Fort St. George ... July 1851.

Diary.

Received the following letter.

1

B. No. 1588.
From the Collector of Madura.

With reference to Courts letter of the 4th Instant represents the difficulty of furnishing Copies & translations of certain papers so as to reach Madras by the 17th Instant.

No. 74.

To

W. H. Bayley Esqre
Secretary to the Court of Wards
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of your Proceedings of the 4th Instant forwarding Copy of a letter from Messrs. Dale and Boyson and requesting me to furnish, as soon as possible certified copies of the Documents entered in a list appended to the Petition presented to the Sudr Adalut on the 4th October 1849 by the Vakil of the Appellant in Appeal Suit No. 7 of 1849. My attention is also directed to the fact that the Papers will be required before the 17th Instant, and Messrs. Dale and Boyson request that if any of the Documents are in a Native language they may be accompanied by a translation.

2. In stating that I have taken measures to procure the most speedy preparation of the required Copies and translations of which the strength of my Establishment admits

admits. I beg at the same time to intimate, that it will be impossible to secure their arrival at Madras before the 17th Instant, much less in time for the perusal and consideration of Messrs. Dale & Boyson and the Counsel engaged by them. If therefore it is material that the Counsel should make himself acquainted with the contents of the Papers & Documents before the hearing / at present appointed for the 17th Instant / time for that purpose should I think be solicited from the Sudr Adalut.—

3. On reference to the list, you will at once see the difficulty. First it includes the Istimrar accounts of the Sivaganga Zemindary, comprizing 9 large bundles of Cadjans, the simple copying of which will take a long period, much more the translation. I do not think that Messrs. Dale & Boyson will be assisted by a perusal of these, and probably an explanation of their nature will answer their purpose. I shall therefore attend first to the other Documents.—

All

2dly. All the Documents and depositions in case No. 1 of 1848 before the Magistrate of Madura. These are voluminous and their translation will take a considerable time. It will be proceeded with immediately and I will transmit by tomorrows Post an official Summary of the evidence which will perhaps enable the Pleaders to judge whether the application for copies should be resisted.—

4. The other Papers are not long, but the Court will remember that today is Monday the 7th and that 4 days wholly or partially, are occupied by the Tappal in travelling from Madura to Madras. The Papers in fact must leave on Saturday night, the 12th to reach Madras before the hearing and therefore their perusal, there will remain no time at all.—

Madura, 7th July 1851.

(Signed) R. D. Parker.
Collector.—

2

No. 1599.

Received also the undermentioned letters.—

From the Collector of Madura.— Forwarding copies and translations of certain papers — as required by Messrs. Dale & Boyson.—

From

9405 Fort St. George 7th July 1851.

No 1800.

From the Collector of Madura. — Forwarding copies of correspondence between the Government, Board of Revenue, and Principal Collector of Madura, as required by Messrs Dale and Boyson.—

3.

12th " Sent the following letter in consequence.—

1-4

To

Messrs Dale & Boyson.

Gentlemen,

Solicitors, Madras.

B. No. 1340. To Messrs Dale & Boyson Solicitors, Madras.... 9. Dy. Cons 7th July 1851.

With reference to your letter of 3d July 1851. I am directed by the Board of Revenue to forward herewith for your information, copy of a letter from the Collector of Madura dated 7th July 1851.

9. Dy. Cons 14th July 1851.

I am also desired to transmit to you two packets of papers received from the same Officer.

8th July 1851.

The Board apprehend that under the explanation afforded in para 3 of Mr Parker's letter relative to the Estimate Accounts. You will think it unnecessary to have copies and translations of them forwarded to Madras.—

The Board understand that the hearing appointed for the 17th Instant has been postponed to some day in next Month. If such is the case it will be desirable that this information

9406 Fort St. George 14th July 1851.

information should be conveyed to Mr Parker and with this view they request you will state if possible the day on which it is likely the hearing will take place.—

Revenue Board Office, Fort St. George, 12th July 1851.... } Signed W. H. Bayley. Secretary.—

At a Meeting Present.—

Monday 14th July 1851. } J. Goldingham Esqre Second Member. and T. L. Blane Esqre Third Member.

Walter Elliot Esqre Senior Member

Absent on duty as Commissioner S. Circars.

No 313.

To J. Pycroft Esqre Secretary to the Government of Fort St. George.

Home Department Leg.

Sir,

I am directed by the President and

and Council to forward the accompanying Extract / Para 12 / from a Despatch from the Honorable the Court of Directors, No. 7 of 1851 dated 19th March and to request that the Right Honorable the Governor in Council will, as soon as the working of Acts XII and XIII of 1850 has been duly tested by experience, submit a report as to the success of their operation.—

Fort William
The 16th May 1851.

Signed A. R. Young.
Under Secretary to the Government of India.

Extract from a Dispatch from the Honorable the Court of Directors in the Legislative Department No. 7 of 1851 dated 19th March.—

Act XII of 1850 for avoiding loss by the default of Public Accountants & Act XIII of 1850 for punishing Breaches of Trust.

12 We shall be glad to learn how far these important enactments have been found to answer the purposes in view.—

/ True Extract /
Signed A. R. Young.—
Under Secy. to the Govt. of India.

Resolved that the foregoing letter and its enclosure be communicated to the Board of Revenue and Court of Sudr Udalut with a request that they will report in due course

course upon the operation of the Acts 12 and 13 of 1850.—

To
The Presidents and Members of the Board of Revenue.

/ A true Extract /
Signed I. Pycroft.
Secretary to Government.

Order thereon.

Ordered that the following letter be submitted in reply.—

No. 300.—

To
The Chief Secretary to Government.—

5-6

Bd. No. 1403.—
To the Chief Secy. to Government.

Reporting on the result of the operation of Acts XII & XIII of 1850.—

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation dated 24th June 1851, calling for a report, under instructions from the Government of India, on the operation of Acts XII and XIII of 1850.—

2. These Enactments have had hardly sufficient time to develope the benefits they were intended to effect, but the Board would take this opportunity of noticing a few points connected with their practical operation as it has fallen under their notice.—

3. The two laws have a common object in so far as regards the breach of

of trust by parties to whom Government have entrusted the charge of public property, the former providing for the prevention of any loss accruing from their misconduct and the latter for their punishment, should such loss have occurred.—

4. In both these respects the revenue laws obtaining in this Presidency have in a great measure been found to be Effectual. By a special Regulation IX of 1822, the revenue authorities are invested with powers to act Judicially in bringing to punish= ment the whole of that class of persons contemplated in Act XII of 1850, or trans= ferring them to the Criminal Court if the Offence is of a serious nature. The Collector is moreover authorized to fine the convicted party in double the amount embezzled or misappropriated which operates both as a punishment on the offender, and as a means for the recovery of property to make good the loss that Government may have sus= tained by his conduct.

5. There are however instances always

always occurring where a party convicted under Regulation IX of 1822 is without the means of meeting the fine imposed on him, and he is in consequence committed to prison for the default. But the question arises how is the embezzlement to be made good to the state. The property of the securities is no doubt answerable for the loss occasioned by the princi= pal, but Regulation IX of 1822, does not invest the Collector with any power to enforce the payment of it on the surety by the attachment of his property. This difficulty was experienced in a case which lately occurred in the Bellary District. The party who had committed the Crime died. A judgment under Regulation IX of 1822 was passed in which it was clearly established that a defalcation to a large extent had occurred in the Stamp Revenue. To make good the loss a portion of the property belong= ing to the deceased was seized under the authority of that Regulation and this

Vide to Govt 24th March 1851.

this not being sufficient to cover the total amount of defalcation it was necessary to proceed against the sureties. At this stage of the proceedings the Collector would have been stopped from a want of authority to take any further direct steps, if Act XII of 1850, had not come into operation, and would not have been able to recover the defalcation as promptly as he did.—

6. Regulation I of 1826 extended the powers vested in Collectors for the recovery of Land Revenue by Regulation XXVII of 1802, to all other branches of Revenue, but neither of these Regulations authorize the recovery of any loss from the parties appointed to collect the revenues as Agents of Government but merely to make good arrears of Revenue from the sale of the property belonging to landed proprietors farmers, tenants and under tenants.

7. To recover therefore from the securities of the Stamp vendor in the Bellary case it would have been necessary, as the law formerly stood, for the Collector to resort to the Civil Court by a regular suit, and the result

result independent of the delay and inconvenience, would not perhaps have been satisfactory. But Act XII of 1850 by extending the Collectors powers under Regulation XXVII of 1802, to cases falling under its provisions has supplied the link wanting to complete the Summary Authority placed in the hands of the Revenue Officers.—

8. It is however necessary to point out that by Act XII of 1850, the Collectors decis do not seem to be opened to revision in Appeal to the Board of Revenue, as in trials under Regulation IX of 1822, but by the Courts as provided for in Regulation XXVII of 1802, and that in cases like the one which has occurred in Bellary much inconvenience and confusion might arise from the interference of a Judicial tribunal with a decision passed by the Revenue Authorities under Regulation IX of 1822.

9. In para 7 of Extract Minutes of Consultation dated 12th May 1851 the Government have desired the Board to prepare a form of Security Bond to be generally adopted

In Cons. 19th May 51.

adopted for sureties in all branches of
Revenue, The subject has already received the
attention of the Board - Std XII of 1850 —
contemplates a larger class of persons from
whom security, &c — should be
taken than what has obtained in this
Presidency - the Board have noticed this
circumstance, as well as the requirements
of real or personal property as security, and
explained the grounds for deviating in
some respects from the provisions of
the Std; and they will be prepared
to carry out the views of Government
on the expediency of the measures
suggested in my letter of the 15th
December 1850.

To Govt 18th Decr 1850

Bd. No 1006.
From the Collr of
Coimbatore
Recommending the continuance of the present arrangement with reference to the Superintendence of the Annamalay and Wallia Forests.

Sir,

With reference to the Board's Proceedings of the 7th Instant, I would with all deference remark that however valuable Dr Gibson's superintendence may be, it can hardly be brought to bear fully and efficiently in the "Animalle" and Wallia Forests. Their distance from Bombay would prevent the possibility of Dr Gibson's frequent or personal superintendence, and any valuable suggestions or practicable directions of his, suitable to "Animalle," may be carried out, I think, as efficiently or more so by Major Cotton and Lieutenant Michael acquainted with the Forests, than by occasional visits of

of Dr Gibson's Assistant Mr Coulter necessarily a stranger to them.

2. Whatever arrangements this Government may see fit to sanction, I would at all events strongly recommend Lieutenant Michael being continued in his present post, he has acquired not only the language, but the confidence of the "Randers" / the Hill people / of the Annimalli Forests / on whom a good deal depends; they can prevent fires in the dry season, give notice of any robbery of the Teak, or entrance by unauthorized parties during the several months when these forests cannot safely be visited by any European, the neighbouring "Rajahs" / i.e large zemindars / of Malabar, are not all quite trustworthy; they all have slaves, workmen, and Timber Elephants with which they can at unwatched seasons, cut and carry much valuable Timber, their limits and the Government Boundary, Join and the Hill tribes of "Randers," can alone check and detect such depredations. So great intelligence Lieutenant Michael adds, unwearing activity and energy. He has penetrated into the recesses of these Forests, walking 30 miles a day; where riding is out of the question. I speak from personal observation, having been into the Forests myself

myself with Major Cotton and Lieutenant Michael.

3. The wasteful cutting alluded to was explained by Major Cotton, to show the objectionable system of the Malabar Rajahs and the necessity of preventing it, by hiring the Forests for Government, which is now done and the waste obviated as explained in the Civil Engineers and Lieutenant Michaels reports, that wastage therefore no longer exists but careful and Judicious economy and the saw, is being gradually substituted for the axe.

4. I do not think it possible that Dr. Gibson or his Assistants from Bombay, however able, could ever exercise such control and surveillance over these Forests of Coimbatore, as is now done by the Civil Engineer of the District, with Lieutenant Michael, and a native Assistant; all acting in concert with the Collector of the Province. To give over the present responsibility and trouble attending the Teak Forests, would be a boon to Major Cotton and to myself; but I do not think the public interests would be equally well provided for. There is not much Teak Timber of any value left in the Wallaar Forests, and the knowledge and value of the "Anamalli" Forests, are almost entirely due to Major Cottons researches. I would with all deference recommend the present management being continued.

Canara. 23d April 1851.

Signed E. B. Thomas.
Collector.

B. No. 1396

From the Collector of Canara.

Sir,

Reporting on the subject of the transfer of the jungles of Canara and Sonda to the charge of Dr. Gibson as proposed by the Government of Bombay.

Para 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated the 7th April 1851 calling for my opinion on a proposed transfer of the jungles of Canara and Sonda to the charge of Dr. Gibson as proposed by the Government of Bombay.

2 The extent of the records to which it has been necessary that I should refer in order to make myself acquainted with the objects contemplated by the proposed transfer, and the reasons upon which it is considered by the Bombay Government to be expedient has in common with a pressure of other business prevented my sooner furnishing the Board with my opinion on this subject which I now beg to submit.

3. I find that the measure now proposed is to transfer to Dr. Gibson acting under the authority of the Bombay Government the jungles of Canara north of the Honore river I-

Fort St. George 14th July 1837.

Letter To Board 23d March 1838 No. 24 Para. 6

I also find that on a similar proposition being formerly entertained it was the opinion of the late Collector that all the objects of the transfer would be obtained by a cordial co-operation on the part of the Collector with Dr. Gibson. The grounds upon which the plan is again proposed appear to be the success which has attended the arrangements introduced by Dr. Gibson in the Bombay Presidency compared with the abuses which are alleged to have prevailed in this district.

4. I beg to state that having given the subject my best consideration, I am very decidedly of opinion that the measure proposed would be attended with very serious inconvenience and that it would not be attended with any advantages which will not be equally secured, as observed by Mr. Blane, by a cordial co-operation between the Collector and Dr. Gibson.

5. Any arrangements that shall give me the advantage of Dr. Gibson's science and experience and Mr. Poulton's practical knowledge and zeal, will be most valuable, but I am satisfied that such a division of authority as the measure contemplates

Fort St. George 14th July 1837.

so far from advancing the interests of Government will impede them in more branches of the service than one.-

6 I would first beg to observe that whatever arrangements may nominally be made, the real Conservancy of the forests must be made by the Collector and Magistrate. In that wild part of the country it is through him only that any supervision can be held. while the forests are under the Collector every Officer of police is employed in the Conservancy, transfer the authority to a distant Officer and their influence will be weakened exactly in the proportion in which the transfer is nominal or effectual. Dr. Gibson would find the small Establishment at his command utterly ineffectual to protect the interests of Government except in as far as they were supported by the Collector and the transfer so far from relieving the Collector from any of his present duties would merely weaken the prestige under which they are exercised.

7 It would also weaken the power of the local Talook authorities in

their

Fort St. George 14th July 1851.

their coming in contact with those under the orders of a different Government.

8.

The casual visits which Dr. Gibson is able to pay would, I think, ill replace the more constant though less undivided attention of the Collector of the District aided by the Sub Collector of Balaghaut.

9.

But perhaps the strongest argument against the measure is the very great difficulty of carrying it out. The Bombay Government propose that the jungles of North Canara be made over to their Government. But the Board are aware that before this can be done many important questions must be decided, which have for a long time occupied the attention of Government but which as yet are by no means settled. The rights of private individuals over many portions of these forest tracts remain in uncertainty and Dr. Gibson would find himself constantly brought into contact with parties claiming the land as belonging to their private Estates or He would have neither the information nor

Fort St. George 14th July 1851.

nor the authority necessary to decide the very difficult question as to where prescriptive possessions, custom, and former acquiescence on the part of Government, shall avail in behalf of the claimant. This is a question which the Government has yet to decide. Each case would have to be referred to the Collector and his work would by no means be lightened by their forming a subject of correspondence with another authority.

10

There is still another objection which appears to me as important as the last. The talook of Soopah alone contains more than 1,700 square miles or 1088,000 acres, of which probably not a seventeenth part is cultivated. But the soil is fertile, and cultivation is extending in a very satisfactory way; the roads which have been opened through it are already producing very marked effects. Surely the Bombay Government does not propose that the whole of the land now under jungle should remain so. Two important objects have to be kept in view the first is the extension of

Fort St. George 14th July 1831.

of cultivation, the second the preservation of a supply of timber, and I think that the Board of Revenue will agree with me in opinion that these should remain under the control of the same party whose duty it will be to endeavour that both shall receive equal attention—I think they will see the extreme inconvenience likely to result from making them separate interests under two different Governments—

11. Two processes of cultivation are in progress; one is the conversion of land into permanent holdings: the other is the wasteful system of burning and temporary cultivation called Comery. The former it is desirable to encourage as much as possible—the latter it is desirable to bring under strict control but it is neither practicable, nor, I think desirable that it should be stopped altogether—It is a style of cultivation suited to some of our localities and the only one by which a considerable portion of our soil can be turned to any account. It is the Collector and Magistrate alone who can exercise a due control over the Cultivators, and I think that it is to his judgment that the cultivation of the country should be entrusted—By the "jungles of North Canara" with their present

Fort St. George 14th July 1831.

undefined limits can only be meant all the land not now under cultivation and the Board will see at once the confusion that is likely to arise from the cultivation being under one Government and the waste under another.—

12. I would for the above reasons beg to repeat that I am of opinion that all the advantages contemplated can be obtained by my receiving the professional assistance and suggestions of Dr. Gibson and Mr. Poulton with whom I shall co-operate to the best of my power, and whose assistance will be most valuable to me, but that the transfer proposed will be very far from relieving me of any of my present duties which in many respects it will seriously embarass.—

13 It only remains for me to remark that I am not aware what the abuses are to which Dr. Gibson refers as a reason for the transfer he proposes. The Board are aware that for many years but little attention was paid to the forests of Canara above the Ghats. In consequence of their distance from the Sea coast, the Merchants of the interior were rather encouraged to seek a supply of teak from these extensive forests and a valuable

supply

Fort St. George 14th July 1831

supply was for many years thrown into the market. Of late years the increasing value of teak called attention to these forests, and in establishing a System of conservancy many abuses had to be checked and much opposition to be encountered from the intrigues of those who were deprived of a thriving trade and who had established powerful local influence. If these are the abuses to which Dr. Gibson refers, I would beg to remark that the persevering efforts of the late Collector have, I believe, after a series of years brought the forests under control, adjusting as many of the claims of the merchants as it was not equitable abruptly to repudiate, and I believe that no influence but the direct influence of the Collector would have been capable of effecting this.—

14. The forests are now all under Conservancy and in the absence of a Government demand, measures are in progress for Collecting the wood already felled and gradually bringing it into the market. The abuses which still remained were brought to light and checked by the

Collector

Fort St. George 14th July 1831.

Collector and so far from affording a reason for the transfer only tend to prove the importance of the Collector's supervision.—

15. One important object still remains to be gained. The conservancy at present Consists in shutting up the forests entirely as regards the valuable kinds of timber, and we have yet to find out a plan which shall admit of the forests yielding that quantity of timber of all kinds to the public market which they are capable of yielding and which must be yearly going to decay, without opening a way for the devastations of Contractors. It is not desirable that the country should be deprived of so essential an article of supply as timber except in as much as it is required for the national defence.—

16 Should the arrangements which Dr. Gibson has made in the Bombay Presidency be calculated to effect this object, I shall be most desirous, in cooperation with Dr. Gibson and Mr. Poulton, of carrying them out in this District.—

Collector's Cutcherry,
Maingalore, - - -
14th July, 1831.—

Collector

Order that the following letter be submitted in reply—

No. 297.

To,

The Chief Secretary to Government.

7-10

Bd. No. 1307

To the Chief Secretary to Government—

Submitting letters from the Collectors of Canara Malabar and Combatore relative to the proposed transfer of the Forests in those districts to the charge of Dr. Gibson and to the proposition of the Bombay Government for combining the Office of Conservator of the Wallair and Anmalli Forests with that of the Agent for Timber on the part of the Bombay Government with the views of the Board thereon.

In Con. 14th July 1837

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation 24th March 1837. calling thro' this Office for the report of the Collector of Canara, upon proposals of the Bombay Government for the immediate transfer of the Forests of Soonda and Canara to the charge of Dr. Gibson and upon the arrangements which would be requisite also for the report of the Collector of Malabar in communication with the Collector of Combatore upon the proposition of the Bombay Government for combining the Office of Conservator of the Wallair and Anmalli Forests with that of the Agent for Timber on the part of the Government of Bombay.

2. I am also directed to acknowledge the receipt of Extract Minutes of Consultation 24th June 1837. calling attention to the above.

3 In reply I am directed to submit for

From Canara 14th June in Cons. 14th July 1837. Do. Combatore 23d April in Cons. Do. Do. Malabar 15 in Cons. 25th May.

for the consideration and orders of Government the accompanying letters noted in the margin.

4 It will be observed that the Collector of Canara is decidedly of opinion that the measure now again proposed with respect to the Canara and Soondah Forests would be attended with very serious embarrassment and inconvenience, and that the advantages arising from such a measure would be equally secured. as observed by by Mr. Blane by "a cordial cooperation between the Collector and Dr. Gibson."—

5 He observes that whatever the ostensible arrangements might be, the real supervision must remain with the Collector and Magistrate who is more or less assisted in the duties of Conservancy, by the whole of the Police Establishment under his Control, that the proposed measure will in no way relieve the Collector from his present duties, but weaken the prestige under which they are exercised as well as the powers of the Talook authorities if brought in contact with those exercised under the orders of another Government and

Fort St. George 14th July 1831.

and that the casual visits of Dr. Gibson to the Forests would ill replace the more constant tho' less undivided attention of the Collector assisted by the Sub Collector of the Balaghaut. Mr. Maltby offers some observations to which the Board would request particular attention upon the difficulties which present themselves in carrying out the proposed transfer arising out of the peculiar tenure of land in Canara and the fact that the rights of private individuals to many portions of the Forests remain in uncertainty, and that on Dr. Gibson being brought into contact with them, he would have neither the authority nor information requisite to decide the conflicting claims, but each would have to be referred to the Collector, whose duties would be materially increased by the correspondence springing out of such references.

6. The present state of the cultivation also offers in the opinion of the Collector, considerable difficulties. The whole of the waste land in Soonda and Canara may be said to be Forests, and the task

Fort St. George 14th July 1831.

task of reconciling the extension of the one with the preservation of the other appears to be one of some nicety requiring that they should both remain under the control of one Officer whose duty it would be to give them equal attention; but in placing the cultivation under one, and the waste under another, and thereby separating their interests under two different Governments, much inconvenience and embarrassment would be the result.

7. Mr. Maltby states that he is not aware to what particular abuses Dr. Gibson refers, as an argument for the transfer he proposes - but he correctly observes, that many abuses had to be checked, and much opposition encountered - from the intrigues of those who had for a long series of years been carrying on a profitable trade by the indiscriminate felling of the timber, and had obtained a strong local influence, and that the exposure and check put upon these abuses so far from affording a reason for the transfer only tend to prove the importance of the Collector's supervision, for he expresses his conviction that no influence but that of the Collector would have been capable of effecting this, and the Board see

Fort St. George 14th July 1851

see reason to coincide with him.-

8. The Collector of Coimbatore in his letter of the 23d April 1851 strongly deprecates any change in the present Agency for the management of the Animalle and Walliar Forests, and urges that, whatever arrangements may be made, Lieutenant Michael may continue in his present post as he has acquired - not only the language but the confidence of the Kandars the hill people of the Annamalli, who assist in preventing fires in the Forests in the dry season give notice of robbery of Teak Rajahs, and the entrance of unauthorized parties into the Forests during the Months when they cannot be safely visited by Europeans. He points out that the wasteful cutting of Timber noticed by Major Cotton was owing to the objectionable system of the Malabar Rajahs, which has been checked by hiring the Forests for Government and that no waste now exists. He adds that there is not much Teak Timber of any value left in the Walliar Forests.-

9. The Collector of Malabar intimates

Fort St. George 14th July 1851.

intimates that he has received Copy of Mr. Thomas' letter addressed to the Board, and that as these Forests, so far as concerns the Government interests, are entirely connected with Coimbatore, his local position does not give him the advantage of offering any suggestion which would assist in determining the propriety of Mr. Thomas' recommendation.-

10. The Board have again carefully considered the subject with reference to the present correspondence, but have failed to discover any ground for an alteration in the views they before expressed. They are on the contrary satisfied that the conclusion arrived at by Government on the occasion of the last reference viz. "that the Conservancy of the Forests "should remain in the hands of the Government which exercises Judicial, Revenue "and Police authority over the districts "which the Forests are situated," is the best adapted to secure efficiency, and prevent depredations. They observe indeed that the present renewal of a proposal for transferring the Office of Conservancy has

Fort St. George 14th July 1837.

has its rise more in the arrangements con-
sidered advisable on the retirement of
Captain Williams from the Office of Timber
Agent at Calicut than from any alteration
in the circumstances of the case as they stood
when the question was recently disposed of

11 It is therefore the less necessary
for the Board on the present occasion to
enter in detail on the arguments for and
against the transfer which have been on
recent occasions so fully discussed. As
relates to the Canara Forests, however, they
wish to point out, with reference to the re-
marks of the Government of India, res-
pecting the interest taken in the subject
by the late Collector of Canara, and his
zeal and knowledge of the subject which
were considered to afford some grounds
for continuing the Conservancy under his
charge, that the Gentleman (Mr. T. Malthby)
by whom he has been succeeded in that
Office possesses even superior qualifications
in that respect. having passed nearly
the whole of his Official career in Canara,
and much of it in the very districts of
that

To Government of Bombay 10th November 1840

Para 5 Enclosure from Govern-ment 24th March in Cont. y 1st April 1834

Fort St. George 14th July 1837.

that province in which the Forests are situated
The Board attach much weight to the opinion
of Mr. Malthby respecting the difficulty
and confusion which would be occasioned
in determining questions arising out of the
present undefined rights of the land
holders, and the uncertain boundaries of
the Estates situated in the midst of the
Forests were the authority over these forests
in any manner taken out of his hands.
The present correspondence shows that the Go-
-vernment of Bombay considers the Con-
-servancy rather as a Revenue than a
Marine question, but it is still more inti-
-mately mixed up with the Revenue details
of the Districts in which the Forests are
situated and the Board fully concur with
Mr. Malthby in his anticipation of the
confusion and misunderstanding which
would result from a divided authority
over these tracts.—

Minute 11th September 1840.

12 It is no impeachment of the
abilities and energy of Dr. Gibson, the
Board conceive, if they question the
possibility of that Officer being able
to devote sufficient time and attention

to

to question of the above kind which would arise. Unless they are misinformed that Officer has already the Superintendance of tracts of forest extending nearly the entire length of the Bombay Presidency from Surat to the Southern frontier of Durwar, and the Government of India has remarked on "the "difficult task he has already to perform "in improving the Conservancy of extensive "tracts made over to his charge within the "Bombay Presidency". They have reason to believe that he has never been able to pay more than a hasty and flying visit, at most once a Year to the forests of Canara. It would be still more difficult for him to devote any attention to the Coimbatore Forests situated four or five hundread Miles South, and the Board also desire to observe that supposing the knowledge and experience gradually acquired by Dr. Gibson should enable him individually to overcome the difficulties entailed by so enormous a charge, it would be politic to look to the time when a new Officer shall succeed him, not possessing the same

some advantages, and to whom such charge would be utterly impracticable until he had acquired the same local experience over a tract extending nearly the entire length of the Peninsula.

13. As respects the Anniamalli and Walliar forests, it appears that Mr. Thomas the Collector of Coimbatore has in some measure misunderstood the intentions of the Government of Bombay inasmuch as it was their proposal that Mr. Poulton should conduct the duties of Conservancy under the Collector of Coimbatore in addition to those of the timber Agency at Calicut; but he would in that case be holding two Offices under separate Governments, and subject to distinct

distinct contral which appears in many respects objectionable. The Board doubt whether he could properly attend to the duties of both, or visit the Conductors Forests sufficiently often, and considering the peculiar qualifications of the officer now in charge of the forests Lieutenant Mi:-chael, as noticed by Mr. Thomas his knowledge of the hill people and the influence he has acquired over them as well as the success which has attended his operations hitherto, they would be sorry to see him superseded by a stranger who cannot be supposed to possess any of these advantages.

2 Persons desirous of becoming purchasers may depute authorized agents or Vakeels for the purpose and all purchases made by such authorized Vakeels shall be held to be valid in the same manner as if the purchases had been made by the principals.-

3 But it is required that such authorized Vakeels shall state at the time of purchase the names of their constituents on behalf of whom such purchases may be made.-

4. The intention of the condition being to prevent fraudulent Collusions notice is hereby given that in the event of any purchase being made under a fictitious name the deposit money made on account of such purchase will be liable to be forfeited to Government and the Estate to be resold.

5 A Summud-I-milkeyet Estimerar or deed of Permanent right has been lodged at the Cutcherry of the Collector and at the Office of the Commissioner

describing the obligations to be incurred and the right to be obtained by the purchasers of land under this advertisement all persons are therefore referred to that instrument for particular explanation.-

6.- The purchasers of Estates will not be put in possession till the sale has been sanctioned by the Commissioner but in the mean time 15 per Cent of the purchase money will be required to be deposited immediately and security given for the payment of the remainder on the receipt of the Commissioner's sanction or within one month from the day of sale in default whereof the Estate will be resold at the risk of the first purchaser.-

7. In case of the sale not being sanctioned by the Commissioner the deposit money will be returned and the persons depositing it released from all responsibility with regard to the Estate.-

8. For further particulars enquire at the Office of the Commissioner or at the Collector's Cutcherry at Vizagapatam between 10 and 5 O'Clock except Sundays.

No. 40

To W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir

23

Bd. No. 1276

From the Collector of Nellore

In the 42nd para of my Summabundy

Fort St. George 14th July 1851

Summabundy report for the past fusly I alluded to the excavation of river channels thro' the fields of the Shrotrium Villages and the consequent loss of Cultivation, as the cause of certain outstanding balances in them, and I promised a report on the subject which I have now the honor to submit.

2 The new Channels referred to are those for the supply of the Nellore and Puthmacoor Tanks, and for the irrigation of the Pellaroo &ca Villages sanctioned by Government on the dates noted in the margin.

x 6th March 1846.
14th Septr.
17th Octr. 1848.

3 The first of these, the Nellore supplying Channel, runs thro' the Shrotrium Village of Sujjapooram situated in the Sungum Talook and charged with an annual Jodi of Rupees 513 3-9 to the Circar. some of the cultivated lands of this Village situated in its Course have been lost under the Channel & others rendered unfit for cultivation considerable difficulty has been experienced in ascertaining the real extent of the loss sustained by the Shrotriumdars, as there has been nothing

nothing but their bare assertion to go upon; and no produce or cultivation accounts are forthcoming. According to the Statement the annual value of the land of which they have been deprived is Rupees 29—9—1 and they sought Compensation to this extent. The matter having been referred, however, for the joint investigation of the Tahsildars of Nellore & Sungum, they ascertained after a careful measurement that 9 a 12—8 of land Wet and Dry usually under Cultivation have been lost to the Shrotriumdars in consequence of the new Channel. As no fixed field assessment obtains in the Shrotrium the next step was to ascertain the value of this land, and in the absence of other data, recourse was had to the assessment prevailing in the Contiguous Circar Villages of Gollalundoocoor and Vellauty. Rated at the average Wet and Dry Peeroah obtaining in those Villages the assessment of the 11 Gorlous and odd above referred to amounts to Rupees 171—1—2, subsequent inquiries, however instituted

instituted by one of my Sheristadar's reduced this amount still further. A Gorlou of land previously Classed as unfit for cultivation in consequence of the new Channel having interfered with its existing means of irrigation has been disallowed as an item for which compensation is due, as it is Capable of being irrigated from other means of supply, and another plot of Wet land measuring a 13—29— as 11 12/16 entered as no longer Capable of being Cultivated with Wet produce, being fit for dry cultivation, the difference between Wet and Dry Shist only should be remitted, and allowance being accordingly made for this also, amount of Compensation has been reduced to Rupees 129—13—3 as shown in detail in the accompanying Statement. To this I consider the Shrotriumdar to be fairly entitled. As there is no Circar land conveniently situated with respect to the Shrotrium fields which Could be given in exchange, the only way in which it occurs to me it can be made good is by reducing the Jodi permanently by this amount.

