Proceedings

Read Return of Trials under Regulation IX of 1822 in the District of Cuddapah for the Month of November 1830. Thereon.

Of the five cases recorded in the foregoing Return, four Nos 26-27-29-30 were conducted by the Jaloor Sheristadar and Tahsildars. In case No 27 it would appear that the Tahsildar deputed the Jaloor Goomastah to examine the matter, held proceedings, and forwarded the same to the Booz[illegible]. It is observed that such a mode of proceeding is irregular, and should not be admitted in future.

In case No 26 Chinnapareddy and Surenareddy, Mirasdar Reddies of the Village of Wurrahally were convicted by the Jaloor Sheristadar of levying Extra Collections of Rupees 14-11-10 and of embezzling Rupees 154 [illegible] in all amounting to Rupees 201. 12. 2 which they were authorized to refund and to pay besides each a Fine of 100 Rupees. The Board would point out that

a fine exceeding 50 Rupees in cases examined by a Native Officer deputed for the purpose by the Collector is illegal. The Acting Collector will therefore limit the fine in this case accordingly and will remit the remainder.

Sir,

With reference to your Circular letter dated the 13th Instant, I have the honor to request the Board's opinion as to the construction of the terms used by the Registrar General in his letter dated the 17th December last, of the

the 2d Class "Natives of Great Britain" and in the 3d Class "British subjects in the East Indies" that is to say, whether the Census is to include only persons born in Great Britain or Ireland, or also British subjects born in India, of unmixed or mixed descent, and in cases where the head of the family being a native of Great Britain, and his wife a native of this country or East Indian, whether she and the children are to be entered in the Census and generally whether East Indians are to be included. —

From the Collr. of North Arcot.

Para 1.

Sir, With reference to your letter of the 13th Instant, having reference to the Census

Census of British subjects in India, I have the honor to request to be informed whether Military persons occupying Travellers Bungalows on the night of the 30th March are to be included in my returns also, the same respecting the Civil Engineers and their European Surveyors or Overseers. The forms supplied to be filled up are to include no person but such as slept in the houses to which they refer on the night alone specified, but perhaps the Military Authorities may be allowed to use other means of information and verification. —

I also beg to know whether European Pensioners and their families are to be included in my returns. Such Pensioners are not under Military Law but as they are regularly mustered and paid by Military authorities, it appears to me that those authorities have better means than I have of ascertaining all particulars respecting them. —

To the Chief Sect. to Government.

I am directed by the Board of Revenue to request you will submit for the orders of the Right Honorable the Governor in Council the accompanying letters from the Collector of Guntoor and North Arcot respectively, making enquiries respecting the description of people to be entered in the Census Returns called for in the orders of Government dated 11th February 1851.

2. With respect to Mr Stokes's letter, the Board would express their opinion that the term "British subjects" refers to those who are the children of both parents British, whether born within the United Kingdom or in the Colonies. Such parties they conceive should be entered in the returns, with their families, whether their wives be natives of India or East Indians.

The

3. The information required of Mr Bourdillon refers, the Board think, to those unconnected with the Military branch of the service. Thus he will not be required to register any of the classes he alludes to except European Surveyors and Overseers, who are not in the Military Service.

4. In filling up the column "where born" the Board beg to be informed whether the words "British subject" are to be added in cases where the place of birth is the East Indies, or whether such specification is to be confined to Foreign to Countries alone as France Germany &c.

To the Chief Secy to Government—

Sir,

I am directed by the Board of Revenue to forward for the orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Nellore dated 11th February 1851 requesting that sanction may be obtained for the disbursement of Rupees 132-1-4 to the parties employed in the Pannoor Pekharry Station which is under Amauny during the current Fusly.

2. From the correspondence noted in the margin it will be observed that the Pannoor Division was transferred from North Arcot to the Nellore District from the present Fusly upon the representation of Mr. White that the offers received for the Pekharry Rent for Fusly 1760 were very low, the Board directed it to be managed under Amauny, which it

it could be ascertained what amount was realizable from it.

3. After so retaining it for about two and a half months, it was found that the charges nearly equalled the collections: The Division also being Zemindary property, and consequently not under direct Circar Supervision whereby any frauds committed might be checked, the Collector was induced to put up the rent for auction, and the offer received being somewhat higher than the previous ones, the Board directed that it should be accepted.

4. Under the above explanation, I am instructed to request that sanction may be granted for the amount of sibbendy charges, amounting to Rupees 137-1-0.

Proceedings.

Relative to the management of the different sources of Extra Revenue in the District of Cuddapah for Fusly 1259.

From the Subjoined Tabular Statement it will be seen that the demand on account of Extra Sources of Revenue in the above named District amounted to

Fort St. George 24th February 1851.

to Rupees 316310-8-6 being a net increase of Rupees 6123-6-6 above that of the preceding Fusly.

Akarry. 2 The total demand for rents under this head is shewn to be Rupees 123601 or Rupees 2619 above that of the previous year. The principal increase appears in the Talooks of Poonganoor, Muddenpully and Chennoor, and the decrease in those of Doovoor and Poolesendlah.

Sundry Small Farms & Licences. 3. Altho' the increase under this branch of Revenue is stated to be

Fort St. George 24th February 1851.

Rupees 260-10-- for the rent of Orchards and Rupees 306-13-10 for duty levied on Red =wood, the latter attributed not only to the demand for the Timber, but to the detection of a system of smuggling, and consequent confiscation of a quantity which had been clandestinely secreted in some of the Merchants houses without the payment of Government duty; yet the falling off in the items of Honey Rent and Palmirah trees, and the non-rent=ing of the Diamond Mines in Jusly 1259 caused a net decrease of Rupees 250-11-2. The offers for the Honey Rent were below the amount of the preceding Jusly, and the Palmirah sales fell short of the previous year.

Stamps. 4. The Stamps under the operation of Act XVII of 1815 amounted to Rupees 26,115-12-- or Rupees 2376 above that of Jusly 1258.

Malurpha. 5. The chief source of Reve=nue of this District is that obtained under the heads of Veesalady Baghyr Veesalady amounting to all to Rupees 15,530-11-9 being an increase of Rupees 1380-1-8 as noted in the margin.

Jusly 1026-11-6
Veesalady 3
Rupees 1380-1-8

In

Fort St. George 24th February 1851.

In the former the advance is attributed to the extension of trade, and in the latter to the addition of a number of Looms, flocks of Sheep &c. in several Talooks.

6. Of the total demand — Rupees 316310-8-6 the sum of Rupees 303746-15-9 was collected within the Jusly; leaving a balance of Rupees 12563-8-9. Of this balance the sum of Rupees 11142-7-- has been recovered up to the end of October, thus leaving Rupees 1421-1-9 outstanding, the greater portion of which is said to be recoverable

Arrears. 7. Of the old balances Ru=pees 13168-1-5 outstanding at the commencement of the Jusly, the sum of Rupees 12825-13-11 was collected within the Jusly, leaving a balance at its close, after deducting a remission of Rupees 83-1-6 sanctioned by Government under date the 21st March 1850, of Ru=pees 239-2-11. Of this sum Rupees 19-10-7 would appear to have been subse=quently collected, Rupees 113-12-5 are said to be doubtful, and Rupees 125-- the latter Board irrecoverable. The requests

request may be written off the accounts for the reasons stated.

8. The total collections, = Current, Extra, and Arrears accounted during the year to Rupees 370547-5-8, being Rupees 13801-5-9 above the receipts of the previous Fusly - The Charges are Rupees 2421-11-2 [or Rupees 806-4-2 in advance of the past Fusly] which being deducted, leaves a net revenue of Rupees 318126-5-6-9.

9. With reference to the growth and manufacture of Sugar, the Collector states that there are 177 Sugar manufactories established in the District, and that certificates have been granted for the exportation of 416200 Maunds being 115900 Maunds in excess of that of the preceding year.

10. Mr. Murray's attention is called to the remarks of the Board in para 9 of their Proceedings of 4th March 1850, respecting the extent of land planted with sugar cane, which should be specified in the future report.

11. The figured Statements in the body of the report Paras 3 and 9 are mere

mere repetitions of the Enclosures and should be omitted - The report should be confined as much as possible to remarks referring to enclosures for figured results.

Ordered that a copy of the foregoing Extract with the annexed Comparative Statement of Collections, Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Cuddapah.

No. 190.

To W. A. Bayley Esqr.
Secretary to the Board of Revenue
Fort St. George.

B. No. 2958.

Sir,

From the Collector of Chingleput — Para 1. I have the honor to forward herewith the Summahbundy Statements of the Land Revenue of this District for the past Fusly 1259. A.D. 1849/50.

Reporting on the settlement of Land Revenues of the Chingleput District for Fusly 1259 A.D. 1849/50 and submitting the usual Statements connected with it.

English Statements from No. 1 to 19
Mahratta Do. from No. 1 to 24

2. The talooks of Carangoody and Chingleput were settled by the Acting Head Assistant Mr. Fullerton, and the Summahbundy of the Tirooporoor & Mayer Talooks was conducted by myself, whilst the Settlements in the remaining 6 Talooks devolved on the Acting Collector Mr. Conway, in consequence of my temporary employment on other public duties.

