From the Acting Collector of Guntoor

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 5th instant desiring me, with reference to the Memorandum submitted with my letter of the 10th ultimo, to give my reasons for Collecting certain kists in the Pruttipaud Talook in advance and calling on me to state the amount of such kists.

Stating with reference to the Proceedings of the Board of Revenue dated 5th instant that no order was issued to Collect certain kists in the Pruttipaud Talook in advance

2. In reply I beg to state that no order was issued either by Mr. Stokes in the previous Fusly or by myself in the present, to Collect the particular kists in question in advance, though collections came in advance of the kists up to 15th January between Fasslies 1259 and

B. No. 946.

From the Acting Collector of Guntoor.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 18th ultimo, requesting me, with reference to the Statement of Extra charges for the past Fusly to afford explanation why batta was drawn by Moorsoopully Soobba Row Puntolou Head Moonshee for 23 days after coming to a halt and also regarding an item No. 8, in the same Statement, and in reply beg to state that Soobba Row having been deputed in February 1851, to do duty under the Commissioner for the Northern Circars proceeded to Bezorah in the Masulipatam District and was considered to be entitled to batta for the period he was at that Station, altho' exceeding ten days, as being in another District an Explanatory note should however have been appended to the Statement -

Submitting with reference to the Extract from the Proceedings of the Board under date the 18th Ultimo Explanation regarding the batta drawn by M. Soobba Row for 23 years and the item No. 8 in the Statement of Extra charges for the past Fusly.

2. In regard to the second item

I

I have to state that the parties employed in transporting the remittances from the Salt Stores at Chinna Ganjam across a certain Nullah were remunerated till Fusly 1257 by the remission of the loom tax properly payable by them, this practice having been considered objectionable the Collector fixed in Fusly 1258 Rupees 2 per annum as a proper sum to be paid them annually, and the amount due for that Fusly was disbursed to the parties in the year following and was entered in the 4th Quarterly Statement of charges for the year 1849. The Board however in their remarks under date the 21st February 1850 directed that the item should be entered in the Statement of annual charges incurred without Estimate and under the head of remittances of Treasure, but by some oversight this was never done and the disbursement is still unsanctioned. The instructions indeed contained in the remarks just referred to, seem to have been lost sight of altogether in a manner it must be admitted but little creditable to the servants whose immediate duty it was to see they were conformed to for even in the Statement for the past Fusly, lately submitted the item is not entered under the right head. I therefore beg leave

leave now to transmit a revised Statement in lieu of that forwarded on the 20th February ult. It will be observed that the sums due for the two Fushies 1259 and 1260 were discharged in the latter year.

It further appears that a similar oversight has taken place in regard to the second item referred to in the Board's Remarks of the 21st February 1850, being the pay of 3 Rupees due to a Sweeper at the Ganjam Salt stores for Fusly 1257 but paid in 1258, and which the Board directed should be entered in the Statement of "Extra Establishment" This was not done as the Statement in question had already been submitted. The disbursement made on a similar account for Fusly 1259 in Fusly 1260, was not entered as it should have been in the Statement of "Extra Establishment for that year transmitted in October last. The amount due on the same account for Fusly 1258 was disbursed in the next Fusly, entered in the 4th Quarterly Statement for 1850, and passed by the Board without remarks.

Pay of a Sweeper at Peda Ganjam omitted to be entered in the Statement of Extra Establishment for Fusly 1258 on account of the previous Fusly	3	—
Do Do in Do for Fusly 1260 on account of the previous Fusly	3	—
Pay of Vetty men omitted to be entered in the Statement of actual charges incurred without Estimate for Fusly 1259	2	—
	8	—

4 Under these circumstances I am now compelled to solicit special sanction for the items detailed in the margin.

Ally having been set aside by the Court 1827. the Board concur with the Collector that his claim cannot now be revived.

They also agree in the opinion that the shares of Hossein Ally were resumable on his death in 1848 as his alienation of them to his Niece was unauthorized, but on the whole they would in accordance with the suggestion of the Collector, allow the entire Enam to be registered in the name Madar Bee the widow of the eldest of the 2 Sons to whom the Court decreed the entire Enam in 1827. leaving her and the niece Munnee Bee in enjoyment of their respective shares on the understanding that the whole lapse to Government on the death of Madar Bee.

Extract from the Proceedings of the Board of Revenue dated 8th Ultimo, communicating the sanction of Government for the renewal of a service yeomiah in this District I beg leave to point out that the amount of the allowance is 1-6-3 Rs a p as entered in my Statement of the 9th January 1852, and not 1-8-0 Rs a p as specified in the Resolution of Government. the mistake seems to have arisen from the two yeomiahs (No. 168 and 180) now sanctioned being erroneously stated at 1-6-3 and 0-1-9 in the Statement submitted by the Principal Collector on the 14th January 1834, whereas the allowances are only 1-4-6 Rs a p and 0-1-9 Rs a p making together 1-6-3. as shewn indeed in the Column headed amount of yeomiah of the same Statement I request therefore that the Board will be pleased to obtain revised sanction for the correct amount 1-6-3 Rs a p.

From the Collr. of Nellore ... 1

Sir,

I have the honor to acknowledge receipt of your letter of the 19th. Instant transmitting for report certain Petitions from the Ryots of Ulloor and other Villages in the Jammuchy Talook in this District complaining of having been unjustly charged for Dittum Waste during the Jummabundy of the Current Fusly.-

Reporting upon the Petitions Nos. 758. 779 and 833 of 1852.

Rect. 25 March 1852.

2. For the better understanding of the nature of the complaint I beg to submit for the information of the Board a Statement shewing the Dittum cultivation Dittum Waste, and the amount of Cussoory assessed for the 5 Villages to which the Petitioners refer.

3. The Season of the Current Fusly was, from the commencement very favorable for

for wet cultivation, and the leaving of no less than 30% of waste out of the engagements of the year with plentiful means of irrigation was far from satisfactory. Full enquiry was therefore made and in cases in which wilful neglect of cultivation with the view of reserving the land for pasture was the cause, such proportion of the Teerwah on waste was assessed to the Jummah as appeared fair on a consideration of the means of the Ryot and the character of the season. Some of the Villages under notice are notorious for rich pasturage and are held by large Cattle owners and with the knowledge of the attempts made to evade the legitimate dues of Government, the Cussoory assessed was in my opinion quite necessary, for I have not the slightest wish to impose unjust or oppressive assessment on the Ryots. The season of Cultivation moreover had not gone by when the unpost was assessed and it was considered and so explained to the Ryots generally throughout the Jummabundy, in the light of a demand on prospective cultivation. Indeed with the ample supply of water in the reservoirs, the greater portion if not the whole of the waste taxed could have been cultivated as has been done in other Villages where similar waste was assessed with the prospect of as good a return as from

In regard to the Petition submitted to the Board by the Petitioners which allege are different in form from those presented given and on which the Board desire information, I have the honor to state that the form of the Puttah in the same now, that it has always been— What the Petitioners object to in those accompanying their Petitions is the waste being reafsefsed after it was deducted in the body of the Puttahs This however, is nothing unusual— The settlement of the Villages is of course made in the first instance by my Native Cutcherry and to save time Puttahs are made out according to it but in my revision of their work afterwards if there should be any thing requiring in my opinion to be modified or altered such as adding to or deducting from

the Cufsoory afsefsed or other items such alterations are made in the Puttahs originally prepared and attested by me. In the present instance, there were Rs. 106—12—6 of waste out of the Dittum in Ponnapoody, the Village to which the Puttahs in question appertain, and the whole of it was recommended by the Tahsildar to be afsefsed but only an extent of 54—10—1 of land was taxed by my Sheristadars and the remainder was exempted— As I was not satisfied with the grounds for this exemption, I caused it to be added to the Puttahs— The lands of this Village are mostly what are termed Guddavary lands, which from their quality of retaining moisture are cultivated about September almost independently of artificial irrigation, and as they afford good pasture besides, the more substantial Ryots in the adjoining Villages hold nominal cultivation in this Village for the purpose of securing pasture, and any neglect under these circumstances, of their holdings which but for them might find other occupants, must necessarily be visited with the imposition of a proportionate amount

The Board having received a report from the Collector upon the Statements made in these Petitions, approve of the Proceedings of that Officer. The Season was favorable, and so large an amount of Dittum waste need not have occurred, had Petitioners taken advantage as it was their duty to do, of the means afforded them instead of keeping the lands waste for pasture.

Under these circumstances the Cussoory assessed was moderate. Ponnapoody the entire Dittum charged, as the lands are Guddawary and should have been cultivated without fail.

B. of R. 1048.

From the Collr. of Cuddapah

Sir.

26th of February. In the Board's proceedings of the measures I purpose to adopt to prevent the recurrence of the delay to the Merchants in taking out Sugar Certificates which was occasioned in the last Fusly by the shortness of the period during which the Collector resided in the Muddenpully Taluk.

As soon as I brought the Cutcherry into these Southern Talooks I issued a proclamation to inform all parties concerned that my stay in this part of the district would be limited and warning them of the necessity for making their applications for certificates within a certain date. Hitherto I have not received many applications and the low prices which have ruled at Madras of late will probably have acted much to diminish the export of Sugar from Cuddapah during the present Fusly.

The

The cane juice has been very generally made into Jaggery which has been consumed within the District and the supply has been so plentiful as to have reduced the price from Rs. 17 to Rupees 13 per Candy.

With reference to Para 4 Extract Minute of Consultation dated 12th February 1852 requesting the Board of Revenue to suggest what measures should be adopted for preventing any impediment to the taking out of Sugar Certificates for the future in the Cuddapah District I am directed to submit for the information of the Right Honorable the Governor in Council the accompanying letter from the Collector of that District on the subject.

30th April in Cons 17th May 1852.

2. Mr. Forbes states that as soon as he brought his Cutcherry in to the Southern Talooks for the Summabundy he issued a proclamation to inform all parties concerned, that his stay in that part of the District would be limitted and warning them of the necessity of making their applications for Sugar Certificates within a certain date. Few applications seem to have been received owing to diminished exports in consequence of low Prices. But the Board believe that if this course is annually followed the inconvenience noticed by Government will be obviated to a great extent.

B.d. No. 961. From the Coll.r of Chingleput stating what relief may be afforded to the late Zemindar of Parumbaur Rum to the Circumstances set forth in his Petition

No. 336 of 1852

Para 1.

Sir,

I have the honor to acknowledge the receipt of your letter of the 1st ultimo forwarding a Petition (herewith returned) from Maulanie Syed Mahomed Abdool Wadood Naïnanie late Mootahidar of Parumbaur Rum and requesting me to state under the Circumstances therein set forth what relief should in my opinion be afforded to the Petitioner.

2. The depreciation in the value of the Estate, so far below the permanent Beriz (Viz.t Rupees 900) is attributable to the river Channel by which the Village of Parumbaur Rum is irrigated being in an inefficient state its repair having been neglected for years. Existing disputes regarding the water with certain Villages of the North Arcot District having also tended to limit the extent of Cultivation consequent on the insufficiency of the means of irrigation. Added to these the Mootahidar does not appear to have been on good terms with the Ryots with whom he

Fort St. George 17th May 1852

he was involved in Civil Suits which have tended to impoverish them. Under the above unfavorable circumstances the Mootah has become an unprofitable one, during the last two or three years, the amount realized by the Mootahdar appear to have fallen greatly short of the permanent Beriz - In the Current Fusly 1261 the Village has been settled under Circar Management at only Rupees 1300-

3- Nevertheless I am not disposed to recommend that the Mootah be restored to the Petitioner on receiving from him the balances for which it was confiscated. Such a measure is not only calculated to set a bad precedent, but there is also reason to apprehend that the Mootah after remaining in the hands of the Petitioner for a further period in a declining state would again revert to Government, whilst if retained under Circar Management I feel satisfied that on the Sources of irrigation being put into an efficient state, it will eventually yield a Revenue in excess of the Permanent Beriz -

4- In consideration however of the losses sustained by the Petitioner in a Mootah which has been for the past few years unprofitable to him and of his being deprived

Fort St. George 17th May 1852.

deprived of the means of making up for those losses by the reversion of the Mootah to Government, I beg to suggest for the consideration of the Board of Revenue that the balances at present outstanding against him on Account of Fusly 1260 Vig, Rupees 676-11-6 as per may be recommended to Government for remission -

5- Adverting to what has been set forth in the Petition in assigning reasons for the low price at which the Estate was purchased by Government, I beg to state that I am not aware that the date fixed for the sale was a day of festival with the Mohamedans The sale was well attended and several respectable Mahomedans were present to bid for other estates which were sold on the occasion. Had the Petitioner any objection to the date of sale on the score alleged, it is to be presumed he would have urged it during the period which intervened between the date of advertisement and sale -

Sir,

I have the honor to submit copy of Extract from the Proceedings of the Civil Court dated the 1st. No. 1- Extract from the Proceedings of the Civil Court of Chittoor under date the 1st. April 1852-

Read Extract from the Proceedings of the Sudr Udalut under date the 22d. March 1852 requesting

Fort St. George 17th May 1852.—

requesting to be informed whether it is probable that the Amount to be realized by the Sale of the Mortgaged Villages belonging to Rajah Bommarauze Bahadur Zemindar Carvetnuggur will be sufficient to satisfy the Decree in Appeal Suit No. 61 of 1847, on their file, and instructing the Civil Judge that if he sees reason to doubt the sale of the Villages it will be his duty at once to proceed to the attachment of such further property belonging to the Respondent as may be sufficient to make up the probable deficiency.

