Diary.

15th February. Received the following letter.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue.

B. N. 391.
From M. Caldeira —

Sir,

I beg most respectfully to state that in consideration of my Father's long and faithful services of upwards of 25 Years in the Revenue Board Office, the Honorable D. Elliot, the then Secretary entertained me, at his death in this Office as a Clerk from 1st November 1831, I have since that date continued to discharge my duties to the satisfaction of my superiors; but in consequence of a gradual wasting of body and strength impaired vision and nervousness I am rendered unfit to perform my duties any longer with efficiency, I therefore beg to request that you will be pleased to procure me the Pension I am entitled to after 20 years service, agreeably to the Regulations.

/Signed/ M. Caldeira.

To the Garrison Assistant Surgeon —

Sir,

The bearer Mr. Mathew Caldeira a

From Wm Caldeira 10th in Dy Cons. 19th February 1852-

a Clerk in the Revenue Board Office having applied to be placed on the Superannuation Pension List, on the ground of a gradual wasting of body and strength, impaired vision and nervousness- I have the honor to request that you will examine him, and furnish him with such Certificate as his case may require, to enable me to submit it to Government in support of his application-

To C. Smith Esqre M. D.

Garrison Assistant Surgeon.

B. No. 335. To the Garrison Assistant Surgeon. } Requesting to be furnished with a modified Certificate to be submitted to Government in Mr Caldeira's application for pension.

Sir.

The Clerk from my Office whom I sent to you yesterday on his application to me for permission to leave public employ, has presented to me your Medical Certificate, which is in such a form that I am placed in some difficulty. I must either dismiss a worthy man unprovided for, or continue in my Office a man whom I know to be incapacitated-

2- Of course it is not for me to dictate to you on a matter entirely within your own province, but perhaps you may not be aware that it is quite out of the question in our Public Offices

Offices to give a man leave of absence for a twelve month, and I should be loth to discharge Caldeira as he is a steady good man, and he can get no Pension unless certified by a Medical Officer to be incapable of duty-

3- Perhaps also you are not aware that the Pension given by Government under these circumstances is a conditional one, and provides that at the expiration of a twelve months the party must appear again before a Medical Committee to ascertain if he is still incapable- and this proviso seems to meet the difficulty of requiring a twelve months leave-

4- The object for which I sent the man to you was to obtain your opinion as to his present state in order that I might obtain for him a Pension, as I conscientiously believe he is really unfit for duty, but Government require a Medical Certificate and the form in which yours is drawn up will I fear not answer the purpose. This is the first occasion that I have experienced any difficulty, as the usual form of Certificate is one that always satisfies Government-

5- If you could in any way modify it I should be obliged. I think the years probation that would accompany his Pension Certificate might answer the purpose of requiring a years leave to see if his constitution will not recover itself-

It does not appear to the Right Honorable

2681 Fort St. George, 19th February 1852

Honorable the Governor in Council to be by any means satisfactorily established that the Yeomiah or Rocca Maniam referred to in the above Proceedings is a religious endowment or conferred for service in a Pagoda. In the two documents that have been produced Nos 5 and 6 the grantee is designated as the "Worshipper of Vanoomarcoil at Madhiarjune" but there is nothing to show clearly whether the grant was merely personal or given for the support of the institution while in the Certificate issued by the Collector which it would seem follows the Enam register no allusion is made to the condition of service. It appears too that the Pagoda has other endowments. The decree in Suit No 352 of 1826 has not been produced, nor does it appear whether the original Sicca Summud referred to in the Sub Collector's Order (No 4) is forthcoming but if there be any thing in these documents to strengthen the Petitioner's claim, the Collector may again bring it under consideration. Otherwise looking to all the circumstances of the case, and the length of time 17 Years during which payment of the Yeomiah has been suspended, the Government do not see grounds for authorizing its renewal.

From the Collector of Ganjam.

Sir, Fort St. George

In acknowledging the receipt of the Extract from the Proceedings of the Board of Revenue dated the 8th Instant, I have the honor to state that the difference therein noticed in the amount of sale proceeds of Salt in the Returns for October last and the Statement of Demand Collection and Balance for the same period is occasioned by the exclusion from the latter, under the orders of the Commissioner in the Northern Circars

Circars of sums Collected on account of fines which were included in the former "fines" being under the said orders brought to account under the head of Sewai Jumma—

2 I beg to apologize for the omission to notice the difference in transmitting the Statement of Demand Collection and Balance—

Sir,

Dr. No. 409.
From the Collector of Rajahmundry of the 31st July last,

In requested in your letter I have the honor to forward

forward a Statement of the extent and Number of sales of Property, personal and real on account of arrears of Land Revenue under individual settlement commencing with Fusly 1240 and ending with Fusly 1260, also a Statement shewing the properties of Renters sequestered in cases of leases of more than one year from fusly 1242 to 1260. The accounts, if there were any of previous fuslies must have been destroyed by the Storm and inundation of 1242 which penetrated into all the Cutcherries of the talooks then under Government

Secretary to the Board of Revenue

Fort St. George

B. No. 277.

From the Collr. of Bellary

Forwarding under instructions of the Board of Revenue conveyed in their Proceedings of the 10th November 1851 a separate report on the lapse of a portion of the Moturpha Jaghire of Syed Pett of Cusbah Adonie in his District Amounting to Rupees 208-8- consequent on the demise of Syed Ahmud on the 6th June 1849 and proposing that that it be henceforth registered in the name of the Elder son Patcha Mohadeen on behalf of the other sons—

Sir,

I have the honor in conformity with the instructions of the Board of Revenue conveyed in their Proceedings of the 10th November 1851 to forward herewith a separate report on the lapse of a portion of the Moturpha Jaghire of Syed pett of Cusbah Adonie in this District amounting to Rupees 208-8- consequent on the demise of Syed Ahmud on the 6th June 1849

There are the 6 documents mentioned in Column 5 of the accompanying report in support of this Jaghire and in the accounts prepared in the Hoozoor Cutcherry in the year 1815, mention is made of the existence of some Sunnuds, copies of which were retained in the Cutcherry of which however one alone is a copy of the 6th document now produced, and the claimants state that they have produced all that are found. It appears from the documents, that the Moturpha Jaghire of Syedpett valued at Rs. 610-13-4 was originally granted nearly 200 years ago by a former Government to the original grantee Hajee Shah ally, in

consideration of his having established the pettah, and that it was subsequently continued by other Rulers to his family and confirmed by the Honorable Company's Government. An Extract from the report submitted by the Collector Mr. Chaplin to the Board on the 30th May 1815, relative to his Jaghire is entered also in Colr. 5 of the Tabular Statement.

In Mr. Chaplin's Register the entry is made in the name of "Syed Amud & Co." and the Revenue has been enjoyed by Syed Ahmud and the other 2 families named in the Tabular Statement in the same manner as the Yeomiah preferred to in the Board's Proceedings now under reply / was divided—

It has been recommended to the Government by the Board that the widow of the deceased Patcha Beebee, should have the Yeomiah continued in her name and as the Children are Young this would seem the most desirable arrangement, but the Jaghire now under report would seem under the general orders of Government properly to descend to the son and I would propose that it be henceforth registered in the name of the elder son Patcha Mohadeen on behalf of the other—

2 In reference to Mr Pelly's re=
mark that this Jaghire does not consist
of Land but is the produce of the Moturpha
of Sydapett, he will state whether it would
not be more advisable to fix the payments
to be allowed hereafter (if the Amount is
variable) at an average of those made
during the past 5 or 10 years. If he is of
this opinion, he will submit a Statement
shewing this average contracted with the
average payments on this account during
Mr. Chaplin's administration of the District=

Proceedings thereon. The Salaries annied in the
foregoing Return are stated to have been
suspended for 4, 1 and 2 years respectively
for having allowed a prisoner to escape who
had been confined on a charge of theft. The
period of suspension awarded to the first nam=
=ed party, Vizt. 4 years, appears to the Board
to be excessive, and they request the Collector
will reconsider his decision or report what
the peculiar circumstances were which require
such a punishment.

Order thereon.

(33-34) Ordered to be recorded.

No. 1.

To,
W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

(35) Bd. No. 67. From the Collector of Cuddapah - Reporting upon Petition No. 2094 of 1851 having reference to the Board's Proceedings dated 29th September 1851. + Herewith returned.

Para 1. I have the honor to reply to the Board's Proceedings of the 29th September last on the subject of Petition No. 2094 of 1851.

2. The land held by the Petitioner forms part of a single number No. 445, of the Village of Panta Cuddapah - which contains 950 Acres of this total extent, Acres 21. C 24 were assessed as the Turrum Summabundy and Acres 928. C 16 consisting chiefly of hills were entered as Purrumboke. Of this Purrumboke land, four Ryots took up four and a half Acres in Fushes 1243 and 1245; and resigned it in favor of Petitioner in Fushes 1245 and 1246 the land was irrigated by a Hill stream, and according to the practice which has obtained in the Dis: trict since Fusly 1243 should have been assessed at the rate of 3 Pagodas the

Acre

Acre, there being land in the Village assessed at that, and higher rates. Instead of this however the assessment was charged at the rate of only 2 Pagodas on the odd half Acre, and one Pagoda and a quarter on the four Acres. In the settlement for Fusly 1260 the irregularity was brought to light, and the land charged with the rate of 3 Pagodas in accordance with the usual Custom.

3. It is true that Petitioner built two Wells to aid in the irrigation of his land, but it has never been the Custom to lower the assessment on land once irrigated with Circar water, even if the holder subsequently provides his own private means of irrigation.

4. The Village Officers deny that Bucha Row the Talvildar ever visited the land formally, with the view of fixing its assessment. It is situated near to a place which the Sheristadar was accustomed to frequent, but the question at issue was never of sufficient importance to attract such particular notice from the Head Sheristadar of the District.

Petitioner

5. Petitioner has been treated in strict accordance with the rules of the Province, and many similar cases to his which were brought to light during the last and previous settlements were treated in a similar manner. If the Board should be pleased to direct a relaxation of the demand against him, it will be done probably, on the ground that he enjoyed his land on the lighter assessment from Fusly 1216 to Fusly 1259, but I cannot recommend a departure from the ordinary rule, as I believe it will give rise to very numerous demands for similar indulgence, a compliance with which will be attended with much inconvenience.

6. I take leave to refer the Board to their order on the Acting Principal Collector's Endorsement on Petition No. 2009 of 1851 wherein they sanction a proceeding precisely analogous to the present, and connected with some land situated in the same Village of Pauta Cuddapah.

Cuddapah District, Collector's Office,
On Circuit at Chintacoonta,

Collector.

The

B. No. 354

Proceedings thereon Directing that the land adverted to in Petition No. 2094 of 1851 be carefully examined and if it be necessary to raise the assessment that it may be done with reference exclusively to the capability of the fields and the supply of water obtainable from the Jungle Nullah by which it was originally irrigated.

Para 3.

35.36

The Board have given their attentive consideration to the above communication and they observe with reference to Para 5 of the Collector's letter that the case does not appear to be one of those respecting Waste cultivation which have recently formed the subject of some correspondence, but has reference to the raising of the Assessment formerly imposed in consequence of its having been discovered to to be below that fixed by a local rule of the Collector's established in Fusly 1213. The Collector observes that "it has never been the custom to lower the Assessment of land once irrigated by Circar water &c." but, if the Board correctly understand the Case, there is no question of lowering the assessment. The assessment is said to have been imposed on Nullah irrigation although probably at too low a rate some consideration however is due to the circumstance that the land has been enjoyed at this rate for a period of 14 years and that it was apparently assessed at this rate at the time when the present holder became possessed of it.

2. The Board are therefore unwilling that the assessment should be raised solely on the ground of its being below the minimum

minimum rate established by Mr. Lacon's. There is nothing to show whether it be capable of easily bearing this rate and they would prefer that it should be treated in the manner adverted to in the Collector's letter of the 20th November last, Vizt. that each case should be treated on its own merits as its claim for consideration may arise. They request therefore that the Collector will have the land carefully examined and if it be necessary to raise the assessment that this may be done with reference exclusively to the capability of the fields themselves, and the supply of water obtainable from the Jungle Nullah by which it was originally irrigated. From the circumstances of the Petitioner having sunk two Wells to aid in the irrigation it seems possible that the hill stream may have been found insufficient fully to water the whole of the land.

Para in Cons 8th Dec. 1851.

3. The Board entertain great doubts of the propriety of Mr. Lacon's rule of assessment by which the tirvah of land newly brought under wet cultivation is regulated, not by its own qualities or position but with reference to other land and that the best

best in the Village. It can only they think be safely adopted as a general guide requiring frequent modification.

considerably extended at the Pans of Vullore and Voyalore in this District from which his Coolies are supplied, and that new Pans should be formed at Vichoor likewise within my range. He has also in contemplation the Considerable extension in the Manufacture of the article at Ennore, Cuttevauk, and Atteput, the Pans at which places were in 1837 transferred to his supervision from this District.

3. As this Subject is one of importance, and is so immediately connected with the question under discussion in reference to the Petition above referred to, I beg to forward† copies of the Letter received from that Officer, and my reply thereto, and trust that the Board will Coincide generally with the views I have expressed.

4. The extensive Pans at Covelong and Vadasemmunjary are Capable of yielding a supply of 4000* Garees annually, and as the Sales of Salt Manufactured at these Pans are almost entirely confined to purchases for inland Consumption on the part of Merchants resorting to Madras from various parts of the Country, they have declined very considerably, since permission was granted under the orders of Government in 1847 for opening the Madras

Madras Coolies for the sale of Salt for Inland Consumption. The limited extent to which the Manufacture has consequently been confined has led to great distress among the Manufacturing Classes at the Pans at Covelong and Vadasemmunjary and has materially affected the Interests of the owners.

5. The grand objects of attainment being to afford every possible increased facility to the Inland and Export Trade, by which the interests of Government might not only be advanced, but secured as much as possible against claims on the part of owners of Pans whose Interests may be affected under the necessity of limiting the quantity usually manufactured, and to uphold as far as practicable and consistent the Interests of all Manufacturing Classes and owners of Pans by apportioning amongst them severally the entire estimated demand in reference to the quantity required to be manufactured. I have been induced to bring forward under some modifications the proposition formerly made by my Predecessor at the Request of the owners of these Pans for constructing at their own expense a Canal, by which the means of transit of Salt from Covelong and Vadasemmunjary might be ensured, a proposition the carrying into execution of which,

while

while it will not entail upon Government any expense beyond the erection of a Platform, and a Salt Cutcherry at the proposed Depot, appears the only remedial measure towards meeting the exigencies of the case under existing circumstances-

6 As opposed to the Project originally suggested by Mr Freese in his letter of the 31st March 1849 of constructing at Government expense a Canal from Covelong to Vellacherry for the same purpose, the Government in Minutes of Consultation dated 26th September 1849 observed in reference to extract from the Proceedings of the Board of Revenue dated 13th August 1849 "that so "long however as the augmented demand in one "District covers the defalcation with incidental "charges in the other, there seems no reason why the "present arrangement, which is stated by the Board "of Revenue to be highly satisfactory to the Traders "in Salt, should be disturbed, but it occurs to the "Governor in Council that the experience of at least "one or two more Seasons is required before a safe "conclusion can be arrived at on this point" and they were of opinion "that the establishment of a Depot "at Vellacherry was neither desirable as a general "measure, nor likely to attain the object proposed

† Para 3.

of inducing the Inland Salt Merchants to repair "to that Depot in preference to the Madras Store "Houses"-

7 These remarks appear however to have reference to circumstances connected with, and arguments advanced against, a Project which involved terms of a very different nature to the one subsequently brought forward by Mr Freese, and that now under submission, so far as results affecting existing interests were concerned; and although the Board of Revenue in their Proceedings dated 29th April 1850 declined re-commencing the subsequent Project alluded to on the general grounds of the objection made by Government in the Extract of Minutes of Consultation above quoted, I trust they will nevertheless take a favorable view of my present communication in consideration of the increased urgency of the case, and of the reasonable terms which the Projectors propose in a matter in which they are connected interested-

× Dated 11th April 1850.

8 The owners of Paws and Manufactures at Covelong and Vadasemmunjay now propose to excavate the Canal at their own expense from Covelong to Tiruvanmoor having its embouchoure at the South of the Elphinstone Bridge, provided the

the Government will advance the Money, which they bind themselves to repay with interest at 12 per cent by deductions from their amount of Coodevarum at the Rate of two Rupees per Garce, and for the fulfilment of which engagement their Paus afford ample security, and even should these be considered insufficient, I have no doubt of their agreeing to pledge their lands and other Property for the due fulfilment of their undertaking - according to this agreement the amount advanced about Rupees 9000-0-0 will be refunded in 3 years, calculating on 2000 Garces being annually manufactured on the lowest scale - They have likewise expressed their willingness to enter into an agreement by which the work shall at all times be considered a public undertaking so as not at a future period to interfere with any scheme that may be adopted for further extending the Canal communication Southwards -

9 The features of the case as regards the terms of the present proposition are so materially altered that little remains for discussion, although much might be advanced in favor of the advantages it holds out both to the Inland Traders resorting with the goods and grain they may bring to the great marts of Triplicane and Saint Thome, especially from the

South, and by the great Western Road, and who, in returning to the interior with supplies of Salt, would give preference to the proposed Depot as affording a more eligible situation not only in point of distance but in respect to Pasture and fresh water available for their cattle in the open plains adjacent thereto, as also to the Coravars Lumbady, and Woddur Castes bringing Consignments of grain &c to Palaveram, Saint Thomas' Mount, and Sydapet, who would equally give the preference to the Depot at Perovamoor as being more contiguous to these Places -

10. The failure or otherwise of the undertaking will under any Circumstances be unimportant to Government in a fiscal or pecuniary point of view so far as the Project itself is concerned - If successful the supply in respect to Manufacture would be regulated according to the estimated demand and apportioned to all the Paus, so that the owners might be placed on an equal footing as concerns their Interests - If otherwise, matters would fall back to the present state of affairs, the manufacture at the Paus bordering on Madras by which the Madras Coravars are supplied for the Inland Trade would be extended to meet the

demand -

demand said to be increasing, and the question of Compensation to the owners of Pans thrown out of employment at Covelong and Vadasemmanjary will be revived under the increased limitation it will be necessary to place on the Manufacture at these Pans.

