6899 Fort St. George 10th May 1851.

Diary.

17th May Received the following letter.

No. 118.

To

W. H. Bayley Esqre.
Secretary to the
Court of Wards.
Fort St. George

Sir

(1) B.C. Pl. 11832.

From the Collector of Madura 3 / With reference to the letter noted in the

Recommending that Chokkanatha Pattar be appointed Guardian to the Minor Zemindar of Shevagunga at the Deva vedee pleading to take place immediately after the Court re-opening of the Court of Sudr Adalut.

margin I have the honor to inform the Court that the Guardian to the Minor Zemindar of Shevagunga has been appointed by the Government Vakeel of the Sudr Adalut that the Judges have admitted the re-descendants of the Shivaram Zemindar to prosecute the Appeal of the deceased Unganoolo Nachear as Supplemental Appellants and do have given notice that they will hear viva voce pleading in the Appeal on the first Monday after the re-opening of the Court viz that is on Monday the 7th July.

2 Bodoo Nachear daughter of the Shivaram Zemindar by the 2d wife and Kotah Nachear and

3 Nachear and Kolundi Pooree Nachear daughters of the 3d wife are represented by the Vakeel

Mr

6900 For R. St. George &c. May 1851.

Mr Cockburn, assisted by a Native Vakeel. The other Claimants Soma Nachear daughter of 8th Wife and Mootovadooga Sauer Grandson by the daughter of the 1st wife appear by Native Vakeels.

3 The Government Vakeel Ghulam Hoosoon Sahib who has hitherto conducted the Appeal for the Minor is unacquainted with English and has strongly represented to the Guardian his inability to cope with Mr Cockburn in viva voce Pleading and in reference to the practices of the Court of other Presidencies whose opinion that Gentlemen often quotes with effect

It is also evident that a Mussulman cannot make an efficient reply to a speech the language of which is unintelligible to him. The Government Vakeel therefore presses the Guardian to employ Mr Norton the Advocate General or Mr Smyth the Barrister to plead on behalf of the Minor on the coming occasion.

4 I think that a due attention to the interests of the Minor renders it expedient to adopt this suggestion and as it is of great importance considering the length of the written pleading and complex nature of the evidence that the Pleader should be retained his fees without the

6901 For R. St. George &c. May 1851.

of time I would beg to recommend that the Court of Wards should call for the Government Vakeel and after communication with him take the necessary steps for the engagement of an able European Gentleman who has qualified to appear in the Sudr Adalut and instruct the Government Vakeel to place him in possession of all the facts and bearings of the cases.

Madura, 13th May 1851. } Signed R. D. Parker Collector

3d No 980.

Proceedings thereon. 1 Mr Parker will observe that the Board have in their letter of 10th May 1851 anticipated the subject of this communication and will at once instruct the Government Vakeel to secure the assistance of the Advocate General in the Appeal now pending before the Sudder Court.

Ordered that Copy of the correspondence noted in the Margin be communicated to the Government Vakeel of the Court of Sudr Adalut for his information and guidance.

B. No. 1020

From the Secretary to Government.

Observations respecting certain lapsed Enams in the District of Bellary for the 3d quarter ending 30th Sept. 1850.

Read the following Extract

No. 417.

Extract from the Minutes of Consultation Revenue Department Under date the 29th April 1851.

Report of the Collector of Bellary on the lapsed Enams in that District for the 3d Quarter ending the 30th September 1850 Submitted with the remarks of the Board of Revenue under date 23d January 1851.

The Right Honorable the Governor in Council proceeds now to pass orders on the several cases of lapsed Enam submitted in the Report of the Collector of Bellary for the

Fort St. George 19th May 1851.

of 1850.

No 1 Bhulwar to Bahoos in certain Villages in the Adoni Taluk Pencha Lakshmi Ammah Talook Tolaves Rupees 81. 82.

Under the circumstances represented in this case the portion of the Enams in the actual enjoyment of the Lakes Lakshmi Ammah Rupees 81 1 1 must be considered to have Lapsed to Government.

No 2 Bhulwar to Enams held by the late Narasimah in Sanganaswara and others Villages Taluk No. 179 " 2.

3 Not the Governor in Council sees no sufficient reason for acceding to the recommendation of the Board of Revenue in behalf of the present holders of these Enams and he therefore directs that the Shares respectively held by Soobbhut Rao and Lenkarabhutloo be resumed on the receipt of these orders by the Collector.

No 3 Shrotriems being half Share of the Brig of the Village of Somalapoor enjoyed by the late Venkatamah Talaver on Rupees 57 1 3.

4 Neither does there appear to be sufficient grounds for continuing this Shrotriem to Bhageerathamah the daughter of the deceased, as recommended by the Board. It is observed that the daughter is married out of the family and that her husband has a living by service.

No 4 Yeomiah of Pol 196 " 7 per Annum held by the name of the late Conarachariar

5 Yeomiah of the nature are described by Mr Collector Campbell in his letter to the Board of Revenue dated 7th April 1823 to be granted to "Acharies Shastrees and other Brahmins originally of a "personal nature and for charitable purposes, but which have been

"been successively renewed to whatever the head
"both by the Native and the British Government
"to the heirs of each incumbent until the parties
"have acquired as sort of prescriptive right to
"them" In the present case the entire allowance of
Rupees 196 ½ per annum was continued by
Government on the recommendation of the Board
in the name of the deceased Swamachariar for
the support of the family who have now enjoyed
it for nearly 30 years The grant does not appear
to have ever been regarded by the Board
as strictly hereditary and they therefore
recommended, with reference to the instructions
of the Honorable Court respecting such grants
that a sum of 170 Rupees per annum be
continued to the son of the late incumbent. Adverting however to the decisions of
the Government of India on similar cases
and especially to their recent communications
of the 29th January and 7th February last as
well as to the fact of the family being in
possession of Bhuteeruti Enams of above
Value of 1400 Rupees the Governor in
Council feels precluded from supporting the
Board's recommendation or submitting for the

the sanction of the government of India any further extension
of the bounty of Government in this case. The Jeenamkoil to
which the Enam was subdivided among the various Co-
Members of the family against the express orders
of the Collector and they can therefore have
no claim to the continuance of the shares in
their enjoyment.

No 5 Bhuteeruti Enam
held by the late Tirutchachary
in Yeradimaryanchery
and other Villages.
Extent Acres 20-38-10
Assessment Rupees 52 12-1

6 The Government concurring in
the opinion expressed by the Board
of Revenue on this case direct that the En-
Enam enjoyed by the late Tirutchachary be resumed.

No 6 The share held by the late
B Rangachariar in the
Enams in Chinna Kalmada
and other Villages Value Rs 26-4-7.

7 The share held by the
deceased in these Enams must
be considered to have lapsed to Government in
default of issue and near relatives.

No 7 Bhuteeruti Enam held
by the late Seemmbhattloo
in Mannur Moonlada
assessed Rs 19-11-7.

8 The Governor in Council
thinks that it was sufficient not
to have disturbed the possession of the last
party who had enjoyed the Enam under
a Deed of gift for the last 75 years and
that it is unnecessary to give a fresh
Lease to another for life. The Enam must
therefore be resumed.

The

"been successively renewed without production

the sanction of the government of India any proposal
of the family of Government in this case. The Commissioner
observed was subdivided among the various
Members of the family against the expressed orders
of the Collector and they can therefore have
no claim to the continuance of the shares in
their enjoyment.

No. 5 Bhuttumtie Enams
held by the late Vistnachary
in Gyradimmanyen Cheroo
and other Villages.
Extent acres 20-38-10
Assessed Rupees 52 12-1

6 The Government concurring in
the opinion expressed by the Board
of Revenue on this case direct that the En-
Enam enjoyed by the late Vistnachary be resumed.

No. 6 Ps Share held by the late
B Rangkavendrachary in the
Enams in Chunnia Polamada
and other Villages Value Rs. 26-4-7.

7 The share held by the
deceased in these Enamemnts
be considered to have lapsed to Government in
default of issue and near relatives.

No. 7 Bhuttumtie Enam held
by the late Seemmbhuttoo
in Mannur Moonulvada
assessed Rs. 17 11 2.

8 The Governor in Council
thinks that it was sufficient not
to have disturbed the possession of the last
party who had enjoyed the Enam under
a Deed of gift for the last 75 years and
that it is unnecessary to give a fresh
Lease to another for life The Enam must
therefore be resumed.

The

No. 8 Shutwuttu Enam at Bootkasagaram Share held by the late Veneapah Rupees 76 1 1.

9 The lapsed Share will be continued as proposed by the Collector and the Board to Jeeummah the widow of the deceased Veneapah.

10

No. 9 Shutwuttu Enam held by the late Veerapah in the Villages of Poledoday
Extent acres 10-28-4.
Value Rupees 6-10-9.

The Enam though obtained by gift has been in the enjoyment of the family for 40 years. On this ground the Government accede to the Board's recommendation for its continuance to Narayanah and Ramanah the sons of the deceased, to lapse at the death of the Survivor of them.

No. 10 Jaghire Village of Kittravuttee of the annual Value of Rs. 5517-9-8 share held by the late Syed Hazarat Rs. 50 fh. 13. 4.

11 The Government will defer passing orders on this case until the information which the Collector has been required to furnish is laid before them. In submitting this information the Board of Revenue will make a Special Report embodying the particulars contained in this Statement and explaining the position of the parties named in Column of the Collectors Statement by whom the Jaghire was originally bestowed or continued and what title they had to make or to prolong the grant.

No. 11 Yeomiah of Rs. 57-10 per annum 1/2 Share held by the late Summa Bhutloo alias Sreeneevas Bhutloo or Rs. 25-13 per annum.
No. 12 Yeomiah of Rs. 154-14 per Annum enjoyed by the late Goddada Ranga Reendra Pah.

12 These grants are similar to that referred to in para 5 of the proceedings [illegible] and under the rules now in force [illegible] Government

Government cannot recommend the continuance of any Enam to the females of the deceased incumbents. The females must therefore be considered to have lapsed from the 3d March 1845 and 2d September 1849, the dates of the death of the respective holders.

Enams in Pauchalee and other Villages
Extent acres 52-7-35
Assessment Rs. 105-13-2

13 The Shot Bhutwah Enam held by the late Goosta Panghanabah may however be continued to his widow Venemahalacca Pandiamah for her life as recommended by the Board, on the grounds of long possession but the Jodee Enam the claim to which appears to be wholly unsupported should be resumed.

Jodee Enams in Devanoor Village
Extent acres 4-22-11
Assessment Rs. 12-8-9

No. 13 Shutwuttu Enam enjoyed by the late Immanna Bhutaliar Immanah in Aydoor Village Extent acres 8-29-10
Assessment Rs. 21 " "

14 Under the circumstances represented in this case the Enam may be continued as proposed to Krishnacharry the surviving son of the deceased for his life.

No. 14 Shutwuttu Enam enjoyed by the late Nasasapah in Boolabahall Village
Assessment Rs. 2-6-33

15 The Government authorise the continuance of this Enam to Ramapah the brother of the deceased, for his life as recommended by the Board.

15 The Board of Revenue will be pleased to instruct the Collector of Bellary not

Fort St. George 19th May 1851.

not to include in his future Report on the lapsed Enams in his District lapses of Grooms or other money allowances for which separate application should be submitted in the necessary form in cases in which it may be considered necessary to recommend their continuance to the families of the deceased Incumbents or the lapse of Jaghire grants such as that entered in Item 6 of the Collector's present Statement as Special Report should be submitted on these cases for the consideration and Orders of Government.

Extract and Letters

No. 439

Revenue Department

From the Secy to Government Bellary

Dated 8th April 1851

Received 12th Ditto

Extract from the Minutes of Consultation under date the 19th May 1851

Read the following Papers—

Extract from the Proceedings of the Board of Revenue

Here under 21st & 27th March 1851 No. 141 and 146)

× × ×

In their Proceedings of the 27th March last the Board of Revenue bring the notice of Government the subject of a defalcation which has occurred in the Stamp Department under the Collector of Bellary The defalcation consists of the value of Stamped paper, not accounted for, in the charge of Ram Chetty the Darogah and Vendor at Bellary both Offices being held by one person, and the Amount Rupees 75168 4 has been made good as appears by the Collector's letter of the 15th March, partly by the Sale of property found in the possession of the father of the defaulter and stayed as undivided family

Re

family property liable for the sum debts, and finally by the sale of property seized from the defaulters sureties.

