Revenue Department.

Bd No 2847
From the Secretary to Government
Forwarding an Extract from a General letter from the Honorable the Court of Directors dated 30th July 1851 No 7.

Extract from a General Letter from the Honorable the Court of Directors Dated 30th July 1851. No 7.

(2) (6) Review of the returns of Persons brought to trial in 1847 and 1st half of 1848 for Offences under the Provisions of Regulation IX of 1822.—

Para 5. The greater number of trials under this Regulation includ. Salpah as Compared with Bellary since the

Extract from the Minutes of Consultation Under date the 25 November 1851 No 1166.

Para 2. Resolved that Paras 5. 6 and 10 be communicated to the Board of Revenue

the Circumstances of the Districts, are similar, led you to the Conclusion that the spirit of the law had been too rigorously interpreted.

6. We quite approve the intimation you have caused to be Conveyed to the Collector Mr. Cochrane; that much greater effect is likely to be produced by judicious measures for the prevention of the practice of rendering false accounts than by severity of punishment after detection.—

[20] A quantity of Gold and Silver Coins discovered by certain Inhabitants of the Tanjore and Masulipatam Districts restored to the discoverers who were ignorant of the law requiring such discoveries to be reported.

10. As these discoveries appear not to have been reported to the Government Officers in Consequence of ignorance of the law on the part of the discoveries, we entirely approve of Your having

declined to enforce the penalty of forfeiture as well as of the measures taken for making the law generally known.

[10-11] Reward to Captors of a large quantity of Earth Salt smuggled into Madura from the Territory of the Tondiman Rajah

18. You inform us that you have authorized the Collector of Malabar to grant rewards to parties not in the public Service, who may be instrumental in the Seizure of Contraband Salt. This measure promised to be an efficient check to connivance and tampering with Smugglers on the part of Subordinate Native Officers but great care will be requisite to prevent its being improperly used and made an instrument of extortion and oppression

3. The particular attention of the Board of Revenue and through them that of the Collector of Malabar will be drawn to the remarks of the Honorable Court Communicated in this para.—

(2-3) Review of Returns of Persons tried during 2d half of 1848. and in 1849, for offences punishable under Regulation IX of 1822 for falsification of accounts.

21. It is satisfactory to observe a diminution in the number of these cases in Cuddapah as compared with the Returns noticed in para 5 of this Dis. patch.

will be communicated to the Board of Revenue.

(8-9) Canara Estates termed Guemy wurgs decree of the Sudr Court recognizing a transferable right of occupancy on the part of the occupant of a grant of this description considered to militate against the rights of Government

23 The lands of Canara are as a general rule private property and Government has no power of raising the assessment beyond a fixed maximum. But in the Estates here in question of which the number is considerable Government

5. A Copy of these paras will be furnished to the Board of Revenue with reference to Extract Minutes of Consultation 10th November 1849 N. 1077

Government claims the rights of landlord in consequence of the Original proprietors of these lands having disappeared previously to British accession.-

24. In the case in which the Decree alluded to was passed Government had not been a party to the Suit; and the Decree was considered to interfere with the rights of Government, which it clearly did - we approve your having on these grounds ordered that the Collector if called on to carry out the decree should intimate that he was precluded from acting on it, and that instructions should be issued to the Government Vakeel in the Sudr Court to-

to protest against its execution.—

13 Grant of a moiety of a Village of the annual Value of Rupees 650 by Streeni=vassa Pillay in aid of the Educational branch of Pulicheapahi Charities, report=ed

27 The encourage=ment afforded by this native gentleman to the great national object of education is a satisfactory and Commendable in=stance of liberal feeling and we desire that these sentiments may be communicated to him.—

7 A Copy of this para will be furnished to the Board of Revenue with a re=quest that they will Communicate to Streena=vassa Pillay the senti=ments of the Hono=rable Court therein con=veyed.—

21 Degree Model by proposed to assign Rupees 19,000 for main=taining the poor of Cudda=lore he died however while the subject was under Consideration

32 We observe with satisfaction this in=stance of public spirit and

8. Resolved that paras 32 and 33 be com=municated to

and liberality.— to the Board of Revenue for their in=forma=tion and guidance.

Consideration and his exe=cutors made arrangements for carrying out his in=structions with=out the inter=vention of Government.

22@25 Grants of waste Lands for the support of Choultries sanctioned under the authority of the Govern=ment of India and others issued to the effect that in future Government will not Sanction grants for Choul=tries which do not provide for the accom=modation of all classes of the community

33 We entirely ap=prove your having declined to sanction in future grants of land for the endowment of Choultries of an exclusive nature by private individuals and we shall be glad to re=ceive the further information called for from Coimbatore

Nellore, 12th December, 1851. } (Signed) C. T. Arbuthnot
Acting Sub Collector.

The Collector sees no objection to the leave of absence solicited being granted.

Nellore, Collector's Cutcherry, 12th December, 1851. } (Signed) D. White
Collector.

Enclosure No. 1
to 13. 1212.

Extract from the Minutes of Consultation under date the 5th December, 1851.

Read the following letter from the Civil Auditor—

(Here enter) 5th December 1851

The Right Honorable the Governor in Council observes that Mr. C. T. Arbuthnot was only appointed to Nellore in February of the present year and that he had leave of absence for 20 days no later than June last, unless therefore the circumstances which have now led him to solicit leave are of pressing urgency

exigency in which case he may apply again the Government are not prepared to grant it.

(A true Extract)
(Signed) T. Pycroft
Secretary to Government.

(True Copy)
(Signed) D. White
Collector.

23-24

Order thereon. Ordered to be submitted through the Channel of the Civil auditor for the favorable Consideration of Government.

Read the following letter.

1392

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

25

Bd. Rc. 3040.

From the Collector of Bellary. } Sir, I have the honor to acknowledge the receipt of your letter of the 24th ultimo requesting me to furnish an early reply to the Board's letter of 10th July last respecting the quantity of English and Bengal seed wheat required for this District, and in reply to inform you that from the apathy of the ryots to introduce any thing new I have my doubts of

doubts of success attending the Cultiva-
tion of foreign wheat, but if the Govern-
ment are anxious to try the experiment
in Bellary I would request that about
100 or 200 measels of good seed be sent
so as to reach Bellary in August next.

Bellary Collectors--
Office, 6th December, 1857. } (Signed) C. Pelly
Collector

Order thereon.

Ordered to lie over.

(25-26)

Read the following letter

To, Wm. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(27)

B. of R. 2791.

Sir,

From the Collector
of Chengleput--
Submits a
report upon
the present state
of the Records
& the system upon
which they are
kept in his
District.

I Adverting to Extract from
the Proceedings of the Board of Revenue
dated 25th November 1850 Requiring the Re-
port called for by Government in Extract
from Minutes of Consultation under
date 5 Idem upon the present Condi-
tion of the Records, English and Native,
in the several Districts of the Presi-
dency, I have the honor to state that having
recently Examined the state both of the
English and Native Records, they appear
to

to be kept in a satisfactory manner so as
to admit of easy reference and likewise that
they are in good state of preservation.

2. The arrangements introduced by
Mr. Maclean while Collector of the District
have been strictly adhered to and little
remains for me to report under the minute
details into which he has entered in his
letter dated 21st October 1836.

3. In respect to letters with Enclo-
sures received I would propose to paste
in Books, those received up to the end
of 1818 leaving only such as may have
accumulated for the last 3 years to be
tied in Bundles, and to carry out this
plan as each succeeding year elapses.
It will be perceived Para 3 of Mr.
Maclean's Report that at that date
October 1836. these letters were pasted in Books upto
December 1832 and it does not appear that
they have been so pasted since the above date.

4. The Copying in Books of letters
sent which in Mr. Maclean's Report Para
4 is stated to have been Carried out from
January 1816 upto 1834 has since been
Continued upto September last, and the
offici

Office Copies of such sent together with Enclosures during each months up to the present date are tied in separate Bundles.

5. The Sayer having been abolished no necessity appears to exist for preserving the greater portion of Records Connected with that Department which are perfectly useless and only occupy a large space in the Record Room which might otherwise be appropriated for other Records. I would therefore beg to suggest that the accumulated Records of the description marginal may be sold by public auction

Sayer Department

1 Daily Reports of Collections &c. in the Sayer Department.

1 Register of Romanahs shewing the description of goods and the Amount of duty levied thereon, with other particulars.

1 Return Romanahs

1 Comparative Statements of Collections.

1 Daily Chittahs.

Revenue Department

1 Duplicates of Cross Romanahs sent for the Collector's inspection.

1 Accounts of Revenue Collections submitted once in 5 days.

1 Duplicates of Monthly lists of Talooks Establishments and of Sundry Charges incurred in the several Talooks

1 Duplicates of Jyem Chittahs of deposits, Journals and Estimates of Collections &c. prepared in the Honble Treasury and sent for the inspection of the Collector.

auction as abstracts of these daily accounts and duplicates of others will be retained for reference if any time required. In like manner the documents shewn in the margin Connected with Revenue and Salt Departments might be disposed of without in any way affecting the efficient state of the Records in point of reference in all matters appertaining thereto and this I beg also to recommend.

Salt Department.

1 Daily Reports of Collections &c.

1 Registers of Romanahs shewing the quantity & price of Salt sold and the place of destination and other particulars.

1 Return Romanahs

1 Comparative Statements of Collections.

1 Statement of the balance of money, Romanahs, &c. in hand at the end of each months.

Chingleput District,
Collectors Cutcherry,
Pullecarney,
15th November, 1857.

(Signed) J. H. Cochrane
Collector.

Proceedings

16583 Fort St. George 15th December 1851

Bd. No. 2478.

Proceedings thereon.-1

(27-28)

The Collector is authorized to destroy the Sayer Records noted in Paras 5 of the forgoing letter which are reported to be

Registers of Romanahs shewing the quantity and price of salt sold & the place of destination and other particulars.

Comparative statement of the Collections.

utterly useless. He is may also destroy the Revenue and Salt Records referred to in the same Para with the exception of those specified in the margin.

2. The whole of the above may be sold as waste paper, care being previously taken to efface them so that they may not be applied to any improper use.

16584 Fort St. George 15th December 1851

No. 196

To W. H. Bayley Esqre.

Secretary to the

Board of Revenue

(29)

Bd. No. 3055

From the Collector of Chungleput

Fort St. George.

Sir,

In compliance with the request contained in your Circular letter of the 31st July last, I have the honor herewith to transmit a Statement in the prescribed form shewing the extent and number of sales of property personal and real, on account of arrears of Land Revenue under individual Settlement in this District commencing with Fusly 1235 and ending with the Fusly 1260, and to state as regards the similar Statement relative to the properties of Zamindars or Renters sequestered in cases of Leases of more than one year, likewise called for in the same letter, that no sequestrations of the kind have occurred within the period mentioned.

Chungleput District —
Collectors Cutcherry —
Pullecarny 10th December 1851

(Signed) J. H. Cochrane
Collector

Read the following letter.

No. 83.

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue,

Fort St. George.

31

B. No. 2857.

From the Acting Collr of North arcot

With reference to the Board's Proceedings of 3d November 1851 explains the difficulties connected with altering the Demand & Collection & Balance sheets as required by the Board and requests instructions.

Sir,

Referring to the Extract from the Proceedings of the Board of Revenue dated 3d Instant returning the Demand Collection and Balance Sheets and requesting me to revise them by giving the total demand of Salt for Fusly 1260 distinguishing the portions received into the Treasury up to and after the end of the Fusly under the respective Heads of Collections, and also to exclude from the Demand Collection and Balance Sheets for the Month of August the balance of Fusles 1259 and 1260 of the Villages transfered to Chingleput District, Beg leave respectfully to submit for the consideration of the Board certain difficulties connected with the course they point out which have occurred to me in endeavouring to assimilate the revised Statement to the

the accounts I am obliged to furnish to the accountant General, Civil auditor and, I may add, to the Superintendent of Stamps for the Board's observations have reference to Salt only, the rule they lay down must, it appears to me, be considered as equally applicable to Stamps and I shall therefore speak of it as such throughout my letter.

2 It was my intention to have made the alterations pointed out and to have returned the Statements with this letter; but on consideration I have ventured to detain them until I shall have become acquainted with the Board's further pleasure on the subject. I trust I may be excused for having done so and that the Board will furnish me with instructions how to meet the difficulties to which I have above alluded or should they consider them immaterial that they will tell me so at their earliest convenience and I will at once permit the accounts duly prepared.

3. The reason why the question has never before presented itself is that up to this year the practice in the District has been to

include in the Demand Collection and Balance Sheets from 1st to 11th July consonant with which the annual Statements are prepared and to credit to the collections of the Fusly the whole collections of both the branches of Revenue now under notice, and indeed I may say of all others, made within the Month that is all such as may have been received into the Huzzoor Treasury up to the evening of the 31st July. The consequence of this has been that the Collections have always seemed to be equal to the amount of sales effected within the Fusly and no difficulty has therefore occurred in framing the "Demand." This year however the rule laid down in the Board's Circular orders of the 23rd June 1825 and 15th March 1849 has been enforced in regard to the sums which are to be considered "Collections" and accordingly such sums only as reached the Huzzoor Treasury before the evening of the 11th July were entered in the statement under that head. This of course left a balance sold, but not collected, which I thought it better

better to exclude from the Demand of the year under report, and leave to be entered in the Collections and therefore, as I intended, in the Demand of the next year in the same way as the Collections on account of the sales made after the 20th of each month always appear in the monthly Statement as the Collections of the month following, because by so doing I imagined that I should escape the inconsistencies between the accounts I had to furnish to the different authorities at the Presidency which form the subject of this letter.

4 The Points on which I have found difficulties are these

1st The proposed alteration Viz. the entry in the "Demand" of the Demand Collection and Balance Sheets of the 11th July of the Salt sold from the 21st June to the 11th July would cause the actual Collections to appear as arrears in the Statements of the 31st July and of August. But in the Journal sent to the Accountant General there is no such

such heading as "arrears" and to open one, as well as one for "Demand" with correspondang heads in the Ledger, I should require instructions from the Accountant General.—

2d The entry of the Sales from 21st June to 11th July would render inaccurate the Salt Quarterly Statement for they would have to be included in one of the only two headings allowed Viz. in "Salt account current" and excluded from the other "Money account current" because on the 11th July the date for which the Statement is prepared the money would not have been collected, that is it would not have reached the Huzzoor Treasury.— While for the same reason as regards the Stamp Quarterly and annual Statements in which to make the account tally with the others they ought by right to appear no place could be found for them under either of the separate headings of that Statement, Viz. "Balance of Stamps

Fort St. George 15th December 1851.

Stamps on hand" "Stamps received from the Superintendent of Stamps" "Collections" or "Balance of Stamps"

And 3d. "There would be a difference of practice in the preparation of the annual and Monthly Demand Collection and Balance Statements of both Branches of Revenue.

North Arcot
Collector's Kutcherry
Chittoor, 22d November 1851.

Signed S. N. Ward
Acting Collector

B. of P. 2485.

Proceedings thereon. 1. From these paras it would appear that the acting Collector of North Arcot has supposed that the Demands should be entered as per Collections received into the Huzoor Treasury - The order conveyed in the Board's Circular dated 15th March 1849 bears reference to the entering of the Collections and not to that of the Demands In that correspondence provision has also been made for showing in the annual reports and the Statements therewith forwarded the actual collections and balances of the Current Demands inclusive of sums paid into the Talook Treasuries.

Framing instructions regarding the manner in which certain items should be entered in the Demand Collection and Balance Sheets

(31-32)

Fort St. George 15th December 1851.

Para 4 2. To the entering of the collections of North Arcot under notice in the Demand Collection and Balance Statements of July 1851 under the head of "Current peneme" instead of under "Arrears" there are certain material objections, namely;—

† July from 12th to the 31st and August

1st the Salt Pans in question was not under the jurisdiction of the North Arcot Collector in July 1851 but was made over to Chingleput—2ndly the Collections made in the latter district subsequent to the 11th July may be properly included under the head of current peneme in the Monthly Returns—It would therefore be inconsistent to enter the Collections under the head of "Current peneme" in both the Districts. The Board are not aware whether the Accountant General expects both Demand and arrears to be exhibited—

3 The Quarterly Returns of Salt Peneme should show the actual sale proceeds, but not merely the amount received into the Huzzoor Treasury alone—The total sale proceeds may be distinguished under the two heads of the "amount received into the Hoozoor Treasury" and "that remaining in

in the Salook cutcheries.

4 The Collector has not yet replied to the observations of the Board in para 2 of their Proceedings relative to the land revenue outstanding on the Villages transferred to the Chingleput District.

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.

(33)

Bk No. 777
From the Collector of Salem.....

Expressing his doubts as to the necessity of altering the Demand Collection and Balance Statement for August 1851 in adjustment of the Balance of the Katoopoor Mootah realized in the Trichinopoly District.

Sir,

I have the honor to acknowledge the receipt of your Board's proceedings dated the 30th Ultimo returning for amendment the Demand Collection and Balance Statement of this District for August 1851, on the ground that there was no necessity for retaining in the accounts of the Salem Collectorate for the current Fusly an arrear of Rupees 4,027—3—10 due by the Katoopoor Mootah which was transferred to the Trichinopoly District at the commencement of the present Fusly.—

I

2. In regard to the arrangement of accounts which your Board have deemed it advisable thus to order, I beg permission respectfully to state certain doubts which have occurred to me and which I feel it my duty to submit for their consideration.—

3. As the Katoopoor Mootah was annexed to the Trichinopoly Collectorate only at the beginning of Fusly 1261 it would as a measure of account seem unobjectionable that the balance standing against that Estate for the faisheush of the previous fusly should be included in the accounts of the District to which it originally was attached.—

4. The Bariz of this Mootah, the Collections therefrom, and the one outstanding balance Viz^t Rupees 4,027—10—10 were embodied in the Demand, Collection and Balance Statement up to the close of fusly 1260.—

5. This one balance was likewise included in the Demand, Collection and Balance Statement for the period from the 12th to the close of July of Fusly 1261.—

It

It was similarly included in the Statement for August last, and as the Collector of Trichinopoly intimated to me only on the 12th of the following Month that it had been realized in his District on the previous 4th the remark noticed by your Board was entered in Column 20, Statement No. 2 for August.—

7 Accordingly, the sum realized has been treated as a Salem collection for September, and appears in the Demand Collection Statement for that Month. It has moreover been included in the Journal &c.a of my Office under the impression that as credit would be given to me for the amount in the accounts of the Trichinopoly District as intimated in Mr. Bird's letter of the 12th September, the course taken was regular and not open to exception.—

8. If under these circumstances the amount is now to be removed from the accounts of this District, it must be so removed also from the Demand Collection Statements for July, August and September

September, as well as from my Journals of all of which the Demand Collection Statement for August alone has as yet been returned to me. Much labor will thus be thrown on my Establishment; at the same time that as the balance appertains to only one fusly and clearly is a Salem balance, it may perhaps seem to your Board, on further consideration, unobjectionable to retain it in the accounts of this District—

9 I am sensible of the propriety of the Board's order to transfer the balance to the Trichinopoly District, as having there been realized from an Estate thereunto attached, and I am aware now that the point has been mooted that it would have been preferable to omit the balance in my Demand, Collection Statement of July. Still as this was not done, and the accounts for July, August and September have been closed, it is obvious that some confusion will be created by the alteration of those accounts at the present time.— It will further be observed that so far as the mere item of entry is concerned it ends with the

the September accounts, as the entire arrear has been collected.—

10. In the hope that your Board, under the above representation, may be disposed to allow the entry to stand. I take the liberty of resubmitting the Statement unaltered.—

Salem District,—
Sp.or Collector's Cutcherry,
11th November, 1851.—

/Signed/ H. D. Phillips
Collector.

B. No. 2195

Proceedings thereon.

Forming certain instructions regarding the transfer of Villages from one district to another—

(33·34)

In transferring Villages from one District to another measures should invariably be taken for bringing to account all the arrears &c as they stood at the date of the transfer—

2 In para 9 the Collector acknowledges the propriety of preparing the accounts in the manner above described, but states at the same time, that, as the accounts of September also have been closed, any attempt to revise them at present will create some confusion. A little

/labor

labor now bestowed in correcting those entries will render the accounts accurate. To show what errors the omission to correct the accounts may give rise to, it will be seen that by exhibiting in the Demand Collection Balance Statements of Salem for the latter part of July and the Months of August, September and October the balance of Kantoopootoor for Fusly 1200 together with the Collections thereof and including its Peishcush with the total Beriz in Column 14, No. 2, the accounts will fail to shew, on future occasions, the fact of the transfer having been made at the commencement of the Fusly /1961/-

3. On the other hand were the Beriz of Kantoopootoor deducted from Column 14, Statement No. 2, of the Demand Collection Balance Returns of Salem for November, it would intimate that the Estate was made over to Trichinopoly not in that Month in-as-much as the Statements of the preceding months

Fort St. George 15th December 1851.

months contained the Demand against it

4. The balance in question and the Peishcush of the Estate for Fasly 1205 should therefore be deducted in the Returns of Salem for the Months of July, August, September and October, and entered in those of Trichinopoly, even if the amount of the balance have been brought to account in the Journals of the former District, as having been realized in the latter.—

Ordered that a copy of the foregoing Proceedings be transmitted to the Collector of Trichinopoly.—

No. 73.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

I have the honor to state that in conformity with the instructions of Government and the Board, I proceeded to the Trevady Talook when the completion of the annual settlement afforded me the necessary leisure and instituted enquiries into the present condition of the Village Taliars. I now enclose a Statement proposing arrangements for placing the emoluments of these Servants in that Talook on the scale which has been approved of by Government; but before entering into explanatory details of my proceedings it is proper for me to supply the information which has been called for regarding some points connected with the question of the Taliars' emoluments as it affects the entire District.— In

(35)

B. No. 2697.

From the Collector of South Arcot Submitting observations connected with the enquiries made in the Trevady Talook into the condition of Village Taliars; proposing arrangements for placing the emoluments of this class of Servants on a better footing.—

Min. Con. 21st May 1850.
Pro. Bd. Revt. 21st Jany 1850.
Dis. 13th June Dis.