11. I have however every reason to think that the undertaking cannot but prove successful, and that no less than 2000. Garces might be annually sold at the new Depot.

12. Under the arrangement now under submission Government incur no risk or other liabilities as the Parties concerned will naturally look to their own Interests in keeping the canal in an efficient State, and as the Costs of transport from Covelong and the Vadasemmanjary Pans to the new Depot would, including landing Charges, be about the same as the boating and landing hire on Salt brought from the Pans by which Madras is at present supplied.

13. As regards the Subject of Compensation, the Board of Revenue seemed to have been of opinion that the opening of the Madras Godowns for Inland Consumption could not give the Manufacturers at Covelong and Vadasemmanjary

Board's Proceedings 13th August 1849 Para 3.

any valid title thereto, that "the diminished "demand or cessation of any demand would simply "be the result of the preference given by the "said Merchants to one Mart over another "as being more conveniently situated for the "purposes of their trade"

14. However this point may be decided in reference to the results which ensued the transfer of the Inland trade to Madras, and whatever may be the opinion which Government may ultimately arrive at as to whether a measure (by which the Manufacture of Salt at the Covelong and Vadasemmanjary Pans was necessarily limited materially to obviate the necessity of incurring the payment of Coodevarum for Salt which if manufactured to the usual extent would by far the greater portion of it not effect a sale) falls under the Provisions of Section V Regulation I of 1805, or not, any further limitation in the Manufacture at these Pans, which Prospective arrangements as proposed by the Collector of Madras and Sanctioned will undoubtedly as a matter of necessity involve, would in my opinion tend to afford these Manufacturers additional grounds for claiming the indulgence

the more particularly, after the willingness they have expressed, to remedy the evil they complain of themselves, and thus to avert the distress under which they are labouring, a distress which they greatly fear will be further augmented unless this Prayer is taken into favorable consideration—

15. Adverting to the Concluding part of Para 3 of the Minutes of Consultation above quoted, it may be remarked that the joint sales for inland consumption at the above Pans* have yearly declined since the opening of the Madras Godowns below the average of any Series of years as marginally noted, and in the last year the decrease has amounted to no less than about 500 Garces or 50 per cent of the above average.

× This increase has been occasioned Consequent on the exchange of the Stock in store at the Madras Godowns Vide Paras 28 & 30 of the Extra Revenue Report for Fasly 1259 dated 22d October 1850—

16. Although it does not appear from whatever causes then existing that the sales at these Pans were similarly affected antecedent to Fasly 1233 when the Inland trade of the Country was as at present opened to Madras, partly probably from the Export trade which Covelong

then Commanded, but which has since been withdrawn from that place; still there can be no question but that the great declension in the sales effected since Fasly 1256 as above noticed is solely attributable to the subsequent reopening of the Madras Godowns for inland consumption— The further increased sales which will follow the additional supply required at the Madras Godowns, cannot fail in like manner to operate towards the progressive further Cessation of the Manufacture at the Pans of this District—

17. I beg to state for the information of the Board of Revenue that at the Manufacturing depots in question, there are at present no less than 282× Pans, each of which comprizing an area 7 or 8 times larger than those at Tunore or Atteput, bears a Marketable value of Rupees 500, at which rates transfers of Pans by sales have frequently been effected— The amount of loss likely to be occasioned to these Manufacturers by the eventual discontinuance or a limitation to any considerable extent of the Manufacture must consequently be severe, such discontinuance of the Manufacture of

of Salt at these Pans, should circumstances lead to such a consummation as seems highly probable unless measures are adopted for placing the trade on a better footing or on an equality with that enjoyed by the neighbouring Manufacturers, may be considered tantamount to rendering the Proprietors of Pans liable to a loss of Rupees 140,000, for which any fair compensation that Government might be pleased to bestow will fall greatly short of the benefits that would be conferred on them by their Manufacture being secured to them.

18 Under the assumption that Compensation will eventually be required to be conceded, a saving must necessarily result to Government by the proposed establishment of a Depot of Sale at Trivamoor.

19. It is observed that the Principle of the calculation adopted by Mr Price* in respect to Compensation did not meet the approval of Government, as not being in accordance with the intention of Section V Regulation I of 1805. In this calculation the Compensation was fixed on the average sales of a Series of 5 – 10 – 15 and 20 years previous to the opening of the Madras Coast for inland Sales at

X Letter to Board 31st March 1849.

at the average rate of Coodavarum obtained during 5 years antecedent to the promulgation of Regulation I of 1805, half of the amount thus obtained being deducted on account of the charges of Manufacture. Statement A herewith forwarded contains the above information and exhibits Rupees 5,665 as the amount the Manufacturers would be entitled to as Compensation for the Pans at both places.

20 But on whatever data Government may decide that Compensation to the owners of the Pans should be framed, the amount would, it is to be presumed, greatly exceed that incurrible in keeping up the establishments at Covelong and Semmunjary Viz.t. Rupees 29 9/4, inclusive of Saderward to which no additional Expenditure will be incurred in reference to the proposed project, as I would propose to transfer the Smaller Establishment at Semmunjary to superintend the Sales at Trivamoor, while that at Covelong might Supervise the Manufacture of the Salt at both Pans, the Sales there being discontinued.

Settling

21. Setting aside the urgency of the case as concerns the present proposition, and admitting for the sake of argument that the extended manufacture of the article at the Pans bordering on Madras, for inland Consumption as contemplated by the Collector of Madras will not materially tend to a decrease of the Manufacture in the Pans of Covelong and Semmenjary, the declension in the Sales of which might be attributed to other causes, and that there is reason to suppose that the Manufacture in reference to anticipated Sales prospectively will not be so reduced as to render any necessity for the granting of Compensation, I would fain express a hope that this would not be considered sufficient ground as involving a measure of expediency for discouraging the present proposition, which if carried into effect would, independent of the many advantages it holds out, greatly conduce towards affording the Manufacturers of this District the means of a fair competition with those of the Madras Collectorate, an assistance which the Board and Government feel assured will not feel disposed to withhold from them unless their distresses and losses can be compensated for in other ways—

The

22. The remarks of the Collector of Madras, contained in the Para 18 of his letter to the Board dated 9th December 1851 as regards the increased Sales at his Golauns not interfering with the Revenues of this District, since the great Marts of Bangalore & Mysore for which Salt is now sold at his Golauns, were formerly supplied from the Western Coast, I would beg to observe, are not supported by the records of this Office, as will appear from a glance at the Marginal Memo- This Memo shews that

even during the decline of Sales which followed the opening of the Madras Golauns for Inland Trade, more than half the Sales effected in this District were for the supply of Bangalore and the Mysore Country, and that the greater portion of that supply has been drawn from the Covelong and Semmenjary Pans alone-

23. The increased Sales at Madras for the

the inland Trade which will follow Measures now under adoption will doubtlessly have the effect of excluding entirely from the Ports of this District all participation in supplying the above important Marts - a result which must naturally be expected under the present advantages which the Madras Colours command, but which advantages have hitherto been in some measure counteracted by deficiency of supply - Similar causes must affect more or less the demand from other quarters, and the already declining Sales of this District generally, and more particularly of the Contiguious Ports of Covelong & Semmunjary, will there is every reason to suppose be reduced to so insignificant an amount as to be hardly worth the cost of so maintaining an Establishment to superintend them

2d. A Comparison of the Home and Inland Sales of this District with the inland Sales of Madras for the last five years, making due allowances for the operation of various incidental causes shews that an increase in one

District has invariably been attended with a corresponding decrease in the other. The Inland sales of Madras have not at a period prior to last year exceeded 2500 Garces apparently inconsequence of the orders of the Board of Revenue, which with reference to the representation made by my Predecessor of the distress and loss that would be occasioned to the Manufacturers of this District, by the opening of the Madras Colours for Inland Trade restricted the Manufacture of Salt in that Collectorate to 2000 Garces, and authorized to supply to those Colours of a similar quantity from this District.

Dated 24th Janry. 1848

25. This state of things would appear to have continued for some years, when another communication was received from the Board of Revenue authorizing the Manufacture in the year 1851 of 6,000 Garces for the Madras Collectorate Viz.t 4,500 in their Ports and 1,500 in those of this District. The nature of the Seasons consequent on which the Manufacture was carried on, but to a limited extent, caused the supply to fall short of the demand, but the Salt Manufactured in the early part of 1851 having nevertheless been available for the Sales of Fusly 1260, a large increase in the inland

Rs. dated 9th March 1850

inland sales of the Madras Collectorate for that purpose was attended with a corresponding diminution of the Sales of this District.

26. The distance and want of facility of communication to the Pans of this District have no doubt hitherto generally operated prejudicially to the Trade of this District and also in the event of a Depot being established at Tirvamoor, the proximity of the Madras Colonies to the High Western Road would probably be still in favor of parties from that quarter effecting Purchases for their return Cargoes at these Colonies still there will be ample scope for the Manufacturers of Covelong and Sommenjary deriving a share of the benefit resulting from a fair competition with those of Madras, which the superior quality of Salt as Manufactured at the above Pans, and other advantages already detailed would command, and I think I may with confidence assert, that if in addition to establishing this Depot, Government should see fit to limit the inland sale at Madras as heretofore to the quantity capable of being generally produced from the existing Pans of Ennore, Attepat, Vullore and Vayalore, or about 2000 Garces exclusive of [illegible]

and Export sale, the measure would neither be attended with the least inconvenience to Traders nor with loss to Government in Revenue derivable from this source.

27. It is far from my wish to please any particular body of Manufacturers on a better footing than their neighbours, but in affording increased facilities to the Inland Trade of the country it seems to me so highly desirable that the interests of all parties concerned should as far as practicable and consistent be duly considered, that I trust my solicitude in behalf of a numerous body of my own District will not be considered in any way unreasonable but rather a bounden part of my duty.

28. In connection with this subject I beg to forward an application from Cunniah Chetty, a wealthy Native Gentleman of Madras proposing to excavate the Canal on certain conditions therein detailed. I am not inclined to think that a private undertaking of the nature would hold out any advantages over the project already under discussion which latter would admit of the transport of Salt to Tirvamoor without the additional cost of Toll leviable. The saving of

Fort St. George 19th Febmary 1852.

of this Toll for the period of which the privilg of levying it might be conceded to the Projector w matter which should outweigh all other considerati as connected with the undertaking originally sugge by the Manufacturers of Covelong, but as under ar circumstances the construction of the Canal is in ev point of view a work so desirable, the subject will I trust meet with the favorable consideration, it appe to deserve —

29. I beg also to suggest another arrangem towards adverting the distresses which the Salt M Manufacturers of this District are apprehensive of consequent on the extended Manufacture of Sal Sanctioned for the Madras Cotaurs; but its appl cation will be confined to Covelong. I would recommend the discontinuance of the Export trade at Ennore and its transfer to Covelong where the Manufacturers agree to supply the required quantity of Salt for Export at Rs. pees 15 per Garce — the rate Published in the notification from the Board of Revenue dated 18th August 1845. By this means the Salt Manufactured at Ennoor not being required for

Fort St. George 19th Febmary 1852.

for Export, will be available to meet the extended supply required by the Collector of Madras - I do not however see reason for preferring this arrangement to the opening of a Depot at Tirwanoor, and shall not for the present enter further into the subject unless the Board on general grounds see no objection to take it into consideration.

Another point remains to be noticed

30. The Collector of Madras in Paras 27, 28, and 29 of his letter alludes to certain arrangements by which he considers the Salt Manufactured at Covelong might be conveyed without difficulty to the Presidency by means of Coasting Dhonies. The landing boating and other charges added to the loss occasioned by wastage, and which would be attendant on this arrangement, would I conceive render the cost of Transport as high as Rupees 10 per Garce. Should however the Collector of Madras be able to satisfy the Board of Revenue of the feasibility of the Plan in reference to the Cost of transport being within reasonable bounds, or within such as would render the measure advantageous, I should be glad to learn of its adoption.

Sir,

Having been informed that you have under consideration for Report, the question of how Salt could be supplied to Merchants for Inland consumption when the Pans at Madras may be closed against their purchases, I beg to inform you that I have it in contemplation to propose to Government to dig a Canal from Teroovanoor to Covelong at my own expense, provided the Revenue of the same can be secured to me upon the principle which originally obtained with Cochrane's Canal I trust therefore that in consideration of the subject now before you, you will do me the favor to weigh the probability of such a Canal being dug with advertence to its effects on the Manufacture of Salt at the Covelong Pans, and the future transit of it thence to the Presidency.

Proceedings thereon

Issuing certain instructions regarding the proposed excavation of a Canal from Covelong to the vicinity of Madras.

41-42

The Board are unable to pass any opinion on the plan again earnestly urged by Mr. Cochrane, for a Canal from Covelong to the vicinity of Madras, without reference to the actual cost of such a work which can only be obtained by a Professional Officer. They therefore request that Mr. Cochrane will place himself in communication with the Civil Engineer of the 4th Division for the purpose of obtaining such an estimate as can be fully depended on.

2. At the same time they would observe that no great expectations can be formed of the scheme unless a proper means of access to the Depot, be opened to Poonamallee so that Carts coming from the Westward may not be compelled to take the circuitous route of Madras and the Adyar. The Board would suggest that the Civil Engineer be consulted as to the practicability of a road from Poonamallee to the Mount, and thence to the depot.

3. With a view also to obtaining further information as to the Adyar traffic, the Board would wish Mr. Cochrane to furnish a report of the number of such Carts and Bullocks that enter Madras by the Elphinstone Bridge, as are likely to take a return load of Salt from the proposed Depot.

With

4. With regard to the claim for compensation urged on behalf of the Covelong Salt Meerasidars, the Board consider that Mr. Cochrane has not sufficiently borne in mind the difference between a diminution of sale caused by a change in the course of Trade, and a diminution proceeding from the orders of Government to "limit the quantity usually manufactured, or to suspend the manufacture entirely."—

5. In the Board's Proceedings of 22d December 1823, copy of which was furnished to the Collector of Chingleput, they prohibited the sales of Salt at Madras for places beyond the Collectorate. This must have tended to increase the sales of the Chingleput pans.—

6 In Extract Minutes Consultation dated 9th april 1847 the Collector of Madras was authorized to sell Salt for inland Trade.

7. The above orders no doubt influence the Chingleput sales in general but how far they affected the Covelong pans in particular the accounts in the Board's Office do not shew Mr. Cochrane will therefore without waiting to reply to the first part of these Proceedings submit a Statement to the Board shewing the sales at Covelong for the 3 years previous to the order of 1823, and the 3 years subsequent, as also for the 3 years previous to the order of 1847, and the 3 years subsequent.

From the Collr of Chingleput ... Reporting on the settlement for Fusly 1260 of the Estates attached and placed under his management under the orders of the Zillah Court

Sir,

Para 1. I have the honor to forward the usual Statements shewing the Revenue Collections charges and surplus proceeds for Fusly 1260 of the Estates attached and placed under my management under the orders of the Zillah Court.—

2. The 1/4th share of the Shrotriem of Parathoor & 4 Villages which in last year, was managed under the direct superintendence of the Officers of Government has this year been made over to the Meerasidars of the respective Villages on Dowle, or rent fixed with reference to the estimated amount of produce likely to be raised. The rents of the two Villages of Parathoor and Veeraragavapooram exhibit together as will be seen from Statement No. I an increased of Rupees 43—2—8 above the proceeds of the preceding Fusly, arising from the increased price of grain in the Fusly under review, altho' the extent of cultivation and produce obtained, was nearly, the same in both years; whilst in the other 2 Villages of Poolioor and Amathoor the rents have fallen by Rupees 135—8—11 below the results of the past year in consequence of the deficient supply received in the

Tanks

Fort St. George 19th February 1852

Tanks of those Villages which affected the harvest result, both in respect to produce raised and to the extent of cultivation. From the above cause has resulted a net decrease of Rupees 92–8a–3p in the management of the 1/4th share of these Shotriem Villages

3 There has been an increase of Rupees 14–7a–2p in the 1/4th share of the Shotriem Village of Toranellore and a decrease of Rupees 1–10a–7p in the 1/16th share of Athoor. These Items do not call for remark.

4. From the statement No. II it will be observed that the total collections of these several estates amount to Rupees 674–3a–8p which is inclusive of a Tank Meerah of Rupees 35–2a–2p recovered under instructions of the Court on account of the 1/4th share of the Shotriem of Parathoor Vcm Villages I beg here to state for the information of the Board of Revenue that the Tank merah in these Villages forms a district item of collection which is levied by the Shotriemdars and expended for the repair of the Tanks any surplus remaining being appropriated by themselves. The amount of such surplus Tank merah due on account of the 1/4th share of the Shotriem under my management has not been ascertained and brought to account for several years past, but in Fusly 1260 on the representation of the creditor at whose instance the Villages are under attachment of Court has issued

instructions

Fort St. George 19th February 1852

instructions for the recovery of the amount which has accordingly been brought to account.–

5. From the above collections the charges as per margin* being deducted there remains a surplus of Rupees–16–9–8 which will be remitted to the Court.–

In fusly 1258 a settlement was made as to the exact amount of land on which second Crop tax should be levied, and there has been no balance subsequently but the old balance cannot be Collected without sale of land which does not appear advisable, and remission is therefore recommended.-

In fusly 1257 a tank was settled upon the lands which has been approved by the Board in their Extract of 15 May 1851, and since that year there has been no balance but as the old disputed balances are long standing and cannot be Collected without the sale of land remission is recommended.-

Proceedings thereon,

Requesting to be informed whether certain Recoverable and Doubtful Balances in that District should any longer be retained in the Accounts and what hope there is of their liquidation, and in respect to the arrears due by the Shetriam whether the Villages have been or should hereafter be resumed and intimating that the demand for those balances should not be pressed so as to trench upon the resources of the defaulter or payment of the current revenue or compel him for want of means to contract his cultivation

Rec. 1st July 1850 - Issued 14th

(18.49)

The foregoing letter and its enclosures do not contain the Acting Collector's opinion upon the practicability of realizing the outstanding Balances therein exhibited, as was intended by the Board in their call for this report.

