From the Collector of Nellore.

9

Sir, In reference to your letter of the 7th Instant on the subject of furnishing Price Currents Monthly to the officers of the Commissariat Department. I have the honor to inform you that by the Circular Orders of the Board dated 1st July 1850, Commissariat Officers are directed to forward 2 Blank Rice Currents on the 1st of each Month to the Collector who is directed to fill them up at the end of the month and to forward one Copy to the Officer Commanding the Division and to return the other to the Commissariat Officer. Hitherto the Commissariat Officer

5994 Fort St. George 1st May 1851.

Officer has only furnished one Copy which after being filled up is returned to him and even this has been done only to the end of December last; since which the Commissariat Officer not having furnished me with any Blank Price Current in terms of the Circular Order of the 1st July 1850, no Price Currents have been forwarded to that Officer.—

Nellore,
Collector's Cutcherry,

Proceedings thereon.

(9-10)

The Board of Revenue resolve to furnish Copy of the foregoing Letter for the information of the Commissary General with reference to his letter dated 28th March 1851.

In Cons. 7 April 1851.

Read

5995 Fort St. George 1st May 1851.

Read the following letter

No. 26.

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

(11)

Bd No 935.

From the Coll. of Bellary

Reports that the amount of the Stamps Embezzlement is 24,431-4- instead of 25186-4- as previously reported.— That the whole has been recovered by the sale of property which realized 24,931-1-9 Requests instructions for disposal of the same stating that the Sureties dispute their right to the Sum collected from them Vizt 900 Rs Requests authority for allowing Commission to be deducted from the Amounts and forwards Quarterly Statements of Sales.—

In my letter of 15th Ultimo I mentioned that the whole deficiency in the Stamp Department had been made good and I have now the honor more particularly to state the sum so realized and to request the Board's instructions for the disposal of the same.

The Deficiency as first ascertained and reported by me in my letter of 15th January last was Rupees 25,186 4 "

From this sum must be deducted collections in the Talooks subsequently brought to Account 755 " "

True deficiency 24,431 4 "

2 The Commission of 5% should I think form a part of the Assets of the Darogah from which the Loss is to be made good especially as parties unconnected with the frauds of the Darogah have had to make good the loss. It would Amount to Rupees 1221-12 " and would reduce the sum to be recovered to Rupees 23,209 8 "

But I have not allowed this commission without the permission of the Board which I now solicit.

The

3. The Amount collected is as follows.-

By sale of Property
Of the deceased Darogah Ram
Chetty and his father Thistnama
Chetty ——— Rs aP
15855 4 8
Of the Security Soobiah — 6,000
——— " — Dhamapa ——— 3000

9,000 - -

By commissions due for December 1850 and from 1st to 11th January 1851 on sales Actually brought to account by the Darogah ——— 75 13 1

Total Collections 24931-1-9

4- The Amount is in excess of the Total Collections. 24931-1-9 deficiency by Rupees
Deficiency — 24,431-4- 499-13-9 which sum
Rupees — 499-13-9. will have to be restored to the father of the Darogah and the Securities as they may arrange among themselves. The excess unavoidably occurred in realizing so large an Amount, and it not being known at the time of the Decree that there was a further Amount of Collections to come in on account of Stamps sold.-

5. The property of the father and the son was first sold, but there is still a house of theirs unsold valued at 1000 Rupees — but

but the sale of which as the Securities had made good the Amount of the new discovered deficiency, has been postponed. It is doubtful whether it will fetch that sum- but I purpose to leave it in the hands of the Securities who will I expect make an amicable arrangement with Thistnama Chetty regarding it.-

6. The Board are aware that for the reasons stated in my letter of 4th February last- I made the property of the Darogah Ram Chetty and his father Thistamah Chetty in the first instance responsible and in doing so I feel that I have adopted the most just course- and in this proceeding (as I reported in my letter of the 1st of the present Month) Thistnama Chetty has, I conclude, acquiesced, as he has stated that he does not intend to Appeal.-

7. But the Securities seem resolved on trying my right to recover from them by a Law Suit, as I have just received an intimation from the Government Solicitor of Suits being filed in the Subordinate Court against me by the two Securities- which will be duly reported at the proper time.-

8- This being the case it will not perhaps be proper to carry the Amount realized to the credit of the Stamp Revenue but to keep it in Deposit- On this point I request the orders of the Board.-

9- The Quarterly Statement ending 31st January 1851 usually sent to the Superintendent of Stamps has been now prepared and the enlargement exhibited in a few Extra Columns appended a Copy of this Statement I have the honor to enclose for the Boards information.-

Bellary District Collrs Office on Circuit Ramandroog 15th. April 1851.

Signed C. Pelly
Collector

Resolved

Fort St. George 1st May 1851.

No. 189.

Bd. No. 877.
Proceedings thereon.

(11-12)

Proceedings 24th March 1851 & 27th Do.

Resolved that the letter above recorded together with its enclosure be submitted for the information of the Right Honorable the Governor in Council with reference to the papers noted in the Margin.

2. The only questions contained in the foregoing letter which seem to call for orders are 1st whether the Commission of 5 per Cent Amounting to Rupees 1221-12" on the Deficient Stamps may be considered as forming part of the Estate of the late Daroga h. 2ndly whether it would be proper to carry to the credit of Government the sum of Rupees 9000—— realized by the Collector from the sureties of the Defaulter but which sum they seem resolved on trying, by a process of Law, to recover from the Collector.

3. The Board are of opinion in reference to the 1st question that the Commission of 5 per Cent may be taken as forming part of the assets of the late Daroga's Estate, and, in reference to the 2d question, that the cause assigned by the Collector need be no objection to his

J. P. B.

Fort St. George 1st May 1851.

his carrying to the credit of Government in his accounts the amount realized from the Sureties property, as if a Decree of Court should be issued in their favor, application may then be made for its refund.

Read again letter from the Collector of Cuddapah dated 21st November and entered in Consultation 16th December 1850.

Read also the following letter.

No. 8.

To,
W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(13)

Bd. No. 367.
From the Collr. of Cuddapah. Forwarding translation of an order issued by Mr. G. M. Ogilvie Sub. Collector of Cuddapah to the Cashiers of Hoozoor Treasury dated 29th March 1825 directing the dismissal of Bhas Eur Row. and also Copy of a Paper said to be the decision made by the late

Sir,

Para 1. In reply to your letter of the 16th December last, I have the honor to state that the Examination of Baskar Row's case commenced during the time of the annual Revenue settlement of the past Fusly. and the Proceedings being voluminous a delay of three Months has occurred in completing the primary investigation and preparing the report to the address of the Collector.

Subsequently

late Acting Collector Mr. Hallett on a petition presented to him by the said Individual.-

Subsequently the late Collector having called for a translation of the defence in his letter dated 27th July 1850, it was forwarded to him on the 14th September last, and as Mr. Cochrane shortly afterwards left the District on leave he was unable to forward the Proceedings to the Board earlier.

2. As required in Para 2 I have the honor to forward the translation of an Order dated 29th March 1825 issued by Mr. Ogilvie directing the dismissal of Bhas Eerrow from the Office of Hoozoor Goomastah, and I have also to observe that he was recommended to be dismissed from his situation of Police Ameen by the Government and Foujdary Udalut under dates the 18th and 29th August 1845 respectively for remissness of duty in a case of Gang Robbery.-

3 The said Bas Eerrow with regard to his previous dismissal by Mr. Ogilvie has presented to me a paper stating to be the decision of Mr. Hallet upon an after examination regarding his dismissal which is herewith forwarded but I have been unable to find the Original decision in

in the Records of this Office.-

No. 1.

Translation of a Tuseed issued by Mr. G. M. Ogilvie Sub Collector of Cuddapah to Nagaish row and Seetarampuntoolo Cash-Keepers of the Hoozoor Treasury, dated 29th March, 1825 or Fusly 1234.-

It having been understood that the Hoozoor Cutcherry Goomastah Bhas Eur Row received a bribe, he has been dismissed from this date, and his name should be struck off the "Baravard" or Detailed list of Establishment. Moreover the Amount of Salary due in arrears up to this date for the Month of March need not be disbursed to him.-

(Signed) G. M. Ogilvie
Sub Collector

(True translate)
(Signed) M. Murray
Acting Collector.

The

Fort St. George 1st. May 1851.-

No. 2.-

The Petitioner Baskar now was dismissed by Mr. Ogilvie the then Collector as appears by his Tareed of 29th. March 1825. In this Tareed the reason assigned for his dismissal is that he had taken a bribe, no resignation on his part is to be found in the Records.-

The late Sheristadar says he was dismissed on the verbal Complaint of a Curnam. I have examined the Curnam and he says he made no Complaint, but that another person in the Village did to Mr. Ogilvie. This other person I have also examined, who says he never made a complaint and remembers nothing of the matter. Baskar now certainly was not dismissed on any crime proved against him on a regular investigation. From the Recollection of the Sheristadar he appears to have been dismissed on the mere complaint of having taken a bribe, but then the party or parties who were supposed to have made such complaint deny all Knowledge of it.-

It is altogether very obscure and

I

Fort St. George 1st. May 1851.-

I must say that I think there is some mistake about the dismissal Tareed, and that plain, as it is, it ought not to tell to the prejudice of Baskar now, for there is no record whatever of any investigation having ever been made or any charge even ever having been brought against him.-

No. 864.

Proceedings thereon.

Recording observations on the report of the Collector of Cuddapah respecting the Budwail Tahsildar and passing Endorsement on his Petition sanctioning his dismissal from Office.-

The Collector is of opinion that the Tahsildar from the malpractices proved against him is unworthy of his high situation, and suggests his removal to the Office of Taloor Sheristadar.-

2. On a perusal of the documents submitted it is clearly established that the Tahsildar carried Rupees 120-7- out of a sum of Rupees 432-2-4 forwarded to him as Exists for Nursapoor and eight other Villages, to the credit of Rumpaud Vencatiah in satisfaction of outstanding balances due as

for Fusly 1258.

Seerva

Fort St. George 1st May 1851.-

Teerwa jasty for Fusly 1257, and that he had falsely stated officially that these balances had been collected, submitting a fabricated Ersalnamah in support of this assertion, and the above mentioned irregular entry.-

Para 13. 3. The proof is deficient of his having received 190 Rupees partly given and partly forwarded by the Complainant Chenchoo-ramiah. Village Collections should be taken to the Taloot Treasury and a receipt obtained. This is the rule, and the observance of a different course viz. the payments of them to the Tahsildar or other public Servant while visiting the Villages of their charge, carries with it so many objections and gives such opportunities for com-plaint either true or false, that it cannot be recognised.-

Para 14 4. It is unnecessary to enter into the case of the alleged bribe of 50 Rupees, further than to state the opinion of the Board that the fine recommended should not be enforced, as no formal investigation under Regulation IX 1822 appears to have taken place.-

The

Fort St. George 1st May 1851.-

The other charges proved are supported by ac-counts and official documents and are thus placed beyond doubt and are suffi-cient for the judgment of the Board on the present occasion.-

Para 13 5. Of such charges the following are fully established, the transfer to the credit of Narsapoor of Rupees 193-15-5. collected from 4 other Villages.-

Para 17- 6. The retaining unaccounted for the collections from the Modegala-paud Zemindary until 3 Months after their receipt, and until the date of Complaint.-

7. The excessive duplicity of the Tahsildar in regard to the honey rents of Veerapully for Fusleis 1257 and 1258 under circumstances especially discredit-able to him.-

Para 19. 8. His objections to the subdivision of the lands of the debtor Codundaramadoo, until a Garden forming a portion of them had been made over to him, his entry of it in the name of his son Sooba Row, and his false statement that the Garden had been presented to him in free sift by

a

Fort St. George 1st May 1851.-

a certain party named.-

9. Putting aside mention of the former removals of Bhasker Row from Office, the disclosures above noticed fully satisfy the Board of his Official dishonesty and utter unworthiness to be retained in the situation to which he stands appointed, from which they direct his immediate and unconditional dismissal.-

Ordered that the following Endorsement be passed on Petitions Nos. 2455-2546 and 2660 of 1850 and 312 of 1851.-

"The Board of Revenue on due consideration of the report of the sub Collector on the various malpractices of Petitioner, have sanctioned his dismissal from Office."

Acting Collector

Order thereon

Ordered to be recorded.

(15-16)

No. 190

Read again letter from the Agent to the Governor at Kurnool dated 29th November 1850, reporting on the Land Revenue settlement of that district for Fusly 1259.-

17

(Here enter No. 67)

Bd. No. 882.

Proceedings thereon - Relative to the settlement of the Land Revenue in the District of Kurnool for Fusly 1259.-

Mr. Lushington the present Agent did not take charge of the District until

until some time after the settlement had been Completed by his predecessor Mr. Phillips, and his Assistant Lieutenant Russell to whom the settlement of one talook (Dhone) was Assigned.—

2. The season is reported to have been very unfavorable owing to excessive rain at the beginning of it, and subsequent heat and dryness of the soil which either prevented the sowing of the lands or burnt up the Crops before they had attained maturity. The white Jawarry Crop, one of the principal dry Crops in Kurnool was also subjected to the attacks of Grasshoppers by which in some places they were entirely destroyed. A representation of the state of the Case having been made by Mr. Phillips the Board authorized him to grant such additional remissions, beyond what are Customary in ordinary seasons as he might find necessary on proceeding into the talooks.—

From Kurnool 5th in Cons. 14th January 1850. Proceedings to Collector 14th January 1850.

Para 7

3. There was a decrease in the price of the different descriptions of Paddy below Fusly 1258, but an increase in that of most of the dry grains. The prices appear

appear generally to have been about equal to the average of the 3 years preceding Fusly 1258.—

4. Prior to the most unfavorable Commencement of the season described by the Agent a considerable quantity of land had been taken up by the Ryots in addition to their previous cultivation. The Villawaris or Agreement for land shows an excess of 21,733 acres bearing an Assessment of Rupees 16,496 in 7 out of the eight talooks, but a decrease in the remaining one of Chagalmurry reduced it to Rupees 14,604. The adverse nature of the season however rendering considerable reductions absolutely necessary, the result as shown in the statement below, was a nett decrease of Rupees 19,361-9-7 in the Settlement.—

5 The largest increase in the Villawari was in the Dhone taluk which

Para 6. the Collector attributes to the Ryots having taken up lands subject to Teriah Justee and Fussul Justee to a greater extent than usual.- In Statement 8 the excess is shown to be chiefly in the Dry Cultivation but the actual Cultivation of Wet exhibits an increase of Rupees 7,651 beyond Fusly 1258- What portions of this however are Teriah or Fussal Justee is not shown and it is desirable that in future the particulars of Fussal Justee and Fusul Cumme, distinguished from Teriah Justee, should be exhibited in Statements 3 and 8

S.

7. It is observed from Statement 13 Column 29 that the whole amount of land agreed for and left waste for an assessment of 20411 Rupees of which.

Charged in the Jummabund — 13,660

Struck off — 14,743

The first of these items corresponds with the Abstract (2d Part) appended to para 8 of the Agents letter. The 2d item is 473 Rupees in excess of the 14,270 Rupees entered as Cabooliaty Bunjer remitted, in the same Abstract. From examination of Column 29 of Enclosure 13 which shews the assessment of waste lands included in the settlement, the following items make up the difference.—

300 Rupees Land inundated.—

1 Rupee Land destroyed.—

03 Rupees Teerwajasty.—

1 Rupee Land taken for building

473 Rupees on the difference between 14270 & 14743.—

It is not clear if the agent has entered these as part of the Cabooliaty Bunjer or not. The item of 300 Rupees for instance for land inundated, will, if the land has been shown

Come

come under General Remissions but not under Caboolaty Bunjer, unless it has not been sown.-

8. The agent will also be good enough to separate more distinctly the Item of "Deductions" on account of Caboolaty Bunjer struck off the demand from "Remissions" properly so Called as required by G. O. of 18th March 1830. In the Abstract Statement appended to para 8 of his letter they are all classed together as "Remissions"-

(C. O. Book p 515)

Caboolaty Bunjer Dry lands agreed for but left waste Fusly 1255-11,936 1256-9,235 1257-6,613 1258-9,330 1259-24,517

9. The extent of Dry land engaged but left waste or Caboolate Bunjer was more than double that of any of the preceding four years.—It amounted to Rupees 24,517. and of this Rupees 12,328 was remitted leaving Rupees 12,189, being the assessment on dry lands not Cultivated but for which the full teerwah was demanded- This also is considerably higher than the demand made on account of such waste lands in the previous years, and Considering the very unfavourable nature of the season, and that as observed by the agent, the land being left waste is mainly attributable to the irregularity, excess and unseasonableness

unseasonableness of the rains, the Board would not have objected to see a further portion of this waste remitted.-

10. The Board have [26th August 1850] communicated to the agent, the observations of Government [14 August 1850] on Mr. Philip's explanation [20th May 1850] regarding the Dittum or Vellavary; at the same time they cannot but allow that there are difficulties in the Kurnool District arising from the fact that the fields bear a teerwa imposed in many cases without reference whatever to their capability, and that till a survey assessment is made, it would not be advisable to let the Ryots select at their will fields evidently undervalued, and refuse all other- There seems to be hardly any alternative but to adopt the plan of making the Ryot like some of both sorts and holding him responsible if he throws up the higher assessed fields, unless he can shew good and satisfactory reasons- This system undoubtedly is to be deprecated, and it only shews that a regular assessment is urgently required- The Government appear to be aware of these circumstances from Para 8 of Extract Minutes of Consultation 14th August 1850 No. 756

In Con. 15th July 1850

* In Con. 25th Aug. 1850

Revenue

Fort St. George 1st May 1851

Revenue Department

11 The remissions granted, on account of the failure of dry Crops being authorized by the Board 14th January 1850 as a special case, amounted to Rupees 20,277 upon an estimated Loss of Rupees 26,791— On referring however to the mode in which this estimate was arrived at it appears to convey no adequate view of the loss actually sustained.— It appears in the first place to have reference only to the later or Pubbee Crop— and to include no part of the loss sustained on the first Crop which from the description of the season probably suffered the most— In estimating the loss sustained on the 2d Crop the principle adopted seems to have been to take no account of losses where the remaining crop was Calculated to yield half the assessment— Where it would not yield this the amount that it was supposed it would yield was deducted and the balance only set down as the estimated Amount of loss— This was Calculated in the first instance by the taloor servants at Rupees 35,690 but subsequently reduced to Rupees 26,791— Of this, Rupees 20,277 are about 3 3/4 per cent

Para 13

Para 3 from Agent 15th January 1850

Fort St. George 1st May 1851

Cent on the demand on dry lands was remitted, leaving a balance of Rupees 6514 still payable on lands from which there was no return.—

12 If the Board correctly understand the principle on which this estimate of losses was made it amounts to this, that the entire crop on such lands was taken on account of the Government assessment without leaving any thing for the support of the Ryots, or to repay him for the loss by seed grain used in sowing the land in many cases more than once and they can have no hesitation therefore in admitting that these remissions were "urgently necessary"— They are much disposed indeed to coincide with the present Agent in the opinion he seems to entertain that "the "impoverished state of the Ryots, and the adverse "circumstances of the season would have justified a larger amount of relief"— He adds in the subsequent part of his report that he is assured that "Fusly 1259 was the worst Year "in its effect upon the crops and upon the "Ryots which has been experienced since the "country fell under the British Government" and he fears that many instances will hereafter come under his observation in which the effects

Para 14

Para 14

Para 30

effect of this year have reduced to extreme poverty those who were previously in a moderately thriving condition and whose position cannot be improved without one or two favorable years and indulgent treatment The only means of now shewing such indulgence in respect to the demand for the Fusly under review is by abstaining from pressing the Collection of the balances still outstanding, and the Board will give their support to any recommendation which the Agent may think proper to make for the remission of such part of this as he may satisfy himself on further enquiry it would be inexpedient to Collect.

Para 6 & 16. 13. The Board observe with great regret the State into which the Chagulmarry talook is described by the Agent to have fallen. — It appears that there had been a

Para 6 failure of crops in this talook for the three preceding Years — that much land had in consequence been given up, principally by the Paikary ryots from Cuddapah who had been in the habit of cultivating it, and that it was found necessary at the commencement of the season to depute the Asst. Sheristadar to assist in the

the Villawari, and in "realizing the Kists" by which the Board understand the balances outstanding for the previous Fusly under these Circumstances the Board would have expected that the Agent would have given his early and careful attention to the Settlement of this talook in a season which had again proved unfavorable but it appears that it was found necessary, from what Cause is not explained, to make the settlement "with great rapidity" and that it was the only talook in which no remissions for dry crops were allowed, although apparently requiring indulgence the most. The State of the things here described seems partly owing to the inefficiency of a Tasyldar who has since been removed, but the Board are of opinion that the absence of personal attention by the European Officers and the withholding of remission have not been sufficiently accounted for. They can only hope that the present Agent will use his best endeavours to rectify these errors, and to restore the talook to its former prosperity. It seems specially necessary that he should investigate the Cause which led the

the ryots to give up the lands they had been in the habit of Cultivation.

14 Considering the state of the season the Revenue was realized with great regularity. Out of a gross demand on account of Land Revenue of Rupees 693492- Rupees 661059 were collected within the Fusly leaving a balance of Rupees 34432 of which Rupees 12052 were subsequently collected up to the end of October. The balance outstanding at the date of the report was Rupees 22,379

Para 39 Extract Minutes Consultation 18th April 1850 In Ct 25th April 1850

15 The arrears on account of previous years show a balance which was outstanding of Rupees 18,716 after deducting the sums Struck off under sanction of Government

Fusly 1255 - 34-7-2
1256 - 6-12-10
1257 - 1726-14-9
1258 - 7517-7-6

Of these a sum of Rupees 9430 was collected during the Fusly leaving the present balance Rupees 9205, on account of the years noted in the Margin. The Agent does not expect that any considerable portion of this amount will be realized, but defers making any distinct application for its final remission until he has had an opportunity of making a local enquiry. The Board hope that he will

will be able to do this during the progress of the Current Immabundy.

16. The following is a Statement of the Revenue from all heads as compared with Fusly 1258, shewing a net decrease of Rupees 23,199.

	Bariz of Fusly 1258	Bariz of Fusly 1259	Increase	Decrease

		Net Decrease		23,199 4 6

The

17. The Board will now proceed to notice some minor points suggested by an inspection of a detailed accounts which accompany the agents report:-

18. In Para 15 the agents refer to a Ryotwar Statement showing the details of the settlement in one † Village In this 8 Ryots are entered as having received remission to the extent of Rupees 75-"-4 Detailed Kandooree accounts have also been submitted for this Village In the Statement termed the "Berujumgaiesh" the remissions entered in Statement 18 are exhibited but in the Ryotwar Chittah and abstract there is no entry of remission either on account of waste or for failure of crops. except in the case of one ryot (No. 18) of whose farm one field of 18 acres bearing an assessment of Rupees 10 is entered as "waste". On pursuing the details further it is observed that the ryot entered as No. 1. in the fieldwar Chittah holds land to the extent of 106 ac. 11 G. 13¾ a. assessed at Rupees 101-"-8. It is entered as entirely Cultivated the particular Kind of produce in each field being also noted - The Puttah awarded

No. 18
† Poonmalum in the Goodoor Talook

Siddumkrishnyah

awarded to this Ryot contains similar details and exhibits no entry of remission either on account of "Waste" or Crops destroyed. On the back of this document also the Collection of the whole demand Rupees 101-8-"- by 6 different instalments is noted with the concluding remark that "there is no balance" the whole attested by the signatures of the Curnum and the Potail. On turning however to the details of this Ryots holding and as given in the Summabundy Statement No. 18 it is seen that of the whole extent 6-16 a. G. a professed at Rupees 6-11-"- is entered as waste and deducted, the remainder only being set down as cowmiee Acres 99-35-13¾ assessed at Rupees 95-13-"- and in the concluding Column Rupees 5-11-"- are wholly remitted for this waste - In the Ryotwar Chittah and in the Puttah a field (numbered 133) measuring 6-16-"- and bearing an Assessment of Rupees 5-11-"- is traced which corresponds with the waste remitted, but in both these documents it is entered as having been cultivated with "Cumboo". A discrepancy of a similar nature between the

Columns 13-18

between the Statement No. 18 and the field-
-wise Chittah is also noticed in the case of
† Bhuta Thumana doo Nos 5 et in Summabundy Chittah No. 17 another Ryot where remissions entered in the one for waste and failure of Crops are not to be met with in the other.

19- The Board are induced to refer to these points because they would seem to lead to the inference that these remissions were not granted at the Summabundy but subsequently to it. and it is of great importance that every Ryot receiving remission should have it distinctly explained to him at the settlement and the Amount entered in his Puttah before delivery. Without some such precaution there can be no security that the ryot will actually benefit by the remission.

The Agents attention is also directed to the fact of land entered as "cultivated" in one account appearing as "waste" in another

20- The Board would also be glad to receive explanation on another points connected with these detailed accounts. The Ryotwar Chittahs shows that there are a certain Number of fields in the holdings of almost all the ryots the measurement of which is alone entered without any berij attached

attached to them - For instance out of 8 Cultivated Punjah fields belonging to Siddum Khrishaloo, the Ryot above referred to, 2 are entered without any Assessment both in the Chittah and Puttah the one Cultivated with "Jarce" the other with Bajrah - There are altogether 136 Acres of such lands in this one Village -

21- In Para 17 the Agent remarks that the practice of Cultivating the beds of tanks is disallowed in Salem, but the Board are not aware when it was prohibited, and they find in the Hoo Rummanah of that district a provision for remission on account of "Paumy boodty" in cases where the tanks are filled before the reaping of the crops in their beds - The System of cultivating the beds of tanks also prevails in the districts noted in the margin, and an Assessment has been fixed at the Survey on such lands They often afford great Assistance to the Ryots when the lands under the tanks cannot be Cultivated owing to the want of water, and as they increase the means of subsistance in seasons of scarcity the

Singleputt
Madura

Nellore
Bellary
Cuddapah

Board

Board do not think that a general prohibition of the practice would be desirable.

