July 1851.

to his Petition of the 28th February 1849.

a Report from the Collector of Kellore on the Petition presented to Government by B. Venkatrow claiming the restoration of the Cundregah Enam held by the late Pedda Rungamah in Indoor-cooripattah, together with the correspondence which had previously passed on the subject. From these it would appear that the Enam was resumed under the orders of the Board 13th March 1843, on the ground that the adoption of the Petitioner by the last incumbent 25 years after her husband's death was illegal, and that there were no lineal male heirs.

2. The present Board of Revenue consider that the illegality of the adoption under the circumstances asserted to, is not upheld by the opinion now given by the Pundits of the Sudr Udalut, and they accordingly submit the claim of the Petitioner for the determination of Government.

3. The Governor in Council has carefully considered the circumstances of the case which are distinctly set forth in the Board's Proceedings, and he is of opinion that the Cundrigah should not be restored for the following reasons.

1 stly No original Summud is

is shewn of any authority who had a right to alienate the land.

2 ndly No proof is afforded of the land having been granted hereditarily.

3 rdly That to acknowledge an adoption by a widow after the lapse of 25 or more years from her husband's death, and at all events without the clearest and most incontestible written proof of such adoption having been sanctioned by the husband, would be to destroy and annul almost the only guard that remains against illegal adoptions.

Lastly. That the Government should exercise in this instance their right to refuse to acknowledge an adoption made under such circumstances and that the recent orders of the Government of India quoted in the Margin are peculiarly applicable to it.

Resolution of Government of India in the Financial Department 16th May 1851 No. 773.

4. For the above reasons, the Government resolve to confirm the resumption of the Cundrigah held by the late Pedda Rungamah, and to communicate the same by Endorsement to B. Venkatrow with reference to his Petition of the 28th February 1849.

3-4

Bd. No. 1995
Order thereon.

Ordered to be communicated to the Collector of Bellary with reference to his letter dated 28th July 1851.

In Cons 8th Sept. 1851.

5

Bd. No. 2411.

From the Secy to Government

Informing that Government are precluded for certain reasons to submit the recommendation of the Board to the Government of India and directing that the allowance of Rs. 157-8-11 7/8 Annum be considered to have lapsed with the life of N. Beemacharry of the District of Cuddapah.

No. 997.

Extract from the Minutes of Consultation under date the 29th September 1851.

/ From Board 7th August 1851 /

1. The Yeomiah of Rupees 157-8-11 per Annum referred to in the report of the Collector of Cuddapah appears to have been continued by Government under date 1st April 1815 to the late incumbient, N. Beemacharry, who was then stated to be an old Yeomiah-dar thus the deceased had been in the enjoyment of this allowance for upwards of 35 years. The Yeomiah seems to have been originally conferred in Charity by the Mayanah Government in the year 1771.

Letter to the Bd. of Revenue 1st April 1815 No. 111 para 8.

1771 out of the Sayer revenue, and continued by the subsequent Native Governments until the assumption of the Country by the British it was afterwards renewed in 1815, as already observed, in favor of the late incumbent, on his having "satisfactorily established his claim" to the allowance --

2. The late Collector has proposed the continuance of the yeomiah to the 2d Son of the deceased, but the Board of Revenue do not support the application to its full extent and recommend the grant of only a Moiety of the amount in arrear from the 14th March 1847, the date of lapse - Besides this Peerey allowance, it would seem that the late incumbent was in the enjoyment of the Shrotriem Village of Boodiapully and certain Bhutwarte Enams in the Village Tallamarpoor, which the present Collector recommends should be continued to the representatives of the deceased on the grounds of their having been held by him "from a period antecedent to the possession of the Province by the British Government" This claim, however, is proposed to be submitted in the next tabular report

From Collector of Cuddapah 10th July 1851 No 64 -

report of lapsed Enams, and will therefore be separately considered on that report being laid before Government But as regards the yeomiah, the Governor in Council feels precluded for reasons similar to those stated in Extract Minutes of Consultation 29th April last No 412 Para 6 from submitting the Board's recommendation for the Sanction of the Government of India and he therefore directs that the allowance of Rupees 157-8-0 per annum be considered to have lapsed with the life of N. Bheemachary -

By Order -
(Signed) T. Pycroft
Secretary to Government

5-6

Bd's No 2008.

The Right Honorable the Governor in Council thinks with the Board of Revenue that the Settlement of the respective claims to the land in dispute between the Rance of Ramnad and the Tinnevelly Circar may properly be entrusted to the Collector of Madura but he deems it necessary for the successful issue of the investigation, that before its commencement the Rance should give in a written paper binding herself to abide by Mr. Parker's award - If she will do this the inquiry should be entered on and decision given as early as possible, but if not further report must be made to

Statement

17

Bd. No. 2440.
From the Secretary to Government
Calling the attention of the Board to certain remarks relating to the Coodewarum and Nadekoor Enams in the District of Tinnevelly and requesting explanation respecting their recommendation that these Enams be left in possession of the present holders subject to a modification on a general revision of the Village Police of the District.

Read the following Memorandum

Official Memorandum

In his letter to the Board of Revenue under date 22d May 1851 para 4 the Collector of Tinnevelly states with regard to the remissions falling under the heads Coodewarum and Nadeekoor in the Account Particular which accompanied his letter, and entried at Rupees 15060—15—3 "that in all these cases it appears to have been intended simply to lower the Assessment and the rates which actually obtain should I think be considered as the fixed Assessment on the land, trees &c. and the deduction not be regarded in the light of Mauneum granted to particular individuals." In their remarks on this part of the question, the Board Proceedings 4th September 1851 Para 4 observe that "it would be premature to take the grants so called Coodewarum and Nadakaroo as the fixed Assessment without a survey" On referring however to the Tabular Form appended to the Board's Proceedings and exhibiting the manner in which they propose to deal with the several Classes of Enams it is perceived that the Board

On the subject of certain favorable tenures in this District

recommend that the Coodewarum and Nadeekoor Enams be left in possession of their present holders subject to modification not on a survey but like the Reyayet Enams Rupees 24,197—8—10 on a general revision of the Village Police of Tinnevelly

The Secretary to Government has been directed to request the attention of the Board of Revenue to the point above noticed and to solicit explanation as to the reasons for which the modification of the Coodewarum and Nadeekoor Enams alluded to, has been made contingent upon the revision of the Village Police of the District.

Fort St. George 10th October 1851

(Signed) T. Pycroft
Secretary to Government

Ordered that the following Memorandum be sent in reply—

17.18

Bd. No. 1984
To the Secretary to Government

Official Memorandum

In reply to the Official Memorandum of the Secretary to Government dated the 10th October 1851 the Secretary to the Board of Revenue is directed to explain that the last sentence in Rule 4 of the Tabular form, which accompanied the Board's Proceedings of the 4th September 1851, and which refers to the Coodewarum and Nadikeeroo Grants, was, from an oversight, incorrectly worded; and it is requested that the sentence may be altered as follows— They will be subject to modification when a Survey takes place—

Revenue Board Office
Fort St. George

2	Chuppagury of the Talook of Goollem	Dry	54	68204 213148	It appears to have been granted to them by the Sarvadar says.	No documents of long standing Mention is made of this Enam in the Jaree Chit granted by Ragoo natha Row the Talsildar to Sur Daisay Streenevasa Row in the year Sookla corresponding with A.D. 1809 under the present Government. In the Peimash Accounts the Enam No. 54 is entered as being Rungapahs and 98 as being Rungapahs. It is entered in this manner in the Circar Chitta also, but in the original Chitta in the Charge of the Curnum the name of Ragavapah appears	It appears to have been granted by the Sur Daisay for performing service and to have been continued by the present Government for their subsistence	Rajapah Ragoopah No name appears in the Sarwar accounts	The entire grand Enam was enjoyed by the deceased conjointly with the present claimant of the deceased's grand uncle or deceased's grand father's brother's son aged 28 years who is the claimant.	The deceased died leaving no issue Sooba=mah (wife of Seenapah the son of the claimant)	No means of subsistence other than this Enam.	This Enam appears to have been enjoyed conjointly by the present claimant, the deceased and their Ancestors. Although Rungapahs name was by mistake entered in the Peimash accounts against the Enam No. 54 - yet, besides the circumstance of its having been enjoyed by the claimants family from a considerable time they have all along paid the Jodee of it - Sur Daisay Streenevasa Rows name is entered in the Jodee Chit, but it appears that this Enam was granted by the Sur Daisays on account of performing service as Goomastahs which may account for the entry in the Jaree Chit of Sur Daisay Streenevasa Rows name - Daisay

To enable an opinion to be formed of the favorable terms which these ryots now enjoy, it is proper to observe that the average nunjah assessment in the few classes of irrigated Sir Villages is as follows-

1st Class average Nunjah assessment.		13 — 2 — "
2d — Do.	Do.	12 — 4 — "
3d — Do.	Do.	10 — 15 — "
4th — Do.	Do.	10 — 1 — "

It is also proper to remark that besides these Nunjah lands, these 28 rented Villages contain about 600 Cawnies of Poonjah, which are now capable of wet Cultivation in consequence of the esctended irrigation-

To Settle the rents of fusly 1261 the Collector went in person to the Talook, but was unable to effect any improvement in consequence of the Character of the people and their combination- They were not only unwilling to forego a present advantage but considered that when a fixed assessment is introduced it will be much regulated in its amount by previous Collections- They also hope that the introduction of the new assessment may still be distant, the Collectors former recommendation on the subject not having been acted upon, and declined therefore to rent the Villages on a moderate and equitable scale; meanwhile- Under these circumstances the Collector has thought it necessary to keep the 2 Villages Nos. 21 and 24 under Cumamy in the ensuing year- For Villages Nos

Case	Talook and Village	Description of Land	Extent and Value of entire Enam: No. of Lands	Extent	Assessments	When and by whom granted	Summud or other Documents in support of the Grant	Nature of the Charity or service if service nature of the duty prescribed by the grant	Name of the original grantee	Name of the last holder & relation in which he stood to the grantee & date of his decease	Share enjoyed by the deceased and that held by the other members	Family left by the deceased and name and age of the parties	Their circumstance and the means of subsistence possessed by the family.	Recommendation and Grounds thereof	Recommendation of the Board of Revenue and the grounds on which it is founded	Decision of Government
1	2	3				4	5	6	7	8	9	10	11	12	13	14
4	Unsheekerrah of the Hurpon	Dry	187	1 13	2-11 2	Unknown	None.	It appears from an examination held that it was granted for the performance of Ceremonies in the Veera Bhadra Samy Pagoda	Gunga Veera Mulla Pahs	The entire Enam was enjoyed by the individual whose name is in the Peimash Accounts. His race being extinct the Enam No. 74 assessed at Rs. 11-15- has been for the last 10 years in the enjoyment of one Mullapah who stands in the relation of Grand son to him in the female line and the Jodee Viz. Rs. 9-8 is paid by him. The remaining Enam is waste land.	The individual whose name is in the Peimash accounts died long ago date unknown	No heirs	Eighty one Rupee and three annas the Shrotriem share after deducting that of the Circar of the Village Heredum Ghirry allowed to this Pagoda are expended in the Services of this Pagoda.	The Peimashdar died without heirs. It does not appear that the services of the Pagoda were ever performed by the individual in whose enjoyment the Enam now is. The parties entered in the Pagoda are of opinion that as the Jodee is heavy and the Enam of no benefit to the Pagoda it may be resumed. The individual who now enjoys the Enam offers to resign it. It is therefore recommended that it be resumed. The orders of the Board are requested.

Kunda row/son of Mullaree Chuttoo Havala naik Kristum Chuttoo the son of Mullaree Havala naik Kristum Chuttoo Columns 5 and 7 who died on the 17th June 1850.

Recommendation and Grounds thereof

Share enjoyed by the deceased and that held by the other members

Family left by the deceased and age of the parties

Their circumstance and the means of subsistence possessed by the family

Recommendation of Deci. of the Board of Revenue and the Government on which it is founded

9 10 11 12 13 14

The Kunnakull Enam assessed at Rupees 36 — 4 was enjoyed by the deceased Enams enjoyed by others to the amount of Rupees 106 — 9 — 8 a portion Rupees as Gift, nevassa remainder 13 — 4 — are in lowings

The deceased had no issue Particulars of the claimants of these Enams are entered in the Column of Remarks

None

Particulars of the claimants this property Kanakul Soorie Narraina Shasty and Senkara Sastry claim the Kanakul Enam No. 116 comprising Acres G. A. 2 — 18 — 13 of land assessed at Rs. 36 — 4 asserting that it was granted to them by deed of Gift in the year Kundana Seka 1754 corresponding to A.D 1832 by the deceased Kunda row with the understanding that they were to provide him with food and clothing all his life, and that from that time up to the Karteeka crop in the year Keelaka they allowed a Candy of Paddy from the produce of the Enam to the said Kunda row for his maintenance retaining the remainder for their own consumption, that some time after on his requesting them to support him in their house instead of going him grain,

Hanooma poorum to Rupees

of which Amounting to 9 — 12 4 obtained is enjoyed by three Chanloo and the remainder Amounting to 9 — obtained by purchase enjoyed in the following manner —

The Hanooma Enam Amounting

5th January 1852.

Moottah Villages for Fusly 1260 in the Southern Division of Arcot.

Remarks-

In his letter to the Board dated 6th December 1845 regarding the purchase of this Moottah, the Collector Mr. Davis observed that the Beriz of 1825 had been up to Rupees 3,271-14-1 and that the Collections of later years had reached Rupees 3,400 according to the Curnums' Statement - The Beriz since the purchase has been as follows.-

	Gross Revenue.	Deduction.	Net Revenue.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Fusly 1258.	3,455-10-4-	577-13-8-	2877-12-8-
Do. 1259.	2,699-1-1-	358-8-8-	2,340-8-5-
Do. 1260.	3,132-5-1.	381-0-8-	2,751-4-5-

and it is proper to observe that the decline in the 2 last years appears owing to unfavorable seasons, which impeded the Cultivation although an outlay of Rupees 238-4-3 was made upon the tank and sluices in 1850.-

Surgopah Swamy the original grantee died on the 5th July 1849	The entire Enams were enjoyed by the deceased	Hotriah disciple of the deceased aged 44 years	No means of subsistence besides this Enam	Surgapah Swamy who obtained the Enams entered in this account has died without any issue it being contrary to the custom of persons of this class to marry. The Enams are claimed by his disciple Hotriah who supports the mutt. The Enam is therefore of the nature of service Enam and as it has been 45 years in possession it may with propriety be continued to the claimant. The orders of the Board are however necessary regarding the disposal of this Enam It is one of those granted by the Poligar of Burpenhully out of the lands given to him as Jahgire at the very commencement of the Company's acquisition of the ceded Districts which Jahgire lapsed in 1825 in failure of heirs to the Poligar but the Enams previously granted by the Poligar were left undisturbed an abstract of them was sent to the Board by the late Principal Collector Mr. Robertson and referred to in his letter to the Board dated 8th April 1830 para 23.

Ditto	Dry	20	1 1644	1 12		Unknown But it appears from the Sahibdar's Urzee that this Enam (No 20) may have been granted in the year Rachee by Ramasaker Naik and there was a Summud in Susly 1235 for it which had been mislaid since.	No documents It is in the Peimash accounts as being Sunga-palis Jeroy three land and in the Sarwar Circar land.	Dº	Dº	Dº	Dº	Dº	Dº	It appears that this Enam was enjoyed by the deceased from 1804 uninterruptedly. It is entered in the Peimash accounts as the cultivation land of the deceased Sungapalis Swamy, and in the Sarwar as Circar Property. It would appear that the gift if made at all was made subsequent to the drawing up of the Survey accounts. It is however entered in the Statement sent by Mr. Robertson referred to above and would therefore appear to have been authorized. The present claimant is Kotriah the disciple of the deceased and it is for the Board to decide whether it be continued in his name as Enam or not.

No. 461.

Bs. No. 2911

Remarks on the Tabular report of the lapsed Enams in the Bellary District for the quarter ending 30th June 1851.

19.20

This Enam is entered in the Pymash Accounts in the name of Serdar Khan, as a charitable grant. He sold it in 1824/5 to his Naib or deputy Chendah Saheb from whom it passed in 1837/8 to Hajee Ibrahim Saheb. He latter and his two sons next sold it in 1844/5 to the two sons of the present holder Meer Goolam Hoosain.

thereon.	Extent.	Value.
No. 1 Hyratee Talook Adoni Vengalapoor No. 11	A. G. A. Rs. a.p. 5-31-12-	13-8-5-

The Board concur in the opinion of the Collector that the claimant Gullaloodeen has failed to prove his right to the Enam land, and, in reference to the title of the present holders, they would observe that as there have been no less than three transfers from the original Grantee, the Government may therefore not admit further possession in bar of their own right to resume the lands, but, adverting to the intentions expressed by Government that such cases should not be enquired into except on the occurrence of a lapse, the Board would suggest that this course be followed on the death of the present incumbents.

Extract Minutes of Consultation 22nd August in lieu 18th Septr. 1848. Vide G.O. Book Page 471.

recommends that the Enam be continued to his Widow Toolasamah for her life. The Board concur in this recommendation.

8. On the lapse† to Government of the Jagire of Narrainaver= =kerry by the death of the late Poligar of Hurpon= =hully, no orders would seem to have been passed in reference to the Enams situated in that Estate. The holders have thus continued in undisturbed possession ever since (a period of 21 years) and probably view their Enams as having been confirmed by Government. Some of the Enams would seem to be ancient grants, as per Survey accounts, and the Rules applied to Enams generally will answer for the treatment of this class of Enams on lapses; but the greater portion of the Enams in that Estate were alienated by the Poligar himself, and are clearly resumable under the view expressed in the note* attached to the Board's Circular of the 10th December 1829. The sudden resumption

resumption of the entire Enams of this class= might however cause much distress and dis= =satisfaction to the holders, many of whom= have perhaps no other means of subsistence, and the Board would therefore suggest that= the present holders be warned that similar= Enams will lapse to Government on their death; and that due consideration will be given in= such instances as it may be found that the object of the grant was in support of= Charitable or religious institutions in which the Native Community may be interested.=

Adopting the views which have been suggested for Enams of this class the Board recom= =mend that the fields No 21 and 90, in the= present lapse, in value Rupees 52-11-6 be= continued to Rotnah the disciple of the= deceased Singapah, as the object of the origi= =nal grant by the Poligar was in support of a Muttum - but as the field No 20 in= value Rupees 1-12-11 does not seem to have been granted for a similar purpose, but for subsistence, the Board recommend that it= may be resumed.

B: No 2444-
From the Collector of Bellary-

Reports with reference to the Board's Extract dated 7th April last upon the Charges incurred on account of Government Plantations and recommends that the Balance standing against these Plantations in the Public Books may be struck off as proposed by the Accountant General-

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 7th April 1857 forwarding Copy of an Extract from the Minutes of Consultation under date the 11th March 1857 and that of a letter of the Accountant General dated 17th January 1857 and requesting to be furnished with separate Statements shewing the receipts and disburse= =ments on account of Plantations carried on in this District with a view to profit and on account of Topes &c intended for the general improvement of the Country and to furnish information upon the several= points noticed by the Accountant General, I have the honor after premising that= the Tope Accounts in Bellary are not distin= =guished under the two separate heads, to submits herewith a Statement shewing the total amount sanctioned by Government from the year 1235 Fusly A.D. 1825 to the year Fusly 1259 A.D. 1849, on account of the Plantations in this District the expenses entered in the accounts accord= =ing to the Official year, as also according to the abstract of each fusly the charges= after deducting the unexpended portions from

Fort St. George 5th January 1852.

from the advances made for such purposes and the produce derived from such Topes.

The Charges in this District on this account are shown in the 8th paragraph of the Accountant General's letter for a period from 1832/33 or fusly 1242 to 1848/49 or Fusly 1258 - whereas the expenses actually commenced from fusly 1235 and where entered in the accounts under the head of Extra Charges upto fusly 1241, which has been inserted in the accompanying Statement in order to shew the exact amount laid out on topes which is exhibited for three periods Viz. from fusly 1235 to 1241; from 1242 or 1832/33 to 1258; and for fusly 1259.

The Statement hitherto furnished to the Board of Revenue of these charges and those received from the talooks were prepared for the fusly and not for the Official year - and the Statement is prepared to exhibit both.

The total amount sanctioned by Government as exhibited in Column 2 of the Statement is Rupees 181,021.

Fort St. George, 13th October 1857.

The amount of charges according to the Fusly Abstract accounts as shown in Column 8 of the said Statement is Rs. 131517-7-4.
Amount refunded in the same fusles in which the charges were made and not charged in the talook account. Rupees 285-6-4.
Amount refunded being sales of bullocks &c. subsequent to the fusles in which the charges were made in the accounts 421-15-9.

707-6-1
*130810-1-3

*See Col 10.

The following abstract exhibits the amount of actual Charges incurred from fusly 1235 to 1259, on account of Topes after deducting from the charges Originally made the sums refunded; it also shows the amount of proceeds of the produce derived from the Topes for that period; which the Accountant General supposes (para 8 of his letter) "have yielded no produce as no credit appears in the accounts"; this supposition is not correct. The credits made on this Account have been entered under the head of Extra Revenue "Minor head Sundry small Farms and Licenses" in the accounts.

South Arcot
Collector's Cutcherry
Cuddalore 11th July 1851.

E. E. Jr. / Signed / E. Maltby
Collector

13401. Fort St. George, 13th October 1857.

As regards the Balance which stands against the Plantations and which, after crediting the sums already realized from the Topes amounts to 119480-3-3. I would recommend its being struck off the Accountant Generals Books as proposed by him. These Topes do not appear to have been originally planted with the sole view to profit, but principally for the improvement of the country; and there is no immediate prospect as I have already fully reported to the Board (see my letters dated 17th June 1850 and 13th January 1857.) of the sums laid out in the Plantations being recovered from the produce and therefore no occasion to

13402. Fort St. George, 13th October 1857.

to keep open a separate account for them.

Bellary, Collector's Office, 30th September 1857.

No. 4.

To

The Commissioners of Enquiry into the
System of Public Works in the
Madras Presidency
Fort St. George.

Gentlemen

Para 1. I have the honor to acknowledge your letter of the 7th. Ultimo on the subject of the irrigation works and revenue of the two Southern Talooks of this Collectorate, and now proceed to give, as far as is in my power, the information which you request but I must first explain the disadvantages under which I am placed, in having joined the District as a perfect stranger only 3 Months ago and having had my time since fully occupied with the Immiakbundy settlement and heavy Current business. It is impossible therefore that I should have full present acquaintance with the subjects to which your attention is directed, and as you request an early reply to your letter I must refer you on several points to the reports and opinions of my predecessors.-

2. As it is desirable that you should be acquainted with the rates of assessment

assessment prevailing in these Talooks I beg to refer you to a detailed report made by the Principal Collector Mr. Cunliffe to the Board of Revenue on the 20th October 1827 and to a subsequent report made by the Collector Mr. Hallett, on the 27th September 1842 in which the question of the pressure of the assessment in these Talooks compared with the rest of the District and the advisability of its revision is discussed. The opinion which I have formed from these reports and from such local experience as it has been in my power to acquire, is that although the average rate of assessment in Munnargoody and Chellumbrum is higher than in Tanjore, the lands in those Talooks are rather more lightly taxed than in the remainder of this Collectorate. Those two Talooks labor however under some disadvantages which will be adverted to hereafter.—

+ Appendix No. 13

I enclose a + Statement of the Punjah Cultivation and Revenue in

in these Talooks from Fusly 1233 to 1260, which will enable you to make a comparison of the result of 14 years previous to the completion of the Lower Coleroon anicut and a similar period afterwards. It will be observed that the average annual increase of revenue in the latter of these 2 periods amounts to Rupees 8,355-13-10 and a further gain has accrued to Government in the "Kusser" or extra teerwah on Punjah land brought under + irrigation amounting on the average of the last 14 years to Rupees 20,532-8-5 per annum.—

+ See Cl. 6 in same appendix.

4. It is true that considerable fluctuations are observable in the extent of Cultivation even after the Coleroon anicut and its dependent Channels were completed, and as these are attributed by my predecessors * to the effect which the state of the grain market has had on the agricultural enterprise, I have exhibited in the Statement now forwarded (appendix) the average price of rice in each year

* See recent Jummabundy Report.

as the supply of water has been abundant, and has not been diverted from cultivation for canal purposes. I cannot but coincide in the opinion of my predecessors, especially since the extent of Cultivation has always varied with the rise and fall of price and I am not aware of any other cause to which the fluctuation can be ascribed.-

6. The rise of Revenue in Fusly 1242 to which your letter adverts, was coincident; you will observe, with a sudden rise of price, and followed two disastrous years in which the Cultivation extensively failed from drought From 1242 to 1249, when you remark that the revenue stood high, the state of the Market was very encouraging, with the exception of one year (1245) when prices were depressed but for too brief a period to have much influence on Cultivation and prices declined together, then rose together during the two Fusties 1253 and 54 and have since fluctuated in a manner which appears to me to shew a strong

1250 to 1254

323 Fort St. George 5th. January 1852.

strong and decided sympathy.-

6. In your letter it is argued that this cause could not have the influence imputed to it because a similar decline of Cultivation and revenue is not observable in the remainder of the District and Captain Lawford makes the same objection in regard to Tanjore. I would beg however to observe that the position of these talooks is peculiar. In Tanjore the assessment is not only lighter, but I am informed that it still continues in some places on a waraput system so as to vary with the price of grain, and the land holders are not therefore equally discouraged by an unfavorable state of the market. Mannargoody and Chel-lumbrum are consequently under unfavorable circumstances in comparison with Tanjore, and it is the same with respect to the other portions of this District. The Talooks under report yield hardly any produce but rice in the disposal of which the ryots are under disadvantages from their distance from any considerable inland

markets

No. 61

To W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George -

(23)

Sir,

No. 2371
From the Acg Collector of North Arcot. } Para 1

In reply to the Board's Proceedings of 11th September 1851 informs that the sum adjudged against Veziaraguier late Police Ameen of Vellore has been paid in full and details the circumstances under which the embezzlement in his Cutcherry occurred. -

With reference to the Proceedings of the Board of Revenue dated 11th Instant, requesting information regarding the case of Veziaraguier the late Police Ameen of Vellore, who was sentenced on the 7th July 1851 to pay a fine of Rs. 1,000 in a case of Embezzlement - I have the honor to inform you that the sum adjudged against Veziaraguier has been paid in full.

2. I have further the honor to detail the circumstances under which it took place. They are as follows. In consequence of some private information he had received, Mr. Sullivan the Head Assistant Magistrate resolved to count the Treasury at Vellore, without giving any previous intimation to the Police Ameen in whose charge it it was placed. He did so accordingly on the

markets and their propenquity to so formidable a rival as Tanjore while the remainder of this district has valuable Poonjah lands and pasturage for cattle and sheep, produces indigo sugar and oil for export to Europe, besides rice and dry grains, and has the advantage of greater propenquity to large towns and Markets. It does not therefore seem to me surprising that rice which is almost the only product of the talooks under report should be disposed of more disadvantageously than in other parts of the district where it forms only a portion of the ryots produce, and that the landholders, should watch the demand for that article before incurring the responsibility of entering on large agricultural undertakings under a heavy land assessment. This precaution is not equally necessary in the remaining portion of this District and Tanjore, though I observe that even in the Northern talooks the state of the market has had some effect on the extent of land annually

annually taken into Cultivation.

7. It is surmised by you that as a material increase has taken place in these 2 talooks in the item of Russer for Nunjah produce raised on Poonjah land, the Ryots may have found it to their advantage to employ the water in that way instead of in the Cultivation of the Nunjah lands. This however does not appear to be the case at least to any great extent. The Russer charge is Rupees 6 per Cawny which added to the Poonjah Teerwah of Rupees 3 3/4, makes the rate nearly equal to the average Nunjah assessment and it is observable in the past few years that when prices are low the revenue derived from the Nunjah lands and the Russer have declined together. I may here observe that it would be advantageous to Government as a check to fraud, if these Poonjah lands were suitably re-assessed and brought into the account as Nunjah, but there are present difficulties in the way of such an arrangement. The ryots of these talooks

Regarding the Hindar Teerwah See observation of Collector in letter to Board 9th March 1846 Paras 6 to 7.

same

the 30th May 1851 when a deficiency of 600 Rupees became apparent. Mr Sullivan at once suspended the Police Ameen and the same day took from him a deposition in which he fully admitted that he had appropriated the money to his own use. Mr Sullivan then proceeded to scrutinize the accounts and compare them carefully with the sums in the Treasury. Both were in great confusion; but, he nevertheless was able to satisfy himself that there was an actual deficiency of Rupees 715-3-2 which was afterwards raised by the discovery of another Item (separately reported on the 6th July 1851) to Rupees 718-1-2

"On account of fines levied on Stray Cattle Rs 2-14-0"

3. The accompanying Copy of a Statement sent me by the Head Assistant Magistrate with his report will serve to show not only the particulars of the defalcation but the nature of the sums kept in the Treasury; several of these sums, it will be observed, ought not to have been there, but this will be remedied for the future.

Dated 25th June 1851

Of

4. Of the guilt of the Police Ameen there can be no doubt. The deposition given by him on the day the defalcation was discovered is conclusive on that point, and tho' in answer to questions subsequently proposed to him he somewhat qualified his former admission, these qualifications serve but to extend part of the blame to his Subordinates. Indeed it so clearly appeared from this and other circumstances connected with the case that some of them must have connived at, if not participated, in the Police Ameen's peculations that I thought it right to dismiss the Head Goomastah Codundaramiah, and to remove Kistniah the second Goomastah to another Taluk.

North Arcot,
Collector's Circuit Cutcherry
Palmanair,
29th September, 1851.

(Signed) S. A. Ward
Acting Collector

Statement

have a strong impression that a modi-
fication of their assessment is to be
made, and they would be averse to
any alterations unaccompanied by
such a measure. It seems therefore
advisable that the present system
should be continued until the higher
authorities have decided whether the
assessment in the District is to be
revised, and whether in that case
the revision is to commence in the
Southern or Northern Talooks.

