2 In seven Districts no advantage has been taken of the benefits held out by the Rules but to two of these Malabar and Canara the rules seem little applicable from the physical Character of the Country, and the tenure of landed property, and four are more or less under the Permanent settlement and do not therefore afford such scope for the operation of the rules as is to be found in Ryotwarry Provinces. In the remaining Districts the Rules appear to have been acted upon but scarcely to the extent that might reasonably have been expected even making due allowance for their novelty and the time necessarily required to give them publicity and lead the Ryots to appreciate their advantages. The Number of topes planted or for which planting ground has been applied for as far as can be gathered from the returns is 163. The extent of land so appropriated is greatest in North Arcot, Guntoor, Salem Cuddapah and Tanjore, and varies in these from 34 Cawnies or about 42 Acres to 98 Acres.

3 The Right Honorable the Governor in Council trusts that the exertions

of

of the Board and the Local Officers will be given to develope the operation of the Sope Rules a measure in which the Government take a lively interest and regard as of much importance to the improvement of the Country. The Governor in Council approves the instructions issued by the Board to certain Collectors as stated in Paras 7-8-9 of their Proceedings. The Board will further consider themselves authorized to make any modifications in the rules which may seem requisite for adapting them to Malabar and Canara & other Districts having peculiar features.

The season of Fusly 1258 Sing[le]

Chingleput was very unfavorable. The rains of the South West Monsoon were light and the North East Monsoon failed. The Cholera was very destructive particularly in the Western and Southern Talooks and an Epidemic prevailed for a considerable time among the Cattle.

2- Prices are stated by the Collector to have been on 8 ¼ per Cent above the low rates of the previous year, and still 15 ¼ per Cent below the Survey commutation rates. It is however pointed out by the Board that judging from the Monthly returns furnished to them, the rise in prices above those of Fusly 1258 must have been more than 9 per Cent, and consequently the difference between the prices of the year and the commutation rates less than 12 per Cent.

3- The Net settlement of the year as contrasted with that of its predecessor Calculating Bungar and other remissions being deducted in both cases was as follows. -

(Here Enter 10th March/51 No. 139)

Para 1. The season of Fusly 1259 in Singleput

Fort St. George 12th. May 1851.

Singleput was very unfavorable. The rains of the South West Monsoon were light and the North East Monsoon failed. The Cholera was very destructive particularly in the Western and Southern Talooks and an Epidemic prevailed for a considerable time among the Cattle.

2. Prices are stated by the Collectors to have been on 5½ per Cent above the low rates of the previous year, and still 15½ per Cent below the Survey commutation rates. It is however pointed out by the Board that judging from the Monthly returns furnished to them, the rise in prices above those of Fusly 1258 must have been more than 9 per Cent, and consequently the difference between the prices of this year and the commutation rates less than 12 per Cent.

3. The Net settlement of the year as contrasted with that of its predecessor Cabooliaty Buxger and other remissions being deducted in both cases was as follows.

4- Under the first of the above heads there has been a decrease of Five Sayr Zemindaries and an increase of two Shotriums- The former from the purchase on account of Government of Five Mootahs brought to sale under Decrees of Court or for arrears of public revenue the latter from the retransfer of the Villages of Meenjour and Srimvoyel to the Daughter of Meenatchee Soondara Unnimaul-

5- The number of Villages settled under Ryotwar was increased by 25 and amounted to 1609 the gross settlement of which after deduction of Cooloolaty waste, and inclusive of ready Money items, was Rupees 837423-10-5 or below the settlement of the same Villages for Fusly 1258 by Rupees 132902 - 3 The decrease has occurred under every head of cultivation and is thus made up

6. The adverse nature of the season however necessitated the grant of remissions to a much greater extent than were required in the favorable year which preceded it. The totab amount allowed was Rupees 153530-7-11 being Rupees 161456-6-3 in excess of the remissions of Fusly 1258. The chief item is for Shanie or loss of produce which was scarcely admitted at all in Fusly 1258 but amounted in the year under review to Rupees 137207-13-5. This and the other remissions are shewn in the Statement E entered in para 18 of the Collectors report and the causes explained in Paras 18-23. The remissions this large seem under the reasons assigned to have been unavoidable.

7. Deducting these remissions from the gross settlement of the 1609 Ryotwarry Villages the Net settlement is Rupees 653893-2-6 or below

that of the previous year by Rupees 2,94,358-6-6 or 81 per Cent.

8. Of the Five Mootahs purchased by Government there were settled under amany or by division of the Crop, and two rented to their respective Meerasidars on Dowle or Estimate of the produce.— These were the only Villages rented on annual lease.

9. Of the entire net demand as shewn in para 3 Rupees 8,52,762-14-10 the collections within the Fusly were Rupees 7,19,490-9-2 and subsequently to 31 December Rupees 114,488 leaving an outstanding balance of Rupees 18,784-5-8 of which Rupees 8,643-3-2 is in the permanently settled Estates and is large in reference to the proportion borne by the settled to the unsettled revenue of the Districts.

10. The Right Honorable the Governor in Council agreeably with the recommendation of the Board of Revenue grants authority for writing off in the Public Accounts the irrecoverable balance of land revenue for Fusly 1256-1257, amounting to Rupees (1130-6-11) one thousand one hundred and thirty and annas Six.

Observations respecting the Extra Sources of Revenue in the District of Malabar for Fusly 1259.

Extract from the Minutes of Consultation in the Revenue Department under date the 29th April 1851.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here Enter 3d March 1851 No. 1127)

Para 1. The demand on account of the Extra Sources of Revenue in the District of Malabar for Fusly 1259 amounted to Rupees 11,96,945-2-8 of which Rupees 11,94,247-15-10 were collected within the Fusly and the balance of Rupees 2,697-2-10 outstanding at its close under the heads of Abkarry,

Small Farms and Moturpha has been reduced by subsequent collections to Rupees 425-4-11. The gross Collections amounted to Rupees 11,94,596-6-3 deducting charges the Net Revenue Rupees 9,04,991-3-10 was below that of Fusly 1256 in the sum of Rs. 65,579-3-6.

1 - 25807 - 10 - 4
2 - 8020 - 7 - 3
33828 - 1 - 7

2 - If the settlement of the two years be compared there will be found a deficiency against Fusly 1259 of Rupees 21,319 - 8 - 8 occasioned chiefly by the large falling off under the two principal sources of Extra revenue in this District, Salt and Tobacco. In each of the other items coming under the Extra sources there is an increase principally in Sea Customs and Stamps.

1 - 5,066 - 12 - 1
2 - 6435 - 10 - "

3 - The deficiency in the sales of Salt for Home consumption 15,599 Indian Maunds is attributed to the prejudicial effect which the reduced prices of Cochin, have paid upon the Government Monopoly. The Collector should repeat the call which he has made upon the Resident on the subject of the assimilation of the price of Salt in the two Territories. The deficit in the Inland traffic 9976 Indian Maunds is ascribed to the prevalence of Cholera in the Northern parts of Malabar which deterred the Bunjarries from resorting to Tellicherry and Cannanore; and it is supposed, led them to obtain their supplies from Mangalore in Canara. This supposition is not however borne out by the Statement which accompanied the report upon the Extra Sources of Canara, which shews the Exports from Mangalore to Tilly 1258 to Fusly

Fusly 1259 to have fallen below the corresponding Exports in the preceding year -

4 - The charges in the Salt Department are in excess of Fusly 1258 by Rupees 12,506 - 8 - 2, owing to a greater quantity of Salt having been purchased in Fusly 1259 than in the previous year, though at a lower rate - This enhanced the deficiency in the Salt Revenues, and the net Amount fell in consequence below Fusly 1258 to the extent of Rupees 38,321 - 13 - 1 -

5 - The sale of Tobacco fell short of Fusly 1258 in Rupees 8020 - 7 - 3 and is attributed to the contraband trade in the Article consequent on the reduction of its price in Cochin - which the Collector has not been able to suppress - The charges are in excess of Fusly 1258 in Rupees 23,415 - 15 - 7 owing to the higher price paid in Coimbatore, and the Net Revenue was in consequence Rupees 31,575 - 2 - 7 below Fusly 1258 -

6 - From the revival of the Oil Trade with Europe there was an increase of Rupees 6,566 - 12 - 1 in Sea Customs the large payment of Drawback however reduced the net revenue to Rupees 3,596 - 13 - 9 above Fusly 1258.

7 - The sale of Stamps yielded an

Fort St. George 12th May 1851-

an increase of Rupees 6448-2- but the large increase in the charges from the responses made under Act XVII of 1848 reduced the net revenue to Rupees 2246-4-10 above Fusly 1258-

8- The Mohturpha forms an important branch of the Extra Revenue of Malabar- The gross settlement originally made presented, the Collector states, an increase of Rupees 3597-14-1 above the preceding Fusly, but in consequence of the remissions he was obliged to make on account of Taxes on Houses, Shops, Professional Implements, &c. gone to ruin or held by individuals in indigent circumstances the net demand was reduced to Rupees 116308-11-3 or Rupees 30-8-6 above Fusly 1258-

The Collector dwells on the hardships and annoyance which is entailed on the lower Classes by the operation of the House tax, the chief item of Mohturpha in Malabar and recommends that the Tax be struck off in the case of all Houses in which it does not exceed half a Gold fanam or Annas 2-3 $\frac{20 \cdot 3}{100}$ pies per House a measure which while it would involve a loss of revenue of only Rupees 1437-1-3 per

per annum would benefit no less than 31000 individuals. The proposition is supported by the Board of Revenue-

9- The general question of the Mohturpha revenue and of the reforms which are required in it has been for some time before Government and pending the general revision of the tax they are reluctant to introduce any partial modifications. Looking however, not solely to the pressure of the lower rates of house tax in Malabar and the poverty of the parties subject to them, but to the further circumstances adverted to by the Collector in Para 27 of his report in respect to the mode in which the impost is collected the relation which frequently obtains between the tax payer and tax gatherer and the general state of feeling in Malabar, the Governor in Council is satisfied that cogent reasons of policy connected with the peace and good order of the District render it highly desirable that the reductions of the house tax advocated by Mr. Conolly should be at once carried out and it is desired that this may be done from the receipt of these orders in Malabar-

No. 164.

Extract from the Minutes of Consultation in the Political Department, dated 15th April 1851.

1851 March 15th. To the Collector of Tinnevelly No. 395.

Acknowledging his letter of 19th September 1850 relative to the proposed report to Government on the Boundary dispute in the Shencottah District That it was duly communicated to the Dewan of Travancore. The Travancore Officers who were deputed to make a survey of the proposed new boundary line, returned to Trevandrum in order to get personal instructions in regard to certain points proposed by the Collector; Viz^t, as to whether the values of the lands to be ceded should be estimated according to the actual Revenue or according to the Ayacut accounts — That the Dewan's report, copy of which is now enclosed, clearly points out the injustice of adopting any other accounts, than

Para 5 - The results of the management of these Estates by the Court of Wards on behalf of the incapacitated proprietors are satisfactory. We observe that the Estate of Sungunvulsah was made over to the Young Zemindar on his attaining his majority at the commencement of Fusly 1257 with a sum of Rupees 42000 accumulated out of the surplus proceeds -

cultivation. The Collections were made with commendable punctuality and the management generally is creditable to the Collector, the late Mr. G. A. Smith.

28. We observe that the long promised report on the Shotrums Balances had not been received at the date of the latest proceedings under review. We have only to remark that the realization of the Rents of lands professedly held on favorable tenure should, under ordinary circumstances, be strictly enforced, and that when, as would appear sometimes to be the case, the fixed quit Rents exceed the rates leviable on the Government lands, the holders should be allowed the option of relinquishing their tenures and of

of retaining their lands
on the same terms as
ordinary Ryots—

36. The Seasons of the three years under review were all unfavorable for Agricultural operations but particularly in the two latter, the evils consequent thereon were to some extent counteracted by an increased price of produce. The Collections were made with remarkable punctuality—

37. The Assessment on one Crop land producing Sugar Cane is repeatedly referred to in these proceedings and further information on

on the subject is promised. It does not clearly appear whether an increased rate is levied, merely because the lands in question are applied to the Cultivation of Sugar Cane or whether that description of produce requires an amount of irrigation which would be sufficient to raise two Crops in the year of rice or other grain we desire that in disposing of this question care may be taken to fix the Assessment according to the capabilities of the land, and not to the particular description of produce which may be raised from it in conformity with our repeated instructions on this subject—

We are however of opinion that you acted prudently in suspending your acquiescence in the proposal subsequently made by the Board of Revenue that these terms should be extended to the 254 Cawnies cultivated by Mr. Groves. He is of Course fairly entitled to such terms as will secure a reasonable return for the expense which he has incurred in effecting improvements, but care must be taken that he does not receive advantages which would not be accorded to the native Cultivators, and also that the improvements which he has made in the irrigation of his own lands are not carried out by withdrawing water from the lands of other ryots—

75 The Lands held on Cowle at rates lower than the Survey assessment to which reference was made in para 9 of our Dispatch of the 22nd September (No 13) 1846 are gradually becoming liable to the full assessment, but it would appear that out of 49711 Acres so held, only 19499 Acres are under cultivation, the remainder having been allowed to be waste. The reverted Moottahs have not for a Series of years (with one exception Fasly 1251) yielded an amount of Revenue equal to the Permanent Peishcush. Settlement of the Land Revenue of Tanjore for Fuslies 1255 and 1256.

79 Of the large increase of Revenue obtained in Fusly 1255 no less than Rupees 31,7,812 arose from the high prices of grain which

which considerably exceeded the Standard commutation prices. An increase of Rupees 13,887 was also occasioned by the annexation of Tranquebar and its contiguous Villages.

80 In the following year the current prices underwent a slight fall, which caused a small decrease of Revenue.

81 In both years the collections were made with remarkable punctuality and the great advantages which have accrued to the district from the construction of the works on the Cauvery have been strikingly exemplified.

82. We observe that some discussion has taken place between your Government and the Board of Revenue as to the propriety of substituting

a fixed money assess-
-ment for the Woolungoo
System, under which
the rates are calculated
on a fixed standard
grain rent, combined
with a fixed standard
price, the assessment
being subject to dimi-
-nution or increase
when the current prices
of grain fall 5 per Cent
below, or exceed by
10 per Cent the Standard
price. It is doubtless
very desirable that the
Villages now under
Aumany Management
in consequence of
the fixed grain rent
being at an excessively
high rate, should be
assessed either at
fixed money rents
or settled on the Woolun-
-goo plan with a
moderate grain rent.
considering however,
that the improvement of the

District

District of Tanjore
has been effected, not
by the increased Skill
of the Ryots or
or by the outlay of their
Capital, but by the
expenditure of a large
amount of the Revenue
of Government in
works having for
their object the security
and augmentation
of the produce of the
Land, we think that
Government may
reasonably expect
to share in the ad-
-vantages thus given
to the cultivators, in
the manner provided
for by the Woolungoo
System. In any case
we are of opinion that
a mode of assessment
which has been long
in operation, and
under which the pro-
-sperity of Tanjore has

attained

attained a most remarkable degree of prosperity should not be materially altered except after the fullest and most mature consideration.

