesce in the present position of affairs; but the Collector considers that the circumstances of the case should be brought before Government who he thinks, has power to interfere should it be held expedient to do so.-

10. With regard to the question of Cowlogee's right to adopt a son, the Board are of opinion that although the Shrotiem was granted to Seevun Row and his heirs in perpetuity, it can only be continued to an adopted son by express consent of Government and that looking to the fact of the Shrotiem having passed into the hands of Seevun Row's creditor with but a distant prospect of its reverting to his family, they would recommend that at the death of Cowlogee Ammall the Village of Vengalatoor should be resumed.-

One Venkatachelliah deceased, a resident of Keeranoor erected the Chuttram for the benefit of travellers and an Enam was granted at the time of survey (1802). But the Chuttram having fallen into ruins in Fusly 1228 the Enam landsin question were attached in Fusly 1244 and the Teerwah of such portion as have been annually cultivated, amounting to Rupees 343--8. exclusive of the Jodigy payable to Government has been realized and carried to account. One Venkataramaniah the Grandson of the late Venkatachelliah is alive but appears to be unable to restore the Chuttram. Authority to reinclude this Enam in the Government Lands will shortly be submitted.	1 10 3
These Enam Lands are entered in the Pymaysh Account as having been granted in endowment for the expenses of the Chuttram and for keeping it in repair. One Ramalingiah who superintended its affairs and enjoyed the Enam in question died about 30 years ago leaving no male issue. However one Narrainiah his daughters son remained in the enjoyment of the Enam until his death which occurred Six Months ago; a separate report will shortly be submitted regarding the propriety of continuing these Enams.

1	10 3	One Venkatachelliah deceased a resident of Heeranoor erected the Chuttrum for the benefit of travellers and an Enam was granted at the time of Survey (1802). But the Chuttrum having fallen into ruins in Fasly 1228 the Enam Lands in question were attached in Fasly 1244 and the Jeerwah of such portion as have been annually cultivated, amounting to Rupees 343--8. exclusive of the Jodigy payable to Govern-ment, has been realized and carried to account. One Venkataramaniah the Grandson of the late Venkata-chelliah is alive but appears to be unable to re-store the Chuttrum. Authority to reinclude the Enam in the Government Lands will shortly be sub-mitted.-	
							These Enam Lands are entered in the Sym-yesh Account as having been granted in endowment for the expenses of the Chuttrum and for keeping it in repair. One Ramalingiah who superintended its affairs and enjoyed the Enam in question died about 30 years ago leaving no male issue. However one Narrainiah his daughter's son remained in the en-joyment of the Enam until his death which occur-red Six Months ago: a separate report will short-ly be submitted regarding the propriety of con-tinuing these Enams.-

The Pension due for the first half of the year 1849 was therefore not drawn before the expiration of the 2nd half. He has however since obeyed the requisition of the authorities; and as the delay to draw his Pension cannot be attributed to his own neglect the Acting Collector begs the necessary Sanction of Government may be obtained for the payment of the arrear here in exhibited and for the future continuance of the allowance.

Remarks thereon. The Board of Revenue recommend that sanction be granted for the payment of the arrears due to Mootoorama Conga Podayary from the 12th July 1849 to 11th July 1250 amounting in the aggregate to Rupees (260--3) Two hundred and Sixty and pice three.

(47-48)

They do not consider that for the reasons assigned in the foregoing Column the late Collector should have punished the continuancy of that individual as Monegar by suspending the payment of a pension granted to him independent of that Office. It would appear, on reference to the return of Village Officers suspended and dismissed under Section VII Regulation VI of 1831 for November 1849 that Mootoorama Conga Podayary was suspended from his Office of Monegar of the Village of Rayapanoor in which capacity the offence was committed and which punishment seems to the Board to have been commensurate with his fault.

Sir,

From the Acting Collector of Tinnevelly

Submitting information called for in Extract from Proceedings of the Board of Revenue dated 1st July 1850 regarding the Pettah Mosque and the Urthamanieum Village of Reelapoolyoor-

1- With reference to Para 6 of Extract from the Proceedings of the Board of Revenue dated the 1st July last, I have the honor to state that the trustees of the Petta mosque cannot be prevailed upon to act in concert in managing the lands belonging to the institution- I have the honor therefore to request permission of the Board of Revenue to make over the management of the lands and the mosque to Madar Hussain Khan pensioned Tahsildar of Sharenmadavy Talook on receiving from him a Bond to discharge the Shuttrum claims- This person is one of the most respectable Mussulmans in the District and very competent to execute the trust proposed to be vested in him and

and he is willing to accept it- I consider this arrangement preferable to selecting either of the two claimants for the sole management and have reason to think it will not be unacceptable to them both-

2- With reference to Para 14 of the Extract I have the honor to state that the Urthamanieum Village of Reelapoolyoor is an endowment of the mosque at that place- The mosque was for many years under Circar management, but in 1842 when the several Dawastanums in the District were transferred to the management of Trustees this mosque was also made over to the present Manager and he was directed to collect from the Ryots himself the portion of the duties of the land belonging to the mosque, but in consequence of disputes having afterwards arisen between the Manager and certain parties who have right to portions of the Net income of the Village after defraying the expenses of the mosque, the Tahsildar of the Talook was ordered to collect the total demand of the said Village and to distribute the income rightfully between the Trustee of the mosque, the other parties interested, and the Circar- This is still done but when due allotments in the remaining Villages in the District in which the Government and Dawastanum interests are blended come to

be

be made to the Trustees / for which arrangements are in progress / this Village will also be similarly treated.

3. The Surva Enam Village of Covilputty and the Pagoda to which it belongs have been placed in the sole management of the Brother of the late Appasamy Naik, the other Trustee Nullaseven pillay, as authorized in para 3 of the Extract under notice, having been removed from the Trust.

Timevelly, 10th September 1850. } / Signed / C. J. Bird. Acting Collector.

Proceedings thereon. The Board of Revenue sanction the appointment of Madar Hussain Khan as sole Trustee of the mosque at Pettah and its appertenances and await the report on the arrangements referred to in Para 2, which the Collector will be pleased to expedite.

From the Collr of Tinnevelly — Sir, Para 1 With reference to Extract from Proceedings Board of Revenue dated 9th September 1850, I have the honor to state that the report called for on 22d April last, respecting the Travancore frontier duties is under preparation and will be ready for despatch in about a week.

2. I regret that occasion should have been given for three calls upon me for this report, but the Board must be aware that until the completion of the Summahbundy in July the heads of the Office had no leisure to attend to any other subject unless it was manifestly of pressing importance.—

3 Since the middle of July business has been retarded by a good deal of sickness among the Cutcherry people, by the absence of some of the principal servants summoned as witnesses before the Supreme Court at Madras and by the number of marriages which usually take place among the Hindoos at this season of the year and for which the Office people cannot well be refused leave.—

From the Superintendent of Stamps — Sir, Para 1st I have the honor to acknowledge the receipt of Extracts from the Proceedings of the Board of Revenue dated 29th Ultimo, and in reply beg to state that it appears to me to be proper that the Sayer Rowannahs in Store should be returned to this Office as has been done in every other instance, before the Sanction of Government is obtained for writing off their value to profit and loss and for the destruction of them, but Considering the unnecessary expenditure of the Public Money and the small quantity in Store the Sale Proceeds of it if it was returned to this Office and Sold as usual as refuse paper would not cover the expences of the transmission of the Rowannahs to Madras, and Considering that the Rowannahs are now utterly useless and the Collectors have not had an opportunity since the year 1844 of returning them, it appears to me that they may be destroyed on the Spot but before that is done I would suggest that

Acknowledging the Receipt of Extract from the Proceedings of the Board dated 29th Ultimo and states that it appears to be proper that the Sayer Rowannahs should be returned to the Office but Considering the unnecessary expenditure of Public Money in the transmission of them to Madras they may be destroyed on the Spot and suggests that the Collectors be requested after defacing the Rowannahs to sell the same as refuse paper and states that the Stock of Rowannahs in Store with the Collector of Cimbatore at the end of Fasly 1258 was Returned to the Office during the Fasly 1229 also states that it is not necessary

to obtain the Sanction of Government for the destruction of the stock of Sea Custom Rowannahs in store with the Collector of Canara.

that the Collectors be requested to examine the stock of Rowannahs in store in their respective Offices and Certify that the quantity destroyed agrees with the quantity and value exhibited in the accounts furnished to this Office. I would also suggest that the Collectors be requested that after defacing the Rowannahs to sell the same as refuse paper and Credit the proceeds to this Department.

