From I. Ouchterlony Esqr. Pleader Sudr Court ---

To W. H. Bayley Esqr. Secretary to the Board of Revenue

Sir,

With reference to Extract from &c Proceedings of the Board of date 16th Instant I have the honor to enclose a certified copy of the order of the Sudr Udalut Court for the production of the Document a certified Copy of which was requested in my letter of the 9th Instant; The Document a letter from the Chief Secretary to Government to the Board of Revenue dated the 19th July 1830 is numbered 30 in the Marginal reference of the Sudr Courts order.—

I trust this will be sufficient to obtain me the paper that I require without a further reference to Government, and as the time is very limited that is allowed by the Court for the production of these papers that I may be permitted to press for an early reply since nine whole days had elapsed before I obtained the Boards' last simple refusal of my request.—

measure, the Right Honorable the Governor in Council is disposed to agree with the Board that the Establishment should continue as at present.

2nd The Governor in Council has learnt with surprize the Statement which forms the subject of para 6 of the Board's letter and the last of the Collectors as to the practice prevailing in the Chingleput District of making disbursements in the several Talooks in payment of their charges by deduction from their remittances. He has ever regarded the practice as objectionable and positively prohibited, but as it appears to be yet tolerated in Chingleput he is of opinion that it should no longer be suffered to continue. He directs therefore that the practice be peremptorily and finally abolished forthwith, and that no sum, however trifling, be on any account paid from the Talook Treasury out of the Collections, except in an emergent case, and then only by a special order under the signature of the Collector or in his absence of his Head Assistant in Charge of the District.

The Right Honorable the Governor in Council sanctions the course suggested by the Collector of Salem for resuming the Villages of Damalapy Mottoor and disbursing half its net proceeds annually to the Enamdar Syed Shaw Cawder Hoossain. He further approves the proposal of the Board for adopting fixed payments in substitution of the System of sharing the net revenue year by year not only in this but in the other instances referred to by the Collector, and will be prepared to consider any arrangement which the Board may lay before him for that purpose. It should however be framed on the results of a long series of years so as to include all varieties of season favorable or unfavorable.—

For future guidance I beg to take this opportunity to solicit the opinion of the Board on the general question whether a Proprietor is entitled under the provisions of Regulation XXVIII of 1802 to recover balances of any standing whatever from his under farmers, without previous application to the Courts of Judicature, for if the enactment does not refer exclusively to the recovery of Current Revenue, there is no where / so far as I see / any limit

Submitting a correspondence from the Collector of Chingleput affording certain information connected with the Shrotrieum Village of Pottacaud, and expressing the opinion of the Court of Wards thereon, & soliciting the orders of Govt. as to the future management of the Estate

No. 459.

Resolved that this correspondence be submitted for the orders of Government.

2. In the former of these communications the Collector reports on the management of the Shrotrieum of Pottacaud during the past year. The account is not very satisfactory.

3. During the 8 years of management, the Total Collections have been 28566 Rupees or averaging about 3580 Rupees a year whereas in the Fusly under notice the Demand is only 1914 Rupees and the Collections 1667 /Enclosure B/ thus being actually 689½ Rupees below the expenditure including 1750 Rupees Peshcush /Enclosure D/.

4. For this no further explanation is offered than that the unspecified reasons obliged Remissions to an Amount 160 Rupees above what was required in the preceding Fusly.

6 The small Amount noted marginally due by the Estate it is proposed to recover from the sum in deposit the balance uncollected, and the interest that has accrued on the investment already referred to —

7. In his second letter Mr. Cochrane has submitted his sentiments regarding the measures to be adopted for carrying out the instructions of the Court of Directors referred to in Extract Minutes of Consultation dated 22d February 1851 —

8. The Shrotriem of Pottacaud was granted to one Dr. Swamy Naick and his two next heirs — On the death of

of the original grantee, his eldest son Seeta Rama Naick succeeded as the second life on whose demise his adopted Son, Vencata Ramanjaloo, the second Son of his Younger brother Jagganada Swamy, was recognized as the third life. He being a minor and dissentions having sprung up in the family, the Estate was placed under the charge of the Court of Wards —

9. In 1848 the Government ruled with reference to another and similar case, that the whole of the sons of an undivided Hindu should be regarded as constituting the second life, and their legal heirs as the third life. The opinion of the Law Officers of the Court of Sudder Adawlut being in accordance with this view, the Honorable the Court of Directors enjoined that this principle should in future be carried out in the case of the Pottacaud Shrotriem —

†Paras 19 of Courts despatch 2d Octr 1850 enclosed in the letter from Chief Secy above referred to. —

10 The Collector has recommended the registry of the Village in the names of the two surviving Sons of the late Dr. Swamy Naick and the transfer of the Estate and effects to the elder as

head

head of the family but the answer of the Pundits however as conveyed in the Registers letter of the 4th. March 1850 † would give the adopted Son of the deceased's eldest brother a share in the Estate as heir to his adoptive father.—

† Enclosure in letter from Chief Secy. above referred to.—

11 The Court of Wards consider that it is not strictly required that they should continue their control, as 2/3ds. of the Estate have now become the property of the two Sons of Dr. Swamy Naick These two individuals are Insolvents, but they are not incapacitated in such manner as to make Regulation V of 1804 applicable.—

12. The appointment of Moorty Unmall / Grand mother of the Minor / as Guardian was made by the Court of Wards, under sanction of Government † Dr. Swamy Naick left the bulk of his property to her, but it does not appear that he nominated her as Guardian by Will. It will be necessary therefore to apply to the Civil Court to name a Guardian, under Section XX. Regulation V of 1804, extend by Section III Regulation X of 1831.—

of the two Sureties s are as follows num 1—6 6

14. It is observed that the † Official assignee has applied for this surplus on the part of the 2 Shareholders above referred to, The Court doubt if the Collector has it in his power to accede to this request, but on this point they would solicit the orders of Government.—

† Enclosure No 2 in Collectors letter of 15th August 1851.

15. If the Insolvent parties could agree with the Guardian of the Minor to allow the Estate to remain under management till his Majority, and receive a fixed sum for their maintenance, it might be done, but the arrangement must be voluntary.—

16. Before withdrawing their control over this Shotriem the Court have thought it advisable to lay the state of the case before Government, in view to receiving their directions.—

3 On a Petition received from the several Shareholders in this Yeomiah praying that their shares might be paid to them separately the case was referred to the Principal Collector of North Arcot, who reported that he had effected an arrangement for payment of their shares separately; but that, as Petitioners were residing at Madras, he would in future pay them by a transfer bill on the Collector of Madras, and the arrangement, being approved of by the Board seems to have been in force ever since—

4. In the letter from the Acting Collr.

Fort St George 27th October 1851

Collector of North Arcot now submitted it is stated that the Collector applied in 1850 to the Collector of Madras for a descriptive roll of Zorah Begum and Begum Saibah and was furnished with one, but, as it was prepared upon information given by a third party, a female employed for the purpose, he considered their identity not satisfactorily established, and the rule requiring the personal attendance of Female Yeomahdars above the age of 50 seeming imperative the payment of the allowance of the two Petitioners was withheld. The present Acting Collector however addressed the Chief Magistrate and Superintendent of Police at Madras, and requested him to enquire into the identity of the Petitioners, and to state whether their circumstances were so peculiar as to exempt them from the rule of personal attendance, From copy of Mr. Elliot's reply, enclosed in Mr. Ward's letter, it would appear that the Two Petitioners are daughters of Meer Masoom Fyuz a man highly connected, and that their circumstances are such as entitle them to exemption. The description given of

of them in Mr. Elliot's Roll corresponds with that furnished by the Collector of Madras to Mr. Ward with the exception of a slight difference in the ages of the Petitioners as the two Descriptive Rolls were taken in different years.

5. As Mr. Ward could not state by whom the allowance of the two Petitioners was drawn, information was sought from the Collector of Madras on this point, as well as whether he was satisfied of their identity and how this had been established at the period of the first payment made to them from his Treasury. In his letter of the 26th. September 1851 the Collector of Madras stated that the Vakeel of the two Yeomiahdars had produced a Vakalutnamah to which the Seal of the Cauzee of the Sudr Court was attached, which deed was thought sufficient to establish the identity of the parties and that the allowance was paid until lately to the Vakeel on the Bill of Exchange drawn by the Collector of North Arcot. Mr. Hudleston further stated that two Male Yeomiahdars enjoying allowances amounting to

to Rupees 171-1-6- per Annum offer to forfeit the same if their Statement of the two Petitioners identity should be found incorrect; under these circumstances coupled with the opinion of Mr. E. F. Elliot, that Officer considered that there was sufficient evidence of the identity of both Petitioners.

6. The Board having called upon Mr. Hudleston to specify the names of the Vakeel and Sureties and whether the latter would consent to attest the periodical Certificates of the existence of Petitioners as required by para 4 of the Yeomiah rules, if Government should exempt them from attendance, that Officer in his letter of the 14th. October 1851, has specified their names and stated that the Vakeel is not himself a Yeomiahdar as required by para 3 of the Yeomiah rules, and that the Sureties are willing to attest the periodical Certificates in question.

7. Under the further explanation now afforded the Board recommend that the transfer to the Madras Collectorate of the payment of

of the Yeomiah of Rupees 177-..-.. due to Zorah Begum and Begum Saibah from the date of the last Bill drawn by the Collector of North Arcot may be sanctioned. They also recommend that these Females may be exempted from personal attendance on their appointing a duly qualified Vakeel under the 3d. of the Yeomiah rules and on the Sureties who now offers to attest the life Certificates required by para 4.—

From the Acg. Collr. of Tanjore

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to the Board's Extract September 18th 1851. calling for certain Explanation as to the Carriage of

of grain supplied from the Cabistallum estate to H. H. the Rajah of Tanjore I have the honor to submit the following explanation—

2. Government are bound to deliver to the Rajah at Tanjore, very large quantities of Paddy, the price being at an average struck from the market prices from February 1st to July 11th in the nakeanums whence the grain was supplied. The carriage is settled at 7 price fanam Callum for every 10 miles the grain is brought—

3. The terms of the Contract are most advantageous to the Ryots obtaining any portion of the same; as they are thereby enabled to dispose of the grain at very favorable rates directly it is harvested without being subjected to the losses from Damp, Theft and the invariable decrease found in remeasuring Heaps after they have been stored for 3 or 4 months. Moreover it is disposed of Whole sale without risk or trouble—

Fusly	Price paid by the Rajah for Cabistalum grain		Prices obtained elsewhere for Cabistalum grain	
	Fanams +	Cs.	F	Cs.
1256	4	15 1/16	4	25/8
1257	3	1 17/32	2	31
1258	2	15 1/4	2	11/2
1259	2	27 9/16	2	20 1/4

The fanam is equal to 2 As. 4 5/8 price.