2 The following Abstract has been framed from the enclosures which accompany the Acting Collector's letter.

If the Recoverable balances from Fusly 1240 to 1257 are

J.G.B.

are taken Fuslywar they are found to vary from Rupees 6 to 763 excepting in Fusly 1240 in which they amount to Rupees 2203 and Talookwar they vary from Rupees 40 to 1772. The Doubtful balances for the same period taken Fuslywar vary from Rupees 48 to 1001 and Talookwar from Rupees 136 to 307, the Talook of Trita poondy alone shewing a balance of Rupees 3830. Again the recoverable balances from Fusly 1251 to 1257 vary Fuslywar from Rs 125 to 1091 and Talookwar from Rs 14 to 1434. The Doubtful Balances for that period vary Fuslywar Rs 452 to 3255 and Talookwar Rupees 10 to 1547 the Talook of Munnargoody however exhibiting Rupees 5205-

3 It was not intended that any of these Balances should be borne on the public books longer than could be avoided, but that they should be adjusted by either writing them off to profit and Loss or pressing the claims on sufficient grounds as in instances for contumacy-

4 With reference to the recommendations expressed in the papers noted in the Margin circulated to Collectors from time to time the Board resolve to call upon the Acting Collector to explain whether any and what portion of the recoverable and Doubtful balances should any longer be retained in his Books and what hope he has of their liquidation and in respect to the arrears due by Shotriems whether the Villages have been or should

should hereafter be resumed.

5 It is not the wish of the Board that the demand for these balances should be pressed so as to trench upon the resources of the defaulter for payment of the Current Revenue or compel him for want of means to contract his cultivation

6 Mr Goodwyn will endeavour to afford the explanation now called for at an early date to enable the Board to comply with the requisition from Government contained in para 9 of Extract Minutes of Consultation 14th July 1851—

Ordered that a copy of the foregoing Proceedings, be submitted to Government, and a transcript of the same be furnished to the Collector of Tanjore for his information and guidance.

From the Collr of Coimbatore

Communicates the reduction of reward to the lowest possible scale for Killing the venomous Snakes in the Coimbatore District—

Sir

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 8th Instant, with the Minutes of Consultation of Government of the 22d Ultimo, conveying sanction for the Charges incurred in 260, and objecting to the increased amount of expenses incurred in the distribution of reward for the destruction of Venomous Snakes.

The orders of Government to economize this

this item of expenditure will be duly attended to hereafter. but with reference to the remark that "Government will not admit for the "future so large a charge as that now sanctioned" I would beg leave to state that the disbursements in the present July as far already amounted 210 Rupees and consequently no material reduction can be expected in 1261.

3 I have, however, issued Circular orders on the 17th Instant, with a view to give effect to the orders of Government, to the several Talsildars in the District to distribute reward for the snakes noted marginally, and limiting the payments only to those snakes which are to be found in Towns and in such places where their existence is dangerous to the community—

Names of Snakes

Nagapamboo, Cunnadeeruah	1 anna each
Sarra, Veeran	1/2 Anna each
Cutteé Veeran	1/4 Anna each

4 I have adopted this course as the Orders contain all the restrictions which I believe, can be imposed, and I apprehend the Collector must be permitted to grant rewards accordingly. If the order is not approved by authority as involving a greater expense than Government are pleased

Resolved that the following letter be despatched together with the papers thereunto alluded to.—

To

The Chief Secretary to Government.

Sir

I am directed by the Board of Revenue to submit through you for the consideration of Government the accompanying Petition of the Right Honorable the Governor in Council a question regarding the removal of the Salt Sheds in connection with the address to Government under date 14th October 1851 desiring that "no sum however trifling, be on any account withheld from the Salt Farmer exceptin an emergent case and that only by a specific order under the signature of the Collector or in his absence of his Head Assistant in charge of the District." The Board considered it advisable to take the matter at once by Circular to all Collectors for their information and guidance, and they have in consequence received from several Collectors communications which seem to point out so strongly the inconveniences that must arise from a strict enforcement of the rule, that they are led to believe a modification of the order, and they have in consequence received may be permitted.—

2.

The Board have on different occasions employed themselves avowedly to Salt Farmers at the same time they have acknowledged the profitableness in certain instances of making exceptions

The views of the Board, as at different times constitute on this subject, seem to have been formed with reference to the opinion of an Officer of acknowledged experience and ability namely Mr. Ross, a copy of whose letter on the subject of Talook Treasuries dated 14th November 1815 is forwarded herewith.

3. Circumstances have however greatly altered since those days, and the Collectors have found themselves compelled to consider as "emergent" what perhaps was not originally contemplated.

4. The payment of Detachments, on Paymasters Drafts has been authorized by Circular from the accountant General on the 28th October 1845 independently of the Board of Revenue, and they cannot but think that there are other cases as pointed out by the Collectors which equally require consideration.

5. On a former occasion the Board received a communication from the Sub Collector in charge of Nellore on this subject, copy of which I am also desired to submit.+ This with the letter from the Collectors of Canara and Bellary and from the Civil Engineer of the 3d Division will put the Government in possession of the main points urged in favour of a relaxation. The remarks of the Collector of Canara generally are deserving of notice particularly as regards the large remittances made to

to Bombay by money paid into the Treasury there for Bills on the Collector of Canara. The Board understand that this subject was on a recent occasion taken up by the Accountant General with the view of facilitating these remittances, and thus diminishing the amount of specie required to be forwarded to the Treasury at Bombay. The greater part of the bills it is understood require to be promptly paid in the North of the District on account of the purchase of Cotton, and the delay which would be occasioned by requiring the payment to be made at the Huzoor Treasury alone would probably diminish the applications for bills to a considerable extent. The temptations to crime Mr. Malthy observes, have been found to be less under the rule which reduces the frequency of remittances to and from the Talooks.

6. The chief objection to any Talook payments is the temptation to fraud on the part of the Tahsildar, and this was the apprehension no doubt of Mr. Ross in the letter above referred to, but in those days there was not that regularity and experience as regards the management of Treasuries that now exist and whilst fully appreciating the objection, the Board would observe that if a proper check is placed on the Tahsildar much of it is removed.

One

7. One check that did not exist in Mr. Ross's time is Regulation IX of 1822 which the Board consider an enactment of vital importance in the Revenue administration of the Country this has been followed by acts XII & XIII of 1850, and they are inclined to believe that if Tahsildars were authorized to disburse sums for special purposes by an order in each case under the signature of the Officer in charge of the district as latter temptation would be presented for tampering with the pay abstracts of assistant Collector Civil Engineers the Talook Moyen Zabitah and other necessary disbursements as now occurs with regard to the casting of Paymasters Bills.

8. A dishonest Tahsildar might, the Board submit, find far safer means of peculating, if he is disposed to run the risk than that of tampering with funds already brought to account, and as long as no disbursements are made without the Collector's signed order a regular account Current being kept, they do not anticipate any risk to Government, whilst at the same time a restriction which now must press heavily on many parties will be removed.

Encls. D
21st Octr. in Dy. Cons
3d November 1851.

9 I am also directed by the Board to submit copy* of a Memorandum received from the President of the Commission now sitting for the purpose of reporting

reporting on the Public Works Department. The Board whilst admitting the force of their observations, were unable to offer any observations beyond the recent instructions of Government which at present must be considered decisive.

10. The view taken by the Committee may have some weight, and the Board would also refer to the opinion of the Accountant General as expressed by the order issued by him on the subject when Collector of Nellore, as will be observed in the letter from Mr. Purvis.

11 With these observations the Board would beg to suggest, if under present altered circumstances the the Government see no objection to the measure, that the restriction referred to may be removed. but that no disbursements be made by the Talook authorities, except on an order in each case under the signature of the Officer in charge of the district.

12. It is proper to add that pending the final orders of Government, the Collector of Canara and other Collectors, to whose urgent representations a reply appeared necessary have been authorized to continue the Talook payments as usual till further orders.

Para 1

Reports that no Yeomiahdars came forward for Muster agreeable to the minutes of Consultation dated 25th February last and forwards Statements of persons Competant to succeed them.

The limited period of 6 months allowed in the Extract from the minutes of Consultation dated 25th February last received with Proceedings of the Board dated 10th March in which they declare that all female yeomiahdars above the age of 50 years must establish their identity by personal appearance within that period under penalty of the final forfeiture of their own yeomiahs and that of the persons who last acted or Certified on their behalf having expired on the 2d October 1851, I have the honor to state for the information of the Board that in Compliance with the directions Contained in the above Extract Notifications of the Resolution of Government and of the Consequence which would result from a disregard of it were duly published throughout the District one immediately on the receipt of the order and another within the period of six months specified in the first

first, as that within which the parties were to appear was drawing to a close; care being in both cases had that all parties Concerned should be made fully to understand that the muster would take place in the presence of a European Officer and be conducted in as private a manner and with as little offence to the feelings of the party as might consist with the necessity he would be under of satisfying himself of their identities. But that hitherto beyond a few representatives some from the females themselves and some from male Yeomiahdars acting on their behalf, that they were willing to attend, provided the examination should be made thro' the instrumentality of females deputed for the purpose (all of which were rejected) No notice has been taken of the Notification and all the female Yeomiahdars mentioned in the list, with the exception of those who have demised since the date on which it was drawn out remain still unmustered.—

2. The enclosed Statement shews the number and several ages of all the female Yeomiahdars both above and below 50 years of age.—as also the deaths of all those above 50 which have been reported since the despatch of my Predecessor's letter in December last; But how many of the 91 persons there set down may be really living and how

how many may have long been dead, or whether any of them are fit objects for the indulgence of Government as regards exemption from personal appearance, it is impossible for me to say. This can only be ascertained after strict and patient enquiry. the manner and extent of which as also the question whether the resolution of Government should or should not be at once carried out I leave to the discretion of the higher power.—

3 I would at the same time beg leave to enclose

+ B & C. two Statements exhibiting in the last Column the names of several parties reported by the Taksildar as fit to be selected in the place of those Service Yeomiahdars both male and female the payments of whose allowance were suspended on the receipt of the Government order above quoted. In some few cases the Yeomiahdars present their heirs or successors from applying. in others the heirs themselves will not come forward, and in others there are none to come. The necessity of an enquiry into the relative merits of the parties desirous of succeeding must of course depend on the instruction the Board may be pleased to furnish. as regards the disposal of the general question of the muster of the female Yeomiahdars, but should they order one, due attention will be paid to each one's claim and the usual report made to the Board for their approbation before any one is nominated to succeed.—

From Government 25th Dec.
in Cons: 10th March 1851.

2 In their Proceedings of the 3d February 1851. the Board noticed that out of 137 Females Yeomiahdars registered as living in the North Arcot District, 17 deaths had reduced the number to 120 and they approved of the measure adopted by the Collector Viz. the discontinuance of the allowances of such as were above 50 years of age as well as of their Vakeels and Deputies, unless the identity of the Females was Established within 3 Months. Government in concurring in this course in Extract Minutes of Consultation 25th Idem, extended the period to six Months.

3 From Enclosure 1 to the Acting Collectors letter, it is observed that the number of Female yeomiahdars has since been reduced by 17 more deaths

to 103, of whom 12 are under the age of 50 and the remainder above 50, as follows,

12 between 50 and 60 Years of age
26 ---------- 60 and 70
21 ---------- 70 and 80
22 ---------- 80 and 90
10 ---------- 90 and 100

Total 91.

None of these 91 Female Yeomiahdars have since appeared although the term allowed by Government has been considerably exceeded. The advanced age of some is such as renders it very improbable that they are now alive; and the Board consider that the time has now arrived for putting in force the rule 14 of 1841 and declaring their allowances forfeited; but that special cases might yet be enquired into, if claims are hereafter preferred.

5. In regard to the parties who acted as Vakeels and Certifiers of these Females and who it is observed have been placed under a similar penalty of loss of their allowances, it appears from Enclosure 2 of the Acting Collector's

Fort St. George 23d. February 1852

Collector's letter that each holds a Yeomiah for service in a Mahomedan Religious Institution some of which fall under Regulation VII of 1817. The nature of the service performed by these parties was unknown to the Board and to Government at the period of their order to discontinue their allowances and to transfer them to others.-

6 It does not appear from the Acting Collector's report that these parties have been actually suspended from their duties but only that their allowances have been stopped and the Board feel considerable difficulty in determining what measures should be finally adopted towards them. The number of these persons in Mr. Bourdillon's letter was stated at 37, but only 24 are now enumerated in Mr. Ward's list with two new names making in all 26. They comprise however the principal ministerial officers of the Mahomedan religious institutions in the large Towns of Vellore, Arcot and Sautghur. The allowances also although entered as personal Yeomiahs are among those "authorized and Customary payments and

and allowances for the maingtenance of Religious institutions," which it has been declared that there is no intention of withholding - It does not therefore seem just or expedient to visit on these institutions in which the whole Mahomedan population is interested, the neglect or supineness or fraud of the individual Yeomiahdars.-

7. It is observed moreover that however suspicious the circumstances may be, there is as yet no positive proof in any particular case, that they have been granting false certificates.- The Vakeels or Certifiers have no power to compel the attendance of the female Yeomiahdars, and in some cases at least it is more than probable that their reluctance to appear in public has its origin in the prejudices or habit of seclusion of the women themselves.-

8. In this uncertainty the Board are willing to recommend the final removal of these parties for the present, but they think that in the most suspicious cases i.e. those where the ages of the Female Yeomiahdars vary from 80

80 to 99 the Collector might be authorized to provide for carrying on the duties of the Service Yeomiahs by means of other parties to whom the allowances should in the mean-time be paid, leaving it to the present incumbents to come forward with proofs of the existence of the females on whose behalf they have certified, should they seek the restitution of the Yeomiahs to themselves.-

9. The 4 Cases enumerated in Enclosure 3 of Mr. Ward's letter which refer to service Yeomiahs should, the Board think, be treated as lapses and reported upon accordingly and the party to be selected as successor should if possible be a Male.-

Requesting Board's

Board's sanction to reduce Coopoo row-Tahsildar of Cuddalore to the lower grade of Peishcar as he has rendered himself unfit by gross neglect.-

the Authority of the Board of Revenue for removing Coopoorow, Tahsildar of the Cuddalore Taloor, from his present Office and transferring him to the lower appointment of Peishcar.- This Officer was formerly employed as Tahsildar in Manargoody but in consequence of the dissatisfaction which his proceedings gave was removed to the smaller and easier Talook of Cuddalore.- Here however his Management has been so irregular and adverse to the public interest that I am obliged to report him as unfit for the Office of Tahsildar and to recommend his removal to a lower grade.-

2. The principal points on which the Tahsildar has shewn incompetency or dereliction of duty are in the Maramut and general Cash transactions of his Talook.- After repeated calls proved inefficacious in procuring from the Tahsildar satisfactory accounts of the expenditure on the various works, I commenced an examination of the accounts which were found in a state of the greatest confusion and irregularity; and as complaints of

of non payment are numerous and an unnecessary difficulty is experienced in the execution of works near this Cuddalore Station the Management of the Department is open to grave mistrust.-

3. The different Statements received from the Talook do not correspond but according to an account given in by the Tahsildar after the commencement of my investigation, the outstanding advances (Tazul) up to the close of 1850, still remaining to be recovered, amounted to Rupees 1521 while the Gyradah or sums still due for works executed previous to that date amounted to Rupees 864-2-0 although the Tahsildar has since been allowed several weeks to settle these accounts, the statement now produced by him still shews an unadjusted balance of Rupees 469-0-11 and the necessary receipts or vouchers have not been yet produced to support the statement of the other portion of the accounts.-

+ Omitting the year 1849.-

4. This failure to adjust promptly the Maramut accounts of each year is in itself a serious fault but

but other irregularities are to be noticed so much confusion and irregularity has been permitted in the accounts that explanation cannot be given regarding many of the details - The amount due for surplus materials sold as far back as 1848 has not yet been remitted to the Huzzoor Treasury the surplus of the Vanamadevy amani Estimate was improperly retained in the Talook - the account given in of Fazalor surplus advances said to be due by different individuals is most unsatisfactory and in some instances I find suspicious items added to the Bills of works performed a further scrutiny will be made of these and the subsequent Maramut accounts and the Tahsildar will be held answerable for their final satisfactory adjustment; but as he has shewn unfitness for his Office, and the state of the Talook renders it necessary to appoint at once a Competent Tahsildar I have suspended Coopporow from his present Employ and appointed him to act in a Peishcar's situation pending the

As the Proceedings connected with this case were forwarded to the Board on an appeal being presented by some of the other parties concerned, and have thus already undergone the Board's consideration and as no appeal from this individual reached the Board or the Collector within the 3 months allowed by the Regulations, it appears to me sufficient on this occasion to forward the petition and its enclosure for the Board's consideration and orders. The original records will be again forwarded on the receipt of the Board's instructions to that effect.

Submitting Manigram statements

Fort St. George 23d. February 1852.

Read the following letter.

No. 87.

To,

W. H. Bayley Esqre.

Secretary to the Board of Revenue.