2d. The Stock of Rowannahs in store with the Collector of Coimbatore at the end of Fusly 1258 was returned to this Office during the past Fusly 1259 and the Sanction of Government has already been obtained for writing off their value to profit and loss, it was found necessary to include the quantity returned as being in store as the Statement forwarded with my letter of the 11th Ultimo exhibited the Stock of Stamps Remaining on hand at the end of Fusly 1258.

3d. The actual quantity of Rowannahs in store of Collectors (exclusive of 11322 Rolls of Sea Custom Rowannahs to the aggregate value of Company's Rupees 17840

Fort St. George 26th September 1850.

Canara	32,462	Do.	17,548	8	—
Total	87,474		26042	3	—

4. The Quantity in store of the Collector of Cuddapah is the difference between the Quantity actually received and that which ought to have been returned, the Rowannahs are not forthcoming the Collector having stated that the Stamp Darogah can give no satisfactory account of this deficiency the Collector was in consequence called upon to take such steps as may appear to him proper to have the difference adjusted.

5 If it be the intention of the Board to obtain the Sanction of Government for the Rowannahs in store being destroyed by Collectors it will be necessary that the Sanction of Government should also be obtained for the destruction of the stock of Sea Custom Rowannahs in store with the Collector of Canara Viz. To the Chief Secretary to Government

Sir

Submitting a letter from the Superintendent of Stamps on the subject of the quantity and value of Stamped Papers Cadjans & Rowannahs in store at the end of Fusly 1258 in the several Districts and stating that the Board would not recommend any further Reduction on the Stock of Saleable Stamps from the Districts also requesting that the Collr of Cuddapah Trichinopoly & Canara may be authorized to deface certain unserviceable Sayer & Less Duty Rowannahs, sell them as refuse paper & credit the proceeds in their Accounts.

From Superintendent of Stamps 14th & 20th 29th August 1850-
From Do 2d September in Cants 26th September 1850-

1 With reference to para 6 of Extract Minutes of Consultation under date the 10th July 1850, I am directed by the Board of Revenue to submit for the Consideration and orders of Government the accompanying letters from the Superintendent of Stamps on the subject of the quantity and value of Stamp Papers, Cadjans and Rowannahs, in store at the end of Fusly 1258, in the several Districts-

2 It will be seen from the Statements accompanying that Officers letter of the 14th August 1850 that after deducting the quantity Stocktaken to be written off the Stock of Stamp papers

Stamp Paper	Rolls	Value Rs
Remaining at the end of Fusly 1258	6,276	74-13,44,447
Deduct Written off in Fusly 1258	3,222	1621

Deduct Stamps of Rupees 150 to 2000 Rs Value	953	3,45,000
Net Balance	4,20,533	9,44,466

paper at the close of Fusly 1258 amounted to 5,90,452 Rolls in value Rupees 13,44,826 of which 168,966 Rolls in value Rupees 55,360 consist of unsaleable Sayer Rowannahs and 953 Rolls in value Rupees 3,45,000 of Stamp paper of high valuation from 150 Rupees to 2000 Seldom Required - leaving 4,20,533 Rolls in value Rupees 9,44,466 of Saleable paper - Altho' the Stamp papers of high valuation are seldom need yet the Superintendent is of opinion that they should be kept to meet any requisition that may be made for them and the Board observe that of those of 500 Rupees value & above there were only 98 Rolls of 500 Rupees & 60 of 750 Rupees in 17 Districts, while only 50 Rolls of 1000 Rupees remained in 13 Districts & 29 Rolls of 2000 Rupees in 12 Districts-

Stamps Cadjans	Rolls	Value Rs.
Remaining at the end of Fusly 1258	17,454	66,371-0-0
Deduct Written off in Fusly 1258	62	600-8-0
	17,392	65,770-8-0
Deduct Stamps Cadjans of 50 Rs to 2000 Rs Value	64	10,600-0-0
Net Balance	17,328	55,170-8-0

3. The quantity of Stamp Cadjans after deducting those written off was reduced at the close of Fusly 1258

to

to 47,392 in value Rupees 65,770-8-0 of which 64 were of high value from 50 Rupees to 2000, and amounts to Rupees 11,600. The Superintendent is of opinion that the Stamped Cadjans of the value of 50 Rupees and above may be at once withdrawn as only one of the value of 50 Rupees has been sold during the last nine fasleis. The Board concur in this opinion and they Remark that those proposed to be withdrawn remain in only the three Districts of South Arcot Coimbatore and Malabar—

4. Mr Bruce is apprehensive that the net balance of 4,20533 Rolls of Stamped paper in value Rupees 94,466 and 47,328 of Stamped Cadjans in value Rupees 55,170-8-0 if reduced might cause serious inconvenience and risk to Suitors, and as it has been before stated that the provisions of Act 17 of 1848 has not come into full operation and that the Government expect that the Revenue from Stamps would

Continue

continue to increase the Board would not recommend any further reduction or withdrawal of Saleable Stamps from the Districts-

5. Adverting to the unserviceable Layer Rowannahs alluded to in the Margin of para 2 of this letter amounting to 16,966 in value Rupees 5,360-9-0 it is remarked that 8,492 Rowannahs in value Rupees 2,318-6-0 were retrenched from Coimbatore to the Superintendent of Stamps and written off to Profit and loss under the Sanction of Government of the 19th July 1850 and that the remaining 8,474 Rowannahs in value Rupees 2,042-3-0 are in the Districts marginally indicated in the proportions set opposite to each. It is stated by Mr Bruce that the balance in Cuddapah is not forthcoming but should be accounted for and he

	Rolls	Value
Cuddapah	252	35-8-0
Trichinopoly	5,760	845-3-0
Canara	2,462	1,548-8-0
	8,474	2,042-3-0

Suggests

13254 Fort St. George 26th September 1850.

Suggests that the Collectors of Trichinopoly and Canara should satisfy themselves that the stock in hand agrees with that shewn in the accounts, and as their sale as refuse paper will not cover the expenses of Carriage to the Presidency he proposes that the Collectors should deface the Rowannahs, sell them as refuse paper, and Credit the proceeds in their accounts.

The Board recommend that the necessary authority be granted.

They also recommend that the Sanction of Government be granted for the destruction by the Collector of Canara of 11322 Rolls of unserviceable Sea Custom Rowannahs in value Rupees 17,840 — not included in the above account for their sale as refuse paper & for the proceeds being Credited in the accounts.