In

Fort St. George 11th July 1851

In the absence of any cultivation or other accounts, every care has been taken to ascertain the truth, and the results arrived at, is as indicated above. If the proposed reduction should be sanctioned it should have effect from Fusly 1258, in which the work was commenced, and the Shrotriumdars would thus be entitled to a refund of Rupees 259–10–6, but there is an outstanding balance of Rupees 342–8–4 against them already on account of these two Fuslies, which was allowed to lie over pending the settlement of the question of their Compensations. Deducting the one from the other therefore, the difference Rupees 82–13–10, is demandable from the Shrotriumdars, but as there is reason to believe that there has been a falling off in their receipts to the full extent of the suspended balance, I am disposed to recommend that the entire amount of Rupees 342–8–4 be written off. The reduced Jodi, Viz^t. Rupees 513–3–9 minus 129–13–3 Rupees 383–6–6 will

Rs. 129–12–3 ×2 = 259–10–6.

Rs. 342–8–4 Deduct. 259–10–6. = 82–13–10.

Fort St. George 14th July 1851

will then commence from the Current Fusly 1260.

The next case is that of the Cheruvella Cundriga in the Ravoor Talook. This pays to Government an annual Jodi of Rupees 206–1–3 and 3–1–2 of land within its limits has been ascertained to have been lost under the Channel Cut from the Boggairoo River for the supply of the Authmacoor Tank in the Sungum Talook. This land consists of Mettu, Mooloom and Jareeb as particularised in the Margin. Taken at the Mucta rates at which these lands have always been given out for cultivation by the Cundregadars, the assessment amounts to Rupees 58–14–9. I have admitted these rates both because they are below the average Teerwah for each description of land obtaining in many of the Circar Villages and because there are no Government lands close by the Cundriga whose assessment might be taken as a guide. Under these circumstances I

	G	a	a	Rs. a P
Mettu	0	12	15 @ 4 Rs per Gorloo	3–15–0
Mooloom	2	0	3 @ 21 Ds. D: 42	15–9
Jareeb	0	4	0 @ 48 Ds. D: 12	0–0
	3	1	2	58–14–9

Fort St. George 11th July 1851.

I consider the foregoing amount, Viz. Rs. 58-11-9 a fair Compensation, and I accordingly recommend that the sanction of Government be obtained for reducing the Jodi by this amount which will leave the future Permanent demand at Rupees 227-2-6. The balance outstanding against the kundriga for the two Fuslies 1258 & 1259 amounting to Rupees 117-13-6 the collection of which was suspended pending the inquiry into the claim advanced to Compensation, should of course be struck off from the Public accounts, for which I accordingly request permission. The reduced Jodi will come into force from the Current Fusly.

5.

The remaining case to be noticed is that of the Shrotrium of Tinmiapollem in the Ravoor Taluk, thro' which the Pellaroo River channel was excavated. The claim of the Shrotriemdars, embraces the remission of Shist on the land actually lost under the Channel & also of that which on account of its situation on the other side of it is inaccessible by men and Cattle for Cultivation purposes, but, as the latter, in the absence of Circar land which might be given instead, could be cultivated by slopes being formed at a trifling cost on both sides of the Channel to enable men and Cattle to pass over, the former item only should, I think, be remitted, and as in the two foregoing cases the amount,

Rs. a. p.
Present Jodi 286-1-3
Proposed reduction 58-11-9
Remainder 227-2-6

Rs. a. p.
58-11-9
+ 117-13-6

Rs. a. p.
1 - 12-11 (a) 2 Rs. per Candy 3-9-9.
* 8 - 12-8 (a) Vide Statement 48-9-
10 - 9-6 52-2-9.

Fort St. George 11th July 1851.

Jodi 2025-5-8
Deduct -3-9-9
+ Rs. 1021-11-11

Rupees 3-9-9 must be deducted from the Shrotrium Jodi, Viz. Rs. 1025-5-8 and the future demand will then be left at Rupees 1021-11-11. Sanction is at the same time solicited

Fusly 1258 52-2-9
" 1259 52-2-9
104-5-6

for striking out the balance of Rupees 104-5-6 outstanding on account of the last and preceding Fuslies.

The Shrotriemdars having stated that they have no detailed Account to show the Shist of these lands, the average shist of the dry West lands of the neighbouring Villages of Vullumby and Gollacundoocoor has been taken as the guide—

The Shrotriemdars of this Village having delivered the Cowles under which the lands were held from them and their under tenants the rates herein entered have been adopted—

(Signed) D. White
Collector

Proceedings

B.d No. 1373
Proceedings thereon
23.24

Before deciding on the amount of remission due to the Shrotriemdars on account of lands occupied by river behaviors, the Board request information on the following points—

1. The extent of Nunjah land still available for Poonjah cultivation is given in the report at 13—29—11, and in the accompanying statement at 11 3—10—

2. The difference between the Wet and Dry Assessment is entered at 7 8 6—3, the Poonjah teerva being rated at 20—9—7. It is not shewn how this Amount was Calculated, but according to the average of the Dry assessment in adjoining Villages it should reach 24 or 3—10—5 above the Amount proposed—

2. In the Timmapollem case the amount of loss is so small that the Board think a sum paid at once in Compensation will be preferable to a permanent reduction of the Quit rent; the Collector therefore will be pleased to state the sum to be thus adjudged and will endeavour to settle the

the other 2 Cases on the same principle Viz.: a fixed sum in satisfaction of the loss incurred—

3. The Cause of the discrepancies in the report and Statement accompanying should be explained—

B.d No. 1404
From the Collector of Nellore

Sir,

1. I have the honor to submit for the orders of the Board of Revenue Copy of a letter from my Acting Head Assistant requesting instructions in regard to the mode of conducting the monthly examination of the Treasury—

2 In reference thereto I may state that, with exception of some 20,000 Rupees in charge of the Cashkeeper to meet Current expenses, the bulk of the Treasure is under my lock and private seal— Whenever any money is taken out of, or put into, the large chests, the Assistant doing so is

Fort St George 11th July 1851.

is entrusted with the key of the Chest and my private seal. It will thus happen that my Head Assistant, 2nd Assistant and myself may all open the Boxes during the Month and unless the examining Officer at the end of the month examines all the Cash in the Collector's Chest, I do not see how he can satisfy himself that the Balance is correct. at the same time it is evident that the examination monthly of the large sums of money which accumulate in the Treasury will involve a very long time—

Nellore,
Collector's Cutcherry
20th June 1851.

/ Signed / D. White
Collector

Cr. No. 1

To D. White Esqre
Collector of Nellore

Sir,

A doubt having arisen in my mind with reference to the intention of the Government conveyed in the 22d Para of the Minutes of Consultation under date the 22d May 1851 lately received, I have the honor to request your instructions on the subject—

It

Fort St George 11th July 1851

It is stated in the latter portion of that Para, that Government intended the whole Cash in the Treasury to be examined monthly under whatever different heads it might be distributed, that no Officer to whom it might devolve to conduct the examination might have reason to doubt that it was his duty to extend his scrutiny to every part of the funds deposited therein, whether actually included in the balance or not—

3. It has been usual in this District since I have joined it to lock up by far the greater portion of the Cash in the Revenue Chests under the Collectors lock and seal and the duty of examining each bag, sealing it, placing it in the Chest, locking it up and placing the Seal on the Chest has devolved some times on yourself and some times on your two Assistants— It has invariably been the practice on these occasions to enter the Amount put into the Chest in a paper deposited within the Chest, and the Seals of the Cash Chest are not removed till the next occasion

occasion occurs for depositing Treasure — Whether it is right or whether it is wrong it has never occurred to me that it was my duty on the Monthly examination of the Cash to do more than see that the Seals placed on the Chests by the Collector or his Assistants were in proper Condition, while the balance of Cash in the Cash Keepers hands was submitted to a strict and rigorous examination It has frequently happened that both the Revenue Chests have been full of Treasure to the amount of 7, 8, or 9 lacs of Rupees, and although by the wording of the Minutes of Consultation it would appear that the Assistant Collector is bound every Month to re-examine the whole of the Cash so deposited, it appears to me that it would be inconvenient and inexpedient that the whole of the eight or nine hundred bags comprising such treasure should after being carefully examined and sealed by the Officer who deposited them, be repeatedly removed from the Chests and be subject to monthly re-examinations involving the opening and weighing of

of each bag till the time for remittance to the Presidency has arrived — As I am shortly to take my turn for the examination of the Treasury I request I may be favored with your instructions on this point at as early a date as practicable —

6 Yadal Eee Pat. Taloor, Zatoor =goda Sawmy. } allowance per annum or 2-14-8 per Mem= =Sem. - } 35 " "

Uru= =Known None

Eeswa= =raswa= =my.

Kasa= =wa Swamy

The allow=ance is Contin=ued to the said Pagoda it is out of repair but the images are in existence

Alth° the Pagoda is in ruins The images are in existence it would require much to put it in order. The Poo=jaree has re=moved the images to Anja=naya= =Swamy's Pagoda and performs the usual service there.

No Enams: except this allow=ance.

The Pagoda has been in ruins for 30 years. The Poojaree is unable to repair it. The standing image is there. The small Copper images are also in existence. The Poojaree has been in the habit of keeping these latter images in another temple of Anjanayaswamy & per=forming service there. He requests leave to transfer the stone image to Anjanayaswamy's Pagoda & there perform service as usual & continue to draw the allowance. It is alsourged that the Enam is for the worship of the Deity irrespective of the place & as for 30 years past the allowance has been drawn for the Service of Kasanaswamy performed in Anjanayaswamy Pagoda, it is requested that it may still be continued. The validity of such an argument in the present instance I leave for the Board's decision. Long continued permission to draw the allow=ance as at present seems to me the most valid argument in favor of the Poojaree. -

Vasum: bhuttoo — Son of Lingabhuttoo Madvee Bhuttoo — Younger brother of Rambhuttoo Rama bhuttoo — Poligar of Hurponhully

None.

Granted by Sumasthan Kerchaid

It is entered in the Pymash accounts as Circar land.

Charity.

1 Situm: barapah Son of the deceased aged 2 years. present claimant 1. Lutchmanah wife of the deceased aged 20 years.

The whole Enam was enjoyed by the deceased.

The Enams entered in this State=ment only means of Subsistence.

This Enam is entered in the Pymash accounts as the property of the Circar. At the time that the Pymash was made the Village in which this Enam is situated was the property of the Government - it and 9 other Villages were subsequently given to Somasakar Naidoo Poligar of Harponhully as Jageer by the Government Subsequent to which the Enam in question was conferred by the Poligar on Ramabhuttoo & on the division of the Enams among the 3 brothers Ramabhuttoo Lingabhuttoo and Singabhuttoo it fell to the lot of Lingabhuttoo father of the deceased Vasambhuttoo and grand father of the present claimant 1 Situmbrapah. The Enam is entered in the Pymash account as the property of the Circar the whole Jagheer lapsed to Government in consequence of failure of heirs in Fusly 1233 but A.D. 1823-24 the Enams given by the Poligar were left undisturbed. This is one of them. The case is referred for the orders of the Board. The present claimant Situmbrapah's claim however seems good and it is recommended that it be continued in his name. —

					It appears from the Hoozoor records that during the Harponhully Poligars Government in the Sakah 1646 of Krothee A.D. 1724 year the Village was given by him as Surva Manium to Sabseevis Anantiah for having built a Village in Banjer Land and for having formed into an agraharum. This Anantiah the same year gave it as a gift to Streenevasa Chari and Poorna Chari his priests who enjoyed it as Surva Manium until the Company obtained possession when it was made a Shrotriem the Shrotriemdars share being 10 annas of the Rupee. N.B. It appears by the records that Krothee year corresponds to Sakah 1647.									Streenevasa charry Maligeria charlu Venkatavarada charlu Latchmamah daughter It appears from the depositions of the Shareholders that the adoption has been properly made. no objection is raised by them to the present claimant viz. Venkatachary entered in Col 10. The portion of Shrotriem enjoyed by deceased is accordingly recommended to be continued in claimants name. But it seems necessary from the circumstances of the alienation of the property from the Original Grantee to submit the case for the Boards orders under the 2nd point for investigation mentioned in para 4 of the Boards Circular letter of 27th July 1848. It is noted in the District Shrotriem Statement that there was an original Sunnud forthcoming, that this is not now found though there is a Copy which confirms the Statement. The late holders who received the Enam in Gift from the Original Grantee were recognized by the Local authority at the Survey as appears from the Village having been partially continued on the Shrotriem tenure and therefore there appears no good cause to disturb the arrangement then made by authority now 50 years ago.— 16th October 1850.

1	2	3			4	5	6	7	8	9	10	11	12	13	14
	Kurpanhally Taluk				It appears by the Zoor Cutcherry records that in the year of Krothe Sekum 1646 A.D. 1724 one of the Zemindaries under Kurpanhally Poligar named Subbaiah Chandrah caused the Village to be built and requested Bagalee Basapah Naick the Polygar of Kurpanhally to continue it to him as a Sarvamanium. The Polligar granted his request and he Chandrayah gave up one half as gift to his Gooroo Priest Poorna-chary and the other half to Bhakeraa Chary also his priest. Note This Village was first called "Nara hari puram" and afterwards (previous to Company's Government) named "Anantahally" as entered in the accounts.-	The claimant states that the original Documents were lost during the incursions of the Pindaries- There are in the Zoor Records copies of 3 Deeds of Gift in support of the entry in Col 4 and copies of 2 other documents	Poorna-chary and Streenevasa Chary also	Vittala-chary Great grand son to Streenevasa-walsa-chary (Col 7)					
14	Anantana-hally Shro-trieum Village	Total Berij	17 24												
	Circar Share 6 Annas		69				Charity	The share held by Streenevasa-chary alone is matter of Settlement as Poorna-chary's share is held by other Serviving parties	died on the 21st May 1849-	Half share enjoyed by the descendants of Poornachary- As a/c 5-4-16	1 Gooraya chary adopted son of the deceased aged 12 years, present claimant 1 Toolasarah wife of Gooraya chary aged 8 years. 1 Bhaavatamma daughter of the Canarese-hally in Provinhadighal-ly Taluk-	Independant of the lands entered in this account the family enjoyed land assessed at 2-11-6 received in gift from a Shrotriem	The adoption of Gooraya chary (Col 10) was made with the approbation of the family and Village authorities The party adopted though not a Member of the family is of the same Gotram- The adoption has been regularly made performed by the deceased as appears from the records- The Shrotriem has been alienated from the original grantee it seems therefore necessary to submit the case for the Boards orders under the 2nd point for investigation mentioned in Para 4th of the Boards Circular letter of 27th July 1850- The copies referred to in Col 5 are sufficient to prevent any doubt about the Gift: The parties entered in Col 7 Poornachary and Streenevasa Chary who received the Enam in Gift from the original grantee were recognized by the Local authorities at the survey as appears from the Village having been partially continued on the Shrotriem tenure- There does not appear any reason for disturbing the succession, it is accordingly recommended that it be continued in the name of the present claimant Gooraya chary- 19th November 1850-

1 Nagiah aged 2 Do
1 Chatriah aged 1 Do
3
7

Independant of the Gift Enams entered in this account the family enjoy Bhatavutta Enams situated in the Pinchalem, Goollem and Goody Talooks assessed at 2 9 2 - 10 - 1.

The parties whose name appear in the Pymash accounts are Jimmapah (father) Ramiah, Onkarybhut and Narasimmah (3 sons) See Geneological table No. 2 subjoined and Col. 7. It appears that after the decease of Onkarybhut and Narasimmah, Ramiah their elder brother enjoyed all the Enams, he in default of male issue conferred them as gift on Ragapah (Col 8) son of his daughter Jimmakah in A.D. 1815. The deed of Gift executed by Ramiah in favor of his grandson (daughters son) Ragappah is on unstamped paper, but attested by witnesses. as the deceased Ragapah enjoyed the Enams for about 32 years, it is recommended that they be continued to his son Shashiah the present claimant. The orders of the Board are requested.

Shore copper the Ko road pa there copper by the chuck son of Appa chetty owned in Gift from father of the	1 Syawarpully Shashachaloo possesses other Enams assessed at 192-3-4- 1 Pullumbhatloo possesses other Enams assessed at 39-3-4— 1 Ellanky Ramapah possesses Carnecum and Bhatta = warties Enams in Cuddapah and Bellary Districts assessed at 30-3-3- January 1846.—	Shashachaloo (Col 10) produces one deed of Gift in support of his claim to number 102 dated 1801. it is unattested by witnesses— It appears from the Talooks records that he has enjoyed Enam for No 102 since 1801 long enjoyment of 50 years gives him a claim which I beg to recommend. Pullumbhatloo (Col 10) produces a deed of Gift bearing date Sakam 1757 A.D. 1805 of the four attesting witnesses Vencatrow alone states that he attached his signature when the deed of Gift was executed the other three state that a year after the death of Rayelupah (Col 3) they at the request of Pullumbhatloo attached their signatures— From the Talooks records it appears that Parvatabhatloo has not up to the present enjoyed the Enam— On examining the deed of Gift, the Sakam, number of land, amount of assessment, number of acres and signatures have apparently been inserted at a date subsequent to the execution of the rest of the Deed. The signature of Ramapah (This 3d claimant) is attached to the above deed as the party who wrote it, on comparing this signature with that attached to the deed which he (Ramapah) produces in his own favour the hand writing appears so different as to cause much doubt as to the genuineness of that on the Deed produced by Brambutloo The Deed is sent for the Board's inspection. The claim of this party cannot be recommended by me.— Ellanky Ramapah (Col 10) produces a deed of Gift for the entire Enams (73-7-1 Col 3) and states that the portion claimed by Sashachaloo (No 102) was by mistake included in it. some witnesses state that Royelupah (Col 8) executed this before It appears that of the above Enam lands the only one Ellenky Ramapah has is No 266 the others were held on lease from the deceased Royelupah by the Ryots— Kristapah (Curnum of Ramalee) in 1849 forwarded the Deed of Gift produced by Ellanky Ramapah was a forgery he failed to prove his charge and it appears from the examination held that the above deed of Gift was executed by the deceased Royelupah during his lifetime another party by name Rodundamah also charged Ellanky Ramapah with having forged the above Deed, the charge was dismissed as Rodundamah in her deposition stated that the only foundation for the charge was the report current in his village The Board's orders are required— But Shashachaloos claim to the No 102 appears to the Government a petition to the effect that his deceased recommended that the Enam No 102 be continued in his name the Board are	State Ko gave the in Sala

Translation of a Gift granted by Pencondah Gouinda to the Ootarady Mattum on the 8th Bright fortnight in the month of Purshé of the year Visuanatoo or the 1767th year in the Salevahana Sakum.

I Pencondah Gouinda son of Ookay Ramachary of the Race Cossiapah Gotrum do hereby present a gift of land to the Ootarady Mattum Shaving visited the Swamies, Stree Ramah and Vadaneyasah, am exceedingly glad therefore and as a longing desire has prevailed on me that I should contribute to the rites in order that they may be performed for ever I do hereby grant heartily for the satisfaction of Stee Cristnah the Village named Raggunaikoola Pally which has been in my enjoyment from former time and this Village the Mattum will hold and enjoy with the eight properties such as water, Trees, Stones, mines, hidden treasure, &c. So long as the Mattum may be in existence, for the securing of the rites of the said stree Ramaswamy and Vaydaneyasah in order to secure our ease in happiness. There are none of my relations who can refute this grant, I having presented this of my free will

will, the rights must be continued for ever.

Thus I have given this grant as prepared at the Village Cudey in the Zillah of Cuddapah.

Particulars of Documents.

Date &c. of the Deeds of Gift forthcoming.	No. of the deed of Gift.	No. of the Enam Accounts.	Remarks
16	17	18	19
Deed of Gift executed by Dhoomakah on Stamp Paper in favor of aswatha Soobana Charry in Salivahana- Saka Year 1756. Magah Month 5th light fortnight A.D. 1835.	1	1	Doomakah see Cab wife of Cutta Goondacharry in the that she confers on Soobanacharry the Enam in the docu but the names or numbers of the several Villages are of gift is executed on Stamp paper and attested by Witnesses
A Deed of gift executed on Common Paper by Malagerah Charry in favor of Soobanacharry stating that the Enams which were situated in Komada and in Survaagraharum Tirmalapooram were given as gift by him in Salevahanasa- kum 1763 in the Year Plava Aswija Month of the Year 15th light fortnight A.D. 1841 to Soobanacharry.	1	1	The Deed of gift executed by Malagierachary is not o it is however attested by witnesses. In the deed there "Acres" "assessment" in the Commencement; but not filled up entry in the latter part but under the head "Number"
			The land bearing this number was given to Soobana not by Malagierachary (see Col 4) This is open to dou as no number is entered in the first part of the Deed o giriacharry himself received the land in gift it appea original Enamdar.
A Deed of gift executed on Common Paper by Araparal- lah Hanooma Chuttloo in favour of one Soobana Charry Concerning the Enam situated in Pantapully stating that he has given it as gift in the Year Velumbee Makah Month 5th light fortnight A.D. 1837 to him.	1	1	There are not any suspicious circumstances connecte of gift. The Village authorities state that the deceased en which are not entered in the deeds of gift. Goondacharry the deceased is the claimant. The Board's orders are ther or not the Enams are to be continued if so the Joint charry and Hanamontacharry brothers and undivided ed.

Bd. No. 1371 — No. 293

Remarks thereon. The fact of the first of these Enams being now termed a

Recommending the continuance and resumption of certain Enams in the District of Bellary.

(32·33)

No. 1 Cadiendah Talook Suvagraharum in Raganakoolapully Bhuttivurtie Enams	No. G. H. Rs. a. p. 275-6-0 18-0-0	Suvagraharum 112-0-0 17-8-4

cannot be taken as sufficient proof of it's having originally been granted as such and it would appear to have derived the name on it's transfer from the last incumbent to the Priest of the Ootaradey Muttum, but he had no authority to alienate the genuineness of the Original deed of gift from the Poligar Sakay Ramapah Naid to Ockary Govinda Charry the Grand father of the last holder seems open to question and even if genuine appears to limit the gift to direct documents; neither it, nor the other documents shew the extent or value of the land. The Board do not find sufficient grounds for recommending the claims preferred by the Priest of the Muttum to the Village nor those of the Mortgagee to part of the Bhuttivurtee Enams, and cannot recognize the

counter

9518 — Fort St. George 14th July 1851.

counter claims of the grandsons in the female line. They therefore recommend the resumption of the entire Enams.

No. 2 Gadakee Talook.

Peddipettah Muzpah or Hamlet of Cushah Gedakee 24-5-11-7-9-6

2 This is a Stulla Manniem having been conferred by someone unknown for founding the Village of Peddipettah but it is not clear who was its founder. In the Pymash and Jamabundy Accounts the Enam appears in the name of Madummmy Narapah, and it is believed that his son predeceased him and that the Enam then went to the sons Widow & Naramah who last held it. Her son in law daughter and daughters son &c. are the claimants and the Board taking an indulgent view of their case and with reference to Extract Minutes Consultation C. C. Page 454. 9th in Consultation 22d May 1848 Para 6 & 7 would recognize Lutchmaka the daughter of deceased aged 30 years in succession.

Extract Minutes of Cons. 30th Oct. in Consultation 22 Nov. 1819 No. 1935 Para 9.

3 Government having authorized the resumption of "all Manniem lands attached to Pagodas wherein service is not

not performed" the Board feel precluded from recommending the continuance of the several Enams in lapses Nos. 3 4 & 5 in all of which it would appear that the service has ceased at the Pagodas for which the respective Enams were endowed but in which it is proposed to renew the service and repair the Pagodas if the amount in deposit and the Enams are allowed

No. 6 Yadakee Talook.—

Jootoor Kasavaswamy Pagoda allowance per annum Rs. 35 — —

in perpetuity for 30 years and the same rule of resumption may perhaps be applied but it is argued that the allowance was not granted in endowment of the building of the Pagoda Kasavasawmy, but in support of the ceremonies to be performed before the images of that name and as the copper images have been removed and service performed before them in Angayasawmy Pagoda and permission is sought for a similar removal of the large stone image from the former Pagoda it is expected that the allowance will be continued.

4 In this case also the service in the Pagoda has ceased, as it has been

5 The Board request the instructions of Government as to whether their Orders of the 30th October 1849 are to be applied as a general rule in all districts, and whether cases like the present lapse No 6 or wherein the service in a Pagoda has been of recent discontinuance and the parties promise to renew them, or to remove the Idols and worship them elsewhere can be treated as exceptions to the rule.—

8 In this case the Bhurtwurtee Enam is entered in the Pymash and Sarwar Accounts in the name of Sobick father of the last holder Nakary Ramapah. He obtained the other Enam in Dhanum from the Grandson daughters son) of Sippana Shuttoo in whose name it is entered in the Pymash Accounts. The Board concur with the Collector in recommending that both Enams may be continued to Lutchmakah the Widow of deceased for her life the first on the grounds of its long entry in the Accounts in the name of the direct ancestor of deceased. and the second upon the deed of gift in 1837 produced in support of it.—

No. 10 Adonie Taluk.

Yeomiah per annum Rs. 103 4 0

4 The Summud in support of this Yeomiah

Fort St. George 14th July 1851.

does not confer an hereditary right but on grants an allowance of 8 annas a day to Pahiman Dennish the Grand father of the last recipient. The allowance is entered in Mr. Chaplin's Register I. of 1814 item No. 25 and the purpose for which it was granted is stated therein to have been for maintenance or "for his livelihood" and, it is remarked by the Collector that the family have a Service Yeomiah. Under the views expressed by the Honorable Court 18th May communicated by Government 15th August 1842, respecting allowances not strictly hereditary the Yeomiah might be reduced, but the Amount Rupees 8 9 8 per Mensem is so small that the Board are not disposed to recommend this course but in consideration of its antiquity would continue the present Amount to Sheik Sahib for life.—

Punchapollem Talook.
Cheummputty " " 8-5-7
Pungapoor. " " 10-5

23 The deceased Boggea Charry enjoyed a moiety of the Enam in Cheummputty. The entire Enam in that Village was confirmed on him by one Tenkapah in whose name it is intered in the Cymash Accounts but the deceased and his surviving brother both enjoyed it. The deceased would appear to have obtained the Enam in Pungapoor from Mudaka one of the individuals in whose name it is entered in the Survey Accounts, in support of which a deed is forthcoming. The claimant of deceased's moiety in the first Enam and the entire Enam in Pungapoor is Streenivasa Charry an adopted son and as there is no doubt as to the validity of his adoption, the Board support the Collector's recommendation on his behalf.—

The.

J. G. R.

No. 21. Poligar's Enam and Pension- 24- The Board would refer to their letter of the 6th November 1848 for information on any points respecting which further particulars may be desired by Government in reference to the share of the deceased Chinna Condul Naid pensioned Poligar of Piapully in Punchapollem. The Poligar Pensions of the Ceded Districts having been declared hereditary to lineal descendants, during good conduct, the Board concur in the Collector's recommendation for continuing the share of deceased, from the 18th July 1849, to his eldest son Peddia Rungapah aged 40 years, namely Rupees 143-10-4 per Annum in Enam land and Rupees 492-3-" per Annum in the shape of a Money allowance.—

Yeomiah per Annum Rupees.				38	11	"
Gift Enam as per Enclosure 4 to the papers on this case.	79	34	9	46	8	4

26. There does not appear to be sufficient grounds for the continuance of the Enam the deceased having acquired it, only 13 years ago, from the brother of the person who held it in gift from another.-

27. The Claimant Cassavoo does title to this Enam having been settled in the Collectors Hoozoor in Fasly 1227, the Board would not disturb that decision, but they would continue it in his name. They observe that Pullama the last holder, died in 1842 or nine years ago.-

28. The yeomiah in question is entered No. 69 on the List of Charitable allowances Vol. 4 from Mr. Shaplin dated 20th September 1814, its entry there and the documents now produced do not shew an hereditary title, but the Collector urges its

its continuance on the ground of its extreme antiquity and its enjoyment in the family from father to son for 1½ Century. The Board are not prepared to admit its continuance on these grounds.-

29. The deceased's title to the Enams given in the separate Statement No. 4 of Enclosure to Case No. 25 is by no means clear, and the Collector looks with suspecision on the 1st deed, in the 2d he notices the omission of the names or number of the Villages and the 3d is only admitted as a good deed; but the Board observe that they are all recently dated 1835, 1837 and 1841, and the prior transmission of most of the Enams are very irregular, and that it does not appear for what period the deceased held the lands for which no deeds are forthcoming.-

30. The Board consider that it would be taking an indulgent views of the case if the Enams were continued for life only to the deceased's eldest Son Goondacharry.-

Yeomiahs
No. 6. 10. 25.-
Poligars Pension
No. 21.

31. The names of the deceased Oblachary and his father appear in the Survey accounts, as holders of these Enams with the exception of the last portion, which he would seem to have obtained in gift from the brothers of the individual mentioned in the Tymash accounts. The claimant is a Cousin thrice removed and in the absence of near relatives the Board recommend that the entire Enams may be resumed.-

32. The Enams Yeomiahs and Poligars have been blended together in the present Tabular report but the instructions issued by Government in para 16 of Extract Minutes Consultation 29th April were communicated to the Collector on the 19th May 1857 and this will not occur again.-

33. In the cases No. 20 and 22 of lapsed Enams the extent of land has been

omitted and the share of the deceased incumbent in Muddekerah in Case No. 17 has not been shewn in the proper Column No. 9.-

34. The Collector has in several instances omitted his own recommendation a duty rendered very necessary when there are conflicting claims and which the Board request he will supply on every future occasion of his reporting lapses.-

35. The manner in which the Enam Statement from Bellary is prepared and folded is extremely cumbersome and inconvenient and by pieces being pasted on to it, is not in a compact book form altho' the Columns follow each other as in the form enclosed in Extract Minutes Consultation 7th July 1846.- In lieu however of the latter form the Board would propose the accompanying pattern for adoption so as to admit of the reports being bound together and easy for future reference without being torn.-

Case I. Coondecondah Talook. Sarvagraharam Ragunakool Pully	27½	6	42	0	0	On the 2d day of the Light fortnight of Chytra month in the year Parthiva in the Sakah 1686 A.D. 1764, granted by Saki Ramapah Nayadoo
Some Bhatawurty Enams are in the following Villages of the Pennagondah Talook— 1. Bashagumpully. 2. Rampoor. 3. Shrotriem Chellampully.	18	18	77	8	4	Unknown.

(4.) Summuds or other Documents in support of the grant.—

Former Summuds are 3 in number. Viz.t.

1. Summud granted to Govindacharloo, written by Saki Ramapah Nayadoo.—
1. Takeed issued by Ramapah Nayadoo in the name of the Village Authorities of Condapoor.
1. Sumed issued by Condapoor Village authorities to Govinda Charloo.—

3. 13. other Summuds.—
16. Total.

1. Takeed respecting the lands in Bochagumpully issued by Swarambhava Ghorpadagaroo in the name of Madha Row Coneri and Conaree Timmagi in Soobyan Mynaluff in the Margaseerah month of the year Jaya, 2d Shewall, corresponding to A.D. 1774. stating that it is to be continued to Govindacharloo, inhabitant of Wookheri as hitherto.—

1. Takeed respecting the lands of Rampoor issued by Gow to Streenevass in the name of Baboorow, inhabitant of Talook of Goottoor in the Kundana year corresponding to A.D. 1772 (Note) To the effect that the Arab years on the top of the said Takeed "Sallar Soobyn" may have been entered instead of "Sallar Sabynnya Alluff."

1. Takeed issued respecting the lands of the said Village by Sevasambava Ghorpoda in the name of the Village authorities in Rammar Sabynna Alluff on the 15th Silhaz corresponding to A.D. 1774 To the effect "that they were to act with regard to the Enam cultivated under the Tank as of old,

old, and to cease causing trouble to the holder.

3.

(5.) Nature of the grant Charity or Service if Service, nature of the duty prescribed by the grant.	Charity.
(6) Name of the original Grantee.	Wookkeri Govinda Charloo
(7) Name of the last holder and the relation in which he stood to the grantee, and date of his decease.	Govinda Charloo, Grandson to the original Grantee. Govinda Charloo died on the 3d March 1846.
(8) Share enjoyed by the deceased and that held by the other Members.	The deceased alone held the entire Village and the Bhatavertee Enams.
(9) Family left by the deceased and Name and age of the parties.	None.

(10) Their circumstances and the means of subsistence possessed by the Family.	None.
(11.) Recommendation and grounds thereof.	The Surva Enam Village is one held on under grant. The Enamdar has left no issue, nor a Wife. On the 27th August 1845, he made over half a share of the Village to one Annajee Row for interest of a debt, on the 5th January 1846, that is, shortly before his death, he gave away the entire Village by a Deed of Gift to a Priest Satte-yasauragana Sawmy of Woottarady Mutt. These parties have preferred their claims in virtue of the Documents they possess from the deceased. Of the Bhatavurtee Enams, the deceased Mortgaged a piece of land to a third person by name Vencata Row of Pennacondah for the sum of 60 Rupees. This Mortgagee has also submitted his claim. On the other hand, Counter claims were preferred by 5 Persons who represent themselves as the Grandsons, Viz^t., sons of the Daughter of the original Grantee, the late holder being the son of the original Grantee for both the Surva Enam Village and the Bhatvurtee lands. The orders of the Board are required on these claims. Four Documents with translations are herein enclosed. The

Fort St. George 11th July 1851.