8. Having thus stated my
opinion that notwithstanding an
abundant supply of water the Culti-
vation of these talooks is materially
affected by the state of the rice
market. the question remains whe-
ther any steps can be taken to re-
move or diminish the influence
of a cause which has often had so
unfavorable an effect on the Cultivation
and revenue, omitting the subject of
a revision of the assessment which
is a question not to be confined to
these 2 talooks of the District. The
only

only two courses seems to be 1st to
induce the agriculturists to raise more
valuable and saleable articles than rice
and 2dly to facilitate their access to the
grain markets. On the first of these
points I should hope that the cultiva
tion of Sugarcane, Cotton and valuable
garden products will hereafter be un-
dertaken, but the progress of such an
improvement must be slow. On the 2d
I see little prospect of any measures
securing these ryots a more steady
and remunerating price for their
Rice and Paddy than at present. The
competition of Tanjore rice in the
inland markets and of Arracan
in the foreign, gives little hope of any
amendment though I should be
glad to see a fair advantage given
to these Talooks by communication
being facilitated between the dif-
ferent Villages and a good line
of road kept open to the coast.-

9 On the subject of the facili-
ties which the ryots now possess for
sending their rice to foreign markets

I.-

Fort St. Georg 3th. January 1832.

I beg to observe that the port of Porto Novo is contiguous and not of difficult access, although that Harbour appears to have deteriorated, inconvenience for shipping it, still seems to offer advantages for small native coasting Vessels, but yet the export of grain from it is small both to Madras and Ceylon - a result which I attribute to the rivalry of the rice grown in Arracan and on the Eastern Coast, where the land tax is I believe so light as to give an irresistible and spreading advantage in the markets over our Cultivators - It is not in my power to furnish a statement of the price of Paddy and Rice at Porto Novo, but the prices which have prevailed at Chellumbrum are exhibited in the Appendix No. 1. The produce of Munniargoody and Chellumbrum is at present principally disposed of at Porto Novo, Cuddalore Chellumbrum, Verduchellum and Salem.

10.

Having thus stated the cause which has in my opinion affected Cultivation in these Talooks, and having shewn that it is one which under present Circumstances is likely to have a continued influence it remains for me to observe that nevertheless I cannot regard the result hitherto apparent in these talooks as an argument against a liberal expenditure by Government on works of irrigation. Althº the increase of Revenue arising from the Lower Coleroon Anicut has not been as steady and extensive as was anticipated, still the cost of all the irrigation works has been replaced and a highly remunerating profit obtained on the expenditure. Nor is this the only advantage. The land holders have now enlarged means of raising valuable description of produce and will it may be hoped, hereafter to be of advantage to them - besides which it is surely a most important point that in the arid plaines of the Carnatic where

Aprxmate total cost of Lower Coleroon Anicut and irrigation Channels 3,00,000

This sum was ordered by the Head Assistant Magistrate to be remitted to the Hoozoor Treasury in a Takeed dated November 22/50 No. 494 agreeably to instructions received in an Official Memorandum from the Magistrate of North Arcot dated November 20/50 No. 200. It has not been remitted nor was it forthcoming on the 30th May 1851.

the local rains is often fail, the produce of extensive tract of land should be secured by its cultivation being turned from dry to wet through the aid of the drainage water of the south west. Mousoon.—

11. According to the request conveyed in the 4th Para of your letter I enclose a Statment shewing the cost of the Coleroon and Vellaur anicuts and the annual expenditure on the works connected with them subsequent to their construction. I proceed now to offer some brief remarks on each of these two undertakings.—

† appendix No. 2.

12 It will be observed that the total outlay connected with the Coleroon Anicut and irrigation works in Mannargaody and Chellumbrum from 1836 to 1850 amounts to Rupees 3,52,013-11-7- Time has not allowed me to scrutinize the details of all this expenditure and to ascertain with precision the amount which may be ascribed to the construction of the Anicut, as it is certain that many of the repairs and improvements to the Wadawar, and the Channels dependent on the

Veeranum

When writing this report the resumption of some Cavelly & Enam lands in July 1852 was overlooked. The allowance to be made on this account may be taken at Rs. 11,000 so that it would be proper to estimate the gain from the Anicut at Rs. 90,000 instead of one lac per annum - as mentioned in this Para. J. P.

Veeranum Tank would have been necessary if the anicut had not been constructed. It seems therefore fair to assume the total cost of the anicut and its dependent works at 3 lacs of Rupees. Against this expenditure the district accounts shew the following result. The revenue derived from the Punjah Cultivation during 14 years before the anicut was built is Rupees 18,93,613 while for a similar period subsequent to the construction of the anicut it amounts to Rupees 30,32,396. The average increase of revenue during these 14 years including Hussur, may be taken in round numbers at a lac of Rupees annually as already shewn, in Para 10; and it is to be recollected that this Statement does not include the gain which Government has derived from the Anicut in the Talooks of the Tanjore District on the Southern bank of the Coleroon.—

13. With respect to the Vellaur anicut the Statment now forwarded shews that the total expenditure amounts to Rupees 1,07,709-15-8. The object of this work was to improve the irrigation in 67 Villages

Fort St. George 5th January 1852.

Letter to Government from Secretary to Board of Revenue Department of P. W. 5th February 1844 Para 18.

Villages of the Bowanaghurry Taluk on the northern side of the Vellaur river, and the expected increase to the revenue was calculated at Rupees 40,000 per annum. It has however been justly observed by the Board of Revenue, on the subject of this anticipated increase "that whereagreat part of the land has been long waste "the full extint under command of the new irriga- "tion cannot be Cultivated for some years" and as this annicut was only completed* in 1258/1848, there has not yet been time for its full effect on the Cultivation and revenue to be seen. I trust however to shew that the advantages already derived from it make the work a profitable one to Government although not equal in this respect to the Coleroon Annicut.

* Commenced in Fasli 1246

4. I find by Mr. Surveyor Oliver's diary for December 1840 that the annicut was expected to benefit 67 Villages, the average revenue of which for the 19 preceding years amounted to Rupees 34,580-9-2 In consequence however of the position in which the annicut was subsequently built, 3 of these Villages Nellycolay, Thoringeecolay and Periaputpeeved as improvement to their irrigation, and in the Statement which I subjoin to shew the effects of the annicut the cultivation and revenue of the 64 Villages which actually benefit by it are therefore only exhibited. The Construction of the annicut was commenced in 1846/1256 and completed in 1848/1258.

This report was written before the Summah Canal accounts were finally closed. It now appears that some of the Revenue of the irrigation Channels is additional Villages were benefited by the Annicut in Fasly 1260 and that the Poongal, Ponny and Russoor Channels that year amounted to Rupees 1640.

Statement

Statement of the 64 Villages on the Bowanaghurry Taluk under the Vellaur Annicut.

	Nimpah Cultivation Commencement	Kisper	Total Revenue	Remarks.
Average of 19 years from 1231 to 1249	33161	33724	33724	No account of these 7 Villages for 1252 has been found in the Kazoor records.
Fasly 1250	40887	40193	4099 4292	
" 1251	45824	35371	3444 38815	
" 1253	30994	30381	2261 32642	
" 1254	39147	29817	2213 32030	
" 1255	49118	37825	2543 40368	
Average of above 5 years	41506	34717	2910 37627	
Fasly 1256	59226	60032	4115 64147	The average of the 10 years taken from Mr Oliver's diary appears not to include Kisper and allowance must be made for this in comparing the periods.
" 1257	59901	47302	3848 51150	
" 1258	50778	40169	3002 43171	
" 1259	60341	47737	5147 52884	
" 1260	69118	58311	7123 65434	
Average of above 5 years	67171	49510	4647 54157	

15. In choosing the period for striking the above recent averages it has appeared to me just to ascribe to the annicut the improvement which is visible in the revenue since 1256/1846 for although the work was only commenced in that year it had an immediate effect on the cultivation by inducing the ryots to take up

up tracts of waste land in order that they might secure a right to their occupancy and enjoy the benefit of the future irrigation. Viewed in this light the annual increase of revenue may hitherto be assumed at Rupees 19577 - - per annum, a result which taken in comparison with the expenditure will not, I trust, be deemed discouraging.

10. As the settlement of Pamanagherry Taluk was not conducted by me this year, and I have had no opportunity as yet of visiting its Villages I deem it best to refer you to the Acting Collector's Dated 28 Jan 1851 Para 10) Jummabundy Report on the settlement of Fusly 1259 for explanation of the causes which prevented a larger increase immediately appearing in the cultivation. It will be observed from Mr Wroughton's remarks that one important benefit derived from the amount has been to secure the revenue in an unfavorable season when the Crops would have otherwise suffered from drought as in the other Villages of the Taluk which have no similar aid. It is also to be remarked that the works for bringing the Coleroon freshes through the Veeranum tank into the

the Villages are not yet perfected, the new Sluices which have been sanctioned for that tank will enable much water which is now wasted to be turned into the Vellaur, and when this advantage is secured and the ryots have had more time to avail themselves of the amount, I trust that the cultivation and revenue will show a large increase. I beg however to observe that while the landholders apply themselves so exclusively to raising rice crop and the assessment is continued at its present height the extent of cultivation must, I conceive, be affected by the price of that article as in Mumargoody and Chellumbrum.

17. In conclusion I beg to draw your attention to the prices exhibited in Appendix No 1 you will observe that the average price of Paddy for 14 years preceding the construction of the Coleroon Amicut is Rupees 97 - 3 - 11 per Garce, while for a similar subsequent period it is only Rupees 76 - 6 - 4 a decline of 21½ per cent. Works of irrigation must thereby have an important and beneficial influence when through their aid the cultivation and revenue are not only kept steady but show improvement under such circumstances.

Read the following letter.—

No. 126.—

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir,

26

Bd. No. 2354.
From the Collr of Salem ..... Dated 10th December 1850. Received 22 January 1851.
Reporting on the necessity for keeping up the Establishment of Pensioned Sepoys either wholly or in part or whether it may not be obviated by some other and less expensive system.

Para 1. In conformity with the instructions of the Government communicated in the proceedings of your Board marginally noted, I have the honor to report on the necessity for keeping up an Establishment of Pensioned Sepoys either wholly or in part or whether it may not be obviated by some other and less expensive Systems.—

The fixed Establishment of the Salem Collectorate in the Revenue and Magisterial Departments as it now exists was sanctioned in Proclis 1235 and 1239. A few years later, on grounds which to the Government appeared sufficient and satisfactory, the then Collector, Mr. Orr, applied for and obtained the additional aid of Military Pensioners; and these now, who are located as a permanent guard over the Talook Cutcherries and the Treasure

Treasure there deposited, and receive as a monthly Batta Rupees 2.12.9 I have since that time been periodically engaged in that duty, as well as in escorting to the Hoozor Treasury the usual monthly remittances.

3. Beyond a doubt the monthly withdrawal from their Talooks of the body of peons whom it would be necessary to employ as a Treasure escort on each occasion of Treasure being forwarded to Salem, would most inconveniently affect the means which the local Tahsildars possess for keeping the peace and discharging the various other duties of their division. On this account alone, I should therefore much regret the discontinuance of the pensioners assistance, but with the information which I now have of the wide extent and important character of the responsibility attaching to the Tahsildars in this Collectorate, I feel satisfied that to dispense with the aid of the Peons would be productive of much public embarrassment. Not having any data of an official nature by me wherefrom to establish a comparison between the strength of the fixed Establishment sanctioned for the Salem and that of the several contiguous Districts, I am not in a position

position to state whether this Collectorate is in that respect more favored than others. I would therefore, simply mention, that the work exacted from a Tahsildar and his subordinates, at the present time, is by many degrees more severe and complicated that it was when the Establishment was originally formed. Many Mootahs which were formerly under Management by their proprietors have since been brought under Amany, thus bringing the Tahsildar into direct communication with the individual cultivators of each Estate, and by that change largely increasing their revenue labors, the performance of which of necessity demands a greater number of peons.—

4 The Maramut of the District with its present details of minute supervision and superintendence, is a far more important and onerous charge than in former years. For this too, peons in greater number are indispensable, and if more could be spared for it, I am satisfied that the amount of their salaries would be indirectly made up by the gain on the expenditure of the maramut department arising from their employment in it.—

It

Fort St. George 5th January 1852.

No. 2. Statement Shewing the Amount expended upon the Suddavaur and Tellaur Annicuts and in the Subordinate Words of irrigation since their construction in the Talooks of Munnargoody & Chellumbrum and Bowanghessy in South Arcot District.—

5. It is to be borne in mind also that matters of Police and Magisterial detail greatly exceed in the present day, their extent in former years, and that for all such peons are indispensable. In each Talook a peon is employed as gollar to assist the Shroff, no separate gollars being entertained. The transport of the Talook Tapaul bags is effected by peons who thus do duty as runners. To each Talook Cutcherry a Massalchee should be attached, but as there are no authorized Massalchees, one of the Talook Peons officiates as such. The employment of this class of servant is of obvious necessity

6. The system as it now prevails of recording every paper and making a record of almost every matter which comes under a Tahsildars Police or Revenue notice, has necessarily involved the employment of extra means to get through the mass of writing attendant on such a system. No special requisition for additional aid has been made to the Government for effecting the above end but I observe that in each Talook two or

or more peons belts have been assigned to Brahmins who officiate as Assistants Royasums in the Talook Cutcherries, each receiving the salary of a peon. The arrangement may justly be deemed objectionable, and as occasion offers, I have resolved to discountenance it, but I believe it to be an evil wholly inseparable from the knowledge which Tahsildars and Collectors possess, but their most important acts are liable to appeal and scrutiny, and that they must be prepared for this by having in readiness the needful records for submission to the authority where the appeal is made.

7. The excellent Roads of the Salem District have not been prepared and retained in their present superior order without the aid and superintendence of Government subordinates. For these purposes Talook peons have from time to time been extensively employed, and at the present day the roads in each Talook are watched by certain of the Peons of their respective divisions.

Apart, therefore from the services

E Sewey Jamah.

I have the honor to forward the Statements noted in the Margin relative to the Settlement for Fusly 1260 of the four Talooks under my Charge, Viz.t, Bowangherry, Virdachellum, Ellavanasore and Cullacoorchee.-

2.d The land revenue including Poonjah Nunjah and Totacal amounts to Rupees 9,76,284-5-u from which after deducting Rupees 1,60,262-6-1 on account of remissions for Bunjer lands &c.a as particularized in the following Statement, leaves Rupees 8,16,021-14-11 as the Bariz of the present Fusly.-

Statement.

13422 Fort St. George 13th October 1851.

services rendered by the Pensioned Sepoys, I submit that the Peons of the Establishment are not more than sufficient for the duties devolving on them. I would further submit that if the Sepoys aid be withdrawn, some additional Peons will be required for the performance of the duty which the Sepoys have hitherto discharged; but it appears to me that as the Pensioned Sepoys will under any circumstances be receiving their Military Superannuation allowance, it is a more economical plan to retain them at an outlay per mensem of 2. 12. 9 each man, than to entertain new Peons at a monthly cost per man of not less than 3½ Rupees which is the lowest rate of Salary assigned to the Peons of this Collectorate.

Salem District Cutcherry, Ossoor, 27th September 1851. } Signed H. D. Phillips. Collector.

Proceedings thereon.

Submitting a letter from the Collector of Salem relative to the necessity of keeping up the establishment of Pensioned Sepoys and stating that for reasons given the Board would not disturb the present arrangement.

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to the papers noted in the Margin.

From Govt. 6th in Cons 15th April 1850
Proceedings to Dr. ..21st November 1850.
From Dr. 19th December 1850
in Cons 2nd June 1851.

× Order 30th Jan 1838 on Statement.

(26.27)

2. In passing the charges incurred in Fusly 1246. on account of Batta to pensioned Sepoys in the Salem District the Government × requested to be informed if the necessity for keeping up this establishment, either wholly or in part, might not be obviated by some other and less expensive system; attention was subsequently drawn to the subject by Government in passing the charge for Fusly 1258, when the Board were requested to direct Mr. Phillips, on assuming charge of the Salem District, to submit his opinion as to whether the charge might not be met by a partial reduction among the Pensioners themselves, or by the transfer of a number of Peons of the Revenue or Police Departments without impairing the efficiency of the latter. On receipt of this information the Government stated that

In

they would determine whether the Batta to the Pensioned Sepoys, or any portion of it, should be borne as a permanent charge, and as such transferred to the Civil auditor for audit.-

3. The Government in a subsequent order permitted Mr. Phillips to postpone the subject until after the close of the last Summabundy.-

4. From his report which is now submitted it would appear that the present Moyenzabittah of Salem was sanctioned in Fasslies 1235 and 1239 that, a few years after Mr. Orr then Principal Collector applied for and obtained the additional aid of the Military pensioners on grounds, which, it is stated, the Government thought sufficient and satisfactory; but, of which the Board are not aware, sanction not having been communicated thro' them to that Officer. The object of the additional aid in question seems to have been to guard the Talook Cutcherries and Treasure and to escort the usual monthly remittances from the Talooks to the Bootzoot and the withdrawal of this additional aid, it is

is now stated, would render it necessary to entertain a body of Peons instead, which cannot be spared from the number now employed who have more than their regular duty to attend to, as their transfer would affect the means which the Tahsildars have of keeping the peace and might be productive of much public embarrassment.

5. The Collector points out that the work exacted from a Tahsildar and his Subordinates, at present, is far more severe and complicated than when the establishment was first formed, as many Mootahs formerly held by their proprietors have since been brought under Amanie, thus largely increasing the revenue labours of the establishment and requiring a greater number of Peons.

6. Mr. Phillips adverts to the various duties in which the Peons are engaged, shewing that they are in full employment.

7. As there seems to be no opening for transferring any Peons

to

the duties now performed by the pensioned Sepoys, the Collector observes that it would be more economical to retain these Sepoys, than entertain new peons.-

8.- Under these circumstances, and as the Board are not exactly acquainted with the grounds on which the establishment of Pensioned Sepoys was first entertained in the Salem District they would not disturb the present arrangement.-

B. No. 3115
From the Collector of South Arcot.

Sir,

I have the honor to acknowledge your letter of the 24th Ultimo and regret that the report called for from this District upon the draft of the proposed Pookoonnamah sent from the Board of Revenue under date the 10th January 1850, should not have been yet submitted.—

2. The delay arose in the first instance from several Gentlemen having been successively in temporary charge of the District, and latterly from my having refrained from offering opinions on the subject until I had become practically acquainted with the System upon which the Annual Settlement of the land revenue is made, and the effects which are likely to follow the recent introductions of the Dittum. My report is under preparation and will be forwarded as soon as completed.—

From the Acting Collr. of Tanjore.

Reporting on the Estate of Gundracottah for Fusly 1260.

Sir,

I have the honor to submit a Statement of the receipts and disbursements for fusly 1260—A.D. 1850/51 for the Gundracottah Poliput, which is under the care of the Court of Wards.—

2 This Estate consists of 53 Villages which were this year classified as follows 29 Rented, 15 Amany, 5 Shrotriem, and 4 Survamanieam. One of the Villages that was rented in Fusly 1259 has this year reverted to Amany, whereby the number of the latter Villages is increased and the former decreased by one.—

Demand.	
Fusly 1259	17863
Fusly 1260	18264
Increase	401

There is an increase of 401 Rupees as noted Marginally, in favor of the Poliput above the total demand of the preceding Fusly. This has arisen from the season which though not favorable,

was

13430 Fort St. George 13th October 1851.

B. No. 2446.

From the Collector of Trichinopoly ... } Sir, Para 1.

I have had the honor to receive your communication of the 29th ultimo on the subject of Half bred Merino Sheep.

2. In the talook of Sorriore situated to the North West of Trichinopoly (a) there are, in the vicinity of the Hills, tracts of land assigned as Sheep Walks, and a fine breed of small black Wool sheep exists resembling the "Cooroomboo" Sheep of Coimbatore Proper only Black instead of White.

3. From these sheep are manufactured the black Cumlies of the Country - I am convinced the breed would be improved by a cross of the Half-bred Merino, and there is no reason why the experiment should not succeed. I solicit a supply of ten (10) Rams and five (5) Ewes.

Trichinopoly Collectors Office, 7th October 1851. Order thereon. } Signed J. Bird Collector.

B. No. 2461.

From the Collector of Madura ... } Sir, 1.

Submitting a revised Draft of an appeal Petition in the matter of the Coonattoor Chuttrum for approval.

In conformity with the Extract from the Board's Proceedings of the 29th Ultimo, I have the honor to submit a revised Draft of an appeal Petition in the matter of the Coonattoor Chuttrum, which I hope will be approved.

2. I am unable to shew instances of dismissal on the supercession of the heirs of Superintendents, or I believe, I should have gained the original Suit, but what I have stated in the Draft may perhaps be deemed tantamount to such an exertion of power.

3 The Board have, unintentionally misrepresented me in stating in their letter to the Government, that I had erroneously supposed that any lapse of time, after the death of a husband, can invalidate the widow's adoption supposing she obtained his Consent in due form. I do not know what passages in my letter or Draft of appeal Petition could have occasioned the mistake unless it be the 12 Para of the latter towards the close - but there, it will be observed if the Board will

do

was on the whole better than the preceding one and caused the increased cultivation in the rented and better crops in the Amany Villages of this Estate, the cultivation of which is dependent solely on the falling rain. The gross increase was Rs. 411 which was reduced to Rs. 401 by a trifling decrease of 10 Rupees in sundry items.

4. The sum of Rs. 16913 of the total demand was collected within the Fusly and the balance (Rs. 1351) was reduced to Rupees 994 at the end of September, Rupees 451 of which is withheld under objections and the remainder will be recovered in due course. Arrears to the amount of Rupees 742 has also been collected.

5. The total amount of receipts (i.e. current arrears) during the year under reference is Rupees 17655 which is increased to 23897 Rupees by the balance of cash in hand (Rs. 6242) at the commencement of the Fusly. From this sum, the marginal items of Rupees 15221 being deducted a balance is left of Rupees

	Rs.
Peishcush &c. paid to Govt.	6969
Sibbendy charges	2203
Allowance paid for the Ordinary and Extra ordinary expences of the Poligar's family	3250
Maramut performed	12
Debts paid	2787
	15221

Rupees 8676 but this amount has been reduced by subsequent payments to 8186 Rupees, which was the balance of cash in hand in favor of the 'Poliput' at the end of September. This is independent of the Rupees 14000 invested in Companys Paper.

6. The amount of Government Peishcush is 9 Rupees less than that of last year in consequence of a decrease in the loom and house taxes.

7. A temporary Establishment of 132 Rupees for which sanction is requested, was this year entertained for conducting the cultivation of the Amany Villages.

	Rs.
Sanctioned amount for Sibbendy Charges	2064
Deduct not paid	2
Remainder	2062
Add amount paid for last year	9
Total	2071
Temporary Establishment paid	132

do me the favor to refer to it, that I simply point out a Contradiction between the Plaint and the Witnesses - the 3d Para of the former stating that a certain person was adopted a few days after the death of Plaintiff's husband, while according to the Witnesses, years elapsed between the adoption and that event — The context shews that this observation was made with the view of invalidating the testimony of the Witnesses.—

4. I have added a Para not contained in the original Draft, arguing that the Razeenamah quoted by the Sub: Court as favourable to the Plaintiff really tells very much against her, but if the Board do not concur in this view I beg they will cross the Para out.—

Madura, 8th October, 1851. } /Signed/ R. D. Parker.—
Collector.—

No. 1.

Appeal Petition to the Civil Court of Madura to procure reversal of the Decree of the Subordinate Court of Madura in No. 22 of 1849.—

1. This is an Appeal Petition to procure reversal of the Decree of the Subordinate Court of Madura in O. S. No. 22 of 1849. by which it is ordered, that the Office of Vicharanay Kurtah or

or Superintendent of the Coomaroor Chattrom at Madura, to which is attached a Salary of 10 Cully Pons per month, shall be entered in the name of Yegaya Narayanen in virtue of his alleged adoption by the Plaintiff — Sheshammal, widow of the late Incumbent Konda Deekshatar, who died on the 30th June A. D. 1840, and he being a Minor, that the duties there of be performed by a Goomastah to be nominated by the Plaintiff.—

2. On the Madura District being transferred to the dominion of the Honorable Company, the first Collector, Mr. Hurdis, finding that the Endowments of this and the other Chattroms, intended to be public, had been usurped by the Managers as their private property placed them under sequestration and assigned fixed salaries to the Servants by a Tusdeek, in which it is declared that they should not be dismissed without an order.— In a Report to the Board of Revenue of the 24th January 1802 Para 53, which is quoted in the Subordinate Court's Decree he stigmatizes the possession of the Incumbents by the strong term of "impudent usurpation"

This

3. This was asserting in the clearest manner the right of the Govern-=ment to deal with these Chuttroms as property subject to the administration of the State, and is Completely opposed to the acknowledgment of an hereditary right in any of the Offices paid from their funds- An express enactment excluding the service Cnams in the Revenue and Police Departments from the jurisdiction of the Courts of Law was thought necessary to enable the Collector to dismiss hereditary Heads of Villages &c.a from their Offices, and if these Chuttrom Servants had been held to possess any similar hereditary right, it cannot be supposed that the Collector would have assumed the power of their dismissal without application to the Courts of Law, or had he assumed it, that 50 years would have passed, without the right being Contested- From the natural favor towards previous enjoyment which has always influenced the British Government, the Plaintiffs husband was Continued by Mr Hurdis in the management of the Chuttrom, but he is styled in the Tusdeek, the Charanay Kurtun, which means a person who

who looks after a thing, a Superintendent, and declared, as already stated liable to dismissal for fault.—.

4. By Regulation VII. of 1817. the general Superintendence of the endowments of Chuttroms is vested in the Board of Revenue and the Collector appointed their Agents. It is the duty of the Board to judge of the pretensions of the person or persons claiming the trust, particularly whether the succession has been heretofore by inheritance in the line of descent or the nomination made by any Officer or Representative of Government; and in those cases in which the nomination had rested with Government, it is the duty of the Board to make such provision for the management as to them may seem right and fit strictly attending to the qualifications of the persons selected.—.

5. This is the Law on the subject, and the state of the case on the death of Plaintiffs husband in 1840 was this- That in respect to a Chuttrom, all proprietary right to which, among others, had been decisively rejected and declared not

from the amount of 1890 Rs. sanctioned December 3rd 1849 for building a house for the Minor proprietor. The work is not yet quite completed and 201 Rs. of the amount sanctioned is in hand.—

9. The sum of 10 Rupees has been paid for deepening the Covittoor Tank, for which the sanction of the Court is requested, as well as for 2 Rupees paid on account of hire for bringing from and returning to Talook, the accounts of the debts of the Estate.—

10. The amount of out=standing debts due by the Estate as per Mr. Bishop's report for the pre=ceding Fusly was 10,174 Rs. to which must be added 424 Rs. interest since the death of the late Poligar on the debt due to Moottoovadakan Setty creditor No. 5 of the loans with interest.— of this total (10598) 2787 Rs. Principal and interest was paid to the said creditor in Settlement of his accounts from Fusly 1249 to 1252 and 7811 Rs. is still due by the Estate.— This sum

sum / with the exception of 47 Rs. unclaim=ed / is the claim of one creditor for dealings from Fusly 1225 to 1238 the accounts of which are still unsettled as great doubts appear to exist whether this claim is valid.—

Tanjore Vellum 19th November 1851.

not to exist by the first Collector of the District 40 years before, after a full investigation, with means of information at his command now wanting from lapse of time, the Superin=tendent to whom Mr. Hardis had allowed the name of Vicharanay Kartum only with a limited income, had died under such circumstances, the nomination of the Successor plainly rested under the Law with the Board of Revenue, whose agent selected a man competent him=self to do the duty in preference to the Widow of the deceased or her alleged adopted Son, a Minor, and the Board of Revenue would not disturb the selection.— The Plaintiff did not then immediately sue in the Civil Courts, but waited till Mr. Blackburn's retire=ment, which was deferred till 1847. and then brought an action against myself his successor, expecting, it may be supposed, some advantage from my inexperience in the affairs of the District.

6. The right of Government to provide for the appropriation and Superintendence of the Income of these Chattroms has been re=peatedly exercised since the time of Mr. Hardis.

Where

Fort St. George 13th October 1851.

Where the situation of a Chattrom has seemed to impair its usefulness it has been changed to a more frequented Road, as in the case of the Nuttom Chattrom now placed at Cottam=putty and funds have been taken from a rich Chattrom to support others in places where they were much required, as in the case of the new Chattroms at Covilputty and Dadamputty, supported from the funds of the Sholavandan Chattrom. The Superin=tendent of the Covilputty Chattrom, also, is not connected with the Vicharanay Kartum of Sholovandan or of the Tiroomungalom Chattrom from which it was formerly supported, but was appointed by the Collector.— If the Government have not dismissed the Superin=tendents of the old Chattroms or have given the appointment to some one of the family on their death, it is not for want of right, but because no fault has been Committed which has been considered by the Collector to merit dismissal, and because except when there are adequate reasons for pursuing a contrary course, the British Government is disposed to permit such Offices to run in families, which is a Convenient arrangement, as Bramins of a particular

Tanjore, 19th November 1851 E. E. Pte.