4. The rate settled for transport is a fair one, but of course occasionally higher rates have to be paid in order to secure carriage at times when the demand for the same is pressing. But this loss is so much over balanced by the advantages setforth at Para 3 that portions of the contract are always eagerly sought for—

5. As the price has to be subsequently settled, the value of the grain and carriage allowance is estimated, and the amount considered as a payment of Government Kist, so that the result to the selling Ryot is the same as if he had received immediate payment from the Rajah and had then paid his Government Kist with the price—

6. The account of transport charges for Fusslies 1256 to 1259 is shewn in the Margin—

Fusly	Summa amount.	Disbursement
1256	276	320
1257	1450	1490
1258	1229	1253
1259	1255	1309

Prosecutor	Defendant	Informer
Circar	Letchoomana nara- =nyen Tarufdar of Te- =roocarengoody Village in the Vullyoor Talook.	Moondroyoogum Condan Pillay of Vullyoor Talook.

The Defendant stands charged with having for a corrupt consideration while Estimating the produce of certain Punjah lands which suffered from drought and short produce during the Peshanum of Purty 1260 in the Village of Nunbytalaveuputty in the Vullyoor Talook made a fraudulent entry in the Public Accounts under Estimating the produce of the standing Crops which yielded G. C. 290-2-7 at G. C. 196-17-6/2

and

and thereby intending to cause a loss to Government to the Extent of Rupees 123. 6 11 -

The Offence laid to the Defendants charge is of the 4th Class specified in Clause second Section II Regulation IX of 1822

and

The Defendant is a servant of the description contained in Class first Clause third Section II Regulation IX of 1822 -

The Purzee N.o 81 addressed by the Tullyoor Tahsildar on the subject under date the 9th May 1851 and the enclosures which accompanied it have been fully gone into as well as the Deposition given by the Defendant at the Huzzoor -

The Defendant denies that he wilfully under estimated the produce of the standing Crops, and the informer produces no evidence to prove the Corrupt consideration said by him to have been received by Defendant - Nevertheless the charge is rendered in a great degree credible by the following Circumstance - The outturn of the lands in question as afterwards ascertained by the Tahsildar by

by actual measurement amounted to G. C. 290 2 7 exceeding the Estimate of the Defendant by G. C. 91 6 1/2 being 46 per cent The mailwarem of this excess quantity amounting to G. C. 45 13 4 1/2 is valued at Rupees 123 6 11. Defendant made Estimates of the outturn of Short crops in 7 other Villages but in none of them did his Estimate vary from the ascertained quantity more than 37 1/2 per Cent and the difference in the present instance is much above what can be admitted as allowable - Further suspicious Circumstances are that the land in question was held by 2 influential Ryots and that the Moozoomdar of the Talook in making the 2d Estimate also underestimated the crop although a remonstrance was then made by certain persons for which the Moozoomdar has been punished and dismissed -

Under these circumstances the Defendant is sentenced under Clause fourth Section V Regulation IX of 1822 to pay a fine of 5 Rupees and in default of payment to be imprisoned for 14 days and is further dismissed from the

To the Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letters from the Collector of Tinnevelly containing an application for an increase of pay to certain of the Curnums in his District on the fixed establishment, and for adding a further number to that List.

Submitting letters from the Collector of Tinnevelly containing an application for an increase of payment to certain of the Curnums in his District on the fixed establishment and for adding a further number to the List and recommending that sanction be granted in compliance with his request.

3rd June 1851 & 6th Oct. 1851

2.

The Collector's application of 31st May 1851 was for bringing on the sanctioned List one Curnum who was inadequately paid in Land and Fees. but the Board deeming it to be too trifling to form subject of a special reference to Government called upon that Officer to state whether there were any other Village service Enams in his District considered to be insufficient remuneration for services rendered and which might be reported upon at one and the same time.

3.

From the Tabular Form of application

Fort St. George 27th October 1851

application enclosed in the Collector's letter of the 6th October 1851, it will be seen that to the sum of Rupees 2,395 per mensem the pay of 546 Curnums on the sanctioned List it is proposed to add a few annams to the pay of 10, or a total increase of 6-12- per month, to bring them up to the pay of 2d class Curnums, the Beriz of their Villages exceeding 1000 Rupees.

4.

To this it is proposed to add a fresh number of 26 Curnums belonging to 18 Villages at a monthly cost of Rupees 23-13- and 7 other Curnums belonging to 7 separate Villages at a monthly cost of Rupees 3-4- as the emoluments at present enjoyed by these individuals in Land and Fees fall short by those sums of the remuneration they are entitled to, from the nature of their duties and the amount of Beriz of their respective Villages.

5.

Under the circumstances represented by the Collector the Board recommend that sanction be granted in compliance with that Officer's application resulting

From the Collector of Coimbatore.
Forwards the Statements of the Land Revenue Settlement for Fasly 1260 exhibiting an increase of Rupees 8,768-12-7. reports on the state of the season & general health thereof the District particularizes the increase and Decrease under each head of settlement as well as the Demand Collection & Balance and recommends that the irrecoverable Balance of Rs. 141. 13. 8. on the Chettrum Enam Lands may be written off the accounts.-

1. I have the honor to forward the usual Statements explanatory of the result of the Revenue Settlement for Fasly 1260 / 1850/51.

2. The season throughout the year was not favorable, the rains having been generally scanty, and received either too early or too late, and the dry Cultivation was not therefore very successful, whether with reference to common Punjah lands, or those watered by Wells, the Tobacco Crop, however was good of its Kind, both in quantity as well as in quality- a dry season being always favorable for its growth.-

3. The Tanks in collegal and Dharapooram received only a scanty supply of water, but other channels and Tanks having had more abundance assisted the Punjah Cultivation which was carried on to a greater extent than in the past Fasly

Study. There were, however, a few exceptions in the Districts of Chedrag[illegible] and Dumbeancottah 1/4 where the Crops failed and rendered it necessary to grant Remissions, from the water failing just at the last before the Harvest.-

4. The general health of the District was in no wise unusual during the year, either as regarded people or Cattle. Fever and Cholera which occurred there were mild, and limited in extent, and were not attended with loss of life to any great degree.-

5. The prices of different Sorts of grain maintained about the same Standard as are set in 12 59 / 1849/50 that of Paddy fell 12-8-4. per Cent, from increase of Crop, and the prices of Oil Seeds rose 13-1-10. and 44-4-5. per Cent respectively from the partial destruction of the produce by grubs, the usual Memorandum exhibiting the prices of the last and present Fusly. is annexed.-

8. In the item of Punjah lands charged at full rent there is a net deficiency of Rupees 2,467+-15-2. Caused by the usual remission allowed on lands, the proprietors of which died, deserted or became insolvent.-

9- It will appear that lands assessed at Rupees 5,390-2-11 were transferred to the above head from Enam, in Explanation of which I would observe, that under the Orders of Government conveyed in Extract Minutes of Consultation of the 26th September 1850, the Enams granted to certain Chettrums, were resumed and included with the Circar lands- the assessment of which amounts to Rupees 5,379-9-6- a further sum of 10-8-6- was likewise obtained from the resumption of Enam alienated to Village Officers, in consequence of a misunderstanding between them and the Proprietors, other lands of an equivalent value having been given to the Establishment. (in adjustment of their emoluments)

either

either from their own holdings or from Government waste- an arrangement which has previously been permitted by the Board and Government.-

10. Under the head of Garden lands paying full rent is a Net Decrease of Rupees 12,701+-4-1,- arising partly from circumstances which influenced the deficiency in the item of Punjah, as explained in Para 8, and partly from many Gardens having been appropriated to common dry cultivation, consequent on the entire failure of water in Wells this occurs to a great extent- many Gardens once well watered, having now only a dry well.-

11- In Punjah lands subject to the payment of full Assessment, there is an increase of 18,912-8-8- arising from increased Cultivation and the resumption of Chettrums Enam under the Orders of Government quoted above.-

12. The Cowle lands of every descriptions show a deficiency of

of

of 1,313-15-5 produced by the due transfer of lands to the head of full rent, the period of Cowle having expired according to the terms of the Cowlenamah.—

13. It will be perceived from Statement No. 7, that Certain old and new Well Cowles are charged this year with increased rent, and I would observe that a few Cowles granted last year under the circumstances stated in para 12 of my report, (dated 25th October 1850, No. 121) were not strictly speaking, regular Cowles, but only discretionary ones, allowed temporarily for the purpose of restoring confidence to Ryots in cases of peculiar distress and difficulty, and were therefore subjected in this Fusly to increased demand, and fully acquiesced in by the parties thus relieved last year. In one instance, in the Suttemungalum Talook, a Garden held on Cowle, being still fallow, the demand thereon was not augmented, as such increased demand could not have been recovered.—

Garden

14. Garden lands paying Punjah assessment exhibit an increase of Rupees 4,648-7-9. produced from Well lands, owing to a failure of water, having been cultivated with Punjah produce only.—

15. In Punjah Turm Punjah lands, there is a small increase of Rupees 4-15-6 which requires no explanation.—

16. The remissions granted this year exceed the amount of the preceding one by Rupees 4,532-2-7 as indicated in the Memorandum below, allowed under the usual practice of the District, for withered produce, on full and careful enquiry, and upon sufficient grounds in the Talooks of Caroor, Chec Kragherry, Cheyoor and Danaikencottah.—

No.

19. No advance was made this year to the Ryots for the purpose of Cultivation, the practice having been gradually discontinued, and there having been no emergent applications, or cases requiring it.

20. The orders of Government respecting the acquirement of landed Property by Native Public Servants were promulgated throughout the District - and a Register has been drawn out, in the prescribed form, of lands at present owned by them.-

21. A special communication having been submitted regarding the Cotton Cultivation in the District with a detailed account, it does not appear necessary to repeat it again in this place.-

22. Under the head of Fixed Sournadayem, there is an increase of Rupees 2.617-8-10 produced by higher offers for Para-vapillovarey rents.