(12) Recommendation of the Board of Revenue and the grandson which it is founded.

The fact of the first of these Enams being termed a Surwagraharam cannot be taken as sufficient proof of its having originally been granted as such and it would appear to have derived the name on its transfer from the last incumbent to the Priest of the Octaradi Muttum, but he had no authority to alienate.

The genuineness of the original deed of gift from the Poligar Sakay Ramaperh Said to Oochay Govinda Charry the Grand father of the last holder seems open to question and even if genuine appears to limit the gift to direct descendents, neither it, nor the other 3 Documents shew the extent or value of the land. The Board do not find sufficient grounds for recommending the claims preferred by the Priest of the Muttum to the Village, nor those of the Mortgage to part of the Bhuteertee Enams and cannot recognize the counter claims of the Grandsons in the female line. They therefore recommend the resumption of the entire Enams.

Fort St. George 14th July 1851.

Bd. No. 1391

From the Collector of Bellary - - -

Reporting that the suits filed in the Subordinate Court against him for the recovery of the amount of 9000 Rs levied from the securities of the Stamp Daroga and Vender Ramchetty have been withdrawn that the matter had been amicably arranged and requesting authority for carrying to the Ayen Summah the amount of the defalcation now fully recovered. Referring to the observations contained in Extract Proceedings Board of Revenue 19th May last.

Sir,

With reference to my letter of 26th April and the Board's Proceedings of 12th May last, I have the honor to inform the Board, that I received, in due course copies of the Plaints filed against me in the Subordinate Court of Bellary by Diddigy Danapah for the recovery of 3,000 Rupees and by Roddum Soobiah for the recovery of 6,000 Rupees recovered from them as securities for the late Stamp Darogah and Vender Ram chetty.

2 The Board will remember that the total sum of the Defalcation in the stamps amount to 24431-4 of this sum 9,000 Rupees was collected from the securities, and the rest from the property of the deceased Ram chetty and his father Kistanamah Chetty, and there was a small surplus over, as reported by me, on 15th April

I have

	Rs a.p.
Total amount of Surplus as reported in my letter dated 15th April 1851.	499-13-9
Subsequently received being the Surplus after Sale of the Property of Ramchetty	2-7-0
	502-4-9
Deduct. Commission at 5 per Cent as per 2d para of my letter in question which was held in deposit in my Hoozoor Treasury	75-13-1
Net - - -	426-7-8

* Vide my Letter to Govt dated 15th April 1851.

Fort St. George 14th July 1851.

3. I have now the satisfaction to report for the information of the Board that the suits filed in the Court have not been prosecuted - Kistammachetty and the securities have, much to the honor of the former, amicably arranged the matter between them, and the suits have been withdrawn and struck off of the file by the Subordinate Judge, as will appear by the inclosed Copies of Extracts from the Courts Diaries which I request may be returned. -

4 This important matter having thus been satisfactorily disposed of I have the honor to request the permission of the Board for carrying the sum (the amount of the defalcation Viz.) of 24,431-4- now in deposit, to the Agent Summah, to the credit of the Stamp Revenue. -

5. The surplus realized by the sale of the property Viz. 420-7-0 together with all other property attached has been restored to Kistammah chetty who has given his receipt, and has fully acquiesced in the arrangement that has been made. and on his behalf I take the liberty of requesting the Boards favorable consideration to the request contained in the 2d para of my

Fort St. George 14th July 1851.

letter of 15th April, that the commission of 5 per Cent on the sum of the defalcation now made good, and which would have been deducted from the sales of Stamps had they been regularly brought to account, may now be allowed to Kistammachetty - It amounts to

Rs.	as.	p.
1,221	12	0

6. I cannot allow this Communication to go to the Board without expressing my sense of the great assistance that has been afforded me by my excellent Head Sheristadar Neelacundarow in bringing this very annoying and troublesome business to so satisfactory a close. The Board have in their Proceedings of 19th May last taken the opportunity of placing on record that "their confidence in this distinguished public Officer remains unchanged" and I am sure that his anxious exertions on the present occasion have fully merited that expression of high approbation. -

7. I take this opportunity of acknowledging the receipt of Extract Proceedings Board of Revenue dated 19th May 1851, accompanied by Extract Minutes

Fort St. George 14th July 1837.

Minutes of Consultation 12th May and with reference to para 8 of the Minutes Consultation, I beg to state that it would be very difficult to substantiate any charge against the Court Vakeels and it would be now inexpedient to attempt to do so.

And with reference to the observations of Government in para 6 to the effect that there would seem to have been "some remissness on my part in not having provided for the Tahsildar exercising a control over the Vender". I would merely observe that the control had been once established, but at the time when a change in the Depart-ment was made, and a separate Darogah was appointed (as already reported) this control on the part of the Tahsildar was, it seems, allowed to fall into disuse and the remissness is not attributable to myself as it took place in the time of the former Collector, but it seems quite unnecessary) to enter further on the subject now.

Bellary Collector's Office
14th June, 1837. - - - -

Resolved that the letter above recorded and its enclosures be

Fort St. George 14th July 1837.

submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to Extracts of Minutes of Consultation 12th May and 12th June 1837.

In Con. 19th May 1837
In Con. 19th June "

2 The Collector reports that the actions instituted against him in the Sub: Court by the two sureties of Ramu Chetty, for the recovery of the 9,000 Rupees which he had realized by the sale of their effects and carried to the public credit, have been withdrawn and struck off the file of the Court, Khristamma Chetty the father of deceased having amicably arranged the matter with them. He states that the surplus of Rupees 426-7-0 realized by the sale of the property (after the defalcation had been made good) together with all other property that was attached has been made over to Khristamma chetty and his receipt obtained.

3 The Collector again urges for favorable Consideration his request that the Commission of 5 per Cent, amounting to Rupees 1221-12-0 on the defalcation now obtained, and which would have been deducted if the Stamps had been sold may be allowed to Khristamma Chetty but

Fort St.e George 14th July 1831.

but under the views already expressed on this point by Government the Board feel precluded from again soliciting the indulgence. They would only remark that altho' the proceeds of the original sales were not accounted for in a regular manner, the full value of the Stamps has been realized by Government.

4. Mr. Pelly considers that, at this late period, it would be very difficult and inexpedient to substantiate any charge against the Court Vakeels, or for the Court to deal with them under provisions of Section Regulation XIV of 1816 as they suggested.

with Teervagastee upon their wells contrary to the Rules laid down by Sir Thomas Munro. I have the honor to state as concisely as possible the nature of the Wells on which this Extra assessment has been charged. the Board will then be enabled to judge the propriety or otherwise of Collecting this Tax which was sanctioned by Sir Thomas Munro and is at present in full force in the neighbouring District of Bellary which formed with that of Cuddapah one District and was governed by one Revenue system and which seems to have been sanctioned by the Board of Revenue in the Extract of their Proceedings dated 16th November 1040.

2. During the annual Settlement of the Current Fusly, it was brought to my notice that a number of Wells Commonly known by the name of "Gareesabaveedee" or Wellsdug in

in light sandy soil, the interior of which is lined with wicker work instead of stones had been dug during the last and for the several years previous, the expence of which is a mere trifle and upon which, Jeroa-jasty had usually been levied- The Cultivators under them obtaining two Crops from the wells, the one of Ragee the other Indigo-

3 Some of the Ryots objected to the additional assessment being levied, as they alleged the Wells had been lined with stones instead of as wicker work and could not come under the definition of "Garees abavedee", it was deemed advisable that I should proceed in person and examine those Wells, but as it was impracticable to inspect each Well separately the Village of Paulagery was proposed to be examined as in it there were a number of Wells of the description above referred to, and this was considered a fair specimen of all the other Villages, the decision passed upon those Wells would apply to those of a similar nature-

I

4 I accordingly proceeded to the above named Village and examined both the Wells and the land irrigated by the water drawn from them The whole of the land forms nearly a level plain on the side of a small river in which during the dry season, water can be obtained by excavating from 6 to 12 Inches- The soil from which those Wells are excavated is composed of red mud and sand, in re-moving which, there is no difficulty and the expence trifling- One half of the Wells, the whole amounting to 12 or 14 were literally "Garees abavedies" and the remainder had been lined with stones but formerly were wicker work- On my enquiring the cause- I was informed that the expence of wicker was annu-ally or at furthest 10 Months, Rupees 10 and that the expence of lining them with stones, cost from 30 to 40 Rupees the stones being in the immediate neighbourhood: thus by the outlay of Rupees 40 at once in 4 or 5 Years, the Ryot is reimbursed and obtains a saving of 10 Rupees annually after that time- This stone work will last for 30 or 40 Years

years. The Board has approved of Col-
=lecting Teerwajasty upon those "Garasa-
=baveedies" - It remains to decide whether
those Wells now built with stones, but
which were formerly lined with wicker
work are to be exempted from the assess
=ment or not - I am of opinion that in
justice to Government they ought not
because the Ryots themselves are in a
very few years reimbursed for the expen
=diture of building with stones and it
is hardly fair to charge Teerwajasty upon
the poorer classes or those who cannot
Command the immediate capital suf
=ficient to line their Wells with stones
and exempt those who can-

3 The plain in which those
Wells are situated is above the bed of
the river bout 7 feet - as soon as the well
is sunk to a depth equal to the level
of the bed of the River a supply of
water is found, after which the soil
to be excavated is merely pure sand
digging out this sand for 3 or 4 feet
below the level of the bed of the River
an abundant supply of water is
procured which refills immediately

on

on being drawn and does not dry up even
during the hot weather; this sand is of a
very soft nature unfit for building, as
the Ryots are therefore obliged to place
beams along the bottom of the Well in
order to support the stone facing which
may afterwards be erected -

6. The assessment of this
land was found to average from 16 4 Con=
=tary Fanams per acre or from 4 annas
8 Pice up to Rupees 1-2-0 - The crops stated
to be obtained were as follows; at a very
moderate Calculation 3/4 of a Candy of
Ragee valued 10 Rupees - 3 Rupees value
of Straw, total 13 Rupees together with a
Indigo leaf equal to the same amount -
thus the Net produce of the land Amounts to 26 Rs
Rupees and taking the assessment at 2 Fanams
the amount to be paid to Government
will be 9 annas and 4 Pice per Acre, the
remainder of Rupees 25-13-0 as a remu=
=neration for labor and outlay of Capital.
As all these wells are situated on the
same species of soil and whether built
up at once with stones or at first lined
with wicker work, I am of opinion Teer=
=wajasty ought to be levied, and all the

Wells

Wells whether built up with stones or not I consider come under the definition "Gareesabaveedee".-

7 Disputes having arisen regarding the propriety of collecting Teervajasty upon certain Wells situated in the Village of Condoor, the Deputy Tahsildar of Palavendla Taluk was deputed to examine and report on the nature of the Wells in question; he went inspected and declared them to be of the same nature as those belonging to the village of Poulugery- he further stated that he had procured three labourers and commenced digging a well at two P.M. of one day and by the same hour of the following he had obtained a good supply of water, allowing time in the interim for the labourers to sleep and prepare their food. This would shew the small expence and little trouble with which this species of well can be constructed, and further on preparing the settlement in Summulmundgoo Taluk it was found that the late Collector Mr. Blane had ordered Teervajastee to be collected on similar wells

wells. should the Board object to the levying of Extra assessment upon such wells lined with stones the loss sustained by Government will be very considerable and the wells now lined with wicker work will in all probability be exchanged for stone when exemption will be claimed on account of the Extra expence, whilst in fact in the course of 5 or 6 years the Ryot who faces his wells with wicker work and who pays the Extra assessment is at a greater expence than he who faces his well at first with stone.-

8. Whether the terms "Gareesabaveedee" is merely applicable to those wells lined with wicker work as the word "Gareesa" seems to imply or whether it will apply to all wells dug in light sandy soil where little expence is incurred although lined with stones I am not sufficiently able to judge, but from the foregoing Statement the Board will be able to settle the point and decide whether Teervajasty ought to be collected or not.-

9. I would at the same time beg to draw the attention of the Board to the point whether 3 Pago. dasor Rs. 8-12-

from

from which must be deducted the usual remission of one fourth Rupees 2-3-- leaving Rupees 6-9-- is not a sum too high for a minimum in the levying of Teerwajasty on such wells should a second Crop not be obtained from the land liable to the extra assessment, the profit to the Ryots is very small. This minimum has been in force in the District for many years, being established by Mr. Lacon in Fusly 1243, I think one of a lower standard might be introduced into the District with great benefit to the people.

Cuddapah District,-
Collector's Circuit Cutcherry-
at Muddenpully-
27th June, 1831.- - - - - -

Signed/ Mc. Murray
Acting Collector

8th Jan 1360

Proceeding thereon-

36-37

It appears from para 2 of Mr. Murray's letter and from the Petitions themselves that the wells referred to were dug several years ago- The Ryots urge that they constructed the wells on the understanding that Teerwa Jastee was not to be imposed and that they have never been called upon to pay this additional impost till now- the present Collector will explain under what terms the wells were constructed, and why the extra tax has never been imposed.-

Mr. Murray classes all
2 the wells referred to in the Petitions under one denomination Viz. Garis- a cross wells, but in looking into the Petitions it seems doubtful whether they should all fall under that class- The Collector should consider the circumstances of each case according to its merits.-

It appears that wells in
3 such a position that "the water of a Tank or Channel" will flow into them are liable to the extra assessment- The Collector will be pleased to consider whether this rule strictly applies to the wells of the Petitioners or whether special circumstances exist which render Petitioners exempt.

From Acting Principal Collector 14th October in box 26th October 1043. P. 53. No. 3
Rds. Pro: 12th Sept. 1844 P. 11.

Mr. Murray is of
4. opinion that the present Minimum Teerwa Jastee of 3 Pagodas which was first introduced in Fusly 1243 is too high- The Board have never confirmed the rates then introduced. The Collector will be pleased to submit his views on this point, and to state what standard should in his opinion be adopted meanwhile

Pro: 16th September 1850

Fort St. George 14th July 1851.

meanwhile the parties will be informed that Teerwa Jastie will not be imposed this year.

5. Ordered that the Petitions received with the foregoing letter be returned to the Collector and he be furnished with the following Copy of the orders given to the Petitioners by the Board.

"The Collector having been called upon to report fully regarding the imposition newly of Teerwa Jastie on certain Wells in some of the Villages of the Talooks of Canalapoorum and Poolevendala, this Extra Assessment will be suspended in those cases for Fusly 1260."

Final

Fort St. George 14th July 1851.

Final orders on the question at issue will be passed by the Board hereafter.

Order thereon

(38.39)

Ordered to be recorded.

Read again Miscellaneous Return of Trials &c. from the Agent at Kurnool dated 24th June and entered in consultation 3d July 1851.

(40)

Read again also Return of Persons confined &c. from the Agent at Kurnool dated 24th June and Entered in Consultation 3d July 1851.

No. 1358

Proceedings thereon.

In the Return of Trials cases Nos 5 and 6 Soobiah and Nagaiah Karnams of Mootaloor were respectively convicted of Embezzling 3d. class of offence in clause 2 Section II / the former Rupees 179-2-5. and the latter Rupees 71-1-8. and were sentenced to pay under clause I Section V, the amount they embezzled, besides separate fines of Rupees 80-0-0 and Rupees 40-0-0, In the Column of remarks, it is stated that property to meet the Amount was not discovered and that these men are in confinement; but it is observed that these names do not appear in the Returns of Persons in Confinement.

2.

In the Return of Trials it is also

F.P.R.

Fort St. George 14th July 1851.

also observed that in case No. 7 Obul reddy and yercul reddy Karnams of Chintagoontah were together convicted of embezzling and misappropriating Rupees 187-14-7 and were sentenced to pay that sum besides a fine of Rupees 75-0-0 under Clause I Section V- that the former sum had been collected, but the fine had not been levied yet it does not seem that they have been imprisoned as their names do not appear in the Return of Persons in confinement.—

3.

The Agent will therefore notice in his next Return how these parties have been dealt with.—

4.

In the Return of Persons in confinement it is remarked that the sentences in cases Nos 2-3-4- and 5 are not in strict accordance with the Regulation. — — —

9568 Fort St. George 14th July 1851.—

reference to the degree of criminality of each offender as well as to his circumstances in life but should in no case exceed 500 Rupees and the imprisonment should be held as equivalent to the fine, if not paid but should not exceed 12 Months—.

45

Bd. No. 1275.

From the Collector of Chinglepat ---

Sir,

I have the honor to acknowledge (Yesterday) your letter dated 29th Ultimo calling upon me in reference to Para 20 Extract from the Minutes of Consultation under date 22d. Instant therein annexed to explain when and by whom the practice of keeping the Ghy but Chest was established whether I ever examined the Box in my Examinations of the Treasury. On this point I beg to state that I am unable to afford the explanation required, but that to the best of my belief the practice was established long before I joined the District. In regard to the 2d. point I beg to reply in the affirmative, though such examination was but seldom made, and more as a matter of form from time to time as the amount had been already debited and as the accounts of disbursements were in the Native language and the European

9572 Fort St. George 14th July 1851.—

Comprizing an amount already debited in the Treasury being kept in the Native language the European Examining Officer had not the means of satisfying himself of the Correctness of the contents of the Ghy but Box, for which the Treasurer was responsible on supervision exercised by the Head Sheristadar.—

Chinglepat District,
Collector's Circuit Cutcherry,
Cuttevauk, 5th June, 1851.—

/Signed/ J. H. Cochrane

No. 1370.

Proceedings thereon.

No. 292.

Resolved that the foregoing

45-46

letter be submitted for the information of the

In Cons. 29th May 1851.—

Right Honorable the Governor in Council with reference to para 20 of Extract Minutes of Consultation 22d. May 1851.—

2. Mr. Cochrane is unable to state when and by whom the practice of keeping the Ghy but Chest was established but believes that it originated long before he joined the District. He explains that that Chest was examined though seldom and more as a matter of form, as the amount had been already debited, and as the accounts of disbursements were in the Native language and the

European

Fort St. George 14th July 1851.—

European Examining officer had not the means of satisfying himself of the correctness of the contents for which the Treasurer was responsible on supervision exercised by the Head Sheristadar as the Ghy but practice as it existed in Cuddapah has been discontinued, the communication we submitted does not call for remarks from the Board further than that the fact of the Ghy but disbursements being kept in the Native language is not, in their opinion a sufficient excuse for the Examining Officer not satisfying himself as to the correctness of the contents of the Ghy but Chest. a partial Examination pro forma was obviously useless.—

Read again Abstract of Demand Collection and Balance from the Collector of North Arcot dated 20th and entered in Consultation 26th June 1851.—

47

№ 1374.

Proceedings thereon.—

No European Officer having been available for this duty the examination of the Treasury by the Head Accountant was proper, and in Conformity with

Fort St. George 14th July 1851.—

with the instructions of the Board of Revenue. In reference however to the Circular order of 12th June 1851. the previous inspection of the Treasury Accounts by a Member of the Sheristadar Department prescribed therein should in no case be omitted, by whomsoever the Cash may be examined.—

Read the following letters.

№ 45

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

48

Bde № 1566.

From the Collr of South Arcot.

Repeating the manner in which the business is conducted in the Treasury.

Sir,

I have the honor to make the following reply to your Circular letter of the 9th Ultimo calling for information regarding the manner in which business is conducted at this Treasury.—

2. As it is essential that the pay of the Talook Establishments should be exhibited regularly among the Monthly disbursements it is the practice at present to debit the amount in the Treasury accounts at the close of each Month, and despatch it to the different Tahsildars by the

Fort St. George 14th July 1851.—

the Peons who arrive about that time with the Taluk remittances. The money thus occasionally remains for 3 or 4 days in the Treasurer's hands in a separate or "by-but" chest. This chest would be open to the inspection of the Officer inspecting the Treasury- but the examination has generally been made at an earlier period of the Month, in order that the certified Statement of the cash balance might accompany the mid-monthly report made to the Accountant General.—

3. Advances for Maramut and other purposes are only debited in the Hoozoor Treasury on the day when the disbursements are actually made- and the Taksildars are not permitted to debit any sums in their accounts until they are actually paid to the parties to whom they are due.—

4. During my absence from the Hoozoor station, persons are permitted to present Accountant General's bills to the Treasurer, who forwards them on to me for acceptance, and the sight commences from the date on which the bills are presented at the Treasury.—

The

Fort St. George 14th July 1851.—

5. The greater portion of the Money in the Treasury is kept in Chests under the Collector's Seal and key but some cash is always allowed to remain in the Treasurer's hands to meet current expenses. The sum varies according to the anticipated demands on the Treasury, but it is sometimes large, amounting to a lac of Rupees, as independently of the numerous bills drawn by the Accountant General on this Treasury, periodical payments of considerable sums have to be made to the French Government. The Money thus deposited in the Treasurer's hands is always produced for examination when the treasury is inspected.—

South Arcot ——

50

Bd. No. 1327.
From the Collector of South Arcot. —

Sir,

I have the honor to enclose for the Board's information, an Extract from the re-audit of the accounts of this Collectorate for Fasly 1259 containing the Civil Auditor's objection to pass a charge of Rs A P 4-14-9 paid in that year to Casaven, son of Audinoolam a ryot, whose case formed the subject of the correspondence noted in the Margin.

Enclosing Extract from re-audit and requesting general sanction for paying 4-14-9 on account of the land taken away from a ryot. —

To Bd. 27th August /28.
From Do. 11th September —
To Do. 2d October — "
From Do. 23d Do. — "
To Do. 29th Do. — "
From Do. 1st December — "
To Do. 12th Do. — "
From Do. 29th Do. — "

2. It will be seen from the papers above referred to that in consequence of the Collector Mr. Hyde having

9578 Fort St. George 14th July 1851. —

having taken a piece of ground belonging to Audinoolum the Government thought it necessary under the peculiar circumstances of the case to grant him compensation, and directed that the Sum of Rs A P 4-14-9 being half the annual Quit rent — be collected on the ground should be paid for the purpose. Hitherto this payment has been included in the Statement of charges incurred without Estimate and submitted for annual sanction, but as the Board directed in their Proceedings of 19th June 1848. that it should be excluded from that Return in consequence of

Post 1st George 14th July 1851.—

of the fixed character of the charge, it had been brought under the Head of Extra charges.—

3 The original encumbent being dead, the payment was made to his son Cadaven in the family in question and the Collector requires Connection for this and subsequent payments of the same until the Authority of Government may be obtained for keeping the Lungk 4-14-0 annually to Cadaven for the fasles 1255. and 1258. and for continuing the payment of 2 Loss 12 Sp. to his mother Allamandoo Cadaven

Leaving dead in that year.—

Collector.

Extract.—

No 1 Extract from the Re-audit of the accounts of the Collector of South Arcot from 12th July 1847. to the 11th July 1848. on account of Expences for Fusly 1857.

Kambam

Charges objected to.		Remarks of the Civil Auditor.—
Extra Charges.—	6R 1 a P	
3 Paid to Casaven, son of the late Ademoodum on account of Coodivarum for his land for Fusly 1256 Charged in August 1847.—	4 14 9	3. The Civil Auditor observes that the payments on this account in the past fasles are included in the Statement of Charges sanctioned by Government Annually Consequently the sum under retrenchment cannot be admitted without the sanction of Government in the name of the present incumbent, as well as the subsequent payments.—

(True Extract)
(Signed) E. Maltby.—
Collector.—

Fort St. George 14th July 1851.—

No. 1369.

No. 291.—

Proceedings thereon.—

(50·51)

Resolved that the letter above recorded with its enclosure be submitted for the orders of the Right Honorable the Governor in Council with the Board's recommendation that the Civil auditor be authorized to admit the above charge of Rupees 4-14-9. paid to Casaven in Fuslies 1257 and 1258, and for continuing the allowance from Fusly 1259 to allamailoo.—

2.

It will be observed that the above sum was annually paid to Audimoolum a ryot, who was deprived of his land, under an order of Government dated 28th November 1828, and hitherto included in the Statement of actual Charges incurred without Estimate submitted thro' this Office for Sanction. In their Proceedings however of 19th June 1848. the Board directed that as the charge was a fixed one, it should be omitted in the future Statements.—

In Cons. 1st Dec. 1828.—

3.

It will be further seen that on the death of the original incumbent the payments for Fuslies 1257 and 1258, were made to his son, Casaven, and as he is also reported to be dead, the payment from Fusly 1259. is to be continued to Allamailoo, the mother of the said named party.—

No. 41

(52)

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.

B.R. No. 1460
From the Coll. of Tanjore

Sir.

In transmitting copies of authorities No. 12 and 13 called for in the 2d para of your letter of the 1st Ultimo, I have the honor to inform you that the payment of charitable allowances therein alluded to are included in the Standard Meyzanabi-tah for Fusly 1228 sanctioned by Government on the 9th September 1847.

Tanjore
Hodycaray 26 June 1851

/Signed/ J. F. Bishop
Collector

No. 1

No. 371

To J. F. Thomas Esqre
Chief Secretary to Government

Sir.

Para 1. I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Tanjore relative to certain charitable and Pagoda and Mosque allowances paid in Fusly 1252

From Coll. 1st Dec. 1845
To Do. 22d Do.
From Do. 2d June 1847
To Do. 21st Do.
From Do. 9th July.

and

Charitable allowances

and retrenched by the Civil Auditor.

2 From these papers it will be seen that the sum now payable under the head of Charitable allowances in the District of Tanjore is Rupees 11,620-3-11 whilst the amount sanctioned on this account for Fusly 1228, the Mozenzabetha of which year under the orders of Government dated 4th March 1819 is conside-red as the Standard of fixed payments, was Rupees 16732-9-11 the difference Rupees 5,112-6-. having been caused by the Annual department since Fusly 1228.

3. It will also be observed that the amount sanctioned in the Fasly named above, on account of Pagoda and Mosque allowances was Rupees 145,893-15-8. and that the sum now payable under this head is Rupees 145,866-2-2. being Rupees 27-13-6. below the fixed amount arising from the subsequent discontinuance of certain allowances.

Pagoda and Mosque allowances.

4. The Collector has therefore applied for renewed Sanction

Sanction for the following annual payments, Viz^t;

Charitable Allowances Rupees — 11,620-3-11

Pagoda and Mosque Allowances — 139,398-2-2

D° D° at Vadarniem — 6,468-"-"

Total Rupees — 157,486-6-1.

and he also requests special Sanction for the following sums paid in Fusly 1252 and retrenched by the Civil auditor, particulars of which are given in enclosures 1 and 2 of his letter dated 2d June last.

Charitable allowances — 12,048-2-1

Pagoda and Mosque allowances 141,502-12-2-

Total — 153,550-14-3.

5 Under the explanation afforded by the Collector the Board beg to recommend that the Civil auditor may be authorized to pass the payments made in Fusly 1252 alluded to above and that renewed Sanction be granted for continuance of these allowances.

Revenue Board Office.
Fort St George — 9th August 1847 —

No 994.

Extract from the Minutes of Consultation under date the 9th September 1847.

Read the following letter from the Board of Revenue.

(Here enter 9th August 1847 No 371)

Para 1. Under the explanation afforded in the foregoing letter the Most Noble the Governor in Council sanctions the continuance of the Pagoda and Mosque Allowances of Tanjore District according to the reduced Jusdek amounting to Rupees 1,45,866-2-2 per annum and also the payments made in Fusly 1252. and subsequently which will enable the Civil auditor to admit the charges on this account to the past Fusly 1256 without a further reference for Sanction.

From Board of Revenue 18th February 1819 No 76
To Do 4th March " No 134.
To Civil Auditor - - - - - - - - " - -

2. It is observed that most of the Charitable allowances entered in this Statement are individually the same which received the Sanction of Government in the Collector's Moyen-Jabetha for Fusly 1228 and which the audit office was instructed to admit according to that Sanction until a general or particular revision of the charges should take place. His Lordship in Council does

does not therefore see any necessity for the renewal of the sanction of Government for the continuance of these allowances as required by the Civil Auditor. It is the province of the Civil Auditor after a comparison of the account particulars of Fusly 1228 with the detailed List furnished by the Collector for Fusly 1252 to point out the particular items which have been continued without the authority of Government and to which alone he can justly take exception and this appears to be the course enjoined by para 12 of the Regulations of the audit Office established under date the 5th January 1811.

Number	Name of the Individual	Amount per annum	
245	Krishnavingan	43 12	"

Vide No 109 in details List of Fusly 1228 Rs 43 12 per annum.

No corresponding amount in the above List.

None in the List corresponding in name and amount.

Vide No 138 in the List of 1228 Rs 17½ per annum

No corresponding name in the List

Vide No 13 of Gram Cattalay in the List Rs 40 3/4 per annum

No corresponding name in the List

Ditto.

Ditto.

Ditto.

Excepting the items noted in the margin which do not correspond in name and amount with any entered in the Mogeypalatha of Fusly 1228 and which therefore require explanation His Lordship in Council desires that the retrenchment of the allowances specified marginally in the preceding para

para may be withdrawn and that the payments made in Fusly 1252 and subsequently be admitted on audit according to the particulars furnished by the Collector in the present List. The remaining items noted in the margin of this para will also be passed by the audit Office and continue to be disbursed by the Collector as heretofore pending the final sanction of Government on the explanation called for in respect of the discrepancies pointed out.

4 His Lordship in Council also sanctions the amount disbursed to the past Fusly on account of Pagodas, Muddums and Cluttrums entered in the same Statement at Rupees 10,480-8-11 per annum which sum will continue to be paid in future as the authorized allowance for the support of the

Pagodas Muddums and Cluttrums	amount per annum Rs	a	p

No 295.

Extract from the Proceedings of the Board of Revenue dated 20th September 1847.

Read the following letter from the Acting Sub Collector in charge of Tanjore dated 17th August 1847.

(Here enter No 47)

Resolved that the foregoing letter

letter and the Statement which accompanies it be submitted for the orders of the Most Noble the Governor in Council with the following observations.

Recommended for sanction under the explanation of the acting Sub Collector. The Board observe that these items should have been included in the Statement of Extra charges for Fusly 1253 in which case they would have been passed in the usual course.

Nos 8 and 9.

Nos 68. and 69. The Extract from Minutes of Consultation dated 9th Instant No 994 contains the necessary orders on the subject of these charges. No further orders therefore appear necessary.

No 95 This charge is included in the sum of Rupees 714-7-11 incurred in Tanjore in Fusly 1253 on account of Early Hire &c and received the sanction of Government under date the 7th August 1845 as per account Particular No 3 forwarded to the Civil Auditor. No further sanction seems therefore necessary.

(A true Extract)

Acting Secretary

Extract

Fort St George 14th July 1851

No 1097

Extract from the Minutes of Consultation under date the 7th October 1847.

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 20th September 1847 No 435)

Para 1. The Most Noble the Governor in Council sanctions the items Nos 8 and 9 retrenched from the accounts of the Collector of Tanjore for Fusly 1253 amounting to Rupees (93-8-") Ninety three and annas eight.

8- Conveyance of Sugar Cane } Rs 86 — "

9- Cumblies for Treasury Department } 7-8-"

2. The Civil Auditor is referred to the orders of Government of the dates quoted in the Board's Proceedings for the requisite sanction to the other items Nos 68-69 and 95.

3. His Lordship in Council observes from the remarks of the Civil auditor on item No 69 that the Collector has been required to furnish two detailed Statements of the payments made on account of Pagoda and Mosque allowances for Fusslies 1252 and 1253 The necessity of this requisition is not obvious to His Lordship in Council and as a Statement of the Kinds was laid before Government with the Board's Proceedings of the 9th August 1847 No 371 he is enabled to say that such Voluminous accounts encumbered with

apparently

Fort St Geo[illegible]

apparently useless [illegible] retard than expedite [illegible] audit and moreover prove [illegible] to the Collector's establishment besides burthening the record of the Audit and Collectors Offices. It appears to his Lordship in Council that where no change has taken place in the annual disbursement of the Pagoda and Mosque allowances according to the sanctioned Jusdeck it will be sufficient for the Collector to report the fact for the information of the Civil Auditor who will pass the amount, if it corresponds with the sum total of the Jusdeck, but where changes have occured in the payment of the year it will be sufficient for the purpose of Audit if such changes alone were specified in a separate Statement shewing the amount in aggregate paid according to Jusdeck and the changes in detail for each Institution which will also serve as a check on the payments of the following year.

Order thereon. Ordered that the following letter be sent in reply.