34 & 35 also paras 14 & 15 of Letter dated 27th April (No 33) 1848 paras 38 @ 43 of Letter dated 12th March (No 17) 1849 and para 29 of Letter dated 15th October (No 65) 1849 Settlement of the Coctra Revenues of Tinnevelly for Fusties 1255 1256 and 1257.

Sir,

Para 1. With reference to para 2 of
an Extract from the Board's Proceedings dated 2d
December last I have the honor to state that the
portion of the Cuttoobady payable to Padana
therein alluded to which had continued to be
entered in the accounts as a charge is not an
item of which an actual money payment was
made; but it had only continued to be shewn in
the account since the date of the reversion of the

The above practice has however been discontinued
since Fusly 1259.

Sir,

With reference to Extract from the Proceedings of the Board of Revenue under date the 17th March I have the honor to forward explanation given by the Head of Police regarding his conduct in the late attack and robbery at Combaconum reported on in my letter of the 4th March, together with translation and remarks from the Joint Magistrate on the Subject.

To J. F. Bishop Esqre.
Magistrate of Tanjore.

Sir,

1. I have the honor to forward the Tahsildar's explanation on the subject of the Combaconum robbery.

2 The fact of 20 Robbers armed with sticks venturing to attack and batter in with a Bandy Axle the strong door of a house in the midst of Combaconum (only about 260 or 270 yards as the Crow flies from the Tahsildar's house) and their remaining there 5 nāly equal 2 hours. - shews the profound contempt entertained by them for the Tahsildar's courage and activity, and his not venturing to come forth and head a party to the rescue during the 5 nāly that they were almost under his nose, thus breaking open strong doors, chests &c and slinging stones to keep off the neighbours, proves that their estimate of his courage and activity

Fort St. George 12th May 1851.-

activity was just.-

3. The distance from the Prosecutor's further door to the Tahsildar's street door is small, only 310 yards by a circuitous road, the sound therefore of such a robbery must have been most plainly heard at his house in the dead silence of the night.-

4. The Tahsildar states that all the wealthy men of the place have now combined to clamour against him, this is probably correct, but the cause thereof appears to be alarm lest this want of nerve and energy lately displayed should encourage the robbery of other rich houses.-

5- I have had great reason to be dis=satisfied with the Tahsildar's negligence since the robbery. I repeatedly personally warned him on the 11th and 12th February what must be the consequence of his continued supineness especially com=menting upon the very late hour at which he usually went to Office (3 and 4 Oclock in the afternoon) The most solemn promises of amendment were given by him but the amount of energy since displayed may be judged of by the fact that on calling shortly after for a return of the time he went to office, it appeared that in the 7 days succeeding the 14th February the hours were.-

Proceedings thereon.

The Papers forwarded with this communication place the conduct of the Head of Police at Combaconum in a most discreditable light. The explanation submitted by him to the Magistrate is quite unsatisfactory. The Board resolve to leave it to Mr. Bishop to decide what punishment should be awarded to Loba Row and would wish him to take into consideration his merits in his Revenue capacity should they be such as to entitle him to any leniency.-

From the Collector of Trichinopoly - Pegarding the Mannia=-ems lands enjoyed by the late Hal mahomed Ghauzy Khan in the Laul=goody Talook.

Sir,

I have the honor to acknow=ledge Extract from the Boards Proceed=ings under date the 4th March last and proceed to furnish the information called for regarding the Mannieam lands enjoyed by the late Hal Maho=med Ghauzy Khan in the Laulgoody Talook. It is proper to premise that the deceased Enamdar was also familiarly known by the name of Laulameah, a name which was given to him in his family circle when a child according to a common Maho=medan practice.

The first point to be ad=verted to is the difference noted by the Board in the details given at va=rious times of the value and extent of the Mannieam lands. The abstract Statement entered in Para 2 of the Boards Proceedings is

Fort St George. 12th May 1857.

is copied into the margin for facility of reference and I beg to explain that the extent of land quoted by the Board from the Account No 4 which accompanied Mr Cameron's report consists of the lands remaining to the Enamdars after deducting the mortgaged portion. Both Mr Cameron's Statements No 1 and 4 agree in making the total extent of the Mauniem to be Cawnies 373—23—7. Respecting the high Value of the lands as shewn in these Statements, I can only repeat the explanatory remarks made by Mr Blair, that Mr Cameran included the Coodewaram and that the value entered in his Statements was not founded upon official data — but upon the Enamdars estimates. It is further to be observed that as the Aumany system or division of the Crop is still in force on these lands instead of a fixed money assessment the Mailwaram is always liable to fluctuate greatly in value in consequence

Letter to Board 21st February 1835 Para 6.

Fort St George. 12th May 1857.

consequence of its dependence on the season and price of grain.

3. In explanation of the difference between the account of the lands furnished by Mr Blair and that forwarded by me when reporting the decease of the late Enamdar I beg to observe that the variation in extent occurred in the following manner. To Mr Blair's Statement 57 3/4 Coontahs of land taken from the Perumbahe are to be added, while Cawnies 3—12—1 are to be deducted on account of a deficiency on Measurement which was found when surveying the Village of Janganaury pooriem subsequent to Mr Blair's report. The total C. G. a real extent of the lands is thus 366—35—11 as entered in my tabular Statement. With respect to the variation in the value of the lands as given by Mr Blair and myself it seems sufficient to observe that it arises principally from the effect which seasons and prices have on the quantity and value of the Mailwaram produce of the Nunjah lands. It is also to be remarked

Fort St. George. 12th May 1857.

is copied into the margin for facility of reference and I beg to explain that the extent of lands quoted by the Board from the Account No 4 which accompanied Mr Cameron's report consists of the lands remaining to the Enamdars after deducting the mortgaged portion. Both Mr Cameron's Statements Nos 1 and 4 agree in making the total extent of the Mauniem to be Cawnies 373—23—7. Respecting the high Value of the lands as shewn in these Statements, I can only repeat the explanatory remarks made by Mr Blair, that Mr Cameron included the Coolewarum and that the value entered in his Statements was not founded upon official data — but upon the Enamdars estimates. It is further to be observed that as the Auvany system or division of the Crop is still in force on these lands instead of a fixed money assessment the Mailwarum is always liable to fluctuate greatly in value in consequence

* Letter to Board 25th February 1855 Para 6.

consequence of its dependence on the season and price of grain.

3. In explanation of the difference between the account of the lands furnished by Mr Blair and that forwarded by me when reporting the decease of the late Enamdar I beg to observe that the variation in extent occurred in the following manner. To Mr Blair's Statement 57 3/4 Goontahs of land taken from the Parumboke are to be added, while the Cawnies 3—12—1 are to be deducted on account of a deficiency on Measurement which was found when surveying the Village of Janganauny pooriam subsequent to Mr Blair's report. The total C. G. a real extent of the lands is thus 366—35—11 as entered in my tabular Statement. With respect to the variation in the value of the lands as given by Mr Blair and myself it seems sufficient to observe that it arises principally from the effect which seasons and prices have on the quantity and value of the Mailwarum produce of the Nunjah lands. It is also to be remarked

Fort St. George, 12th May 1857

remarked that in the ready money collections from the Poonjah topes and Bagayet there is a decrease of Rupees 255-5-11 in consequence of Mr Blains Statement having included both the Mailwarum and Coodewarum, the latter of which does not now belong to the Enamdar it having been publicly sold to meet a demand due to Government by the Peetel Farmrenter for whom the Enamdar became security-

4- With respect to the charitable Institutions which have been and are at present maintained by the Mannium lands, I beg to explain that there is an error in Mr Cameron's report, and it probably arose from Mr Camerons using two different words Choultry and Moosapurkhanah which signify the same thing. My enquiries show that the Charitable Institutions consist now as formerly of a Mosque, a Choultry and an establishment for distributing water

Fort St. George. 12th May 1857.

-water to travellers. I have thought it proper to speak of the last as a single establishment since it is situated in one Village and is under the same management. though in fact there are 2 Waterpandals or places where travellers are supplied. The buildings connected with the above institutions are in good order and the Mailwarum share of the Mannium lands is not now mortgaged or otherwise alienated-

5- In reply to the call of the Board to state my opinion of the nature of the Original grant of the lands to Ittabarkhan, I beg to observe that though Mr Cameron considered the grant to be "for religious and charitable purposes and not for private benefit" I felt myself a different impression. Taking into consideration the confidential situation of Ittabarkhan near the Nawab the allusion to his fidelity in the Sunnud, the absence of any stipulated sum for the

* Letter to Board 24th April 1830. Para 5.

the expenses of the charitable buildings and the mention of "the grant being to his family for ever" it struck me that although the support of the Charities was ostensibly the primary object of the grant. Yet it was intended to be a benefit to the grantees family and a reward in perpetuity for his faithful services as long as the charities were kept up in an efficient state. Without therefore intending to urge that the intention of the Grant was sufficiently clear to make my construction of it obligatory upon the Government, I considered that there were grounds for recommending its continuance in accordance with the spirit of the Orders communicated with the Board's Circular of 27th July 1848 especially as that branch of the family which is settled in Trichinopoly has enjoyed the Enam uninterruptedly from a period prior to the Company's Government and depends on it for subsistence.

When

6. When reporting upon the Enam in accordance with the above impression, it appeared to me proper to make my recommendation in favor of the family of the deceased incumbent although he was the younger of two brothers - His elder brother Hal shady Khan alias Pudoomeah died 14 years ago leaving two sons one of whom, Hal Mahomed Sauder Shady Khan, has recently come forward and claimed a share in the Enam; as however this branch of the family has lived separately in Tinnevelly where they enjoy a money allowance and has never apparently participated in this Enam, it seemed to me proper to leave them to establish their claims hereafter by arbitration or a civil suit of Government should be pleased to continue the Enam and saw grounds for permitting them to litigate their claims to a participation in it.

7. In order that I might have full information of the circumstances

of

of the family, I applied to the Collector of Tinnevelly to inform me what means or allowances it enjoys in that district. Mr. Bird's answer shows that Ittabar Khan's relations receive some Sayer and Chuttrum Yeomiahs, regarding the former of which Mr. Bird observes that they are on an allowance granted for subsistence at the rate of Rupees 2-10-6 3/8 per Mensem, and that the continuance of the allowance to the heir of a deceased incumbent depends on the discretion of the Collector. Ready money allowances at the monthly rate of Rupees 14 were assigned to Ittabar Khan's 3 Sons from the Ittabar Khan Chuttrum fund. One of these sums is now paid to Rashum beebee the widow of a Son who died long since, before the Tinnevelly Register was prepared; the 2d allowance of Rupees 14 is now enjoyed in equal portions between the 2 Sons of Pondomeah who died in 1836. and the 3d allowance was due to Laulameah the late incumbent of the Enam now

now under report, but Mr. Bird mentions that it remained undrawn in consequence of Laulameah not proceeding to Tinnevelly to shew himself and that it ceased on his death.

8. It thus appears that the branch of the family at Trichinopoly which has hitherto enjoyed the Enam under report receives no Yeomiah or other allowance in Trichinopoly and its means of support in this district consist of the profits of the Enam which remain after defraying the expenses of the Charities. The Cordewarum belonging to the late incumbent was sold at different times for his necessities by private and public sale, but a portion of the Cordewarum which in the family division came to Pondomeah appears to be now in the enjoyment of his Sons.

9. The remaining point in which my opinion is called for is whether distinct grants of land might not be continued in support of the existing

existing institutions and a separate allowance paid from this treasury for the support of the family;— such an arrangement would not be acceptable to the parties interested for the reasons stated by Mr. Blair and necessity alone would lead them to agree to it; but if the Board deem proper to carry such a plan into execution it appears to me from the information which I have been able to acquire that the proceeds of the Enam lands in Pullevaday Cummis consisting of 282 — Gs as 82 — 8/ would be sufficient for the maintenance of the charities and that a money allowance might be allowed in lieu of the remainder.

Letter to Board 21st February 1833 Para 3-

10. In conclusion I deem it right to forward for the Board's information translate of a deposition given by Allmahomed Caudersah Shady khan son of Poondamea who claims a share in the Enam, and the copy of an Endorsement made by the Acting Collector Mr Ogilvie on

on a petition presented by him in 1838 when he first came forward, it appears as a claimant-

Resolved that the Statement and letter above recorded, and the enclosures to the latter, together with the previous correspondence which passed with former Collectors of Trichinopoly on the subject of the Enams known as Either Khan's Enams, be submitted for the consideration and orders of the Right Honorable the Governor in Council.—

Proceedings thereon.—

Submitting correspondence with the Collector of Trichinopoly on the subject of an Enam lapse in that District and recommending that it be continued to Goolam Mahomed Khan the son of the 2nd Wife of the deceased on the same terms as that held by the late Enamdar Hal Mahomed Gazy Khan.—

To Do. 6th December 1830—
From Do. 21st Febry. in Cons. 4th March 1833.
To Do. 30th May 1833.

2. In his Tabular report of the death of Hal Mahomed Gazy Khan the Collector quotes the Boards' orders of the 30th May 1833 as his reason for reporting the lapse, and in his letter of the 12th September 1850 he replied to certain questions contained

Fort St. George 12th May 1851.—

contained in the Boards' Proceedings of the 14th March 1850. It is proposed to review the circumstances under which the orders of 30th May 1833 were passed and to state the subject of the Queries put by the Board in their Proceedings of the 14th March 1850, before proceeding to consider the claims put forth to the continuance of the lapsed Enams.—

24th Sept. in Cons. 3rd May 1830—

3. The history of these alienations is given in Mr. Cameron's report but it is not shewn what were the terms or exact nature of the original grant, nor do the copies of documents produced in support of the Enams, give particulars of the extent or value of the lands—It will be seen that Either Khan when employed under the Mahomedan Government as Foujdar of Nuttad †Nag-gur and Tinnevelly constructed certain buildings for which he obtained, under an Enoyetnamah from Condutool-oomrah the Minister of Wallajah (date of order being Hyree 1188 / A.D. 1774) the grant of certain lands in Munsoorpett and Pallevady for managing the Institutions and maintaining travellers, and the

rent in perpetuity of the Villages of Vengungoody and Sreemungalam (the exact amount of which is not stated) to enable him to keep up the Cavil or Police that Eitbar Khan died at Madras Fasly 1212 A.D. 1798 when his Son-in-law Salam Moollah Khan managed the Estates, but proceeded to Tinnevelly on his own affairs when the Carnatic was assumed, and that it was not known who managed them until 1803 when the two Sons of Eitbar Khan possessed them. The object of Mr. Camaron's report was however to point out to the Board that the proceeds from the Enams had not been applied to charitable purposes, as he considered them to have been originally intended, but had been appropriated to the personal benefit of the Soldiers, and that, as portions of the lands had been mortgaged and sold, the reduced income from the remaining lands rendered it impracticable to support the Institutions and Charities in efficiency. We therefore requested

requested orders to attach the lands as it seemed to him that the endowments came within the operation of Regulation VII of 1817.

