At a Meeting Present

Thursday 3d June 1852 — H. Goldingham Esqre Second Member and J. L. Blane Esqre Third Member

Walter Elliot Esqre Senior Member. Absent on duty as Commr Northern Circars.

Minutes of the last Meeting read and approved.

Read the following Contracts

No 458.

From the Secy to Government — Contract from the Minutes of Consultation in the Revenue Department under date the 21st May 1852.

Forwarding a letter from the Acting Register to the Court of Sudder Udalut on the subject of the enforcement of the present Rules for the sale of Stamps, as a matter of procedure in the Courts, and calling for a report upon the Judges proposal that the Collector be authorized to refund the value of any unused Stamps and them to destroy it.

Read the following letter.

No 69.

To J. Bycroft Esqre Secretary to Government in the Judicial Department.

Sir,

Para 1. I am directed by the Judges of the Court of Sudder Udalut to

Fort St. George 3d June 1852

to acknowledge the receipt of the Contract from the Minutes of Consultations of Government dated the 12th April 1851 forwarding copies of a correspondence between the Collector and Civil Judge of Bellary together with an Extract from the Proceedings of the Board of Revenue, and requesting the opinion of the Judges in respect to whether without recourse to a legislative enactment, some additional rule could be devised and enforced as a matter of procedure in the Courts which would give effect to the present rules for the sale of Stamps.

2. In reply, I am instructed to state that the only method by which it appears to the Judges the existing rules regarding Stamps could be made to meet their avowed object, would be by prohibiting the Courts from receiving any stamp the endorsement upon which showed that it had not been bought for the purpose to which it had been applied but without a legislative enactment to this effect, and in the face of Regulation II of 1825, which allows of

if ever unstampt documents being filed in evidence it is obvious that no such prohibition could be legally put forth.

3 A Stamp purchased, but not used is private property and of course transferable like any other property "and they are commonly sold in England, "and in this country also, in many instances in good faith but it appears to the Judges that it would materially tend to prevent any bona fide use of any such stamp or in fact the transfer at all of any such paper if the Government would authorize the Collector to refund the value of any unused stamp and then destroy it.

4 That the existing rules are very serviceable in leading to the more correct appreciation of documentary evidence and to a certain extent in checking forgery there is every reason to believe but after a careful consideration of the whole subject, the Judges are of opinion that the most, if not the only effectual remedy for the existing evils will be found in the measure proposed in para

paras 10 and 11 of their Proceedings under date the 9th June 1838 Viz. "the establishment of an office of Registry throughout "the Provinces, and the provision that no "deed of sale, mortgage transfer of land "or other real property, Bond Receipts &c "shall be admissible in the Courts, unless "it has been duly registered." an Enactment for carrying out the above measures being at this present time under contemplation by the Supreme Government, it remains for the Judges to add that the points now under discussion will receive from them due consideration when preparing their opinion upon the provisions of that enactment with reference to the order of Government.

5 The Enclosures received with the Extract are returned as requested.

Para 1. In their Proceedings of the 29th Ultimo, the Board of Revenue, in reply to a reference made them by Government submit their opinion that as the subdivision of the pensions to Mundapully Mooseet Naidoo and Coomara Boochee Naidoo former Poligars in the Cuddapah District, was effected under private arrangements by the Grantees themselves and without the

the cognizance of any authority the lapsed share in each case should be suggested by Government, not have been resumed but allowed to revert to the recognized and registered incumbent. They accordingly recommend that, in accordance with this principle, the deductions made from the pension of Comara Boochee Naidoo on account of the lapses noted in the margin should be restored to that individual with arrears from the date of stoppage. The Governor in Council grants authority for this payment; and for the continuance of the pension at the sanctioned rate of Rupees 207-15-" per annum in the name of the original grantee. The Board will cause it to be explained to the Poligar and to the Members of the family maintained by him that any arrangements he has made or may make for the distribution of this pension are not binding on Government

Government and will not at the utmost be in force beyond his own life

In the case of Mendapully Moodul Naidoo, since deceased, the Governor in Council does not perceive why a different course of proceeding should be pursued such as is recommended by the Board of Revenue in their remarks on the Collector's Tabular report of the 29th March last. It would seem more in accordance with the correct principle to adopt the arrangement recommended by the Collector making good to the widow of the deceased until his death the lapsed share of Rupees 8-6-" improperly resumed in 1843 and continuing to her some portion of her husband's pension for her life. the rest being at once resumed; but before giving decided orders to this effect, the Governor in Council wishes to have some further information respecting the claims of the sharers entered in columns 8 and to know in what relationship they stand to the

Extract from the Proceedings of the Board of Revenue.