23. The number of Puttahs distributed

distributed this year, both Land and Moturpha, were 2,30,826 or 5,882 more than the number given in 1259- the permission of the Board to omit issuing again the same old Puttahs yearly, where not desired, will be in future a relief, both to the Ryots and the Establishment-

24. Two hamlets were formed de novo, in the year under considerations, in the Talooks of Coimbatore and Suttimungalum, which are exhibited in Statement No 2.-

25- Under pressure of business, the new form ordered by the Board was not adopted with reference to the preparation of the long Statement No 2- the orders on this point will be carried out in the ensuing Fusly; but it was found impracticable to do so now-

26- The following Statement shows the names of the Talooks of which the Settlement, was made by me, and my Subordinates, in the present Fusly.-

Statement

Fort St. George 27th October 1851.

27. The aggregate demand as set-tled for Fusly 1260 was Rupees 2,34,8861-4-4 Collections within the year were 2,32,626-"-6- leaving a balance of 22,235-3-10 which was re-duced by subsequent Collections to the 30th Sept-tember 1851 to Rupees 6583-5-5.

28. The arrears at the close of Fusly 1259 were Rupees 19,550-7-7. of which 9,925-12-10 were recovered within this year, and 1,208-"-11 remitted under the sanc-tion of Government leaving 8,416-9-10 still unadjusted; for the recovery of this, and of the balances indicated in the preceding para, measures have been adopted - It will be observed that the amount actually remitted differs from that sanctioned in the small sum of Rupees 22-13-5. caused by some small recoveries between the date of sanction, and the promulgation of the Orders for remission - Detailed particu-lars in respect of the above arrears are given in Statement No 13 of which the subjoined Memorandum is a concise abstract.

30. The increase shown above is distributed over all the items, and requires no specific explanation - One main cause for this excess is the sale of Sandal and Teakwood.

31. A detailed report in connection with the Demand Collection, and Balance of Extra Revenue, has been submitted on the 14th Instant.

32. The Collections from all Sources, exclusive of deposits and other receipts, not Revenue, amount to Rupees 26,29,170 - 11 - 3, the charges of management are Rupees 2,74,700 - 3 - 1 or 10 - 13 - 2 per Cent - 5 Annas, and 7 Pice over and above the percentage of 1259 - which has been occasioned from the adjustment, to the proper head, of charges lately incurred for working the Walliar Forests.

33. The report of the Sub Collector on the Settlement of the Taloks comprising the Sub Division, is transmitted - Also a Statement of population in the District, drawn out in the form ordered by the Board

Board. -

34. It would appear from this Statement that the population of the District amounts to 11,53,862 including male and female - being 32,0060 above that of 1259 - It cannot be considered that this is a Net increase, but the result of the full investigation instituted this year, with reference to the Board's Orders of the 25th February 1850 - a similar enquiry was made in 1245, but all the subsequent returns were rather an Estimate founded upon the information given by the Village Officials, than a correct account of the actual extent of population - the present Statement having been prepared with care, may be taken as an accurate return - the only considerable town in the District is the Cusbah Station of Coimbatoor, and here the average number of persons in a family consist of 4 - whether Hindoo, Mussulman, or other Sects - an Abstract census is

36. As connected with these Cinam lands, I beg leave to state that from recent enquiries which have been made, it appears that the outstanding balances on this account amount to no less than 23702 Rupees, extending over a period of 35 years - Arrangements should have been made earlier, to adjust this account, but from causes which it is now impossible to ascertain, the subject appears to have been lost sight of, many of the Ryots by whom the amount was due, are dead, others are in such circumstances as to be not able to meet the Demand. I have made careful enquiries the result of which goes to prove, that these old arrears are nearly hopeless. I have &c.

added a detailed account to the usual Summary Statements exhibiting the aggregate amount of arrears, the amount considered irrecoverable, and that requiring remission. With a view, however, to facilitate reference, I subjoin an Abstract thereof - as it appears to me that to allow these arrears to stand in the Accounts, will be useless, productive of Confusion, and at the same time afford opportunities for fraud and extortion, I would beg to recommend that the sum considered irrecoverable, Rupees 23,641 - 13 - 8, be written off the accounts at once. - I shall take prompt measures to realize the Amount Classed as recoverable; and how far this has been effected will be reported to the Board in a short time. - all the lands set apart for Cheltrums having recently been resumed, similar arrears would not accumulate in future; these Sums have never been shown in any of the accounts hitherto transmitted to the Presidency which is the main Cause for the Omission in their earlier adjustment.

Fort St. George 27th October 1851.-

37. The Board may observe that a decrease has occurred in several Talooks, and requires some explanation. I fear that in some former years an effort to raise the Rental annually and press the Ryot to Cultivate beyond his means, has been rather too stringently applied; the Head Native Authority, the Sheristadar pressing continually on each Tah.= =sildar to increase his Talook Beriz and thereby again on the Ryots. so that the District, tho' on the whole perhaps a moderately assessed one, has been too constantly and rapidly called upon, under all seasons and circumstances, to furnish a yearly and uncreasing Increase.=

38. The natural and inevitable result of such a pressure, is a gradually accumu=lating Balance, extra and temporary Cultivation forced forward beyond the Ryot's means, with that worst of Revenue evils, a necessity and practice of "discretionary remission" alike hurtful and demoralizing to the Ryot, and the Native Officials.-

39. The Hoot Coomnamahs drawn out, and approved by the Board for the Management of the District, are with a few Modifications, nearly

nearly sufficient, if fully and fairly carried out. but in practice it has not been so. all the rules telling for Government, and calculated to raise the Rent Roll by various expedients, have been strictly enforced by the Tahsildars, while those conducive to the fair and just relief of the Cultivator, have been, in practice, a dead letter, in abeyance, and seldom acted on. To instance a few simple examples & facts.-

40. The Ryotwar (in Coimbatore and elsewhere) supposes the necessary and just permission for a Ryot to contract his Holdings or Farm, when desirous to do so from losses, bad season or other causes.- this permission is nominal, not real, seldom or ever allowed tho' essentially and justly necessary under the uncertain seasons, small means, and improvident habits of the Ryots. Again. Wells dug originally at a large expence and proving failures (as same must), still Charged as Garden.-

fields too large.

half only watered.-

new wells dug, and no Cowle given, or a field, if once watered, must always pay Garden;

These are all at variance with the real principles of Ryotwar, of sound policy, of justice to the Ryot, and the liberal intentions and orders of the Board of Government, and especially of the Court of Directors, as plainly expressed on various occasions.- Small Balances are not always sure

41.

14168

Fort St. George 27th October 1851.-

Sure tests of the progress or welfare of a District - they depend a good deal on the activity and the views of the Head Authorities, European and Native, of the District, where there is a determination to collect the Revenue without deduction or delay, it can and will be done; but it proves only the activity of the Agents, not the prosperity of the District - where a Head Seristadar gives the various Tahsildars and other Native Officials generally, to understand, that their places or their promotion depend on their collections, (as is too often the case) Balances may disappear and collections be made but it may be to the cost, and real detriment, both of the Ryot and Government.

42. I beg to assure the Board my wish is not to introduce any uncalled for innovation, or indulgence, but only to relieve the Ryot where overburdened with land he cannot possibly hold, and to ensure him that real freedom of Cultivation, which I believe is the principle of the Ryotwar system, and the desire of the Board, to accord. I shall be careful to endeavour, to afford to the Ryot only that necessary and fair relief, which the Hookoomnamah and system of the District permits, in concurrence with the views and wishes of the Board.-

To E. B. Thomas Esqre
Collector of
Coimbatore.

Sir

In forwarding the usual Statements of the Land Revenue Settlement of this division for the first expired Fusly 1260 I have the honor to bring to your notice that it amounts to Rupees 7,49,323-5-11 being in excess of the Summa of the preceding year by Rupees 9609-7-9 and also in advance of the average Settlement of the last 5 years as noted below—

Average per Annum		7,18,370	11	1
Fusly 1260		7,49,323	5	11
Increase		30,952	10	10

This demand has been realized nearly in full without recourse to extreme measures

measures and the balance yet to be recovered does not exceed 4,169-10-5, a Sum inconsiderable, when compared with the outstanding balances in previous years.-

3. The Settlement of the Taloks of Dharapooram was made in January 1851, that of Caroor in the succeeding Month, and the two Settlements of Hongheim and Checkragherry in April and July respectively. The Puttahs of these Taloks were distributed in my presence in each of the Cusba Stations.

4. The season was not very prosperous and we have had but partial falls of rain as will be seen from the following Memorandum No. 1. The dry Crops were not therefore what they would have been in a favourable season.- Some of the Punjah lands were also left uncultivated on this account

The

5 The Garden Cultivation having been affected from the same cause was less prosperous, and from want of water in the Wells, some Gardens were not Cultivated at all.-

6. The Rivers Cauvery and Amravatty received the usual supply of water and the first Crop was an ordinary one- but the 2nd generally proved scanty under the Amravutty, and failed entirely in some few instances- The Punjah lands dependent upon Tanks in the Checkragherry and Caroor Taloks, were only partially supplied with water, yielded a deficient Crop in some cases, and failed entirely in others.-

7. The wet Cultivation under Jungle Streams underwent the same fate, and was not on the whole a profitable Crop.-

8. The general healthiness of the Division has not been materially affected this Year- Cholera broke out in some instances but it did not extend generally The

9. The Marginal Statement No. 2 exhibits the price of grain compared with that of the previous year No. 165 Maintains the same rate of price as in the last Fusly with some slight difference but the price of No. 647 has risen 46-11-11 and 11-14-9 per Cent respectively from diminished produce. There was no exportation of grain from this Division

to the neighbouring Districts in the year under review, owing, as I am informed, to a glut of it in the Markets in those Districts, and consequently the Ryots had not the means of advantageously disposing of their produce. The annexed Mrno: will show how much the price was reduced in the present Fusly below the average price of the last 5 years.

11. The Punjah lands paying full rent show a net increase of Rupees 1008 7 6 caused chiefly by the Chettrem Enam having been incorporated with the Government assets under orders from Government.

12. Under the head of Gardens is a decrease of 391 1 " caused by the unfavorable character of the season as explained in para 5 and I would here remark that every claim for remission was strictly scrutinized, in those instances, in which the land was cultivated with common dry crop, Punjah assessment was charged, and in others where the Gardens were kept fallow, grass rent was levied, the remission of entire demand having been confined strictly to cases of utter inability on the part of the Ryot and in which the payment of any portion of the assessment was likely to press hard upon him, and to trench on his future resources.