3. From the remarks inserted in the Monthly Demand Collection and Balance Statements, the Board must be aware of the very unfavorable nature of the past season, the rains during the South west or petty Monsoon were light and an epidemic raged for a considerable time

time amongst the Cattle; added to which the Cholera committed great ravages, particularly in the Western and Southern Taloors of the District; whereby the Punjah and early Nunjah Poolidical cultivation were much impeded. The North East Monsoon on which the great portion of the Nunjah Crops yielding 9/10 of the whole revenue of the District depends, likewise failed; so that none of the larger Tanks and reservoirs received a full supply. The Villages also, which are dependant on River Channels, suffered from the prevailing nature of the season, the freshes in the Riviers having failed.

4. The natural results of a season such as that described, followed, for not only did much land, that has been usually cultivated, remain unsown, but great loss was sustained by the Cultivators from Crops totally or partially burnt up through the prevailing drought. Late in the season some damage was also sustained by

by the holders of the betel and Plantain Gardens, through the violence of a gale in May; but which fortunately was of short duration.

5. Notwithstanding the season was thus unfavorable, the Cultivators were not, as might have been anticipated, assisted in the discharge of the Government dues to any material degree by a corresponding rise in the price of grain; for altho' it rose about 5½ per Cent above the very low prices of the preceding Fusly, the prices at which the Ryots were obliged to sell their produce to meet the Circar Kists were still 15¼ per Cent below the commutation rates upon which the survey fixed Assessment was based. In every view therefore, whether as regards the Ryots, or the Government, the season was a very unpropitious one.

6. The subjoined Abstract or Comparative Statement shews the demand on account of land revenue, under each mode of settlement, during the past compared with the preceding year, the Net decrease being Rupees 2,96,434–15–9 or 25¾ per Cent.

7. From the foregoing Statement it will be seen that 5 Zemindary Villages reverted to Government during the past year; 2 of these comprizing the Moottah of Muppadoo having been purchased for Government, when sold under the orders of the Civil Court at Chingleput, and 3 comprizing the Mootahs of Cottyoor, Tencaranay and Prayencoopum in like manner, when sold on account of the arrears of Peshcush due by their respective proprietors. The increase of 2 Villages under the head of Shrotriem is owing to the retransfer of the Villages of Meenjoor and Arinvoyel to the daughters of Meenatchee Soondra Ummal in accordance with the instructions of Government under date the 11th December 1849. It will also be seen that, under the head of Ryotwar Settlement, there is an increase of 25 Villages. Of these, 22 were rented in the former year on Dowle or Estimate of the produce, and 2 on Dur Rast. The remaining Village was a hamlet attached to the Village of Pauroly in the Manimungalum Talook, but which for the convenience of Accounts has been newly formed into a separate Village.

Fort St George 24th February 1851.

8. From the annexed Statement it will be observed that in the Nunjah Cultivation of these 1609 Villages under Ryotwar Settlement, there was a decrease of 18128 Cs. — as. 14½ of single Crop Nunjah land cultivated with a first Crop, with a corresponding decrease in the Beriz of Rupees 103910 as. 12 P. 11, and in the cultivation of second Crop on the same description of land, a decrease of Cowries 3,814 — as. 7 7/8 bearing a Teerwa of Rupees 13043 — a. 4 — P. 1. In the cultivation of wet land assessed with a consolidated two Crop Teerwa, there was a decrease of Cawnies 959 — 37/8 in extent, with a corresponding decrease of Rupees 13,302 — as. 15 — P. 8 in the Beriz. In the Punjah Cultivation, there was likewise a decrease of 1774 Cs. — as. 6½ bearing an Assessment of Rupees 1448 — as. 11 — P. 9, and the accounts of the Garden cultivation also shew a decrease of 72 Cs. — as. 12¼ assessed at Rupees 387 — as. 10 — P. 5. The decrease under the head of Ready money Collection amounted to Rupees 80.8 — as. 9 — P. 5. The net decrease under all these heads amounted therefore to Rupees 2,94,358 — as. 6 — P. 6 or 31 per Cent. —

9. From the Comparative Talook war Statement No 2. shewing the extent of land cultivated in the Varavary Villages, the Board's attention will no doubt be attracted to the circumstances of the extent of the Nunjah cultivation in the Nayer Talook having, notwithstanding the generally unpropitious nature of the season, exceeded that of the preceding year; but this circumstance has arisen from the great extent of Manavary land in that Talook and to more rain having fallen there during the early portion of the season, than in the more Southern Talooks; whence a greater extent of land was actually sown than in the preceding year. The results however were not equally satisfactory, much of the produce so sown having been totally destroyed,

and the Land Beriz of the Talook been Rupees 5,343 9 7 below that of the year in comparison as shown in the Margin. In the Punjah Cultivation also of the Terooparoor Talook, there was a small increase with a corresponding increase of revenue. This consisted

consisted chiefly in the cultivation of light lands with inferior grain by means of the showers that fell in July and August. In the Manimungalum Taloork although there was an apparent decrease in the extent of the Punjah cultivation compared with the preceding year; there was an increase of Rupees 701-6-10 as in the Beriz arising from the levy of a Fusel Jaustee assessment on the dry lands in the newly assessed Villages of the Ayacouttoor Mootah. In the Accounts of the former years, the assessment on the dry lands of these Villages having been a consolidated sum, these particulars did not appear. Under the heads of Ready money Collections there is an increase of Rupees 1006-2-11 as in the Talooks enumerated in the Margin, arising from the demand of Fusul Jausty and Teerwah Jaustee on the 2nd Crop raised on Single Crop Nunjah Enam lands by means of water from the circar Tanks, as also on Totacal and Nunjah Produce raised on Poonjah lands. This demand was introduced in accordance with Para. 5 of the Sagoopady Hoo Roomnamah, and the amount thus realized in all the Talooks amounts to Rs. 1819-8-8 as

Fort St George 24th Febuary 1851.

I have some doubts of the propriety of uniformly levying a fusul Jastee Teerwah on all single Crop Enam lands when cultivated with a second Crop, because the division of the lands into one and two Crops lands has not, I consider, been correctly determined in framing the Survey assessment, and has depended chiefly on what happened to be the actual state of the cultivation during the years selected as the basis, on which the assessment was formed. Many service Enam lands have thus been rendered liable to an assessment, which has been unusual even though those lands were cultivated in most years with a second Crop, and any such demand was not contemplated I think, when the lands were assigned as Manniems. It is undoubtedly true that in many instances the means of raising the second Crop has originated in improvements effected at the cost of Government, but this has not always been the case, in which therefore of taxing invariably the service Enams with a Fussul Jastee rate whenever second Crops may be raised, it would I think be preferable to levy a Tank Merah, or proportionate share of the expense of Tank repairs from the holders of all service lands and Circar Tanks

Tanks and reservoirs repaired at the Government cost. I do not however consider it necessary to advocate the interests of any but service Inamdars. The same Statement likewise exhibits an increase of Rupees 37-7-7 in the Item of Land Rent, Fixed, Rupees 17-8-0 levied in accordance with an Extract furnished by the Register of Government Grants on certain Gardens in the Ponamallie Contonments, which had been previously held free from Assessment, the issue of these Grants not having been communicated to this Office; Rupees 20-12-1 levied on an excess quantity of land found incorporated with a Garden at Sydapett; 12-8 as P the rent of a portion of a garden taken last year for the High Western Road; but subsequently relinquished, the occupation of it not being found necessary has to be deducted from the above two sums.

10. From the Statement No 6 which shews the cultivation under each source of irrigation, the Board will observe an increase under the heads of Manavary Nunjah Cultivation, and Nunjah Cultivation on Poonjah lands, to the extent of Cawnies 1417-1/8 as Cs bearing an Assessment of Rupees 5477-13-10 as P and of 740-11 5/8 as Cs bearing a Teerwah of Rupees 25-3-14-8 as P respectively. These increases are chiefly attributable

attributable to the efforts made to cultivate the lands at the early part of the season by means of the partial showers which then fell in some of the Taloks and noticed in Para 3. In the extent of Nunjah or Total Cultivation on Poonjah lands under Wells, there was likewise an increase of Cawnies 169-9 7/8 bearing an Assessment of Rupees 209-15-10 as P.

11. I must now allude to the Settlement of the 25 Villages in which the Survey Assessment has been introduced during the fusly under review. The Board will observe from the same Statement, that though the season was so unfavorable, the Beriz leviable on the land actually cultivated in these Villages during the year under review exceeded the Permanent Beriz by Rupees 674-15-10 as P as exhibited in the margin. Deducting however the large remissions amounting to Rupees 5,122-0-1 as P rendered necessary this the failure of Crops, the Net Beriz still amounted to Rupees 12,042-3-3 or Rupees 4,447-0-3 below that Standard. Considering however the general position of these Villages and their capabilities, I have no doubt that on average years the Beriz will average about 20,000 Rupees per annum, and with fostering care that they will amply repay the outlay that has since been made on putting the Tanks and Channels into repair.

12. I next beg to submit a few remarks regarding the revenues derived during the past and preceding fuslies from the reverted Villages, and with reference thereto to submit the following Statement.