52.53

To. The Acting Collector of Tanjore.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 26th June 1851 forwarding certain Vouchers respecting the retrenchments in your accounts for Fusly 1255, submitted with your letter of 7th April 1851.

2. In reply I am instructed to state that the Board will be prepared to recommend the items retrenched for the sanction of Government on being furnished with a Statement in the form enclosed from this office under date 18th May 1846, for the arrears of yeomiah paid to the several parties, and the period for which such arears were granted.

3 The Board observe that the total amount of Charitable allowances payable in your District for Fusly 1252 according to the list dated 31st May 1847 is Rs 11621-3-11 but by a subsequent one dated 27th December 1848 for the same Fusly the total is Rs 14,841-4-3. and request you will explain the cause of this difference.

No 66-

To.
W. H. Bayley Esqr
Secretary to the
Board of Revenue,
Fort St. George.

57

B. No 1168-
From the Collector
of Madura.

Sir,

I have the honor to request
the sanction of the Board to an arrangement
by which the Salaries of certain Servants in
the English Department of my Cutcherry
will be made proportionate to the duties
of their respective Offices without expense
to Government-

2- The duties of the Maramment
Writer, under the strict system of Supervision
which now exists demand great Labour
and intelligence on the part of the Incumb
bent. Besides a great deal of Copying,
he has to translate the Diaries of the
Civil Engineer and his Subordinates for
the

the instruction of the Talook Officers. and on him depends a proper adherence to Forms in the preparation of the Bills. As the nature of the Department requires a frequent reference to former observations and Estimates of the Civil Engineer and there are numerous Rules to be observed, it is very desirable that the Writer should not only be industrious and able, but also of long standing in the Office -

3. The Salary of the Office which is only 35 Rupees, seems to me inadequate to the duty, and its smallness renders it difficult to retain an efficient person in it for any considerable time without hardship -

4 - Another Officer whom I deem underpaid and whose efficiency is increased by length of his Service, is the English Record keeper, who also receives 35 Rupees per Month -

5 I have now an opportunity of increasing the pay of the abovementioned Servants without expense to Government, if the Board will sanction a readjustment of the pay of the Head Accountantships of my Office, which is now vacant, owing to a Pension to the Incumbent having been sanctioned by Government. The Salary is 100 Rupees a Month -

Of

Of this I would propose to allot 15 to the Maramut Writer, making his aggregate Salary Rs 50 and 5 to the Record keeper making his Salary 40, leaving 80 Rupees per Month to the Head Accountant -

Madura, 20th June, 1851.
B. No. 1366 -
Proceedings thereon -

(57.58)

/ Signed / R. D. Parker
Collector

The Board of Revenue regret that they cannot support the recommendation of the Collector to reduce the pay of the Office of Head Accountant from 100 to 80 Rupees per Measom - They conceive this situation to be a very important one and not too highly paid at the present rate - they observe also that 100 Rupees is about the average rate of the Salary of the situation of Head Accountant in the several Districts -

From the Collector of Madura - -

Sir,

With reference to your letter of the 25th February 1850, I have the honor to state that in the time which has since elapsed

Fort St. George. 14th July 1851.

elapsed. I have only been able to classify by means of my own Establishment 128 out of 900 Bundles, a list of which accompanies and that I despair of accomplishing the object without the aid of Extra Cooumastahs-

2. At the same time my desire for the examination of these Records has been increased by the discovery of a rough draft of the account, of which I enclose a Copy in Hindoovee and English- This shews the mode in which the assessment was fixed on Nunjah lands in certain Villages in the Sub Division and seem to be connected with Mr Hardis' Report of 18th February 1803. At present I have no data whatever to enable me to comply with the requisition contained in the Board's Proceedings of the 30th July 1849 Viz:, "to shew the extent of all lands assessed with a consolidated two Crop Rent, and to endeavour to determine the proportion which when the accounts of produce were prepared at the survey of Fusly 1212 was assessable in a single Crop." For this purpose I require accounts of the fields cultivated with the

respectively

Fort St. George 14th July 1851.

respectively in the Fyoul year which (with possibly the exception of one or two Villages) are not now forthcoming- The discovery of the account now forwarded gives a hope of some Documents of this nature being contained among the unexamined Duftors and I beg, therefore, strongly to reiterate my request for the extra Establishment applied for in my letter of the 4th February 1850.-

3. It is impossible for me to account for these Duftors having been left in the state they are further than by stating that they appear to relate to periods long passed and that some of them are Persian which has not been understood in the Cutcherry for many years.-

Madura, 27th June 1851.

Resolved

9561.

Fort St. George 14th July 1857

B: No. 1365

Resolution 59.60

Resolved that the Collector be requested to include the Salaries of the 10 Extra Goomastahs (or such less No as may now suffice) who are required to arrange and classify the records of his Office in his Estimate of Extra Establishment for July 1261 and to submit the same for the Sanction of Government.—

2. Mr Parker will be pleased after the above records have been assorted to furnish the Board with a list of those he would propose should be destroyed as useless.—

J.R.

To

9562.

Fort St. George, 14th July 1857.

No. 72.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

61

B. No. 1567.

From the Collector of Madura.—
In reply to Board's Circular letter of 9th Ultimo reports the practice of his Treasury on sundry points.

Sir,

1 In reply to your Circular letter of the 9th Ultimo, I have the honor to state that in the Madura District the pay of the Taloor servants, advances for Maramut and generally all sums to be sent from the Hoozoor to the Taloor Treasuries are written off in the Treasury Books at the time of dispatch and not before.—

2. There are two Items which are written off the Books before actual payment, and remaining in the Cash keepers charge do not enter into the Balance of Cash heretofore examined periodically Viz. The pay of the Hoozoor Establishment, and sums ordered to be paid to claimants on the Native Pension Fund.—

3. When he receives the order for disbursement of the Salaries of the preceding Month, the Cash keeper forthwith pays all

Fort St. George, 14th July 1857.

all the servants who are present. The remaining sum he keeps separately and pays each individual as he applies, furnishing a daily account to the Collector in a book. Any Balance that remains on this account at the end of the Month is returned to the Ayen Account, entered under the head of Deposit; and subject to the periodical examination of the Collector. The continuance of this practice appears to me unattended with any danger and expedient to prevent repeated entries in the Monthly Account Current, which would be necessitated if the whole Amount of Salaries not paid the first day were at once reincluded in Ayen.

4- The sum in the Cash keepers hands on account of the Native Pension Fund is very small (36-8-9) and is also exhibited in a Book for the Collector's information.

5- I have desired that both the sums above mentioned be included in the Monthly examination and in the Certificate thereof forwarded to the Board.

6- Accountant General's Bills are presented to the Cash keeper who sends them to the Collector with an Urzee stating the day of presentation which is endorsed as the day of

Fort St. George, 14th July 1857.

of acceptance. The same course is pursued whether the Collector is present or absent from the Hoozoor except as regards "Sight" and "Paymasters" Bills which in the Collector's absence are disbursed by the Cash keeper at once and reported, being shewn however to any of the Assistant Collectors who may be present at the station.

7- A certain amount of Cash remains in separate Chests under the seal of the Collector or his Assistants and about Rs. 70,000 is left in the care of the Cash keeper to meet charges. This sum is of course greatly enhanced towards the end of the Monthly remittances from the Talooks, but transfers are immediately made to the sealed Chests.

8- In the Talooks, the advances made to the Tahsildars for Inaamut and the Sibbendys pay not immediately disbursed, with many other Items, are kept separate from the Ayen; but they are all exhibited in the Monthly report of the examination of the Treasury so that the Hoozoor is perfectly well acquainted with the sums of many under every Head which should be forthcoming.

forthcoming in each Talook.

Madura. 5th July, 1851.

63

B. No 1626.
From the Collector of Madura.

Sir.

I have the honor to request you to submit an application for permission being granted me to go to Europe on private affairs for three years with the benefit of the furlough allowances as I have completed a residence in India of more than 10 years, the date of my arrival was 29th February 1840.

I wish if possible to go Home by the Steamer which leaves Madras about the 8th August and to enable me to proceed to Tuticorin the port from which I would embark so as to be in time to catch the Steamer when it touches at Point de Galle. I beg you will also obtain for me one Month's leave of absence under Sec. XI of the Absentee Rules to commence from the date of my leaving this District. My last leave under this Rule was in February 1847.

Madura 9th July 1851.

/Signed/ V. H. Lovenge
Acting Sub Collector.

The Collector recommends that this application may be complied with.

Madura 9th July 1851.

Fort St. George.

65

Bd No 1387.
From the Collector of Tinnevelly....
Reporting upon Petition No 1616 of 1850.

Sir.

I have the honor to report upon Petition No 1616 of 1850 as follows.—

2 A Maximum of 30 Seed Cottahs of Nunjah land in the Village of Caddapagoody belonging to the Saithoor Zemindary which is claimed by the Petitioners is found by the Accounts to have been from a period before the assumption of this Province by the Company in the enjoyment of the ancestors of the Petitioners and the Petitioners themselves occupied the same down to Fusly 1255. In Fusly 1256 when they were going to cultivate the lands as usual the present Zemindar's people stopped them upon which they complained to the Sub Collector who, after enquiring into the Case, passed an Endorsement

dated

dated 16th September 1847 referring the Petitioners to the Civil Court. This decision was also confirmed on Appeal in the Collector's Office by an Endorsement dated 9th December 1847 which stated that as the Maniam in question did not appear to have been granted for any service but bestowed out of favor the Collector would not interfere in the case and that the decision of the Sub Collector was therefore confirmed.—

3 Upon this the Petitioners seem to have addressed to the Board the Petition now under report.—

4 The Petitioners possess a Deed of gift on Cadjan (translation accompanying) purporting to have been executed on the 11th of Sithery of Nundana year Anndoo 948 by Vadamaly A.D. 1777 Seeroovunnamoodoo Coomarasawmy Saver Zemindary of Saithoor to Dalavoy Alagappa Moodeliar, defining the boundaries of the Maniam land in

question and stating that the grantee may enjoy the lands as Survamaniem from generation to generation.—

5 On a reference to the Register of Mannims in the Office bearing the signature of Collector Mr. Hudleston 30 Seed Cottahs of Nunjah land in Cadapagoody Village in the Saithoor Zemindary are entered in No. 18 in the name of Seettarappa Moodliar grandson to the above named Dalavoy Alagappa Moodliar as granted for subsistence to be enjoyed as Survamaniem for ever and that there is in support of the grant the before mentioned Cadjan document. Mr. Hudleston moreover sent an order on the 30th May 1821 when the Saithoor Estate was under the Collectors Management to the Amun in Charge to make over the Maniam in question.—

6 It is admitted on the part of the Zemindar by Deposition given in 1847 by his Curnom Mooteroo.—

Mooteroolapa Pillay and by his Vakeel Swadinaigum Pillay that Petitioners predecessors and themselves held the Maniums lands now claimed by them from the time of the present Zemindar's grandfather till fusly 1255 and the Pyacam accounts produced by the Curnam prove the same fact. The Zemindar himself also in his Arzee to me dated 12th May last (translation enclosed) allows that such is the case though he disputes the genuineness of the document produced by Petitioners but asserts his right to sequester the Manium. The reason given by him for having done so is that the Peishcush on his Paliput is so high the amount having been raised above what used to be paid to the Nabob when the settlement was made after the assumption of the Province) that without adopting the measure of sequestering some of the lands held as Maniums he is not able to pay it. He also justifies the resumption of the particular

particular Manium in question on the ground of its having been bestowed on Petitioners' ancestor as a bribe to secure freedom from ill usage when he governed the Province.

Under these circumstances it is evident that the deprivation of Petitioners by the Zemindar of their Manium held from before the date of the Permanent settlement of the Estate made by Mr. Lushington after 1801 is contrary to law and Petitioners ought to be reinstated under the Provisions of Clause fifth Section V Regulation XII A. D. 1816.

Sinnevelly 13th June 1857.

Collector

No. 2.

Translation of an Urzee addressed
to C. J. Bird Esqre by Vadamaly
Sirovumma Sauer Zemindar of Saithoor
under date the 12th May 1851.

I received the Huzzoor order
No. 3 date the 17th March last and
the order Noted in April on the
same subject stating that on referring to
the records regarding the Statement contained
in Petition No. 1616 of 1850 presented to the
Board of Revenue by Vadavalaghayanum by
Moodeliar Vakeel to Dalavoy Seeroomalay
appa Moodeliar and referred for enquiry
and

Fort St. George 14th July 1857.

they have not admitted that my ancestor executed a Deed granting the land in question to be enjoyed for ever as Survamanium.

3 During the present administration of the Honorable Company neither the Zemindars nor the Ryots suffer any bodily torture. Although a man defrauds Government of a sum exceeding Ten thousand Rupees still in case he professes no visible property he is put in Jail for some time and then set at liberty but not subjected to any bodily torture. Whereas during the administration of Alagappa Moodeliar in anno 948 and subsequently till before the administration of the Honorable Company, if any Zemindar or Ryot was indebted to the State in a sum of 10 or 8 fanams, it was usual with the several administrators to tie the Defaulters to a tree and beat them with tamarind branches to hang them by their feet with their heads downwards to

Fort St. George 14th July 1857.

to make them stoop down and place a stone on their backs and to trouble them in several other ways. In like manner the above named Delavoy Moodeliar has also during his administration ill treated several Zemindars and Ryots. Therefore some Zemindars in order to avoid their being subjected to such treatment gave him money and landed property as bribes and the lands now under dispute seem to have been given to him by my ancestor as a bribe in the shape of a Manium but not a grant made in return for any favor received from the said Alagappa Moodeliar. In the Deed of grant alleged to have been executed in support of the Manium, it is not stated for what purpose the 30 seed Cottahs of lands were given and probably no such Document was ever actually executed. Moreover the amount of Peishcush determined for my Zemindary by the Honorable Company is double the Amount that was paid during the Nawabs' administration and which sum I am now paying. at the time

the

the alleged Deed is said to have been executed if my ancestors had granted as Survamaniem either a moiety or any portion of the Zemindary and divided and given the lands. The Government would not have recognized such a grant for the beriz of the remaining extent would not answer the amount of Peshcush of the Polliput The Government will no doubt presume such grant when they have occasion to keep the Estate under Circar Management and now both when the lands of my Zemindary yield a scanty produce and even when a good Crop is harvested the beriz of the lands not being sufficient to answer the Government demand I have become involved to a large Amount and consequently for fear that my Estate may be sold by Public auction for the recovery of the balance of Peshcush or in satisfaction of the amount of debt I have incurred I resumed the lands in question as well as several others given as bribe having found it out of my power to continue them any

any longer.

4 Such of the grants of ready money Manieam Manieam in Cuddalore Potitom and Porapoo land, made by persons who had the administration of the District before the Honorable Company the object of which has been since found unsatisfactory have been resumed and carried to Jyen by the Honorable Company some have been restricted to the life of the holder, and carried to Jyen after his demise.

5 Even to Military servants who have been engaged in several battles and destroyed the Enemies of the Honorable Company after having fought with them and suffered bodily injuries or who have conquered the Enemies Country for the Honorable Company the Government usually allow full Pension only during the life of the party, and no Pension is paid to his family after his demise.— But I have continued as long as my circumstances allowed my doing so the payment

of

of a Maniem granted by my ancestor to a party from whom he recevied no favors, but in the way of bribe in order to avoid the trouble my ancestor suffered from him and I discontinued the same when I found myself unable to continue it any longer and after I had suffered great loss. This being the case if your Honor and the Board of Revenue consider the matter you will not see reason to insist upon the Maniem being continued.—

6 Moreover if the Maniem had been granted by my ancestor to the said Alagappa Moodeliar as a return for any great favor done by him and I stop it, he should sue me in the Civil Court, and in case the Court decide that the Maniem in question is just and that I should continue the same then I would be obliged to continue it. But when I discontinue a Maniem granted as a bribe to avoid the trouble my ancestor was subjected to, even if the Party sues me in

in the Court, the Court will never decide that I should continue the Maniem therefore I request your Honor will be pleased to dismiss the Complaint of the Delavoy Moodeliar & Vakeel and pass an order in conformity with the former Endorsement.—

My having been unwell is the cause of the delay in bringing these circumstances to your Honor's information.—

Proceedings thereon.

65:66

By section XII Regulation XXV of 1802. proprietors of landed Estates holding under an Istimrar Sunnud are precluded from resuming without the sanction of Government, any description of Lakhiraj lands held under that tenure at the period of their assuming the Estate in which the lands are situated; and considering that the Maniem referred to was held by the Petitioners ancestors prior to the Permanent settlement it would appear that it

it did not form a portion of the assets on which the Permanent assessment was fixed, the Board do not deem it necessary therefore to interfere with the enjoyment of the Maximum on the part of these Petitioners who should be reinstated in their rights.—

Ordered to be recorded

Read the following letter

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

69

B/d No. 1577
From the Collr of Canara

Sir,

1. I have the honor to submit for the approval of the Board of Revenue the tenders for the rent of Ferry Farms of this District for the ensuing Fusly 1261/1851-52 the net increase being Rupees 1462-8- above that of the present Fusly.

1260	7868-4-	"
1261	9330-12-	"
Increase	1462-8-	"

2. I also beg to forward a supplemental list of four ferries which have not hitherto been rented but for which offers have been made which it appears to me to be desirable to accept, and which I request the Board of Revenue will sanction.

3. The first is the ferry of Compta for which an offer of 12 Rupees has been made. This is on the high post road and will supersede an expense of 12 Rupees for the Government Post.

4. The second is that of Badagunay on the high road between Honore and Compta for which 76 Rupees have been offered. This will supersede an outlay of 18 Rs. now incurred for the Mail.

5. The two next are on the roads lately opened from the foot of the Agoomby Ghat, one to Mangalore and one to Codapy. At each of these rivers I have found it necessary to Establish a Jungar for the convenience of travellers and I therefore think it desirable that the ferries should be brought under my direct Control, although at present the offers made for them are very trifling.

6. With regard to the remaining ferries which I have not proposed to include in the Government list I have addressed the Secretary in the B.P. Works in answer to his Circular of the 6th January last No. 16.

Bd. No. 1383.
From the Collr. of Madras

Sir

With reference to the correspondence noted in the margin, I have the honor to bring to the Notice of the

From Bd. 27th March 1845
To Bd. 19th May "

9627 Fort St. George 14th July 1851.

the Board of Revenue that it having been reported to me that a large quantity of Coal belonging to the Peninsular and Orientat Steam Navigation Company was deposited, in the vicinity of the Royapooram Sea Gate, some time ago, I informed Mr Robert Franck the Agent for the Company at a recent date that the usual Ground rents would be assessed on the spot, retrospectively from the 1st April 1851 from the difficulty of ascertaining the correct date of its occupation by him.

2 Bills for Rupees 146 payable for 2 Months on Grounds 7-16 1/2 were accordingly made out and presented to the Agent yesterday. He has therefore addressed to me a letter of which a Copy is enclosed herein.

3 It will be observed that the appropriation of certain Grounds to the purposes stated above, has been duly sanctioned, but I request that the Board will now do me the favor to procure the decision of Government on the Agents application for a remission of the ordinary demand for Ground rent. The application in 1845 for

20th June 1851.

9628 Fort St. George 14th July 1851.

for the allotment of a piece of Ground in nearly the same locality and for the same purpose having been made on the understanding that "such a rate of hire" should be fixed thereon as the Government might "deem fit."

I signed I. A. Hudleston
Collector.

Madras
20th June 1851.

I. A. Hudleston Esqre
Collector

Sir.

I have to acknowledge receipt of your letters of 8th April and 13th Instant and in reply beg to inform you, that I took possession of the Ground, on which the Coals belonging to the Peninsular and Orientab Steam Navigation Company are heaped, by order of Government, as the annexed Extracts of Minutes of Council, will shew, and also by permission of the Chief Engineer and the Chief Magistrate until such time as I can erect sheds, to contain the said Coals which are now being about built. Under these circumstances, I hope you will be pleased to forego any claim for rent of the Ground at

Fort St. George 14th July 1851.

at present occupied by me, especially when you are informed, that the Coals are required for the Steamers conveying Her Majesty's Royal Mails.

Bd's No. 1379

Proceedings thereon

11.72

Upon application to Government in 1845 by the former Agent to the Peninsular and Oriental Steam Navigation Company for ground on the North Esplanade of Black Town for the purpose of erecting Coal sheds and enclosing a Depot for Coal used by the Steamers belonging to that Company the Military Board in communication with this Office were directed to report whether a spot could be allotted North of the Black Town Wall and upon what terms.

From Govt 18th inst. in Cons 27th March 1845. No 91.

From Madras 19th May in Cons 2nd June 1845.

2. The Chief Engineer and Military Board having reported that there was no objection to the Company being allowed grounds within the Town contiguous to the Inner rampart and between Boatman's Gate and the adjoining bastion to the North, the Collector of Madras submitted to the former Agent a Sketch plan of the spot referred to, and requested, in return to be furnished with a particular plan of the size and description of the proposed Depot, but the Agent replied that he was not then prepared to avail himself of the indulgent intentions of Government pending a reference on the subject to the Directors of the Company in England

The

9632

Fort St. George 14th July 1851.

Proc: to Govt 2d June 1845.

3. The papers on the subject were submitted thro' this Office to Government, who however do not appear to have passed any orders thereon.

4. It would now appear that the Company hold 7 Gds 16 Sq. feet 19½ of land, in nearly the same locality, and that the Collector having demanded the sum of Rupees 146 - - - as Quit Rent for Two months commencing from 1st April 1851, Mr. Franck the present Agent requests that the claim for any rent on the ground in question may be relinquished by Government as the Coals are required for the Steamers conveying Her Majesty's Royal Mails.

5. The Board do not think that the Collector should have made any demand for Quit Rent on the land in question as the Government seem to have reserved to themselves the right of fixing the rate, but he should have previously reiterated the request made by him to the former Agent, and ascertained distinctly whether the land was likely to be in permanent occupancy of the Company.

6. Mr. Hudleston will adopt this course with the present Agent Mr. Franck, and in reporting the result, will specify the value of

the

the ground and state whether any buildings have been erected thereon as also the principle on which he has calculated the rate of Quit Rent demanded by him and then submit to the Board his own opinion as to the amount of remission which under all the circumstances of the case may be allowed.

5

B. N. 1632

From Messrs. Dale and Boyson — Sir,

Para 1. We do ourselves the honor of acknowledging the receipt of your letter to our address under date the 12th Instant with the 2 packets which accompanied.

2. We have since consulted with Mr. Advocate General and beg to inform you that under the explanation afforded

afforded in Para 3 of Mr. Parker's letter relative to the Istimrar Accounts we do not think it necessary to have Copies and Translations of them forwarded to us. We cannot suppose that the Court will admit in Evidence in this suit the Documents and Depositions in Case N. 1 of 1818 before the Magistrate. We think therefore that the Papers which Mr. Parker has sent us relative to that Case, will be sufficient to enable Counsel successfully to meet the appellants application in that respect. We were not aware of the nature of the Investigation.

3. We beg to offer our apologies for not having by letter informed you that Mr. Dale on Thursday last applied to the Court of Sudr Adalut soliciting a postponement for hearing the Petition alluded to in our last letter and which was appointed for Thursday the 17th instant, and that the Court were pleased to order that the case should stand over till the 1st Court Day after the 7th August next. That will be on Monday the 11th August.

4. The 1st 2d 3d 6th 7th and 10th

Memorandum-

For the more accurate verifi-
-cation of measures of Capacity, observed
the following process. Act 5. George 4, Chap
74, Section 6, having provided that the
Imperial Gallon shall contain 10 lbs Aver-
-dupoise weight of distilled water
weighed in air at the temperature of
62 of Fahrenheits Thermometer the Baro-
-meter being at 30 Inches," and that the
contents of other measures shall be
proportionate. Place the measure to be
verified into the right hand Pan of the
Balance, place carefully therein Aver-
-dupoise weights to represent the
water it should contain, Viz.t 10 lbs
of the measure be a Gallon and
upon the top of the measure
lay its Glass, counterpoise these by
placing weights that or any other
convenient substances into the left
hand pan till the Beam be precisely
in equilibrio. Then remove the
Gallon from the right hand pan
and taking out the 10 lbs weights
fill the Gallon very exactly
with distilled water as
already

already described. The temperature
of the water being previously as-
-certained, supposed 75° look for that
temperature in the margin of the
Table of allowances and in the Co-
-lumn headed "Gallon" will be found
77.78 Grains (the difference between
the weight of a Gallon of distilled
water at 62,° and at 75 temperature)
which must be added to the right
hand pan. If the temperature be
below 62° the allowance must be
added to the left hand pan.

Where great accuracy is
required, the height of the Baro-
-meter, of above or below 30 inches,
must be allowed for as follows,
of above 30 (Suppose 30 – 54 Inches)
take the allowance opposite 5 Viz.t
for the Gallon 12,300 Grains. and
that opposite 04 Viz.t 0980 Grains the
sum of these Viz.t 13280 – or 133 Grs
must be likewise added to the
right hand pan – but if the Baro-
-meter be <u>below</u> 30 Inches, the
allowance must be added to
the

the left hand pan.

(Signed) R. B. Bates

To,
H. T. Prinsep Esqre
Secretary to the Government
Fort William.

Sir

Financial Deptt.
Mint. 1

I am directed to acknowledge the receipt of your letter dated the 31st ultimo on the subject of standard weights and measures.

2. In reply I am desired to state that if the fabrication of standard weights to be furnished to the Principal Officers in the interior would be attended with any considerable expense. His Lordship is of opinion that the preparation had better be suspended till the pleasure of the Honorable Court is ascertained on the subject.

3. It would be desirable no doubt to have at each of the Principal stations throughout the country, standard weights and measures to which any individual could refer who might be desirous of so doing; but

but in the present state of society in this Country. His Lordship is of opinion that it would not be expedient to attempt the introduction of uniform weights, and measures by the promulgation of Penalties for using others than those of the prescribed standard, and without such penalties it does not appear that the mere preparation of the standard would be attended with any practical utility.

Shimlah,
21st August, 1832.

No. 666

B'd No. 1342
From Secretary to Government

Extract from the Minutes of Consultation, under date the 5th July, 1851

Read the following letter

No. 712

To, T. Pycroft Esqre
Secretary to the Government
Fort St. George

Customs

Sir,

With reference to your

Fort St. George 17th July 1851.

your letter No. 285 dated the 22d March last, I am directed by the Deputy Governor of Bengal to transmit for the information of the Right Honorable the Governor in Council a copy of a letter from the Officiating Secretary to the Board of Revenue at this Residency No. 797 dated the 17th ultimo with enclosure, submitting copies of Statements exhibiting the quantity of Salt imported into Calcutta from Arabia on the Persian Gulph during the last five years and the quantity of grain and other goods exported hence to those ports during the same period.

The Commercial Annual or a Tabular Statement of the Commerce of Bengal by Wilkinson

The Calcutta Commercial guide & Imports & Exports Monthly, by Wilkinson

Tabular Statement of Shipping & commerce of Singapore (printed annually by the Government of Bengal)

Quarterly Commercial Returns of the Port of Arracan (not printed)

2. With reference to the request contained in the [illegible] paragraph of your letter His Honor directs me to forward copies of the trade returns specified in the margin.

Dated Fort William, the 11th June 1851.

(Signed) W. Seton Karr
Under Secy to the Govt of Bengal

Published

Fort St. George 17th July 1851.

No. 1.

To,
The Secretary to the
Government of Bengal

Sir,

I am directed to acknowledge
1. the receipt of your letter No. 127 under date the 7th ultimo with its enclosure from the Secretary to the Government of Fort St. George requesting certain information regarding the trade between Bengal and Arabia.

In reply the Board direct me
2. to submit Statements exhibiting the quantity of Salt imported from Arabia and the Persian Gulph during the last 5 Years and the particulars of Exports hence to those ports during the same period. It will be seen from these that there has been no increase in the importation of Salt but that the quantity of Grain exported during the last 2 Years is greater than in the previous 3 Years. Both Statements refer to the Port of Calcutta, there being no trade between Chittagong or Arracan and Arabia.

There have been reductions the Board
3. desire me to observe within the last 4 Years in the Import duty on Salt, but this reduction which has been to the extent of 8 As. per Maund is not likely to have affected the Importation as the price of Government Salt has been similarly reduced. There has been no change in the export duty paid on Grain since 1836 Act XIV of which year fixes it at 6 pie per Maund.

Referring to the request with which the
4. reference from the Madras Government concludes the Board direct me to suggest that Wilkinsons Monthly Returns & his Commercial Annual would supply the information desired.

Board of Revenue
Fort William
The 17th May 1851.

(Signed) R. Grote
Offg Junior Secy

To

Fort St. George 17th July 1851.-

No. 96.

(23)

To W. H. Bayley Esqre
Secretary to the Board of Revenue
Fort St. George.

B. No. 1638.

From the Collector of Ganjam. Reporting on the Subject of examining Treasuries.

Sir,

With reference to the Circular of the 12th Ultimo, enclosing Estract from the Minutes of Consultation of the 22d May 1851 relative to the Examination of Treasuries I have the honor to state that I have issued the necessary instructions to my Asistant and that my Sherishtadar has been informed of the orders of Government touching his responsibility, which exactly accord with the practice hitherto observed in this District except that the previous examination of the Accounts now required has not been customary.-

The Board is aware that there are two Hoozoor Treasuries in the District of Ganjam situated at about 100 Miles distance from each other. I presume that it is not expected that the Head Sheristadar or his Deputy should proceed every month to Chicacole to examine the Treasury there and in anticipation of the Board's concurrence I

Fort St. George 17th July 1851.-

I have instructed Mr. Knox to cause the Sub Division Sherishtadar to perform the duty which were it practicable would devolve on the Head Sheristadar, and it will of course be the duty of the latter Officer to take care that there are no errors in the reports as far as it is possible for him to check the Accounts. For the correct return of the actual balance of cash as regards all the funds deposited in the Treasury the examining parties will of Course be held responsible.-

In regard to that part of the orders which renders it incumbent upon the delivering as well as the Officer receiving Charge to be present, I beg to point out the extreme inconvenience to which this must expose one of the Officers under any circumstance and to which it might expose one who was compelled to relinquish his charge at Chuttepore on account of ill health. That the Officer receiving charge should be present is obviously necessary- but I would respectfully submit that no practical evil is likely to result from the absence of the Officer delivering charge-

I-

Fort St. George 17th July 1851.

I beg to add that it has been the practice for the Sheristadar of Ganjam to extend his scrutiny to every branch of the public Accounts and that at his own suggestion before the receipt of the orders under allusion a particular examination of the Accounts and the state of the treasuries at Chatterpore and at Chicacole to which latter place he proceeded by Dowk has recently be made by him.-

Ganjam District,
Collector's Cutcherry,
Chatterpore,
4th July 1851.

(Signed) A. P. Onslow
Collector.-

Order thereon.-

(23. 24)

Ordered to lie over-

Read the following letters.-

No. 17.