(Signed) F. W. Goodwyn
Acting Collector

The

particular class are best suited to the duty, but such forbearance does not create a right.—

7. The Plaintiff endeavoured to support her claim to hereditary right by a Cowle Deed which the Subordinate Court has declared to be a forgery. That Court has also declared that the Plaintiff has produced no evidence to hereditary descent but, after setting forth these and other strong arguments against the claim of the Plaintiff, it decides in her favor on grounds which it is submitted are in Comparison extremely weak and have been insufficiently sifted.—

8 It states in its Decree that "the Vicharanay or Superintendent would seem "to be some thing more than a mere paid Servant, "and such apparently was the view taken of it "by the Collector in sanctioning the alienation "by Plaintiff's husband of a portion of the salary "attached to the Office, which must be held good proof that "Plaintiff's husband was considered to have a Meer- "=rasee right in the Office— Again when the Office "was set aside the late Principal Collector does "not deny her Meerasee right but that the adoption "by a widow is agreeable to Hindoo Law. and in a subsequent

"subsequent endorsement Plaintiff is told that she "herself is disqualified by sex" This it is added "is admitting the right of succession" and the Court then proceeds to express its opinion that the adoption was proved.—

In noticing these argu=

9

=ments, the Appellant would beg in the first place to direct attention to the very unsatisfactory nature of the train of reasoning pursued by the Subordinate Court. The facts of the Vicharanay kurtun seeming to be something more than a mere paid Servant, and the Collector appearing to have taken that view of his position, it is assumed, must be held good proof that Plaintiff's husband was considered to have a Meerasee right, and that therefore he actually had such a right. It is submitted that such seeming and such appearing do not constitute good proof that Plaintiff's husband was considered to have a Meerasee right, and that supposing he was so considered, it does not at all follow that he actually had such a right for it is evident that he may have been erroneously so considered.—

As regards the alleged sanction of

10.

of the alienation by Petitioners' husband of a portion of the salary of his office, the Appellant would submit, that the Sub: Court was not justified in applying that term to the Collectors conduct in the transaction alluded to, the circumstances of which were as follows. The Plaintiffs husband on the 26th December 1819, without the Cognizance of the Collector, gave a document to one Peroomal Shashtree agreeing to pay him 15 Cully Fanams per month out of his Salary according to the order of one Trichinopoly Kunnien whom he acknowledged to be owner of the Coonatoor Chuttrom. — On the 25th August 1820, Peroomal Shashtree brought a Suit in the Court of the District Moonsiff of Sholavandan to recover on this bond, on which both parties filed a Razeenamah, dated 23d December 1820. according to which the 15 Cully Fanams have since been paid to Peroomaul Shashtree and his heirs. —

11. Undoubtedly if the then Principal Collector, who was not Mr Hurdis, had been cognizant of this transaction, he might have

presented —

presented a Miscellaneous Petition against this Razeenamah Settlement, but Appellant must protest against a constructive acquiescence in a Razeenamah being designated by the strong term of sanction nor is such an acquiescence; it is submitted, even supposing it to have been designedly given, sufficient to establish an hereditary right in the face of the decided and uncontested measures to the Contrary taken by Mr Hurdis, whose attention was fully directed to the subject — The Appellant would beg the Court to observe, also, that this Razeenamah admits a proprietary right on the part of Trichinopoly Kunnien which had been so pointedly denied, and so effectually rejected by the assumption of the endowments by Mr Hurdis — That Collector must at this distance of time, be held the great authority as to the tenures of these Offices, and the failure of one of his successors, in 1820, to oppose this Razeenamah cannot be taken as a deliberate act "If it were a deliberate act" it would not signify — The deliberate act of the Collector does not make the law or confer a right which

did

Bd. No. 31
Proceedings Reporting on the Settlement of the minor Estates of Gundacottah for Fusly 1260

(73. 74)

thereon

The year having been more favorable than the preceding one the Settlement shews an increase of

Fusly 1259	17863	Rupees 401.
1260	18264	
	401	

2. The receipts within the Fusly were 16913, and 3572 up to the end of September leaving a balance of 994 Rupees.

3. The Collections current and arrear were 17655 Rupees which added to the balance in hand (6242) give the sum of Rupees 23897.

4. The charges were 15221 Rupees including Rupees 2787 paid to the creditor Mootoo Adahan Chetty, leaving a balance of cash in favor of the Estate of Rupees 8676.

5. It is observed that no collections have been made during the Fusly on account of arrears outstanding prior to the Circar Management of the Estate, and only 742 Rupees realized of those accruing under Wardship being about a moiety of the balance for Fusly 1259 some explanation of the cause of this should have been given.

6. The Court before sanctioning the charges (Rs. 15221) wish to be informed why the

the expenditure on the 15 Amany Villages amounted to Rupees 130, when in the preceding Fusly, 39 Rupees only were disbursed for conducting the cultivation &c. in 14 Villages then settled.

7. The Collector's Commission for management is not entered. Mr. Goodwyn will state whether the sum due on this head has been regularly debited since Fusly 1254 the first year of Government control.

8. The Court observe that it is usual to include the Motunpha in the account current but as this item belongs to Government the Collector will be pleased to explain why it should be exhibited in the accounts of the Estate.

Ordered that a Copy of the foregoing Extract be submitted to Government and a transcript of the same be furnished to the Collector of Tanjore.

Bd. No. 18.
From the Acting Collr. of Tanjore

Sir,

With reference to your letter of the 11th August last I have the honor to transmit the amended Statement of Endowment continued by Government to Chuttrums in Tanjore and also a Statement of the two Bungalows referred to in Mr. Bishop's letter of 16th April 1851.

Tanjore Fort St. George, 30th December 1851.

(Signed) J. W. Goodwyn
Acg. Collector.

Statement

did not exist before- If Kunnien were entitled to make an assignment of a portion of the salary of the Superintendent on pretext of a proprietary right to the Chuttrom, why did he not assert a right to the Enams which had been resumed.-

12. The Collector would further argue that the Razeenamah alluded to above, rightly considered leads to an in=ference very much against the claim preferred by the Plaintiff, and not in it's favor, as construed by the Subordinate Court. It is a plain admission of the Plaintiff's hus=band that he had a Superior who could order him to make over a portion of his salary to another- It is true that the Superior he there owned was one Kunnien and not the Government, but that does not affect the argument as regards the position of Plaintiff's husband. He al=lowed thereby that another person had a right to alienate from him a part of the endowment of the Chuttrom, which is what the Collector did in the case which is the cause of action- How then can the Razee=namah be cited as a proof that the Plaintiff has

has an hereditary right to the Office of Superintendent of the Chuttrom, with the whole of the endowments pertaining thereto- The Razeenamah might be produced with more shew of reason by Kunnien, but his rights are not the subject of the present suit, and will no doubt be deemed to have been fully rejected by the Proceedings of Mr. Hurdis.-

13. The Appellant must deny that the statements of the late Principal Collector Mr. Blackburne amount to an admission of the hereditary right of succession The very act complained of is direct evidence of a contrary opinion, and the assignment of a pension to the Plaintiff was only prompt=ed by a Charitable feeling which led him to shrink from leaving destitute, the widow of a man who had long subsisted by the Office- However that may be, the act or order of Mr. Blackburne in an isolated case, cannot be considered as deter=mining authoritatively the question of hereditary right in these Offices.-

14. Before proceeding to notice the alleged adoption, the Appellant must observe

Fort St. George 5th January 1852.

observe that unless it is first proved that the Plaintiffs husband had are hereditary right in the Office, it does not matter whether there was a legal adoption by his widow or not. The hereditary right, however being supposed established, for the sake of argument, the Appellant proceeds to offer objections to the conclusion come to by the Subordinate Court as to the validity of the adoption.—

15. The Subordinate judge on this point only states as follows. "The adop= "tion of Yagaya Narayanen by the Plaintiff, "has been fully proved and none of the "Relatives having protested, according to "the above construction the act must be con "sidered good & valid."—

16. Six Witnesses were examined as to the adoption— Of these the 1st had only heard of it— The deposition of the 2nd as to the actual adoption was to the same effect, but he states also that one day (how many years ago he did not know) Plaintiffs husband, in the presence of himself (Witness) alone, told her to adopt the son of Soobarayen. The 3d Witness deposed

deposed to the adoption of one Seetharamien son of Soobaroyen at Karaputty 5 or 6 years ago— The 4th Witness deposed that he was aware that Soobarayen's son Seetaramien was adopted by Plaintiff at Karaputty 6 or 7 years ago, but he was not present— He heard that the husband's consent was given— The 5th Witness stated that 10 years ago Plffs husband gave her permission to adopt Soobaroyens son Seetaramien in the presence of Witness alone— and that the adoption took place 1½ years after= =wards at Karaputty when the name was changed to Yegaya Narayanen— The 6th Witness deposed that 10 or 11 years ago Plaintiffs husband gave her permission, & that he (wit= =ness) being the family Purohitan, officiated at the ceremony of adoption at Madura 4 or 5 years ago.—

17. The Appellant submits that the contradictions between the statements of the 4 last Witnesses, who alone speak to the actual adoption, is fatal to their credit— Besides the difference as to the time,

Board of Revenue

Fort St. George.

(11)

Bd. No. 3012

From the Collector of Madura — 31

Reporting that the Zemindar of Ramnad declines to abide by the decision that may be passed by him in the case of the Boundary dispute between Pungulgoody and Mettelputty.

Sir,

With reference to the Minutes of Consultation communicated to me with the Board's Proceedings of the 13th October last, I sent for the signature of the Zemindar of Ramnad a form of Agreement binding herself to abide by my award in the Boundary dispute between her Estate and the Tinnevelly District.

2. Her answer which has just reached me, instead of containing her assent to my adjudication which she herself was the first to propose declines to accede to a further investigation by any tribunal other than the Civil Courts, to which she argued the Mettelputty Pyots should be referred, the land in dispute being in

in the possession of those of Pun-
:dulgoody.

3. Under these circumstances I am precluded from entering on the enquiry without further orders.

Madura, 6th December, 1851. } (Signed) R. D. Parker.
Collector.

Bd. No. 37.

Proceedings thereon.

Submitting a letter from the Collector of Ma-
:dura reporting that the Ranee of Ramnad declines to abide by his award in the Boundary dispute between her Estate & the Tinnevelly District as at first proposed and expressing the Board's opinion that as this is not a mere question of right to occupy the lands between her & the Ryots but one in which the right of Go-
:vernment & the Zemindar to the public revenue is involved, the Collector be authorized to attach

No. 6.

Resolved that the letter above recorded be submitted for the information and orders of the Right Honorable the Governor in Council with reference to Proceedings to fort 4th September 1851. the papers noted From Dr. 29th Dr. in Cons. 13th Octr. 1851. in the Margin.

2. The Board observe that had the question at issue been solely with re-
:gard to the respective rights of the Pun-
:dulgoody and Mutilputty ryots to occupy the lands in dispute it might have been left to be decided by the issue of a Civil Suit between them. But there is the further question involved of the respective right of the Government and the Ranee of Ramnad to the Public Revenue which depends

attach such portions of the disputed lands as may appear to him on enquiry to belong to the Tinnevelly District and either to carry the revenue to account or to hold it in de-
:posit until the Ranee has established her right by a Suit.

depends upon whether these lands were or were not included in the Sunnud granted to the Zemindar at the Perma-
:nent Settlement and formed a portion of the resources on which the Peish-
:cush was fixed.

3. It was with a view to determine this point that the proposal was made to settle the question by amicable adjustment. This is the same course which is usually pursued in cases of disputed boundary even between indepen-
:dent States, and the Board think that the Ranee has been ill advised in de-
:clining so equitable a proposal parti-
:cularly after having once given her con-
:sent to this course of proceeding. On questions of this nature the onus of proof seems properly to lie with the Zemindar claiming the land and as the Ranee has shown an evident determination to resist all compromise the best means for assert-
:ing the rights of Government seem to be to authorize the Collector to attach such portions

of

time which is considerable, there is a direct opposition as to the place wholly irreconcileable with truth; the 3d & 4th & 5th Witnesses giving it as Karaputty while the 6th the Parohitan, who according to his own account, actually officiated & therefore ought to know says it took place at Madura — The 3d & 4th Witnesses, in deposing to the permission of the husband, each says, that he himself alone was present — The only other Witness to that fact is the 6th who does not mention the presence of any one else besides himself. his contradiction of the other Witnesses as to the place of adoption has already been noticed - It is submitted that the absence of a protest on the part of the Relatives is not sufficient evidence of their consent, but that this Consent should be formally given and formally proved - In the present case no testimony whatever was adduced to the fact - If the plaint be compared with the evidence a very strong contradiction will

will be observed - In the 3d Para it is stated that it had been determined to adopt Yegaya Narayanen the younger brother's son of the Plaintiff's husband who died on the 30th June 1840. & that the said Yegaya Narayanen was adopted a few days afterwards - Now Soobarayer, whose son is said to have been adopted is not the younger brother of Plaintiffs husband & according to the Witnesses, years elapsed between the

of the land in dispute as may appear to him after full enquiry to belong to the Tinnevelly District and either carry the revenue to account or hold it in deposit until the Ranee has proved that the land is included within the limits of her Zemindaree by a Suit to be instituted by her, should she think proper to resort to that course..

With reference to Extract from Proceedings of the Board of Revenue dated 8th. September last communicating the resolution of Government which disapproved of the Establishment of a Lungurkanah in this District out of the surplus monies of the Chattrum Fund and directed some other more needful project to be considered of for the appropriation

Proposing that the total available Chattrum Fund of 20989 Rupees in deposit may be appropriated to the construction of 2 Chattrums one at Seethapanullor or in the frequented road to Tencausey & the other at Chekaraggody on the important road to Tatacorin

appropriation of that surplus I have the honor to state that I am not able to think of any single object of public utility which would come within the means at disposal and beg therefore to propose that the total available sum of 20989 Rupees in deposit may be employed in several portions for the construction of works conducive to the public convenience.

2. The first requirements that have come to my notice are two Chattrums, one at Seethapanullor 10 Miles from Palamcottah on the frequented road to Tencausey where the want of such accommodation is greatly complained of, the other at Chekaraggody on the important road to Tatacorin where a Chattrum is equally needed.

3. The plan and Estimate for these Chattrums recommended to be adopted by the Civil Engineer are the same as were formerly submitted for a Lungurkanah with my letter of 18th. February last and the total charge for the two would be Rupees 12,561-8-.. An Establishment for each

B.R. No. 2188.
From the Collector of Tinnevelly
Submitting report with copies of explanatory Documents on the boundary disputes between the Travancore State and the Company's territories in the District of Tinnevelly &c. —

Sir.

Para 1. I have the honor to submit the report called for in — Extract from the Proceedings of the Board of Revenue dated 23rd November 1848 on the subject of the questions which have for several years been in agitation regarding the boundary between this District and the Travancore Country and what are called the Uzulkee — lands. —

2. The latter subject has in fact been already disposed of by the orders of Government for their surrender to the Travancore Government with all the Revenue that has been collected upon them since their attachment by the Collector of — this District. The delay in carry- -ing these orders into execution — seems to have arisen from the

hope

each would be required which I trust Government will be pleased to give of the same strength as have been allowed for Ebadr Khan's Chuttrum and which would no more than complete the expenditure first sanctioned under date 24th June last under the supposition that there were 7 instead of 5 Chuttrums attached to the Chuttrum Fund.

4. I have in contemplation proposals to submit for the appropriation of the remaining sum of Rs 8424 10 as — out of the Rs 20,989 ordered to be laid out, but they are not yet sufficiently mature to bring to the notice of the Board.

5 I should mention with reference to my letter of 8th December 1849 that Tatoo Ram has stated that his present circumstances do not admit for his carrying out his former intention of building a Chuttrum at Seethapanulloor.

Sir,

80

B. No. 2966
From the Collector of Tinnevelly
Requesting to correct an inadvertency in his letter of 27th Instant

Read

I beg to correct an inadvertency in my letter of 27th Instant where I have stated that the plan and Estimate for Chuttrums recommended to be built at Seethapanulloor and Checkaragoody are the same as those which accompanied my letter of 18th February last.

2. The Chuttrums now recommended do not require the amount of accommodation for the lower caste people that would be necessary in a Lunguekanah. Taking therefore the plan and Estimate above alluded to as far as they provide for the accommodation of Brahmins and Soodras as the guide for the similar requirements in the Chouttries it will be sufficient I apprehend to make provision for the lower castes on the scale lately adopted

Fort St. George 13th October 1851

hope which has hitherto ever been cherished that an arrangement would be effected by which the Travancore state would be induced to relinquish all its possessions on this side the mountains. That point being now forbidden to be again agitated there seems no reason to defer the surrender longer and if the Shencottah Taloork is to belong to a foreign power I cannot perceive that the addition of the Uzbutee lands to its extent situated as they all are contiguous to the other lands of the Taloork can be the cause of any material inconvenience to us. The sense of the occupants of the lands in question regarding the transfer was taken in 1836 in conformity with the orders of the Revenue Board dated 28th December 1835 and it was ascertained that the holders of the portion of Uzbutee land annexed to the Villages of Vadakuray, Canakapillayvalasay, Nadoovayel, Abeeshaigapairy, yadacaud and

Fort St. George 13th October 1851

and Coolaculvalasay had no disinclination to the measure but that the occupants of those attached to the Village of Poolliary, Coomaracoil and Codeecoorchy Expressed their dissent because they do not admit the right of the Travancore state or apprehend their fields will become liable to encroachment or on account of the Travancore Revenue System not allowing remission of Neerwah on fields left uncultivated.

3. It does not appear to me that the above reasons are sufficient to justify our declining to make over the lands as they have been adjudged to belong to Travancore and that Government is unwilling to accept any compensation for them.

Para 3

4. The account called for by the Board in the Proceedings under reply of the amount of Revenue which has been collected and kept in deposit on these lands to

adopted in the case of the Sattoor Chuttrum and of which the cost was Rupees 125-15-. adding to this the Estimate for the apartments intended for Brahmins and Soodras with Wells in each Division Viz. Rupees 3918-13-. the total Estimate for each Choultry will be Rs. as 4044 12 -. or Rupees 8,089-8-. for both not Rupees 12,564 6-. as mentioned in my former letter and the balance remaining of the Chuttrum fund surplus will be Rupees 12,899-8-. instead of Rupees 8,424 10

Tinnevelly
29th November 1851 } (Signed) C. J. Bird
Collector

Ordered that the following letter be sent in consequence.

To,
The Collector of
Tinnevelly,

Sir,

(79-81)

Dist. No. 18.
From the Collector of Tinnevelly 31 Dec.
Requesting him to submit his proposition denovo regarding the construction of certain Chuttrums in his District

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated the 27th and 29th November 1851 suggesting the

District, and returning the Plan & Estimate submitted by him with his letter of 18th July 1851 to be revised so as to suit the construction of the above buildings.

construction of two Chuttrums at Seethapanulloor and of one at Chekarragoody out of the Surplus available Chuttrum Fund, in lieu of the Lunguerkanah previously suggested and proposing to adopt the plan and Estimate of the latter, with certain modifications, to the construction of the proposed Three Chuttrums.

2 In reply I am directed to observe that as the first arrangement has been entirely set aside by Government it is an inconvenient method to submit another proposition which necessitate a reference to the details of former correspondence for the purpose of selecting such portions as may be adapted to the new arrangement.

3. The Board therefore consider it desirable that you should submit your proposition de novo, as regards the Plan and Estimate and those which accompanied your letter of the 18th February 1851 are therefore returned herewith

In Cons 24th July 1851.

to the close of last Fusly is herewith enclosed, showing a total amount
†Enclosure No. 1 of Rupees 10,72,79—10—11. This statement I trust will be considered sufficient for the present purpose as all my Establishment is fully occupied just now in preparing the accounts of the last Jummabundy. But whenever the lands and money may be ordered to be given over, a particular account for each tract will be drawn up for the information of the Travancore Authorities.

5. The Resident accompanied by the Dewan of Travancore has lately been in this neighbourhood for the purpose of personally conferring with me on the subject of this report. I had previously heard from the Resident that the Rajah of Travancore was unwilling to part with one principal Manium or Village / Mullengad / among those proposed by the Resident to be transferred to the Company in the event of a new boundary being

† Vide letter dated 15th March 1851 Enclosure No. 2

Vide his letter prefixed to Minutes of Consultation which accompanied the Board's Proceedings under reply para 28.

drawn

drawn between the two countries and I found in conversing with the Dewan that there was great reluctance on the part of the Travancore Government to consent to the cession of any part of what they consider their ancient hereditary possession on this side of the Mountains. The Resident also expressed himself not anxious for an exchange of territory and when he originally recommended that measure he did so under the condition if the disputed claims to the tracts of land under agitation could not be otherwise more satisfactorily settled. It is evident therefore that neither the Rajah of Travancore nor the Resident think the proposed new Boundary desirable in itself and my opinion coincides with that already expressed by Mr. Parker that the contemplated exchange of Villages between the two Governments is open to strong objection.

6. It would be better I consider to give up our right to the contested portions of forest land in the

† Letter to Resident dated 28th September 1846. Copy sent to Board on the 6th November 1846 No. 253.

herewith, on these being revised, to suit the construction of the Three Chattrums you now propose you will be good enough to enter into more detail, so as to embrace all the points regarding the buildings, esta-blishment, &c. in one communica-tion to be addressed to the Board in the Department Public Works.

4. It appears that larger accommodation should be allowed for the lower Castes, under which term they suppose Christians and Mussulmans to be included than was provided in the case of the Sattoor Chuttrum.

2. The renters having made a deposit of 110 Rupees on account of one Months' Rist and Rupees 330 on account of security for the due perform-ance of the contract, or both together

Fort St. George 13th October 1851.

the neighbourhood of the Atchencoil and Shanar Ghauts even if our right were clearly established than to make the proposed exchange of lands, especially as that arrangement would deprive us of those very localitites. I do not however think that our right is clear. The claim made by the Collector rests as shown in Mr. Parker's letter to the Resident+ dated 9th October 1846 upon the credit of the Vadakkay Village Cloogoo accounts and of certain old accounts that have come down from the time of the Nabob of Arcot's Government, upon the fact of the regular payment into our Treasury of a tax denominated in the accounts "Meycurray Yavany" which it is asserted is the Government tax upon the lands of Meycurray put situated within the disputed limits and lastly upon the acknowledged possession by the company of a Nutmeg Garden within the same limits.—

7. The Village Cloogoo accounts above alluded to were prepared in 1803

+ Copy sent to Government by the Resident with his letter dated 8th Septr 1848 Para 5.

Fort St. George 13th October 1851.

and are too recent to prove any thing relevant to the present question, those belonging to the Nabob's time which are brought forward as evidence seem to prove too much for they extend the limits of the Company's territory into the Pooliarry Ghaut as far as Barrier near Arriengal and in some other directions also beyond what we now hold or have ever claimed since the assumption of this Province. It would appear therefore that these accounts relate to a different state of things from what has existed for a long period and cannot be fairly used to prove our right to the Shunnearay Fort Gate as our boundary towards the Atchencoil Ghaut.—

8. The Dewan's reply+ dated 15th March 1848 to Mr. Parker's explication of the grounds of the Company's claim to the land in dispute in the last mentioned locality rebuts the argument founded on the levy by us of the "Meycurray Yavany" and I find on referring to the Office copy of

Widow[s]

Fort St. George 13th October 1851

in Sheet No. 63 of the printed Map of India - This determination of that part of the boundary though not officially communicated to the Collector seems to have been known and recognized, for in 1826 when some timber had been stopped by the Travancore Peons the Tahsildar of Tencaucy sent with an Arzee / Extract from which will be found copied with a translation in a letter from the Resident to me dated 4th August 1851) a rough plan+ in which he shows the boundary exactly corresponding with that laid down in the Travancore Survey.

+ translated and Enclosed No. 5.

11. This I think is enough to render the Company's title questionable and as it seems that the Travancore Government can show older accounts than

+ Dewans letter to Resident dated 7th April 1841 vide on Resident's letter to Collector dated 6th July 1841 - Enclosed No. 6.

here only very recently been discovered and brought forward, and as there is no evidence that will bear question to produce against the position and intention of the stones shown in the Native plan which accompanied the Resident's letter of 17th August 1848 and which still exist, I am of opinion that our claim in this direction cannot be said to be established and that here also the authority of the Government Survey of Travancore should be respected and submitted to.-

13. The District of Tinnevelly was surveyed several years before Travancore and a large Map drawn from Colonel Mackenzie's survey was furnished to the Office in 1816. It is however not a correct Map and no one has ventured to appeal to its authority in these questions about Boundary, and from the fact of the boundary being laid down in the sheet Map of India according to the Survey of Travancore and not that of Tinnevelly, it is to be presumed, that Colonel Mackenzie's division is not considered

so worthy of credit as the other. I have been favored by the Resident with a copy of the Memoir by Captains Connor and Ward describing the boundary assigned by them to Travancore along the whole length of this District and I would recommend that the same should be compared with the original and sent properly authenticated to the Collector of Tinnevelly with instructions to observe it as the authoritative description of the line of frontier not to be departed from without a report first being made and a decision obtained from Government.- I am not aware that actual occupation any where besides the two localities above mentioned varies from the frontier drawn on the sheet Map, but I believe there are some places where our Village Accounts attribute some-what larger limits to us but only in hilly and jungly spots of no great extent or value. Without some order of this Kind there seems to be no security against repeated discussions like those which have taken so much time and given

so much trouble to us of late years.-

14. I have however to recommend one exception to the adoption of the exact territorial limits on both sides that were assigned at the making of the Survey of Travancore.-

15. There is a Village or as it is called in the revenue dialect of Travancore a Maniam called Malliancollum belonging to that State situated some thirty Miles away from any part of Shencottah in the heart of the Shencottah Talook of this District. It will be found coloured yellow in Sheet No. 63 of the Map. Great inconvenience is experienced by us from this place belonging to a foreign power because it depends for water upon Channels situated on Company's land and when any disputes arise about these, a troublesome and often unsatisfactory correspondence with Travancore takes place. The objection in a police point of view is obvious. The Travancore authorities I am happy to say are willing

80°. 38'. N.
77°. 33'. E.

Fort St. George 13th October 1851.-

to cede this Maniam to the Company in Exchange for our isolated possession at Pooliary. These are not distinguished on the Sheet Map No. 63 but will be found marked in red Colour on the plan of the Shencottah Talook which is on the records of the Board and of which a copy accompanied the Extract from their Proceedings now under consideration. The Ayacut bariz of Pooliary in our Accounts is Rupees 2,832-7-1- and the average collections for the last 5 years including Moturpha were Rupees 1,993-2-1. The value of Malliancolum is stated in the Residents letter of 14th September 1846 to be as per Ayacut Rupees 4,442 and as per average collections Rupees 1,916 so that in point of Revenue the difference is not material while on every other consideration the exchange is advisable. We have a frontier Chowkey at Pooliary

Bd. No. 3022.

From the Collector of Madras - - -

Submitting a report on the Estimated quantity of Salt required for the Home Sales and the Inland and Export trade of this Presidency and soliciting the sanction of the Board for the same.

To Collector of Chingleput 4th November 1851.
From Do. 1st December -

I have the honor to submit for the Orders of the Board of Revenue the accompanying correspondence with the Collector of Chingleput, and to solicit their sanction for the manufacture of the Estimated quantity of Salt required for the Home Sales and Inland and Export trade of this District for the ensuing Season.

2. The Amount sanctioned for the Sale of Fusly 1261 was 6,000 Garces, but in Consequence of the severe storm that occurred in May last so large a quantity of Salt was destroyed and so much injury done to the pans that it was found necessary to stop entirely both the Inland Sales and Exportation to Bengal, as the quantity remaining after the storm was found barely sufficient to meet the demand for Home Consumption.

3. In order that this serious deficiency may not occur for the future I

Fort St. George 13th October 1851.

No. 2.

No. 395
1851.

To Charles James Bird Esqre
Collector of Tinnevelly.

Sir,

I have the honor to acquaint you that your letter of the 19th of September 1850 was duly forwarded for the consideration of the Dewan of Travancore and I have now the honor to transmit to you a copy of that Officers reply.-

He had already long since as you are aware detached some confidential servants of his Cutcherry to place themselves in communication with the Naib Sheristadar of your Cutcherry or such other Revenue servants as you might select for the duty in question, and they only returned to Travandrum, in order to ascertain correctly the wishes of the Sircar on certain points proposed for consideration by the Naib Sheristadar, especially as to whether the estimate of the value of lands to be exchanged should be according to the Ayacut accounts or on the actual collections. The Dewan you will perceive explains very clearly and I think satisfactorily the Justice of his adopting the Ayacut accounts.-

The

Fort St. George 13th October 1851.

The Dewan you will observe also is desirous to retain the Kullengood or Maniem which I had suggested should be given up to Tinnevelly but I had not considered the arguments now urged for it's retention.-

In all other respects I think the lines of Boundary I have proposed are so well defined, and will make the Shencottah District so much more compact and will diminish so much the facilities of smuggling that I cannot but hope it will be acquiesced in.-

Should there be any points in which in your report to the Board of Revenue you may differ materially from the suggestions which I have offered for the consideration of Government in my report No. 28 of the 8th September 1848, you may perhaps, be so good as to favor me with a statement of them in order to enable me to obviate as much as possible the delays that may otherwise arise in the event of Government considering it desirable to make any further references to me on the subject.-

Had I been made aware that Mr. Thomas intended to address the Government I might have been prepared at an earlier moment to submit the sentiments of the

Travancore

Fort St. George 5th January 1852.

I consider it my duty to recommend that the quantity ordered to be manufactured for the sales of the next Fasly should be at least 3,000 Garces in excess of the probable demand for the purpose of serving as a store to meet any accidental failure in the supply.—

4. The Estimate for the ensuing year will thus stand as follows.

	£.	
1 Home Sales at 100 Garce per Measem	1,200	— —
2 Inland Sales at 300 Garce per Do.	3,600	— —
3 Exportation to Calcutta	1,500	— —
4 Additional quantity to be stored	3,000	— —
Total	9,300	— —

5. The loss to Government from Wastage would I consider be trifling compared with the very large loss of Revenue and extreme inconvenience resulting from the forced closing of the sales that has occurred this year.—

6. To secure the enlarged amount estimated above, I propose to extend the manufacture at Ennore and Attipat as well as at Vellore and Vayalore and to create a few pans at Vichoor.—

7. The arrangement will be seen

Fort St. George 5th January 1852.

seen in one view from the following Statement.

Locality.	No. of New Pans.	Yield of each Pan.	Total Yield.	Rate of Coodewarum.
		Garce	Garce	
1 Attipat	361	2	722	10 Rs. the Garce
2 Ennore	50	2	100	Do.
3 Vullore	200	4	800	9 Do. Do.
4 Vayalore	200	5	1,000	Do. Do.
5 Vichoor	150	2	300	8½ Do. Do.
	961	15	2,922	

8. As regards the formation of new Pans at Ennore and Attipat which are under my control, I apprehend no difficulty as the Manufacturers, Shrotriemdar and Merassidars, have signified their Willingness to enter into an Engagement to form new Pans and supply a larger quantity of salt than they have hitherto done.—The manufacture of new Pans at Vichoor is so favorable to Government that I would recommend that the sanction of the Board should be immediately conveyed to me for carrying out the proposed arrangement.—

Fort St. George 13th October 1851.

No. 2.

No. 395
1851.

To Charles James Bird Esqre
Collector of Tinnevelly

Sir,

I have the honor to acquaint you that your letter of the 19th of September 1850 was duly forwarded for the consideration of the Dewan of Travancore and I have now the honor to transmit to you a copy of that Officers reply.—

He had already long since as you are aware detached some confidential servants of his Cutcherry to place themselves in communication with the Naib Sheristadar of your Cutcherry or such other Revenue servants as you might select for the duty in question, and they only returned to Travandrum, in order to ascertain correctly the wishes of the Sircar on certain points proposed for consideration by the Naib Sheristadar, especially as to whether the estimate of the value of lands to be exchanged should be according to the Ayacut accounts or on the actual collections. The Dewan you will perceive explains very clearly and I think satisfactorily the Justice of his adopting the Ayacut accounts.—

The

Fort St. George 13th October 1851.