No further return has yet been received from the Acting Collector regarding the Sale of the 13 Mortgaged Villages attached under the Precept of this Court dated 6th January last and the Court cannot therefore calculate the Amount that may probably be realized by their Sale.

The Civil Judge therefore returned to forward a Copy of the above proceedings to the Acting Collector and to request him to state the Amount that he considers may be realizable from the Villages above alluded to, and in pursuance of the orders of the Sudr Udalut contained in the said Proceedings to call upon that Officer in the event of his appearing doubtful whether the Sale

Sale of the Mortgaged Villages will Produce enough to satisfy the Decree Amount or mentioned in the former Precept from this Court to attach and sell such further portion of the Zemindary of the Respondent as may be sufficient to make up the Probable deficiency.—

Fort St. George 17th May 1852.

Vakeel on behalf of L. Venkatasa Naidoo Appellant in appeal No. 61. of 1847 of the file of the Sudr Udalut representing that unnecessary delay has taken place in executing the decree of this Court and that the property attached is insufficient to satisfy the decree, and is not equivalent to the security lodged by this Petitioner in this suit and praying that the Civil Judge of Chittoor may be directed to attach property belonging to the said Respondent amounting in value to the full amount claimed, setting out such value in his Return under this Court's decree.

1. The Court of Sudr Udalut observe that the Return of the Civil Judge of Chittoor is insufficient, in that it does not specify whether it is probable that the amount to be realized by the sale of the Mortgaged Villages will be sufficient to satisfy the decree which has been passed by the Court of Sudr Udalut in the above appeal.—

2. This information it is necessary should have been supplied, because the orders of the Court of Sudr Udalut of the 24th December last contemplated the issue of further Proceedings in

Fort St. George 17th May 1852.—

in the event of these particular Villages not being found sufficient to meet the demand of Rupees 1,48,232-4-5.—.

3. The Court of Sudr Udalut resolve therefore now to instruct the Civil Judge of Chittoor that if he sees reason to doubt the sale of these Villages producing enough to satisfy the decree, it will be his duty at once to proceed to the attachment of such further property belonging to the Respondent as may be sufficient to make up the probable deficiency.—.

Ordered that Extract from these Proceedings be forwarded to the Civil Judge of Chittoor for his information and guidance.—.

Para 1. In return to the annexed Precept from the Civil Court of Sutton dated the 1st Instant, forwarding Extract from the Proceedings of the Sudr Udalat, dated the 22nd ultimo, and requesting the acting Collector to state the amount that he considers may be realized from the 13 Villages belonging to the Carvetnuger Zemindary, which the Court has ordered to be attached and sold in satisfaction of the decree in A.S. No. 261 of 1847 on the file of the Court of Sadr Udalat, and calling upon the Acting Collector, in the event of its appearing doubtful whether the sale of the Mortgaged Villages will produce enough to satisfy the decree, to attach and sell such further portion of the Zemindary of the Respondent as may be sufficient to make up the probable deficiency, the Acting Collector has the honor to state that the sum of Rs. 35,000 has been paid in Cash on account of the decree, and is now in deposit at the disposal of the Court. The Acting Collector has also reason to believe that a further sum of Rupees 15,000 and

Fort St. George 17th May 1852.

will be paid in the course of a few days.

2. In respect to the balance, which will then amount to Rupees 9,8232-4-5. It appears that the gross assessment on the mortgaged Villages amounts to Rupees 4,558-9-0 of this the average annual amount of Revenue collected from Fusly 1251 to 1253 when the Zemindary was under Circar Management, was Rupees 13,604-15-5 of which the Peishcush was Rupees 8,204-1-4 and the balance of profit payable to the Zemindar, Rupees 5,400-14-1 as at the present time it is stated that the average annual Collections have improved in amount, so as to yield a profit of about Rupees 6,800 per annum.

3. With reference to the above accounts the Acting Collector can scarcely believe that the sale of these Villages will yield a sufficient sum to discharge the balance, after deducting the Sum already Collected, and the Sum to be paid shortly. But considering the disposition now manifested by the Defendant to meet the demand from other resources, if the proceeds of the sale should not be adequate the facility with which a further attachment can be made, after the accounts for determining the proportion of Peishcush to be assessed on the present attached portion has

Fort St. George 17th May 1852.—

has been ascertained, the Counter interests possessed by other creditors on the remaining portion of the Zemindary - and the arrangement to which the Civil Court acceded in 1846. for the Zemindary to be held in trust on behalf of those creditors, the Acting Collector is of opinion that the Revenue authorities should be permitted to carry out the former orders of the Court, previously to taking further steps, and requests before a further attachment be made, that the information now given may be submitted to the Court of Sudr Udalut.

4. A considerable time will be still required to enable the Acting Collector to examine the whole of the accounts of the Zemindary for the three last years, and report to the Board of Revenue the amount of Peishcush to be assessed on this portion to be divided under the Provisions of Section VI. Regulation XXVII of 1802, but when the accounts have been examined with this object, the proportionate assessment to be fixed on any other portion it might hereafter be necessary to sell, could readily be determined from the accounts already prepared.—

Submits a Report on Govt. Petition No. 263 presented by Yasoo Mootoo Head Nautamma = carah of Pullers on the condition of Pullers.-

Sir,

In obedience to the orders of Government under date 23d March 1852 on Petition No. 263 transmitted by your Board on the 31st Idem, I have the honor to submit the following explanation.-

The Petitioner in his address to the Right Honorable the Governor in Council brings to notice and portrays the deplorable condition of the Pullers people of the District, whom he says he represents, and suggests the means whereby the grievances complained of may be redressed. But before I submit my replies to this individuals allegations, I deem it my duty to state what I know of his Character.-

I sent for this man and interrogated him on the subject of his Petition and his means of livelihood. He informed me that though

though he was a Puller, or serf of the soil he was independent and a free Agent to go where he pleased and do as he pleased, and that he actually held land under his own culture.— That he had once been a catechist to the Revd. M.r Koshkoff, but was not so any longer, having been some time removed by the Missionary. That he had received no delegation whatever from the Pullers of the District to proceed to the Presidency and lay this Petition before Government, and that his means of livelihood consisted in part from the produce of his land, but in chief from fees exacted from his confreres the Pullers, as their Natuvear.—

3. It seems scarcely necessary for me to explain to your Board the nature or condition of the relative position between the Meerasidar and his Puller or agricultural serf of the soil.— It is a relationship that has been fully explained over and over again, and with which your Board must be most familiar. It may be termed slavery of the most extreme mild form subsisting in the agricultural villages and communities between the land

land lord and his serf. But which is not recognized by the Government and since passing of Act V of 1843 has never been enforced by the authorities.— The very fact of the extensive emigration of the agricultural labourer of the soil without the permission or leave of the Meerasidar proves, that, whatever may have been the case before, the Puller is a free Agent now, and by the exercise of this free agency has it in his power to inflict serious injury not only on the landed proprietor but on the Government also, by the withdrawal of the labour of the country.—

4.— The History of Southern India as regards her Village communities and tenure of land is at variance with the 1st. allegation and facts of this Petition.— The Revenue authorities have yet to learn that "the Meerasidar and the cultivator of the soil "the Puller, equally divided the produce of the land cultivated," under any of the native Governments.— The Pullers in this Zillah are now paid according to the same rate they received during the time of the Mahomedan Government, and no change or diminution has been effected.— The subjoined Statement shews the remuneration established per Annum.— For

That the Puller is transferable with the soil is beyond question.—

5th The second allegation that the land on which the Pullers houses are built is their own, or was ever so considered by the Carnatic Government is wholly untrue, and the Puller has no right to whatever in the soil, and never could establish such right though he were to litigate in our Hundred Courts of Justice. And as to their being prevented having schools or erecting houses, all I can say is, I never heard of it. But certain I am that this Petitioner is not the style of man to set up schools or to better his fellow men of the Puller caste.

6th I must be permitted to say that I regard this Petition as the production of an idle man, who under pretence of obtaining redress for imaginary grievances, goes about pilfering his fellows, by levying contributions to present Petitions, and move persons in high places.—

He candidly confessed to me that he did not know the full contents of his address to the Right Honorable the Governor and that it was drafted at Madras by

No. 1.

To

The Right Honorable Sir Henry Pottinger Bart G.C.B. Governor of Fort St. George Madras.—

The humble address of Yaso Moothoo Head Nataumakarah of the Puller Population of the 8 Talooks of Conaud, Lalgoody, Velacully, Moosiree, Thoraiyoor, Valeconconda poo=-poorum, Aryaloor and Woodiar=-poluum in the District of Trichinopoly.—

Most respectfully Sheweth.—

That your Petitioner, a Christ=-ist under the Reverend Mr. Kohlhoff of Cuddalore and the Head Nataumakara of the Puller population of the above said 8 Talooks in the District of Trichinopoly, has been commissioned by the people whose he represents to lay their grievances before your Honor in Council and humbly pray for redress. With this view your

Fort St. George 17th. May 1852.—

your Petitioner has travelled down to Madras to lay a representation of the past and present condition of the Puller population in the above District amount=-ing to 150,000 Souls who are now op=-=pressed and persecuted in a manner truly deplorable. Your Petitioner prays your Honor will be pleased to give this representation an attentive perusal and kindly grant the prayers therein set forth.—

That under the Government of the Rajahs and Nabobs, the produce of the lands was equally divided between the owners of the lands the Meerasseedars, and cultivators of the soil, the Pullers. The Meerasseedars out of their share, paid the Circar first and the cultivators or Pullers, enjoying half the produce, retained as much grain, as would be sufficient for home consumption during the year and disposed of the surplus, and with the money accruing from such disposal they purchased other necessaries of life. They were then in happy circumstances; they had comfortable houses and were well clad. Such was the happy condition of the Pullers under the Rajahs and Nabobs, but now under a christian and

and enlightned Government their condi-
=tion is sadly and deplorably changed. The
Pullers are now considered the serfs of
the soil; and they are held in a state
of bondage bordering on Slavery. A
Puller and his wife no matter how many
children they may have are now allowed
only two measures of paddy per diem
and nothing more; and for this the whole
time and industry of the husband and wife,
must be devoted to the interests of the
Meerasseedars. With this scanty allowance
of two measures of Paddy per diem, a Puller
must feed, maintain and cloathe himself,
his wife and perhaps half a dozen children.
The consequence is that they are a miser-
=able, unsetched, starved and nude popula-
=tion. —

Should they with a view of bet-
=tering their circumstances wish to leave
the Meerasseedars, who are the proprietors of
the lands they cultivate and emigrate to other
countries they are prevented by the inter-
=ference of the Collector. They cannot even quit
the District for if they do, they are soon
forced back by the Village and Talook authorities. —

Under the Rajahs and Nabobs the lands
on

on which the Pullers have dwelled
from generation to generation were con-
=sidered their own private property and as such they
were at liberty to sell and purchase the
said lands from each other; but since
the country has fallen into the hands of
the British Government, the Meerasseedars
of the various Villages stating that the
lands on which the Pullers dwell are
theirs, prevent them from building sub-=
stantial houses and erecting schools. Should
the Pullers erect schools in their Villages
for the education of their children, the
Meerasseedars, who are very much against the
improvement of the lower classes of the people
immediately pull them down. Further the
Pullers are not allowed to ride on any
Conveyances or go in procession on occasions
of marriage or any other ceremony.