13. The Board will observe that the Beriz of the two Villages of Tencarany and Prayencoopam which were rented to the respective Meerassidars on Dowle or Estimate of the actual produce was more than 50 per cent below the Permanent Beriz as shewn in the margin; which is to be ascribed partly to the deteriorated condition in which they have reverted to Government as well as the adverse season and the low price of grain. The remaining 3 Villages were retained under Ammany Management, the Ryots being unwilling to rent them either as a speculation or on the Estimate of produce, in consequence of the favorable state of the grain market. The Beriz derived from these Villages was also greatly below the Permanent Beriz.

Although

16. Although the cultivation and returns of this Estate have been much affected in the Fusly under review by the very unfavorable nature of the season, and from the Reservoirs when the Estate reverted to Government having been in a very dilapidated condition, there are abundant reasons for believing that the results will in more favorable seasons bear a brighter aspect. The Ryots are willing and able to cultivate, and there is a larger extent of land situated under the various reservoirs, which have now been restored to a good condition, so that if the Country be blessed with the average fall of rain, the outlay of Government will be amply compensated. In the past season the extent of the Nunjah cultivation was not only affected by the unfavorable nature of the season, but the average produce on the land sown was also deficient in quantity, and to which causes of decrease of revenue, the low rates of the grain market must be added.

Certain

Certain Nunjah and Poonjah lands paying fixed Money Assessment, determined by the former proprietors, were continued as a temporary measure on the same terms and to the same parties in the Fusly under review. In examining the details of the Poonjah cultivation in these Villages, it will be observed that tho' there was a small decrease in the extent of the cultivation, there was a slight increase in the Beriz from the relinquishment of the lower, and the occupation of higher assessed lands. The trifling decrease in the Ready Money Collections does not appear to require particular remarks.

17. In the Quit Rent realized from the Saury Zemindary and Shrotriem Villages, there is a slight increase of Rupees 109-8-1, of which Rupees 19-4-11 are the rents levied on certain Gardens for which Government Grants have been issued, and Rupees 96-15-10 is the rent of a Garden situated in the Shrotrium of Meenjoor and Arinvoyel. Although this sum is credited under the head of Quit Rent, and Collected by Government, a corresponding

remission

remission is given to the Shrotriemdars, it would appear therefore to be the most simple plan to reduce the Peishcush of the Shrotrium at once, and that the Quit Rent should be incorporated with the Fyen land Revenue Collections.-

+ 110-3-10- Deducting from the above Items Rupees 6-11-9- remitted from the Quit Rent of a Garden at the Mount, in consequence of the Garden having been found to comprize a less extent of land than that specified in the Grant, the net increase is as stated in Columns 108 and 112 of the Summahbundy Statement No. 3, Rupees as £ 109-8-1.-

18. I must now request the attention of the Board to the subjoined Abstract Statement **E**, which exhibits the extent and amount of remissions granted under the several heads; from which it will be perceived that the net remissions of the

of the year under review, exclusive of Caboolaty Bunjer, exceeded those of the preceding one by the large sum of Rupees 1,61,456-6-3- as £ a result that cannot have been unexpected with the information placed before them from time to time relative to the Season and its prospects, and the Board will also have in memory the numerous Petitions they have received claiming even further indulgences, as tending to shew the attention that has been paid to their orders to restrict the remissions where practicable.-

19. Under the head of Shavie, or Crops burnt up and injured by drought, the remissions alone amounted to Rupees 137,207-13-5. In granting these remissions every attention appears to have been paid by the Officers under whom the settlements were formed to the orders of the Board Coveyed in their letter of the 25th. February 1850. The full Assessment on the lands bearing Crops totally burnt up amounted to Rupees 1,27,580-8-0. Of which sum the portion remitted was Rupees 1,22,353-8-0. as and Rupees 14,854-4-11. was the amount remitted out of the Assessment of Rupees 20,496-4-5. as on land the Crops on which were miserable, tho' not quite destroyed. In granting these remissions due attention was paid to the per centage which those lands bore to the remaining lands in the Ryots possession, and in a very few instances only were the established rules for ordinary years exceeded. In those few cases, however, from it's being evident that a strict adherence to the rules would entail distress and

Fort St. George 24th. February 1851.

and injury, they were released, and the amount so remitted amounted to Rupees 296-12-1.-

20. In the 25 Villages in which the Survey Assessment was newly introduced during the Fusly under review, Rupees 2,731-7-0. as were remitted under the head of Phallanustom or Crops partially destroyed; had these remissions not been given the desirable object of introducing this System would have been necessarily postponed, in Consequence of the unfavorable nature of the season and the deficiency of the crops in those Villages. From these causes it was found necessary to grant such remissions as would have been acceded to as reasonable in estimating the produce for a Dowle Rent.-

21. The Cultivation of Punjah products on Punjah lands permitted by the Board as a special case in their Proceedings under date the 7th. January 1850 was not carried out to the extent anticipated when

when addressing the Board on the subject, owing to the continued drought. In addressing the Board on this point, I was in hopes that some showers would facilitate the sowing of Indigo, and such Crops as do not require much water on the Wet lands, but these hopes were defeated. The remission on account of Teerwa Cummi for such cultivation amounted only to Rupees 1,595 - 11 - 11 (as. p.) but still Rupees 922-12-6, that would by a more rigid adherence to the Survey rules have been sacrificed, were realized.—

22.— Under the head of Moonasub a trifling sum of 10 Rupees has been granted to certain Ryots in consideration of their poverty.—

23 Under the head of Cowle Lands, a remission of Rupees 180 - 8 - 0 (as. p.) has been granted in excess of the past year, in which an item of Rupees 13 - 9 - 0 (a. p.) being the Teerva Jastee levied on Poonjah lands cultivated with Runjah produce which was destroyed, is included.—

24. In the early part of the cultivating

cultivating season of the past year, strict injunctions were issued to the Tahsildars enjoining them to take Puttas or engagements from the Ryots for the cultivation of such lands as they had the means and were desirous of cultivating. Of the lands so taken by the Ryots, land assessed at Rupees 1,02,412 remained unploughed chiefly from the unpropitious season, and in the foregoing account the value has, as suggested by the Board in their Circular of the 18th March 1850, been separated from the demand, and exhibited beneath the remissions.—

25. I beg also to report for the information of the Board that in the Villages of Chengaudoi and Cundamungalum in the Manamungalum Talook, which reverted not long since to Government, and which have hitherto been held under Aumany Management, it has been usual to allow in the charges for Extra Establishments for their management the sum of 60 Rupees as

Fort St. George 24th February 1851.

as the pay of the Curnums. There are no hereditary Curnums in those Villages, or Maneums assigned for their remuneration, in consequence of these Villages having been newly founded by the late Moottadar, by whom the lands were reclaimed from a deep Jungle. The survey Assessment having now been introduced into those Villages, it appears necessary that the Curnums should receive a regular remuneration fixed upon the Beriz of the Village, as is the case in the Cunchee and Madranta cum Mootahs; and I request that sanction to this effect may be obtained.-

26. The suggestions of the Board in Para 2 of their Proceedings dated 18th March in regard to certain Amendments in Statements Nos. 4 and 5 have been attended to, but it must also be remarked that assessment on the immemorial waste lands in the 58 Villages settled by Mr. Hepburn, not being fixed, the more Ayacut extent of these Villages alone is specified in Statement No. 4-B. When such lands are brought under cultivation, it has been usual to levy an

Fort St. George 24th February 1851

an Assessment corresponding with that borne by the adjoining lands; it seems however advisable that these lands should now be surveyed when the Statement No. 4 B may be dispensed with.

27. 11 Cawnies and 1½ as of Circar land assessed at Rupees 32-9-11 have been allotted to certain Inamiendars, on account of the occupation of equivalent Maneium lands for public purposes viz. Cs. 9-12½ as of Poonjah Inam lands assessed at Rupees 29-2-10 included in the Southern Trunk Road, and of Cs. 1-5 as assessed at Rs. A. P. 3-7-1 included in the extension of the bank of a Tank in the Cobramaloor Talook. The Board will likewise observe from Column 13 Statement B No. 4 that 17 Cawnies 13¾ as of Punjah land has been in accordance with the instructions of Government

× Rs. 30.

Government under date the 21st January 1850 conferred for the support of a Charitable Institution at Madrantaconum founded by Janakeram Punt.

28. The subjoined comparative Statement exhibits the Demand Collection and Balance at the close of the Fusly and up to the 25th October on each source of Revenue - It will also be observed that this Statement exhibits a decrease of Rupees 2,32,859-7-5 in the total Demand which arose from the great falling off under the head of Land Revenue, owing to the extremely unfavorable nature of the season as described in the foregoing paras.

29. The total amount realized on account of Land Revenue within the Fusly

Fusly amounted to Rupees 7,19,490-9-2, leaving a balance of Rupees 1,33,272-5-8 or 15 5/6 per Cent. Of the above sum Rupees 11,649-4-6 are subsequently realized, leaving on the 25th Ultimo a balance of Rupees 20,623-1-2 - then outstanding - The realization of the Revenue has during the past year been attended with much difficulty, the cultivators having had much to contend with, the rates at which all grain produce has been selling for the last two years having been so low, whilst during the past year the Crops have also been scanty, and deficient in bulk owing to the unfavorable season.