Fort St. George,

Sir,

1. With reference to Para 2 Board's Proceedings Sepr. 23d. /50 directing that the revenues of the Davestanum, Naut and Village Currums, and Cavel Enams be incorporated with the Ayen Jamabundy, I have the honor to state that the last of these though exhibited in a separate Column in the Jamabundy Statement, is thus included.

2. The inclusion of the Davestanum and Currums Revenues with the Ayen, involves the necessity of Government sanction for writing off their charges from the Ayen, and for this purpose the Statement of their disbursements should have been submitted as called for in Para 3 of the above Extract, but ere doing so and incorporating these items with the Ayen it was deemed adviseable to report on and obtain sanction for increasing the Naut and Village Currums establishment with the view of getting all the amounts of charges on these heads definitely fixed.

3. The sanction for the necessary annual increase Rupees 18,720 having been obtained /Vide Board's extract 28th July last/ I have the honor to forward a marginal Statement of the Total Amount payable from the revenues of the Naut and Village Currums.

Total amount as per Statement No. 1 Rs.	1,26,621-4-"
Deduct amount now sanctioned	18,720-"-"
Remainder requiring sanction	1,07,901-4-"

Curnums distinguishing the amount now sanctioned from that hitherto paid which requires sanction.

4. You will observe that in the Extract from the Proceedings of the Supreme Government adverted to in the Board's Extract July 28th. last the old Establishment of the Sanjore Sunt and Village Curnums is shewn to be 1115 persons / Rs. 1,07,901 / whereas in the accompanying List it is 1,383 persons / Rupees 1,07,901–4–– / The cause of the difference in the number of persons / the amount of Salary being the same / is that Mr. Bishop† when mentioning Rupees 1,07,901 as the amount of the Sunt and Village Curnums wages, did not specify their number and when subsequently mentioning the number of Curnums at 1115 did not specify that this did not include the 268 Sunt Curnums. 5.

† Letter 9th. Octr. 1850.

An abstract Statement No. 2 is submitted exhibiting the particulars of the Sayer of Manyums / Viz.t, Pagodas and Muttums, Chuttrums Mosques and Individual Manyoundars / and also three other Statements, Viz.t, No. 3 shewing the names and allowances of all Manyoundars, No. 4 those of Pagodas and No. 5 those of Muttums and Chuttrums Vr.s The amount payable from these Statements would amount as per marginal Column 4 to Rs. 31,121–2–4 according to the standard of 1217, which was recommended by Mr. Bishop in para. 8 / letter Sept.r 9th. 1850 / as he probably expected the difference to be trifling; but as the standard of 1217 would exceed the average amount paid during the last 5 years by Rupees 3,724–15–1 it appears to me to be adviseable to take the past 5 years average of payments Rs. 27,396–3–3 as our future standard for yearly payments to be made from the Ayen.

B.d. No. 428

Proceedings thereon- No. 80

(20.21)

From Collr. of Tanjore dated 23d. October 1850 Recd. 23d. Inst. &c.

Resolved that the letter above recorded together with it's enclosures and the papers noted in the Margin be submitted for the consideration and orders of the Right Honorable the Governor in Council..

2. In their Proceedings of the 23d. September 1850, the Board, in reference to the adjustment of certain items in the Sewage Summah Account of Tanjore authorized the Collector to incorporate in future, with the Ayen Bariz the revenues for the support of the Naut and Village Curnums, the Ayacut and Marah Mauniems and Cavil Allowances; and to credit the whole to the Jummabandy, exhibiting the particulars separately, and with the view to obviate the retrench=ment of future items in his Accounts of the disbursements which may hereafter be made they called upon the Collector to submit Statements of the sums annually payable on the above account.-

3. The acting Collector now points out that the Cavil Enams are included in the Jumma=bandy and exhibited in a separate Column. The annual disbursement to the Naut and Village Curnums has also been recently fixed by the Government of

Resolved that the letter above recorded together with its enclosures and the papers noted in the Margin be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2. In their Proceedings of the 23d September 1850, the Board, in reference to the adjustment of certain items in the Sewage Summah Account of Tanjore authorized the Collector to incorporate in future, with the Ayen Bariz the revenues for the support of the Naut and Village Curnums, the Ayacut and Marah Mauniems and Cavil Allowances; and to credit the whole to the Jummabundy, exhibiting the particulars separately, and with the view to obviate the retrenchment of future items in his Accounts of the disbursements which may hereafter be made they called upon the Collector to submit Statements of the sums annually payable on the above account.—

3. The acting Collector now points out that the Cavil Enams are included in the Jummabundy and exhibited in a separate Column. The annual disbursement to the Naut and Village Curnums has also been recently fixed by the Government of

of India under date the 20th. June 1851, but the Acting Collector accounts for a difference in the numerical Strength of the Curnums between what was supposed to be and what are actually on duty. This does not however affect the amount of the sum to be expended. From Mr. Bishop's Statement the number of Curnums was 1115 but Mr. Goodwyn explains that these were only Village Curnums and that there were besides 268 Naut Curnums, thus making the Original Establishment 1383 in Number. If to this is added the 222 Curnums recently Sanctioned the entire permanent number will be 1,605 as is more clearly shewn in Enclosure 1 of Mr. Goodwyn's letter, the charge being Rupees 1,26,621-4-0 per Annum as Sanctioned by the Government of India on the 20th. June 1851.-

4. Adverting to the grants termed Ayacut and Marah Maniems the Board would refer to their Proceedings, In Cons 18th April 1836. 17th. March 1836, and the orders of Government thereon dated 15th. April 1836 and to paras 6 to 8 of the Collector's letter of 9th. September 1850 to shew how they originated and have been respected and that there can be no difficulty in incorporating the revenues with the Ayen and fixing payments instead.-

5. At Mr. Bishop's suggestion the Board intended

intended to have allowed these grants on the Standard of Fusly 1217 but Mr. Goodwyn has thought it fair and more advisable to fix them on the average of the payments made during the last five years, Fuslies 1256 to 60 inclusive, and framed his detailed Statements on this latter standard under three heads.-

6. The payments upon the Standard of Fusly 1217 after deducting those which have lapsed from deaths and unclaimed items, contrasted with Five years average proposed by Mr. Goodwyn is entered below.-

In reference to the 24 Maniemdars who have not drawn their allowances for upwards of four years the Board would suggest that the Collector be required to give notice that they be resumed unless parties prove their claims by

From the Collector of Canara.- }

Reports upon the State of the Records of the District of Canara with reference to Para 3 of Extract Minutes of Consultation dated 5th November 1850.-

To, W. A. Bayley Esqre
Secretary to the Board of Revenue,
Fort St. George-

Sir,

1 I have the honor to report upon the state of the records of the district with reference to Para 3 of Extract Minutes of Consultation dated 5th November 1850.

2- I have received reports from the two Sub Collectors and the Head Assistant as to the state of their respective records, and the same from each of the Tahsildars. The latter have been examined and arranged by the Assistant Collector Mr. Chase, whose report has aided me in preparing this statement-

Huzoor Records- 3- The destruction of the old records during the insurrection of 1837 has reduced these to a manageable size- The correspondence of one year Viz. 1836 was saved and from that period the series commences-

4- The English correspondence is regularly bound into Covers of red leather, and as many of the series of native accounts as admit of this arrangement are also bound- The rest of the native records are tied up in "dufters" Covered with Cloth and after being labelled

labelled and dated are arranged on shelves according to their respective subjects -

5. These shelves amount to 3188 in number, as shewn in the annexed list -

6 - A new and spacious record room has lately been completed and the arrangement is satisfactory -

7 - The establishment consists of an English record keeper, a native record keeper, an assistant and 2 Peons -

The Sub Collectors Cutchery -

8. The native records of this office prior to 1840 are kept at Honore - The English records from 1819 to 1840 and the native records from 1840 to 1850 are kept in the Sub Collector's present Cutcherry in the Bazar - and are reported by the Sub Collector to be in good condition -

9. The Head Assistant Collector reports that the English records of his office consist of 18 Volumes of which 4 are injured but not useless - The native records prior to 1840 are reported to be in some degree injured but those subsequent to 1840 are in good preservation -

10 - I have just sent in an estimate for making some alterations in the Honore Cutcherry which are necessary to make room for

for these accumulating records - When this is done there will be sufficient space, but it is necessary, that a native Officer should be appointed for the due Custody of this record room, and for the arrangement of the records of the two Cutcherries which are deposited in it -

11. The records of the Tahsildars Cutcherries are generally in a much less satisfactory state - The Taloks of this district are so large, and population and business have increased so rapidly without any proportionate increase in the establishments, that many of the records appear to have increased beyond the management of the Talook servants - Assistance used to be obtained from the Sea Customs establishment during the monsoon and is still obtained in some instances from the tobacco establishment but the Sea Customs establishment has now been much reduced and it is very desirable that measures should be taken for bringing up arrears and for forming a sufficient record establishment in each Talook -

12 - So large an accumulation of unarranged records has collected in the Mangalore

Mangalore Taloak, that for more than a year an extra Servant of the tobacco department has been employed in arranging them and at the rate at which the work progresses there is employment for another year. I hope however to get them arranged by the time the new Cutcherry is completed and I propose if necessary to employ an extra Servant for this purpose, so that the records may be properly arranged in the new Cutcherry.

13. The Moolky Peishkar's records are in an equally unsatisfactory state, of 111 duftars 93 are described as unarranged.

14. The records of the Police Ameen's Cutcherry since 1830 are not filed or arranged.

15. In going in the same way the reports of the other Taloaks I find that they are generally unsatisfactory though not equally so with that of the state of the Cutcherry of Mangalore, and the enquiry I have made has satisfied me that the present establishments are unequal to the work which has now accumulated

accumulated upon them.

16. The increase of business is not only indicated by the actual increase of population but by the number of Courts which the increase of wealth and consequently of litigation has obliged the Government to establish, and the constant demand for the production of records would in the Mangalore Taloak find sufficient employment for the present record establishment.

17. I have exhibited in the annexed table the present state of the establishment and the extent to which I think it must be increased before it can be considered adequate to its duties.

18. It will be observed that with one exception there is not a Peishkar's Cutcherry provided with a single servant to take charge of the records and that in the Tahsildars Cutcherries a single servant on a salary of 6 or 7 Rupees is generally the Establishment allowed; such a servant cannot be expected to do more than to give out the papers wanted in

Fort St George, 23d February 1852-

in the daily course of business-

19- An exception is found in the case of the Behar Talook where an assistant has been allowed and the report from that Talook is satisfactory, and of Buntwal, where also much has been done in arranging the records-

20- I have thus far alluded chiefly to the modern records, but find that the despatch of the Honorable the Court of Directors refers principally to the old and valuable records to which reference must be made in all questions affecting the Revenue system- It has been my earnest desire to examine the state of these records far more fully than my other engagements have permitted me to do, and indeed the hope of finding time to do so has induced me to delay the present report thus long- But it is only in my power to state that they appear to be in the same condition as they have been for many years past; but that considering the complete destruction of the Anzoor records and the consequent enhanced value of those of the Talooks I think that

Fort St George, 23d February 1852-

that it is very desirable that a careful list of them should be made and deposited in the Anzoor records-

21 Should the assistance which I think necessary be granted I consider that it will be desirable to give the Head Record keeper of the Anzoor some degree of supervision over the record keepers of the Talooks, so that there should be preserved in the Anzoor a digested Index of the Talook records-

22- While I find it necessary to ask for further assistance to secure the due Custody of the records of the district and their proper arrangement I would beg to point out that the Register Office of the Court affords an indication of the increasing value of documents affecting the land, and that the Custody of the public records and their prompt production when required by the Court is in this district very essential to the speedy discharge of the duties of the Courts-

Stanley Esqr.
Secretary to the
Board of Revenue.

Sir,

I have the honor to inform you that it is my duty to bring to the notice of the Board of Revenue the inconvenience which has frequently occurred in the Collection of the Revenue from the Talookdar of Canara, in consequence of the Vakeels employed by them to transact business for them at the Sudder Cutcherry not having any authority to receive money on account of their constituents, and I am directed to request that you will submit the matter to the Board of Revenue with a view to the adoption of such measures as may appear to them necessary to remedy the evil complained of.

2. The Vakeels of the Talookdars are not considered as Public Officers specially appointed to receive money on account of Government, and therefore they are not entitled to the protection afforded by Section XVII of Act XVII of 1843, nor are they subject to the penalties provided by that Act for the punishment of persons receiving money illegally. Under the Regulations, the Talookdars are responsible for the payment of the Revenue at the Sudder Cutcherry, and they are not allowed to depute their Vakeels to receive money on their account, but they are required to pay it themselves. If therefore the aid of the Courts is not granted to the Vakeels in the recovery of sums due to their constituents, the latter will be subjected to much inconvenience and loss, and will be compelled to attend personally at the Sudder Cutcherry, which is not required of them by the Regulations.

I have the honor to be,
Sir,
Your most obedient
humble Servant,

From the Supltt. of Stamps &c.

Sir,

I feel it my duty to bring to the notice of the Board that serious inconvenience is being felt in my Office from no reply having as yet been received to the Application submitted by me on the 22d September last for an augmentation of my Establishment, I have the honor to point out also that the natural consequence of this circumstance unless soon remedied must be productive of great delay in the furnishing of my Annual Accounts and especially in the Auditing and Checking of the refunds made under Act No. XVII of 1848, the Vouchers requiring such audit and Check having greatly increased in Number of late, and occasioned their Audit to fall already in arrears, If therefore the aid of the Translator and Accountant is not speedily

speedily granted to my Establishment I see no prospect of overtaking the work, there being now a large Number of Vouchers without English Endorsement which will all have to be returned to the Collectors and cause a delay in their audit, likely to be attended with loss to Government. I trust therefore that the Board will see the necessity of bringing these facts to the notice of Government in order that early measures may be taken to obtain the sanction of the Government of India to the Application submitted by me on the date abovementioned.—

2. Indeed the urgency of the case appears to me to be such that Government would be justified in my view granting ad interim their sanction to the measure pending the sanction of the Government of India.—

2. The emergency of the present case, as shewn in the letter from the Superintendent of Stamps would seem to admit of Government sanctioning as a temporary measure the additional outlay requested in the Board's Proceedings of the 11th December 1851 and the Board accordingly recommend that sanction be so granted to the proposed arrangements to take effect from the 1st Proximo until the final decision of the Government of India be known.—

From C. V. Comiah Chetty, Madras

Sir,

I request the favor of your bringing to the consideration of the Board for reference to Government that I am prepared to under-take the excavation of a Canal from and about Tiruvanoor to Port Novo under the permission of authority provided that similar conditions are allowed to me, as those secured to Mr. Cockrane. For present I propose to commence the line from Tiruvanoor to

to Covelong to be eventually carried out to Port Novo. I have therefore to request that you will be pleased to submit these views for the due consideration of the Board and solicit their recommendation to Government for sanction.-

Read again the following letters—

From the Secretary to the Board of Revenue.

Dated 16th December 1850. and recorded in Diary to Consultation 18th February 1851 No. 1472.—

From the Secretary to the Government of Bombay dated 19th March and recorded in Consultation 15th July 1851 No. 345.—

Read also the following letter.—

from the Secretary to the Government of Bombay.—

/Here Enter 3d October 1851 No. 5768/

In their letter above recorded the Board of Revenue propose to give effect to

to the previsions of Act XII of 1850 or an Act "for avoiding loss by the default of Public Accountants," in the case of all servants of certain grades in the Revenue Department. The classes of revenue functionaries from whom security is to be taken under the Act and the minimum Amount to be required from each are specified in para 4. The Security to be exacted will be that of real or personal property as far as circumstances will permit and the Security Bonds will in all practicable cases be registered in Court.

2. Before passing Orders upon the Board's application, the Governor in Council has thought it desirable to apply to the Government of Bombay for information in respect to the arrangements which have been adopted for giving effect to the Act within that Presidency. It appears however from the replies + received that the Act has not yet been put in force in the Bombay territories, either in the Judicial or Revenue Department. but that Security is taken under previous Regulations and Acts from certain classes of Servants in

+ 19th. March
3d. October 1851.

in the latter branch. These Officers and the amount of security which they are required to furnish are specified in the Statements accompanying Mr. Secretary Goldsmid's letter of 19th. March last.

3. The Right Honorable the Governor in Council approves generally the measures proposed by the Board of Revenue for bringing the Act into operation as shewn in their Secretary's letter above recorded. The Sums specified in para 4 are it is observed the Minimum rates of Security to be furnished in the several cases. It is obvious that a distinction should be taken in respect to the same Office in different Districts. as for instance between that of Cashkeeper, in Tanjore with a revenue of 48 lacs, and Trichinopoly with a revenue of only 14.

4. With reference to Para 6 of the Board's letter, the Government are of opinion that, as the nature of the security to be given and the obligations to be executed by the Managers of Estates under the Court

Court of Wards are already prescribed — in Regulation V 1804 Section X no alteration is called for in respect to those parties in — consequence of † Act XII 1850.—

† Vide commencement of Sec. II.

5. The Board. Para 10 propose not to alter the Security which has already been — accepted from present incumbents, but that the scale proposed in para 4 should be brought into operation in all new appointments. The Right Honorable the Governor in Council — doubts whether this prospective application of the Act will fulfil its intention. He is of opinion that effect should be given to it both as regards present and future holders of Office.—

6. The form of Security Bond A which accompanied the Board's letter is too complicated. The bond should run in the terms of the first Section of the Act and the obligation should be for the due discharge of the trusts of his Office by the party for whom the Security is given, and "for the due account of all money's which should come into his possession or control by reason of his Office" It should not extend to

to the refunding of bribes received by such — party not to making good any pecuniary — losses occasioned by him to Government by acts contrary to the Regulations and Rules of the Service. conditions which do not seem to come within the Scope of the Act. The Surety should however bind himself for the personal appearance of the party engaged for, whenever it may be required.—

7. The Right Honorable the Governor in Council desires that the Board will proceed to carry out the provisions of the Act within the Districts under their authority in accordance with the above remarks and in communication with the Commissioner of the Northern Circars who will make similar arrangements for giving effect to it within his range. The Governor in Council must however remark that the protection afforded to the public interests by the Act in no degree relieves Collectors from the duty of closely supervising the conduct of their Servants especially of those who are chiefly concerned in the receipt Custody and disbursement of money or public property and of maintaining every check which has

has hitherto been exercised over them. The annual Scrutiny into the competency of sureties enjoined by the Board so far back as 1837 should be rigidly inforced and every head of a District required to report yearly that this rule has been complied with.