Your Petitioner has thus far
briefly stated the chief grievances of the
Puller population of the Trichinopoly District,
were he to particularise the state and
condition of these people, it would be har-
=rowing in the extreme. Should your honor
wish to hear a more minute and full
account your Petitioner is prepared to do
so

so if sent for and questioned.—

It is in the power of your Honor alone to meliorate their condition, and your Petitioner in their name humbly prays that your Honor in Council will pity and grant their prayers. What they require is.—

1st That they may be at liberty to go where they please and not be prevented and compelled by the Collector to till the grounds for the Merasseedars, as the British Government hold not any of its subjects under such bondage and slavery, it is not that they wish to quit the land of their birth, for were this way laid open to them the Merasseedars would be made to let, and soften the hardship and better the conditions of the Pullers.—

2d That they may be permitted to establish schools in their Villages for the education of their children. Many among the Pullers are Protestant Christians and were Missionary schools established and Catechists sent among st them to preach the gospel nearly the whole of them would be prepared to embrace the Christian Religion. With this view they have frequently petitioned the Missionaries and

and offered to defray the expenses themselves by subscriptions, but the measure has always been opposed by the Merasseedars who knowing that knowledge is power and fearing the Pullers may in time, if educated, get the upper hand of them, are very desirous to keep them in the lowest scale of ignorance.—

3d That they may be allowed to ride on such conveyances they may have the means to support and go in procession on occasions of marriage or any other ceremoney as the other Hindoos are allowed.—

4th That as there are many thousands of Cawnies of waste uncultivated lands which are capable of cultivation, your Petitioner prays that these lands may be conferred on such Pullers who are free and not under the Merasseedars, for cultivation. They are willing and able to cultivate the said lands and pay the Circar sist, but they must be granted to them at low rates according to the quality of the soil. By this means there will be a great addition to the revenue of the District which is now entirely lost the lands remaining in a barren state.—

These are nothing but reasonable and just

so if sent for and questioned.—

Submitting the report of the Collector of Trichinopoly upon the allegations of the Petitioner in Petition No. 263 of 1852.—

Sir,

From Coll. of Trichinopoly in Petn. No. 263 of 1852.

As directed in the Endorsement of the Government upon Petition 263. of 1852, the Collector of Trichinopoly was called upon to report upon the allegations of the Petitioner.—

2. His reply now forwarded gives such express denial to Petitioner's statements, that few remarks are required from the Board.—

3. The fact of any restrictions being placed upon the Puller is contradicted by the condition of Petitioner himself, who confesses to be, though a Puller, "independent and a free agent, and a cultivator of land upon his own resources, and the existence of any tie save of self interest, binding them to the soil is negatived by the extensive emigration of this class to Ceylon and elsewhere which has existed for some years.—

The

4. The Puller being the agricultural labourer of the country and till within the last few years in a state of predial slavery is from these facts low in the social scale, and in straitened circumstances; but no impediment exists, to his improving his condition by his own efforts and intelligence.—

P. 4

5. The Collector's remark that the Puller "is transferrible with the soil" refers to a custom once enforced, but now abolished by act V of 1843 that he often follows the fortunes of the land is probable; but he does so with his own consent, the connection being one of mutual advantage, and dissolved at e. will.—

6. Wherever "Merasis" exists in Southern India, the lands are the property of the Meerasidars, and are usually, cultivated or subrented by them. Puttahs are however occasionally held by strangers, who, whether Puller or otherwise, are liable to the payment of the customary rights of the meerasidars.—

7. It would seem that the Pullers are in noway prevented from erecting houses or Establishing schools, and lastly it would appear that Petitioner is not the authorized delegate of the class whose advocacy he undertakes, or that he was fully aware of the representations he has made.—

From the Collector of Madura. Sir,

With reference to the Board's Proceedings of the 5th Instant, I have the honor to draw their attention to their Proceedings of the 11th November 1850 in which they promised "to authorize the sale of lands in the Pulneys "specified in the list of particulars "which accompanied the foregoing "letter at a price of 8 years assessment

to

"so soon as some defined plan of the "land is forwarded to them."

2. Intimation to this effect was of course given by me to the parties and I shall feel greatly Embarrassed at being obliged now to offer them the choice of 15 years purchase or the chance of an auction.

3. I do not think that any one would bid more than 8 years purchase for unoccupied land on the Pulneys, as hitherto no desire for residences there has been evinced by any one unconnected with the District, but the fact of the land being occupied by buildings may tempt the cupidity of some person who would otherwise be indifferent; and in case the land should be purchased by some one, other than the present occupier, what should be done with the buildings.—

3. Under these circumstances the Board recommend that sanction be granted under the provisions of Section XX of the Neilgherry Manual to the sale, without prior competition or exposure of the several spots of Land on the Pulney Hills to the respective applicants at the prices noted opposite to each and for the issue to them of the necessary Leases.—

Bd No. 976.
From the Collector of Tinnevelly Reporting upon Petitions Nos 60 and 163 of 1852. * with enclosures.

Sir,

I have the honor to submit the report required by your letter dated 29th January last upon the allegations contained in Petitions Nos 60* and 163 of 1852 herewith returned, respecting the right claimed by the Petitioners to a share in the Office and emoluments of the Nattamy of the Village of Mooditaumundul in the Streevygoontum Talook.

From the old accounts

2.

and other sources of information and the admission of the Petitioners themselves it is clear that Eroongole Pillay, ancestor of the present party, bearing that

name

name was sole Nattamy gar and esclusively enjoyed the emoluments previous and subsequent to the * Triennial and † Decennial rents.-

3. In 1823 Mr. Hudleston gave an Endorsement on a Petition that according to the request of the Ryots Soobiah Pillay should be appointed at Jummabundy time to be a Meras-sidar / not Nattamy gar /- By a Cowle Takeed issued in May 1825 the above Soobiah Pillay was granted the Merasy allowances of Fusly 1233 in consequence of his having signed the Oloongoo agreement and paid the whole balance of that Fusly when the other Merasidars had not done so; but it does not appear that he ever received them.-

4. In 1829 the Tahsildar issued a Sunnud to the Curnum apparently without orders from the Buzzoor to authorize Caliah Pillay, Arnachellum Pillay and Paroomal Pillay to officiate as Merasidars. In this sunnud, it is stated that Croongole

* From Fusly 1218 to Fusly 1220 inclusive
† From Fusly 1222 to Fusly 1231 inclusive.

Croongole Pillay and Soobiah Pillay, the first with and the latter without emoluments of Office not being found sufficient to manage the cultivation and collection duties; the other three are authorized to officiate but without any claim to a share of the Manium. Paroomal Pillay was dismissed in 1834 by Mr. Eden and one Mauliah Pillay appointed Merasidar in his room.-

5. From this time no complaints seem to have been made about the Office or emoluments in dispute till 1841 when the question came under the Notice of Mr. Ogilvie who attached the Manium pending an investigation. His successor Sir Henry Montgomery after enquiry decided in October of the same year that Croongole Pillay has sole right to the Nattamy allowances and put him in possession of them accordingly.-

6. In 1844 Croongole Pillay complained that the adverse party had usurped part of the Nattamy income for one year which being proved

proved, Mr. Elton caused the amount to be recovered from them and paid to Eroongole Pillay.

7. The Petitioners having in the next year again pressed their claim to a participation in the Enam it was a second time attached by Mr. Thomas and still continues to be so pending the Board's decision upon the appeal against my award in favor of Eroongole Pillay.—

8. The above history of this dispute proves that excepting in one uncertain instance, none of the Petitioners have with the knowledge & consent of the Collector or Tahsildar enjoyed a share of the Nattamy Maniem though they have been permitted to excercise the functions of Merasidars and there is no evidence to shew that Eroongole Pillay ever entered into a private agreement to allow the newly appointed Merasidars to enjoy any portion of his Nattamy Enam. But whether this point had been established or not the case seems to me to be strictly governed by

by the construction of Regulation VI. of 1831 contained in C. O. Board of Revenue 17th October 1850 (Page 538) and that no other decision can be made than that the Nattamy Enam belongs exclusively to Eroongole Pillay.

9. The case of the neighbouring Village Arniaparanellore so strongly insisted upon by Petitioners is not exactly analogous. This was a yekabhoga Village belonging entirely to one Ramalinga Moodaly who became the Renter under the decennial lease and having failed, the Village was sold for arrears to one Iyempermal Pillay who obtained possession at the same time of the Nattamy Emoluments. This person had consequently no ancestral title to the Merasy Office or Maniem and when he subsequently sold some share of the Village and the course of events produced further changes there was no legal obstacle I apprehend to the appointment of fresh Merasidars by the Collector or to the assignment to them of shares of the Merasy Maniem.

10. As required in para 3 of the letter

Fort St. George 17th May 1852.

To the Collector of Tinnevelly
Calling upon the Collector of Tinnevelly to forward the proceedings held in investigation under Act VI of 1831 into the claims to the Nattamy emoluments of Mooditanundal, and to furnish certain other information with reference to his letter of the 21st April.
Recd. 4th June 1852.

Sir,

I am desired to request that you will with reference to your letter of the 21st April, forward to the Board the proceedings held in your investigation under Act VI of 1831 into the claims to the Nattamy emoluments of Mooditanundal.

Fort St. George 17th May 1852.-

2. It appears that the Nattamy Office has been registered in the name of Erungole Pillay, but that the Petitioners "have been permitted to exercise the functions of Meerasidars."-

3. The Board wish to know if there is any real difference between Nattamy and Meerasidar as used in your letter, and whether Petitioners have bona fide performed the duties of heads of the Village (made collections, signed receipts, cultivation accounts &c.) and have been made responsible as such in any manner since the Enam proceeds have been kept in deposit.-

4. If performing Circar duties as Meerasidars, it is presumed that they received, or are to receive, remuneration for their labour, you will also state whether one Nattamy is equal to the duties of a Village having a Beriz of 2745 Rupees.-

5. Among the documents submitted by Petitioners is copy of the

5903 Fort St. George 17th May 1852.

the Tahsildars Huzzoor order to the Mettoo Peon to the effect that a takeed dated 9th January 1845 had been received fining the five Meerasidars and the Curnum two rupees each for not furnishing bandies for the March of the 15th N. I. you will explain whether such an imposition is not in your opinion confirmative of Petitioner's being recognized and made responsible as heads of the Village.

Encls. No. 1.

My Dear Mr. Conolly

As Mr. Stainbank appears to be claiming more than one third part of Mr. Hutson's grant, on the old plea or mistake of Leawries for Acres, which I had hoped was settled, I subjoin a Copy of part of the Agreement made with Mr. S's relatives here, Viz.—

"1st. That they the said Henry Hutson and Richard Owen or one of them will forthwith procure at the joint expense of all parties to this Agreement a proper lease or grant, according to the said Letter, and shall and will immediately thereafter at the like joint expense assign with the said Christopher Stainbank

Stainbank and Richard Henry Stainbank their heirs, &c &c such Lease or Grant as to one equal third part of the uncultivated and uncleared Land to be comprised in such Lease subject only to the Land assessment applicable to such one third part when the same shall become payable "that such one third part shall be forthwith divided from the residue of the said land, the devision to be made by the District Surveyors or other local officers of the said East India Company if the parties hereto shall not agree about the same" Throughout the Dist the portion of land sold is defined as one third part of that uncultivated land which was granted to Mr Hutson in 1818, It is very true that your letter, which is referred to, speaks of 600 Cawnies. Speaking to my friend Colonel Sykes at the India House this morning on the matter he kindly offered me a letter recommending the Governor at Madras to grant me an additional 200 Cawnies, which has gone and I accordingly add the prayer for such addition of uncleared land, adjoining the South boundary of Annesley, and extending down the valley, as Mr Perrie considers that highly desirable for extending the boffe plantation, which I am now in a condition to follow out vigorously. If your Surveyor, to whose arbitration the Deed binds the parties

parties, will kindly settle this boundary question. I shall be glad, in order to have done with any cause of question between two men who ought to be at peace, in that out of the way nook of the world. This additional grant of 200 Cawnies or acres, as may best accord with your forms of granting, may be a readier mode of settling the question, than an alteration of the old grant. And if you should think right to recommend a favorable reception of my request, you would greatly oblige me by allowing Mr Perrie to point out to the Surveyor the ground he wants.

Believe me, yours most truly—

From Collr. 8th April 1852

From Collr. 11th April in Cons: 17th May

Minutes of consultation 20th February 1847 granting an extent of 600 Acres of Forest land at Wallaghat in Malabar to Mr. Hutson, for Agricultural purposes, (as directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying correspondence with the Collector of Malabar bearing upon the subject.

2. In his letter of the 27th March 1852 the Collector enclosed an application from a Mr. Steinbach, who had purchased and received an assignment from Mr. Hutson of 1/3d share of the land in question, requesting that the 200 Cawnies which had been conveyed to him might be placed in his possession and measured and the boundary fixed. Mr. Conolly found some difficulty in acceding to the proposal to make over 200 Cawnies as the 1/3d conveyed to Mr. Steinbach, and pointed out that altho' 600 Acres were applied for by Mr. Hutson, yet in the order conveying the sanction of Government for this extent 600 Cawnies had by a clerical error been

Substituted

Fort St. George 17th May 1852

Substituted. The Board deeming it unsafe to alter the extent in the document sanctioning the original grant to Mr. Hutson from Acres to Cawnies without his consent and being aware of that Gentleman's mental affliction have directed the Collector to place

29th April 1852

Mr. Steinbank in possession of 200 Acres out of the 600 Acres held by Mr. Hutson, and to allow the former a fresh grant of 66 Acres out of the adjoining or surrounding Waste to make up the 200 Cawnies, or Supposed 1/3d share.