No. 9. 22. Referring to the Statement of Sugar Cane Cultivation and to the remarks of the Agent in Para 30 of his report the Board request that in future a Notice of the mode of leaving Assessment on these lands in the different talooks may be made in the Columns of remarks. The extent of Sugar cane cultivation is exceedingly limited and is stated to be decreasing. The Agent attributes this to a slight falling off in the price of Jaggery, but the exceeding high Assessment, being on an Average Rupees 33 per Acre would rather seem to be the cause of so little Sugar cane being cultivated. The Board wish to be informed whether any Tewah Jastee and to what Amount is levied on Sugar Cultivation beyond the usual Assessment of the land if cultivated with an ordinary crop.

It

Para 33 Statement No. 1 Columns 38 & 92 Ryots Cultivating in partnerships

23. It is observed that the Number of Goruchee Ryots exactly corresponds with the number of Puttahs which is apparently an error. The whole number of partners jointly holding under one Puttah ought to be included in the number of Ryots.

24. The Board have considered it due to Mr. Phillips to furnish him with Copies of paras 3, 4, 5, 6, 9, 13-14, 16 and the last part of 38 of Mr. Cushington's Report as well as paras 9, 10-11-12, and 13 of these Proceedings.

The

B. No 854
Proceedings thereon —

(1819)

The Collector having stated that the Services for which the Enams in question are endowed, is that of keeping a light in a Mussjeed or Mosque, and not in a Durgah or Tomb, the Board see no objection to his proposal to renew the Enams, under the authority vested in him in para 5 of the Board's Circular orders 27th July 1848. If the money allowance of Rupees 6 - 4 per Annum stands in the name of the Mosque, and not in the name of the Enamdar, the necessity for obtaining Sanction for its continuance is not apparent.

Mr Phillips will however — in the latter event, report whether Sanction is necessary.

Memorandum

Fort St. George 1st May 1857.

Ordered that the following letter be sent in reply.

To, The Collector of Tanjore.

(20-21)

B. No. 857.

Sir,

To the Collector of Tanjore.

Requesting the Collector of Tanjore to furnish further information respecting an retrenchment in his accounts for Fasly 1255 on account of certain Charitable allowances calling his attention to the Board's Circular Order of 18th January 1857 relating to Gr. yeomiah Rulers.

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 7th April 1857 and its enclosure on the subject of a retrenchment of the Civil Auditor in your Accounts for Fasly 1255 on account of certain Charitable allowances disbursed from your Treasury—

2 In reply I am directed to request that your will furnish to this Office the Copies Nos 12 and 13 of the authorities under which the allowances in question have hitherto been admitted and to call upon you to state whether these allowances are included in their standard for auditing the Charitable allowances payable annually in your District and whether such standard is the Moyenjabitah of Fasly 1228 or either of these sanctioned on the 9th September 1847 or 2nd January 1850.

I

Fort St. George 1st May 1857.

3 I am at the same time desired to inform you that the Boards order of the 20th August 1824 fixing 2 years as the period within which arrears of these Gr. Yeomiahs might be disbursed without a special reference to them was cancelled by their Circular Order 18th January 1847 para 5, yeomiah Rules sanctioned by Gr. Government fixing six months as the Gr. period for which arrears might be discharged without special sanction of Government, which in Circular Order 15th February 1847 was extended to a further indulgence, Viz. that pension due for any particular 6 Months might be disbursed at any time within the six Months following the expiration of that period.—

4 You will at once apply this rule in your District to all yeomiah and Pensionary allowances.—

Madras 23rd April 1857 E.E. Underdon
Collector

Fort St George 1st May 1851.

the provisions of Regulation I of 1805, and permit it under licence or to farm out the manufacture and sale to the principal Manufacturers or others on principles similar to those by which the abkarry rents are already farmed.—

2 Previously to offering any decided opinion upon these suggestions the Board thought it desirable again to refer the subject for the report of the Revenue authorities in the ceded Districts and the letters above quoted convey the expression of their general opinions.—

3 Of the plans proposed the Collector of Bellary takes a more favorable view of the Licencing system, and has submitted certain rules for its regulation but he expresses his doubts whether after all it would be better than the existing system of raising a revenue from earth Salt or more suited to the habits of the Manufacturers He states that it would be impracticable to lay down any rule as to a maximum or minimum price for the sale of the salt principally because a large proportion of the sale is by retail to the petty

for

8th November 1849.

Para 12.

Fort St George. 1st May 1851

for their own consumption and not to wholesale dealers. Much of it is stated to be thus disposed of by the women of the Manufacturers who hawk it about the Villages and exchange it for grain. The real difficulty in respect to this, as well as to the other rules proposed is the means of carrying them out or enforcing them without the aid of a costly superintendance in so large a number of places scattered over the whole district and mostly in very unfrequented places.—

Para 14

4 Mr Pelly observes that the abolition of the smaller Moodahs would create a present loss of Revenue to the amount of Rupees 2,573. which might be eventually reduced to Rupees 1262 but that it would be a measure of great hardship towards the poorer class of Manufacturers whose only property and means of subsistence is in these Moodahs, and that it would create much discontent without any substantial advantage being gained from it. He thinks the present manufacture not beyond the consumption of the district tho' his predecessor supposed that one third was exported. appended is a statement of the quantity produced from Fasly 1215 to 1252 from which it will be seen that it remained steady during that period and that even on the

heavy Sayer es being removed no material increase took place.-

It may be added that the clas of Salt Manufacturers are often those engaged in Highway and Gang robberies so prevalent in the Ceded Districts. and that to deprive the poorer portion of these people of their present means of livelihood would not im= probably be attended by a serious in= crease in these crimes in the Cuddapah and Bellary districts.-

The

Paras 10 & 11

5

The plans proposed by Mr Selly for encouraging the consumption of Marine Salt are in the opinion of the Board quite impracticable. These are either to "give gratuitously Salt for importation into the Bellary district for a few years" or "for the Government to import directly large quantities of Marine Salt and distribute it throughout the district at a moderate price" In the first of these there would be no means of preventing the sale of the Salt during its transit through other districts nor could every importation be examined and measured on arrival for the purpose of checking this. The danger of such abuse would be still greater if the Salt were conveyed from the Coast on account of Government and it is manifest that its distribution could not be carried on without the establishment of Depots and the appointment of persons to conduct the receipt and issue of the Salt and for keeping the accounts as well as for arranging its consequences. The temptation to abuse is so great that it is almost impossible to check frauds even at the original places of Manufacture on the Coast.

To

To do so where the Salt was to be transport-
-ed at the charge of Government and sold in
different places, two or three hundred Miles in-
land would be impossible.-

6 The Collector of Cuddapah
takes a different view of the relative practica-
-bility and advantages of the Farming and
Licensing System, and is inclined to prefer
the former. He observes that the class in
Cuddapah who are engaged in the manu-
-facture are for the most part very poor and
do not bear a high character that they could
not easily purchase a license nor furnish
security to abide by its conditions and the
same difficulty presents itself to him as to
the Collector of Bellary of controlling the
Manufacture and sale and of enforcing
the rules which might be laid down
without a separate Machinery for this purpose.
On these grounds he would prefer to form the
Manufacture, but proposes to keep it under
Among for a certain time subject to rules
similar to those for the Manufacture of
Marine salt, for the purpose of obtaining
satisfactory data respecting the quantity and
cost

cost of the salt which can be produced. But this
would require the organization of Establishments
similar to those on the Coast

In the opinion of the Board both
7
the Licensing and Renting system are attended
with difficulties which are incompatible with
their success. The permission to sell by li-
-cense involves the necessity of extensive ex-
-cise supervision on the part of Government
which cannot be obtained without consi-
-derable expense. and it appears in other
respects to be a measure hardly adapted
to the peculiar condition and habits of the
classes by whom the Salt is manufactured.
On the other hand the plan of farming out
the manufacture of Earth salt is open to the
serious objection adverted to by the Collector
Para 2- of Bellary that it creates an interest directly
opposed to that of Government [Viz:] that the
renter would endeavour to extend for his
own profit a sale which the Government
seeks to contract.-

The reform of the existi-
8
-ng system is in every point of view a most
difficult one. It has been an object sought
for a long period but not hitherto accomplished
and

Fort St George 1st May 1851

and it is, as observed by Government, &c "beset with difficulties" that after the best consideration they have been able to give to the subject, the Board have arrived at the opinion that no practicable remedy presents itself while the advantages which it is hoped might be gained by an entire change in the system of collecting a small revenue from it are limited and uncertain — and seem scarcely to warrant a departure from the existing practice which has so long prevailed and to which the people have become accustomed.

9- The Board are not without hope that as the improvement in the means of transit takes place and when direct communications are opened with the Coast, and the present cost of carriage diminished the Marine Salt may be more largely consumed particularly in the Cuddapah Districts. In the mean time they see no alternative but that "the system existing in Bellary of taxing the manufacturers of Earth-Salt should continue." The system of levying a Moturpha tax presents at least the advantage that it can be regulated according to the productiveness of each Moolah whether this arises from the number of persons employed, the degree to which the earth is impregnated with Salt, or other circumstances affecting the quantity and quality of

Extract Mins. of Consn. 10th Octr 49 Para 20

S. L. H.

Fort St George 1st May 1851

of the article produced — These appear to vary so much in different localities as to render it difficult to bring them under any definite or fixed rules — With reference however to the irregularity which is stated to exist in the Bellary district as regards the rates levied on the several classes of Salt Moodahs by which some are duly taxed while others pay less than a fair proportion of their profits, the Board can see no objection to a more equitable readjustment of the Moturpha and they would propose to direct the attention of the Collector to this point.

From Coll.r Bellary 9th January in Cons.n 12th Augt 1847

10 With respect to Cuddapah Earth Salt as at present largely produced. There is scarcely any check imposed on it practically although the sale of it is not recognized as lawful. It has not been considered expedient to prevent the Manufacture altogether and the Board can see no good reason for its remaining entirely exempt from taxation while a revenue is derived from it in Bellary. They would therefore propose that the Moturpha assessment be extended to Cuddapah pending such further measures as may appear advisable hereafter. It is estimated that a revenue of of Rupees 6000 might be levied by the imposition of a tax at

at the rate of 8 per Cent on the value of the Salt produced.—

" In Kurnool the manufacture of Earth Salt appears to be trifling, a small revenue of Rupees 347 is collected on the Salt Moodahs and the Board would not propose to make any alteration in the system prevailing there for the present.—

Grand Total Rupees - 5034 - - -

2- The Collector of Salem it is observed, has submitted a detailed Statement of the charges proposed to be incurred on account of Establishment to be employed in sequestered Zemindaries for Fusly 1260- This Estimate has been framed with reference to the amount actually disbursed on account of Estates attached in the preceding year, and the charges in some cases are so low as one Rupee. An Estimate in this case must be a mere form and can serve no useful purpose,

purpose, it being impossible to foresee at the beginning of the year whether any and what Estates will fall under sequestration in the course of it- while it must entail unnecessary labor on the Collectors Establishment in its preparation. The Governor in Council does not therefore see the necessity of the Collector furnishing such a Statement, which is further represented by him to have been submitted "for the first time;" and he thinks that it will be quite sufficient for the purpose of check, were Collectors required to submit for sanction an account of the actual disbursements under this head after the expiration of each year, in the form of "Statement of charges not estimated but actually incurred," in which should be supplied such information as the Board may need on the subject.-

"serve the effects should have been
"apparent at our frontier Nakas, and
"I shall request further information
"from Mr Dalzell upon this subject."

Under date 11th October
3
1850, the Collector of Continental Custom
and Excise explained as follows.-

Forwarded with Mem. by Revenue Commissioner No. No 2786 dated 23rd October 1850.

The

2. "The amount of actual realizations of "the quarter ending 31st July were nearly all "made in the month of May, during this Month "in 1849, the Manghellee Ghaut was not "closed, so that the importations of Goa "salt, which in 1849 entered Warree en "route to the Belgaum districts via "Maughellee were in 1850, transferred "to the Books of the Beedee Talooka "the salt being carried by the Chorla "instead of the Maughellee Ghaut.

3. "This alteration of the route "has made a great decrease of "importations into Waree, but had "there been no alterations in the road "the effects of greater importations "from Goa would have been ap: "parent at our Waree frontier Pakas-

4 "If again, we look for the in: "crease in the Beedee Talook, we "are thrown entirely out of our calcu: "lations by the great effects which "the reduction of duty in the Madras "Territory must have had on the amount "of our collections."

In

J. G. B.

4. In consequence of the above observations, a reference was made to your Government for information as to the effect, on the import trade of salt from the Goa Territories, of the reduction of duty made consequent on a Communication from this Government, No. 1913, of 19th March 1849.—

See letter from Government of India dated 10th November 1849. No. 782.

5. It appears to the Right Honorable the Governor in Council, how: ever, from your letter under acknowledge: ment, that the object of the above reference was not properly expressed, and therefore has not been correctly understood by your Government. This Government wished to ascertain, whether a decrease in the importation of salt into the Bombay Territory for conveyance into that of Madras may not be a consequence of the reduction of the Madras Frontier duty on Goa salt, and whether salt imported into the Madras Territory from Goa Vda. may not now be brought into the Bombay Territory free, to the detriment of the revenue of this Presidency, although not to the general revenues of India.—

6. To enable Government to dispose of this question, you are requested to

have

have the goodness to furnish information as to the quantity of Salt imported since the reduction of the excise into the Madras Territory, by land, from Goa and other Foreign States on the frontier parts of your Districts which border on Belgaum or Dharwar, as also a specification of the names of these routes by which the Salt is imported and the quantity imported by each route during the last five years of the three Rupees excise and the last year of the twelve anna excise.-

7. It is very probable that, while the three Rupees Madras Duty forced the Goa salt into the districts of this Presidency (Northward) where twelve Annas only were imposed on it, the reduction of the Madras Duty to an equality with that levied in this Presidency may have caused a more equal distribution of the Goa trade and the reduction to a considerable extent of the customs receipts from it by this Government although not to the General Treasury of the Honorable Company.-

Bombay Castle
29th March 1851.

(Signed) H. E. Goldsmid
Secretary to Government.

Resolved

Resolved that a Copy of the foregoing letter be furnished to the Board of Revenue and that they be requested to obtain and submit the information particularized by the Bombay Government in para 6.-

with reference to his letter 10th January 1851. furnish the report required by the Government of Bombay.-

B. No. 972.

From the Secy. to Government. Relative to the Settlement of the Vullacottah Mootah in the District of Chinglepat for Fusly 1259.

No. 400. Revenue Department.-

Extract from the Minutes of Consultation under date the 25th April 1851.-

Read the following Extract from the Proceedings of the Board of Revenue.-

(Here enter 21st October 1850 No. 434)

(13)

Para 1. The Settlement of the Vullacottah Mootah in the Chinglepat District for Fusly 1259 is more unsatisfactory than that of previous years as noticed in Extract Minutes of Consultation 20th February 1850 No. 190. The demand amounted to Rupees 1,259-15-2 and fell short of that of 1258 in Rupees 646-8- which is attributed

attributed to an unfavorable season and consequent diminution in the extent of Cultivation and returns of produce. This Statement B. settlement was the lowest of the nine years that the property was under the management of the Court of Wards, and

Peishcush - - 2422-9-6
Settlement - - 1259-15-2
1162-10-4

very little above one half the amount of the Peishcush assessed on it.-

2. The Collections to the 10th September 1850 amounted to Rupees 1149-11-2 leaving a balance on that date of Rupees 110-4-" of which Rupees 105-4-" are held to be recoverable.-

3. The balances due to the Estate and reported in Para 6 of the Board's Proceedings to be irrecoverable, will be remitted as suggested by the Court of Wards Viz.t On account of Fusly 1257 — 2-3-1

1258 — 3-12-2

1259 — 5-"-"

10-15-3.

4. From the account Current of the Statement D. and from the Collector's letter it seems that the total Collections during the Nine Fusles that the property has been under the management of the Court of Wards amounted to only Rupees 18,168-6-7. or Rupees

Rupees 3,235-14-11 below the aggregate Peishcush for the same period. From the above Revenue Rupees 3,577-7-3- had however to be disbursed for Charges of management, Maramut and Maintenance; leaving available in payment of the Government demand only 14,590-15-4 or Rupees

Para 8. 6,813-6-2 less than the Peishcush. The causes assigned by the Collector for this disastrous issue of his administration are the adversity of season and depreciation of prices- and it is represented that the Estate was never a profitable one even under the previous holder.-

5. As the young Zemindar of Vullacotah is reported to have attained his majority the Governor in Council grants Sanction for the Estate being transferred to his Charge and for writing off to profit and loss the balances of Peishcush that have accumulated since the Estate came under the Management of the Court of Wards in Fusly 1251- amounting to Rupees 16,813-6-2 /six thousand eight hundred and thirteen, Annas six and pice two.-

B. No. 1012. From the Coll. of Rajahmundry.

Reporting that the people are not disposed to acquiesce in measures pro=posed in Act XXVI of 1850 at their own expense and if it were the case he cannot have the assurance that the Monies will not be misappropriated by Circar ser=vants.-

Sir,

With reference to your Circular letter of the 19th August 1850, wherein you required me to report what opening I see for the introduction of town duties, under Act XXVI of 1850, to enable improvements to be made in towns, I have the honor to state that I can trace no disposition among the people to acquiesce in any proposition for taxing money out of their pockets although manifestly for their own benefit. They very generally admit the desirableness of making the streets commodious, clean and safe, but they have not moral courage to deviate from the beaten track in so important a matter as this. The sanction given by one man to a scheme for taxing money from others would necessarily involve

involve him in general disesteem, and expose him to the vengeance of the malicious. He would also be derided as one who had given an opening for demands which would become intolerable by repetition, and irresistible as soon as they were declared to be Mamool. They are not ingenuous or enlightened enough to believe that we intend to act with good faith, and their mistrust can only be overcome by a judicious application of the powers conferred by the Act to procure some very marked and undeniable benefit at a very small expense in some large town. The universal corruption of the Circar servants is another source of difficulty which is not easy to overcome, for there is no assurance that the monies will not be misappropriated.-

2. It will be my care to seize the first casual opportunity that may occur for introducing the provisions of the Act with the full concurrence of the parties interested, but the ceaseless toil of my office leaves me little prospect of being able to search for or to make such opportunity.-

3. General distruct of one another produces

produces perpetual disunion as necessarily as mutual confidence conduces to hearty and effectual co-operation. I see no prospect, therefore, of any movement on the part of the Natives themselves to avail themselves of the advantages which the Government wish to bestow on them, and I am not surprised that they are indifferent or averse to an enactment which has been framed, as they suspect merely for the introduction of a new tax. They do not know that our laws are founded on justice and good faith, and they cannot believe them to be so while injustice and Corruption are to be descerned in almost all the proceedings of the officials who are employed to administer them.-

Rajahmundry District, Samalcottah 26th April, 1851. } (Signed) T. Prendergast Collector.-

Order thereon.- Ordered to lie over.-

21-22

Read 8th August 1850.

B. of W. 871.- Read again letter from the Collector of Masulipatam dated 27th July and entered in Consultation 5th August 1850.-

Proceedings thereon.- With reference to your letter of the 27th July 1850, the Board cannot but suppose that your records, if searched, will afford some information respecting the limits and other particulars of the Military Cantonment in your District more particularly as by Section III. Regulation VIII of 1832, plans.

23

plans of such contonments are required to be deposited with the Magistrate.-

2. The Board observe that a plan of the Court of Masulipatam appears from their records to have been furnished to the Magistrate in 1822, and by the order of 17th April 1849, the limits of all Military Cantonments were directed to be "Marked by boundary stones."- Gazette 1849 p. 439.

3. If however the necessary information is not forthcoming in your Office, you should apply for a Copy of the plan to the Officer Commanding the station and report in Conformity with the Circular of the 8th July 1850.-

4. The disposal of the General subject awaiting only your reply, the Board trust to receive it at an early period.-

To W. H. Bayley Esqre

Secretary to the
Board of Revenue,
Fort St. George.

B. No. 927-

From the Collector of Salem - - - -

Sir,

28

I have the honor to forward an Advertisement in English and Tamil for the sale in the usual course, at Dharampoory on the 2d June next, of the Abkarry rent of this District for the ensuing Fusly, or according to the tenders which may be made, for a period of one, two or three Years-

Salem, - - - - -
Collector's Cutcherry,

/ Signed / H. D. Phillips
Collector

Advertisement

6099

Fort St. George. 5th May 1851-

No. 1-

Advertisement-

Notice is hereby given to all whom it may concern, that Tenders will be received for the rent of the Arrack and Toddy of the Talooks in the Zillah of Salem and the Village of Oorawundoor, until the 2d June 1851 for the ensuing Fusly 1261 or Year Verodikirtoo- The Rules to be observed by those desirous to offer for the same are hereunder specified-

Tenders on account of the Rent will be received at Darampoory on the 2d June 1851, corresponding with the 21st Vyady of the year Verodikirtoo; and those desirous of offering for the same either for each of the Talooks or for the whole Zillah, either for the term of one, two or three years; should attend on the above date and are at free liberty to make their offers by tender- It is optional with the Circar to accept offers either for each Talook or for the whole Zillah, and to reject the offers made by persons incompetent although the amount offered by them may be the highest- The offers of persons whom

whom the Collector may consider to be competent and trust-worthy will alone be admitted, but will not be confirmed until approved by the Board of Revenue.

2. Those who make an immedi-=ate payment of 25 per cent on the amount of the purchase money will not be required to find security, but those who pay 15 per cent will have to produce security immediately before the Huzzoor for the whole amount of the Rent. The securities will according to the Rules produce their property equal to half of the amount of the Rent, and enter it in the Edooputty or list of property, in which the Securities will state that the property entered in it will not be sold, mortgaged, or transferred to any one before the ex-=piration of the time of the rent for which they became security, and that in the event of any of these transfers being made, it will not be considered valid; and also to affix their signatures to it. If Purchasdars request to be allowed to pay their Jayanal money, or portion of it, into the Talook Cutcherries, or to pro-=duce their securities there, their request will not be complied with. The whole

amount of the purchase, together with the security should be brought to the Huzzoor. Persons finding difficulty in bringing the purchase money to the Huzzoor will deposit such amount as they may think proper for the purpose, in the hands of the Tahsildars of their respective Talooks, and the receipts obtained from the Tahsildars to that effect will be accepted in the Huzzoor: should the amount so deposited be less than the amount of the purchase money, the difference should be paid up immedi-=diately, but should it be above the amount of the purchase money, the excess will be returned to the party. The whole amount deposited in the Talook will be returned to the parties in the event of their offers not being accepted.

3 If the parties tendering for the Rent fail to pay up the amount of Jayanal and produce the security immediately on their tenders being accepted as required in the preced-=ing para. the Farm will again be rented out by tender at the risk of the person or persons whose tender was first ac-=cepted and who will be held responsible for

for any loss and forfeit all advan=
=tages that may arise therefrom.

4- No revenue defaulters or any one who may have been imprisoned in Jail on account of Circar balances, or any of their associates, will be allowed to offer for the Rent in question and in the event of any of these persons sending in their tenders clandestinely or indirectly it will be optional with the Circar, on proof thereof, to cancel the offer and rent out the Farm again at the risk of the person or persons so offering.

The renting of the above Contract in Military stations and in places fre=
=quented by Troops, rests with the Circar, and the Renters have nothing to do with it.

5 Parties requiring to make any alterations in the Distilleries and places where shops were established for Fusly 1260. should at the time of making Durkast present a List to that effect. The Remount Depôt in the Oojoor Talook, and the Shevaroy Hills in the Salem Talook are ex=
=cluded from the Farm that is to be rented out. The Three Pollams Viz.t Bagaloor,

Bagaloor, Anthoosythevy and Sholu=
=ghevy shall be included in the Oojoor Talook. The Villages Viz.t Paravata=
=rammygalum. Selavarumputty, and Dassenaickenputty with their Road. shops shall be included in the Salem Talook to which they belong.

6- Those who are desirous of making Durkast should do so before the Taholdars of their respective Taloks before the 25th May 1851 all offers that may be made to the Taholdar after that date will not be admitted consequently all such offers should be made by tenders direct to the Collector on the 2d June in the Kuzzoor.

7- All cases wherein tenders are made by Goomastahs and their Employers become securities for them will not be admitted. Every one should personally make his offer and produce the required Security.

8- Parties requiring further information regarding the Rent in question will until the 2d June apply at the Kuzzoor, where, it will be made known to them.

Parties

Fort St. George 5th May 1851.

9- Parties obtaining rent will act agreeably to the Puttah and Moochilka and Regulation I of 1820-

10- Should it be deemed necessary to make any additions to the above, it will be explained at the time of opening the Tenders on the 2d June, and the Purchasers will be required to act up to it-

From the Collector of Salem, Sir,

Requesting authority for the introduction of the Tamil language in the Native official correspondence of this District, the usage of Mahratta at present prevailing being felt to be inconvenient and embarrassing.

Some few years ago your Board were pleased to direct that Mahratta should be resumed as the language of official communication in this District, and in all Revenue arzees and accounts it has continued to be such up to the present time-

2 It would appear from the correspondence noted marginally that the principal reason by which your Board was actuated in issuing the above order, was, that the then Head Seristadar, Annajee Row, was ignorant of Tamul and that correspondence in any other language than Mahratta, was, to him, a sealed Book, Annajee Row has since demised, and Trimul Row, the present Head Seristadar, is as well acquainted with Tamul

From Dr. 6th June "

Fort St. George 5th May 1851.

Tamul and Teloogoo, as he is with Mahratta. The reverting to Tamul would, therefore now create no similar inconvenience.

3. After carefully observing the embarrassments and perplexity frequently caused by the adoption of Mahratta as the language of the Cutcherry in this District, I feel it my duty to bring the matter under your Board's notice, and I have the honor to request your authority to make Tamul the ordinary medium of communication, as well in Revenue matters, as it now is in all Magisterial and Police affairs in respect of which any correspondence takes place between the Cutcherries of the European Officers and the Talookes.