Boards Circular order P. 235.

8. In advertance to para 9 of the Board's letter it is observed that the question of extending and facilitating the registry of Deeds is still under the consideration of the Government of India.

Ordered that the following letter be submitted in reply.

No. 74.

To

The Chief Secretary to Government.

Sir,

In accordance with the orders of Government upon the Petitions noted Marginally, the Board proceed to give their reasons for granting to Mr. Morrison the lease of the Akkarry in North Arcot for five years.

2. Mr. Morrison's application for a quinquennial lease on a rent of Rupees 104,000 was forwarded to the Board by the Acting Collector on the 18th November 1851 accompanied by his own observations on the offer.

3. Mr. Ward stated the average rent of the last 20 years to have been 113,055 Rupees and deducting from this average remissions necessary for altered circumstances, according to two different Estimates he shews that Mr. Morrison's offer was Rupees 6,954 above the sum arrived at in the one case and Rupees 4,454 above that in the other.

P. 5.

4. The Acting Collector thought "the offer worthy of attention" and for reasons which the Board will more particularly notice below was of opinion that it was more than could be got during the next five years by disposing of the contract to the highest bidder" and therefore "recommended the offer for the consideration of the Board."

5. The Board also took advantage of the Collector's Mr Boardillon being at the Presidency on special duty, to request that Gentleman's opinion with regard to the offer under consideration. His reply embraces the several arguments on the entire question and being generally similar to those by which the Board were influenced in their final determination, need not be here detailed. They led him to conclude that the "present offer was not only a "fair but an advantageous one as re"gards the Revenue".

P. 10.

6. Past experience having shewn the respectability and competency of the proposal lessee who holds the above Karry Rent of Chittoor on

on a lease of 3 years Vg from Fusly 1259 to Fusly 1261. The points occurring to the Board as chiefly demanding consideration were the amount of rent offered and the duration of the contract.

7. On the first point taking Mr Ward's deductions in the 2d Calculation which though the items of estimate slightly differ are only to a trifling extent in excess of Mr Boardillons' to be the fair amount of reductions necessary in testing Mr Morrisons offer by past rents the Board found that the average of 20 years of Fusly 1242 to 1261 had been 97,045 Rupees, the average of the first ten years of that period 79,605 Rs and of the latter ten 114,486 Rs the present proposal being Rs 104,000.

8. The Collector and the Officer acting in that capacity, agree in opinion that the average rent of the second series taken, can be considered no just criterion of the real value of the contract, the amount having been unduly enhanced by the active competition of Mr Turner first in Fusly 1251 of the old renters subsequently and lastly of Mr Morrison in Fusly 1258.

Mr. Bourdillon believes that the first named parties had been heavy lovers and that Mr. Morrison was induced to bid — highly a mistaken supposition that the profession of the Alkarry Farm would be of use to him in making Palmyra Sugar.

Mr. Bourdillon adds that such was the unfavorable character of the seasons of Fusly 1259 and 1260 that had the rent been put up annually the biddings in the latter year, perhaps also in Fusly 1261, would certainly have fallen off as they did in Fusleis 1248 and 1256 —

Fusly — Rent
1248 — 79027 — 12
1256 — 90200 — 0

9- The Board therefore considered that the average rent for the twenty previous years was a fair standard of the value of the Alkarry contract and as the present offer exceeded it by 6934 Rs they deemed its acceptance as a fiscal arrangement fair and unobjectionable Mr. Morrison as already observed holds the rent for the current term, its continuance therefore in the same hands and for a lengthened period as tendered appeared in every respect a desirable arrangement as a general

rule, where the resources of a farm have not been fully developed or where increase to any extent from probable contingencies may be expected, the Board would not wish to extend a contract beyond 2 or 3 years the period laid down in Extract Minutes Consultation 12th August 1847 but in the present case there were no grounds for the application of that rule.

Inform 2d Sept 1847

10- In regard to the request of the Petitioners that the rent may be put up to auction the Board were informed that such a proceeding would not in the opinion of the local authority, be attended with any advantage to the Government, or without the probable contingency of actual loss; both Mr. Ward and Mr. Bourdillon concurred in thinking that in the event of Mr. Morrison acting up to his expressed intention, and declining to bid, no bonafide competition could be expected, and that the bidding would be reduced to the offer of one native party alone, the other being comparatively powerless from the loss of its

its chief. To what extent the rent might fall under these circumstances, the leases quoted by Mr. Ward afford ample testimony. These sums, it must be observed, are inclusive of the deductions now rendered necessary by the altered circumstances of the Farm.

11. The only offer received by the Board while the question was pending was contained in Petition No. 2701 of 1851. in the disposal of which Petitioner was referred to the Collector.

Received 28th Nov. 1851. Orders passed thereon by Endorsement 10th December " Proceedings confirming the Rent 18th Dec. " -

12. The correspondence noted in the Margin which is quoted by the Petitioners has reference to a case occurring at Vizagapatam, which led to the discussion of the relative advantages of disposing of the Ab. Mary Farm at Auction, the usual course, and of the System of renting by tender for a term of two or three years as proposed by Mr. Smollett then Collector of Vizagapatam. The Government were of opinion that Annual rents encouraged gambling and that under that System the rents generally fall to persons of inferior station

They

They desired therefore that the opinion of the Collectors generally should be obtained on the subject. This was done and with the replies of those Officers before them the Board stated that they were not disposed to recommend the proposed change as a general rule but referred to their observations on the Settlement of the Extra Sources of revenue in Vizagapatam for Fasly 1255 to the effect that they would be prepared to sanction a contract for a term of years if circumstances were shown to warrant such an arrangement on the subject of protracted leases they stated that they were ready to grant such for 2 or 3 years if Government approved. The Government were pleased to concur in the opinion expressed by the Board and to sanction their extending the term of the Ab. Barry contracts to two or three years on the recommendation of the Collectors when they were fully satisfied of the ability of Contractors to discharge their liabilities with

with punctuality and that they are of a class in whose hands the rents may be placed with a fair expectation of the contemplated advantages being thereby obtained. Mr. Morrison's tender at present under consideration came within the scope of the intention expressed in the foregoing correspondence and the permission of Government founded on the recommendation of the Board to that effect to extend the term of Contracts to two or three years being an affirmation of the principle of protracted leases rather than the enactment of a rule limiting them absolutely to the period specified could appear to leave to the Board discretionary authority as to the period a lease may run.

13. On a former occasion of a lease afterwards set aside extending to 63 years to the same party a special reference was made to Government, the tender having been previously confirmed by the Board in order to save time, but as the rents are laid before Government in due course together with the report on the Extra Sources of revenue, a special report

The demand on account of the Extra Sources of Revenue in the District of Cuddapah amounted for Fusly 1260 to Rupees 313,049 being Rupees 3,261 below that of the preceding year. This result was occasioned by a falling off in the Revenue from Abkarry Rupees 4,780. and from Small Farms Rupees 469, and by an increase in the remaining branches amounting in the aggregate to Rupees 1,978.

The quantity of Sugar for which certificates under Act XV of 1839 were granted in the year under review is stated to have been 33,2000 Maunds or 84,200 Maunds below that for which certificates were issued in the previous Fusly, and the difference is explained by the circumstance that the Collector did not reside for so long a period in the Muddenpilly Talook in Fusly 1260 as in Fusly 1259 and that the Exporters had

1- The Settlement of the Extra Sources of Revenue in the District of Bellary for-

Fusly 1260 Rs.	6,54,449	for Fusly 1260 exhibits an
" 1259 - "	6,30,189	
Increase Rs.	24,260 -	compared with the preced-

-ing Fusly - The Current Collections amounted to Rupees 6,15,639 leaving an outstanding balance of Rupees 38,810. which was subsequently reduced to Rupees 2,064 due under the two heads of Moturpha and Small Farms -

2 - The demand on account of Sayer amounted to Rupees 6,184 being Rupees 161 below that of Fusly 1259. The Collector states that the revenue under this head is materially affected by Merchants continuing to evade the Frontier Sayer duty of the Bellary Chowkies by carrying their goods to the Nizams Dominions thro' the Bombay Territary and that in one Month alone goods to the value of Rupees 1,27,250 had passed the Souenhully Ghaut across the Toombadra into the Southern Mahratta Country at 6 Miles distance from the extreme Frontier Chowky of Humpasagur - thus escaping payment of the duty leviable

leviable on such goods to the extent of 4177 Rupees - The Collector therefore considers that with this facility afforded of avoiding the duty, the Frontier Revenue of his District is not likely to improve. The correctness of this remark there seems no reason to question - No customs duty is levied by the Bombay Authorities on their own and the Hyderabad Frontier as the Bombay Government has not thought fit to declare the Hyderabad state Foreign Territory under Section VIII. Act I of 1833 - Under such circumstances goods will always be taken from Bellary to the Nizams dominions and Vice Versa Via the Southern Marattah Country and the effect of continuing the Bellary Frontier Chowkies will be to force the trade to and from Hyderabad into a circuitous channel - It is observed the duties collected on the Bellary Frontier during the Fusly under report were levied mainly on 13 Articles the Customs on which ranged from Rupees 34 to Rupees 1966 and that the Costs of Collection reached Rupees 3267 or Rupees 53-4 per Cent upon the revenue -

From Supreme Govt. 25th May 1844 -

The

17th July 1848 No. 761.

The Government have already brought the subject of the Hyderabad Frontier Customs to the notice of Government of India - They now think it desirable again to call attention to it and that the precise position of the question at this present time may be exhibited they request that the Board will furnish a Statement showing the gross Collections charges and net revenue for the past Fusly of the Hyderabad Frontier Customs in all the Madras Districts that adjoin His Highness the Nizam's Territories -

3 - The Decrease of Rupees 6570 under the head of Adoni was owing to lower offers for the rent especially in Adoni -

4 - The demand on account of Stamps amounted to Rupees 45,471 being Rupees 30,586 above that of the previous year - This large increase is stated to have been caused by the amount embezzled by Ram Chetty the late Stamp Darogah and Vender having been recovered and brought to account

account agreeably to the order of Government dated the 12th August 1851 No. 811 - Excluding this item the actual increase under this head was Rupees 5,883 which is attributed to the whole amount of Sales having been regularly brought to account which was not the case under the management of the late Darogah -

5 - Including Extra items and arrears the Gross Collections of the year amounted to Rupees 6,40,063 deducting charges Rupees 5549, the Net Revenue realized 6,34,514 and was Rupees 17,225 in excess of that of Fusly 1259 -

6. Agreeably to the recommendation of the Board of Revenue the Right Honorable the Governor in Council grants authority for writing off in the accounts of the Bellary Collectorate the balances of Mokturpha revenue for Fusly 1269 reported to be irrecoverable amounting to Rupees (263-6-11) Two hundred and Sixty three Annas Six and Pice Eleven -

Sir,

I have the honor to acknowledge

acknowledge the receipt of your letter under date the 15th ultimo which reached me when in the District at a distance from my records.

2. Immediately on the receipt of the Board's orders under date the 24th March 1851 steps were taken for obtaining the information required, but with other business pressing at the time the record of what was obtained was laid aside until the question could be more conveniently and fully entered upon. Continued demands on my leisure caused the subject afterwards, I regret to say, to be overlooked, so that my information in respect to various parts of the District is incomplete. I am about again to leave the Hoozgoor station and therefore fear that a further delay of a few weeks may unavoidably occur, but every exertion shall be made to enable me to make the report as soon as practicable.

3. I shall here only further observe that the accounts furnished to the Commissariat are in accordance with

B. No. 489. Sir,

From the Collr. of Masulipatam Reporting on the Management of Gumpalagoodum Mootah as called for by Government.

Para 1. With reference to the Board's Proceedings dated 27th January 1851, I have the honor to state that only two Estates in this District Viz. Gumpalagoodem and Crottenennovo, the Zemindars of which are Minors have been left to the Management of parties other than the Court of Wards.

2. The first mentioned Estate was in April 1850 placed with the Sanction of the Commissioner under the charge of the Mother of the Minor in accordance with the Will of the late Proprietor who died on the 19th September 1849. Having thus been placed under the charge of the Guardian at a late period of Fusly 1259 there is only one year 1260

during

during which the Estate has been administered by the Guardian and the detailed accounts submitted by her declare that the Collections of Fusly 1260 were Rupees 3,406-11-9 and that the expenses as shewn in the margin were Rupees

3,393-4-7 leaving only a balance of Rupees 12-12-2. The Head Assistant Collector will shortly visit the Terwoor Talook on the frontier of which this Estate is situated and I will request him to enquire into the present Condition of this small Estate.

3. The Estate of Crottenennovo has only lately been put in possession of the Manager under orders from the Commissioner for the Northern Circars, and consequently no idea can be formed of the result of the management

Proceedings thereon. In the Column of remarks of the foregoing Return it is stated that V. Kristna Row Tahsildar of Enamanamellore Talook was on the 6th December 1851 committed by the Joint Magistrate to the Criminal Court under Regn. III of 1819, and acquitted and that he is now awaiting his trial on the present charge Viz.t for having received a bribe of Rs. 30 from the Ryots of Cottapully under Regn. IX of 1822.

2. The Board are of opinion that as the Tahsildar was acquitted by the Civil Court, it is not competent to the Collector if the charge be the same to try him again under the last quoted Regn. If the acquittal was merely in consequence of insufficiency of evidence it is open to Mr. White to lay his case before the Board in order that any punishment which they may think he merits, may be inflicted upon him according to the circumstances of the case.

From the Collector of Cuddapah.

Sir,

Forwards for the information of the Board of Revenue Copies of the Calendar and Trial together with a Copy of the letter addressed to the Court on the committal of the case and reports that Sashagerrao the late Cashkeeper and Hanumappah the late Head Shroff were sentenced each to one year's imprisonment.

Para. 1. On the 29th of September 1851 I had the honor to receive with the proceedings of the Board dated the 25th, an Extract from the Minutes of Consultation of the 19th idem, directing that Seyshagherre Rao late Cash keeper and Hanamappah late Head Shroff of the Cuddapah Treasury should be tried under Regulation IX of 1822 and committed for trial before the Criminal Court. At the time this order was received, both of these parties were in Madras and I immediately sent a Summons for their appearance Seyshagherry Rao had however left the Presidency before the Dalayet charged with the Summons reached it, and appeared before me on the 16th of October. On the 19th of the same month Hanamappah was brought by the Dalayet.

2. I concluded the examination which had already been in great part held by Mr. Murray as soon as was compatible with the performance of my ordinary duties, and with the necessity for Copying the whole of the very voluminous record, and committed the case on the 30th of October.

3. On the 6th of November, the Subordinate Judge committed the prisoners for trial before the Sessions Court, and on the 20th of January each was sentenced to one years imprisonment.

4. The Calendar of the trial reached me only yesterday, and I have now the honor to forward a Copy of it for the information of the Board together with a Copy of the letter I addressed to the Court on the committal of the case.

The Government Vakeel Prosecutes the Prisoners on the charge set forth. The 1st Witness states that during the absence of the 1st Prisoner, it is not usual to open the Treasury; that when Bills are received they are not paid for without a receipt; that the 1st Prisoner having told him that as Rupees 14,109 — 5 — 10. was entered in the cash								of the Judge in portion to the extent of their crimes. The day of the Collectors to take up his appointment at Chingleput that Officer handed over charge of the Treasury to his Head Assistant and that prior to their leaving office 8,000 Rupees were discovered to be deficient when compared with the cash account for that day. The deficiency occurred in

Cash Book for distribution of pay to the Talook servants, Rupees 7,099-5-10- were to be included in the Gylut Amamt accounts, and that the remainder Rupees 7,010 being required to be disbursed on the morrow, it was not to be included in the said accounts, he did not enter it in the Balance book, that it is usual to compare his and the 2d. Prisoner's accounts, that he wrote by order of the 1st. Prisoner on the back of the Bill No. 2036 for Rupees 10,000, to the effect that it was made over by Madar Saib to Kasim Mahomud, that the writing below it to the effect that the "said Money was received," and "Mark of Hussun Mahomed," is that of the 1st. Prisoner, that he does not know who received the money, that the reason for the entries of 13,000 Rupees as paid to the 10th. witness in the Treasury account for 1st. October, and in the day book No. 5- while there is an entry in the 2d. Prisoner's account No. 12 of Rupees 3,1000, was owing to his writing in the day book for the same date, "For Government Bill to 10th. witness" and leaving the amount blank, which the 1st. Prisoner afterwards filled up, that the daily report was prepared by the 1st. Prisoner himself, that he prepared the accounts as directed by the 1st. Prisoner, but the latter never wrote any accounts as dictated by him (deponent.) that the writing and figures in the list No. 1 to the effect, "In well "out" "16th." "113." and "2 queens Rupees," "hundred Rupees" and "17,821," are like that of the 1st. Prisoner.-

The 2d. Witness deposes nearly to the same effect as the 1st. and adds that after Messrs. Cochrane and Wedderburn had escamined the Treasury, the latter Gentleman returned to the Treasury and escamined the said Gylut deposit and the deposit on account of the Court, when the 1st. Prisoner missing the bags, which were put in to make up the deficiency in that department of the Government Treasury or anicate which, to meet constant demands on bills, and other current expenses, is of necessity kept more immediately in charge of the Cash keeper (1st. Prisoner) who accounted for the deficiency by stating it to be in the "Houz" (cellar hold or well) and produced the list in which it was written, that out of 129 bags of whole Rupees of the coinage during 1835, 16 bags were in the said well, and only 113 bags outside. The well under lock and seal of the Collector was therefore escamined and only the 50 bags containing the Rupee coinage of 1840, as per account, were discovered. The Collector ordered the deficiency to be forthwith made good which was immediately done, and the Treasury closed.