3. The Board take this opportunity of requesting that Government will confirm this arrangement.

4. The Collector's letters, of the 8 March and 11th April 1852 relate to a Petition addressed to His Excellency the Governor of Madras by Mr. Owen of the Royal College of Surgeons London who is apparently a partner of Mr. Hutson and is managing his Estate in consequence of the illness of the latter. Mr. Owen applies for 200 Cawnies of the Forest land of Wallaghat extending along the Valley from the South boundary

of

of the present plantation known as the Annesley Estate, upon the same terms as the original grant to Mr. Hutson.

5.

The Collector observes that any clearance of Jungle, or any expenditure of Capital which will employ labor in so wild and poor a spot as Wallaghaut will tend to the public advantage, and the Board therefore recommend that the fresh extent of 200 Cawnies now applied for by Mr. Owen, may accordingly be granted to him, on the same terms and conditions as the original grant to Mr. Hutson.—

Sir

I have the honor with reference to the Board's Proceedings of the 25th November 1850 to submit my report enclosed, on the state and condition of the English and Native Records

Records of this Office Generally speaking the records are in good condition but they requisire for their preservation and security a few bureaus and trunks, an Estimate for which, I shall submit shortly for the sanction of the Board—

2. In the Surveyor's Department, most of the Plans are in a defaced condition, from the lapse of time and require renewing, and I would take the liberty to suggest the temporary employment of one or two Native Maistries to recopy the same—

3. The old Sayer records are not included in the above list—As they are being destroyed by Vermin and damp, and occupy a large portion of a room in the office—I would solicit the Orders of the Board to have them destroyed—

Sir,

With reference to Para 3 of your letter of 17th April 1852, reporting on the state of the English and Native Records of your Office; and another dated 30th Idem, submitting an Estimate

Fort St. George 17th. May 1852.

Estimate for Bureaux &c.a for their Accommoda-
tion and Security, I am directed by the Board
of Revenue, to request that you will furnish
them with a list of such of those Records
as are useless, that sanction may be granted
for their destruction, in which case, the Esti-
=mate submitted by you might be consider-
=ably reduced or dispensed with altogether as
regards Admirals and Bureaus—

2

I am desired to return the
above Estimate, with a request that you
will revise and retransmit it to this Office
in the form prescribed by the Orders of
Government dated 6th. February 1852, publish-
=ed in the Fort St. George Gazette Page 165—

B. No. 946.
To the Chief Secretary to Government.

Sir.

I am directed by the Board of Revenue to request that you will submit for the orders of the Right Honorable the Governor in Council the accompanying Statement exhibiting the Wastage of Salt which occurred in the several Salt manufacturing Districts under the Madras Presidency during Fusly 1260. The additional Columns have been added as directed by Government (Extract Minutes Consultation 25th April 1851) tho' as the Salt for all branches of the trade is stored together the further specifications of the Wastage cannot be made—

2. It will be observed that the Value of the Wastage at the prime cost to Government is Rupees 18848-7-9½ while that at the selling price is Rupees 177788—12—0¾.

3. Under the explanation contained in the Columns of remarks in the Statement now transmitted, the Board resolve to recommend that Sanction be granted for writing off the Wastage of Salt amounting to Indian Maunds 189739-63/8. which bears a percentage of 4 3/16 on the amount stored and is below the proportion of Wastage during the two previous Fusles—

Fusly 1258. 4 15/16
Fusly 1259. 4 3/16

4. The amount in the Masulipatam District is large, the Collector observing that his attention will be directed to the subject at the earliest practicable period—

Read the following letter from the Secretary to the Board of Revenue -

(Here entered 4th March 1852. N. 85)

Para 1 - In the foregoing letter the Board of Revenue submit their opinion on the question referred for their consideration in para 12 of an Extract from the Minutes of Consultation dated 17th November 1851 regarding the propriety of requiring the

by Enamdars is to be distributed adding that no assessment is to be imposed in consequence on the holders of these Enams.

the Enamdar holding lands under the Singanamulla Tank in Bellary, to bear a proportion of the expense of its repairs.

2. After careful consideration of the arguments for and against the measure as urged respectively by the Board of Revenue and the Collector of Bellary, and considering that the Tank has been rendered, by natural causes, useless alike to the Enamdars as to Government, and that its restoration will be attended with advantage as its neglect will be followed by loss to both the parties, the Right Honorable the Governor in Council concurs with the Board of Revenue that it is but reasonable to require the Enamdars to contribute, a fair proportion of the expense of repair, & that the payment should be made easy to them by small Annual instalments on the actual cultivation. He is also of opinion that as the quantity of water allowed to the lands of the Enamdars is placed under restriction, so likewise the proportion to be contributed by them should be regulated by consideration of this circumstance, and the rate of Rupees 8-14-0 per Acre which the Collector of Bellary regards as a sufficient quota and which is supported by the Board, appears to the Govern-

to

to be fair as an average rate. the actual rates being as suggested by Mr. Pelly left to vary somewhat according to the quality of the land. These rates as also the number of yearly instalments into which the payment is to be distributed will be determined by the Board in communication with the Collector and will be reported to Government.

3. In regard to service Enamdars who derive their Emoluments from the Enam lands the Governor in Council agrees with the Collector and the Board that this class should be altogether exempted from contribution towards the repair of the Tank.

4. In consideration of the reasons assigned in the concluding para of the above letter, the Governor in Council will not disturb the hitherto existing tenure of these Enams by imposing on the holders an assessment on account of any expected improvement of their lands by the restoration of the Tanks from which they receive irrigation.

Read the following letter from the Secretary to the Board of Revenue (Here enter 29th. April 1852 No. 148)

Para 1. It was not the intention of Government that the course indicated in Para 10 Extract Minutes of Consultation 9th. March last should be followed in Cases where acting upon it would lead to any material delay in the submission of the Boards review of an annual revenue settlement. In such instances the information need not be waited for. The Governor in Council is not however of opinion that such delay would have occurred in obtaining explanation

Fort St. George 20th. May 1852.

on the points noticed in the Boards Proceedings on the Trichinopoly Settlement not in the majority of such cases. In general he believes that an Official Memorandum indicating the matters on which explanation is defective and requiring it to be furnished, or cause why it cannot be furnished to be assigned within a fixed time which should not at the outside exceed five days will be all that would be required.

2 When such information cannot be supplied within the prescribed time the Boards Proceedings must be closed without it and it must be considered by the Board if of importance separately otherwise in their review of the next report.

Bc. No. 1145.

From the Collr. of Nellore.....

Sir,

Agreeably to the requisition contained in the Circulars from your Office dated 27th. March and 18th Decemr. ber 1851, I have the honor to submit a Statement showing the expenditure and account of the Lunguerkhana in this District.—

2. The Monthly allowance of Rupees 245 is allotted for the support of the Institution in this District and the actual expenditure in the past year was Rupees 2839-6-3, the total number of persons who received support during that period being 179- Some receive a daily allowance and others are paid by the Months, and the Stipends in no case exceed 4 Rupees, the only instance in which this is paid being for the support of

Fort St. George 20th. May 1852.—

of a destitute family consisting of 4 Members. In all other cases the allowance varies from 7 annas to 3 Rupees and the largest possible number of persons may therefore be said to be supported by the Institution. The class of people who are thus relieved are the blind, the dumb, the lame and other destitute and deserving objects who from bodily infirmity or mental disorder are incapable, without such assistance, of supporting life- In addition to the inquiry instituted into the circumstances and condition in life of all applicants for admission into the Lungerkhana they are invariably brought up before me and I have thus the means of satisfying myself that they are really objects of charity. The payments, moreover being never made but to each recipient in person, there are no grounds for supposing that any imposition is practised and that the Institutions does not subserve the objects of which it is intended.—

To W. H. Bayley Esqr

Secretary to the

Board of Revenue

Fort St. George,

Sir,

With reference to the Enclosure from the Proceedings of the Board of Revenue, under date the 10th ultimo, I am directed to request you to reconsider the decision noticed in the case of Ramnaik in the return for December last.

2. Perusal has afforded no discrimination under Regulation XI of 1831 awarding a grant subsequent to the date of the Decease of the last Pensioner, unless the Petitioner can establish for the particular circumstances to plead for such provision.

3. The Petitioner is therefore left to the Revenue Authorities to decide whether the Case though there was annexed to the Petition a Certificate of Residence of the Village and Confirmation of the Death of the Pensioner a Brother of the Ryotwar Pensioner Shane Reduced the Pension from Two years emolument to One year's emolument.

Bellary District Collector's Office

Sir

With reference to the Boards circular letter of the 14th of April 1851 regarding the practise which obtains in some parts of the country of adulterating the Cultivation by packing with it inferior description or that which is raw and unseeded I have the honor to report that although I am not able to adduce any specific instance as having come to my own knowledge the enquires I have made lead me to believe that the practice is not unknown in Cuddapah and frauds of a similar nature have certainly been attempted and detected in the more valuable article of indigo- The Ryotts have had pointed out to them the injurious effects which must result to their own interests from the Continuance of the practice, and I shall be careful from time to time to impress the question on their memory

From the Coll. of Chingleput

Sir.

Para. 1

Referring to the accompanying Petition presented to the Board of Revenue by the Abkarry Contractors of this District representing the losses sustained by them in their undertaking in renting the Abkarry Farm, and applying for the remission of a portion of the rent, and adverting to my remarks on the subject in Para 7 of my report on the Settlement of the Extra Revenue of this District for Fusly 1260, and to a further Petition also enclosed recently addressed to me by the same parties, I have the honor to submit for the consideration of the Board the circumstances under which they consider themselves entitled to indulgence from Government.

Recommending that a Remission of Rupees 10,000 may be granted to the present Abkarry Renters or that their lease may be extended for a further period.

† No. 2072 of 1851.

* No. 1.

2. The Abkarry of this District was rented for a period of three years or from fusly 1259 to 1261 at an annual Sum of Rupees 73,200 which though Rupees 3,300 less than the rent

rent of any of the previous three years in Rupees 7,669 in excess of the average Revenue from this Source for the past 20 years, and it will also be observed from Para 11 of my Predecessors report on the Extra Revenue for fusly 1259 that Rupees 1189 of the decrease above alluded to was attributable to the transfer of certain shops formerly included in the Abkarry farm of the District, to the Madras Collectorate

3. The first year (Fusly 1259) of the lease was one of famine which occasioned a falling off of 25 per cent or 1/4th of the Land Revenue of the District. The next year (Fusly 1260) was also characterized by drought, and though the Revenue rose slightly over that of the preceding year it was greatly below the demand of ordinary years. Unfavorable as the Seasons have been the evil was further aggravated by the occurrence of two gales in the months of May of these Fushies, which though they were not so detrimental in their effects on the revenue derived from Cocoanut trees

trees, appear to have proved injurious in a material degree to the more important branch of the Abkarry Revenue in this District Viz. that derived from Palmyra trees, the Toddy from which is drawn mostly in the Months of May, June and July.-

4 From the above causes the Abkarry Contractors appear to have sustained considerable losses. Their collections up to the present must have been according to their accounts about Rupees 1,70,000 whilst the demand against them is Rupees 1,83,000. The balances outstanding against the Sub renters &c. are stated to be Rupees 25,000 of which 20,000 Rupees appertaining to fushes 1259 and 1260 are not capable of easy recovery. In support of the above Statements the Contractors have offered to produce the detailed accounts of their transactions with the Sub renters &c., but I did not consider it necessary to enter into such a minute enquiry into the subject as the remission solicited by the Renters on account of their losses is more a matter of indulgence than of claim. The information before the Board in regard to the effects of the Seasons on the Abkarry of the adjoining Districts

Districts of North Arcot &c. during the fusles under discussion will enable them to arrive at a satisfactory conclusion in regard to the accuracy of the accounts furnished by the renters which I am not inclined to think are greatly exaggerated.-

5. Under these circumstances the Contractors solicit that remission to the extent of the losses sustained by them may be granted or that the lease which expires at the end of the Current Fusly (July) may be continued to them for a further period of five years at a reduced rent- It is not my desire to advocate any claims on the part of the renters to remission but as it has been usual to deal with them liberally on occasions of losses sustained through famine, Storms and such other calamitous events over which there is no control- I beg to recommend in consideration of the short term of their lease which does not allow them sufficient time to recover from the injurious effects of two successive years of the lease, and with the view of encouraging them and other parties to come forward in their offers for the Farm on future occasions, that a remission of Rupees 10,000. of the Rent may be granted to the present Renters

Renters at the expiration of their lease This sum forms 4 a 8 a 10 p. per cent of the total rent of the three years, or 6-13-3 per cent of the rent of the two years which were affected by draught and the Gales referred to, and is 3,000 Rupees higher than the remission allowed to the former lessee on account of the Storms of one Fusly 1256-