To the Chief Secretary to Government ... } Sir,

Requesting sanction for the payment of a Gratuity of 13 months salary, viz^t. Rs. 136-8 to Veroopaly Naidoo late Deloyet on the Board's establishment.-

With reference to clause II of the Rules respecting gratuities to discharged Public servants, published in the Fort St. George Gazette for 1836 page 74, I am directed by the Board of Revenue to solicit, that the Right Honorable the Governor in Council will be pleased to sanction the payment of a gratuity to Veroopaly Naidoo late Deloyet on their Establishment, under the following circumstances.-

2. Veroopaly Naidoo entered in the Revenue Board Office as a Peon in June 1818, and was promoted to be Head Deloyet, on the 1st July 1846. He continued performing his duties uninterruptedly -.

until

until the 1st August 1849, when he had a severe attack of Paralysis=Leave - was granted to him, from time to time, to enable him to recover his health, but - it having been ascertained at the end of four Months that there was no prospect of his ever being able to resume his duties he was removed from the Office Establishment on the 1st December 1849, and as he still continues totally unfit for public Employment, he has solicited that the Gratuity to which he is entitled by the Rules may be granted to him.-

3. Veroopaly's pay at the time of quitting the service, was Rupees 10-8 per Mensem, and the Board believe that, agreeably to clause II of the Gratuity rules, he is entitled to - seven Months* salary in addition to the 6 Months salary allowed by Clause I, making a total of thirteen Months - which at 10½ Rupees a Month amounts to Rupees 136-8-a and for the payment of this they request the sanction of -

Notice is hereby given that the undermentioned lands will be sold at Public auction to the highest bidder at the Office of the Collector of Trichinopoly in liquidation of the arrears of Revenue due by the defaulters hereunder named. The sale will commence on the 1st November 1850 and will continue until the whole of the lands shall have been sold. The purchasers will not be put in possession of the lands until the sale has been sanctioned by the Board of Revenue but in the meantime a deposit of 15 per Cent of the purchase money must be made on the spot and the remainder of the purchase money should be paid into the Hoozoor or Talook Treasury within 20 days after the day of sale. In failure whereof the land will be resold at the risk of the first purchaser.

From the Secy. to Govt. Reviewing the Board's report on the cultivation of Cotton, in the several Districts under this Presidency for Fasly 1258.

Read the following Extract

Extract from the Minutes of Consultation under date 30th. August 1850 No. 822.

Read the following letter from the Secretary to the Board of Revenue

(Recd. enter 25th. July 1850 No. 3173)

Para 1. It appears from the Reports submitted with the foregoing letter that in the Guntoor District 85,099 acres of Land were

were under Cotton cultivation in Fasly 1258, of which 49,715 acres assessed at Rupees 72,642 were Government Land 8,114 acres Rent free Enams and 27,270 acres Enams paying Quit Rent amounting to Rupees 12,452 according to a previous report the extent under this cultivation was only 47,299 acres.

13th. November 1848. Chains 3-64 acres 2.

In Tinnevelly 24,436 Chains of Circar Land assessed at Rupees 76,336 were under Cotton cultivation in Fasly 1258, whereas in Fasly 1257 the extent was 24,187 Chains assessed at Rupees 73,333, shewing a difference in favor of the year under notice of 248 Chains in extent and Rupees 3,003 in assessment besides an increase of 400 Chains in the Enam Villages. The Crop is reported to have been more favorable and the Exports exceeded those of Fasly 1257 by 2,439 Candies. The cultivation was almost wholly of indigenous Cotton. The extent of Land sown with Foreign seed was inconsiderable Chains 33 7/64 and much of this failed.

3. It is stated by the Board of Revenue that measures were taken for ascertaining the additional quantity of Land in Salem the chief Cotton growing Talook that might be brought under cultivation

of

if a remission of Tax were allowed, and that Ryots were found willing to undertake the cultivation of 1167 Chains waste from periods varying from 10 to 30 years on a remission in some instances of one fourth and in others of one half the regular assessment.

4. The Governor in Council desires to call the attention of the Boards of Revenue to the objections urged by the Honorable Court of Directors to the remission of any portion of the assessment of lands taken up for Cotton cultivation as having "the effect of forcing a factitious cultivation which under ordinary circumstances could not be carried on". A copy of the Despatch conveying these sentiments as was furnished to the Board of Revenue in Extract Minutes of Consultation 1st June 1849. No. 544 for communication to the Collectors of Coimbatore and Tinnevelly. The Governor in Council apprehends that if the lands are of the description stated Poonjah waste lands of 10, 20 and 30 years standing the ordinary Cowle rates of the District afford sufficient encouragement for their occupation in whatever way

Revenue Despatch 4th July 1848 No. 11 para 3.

way may seem profitable to the Ryot, without the necessity of a special indulgence, to force the Cultivation of Cotton either indigenous or Foreign. The Acting Collector of Tinnevelly is of opinion that the mere granting of remission is not likely to produce any material extension of Cotton Cultivation, and thinks with justice that the certainty of a Market and remunerating prices are required and sufficient to promote that subject.

5. In Coimbatore the land employed in Cotton Cultivation in Fasly 1258 was.

	Poonjah		Garden		Nunjah		Total
	Puttahs	Settlement	Puttahs	Settlement	Cawnies	Settlement	Settlement
Government land	20,100	111,112	621	7,729	209	504	119,346

besides 2,446 Bullahs of Enam lands. The produce chiefly indigenous of the annual and triennial varieties is calculated to have been 32,200 Candies of Seed Cotton. Of which 9,600 are estimated to have consumed by the growers and 22,600 brought to Market. The crop of the present year is generally considered favorable.

In

6. In Kurnool 86,368 acres of land were occupied with Cotton of which 54,298 were Government and 32,070 Enam lands, the largest portion was cultivated entirely with Cotton and the remainder Cotton mixed with other produce The Crops suffered from blight, but the produce is supposed to have reached 25,700 Maunds. It should have been stated whether these are Indian Maunds and if not what Maund is intended and its equivalent in the avoirdupoise according to a previous, report the extent of land under Cotton Cultivation was only acres 19,581. It is presumed that the late agent has applied to Dr Wight for a fresh supply of seed, if not, it is desirable that the present agent should obtain a supply and carry out the views of his predecessor

7. In Madura 50,846 Cawnies were under Cotton Cultivation being 2,355 Cawnies below the quantity similarly occupied in Fusly 1257 the decrease proceeding from the season being less favorable for the production of Cotton. Of the above extent

extent-

17,482 Cawnies assessed at Rs. were Circar

2,674 " - Enam

30,689 " - Zemindary

8. In Bellary 270,257 acres were taken up for this species of cultivation, of which 165,094 acres settled at Rupees 161,843 were Circar and 105,163, acres Enam- The Ryots have been advised to pay more attention to picking and cleaning, and experiments it is stated have been made and are still in progress to improve the staple by introducing Foreign Seed. The Acting Collector seems fully alive to the importance of the subject in which he appears to take much interest. It is observed in reference to the concluding part of his letter that he has been authorized to procure 5 Gins from Dharwar and that the Superintendent of the Experimental Cotton Farms at Coimbatore has been directed to supply him with as many of the Cottage Saw Gins sent out from England as may be requisite and can be spared.

9. In Cuddapah 87,309 acres have been under Cotton cultivation in Fusly 1258, being 12,508.

Fort S.t George 30.th September 1850.

12568 acres above Fusly 1257, and it is expected that a further extension will take place in Fusly 1259. Here also as in Bellary the attention of the Ryots has been directed to the importance of careful picking and cleaning and of keeping unmixed the superior from the inferior kinds of produce. The same measures have been taken as in the case of the Bellary District for furnishing the Collector with Dharwar and English Gins.