To,

W. H. Bayley Esqre
Secretary to the Board of Revenue
Fort St. George-

(25)

Bd. No. 1653

From the Acting Collector of Guntoor. -

Sir,

In acknowledging the receipt of your Circular of the 12th Ultimo forwarding Copy of Paras 22-23. and 24 of an Extract

from

Fort St. George 17th July 1851.

from the Minutes of Consultation under date the 22d May last, I have the honor to state that I have placed Copies of the above papers in the hands of my Assistants for their information and guidance, and I shall lose no opportunity of impressing upon them the necessity of fully conforming to the orders contained therein.-

2. The views entertained by Government of the duties and responsibilities that attach to the Head Sheristadar I have carefully explained to that Officer and no endeavour on my own part shall be wanting to give full effect to the orders now under acknowledgment.-

No. 18

To, W. H. Bayley Esqre
Secretary to the Board of Revenue
Fort St. George-

(26)

Bd. No. 1654

From the Acting Collector of Guntoor. - - -

Sir,

I have the honor to acknowledge the receipt of your letter of the 9th Ultimo

Calling

calling for certain information regarding the disbursements from the Treasury under my charge.-

2. In reply I beg leave to state that the custom referred to in the 1st and 2d Paras of your communication does not obtain in this District either in the Hoozoor or Talook Treasuries, that is. No Sums are ever charged in the accounts and entered as "Paid" till actually disbursed.-

3. The Treasury accounts are divided into two heads "Public" and "Deposits." any sums debited to the first of these but which from any cause cannot be immediately paid such as pay due to Servants remaining from various causes undisbursed at the close of the Month following or that for which it is due are at once carried to the deposit head.- Certain sums are on receipt necessarily carried to the last named head pending final adjustment such as the following. Sale proceeds of stray Cattle.- Fines imposed by the Magestracy and Police.- Revenue realized from lands within disputed

boundaries

boundaries and from Enam lands granted for the repairs of Tanks pending the execution of the repairs.-

Fees to be paid to Moturpha Curnams and various other items which it is hardly necessary to detail.-

4. Although the Accounts are thus kept under two heads, the cash is invariably kept together. The total amount in the Treasury with the Coins of which it is composed, is exhibited in the daily Chittah and the whole sum under whatever head standing in the accounts is subject to periodical examination. The Civil Court deposits although entered under a separate head and kept in a separate chest are in same way subject to examination. No sums are ever debited in the Treasury Accounts as transmitted to the Taloks till the day the Money is actually deposited.-

5. In regard to the Taloks Treasuries all Sums received into them whether in payment of Revenue, Advances for repairs-

Pay-

Fort St. George 17th July 1851.-

+ Sum granted for Small Current disbursements.-

Pay of Servants, Mobadla Money or on whatever other account, are exhibited in the daily Chittah and are never charged in the Accounts as paid until actually disbursed.-

6. Accountant General's Bills are ordinarily presented in person to the Collector for acceptance whether he be at the Hoozzor or absent from it, though they are sometimes transmitted by post. After being compared with the letter of advice they are, if so found correct, accepted and an order is issued to the Cash Keeper to discharge the amount when due the days sight Commencing from the date of acceptance. In cases where the holder of the Bill is desirous of receiving the Money from any of the Talook or Salt Treasuries, it has been usual, if sufficient funds are available to authorize the Officer in charge of the Treasury selected to make the disbursement, credit being given for the amount of the Bill in his Monthly remittance. The Merchants of Cheeralah, Ventapolem &c. find it a great accommodation to receive the Amount of their Bills from the Salt Treasury at

Fort St. George 17th July 1851.-

at Chena Ganjam. The amount however of Accountant General's Bills annually drawn on this Treasury for the last three years averages but 55,000 Rupees.-

7. It has not been the custom in this Treasury to retain any of the cash in a separate chest to which the Cash Keeper has not access. The Visits commence from the beginning of November and continue till the end of June during which Months all the cash not required for Current disbursements is, as soon as the remittances are received from the Talookes and can be thrown off and credited, which is generally towards the end of the Month, despatched to the General Treasury at Masulipatam.-

under Regulation IX of 1822 for the half-
(28.29) year ending 30th June 1851.-
Order thereon.

Ordered to be recorded

Read the following letter
No. 42.

To,

W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

(30)

Bd. No. 1399-

From the Collector of Bellary.-

Reporting the loss of Property and destruction of Crops and Lands by the late floods, Requests that he may be permitted to make remissions in the Jummabundy to Ryots whose crops have been lost, to give Cowle to restore lands rendered unfit for cultivation, and to grant Cowles to Moturpha Ryots and requesting sanction for the sum of 30000 Rupees for advances repayable in 3 years to enable the sufferers to rebuild their Houses and repair the injuries and losses Sustained.-

Sir,

I have already had the honor to report some of the disasters produced by the storm on the 5th and 6th May last. I have now honor to bring the subject again before the Board as it affects the Jummabundy settlement of the year which had just been concluded previous to the storm; with a view to obtain the orders of the Board respecting Remissions of the present year's Beriz which it will be necessary to make to parties who have been great sufferers and for the obtaining sanction for further assistance in the shape of Cowles and Tuccavi to enable the sufferers to recover from the losses.-

From

Fort St. George 17th July 1851.-

2. From the bursting of Tanks and overflowing of the rivers much damage was done to the standing Crops which were in many places entirely lost. The produce also of Crops reaped was in several Villages carried away by the flood causing severe and irreparable loss to the Cultivating ryots.- Many houses with the entire property of Merchants and Manufacturers paying the Mohturpha tax were also carried away and very much Cattle and some human lives were lost. The lands usually cultivated have also in many places been covered with sand or cut up so as to render their Cultivation in future impracticable without much labour and expense which involves the necessity of giving Cowle and Tuccavi otherwise the valuable lands so affected will be entirely thrown out of Cultivation and the revenue lost for ever.-

3. I have prepared a Form of Statement which has been sent to the Several Taloot Es to be filled up which will contain all the necessary information in detail- and on receipt of which I purpose with the Board's permission to

Fort St. George 17th July 1851.—

to supply a remedy for the evils sustained in each individual case as the necessity for Assistance may seem to call for.—

4. But the preparation of the Accounts will take several Weeks yet. In the mean time I hope I shall be favored with the Board's instructions for my guidance. I beg to enclose a Statement shewing Talook wise the Balance of Revenue remaining uncollected upto the end of last Month according to the Settlement made for the current Fusly 1260 of which the Annexed is an Abstract.—

Item.	Total Beriz.	of which Collected to the end of May.—	Remaining uncollected.	Particulars. Amount that will probably be Collected.	Amount uncertain of Collection owing to losses sustained by Ryots.
1	2	3	4	5	6
	Rupees	Rupees	Rupees	Rupees	Rupees
1 Land Revenue	2249868	2075509	174359	129359	45000
2 Moturpha—	274384	254706	19678	15678	4000
3 Sundry Small farms and Government Topes	19323	13977	5346	3346	2000
Total	2543575	2344192	199383	148383	51000

O.P.

Fort St. George 17th July 1851.—

There was a balance of 199383 Rupees in the three branches of Revenue specified, of which it is expected 148383 Rupees will be collected and the remainder 51000 is estimated as about the sum that it will be impossible to collect owing to the severe losses sustained by the Ryots from the causes above referred to.—

5. And I beg to request the authority of the Board for remitting from the Jummabundy Beriz after ascertaining the correct amount of loss, such sums as it may seem expedient to remit to each ryot— which may with the Board's permission be advantageously done at once before finally closing the Jummabundy accounts— Otherwise there will be a large irrecoverable Balance in the Kistbundy— which it seems undesirable and unnecessary there should be, as it is quite practicable at once to make the necessary revision and deduction from the Ryots puttahs— I request the Board will communicate their orders on this point as early as practicable.—

6. For restoring the lands covered with sand or otherwise rendered unfit for Cultivation by the Storm, it will be necessary to

Fort St. George 17th July 1851.

Description.	Portion of the former revenue to be collected in the first year.	Do. Second year.	Do. Third year	Do. Fourth year.

A

Fort St. George 17th July 1851.

7 I have mentioned that the Mottus-
fa ryots have suffered also very much by the
destruction of their houses and property and
it will be necessary to assist them by Cowles
and Taccavi in order to restore the revenue
which otherwise will be inevitably lost. The
Rate of Cowle necessary for this Class of
contributors to the public revenue may be
as follows.

1st Exemption from the payment of
tax for 5 years to those who have suffered
the total loss of property whose houses have
also been washed away.

2d Exemption from the payment of
Tax for 3 years to those who have suffered
a partial loss of property besides the loss of
their houses.

3d Exemption from the payment of
Tax for 2 years to those who have sustain-
ed the loss of their houses only.

The granting Cowles for building Pattahs
and Establishing manufactories is not unknown
in this District. and it seems particularly ne-
cessary now, otherwise the Mottus fa Ryots who
have suffered will probably leave the
Country.

Fort St. George 17th July 1851

8 As respects Taccavi I think it
will be necessary to assist ryots of every
description with small sums to enable
them to rebuild their houses, to raise em-
bankments, to protect them from floods &c.
on Condition / as a general rule / of repay-
ing the same in three years. until the
Statements are received it is impossible
to say to what extent it will be prudent
to give this assistance but I am of opinion
that Thirty thousand / 30,000 / Rupees will
be required and may be laid out greatly
to the advantage of the poor sufferers and
eventually to the interest of Government
I have therefore the honor to request the
Board will obtain the sanction of the Right
Honorable the Governor in Council for plac-
ing at my disposal the sum of 30,000
Rupees to be advanced at my dis-
cretion for this purpose, repayable in
3 years.

Bellary Collector's Office,
On Circuit at Ramendroog,
9th June 1851 . . . . .

Collector.

No.

Fort St. George 17th July 1851

No. 2

Translation of a Purwanah issued by Coll. Munro Principal Collector of Bellary on the 25th of April in fusly 1214 to the Several Tahsildars with regard to granting Cowles to holders of Lands injured and rendered unfit for cultivation.—

1. Cowles to be granted for lands covered with sand, taking into consideration the degree of labor that may be required for removing the sand beyond the surrounding cultivable lands, paying regard to the distance to which it has to be carried.—

2. Cowles to be granted for lands covered with Sand, according to the degree of labour it is likely to cost for removing the sand to waste land, Nallahs or Rivers that may be contiguous thereto.—

Rules for granting Cowles

1. Cowle to granted for lands covered with sand from 2 to 4 inches deep, where the sand has not to be carried to any great distance, according to the amount of labor that it is likely to cost for its removal at the rate of 3/4 1/2 or 1/4 of the amount of the assessment for the first years.—

2. Cowle to be granted for lands covered

Fort St. George 17th July 1851

sand sand from 1 to 2 spans deep according to the labor it is likely to cost, paying regard to the distance the sand has to be removed to, at the rate of 1/2 or 1/4 of the amount of assessment, or exemption from payment of the whole for one year.—

3. Cowle to be granted for lands covered with sand from 2 to 3 spans deep according to the labor it is likely to cost, paying regard to the distance the sand has to be removed to, at the rate of 1/4 of the amount of assessment, or exemption from payment of the whole for the first year, and 1/2 of the amount of assessment for the second year.—

4. Cowls to be granted for lands covered with sand above kneedeep according to the degree of labor it is likely to cost, paying regard to the distance the sand has to be removed to by exemption from payment of revenue for the three first years from the year sowing commences.—

5 When the Cowles are being granted to the Ryots you or your carkoons are requir.ed personally to ascertain the degree of labor it is likely to cost in each case and grant

Fort St. George 17th July 1851.

grant them accordingly without trusting it to the Village authorities.

In granting Cowles in the above manner, should you find it expedient in any case to grant on Extra year's Cowle you are at liberty to do so as it is necessary to render it cultivable.

B. No. 1382.

Proceedings thereon.

True Translation
(Signed) C. Pelly
Collector.

Three questions of great importance to the welfare of his district are referred in the above communication to the Board for consideration and orders by the Collector of Bellary.—

2. The first has reference to a balance of Rupees 51,000 under the head of Land Revenue Moturpha, sundry small farms and Government topes which it is represented as uncertain of realization.—

3. The Collector is anxious to obtain authority to remit from the Jummabundy Baiz, after ascertaining the correct amount of loss, such sums as it may seem expedient to write off, before closing the Jummabundy Accounts. As a special

Fort St. George 17th July 1851.

special case, the Board are of opinion that the course would be preferable to writing off the amount as an irrecoverable balance. The Collector is accordingly authorized to strike off such sums as he may find necessary as Remission, "opening a separate head in his Jummabundy accounts and Report, with the view of its being prominently brought to the notice of Government as the effect of a peculiar visitation.—

4. As regards the second point, the Board see no objection to the indulgence solicited by the Collector in granting favorable Cowles to such of the ryots whose lands have been rendered unfit for cultivation by the late storm, on the principle laid down by Colr. Munro on a similar Emergency. Nor do they think that the rate of Cowle fixed in para 7. for the relief of such of the Moturpha Ryots who have suffered by the destruction of their houses and property should be refused.

5. The Board concur also with the Collector that under the present circumstances, a judicious distribution of pecuniary assistance in the shape of Taccavy on the part of the state, would be attended with beneficial effect

and

Fort St. George 17th July 1851.

and they will not therefore withhold their sanction to his making the necessary advances as proposed by himself, on emergent cases, in the mean while. he should prefer his application in the regular manner.

Read again Statement of Lapse of Enams from the Acting Collector of Bellary dated 25th January and entered in Cons 14th February 1850.

Read also the following letter

No. 47.

To, W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George.

B. No. 1477.
From the Collector of Bellary.

Sir,

With reference to the Board's Proceedings held on the 21st October 1850, on the Quarterly statement forwarded by me containing a report of Lapsed Enams ending the 31st December 1849, calling for certain information regarding the Enams of Bheemaranthava, and to their letter of the 23d January 1851 on the same subject I have the honor to state that it appears merely from the accounts that Bheemaranthava was the last holder of the

P.G.B.
J.G.B.

Fort St. George 17th July 1851.

Jiggunahully Enam assessed at Rupees 6-15-2 and the Narraindavarakerry Enam assessed at Rupees 109-2 but that she was not actually in the enjoyment of them when she died, having bestowed them as gifts, the former in the year 1819 to Vayasarama Sharry and the latter to Vencataramanacharry in the year 1836, who having demised shortly afterwards, the said Enam passed into the possession of his son Jayaramah Sharry. These Enams have been fully proved from the Statements of the Village authorities to have been in the enjoyment of the present claimants, the former for 20 years and the latter for 12 years respectively, as shewn in the Statement under review, the transmission however of the Enams to these individuals is not to be seen in any of the public accounts, the reason of Bheemaranthavas name having been entered in Column 8 as the last holder was because her name appeared in the accounts, and that of the present claimants' names having been entered in Column 12 was owing to the fact of the Enams having been proved to have been in their enjoyment as therein shown.

In

2- In reply to the 3d para of the Board's Proceedings I beg to state that Bheemarauthavar's name appears as the holder of the Enam assessed Rupees 6-15-2 and that of her husband Goody Nursuppa as the holder of the Enam assessed Rupees 10-9-2. in the accounts for Fusly 1234. / 1823/24 and subsequently. The latter Enam does not appear in Bheemarauthavar's name in the accounts until her death. Up to the time of the promulgation of the Rules regarding Butwurthy Enams it had been the practice in that District for Enams to pass without remark into the possession of the heirs of the holders after their decease, and sometimes their names and sometimes the original possessors' names have been inserted in the accounts

is the sisters son of the deceased Vencuppah- If the field No. 77 Acres 2-8-15 assessed at Rupees 32-6-11 was formally put in possession of Nirasiah under the Deed of gift executed in his favor by the deceased, the Board are of opinion that it may be continued to him for life, but if not, it should revert to Ackummah the Widow of the deceased. The Board concur in the opinion that the remainder of the Enam Acres 4-19-1 assessed Rupees 44-65-0- may be continued to Ackummah for her life- The Jodee or Seer Bhutta of Rupees 4-6-0- will continue to be levied as usual on the fields No. 50. and 77.-

Gollem Assessment Rs. 11-11-11.

The only circumstance that seems to favor the continuance of the Enam referred to in the Margin to the present claimant Narsummah the daughter-in-law of the last holder is it's entry in her husbands name in Fusly 1234. On his death instead of being continued to her as his Widow it would seem to have been continued to his mother the last incumbent- The Government may therefore be disposed to continue the Enam to Narasummah for life as she has no other means of subsistence.-

34

To, W. H. Bayley Esq.re Secretary to the Board of Revenue, Fort St. George.

No. 57.

Bd. No. 1485.

From the Acting Collector of Cuddapah— Para 1.

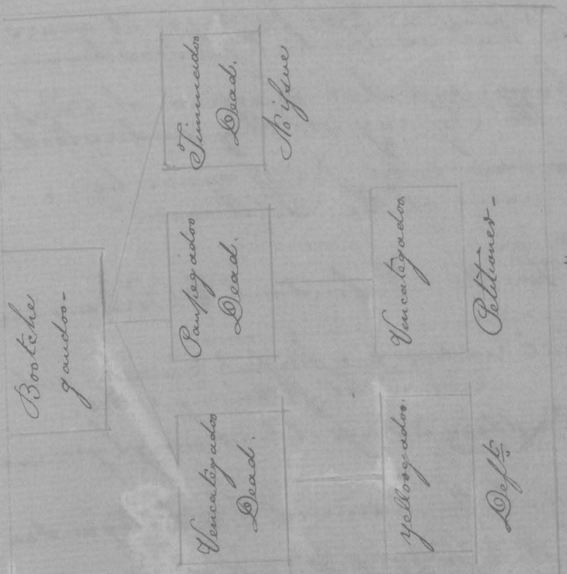

Sir,

Submitting a report on the subject of the accompanying Petition No. 856 of 1857–

I have the honor to acknowledge the receipt of your letter under date the 12th May 1857, calling for an explanation regarding Petition No. 856 of 1857, and in reply beg to inform you that for the complainant Audiwenkatigandoo, 4 witnesses were examined– Of whom two

Fort St. George 17th July 1857.

are Dhers, one is a cultivator and the fourth another Village reddy– They all state that the Defendant cultivated the land and enjoyed one half share, the other half share was divided into two, of which the Defendant Yelloogandoo received one and the Petitioner Andiwenkatigandoo the other– The Genealogical table as per Margin is taken from the Statement of the Petitioner wherein it is shewn that the Defendant's father was the elder brother of the Petitioner's father and Petitioner states that his name is entered in the Pymash instead of the father of Defendant.

2. Three of the witnesses called by the Petitioner state they heard Petitioner's father and Defendant's father were brothers but cannot say particularly, whilst the fourth witness states they were connections but not so near as brothers– In the Pymayesh accounts the name of Venkatigandoo is entered as the possessor of Dher Enam / there being no cuttoobady Enam

Fort St. George 17th July 1851.

Enam in the Village / No. 92 – 12a – 17c – 1a. assessed at Rupees 8–2–1. The Complainant states that his name was entered whilst the Defendant declares it to be the name of his father. Of the four witnesses called by Petitioner on being asked who this Venkategandoo mentioned in the Pymayesh account was, two state they do not know whilst the other two depose that as Venkategandoo's name was entered in the Pymayesh they understood that it was the name of the Petitioner.

3. For the Defendant 6 Persons were examined, 3 Mirsul peddies, one Mirsul Curnum and two ghyre Mirsul peddies, 3 Mirsuldars one ghyre Mirsul depose that the name of Venkategandoo is that of the Defendant's father, that he died about 30 years ago and his son yelloogandoo succeeded to the Enam and has performed the duty ever since, the other two state they heard that such was the case but cannot say positively. As it appears that the more respectable of the witnesses, Viz.t the Mirsulreddies and Curnums, depose that the Defendant's father is the person whose name is entered in the Pymayesh and that

Fort St. George 17th July 1851.

that he and Defendant have enjoyed the Enam and performed the duty ever since. More confidence can be placed in their Statement than in that of the evidence for the complainant, and there appears little doubt that the Defendant and not the Petitioner is the owner of the Enam in question and it may be remarked that the Petitioner does not know the nature of the Enam which he claims, he stating it to be cuttoobady, whilst it was entered in the Pymaesh as Dher.–

4. As it is proved the Defendant's father's name is entered in the Pymayesh and that he has performed the duty ever since. and according to the order of Government on service Enam cannot be divided, the Defendant may be considered the sole possessor of the Enam claimed by the Petitioner.–

Cuddapah District,

Read the following letter-

Bd. No. 1580-

From the Agent at Rumnaud

Forwarding for sanction under circumstances stated, an Estimate of Tuccavy for Fusly 1261 amounting to Rupees 7000 for disbursement in his District-

No. 29.

To,
W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George

Sir,

1. I have the honor to forward in the prescribed Tabular form my Estimate for the amount of Tuccavee which I propose disbursing for Fusly 1261-

2. In doing this it has appeared to me necessary to submit a letter containing more explanation than is usually entered in Column 9.-

The

Fort St. George 17th July 1857.

3. The Board will observe that my Estimate is only 7,000 Rupees while Rupees 19,300 formed the Estimate for Fusly 1260 and Rupees 14,940 for 1259.-

4. In stating that I hope to require a much less sum, I am well aware that were I to authorize the Tahsildars to distribute larger sums there would be a considerably less balance outstanding at the end of the Fusly than I now anticipate, the amount of the Revenue of the Current year unrealized at the end of May having been 41174-9-8 Rupees, but I consider that I am only acting on the principles frequently laid down by the Board and the Government and on my own views of what is right in endeavouring to the utmost to check the misapplication of the advances which are intended solely to assist an impoverished ryot in bringing his land under Cultivation, when he has not the means of doing it himself-

5. During the late Summabundy I have had abundant proof that very little

if

if any benefit, is derived by the impoverished ryot from Tuccavee, that in many instances it is solely an engine of oppression and exaction brought into operation against those for whose good it was intended, and a source of profit to corrupt public servants, and that the least reprehensible abuse of it is the liquidation of the arrears outstanding for the Fusly at the close of which it is given.-

6- Every amildar has called for a considerably larger sum than I have entered in my Estimate, but I trust that if the rules laid down in regard to its distribution are strictly followed out 7,000 Rupees will be sufficient.-

7- I do not know that any thing would be gained by my dwelling at length on the abuses of the system which have come prominently before me, and at present my hands are sufficiently occupied with more pressing matters- I do not

not believe that 1/4 of the Tuccavee ever reaches the class for whose it was intended as an advance for Cultivation, while in the recovery of it they from their ignorance suffer most, and most glad should I be could I consider myself justified in directing it's discontinuance altogether, but although it has been happily discontinued in Salem, and I believe in some other Districts, I feel that Kurnool under it's present revenue system is not yet ripe for the sudden and entire abandonment of it, although it's restriction within the narrowest possible limits is in my opinion advisable-

8- The Board may perhaps wish to have before them some facts in direct illustration of what I have written, and I therefore show the result taken from the original accounts of one Village, Guddaymul in the Pomiem Talook, which I believe to be a fair sample of the rest.-

9- This was the first Talook of which I made the Settlement, and in

this

Fort St. George 17th July 1851.

this Village, as in several others, I was con=
=vinced from the Statements of the Ryots
that many of the sums entered by the Tahs=
=dars as irrecoverable balances had been
collected. I called on the Curnums to produ=
the rough accounts of the Collections, but th=
denied having any and within ten Minutes o=
my calling upon them and receiving this a=
reply, which the character of those produced
showed to be false, I sent Sowars to their
Village 15 Miles distant, had their Houses
searched and their Duftars brought to me,
and among the papers therein was the Tuc=
=cavee distribution list for the Current year.
10. There was not the slightest suspicion of

Tuccavee Distribution in the Village of Guddaymul for Fusly 1260 upto 5th July 1259.-

Number of receiving Ryots.	Amount of Tuccavee for distribu=tion.	Amount paid into the Treasury in discharge of balances.			Paid to Amil=dar.	Remain=ders given to Ryots for their own use.	Total.	
		Land Revenue.	Jodee.	Total.				
20	Rupees 160	Rs a. 118-8-	Rs a. 1-8-	Rs 120.	Rs 15	Rs 25	Rs 160	Rs 160

D.F.

the genuineness of this document, and it appeared, as shown in abstract in the Margin that of 160 Rupees nominally given to 20 Ryots

Fort St. George 17th July 1851.

Ryots to assist them in their cultivation — 120 Rupees had been at once carried to account towards the realisation of the balances of the current year, due from 14 Ryots 15 Rupees had been paid to the Tahsildar as his percentage and 25 Rupees had been given to 6 Ryots. Of these the Mirsoul Reddy received 14 Rupees and among the others are some substantial Ryots. The Curnum declared that the Collection of the Tahsildars portion was to be duly apportioned afterwards, and in these recollections the Curnums and others never fail to secure their own profit.

This Statement has been unintentionally detained up to the present time.

The Board will observe that in my Return of Public Servants suspended for the first quarter of 1851 the Tahsildar of the Paniem Taluck is included. Had I been aware of the existence of the order for reporting such suspensions within 14 days I should have brought it to their Notice at the time. In enquiring into the state of the Taluck, in which I passed more than a Month, I was first struck with the extreme carelessness incapacity and utter neglect of important and repeated orders issued to him which the conduct of this Officer exhibited, but its subsequently came to my notice from the Statements of the Ryots and Reddies as

Fort St. George 17th July 1851.

as from accounts seized by me / the t
of which was affirmed after the de
of these Vouchers in their own hand
ing by the coadjutor Curnums who ha
first a bounty denied / that portions of
remissions allowed last year for los
crops had been paid to the Tahsilda
and his subordinates, that he also
=ceived his share of Tuccauee and th
considerable portions of the balance
=entered by him as irrecoverable from
poverty of the Ryots had been collec
and misappropriated I suspended
the Tahsildar and in a few days
gave in a Petition requesting permis
=sion to resign the service - Under a
circumstances, and with reference to the
absence in his case of savage cruelty
or of other heinous misdeeds such as
marked the conduct of the suspended
Hundiveteur Tahsildar, I am of opi
=nion that his resignation may be
accepted with an intimation that
he will not again be employed in the
public service -

12. It is painful to feel that in the pre
sent day the abuses arising out of the
distribution of Tuccauee are much the same

Fort St. George 17th July 1851.

as described by Colonel Munro in his letter
circulated by the Board of Revenue in 1818 -
It would save me much trouble to submit
an Estimate similar to those of former
years but were I to do so I should feel
that I was encouraging a system which
I regard as productive of very evil effect
both upon the public servants and
upon the Ryots, apart from the actual
oppression and plunder to which in
many instances it leads - and I trust that
in saying this my views are not suscep=
tible of misapprehension - It is at all
times an invidious duty to point out the
previous existence of corrupt practices,
but circumstances often tend at a parti=
=cular period to bring them to light, and
defy the powerful influences which may
have been successfully exerted to keep
them out of sight before - No man can feel
any satisfaction in seeking them out, but
I cannot be blind to them when they come
before me, and with the hope of check=
=ing them in regard to Tuccauee I request the
Board's sanction for this limited sum, should
I find that more is absolutely necessary to
ensure future cultivation. I shall again address
the Board, but I trust this will not be the case
I am aware that it is a struggle in which
the feelings of the whole public service in
the Talooks are enlisted against me -

B.R. No. 1502

From the Ag. Coll. of North Arcot } No. 1.

Sir,

Adverting to the Extract from the Proceedings of the Board of Revenue dated 15th April 1850, I have the honor to state that Gholam Hoosain Khan the Member of the family of the late Jaghiredar of Mailpandy therein alluded

Fort St. George 17th July 1851.

alluded to has appeared before me and that I have accordingly examined him with reference to the Extract from the Proceedings of the Board dated 12th November 1849 forwarding for report copy of a despatch from the Honorable the Court of Directors dated 5th September 1849 No. 11 Paras 4 to 6, in which they desire the Madras Government to dispose of the Memorial of the individual above alluded to claiming a portion of the Pension drawn by Roostoomally Khan.

2- Goolam Hoosain Khan deposes that he will not reside under Roostoomally Khan's roof and persists in demanding 24 Rupees out of the Pension. He further adds that Roostoomally Khan has not paid him any thing for about 4 years. On the other hand Roostoomally Khan writes that he has been paying him Monthly the sum of 10 Rupees, which he promises to continue but declines increasing, observing that the same amount is allowed to his other brother Members generally.

From Dr Pro. 1st Apl -

Sir,

I Referring to my predecessor's letter dated 11th July 1849, transmitting a Copy of the Subordinate Court's Decree in Os. No. 70 of 1845 instituted by one Mullia Gounden against the Collector and two others, for the recovery of certain arrears of Assessment on lands situated on the Shevaroy Hills, and reporting that on appeal, the case in question had been remanded by the Civil Court for a review of Judgment. I beg, now to forward a transcript of the judgment of the pre-sent Subordinate Judge, passed on the 12th March last, the decision given being again in favor of the Defendants -

2. The Plaintiff however, being dissatisfied, has, I understand, preferred an Appeal, regarding which I shall in due course address your Board -

Defendants

I Mr. W. Gay
II Mr. Johns deceas
III The Collector of Sa

1st Defendant by Vaki
Ruffeedeenallikha
Sail.

3d Defendant by Go
Hurfsen Sail.

I.

This Suit was filed on
21st August 1845, and was brought to
cover the sum of 210 Rupees said to
due for Kundayem on 30 Acres of land
situated in the Mootanaud, a distri
on the Sheveroy Hills in the Salem Ta

II.

The Suit was originall
brought against the 2 first Defend
and another, in the Ummutsullah
siff's Court, who dismissed the Suit
Costs; the decision was also confirm
in Appeal before the late Southern
vincial Court, on a special Appe
being presented to the Sudr Adaw
it was received and the Judges after
perus

perusal of the proceedings, referred the case back to the Provincial Court, in order that further examination might be made. this was accordingly done, and the Provincial Court being of opinion that the Collector should have been made a Defendant in the Suit, quashed the whole of the proceedings and desired the Plaintiff to prefer a fresh Suit, making the Collector of Salem a Defendant, which he did accordingly hence the present Suit.

III. Read decree passed by the late Acting Subordinate Judge under date 19th December 1848, dismissing the Plaintiffs Suit with all costs, for reasons therein set forth.

IV. Read also appeal Petition presented to the Civil Court, praying for a review of Judgment and that the whole of the proceedings in the Moonsiffs and Appeal Courts might be considered and further evidence called for and Judgment passed de novo.

V. Read also Extract from the Proceedings of the Civil Court of

of Salem under date 2nd July 1849 advert-
ing to the above Summary Appeal Petition
and remanding the Suit back to the Sub-
ordinate Court, and ordering that Judgme
be passed de-novo, after duly considering
the whole of the records bearing on the
subject and giving such additional point
as might appear necessary—

VI. Further points having bee
given and the parties desired to file
copies of the documents they required—
perused, the Plaintiff filed 14 documents
the 1st Defendant two and the 3d De-
fendant one, with a Kafeyat from his
Office. The Acting Subordinate Judge
also inspected the land alluded to by
Plaintiff, and took a Mohozah from
the parties who were present when
he [Plaintiff] walked the boundaries
the 1st Defendant being unable to
attend the Court and show the lands
he received from Government. The Acting
Subordinate Judge called upon the
Collector to inform him of the ex-
tent of Mr. Gay's holding under Gover-
ment Grant, and where the lands are
situated

situated which are held responsible
for the teerwah on the land so granted—

VII. Plaintiff's documents filed
under reinvestigation—

I. Copy of the 1st Defendants
dingast to the Collector dated June 4th
1831, in which he requests permission
to take possession of 25 Acres of land
on the Shevaroy Hills

II. Copy of a letter addressed to
the 1st Defendant by the Sub Collector in
charge dated 18th January 1832, informing
him that his requests had been granted
and that the necessary orders had been
issued to the Tahsildar of Salem to put
him in possession of the land asked
for; the Government having at the
recommendation of the Revenue Board
granted it to him on lease for 21
years on certain conditions—

III. Copy of a Tasheed by the
Sub Collector in charge dated 18th January
1832, desiring him to put 1st Defendant
in possession of the land granted by
Government consisting of 40 Acres 21 Coovjes
12 Annas; and to Collect on the said
land 1 Rupee per Acre for 21 Years—

Copy

IV. Copy of an Urzee addressed to the Collector by the Tahsildar of Salem it is irrelevant, but shows that Mr. Gay had on the date of it, 3d February 1836, 17 Acres, 3 Cooyies 1 Anna paying 17 Rupees 1 Anna 1 Puce 2, the Tahsildar also mentioned that certain parties were making objections to pay Teeruah

V. Copy of a Tabeed dated 18th March 1836 from the Collector to the Salem Tahsildar, stating that the objections made as noted in his Urzee were invalid

VI. Copy of an answer given by Mr. Johnis 3d Defendant in O.S. No. 329 of 1837, before the Amahpettah Moonsiffs Court, in which he states that of the 30 Acres got by the 1st and 2nd Defendants, 2 Acres were planted with Coffee and 3 years before given to one Tombaul to take charge of, when they 1st & 2nd Defendants went to Madras, that they sent him a letter to collect the produce and pay the Gardeners and to remit the balance to them, that he accordingly took charge of it, that subsequently he got from the Plaintiff 7 Acres of the above

above 30 Acres at 1/2 Rupee an acre, for which he gave Moochilka

VII. Is a Copy of a Deposition given before the Amahpettah Moonsiffs Court in O.S. No. 329 of 1837 by Maunia gounden on the 12th May 1837, in which deponent stated that Plaintiff demanded (a month previous) the balance of the Cundayem due from the Defendants, who told him to do what he could to get it, that Plaintiff said he would sue them in Court, and that 20 days after the Defendants sold 20 Maunds of Coffee in the bazar, sent some to Madras and were endeavouring to sell the remainder—

VIII. Copy of an Urzee from the Salem Tahsildar to the Collector dated 14th November 1837 contains nothing material

IX. Copy of a Kayfeatnamah dated 14th November 1837 alluded to in document No. VIII, in which it is stated that 1st Defendant had 17 Acres, 16 Cooyies was paying 17 Rupees, 6 annas, 7 Puce, which he paid to Sirkar, that there was a balance against him of 87 Rupees from Fusly 1247 to 1846, which however had

had been remitted by order of the Board that 1st Defendant was at that time at Madras, and that Mr. Johns was in occupation of the land—

X. Copy of a Deposition similar to No. VII given by Chinnagounden and dated 22nd November 1838, states that the 1st and 2nd Defendants got 7 years before 30 Acres of land paying 30 Rupees from the Plaintiff, bounded on the North by the Colonel's house and Pernal Cowil, on the West, by the Pernal Cowil tank, on the East, by the Canjaimbady Coolay, and South by the road which was then (22d November 1838) in 3d Defendants occupation, it having been given over to him by the other Defendants when they went to Madras, at which time they told him to pay the Cundayem, he (witness) then goes into Statements which are evidently false, and contradicted by other witnesses. the witness states he is Plaintiffs Son in-law—

XI. Copy of a similar deposition given by Dasseegounden on the

the 22d November 1838 in which he states he knows of 1st and 2d Defendants having got 30 acres of Cultivable land from the Plaintiff, 10 years before, at 1 Rupee an acre, bounded as stated in No. X. That 4 or 5 years before (the date of deposition) the Plaintiff asked 1st & 2nd Defendants for the Cundayem, they referred him to the 3d Defendant, who had charge of the property, and they went to Madras; this witness mentions other persons as being present when the Plaintiff gave the lands to 1st and 2nd Defendants, not stated to have been so by the other witnesses, and the transaction according to his account, took place at a different place to that mentioned by the other witnesses, and 3 years previous—

XII. A Similar deposition given by one Cauna Gounden 22nd November 1838, the witness is Plaintiffs Son-in-law, and his Statements are contradictory and incredible, among other things he stated that he has only known the defendant 7 years and that the

the land was given to them 7 years ago, and that 1st Defendant gave over the land to 3d Defendant 7 years ago and went to Madras. that he does not know when 1st Defendant went to Madras and finally that he and 3 other persons, whom he names, were only present, while the other witnesses mention 2 or 3 others, he also states that 1st Defendant cultivated the land 7 years.—

XIII. Is a Copy of a taked from the Collector of Salem to the Tahsildar of Salem dated 5th July 1838. mentioning that the teermah due on Mr. Gay's land must be collected, even though it might not be occupied.—

XIV. Is a Copy of the Ameen's report to the Southern Provincial court in Appeal No. 3/1840 dated 3d March 1843.— In which it is stated that there were no Pymash Accounts &c. before the preceding year, that the Plaintiffs' Villagers and Sirkar Servants all stated their inability to point out the 17 Acres of land granted by Government to 1st Defendant, but that the Karkoon pointed out a plot of land, saying

that 1st Defendant had claimed it on a grant, and had been contesting his right to it for 5 Years past; that the 1st Defendant also pointed out what he said had been granted to him, and gave in a plan stating it belonged to Moota=naud, and that the Vercaud people also gave a Mahazurnamah to show that it belonged to Mootanaud, that on measuring the 9 plots of land shown by the 1st Defendant as his 17 odd Acres, it was found to be 26 Acres.—

VIII. In document No. 1 filed by the 1st Defendant, which is a letter from him to the court, the 1st Defendant states that he holds no lands whatever on the Shervaroy Hills, he having dis=posed of what he received on grant to the Reverend Mr. Lechler, the late Col=lector Mr. Lockhart and Mr. H. Clarke, and that these lands can be pointed out by certain parties now on the Hill.—

In document No. 2 filed by 1st Defendants Vakeel which is a letter from his son to the court, the land granted to 1st Defendant is described by 1st Defendants Son, this description is

is somewhat different from that given by the 1st Defendant himself, which alone can be considered, as the Defendants Son is no party to the Suit; the land here described is probably what was originally granted 40 Acres and Odd Coovjes.