6. I beg however to state that I consider it the preferable arrangement to continue the lease for a further period to the renters on somewhat more favorable terms than those agreed to for the period of lease about to expire, thereby leaving no necessity of making such immediate concessions- The amount of the present rent is Rupees 73,200 per annum which may be considered a fair sum for ordinary years, to which Rupees 4,210 the Abkarry Revenue as reported by the Collector of North Arcot of the Villages recently transferred from that district, to this Collectorate being added makes a total of Rupees 77,410- From this sum has to be deducted Rupees 2,500 and Rupees 2,000 or in all Rupees 4,500 in the event of the

the discontinuance as contemplated of the arrack distilleries at Madumbankum and Tumbarum as will be shortly reported to the Board of Revenue in a separate communication with reference to their Proceedings of the 22d January last.—

7. The Contractors represent in their Petition that the lease of the renter of North Arcot was extended for a further period of 5 years, the amount of the rent being reduced with reference to the losses sustained by him. If their Statements are correct I see no objection to a similar course being adopted in this District.—

8 As the longer period of lease will afford a more favorable term in reference to the same average deduced for Fusly on short and long leases in as much as it enables the lessee the better to recover the losses he has sustained in an unfavorable year, I would beg to propose that the lease should be continued for the period of 5 years at the rent of 70,900 per Annum thus allowing the lessees the sum of Rupees 2,000 per Annum as compensation

Compensation for the losses they have sustained from causes above noticed Should however the Board consider the term of the lease as proposed too long and desire that it should be limited as heretofore to 3 years I would beg to recommend that the rent might be reduced to Rupees 69,600 according to which arrangement the sum of Rupees 3,300 per Annum may be considered to be remitted Should the distilleries of Madumbankum and Tumbarum not be discontinued Rupees 4,500 will be added to the above Sum making 74,100.—

9 The Contractors have paid their Kists with great punctuality till recently, but during the last two or three Months they have fallen into arrears, the amount of the balance however outstanding against them is more than made up for by the Company's Security bonds deposited by them. There have been few or no complaints against them. The principal of the Abkarry renters Arroonaghery Moodeliar appears to be a man of substance and respectability and I have no hesitation in recommending his case to the favorable consideration of the Board.—

No. 1

To,

J. H. Cochrane Esqre

Collector of

Chingleput

The humble Petition of

C. Arnaghierry Modeliar

and others, the Abkaree

Ezaradars of the district

of Chingleput.—

Most Respectfully Sheweth.

That your Petitioners beg to be permitted respectfully to bring to your notice that the failure of periodical rain in Fusly 1259. in which the Abkaree was rented out to them as well as in the succeeding fusly 1260 caused a diminution in the sale of Arrack and the severe storm, which fell in the month of May of both the fusles, when the Toddy produce of the Palmira Trees was to be gathered occasioned loss in the Toddy Collections. In consequence of these unforseen accidents there has been a balance of upwards of Rupees 25,00 outstanding against the Subrenters of the Talooks given in lease and also against the Shopkeepers in Poonamallee and two other Talooks under the Amahnee of your Petitioners, who have been thus rendered

unable

unable to pay to Circar the kist of 3 months namely Rupees 18,300. The fact of the loss above referred to your honor may be well aware of from the Arzees at that time addressed by your Petitioners and more particularly from the circumstance of the diminution in the amount of revenue collected from the different Talooks in those two fusles.—

2. That all the means which your Petitioners have been able to employ to induce the defaulting subrenters to pay the outstanding balance, has been of no avail, for they say when demanded, that they have sustained loss to a greater extent than what is stated above, that they find it difficult even to collect kist henceforward and that they shall not be able to pay the outstanding balance unless remission is allowed them for the loss sustained for the two fusles aforesaid some of them in fact have deserted the Villages leaving the leases behind them in consequence of the coercive demands made upon them.—

3. That although there was a large balance due by the Subrenters as shewn above, yet your Petitioners from a desire

of

of securing their honesty and punctuality, have been obliged to satisfy the demands of the Circar by having recourse to loans of money. How far this is true and with what punctuality the former Ezaradars paid their money to the Circar, the Seristadar and other public Servants of your Cutcherry, as well as the records and accounts will, if referred to satisfy your honor.

4. That your Petitioners, who have thus made it their duty to keep their honesty and punctuality unshaken pray that they may be permitted to preserve the same under your just administration during the remaining portion of the lease.

5. That it may not be out of place to mention here that the whole sale Abkaree Ezaradars of the Chittoor District for the reason of his having sustained loss not from similar causes, but from the failure of rain has been allowed by the Collector of the Zillah, with the sanction of the Board of Revenue, the indulgence of holding for a further term of 5 years at a reduced rent of Rupees 104,000

a

a year as shewn below, the Ezarah which was leased out before for Rupees..... 137,000-"-"

The annual amount Rent of the Ezarah is Rs. 137,000-"-"

Deduction made is as follows.-

The Amount Deducted in Amount of a Regiment removed } 5,000-"-"

Net Rupees. 132,000-"-"

The rent for the Villages annexed to the Nellore and Chingleput Districts is about Rupees 7,000 which together with the remission Sanctioned to make good for the loss sustained in the triennial rent amounts to Rupees 28,000-"-"

Net Amount Rupees 104,000-"-"

Thus the former Ezaradars of the Chittoor district being permitted to enjoy a renewed lease for a further period of 5 years at a reduced rate of Rupees 104,000 a year without being made to bid for it as usual at public auction, has realized the amount loss he had sustained and is now placed on convenience and comfort.-

6. That your Petitioners being sensible of your kind disposition to do justice to the parties deserving, solicit at your generous hands a similar indulgence.

to

to that granted by the Collector of Chittoor under similar circumstances
The amount of Ezarah, for — which they have rented the Abkarry is Rupees.....13,200—"
The amount Beriz of Poolicat and other Villages to be annexed from Chittoor District to Chingleput in Fusly 1262 — 3,500—"

16,700—"

From this the Sums to be deducted are the following.—

The Collector of Madras having written a letter to the Board of Revenue complaining that the distilling Arrack in the Butty Godown for supply to the four Godowns at Madawaknn and Teeroporoor in the Sydapet Talook attached to your Petitioners Ezarah opens a way for conveying Arrack clandestinely to the Cantonment at Palaveram and St. Thomas's Mount within the Madras Collectorate and occasions loss of Abkarry Revenue the Board passed an Order that the distilling Arrack at the place aforesaid, should put a stop to,

at

at the commencement of the next Ezarah, consequently the amount to be diminished by the stoppage of the distillation of Arrack is Rupees.....2,500—"—"

The annual average remission on Rupees 25,000 being the loss sustained from failure of rain and fall of storm in Fushes 1259 and 1260. If the lease being renewed for a further period of 5 years, the above loss falls in an average after deducting any balance that may be collected to Rupees....4,200—"—"—6,700—"—"

Net amount is Rupees. 70,000—"—"

If your honor will be pleased with the sanction of the Board of Revenue to grant to your Petitioners a renewed lease of the Ezarah for a further term of 5 years at Rupees 70,000 per annum they will be enabled to realize the loss they have sustained and to pay the future Kists with the same punctuality as heretofore.—

That a compliance with this
7.
request of your Petitioners far from creating

any

any loss to Government, will be attended with advantage to themselves, as it will relieve them from the necessity of paying your Petitioners from the Government Treasury the amount of loss they have sustained as stated above.-

8. That your Petitioners therefore most respectfully solicit your honor will be pleased in consideration of the foregoing circumstances and in Order to secure them from the unpleasant effects of the Serious loss they have sustained to grant them with the sanction of the Board of Revenue a renewed lease for a further period of 5 years for the Abkary Ezarah commencing with the Fusly 1262. and ending with the Fusly 1866.-

That your Petitioners as in duty bound.-

of the 3d. Instant. I have the honor to state that no detailed list of the Pensions payable to the Agent Maniendars appears to have been transmitted to the Board ere that numbered 3 submitted with my letter of the 8th December last.—

2. The apparent inaccuracies in the ages of the Rocca Maniendars as compared with Mr. Hepburn's list of 5th June 1815 arises from that list not giving the actual ages of those individuals at the time of forwarding the list but of their ages when fresh certificates were granted in 1810.—

+ The ages are not entered in this last.—

2. The above Statement shews that the balances from 1240 to 57 amount to 118,975- and that in my former letter I had recommended that Rupees 93,553 should be written off as irrecoverable and the Balance 25,422 Rupees retained as recoverable and doubtful.

3. Of Rupees 2,568 shewn in the present Statement, Rupees 1,649 has subsequently been recovered from the funds of those Pagodas holding the lands against which these arrears stood. but I am not of opinion that more than 919 Rupees should be retained on the Books as I feel certain that none but very petty sums can be collected without attaching and selling the lands which would not I think be expedient for such old balances.

4. With respect to the Shotrium balances of 430 Rupees I beg to state that 69 Rupees has been subsequently collected 38 Rupees more should be retained on the Books and will probably be recovered. These lands neither have been nor should I think be hereafter resumed, for the Pur-chayets have paid the tax regularly from the

Fort St. George 20th May 1852

time the management of the same has been entrusted to them and resumption would hardly be fair for old balances of 15 or 18 years standing which occurred when the Estates were under Circar management.

This balance was suspended in the accounts in the year 1845 as arising from the loss of produce and is now recommended to be remitted.

Needs no Remark.

As the new possessors have not applied to have the Meerassy entered in their names and it appears to be very doubtful whether they will ever do so, the old balance is recommended for remission.

As this balance is due on unsaleable land it is recommended to be struck off.—

Same taven and Poopietaven brothers the Meerasidars of Heelaspaundy Village threw their lands under Varalachadum in Fasly 1251. when their Crops being cut under a Circar Management the produce of the latter's land exceeded 70 per Cent of the standard Grain amount and that of the formers land fell short of it. But as the Meerasidars were brothers and the produce of both their lands exceeded 70 per Cent the full tax was Collected. They having however proved that they were divided brothers the short crop land was entered as Varalachadum. Consequently on its owner's paying the Government demand for the next Fasly he fairly withheld a Sum equal to the excess Collected in Fasly 1251. which however having been carried to the 1852 Summah could not be carried to his Credit for the next Fasly's balance and in Consequence the apparent balance is recommended for Remission.

As this balance is owing to the loss of produce it is recommended for remission

As this Balance arose from short produce it is recommended for remission

As this balance arose from short produce and remained after the Resumption of Cavil Wearum and Rasiwaram, it is recommended for remission.

This balance independent of its being on waste is partly due by Ryots who have no means and Consequently is recommended for remission

The defaulter has no means and as the balance arose from the non cultivation of second crop it is recommended to be remitted.

The defaulter is dead and his security has absconded. Besides as this Balance was withheld on the grounds of the failure of produce in Fusly 1253 which is probably true. it is recommended for remission

(26-27)

Under the explanation contained in the foregoing communication, and in the Collector's previous letter of the 24th March 1852, it would appear that the Land in question is situated in one of the Villages belonging to His Highness the Nawab of the Carnatic which were delivered over to his Agent by the Board's order of 25th December 1801. The Board concur in opinion with the Collector that it should be considered as having lapsed to the Nawab and not to Government, and the Board desire therefore that it may not be interfered with.

Resolved that the following letters be despatched together with the papers therein alluded to.-

No. 199.

To The Chief Secretary to Government.

Sir.

In Extract Minutes of Consultation 28th May 1849 the Government desirous of affording a further trial of Experimental sheep Farming, for the introduction of a better description of Wool, requested the Commissioner of Mysore to supply 100 half bred Merinorams to be divided equally between the two Districts of Salem and Coimbatore, and directed that at the close of two years, the Collectors be instructed to report fully on the results of these Experiments, and to submit returns of produce.-

Adverting to these instructions I am directed by the Board of Revenue to submit the accompanying reports of those Officers upon the subject.-

The.

Br. No. 976.

To the Chief Secretary to Government.

Reporting on the result of the introduction, as an experimental measure, of Merino sheep into the districts of Salem and Coimbatore with a view to obtaining a better description of wool and stating the Number required for certain other districts.-

2.