* Since reduced to Rupees 19,471-2-8.

2647 Fort St. George 24th. February 1851.-

30.- I now beg to submit a Statement of the old balances of Land Revenue outstanding for Fuslies 1256 and 1257, amounting to Rs. 2052-7-1- I stated in my last year's Summahbundy report that I escpected Rs. 316-6-6 the balance of Fusly 1256 would be realized, but Rs. 93-14-2 alone have since been collected on that account, leaving a balance of Rs. 222-8-4, the realization of which was rendered impracticable in consequence of the great difficulties the Ryots have experienced in discharging the Current Revenue, considering these circumstances, and that any efforts to realize the remainder would entail distress and probably affect the means of future cultivation, I would beg to recommend the amount still due for that year of Rupees 222-8-4 be forgone.-

31.- There is a balance of Rs. 1829-15-7 due for Fusly 1257, of which Rs. 922-1-11 can alone be realized; the remaining sum of Rs. 907-13-8 is totally irrecoverable, and should also be remitted.-

32.- The total Items entered under the head of irrecoverable balance amount to Rupees /1130-6-.-/ One thousand one hundred and thirty and Annas Six.-

B. No. 320.

From the Collector of Chingleput.

Requests for reason given to obtain the sanction of the Board for the presumption of the Shrotriem Village of Mamunjary.

Sir,

Para 1. I have the honor to report, for the information and orders of the Board of Revenue, the following circumstances relative to the succession to the present Incumbent of the Shrotriem Village of Mamunjary in the Peddapolliem Talook having lately been transmitted irregularly.

Average produce of 5 years	Rs. A. P. 188-9--
Permanent Beriz	93-7-4-

2. On the 2d January 1850 a complaint was preferred to my predecessor by one Vanum Appasawmy Iyer, representing that although the Shrotriem Village in question stands registered in his name, one Yegeya Iyer was in the illegal enjoyment of the same, and praying that he may be put in possession of the same. The matter was in the first instance referred for the investigation of the Tahsildar, and although his report

report as well as the records in the Office confirm the Petitioner's Statement in respect to the registry in his name, I am of opinion that neither party is entitled to succeed to the Shrotriem for the reasons herein explained.

3. It appears from the Register of this Office that the Village was originally granted on Shrotriem tenure to one Banjana Sonayadee by the late Nabob Thakeer Khan, the Peishcush being fixed at Rupees 35-0-0 per annum. As the Purwanah is stated to have been destroyed by fire during the invasion of Hyder Ally, there is no means of ascertaining it's date and the purpose for which it was granted, but the Register as well as a Kyfeutnamah taken on the 4th November 1814 from one Soobabutter a member of the family of the original grantee, shew that the Village had been enjoyed in succession by the original grantee, his son Vencatadry Sonayadee, and Grandson Baskara Sastree. This last mentioned Individual having no

male issue seems to have appointed his Grandson in the female line named Soobabutter his sole representative and heir, and as such bestowed on him the Village in question. His name was accordingly registered in 1815 and after enjoying the Village for some years, he died without issue in 1825, leaving a widow by name Soobbummall, who adopted one Veerasawmy a distant cousin according to the wishes of her late Husband said to have been expressed to her shortly before his death. The Talook Records shew that on the 10th October 1826 the Tahsildar transmitted to the Hoozoor an Urzee on the subject of this transfer being made, accompanied by a Petition from Soobbummall, and a Mahazernamah in reference to the adoption of Veerasawmy, though these documents are not to be found in the Records kept at Hoozoor. The said Tahsildar subsequently on the 3d March 1827 addressed an Urzee to the Hoozoor forwarding another Petition from the said Soobbummall expressive of her wish that the Shrotriem Village should be registered in the name of one

one Appasawmy also a cousin of her late husband, whom she had adopted and a Maharzernamah in like manner accompanied in proof of the validity of the adoption; on the receipt of which documents the Collector issued his † order permitting the adoption, and authorizing the transfer and Registry in the name of the said Appasawmy, the present Petitioner, which instructions however appear not to have been carried out.-

† 13th March 1827.

4. The tampering apparently with the records, added to the occurrence of the 2d adoption contrary to all usage and expressly prohebited by Hindu Law it is to be observed cannot but give rise to the supposition that the circumstance of Veerasawmy having in the first instance been adopted was intentionally withheld from the notice of the Collector at the time, but whether owing to the boy's premature demise or to other cause, it is not easy at this lapse of time to ascertain.

5. The transfer to Appasawmy would under any circumstances have been doubly irregular, as an adoption not only effected a

second time, but thro' the female line; and consequently renders the claim of the Petitioner inadmissible, setting aside that circumstance affected the prior transmission as regards the succession to Soobabutter through the female line.

6. It is to be observed that Soobbummah eventually a third time adopted her Nephew (Sister's son) Yegeya Iyer under the fictitious name of Appasawmy and took him under her protection. She died on the 23d March 1848, and the registry of the Village was again made in the name of Appasawmy on the 26th June 1848, whether under the erroneous impression or otherwise that the present Incumbent Yegeya Iyer was the identical Appasawmy, in whose name the Shrotriem had been already entered jointly with that of Soobbummah, his alleged adoptive Mother, it is difficult to conjecture - The alienation out of the family of the original Grantee to the present Incumbent, being under any circumstances contrary to all rule, and such being of recent occurrence, I beg to recommend that the Shrotriem Village be resumed and

incorporated

incorporated with the Government lands.

~~P.C.~~ No. 393.
Proceedings thereon.
23-24

It seems that the Shrotriem Village of Mamanjary descended in direct line thro' three generations, and in the fourth that the 3d Grantee's Grandson in the female line named Soobabuttoo next obtained succession in 1815, but died in 1825 leaving no issue. Soobabuttoo shortly before his death, is alleged to have espressed to his Widow his wishes in regard to the property, but it is not stated whether such was done verbally or in writing, and the Collector is requested to mention this, and, in the latter case, he will furnish a Copy of the document.

2. It also appears that the Widow Soobbummah first adopted in accordance with the alleged wishes of her husband, a distant cousin of his named Veerasawmy, but the Village was not registered in his name, and he died prematurely and that she a second time, adopted a cousin of her late husband named Appasawmy, in whose name the Village was registered on the 13th March 1827. It is not however stated whether the 2d adopted

adopted son is now alive, or whether his adoption was recognized in 1827 during the life time of the party first adopted, and the Collector will afford information on these points.

3. It further appears that the Widow a third time adopted her Sister's son Yegeya Iyer under the fictitious name of Appasawmy, but it is not specified when this took place: It would however appear to have been within the last few years, as the registry in his name, it is stated, was effected on the 6th June 1848. The Collector on affording information on this point will state whether notice of the adoption was given to the late Collector within the 6 months limited in the Notification published in the Fort St. George Gazette, 16th March 1846, and why the registry was delayed until 3 months after the decease of the Widow on the 23d March 1848. He will at the same time fully explain the circumstances under which the claims of Yegeya Iyer were admitted.

Circular 16th July 1846.

B. No. 415.

From the Collector of Chingleput.

Affords the further information called for in the Board's Proceedings of the 27th Ultimo on the subject of the Charge of peculation brought against the Sydapet Tahsildar.

Sir,

Para 1. I have the honor to acknowledge the Extract from the Proceedings of the Board of Revenue under date the 27th Ultimo, and to submit the accompanying Return of persons charged with offences under Regulation IX of 1822 for January last having reference to the result of the Investigation of the case alluded to in the 1st Para.

2. Adverting to the further explanation called for in the 2d Para of the Extract in reference to the part taken by the Tahsildar in causing the property of the Ryots to be mortgaged without their consent, I beg to state that although there is no direct evidence to convict the Tahsildar on this particular charge, yet the circumstance of his having deputed his Duffadar for the express purpose of collecting the balance outstanding against the Ryots of Teroonecrmalay added to that of this Duffadar and the Zilladar having actually mortgaged the property of one Vadanta Charry as is evident from a document jointly executed by them, and caused the property of two other Ryots under attachment to be sold, afford ample grounds

Fort St. George 24th February 1857.

grounds for believing that the mortgage could not have taken place without his knowledge particularly when it is considered that he omitted to report the transaction in respect to the attachment. There is another circumstance which tends to confirm this belief Viz. that on the 5th November last when the said Vadanta Charry forwarded a Petition to my predecessor on the subject, complaining of the illegal sale of his property during his absence from the Village by the Duffadar in question acting under the orders of the Tahsildar, the matter appears to have been referred for his (the Tahsildar's) report. In his report he evasively replied that the complainant and the mortgagee were absent from their Villages, and that the Duffadar denied all knowledge of having mortgaged the property. In respect however to the accusation that the Duffadar had mortgaged the property under his sanction, he designedly omitted to allude to the subject.

The Zilladar and Duffadar having been discharged previous to the receipt of Extract from the Proceedings of the Board, and the evidence against the Tahsildar in respect to the particular charge referred to not being quite conclusive, I do not consider it expedient to take any further steps in the matter.

B. No. 20.

From the Collector of North Arcot.

Forwarding a statement of the arrears in Debaut Enam Villages for Fuslies 1242 to 1254: and requesting sanction to write off the Amount Viz. Rupees 570-1-3.