7 In para 21 of their Pro-
=ceedings of the 21st January 1850 the Board
observe that the number of Villages in
which the services of Taliars will be
now required, does not clearly appear
and they call for explanation regarding
the meaning of the terms "depopulated
Villages" and the exact number of Vil-
=lages in the District, the number having
been made to vary in different
Statements. On the subject of the "depop-
=ulated" Villages some indistinctness ap-
=pears, as all the Villages which have
no fixed inhabitants are entered under
that head in the Census Returns, while
in the Summahbundy Accounts the
term signifies Villages in which there
are neither houses nor cultivation. The
number of these Villages is thus con-
=tinually fluctuating, as cultivators
often go into a depopulated Village
and take up a few fields, on which oc-
=casions the Village is temporarily
brought into the Revenue Accounts as
"Basties" or populated. With respect to
the total number of Villages which the
District

District contains, I beg to observe
that the Statement which accom-
=panied the Summahbundy Report
of Fusly 1257 to which the Board advert
appears correct. The total number
there entered is 3376, but deducting 81
Villages under the head of Dumbalah
which have been transferred to the
French Government and are still unnec-
=sarily included in the annual State-
=ment, and 35 Villages which have
disappeared in the jungle, the number
becomes 3260 and agrees with enclosure
A of the Collector's report of 22d January
1846. The difference of 7 Villages between
that enclosure and enclosure B appears
to have arisen from an inaccuracy of
the Talook Officers in preparing
Statements of the Villages with refer-
=ence to the two Classes of Servants
Moonsiffs and Taliars. As the Vil-
=lages in the District thus amount
to 3260, it seems to me that that
number may be safely taken to show
the Taliars whose services will be
required

required and to calculate the expense which will attend a reform of the emoluments of these Servants. Besides the depopulated Villages the western Talooks contain numerous petty Villages the amount of whose revenue would not justify the employment of a Taliar for each, at least, on a salary of the proposed scale, while in the Coast Talooks the importance and dense population of many Villages render more than one of these Servants indispensible. All these details can only be given with precision after the local enquiry is completed in each Talook; but the information before me enables me to state that the total annual charge under the proposed reform will fall below the sum which would be required to give a Taliar, on a pay of 30 Rupees per annum, to each of the 3,260 Villages in the District or Rupees 97,800.

3. In accordance with the instructions given in para 23 of the Board's Proceedings, I forward a Statement

No. 1. Statement exhibiting the amount of the Taliar's Soluntrums for the 10 years from Fusly 1249 to 1258, and in reference to para 12 of Extract from Minutes of Consultation under date 21st May 1850.

I beg to observe that these commuted Soluntrums have been incorporated with the ain Teerwah and are not collected separately. The resumption of these Soluntrums both on Nunjah and Poonjah land was carried out by the Collector Mr. Ravenshaw at the time of fixing the survey assessment, and when the Villages were rented out immediately afterwards an arrangement was made for the Taliars to receive half yearly through the Collector an equivalent money allowance in lieu of these resumed grain fees. This system has continued in force up to the present time.

Letter from Coll.r to Board 10th May 1808. Para 13 Revenue Cons. Do. to Bd. 4th Oct. 1812. Paras 37 to 40. Board's Pro: 29th March 1813. Minutes of Cons. 4th February 1814.

4. The next point on which the Board call for explanation is the extent of the Taliary Maniems, and the causes which have led to some discrepancy in the accounts of them forwarded by preceding Collectors. All those

Fort St. George 15th December 1851.

these differences it is not in my power to reconcile, but they have partly arisen from inadvertences such as errors in adding up the totals, or the occasional omission of a Shrotriem or Jaghier Village, while the principal cause exists in the changes which have occurred in the course of the years to which the Board advert by the grant of new Maniems in some instances and an exchange of land having been allowed in others. With respect to the Statement forwarded by the Principal Collector Mr. Ashton in 1839 it is proper to observe that it erroneously includes 262 13/16 Cawnies of Cavil Tenams in the Cuddalore Talook. In accordance with the Board's instructions I now enclose a Statement of the Taliary Mauniems for the seven years from Fusly 1252 to 1250 distinguishing the cultivated and uncultivated portions. The former appears on an average to be 56 per Cent, the Teerwah of which is Rupees 17774 — 11 — 10 3/4 and I trust that this information will enable the Board

No. 2

Fort St. George 15th December 1851.

Board to form a sufficiently near calculation of the Cost of the intended reform, as it is not in my power at present to state what portion of these lands is actually unfit for cultivation and has lain waste for 7 years. This information could only be obtained by a minute local enquiry throughout the District, and so much time would be thus occupied that I have thought it right not to delay forwarding this report and the Statement of the Trivady Talook until its completion. The quality of the Maniem lands will come under examination hereafter as the Talookwar investigation is made of the emoluments now received by these servants

5. In accordance with the instructions contained in para 27 of the Board's Proceedings I enclose a Statement shewing the gross amount derived from lands and fees respectively of the resumed Cavil receipts in Manargoody, Chellembram and Sunkanapoorum, realized for the past

past 5 years, the payments to the Poligars, their dependant Mauniendars and others chargeable thereon, and the remainder or net sum really available. As I shall have occasion to allude hereafter to the resumption of the Cauil emoluments throughout the District, it is unnecessary to record any observations here—

6 The next subject for explanation relates to the emoluments of the Mangalore Canilgar Andiappa Soora Bundary and as the subject of this Poligar has been already fully brought to the notice of the Board and Government, I shall confine myself to the two points on which information is now called for; Viz; 1st the deductions on account of Cauil fees from the revenue of the 26 Villages forming the Mangalore or South Arcot portion of the Runjangoody Saghire. In these Villages the full revenue has been and is collected by the Officers of Government and the amount of this allowance is

is paid half yearly to the Poligar. His temporary refusal to receive it arose from mortification at a portion of his allowance being given to a relation whom he neglected to support, but the arrears were afterwards paid to him with the sanction of Government upon his application.

Board to Govt 19th Novr 1838
Mr. of Bd 11th Decr 1838.

The 2d point relates to the remission of half Teerwah on 196½ Cawnies of land in 8 Villages of the Sagheer equal to Rupees 311. A Statement shewing the

Fasly	Cultivation and Revenue-				Moiety of Teerwah limited.			Amount brought to Summabundy		
	C	a	Rs	as	Rs	a	p	Rs	a	p
1254	161	6/4	946	14	473	7	3	473	7	6
1255	160	4/2	956	9	8	478	4	4	478	5	4
1256	165	15/2	948	10	10	474	5	4	474	5	6
1257	151	1/4	906	8	5	453	1	2	453	4	3
1258	165	1	960	13	4	480	6	7	480	6	9
Total	803	11/4	4719	9	.	2359	11	8	2359	13	4
Average	160	12	943	14	7	471	15	2	471	15	5

cultivated portion of those lands for the 5 years from 1254 to 1258 is annexed, and it seems to me that when full Teerwah is levied the cultivation will probably fall off 15 per cent.

7. In accordance with the instructions given in para 31 of the Board's Proceedings I enclose a Statement shewing the present extent of the Cultivaddy Enams and the portion under cultivation.

No 1.

K

Fort St. George 15th December 1831.

It will be observed that these Enams comprise Cawnies 4133–11/41 the assessment of which is Rupees 19193–15–1. The cultivated portion does not however exceed one third of the extent, and the amount of assessment enjoyed by the Enamdars is only Rupees 4155–12–1. These Enams are principally situated in the western Talooks of Trinomalee, Tricul-lore and Verdachellum, where there are extensive tracts of Jungle, and more cultivable land than the then popula-tion is able to undertake. It is not therefore to be supposed that these Enam lands will be in request when full teerwah is imposed.

8. Having thus adverted to the points on which the Board called for explanation, I beg to allude to the subject of the assets which are avail-able for meeting the expenses of the proposed improvement. In the calcu-lation of my predecessor, I observe that the resumed Cavelly income in the two Southern Talooks only is in-cluded, but I would with deference submit

See Statement in letter of 22d January 1806.

that

Fort St. George 15th December 1831

that the resumed Cavilly emoluments throughout the entire District are equally available as assets for meeting the charge of an improved Village Police. The gross value of the resumption made by Mr. Ravenshaw in the Soubah Talooks was Pagodas 39451–10–77 or Rupees 138081–11 and after deducting the income of the Villages since transferred to North Arcot and the French Government, the remainder amounts to Rupees 83915–0–5 while the average of the actual collections during the last 5 years is Rupees 65784–15–3.

No. 5.

Principal Collr. Mr. Ravenshaw's report to Board with enclosures 10th May 1806.

If therefore the total ex-pense of the proposed measure is taken at Rupees 97800, which sum would be required to give a Taliar to each of the 3260 Villages with a remuneration equal to Rupees 30 per annum, the immediately available assets for meeting that outlay seem to be

Taliars' Sotumtrums	11653–3–7
Present Shumbalum Taliars pay	17780–0–0
Present Mauniems	28440–11–6
These assets	57873–15–1

which

which do not include the Outbady Enams to be hereafter resumed, leave a deficiency of Rupees 14,926 — 8, but to meet this there are the Collections realized on account of the resumed Cavilly incomes amounting on an average of the last 5 years to Rupees 86,88 — 8 — 10 per annum. It may however be considered proper to deduct from this sum Rupees 7,424 — 1 — 8 on account of present pension charge which will cease as the allowances lapse upon the deaths of the incumbents. It may also be considered proper to deduct Rupees 12,780 on account of the sum which Government now disburses to some salaried Taliars but after making these deductions there still remains a sum of Rupees 66,484 — 7 — 2 which will more than cover the deficiency in the present available assets, and leave a surplus of Rupees 21,558 — 6 — 3 which could be applied, it appears, to the remuneration of the Village Moonsiffs, should Government sanction

Average Collections of resumed Cavilly income in Soobah Talooks from Fusly 1254 to 1258 inclusive — 65784-13-3
Dº Dº in Southern Talooks — 20903-9-7
Rupees — 86688-8-10

sanction such a scheme for the further improvement of the local Police.

10. The next general point to which it is proper for me to advert is the question of remunerating the Taliars entirely by a direct money payment. This measure was strongly recommended by the Principal Collector Mr. Ravenshaw, and in the 9th para of the Minutes of Consultation the Government call for the opinion of the Board on the subject, and desire to know whether this mode of remuneration has worked well in the instance of the Taliars who are at present employed in the District on a fixed money allowance. Experience has shown that this mode of remuneration is successful in making the Office prized, and obtaining efficient servants. It also brings the Taliars more under the power of their superiors in the case of misconduct, and gives them greater leisure for the performance of their duties by securing them a certain subsistence. An opinion indeed prevails that these Taliars are to be regarded rather as Peons than Village Meerassy servants

Letter to Board 21st June 1806.

† Rs. 30 per annum each.

servants in consequence of their holding no Mauniem land; but this does not deprive the Office of value, and the incumbents would, I believe, be generally unwilling to exchange their Salaries for lands on Enam tenure. The opinion to which I have alluded had perhaps partly its origin in the fact that in the Villages where these persons are employed the previous absence of any emolument prevented the appearance of hereditary claimants to the Office when the salaries were granted, and it is likely to disappear as the Office is transmitted in the families of the present incumbents, and they are encouraged to take up lands for cultivation and regard themselves as fixed residents of their respective Villages.

11. I am therefore favorable to the adoption at least in part, of this method of remuneration and deem it the more advisable because the present proposed maximum of Rupees 30 per annum, is below the amount of Rupees which Sir Thomas

Letter from Colonel Munro Principal Collector in Ceded Districts to the Govt. to Committee 8th April 1806 Para 25.

that these Servants should receive, and if it is all given in land the Taliar is liable to find his actual emolument reduced below the intended Rupees 30 by adversities of season, or his occasional necessity of leaving his Mauniem uncultivated, or giving it on low terms to other parties - I trust therefore that the plan alluded to in the Government proceedings of recompensing these servants partly by a money payment and partly by grants of rent-free land may be found practicable, and if in carrying out the measure, the money payment was fixed at 2/5ths of the proposed maximum, it would be Rupees 12, a sum which by avoiding fractions and being equal to a monthly allowance of one Rupee, would make the Taliars well acquainted with their dues, and be easy of distribution - I beg however to observe that as this question is still under consideration, I did not consider myself authorized to propose any additional

any additional money payments in the Trivady Talook, the accounts of which are now submitted. The increased remuneration proposed to be given to the Taliars in that Talook consists entirely of rent-free land, but as 137 out of its 161 Taliars now receive some money allowance either as Totuntrum or Salary, the present question is of less importance there than in the remainder of the District, and perhaps it may be considered that the arrangements now proposed by me do not require alteration in this respect, if the number of Taliars assigned to the different Villages and their rates of remuneration are approved of.

12- I now proceed to advert to the Talook of Trivady in which the Board directed that the Collector's enquiries should commence. The arrangements proposed by me are fully shewn in the accompanying Statements **A** and **B** and before proceeding

to offer remarks upon their result I deem it proper to observe that, I went to the Talook and made a personal enquiry into the condition of each Village.

13- The general remarks which I wish to offer upon the arrangements now submitted for sanction are that I deemed it advisable to go upon the principle of making as little change as was consistent with the object in view, and that in some instances I availed myself of the authority given by Government not to reduce the present allowances when they did not exceed the present maximum by more than 10 per Cent. In choosing new lands to be given to the Taliars on rent-free tenure, care was taken to choose fields which were admittedly fat for cultivation, and to which no opposing claims were laid. In all possible cases waste land was selected, and the preference was given to Poonjah of a low Taram - but in some instances it was necessary to fix on cultivated fields which the Puttah Monigars or leading ryots agreed to relinquish for the purpose.

As

14. As Trivady is a populous Talook situated near the coast and almost all the Villages are of some size, it seemed to me imperative that each Village should have its own Taliar to serve under its Moonsiff or Head of Police. In many of these Villages several Taliars have been hitherto employed on account of the extent of their population and revenues, and it appeared to me essential for the public interests that in many instances this arrangement should continue. I cannot hope that the arrangements which I propose in this respect will appear from the detailed Statement now submitted to be invariably consistent, as there are numerous local peculiarities of much weight and importance, which cannot always be shown, such as the position of a Village, the number of its dependant Muzrahs or hamlets, the character of its inhabitants and the description of its cultivation and revenues. I will therefore only observe that the arrangements now

now submitted for approval are proposed by me after a careful local enquiry as the best suited to advance the interests of Government and the people. I have observed in the commencement of this report that although the large Villages in the Coast Talooks will often require more than one Taliar a single servant will be sufficient for several of the very small Villages in the Western Talooks and that the total cost of the contemplated improvement can thus be brought within a previously regulated sum.

15. On making my enquiries in the Trivady Talook I found that in some Villages the present emoluments of the Taliars consisted of land or of Kotuntrum only, in others of the two combined, while in a few there were either no emoluments at all, or a fixed salary. In preparing therefore the detailed Statement A to exhibit the arrangements which I now forward for approval, I have deemed it advisable for greater perspicuity to divide the

Villages

Villages into classes according to the description of their present emoluments. The result of the proposed arrangements is shown in the Abstract Statement B from which the Board will observe that the number of Villages in the Talook, omitting Muzrahs or Hamlets, is 127, and that the present Taliars amount to 161, the average of their annual emoluments being Rupees 23 7 9. Under the proposed arrangements 162 Taliars will be entertained and their allowance will average Rupees 28 " 4 1/2 per annum as shown more clearly in the following Memorandum.

× Ain Villages 127
Dependent Muzrahs 136
Grand Total 263

	Number of Taliars.	Amount of present annual income maniem sotuntrum and Salary.			Average income for each individual.			Per Centage on Baiz 1260.		
		C.Rs	a	p	C.Rs	a	p	C.Rs	a	p
Present	161	3781	10	4	23	7	9	1	9	6
Proposed	162	4539	14	4	28	"	4 1/2	1	14	7
Increase	1	758	4	"						

Remarks.

The Baiz of Fusly 1260 amounted to Rupees 2,37,236-4-"

16. The increase in the annual charge arising from the proposed addition to the remuneration of these servants will thus be Rupees 758-4-8 per annum, and although the average emoluments of each individual have been made to fall within the maximum, by following the course directed by the Board and adjusting the allowances within some extent to the size of the Villages, yet as the proposed outlay exceeds the sum which would be required to give one Taliar on Rupees 30 to every Village it is proper to offer a few remarks on this point. The necessity of employing more than one Taliar in the large and populous Villages is expressed in para 10 of the Board's Proceedings, and I need therefore only remark on this particular point that I have proposed the present arrangements after a careful local enquiry, as essential for the interests of Government and the people, and trust

No. of Villages	Pay of 127 Taliars at Rs. 30.
127.	3,810.
Proposed No. of Taliars 162.	4,539-14-4
Increase for Annum.	729-14-4.

trust that the explanation given regarding each Villages in the detailed Statement A will be considered to justify the number of these servants whom I propose to retain in employ - The Board will however expect some assurance that the principles on which I have commenced the improvement of the Taliars' emoluments when extended to the remainder of the District will not exceed the sum which would be required to assign a Taliar to each Village on a Salary of Rupees 30 per annum - The precise cost of the whole reform cannot be stated until the local enquiry has been completed in all the Talooks, but to satisfy the Board that my representations on this point are not without foundation, I enclose a Statement C. exhibiting the Beriz of the Villages in three of the western Talooks, Chaitput, Trinomalee and

and Tricolore - This Statement shows that out of the total number of 1210 Villages, the Beriz of 80 is below Rupees 20, of 81 is between Rupees 20 and 50, of 328 between Rupees 50 and 200 and of 264 between Rupees 200 and 350, while the remaining Villages only equal those of the smaller size in the Coast Talooks - It will therefore either be necessary to appoint a number of Taliars in these Talooks on very low salaries, or to assign one with adequate remuneration to several Villages - The latter course seems to me preferable, as

Talook	Number of Villages	Gross Beriz of 1260.	Average Beriz of a Village.
Trevady	127	23,723 6 11	186 8 1/4
Chaitput	429	184,249 15 10	429 9 8

Trecollore	325	169,897 11 1	522 12 2

Fort St. George 15th December 1851

as in consequence of the small extent of the population and cultivation, the Taliars principal duty will be to patrol the Villages and guard against Robbers harbouring in their jungle tracts, a duty for which it is advisable to have an efficient servant, but whichever course is pursued, the expense, attending the Salary establishment will be far less than in the populous and rich Talooks on the coast.

17. Should the present arrangements and explanation be approved of, Statements will be hereafter submitted in a similar manner for the remaining Talooks, but perhaps the Board will deem it advisable before further progress is

Fort St. George 15th December 1851.

is made that the question of remunerating the Taliars by direct money payments should be decided.

South arcot,
Collector's Cutcherry,
Cuddalore,
30th October, 1851.

/Signed/ C. Malthy
Collector.

" " 371. 6th Do.	3.	12½	23.13.2		

31.14.7

The Village is extensive and makes the Taliars duty heavy.

The present Inamem consists of 4 Poonjah fields of which 2 are useless. Viz. No. 419 — 11th Turrum. C. as. 2. 13 and No. 431. 12 Turrum C. 3. 13½ Teerwah of Kolle As. P. 11. 4. 8. It is therefore proposed to give the following lands in their stead.—

	C. as.	As. P.

Ordered.

16699. Fort St. George 15th December 1851.

Ordered that the following letter be sent in consequence.

(35-36)

To the Collector of South Arcot.

Bd No. 2486.
To the Coll.r of South Arcot.

Sir,

1. With Reference to Para 9 of your letter 30th October 1851 in which you give the resumed Cavilly Income at 86688 Rupees on a 5 years average the Board would wish to learn whether any portion of this sum has been already absorbed in the appointment of Officers essentially Police in substitution of the Cavelly system.—

Revenue Board Office,
Fort St. George,
15th December, 1851.

(Signed) W. H. Bayley
Secretary.

Read.

16700 Fort St. George 15th December 1851

Read the following letter.—
No. 81.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(37)

Bd No. 2916.
From the Collector of South Arcot.
Enclosing a Statement of the sums due to Salt Roossoondars from 12th July 1850 to August 1851 and requesting that the Civil Auditor may be authorized to pass the charge considers that the money allowance lately sanctioned in lieu of Roossooms, is unrecoverable except in cases of failure to manufacture Salt.

Sir,

I have the honor to acknowledge the Board's Proceedings of the 10th Instant and Extract from Minutes of Consultation under date 31st Ultimo conveying authority for the new arrangements regarding the Salt Roossoondars of this District to be carried into force from the 1st September last.