The Collector has passed a Decree apparently under Section 6 Regulation IX of 1822 certifying the amount embezzled as above and adjudging that it shall be made good as far as possible by the sale of the property seized in the possession of Krishnamah Chetty the father of the defaulter, and eventually by the sale of the property of the Sureties. The Right Honorable the Governor in Council observes that Act XXXVII of 1837 makes Regulation IX of 1822 applicable to the embezzlement of "any public property" as stamped paper as well as of Money. The decree passed by the Collector will therefore be legal so far as it affects property of any kind which is lawfully liable for the debts of Ram Chetty, but it is not equally clear that a decree under Section 6 Regulation IX of 1822 warrants proceeding against securities for the recovery of the amount adjudged

to have been embezzled by their Principal. With the aid however of the Supplementary Regulation I of 1826 which made the provisions of the Land Revenue Regulations of 1802 applicable to revenue of every description, and authorized Collectors to proceed for the recovery thereof as well against Securities as Principals, it may perhaps be so construed. Under any circumstances Act XII of 1850 authorizes proceedings against the Sureties of any public Accountant for any loss or defalcation in his Accounts, as if the Amount were an Arrear of land revenue; it would therefore appear that the Collector has due legal warrant for his proceeding although Regulation IX of 1822 may not fully bear him out.

3. The suit instituted by Krishnamah Chetty the father of the defaulter for the recovery of the property seized in his possession is represented in the Board's Proceedings of the 27th March last to have been rejected by the

Fort St. George 19th May 1851

the Civil Courts, under Section 16 Regulation IX of 1827 as unactionable by Section 16 Regulation 7 of 1828, without and order from the Board of Revenue referring the party to the Courts

5. The union of the two offices of Danogah and Vendon of Mamsodal Bellary in the same person which was effected in the time of the late Collector seems to the Government to have been very inconsiderate as preventing the check contemplated by the Stamp Regulations and giving an opening to the fraud that has been committed, and it is to be regretted that the arrangement should have been authorized by the Board of Revenue. Mr Pelly dwells strongly on the absence of this check as facilitating fraud thro' the combination of the two Offices but there would seem to have been some remissness on his part in not having provided for the Tahsildar exercising a control over the Vendon. His knowledge

Fort St. George 19th May 1851

embezzlement which have terminated in the recovery of the entire sum misappropriated were prompt and decided and deserve credit.

5. The practice of sending the Stamp accounts direct to the English Account department without the exercise of any check over it on the part of the Sheristadar of the Cutcheery a practice of which it would appear Mr Pelly has only recently become aware, is clearly objectionable and opposed to the orders of the Board of Revenue and must in no small degree have conduced to the perpetration of the present fraud. The Governor in Council desires that the Sheristadar can be called upon to explain why he permitted the Stamp accounts to pass out of his hands into those of the English Accountant and failed to point out to the Collector the consequences which might result from the absence of such examination upon his part. It is presumed that the Head Accountant Ramasawmy mentioned in Para 8 of Mr Pelly's letter of the 25th February 1851 is dead. If not he should be closely examined upon the facts stated in

Fort St. George 19th May 1851

in that and the preceding para-

6 In their review of the Settlements of the Stamps revenue for Fasly 1258 - 10th July 1850 the Government adverted to the large stock of Stamps on hand in some Districts beyond what seemed to be required and among others instanced Bellary when the sale in the course of the Fasly had been Rupees 10841 and stock Rupees 35,869

Para 6

Ram Chetty an Stamp Vender of Bellary should by his accounts have had in his charge Rupees 25367 12 worth of Stamps a far larger quantity than he could have had occasion for - The attention of the Board of Revenue is called to the Extract Minutes of Consultation 10th July and 24th October last and they will take care that no large stock of Stamp paper be kept in the several Districts than is fully equal to the probable demand for it -

Forthcoming 181 8 -
Embezzled 25186 4 -
25367 12 -

7 From all that has transpired respecting the Stamps

Fort St. George 19th May 1851

Department of the Bellary District it seems desirable that the Board of Revenue should ensure a form of Security Bond to be prepared and generally adopted for all Sureties in all branches of revenue which should render them liable for all defalcations whenever or however occurring and not be open to doubt and difficult interpretation - This subject will be best taken up by the Board in connection with the Act XII of 1850 regarding which they have addressed the Government under date the 16th December 1850 No. 525 -

8 Referring to the interference of the Vakeels of the Civil Court mentioned by the Collector in para 5 of his letter of 4th February 1851 the Governor in Council is of opinion

Fort St. George 19th May 1851

opinion that if the Conduct there noticed can be substantiated ... against any of the Vakeels it should be represented to the ... Account in order that they may be dealt with under the provisions of Section 6 Regulation XIV of 1816.

9. The Board of Revenue will keep the Government informed of the further proceedings in this case especially as regards the ... measures taken by Kistnamah Chetty and the Sureties for the re=covery of the property seized from them and the result.—

No. 32.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 24th Ultimo on the subject of the Defalcation of Stamp Revenue in this District accompanied by a letter from Mr. Sub. Secretary Cunliffe's of the same date in which I am directed to furnish the further information called for in para 11 of that Extract.

The Board in the para 2. referred to state that "as they conceive "the chief error has been in the "Hoozoor Native Cutcherry not "scrutinizing the Stamp accounts, the "practice having been for the Da"rogah to receive the Stamp ac"counts and to hand them over "into the hands of the Head and "Deputy Accountants of the En"glish Department, This" (the Board's further state so interpreting my letter) "was contrary to the previous existing practice and the Board's Circular Orders

B. No. 1100
From the Coll. of Bellary

Replies to letter to the Deputy Sec. to the Board of Revenue dated 24th March enters into a full explanation of the System of control hitherto exercised in the Stamp Department by the Native and English Cutcherry and shows how when a change in the Darogah Department was made the supervision imperceptibly fell into the Hands of the English Department and how through the dishonesty of the Head Accountant the Darogah was enabled so long to carry on his fraud without detection.—

"Orders". "Mr. Pelly" (the Board further go "on to remark) "states that owning to the "deaths of two Head Accountants and "and one Deputy in the English Depart- "ment he is unable to afford explana- "tion on the subject but it does not "appear why he did not ask the "Sheristadar or other Old Servants "when and under what circumstances "and under whose instructions the "Native Cutcherry was relieved of "the duty."

3- It was not my intention to say the Native Cutcherry were in the habit of Scrutinizing the Stamp Accounts and this practice had been abolished and I must apologize to the Board for the insertion of a few words in a parenthesis, which though they do not convey necessarily the meaning put on them by the Board, are yet I admit, obscure and unnecessary.

+ See para 7 of my letter 25th Feby 1851.

4- Owing to the death of two of them I was prevented calling upon the English Accountants for an Explanation regarding the incorrectness of the Accounts which had been made up under their superintendence without

without first as it appeared undergo- ing the scrutiny of the Native Cut- cherry. This practice I deemed objec- tionable. But as it did exist, the responsibility had actually devolved on the English Head Accountant, and had Ramaswamy, the late Head- Accountant, been an honest man he would have brought to light the rea- cality of the Darogah, of which he was fully aware in 1848 as shewn by me in the 8th para of my letter of the 21st February last. The Board have not expressed any opinion on that point, which appears to me of much importance. For in the numerous duties of all kinds which have to be performed by Collectors, they must place confidence in their head Servants, and they look to them to bring to their notice frauds that they may be cognizant of. It is true that the Head Accountant Ramaswamy was not on good terms at all with the Head Sheristadar, and it is possible that he fraudulently concealed from me the rascality of the Darogah with

with the intention of taking a favorable opportunity of injuring the Head Sheristadar with credit to himself, and his enmity against Reelacunta Row led him, I have little doubt, to use his influence to keep the Stamps or any other duties as far as he could out of the hands of the Head Sheristadar.

5. But to refer more particularly to the question on which the Board have sought for further explanation I have the honor to state that it does not appear that the Head Sheristadar in this District ever exercised any special control in the Stamp Department. From enquiries that I have made from the Head and other Sheristadars of the Office I learn that immediately after the passing of the Stamp Regulation in 1816 the English Translator and Hoozoor Treasury Cash Keeper were appointed Daroogahs. that during the Collectorates of Mr. Gahagan, Mr. Chaplin, Mr. Thackeray, Mr. Campbell, Mr. Robertson and Sir Henry Montgomery

as also during 5 or 6 years of Mr. Mellors administration of the Province. The Cash Keeper of the Hoozoor Cutcherry was always a Daroogah. The Accounts were always sent to him from the Venders, and he made up the Quarterly Statements and sent them as he would any other accounts from the Treasury to the Hoozoor Cutcherry, where they were generally given, I understand, to the Treasury Gomastahs, and by them taken to the English Department for being put into English.

6. In the year 1841 Reelacunta Row the present Head Sheristadar was appointed to Bellary and he procured a Committee composed of the Deputy and Assistant Sheristadar to investigate the Stamp Department, and found, after a full investigation every thing correct. Things went on in the same way until 1845 when it was considered expedient to appoint a separate person to the Office of Daroogah as it was supposed to be in accordance with the Regulation and there were two

successive

See Mr. Mellors letter to the Bd of Revenue dated 25th July 1845.

successive Darogahs previous to the appointment of the Vender Ram Chetty to the joint Office of Vender and Darogah. But after the Stamps passed out of the care of the Hoozoor Treasury Cash Keeper the accounts were not sent to the Cutcherry as before to be examined by the Treasury Goomastahs in the Hoozoor, but were, it seems, taken direct by the newly appointed Darogahs to the Head Accountant and English Department any accounts that might be received from the Talooks being transferred to the Darogah as the responsible person in the Stamp Department - In this manner, such examination as previously was made in the Native Cutcherry silently, and unobserved was transferred to the English Department and unfortunately the double Office of Darogah and Vender fell into the hands of a thief, who, with such advantages as his Office gave him and aided by a dishonest Head Accountant has succeeded in robbing the public Money during a period of five or six years without detection.

7- It devolved upon myself, soon after

after my permanent appointment to the District, and my Head Sheristadar, immediately suspicion was excited, to discover this roguery, and to put a further Stop to it, and after a full consideration of all the information I have endeavoured to give the Board on the subject I trust they will not impute, remissness of duty to me - I have shown, I trust that this lamentable defalcation has been the result of circumstances over which I had no control - Indeed had it not been for my taking immediate measures on the most remote suspicion that things might not all be right in the Stamp Department, the fraud might yet not have been detected - As objectionable systems or practices are discovered it is the duty of a new Collector to revise them and amidst the various and numerous duties devolving on me the want of revision in the Stamp Department did not immediately attract my notice; and I may say on behalf of my worthey Head Sheristadar that nothing

nothing has caused him during his long career of 42 years Service greater grief and annoyance than this business. He put the Stamp Department into order when he first came to the District, and it continued in proper order during the time it was in hands of honest men. But the change in the System which took the Darogahs duty out of the Cash Keepers hand and so out of the Treasury Department and transferred the Superintendance to a distinct party as Darogah gradually and imperceptibly and more completely withdrew the supervision of the Accounts from the Native to the English Department, and this was, I doubt not, done designedly by the Accountant, I do not at all mean that the Head Sheristadar transferred the duty of control to another party willingly and intentionally. but amidst the other multifarious duties of the Office it passed unobserved into other hands.-

8. In the letter written by Mr. Mellor to the Board on the 28th July 1845 above referred to, it appears, for part

para to have been Mr. Mellors wish that the Stamp Department should be kept quite distinct from any other. How far a knowledge of this expressed intention of the Collector may have assisted a designed man in carrying out his object I cannot say. It is probable it was made use of to keep the Accounts exclusively under the control of the Darogah and the Head Accountant without attracting the particular notice of the Head Sheristadar whose misfortune in not having earlier detected the fraud will not I am sure be imputed to habitual carelessness or want of attention to his duties on the part of that old and valuable servant. Reluctance to Row, but rather to a combination of circumstances taken advantage of by fraudulent and dishonest men holding high and responsible situations. Fraud committed under such circumstances might have been committed under the management of any Sheristadar without early detection.-

No. 999.

Proceedings thereon. The Board of Revenue resolve to submit to Government, with reference to para 5 of the above Minutes of Consultation, the letters from the Collector of Bellary recorded at the head of these Proceedings, as affording information in respect to the transfer of the Superintendence over the Stamp Accounts from the Native Cutcherry to

Fort St. George 19th. May 1851.

to the English Account Department.

2. The interference of the late Accountant in the Stamp Department seems to have been sanctioned by the late Collector, and no blame can therefore attach to Neel Kunta Row the Head Serishtadar altho the Board think that he might with propriety on the appointment of a New Collector have represented that the Controul of the Stamp Department had passed in to other hands. Mr. Pelly having shewn the course pursued by Neel Kunta Row from the date of that individuals appointment to the Office of Head Serishtadar the Board have not called for the explanation required by Para 5 Extract Minutes Consultation dated 12th. May 1851, and they are glad of this opportunity of placing on record that their confidence in this distinguished public Officer remains unchanged. The impression of Government that Ramasawmy Braming the late Accountant is dead, is correct.