Fort St. George 20th May 1852.-

3. The Collector of Salem states that 247 Rams and Ewes were received from the Mysore farm of which 50 were forwarded to the Collector of Coimbatore, and the remaining 197 retained for his District. Of this latter Number 8 died soon after their Arrival at Salem together with 4 others which were taken by the late Collector to graze with his own private flock, and the residue were distributed to different individuals in Six Talooks, with instructions respecting the mode of treating rearing and feeding them.-

4. Notwithstanding every precaution that was taken by the late Mr. Lockhart the Collector states that the Casualities were very great, 120 having died out of the 197 originally received.-

5. The produce of the surviving ones was 66 of which 54 were alive at the date of the report, the present number on hand of those received from Mysore is 71 and that of their yield 54, Making in all 125, or 72 less than the original

Fort St. George 20th May 1852.-

original experimental Stock. In addition to these there are 16 others the produce of Country Ewes by Merino rams.-

6. The feeling among the Salem breeders respecting the Merino Sheep is represented as unfavorable owing to the greater care and attention they require, as compared with the indigenous animal, and Mr. Phillips is of opinion that until the success of the experiments in Mysore shall prove notoriously that the wool from the Merino Crofs yields a more profitable return than the coarse hair of the country sheep it will be impracticable to remove this impression.-

7. The Collector of Coimbatore reports that of the 50 Merino rams received in his District 32 died within a year, from the climate not appearing to suit them and that the remaining 18 from being in a sickly state were sent to Coonoor, where some english sheep were doing well and placed in charge of a European Pensioner, who understands farming.- In his subsequent letter of 24th April 1852.- he states that none of these are left, the whole having

Fort St. George 20th May 1852.-

having died.-

8. Altho every care was bestowed on the flock, from the cause above assigned, the experiment has proved a complete failure and Mr. Thomas does not recommend it's being repeated.-

9. It should be observed that the rams received from Mysore, are represented as not being the youngest and the strongest from the Establishment.-

10. No charges were incurred in either District on account of the sheep.-

11 The Board take this opportunity to acknowledge the receipt of Extract Minutes of Consultation dated 20th September 1851. wherein upon the representations of the Commissioner of Mysore, that he is prepared to comply with any requisition that may be made upon him to the extent of 150 Rams and 100 Ewes. they are instructed to ascertain the Districts in which the distribution may be made with advantage.-

12. From the replies of the Collectors noted Marginally to whom Circulars

Fort St. George 20th May 1852.

Circulars were issued on the subject it will be observed that no decided opinion is expressed by any of these Officers, respecting the probable result of the proposed Experiment, but they request that a certain number may be sent to them on trial.-

13. The total number required is 299 Ewes and 108 Rams, but as only 150 rams, and 100 Ewes are available for distribution the Board would suggest that in the event of the Commissioner not being able to supply the whole quantity applied for, the following reduction be made in the number of Ewes required in the undermentioned Districts.-

2. From their replies herewith submitted for the consideration and orders of the Right Honorable the Governor in Council it appears that in the six + Districts marginally noted no Military Cantonments exist. The proposed Military Cantonment at Jacktattallahow on the Neilgherries has it is stated a sufficient extent of land secured for Military purposes. In the seven Districts noted in the Margin no change is needed in the existing arrangements.-

3. In the Ganjam District the Agent is of opinion that the Military Cantonment of Berhampore should be confined to the Military Buildings, the Parade ground, the Sepoy's Lines and the Military Bazar, and he proposes to lay down the same rules for Russelcondah, the Cantonment Limits of which have never been established. — The Board concur in the proposed arrangement. —

Ganjam { 1 Berhampore — 2 Russelcondah —

4. The Military Cantonment of Bellary embraces an area according to the Survey Accounts of 4388 acres of which Mellorpett and Brucepett with the Tank, consisting altogether of 1215 Acres, are appropriated for Civil purposes and the remaining 3173 acres consisting of the Fort and the Westward of it including the Cowle bazar, the Barracks &c. are occupied for purely Military purposes. The Collector proposes to restrict the boundaries of the Cantonment to the Space so occupied. The separation may, he states be easily made, as there already exists a marked distinction between the Civil and Military localities, and

and he shews the proposed limits in the Plan by a dotted line; other suggestions are made by the Collector, but these do not call for consideration on the present occasion. In reference to the limits now proposed, the Board would remind Government that in 1849 the Cantonment was extended over Mellorpett at the requisition of Brigadier Dowker, and on the admission of the Collector that there was no objection in a revenue point of view. Mr. Pelly however stated at the time that the Space was, as is Brucepettah mostly occupied by parties not coming under the denomenation of Military Bazarmen or Camp followers and he now advocates its exclusion together with Brucepetta and other portions, from the Cantonment limits, because they are not in any way occupied for Military purposes, their inhabitants being altogether Civil in Contradistinction to Military and because their transfer to the Civil Jurisdiction would be attended with great advantage

advantage. This arrangement would involve the removal of the Military Police Office to a more central spot in the Cantonment, but as it would carry out the views of Government to confine Cantonment limits within the bounds required for Military purposes, the Board would recommend it for favorable consideration.-

Cuddapah 1- 5. The Collector of Cuddapah is of opinion that the land occupied by the Cantonment, which has been distinctly marked out is sufficient for Military purposes, and he proposes certain Arrangements in regard to the levy of Quit Rent on several occupancies included within the Cantonment, which do not appear objectionable. The occupants of the spots specified in para 5 of that Officer's letter will be informed that their continued enjoyment and possession of their respective holdings, must not be construed as a recognition of their right and title to the lands if they should hereafter be required for Cantonment purposes.-

The

Fort St. George 20th May 1852.-

Chingleput- 1. St. Thomas' Mount
2. Palaveram

The Collector of Chingleput thinks it advisable to restrict the Cantonments of St. Thomas' Mount and Palaveram to limits required for purely Military purposes, as several Gardens and cultivated fields exist within the present boundaries and inconvenience sometimes attends the collection of the Government dues; but having omitted to state how the alterations could be effected, the Board called upon him to point out in what manner he would propose with reference to the Proclamation 1st June 1830, to carry out his suggestions. Mr. Cochrane, it will be seen, hopes to submit the required explanation at an early date, but the Board deem it unnecessary to defer the present report any longer and will forward his letter separately with their opinion upon it.-

The limits of the Vellore Cantonment appear to be clearly marked out and those of Arcot sufficiently so, but the Collector suggests that if it is intended to continue the last mentioned

mentioned station as a Military Cantonment in future, a Map of it's limits should be prepared and lodged in his Office agreeably to Section 3, Regulation VIII of 1832 States also that a Military Police is retained there, the necessity of which in the present absence of Troops is not apparent.-

Trichinopoly-1 Trichinopoly

8. In Trichinopoly the only alteration that is necessary is the transfer to the Military Authorities of a small Bazar or Parchairy and some grounds adjoining the European Barracks marked A and B on the Plan besides the small portion of the Bazar marked C which was added to the Cantonment in 1845.-

Tinnevelly 1 Palamcottah.

9. The Collector of Tinnevelly states that the limits of the Cantonment of Palamcottah are not defined, and that some difficulty, which however he hopes successfully to overcome, may be experienced in doing so. From a recent letter received from that Officer and its enclosure it would appear that the subject is engaging the attention of the Military Authorities.-

10 The Board take this opportunity to point out that besides the Military Cantonments noticed by the Collectors, there are detached Military Posts in their respective Districts as enumerated in the Margin, to which the present reference does not apply.-

11 As regards the rules for the collection of Quit Rent and Assessment on lands within Military Cantonments the local Authorities are of opinion that no modification is requisite.-

2d. On that of the Collector of Bellary to run the limits of the Cantonment as per dotted line in the Plan.

3d. On the proposed transfer in Trichinopoly of the spots marked A. B & C in the plan.—

13. It will be observed from the Collector's letter that Masulipatam, tho' specially named in the orders of the 17th April 1849 is not regarded as a "Military Cantonment" The Board are of opinion that it should be so designated, and that correct plans of the several Military Cantonments should be issued from the proper Department and lodged in the Offices of the respective Magistrates, agreeably to Section 3, Regulation VII of 1832.—

to Government

Declining to authorize any further Sub division of the Enam in which Petitioner Shah Sahib alias Syad Enamoodeen claim a share mentioned in Proceedings of Board 1st April 1852 No. 120 & directing that the Collector of Tinnevelly be instructed to continue the present shares to the parties in possession and as lapses occur to report each case for the orders of Government.

Read the following Extract

No. 384.

Extract from the Minutes of Consultation in the Revenue Department under date the 26th April 1852.

Read the following Extract from the Proceedings of the Board of Revenue

/ Here Enter 1st April 1852. No. 120 /

Para 1

It is observed from the papers submitted with the foregoing Proceeding that the Enam in which the Petitioner Shah Sahib alias Syed Enamoodeen claims a share was granted for Service in a Durgah and has been divided and subdivided among the descendants of the original Grantee. The Government consider this Subdivision of the Enam to

be objectionable, as tending to defeat the object of the grant. It is also opposed to the views already expressed by the Board of Revenue and the Government in the cases referred to in the Notes given at page 295 of the Board's Circular Orders, and further seems to be contrary to the provisions of Regulation VII of 1817 as, if every claim from Members of the family to participate in the grant be admitted the object of the Endowment must in course of time be rendered unattainable and the Enam converted from a Service into a mere personal grant.

2. The Governor in Council cannot therefore authorize any proceedings which might result in a further Subdivision of the Enam under reference, and he desires that the Collector of Tinnevelly may be instructed to continue the present shares to the parties in possession and as lapses occur, to report each case for the orders of Government. Stating at the same time the nature of the Service required at the Durgah and the number and circumstances of the family of the deceased incumbent

From the Coll[r] of Masulipatam.

Sir,

In reply to your printed circular of the 25th March last I have the honor to inform you that I have no Head Sheristadar, the late Head Sheristadar Ramanjee Rao having been suspended from office on the 10th February 1851 and no successor having been yet appointed. The Deputy Sheristadar of this District C. Ramunnah has never served as a Tahsildar, his training having been exclusively in the Collector's office as Head writer, Accountant in the English Department, and Revenue Moonshee and the latter office he filled for 5 years.—

continuing the Villages in sole puttah
in 1825 interfered not with any of the
prescriptive rights of the cultivators and
merely maintained the Zemindar in
the privileges hitherto accompanying
his rank and position.-

4. Past circumstances would
appear to favor the supposition that-
Petitioners have proprietory right in the soil.
the remission was stipulated for (though

No. 45.

(24)

To, W. A. Bayley Esqre.
Secretary to the Board of Revenue,
Fort St. George.

B. of W. 911.
From the Collector of Salem. -

Sir,

Adverting to your Board's proceedings dated the 8th instant Sanctioning the payment of Seventeen Rupees and five Annas (17-5-) as a reward to an informer of concealed cultivation in the Sub Division of this District, in Fusly 1253, I have the honor to express regret that by an oversight in my Office, the sum in question was erroneously stated by me to be still in deposit in my Treasury, whereas on proceeding to arrange for it's actual disbursement I find it was carried to the public credit in January and June of Fusly 1259, and consequently should not, I believe, be paid to the informer without the authority of the Government. For the procural of the requisite sanction, I beg therefore to request your Board will be pleased to make an application, should they see no objection to the measure. -

Salem District, -
Darampoory, - -
14th April, 1852. -

(Signed) W. D. Phillips
Collector.

Trichengode.												On the Informers bringing forward these charges the matter was investigated by the local Tahsildar. The amount ranging from fusly 1240 to 1253 which was proved to have been embezzled and misappropriated by the Curnums was Rupees 1180-7-6, of which sum Rupees 172-10-2 the Amount of Assessment leviable for one year and Rupees 57-8-2, the Amount due by the Curnums for 8 years were ordered by Mr. Brett the then Sub Collector to be recovered from the parties by whom they were respectively payable. No collection was however made and the sum in question was allowed to stand over as an arrear until the Month of March 1850, when, on the Informer Narraina pillay's requesting payment of the reward due to him, further instructions were issued to the Tahsildar in reference to the above order of Mr. Brett. On this Rupees 69-4-3 were recovered and remitted to the Hoozoor Treasury. The remainder Rupees 160-14-1 is reported by the present Acting Sub Collector to be irrecoverable under the circumstances of it's being due by deceased, absconded and indigent ryots. As information of the embezzlement was given immediately after the Completion of the Jummabundy of Taluk Trichengode for fusly 1253 Viz. on the 4th May 1844, before the Settlement of the entire District was completed, the Claim of the Informers seems valid with reference to paragraph 47 of the Hookumnama then in force. I therefore request the Sanction of your Board for paying as a reward to the Informers the Sum of Rupees 17-5-0, which with the balance realized is now in deposit, the said balance being afterwards Carried to credit of the public account.-

From Collector 25th March with Con. 8th April 1852. Proceedings 8th April 1852.

2. From the Collector's application dated 20th March 1852, it will be observed that a sum of Rupees 1186-7-6 ranging from Fusly 1240 to 1253, was embezzled by certain Curnums. Of this sum Rupees 172-10-2 the Amount of Assessment for one year, and Rupees 57-8-2 the Amount due by the Curnums for 8 years, were ordered to be recovered, but of which only Rupees 69-4-3 were realized in March 1850, and the remainder Rupees 160-14-1 is stated to be irrecoverable.-

3. In their Proceedings of 8th April 1852, the Board authorized the payment of Rupees 17-5-0 to the informer in this case, it appearing from the applications that the Sum recovered was held in deposit. as Mr. Phillips now states that the Amount collected had been carried to the credit of Government in January and June of Fusly 1259. the Board recommend that Sanction be granted for the payment of the above mentioned Sum of Rupees 17-5-0 / Seventeen and Annas five / to the Informer Narrainpillay.- To

Communicating the prices of Sandalwood at different places and requesting confirmation of the proposals received for the quantity on hand at Seegoor.