2 As the Roossooms have been disbursed up to the end of Fusly 1259 and the outlay sanctioned, I now send a Statement of the sum due from 12th July 1850, or the commencement of Fusly 1260 to the 31st August last, amounting to Rupees 2912—13.3 and request that the Board will authorize the payment and forward the Statement to the Civil Auditor, for the purpose of the charge being admitted in accordance with the orders of Government contained in Para 2 of the Minutes of Consultation above referred to.

3 The Government desire information whether the allowances assigned to the Servants entered in Statement No. 1 are to be required as official emoluments which will pass on with the Offices to the next incumbents or merely as yeomiahs, and if the latter whether they are to be treated as hereditary, or as subject to resumption or reduction on lapses. As the Board desire me to

to express my opinion on this subject, I beg to ob:
=serve that though the records contain nothing de:
=cidedly authentative on the point, it appears to have
been considered that these Roossooms are hereditary
and guaranteed by Section IV Regulation I of 1805
and this opinion has been allowed to have prac:
=tical influence..

4. The sentiments of the former Prin:
=cipal Collector Mr Hyde were asked on this
point, and his views will be found in his letter
to the Board under date the 19th September 1825. On
a subsequent occasion the Principal Collector Mr
Ashton recommended the abolition of these Roos:
=sooms, but the Board demurred to authorize the
measure on account of their apparently hereditary
nature. I find too that when application was
made for the sanction of this disbursement
in 1848, these servants were alluded to as "the
descendants of the original grantees whose al:
=lowances being deemed hereditary were
guaranteed under Section IV Regulation I of
1805".

Bd's Pro: 25th January 1840 Para 4.

Letter from Secretary to B. of Revs to Chief Sec'y 25th January 1848 Para 3.

5. My opinion therefore is that
the allowances in lieu of the Roossooms
granted for charitable and religious pur:
=poses might be considered as unresumable
except in the event of the Salt manufacture
being entirely stopped in the Villages
to which they belong. It seems to me also advi:
=sable that the other allowances should
be deemed hereditary, and allowed to des:
=cend with the offices during the continuance

of the Salt Manufacture, provided that
the incumbents leave direct heirs, and do not
justly forfeit their office by fraud or misconduct
in the discharge of those duties which are en:
=trusted to them. Should an incumbent be dis:
charged for fraud, or die leaving no direct heir
the continuance of the Office might be allow:
=ed to depend upon its utility to the state. This
opinion is however offered in reference to
this District alone, and without my being
aware of the light in which similar Roos:
=sooms have been viewed elsewhere.

South Arcot,
Collector's Cutcherry
Cuddalore,
28th November, 1851.

(Signed) E. Maltby
Collector.

		Total arrear due up to 31st August 1851								990 15 10
		Grand Total Rupees								2912 13 3

It will be observed that Mr Woughton in his letter of 28th February 1851, Para 2, reported that he had suspended the payment of Rossoomes to these individuals pending the receipt of the final orders of the Board. Government has since sanctioned (under date the 31st October) the adjustment of these payments up to 31st August last on the system hitherto in force, and the whole sum of Rupees 2912 due up to that date from the commencement of Fusly 1260 including Rupees 990-15-10 which remain to be paid, on the receipt of the Board's approval is therefore submitted for the purpose of being forwarded to the Civil Auditor as directed by Government.

Collector

Resolved

Fort St. George 15th December 1851

37-38

Bd. No. 2523.

No. 546.

Proceedings thereon

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to para 4 of Extract Minutes of Consultation 31st October 1851, and that the Account Particular of Charges enclosed in the Collector's letter be furnished after examination to the Civil Auditor, in accordance with para 2 of that Extract Minutes of Consultation.

In Cons: 10th November 1851

2

In reference to the enquiry of Government, whether the sums entered in List No. 1 of Mr Wroughton's letter of the 28th February 1851 are to be regarded as Official emoluments of the parties against whose names they stand, and therefore to pass on to the next incumbent with the offices to which they are attached - Or if being classed as Yeomiahs they are to be considered as hereditary, or subject to resumption, it is observed from the Collector's letter, paras 3 to 5, and the papiers therein referred to, that the Salt Roossooms of South Arcot have ever

In Cons: 3d April 1851

Fort St. George 15th December 1851

ever been viewed as hereditary.

3. The Board concur in opinion with the Collector that all the fixed allowances sanctioned by Government and enumerated in both Lists Nos. 1 and 2 of Mr Wroughton's letter above quoted in commutation of the former Salt Roossooms, should therefore be regarded as the hereditary Official emoluments of the parties nominated, and as forming a permanent charge, and not resumable, except on the relinquishment of the manufacture of Salt in the Villages to which the Offices are attached and except the incumbents have no direct heirs, or do not justly forfeit their offices by fraud or misconduct, in which case, it might be left discretional with the Collector to appoint a successor, or to discontinue the Office and resume the emolument.

No. 70.

To,

W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

(42)

Bd. No. 2620.

Sir,

From the Acting Collector of Tanjore ..... } 1. With reference to the Board's Extract of 21st July 1851. respecting the Tanjore Measures, I have the honor to submit a Table shewing the comparison between the measures of Tanjore and Madras in use in Tanjore are uniform, being only the Puddy and Mercal (the Pullum is only a nominal measure), the former (Puddy) is of iron or wood bound with metal, and the latter is generall an iron measure of  this shape tho' it is sometimes of wood bound with iron, all large quantities of Grain are measured by this Mercal. (2 quarter Madras Mercal) heaped. From its shape it is extremely manageable and possesses many advantages over larger Measures. The

Furnishing information regarding Weights and Measures.

No. 1

	Struck			Heaped.		
	Cal: Gra	Rice		Cal: Gra	Rice	
Tanjore Mercals	215	219	217 1/3	255 1/2	264	264
Average	217			261 1/2		

The difference between a quantity measured heaped or struck appears to average as about 26 1/2 to 217 but the Tanjore Mercal is a measure altogether unsuited for striking.

3. You will observe by Table No. 2 that Mr. Holloway calculates a Madras Garce struck to be equal to 1,408 to 1,424 heaped Tanjore Mercals. Or that it is about equal to a Madras Garce of 400 Madras heaped Mercals. This differs widely from the account furnished me by the Merchants of 4 principal seaports Viz. 133 1/3 Pullums = 1600 Tanjore Mercals heaped, but Mr. Holloway has given so much time and attention to the matter that I think his calculations are correct, and propose if the Board deem it worth while, to have a Tanjore Mercal sent down to Madras in order that a Madras Garce should be measured there in 2 different places, which would test

test the correctness of the Trials here made; as this is peculiarly requisite as the measurers here may not perhaps fill the Madras Mercals in the same way that they do at Madras, and also because the result of the subsequent trial made by Mr. Holloway (Vide Table 1.) has differed from the Tables.

4. After ascertaining the result of these Trials at Madras, I think it would be advisable to have fresh ones made here, and the rate of conversion then fixed.-

5. The Government price of Grain lists have hitherto been calculated by multiplying the price of a Rullum by 133 1/3 which would give the price of a Madras Garce of 400 Mercals heaped but this I imagine is incorrect as it should have been converted by multiplying a Rullum by 117 or 118 which is about the amount of a Madras Garce struck (Vide para 6. Board's Circular 24th March 1857.)

6. The standard measures are not at all in use here and have never therefore been

been used to test the Dealer's measures, nor have counterparts been taken for use- Dealer's measures are tested at the Talook by ascertaining whether they contain a certain quantity of Solumdoo, they are then stamped.-

7. On referring the question of the practicability of making the proposed changes to the opinions of the Merchants, it appears that the larger dealers and Exporters consider that the Board's standard 1/2 Puddy if heaped might be introduced without much difficulty, but that the small petail Dealers strongly depricate the introduction of any change- It is probable that the petail Dealers who are more numerous and more constantly in contact with the buyer would excercise more influence in the determination of such a question than the Exporters, who from being accustomed to the varying Weights and Measures of other countries, are more enlarged in their ideas and whose opinion can hardly therefore

therefore be considered as affording a fair indication of the local feelings on the subject.

8. Both classes unite in condemning the introduction of any measures that would supercede their favorite Tanjore Mercal which from its shape affords great facility in measuring very rapidly.

9. As there is already a uniform system of measure over all in the District I do not think that the introduction of a new standard would be advisable.

10. With reference to paras 6 to 10 I have the honor to submit an account containing fresh Weighings &c. which have been prepared with great care by the Assistant Collector Mr. Holloway. His Memorandums as to the calculation are also enclosed.

11. A Mercal was supplied but was not used in the comparison, as its size was too large for the scales. The standard measures are stamped.

Tanjore,
Vellem,
21st October 1851.

(Signed) T. W. Goodwyn.
Acting Collector.

+ No. 2.

* No. 3 A to C.

No. 1.

Table showing the Comparison between the Measures of Tanjore and Madras if both are heaped.-

Madras.			Tanjore.	
Mercal.	Puddy.	Puddy. Iron.	Mercal.	Kullem.
		½ = 1		
¼ =	2	= 4	=	1
3 =	24	= 48	= 12	= 1.
Garce. 1 =	400	= 3,200 = 6,400	= 1600	= 133⅓.

Note

This Table shews the rates at which Tanjore Measures have hitherto been converted into Madras Measures Viz. 133⅓ Tanjore Mercals heaped being considered equal to a Madras Garce of 400 Mercals but Mr. Halloway's Table No. 2 makes a Madras Garce i.e. 400 Madras Mercals struck only equal to 1408 to 1422 Tanjore Mercals heaped or 117 to 118 Tanjore Kullems.-

A subsequent trial made by Mr. Halloway at my request made 400 Madras Mercals struck = 1356 Tanjore Mercals heaped, but this diminution of about 52 Tanjore Mercals was produced he thought by the measures pressing down the grain in the Madras Measure.-

(Signed) T. W. Goodwyn
Acting Collector.

Assistant Collector of Tanjore.

(Signed) T. W. G.

Calculation

16721. Fort St. George 15th December 1851.

Calculation B.

1) The object here is to determine the Proportion between Tanjore struck Mercal and the standard struck Mercal.

1st Process.

1. S M St – 4 T M St = Tolas 64-5

2d Process.

W S M St of Rice (A3) = 930-75.
W T M St = 217 × 4 = 868 = 4 W. T. M St.
W S M St — 4 W T M St 62-75.

By former Process.

W S M St — 4 W T M St = 64-5.

Difference between two processes — 1-75.

2) By 1st Process.

W S M St Grain (A2) = 936-75.

By 2d Process.

W T St M Gram = 219-375 × 4 = 877-5 = 4 W T St M
59-25.
W S M St - 4 W T M St = 57-5
By 1st Process Difference = 1-75

3) Ooloondoo.

1. S M S - 4 T M S = 46-625. By 1st Process.
W S M St Ooloondoo = 910-
W S T St = 215 × 4 = 860 = 4 W T M St
50

Difference between two Calculations = 3-375.

(Signed) T. W. G.

(Signed) W. Holloway.
Assistant Collector of Tanjore.
Calculation

16722. Fort St. George 15th December 1851. 1851.

Calculation C.

Is designed to show the proper rate of converting Tanjore heaped Mercals to the Standard struck Garce of 400 Madras struck Mercals. It is based on the results obtained in A. The Weights of differences obtained by actual weighing of them, and not those obtained by calculation, have been used.

Tolas Oolundoo.

1 From (A1) 4 T M Hp — S. M St = 113

Multiply both sides of the equation by 400.

Tolas.

1600 T. M Hp - 400 S M St = 45200

Then 45200/255 will be the difference in T. Hp. Mercals.*

255) 45200 (177 — 1/51
255
1970.
1785
1850.
1785
65
4
260
255
5

∴ Standard Garce = 1600 T. Hp. M. 177 — 1/51 = 1422 — 2 50/51.
Mercals. Mercals.

Tolas.

* Because the Tanjore Mercal heaped weighs 255 Grams

Gram.

2) 4 W.T.M Hp - 1 W-M St M = 115-75.

Proceeding as in C.

W.1600.T.M Hp - W 400 S M St = 115-75 × 400.

Tolas. Gram Tolas.
= 46,300 but W.T.M.Hp = 263-875

∴ $\frac{46,300}{263-375}$ = Difference in Tanjore heaped Mercals.

Mercals. Puddies.
263-375) 46,300-000 (175 — 3/6 remaining.

(42-43)

Fort St. George 15th December 1851.

B. to N.° 2199.

Proceedings thereon.

Remarking on the Experiments made by the Asst Collector of Tanjore and his assistant regarding weights and measures directing certain lists from that Dist.t to be prepared in future at 116 Cullums per Madras Garce and commending Mr. Halloway for the labour and accuracy with which the whole question has been treated by him.

1. The Board observe that with Mr. Goodwyn's letter there are 3 Enclosures, N.° 3 being subdivided into A. B. C and 3, and that the examinations and calculations have been made by Mr. Halloway the Assistant, evidently with great care and accuracy.

2. Enclosure N.° 1 needs no consideration It compares Tanjore heaped measures with Madras heaped Measures, which is not required. The Madras Measures are supposed always to be struck.

3. From the other Enclosures the following information is obtained.

4. The Board having given the data that 100 Cubic inches of water at 80° weigh 140 Tolas. Mr. Halloway ascertained the weight of the water in the Tanjore Measures and calculated the cubic contents accordingly.

Tolas in 100 Cubic In 140	Cubic In 100	Cubic Inches	
		66-375 = 474	Cubic inches in the Wooden Puddee
		72-75 = 51-9	Iron Puddee
		270-875 = 193-5	Tanjore Mercal

4 Tanjore Mercals supposed generally to be equivalent to a Madras Mercal — = 774 Cubic inches

1 Madras Mercal as per notification of Government — = 800 Cubic inches

5. Mr. Halloway had a ½ Madras Mercal as a Measure

Fort St. George. 15th December 1851.

Measure of comparison but it seems a trifle too capacious as it holds 563¼ Tolas weight of water instead of 560-

6- Taking however two of these as equal to a Madras Standard Mercal, and comparing the weight of grain in them with the Experiments made elsewhere we have-

Tolas weight

	Standard Rice	Mercal Grain	Volume	Standard Rice	Puddee Grain	Volume
Board's Office	910	970	918			115
Commissariat	910	960	"	114	120	"
Madras	915	914½				
Coimbatore	900	940				
Guntoor	864	920				
Ganjam	904	880				
Tanjore	930·75	936·75	910	114-4	114-7	112

7- It will be observed that the Tanjore experiments like those of Mr. Budleston at Madras make Rice and Grain about the same Specific Gravity and the Gram very light, whereas the Board experiments were numerous and agree with some made by the Print

Fort St. George 15th December 1851.

Mint Master in giving the results as above. The Commissariat trials also were made with great care-

8- But there is another anomaly in the Tanjore trials with regard to the relative capacities of the Puddee and the ½ Mercal. The Puddee (standard) of Rice given by the Table in para 6- 114-4 (and this the Board are inclined to consider correct, agreeing as it does with the Trials made at this Office and the Commissariat- It is observed also- that it holds 139-875 Tolas weight of Water which is true to a very minute fraction (100 Cubic inches = 140 tolas) but when this is multiplied by 8 for the Mercal, it gives 915-2 Tolas whereas twice the so called standard half Mercal gives 930-75- as shewn in the Table para 6- It is doubtful them whether the ½ Mercal Measure is quite correct although it is used in the calculations made by Mr. Galloway below

9- Enclosures A, B, C, and N-3 might have been condensed for instance in N-3 instead of working out a Rule of Three sum 140 : 60-375 :: 100 by Logarithem, it would have been more simple to have at once divided 663-75 by 14 and so of the others From them we obtain the following-

Tolas

Fort St. George 15th December 1851.

+ It is observed that when the measures are struck. Oolundoo is lightest - then Rice then Gram. But when heaped the Rice is heavier than Gram owing no doubt to the nature of Rice allowing it to be heaped higher.

Tolas weight

			Rice Gram Oolundo
Enclosures A and B	1 Heaped Tanjore Mercal	263-875 263-875	255+
	3 Struck Tanjore Mercal	217 219-375	215
	4 Heaped Tanjore Mercals	1055-5 1053-5	1020+
	4 Struck Do. Do.	868. 877-6	860
	2 Struck 1/2. Madras Mercals	930-75 936-75	910

N-B. It would probably have been nearer the truth if the last had been calculated from 8. Madras. Measures instead of the 2 half Mercals used by Mr. Halloway -

Enclosure C is for the purpose of ascertaining the real number of heaped Tanjore Mercals to a Standard Madras Garee -

The method is somewhat Circuitous - 1st. Mr. Halloway calculates how many Heaped Tanjore Mercals would be over, supposing a Madras Garee filled by means of 1600 Tanjore Mercals which is the rate at which the price lists are prepared and then he deducts this surplus from the 1600 -

N- In these Proceedings the calculation is made from what Mr. Halloway calls his 2d. method as being more direct than the one used by him i-e the 1st. method There is not much difference however - He first supposes the Madras

Garee

Fort St. George 15th December 1851.

Garee to be 1600 Heaped Tanjore Mercals and then shews the real difference or surplus -

RICE.

two 1/2 Mercals
1055-5 × 400 = 422,200 Tolas in a Garee
930-75 × 400 = 372,300
49,900 - 263-875 = 189 Surplus
and 1600 - 189 = 1411

GRAM.

two 1/2 Mercals
1063-5 × 400 = 421,400 Tolas in a Garee
936-75 × 400 = 374,700
46,700 ÷ 263-375 = 177-25 Surplus
and 1600 - 177-25 = 1422-7

OOLUNDOO.

two 1/2 Mercals
1020 × 400 = 408,000 Tolas in a Garee
910 × 400 = 364,000
44,000 ÷ 255 = 172-5 Surplus
and 1600 - 172-5 = 1427-5

Hence in a Standard Madras Garee there are by the above slight variation from Mr. Halloway's method of computation -

Tanjore heaped Mercals.

Rice	1411-0	or by Mr. Halloway's Calculations as given in Enclosure C	1408
Gram	1422-7		1422 1/4
Oolundoo	1427-5		1422 3/4

Proving

Proving that the usual rate of 1,600 heaped Tanjore Measals is at least 11 per Cent more than it should have been-

12- If the calculation is made from what the Board believe would be the more correct data; ie: the Madras Puddy, and not the 1/2 Measal, which appears slightly too large) the Madras Garce of

Rice: 1387-32 Heaped Tanjore Measals
Gram: 1393-6 ——— Do ———
Oolundoo 1405-5 ——— Do ———

as seen by the following calculation

	Tolas weight of a Madras Puddee		Tolas in a Madras Garce		Tolas in 1600 Heaped Tanjore Measals.
Rice	114-7	× 3200 =	366080		422,200
Gram	114-7	× 3200 =	367040		421,400
Oolundoo	112-0	× 3200 =	358,400		408,000
	422200	::	366080	:: 1600 =	1387-32
	421,400	::	367,040	:: 1600 =	1393-6
	408000	::	358,400	:: 1600 =	1405-5

Shewing an Error of 11½ per Cent on all the price Lists hitherto sent up which have made Gram appear dearer to that extent than it really was.

In favour of the supposition that 1393-6 is nearer the truth than 1424¾ or 1422-7 (para 11) it may be observed that Mr. Goodwyn in Enclosure No 1 states that a subsequent trial (though not so much to be depended on) gave 1356.

13. The Standard Rate for the Oolungoo Dt Fanams Cash 16 Pr a P Villages is ——— 3 ——— 3 ——— 1/4 or 0-7-8½ per Cullum, and as the Madras Garce has hitherto supposed

supposed to be equal to 133½ Cullums (or 1600 Tanjore heaped Measals) the Public accounts have hitherto given 64-3-6 Pr a P per Garce as the Oolungoo Rate-

14- Now from the above calculations we have instead of 1,600,-

1387-32 for Rice
1393-5 for Gram
1405-5 for Oolundoo

and if Gram is taken as the Average, the Number of Cullums corresponding to 1393-6 heaped Measals is 116 and a fraction (Mr Goodwyn proposed 118) Taking this as a basis the commutation Rate per Garce would be 55-15-01 or 11½ per Cent difference as before shewn- The question now is whether since there are a means of ascertaining the equivalent for a Madras Garce in Country measures of the same size, in use all over the Province, it would not be better to compute the Price Lists from them, than from Standard Measures to be now introduced- Though some inaccuracy must always attend heaped Measures and as the Specific Gravity of different Grains varies, yet more confidence would be placed on the Price Lists, than if they were submitted as having been calculated from Measures new both to the Native authorities and to the

Rice 115-6
Gram 116-13
Oolundoo 117-12

people

peoples. A Tanjore Meerasidar or Merchant would have no difficulty in standing the price per Callum but when asked the price per 3200 of the new measures he would probably answer at random and the Reply would be untrustworthy. On the whole therefore a mode of computation always adhered to, all things so uncertain within small limits, is to be preferred to a more critically accurate in itself but which will probably not be adhered to in practice within very wide limits.

15— The Board would therefore wish the Collector to prepare the Lists in future at the rate of 116 Cullums per Madras Garce making a Note of this at the foot of each List.

16— The Board observe that this is the only District whence they have yet been able to ascertain exactly what is meant by the heading "per Garce" in the price Lists, and they request Mr Goodwyn will inform Mr Ballow that they consider the labour and accuracy with which the whole question has been dealt with merit great commendation.