The

Fort St George

Sir,

I have the honor to refer

B. of R. 988
From the Collr of Wallore

Referring on the Petition № 1766 of 1849 claiming certain Enams therein specified

to the Endorsement of Government on Petn Mess № 1766 of 1849 (Sir in pursuance Mauargudy Narrainsawmy Chetty, an inhabitant of Nagalapuram representing himself to be the law ful claimant to certain Inaams alleged

to

Fort St George 19th May 1851.

to have been usurped by one Santachetty alias Nursimmachariar, and requesting permission to sue for their recovery in the Civil Court my opinion is required on the propriety of this request-

2. The circumstances of the case are simply these. The extent and description of the disputed Manieus are as indicated in the Margin. How they appear from the original Summons which have been produced to have been conferred by the Zemindar of Ongole on one M. Rungachariar. This man had three sons according to the annexed Genealogical tree, and in the Manieu Register of Tusly 1217 the Evams appear in the name of the eldest - Viz. Nursimma Chariar after his demise the lands descended to his son Streenevasa-chariar who had the enjoyment of them till 1842 when he died-

Talook	Village	extent	Bodies
		Dry Garden	
Ongole	Tungtoor	4 — "	rent free
Do	Villagapoody	4 — "	4 — " as do
Do	Anantavaram	2 — "	7 — 2 — "
Cumamur Nellore	Nagaloo palapaud	4 — "	2 — 8 — "

Chauldry grants in perpetuity

Original Grantee

M. Rungachariar

1st son | 2d son | 3d son

Nursimmachariar | Venkata chariar | Streenevasa-chariar

son | Daughter

Streenevasa-chariar | Utchia-mah | Rungachariar dead | Venkatanarsimha chariar

Petitioner

Santa chariar present holder.

Fort St George 19th May 1851

he left no issue male or female, consequently the regular succession in which the Evams had hitherto descended was here broken, and hence the hereditary claim now put forward. The Petitioner is the descendant of a collateral branch, and the opposite party who has been in possession since 1842, the registered as before recited of the Talook in connection on the one hand of an alleged by Petitioner that, after the death of his Grandfather, the the Evams were regularly in the names of Narsimma Chariar, and Narrainapa chariar as the head of the family each in his time, they were jointly engaged in commerce by all the brothers and sons as members of an undivided family and that in this manner the (Petitioner) grandfather in the last instance with Streenevasa Chariar in the proceeds of the land. therefore now that the direct line of succession is evident he represents himself to be the lawful heir as the next of Kin to the deceased holder, on the other hand, Santachariar the son of the deceased's sister and the actual occupant of the lands contends, that the three sons of the original

6936 Fort St George 19th May 1851

original grantee were not, as asserted by Petitioner, members of an undivided family but of a divided one, there having been a partition of ancestral property so far back as 1790, in proof of which a copy of the deed of partition is produced. Satanchariar bases his title on document alleged to have been executed in his favor by his maternal Uncle and asserts that in virtue of this instrument he obtained possession of the premises and has been in the enjoyment of them since the date of his demise, which as already stated, occurred in 1842. After a lapse of 4 years from this date during which Satanchariar would seem to have been in undisturbed possession, Petitioner asserted his title and charged Santuchariar with having forged the deed of transfer, on the strength of which he maintains his right to the Enams. The matter was enquired into by the Joint Magistrate, and the charge of forgery not having been proved the complaint was dismissed, and Petitioner was directed to sue for the recovery of his rights in the Civil Court before which suits for Enam lands were then heard

and

6937 Fort St George 19th May 1851

and determined. Petitioner accordingly filed a suit in the Moonsiff's Court in No 107 of 1848 but subsequent orders having pronounced the incompetency of the Courts of Moonsiff to entertain such cases, it was struck off the file, and this has been the occasion of the present application of the Petitioner for prosecution to the Court under Regulation IX of 1831 to revive the suit.

The Cases being one of a Civil nature for regular judicial enquiry, I see no objection to Petitioner being furnished with the endorsement prescribed by Clause 1st Section II. Regulation IX of 1831

2. It will be seen that the Petitioner Venkatanarsimaloo, charlooseeks for permission to sue Santaclear-loo his cousin, in the female line, once removed, the present holder of certain Enams coming under the Provisions of Regulation IV of 1831 that the case is entirely one of a civil nature and for regular judicial enquiry, and that the Collector sees no objection to his being furnished with the Endorse-ment prescribed by clause 1st Section II of that Regulation.

No 6.

To W. H. Bayley Esqre

Secretary to the
Board of Revenue
Fort St George

(19)

Bd No 960.

From the Coll of Nellore

Sir,

I have the honor to acknowledge receipt of an Extract from the Minutes of Consultation dated 1st Ultimo, communicated with the Board's Proceedings of the 17th idem, in which the Government call for information on certain points

Submitting the information required on certain points connected with School at Mahomedapooram & maintained from a lapsed yeomiah.

points connected with the school at Mahomedapooram maintained from the lapsed yeomiah reported upon in my Tabular Statement dated 15th January 1836.

2. It appears that there are at present 9 Children between five and ten years of age attending the Institution. The instruction imparted is of course elementary. The Mahomedan population of the Village consists of 125 souls, as shown in the Margin, and they consequently feel interested in the Institution as being the only place of instruction within their reach. It does not appear that there are any Mahomedans in the neighbouring Villages.

Male Population
48 - Adults
23 - Boys
71
Female Population
38 adults
16 Girls
54
125 Total.

3 As already stated Mahomed Ghouse has been officiating as Teacher since the death of the late incumbent, and is proposed by the family to be appointed deputy during the minority of Syed Mahomed Balavy. He has been examined at my request by the Town Sanscrit, and is reported to be qualified for the office of Teacher.

4 Of the yeomiah of 30 Rs referred to by the Board a moiety or 15 Rs was continued under the sanction of Government dated 3rd January 1823,

to

Fort St George 19th May 1851

to the four Grand daughters of the original Grantee, as stated in Mr Smalley's letter of the 25th October 1828. The other members of the family however having claimed a participation in the allowance, it was divided under a private arrangement among the parties, into 10 equal shares of 1½ Rs each on one of which the deceased Syed Arab Balavy was the holder. Five of the ten Shares have now lapsed to Government and the other five are still held by the parties, noted in the Margin; The first four are the Sisters of the deceased Enamdar, and being married live separate. The other person is his cousin, and has also a distinct family so that no portion of this yeomiah is in the enjoyment of the family on whose behalf the continuance of the 7 Rupees allowance is solicited. It was stated indeed by Mr Smalley in 1828 that they were then in the receipt of 4½ Rupees out of the 15 Rupees and he seems to have referred to the Share possessed by Syed arab Balavy and to those held by two of his sisters who were then unmarried and therefore lived with him.

Nellore Collector's Cutchery, 13th May, 1851.
21-22

/Signed/ D: White.
Collector.

D.F. Orders thereon.— Ordered to be recorded.—

Read

Fort St. George 19th May 1851.

Read the following Report

From W. H. Bayly Esqr.
Secretary to the
Board of Revenue.

23

Dated 3rd May 1851.

Sir,

I have the honor to transmit, for the information of the Board of Revenue, a Report from the Collector of Bellary, on the Petition of the Sheristadar of the Bellary Division of the Ceded Districts for an increase of Pay.

2. The Petitioner states that he has been employed in the Bellary Division since its formation in 1839, and that his present Salary of Star Pagodas 120 per annum is inadequate to the duties he has to perform.

3. The Collector in support of the Petitioner's claim, observes that the Petitioner has been employed in the Collectorate of Bellary since its formation, and that he has always conducted himself to the satisfaction of his superiors.

4. The Board of Revenue have no objection to offer to the grant of the increase solicited by the Petitioner, and they accordingly submit the Collector's Report for the consideration of Government.

5. I am directed to request that you will lay the accompanying Report before the Right Honorable the Governor in Council, with the recommendation of the Board of Revenue.

I have &c.
(Signed) W. H. Bayly
Secretary.

Read the following Report from the Collector of Bellary, dated 13th May 1851, and the Statement of Pagodas 120 per annum, annexed thereto, marked A.

Every

4- The early rains commencing in June fell abundantly and continued till the end of September. The effect however was rather to injure the early Dry Crops in the soft and low soils, and the continual rains greatly interrupted the sowing of the later Dry Crops in the Black lands, which were to a great extent consequently left uncultivated, the Ryots not having the power to remove the grass which abundantly spread over their lands. Grasshoppers also very much injured the young Hingary or later Crop immediately after it sprung up, And remissions for considerable losses on this account had to be given. The Moongaree or early Crop is Estimated to have yielded 3/4ths of a full Crop and the Hingary about 1/2 only. The Tanks were well supplied and the Cultivation of the Wet Lands in consequence was carried on to a satisfactory extent. The annexed Abstract shows the supply of water during the last 10 years in the Tanks.

Firstly

Statement showing the supply of water in the Tanks during the last 10 years as compared with the year 1258.

During the last 5 years.

And

Fort St. George 19th May 1857.

And in the year under report it will be seen that there was a falling off in the prices of all grain. Cotton however though lower than in Fusly 1258 nearly maintained its price owing to the supply being small. Since the year expired, and of little benefit to the Cultivator. I fear, the price of this staple has risen very much owing to the great demand for exportation to England and the great speculation that appears to be going on in that article. In consequence of the low prices of Grain some difficulty in punctually realizing the Fists was experienced as noticed by the Sub Collector in his report.

6. The extent of Cultivation during Fusly 1259. as compared with the preceding years is shewn in the following Table.

Stone

Cowle Land	9,901	17,317	12,895	22,373	2,994	5,056	"	"

The

The decrease in the Black Lands 27,998 Acres assessed at 56,334 Rupees is owing partly to the protracted fall of rains during the sowing season which prevented the Ryots sowing these Lands. and partly to a desire on the Ryots part to get rid of part of their holdings. The rains were favorable for the cultivation of the early lighter Crops in the mixed and red soils which were consequently sown to a great extent, the increase being 45,305 Acres Assessed at 4,814 Rupees. The increased Cultivation of Tank lands from an abundant supply of water is 18,311 Acres assessed at

at 172,684 Rupees. There was a slight increase also of Natah cultivation. The cause of Decrease in the well cultivation, viz., 1516 acres assessed at 8082 Rupees is to be attributed to the Lands within beds of Tanks which were occupied last year and watered by wells being this year flooded with the Tank water.

7. The Remissions on the Gross Settlement, and the Net Demand compared with the preceding year are exhibited in the following Abstract.

	Total Net Demand	2181374	2252355	70961	"

The Net demand Ryotwar for fusly 1259 was Rupees 2,52,335, whilst the demand for the year preceding, viz.t, for fusly 1258, was Rupees 2,18,13¾ shewing an increase in favor of the present year of Rupees 7,961 being 3 7 as per cent This increase arises from a Gross increase of (Rupees 2,42,053) and a Gross decrease of Rupees 17,092 which sums will be found entered respectively in Cols. 77 and 102 of the accompanying Statement No. 2, to which I will now refer, noticing first the Increase and Decrease Ryotwar.—

Col 70 8. The Gross Increase Ryotwar is Rupees
" 60 2,35,781 it consists of two Items, the 1st. Rupees
1,42,339 is the actual increase of land newly taken
" 61 up this year, Viz.t, by new Puttahholders Rupees
42,095, and Rupees 1,00,244 by old Ryots augment-
" 69 ing their farms in Tank Districts chiefly. The
2d. item Rupees 93,442 is an increase of Rent on
holdings of the previous year which received
remission last year because they were then un-
" 63. sown (principally Tank Lands) but have been now
sown, Rupees 8,495. On Lands sown in both
years but which received remissions last year
Rupees 5,947 not required this year as shown in Col.
64 to 68.

" 95. 9. The Gross Decrease Ryotwar Rupees
" 95 1,65,796 is composed of the following items— First
" 84-85-786 The decrease of cultivation Rupees 69628 being lands
given up in whole farms or in part only. The

causes are stated in Columns 224 to 239 of Statement
No. 5 from which the following account is extracted

relinquished for want of means viz.t

	Ryots	Amount
By deaths	230	879
" Emigration	697	4221
" Poverty in whole	839	34,30
" Do. in part	"	13058
Amount given up by Resident Cultivators		21,628
By Payakaries, wholly and in part	762	4562
Relinquished in Gonchee cultivation	"	3148
Total relinquished for want of means	2528.	29338
Land left unsown from want of rain chiefly Tank land.	309	28,721
Lands exchanged for other Fields		11,569
Total amount of decrease of cultivation		69,678
of which the whole Puttah relinquished		33,567
" Partially relinquished		36,061.