4 In proposing this change I do not wish to modify any part of the System which goes to prepare accounts in Mahratta for so long, as the more important of the documents of that class reach your Board in that language, so long will it be desirable to keep them in

Fort St. George 5th May 1851.

in Mahratta even in the Talook Cutcherries. I particularly refer to anzees and miscellaneous communications relating to the Revenue affairs of the Collectorate. At present, if an enquiry takes place before a Shanildar in regard to a petty revenue complaint brought to notice in a Tamul or Teloogoo petition presented to myself, it invariably happens that the papers recorded on the enquiry are Tamul (a few may be Canarese or Teloogoo) but the address to me from the Shanildar sending them up, is Mahratta. As my Jawabnavies Establishment now stands, this mixture of languages is of no importance, but it might be and has been the very reverse occasionally, in the time of my predecessor, it has been necessary to send for some one to come and read out the Mahratta anzee, of the contents of which the Jawabnavees could inform himself only through the aid of one of his subordinates. The same inconvenience may again arise. At all events in view to avoid its recurrence, I shall find my selection of competent Officers

restricted

restricted to those few persons whose training in this District, or one of its Cutcherries, has prepared them for the probable contingency—

5. Without being acquainted with, or desirous of bringing into the Collectorate any person on whose account I wish to enlarge the sphere of selection, I deem it most important, to the free and independent discharge of my duties that the native Officers under my control should feel that there are many others not belonging to their own particular class from whom I am able to procure the official assistance which the European authorities unavoidably require, and it is more especially with this object in view than with any other, that I venture to seek the disturbance of an order emanating from your Board—

6. I should add that in the matter of assigning Jawabnaveeses to the European Assistants attached to this Collectorate, I have of late been embarrassed by the necessity of employing under them orders native Servants acquainted with Mahratta when more desirable arrangements might have been made by appointing persons

persons ignorant of that language; but as that difficulty has passed away, I do not base my request on any now existing difficulty, but on the propriety of recognizing a different principle than that which has hitherto obtained—

Salem, Collector's Cutcherry 22d April 1851
B. No. 863.
Proceedings thereon
(30-31)

Signed H. D. Phillips
Collector

Under the circumstances pointed out in the above letter, the Board authorize the use of the Tamul language in all Revenue Abzees and accounts prepared for the Taloke and Hoozoor Cutcherries—There is no objection to the Endorsement of Petitions in Taloogoo and Canarese when presented by parties speaking those languages—

No. 51

To, W. H. Bayley Esqre
Secretary to the Board of Revenue
Fort St. George,

B. No. 992
From the Collector of Salem
(32)

Sir,

I have the honor to submit in the prescribed form, a Statement regarding certain Mootahs sequestered for arrears of revenue due up to the 11th March, or the Maussy Fuss of Fusly 1260, and request the sanction of the Board for the establishment employed to take charge of them—

Salem, Collectors Cutcherry 24th April 1851

Signed H. D. Phillips
Collector

No. 32

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

B. No. 284

From the A. Collector of Tennore dated 1st April

Para 1

Submitting the information required by the Board regarding the Chattrums and the Mosques at Pettah constructed by Ettarkhan

With reference to Extract from the Proceedings of the Board of Revenue dated 5th September last, I have the honor to forward prepared agreeably to the form therewith received the accompanying Statement No. 1 containing as much as can be ascertained of the information required by the Board in Para 3 regarding the Chattrums and the Mosques at Pettah constructed by Ettarkhan from which it will be observed that the Nunjah and Poonjah Lands belonging to the Institutions amount to seed Cottahs 1968–12–1¼ and chains 3,587 19/64 respectively as per ayacut and the Beriz thereof after deducting the Circar Demand to Rupees 13,932–6–10– The Beriz brought to account in favor of the Institutions during Fusly 1258 amounts to Rupees 8800–––1. The particulars of the disbursements of Rupees 4,113–9–10 made in Fusly 1258 and mentioned in Statement No. 1 which accompanied

36

accompanied my letter of 5th August last as well as the proposed scale for the future disbursement are also shewn in the above a Statement.-

2- It will be observed that Column 9 of the form has not been filled up. I have left it blank in consequence of being uncertain about the intention of the Board of Revenue with respect to the future allowance to the Institutions in questions. I trust it is not the intention of the Board to restrict the expenditure to 60 Rupees per annum. In the first place such a sum would scarcely maintain a single lamp it night during the year and would altogether put an end to the hitherto prevailing usage of giving food grains to a certain number of travellers. And in the second place to discontinue the supply of food to travellers and to resume the revenues of the Chattrams would be a most unpopular Measure and I am inclined to think at variance with the Law respecting charitable Institutions. I beg therefore most strongly to urge on the score both of policy and justice that the Lands of these Chattrams may not be incorporated with the Government

Lands

Lands and that the sanctioned annual expenditure for each Chattram may not be reduced below the scale now obtaining and which is set down in the account submitted as the amount proposed for the future. It will be seen that there will remain a balance in favor of the Chattrams fund after the proposed expenditure with which and the funds now in deposit and some other available Monies, I am about to propose in another letter in reference to Minutes of Consultation Revenue Department № 227 dated 1st March 1850 that a Lungurkhana should be established in connection with these Chattrams.-

As required in para 4 of

3.

the Extract under reply I have the honor to forward a copy of Mr Cottons English Register № 2 with a Translation of the Hindoovey Register № 3 shewing the Grants to the 55 Incumbents alluded to in Para 2 of my letter of 20th February last. The latter contains an additional Column for the word "Mamooli" which is entered opposite to the names of some of the Incumbents and also shews what amount was formerly and more recently disbursed

to

to the Yemicahdars. Previous to Fusly 1225 the full years allowance Viz^t Chuckrums 2232-9 fo was paid while in Fuslies 1225 and 1226 Rs 4736-7- for reasons mentioned in my letter of the above date only Chuckrams 1481-1-- and 1302-5-½ the former being 8 Months and the latter 7 Months Rs 3121-11-7 Rs 2762-13-3 allowance were disbursed. The 7 Months allowance only is now usually paid to all the Incumbents.-

4 Of the 55 Incumbents those marked A in the copy of the Register No 2 are alive and have drawn their allowances to Fusly 1259 those marked B are dead and the payment of their allowances never having been claimed by their representatives is discontinued.-

5. The Tahsildar of Nellicambalam Talook and the Town Cazy of Tinnevelly report that of the new surviving Yemicadars, the Individuals marked S perform services in Mosques and other places that the allowances of those marked M are for Maintenance and that all the recipients are the descendants of the original Grantees. It appears that some Yemicahs of lapsed Incumbents have been attached by former Collectors at their discretion and others

others continued to the heirs. such being the case I have the honor to recommend that the allowance to the Incumbents marked S may be continued in consideration of the services they perform and that the allowances to those marked M may be resumed on lapse of the present incumbents.-

6 As the Sundry charges of Rs 4,488-7-3, mentioned in the Statement No 2 which accompanied my letter of 5th August last, are also usually incurred from the Chattram Fund.- I have entered at the foot of the accompanying Statement No 1 in Col^n No 8 the sum required in future years for charges of similar nature. ctn account Particular for the disbursement of Rupees 760-15-7 mentioned in the 1st Para of the Extract under reply is herewith forwarded No 4.-

7 The Mosque at Pettah and its appurtenances have been made over to the Management of Madar Hussain Khan under the Sanction of the Board contained in Esctract from their Proceedings dated 26th September last.-

(Signed) C. J. Bird
Acting Collector

Tinnevelly, Trichendoor, 29th January 1851.-

Statement

6126 Fort St. George 5th May 1851.

Collector of
Madura

Sir

With reference to the accompanying copy of an Extract from the Proceedings of the Board of Revenue dated the 3rd Instant received in answer to a reference made to them on the subject of your letters of the 3rd May and 25th July last, I have the honor to request you will be good enough to send instructions to the Ryots of Sunodygoody to pay the Seerwah of the disputed land from the Current Fusly 1260 into the hands of the Meerasidars of Mettilputty and not to raise any objections to the Nuzzuranum of the latter Village proceeding to the disputed land to inspect the Cultivation of &c.-

2 I further request you will be good enough to inform me if after the adoption of this measure the Ranee does not come to any speedy acquiescence with the wishes

wishes of the Board in order that I may refer for the matter for their decision, as directed in Para 2 of the enclosed Extract.-

Tinnevelly . . .

Ordered

Fort St. George 5th May 1851

Ordered that the foregoing letter and the previous correspondence on the Subject be submitted with the following address.-

(40-41)

No. 191

To, The Chief Secretary to
Government

Sir,

B. R. 883.

To the Chief Sect. to Government - - -

Submitting correspondence with the Collector of Coimbatore relative to the proposed appointment of a Police Ameen and Reysam for the Town of Coimbatore and recommending that under circumstances stated the proposal be submitted for the sanction of the Government of India.-

Para 1 I am directed by the Board of Revenue to forward for the orders of the Right Honorable the Governor in Council the accompanying letters from the Collector of Coimbatore with a Statement in the prescribed form on the Subject of the appointment of a Police Ameen and Reysam for the Town of Coimbatore.-

From Coll. 21st Oct.	in Cons. 2 Dec. 1850
Pro. 2nd Dec. - - -	Do
From Coll. 22nd Jan.	in Cons. 10th Feby 1851
Pro. 10th Feby 1851	
From Coll. 28th Feby	in Cons. 17th March 1851
Pro. 17th March	Do
From Coll. 12th April	in Cons. 5th May 1851

2 In consequence of the troublesome and arduous nature of the Police duties devolving on the Head of Police in the populous Town of Coimbatore which has lately become the scene of several robberies the Collector is of opinion that the Tahsildar of the Station is not able alone to contend with the difficulties of the Police duties. It is therefore proposed that a reduction should be made in his salary from Rupees 120 to 100, this sum being equal to the highest rate of pay given by other Tahsildars in the same District.-

3 The difference Rupees 20 Mr Thomas suggests should be appropriated towards the payment of the Police Ameen to assist the Tahsildar who with a Reysam acting under his orders will it is said be quite equal to the Police duties of the Town of Coimbatore.-

4 It will be seen that the only additional expense to the State proposed by this arrangement is the pay of the Reysams which has been fixed at Rupees 6 per Mensem.-

5 The Court of Foujdarry Adalut having recorded their opinion of the necessity for these appointments the Board of Revenue beg to recommend that they may receive the support of Government and be submitted for the sanction of the Government of India.-

No. 922.

To
W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

B. R. 922.

From the Collector of Canara - - - -

Forwards replies to the Board's Rules for the Settlement of the Land Revenue called for in their Secretary's letter dated 18th January 1850.

42

Sir,

Para 1. I have the honor to acknowledge your letter of the 10th January 1850. and to forward a Copy of the Board's Rules for the Settlement of the Revenue from the Land with a few Inarginal remarks.-

2 Having already written at some length on the subject in the Salem District and having been unceasingly occupied since my arrival in Canara in making myself acquainted with my new duties I trust I shall be excused for not having sooner turned my attention to this subject and for the meagreness of the remarks which I now submit. The fact is that the rules are scarcely applicable to this district where the System of revenue administration is very different from what is generally called a

Ryotwary

Ryotwary field assessment, and I believe it is not possible to draw up within a moderate compass a set of Rules which shall be applicable to the varying circumstances of distant and extensive provinces.-

Collector's Cutcherry
On Circuit, Agoombay
14th April, 1851.

Signed F. N. Maltby
Collector.

Enclosure 1.

Rules for the Settlement of the Revenue from the Land.-

Dittum or Engagements of the Ryots.

1. The Kabooliat or Dittum shews the engagements of the Ryots for the year. It differs from the Dittum of the preceding year only, as land from various causes may be newly taken up, or relinquished. Many Holdings continue the same from year to year.-

2. The Dittum shall be formed at the commencement of the season for cultivation and shall be closed as early as practicable. An abstract of the Dittum, prepared Village-wise will be forwarded by the Tahsildar to the Collector every 15 days, the Pottah or individual Chittah being retained in the Talook Cutcherry.-

3. The Tahsildar will be held responsible for the preparation of the Dittum accounts. His personal attendance will be given as far as practicable, and he will depute the principal Officers under him to such Villages as he cannot personally examine.

Occupation and relinquishment of Land..

4. Occupants of Land are at liberty to enlarge or contract their holdings in both cases by entire Fields..

5. Where a Field is large, subdivision will be permitted, if the separated portions will form Convenient Holdings, but not otherwise. In cases of relinquishment, a Rajeenamah to that effect will be required; without this document the party will not be relieved from liability for the rent..

6. Land, when relinquished, shall be in proportions, of what is usually termed good and

and bad land so that the Field or Fields given up may form an eligible holding for another occupant. But a deteriorated Field or Garden, or a Field altogether unprofitable may be given up without restriction.

7. A separate number or Field is the minimum extent allowed for a holding. If the Field is of such extent as may readily admit of subdivision, or, though small, if the separated portions will form convenient Holdings as Gardens for instance, sub division may be made - but the previous consent of the Collector is necessary in every case..

A

8 A Field may be taken up by two or more persons jointly, but division of the Field will not be allowed afterwards, unless subdivision can be conveniently effected as above required.

Boundaries of Fields and Remeasurement of Fields when Fraud is suspected.

9. The extent and Boundaries of Fields have been either determined by Survey or are duly recorded at length in the Village accounts. The Re-measurement of a Field will not therefore be allowed except with the consent of the Collector.

If

If from suspicion of Fraud or on other sufficient ground it is determined to test the recorded measurement, increase and decrease respectively will be adjusted according to local usage in favor of or against the occupant as the case may be.

10. It is the duty of the Village Officers and subordinate Revenue Officer in charge of a subdivision to see that the Boundaries of Fields are preserved. An affidavit to that effect signed by the Potail and Curnums and Countersigned by the Subordinate Revenue Officer in verification

verification of the truth of its contents shall be appended to the adungal accounts in each year.-

Transfers of Lands.-

11. Fictitious engagements as an occupant entering land in the name of his servant, Dependant, relative or other, shall not relieve the bonâ fide Holder from liability to pay the assessment of such land.-

12. Transfer of land by sale, Gift or Mortgage shall be duly recorded in the Village Register.- Transferrees become responsible for the assessment of the land thus conveyed.-

Land

13. Land transferred shall be in entire Fields and shall consist of proportions of good and bad according to the construction of those terms in Para 6 above.

14. Land left uncultivated in consequence of the neglect or absence of the owner may be taken up for the time being by any other person, but the right of the original Holder to re-occupy the land within a given period according to the usage of the District shall not be superseded thereby.- As the temporary occupation of land as above described is

is intended to provide
in the best way
circumstances will
admit for the Revenue
of the year the owner
will not be exonerated
from such balance
as may have accrued
in consequence of
his neglect or absence..

Assessment.

15. Land in
the Revenue accounts
is termed Dry. Wet.
and Garden - Specific
rates of assessment,
fixed by survey or
otherwise, obtain for
each description. -

Dry

Dry applies to land
on which Products are
grown by means of the
falling rains alone.
Both Wet and Garden
land are irrigated
by artificial expe-
dients as Wells
Tanks and River
Channels..

16. Irrigation is
provided either by
the Government or
the Ryot - If by
the latter due allow-
ance is made for the
expenses incurred, ex-
consisting of original
outlay, and after ex-
charges, according to
the nature of the
work..

17. The assessment
is fixed for the most
with reference to the
productive powers of
the

the land and not with
reference to the descrip-
tion of Product grown.
Irrigated land bears
a higher assessment
than land dependant
on the falling rains
alone. In some
places the particular
product regulates or
the assessment - this
rule where it prevails,
will continue till
superseded by the
principle which ad-
justs the assessment
on the soil without
reference to the article
grown - With this
exception occupants
of land are at liberty
to grow whatever pro-
ducts they please
without restriction -
provided the regulated

D.F. assessment

assessment is paid.
Thus occupants of
Dry land are not
restricted to the ordi-
nary dry grains only
if the moisture obtained
by the periodical rains
will admit of their
growing other products
on the said land, and
holders of irrigated
land in like manner
may apply the water
at their command
for the raising of not
only Paddy but of
Cocoanuts, Tobbacco
Chillies and any other
articles.

18. Lands irrigated
by Tanks and Chan-
nels are classed as
one crop and two
Crops as the case may
be. The assessment
for the 2d Crop in
two

two Crop lands is usually
1/2 of that fixed for the
1st Crop - If both crops
are grown, 1/2 of the assess-
-ment will be levied -
if one crop only is
raised, the demand
will be limited to 2/3 ds
of the Assessment fixed
for both crops --

19. In single crop
lands if a 2d Crop is
raised, the assessment
of such crop will be
entered in the accounts
as Fuzul Jastee - On
the other hand, the
assessment of the 2d
Crop in 2 Crop lands
when such 2d Crop
is not grown will be
entered as Fuzul Cum-
-mee --

20. Some irrigated
lands are assessed with
a Consolidated rent
without

without distinction of
one and two Crops - This
rule prevails where the
certainty of water will
allow - In such cases,
the consolidated
amount will be levied
without reference to the
number or nature of
the crops raised --

21. The tax for
irrigated land is usual-
-ly limited to the entire
assessment for two Crops.
All additional pro-
-duce as a third crop
of whatever Kind may
be enjoyed without
further impost, provided
the same is cut before
the ensuing Season for
Cultivation and provided
the land has sufficient
repose before the Crop-
-ping of the next year

22. An additional
demand

demand is not usually made on account of additional Crops raised on Dry lands dependant on the falling rains alone. Where it is otherwise the practice will not be disturbed..

Additional assessment when leviable..

23. Land will be liable to an additional Demand under the following circumstances..

24. Dry land converted into Wet by means of irrigation provided by Government will be liable to the assessment fixed for irrigated land of a similar quality in the same or neighbouring Village..

25 The same rule applies to Garden land.

land converted into Wet under irrigation provided by Government..

26. When a 2d Crop of whatever kind is grown on Dry land with Government water an extra cess will be imposed for the occasion according to the usage of the District in addition to the Dry assessment, and such extra rate will be entered in the accounts either as Kuser or as Fasal Rates according as one or the other term is in use..

27. Water cannot be diverted from the land to which it is ordinarily applied without the permission of the Collector..

28. A Ryot is not permitted

permitted to give up the cultivation of the 1st Crop in two Crop land and cultivate the 2d under the impression that a portion only of the assessment will be imposed. Fuzul Cummee as defined in Para 19th will be allowed for Special reasons only, as failure of water.-

29. In seasons of drought when the means of irrigation fail or in any particular case in which there is an absolute deficiency of water, Ryots may apply for permission to grow Dry products on wet lands. The assessment of adjoining Poramboke lands in the same

Village

Village will be levied in such cases, and the difference between that rate and the ordinary assessment of the land will be entered in the accounts as Seerwa Cummee.-

Pasture Lands.

30. Lands usually appropriated for Pasture may be occupied for that purpose at the assessment fixed for the same. Land entered for cultivation in the accounts and occupied for pasture, will be chargeable with full assessment.-

Para 30 and 31. Not applicable to Canara.

31. In some Districts a portion of the entire assessment of a Put. Cut is remitted for grass.-

32. The Dittums as has been already explained shows the engagements of

of the occupants of Land for the year. The Settlement on the other hand shows the Demand with the abatements allowed with reference to season.

Remissions.

33. Abatements will be allowed.— Paras 33 to 38.

First. For Wet lands left uncultivated in consequence of the failing rains and of the means of irrigation having failed. In such cases, the entire assessment of the land will be remitted. The same indulgence will be accorded to Dry lands uncultivated and to Land ploughed, but not sown in consequence of a failure of rain. Such remission are entered in

These rules do not apply to this District where dry and Wet lands are all grouped into Estates. Where an unfavorable season renders any remission of the assessment absolutely necessary it must be adjudged upon the general out turn of the Estate for that year as well as upon the particular yields

the accounts as Cabooliety or Dittum Bungery but no remissions will be granted if land is left uncultivated in consequence of neglect when means were at hand.

Secondly. For Wet crops which have entirely perished from drought or inundation. where losses are sustained from these causes, such portion of the assessment will be deducted as may appear proper under the circumstances of the case with reference to the out-turn of the whole cultivation belonging to the party claiming remission and to the advantages arising from the prices of the year. A crop will be considered to have perished

if

if it does not come into
ear.-

No claim for
remission on account
of loss of Crops will
be admitted, if it
has not been verified
by the Tahsildar or
by one of his Subordi-
nates under Special
orders from him.-

Thirdly. Deduction for
Fallow / Podoo Kaul /
for a limited period
according to the usage
of each District will
be allowed and the
party will be at liberty
to retain the land in
his Puti Cut for such
period free of assessment.

34. Remission will
not be allowed for
failure of Dry Crops
nor when an land
has been left waste

for

for Evans or Zemindary
Land.

35. Remission will
not be allowed for Garden
Land left waste, nor
for failures of Garden
Crops.-

36. Omission on
the part of an occupant
to cultivate the land
wet, Dry or Garden com-
prised within his Hold-
ing or any portion there-
of when means are avail-
able will not be admit-
ted as a plea for re-
mission.-

37. As a general
rule Remission will not
be granted under any
circumstance for parts
of a Field left un-
cultivated - exceptions
will be allowed for the
present to meet local
usage in this respect,
but

but the general rule should be enforced as far as practicable ..

38. The assessment of land used as seed beds / Natungal / will be remitted when a Crop is not raised, if sanctioned by the usage of the District, but not otherwise ..

Dasabundum Remissions.

39. Dasabundum Remissions as now sanctioned will be allowed as usual. If the irrigation of Dasabundum lands is neglected, the local Officers will report the same to the Collector.

Teasgaree.

40. Remission to certain Casts denominated Teasgaree, Vendra, &c. will be granted according.

according to custom - occupation of land under fictitious arrangements in order to obtain a deduction under this head will not be allowed - Land jointly held by the privileged Class and others will be entitled to Remission to the extent only as may belong to the former ..

Wells and other Sources of irrigation Constructed with private means. -

41. The general question of Well Cultivation is under consideration and rules will be fixed hereafter - Meanwhile the present practice will not be disturbed

Wastes.

Waste lands cultivated on Cowle..

42. Waste lands taken up for cultivation shall be liable to the following rules.-

Land 5 years waste and under shall not be entitled to favorable Terms.-

Land upwards of 5 years waste shall be entitled to remission according to local usage..-

43. Cowle will not be allowed for Fallow of the description noticed in Clause 3rd Para 33..

44 In special cases as clearing the land of Nut as in Bellary and Cuddapah, special terms.

Para 42. to 48.

There is little land in Canara which remains to be appropriated and brought into Cultivation except forest lands the terms upon which these are given must vary with an infinite variety of circumstances and I think that the Cowles should be very liberal..

terms will be according to the usage of the District..

45. Land will not be given on Cowle when the party cannot satisfy the local authorities that he has the means of fulfilling his engagements. Nor will an occupant of land be allowed to give up or contract his Holding in order to cultivate waste land..

46. The Cowle rates will be levied whether the land is cultivated or not..

47. Waste land unassessed will be assessed with reference to the rates for land of similar quality in its vicinity.

Land

48. Land may be occupied for planting Topes on the terms specified in the printed rules framed for that purpose.-

Back Yards.-

49. The Back yards of Ryots will be exempt from assessment according to local usage.

Enams.

50. Enams will be continued as usual; but Enams on which crops may be raised by means of Circar water will be liable to a specified demand for the water.-

51. Enams abandoned by their owners and Enamiems belonging to religious

and charitable institutions which are gone to decay will be resumed.-

52. Enams on which a Jodee or quit rent is payable will be resumed if the Government Demand is not punctually discharged.-

Rewards for information regarding concealed Cultivation.-

53. If given before or at the Summabundy, the informant shall receive a reward not exceeding 50 per Cent of the amount embezzled or defrauded; if given after the Summabundy, the reward shall not exceed

30 per Cent of the said amount. The sanction of the Board will be necessary in each case before payment is so made..

Returns of Cultivation.

54 The Returns of the Cultivation so shall be shown in Form No 2 / printed / this Statement will be forwarded to the Tahsildar in the middle and end of each month signed by the Potail, Curnums and subordinate Revenue Officer of the Firka or sub-division. The Tahsildar will submit an Abstract of the same to the Collector

Collector within the 10th of the following month..

Adungul Accounts and Jummabundy Chittah..

55. As soon as the Cultivation is closed, the Village Officers will prepare the adungul accounts. These, after verification by the Tahsildar and the Officers under him will form the materials for the Jummabundy Chittah. The Survey accounts and other standard records will be used when necessary for purposes of verification.

56. The Jummabundy Chittahs

Puttahs shall shew
the particulars of the
land held by each
Ryot with the assess-
ment thereon, and
will be drawn up
according to the Forms
supplied by the
Board of Revenue.
The signature of
each Ryot will be
attached opposite
to the particulars
which have reference
to him..

57. It is desir-
-able that every item
of Demand should
be included in the
Summalundy Chittah.
A separate Statement
called Sevoy Sum-
-mah will be allowed
for such items only
as

as cannot be brought
into the Summalundy
Chittah..

58 Puttahs shall
be prepared and
issued to each Ryot.
The particulars as
shown in the Sum-
-malundy Puttah
shall be entered in
the Puttah, with
the periods when
the Kists are
payable. The arrears
due by the Ryot
shall also be entered
Fusly wise in the
Puttah..

59. Where lands
are held jointly
by two or more
persons, the name
of each sharer shall
be specified in the
Puttah, but the

Bd. No. 866.
Proceedings

1 The only case recorded in the foregoing Return is that of Soobiah Tahsildar and Head of Police of the Taluk of Suttimungalum, who has been suspended for one year by the Collector "for gross negligence" and other irregularities in his Police duties.

2 The Board observe that a Collector is not empowered to suspend a Tahsildar or Head of Police for so long a period without their sanction and that the proper course in cases of suspensions of Officers of this Class is for the Collector to pass an order for suspension pending a reference to the Board to whom he should report within 14 days.

3. In referring Mr. Thomas to para 6 of the orders of Government 19th May 1835 and 1st in Consultation 10th June 1850, Judicial Department, the Board request that he will submit a report of the case of Soobiah in accordance therewith for their orders.