The Dewan you will observe also is desirous to retain the Kullengood or Moniem which I had suggested should be given up to Tinnevelly but I had not considered the arguments now urged for it's retention.—

In all other respects I think the Lines of Boundary I have proposed are so well defined and will make the Shencottah District so much more compact and will diminish so much the facilities of smuggling that I cannot but hope it will be acquiesced in.—

Should there be any points in which in your report to the Board of Revenue you may differ materially from the suggestions which I have offered for the consideration of Government in my report No. 28 of the 8th September 1848, you may perhaps, be so good as to favor me with a statement of them in order to enable me to obviate as much as possible the delays that may otherwise arise in the event of Government considering it desirable to make any further references to me on the subject.—

Had I been made aware that Mr. Thomas intended to address the Government I might have been prepared at an earlier moment to submit the sentiments of the Travancore

Fort St. George 5th January 1852.

and Voyalore to the extent exhibited above.

10. The Board are aware that a portion of the supply necessary for the sales of this District is drawn from the Pans at these places. As the Pans under my control are unable to yield a supply equal to the demand of this District, and as the demand is daily increasing, and it is essential that due provision should be made to prevent any failure in that supply I am induced to solicit the orders of the Board for the enlarged Manufacture at Vellore and Voyalore as shewn in the Statement appended to para 7.—

11. It will be observed from the Correspondence now submitted that the Collector of Chingleput is opposed to the extension of the Manufacture and Sale of Salt in this District.

12. The objections that have been urged by Mr Cochrane appear to consist of the following points;—

First— That the sales of this District will be affected by the contemplated measure.

Secondly— That it will tend to the injury of a

Fort St. George 5th January 1852.

large body of Manufacturers now dependant on the Covelong and Vadasemmunjerry Pans for their livelihood; and Thirdly, That it will involve a large expense to Government in the shape of Compensation to the Manufacturers.—

13. As the subject is of considerable importance, involving a large amount of Revenue to Government I shall take the liberty of noticing each of these objections.—

14. As regards the first I confess I am unable to perceive how the fact of the sales at Covelong and Vadasemmunjerry being affected by the extension of the Manufacture at Madras bears on the question under consideration.—

15. In a fiscal point of view it is immaterial whether the Government draw a larger supply from one District or from another— The only object that it appears to me should be had in view in a question like the one under notice, is the selection of a Depôt of sale that is most eligibly situated for that purpose and if in this selection, the Public convenience and the largest amount of sales be combined that object appears to be attained.—

J.C.

Travancore sirkar on the matter at issue.-

You are of course in possession of all the correspondence on this subject since 1826 but I would particularly request your attention to a letter of mine No. 1525 of the 26th October 1841 in which I have entered very fully into the question of Boundary in the direction of the Achin Coil Ghaut.-

Resident's Office on Circuit, Trichoor, 15th March, 1851.

(Signed) J. W. Cullen
Resident

No. 161
1851

To,

Major General W. Cullen
British Resident of
Travancore

Vca V ou V ca

Sir,

I have the honor to acknowledge the receipt of your letter, No. 1562, of the 24th September last, forwarding a copy of one to your address from the Acting Collector of Tinnevelly under date the 19th Idem, and its enclosure.-

2. In reply I beg leave to state that I duly directed the Mal Elloothoo Soondaralingum Pillay to prepare the account required by the Acting Collector, and when furnishing the same to me, he informed me that before forwarding the account to the

the Collector, he had to communicate to me personally some details connected with the matter, as I already intimated to you in my demi-Official letter of the 18th October last, and with that view he accordingly joined me here on the 30th Idem.-

3. Having consulted with him on the subject and examined the correspondence which passed respecting it, between the Resident and the late Head Dewan Peishkar in charge, Streenevasa Row, I find that the latter mentioned Officer's report to the Resident of the 18th September 1846, was made without the consideration of all the circumstances relating to the lands proposed to be exchanged.-

4. In regard to the boundary-line now suggested by the Naib sheristadar of Tinnevelly and the Mal Elloothoo Pillay I find from the latter's report that of the grounds which they have measured, following the boundaries laid down in the Sketch furnished by you, and marking these with stakes from the Hills inclusive at the south of Shencottah, and towards the north as far as the Shanmallah hill, the first mentioned hills and an extent of 2½ Miles of land lying between the first boundary.

16. It is unnecessary to argue again the question as to the eligibility of the Presidency for a depôt of sale for the supply of salt for the Home and Inland trade as well as Exportation to Calcutta.-

17. The fact has been established by the gradual improvement of the Salt Revenue under my management and it is the increasing demand that renders it necessary that I should always have at Command so large a quantity as will satisfy the wants of the Public.-

18. That the sales in this District do not interfere to any large extent with the Revenue from Salt in any of the neighbouring Collectorates may be observed from the fact, that the largest purchasers of salt for Inland Consumption Consist of Merchants from Mysore and Bangalore who I believe formerly derived their supplies chiefly from the Western Coast.-

19. About three lakhs Rupees worth of salt is annually taken up by these Merchants, who come into the Presidency with goods the produce of their territories and it is a matter of importance to the interests of Government and the Commerce of the Country that there should always be a

sufficiency at hand, most conveniently situated for this purpose.-

20. Hence it will be clearly perceived that no secondary Consideration, such as the interests of the Manufacturers at Covelong and Vadassmunjerry should be allowed to interfere with a measure so highly Conducive to the Public good. The sales moreover at Covelong and other adjoining pans have never been at any time very considerable, and their distance from the Presidency renders them inaccessible to persons resorting to Madras. Nothing but sheer necessity arising from a failure in the supply at Madras would ever induce a Salt Merchant to seek the Covelong and Vadassmunjerry Pans for a return Cargo to their Carts and Bullocks.-

21. Under these Circumstances it does not appear to me that the Government can be held responsible for Compensation to the Covelong and Vadassmunjerry Manufacturers, because they are unable to meet with purchasers for their salt. The Regulation provides for the payment of Compensation only in cases when there is an actual suppression of the Manufacture for the benefit of Government; but this is not the case in the present instance.

It

boundary stone and the River at the northern angle of the Waddavelly Poonjah lands — as well as an estent of 6½ Miles of land from the River at the North eastern boundary of the Cusbah Maneyam in Shencottah to the Elangat Anicut, and an extent of 1¾ Miles of land from the commencement of the line marked I.I. to the channel which supplies water to the Tank called Raja Gopaulapairy, are liable to become subjects of future disputes, and that the Mel Elloothoo Pillay explained this circumstance to the Naib Sheristadar.-

5. In the Statement furnished to you by the late Head Devan Peish Kar in charge on the 17th July 1846 the amount

Statement shewing the Amount of Revenue derived from Nunjah and Poonjah lands &c. in the undermentioned Manyums of the Shencottah District.-

Manyums	Revenue as per Ayacut	Voathoo-poo of Revenue.	Extra Revenue	Revenue derived from the Arrack Farm.	Total.	Average of actual collection of Revenue for 5 years from 1021 to 1025 inclusive.-	
Elangaud	14,580 6 8	7,334 14 10	177 14 9	46 8 9	7,559 6 4	7,486 10 1	
Aycoody	12,303 3 7	4,096 11 10	228 7 8	51 10 2	4,376 13 8	4,167 11 6	
Shamboor Vadagarray	15,028 7 7	6,809 5 11	446 4 7	58 14 6	7,314 9 11	6,411 4 3	
The portion of Shavelmulloor Manyum lying between the Lines K.K. and L.L.	2142 8 2	653 11 4	61 3 3	67 10 2	781 13 9	771 12 11	
Total	45,114 10 11	18,894 11 11	913 14 3	224 11 7	20,032 10 9	18,837 6 9	

demand of Revenue as per Ayacut and that of the actual Collection of each Manyam are exhibited, but the latter is not quite correct, as the following circumstances and the Statement in the Margin will show.

Prior

6. Prior to the year 987 the Revenue of the Shencottah Talook was collected after deducting remissions on account of fallow lands, and also of those lands the produce of which would not pay the tax thereon, and from the year 988, it obtained as a rule every year to prepare a statement of the average collection of Revenue for the ten years immediately preceding and to grant Puttayems accordingly to the Ryots, which system continued till the year 995, being eight years.- In the interval, however, all the lands having been measured with a rod of 6¾ Coles or Carpenter's yards and the Assessment fixed accordingly in the year 993, the ryots represented such mode of measurement as a hardship while the lands in the Honorable Company's territory were measured by a longer standard, Viz^t, a rod of 7½ Coles, whereupon they were allowed the benefit of one half of the difference between the two standards of measurement, and in the years 996 and 997 the revenue was collected accordingly on some of the lands, the tax collected on others being one half of the produce derived, but as some of the Ryots neglected to cultivate their lands, and others failed to pay the tax of half the crop, the Sirkar were under the necessity of admitting the

accounts

Fort St. George 5th January 1852

It is necessary for the Public convenience to extend the manufacture at the Presidency and if by this measure, the demand at the Covelong and Vadasmunjery Pans is diminished and the supply of salt regulated by that demand, the manufacturers at those localities cannot possibly have the remotest claim on the Government - It is the position of the Pans, and not the sales at Madras, that has operated to the detriment of the Interests of the manufacturers -

22. Having as I hope shewn the extreme importance and immense advantage that will accrue from the extended manufacture and sale of Salt at Madras, I would merely advert to the question of the transfer of the Chingleput Pans of Vullore and Voyalore as well as the new ones proposed to be formed at Vichoor entirely to my superintendence. -

23. I am not aware that this subject has been definitely settled by the Board in their Proceedings of the 30th September 1850. The Extract quoted by Mr. Cochrane refers I believe rather to the Ennore and Attiput Pans which are under my Control and not to those of Vullore and Voyalore. -

24. On the contrary the Government have.

Fort St. George 5th January 1852.

have expressly enjoined that no sales should take place at these Pans but that the whole of the salt manufactured at these localities should be stored and disposed of under my Superintendence. -

25. They have therefore, I am induced to think, left the question of the transfer open for future Consideration, and should the Board convey their sanction for the extended manufacture now solicited, this would form an additional reason for placing the manufacture, as they have done the sale, under my Control. The arrangements so ably urged by my predecessor in 1834 for the transfer of the Ennore and Attiput Pans apply equally to the Pans at Vullore and Voyalore so that it is unnecessary I should again go into that correspondence. It must be sufficiently obvious that the authority Superintending the sale should always have it in his power, without delay, to regulate the supply according to the demand and keep the branch Channel in a navigable state for the passage of Boats, and that no other party should be allowed to intervene between himself and the manufacturer. This arrangement besides simplifying business is the

accounts furnished by the ryots themselves of the produce derivable, and from such unsatisfactory data to determine the amount payable by each ryot to the Sirkar under the system referred to before, and called Veethepoo;- the same being calculated upon an average of ten years' collections up to the year 996, and the tax was recovered accordingly for three years; Viz.t. 998. 999 and 1000.- After the lapse of this period the Sirkar resolving to fix the tax in conformity with the system which obtained in the Honorable Company's territory, caused the lands of the Ayecoody Manyum to be measured with a rod of 17½ Coles; and even by ascertaining the extent with this meter the amount of Revenue annually derivable by the Sirkar was found to exceed the Veethepoo tax by 8,000 and odd Vella fanams, and to be 3,000 and odd Vella fanams below the amount as fixed by Ayacut. Nevertheless, the amount of tax thus justly chargeable by the Sirkar was not demanded and the Veethepoo tax continued to be collected. Thus you will perceive that the Collection of that tax can form no correct criterion in preparing the Statement of revenue for five years as required by the Collector, and if the tax on the Sirkar lands east of the boundary defined in the Plan be determined according

according to the scale adopted in the Honorable Company's territory for similar lands, there would be a considerable increase in the amount of Revenue now derived on those lands; and that therefore the proposed exchange of lands taking the Veethepoo tax now realized by the Sirkar as the actual revenue of the Sirkar lands in question, will prove detrimental to the interests of the Government.-

7. In order to obviate future disputes, I think it desirable that when the proposed exchange of land is finally determined upon, the line of boundary should be defined by immoveable land marks and on the sanction of the Madras Government being obtained to such line of boundary as might be approved of by you, that the extent of the respective portions of territory to be exchanged between the two Governments be ascertained by a deputation of Servants of both the Governments with the same rod measure; and if the revenue be determined according to the ayacut accounts of

both

Fort St. Georges 5th January 1852

the one most beneficial to the interests of all parties - the Government, the trader and the Manufacturer.-

26. I am induced, therefore from these circumstances to request that this Board will obtain the sanction of Government for placing the manufacture as well as the sale of salt at the Pans of Vellore, Voyalore and Vichoor in Chingleput under my Superintendence.

27. If I may be permitted to suggest any further measures for the improvement of the Salt Revenue, I would recommend that the sale of the salt at Covelong and Vadassmunjerry should also be placed under the Presidency Collectorate where the same can be most efficiently conducted by having the Salt brought to this place by sea by the means of the Coasting Dhonies.-

28. This arrangement will have the effect of making this Collectorate the grand Depôt for the Inland trade in Salt and I need not enumerate the great advantages that are to be gained by this plan, suffice it to say that it appears to me that this office will be best able to carry out the object of Government in effecting the largest sales at the

Fort St. Georges 5th January 1852.

the lowest possible inconvenience to the Public, not having to contend with the difficulties attending the administration of an extensive Revenue System and details of a Magisterial Department as is the case in the Provinces.-

29. I apprehend no difficulty in conveying the Salt Manufactured at Covelong and Vadassmunjerry to the Presidency, and I shall be happy to submit for the consideration of the Board the arrangements that may be necessary for this purpose. Mr. Cochrane in Para 4 appears to allude to some project that he has in view for the amelioration of the Condition of the Manufacturers at Covelong and Vadassmunjerry, and I have to beg that the Board will not pass any orders on the subject before enabling me to submit my sentiments on the desirableness of the plan in question.-

To,
E: B: Thomas Esq.
Collector of
Tinnevelly.

Sir,

Adverting to the Acting Collector Mr. Parker's letter No. 807 under date the 9th of October 1846, I have now the honor to transmit to you copy of a communication No. 404 of the 15th March last furnishing proofs in support of the claim of the Travancore Circar to the Hills and lands situated about the Kanearoy Fort Gate.-

Resident's Office,
Trevandrum,
6th June, 1851.

(Signed) W. Cullen.-
Resident.

No. 404.

To,
Major General W. Cullen.
British Resident of
Travancore.-

Sir,

88ca 88ca 88ca

With reference to your letter of the 2d December 1846, No. 2004 forwarding a copy of a communication to your address from the Acting Collector of Tinnevelly under date the 9th October 1846, No. 807, I have the honor to submit to you the following proofs

inform you that in consequence of the constantly increasing demand for Salt both for Inland Sale and for Export it is his intention to increase considerably his estimate for the Salt required for this year.—

2. As regards the Pans at Attiput I have to report that Petitions have been received from the Shrotriemdar and Principal Merrassidars of that place, stating their wish to be allowed to supply for this Year a much greater quantity of Salt, and proposing to make new Pans.

3. They have appeared in person at this Cutcherry and state that they are willing to make 361 new pans producing for this the first year after their formation, 722 Garce.—

4. They have been closely questioned and the Superintendent has also examined the land which they propose to convert into Salt Pans and reports favorably upon it.

5. The Merrassidars of Ennore no longer raise any objection to their land being converted into Salt Pans, but themselves have come forward in person to propose to make 50 new Pans estimating the quantity

of Salt from these pans at 100 Garce for the present Fusly.

The Merrassidars of Vellloor, 6. Voyaloor and Shrotriemdar of Vichoor have also sent Urzees and have appeared in person. They express their willingness to make new pans and to manufacture a large quantity of Salt for this fusly. enclosed See Memorandums is their estimate of the number of Pans, quantity of Salt, and rate at which they propose furnishing the Salt.

In addition to these Estimates 7. for new Pans and for a greatly increased supply of Salt upon which subjects the Collector is anxious to have your opinion as soon as possible. I have been directed to submit for your consideration the expediency of applying to the Board of Revenue for permission to transfer the Salt Management of the Pans at Vellloor Voyaloor and the new Pans at Vichoor. if executed to the Madras Collectorate.

8. The subject has been so often argued that the Collector would only wish to have your opinion as to whether the whole of these Pans being brought under the Superintendence of the nearest European authority would not be advantageous. He considers that this

proofs in support of the claim of the Travancore Circar to the hills and lands therein alluded to.

2- The Acting Collector alleges in the 1st paragraph of his letter, that the gate of the Kanearay Fort (at Atchencovil) is the boundary of the Tencausey Talook. This I beg leave to state is incorrect, because the Circar possesses lands East of that Gate in like manner as it has lands East of the two other Kanearay Gates at Arriengal and Colathoorpelay; and the Kanearay Gate in question has been built and the guard placed there, with a view not of marking the boundary between the Honorable Company's and the Travancore Circar's territories, but of preventing the ingress and egress of contraband Articles in consequence of its being a commanding position, several roads converging at the spot which it occupies.

3- I have properly examined all the accounts and other records of the Circar respecting the Atchencovil hills &c. and find that the Melcaraput Kunjah and Poonjah lands as well as the Forests which lie to the East of the Kanearay Fort Gate in question, have belonged to the Atchencovil Devastom from a very remote

period, that the revenue was accordingly collected by the servants of that Devastom up to the year 986, that from the following year 987 when the Devastom lands &c. were assumed by the Circar the Collections were paid into the Treasury of the Mavalicara District for some time, and since into that of the Shencottah Talook up to the present time. I do not find from any of the records that the Malcaraput lands were ever granted by the Nabob to the Atchencovil Pagoda or that any Quit Rent had ever been paid thereon by this Circar.

4- In regard to the sum of 13 Pons paid annually into the Treasury of the Tencausey Talook, and alluded to in the 5th Para of the Acting Collector's letter, I beg to say that it is the amount of Nuzzur or Arramanah Yavanah (an acknowledgement fee) which was paid by the Atchencovil Devastom to the Nabob on account of the 18 Cottahs of Paddy land denominated "Coottoo Moolah," situate in the Pumbly Village, and bestowed on the said Devastom as a Survama-mein, and which payment has since been transferred to the Honorable Company and it has no

connection

this change would simplify the whole of the business of the Salt Department and would avoid delays caused by reference from this Cutcherry to your own. With reference to this subject I am also desired to bring to your notice that the Petitioners of Vulloor, Vayaloor and Vichoor both in their Petitions and when they attended at the Madras Collector's Cutcherry begged that it might be represented to you, that it would be of advantage to them that such transfer should take place. by enabling them to receive their Hudewaram immediately on their delivering their Salt to the officials deputed to receive it. whereas they are now exposed to delays consequent on their having, after the delivery of Salt to present the receipt to a subordinate Officer of the Chingleput District.

Should you agree with the Collector on this point he would at once propose the transfer to the Board of Revenue.

Madras

Madras
4th November 1851 } /Signed/ R. S. Ellis
Assistant Collector

No. 58.

To J. A. Hudleston Esqre.
Collector of Madras.

Sir.

I have the honor to acknowledge the receipt of your Assistant's letter of the 4th Ultimo. and to state that any additional quantity of Salt can be readily supplied from this District to meet the Demand at the Presidency for Island consumption, and for Export, by extending the manufacture of the Pans of Voyaloor and Vulloor and by the new formation of Pans at Vichoor, provided the measure is approved of by the Board of Revenue.

The

connection whatever with the Melcaraput lands above referred to.- The course of causing the Quit Rent payable by the Ryots of one Manieum to be collected from the Cultivators of another Manieum, and to which Mr. Parker alludes has never obtained any where in Travancore- The Nuzzer for the said Survamanieum land, is paid by the Circar in like manner as the sum of 3075 Poons is paid by it on account of Shencottah- This latter amount was included in the Peshcush from the year 977- but as the Nuzzer of 13 Poons was paid by the Atchencovil Devasom it was not included with the 3075 Poons and after the Devasom was assumed by the Circar, the amount was paid from the Huzzoor Treasury, and from the year 999 the Cultivators were caused to pay the same.-

5. Respecting the attachment by Mr. Cotton of the Surva Manieum land alluded to in the year 993 and in reference to the 6th para of Mr. Parker's letter I beg to state that when that circumstance took place the Dewan of Travancore addressed the Resident Colonel Newall, the communication noted in the Margin, soliciting that the Collector of Tinnevelly may be requested to cause the release of the land in question, which was accordingly released

From the Dewan to the Resident- Dated 26th August 1822.

released in the year 998, but no payment whatsoever was made by the Circar to procure its release, on the contrary, the Honorable Company also refunded to this Circar on that occasion a sum of 24-98 3/16 fanams being the balance of revenue collected by the Company on the land in question for six years, Viz. from 993 to 998 deducting the amount of 784 7/8 fanams, being arrears of Nuzzer due to the Company.- At the period referred to, and for several years before and after it, the Melcaraput lands were under Cultivation by the subjects of the Travancore Circar, and were quite unconnected with the attachment of the Surva Manieum lands-

6. Referring to the paragraphs from 7 to 12 of the Acting Collector's communication, I beg to state that besides the 18 Cottahs of Surva Manieum land, there are some other lands adjoining the Melacaraput lands before mentioned and the Circar has established a Manieum in that locality for the purpose of collecting the revenue of the Nunjah and Poonjah lands as well as the rent of the Forests granted as Cuttoogoottah which are entered under the head of Sunjayan or Exctra Revenue, and

the

2 The subject however, you are aware, is one which involves much consideration, not only in reference to the proportionate increased supply, that should be required to be manufactured at these Pans, and at those at present under your management, but as regards likewise the manner in which any increased manufacture in the Pans above alluded to will affect the sales at the extensive Pans at Covelong and Vadasemmunjary, and the Interests of those concerned in the manufacture at the places last mentioned.

3 Desirable as it is that every facility should be afforded to the Inland Trade, there are other considerations of great moment, which must not altogether be lost sight of in attaining this object. In a fiscal point of view Government would not, as far as I am able to perceive, benefit by the extension of the Pans referred to in the Memorandum which accompanied the letter under reply, as any increased sale at the Madras Golaums, of Salt supplied from these Pans would be counterbalanced by a decrease in those at Covelong and Vadasemmunjary, the demand for Salt at these Pans being almost entirely confined to parties resorting to Madras, and as it is obvious that any

any increased manufacture at the former Pans to the extent apparently contemplated would render the closing of the latter Pans a matter of necessity, a measure which would not only cause considerable distress to a numerous body of the poorer classes, and loss to owners and manufacturers, but entail upon Government a vast expense consequent on the serious demands of compensation that would be made, and to which I conceive they would be considered to have claims, under an arrangement which would virtually amount to a direct suppression of the manufacture at their Pans.

4 It appears a matter of the highest importance that the Interests of all Parties should be permanently secured in connection with the Inland and Export trade of the Country without in any way detracting from the facilities afforded to Merchants and others resorting to the Presidency from all parts of the Country, but rather by adding thereto, and with a view to the adoption of a permanent measure, by which these objects may be attained. I purpose shortly addressing the Board of Revenue on the subject to which Petitions lately received from their office have likewise reference.

Adverting

the circumstance has led to all those lands being generally called the Melcaraput lands; and hence it was inserted in the writings quoted by Mr. Parker, that the yavanah, as the Arramanay yavanah or Aizzer was miscalled, payable on account of the 18 Cottahs of Surva Maniem land, was for the Melcaraput lands without showing on account of what particular lands it was paid; and on reference to the ancient accounts and other documents of the Atchencovil Devajsom, as well as to the records of the Mavalicurray and Shencottah District, the amount in question does not appear to have been paid on any other account, but as Arramana Yavanah for the Surva Maniem land alluded to; under these circumstances the right and title which the Circar thus posseses to the Hills and lands in question, cannot I think be annulled by the receipts and accounts adduced by Mr. Parker in the several paragraphs under reference.

7. Adverting to the paragraphs of Mr. Parker's letter from 13 to 18, I would beg to observe, that if the Officers of both Governments had

had conjointly conducted the Survey after due examination of all the accounts and documents connected with these hills and lands, the Kanayara Fort Gate of Atchencovil would not have been entered as the western boundary of the Vaddagarah Village in the account of the Survey of that Village by Mr. Lushington in Fusly 1213.-

8. With regard to the 19th Paragraph of the Acting Collector's letter, I have nothing further to urge after what I have already stated, than that the Spice Garden therein alluded to is situate on the Melcaraput Hills belonging to the Circar.-

Huzzoor Cutcherry,

Memorandum from the Dewan of Travancore,
Quilon 26th August, 1822.

The Pagoda of Atchen Covil Devajsom of this state posseses about 18 Cottahs of land in Tencausey Talook of the Tinnevelly District, paying 130 fanams annually to the Company's Treasury.- This has been continued to

Fort St. George 5th January 1852

5 Adverting to Paras 6 and 7 of your Assistant's letter, I beg to inform you that I do not consider that it would be expedient in any point of view to apply to the Board of Revenue for permission to transfer the supervision of the Pans referred to, to the Madras Collectorate On the contrary, having given the subject my best consideration, I am of opinion that the measure would in other ways be objectionable, independently of the reasons urged by my Predecessor in whose views I entirely concur not only as opposed to the said measure itself but as to the impropriety even of retransferring to this Collectorate the Pans situated in this District at Attiput, Curvoe, and Cuttivauk, which were made over to your supervision.

To Board 23d August 1850

6. You are perhaps not however aware that this matter has already been disposed of by the Board of Revenue who "on a full consideration of the correspondence "in 1834 on the very same matter and the opinion "of Government as recorded in Extract from "the Minutes of Consultation 15th September 1835, "were of opinion that there was not sufficient reason "for altering the arrangements that have so long existed."

Para 4 Extract Proceedings 30th September 1850

7. As I cannot moreover coincide in the opinion you have expressed that the change would simplify the transaction of

Fort St. George 5th January 1852

business connected with the Salt Department conceiving as I do that it has already been satisfactorily shown in Mr Freese's letter to the Board of Revenue that such a change would lead to a different result, I do not think that any grounds exist for again bringing the subject under discussion.

23d Augt 1850

8 As regards the wishes which certain Petitioners connected in the Salt Manufacture in these Villages have expressed in your Cutcherry touching the transfer of these Pans it does not appear to me that they are deserving of any consideration under the very frivolous and groundless reasons they have only been able to assign.

Chingleput District Collector's Cutcherry Pullecarney 1st December 1851

B. No. 21.

Proceedings thereon.

94 95

The Board, are not prepared to recommend the transfer of the supervision of the Velloor and Veyalloor Pans, or those to be newly formed at Velloor, from the Collector of Chingleput to that of Madras. They however authorize the extended Manufacture of Salt, at the different Pans, particularized in para 7 of the foregoing letter, those of Attiput and

to the end of the year 992 since owing to the negligence on the part of the Establishment of the Pagoda, the Vouchers of the land has not been registered and consequently the lands were placed under the assumption of the Honorable Company, and I am informed that from the value of the produce for the period of 5 years, which is from the year 93 to 97, 650 fanams due for the said period has been taken in liquidation to the above and the remainder amounting to 926 7/8 fanams are kept under Sumanath in the District Cutcherry. Knowing it would certainly be necessary for the Managers of the Land in question to appear in the Collectors Cutcherry as well as the others of his description to enter the Vouchers in the Register of the alienated lands, I have given orders to the Church Manager to the above effect, and therefore request your favorable interposition with the Collector of Tinnevelly for the necessary aid in having the said lands entered in the Register if necessary and for orders to the Tahsildars of Tencausey to pay the amount of the Funds of the Pagoda remaining in that Treasury with the accounts of the produce &c. in the different years of the assumption and to allow the free possession of the Pagodas without

Encre No. 4.—

Translation of an order issued by Mr. Cotton to the Moozoomdar of the Tencausey Talook, under date the 25th October 1817.

Your Arzee dated 24th Instant stating that you have caused the produce of the Davadayem Maniem land (attached to Sausha Pundarum temple in Travancore) situated at Moodookoopuththi in Vadakary Village, to be heaped up in the usual thrashing floor in the Circar or Company's limits and to be taken care of by the Cavilgar, has been received.—

You are hereby directed to write a letter to the Shencottah Amildar informing him that as the Maniem land in question is included in the Ayacut account of Vadakary Village belonging to the Company's Government, the people of the Sausta temple or the persons who enjoy the Maniem land, should, as the other Maniemdars of the Tinnevelly do, appear before the Hoozoor with the Vouchers in support of the Maniem, get the Maniem registered, obtain jarry sunnud, and take the same to the Talook and also pay usual Poroopoo teerwah on the Maniem land and that then the produce now under detention will be allowed to be taken by them, and requesting him to send the persons who enjoy the above Maniem land with vouchers for the purpose of getting the Maniem registered. You are further directed to send to Hoozoor with a Genealogical Table the persons who may be sent to you by the Shencottah Amildar as the enjoyers of the said Maniem land.—

Proceedings

limit of this Country is the Anoomanathee River, and all on this side of that River belongs to Travancore. In support of the fact, I would beg to refer the Acting Collector to the result of an investigation instituted in consequence of a report made by the former Tahsildar of Tencausey some time in last year, stating that the Travancore state had assumed a larger extent of ground than what was determined in the year 979/1803/4 to belong to it, which result I learn is recorded in the Collector's Office.—

3. I beg further to observe in reference to the same paragraph, that it is distinctly stated in the Grunda Varee or Diary of the year 812/1836/37 which is forthcoming in the Archives of the Atchencovil Pagoda, that the Hills and lands above adverted to, are bound on the north by the Cherroomalay Hill belonging to the Honorable Company, on the South by the Aury: Chanthy Cawnigul Nullah and the Murrapun: new Tank, and on the East by the Anoomanathee River, and the reserve on the Sunjah and Poonjah lands

lands within these limits, has always been collected by the Travancore Government.—

4- With reference to the 3rd paragraph I beg to state that the Renters of the Cherroomala &ca Hills which belong to the Honorable Company having found that the Hills Carroomalay, Uddaveninar and Cherroomalay belonging to the Travancore state were included in the Survey accounts of the Tencausey Talook which were wrongly prepared by the accountant of the Kuddagaray Village, as explained in the 2nd paragraph of this communication, reported to the then Collector of Tinnevelly that the place called Mysooran Thavalom, and situated to the west of the Atchencovil Fort Gate, was also the property of the Honorable Company, in consequence of which it appears the Tahsildar of Tencausey by name Cottara Soobyen was ordered to inspect and ascertain whether the abovementioned place belonged to the Honorable Company or to the Travancore Circar, and he reported as the result of his Survey that the locality in question was situated within the limits

of

of the Travancore state; but, the aforesaid renter having made a further representation on the subject, to the late Collector Mr. Thompson, that Officer deputed Alwar Pillay, the Peshcar of Nellimmbalum, to proceed and reinspect the said place, Mysooran Thavalow; who with a view of favouring the renter, submitted a report confirming the latter's Statement, that the place referred to was the property of the Honorable Company. After which it seems the renter took upon himself to collect and appropriate to himself the produce of the Cherroomala &c. Hills belonging to the Circar while a Hill of the same name and other Hills belonging to the Honorable Company were only rented out to him by that Government.