13. Wet lands paying full rent exhibit a net increase of 6065 2 " produced by the Cultivation of waste lands under Tanks in the Caroor and Checkragherry Talooks.

14. In the Cowle lands of every description is a net decrease of 138 15 4 which has been occasioned

occasioned by the transfer of Cowle lands to

13. In the item of "Sayar

Reassessment, will be found an increase of

demand on gardens, for reasons set forth in Para 12

Items in Cawar and Chelagherry. Rate of Garden
particulars with reference to the Item will be found

The

Permanent Peishcush

2- The net falling off of Rupees 66695 under this head consists of a gross decrease of Rupees 68,005 in the districts of Ganjam Rajahmundry and Masulipatam owing to the Mohurry Zemindary in the first and certain Estates in the others having been attached by Government and a gross increase of Rupees 1310 in Madura and Cuddapah. The increase in the former is said to be the additional Peishcush on the Pheelacotta Zemindary owing to certain lands, which was in dispute between it and the Ayen Village of Mycoody having been incorporated with it, as per Government + sanction. While that in the latter district, is the progressive annual increase of Rupees 1000 in the Peishcush of Poorganoor.

Village rents for more than 1 year

3- The net decrease of Rupees 9629 is the result of a gross decline of Rupees 10,880 in the districts of Chingleput and Malabar and a gross increase of Rupees 1,431 in Nellore. The decrease in the first of the former two Districts, is owing to the reversion to Government of two Villages in Fusly 1260 which

Rs 688

were previously rented out for 30 years and that in the second arises from the entry under the head of "Village rents for more than 1 year," consisting of the actual demand properly so called while in Fusly 1259 it included the whole Beriz of certain lands in Cochin allowed for building Ships &c. The excess in Nellore proceeds from a Village hitherto under Amany being rented in Fusly 1260 and other progressive increase in the rent-

1- There is a net increase of Rupees 10,62911 under this item and it consists of a gross excess of Rupees 12,98,029 in 16 districts and a gross decrease of Rupees 2,35,117 in 5 districts. The excess is owing to the transfer to this head of certain Estates which had been under permanent peishcush to the System of joint Rents in Rajahmundry to the increase of Cultivation owing to the favorable character of the season, and to a decrease in the remissions granted this year.

The falling off in the 5 Districts is detailed in the Margin-

The

Vizagapatam 5. The decrease in this District is owing to the scantiness of the dry Crops caused by the failure of the early rains and to the inundation of the paddy fields in the latter part of the season.

Guntoor 6. The net falling off in this district consists of a gross decrease of Rupees 148827 arising from the grant of considerable remissions consequent on the vast damage done to the crops by the inundation of the Kistna, partly met by a gross increase of Rupees 38490 resulting from extensive cultivation and the taxation of Gardens hitherto held rent free.

Nellore 7. The decrease in this province arises from a smaller extent of waste having been charged this year and from a greater amount of remissions for destroyed Crops.

Tinnevelly 8. The gross decrease of Rupees 16,000 in this District was met to some degree by an increase in the commutation price amounting to Rupees 8,092. The decrease proceeded from a diminution in the extent of cultivation and chiefly from

from an increase in Shavy remissions also from the reversion to Amany of the 13 Sho Rumjutty Villages rented out in Fusly 1259 the Renters being unable to continue the same terms.

Bellary 9. The falling off in Bellary is occasioned by the grant of remissions for the serious losses occasioned by breaches in tanks and Nullahs during the disastrous storm of May 1851.

10. The Marginal items are those whose Collections fall short of the Demand. There is an increase in the first four of them and a decrease in the last. The causes of these fluctuations will be noticed when the Collections are remarked upon.

Tanjore + Rs 29,571.

34 Of this balance Rupees 10,308 are said to be in course of collection.

Bellary 21,969 Rs

Of this sum outstanding in Bellary Rupees 15,469 will be realized the remainder Rupees 6,500 is said to be irrecoverable.

Cuddapah Rs 71,510.

35 This balance is attributed to the late date at which the Settlement of Goorumcondah and other Taloot Rs were made, to the objections raised by some Ryots to the payment of Teerwah Jasty on certain Well lands, a subject that has been under the consideration of the Board and to the loss of Crops by Storm. a sum of 50,000 Rupees is expected to be realized within the 1st Hist of Fusly 1261.

Enquiries have been set on foot for the determination of the recoverable and irrecoverable portions of the balance.

Hurnool Rs 21,407.

37

Rupees 4,232 outstanding under the head of Sayer appertains to the Tanjore district, and is due by the French Government.

43 In the Land Revenue there is a net decrease of Rupees 2,83,655 in the collections of arrears as noted in the margin. The marginal districts are those in which there is the greatest falling off but it is not a fact indicative of any failure in the resources of the Country, for with the exception of Guntoor, the decrease proceeds entirely from the smallness of the arrears to be realized. In Guntoor the sale proceeds of Bonds deposited on account of the Vefsereddy Estate were credited in last year, and no similar sum in Fusly 1260, hence the decrease of Rupees 179,280.

Current Collections Enc: C.

44 The net increase of Rupees 7,71,678 under this head consists of a gross increase of Rupees 11,09,852 in thirteen districts and a gross decrease of Rupees 3,38,174 in 8 others. There is a

is a considerable falling off in the marginal four Districts-

In Guntoor Nellore and Tinnevelly the Decrease in the "Collection" is owing to the same causes as the Decrease in the "Demand" as before explained-

45

In North Arcot, the falling

North Arcot

off in the current collections of Peshcush is owing to a portion of the 3d Kistes for Fusly 1260 not having been paid up within that year, while the decrease of Current Collections in summary* is owing to the fact that the Fusly closed before the Jummabundy was completed some delay in commencing it having occurred from the removal of the Collector to other duty.

B. No 1194- From the Collector of Salem- Reporting on the present condition of the Minor Estates which have been left to the management of parties other than the Court of Wards-

Sir,

Para 1. Adverting to your Board's Proceedings dated 23rd January last, I have the honor to report concisely on the present condition of the Minor Estates which have been left to the management of parties other than the Court of Wards-

2- As shown in the list which accompanied my letter of the 8th November last, there are Ten Mootahs of the above description in the District of them, the seven noted marginally have been managed by relations of the Minors, either under orders from your Board or from the Sudr Adalut, and appear, on the whole, to be in a sufficiently prosperous condition, the belief which

7. Nookhully-

Fort St. George, 30th October 1857-

which I entertain to that effect being sup-
ported by the fact that their respective
Peishcush has, for the most part, been
discharged with regularity-

3- The first four, however have
been recently attached for balances that
have accrued against them in the current
Fusly, but it is expected that before its
close, they will be cleared in full- The
Mootahs in question are regarded as very
profitable ones, and in the event of
necessity arising to bring them to sale
after the minors Venkatram Reddy and
Mecca Paroona Ordian attain their
Majority, that is 5 and 7 years hence
respectively, it is considered that they
will realize an amount more than sufficient for the liquidation of any balance
which may then be outstanding against
them-

4- The Annandoor Mootah was
free of difficulty until Fusly 1255, when
the proprietors are supposed to have
made certain misappropriations of re-
venue for their own private benefit. And

Fort St. George, 30th October 1857-

and payment of the Government demand
being as a consequence, neglected, it came
under segregation-

5- The Peishcush of Mootah is
Cadatoor was duly discharged up to Fusly
1258.- In the succeeding year it fell into
arrear, and was attached in the current one-

6- The balance standing against
these two Estates, which belong to the
same minor, but to different co proprietors,
was Rupees 6111-7-10 up to the last date
of April last-

7- It will be observed that ac-
August 17th 1858- cording to your Board's instructions, the above
Estates were made over to the joint proprie-
tors and the Guardian whom the Civil
Judge had nominated for the minor Widow
of the late proprietor Venkatachella Chetty-
Subsequent to this arrangement being carried
out, the discharge of the Government dues
has not been attended to with punctuality,
on which account in March last, I again
directed their attachment- The minors
Widow will attain her majority in about
one year, and as the Mootahs are believed
to yield a fair profit, it is thought that
when

when put up to sale, they will realize an amount exceeding any arrear which may at that time be due -

8- The Samoodrum Mostah is supposed to be an unprofitable one, it's ryots are said to be poor, and it is clear that it's Beriz has been a decreasing one from several years past - The Cultivable area of this property is mostly dry Crop land, it's Nunjah Cultivation is of trifling extent and it contains no tanks - With a view of bringing it to sale, the joint proprietors appropriated to themselves the proceeds of Fusly 1256, and thus caused it's attachment, but it was not considered to be then available for sale, as Gopala Chetty one of the joint proprietors, * deceased before any arrear had actually accrued, leaving his sons Minors - After a considerable lapse of time the Court recently appointed ⊗ Guardian, for the Minors, but, adverting to your Board's instructions, the Mostah was not made over to him, and for this reason still remains under management

* in June 1846 -

⊗ 21st January 1851 -

management -

10- Up to the last date of April last inclusive, the arrear of peishcush amounted to Rupees 3,300-15-9, and I regret to find that it is not thought likely that any arrangement for its liquidation will be feasible when the Minor becomes of age - I further regret that owing to it's reputed unprofitable character, the Estate when sold is not expected to realize a sufficient sum to meet the arrear -

Proceedings

14393. Fort St. George, 30th October 1857.

B. No 2106.

Proceedings thereon. 1. In Column 26th Statement No 2 of the above Return the Collector states that the balance of Rupees 4.02-3-10 due from the Cautionpootoor of Mootah transferred from Salem to Trichinopoly has been recovered in the latter district and will be carried to credit in September 1857.

2. This Estate was made over to Trichinopoly at the beginning of Fusly 1261 and there was no necessity of retaining the balance in question in the accounts of the Salem District for the Current Fusly, the Statement is therefore returned to the Collector for alteration.

3. On referring to the Demand Collection and Balance Statement of Trichinopoly for the month of August 1857, it does not appear that the balance referred to by the Collector of Salem has been brought to account in the former district.

4. Mr Bird is requested to furnish explanation on this point.

Returning to the Collector of Salem for alteration his Demand Collection Balance Statement for August 1857 and requesting the Collector of Trichinopoly to furnish certain explanation relative to a discrepancy in his Statement for the same month.

Proceedings Relative to the Settlement of the Extra Sources of Revenue in the District of Salem for Fusly 1260 A.D. 1850/51.