Revenue Department

No. 305

Extract from the Minutes of Consultation under date the 28th March, 1851.

Read the following papers

From the Secretary to the Board of Revenue (Here enter 9th January 1851 No. 15)

Extracts from the Proceedings of the Board of Revenue (Here enter 23d and 30th Jany 1851 Nos 38 & 47)

Bd. No. 748
From the Secy to Govt
Sanctioning the actual Disbursements on account of Temporary Establishments in several Districts in Fusly 1259 and the estimated disbursements on the same account in Fusly 1260.

Para 1 The Right Honorable the Governor

Governor in Council sanctions the actual disbursements in Fusly 1259 on account of temporary extra Establishments ordinarily employed in the Districts under this Presidency amounting to Rupees 41,730-11-6 Forty one thousand Seven hundred and thirty, Annas Eleven and Pice Six, including the charges entered in the Supplemental Statements submitted with the Board's Proceedings of 23d and 30th January last. The charges on the whole present a decrease of nearly 4000 Rupees below the amount of the Estimates sanctioned by Government for that year.

Per Statement No 1 received with the Board's letter 9th Jany 1857	}	Rs 41,429. 6. 4	
Per Do ———	23d " —	231-5-2	
Per Do ———	30th " "	70 - - -	
	Total Rupees	41,730. 11. 6	
Estimate of Fusly 1239	Rupees	45,503-12-3	

2. The Governor in Council also sanctions the estimated charges on the same account for Fusly 1260 amounting inclusive of the Supplemental Estimate for Pajahmundry to Rupees 43,884-10-9 Forty three thousand, Eight hundred and Eighty four, annas ten and Pice Nine. This amount

General Estimate	Rs	43754-15-0
Supplemental	Rs	129-11-9
Total	Rs	43,884-10-9

This amount though below the estimate of Fusly 1259 by nearly 1850 Rupees still exceeds the actual expenditure of that year by Rupees 3500 of which the greater portion it is observed is under the head of Salt the manufac: ture of which, it is expected, will be larger in the Current Fusly - Some part of the increase or Rupees 445 is estimated as the Cost of Establishments pro: posed to be entertained for inspecting the harvest and securing the produce in the Masulipatam and Tinnevelly Districts; no similar charges having been incurred in the previous Fusly exceptting a trifling sum of 25 Rupees in the latter District - The estimated charge on account of Batta to Pensioned Sepoys employed in the Salem District is also Rupees 400 above the actual disbursement for Fusly 1259, some casualties which occurred among the Sepoys not having been filled up in that year - The other items

Canara	Rs 377-0-0
Madras	" 534-0-0
Rajahmundry	" 801-0-0
Vizagapatam	" 455-0-0
Increase Salt	2,167-0-0

Masulipatam Nos 2 to 4	Rs 240-0-0
Tinnevelly 2	" 203-0-0

items of increase are individually of trifling amount, and call for no particular remark:

3. There are however some charges which should not have been included in the General Estimate, and other items which require explanation and these the Government proceed to notice:-

4. A Servant of this description it is observed has been employed in South Arcot for upwards of 30 years and upon various duties, as explained in the Collector's re: marks on the Statement of actual charges for Fusly 1258. In their letter of the 3d May 1847 No 219 the Board of Revenue submitted in reference to a remark on Sundry items in the Esti: mate for Fusly 1256 that the services of this Goomastah were absolutely ne: cessary, and could not be dispensed with, and under this explanation the Government permitted the continu: ance of his employment. The Governor in Council does not therefore see the necessity of retaining the Goomastah any

South Arcot 1 Pymash Goomastah at 28 Rupees per month	Rs 336-0-0

Esc. Min: of Cons: 25th March 1847 No 400 para 2.

any longer in the List of temporary extra servants, and directs that he be brought on the permanent Establishment of the District from the commencement of the ensuing Fasly..

Canara Establishment for the amin: deves Islands Rs 636-- --

5. This being the ordinary permanent Establishment maintained in the Amindevi Islands under the sanction of Government should not have been included in the estimate of Extra Establishments and will in future be entered on the fixed Mayen Zabi: tah of the Canara District, the dis: bursements on account being passed by the Audit Office in common with other permanent charges.

Masulipatam
No 7 Value of a Dhoney purchased for conveying the Ryots &c across to the Islands in in the Collair Lake Rs 34-- --:
8 Repairing the same — " 16-- --

6. These two items should properly have been included in the esti: mate of Extra Charges and full explanation afforded of the necessity of the pro: posed disbursement. As the expen: diture seems to have been already incurred by the Collector and the Board recommend it the Governor in Council will not now object to it, but he must observe that

that he sees no reason why this charge should be borne by the Govern: ment. There is further a sum of Rupees 104 estimated as the wages of 4 Ferry Men for conveying the Ryots &c across to the Islands in the Collair Lake. The Government desire to know whether the Ferries at which they are employed may not be farmed out without inconvenience to the Ryots instead of being maintained at the public expense..

* Nos 13 & 14 in the same Estimate

Same District
No 17. Wages of Pygustees preserving the Soap Nuts produced in the Jungle — Rs 124-- --

7 The Board will obtain and submit to Go: vernment a return of the revenue realized from this source for the last 5 years contrasted with the — — expense of the Establishment main: tained for collecting the Soap Nuts and State at the same time whether this item of revenue may not be conveniently farmed out like other Jungle products..

8. Such portion of this — Establishment as may on a con: sideration of the Collector's promised report, be sanctioned as a — permanent

Salem District
Pensioned Sepoys Rs 4,228-14--

permanent charge will in future be included in the Mayon Zabitah of the District and passed by the audit Office in common with other fixed Charges :-

Government Plantations Pa 72-1

9. Under the arrangements re:commended for renting out these Plan:tations it was proposed by the Col:lector to dispense at once with the Services of the Gardeners hitherto em:ployed at the cost of Government which was accordingly sanctioned - Their wages, which are estimated for the whole year, will of course be dis:bursed only to the period of their discharge :-

Ex: Pro: Bd of Revt 10th Octr 50 No 412
Min: of Exns: 24th Octr 1850 No 999.

10. The Board of Revenue were requested in para 4 of the Extract Minutes of Con:sultation 6th April 1850 No 331 to instruct the Collector of Salem not to enter these servants in his future estimates of extra establish:ments. As the standing Guard is maintained for the safe Custody of the convicts working under the orders of the Magistrate, the disbursements on that account should

Standing Guard of a Sailor and 6 Peons for the Custody of the Convicts Rupees 504.

should be submitted through the Fouzdaree Adawlut in the General Statement of Contingent Charges an:nually laid before Government, as directed in the orders passed upon the Separate communication from the Judges dated 5th February last No 8.

Secretary to Government.

B. No. 901.

Order thereon:-

11-12

Ordered to be communicated to the Collector of South Arcot, with reference to the Statement from his Office dated 12th February 1851.

Read the following letter.

Political Department.

No. 181.

To, The President and Members of the Board of Revenue.

Gentlemen,

B. No. 1016.

From the Chief Secretary to Government.

13

I am directed by the Right Honorable the Governor in Council to forward for your information Copy of a correspondence received from the Secretary to the Government of India.

Fort St. George, 28th April 1851.

/Signed/ H. C. Montgomery
Chief Secretary

To

Fort St. George 8th May 1851.

Copies.

No. 11 of 1851.

To,

Sir Henry Elliot K. C. B.
Secretary to the Government of India
with the Governor General
Head Quarters.

Sir,

1. I am not aware that the practices of the "Othaeegeeras" or Sunoreahs of the Tehree Dutteeah, Shahgurh and Chundeyree or Banpore States have been before brought to the Notice of the Government of India, or to the Governments of the Subordinate Presidencies. I therefore submit the copy of a report from Major Harris, Superintendent of Chundeyree, dated the 31st January, containing information respecting the proceedings of the above named people, which the Most Noble the Governor General may deem deserving of distribution to the Magistrates and communities of India, for the purpose of putting them properly on their guard against the arts performed by Sonoreah professional thieves, for the purpose of obtaining other persons goods.

2. The Bundlecund states implicated herein (with exception of Chungeyree which is a part of the territory assigned by Scindia for the

the escpenses of the Contingent under the Treaty of 1844 at present under the management of the Superintendent Major Harris / escercise an independent rule withins their own limits. Banpoor is a small state now representing the Raj of Chundeyree, which was spoiled by Scindia. We obtained from Scindia a restitution to the Banpoor Raja of one third of Scindias usurpations, and the other two thirds which he retained were eventually ceded to us by the Treaty just mentioned.

3. The connection of the Government of these states with professional thieves and vagabonds, is an apt commentary on the morals of the Bondelah Princes and principalities. They are the offspring of plunderers, and had never known civil laws or national obligations and restraints till their relations with the British power brought them into contract with the European system of civilization and manners.

4. How naively do the state of Tehree and the Raja of Banpoor confess themselves to be the confederates of thieves.

J

5. I transmit also a copy of Major Harris' letter to me dated the 30th January and English enclosures in the case of 14 Sunoreahs, who robbed the Calcutta Shop keeper in February last year of 3000 Rupees worth of property, all of whom / except No. 14 the approver to whom the Superintendent promised pardon / I have sentenced to an imprisonment in the Lullutpore Jail for seven years with hard labor, as will appear from the copy of my reply also transmitted. Act XI. 1848.

6. I take the liberty of recommending that the states who are known to harbor professional thieves have a severe lecture read to them, and that Tehree and Banpoor on this occasion be fined, the former in the sum of five thousand Rupees, and the latter in the sum of one thousand Rupees, for the reparation of the injury done to the British subject who suffered from the escploits of their Sunoreah subjects in February last at Calcutta, and to meet the cost of dieting and detaining the 13 convicts in prison for seven years.

Gwalior Agent's Office.
Camp Rutoora,
the 7th February 1851.

/ Signed / G. A. Bushby.
Agent Governor General.

To,

Fort St. George 8th May 1857.

No. 141.

G: A: Bushby Esqre.

Agent Governor General for

Scindiahs Dominions.

Sir,

1. I have the honor to report that when investigating lately a case of exctensive robbery committed in Calcutta by the notorious Sonoreahs or Ootharegerees of this part of the Country circumstances were revealed that convinced me that the Organized system under which these people carried on their calling to the remotest parts of Hindoostan, was unknown to our Government Officers.

2. They have hitherto I believe been considered in the light of travelling shop lifters who when detected on a summary enquiry received 10 or a dozen rattans, and were let loose to carry on their profitable calling with almost impunity.

3. I have submitted to you in the accompanying Robcarree a full and particular account of these people, derived from the evidence of their Chiefs taken on oath in my presence and attested by two respectable witnesses

Fort St. George 8th May 1857.

witnesses, which I think may prove interesting, as well as a useful check on these people, by making it known to all Magisterial Officers throughout Indian.

4. During the investigation of the Calcutta robbery before referred to, the following Villages were named as being especially Sonoreah Villages, and known throughout India amongst the Sonoreahs as.

"The 12 Villages" Buragaon.

Chur poora		
Kur poora		
Munowra		
Sumrar		Tehree.
Tindaree		
6. Kurmaree		
7. Muroura.		Shahgurh.
Banpoor.		
Beer		Banpoor.
10. Oodair		
Rora		
12. Purhree		Dutteah.

all inhabited chiefly by Sonoreahs, Bunneeahs, Shoomars and Maiters, being the only castes who are excluded from the brotherhood.

5. The same rules are observed by

by the Sonoreahs of all these Villages, though the present enquiries have not embraced those of the Dutteah state.-

6- Ghareeba, Sonoreah resident of Kurpoora in the Tehree district, whose family for several generations had been Sonoreahs, offered to give me information of several esctensive robberies that had been committed within the last two years by these people in the most distant parts of India.-

Viz^t. No. 1. Panwell near Bombay. Awatch

2. Dooleah in Randeish 1,700 Rs.
3. Ahmedabad in Do.
4. Gurruspoor ——— 1,656 Rs.
5. Bombay ——— Awatch
6. Nagpore ———
7. Jubulpoor ——— 875
8. Nasuck ———
9. Jubulpoor ——— 686.
10. Dooleah in Randeish - 700
11. Patna ——— 509.

and produced "Dusseers" or clues to them.-

7- Finding that one of the elders in high estimation of the brotherhood, had betrayed the secrets of the craft, I received a

a deputation from the heads of "Burrahgaon" stating that they would answer faithfully any enquiries I wished to make-

8- They distinctly affirmed on oath that their pursuits were well known to their own Governments, that the Lumbardars of the Village on the part of the Government is the appointed Mookeah or Chief of the Sonoreahs of his own Village.

9- Each Village has from 7 to 10 "Dals" or gangs registered by their Government, Lalla Kishore Canoogoe being the Official at Tehree who keeps the Sonoreah Dufter. The Sonoreahs number upwards of 4,000 in Tehree, about 300 in Banpoor, and about 300 in Dutteah.-

10- That Ladlie Koorea is the appointed Mokuddum or head Mookea on the part of the Tehree Government over the 12 Villages whose duty it is to arrange all disputes amongst the Sonoreahs arising from unfair division of spoils, and to receive from the Sonoreahs, on their return from distant expeditions, articles of "Vertu" or value, worthy of being appropriated by their

their Government.-

11. The Mookeas state that immediately after the Dusserah every year the gangs of the several Villages depute their Mookeas to consult their favorite Bramin Priest who resides at Lahur in Chundeyree as to the propitious signs to be observed by them. After due time he informs the applicant that his luck will be towards the South, and such an hours and day is propitious to start.-

12- This is communicated to his own gang and an invitation given to all stragglers or who do not belong to any particular Village or gang to join in the distant excursion. At the time named, they all meet at an appointed well or tope, and start / for instance / for Jubulpore, the South having been the propitious point of the compass indicated.-

13. Arrived at Jubulpoor, the gangs consisting of 50 or 60 men, the Mookeas tell them off into parties of 10 or 12, appointing a Sub. Mookea, to take charge of them, and give an account hereafter of their earnings, merely expending what is necessary for their actual subsistence,

DF

these parties being detached several-ly to Nagpore Hydrabad, Indore &c the Head Mookea of the "Nal" retain-ing a strong party with himself at Jubulpore to carry on operations in that large city till the return of the detached parties who are enjoined to return, whatever may be their success, in the following July to Jubulpore, to render an account of their proceedings.

Should the amount be equal to 40 or 50 to each individual they return at once to their houses in time to cultivate the land for the summer Crops; if the amount to be divided does not equal their expectations the parties are again detached / but changing directions / by the Head Mookea, who returns himself with the several shares, and distributes them to the families of his party.

15 Should there be any valu-ables worthy of being presented to the Government, the Mookea of the gang accompanied by the Lumberdar or Mookea of the Village proceeds to Ladlee Khoah the Head Mookea of the 12 Villages, who with the Mookea of the Village in question proceeds

proceeds to Tehree to deliver up the Hulk of the Sirkar.

16 In the Kandeesh (Bombay Presidency) Cases Nos 2 and 10 of the List before mentioned it was proved that 2 very handsome and valuable pearl nose ornaments were presented by the gang, through Laddee Koreah to the Tehree Government, for which the thief received from the Government 15 Beegas of land as a rent free grant in perpetuity on the occasion of this robbery; the property stolen was estimated at 2500 Rupees which I have traced; such aggressions upon our subjects cannot be called or trifling or petty thefts.

17 In the Patna case amounting to 509 Rupees it was proved, that a handsome pair of arm ornaments valued at 100 Rupees reached the Rajah of Banpoor, also in each of the Bombay cases, a watch reached the Rajah of Banpoor; these robberies having been committed by Sonoreahs of Beer in the State of Banpoor.

18 The Governments of the Tehree and Banpoor States being known to tolerate and reward these people, they dispose of their spoils in open

open day in the market places and bazars of those states to Seths, Sonars and Bunneas, who are all well acquainted with the calling of these people, and afford them a ready opportunity of selling gold, and other valuable at half their value, and thus an encouragement is afforded them to pursue their thieving avocations.

19 During their absence for one or two years on a distant execution, the Village money lender feeds the Sunareah's wife and family, and takes broken gold or gold Mohurs (Stolen property) at little more than half their value in payment of the account run up in his absence.

20 Deonee Singhaee of Tehree is proved to have brought openly a bar of gold part of the Kandeish robbery, 79 tolas of the finest metal at 16-6-0 the market price for the same kind being 21 Rupees per tolah, knowing that such a valuable could not have been obtained by fair means; and he acknowledges to the same. The owner was a banker travelling from Bombay westward; and cannot

cannot be discovered; yet as the robbery was committed in our territory, as confessed to, our Government has a claim to the proceeds as a "Lawaissee," the exacting such as a fine would be the greatest check possible to the Sunneahs finding ready purchasers for their stolen spoil.

21. Finding by the sworn testimony of all the Mookeas that the states of Tehree and Banpore openly received all articles of value, obtained by the robberies of the Sunneahs, who resided in their several Villages, I invited both these states to communicate what was their practice relating to them. Copies of the Khurrectahs from both states are attached to these proceedings in which the facts deposed to are admitted and the plea advanced by both states for tolerating such practices is the circumstance, that no Government, British or Native, had ever forbidden them.

22 It is necessary to remark that these people never practice their callings in the States

where they are tolerated and recognized.

23 One of the most important points elicited by the investigation is that they have a Slang or "Bolie" of their own, well known to the brotherhood throughout India, their children being instructed in it from early youth. I have attached to the proceedings a list of several words chiefly in use with them, obtained from the Mookeahs, while under examination, admitted by several with great reluctance, who indignantly asserted that had not Ghaseeba my informer faithlessly betrayed the Craft, they would have allowed their flesh to be torn from their bones rather than have disclosed a word, that as often as they have been apprehended on suspicion, or been detected with stolen property on them, such a disclosure of their System and Bolie had never been made; but now their calling or occupation would be gone.

24 They have their "Chaunees" or head quarters in the several parts of India

India they resort to.

25. For Calcutta, the Serai of the Raja of "Burdwan," is their Chaunee, where there are never less than 200 Sunnoeahs practicing their calling on the unwary travellers, who partake of the hospitality of the Raja; the Sonoeahs themselves re-:-:ceiving daily with the travellers assembled, their food from the bounty of the Rajah. From this Depôt the "Nals" or gangs in Calcutta are re-enforced, returning to this favorite resort, to account for or divide the spoils accumulated in Calcutta.

26. For the South Gopalpoor Ghaut near Jubbelpore, is the Chounee or Depot.

27 For Bombay and Goozerat the Village of Naryard, 3 Kos North of Ahmedabad in Goozerat is the Chaunee, the Lumbardar of this Vil-:-lage receiving a portion of the spoils of each gang, to secure his good will.

28. Having related all that occurs to me to be necessary, beyond what is set forth, in the Persian robcaree I beg to suggest, that

that the states of Banpoar, Tehree and Dutteeah have it in their power to break up this organized system of robbery practised on British sub-:-jects throughout India by their sub-:-jects, with their knowledge and approval. A System that is governed by the rules of Discipline, from the Government servant who keeps the Register of these people through the several grades of Mookeas, to the single Sunnoeah, who owns to no Village or particular gang. The States of Tehree and Banpoor have solicited the orders of our Government for the future for their suppression.

29. When communicating with the Magistrate of Patna relating to the case in the list, he expressed a wish that I would furnish him with all the particulars I could of the manners and habits of these people, I would beg to suggest with deference that an outline with the list of their "Bolee," or acknowledged slang hitherto quite unknown but to themselves, might be published for

for the general information of Ma:gistrates and Police Officers. This knowledge might be a great check to the gangs of those people who at this time are spread over India pursuing their robberies..

30 Ghureeba, the Sonoreah who was my informer and disclosed the whole of the system will be no longer tolerated in Tehree, either by the Government or his fellow Sonoreahs, I would beg therefore to re:commend that one of the old and ruin:ed Villages that have nothing left but the name and of which there are many in the Mahrownee district, may be given to him for a term on a nominal rent where he may settle with his family and followers and take to the plough for the future.

Dated Lullutpore 31st January 1851. } (Signed) P. Harris, Major Superintendent Chundeyree.

Translation of a Purwanna from the Raja of Banpoor dated 22d November 1850. After Compliments..

States your Purwanna has been received, mentioning that from the evidence of several Sunoreahs,

a

a watch stolen by the Dothace:gerus has been presented to you through Khyrunut Khan Rampersaud and Bindooput Chowdry, and that Nunkee Mehtur confirms the same; you have enquired the circum:stances from me, I have to state that from former times, these people following their profession, have resided in my territory, and in the states of other native Princes - and they have always followed this calling; but no former Kings or Princes or authority have ever forbidden the practice, therefore these people for ge:nerations have resided in my Territory and the States of other Princes, proceed:ing to distant districts to follow their occupation, robbing by day for a livilihood for themselves and fa:milies both cash and any other property they could lay hands on. In consequence of these people stealing by day only, and that they do not take life, or distress any person by personal ill usage, and that they do not break into houses by digging walls or breaking door

door locks, but simply by their smart-
-ness manage to abstract property;
owing to such trifling thefts, I looked on these proceed-
-ings as petty thefts, and have not interfered with them -
As many states as there may be
in India under the protection of the
British Government, there is not
one, in which these people are
not to be found, and it is possible
that in all other states who pro-
-tect them, that the same system
is pursued towards them as in
my district, and besides these
people thieving only by day, the
Police Officers in the British
Territories are not expected to
escort themselves, the loss having
occurred simply through the owners
negligence, owing to this circum-
-stance. Your friend looking on
their transgressions as trifling. I have
not caused my police to interfere
with them -

The British Government
who issue orders to all the native
powers in India, have never directed
the system of Sunoreahs to be stopped
from this I conclude that their offence
is looked upon by the British Govt.

as

as trifling, and probably this
is the reason that neither the
British Government nor any other
authority have ever directed me
to stop their calling, and on this account
from property that they have brought
home, and I have heard that it
suited me, or that they themselves
considering the article to be a ne-
-cessity from a distant province,
have presented to me through my
servants, thus viewing the offence
as trifling, and that there
was no owner to the property,
I received it from them, and
gave them a trifle in return.

There is nothing strange
in buying an article for less than
its value; people make up articles
at a great cost, and sell them
when they require cash at much less
than their value; in this way the
Bunnahs in open bazar throughout
the native states buy from the Su-
-norcahs, but since the case of the
Sunoreahs has been taken up by
you, and you have deligently en-
-quired into the System of Oathacegeeng,
summoning several of these people from
Seekungurk &c. and feeling that my
Territory is under your charge and that

you

you are my friend. I was about to consult you for advice relating to these people; when your letter reached enquiring their practices and encouring me in a friendly way to write the truth. With feeling of friendship I have written the whole of the System to you, and I now seek your advice what to do. I shall not decide on any thing till adviced by you in this matter and as appears best to you relating to these people, do me the favor to communicate your directions and hereafter there shall not be the slightest deviation from your instructions always conforming strictly to your orders &c. &c.

(Signed) P. Harris, Major
Superintendent of
Chundegeree

Translation of a Khurreeta from the Dowager Queen or Ranee of Tehree gur dated in reply to my Khurreeta on the subject of the Suppression throughout the Tehree district.-

The Khurreeta from Tehree corresponds word for word with the above from Bampore with simply the following addition.-

Occasionally the owner searching for his property, from other districts has

has complained immediately his property has been restored to him and the thieves have been punished."-

Sir,

In acknowledging the receipt of the Extract from the Proceedings of the Board of Revenue dated the 27th March 1851, I have the honor to state that there are no Lungerkhanas in the District of Ganjam.—

Informing that there are no Lungerkhanas in his District. Soliciting consideration of his former proposition for the Establishment of a Civil Hospital at Chatterpore.—

2 I am encouraged by the expression of the benevolent desire of Government for the amelioration of the condition of the native population, which is implied in the communication under allusion, to take this opportunity to solicit Your favorable consideration and advocacy of a proposition that [x] I once before submitted to You for the establishment of a Civil Hospital at Chatterpore. The question of extending the benefit in question to the District of Ganjam was under the consideration of the Home authorities at the time of

[x] To Commissioner 8/ 6th September 1849. No. 76.

Fort St. George 8th May 1851

of my former letter, and you therefore consi-
dered it inexpedient to trouble Government
on the subject and a Civil Hospital has
since been established at Chicacole But
this does not it is obvious meet the
wants of this part of the Country
Chicacole being at the Southern extre-
mity of the District 146 miles distant
from the Northern extremity.

3. To expatiate upon the general advantages which must result from an institution of the nature of the one pro-posed would be idle but I may be permitted to observe that in this remote part of the Madras Presidency chiefly inhabited by people speaking the Coryah language scarcely any thing has been done to shew the interest which Govern-ment certainly takes in their welfare and nothing is more calculated to bring the Officers of Government into kindly contact with the people than the measure I have been emboldened to propose.

From the Collector
of Nellore

Sir,

19

In reference to Para 11 of Extract from the Proceedings of the Board of Revenue dated 31st October last calling upon me to explain how pasture has been found in Villages where hitherto it has been deficient, and to state whether land in those Villages from whatever cause has been thrown out of Cultivation, I have the honor to inform you that since the introduction of the Inucla System the Ryots of some Villages have it appears, thrown out of their holdings lands to some extent from poverty and various other causes and this is done as usual at the formation of Dittums, on the responsibility of the Shanbdars. The lands thus thrown out are, in Common with other lands not occupied for Cultivation, used by the Ryots for the pasturage of their Cattle

Cattle on payment of a certain amount until applications are made for again bringing them into cultivation. It is in such Villages that the Ryots have the advantage of finding pasture to an increased extent and thus the necessity for driving the Cattle to the westward does not in such Villages now exist to the same extent as before.—

Bd No. 1015
From the Collector of Nellore - -

Fort St. George,

Sir,

Reporting on Petitions Nos. 1796 and 2066 of 1850 claiming the restoration of some Puttah lands

I have the honor to acknowledge the receipt of your Sub. Secretary's letter of the 24th Ultimo calling for my report on Petitions Nos. 1796 and 2066 of 1850.