5. It appears also that the accountant of the Wuddagaray Village has caused the Merasidars of the same Village to prepare and submit to the Collector a Statement, shewing the revenue derived in Fusly 1244 on 39 15/16 Chains, and in Fusly 1248

on

on 12 15/16 chains of wet and dry Poonjah Lands of the Wuddagaray Chaigarum belonging to the Tencausey Talook as having been collected from the Poonjah Cultivation of the Mailkerra Village belonging to the Shencottah Talook. It may not be improbable that the observation contained in the latter part of the 3rd paragraph of Mr. Ogilvie's letter above adverted to is founded on the authority of such a Statement. Here I beg to observe that the Huzzoor Summahbundy as well as the District accounts shew that the revenue of the Mailkaray Chaigarum was paid up to the year $\frac{992}{1816/17}$ into the Cutcherry of the Coombala Proverty belonging to the Chenganoor District; and since that period the said Chaigarum having been transferred to the Shevalanelloor Maneyam of the Shencottah Talook, it continues to be paid into the Cutcherry of that Moneyam. It is a known fact that the Honorable Company have no other posession on this side of the Anoomanathee River, esceept a portion of land in the Shencottah Talook, which

was

Resolved that the following Proceedings be despatched.

Read Endorsement of the Collector of Cuddapah on Petition No. 2010 of 1851.

(105.)

Bd. No. 7.

/Here enter 11th December 1851/

Proceedings. Para 1. Requesting the Collector to trace from certain Summonds, with reference to his Endorsement on Petition No. 2010/1851 whether the term Mukandur may have been used for Khadim and if the Yeomiah in question is found to have been granted for service in a Mosque to state whether the institution derives support from any other Endowment in Land or for Inamdars*

The Yeomiah in question may have originally been received as Muddut Maash but its renewal on Two previous occasions, shews that it was something more than a mere life grant, and the Board are confirmed in this opinion from the fact mentioned in the Collectors Endorsement that Petitioner holds a Summud in which the allowance is entered as a Mushrooty grant attached to a Mosque

Adverting

* on condition of performing certain Service.

was granted to them for the purpose of forming into a spice Garden, when the late Mr. G. A. Hughes held that Talook in rent from the Circar in the year 985 / 1809/10.-

6- In reference to the 4th paragraph of the Acting Collector's letter above noticed I beg to state that this Circar has always levied a certain fee called Poolloo Varee, on the cattle brought by the Inhabitants of the Honorable Company for pasture on the Travancore Hills situated on the west of the Anoomanathee River; and that the Circar also collects another tax called Candoo Canoul Teerwah, on Bamboos and other Jungle wood cut from the abovesaid Hills- In further proof that the Hills alluded to belong to the Travancore state, I beg to bring to your notice the following circumstance which occurred some time ago- Some Inhabitants of the Honorable Company having felled without the Circar's license, a quantity of timber from the Hills in question, the same was seized and sold by auction on account of this Government, and on which occasion, a part of the timber was

purchased

purchased by the inhabitants of the Honorable Company's limits and the amount paid into the Circar's Treasury: Moreover duty has always been paid into the Atchencovil Choukey belonging to Travancore, on all timber felled on those Hills and no timber was ever permitted to be cut without first obtaining a Rahadhary from the Conservator of the Travancore Forests, but contrary to this rule, the Honorable Company's people have of late made it a practice of felling and carrying off timber &c. from the Travancore Hills.-

7- In the year 1006 / 1830/31 a wild Elephant having found its way into a field of the Mailkara Shaigarum the people of Vythealingum Pundarum, the renter of that field from the Circar, shot the Animal and delivered the Tusks according to usage into the Huzzoor Treasury on which occasion the usual reward for shooting each Elephant was given to them, but on the 1st January last an Elephant with one tusk, having been caught in a pit dug at the escpence of the said Vythelingum Pundarum on the west of a Poonjah land situated north of the Anyapalow Punjah Cultivation belonging to

the

or money or whether the Service has other persons to perform it.

In Cons: 30th April 1832

2. Adverting to Mr Cochrane's communication of the 18th September 1839 on which occasion the Yeomiah was renewed on the name of the Petitioner Syed Khoodoo, the Service is described as that of "lighting Lamps in the Mosque" and Sweeping the place. but in the Sentence immediately preceding this it is stated that in praying for the renewal of the Yeomiah, Petitioner promised to perform the Service of Makanadar."

3. It is therefore doubtful for which of these services the grant was bestowed, and some importance is attached to this point, as, if it is found to have been for Mosque Service and the Service actually performed it must be considered as a permanent grant, but if for Service in a Makan it would not then be considered as a perpetual allowance. The Board consider it probable that the term Makandar may have been used for Khadim - the Servant in charge of a Durgah or of a Mosque.

From Govt 6th in Cons: 19th May 1851.

4. In the course of further enquiry to be instituted by the Collector, he will endeavour

endeavour to trace this point from the Summonds adverted to in Mr Lacon's Statement of Lapses dated 6th September 1831. and, if the Yeomiah is found to have been granted for Service in a Mosque he will state whether the Institution derives support from any other endowment in Land or money or whether, the Service has other persons to perform it.

Correspondence regarding the Contested tract near the Shanar Ghat-

Memorandum-

The Dewan Peishcar begs leave to bring to the notice of the President that he received a report from the Tahsildar of Shencottah under date the 29th Avany 1022 / 11th September 1846- stating that having received information that certain ser=
=vants of the Tencausey Talook had proceeded to and measured the Poonjah lands adjoining the Hill denominated Pundanatheeswarom Mullay belonging to this District he immediately sent the Canaco=
=pillay's Mootteccoomarasamy and Coothala Linguna to ascertain on the matter that the latter accordingly repaired thither and found from enquiries instituted by them that the information alluded to was Correct that they also inspected and measured the several tract of ground pointed out to them by the Ryots as having been actually measured by the Tencausey servants and found the whole to Contain upwards of two Collahs- that they were further

Fort St. George 13th. October 1851.

further informed by the holders of the Poonjah lands abovementioned that they were desired by the Tenecausey Servants to pay the taxe due by them into the Cutcherry of that Talook in futures. The Mauldar further states that he received a similar report from the Inettoo Peon stationed at Poolliary.

In Communicating the above report to the President the Dewan Peishear begs to state that while the disputes respecting boundaries which exist between the Circar and the Honorable Company remain to be adjusted it is by no means proper on the part of the Tenecausey Tahsildar to have interfered in the manner he appears to have done as regards the Poonjah lands in question however, the Dewan Peishear begs to submit the matter to the superior judgment of the Resident.

1846

(Signed) E. D. Parker
Acting Collector

No. 1321.

To C. B. Thomas Esqre.
Collector of Tinnevelly

Sir,

Towards the close of the year 1846 a claim was brought forward by the Shencottah Tasildar to the W.n Slope of certain ranges of Hills forming the Eastern Boundary of the Valley leading up to the Shanar Ghat - certain Ryots of Shencottah who were Cultivating the W.n Slope of those hills, and who state

Fort St. George 13th October 1851

state that they have done so for years past and have paid the taxe to the Shencottah Tahsildar now found themselves called upon by the Tenecanny Tasildar to pay taxe to him on the plea that those lands were within the Company's limits -

Mr. Parker's letter to me with the above claim was duly transmitted to the Dewan of Travancore for report and I have the honor to forward a copy of that Officer's reply together with sundry documents in support of the right of the Sirkar to the lands in question also a Native Plan of the Hills and lands with explanation -

original documents

I considered it desirable also to depute Assistant Surveyor Armstrong from Trevandrum to examine and make a Sketch of the locality A copy of which Sketch and of the Surveyor's report I also beg to forward -

From Mr. Armstrong's plan and report the old boundary line as established by the Government Survey would appear to be the correct and more natural one, and that the demand of the Tahsildar of Tenecanny is new and unusual

unusual and still more so his Representation that the Company's Boundary line is the Nullah running through the centre of the Valley - Company's Ryots as well as Sirkar Ryots seem to have cultivated those Poonjah lands in Common, though all are stated to have paid to the Travancore Sirkar but perhaps the fact of Company's Ryots being in occupation of a portion of the ground may have led to the belief that the lands belonged to the Company -

laid down in the Memoir attached to the Survey is as follows-

The boundary line passes across the-	N	48½	E
Table land marked by the summit	N	12	W
of the Kurtallum Ghat being now	N	63	W
traced by the Shencotah limits-	N	85	W.
Descends it abruptly into a deep	N	42	E
valley and ascends a ramifica-	N	8	E.
-tion of the Ghat slopes down the	N	43	E
brow of the ridge & skirts a strip	N	6	E
of Paddy land to a wide nullah-	S	89	E
	N	12	E
Along the Channel lined with			E
Cocoanut trees Cultivation on	N	20	E
both sides to a bridge on road-	N	77	E
	N	4	W.

The line of boundary here defined corresponds very closely with that acknowledged by the Sirkar of which I have made a minute examination

Commencing from the point A where the boundary leaves the river, the following are its details-

Quitting the river it keeps along a narrow strip of Paddy land and proceeds in a S westerly direction to the Hill called Vuddus Conjaul thairee-

Ascending

Ascending the summit of this hill it descends on its southern side and continues along the ridge of the hill which connects it with the Thels Conjaul thairee the summit of which it then ascends and proceeding down its southern slope continues along the ridge of the hill connecting the latter with the great Chain-

Ascends the great range of Ghaut a little east of the peak known as Perry purroo-mothum and proceeds in an easterly direction to the hill denominated Naunakul thairee, from whence it crosses the table land-

Comparing both these lines it will on reference to the Sketch be observed that a very slight variation exists between the boundary given by the Shencottah accounts and that defined by the Survey and that this difference in the line involves merely a transfer of two small patches of ground of almost equal proportions between the Thencasee and Shencotah Districts. It is likewise a better defined line of the two and the prominency of its features afford great probability of its selection as the boundary-

173
No 11

From the Asst Collector of Tanjore. Register of the state of the River Cauvery at the annicut for the November 1850 and 51.

Ordered that

Chief Sec. H. E. Boyle

The line which the Tahsildar of Thencausee supposes to form the boundary deviates very considerably and is altogether distinct from the two former I did not consider an examination of this line necessary its details being laid down sufficiently clear in the Tahsildar's Sketch to enable me to mark its limits in the one herewith submitted. The following are particulars of this line -

Commencing from the point A it continues to follow the course of the Maramani Rulam up to its intersection of the Collatoor palay road -

Leaving there the river it continues along the road a short distance up the pass to an Aoe Cheepooly as Coil where it meets the Chainthariroodnie river which there marks its limits -

Quitting this river at its source it ascends the Ghauts and joins the boundary across the Table land -

The most extent of land affected by this line of boundary is about 6 square miles and it is difficult to determine the grounds

grounds upon which the Travancore Tahsildar has now ventured to introduce the same against which there exist the strongest local as well as documentary proofs -

From the more than ordinary degree of care and attention that must manifestly have been paid by the authorities conducting the Survey in 1819-1820 to ensure a correct line of boundary in this part of the country abounding in territorial disputes it would have been utterly impracticable for an error of such magnitude to have passed without detection and amendment through the immediate interference of the District officers whom it is naturally to be presumed must have jealously watched the interest of their respective Districts and checked the possibility of an encroachment so extensive as the Thencausee Tahsildar would insinuate -

Other equally strong and undeniable proofs of the Travancore Sirkar's right to these lands may be adduced -

The existence during the last 30 years

years of a Coffee plantation belonging to the Sirkar and situated nearly 1½ mile east of the newly introduced boundary is a fact too notorious to be denied and the Circumstance of the Thencaussy Tahsildars having made no ascertain whatever in any one of his communications regarding it tends fully to prove its intentional omission or an absolute ignorance of the localities of the ground in question.

Various other tracts of Cultivation Comprising wet dry and garden lands have for a series of years been in the possession of the Travancore Ryots and the Revenue therefrom paid to the Sirkar without any opposition on the part of the Thencaussee district Cutcherry officers and on a recent occasion when a Company's Muttoo station was about being established near that of the Sirkars on the Collatoor poley road not the slightest allusion was made to claims such as those now advanced as the grounds of its establishment.

In respectfully submitting the above particulars I humbly trust that sufficient and satisfactory

satisfactory proofs of the right of the Travancore Sirkar to the lands above alluded to have been given and that the facts herein stated will render any further reference unnecessary.

I feel it my duty at the same time humbly to bring to your kind notice that in the course of my examination I observed a number of persons of the Travancore district actively engaged in felling timber within the Sirkar limits and on enquiry was given to understand that the encroachments on these forests have particularly within the last year, and since the introduction of the claims urged by the Travancore Tahsildar been more extensively and openly carried on and that a tax is also as invariably levied in the Thencaussee Cutcherry on the Timber cut from these Hills.

Trevandrum

No. 1367-

To Major General W. Cullen
British Resident of
Travancore

Sir,

Yea. Yea. Yea.

1 With reference to your letter of the 30th November last No. 1972 transmitting copy of one to your address from the Acting Collector of Tinnevelly Mr. Parker with its enclosures now returned, I have the honor to forward herewith a translate of the report furnished by the Tahsildar of Shencottah on the subject of the Poonjah lands in question also a Copy of a rough Sketch No. 9 of the disputed locality with remarks and a Memo subjoined thereto and an abstract Translation of the two latter also a copy and an abstract Translation of a Statement (No. 8) containing the information required in the 3d para of your letter and also transcripts of declarations (numbered from 1 to 7) given before that office all which accompanied the said Report.

2 It will be seen that the green line in the lower part of the above mentioned Sketch represents the boundary between Tenkasey and Shencottah that boundary being clearly marked by boundary stones that of the tract of land lying west of that boundary line and comprised within the limits described in the 2d para of the Shencottah Tahsildars Report portions which are Poonjah land have at different periods since the Malabar year 985 (1809 10) been Cultivated some by Subjects of the Sircar and others by those of the Honorable Company and that the tax on such portions has always been paid to the Sircar that within the same limits and between those portions of Poonjah land and the said boundary line the Sircar has had a Coffee plantation for the past 30 years and under its own management till the year 1019 (1843/44) when it was farmed out to an individual named Mootoosammy who continues to pay the rent of it to the Sircar that the Poonjah lands now claimed by the Company's authorities as belonging to the Tenkasey Talook form a part of those first mentioned

Vide 2d para of Memorandum at foot of Sketch No. 9-

Vide Statement No. 8.

Vide Sketch No. 9 & last para of Statement No. 8.

Fort St. George 13th October 1851.

mentioned in this para and that the ex places in which the Tencausey Tahsildar states trees have usually been felled by the Subjects of the Company and the Sheerum thereon paid into the Tencausey

Vide last para of Memorandum at foot of Sketch (No 9)

Talooks are not situate within the ex aforesaid limits but are portions ex belonging to the Company of the hill denominated Nuddakaw Conjee Kelly Hairy-

Vide para 8th of the Shencottah Tahsildar's report-

3 The persons Coloo Thoorar and Caulapermal Residing in the Mullum Pidaga in the Tencausey Talooks (two of the Subrenters of the Poonja lands in dispute) and said to have declared before the Tencausey Tahsildar that those Poonjah lands are the property of the Company assert the very contrary in their declaration (No 7) given before the Shencottah Tahsildar and deny having stated to the Tahsildar of Tencausey as the latter mentioned officer has reported. In explanation they affirm that their marks were obtained to a document purporting as they believed to be their evidence on the Subject but that they were ignorant of what was actually stated in that document as it was never read to

H.B.

Fort St. George 13th October 1851

them and they were unable to read it themselves. The other declarations (Nos 1-2-3-4-5 & 6) likewise speak to the Poonjah lands last mentioned being within the Travancore limits and the property of this Sircar.

4 The whole of the foregoing facts and Statements furnish I think conclusive evidence that the Poonja lands in question really belong to this Sircar and that the report made to the Acting Collector by the Tencausey Tahsildar is incorrect, that Officer has besides omitted to shew in the Sketch furnished by him the Coffee plantation belonging to this Sircar and also to give the distances between the places mentioned in that Sketch so necessary for forming a judgment on the matter at issue, while he studiously refers to a Coffee plantation formed by Ramoney an Inhabitant of Tinnevelly and situate south east of the disputed Poonja lands and beyond the limits described in the 2d para of the Shencottah Tahsildar's report. Further-more it will be perceived from the Sketch drawn out by the last mentioned Officer and the information contained in the

2d

Fort St. George 13th. October 1851.

2d. and 3d. paras of the Memorandum subjoined thereto that the boundaries ascribed to the locality in dispute by the Tencausey Talsildar and in the alamwoloogie accounts of that Talook are far from being correct.

5 I would beg leave to observe here that a portion of the tract of land included within the aforesaid limits adjacent to the boundary line before adverted to was with other portions of land in the Shencottah District assumed some years ago by the servants of the Tinnevelly Collectorate, which assumption has been the subject of much correspondence and those assumed lands have been decided by the Supreme Government to belong to the Travancore Sircar.

6 Having as I trust satisfactorily shewn that the Poonjah lands which form the subject of the present Correspondence are the property of the Travancore Sircar I beg you will be pleased to communicate the purport of this letter to the present acting Collector of Tinnevelly and to request that authority to be so good as to issue positive orders to the Talsildar of

Vide Extract from the Minutes of Consultation No. 1120 dated 28th August 1834 and No. 112 under date 30th Janry. 1835 forwarded with the letter from the President J. A. Casamajor Esqr. to the Dewan of Travancore dated 27th February 1835.

Fort St. George 13th. October 1851

of Tencausey to desist from requiring the renters of the said lands to pay the taxe thereon into that Talook and from further interference in any way with these lands.

Huzzoor Cutcherry, Trevandrum, 19th August, 1847.

(Signed) V. Krishna Row Acting Dewan.

Translation of a Sandanum addressed to the Head Dewan Peishcar in charge by the Talsildar of Shencottah under date the 27th Cartigah 1022 Corresponding with the 11th December 1846.

I beg leave to acknowledge the receipt of your order No. 5581 of the Summah Department dated the 17th of the Current Month which I received on the 19th Idem at 9 o'Clock P.M. and in which you state that the Sumpratchears of this District (Shencottah) brought to your notice by Sandanums under date the 20th Pertashy 4th October and 12th Aypeshy 27th October last that when the President and the Dewan Peishcar (Vaeliana Pillay) were lately at Shencottah the then Talsildar reported to the Dewan Peishcar that the number Curnam and other Servants of the Tencausey Talook had regardless of the remonstrances of this

Sircar

Fort St. George 13th October 1851.

Sircar proceeded to and surveyed all the lands between the place called Maramanacul and the Cochil pillayar Coil on the Summit of the hill denominated Pundara Veesmaren Coil Malay situate in the Cuspah Maneyoor stating that those lands were the property of the Honorable Company, that the Dewan Peishcar thereupon sent the Surveyor [Mr. Armstrong] with a District Accountant Mootloosamy Pillay and others to inspect the lands in question and the result of their inspection having established that the said lands belong to the Travancore Circar the ryots were required to continue to pay the taxe on those lands to this Circar, that you had addressed a Communication on the subject to the Resident as you had informed me under date the 15th of the aforesaid month, that in furnishing me with a Malayalum translation of the Resident's letter [No. 1972] of the 30th November 1846, being the reply to a communication from the Dewan Peishcar, and of a letter to the Resident's address from the Acting Collector of Tinnevelly dated the 13th Idem with copies of its enclosures, 6 in number, you wish

Fort St. George 13th October 1851

wish that I should proceed immediately to the aforesaid locality taking with me the Cloogoo accounts, the Sumprethee Soobramaneya Pillay, the Heelacoollum Pillay, the Maneyagar, the Pillay of the Maneyoor and also Thuddus thurs, old and experienced inhabitants, and after conducting a survey according to the Cloogoo accounts, ascertain the extent of the lands the amount of taxe fixed, by whom, and from what year they were held and enjoyed and taxe paid thereon, to which of the two Governments the surrounding lands belong, whether it is true that the subjects of the Honorable Company had felled trees on the aforementioned hills as stated and other particulars, that I should further obtain separate Rychees from the Thuddus thurs as well as from the Mahajanum and land holders and forward the same to the Hoozoor: that I should also explain briefly in my report to you on the subject the difference, if any, between the result of my inspection and the declarations contained in the enclosures of the acting Collector's letter above referred to.

2 In reply I beg leave to state that in obedience to your instructions I set out accompanied by

by the Sumbirethee Sooleramoneya Pillay, the Inaneyacarem, the Pillay of the Inaneyom, the Thuddusthurs and others, taking with us the Aloogoo accounts &c. &c. an inspection of the lands in dispute and in ascertaining the boundaries of them and other particulars we found that the whole of the hills and the Nunjah and Poonjah lands bounded on the east by the Theorputty Poonjah of the Vullum Pedangah or Village and forming the Cuttay lands of the Courtallom Coil Pagoda as well as by the Inyladdoo Paurrah, Pollam, the Eniral Eshachy Collathoo Poonjah, and the Nauniaeul Hairy hill, on the South by the Caulthenooroomy river running from East to west and the Oonjal Mala hill, on the west Coppidoom thorra Mala in Auyeranullam in the Yenjal property, as well as by the Nammoothoo and Colecottoo Iniers and the Aneya Pala hill and on the North by the Pundaratheesmarem river belong to the Cushah Inaneyom of the Shencottah District. We also found portions now disputed of the hills cleared and that coffee was cultivated from along time back on such portions as are bounded on the

the east by the Oonjal Kelly Hairy Hills lying from north to south; on the South by the Coongoo motta Hairy hill, on the west by the Nundoo: caul paurrah rock and the Maraunaracul River and on the north by the Nunjah lands denominated Chetty appen Naiken Thirthoo Commonly called Dalavoy Ramen Thirthoo and by a hill called by the same name, and the Thuddusthurs have recorded their evidence in support of the above facts - on Referring to the accounts I found that from the year 985 to 988 and from 1002 to 1006 certain Poonjah lands forming a part of the patent (beforementioned and defined in the first part of this para having been registered in the name of Soolachana Modeleyar, Naitloo Canacoo Sooleramaneya Pillay, Thoppayen Vengadeshwara Igen, Paundya Thalaven, Sooleramaneya Thaven and Aurooda Nayagum Thaven, they had the said lands cultivated by their under renters and paid the sum of 388 3/4 Vellafanams Collectively as tase thereon into the Inaneyom Cutcherry, that certain other portions of Poonjah as

as well as portions of other land/part of the same extent abovementioned/included in the Ayacut but not in the Veethiepoo accounts having been cleared and rendered arable from year 1020 by Poola Oodaya Thalaven Thamo Iyen, Vengadaschellum Iyen and Pannanaskum Pillay thro' their Sub renters were registered in their names from the year 1021 and the tax thereon viz.t 7/10 fanams has ever since been paid by them to the Sircar, that the Coffee plantation alluded to has during the last thirty years been under the Sircar's own management and lately farmed out and the tax thereon has all along been paid into the District Cutcherry- When I called and questioned the Thalia-Janom namely Thungara Nar: :royna Iyen and other old as well as experienced inhabitants, they declared in writing as follows.

3 Thungara Narroyna Iyen and others declared that the hills with the Nunjah and Poonjah lands appertaining thereto and bound: :ed on the South east by the Heerpatty Poonjah land

land lying on the South side of the Sheetanar river in Shencottah as well as by the river in Inylanddoorai Paura Canah Eshacky Coil: -lathoo Poonjah Nammacal Thala Iruuly Iyen Coil situated on the Chainthenooroomy river, the boundary stones and the Conjal Thala hill are the property of the Sircar and that within these limits Poonjah and Coffee were cultivated up to the last year 1021 and the tax thereon was paid into the Maneyoor and District Cutcherries-

4 The Maneyacauren, the Conecopillay Shembaga Ramen Pillay and the Thandal Shunmoogum attached to the Cushiah Inam: -meyoor stated that the lands lying north west of the last defined boundaries belong to this Circar; that these lands being registered in the name of Soolachana Thodelyar both in the ayacut and Veethiepoo accounts, his under renters cultivated the same with the plantain, Nutcheney, &c.a and that the tax on the said lands has been hitherto paid into the Maneyoor and District Cutcherries, as also the assessment on the Coffee garden which has during

Fort St. George 13th October 1857

during the last thirty years been
under the Sircar's own management and
lately farmed out to a certain Individual,
and that they the said Conecapillay and
Shundul were not aware that the
inhabitants of the Travancore Talook had
ever felled trees on the hills situated
within the Sircar limits aforementioned.

5 Poola Coday a Thalaven Shannoo
Syen, Vengadaschellum Syen and
Paunancushom Pillay, the ryots in
whose names the Poonjah hill lands
are registered and their under
renters Shena Shannons and
Manacauel Pennal, subjects of Travancore,
declared that the tracts situated on the
North and west sides of the boundaries
above defined are the property of this Sircar
and that the said tracts were cultivated
by them and their under renters with the
plantain, Tatcheney &c up to the Malabar
year 1021 and the taxe was paid into the Manegaun
Cutcherry: that in the year 1020 information
having been received at the District
Cutcherry

Fort St. George 13th October 1857.

Cutcherry that an individual residing
at Elanjee in the Honorable Company's
limits had caused a number of trees to be
felled within the limits of this Sircar, the
Tahsildar had him taken up and after
investigating the matter as a Police case
punished him agreeably to orders, but that
they, the ryots aforementioned, have not seen
or heard that any tree had been felled
on the hills belonging to the Sircar by
any subject of the Honorable Company
either previously or subsequently to the
occasion above alluded to.

6 Mootthoosaumy the Farmer
of the Coffee Plantation referred to declared
that the said plantation was farmed out
to him in the year 1019 and that he since
Continued to pay rent thereon into the Dis-
trict Cutcherry and that all the tracts
including the whole range of hills lying
on the west side of the Iraunacul Nairy and
the Theekoony Vaddacoom Conjalently
hills belong to this Sircar.

Shannars

7 Shanars from the Travancore and Poolmanden, hill renters, declared that as they used to deliver at the Hill Rent Department at Shencottah the Dammer and other produce collected from the places within the boundaries mentioned in the Commencement of this report and to receive their value from the Sircar and that all the tracts within the said boundaries are the property of the Travancore Sircar.

8 The under renters Shanars Colathoorai and Caula Pennaul of the Wullum Village in the Honorable Company's territory declared that the Poonjah hill lands lying on the west of the north and south Ponjaulatty Hairy hills and Nanacaul Hairy Malay belong to this Sircar, that a portion of the said hill lands was cultivated up to the year 1006 as Poonjah land and that since the Month of Meddom 1020 the said lands which were then overgrown with Jungle having been cleared and cultivated with the plantain, Mulchamy &c by them, the said under renters, they Continued to pay Malwarom

Malwarom tax to the persons in whose names the lands were registered that the inhabitants residing in the neighbouring territory of the Honorable Company had not to their knowledge felled and carried away any trees from the aforesaid hills that when they (the under renters) stated all the above particulars at the Talook Cutcherry of Teneeay their marks were obtained to a document containing as the Officer of that Talook stated their said Statement that they were caused to affix their marks to this document without its being read over to them, and that as they cannot read and write, they did not know what were the real contents of the said document.

9 I beg leave to forward herewith the aforementioned written declarations attested with my initials, and a rough sketch defining the boundaries as now ascertained (of the disputed locality) as well as a Varicola or Statement under my signature, shewing the amount of tax collected on the abovementioned lands during the past Malabar year 1021 and the amount

amount realizable on the same account in the current year. From the above evidences, it's obvious that the hills and Poonjah hill lands are in dispute, and stated to have been inserted in the Printed survey accounts of the Fasly year 1213 of the Elanjee Gramam in the Tencaushy Talook belong to this Circar. The Difference between the results of the enquiries instituted by myself on the one part and by the officers of the Tencaushy Talook Cutcherry on the other, respecting the boundaries in question and their positions is fully explained in the remarks at the foot of the sketch as you will perceive. It is said that the Hill Poonjah lands registered in the name of Soolochana Moodelliar were granted to his father Ramalinga Moodelliar during the latters life time by command, and that those individuals rented the same to other persons and continued to pay to the Circar the tax assessed thereon.

10 The accounts and other records relating to the abovesaid hills and boundaries &c are I learn deposited in the Mathoolagom

Mathoolagom (The Pagada at Trevandrum) and in the Residents and Engineers Offices. Request to be favored with your instructions on the subject of this for my guidance.—

4th October 1851

Fort St George 13th October 1851

No 1563.

To C. B. Thomas Esqre

Collector of Tinnevelly

Sir

I take the liberty to advert to another question of Boundary - I allude to, the claim advanced by - Mr Parker to the Wn slope of the Hills - forming the E boundary of what is call - -ed the Happy Valley -

The hills in the Ghat ie S of the Mettoo station and on the ascent of the Pass, have until of late years been - I believe altogether waste, but for some years past cultivation has been extended into the pass -

Some cultivation on the E of the road up the pass is that which has been recently claimed by the Tenedshey Tahsildar through Mr Parker, but it is far within the boundary line as laid down in the Government Maps, and it is also far be - -low a Circar Coffee garden of old standing - which is near the crust of the Hills, all of which is fully explained in the report of the Dewan of Travancore forwarded with my letter No 1321 of 17th August last I recently visited and

13530

Fort St George 13th October 1851

and examined the Pass and vicinity, and I also recognized one of the Boundary stones having on it the Circar emblem the Chank alluded to by the Dewan of Travancore. It is on the Er base of the Hills forming the E boundary of the "Happy Valley", and its situation corresponds exactly with the boundary line in the Government surveys. The other Boundary stones extending down towards Shencottah are also, I was assured, all to be found. -

I wish Captain Horsley had examined these and some other boundary lines, as he is well acquainted with the claims of both Governments having long served under both, but I hope you may - yourself be satisfied that the claim is altogether new and indefensible on any - Public Documents. -

I beg to enclose a Sadenom on the subject which I have just receiv - -ed from the Tahsildar of Shencottah. -

Residents Office
On Circuit. - -
Courtalum. - - -

(Signed) W. Cullen
Resident

No

Fort St. George 13th October 1851.