The following Abstract Statement shews that the out-turn for the above Fusly is Rupees 1454 15 2 above that of the preceding year.

Net Increase							1,454	15	2			

Abkarry. 2. The abkarry having been rented for a term of three years from Fusly 1258 to 1260. at Rupees 80,500 — " — " per annum, there was no fluctuation in this branch of Revenue.

Sundry Small Farms and Licenses. 3. Notwithstanding the discontinuance of

of the privilege of felling Sandalwood, in the Talook of Ahtoor, which was rented for the three preceding Fusleis, at Rupees 150 per Annum. the increase under this head of revenue amounted to Rupees 132-3-4 above that of Fusly 1259.

The Chief fluctuations occur in the Gidde=gavel and Fisheries, the decrease in the former is attributed to the better offers received for the rent of the Denkencottah Talook in the previous Fusly 1259 and the increase in the latter to a greater Competition, in consequence of certain tanks which were dry in the pre=vious year, having received an abundant

Moturpha 4- The total Demand on account of Moturpha as distinguished into ain Motur=pha and Loom Tax, was Rupees 73,456-11-8. being Rupees 1359-4-2 below that of Fusly 1259. In ain Moturpha there is a Net-Increase of Rupees 18-12-10, arising from a gross increase of Rupees 1,333-7-10 and a gross decrease of Rupees 1314-11-0 caused by sundry fluctuations and transfers which are explained in paras 11 and 12 of the report. The Net decrease under the head of Loom Tax is Rupees 1398-9-11 and was occasioned by the relinquishment of Cloth looms, by death and desertion, but re= mainly from many weavers of the indigent class having been under the necessity of quitting work, in

in consequence of the rise in the price of Cotton yarn created by the small quantity declared to have been imported into the District.

Stamps 5- The Sale of Stamps for the year amounted to Rupees 22913-8-0 or Rupees 2082 above that of the past year attributed to the operation of Act XVII of 1848.

6- Of the total demand (Rupees 191579-11-9) Rupees 159578-1-6 were Collected within the Fusly, and Rupees 780-11-3 subsequently, leaving a balance of Rupees 1221-2-0 on the 1st Sep= tember 1851.

7- The old balances which at the end of Fusly 1259 amounted to Rupees 9904-6-11 has been reduced to Rupees 249-2-2. due prin= cipally on account of Moturpha from Fuslies 1255 to 1259: of this latter sum the Collector deems Rupees 197-1-9 to be irrecoverable, and

the Board beg to recommend that it be written off the account.

8- The gross Collections, Current, Extra and arrears amounted to Rupees 197282-12-10 from which the charges being deducted, there remained a Net Revenue of Rupees 183692-14-6 or Rupees 5899-1-5 above that of Fusly 1259.

Ordered that a copy of the above Proceedings be forwarded to Government and that a transcript of the same be sent to the Collector of Salem.

Bd. No. 2512.
From the Collector of Madura -
+ O. S. Nos. 85 & 86 of 1851 -

I have the honor to transmit
1. copy of a letter from the Sub Collector enclosing copy of 2 Plaints filed against the late acting Sub Collector Mr. Levinge with a draft of the answers he would propose to make to them. -

Adverting to the extreme want of
2. precision and particularity in the Plaints it is a matter of surprize I think that the Sub Court should have admitted them - It is obvious that a Defendant is placed at a great disadvantage if obliged to plead to vague charges. -

Mr. Clarke has confined
3. himself and I think properly so to Pleas of non-liability and want of Jurisdiction. -

If the Board approve of the
4. answer I request that they will obtain the permission of the Government to defend the suits at the Public expense. -

The time allowed for filing the
5. answers expires on the 16th Instant, I have therefore requested Mr. Clarke to apply for a Month's extension. -

Sir,

I have the honor to submit for your consideration copies of the translations of two plaints filed in the Sub Court of Madura, against my predecessor Mr. Levenge, together with copies of the Drafts of the Answers I propose to be filed and to request you will obtain the permission of the Board of Revenue for me to defend the suits at the public cost since I believe that act of including Mr. Levinge as a party in the suit, is as authorized by the Regulations, as it is opposed to the usual course of procedure.-

2. I extremely regret the delay which has taken place in the preparation of my Answers, but a pressure of other important business has prevented my giving due attention to the subject.-

Translation of a Petition O. S. No. 85 of 1851. addressed to J. W. Dyskes Esqre Acting Sub. Judge of Madura.-

Plaintiff. Vers Defendants

Sama Row Vakeel for 1 Mr. F. De Fondclare Animanaic Gounden Son renter of Ammianaik of Iyappa Gownden a Moor Zemindary.- Cultivator and the Nattam 2. Camala Naiker of the Village of Ma: Zemindar of Am:-gar of the Village of Ma: Zemindar of Am:-=layore situated on the Miana ik Moor.- Seroomalay Hills in 3. V. H. Livinge Esqre Nellacottah Taloot.- Acting Sub Collector of Madura.- 4. Narasingum Pillay alias Iyacum: =noo Pillay Acting Curnum of Malayoor Village.-

Abstract.

The Plaintiff claims Rupees 30-12-3. including interest from the Defendants, being the sum collected from him for Fasly 1258 by the 1st Defendant in the capacity of renter, over and above the Fysel rate fixed in Fasly 1212.-

For every description of trees growing on the Seroomalay Hills the

the tax called "Amroy Teerwa" was originally fixed at the rate of 2 fanams per head or puttah. For Punjah crops cultivated there after clearing the Jungle the usual tax was two fanams per hatchet. The plantain Garden was taxed at 1/8 fanam the tree as Melwarem / Circar share / after deducting the Coodewarum / Ryots share / The taxes were thus originally fixed at a moderate rate, owing to the difficulty to cultivate Hill Lands. The Hill settlement accordingly amounted to Pons 174, fanams 6 5/8, from which a remission of Pons 13, fanams 6 3/8, was made and the remainder pons 161 was continued to be collected for some years. Meantime such plantain and Amroy trees as belonged to Ryots deceased or deserted were made over to the Plaintiff and others, being the permanent residents on the Hills, and the latter undertook to pay the Assessment thereon according to the extent of the cultivation. For some years certain persons took the lands on contract from the Zemindar / 2d Defendant / for an amount less than the total assessment levying the tax from their tenants at the Fysel rates and paying the Zemindar at the contracted rate. Thus the taxes used to be fairly discharged when

when the Estate was in the Zemindars possession as well as when it was under the immediate management of Government. Even after the 1st Defendant had in Fusly 1256 taken the Estate on contract he collected the taxes at the same Fysel rate till Fusly 1258 for which he / the 1st Defendant / gave his receipts to the Ryots.-

2. The names of the ancestors of the Plaintiff Ammanee Gounden, of Veerappa Gounden, Brummia Gowden and of Audyappa Gounden, are entered down for the Office of Nattamay in the Cloogoo Account of Fusly 1212 and also the names of the ancestors of Poosamalay Pillay are entered in it for the Office of Curnum. They are accordingly each entitled to have as Manieum 660 / productive / Plantain trees and with the exception of Veerappa Gowden the others are each entitled to have also either 80 or 76 citron trees / provided however that should they hold or enjoy more than this as Manieum they should pay the usual Amroy tax thereon at the rate of 2 fanams per head.-

3. The Renter / 1st Defendant / who from the year he had undertaken the Zemindary on contract Viz. Fusly 1256 up to Fusly 1258 had received from the Hill Ryots tax at the Fysel rate, has now contrary to usage fixed at his own discretion a higher rate of assessment on fruit trees for those three years. It has been customary to leave fallow a land which was used in Cultivation for one and if found, productive

productive for 2 years and to repair to other lands that had lain waste for 10 or more years. After clearing the latter away of the jungles which work is generally attended with a great deal of labour and expense Poonjah is first cultivated thereon and then plantain. It has been also customary for each of the Fysel puttahdars to pay tax for one hatchet only in cases where the Ryot according to his ability employed several laborers with a proportionate number of hatchets to clear up the jungle on one stalum of land and in like manner he had to pay for 2 hatchets only if the extent he cleared were 2 stalums. For this rate of Assessment he was at liberty to cultivate any species of grain he pleased and was not bound to pay tax according to the different kinds of crops. In the puttahs issued at the Fysel time it is written that the Ryot need not pay more than this rate for his land but that he may enjoy the various produce thereof with comfort. Thus the Cultivators of the Hills from the Fysel period and even before it down to Fusly 1257 continued without interruption to discharge their taxes and to enjoy undisturbed the fruit of their labors. On the 22d August 1833 the 2d Defendant Zemindar addressed an Urzee to the 3d Defendant Sub Collector requesting that no higher tax than that settled by them might be taken from the Ryots. Besides the Zemindar in his settlement account for Fusly 124[illegible] clearly

clearly recorded his opinion as to the truth of the above Statements. That account alone is sufficient to prove the affair. The Istimrar originally made out for the Zemindary was based on the principle of former accounts according to which principle alone the tax should be as hitherto always levied from the Ryots and it is not in the power of the Defendants either to receive that tax or if raised to levy it. In the year 1847 the Dowdy Gownden and Agupipah Gownden the Individuals who hold the Seromalay Hill Lands on permanent contract addressed an Urzee to the Sub Collector praying that suitable rates of Assessment may be fixed on the different kinds of products except what had already been fixed on plantains, poonjah Crops, & mray trees. To this address they obtained on the 13th November 1847 an Endorsement to the effect that there appeared no necessity for departing from the usual method of taxation. The 1st Defendant undertook the rental of the Zemindary in Fusly 1256. He made no Jummabundy for the Fusly years 1256. 1257. and 1258 but according to custom merely levied the Teerwa and granted receipts. In Fusly 1259

1259 however the renter is said to have made out the Summabundy for all the three preceding years introducing new rates of tax on the different description of trees and also increasing the rate on dry crops &c. without first obtaining assent thereto from the Ryots. The Puttahs prepared under this system were then offered to the Ryots who with the Plaintiff of course refused to accept them. Although the Plaintiff and others had duly paid up the usual Assessment for those three years and obtained their receipts from the Renter (1st Defendant) yet the latter unlawfully attached their property on the plea that he did so on account of arrears due by them (arrears indeed resulting from the Ryots illegal and optional mode of regulating the tax). This done he (the 1st Defendant) reported the circumstances to the Sub Collector (3d Defendant) On the 7th February 1850 the Plaintiff and others petitioned against the unreasonableness of the renter's demand &c. to which however no reply was made. To a statement which the renter submitted the Sub Collector remarked, in direct contradiction to his former order that with regard to the arrears due for Fuslies 1256 and 1257 the Civil Court should be moved, and that as regards the arrears for

× 16th Septr 1850.