3. On the following day the Head Sheristadar proceeded to the Treasury about 8 O'clock and gave instructions that no money was to pass in or out. and soon after the Head Assistant Collector made a special enjury on the subject of the Missing 8,000 Rs. with the clandestine introduction of

in the Revenue deposits with the Gybut deposit, he suspected that there was a deficiency in the Gybut deposit and mentioned it to the Head Sheristadar, that the writing in the list No. 1 to the effect "In well" "out" "16" "113" and the figures entered under the Head Queen's Rupees of the year 1840, "17,821" "100" and "17,821" and the date "Pyuasthagee" is that of the 1st. Prisoner, and that the rest of the writing is that of Volunteer Malaharee.

The 3d. witness states that the writing in the list No. 1 to the effect "Bags of Rupees of the year 1835" "In well", "16" "out" "113" is that of the 1st. Prisoner; that he entered all the other figures as dictated by the Shroff, 2d. Prisoner; that it is not usual to open the Treasury during the absence of the 1st. Prisoner, and that when money is taken out of the Treasury on account of Bills or otherwise, it is done with the permission of the 1st. Prisoner alone.

The 4th. Witness states that at 8 P. M. on the day after Mr. Cochrane examined the Treasury on the 21st. November 1850, he was informed by 5th. and 7th. witnesses who were then on guard, that the 1st. Prisoner having come with others to the Treasury sent for 5 bags by the 6th. and 8th. Witnesses and one Boodloo, and that he reported this circumstance to the Head Sheristadar; that it is not usual to open the treasury during the absence of the 1st. Prisoner; that on one occasion during the 1st. Prisoner's absence at home, an order was received for some money for Mr. Cochrane, when the 1st. Prisoner sent one of his people by name Nursingrow with the key, when the Treasury was opened in presence of the Havildar, the money taken out, and the Treasury again sealed; that money is never sent out without the permission of the 1st. Prisoner; that since the last 2 years the 1st. Prisoner has been in the habit of taking to his house by means of his people 10 or 20 bags of money saying it was on account of Hoondies.

The 1st. Witness states that on the 21st. November 1850 he was informed by the 5th. and 7th. witnesses that the 1st. Prisoner had sent for 5 bags of money from the Treasury by the 6th. and 8th. witnesses and one Boodloo, and that he reported this circumstance to the Head Sheristadar; that it is not usual to open the Treasury during the absence of the 1st. Prisoner; that on one occasion during the 1st. Prisoner's absence at home, an order was received for some money for Mr. Cochrane, when the 1st. Prisoner sent one of his people by name Nursingrow with the key, when the Treasury was opened in presence of the Havildar, the money taken out, and the Treasury again sealed; that money is never sent out without the permission of the 1st. Prisoner; that since the last 2 years the 1st. Prisoner has been in the habit of taking to his house by means of his people 10 or 20 bags of money saying it was on account of Hoondies.

The 2d. witness states that the writing in the list No. 1 to the effect "Bags of Rupees of the year 1835" "In well", "16" "out" "113" is that of the 1st. Prisoner; that he entered all the other figures as dictated by the Shroff, 2d. Prisoner; that it is not usual to open the Treasury during the absence of the 1st. Prisoner, and that when money is taken out of the Treasury on account of Bills or otherwise, it is done with the permission of the 1st. Prisoner alone.

The 4th. Witness states that at 8 P. M. on the day after Mr. Cochrane examined the Treasury on the 21st. November 1850, he was informed by 5th. and 7th. witnesses who were then on guard, that the 1st. Prisoner having come with others to the Treasury sent for 5 bags by the 6th. and 8th. The

Fort St. George 26th. February 1852.

The 5th. Witness states that at 7/2 A. M. on the morning of the 3d. day after Mr. Cochrane examined the Treasury the 6th. and 8th. Witnesses and Boodden Saib followed the 1st. Prisoner with 3 full bags and placed them near the Shroff, that the 8th. Witness and Boodden Saib afterwards brought 2 bags and placed them as above; and that he was of opinion that they brought them from the 1st. Prisoner's house.—

The 6th. Witness states that at 7 A. M. of the 3d. day after Mr. Cochrane examined the Treasury, he went to the 1st. Prisoner's house when the 1st. Prisoner giving one bag to him, one to 8th. Witness, and one to Boodden Saib they took them to the Treasury and delivered them to the 2d. Prisoner, and that he heard afterwards that 8th. witness and Boodden Saib had brought two more bags.—

The 7th. Witness deposes to the same effect as the 5th.—

The 8th. Witness deposes to the same effect as the 6th.—

The 9th. Witness states that by order of his Master Mr. Lecot, he took from the Treasury at 4 different times Rupees 44,000 in payment of Bills, that being in want of the amount of a Bill, which was in favor of the 10th. Witness for Rupees 8,000, and which Narsingarow had endorsed in his (Narsinga row's) name he caused the same to be endorsed in his (deponents) name, that afterwards not requiring the money he did not recevie it, that he does not know who recevied it that he merely gave his receipt for the amount in the Treasury at the request of the 1st. Prisoner, that the 1st. Prisoner used occasionally to endorse in his (deponents) name bills recevied in favor of other Merchants, that he used to recevie the amount of such bills, give his receipt for the same, and pay the amount to the 1st. Prisoner, that the 2,000 Rupees in the name of Padegaloo, and the 1000 Rupees on bill No. 1725, recevied on 1st. November in favor of a Chetmoor Merchant, having been endorsed in his name he passed his

found correct the "Ghaibat amount" or deposit of sums absent or struck off upon the sanction of the proper authorities (as separate from that belonging to the Government) was next examined. In the Ghaibat are included all sums voted or sanctioned by the Collector for Maramut Talook Salaries, Tappal runners, Saderward, Pensions, and other purposes which remain in the Treasury till actually called for by the parties requiring them. The amount under this head on the 23d. November was Rupees 16,641–5–10 but on inspection proved only to be Rupees 5,741–3–5– exhibiting therefore a deficiency of Rupees 11,500–2–5– for this deficit a demand was made and satisfied by 1st. Prisoner.

7. It further appears that on the said morning (23d. November) the Head Sheristadar had been to the Treasury and verbally examined certain persons / the 5th. 6th. 7th. and 8 witnesses / with reference to a verbal report made, or said to have been made to him on the previous evening by the Duffadar 4th. witness to the effect that at 7 O'clock

Fort St. George 26th. February 1852.

his receipts for these sums and received the same; that for Rupees 10,000 on bill No. 1753, and Rupees 5,000 on Bill No. 1858 Total Rupees 15,000, he gave a receipt with his signature, that he thinks that his and the 1st. Prisoner's servants carried the bags of money to the 1st. Prisoner's house, and delivered them to 1st. Prisoner; that he could not positively say that it is the said money, that it is usual so to take money for bills made over in his name; that the 1st. Prisoner having said that he had taken Bills received in the name of others, and endorsed them in his (deponent's) name because they should not be in his own name, he used accordingly to pass his receipts for them, that if he borrowed money from the 1st. Prisoner he used to pay him for the same when he received Hoondies in his own name; that the Bill No. 1919 for Rupees 5,000, in favor of the 10th. Witness was not endorsed in his name by Padegaloo nor did he /Witness/ endorse it over to Vencataramoodoo who is not his Servant, that he does not belive that the signature endorsing the said Bill over is his; that he and 11th. Witness have nothing to do with each other.

The 10th. Witness stated in his deposition dated 28th. November 1850 that he does not recollect the date but remembers that it was on the day Mr. Smith examined the Treasury that he having endorsed a Bill for 8,000 Rupees received in favor of his son Ramiah to a person whose name he did not know, and Ramiah not having received the money for the same from the said person, he took this sum and Rupees 5,000 being the amount of a bill in favor of K. Soobiah, and which was endorsed over to him making in all Rupees 13,000/ from the Treasury/ In a deposition dated 17th. December 1850 this witness stated that he never took money from the treasury without a Bill. In another Deposition dated 18th. of the same month he stated that he took on the said date from the Treasury Rupees.

O'clock that morning (22d. November) the Cash keeper 1st. Prisoner had with the assistance of the said 6th. and 8th. witnesses and one Booddeen Saib (absent) brought first 3 bags and then two bags each containing 500 Rupees Total 2,500, and lodged them in the Treasury-

8- There are therefore three sums Viz. Rupees 8,000, Rupees 11,500-2-5- and 25,000 which united make with the difference of the paltry fraction, the Rupees 22,000 really Missing from the Treasury as also shown by a comparison with the Shroffs, and Cash Keepers or Treasury daily accounts.

9. In comparing the accounts of these two Officers it is found that there were 13 bills from 1st. of August to the end of October 1850. The cash account shewed that upon them Rupees 75,000 had been paid, whilst the Head shroff's account stated that Rupees 97,000 had been expended on those Bills and 3 other items. Difference Rupees 22,000, and although those three items of themselves correspond exactly with the missing amount the 2 accounts do not agree in any one of the 16 entries; The 2d. Prisoner's account shewing in 6 entries 52,000 Rupees more and.

3000 Fort St. George 28th February 1852

Rupees 31,000 for several bills, Viz.t one for Rupees 12,000, one for Rupees 1,000, one for Rupees 11,000 and another for Rupees 7,000, that he only passed his receipt for Rupees 13,000 that he did not receive another date Rupees 18,000, that he recollected that the 1st Prisoner had told him that he would take receipts from the persons who had indorsed the said 18,000 Rupees over, that he did not endorse the Bill No.r 1395 for 11,000 Rs. in favor of Mr. Simpson's Duffadar Gungoloo but that he might have done so at the request of the 1st Prisoner and that he never saw the said Gungoloo or received money from him.

The 11th Witness states that he has nothing to do with the 9th Witness, that he received the amount of Bill No.r 1753 on the 2d November 1850 through the 12th Witness and the amount of No.r 2036 on the 9th of the same month, thro' the 13th Witness.

The 12th Witness states that about 2 days previous to 2d November 1850 he received from the Treasury Rs. 10,000 for a Bill in favor of the 11th Witness that the 13th Witness did enot then accompany him that he is not acquainted with the 9th Witness & that he never endorsed a Bill belonging to the 11th witness.

The 13th Witness states at 12 A.M. on the 4th day of Mohorum, or 9th November 1850, the 2d Prisoner and others by order of the 1st Prisoner paid him from the Treasury Rupees 10,000 on account of the 11th Witness, that the 12th Witness did not then accompany him but remained at Chittiapully, that he never endorsed bills over to any one, that he caused a receipt to be written out for the money he received by a boy whose name he does not know, and that when he brings the 11th Witness's bills they are never given to Merchants.

The 14th Witness states that he wrote by order of the 1st Prisoner, in the Treasury, on the back of the Government Bill No.r 1753 to the effect, "The amount of this Bill to be paid to the 9th Witness Ghouse Meyah" "mark of 12th Witness" "Hussun Mohomud," and that he does not recollect if the 12th Witness was then present.

The 15th Witness states that a month previous to the deficiency in the Treasury he took on one occasion 6 bags [of money] which would contain 500 Rupees each on another and in 8 entries Rupees 30,000 less than the account produced by the 1st Prisoner, the remaining 2 entries being bracketed with others differences as before 22,000

10. Of the above said three items, one is for 4000 Rupees entered in the Shroff's account as paid to one Ghousmeyah but for this there was neither bill sanction nor receipt. there was no proof of the payment and Ghousmeyah himself [9th witness] denies receiving it.

11. The 2d item arises from the amount of one of the 2 bills in favor of Mr. Saalfelt each at sight for 10,000 Rupees. The disbursement for No.r 1753 was ordered on the 8th October 1850, it was endorsed over by Mr. Saalfelt to his servant Hussain Mahomud but on inspection of the Bill it appears to have been further made over to Ghous Meyah [9th Witness] who is entered in the accounts as having received the amount on the 17th October, he stated he did not at the time see the Bill but acknowledged having dealings with the 1st Prisoner who said he had made over the bill to him Ghouse Meyah on which he received the money and removed it to 1st Prisoner's house gave a receipt and

another occasion 5 such bags, and on a third 4 such bags, to the 1st Prisoner's house, and delivered them to Narasinga row who lives there and that a Volunteer by name Esawmeyah took some on two occasions and that the said money was said to be on account of Goondies.

The 16th Witness states that during the time that his elder brother, the 15th Witness, was ill, and he was acting for him as Shasaljee of the Treasury, he took by order of the 1st Prisoner, 4 bags containing 500 Rupees each from the treasury and delivered them to Narsinga row who lives on 1st Prisoner's house.

The 17th Witness states that whilst acting for persons absent on leave during the last 2 years he has, by order of the 1st Prisoner taken 4 bags of money on one occasion, and 2 bags on another after Narsingarow, to his (1st Prisoner's) house, and that the 1st Prisoner's servants Subbanah and Narappah also carried thither (bags of money).

The 18th Witness states that it is usual for money on account of Bills &ca to be sent out of the Treasury without the knowledge of the Goomastahs, that on the 1st Prisoner saying so much was given to such a person write it down, he and others used to do so; and that it is not usual to make any disbursements during the absence of the 1st Prisoner.

The 19th Witness states that it is not usual to open the treasury during the absence of the 1st Prisoner, that money is sent out on account of Bills &c by order of the 1st Prisoner alone that on the morning of the 22d November 1850, 4 large bags and 8 smaller bags of money having been taken out of a box the Head Sheristadar came and said that no distribution was to take place then that on replacing the said bags he found 4 sacks and 12 bags outside and supposed that the 4 Extra bags had been taken from the sacks.

The 20th Witness states that from October 1850 up to 21st November 1850 the day on which Mr Cochrane delivered over charge to Mr Wedderburn, the treasury used to be open in the presence of the 1st

and about 10 or 15 days afterwards wrote another receipt for the amount on the Bill itself as thereon shewn.

12. Respecting this Bill Mr Saalfelt (11th Witness) deposed that on its being accepted by the Collector on the 8th October, it was returned to him and when he required the money he brought the bill to Cuddapah and endorsed it over to his Peon Doojsain Mohumud on the 2d November and on the same day received the money all correct, the Bill having been in his possession the whole of the intervening period. This fact therefore accounts for Ghous Meyah not seeing the Bill till 10 or 15 days after he had taken the money and given a separate receipt, and for his not being able to endorse a receipt upon the said bill till the 2d November although the date of that receipt is 17th October the day of Ghousmeyah actually receiving the coin but which receipt could not possibly have been then entered as the Bill was in the possession of Mr Saalfelt, so that by the time he had received the 10,000 Rupees on his Bill No. 1753, 20,000 Rupees had been paid on the same.

It

1st Prisoner, that it was never opened during his absence ex-
cept on one occasion as detailed by 4th Witness, and that —
money on account of bills is sent out of the Treasury by order
of the 1st Prisoner alone.—

The 21st Witness deposes nearly to the same effect as
the 20th.

Upon the foregoing grounds the Prisoners were committed
for trial before the Sessions Court by A Hathaway Esquire Sub —
Criminal Judge on the 6th November 1851.

Note. Though the 8th, 13th and 18th Witnesses, who were examined
before the Collector did not appear before the Sub Court up to the date
of the commitment of this case before the Sessions Court, yet their —
evidence is included in this Calendar.—

13 It so happened that another
Bill for the same amount (No. 2036)
had been presented by Mr. Saalfelt
and accepted by the Collector on the
1st November or one day previous
to the payment to Mr. Saalfelts
Peon of the amount of Bill No. 1753
so that the Rupees 10,000 sanctioned
for No. 2,036 were easily handed over
to satisfy the former and it is so
entered in the 1st and 2nd Prisoner's
accounts, an endorsement being
placed on No. 2036 in favor of
Hussain Mahomed to this support
the entry. The amount pretending
to be paid on the 2 November

was not paid till the 9th idem, and Rupees 30,000 had thus been paid out of the Treasury on the two bills. Had such 2nd Bill not arrived, it is not improbable that the required sum would have been taken from the same deposit.—

14. The 3d item is a bill No. 1934 for Rupees 8,000 at 10 days sight in favor of Mootiala shesha and accepted by the Collector on the 16th October payable on the 25th on which day the money is entered as having been paid to Ghousmeyah by virtue of an endorsement by Nursinga Row, a Servant of 1st Prisoner in whose favor it is said to have been duly made over by Mootial Ramiah Son of Mootial Sheshu. This Sum was again on the 4th November paid to the said Mootial Sheshu together with 5,000 (Total Rupees 13,000) endorsed over to him by S, Sobbiah on Bill No. 1931. The Sum was necessarily paid to Mr. Sheshu or he should have protested the Bill and thus brought the whole to light.—

15. The connection of the 1st Prisoner with these transactions is traced through — Nursinga Row and Ghousmeah, the former residing in his, 1st Prisoner's house, and the latter having frequent pecuniary dealings with him, & having received the whole of the money proved to be deficient; upon three false endorsements.—

16. It further appears that there was a false entry in the Ghaibat accounts to the — Amount of Rupees 7,000 for out of Rupees 14,403-15-10 which should have been in that deposit Rs. 7,126-8-2

entered

heard from the 5th and 17th witnesses that the 1st Prisoner with others had at 7 O'clock that morning landestinely brought in 25,000 Rupees to the Treasury. But the Dewan himself came one hour afterwards and yet heard nothing of the matter till he was found by the 4th Witness reclining on his couch at 6 P. M. and even then took no notice and made no report till the following morning. This assertion of clandestinely introduced money is not free from great suspicion of the whole being a made up story which suspicion is not diminished by the denials before the Acting Collector of the Jamadar and Havildar on duty of any thing of the kind having occurred and moreover that they only heard of it from the Dewan himself. It also appears that it was not till the Peons had been reminded that their situations were in jeopardy that they said any thing on the subject. how if they had really informed the Ruffadar 4th Witness / they would scarcely refuse to acknowledge the same to the Dewan and if money had been brought the Jamadar Havildar and the Sepoys on guard must have seen the same, but they denied it. Before this Court the 5th 6th and 7th witnesses Peons, and 8th witness an expectant supported the assertion of the 4th Witness.