Sir,

With reference to Para 8 of my Jummabundy Report for Fusly 1259. I have the honor to submit a detailed Statement of the arrears outstanding in Debaut Enam Villages, being for Fuslies 1242 to 1254.-

It will be seen that of the total amount 510-1-3, 330-6-1 is set down as irrecoverable being due by deceased, deserted or indigent Ryots, or postponed by order, the reason of the order being now unknown. The sum of 63-0-9 is due by the Enamdars themselves, for Fuslies 1242 and 1254, and if the Amount were realized it would be repayable to them after a small deduction for the charges.

The remainder 116-2-5.

3- is due by Ryots stated to be possess-ed of property, for Fuslies 1242, 1254 and

Fort St. George, 24th February 1853.

and 1248; it is very probable that there were causes for the omission to collect these sums at the time; either the crop had perished or there was some other objection, which was not enquired into because the Dehant Canam Village balances did not come under strict examination. It is stated that these balances might be realized now by attachment and sale; but I am not prepared to recommend that measure.

4- Adverting to the long date of all these balances I think it unadvisable to demand them now or to retain them in the accounts. I beg to solicit sanction therefore to write off the whole amount outstanding Viz: Rs 510 1 3.

Remarks thereon.

The Purwannah of Kewaul Sadoohoollah, produced in support of this Enam confirms the grants of former rulers but does not specify what the terms of these were. Of itself it does not confer a grant on Shotriem tenure or in perpetuity but the terms in it partake more of the nature of a Jodee Enam granted for charitable purposes and resumable at pleasure. It is stated that the claimant Vencatachelliah was the Grand Son of Mungummah in the female line, and that his sister was the wife of Soobien who adopted him Vencatachelliah, in

in 1839 and that on the death of the adoptive father, in that year, he Vencatachelliah obtained possession of a moiety of the Enam, and has been in enjoyment ever since. There appears no reason to question the validity of the adoption of Vencatachelliah and the Board are unwilling therefore to disturb him in enjoyment of the moiety of the Enam in his possession, but they do not see sufficient grounds for continuing the remaining moiety enjoyed by the deceased Mungummah whose daughter's son he is.

The case referred to, in the papers quoted by the Collector where a subdivision among the members of the family was allowed was that of a Mootaliguan grant and does not apply in the present instance for there is nothing to show in any of the documents produced, that these lands were originally a Mootaliguan grant, but a charitable grant for subsistence of certain individuals who have since died. The Board are of opinion that Edayet Hossain and Cauder Khan should be recognized as the present grantees, and that each should be allowed a Moiety of the Enams to lapse however at his death. It does not appear how the Enams said to be held by Khader Khan's 4 brothers are entered in the Register but the Board cannot recognize them as Proprietors and they are averse to the principle of authorizing such subdivisions. The moiety of the whole Enam should be made over to Khader Khan and the Collector will be directed to enjoin his step brothers to look to him as the head of the family for maintenance and caution him to distribute a portion to each out of his moiety.

From the Acting Collector of South Arcot

Sir,

With reference to your Circular letter 19th August 1850 desiring me to report what opening

Submitting observations for the introduction of Act XXVI of 1850 in South Arcot

I

find for the introduction of Act XXVI of 1850 in this District. I have the honor to submit the observations on the subject.

I cannot learn that this question has come into discussion in the Town of Cuddalore and in the absence of any declared wish for the introduction of the Provisions of Act XXVI of 1850 no practical attempt has been made to carry out a measure so desirable in every point of view. The Natives are averse to change, however beneficial in prospect and I do not think with the exception, and in perhaps the largest and most densely populated Towns, that the Indian community could appreciate municipal arrangements. I therefore submit whether the introduction of the act under review should not be first practically tested and confined to the most important Towns where

where it could be most readily re-
ceived and carried gradually by
example and time over the face of
the country.-

I am told that meeting
the question at present would not be at-
tended with the smallest success as
the absorbing desire just now is
for the revision of the Land Assess-
ment, therefore I have nothing
to guide me in supposing that
there is any desire entertained by
the community for any better local
provision than is conferred by the exis-
ting Police rules.

Bd. No. 302

From the Coll.r of Trichinopoly ... } Forwarding copy of a Plaint filed against the Collector & some of his subordinates and requests the Board's order for his guidance

Sir,

I have the honor to forward copy of a plaint in a Suit which has been filed against me, the Naib Sheristadar, and the Village Curnum of Talagoody in the Lalgoody Talook under the following circumstances, and to request the orders of the Board of Revenue for my guidance.-

2. In 1834 the Cawnies heatmen who hold the Village of Talagoody in Enam complained that the ryots of Yesanacooray (the present Plaintiffs) had usurped about 6 Cawnies of padoogay land belonging to their Village and their complaint was referred to the Tahsildar for enquiry by the Collector Mr. Blair. The Tahsildar assisted by a Punchayet or assessors discovered that the Complaint was well founded, and placed boundary stones to mark the Talagoody land as ascertained in his investigation.-

3. A second complaint was afterwards made that the Yesanacooray people had removed.

removed these stones and again encroached on the land in consequence of which the Collector deputed the Nair Sheristadar to the spot to make a full enquiry - From the investigation then made it appeared that the position of the disputed ground independent of other proof showed that it belonged to Talagoody, and that the Yesanacooray ryots already enjoyed 36 Cawnies of Padooyay in excess of the quantity entered in their accounts. Mr. Blair therefore issued an order on 6th May 1836, directing that the disputed land was to be enjoyed by the Talacoody Villagers dismissed the Curnum of Yasanacooray for making a fraudulent entry in his accounts to aid his party.-

4. The Yesanacoory ryots afterwards brought a suit against their opponents in the District Moonsiff's Courts for the recovery of the disputed ground and a decree was given against them. Dissatisfied with this decision they preferred an appeal, and the Pundit Sudr ameen threw out their suit on the score of informality alleging that as the Collector had passed an order regarding the land in favor of their opponents it was

improper

improper for the Plaintiffs to bring an action solely against that party, thus inferring that the Collector ought to have been made a defendant in the suit. This appeal decree was passed on the 29th May 1839, and it is only now that the Plaintiffs have brought an action against the Collector and his subordinate servants.-

5. The Board will thus perceive that individually I am unconcerned with the suit and could plead, Section 28 Regulation XXVII of 1802. in bar of my being included in it, but as it may be deemed advisable to have a case of this description finally disposed of I forward for the Board's approval the Draft of an answer which I should propose to file in the event of my being instructed, to defend the suit in my official character. I have thought it unnecessary to enter at length into the merits of the question as it appears to me that the suit is untenable 1st from lapse of time and 2dly from the* Regulations giving Collectors judicial powers to settle such disputes regarding land, so that parties dissatisfied with their decisions ought to lodge an appeal and not bring an action.-

This Suit was brought against Defendants for the recovery of 7 Cawnies and 96 Goolies of Malgoozaree Poonjah moolo Padoogay land including a garden planted

with various trees and an Increase of land found at the time of survey and yielding an annual produce estimated at 50 Rupees and bearing an assessment of Rupees 13 and annas 15 and also for the recovery of Rupees 81 the estimated value of the trees which have been cut down.

The Village Esanayeoray is surveyed in fusly 1211 and boundary of which is entered as follows, in the Accounts of fuslies 1212 and 1213. It is bounded on the west by the Head Sluice near Pedaree Covil of the Village east to the road by the Talagoody Muntapum north to the Coleroon river, South to the appatooray Shadakhan Chatteram and to the lands of the Villages of Sembeanoor and Talagoody. In this boundary there are 134 Cawnies and 27 Goolies of Nanal Padoogay grama Samoodayen Poormumbokel Poonjah Land an extent of 6 Cawnies and 60 Goolies of Poonjah land in the Mattoi Padoogay whose boundary will be mentioned hereafter was in our enjoyment and that of our ancestors and our ryots and their ancestors In fusly 1233 agreeably to an order issued by the

Fort St. George 24th February 1851.

the Collector of this District, the Tasildar of Saulgoody measured 20 Cawnies of land out of our Village Samooday=en Pormmboke Poonjah and Nanal Padoogay land, situated east to the land now under litigation, and made them over to the Defendants from No. 1 to 36 Defendants and their ancestors for the purpose of plying Boats since the time the abovementioned 20 Cawnies were deducted in the annual accounts of our Esanacooray Village. In fusly 1240 the Garden land which was in our enjoyment was assessed with a Jeerwah of Rupees 5 and price 5 and Puttah was ifsued in our name designating the Garden land as grama Samooday=en; ever since that time we continued to pay Circar its Jeerwah and obtain Puttahs out of this portion of 6 Cawnies and 60 Goolies we Granted 4 Cawnies on the 22d Maasee in the year Aundana to the Pagoda of Subtharshee Samee in the Saulgoody Talook for celbrating the feast of Tappawoichaiun of that Samee, as the

Pagoda

Fort St. George 24th February 1851.