Fusly

Fusly 1258 no rates could then be determined upon until the receipt of the Tahsildar's answer, who had been directed to examine the various Kinds of trees grown on the Hills. In the event nevertheless of the rates being augmented the Plaintiff is prepared to prefer a separate suit. But notwithstanding that the contemplated rates are not as yet put in force, the Sub Collector's orders to the effect that the property held (unjustly by the Renter) under attachment should be so retained for the liquidation of the arrears that may fall due after the proposed settlement is made are quite against reason and the Laws. The object of the present Petition is not to dispute the right to attach property or to fix a new assessment, but to show that in Fusly 1258 the Plaintiff had no more trees than what he was entitled to have as maniem Viz.t 6 Plantain trees (productive) 660 and citron trees 76; and he had to pay only 2 fanams for his Puttah as amroy tax and 2 fanams as hatchet tax, total 4 fanams for Fusly 1258. This being the case of the 1st Defendant (Renter) represented to the 3d Defendant (Sub Collector) that each of the Plaintiffs and others owed Rupees 31-4-8 and submitted an account thereof at the same time. The Sub Collector without enquiring into the merits of the case issued an order to the Tahsildar directing him to sell the attached property towards the

the satisfaction of the arrears and meanwhile to have the Plaintiff secured. He (the Plaintiff) fearing however that the 3d Defendant (Sub Collector) has Authority to dispose of attached property by public Auction paid up on the 12th March 1851 the Sum demanded Vizt. Rupees 31-4-8 and took a receipt for the same. The Acting Sub Collector is put down in this plaint as 3d Defendant because he did not make a proper enquiry into the case of the high assessment proposed by the Renter (1st Defendant) and because he in contradiction of a former order issued illegal instructions to sell the attached property for the liquidation of the alleged arrears. The Acting Curnum of Malayoor is also put down as the 4th Defendant in this plaint in consequence of his having aided 1st Defendant in the preparation and adjustment of the requisite accounts.-

Of the Rupees 31-4-8 levied by the 1st Defendant from the Plaintiff for arrears due for Fusly 1258 deducting the above said Amroy and hatchet taxes justly due by him (Plaintiff) that is to say 4 fanams equal to annas 13 and pice 4 there remains the sum of Rupees 30-7-4 This sum together with the regular interest thereon (1 per Cent per Mensem) Vizt. Annas 4 and pice 11 calculated from the date of the receipt 12th March to the date of this Plaint 11th April, total Rupees 30-12-3 I beg that your Court will order the Defendants to pay to the Plaintiff. The Plaintiff should also be entitled to interest for the principal up to the date of the Court's decision in this case.-

This

Fort St. George 30th October 1851.-

No. 1 in A.
O. S. No. 85 of 1851.

This suit is brought to recover Rupees 30 As 12 - 3. being the amount of rent alleged to have been unjustly levied from Plaintiff for the lands cultivated by him on the Seroomalai Hills during fusly 1258 by the 1st Defendant the renter of Ummialnaickenoor Zemindary, including interest up to the date of the plaint and the Collector of Madura is included as 3rd Defendant because as stated in the plaint he allowed a new and higher Assessment to be placed on the land contrary to usage and practice and at variance with orders formerly issued and illegally authorized the sequestered property to be sold in liquidation of the Amount improperly alleged to be due.-

2. The plaint is full of irrelevant matter and so devoid of precision, that it is difficult to arrive at a correct view of the grievance, which the Plaintiff has made the subject of this suit. But the Sub Collector believes that it refers to the Assessment placed by the renter of Ummialnaickenoor on the ground cultivated by the Plaintiff during fusly 1258 with dry grain. If this is correct it will be sufficient for the Sub Collector to refer to 2 or 3 simple points in order to shew that the late Acting Sub Collector has been most improperly

improperly included in the Suit and to obtain exemption from any claim made against him by the Plaintiff.-

3. In two Arzees dated 2d and 7th February 1850 Mr. De Fondelair the renter of Vimmiahnaick:-noor in conformity with the provisions of Clause 1st Section IV Regulation V of 1822 gave notice to the Acting Sub Collector that he had attached the property of the Plaintiff and 6 other cultivators on the Seros:-malai Hills on account of balances which had accrued against them during Fuslies 1256 to 1258.-

4. On the 7th February the Plaintiff thro' his Vakeel presented a rambling Petition against the attachment on the ground that his Maniums had been included in the Puttah and that an unusual tax had been placed on certain lemon and citron trees which he had long enjoyed on a nominal rent but no allusion was made in the petition to the manner in which the tax on the land cultivated with punjah was collected by the present renter, who, instead of assessing it as had been usual by the number of hatchets employed to clear the ground placed a tax of 6 fanams on each cooly of punjah land.-

5. The petition was on the 8th February forwarded to the Tahsildar who was desired to enquire into the allegations therein contained and during this enquiry which was

was full, and extended over a period of more than a Month, no reference is made to the tax imposed on the land, which it is believed forms the subject of the present Suit.-

6. On the 1st March 1851 an order was issued to the Tahsildar of Velacottah to realize the sums due by the Plaintiff and others on account of the lands cultivated by them with dry grain during Fusly 1258, as no objections had been offered to the demands made by the renter on them for such land.-

7. In the same order the Acting Sub Collector observed that he could not sanction the collection of arrears for Fuslies 1256 & 1257 as the renter had allowed a long period to elapse before he sequestered the Plaintiff's property for such arrears and he added that the assessment on the trees which formed the subject of Petitioner's appeal was still under enquiry & consideration.-

8. It would appear that the Plaintiff after deducting the sum of annas 13-4- which he admits was due by him on account of tree and hatchet taxes claims Rupees 30-7-4 illegally collected from him with annas 4-11-as interest from the date of the Collection to the date of filing his plaint and he further claims interest on the sum alleged to have been over-collected from him up to the date of the decree.-

The

9. The Sub Collector pleads that the Plaintiffs claim against his predecessor is without foundation since the Plaintiff did not as laid down in Clause fourth, Section IV, Regulation V of 1822, appeal against the demand made upon him by the renter for the land cultivated with punjah and therefore that the acting Sub Collector had no other course left open to him than that laid down in clause third of the same Section and Regulation Vizt. to authorize the destrained property to be sold- should the renter's demand so far as it referred to items not appealed against, not be satisfied.-

10. The omission of the Plaintiff to take care of his own interest when the course he should have adopted is so clearly explained as in clause fourth of the above quoted Section leaves him without excuse and can form no legal ground for making the authorities answerable for want of enquiry.-

11 But the Sub Collector secondly submits that under clause first, Section XVI, Regulation V of 1822, as explained by the Sudr Adaulut in their C.O. 23d April 1828 and No. 61 the Acting Sub Collector is in this case not subject to the jurisdiction of the Sub. Court. If the Plaintiff had cause of dissatisfaction with the decision of the Sub Collector he should have preferred a regular Appeal against it as laid down by the Court of Sudr Adaulut and as has invariably been the practice in the Courts of Law. And the Sub Collector would solicit permission to remark that as

DG

as in such cases as these, the Collector is in no sense of the word a party in the suit, but is vested with authority to settle disputes between one subject and another, he cannot be called on to defend his acts. any more than any other Judge. There is a great distinction between such cases and cases in which the Government is a party and in which the Collector as the instrument of Government is also apt to appear in the light of a party In this case the interests of Government are in no way involved in the decision of the Acting Sub Collector who acted entirely in his judicial capacity & cannot be taken to be a party against the Plaintiff.-

12.- And even should the foregoing pleas to be deemed insufficient to relieve the acting Sub Collector, the Sub Collector would thirdly contend that the case is not sustainable against him after the enactment of Act XVIII. of 1851, which enacts that no Collector acting

Fort St. George 30th October 1851.-

acting judicially shall be liable to be sued in any Civil Court for any act done by him in the discharge of his judicial duty &c.-

13. The Sub Collector deems it unnecessary to take up the time of the Court further by entering into any discussion to prove that he is only competent to adjudicate on disputes between zemindars or their representatives and the cultivating ryots when such disputes are brought regularly and in due form before him, nor does this seem to be the place to argue on the other point referred to in the plaint, the right of the zemindar or the renter acting in his place to resume a ruinous system of rent, tho' it may have existed for a long time and replace it by a fair assessment on the land, since he hopes that what he has already advanced is sufficient to relieve his predecessor from any responsibility on account of the demand made against him in this suit and he prays the Court to relieve him accordingly.-

Abstract.

The Plaintiff claims Rs. 40-5-5- (including interest) from the defendants being the sum collected from him for Fusly 1258 by the 1st Defendant in the capacity of Renter over and above the Fysel rate fixed in Fusly 1212.-

For every description of trees growing on the Seroomalay Hills the Tax called "amroya teerwa" was originally fixed at the rate of 2 fanams per

The names of the ancestors of the Plaintiff, Brummiah Gownden, a minor under the Guardianship of the Plaintiff; Ammany Gownden and of Audyappa Gownden are entered down for the office of Nattamy in the Ooogoo account of Fasly 1212 and also the names of the ancestors of Poosamaloy Pillay are entered in it for the Office of Cutnum. They are accordingly each entitled to have as maniem 660 / productive / plaintain trees, and with the exception of Plaintiff the others are each entitled to have also either 80 or 76 Citron trees provided however that should they hold or enjoy more than this as maniem they should pay the usual Amroye tax thereon at the rate of 2 fanams per head.-

3. The Renter / 1st Defendant / who from the year he had undertaken the Zemindary on contract Viz. Fasly 1256 up to Fasly 1258 had received from the Hill Ryots tax at