17— Mr Goodwyn will be good enough to correct the "Note" to his Enclosure No 1 where for 133 1/3 d. Tanjore Mercals should be written 133 1/3 d. Tanjore Cullums.

6th Decr, 1851. } /Signed/ T. W. Goodwyn.
Ag. Collector.

No. 1.

To,
T. W. Goodwyn Esqre
Collector of Tanjore.

Sir,

I have the honor to acknowledge the receipt of your Official informing me that no more Cash payments can be made at the Talook Treasuries, but only at Tranquebar. This information I have received with great regret and even perplexity, for the distance from Cawnandagoody to Tranquebar I am told is upwards of 40 miles. Many parts of the road bad and even dangerous for travelling and it being necessary that I should send that distance two persons every month for the money who will have to put up two nights on the road, I beg to bring to your kind consideration that as the payments for the

the Aneyeadoo Mission also come through me the sums drawn in my favor especially when Mission Buildings are going on are monthly to a considerable amount and that as in drawing from Tranquebar great risk is incurred. I trust you will if possible continue to allow me the privilege of Cashing either as usual at Manargoody or at Tanjore, Vellum, or Triviyar for which kindness - not only I but our Committee at Madras will I am sure feel greatly thankful or in the event of your being unable to deviate from the strict orders of Government in this respect can you kindly refer me to the proper Quarter where we may be able to obtain a Mitigation of this rule so far as our Missions are concerned.—

Sir,

From the Collector
of Trichinopoly — } 1. In obedience to instruc-
tions contained in Extract from the Proceedings
of the Board dated 30th Ultimo, I do myself the
honor to submit Explanation on the subject of
bringing to account the balance due on account
of the Cauttoopottoor
Mootah.—

2. The Collector of Salem in his
communication to me of the 9th August last apprized
me of the balance due by the Mootahdars and requested
that the Amount should be remitted to him on
realization. Accordingly when the entire balance
Rupees 4027-3-10 with interest up to the
4th September 1851 Rupees 64-12-5 was realized
intimation was made to Mr. Phillips and
credit

Fort St. George 15th December 1851.

credit given him by transfer entries
in the Journal of my Office, But no
entry was made in the Demand Collection
and Balance Statement of this Collectorate
for August 1851, because the Mootah did
not Compose a portion of Trichinopoly during
Fusly 1260.—

B^d's No. 3051.

From the Collector of Madura— Report on the Cultivation of Cotton for Fusly 1260.

Sir,

1. Under Circular order dated 18th January 1849 I have the honor to furnish my Report and Statement relative to the Cultivation of Cotton in Fusly 1260.—

The Season was somewhat less favorable for Cotton than other products as it is a late Crop and there was no rain in December. It was better, however, than that of Fusly 1259 and an Increase will be observed of 1 1/142 - 3 - Ans a. in the Extent Cultivated.—

2

The yield was generally

3.

good both as to quality and quantity.—

According to the Reports.

4.

1 Body seed Cotton 33 1/2 lbs

3 Dr. Dr. affords 1 Body clean Cotton

which is 24 3/4 lbs

Fort St. George 15th December 1851.

Reports furnished to me the prices in Ramnad which contains more than one half the Cotton of the District ranged from 5 to 11¼ Rupees per Padee or Bale (lbs 33 3/4) of seed Cotton according to quality and time of year, and from 7 to 10 Rupees in Tirooneungalem the Chief Cotton growing Ayn Talook.—

5. The Demand does not appear to have been so great as in Fusly 1259. as some portion of the Crop is stated to remain in the hands of the Merchants.—

6. Having heard a favorable report of the success of an Experiment made in Tinnevelly of sowing American Cotton in land near the Sea Shore, nearly useless for other purposes, I have procured a quantity of seed from Doctor Wight and forwarded it to the Zemindar with directions relative to the Cultivation.—

7. With reference to the Board's Circular of the 14th April last

I beg

Fort St. George 15th December 1851.

I beg to add, that I have frequently warned the Merchants of the bad effect on price of their Cotton not being well cleaned, to which the answer has been "we sell by the weight, and why should we decrease it by removing dirt and rubbish" In fact not being the persons who sell to the actual Exporters they are not made directly sensible of the loss occasioned by this want of care, nor does it perhaps, tell on them indirectly because the short sighted persons who purchase from them will not increase their price in proportion to the purity of the article furnished.—

Madura, 8th December, 1851.— } I have the honor to be Sir, Your most obedient Servant, Signed/ R. D. Parker. Collector.

Rept 15 for Dec.r

3- There is still an arrear of Rupees 560-1-2 on the lands held by the Poligar for the support of the family, the amount being irrecoverable the Board recommend that it may be written off-

4- The remarks on the Settlement of Poravepollium regarding the entry in the accounts of the lands in the possession of the Minor's family, and the preparation of the Account Current apply equally to these Estates and should be acted on accordingly-

Ordered that a Copy of the foregoing Extract be submitted to Government and a transcript of the same be furnished to the Collector of Coimbatore-

---

No. 5141.

Inform: 11th December 1851.

Read letter from Collector of Coimbatore 15th October 1851.

55

Reporting on the Settlement of the Poravepollium Estate for Fusly 1260-

Bd. No. 2491.

(Here enter No. 105.)

Proceedings- 1- The season having been favorable there is an increase in the Settlement over the Reporting on the Settlement of the Poravepollium Estate for Fusly 1260- Para 2 Fusly 1259- 3153 1260- 3053 Increase 925

Assessment Rs. 326-

one of the preceding year of 925 Rupees

2- The Collections up to date of report were 4269-2-, adding to which former misappropriations now brought to account as

explained in Para 5 the total receipts of the year amount to Rs. 6,253-5-6. From which the Peshcush and other necessary expenses being deducted a net balance remains to the credit of the Estate of Rupees 2,558-9-11. The Collector will be pleased to consider what will be the best mode of disposing of the surplus as it accrues, whether by investment in the Current Loan or by laying it out for the improvement of the Property-

3- The Court observe that of the lands held rent free by the family and assessed at Rs. a. P. + the Jummabundy at 1,043-6-11, Bullahs 76-11 are so held by Gopaba Gopanamaday the Grand Uncle of the Minor- This man is reported to have managed the Estate from the death of the Poligar in 1844 to its assumption by the Court in 1850, and to have administered it in the worst manner, "appropriating to himself

From Collector 25th January in Cours: 17th February 1851- Para 3- "some thousands of Rupees from the revenue "of the Poliput, which he is said to have "expended in Establishing a large private "farm of his own within the Cochin limits," and to which he absconded on enquiry taking place-

4- The Court think that the expulsion

Negd 15 for Sanct

Fort St. George 15th. December 1837.

expulsion of this man from the Potiput entirely would have been the fitting consequence of his conduct; but under any circumstances they cannot permit him to hold his farm rent free as heretofore, and desire that the Collector will be careful that the amount at which it may be annually settled be collected from him.-

5.- They have no objection to the remainder of the lands being continued as formerly nor, as there is a surplus, and the family are desirous of the measure, to the free Grant to Jummien for the present.-

6.- The Collector's Commission has not been charged, a point to which his attention is requested.

7.- Instead of deducting the extent of the lands held free of rent by the family from the Summahbundy accounts, it is advisable to enter in Statement 1. after Columns 40-41. as "lands in the enjoyment of the Minor's relatives." The account Current also of the Estate should be made up annually, in preference to the present form.

Ordered that a Copy of the foregoing Extract be submitted to Government, and a transcript of the same be furnished to the Collector of Coimbatore.

Fort St. George 15th. December 1837.

Read the following letter.-

No. 100.

To

W. H. Bayley Esqre.

Secretary to the

Board of Revenue,-

Fort St. George.

(56)

Bd. No. 3023.

From the Collector of Canara.

Replying to the Board's Circular of the 20th. Ultimo accompanied by an Extract from a letter from the Honorable the Court of Directors calling for a report of the Cost to Government per Garce of Salt received on account of the Monopoly and offering observations on the subject.-

Sir,

1. I have the honor to acknowledge the receipt of your Circular letter of the 20th. Ultimo, together with an Extract from a letter from the Honorable the Court of Directors, calling for a report of the Cost to Government per Garce, of all Salt received on account of the Monopoly, specifying the different items included in such Cost, with any observations that I may have to suggest.

2.- In a report under date the 3d. September I had occasion to lay before the Board some remarks on the Salt trade of this District, and it is therefore necessary for me to add little to what I have there stated.-

3. I will only observe that if the duty is reduced to the average profit derived by Government from the Native Salt it will be a most advantageous measure both to the Government and to the consumers but as long

long as the Monopoly is maintained it will tend to depress the home manufacture, because the home manufactured Salt will come to market through the expensive machinery of the Monopoly, while the foreign Salt will be more economically managed - It may thus be expected that the Monopoly will be gradually undersold.

4. The home manufacture is however already so restricted that its interest is not to be put in competition with the advantages to the community and to the Government of the proposed measure -

5. But I am not aware of any insuperable obstacles to allowing our home manufacturers to compete fairly with those of Bombay and foreign Countries - The excise which the Court of Directors state prevails in the Bombay and Bengal Presidencies may I think be advantageously introduced into this District, at least I am not aware of any peculiarities in the manufacture of this District which renders this impracticable, although it is liable to all the difficulties of any great change -

6. An excise and import duty are easily adapted one to the other, while a duty and the Monopoly can hardly co-exist

without injury to the Monopoly - Should the excise be introduced we may expect to avoid the anomaly of purchasing abroad Salt which may be made more cheaply at home, of restricting the production of this necessary of life in order to keep up it's price, and by so restricting it of having to pay twelve Rupees per Garce for what is sold at the Goa pans for five -

7. The change will not be agreeable to our present manufacturers who under the system now prevailing enjoy a Monopoly and are paid a liberal price, to the servants of Government the reduction of a large Establishment will be a serious evil, but to the consumers and the Government, and to the trade of the Country, the advantages will be very great if any such measure should be found practicable -

8. I will only add that I do not think it at all desirable that the measure proposed in my former letter and which corresponds with that proposed by the Court of Directors should be suspended till the question of an Excise is considered, and all the difficulties of the change are overcome;

I

Regd 15 for Jany 8

I would rather hope that the former measure may be at once adopted as a step towards the gradual modification of the Monopoly in favor of our own Bombay manufacturers equivalent to the effect of the modified duty on the Goa frontier in favor of those of Goa.

I shall however endeavour to obtain all the information I can as to the management of the excise in other parts of India, and the state of our manufactories now and previously to the Establishment of the Monopoly, and if the result of the measure already in operation on the Goa frontier and the admission of Bombay Salt at a fixed duty, if this is permitted, be such as to show that the change to an excise is desirable, I shall lay such information as I have obtained before the Board of Revenue.

Bd No. 2592.

From the Collector of Malabar, 1.

Submitting with reference to the Board's Proceedings of the 13th Instant, Copy of the decision of the Foujdaree Udalut in the Case of Mr. Forsyths garden boy.—

Sir,

With reference to the Board's Proceedings of the 13th Instant, I have the honor to forward Copy of the decision of the Foujdaree Udalut in the Case of Mr. Forsyths garden boy.

2. The boy it will be seen is acquitted, as he "is not convicted on presumptive proof, or "on the evidence of credible Witnesses, or on his "own confession, of the crime charged, but "considering that strong suspicion attaches to "him is required to give security for good "behaviour and appearance when required for 3 "years."—

3. The point at question between my Sub Collector and myself is not, the Board will recollect, whether the garden boy put any thing into Mr. Forsyths soup, a point on which I had never much doubt, but, at whose instance he put it — whether in fact it was or was not at the instance of the Court Nazir. The Sub: Judges' acquittal of the Nazir was

confirmed, on appeal, by the Sessions Judge — a confirmation which has not been disturbed or attempted to be disturbed, so far as I am aware by any further appeal.—

Bd. No. 2192.

Proceedings thereon - 1.

The decision of the Foujda
Adalut does not aid the Board in disposi
the case of Poothenvittil Ramanny, Tahsildar
Cotyam, and they have therefore to decide on
merits from the detail given in the
Magistrate and Joint Magistrate's remarks
and in the Proceedings of the Sessions Co

2.

Upon an attentive consid
tion of all the papers before them, and p
what has been urged by the Tahsildar
in his defence, the Board consider that

x Petitions Nos. 1498 and 1734 of 1851.

he lies under strong suspicion of abuse of authority, yet that there are not sufficient grounds to warrant his dismissal - They consider the suspension he has already undergone to be an adequate punishment for his misconduct and, but for the unbecoming tone of his Appeal, they would have allowed him a moiety of his pay during that period - To mark the sense of their displeasure at the improper tone of his defence, they direct that no portion of his pay be granted to him for the period of his suspension.

3. The Board do not approve of the mode in which Mr. Chatfield has thought proper to express himself in commenting upon the opinions of his superior Officer Mr. Conolly.

Ordered that the following Endorsements be passed on Petitions Nos. 1498. 1734 and 1908 of 1851.

"The Petitioner is referred to the Collector to whom instructions have been issued. The unbecoming tone of this Appeal has been marked by the Board with great displeasure."

From the Collector of Madras.....

No. 105.

To, W. H. Bayley Esqre.
Secretary to the Board of Revenue.

Sir,

I have the honor to report to

to the Board of Revenue that much inconvenience and great delay in the transaction of the ordinary business of this Office is occasioned by the non-attendance of Witnesses required.—

2. The attendance of Witnesses is entirely optional as I have not the Magisterial power necessary for issuing Summons or Warrants, nor can I fine Witnesses for non-attendance.—

3. I would also wish to submit to the Board that it would be of great advantage if I should be empowered to take depositions upon oath, in certain cases where such a course appears to be attended with advantage.—

4. Similar applications have been made formerly to the Board upon this subject by my predecessors who experienced the inconvenience, attending the entire want of magisterial power.—

To Board 30th March 1826.
From Dr 3d May.—

5. I would wish to have the opinion of the Board of Revenue as to whether my being a Justice of the Peace already enables me to take evidence upon oath in matters concerning my Office.—

Madras, 10th November, 1851.

/ Signed / J. A. Rudleston
Collector.—

Bd. No. 2997

From the Secy. to Government Granting Sanction for the remission of certain Balances of Timevelly for Fuslies 1218 to 1258 reported to be irrecoverable requesting the Bd. to submit their views as to the term beyond which the demand under a Ryotwary Settlement for Short Leases is not to be enforced.

Read the following Extracts.

No. 1209.

Extract from the Minutes of Consultation, in the Revenue Department, under date the 5th December 1851.

Read the following Extracts from the Proceedings of the Board of Revenue (Here enter 30th Oct. 1851 No. 471.)

Para 1. Under the explanation furnished by the Collector of Timevelly in his report upon the outstanding balances of his District for Fuslies 1218 to 1258, the Right Honorable the Governor

16772 Fort St. George 18th December 1851.

Governor in Council grants sanction for the remission of the sums represented to be irrecoverable under the heads of Land Revenue and Extra Revenue amounting together to Rupees 3124-10-5 Three thousand One hundred and Twenty four, Annas Ten and Pice Five.

Land Revenue Rs. 2923-6-3
Extra " " 201-4-2
Total Rupees 3124-10-5

2. The Board of Revenue direct

Para 3 that of the balances elapsed as irrecoverable the realization of those due for Fuslies 1245 and antecedent years should be pressed with care, but the Governor in Council is of opinion that it would be better at once to forego the Demand on account of these years altogether unless in Cases where it is evident that the arrears have been fraudulently withheld. The Governor in Council further resolves to call the attention of the Board to the remarks of Government in Extract Minutes of Consultation 11th July 1826 to the effect that in Districts under Ryotwary or temporary

B. to C. O. P. 35.

Fort St. George 18th December 1851.

temporary Leases a period should be limited, beyond which no balances of land revenue should be demanded - that the period ought perhaps in no case to exceed two years after the close of the year in which the Balance became due, and might in general be confined with advantage to the commencement of the Fasli of the ensuing year or to the first Six Months of the year - The Right Honorable the Governor in Council requests that the Board will in accordance with the observations above cited, and in communication with the Commissioners Northern Circars, submit their views as to the term, beyond which the Demands under a ryotwarry Settlement or Settlement for short Leases is not to be enforced unless in very special Cases - There attention is also called to the judicious remarks on the subject of balances made by the Commissioner in his review of the settlement of Guntoor for Fasly 1259.

Proceedings 20th Oct. 1851 P. 4 & 28 -

B.d N.o 3071
From the Coll.r of Nellore -

Sir,

In reference to your letter of

16777

Fort St. George 18th December 1851.

of the 11th August last. I have the honor to retransmit the Statement therewith returned, specifying the estimated Cost of the several Suttrums (with the exception of the one at Causy) the Cost of which was omitted when first transmitted. It has not been practicable to ascertain the Cost of the Suttrum at Causy there being no one in the District able to give any information on the subject.

Nellore Collector's Cutcherry 13th December, 1851. } Signed D. White Collector.

Order thereon. Ordered to lie over.

Proceedings

Reporting on the Extra Sources of Revenue in the District of North Arcot for Fusly 1260 A.D. 1850/51.

Vide Lands 10th March 1851

No. 545.

Read letter from the Acting Collector of North Arcot dated 1st November 1851, reporting on the Extra Sources of Revenue in his District for Fusly 1260.

Here enter No. 777

From the following Tabular Statement it is observed that the Demand of the year under report was Rupees 27,720-12-3 or Rupees 3,939-12-9 in excess of that of the previous fusly.

Fusly

Fee

Settlement

Fort St.e George. 18th December 1851.

Salt- 2- The revenue derived from the Sales of Salt was Rupees 18,283-8-0 or Rupees 687- below that of the preceding year. This Decrease however is stated to be nominal, from the fact of the Amount of Sales between the 20th June and 11th July being excluded from the Collections, in consequence of it's not having reached the Hoozoor Treasury within the fusly- If this Amount Viz.t Rupees 2,761-8-0 were included an increase of Rupees 2,074-8-0 would appear.

Ab Karry- 3- There was no fluctuation in the Ab Karry Revenue owing to it's having been leased out in Fusly 1259 for a term of three years, at Rupees 135,900 per Annum-

Sundry Small Farms & Licenses- 4- Under this branch there was an increase of Rupees 413-3-5, which appears Chiefly under the heads of Tank Fishery and Tolls on Boats-

Stamps 5- The sale of Stamps for the fusly Amounted to Rupees 27,866-1-6. or Rupees 3,948-14-0 above that of the preceding year attributed partly to the No. of Suits filed in the Courts of

Fort St.e George 18th December 1851-

of the District Moonsiffs having been greater than in Fusly 1259, and partly to several high priced Stamps having been sold on account of Suits filed in the Civil and Sudder Udalut Courts- The sum of Rupees 1,359-12-0 on account of Stamps sold between 20th June and 11th July was not brought to account owing to the Collection not having been received into the Hoozoor Treasury within the fusly taking therefore this Amount the increase would be Rupees 5,308-10-0

Motursha. 6- This branch of Revenue was settled at Rupees 38,663-3-1 being in advance of Fusly 1259 by Rupees 295-7-4- the Abstract attached to para 11 of the Acting Collectors report shews the Net increase to be Rupees 869-15-3 of which Rupees 237-2-8- are said to be owing to the Villages of Maamundoor Pollium and Avalcondah Jaghire rented out in Fusly 1259, being settled Ryotwar in Fusly 1260 and the remainder Rupees 632-12-7- to ordinary causes- Deducting however the tax levied on the Town of Pulicat, which Government in Extract Minutes of Consultation dated-

16779

16781

Fort St. George 18th December

dated 19th November 1850 directed the
be suspended, the proper increase
as above exhibited, Rupees 295-7

Sea Customs 7- There were no collections
this head; owing jointly to a decl
in the trade of Pulicat, and jun
operation of Act XI of 1848.

8- Of the total Demand Rupee
17792-11-3 were collected within
Fusly and Rupees 1377-15-7 subseq
leaving a balance of Rupees 5602-
to be still realized.

9- Of the
remi
Pice due to the Military cent
on account of the removal of a Cava
Regiment from Arnee, which the Board
recommend may be written off

10- The Collector also requests
tion for writing off Rupees 68-9
on account of the Demands for Fusly 1259
Tax on certain Fishermen & Shepherds be
Excess tax levied on a Goldsmith
Tax Irrecoverable

Rupees 68-9

As the grounds on which the above requisition

16782

Fort St. George 15th December 1851.

is recommended appear satisfactory, the
Board request that authority may be given
to the Acting Collector to strike the amount
out of his Accounts.

11- For the reasons stated in para
17, the Board beg also to request that
sanction may be granted for writing
off a further sum of Rupees 64-8-4
being the amount entered in excess in
the Demand of Sewoy Jummabu-
12- The whole of the Collections
including Current, Extra and Arrears
within the Fusly Amounted to Rupees
188970-11-1 from which the Charges
viz Rupees 6329-15-8 being deducted
there remained a Net Revenue of Rupees
182640-11-10 of Rupees 27673-5-10 below
that of Fusly 1259 occasioned Chiefly
as stated above by the latter Collections
in Salt and Stamps not having been
received in the Huzoor Treasury within
11th July - In future the entire Collections
should be entered as the Demand
and under the head of Collections the
portions received into the Huzoor
Treasury and remaining in the Talooks
should both be shewn but should be
distinguished from each other.