Pagoda was at that time under the controul of Circar Rama Rao. the then Tahsildar of the Saulgoody Talook leased these 4 Cawnies for tenure for a period of 5 years and the remaining Cawnies of land and the trees were in our enjoyment, while such is the case in the year Jeyah some of the Defendants from No. 1 to 36 and their ancestors presented a complaint to the Collector of this District stating that we forcibly took possession part of their lands granted to them free of rent for the purpose of plying boats on the receipt of this complaint the Collector ifsued an order to the Tasildar of Saulgoody, ordering to enquire into and report upon it. The Tahsildar sent for and required of us to nominate certain persons as punchay=et to settle the dispute, but we did not accede to his proposal, afterwards Some of the above said 36 Defendants again addressed the Magistrate on the Subject which being referred to Vencata Row the then Tasildar of Saulgoody he enquired into the complaint fully and made a report to Woozoor on the 26th January 1835

by

by an arzee No. 23. Stating that the Villages of Talagoody have no claim whatever to the Land, under litigation and that it belongs to the Village of Esanaccoray on the receipt of this report the complaint was dismissed and were permitted to enjoy the land as heretofore paying Jeerwah and obtaining Puttahs for the same.

2. In the year munmada some of above said 38 Defendants again presented a petition to the Collector upon which the 39th Defendant the Nair Sheristadar of this District under instructions received from the Collector came and inspected our Village, and required of us to make over the disputed land to the 38 Defendants. On our refusal to do so. the Nair Sheristadar made a report to the effect that we took possession of the land forcibly - upon which the Collector sent for the late Village Curnums Venkata Ramien and Gooroomoorthy Ayen and examining them as well as the records in the Hoozoor Cutcherry issued an order to the Tasildar to send some persons to measure the lands of the

Villages

Villages of Talagoody and Sembaianoor as well as the Perumboke Padoogay lands attached to our Village. The Tasildar accordingly sent one Subtarashe Ayen a Nant Curnum and Venkataramien the Village Curnum of Pitchandar Covil for that purpose. These officials tho' we regnested of them to measure all the nattam Perumboke lands attached to the Village of Talagoody and Sembaianoor measured only Nunjah and Poonjah lands and then adding 8 Cawnies and 4 15/16 Goolies of land belonging to the Village of Talagoody to that of Sembaianoor which was granted rent free to 38 Defendants made a report to the Tasildar stating that they have found a decrease of 10 Cawnies in the Talagoody Village and an increase of 37 Cawnies and 5/8 Goolies of land in the Esanacoray Village including the 20 Cawnies granted to 38 Defendants for plying Boats and the land now under litigation. on the receipt of this report the Tasildar submitted a report to the Hoozoor stating that there is a decrease of 10 Cawnies in the Talagoody Village and an increase in the Esanacoray Village but omitted to

report

report about the increase found in Sembianoor upon which the Collector issued a Summond on the 6th May 1836, to the Tasildar directing him to put the Defendants in possession of the garden land consisting 6 Cawnies and 9 Goolies 60 agreeably to the decision of the Punchayet (as if there was any really) The Tasildar carried this order into execution accordingly—

3 Some time after a few of us addressed the Collector on the subject but they were directed by an Endorsement to go to Civil Court. By that time the trees which were on our land were cut, and carried away by the Defendants—

4. To assert that a Punchayet was assembled and decided the question without our Consent and a Moochilkah being executed by us for that purpose and to put the disputed land measuring 7 Cawnies and 96 Goolies for that reason in the possession of the Defendants in the absence of any other right whatever on their part being inconsistent with Justice we the Plaintiffs No. 1—3—4—5—6—7—12. in this Suit and another Mootrien brought a Suit in the district moonsiffs Court of Tarriore on its file No. 245 of 1836. against the 7th—8th—10th—

11th

11th 17—18th—19th 22d 24th—27th 28th 29th 33d 35th and 36th Defendants on the fathers of 1st 5th 6th—9th 12th 13th 14th 15th—21st 23d 32d 34th Defendants on the Brothers of 3d 4th 16th and 31 Defendants on the husbands of the 20th 25th 26th Defendants and on the uncle of 30th Defendants, and also on Ramian Seenevas Iyengar. Veerabathra Pillay, Narramahadan Nallacurrospanna Nadan Soobien late Village Curnum of Talagoody and Sembianoor who asserted that there was a Punchayet decision for the recovery of 7 Cawnies and 96 Goolies of land including the increase of 1 Cawny and 36 Goolies the annual produce of which is estimated at 50 Rupees and for the recovery of Rupees 81. the estimated value of the trees cut and carried off by the Defendants

5. An answer to the above Plaint was given by the defendants No. 3. 5. 8. 13 in which they with some irrelevent matters stated that when the Villages of Talagoody and Sembianoor were surveyed a decrease of 10 Cawnies of land was found in the Talagoody and an increase of 34 Cawnies and 29 Goolies in Esanayeeray Villages that the disputed 6 Cawnies and 60 Goolies including the increase are situated within the

the limits of Talagoody that a decision was passed in their favor and that the 20 Cawnies mentioned in the Plaint do not belong to the Esanaccaray.

6th We and our ancestors having planted Durbah grass in the coleroon river as far as the Pommboke land of our Village extends and as the watercourse of the coleroon having subsequently turned towards the south side of the Coleroon an extent of land in the brink of the river was added to our Village long time after the original Survey consequently an increase under these circumstances was found when the Village was resurveyed but by this increase and the decrease found in Talagoody it cannot be inferred that the land now in dispute is attached to the Talagoody Village.

7th The Defendants deny that the 20 Cawnies situated east to the land under dispute, which were granted to them for plying Boats are attached to our Village but they are not able to prove the same by the summs issued by the Collector for the purpose of putting the 20 cawnies in their possession and by the annual accounts of the Village while such documents are in favor of our

assertion how can they maintain that the disputed land which is situated on the west of the above said 20 cawnies is attached to the Talagoody Village, moreover we and our Ancestors enjoyed the produce of the disputed lands and of the Gardens from a long time and also obtained Puttahs for the same. To make over such land to the Defendants is nothing but injustice and the possession of the same by the Defendants under such circumstances is any thing but lawful not having given a full scope to such consideration the Moonsiff passed a decree against us the Plaintiffs- against which decision we made an appeal in the Zillah Court of Combaconum on the file of that Courts No. 210 of 1838. The Sudr ameen who revised all the proceedings and confirmed the decision of the Moonsiff observes that the decision of the Punchayet urged by the Defendants does not appear to have been passed with the consent of the both parties and the facts of which was admitted by the Defendants themselves that the Defendants have no documents to prove that the boundary of their Village was defined that as he understands by an answer which was received from the Collector of Trichinopoly that the accounts of

Fort St. George 24th February 1851.

of the Fusly 1211 containing the limits of the boundary are not to be found in the Huzoor records he has no means to ascertain the fact set forth in the Plaint and that the Plaintiffs should not have sued the Defendants alone for the disputed lands which were put in possession of the Defendants by the Circar.

8. We now understand that the measurement taken place in Fusly 1211 is also entered in the accounts of Fuslies 1212 and 1213 and as we did not know this, at that time we only mentioned the accounts of Fusly 1211 consequently the accounts of Fusly 1212 and 1213 were not examined now if these accounts were sent for and examined the Court will understand that the disputed land is attached to the Esanacoray Village. Besides this there is a Copy of the accounts shewing the boundary of the Village Esanacoray and the Nanul Padoogay land &c. which was prepared by the Nant Curnum under the orders of the Tasildar in lieu of the old one damaged and this Copy was given to Nair Sheristadar when he came to the Village for examination. If this Copy of the accounts were sent for and examined it will throw some additional light on the subject Talagoody Village the formerly fixed of rent it was in Fusly 1259. brought to Circar accounts.

Fort St. George 24th February 1851

9th As the Sudr Ameen states in the Decree passed by him that it is improper to bring a suit against the Defendants alone for the disputed land which was put in their possession by Circar and as it appears that the Sudr Ameen was of opinion that we should have brought a suit even against the Circar servants we in accordance to this sentiment should have sued Mr. Blair who issued orders to put the disputed land in the possession of the Defendants from No. 1 to 36 Defendants but as that Gentleman has been removed from this Zillah and is not now even in India his Successor Mr. Maltby in included in this Suit as the 38th Defendant the Nair Sheristadar who made a partial report was named as the 39th Defendant Yaghura Pundarum was also included as the 37th Defendant as he is enjoying the disputed land with other Defendants on a pretext as if it was granted for Pagoda Vencata Ramanien the Village Curnum of Sembianoor was included as the 40th Defendant for having added the disputed land to the Talacoody Village and for having prepared Puttahs in the name of the Defendants as since of the 36th Defendants who were sued in the Moonsiffs Court having been since dead their heirs as well as others who

who are now alive were sued. This suit was brought by us against the above mentioned Defendants for the recovery of the disputed land and for the value of the trees which have been cut and carried away as we have a right for it in proportion to the amount of land we hold.

10. We therefore beg that the Court may recover from the 38 Defendants 7 Cawnies and 96 Goolies including one Cawnie and 38 Goolies an increase found in the measurement which is bounded on the west by the Mannimaddy land enjoyed by the Defendants for playing Boats on the east by the road by the Talacoody Mantaipum on the South by the Sumbalance Voykal and Poonjah land of Talagroody Village on the north by Esanacoray Voykal. the annual produce of which is Estimated at 50 Rupees together with the value of the trees as particularized below which the Defendants have cut and carried away.