21 Even if fully credited the act would amount to little more than an acknowledgment on the part of the 1st Prisoner of his responsibility, for the deficit, of which there never existed any doubt, whilst the witnesses 1 to 7 and 18 to 21 stated that no money was even given out of the Treasury without the knowledge or order of the 1st Prisoner, the Cash Keeper Shashaghery Row and this is readily believed to be the case.

22. Amongst the items forming the Ghaibat was one for Tappal runners amounting to Rupees 210 but this had been changed in the book of daily expenditure to 710; the 2d Prisoner denied before the acting Collector on the 23d of December 1850 having made the said alteration but on cross examination subsequently stated that he did not remember whether the alteration was made by himself or any other person and again asserted it was done on the orders of the Cash Keeper, 1st Prisoner.

23. One of the items forming the "Ainati" expenditure was a bill in favor of Narasinga Row for 7,000 Rupees but altered in the book / Khatavani / No. 12 to Rupees 6500. In this matter the 2d Prisoner stated that he did not himself make the alteration, and cannot say who did it. In one item the expenditure is 500 more, and in the other a similar amount less than the real expenditure so the object is not particularly clear. The 2d Prisoner however acknowledges having made the 1st and there is every reason to believe he made the 2d because the total of the "Dasawadali" or 10 days account, Rupees 80,582, is correct with or without both alterations which it could not possibly be with only one of them, and that total was made by 2d Prisoner.

24. The 9th 15th 16th and 17th Witnesses spoke to money being carried from the Treasury to the house of the 1st Prisoner. But the 16th witness in this matter was subsequently convicted for wilful

wilful perjury, he having declared he had been induced to depose as he had done before the Collector by the persuasion of, and hopes of a belt held out to him by the 4th. witness - which statement was the true one it is impossible to determine, although this witness as Prisoner in No. 1 on the Calendar for the present year, stated his former version before the Collector was correct-

25. The 1st. Prisoner in his defence, which is given at considerable length, stated that he had been ill with fever for a month prior to the examination of the Treasury and on the previous evening (20th. November 1850) he told the 1st. witness to have the English list ready but not being prepared he gave the vernacular list to the Collector, that he was asked the cause of the deficit which he attributed to the account not being correctly prepared by the 1st. witness. That he made good all the deficit and having received an order to the effect that he had been dismissed, upon instructions from the Board of Revenue, he repaired to Madras to explain his case, when he was informed that he was required at Cuddapah, on which he returned and on his arrival found that the Dewan had made a report to the Collector that he had already come back, and had been in communication with some of the chief persons, but had made off; on which Deloyets, and orders, had been despatched to seize him, the whole of which report was false. That after some further examination he was forwarded to the Criminal Court. That he did not know the reason of there being any difference between his accounts and those of the 2d. Prisoner but that he had 4 Witnesses to prove his indisposition and the Custom of giving out money during his absence.

26. The evidence of these witnesses is not satisfactory as on some points contradictory and although they state the 1st. Prisoner to have been unwell they acknowledge his daily attendance at the Treasury. Whilst the Prisoner states he was ill for 1½ Month the witnesses to support it say about 4 Months.

27. The 2d. Prisoner expressed equal ignorance as to the cause of his accounts disagreeing with the cash keepers, but according with the amount in the Treasury; but stated that whatever Sum he was ordered to disburse he so entered it accordingly.

28. The very respectable character of the 1st. Prisoner's family the high and responsible appointments held by his father and the good repute in which the 1st. Prisoner himself had been hither to held render it difficult to suppose that he purposed the eventual misappropriation or robbery of the Government money but to return the deficit at the 1st. opportunity, for otherwise probably his accounts would have been made more nearly to agree with the actual state of the Cash in the Treasury, and discovery have been far more difficult, but the falsified or fictitious endorsements on the bills above mentioned, though they may not be considered as amounting to forgeries clearly shewn against either of the Prisoners, whilst they injured no one and were most probably not

2. Are the Prisoners 1st. Sadhagerrow and 2d. Panoomuppah convicted of the charge brought against them by the Circar or not?

A. The 1st. Prisoner is convicted of Zoorma Keyanut or embezzlement by Daga Fareb or fraud and the 2d. Prisoner of aiding and abetting the 1st. Prisoner in his acts knowing his fraud and they are liable to Dokoobat or discretionary punishment upon the following grounds.

During the trial before the Sessions Court, the Prisoners plead not guilty throughout. they likewise denied the crime before the Head Assistant to the Collector, the Acting and permanent Collectors and the Sub: Criminal Judge - But before the present Collector, the 1st. Prisoner stated that the writing in the list No 1 to the effect "well" and "out" was his, and that the figures "16" and "113" were not his writing.

Of the 1st. 2d. 3d. and 18th. Witnesses the 1st. states that he used to write the day book by order of the Cash Keeper, and

not intended to do so, whatever might be their motives for so doing in the "Canj" and the false entry of money forwarded to the Salookes from the Ghaubut Sufficient to shew guilty knowledge and participation in the improper and unauthorized abstraction of Public money for private purposes and sufficient to establish the charge of embezzlement made against the 1st. Prisoner and of the charge of allowing or conniving at such embezzlement on the part of the 2d. Prisoner. The Session Judge, in his Decision convicting the Prisoners of the Charges entered in the indictment, and under all the circumstances of the case, sentenced the 1st. and 2d. Prisoners to imprisonment in the Jail at Cuddapah for one year under the provisions of Clause Second Section XVIII Regulation IX of 1822.

and all the said Witnesses state that money was not taken out without his (1st Prisoner's) order, that he (1st Prisoner) had the Key of the Treasury in his possession, that he was not aware till the Treasury was examined of the defalcation of Rupees 19,500-2-5 discovered at the time, that the balance of Cash in the Gybut deposit was Rupees 1439 6-10 which with the sum of Rupees 14,337-7-8 received the day (13th November 1850) makes a total of Rupees 15776-14-7 from which Rupees 55-7-5 being deducted, there should have been (under that head) Rupees 15721-7-2 according to the account, that the day report (or Cash account) contains a deficiency of Rupees 7000 (the 1st Witness further adds) that he did not cause the sum of Rupees 8721-8-2 to be written by the 1st Prisoner, that when the Cash account of the Treasury for 1st October 1850 shews that a sum of Rupees 13,000 was paid to the 10th Witness, he does not know the cause if an entry of Rupees 31,000 being made in the 2d Prisoner's account as paid the same day including the said amount that the 1st Prisoner used to see the receipts

receipts and disbursements as did also on the occasion on which the Treasury was examined, that it was usual for the 3d Witness to prepare Dasarada (or 10 days) Statement and for the 2d Witness the Butwada (or pay) Statement, that the whole writing (of the List No. 1) appears to belong to some stranger, but the figures are those of the 3d Witness, and that the writing "Will 15" "outside 113," and the figures in the line opposite to Queens Rupees and the year 1840 "Rupees 17,821 after deducting 35 1st "100" and "Rupees 17,821" after deducting 35 1st "100" and "Rupees 17,821" and the date "Pymastyee 21st November" were the 1st Prisoners.-

The 4th Witness states that it was usual for money being taken out of the Treasury with the permission of the 1st Prisoner, that whenever the Cash Keeper (1st Prisoner) had gone home, the Head Goomastah, used, according to his order, to allow money to be taken out, that the persons bringing bills of exchange, used to give them to the 1st Prisoner, who was thereupon in the habit of directing the 2d Prisoner to pay for them, that he heard on the 21st November 1850 that there

was

was a deficiency of money in the Treasury: that he learned from the 5th & 7th. Witnesses that the 1st. Prisoner had come to the Treasury with 3 bags of money conveyed by the 6th. and 8th. Witnesses and one Booddem Saib from his house and sent for again 2 bags by the 8th. Witness and the said Booddun Saib, that he did not see the 1st. Prisoner cause money to be taken to his house from the Treasury or to be brought to the Treasury from his house, and that the 9th. and 23d. Witnesses were accustomed to take money from the Treasury.

The 5th. Witness states that (he) has been for a year on guard over the Treasury (during which period) the 1st. Prisoner never took money from the Treasury; that on the 22d. November the 6th. and 8th. Witnesses and Booddun Saib accompanied the 1st. Prisoner to the Treasury conveying 3 bags each containing Rupees 500 with their persons covered; that the 1st. Prisoner then sent for 2 further bags by the 8th. Witness and Booddun Saib, and that he mentioned the circumstance to the 4th. Witness.

The 6th. Witness deposes nearly to the same effect as the 5th. and adds that he conveyed a bag in company with the 8th. Witness and Booddun Saib in all 2 persons.

× × +

The 8th. and 13th. Witnesses were not examined (they not being in attendance.)

The 9th. Witness states that Mr. Lecot used to make over to him the Bills received by him in his favor that he got the Hoondies drawn in favor of Mr. Saalfelt, yadalla Golliah, Pudgaloo and others, made over to him, and used to receive the money due thereon and deliver the same to Narasinga Row; that the 1st. Prisoner used to ask him and take receipts from him (for money received on some bills) saying that they (bills) were in his house and promising to cause them to be made over to him subsequently) that he did not see the Bills in favor of Mr. Saalfelt for Rupees 10,000, that (he) took 30 bags and delivered them to Narasinga Row living in the 1st. Prisoners house

house, by his (1st. Prisoners) order, and that he did thus from friendship with and reliance on, (the 1st. Prisoner).

The 10th. Witness states that he used to take money for bills in his favor and also on those in favor of his Goomastahs and debtors which he caused to be endorsed over to him and that he made over 3 or 4 bills to the 1st. Prisoners people at his request.

The 11th. Witness states that he received the sums of money on the Bills No. 1753 for Rupees 10,000 and that No. 2036 for Rupees 10,000 by means of the 12th. and 13th. Witnesses.

The 12th. Witness deposes to his having (taken) delivered the amount of the Bill for Rupees 10,000, to the 11th. Witness.

The 14th. Witness states that the 1st. Prisoner gave him a Bill and desired him to write on it that it was made over to Hasun Mahomed; that he does not recollect if the said Hasun Mahomed was present at the time; that the writing on the Bill No. 1753

but he does not know whose the writing below it is,

The 15th. Witness states that 3 Months previous to the Treasury being examined, he conveyed money to the 1st. Prisoners house from the treasury on 3 different occasions on account of Bills and that he had been ill for 1 year before the examination of the treasury took place, during which time he never went to the treasury.

The 16th. Witness states that he (the 15th. Witness) was sick for about a year before the Treasury was examined and proceeded (to the Treasury) 2 months after it had been examined - and that the 23d. Witness having brought a Bill deponent accompanied him with a bag containing Rupees 500, to the 1st. Prisoners house, delivered them there and returned.

The 17th. Witness states that bags were conveyed to the 1st. Prisoners house on 2 occasions.

× × ×

The

The 19th. Witness states that on the 22d. November 1850 the Prisoners came to the Treasury, and the 1st. Witness and others after them, that he and the 21st. Witness then took 8 bags each containing Rupees 500 and 4 large bags out of the Treasury box; that the Head Sheristdar meanwhile came there and closed it, that 4 bags were then found in excess of the actual ones; that he did not see money being brought to the Treasury from the 1st. Prisoner's house or taken from the Treasury to his house; and that when the 1st. Prisoner returned home, he used to order bags of money (given to the holders of Bills in payment of Bills) to be taken home. and the Head Gomastah used to do accordingly.

The 20th. Witness states that he never saw money being brought to the Treasury from the Prisoner's house or taken from the former to the latter place; that if any sum of money was brought to the Treasury it was done so with the knowledge of the Sepays (on guard) and others. and that he heard people say when

when the Treasury was examined that a defalcation was discovered.

The 22d. Witness states that he endorsed over (some of) the Bills in his favor to Gourisemeyah and Narasinga row, that he did not make over them to Gourisemeyah by order of the 1st. Prisoner nor did he (1st. Prisoner) desire him to do so. and that he made them over to Narasingarow on one or two occasions.

The 23d. Witness states that the Merchants of Cuddapah used to make Hoondies over to him; that the 1st. Prisoner did not endorse (Bills) over to him and send money to the house from the Treasury that he used to lend Soucars from 2 to 5 thousand Rupees out of the money in his possession, whenever they required it, and that the 9th. Witness did not give him any sum of money to be delivered to the 1st. Prisoner.

The evidence of the Witnesses for the 1st. Prisoner is of no use to him one of them is his Servant.

The 1st. 2d. 3d. and 18th. Witnesses contradicted

contradicted in some points before the Collector and this Court.

The 4th. 5th. 6th. 7th. 17th & 21 Witnesses also exhibit contradictions in some degree.

The evidence of the 15th. and 16th. Witnesses is not at all worthy of credence.

Although the 9th. 10th. 11th. 12th. 14th. 19th. 21st. 22d. and 23d. Witnesses depose to Bills being made over to money being received from the Treasury &c. and to the receipts (being granted for them) yet it appears from the Proceedings held in the case and from the depositions of the said Witnesses that the 1st. Prisoner clandestinely brought Rupees 2500 to the Treasury. If this deed was not done by him, there was no reason for him to take money clandestinely and put it in the Treasury, He clearly made good by order of the Circar the sum of Rupees 19,500 - 2 - 5 found deficient in the Treasury when it was examined. An entry of 16 further bags was fraudulently made in the place under the head of receipts where there should be 50 bags in the list in the Maharatta language No. 1. He admitted before the Collector

Collector that part of the writing in the list No. 1 was his, and it is in the highest degree improbable that part of the writing should be his and part not. The letter No. 4 addressed by the 1st. Prisoner to the Collector on the 4th. November 1850, clearly shews that it (the well) contained only 50 bags. In the Book of Gybut deposit Nos. 5 and 8 written separately on the 13th. November 1850 a sum of Rupees 7000 was written less than the amount of Rupees 15721 - 7 - 2. Hasin Mahomed made over the Government Bill No. 13 to Gouseneyah and Madar Sail the Bill No. 14 to Hasin Mahomed. The 9th. Witness states that the Bills were made over from friendship with and dependance on 1st. Prisoner. It appears that money was found deficient in the Treasury on 2 occasions. The 2d. Prisoner wrote the account No. 9 himself. The Statement No. 10 shews that Rupees 22,000 were missing in the Treasury and the Statement No. 12 shews that the 2nd. Prisoner fraudulently wrote the receipts and disbursements. An entry of some items being

being made in the 2d Prisoner's account and not in that of the 1st Prisoner, shews fraudulent (on their part) Hence the Prisoners are convicted of Keyanut or embezzlement by Daga Fareb or fraud, which is considered Mahajoorat or an unlawful act and they are liable to Dokoobut or Punishment at the discretion of the Judge in proportion to the extent of their crimes.

To, A. Hathaway Esqre
Sub: Criminal Judge of
Cuddapah

Sir,

I have the honor to address you upon the case this day committed for

for trial under Section XVII Regulation IX of 1822. in which Shashegherry Row late Cash Keeper of the Collectors' treasury is charged with fraudulent embezzlement and with writing false accounts - and Hanmunap=pah late Head Shroff with having aided and abetted him in his acts.—.

2. The circumstances under which the embezzlement now charged was effected are in some respects so compli=cated, that although the general features of the question are plain, it may aid the Court in its disposal of the case, if I attempt to disentangle its intricacies, and bring prominently to notice such points only as effectually bear upon it.—

3. By a system of obtaining endorsements of Government bills in favor of his own servants to whom their amount was paid before they came to maturity, there can be no doubt that Shashagherry Row had for long been in the habit of making use of the public money before he was detected in November last for how long this system had been at work it is not possible to say, because.

because prior to the month of August, the accounts of the treasury all agree, and it's only from the commencement of that month that the fraud is made apparent by discrepancies between the accounts as kept by the Cash keeper and those kept by the Head Shroff- the former being written so as to make all appear to be in order, while the latter shewed the actual payments made-

4. A Statement of these discrepancies will be found in the record, but it is not necessary that I should now go entirely through it, as many of the bills which had been paid before they were due were adjusted by the prepayment of other bills subsequently drawn, so that there was always a running account with the treasury in Shasheghirry Row's favor, by which he supplied himself with money in advance it will be sufficient if I select from the statement the particular items which caused the deficiency at the time the treasury was examined and on which I rest for proof in the present prosecution.—

First

5. First in order of date is a payment of Rupees 4,000 to one Gousemeyah, made on the 1st of October 1850- for this no bill whatever appears to have been presented, nor any receipt given- the payment is entered in the accounts of the Head Shroff, and the money must have been taken by Shasheghirry Row, who, as will be seen by the record, constantly made use of the name of this Gousemeyah, when requiring money in order that his own might not appear.—

6. Second a bill No. 1753 for Rupees 10,000 payable at sight to Mr. Saalfelt or his order was presented for acceptance on the 8th of October, and its amount ordered to be paid to Hussain Mohomed to whom it was endorsed by Mr. Saalfelt.—

7. Third, another bill No. 2036 also at sight payable to Mr. Saalfelt or order and endorsed by him to Madar Saheb, was accepted on the 1st of November and ordered for payment to the Endorsee and as these two bills are connected with

Fort St. George 26th February 1852.

with each other in the present case I will dispose of them together.—

8. Having received the Collectors' order to pay the bill No. 1753 on presentation, and the bill not having been presented up to the 17th of October, Shasheghierry Row on that day paid its amount, Rupees 10,000 to Gousemeyah, causing and Endorsement to be made in his favor as if by Hufsain Mahomed (to whom the bill had been endorsed by Mr. Saalfelt) when he subsequently presented the bill. The bill is entered as paid to Gousemeyah both in the Cash and Head Shroff's accounts, he gave a receipt for the Money, and acknowledges that his own people carried it to Shasheghierry Row's houses.—

9. On the 2nd of November Hufsain Mahomed appeared and claimed payment on the bill, and as the sum due on it had already been taken by Shasheghierry Row under a false endorsement to Gousemeyah, the 10,000 Rs. paid to Hufsain Mahomed was charged in the Cash and head Shroffs' accounts as

Fort St. George 26th February 1852.—

as having been paid to him on bill No. 2,036, a false endorsement being made in his favor as if by Madar Saheb, when he subsequently presented the Bill.—

10. On the 9th November Madar Saheb came to claim payment on his bill, and received its amount, which was charged by the Head Shroff but not in the cash accounts. Thirty thousand Rupees were thus paid on two bills drawn for twenty thousand, and we thus find a further embezzlement of Rupees 10,000, which with the sum of Rs. 4,000 stated above to have been paid without any bill to Gousemeyah on the 1st of October, makes a total of Rupees 14,000. Before closing the subject of these two bills I desire to call your attention to the fact that both Hufsain Mahomed and Madar Saheb are servants of Mr. Saalfelt, the Agent of Messrs. Arbuthnot & Co. and that Gousemeyah is the Servant of Messrs. Lecat & Co. to whom it is in the highest degree improbable that Mr. Saalfelt

or.