Col 94. Second. The decrease of Rent is Rupees 96,168 being 74,082.
Rupees deducted for Lands retained in the Puttah
but left unsown this year, the remainder Rupees —
22,086 is the difference of Remissions granted on
Lands sown in both years. The only item necessary
See Stat.t No. 2 Col.s 88-92 to note is the larger remission (in Col.a 90) Viz.t 20,333.
Rupees allowed on account of failure of crops this
year, which it was necessary to grant in the Black lands
especially where the Crops had been destroyed by —
blight, Grasshoppers or other causes. The actual
remissions under this head granted in this year will
be presently more fully noticed. The amount under
the corresponding head last year was 4905 —
Rupees.—

The

10 The Taxes on Enam show an Increase and Decrease as follows.

	Amount of Fusly 1258.	Amount of Fusly 1259	Increase	Decrease	Net Increase	Net Decrease

Fort St. George 19th May 1857

16. In the Statement No. 9 prepared according to the Board's form marked A the land held on Kayum Cowle will be found to consist of acres 9081 assessed at Rupees 17,423. The Cowle Expired land of Fusly 1259 including the three previous years amounts to acres 1026 5 assessed at Rupees 18,125 of this 385 acres assessed at Rupees 941 have been left entirely uncultivated and struck out of the caboolati the remaining acres 9,880 assessed at Rupees 17184 are occupied of this the portion fully reclaimed is acres 7162 assessed at Rupees 12,415 and there are acres 2,718 assessed at Rupees 4769 which are not properly cleared the holders of which have been required to fulfil their engagements.—

		Rs.
† Amount cleared	312

17. Inserting in this place to the 10th para of the Board's Proceedings on my Report on the Settlement for Fusly 1258 and to the concluding part of Para 6 of the Minutes of Consultation under date the 21st June last, I have the honor to state that the 1800 Rupees struck off referred exclusively to the expired Cowle land of the Fusly 1258 then under report including the 3 preceding Fuslies entered in the Statement No. 9 of that year. The amount struck off for former years fell under the General Remissions for Caboolati waste and as it did not fall within period of the Cowle Statements referred to, no special account was made of it.—

Statement No. 5 Col. 17.
" No. 6.

18 In Statement No. 6 is entered

the

Fort St. George 19th May 1851

the usual information regarded the Gonchee or Partnership cultivation which varied little from the preceding year. The Demand for this species of occupation was 2,32,877 Rupees being 11—4— per Cent on the total demand of the land Revenue.

19. The amount of Land actually sown up to the time of making the Jummabundy was Rupees 2,6,81790 and the apesable waste waste was Rupees 35,847. The Estimated amount on account of Vysack or 2d Crop of the Wet cultivation not sown at the Jummabundy was 111165 Rupees. The amount of uncultivated land deducted from the Puttahs at the Jummabundy was Rupees 3,22,534 the particulars of which are entered in column 129 to 139.—

20. The deductions on the actual Cultivation amount to Rupees 7,58,822 the particulars of which are shewn in much detail in Cols. 140 to 164 and with the exception of the item entered in Col 156, Viz. for failure of crops 21038 Rupees seem to require no further explanation Rs. 984 of this amount is a Remission to two Crop Land on which only one crop was raised the remainder 20,054 Rupees was granted to Ryots whose Crops had been entirely or mostly lost in the following Talooks.—

Statement No. 5

Fort St. George 19th May 1851.

	Talooks.	Kariseal.	Pachayrabey	Cultivation	Dhalmuck	Deathoxa & Gt. Hail Stone	Total.
In the Regid or Black Land Districts.	1 Bellary	1097	"	"	1706	"	2803
	2 Adonie	5052	1646	116	73	"	6887
	3 Goollem	6054	328	726	39	"	7147
	4 Punchupollem	143	315	"	"	"	458
	5 Gooty	"	"	"	835	"	835
		12346	2289	842	2653	"	18130
	Sundry Talooks.	137	282	7	1016	482	1924
	Total	12483	2571	849	3669	482	20054

of the above sum the amount allowed in the Black land Talooks alone amounts to a sum of Rupees 18130. The necessity for this remission in the Black lands was very urgent. The rates on these land are high and if a fair crop is not raised the ryot is unable to pay his rent. The actual state of the crops was fully ascertained and remissions were granted not for the whole loss but discretionary according to the general outturn of the Ryots Farm and his condition and ability to discharge his rent. The technical terms in the above abstract shew the state of crop and it will be observed that by far the greater portion Viz. 12,346 of the remission was granted for Kariseal i. e. when the seed had

not

not come up at all. The Peekvookee is when it had attained some growth. The Cudlie when there was straw and the Shalmuel when a field might contain a small portion only that came to perfection. I am satisfied that no more than was absolutely necessary was remitted. The item of 1924 Rupees is remission for sum of losses in the District to poor ryots whose wet crops were lost, of which one item of 482 Rupees was granted in 2 Villages where the crops were destroyed and much cattle killed by a very heavy hail storm in the Month of July in the Koodleghee Talook.

21. Before quitting the subject of Remissions I must request the Board's attention to Cols 132 and 133 of the Statement No 5. In the former Col. is entered the amount of Shamilat Bunjer which is composed as stated in Col. 129-130 and 131 of three items. Viz account of Kutt 3,789 Rupees; on land unfit for cultivation 28,999 Rupees; on land fit but mostly fields of a large size 2,041 Rupees. The whole amount of this Remission is 34,829. after that is entered the Caboolate Bunjer Col: 133 which amounts to 2,87,705 Rupees.

22. This mode of making up the account was established by Mr Robertson and has ever since been observed. and that Gentleman's system of Summalundy accounts has been so universally approved of that without some evidently strong cause I should hesitate to alter

Mr

Mr Robertson's arrangement. But the Board in their late Circular dated 18th March 1850 have directed the Caboolate Bunjer deductions to be made first and afterwards the Shamilat and other deductions under the evident impression that the former is not so strictly a demand on the Ryot as the latter. But I would beg permission to explain that the reverse in the arrangement made by Mr Robertson and since observed, is the case. The Shamilat as understood in the Ceded Districts and as above described is deducted by the Tahsildar at the time of the Caboolate when the Ryots enter into an agreement with him. The State of the Land is ascertained the ryot is not responsible for its cultivation, what remains is his Caboolate or agreement to cultivate, and no one but the Collector and his Hoozoor Sheristadar has authority to remit any of it. With this explanation the Board will probably be satisfied that the standard accounts should not be altered. In order however to supply the information required by the Board I have sent a separate account No 18 (drawn up in the Board's Form similar to No 4) with the alteration made as desired by the Circular Order. But I request permission to let the standing accounts remain as they are, the more so, because the object the Board have in view is fully attained by the system of accounts observed in Bellary.

23. The Net Demand Ryotwar is Rupees 20,69,980 as shewn in the following graduated Rent Roll to which must be added the sum of Rupees 2,441 concealed cultivation subsequently discovered; making the whole demand of the Land Revenue for fasly 1259 Rupees 20,72,421.

	Beriz as entered in Column 192 Statement No. 5.		2001332			2069980			68648	"	"

The increase is almost in every class both in the higher classes as well as in the lower and is caused by the augmented cultivation under Tanks.

24 The Demand on Lands actually sown this year including Vyacka Dowle for the 2d. crop amounted to Rupees 20,45,485. The waste payable was Rupees 26,936. This waste was imposed on the Reddies and Ryots for the following usual causes and differs little from the amount imposed last year as follows.-

Items.	Fasly 1258.	Fasly 1259.	Comparison. Increase.	Decrease.
Imposed on Reddies Neglecting to cultivate their appanum	7,755	9,370	1,615	"
Imposed on Enam cultivation	5904	5997	93	"
Do on Ryots cultivating the profitable fields only or when only ½ of the field was waste	12821	11,569	"	1252
Total	26,480	26,936	456	"

A good deal of the Reddies appanum had been left uncultivated this year in the Black lands from want of time owing to the continuance of rains, the excuse generally pleaded, but as they managed to cultivate a larger proportion of their Enams waste to a Moderate amount was imposed..

25. The Enam Land cultivated both in Circar and Enam Villages amounts this year to Rupees 15,41,907 being Rupees 6,528 in Excess of last year owing to a better supply in Tanks. There was a considerable decrease in the Dry Lands for the same cause as occasioned a Decrease in the Circar land State-ment No 11 contains the usual information on the Enam cultivation and the annexed abstract exhibits the comparison between fasles 1258 & 1259 of Enam cultivation in the Circar Villages.-

28. The taxes on Enam cultivation for the year under report are.

Inam Jodee 14,186
Enam Fees 19,525
1,65,711.

The Jodee or Quit Rent (including Grain Fees) 1,65,711

Rent for young Arcar Water ——— 7,691

Suffreck or Tax for cultivating Enam to excess ——— 7,399

29. The whole demand for Fusly 1259 on account of Land Revenue was 22,52,334 Rupees of which 22,04,106 Rupees were collected within the Fusly and 40,635 Rupees have since been realized to the date of this report, leaving a balance of 7,593 Rupees still to be collected of which about 5,171 Rupees is supposed to be irrecoverable.

30. At the close of the preceding

preceding Fusly 1258 there was a balance of Rupees 26,842 on account of that year of which I stated that about 5,400 Rupees would be irrecoverable - All with the exception of Rupees 5,278 has been collected 3 Rupees will be collected and the rest Rupees 5,275 being an irrecoverable balance I have recommended to be remitted in my letter of the 10th September.

See my Report dated 31st October 1849 Para 26.

31 I have the honor to annexe the general abstract of the whole Revenue from the land and other sources for Fusly 1259 Amounting to Rupees 28,82,523 shewing an increase above last year of Rupees 74,956.-

	Items.	Fasly 1258.	Fasly 1259.	Comparison. Increase.	Decrease.	Per Cent.

The

The irrecoverable balance as above shewn was 1573 Rupees of which 1524 Rupees was balance of arrears and 48 Rupees of Current. Of the arrears 619 Rupees is accounted for as repayments due to sundry Parties. and 840 was remitted, as hitherto to usual by the Collector and as reported in my last year's Report. 64 Rupees is still to be refunded to parties which disposes of the arrears

See Para 30 of Summahlumdar's Report for Fusly 1258.

The Balance of Current Revenue irrecoverable remains to be explained

It is only 48 Rupees and is due by parties either dead absconded or who are unable to pay. It is a small sum. but as now directed by the Board in Para 21 of their 5th Proceedings dated 15th May 1850 I have the honor to request special sanction for striking it off

In

34 In Para 21 of the Board's Proceedings dated 15th May 1850. I am directed to explain to what head the item of River Toll was credited before 1840 and under what circumstances the charge was made In reply I have the honor to state that previous to 1840 the River Toll formed part of the Sayer Frontier duties from which in that year it was separated and rented out by order of the Board of Revenue contained in an Extract of their Proceedings dated 13th July 1840 to which and to the Correspondence noted in the Margin I beg to refer the Board. The Toll Revenue was credited to Sayer previous to that period. but then the Collector applied to the Accountant General to know to what Head he should credit this Item. and received in reply the orders of the Accountant General to credit the River Toll to Extra Revenue in his" Journal and to shew the transaction under that head separately".

From

Fort St George 19th May, 1851

From the foregoing abstract it will appear that there is an increase of Rupees 21,403 in the Extraordinary charges and a decrease of Rupees 4,268 in the ordinary making a net increase of Rupees 17135. The items which comprise the increase are chiefly Salary paid to the Assistant Collector for the whole 12 months in the present year while it was only for a few months in the last, larger amount in the shape of Commission in proportion to larger sales of Stamp Paper. increased charges for Talook remittances owing to larger remittances of Revenue; Refunds to certain Cwandars of sums improperly carried to credit of Government by orders of Government. advances to the Post Master for payment of Runners and a few other small items. The items comprising the decrease are for the most part. Fines imposed on the Talook Servants, The Salary of Mr Mellor not disbursed from 8th February last. Smaller disbursements in the Maramut Department for repairs of Public works and the transfer of some managed

allowances

Fort St George 19th May 1851

allowances to other heads of Jeemah — with other trivial sums.