Draft of an Answer.

In answer to the Plaint the Collector first observes that the decision passed in the Revenue Department regarding the pudoogay land, the subject of this suit, was the Official act of the Collector Mr. Blair. There is consequently no reason for the Plaintiff to include the Sail Sheristadar and Curnom of Talacoody in his action and the Collector requests that their names may be struck out of the Plaint.

The Collector deems it unnecessary to enter upon the general merits of the case until the Court has weighed the following reasons which he adduces to show that the suit is

Fort St. George 24th February 1851

is not admissible and ought to be at once struck off the file.—

I. The decision given regarding the disputed ground by Mr. Blair was passed on the 8th May 1836,— and the Collector urges that as the cause of action thus arose more than 12 years ago, the suit is not admissible under Clause 4 Section XVIII. Regulation II of 1802. It is true that during this period the Plaintiffs preferred an action for the land which was dismissed upon its merits by the District Moonsiff and afterwards upon a technical point in appeal by the Pundit Sudr Ameen, who observed that as the Collector had passed an order regarding the land it was improper to bring an action solely against the parties in possession. But this decree was passed in 1839 and the Plaintiff had therefore ample time

Fort St. George 24th February 1851

viz. a period of 9 years for filing a new Suit within the legal period It was their duty to have proceeded with the prosecution of their claim without delay and the Collector urges that it is illegal, and contrary to the Spirit as well as the letter of the Regulations for him to be called on now to defend an official act of his predecessor in the fifteenth year after the alleged cause of action.—

II The Collector next objects that the act of his predecessor was done in the exercise of his judicial powers under Regulation V of 1822 and no action can therefore lie against him for the decision which he gave, any more than actions can be brought against judicial Officers presiding in Civil Courts for decrees given in the cases which come judicially before them. The law allowed an appeal to the Civil Judge if the Plaintiffs were dissatisfied with the Collector

See Section XVIII of that Regulation

Fort St. George 24th February 1851.

Collector's decision, and they ought to have availed themselves of that mode of prosecuting their claim. The present action is, the Collector urges informal and illegal.

III In support of the above principle the Collector refers to act XVIII of 1850 which gives the sanction of Express law to the practice which has been followed in cases like the present, and the Collector maintains that this Suit ought to be at once dismissed with Costs.

Until the decision of the Court is given upon the above points the Collector deems it unnecessary to enter into the general merits of the case further than to observe that the evidence and accounts upon which Mr Blairs decision was passed can be brought forward in its support, and that the land has now been held under that decision for 15 years by the ryots of Talagoody to which Village it is contiguous; while it is remote from Etanan Cooray where the Plaintiffs dwell.

3d No. 397

To the Chief Secretary to Government.

Submitting a letter from the Collector of Trichinopoly reporting the institution of a Suit against himself and others in the Principal Sudder Ameens Court for the recovery of certain Pallegay land and the value of Trees which had stood thereon and been Cut down and recommending that he be authorized to file the proposed answer which is good and sufficient and Conduct the defence at the Public Cost.

Sir,

Para 1. I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Trichinopoly dated the 6th February 1851, and enclosures, on the subject of an Action No. 83 of 1850 on the file of the Principal Sudr Ameen brought against him the Nair Sheristadar the Village Curnum of Talagoody and others by Certain Ryots of Etanay Caray a Village in the Taulgoody Talook for the recovery of 7-96 of Padoogay land bearing an assessment of Rupees 13-15-a and yielding an annual produce of Rupees 50 besides the supposed value of Trees Rupees 81 which stood thereon, but which have been cut down.

2. The Plaint sets forth that on

on a Complaint made to Mr. Blair a former Collector by some of the Defendants the Tahsildar to whom the matter was referred for enquiry reported 26th January 1835 that the Villagers of Talagoody had no claim to the land in question which belonged to Esanay Caray, and the Complaint was then rejected that a subsequent Complaint made by the same parties was subsequently referred to the Nain Sheristadar who reported that the land in question had been forcibly taken possession of by the Esanay Caray Villagers - and an order was then sent to measure the land of Talagoody and Sembiamoor as well as the Poromboke Padogay lands of Esanay Caray - and the Naut Cumum of the Villages and the Annums of Pitchandar Covil measured only the Nunjah and Poonjah lands of Talagoody and Sunbiamoor but not the Padoogay - the result of which was a decrease of C. 10 in Talagoody and an increase of C. 37 — G. 5/8 in Esanay Caray including the C. 20 granted to 36 Defendants

in

in the present Action for plying Boats - It is also alleged that upon the Tahsildar report the Collector Mr. Blair 6th May 1836 directed that the Defendants should be put in possession of the land under dispute and referred Plaintiffs to the Civil Court if dissatisfied - but they sued in the District Moonsiffs Court No. 245 of 1836 and the decision was fatal to their rights and this decision was confirmed by the Zillah Court of Combaconum in the Appeal No. 210 of 1838 - The Plaintiffs deny that any Punchayet was assembled and decided the question as their consent or Moochilka was not obtained, and now refer to the Accounts of Fusly 1212-13- in proof of their rights to the land in question and to a Copy of a document shewing the boundary of their Village.

3. The Collector in his proposed Answer urges that the Nain Sheristadar and Annum should not be included in the Suit as the subject of it was the official act of the Collector

Mr.

Mr Blair by an order 6th May 1836. dismissed the Action for the recovery of the lands which was dismissed upon its merits by the District Moonsiff, and afterwards on a technical point by the Pundit Sudr Ameen - the Plaintiffs had 9 years to file a new Suit within the period prescribed by Law and Defendant ought not therefore to be called upon to defend an official act of his predecessor after the lapse of 15 years - He submits that the act was performed by his predecessor

See: XVIII Regn II of 1802
Sec XII & XVI Regn V of 1822.

[illegible] in the exercise of Judicial powers and that an Appeal should have been made to the Civil Judge that Act XVIII of 1850 gives the sanction of express law to such practice and that the Suit should therefore be dismissed with costs.-

The Board are doubtful as to what the views of the Court will be in regard to the argument of the Collector founded on the statute of limitations

limitations but they consider the Plaintiffs are bound to shew why they did not proceed in the former Suit for so many years and believing the proposed answer to be good and sufficient they therefore recommend that he be authorized to file it and to conduct the Defence at the public cost.-

From the Collector of Madura -- Sir.

With reference to the accompanying Petitions 862 and 1102 of 1850. I have the honor to state that the Village of Moollyoody was granted on Cowle to the Petitioner in 1831 by Bodagooroo Sawmy Iyaver on a quit rent of 20-2-5 which was afterwards increased to 54-1-5

on

on its being discovered that certain Ayen lands had been encroached upon. After the Zemindary was taken under management for arrears of Revenue in 1838 an order was issued apparently in ignorance of the additional quit rent to sequester the Ayen lands included in the Village; but from some misapprehension on the part of the Ameen and in the absence of the Petitioner the whole Village was assumed. It was restored again by the late Zemindar. On the Zemindary being taken under the Court of Wards an order was issued to assume the Villages held as Ayen during the former sequestration in consequence of which this Village was again assumed.

2. As it seems to have been held on a bonafide Sale from Boda Goorooswamy Taver and an additional Teerwa imposed for the land taken in beyond the original Boundaries I would

would beg to recommend that it may be restored to the Petitioner on the Quit rent of 54-1-5.

Subordinate Court Original Suit No 37 of 1847.

Plaintiff

Rajah Mottoovejaa Regonada Gowry Vallaha Periá Oodia Taver Zemindar of Shevagungah and on his demise his son & heir Mootoovejaa Regonada Pooda Gooroo Sawmy Periá Oodia Taver for Minor / his Guardian by Cutty Jooyen Vakeel C. Sorla Row.

Versus

Defendants.

1 Soobaramien
2 Venkatasoobien alias Doraisawmy Iyen and
3 Rajoovedeingar

Vakeel for the 1st & 2d Defts Shaun Pin.

This Suit is brought for the

recovery of 873 Coorookums of land annually yielding Rupees 845-10-0 and the Kist thereon Rupees 205-3-0 as decreed by the Subordinate Court in favor of the 1st and 2d Defendants in O. S. No 41 of 1843 and also for the recovery of 3 Villages or their annual produce Rupees 1593 in all Rupees 2644-9-0.