IX. On the 27th of January 1851, the Acting Subordinate Judge had the boundaries of the land, the Cundayem on which is now sued for, pointed out to him by the present Plaintiff in the presence of the Vakeels Hill Ameen and others. The Plaintiff stated the 30 Acres which Mulliagounden gave to 1st Defendant are comprized in the land now in the occupation of Mr. Fischer, Mr. Cadenhead, Reverend Mr. Lechler, Mr. Neave and that of the late Collector Mr. Lockhart, and the Civil and Sessions Judge Mr. Bruere, On the latter Gentleman becoming aware of this, he entered his protest, and showed certain documents to the Acting Subordinate Judge, which clearly showed that Mr. Gay never claimed or

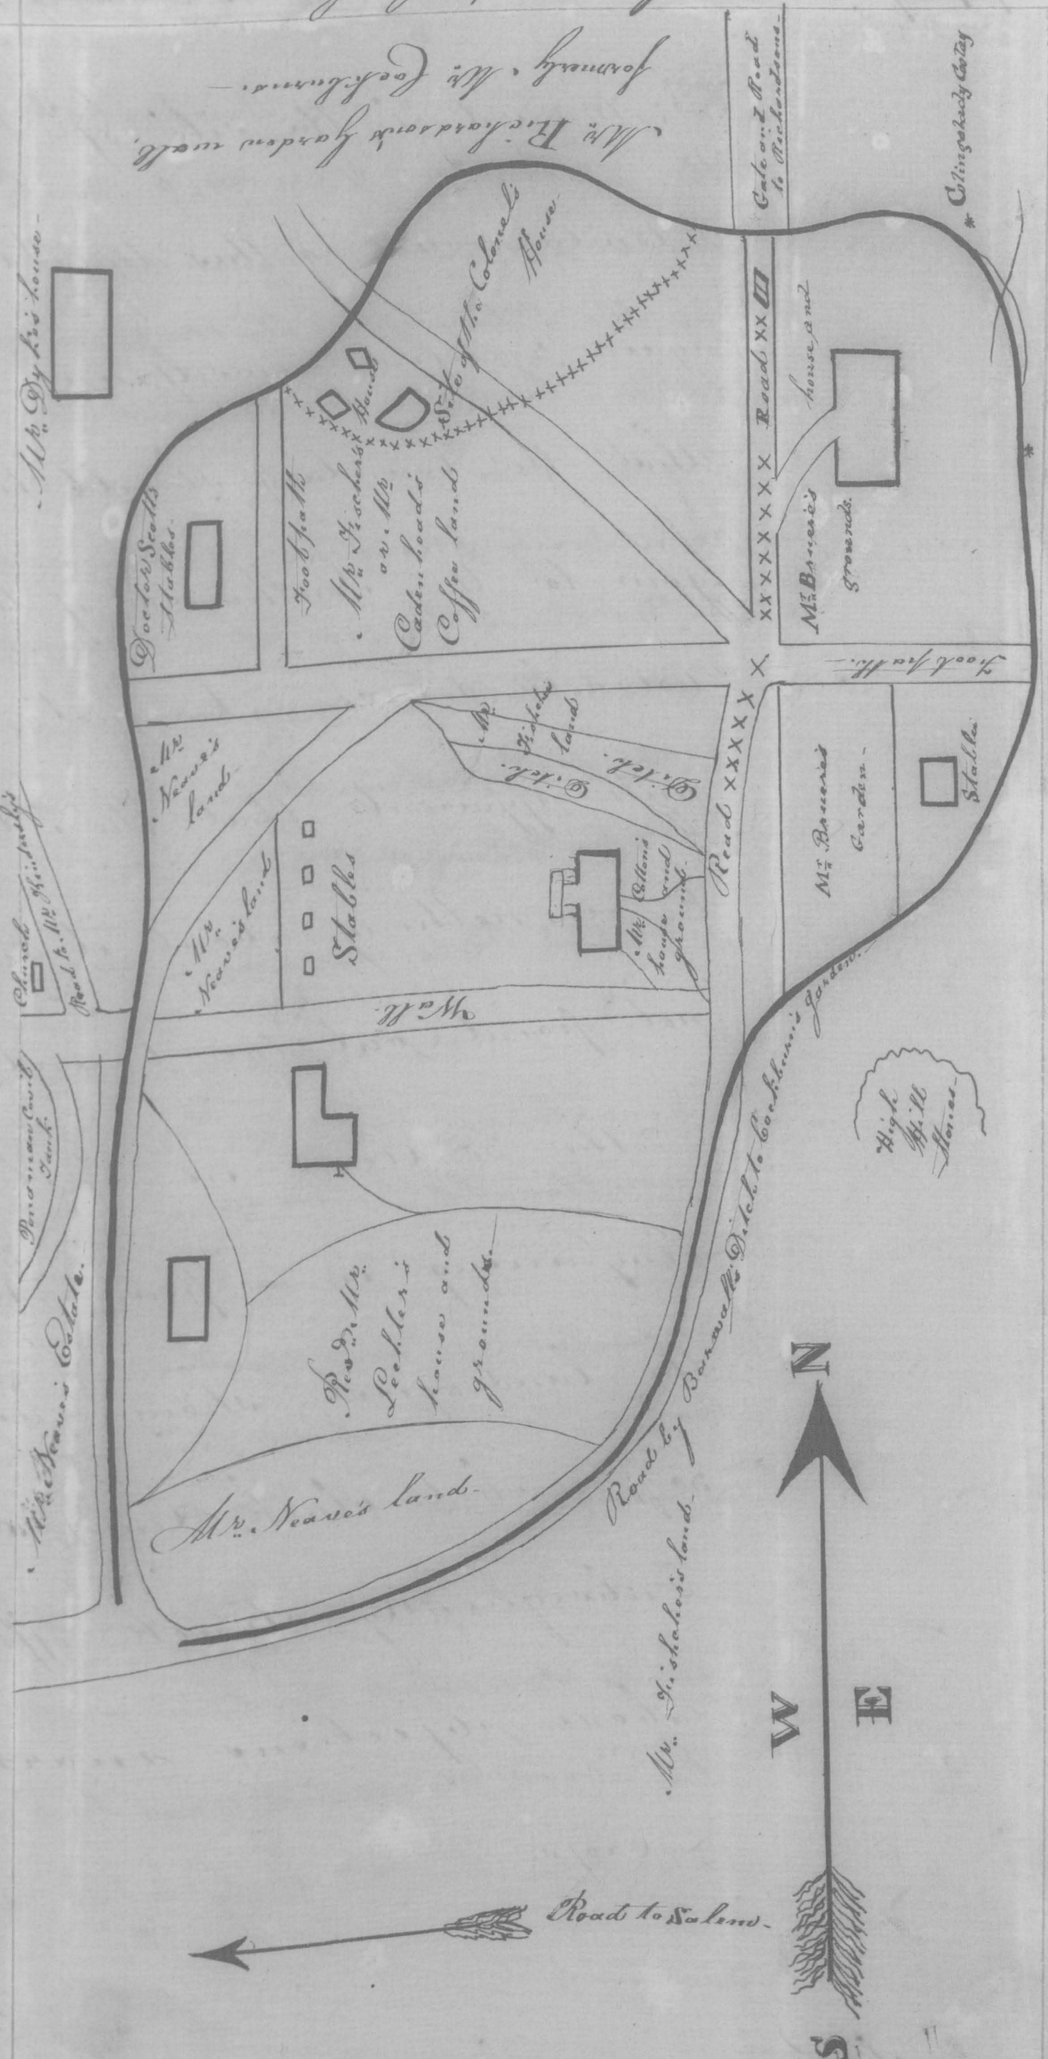

or possessed the land in his occupation. On the Plaintiff being called upon to answer this objection, he admitted that Mr. Bruere's lands were not a part of the 30 Acres, again the Acting Subordinate Judge noticed that the Plaintiff had shown considerably more land than 30 Acres and that while in the Plaint and Evidence it was stated that the Colonels house was the limit to it on the North, yet the Plaintiff had pointed out land extending several Acres to the Northward

Fort St. George 17th July 1851

Northward of the site of the Colonel's house, on this the Plaintiff again rectified himself and stated that the boundary should have gone to the Southward of the Colonel's house. In fact it was quite apparent that the Plaintiff knew nothing about it and could not point out the boundaries of the 30 Acres in question, accompanying is a plan showing the land first shown as the 30 / marked black line / and that subsequently struck off in the above objections marked + Cross.—

X.

The Moorlelkah filed by the Collector / the 3d Defendant / in the suit dated 20th August 1831 and examined by the Plaintiff. Mr Ringaroondum and to the Sirkar, shows that the several parties gave up lands as follows voluntarily from their holding on the Hill

1 Plot Carole Ranjah tottum	22	acres 9	Coyjes
1 Plot Vella pair Anadi teras	4	— 31	—
1 Plot Poodoothiar tottum	9	— 36	—
1 Plot Pallum Anditeras	2	— 6	—
Total 4 Plots measuring	40	— 21	— 12

3d is further stated that the above lands had been long Permanent / uncultivated / and were teras / waste /

XI.

The 3d Defendant also presented a Kayafeyatnamah regarding certain points noted from which it appears that the 1st Defendant in June 1831 gave a "Dirgast" for certain lands described by him and in which he said measured 25 acres that a taking was issued on the 21st July to the Tahsildar to measure

Fort St. George 17th July 1834.

measure the land applied for which he did, and reported in his urzee of the 21st July following that it was 40 acres 21 Coyjes 12 annas; that on the latter date the 1st Defendant sent in a revised dirgast for the land namely for 40 acres odd, which the Government having granted him, a Taked was issued to the Tahsildar on the 18th January 1832 to make over the lands in question to the 1st Defendant — when he asked for them. On the 7th February 1832 the Tahsildar reported that 1st Defendant did not want all the land, and in July 1241 only cultivated 17 acres, 16 Coyjes 10 annas paying 17 Rupees 6 annas 7 Pice and that his name was accordingly entered for this amount and he was desired to cultivate the whole by a taked issued the following day namely 3d February 1832. That 1st Defendant never enjoyed any other or more land than this which stands — registered still in his name. The Sirkar never received from Plaintiff 40 acres, only the 17. 16. 10 as specified above. — That the Government struck off from 1st Defendants account 87. 11. as for 5 years

years from July 1241 to July 1245 which amounts together with 87. 11 collected for the subsequent 5 years from July 1246 to 1250 totals 174. 1. 10, was credited to the Plaintiff in account.

XII. From a letter received from the Collector it appears, that the lands held liable for the 17 odd acres of land granted to Mr. Guy and in whose name they are still registered, are those occupied by the Revd. Mr. Lechler & Mrs Cotton.

XIII. The following Miscellaneous Petitions were filed and have been duly considered $\frac{432 \& 480.}{1845.}$ $\frac{10-175-434.}{1847}$ $\frac{723}{1848}$ $\frac{1,32-476-586.}{1849}$

The Plaintiff's heir has been admitted as Plaintiff, and the 2d Defendants name has been struck off the suit as requested.

XIV. From a careful perusal and consideration of the whole of the proceedings filed in this Suit, the Acting Subordinate Judge records his opinion as follows, that the Plaintiff has failed in the first place to prove that he ever gave over to the 1st Defendant the lands for which he now claims Cundayam; his witnesses examined before the Amaldar of Moonsiff in O.S. No 329 of 1837 were not credited by the

the Moonsiff and the Acting Subordinate Judge concurs in the opinion of the Moonsiff with reference to their evidence; it is altogether contradictory, and being given too by the relatives and dependants of the Plaintiff cannot be credited; 2dly although no pattah were given at the time Plaintiff states the land was made over, yet there were pattah given when 1st Defendant is said to have given them up, and Plaintiff should have a Panzenamah from 1st Defendant. There is no evidence that about one half of the land pointed out by Plaintiff comprising the 30 acres in question, was ever in the enjoyment of the 1st Defendant, and it is now enjoyed by other parties direct from the Plaintiff or his father, which it could be, if it had been given to the 1st Defendant; since too it is stated that the 1st Defendant sold his lands, and it is well known too that he did so at remunerating prices, it is not likely he would have given up any portion of his land for nothing; the only land proved to have been in the occupation of the

Fort St. George 17th July 1851.

the 1st Defendant is that which he received from Sirkar, namely 17 acres 16 Cowjes comprized in the lands now occupied by the Acting Subordinate Judge himself the, Revd. Mr. Sechler and Mr. Fischer these pay the Sirkar Cundayem. There is no credible evidence that the Plaintiff ever made any demand against the 1st Defendant for Cundayem for 7 years, a fact suspicious in itself, more especially as it is shown he went to Madras, and thus put himself out of the way of being sued for it, there is no evidence either that any complaint was ever preferred to the Collector regarding his being in arrears, or that distraint was ever had resort to. It may be true that the 1st Defendant has claimed land beside that entered in the Government accounts as belonging to him, but his claim never appears to have been admitted, on the contrary it has been denied and there is nothing in the evidence to show that he ever really possessed other land than is entered in his Pattah, this land too is shown by the Government accounts

Fort St. George 17th July 1851.

accounts to be part of the lands which the Plaintiff states he gave to the 1st Defendant, and if as it clearly appears the Cundayem on it has been paid, and in full credited to the Plaintiff, it cannot be liable to a fresh demand. The Plaintiff himself could not point out the land said to have been given to 1st Defendant, but erroneously entered as belonging to it 2 large portions that he subsequently admitted did not belong to it, such being the case his Statements cannot be considered worthy of much credence, more especially as it is clearly proved that another large portion of land claimed as having been given by him to 1st Defendant was not so, obtained from Government on grant, the Acting Subordinate Judge therefore decrees that as the Plaintiff has entirely failed to show that the 1st Defendant ever received land from him or enjoyed it, or that he possessed any land on the Hill, but that which is entered in the Government accounts as having been

Resolved that the letter above recorded together with its enclosure be submitted for the information of the Right Honorable the Governor in Council with reference to the papers noted in the Margin.

2. The facts connected with the institution of this Suit are briefly recited in the Board's letter to Government 30th July 1849, from which it will be seen that the Sub Court on a former occasion non-suited the Plaintiff with costs, but he having appealed, the Civil Court remanded the case to the Sub Court.

3. The present review of Judgment dated 7th April 1851 again non-suits the Plaintiff with costs but the Plaintiff being dissatisfied has again preferred an appeal to the Civil Court and the Collector states that he will in due course address the Board on the subject.

B. No. 1601.

From the Coll. of Salem — 1.

M. of Cons 4th July 1851.

Sir,

In conformity with the instructions contained in your Board's Proceedings dated 5th instant, I have the honor to forward Draft of an Answer such as it appears the Government are desirous should be filed in the Special Appeal Suit in which Mr. Fischer, Moottadar of Salem, is the Special Appellant.

2. As the Moottadars right to the three Spots of ground in dispute was distinctly and wholly denied when answer was made to the Original Plaint, I have felt some difficulty in now availing myself in the Special appeal answer of the course of argument taken by the Civil Judge in his Appeal Decree, in respect of refusing to award the arrears of rent on two of those Spots, and I am impressed with the belief that it may not be quite regular for a Suitor under such circumstances to take advantage

advantage of the argument of this appeal Court. As however, the Government have otherwise resolved, the necessary reference appears in the Draft I now submit.

3. I beg to add that a Motion is at present before the Sudr Udalut on my behalf, in which I have requested that an additional period of one month from the 1st instant may be allowed me for furnishing a special appeal Answer. This Motion will have been made on the re-opening of the Court on the 1st Instant. I have therefore to request that your Board will further communication to me may be so timed as to admit of the answer reaching Madras within the close of the Current Month.

Salem District,
Collector's Cutcherry
9th July 1851

I have, &c.
(Signed) W. D. Phillips
Collr.

No 1.

Answer filed by the Special Respondent W. D. Phillips Esqre Collector of Salem to the Special Appeal presented in S.A. No 6 of 1851 by G. F. Fischer Esqre. Moatadar of Salem.

1. Being under the impression that the practice of Court to require that an answer be filed in all suits wherein the point at issue is contested by the party sued — the Collector of Salem, as Special Respondent in the present action, submits this pleading in reply to the Special appeal admitted on the application of Special Appellant, Mr. G. F. Fischer.

2. The Special Respondent, however, does not deem it necessary to notice at any length or in an elaborate manner, the several arguments contained in the Special Petition of Mr. Fischer, which the Special Respondent believes to be generally of little or no importance to the point mainly at issue in the suit, and which point is duly set forth in the Special Appeal Petition already filed on behalf of the Collector in the said suit.

Appeal Suit 76 of 1847.

3. In that Special appeal address it has been contended that the decision of the Salem Civil Court given in regard to the lands now contested, did not decide the case on its true merits, and moreover, that the suit was barred by the Statute of limitations.

4. The judgment of the Sudr Udalut on these points, hereafter to be delivered, will, it is believed, sufficiently show that to the grounds claimed

claimed the Special Appellant has no manner of right.

5. In respect of the Special Appellant Mr. Fischer's claim to rent and arrears of rent for the ground in question the Special Respondent has hitherto deemed it unnecessary to adduce reasoning in reply to the arguments which the Special Appellant has used simply because in limine the Special Appellant's right to the spots of land sued for was explicitly denied. It may however be expedient now to remark that the grounds taken in his decree by the Civil Judge for wholly rejecting the Mootahdari claim for arrears seem worthy of close attention.

6. It will be observed that the matter of the Mootahdari's right to these arrears is thus disposed of by the Civil Judge. "To these rents the Court considers "the Plaintiff not entitled for the mere "occasional execution of a Criminal and "halting of troops cannot be considered as "occupancy and this Plaintiff has himself "admitted in his reply when arguing that "such would not deprive him of his right "to the lands, and on the Collector not "recognizing his demands for rent, he, as

"Mootahdar, since Pottahs and Muchilkas "has had not been exchanged between him "and Government had full power to let "them to the ryots who, he has represented, were ready to offer for them, in like manner as he had done the "neighbouring lands"--

7. The Special Respondent as party to a Suit in progress permits himself to use the Civil Judge's opinion for rejecting the above part of the Mootahdars claim. He used it however, in all deference to the view recorded by the [illegible] that "the grounds urged by the Lower "Court as bearing them out in their "refusal to award arrears of rent "to Special Appellant (Mr. Fischer) "for the two spots of ground decreed to "him, are untenable and opposed to "the usual practice of the Courts," because, he (Special Respondent) does not find that any explanation is afforded by the Court of Sudr Adalut of their reasons for considering the Lower Court's view to be untenable - and he hopes that

56

Bd. No. 1621.
From the Collr. of Madura

Sir.

With reference to Para 3 of the Circular of the 12th ulto. I have the honor to state that I have never observed any prejudice against Vaccination in this District and do not think that Inoculation is at all prevalent -

2. At the same time an enactment making Inoculation penal seems to me very desirable - I am aware that Vaccination is by some Professional men supposed to lose its efficacy after a certain period of life, and that Inoculation has been recommended in lieu, but as under the operation of the former Small Pox has, in many places, been nearly annihilated

annihilated, while the latter though it may secure the Patient to whom it is properly applied, from all dangerous effects, yet must keep the disease in existence and even make it more prevalent than it is at present, I cannot but regard Inoculation as noxious and therefore fit to be effectually prohibited. At all events, I think, a determined choice should be made between the two, for while Inoculation is permitted Vaccination has not fair play in the prosecution of its main object, Viz., the extinction of Small Pox and its use therefore is in some degree nullified.

68

B. No 1524.

From the Coll. of Malabar....

No 413

Sir

I have the honor to acknowledge the receipt of the Board's Proceedings under date the 29th ultimo conveying Extract from the Minutes of Consultation dated the 29th April 1851 and desiring me to make arrangements for farming out the Collection of the

the Sayer duties at the Mahé Chowkies.-

2 From the Schedules which accompanied the foregoing papers it appears that the only articles liable to duty are Wine and Spirits when imported from Mahé.-

The heavy excise Duty which these articles bear, have almost annihilated their importation except through illicit means and if by farming out the levy of the import duty on the two articles in question it is intended to abolish the frontier Establishment (amounting to Rs. 2562 per annum) the measure will be followed by a serious loss of the revenue derivable from the Tobacco Monopoly. My letter dated the 2nd Instant will have acquainted the Board that the system of smuggling is rapidly increasing in spite of all the exertions used to check it.- The marginal Memorandum shews that the quantity of Tobacco imported at Mahé during the last three years average 604 candies (of 500 lbs) per annum a good part of which finds its way into the British territory.-

Fasly	From Jaffna	From Tinnevelly	Total
	Candies	Candies	Candies
1258	230	120	350
1259	63½	171½	812
1260	300	352¾	652¾
Total	1167½	647¼	1814¾
Average	389	215	604 15/20

*Contraband Tobacco is also taken to the Cochin & Travancore Rajahs Country as well as to the Sea Ports of Canara

Our Seizures during the present year

year amount to 12½ Candies.-

3. Under the foregoing circumstances I beg to be favored with further instructions in respect to carrying out the orders of Government now under consideration.-

Calicut 30th June 1851. } (Signed) H.V. Conolly Collector

Bd No 1407
Proceedings thereon
Pro: to Govt 30th Jany 1851 No 19
Encl. of Cons. 29th April in Cons. 29th May 1851. Ourab.

18:69

No 303

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to the papers noted in the Margin.-

The Collector points out-

2. that the heavy excise on Wine and Spirits the only articles which are now liable to duty on import at the Frontier of Mahé has almost prevented their import except through illicit means and if by farming the levy of duty on them it is intended to abolish the entire Frontier Establishment, the measure will be followed by a very serious loss of revenue from the Tobacco Monopoly as the average imports of that article at Mahé for the 3 years Fasly 1258 to 60 inclusive were 604 Candies, the greater part of which found its way into the British Territory.-

3 Under the circumstances the Board consider that it would not be advisable to reduce the Frontier Chowkies in Malabar as long as the Tobacco Monopoly is continued.-

Read the following letter.

No 66

To W.H. Bayley Esqr &c
Secretary to the
Board of Revenue

Sir

I have the honor to acknowledge the receipt of your letter under date the 26th ultimo relative to petition No 1285 of 1851 from Moonesapah Chetty and Moonesawmy Chetty and to transmit herewith for submission to the Board of Revenue a sketch plan of the open space applied for by the petitioners which contains Cawney 1-7-600 and is included in the Western Esplanade.

2 It will be seen that its distance from the Salt Cotaurs is from 1175 to 760 feet.- The people who bring their flocks there are Hindoos and Mussulmans.

3 The sheep are all collected on the spot between 6 and 7 oclock every morning, and after the sale of such as are required daily for the market, the rest are taken away to the neighbouring Villages by 10 oct. M. This is the practice observed for many years.-

The

70

Bd No 1517

From the Collr of Madras - - -

Reporting upon a petition from Moonesapah Chetty and Moonesawmy Chetty who have applied for certain Ground on the Western Esplanade which is occupied for a few hours every morning by flocks of Sheep brought for the Madras Market-

Encl 1

4 The Petitioners hold the Cow dung contract for these adjoining Ground on which Up country Carts are now being congregated.- The amount payable by them for the Current Fusly is Rupees 1638 and by adding Rupees 100 to it, they wished to be allowed to make any charge they might think proper for the occupation of the Ground alluded to in the manner indicated above.-

+ Note The Cow Dung Contractor for Fusly 1261 is one Moonesawmy Reddy who is to pay Rs 2958.-

5 The Chief Magistrate and Superintendent of Police in a letter to Government of 23rd December 1845 reports that the Ground now held by the Petitioners "was generally occupied" by flocks of Sheep brought for the "Madras Market" and observes that the Grass contractor under the Chief Engineer who claimed it as being included in his Contract "had no right whatever to collect a tax but simply to recover for grazing."-

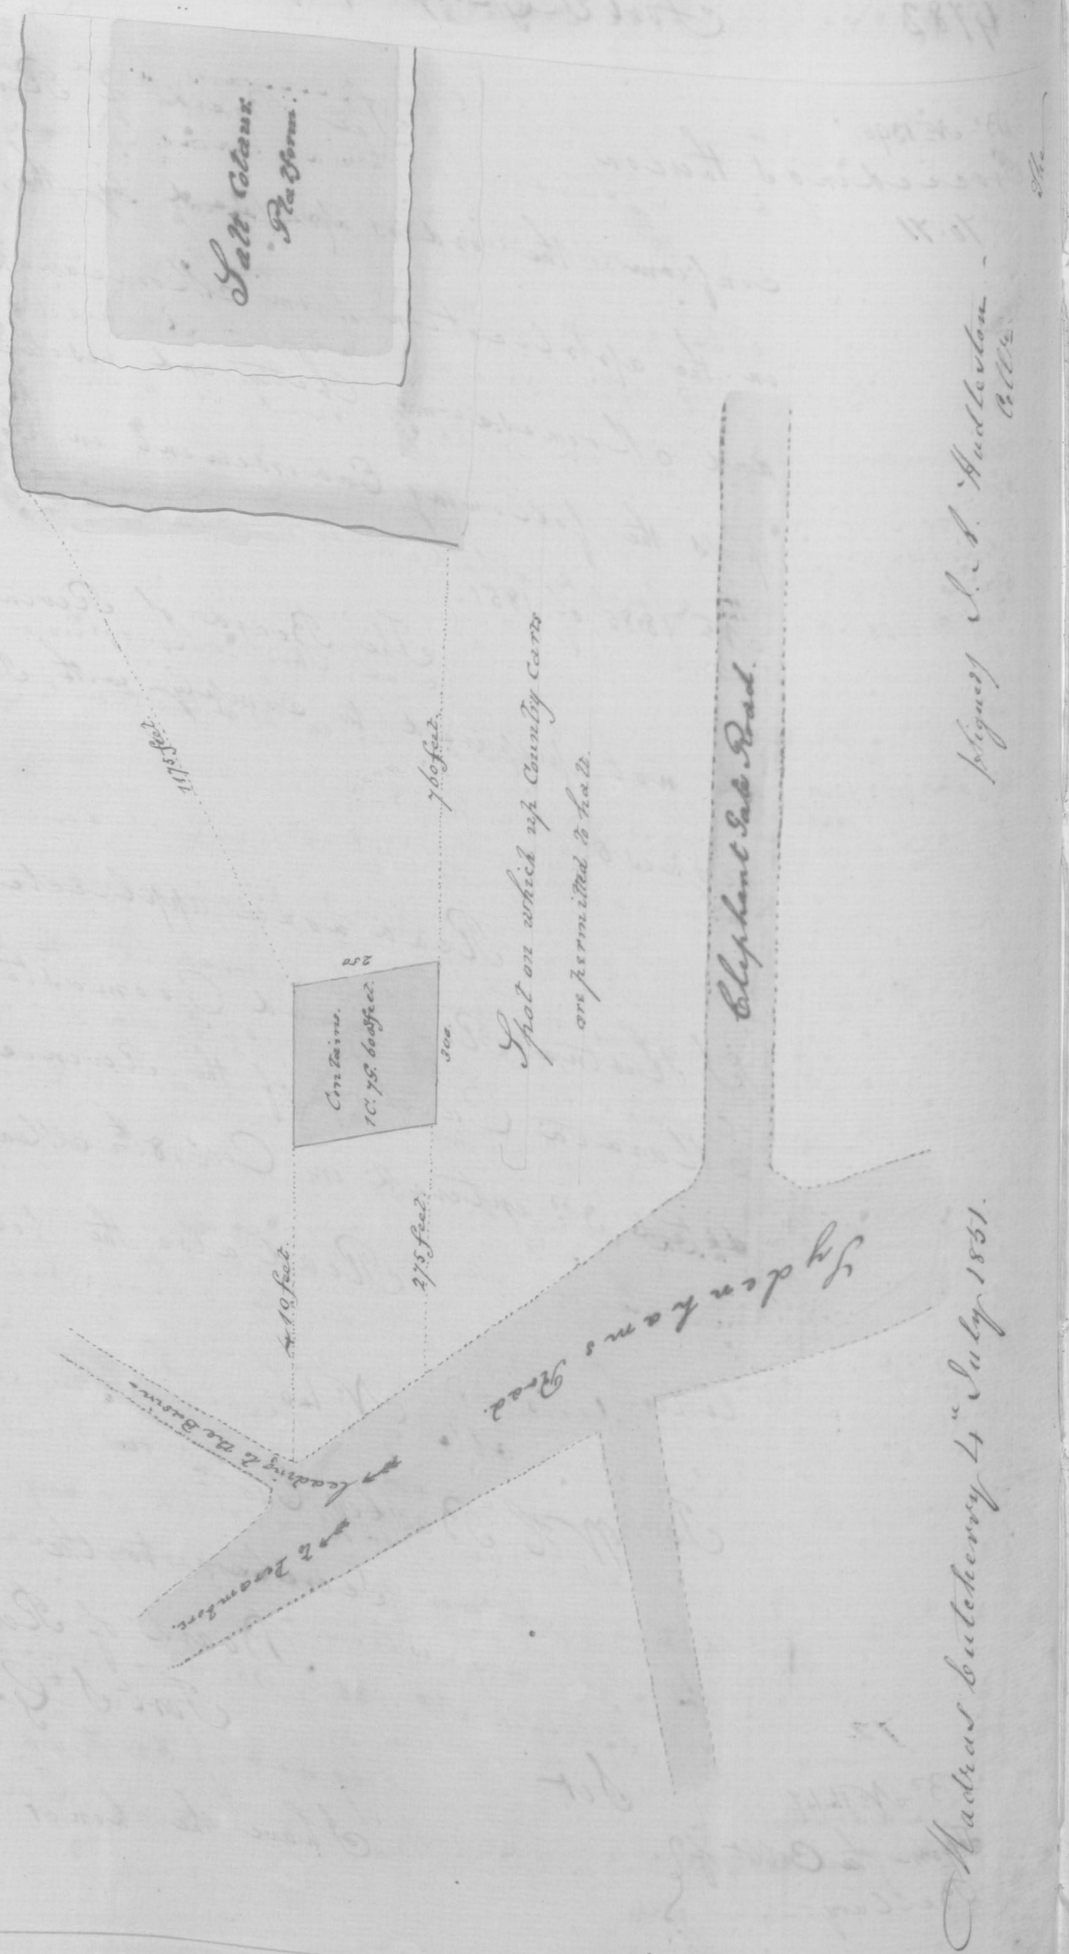

From Bd 22d Jany 1846.