10. The Board of Revenue have properly noticed the want of uniformity in the Statements submitted by the several local authorities and the Governor in Council approves of a form of Statement having been circulated for the guidance of the Collectors in the preparation of their future returns.

From the Collr of Rajahmundry Furnishing reply. Sir, I have the honor with reference to

Reply on the subject of the Rules proposed for the Salt Department in reply to Board's Proceedings of the 13th Ultimo.

to the Proceedings of the Board dated the 15th April to submit the following observations on the proposed Salt Rules.

Rule 1. Has always been observed in this district.

Rule 2. The ryots have not hitherto been compelled to leave the pans by any prescribed route during the season of manufacture, nor have tour tours been headed to warn them to depart. The rule however appears a good one and may be established with advantage in future.

Rules 3 & 4. The course prescribed in these Rules has always been adhered to.

Rules 5 & 6. The platforms at the Cotaurs of this District were raised long ago and do not seem to have been constructed exactly on the plan laid down in the rule. They are of sufficient height but the earth of which they are composed was not dug so as to leave a ditch round them, neither are they surrounded by a fence of any kind. It will be more practicable to plant a hedge of prickly pear than to commence of digging a ditch round them

them. The huts of the watching peons are not placed on mounds as raised above the platform, but are on the same level with the salt heaps. The raised mound will be an improvement.

Rule 7. The salt as brought in by the manufacturers, is placed in small heaps and afterwards measured and stored in large ones. the measurement takes place on the spot and it does not seem necessary to set apart any particular space for that operation. The expense of conveying the salt to such a place would render it inconvenient.

Rule 8. The provisions of this rule are enforced. The salt is stored in heaps each containing 2,000 Bengal Maunds except the last heap on each platform which necessarily contains an irregular quantity.

Rule 9. The heaps though stored in straight lines have not hitherto been placed so near each other as this rule contemplates. It may however

be

be adopted in future.

Rule 10. Salt is stored by weight at certain pans situated conveniently for exportation as by rule 24 salt for exportation is required to be sold in that manner. Rules 11—12—13 are adhered to.

Rule 14. I am a little doubtful as to the propriety of establishing a rule of this nature inasmuch as it will afford facilities for fraud on the part of the native servants. But if the rule is established care should be taken that neither the wholesale dealer nor the Darogah be allowed to have any thing to say to the selection of the heap, but that on every application for a whole heap a report be made to the Collector or his assistant whose province it should be to select the particular heap to be made over to the dealer at the reduced rate.

The enforcement of rule 15 appears advisable. The first part of rule 16 has been observed and it is also the practice to punish the native servants when the wastage of a heap is excessive and unaccounted for.

Rule

Fort St George 30th September 1830.

Rule 17. The Mercal alluded to is in use and the mode of measurement prescribed adhered to except in the case of the Salt set a part for exportation.

Rule 18 I consider 20 twenty Mercals too high a limit and recommend in lieu one Bengal Maund for the reasons specified in my letter of the 2d Ultimo.

Rules 19 and 20 are strictly enforced

Rule 21 The practice here mentioned is never resorted to.

Rule 22 The present Salary of the Salt Carodah is Rupees 10 — — — He is independant of the orders of the Darogah and makes his reports direct to the Collector. The rate of pay appears sufficient

Rules 23 — 24 — 25 & 26 are adhered to

Rule 27 No Salt having been exported to Bengal on Government indent for some time past the transmission of Sealed under packets of the Salt has been discontinued.

Rule 29 The charges for the transportation of Salt into the French Settlements of Yanaon have hitherto been borne exclusively by

Fort St George 30th September 1830.

by the French Government who send their agents to the pans to receive the Salt.

Rule 30. appears objectionable because though the whole of the Salt manufactured in one July is paid for at once, it is never sold within that July, and thus the accounts of the Treasury would shew that a certain sum had been expended in Salt charges while the Salt accounts would only shew that a portion of that sum had been disbursed and this difference would probably cause confusion.

Rule 31 is in force.

Rules 32 & 33 may be adopted in future.

2 With regard to wastage I am of opinion that under ordinary circumstances it should never exceed 5 per Cent in Salt which has not been stored more than a year but that should the heaps be kept two years they may possibly waste from 7 to 10 per Cent and even 15 per Cent if kept beyond that time. Of late years the Salt in this district have seldom been kept in store much longer than a year so-

Fort St. George 30th September 1850.

so that I am unable to speak with certainty as to the waistage allowable after several Years.

3. There are two Kinds of Rowannahs one given to purchasers of small quantities and the other to Wholesale dealers. The former is given up to the Moonsiff of the Village where the Salt has been sold and by him transmitted to the Amildar who sends it on to the Collector. On the latter is specified a certain date within which the Salt it protects must be sold. If the dealer has not disposed of it by the time fixed, he delivers his Rowannah to the Amildar and obtains from him a Deposit certificate nearly all the Rowannahs of the latter Kind are returned to the Collector, some few of Course excepted which protect Salt proceeding into the Nizam's dominions or into other districts but a great number of the small Rowannahs are never returned —

From the Collector of Nellore — Sir.

Submitting his observations on the proposed rules for the settlement of the Revenue from the Lands.

I have the honor to acknowledge receipt of a Circular letter from your Office dated 18th January 1849 forwarding Copy of a set of proposed Rules for the settlement of the Revenue from the Lands, and in reply beg to submit for the consideration of the Board the following observations connected therewith, marking seriatim the particular Para of the rules to which my remarks refer —

2 Para II It is the practice in this District that the original Dittum of each Village with detailed accounts shewing the rental and assessment of fields given up and newly occupied, be forwarded so soon as completed to the Collectors Cutcherry, Copies being retained in the Talook. The Dittums and accounts are then examined

and

and any irregularities or departures from the provisions of the Rumnamah pointed out in orders to the Tahsildars. It appears to me inexpedient to disturb this arrangement for although irregularities in the detailed Dittum accounts may be discovered at the time of Rummah-bandy, it is then a matter of considerable difficulty to correct them, and moreover the original Dittum bearing as it does the mark or signature of each individual Puttadar and being attested by the Curnums and Talook authorities forms a valuable record available for the settlement of disputes, enquired into either by the Collector or the Civil Court and is much less liable to be lost injured or tampered with in the Collector's Record Room than in the Duftars of a Talook Cutcherry -

3. Para IV In Districts in which the fields have been surveyed and the boundaries fixed the enlargement or contraction of holdings in both

both cases by rude fields may be practicable, but scarcely so in Nellore where in some Villages 8 or 10 Ryots occupy a field comprizing Cultivable land, pasture and Poramboke land to the extent of from 5 to 40 Pontoos, situated in 2 or 3 places, and bearing one name, and where in other Villages which have been surveyed one field bears 3 or 4 numbers each number being occupied by 3 or 4 individuals with separate Dittums and separate Puttahs -

4. Para V A period should fixed be fixed within which a ryot in cases of relinquishment should be required to present his Ranzeenamah in order to secure the Cultivation of the ensuing season. In this District Ranzeenamahs are admitted up to the 30th June but not later —

5. Para IX This rule should in my opinion be held to apply in this District to those lands only the extent & boundary of which have been determined

determined by a regular survey. In this District where neither have been defined by survey or are recorded in accounts upon which much reliance can be placed it would be hardly fair to hold the Village Officers and Subordinate Taloor servants liable for the correctness of their accounts, and at the same time prohibit their measurement of such fields as they may deem necessary: The Collector can only originate an order for remeasurement in the few instances of Complaints coming under his personal observation in all other cases he must be guided by the Reports of the Taloor Authorities and the reference of each individual case would occasion considerable delay.