(Here enter 22d April 1852 No. 142)

Para 1. In their Proceedings of the 11th November 1851 the Government observed that they did not consider the information furnished by the Collector of Madras sufficient to enable them to pass orders on the application submitted by him from certain female Yeomiahdars above the age of 50 years requesting to be exempted from appearing in person to draw their allowances and they further recorded their opinion that the rule requiring the personal attendance of such Yeomiahdars should not be relaxed in favor of any parties except such as are of known high rank and who do not move abroad. The Collector was therefore desired in communication with the Agent at Chepauk to ascertain which of the females referred to answered to this description and resubmit their cases for the orders of Government.

2. From the report of the Dewan of the Durbar of His Highness

the

Fort St. George 3d June 1852.

the Nawaub of the Carnatic transmitted with the letter from the Government agent at Chepauk dated 24th February 1852, it would appear, that of the 33 female Yeomiahdars entered in the List furnished by the Collector of Madras 25 (one of whom has lately died) "are people of good birth, of respectability and rank, and do not appear in public their relatives have the entire of the Nawab's palace and if these Women should make their appearance in public, other Ladies would not receive them into their Society."

Letter dated 25th November 1851.

3. Under the above explanation, the Right Honorable the Governor in Council is pleased to exempt the 24 females referred to from personal appearance before the Collector and to permit them to draw their Yeomiahs thro' their Vakeels, subject to Para 4 of the Yeomiah Rules, 24th December 1840, as modified by Para 2 of the Extract from the Minutes of Consultation, 25th February 1851, No. 194.

4. Sharbannoo, one of the 25 Yeomiahdars, being reported by His Highness the Nawab's Dewan to have died

Fort St. George 3d June 1852.

Solicited to the Establishment of the Superintendent of Stamps.

The Proceedings of the Governor General of India in Council, in the Home Department No. 304, dated the 10th Instant, forwarding for consideration and orders, a Despatch No. 273 of the 20th Ultimo, from the Government of Fort St. George with Enclosures and Tabular Statement soliciting sanction to an increase to the Establishment of the Superintendent of Stamps.

Resolution.

The Governor General in Council observes that the increase of Establishment recommended by the Government of Fort St. George in favor of the Superintendent of Stamps aggregates 110 Rupees per Month as follows.

Increase of Salary to the Manager from the 120 to 150	30	- -
An Assistant Accountant (new appointment)	30	- -
A Translator - - Do.	50	- -
	110	- -

The ground on which this increase is solicited is a considerable improvement in the Stamps Revenue and on the strength of it His Lordship in Council is pleased to sanction the new

appointments of Assistant Accountant on 30 Rupees per Month, and of Translator on 50 Rupees per Month, the latter conditionally on the understanding that it shall cease if it can be dispensed with, when the system of checking the refund of stamps has been placed upon a proper footing; the augmentation to the salary of the Manager the Governor General in Council considers to be premature after the increase conceded to him so recently as two years ago as per Margin.

Ordered that a Copy of the foregoing Resolution be forwarded to the Home Department for communication to the Government of Madras and that the papers noted in the Margin be returned.

B/S No. 817

From the Acting Collector of North Arcot. } Paral

Sir,

I have the honor to submit for the Consideration and orders of the Board of Revenue, Copy of a letter from Captain Cooke Commanding Arcot dated 22d Ultimo, and its enclosure, respecting a license granted by that Officer with the Sanction of the Commissary General to Mr. S. Potter for the sale of European Spirits within the Arcot Cantonment, as the power to grant such licenses at Arcot is Confined, in my opinion, to the Revenue Department.

Submits for the Consideration and orders of the Board Copy of a Letter from Captain Cooke Commanding Arcot respecting a license granted by that Officer to Mr. Potter for the sale of European Spirits within the Arcot Cantonment.

2. By G.O.G. dated the 27th September 1839, Fort St. George Gazette page 671 such parts of Regulation VII of 1832, as specially apply to Commanding Officers at Military Bazar Stations, are made to apply equally to the Officer Commanding at Arcot; but Arcot is not Constituted

a "Military Bazar Station" by this order
Nor has the Control vested in the Commissary
General by Section XLIII Regulation VII of 1832
ever been exercised in the Arcot Cantonment
up to this time.—

3.

The case has been brought to
my notice by Mr. Morrison the Sub Collr
Router, who has a personal interest in the
question, because, in other instances, in
which such licenses have been granted
at Arcot by the Collector, the parties holding
them, have made them a Cover for the sale
of Country Spirits. Mr. Potter had applied
to me for a license, before he applied to
Captain Cookre; but owing to my information
on the above point, and the very little
demand for European Spirits, at Ranee-
pett, now that no troops are stationed there,
I had refused to give one.—

Sir,

In replying to your Communica-

myself the honor to forward for your informa-
tion Copy of a letter received from the Com-
missary Grierals' Office, at Madras, and
to acquaint you, that although no license
has as yet been granted to Mr. J. Potter
(now at Madras) an agreement and Se-
curity Bond has been executed by him.
On the return of Mr. J. Potter the usual
license will be issued through me under
the authority of the Commissary Grierals.
and in accordance with the Regulation VII
of 1832, and G.O.G. dated 27th September