6 Under the circumstances of the case, I considered it objectionable to accept the Petitioners offer of 100 Rupees for the levy of an undefined amount of Ground rent from parties who have never been subjected to any public demand whatever for the temporary occupation of the Spot in question.-

7 Petition No 1285 of 1851 is returned herewith.-

To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue,
Fort St George.

Sir,

Para 1. I have had the honor to receive an Extract from the Proceedings of your Board dated the 1st Ultimo, intimating that it is considered due to me that I be furnished with copies of certain paras of the report made by the present Agent to the Governor at Tr[illegible] on the settlement of Fusly 1259, and of the remarks thereon recorded by your Board.

Nov. 29/50

Report paras 13 & 14
Board's Proceedings
Para. 11.

2. The explanation offered by the Agent of the principles on which I granted remissions on such dry crops as had been seriously injured or had altogether failed, are those by which, so far as I can now recollect, I was guided sufficient stress has not, however, been laid on the consideration which I was compelled to give to the outturn of the poonasa or first crop, in respect of which I had to make extensive personal enquiries as each Village came before me for settlement. No accounts were then

Fort St George 21st July 1851.

then forthcoming, nor could they be obtained, in regard to the poonasa crop. I had applied

Jany. 5th 1850. for authority as a special case, to make remissions for the failure of the dry grains, at a period when the removal of all such produce as had been realized from the early harvest, had been effected. If it be asked why I did not sooner communicate with your Board, I would observe that I could not justifiably have done so, as it was necessary first to ascertain what would be the probable outturn of the later cultivation. My attempts to obtain information relative to the poonasa produce were opposed directly and indirectly in all manner of ways, as it was the interest of the Curnums and Ryots to keep me in ignorance of what had been yielded, but I satisfied myself that the crops had not been so much injured as I had originally seen reason to suppose, and accordingly, in fixing each amount of remission, I had to bring into consideration what every cultivator was believed to have realized in the first harvest of the year. An additional subject for my investigation at the time was, the quantity of enam land that had been cultivated, for it

was

was obvious to me, although no doubt the rent free suffered as well as the Govern=ment fields, that a preference had been given to the cultivation of those which as Enams, bore the lighter assessment. Not finding in the Kurnool records any data by which I could regulate remissions on dry crop land in a District which, like Kurnool, is essentially a dry crop country, and never having before superin=tended in a bad year the settlement of a District requiring dry crop remissions I ap=plied to and obtained from Mr Pelly, acting Collector of Bellary, a few Statements shew=ing the rates and extent of the indulgence shewn under similar circumstances, to the people of the neighbouring Bellary Talooks. My own Statements were drawn upon these, but my impression is, that even in the Bellary Statements, no distinct fixed data could be traced and that most of the remissions there given appeared to have been given as a "Moonasib" reduction, acknowledg=ing no unchanging rule.

3. In the absence of such in a District where remissions had been pre=viously granted only for failure of crops on irrigated land it must be a matter of extreme

extreme difficulty to shew in each instance, by what each amount of remission was regulated, I felt the embarrassment and strove to remedy it by doing what I have since observed was done by others on former occasions, Viz.t by considering the circum=stances of the Ryots, their means of pay=ment, the general outturn of their whole cultivation, and the prices they were able to secure for the produce of their fields.

4. As respects the reduction in the estimated amount of loss sus=tained on the dry crops which resulted from my personal investigation of individual claims to remission, I beg to mention that I did not feel myself at liberty to accept as correct, the statements laid before me by the Talook Subordinates, the more so that it was currently rumoured at the time, that an unlawful compact had been entered into between Ryots, Village officers, and the Heads of Talooks for a per centage payment to the latter on every Rupee remitted.

Talook No 35,698
Hooz.m No 26,791

5. The compact seemed to be no secrect as Mongamoor Lutchmenursoo Puntoolo, the then Head Sheristadar of Kurnool, brought it openly to my notice

and

Fort St George 21st July 1851.

and warned me that one fourth of the entire remission would go into the hands of the respective Thasildars, and unless I am misinformed, circumstances of subsequent occurrence in Kurnool, go clearly to shew that what he reported was true, and that even the diminished amount which I did remit has become a source of illegal emolument to certain of the Thasildars

6.

I also beg permission to state that generally the remissions which I made were considerably in excess of those which the Head Sheristadar was of opinion should be given, and that during the progress of the settlement he called on me and made it a subject of complaint that by not accepting his views of the necessity of individual remissions, I rendered him a nonentity and might as well have no Sheristadar at all.

Bds Pro para 13

7.

I apprehend some misunderstanding has occurred in regard to the object with which I deputed the Naib Sheristadar to Talook Chagulmurray. The Sheristadarship of that Division had become vacant, and such was the scarcity in the District of men properly qualified for the office of Thasildar, that I could not find a fit successor. The Saristadar remaining

Fort St George 21st July 1851.

remaining in charge, being inexperienced I sent the Naib Sheristadar to make the Villayvaree of the Talook and not realize outstanding balances; such at least, was my impression on reading your Board's proceedings, and I believe the Agent will corroborate it's correctness by a communication which, I understand he proposes addressing to your Board.

I beg now to refer to the remarks

Bds Pro para 13

8.

of your Board on the state into which Talook Chagulmurray has fallen.

This Talook, I believe always has been, and apprehend always will be, a great difficulty in the management of Kurnool, until material modifications are introduced in the teerwas generally prevailing in the Talook. These are very high and on the whole, more unequal than the notoriously unequal and anomalous rates known to obtain throughout the District at large. The difficulty is enhanced by the Geographical position of the division, wedged in, as it is, between three of the Cuddapah Talooks. Its inhabitants too, without possessing the same extent of independent means, are as litigious and querulous as their neighbours of Cuddapah if not more so- coveting the easy, favorable assessment which obtain across the

boundary,

boundary, they are ever dissatisfied at not enjoying similar advantages; and if any discussion arises between them and the revenue Officers of Kurnool, they frequently retire within Cuddapah limits to bring the latter to their own terms. Even in the time of the late Nawab of Kurnool, the Pycarry Ryots of Chagulmurry could not be reckoned on with any certainty, although the then local Amildar and Subordinate Village Officers had it in their power to conciliate them in various ways which a Thasildar of the present day would do not dream of attempting. If I mistake not, it will also be found that the periodical retirement of Pykaries from Changulmurray, has for many years past, more or less, Systematically prevailed. It is further my impression that their withdrawal has been on most occasions but temporary and I think it will be ascertained that after an interval of absence, they have very generally resumed what they had no real intention permanently to abandon. Moreover in the fusly under notice, as I understood at

at the time, strenuous efforts were being made within the Cuddapah limits for bringing under cultivation by the aid of Cowle, on a large scale, a great deal of the waste lands in the Talooks of Doovvoor and Yamalamadoogoo. It is therefore possible, if I am correct in my recollection of the period, that the inducements and temptations thus held out, may have caused some of the Pykaries in question to relinquish or prepare to relinquish their cultivation in the Kurnool Territory.

As regards the reality, or otherwise of the succession of bad seasons in this particular Talook, which are referred to by the Agent, I had had considerable difficulty in satisfying myself. The enquiries which I instituted, tended to shew that very few miles off across the boundary there had not been those deficient crops and disappointments of expected produce, from which only the Chagulmurray Talook was said to have suffered. On one occasion I officially addressed the Collector of Cuddapah to know whether the outturn in the Villages bordering on the Chagulmurray Villages was such as to warrant a belief

that

that unusual agricultural distress had supervened, and the reply of that officer, so far as my memory enables me to say, was to the effect that the state of the crops there, did not justify the report made to me by my own subordinates.

11. As respects the Tusly immediately under notice, the accounts and reports submitted to me by the Tahsildar of Chagulmurray were not such as to warrant the belief that that Division had been affected by the blight and other causes which so seriously injured the cultivation in the Goodoor and Nundicoolcoor Divisions, and certainly in what I myself saw of the Talook there was nothing to lead to a supposition that any very extraordinary failure of produce had occurred to call for extraordinary remissions. It is true I did not visit every corner of the division, which in shape is an acute angled triangle, but my journey when entering the Talook took me by one road to Cusbah Chagulmurray, whilst that followed when I left the Talook after settling it, was by another. My habits of early horse exercise, too, carried me over a good quantity of ground off the direct lines of roads.

Goodeeputty Shashuppa

When

12. When in August 1847 I took charge of Poonoor, the Chagulmurray Talook was not under the superintendence of a competent officer, and the first visit which I made to the division, sufficiently established, to my mind, his incapacity for the responsible post of Thasildar. His habits were slothful, his intellect very mediocre, and he was much given to eating opium. He had, however, a knowledge of the District generally and of Chagulmurray in particular, sufficient to induce me to try and stimulate him to exertion and I therefore refrained from making any change. My endeavours were unsuccessful, still, I had no tangible case against him on which I could have ventured to propose his dismission, and I therefore temporized. Later, I transferred him to the superintendence of the Banaganpillay Talook, which at that time was under management, nominating to the Chagulmurray Thasildarship in his stead, the Ameen of Banaganpillay. The result however, showed that the change had given me a man who was

timid,

timid, vacillating and irresolute, who was willing to conciliate and keep the people under him in good temper but had not moral courage enough to cause himself to be respected either by the inhabitants or his official subordinates. A further change become therefore obviously unavoidable, and after an interval of, I think some months, I made it, but what it was, I cannot now recollect. It strikes me that I reduced the Shasildar to a Talook Sheristadarship an appointment which would have fallen to his lot had he remained in the Ameenship of Banganapillay until the date of its restoration of the Jagheerdar.

13. Subsequently, the Shasildar of Goodoor died of Cholera, thus creating a second vacancy in a class of appointment for me, even, of which, I could not provide myself with a satisfactory nominee. After considerable anxiety and much consideration, I resolved on employing the Head Moonshee of my Cutcherry as one Tahsildar. He was averse to accepting the office and the loss of a most intelligent, zealous, hard working Moonshee was to me personally a most serious inconvenience. I however, told him that

Shashagherry Row.

that I saw no other means of meeting the difficulty, that the exigency of the public service required the aid of his intelligence and best exertions, and that he must go; He went accordingly, and from statements recently made to me in private communications from Kurnool informing me that Shashagherry Row had died from the effects of an accident which befell him in the discharge of his public duty, I have had reason to hope that in the instance of Shashagerry Row, at least, my selection was judicious and beneficial to the state. In regard to the other, I am sorry that I cannot so flatter myself. The man whom I sent as Tahsildar to Chagulmurry was a servant of considerable experience in revenue matters, who had come into the District, I believe, when Kurnool was resumed, and with the exception of Shashagherry Row, was beyond doubt, the best working man I could have appointed: My Head Sheristadar who demised a few days after the present Agent assumed charge of Kurnool, was unable to suggest a better selection, and entirely concurred

Goodepaty Shashuppa

concurred with me that G. Shashappa was a fit person for the Tehagulmurray Shasildarship. The result early proved that at a distance from immediate control and constant supervision, no confidence could be placed on him. It became my duty before I quitted Kurnool, to take steps for enquiring into a complaint brought against him as Head of Police, which he avoided by resigning Office, I accepted his resignation because although the facts of the complaint showed that none had suffered any injury at his hands, yet they proved satisfactorily that he was utterly unworthy of trust. At a latter period, when he was out of Office, many irregularities which would have compelled me to bring him to trial had I been previously aware of them, have been made known and show that he had unaccountably kept back information respecting the real state of the crops in his charge, which ought to have been put before me.

14. The Board will observe that the qualifications of this person for public employ, were undeniably good. Of those, I could, and did form an opinion. It was agreed in by my principal native Subordinate, and I believe,

believe, my predecessor Mr. A. Scott had taken the same view of his official merits. It was impossible I could foresee his almost immediate abandonment of those principles of honesty and truth by which he should have been guided. He had a good salary as remuneration, whilst the prospect of promotion, and an eventual pension, was as open to him as to every person newly appointed Shasildar. My reasons for selecting him had for their sole end the public benefit. Employment in the District of Kurnool is not desired by good servants in the neighbouring Collectorates, therefore the sphere of selection is very limited; so limited and restricted, indeed, is it, that the present agent, I understand has felt the same inconvenience and has experienced great difficulty in procuring a competent successor to the person whose resignation I accepted. It would, of course, be different in the old Districts where numerous qualified candidates seek employment and are at once available for duty.

15 As regards the impression of the present agent that I had to make the settlement of Fusly 1259 with great

rapidity

rapidity, I beg to observe that I am not myself sensible of any such necessity. It is true that from circumstances of season I began the settlement a month later than had been my practice. It is also true that I was appointed to the Collectorate of Salem just as I was completing at Ateoor the Summalabundy of that Talook. It is equally true that on learning I had been transferred to another office, I thought it my duty, before quitting Hurnool, to attempt, if possible to settle the two Talooks then remaining to be commenced on; and that under that impression, I ordered the accounts previously in progress to be expedited, in order to my finishing the working the Summalabundy before delivering over charge to my successor. But a few days after I had entertained that impression, I was instructed by the Government to remain at Hurnool until the settlement of Salem (delayed by the death of Mr Lockhart) should have been completed by the Sub Collector in charge; there was no longer any necessity for my hastening the Summalabundy operations, - and I am not now aware that I did so in any degree

Nundicoatcoor Goodoor

25th Feby 50

degree. I have always deemed it desirable to bring the settlement to a close as early in the season as can be managed, and I believe such are the instructions which some years back were issued from your Board's office. But, if my proceedings have in any degree been characterized by rapidity, I am sanguine that that feature is the result only of the regular, early, and late labor, which I have myself undergone; and of the quantity of work which the three Head Sirestadar of Hurnool, in his zeal for the public service, unceasingly exacted from the subordinates under his personal control.

B.d N.o 1674

From the Coll.r of Salem and late agent at Hurnool

Explaining in reference to the B.d's Proceedings on the Hurnool Summalabundy Report

Sir.

On a perusal of my communication to your Board dated 5th Ultimo relative to their observations on the Hurnool Summalabundy

Report for Fusly 1259 why dry crop remissions were not made in Talook of Chagulmurry and adverting to a possible error in his statement of how two vacancies occurred in Tasildarship at Kunnoor.

Summabhundy Report for Fusly 1259. I observe that I have not stated why I did not grant to the inhabitants of Talook Chagulmurry the indulgence for destroyed, injured, or short yielding dry crops which in a more or less degree, was extended to the other Talooks

2. I have the honor therefore now to explain that the Tasildar then in charge of that Talook was decidedly of opinion, that the condition of the dry crops of his Division did not call for a remission of the above unusual nature. He was sanguine of the regular undisturbed and easy realization of the Kists without any special indulgence, and so far as my memory carries me, was even averse to more than the ordinary allowance being made for Cabooliaty Bunjer, which as your Board are aware, is by prescription rather strictly realized in Kunnoor as a measure of protection for the cultivation of Government lands against that of the extremely numerous rent free holdings. These sentiments were participated in by my Native Sarishtadars, by the Head Sarishtadar entirely, not so entirely by the Native

3. As already reported in my

letter of the 5th Ultimo, I had not personally seen cause for any extraordinary extent of indulgence, and I was not alive to the necessity of mistrusting the information and statements of the Officer specially responsible for and at the time, most likely to be well acquainted the real condition of the Talook under his charge.

4. So far as my recollection now enables me to state, it was under these circumstances deemed sufficient to strike off the assessment for Cabooliaty Bunjer in most cases, and my present impression is, that the accounts will show that in Fusly 1259 this item of remission in Talook Chagulmurray materially exceeded that of previous years in the same division. I write however from memory and possibly am in error.

5. Reports and rumours which subsequently reached me, went to create a doubt in my mind whether the Tasildar had correctly and truly represented the absence of a necessity for dry crop remissions, and writing in November last, the present Agent has recorded a strong opinion in that respect.

Summabhundy Report para 10.

6. In the preceding August I had met the Agent on his way to take up his appointment

Appointment at Hurnool, and I had freely and unreservedly communicated to him to the utmost of my Knowledge and ability, what I Knew of the settlement; what I thought of the exc. Shasildar of Chaguluurray and what I would do in the way of remission in that division, if I could have an opportunity of remaKing its settlement. These communications, although I did not permit myself to offer suggestions or advice, necessarily left the Agent at liberty to amend whatever of my own proceedings proved to be deficient. Their gist was that if the Shasildar was not beheld I had not been indulgent enough, and it is probable that the Agents strong opinion has partly been formed on communication had with myself. Nevertheless, it is still to be explained why, if he did do so, the Shasildar should have withheld true information. It is the more unaccountable that his career as Shasildar had but recently commenced, his own reputation being involved in the prosperity of his talook. Still more unaccountable is it that the Head Sarishtadar, a man of untiring energy and great experience, adopted his views. Had their joint impression tended to shew that remissions, extensive or the reverse,

reverse, were of urgency, and cante' qui cante must be made, a suspicion of their integrity might have arisen. I might have fancied that their personal interests were remotely concerned in the grant of such remissions. As it was, all prospect of gain was closed to them.

I take advantage of this communication to mention that I may be wrong in stating in my letter of 5th Ultimo that the subsequent death of a Shasildar by Cholera created a second vacancy in the Shasildarships. I have written from memory, but the fact is substantially the same. Two vacancies, however originating, required at most at or about the same time, and of these a scarcity caused me great inconvenience.

Salem District
Office
15 July 1851

(Signed) H. D. Phillips
Coll.r of Salem & late agent to the Governor of Fort St George at Hurnool

Ordered that the foregoing letters be submitted with the following address

No. 324.

To the Chief Secretary to Government

Sir,

Para 1. In compliance with the directions conveyed

5-7
Br. No. 1493
To the Chief Secy to Government
Submitting letters from Collr

Mr Phillips late agent at Kurnool respecting the convey pursued by him in granting remissions on account of failure of crops in that District during the settlt of Fasly 1259 & stating that the Board consider his explanation satisfactory also offering explanation in reference to the remarks of Government relative to the supervision and direction of the conduct of the settlement on the part of the Board.

Para 6 Sel. 15th Oct. Cons. 29th Nov. 1850 Sel. 21st June 1851

Fort St George 21st July 1851

conveyed in Minutes Consultation 17th June 1851 I am directed to submit for the consideration of the Right Honorable the Governor in Council the accompanying two letters from Mr Phillips explanatory of the course pursued by him in granting remissions on account of failure of crops in the Kurnool District during the settlement of Fasly 1259 and to state that in the opinion of the Board it evinced the anxious desire of that Officer to make the Settlement on principles of fairness and liberality towards the ryots while it fully exp the difficulties he had to contend with in ascertaining the real circumstances of the year and in determining the amount of remission which it was necessary for him to grant. Upon the other points also referred to in the Board's Proceedings on the settlement and in the remarks of Government they consider Mr Phillipse's explanation satisfactory

Para 10

2. It will be seen that he has as he states "considerable difficulty in satisfying "himself as to the reality or otherwise of the "succession of bad seasons in that taluk" and that the accounts and reports submitted to him by the Tasyldar were not such as warranted the belief

Fort St George 21st July 1851

belief that that Division had been affected by the blight and other causes which so seriously injured the cultivation in the Goodoor and Mundlecotoor Divisions. This impression appears to have been confirmed by a reference which he made to the Collector of Cuddapah respecting the state of the Villages in that District immediately contiguous to those of Chaguloury and by the personal observations made by him during his progress through the taluk. He also refers to the peculiar position of a large portion of the cultivating ryots, who are represented to be mostly Pankarias, or temporary cultivators from Bellary, and discontented with the less liberal assessment prevailing in Kurnool as compared with the neighbouring District of Cuddapah where they permanently reside.

B.R. Pro. 10th July 151 para 7. To Collr 21st July 151

3 The Board have referred to the Collector of Cuddapah for information respecting the large bowle in the Gunnulmudugoo talook to which it is supposed that the withdrawal of many of the Chaguloury Pankarias may be attributable a letter from the present agent received subsequently to the despatch of the Board's Proceedings has already been

23d May in Cons 12th June 1851

12th June 1851. been laid before Government in which he explains that some portion of his remarks in relation to the talook of Chaguelmavoy had been mis-apprehended by the Board, and were in part erroneous. but as this communication has

In Cons 10th July 1851 been already disposed of by Government in their Minutes Consultation 1st July 1851 the Board will not pursue the subject further.

17 in Cons 30th June 1851 Para 7. 4 In pursuance of the instructions of Government that "the whole of the "balances of Fusly 1259 except what is due "by wilful defaulters particularly in the "Chaguelmavoy talook" should at once be remitted, the Board have called upon the

30th June 1851. agent to state what portion should be subject to exemption on that account from the indulgence conceded by Government, and on receipt of his report will again address Government on the subject. The Board trust that their instructions that in future all remissions granted at the Summahundy shall be distinctly entered in the Puttahs will have the effect of considerably abating if not wholly putting a stop to the nefarious proceedings of the subordinate Revenue

Servants

Servants in intercepting the remissions granted for the relief of the ryots and perverting them to their own illicit profit.

5 In noticing the remarks of the Board upon the quantity of waste Assessed at full tirvah at the settlement and the remissions for perished crops dry land the Government have observed that "this mere passing notice of the over-"charge after it had been enforced ap-"pears to be below what the emergency "called for" and that "the Board should have "required information from time to time "in order that if he appeared to be "acting more stringently than they ap-"proved he might have been checked "before it was too late. The Government "think also that when the Board saw "occasion in reviewing the settlement "ultimately to make the remark quoted "above they should have stated for the "instruction of the present agent &c by "which the Board understand for his "future guidance) the exctent to which "they would have carried the remission of

waste

"waste under the circumstances of the season,
"whether they would have altogether laid aside
"for the time the Rules for charging waste, or
"how far they would have restricted their
"application" as these remarks appear to
inculcate a much closer supervision and
direction of the conduct of the settlement
on the part of the Board than has hitherto
been the practice, they are desirous of offering
some explanation on the subject.

5th Paragh 1850 in Govt. No. 2d

6. The course pursued by the
Board on receiving the application of the
collector to be allowed to make larger re-
-missions than usual was that which it
has been customary to adopt- they authorized
him to grant such remissions as might
"actually be necessary on account of the
"failure of Poonjah cultivation" directing
him at the same time carefully to explain
in his Summabundy Report the principle
upon which he had proceeded in granting
relief, but it was left to the discretion
of the Collector to carry out the prin-
-ciple referred to by Government
in a subsequent part of their remarks
under which it has frequently been laid
down that remissions of this nature should
be

Bd Pro. No. 4 Govt 1850

Extract Minutes Govt — Para 5.

be regulated. This principle requires that
the remission "should not be determined on
"the outturn of any particular field or
"fields or even of any particular description
"of cultivation, but upon the yield of the
"ryots entire holding and on a combined
"consideration of produce and price." As
a general rule for the guidance of the
Collector, it appears to be as well adapted
to such circumstances as any which can
be devised, but it is essentially founded
on the principle of treating the case of each
ryot separately, and requires therefore
a detailed enquiry and investigation on
the spot which would render it extremely
difficult if not impossible for the Collector
to furnish information from time to time
such as would enable the Board to check
his proceedings. It will be seen from Mr
Phillips's explanation that the main
difficulty he had himself to encounter
was that of obtaining any correct infor-
-mation respecting the outturn of the Pranasah
or earlier Crop, that he could not trust the
statements laid before him by the talook
Subordinates, and that even when he had
proceeded into the talooks themselves, and
made

made all the enquiry in his power there still
existed a difference of opinion between him-
self and his Sheristadar as to the amount
Para 6 of remission which was necessary. Under
such circumstances any information which
he could have communicated to the Board
if derived from the earlier Statements
he had received would have been apparently
very incorrect, and have tended to mislead
them, and if he had deferred communicating
with them until he had completed his en-
quiries, the Board would have scarcely been
in a position to give him specific instruc-
tions, while it would have been necessary
for him to suspend the settlement until
he had received those instructions from
the Presidency.

7 This latter is a point which
it is peculiarly necessary to take into
consideration in adopting any plan for
the more direct interference of the Board
in the conduct of the settlement partic-
-ularly in the more remote districts.
The circumstances of the several talooks
of a district and of the Villages in them
generally differ greatly in the extent of
failure of the Crops to which they have been
subjected

subjected. Those circumstances cannot
be correctly ascertained except when the
Collector has proceeded to the talook itself,
when they gradually develope themselves as
the settlement proceeds. It is sometimes
necessary to depute persons to make local
enquiry in the Villages, and on their
information the Collector may often
have occasion to alter his views, and
find it necessary to grant greater or
smaller remissions than he at first
thought necessary. But as the ryots
have in the mean time been assembled
it is requisite that the settlement should
be concluded with as little delay as
possible, and this appears incompatible
with a reference to a distant authority
and a report of circumstances which
can only be correctly ascertained, and
cannot from their nature be explained
without extreme difficulty and detail,
when the settlement is ready for completion.

8 The same remarks will
the Board are of opinion, apply to the
remission of the demand on waste lands
more especially in the case of the Hurnod
district

Fort St George 21st July 1851

district where the lands are rated at
Torwahs in many instances utterly dis-
proportionate to their cultivable and

[illegible] and
have not been remedied since they came
under British rule. These difficulties
are specially referred to in the 10th Para
of their proceedings, and render it im-
possible, without danger of abuse for
the Board to lay down any fixed rule for
the remission of waste, and difficult or even for the
Collector on the spot to determine in each case
whether it has been occasioned by the
circumstances of the season or by the
attempt of the ryot to take undue ad-
vantage of the defective mode of assess-
ment to which the Board have referred
in the Para above quoted - They do not
hesitate to admit that even after the ex-
planation received both from the pre-
sent and late agents they could not
with any confidence lay down a rule, such
as is apparently expected by Government
as to "the extent to which they would have
carried the remission of waste under
the circumstances of the season, whether
they would have altogether laid aside

for

Fort St George 21st July 1857

for the time the Rules for charg-
ing waste, or how far they would
have restricted their application -
All that they could safely do in such
a case would be to inculcate due li-
berality, and to impress upon the
Collector the necessity for not
pressing the demand on any ryot
whose wilful neglect to cultivate
the more highly assessed lands
of his farm was not made ap-
parent; but they would leave to
the local Officers a full discre-
tion in applying these general
principles under the conviction
that an Officer of intelligence
and experience conducting his en-
quiries on the spot and having
the circumstances of the talooks and
of each ryot before him is more
capable of judging of the necessity
and extent of the remissions
required than any distant authority
can be. The Board would al-
ways be prepared to offer their
opinion in any point of difficulty
which the Collector might refer to them,
but considering the circumstances under
which a Ryotwar Settlement is conducted
they are of opinion that any attempt to

regulate

regulate the amount of remission on their part, founded on reports to be transmitted by the Revenue Officers during the progress of the Settlement would much hamper and embarass his proceedings and would not unfrequently lead to their giving him instructions which a more intimate acquaintance with the circumstances would have led them to withhold or modify.

9. The Government has further remarked that "the Board should also "have considered and given their opinion "whether the overstringency of which they "disapproved could still in any way and "in any degree be remedied," and I am directed to observe with reference to this observation that it was their intention to offer such an opinion in the remark made at the conclusion of Para 12 of their Proceedings Viz.t that "The only means of now "showing indulgence in respect to the demand "for the Fusly under review is by abstaining "from pressing the Collection of the balances "still outstanding," and that the Board would be "prepared to support any recommendation "which the Agent may think proper "to make for the remission of such part

Para 39

"part of this as he may satisfy him-"self on further enquiry it would be "inexpedient to collect." But as the Agent had himself proposed to defer making any recommendation for writing off the Balance until he had instituted further enquiries the Board refrained from offering any more distinct suggestion until the receipt of his report. The relief which will now be afforded by the liberal measure enjoined by Government of at once remitting all the balances outstanding except those which are withheld from owning to contumacy will the Board have no doubt have a very beneficial effect.-

N.o 677

Extract from the Minutes of Consultation, Revenue Depart.t, under date the 8th July, 1851.

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of the Land Revenue in the District of Madura for Fusly 1259.

(Here enter 9th June 1851 N.o 241)

Para 1. The season of Fusly 1259 in the Madura

Madura District was unfavorable. The South West Monsoon was light and the North East almost wholly failed. The Poonjah Crops were moderately good, as were the wet crops on lands the irrigation of which is dependent on rivers and was affected by the falls of rain on the Western Mountains. The Nunjah Crops in under rain fed tanks gave either a scanty return or withered entirely.

2. Fever and Cholera prevailed in some parts of the District, but the year on the whole was not unhealthy.

3 Prices were somewhat lower than in the Fusly preceding but the prices of the different sorts of paddy were still above the Survey commutation rates.

4. The Net Settlement of the Government lands for Fusly 1259. esclusive of the four Villages assumed from the Ramnad Zemindary and settled at Rupees 488-10-8, amounted to Rupees 99,591-15-9 exhibiting a decrease below the outturn of the previous season of Rupees 92,276-1-1. With the esception of two Talooks in the Sub Division in which there was a trifling increase there

Report Para 7

a - - 49,971
b - - 13,664
c - - 16,280

there was a falling off in every Talook in the District, the loss being heaviest in Meylore[a] Ranghenry[b] and Tandicomboo[c]

5 The Settlement was thus formed.

	Rupees.	Increase or decrease as compared with Fusly 1258.
Land taken up for cultivation	120,178 13 11	66,381 4 8
Deduction on land left unsown	103,132 1 3	25,784 15 7
Gross Settlement	1,01,046 12 8	40,596 5 1
Deductions and remissions on cultivated lands	13,4206 9 7	X37,260 1 6
Remainder	964,840 3 1	77,856 6 7
Read Money Collections	44,310 8 .	14,026 12 3
Total	10,09,150 11 1	91,883 2 10
Deduct charges of Dasavanam allowances for assumed Zemindaries &c.	16,070 . 8	1,573 5 1
Total	993,080 10 5	90,309 13 9
Peishcush	782 815 12 4	. .
Grand Total	17,75,896 6 9	90,309 13 9

Showing a net decrease under all heads below the Land revenue of 1258 Fusly of Rupees 90,309. 13. 9.

The

Fort St. George 21st July 1851

6 The Caboolaty Punjer or waste land struck out of the account in the formation of the gross settlement was below the exctent excluded in the preceding Fusly. because the entire quantity of land taken up for cultivation at the Dittum was also smaller, the discouraging prospects of the season inducing the ryots to contract their engagements. The waste land actually brought to account was of an assessment of Rupees 6,821-6-6, or less than in the year preceding by Rupees 1,634-7-3.

7 Of the remissions on cultivated land the only item needing special remark is that granted for withered crops on wet lands. The allowance on this score which in Fusly 1258 was only Rupees 1,406-2-11, amounted in the year under review to Rupees 43,214-2-6, but the excess is sufficiently accounted for by the very unfavorable nature of the season, especially in the Mayaveram Talook in which nearly three fourths of the entire sum remitted were granted, and the allowance seems to have been made after due inquiry and on good grounds.

Rupees 30,298-0-7

Of

Fort St. George 21st July 1851

8 Of the settlement of the Government lands Rupees 9,93,080-10-5 the Collections within the Fusly were Rupees 9,41,050-7-0 and subsequently to the 26th of November 1850 Rupees 57,413-11-6, having a balance of Rupees 616-7-11 which by the end of March had been reduced to Rupees 357-8-1. In four out of the 8 Talooks there was no balance and the balance for the whole Subdivision was only Rupees 2-10-11. The punctuality with which the Government dues have been realized is creditable to the Collector and Acting Sub Collector and seems a satisfactory indication of the care and consideration with which the settlement was formed. Among the Zemindary balances that against the Shevagunga estate Rupees 81,640-15-8 is heavy.