On the 22d August 1853 the 2d Defendant (Zemindar) addressed an Urzee to the 3d Defendant (Sub Collector) requesting that no higher tax than that settled by himself might be taken from the Ryots— Besides this the Zemindar in his settlement account for Fasly 1245 clearly recorded his opinion as to the truth of the above statements— That account alone is sufficient to prove the affair. unlawfully attached their property on the plea that he did so on account of arrears due by them (arrears indeed resulting from the renters illegal and optional mode of regulating the tax). This done he (the 1st Defendant) reported the circumstance to the Sub Collector 3d Defendant) On the 7 February 1850 the Plaintiff and others petitioned against the unreasonableness of the Renters demand &c. to which however no reply was made. To a statement which the Renter submitted, the Sub Collector remarked, in direct contradiction to his former order that with regard to the arrears due for Fusliee 1256 and 1257 the Civil Court should be moved and that as regards the arrears for Fusly 1258 no rates could then be determined upon until the receipt of the Tahsildars answer who had been directed to examine the various kinds of trees grown on the Hills. In the event nevertheless of the rates being augmented the Plaintiff is prepared to prefer a separate suit. But notwithstanding that the contemplated rates are not as yet put in force the Sub Collectors orders to the effect that the property held unjustly by the renter [under attachment] should be so

so retained for the liquidation of the arrears that may fall due after the proposed settlement is made are quite against reason and the Laws. The object of the present petition is not to dispute the right to attach property or to fix a new assessment but to shew that in Fusly 1258 the Plaintiff and Brummiah Gownden his warid had no more trees than what he was justly entitled to have as Pannem Viz.t Plantain trees (productive) 1320 and Citron trees 80 and that he Plaintiff had to pay only 4 fanams for the 2 Pattahs in his and warids names as Assessment tax and 4 fanams as hatchet tax total 8 fanams for Fusly 1258. This being the case the 1st Defendant (Renter) represented to the 3d Defendant (Sub Collector) that each of the Plaintiff and others owed Rupees 41-9-7 and submitted an account thereof at the same time. The Sub Collector without enquiring into the merits of the case issued an order to the

the Tahsildar directing him to sell the attached property towards the satisfaction of the arrears and mean while to have the Plaintiff secured. He the (Plaintiff) fearing however that the 3d Defendant (Sub Collector) has authority to dispose of attached property by public auction paid up on the 12th March 1851 the sum as demanded, Viz.t, Rupees 41-9-7 and took a receipt for the same. The acting sub. Collector is put down in this plaint as the 3d Defendant because he did not make a proper enquiry into the case of high assessment proposed by the Renter (1st Defendant) and because he in contradiction of a former order issued illegal instructions to sell the attached property for the liquidation of the alleged arrears. The Acting Cummum of Malayne is also put down as the 4th Defendant in this plaint in consequence of his having aided the 1st Defendant in the preparation and adjustment of the requisite accounts.

Of

Of the Rupees 41 9 7 levied by the 1st Defendant from the Plaintiff for arrears due for Fusly 1258 deducting the above said Amroys and hatchet taxes justly due by him (Plaintiff) that is to say 8 fanams equal to Rupee 1-0-8 there remaines the sum of Rupees 39-1-0 This sum together with the regular interest thereon (one per Cent per Mensem) Viz.t Annas 6 and pice 6 calculated from the date of the receipt 12th March to the date of this plaint 11th April Totel Rupees 40 5 5 I beg that your Court will order the Defendants to pay to the Plaintiff. The Plaintiff should also be entitled to interest for the principal sum to the date of the Court's decision in this case.

No. 1 in B

O. S. No. 80 of 1851.

This suit is brought to recover Rupees 40 5 5 being the amount of rent alleged to have been unjustly levied from Plaintiff, for the lands cultivated by him on the Seroomalai Hills during fusly 1258. by the 1st Defendant the renter of Ummiahnaickenoor Zemindary, including interest up to the date of the Plaint and the Sub Collector of Madura is included as 3d Defendant because, as stated in the plaint he allowed a new and higher assessment to be placed on the land contrary to usage and practice, and at variance with orders formerly issued; and illegally authorized the sequestered property to be sold in liquidation of the amount improperly alleged to be due.—

2 The Plaint is full of irrelevant matter and so devoid of precision, that it is difficult to arrive at a correct view of the grievance which the Plff has made the subject of this suit. But the Sub Collector believes that it refers to the assessment placed by the renter of Ummiahnaickenoor on the ground cultivated by the Plff during fusly 1258 with dry grain If this is correct, it will be sufficient for the

Sub

Sub Collector to refer to 2 or 3 simple points, in order to shew that the late Acting Sub Collector has been most improperly included in these Suit and to obtain exemption from any claim made against him by the Plaintiff—

3 In two argees dated 2d and 7th February 1850 Mr. De Fondclair the renter of Ummiahnaickenoor in conformity with the provisions of clause 1st Section IX Regulation V of 1822 gave notice to the Acting Sub Collector that he had attached the property of the Plff. and 6 other cultivators on the Seroomalai Villy on account of balances, which had accrued against them during fusliees 1250 to 1258—

4 On the 7th February the Plaintiff thro' his Vakeel presented a rambling Petition against the attachment on the ground that his Mannims had been included in the Putcha and that an unusual tax had been placed on certain lemon and citron trees which he had long enjoyed on a nominal rent; but no allusion was made in the petition to the manner in which the tax on the land cultivated with Punjah was collected by the present renter who instead of assigning it, as had been usual by the number of hatchets employed to clear the

the ground, placed a tax of 6 fanams on each cooly of Punjah land—

5 The petition was on the 8th February forwarded to the Tahsildar who was desired to enquire into the allegations therein contained, and during this enquiry, which was full and extended over a period of more than a Month no reference is made to the tax imposed on the land which it is believed forms the subject of the present Suit—

6 On the 1st March 1851 and order was issued to the Tahsildar of Nellacottah to realize the sums due by the Plaintiff and others on account of the lands cultivated by them with dry grain during fusly 1258 as no objections had been offered to the demands made by the renter on them for such lands—

7 In the same order the Acting Sub Collector observed that he could not sanction the collection of arrears for fuslies 1256 and 1257 as the renter had allowed a long period to elapse before he sequestered the Plaintiffs property for such arrears and he added that the assessment on the trees which formed the subject of Petitioners appeal, was still under enquiry and consideration—

8 It would appear that the Plaintiff, after deducting the sum of Rupees 1-10-8 which he

he admits was due by him an account of
tree and hatchet taxes claims Rupees 39 — 11,
illegally collected from him with annas 6 6
as interest from the date of the collection to
the date of filing his plaint, and he further
claims interest on the sum alleged to have
been over collected from him up to the
date of the decree —

9 The Sub Collector pleads that the
Plffs claims against his predecessor is without
foundation since the Plaintiff did not as laid
down in clause fourth Section IV Regulation V
of 1822 appeal against the demand made
him by the renter for the land cultivated with punjah
and therefore that the Sub Collector had no other
course left open to him, than that laid down
in clause third of the same section and Regulation
Viz.th to authorize the destrained property to be sold
should the renters demand so far as it referred
to items not appealed against not be satisfied

10 The omission of the Plaintiff to take
care of his own interest when the course he should
have adopted is so clearly explained as in clause
fourth of the above quoted Section leaves him
without excuse and can form no legal grounds
for making the authorities answerable for want
of enquiry —

11 But the Sub Collector secondly states
that under clause first Section XVII Regulation V

of 1822, as explained by the Sudr Adalut in their
C. O. 23d April 1828 and No. 61 the Acting Sub
Collector is in this case not subject to the juris-
diction of the Sub. Court — If the Plaintiff had
cause of dissatisfaction with the decision of the
Sub Collector he should have preferred a regular
appeal against it, as laid down by the Court of
Sudr Adawlut and as has invariably been the
practice in the Courts of Law And the
Sub Collector would solicit permission to remark
that as in such cases as these, the Collector is
in no sense of the word a party in the
suit but is vested with authority to settle dis-
putes between one subject and another, he
cannot be called on to defend his acts any more
than any other Judge — There is a great distinction
between such cases and cases in which the Govern-
ment is a party and in which the Collector
as the instrument of Government is also
apt to appear in the light of a party — In
this case the interests of Government are in no way
involved in the decision of the Acting Sub-
Collector who acted entirely in his Judicial
capacity and cannot be taken to be a party
against the Plaintiff —

12 And even should the foregoing
pleas be deemed insufficient to relieve the
Acting Sub Collector, the Sub Collector would thirdly
contend that the case is not sustainable
against

Fort St. George 30th October 1851.

against him after the enactment of act XVIII of 1851 which enacts that no Collector acting Judicially shall be liable to be sued in any Civil Court for any act done by him in the discharge of his Judicial duty &c.

13 The Sub Collector deems it unnecessary to take up the time of the Court further; by entering into any discussion to prove that he is only competent to adjudicate in disputes between Zemindars their representatives and the cultivating ryots when such disputes are brought regularly in due form before him nor does this seem to be the place to argue on the other point referred to in the plaint the right of the Zemindar or the renter acting in his place to revoke a ruinous system of rent tho it may have existed for a long time and replace it by a fair assessment on the land, since he hopes that what he has already advanced is sufficient to relieve his predecessor from any responsibility on account of the demands made against him in this suit, and he prays the Court to relieve him accordingly.—

Proceedings thereon. Para 1 Resolved that the letter above recorded together with its enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council.—

Submitting a letter from the Coll.r of Madura enclosing copy of two Plaints filed against the Acting Sub Collector in the Sub Court of Madura with drafts of the proposed Answers and recommending that the Coll.r be Authorized to file them and conduct the proceedings at the public cost.—

(18.19)

2 The Plaint in Original Suit No. 85 is brought by Amanee Goumden and that in Original Suit No. 86 by Veemppah Goumden on behalf of a Minor both cultivators and Nattamgars of the Village of Malayore, against the Renter, the Zemindar, and the Curnum, to recover Rupees 30 12 3 and Rupees 40-5-5 respectively with Interest being rent alleged to have been unjustly levied by the Renter for certain lands cultivated by the Plaintiffs in Fusly 1258 on the Seroomalay Hills. and the Acting Sub Collector is included as 3d Defendant apparently because it is alleged he permitted the Renter to place a higher rate of assessment on the land than was customary and illegally authorized the property of Plaintiffs to be sold in order to liquidate the Amount.—

In

3 In the Drafts of Defence in each case it is pointed out that the Plaints are so full of irrelevant matter and devoid of precision as to render it difficult to arrive at a correct view of the grievance but that it is believed the ground of action relates to the assessment charged by the Renter on the land cultivated by Plaintiffs during Fusly 1258 with Dry grain. It is explained that the Renter in conformity with Clause I Section I Regulation V of 1822, in two Urzees dated 2d and 7th February 1850 gave notice to the Acting Sub Collector that he had attached the property of each of the Plaintiffs and other cultivators on the Seroomalay Hills, for balances due by them from Fusly 1256 to 1258 inclusive that each of the Plaintiffs thro' Vakeel presented petitions to that Officer on the 7th February against the attachment on the plea that their Mauriens had been included in their Puttah and an annual Tax placed on the Lemon and Citron Trees which they had been allowed previously to hold on nominal rent

rent but that they made no allusion in these Petitions to the tax fixed by the Renter on the land cultivated by them with Poonjah as they now do in their Plaint, or to his having charged 6 fanams per Coily instead of a rate on the number of hatchets used to clear the Jungle and that the Tahsildar who enquired fully into the allegations in these Petitions did not refer to the assessment on the Poonjah land which it is believed forms the ground of the present Action.