Ordered that a Copy of the fore-
going Extract with the annexed
comparative Statement of the Col-
lections Charges and Net Revenue
be submitted to Government and a
transcript of the same be furnished
to the Collector of North Arcot -

Rupees 8½ for Sanf

Fort St. George, 18th December 1851.

Read the following Letters-

No. 87.

To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue
Fort St. George.

11

B. No. 2942

Sir,

From the Asst. Coll.r of North Arcot.

Enclosed I have the honor to return a Petition, No. 2443 of 1851, which appears to have been sent to me by mistake as the Taluk mentioned does not form part of this District.

North Arcot Coll.r Cutcherry, Chittoor, 29th November, 1851.

(Signed) S. N. Ward
Acting Collector

Order thereon.

Ordered to be recorded.

11-12

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

13

B. No. 2979.

Sir

From J. D. Bourdillon Esqre Coll.r of N. Arcot, on Special duty, Madras

I have the honor to acknowledge your Official Memorandum of the 4th Instant enclosing copy of an application from the Abkarry Renter of North Arcot to the Acting Collector asking for a renewal of his lease on modified

With reference to the Secretary's Official Memorandum of the 4th Instant submits his opinion on the subject of the renewal

Both herewith returned

16785-

Fort St. George, 18th December 1851.

Duty Increase Decrease.

| | | |

renewal of Mr Morison's lease on modified terms for five years.

modified terms for five years, and the Acting Collector's letter recommending that application to the favorable consideration of the Board, and desiring me, I presume by the Board's order to submit my opinion on the subject

2 The question proposed has two distinct parts 1st whether the amount tendered is fair, as a mere matter of Revenue, 2d whether any and what degree of indulgence is due to Mr Morison either on account of losses sustained under the Current Contract, or on the ground of general benefits derived to the District from his Sugar making enterprizes The former of these is that which must depends on those local circumstances, a supposed acquaintance with which on my part, probably led the Board to make the present reference to me, and I shall therefore confine myself almost wholly to that

3 Mr Ward gives the amount of the Abkarry Rent of the District for twenty years It is not quite clear what the Bering, thus set down is, but it appears to be the amount of the Rent stipulated

in each year, with the addition of sums over-paid on account of Troops newly arriving during the year, but without deduction for remissions allowed for the withdrawal of troops. The average of the twenty years is 113055 Rs, but from this amount some deductions are to be made in order to arrive at a fair average for present circumstances. First, there is the remission for Paumoor and Pulicat transferred to other District. The allowance on this account under the Current lease is 6010 Rupees, and assuming that sum to be correct when the total rent is 137000 Rupees, 5000 Rupees will be proper out of 113055 as it is well known that the amounts of the subcontracts generally vary with that of the general Rent

4 Next there is the deduction for troops withdrawn Mr Morison deducts 10000 Rupees, being the allowance for two Regiments for the whole period; Mr Ward thinks that an average of one and a half Regiments would be nearer the truth, but expresses doubt whether the loss to the Renter has not been fully equal to the withdrawal of two I cannot but think that this latter review is

correct

correct, and considering that for no inconsiderable part of the twenty years there was either the whole or the half of a European Regiment at Arnee, in addition to either two Regiments of Cavalry or one Regiment of Cavalry and half a Regiment of European Infantry at Arcot, and further that since the latter station was entirely denuded of troops, a considerable number even of the Civil inhabitants, finding no market for their skill or labour, have removed to other places. I do not think the difference to the Renter is less than 10000 Rupees annually.

5. Besides these deductions there is another which has been overlooked. Prior to Fasly 1252 the District rentals had a number of shops very near the Military limits. The Renter Mr. Turner obtained a remission on this which in that or the following year was discontinued, as being within the account for the two years in which he held the Farm. I do not clearly remember the Amount, but to the best of my recollection it was above 500 Rupees. If I am right I find the exact sum may be learnt from the Boards' records.

the assumed annual profit from these shops was 1500 Rupees, and the amount at this rate for twelve years, spread over the whole twenty, would further reduce the average Berij by 900 Rupees—

6- The forgoing deductions amount in the aggregate to 15900 Rupees and reduce the average annual Revenue to 97155 Rupees, being somewhat less than either of the two sums stated by Mr. Ward. No one of the three can pretend to strict accuracy, and it is the less important to determine which of them is nearest the truth, because even the highest of them is less by nearly 4500 Rupees than the amount now tendered by Mr. Morison—

7. Looking to the results of the past twenty years then, the present offer is an advantageous one, but it may be asked whether the present circumstances of the District afford reason to expect a higher Revenue hereafter. It is observable that the average of the second ten years of the period above referred to is considerably higher than

than that of the first ten, the former being 130496 Rupees, and the latter only 95615 Rupees, but I cannot but think this results from accidental rather than from inherent Causes. The circumstances which chiefly affect the amount of the Rent are the degree of Competition, and the state of the season whether good or bad. Now the two Fuslies 1243 and 1246 were very disastrous years, and their pauperizing effects operated no doubt for the one or two years following, and the very low rents for those four years out of the ten would much reduce the average of the period—

8. Again an amount of Competition was brought to bear on the bidding in the second period, which was unknown in the first. In Fusly 1252 Mr. Turner came forward, and a sharp Contest was carried on for several years between him and the old Native Renters, which raised the Rent to an amount before unheard of, each party got the contract alternately, and it is believed that both were heavy losers. After Fusly 1255 Mr. Turner ceased to bid high, though he continued to attend the

the sales. In Fusly 1258 Mr. Morison appeared in the field and the Rent was bid up against him, though he ultimately got it, and the case was the same in Fusly 1259. when it was put up for three years. It may be added that Mr. Morison was induced to bid so high on that occasion by a mistaken supposition that the possession of the Abkarry farm would be of use to him in making Palmyra Sugar, and further that such was the unfavorable Character of the seasons of Fuslies 1259 and 1260 that had the Rent been put up annually the biddings in the latter year perhaps also in Fusly 1261 would certainly have fallen off as they did in Fuslies 1243 and 1256—

9. Thus in eight years of the ten in this period (Viz^t. in all except Fuslies 1256 and 1257) there was very active competition, and such from peculiar circumstances as is not to be looked for again. My own belief indeed entirely coincides with the opinion expressed by Mr. Ward, that little or no real Competition could now be looked for, if the Rent were put up to Auction, supposing Mr.

Fort St. George 18th December 1851

Mr. Morison to decline to bid as he informed Mr. Ward he would. Of the two Native parties who formerly contested the Rent, / though they often Coalesced, / one has lost its head and is Comparatively powerless, and the other would be I believe unopposed except by the partial or perhaps sham competition of Mr. Turner.

10.

Under all the circumstances I cannot but think the present offer not only a fair but an advantageous one as regards the Revenue. There is therefore the less reason to support it by a reference to any private considerations, but I may remark in Conclusion that I fully believe that Mr. Morison lost considerably on both the first and the second years of his Contract, and further that except for the accidental circumstance that the Rent had been given for three years instead of being annual, the Government would have had to sustain unavoidably as already remarked, a loss manifold larger than the amount of the remission which was unsuccessfully solicited last year.

+ See my letter to the Board dated Decr. 28/1850.

Madras, 6th December, 1851.

/ Signed / J. D. Bourdillon
Collr. of N. Arcot on special duty

Fort St. George 18th December 1851.

B. No. 2510.
Proceedings thereon 1.
13-14

The Board of Revenue sanction the acceptance of the offer made by Mr. Norman Morison for the rent of the Abkarry Farm of the District of North Arcot for five years or from Fusly 1262 to 1266, at a yearly sum of Rupees 104,000 as recommended by the Acting Collector in the foregoing letter, and authorize the Continuance of the Farm to him, on his furnishing the required deposit and Security.

The Board resolve to forward to Mr. Ward, a Copy of a letter from Mr. Bourdillon, dated 6th December 1851 with whom they have been in Communication on this subject.

From the Mr. Collector of Tanjore—
Submitting Proceedings No. 1 called for regard.g 2 =ing the dismissal of 3 of Gopaulyengar v. 4

Sir,

1. With reference to the Board's Extract, 20th November 1851, I have the honor to forward translations of 2 depositions, Extract of a third and Extract of an Account, which appear to be the only Proceedings on record, that bear upon the charge against Gopaulyengar, late Magistrate Jawabnivis.—

2. I also beg to forward Copy & Extract of those portions of a Magistrate's Memo: =randum in this case in Mr. Bishop's hand writing that relate to Gopaulyengar.—

3. In case any further explan: =nation is considered requisite I would respectfully suggest that the matter be allowed to lay over till Mr. Bishop's return from the Cape; as much important information appears by Mr. Bishop's Memo: =randum to have been omitted to be reduced to writing tho' a record of the principal portion of

of the same is contained in the Memorandum.

Tanjore, ... } (Signed) T. W. Goodwyn
Vellum, ... } Acting Collector.
28th November 1851.

No. 1.

Translation of a deposition given by Villanaiga Tumberaw, otherwise called Mooroogasa Tumberaw connected with the Vadaraniem Pagoda, on the 2nd June 1851, before J. F. Bishop Esqre Magistrate of Tanjore.-

2. It appears from the deposition given before me by Vytilingum Pillay (now present) said Cadjan Dalay Accounts that certain sums of money were paid to some Officers of the Magistrate's Department. Was this expense incurred by your orders and with your consent.?

A. The said Vytilingum pillay had asked for and received from me Rupees 1,750 for the Pagoda and Durbar expences, and for securing your control over the Pagoda affairs. He subsequently told me that some of this money was paid to the Magistrate's Officers for procuring a favorable decision in the Pagoda affairs and promised to show me the account afterwards.-

2. Was the payment of Rupees 850 to the Officers of the Magistrate's Department as mentioned in the said Vytilingum Pillay's deposition made with your consent.?

A.

A. As my opponent was ready to spend considerable sums to gain his wishes, I now hearing of approved of the payment of this Rupees 850 by Vytilingum pillay to get favorable orders.-

(Signed) Villanaiga Tumberaw
alias Mooroogasa Tumberaw.

Given before me this 2nd June 1851.-

(Signed) J. F. Bishop
Collector and Magistrate.-

(True Translation)
(Signed) T. W. Goodwyn
Acting Collector.

No. 2.

Translation of Deposition taken before the Magistrate of Tanjore dated 13th June 1851. from Iyavyen.-

2. Gooroosawmy Pillay the brother of Vythelingum Pillay of Vadaraniem Pagodah says that he gave you some money and that you took and delivered it to Vytilingum pillay who was at Porayar in Tranquebar what do you say to this.?-

A. Yes, I did so, I received some money from Gooroosawmy Pillay, went to Porayar and delivered it to Vythelingum Pillay.-

2. When did you go there.?

A. About 2 or 3 months ago.-

2. What amount of money was it that you say you took and

and delivered.[2]

A Rupees 350.-

2 Why was this 350 Rupees entrusted to you to deliver to Vytelinguem Pillay; and do you know anything about what he did with it.[2]

A Vytilinguem Pillay gave me this Rupees 350, and took me along with him to the Savoloneis Gopal Iyengar's house. When we got near the house I remained outside near the gate of the house, while Vytelinguem took the money inside Gopal Iyengar's house. Afterwards Vythelinguem Pillay returned with the money and we then went away together.

2 Did Vytilinguem tell you what he did with the money that he carried into Gopal Iyengar's house.[2]

A Yes he told me that he gave it to Gopal Iyengar.

Q. Did any one else accompany you when you went with Vytilinguem Pillay with the money or did you go alone.[2]

A. Moottoosawmy Iyen and one Sawmynatha Moodelly went with us.

(Signed) Iyavyen

Translation

No. 3.

Translation of an Extract from Vytilinguem Pillay's deposition dated 2d June 1851.-

2 It is entered in one of the above accounts that Rupees 350 has been paid to Gopal Iyengar, why did you pay this sum to him.[2]

A. A false complaint having been made that Moorooga Sa Tumberan and others have stolen the jewels from the Vadaraniem Pagoda, a warrant was issued from the Head Assistant Magistrates' office, so I paid 350 Rupees to Gopaul Iyengar at Sattengoody to prevent any trouble being given to myself and others and to have our right established.-

No. 5.

Extract from Mr. Bishop, Collector and Magistrate's Memorandum.-

The accounts of which the english entries are translations were seized by me on a private report that Bribery to a considerable amount had lately taken place (within the last 2 or 3 Months) while the dispute was going on between the old Pundarum and the new man, sent over from Jaffnah to take charge of the Pagoda from him. The old man in possession had received 6,000 Pd odd rupees 2 years ago for the Pagoda repair and had expended none in this way. When he refused giving over charge to the new man and removed the Trippany money to another Mundapum, a charge of robbery was preferred to the Head Assistants Cutcherry, and the usual steps taken in such charges warrants & Summons and seizure. To get out of the scrape the old Pundarum is said to have paid handsomely, and he acknowledges that he sent Vydelingum pillay with money to expend judiciously which he says was done as entered in the accounts against the Head Magistrate & Moonshees of the Collectors & Head Assistants Collector's offices, Annasawmy Iyen & Vlgopaul Iyen. The Pundarum was in a scrape, and also wanted to retain possession of his charge

against the new claimant, he had plenty of funds, and believed that by judicious outlay he could gain his ends, the payments are sworn to, tho' no evidence is produced to prove the actual receipt of the money by the parties this is rather in favor of the truth of the story, than against it, the money was carried by others than Vydeapilly to Tranquebar and Negapatam, but they merely state to what places it was taken and left, and that the two Magistrate Moonshees were at the time temporary occupants of either place.-

It cannot be said that the full Amounts were paid to either, but that a considerable sum was so paid, I have not the smallest reason to doubt, the accounts are of 3 years and contain various other transactions of a similar nature and are equally worthy of credit to a certain amount, as allowed by the Cutcherry Servants in similar cases. Many instances having occurred of such accounts being taken as good and sufficient evidence of payments made tho' this should be allowed with great caution as any man's name might be entered as the receiver of money that he never even thought

Fort St. George 18th December 1851.

thought of, but in the present instance, no charge is made against any one to be supported by the accounts secured.- The whole thing has been accidental and would have remained undiscovered but for the suddeness of my seizure. The extreme probability of the payments being made, as the Pundarum was in risk to-gether with what now appears the general notoriety of the corruption, added to the acknowledgement of two parties whose names are entered that the sums debited to them are correct, leaves no doubt whatever in my mind that the other parties are guilty of receiving money for promised services all whose names are entered in the list are culpable, but the immediate Moonsiff of the Collector and Magistrate, think more so, than the Common Goomastahs. + X

X X

There is not evidence enough for conviction before the Criminal Court as actual eye wit-nesses to the payment are necessary and such proof required as rarely exists- but at the same time there is the strongest ground for sup-posing that the parties are guilty and after such

prostitution

Fort St. George 18th December 1851.

prostitution of their office utterly unworthy of further confidence, at present the loss of service may make them cautious if again employed.-

X X X X X

Gopaul Iyen has been before dismissed and his character generally is badly spoken of and I fear with truth X X X X

Since writing the above any doubt of the guilt of the parties which might have existed has been dispelled by the admission of Annasawmy Iyen and Gopaul Iyen, who both allow that money to a consider-able amount was paid them for their interfer-ence in the matter at issue. The former allows that he received 100 Rupees and the latter admits the receipt of a large bag but that the contents were uncounted by him as he returned it to the giver the very same Evening of the day on which he received it.- That both parties have made re-payments of a part or all they received after conviction was pretty certain may be correct, and such report was afloat, but to suppose that Gopaul Iyen repaid his bag of money on the same day he received it appears absurd. This man

told

16805. Fort St. George 18th December 1851.-

told the Head Assistant Magistrate that he repaid the money at Vadaranium about one Month after it's receipt by him and in presence of Tolasinga ex Moodeliar who utterly denies the same.

x x x x

Defence has not been taken in writing as the case was not forwarded to the Court, the parties mainly interested have confessed their guilt and the Police Ameen of Vadarnieum has never appeared to deny his having forthwith made off to Karical.-

10

B. of R. 2944.

From the Secy. to Government

Observing that the most stringent legal measures be adopted to prevent persons purchasing ground in the vicinity of the intended barracks upon the Neilgherry Hills, directing that the Collector be instructed to refuse all applications for that purpose & authorizing that Officer to buy up on account of Government all such lands as the Burghers are willing to sell and remarking that the Magistrate is empowered to adopt measures to prevent persons from establishing arrack shops in the Neighbourhood of the Barracks

Fort St. George 22d December 1857.

No. 4190.

Extract from the Minutes of Consultation in the Revenue Department, under date 2d December, 1857.

Read the following Extract from the Proceedings of the Board of Revenue.

Here enter 20th October 1857 No. 4461

The Right Honorable the Governor in Council is of opinion that the most stringent legal measures should be adopted to prevent any persons purchasing ground in the vicinity of the intended Barracks upon the Neilgherry Hills, and he desires that the Collector be instructed peremptorily to refuse all applications for that purpose as well as to cause it to be generally known that no bargains for land made clandestinely with the Burghers will be recognized. He also authorizes the Collector to buy up, on account of Government, as proposed by the Board all such lands which the Burghers are willing to sell and which according to the landed tenures obtaining on the Hills they be entitled to dispose of.

2. With respect to this latter point the Right Honorable the Governor in

in Council conceives that it can only be land which is cultivated and paid for regularly, year after year, that the Burghers can have any right to occupy except at the will of the Circar, and even with respect to lands on these Neilgherries, as to which a prescriptive right of occupancy by reason of continual uninterrupted cultivation and payment of land tax might be admitted, it would seem from what is stated in para 4 of Mr. Thomas's letter to be questionable whether it is transferable out of the Village Community except with the sanction of the Circar. This question however can only be settled by the Judgment of a Civil Court and meanwhile it is desirable that the Collector should embrace every opportunity of buying up the rights of occupancy in such lands under the authority given in the preceding para. With respect to land one year cultivated and another year left fallow which is usual among the Burghers, the Government do not think there is any right of occupancy touching particular lands.

They

16825 Fort St. George 22d December 1851.

They consider that Government may take possession for its own purposes of any piece of land cultivated in this manner at intervals without compensation to the occasional cultivator, provided there is other land which may be given for cultivation in lieu of it, and such land is offered to them. On this point however there must, it is to be supposed, be information on the records of the Board upon which probably was founded the rule in the Manual to which they have referred. The Government desire that no exception be granted beyond what is authorized by that Rule.

3. With regard to what is stated by the Collector para 3 of the attempts made by Europeans and others to locate themselves in the immediate neighbourhood of the Barracks with a view to establish arrack shops and for other undesirable purposes, the Right Honorable the Governor in Council would observe that the Magistrate is armed with powers to repress such nuisances and

16826 Fort St. George 22d December 1851.

and the Government expect that they will be unsparingly exercised.

The Right Honorable the Governor in Council concurs in opinion with the Board of Revenue in respect to the position occupied by the Collector of Tanjore relative to the Villages mortgaged to the late Pertaub Sing. That Officer has clearly not been holding charge of the property under Regulation VII 1817.- Neither has he been managing it under the provisions of Regulation V 1804 as the Court of Wards have not interfered and he could have no authority under that Enactment save as their Agent. He must therefore be considered as acting simply as Curator for the Minor under the orders of Government, and he must comply with the Court's precept in the same manner as the party for whom he is in charge would be obliged to do,

if

if he were of age to act for himself.-

Bd. No. 3091

From the Chief Secretary to Government

Requesting the Board to submit their views on the altered mode of levying Salt duty at Bombay; and to call upon the Collector of Malabar to state clearly the rate of Wastage which should be allowed on shipments to his District And Calling for their sentiments on Mr Mallby's Report on the question of permitting the import of both Bombay and Arabian Salt into the Southern Ports of Canara as an article of trade on payment of a fixed duty.

Fort St. George 22d. December 1851.

Read the following Extract

No. 1252.

Extract from the Minutes of Consultation, Revenue Department, under date the 17th. December, 1851.

Read the following letter from the Secretary to the Board of Revenue dated 25th. October and recorded in Diary & Consultation 18th. November 1851. No. 1204.—

Read the following letter from the Secretary to the Board of Revenue

Here enter 10th. November 1851 No. 4901

Para 1

With the first of the above Letters the Board of Revenue submits the replies of the Collectors of Malabar and Canara to the reference made to them for their opinion upon the subsidiary arrangements which will be required in consequence of the change made by the Bombay Government in the mode of levying excise duty upon Salt exported from Bombay to the Ports of Malabar and Canara and of the Cochin and Travancore States.