To Coll.r 6th Dec.r 1830. Para 5.

4. The Board at that time expressed their opinion that the lands were originally granted for charitable purposes, and were consequently subject to provisions of that Regulation, equally with those granted to Eitbar Khan in Tinnevelly, which were taken under Circar management, in consequence of abuses which had previously existed, but before resorting to this alternative, they requested the Collector of Trichinopoly to state what provision the parties would agree to receive for the future, and what steps they would take for redeeming the portions unlawfully appropriated.

21st Feb.y in Cons: 4th March 1833.

5. From Mr. Blair's report it would appear that Poondoo Meah the elder of the two sons of Eitbar Khan had proceeded to Tinnevelly where (as recent enquires show) he shortly

Fort St. George 12th May 1851.

shortly afterwards died - and Lalameah or as he is subsequently called Hal Mahomed Gazy Khan having been called upon to produce accounts of receipts and disbursements, failed to render satisfactory statements, upon which Mr. Cameron attached the lands to ascertain their real extent and value, and they were, under management when he / Mr. Blair / took charge of the District. That Officer also stated that Lalah Meah declined to receive any portion of the proceeds as a Pension, that he denied having sold the Mailwarum but admitted that the Codiwarum had been thus disposed of and the Mailwarum mortgaged, the latter for Rupees 1050 of which 300 Rupees had been liquidated and that the remainder would be paid if the lands were restored to him. On being called upon to account for the falling off in the revenue of the lands as shewn in a list filed in 1798 in the Court of Combaconum, and as found by the Summa of the lands in Frolies 1240 and 1241 while under

under management, Lala Meah alleged that the revenues of 1798 included the fees on grain which were discontinued on the cession of the Country to the British - that the lands had in recent years become unproductive and the Codiwarum formerly included in the collections had been sold, Mr. Blair was averse to the land being retained under management as it would entail additional labor on his Establishment and open a door for fraud and suggested that the Villages should be restored to the present incumbents with a warning, but if the Board determined to retain them under management, he proposed to incorporate the lands, assess them at the proper rates and to allow a fixed sum from the Collectors' Treasury for the Charities. —

To Coll. 30th May 1833 Para 3 & 4.

6. The Board however, in consideration of the family of Eitbar Khan leaving for so many years derived subsistence from these lands, and of the distress they would labor under if cut off from their only source of

of support, permitted the sons of Eutbar Khan to retain profession for their lives, upon the condition of their appropriating from the income of the lands, Rupees 700 per Annum in support of the charities leaving more than one third for the subsistence of themselves and the family.— They further directed that the management of the Institutions should be left with the same persons who had charge of them at that time, who were to furnish at intervals Accounts of disbursements, but that a regular allowance should be fixed for each Institution and a sum set apart in deposit in the Collectors' Treasury Annually for their repair.—

Proceedings 14th March 1850

7. On receiving the Collectors' Tabular report of the death of Lala Meah- alias Hal Mahomed Gazy Khan it was found necessary to call for information on the following points.—

Para 3. II. The reason of Mr. Maltby stating that the Enams were for 1 Mosque, 1 Choultry and 1 Water pendal, while Mr. Cameron stated they were for 1 Mosque, 2 Choultries, 1 Water Pandal and 1 Moosafer-Khana, and whether there are more lands for the Two Extra institutions.—

III. Whether the Madwaream mortgaged in 1833 has been Redeemed.—

IV. Whether the Enamdar has any interest in the Coodewaram.—

Para 4. V What has become of a brother of the deceased Hal Mahomed Gazy Khan, named Poondoo Meah.—

Para 5. VI What was the Collectors' own opinion of the nature of the original Grant.—

VII Whether it would be advisable to allot distinct land for the maintenance of the Institutions to the amount required for the usual charges, and to grant a Money allowance to the family.—

8. The Collector replies to these enquiries in his letter of the 12th September 1850—

I The variation in the extent of land is stated to have arisen from it's being discovered

Para 2. discovered on Resurvey, that there was an error of measurement and the variation in its value is attributed to Mr. Cameron not having founded it on official data, and having included the Coodiwarum, also to fluctuations of seasons and prices on the Mailwarum since Mr. Blair's value was given and to that Officer having included Coodiwarum on certain Topes which were subsequently sold publicly to meet a Government demand, the Enamdar having been Security for a defaulting Betel renter.—.

Para 3. II The Statement of Mr. Maltby making mention of 1 Choultry and 1 Moosafer Khanah short of the number of Institutions specified by the Collectors who previously reported upon them is accounted for by supposing that the latter was identical with the one Choultry which he had entered, and that the second Choultry is one of Two Water-pandals which are now considered to form one establishment. The Buildings it is stated are in good order.—

Para 4. III The Mailwarums is not now mortgaged or sold

The

IV & V. The Coodiwarum as before mentioned was erroneously included in the Enamdar's Assets by Mr. Cameron, and portions in the family division, which fell to deceased, sold from time to time, but it is added that the shares held by Poordoomeah alias Hal Shady Khan (the elder brother of the deceased Enamdar) who died 14 years ago, are now enjoyed by his Two sons.—.

Para 5. VI It is pointed out that Mr. Cameron considered the Enam to be "for charitable proposes" and not for private benefit, but Mr. Maltby has taken a some-what different view of the subject, and one which the Board are disposed to consider more correct. He observes that "taking into consideration the "confidential situation of Akbar Khan near the "Nawab, the allusion to his fidelity in the Summud, "the absence of any stipulated sum for "the expenses of the Charitable buildings, "and the mention of the Grant being to "his family for ever" it struck him "that although the support of the Charities was ostensibly the primary object of the

"the grant, yet it was intended to be a benefit
"to the Grantee's family, and a reward in
"perpetuity for his faithful services as long
"as the charities were kept up in an efficient
"state" and, on this ground, he proposes its
continuance in accordance with the spirit
of the Board's Circular of 27.th July 1848.

VII. He states that any arrangement
for assigning a portion of the lands for the
support of the Institutions and an equiva-
-lent for the remaining portion in the shape
of a money allowance to the family would not
be acceptable, as pointed out by Mr.e Blair,
but if it be deemed necessary to have recourse
to this plan, the lands in Pallevady
alone, nearly 203. Cawnies in extent
might be sufficient to support the
Institutions.—

9. Mr.e Maltby encloses a De-
-position from Bal Mahomed Kader
Shady Khan son of Poondoomeah
who claims a share in the Enams in
question as also copy of Endorsement on
a Petition by that individual to Mr.e
Ogilvie in 1838, in which that Officer
observes

observes (in the opinion of the Board er-
-roneously) that the Enams were only
for the lives of Eitbar Khan's Two sons
and, on the death of Petitioner's father, that
his share was given over to his brother,
Lala meah, by Mr.e Blair, but that it
was questionable whether it should not
have reverted to Government—In reference
Para 6 to this claim the Board observe that Mr.e
Maltby states that this branch of the family
have never apparently participated in the
Enams but have lived separately at Tinnevelly,
where the family of Eitbar Khan receive some
Sayer yeomiahs for subsistence amounting
Para 7 to Rs.e 2-10-6 3/8 per mensem, and that Three
Ready Money allowances of Rs.e 1½—— per
Mensem were granted also in that District to
the three sons of Eitbar Khan, the 1.st being
paid to Roshun Beebee the Widow of one
son who died very many years ago (previous to
the preparation of the Tinnevelly Register) the
2.nd being enjoyed by the present claimant and his
brother as sons of Poondoomeah, and the 3.rd never
having been drawn by Lala Meah of having ceased
on his death.—

10— Under these circumstances the Board are of

Fort St. George 12th May 1851.—

of opinion with the Collector that it should be left to Poondoomeah's two sons (who it appears (Para 8) participate in their father's share of the Coodiwarum) to establish their claims by arbitration or by a Civil Suit against the party who may be re=cognized by Government as heir to the property.—

11. They concur in the view taken by the Col=lector of the nature of the original Grant and re=commend therefore that the Enams consisting of 366-35-11 9/16 C D in value Rs. 825-4-8 enjoyed by the late Lal meah alias Hal Mahomed Gazy Khan be registered in the name of Goolam Mahomed Khan aged 30 years, son of the 2nd Wife of deceased, as head of the family, to be continued to him on the same terms as the Enams were held by deceased, namely, on condition of his devoting annually 2/3ds of the receipts to the support and efficient repairs of the Institutions and on requiring the parties in charge to furnish Accounts of disbursements from time to time, and to set apart in deposit in the Collector's Treasury annually, a fixed sum for the repairs of the buildings the Grant not to be considered as one in perpetuity, but to be reported for orders on lapses occurring and to be liable to resumption on failure of lineal descen=dants, a separate provision being made for the Institutions.—

Ordered that a Copy of the fore=going Extract be submitted to Government.—

From the Collector of Madura ... 49

Sir,

In Para 3 of the Minutes of Consultation under date the 17th May 1850 having relation to 4/4 Villages enjoyed by the late Sevagamy Nachear of Ramnad, the Right Honorable the Governor in Council directs me to report whether any claims have been preferred to the 1/4 share of Chatoor vadamungalum with my opinion thereon and at the same time afford explanation in regard to the title to this share possessed by the Bramins who sold it to Sevagamy Nachear.

Further report on the 4/4 Villages enjoyed by the late Sevagamy Nachear of Ramnad.

2. I beg to advert to the last question first. the Cutcherry Records give no information regarding the Title of the Bramins, the earliest being a Register in the Name of Rajah Rajashwary Nachear the mother of Sevagamy Nachear. The Bramins themselves ascribe their right to the gift of one Argoo Perual Pillay a Merchant who purchased 3/4ths of the Village for the purpose in Sarwaree of 1782 the

the former Cycle from the former Professors of whose title it is not possible to — gain any information.—

3d The present claimants are the Bramins Satookarasoo Nachear, — Pereasawmy Tavee Son of Kangia Saw: my Tavee, Puttaberamaswamee Tavee Son of Moottooramalinga Satoopaty Zemindar of Ramnad by a concubine and the Zemindar of Ramnad.—

4th The Bramins found their claim on the insufficient price obtained by them. This ground being obviously untena = able after a lapse of 50 years, I do not think it necessary to discuss.—

5th Satookarasoo Nachear whose Petition by Vakeel, is herewith forwarded is the daughter of Vijia Gopaul Satoopaty, — husband of Sevagamy Nachear by another wife Poornasoondra Nachear. In support of her claim which extends not to the 1/4 Village only but to the 4/4 Villages she asserts.—

1st That the Villages were Stridhun = num to Sevagamy Nachear and as such = must go to female heirs.—

2dly That she is step daughter

of Sevagamy Nachear which is equiva: lent to being her daughter.—

3rdly That as such she is heir to Sevagamy Nachear, the alleged adop: tion of Rongiasawmy Tavee and Will in his favor never having taken place, and being invalid and ineffectual to bar her right of succession, even if they could be established.—

6th The Villages descended to Sevagamy Nachear from her Mother Rajah Rajasheevary Nachear and were therefore not Stridhunum to the former according to the Law laid down in Page 36 Vol. 1 of Mr. Macnaghtens Work as follows. "Stredhunum which has once devolved according to the Law of Succession which governs the descent of this peculiar species of property ceases to be rank: ed as such and is never afterward govern: ed by the ordinary rules of inheritance".—

7th The legal right of Satookara = soo Nachear to be considered a step daughter of Sevagamy Nachear is very questionable Sevagamy Nachear was first married to Ramasawmy

Tavee

the former Cycle from the former Possessor's of whose title it is not possible to gain any information.—

3d The present claimants are the Bramins Satookarasoo Nachear,— Pereasawmy Tayen Son of Rangia Sawmy Tayen, Puttaberamaswamee Tayen Son of Moottooramalinga Satoopaty Zemindar of Ramnad by a canenbine and the Zemindar of Ramnad.—

4th The Bramins found their claim on the insufficient price obtained by them. This ground being obviously untenable after a lapse of 50 years, I do not think it necessary to discuss.—

5th Satookarasoo Nachear whose Petition by Vakeel, is herewith forwarded is the daughter of Vijia Gopaul Satoopaty,— husbands of Sevagamy Nachear by another wife Poornasoondra Nachear. In support of her claim which extends not to the 1/4 Village only but to the 4/4 Villages she asserts.—

1st That the Villages were Stridhunum to Sevagamy Nachear and as such must go to female heirs.—

2dly That she is step daughter

of Sevagamy Nachear which is equivalent to being her daughter.—

3rdly That as such she is heir to Sevagamy Nachear, the alleged adoption of Rongiasawmy Tayer and Will in his favor never having taken place, and being invalid and ineffectual to bar her right of succession, even if they could be established.—

6th The Villages descended to Sevagamy Nachear from her mother Rajah Rajasheverry Nachear and were therefore Stridhunum to the former according to the Law laid down in Page 36 Vol. 1 of Mr. Macnaghtens Work as follows. "Stridhunum which has once devolved according to the Law of succession which governs the descent of this peculiar species of property ceases to be ranked as such and is never afterward governed by the ordinary rules of inheritance."—

7th The legal right of Satookarasoo Nachear to be considered a step daughter of Sevagamy Nachear is very questionable Sevagamy Nachear was first married to Ramasawmy

Tayer.