No. 998.

To

The Resident of Travancore
and Cochin.

Sir,

With reference to your letter of 17th August last and its enclosures I have the honor to state that an intelligent Goomastah of Tencausey Jacoby having, as per Mr. Parker's order, inspected the disputed boundary line, he submitted a plan and report from which it appeared, that the land in litigation belonged to this Government. On the receipt of your communication now under reply, I issued a fresh order to the Tencausey Tahsildar directing him to repair to the disputed locality in person himself, and report carefully the result of his enquiry, he accordingly proceeded to the spot accompanied by the Moozoomdar, the neighbouring Villagers Meerasidars and

J. L. B.

Fort St. George 13th October 1851.

and Curnoms and examined the boundary line with the assistance of the Pymash Aloogoo account, and sent in a Report together with a plan, stating that the disputed land is attached to the Village of "Elunjee" belonging to this Government and has continued in its possession for a length of time. Copies of the above 2 Documents are herewith sent for your inspection.

2. The Tahsildar of Shencottah in support of the claim of that Circar appears to have taken depositions from certain Individuals and submitted them to the Dewan who believing them to be correct and true, states in his letter confidently, that the disputed land belongs to the Travancore Government. The Depositions given before the Tencausey Tahsildar by Coolathooran and Kalapermaul (Company's Ryots) which I have lately sent to you differ from those subsequently taken by the Shencottah Tahsildar from these same individuals, who are made to state therein, "that

the

the former depositions taken before the Tencausey Tahsildar were not read over to them, that they were prevailed upon to put their signatures and that they never deposed that the lands under dispute belong to the Company."

3. In order to ascertain the correctness of these statements, I called the 2 persons before me and caused their depositions given before the Tencausey and Shencottah Tahsildars to be again read over to them. Having admitted the correctness of the one given before the Tencausey Tahsildar, they denied all knowledge of that said to have been given before the Shencottah Tahsildar, asserting that they do not understand the contents thereof, being in Malyalum, a language which they do not know. They have also given a Deposition[+] stating that while they were clearing Jungle for the purpose of raising Poonjah cultivation, the Travancore people took violently away from them 7 axes and 6 Bill hooks, and that they were never restored.—

[+] Translation of which is herewith sent.—

The

4 The Moneyagar, Thundulgar, Ryots &c.a of Travancore have deposed before the Shencottah Tahsildar that the disputed locality belongs to that Circar. The depositions of the Company's Ryots tell the other way and no doubt evidence of this kind might be on either side multiplied without end.

5. There exists a stamped Cloogoo account of Measurement prepared on full enquiry, as well as with reference to the accounts of a former Government. It seems advisable that these disputes should be adjusted with reference to the above Document. On the above grounds I cannot but deem that the disputed lands belong to the Company.—

6. With reference to the Depositions given before the Shencottah Tahsildar and to the account of 985 Aundoo he (the Tahsildar) states that the lands in question appertain to that Circar. But it is to be observed that 7 or 8 years prior to Aundoo 985 the lands were surveyed and entered in the Survey

accounts

accounts of the Company - The lands then sterile and waste, have been since cultivated and the Teerwah thereon usually paid for many years to the Company - I would request the favor that you will issue an order to the Shencottah Tahsildar directing him to cause the implements forcibly taken, to be restored; and to caution his Ryots against a recurrence of similar irregular acts, such a violent proceeding not tending in any way to decide or clear up the difficulties regarding the Boundary -

7. I fear it will be difficult to arrive at a satisfactory termination of this already lengthened correspondence and protracted enquiry regarding Boundaries, especially when with reference to the 3d para of the Acting Dewan's letter of 19th August 1847. the evidence taken by the public native Officers of this Government is set aside by the Dewan's asserting that the persons whose evidence is adduced neither knew what they put their hands to or ever had their testimony read over to them - A Statement which on due enquiry appears quite unfounded and erroneous and would tend to render nugatory all evidence whatever.

8. It is most desirable for both Governments

Governments that some definite settlement should be arrived at - the present debatable and doubtful Boundaries cause endless disputes and ill feeling among the Cultivators as regards land, water, wood and other matters - and I should feel it a duty for the sake of some settlement and for all the Ryots concerned to yield the utmost I consistently and fairly could to the views and wishes of the Travancore Sircar and in advocating the Travancore claims I feel assured you will meet me in the same spirit -

9. I have like yourself on various occasions visited and personally examined all the localities alluded to and one impression left on my mind is, that the reports and opinions of the Native Officials on either side, are not greatly to be depended on, being liable to bias from various motives and inclined rather to adopt any opinion they think may be in unison with their own superiors, than to take an independant and honest view of the case. -

10. With reference to the 5th para of your letter of the 2d Ultimo I concur in wishing for Captain Horsley's opinion on any of the disputed lines; as Civil Engineer of both Districts; and from his long residence in this neighbourhood as well as his knowledge of most

No. 1563
1848 -

most of the points now under consideration, I know no one better calculated to give a fair and satisfactory opinion on the different parts of the Boundary and if referring to Captain Horsley as Arbitrator in the matter will meet with your concurrence, I shall be most happy to propose and adopt it as a basis for settling the points now under discussion. I see no other mode so likely to bring the matter to an amicable and satisfactory settlement, and I, for my part, shall be happy to abide by Captain Horsley's decision on any of the points under discussion. He has already I believe many Maps and Memoranda by him of the Boundaries, and any others desirable, can be put before him.

II. Though anxious to meet every fair arrangement proposed, I would deprecate on behalf of Government, any line being drawn which might exclude from Tinnevelly the important Village of Punbooly, and the Punbooly spice Gardens (one of the most valuable of the Government Gardens) at the foot of the Atchencovil Pass, and on which considerable pains and expense have lately been bestowed) a well defined Boundary line may I think be attained without sacrificing this portion of the Tinnevelly

Tinnevelly land and which it is highly desirable to retain for this Government.

Tinnevelly, 24th November, 1848. } (Signed) C. B. Thomas Collector.

Translation of a Deposition given on 11th September 1848 by Coolathooran and Calaperumal the Shanars of the Village of Pullum in Tencausey Talook.

2. Have you heard the Deposition given by you before Ronary Row the late Tahsildar of Tencausey Talook on the 25th October 1846 and forwarded to Huzzoor / now read over to you? Has it been deposed by you? are the contents thereof correct?

A. We have heard the Deposition now read to us, Its contents are correct and the marks affixed to them are ours.

2. The Copy of the Deposition said to have been given by you some time back before the Shencottah Tahsildar has been received with a letter from the Resident of Travancore wherein it is stated that you have deposed to having been ignorant of the contents of the Deposition given by

you

you before the Tahsildar of Tencausey, and said that you have never heard the deposition read to you, but only affixed your marks to it and further it is stated that you have deposed that the disputed lands belong to Travancore Circar and not to company – Is it true that you have deposed to the above effect.

A. Neither did the said Tahsildar send for us for the above purpose nor did we depose as above mentioned – But he the Tahsildar not liking our praying Teerwah to Company sent Sethumbarum Pillay the Talook Peon, Coothalalingum Pillay the Bill renter and Cauilgars to the place where we were clearing jungle for raising Poonjah cultivation who on coming to the spot snatched away from us and others 7 axes and 6 Billhooks – We have twice been to the Tahsildar and requested him to recover the said instruments and restore them to us, but he said that he would not grant our request

while we pay Teerwah to Company – Whereupon we got a letter from the Tencausey Tahsildar and presented it to Shencottah Tahsildar, still he refused to restore the said implements – We had been to the said Tahsildar only for this purpose but neither did he send for us concerning the disputed land nor did we give any deposition before him.

2. Copy of the Depositions given by you before the Shencottah Tahsildar is received. Hear them read to you.

A. We have heard them read over to us but as they are written in Malayalum language we do not understand them, they were

were not deposed by us.

D.F.

Nº 2054
1848

To, F. B. Elton Esqre

Acting Collector of Tinnevelly-

Sir,

I have the honor to acknowledge receipt of Mr. Thomas' letter Nº 998 of the 24th Ultimo, being in reply to my letter Nº 1321 of the 17th August last, on the disputes as to Boundary in the Shanar Ghat on the S of the District of Shencottah.—

I admit with Mr. Thomas that there may be considerable difficulty in deciding on the authenticity of the Documentary evidence offered in support of the claims to Boundary, but there is I think reason to suppose that the original Travancore Documents may have been better and more carefully preserved than those of the Tinnevelly District from the very disorganized state in which the latter District was at the period of it's transfer to the Company- and in proof of which may be urged the claims set up by the Company's Officers to the innumerable patches of Jaghire land in the very midst of the Shencottah District, but all of which were

were long ago admitted to belong to Tra=
=vancore, and have been twice ordered to
be restored to that Government.—.

But I should chiefly request attention to the Government Maps and to the boundaries as there laid down, which strongly support the claims of Travancore and I would beg permission to notice, that neither in the Shanar Ghat nor in the Achencovil Ghat were there any dispute as to Boundary at the time that the Zubtee lands were taken possession, nor for 20 years or more afterwards. Indeed the Shanar Ghat Disputes have originated I believe within the last 6 or 8 years.—.

No Officer as Mr. Thomas observes can be better qualified to report on such disputes than Captain Horsely from the long and perfect knowledge he has acquired of the claims of the two parties, as well as of the topographical features of the Country - It would however be desirable in the first instance to learn the opinion of the Government as to the degree of weight to be attached to the boundaries as laid down in the Government surveys, and to which points I have already requested the attention of Government, in a report on the Shencottah District

District in October last.—.

In regard to the Pumbly Spice Garden adverted to in the last para of Mr. Thomas' letter, it need experience no change in the event of a transfer of the Pumbly District to the Travancore Sircar. It could continue as it has hitherto always done in the hands of the Company.—.

C. J. Bird Esqre
Collector of Tinnevelly

Sir,

From Resident to Collector of Tinnevelly No 1321 of 17th August 1848. From Do. to Do. No 1563 of 2d October 1848 From Collector of Tinnevelly to Resident No 998 of 24 Nov. 1848.—

No 1128 of 12th Instant

With reference to a previous correspondence in 1847/8 on the subject of certain claims advanced then for the first time by the Company's authorities to certain lands belonging to Travancore in the vicinity of what is called the Shanar Ghat and Happy valley I have the honor to forward to you copy of a report on the same

same qestion by the Dewan of Travancore who has just visited and examined that locality.—

I have not heard of any ex=amination of the locality by the Civil Engineer, but as I have already stated in my letter No. 1563. of the 2d October 1848. I should consider if any doubt or discussion exists as to the right of Travancore to any particular Boundary line, either at the Shanar Ghat or else where, that an examination and report by the Civil Engineer was absolutely necessary as a record and as information which the Madras Government would desire.—

Captain Horsely served 6 years in Travancore and has now been 10 years in Tinnevelly and is intimately acquainted with the question at issue.—

Courtalam, 18th July 1851

/Signed/ W. Cullen
Resident.—

No. 1128
1851.

To,
Major General W. Cullen.
British Resident of
Travancore.
&c. &c. &c.

Sir,

With reference to your letter to me

me No. 1933 dated the 6th December 1848. and its enclosure, copy of a communication to your address, No. 998. dated the 24th November 1848, from the Collector of Tinnevelly, I beg leave to inform you, that I have now myself inspected the Shanar Ghat Hills near the Happy Valley and the Sirkars' Coffee Plantation there and also examined the boundary Stones in that part, and this examination strongly confirms the facts mentioned in my report to you No. 1367. dated the 19th August 1847.—

I would however beg to be informed whether Captain Horsley has inspected the place at all, as recommended in your letter to the Collector, No. 1563. dated the 2d October 1848, a copy of which you were pleased to forward to me, and if so to be favored with the result of his report on the subject.—

When the Mel Elloothoo Pillay and Maroothanaygom Pillay of my Cutcherry were recently deputed to inspect the several localities under dispute they proved to the Naib Sheristadar of the Tinne=velly Collectorate, who was deputed for the same

same purpose on the part of the latter, the validity of the claims of this Sirkar to the abovesaid Hills, and I conclude that the Nair Sheristadar has accordingly reported the facts to the Collector ere this.—.

From the foregoing circumstances as well as from the personal inspection of the localities by you and myself and the report made to you by Surveyor, Mr. Armstrong, after his inspection, it would clearly appear, that these localities in question really belong to the Travancore Government.

I therefore beg you will be kindly pleased to request the Collector to remove the encroachments which have been made some time since on those Hills as the Sirkar has suffered much loss in consequence of such encroachments.—.

D/F

No. 1097
1851.

To
C. J. Bird Esqre
Collector of
Tinnevelly.

Sir,

1. As I must leave Courtalam in a few days for Cochin, I am very desirious of obtaining some definite expression of what may be your sentiments on the questions relative to the Boundary of the Shencottah District, the restoration of the Zufteelands, and other little matters so long unsettled.—.

2. One cause of discussion has already been obviated by the removal on your suggestion of all obstruction to the free passage of property from one part of Travancore to another, as per Minutes of Consultation in the Revenue Department No. 413 of the 29th April 1851 Para: 10. It was the vexatious enforcement in recent years of the Chowkee Regulations in regard to Public and Private Property in its transit between Travancore proper, and the several little scattered Maniums of

of the Shencottah District, and which were latterly applied with unprecedented strictness, that formed one of the inducements to me to throw out the suggestion of a new boundary line running due N. and S. through the centre of the Shencottah District.—

3. This obstruction however having now been happily removed, I am not aware of any necessity for an alteration in the previously existing and well defined and well known boundaries nor for the proposed exchange of the Maniums of Samboorivadakaray, Kullengood &c. &c especially as the Rajah of Travancore as already intimated in my letter† has expressed a desire to retain Kullengood, and that you are yourself of opinion that there would be various little difficulties attendant upon such transfer, independent of the disinclination of the Ryots of one country to be transferred to the other.—

† No. 390. of 15th March 1851.

4. The Dewan of Travancore has espressed a similar opinion, so that I would suggest that the exchanges should be

be limited to the small tract of Company's land at Pooliaree for the Manium of Malliancolum. Poolearee being perfectly insulated in the Travancore Territory as Malliancolum is in that of Tinnevelly.—

5. In regarded to the Zuftee lands I conclude you will be prepared agreeably to the several orders of Government to that effect, to restore them to the Travancore Sirkar. His Highness the Rajah as reported in my letter to Government of 1848 having been uniformly unwilling to relinquish their claim to the said lands.—

6. The exchange of Pooliaree and the Zuftee questions being disposed of, it only remains to adjust the boundary dispute in the direction of Achen Covil.—

7. As I have already stated in my report of 1848 to Government, and as you will have noticed in the previous correspondence between the several Residents and Collectors of Tinnevelly, there had been no discussions of any moment about Boundary until 1839.—

8 With exception of the spice Gardens

Garden, the Company's Authorities had never put forward a claim to any Land W. of the Anamaneddee river, the boundary laid down in the Government Survey, for when timber was cut by the Com=pany's subjects within the said boundary, the Coottiemum fees had been regularly demanded and paid to the Travancore Authorities, except in the case of Pagodas or Cutcherries, when it was allowed to pass free.

9. I am not aware of a single dispute in the direction of Achencoil previous to the year 1826, when Mr. Munro was Collector, and when some timber which had been cut for the Courtalum Pagoda was stopped by the Travancore Peons at Makarapitty.—

The timber having been detained by the Mettoo Peons at Makarapitty a representation was made by Mr. Munro to the then Resident Colonel Newall. Mr. Munro, a Copy of whose letter dated 27th September 1826

1826 will probably be in your possession, in forwarding a copy of the Urzee of the Tencausee Tahsildar, begs that Colonel Newall the then Resident will be so good as "to use his influence with the Dewan to allow the transit of the wood."—

10. Then again the Tasildar of Tencausee in his Urzee to the Collector Mr. Munro, has the following expressions.—

"The Company's Hills and the Travancore Hills between which flows the Annama=-naddee and the western slope and eastern slope of which contains forest with Teak trees, as has been customary for Davastanums, Pagodas, Cars and other such purposes as Company's Cutcherries the required number of trees were cut and brought by the bandy track according to Mamool, so now in a similar way for the Courtalum Pagoda Car.

[illegible] Car work, the timber paid for by the Company has been cut and is ready for transit by Bandies at the base of the Travancore hills, and on the Bandy track through the Mailkurray fields, but from opposition of the Travancore Mettoo Peons to allow the trees paid for and felled for the Car work and now lying on the hills not being removed, and those remaining on Bandies at the Travancore Mettoo are from the above opposition exposed to rain and sun and liable to be injured and unfit for work.—

Nothing can be more distinct than the Tahsildar's admission in this Paper, that the Annamanaddee river forms the boundary between the Company's and Travancore Possessions.—

11. The Travancore Government never denied that it may have been customary to permit timber to be felled there by the Company's subjects, but they have always maintained their claim to the

† more correctly it should be "cut at the expense of the Company".—

the lands and forests W. of the Annamanaddee river, and to the exercise of their control over it.—

12. Company's subjects may be cultivating lands W. of the boundary in the same manner as they have been felling timber, but it has always been on application to, and with the concurrence of the Travancore authorities.—

13. The Travancore Government have still I believe several original applications and contracts by Company's as well as Sirkar ryots of the years 980-983-990 &c.a for the right to fell timber and collect produce in the same locality.—

14. Sir Thomas Munro in his Minute of 11th January 1825. considered even in the case of the Zuftee lands, that a previous quiet possession of 20 years should have at once established the claim of Travancore how much more strongly then may the Sirkar protest against the present interference, after an undisturbed possession of the above tract for 38 years subsequent to the Company's

Company's occupation of Tinnevelly and a hundred years before that period.—

15. But I have also referred to the beautiful Maps published under the authority of the Court of Directors: Captain Ward and Lieutenant Conner, the officers who conducted the survey were in these parts from 1816 to 1821. It is not to be supposed that where there had been so much discussion about Boundary, they would have recorded any thing without full communication with, and the concurrence of the Company's authorities of the day, besides which, to question such Government Surveys now would be to depart I imagine from the Universal practice elsewhere.

16. The minuteness with which the extent of every small piece of "Zuftee" is defined and also every piece of land about which there was even the slightest "dispute" the "Zuftee" being coloured yellow, and the "disputed" green cannot I think leave a doubt that at that date there were no claims put

put forward to any tracts belonging to Travancore which were within or W of the Boundary line as Colored Red and Yellow in all the Surveys authorized by Government and I trust that no mere considerations of expediency such as the now scarcity of Timber within the Tinnevelly limits will be allowed to have any influence in the disposal of this matter. At my particular desire the Travancore Authorities ceased to offer any opposition to the Company's Subjects who have of late years been felling Timber within the Travancore limits, and the consequence has been, that not only have they now cleared the whole of the large Timber E of the Ochen Coil Ghat, but they have been felling timber nearly 3 Miles on the W side of the Ghats in the heart of Travancore. These acts I would now request of you at once to put a Stop to by a public Proclamation to obviate the possibility of any Collision with the Travancore Servants.

17. The disputes in the vicinity of what is called the Shanar Ghat leading towards Colatorapolay in Travancore were only

set

set on foot 4 or 5 years ago—

The Boundary there is as dis=
=tinctly defined, both by the Government survey
and the Travancore Aloogoo Accounts, as in all
other directions— The low hills forming the Et Side
of the Valley are considerably within the boundary
laid down in the Government Survey— The
Boundary runs along the Et Side of those
hills, yet the Collector in 1847 advanced a claim
for the first time to tax on lands on the
Wn Side, Cultivated by subjects of Travan=
=core, while ryots of Tinnevelly have
been encouraged to cultivate without paying
tax to Travancore, but the same forbear=
=ance and respect towards the Company's
Government which has influenced the
Travancore Sirkar towards Achen Coil
has equally done so in this latter case,
confidently anticipating however that the
question would have been equitably disposed
of long ere this—

18 I cannot but confidently
hope that you will take the same view
of these discussions with myself, especially
when you consider the very strong opinion
expressed by the Government of Sir Thomas Munro
on

on these matters 25 years ago—

19. Should there be any accounts
in possession of Travancore that you may
desire to see, or any accounts of Tinnevelly
that you may desire to produce for examin=
=ation, the Dewan will immediately depute
an Officer to meet any persons on your part
for the purpose of the examination re=
=spectively—

20 There are no disputes of
Malliancolum, and if there were any, it will
be desirable that they should from the sub=
=ject of a distinct consideration—

21 I have proposed the exchange
of Malliancolum for Pooliaree, because of the
entire insulation of the former in the midst
of the Tinnevelly District and because of its
distance 30 Miles from Shencottah— Its pre=
=sent Revenue is nearly equal to that of Pooliaree,
but the Dewan considers the land there
capable of very great improvement, if under
the Company's Management, from the
advantages it would then possess in regard
to Irrigation &c.

While about closing this letter
I received also a letter from the Dewan,

a

Fort St. George 13th October 1851.

a Copy of which I have the honor to enclose-

Having already furnished you with an Extract from Captain Wards Survey describing in detail the line of Boundary immediately connected with the Shencottah District I have now also the pleasure to transmit to you a Copy of Captain Wards detailed description of the Boundary from Cape Comorin up to Shencottah-

Residents Office On Circuit
Courtallum 4th August 1851

(Signed) W. Cullen
Resident

No. 1203
1851

To,

Major General W. Cullen
British Resident
of Travancore
&c. &c. &c.

Sir,

I have the honor to acknowledge the receipt of your letter to me No. 1074 dated the 22d. Instant and its enclosures Copies of a letter to your address No. 912 dated the 19th. Idem and two Statements respecting the Tuftee lands from the Collector of Tinnevelly-

2. With regard to the 2d. para of the Collectors letter, I have the honor to state that

Fort St. George 13th October 1851.

that the particulars of Bariz &c. on all the Tufty lands separately, would be indispensably required by this Sircar to be the better enabled to make proper arrangements in regard to these lands; but as the Collector states that it will take some time to procure these particulars, it would be sufficient for the present if that Officer could procure for me the original Cudjan Accounts showing the names of the Ryots and the portions of land held and the Amounts of tax paid by them respectively-

3. I take this opportunity with reference to the orders of the Madras Government dated the 11th January 1825 and to those of the Supreme Government dated the 30th January 1835, to express the hope that the Collector of Tinnevelly is quite prepared to restore the Tuftee lands accordingly to the Travancore Sircar and with this view, I beg you will be pleased to request that Gentleman to be so good as to depute an Officer of his Cutcherry on the part of the Honorable Company to deliver up the Several portions of the Tufty lands to this Sircar, who on their part will depute the Mel Elloothoo Pillay of my Cutcherry who is now here, to receive charge of the same, as I am anxious to-

effect

effect the final Settlement of the matter before you leave Shencottah—

5. From the accounts of the Collection of revenue of the Tuffy lands from Fusly 1211 up to Fusly 1260 forwarded by the Collector, it would appear that the amount held in deposit exclusive of all charges is 132000 and odd Rupees, may I request to be informed whether on the occasion of the restoration of the Tuffy lands to this Sircar the amount is to be deducted from the Travancore Subsidy for the ensuing Months, or paid from the Collectorate in ready Cash to enable me to make corresponding arrangements—

5. Adverting to the 3d para of the Collector's letter I beg leave to observe that the object of my visit to Shencottah, being expressly to effect the Settlement of the Boundary question, it shall be my care that no encroachment whatever is made on lands actually within the limits of the Honorable Company— The validity of the claims advanced by this Sircar has in every instance been fully established by genuine documents and as the whole correspondence is I believe before the Collector, Should any further objections be raised I shall be ready to answer them—

6. On the other hand you are aware that the question respecting Boundary originated in encroachments made by the Honorable Company's people, on the Achen Coil and Shanaur Ghat Hills—

7. The Company's Authorities endeavour to

to establish their claims to these hills by reference to certain Ologoo accounts which were prepared so late as the Malabar year 978, nor has any revenue been to my belief collected by them in conformity to those accounts— while the Travancore Sircar has enjoyed the revenue for several centuries previous to the abovementioned period and no claim was advanced by the Collectorate to the said Hills until lately, but should any revenue have actually been collected by the Honorable Company according to the above said Ologoo accounts, I would be glad to be furnished with a Copy of those accounts as well as the amounts of the Revenue collected—

8. From the whole of the correspondence which has hitherto passed and by inspection of the Government Maps itself, I trust it would be apparent to the Collector that the claims of the Travancore Sircar have been fully established, and that the mere removal of encroachments made upon the limits

Fort St. George 13th. October 1851.

limits laid down in the said map would put an end to all territorial disputes—

9.

I beg you will do me the favor to request the Collector of Tinnevelly to be pleased to cause the removal of the encroachments already made on the Travancore Hills and to take Steps for preventing all such interferences in future also to intimate his having issued the necessary instructions on the subject that I may pass similar orders to the Sircar Authorities—

10.

Besides the abovementioned, the company's people have made some encroachments /petty/ which I will make the Subject of a Separate report to you— As the places encroached upon require to be examined by the Officers of both Governments and it will take some time to bring those questions to a Settlement—

11.

In regard to the conversation which I had with the Collector the other day on the proposal of that Officer to exchange

Fort St. George 13th. October 1851.

exchange the Honorable Company's Village of Pooliaree for that of Atchenpoothoor belonging to this Sircar. I beg to say that the Cession of the Malayancolum manyam of the Shencottah District in lieu of the Village of Pooliaree would be more consistent with the views of the Sircar— Therefore I would beg to be informed of the Collector's Sentiments in this point, after which I will communicate the proposal for the final orders of His Highness the Rajah—

Huzzoor Cutcherry,
On Circuit ——
Shencottah ——

To
Major General W. Cullen.
Resident of Travancore

Sir,

With reference to the enclosed Copy of Para 4 of the Extract from the Proceedings of the Board of Revenue under date the 23d November last, I have the honor to request you will be good enough to furnish me with a map prepared in continuation of that forwarded by you to Government under date the 8th September 1848 and upon the same scale shewing the course of the Boundary between Tinnevelly and Travancore from the Shanar Ghaut to Cape Comorin as it now is and as it was laid down at the Travancore and Cochin Survey, the lands along the line belonging to the two Governments and the points at issue between them.—

Tinnevelly.—
28th May 1849.

/ Signed / F. B. Elton.
Aff. Collector.—

From
Major General W. Cullen
Resident at Travancore and Cochin.—

Sir,

I have the honor to acknowledge receipt of your letter No. 663 of the

13575 Fort St. George 13th October 1851.

No. 28 9th mo.

In reply I beg to acquaint you that in the sheet No. 63 of the large Map of India already published the Boundary of the Travancore Country is thereon laid down in the most precision and that it corresponds in every particular with the larger Manuscript Maps in my possession the Seekan ground is coloured Yellow, and the Company's Red a dotted line shewing the exact limits.

The small insulated District of Mallaicalum is also exhibited in the Map and there never has been a discussion as to its limits.

Resident's Office,
Trevandrum,
4th June 1851.

Ordered that the foregoing letter be submitted with the following address.-

No. 442.

37.38

To, The Chief Secretary to Government.

Sir,

B. No. 2028.
To the Chief Secretary to Government.
Reviewing the report of the Collector of Tinnevelly relative to certain boundary disputes between the Travancore Circar and that district and proposing with the permission of Government to forward to the Collector an authenticated Copy of the Government Survey Map as a reference on all occasions of disputed claims.
1 Enclosure 23 Sept. 1848. Related 20th September 1850.

The Board of Revenue had the honor to receive on the 17th October 1848 Extract Minutes Consultation of the 14th together with an Extract Minutes Consultation, Political Department enclosing a letter from the Resident of Travancore, relative to certain boundary disputes between that state and the Tinnevelly District. The Board were desired to resume their consideration of the long pending question of these disputes and to report at length on the points discussed by the Resident.-

2 That Officer solicited the restoration as directed by former Governments, of what has been styled throughout the discussion the "Zuftee Lands" deprecated the surrender, as opposed to the decided wishes of the Rajah of the entire Taluck of Shencotta, a cession which the Collector had proposed, and recommended that the

the boundary between the Tinnevelly district and Frontier state should be determined as laid down in the Survey by Messrs. Ward and Connor which accurately corresponded with the Survey Map of Travancore furnished from the Survey General's Office by order of Government in 1822.-

P. 28

3. The Resident however suggested, that if a new Boundary line was considered expedient, it might take a certain course as pointed out in a Sketch accompanying.-

23d. Novr. 1848. 4. Instructions were therefore conveyed to the Collector to put aside all consideration of the surrender of the entire Talook of Shencotta, and turning his attention to the new line proposed by the Resident to communicate his sentiments upon it and to explain in detail all the particulars relative to the exchange of lands contemplated on the Resident's proposition.-

6th September and 13th October 1851. P. 5. + Please see page 13449 of this volume.- 5. The Board have now the honor to submit the Collector's reply + and it's enclosures.-

6. It will be seen that not only is the Collector opposed to the new line as involving an interchange of Villages an arrangement

From Ag. Coll. Tinnev. in Cons. 3d. Dec. 1846. ment condemned by the acting Collector in 1846; but that the Rajah is unwilling to cede one of the Villages embraced in the proposed transfer, and is indeed reluctant to part with any portion of what he deems his ancient hereditary possessions; and also that the Resident only suggested the new Boundary in the event of a more satisfactory settlement not being arrived at.-

7. The Collector then took up the consideration of the two disputes in the neighbourhood of the Atchencovil and Shanar Passes. He reports that the pretensions of the Tinnevelly district to the boundary claimed by it in the former case, rest upon the credit of certain Odoogoo Accounts, and of some handed down from the period of the Mahomedan Government, the Collection of a tax called "Maycarray Zavanay" upon certain lands, and the possession of a Nutmeg garden, within the contested limits.-

Fr. Dewan Peishcar 15th March 1848. Encl. 3. 8. He is of opinion that the Odoogoo accounts are too recent to support the claim advanced, and that those of the Rajah's Government are not applicable. He acknowledges the argument of the Dewan Peshcar, which declares the "Zavanay" in

in question as not drawn from the lands of Meyarroyhut, but that it was an acknowledgment fee for a manieum situated in Pumbly, and granted by the Nabob for the support of the Atchencovil Pagoda. Mr. Bird further states that although the Nutmeg Garden is within the limits claimed by Tinnevelly, yet that the Travancore Government so far back as 1816 asserted it to be situated within it's boundaries, and that it's locality is so fixed in the Survey Map.-

9. He therefore recommends that the boundary as shewn in the Map be recognized, and the claims on the part of his district withdrawn.