21

2 Petitioner complains of having been deprived of his Puttah land and prays for its restoration.—

3.— In Fusly 1257 he had 02 and

and odd Rupees of land entered in his Dittum but owing, I am informed to his continual absence from the Village, and consequent neglect of cultivation, and because he appeared to be somewhat deranged the late Collector ordered that the land should be taken out of his Dittum and entered in the name of his son. This was done in Fusly 1250 and the lands were cultivated and paid for by the latter both in that and the ensuing Fusly 1259. During the Settlement of the latter year, however, Petitioner appeared in person to complain of having been unjustly ousted and sought to be restored to the possession of his land, as he did not appear to me to be insane and promised to be more regular for the future, I directed that his land should be given back to him. It was accordingly inserted in his name in the current years Dittum, but he again disappeared and they had therefore to be cultivated by his son. On the Thasildar reporting his absence at the time of forming the engagements he was directed to

Fort St. George 8th May 1851

to issue a notice giving him 10 days time within which to appear, but he failed to attend - Every forbearance has thus been already shewn towards Petitioner, that - by speaking he has forfeited his right to the land; but as it stands in his name in this years Dittum, also, altho' it has been cultivated by his son, he will not be precluded from taking it up if he appears before next Dittum. If he fail to do so, his name will be struck off from the ensuing year, as no other is willing to cultivate the land so long as it appear in his name.

4. Petition Nos. 1537 of 1840 having been forwarded to me for disposal I did not think it necessary to submit any report to the Board on the subject

Fort St. George 8th May 1851

absence from his Village and neglect of cultivation that his land was entered in his son's name, if however, he now returns to his Village, his land will be given to him; but if on the contrary he persists in absenting himself it will be conferred on others according to the usage of the District."

Read the following letter.

No. 23

To, W. H. Bayley Esq^re
Secretary to the Board of Revenue
Fort St. George.

Bd No. 721
From the Jg Collr. of Cuddapah -

Reporting upon the extent of land within the limits of the Military Cantonment & that occupied by the Buildings &c at Cuddapah.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue under date the 8th July last, I have the honor to state that in Jusly 1223/1813-14 it was determined to station a Regiment in a Cantonment about 2 miles North west of the Town of Cuddapah where a portion of Ground was allotted for the putting of the Sepoys, erecting houses for the Officers - Public buildings &c^a for Parade and Brigade exercise. The quantity

Fort St. George 8th May 1851

quantity of land is as follows

	Acres	G.	As	Assessment Rs.	A.	P.
Land attached to the Village of Goodoor	240	34	9 3/4	197	12	4
Ditto Paulumpully	60	33	11	06	3	7
Total	339	20	4 3/4	204	1	11

Of this land a portion was originally Enam which being required for the cantonment, it was appropriated by Govern-ment and other lands granted in lieu of it, around which boundary-Stones were placed so that the whole land above mentioned was given over as a Military Cantonment.-

2. A portion of the above land was marked out and allotted for the houses of the Military Officers on por-tions of which some Officers erected dwell-ing houses whilst on others were erect-ed by Natives, and rented to the Officers requiring them, they keeping the same in repair- For these allot-ments no grant seems to have been made nor has any tax been levied either on the houses or the lands occupied by the dwellings- In accordance with the Circular Orders of the Board of Revenue under

Fort St. George 8th May 1851

under date the 27th October 1845 detailed accounts, called for by the Officers Commanding the Regiment, were furnish-ed on the 3d March 1847, since which time it does not appear that any grant has been made nor has any assessment on the land been collected- In Fusly 1250 Puttahs were forwarded to the then Commanding Officer Major Osborne bearing the signature of the Collector together with the Plan of the ground occupied by each house and garden- but as several of the owners objected to pay the assessment, unless their names were entered in the Puttahs, no assessment has hitherto been collected.-

3. As the different allotments and the houses therein situated have repeatedly changed hands ever since Fusly 1249 Puttahs will be issued during the present Fusly in the names of the owners as soon as they are discovered, and arrears of Revenue for Fusslies 1258-59 and 60 will be demanded- Subjoined is an abstract-

Fort St. George 8th May 1851

abstract Statiment shewing the No. of houses, the extent of land occupied, the assessment remission and tax leviable.-

4 Previous to the receipt of the order prohibiting the construction of houses &ca by others than Officers Sepoys and those attached to Regiments within the limits of the cantonment certain houses and shops had been built by merchants belonging to the Villages of Goodoor and Paulkumpully upon which no rent has been charged, but Veesabady and Bagurveesabady under the General head of Moturpha amounting to Rupees 126-6-11 has been regularly collected from them.-

5. Some Years since, several Ryats 6 in number have brought under Cultivation - acres 13-33-14 assessed at Rupees 10-13-11, to these Puttahs have been issued in their names and the Circar Assessment Collected, but as they took possession of the land in

D.G.

Fort St. George 8th May 1851.

in question without the permission of the Collector, or any other authority, their right to the same cannot be recognized. They will be required to resign the land should it be required for cantonment purposes.- Besides the above land other Individuals have planted Gardens; Cocoanut, Mango, &ca amounting to acres 5-5-13½ assessed at Rupees 4-5-5

× Names of the Individuals	Extent: Acres C. A.	Assessment Rs A P.
Mr D. Maynes Garden	" — 27 — 13½	" — 9 — 5
Sailors ——— Do. ———	1 — 23 — 12	1 — 5 — 5
Vencatasawmy's — Do. ———	" 14 — 1	" — 4 — 10
Garden of Adjutant & Samadar ———	" 35 — "	" 11 — 10

these Gardens are situated so near the River they are never likely to be required for houses, as they are liable to be flooded during the heavy freshes - In the list noted in the margin a garden is shown to have been planted by Mr D. Mayne - Consisting of Cocoanut and other fruit trees; this however belongs to Government as the land was prepared, levelled and the trees watered by Security and other Prisoners - This Garden may be considered as

as Government property which will yield a Revenue at a future time; another Garden has been prepared by the Sailor - Should it be known that this was also prepared by the Pri:soners, it will be claimed for the Sirkar. The others who have taken portions of Lands for Gardens will be charged with the assessment and if not paid the rules in force will be brought into operation - Should after the de:parture of the Regiment to another Station, the owners thereof not agree to pay the assessment, the Garden and trees will be appropriated to Government should the Board see no objections.

6. The Regiment stationed at Cuddapah sends a detachment to Cumbum where they are relieved every 6 months, they are hutted inside the Old Fort in which 2 Bungalows are situated; One belonging to the Garrison Writer Toorga Raja Row, formerly built by an officer stationed there, and the other by the late Assistant Apothecary Pollet, to neither of these is a garden attached, the

Space

Space is taken up by the house and out buildings on which no assessment has ever been levied, a small thatched Bungalow was erected on one of the Bastions by Lieutenant Watson, which is now nearly a ruin.

7. In conclusion I would beg to state that I consider the quantity of the land belonging to the Cantonment amply sufficient for all the purposes intended, as no land belonging to any private In:dividual can be situated within its limits - The whole land having been given up for Military purposes, the Government alone can grant any portion for building or other purposes they may consider requisite, and I can see no ob:jection to the collection of Quit rent upon the lands occupied by houses or Gardens in possession of the different Officers.

Bd No 967
From the Ag Collr of Cuddapah.

Sir,

I have the honor to forward for consideration and orders of the Board of Revenue the accompanying copy of a letter received from Mr Smith the Assistant Collector of this District, affording explanation in regard to the Board having in their Extract from the Proceedings dated 13th January last declined to sanction the amount of Extra Tent allowance drawn by him during his stay at Muddenpully, for a longer period than one month.

Cuddapah, Collrs Office, 22d April, 1851. } (Signed) M. Murray
Acting Collector

En: No 1

To, M. Murray Esqre
Acting Collector of
Cuddapah.

Sir,

I have the honor to acknowledge the

receipt of your letter dated 21st January 1851 requesting me to remit to you the sum of Rupees 194 - 4 - 0 being the amount of Extra Tent allowance drawn by me for the number of days disallowed by the Board of Revenue.

In an enclosed letter received from you at the same time containing an Extract of the Proceedings of the Board of Revenue, it is observed "the Board refuse to sanction the amount of Extra Tent allowance drawn by Messrs Cochrane, Wedderburn and Smith during their stay at Muddenpully for a longer period than one month," I therefore beg to bring to your notice for the information of the Board of Revenue that the number of days Extra Tent allowance disallowed me in their letter is far too many.

The mistake I imagine must have originated by the Statement of the different places I proceeded to during my tour last year in the District not being correctly kept - and had I the diary before me I could point out to you that I was altogether

not

not 3 months at Muddenpully, whereas by deducting 74 days from my Extra Tent allowance, you make out that I was 104 days or 3 months and 14 days at that place.

To the best of my belief I did not reach Muddenpully till the 7th of April - and I am certain I counted the Treasure at Cuddapah in June, after which I returned to Royachoty waiting Mr Cochrane's arrival to finish the settlement of that Talook, the dates of my arrival and departure will however be found in the Records of your office.

I would also beg to bring to your notice for the information of the Board of Revenue that during my residence in the Southern Talooks I proceeded with the Goomastahs attached to my office in Cuddapah to Poonganoor and Goondigul, the time of my residence in which places will appear in the records of your office; but of which I am not certain, owing to the length of time that has intervened.

You will then observe

that at no time was I much more than a month at once resident at Muddenpully and as for 3 previous years I had drawn Extra Tent allowance for 2 months residence in succession, which had received the sanction of the Board of Revenue, I had no reason to expect that the same would not be granted last year. I have the honor therefore to request that you will forward this my application to the Board of Revenue that they will reconsider their orders to retrench my Extra Tent allowance during the period I remained at Muddenpully over one month or that should they see no reason to to do that I may be granted the indulgence of repaying it in the way I received it (Viz.t) 80 Rupees per month.

Technicopoly,

(26)

Sir,

B. No. 948
From the Collr of Chingleput
Explains the several reasons under which he was obliged to draw Extra Tent allowance during his stay at Muddenpully in the District of Cuddapah for a longer period than one month in fusly 1259.

1. The Acting Collector of Cuddapah having forwarded to me a Copy of an Extract from the Proceedings of the Board of Revenue dated 13th January 1851, declining to sanction the amount of Extra Tent allowance during my stay at Muddenpully in Fusly 1259 for a longer period than one month, in reference to his letter 11th December 1850, I have the honor to submit the following explanation for the favorable consideration of the Board of Revenue.

2. I beg respectfully to point out that I completed the settlement of the Talook of Royachoty in the Month of July, a period subsequent in date to that in which I resided in Muddenpully as exhibited in the Statement, and that the settlement of the Talook of Goorumcondah was conducted by me at a period likewise

likewise subsequent, to some portion of that for which the Extra Tent allowance has been disallowed consequent on my remaining at Muddenpully.

3. The Revenue settlement of the Cuddapah District, I beg to observe, is never completed much within the expiration of the Fusly; and as the Southern Talooks of Muddenpully, Royachoty, and Goorumcondah are invariably settled last, owing to the extent of wet cultivation raised therein, and to the Vyakum or 2d wet crop being always late in the Season, the Collector must necessarily remain in that neighbourhood until the settlement is concluded, and has invariably drawn Extra Tent allowance until then, the distance being too great to admit of his temporary return to Cuddapah during the intervening period.

Under the above circumstances, if after the completion of the settlement of the Goorumcondah Talook,

Talook I had remained there until the accounts for the Talook of Muddenpully were prepared and examined by the Sheristadar's Department instead of proceeding to the latter place, my drawing Extra Tent allowance for such number of days would probably not have been objected to, as in like manner if I had remained in any part of the District while the accounts for Royachooty and Gooramcondah were under preparation.

5. In making the Settlement of the three Talooks abovementioned, I took advantage of the comparatively favorable climate afforded by the locality of Muddenpully, my presence not having required the whole period during which the accounts were under preparation in the Talooks respectively, and I trust my so doing will, under the explanation now offered not render me liable to a retrenchment for the number of days disallowed; particularly, as my Tents were at all times pitched for the use

use of the Cutchery.

6 I trust likewise that the Board of Revenue will feel disposed to sanction the Extra Tent allowance drawn by my late Assistants Messrs. Wedderburn and Smith, to the former of whom many cases of importance were referred for investigation at the busy season of the year, which rendered his comparative proximity to my Cutchery more convenient in a public point of view, while the latter Officer was with me on all occasions and afforded me material assistance during the settlement.

7. Referring to the period of 23 days during which I resided at Muddenpully at the close of the Fusly 1258; Viz. from 1st to 23d July 1849 as entered in the Statement submitted for Fusly 1259 I beg to refer the Board of Revenue to the concluding part of a note annexed to the Statement for the former Fusly.

Chingleput District,
Collector's Cutchery,
Pullecarney, 22d April, 1851.

(Signed) J. H. Cochrane
Collector.

Proceedings

Bd's Sr. 921.
Proceedings thereon Passing the Extra Tent allowance drawn by Messrs Cockrane Wedderburn & Smith during their stay at Muddenpully in Fasly 1259 & passing certain observations thereon.

25-27

The Board will not object on the present occasion to pass to Mr. J. H. Cockrane the extra Tent allowance drawn by him in excess of the period of one month while resident at Muddenpully, and under the late Collector's explanation regarding the manner in which his Assistants Messrs Wedderburn and Smith were employed they sanction the extra Tent allowance drawn by those Gentlemen.

No of days now sanctioned for Fasly 1259
Mr J. H. Cockrane Collr for 115 days
Mr R. A. Wedderburn Hd Asst Collr 98 days.
Mr H. G. Smith Asst Collr 74 days

2 They however think it necessary to observe that the explanation offered for the protracted residence of Revenue officers at Muddenpully is not altogether satisfactory, and to explain the principle by which they will in future be guided in passing these charges. Extra Tent allowances is granted to Collectors and their subordinates to enable them to move about their districts, and the Board have a right to expect that

DG.

that a fair distribution of the time during which they are on Circuit should be made amongst the districts to be settled. The Settlement of a Talook does not consist in the mere distribution of the Summabundy Puttahs there are other duties on which a Collector may advantageously be employed while resident in a Talook which cannot be effectually performed if he restricts his residence in it to a time barely sufficient for giving out the puttahs.

3. The Board are not unmindful of the great heat which prevails in parts of the Cuddapah District during a part of the year, and they have been unwilling to interfere for the purpose of restricting the residence of the Collector in those parts of it where the climate is more favourable, but there are manifest objections to the Collector and his Subordinate European Officers congregating for any length of time at one extreme end of his district, and they observe that his residence at Muddenpully was extended in 1849/50 so much

much beyond what had been usual on previous occasions: without however passing any orders upon this subject, which it may nevertheless be necessary to do hereafter, the Board have to remark that when the Collector remains at any one place in his district avowedly for his own convenience and comfort, and not on account of any public necessity it is not reasonable that he should expect to receive in addition to the indulgence conceded to him of doing so the extra remuneration assigned to him for moving about. They consider one month as generally sufficient for the Settlement of any one Talook, and if he remains beyond that period on private grounds, the Board are of opinion that he should cease to draw extra tent allowance, or explain any necessity or advantage that there may be for his remaining longer.

Ordered that a Copy of Para 1 of the foregoing Proceedings be transmitted to the Civil Auditor for his information.

Replies to the Board's letter of the 20th Ultimo, having reference to the Grain Measures of his District.—

Sir,

Fort St. George.

1. I have the honor to acknowledge your letter of the 20th Ultimo, having reference to the Grain Measures of this District. In Mr. Grames original Teerwah Dittum Statement, Column 2. Shows that one Cullum was equal to 60 Seers of 80 Rupees weight, and Column 7 that the same Cullum contained 40 "Measures," thus the measure used was equal to one and a half of the Seers described, and so contained 120 Rupees weight. This original Teerwah Dittum Statement was sent to the Board with

Mr.

Mr. Roberts letter of the 11th July 1830. Again the original Mahrattah Memorandum fixing the rates at which the commutation price was to be reckoned in the Teerwah Dittum, expressly states that the measure used contained 120 Rs. weight. This Original document + I now forward for the Board's information. Neither document indeed gives the species of Grain used in determining the Size of the Measure, and I was therefore not fully borne out by them in saying in my letter of the 12th July 1849. Para 4, that Gram was used, I made that Statement because Gram is the Grain universally used for the purpose in this District and it did not occur to me that another Grain might possibly have been used by Mr. Grame.-

+ To be returned.

2. As already said a certain weight of dry Gram, I. E. not less than six months old, and thus piled, not struck is universally used in this District as the standard of the Capacity of the measure, a measure

measure of the present standard of 150 Rupees weight of gram is this day sent by banghy to your address agreeably to the Board's Order.-

3. With reference to the 2d para of the letter under acknowledgment. I beg to forward for the Board's perusal, the fifteen original Mahrattah Statements + received by Mr. Cooke from the Talooks, shewing the capacity of the measure in use in each.-

+ to be returned

wishes to occupy, being rocky and unfit for agriculture, and of his having constructed a Ghat road leading to it.- The land being required for building purposes is liable to immediate assessment. There are only about 5 arable acres in the whole extent; and I think a sufficient equivalent for the upset price fixed is obtained by the general utility of the Ghat road; and on these grounds I beg to recommend his case for favorable consideration-

Detailing circumstances connected with the Subdivision of the Papparapetty Estate in reference to the Boards Proceedings dated 3d October 1850

Sir

I have the honor to reply to your Board's proceedings dated 3d October last stating that on a full consideration of the whole subject, your Board must decline to sanction the subdivision of the Papparapetty Estate trusting that their decision will not affect the mutual interests of the shareholders, which are still protected by law.

2. The information which I have had it in my power to procure, regarding the erroneous impression which seems to have prevailed that your Board had actually sanctioned the subdivision of Moottah Papparapetty fails to show on what that impression originated.— It is however clear beyond doubt that the former Principal Collector Mr. Orr, had issued under 24th Dec. 1832 Seal and Signature the usual subdivision papers.

papers, and that corresponding instruc-
tions were also addressed by that Offi-
cer to the Thasildar of the Taloob
in which the Mootah is situated.

It is equally clear that a reply
to Mr. Orr's letter of the 11th June
1832, recommending the Sub divi-
sion of this Estate does not appear
to have been received in this Collecto-
rate.

3 Under these circumstances then
the determination of your Board
to which I have now the honor to rea-
ply, would be of no material im-
portance, and failing the legally
prescribed Sanction for the Subdi-
vision the usual course of proceeding
for recovery of an arrear on the entire
Estate might, without difficulty, be
adopted on a necessity arising. But
the erroneous belief that Sanction
had been received has led to the
Sale, by public Auction for reve-
nue arrears of certain of the
Subdivisions those Sales have been pro-
posed by the Collectors of this District
they have to have place with permission

from

from the Board, your Board have con-
firmed the Sales, and transfers of the
Subdivisions thus purchased have at
later periods, been made by the pur-
chasers. It therefore occurs to me
that there are difficulties connected
with the decision at which your
Board have arrived which may
render advisable a reconsideration
of the matter.

4. It seems difficult to sup-
pose that the silence of your Board
subsequent to Mr. Principal Collector
Orr's letter dated 11th June 1832, can
have been construed into a belief that
the Subdivision was then approved
to which such obvious and distinct
objections had previously been made
by the controlling authorities. Any
how, on the 24th December of that
Year, the Subdivisions were registered
in this Office, and the fact of the Sub-
division is adverted to in Mr. Orr's
Summah Bundy Report for Fusly 1242.
For convenient reference I beg to trans-
cribe that para "Of the 42 entire
"and 72 Subdivided Estates last re-
"ported two entire ones named
Marroopatty-

Dated Oct. 8th. 33. para. 79.

"Muravorputty and Bommakoopum
"have been Subdivided in this year,
"the former into four and the latter
"into two Subdivisions - The Subdi
-vided Estate of Paparaputty has
"also been formed into four smaller
"ones thereby reducing the entire
"Mootahs to 40 and increasing the Sub.
-divisions to 81. No Estate reverted
"to Government either by purchase
"or otherwise during this year"

5. I beg here to mention that although on reference to the Registery Book, I find adver-tence made to the authority of your Board for the Sub division, yet I observe that the date of that authority is wanting - On further reference to the Book, I, however, also observe that in previous registries a similar omission has occurred - The cause of this unofficial indistinctness, I regret that I cannot now learn, as the Head and Kail Sarishtadars of those days have demised. The Head Goomastah of the Sarishta department of that time - whose duty it must have been to

to write the Registry, is also dead - In fact the only person now living and under my control, who can be supposed to have any knowledge of the Boogoor affairs of Fusly 1242 is Trimul Row, the present Head Saristadar of this District, whose appointment to the office was ordered by your Board during the course of last year.

6. He was Head Jawab Nauvees under Mr. Orr when the Boogoor Treasurer and the Daram-pury Thasildar were instruct-
28th Dec. 1832 ed in respect of the Subdivi-sion of the Estate the Ma-haratta Taloo Rs on that point being in his own hand writing

7. The tabeedo in question are duly signed by Mr. Orr, they are also countersigned by Trimul Row, but do not bear the coun-
-tersignature of the then Head Saristadar -

8. I am informed by Trimul Row, and a private diary which he has been in the habit of keep-ing supports his statement, that

Govinda

Fort St. George 8th May 1851.

Govinda Row had obtained leave to visit Ongole two or three days prior to the issue of the Pattahs and that that circumstance is the reason why Govinda Row could not countersign them. The fact of the Registry of the Subdivisions having been entered in the Registry Books previous to the preparation and despatch of these Pattahs goes far to acquit Trimul Row of participation in any collusion to obtain Mr. Orr's signature to orders for carrying out the long contemplated Subdivision. He himself denies all knowledge of the circumstances under which it was effected and declares that he is wholly unable in the least degree to explain it.

9. The arrangement as above described being complete the Estate was treated in all respects as a Mootah legally Subdivided subsequently, on the request and under the Rageenamas presented respectively by the three proprietors of Shares Nos. I and IV

and

Fort St. George 8th May 1851.

Nov. 11-1834. and addition was made of the name of one Luddameeah the regular Registry being at the same time entered in this Office Records. Even this step although the Sub proprietors had understood that the division was made under sanction might be treated as a private arrangement were it not that later, the aboumentioned shares

October 31-1836. were sold by auction under your Board's authority for arrears of Rupees 2650 Rs. 1550 which Rush separately due on them.

10. The purchasers at the sale were Palcode Bahumia and Mahomed Sharry Jamal Khan who required and retained undisturbed possession of their purchases for several years subsequently when, by private sale they transferred them to Kistnamah Dec. 22-43-2095 Nov. 10-47-2166-13-2 Reddy Syed Adum and Sadiq Meeah.

11. It is probable that as the two small Mootahs in question were on the list of several recommended for sale at the same time, the Board's attention was not particularly attracted to them and that sanction was accorded for their sale separately under

To Bd. 29th Nov. 1836.

an

Fort St. George 8th. May 1851.

an erroneous assumption that their separate assessment had been previously authorized. Under any circumstances however, as the buyers of these shares of the original Paparaputty, Mootah acquired possession of them at a public sale ordered by the Board of Revenue and under a guarantee from Government of the liabilities which they individually incurred, your Board will perhaps hesitate at now deeming the Estate to be in the position and condition in which it was, when, in 1832, the Principal Collector solicited permission to break it up into four portions

M. of Cons 25 Dec. 1836.

12. The other two shares Viz. Nos. II and III are still held by the parties mentioned in Mr. Orr's letter the present proprietors of the four Sub divisions being as shewn Marginally.

I Syed Hamed Saib.
II Senewasa Row
III Soobboo Row
IV Luttuy Nauk

13. The refunds of Mooturpha payable to the four Subdivisions amounts annually.

Fort St. George 8th. May 1851.

annually to Rupees 221-3-2, which sum appears to have been paid until Fusly 1259, to the respective proprietors in the proportions entered below.

	Rs	a	P.
I. Valumputty	936	6	3
II. Maudahully	678	14	11
III Paparaputty	882	11	7.
IV Poonakolum	586	14	5
	3084	15	2.

14. Explanation was called for by the Civil Auditor in respect only of the sum disbursed in Fusly 1252 since which period it stands retrenched in the accounts of this Collectorate.—

Sir,

1. Adverting to the existing instructions of your Board requiring that plots of land for Coffee planting for which applications may be made to this Office, should be inspected by the Sub Collector in person, before the submission by the Collector of such recommendations as the applications may elicit.

2. I have the honor to state for your Board's consideration, that it occurs to me that a modification of those instructions is advisable. As is the case at the present time, the Sub Collector may be away from Salem occupied with the affairs of the Jummahbundy of the Sub Division, or with its current duties, and the disposal of applications will thus be unnecessarily retarded. It may also happen that the Sub Collector does not make the town of Salem his permanent place of residence, or if he does

Fort St. George. 8th May 1851

does, that he may be indisposed to visit the Sherwaroys and undergo the exposure and fatigue which certain of these applications may involve - Being in the Collector's own division also, I have it in contemplation to place under charge of the Head Assistant Collector and Magistrate, the police of the Town and Talook of Salem which for some time past has been made over to the Joint Magistrate, and the revenue duties of two of the Talooks nearest to that of Salem, so that an Officer competent to inspect the localities applied for and judge of their merits by reference to the rules in force will always be on the spot.

3. For these reasons then I beg permission respectfully to request that I may be empowered to depute the Gentleman holding the Office, or discharging the duties of Head Assistant, to examine and report on all sites for which applications may reach me from parties desirous of occupying land on the Sherwaroys, instead of sending them as heretofore to the Office of the Sub Collector.

Salem, Collector's Cutcherry
22nd April, 1851. } [Signed] H. D. Phillips
Collector

Fort St. George 8th May 1851.

B. No. 897 -
Proceedings thereon.
(38-39)

1. The Board observe that in para 2 of their Proceedings of 22nd March 1849 they directed that in all cases in which the Collector may not himself have had an opportunity of inspecting lands on the Sherwaroy Hills applied for by private individuals he should obtain and submit to this office, a report from his Sub Collector respecting the propriety of granting such lands &c.