36 With reference to the minutes of Consultation under date the 11th January 1845. I beg to subjoin a Statement shewing the extent to which Tuckavee was made

Fusly years	Amount Sanctioned by Government	Amount sent to Talooks	of which distributed to the Ryots	Balance due by Ryots at the close of each Fusly.	Balance at the end of October 1850	Detail	
						Ryen balance	yet to recover
1258 —	34,000	23,474	17,188	1,869	125	"	125
1259 —	33,800	27,210	19,821	14,903	2,050	35	2,015

The cause for so large a balance at the end of the year as compared with

with last fusly is owing to large advances being made for the Vyzack or latter wet crops consequent on the filling of the Tanks. The collections of which could not be realized within the Fusly. but was for the most part shortly after collected and the remainder is recoverable. I take here occasion to explain the discrepancy pointed out by the Board in para 22 of their Proceedings of the 16th May 1850, between the Taloo Kuar Tuckavee reported on and the usual Statement of Demand Collection and balance. The amount of Tuckavee entered under Cols 5 of the Demand Statement (30,974) consists of Rupees 8,000 remitted to Talookas for advances to cultivation in June and up to 11th July of Fusly 1257 on account of Fusly 1258 and Rupees 15,474 is what was advanced afterwards or in Fusly 1258

the

the total being Rupees 23,474 was entered in the Taloo Kuar Tuckavee for the Fusly year 1258; the difference Rupees 6900 was Tuckavee issued upto 11th July 1258 in part of the advances on account of the present Fusly 1259. This is the practice every year to remit to the Talookas at the end of one Fusly advances on account of the following Fusly which are immediately required; but the amount sanctioned for the respective fusles whether issued before or during the intervals of the 11th July in each year is that alone commented on in the Tammalikuroy Report.

37 In accordance with the requisition contained in para 6 of the Government Minutes of Consultation dated the 24th August 1847. I beg to annex a Statement of wheat Cultivated in Cercar and Enam Lands of this District during this year compared with the year preceding.

It

It will be observed that the cultivation of the Grain has decreased from what cause it is difficult to say, possibly from its return not being sufficient to repay the expence and risk of its cultivation together with the high assessment of the Lands in which it is necessary to cultivate it. The Crops was considered to be a fair one and the price at which wheat is sold was

	Amount of Grain	No of Pachams to the Rupee
In Fusly 1258	178 Rs	27
" — . — 1259	186	26

38 With further reference to the Board's Proceedings of the 16th May 1850. I have added three articles to the accompanying Statement No 16. shewing the seasons in which each of the species of Grain &c is cultivated and reaped. These articles are Indigo wheat, and Bengal Grain. The former Indigo is but little cultivated. With reference to Para 9 of the minutes of Consultation dated 21st June 1850 this statement now completed will not in future be sent.

39 The statement of Sugar cane cultivation prepared as per the Board's orders dated 13th June 1850 is also sent. Here are it will be seen 6053 acres of Land occupied with cane. 4874 Acres of this in Circar Lands and the Demand upon 858 Rupees.

Comp. P. P. B.

40. I have the honor to forward the Sub Collector Mr Daniell's Report on the Settlement of the five Talooks composing his immediate charge, the duties of which he has conducted in a manner quite to my satisfaction. and I have much pleasure in adding that I receive every assistance I require from the Head Assistant Mr Arbuthnott and the Assistant Mr C. R. Pelly: the latter Gentleman though not in Special charge of any Talooks, assisted me greatly in the Settlement. From the Head Sheristadar the Board will receive the Translation of this Report as directed in their Circular letter dated 16th September 1850. I need add nothing in this place to what I have already expressed regarding this meritorious officer of Government.

Bellary District
Collector's Office
31st October 1850.

(Signed) C. Pelly.
Collector.

The.

Fort St George 19th May 1837

To the Board of Trade

Sir

I have the honor to transmit herewith for the information of the Board, a return of the Prices of Grain under review and to state that there is no cause of Scarcity to report in the Carnatic. The Crops are generally in a healthy state and the Cultivation of the ensuing season is proceeding with the usual activity.

2. The Average Price of Rice during the 12 months ending with April 1837 is 173 Rupees, from which it appears that the Average of the last 6 years is 195 Rupees per Garce, and that the Price in April 1836 was 165 Rupees per Garce.

3. The Price of Rice has been rising since the month of January last, and the Crop now reaping is expected to be abundant.

4. The Average Price of Cholum during the 12 months ending with April 1837 is 5½ Rupees per Garce, and the Average of the last 6 years is 10 Rupees per Garce.

5. The Price of Cholum has been rising since the month of January last, and the Crop now reaping is expected to be abundant.

6. The Average Price of Ragy during the 12 months ending with April 1837 is 3½ Rupees per Garce, and the Average of the last 6 years is 5 Rupees per Garce.

7. The Price of Ragy has been rising since the month of January last, and the Crop now reaping is expected to be abundant.

8. The Average Price of Horse Gram during the 12 months ending with April 1837 is 3½ Rupees per Garce, and the Average of the last 6 years is 5 Rupees per Garce.

9. The Price of Horse Gram has been rising since the month of January last, and the Crop now reaping is expected to be abundant.

I have &c

Secretary

Fort St George 19th May 1837.

The

For Fort St. George 19th May 1857

8 The Sugar cane cultivation in Pennaeondah and Codeeondah Talooks, was in a depressed state in consequence of the low prices realized during the last two years. The Sugar manufactured from the produce of these Talooks it has hitherto been the practice to send in large quantities to Hydrabad and it is said, that the present low price is owing to an increased supply and to a better description of Sugar having found its way to that market from other places. The same remark, it is stated also applies to Jaggery which Merchants of this District were formerly in the habit of taking to Paipully and Pitte= =condah and there disposing of to merchants from Nizam's Dominions. The following Statement exhibits the prices of Sugar and Jaggery since Fusly 1257.

Fort St. George 19th May 1857.

The only items of decrease in the above Statement are acres 103 of black lands assessed at Rupees 78, a decrease of Rupees 214 under Inundation and a decrease of acres 1048 assessed at Rupees 4957 under Bowries. The decrease under the two latter heads may be attributed to the submersion of lands in the beds of Tanks which were last year cultivated by the assistance of Bowries and Nullahs and also to the abandonment of lands from inability of Ryots to cultivate. The other two items of decrease amounting to Rupees 6387, being

a

Fort St. George 19th May 1851.

a decrease of Caboolate and Shanlat waste have to be carried to the head of Cultivation and with the increase of Rupees 49203 for lands which was not entered in last years Puttahs, make the Gross increase of assessment of lands liable to revenue Rupees 110590.—

10 The subjoined Statement exhibits the Gross Revenue and deductions as compared with last year.—

Demand

Fort St. George 19th May 1857.

The only items of decrease in the above Statement are acres 103 of black lands assessed at Rupees 78, a decrease of Rupees 214 under Inundations and a decrease of acres 1118 assessed at Rupees 4959 under Bowries. The decrease under the two latter heads may be attributed to the in the submersion of lands in the beds of Tanks which were last year cultivated by the assistance of Bowries and Mullahs and also to the abandonment of lands from inability of Ryots to cultivate. The other two items of decrease amounting to Rupees 6387, being

a.

Fort St. George 19th May 1857.

a decrease of Caboolate and Shamlat waste have to be carried to the head of Cultivation and with the increase of Rupees 49203 for lands which was not entered in last years puttahs, make the Gross increase of assessment of lands liable to revenue Rupees 110590.—

10 The subjoined Statement exhibits the Gross Revenue and deductions as compared with last year.—

Net Revenue	514329	600285	85956	"

The.

The deduction on account of Caboolate waste in the above Statement is less than in the previous year by Rupees 61,500, the cause of which is chiefly the increased means of Cultivation afforded by a more plentiful supply of water in the Tanks and by a more favorable season for the Dry cultivation. The remissions on lands unentitwated in the year under review amount to Rupees 128451 of which Rupees 90000 have been granted to Wet and 38000 to Dry lands. The other items of deduction are with the exception of two small sums under the head of Shamilat waste and ready money allowances all in excess of the preceding Fusly. But these items call for no explanation as the cause of the increase is to be attributed to the greater extent of lands brought under Cultivation.—

The.

The Comparative Statement No 2 and Colm 77 exhibits the Gross Increase Ryotwar Rupees 136679. In Col 62 the Gross increase of Cultivation is Rupees 77898 being land newly occupied, the greated portion of which or Rupees 56521 by old Ryots and the remaining portion Rupees 21377 by Ryots who held no Puttahs in last year. This increase as before remarked has arisen from the more favorable state of the season both for wet and Dry cultivation and also from Ryots occupying waste lands in exchange for their farms which had become unproductive.—

12 The Increase of Rent is stated in Colm 69 at Rupees 56004 of which the portion derived from diminished deductions made upon lands which were cultivated in the year under review and which were occupied but not cultivated last year amounts to Rupees 54407. and the remaining portion derived on lands cultivated both in the last

last and present year amounting to Rupees 1597 is composed of the following items.

Difference between one third remission granted in last but one fourth in this year, from various causes and also on account of diminished deductions in some Shrotriem dars share in consequence of decreased cultivation of their lands. ——— 427 " "

Increase on lands whose assessment has expired this year ——— 40 " "

Increase on lands allowed an abatement last year for loss of Crop &c. ——— 1135 " "

——— 1597 " "

13 The increase of rent on Enam Jaz amounts to Rupees 2579 and is composed as follows.

Increase of Quit rent on account of Enams which were

were left waste last year but cultivated in the year under review ——— 413 " "

Neervarghee the largest portion under which head is derived from dry Enam converted into wet by tank water and the remaining portion Rupees 645 has been derived from certain wet Enam land which were last year waste and this year cultivated by tank water and also from Fusuli Jastee or Extra tax on lands classed as one Crop but yielded two crops ——— 1767 " "

Enam Jufferiek levied from persons cultivating Enams in excess of the proportion allowed and also from persons cultivating only Enam lands ——— 399 " "

Total ——— 2579 " "

In

Fort St. George 19th May 1851.

In Col 76 under the heads of Ready money allowances there is also an increase of rupees 197 in consequence of these allowances having been less than in the preceding year.

14. The Increase of Ryots exhibited in the same statement No 2 from Col 54 to 59 is as follows.—

Ryots who left their land last year inconsequence of a scarcity of water but have cultivated in the present year	1535	" "
Ryots who gave up their farms last year from poverty or other causes	69	
Ryots who cultivated under other Pattadars last year but now hold separate puttahs	404	
New Ryots and also fugitive Ryots who have this year returned to their Villages	53	
Add Payakaries or Ryots residing in one Village and cultivating in anither	100	
	2087	

Fort St. George 19th May 1851.

15. The Total decrease Ryotwar amounts in Col 95 to Rupees 50202 - of which 29360 was decrease of cultivation excluded from the Puttahs of the year under review. The largest portion thereof Rupees 16236 was relinquished by Ryots who gave up their entire farms and the other parts by Ryots who relinquished only a portion of their farms. The causes of the decrease of cultivation are as follows.—

	No. of Ryots	Amount.
Casulties	12	25.
Emigration	30	140
Ryots who from poverty have given up their entire farms.	184	536
Do. Do. partly	"	2208
Relinquished by resident Cultivators	226	2909
Relinquished by Payakaries wholly or in part	300	1188
Do by Gonchee Cultivators.	"	262
Total relinquished for want of means	526	43[illegible]59.

From.

From deficiency of water and also in consequence of the beds of Tanks not having been cultivated this year, but which received no supply and were therefore cultivated last year. 187 - 10269

Decrease from Change of lands — " 5702

The Decrease of Rent on land occupied in last year amounts in Col. 94 to Rupees 20842 of which the sum of Rupees 18847 is on land left unsown in the year under review, partly from want of supply and partly from other causes, and the remainder Rupees 1995 is on land cultivated both in last and present year and is explained as follows.-

Difference of one fourth remission granted in last but one third in the Jusly under review, according to Circumstances ——— 88.

From the increase in Shroffs triendars shares ——— 615

Remissions allowed on account of Failure of Crops Vizt.

To poor Ryots ——— 131

To others for heavy assessed two Crop lands which yielded only one Crop ——— 322

To Ryots whose crops dried up for want of water and to others whose crops were partly destroyed from the same Cause. 500. ——— 953

For Crops flooded ——— 335

1991

Add miscellaneous remissions ——— 4

The items composing the decrease in Enam Sag are as follow ———

Temporary Remissions given on Quit rent in consequence of an Enam paying Jodee having been waste, and also to some Village Servants having been unable to pay full Jodee on their holdings — 200

Reductions in Nersarghee from some Dry Enam lands having last year been converted into wet by Circar water and this year having been left waste and there is included under the

Same

same head a deduction in Fees or Neerkhutta derived from certain lands which have been this year left waste. ——— 114.

Enam Tuffrick arising to some Enam having been left waste, and in some instances to waste having been found instead of Collecting the Tuffrick. ——— 141

In Colm 10. the decrease in ready money allowances. ——— 36.