Iaver and after cohabitation divorced him and married Vijia Gopaul Satoopaty. This kind of marriage may be tolerated among the Marawers, but is not included in the 8 recognized forms, and consequently will not, I think, stand in the Hindoo Law as a ground of right to Property. If not it follows, that Satookarasoo Nachear is not legal step daughter to Sevagamy Nachear, and it becomes unnecessary to enter into the question, whether in that character, she would have been entitled to succeed to the Villages under the ordinary rules of succession by which it has been shewn the inheritance must be governed. It may however be observed that the right of the daughter of a rival wife to inherit her step Mothers property is, I believe, extremely doubtful

8.th The son of Kongiasawmy Iaver claims the 1/4.th Village together with the 4 on the pretext of the adoption of his father by Vijia Gopaul Satoopaty and Sevagamy Nachear and a Will made by them in his favor. The Will is dated 26.th May 1830 and there is a mockteanama

mentioning the fact of adoption dated 14.th March 1830, but the date of the adoption itself is not mentioned nor was it stated by Kongiasawmy Iaver during an enquiry before the Salt Amildar. Satookarasoo Nachear, it will be observed, makes sundry objections to the adoption, one of which, the fact of Kongiasawmy Iaver being a married man with two children in 1830 would, if proved, and the date be 1830 invalidate the adoption supposing it to have taken place because it would tend to the conclusion that he was then above 16 which is the limit of the period of adoption among Sudras but — it does not seem to me necessary to go into the question in as much as if the — Marriage of Vijia Gopaul Satoopaty was as I suppose, illegal, any adoption made by them will necessarily be null and void. The order of the Magistrate in Kongia Sawmy Iavers favor as regards some property is of no avail to prove the present claim. Kongiasawmy Iaver has been represented by Sevagamy Nachear to be her adopted Son, and having —

managed

managed her property and lived with her had possession with such a colorable right, as rendered it proper to refer the opposing claimants to the Civil Courts, but the Magistrate did not and could not decide the question of right.

9. Another individual who prefers a claim is Puttabee Ramasawmy Taver styling himself the son of Zemindar Mootoo ramalinga Satoopaty. The Mother of this man was only a concubine; and he argues that as an illegitimate son of a Zemindar of Shevagunga has received a Sub Division the same consideration should be shewn to him. It is sufficient to state that the Sub-division in question was made during the Father's life time, and that the applicant appears to me to have no right whatever.

10. The last claimant to be adverted to is the present Zemindar of Ramnad who, like the others, includes in her pretensions the whole 4/4 Villages. She claims not simply as Zemindar, but as heir to the deceased to whom she stands in the relation of the widow of a grand son by adoption

of her father's Sister. I very much doubt whether the descendants of a Father's Sister can according to the Hindoo Law inherit the property of a deceased Female, independently of the circumstance in the present case of the said female having died a childless widow who I believe can have no heir.

11th. Under all the circumstances it appears to me that it is competent to the Government to retain the 4/4 Village as a lapsed Maniam or if it be not viewed in that light to sequester it until one or other of the parties shall have established his or her claim in the Civil Courts.

12th. Board Petitions No. 1952 — 2488 and 2451 of 1850 are herewith returned and I beg also to forward Copy of a Petition to my address from Salookarasoo Nachear and translations of Petitions from the Zemindar of Ramnad and the Son of Rangasawmy Taver and of the Deed of sale of the 4/4 Villages.

13th. With reference to the latter part

of

of Para 2 of the Minutes of Consulta-
tion of Government I beg to state that with
exception of the ½ Village of Oopalagoody
(which is waste) the remainder are situated
near each other at the undermentioned dis-

Saithoo-cursoo Nauchear disputes. The adoption that it never could have taken place in as much as Kongiasawmy Tavan was the eldest son of his Father and as he performed the Funeral ceremonies for both his natural Parents and as he was a married man and had 2 Children in 1830, the year in which the adoption is pretended to have been made, these children are alive to bear witness against him. The Will that it has never been proved, that it never was mentioned or put forth by Kongiasawmy Tavan till after the death of Sevagawmy Nauchear. Whereas Saithoo-cursoo Nauchear all along apprehended that Kongiasawmy Tavan meditated forging some Doc: hostile to her interest, and all along denounced such an intention on his part which at length appears in the shape of a Will. That the paper was purchased for the purpose, the endorsement on the back of it shows but that such

an instrument was executed with the knowledge and consent of Sevagawmy Nachear or at the time it purports to have been done Saithoo-cursoo Nachear denies, and Kongiasawmy Tavan has not proved it, an examination of the instrument itself and of the Witnesses to it would elicit the truth. The improbabilities against it are the impossibility of the adoption and that Vizia Gopaula Saithoopully should have executed a Will in favor of a Nephew and omitted all mention of his own Daughter then a child of 7 years old, and leave her entirely destitute & that Sevagawmy Nauchear should favor a relation of her Husbands to the prejudice of a blood relation of her own. Moreover the Will is not registered as the Mookteearnamah, executed the same year is, nor is it mentioned in the Mookteearnamah as the adoption is. The adoption proved invalid, which I am confident I can do if you will afford me the opportunity the Will although it was not

founded upon it, which it states itself to be, cannot stand under Hindoo Law against the natural heir. Independent of which this property being hereditary Streedaunum Kangiasawmy Tavan is precluded inheriting it even if his adoption was good. / which it is not / Saithoocursoo Kanchear being alive and having a Daughter it must go to female heirs.-

The general property of the deceased so delivered over to Kangiasawmy Tavan he squandered away in his life time in his scheme of intrigation and it is of little use to pursue the claim to it now, but the four hereditary rent free Villages of Settaveedul, Periamandel, Wakamandel and Ooplacoody and the 1/4th of the purchased

purchased Village of Chuthoorvathamunga: lam are still under Government Zuftk and to these Saithoocursoo Kanchear relates and urges her claim, and last Kangiasawmy Tavan's sons should get possession of these and squander them away as their father did the rest of the property, Saithoocursoo Kanchear entreats that they may be retained in Zuftk till a final Settlement of her claim, which if you do not deem yourself competent to examine she is prepared to maintain in the Civil Court.-

That the Villages in question are Streedana Enam and rent free and the hereditary property of the family is notorious and that they must go to one or the other of the two parties claiming them whichever is the lawful heir, is beyond dispute.

No act of Sevagamy Kacheare could alienate them, their tenure being such, and she having only a life interest in them, and therefore I need not discuss that question.

Then.

Then there only remains the question of who is the rightful heir. I maintain that it is my client and that the claim of her opponent which rests on his adoption is a fraud and consequently invalid.-

Under these circumstances I trust you will comply with the request of my client and grant her an enquiry and if she establishes the facts I have mentioned above put her in possession of the Villages in dispute or otherwise hold them in Suspense until the question of the right to them is settled in the Court before which she will lose no time in bringing it.

Fort St George 12th May 1857.

Zemindar of Ramnad to the Collector of Madura.-

Received your order dated 4th July last forwarding Petition No 757 of the current year addressed to the Board of Revenue on my behalf by my Vakeel Vurdarengar regarding Chittanendel &c Villages, and with reference to your Endorsement thereon dated 1st July stating, that as those Villages were granted previous to the Zolumzar they were under orders from Government taken under your Collectors management for the present, and calling upon me to state any special reasons for their being made over to me on a fixed Peishcush.-

Chittanendel
Hockanendel 1
Poraunendel 1
Chatoornadamanjya 3/4
Oppalagoody 1/2

and 1/4 of the Soroopoo Village of Chathoornadamanjya: Zulum. From the simple fact of their having been granted before the Zolumzary the Government seem to

to consider that they can be taken as an es:
:cheat to them, whereas they cannot, for the
following reasons.

As the grant of the Villages
in dispute was made previous to 22d July
1792 you will be convinced that they can
neither be resumed by the Circar or assessed
to the Peishcush so long as I live as lawful
heir of the deceased according to the provision
of Section II Regulation XXXI of 1802.

Tho' from Section IV Re:
:gulation XII and XV of the said year, the
Circar may have been led to consider
that the power of granting either tem:
:porarily or permanently Sirrua Ma:
:niem Villages has been reserved to it
themselves, yet it is provided in the
same section that in doing so regard
should be paid to both the Hindoo Law
and the usage of the Country by which they
were bound to conform to this decisive opinion.

The Villages in dispute were
exempted from Peishcush and set apart
by our ancestors for private purposes

their

their income being appropriated to the
expences of the females of Mainaverly. They
were granted under similar terms to
Sevagamy Natchear for her maintenance,
but she having died without issue, they
should in conformity with the Hindoo
Shastra descend to me as heress to the
original grantor and Wife of Ramaswamy
Saithooputty paternal Grand son of Mungalie:
:wera Natcheyar the Solimrazy Zemindar
who was aunt to the deceased Sevagamy
Natcheyar.

The said Sevagamy Natcheyar
first married Ramaswamy Tever and after:
:wards devorced him and took one Vizia
Gopaula Tever for her husband. This is one of
the three modes of Marriages specified by the
Durmasastras Viz. Asoorum, Rakshasum, Pyachum
and I am not come under those of Brahmiya
and 4 others prescribed by the Shastra, she had
therefore no claim for adoption, nor did such in fact take place;
Hence there is no other heir to her but myself.

my

My relation and heirship to Shevagaumy Natchey-ar having been detailed above - I now beg to reply to that part of the endoreement which requires reasons, if any, for the surrender of the Villages in question to me on a fixed Peishcush -

By Section II Regulation XXV of 1802 the proprietory right of all lands in a Zemindary is vested in the Zemindar, though the Surva Maniem Villages in dispute are not included in the assets of the Sotimpat yet they evidently belong to me according to the provisions of the said Regulation, were they not granted rent free at the time of the permanent settlement they would like other lands have been assessed to the Peishcush and surrendered to the Zemindar. Of the 4¼ Villages enjoyed by Sevagaumy Natchey-ar a portion is subject to the payment of Peroopoo to the Zemindary. Hence the Villages in question would seem to belong exclusively to the Zemindar or how the Circar can found their claim to these Villages only which with several others are situated in the midst of a Zemindary having 100 Miles in circumference.

I request your honor will take these reasons into consideration and recommend the surrender of the Villages in question to me free of tax.

Translate of an Urzee dated 26th July 1850 from Mootoo Vijia Ragoonatha Tereavaumy Sadhoopaty Son of Kangiersaumy Sadhoo-paty adopted son of Sevacaumy Nachiar of Ramnad to the Collector of Madura -

Under date the 26th June of the current year the Salt Amildar wrote to me a letter stating that he received an order from you No. 158 dated 22d Idem to the following effect, Viz., that in conformity with the direction of the Board of Revenue that sittamendel 9ca 1/4 Villages now under attachment granted to my paternal Grand Mother Sevacaumy Nachiar on Surva-manium tenure 9ca should be included with Ayen, with the exception of 1/4 of Chatoor-vadamungalum obtained by purchase and on account transmitted to the Hoozoor - that myself and Sadhookaraoo, my new enemy, should be informed to prefer our respective claims, if any to the 1/4 Village in question before the 1st October next - and that an enquiry should be made by whom and for what purpose and on what terms the said 1/4 Village was purchased, and the result reported for your information,

and

and requesting me to establish my right to it before the Hoozoor within the limited period.

2 Ranee Sevacaumy Nachiar my Grand Mother and her husband Vizia Gopaula Saithoopaty my Grand father having had no issue from the date of their marriage, adopted with their free will and according to Hindoo Law Rangiasawmy Saithoopaty one of the sons of his Brother Parasoopany Taven, and executed a Will Mooktearnamah &ca documents in his favor entitling him to perform their funeral rites and succeed to all their estates. In conformity with this arrangement my father justly performed their funeral obsequies and became heir to inherit their property, but the above mentioned Saithookarasoo who possesses no right whatever far from considering the foregoing particulars, and taking advantage of my Grand Mothers death in Keelaka presented frivolous petitions at the instigation of my enemies to the Police Officer of Cuddah Rammad and the Magistrate, stating her pretensions that she was entitled to succeed to Sevacaumy Nachiar as her heir, and under your directions the

Police Officer attached the Palace of my Grand Mother as well as the dowry property of Vulleecunnoo Nachiar my Mother. Whereupon my father having established before you and the Police Officer his right by adoption, and his enjoyment of the property in question both by oral and documentary proofs such as a will, Mooktearnamah, letters &ca documents he had in his possession which he obtained from his adoptive parents, from higher authorities, and from certain Native Gentlemen, it was decided that my father was the rightful heir to my Grand Mother and her property to exclusion of any right on the part of Saithookarasoo, and under your directions, the property was released from attachment and restored to my father by the Police Officer together with the Palace above alluded to, and the Punnay lands of Sittanendel &ca Villages which had also been sequestered and placed under attachment on the death of my Grand Mother, and I am now in the enjoyment of a few of the property &ca

This request was complied with and an order issued to that effect and the arrear of Quit Rent fully paid by my father to the Zemindar thro' the Salt Amildar. I am therefore humbly solicitous that your goodness, whom I look upon in the light of my parents, will be pleased to direct restoration to me of the 1/4 of Chatoorvadamungalam obtained by purchase and to bring to the notice of the Board of Revenue and Government the illegality of their proceedings in having directed incorporation with Ayen lands of the remaining 4 Villages, whilst we are indisputable heirs to inherit them by lineal succession, the invalidity of any claim on the part of the Zemindar or Government as well as the incontestable title of my Grand Mother to the Villages in question, and

The Board observe that it does not appear that in sanctioning the continuance of the allowances to the family and dependants of the original Grantees, namely the Women and Children of the deposed Poligar of Ramnad Mootooramalingum, it was intended to continue them beyond the lives of the present recipients.—

Stating reasons why applications for fresh Enams to Village Servants should not be made in the form laid down in the order of Government 4th June 1850

Sir, With reference to the Proceedings of the Board of the 7th Instant relative to the grant of fresh Enams to Village officers, I have the honor to point out that if the application be

made in the Form laid down in the order of the 20th June 1850, it would seem necessary that the whole emoluments of the Village Officers throughout the District should be ascertained and added to the Taloob and Hoozoor Mogen Jahitahs entered in Column 2 "Present Scale"— The Village Enams never having been hitherto included the sum total of that Column would then disagree with the amount entered in previous applications and to obtain the requisite information would involve considerable trouble.— I have therefore the honor to request that the Board will consider whether a recommendation can with propriety be made to Government to adopt some more simple Form.—

2. If not I need instruction who are to be considered Village Officers on the Establishment, with a view to their Enams being included. For instance should I include the emoluments of the Ironsmith, Carpenter and such Artizans suits for whose Enams are often entertained by the Civil Courts as not comprized within the scope of Regulation VII of 1831. and are Village Enams to be included in the Collector's "Present Scale" in all future applications for increase of Hoozoor and Taloob

6552 Fort St. George 12th May 1851

Talook Establishments.—

3 I fear that this addition of the sum of such Enams to the scale of Establishment will lead to misapprehension and I would beg to point out how distinct is the case of the Village Officers from that of the Talook and Hoozoor Servants. The Establishment of each Village is complete in itself and when there has been a large increase of Cultivation and Inhabitants, asis the case of those adverted to in my application it is evident that more accountants and other hereditary servants must be employed irrespective of the State of the Talook generally.— No advantage therefore, that I can perceive will accrue from the general Establishment if the Talook being reviewed in each instance of application for Village Enams and the Board will no doubt feel that many disadvantages will arise from the whole being included together.—

To the Chief Secretary to Government - - -

With reference to the order of Government contained in Para 2 of Extract from Minutes of Consultation dated 20th March 1851 I am directed by the Board of Revenue to submit for the consideration of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Madura dated 22d April 1851 pointing out the difficulty which occurs to him in submitting an application for fresh Enams to Village Officers, in the form prescribed by the orders of Government dated 4th June 1850.