2. Under the circumstances now brought to notice, the Board consider that in cases where there is reason to depart from the usual course the inspection and report of the Head Assistant Collector will suffice, and they accordingly sanction the suggestion of the Collector contained in the last para of the foregoing letter.

B. No. 1028 -
From the Collector of Salem -
(40)

Sir,

I have the honor to forward a Statement shewing the extent and particulars of a plot of land applied for by Mr. B. A. Daly for Coffee cultivation on the Sherwaroy Hills.

2. From the particulars entered in the Statement, and the accompanying Extract from a letter from the Sub Collector, there appear to be no objections to the grant of the lands, for which I beg to solicit the Board's sanction.

Salem, Collector's Cutcherry
21st April 1851. } [Signed] H. D. Phillips
Collector.

Statement

6277

Fort St. George. 8th May 1851.

No. 1 Statement shewing the extent of Land applied for by Individual for Coffee Cultivation on the Sherwaroy Hills in Talook Salem for Fusly 1260.

Name of the Applicant.	Name of the Village.	Limits of the Land.	From what Period the Land is to be assessed.	Extent.	Assessment.	Tax free on lands left waste upwards of 20 years as per Boards letter dated 8th September 1842. Extent.	Assessment.	Remarks.
1	2	3	4	5	6	7	8	9.
Mr. B. A. Daly	Poottoohaud attached to Moottanaud.	Caruttoo Poonjah bounded on the East by Kennungul Saraedoo and Attoo Saurum Poolechaverkul on the South by waste land belonging to Mr. Daly and a Channel belonging to Mr. Neave on the West by any Coottay and on the North by Attoo Saurum Poolechaverkul Coottay.	For ten Fasl.	10 " "	10 " "	10 " "	10 " "	The applicant has granted a Moochilkah that he will retain the land for Coffee cultivation for 21 years, tax free for the 1st 5 years and agrees to pay any assessment which the Government may hereafter fix on it. He also agrees to roads being formed thro' the land applied for if required by Government. He holds lands consisting of Acres 131-36-11 assessed at Rupees 131-15-2 in 3 Villages of Pottoocandoo &ca on the Hills. A large portion of which the applicant in common with all other planters on the Sherwaroys is under the necessity of retaining as pasture land for the cattle kept for the purpose of providing manure for their Coffee Gardens. The Malayalies have signified their consent to the land being given to the applicant, who has means to cultivate it. From the accompanying Extract from a Report on this subject from the Sub Collector dated 24th March 1851 it will be observed that no objections exist to the grant of the land in question, and under the circumstances stated and the present conditions of the several cultivating classes on the Sherwaroys, I am of opinion that the rule regarding competition from an upset price, need not be enforced in the case of this applicant. The Amount realizable from the spot of land in question would be Rupees 80 " " at the rate of Rupees 8 an acre if the competition rule were applied.

(Signed) A. D. Phillipps
Collector

Extract

Fort St. George, 8th May 1851

No. 2.

Extract from a letter from the Sub Collector of Salem, dated 24th March 1851.

Sir

I have the honor to acknowledge the receipt of your letter of the 10th Instant and in reply beg to state, that Mr. Daly is a Gentleman of European descent; to whom I think every reasonable indulgence should be shown, from the circumstance of his having been born and brought up in this Country, and being solely dependant on his own industry and exertions, for the advancement of his fortunes, and if he has brought under cultivation the whole or nearly the whole of the lands already granted to him, I think his is a case, in which the rule of competition need not be enforced, to the extent of a grant of 10 or 15 acres of land.

/ A true Extract /

B. No. 1027.

From the Collector of Salem.

Recommending that permission be granted to one Moolum Sagadavachetty to construct a Choultry at Vaniembady.

Sir,

1. I have the honor to report that I have received an application from one Moolum Sagadavachetty, a merchant of Vaniembady, for permission to build a Choultry at that place, on the high roads from Madras to Salem and Bangalore.

2. The applicant proposes to construct two distinct buildings, the one to be built in the middle of the Town at a cost of Rupees 2000 which is intended for the accommodation of Brahmins and other travellers of the superior casts, the other at an outlay of Rupees 200 outside the Town for the convenience of the inferior casts and classes for whom at present there is no place available inside the Town.

The

Fort St. George, 8th May 1857.

3- The roads through Vanieambady are very important and are much frequented by travellers proceeding from Madras to Salem, Trichinopoly, Coimbatore and Bangalore. There are no endowed Choultries within 10 Miles of the place, the one at Tripatoor on the road to Salem being 15 Miles distant, whilst on the road to Bangalore the nearest Choultry is at Coorumboor fully a distance of 39 Miles- On the Madras side of Vanieambady there appears to be a Choultry 10 Miles off, at Amoor, in the North Arcot District, with the condition of which I am not acquainted-

4- Under these circumstances, I beg to recommend that the permission solicited by Moolum Sagadavachetty be granted to him, a plan and Statement of the cost of construction being hereafter submitted-

Salem, Collector's Cutcherry, 28th April, 1857. } Signed / H D. Phillips Collector-

44

B. No. 2667
From the Collector of Tanjore — Submitting explanation in reply to the remarks of the Board on the Settlement Report of 1258.

Sir,

Para 1. I have the honor to submit explanation in reply to the remarks of the Board of Revenue in their Proceedings of the 1st July 1850 in the Settlement Report of Fusly $\frac{1258}{1848/49}$

2. As directed in para 2 all Villages including Surumanicum and Mocapo, will be entered in the C— Statement for Fusly 1250 and continued in future.

3 With reference to the remarks in para 3 I beg to annex two Statements exhibiting in detail the increase and decrease of Cultivation in Villages under the several Classes as they stood in 1258. In the aggregate extent of each Taluk with the exception of Peravalore and Kodavassel there is a net increase of cultivation, tho' a decrease of 77 Valies appears in comparison with the extent under the various Classes as shown in the margin of

Marginal Statement attached to para 8 of the Settlement report; 9 Valies in the Nunjah of grain rented and 68 in amany Villages, apportioning this Talooka increase gives to making a total of 81 - from which deducting an increase of 4 Valies in Trivalore the remainder 77 is the extent entered in the report as appertaining to Tritarapoondy and Munnargoody, tho' the Talook Papanasum should also have been included but by an oversight omitted.

4. It is remarked by the Board in the 7th para that the remission granted for destroyed crops in the Combaconum Taloork appears considerable, "in reference to its more favored position." A large portion of the amount remitted in this Taloork was on account of short produce in three Villages, on lands which previous to 1247 were Poonjey, but brought under Nunjah Cultivation, the rates of assessment being fixed according to the apparent goodness of the soil, and the revenue paid on adjacent lands. For 3 years 1249 - 1250 and 1251 the full demand was realized tho' under objections, the owners of the Cultivation having been deceived in their estimate of the productive power of the land, which appeared rich and black on the surface, but when loosened and irrigated a substrata of Chunam stone and Soda appeared, and the whole face of the fields has been described by the Sub Collector as covered with Kunka; under such a change the demand could not be met, and the lands have ever since been

harvested under Cultivation supervision and short produce remission allowed; the loss in comparison with the demand in 1258 being Rupees 2,726, thus swelling the amount of remission allowed in the Taloork and remarked on by the Board.

3. In para 8 the Board observe that "the details of the settlement of certain Villages hitherto held "under Amany management at a reduced grain demand are exhibited "in Statement No. 10, it being stated by "me that including Poonjah the Beriz "now settled tho' 17 per Cent below the standard "of 1247 exhibits an increase of 25 per Cent above "the average of 10 years. This however "does not appear to have been the "result in every Village, and that the "reduced Woolung Beriz of 12 Villages in "the Tritrapoondy Taloork is below the "average per Valey both of the revenue of "Fusly 1257 and of the preceding ten years."

6. The average per Valey on the extent settled for the whole number of Villages in Tritrapoondy is one per Cent lower than the average produce of the same during the ten years of comparison, but viewed Villagewar, as per Statement

annexed

annexed, it will be seen that in one Village only (Vellapullum) the new rate fixed has fallen short the average per Valey compared with that of the ten years produce, while in several the highest year has been exceeded, and in Vellapullum, where it was found absolutely necessary to decrease the Wooluvy rate, the future grain demand is 1,020 Cullums above the average produce of the ten years in consequence of a reduced rate per Valey, enabling the ryots to take up a larger extent of land than heretofore. Under this

this explanation I trust the fact of one Village only, making the exception in the settlement of the 12, will not be regarded unfavorably with reference to that on the whole, which gives an increase in the demand of 15,775 Cullums in Comparison with the average gross produce of the ten years.

On

6290 Fort St. George 8th May 1857

On settling the newly rated Woolung Villages, the consent of the ryots in many instances could not be obtained without a reduction being made in the Standard extent of Poonjah, Baghayet and Tope lands, which they were unable to cultivate in full, or afford to pay for while unproductive, in all cases of the above nature due consideration was given to the objections made, and all lands unfit for cultivation or waste for a series of years in consequence of inability on the part of the Ryots to cultivate them, were taken from the Dittum on the understanding that they would be again included if brought under crop. The nominal Beriz thus struck off being Rupees 2198 leaving a Dittum demand of 5,737 or 12 per Cent above the revenue derived on the ten years average.

Detail Puttahs 31,294
Stamped Cadjans 59,310
Total 93,604

8 In reference to para 10 I have to explain that detail Puttahs are only given to the Field assessed Talookhs while

while those under other settlements stamped Cadjans are furnished to each ryot, exhibiting the demand against him; and on this Cadjan all his periodical payments are entered and receipted; by the adoption of this method a great check is imposed on extra Collection, the receipt Cadjan also acting as Puttah as well as voucher for payments made.

Para 11 of Proceedings

9. When lands are abandoned it becomes the duty of the Talook Officers to find temporary occupants if they can, and notice is given from the Cutcherry that the lands will be restored on the appearance of the owners or their heirs within a certain period, failing the return of the former occupants, such lands are rented for a period of years, from 3 to 5, before the expiration of which should the owner return, no attention is paid to his claims for restoration, unless the party in enjoyment agree to give the land up, the meerass of the land being enjoyed by the temporary occupant.

10. In para 12 the Board remark with reference to the future rent

rent of the Tranquebar Village "that
"as the 10 years average has been
"prepared by the Curnums it is desir-
"able that further enquiry should be
"made and that it should be tested
"by an examination of the gross produce
"of these Villages before the nunjah
"Assessment is finally determined."
In fixing the rent of 1256 by Sir H.
Montgomery, a careful enquiry was
made from the Danish records to
ascertain the outturn of the lands, &
and much greater dependence can be
placed on the correctness of the Tranqui-
:bar accounts of Cundaumodal than on
any other within the District, on
account of the extreme care which
was observed in harvesting the
grain under amany. The small
extent of land also enabled the
authorities to watch every acre
accurately, the lands were parted
out and put under separate
inspectors who were again supervised
by others, and an Officer of the
Government deputed at the time
of harvest to exercise general
superintendence over the whole,
so that peculation could hardly
escape detection. On accounts
thus

thus prepared the 10 years average
produce was calculated and to
shew the minuteness of the scrutiny
under the Danish authorities I
have submitted one of their annual
revenue Books containing the par-
:ticulars of every acre of land
cropped and I think as data to
the Board may consider the en-
:tries unexceptionable. Since Tan-
:quebar has come under our manage-
:ment, the lands have been benefitted
by improved drainage as well as
means of irrigation, and as the
warum allowed to the cultivators
is in most instances very favor-
:able, granted in consequence of
the poorness of the soil and defective
means of supply and discharge it
becomes a question whether the Circar
should not increase its demand in
consequence of improvements, which
must render the produce derived from
the lands considerably greater
than that on the average of which
the present demand is fixed -

Should

Should the Board be of opinion that a higher rate than the settlement of 1258 should be imposed I would suggest that no alteration should at present be made, or any steps taken until the effects of the cutlay in manament are more fully developed, an average of the produce could then be taken, and cause less outcry than would attend a change now, which would only lead to the whole land being put again under amany with all its attendant disadvantages.

11 The alteration in the rates fixed for Poonjah and Baghayet in Tranquebar will be affected under the instructions contained in para 15, tho the extent of both is very trifling and the nature of the soil generally such as cannot bear comparison with that on which similar crops are grown in the neighbouring Talooks.

12. The instructions contained in para 16 with regard to the assessment and remission on the lands of O Kagoody and Veeramangoody ~~and~~ will

will be duly attended to, and a Nunjah rate imposed according to circumstances under which the lands are cultivated.

Cootaly 13. The Board call for information relative to cootaly cultivation, how assessed if cultivated prior to 1236 and upon what principle the rates of Nunjah and double Poonjah were fixed in that Fasly, Cootaly is grown on Poonjah land without irrigation and both wet and dry grain in some instances is sown, that the latter may produce in case of there not being sufficient rain to ensure a Crop on the former. Up to 1235 Cootaly whether consisting of wet grain alone or mixed, was assessed according to the land, as Poonjah, but on the report of the local Officers, that some fortunate owners of lands which yielded more profits than common Poonjah were not proportionately assessed, orders were issued to put double Poonjah Teerwah on some and Nunjah on others, tho not apparently on any particular examination of the lands to test their ability to bear the increased

1256	406

increased demand, double Poonjah in some instances being higher than the irrigated land of the Village. The Annual balances on these lands and the constant complaints of over assessment engaged my attention with a view to their better regulation and defined demand, and in assuming the rates exhibited in the settlement of 1257 which the Board do not approve in consequence of the great variation and inequality I was guided entirely by the capability of the lands, which can neither be considered wholly Nunjah or Poonjah, that which this year produces a Crop of wet grain may next yield but half dry and little wet, to assess them equally with the regular irrigated lands of the Village was manifestly improper in almost every instance, and for the sake of uniformity as well as in consideration of all the causes which had led to previous balances, one and a half Poonjah tax was assumed as the fairest rate generally, but where this

this exceeded the Nunjah rate of the Village, the latter was fixed, as it was manifestly unjust to rate land depending entirely on falling rain higher than that under irrigation in the 5 Villages alluded to by the Board the 1½ Poonjah rate exceeds the Nunjah. With regard to the other 9 Villages I am at a loss how to make a more favorable assessment both for the Government and the Ryot. The lands are Poonjah and will not bear a Nunjah Assessment as has been shown by the result of that put upon them in 1256, balances yearly accruing and constant complaints and examinations called for to ascertain which produce dry or wet prevailed to the greatest amount, that the Teeruah Nunjah or Poonjah might be demanded. In the arrangement proposed by me all this is avoided and the result of the Collections of the last 3 years with those of the preceding 3 are Marginally noted and I respectfully request a reconsideration of

To Dy 5th April 1824.

built by Eitbar Khan here= sumed with the exception of that trans= =ferred to the Mosque at Pettah and the Endow= =ment allow= =ed to a Pagoda at Saidapet and also that the establishment and expense of the Chut= =trums here= =duced on= =closing 2 abstracts of Service and life Yeomiahs and recommend= =ing that the former be made subject of tabular report as laps= =es occur and that the latter be resumed on the death of the present incumbents and that the claims of their Roster be dis= =posed of under this rule also that the al= =lowances to Eitbar Khans relations be continued to their Succes= =ors and their heirs further Suggesting that the Al= =lowances for Mohorum feasts &c be registered in the names of the

From Mr Hepburn 15th Augt 1813

Tinnevelly) to the management of the Chuttrum affairs it was pointed out that Eitbar Khan during his Foundership obtained a grant of certain lands on favorable rent from the Nawab of the Carna= =tic for the support of certain Mosques and Choultries at Stages between Tin= =nevelly and Madura at that time dangerous for travellers, that besides providing for these, Yeomiahs who were allowed to poor and infirm people That on his death Eitbar Khan was succeeded in charge of the charity by those who were not of his family so that Mr Lushing= =ton transferred the control to a Circar Ameen in whose charge it continued during the admi= =nistration of Tinnevelly by Messrs Parish, Cochrane, and Hepburn respectively

8- It was also pointed out that Ali Mahomed Khan leading Mr Cochrane to believe that he was the proper represen= =tative of Eitbar Khan that Officer gave him entire control of the Charities that this arrangement induced the

the Grand Son of Eitbar Khan and his lineal de= =scendants sub= =ject to certain conditions

the real Sons of Eitbar Khan to put for= =ward their claims, and that their res= =pective rights were referred to a Punchayet of Six persons whose decision was adverse to Ali Mahomed Khan and the Two Sons were therefore put in possession

It was further explained that on account

P.S. of gross mismanagement and misap= =propriation of the Fund by the Sons of Eitbar Khan, Mr Cochrane was in= =duced to place an Ameen in joint Super= =intendence, but the Sons refusing to act with the Ameen the latter was directed to take entire control. Mr

P.S. Hepburn was of opinion that the Su= =perintendence could not be claimed of right by any one, but belonged as arranged by the founder to Government= =

The Board at the same time expressed their conviction that Ali Mahomed Khan had no right to the control of the Fund, as well because he was not the right= =ful heir, as because the Charities were en= =dowed for public charitable purposes, and not for individual Emoluments

It may be right to mention here that the lands from which the Chuttrum revenues of Tinnevelly is derived

To Govt 8th April 1824

From Tinnevelly 9th inl. 21st March 1816 para 5.

No. 1500 of 1849

From D. 10th Decr 49 inl. 17th Jany 1850 Para 2.

Para 5.

derived, were first assumed so far back as 1806. that the present correspondence about the Shuttrum Fund originated in a Petition addressed to the Board by one Shaik Rowter, who claimed a Yeomiah out of that Fund, and that it was thought necessary to refer to the previous papers as the Acting Collector in reporting on Shaik Rowter's claims, adverts to Mr. Hepburn's report, and to a Yeomiah Register of Mr. Cotton in 1818, in proof of Yeomiahs being at that time payable from the Funds. The former does not give particulars of the several sums payable and the names of the yeomiahdars, and among them that of Osman Ali, father of Petitioner. Though years have elapsed since the Yeomiah in question was claimed, the Acting Collector considers, on a review of the circumstances that it should be continued but points out that it is quite independant of service at the Mosque at

Proceedings to Tinnevelly 17th Jany 1850.

From Tinnevelly 20th Feby in Cons 14th March 1850 Para 1.

Para 2.

at Pettah, which however Shaik Rowter does support.

5. The Board called upon the Acting Collector to explain why no earlier application was made for the renewal of the Yeomiah, and whether its entry in any other District Accounts shews the reasons for which it was granted. In reply that Officer states that Shaik Rowter explains that his father gave a Moorteiarmanah to one Syed Ally to draw this Yeomiah and to support the Mosque during his (father's) absence at Madura that the holder of the Moorteiarmanah died in 1838, but that he was not aware of the circumstances until the death of his own father in 1845 which brought him back in 1848 (after settling his affairs) to Tinnevelly. The Acting Collector also states that besides Mr. Cotton's Register of 1818 there is a Windoovy one, prepared at the same time, which is the only other account in which the Yeomiah is mentioned. By this it appears that the full Yeomiah of 72

Chuckrums

Chuttrums in 1815 to 43, and in 1816 to 42 per Annum, the Amount now claimed and, as these reductions were made simultaneously in all the Yeomiahs in consequence of reduced revenues from the

Para 3. Chuttrum lands, the Collector thinks that it should be paid at the reduced rate.

Pros. to Simmonds 14th March 1850. 6. The Board then called for a Statement of Receipts and Disburse=ments from the Chuttrum lands for Fusly 1258 and for explanation whether the Collections were credited to Governe=ment and the Disbursements brought under audit, as in this case, the applie=cation for the Yeomiah should be submitted in the usual Tabular form. They likewise called for any documents in support of the original grant of the Lands to the Fouzdar, and concurred in the opinion that, if the Yeomiah is to be continued it should be allowed at the reduced rate.

From Dr. 5 Augt. in Cons 5th Sept. 1850. 7. In his reply the Acting Col=lector states that the revenues of the Chuttrum Lands are entered as Deposits and the disbursements not subjected

to

Para 1 & 2 to audit that no Summud is forthcoming for the endowments, and that it is impos=sible to say if any existed or have ever been produced. The Statements

Enclo. 1 & 3. enclosed by the Acting Collector shew that in Fusly 1258 the total receipts were Rupees 8,834—14—1 and the charges were Rupees 9,363—11—8 leaving a Surplus of Rupees 18,300—8. 1 the accumulation of former years.

Pro. To Simmonds 6th Sept. 1850. 8. The Board considered it ob=jectionable to allow the receipts and disbursements to be carried on under this method and proposed to the Acting Collector to incorporate the Chuttrum lands with the Government land, and to allow fixed sums from the Collectors Treasury in support of each Institution, but directed that the lands in endowment of the Mosque should, at once, be made over to the Trustees, and an engage=ment taken from them for the due Management of its affairs. At the same time they called for a Statement of the extent value and particulars of the lands with which each Institution was

endowed.

endowed when, and by whom they were constructed, the Establishment and charges of each, and the amount which they added should be fixed in future on a moderate scale. They also called for a List of 65 Yeomiahdars, and the sums payable to them from this Fund distinguishing life Grants from those for service and the nature of the latter and whether the recipients are descendants of the Original Grantees and took on their allowances as hereditary.

From Tinnevelly 29th Jany in Cons 5th May 1851.

9. In his reply the Acting Collector urges that the lands in question may not be incorporated with the Government lands and that the sanctioned annual expenditure may not be reduced below the scale now obtaining. He intimates that the Mosque at Pettah, and its appurtenances, have been made over to the management of Madar Hussain Khan under the Board's sanction conveyed

conveyed to him in Separate Proceedings 26th September 1850, and that, in regard to vacancies in the Yeomiahs some have lapsed already and others continued at the discretion of the Collector. He also encloses the Statements called for.

Encls: 1. 10. From Statement No: 1 it is seen that seven Chuttrums were constructed by Eitbar Khan and 1 Mosque before the assumption of the Country by the British for which 1968 Cottahs of Kunjah and 3587 Chains of Poonjah were held in endowment of the total value of Rupees 13,932 per annum, but for which the Beriz of Fusly 1258 was only Rupees 8,800. From this has to be deducted the lands which have already been transferred to the Trustee of the Mosque at Pettah and

	Kunjah	Poonjah	Value
	1968	3587	13,932
Deduct			
Mosque	301	94	1,352
	1,667	3,493	12,580
Deduct ½ of Chut trapatty	26	31	97
	1,641	3,462	12,482

and 1/4th. of the endowment of the Village of Chuttraputty which has been hitherto allowed to a Pagoda at Sautoor but which the Board recommend may be made over in like manner to its Trustee. The remaining lands consisting of Seed Cottahs 1641 of Kunjah and Chains 3642 of Poonjah in value Rupees 12,482 - the Board recommend may be now after the Lapse of 46 years, incorporated with the Government lands.

11. In the same Statement the Acting Collector exhibits the charges under the following heads.

	Fusly 1258	Proposed as future scale by Collector
1 Poultry Establishment & Expences	4,113 9 10	3757 3 11
2 Yeomiahs	760 13 7	1,113 " 11
3 Sundry Charges	1,24 15 2	672 12 1
	5299 8 7	5543 " 4

In the first of these heads there is a difference of Rupees 356 - 5 - 11 between the

the actual charge of Fusly 1258 and the proposed scale which is owing to the omission in the latter of the endowments to the Mosque at Pettah and by including in the proposed scale the sum allowed for food at that Mosque which is managed by the Tahsildar of Kellimbalum. Of the proposed scale of Rupees 3757 - 3 - 11 under this head the Board propose to discontinue the sum of Rupees 2,495 - 3 - 4 which has been allowed in the several proportions noted in the Margin for distributing food gratis at the several Chuttrums upon the principle which led to their recommending a similar course in regard to the allowance hitherto disbursed for the same purpose at the Two poor Chuttrums of the Salem District. This would leave Rupees 1262 - " - 7 still available for

No	Allowance for Food	Rs	a	p
1	Verdoosputty Chuttrum	396	"	"
2	Sautoor	349	9	10
1	Yadaseval	287	11	11
2	Pundaracolum	947	10	6

for establishment to which last sum they would propose to add Rupees 250 — — making in all Rupees 1,512 — — per Annum the number of Servants in each Should try being limitted to.

	Per Mensem	Per Annum	Per Season Allottments
Two Cavally Peons @ 5 Rs	10 " "	120 " "	840 " "
One Water Bramin	4 " "	48 " "	336 " "
One Sweeper	2 " "	24 " "	168 " "
Oil, Firewood, &c	2 " "	24 " "	168 " "
	18 " "	216 " "	1512 " "

which the Board think a sufficient establishment. The next head of charge in the proposed Scale is that of Yeomiahs for which there is an Increase as in 1258 all the parties did not draw their allowances. The

Encs. 2 & 3. Collector enclosses Copies of Mr. Cottons and the Hindoovee Register shewing 55 Yeomiahs then payable at the reduced rate of 7 Months allowance, but it is observed that only

Fort St. George 8th May 1851

only 22 Yeomiahs are now disbursed at the same rates and that of these 12½ are for service which the Collector proposes to retain so long as service as performed and 9½ are for maintenance which he suggests should be discontinued on the death of the present incumbents. For easy reference the service and Maintenance

A. & B. Grants have been classed in Two separate Abstracts accompanying these Proceedings and the Board recommend that as the exact nature of service is unknown, the service Yeomiahs be made subject of tabular report on lapses occurring and that the life Yeomiahs be resumed on the death of the present incumbents. The Service Yeomiah No 35 claimed by the Petitioner Shaik Rowter should they think be disposed of under this rule.

12. The 3d and last head is that of Sundry Charges in which there is an increase in the proposed Scale for expenses of Mohorrum at 2 Mosques which do not appear to have been disbursed in Fusly 1258

The

The Board recommend that the allowance to Cutbar Khans relations be continued in the 5 shares in which they are entered in Mr Cotton's Register to their respective the present 5 heads of the family and be continued to them and to their heirs. The Collector will be requested to specify the names of the present incumbents on the wishes of Government being known.