10. With respect to the contested tract near the Shanar Ghat, the Collector states that the dispute is of recent date, and thinks that the evidence produced predominating in favor of Travancore, the authority of the Survey Map should be followed.-

11. After a careful consideration of all the facts adduced, the Board are inclined to support the Collector's suggestion that the Survey Map, published by Authority, be taken as the guide in these disputes, as well as in the

Remaining

Fr. Coll.r to Resident 24th Nov.r 1848. P.11.
Fr. Resident 31st Dec.r Last Encl.r 7.-

remaining trifling variations of the boundary; the latter being represented to be of no extent or importance.-

12. It will be observed that if the possession of it be deemed important, the Spice Garden may be retained, as long as required.-

13. The exchange of the Villages of Maliancolum and Pooliary appears highly advantageous to both parties and should, in the opinion of the Board, be carried out.-

14. The remaining point is the disposal of the Zuptee lands which requires however but few remarks. The Villages interested, for the most part agreeing to the transfer, the Board recommend that the lands be restored in accordance with former orders, together with the Collections upon them, amounting at the end of Fusly 1260 to Rupees 1,07,279-10-11.-

Recd. per Govt. 30 Jan.y
in Cons.n 12th Feb.y 1835.

The

13581 Fort St. George 13th October 1851.-

15. The Government Survey Map having been recommended as the future authority in defining the boundaries of the two Governments on the Tinnevelly frontier, the Copy of the Memoir of Majs. Ward and Connor will with the permission of Government after compa:-rison with the Original, be authenticated and forwarded to the Collector as a reference on all occasion of disputed limits, though such, if the proposed settlement be approved, would appear of improbable occurrence.-

Read the following letter

No. 208.-

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.-

(39)

B. No. 2274.-

From the Collector of Tinnevelly.

Proposing in reply to Extract Proceedings of Board of Revenue the encouragement of the remainder of the Chayroot rented the District to meet the views of the Honorable Court of Directors regarding the protection of American Cotton Cultivation &c.-

From Mr. Lees dated 19th March 1851.-
To Do. dated 20th Do.
Copies enclosed.-

Sir,

Paras. 1- With reference to the Extract from the Proceedings of the Board of Revenue dated 8th Instant, I have the honor to state that the only official correspondence that has passed between Mr. Arthur Lees and myself regarding the claim made by the Chayroot diggers to be allowed to take the Chayroot from the lands cultivated with American Cotton or to receive compensation for its value consists of one letter and a reply.-

2. I am quite sensible of the impediment which the present Chayroot renting system opposes to the successful cultivation of the description of produce and wished Mr. Lees to address me officially on the subject in some way that might enable me to make a reference to the Board. He preferred however adopting

adopting a different course-

3- From the enclosed translation of the Chayroot renters Puttah the Board will perceive that it is open to them to cancel the remaining portion of the current lease by doing which the wishes of the Honorable Court of Directors will be effectually carried out and as the first Inst for the present Insty is not due and the season for gathering the root not arrived this will be a very convenient time for adopting such a measure- Tenders may then be invited for a new rent under modified terms restricting the right to lands that are not under cultivation-

4. Chayroot is found only in Sandy places and in considerable quantities no where but quite close to the Sea side, some of the spots selected by Mr. David Lees for planting American Cotton and where his success is understood to have answered his expectations are within a few hundred Yards of the Beach and just where Chayroot is found in greatest abundance- The value of the root found in such places is stated to be in average seasons about Rupees 75- per

Acres 3-68-

per Chain of land and consequently serious consideration to the Renters- But as such land has heretofore produced little or nothing besides it is assessed very low and the Government demand from the cultivator is on an average less than a Rupee per Chain-

5. I had many conversations with Mr. Lees on the subject of the claim of the Renters and a few Notes passed between us which I think are all given or alluded to in Mr. David Lees's letter to Mr. Aspinall Turner-

6. Copy of an English & Tamil Translation of a Tamil Petition received from the Chayroot renters together with Translations of my orders to the Tahsildar and of the only Arzee received from him on this subject are submitted, from which the Board will see that failing in my endeavour to procure replies or any attention whatever from Mr. Lees I was constrained to determine for the satisfaction of the Renters that no more land should be taken up for Cotton Cultivation without a stipulation that the operations of the Renters should not be interfered with-

7. I have omitted to reply to a few questions in the Board's Proceedings under

notice

13585 Fort St George 13th October 1851.

notice because the information is not at hand and does not seem of so much importance as to justify my delaying to make this report.

To,
W. A. Lees Esqre
Trichendoor

Sir,

In reply to your letter of Yesterday

13586 Fort St George. 13th October 1851.

I have the honor to state that the Chayroot renters people have no power to break into enclosures and are punishable for Trespass should they do so.

They have however a right under the terms of the Chayroot rent for which a considerable sum is paid to Government to all the Chayroot produced in this District whether on waste land or land occupied with dry cultivation, and hitherto no objection has been offered as far as I am aware to the extraction of the root from cultivated ground. The Chayroot revenue being an important item in the Government demand upon the land in Tinnevelly and having been farmed out according to immemorial custom you will I trust perceive the propriety of either allowing the renters people to gather it as usual from your fields or making them sufficient compensation for the loss.

To.

C. J. Bird Esqre
Acting Collector of
Tinnevelly

Vice Vew Vice

The humble petition of addressed by Annamalayappa Pillay Marakatumly Marakar, Soodalaymootoo Nadan & Peramamootoo Nadan, the tinging root Esaradars/ of the Bourn Division of Jillah/ of the whole Zillah in Tinnevelly from the Fusly 1259 to 1261

Most respectfully Sheweth-

1st Ly That there is an habitual custom

custom from the days of disposing on the Esara of the tinging roots (otherwise called in Tamil saun Root) as to possess the Esaradars their roots producing in the Poonjah fields doing no any harm to the plants and the husbandmen to possess their crops without corrupting the roots amongst their plantations as it is mentioned in the Puttah given to the said Esaradars-

2nd Ly That Mr D. Lees coming at Trichendoor has cultivated the cotton vegetables in about 70 Chanthies of Grounds lying the sides of the Villages namely, Trichendoor, Veerapandianputnum, Coel-patam and Tutaconim- There were large quantities of tinging roots amongst Poonjah grounds- In the raing season when the ground was damp the Petitioners wished to gather their productions of the roots but the abovementioned Gentleman letting not them to enter into his poonjah lands detained to their legal possession of the roots and caused the Petitioners to much loss-

3rd Ly That concerning which the Petitioners have been attempted to complain to the Tahsildar of the Poonjanal Taloo Row 17th January with submitting a Petition to your Honor on the date 20th of the Month by the Post- The case is not yet brought into

into

into conclusion by your honor or by the ss Tahsildar.

4thly That because an order has not been produced from your honor about the roots that they may be plucked out by the Petitioners from the Poonjah lands of the Gentleman or they may be kept in safety amongst the plantations being not spoiled by the Gentleman as far as the case be held into enquiry many productive roots are very much spoiled by raking by the rakers the weeds among the plants and digging the ground by hoes so as the Petitioners may by which meet some loss.

5thly That by the want of rain in this year having been caused the Petitioners into much damages suffer great trouble to pay in Circar the contracted monies of their leases such as taking debts and selling their jewels and the like. Through such distressful and unlucky occasions the Petitioners are suppress-ed by Mr Lees also about their right profession of the said roots. If your honor be pleased to raise the Poonjah field named Andy Ayen velly situating in the west side of Trichendoor in distance not more than a 1/4 mile then well aware the being of the roots valued at 200 Rupees amidst the very smaller price of the Cotton plantation contained one and half Chanklies of Poonjah ground.

6thly That the Petitioners therefore have been humbly attempted to solicit your honor by the means of this Petition that Your honor may graciously be pleased to issue an order to be plucked out and professed the roots called Jorrus Coiy from the Poonjah lands of Mr D. Lees without any restraint by the Gentleman and to do redress according to thy justice.

For which act of goodness The ss humble Petitioners as in duty bound shall Ever Pray.

No. 4

Translation of an Arzee addressed to C. J. Bird Esqre Collector of Tinnevelly on the 20th January 1851 by Annamalayappa Pillay, Maraputumbee Marakan, Soodalaymoottoo Nadan and Peramanoottoo Nadan the Cheyaroot Renters of the whole District for 3 years from Fusly 1259 to 1261.

In the Ezara Puttahs granted to us it is stated that we are to dig and take the Cheyaroots from the ground cultivated with Poonjah but our man named Soodala-moottoo Pillay came and told us that on his proceeding with bars to dig up the roots from the lands measuring about 70 Chains in Trichendoor, Raneemaharajapooram, Veera-pandianputnum and Coilpatam Vcs places where the English Cotton Seeds are Sown by Mr Lees who is come to Trichendoor for the said purpose and where the Cheyaroots are grown in abundance, the person employed there by that Gentleman for watching the above Poonjah lands having prevented him from digging up the roots saying that he should not take the roots without the per-mission of the above gentleman they both disputed

disputed with each other and went to the Tahsildar of the Punjamahl Talook and informed him of the circumstance and that the Tahsildar strictly ordered the man of Mr. Lees that he should allow the roots to be dug up from the Poonjah lands cultivated with Cotton by the said Gentleman without starting any objection. Thereupon we sent our man again with bars to the above places to dig up the roots, but he having met with the same opposition as before he and the said watcher after disputing with each other went to the above Gentleman and informed him of the circumstances who told our man Soodalaymoottoo Pillay that he should not take out the roots from the Poonjah lands and that if he does so he will be dealt with deservedly and so prevented him. Afterwards he destroyed the roots by digging some of the Poonjah lands for removing weeds. On which our man Soodalaymoottoo Pillay gathered some of the roots that were destroyed and having shown them to the Tahsildar informed him of what had happened, the Tahsildar told him that he would

would send for the man of the said Gentleman and give orders after enquiring into the case. While so that Gentleman who prevented us from taking the Cheyaroot produce from the said Cotton Poonjah lands, included in our rent, without waiting to know the issue of the case under enquiry is destroying the roots that are grown in the above Cotton Poonjah lands contrary to law. If such destruction is carried on how can we reap the produce and pay the Circar dues. We therefore beg that your honor will be kindly pleased to allow us to dig up the roots and to send orders to the above Gentleman not to prevent us from taking the Cheyaroots so dug out, and also not to destroy the same before they are taken out from the ground and so protect us.

Endorsement N° 45 to the Tahsildar of Punjamahl Talook.

You are to peruse this Complaint

13595 Fort St. George 13th October 1851

Complaint and to enquire and report the circumstances Connected with the case—

Trichendore, 22d January 1851 } (Signed) C. I. Bird.
Acting Collector

Translation of an Urzee addressed by the Tahsildar of Punjannall Talook under date the 13th February 1851 to C. I. Bird Esqr. Collector of Tinnevelly—

The Endorsement No. 45 dated 22d January last directing me to enquire and report what had occurred in the matter of the Petition addressed by Annamalayuppa Pillay, Marakatumbee Marakan, Soodalaymoottoo Nadan and Panamamoottoo Nadan the Cheyaroot Renters of the whole District for 3 years from Fusly 1259 to 1261, stating that Mr. Lees residing at Trichendoor prevented them contrary to the Puttahs granted to them by the Circar from digging up the roots from the Poonjah lands measuring about 70 chains and cultivated with Europe Cotton, has been received—

In reply I beg to state that no sooner was the above Endorsement received by me than I sent for

Soobramanied

13596 Fort St. George 13th October 1851.

Soobramanea Pillay the Writer of the above said Gentleman and after giving him the complaint bearing the Hoozoor Endorsement desired him to inform the particulars of the complaint to Mr. Lees and bring me his answer. He promised to do so but not having returned with any answer I wrote to him a letter together with the Endorsement. In returning which the Writer abovementioned informs me that his Master gave him no answer— consequently I beg to bring this to your honor's notice and to return the Endorsement received from your honor—

(Signed) Andea Pillay
Tahsildar

Translation of an Order issued by C. I. Bird Esqr. Collector of Tinnevelly to the Tahsildar of the Punjamahl Talook under date the 5th May 1851.

The Petition from Annamalay=uppa Pillay and others the Cheyaroot renters of the whole District from Fusly 1259. to 1261 is herewith forwarded. The Petitioners request that Mr. Lees should be desired not to dig out and spoil the Cheyaroot growing on the lands cultivated with Cotton

dated 29th April No reply has yet been received to this order—

Fort St. George 13th October 1851

bottoh by him and they permitted to apply the same to their use. You are therefore directed to peruse the Petition, communicate its purport to the said Gentleman to send for his people and the Renters as well as 4 other respectable persons and in their presence to ascertain correctly the extent of land cultivated with bottoh by that Gentleman, and the quantity and value of Cheyaroot that would grow in that land to the advantage of the Renters and to report the same to the Huzzoor with particulars. You are also required to return the Petition in question.

Trichendoor 5th May 1851.

(Signed) C. I. Bird
Collector

Translation of an Order issued by C. I. Bird Esqre Collector of Tinnevelly to the Tahsildar of Punjamahl Talook under date the 5th August 1851.

As Mr Leon informs me that he wants for the purpose of American bottoh Cultivation 120 Chains of land near Cudbah Trichendoor and 10 Chains on the Terry or Sand Hill at Savi-sashapooram and that he will not prevent the Cheyaroot renters people (when they come) from gathering the root growing in the cultivated land, you are directed to render him every assistance and procure the said extent of land for him. The said Gentleman will return thither in about a month more. You are therefore required in the mean time to make the necessary enquiries and to exert your best to get him the above land. If you in any way neglect to do so you will incur my severe displeasure.

To the Collector of Tinnevelly.
In Cons. 13th October 1851.

To, The Collector of Tinnevelly.

Sir,

With reference to your letter of the 17th September 1851 and it's enclosure No. 2, being the Puttah granted to the Chayroot renter in your District in which it is reserved to the Board to discontinue the rent during any time of it's entire term. I am directed by the Board of Revenue to request that in the event of the Amount of the 1st Kist which was due on the 11th October 1851. not having been already received, you will suspend it's Collection until further orders and in the event of your having already received it that you will hold it in deposit and will meantime prevent the gathering of the Root, intimating the same to the Board at your early convenience:-

Revenue Board Office,
Fort St. George.
13th October, 1851.

(Signed) W. H. Bayley.
Secretary.

Ordered also that the following letter

Fort St. George 13th October 1851.-

39.41

B. No. 2009.
To the Chief Secy. to Government-
Submitting with reference to Extract Minutes Consultation 6th September 1851 a letter from the Collector of Tinnevelly relative to the complaint of Mr. David Lees that the Cultivation of American Cotton is materially obstructed by the Chayroot renters & stating that the Board concur with the Collector that the wishes of the Honorable Court can be met by Cancelling the present Chayroot rent and restricting the rights of the new renters to land not under Cultivation also submitting the Board's sentiments in respect to Mr. Lees Complaint & to the leasing out the prevelage of Collecting the Chayroot on lands Cultivated with American Cotton.-

Rd. 8 Sept. 1851.

letter be submitted.

No. 439.

To

The Chief Secretary to
Government.-

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation 8th September 1851, transmitting for their early report, Copies of despatch from the Honorable Court of Directors Revenue Department No. 6 of 1851 dated 16th July 1851, with a communication addressed to them by the President of the Manchester Commercial Association representing that Mr. David Lees recently returned from Tinnevelly had complained that the Cultivation of American Cotton in Tinnevelly was materially obstructed by the Chayroot renters.-

2. In their despatch the Honorable Court direct that, if the statements of Mr. D. Lees should be found to be substantially correct measures should be adopted to relieve the Cotton Planters and if, under the terms of their Lease, the Renters be found to be entitled to compensation, for being prevented from entering on lands which tho' waste at the commencement of their

their

Fort St. George 13th October 1851.-

their rent, may have since been brought under Cultivation, that such compensation should be given them, in the shape of a proportionate reduction in the rent payable to the Government.-

Pro. to Tinnevelly 8th September 51.

3. The Board, on receipt of these orders, called upon the Collector to suggest the means by which the Honorable Courts wishes could be best carried out and to state the details of the system of renting Chayroot. They also requested he would transmit Copy of the Licenses granted to the Renters and of any correspondence which had passed between himself and Mr. Lees on the Subject of the Chayroot rent, and the evil complained of or of any order or decision passed upon it.-

From Tinnevelly 17th Septr. Recd. 13th Octr. 1851

4. In his reply the Collector encloses Copies of the only Official communication received by him from Mr. Arthur Lees and of his answer, and states that he was aware of the impediment which the Chayroot rent opposed the successful Cultivation of American Cotton and that he would have referred the matter to higher authority if Mr. Lees had made any further Official application

Fort St. George 13th October 1851.-

application, but, failing to obtain any replies or further attention from him he was constrained to pass an order (Vide Enclosure No 4) that no more land should be taken up for Cotton Cultivation without a stipulation that the holder would not interfere with the operations of the Cheyroot Renters.-

5. The 2d enclosure to the Collector's letter is Copy of the Puttah granted to the Cheyroot renter for three Fusslies 1259 to 1261 inclusive, at an annual rent of Rupees 7920. but reserving the right of the Board to discontinue the rent at any time during the currency of the entire term. The first two years have already expired, and the date for the payment of the 1st Kist of Fusly 1261 will be the 11th October 1851- and it is therefore open to the Board to cancel the Rent, especially as the season for gathering the root is not yet commenced, and to direct the Collector to invite fresh Tenders for a new rent, Under modified terms, as suggested by the Collector, restrict-
=ing the right to lands not under Culti-
=vation, which, in the opinion of the Board, would most readily give effect to the wishes of the Honorable Court.-

at

Fort St. George 13th October 1851.-

6. at the same time I am desired to observe that the Board do not view the demand made upon Mr. Lees, as the preposterous exaction which it is represented to be. It would seem to be a well understood condition attached to the occupancy of land producing Cheyroot in Tinnevelly, that the root shall still remain the property of Government, and be leased out separately. The process of digging out the Cheyroot is no doubt injurious to the Crop cultivated, but it is observed that the rent paid for the Cultivation of the land is as low as 4½ Annas or about sixpence an Acre, and with this very small rent it may it appears be Cultivated with profit notwithstanding the disadvantage attached to the tenure. No distinct reservation of the Cheyroot appears to be made in the puttahs or leases granted for such lands, and it is likely that in consequence of this Mr. Lees may have remained in igno-
=rance of the condition on which it was ordinarily occupied at the time he took it up. Had he been aware of this he would hardly have considered it a legitimate cause of complaint, that he was not permitted to occupy the land to the serious loss of Government

Fort St. George 13th October 1851.-

Government.- Mr. Bird states that some of the land will produce as much as 75 Rupees worth of Cheyroot per chain, and if the transaction be viewed as an ordinary financial one it could hardly be expected that the Government should consent to merge its higher beneficial interest in the land in the smaller one, and forego a profit of 75 Rupees a chain that a Cultivator might occupy the land at 1 Rupee a chain.- No private land owner would consent to such terms but would prefer that the land should remain uncultivated if in that condition, it would spontaneously yield a crop greatly more valuable, and a proportionately higher return.-

7. It is not the intention of the Board by these remarks to offer any objection to carrying out the Honorable Court's instructions for remitting the demand on account of Cheyroot, but they think that it should be considered as an exceptional case and be looked upon in the light of a bonus or premium offered for the encouragement of American Cotton at some sacrifice of public revenue.-

It

Fort St. George 13th October 1851.-

8. It does not clearly appear from the letters either of the Collector, or Mr. Lees. whether there are any peculiarities in the land producing cheyroot which render it the only land which could have been selected for prosecuting the experiment in raising American Cotton, but from the desire of Mr. Lees to occupy these particular spots of land and his remark that the enforcement of the claims of the Cheyroot renters would constitute "an insuperable obstacle to the extension of the Cultivation of American Cotton amongst the Natives". the Board would have been led to believe that no other land was well adapted for the purpose. If this be really the case the experiment would not seem to promise any larger result than the Cultivation of the whole tract, which is stated by Mr. Bird to be about 3434 Chains or 12.500 Acres. In his letter to the President of the Manchester Commercial Association however Mr. Lees repudiates this idea and observes that he "has not" the least doubt "that it (the Cultivation of American Cotton) will extend, if permitted so to do over "the whole of the Sandy lands of Southern India

To Mr. Lees 16th April 1851
Encl. in Fy. 6 Sept.

"India from Vijsiavathee in the South to
"Nellore in the North, a rauge of more than
"five hundred Miles. "This is a much more
encouraging prospect as relates to the general
introduction of American Cotton, and the
supply of the English market, but the Board
do not, as at present informed, clearly
understand why with so extensive a tract
of country adapted for that description of
Cultivation it was necessary for Mr. Lees
absolutely to confine his operations to that
small portion of it producing Cheyroot, or
how" the obstacle (the Cheyroot rent) could
be held to have put an entire stop to the
extension of the Cultivation of American
Cotton".-

9. In the concluding paragraph
of their despatch The Honorable Court
direct as follows." We also desire that on the
"renewal of the Cheyroot farms the renters
"should be restricted to the uncultivated lands
"in Collecting the root, as we are of opinion that
"the Cultivators of the ordinary dry grains
"are as well entitled to production as the
"Cultivators of all other articles of agricultural
produce

"produce, however raised." The Board propose
also to communicate this as an instruction to
the Collector of Tinnevelly. Previously to
doing so however they would wish to be
informed whether the more valuable
tho' spontanious product of the land Viz.
the Chayroot is to be considered as the
property of the Cultivator hereafter.
There would be no advantage in restricting
him from collecting it if it cannot be
gathered by any other party but on the
other hand it is to be observed
that while the Cultivation assessment
only averages as before observed 4½
Annas per Acre, the value of the
Cheyroot even at the present low rent
averages 10 annas per Acre. The produce
in this respect seems very unequal. Mr Bird
States that in some places the root is worth
75 Rupees per chain or 20⅝ Rupees per acre and
if the root be given up it would certainly
be worth the while of ryots to take up
the more productive spots ostensibly
for Cultivation but in reality to Collect the
Cheyroot. The assessment of the entire tract
of 3434 Chains being only 3,300 Rupees it
would obviously be worth the while if the
renters

renters who pay Rupees 7,920, to apply for the whole on a Cultivation puttah, and hold it on the ordinary conditions. The same remark will apply to the land occupied by Mr. Lees- If he is held to have acquired the Customary right in the land he occupies without restriction he is also entitled to all spontaneous produce and may Collect the Cheyroot if, on his own account he finds it worth while. that Gentleman would not probably be disposed to do so, to the detriment of his Cotton Crops, but there is nothing to prevent his disposing of the land tomorrow to a Native Cultivator, and a right which has been recognized as appertaining to him could not be withheld from his Native successor. It appears probable therefore that no further rent of any consequence can be long expected for the Cheyroot..

10. In the mean time the Board have directed Mr. Bird to suspend the Collection of the first instalment of the Cheyroot rent for Fusly 1261 which falls due on the 11th Instant, pending the further orders of Government upon the Modification of the rent to the remission of which no obstacle

is

is at present presented.-

P. No. 2328
From the Collector
of Coimbatore

Sir,

I have the honor to acknowledge the receipt of Extract from the Board's Proceedings of the 28th ultimo. adverting to para 2 thereof

2

I beg to state for the Board's information that although no lands had been alienated for the Chattrum at Tircanambelpoor, the amount of Enam intended to be granted to it was included in the Statement No. 1 submitted with my letter to the Department of Public Works of the 30th March 1850 No. 58, and sanctioned by Government; under these Circumstances, the lands should have

been

Fort St. George 13th October 1851.-

been made over to the owner of the Chuttrum, but as the building was, and is still in very bad order, such has not been done and the Enamm is held under temporary attachment as indicated in para 4 of my Communication of the 22d July 1851. to be eventually given over to the Party should the Chuttrum be repaired and rendered efficient and habitable.-

3. The enquiry into the condition of the Private Chuttrums has not yet been completed. In only one instance, of 4 Talooks yet reported upon by the Tahsildars, has the owner of the Chuttrum undertaken to repair it, in the other 3 it is hopeless to expect any thing from the Enamdars but upon this point a separate report will be made shortly.- should the owners fail to put the buildings in good order, the only alternative left will be to resume the Enams permanently, and to carry on the repairs at the expence of Government in common with other Public Buildings. 6 Months notice and leave was given to all parties concerned early nine

Fort St. George 13th October 1851.-

nine Months have now elapsed, no sign of expenditure or repair has yet appeared, except in some very few cases, and these only quite lately to save appearances.-

The orders contained in

4. para 4 of the Proceedings under reply will be attended to in future.-

Proceedings thereon.

(12.13)

The Board will await the report promised in para 3 of the foregoing letter, before recommending measures for the disposal or repair of the decayed buildings. & In this report the buildings calculated to

Fort St. George 13th October 1851.-

to be useful to the public, if repaired, should be shewn distinct from such as may not be worth repairing either from extreme decay, indifferent construction, or retired locality rendering them of little or no public use..

2. Meanwhile the Board resolve to submit the letter of the Collector of Coimbatore with Copy of these proceedings, together with the papers noted in the Margin, for the information of the Right Honorable the Governor in Council with reference to para 4 of Extract Minutes of Consultation 26th September 1850.-

From Coimbatore 22d July in Pros 28th Augt. 1851.-

In Cons 14th October 1850.

Ordered that a Copy of the foregoing Proceedings be submitted to Government

Secretary to the
Board of Revenues,
Fort St. George.

Sir,

(44)

Bd. No. 2439
From the Collector of Canara -

Submits Report on the Extra Sources of Revenue for Fasly 1260, 1850/51

English No. 1 & 1 A to C.
Kindred No. 1 to 16 & A & B.

I have the honor to submit the usual Statements of the Extra Revenues of the District for the past Fasly $\frac{1260}{1850/51}$

2 The collections from all sources exclusive of Amcendeni during the year under report amounted to Rupees 9,90,903 — 13 - 8. being Rupees 8,541 — 5 — 1 more than those of the previous year, and Rupees 16,847 13 - 1 more than the average of the 5 previous years. The particulars of the increase and decrease in each item are shewn in the following table..

The

5 The imports from Goa continue to increase rapidly and to affect the sales both for home and inland consumption as will be seen below, but the state of trade has been so satisfactory that increased collections to the value of 8,253 as 15 3, of Monopoly Salt accompany increased duties on imports to the value of Rupees 11,994 - 3 - 5.

6 How much of the duty collected on the Goa frontier, to the amount of Rupees 29,825 - 8 - as 10, is a clear addition to the Revenues of the state, after deducting the decrease on the Bombay frontier, I have not at present the means of stating

7 Having lately reported at some length on this branch of Revenue the subject does not appear to call for any further general remarks.

8 The fluctuations in the Inland trade are shewn in the following Table.

Table

	Net Increase					6,756	8 2		

St

Fort St. George 13th. October 1857

9 It will be seen from the above that the largest increase is in the Buntwal, Guersuppah and Ooppinputna Kotties.

Buntwall 10 In the Buntwall Cotay there is an increase of 9077. In 1257 / 1847/48 the collections were 108452 Rupees, but they subsequently fell off considerably, the receipts of this year have again nearly reached that amount.

11 The excess in the Guer=sappah Taunah is a satisfactory proof of increasing trade. That at Ooppinputna is counterbalanced by the decrease in the Nayarlyle, Ankola, Coompta and other Tan=nahs which it has in a great measure superseded. The im=ports from Goa affect all of these Tannahs, and to judge of the state of the trade, it is necessary to consider the total amount of sales and imports, when it appears to have been remarkably favorable.

12 The fluctuations in the sales for Home consumption in the year under report are as follows.

	1259.	1260.	Difference. Increase Decrease.	
Mangalore	39970 7 5	42742 5 8	2771 14 3	" "

Net Increase 1497 1 "

13619

Fort St. George 13th October 1857

13. The falling off in the Anikola talook to the extent shown above is to be attributed to the diminished demand in the Soopah talook during the fusly under report owing to the imports from Goa through that talook. The other items of increase and decrease call for no explanation. On the whole there is an increase of Rupees 1,497 7 a p

14. The revenues realized from this source during the year under review amount to Rupees 11,136-12 a p in excess of those of the previous year, and Rupees 22,493-9-10 of the average of the preceding 5 years as shewn in the margin, but deducting the item of Salt, there is a falling off in comparison with the past year as shewn in the margin.

19. On a comparison of the total Exports of rice during the year under report with those of the past year the result is favorable — but a comparison of the amount of duties collected shows a considerable decline. This is entirely owing to frauds to evade the duties payable on goods shipped for Goa, to which the system in force afforded no efficient check.

20 The subjoined Statement shows the ports at which the duties have been levied.

Mangalore

The collections from this item during the year under report exceed those of the previous year by Rupees 1184 2 and are above those of the past 5 years by Rupees 1480 9 7 as shown in the margin-

The collections from this source of Revenue exceed those of the previous year as well as the average of former years in the proportions noted in the margin-

The collections under this source during the past fusly are in excess of those of the previous year as well as the average of former years in the proportions shown in the margin-

The Tobacco Revenue shows a considerable decline as noted in the margin- This is to be attributed partly to the inferior quality of the Stock, the crop of the previous year having been indifferent, partly to the low price

price of rice which prevailed through-
=out the year, but chiefly to the =
increase of smuggling-

	Rs.

a very inadequate one of the difficulties and evils under which it is now maintained.