Submitting a letter from the Collector of Madura pointing out the difficulty which occurs to him in submitting an application for fresh Enams to Village officers in the form prescribed by the order of Government 4th June 1850 stating that the Board are led to believe that this form was intended to apply solely to Establishments drawing ready money allowances and suggesting for adoption a more simple one.—

In Con. 12 May 1851 — Sent to Board's Office — In Con. 23 June 1850 — C.O. Book Regd. 8-9 — In Con. 4 June 1851

2. The Board are led to believe that the form referred to above was not intended to embrace the Emoluments of Village Officers, paid by Grants of rent free land; but to apply solely to the Establishments drawing ready money Allowances from the Public Treasury and thereby pendering a reference to the Government of India unnecessary.

3 If however the Government still desire that the matter should be laid before the Supreme Government, the Board would suggest that some more simple Form may be adopted embodying particulars of the Beriz for a series of

of years of the Villages concerned— the value of existing Sibbendy Enams in those Villages the nature and Value of Enams proposed to be granted— grounds of proposition &c.a— A Statment of this description would probably answer the required purpose.—

4. The Board desire me to add that there are other applications before them of a similar nature of the one from Madura, which they find much difficulty in disposing of, in consequence of the Form required not being applicable.—

To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue.

B.d No. 847 Sir,

From the Collector of Madras — I have the honor to acknowledge the receipt of Mr. Cunliffe's letter under date the 24th Ultimo, calling, by order of the Board of Revenue for further explanation on the subject of the land referred to in the enclosed Petition from T. Arnold, No. 303, of 1851.— (51)

2. Having required the petitioner to produce the alleged title deed, he appeared before me with a document signed by a Mr. W. H. Goodall the daughter of the late Mr. W. Hunter dated 2d March 1842 of which a Enc. No. 1 Copy is enclosed herein.— It was given by her as

as she states, in consequence of the loss of a Deed of 1831 bearing her father's signature.—

3 In further proof of the validity of his claims the petitioner produced certain Quit rent bills from 1835 to 1840 for the land held under Certificate No. 7457 in the name of Mr. Hunter.— The extent, according to that Certificate, is G.as. 4 – 175, and the Quit rent Rupees – – 14 – 3 per annum, but from 1849 payment has been made by Mr. G.G. White, who is actually in possession of the Certificate in question, No. 7457. the spot being included in his Compound under a conveyance duly executed to him by the Executrix to the Estate of the late Mr. Hunter on the 25th March 1839 of which, also, a copy is transmitted herewith.—

End.t No. 2

4. It appears from the Statement of the then quit rent Conicopillay of the Division that the petitioner represented to him in 1835 that he was the proprietor of the Ground referred to in Certificate No. 7457 although the extent held by him is G.1-219½ only. and that as such he was prepared to pay the quit rent thereon.— He paid accordingly from 1835 to 1840 Rupees 12–7–6

5. It will thus be seen that the petitioner is not in possession of any valid instrument of title, that there being no entry.

in this office of the Ground in his occupancy beyond the Specification in the General Map of Tondiarpett of its having originally been used as a public thoroughfare, the property has not been transferred to another and that no quit rent has been assessed thereon.— the Bills paid by him being those for part of the premises belonging to Mr. White, who, I have reason to believe, will disburse the whole amount erroneously collected from the Petitioner Rupees 12-7-6 or at least the proportion chargeable from the date of purchase Rupees 0-14-6 should he be required to do so.—

Note The Quit rent from 1839 to 1840 paid by the Petitioner amounts to Rupees 0-14-6

the receipt of an Extract from the Proceedings of the Board of Revenue dated 28th ultimo, noticing the omission of their Proceedings of 13th and 27th March last in my list of letters received from them and remaining unanswered up to 31st of that month.—

I therefore, solicit further instructions as to whether it is their intention that with reference to the Proceedings under acknowledgement, the orders in question shall be considered no longer in force for it does not appear to me that they have been cancelled formally during the intervening period.—

The claim of the latter is founded upon his being the son of a daughter of the said Gowry Vullaba Tasser by his 1st wife.

A careful reconsideration of the question in all its bearings has led the Court of Sudr Adalut to conceive the above to be the just interpretation of the Law on the point of practice at issue and seeing reason to doubt the soundness of the opinion given by their Law Officers they resolve to cancel the order contained in their Proceedings of the 21st. Counter Motion presented by Goolam Moortoozah Vakeel in behalf of Coottie Sooyer guardian of Sreematoo Rajah Mooddoo Vejia Raghoonadah Badugooroosawmy Periyea Taver

Sreematoo Rajah Mooddoo Vejia Raghoonadah Gowry Vellabah Parea Oodaya Taver Zemindar of Sheyagungah and Respondent in Pauper appeal No. 7 of 1849 of your Courts File to the Motion No. 58 of 1850 presented to your Court by Mootoo Vadooga Taver

The permission granted by the Privy Council for bringing a New Suit applied to the deceased Unganoottoo Nauchiar only and to no one else—

2. As the deceased Unganoottoo Nauchiar was a childless widow she could not according to the Hindoo Law have heirs and it is incompetent for the Motioner Mootoovadooga Taver to continue her appeal in her stead—

3. Under the very right now attended in the Motion in question Viz. that he is the Grand Son (Daughters) of the Sclemerar Zemindar, the Motioner had once before preferred his claim to the Zemindary by means of a regular Suit which claim was however rejected by your Court by decree in appeal No. 11 of 1835 and that decision become final according to Regulations— The Decree referred to does not at all state that the Motioner either becomes entitled to the Zemindary or could

could renew his claim after the demise of Mungamoottoo Nauchiar consequently the institution by him of the very self same claim in the Motion in question is contrary to Section X Regulation II of 1802. Besides this, the Motioner's own father had not only attested as a witness in the will executed by the Istemerar Zemindar Gowry Vullabah Taver declaring his nephew to be entitled to succeed to the Zemmindary, and thereby implying a State of union of the family, quite opposite to the deceased Mungamoottoo Nauchiar's plea of Division, but had also in conjunction with other nearest relations given deposition before Mr. Vincash late Collector of Madura stating that the Istemenar Zemmindary Gowry Vellabah Taver and his elder Brother Boya Taver were undivided and the son of the latter consequently heir to the former. As the Respondent had no opportunity to set forth in the Original and appeal Pleadings the particular objections to the Motioner's claim which arise from the abovementioned facts, it would operate very prejudicially and unfairly to the Respondent if the Motioner Moottoo Badooga Taver were to

by prosecution of the appeal of Munga-moottoo Nauchiar.

The Motioner being professed to be of considerable property is incompetent to prosecute the Pauper Appeal of Mungamoottoo Nauchiar.

I therefore request your Court will on consideration of the foregoing circumstances be pleased to reject the said Moottoo Vadoogoo Tavers Motion No. 58.

Ordered that the following letter be sent in consequence—

could renew his claim after the demise of Ungamoottoo Nauchiar consequently the institution by him of the very self same claim in the Motion in question is contrary to Section X Regulation II of 1802. Besides this, the Motioner's own father had not only attested as a witness in the will executed by the Sotemerar Zemindar Gowry Vullabah Tavey declaring his nephew to be entitled to succeed to the Zemindary, and thereby implying a State of which the family, quite opposite to the deceased Ungamoottoo Nauchiar's plea of Division, but had also in conjunction with other nearest relations given deposition before Mr Vincash late Collector of Madura Stating that the Sotemerar Zemindary Gowry Vellabah Tavey and his elder Brother Oya Tavey were undivided and the son of the latter consequently heir to the former. As the Respondent had no opportunity to set forth in the Original and appeal Pleadings the particular objections to the Motioner's claim which arise from the abovementioned facts, it would operate very prejudicially and unfairly to the Respondent if the Motioner Moottoo Badooga Tavey were to be allowed to Sue to obtain the

by prosecution of the appeal of Ungamoottoo Nauchiar.

Resolving to submit for the consideration of Government of India the Board's Proceedings on the subject of granting lands in commutation for Money allowances received by the Village Officers in the District of North arcot and to solicit sanction for the grant of lands of the extent and value

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 10th March 1851. No. 1331)

Para 1. The proceedings of the Board of Revenue recorded above and the correspondence accompanying relate to a subject that has for some time past engaged

engaged the attention of Government that of granting lands in commutation for Money allowances received by the Village Officers in certain parts of the North Arcot District.-

2. It would appear from the earlier reports that on the Assumption of the District the Village* Officers were in the enjoyment of Maniems or Grants of land and Merahs or Fees, as a remuneration for the services rendered by them in their Villages; that these Grants and privileges were continued to them in the earlier years of the Company's administration, Fuslies 1211 and 1212; but that from Fusly A.D. 1801/2 and 1802/3 / 1213 they began to be resumed and money allowances to be substituted. The resumptions were made at different times in different portions of the District by several Gentlemen holding separate charges, who did not proceed on any uniform principle either in carrying out their resumptions or in assigning money payments in commutation of the resumed Emoluments.-

concerted with the Board of Revenue dis: continued the money allowances and reverted to the original system of remunerating the Village servants by Maniems and Merahs, restoring to them with certain modifications the lands and fees which had been resumed by the former Collectors.-

4. At the same time Mr. Nisbet brought to notice that there were several Villages in North Arcot in which neither Maniems nor Merahs had ever been enjoyed by the Village functionaries, and that he had consequently been obliged to continue to those parties the money allowances made to them by previous Collectors. There were also some Villages requiring consideration in which there were Merahs but no Maniems. The Collector recommended that the servants in both these classes of Villages should be placed on the same footing with their brethern in the other parts of the District - the ready money salaries wherever they obtained being discontinued and "an Enam and Merah "being allotted to each Monegar and "Curnam engaged to the average amount

still continue to be made and sanctioned

adopted for their commutation have formed
the subject of a lengthened corres:

6. The value of the lands proposed to be assigned to Monegars and Curnums in Villages circumstanced as

Fort St. George 15th May 1851.—

as described in the preceding paragraphs is Rupees 3654 - 10 - 8, of which lands assessed at Rupees 1400 - 9 - 10 are under Cultivation, the remainder Rupees 2254 - a - 10 is waste.—

7. It appears however from the paper recorded at the Head of these Proceed:
-ings that besides the above Villages, there are several more without e
-maniums, in some cases without Maniums or Merah, in others "the Monegars and Curnums of which do not even receive a Money allowance". These Villages are 121 in number, of which 107 were not included in Mr. Nisbet's report and seem to have escaped his notice in the general revision of service Enams made by him in consequence of their being situated in 4 Polliems which having been for a long time under Segnestration were eventually resumed in the year 1827, three Polliems being formed into the Talook of Penmurray and the fourth being incorporated with the Talook of Sautghur. The remaining 15 Villages are scattered over the District.—

8. The consideration of the Subject as far as it relates to the Village Enams of the Penmurray Talook the Collector proposes

Fort St. George 15th May 1851.-

proposes to take up in connection with the more general review of its survey and assessment. Exclusive of this Talook, there remain 29 Villages, in 19 of which he proposes to grant Maneums to the Monegars and in 17 to the Curnums; the value of the land to be assigned being Rupees 429-5-3 nearly the whole of which appertain to lands stated to be at present waste, but which the parties have in writing, consented to receive.-

9. The total value of the land thus proposed to be granted exclusive of the Villages of the Pennurray Talook is Rupees 4,083-15-11- as shewn below.-

	Land Assessment Cawnies	Rs. a. p.
To Village Officers now receiving Money Allowances-	946-13¾-	3654-10-8
To Village Officers having no Money Allowance.	214-8½-	429-5-3
	1161--5¾--	4,083-15-11-

10. The Collector states that in eight Villages of the Eddaragoontah Pollicm incorporated in the Soutghur Talook, the existing Monigars' Maneums were found to

Fort St. George 15th May 1851.-

to exceed the established scale and that he has therefore resumed and incorporated them with the Government lands, the excess Cawnies 139-2½ assessed at Rupees 740-9-3.

11. The Money allowances in lieu of which the Enam lands are to be granted vary yearly with the revenue of the Villages but are given in the Statement which accompanied the Collector's letter of 13th July 1848 at Rupees 806-5-10, adding to this the value of the lands resumed in the Eddragoontah Pollicm as shewn in the preceding para Rupees 740-9-3 the total amount to be set against the cost of the present arrangement will be Rupees 1546-15-1 leaving an additional charge of Rupees 2,436-15-2- supposing all the lands now to be granted in Maneiem to be cultivated yearly year which is very improbable. It is however to be remarked that in the general revision of the Service Enams of the District by Mr. Nisbet in 1827 service Maneiems previously held by the Chittoor Monigars but considered in excess of the due rates of remuneration were to the extent

From Pt. Coll. 26th March 1827 para 19 Stat. No. 12.

extent of Rupees 8,000 resumed and carried to the public account.-

12. The Right Honorable the Governor in Council resolves to submit these Proceedings for the consideration of the Govern:ment of India and to solicit sanction for the grant of land of the extent and value specified in Para 9, Cawnies 1161-5 3/4, Rupees 4,083-15-11, in remuneration to the Village Officers of North Arcot under the arrang:ments detailed.-

B. No. 886.

From the Acting Collector of Cuddapah

Affording further explanation respecting the case of one Naum-Chargadoo Cuttoobody Meerasedar of Colgoontlah Talook.-

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue under date the 27th February last wherein it is stated that as the Petitioner and his Brothers had separated from and partitioned their hereditary Enam with their elder Brother Naunchargadoo prior to his joining the Poligar Nursimhareddy, his share of the Enam only should have been resumed. The order of the Board of Revenue shall be carried into effect but at the same time

I

Fort St. George 15th May 1851.-

I would beg to represent that if the pleas of the Petitioners be admitted it will be tantamount to sanctioning the Sub Division of these service Enams so repeatedly condemned by the Board of Revenue in their former orders.-

2. In the Extract from the Minutes of Consultation under date the 31st December 1841. I find the following passage. The practice of partitioning Enams granted for the performance of public duties it is believed prevails to a great extent in the District of Cuddapah, but as it is evidently an abuse it should be peremptorily prohibited in future, and the Principal Collector should be instructed to give his particular attention to the subject. This opinion is again reiterated in the letters from the Board of Revenue under date 13th October 1845 and 16th April 1846. As the order of the Right Honorable the Governor in Council and the Board of Revenue above quoted are very stringent it is but natural to suppose that orders are intended to be carried into effect to the very letter, but the present sanction of a portion of the Enams to the Petitioners

virtually

Fort St. George 15th May 1851.