Fort St. George 26th February 1852.

or his Servants should make over a large sum of Money remitted by his Principals from the Presidency for the conduct of their business in Cuddapah. I wish you also to remark that Mr. Saalfeld's accounts exactly agree with those of the Head Shroff, and shew that he endorsed the bill No. 1,753 to Hussain Mahomed and No. 2036 to Madar Saheb, that he received the money for the former on the 2nd of November, and not on the 17th of October, and that for the latter on the 9th of November and not on the 2nd as charged in account by Shasheghury Rao. We have here therefore both embezzlement of public Money and fraudulent entries in account.—

11. Lastly, bill No. 1904. drawn at 10 days' sight for Rupees 8,000 in favor of Mootial Ramiah, Son of Mootial Shashoo, was accepted by the Collector on the 16th of October, and its payment ordered for the 25th idem.— on that day the sum of Rupees 8,000. was paid to Gouseemeyah, and a false endorsement made on the bill after

Fort St. George 26th February 1852.—

presentation, as if by Mootial Ramiah to Nursing Rao; and a seconditime by Nursing Rao to Gouseemeyah. This Nursing Rao is Sheshegherry Rao Servant and has been throughout one of the chief means by which he carried on his Schemes. This payment is entered both in the Head Shroffs, and the Cash account, Gouseemeyah acknowledges that he signed a receeipt for the Money, but says, that he did not actually receive it. On the 4th of November Mootial Shashoo, the father of the holder of the bill received the sum for which it was drawn, and its payment is entered in the Head Shroff's but not in the cash account. Herethen we have a second fraudulent entry in account and a second embezzlement of Rupees 8,000 making with the former sums a total of Rupees 22,000 for the whole of which I now commit Shasheghurry Rao.—

12. It will now be necessary that I should shew the Court in what department of the Treasury this de-ficiency of Cash existed and how

J.

I trace a guilty knowledge of its existence to the prisoner Shashegherry Rao —

13. The treasury was examined on the 21st of November by the Head Assistant Collector, when he was about to receive charge of it from the late Collector, then proceeding to Madras, the accounts of that day shewed that the ayen sum in the treasury should have been Rupees 1,74,394-14-4. of which Rupees 1,41,394-14-4 were represented by the accounts as being in the Cashkeepers charge or outside - and Rupees 33,000- in sixty six bags each containing Rupees 500, as in the well, under the Collectors' Seal. The English account shewn to Mr. Wedderburn at the time will be found in the record, as also the Original Mahrattah account of which it is a translation and I have to request your particular attention to the latter because while it was originally made out correctly according to fact, and according to the Head Shroffs account, and shewed that only Rupees 25,000 were

were in the well, a fresh entry of an additional Sum of Rupees 8,000 appears, representing the total sum in the well to be Rupees 33,000- the fresh entry was made by Shashegherry Rao as is proved by several witnesses who can swear to his hand writing - his object in this was to prevent deduction of a defalcation in the treasury - thinking that he should not be called upon to shew the cash represented as under the Collectors' Seal.

In connection with this point Shashegherry Raos deposition before me is worthy of note - he admitted that the two words "well" and "outside were in his hand writing, but denied that the figures "16" and "113" placed under them were written by him. Now the whole entry refers only to the new Companys' Rupees of 1835, and when he was asked why, when he knew that there was no Coin of that description in the well he should have opened a separate heading for it, he replied that he was confused and did it without thinking.

Fort St.e George 26th. February 1852.

thinking I have also to draw your particular attention to Shashegherry Rao's Urzee to the Collector of the 4th. of November in which he reports that the Assistant Collector had on that day taken Rupees 100,000 from the well and left in it a balance of Rupees 25,000. under lock and seal.—

14 Having examined the rest of the Ayen Cash Mr. Wedderburn desired to see also what was in the well, and after considerable hesitation on Shasheygerry Raos part, the door was opened, the bags were counted, and a deficiency of 16 bags-containing 8,000 Rupees was apparent—the same number, and the same amount as I have just shewn to have been interpolated in the Mahratta account by Shashegherry Rao himself. Here then we have an actual defalcation discovered, a guilty knowledge of it traced to the Prisoner, and another fraudulent entry in account proved to have been made with his own hand.—:

15. The missing 8,000 Rupees had

Fort St.e George 26th. February 1852.

had been made good on the 21st. by Mr. Wedderburns order before he left the treasury, but early on the 22d. Shashegherry Rao proceeded to the treasury and deposited there five bags each containing Rupees 500 on hearing that he was in the building Mr. Wedderburn closed the treasury and forbid access to any party, pending the expected arrival the next day of the Sub Collector to assume charge of the Collectors Office. In the record of the case will be found evidence of the fact of these bags having been put into the treasury, given by the men who conveyed them from Shashegherry Raos house.—

16. On the 23d. Messrs. Murray and Wedderburn proceeded to the treasury, counted the Ayen Cash, and from information which had in the interim been given, counted also the cash entered in the gybut account or money written off the treasury accounts as expended on any service, but remaining in the Cashkeepers charge for want of a convenient means of transmitting it to the talooks according to the treasury accounts

there

Fort St. George 26th February 1852.

there should had been under this head a sum of Rupees 16,641-5-10 but on its examination Rupees 5,141-3-6 only were found, shewing a deficiency of Rupees 11,500-2-5 which added to the 8,000 Rs. deficient in the well, makes a total of Rs. 19,500-2-5 to which again adding Rupees 2,500 the sum surreptitiously put in the treasury but Shasheghery Rao on the 22nd of November, the whole deficiency is shewn to be Rupees 22,000-2-5 as charged against the prisoner. But there is also a fraudulent entry in the accounts connected with this deficiency in the gybut. In the cash accounts of the 13th of November a total sum of Rupees 14,463-15-10 is charged as expended under the following heads.—

	Rupees	As.	Ps.
Talook establishments	14,109	5	"
Sawderward	301	8	4
Stamp refunded	4	"	"
Poligars	49	2	6
	14,463	15	10

of which in the cash account kept in

Fort St. George 26th February 1852.

in Shasheghery Rao's own hand writing Rupees 7,337-7-8 only) are carried to the gybut head and the remaining sum of Rupees 7,126-8-2. represented as actually expended but in the gybut account as well as in the accounts of the Head Shroff it is shewn that Rupees 126-8-2 only were expended as follows.—

Sawderward	60-5-8
Poligar's pension	49-2-6
Stamp refund	4-"-"
Talook Servants pay	10-"-"
	126-8-2

and that Rupees 14,337-7-8 is the sum that should have been passed to the credit of the gybut account. The fraud here practised in account is further manifest in the fact that the pay of the Talook Servants represented by Shasheghery Rao's accounts to have been sent on the 13th of November was not actually sent until the 26th and following dates after his suspension, and after another Cashkeeper had been nominated.

I.

Fort St. George 26th. February 1852.

17. I have thought it right to enter thus far on an explanation of the circumstances under which I commit Shashegherry Rao for trial because the case is somewhat complicated in itself, and the present record is particularly so from its including the examination held by the late acting Collector on other matters under the impression that a prosecution for forgery of the endorsements on the bills I have above referred to as well as on some others, might be practicable. It has however been decided that under the present interpretation of the law, that prosecution would probably be unsuccessful but I have not considered that I was justified in setting aside my predecessors examination and taking depositions afresh, only because those formerly taken included other matter than that on which I rest my present committal, and I have therefore taken such additional Evidence as appeared to

Fort St. George 26th. February 1852

me to be wanting to establish some important facts, and now commit the case to Court on that, combined with the Evidence taken by Mr. Murray.

18. I have shewn that forged endorsements were resorted to, to enable Shashegherry Rao to take sums of money from the treasury and that fraudulent entries were made in the accounts to prevent discovery of the fact of the payment of these sums before the presentation of the bills on which they were drawn. I have shewn that a further fraudulent entry in account was made in an attempt to deceive the Head Assistant Collector, and to induce him to believe that 8,000 Rupees were in the treasury in excess of the sum actually there, and that Shashegherry Rao on the day following the discovery of this defalcation of 8,000 Rupees attempted to prevent the discovery of the further defalcation which he knew to exist in the gybut, by commencing to place money in the treasury

treasury) brought from his private dwelling-
I have shewn that a further fraudulent
entry in account was made on the
13th of November, when 7,000 Rupees
were represented as paid away to
Talook establishments, no such payment
having been made, and it now only
remains for me to shew the grounds
on which I consider this to be such
an aggravated case, as imperatively
to call for committal to the Court
under Sections XVII and XVIII of Regulation
IX of 1822.

Accustomed to deal with
purely criminal cases, in the disposal
of which the amount stolen is not
allowed to have such weight, as the
circumstances under which it is taken
so that the robbery of fifty Rupees
obtained by forcible entry to a house
is as much a felony, and punished
as severely as if the booty had been
considerably larger, a Criminal Court
might at first sight not be much
struck by the magnitude of
Shashegherry

Shashegherry Rao's embezzlement, and
might be disposed to treat his case with
leniency in consideration of his
having made good, the defalcation
which he caused. But I have to request
the Court's attention to the circumstances
under which the Collector of Cuddapah
is obliged to place more than ordinary
confidence in his Cashkeeper and to
leave more than ordinarily large sums
of money in his charge. Circumstances
which, as the law always especially
protects those who from the nature
of things are least able to protect
themselves, give the Collector a peculiar
claim on the protection of the
Criminal Courts against the abuse
of this necessary confidence. The vast
size of this province obliges the
Collector to be absent from his head
quarters for several months in the
year and often at such great distances
as to prevent his coming frequently
to Cuddapah without causing great
delay to the Revenue settlement and
inconvenience

inconvenience to all concerned in it. Circumstances have of late left him very often without an assistant, and he is therefore obliged to leave large sums of money in the Cashkeeper's hands to meet the bills drawn on the treasury by the Accountant General. Since I have had charge of this Office Rupees 1,62,000 have been paid away on bills in a single month, and had my Office been then in a distant situation it would have been requisite, to prevent inconvenience to the public service, that a sum larger in amount than that should have been at the Cashkeeper's disposal. If therefore the necessities of his position oblige the Collector to repose this confidence I submit that a breach of it on the Cashkeeper's part calls for heavy punishment. A private servant is punished for stealing his employer's property more heavily than another would be, because of the trust that is unavoidably placed in him and

and by parity of reasoning the same additional weight should be given to the arm of justice when the parties are public men. The law heavily punishes sheep stealing not on account of the great value of the thing stolen, but because it is property which from the nature of things must be left unguarded by its owner, the law therefore guards it for him - in the same manner I claim for the Collector that protection from the law - which it is not possible he should afford himself.

The accounts of the Head 20. Shroff are what the present case must in some measure rest upon, their correctness is proved by the fact that the examination of the treasury coincided with them, and that they tally exactly with those of Mr. Saalfeld, and with the statements of all the witnesses examined - I cannot therefore commit him for keeping false accounts, nor can I prove that he derived any direct advantage from the embezzlement of Shanbogherry Rao, but this is not necessary - the first clause of the

clause of the second section of Regulation IX of 1822 includes in its penalties "all who have allowed to be committed any of the acts particularized in its subsequent clauses.-

21. To this extent the Sheriff is clearly within the law and I commit him accordingly.

22. I have only further to add that if the Court requires any explanation of accounts, a servant from my office shall attend, and I request that if you should commit this case to the Session Court, this letter may accompany the records.

Bds No. 476 & Extract Reg.d from Trichinopoly and Madura Collectorates 1802 to 1814

No.

that the Widow of the former Zemindar of Cuddambore has paid the arears of Revenue due for Fasly 1260, and given Security to the extent of one years Peishcush and requesting permission to place her in possession of the Estate on her executing an agreement to discharge the debts admitted by her, leaving the Maniachy Zemindar, whose claims she denies, to prove and recover his demand by a Civil Action.

Board of Revenue under date the 29th September 1851 which directs that before placing Thungummah nachiar the widow of Comara Kaumy Tadia Talaver the former Zemindar of Cadumboor in possession of the Estate, Security should be obtained from her for the liquidation of the arrears due up to 15th August 1851 and for the regular payment of the Circar dues hereafter also for settling any private debts of the last Zemindar. I have the honor to state that Thungummah Nachiar has in obedience to the above directions communicated to her by an order paid the arrears of Rupees 1050 outstanding against the Estate on account of Fasly 1260 and do given Security in landed property to the extent of one years Peishcush or Rupees 3850.

2nd From the documents received from the Tahsildar it

it appears that claims for debts due by the deceased Zemindar Mootoo Talavachy amounting in the aggregate to Rupees 25,415. 13. 7 have been advanced by 9 Creditors as shewn in the margin of this the claims of 8 Creditors for Rupees 5,450. 13. 7 are admitted by the Ranee, the same having been found mentioned in the accounts of the Zemindary while

No 1. This is found entered in a Register kept in the Collectors Office of Zemindar Cuddalore and Collectorate.

while those brought forward by the Maniachy Zemindar for Rupees 19,965 are objected to by her on the ground that the Deed produced by him and alleged to have been executed by Mootoo Talavachy to the effect that the above sum is due to him as part of a debt contracted by Ramoo Talavachy and Mootoo Talavachy hereby in the days of his Father, is not a genuine one as it bears date the 31st July 1851 being the day preceding that on which Mootoo Talavachy died after a severe illness of a period of 7 Months, she further urges that when the illegitimate son of the late Maniachy Zemindar instituted a suit against his Father in the Court in Amdo 1020 for the recovery of a certain sum borrowed from him and paid by his Father to Ramoo Talavachy and Mootoo Talavachy for the cost of a suit then pending in the Court regarding the right of succession to the Cadumbur Zemindary the present Zemindar in the answer filed by his Vakeel in the

Court

Court declared that some money was lent by his Father to Ramootalavachy and Mootoo Talavachy on account of the Court expenses incurred by them, that it was recovered from them and that consequently they were not indebted to his Father, she also argues that the accounts kept by Ramootalavachy and Mootoo Talavachy shew that Rupees 4,542 were expended by them in purchasing Piece goods and making Jewels &c on account of the Maniachy Zemindar and that if it were true that Rupees 19,965 were due to him, the accounts should have stated that the above sum of Rupees 4,542 were paid in part liquidation of the debt in question, which they do not and that therefore she has a claim to that extent upon the Maniachy Zemindar. Thungunmanackiar adds that she is unable to give security for the above debt, but promises to execute an agreement binding herself to pay the

debts

debts admitted by her as above indicated.

3. One Veerapa Pillay who was managing the affairs of the Zemindary while Moottoo Talavachy was alive and 2 other sampethies of the Estate in question state in the depositions given before the Tahsildar that they are ignorant of the Deed and of its contents which is said by the Maniachy Zemindar to have been executed in his favor for Rupees 19965.

4. Under these circumstances it seems to me unnecessary to require security from Shungunmah Nachier for the satisfaction of the demand made against the Estate by the Maniachy Zemindar and I therefore request permission to place her in charge of the Estate on her executing an agreement to discharge the debts admitted by her leaving the Maniachy Zemindar to prove and recover his demand if just by suit in the Civil Court.

Sir,

With reference to my letter of 21st Ultimo I have the honor to acquaint you for the information of the Board of Revenue that I have since taken an opportunity of inspecting the Chultry built by Venkata Lorbiah at Autton in the Punjamahl Talook, and find that the accommodation provided for Bramins and that for Mussulmans and Miscellaneous Classes is good and sufficient while there is scarcely any provision for good caste Soodras such as Vellalers. The "Thatched House" marked in the plan to

the South of the main building is set apart for the use of such persons but is so little adapted for the purpose that I beg to suggest the grant of land which was applied for may be withheld until I am able to report that the defect above pointed out has been rectified.

Advertising to para 3. of Extract from the Proceedings of

of the Court of Wards bearing date the 15th Ultimo I have the honor to state for their information and for submission to Government if necessary that the Individual who administered the Poisonous Potion in the "worst manner" was Balcund Gopana Munaty who holds no rent free land the person referred to by the Court Gokala Gopanamunna (or another Grand Uncle of the minor and one in no way connected with the late administration. Under these circumstances I have not considered it expedient to interfere with the existing arrangement.

2. The other points noticed by the Court in the Proceedings under reply, will receive due and immediate attention.