9 The Right Honorable the Governor in Council grants authority for writing off to profit and loss the irrecoverable balances of former years Rupees (112-9-3) One hundred and twelve, annas Nine, and pice three. The Collector has recommended the remission of arrears

Para: 56

of

of Sewaye Summa to the amount of Rupees 962-12-5 but the Board have not noticed this point probably because they have reserved these balances for consideration in the general report on the arrears of Sewayee Summah called for in Esctract Minutes of Consultation 18th February 1851 No 172.

Pro Para 14 assessment Rs 73-6-2

10 The quantity of land taken up for plantations since the promulgation of the Rules of January 1848 is very small. The Collector and his Subordinates should use their best exertions to have those rules known and acted upon as extensively as possible.

11 With their Proceedings the Board have submitted a letter from the Collector forwarding the rules which he proposes for the levy of pasture tax in the grazing Talooks of the District. The principle seems to be that followed in the Province of Coimbatore Viz: that of allowing a ryot to hold grass land on the assessment to the extent of 1/5th of his ordinary cultivation - after deducting this and a sufficient quantity to be left free of tax for the use of the cattle employed

employed for agricultural and Domestic purposes, the remainder is to be rented out to any parties willing to take it, the Villagers within whose bounds it lies being allowed the preference. Mr Parker also thinks that in some cases it may be found advisable to follow the practice which obtains in Trichinopoly and to make over the entire waste of the Village to the inhabitants at a low rate. The Board seem to approve generally the principle

Pro Para 12 of the Collectors rules and have confirmed his proceedings as "an arrangement for the present only". They have also ordered the levy has hitherto been suspended. The Government abstain from any remarks upon the subject in its present stage, but desire to be kept informed of the working of the tax and of any modifications which may be found necessary.

12 The Board have allowed the adoption experimentally of the revised Kistbundi submitted by the Collector with his letter of the 30th September last the effect of which will

will be to throw the Kists more forward, par-
=ticularly those leviable on the Auty Co-
=dah or early rice Crops. The operation
of this Kistbundi will of course be
carefully watched, and it will be
modified, or the former usage reverted
to, if it should be found to force the ry-
ot to forestall the sale of his pro-
=duce or to throw him into the hands
of the money lender.

To the President and Members of the Board of Revenue.

Bd. No. 1558
From the Secy to Government
Observations respecting the Settlement of the Land Revenue of the District of Tinnevelly for Fusly 1259

No. 681

Extract from the Minutes of Consultation, Revenue Departt, under date the 9th June, 1851.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 12th June 1851 No. 251)

The Season of Fusly 1259 in Tinne-
=velly was favorable for the cultivation
of both the early (Carr) and late
Peshanum

(Peshanum) wet crops and the extent of Nunjah land brought under the plough exceeded that cultivated in Fusly 1258 by 8,994 Seed Cottahs or 14,570 acres. The year was also very favorable for Poonjah, the cultivation under this head surpas-
=sing that of the previous Fusly by 6,944 9/32 Chains or 25,276 acres bearing a revenue of Rupees 16,996. 7. 9. It should how-
ever be noted that Fusly 1258 was a very bad season especially for wet cultivation.

Seed Cottah = 1.62 acres
Report Para 22
Chains = 3.64 acres

2 The year was healthy.

3 The changes in the tenure of the Villages consisted in the transfer to the head of Nunjah Oolungoo of 30 Villages, 26 of which had previously been held on Pattom or Poroopoo i.e on favorable rates, and four were converted from Poonjah to Nunjah Vil-
=lages, Fourteen Sunanie Villages were also given for the year on joint Vil-
=lage rents.

4 In consequence of the abund-
=ant harvest and of large importations from other Districts the prices of both of Carr and Peshanum grain, e- particularly

particularly the latter, fell below those of the preceding year. The settlement of the greater portion of the wet lands being on the Woolungoo principle or dependent on the State of the market, this depreciation of prices had a marked effect upon the Nunjah revenue. Hence notwithstanding the more propitious character of the Season the settlement of the Woolungoo Villages was Rupees 66,424. below the bariz of Fusly 1258. and the settlement of the year reported on under all its heads shews an increase above that which preceded it of only Rupees 23,879.

Rs: Para 4

The settlement was thus formed.

To, the Secretary to the Government of Fort St. George -

Sir,

I am directed by the Deputy Governor

Governor of Bengal to state for the information of the Right Honorable the Governor in Council that the Board of Revenue at this Presidency have reported to this Government that there is no necessity for the importation of Madras Kurkutch Salt for retail sales in Balloorah and Chittagong during the ensuing season 1851/52 and that the Board do not intend to submit any indent this year for a supply of this salt.

2 It is further stated by the Board that the stock of Kurkutch in hand is sufficient for the retail sales of the next two years and that the demand for the article is limited owing to the preference shown for Arracan Pungah of which also there is an abundant supply.

Extract from the Minutes of Consultation Revenue Department Under date the 11th July 1851

Read the following Extract from the Proceedings of the Board of Revenue (Here enter 15th May 1851 No. 216.)

Paras 1

The freshes of the Cauvery were timely and copious but the local rains almost entirely failed with the exception of a heavy fall in November and December, which however was partial being confined to the line of Coast and was there productive of much injury by "swamping and destroying the young crops on the lower lands and preventing the cultivation in part of those ready for seed. In consequence of this failure of the Monsoon there was a considerable falling off both in the wet and dry lands of the Cadarmunkum Talooks or those which derive no benefit from pumping irrigation especially in the Trivady Taloo-

Do.

Fort St. George 21st July 1851.

In that portion of the District which is watered from the Cauvery the cultivation was in excess of the previous fusly but from the total absence of rain the produce tho' good in general is stated not to have been full. On the whole there was a net increase in the Punjah of 275 Valies and in the Baghayet of 41 Valies against a net decrease of 783 Valies in Poonjay making the entire cultivation in the Government Villages for fusly 1259 fall below that of fusly 1258 by 467 Valies.

Valy 6 acres 24 56/121 Doolies.

2 The year was not healthy. Fever and Cholera prevailed particularly in the Southern and Western parts of the District where the drought was greatest.

3 Prices have advanced upon those of the preceding year by about 14 per Cent through still nearly 9 per Cent below the Standard.

4 The number of Tariff or Government Villages is the same as in fusly 1258 and their distribution under the various systems of Settlement has not materially varied 9 Mamie villages have been settled under Woolungoopents and 8 Villages fine Woolungoopented and three Woolungoopented but not affected by

by prices have passed under amanie-

Bd. Rs. Para 20 5 The settlement is as exhibited in the following abstract.—

	Land		Settlement			Increase or Decrease as Compared with the Fusly 1258.		
	A	M	Rupees	A	P	Rupees	A	P

	3739322	42981	3696341	176735	3873076	3809692	63384

leaving a balance at the end of the fusly of 63384 which on the 31st. January last had been pedueed to Rupees 11677-4-10.

9 The arrears for Fusly 1758 and previous years outstanding at the commencement of Fusly 1759 were Rupees 152554 Rupees 18911 have been collected and Rupees 133643 are still due. The government in reviewing the settlement of Fusly 1758 noticed these heavy balances but they are not informed whether the separate report which the Board have called for upon them and which was promised

Ex. Misc. Cons. 7th. Augt. 1850 Paras 8.

9th October 1850 Paras 15

by the Collector at an early date has yet been received and if not, what causes have hindered its transmission.

In his letter of the 9th October last transmitted by the Board with their Proceedings under review the Collector has furnished explanation in respect to the 104 Villages which were transferred from Amanmie to Woolungoo in Fusly 1258 but settled on a reduced grain demand in consequence of the refusal of the Ryots to agree to the full standard Bariz. His explainations are considered by the Board to be satisfactory, and they have confirmed his arrangements. The number of Woolungoo Villages has increased from 1390 to 1541 or by 151 in the two last Fusleis and only 58 Villages with one garden now remain under Amanmie. The exertions of the Collector will no doubt be given to bringing these Villages under Woolungoo whenever opportunities may offer.

26

B.d No. 1866
From the Coll.r of Ganjam.

Regarding the method of keeping accounts in his Treasuries.

Sir

Para 1 I have the honor to acknowledge the receipt of the Circular of the 9th Ultimo relative to the method of keeping accounts in Treasuries.

2 Many of the objectionable practices alluded to appear to have been obtained in the District of Ganjam formerly but on his assumption of Office the present Head Sheristadar suggested a revision of the mode of procedure and the adoption of that which now exists, which I will proceed to explain.

3 It is not the practice to write off the Treasury books any sums ordered to be advanced whether for Maramut or other purposes till payment has actually been made whether to private individuals or to public servants and consequently money ordered to be advanced is never kept in the manner alluded to in a separate or "Gybut Chest".

4 Neither does the practice of keeping money in Deposit under the name of

of "Moobadala" or otherwise exist in short sums struck off, the accounts as paid are not allowed to be retained in deposit in the Ganjam Treasuries.—

5 In further explanation they to state that the practice is to enter in the daily Chittahs the sums actually paid away on the day on which payment is made—Until payment is made all sums even tho' the Cash Keeper or Tahsildar may be in possession of the Collectors order to pay money, the money so ordered to be paid remains in the books as an integral portion of the Cash in the Treasury.—

6 As regards receipts every item that is brought into the Treasury is entered in the daily Chittahs including Court deposits so that the system of deposits as contemplated by the Board is utterly unknown in the Ganjam Treasuries.

7 The sums deposited on account of Courts are under the instructions of the Accountant General noted in the Margin kept separate from other funds and not included in the Revenue accounts—They are however exhibited in a foot note in the Chittahs and tho' not included

Dated 1st July 1854

included in the Monthly Statements of the balances which are forwarded with the Demand Collection and Balance Statements to the Board they are entered in the periodical Statements transmitted to the Accountant General. They are subjected to scrutiny at the periodical Examinations.—

8 The above remarks apply to both Talooks and Hoozoor treasuries of which latter there are two in Ganjam and with the exception of the sums coming under the head of Court deposits the Amount entered in the Journals and the amount actually in the treasuries exactly correspond.—

9 In regard to the Accountant Generals bills the date of presentation and of acceptance by me are always the same, it not being the practice in this District to present the bills at the Cutcherry in my absence. The period of sight is calculated from the day of acceptance and the bills having been accepted, an order is issued to the Cash Keeper to pay the [illegible] the presentation of the bills to

to him at the expiration of the period
The object of providing an interval be-
tween the presentation and the payment
of the bills is thus fully attained and
the practice which seems to obtain in some
Treasuries of withdrawing the Money from
the accounts on the receipt of the ex
Collectors orders to pay is not only not
authorized but does not I have every
reason to believe exist. The surreptitious
exercise of it would expose the Cash
Keeper to a greater risk than he would
be likely to undertake.—

10 Sums from Rupees 30,000 to
Rupees 70,000 are placed in the hands
of Chicacole Cash Keeper and from
Rupees 40,000 to Rupees 90,000 in those
of the Chetterpore Cash Keeper to meet
current demands with this exception
the treasure is kept in chests of which
the Collector retains the Keys in his own
keeping and to which the Cash Keeper
has not access when the receipts exceed the
amount required for immediate use by the
Cash Keeper the excess is placed in these
chests

chests under the actual inspection of the
Collector or one of his assistants when it is
necessary to issue a fresh supply to the Cash
Keeper the transfer to him from the Collectors'
Chests is also made by the Collector or one of
his assistants. In both cases a careful
record of the transaction is made.—

11 The Moozoor Cash Keepers Accounts
I beg to add are confined to his daily Chittahs
which exhibit receipts of whatever nature (includ-
ing Court deposits) and disbursements, the
balance of each day being carried on to the
next. I submit one days' chittah as a sample.
These Chettahs are daily sent to the Sheristadar
together with the necessary vouchers so that
the state of the Treasury comes under the
Sheristadars' observation every day. The Collector
of course also inspects the Chittahs daily. By
this simple plan any errors or fraud is at
once open to detection. I have now ordered
that the Sheristadar shall be at liberty
to inspect the Treasury at any time he
chooses between sunrise and sunset. No
more efficient method of preventing abuses
than this occurs to me.—

Ganjam District,
Collectors Cutcherry,
Chittapore, 10th July 1851

Signed A. P. Onslow
Collector
Chetterpore

No 3

Minutes of Session 21st July 1837.

Present

Mr. Chilton in the Chair

Morning Sitting of the 14th July.

Read the Minutes of the last Meeting which were confirmed.

The Chairman reported that the Committee appointed to examine the Accounts of the Treasurer had met and audited the same, and found them correct, and that the Balance in favour of the Society on the 31st December 1836 was £93 2s 11d.

Read a letter from Mr. Hayward dated 12th July 1837 stating that he had transmitted to the Secretary a Bill of Exchange for £10 drawn by Mr. Hayward on Messrs. Coutts & Co. payable at sight, which he requested might be applied to the purchase of Books.

Ordered that the Secretary do write to Mr. Hayward and inform him that the Bill of Exchange has been received and applied to the purchase of Books

9838

Portland Pier Yard 21st July 1837.

Read the following letter -
No. 14 -

28

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George

B. of R. 1642 -
From the Collr. of Rajahmundry
Reporting on the rents of the Chokies on the frontier of Yanam & requesting sanction for the same -

Sir.

I have the honor to state for your information that in conformity with an Extract from the Board's Proceedings under date the 29th. May last, directing that the Yanam Chowkies should be rented, I advertised for sale by public Auction the rent of the duties leviable in fusly 1261 on the articles enumerated in the list which accompanied the above proceedings -

2 - The sale was begun on the 1st. and closed on the 7th instant. The highest bid was made by Pattamatta Venkama inhabitant of Kakinada. It amounted to Rupees 275 - - - The required deposit of 12 per cent has been paid, and he has also tendered his own real property as security for the remainder -

3 - The rent of the frontier duties on all articles hitherto liable to duty was also put up for sale, and the highest bid was made by Nimana Venkatachellum which amounted

Charges on account of Establishment for 1260 - 1554 - - -
Average Collections from fusly 1256 to 59 - 1257-13-9
296 - 3

amounted to Rupees 800 - - - The required deposit of 12 per cent has been paid, and a deposit of 1/3 of the amount bid will be paid in due course -

4 - I beg to submit two Statements - one shewing the amount of collections of the frontier duties from fusly 1250 to 1259 and the other the establishment charges for fusly 1260 - It will be seen from these that the charges exceed the average collections of the 10 last fuslies -

5 - The only charge that requires to be kept up is the salary of a Bundgoor Goomastah at Rupees 10 per mensem, to prepare the accounts of the Chokies on the Nizam's frontier and His Highness the Nizam's frontier and the annual accounts rendered by the Yanam renters.

6 - The uncertainty regarding the future results of the speculation prevented any active competition among the bidders and the sums offered are small, but they constitute a clear profit and therefore I recommend them for sanction.

Rajahmundry District Rajahmundry 10th July 1851

Signed T. Prendergast
Collector

Rajahmundry Collectorate

The

9863 Fort St. George 21st July 1857.

Bd. No. 1430.

Proceedings thereon - The previous correspondence on this subject having passed through this Office, and it being connected with the general question of Duties on the frontier of Foreign Settlements the Board of Revenue sanction the acceptance of the offer of Pattamatta Venkama for the rents of the Yanaon Shrotriss of the District of Rajahmundry for Fusly 1261, on the articles enumerated in the revised Schedules reported in the foregoing letter, amounting to Rupees 275 on the terms prescribed in their Circular Order of 11th July 1828 they resolve however to furnish copy of these Proceedings to the Commissioner for his information.

28.29

Page 79

2 - From the papers forwarded to Mr. Prendergast on the 10th Instant, he will have observed that the Government of India have sanctioned the adoption of the revised Schedule of articles liable to import and export duties consequently the Board request that the sale of the frontier duties alluded to in para 3, may be cancelled, and the amount of deposits returned to Wenkana Venkatachellum.

From Govt. 28th June in Cons 10th July 1857.

3 - The Board also sanction the abolition of the Establishment of the Yanaon Frontier, amounting to Rupees 1554. per Annum, with the exception of the Woozoor Goomastah, who will be continued on his present salary of Rupees 10 per Mensem, pending the sanction of Government.

Under the circumstances represented by the Collector the Board of Revenue recommend that sanction be granted for the payment of arrears due to Rs. from January 1850 to May 1851, Amounting to Rupees 130-13-10) One hundred and thirty, annas thirteen, and pice ten, and for the continuance to her from the latter date of the sum of Rupees 92-6-0 per Annum.

In the List dated 23d December 1822 of succession to Yeomiahs, Beemma is stated to have been 40 years old her present age must therefore be 69.

Read the following letters

To Govt. 21st inst. No. 37.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

34

Bd. No. 1199

From the Collr. of Bellary.

Submitting for the Board's sanction a plan for replacing the Boundary Stones and Surveying and Mapping the Village of Muddekurah in Poncha-pollam Talook.

The sum of 60 Rupees was formerly sanctioned annually for the purpose of replacing the boundary stones of fields in this District but as desired by the Board no charge for this purpose has been made since fusly 1251.

See remark made by the Board on the 2d April 1841 in the Statement submitted for fusly 1251.

To Govt. 21st inst. No. 24 dated April 1823.
From Dr. Dated 5th May 1823.

9868

Fort St. George 21st July 1851

2 The Boundary-Stones of fields are almost universally throughout the District very defective, great numbers being wanting as where to be found. The inconvenience for want of them is often felt. But it will require much consideration before recommending a remedy that will be effectual or worthy of adoption. But there are some Villages where it seems very desirable to replace the boundary Stones of the fields. The Village of Muddekurah in the Punchapollam Talook is one, where the cultivation of both Circar and Enam Lands has greatly increased and very great difficulty is experienced in obtaining an annual correct account of the cultivation of Fields.

3 A Statement shewing the extent &c. of the Villages is subjoined.

Particulars

9869 Fort St George 21st July 1851

9870 Fort St George 21st July 1851

4 The Ayacut of this Village it will be seen is very extensive and of all these Villages in this District this has the most Regur or Black land.-

5 The Boundary stones were placed in fusly 1238 but there was then a great deal of Waste Land which has since been brought under cultivation and through the negligence of the Village authorities the stones have been removed or ploughed over and there are now none to distinguish between fields belonging to the Circar and those which belong to Enamdars the want of which belong to dispute and confusion.-

6 My proposal is not only to replace the stones but to have the whole Village surveyed and Mapped out in the mode pursued in some Districts in the Bombay Presidency- There are 2 or 3 Surveying Mootuddies from the Dharwar District now available whose services I propose to apply for this purpose- I propose that every field should be marked with stones of 4 feet height- and I also propose to raise Masonry or Solid Stone Pillars of 6 or 9 feet above ground at intervals to embrace

embrace a certain number of Fields which being en-
-tered in the Registry and Map will greatly faci-
-litate the examination of Fields and shew at a
once where any particular field is to be found
I beg to enclose an Estimate of the cost of this
work amounting to 1518 Rupees which I am en-
-abled to accomplished without any extra ex-
-prense to Government as shown below and
which should the experiment prove success-
-ful will form a basis for estimating for a
similar measure to be adopted in other Pets.-

Total Estimate - - -

Before

B. No 1421.

Proceedings 34-35

thereon

Before forwarding the above letter to Government, the Board are desirous of further information on one or two points relative to the funds from which Mr Pelly intends to defray the expenses of the Boundary stones and Survey--

2

The 1st Item in para 6 of his letter is 1095-4-- It is not stated what portion of this is in deposit or how it is to be collected--

3

The 2nd Item is 289-7-1 being the produce of Salary Enam Lands. It is desirable to know what land this is and how long it has been out of the hands of the Talaricas--

4

It is observed that out of 1430-1-1 the expected Fund to meet expenses only 401-3-1 have been collected, it will be necessary for the Board to know what certainty there is of the whole being collected in a reasonable time before they can recommend a commencement of the work the expenses of which are to be defrayed from this Fund in expectancy--

5

The Board believe that the work of the native surveyors in the Southern Mahratta Country was tested by European Officers and they would wish to know if Mr Pelly has in contemplation any security of this kind for the accuracy of their measurement--

of Salem - - - -
Requesting for
the instructions
on
Board's communication dated 29th Ultimo

Sir.

I have the honor to reply to your
stating

9879. Fort St. George. 21st July 1851.

on the subject of his Endorse-
-ment on the complaint of one Achum-
-mal -

stating with reference to my endorsement on a
complaint from one Achummal that her
claims as the widow of the 1st incumbent of
the Cummumshipe had been set aside in favor
of those of the widow of the younger Brother
and subsequent holder of the Office; that the
Board think she has the preferable right to re-
-gistry and the nomination of a Goomastah, and
request that I will reconsider my judgment -

The opinion of your Board in
2 -
regard to the claim of the rival widows is
one which I feel bound to adopt, as obviously
consonant to natural justice, on a former

To Board December 2d 1847 -
From Do January 17th 1848 -

occasion, however, when disposing of the ap-
-plications of certain females for the registry
of the Angoorahery Poliput, which had been
held by Sunjeevee Ammance the elder of two
widows who had survived the Poligar Tim-
-maroy Gowda, your Board were pleased to
decide that the right of registry was with
Timmaroy Gowda's second widow, Veera am-
-mance, although at that time there were li-
-ving two widows of Chokeegowda, an elder
brother of Timmaroy Gowda, who in his life
time had succeeded to and enjoyed the Poliput
prior to Timmaroy Gowda's succession to it -

The

Fort St. George. 21st July 1851.

3. The right of a widow of the more recently registered of two sons would thus seem to have been recognized in preference to that of the son who first had been registered. The mere fact of the claim in the one instance preferred in respect of a Cummum's Meerasy right involving service, whilst in the other, it regards a Poliput without any such conditions will, I submit, scarcely affect the principle. I however, beg to state that under these circumstances I have thought it proper not at once to modify my decision in favor of Akummal, which I shall however be prepared with pleasure to do, on receipt of your Board's further instructions.

Salem Zillah,

From the Collector of Tanjore.

Sir,

With reference to the instructions contained in para 8 of Circular from the Sub-Secretary to the Board of Revenue under date the 24th March, I have the honor to forward a Statement shewing the contents of the measures commonly in use in all the Talooks of this District, and by a comparison of these with the Standard measures of Government the Board will be enabled to fix what number of Conboy measures or Imercalo shall be equivalent to a Standard Garce in preparing the price lists furnished.-

Tanjore,
Kodikarry,
17th June, 1851.

/Signed/ J. T. Bishop
Collector.

Memorandum

Pittsburgh Survey. 21st July 1837.

Examination following the contents of Steamboat in the Ohio River.

| Name of Vessel. | Where built. | Tons. | Number of Decks. | Number of Boilers. | Number of Engines. | Number of Cylinders. | Diameter of Cylinders. | Length of Stroke. | Diameter of Wheels. | Number of Buckets. | Length of Buckets. | Depth in Water. | Number of Guys. | Number of Stanchions. | Number of Pumps. | Number of Hands. | Number of Cabins. | Number of Berths. | Number of Passengers. | Number of Tons of Freight. | Number of Miles run per hour. | Number of Miles run per day. | Number of Days run per week. | Number of Weeks run per year. | Number of Years run. | Number of Miles run per year. | Number of Miles run per week. | Number of Miles run per day. | Number of Miles run per hour

of the measures will be something
greater than the calculation shows - Tolas
An Imperial Gallon is reckoned equal to 388-75

Although this Statement will pro-
bably be found inaccurate in a small
degree independently of the difference of
temperature the variable weight of rupees
the different qualities of water &c. it will
at least enable the Board to institute
a comparison between the measures joined
by them and those in use in the Tanjore
District -

In one item the inaccuracy is quite obvious -
The ½ Padi of the Board is made to con-
tain 48.5 Cubic Inches and the Padi 98-7844 Cubic Inches - It has been thought
better to retain these and all other dis-
cordant results in order to present the
Board with a tolerable view of inaccuracy
to which we have been liable -

/Signed/ J. F. Bishop
Collector

Kodikarray
17th June, 1851.

Padi of Board 138-5 98-7844

The

9885 — Fort St. George, 21st July 1857.

B. No. 420 — Proceedings 46.47

thereon. The Board do not under-stand from the above letter whether it is Mr. Bishop's intention hereafter to reply to the other points noted in their Circular of the 24th March, but they observe that the information now afforded is limited.

2. It was particularly the wish of the Board to ascertain whether the "Garce" of the Collectors Grain Lists was a Garce containing 400 Regulation Mercals, and from what discription of measure the price was calculated in *each* Talook.

3. The Statement submitted in the above letter does not state whether the "Garce" of the Monthly Price lists is 3200 of the Wooden or Iron Puddees, or the Standard. If the latter the conclusion is that the Standard measure is in use in every Talook.

4. The Board would have supposed that the value of a certain number of Country measures was first taken, and then these measures reduced by some computation (which Computation they wish to have specified) to the Madras Garce.

5. It is well known that in Tanjore

the usual measure for pricing grain, is the Cullam. Mr. Bishop has made no allusion to this measure. If its cubical contents were known exactly, it would not be difficult to convert the price per Cullam,* to the rate per Standard Garce.

* wholesale

6. It is observed that in the Statement the Depth and *Diameter* of the Standard Puddee, ½ Puddee and Mercal are not given; nor is it shewn how their cubic contents, is stated in the last Column, have been ascertained, though probably from the weight of the water they contain. Still there must be some error either in the Size of the Measures or in the record of the weight of Water, as a Standard Puddee is 100 Cubic inches and weighs exactly 140 Tolas of Water at a temperature of 80 Fahrenheit.

7. As regards the so called Mercal, it is evidently a *half* Mercal. The Board would wish to know if no Mercal was supplied to the Tanjore Collectorate, and whether these standard Measures have any Madras Official Stamp on them.

8. In the Columns opposite to the "Board of the Board" the weights of the grain measured therein

therein is not stated.

9 The Board do not understand the remark that "less variation has been found in the "result of several weighings when the grain has "been heaped than when struck". If Heaped Measures alone are in use in the District, the price per Garce of the Lists would be the price for 3200 heaped Measures or 400 heaped Mercals.

The Collector will be good enough to explain this.

10 It would be desirable to test the weight of Horse grain again. The result given in the Statement gives a result very different from trials made at Madras, where the Standard Mercal gives a weight of about 970 Tolas.

B. No. 1545.

From the Collr of Madura

Reporting upon Petitions Nos 658-1166 and 2489 of 1850.

Sir,

With reference to the Endorsement on the Petitions noted in the Margin, herewith returned, I have the honor to report that under the opinion of the Board dated 7th May 1849 a charge of

+658, 1166, 2489 } 1850.

of embezzlement preferred against the Petitioner as Manager of the Dindigal Devastanum, was tried by Mr Knox, the Acting Sub Collector, under the Provisions of Regulation IX of 1822. It was found that the Petitioner had not obeyed the direction of his Summd of appointment to present periodical accounts for the inspection of the Stanigals of the Pagoda, nor kept the funds in the Pagoda Treasury; and it was ascertained from the Accounts kept by his own Brother and admitted by himself that he had lent and kept back Money to the amount of ——— 397-14-7

Sibbendy's pay to amount of ——— 54-10-0

Total 452-8-7

and Mr Knox saw fit to disallow a charge for bandy hire in his bill for certain Court expenses ——— 14-5-0

Total 466-13-7

2 The above amount Mr Knox sentenced him to deliver into the Pagoda Treasury, and to pay besides a fine of 50 Rupees for his irregularities.

3 After inspection of the Proceedings I deem the Sentence just and lenient.

4 Mr Knox directed that on payment of sums awarded against him, the Devastanum affairs and property should be redelivered into his charge and it is from his own fault alone that he

he is kept out of them- I have often enquired for him without being able to learn where he is.-

5 The defalcation and fine remain unpaid, and Petitioner's property is under sequestration. The Pagoda affairs in the interim are of necessity conducted by a Committee.

Madura, 3d July 1857. } (Signed) R. D. Parker
Collector.-

BR No. 1589

From the Collr of Madura

Sir,

With reference to the 14th Para of my report dated the 7th May last on the Settlement of the Shevagunga Zemindary for Fusly 1259 I have the honor to request the sanction of the Court of Wards to file, through the Guardian, the enclosed Plaint against Mootoosawmy Pillay a defaulting Purchaser of part of the Paddy produce of Fusly 1258.-

Madura, 7th July 1857. } (Signed) R. D. Parker
Collector.-

No 1

Translate of a Suit proposed to be instituted in the Subordinate Court of Madura by C. Soobarow Vakeel on behalf of Government Plaintiff

Versus

Defendants.

Cottee Sosier Guardian of the Minor Zemindar of Shevagungah-

Mootoosawmy Pillay son of Thivasymootoo Pillay residing at Kelacurray in the Cusbah Talook of Ramnad and at Cadaladay in the Seekul Talook.

This is an action for recovery to the

the Minor Zemindar of Shevagungah from the Defendant of Rupees 2,404-6-7 being balance due by him on account of Paddy contract under a Karrarnamah executed by him-

1 When on the 25th May 1949 the Collector as Agent of the Court of Wards sold by public outcry the Mailwarum produce of the Minor zemindary of Sevagunga for fusly 1258 the Defendant bade for part of the Mailwarum produce of the Mooroovatty Talook for fusly 1258 at an average rate of 1-2-0 the Collum which was accordingly knocked down to him.

x Estimated 12663-8-2

2 He paid the usual earnest money Viz.t Rupees 115 on the 28th Idem and received Paddy as specified in the subjoined accounts, but of the full value thereof Viz.t Rupees 14,245-11-2 a balance of Rupees 2,404-6-7 is still due by him to the Estate and as he will make no satisfactory arrangement for its liquidation this suit has been instituted against him-

3 The Plaintiff therefore prays the Court to pass a Decree adjudging the Defendant to pay the estate the sum of Rupees 2,404-6-7

Shewn

Shewn by the following account to be due by him together with costs of suit.-

Aggregate Mailwarum Paddy of the Moorooatty Talook for Fusly 1258 sold by Contract	Collums 14,583-8-3½
Deduct embezzlement by the Ryots	1,920-0-1½
Balance delivered to the Defendant as per Contract	12,663-8-2
Its value at Rupee 1-2-0 the Collum	14,245-11-2
Deduct amount paid by the Defendant	11,842-5-7
Balance due by him	2,404-6-7

S.G.B.

(Signed) W. H. Bayley Secy.

9911 Fort St. George 21st July 1851

Resolved that the following letters be despatched.

57

To The Collector of Cuddapah.

B.R. No. 1465

To the Coll.r of Cuddapah

Sir, I am directed by the Board of Revenue to call your attention to para 7 of their Proceedings dated 10th July 1851, on the Settlement of your District for Fusly 1259, and to request that you will furnish the particulars therein noticed as not having been supplied in the report of the Collector on the settlement for that Fusly, regarding the large quantity of land applied for on Cowle tenure in Fusly 1258.

Revenue Board Office, Fort St. George 21st July 1851

(Signed) W. H. Bayley Secretary

To The Collector of Madura.

58

B.R. No. 1427

To the Coll.r of Madura

Sir, The Honorable Company's Solicitor having applied for a copy of the letter addressed to the Board of Revenue, under date the 20th October 1850, by Rawee Purvatha Vurdany Nachiar which you will observe is one of the documents included in the list, furnished with Messrs Dale and Boyson's letter of 3rd July 1851.

In Dr. Cons. 7 July 1851

the

the Board of Revenue direct me to inform you that that letter is not forthcoming in the Records of their Office. They believe however that the original accompanied the Board's letter to the Collector of Madura dated 29th November 1830, and has not since been returned. The Board request you will endeavour to trace this paper and furnish a Copy of it to this Office as early as possible if you have not already forwarded it with the documents transmitted by you.

59

To The Collector of Malabar.

Sir,

I am directed by the Board of Revenue to request that you will instruct your Head Assistant Mr Robinson to undertake a survey of one of the Umsloms of that part of the District of which he has charge and to furnish him with every assistance that may be in your power.

2 The Board are aware that in calling on Mr Robinson to apply himself to this work they are requiring what is out of the ordinary line of his

his usual duty but they have no doubt from the zeal that he has always manifested in the Public service and from the ability which he possesses in this branch of Knowledge that he will execute the extra labour thus imposed upon him with readiness and success.

3 The Board do not desire to bind Mr Robinson by any detailed instructions and would wish to leave it to him to prepare such a Map as may be within his means to execute, on a scale sufficiently large to allow of the areas of the fields being computed therefrom, but not acquiring that finish and accuracy as to necessitate the employment of any Instruments beyond the chain cross Staff and Peismatic compass.

4 They would wish to receive from Mr Robinson any detailed information he can afford as to his method of procedure and the time and expense of making such a survey with any general observations on the subject that he may have to offer.

5 Any small extra expences that may be necessary to enable Mr Robinson to carry out his survey may be included in the contingent charges.

Revenue Board Office
Fort St George