32 Since the abolition of the land customs these evils have been greatly enhanced, having no adequate preventive establishment; the system is merely detective, the revenue of Govern=ment is only maintained by the dread formerly inspired and by the domiciliary visits of the peons, and these would have failed entirely but for the Wahlut of Mysore. The fear of detection is fast dying out and where every Cooly load gives a profit of eleven Rupees, the temptation is irre=sistible. The monopoly is thus main=tained under difficulties which are fast increasing, and when it is remembered that of Rupees 29,249 collected by the sale of tobacco, only a lack and a half is revenue to Government, and thus ob=tained at so serious a cost as that above described, as well as that of depriving the whole province of this object of cultivation, and making it pay a vast tribute

tribute to a neighbouring state, I cannot but point to the decline upon which I am now reporting as an important fact to be added to those which my predecessors have laid before the Government on the subject of this Monopoly-

Stamps- 33-

	Rs. a P.
1259	51377-11-6
1260	49474-8-11
Decrease	1902-8-6
Average of 5 past years	35776-11-11
Increase	13037-13-11

The collections under this head during the Fusly under report are below those of the previous year and above the average of 5 past years in the proportions shown in the margin-

Ameendevi Islands- 34-

	Rs. a P.
1259	10063-10-6
1260	41403-9-3
Increase	31399-14-9
Average of 5 past years	13082-7-6
Increase	28381-1-9

The Revenue derived from the Ameendevi Islands exhibits a large increase when compared with the previous year as well as when compared with the average of former years in the proportions noted in the margin- The increase is to be attributed to the price realized for a quantity of Coir in store sold by public auction in accordance with the Board's instructions of the 17th January 1850-

Of

35- Of the demand of Revenue from the Extra Sources a Rupees 1027927-11-9 have been collected within the Fusly and Rupees 3387-14-8 to the 15th Instant leaving a net balance of Rupees 1051-12-0-

No. 349.
1851.

To

H. L. Conolly Esqre.
Magistrate of Malabar.

Sir,

With reference to your letter of yesterday, I have the honor to forward herewith Copy of the Extract from my Proceedings under date the 21st Ultimo.

Calicut 19th September 1851. I have &c.
Signed H. Morris
Sessions Judge.

Extract from the Proceedings of the Sessions Court Zillah Calicut under date the 21st August 1851.

Read Extract from the Proceedings of the Court of Fouzdaree Udalut under date the 2d Instant returning the record of the case No. 120 of 1851 on the Criminal file of the Subordinate Court with instructions that the Sessions Judge do dispose of the Appeal preferred by Mr. Forsyth against the acting Subordinate Judges decision thereon.

Read also communication of the 30th June last from W. A. Forsyth Esqre. stating with reference to his previous Petition of the 20th Idem. that he intends proceeding with his appeal against the above decision having been informed

13671 Fort St. George 13th October 1851.

informed that the Magisterial investigation has terminated and that the parties accused of conspiracy have not been committed for trial, and requesting therefore that the Court will call for all the papers in which Mr. Chatfield has expressed his opinion regarding the evidence adduced and the decision pronounced in the Subordinate Court, and order the committal of the case.

Read likewise Copy presented this day by Vakeel Amboo Podwall, of a Communication from W. A. Forsyth Esqre. dated the 16th July, the Original not having been returned by the Fouzdaree Udalut, to whom it was forwarded with the record of the case, stating that he has received permission from that Court to receive his Appeal and praying therefore that the proceedings of the (acting) Sub Judge may be received and the committal of the Prisoners ordered on two grounds, viz. the irregularity of the procedure and the illegality of the judgment.

Read further Report A. containing the acting Sub Judges decision appealed from.

Read also the Proceedings in the case

Fort St. George 13th October 1851.

case and the correspondence connected therewith.

On an attentive review of the voluminous record of this important trial the Court is of opinion that truth and falsehood are so mixed together in the principal evidence for the prosecution as to render it not trustworthy and that even with the testimony of the additional Witnesses named, no probability exists of the conviction of the 1st and 2d Prisoners, so that the Sessions Judge would not be authorized in ordering their committal as requested by the Prosecutor. It is clear however that the 1st Prisoner, a bold, and as there is reason to believe, a foul tongued man had long been on the habit of indulging in abusive and unseemly (if not threatening) language towards the Prosecutor, and that on one occasion not a year previous to the drugging of the Soup, he used such in conversation with the Principal Sudr Ameen of Palaya as led that Officer to think "that he (Nazer) contemplated the destruction of the life and situation of the Gentleman". Although therefore with these facts before him, and certain discrepancies apparent in the proceedings relative

Fort St. George 13th October 1851.

relative to the 2d Prisoner's visit to Calicut the Sessions Judge finds it difficult to divest his mind of all suspicion against the 1st and 2d Prisoners, he still must admit that there is no evidence on record to warrant a requisition of security. He consequently considers that the Acting Sub Judge was justified in ordering their unconditional release, but that he erred in so doing with regard to the 3d Prisoner. The Court of Foujdaree Udalut have repeatedly ruled that "it is imperative on the lower Courts to commit all cases in which the accused may have before an European Authority confessed an Offence, the commission of which has been satisfactorily established". Now that "some deleterious substance or poisonous drug" either of which would render the case committable had been administered to the food served up to Mr. Forsyth on the evening of the 28th April last" was evident from the medical testimony, the decision also stating that "advantage had been taken of the drugging of the Soup" and as

Fort St. George 13th October 1851.

as the 3d Prisoner confessed before the Joint Magistrate and Subordinate Court that such was administered by him it was inexpedient on the acting Sub Judge to have committed that Prisoner to be dealt with by the Sessions Court. That course must now be pursued, the Magistracy being called upon to reapprehend and forward the Prisoners Poken as also to cause the attendance of Lieutenant Barclay Dr. Storey Apothecary Tyrrel Dresser Ramakristnah, Muckwand, Poken and Bungally Dog boy Haramgotes Runnen and the Cooks Vadama la and Shangaren (10th and 14th Witnesses) whose names with those of the attesting Witnesses to both confessions should be entered in the Calender leaving it to the Sessions Judge to call for any further evidence that he may deem necessary the surmise or suggestion of the acting Sub Judge that the new Cook drugged the soup is altogether unsupported and the act commented upon as a suspicious one of Common occurrence amongst persons of his class. On the subject of the alleged conspiracy and the Head of Police's conduct the Court holds that it would be

Fort St. George 13 October 1851.

be premature to pass any judgment pending the trial of the 3d Prisoner, and the Sessions Judge also abstains for the same reason from recording any remarks on the other points adverted to by the Prosecutor.

Ordered that Extract from these Proceedings be forwarded to the acting Sub Judge by Precipt requiring conformity thereto and return to be made in one week and that the Proceedings in the case be retransmitted to him.

Ordered also that Copy be furnished to the Prosecutor's Vakeel on application.

Bd. No. 1996-

Proceedings thereon. The Board of Revenue will as stated in their Proceedings of 7th August 1851 await the result of the reference made to the Court of Foujdaree Udalut on the above case-

Read

13677 Fort St. George 13th October 1851.

No. 85 Read the following letter-

To, W. A. Bayley Esqre
Secretary to the
Board of Revenue-

Bd. No. 2165-

From the Collector of Madras- - - } Para 1

Sir,

I have the honor to transmit herewith for submission to the Board of Revenue a petition to Government from certain females Veomiahdars No. 1098 of 1851 bearing an Endorsement and one to myself, presented by them on the 5th Instant-

50

No. 223/3½

Rule 2½

From Bd. No. Book 1850

2 As the Petitioners are all above the age of 60 years the rules laid down in the Board's Circulars dated 1st July 1850 applies to them but being forbidden by Custom from being seen abroad they requested by numerous applications that they might be exempted from personal appearance at the Cutcherry, although I gave them to understand that their attendance would be required only under such arrangements as might cause them as little inconvenience as possible and that they would not be subjected to more publicity than might be absolutely necessary to establish their identity-

3- Their case has recently been urged upon me again by several persons of great respectability as being one of a very peculiar nature I am therefore induced to submit it now for favorable Consideration-

Encl. No. 1. 4. The enclosed Statement No. 1 explains the grounds on which the indulgence is claimed by the Petitioners. It will be observed that they are 33 in number and that their allowances amount to Rupees 590-2-5 per Quarterly List-

No. 2 and 3 Quarterly list No. 45 - 157-10-0
2-13-7-6

5. I enclose two other Statements No. 2 and 3 one of which shews the number of females above 60 years who have usually drawn their allowances in person and the other the number of those who have done so only since the receipt of the circular already referred to of 1st July 1850-

Quarterly list No. 15-11.37-15-10

6 Certain other Veomiahdars again have been exempted under the special orders of Government Communicated by the Board in the 9th September and 11th November 1850 and on the 27th February and 10th July 1851-

Note The allowances of these females remain undrawn since the 12th July 1850-

7 If the females named in the Statement No. 1 should be considered entitled to a similar indulgence I shall take care to see that the 4th Rule of 1840 regarding certificates as modified by the Board's Circular of 10th March 1851 is rigidly enforced-

Madras, - - -
8th September 1851. } I.

/Signed/ J. A. Huddleston
Collector

Bd. Rec. 1982.
No. 435

Proceedings thereon - There would appear to be 50 Females, Yeomialdars, each above the age of 50 who receive their allowances from the Madras Collectorate (exclusive of those who have been specially exempted) and out of that number 15 only have usually appeared in person, 2 since the rule for personal appearance was conveyed in the Board's Circular order 1st July 1850 and the remaining 33 now claim exemption from that rule. To allow exemption to all the last numbers would nullify the rule for personal appearance.

2 The Board feel great difficulty in disposing of these cases. No definite line can be drawn as to the degree of respectability which shall entitle a Mussulmans to exemption from appearance in public but on an inspection of the list now submitted by the Collector many of the Yeomialdars seem to be of a class who cannot consistently with their own feelings of self respect or by the Custom of their tribe appear abroad, even though past the age of 50 most of them are the widows or relatives of Musheykhs or other ministers of the Mahommedan Religion who are generally looked

13684 Fort St. George 13th October 1851

looked up to with great respect and reverence and are not inferior in respectability to some of those to whom exemption has been conceded as noticed by the Collector in the 5th Para of his letter. To insist upon women of this class appearing personally would probably be equivalent to altogether resuming their allowances which appear now to have remained undrawn for ten months.

3 The Board believe that it was the intention of Government to guard against the frauds which have prevailed, owing to persons of inferior station, to whom personal appearance would be no degradation, having been permitted an indulgence which was not essentially necessary, but not to insist upon compliance with a condition which is so offensive to all their feelings and habits from females whom custom excludes at whatever age from the view of all but their nearest relatives, and under this impression they resolve to submit the Collector's letter for the orders of Government with the expression of their own hope that the case of these 33 females, Yeomialdars may meet

meet with favourable and indulgent consideration.

To The Collector of Madras

Bd. No. 1983

To the Collector of Madras

Sir,

26th Sept.r 1851

I am directed by the Board of Revenue to observe that from the Cash Certificate forwarded with your Demand Collection Balance Statement for the month of August 1851 it appears that the accounts of your Cutcherry were closed on the 31st August last, that the examination of the Treasury took place on the 3rd September and that the Certificate was drawn up and dated 25th September 1851. They also notice that the prescribed wording of the Certificate has been altered to suit the circumstances

circumstances detailed above.

2 The Board conclude that there were no transactions between the close of the month and the date on which the Treasury was examined. They desire me however to point out to you that it is not intended that the Treasury should be examined after the closing of the accounts at the end of each month, but that the examination should take place on any day in the month which the Collector may select, the balance of Cash being compared with the amount which, according to the accounts, should be in the Chest on that particular day, and the prescribed Certificate drawn up immediately for transmission to this office with the next Monthly Demand Collection Balance Statement.

3 The Board request your attention to the above observations in your future Treasury Examinations.

From the Secy. to Government Extract from the Minutes of Consultation in the Public Department dated 23d September 1851.

Authorizing the Board to grant rewards by a reduction of the demand in the puttah for the year, to those who endeavour to cultivate superior products and to submit a yearly report of these remissions Resolving to

Read the following letter from the Secretary to the Board of Revenue.—

(Here enter 11th August 1851 No. 344)

The Right Honorable the Governor in Council concurs generally in the views

to communicate to the Chamber of Commerce and the Agri Horticultural Society that the Government will not discontinue giving prizes at the Presidency -

views of the Board of Revenue communicated in the above letter on the means of stimulating competition in Agricultural Industry among the Natives, and grants authority for carrying into effect their proposition as far as rewarding meritorious endeavours to cultivate superior products in the manner suggested in paras 7 and 8, by a reduction of the demand on the puttah of the year. The remission which the Collectors would advise should be given after reference to the Board, who will be careful to issue such general instructions to the local revenue authorities as will ensure similarity of action and with the same object it is desirable that the Board should act in concert with the Commissioner of the Northern Circars.

2- The Board will furnish annually a Statement of the result and expences incurred as soon as possible after the period for making the remissions now authorized

3- The Government in Council will not at present discontinue the existing practice of giving prizes at the Presidency modified as suggested by the Board of Revenue in

in para 12. He fully agrees in the opinions recorded by them in paras 13 and 14, and he resolves to communicate their letter with the foregoing observations of Government thereon, to the Chamber of Commerce and to the Agri-Horticultural Society for their information -

To The President & Members of the Board of Revenue

(A true Extract)
(Signed) H. C. Montgomery
Chief Secretary

Ordered that the following letter be sent in consequence -

To The Commissioner
Northern Circars.

Sir,

1-2
Bd. No. 2018
To The Commissioner Northern Circars -

Forwarding to him Copies of the Board's Proceedings and of the Resolution of Government thereon and requesting him to favor the Board with his sentiments as to the carrying into

11 August 1851.

The Board on submitting to Government the reports of Collectors relative to the best means for stimulating emulation in Agricultural industry, took occasion to remark that their Circular of the 30th May 1850 had been attended with no good results and that the prizes annually awarded at Madras had not been competed for by any individual of the great body of Native Agriculturists to

With a view to remedy this

State

out their proposition respecting rewards to be conferred on praiseworthy individuals endeavouring to produce Cotton and Sugar Cane.

state of things the Board suggested "that the Collectors of Cotton and Sugar "cane growing districts be permitted to "reward any praiseworthy individual "endeavourers to produce these articles "by a reduction of the demand on the "puttah of the year. These rewards to "be confined to 3 or 4 in each District, "and not to be granted until a sample "of the product, forwarded to the Com-"mittee at Madras, had been declared "by them entitled to such remuneration, "not as being superior to other specimens, "but as meritting encouragement the "Collector satisfying himself that the "general outturn corresponded with the "portion submitted for decision".

"The quantity of land under "tillage should, the Board think, also "be left to the judgment of the Collector, "and the experiment of the cultivator "fettered with the fewest possible re-"conditions; indeed the Board would "prefer that the Collector be authorized "to reward in the above manner, as "after reference to the Board and "Government any spirited and me-"ritorious endeavours to cultivate a superior product when entered "upon in good faith, under the likelihood of

"of permanency, and with the desire of "improvement. On this principle it "might even be advisable to meet with "relief a partial or total failure, in "which expense and labor had been incurred".

"The interchange of Seed, proposed "by the Society, appears to the Board a "good suggestion, and might be pressed "upon the notice of the ryots, these "however carrying out the exchange "among themselves, and bearing all "the expenses of it"

11th Aug. 1851. F. Govt. 23rd Sept. Ult. in Cons. 16th Octr. 51.

2. I am desired to forward copies of the Board's Proceedings and of the Resolution of Government sanctioning the Board's proposition, and to request that with reference to the concluding part of the 1st Para, you will favor them your sentiments on carrying it out.

3. The Board's views are given in their Proceedings, they will now only add that in their opinion the Collector should determine the amount of re-mission to be granted, that the sam-ple of the product be forwarded to the Committee at Madras, as early as possible, and that this body be requested to declare their

opinion

13699 Fort St. George 16th October 1851

opinion without delay, in order that if practicable, the remission may be struck out of the Pattah at the Summabundy, the reason of the deduction being at the same time explained to the assembled ryots.

Bt No 2475

From the Collector of Nellore

Sir,

In reference to your letter of the 31st July last, I have the honor to transmit a Statement showing the sales of property on account of arrears of Land Revenue under the individual Settlement in this Collectorate from Fusly 1255 to 1260

2. As the Renting system has not prevailed in this District since Fusly 1235 the second Statement required by the Board is not forwarded.

From the Collector of Cuddapah

Sir,

I have the honor to request that the Board will allow me to postpone until the conclusion of the ensuing settlement the submission of the account of the balances outstanding under the head of Sewoy Summah called for in your letter of the 10th of March last.

The accounts which I have received from the several talooks include balances of twenty eight years standing, most of which the Taksildars represent as recoverable, but as I am unwilling to pledge myself to realize these sums, and cannot without a personal investigation satisfactorily determine what items should be retained in the accounts and what recommended for remission, I am desirous of making the question a subject of enquiry in each Talook during the progress of the settlement.

Fort St. George,

(30)

B. No. 2418.

From the Acting Collr of North Arcot

Sir,

Reporting with reference to his letter of the 28th August 1851 the result of the enquiry instituted into the conduct of the Sahsildar of Tirputtty pending which he was suspended. Informing that he has been ordered to resume his duty and requesting permission not to pay him the salary of his Office for the period he was under suspension but to dispose of it otherwise.

In my letter of the 28th Ultimo, I reported that the Sasildar of Tirputtty had been suspended for disobedience of orders and in consequence of the receipt of a letter from Mr. Morison the Abkarry Contractor of the District charging him with being unduly biased in favor of Gungapa Naick

I have now the honor to inform you that the Sahsildar was permitted to return to his duties on the 19th Instant.

2. Of the charges pending an enquiry into which he was suspended, Viz. Disobedience Partiality and / as implied in Mr. Morison's letter corruption the two first only have been established that of corruption having fallen to the ground in consequence of Mr. Morison's Vakeel having failed to produce evidence in its support first on the plea that the witnesses he intended to call were in attendance at the Criminal Court, and subsequently because he had received instructions from his principal that he was not prepared to prefs the

case

Fort St. George 16th October 1851.

Case against the Tahsildar to such an extent as to shew that he had actually received any bribe or other consideration.

3. The case is as follows - on the 11th July the Tahsildar addressed to me an arzie in which he mentioned that the Arrack and Toddy Subrent of the Triputty Taluk for Fusly 1261 had been given by Mr. Morison the Abkarry Contractor to one Gungapah Naick the Sub Contractor for the then Current Fusly 1260 and that he had been advised of the same in a letter dated 12th June (That Mr. Morison had subsequently (on the 12th June 1851) addressed to him another letter warning him that Gungapah Naick had failed to give the requisite Security and again on the 4th July 1851 a third in which he informed him that in consequence of the failure of his negociation with Gungapah Naick the Contract had been given to Sooba Naid and Gooraunppah Naid between whom and himself the usual documents had been exchanged. The Tahsildar further mentioned that Gungapah Naick had on the strength of the first of these letters (To the Tahsildar) expressed a determination forcibly to resist the transfer of the Sub renters Trade at the expiration of the Fusly - and requested instructions how to proceed under the circumstances. He was directed in reply to accept as sub renter the person

Fort St. George 16th October 1851.

person who Mr. Morison had last presented to him as such to secure him in possession of the the trade and to refer the opposite party to the Civil Court should he consider himself aggrieved by the Contractor - On the 25th July he addressed a second arzie to me representing that Gungapah Naik was in possession of the trade and refused to give it up - In reply to which he was referred to my former order. He again wrote reiterating his former assertion and in reply was fined one Rupee for neglecting to carry out my orders and directed peremptorily to put Sooba Naick and Gooroonppah Naik in possession of the trade and its appurtenances without further delay and if evidence was forthcoming to shew that Gungapah Naik had distilled or sold liquor after the commencement of the Fusly to send him up for examination with a view to his being committed to the Criminal Court. This order he also disobeyed whereupon and because Mr. Morison had in the meanwhile written to me as above stated, he was suspended and the Sheristadar ordered to take Charge of the District and see my orders carried out. This he did, Gooraunppah Naik and Sooba Naid were at once put in possession and abundant evidence

being

being forthcoming against Gungapah Naik he was sent up to me committed to the Court on the charge of having distilled and sold liquor without a license and there tried and convicted.

4. The only pleas urged by the Tahsildar in his defence as far as I can gather from his answers to my questions are 1st. That he all along considered the first letter mentioned in his first Urzee / that written by one of Mr. Morison's Servants and in which it was mentioned that Gungapah Naik was to be Sub Contractor for Fusly 1261 / as a valid and final Document in Gungapah Naik's favor and 2d. that he was afraid to carry my orders into execution lest Gungapah Naik might at some future time do him an injury. Both these excuses I look upon as inadmissible. The first besides that it betrays great ignorance can hardly be true for the letter in question however worded was obviously intended to be merely provisional on Gungapa Naik furnishing security &c. and that the Tahsildar himself once thought so is proved by his having busied himself about fresh Security for Gungapa Naik (when his first had been rejected) long after its receipt. It was moreover expressly contradicted and annulled by another letter subsequently received by him (the Tahsildar) from Mr. Morison prior

prior to the date of which the contract to which it relates was to come into operation which shews that the value he chose to attach to it was at any rate merely arbitrary. And what is more to the purpose it was unsupported by those legal documents which / he must have known / could alone render it of any value to him as an authority on which to act viz. the Renter's Summud and the Sub renter's Mouchilikah. The Second may perhaps be true but that it should be so had the Tahsildar not put himself in some way within Gungapa Naiks power. I cannot believe for Gungapa Naik tho' very likely a troublesome character has not that weight or standing in the Talook which would for a moment enable him to offer opposition to the Tahsildar under ordinary circumstances. But at any rate whether true or false it is one that I cannot accept as any palliation of his conduct for if the orders of the Collector are to be rendered inoperative on the plea of vague apprehensions entertained by his subordinates all authority in the District must be at an end.

5. The grounds on which I consider the charge of Disobedience established are sufficiently apparent on the face of the proceedings.

6. No undue partiality towards Gungapah Naick I consider to have been shewn

1st

Fort St. George 16th October 1851

1st By his having urged that persons claim on me when he knew that he had no case to go upon for Gungapah Naik himself never produced before him / and in fact as it subsequently appeared for the Criminal Case never possessed / either letter or agreement / whether in writing or word of mouth / or in fact voucher of any kind to shew that Morison had constituted him his Sub renter whereas the opposite party besides having it in their power to point to a document of precisely the same nature and authority as that on which he / the Sahsildar / lays so much stress in Gungapah Naik's case Viz. a letter to his address from the Contractor had documents to shew that they had complied with every legal requisition which was all in reality that he ought to have troubled himself about 2d By the unauthorized and very reprehensible manner in which he is shewn to have mixed himself up in the affair throughout making himself the medium of communication between Gungapah Naik and Mr. Morison's Servants examining and writing about the security proffered by Gungapah Naik and receiving into the Treasury a sum of money deposited by that person without Mr. Morison's authority for doing so and before the summud and Moochilekah necessary to ratify the contract had

Fort St. George 16th October 1851

had been presented to him 3d By his omission to apply to me for instructions till quite the end of the Fasly tho' Gungapah Naik had openly informed him some time before of his intention of forcibly keeping possession of the trade 4th By his relative demeanours towards the contending parties while the correspondence was going on, And 5th and lastly by his obstinate neglect of my orders after the invalidity of Gungapah Naiks claim to temporary possession had been shewn him and the proper course he was to pursue pointed out all which to say the least, evince a leaning towards Gungapah Naik on the part of the Sahsildar for which the excuses put forth in his defence are inadequate to account.

7. What the motives can have been which have influenced him in acting as he has done it is difficult to conceive. The most obvious inference is that they are those hinted at in Mr. Morison's letter but it may be that he has been throughout the tool of some designing person in his Cutcherry in the interests of Gungapah Naick whose counsel he has followed without caring to make himself aware of the true state of the case. And this I must confess is the view I feel inclined to

13728 Fort St. George 16th October 1851

to take of the matter.—

8. Be that however as it may my authority must be upheld. And I therefore propose, should the Board sanction the arrangement that the salary of the Tahsildar be forfeited for the whole period during which he has been under suspension* and that so much of it be made over to the Sheristadar who discharged his duties during his absence as will raise his pay for the time being to that of the appointment in which he was acting, the rest being carried to account.—

* From 14th August to 18th September 1851

North Arcot. .....
Collector's Circuit Cutcherry
Palamanair, 30th September
1851.

(Signed) S. N. Ward.
Acting Collector.

B. No. 2013.
Proceedings thereon.—

(30 31)

Under the circumstances represented in the foregoing letter which led to the temporary suspension of the Tahsildar of the Tripatty Talook from the 14th August to 18th September 1851 and to the forfeiture of his allowances during that period, the Board direct that if the amount is in deposit it may be paid in full to the Sheristadar who acted for the Tahsildar, and that the Sheristadar's pay be credited to Government.—

Read the following letter.

No. 62.

To W. H. Bayley Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

(32)

Sir,

B. No. 2383.
From the Collector of South Arcot.
Furnishing information and documents connected with the Petition from Sonna Beebee and other daughters of Hafiz Saib of Addiar: county of Munnargudy Taluk.

In returning the Petition No. 698 of 1851 and its enclosures received with the Board's Proceedings dated 22nd May last, I have the honor to state that the Purumanah for the Summud Enam land now in the enjoyment of Syed Yacoob was delivered to the Collector Mr. Wallace and is not now forthcoming. I enclose however Mr Wallace's receipt which has been produced by Syed Yacoob, the present incumbent.

2 It will be observed that in Mr Wallace's receipt the Enam lands are mentioned as being in 3 Villages instead of four, which arises from one of the Villages having been since divided into two according to the receipt, the maunieem consisted of 7 Cawnies of Nunjah land while the present district accounts show the extent to be 15 Cawnies and a fraction, a difference which is caused by a larger rod having been used under the former Government for measuring land than is now employed.

Besides

To Enclosure No 2
Original to be returned

3

Besides Mr Wallace's receipt Syed Yacoob has now produced a document purporting to be an original order issued by one Syed Mahamed who styles himself a servant of the Padshah (or Emperor) Maunger and directs the Tahsildar of Caulla Manargoody to make over to Syed Futtah (the original grantee) the 7 Cawnies of land granted to him for his subsistence by the Nawab Zoolfacher Khan. This document bears no date except the 41st year of the reign of Alumgheer and would be entitled to little weight without the corroboration afforded by Mr Wallace's receipt, and the entries of the enam Cadjan in the public accounts.

4

Mr Bird's Endorsement shows that the Enam was granted under the preceding Government to one Syed Futtah, and that on the commencement of our Rule it was registered in the name of Mahommed Boozan, great grandson in the female line of the original grantee. That incumbent's name continued in the accounts from Fusly 1209 to his death in 1228, since which period the Maunieem has been registered in the name of his son Syed Yacoob.

5

The Petitioners who claim a share in the Maunieem are the daughters of Mahammed Hafid, brother of Syed Boozan, and consequently

consequently first cousins of the present incumbent. It is not disputed that they are entitled to a share, but Syed Yacoob asserts that he discharged some family debts, for their share of which Petitioners ought to account to him before they receive a portion of the Enam lands. To settle this dispute and their exact shares in the Maunieem it seems to me advisable that the Petitioners should be referred to the Civil Court, and that they should be authorized to sue for their portion of the 15 Cawnies 10 3/4 annas of Enam land, situated in the Villages of Cushah Manargoody Algondanutturn, Radamilore, Melpady and Keelpandy, unless they and the incumbent come to an amicable settlement.

6

Respecting the Tarapaddy Enam in the Village of Mannarcolacody it appears to me unnecessary to enter into any detail, as the subject is not one which calls for the orders of Government, the Enam having been granted for a specific purpose and falling under the provisions of Regulation VII of 1817.

South Arcot,
Collector's Cutcherry
Cuddalore,
30th September, 1851.

(Signed) E. Maltby
Collector

Collector.

Ordered that the foregoing Letter be submitted with the following address

No. 454.

To
The Chief Secretary to
Government.

Sir,

(32·33)

3d No. 2037
To the Chief Secy to Government.

Submitting with reference to Extract Minutes Consultation 12th May 1851, a report from the Collector of South Arcot on an application from Sonna Beebee and others for permission to sue in the Civil Court for recovery of their late Father's share in certain Enam land now held by

Jud. Cons. 22d May 1851
Read and Returned

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation 12th May 1851, calling for a report on an application from Sonna Beebee and others for permission to sue in the Civil Court for recovery of their late Father's share in certain Enam lands, now held by one Syed

by one Syed Yacoob and intimating that the Board do not perceive the expediency of referring the Petitioners to the Courts especially as the Enam is resumable on the death of the present incumbent.

30th September in Cons: 16th Octr 1851

Syed Yacoob and for any documents on which the lands are held, and requesting that it may be stated how they are entered in the accounts.

2 In reply I am directed to submit the accompanying letter from the Collectors of South Arcot together with its enclosures being the documents produced in support of the Enams in question, from which it will be seen that the Enams were bestowed during the Mahomedan rule on one Syed Futtah, the 5 Cawnies in Tarapad for a specific service in a Makan falling under Regulation XIX of 1817, and the remaining 15 Cawnies for subsistence, that on the assumption of the Country by the British the Enams were registered in the name of Mahomed Booran the Great Grandson in the female line of the original Grantee - On the death of Mahomed Booran in Fusly 1228 his son Syed Yacoob was recognized as his successor, and has been in possession ever since - The Petitioners are daughters of Mahomed Hafiz the Brother of Mahomed Booran, and are therefore first cousins of the present Enamdar Syed Yacoob who does not dispute their share in the Enams; but

but assents that they have to reimburse him for their proportion of certain family debts, which he defrayed, before they can participate in the Enams.

3. The Collector considers that Petitioners might be permitted to sue for their share in the 15 Cawnies, but not in the 5 Cawnies in Tarapad.

4 As the Purwanah produced confers only a Subsistence Enam apparently limited to the life of the original Grantee, and as it has been deemed advisable to abstain, as far as practicable, from subdividing such Enams, the Board do not perceive the expediency of referring the Petitioners to the Courts to sue for their shares, especially as the Enam is resumable on the death of the present incumbent.

Revenue Board Office,

B.d No. 2477

From the Collr of Trichinopoly.

Sir,

As directed by your Circular letter of the 31st July last. I do myself the honor to submit herewith the Statement in the Form prescribed of the extent and number of sales of property personal and real on account of arrears of Land Revenue under individual Settlements from Fusly 1235 to 1260 inclusive.

2. No Village have been given out rent for a longer period than one year and consequently I have no separate Statement to forward.

3. I crave your Boards indulgence for the delay in submitting this Return, the cause has arisen from searching into the records of the past twenty six years and my Duftar Establishment being much engaged with the Settlement accounts for the Fusly year just expired.

Trichinopoly, Collr's Office, 10th October 1851.

Signed J. Bird.

Collector.