Sir,

Adverting to the Extract from the Proceedings of the Board of Revenue dated the 16th December 1850, Specimens of Sandalwood were forwarded to the Collector of Sea Customs at Madras on the 25th Ulto. times for the purpose of ascertaining whether it would meet with a ready sale at the Presidency.

2- Two merchants, "Insuff seit and Aumundjee," have since proposed to purchase the whole quantity at Seegoor on the Mysore side of the Neilgherries, amounting to 5977 Maunds, and 15 lbs at the average rate of 2- 4- 10½ per Maund of 1000 Rupees or 40- 1- 7- per candy upon the average without reference to sorts.

3- On a reference to the Madras and Bombay Price Current, it appears that Sandalwood sells at 53- 54- to 58- 5- 4- per candy in the former and at 59- 8-" to 76- 9-" in the latter but these prices refer to assorted wood, and not

not to undersigned Billets and prices, whereas the merchants referred to, propose to purchase the whole quantity. The offer is desirable as in the event of the aforesaid quantity being sold the rest will require to be sold in retail at low rates.

4 The Collectors of Malabar and Canara were written to, as suggested by the Board, and the prices which some times obtains in these Districts are noted in the margin. but it does not appear that there is any demand at present, or if there is only for a limited quantity.

5 The probable charges of conveyance from Seegoor to Madras are estimated at 3725-...

6- The price obtainable at Madras for the Sandalwood would be Rupees 14,546- 13- 7- and deducting the charges of conveyance leaves Rupees 10,821- 13- 7 whereas the offer now received amounts to Rupees 13,778- ..- 3- or 2,956- 2- 8- more than the Madras price.

7 . Under these circumstances and nothe no better offers in view, I have accepted the offer of the Merchants abovenamed, said beg the Board's confirmation thereof

To H. V. Conolly Esqre
Collector of Malabar

Sir,

I have the honor to report that I inspected the Tobacco of the Radhary N° 4 and 5 Candies

Fort St George 13th May 1852

Candies received at the Salook office yesterday and have satisfied myself that it is of annually bad description.

2 300 Bundles of each of the 4th Class now sent were examined. Of the 300 sent as 1st Class not one single Bundle was first class and 3 Bundles only were found in the 1200 fit to be received in this class

3 Of the 300 2d Class 91 only could be received as such 351 came into the 3d class and into the 4th Class 682 Bundles, more than half of the entire quantity examined, of all 63 bundles were rejected.

4 My own impression agreed with that of the sorter that a larger number of those received as 4th class ought to have been rejected but we all felt that it would be embarrassing under the circumstances, to reject more. To meet cavil the rejected Tobacco was weighed and it was found that 201 Bundles went to a Candy which should contain from 175 to 200 bundles at the most so light and bad is the tobacco.

5 The above is a fair specimen of the whole Radhary and bad as the Tobacco has often been we have rarely if ever had any thing so bad as this.

To

6 To the badness of the Government article is in a great measure to be attributed the existence of Smuggling and now this is carried on to such an extent that in Palghaut Talook the sales and revenue have fallen to one fourth of their amount 15 years ago and in Ternal [illegible] below one half

Sir.

Para 1. I have had the honor to receive your communication dated 13th Instant enclosing Copy of a letter from your Head assistant reporting upon the bad quality of the Tobacco transmitted with Rodiary No 11 and intimating that you have directed Mr Robinson to Keep the consignment apart until you receive my reply

2 Giving due attention to your previous letters, I have taken every step, short of going personally to the godown to ensure your receiving especially

especially with the last Rodiary the very best Tobacco in store, and I see no reason to doubt that the specific instructions on this head have been attended to by the superintendent in which case it is not probable that you will receive Tobacco of a better quality than this consignment during the season.

3 In order however that no doubt may exist in your mind that every exertion at my disposal has been brought into execution to insure your receiving the best description of Tobacco available, I enclose, for your information Copy of a letter addressed to the Head assistant Mr Wallhouse, and as I can place the utmost confidence in that officer, and feel assured he will act up to the letter of his instructions you will hereafter receive the best description of Tobacco that is in the custody of the Collector of Coimbatore.

4 I have read Mr Robinson's communication with much concern in as much as it is evident that in the face of the supply of Tobacco of this quality no individual could advocate the continuance of a Monopoly which under the authority of Government forced upon a whole population, arbitrarily an article at a high price and of so inferior a quality especially considering that it is consumed as an article of luxury.

The

5 The records of your office will demonstrate that, while officiating as Principal Collector of Malabar I used every exertion in my power to put the Tobacco Monopoly in an efficient condition and that the sales increased during the period I held the reigns of office. I should not have alluded to this fact were it not to give the expression of an opinion derived from having had the management of the Tobacco Monopoly in the District of Malabar, and Coimbatore that the most effectual means to prevent dissatisfaction among the inhabitants of the former District is to revise and totally change the system which prevails in the District of Coimbatore.

6 I feel a clear conviction in my own mind if this were undertaken and that the officers in Malabar would cooperate and do their part, so that only good Tobacco might be supplied and sold, there would be no greater reason for the abolition of this Monopoly than that of Salt provided at the same time, the prevention of smuggling was duly attended to.

7 As my sojourn in this District is now confined to a few days, I conceive that

that in recording the preceding observations I have done all that lies within my province but considering the large revenue at stake and how much the comfort of the people in Malabar depend upon the supply of good Tobacco. I consider it incumbent upon me to place these views on record for your information leaving to yourself and the Collector of Coimbatore to adopt such ulterior measures as, in the better judgment of each may be called for under the present exigency.

To M. J. Wallhouse Esqre
Head Assistant Collector

Sir,

I had the honor under date the 15th Instant, to transmit to you a Yadasht requesting you would personally expedite the transmission of 1200 Candies of Tobacco to Malabar and that if there was any delay in the provision of carriage by the Contractors that you would provide Carts through the instrumentality of the Government officials and dispatch the Tobacco so that the full quantity indented for might reach Malabar without

without fail before the setting in of the periodical rains.

2. I have however now to forward to you copy of a letter from the Collector of Malabar enclosing one from his Head assistant Mr Robinson, my knowledge of whom leads me to the conviction that his statements are not exaggerated but on the contrary that he describes correctly the description of the Tobacco last transmitted I have on previous occasions and more especially with reference to the late consignment sent most special instructions as well through the Head Sheristadar as by orders under my signature that the very best Tobacco in the Godowns should be transmitted to Malabar. Having no reason to suppose the superintendent has disobeyed the order, I fear that a better quality of Tobacco cannot be obtained for transmission in future consignments.

3 As my charge of the District will be confined to a few days I feel that it is better on every account that I should not personally interfere to solicit that you will immediately upon the receipt of this inspect the Godowns. That you will cause as much of the very best Tobacco

Tobacco as may be in store to be packed for transmission to Malabar and forward it as early as may be practicable. That you will weigh a given number of Bales of each sort of Tobacco sent at your discretion put a distinguishing mark on each and entering that mark with the weight in a Memorandum you will be pleased to forward it to the Head assistant Collector at Pumlghaut.

4 I beg at the same time that you will examine the Tobacco in store which has been made over to the Circar of Travancore and declare and report upon its quality compared with the Tobacco in the Godowns.

5 You will be pleased not to allow the 200 candies of Tobacco indented for by the Resident of Travancore to be selected before you have set aside a sufficient quantity of good Tobacco to meet the wants of Malabar I feel myself compelled to take this course, consequent upon the very bad quality of the Tobacco sent to Malabar during this season.

6 I shall forward you a Copy of the letter I shall transmit to the Collector of Malabar.

7 Upon Mr Thomas taking charge

charge you will be pleased to ascertain his wishes and take your instructions from him for your future guidance, if your commission has not been fully executed before his arrival.

Forwards copy of a letter from Mr Thomas on the subject of the supply of Tobacco expected to be received in Malabar for the rest of the season.

To Board dated 29th March 1852.
To the Collector of Coimbatore 2d &c.
From Dr 8th April

Copy of a letter from Mr Thomas written

written shortly after he had rejoined Coimbatore Mr Thomas's account of the Tobacco which we are to expect to receive in Malabar for the rest of the season is, it will be seen, highly discouraging.

2 Mr Thomas views differ generally from those entertained by Mr Underwood. The latter Gentleman is of opinion that there are defects in the Coimbatore Monopoly which might be remedied to the benefit of the Government and of Malabar. I beg to suggest that he be requested to submit his thoughts (as he informs me he is willing to do) on paper, in order that they may receive the needful attention.

3 No one would be more happy I am certain to take advantage of any reform which was shewn to his conviction to be practicable and beneficial than Mr Thomas.

To H. V. Conolly Esqre
Collector of Coimbatore

Sir,

I have the honor to acknowledge the receipt of your letter of the 25th Ultimo No 172.

2 I have perused with attention the Correspondence which has lately taken place between yourself and Mr Underwood in the subject of the Tobacco sent from this District to Paulghaut I do not think that its quality has been as bad as it is represented to be although it is probable that the Tobacco in consequence of its exposure to the sun during transit and from other causes may be found to have been rather dry when it reached Paulghaut.

3 In consequence of the unfavorable character of the season this year, a portion of the quantity purchased for supply to Malabar Travancore and Cochin, is unavoidably of inferior

inferior and dry but this alone is not sufficient to condemn it as useless and it is likely that when the Monsoon sets in the quality of the article may be found different from what it now appears to be.

4 Adverting to Mr Robinsons observations relative to the difference in the assortment of Tobacco it appears to me, that a classification made in one District may and will, often differ from that made in the other nor is it at all certain that the Tobacco once sorted into different classes will maintain the same classification on a 2d sorting, without discrepancy. all that can be done, is to see that bad Tobacco is not furnished and this I have reason to believe has been the endeavour. the quality of the last consignments having been as good as that of ordinary other years.

5 The apportionment of the various classes of Tobacco has been inaccordance with the orders of the Board of Revenue and no better was furnished to Cochin or Travancore from Polvence no complaints appear to have been received the only departure from that rule, has been in favor of Malabar with preference to Kolehundi Tobacco.

6. Under instructions from Mr. Underwood when in charge of the Dist. nearly all the 1st and 2d sorts were sen to Ponany, which has afforded some g of complaint on the part of the Cochi Government. I apprehend that the consignment next despatched will be found to be of a superior quality to the transmitted in last Month.

7. I would also observe that in the purchase of Tobacco in this year, mo than 35 per cent was rejected and pro at low rates and has been a matter of constant complaint on the part of the Growers.

8. Arrangements are in progress for the despatch of a further supply to Pona which will leave Coimbatore in a few days

9. So long as the Monopoly exist existed I fear these discrepancies and co plaints cannot possibly be fully obvia nor extensive smuggling prevented. crop as you are aware, differs grea in quality in different seasons. I only add that no effort will be spar to send you the best I can

2. The Board of Revenue are concerned to find that the Tobacco supplied from Coimbatore for the Malabar Monopoly during this year is of so inferior a quality, but they observe from Mr. Thomas' letter to Mr. Conolly dated 8th April 1852 that it is to be attributed chiefly to the unfavorable character of the season. Should the former Officer however be of opinion that any blame attaches to the Tobacco Superintendent or other Public servants in Coimbatore, he is requested to take due notice of the same.

3. If Mr. Underwood when in charge of the district observed any defects in the Management of the Monopoly in Coimbatore it would have been better had he brought them to notice. The Board are unwilling to call for his opinion as suggested by Mr. Conolly, but the have no objection to Mr. Thomas inviting him to point out in a written form the defects he alludes to with their remedies which might be submitted with Mr. Thomas' own remarks for the information of the Board.

4. The Board take this opportunity of

of furnishing the Collectors of Malabar and C

2. On referring to the Demand
Collection and Balance Statements ending 11th
July (Enclosure A.) it is observed that there is
an excess of Rupees 103-13-5 under the Head of
Inuit Rent, proceeding partly from Bills having
been newly made out for certain lands, and
from the Inuit rent on others having been passed.
There is also an Increase in Ground rent in
consequence of an increase in the number of
Bazars and Chunam Kilns, making together
an Increase of Rupees 406-12-6.