4 It is represented that Mr Lovings order of 1st March 1851 to the Tahsildar was to realize the sums due by Plaintiffs and the others referred to in the Renters urgees on account of the lands cultivated in Fusly 1258 by them respectively with dry grain because no objection had been offered to the demands of the Renter on such lands but he was directed to withhold the Collection of Arrears on those lands for the two previous years as the Renter should

should have preferred his claim
at an earlier period. That Officer &c
added that the Tax on Trees which
formed the subject of complaint in &c
Plaintiffs petition of 7th February was
yet under enquiry and consideration.

5 The present sub Collector
in the Drafts of Defence of both
Actions now pleads:—

1st That the claims of Plaintiffs
against his predecessor is [illegible]
dation since they did not appeal under
Clause 4 Section IV Regulation V of 1822
against the renters demand of assessment
on the Poonjah land and that Mr
Levinge had no other course than to
authorize under Clause 3 of that section
the distrained property to be sold.—

2nd That under Clause 1 Section
XVII of that Regulation as explained
by the Sudr Adalut in Circular Order
23d April 1828 the Acting Sub Collector in these
cases is not subject to the jurisdiction
of

of the Sub Court and if the Plaintiffs
were dissatisfied with that Officers decision
that they should have preferred a regular
Appeal against it. Moreover that a &c
Collector is properly not a party in such
suits, but he is vested with Judicial pow-
ers to settle disputes between individuals
which he did in the present &c
cases, and that these differ
widely from those instances
wherein the dispute may arise
with Government in which the
Collector would as the instru-
ment of Government appear
as a party.—

3rd That these Actions &c
are not sustainable after the &c
passing of Act XVIII of 1850. The
Sub Collector has quoted Act
XVIII of 1857. The error will be
brought to his notice.—

6 For these reasons the
Sub Collector prays the Court to
relieve his predecessor from all

responsibility

14437 Fort St. George 30th October 1857

responsibility in these Suits

7 The Board consider the Draft Answers to constitute good and sufficient Defence in both Actions and do recommend that the Sub Collector be authorized to file them and to conduct the proceedings at the public cost.—

8 The time applied for in extension of that already expired for filing the answers will terminate on the 16th November 1857.—

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.—

Sir,

(20)

Bs. No. 2254
From the Coll.r of Tinnevelly.—
Submitting a report on all Items of Balances of Revenue due on account of Fuslies 1218 to 1258 and remaining unadjusted at the close of Fusly 1260.—

With reference to para 5 of
Para 1. of my report on the Settlement of Land Revenue of this District for Fusly 1257 dated 22d November 1850, I have the honor to submit a report on all Items of Balances of Revenue due on account of Fuslies 1218 to 1258 and remaining unadjusted at the close of Fusly 1260 as shewn in the accompanying two Statements marked A and B.—

2 On reference to the Statement A it will be seen that the Balance due from Fusly 1218 to 1258 on account of Land Revenue amounts to Rupees 18243-9-7 and that due on account of Extra Revenue of 2 Fuslies viz.h 1257 and 1258 is Rupees 701-4-2. The particulars of the former sum are as follows.—

Recoverable Rupees	619-6-10.—
Doubtful do	14700-12-6.
Irrecoverable do	2923-6-3.—
	18243-9-7

H.B.

Fort St. George 30th October 1837.

3. With reference to the sum of Rupees 619-6-10 entered under the Head of Recoverable in the Statement A I have the honor to state that this balance will be recovered shortly as orders have been sent to the different Jahsildars to adopt the necessary measures for its realization.

4. Of the amount of Rupees 14700-12-6 forming the 2d Item, Rupees 7797-7-8 are the Teerwah on 11 Seer Cottahs of land in Shencottah entered in the accounts of this District as due to the Company the payment of which has been withheld by the ryots since the lands were assumed by the Company and will be adjusted when the boundary dispute with Travancore is finally settled. Rupees 4144-11-6 is the revenue on certain lands in dispute between the Government and the Zemindaries of the District and must remain under this Head until the efforts used for effecting a Settlement of the disputes are successful. Rupees 2602-4-3 is the amount of Teerwah on certain lands in this District claimed

Fort St. George 30th October 1837.

claimed both by Government and the Ryots of the Ramnad Zemindary in Madura. A letter on this subject dated 9th July 1837 shewing the result of my endeavours to collect this balance being now before the Board of Revenue, no remarks on this Head appear necessary at present. The remainder or Rupees 164-9-1 is the amount of Teerwah on the lands under Polamcolum Tank attached to Chittumur and which is in arrears owing to a falling off in the cultivation. This will be realized when the cultivation and revenue increase as it is hoped they will in consequence of improvements to irrigation that have been projected in communication with the Civil Engineer.

5. Of the total of the 3d Item or Rupees 2923-6-3 entered as Irrecoverable, Rupees 419-2-3 are due by the parties mentioned in the Margin. All efforts to recover the above have proved unsuccessful and

and that sum must be pronounced hopelessly irrecoverable and consequently I request that sanction may be obtained for writing off the same to "Profit and Loss." The reasons under which the remainder or Rupees 2504-4-4 forming the other Items of balances under the 3d Head is considered as not recoverable being detailed in the Statement B, I beg to recommend that this also should be remitted.

6 Under the Head of Extra Revenue there is a balance of Rupees 201. 4. 2 due on account of Fuslis 1257 and 1258. Of which Rupees 10-14-4, Rupees 34. 2. 4 and Rupees 97. 2. 4 are due respectively by parties who have died and absconded and by those who have become insolvent, while the remainder or Rupees 61. 1. 2 is considered as

Fort St. George 30th October 1831.

as Irrecoverable for reasons given in the Statement B I therefore beg to request that Sanction may be obtained for writing off the said amount of Rupees 201. 4. 2 to "Profit and Loss."

No 471

15 No 2124

Proceedings thereon- Resolved that the letter above recorded together with its enclosure be submitted for the consideration and orders of the Right Honorable the Governor in Council-

Submitting a letter from the Collector of Tinnevelly reporting upon the outstanding balances of this District from Fusslies 1218 to 1258 remaining unadjusted to the close of Fusly 1260 and recommending that sanction be granted for writing them off in the accounts of the Collector

2. The Balances forming the subject of the Collector's report under the head of Land Revenue amount to Rupees 18243-9-7. and under Extra Revenue to Rs. 201-4-2. or in the aggregate to Rupees 18444-13-9 and have been classed as follows.

"Recoverable" Rupees- 619 - 6- 10.

"Doubtful" Rupees- 14700 - 12- 6.

"Irrecoverable" Rupees- 3124 - 10 - 5.

3. It is Stated that orders have been issued to the Tahsildars to take measures for realizing the balances classed as "Recoverable" and noted in the Margin Fuslywar. The balances for Fusly 1257 and 1258 may perhaps be recovered on adopting the requisite measures, but the realization of those which are due for so remote a period as 15 years and upwards should be prosecuted with care as it is probable some of the sums may have found their way into the hands of the Village Officers, and not accounted for.

Fusly 1238 Rupees	20-5-1-	
1239 — " —	16—4-6-	
1241 — "	29-9-9-	
1242 — "	318-7-9	
1245 — "	6-2-"	
1257 — "	196-2-8	
1258 — "	32-7-1	
	619-6-10.	

11455

Fort St. George 30th October 1851

4. The "Doubtful" balances consist of the following four items-

Teerwah on 11 Seed Cottahs of land in Shencottah entered in the accounts of Tinnevelly as due to the Company Rupees _____ 7792-7-8

Teerwah on certain lands in dispute between the Government and the Zemindars of Tinnevelly Rupees _____ 4141-11-6

Teerwah on certain lands in Tinnevelly in dispute between the Government and Ryots of Ramnad in Madura Rupees _____ 2602-"-3

Teerwah on lands under Colaumcolum a Tank belonging to a Chuttrum Rupees _____ 164-9-1

Total Rupees — 14700-12-6

5. After effecting a Settlement of the disputed lands on which the realization of the three first mentioned items depends / of which the first and third are contingent on the adjustment of the boundary question between Tinnevelly and Travancore and between the former district and Madura / it will be necessary for

for the Collector to enter into some further detail regarding them, and to specify when the lands may be said to have been first assumed, especially those in Shencottah.

6. The fourth item is expected to be realized from an extended cultivation under the Maunceolum which may be attained from the improvements in irrigation recently projected.

7. From Statement **A** enclosed, in the Collectors letter it would appear that the "Doubtful" balances are due from Fusly 1225 from which period to Fusly 1252, they range from Rupees 132 to Rupees 246 subsequent to Fusly 1252 the balances ranges as high as Rupees 1468.

8. The "Irrecoverable" balances by Deaths, Desertions, and Insolvency are marginally indicated, and the reasons for which the remainder is considered as hopelessly irrecoverable are detailed in Statement **B**. In reference to items Nos 3 and 4 in that Statement it seems to the Board that it would be more advisable

	Land			Extra Revenue		
	Rs	a	p	Rs	a	p
Deaths	89	0	4	10	14	4
Desertions	24	12	3	34	2	4
Insolvency	305	6	8	92	2	4
Remainder	2,504	4	0	64	1	2
	2,923	6	3	201	4	2

† Item 19 Statement B with Collectors Report on Balances 25.th May 1844. Item 13 in D.o of a similar Report 31.st March 1849. Para 48 Summaulundy Report for Fusly 1258.

to deduct them from the Jummabundy than have occasion to apply every year for sanction for the remission in the assessment as would appear to have been the case†.

9. As all these last Balances amounting in the aggregate to Rupees 3124 10 5 are pronounced to be hopelessly irrecoverable, the Board recommend that sanction be granted for writing them off in the Accounts of the Collector.