13 It is observed that the allowances for Mohurrum feasts are paid to the Grandson of Cutbar Khan and the allowances for Buckreed and Ramzan to the Sowar Cauzy. The Board see no objection to all these allowances being registered in the name of the Grandson of Cutbar Khan to be continued to him and to his lineal descendants, subject to the conditions attached to the tenure of those allowances respectively.

14 With the surplus of Chuttrum Fund of Rupees 18300 or as it

+ From Tinnevelly 4th Feby 1851 Para 3.

it is stated at a more recent date Rupees 20,989 the Acting Collector has submitted a scheme for establishing a Lunger Khana in his District which proposal the Board now have under their consideration.

Ordered that the foregoing Extract be submitted to Government.

Abstract.

6323

Fort St George 8th May 1851

A Abstract of Thirteen Service Yeomiahs payable from the Chuttrum Funds of the Tinnevelly District.

	Names of yeomiahdars	Monthly allowance	Annual allowance as per reduced rate	Amount drawn in Fusly 1258	Remarks

No. 1.

6326 Fort St. George 8th May 1851.

No. 1.-

To. The Chief Secretary
to Government
Fort St. George.

Sir,

In conformity to the orders conveyed in your letter of the 11th December I have since my return to this Station inquired of the Polegar Prisoners therein mentioned, in what Villages they would wish to reside and have now the honor to report their desire of living in the Town of Tinnevelly and as they all stated being anxious to remain with Sobahmaul the Widow of the late Chinnabommonaic I have obtained a House for them at a rent of one Pagoda per Mensem of which they will this day take possession.-

The three Maravers, Woodiar, Moottoo and Poovel Woodiar have been informed that on giving good security they will be permitted to reside in the Fort of Palamcottah and are in the mean time Kept in confinement but as they are related to several of the convicts now in Jail I shall deem it necessary to obtain security to the amount of Fifty Pagodas each previous to their release.-

I am of opinion that a very small increase to the Sum sanctioned by Government under date the 26th Ultimo will be fully adequate

to

to the maintenanance of the twenty one Persons released and therefore submit the following as their Monthly allowance.-

To. Soobahmal ——— 4 Pagodas per Mensem
Ghanamoothamal ——— 4 — Do. ——— Do.
Chuckamal the Widow of the late Buttapanaic ——— 4 — Do. ——— Do.
Chuckamal ——— 3 — Do. ——— Do.

Secretary to the
Board of Revenue,-
Fort St. George.

B. of W. 1063.

From the Collector of Tinnevelly- Reporting upon the present condition of the Records English and Native in the Collector's and Sub Collector's Cutcherries.

57

Sir,

Para 1. I have the honor to submit the following report called for in Extract from Proceedings of the Board of Revenue dated 25th November last for the information of Government upon the present condition of the Records English and Native in this and the Sub Collector's Cutcherries.-

2. I have personally examined the English Records of this Cutcherry and find them in good order and well arranged in all respects other than the defects formerly brought to notice by Mr. Eden, under date 20th February 1837.-

3. The Sub Collector states that the English records of his Cutcherry are complete and uninjured. The Sub Collector also mentions that

that the Native Records of his Cutcherry require only trifling rearrangement which will be immediately attended to by means of two or three Goomastahs called from the Talooks for the purpose.-

4. The Native Records of the Collector's Cutcherry have been carefully inspected by the Head Sheristadar who reports them to be for the most part in tolerable preservation and well protected from white ants and other destructive agencies, but in considerable disorder.- and from the difficulty and delay that is generally experienced and the not unfrequent failure in obtaining documents required for reference from the Record Office there can be no question that a very great Misplacement of papers and Cadjans exists in the Native Records of this Cutcherry.-

5. The evident cause of this is the insufficiency of the Native Record Establishment which consists of one Head and one Deputy Record Keeper and 2 Dufter bundlers. The daily call for documents required for reference in the Collector's Cutcherry and to be Copied on stamp paper at the requisition of the several Courts is sufficient to occupy the whole time of the record Establishment

and the consequence is that when the documents are returned to the Office they are very frequently deposited in wrong places.-

6. There are now in the Records 3877 Dufters of which the contents of 3558 only have been catalogued.- leaving 319 without any lists. In like manner 481 out of 3,023 Rolls of Cadjans remain without lists. To prepare these and to rectify the disorders in the other Dufters it will be necessary to employ additional hands and I beg to propose the following temporary Establishment involving an expense to Government of Rupees 990 as shewn below.-

14 Hindooy Goomastahs for 5 Months at 10 Rupees each per Month -	700 Rupees
4 Tamil Do. for Do. at 7 Rupees each per Do. —	140
	840
Dufter Cloths, Paper and Sundries - -	150
Total - - -	990.-

7. The last time the state of the records of this District underwent review was in 1841 when an expenditure of Rupees 1,096-2-0 was incurred under † Sanction of Government for arranging the documents and 10 years previously to that an additional Establishment was entertained for a similar purpose

† dated 1st May & 30th October 1838.-

under sanction of Government dated 29th July 1828.

purpose at a charge of Rupees 2582-8-3. It appears therefore that the fixed Establishment of the Record Department is not able to keep the Duftors in an efficient state and that additional hands have to be employed when the arrangement of the documents becomes inconvenient.

8. Such being the case I beg to propose that an annual allowance should be made of 60 Rupees for the employment of two temporary Goomastahs for 3 Months on 10 Rupees a Month each to sort the documents which have been taken out of the Duftors during the year and restore them to their proper places and also to arrange and catalogue the newspapers and cadjans which have become records in the course of the same period.

9. By this means after the thorough revision provided for in para 4 has been accomplished I should hope that the Records of this District would never in future fail to answer the object of their preservation in fullest and most satisfactory manner.

To.
W. H. Bayley Esqre.
Secretary to the
Board of Revenue.

B. of R. 941.
From the Collector of Coimbatore.

Sir,

59 Para 1. In reply to the Extract from the Proceedings of the Board of Revenue dated the 10th Instant, I beg to report that the wheat sent to me (a small box only) was tried partly in my own Garden at Coimbatore, partly in other parts of the District, and some on the Neilgheries but that it failed in most places of that sown in my own Garden about ¼ came up in all other places, a less proportion. I examined it before sowing thro' a Microscope, the grains seemed to me old, and the small geranium bud usually perfect in all fresh wheat to have disappeared in a great number of the grains.

2. I shall be happy to make another, and a careful experiment if

Fort St. George 8th May 1851.-

if fresh wheat is supplied to me No report being called for in the Board's Proceedings I did not make any tho' I carefully noticed the results of the experiment.-

Proceedings thereon.

The Collector will be

59-60

So good as to state, whether it is his wish to have a further supply of English wheat or whether he is desirous of having seed wheat from Calcutta of the same description as that recently applied for by the Collector of Madura.-

Read

Fort St. George 8th May 1851.

Read again letter from the Collector of Canara dated 20th September 1848 and entered in Consultation 22d August 1850.-

Board's No. 1088.

Read the following Minutes

From 2d Member of the Board of Revenue, Para 1. The question of the Canara Assessment is under our consideration with reference to Mr. Blane's report dated 20th September 1848.-

61

In Cons. 22d Augt 1850.

2. The Government in Extract Minutes Consultation dated 2nd January 1847 were sensible of the inconvenience experienced in the Revenue Administration of this District which nothing short of a general Survey would remove, but not being satisfied that such a measure could be prosecuted without creating discontent, they requested that the Board would call upon Mr. Blane, who had been recently appointed to the District to submit his views on the subject as soon as he had acquired sufficient local experience.

3. The information called for has been furnished. The whole question is fully laid open by Mr. Blane, his

report

report and the early communications from Canara, especially Major Munro's able sketch dated 31st May 1800 indicate what course should be pursued.

4 It is unnecessary to recapitulate in any detail what has been written on this subject. The main feature of the question as presented in the course of the protracted discussion which has taken place, is the defective character of the Revenue system of the District from there being no account of the actual extent of the land. In consequence of this defect, the Revenue Officer is unable 1st to correct the inequalities in the assessment of the several Wargs, and 2nd to ascertain to what extent Waste land has been included by the land holders in their Estates, which should in fairness be assessed to the Revenue.

5. The inability of the Revenue Officer to control the Sub Division of Estates, and the apportionment of the assessment thereon is a further evil inseparable from the defect noticed.

6 The remedy suggested by

by the Board is a general Survey of the District. The expediency or otherwise of this measure is now for determination

B^ds Pro: dated 18th November 1843 Paras 49. 50. & 73.

7. Much difficulty is removed in limine by the admission that the demand on the whole District has reached a maximum. The Demand of the Beejanugger Circar, some Centuries ago, was limited to 1/4 of the gross Produce but 1/8 only was retained for the ruling Power the difference being appropriated to charitable and religious purposes / Dhurmadaya and Brahmadaya / under the Bednore Princes, the Beejanugger standard was enhanced about 50 per Cent. Further additions were made under Hyder and Tippoo. The Amildars of Hyder and Tippoo. Major Munro observes "laid on one assessment after another till at last rents were as high as in Mysore." Our present Demand may be said to amount to the Bednore standard with about 3/4 of the Mahomedan additions, less the deductions allowed / comparatively small / at the Settlement made in 1819–20 by Mr. Hurdis

do

x Known in the accounts as "Rookha"

* Shamil.

† Farm

So that as regards the Revenue the only augmentation which a Survey can yield, in addition to what may be gained by raising the assessment on certain Estates will be from what are supposed to be fraudulent encroachments on waste lands, but here again expectations of increase are met by the fact that the assessment of the Waste land that is of land which had been thrown out of cultivation was formerly included in the Demand. It is also to be borne in mind that Major Munro and afterwards Mr. Read were of opinion that the assessment as then existing was too high. The course of events which led to the settlement of Mr. Harris in 1819/20 are well known. The land Revenue of the different Provinces is as follows.—

From Major Munro 31st May 1800 P. 11.21
From Coll. 19th Cons. 31st June 1814—
+ Tarow

	Rs
Under the Rance	
Hyder	10,99,024
Tippoo and Berar of Fusly 1209	833,759
Settlement of Fusly 1259.	210,11,743
	18,96,950.

8. Of the additions, made by Hyder and Tippoo, upwards of 4 Lacs

of Rupees consisted of resumed Enams, the remainder is exhibited as additions to the Shist Major Munro's sketch of the additional demand imposed from time to time after the fall of the Beejanugger Dynasty deserves attentive perusal.

I have said that the remissions made by Mr. Harris at the Tarow Settlement were comparatively small. They amounted to Rupees 1,47,727 14 3 considering that the original assessment had been enhanced upwards of 50 per Cent under the Bednore Princes, that a further considerable increase had been made by the Mysore Government, that large reductions were declared necessary and that the people were in a state of discontent owing to the excessive Demand, the remission of 1½ Lacs of Rupees on the whole District however defective its distribution cannot be viewed at large It does not appear moreover that the Tarow Assessment was below the Shist (Beejanugger) in any case, and whatever views may be entertained as to its faults in regard to some Estates, as

Mr. Blane Para 24—25.

a whole it has fully redeemed the expect-
:ations it held forth, and has "operated as a
great stimulus to the industry of the people"

10. The question is further simplified
when it is considered that the Original
assessment was made with reference to the
produce of a given quantity of seed sown
and not on a specific extent of land
accurately determined no actual measure-
:ment of the land was made. The land rent
was fixed on rough estimates "very carelessly
or with great indulgence to the inhabitants",
nor perhaps would greater precision be
required now were it not desirable, in the
present advanced state of the District, to
have a Register of all lands showing definitely the right of all parties. The assessment
cannot under any circumstances be fixed
with great nicety and it matters little
as regards the interests of Government
whether a class of Proprietors as they
are found in Canara (we might add
Tanjore and some other Districts) have

in

From Major Munro 31st May 1800. Paras 6 & 8 & 22.

in their occupation land in excess of
the area to which alone it is supposed they
are entitled. Rather it is desirable that
such excess should exist, as the stability
of the Revenue depends upon it, when from
various causes the demand on the land has
been carried to a maximum of pressure.
The highly rated land the assamm lands
of Bellary for instance could not meet the
assessment imposed on it without
the aid of lands bearing a low
assessment and Enams.

Note. This applies to the assessment generally in all Districts The Native Governments took a large portion of the Produce as Revenue and their standard has not been materially lowered since.

11. The great desiderata in
Canara at the present time would appear
to be 1st that the Boundaries of each
Estate or holding should be defined
and 2nd that no Estate should be broken
up without the Knowledge of the Revenue
authorities who should be guided by fixed
rules, both as to what should be the
minimum extent of Holding and as
respects the apportionment of the ag-
:gregate assessment. These are the
main points. Increase to the Revenue

is

is not to be lost sight of, but under the circumstances of the Distrct, as explained in the preceding paras, it must occupy a subordinate place in the determination of the question before us. On this point I would refer to the views contained in Mr. Blane's report, but particularly to the sentiments expressed in the concluding Para. If Government had to enter into a contest with the people for an augmentation of the Revenue from the Land it is probable that their ultimate object if attainable at all would be gained at great risk and with a severe loss of Revenue in the mean time. Our present favorable position would be lost, to be regained, if at all, only after a lapse of years.

12. The present flourishing state of the District furnishes a further argument against any interference with the assessment as a whole. It is seen that Population and stock have increased, that there is an extension of Gardens and

of cultivation generally and that land has risen in value, so much so that it is not easily procurable and the possession of the smallest spot is contested. Does this prosperity exist, because land, which should be assessed to the Revenue has been fraudulently enjoyed? admitting that it is so. surely it is a part of wisdom to pause before rights are asserted, which would probably subvert this state of things. In the present case however it is — doubtful whether such rights that is to any extent, have an existence. The happy state of things in Canara is owing to the peculiar advantages enjoyed by the District combined with a moderate assessment. These are certainly both as regards — seasons and Markets, and a system of Revenue which while it recognizes individual rights does not call for the — frequent interference of the public — establishments. These advantages are possessed with every safeguard to person and Property. Under these circumstances a very high condition of the District

Mr. Blane 10th Sept. 1848. Para 3.

was

was to be looked for. The blessings of a light assessment are noticed in para 102 of the Report and our ignorance of the actual resources of the District is stated to be a cause of its prosperity. At ad the standard of Demand which we endeavour to adopt at the present time in other Districts been enforced formerly, this Province, it is said, could not have advanced as it has done, "thousands of our labouring Population would have left their homes."

13

Sir Thomas Munro disapproved of the additions made to the ancient Land Rent by Hyder and Tippoo. He left the question of lowering the assessment to the Board, observing (Para 16) that had such an assessment as that introduced by Hyder and Tippoo existed in ancient times, Canara would long ago have been converted into a desert His opinion rested on the peculiar physical features of the Country, the paucity of Cattle even under favorable circumstances, and the large outlay necessary to bring land into cultivation

Even

"Even after land has been brought into cultivation if it is neglected for a few years, it is soon broken up by deep gullies formed by the torrents which fall during the Monsoon."

D. Dr Paras 6 & 12

Population

Fusly 1210 5,92,000

" 1257 9,94,000

14. It is supposed that the Population has increased about 68 per Cent since Fusly 1210 and that the value of the staple Produce of the District on a rough calculation has risen from Rupees 2,84,210 in that year to Rupees 12,02,050 in Fusly 1257 (1799/1800 / 1847/48) Great pains have been taken to render these calculations as true as circumstances will admit, but as observed by Mr. Blane (Para 10) "such Estimates are no doubt always liable to great error and cannot be accepted as more than approximations to the truth." The increase in the Population as the natural consequence of good Government, it is probably in part owing to greater accuracy in the Returns, perhaps chiefly so when the Basis of different past periods is compared with the present. In 1800

it

Under the Rance including
assessment of Inams
resumed afterwards Rs. 1,50,000.
Hyder ..... " 18,33,759.
Settlement of Fusly 1256 18,59,887.

it was reckoned that the Population had been diminished by one third during the preceding 40 years: this would bring the numbers up to about 9,00,000 not materially differing from the census of 1847/48. It would not be safe then to draw any conclusions from the present numbers of the people tending to show that a topographical Survey would bring to light land to any extent which ought to be assessed.—

15. The principal features of the question as it is presented to us now are the same as in 1800, when the Revenue history of Canara was sketched by the masterly hand of Major Munro. The additions of Hyder and Tippoo were then as deprecated, the same reasoning applies now against adding to the burdens of the people, but with greater force, because our standard is on the whole considerably higher than the ancient Rekah. Our object

should

should be to preserve the prosperity of the District. We should remember what should be the position of the holders of land in general and what it actually was in the early periods in Canara. Under the Bednore Princes, outstanding Balances were unknown. Annual details of the state of the Cultivation were not kept. In cases of failure, time was allowed to the defaulter or the sum due was remitted or assistance was given by means of a loan. The land itself was seldom if ever sold for the arrears. The class of ancient Proprietors or Landlords was according to Major Munro, almost extinguished during the oppressions of Hyder and Tippoo. Under the British rule the Country has revived, but past experience shows what will occur if we commit the error of overtaxing the People. Private property in the land has not now to be created. Our demand should be regulated with "liberality and consideration" says the Report (Para 70) if we wish to secure that which has acquired stability under our rule.—

On

16. On the subject of Waste lands it is important that just and liberal views should be entertained. "The only "land in Canara besides certain lands "in the Northern Districts" says Major Munro "that can in any way come under "the description of Circar Lands is unclaimed "waste, to a great extent of which it is "very likely demands would appear, were "it once brought into Cultivation."

17. Major Munro here seems to refer to the principle on which the original Assessment was made which did not take into account the exact extent of land held by each individual and to the fact, so far as could be gathered from tradition and accounts, "that in the fourteenth Century at the "time when the Pakah or Beejamugger "Standard rent was paid, the whole of "the land were parcelled out among "a prodigious number of Land holders, "paying Annual rents from four to "five thousand Pagodas." Thus the Board are not far wrong when they say

Major Munro. Para 22.

Bo. 5th Dec. 1844 Para 9

Mr. Blane Para 32

say that "there is not a foot of ground unappropriated." The case would not be altered if the term "unreclaimed" were substituted for "unclaimed" for as claims would appear for a portion at least of these lands, it is obvious that Private Property extends to waste lands also. Conferring however private claims to such waste as had at some former period been under Cultivation, which though waste bore its quota, of the full assessment as explained in a former Para of this Minute, the claims of the Government would be limited to lands (Kool musht) the owners of which had disappeared and to immemorial waste (Pakah Musht) From these sources new Cultivation (Kosaganny) is drawn and a Revenue Survey would yield little beyond securing Government against future encroachments on their waste.—

18.— It appears that land once waste to the value of about Rupees 60,000 of the Bednore Standard

Mr. Blane Paras 34-36

is

is unaccounted for and that there is no record to shew in what Talooks or Villages it was situated. This is the item referred to as "deficiency of Retrah" Pagodas 101,753 or Rupees 6,36,147. The inference that land to this amount once existed, but has been absorbed is drawn from Columns 4 and 5 of Statement No. 1 received with letter from Major Munro dated 31st May 1800. But following the same Statement it is seen that the deficiency of Retrah or ancient rent was replaced by Subsequent additions amounting to Pagodas 101,773 so that in reality if the accounts are to be our guide, there is no land to be accounted for. Hyder made a small deduction Pagodas 7,907 (Col 41) for waste but it is unnecessary for the present purpose to take that and the subsequent transactions under

Tippoo into consideration.—

19. In 1209 Major Munro allowed a deduction, of Pagodas 1,59,940 or Rupees 5,28,290 (Col 62) "on account of waste lands &c." but this item is accounted for as shewn by Mr. Blane.—

Mr. Blane Para 34

20. If the people of the District are asked what has become of the waste lands their reply is that, all such land, whether cultivated at a former period or otherwise, is included in their Estate; this claim to waste not cultivated obviously not referring to relinquished Estates and tracts of immemorial Waste. The claims of the people have been practically recognized for the last 30 years, that is since the Jurrow settlement in 1819-20. Before that date they were never questioned. Looking then to the principle of the Original Settlement to the evidence furnished by tradition and the accounts to the high state of cultivation under the Beejanugger and Bednore Governments

Do. Para 37-41 42

to

to the impression among the people themselves and to the actual practice of the District ever since it has been a British Possession; the inference, that very little, if any, of the land which it is alleged has been appropriated at different times can be claimed by the Government, is unavoidable. As former deductions, or rather deficiencies of the Rekah or ancient rent have been covered by subsequent additions, it will be useful to note in this place the component parts of the assessment in Fusly 1209 / 1799-1800 the basis of our present demand, as exhibited in Statement No. 1 submitted by Major Munro in his letter dated 31st. May 1800. already referred to in this Minute. These are

Col. 838 following

Standard rent or Shist

	Pags.
Beejanuggur ———	2,84,604
Extra assessments under the Bednore & Mysore Rule ———	153,450
New heads of Revenue ———	16,500
	454,642.
Add Village Taxes ———	10,505
Total	465,147

The settlement of Fusly 1209 / 1799-1800 without Village Taxes was thus Pagodas 4,54,642 or Rupees 15,96,247.- The Collections in that year were Rupees 15,19,207, in Fusly 1257 / 1847-48 the Collections amounted to Rupees 6,88,505 including Hosseegamy.-

Mth. No. 2 accompanying Mr. Blake's report

On the whole it appears
21
desirable that the Government should at once declare that it is not their wish to raise the assessment of the District generally, and that they are prepared to give the claims of the people to the most liberal and indulgent consideration. As a general rule it might be laid down that waste at present in occupation will not be separately assessed to the Revenue, provided the Assessment on the entire Estate appears fair with reference to the Bednore standard. This rule will apply both to Estates paying the full Tarow Assessment (Bhurdy) as well as those on which reduction of the assessment is claimed (Kambhurdy) It is not desirable after so long a period to disturb the Tarow Settlement

settlement as a whole but where from the influence of the parties interested it is found to be much below what it should be and in cases where it is obvious that waste has been fraudulently appropriated; the rights of Government should be asserted, but the Bednore standard of Demand should form the limit of assessment. A general equalization of the assessment would be unjust. To attempt it would give rise to great discontent, and perhaps a renewal of the disturbances which have more than once taken place in Canara" On this point the remarks of Mr. Blane and of his Predecessor Mr. Blair are particularly deserving of notice.—

Para 72 & 76.

22. The subject of Mookpullaks, or Lands held on a reduced assessment should fall under examination. In Canara as in the Northern Circars grants of this description are easily fabricated.—

The

The question now occurs

23.

how shall the necessary revision be carried out and in what way shall the great want of the District Viz. a correct Register of the Lands, be supplied. Mr. Maltby who has lately joined the District as Collector is prepared, with Considerable experience previously acquired as Sub. Collector to give effect to the former. The latter is to be gained by actual survey alone. Revision may be made with or without the Survey but tho' not necessarily dependent on it and though great precision in fixing the amount of assessment is not in the circumstances of the District, required, the details furnished by a Survey will be of material assistance. The Collector should exercise his discretion on this point, making the Revision and Survey go together, or where it is necessary effecting the revision first. It is obvious that the Survey should be conducted in a way not to alarm the people or to lead in any degree to a suspicion that

See Report on the Settlement for Fasly 1250 1749-50 dated 4 Octr 1830 Paras 38 & 50

that the assurance of Government that they do not wish to disturb the assessment is not sincere. The work ought to proceed gradually.—

24 The advantages of correct account will be readily appreciated and every facility we have reason to expect will be afforded for the further advancement of the work as the Collector has qualified Agents to conduct it. The moral result to the District will be great

Report Para 6 The remarks in this Para are particularly worthy of notice.—

25 One main object of the Survey will be to obtain accurate specifications of Boundaries. It is seen that in Canara as elsewhere, Boundaries are frequently obliterated, especially when property passes into other hands.—

Mr. Blane's Letter

Official Correspondence Printed Page 3 Para 11

In the Surveys under the Bombay Presidency this circumstance is noticed. It cannot be avoided, we must follow these imitations; but no changes should be made without the knowledge of the Collector in order that they may be duly registered. A Murg

or

or Estate is composed of separate portions or Holdings (Fields) not always situated contiguously, but in different parts of a Village, and sometimes in Villages at a distance. The Boundaries of each component part or Holding or Field by whatever term designated, should be laid down and some rule will be necessary to regulate the Subdivision of Holdings to prevent their being broken up into minute portions injurious alike to the Revenue and the People.

26. The assessment is now paid on the entire Murg. In the contemplated revision and survey, it is not necessary to apportion it on the Component parts or Holdings so long as the Estate or Murg remains entire as it is; but in all subdivisions and sales of portions of a Murg some rule, by which the aggregate demand is to be apportioned, will be required.— The

27. The expense of a Survey and the person on whom the general supervision of the work should rest are points of great importance, and should be determined not with reference to Canara alone but on principles which may be applied to other Districts with such modification as local circumstances may render necessary. I would suggest as a general Principle that existing Establishments Village and Talook, should be required to perform the work under proper instruction and supervision. In this way the machinery for the purpose will be permanent and the additional charge to the State will not be large. Ultimately when the duties of the Survey are fully understood the extra charge will cease altogether. A duly qualified Surveyor with 2 or 3 well instructed Gomastahs will probably suffice. With the aid of this Establishment a qualified

D.G.

agency out of existing materials may be prepared. The Collector is the proper person on whom the duty of supervision should be imposed. To give him leisure for the work, he should be relieved from details which he is at present required to perform by a distribution of the several Talooks among his European subordinates. By an arrangement of this kind, the Collector would be enabled to give his attention to the general improvement of the District, while the proposed distribution of labor, which would give to each subordinate Officer a charge which he could easily manage would ensure greater efficiency in the administration. Cases brought before the authorities would be more speedily settled and parties would enjoy the advantages of a second hearing when necessary by an appeal to the Collector.

Revenue Board Office,
Fort St. George.
5th November 1851.

Bd. No. 1089.

From 3d Member of the Board of Revenue

(Signed) J. Goldingham
2nd Member.

I was in hope that it would.