2. In his letter of 3d. September 1851 Mr. Conolly notices certain objections to the change, and states his belief that the plan will be found to possess no advantage above that

Fort St. George 22d. December 1851.

that hitherto existing — but on the contrary that it will involve the necessity of making large disbursements from his Treasury in payment of the Salt imported — and will occasion confusion and delay in the adjustment of the District Salt tranctions. In a subsequent

13th. October 1851. communication he reports that no Salt has been brought down from Bombay since the opening of the Monsoon, and suggests that early measures be taken for ensuring a supply — This part of the subject was disposed of in Extract Minutes of Consultation 14th. Ultimo —

3. The Collector of Canara 3d. September 1851. states the subsidiary Rules which he would propose in furtherance of the scheme of the Bombay Government and refers more particularly to an elaborate report which he had on the same day) forwarded to the Board, and which has been sent up by them with their letter of 10th. November 1851, on the larger question of admitting) Foreign as well as Bombay) Salt into the Ports of South Canara as an article of trade at a fixed import duty —

4. With regard to the remarks offered by the Collector of Malabar it does not appear to the Government, that it will make any difference ultimately, in a more financial

Fort St. George 22d. December 1851.

financial point of view, even if the Collector has to pay to the importer of salt the duty of 12 annas per maund leviable at Bombay in addition to the price of the salt, since the amount so paid will be credited to him again in account with the Government of Bombay - If the salt is not all sold within the Fusly, there will be an apparent balance outstanding in Cash - But salt of an equivalent value will be in store

5. It does however occur to the Government that it is an unnecessary complication for the Collector of Malabar to pay in money to the importer the duty on the salt delivered by him, to be afterwards paid into the Treasury at Bombay, and then credited back in account to the Collector of Malabar - at any rate the Collector of Malabar along with his Certificate of the quantity of salt landed and delivered to him, might grant a Bill on the Government of Bombay for the amount of duty which should be received at Bombay in liquidation of the demand on this account, and in acquittance of the security to be given before the removal of the salt for shipment, it being left to the Government at

Fort St. George 22d. December 1851.

at Bombay to credit to Malabar the difference between 12 Annas per maund and 1/4 anna levied under the existing arrangement - It would be simpler if the Collector of Malabar were directed to credit Bombay with the full duty of 12 annas upon the salt received by him, and to take credit back again for the said difference, furnishing the importer with a Certificate of the adjustment to acquit him with the Treasury of Bombay -

6. The Government of Bombay invite the opinion of the authorities at Madras and on the Coast as to the subsidiary arrangement that may be requisite to give effect to the plan, and this may be one of the points

7. On the other hand taking a more enlarged view of the whole question there seems reason to fear, that the plan of the authorities in Bombay in requiring the Excise duty to be paid in full before the salt be exported or even in exacting security for its eventual payment may have the effect, as indeed appears to have been the case in some degree already of creating serious impediments to the supply

of

of Salt from Bombay to the Western Districts. It's tendency would seem to be to shut out every small trader, to limit and injure the Country traffic - by compelling the Craft to Come down from Bombay in Ballast instead of with a Cargo. thus interfering with the Coasting trade and the supply of a first necessary of life to two important Districts - Moreover it seems doubtful whether all that is aimed at by the change Could not be accomplished by placing the System hitherto in force under better regulations.

8. The Right Honorable the Governor in Council observes that the Board of Revenue have not expressed any distinct opinion upon the remarks made by the Collector of Malabar in his letter of 5th September 1851, nor upon the subsidiary Rules suggested by the Collector of Canara in para 3 of his letter No. 2183 3d September 1851. They request that the Board will favor them with a distinct exposition of their views on the altered mode of levying the Salt duty at Bombay, stating their opinion upon the general question, and specifying at the same time what arrangements should in their judgment be adopted in the

event of the plan being adhered to. The Board will consider the remarks made above in para 1-7 of this Extract. They will further require the Collector of Malabar to state clearly the rate of wastage which should be allowed on Shipments to his District. Mr. Conolly proposes to ascertain this rate by reference to a Committee of Merchants. but for obvious reasons no statement made by such parties should be admitted without careful scrutiny.

9. With their letter of 10th Novem 1851. the Board have submitted a report from the Collector of Canara on the larger question of permitting the import of both Bombay and Arabian Salt into the southern Ports of his District as an article of trade on payment of a fixed duty. The measure is proposed both as an improvement of the present monopoly system and as a means of preventing the decline in the export trade of the District in it's chief staple or that of grain. Mr. Malleby's report has been referred for the opinion of the Collector of Malabar, who advises that if the plan be made applicable to his District, it be introduced gradually

tried

Fort St. George 22d. December 1851.

tried first at one or two Ports and only extended when experience had shown that it could be done with safety. but the Board have themselves not entered upon the question in any detail. The Right Honorable the Governor in Council is not prepared to pass orders upon so important a subject without the benefit of the Board's sentiments upon it more at large. He therefore desires that the Board will review the report in all its bearings and submit their sentiments upon it more either separately at the same time with their observations on the change in the manner of levying excise duty at Bombay called for above in Para 8.

To

The President and Members
of the
Board of Revenue.

/Signed/ F. Fycroft
Secretary to Government

Ordered that the following letter be sent in Consequence.

(34-35)

To,
The Collector of Malabar.

B. of R. 2561
To the Collector of Malabar.
In Con. 25th Sept. 1851.

Sir,
Para 1

With reference to your letter of the 5th September 1851, I am directed by the Board of Revenue to call upon you, for the information of Government, to state clearly, and at an early date, the rate of Wastage which should be allowed on shipments of Bombay Salt to your Districts.

2. If you are to be guided in fixing the rate by the advice of a Committee of Merchants, as you proposed, you will be careful not to admit their suggestion without due scrutiny.

Revenue Board Office,
Fort St. George,
22d. December, 1851.

/Signed/ W. H. Bayley
Secretary

Statement.

Statement

1848 Fort St. George 22d. December 1851.

Read the following letter-

No. 26.

38

To, W. H. Bayley Esqr.
Secretary to the Board of Revenue
Fort St. George-

Bd. No. 3104

From the Collector of Rajahmundry.

Sir,

With reference to your letter of the 20th. Ultimo, I have the honor to enclose a Statement shewing the Salt collections and all items of charges for a period of 5 years. As the Salt manufactured in any year is not all sold in that year it has been necessary to take an average of several. From the Statement it will be seen that the Cost of Government has been 1 Anna 8/2 pice per Indian Maund and the profit to Government 13 annas 1 pice for the same quantity. The reason why this profit to Government has not amounted to the difference between 1 Rupee and 1 Anna 8/2 pice, or 14 annas 5/2 pice, is that Salt for exportation to Calcutta and for the supply of the French Settlement of Yanam is sold at lower rates than that for home Consumption. It should be remarked that during the 5 years in question 69 garces have been sold at Yanam and 308 garces have been exported to Calcutta and that the duty leviable there must have amounted at Rupees 3 per Maund, to Rupees 47080.-

2. With reference to Para 2 of Your letter. I have the honor to state my opinion that the measure proposed by the Honorable Court will have no effect whatever on the Salt trade of the district as the Merchants will hardly be able to import Salt and undersell the Government after paying a duty of 14 annas 4 pice per Maund.-

Rajahmundry District,
16th. December, 1851.

(Signed) T. Prendergast
Collector.

Sir

Transmitting a Statment of the Salt sold and the wastage which was found on the quantity stored for Fusly 1260 A.D. 1850/51

I have the honor to transmit a Statement of the Salt sold and the wastage which was found on the quantity stored for Fusly 1260 A.D. 1850/51 prepared according to the form transmitted with the Deputy Secretary's letter of the 21st November 1836.

Fasly	Quantity stored	Quantity sold	Wastage Percentage							
	Mds.	Mds.	Mds.	Sr.	Cs.	Mds.	Sr.	Cs.		
1256	1,73,884	6,2,2330	1,484	3	233					
1257	4,81,532	4,08,252	9,1,934	2	32	15	2	13	12	
1258	4,82,333	12,1,470	3,910	2	1		2	2	12	
1259	5,85,13	12,1,602	3,610							

2. It will be observed that the outturn of Indian maunds 4,33364-28 of salt on being disposed of was Indian maunds 4,20,377-29 and the wastage Indian Maunds 12,986-39 or Indian Maunds 3-39 14 per Cent which exceeds the per centage of the wastage of Fuslies 1257, 1258, and 1259 and is below that of Fusly 1256 in a trifling amount

3. Besides the wastage above mentioned a loss was incurred on a quantity of Salt put into Boats to be conveyed to a Vessel to be Shipped to Chittagong in the Month of May 1851 but in consequence of a Storm, the Vessel was wrecked and the Boats returned considerably injured and the loss of Salt on this account amounted to Indian Maunds 776-26 making the total wastage for which sanction is required Indian Maunds 13763-19 as exhibited in the Statement.

Nellore, Collector's Cutcherry, 18th December, 1851.

(Signed) D. White
Collector.

paid, as marginally noted, appear to call for particular attention.

3. The Proprietor of Puttecandoo has paid a portion of the Peishcush Rupees 81-7-10 whilst those who are in the enjoyment of the 5/16ths share of Ercombaka have not even liquidated an iota towards the Peishcush due by them. The neglect on the part of these proprietors to fulfil their obligation is apparently owing to the unprofitable condition to which these Estates have been reduced. With the sanction of the Board for resuming the Villages in the possession of the above parties, as regards the balance of Peishcush and interest due as marginally indicated by the late Shrotriemdars of Manjore and Arivoyel. I beg to refer the Board to my letter of the 13th Instant regarding the adjustment of the balance outstanding in these Villages.

4. The balances outstanding against the remaining defaulters being all of them trifling and as they have severally entered into arrangements for speedily meeting

Peishcush Iyen Balum Subsist. Rs	218/12.8	137-4-10	80-7-10
Puttecandoo 5/16th share of Ercombaka	88-5-5	88-5-5	32-3-0

* Peishcush — Iyen Balum Subsist. Rs a/c Rs a/c Rs a/c
Rs 1880 — 15-4. 85-3-3. 13-10.

1858.

Fort St. George, 22d December 1857.

meeting these demands from their Proceeds realizable in the current Fusly I do not consider it necessary to recommend the resumption of their Shrotriems.

5. I beg also to state for the information of the Board of Revenue that Rupees 116-2-11 as P being the interest charged on the balance of Peishcush outstanding against several other Shrotriemdars will likewise be recovered from them out of their Proceeds for Fusly 1261.

27th November 1851. E. E. J. P. [signed] J. H. Cochrane Collector. Ordered

1856 Fort St. George, 22d December 1851.

Order thereon.

Ordered that the foregoing letter be submitted with the following address.

(46-47)

No. 547.

To,

The Chief Secretary to Government.

Sir.

B. No. 2571.

To the Chief Secretary to Government

Submitting a letter from the Collector of Chingleput requesting sanction for the remission of certain Shroffs in his District and recommending that the application be complied with and that the balances due by these Shroffs be written off the accounts.

From Collr. of Chingleput, 25th Aug. 1851. Proceedings 25th August 1851.

1. I am directed by the Board of Revenue to submit for the Orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Chingleput dated 27th November 1851, requesting sanction for the resumption of certain Shroffs in his District.

2. Under the authority of the Board a notice was issued by the Collector to several defaulting Shroffs to the effect that if their balances were not discharged within one month after the publication of the notice, their Shroffs would be resumed. Mr Cochrane now reports that the whole of them, with the exception of those referred to in the Statement accompanying the above letter, have paid up their arrears.

3. The proprietor of Pittecandoo has only paid a portion of the Peishcush which those of Croombalee holding 5/8th share

1851. Fort St. George, 22d December 1851.

share of that Village / the remaining 1/8th being held by another party who has paid the demand against him / have not liquidated any portion due by them. The neglect of these parties to fulfil their obligations is stated to be owing to the unprofitable condition to which their Shroffs have been reduced.

4. The Board recommend that Pittecandoo and 5/8th of Croombalee, as suggested by the Collector, be resumed and authority granted for writing off the balances against those Villages, amounting respectively to Rupees 143—13—5 and Rupees 91—8—5.

5. The balances against the Shroffs of Meenjoor and Arinvoyel referred to at the end of para 3 of Mr Cochrane's letter have been recommended to be written off, in the Board's Proceedings of 11th December 1851.

6. The arrears against the other defaulters are trifling and the Proprietors have entered into arrangements to discharged them from the proceeds of the Current Fusly.

From the Collector of Salem

Sir,

Rec. 20th Octr 1851.

Referring to the authority of your Board for the sale on the 25th Ultimo of certain lands attached for arrears of revenue, I have the honor to report that the balances due by the defaulters marginally noted were liquidated previous to the day of sale and that in consequence of the absence, under unforseen Circumstances, of bidders at Salem the holdings of Marooda, the other defaulter, were not disposed of in the manner proposed. I beg

Putta Nynan Shamien.

Fort St. George 22d December 1851

beg therefore to suggest that these lands be put up to auction at the Village in which they are situated where it is more likely that purchasers will be obtained, and that a date for the sale be accordingly fixed by the Board.

B. No 3005

From the Collector of Salem

Sir,

Adverting to your Board's Proceedings

Fort St George 22d December 1851.

Proceedings of the 13th October last communicating their remarks on the return of trials held under regulation IX of 1822 in this District for the month of august 1851. I have the honor to explain in respect of the absence of any specified period of imprisonment in commutation of the fine imposed in the several cases, that where the amount of fine is small it seems not to have been considered necessary to commute it to any definite period of imprisonment owing to the certainty of the fine being recovered either by its payment by the amerced parties or by its deduction from the Emoluments due to them as registered and salaried Curnums.

Dated 1st Sept 1851

2. In the 3d Case there has been no misappropriation of public money but I regret to observe that the imperfect designation of the offence in the statement has led to the conclusion arrived at by your Board. The charge would better have run thus, "For failure to remit Hists

Fort St George 22d December 1851.

Hists in the months in which they were collected, and falsely entering them in the accounts of the succeeding months," an offence which I submit has been correctly disposed of under Clause 4, Section V.

Bd. No. 2970

From the Collector of South Arcot...

Forwarding the record of a case decided by him under Regulation IX of 1822 which is appealed from by the Curnum and Monigar of the Village of Portoor in the Manargoody Talook.

Sir,

I have the honor to forward two appeal petitions preferred by the Curnum and Monigar of the Village of Portoor in the Manargoody Talook from a decision passed by me under Regulation IX of 1822 against them and some other parties for defrauding the Government revenues in Fusly 1260. I transmit at the same time my English decree, the original proceedings in the case, and a translation of one of the appeal petitions, both being similar in matter and argument.

2 It will be observed that a part of the fraud for which the appellants were punished was proved by their own admissions and that all the fraud is established by the proof which the state of land afforded and by the publick accounts, viz., the Village cultivation and adjungal accounts drawn out by the appellants and contrasted with the accounts of the land

Fort St. George 22d December 1851.

land actually cultivated, as prepared by the responsible Officers of Government and duly signed and attested. The allegation of the Appellants that the Acting Tahsildar was influenced by enmity appears quite unfounded & lent in order that no such representation should be made with any appearance of probality I deputed the Nail Sheristadar to re-examine the lands, as his character and recent arrival in the District were guarantees for his impartiality—

3. In reference to the 3d Para of the Appeal Petition I beg to observe that the land originally brought to Summah and the Chopowny afterwards added do not exceed the ayacut of the Village as there alleged. The Statement seems purposely framed in a confused manner for the purpose of misleading, as land entered in the Poymash accounts under the head of Peramboke is improperly deducted from it, and to show that the Boriz of the Village has been higher, I annex a Memorandum of the actual Settlements in the last 5 fusleis—

Fusly 1255 Rs 3-1
" 1257-1223-4
" 1258-874-2-9
" 1259-911-3-9
" 1260-1012-12-9

4 In the 4th Para of the appeal Petition it is admitted that lands to the extent of Rupees 111—15—10 were improperly omitted from the Village cultivation

Fort St. George 22nd December 1851.

cultivation accounts, but Appellants plead that this arose from their not being able to use the measuring rod while the crops were on the ground. To admit such an excuse would render the preparation of cultivation accounts useless, and open a door to general fraud in all directions. But if the excuse was for a moment admitted the Appellants can urge nothing in defence of their having subsequently attested the Aymaish or examination account prepared by the 4th Defendant after the crops were cut. This account represented that the adungul, or Village Statement of the cultivation, was correct with the exception of a trifling omission of Rupees 15—0—4, and attention is invited to the defence offered by the 4th Defendant who conducted this Aymaish and who has not ventured to appeal—

5. Adverting to the 5th Para of the Appeal petition I beg to refer the Board to the Nail Sheristadar's report and the Khahzur therein enclosed which is signed by the Appellants and contradicts their Statement regarding the non-examination of any land which they wished to be re-inspected—

On

On the subject of the 10 Cawnies it is proper to observe that Manamaf lands are not exempted from Kuseur according to the practice of the District when Sirear water is taken for them, besides which some of the Manamaf lands connected with the present case were unentitled to exemption from teerwah, as not being cultivated by Puttakdars and the connections of the original Manfdars.

The appellants further represent 1st that no freshes came into the Wuddawaur and Veeranum tanks until the 20th June &c that they had no opportunity for ploughing up the fields to conceal the previous cultivation as stated in the decree; and 2ndly, that the fact of the Collector disallowing concealed cultivation entered in the Tahsildar's report to the extent of Rupees 245 11 a. shows that that report was undeserving of confidence, as so large an amount of revenue would not otherwise have been given up. On the first point it is to be observed that even if the irrigation channels did not contain sufficient water for the purpose, there were heavy showers in May during the Immanabundy; and it was

was notorious that numbers of pyots left the Settlement Cutcherry to take advantage of them by ploughing up the Chapowny lands into which they heard that an enquiry was about to be made. On the 2nd point the appellants attempt to turn to an improper use an act of leniency shewn towards them. I was satisfied that these lands were really cultivated from the Tahsildar's report of his local examination, and the prices of straw and stubble produced by him. These pyots were shewn by me to the pyots of several Villages in the Chellumbrum talook who attended my Circuit Cutcherry during my investigation of the case and they were pronounced to be the remnants of crops just reaped, but as the

In August

assessors who accompanied the Naib Sheristadar to re-inspect these lands were unable to give a positive opinion regarding their previous cultivation in consequence of their then flooded state, I considered it advisable to give up the demand, rather than enter in my decree any items of which the proof could be called in question. Had I been able to make the Immanabundy of the taloork at an earlier period the extent of the loss occasioned

occasioned to Government by the Tahsildar's neglect and misconduct would have been more apparent.

8. After considering the leniency thus shown, the acknowledged omission in the cultivation accounts of the late fusly and the suspicions which arise from the lowness to which the Beriz of this Village has lately fallen, though its proprietor (the 2nd Defendant) has ample means for carrying on cultivation and enjoys advantages of irrigation, it is for the Board to pronounce whether my sentence was undeserved. It will be observed that the 2nd Defendant, one of the present Appellants, received another act of leniency in not being removed from Office according to the usual practice on conviction of such frauds. As he is nearly the sole proprietor of this Village I felt unwilling to deprive him of the Manneim Office except in the last resort, and therefore sentenced him to temporary suspension only, in the hope that this punishment would be found effectual in checking future misconduct on his part.

The

See Monthly return furnished to the Board for August 1847.

The other appellant is the Curnum of the Village and identified in interest with its principal proprietor whose dependent he is.— This person used to hold the Curnumship in 4 Villages but was dismissed from one of them named Poorthungody, in 1847 for similar frauds. Whether he should be permitted to hold office at all after having been again convicted of defrauding the Government seemed to me doubtful; but as I did not wish on first joining the District to follow a severer course than my predecessors had usually adopted, I merely dismissed him from the Village in which he was found guilty of preparing false accounts instead of taking away his other appointments also.—

Sirkar versus

The Defendants are charged with fabricating false accounts of the extent and value and Assessment of the Lands under cultivation in

in Fusly 1260 in the Village of Terikenad Pottoor in the Munnaurgoody Talook.

The 1st and 2d Defendants belong to the 2d class and the 3d and 4th Defendants to the 1st class of servants described in Section II, Regulation IX of 1822, and they are charged with the 4th description of offence mentioned in the above Section and Regulation.

It came to the Collectors knowledge at the Jummabundy through the Petitions and representations of some ryots that a portion of the cultivation in this Village had been fraudulently omitted from the accounts with the connivance of the Tahsildar and other native servants. This information appeared credible from the following circumstances; 1st the Adungal Peiry was not as high as it had been in some other favourable seasons; 2d The principal land owner in the Village (1st Defendant) had been favored by the Tahsildar with some Paramut contracts in a manner to excite discontent; 3d & 4th While the aymaish had been generally neglected in the Talook, this was one of the very few Villages in which an ostensible examination of the cultivation was made after the closing of the Adungal

Adungal accounts, the Tahsildar having deputed for the purpose his own pelation (3d Defendant) a young and inexperienced servant who reported on the 17th April an excess of merely Rupees 2 6 2 above the Curnums accounts.

The Collector therefore deputed the Talook Goomastah Ramarow the (4th Defendant) to make a new aymaish and that officer after very improperly delaying his examination, contrary to strict injunctions, reported on the 15th June an excess of only Rupees 15 6 4. It is clear that this servant purposely delayed his proceedings to allow time for the lands to be ploughed up and the traces of the preceding years cultivation to be concealed.

Dissatisfied with this report the Collector ordered the acting Tahsildar to proceed in person to the Village and examine the lands when the following concealed cultivation was brought to light.