16. In the General Revenue Statement No 5 the usual information is given in detail and it is only necessary to advert to a few of the heads. In Colm 46 the number of Ryots in Fusly 1258 amounted to 22,313 of whom 713 have abondoned their Farms from want of means and other causes. Out of the remaining number 21,600; 10,422 still occupy the same lands as in last year; 1527 have exchanged their Farms for others of equal extent; 5,756 have increased their Farms; and 3,895 have decreased their holdings. The number of new Ryots

Ryots in the present Fusly 1259 amounts to 2087 which added to 21,600 makes the total No 23687 for Fusly 1259 or 1374 in excess of last Fusly. The number of Puttahs in Fusly 1259 amounts in Colm 61 to 24,782 or 1455 in excess of last year the Particulars of which are exhibited in Colm 56 to 65 and the increase is to be attributed to the more favorable season.

17. The Gross assessment on Circar land occupied in the year under review is 9,12,855 of which 7,73,458 is the Jyen Jarum and the difference is composed of Extra Taxes; Elizth, Jeerva Jastee Rs 9,097; Fusul Jastee 41,502, and Renaz Jastee Rupees 6798 on Shro-Pyre or Cocoanut and Betelnut Gardens.

18. From the above mentioned Gross assessment Rupees 9,12,858 (less the sum of Rupees 1,44,592 deducted from the Ryots Puttahs on account of waste land), the following remissions amounting to Rupees 1,96,591 have been granted on the actual cultivation and the remainder Rupees 5,72,884 is the Total demand on Circar land in Colm 175.

Colm 164.

Remissions

Fort St. George 19th May 1851

Remissions on the actual Cultivation.

Koida or Established remissions of one third and one fourth of the rent ——— 178759.

Mamool remissions allowed to Cuttoliady and Cundachar Peons including miscellaneous- 8490. ——— 187249

Remissions for loss of Crops &c.

Abatement of rent on heavily assessed lands ——— 4906

Remissions for old Cocoanut and Betelnut Gardens owing to their produce being less — 1774

Remissions of additional Tax on the Cultivation of 2d Crop in the high assessed 1 Crop lands- 380.

Temporary remissions granted to poor Ryots ——— 393.

Remissions for Tufsul Cummee or on land which bears a heavy assessment of 2 Crop but yields only one crop ——— 548.

Remissions for crops dried from insufficiency of water and for loss of Crops ——— 1012.

Under

Fort St. George 19th May 1857

Under the Tanks ——— 988.

In the Beds of Do. ——— 24.

Remissions for crops in the beds of Tanks having been flooded — 379 ——— 9,342

196591

In the above detailed Remissions there is a sum of Rupees 4906 — allowed as abatement of rent on heavily assessed lands - but there still remains a large extent of land similarly classed which is with great difficulty brought under cultivation and which in all probability will fall waste unless a similar reduction is granted.

19. The Total demand on Circar land Rupees 5,72,884 stated above, is composed of three items.

On land actually sown up to the time of making the Cummabundy ——— 54,5069

Estimated Amount of Vysac or second crop — 22,346

Asan Bunjer saddled on Reddies for having left their appanum lands waste, on Ryots who left their Circar

land.

Fort St. George 19th May 1851

Remissions on the actual Cultivation.

Koida or Established remissions of one third and one fourth of the rent ——— 178759.

Mamool remissions allowed to Cottoobady and Cundachar Peons including miscellaneous. 8490. ——— 187249

Remissions for loss of Crops &c.

Abatement of rent on heavily assessed lands ——— 4906

Remissions for old Cocoanut and Betelnut Gardens owing to their produce being less — 1774

Remissions of additional Tax on the Cultivation of 2d Crop in the high assessed 1 Crop lands. 380.

Temporary remissions granted to poor Ryots ——— 393.

Remissions for Fusul Cummee or on land which bears a heavy assessment of 2 Crop but yields only one crop ——— 548.

Remissions for crops dried from insufficiency of water and for loss of Crops ——— 1012.

Under

Fort St. George 19th May 1851

Under the Tanks ——— 988.

In the Bed of Do. ——— 24.

Remissions for crops in the beds of Tanks having been flooded — 379 — 9,342

196591

In the above detailed Remissions there is a sum of Rupees 4,906 allowed as abatement of rent on heavily assessed lands - but there still remains a large extent of land similarly classed which is with great difficulty brought under cultivation and which in all probability will fall waste unless a similar reduction is granted..

19. The Total demand on Circar land Rupees 5,72,884 stated above, is composed of three items..

On land actually sown up to the time of making the Summabundy ——— 5,45,069.

Estimated Amount of Vysac or second crop — 22,346

Asan Bunjer saddled on Reddies for having left their appanum lands waste, on Ryots who left their Circar

land.

Fort St. George 19th May 1857

land waste cultivating the Enams of others, and on those who cultivated only the more profitable portion of their lands ——— 5469.

From the Estimate of Vysac Crop Rupees 22,846 the amount of land actually sown after the Summalundy was Rupees 17,562 and of the residue Rupees 4,784 a sum of Rupees 4,128 has been realized from occupants who left their land waste without sufficient cause.

20.

The Statement of Gonchee Cultivation No 6 exhibits all the details and the undermentioned particulars shew the increase to be of Rupees 5,115 above last year and this increase is, as before stated, to be attributed to the favorable season.

	No. of Villages	No. of Puttahs	Amount.
Fusly 1258 ———	446 ———	1011 ———	55,146
Do 1259 ———	457 ———	1095 ———	60,261
Increase above the last year —	11 ———	81 ———	5,115

21

There being no Black land

Ahd

Fort St. George 19th May 1851

that requires Koyeu or standard Cowle in my Division I beg to subjoin an Abstract of Statement No 8 which exhibits the Chandite or Progressive Cowle.

	Total Assessment of the land held in Cowle. Land taken up in previous years.	Land taken up in Fusly 1259.	Total.	Deduct amount of Cowle.	Net amount of Payment to the Circar.
Dry land from 1 to 3 years —	9	57	66	44	22
Garden land for 2 years —	128	58	186	93	93

27. The Baghire Veesabady was settled and the Puttahs distributed at the time of Summabundy and in accordance with the Board's orders I have not interfered to alter existing rates. But in the Talooks of Sub Division there are no settled rates of assessment they differ in each Village and Ryots of the same Village similarly circumstanced are in a great many instances differently taxed, and the amount levied on each Ryot is also liable to be increased (especially on looms) whenever the Talook authorities consider that a ryot, either from habits of industry, from having the assistance of other persons in his house or from other causes, is in a position to pay a larger sum. Therefore in some instances where ryots have been too heavily taxed on insufficient grounds, the amount has been lessened whilst in other instances where too lightly taxed on similar grounds it has been increased. The result has been a small increase on the whole but I beg to observe that the present mode of

of levying this tax in the Talooks under my charge demands great alterations, and recourse to any system less liable to abuse and more advantageous to the ryots in general and conducive to improvement in their Vocations need not I am of opinion lead to a decrease of the revenue now derivable from this source.

28. The Settlement of Baghire Veesahadi at the time of Summabundy added much to the Work of my Office and the energy, ability, and experience displayed by my Sheristadar Chetumber Row in the discharge of his duties merit favorable mention in this report.

B. No. 1051.

From the Collr of Salem ... }

Reports that a deficiency of 600 Rupees was recently discovered in the Treasury chest of Talook Womaloor, and that the Shroff who acknowledge its illegal appropriation, has been sentenced to seven years hard labour on the roads.

Sir,

Adverting to the Board's Circular Order dated 14th November 1850, Note I para 3, I have the honor to report that on the 31st ultimo, Streenavas Row, the relieving Thasildar of Talook Womaloor, discovered on assuming charge of his Office that there was a deficiency of six hundred Rupees in the Talook cash Chest.—

2. His suspicions were aroused when counting the balance in the Talook treasury, by the peculiarly embarrassed manner of the Talook Shroff, who, it was thereupon ascertained has passed off as a bag of 500 Rupees and had actually counted as such, what, when the Thasildar himself counted it, proved to contain only 400 Rupees. A similar result followed the examination of certain other bags placed ready for counting, and the Shroff then acknowledged his illegal appropriation of public money.—

3. Proceedings were taken against him and sentence of seven years hard labor has

has been passed by the Sessions Judge, who, however, has recommended a mitigation to three years, on the ground that the superior Officers of the Talook have been careless in their superintendence of the cash chest.

4. The late Shasildar, Ram Row, had relinquished his Office to proceed to the Kistnagherry Talook, only three days before the arrival of his successor, and had received from the Womaloor Serishtadar an acknowledgment that there was then in the Chest, the amount required by the Talook treasury accounts to be there. He has been on the worst of terms with nearly all his subordinates and had very recently urged the displacement of both the Serishtadar and Shroff in question. It is therefore not probable that he can have been privy to the fact of the deficiency discovered when he was no longer in Office. I am however of opinion on a review of late proceedings in the Womaloor Talook and the whole of the circumstances connected with this deficiency, that so much cannot be said of the Serishtadar, who, it appears to me, either gave his receipt to Ram Row without

without counting the Treasury balance, or having counted it, was unwilling to bring to light what would have implicated the Shroff.

5. That your Board may not consider there has been any disregard on my part of the injunction in respect of the occasional examination of Talook Treasuries contained in the standing order of the Board, I beg to add that the Womaloor Treasury was visited and counted by Mr. Assistant Collector Kindersley on the 21st January last, when the balance in deposit proved to be in all respects correct.

6. The deficiency under remark has been made good by the Sureties of the Talook Shroffs.

Bo. No. 1660
From the Collector of Salem ... submits

Sir,

Para 1 I have the honor to reply to the

Fort St. George 19th May 1851.

submits explanation respecting the case of Kundapa Moodelly entered in the Return of Persons suspended or dismissed for February 1851.—

Return of Persons holding Village Offices suspended or dismissed for February 1851.

the observations recorded by your Board in proceeding dated the 14th Ultimo, on the periodical return noted marginally.—

2. The expediency of not generally holding the nominated Curnum of a village responsible for the misdeeds of his Goomashta, but not I beg to explain, escaped me, but in the instance to which your Board's attention has been directed, I thought it desirable to displace the recognised incumbent of the Office; both because the arrangement made by the Curnum for the discharge of his duties, had not only never been sanctioned by myself or my predecessor, but had never in any way been brought officially to notice - also because the Curnum was a resident in the Village where the delinquency occurred was there occupied in cultivation affairs of his own and could not, it seemed to me, under all the circumstances of the case and the personal enquiry which I held have been in ignorance of what had been going on. The person who was doing the work of the Curnum for which the Curnum was drawing the regular remuneration, was in point of fact so essentially the responsible representative of the registered Curnum, that the misdeed

The Curnum and the Goomastah are Uncle and Nephew and live as members of a joint family.

Fort St. George 19th May 1851.

misdeed of the one appeared to me to be nothing less than the misdeed of the other, and I therefore felt reluctant to permit a strongly inferred criminality on the part of the official nominee, to escape untouched.—

3. Had the substitution of Kundapa Moodelly, in accordance with the practice prevailing in this District, been made with the sanction of the Collector I should have considered myself bound to treat the matter in a far more lenient manner. The same feelings would have swayed me if there had been any previously implied recognition of the propriety of Kundapa Moodelly being allowed to manage the Curneekum. Such however was not the case, and I therefore, thought it inadvisable to permit a system to gain ground of which the instance under remark seemed a marked one; Viz. that of a Curnums enjoying the whole or the lion's share at least of the profits of the Curneekum, doing none of its duty, putting in without communication with the proper authorities, a needy adventurer to shift for myself and gain his livelihood as best he may out of the Ryots, committing as occasion offers,

Fort St. George 19th May 1851.

offers, any act of profitable dishonesty, and if that be detected screening himself under the plea that it was committed without his knowledge or consent by his own nominee.—

4 The limits of the Report submitted to your Board did not admit of my furnishing the detailed grounds of my decision in Kundapa Moodelly's case, and I now lay them before you with a view to remove the possible impression that that person was in Office under the required official sanction of the Collector.—

5.— Should the absence of that approval and the other features of the case, be deemed by your Board sufficient to justify the severity of my decision, I shall be glad to find it approved, if not, I shall with pleasure carry out your Board's view, and as instructed treat the matter more leniently.—

Salem,
Collector's Cutcherry,
2d May 1851.

B. No 1116.—

From the Collr of South Arcot.. Sir,

Reports on the planting of public and private Topes in South Arcot during Fusly 1258.—

Para 1. I have the honor to acknowledge your letter of the 17th ultimo, calling for my report on the planting of public and private Topes and trees in this District during Fusly 1258.—

2. I do not find that any person took advantage of the rules to apply for permission to plant public topes during the year in question while the applications for land for private topes were very few. The accompanying statement shows that only 6 individuals obtained grant for the latter purpose and that the land given to them was limited to 24 3/4 Cawnies bearing an assessment of Rupees 93 9 10. It is also observed that no advantage has yet been taken of the rule by which land holders are permitted to plant fruit trees free of tax along the public roads.—

3. I attribute this result principally to the rules not having yet become familiar, to the people for although there has been no want of

Fort St. George 19th May 1851

of exertion to make them public difficulty is always experienced in making any new enactments generally known until sufficient time has elapsed for the community to see them in practical operation. In support of this opinion I have exhibited in the enclosed Statement the details of the land granted for private topes in fusly 1259. when 70 Cawnies assessed at Rupees 275 14 were granted to 23 applicants I anticipate therefore that increasing advantages will be taken of the rules as they become more generally understood and for this end I have directed their re-promulgation in every village.