virtually disannuls the orders above quoted.-

3. In the resumption of Enams for misconduct by the Village authorities care is taken to guard against the Emolu=ments falling short of the required standard laid down by Sir Thomas Munro. Only in cases where the Merasee is excessive is the amount resumed incorporated with the Circar lands, for all others it is appro=priated to those who perform the duties of the Village Officers.-

4. In Para 2 the Board of Revenue wish to be informed under what authority this Enam and all others attached on similar grounds were originally resumed. I have to represent no specific order is to be found on record ordering these Enams to be attached, but from the authority vested in the Magistrates who I consider has full power to dismiss village servants from their Meerasee Enams for any great mis=conduct, is sufficient. This authority has never before been called in question on any former occasion, such authority has-

Fort St. George 15th May 1851.

has been in practice since the Cession of the Country to the present day and most certainly my Predecessors considered themselves vested with this power as I find a Circular order addressed to the different Tahsildars under date the 24th April 1843 stating that heads of Villages and other Village Meerasseedars who for misconduct have been forwarded to the Criminal Court for trial were to be dismissed from their Offices with the loss of emoluments when it was shown from the evidence taken before the Police that they had been engaged in malpractices.-

The Board of Revenue

5. in repeated orders again and again stated that when a party has been dismissed from his Mirasi for misconduct he is invaria=bly to be deprived of all hereditary emolumen=ts

Should any restrictions on

6 the authority of the Collector and Magistrate in respect to the dismissal of Village Officers with forfeiture of emoluments be placed it will in a District like Cuddapah be attend=ed with serious consequences as regards the welfare of the Province. The good effect of the System pursued by the late Collector and

and Magistrate in holding the Village Officers responsible for the regularity and the Police in the Village is already evident, those whom he found engaged in rebellion and those connected with gangs of thieves and some who were committed for trial charged with murder were dismissed from their Offices on due enquiry and deprived of their Meerasy Enams according to the instructions of the Board above referred to. This has in a great manner deterred others from following the evil practices of those dismissed and the Consequence is a reduction of Crime under the Head of "Gang Robbery" when Compared with that of the previous Year amounting to cases 74 and the Year previous was much less than those preceding. It may be expected that should this system be judiciously Carried into effect the quantity of Crime will be greatly diminished and good order and peace Established, but should the Board of Revenue interfere and order those dismissed to be reinstated the authority of the Magistrate will be set at naught and the old practice of gang Robberies and other

other Crimes will follow. In this I may be mistaken but it is my decided opinion that evil will happen to the District by the interference of the Board of Revenue in the restoration of those already dismissed by the Magistrate. I would earnestly request the Board to Consider well before they issue orders for the restoration of any one dismissed; in some Cases the forfeiture of the Enams may appear harsh tho' not unjust and when such is the case they might be restored at some future date when it is known their Conduct is amended, but to restore them at present would in my humble opinion be most impolitic. By their removal inconvenience is suffered by none except the evil doers. As it has been shewn above, care is taken that the emoluments of those who perform the Village duty is sufficiently remunerated.—

Cuddapah District,
Collector's Office on Circuit
at Vemipully 1st April, 1851.

Acting Collector

Bd No. 961
Proceedings thereon

It appears from the Endorsement on this person's petition that he was one

Recording observations

9-10

observations on the report of the acting Collector of Cuddapah respecting the Petition of Vencatappah lately a share holder in a Cuttoobady Enam in the Cailgoontlah Taloak and requesting further information thereon

one of three brothers holding shares in a small Cuttoobody Enam of the Net value, after payment of Sodee of Rupees 5–14–2– that the brothers disagreed, and divided the Enam which however still stood registered in the name of the eldest of them, Nauchargaudoo– This man it appears became in some manner mixed up with the disturbances created by the Rebel Polligar Nurseva Reddy and was imprisoned.– It is not alleged that either of his two brothers, were in any manner implicated, but as the Enam stood in the name of Nauchargaudoo the whole of it was resumed by the late Collector and Magistrate and apparently incorporated with the Government Lands–

2. On receipt of the Petition from Vencatappah one of the other brothers and a perusal of the Endorsement of the acting Collector it appeared to the Board that innocent and unoffending parties had by this measure been made to suffer for an offence in which they took no share, and they expressed their opinion that as they were avowedly in the

the separate enjoyment of their shares of the hereditary Enam at the time of the occurrence above referred to those shares ought not to have been resumed in consequence of the offence of their elder brother– The Board at the same time requested to be informed under what authority this Enam and others attached on similar grounds were originally resumed.–

3. In his reply now under consideration Mr. Murray objects strongly to the restoration of their share of the Enam. He considers that it would be tantamount to sanctioning the sub division of these service Enams so repeatedly condemned by the Board of Revenue" that "the present sanction of a portion of the Enams to the Petitioners virtually disannuls (annuls?) the orders of the Board of Revenue and of Government which he has quoted. He is of opinion that "if any restrictions be placed on the authority of the Collector and Magistrate in respect to the dismissal of Village Officers with forfeiture of emoluments it will be attended with serious consequences as regards the welfare of the Province" he deprecates very strongly

Para 6

strongly the "interference" of the Board of Revenue as subversive of the authority of the Collector, and "earnestly requests the Board to consider well before they issue orders for the restoration of anyone dismissed."

4. The Board think that on the present occasion Mr. Murray has misapprehended the object of the orders regarding the Sub Division of Enams, to which he refers as well as the intention of the Board in the instance under reference, and this appears to have arisen for his confusing the dismissal of Village servants for offences and the transfer of their Emoluments to others who may be appointed to conduct the duties with the entire resumption of such Enams. Considerable latitude has been granted to the Collector in removing inefficient or corrupt Village Officers, and making over their service Enams to others, but the Boards are not aware that he has received authority, absolutely to resume such Enams and incorporate them with the Government lands without reference to higher authority. He himself observes that only

Para 3

"only in cases where the Meerassy is excessive is the amount resumed & incorporated with the Circar lands, for all others it is appropriated to those who perform the duties of the Village Officers" but he has not shown that the Enam was excessive in the present instance, or what provision has been made for the performance of the duties for which the Enam was granted.

5. It is quite true that both the Government and the Board have given orders to discourage the Sub division of Enams which has been carried to so inconvenient an extent in Cuddapah, but they are not aware of any instance where a division having already taken place, the misconduct of one of the co shares has been considered sufficient ground for subjecting the shares of others to forfeiture. The insufficiency of one share for the due remuneration of the person holding the office has been admitted to be a good ground for transferring

transferring to him the shares of others, but the extinction, and not the greater efficiency of the Office appears to have been the result in the present instance.

6. Mr. Murray argues the case as one of the resumption of an Enam for misconduct, and in the Concluding Para of his letter he speaks of its restoration at some future date, "when the conduct of the parties is amended", but he seems to have overlooked the circumstance that the conduct of the Petitioner has not been called in question and that they were deprived of their shares not for their own misconduct but for that of their brother. The Board did not express any disapproval of the resumption of his individual share, although as the entire Enam appears very small, and the forfeiture of a portion of it may reduce it too low to afford an adequate remuneration for any service, they consider that it would have been preferable that the share of the offender should have been made over to one of his brothers and the service exacted from him.

The

7. The Board wish to point out to the Acting Collector that the object of the instructions which have from time to time been given on this subject has been essentially the increased efficiency of the several descriptions of Village Service to which the Enam is attached, but in the present instance this forms no part of the question. The effect of resuming a part or the whole of a small Enam is either to diminish the efficiency of the Service, or to abolish the Office altogether; and the Board did not contemplate either of these alternatives on issuing the instructions referred to by the Acting Collector. They consider that no such Office created by the State, can properly be cancelled except under the authority of Government.

8. The Acting Collector is therefore requested to state whether the Service in this Case is now performed by any one, what the number of Cutluddy peons in the Village is, and whether the entire Enam as it before stood was more than sufficient for the remuneration of the Service for which it was granted, and on

Fort St. George 15th May 1851

on receipt of his reply the Board will pass orders on the subject.—

7. With reference to the remarks contained in Para 6 of the Acting Collector's letter the Board think it only necessary to observe that while they will always be ready to uphold the legitimate authority of the Collector and support his orders where they appear to them judicious and proper they are not prepared to admit that their "interference" is likely to be productive of the evil consequences anticipated by Mr. Murray, nor can they consistently with their duty dispense with all supervision of his proceedings in regard to the important subject of the Village Servants or abstain from revising his acts where they may appear to them defective or unjust.—

From the Agent to the Governor at Kurnool — Reporting on

on Petitions Nos. 405 and 736 of 1851 presented by Sreenevassa Row suspended Tahsildar of Nundicootcoor in Kurnool District

× transmitted herewith

acknowledge Petitions 405 and 736 of 1851 addressed to the Board of Revenue by Sreenevassa Row suspended Tahsildar of Nundicootcoor on the subject of an investigation into his misdeeds which is still in progress.—

2. Under these circumstances and with the pressure of business at present on my hands, I trust the Board will neither expect from me a long Report nor any refutation of the various falsehoods with which the Petitions abound.—

3 The enquiry commenced on Complaints preferred before myself just as I had been investigating in a neighbouring Talook a variety of matters arising out of unauthorized Collections and Corruption of various kinds on the part of public Servants and I directed my Assistant Mr. Rufsell to proceed with it.—

4. Complaints of infinite variety, some of which were of a highly criminal character came pouring in and with my entire approbation the Tahsildar was suspended from Office, and removed into Kurnool

Fort St. George 15th May 1851

Kurnool - The enquiry is still in progress, but I trust that on my return to Kurnool in 12 or 15 days, I shall be able to dispose of it and report the result to the Board. The investigation by Lieutenant Russell has been carried on with great energy and activity in almost every Village of the Taluk for more than two months, and the oaths of about 1,000 individuals, supported in many instances by the Curnum and Shroffs rough accounts appear to establish illegal Collections for the Tahsildar within the last 4 Years of about 6000 Rupees exclusive of bribes and other impure sources of profit. Gross abuse of authority and derelictions of duty alike prejudicial to the interests of the Government and the welfare of the Ryots have also been investigated.

3. The Petitioner in No. 936 lived with his brother one Nundicoodoor and is declared by many witnesses to have been an active reviver for his brother and disappeared from the District as soon as the first complaint was made

The Board observe that the Petitioner has been under suspension for nearly two Months, and that the agent has not reported the circumstances which under the orders of Government dated 19th May 1835 para 6, he is required to do within 14 days from the date of his suspension. The Board cannot dispose of the Petitions now before them until they receive from Mr Lushington a full report, on the charges under which the Tahsildar is arraigned, which they hope to do as soon as the investigations now in progress has been brought to a close.

From the Collector of Chingleput -

Reporting on Petition No. 2213 of 1850 presented by Sadhier late Peishcar of Cummamboolum Salt Pans complaining of unjust removal from his situation

No. 2213 of 1850 here with returned

of Bags in the Huts of the 2d Division with the number specified in the Rowannahs in the possession of the Parties to whom those huts belonged. He examined likewise the Salt belonging to a third Party one Lumbady Balou Naiken the Rowannah for which appears to have been issued on the 28th May that individual also having halted close to these two Divisions Finding the aggregate number of the Bags entered in the 5 Rowannahs produced by the purchasers to correspond with those in the possession of the parties, and the colour of the Salt appearing to agree with that of the Heap from which the Salt had been sold to them, he permitted the Parties to proceed and reported the circumstance to the Honble on the 1st June.

3 In his Letter the Tahsildar reported that the Duffadars statement in reference to the Salt being new was incorrect, and that he / the Duffadar / was not aware at the time of making the report to him that the Heap from

from which the salt was sold to the merchants contained both white and brown coloured Salt.

4. It appearing from the Tahsildars report that of the 5 Rowannahs produced by the Merchants in question, three were 4 Rowannahs dated 26th whilst the remaining one was dated the 28th May: and as the Petitioner likewise reported on the 28th idem that he was given to understand that the Ryots of Yalavoor had illicitly sold a quantity of Spontaneous salt said to have been produced within the limits of their Villages to the parties in question while they halted there, and that he was going thither to examine the Salt, and subsequently on the 1st June that the information was incorrect, and that no new Salt has been mixed with the old. Mr Conway, the then Acting Collector seems to have entertained a strong suspicion that fraud had been committed, and held an investigation into the matter, when the Petitioner declared that he examined the Salt Bags in the Huts of the 1st and 2d Divisions and found the Bags corresponding with the entry

in

in his registers while the Duffadar contradicted the above Statement and declared that he /Petitioner/ proceeded to the spot on the morning of the 29th May and merely went round the huts but made no examination of the Salt at all. The Duffadar and others had further deposed that the Salt under the 5 Rowanahs had been conveyed to the place at about 5 O'Clock on the morning of the 29th May a period subsequent to the examination of the Salt in the huts of the 2 divisions in question

Under all the circumstances of the case, there appears strong grounds for supposing that an excess of 99 Bags of new Salt had in the first instance been made over to the Parties at the manufacturing season, and that this quantity was subsequently made away with clandestinely from the Huts of the 2d division before the arrival of the 5th Tahseldar and most probably added to the Salt for which a separate Rowanah had been issued at a subsequent date to correspond with the quantity therein specified including

including the additional quantity a proceeding which would have been guarded against had the Duffadar at the time also counted the number of Bags in all the Huts. Altho this excess of Salt was not actually discovered and found in the possession of the Parties it is to be presumed that they would have had no hesitation in producing their Rowanahs had the Salt not been in excess of the entries therein made. These circumstances added to that of the Petitioner not having examined the Salt personally when he proceeded to the spot, from which omission in an essential point of duty, little credence could be attached to his report subsequent to the examination of the Salt by the Duffadar to the effect that he had been given to understand that spontaneous Salt had been sold to the Parties while they halted in the Village in question. On the above grounds the Petitioner was dismissed by Mr Conway as a person who had forfeited his confidence

confidence and rendered himself unworthy of further trust.

a very heavy fall in November and December in a few villages in the immediate vicinity of the Coast. there appears to have been an almost total failure of the local rains. The freshes of the Cauvery were timely and abundant. In the Coast Villages where the rains were so copious, the young crops on the lower levels were destroyed and the seed for some Lands remained ungrown. The produce generally in the irrigated Villages though good, fell short of a full crop in consequence of the absence of the failing rains in that part of the District which is situated beyond the reach of the rivers the cultivation, both wet and Dry was deficient, there also the early dry crops failed almost entirely. The general outturn as tested by the produce in the Summary Villages, was rather above Fusly $\frac{1257}{1847}$ $\frac{7}{15}$ but the result of the last mentioned year was below that of its predecessor.