3. A Separate Column has been
added to Statement G: apparently in consequence

of the remark of the Board in para 2 of their Proceedings on the Settlement for Fusly 1259 regarding the propriety of separating the demand on account of previous years from the Current Revenue - Under this head is entered the sum of Rupees 60-14-5. as "arrears of Quit rent collected on certain lands and houses hitherto unassessed" and deducting this from the sum above given it will leave the correct amount of Current Revenue at Rupees 65,875-11-10.-

4. On a comparison of the Cultivation and waste as given in Statement III a decrease in the former and increase in the latter is shewn, the Net decrease in Cultivation being Rupees 116. The Total Cultivation is Rupees 11337 divided according to the sources of irrigation as follows-

The above Statement shews a decrease in the Years Cultivation and that on dependant on the local rains amounting to Rupees 433: The Grama Samoodayem has this year been separated under the different Villages to which it appertains instead as heretofore of being entered in one Gross sum at the end of the Statement.—

6. It is observed that in the lands irrigated by Years or ponds in Vyasarapandi there is an increase of Cawnies in the extent of Cultivation and a decrease of Rupees 152. which would be increase Rupees 180 if the Gramas-moodayem (Rupees 28-8-) be excluded as not having been entered in the demand for last year. A similar fluctuation is observed in the same Village in the Cultiv under Wells, Tanks &c. and the exact correspondence of the Collection in Fasly with the Demand for Current year, as shewn in the Margin would lead to the inference

7- Of the Total demand the Collections to the end of the Fasly only are given at which period the balance was Rupees 9,608- In future the subsequent receipts up to the date of the Collector's report should also be noticed. Sir,

I have the honor with reference to the Extract from the Board's Proceedings dated 3d May 1852. transmitting a communication from Mr. I. B. Jauncey attorney to Mr. I. B. Key of the firm of Messrs. Benny & Co. requesting that the license and ratification of Government as provided for in the lease granted to him may be obtained, and to observe that the only correspondence on the records of this Office having reference to Sir Wm. Rumbold's property on the Neilgherries is noted Marginally; but that subsequent to that date the Collector of Madras was directed under the Boards' order dated 20th April 1847 not to submit any application for leases of land on the Neilgherries pending the completion of the Survey of the Hills.-

of

of instructions on this subject was drawn up for the guidance of the Revenue Officers in the Coimbatore district.

3. Under the foregoing circumstances I am unable to state whether there would be any objection at present under the new forms sanctioned by Government in 1850, no Copies of which have ever been received at this Office to the issue of the license and ratification as solicited by Mr. Sauncey although it appears to me that under the old forms there could not be any good reason for refusing to comply with the requisition contained in Mr. Saucey's letter under acknowledgement.

Sir

In compliance with the request contained in your letter of the 19th instant, I have the honor to forward herewith for the information of Government and of the Board of Revenue an account Particular of the retrenchment of Rupees 521—14—11 made by me from the accounts of the Collector of Salem in Fusly 1256 under the heads of "Pagodas and Mosques in lieu of Resumed Lands and Privileges".—

2. From the remarks of the Collector in the Statement of allowances paid to the above Institutions, I find that the sums composing the retrenchment were formerly deducted from the Revenue of the Hills and Villages of the Salem District, but under the order of the Board dated 13th March 1846 they were afterwards paid from the Collector's Treasury. and as these sums are now entered in the Statement of Pagodas and Mosques &c. sanctioned by Government on the 29th January 1849 for the Salem District, which sanctioned statement does not include those items. I have considered it necessary that the special sanction of Government should be obtained for the amount retrenched as well as for the continuance of the allowances which compose it.—

Sir,

In accordance with the instructions contained in Extract Minutes of Consultation 30th August 1850 para 3 the Collectors of the several Districts under the Madras Presidency were called upon by Circulator to report whether any Estates of Incapacitated Proprietors in their Districts have been left to the management of the relatives of the Proprietors or of parties unconnected with the Court of Wards, and from their replies it has been ascertained that the only Districts in which such Estates

From Rajahmundry 29th October in Cons 6 Nov. 1851.

3. In Rajahmundry the Sarasa Savaram Village paying a Peshcush of Rup 300—3—11 was, on the death of the Proprieto in Fasly 1257 held by the Widow on behalf of the Minor son under the sanction of Government of 1st July 1848, with the provi that whenever Government deemed it necessary the Court of Wards should take it under control. It comprized of 30 Candies of land and the Ry have withdrawn from the Estate which cultivated by Ryots of neighbouring Villa on a Cowle, but being low land it is annually flooded by the Godavery. The average List during the past 8 fasli was Rupees 598—1—10 and the av Collections Rupees 502—13—5 and balance of List of Rupees 780—4— due by the Ryots. In order to save the Charge of Rupees 36 for a Peon

the Estate is taken under Circar management the Collector proposes that the present arrangement continue upon condition that the Widow relieve the Ryots from the old arrears, and the Court of Wards recommend this course.

4. In Masulipatam the Gumpalas goondum Estate paying a Peshcush of Rupees 1,312—8— was placed in the hands of the Mother of the Minor with the Sanction of the Commissioner, Northern Circars, in compliance with the Will of the late Proprietor, and under the representation of the Collector that the Peshcush had been paid up and that the Estate could ill afford to pay the expence of Circar management and that it was located on the Frontier of the District. The Collections of Fasly 1260 amounted to Rupees 3406—9 and deducting charges for Peshcush, Maintenance of the Minor and Serv nants &c. Rupees 3393—4—7 there was a balance of Rupees 12—12—2. The Charges are excessive and should be curtailed, the surplus being employed in permanent ly improving the Estate. Of the two Polliems reported in the North Arcot District that of Cullooroy pays a Peshcush of Rupees 4138 — 4 — 10 and was, with the consent of the Board placed in charge of the Grand Mother of the Poligar who has now attained his majority Viz 18, and should in the opinion of the Court of Wards, be allowed to assume charge of his Polliem. The Goodipauty Polliem which pays a Peshcush of Rupees 2973 — 13 — 4 — was placed, with the sanction of Government in charge of the Mother of the Minor, this person it is observed will be 18 years old in Fusly 1262. It is stated that both Estates are well managed and without annoyance or injury to the ryots or dissipation of the revenues and that the kists are regularly discharged —

10. In Salem there are Six Estates of Incapacitated Proprietors under the Management of parties unconnected with the Court of Wards —

11. The Estate comprizing the Moolah of Luddeevaddy, Pooloor and Chaloor bears a total Peshcush of — Rupees

Rupees 17337-13-4 and was formerly held by Peddareddy and Pedda Yammal The former died on the 17th October 1837 and left two Wives without issue, the 1st Wife was however pregnant and gave birth to a boy named Vencatram Reddy Pedda Yammal subsequently died, and left a female heir named Perea Yammal who on 31st August 1843 offered to relinquish her half share in the Estate to the Minor Venkatram reddy, because he was the son of her daughter. In the interval the Estate was under the charge of a Manager who also died, and then the grand Mother, Mother and Step Mother administered its affairs. The two former renewed their request to have the Estate registered in their name of Venkatram Reddy, but the last / the Step Mother / after agreeing subsequently withdrew. The Board however directed that, on the grand Mother and Mother executing a deed in writing relinquishing their title,

title, the whole property might be registered in the name of Venkatramreddy, and be left in the management of the Grand Mother, until the Minor might attain his proper age. He will be 18 in 1856, and the Court of Wards would not disturb the arrangement, as it is stated that the Estate is in a prosperous condition pays the Peshcush regularly and is a profitable property.

12 The Estate comprizing the two Mootahs of Santhamangalum, and Tholoor, together bearing a Peshcush of Rupees 8402-13-7, was retained under private Management under orders of the Sudr Adalut and Civil Court. This Estate is also a profitable one; is in a prosperous condition paying the Peshcush regularly, and the Minor will attain his majority in 1858.

13 The Raizepoor Estate paying a Peshcush of Rupees 3226-3-10 was, in like manner, placed under private Management under orders from the Court. The Collector reports in similar terms upon this Estate.

14 The Sanoodrum Estate paying a Peshcush of Rupees 7728 — 5 — was jointly held by 3 individuals Gopaul=chetty who held a half share having died his Widow and four sons were under care of a Nephew of deceased called Ramaswamy Chetty. A dispute arose between the Widow and joint pro=prietors, Siddyen and Lingarazien, from the latter having appropriated to themselves the entire proceeds of the year, Fusly 1256, which led to the attachment of the Estate. and on their expressing a wish that a Guardian should be appointed the Collector ap=plied to the Civil Court to nominate one. Owing however to the poverty of the ryots, arrears accrued, and it was thought that the Kists would not be punctually realized, ever under a Guardian's management, and the Board did not therefore insist on the nominations of one. They considered that

that the parties interested in the Estate should arrange among themselves to discharge the balance due, or should enter upon such terms as could be accepted for its liquidation, and directed that the Mootah should be made over to the joint management of Siddyen Lingarazien, and of Ramasawmy on behalf of the Widow, and on their fail=ing to agree to these terms that it should be retained under attach=ment, until the eldest son Narrain Chetty attained his Majority. The Collector failed to obtain their consent and the Estate was therefore kept under management. but the Board desired him to renew his application for a Guardian. The Sudr Adawlut confirmed the nomination of one Vyapoory Moodely as Guardian. The Board nevertheless thought it unad=visable to place the Estate in his hands or in those of the other two joint Proprietors, because the Collector had no hope that the Peshcush would be

Fort St. George 13th May 1852.

be discharged with even moderate frugality and because Narrain Chetty the eldest Minor, would soon attain his Majority. He is now 18 years of age, and the Court of Wards see no objection to his being placed in possession of the property jointly with Siddyen and Linganayen, and, in the event of future arrears accruing to bringing the Estate to sale.

15 The management under private hands of the shares of a Minor in the Estate comprising the Mootahs of Cuddalore and Anundoor arose as follows. On the death of Kistnamah Chetty in 1843 his share in Cuddalore was registered in the name of his son Vencatachella Chetty but the registry of the share in Anundoor was postponed until the other joint proprietors were present

Meanwhile

Fort St. George 13th May 1852.

Meanwhile Vencatachella Chetty died 10th December 1845 leaving a Mother and a Widow, his sole heirs, the latter a Minor of 12 years of age. The share in Cuddalore was directed to be registered in the name of the Minor widow Munguminmah under orders from the Board, and she and the Mother urged the registry of the share in Anundoor in the name of one Veeraragava Chetty, on the plea that the deceased and his father with their consent had sold him that share, but the Collector demurred to recognize the sale as the Widow was a Minor. The Board directed the Collector to apply to the Court to nominate a Guardian and to proceed with the recovery of the arrears which had led to the Estate being taken under management.

Owing to dissensions among the Proprietors, the arrears could not be collected. The Collector then proposed that the Estate should be made over to the joint Mootahdars

and

and the Guardian, and, in the event of the arrears then due, a portion of which accrued during the life time of the deceased joint Proprietor, & any which might hereafter arise not being paid whilst the Widow was a Minor, that the Estate should be sold on her attaining her majority — That Officer also requested instructions as to the registration of the share in Arumdoor —

17. The Board authorized him to carry out his proposals, and to follow the same course of registry as was adopted for Coddatoor —

From Collector 23d March 1852

18. In a recent letter the Collector points out that the Minor Widow attained her majority in December 1851, that the Guardianship was then cancelled, and that all the joint proprietors appeared before him, but, on being asked what engagements they would enter into for relieving the Estate from its liabilities, they urged that from Fusly 1258 to 1259 the Mootah was under superintendence of

of the Servants of Government, by whose embezzlement and misapplication of the proceeds they had suffered so far as to have no means of complying with the demand for arrears. The Collector admits that gross dishonesty and embezzlement did occur, but that they should have sought redress by a civil action, and that what had occurred might have been avoided had not their failure to discharge the Government dues rendered it necessary to sequester the Estate — Mr. Phillips states that Mungumnah the Widow offered to pay her quota if the others paid theirs, but as they had failed the Tahsildar was directed to give notice of sale. Her share in the other Mootahs having been registered in consequence of the non consent of the other proprietors, the Collector has been directed to register them at once in her name —

The last of the Salem Mootahs called Noothully paying a Peshcush of Rupees 2,516 9 9 on the death of one of the joint Mootahdars named Mootoovula Moodely, was registered with the consent of the other joint Mootahdar Mooneapah Naicken, in the name of Chinnoo Moodely the eldest son of deceased, a boy of 9 years of age, under orders from the Board. The Estate is represented to be in a prosperous condition, and pays its Peshcush regularly. The Court of Wards would not therefore interfere—

Sir,

I am directed by the Right Honorable the Governor in Council to submit for the Consideration of the Government of India an application made by the Collector

of Bellary on behalf of Narsingarow a Curnum of the Village of Antapoor in that District.

2. The individual in question has built a Bungalow for European Travellers and a Choultry for all classes of Natives in the Village of Antapoor situated at a distance of 16 Miles from Bellary on the road between Bellary and Turry hur and Ramandroog. The Choultry is represented to have cost Rupees 1500, the Bungalow built expressly for the accommodation of Gentlemen cost Rupees 917, - and both buildings are represented to afford great accommodation to travellers.

3. The Collector requests a grant of waste land of the annual value of 60 Rupees for the support of the Choultry, and the Governor in Council recommends that the application be Complied with on the distinct understanding that the endowment will continue only so long as the Building is maintained in repair and is open to all classes of the native Community.

4. In regard to the Bungalow the Governor in Council does not propose any endowment, but under the circumstance that it is Constantly used by European travellers, as the