4. In the grants of land which have been issued care have been taken to follow the instructions of the Board and the parties have been made to give Muchilleahs and securities to insure the land being applied to its intended purpose or the payment of its assessment in the event of a breach

of

Fort St. George. 19th May 1851.

of engagement. With this precaution and the exercise of discretion in granting applications for land, I do not consider that the rules are likely to prove detrimental to the public revenue. They also appear to me well suited in their present form to give due encouragement to the planting of topes; but an opinion on this point could be expressed with more confidence after they have been longer in operation and are more generally known.

W. H. Bayley Esqre.
Secretary to the
Court of Wards,
Fort St. George.

33

B. No. 1109.

From the Collector of Madura. } Sir,

Paras. With reference to the correspondence noted in the margin, I have the honor to transmit copy of an Extract from the Proceedings of the Civil Court of Madura on the application for a review of Judgment made in A. S. No. 39 of 1850 on the ground that Perpetual Cowles by Zemindars are null and void as contrary to Section XV Regulation XXX of 1802.

2. The Judge of Madura construes the letter of the Sudr Udalut dated 23d April 1831 as expressing their opinion that "provided the land was "actually

Forwarding copy of an Extract from the Civil Court of Madura on the application for a review of Judgment made in A. S. No. 39 of 1850.	† To Court of Wards 13th February 1851.
	From Do. 24th Do. "
	To Do. 8th March "
	From Do. 24th Do. "

"actually waste and the Puttah "granted bonâ fidé for the purpose "of bringing it into cultivation and "that no fraud or allusion, can be "shewn that the terms of the agree- "ments may be such as the parties "shall agree and that the Cowle may "be a Lease for ever on a Jaw eent", and he therefore declines to ask permis- sion to review his judgment as prayed.

3. The above opinion is diametrically opposite to that expressed by the Board of Revenue in their letter of the 8th June 1831, which would appear to have been founded in the very same letter of the Sudr Udalut, and cautious and somewhat ambiguous as are the expressions of the Sudr Udalut, I cannot but think the apprehensions of their meaning at which the Board arrived, to be the more correct.

4. It will be observed that the Judge regards the opinion expressed in Para 3 of the letter of the Sudr Udalut of the illegality of the alienation of "ua- -lvable lands" as having no bearing in the present question. I cannot concur in this view. The Sudr Udalut allude

to

to them as the "valuable lands" as above described. Now in making use of the term valuable lands the Government from the context of their letter evidently adverted to waste lands capable of being made valuable, and the Board must have interpreted the observations of the Sudr in regard to these lands as intimating that they could not be granted in perpetual Cowles.

5 I have the honor to request instructions whether I should direct the Guardian to prefer a Special Appeal, the time for which having expired on the 5th ultimo, the application must be made to the Sudr Adalut.

6. In my letter of the 8th March I informed the Court that Perpetual Cowles having been hitherto considered Legal, had been extensively granted in Shevagunga and that if they should be pronounced null, equity would demand that the Grantees should meet with liberal consideration

Madura, 9th May 1851. } (Signed) R. D. Parker Collector.

No 1

Extract from the Proceedings of the Civil Court of Madura, under date April 30th, 1851.

Read Petition No 146 of 1851 presented by

by Vakeel C. Sooba Row on behalf of Coty Sosia, Guardian of the Minor Zemindar of Shevagunga, and Copies of Documents therewith exhibited.

This is an application for Review of the judgment passed by the Court in O.S.No. 39 of 1850 on the ground that the Cowles, the validity of which was attacked and confirmed in the original and Appeal Suits, were, and are null and void ab initio as being in their very nature without the scope of Section XV Regulation XXX of 1802 and should be so adjudged, a feature in the case which tho' not urged originally, the applicant submits as a reason for Review and supports by two Documents, which he produces, the one being copy of a letter from the Board of Revenue under date June 6th 1831, and the other copy of a letter from the Court of Sudr Adalut to Government dated 22d April 1831

2. It was originally shewn to set aside these Cowles under Section XV Regulation XXX of 1802 "as fraudulently obtained" it was not contended that if made properly and bona

to them as the "valuable lands" as above described. Now in making use of the term valuable lands the Government from the context of their letter evidently adverted to waste lands capable of being made valuable, and the Board must have interpreted the observations of the Sudr in regard to these lands as intimating that they could not be granted in perpetual Cowles.

5 I have the honor to request instructions whether I should direct the Guardian to prefer a special Appeal, the time for which having expired on the 15th ultimo, the application must be made to the Sudr Udalut.

6. In my letter of the 8th March I informed the Court that Perpetual Cowles having been hitherto considered legal, had been extensively granted in Shevagunga and that if they should be pronounced null, equity would demand that the Grantees should meet with liberal consideration

Madura, 9th May 1851. } (Signed) R. D. Parker Collector.

No 1

Extract from the Proceedings of the Civil Court of Madura, under date April 30th 1851.

Read Petition No 146 of 1851 presented by

by Vakeel C. Sooba Row on behalf of Coety Sosia, Guardian of the Minor Zemindar of Shevagunga, and Copies of Documents therewith exhibited.

1. This is an application for Review of the judgment passed by the Court in O.S. No 39 of 1850 on the ground that the Cowles, the validity of which was attacked and confirmed in the original and Appeal Suits, were, and are null and void ab initio as being in their very nature without the scope of Section XV Regulation XXX of 1802 and should be so adjudged, a feature in the case which tho' not urged originally, the applicant submits as a reason for Review and supports by two Documents, which he produces, the one being copy of a letter from the Board of Revenue under date June 6th 1831, and the other copy of a letter from the Court of Sudr and Adalut to Government dated 22d April 1831

2. It was originally shewn to set aside these Cowles under Section XV Regulation XXX of 1802 "as fraudulently obtained" it was not contended that if made properly and

bona

bona fide they should nevertheless be annulled as being "perpetual," and on terms less favorable for the zemindary than might have been settled; but this is the plea which Plaintiff would now put forth. The Documents he adduces show that the Board of Revenue have expressed an opinion "that Section XV Regulation XXX of 1802 does not legalize the alienation of waste land by a Zemindar in perpetuity at a rate below the proper assessment," and further "that the Regulation in question is applicable to puttahs for clearing waste lands which are to be in force only for a definite period according to the custom of the Country" and upon the correctness of such view it appears that the opinion of the Sudr Udalut was desired by the Government in 1825 in consequence of a letter from the Board on the same subject dated 17th October in that year, when the Court was requested to state their opinion as to "the nature of the Puttahs which under Section XV Regulation XXX of 1802 it is competent to Zemindars to grant for clearing

clearing and bringing waste lands into cultivation."—

3 No opinion appears to have been then given, for on the 12th April 1831 the Government again sought it, and received in reply the letter now exhibited, dated 6th June 1831, in which the Judges of the Sudr udalut after premising that "valuable lands" could not be alienated under Section XII Regulation XXV of 1802 thus express themselves in paras 4 and 5 of their letter.

"Section XV Regulation XXX of 1802 recognizes the right of proprietors of land to grant puttahs for clearing and bringing waste lands into cultivation, and such puttahs are declared to be binding on all future proprietors; but the provisions of this section do not render such lands exempt from attachment for arrears of Revenue." In respect to the "nature of the Puttahs" which Zemindars are competent to grant for clearing and bringing waste lands into cultivation, no rules are prescribed by the Regulation, and the parties would therefore appear to be competent to

to enter into such agreements as they may think proper."

4. The letter of the Board of Revenue is dated posteriorly to this opinion of the Sudr Adalut and may be presumed to have been written with a knowledge of it, and under an idea that it was favorable to their construction of the law; but upon consideration of the point which Plaintiff would now adduce as an important feature in the case, and as the grounds for review of the judgment in connection with the documents by which he would support it, the Court cannot see reason for complying with his prayer. The opinions of the Board of Revenue and Government were certainly strongly expressed, they may be desirous and it may be very desirable that the Puttahs granted under Section XV of Regulation XXX of 1802 should under no circumstances be perpetual; but always in the nature of a progressive Cowle, providing for the eventual rise of the rent to the level of the full assessment; but when the question is submitted to the Court legally competent to interpret the Regulations, it appears to them to have felt that however desirable such restraint might be the law did not impose it. The Sudr Adalut begin by reciting the fact that

that Section XV Regulation XXX of 1802 recognizes "the right of proprietors of lands to grant puttah for clearing and bringing waste lands into cultivation" and that such puttahs are declared to be binding on all future proprietors, that is, that if the Puttah be not in its nature contrary to the regulation there is nothing to bar its perpetuity; and then in respect to this nature the Court goes on to say "no rules are prescribed by the Regulation and the parties would therefore appear to be competent to enter into such engagements as they may think proper." In the opinion of the Civil Judge the Documents exhibited by Plaintiff in support of his construction of the Regulation make against it, and coincide with his own opinion of the merits of the case: he takes the Sudr Adalut to have expressed their opinion that provided the land was actually waste and the puttah granted bona fide for the purpose of bringing it into cultivation and that no fraud or collusion can be shown that the terms of the agreements may be such as the parties shall agree and that the Cowle may be a lease for ever on a low rent and he therefore declines to ask permission to review his Judgment as prayed.

To, W. A. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George -

Bd. No. 950.
From the Collector of Tinnevelly.

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 17th March 1851 regarding the dismissal of the Curnum of Paunaly, I have the honor to observe that in their Proceedings dated 8th July 1847, the Board approved of that measure and asserted its legality - and as it occurs to me that in disposing of the present application of the Petitioner in No. 597 of 1850 (herewith enclosed) this fact may have escaped the collection of the Board. I have thought

thought it better before acting upon the orders now received to enquire whether on reconsideration of the matter it is the resolution of the Board to cancel their above quoted orders of 8th July 1847 and require the reinstatement of the former Curnum.

Tinnevelly

No. 46

To, W. A. Bayley Esqre
Secretary to the
Board of Revenue.

39

Bd No. 1007
From the Collector of Coimbatore.

Sir,

Previous to the settlement of the Hill Talook in which I am engaged, I request the Board's orders on the following point.

In

Fort St. George 19th May 1851.

In all other Talooks individuals keeping cattle, whether as pack bullocks, milk cows, draught cattle or for any other profitable return (except agricultural) pay the usual tax on each kind; if Ryots with land, they take "so much" for grass, equivalent to their cattle - if they have no land Puttah, they pay on the cattle, per head.

The "Todavurs" "Burghers" and "Kotars," on the Neelgherries do the same, the only class who have hitherto escaped any tax, are the Cow-keepers, and Bullock and Bandymen of Ootacamund.

2. From a probable desire to encourage them when the Hills were first frequented, and the animals few in number, they escaped all payment, the case is now different; these people are now numerous, they derive a thriving trade and pay nothing to Government, for their protection and share of public benefits. The grounds setforth in the Board's Proceedings of the 17th October 1842, have long ceased to exist, and the amount of trade

Fort St. George 19th May 1851.

trade and profit are greatly increased. A Bandy and pair of Bullocks can be had at Coimbatore for a day's work for 6. 7. or 8 Annas - at Ootacamund the same Bandy gets one Rupee and so with the rest they use the Public School: trier, the Market House, the Government Roads and every other Public advantage. I propose next year if the Board concur to include them in the Jamabundy at half tax only in consideration of their exemption or rather escape hitherto and their being on the Hills - but even this lenient measure will I have no doubt produce numerous Petitions to the Board and I therefore wish to take their previous orders on the subject.

3. There is another point on which I also solicit the Board's opinion, large herds of cows are kept on the Hills by Europeans and Natives to supply the community with Milk, Butter, Ghee, &c. these also pay nothing tho' they grage all over the Hills and the owners have seldom an acre of land belonging to them. the cattle grazing on the Circar waste lands. I would propose exempting

excepting all milch Cows where no more than 5 are kept in a small way and charging all above that number at only half the usual low Country tase. whether Natives or Europeans. excepting only those cases where Coffee Estates or large tracts of grazing land are held and paid for. If the Board would favor me with their early orders on the subject it would enable me to settle the matter on the spot at this present Jamabundy and charge the Parties for the ensuing Fusly not this. A Memorandum of the ordinary rates below the Neills in other Talooks and what I propose on the Hills is appended.