In the other villages the settlement is made, as already observed, on a certain extent of land, whether cultivated or otherwise, and remission is given on account of damaged crops only. The Circular of the 18th March 1850. Board requiring the Dittum waste to be distinctly shewn, to which the Collector refers, can only apply to the Tarum settled Villages.-

Para 18. 14. The revision of the standard grain assessment has been made in 6 many Villages during the year under review. The Standard of these Villages in Fusly 1258 (1848/49) was 138 Valies assessed at Rupees 4,962. It was found necessary to

Statement No. 10. make a reduction of Rupees 230 on account of 7 Valies of land, no longer retained in the settlement, and of Rupees 554 for excessive estimation of the former standard, making a total reduction of Rupees 784. The revised settlement thus stands at 131 Valies assessed at Rupees 4,178. or 15 13/16 below the former demand, but 23 1/8 per Cent about the 10 years average,

foregoing, the assessment has been revised in certain other Villages. Regarding 104 of these further information was called for in the Proceedings of last year which has been furnished by the Collector in his letter dated 9th October 1850 recorded at the head of these Proceedings. The general result in these Villages exhibits an increase of 12 per Cent above the 10 years average, and such lands only were deducted from the Standard or Dittum as were either unfit for cultivation or beyond the ability of the Meerasidars to retain, in the latter case the lands will be added to the standard if brought under Crop. On the whole, the Board are satisfied that the interests of Government have not been overlooked in the revision as far as it has gone, and they accordingly resolve to confirm the Collector's Proceedings in regard to the 151 Villages on which a report has been submitted. In the further progress of the revision, the Collector will not fail to furnish a Statement shewing the details

of

of the former standard, deductions in Land and Grain and the new Assessment for all descriptions of Land similar to No. 10 submitted with the Settlement Report for the year under consideration. The Dry Garden and Tope Lands have not been exhibited in detail for the Villages settled on a modified Assessment previous to Fusly 1259; the extent is comparatively inconsiderable; the Board however think it desirable that the particulars should be shewn in all cases in future.

15. It is proper to point out certain discrepancies in the Tabular Statement appended to para 6 of the Collector's letter dated 9th October 1850. These are shewn in the Margin.-

No. 9 Tanjore. The Land and gross produce of the Standard and highest year are the same, but the average per Valey is made to differ, whereas one rate should be exhibited for both.-

Para 19. 16. Two abstract Statements shewing the entire Land Revenue for a series of years and a third exhibiting the demand in field Assessed Villages from Fusly 1243 (1833-4) are appended to Para 19 of the Report. No remarks in elucidation are afforded, and the object in introducing these Statements is not apparent.-

Para 20. 17. Considerable fluctuations appear in the Rent-roll compared with the preceding Fusly, the principal are an increase of 14 in the number of Meerasidars paying above Rupees 1,000 and an increase of 1,430 in those paying below Rupees 10. No reason is assigned for the former, but as a similar increase is observed throughout the several classes, it is probable that the returns are more accurate than in the preceding Fusly. The increase in the number below Rupees 10 probably proceeds partly from the same circumstances and partly from the causes assigned by the Collector, Viz.t

Vizt. division of lands among relations with separate Registry Paracoodies and others becoming purchasers of land and cultivation on Cowle. Detailed Puttahs are given to the Meerasidars in the Field assessed Villages, under other modes of settlement. Stamped Cudjans are furnished.

From Collector 9th Octr. 1850 Para 8.- It does not appear that the Puttahs of Poyacaries are entered in Statement A. These as well as joint Puttahs (Gonchee) should be mentioned, the term Puttah should be substituted for Ryots in Statement No. 14.-

Extract Minutes Con. 7th inst. 12th Augt. 1850. Para. 11.- 18. The maximum holding in Tanjore reaches to nearly Rupees 20,000.-

From Collector 9th Octr. 1850 Para 14.- There are 3 of this class while the payments of 21 persons range between Rupees 5,000 and that rate. The number of Puttahs below Rupees 10 are about 45 per Cent of the entire holdings of the District, and the amount included in these does not exceed Rupees 137276 or 4 per Cent of the whole Revenue.-

From Coll.r 9th Octr. 1850 Paras 10 & 13.- 19. The explanation furnished regarding the Assessment in the Tranquebar

Villages is satisfactory. It does not appear necessary to interfere further till the results of the improved state of the irrigation shall have been fully developed.- As regards the Assessment of certain lands in Manargoody on which wet produce (Cootaly) is sometimes grown with the falling rains alone. the Board agree with the Collector under the further explanation which he has afforded that 1/2 of the Dry Assessment is a sufficient, but where such amount exceeds the wet Assessment of the Village, the latter to be fixed.-

D.o D.o Para 13.

20 The general results of the Settlement as reviewed in the foregoing Paras are exhibited in the following Abstract Statement in comparison with the preceding year.-

I am directed again to call the Collector's attention to the Board's Proceedings of 4th December 1850 expressing an opinion that Dewan Soobah for Fasly 1258 / 1849/50 late Cowle No. 1285 / should not be allowed to have any further concern in the Tobacco Sibbendy.

The fall of Kaun was sufficient for the Bungah crops. The fall between the Months of was very much inferior to the Bungah crops which were sold by 20 Sachen but in 20 Sachen for the 5 preceding years to avoid the Report for last year.

Collector observes that the abstract would be convenient if the Collection was fully made up stating the market price of Rice in each of the 5 preceding years, but that this would be inconvenient at the Collectorate in the Plains of Rice and between the prices of the Ghaut those of the preceding 5 years and the prices Chowdies Pagodas to the Rupee is not made to the Collector, but the contrary.

BTR 1904

Proceedings Relative to the Settlement of the Land Revenue in the District of Malabar for Fuoly 1259.

24

1 The monsoon is stated to have set in late and although the fall of rain was sufficient for the Nunjah it was not so for the Punjah crops. The aggregate quantity which fell between the Months of April and November was 107 Inches which is in excess of the fall in 1848 by 29 Inches but is 20 inches below the average of the 5 preceding years as given in the Settlement Report for last year.

Inches 126.89

Para 3.

2. The Collector observes that the decrease of 30 per % in the rice crops Estimated to have taken place in Fuoly 1258 was fully made up during the present year. The market price of rice fell in consequence of the increase of produce by about 3 per cent below that of the preceding year, but this was unusually high. It would be convenient if the Collector would in future enter in the Margin of his report a comparison between the prices of the year under report with those of the preceding 5 years as well as of the last Fuoly, and the prices themselves should also be noted. Reference is not made to the prices of garden produce, but the entire patterns of

4 There was an increase in the Demand on Rice lands amounting in the aggregate to Rupees 11,155 which was reduced to Rupees 7,903, by the grant of usual and necessary remissions* the particulars of which are given in Para 8 of the Collectors report. Among the additions to the Summa on appears under the head of "resumption of Remissions granted in Mr Warden's time" amounting to Rupees 945-4-5 which the Collector explains to be remissions allowed 45 years ago on certain lands which were subject to the ravages of Elephants. They had lie came lost sight of and disappeared from the Accounts, but were again brought to light during the enquiries of the head Assistant Mr Robinson, and being no longer necessary owing to the improved condition of the country have been properly reimposed. The Collector states that there are other lands of the same description in the head Assistants Division who will pursue the investigation of them during the Current Summabundy. The Board infer from the Collectors report that they do not exist in any other part of the District but they request that he will notice in his next report the amount of such remissions as they appeared in the former Accounts on which he states them to have been borne for many years.

* Rupees 3,252-11-11

Statt: Col: 27.

5. In the Poonjah or Dry land cultivation there was a decrease of 13,633 Cawnies assessed at Rupees 11,381 in the cultivation of the year owing to the unfavorable nature of the season for this description of cultivation. The Collectors attention is requested to the Circular order issued last year requiring a Marginal explanation of such local terms as Moddom, Ponom, and Elloo, should there be no English equivalent for these description of dry grain.

July 1259	63,257	51,999

1st July 1850. C. O Book 8332

987 6. There is a net decrease* in the Assessment on Gardens the result of an increase of Rupees 2287 " - " and a decrease of Rupees 3,275, consisting almost wholly of remissions to the poorer class of ryots, which are classed under two heads, the one being allowed for the Current year only and the other being apparently of a more permanent nature. They are "For deteriorated state of gardens and the low circumstances of their owners" - in July 1259. - - - - - - - - - Rupees 2,363

and for trees destroyed by lightning and other causes as well as for trees no longer productive in gardens belonging to sundry poor Ryots. - - - - 870.

7. The present is the first year in which a decrease in

in the assessment of gardens has appeared since July
G.S. Sett.t Proc.s of July/55. 1255 when the inspection of gardens except upon special
occasions was dispensed with. The previous four years
show a steady though inconsiderable increase.

8 Referring to the accounts of previous
years the statistics of garden cultivation present
some curious features both with respect to the com-
paratively stationary amount of the Revenue, as
well as of the number of productive trees. The amount
of Revenue in the present July from all kinds
of trees very nearly corresponds with that of July
1250 when the last general examination ceased and
is somewhat below that of the next succeeding year
/1251/ which would lead to the inference that all
the increase derived from new gardens or from the
extension of garden cultivation for the past nine
years has been absorbed by remissions on the old
garden lands. Yet to judge from the return of trees
and the vast number appearing in each year's account
as "young" i.e. recently planted a very considerable
increase in the cultivation might be inferred. From
the abstract given in the Margin it would appear that in
regard to Cocoanut trees alone there were.

appearing as young in 1250. These latter amount to nearly twenty six lacs of trees and yet in 1259 the aggregate

aggregate number of productive trees had only increased by 9,587 - The difference between the two periods is remarkable in the eight years between Fuoly 1242 and 1250, the increase in productive trees was 212083, and the increase in assessment Rupees 15319, but in ten years between 1250 and 1259 the increase in productive trees was only 9,587 and in revenue Rupees 1383, Yet the number of young trees was greater in the latter and longer period than in the former by upwards of 1,00,000 - The Board would conclude that the decay of old trees cannot keep pace with the increase of young ones in-as-much as a Cocoanut tree comes into bearing, in from 10 to 12 years, while it continues productive from 30 to 50 years, and they will be glad to receive an explanation upon these points from the Collector. The same remarks they observe will apply to the other descriptions of trees Viz.t Betel Nut and Jack which both exhibit the anomalous circumstances of continued and large planting of young trees with either a very inconsiderable increase or an actual decrease in the productive number - The population has in the mean time increased by 24,3752 and the number of Ryots

Deducting a sum of Rupees 137-14-11 written off under the sanction of Government the arrear at present amounts to Rupees 11704-5-7 of which the Collector states that Rupees 389-11-8 is irrecoverable and requests permission to write it off the accounts. In this the Board beg to support him.

This would have made an aggregate of Rupees 20,000 due by the Beebee but the Board observe from the Demand Collection and Balance Statement for February 1857 that the arrear on account of Fusly 1258 has since been realized.

11 The following Statement drawn from the Report shows the amount of Collections from all sources of Revenue in which there was a Net decrease of Rupees 34,508-1-2 resulting principally from a falling off in the Land Revenue and in the Salt and Tobacco Monopolies and an increase in the Sea Customs and Stamps. This abstract however has reference only to the actual Collections. It will be preferable that in future the Statement should show the demand for the year on account of each item in place of the portion only of that demand which may have been realized at the time of the report.

12. On Para 19 the Collector refers to the observations contained in the Board's last Proceedings respecting the Statement of Cowl Lands furnished with his report for Fusly 1258. The Statement now furnished is an improvement but as it does not wholly accord with the form transmitted by the Board and in other respects requires amendment, they propose addressing him separately and explaining more fully what is required than would be convenient in their present Proceedings.

13. From the Rent Roll as now furnished it is observed that the Number of Puttahs under 10 Rupees is 207352 or nearly 86 per% of the whole number, while the holders of these pay an assessment within 20 per% of the aggregate Beriz, and averaging only Rupees 1-12-2 for each puttah. The Board would wish to be informed whether the holders of this large number of small Puttahs are all cultivating Ryots or whether some of the Puttah have not exclusive reference to the Moturpha or "Pully Chatty". There are 23 Puttahs of the first class paying a revenue of Rupees 53,820 or on an average Rupees 2340 each. The Deshmuk of the Beebee of Cannanore is included in the Beriz of the Cherikul Talook, but as the greater part or the whole of this is paid on account of the Laccadive Islands belonging to her, the Board are of opinion that it should be exhibited under the distinct head of Deshmuk.

The Board notice a slight discrepancy between the items of increase and decrease in wet lands in the Sub division as given in the Sub Collector's report and as they appear in the Summabundy Statement No. 1. In the latter the particulars are given for the vice talooks below the Ghauts but the sum of these differs by Rupees 10-13-11 from that shown in the Sub Collector's report and the details differ. For the Wynaad Talook the particulars are given by the Sub Collector but the Net gross decrease is alone exhibited in the Summabundy Statement. The Board would wish these particulars to be in future exhibited in the figured Statements, the two Divisions being kept separate with the view of facilitating a comparison between the Reports and the Summabundy Statements.

To W. A. Bayley Esqre
Secretary to the Board of Revenue.

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 27th Ultimo, I have the honor to submit herewith Copy of a correspondence with the Chief Magistrate and Superintendent of Police relative to the unlicensed sale of Spirits in some of the Hotels &c. which have been established contrary to the intentions of Police Regulation No. 4.

2. The first case adverted to in the Correspondence is that of a Mrs. Watson the holder of a "General boarding and lodging Establishment", or an unlicensed Hotel. A quantity of Brandy, when about to be introduced into Mrs. Watson's Establishment

"Establishment," on the 13th May last was seized; but it was afterwards returned to the Wholesale dealer, from whom it was purchased, on her assurance that she would not repeat the offence.-

3. On the 27th August, she was fined at the Police office for the sale of Spirits, by retail, without license, and on the 12th Ultimo, one Mr. Shaw, who has taken up his residence in Mrs Watsons' "Establishment," purchased 2½ Gallons of Brandy to be conveyed there, under a permit, in his name. On its seizure Mr. Shaw appeared before me, and requested that the liquor might be restored to him, on the plea, that he has frequently had Spirits sent to him, by the Dozen without interruption.-

4. This I think, affords conclusive proof of a contraband trade having been carried on by Mrs. Watson, for some time past, with impunity - the practice alluded to by Mr. Shaw having been resorted to by her to elude the vigilance of my Establishment, as well as to exculpate

herself

herself in the event of the fraudulent transaction being brought to light.-

5. She has succeeded so far, it being observed by the Chief Magistrate, "that he is precluded from taking judicial cognizance of the case," more particularly "from the defective state of the Spirit "laws, no provision being made to meet "such cases."