6. Para V. It being generally believed that the boundary stones placed when the Surveyes were made have in many instances been either altogether removed or placed in different positions the affidavit required by this Rule might be restricted to a declaration that all land Cultivated had been brought to account.

DF.

The

7- Para XII. The security for the truth of a transfer by sale or otherwise would be more satisfactorily ensured if, in addition to the registry thereof in the Village Register, the transaction, were entered in the Dittum accounts attested by the party both giving up and taking the land.-

8. Para XIII. My remark upon Para IV. of the Rules is applicable to this also.-

9. Para XXV. In regard to this Para it must be remarked that in many Villages of this District the Shist on garden land is higher than that on wet lands which would render the application of the rule inexpedient. It has been customary here to assess garden land irrigated with Circar water with an additional shist of Rupees-5-4-0-

10. Paras XXX and XXXI. A separate report upon the Poollary or Pasture lands having been very recently submitted to the Board no remark is here required-

11. Para XXXII. Clause 2d provides that a

Crop

Crop will be considered to have perished if it does not come into ear, but many Crops or parts of Crops may perish after coming into ear from failure of water and in instances such as these it is usual in this District to grant remission provided the Crop be not Grazed before the Tahsildar or other deputed Officer, has personally ascertained its real state, a Discretion should be vested in the Collector in cases in which unavoidable delay may occur in the inspection of the Crops. It has been usual in cases of dried Crops grazed before inspection by the negligence or connivance of the ryot to levy 1/4 or 1/2 the shist at discretion.

12. Para XXXV. Cases may and must frequently occur, such for instance, as the falling in of wells, the sudden death of Cattle belonging to poor ryots which will render the strict inforcement of this rule oppressive.

13. Para XLVI Para 35 of the Hookumnamah of this District provides for remission on Coule

Coule lands when not Cultivated by failure of rains and other means of irrigation.

14. Para XLVIII a Clause might I think, be added to the present Tope Rules requiring the party to plant all the Trees within a given period and to keep the plantation in order under penalty of being called upon to pay the full Assessment. This would ensure the object of the rules and prevent persons evasively Cultivating the land rent free.

15. Para LII. The presumption of Enams as provided for in this rule has not been usual in this District and perhaps it might be deemed advisable to make an escemption in favor of service Enams left waste from circumstances beyond the control of the holder, and similar Enams in wet land uncultivated for want of water.

16. Para LIV. I think it highly necessary that the returns of Cultivation should be forwarded to the Collector twice a month instead of once as proposed in this rule. No irregularity can be

be checked unless immediately noticed.

17- Para. LVI. It has been customary in this District since fusly 1250 for the Ryots to sign the Dittum only, the signing of the Chitta account also at the time of the Settlement having been found a great impediment to the Summahbundy.

18- Para LIX. A provision might be made that no new name should be added to or struck out from the Puttah without the consent of all parties concerned, and the arrangement should be made at the time of Dittum rather than at the time of Settlement.

19- Para LXI. The system introduced by Mr. Bishop of giving each ryot at the time of Settlement a Cadjan stamped with the Collectors' name in which the Curnums enter the payments made in the ensuing year appears to be a simple Plan. The Puttah being given at the time of Jamabundy, the ryot would hold no receipt for his earlier payments and the Curnums moreover are

are not generally accustomed to write on paper on which the Puttahs are written. I think therefore that the present System is preferable to the proposed Rules.

From the Collector of Canara — Sir.

1. I have the honor as requested in your letter of the 19th Instant to report upon the operation of the Tope rules in 1258.

2. Mr. Blane's letter of the 6th October 1845 will have prepared the Board to learn that in this district the rules were scarcely applicable.

3. The district is already thickly wooded nearly all the waste land is covered with fire wood except where it has been improperly appropriated and cleared. The rest of the surface of the district is private property and as the assessment does not rise on the land being planted, the rules offer no inducement to planting except that which the ryot already possesses and of which numbers avail themselves that of improving their land without incurring additional taxation.

4. It is possible that along the new lines of road the rules may be made the means of inducing private individuals to plant avenues, and I shall endeavour to make them applicable to this purpose, but at present I am not aware of any instance in which they have been brought into operation.

From the Collector of Canara Requesting confirmation of the Board of Revenue for the sale of the land No 2 alluded to in Mr. Silver's letter dated 4th January 1850.

Sir,

1- I have the honor to request the confirmation of the Board of Revenue for the sale of the land No 2 on the list forwarded by Mr. Silver with his letter dated 4th January last, the sale of which was sanctioned by the Board on the 11th idem. The usual Statement recommending its confirmation is herewith submitted.

2- The amount offered for the purchase of this land would appear to be too low with reference to the estimated capabilities of the land, but looking to the actual returns now yielded by it, the present offer is as favorable as can be expected. The actual produce of the land is stated to be Rupees 33- 3-2 (a/p) whilst the assessment is Rupees 54-4-10.

3- The land was put up to sale on the 28th February last, the original date, fixed by the Board for its sale, but as the amount offered for it on that date, Viz. Rupees 22-4-0 appeared to be too low, the sale was deferred till

13324. Fort St. George 30th September 1850.

till 7th March last on which date the present offer of Rupees 104- was received.

4- In requesting the confirmation of this sale by the Board of Revenue, I think it right with reference to the last para of Mr. Silver's letter of the 2d July 1850 to recall the attention of the Board to the circumstances of the Estate and those under which the sale has been made.

5- The Estate was one which did not pay the full assessment and could not do unless restored to a proper state of cultivation, as neither the proprietor nor the party who held the better portion in Mortgage would engage to improve it, it was necessary as explained to the Board to cause its transfer to others hands by public sale.

* In letter dated 4th Jany 1850.

6- It was purchased for Rupees 104- but the purchaser afterwards stated that he had not understood that he would at once be required to pay the full assessment and wished to cancel his purchase, but he was referred to the terms of the proclamation and upon this paid down the money. The Sub Collector however recommended that he should be indulgently dealt with and a period allowed for him to bring up the Estate to the full assessment.

7- I find however that Mr. Silver when.

13325. Fort St. George 30th September 1850.

when in charge afterwards directed that a fresh sale should be held, the parties, Sir. the purchaser, the proprietor and the mortgagee being advised that the full assessment would be demanded. On this no offer was made.

8. I think therefore that it is now desirable that the former sale should be adhered to the land thereby passing to a party prepared to improve it and I do not see that any thing precludes this course. The Collector will then be able to make such temporary remissions as appear necessary.

9. This course I recommend as it does not appear that even if this indulgence had been before or were now offered to the proprietor she is in a position to avail herself of it and the measure is therefore necessary to secure the interests of the Government.

From the Collr of Madras

Sir,

Fort St. George

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 2d September 1850, and having referred the communication from the Collector of Chingleput which it enclosed, for the opinion of my Assistant, Mr Taylor, who has charge of the Salt Department of this Collectorate, I beg to submit his observations on the subject now brought under consideration by Mr Freese as regards the Parts of Vallore, Voyalore, Attiput & Ennore.

Transmitting Mr Assistant Collector Taylor's report on the question of the transfer of the Vallore and Voyalore Parts and the proposition of the Collector of Chingleput to undertake the manufacture and supply of salt for this Collectorate and offering certain observations on the subject.