4 The Native Community at Pollachy : camand are the most difficult to manage of the whole District. all workmen are in demand, over-paid and very independent. I find it almost impossible to get a Carpenter or a Bricklayer for any Public Works and any proposal to tase or treat them as like classes below produces an immediate combination and opposition

5 There is also no tase on Shops or pro: fessions on the Hills but as all the Shops have hitherto Consented to pay a light local tase (established long ago) called "Cuppie varey" for cleaning and purifying the Bazar I have not thought it advisable to propose to levy any other and they are consequently exempt.

Coimbatore,
Collectors Office,
Conoor,

The Board of Revenue are not prepared at present to sanction the measure proposed by the Collector of Coimbatore in the foregoing letter.

Read the following letter No. 20.

To,

W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St George.

41

B.d No. 866

From the Collector of Canara } Para 1

Sir,

I have the honor to acknowledge the receipt of the Salt rules circulated by the Board of Revenue.

2. In my report of the 9th September 1850 I pointed out that many of the rules were not applicable to the circumstances of the manufacture as carried on in this District, but I beg to state that I shall endeavour to apply the principles of the rules as closely as I can to the regulation of this department, and shall prepare the accounts in conformity with the forms prescribed.

I

3. I have now the honor to request the instructions of the Board on the following important point. In para 17 it is prescribed that the future Standard measure shall be a Mercal of 828 1/3 Cubic inches, being equal to the 400th part of a Garce. This Mercal contains 28 1/3 Cubic inches more than the measure now in use, and as I shall require about 225 Mercals for use in this District which I have not the means of making up and which I must request that the Board will be so good as to supply from Madras some time must occur before this Para of the Boards' rules can be enforced. When it comes into operation I am desirous of ascertaining whether it is the wish of the Board that it should be adopted at once and the Salt in store be sold by the large measure the difference being carried to profit and loss or whether the new measure is to be gradually brought into use, being applied only to the sale of such salt as may be purchased by that measure.

4 The former course I beg to recommend as it will

will give rise to much inconvenience and distrust if Salt is sold by two different measures at the same time.

5. With reference to Para 18 I request the permission of the Board of Revenue to continue the sale of one Mercal of Salt according to the practice which has hitherto prevailed with advantage in this district.

6. I am directed by to forward an indent shewing the number of Mercals which it is desirable to have in store for the use of this district and to request that the Board will sanction their being supplied to me from Madras. It is desirable that they should not be so heavy as the specimen previously sent which when filled with Salt is too heavy to be used by one man and would require to be supplied with handles.

41-42

No. 982.

Proceedings thereon.

As much delay and expence is incurred in preparing Brass Mercals at Madras and in forwarding them to Mangalore the Board of Revenue authorize the Collector of Canara to have made up in his District 235 Wooden Salt Mercals edged with Copper or Iron. It is desirable that their cubic Capacity should be as nearly equal as possible to the standard furnished from this Office, yet the difference of a fractional part of an inch will be of no consequence. The expense incurred on this account should be included in the Collector's Statement of Actual charges incurred without Estimate.

2. The new Salt Mercals will be introduced as early as practicable and any difference caused thereby between receipt and expenditure may be afterwards written off to Profit and Loss.

3. The Board further authorize the Minimum quantity of Salt saleable at the Canara Cotaurs to be fixed at one Mercal instead of Three, as prescribed by Para 18 of the Salt Rules.

To

Fort St. George 19th May 1857.

No. 21

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue,

Fort St. George

Sir,

43

Bd No. 931.

From the Collector of Canara ... Explaining the difference of Exports of Rice from Canara noticed in the Extract from the Minutes of Consultation and the Board's Proceedings of the 1st April 1857 and requesting that the time for the Cultivation of Coomary on the Hullial and Moondgode roads may be extended upto Fusly 1271 @ 1274.

Para 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 1st April 1857 communicating Extract from the Minutes of Consultation under date the 22d March 1857.

2. With reference to Para 3 of the Minutes of Consultation I have the honor to state that the apparent discrepancies in the Statement of the Exports of rice given in Paras 16 and 18 of my Report result from the following circumstances. The Statement of the rice trade given in Para 16 consists of the exports of the Produce of Canara for the year under review, the Fusly year. The account of exports appended to Para 18 is taken from the accounts of the Official year and includes both the home produce and that imported from Mysore and Coorg. To those accounts I was obliged

obliged to resort for the information I required because our accounts for the Fusly year do not distinguish the country to which the rice is exported nor could such an account now be drawn up going back to the period, I wished that namely to which our exports had fallen back, and I wished at the same time to place our exports in comparison with the import of dates to ascertain whether the falling off in our trade arose from a productive date harvest in Arabia or whether a good harvest did not rather increase our exports of rice. For this purpose the returns of the trade for the official year from May to April were necessary.

3. The difference between the Amount shown in Para 16 of the Summahundy Report and Para 20 of the Amany Report results from the adoption in the latter of rice imported from Mysore and Coorg which though shown in Para 14 of the Summahundy Report is there distinguished from our own produce. In paras 15 and 16 I was treating of the export of our own produce as affecting the Cultivation of the District and excluded the foreign produce. Para 14 of

of the Summahundy Report and 20 of the Amany Report will thus be seen to correspond showing a total export of 28525-9½ of which Coorgs Moorahs 23653-23 are the produce of this District distinguished in Para 15, and treated of in Paras Coorgs M. 15 & 16.

4. In the latter part of Para 3 I am directed to report my opinion on the very important question of admitting Arabian Salt into the District in the same manner as Goa Salt is now admitted with the view if necessary of placing our trade on a fair equality with that of Bengal. That some measure of this kind is due to this district should it appear that the Bengal Regulations are more favorable to trade than our own cannot I think be doubted. But it is one of such serious importance involving so many considerations that I beg to be allowed to make it the subject of special report when I have seen the result of the present season both with regard to the Arabian rice trade and the Goa Salt trade. The Arabian trade continues to exhibit remarkable fluctuations and the Goa Salt trade is assuming considerable importance. With reference

reference to each of these I am desirous of obtaining all the information in my power and as it is impossible to arrive at any conclusion which can be much depended upon without being acquainted with the state of the Bengal trade in Rice and Salt it will greatly assist my enquiries should the Right Honorable the Governor in Council see fit to communicate to me the statistics which may be received from the Government of Bengal.

5. With reference to Para 9 of the Minutes of Consultation regarding the leases to be given to encourage the clearance of jungle on the sides of the roads lately opened out in the Balaghat Talooks, I beg to explain that there is no essential difference between the road alluded to in my Summalumdy Report for which a lease of 20 years was recommended and those with regard to which I supported Mr. Silver's subsequent recommendation that a lease of 14 years be allowed, but the circumstances under which I made these recommendations were as follows.

6. By the rule as formerly applied plots of

of waste land taken up for cultivation were exempted for 7 years but as much land was often taken up and abandoned it would become necessary hereafter to ascertain whether land taken up was redeemed from a state of nature and entitled to the rule or whether it was a clearing which had already had the benefit of a seven years exemption. As this gave rise to difficult minute investigation and accounts I proposed that the period should be extended from 7 to 20 years and that at the end of that period such land as had become property should be assessed. I observed that the sacrifice on the part of Government would be most trifling even if the whole land were cultivated and the necessity of minute accounts would be obviated.

+ See Mr. Silver's Report.

7. In transmitting Mr. Silver's recommendation to the Board in which he specified a period of 14 years, I did not think it necessary to make any alteration in the proposal which Mr. Silver's knowledge of the country suggested, as the trade and cultivation of the Balaghat has greatly advanced in

in the last few years and the period of 20 years which I proposed in the former case would date back from the period of the original concession.

8. The measures therefore for which I request the approval of the Board may be stated more clearly thus:- that along the Sirsy and Dharwar road land redeemed from the jungle within 110 yards of the road shall be held free of assessment till after the July year 1271 / 1861-62 / being twenty years from the opening of the road / that along the Yellapoor and Moondgode road and the Yellapoor and Hulliall road land redeemed from the jungle within the same distance shall be free of assessment till after the year July 1274 being the 14th year from the present time.

9. As the present is the season of cultivation I have under the sanction of Government conveyed in these proceedings notified the exemption sanctioned on the Yellapoor and Moondgode road and I would request an early sanction for the same exemption on the line from Yellapoor to Hulliall as requested in my former letter

letter, the circumstances of which are exactly similar, except that the road to Moondgode was opened last season, that to Hulliall is now in progress and nearly completed. I also beg to recommend the farther encouragement requested for the Settlers on the Sirsy and Dharwar line.

10. The sanction of Government is given conditionally on the understanding that the cultivation will be persevered in and the underwood effectually kept down, but it is impossible in so wild a country that this should always be the case as long as there is fresh land the Coomery Cultivators will shift from one spot to another but the land cleared will after become camping grounds sometimes sites for shops, and a good deal will be kept clear by the grazing of the traders bullocks - there will generally be cultivators on some portion of the line and the result of the measure though not complete is likely to have as favorable an effect as that described by Mr. Silver as already visible on the Dharwar line.

Canara Collector's Cutcherry on Circuit
Agoonbay, 12th April, 1857. } /Signed/ J. H. Mallby
Collector.

The

Fort St. George 19th May 1857.

Bd. No. 980

No. 211

Proceedings thereon.

(43-44)

The apparent discrepancies noticed in the 3rd para of the Government's review of the result of the Land Revenue Settlement in Canara for Fusly 1259 are satisfactorily explained in the communication recorded above.

2. The particulars regarding the rice trade given in Para 16 of the Collectors Summahundy report referred to the produce of Canara alone for the Fusly year reported on while the entries in para 18 are taken from the accounts of the Official Year and includes both. Rice produce and grain of foreign growth. In the same manner it is explained that para 20 of the Extra Sources Report differs from para 16 of Summahundy Report, because, the former showed the Exports of Mysore and Coorg which the latter did not. The information was given in para 14 of the Summahundy report which will then be found to correspond with that mentioned in para 20 of the Letter on the Extra Sources.

3. Mr. Mattly promises to report separately on the question of admitting Arabian Salt into the district on the same terms as Goa Salt, the Board will therefore postpone their observation

Fort St. George 19th May 1857.

observation on the measure referred to by Government.

4. The remaining portion of the Collectors communication has reference to the leases to be given to encourage the clearance of Jungle on the sides of the road lately opened out in the Balaghaut Talooks which is adverted to in para 9th of Extract Minutes of Consultation dated 22d March 1857. Mr. Mattly stated that altho' there is no essential difference between the road referred to in his Summahundy report and that for which a lease of 14 years was recommended; Yet as the trade and cultivation of the Balaghat had greatly advanced in the last few years and as his own proposal would date back from the period of the original concession he did not deem it necessary to interfere with the recommendation of Mr. Silver, based as it was, on his knowledge of the Country.

In Dja Cons: 2nd April 1857.

5. The Board concur with the Collector that from the nature of the district and the habits of the people it will be hardly possible effectually to keep down the undergrowth by constant cultivation, they think therefore that this should be left to the discretion of the local authorities and not made conditional on the indulgence granted, every precaution being used to prevent the object for which that indulgence is extended from being defeated.

6. In the concluding para of the Extract Minutes

Fort St. George 19th May 1857.

Minutes of Consultation already referred to the Government state that they accede to the application for an exemption from the payment of assessment for the term of 14 years in regard to the Yellapoor and Moongode road, and they will be prepared to grant similar or if necessary more favorable terms for clearing the jungle on the sides of the Sirey and Dharmar road and in other similar localities, the Board would therefore beg to support the Collectors recommendation that land redeemed from jungle within 110 yards of the Dharmar and Sirey road shall be held free of assessment till after the fusly year 1271/1861/62 being twenty years from the opening of the road, and that along Yellapoor and Hullial till after fusly 1274/1864/65 being the 14th year from the present time.-

7- With regard to the latter road Mr. Maltby in his letter of the 4th January 1857 para 2 stated that it, like the Yellapoor and Mongode road, traversed exc: tensive jungles which were infested by wild animals; it would seem therefore advisable to extend the indul: gence already granted in the case of the other road to the one under consideration, which is in progress.

To the Acting Collr. of Cuddapah

Sir,

With reference to your Endorsement on Petition No. 10 of 1851 I am directed to point out to you that although the Government is averse to the formal subdivision of Pensions, it was not intended to authorize the person in whose name, as head of the family, the pension is registered to withhold the usual maintenance from his relations particularly where, as in the present case specific sums have been assigned for their support and enjoyed by them for many years.

2. You are requested therefore to inform Comara Narsimma Naidoo that he must disburse to his relations the same sums as they enjoyed in the life time of his late father and that no alteration must be made except after previous reference to the Collector. Should he neglect or refuse to comply with this order you will then take such measures as may appear necessary by directing the sum due to them

to

Fort St. George 19th May 1851.