The Plaintiff states that the undermentioned Village Viz 1 Manthoo Cummoy Cattoo Cummoy 2 Nettaindal 3 Manthoo Cummoy been in 1831 fraudulently obtained from the Zemindar of Shevagungah on Coorle No 1 and 3 by the 1st and 2d Defendants and No 2 by one Ramasawmy Iyen - The Court fixed a low annual rent on the Villages, but the Defendants omitted to mention the actual boundaries of the Villages and also included lands which did not belong to the Villages specified in the Coorle, moreover that they pretended to have purchased the land No 2 from Ramasawmy Iyen - The 3d Defendant in the mean time laid claims to some of the above lands and an order was issued by the Principal Collector directing the

the land in dispute to be placed under Crear Management - The 1st. and 2d. Defendants then brought a Suit No. 41 of 1843 before the Subordinate Court for the recovery of these lands from the 3d. Defendant and others - The 3rd. Defendant having been gained over by 1st. and 2d. Defendants admitted the justness of their claims and a Decree was accordingly given in their favor - The Plaintiff was not then able to take any Steps in the matter as the Zemindary was not then in his possession but as soon as by Decree of the Privy Council he obtained possession he applied to the Civil Court either for leave to appeal against the Decree of the Subordinate Court or to be allowed to bring a fresh Suit. - This latter request was complied with and he filed a Suit before the Hindoo Sudr Ameen for the property only referred to in the Decree not being in possession of the accounts detailing the boundaries of and income derivable from the 3 Villages but that subsequently being furnished with the

necessary

necessary accounts it was necessary to file a supplemental Plaint but as the amount claimed in the original and supplemental Plaint exceeded 2500 Rupees he moved the Civil Court to transfer the Suit to the Subordinate Court which was accordingly done -

The Plaintiff therefore prays that the property referred to in the Decree passed in favor of the 1st. and 2d. Defendants may be made over to him and also that the Defendants may be directed to deliver over to him the 3 Villages alluded to at the commencement of the Plaint or that they may be directed to pay to him the annual income derivable therefrom -

The 1st. and 2d. Defendants in their joint answer state that the Zemindar the elder brother of the Plaintiff gave about 300 Villages on perpetual lease to different individuals with a view to increase the revenues of the Zemindary; that in 1831 he leased the

the Villages Nos 1 and 3 to them and the Village No 2 to one Ramasawmy Ayen from whom they purchased it that the Cowle which they obtained distinctly specified the boundaries of the Villages as well as the condition of the land themselves; that they paid to the Dur-masanem Cutcherry of the Zemindary the annual rent fixed by the Cowle. That evil disposed persons having set up claims to part of the lands the Principal Collector placed them under Circar management and in consequence of this Officer refusing to deliver up to the 1st and 2d Defendants these lands they sued him and others for their recovery in O. S. No 41 of 1843 and obtained a Decree in their favor.-

In reply the Plaintiff reiterates his plea that the Cowle was fraudulently obtained by the Defendants who omitted to conform to the usual mode of proceeding in such matter.

The

The rejoinder of the Defendants contains no additional matter of importance.-

The supplemental Plaint was filed for the recovery of the Villages or their annual produce.-

The supplemental answer of the 1st Defendant merely mentions that the Plaintiff has put in the supplemental Plaint for the sole purpose of delaying the execution of the Decree passed in their favor that the boundaries given in the supplemental Plaint are incorrect and contrary to those specified in the Cowle.-

The supplemental reply and rejoinder contain no new matter.-

The 2d Defendant allowed the supplemental plaint to be tried Exparte against him.-

The 3d Defendant allowed the Suit to be tried exparte against him throughout.-

The Plaintiff filed no documents. The 1st Defendants documents Nos

Three points in this suit represent themselves for the consideration of the Court.

1st. Did the Defendants obtain the Cowles by which they held the Villages claimed by Plaintiff by fraudulent means

and are the boundaries as laid down in the said Cowles incorrectly given?

2. Are the lands referred to in the 1st Plaint and in the Decree of the subordinate Court in O. S. No 41 of 1843 attached to those Villages or not? and

3. Were there any lands under Cultivation paying the Kist within the boundaries of these Villages previous to the Grant of them to Defendants?

With regard to the 1st point the documents 50 to 52 and 55. 66 and 67 filed by the 1st and 2nd Defendants clearly prove that the Villages now claimed by Plaintiff were leased out to them by the then Zemindar, specifying the boundaries in the clearest manner. The Plaintiff has entirely failed in bringing any evidence to weaken the claims of the Defendants as based upon these Cowles. In respect to the 2d point, the Decree of the Subdr Court is explicit in pointing out the extent of land situated in the 3 Villages claimed by Plaintiff as being the property of

of the Defendants and states they are set forth in the Cowles held by them.

With reference to the 3d point no evedance has been adduced in proof of the existence of any Cultivation with the boundaries granted by the Cowle prior to the date of such grant.

In these circumstances the Acting Subordinate Judge considers the Plaintiff's claim untenable, the evidence he adduces only goes to prove that at the time the Cowle was granted, the Villages consisted of Jungle which Defendants have been at the pains of removing. He therefore Decrees the dismissal of Plaintiff's claim with costs.

This was an action to set aside under Section XV Regulation XII of 1802 certain Cowles granted by the Zemindar of Shevagungah for the time being on the grounds that the lands were not entirely waste when so granted and that the said Cowles were fraudulently obtained-

2. The Acting Subordinate Judge on consideration of the pleadings and evidence adduced was of opinion that the validity of the Cowles was established and dismissed the Plaintiffs suit with Costs.

3- His Minor son now appeals by his Guardian reiterating the grounds

grounds on which the Cowles are denounced as fraudulent Viz^t. that neither the Zemindar nor his Servants inspected the lands before granting them. According to Rule and Custom on such case, nor were proper enquiries made as to the boundaries and extent, and arguing that the Decree in No 41 of 1843 in which, the same were recognized and lands awarded to the holders, was obtained by collusion between the parties therein- Appellant observes also that the Cowledars have exceeded even the boundaries specified in the Cowle and encroached on ain lands for the purpose of ascertaining which the Lower Court was moved to depute an Ameen which was not done.-

4- Respondents in appeal answer recapitulate Original pleadings, maintain the Justice of the Decree in opposition to the objections taken thereto viz. appeal, contend that in the present case the deputation of an Ameen is not requisite, and pray confirmation of the Original Decree-

5. The Court on a careful consideration of the Original record and Decree as well as of the pleadings in appeal is of opinion that no grounds exist for disturbing the Judgment of the Subordinate Court. The so called frauds which appellant contends vitiate the Deeds of his ancestor consist on his own showing of neglect or carelessness on the part of his servants, there is no evidence whatever that the Cowles are fraudulent any frauds which would render their Cowles null, of course they would endeavour to procure the best terms they could for themselves, it was for the Zemindar and his servants to see they were as good as could be obtained on their side, it cannot be allowed that a Zemindar having granted such Cowles should after a lapse of time and after the labour and capital of the Cowledar has been expended on the lands and they

acts by asserting that he was not sufficiently careful when he performed them. The boundaries specified in the Cowles appear to be very clearly defined. If the appellant consider that Respondents have or if at any time they should encroach on the Ain lands of the Zemindary there is nothing to prevent nor can this Decree in any way prevent his suing for the recovery of any portions or portions of land so improperly taken by the Respondents and not included in the boundaries specified by the Cowles. The Court understands the Original Decree to declare that the Cowles which appellant would set aside are valid and binding, and that the lands alluded to in O. S. No. 141 of 1843 are within the limits therein defined whatever other lands may or may not be, and accordingly confirms it ordering appellant to pay all costs in Appeal.

Bd. No. 1799
From the Collector of Madras - - -

Reporting upon a petition from certain Toddy Shopkeepers who complain that the settlements formed with them includes some Trees from which they do not draw Toddy.-

To Board 7th March 1845. Para 56 and Mr. Taylor's report 11th July 1849. P.S. to 12 in Letter to Board 13th idem No. 60.

Sir

Para 1. With reference to the Endorsement under date the 15th instant on the accompanying petition from certain Toddy Shopkeepers at Madras No. 1233 of 1850 in which they complain that the settlement formed by this Office included some Trees from which they do not draw Toddy I have the honor to observe, for the information of the Board of Revenue that the question is fully discussed in former reports to which I shall now refer as briefly as possible.-

2. Every Toddy Shop has a fixed number of Trees allotted to it, and the tax is levied on the estimated quantity of Toddy drawn from those Trees &c The Trees are classed under the heads of Kalayem "Trees with Pots" Valampa=
=lay "Trees made ready for Pots" and Tuck "Trees which are with flowers and will

yield

"yield Toddy hereafter."-

3. The petitioners object to Trees of the last mentioned discription, viz that is those denominated "Lauck" being included in the settlement- To satisfy the Board that the petitioners can have no just cause of complaint I beg leave to call their attention to my letter dated 16th December 1843 and to the several Memoranda therein enclosed, as it is quite evident from them that it has been invariably the practice since the commencement of the Aumany management, to include in the settlement Trees such as the petitioners allude to, the number thereof being generally, in the proportion of one third to the whole- and that no representation of their affecting them injuriously was made by any of the Shopkeepers between the years 1830 and 1843.-

4. My letter of the 11th December 1847 has reference to the same subject I observed in Para 9 that "it is in fact never the practice with the Shopkeepers to

"to continue for any length of time, to draw Toddy from any fixed number of "Trees selected for the purpose, there "being always a certain number held in suspense or reserve which though with "flower are generally used only when "those yielding Toddy at one time cease to yield it for a few days."-

5. That the principle of the settlement in force is on the whole liberal towards the Shopkeepers is sufficiently proved by the circumstance brought to the notice of the Board before, that is that in 1839 on some information "that the Shopkeepers enjoyed a greater "amount of profit than they were "justly entitled to, an examination of "several Gardens was made for the pur- "pose of ascertaining what quantity of Toddy was actually drawn from "the Trees allotted to each Shop and "the result showed that the average "was double the quantity on which the "established tax of 2 fanams per "Gallon was paid" The then Collector therefore