2 It is perhaps unnecessary to urge any additional arguments to what has been advanced by my predecessors in Office to show the advantages attending the arrangement which has been in existence since the year 1811, leaving to the Collector of Madras, the control of the manufacture as well as of the sale of Salt required for the supply of Madras and for Export from Ennore. I would only refer the Board to my Predecessor's letter of the 8th July 1834, written in answer to a similar proposition from Mr Maclean that the Parts of Attiput and Ennore should be retransferred to his management, wherein the subject will be found to be fully and ably

ably discussed, and every objection to the present system that could be advanced by the Collector of Chingleput most satisfactorily disposed of:

3 A perusal of Mr Robertson's arguments will I am persuaded satisfy the Board that the change proposed by Mr Greese would be in the highest degree injudicious and would seriously affect both the interests of the Public and of Government. Government indeed so decided on a review of the question at that time, and expressed their opinion that it was inexpedient to make any alteration in the existing system.

+ From 13th 28th Sept 1835

4 Notwithstanding this final disposal of the question, the subject was revived by Mr Greese in 1848 in nearly the same terms as his present proposal and I then took occasion again to set forth the advantages of the present mode of management. The only ground on which the question is now re-agitated for the 3d time, is the supposed advantage which would result from the separation of the party manufacturing from the party selling - or in other words from the manufacture being superintended by one authority and the sales by another. Mr Taylor has shewn this to be far from desirable

10th July 1848

and

and I have only to add that the same argument would equally apply to every Salt District in the Country.

5 It is unnecessary to offer any further observations with special reference to the pans of Vulloor and Veyalore, the arguments which have been already used respecting the management of the pans of this Collectorate are all in favor of their transfer to this Office, and unless there exist other and stronger objections to the measure than those already advanced, I would strongly recommend their being placed on the same footing as those of Attipet and Ennore.

No 1.

To J. A. Hudleston Esqre
Collector of Madras,

Sir,

I have the honor to submit the following observations upon the subject of the transfer of the Vullore and Veyalore Salt pans to the Madras Collectorate discussed

in

in a letter from the Collector of Chingleput which was forwarded to this Office with Proceedings of the Board of Revenue dated the 2d instant.

2. The petition which has given rise to the present discussion appears to have been signed by no very considerable portion of the manufacturers at the Vullore pans. They desire the transfer of their pans to Madras in order that they may share the advantages enjoyed by the manufacturers at the Madras pans, Viz. payment of Cowdeeram almost immediately after delivery of their Salt, and facility of access to the Head of the Department for redress of grievances.

3 These advantages are certainly very great, and have been urged on former occasions (with reference to Attiput and Cuvroe) as arguments in favor of the manufacture being under the management of this Office. Considering, however, that as a measure of relief to the manufacturers of Vullore and Voyalore,

the

the Collector of Chingleput was directed in 1848 to supply this Office annually with a large amount of Salt from those pans, instead of the manufacture being extended at the pans attached to this Collectorate, to meet the increased demands for the inland trade at the Presidency, I do not conceive that the Vullore ryots have any legitimate cause to complain of the inconvenience attending the payment of their warum, by the Collector of Chingleput from whom they originally received it.

4 There may possibly be local circumstances moreover which render it advisable that these manufacturers, many of whom are doubtless cultivators or owners of lands in the Jaghire should continue to receive their Cowdeeram from the Collector of Chingleput. Before, therefore, disturbing existing arrangements in this respect, it would be expedient to ascertain whether the proposed change would not create greater inconvenience than it might remove.

The

5

The only objections however now advanced by the Collector of Chingleput, are not difficult to meet. Mr Freese opposes the transfer of the pans to this Collectorate, on account of the evils which in his opinion might arise from a division of authority within his District, in consequence of the Collector of Madras being vested with no police jurisdiction and he advocates the retransfer to the Chingleput Collectorate of the pans of Attiput and Cuvoor because he deems it "advisable when possible to separate the party manufacturing from the party selling".

6. It is hardly necessary to recommence the discussion as to whether the Collector of Madras, or the Collector of Chingleput is the proper person to regulate the supply of Salt for the Madras Bazar. The question has been mooted at intervals by successive Collectors of both Districts, the strongest arguments have been advanced on both sides, and Government decided in 1835 that it would not be expedient to disturb arrangements which

Extract Minutes of Cons 15th Sept 1835.

which had existed since 1811, and that the manufacture and sales of Salt for the consumption of the Presidency and for Export from Cuvoor should remain under the control of the Collector of Madras

7 This system has been found to work satisfactorily for the last 40 years, and there is no reason to suppose that any difficulty would be experienced by the Collector of Madras, were his control extended to the manufacture of Salt at Vulloor and Voyalore. I find indeed from the records that temporary transfers of the pans at Vulloor were made to the Collector of Madras on several occasions when an extra supply of Salt was required for the consumption of the Presidency.

8 Mr Robertson in his letter dated 8th July 1834 disposed of the objection advanced by a former Collector of Chingleput and now revived by Mr Freese, on the score of Division of authority, by shewing that if the Collectors of Madras were empowered to superintend the provision of his own supplies, the evil apprehended would in fact be removed, and

as

as to the question of Magisterial jurisdiction that the Town Magistrates and the local Police afforded all necessary assistance for the prevention of smuggling - This argument applies with still greater force at the present time, both with reference to the pans of Vellore and Vegalore as well as to those of Attiput and Ennore, because a subsequent enactment, No XXII of 1837 confers on the Presidency Police the powers of Magistrate and Judge of Chingle-put in revenue offences within the Madras Collectorate.

9 With respect to Mr Fraser's proposal to take under his exclusive management the manufacture of the entire quantity of Salt required for the supply of the trade at the Presidency, it is only necessary to remark, that a measure depriving the Collector of Madras of the power of regulating his own supplies, would be productive of those very evils which were found to exist before Mr Ellis first advocated the transfer of the Chingleput pans to his control, and which have been

been so fully detailed in Mr Robertson's letter of 8th July 1834.

10 The work of this office would be undoubtedly simplified by this arrangement, and the Collector's responsibility confined to the charge of the Salt when received into store, and to the Collection of the revenue derived from the sales - it would also be out of the power of the servants of this Department to commit irregularities except with the connivance of the parties who supplied the Salt. But were the measure once adopted it appears to me that all check over the Chingleput servants at the pans, would be removed, frauds would be committed if not with impunity, at least without much danger of detection, and I apprehend that the Government revenue would suffer in an eminent degree.

11 I quite agree with Mr Fraser however, that it is very desirable to have the Depôt for sale distinct from the place of manufacture, although I think that they should both be under one and the same authority and whether the

Reg.d for Octr Fort St G.e

the Valloor and Voyalore pans remain on their present footing, or be transferred to the control of this Office, I would strongly recommend that sales at those places be altogether disallowed, as they always have been at the pans of Attiput and Cunnore.

Proceedings thereon.

1 The Collector of Chingleput, to whom the above Petition was referred so far from approving of the Transfer of the Pans of Vallore and Voyaloor to the Madras Collector considers it would be more advisable to transfer the Pans of Cunnore and Attiput now under the Collector of Madras to his entire management as they are situated in his District, that no Salt should be sold at those 2 pans but their return forwarded to supply the Madras Cotaurs, so that the party manufacturing and

13344 Fort St George 30th September 1850

and the party selling may be separate.

2 The Collector of Madras is inclined to support the prayer of the Petitioners rather than the plan of Mr Freese.

3 It appears to the Board that whatever plan may be considered advisable in a fiscal point of view the Petitioners have nothing to complain of. They receive their Coolevarum as they have done for very many years, and they only comprehend a portion of the Salt manufacturers of the 2 Villages.