	Cawnies	Rupees	A	P
Nunjah	31 1/2	423	7	6
Poonjah with Kusser	7 3/4	97	8	10
Tamarind Tope 8 Trees		17	5	5
		533	5	9

In

In his report (dated 2d August) the Tahsildar mentioned that other lands appeared to have been cultivated, but that he thought it right to include in his chepawany Statement those fields only of which the cultivation appeared beyond doubt. Some of these fields had been ploughed up and the Tahsildar therefore sent to the Hoozoor specimens of the stubble and roots which still remained in them.—

As the correctness of this aymaish was disputed the 1st and 2d Defendants were called upon by the Collector to give in detailed Statement shewing whether they denied the whole Chepawany or admitted any portion of it. The 1st and 2d Defendants then delivered accounts admitting the cultivation of lands in excess of the Adungul, Amounting to Rupees 111-15-10 according to the 2d Defendant, and Rupees 99-8-2 according to the 1st Defendant.—

The Collector then directed the Acting Nail Sheristadar to proceed to the Villages and examine the Chepawany lands, more especially those of which the cultivation was contested. During this Officer's local investigation the Villagers contested only the cultivation of some fields assessed at Rupees 245-11-, they made

made no disputes regarding the remaining lands amounting to Rupees 287-10-9. With reference to the disputed lands it is evident to the Collector that they were really cultivated, the hasty manner in which they were ploughed up to conceal the previous cultivation and the roots and stubble found in them by the Tahsildar appears satisfactory proof on this point, but as the Punchayet assembled by the Acting Nail Sheristedar to inspect the fields were unable to give a detailed opinion regarding their previous cultivation in consequence of their having been ploughed up and inundated, the Collector resolves to give the parties interested the benefit of their doubt. There still remains a fraudulent concealment of Rupees 287-10-9 and the Defendants can give no explanation of their conduct in preparing false accounts to conceal it.—

The 1st Defendant is peculiarly to blame as he is not only a Circar servant but the principal proprietor in the Village. Of the concealed cultivation entered in the acting Tahsildar's Statement Amounting to Rupees 533-5-9 no less than Rupees 504-5-8 belong to him and it is evidently through his influence that the adungul accounts and the aymaish accounts of the 3d and 4th Defendants were falsely made out all these accounts are signed

Fort St. George 22d December 1851.

signed by the 1st Defendant in token of their correctness and he is unable to explain his misconduct.

The 2d Defendant is equally guilty in preparing and signing false accounts and can merely plead errors and inexperience.

The 3d Defendant can only allege in his defence that he is young and inexperienced and trusted to the Village servants instead of examining the cultivation himself.

The 4th Defendant can only make a vain plea that he was taken so ill as to lose his senses when deputed to the Village and trusted to the Statements of the 1st & 2d Defendants when making up his azmaish report, instead of examining the lands himself. This person remained however altogether 15 days in the Village and made no representation of his being ill or unfit for the duty on which he had been deputed. He manifestly proved treacherous from corrupt motives to the important duty with which he was entrusted by preferring a false account and allowing time for the lands to be ploughed up with a view to conceal the traces of their previous cultivation.

The 1st Defendant is sentenced to a fine of Rupees 100 the 2d and 4th Defendants to a fine of Rupees 50 each and the 3d Defendant to a fine of Rupees 25. If the fines are unpaid they are committed in each instance to 6 Months imprisonment. Clause IV, Section V, Regulation IX. of 1822.

B.

Translation of an Appeal Petition

To The Honorable Board of Revenue
Fort St. George

I Ramalinga Pillay Curnum of Porloor attached to Munnargoody Taluk in the District of South Arcot begs to respectfully to Appeal under Clause I, Section VI, Regulation VII of 1822, † from a decision of the Collector dated 29th August last and to state the following arguments to prove that it is contrary to Clause I Section III Regulation IX of 1822.—

† probably a mistake for 1828.

1. I hope to convince the Board from the very decision of the Collector herein enclosed that no evidence has been taken on both sides as required by Clause I, Section III, Regulation IX above quoted, and even that I have been punished and removed from office without the formality of a Criminal trial contrary to the orders of the Board and Government that have been received in this District since 1825. No Regulations authorize conviction and punishment in any case without evidence being taken nor am I aware of such practise

Fort St. George 22d. December 1851.

practise prevailing under this Government, there may be some cause of enmity between a Circar Officer and a Ryot and the former may avail himself of the opportunity of a Chapawany enquiry to make up an account of the nature he wants and send it to the Collector; that the Collector has punished one simply on the faith of the report of an Officer and in disregard of the established regulations and orders of the Board of Revenue will be obvious to the Board.

2. It is observed in Para 5 of the Collector's decree that the stubbles of paddy forwarded by the Acting Thasildar as having been found on the Lands is satisfactory proof of Chapawany: this is indeed strange; for in cases of an attempt to trace a robbery or Chapawany stolen articles in the one case may be found in some place and represented to have been discovered in the house of the accused and in the other stubbles may likewise be picked up upon a particular piece of land and may be alleged to have been found in the land under dispute; and surely

evidence

Fort St. George 22d. December 1851.

evidence is necessary as to the particular spot where they are said to have been found; Confession of the accused will also be required; and the Collector is not empowered by any regulations to punish the Moneagar and Curnum and to levy the amount on the mere report of the Thasildar; nor are we aware of any orders from the Board or Government to that effect. We have not heard of such a thing, the decree bears sufficient evidence of itself that none of the above requirements have been attended to, moreover when a public servant is sent by the Collector on a Chapawany enquiry he understands it to be his intention that an increase should be shown and he manages matters accordingly; the Thasildar referred to was acting at the time and induced in hopes of being confirmed to get up an objectionable account shewing an increase to the Collector in deference to his wishes.

3. When the Acting Thasildar held the appointment in that Talook on a former occasion that is in Fasli 1254

and

Fort St. George 22d. December 1851.

and 1255, some enmity arose between him and the Monegar, in Consequence of which he now got up a Chapavany account including many waste lands; for this reason the Monegar did not follow the Thasildar during measurement; the Thasildar was a man holding a high appointment and of long experience in revenue matters, and had it not been for the enmity he bore to the Monegar, would not have omitted to Conduct his measurement in the presence of witnesses or to take the signature of the Monegar on the inspection of each field; or in case of his refusal to sign he might have obtained the attestations of witnesses as he ought to have done according to Clause I Section III Regulation IX of 1822, and to the practice of the District. If witnesses has been taken duly with the measuring Officer, they would have been produced before the Collector during the investigation; nothing of the kind having been done as will be seen from the decree itself, Your Board will Conclude that the Thasildar prepared the account in the manner he did from malice; that there was ill feeling between the Thasildar

and

Fort St. George 22d. December 1851.

and Monegar will be apparent to the Board from the following Circumstance. It would appear from the decree that in the Thasildars report dated 2d. August, he stated that there were other lands of suspected Chapavany besides what he actually brought to account and that he thought proper to take in only such instances as were beyond doubt; that this report is not true will be clear from the following details.-

Total Ayacut including Poonjah, Punjah Garden and Porumboke Cawnies — 187 32

	C	A.
Poonjah including porumboke	57	14
Deduct		
Porumboke	26	4½
Manirum	"	7½
Total	26	12
Remainder	31	2½
Jummabundy	21	8
Chapavany	7	12¾
Tottacal jumma	"	7½
Total	29	10½
Remaining waste	1	¼
Total of Punjah	128	3
Deduct		
Porumboke	27	½
Manirum	8	2½
	35	3
Remainder	92.	15
Jummabundy	70	11½
Chapavany	31	8
	102	3½

The

Fort St. George 22d. December 1851.

The Thasildar has thus entered as Chapavany 9/4 Cawnies of Nunjah, Pormboke and Kyoot lands in excess of the ayacut and it would appear from the decree that more lands said to have been Cultivated were not included by the Thasildar in the account in consequence of doubts attaching to them and how the Collector believed such a thing the Board alone must decide.

4. It is further stated that on the objection of myself and the Monegar to the Correctness of the Nunjah Accounts, Statement were taken to ascertain to what extent we admitted the Chapavany and that while I acknowledged Rupees 111-15-10 the Monegar stated Rupees 99-8-2 as the amount of fraud; but it was not a fraud wilfully committed; for the Cultivation accounts were written while the lands were in a state of Culture and as the Udungul examination was carried on according to orders received when the crops were yet on the lands, the rod could not be used, and consequently the small fields were entered entire and the large ones on rough estimates, this gave rise to deficiencies

of

Fort St. George 22d. December 1851.

of portions of fields which were in some instances considerable. At the time of the Acting Thasildars examination the lands had the crops cut and were conveniently measured by which omissions and deficiencies of measurement were discovered. the amount stated was according to the account prepared by me besides that of the Thasildar and as the Monegar was not present during measurement there was a discrepancy between his and my statement; and an inspection of the accounts will show to the Board that no intentional Chapavany was practised.

5. It is added in the decree that on the objection of myself and Monegar to the Chapavany the Naib Seristadar was deputed to the spot where it is alleged we admitted it with the exception of Rupees 245-11-. and that the arbitrators who accompanied that Officer were unable to give a decided opinion; the facts of the case are the following - Five ryots Viz. Appavoo pillay, Kistna pillay, Moorooga pillay, Ramasawmy pillay and Appavoo Padiachy from Chellumbrum Talook accompanied

Fort St. George 22d. December 1851.

accompanied the Serishtadar and without measuring the disputed lands were allowed to see the fields which they finished within 12 O'Clock one morning; We shewed the fields and said that the fact should be ascertained by actual measurement; the arbitrators stated that some lands are waste, that certain Punjah lands were not irrigated, that others tho containing water had no remains of Paddy Crop and that they consequently appeared to be waste; lest the Thasildar's accounts should appear false in the opinion of the Collector, the Serishtadar made out a Mazur in his own way and asked the Arbitrators to put their names to the same; they objected, to do so and pleaded that all the lands they saw were in their opinion uncultivated, the Serishtadar observed that the Mazur was made out agreeably to his own opinion and required them to sign it (remarking) that any objections they might have, could be stated eventually before the Collector, and on this understanding they put their Signature to the mazur; they waited two days at the Collector's office with a view to depose to

the

Fort St. George 22d. December 1851.

the real facts of the case and had they been examined it would have been discovered that the lands in question were waste beyond doubt; that the above parties were not examined will be clear from there being no depositions from those individuals. On a perusal of the mazur taken by the Naib Serishtadar and his report to the Collector it will appear that the Acting Thasildar wilfully included waste lands and that they were consequently disallowed; and as it would have been necessary according to the regulations to punish equally with the defrauder, the concoctor of such false statements, if the fact were mentioned in the decree, it is therein represented that lands really cultivated were deducted in favor of the ryots and your Board will admit so that the Collector would not give up so large an amount without adequate cause. Moreover Curry Valum plants about 3 or 4 years old and about one yard high were seen growing on the lands inspected by the two Serishtadar and Thasildar and these were pointed out to the arbitrators and also produced before the Collector in the presence of many people, if the Collector had enquired

of

Fort St. George 22d. December 1851.

of the arbitrators regarding the existence of the said Curry Valum plant it would have been fully proved. Should a Commission be appointed under Clause III Section VI Regulation VII of 1828 and Section XV Regulation IX of 1822 we are prepared to prove the above allegations by numerous witnesses. If the lands were Cultivated and contained stalks of Paddy would it have been possible for Curry Valum trees of 3 or 4 years of age (and about one yard high to grow thereon? I asked the Naib Tehsildar to measure lands other than those amounting to 240 Rupees of Teerwah: He replied that the lands contained water and were being ploughed and that there was no time for further measurement; and he left the village that very afternoon to join the Collector, but we never admitted the amount alluded to; if a short time had been spared to measure the lands in question in the presence of the arbitrators it would have been proved that there were only defects in measurements and portions of fields left out and that there were no entire

fields

Fort St. George 22d. December 1851.

fields concealed, if the arbitrators had been consulted the facts stated by us would have been fully established.-

6. It is stated in the decree that the fourth Defendant who was sent to the Village for nijmaish remained there for 15 days and allowing time for the lands being watered & ploughed made a report of Chapavany on the 15th. June- this is not true, the village is dependant for irrigation upon the Veeranum Tank which received its supply only on the 20th. of that month and the Village received its supply subsequent of that date, and it would have been necessary for water to be obtained on or previous to the 15th. to admit of the fields being irrigated and ploughed as stated in the decree on the 15th. there was no water to be found in the Vadavaur and Veeranum Tank - so that the Villagers were put to great hardship for want of water to drink; On the 17th. that is 3 days after the 15th. freshes came down in the Vadavaur and Coleroon which was reported by the Acting Thasildar to the Collector; and

while

Fort St. George 22d. December 1851.

while the fact of the 4th. Defendant having sent his report 3 days previously is thus clear and requires no proof I cannot discover how the Collector has remarked that time was allowed to water and plough up the Chapavanny lands at Poolvor at a period when there was no water to be had in the Vadavaur and other sources of irrigation. The Thasildar's report of freshes having come on the 17th is on the records of the Huzzoor and a reference thereto would have shown whether the lands were plough-ed previous or subsequent to the transmission of the accounts by the 4th Defendant- a Comparison by the Board of the Thasil-dar's water report with 4th Defendant's accounts will show that a supply was received only after the date of the latter and that the assertion in the decree has been made with the view of convicting and punishing us.-

7. A reference to the Proceed-ings held by Mr. Collector Cunliffe in Fusslies 1238 and 39 in similar cases of Chapavanny enquiry conducted in Reddyoor &c. of this Talook will show to the Board that nothing

Fort St. George 22d. December 1851.

nothing like the regularity observed on that occasion was attended to in the present case.-

8. During the Collectorship of Mr. Dent in Fusly 1242, when 200 Rupees of Chapavanny was made out in the Village of Madapooram near Poolvor the ryots refused to sign the accounts and the Collector ordered the levy of the amount not-withstanding- but on an appeal to the Board that authority would not we learn allow sanction for its recovery in the absence of the signature of the ryots; and the non-realization of the sum is of itself sufficient proof that it was not authorized. A perusal of the Proceedings in the case cited will show that the present enquiry was not conducted on similar principles.-

9. In the case of Para-thoor where Namasevaya Pillay the Hoozoor Sumparaly made an

an ryuaish that official carried on his enquiry in the presence of the Curnums, Monegar, a few arbitrators and the Holders of the adjacent fields agreeably to the regulations and practice of the District. and adjusted all dis-putes on the spot; in regard to objections of an important nature he applied to the Thasildar and settled them with his aid; and it will be seen from the decree that nothing of the kind was done in my case.—

10. In Fusly 1247 the then Collector Mr. Ashton declared Manamap lands to be exempted from Kusser and remitted charges of that nature already made in that Fusly from the Puttahs, and no Kusser has since been imposed on lands of that description. Contrary to this practice however Kusser has been charged on Manay map lands

lands in the present case; a refer-ence to the Tahsildar Diary of that Fusly will induce the Board to disallow the above charge.—

11. Under the foregoing circum-stances I respectfully request that your Board will give their best Consideration to the Proceedings connected with this case together with the Petitions and other papers given before the Collector, and order the remission of the supposed amount of fraud and the fine levied from me as also that in-structions may be sent to the Collector for my reinstatement agree-ably to Clause II Section VII Regulation VII of 1828.—

/Signed/ Ramalingum

30th. October, 1857.

N. B. The Petition of the Monegar is exactly the same as this; and agrees almost word for word.—

Bd. No. 2991
From the Collector
of Madura.

Sir,

With reference to the enclosed Petition I beg to observe that it does not appear that the Presenters had actually been made to work on the Road, but that they were afraid of being compelled to do so. There is no cause for such apprehension. Now that the system of speedy payment on which the work is carried on is known and appreciated, sufficient labourers freely offer themselves. At first it was not so; and persons like the Petitioners were called upon, not to work themselves, but to allow some of the coolies in their employ to assist in constructing the road, being of course paid for their labour. Considering the very great benefit which will result to the Mercantile class from a good road in lieu of a mere track across cotton ground, this was not much to ask of them, but as I mentioned before

Fort St George 22d December 1851

before it is not now necessary to seek for labourers for the work, as its own advantages attract them-

Sir,

From the Collr. of Canara } I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 7th April last requiring each Collector to submit separate Statements shewing the Receipts and Disbursements on account of plantations carried on in his district and on account of Topes you intended for the improvement of the Country, and to furnish information upon the points noticed by the Accountant General-

Submitting with reference to the Proceedings of the Board of Revenue dated 7th April last, information regarding Receipts and Disbursements on account of plantations and Topes you in Canara-

Fort St George 22d December 1851

2 An examination of the accounts of this district shews that the sandal wood gardens cultivated at the expense of Government were abandoned in the year 1819 as being unremunerative, and the cattle and implements were sold off and the gardeners dismissed.

3 From that time no expense has been incurred by the Government- The garden at Banawasi in the Sonda talook is still the property of Government, and its boundaries can be defined, but in Honore the land has been gradually applied to other purposes-

4 I am unable to give a detailed account of the expenditure upon these experiments so as to correspond with the period indicated in the accountant General's letter which would afford any further information than that which the accountant General's letters now exhibits- The experiment did not succeed and was accordingly abandoned and it appears to me that it is desirable that the outstanding balance should be placed to the heading of profit and loss-

5. There are a few trees standing on what was the Government garden at

at Banawasi which may possibly yield a hundred Rupees but it will be better to leave them to be brought to account hereafter in common with the trees of the Government jungles around them.

B2. No 2993.
From the Collr of Malabar

Sir,

I mentioned in my letter of the 15th Ultimo, that the enquiry regarding the escheated estates of the Betutnaad Rajah, sanctioned by Government under date the 18th February last, had proved to be a more arduous task than was expected.

The survey made in 1835, on which the calculation given in my letter of the 5 December 1843 was founded, turns out to be so inaccurate and deficient that, not only has almost all that work to be done over again but much new work performed. It is satisfactory to be able to state however that

that the increase of enquiry will lead to an increase of fair gain to the Government and that there is reason to believe that the annual increase of Revenue will not fall much short of double of what I supposed in my letter above adverted to i.e. Rupees 3,4,40-9-4 in place of Rupees 1,720-4-8- per annum.

The purpose of my present writing is to request some extra aid to enable me to carry out the work in hand in a reasonable time. Hitherto I have done every thing with the best part of my own Establishment, but I cannot continue to do this without considerable inconvenience and neglect of other duty, and I would beg therefore that for the space of four months I may have the following additional Establishment.

2	Goomastahs	Rs 20	per Mensem	40.
3	—— Dr. ——	15 ——	Ditto	45
4	—— Dr. ——	10 ——	Ditto	40.

I shall be glad to receive an early answer.

B2 No 320
From the Collr of Madras

Sir,

With reference to your letter of the 17th November 1851, I have the honor to report on the subject of the Salt compensation Certificate in the name of T. Rungammanaroo Chetty.

2. The difference between the payment originally sanctioned on account of Certificate No 23 and that subsequently made to the holders of Nos 47 and 48, arose from the circumstance that while 3 pans were sanctioned in 1813 under No 23, in Mr Ellis Register, in the name of Tagaroy Moodelly, no more than 2 pans were actually granted to the same individual, the remainder having been

To Board 15th March 1849.

divided equally between Gnanapa Moodelly and one Vencatasen.

3 This will account for the additional half alum entered in Gnanapa Moodelly's name, noticed by the Board and for the increase Rupees 20-1-- now enjoyed by him.

Madras, 9th December, 1851.

/Signed/ T. A. Hudleston
Collector

Order thereon.

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address

No 549.

(67-68)

To, The Chief Secretary to Government.

B2 No 2572.
To the Chief Secy to Government
Submitting a letter from the Collector of Madras, on the subject of Salt compensation Certificate No 48 retrenched from the accounts of his office for Fusly 1258 and recommending that under circumstances stated, the Civil Auditor be authorized to admit the charge as also the subsequent payments from 12th July 1849 to 11th January 1850 and that sanction be granted for the registry of the Certificate in question in the name of T. Rungammanaroo Chetty.

From Collector 27th September 1851.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the correspondence noted in the margin, respecting the amount paid by the Collector of Madras, on account of a Salt compensation Certificate No 48, and retrenched in his accounts for Fusly 1256.

From Collr No 27th Septr in Board's 6th October	/51.
Proceedings 6th October - - - - -	/51.
From Collr No 11th in Board's 20th October	/51.
To Collector 20th - - - - -	/51.
From Collector 4th in Board's 17th Novr	/51.
To Collector 17th - - - - -	/51.
From Collr No 9th in Board's 22d Decr	/51.
From Civil Auditor 2d in Board's 20th Octr	/51.

From Collr 11th Octr /51.
From Civil Auditor 3d Octr /51.
Sundries 3d Octr /51.

2 The above Certificate forms a portion of the Compensation originally allowed to Gnanapa Moodelly for 2½ Salt pans, as appears from the entry No 7 of Mr Ellis' register dated 1st April 1813 at his death in 1828, it was cancelled, and two fresh ones were issued, Viz one No 47 for 2 pans, in favor of his Grandson Sedambara Moodelly, and one No 48 for one pan, to his Nephew Mootoo Comaraypah Moodelly. The former of these was in 1846, again sold to Soobaroya Chetty, and received the sanction of Government on the 31st October 1846. The other No 48, on the demise of Mootoo Comaraypa, was registered in the name of his brother, who afterwards transferred it to his Nephews, the parties to

Recd 8th for Desp.

16910 Fort St George 22d December 1851.

to whom the payment of Rupees 60-2- now under retrenchment was made.

3. The difference in the number of pans originally granted to Gnanapala Modelly, and that subsequently transferred by him, is accounted for from the circumstance, that while 3 pans were sanctioned in 1813, under entry No 23 of Mr Ellis' register, in the name of Tagaray Modelly, no more than 2 pans were actually granted to him, the remainder having been equally divided between Gnanapa and one Vencataven.

From Collr 9th Decr 51.

4. Under the explanation above afforded, the Board request that the Civil auditor may be authorized to admit the charge of Rupees 60-2- retrenched in the accounts of the Collector for Fusly 1258 and for the subsequent payments from 12th July 1849 to 11th January 1850, amounting to Rupees 60-3-

From Collr 4th Novr 51.