62

would not be necessary for me to take any part in the Proceedings of the Board in reviewing my own report on the Revenue System of Canara. A discussion has been carried on respecting a survey and a revision of the Assessment for 7 or 8 years and the papers accumulated are already so voluminous as to render it difficult to undertake their perusal.- My own report is itself much longer than I could have desired had it been possible to bring the subject in all its bearings under review within a smaller space. But the absence of the 1st. Member who has taken a principal part in the Proceedings previously held on Canara affairs renders it difficult to draw up any Proceedings without my taking a part in them.-

2. Mr. Elliot has proposed a draft which I have no objection to adopt with the exception of some passages in which I do not concur. But if these be modified or if I may make marginal notes on them before their submission to Government I think it might be

be adopted.-

3. The 2nd. Member has also recorded a Minute, and is of opinion that it will perhaps be better that the report should be sent up to Government with the separate Minutes of each Member. In that case, Mr. Elliot's draft of Proceedings might be remodelled by him into the form of a Minute and transmitted with Mr. Goldingham's.-

4. The observation which I have to record are few, most of what I had to say I have included in my report, and it would only prolong the discussion and swell the Amount of record to enter on an explanation of minor points of difference, whereas in some cases my meaning or views do not appear to have been fully understood. I am content that the report should stand as the general expression of my sentiments on the questions.-

5. There are some points however upon which I did not think it necessary as Collector to offer a distinct

Recommendation

distinct recommendation as to the measures proper to be adopted, considering it preferable to confine myself to a statement of what the facts (as they appeared to me) were, pointing out the difficulties which would attend each course which had been recommended, and leaving it to the superior authority of the Board and Government to determine what course it would be most advisable, with reference to these, to adopt.-

6. As a Member of the Board of Revenue it may be thought necessary that I should offer a more decided opinion. First then, with reference to a general

Para 69. Survey. I have already stated that, considered by itself, it would be a measure of great benefit but even if this be admitted I apprehend that it is one which neither the Government or the Honorable Court of Directors may be prepared to undertake immediately. The present state of the finances of the Country will probably be considered as an objection to commencing at this time, and undertaking

which

which under any circumstances must be costly. I would also remark that tho' a Survey may be desirable in Canara there are other districts which it has also been proposed to survey. They cannot well be all undertaken at once and I doubt whether Canara be the district in which such a measure should be undertaken

first

7. Supposing this view of the question to be correct and that objections exist to undertaking a general survey at present it appears to me that much might still be done for the purpose of checking future abuses, and for revising the assessment on many of the Wurgs.-

8. I would propose that a small Survey Establishment should be attached to the Collector's Office to be employed in examining and measuring such estates as he may consider the most to require it and also for the purpose of assisting him in carrying out the orders of the Civil Court to

for

for the transfer and subdivision of lands. I am persuaded that it would for many years, amply repay its own cost, by the frauds and abuses it would bring to light.

11. With the assistance of such an Establishment the Collector could undertake on secure grounds the remission of the Board shifarish Estates, and other Kumbarty Wurgs, continuing the remissions made by Mr. Vincash where found necessary or otherwise at once reimposing the Assessment which was suspended by him.

10. I have had some doubts whether it would be advisable that he should disturb what is called the "Jurrow" Settlement under any circumstances, but on the whole I have come to the conclusion that tho' as a general instruction he should be directed not to interfere with it without ample cause, yet there are some cases of manifest fraud or encroachment and of

of needless reduction of the ancient Beriz such as I have given instances of in the appendix to my report, which the Government is by no means called upon to perpetuate, and has both in reason and equity the fullest right to rectify when they have been brought to light.

11. As an act of indulgence and in consideration of long tenure I would in no such cases impose more than a very light additional assessment and with this view I would lay it down as a rule that additional assessment should not be imposed where it already amounts to one fifth of the Gross produce of the Estate.

12. It does not however appear necessary on the present occasion to enter into any detail of the measures to be adopted before the sentiments of the Government as to what the general nature of those measures should be has been obtained.

The

Fort St. George 8th. May 1851.

The Government will have the state of the case laid before it very fully in the report which it called for and the correspondence which preceded it and if necessary by the transmission of the Minutes of the 1st. and 2nd. Members - and it will then be able to determine whether it approves of a general Survey, either immediately, or in prospective or a more limited measure for the Correction of abuses, and guarding against them in future, but with less a disturbance of the existing tenures and interests than a General Survey would involve. -

13. When this point has been settled, the details of those measures might be settled in Communication with the Gentleman now at the head of the district, who possess peculiar qualifications for carrying them out. -

Letter from the Collector of Canara dated 20th. September 1848 on the Assessment and defects of the Revenue System of that District.

(Here enter No. 74.)

Bd. No. 908.

Proceedings thereon

Submitting a Letter from the Collector of Canara on the Revenue System of that District, together with the Minutes — filed by the 2 other Members on the Subject. —

S. Cons. 22d Aug. 1850.

S. Cons. 4th Sept. 1847.

61-63

Resolved that the foregoing Report be submitted for the information and orders of the Right Honorable the Governor in Council, with reference to Extract Minutes Consultation dated 2d January 1847.

2. The question in all its bearings is fully discussed by Mr. Blane. The present condition of the District, the bearing of the Assessment on the prosperity of the People, the defects of the Jarom Settlement in some Estates, and the remedy to be found in a general Survey, with the difficulties of such a measure considered at length. With the fulness of detail presented in the Report, few remarks are called for from the Board. The course to be pursued under existing circumstances is the main question for determination, and on this point the Board, as constituted at present have

Recorded

P. Members Minutes 5th Nov. 1850 ... Cons. 8th May 1851 Encl. A.
2d Do Do 25th March ... Cons. 8th May 1851 Encl. B.

recorded their sentiments in separate Minutes. They fully appreciate the benefits to be derived from a general Survey; but in the present circumstances of the District, they are of opinion that it will be sufficient that a small Survey Establishment should be attached to the Collectors Office to aid him in the examination and measurement of Estates when necessary, and for carrying out the orders of the Civil Courts, for the transfer and subdivision of lands. The charge for such an Establishment, it is believed, will be fully repaid by the frauds and abuses that will be brought to light.

3. The numerous transfers of Property which have taken place on the faith of the demand as it now exists and the serious evils which will arise from any general interference with the present Settlements are adverted to in Para 75 of the Report - referring to what is urged on this point as well as to the expediency of making as little change as possible at this distant date, the Board think that the Sarow Assessment as a whole should not be disturbed, but in cases as shewn in the

the Appendix to Mr. Blane's Report, in which abuses is obvious the Assessment they are of opinion should be revised, the demand with the addition in no instance to exceed one fifth of the gross produce.

4. In giving effect to the proposed revision on the foregoing principles the claims of the people to waste lands will receive liberal consideration - At the same time where it is obviously just that the rights of Government should be asserted, the Board are of opinion that no better general principle can be laid down than a comparison between the extent of land already enjoyed and the amount of Assessment paid for it - Where the gross of the former bears the proportion of 3 to 1 of the latter, it is prima facie evidence that the Estate is already as extensive as it was when it was assessed according to the principle adopted by the Beyanuggur Government and the Board are of opinion that a claim to additional land should not, except on special grounds, be admitted without the imposition of additional Assessment -

Some

Some general rule of this nature as a guide to the local Officers in settling the numerous claims to waste land, and the disputes which they give rise to both between private parties, and with the Government appear to be urgently required.—

5. The Board have the fullest confidence in the experience and judgment of Mr. F. Hadley the present Collector, and they are persuaded that the measure they have suggested if approved will not only correct present abuses but if judiciously extended as opportunities occur will ultimately furnish as complete a Register of the lands of the District as can be attained without a regular and systematic Survey.—

6 Mr. W. Elliot having taken a principal part in the former Proceedings regarding Canara, Copy of these Proceedings with copies of the Minutes which have been recorded will be forwarded to that Officer for his information to enable him, if

if necessary to place his views also on record.—

Read the following letters.—

No. 26.—

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.—

(64)

Bd. No. 1043.
From the Collr. of Canara....
Transmits a notice for publication in the Board's Office advertising the sale of 4 lands in satisfaction of arrears of Revenue and requests that Sanction for the sale of the said lands may be obtained.—

Sir

I have the honor to transmit a notice for publication in the Board's Office advertising the sale of four lands in satisfaction of arrears of Revenue due by the defaulters to whom they respectively belong.—

This Estate is one of those
2
which owing to the prohibition imposed upon the manufacture of Salt save the pans authorized by Government was partially cultivated and did not in consequence pay the standard Beriz with which it is assessed. Until July 1838 the demand upon it was regulated with reference to the portions of it actually under cultivation. It having subsequently been ascertained

ascertained that the waste portions of it were fit for garden, option was given to the defaulter either to bring the estate into full cultivation and ask a reasonable time for the payment of the maximum demand under the existing system of instalments observed with respect to the class of estates to which this belongs, or to abandon his proprietary right to it. The defaulter however did not choose to bind himself by either of the propositions made to him with a view to induce him to improve his land and to secure the interests of Government.

3. If due care is taken for the improvement of the estate, it is capable of yielding the full amount of assessment now imposed upon it. There are parties willing to bring it up to full assessment. As the defaulter does not come to reasonable terms, the only course to be observed to secure the just rights of Government is to claim the full Government revenue and in default to sell his proprietary right by public auction.

This

No. 2.

This estate paid the full
4. assessment fixed upon it up to Fusly 1257, in which the proprietor having demised, his widow was unable to cultivate it and pay the Government demand. In Fusly 1258 it was therefore leased out to a tenant and the amount of assessment collected. But in the following year the tenant having refused to cultivate it the widow was called upon to pay the assessment when she gave a deposition stating that she was unable to cultivate it and gave up her proprietary right and the land remained waste.

5. Another party has however brought a Civil action for the recovery of a certain sum of money due on the mortgage of the land. On the other hand the cultivating tenant has brought forward a Moodgueny right to the estate in question.

+ Rs. 26.

6. Neither of these parties though claiming a lien upon the land, is willing to occupy and pay the arrears and the future assessment. It is therefore necessary that their right be cancelled by a regular

regular public sale of the land, without which it is impossible to let it to other parties and realize the public Assessment.—

7. The estate in question is situated on the borders of the Ghauts in the Burtwal Taluk, the demand upon it both from the Government and Mortgagee does not at present exceed Rupees 41. 5. 2 but the land will not fetch a high price on account of its vicinity to the Ghauts and the insalubrity of the place, and it is desirable that the entire estate should be sold.—

No. 3.

8 This estate is very large and consists of the following description of land.—

	Rice land.		Garden land.		Total		Amount of Berij		
	acres	ℊ	a	ℊ	a	ℊ	Rs	A	P
Held by purchase and mortgagee's Vea.	5	2½	23	21½	28	6¾	316	14	10
Held by the defaulters.	1	4	10	14	11	18	124	12	
Total	6	6½	33	35½	39	24¾	441	10	10

Rs.

9. It paid the full amount of the Berij with which it was assessed until Fusly 1247, but afterwards in Fusly 1248 owing to the poverty of the present defaulters a sum of Rupees 116. 12. 10 was in arrear and this sum was remitted to them under the sanction of Government and the estate transferred to the head of Cumbuttay estates and the annual demand upon it was considerably lowered. Notwithstanding that every indulgence has been shewn them, the defaulters far from benefiting by it have alienated portions of it by Mortgage &c. and neglected to improve what remained in their possession.—

10. As the continuance of the indulgence evidently tended to encourage the carelessness of the defaulters it was thought useless to sacrifice the public Revenue and the demand was raised to the maximum assessment.—

11. Were the portion of land in the enjoyment of the defaulters fully cultivated it is amply sufficient to pay the demand upon it and will yield the produce now estimated. The estate consists of more garden

garden than rice land which not taken due care of is likely to be rapidly deteriorated.

12. The portion held by the defaulters was for some time rented to tenants and the amount of public revenue realized but afterwards they refused to bestow their labour upon the property of others. The purchasers and other parties are unwilling to pay the full assessment, provided the defaulters abandoned their right to it. The defaulters do not agree to give up their proprietory right to it and this debars others from improving the Garden and restoring it to its former condition. I therefore see no other alternative but to have recourse to a public sale of the portion held by them to annul the nominal right which they still hold.

No. 4. 13. The entire estate noted in the margin yields an estimated produce of Rs. 40-12-- and sows 13 3/4 Moorahs of seed. The larger portion of the best land of the estate to the extent of 3 3/4 moorahs seed has been sold to another party. The portion thus transferred has not been registered in the public accounts nor has any notice of this sale been given to Government Officers, or does the purchaser pay the Assessment thereon directly to Government. It yields a rent of Rupees 12 and is regularly cultivated.

cultivated. Sales of this nature effected without due notice to the Government Officers according to the practice observed in this District are not binding upon Government and as the division of land now objected to has not been made with reference to the due proportion of the good and inferior land and merely an arrangement between the parties themselves it is in no way valid.

14. On the other hand the portion in the occupancy of the defaulter is of inferior quality. A part of it producing Annually Rupees 7-12-- is under cultivation and the remainder capable of yielding a rent of Rs. 21 is left waste.

15. The purchaser agrees to pay the arrear in the event of the defaulter consenting to give up his proprietory right to the portion held by him and making it over to him but the defaulter does not consent to come to any reasonable terms, nor is he able to pay the arrear. To overcome the difficulty thrown in the way of the due realization of the assessment by this unauthorized division of the estate it is necessary that the entire estate should be sold.

16. In the several cases of lands now recommended for sale, the arrears of the current year are not included. These cannot now be exactly ascertained, but the accounts of their produce and its disposal will be brought to a close before the lands are actually sold and the arrears of this current year, if any will be made good by any surplus that may remain after the liquidation of the present demand against them.

17. Under the circumstances above explained I request that you will obtain early sanction from the Board of Rev. for the sale of these lands.

From the Collector of Malabar

70

Dated 10th Instant.

Sir,

With reference to the Board's letter dated the 19th September 1822, conveying a Map of South Malabar, I have the honor to transmit copy of a communication from my Head Assistant Mr. Robinson, with a request that, under the circumstances therein stated, a fresh copy of the said Map may be furnished for the use of this Office-

(Signed) H. V. Conolly.
Collector.

Fort St. George 8th May 1851.

No. 74-

To,

H. V. Conolly Esqre
Collector of Malabar.

Sir,

1. I have the honor to report that the Map of South Malabar described in the Margin, which formed accompaniment to letter from the Board of Revenue dated 19th September 1822, has been much used since and is now in a state that induces me to suggest that another copy of this most valuable Map may be obtained-

Map of that part of the Collectorate of South Malabar bordering on the Cochin state shewing the line of Boundary. Copied from the Survey executed under Lieutenants Conner and Ward in 1819-
Surveyor Generals Office.
Madras 10th September 1822.
Scale 2 inches to a Mile-

2- It's present state includes only the portion of South Malabar lying South of the Ponany river and from the Boundary of Coimbatore to the Sea, thereby including in the Map the Naldeshoms and Remarry Division of Cochin, in short the portion of the Palghaut Valley West of Ammanally to the Sea with the Talook of Chowghaut- All Maps of South Malabar should include the detached parts of Cochin- This is indisputable where differences of Boundary have frequently to be

settled

settled and are of constant occurrence around the whole Cochin and Malabar Boundary - But this Map would be made much more complete if, in addition to this were now added to it the portion of the District lying North of the Ponany Rivers to the Parya Malla or Range of Hills forming the North Wall of the Palghat gap and the Kedinganad Talook as far as Manarkad river and completed by assuming the Tudarkadow river (3 Miles North of Cherpulcherry) to its junction with the Ponany River as the North Boundary, and this I would suggest might be copied also into the new Map with great ease.-

Malabar,
Head Assistant Collector's Office,
Palghaut, 10th April, 1851.

(Signed) W. Robinson.
Head Assistant Collector.

No. 42.

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue.

Sir,

B. No. 980.
From the Collector of Madras 1.

With reference to the correspondence noted in the Margin, I have the honor to report, for the information of the Board of Revenue, that my Sheristadar D. Venkatasoobiah Bramin

To B. 13th Augt 1846.
From Do. 3d Septr. —
(74)

Bramin, has applied for permission to retire on a Pension, and that his application has been submitted, in the usual manner, for the orders of Government.

2. I received lately the accompanying
31st March 1851. address from M. Cashava Naik, soliciting that he might be appointed Sheristadar in succession to Venkatasoobiah, having already been in the public service since the year 1836. From the enquiries I have been able to make and from the testimonials of character he has produced corresponding with the copies appended to his application, I have reason to believe that he is equal to the duties of the Office.

I beg leave, therefore, to recommend
3. that sanction may be given for the appointment of Cashava Naik to act as Sheristadar from the 1st June next, the date on which Venkatasoobiah will quit the Office, and to be confirmed, at a future period, if he shall be found qualified for the duties of his situation.—

(Signed) J. A. Huddleston
Collector.

Madras, 25th April 1851.

Fort St. George 8th May 1851.

No. 1.

J. A. Hudleston Esqre

Collector of Madras.

Sir,

8ca 8ca 8ca

1. Understanding that the Office of Sheristadar in your Cutcherry will shortly become vacant, I beg, with reference to the endorsement on my former application of 20th January 1846 as well as your kind letter to my address of the 22d September of the same year, most respectfully to offer myself as a candidate for the said Office feeling assured that your knowledge of my character and qualifications will ensure to me every support I need in the attainment of my wishes.-

2. I avail myself of this opportunity to bring to your notice that, I am the only Son of M. Sawmy Naidoo, formerly Collector and Superintendent of Company's lands in Madras and it's Suberbs in the Home Farm then existing under the direct management of the Board of Revenue, and now employed in a responsible situation under the Collector of Chingleput on a Salary of 100 Rupees a month,

and

Fort St. George 8th May 1851.

and have performed the duties to the perfect satisfaction of my employers since 1836, as will be seen from the annexed Copies of Testimonials, granted by Honorable John Hodgson, A. Maclean, and A. Freese Esqres.-

I beg to add that I have acquired much Revenue experience, both in the management of an extensive Zemindary and as a public Officer during a period of 30 years, and that my knowledge of and aptitude for business will, I trust, enable me to afford you every satisfaction in the discharge of the important duties of the appointment I now seek at your hands.-

In the hope that you will confer this especial mark of your favor upon me.-

(Signed) M. Cashava Naick.-

Chintadrepettah,
31st March 1851.

Copy of a Certificate from the Honorable John Hodgson formerly 3d in Council at Fort St. George.-

Madras 7th January 1820.

This is to certify that Cashavaloo Naick has been employed for twelve months in my private Office as a Writer and that he is diligent and attentive. (Signed) John Hodgson.-

Copy

Copy of a letter from A. Maclean Esqr.
formerly Collector of Chingleput.

Mr. Cashavooloo Naidoo became Cash keeper in the Chingleput District in June 1836. and acted in that capacity under my orders up to 31st December 1838 or during 2½ years and more. He invariably gave me satisfaction and I believe him to be a conscientious and zealous public servant. Independent of the above I have known Cashavooloo for a period of time bordering on twenty years and have always esteemed him as a man of the first respectability and character. None who knew him, think otherwise of him.

(Signed) A. Maclean.

1st January 1839.

Copy of a Certificate from A. Freese Esqr.
Collector of Chingleput.

19th October 1850.

On my joining the Chingleput District in 1838 I found Mr. Cashavooloo Naidoo filling the Office of Cash keeper in the Hoozoor Treasury at Conjeveram, and have much pleasure in bearing testimony to the order and regularity with which the business of the Treasury

Treasury has been conducted and to state, that although the Treasury has for some years past been only periodically visited, none of the European Functionaries residing there, the regularity and attention with which all has been conducted, has provided my ever feeling the least uneasiness.

Mr. Cashavooloo Naidoo is in the enjoyment of Shotriums granted to the Family as an acknowledgment of the valuable services of his father and Grand father.

(Signed) A. Freese.

Copy of a letter from A. Freese Esqre.
Collector of Chingleput.

Cashavooloo Naidoo.

Before embarking for the Cape I am desirous of testifying to you the satisfaction I have experienced from the regularity and order with which all matters connected with the Office to which you are attached, have been conducted.

I have never once during the 13 years I have had charge of this District, had the slightest grounds for fearing that every thing was not properly conducted, and I trust your faithful services in that Department, may meet with a

Fort St. George 8th May 1851.

a suitable reward; and I shall at all times be glad to hear of your welfare-

16th November, 1850
Adyar

(Signed) A. Freese.

Copy of a letter from A. Freese Esqre Collector of Chingleput to Major Havelock, Acting Private Secretary to the Right Honorable the Governor, dated 23d October 1838-

My Dear Sir,

You will find the bearer by name Cashava Naidoo who is the Treasurers of this Collectorate an intelligent Native - He talks English well and may be of use to Lord Elphinstone during his stay at Conjeeveram either in giving information or facilitating the exhibition of the Lions. This man was formerly possessed of large Estate granted to his father for his services as Collector of Madras but falling into arrears of revenue his Estates sold by action-

Extraordinary.

Sir

I have the honor to inform you that the Statement has been made out in accordance with the instructions contained in your respective Despatches, and that the Returns have been drawn up in the manner directed by the Honorable Court of Directors in their Despatch under date the 20th May 1835.

I have the honor to be Sir

Your most obedient Servant

[illegible]

Sir

I have the honor to inform you that I have in this Statement by entering in a separate Column all Refunds of Revenue instead of deducting them from the charges on the Heads of Revenue in accordance with the instructions from the Honorable Court of Directors in their Despatch under date the 20th May 1835.

I have the honor to be Sir

Your most obedient Servant

[illegible]

General

6426.

Fort St. George 8th May 1851.

Order thereon.

Ordered to be recorded.

Read the following letter.

(76-77)

To,

W. H. Bayley Esqre.

Secretary to the

Board of Revenue.

B. No. 1020.

From the Acting Superintendent of Stamps.

Acknowledging receipt of a letter of 24th Instant and stating that the Goomastah who is willing to undertake the duty of Stamp Vender, might be remunerated by the addition to his salary of Rupees 3-8-- per Mensem or by a Commission of 3 per cent on the actual sale of Stamps.-

(78)

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 24th Instant.-

2. The Acting Civil Judge in his letter of the 19th December 1850 states that the Head Goomastah of the Bremmadasum District Moonsiffs Court is willing to undertake the duty of Stamp Vender, and proposes an addition to the Goomastah's salary, or a "Commission."-

3. The Superintendent of Stamps supported the application of the Collector of Tinnevelly for an additional Stamp Vender at Rupees 10-8-- per Mensem mainly on the consideration that this charge would be very much less than would be incurred by the grant of "Commission," supposing Commission was granted in lieu of Salary to the Venders of Stamps in the whole District.-

4. The objection to an addition to the Goomastah's salary, or to "Commission" being allowed him, is the fact stated by the

Fort St. George 8th May 1851.

the Collector in his letter to the Acting Civil Judge dated 28th October 1850, "that in this District "Venders of Stamps in the Talooks have no "=ance whatever beyond the regular salary "their other Offices"— But, setting aside this objection, the Goomastah, who is willing to take the duty, might be remunerated by addition to his salary of Rupees 3—8— mensem, one third of the amount of augmen= of escpence involved in the Collector's propo= or by a Commission+ of 3 per Cent on the sale of Stamps.—

+ As proposed by the Acting Civil Judge in his letter of 19th December 1850 to the Acting Collector of Tinnevelly—

Might not the Acting Civil invite the Goomastah to perform the required duty without "Commission" or additional salary, on understanding that he should be promoted on first vacancy to a place of better emolument. vending of the Stamps being till then his duty thereafter a duty attached to such place of better emolument.—

Fort St. George,
General Stamp Office,
30th April 1851.

(Signed) G. L. Prendergast
Acting Superintendent of

Ordered that the foregoing letter
submitted with the following address—

Fort St. George 8th May 1851.

No. 199.

(78-79)

To,
The Chief Secretary to
Government.

Sir,

B. No. 919.
To the Chief Secretary to Government.

Cons: 3d February 1851.

30th April
Cons: 8th May 1851.

With reference to the concluding portion of the Extract Minutes of Consultation dated 30th January 1851, I am directed by the Board of Revenue to submit the accompanying communication from the Acting Superintendent of Stamps from which it appears that the proposed measure of remunerating the Goomastah entrusted with the sale of Stamps required for the Brummadasem district Moonsiffs' Court by an addition of Rupees 3—8—0 per Mensem to his Salary, or a Commission of 3 per Cent on his actual sales is free from objection, the Board are therefore of opinion that either of these arrangements would be preferrable to the entertainment of an additional Stamp Vender on a Salary of Rupees 10 per Mensem as solicited by the Collector of Tinnevelly— The Board would recommend a fixed Salary in preference to Commission—

Revenue Board Office,
Fort St. George,
8th May, 1851.

(Signed) W. H. Bayley
Secretary.

To

The Collector of Stamps.

Sir,

With reference to your Endorsement No. 242 of 1851, on Petition of [illegible] Collector of Cuddalore.

I am directed by the Board of Revenue to request you will be pleased to report for the information of the Board the circumstances which led to the imposition of the Penalty of Rupees [illegible] on the Petitioner, and the grounds on which he solicits the remission of the same.

I am, Sir,
Your most obedient Servant,
(Signed) W. H. Bayley
Secretary.

Fort St. George
8th May 1851.

To

The Collector of Stamps.

Sir,

With reference to your Endorsement No. 1592 of 1850 the claim of the Petitioner to [illegible] Rupees [illegible] Annas [illegible] Pie, on account of Penalty incurred by him under Section VI Act No. XI of 1831, [illegible] Stamp Office, [illegible] Cash, [illegible] Collector of Stamps, [illegible] Penalty [illegible] Petitioner [illegible] Stamp Office [illegible] Cash [illegible] Collector of Stamps

request that you will communicate to them the particulars of these lands, so far as these can be ascertained, from their original acquisition to the period of their coming into the possession of the late M. Lutchmana Moodely.

2. The Board do not understand why his claim to these lands was not preferred by Apparow Moodely at the same time that he laid claim to the Shrotrium Villages of Munjacoody and Pootoor.