6. The second case referred to in the present correspondence is that of a Mr. James Cole, who has established an Hotel, without licence, in the same House in which Messrs. Rhodes & Co licensed Wholesale dealers, keep their Shop. The actual retail sale of Spirits by Mr. Cole having been deposed to by several Witnesses, he has been fined in the sum of Rupees 200. but, fearless of consequences, he still keeps his Hotel open in the same premises, and sells Spirits by retail, being aware how difficult it is to bring the charge home to him, for it is only where the sale is proved by strong and corroborative

evidence

evidence that the Police Magistrates feel authorized to interfere, and not otherwise.

7. My Peons have besides, detected the unlicensed sale of Spirits at the "Tiffin House" of one Mr. O'Reefe, from whom a fine of Rupees 100 was, consequently, levied on the 15th Ultimo. Another complaint preferred by this Office against a Mrs Janet the holder of an unlicensed Hotel is now pending before the Police Magistrates.

8. There are several other Houses of Entertainment in which Spirituous liquors are being retailed clandestinely to the detriment of the Abkarry revenue, but as the introduction of such Spirits into them though ostensibly for sale to their inmates does not, alone, constitute an offence, which the Police Magistrates can take judicial cognizance of, "from the defective state of the Spirits laws." I solicit that the Board will do me the favor to bring the circumstance under the consideration of Government, in order that the new Abkarry Act and the revised Police Regulation referred to in the correspondence noted in the margin

Sir,

I have the honor to bring to your notice that reports have frequently been made to me that the proprietors of Tiffin Houses and other Houses of public entertainment were carrying on the unlicensed sales of European Spirits to a considerable extent. A quantity was seized yesterday when about to be introduced into a House of the description alluded to, which is kept by a Mrs Watson in Anderson's Street the inscription on her Sign Board being as follows.

"General boarding and lodging Establishment"
"Wine and Beer sold here."
"I. Watson"
"Door No. 5."

The

Enclo: No. 1.

2. The liquor was being conveyed under the enclosed pass in the name of a Mr. N. C. Shaw. This man appeared in person immediately, claimed the restoration of the Spirits, on the plea that having taken lodgings in the House in question, he has always had a supply sent to him there without any hinderance: but I refused compliance on the ground of the removal of Spirituous liquors to a Tiffin House being, in my opinion, illegal, observing at the same time, that, if he resided elsewhere, this Office would not have interfered.

3. I was not then aware that the House he spoke of was the one in the occupation of "Mrs. Watson". The records of this Office shew that on this woman attempting to introduce a case of Brandy on the 13th May last the liquor was seized, and that, on her representation that she was ignorant of the Excise Laws, and on her assurance that she would never offend against them again, the liquor was returned to the Wholesale dealer from whom it was purchased. I find, besides, that on

the 27th August last 2½ Gallons of Brandy were seized at her House, and that on that occasion, she was fined at the Police Office in the sum of Rupees 50.

4. Under these circumstances, I think that the present case is one which is clearly cognizable by you as coming within the intention of Police Regulation No. 4, I beg, therefore to send Peons Abdul Khader and Ramjee, by whom the seizure was made, to enable you to make due enquiry and to pass such orders as you may consider proper.

Enclosure No. 2. P. S. I enclose a letter just addressed to me by Mr. Shaw, I shall inform him, in reply that the case has been referred to you, for, under the circumstances stated above, I do not consider him entitled to any indulgence whatever.

Memorandum.

Mrs. Watson has a "General boarding

boarding and lodging Establishment," in which, according to her Sign Board, "Wine and Beer" are sold.

2. If Spirituous liquors were sold in her "Establishment," she would be liable to punishment under clause 5 of Police Regulation No 4.

3. The "penalties and forfeitures" referred to in the said clause 5 of Police Regulation No 4 are no doubt those provided for in clause 3 Section XII of the old Ab Kurry Regulation passed by Government under date the 18th April 1801, as follows.

The Offender to be "fined in a "sum equal to three times the amount of "the daily tax, for each day of the "period during which the illicit sale "may be proved to have been carried "on, and the whole quantity of liquor "found in his or her house" to be "confiscated."

4. Mr Shaw admits that he has been, for some time, an inmate of Mrs Watson's "boarding and lodging Establishment" in which "Wines and Beer" are

are sold and that he has frequently had Brandy sent to him there by the Dozen.

5. This is the most undeniable evidence that Spirituous liquors have actually been introduced into the "Establishment" in question repeatedly, and that the quantity now under detention would, in like manner, have been taken in, but for it's seizure at the very entrance of the House.

6. Mrs Watson will not, of course, attempt to send for such liquors in her own name again; for she was fined for doing so only in August last.

Nor will Mr Shaw acknowledge that the liquor purchased, and removed in his name has been actually consumed as it was intended to be by the inmates of Mrs Watson's "Establishment;" but the facts adverted to above afford, it is presumed, sufficiently strong proof of their having resorted to the illicit practice alluded to, in the hope of evading the penalties attached to the Offences. The question now, however, is whether these parties

parties, and others like them shall be allowed thus to offend with impunity?

7. In the case of licensed Tavern Keepers, there was a Proclamation of Government under date the 25th September 1830 founded on the Regulation of 1801 referred to above, which provides that a tax of 45 Pagodas per Leaguer of 150 Gallons shall be levied and enforced "on the quantity of Spirits of all "descriptions expended by the several "Tavern Keepers," and that "none of the "Wholesale dealers shall, therefore," supply "such Tavern Keepers with any Spirits "of European manufacture without a "special permit from the Department "of the Collector's Office, and unaccompanied "by a public Servant, in whose presence "it is to be removed."

8. All licensed Taverns or Hotels* are kept up on the same principle as Mr. Watson's "boarding and lodging Establishment;" but, surely, the holders of such Taverns or Hotels will never allow any of their inmates to admit Spirits without payment of the established dues of Government,

as Mr. Watson has done, for a considerable period, regardless of consequences.

9. It therefore, rests with the Chief Magistrate and Superintendent of Police to decide whether the fraudulent act imputed to Mr. Watson and Mr. Shaw does not come within the meaning and intention of clause 5 of Police Regulation No. 4.

Sir

With reference to your letter under date the 12th Instant, relative to a certain quantity of Brandy seized by some of your Peons, when about to be introduced into the House of a Mr. Watson in Anderson's Street Black Town, I have the honor to observe that, I have given the subject my best consideration, and under all the circumstances of the case brought

brought to my notice, in your communi-
cation - I feel myself precluded from
taking judicial cognizance of it; more
especially from the defective state of
the spirit laws - no provision being
made to meet such cases. although
the Brandy may have been intended
for retail by Mrs Watson, there is no
evidence to this, and in fact the
Brandy was never taken into the House
it was still in the possession of the
party, who held a legal permit, and
the purchaser is known to reside in
that House. On reference to the Record
of the offence of which Mrs Watson was
convicted, under date the 27th August
last, I find that it was not because
Brandy was seized at her house; but for actual
and positive sale without License.

The enclosures received
with your letter are herewith returned.

Sir,

1. I have the honor to

transmit herewith a letter from
Messrs Willick & and Co. the proprietors
of the Clarendon Hotel - with its enclo-
sure from Mr W. Marshall, from
which it will be seen that satis-
factory proof is forthcoming in regard
to the unlicensed sale of spirits, by
retail, at "Bentinck Hotel" on the

ed by one Mr James Cole.

2. Mr Cole's application
to me for a license was refused by
an Endorsement under date the
17th instant - of which a Copy is enclosed
herein - It will be observed that his
Hotel and Messrs Rhodes and Co's Shop
for the sale of spirits by wholesale
are both kept in one and the same
House.

3. The proclamation of
Government under date the 25th September
1830 provides that a tax of 45 Pagodas

levied and enforced "on the quantity of
spirits of all descriptions expended by

"spirits of European manufacture without

4. It is therefore, my intention to inform Messrs Rhodes and Co that, unless their wholesale Shop is removed from the House in question or Mr Cole's Hotel is removed therefrom, it will be requisite, at the proper time, to refuse the renewal of their license.

5. Adverting to the circumstances of the case, I request that you will be good enough to take some notice of Messrs Willick and Co's complaint - for it appears to me that Mr Cole has rendered himself liable to punishment under clauses 3-5-9 and 16 of Police Regulation No 4.

Sir

We beg to enclose a letter from Mr William Marshall of Madras relative to his dealings with the "Bentinck Hotel" which has been advertised as being under the management and proprietorship of one Mr James Cole.

If Mr James Cole has obtained no license for the sale of spirituous liquors, his sale of them must of necessity be highly disadvantageous to the licensed Venders, we believe that Mr Cole has obtained no license and respectfully (as licensed Venders) look to you

you to protect our interests.

Messrs. Willick and Co.

Gentlemen,

I have just received your bill and am surprised to find that you charge me therein 5 Annas each for several glasses of Brandy - At the Bentinck Hotel on the beach I was never charged more than 4 annas, - and as I was there with Messrs. Jupe and Nowill on several occasions, they will doubtless tell you that they were charged only after the same rate - When you alter your bill I will pay it at once -

With reference to the letter from the Collector of Madras forwarding a communication from Willick and Co. relative to the sale of spirits at the Bentinck Hotel by one James Cole. The fact of Messrs. Rhodes and Co.'s Shop for the sale of spirituous liquors being situated immediately under the same

building, did not escape the notice of the Police; but before any steps can be adopted, it will be necessary for the Collector to direct some person on his Establishment, or any other person, (perhaps some one connected with the Clarendon Hotel) Cognizant of the fact, to appear at the Police Office and depose to the matter, when the parties will be either summoned to the Police, or brought up, if necessary, by a Warrant -

Sir,

With reference to your Memorandum under date the 29th instant, I have the honor to acquaint you that Mr. Baggott - who is Mr. Willick's partner - has just appeared before me, and assured me that, if Mr. W. Dated 29th March 1851

2. I take this opportunity to enclose a letter from Messrs Rhodes and Co and another from Mr Cole, which have just reached me. It is unnecessary for me to offer any remarks on their propositions; for it is evident that the facilities for passing spirituous liquors from the Shop to the Hotel - without payment of the Government dues - are so great that Messrs Rhodes and Co will not hesitate to relinquish their wholesale license provided Mr Cole is furnished with a retail license" and not otherwise; and they add that the profit on the former is very small.

3. Messrs Willick and Co have, therefore, just cause to complain that Mr Cole's unlicensed and untaxed spirits are retailed at such rates as to interfere with their profits; for Mr Cole whose interests are obviously identified with those of Messrs Rhodes and Co is no doubt selling large quantities to enable him to realize a sufficient remuneration such as to induce Messrs Rhodes and Co to throw up their license, although his price is below that at which Messrs Willick and Co, who pay the regulated tax, can

afford to sell their spirits.

That on arranging with Messrs Rhodes and Co to dispense with their wholesale license, they have after a mature consideration consented to let me have it, for a retail one, and their letter to your address, which I herewith beg to forward.

Proceedings thereon

(25-26)

The Board of Revenue are of opinion that the Collector of Madras should, on Messrs Rhodes & Co applying to have their License renewed insist upon their either removing from the Premises where Mr Cole keeps his Hotel or causing the Hotal to be removed to some other quarter. The Collector should also with the means at his command guard in all cases against any wholesale dealer having a warehouse within the same Building in which a retail Beer or liquor shop is held or even in too close proximity to it.

The other points noticed in Mr 2. Budlestons letter will it is believed be provided for by the Abkarry Laws now under consideration

B.d No. 1076

From the Collector of Madras.

(29)

Sir,

I have the honor to report for the information of the Board of Revenue that I visited the Salt Colaurs at Madras on Tuesday the 6th Instant in order to inspect the heaps and to ascertain the extent of

Fort St. George 15th May 1857

Loss occasioned by the severe Gale of the two previous days.

2 I found the covering of the whole of the heaps much injured part having been blown away. The first line of heaps on the North side of the platform and the first line on the South side were more exposed to rain and wind than the rest and the loss in some of the unfinished heaps which were not thatched, being in process of storing, sustained the heaviest loss.

3 I instructed my Sheristadar with two other Officers of the Poozoor Cutcherry to prepare an Estimate of the loss. They have just furnished me with one and a Statement drawn up in reference to it is submitted herewith from which it will be observed that the entire amount of loss at the Madras Colaurs is estimated at G40-375 which on G1457-224 the quantity in store on the morning of Sunday the 4th instant gives 2 13/16 per cent, whilst on the total quantity in store including the Stocks at the Madras Colaurs 1457-224 at the Ennore Depot G1545-340 the loss at Ennore Depot 88-116 is G46-25 or 3 per cent.

The Board of Revenue observe that the loss of Salt occasioned by the late Severe Gale is estimated at G. 40-25. When the actual loss has been ascertained the Collector will be so good as to insert the quantity in his next Statement of Salt wastage with the necessary explanation that sanction may be obtained for writing it off.

Sir,

With reference to an advertisement from this Office dated 10th and published in the Official Gazette of the 11th Ultimo page 239 inviting Tenders for the supply of Papers and Cadjans for the use of this Office, I have the honor to submit for the inspection of the Board, Ten Tenders received by me together with the Samples of the Papers and Cadjans proposed to be supplied during the next three years.

Though below his late rates his tender is above all the other tenders with the exception of that of Mr. Thorpe No 1. There is no objection to the samples but from the circumstances of his offer being high. I regret that I cannot recommend it. I understand he has fulfilled his late Contracts in a very satisfactory manner.

3. The tender of P. Appavoo No. 6 although higher than the tenders Nos 7-8-9 and 10 supplies samples which appear to me to be of fine quality at a reasonable rate I beg that the Sanction of the Board may be obtained for my entering into a Contract with him for three years commencing

commencing from the 15th Instant at the rates proposed by him, upon his producing adequate Security for the fulfilment of the same.

4. The samples submitted with tenders Nos 2-4-5-7-8 and 10 appear to me not to be of the best Quality. Some of the papers are too thick for the purposes of this Office. They shew a tendency to crack and fray at the creases.

5. The tender No 9 is unacceptable as the party states himself unable to give proper Security.

6. The tender No 1 is the most favorable of all in respect to the quality of the paper but its price is too high. The paper according to the sample is of a description superior to what is required for present Stamp purposes. If accepted the contract would unnecessarily increase the charges of the Department.

7. I beg to observe with reference to Tenders Nos 8-9 and 10 that if the Samples were even good, I should feel reluctant to recommend the acceptance of the tender of either from the circumstance of their undertaking to supply the papers much below the intrinsic value, and the contract being undoubtedly incapable of perfect fulfilment would