4 The subject is by no means a new one, and on a full consideration of the Correspondence in 1834 on the very same matter and the opinion of

13345 Fort St. George 30th September 1850

of Government as recorded in Contract Minutes
Inbons 8th Sept. 1835 Consultation 15th September 1835, the Board
are of opinion that there is not sufficient
reason for altering the arrange-

Ordered

13350. Fort St. George 30th September 1850.

Order thereon.

(63-64)

Ordered to be recorded.

Read again letter from the Accountant General dated 12th March and entered in Consultation 3d June last.

Ordered that the abovementioned letter be submitted with the following Address.

To.

13351 Fort St. George 30th September 1850.

To the Chief Secretary to Government

(65)

To the Chief Secy. to Govt. Reporting on the gross Collections Charges and Net Revenue of the Provinces under this Presidency for Fusly 1258.

Sir,

I am directed by the Board of Revenue to forward for the information of the Right Honorable the Governor in Council, and for transmission to the Honorable the Court of Directors, the accompanying letter from the Accountant General enclosing a General Statement of the Gross Collections, Charges and Net Revenue of the Provinces under the Madras Government for Fusly 1258 / 1848/49.

2. The Gross Collections during the above period amounted in the aggregate to 4,67,98,600-7-2 and the disbursements to Rupees 90,21,302-6-2, leaving a Net Revenue of Rs. 3,77,77,298-1-0 at 4s. 6d.

3 The Gross Receipts of Fusly 1258 fall short of those of the preceding Fusly by Rs. 20,60,715-6-1, but a decrease in the expenditure of 9,43,451-9, reduced this difference to 11,17,263-7-4, as shewn in the subjoined figured Abstract No. 1.

5. The Demand under this head at the commencement of Fusly 1258 compared with that at the beginning of the previous year In Cuddapah, in consequence of an unfavorable season and the prevalence of cholera In Tanjore, owing to a fall in prices In Masulipatam, in consequence of the amount of compensation made to the Zemindar of Davercotta Purganna being credited in Fusly 1257 under this head on account of arrears of Peishcush and there being no similar receipts in this Fusly. In Rajahmundry by the purchase money of the Takey Estate as well as that of the several Estates of the Peddapoor Zemindary bought in on account of Government, having been credited under this head in Fusly 1257 In Guntoor, owing to the Interest on Promissory Note belonging to the Vassereddy Estate being credited only for a broken period.

The collections in Fusly 1258, including those on account of old balances, were Rupees 12,50,185-14-3, falling short of the collections of the preceding year by Rupees 6,09,330-15-7, being the result of a Gross increase of 2,41,094-15-3 and of a Gross decrease of Rupees 8,50,425-14-10. The proportion of the collections to the Demand on account of arrears in Fusly 1258 was 9 13/16 per cent, while in Fusly 1257 it was 13 3/16 per cent.

Recoveries of advances for cultivation.

17. The decrease under this head amounting to Rupees 35290-13-3 occurred chiefly in the Districts of South Arcot and Rajahmundry, and is attributable to the smaller advances in Fusly 1258.

Interest on account of arrears unpaid.

18. The decrease in this item being trifling, Rupees 188-7-, does not call for particular remark.

Receipts on account of Government Plantations. Sales of Land and Batta on Gain by exchange.

19. This decrease, Rupees 778-5-, proceeded chiefly from the produce of the Spice Gardens in Tinnevelly, selling to a smaller extent than in Fusly 1257.

Refunds of Revenue charges.

20. This decrease amounting to Rupees 21703-14-1, arose from smaller sums having been credited under this head in the Fusly under review, than in the previous one.

Recoveries of charges col. lection of sequestered Zemindaries.

21. Under this head there is an increase of Rupees 428-14-5, chiefly from the arrears under this head in the District of Salem, having been realized in Fusly 1258.

24. The decrease under this head is the result of a gross decrease of Rs 39,505-13-8, and a gross increase of Rupees 32,887-14-11. In Chingleput the decrease appears to have arisen from the salary of the Collector and his Assistants not having been disbursed to the same extent as in Fusly 1257. In Malabar from the disbursements of Fusly 1257 being inclusive of arrears of the previous Fusly. In Tanjore from one of the Assistants having received pay for about four Months. In Masulipatam chiefly from large refunds under instructions from the Civil Auditor having been made in

in Fusly 1257, and the absence of such in Fusly 1258. In Vizagapatam it was consequent on the Salary of the Assistant Collector not being disbursed to the same extent as in the previous Fusly. In Ganjam from the Salaries of Mess^rs Bannerman and Onslow, as Collectors for May and June 1849 being debited in the Accounts of Fusly 1259 also from the absence on leave of Lieutenant J. P. Frye from the District from June to September 1848. In Madura, from the Salary of the late Principal Collector for May and June 1847, the Deputation allowance of the Acting Head Assistant and the Salary of the Assistant Collector not being charged. In Nellore, to the Salary of the Sub Collectors and Assistants not having been disbursed to the same extent as in Fusly 1257. In Kurnool owing to the late Assistant having been a Captain and the present one a Lieutenant.

Increase 25 The increase in Madras was

was owing to the appointment of an Assistant Collector from the 27th March 1849- In Canara to an increase in the salaries drawn by Assistant Collectors, and to the small amount of refunds during Fusly 1258- In Bellary, owing to deputation allowance paid to the acting Collector for nearly the whole year, to the appointment of another Assistant and from the Sub Collector's salary being disbursed for the entire year, whereas in Fusly 1257 it was for eleven months only- besides deputation allowance to the Officer who officiated as Sub Collector- In Cuddapah to a portion of the salaries of the Collector whilst absent on leave having been refunded in Fusly 1257-

In Guntoor

from there having been two Assistants for a larger period in 1258 than in the preceding Fusly- In Salem from one Assistant having drawn the increased rate of salary, and the disbursement of the salary of another for the

the entire Fusly, while in the preceding one it was only for a portion- In North Arcot chiefly to the salaries of the Collector and Sub Collector for May and June 1848- being charged in Fusly 1258- In South Arcot to the period of actual charge in Fusly 1257 being less than in the Fusly under review- In Trichinopoly from the Collector receiving his salary in arrear for one Month and the Head Assistant being present the entire year, whereas in Fusly 1257 the Office was temporarily vacant-

In

Decrease Rs 2,48,229

27 In Trichinopoly the decrease in Salem arose from the charge for Jails not having been disbursed within the Fusly. In Canara from a portion of the previous years expenditure being charged in Fusly 1257. In Malabar and Coimbatore from fall in prices of Paper and Oil, and in Guntoor from smaller purchases of the former Article.

Repairs of Tanks & Water Courses

Decrease Rs 1,27,384

28- This important decrease is attributable to the smaller amount of Public Works performed in the Fusly under review in comparison with the preceding one. The decrease occurred chiefly in Tanjore, Timevelly, Chingleput, Rajahmundry and South Arcot. In Madura however there was an increase arising from repairs of Tanks and the adjustment of former items of account.

Extra Charges connected with Revenue but not chargeable to any particular branch of it. Decrease Rs 41,32. N. C.