5- The Board also recommend that sanction be granted for the registry of the Certificate No 48, in the name of T. Rungamanaroo Chitty, the last purchaser, and that the allowance may in future be disbursed to him-

Read the following letter

No 116

To,
W. H. Bayley Esqre
Secretary to the Board of Revenue.

(69)

Br No 3027.
From the Collector of Madras.
Submitting a report on the Extra Sources of his District for Fusly 1260.-

Sir,

I have the honor to submit herewith for the information of the Board and Government, in triplicate, the printed Statement of the gross Collections, Charges and Net Revenue in the Collectorate of Madras together with its accompaniments A to G for Fusly 1260.-

2. The Salt transactions during the year under report may be seen from the following entries.

	G.	M.	Rs.	a.	P.
Sales on account of Home Consumption	970	60	116418	"	"
Inland Sales	3185	310	382293	"	"
Exportation	925	166 4	16657	8	"
Sale proceeds of Palmyra leaves, Gunnies, &c.	"	"	24	7	"
	5081	136 4	515392	15	"

3. It will thus be seen that the aggregate Collections from the Salt

Salt sales amounted to Rupees 5,15,392—15—" which exceeded the sum realized in the preceding Fusly by Rupees 1,01,676—9—7.

Fusly 1259 4,13,691—11—5
1260 5,15,368—8—"
Increase 1,01,676—9—7

4. This large increase is mainly attributable to the increase in the sales for Inland Consumption, although, as will be observed from the following entries, the increase is not confined to that Department.—

	Fusly 1259. Rs a p	Fusly 1260. Rs a p	Increase. Rs a p
Home Consumption	1,12,008-14-5	1,16,418-"-"	4,409-1-7
Inland Sales	2,90,307-"-"	3,82,293-"-"	91,986-"-"
Exportation	11,376-"-"	16,657-8-"	5,281-8-"

5. The demand for Salt for the consumption of the Town and Suburbs of Madras has been steadily improving during the last few years and has in the year under report reached the sum of Rupees 1,16,418—"—" being Rupees 4,409—1—7. above the collections of the past Fusly.—

6. This improvement is no doubt attributable

attributable to the yearly increase of the population, and it is satisfactory to observe that the large sales required for the inland trade had not affected the supply for this purpose.—

7. The Inland sale in Salt through this Collectorate has steadily progressed, a circumstance which is attributable as much perhaps to the superior quality of the attiput Salt, as to the facilities afforded to Native Merchants by forming a depôt of sale at the Presidency for this purpose.—

Fusly 1259 2,90,307—"—"
1260 3,82,293—"—"
Increase 91,986—"—"

8. The amount realized from the Inland sales in the year under report exceeded the collections for the past year by Rupees 91,986—"—"

9. The Salt was exported in two fusles to the different districts in the following proportions from which it will be seen that the Bangalore and Mysore territories consume the largest portion.—

Districts

For Ft. St. George 22d December 1851.

Districts.	Fasly 1260. Increase.		Decrease.		Fasly 1259.

For Ft. St. George 22d December 1851.

10. The quantity of Salt sold in Fusly 1260 for exportation by Sea was £. 925–166–4 which realized a revenue of Rupees 16,657–8–" which is above the amount obtained in the preceding year by Rupees 5,281–8–"

Fusly 1259 11,376–"
1260 16657–8–"
Increase 5,281–8–"

11. The whole amount of the Salt Revenue of Fusly 1260 including the proceeds of the sale of certain Palmyra leaves &c. was Rupees 15,392–15–" The ordinary receipts and the other minor items, are separately entered in the Statement of Demand Collection and Balance to the 11th July last.

12. The Salt charges incurred on account of the two years under report, are as follows.

	Fasly 1259	Fasly 1260
1 Pay to servants	5,933–3–6	5,845–14–10
2 Salt Manufacturers share	43,687–11–4	42,555–15–1
3 Compensations, Russooms &c.	4,823–2–4	3,960–5–1
4 Sauderward charges	6–11–6	8–3–11
5 Extra charges	23,968–15–7	26,906–15–2
6 Proportion of Extra Revenue charges	10–13–11	5–5–8
	78,430–10–2	79,282–11–9

The

For Ft St. George 22d December 1857.

13.

The fluctuation in the items of which these charges are composed, are of an ordinary nature not requiring any remark except that the increase in the total amount is attributable to a larger expenditure on account of exportation to Calcutta, in the year under report than in the preceding Fusly.

14.

After deducting the charges the Net Revenue derived from the sales of Salt in Fusly 1260 is Rupees 1,36,110—3—3 being above that of the preceding year by Rupees 1,00,803—13—". The per centage of charges was for Fusly 1259, 18 51/64 and Fusly 1260. 15 24/64.

Fusly 1259 3,35,306-6-3
1260 4,36,110-3-3
Increase 1,00,803-13-"

Frontier Duty.

15.

The gross Collection made on account of frontier duty in Fusly 1259 were Rupees 230—7—11. and in Fusly 1260, Rupees 103—13—4. No charges are incurred under this head.

Abkarry.

16.

The following Statement will give a general view of the Collections made in Fusly 1259 and 1260 in the Abkarry branch of the Extra sources of this Collectorate.

1255	569999	1 8
1256	458292	8 9
1257	531725	10 1
1258	572744	6 3
1259	571938	11 7
Total for 20 years	10394635	7 4
Average	519731	12 4
Fusly 1260.	535008	4 6
Increase	15276	8 2

17. Large, as is the falling off under this head when viewed by itself, the Collections of the year under report are not below the average of the twenty years preceding it as will be seen from the entries in the Margin-

18. It will be seen also that the Abkarry Revenue had reached its maximum height in Fuslies 1253 and 1254 and has since that gradually declined.-

19. In my letter dated 3d February 1851. I explained the causes which operated in a great measure to produce the result then commented on.- The Board* refer to one of these reasons attributing the diminished sales of Liquor to the want of rain.- It will be seen that a large portion of the decrease in the sales of Putta

*In a Memo dated 27th October remarking on Statement A accompanying the Demand Collection and Balance Statement for Fusly 1260.

+Vide para 23 infra

Putta Arrack occurs in the tract of Country that is outside of the limits of the Supreme Court where it is obvious that the chief consumers of the liquor must consist of cultivating laborers.-

20. A failure of the rains, as was the case to a great degree in Fusly 1260. tending to raise the price of food must no doubt have greatly affected the ability of this class of people to indulge in any thing beyond the actual necessaries of life.-

Note. In page 226 of the Directions to Revenue Officers published by the Government of the North West Provinces this circumstance is adverted to in the following words "Seasons of scarcity and difficulty by raising the price of the articles from which spirituous liquors are distilled or by diminishing the power of the people to purchase, must always affect the Abkarry here as it does the Excise in all Countries".-

21. Besides these circumstances as regards the decrease in the Toddy branch of the Abkarry Revenue it will be seen that the reduced results are partly owing to the improved sales in former years, and partly to the loss sustained by the Gardens from the effects of the Gale in May last. A comparison of the average for the last 20 years gives an increase in favor of the year under report by Rupees 26641-4-.-

Average of last 20 years	2009626
Fusly 1260	2236984
Increase	26641-4-.-

22. These reasons do not however appear to me to be the only causes which have operated prejudicially on

For^t St. George 22^d December 1851.

on the Abkarry Revenues since Fusilies 1253 and 1254.

23. The following Statement will shew the proportion in which the decrease in the Putta Arrack Revenue, where the principal deficiency occurs, in the Shops within and without the limits of the Supreme Court.

Without the limits—— Rupees 11531 8 8
Within the limits —————— 7115 6 -
Total—— 18646 14 8

24. When it is understood that the Shops within the limits of the supreme Court are almost all of them shops drawing a larger supply of liquor from this Office and paying a large amount of tax, than those outside the Limits, it will be perceived that the Putta Arrack Shopkeeper, vending within the limits, has a strong inducement to lower the quantity that should be taken by a Shop of his class, and make up the usual demand by smuggling from the outside shops, which in many cases belong to the same owner.

This

For^t St. George 22^d December 1851.

This process of course creates a demand in the Shops without the Limits, which is usually got in by removing the liquor from the Chingleput Distilleries, where the price is very little above prime cost whereas it costs to the outside Shop-keeper 18½ fanams the Gallon and to the inside dealer 38½ fanams the Gallon.

25. It will thus be seen that the system under which the Abkarry Revenue is at present collected depends for its success in a great measure upon the efficiency of the Establishment of Peons and Overseers. Unless these are in sufficient numbers it becomes most difficult to prevent the illicit sale of liquor, and the systematic smuggling that no doubt prevails both inside and outside the limits of the Supreme Court. Upon this subject I would refer the Board to my letter of the 15^th September 1851. in which I have fully stated the necessity of an increased Establishment.

26. The Charges incurred on account of the Abkarry Department, are

are as follows.

	Fusly 1259	Fusly 1260
1 Pay to Servants	19,729-8-3	19,531-1-3
2 Sauderward charges	38-10-6	48.13.4
3 Extra charges	55,820-1-6	46,727--8
4. 5/12 Extra Revenues charges appointed to this Head	18.1.10	8.14.9
	75,606-6-1	66,315:14.--

27. The cause of the difference in the charges, in favor of Fusly 1260, was the purchase of a smaller quantity of Jaggery for the distillation of Putta Arrack at a price below that of the past year.

28. Deducting the charges given above from the gross Collections, the Net Revenue stands at Rupees 46,246-14-10. The per centage of charges for the two fuslies under review was Fusly 1259. 13 12/64 Fusly 1260, 12 24/64.

Small farms and Licenses.

29. The Revenue derived in this Office under this head consists entirely of the sums paid for stamping the weights and Measures in use in this District. The amount realized on this account for the year under report was Rupees 11171-6-5

being

Fusly 1259- 11,230-14-10
1260- 11,171-6-5
Decrease 59-8-5.

being thus Rupees 59-8-5 less than in the previous fusly.

30. The ordinary revenue corresponds with the entry in the Statement of Demand Collection and Balance. The Extra Collections Rupees 22-9-3. in Column 12 of Statement No. 1.

31. The charges are as follows.

	Fusly 1259	Fusly 1260
1 Pay to Servants	2521--2	2488--8
2 Extra Charges	18-13-5	22-5-6
3 Proportion of Extra Revenue charges	3-9-11	1-12-6
	2543-7-6	2512-2-8

32. Deducting the charges from the Gross receipts, the Net Revenue is Rupees 8,681--13-- and the per Centage of charges in Fusly 1259 22 36/64 and Fusly 1260 22 28/64.

Cochrane's Canal.

33. The toll derived from goods passing through Cochrane's Canal, amounted in the year under review to Rupees 32,515-11-8 being slightly in excess of the receipts of the past fusly.

34. Agreeably to the instructions of the Board under date 26th March 1849.

Statement

Statement F has been submitted from which it will be seen that the principal portion of the Revenue is collected as duty on firewood and shells.

35. The Revenue on Cochrane's Canal corresponds with the entry in the Statement of Demand Collection and Balance.

36. The Charges are as follows.

	Fusly 1259.	Fusly 1260.
1 Pay to Servants	3,324-"-2	3,292-"-8
2 Sauderward	5-8-"	6-8-"
3 Extra charges	606-1-5	1,036-1-9
4 Proportion of Extra Revenue charges	3-9-11	1-12-6
	3,939-3-6	4,336-6-11

37. The only item requiring explanation is that of Extra Charges the increase under which head in Fusly 1260 has been occasioned by certain repairs made to the Canal.

38. The Charges as shewn above being deducted from the Total Collections there remains a Net Revenue of Rupees 28,179 4 9. which exceeds that

of the preceding fusly by Rupees 483-7-" The per Centage of Charges in the two fuslies was Fusly 1259 $12\frac{28}{64}$ and Fusly 1260-$13\frac{21}{64}$-

Stamps

39. The amount of Revenue derived from the Sales of Stamp paper and Leadjans was Rupees 9,643-3-6. which exceeds the receipt of the preceeding year by Rupees 920-13-"-

Fusly 1259-8,722-6-6
1260-9,643-3-6
Increase 920-13-

40. The amount of this Revenue corresponds with the entry in the Statement of Demand Collection and Balance.

41. The charges are as follows.

	Fusly 1259.	Fusly 1260.
1 Commission to the Vender	446-2-11	491-2-6
2 Refund of Stamp duty thro' the Court of Sudr Udalut under Clause 2 Secn XXV Regulation XIII of 1816	2,514-"-"-"	1,740-"-"-"
	1,960-2-11	2,231-2-6

42. Deducting the Charges from the Collections the Net Receipts amounted to Rupees 7,412-1-" while the per Centage on the charges in the two

two fuslies was Fusly 1259-22 30/64 Fusly 1260-23 8/64.

General View.

43. From the foregoing State:ment it will appear that the Grand Total of the Gross Collections for the year under report, amounts to Rupees 11,04,412-8-8 or Rupees 66,020-10-4 beyond the receipts of the past year, from which if the charge under every branch of the Extra Sources be deducted, the Net Revenue for Fusly 1260 will be found to exceed that of the preceding year by Rupees 73,825-10-8.

Fusly 1259-875,908-7-6
1260-949,734-2-2
Increase 73,825-10-8

44. If the Net Revenue derived from Quit Rent be added, the Total receipts of this Collectorate, after deducting charges, will amount in the year under report to Rupees 997,749-3-

45. The net Revenue in the year previous to the abolition of the Sayer duties amounted to Rupees 9,88,071-13-5 Fusly 1253. thus shewing that the loss occasioned by the abandonment of these duties have been more than covered by an improved management of the other Sources of Revenue, a result that I hope may be deemed satisfactory to Government.

46. Agreeably to the orders of Government Communicated by the Board under date the 7[th] November 1850 the en:closed Statement G is submitted shewing the number of Seizures made in the Abkarry Department and the rewards disbursed to the Informers and Seizers from the amount Sanctioned by Govern:ment for this purpose.

Madras, 9[th] December, 1851. (Signed) J. A. Huddleston Collector.

Vide Remark in No. 12.

Vide Do. in No. 23.

Traffic in Grain having been advantageous to the Merchants at this Market caused the increase.

Salt fish, Chillies and Straw having been much in demand is the cause of this increase.

Vide remark in No. 12.

The sales of Cheroot were small in this month, which causes this decrease.

The remark in No. 9 accounts for this decrease.

† This case was on the 29th April 1851 recommended to the Board of Revenue for the payment of rewards and sanction was received on the 20th May for Rs 26. Meanwhile the Collector was given to understand that the party who was sent to Jail had paid his fine of Rs 100 of which Rs 58 were distributed as rewards to the Seizers Viz consequently out of the Sanctioned amount above stated to only 6 Rupees was paid to the two Peons who were not paid rewards at the Police Office and 7½ Rs to Rungacherry on account of the expense he had incurred in the case amounting in all to Rs 13-8-- and the remainder Rs 12-8 being carried to the Credit of Government.

To W. H. Bayley Esqre.

Secretary to the Board of Revenue.—

Sir,

I have the honor to submit for the orders of the Board of Revenue a communication from Messrs Dale and Boyson applying on behalf of their client G. S. Hooper Esqre for the return of certain documents connected with that Gentleman's title to the property purchased by him from Mr. Majoribanks which are now lodged in my Cutcherry, and to request that I may be authorized to make over the papers to Messrs Dale and Boyson as they are of no value to the Government.—

J. A. Huddleston Esqre

Collector of Madras and Register of Grants.

Sir,

With reference to our letter of the 4th Instno, we have now the honor to request that you will be pleased to obtain the sanction of the Board of Revenue for delivering to Mr. Hooper as soon as

Sir

5th December 1851

Board's No. 3019. From the Collr. of Madras.

13.

1842 Fort St. George, 22d December 1851.

his behalf the two original Malabar Bills of sales noted at foot, as they form a part (and a very material part) of Mr. Hooper's title to the property in question. It is obvious and we need not therefore use argument in support of the position, that Mr. Majoribanks ought never to have left the Documents in the hands of Mr. Smalley (who was the Collector and Registrar of Grants in 1830) but should merely have produced them for his inspection and to satisfy him that Mr. Majoribanks was entitled to the issue of the Certificates for which he had applied and that they should either have been returned separately to Mr. Majoribanks or annexed to the 2 Certificates issued by Mr. Smalley and numbered 12 and 13. These Bills of sale (and not the Collector's Certificates) gave Mr. Majoribanks the title to the property and being the best evidence of such title ought to be in the custody of the present owner Mr. Hooper. They are valueless to Government and we would suggest that their retention in the Registry of your Department can in no way be necessary. Should you wish for further evidence of Mr. Hooper's title we should be happy to forward the Deeds for your inspection.—

Madras, 5th December, 1851. (Signed) Dale & Boyson

Ordered to be recorded.

Read the following letter.

(75)

B. N. 3073. From Messrs Dale and Boyson. Reporting that the Court of Sudr Udalut have decided their special appeal suits Nos 44 of 1850 and 8 of 1851 in favor of the Collector of Salem.

To,

W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St George.

Sir,

Parat.

We do ourselves the honor of reporting to you for the information of the Board of Revenue that the 2 Special appeal suits Nos respectively 44 of 1850 and 6 of 1851 on the subject of the Salem Waste Lands came on yesterday before the Court of Sudr Udalut, on which occasion the 3 Judges presided and the Judgment of the Court was given in favor of the Collector in both Cases, under the Circumstances we will proceed to detail.

2. The Board are aware that the Suit No 44 of 1850, was an appeal by the Collector against Mr Fischer complaining of the Decree passed by the Civil Court of Salem in appeal suit No 76 of 1847, whereby the title of Mr Fischer to the 2 pieces of Ground used as encamping Ground and place for execution was confirmed

1945 Fort St. George 22 December 1857

confirmed, and that the Court of Sudr Udalut had been pleased on the admission of the Special Appeal Petition to disallow one of the Grounds of Appeal put forward by the Appellant Vizt. That the Civil Judge had not decided the Case on its true merits but to admit the Special Appeal Petition on the sole Ground. That the suit was barred by the statute of limitation.

3. The Board are likewise aware that the suit No 6 of 1851 was an Appeal by Mr Fischer against the Collector complaining of the Decree passed by the Civil Court of Salem in Appeal Suits Nos 78 and 84 of 1847 and that the Court of Sudr Udalut was pleased to admit that Special Appeal Petition on 2 Grounds Vizt 1st Because it was of opinion that the Grounds urged by the Lower Courts as bearing them out in their refusal to award arrears of rent to Special Appellant for the Two spots of land decreed to him, were untenable and opposed to the usual practice of the Courts and 2nd G. That it seemed desirable that the question involved

in

1946 Fort St. George, 22 December 1857.

in the Special appellants claim to a spot of Ground occupied by a Government Bungalow situated on the ... grounds of the Salem Fort, should be fully and finally disposed of.

4. The suit No 44 of 1850 was first called on and Mr Dale intended to lay before the Court a succinct narrative of the Transactions out of which the suits had arisen as also the General policy pursued by Government and the Board with regard to peremptory Lands in Inostahs not required for public purposes, and the reason for the Government opposing Mr Fischer's demand in the present instance; we regret however to state that the Court stopped Mr Dale from Proceeding in his address on those Points, directing him to confine himself strictly to the question of law involved in the point admitted in that case, observing that in the event of not being successful in that suit he would have an opportunity of stating the Circumstances and the views of Government in the Case No 6 of 1851. This restriction on the part

of

of the Court prevented us from bringing the Case before the Court on any other than the pure legal ground which resolved itself into the questions of 1st. Whether the Government had held adversely to Mr Fischer for more than 12 years prior to the Commencement of the original suit in 1842 and 2dly if so, whether the Company's Courts were or were not prohibited from hearing, trying or determining the merits of the suit; we would remark that by adverse possession is not necessarily meant that the first occupancy by the Defendant should have been by decision in or even intrusion all that is understood by the term in law is, that the Defendant has held the land in a character incompatible with the idea that the freehold was vested or remained in the claimant; as was precisely the case in the present suit, the Government have held adversely to the Rootadar, because the Government say the land in question always did and still does belong to them.

in

in as much as those portions never passed by the Summud to the Mootadar, whereas Mr Fischer in opposition or adversely asserts that all the 3 pieces of land did pass under the Summud and that under that Instrument his Tender was entitled to them; after hearing Messrs Dale and Ouchterlony for and against the appeal, the Court decided that the limitation contained in Regulation II. of 1802, Section 18 Clause 4 must prevail.

5. Immediately after giving Judgment in that Case the Court intimated that it saw Grounds for amending the Certificate for admission of the Special appeal in No 6 of 1857 by providing that in dealing with the Special Appellants' Claim to the Spot of Ground involved in that appeal, the question of limitation bearing upon that Claim should also be disposed of.

6. This order was made by the Court exmero motu and without application by Mr Dale and was opposed by

Regd 13th Jan Feb 7

16949 Fort St George, 22d December 1851.

by Mr Ouchterlony the Court however adhered to its determination and direct-
-ed Mr Ouchterlony in the first instance to confine himself to that one
question and after hearing Mr Dale on that question decided that the limitation contained in that Regu-
-lation applied to that Case also and gave Judgment for the
Collector -

We return all the Papers which we have from time to time received from you and request you will favor us with an ac-
-knowledgment for their safely reach-
-ing you. -