29- This decrease arose in Malabar from the number of Wild animals killed not being so great as in previous Fusly. In Guntoor from the non-employment of Mahoocoldars, Styledars and

and Thrashers, the next land having been settled on a Money assessment. In Nellore from the hire of Coolies attached to the Shootar Hurdies and for carrying Records on Circuit, being less than in July 1257. In Cuddapah from the hire of Gomastahs for peeshying old Records and Batta to Revenue Servants on Circuit being less than in the preceding year. In Masulipatam from the absence of any charge for Cloth for covering Desks as was the case in July 1257. In North Arcot from refund of Revenue of an Inam Village to Lyedalla as per order of Government dated 11th August 1847 being included in the accounts for July 1257. In Coimbatore from decreased charges for cutting Sandalwood for the Gunnah Gibbendy, for batta to Tuzzoor Servants on circuit, for feeding charges of Elephants, for Surveyor employed on the Heiglherry Hills and for the capture and feeding of wild Elephants in Kurnool from non-employment of Paymeish Gomastahs, the employment of Sub Assistant Revenue Surveyors instead of a Surveyor

Surveyor, for a portion of the year to the small number of wild Beasts killed during July 1258, and the purchase of cloth for bells for the Peloges of the Cutcherry.

Surgeons Establishment
Decrease 233-15-6

30 The decrease under this head being trifling does not appear to call for any particular remark.—

Increase
Extra Charges
Increase Rs. 7230-0-0

31 The increase under this head arose in Ganjam from the Salaries of the Tehsildy temporarily transferred to the Agent in Orissa having been charged in July 1258, and in Masulipatam to a largement of wages disbursed to Mahasoldars &c. in the same July.—

Ext. allowance
Increase Rs. 6720-0-0.

32 This increase arose in Chingleput from the Collector having drawn the fixed allowance for 12 Months and extra ditto for 139 days in July 1258 whilst in the previous July the fixed allowance was disbursed for 11 Months and 1 day and the extra allowance for 181 days only. In North Arcot from the fixed and extra allowances paid to the Assistant Collector being more than in July 1257. In Trichinopoly from

from extra allowance having been paid Mr. C. S. Bird who was temporarily employed in the District of Bellary to arrear of fine allowance being disbursed to Mr Daniell while acting Sub Collector, to the payment of extra allowance to another Assistant and to a longer establishment of extra allowances to Mr Tolly the Acting Collector and in the Districts specified in the Margin for the Collector and Assistants having longer engaged in Circuit than in July 1257.

Compensation in lieu of presumed Lands, Offices and Privileges.

Increase Rs. 30475-0

33. The Increase under this head in Cuddapah was owing to the arrears of Pensions due to the family of the late Chittaul Poligar having been paid during the fusly. In Kimmedy to the Ex Zemindar of Chockumputty who drew nothing in 1257 having in 1258 drawn his allowance in full and to two other Zemindars having drawn their allowances in arrear also in Masulipatam, Malabar, North and South Arcot from the large amount of arrears disbursed during July 1258.

An

Pensions and Charitable allowances chargeable on the revenues.
Increase Rs. 4921:5:1.

34 An Increase on this account arose in Tanjore from the value of Paddy carried to the Chuttrums at Pamanatt being charged for the past as well as for the fusly reported on and from payment of arrears to the heirs of some Gatine astrologers. In South Arcot from the payment of arrears. In Vizagapatam 16 additional Pensions having been sanctioned. In Kurnool from the same cause and from the grant of Rupees 30 per Mensem to a Lingurkhanah, and in Canara from a large Khotrum Pension to a late Head Sheristas Sir family having been sanctioned and paid in arrears from January 1847.

Pagodas & Manigar allowances
Increase Rs. 2943-12-1.

35. This increase arose in Masulipatam from arrears on account of Pagodas at Ellore and Coaly having been disbursed during the current fusly. In Nellore from some Zemindars of deceased Zemindars having been renewed and paid with arrears, and in Chingleput to the payment of arrears to the Pagodas of Soobramoneaporam & Conjeveram.

Pagodas & Manigar allowances in lieu of presumed lands and privileges.
Decrease Rs. 1273-7-3.

36. A decrease on this account in Malabar arose from the money allowance for support of the

the Masegue at Pudanady having been exchanged for lands yielding an equivalent income. In Tinnevelly from no arrear having been paid during the preceding year, and in Bellary owing to transfer of items from this head to that of Zemindaris and to payment of allowances to certain Pagodas according to Hindoo Calendar Months.

Fasly 1258 --- " 7,017-9-1
Decrease Rs 14,489-11-0

37 The decrease under this head in Tanjore was owing to a portion of the advances for the current Fasly having been carried to account in Fasly 1257. In Guntoor from the refunds of grazing tax erroneously levied from certain Shepherds of Chinnoor taluk and collected being debited in Fasly 1257. In Masulipatam, Rajahmundry, Nellore, Bellary, Chingleput, South Arcot and Coimbatore to the limited amount advanced during the Fasly.

Charges on Company's Plantations
Purchase of Lands and Battas
or loss by Exchange.
Decrease Rs 17,039-2-3.

38 This decrease has occurred chiefly under the head of Purchase and

and vicinity, viz the Rajahmundry District owing to fewer Estates having been purchased in Fasly 1258 than in Fasly 1257.

Profit Land & Loss. 39 This decrease arose from there
Decrease Rs 1,02,7-5 being no debits under this head during the current Fasly.

Refunds of Revenue 40. The decrease under this
Decrease Rs 13,87,729-8 head occurred from the large amount of irrecoverable arrear written off in Fasly 1257.

Expences on account of the improvements in the culture of Cotton.
Decrease Rs 306-3-8. 41 The trifling decrease under this head does not appear to call for special remark.

Advances for charges on collection of sequestered Zemmidaries
Increase Rs 2,17-4-11 42 This increase arose in Madura from the advance made to the Zemmindars of Sevagunga under attachment.

43. This increase arose in Fasly chiefly from the payment of costs of a suit brought against the Collector of Rajahmundry from the same cause and in Madura from purchase of Stamps used for feling answers to suits.

(71)

Proceedings—

It is observed that Nulluna Gounda the Monigar of Veroopatchoo was dismissed from Office for the following reasons—

"For acting contrary to orders in the matter of "an enquiry in the case of Govinden a man of bad "character. The accused was also punished on a former

"former occasion for causing the Putta of one party "to be issued in the name of another."

2. The Board consider that when an old servant is dismissed altogether the reasons should be more fully detailed than they are in the present instance, and that suspension for a certain period from his Office and emoluments would have been a sufficient punishment, they request that the Collector will reinstate him after the expiration of 12 months.

Read Return of Persons charged with offences and tried under Regulation IX of 1822 in the District of Madura in the month of July 1850.

31st Inf. Dy. 26th September 1850.

(72)

Proceedings—

In the two first cases recorded in the foregoing Return the parties were tried under the 1st Class of offences defined in clause 2 Section II. There should therefore have been no entry in Column 7 as the penalty for offences of the 4th Class are not awarded under the first but the 2d clause of Section V, and the entries in Column 8 would then have been as follows—

Case No. 1.

Amount defrauded Rupees.	394	10	11
Amount of fine "	50	"	"
Do. " of Do. "	50	"	"
	494	10	11

Case

Case No 2.

Amount defrauded Rupees - 17 - 3 - 5 -

Amount of fine ——— 20 — " — "

37 — 3 — 5.

The monthly pay of these parties would appear to have been incorrectly stated in Column 4.

It is also observed that the Class of offence under which the parties in the remaining three cases were tried is omitted - If they were tried under the 4th Class of offence defined in Clause 3 Section II the entries in Column 7 of this Statement would in that case be unnecessary, and should be embodied in Column 8 as in the previous cases -

In reference to the 2d Case entered in this Return it is farther observed that it is not stated whether the omission in the Accounts was with <u>fraudulent intent</u>, and the Board request that this specification of the offence may be invariably given in future -