2. The Officer Commanding states that the Licence to Mr. Potter for the sale of European Spirits in the Arcot Cantonment was granted under authority of the Commissary General in reference to G.O.G. 27th September 1839 Official Gazette page 672 which Declares such parts of Regulation VII of 1832 as specially apply to Commanding Officers at Military Bazar Stations only be equally applicable to the Officer Commanding Arcot; but the Acting Collector points out that this does not Constitute Arcot a Military Bazar Station and that the Control of the Commissary General under Section XLVII of the Regulation has never yet been exercised in Arcot and that he declined to give Mr. Potter a License because there could be very little demand for European Spirits since the withdrawal of the Troops and because it had been brought to his notice by the Abkarry Contractor that in other instances where such Licenses had been granted they were held as a Cover for the sale of Country Spirits.—

3. It appears to the Board also that the G.O.G. above quoted does not Constitute Arcot a Military Bazar station in which vest the power to grant Licenses is confined to the Revenue Department.

The applicant has given a Durcast Moochilka offering to take the lands for Coffee Cultivation from Fasly 1261 for a term of twenty one years and subsequently free of assessment for the first five years. He agrees to pay the assessment whether the land be Cultivated or not and to submit to any modification in the present rate of assessment which may hereafter be introduced by Government. He further agrees to the resumption of the land in the event of it not being brought under Cultivation within three years from the date of its grant, to the Construction of Roads through it by Government whenever required, to the exclusion of the land within 15 yards on each side of the Streams which passes by it, and to the formation of hedges enclosing his entire holding. He is able to Conduct the Cultivation Conforming to the above stipulations. The Mallyalies having received 30 days notice have signified their assent to the lands being given to the applicant, but ask that in doing so, the Shodaly, or burning ground, which is now included in the extent applied for should be set aside. Mr. Morison being a new settler, at present holds no other land on the Hills. I recommend the application for sanction, and when the measurement of the lands takes place, the Shodaly, or burning ground referred to, of the extent of half an acre, will be deducted.

It was lately reported by the Tahsildar that one Appagy, the Monigar of the Village, had Come forward and expressed a wish that one Sathamy Thirovangadapendhoor be appointed the worshipper at the Pagodah. If the Monigar had been really and truly interested in the matter as being one of religious necessity, it is to be inferred that he would have made his application earlier. 29th. April 1852

Sir,

With reference to the Proceedings of the Board of Revenue noted in the Margin, and to Notes 4 & 7. at Pages 4 & 5 of their Circular Order Book, I have the honor to submit a List of the Services of my Head Sheristadar Ram Row and to recommend that his Salary may be raised to 525 Rupees per Mensem, the amount assigned to a Sheristadar of 15 Years Standing from the 25th. March last on the date preceding which he completed that period of Service according to the prescribed mode of Circulation.

2. Ram Row has obtained high testimonials from the European Officers of Government under whom he formerly served as Sub Division & Head Sheristadar in the Tinnevelly and Nellore Districts. Without professing very superior abilities & somewhat slow in his mode of transacting business, he is nevertheless a very valuable Servant from his impartiality, integrity, industry, and good sense & temper. I attribute the gradual increase in the Revenue of the Principal Division a good deal to his watchful care, and consider him quite deserving of the Mark of approbation now solicited.

In reply to a requisition from this Office Mr. Parker states, that Ram Row, without professing very superior abilities and somewhat slow in his mode of transacting business is nevertheless a very valuable servant from his impartiality, integrity, industry and good sense and temper. He attributes the gradual increase in the Revenue of the Principal Division a good deal to the Serishtadar's watchful care and considers him quite deserving of the mark of approbation now solicited.

3.

The Board consider that Ram Row is entitled to the next increased rate of allowance, Viz^t. Rupees 525 per Mensem, and recommend that the Government may authorize its being paid to him from the 21st March 1852.

From the Coll^r. of Madras

Sir

With reference to your letter of the 29th. May 1852. I have the honor to state for the information of the Board that the Rules prescribed by Government to regulate the sale and transit of Spirituous liquors within the limits of Madras, are distinctly laid down in the Board's letter to the Collector of Madras dated 7th. February 1822, I gather from all the provisions of the new Abkarry Act that it is intended to give this Office Control only over the retail of the liquor, and not over the wholesale which is left entirely to the inclination of the trader. No regulation appears ever to have been passed restricting the sale by wholesale in Spirituous

Spirituous liquors—

The Passes served to protect the Goods from the interference of Abkarry Officers. also furnished to this Office information of the Amount of liquor—sold by whole=sale in Madras. There seems no=objection to the Continuance of the prac=tice—

To The Collector of Madras

Sir,

With reference to your letters dated 28th & 31st May 1852, sub=mitting for approval a form of Licence and its Counterpart for the retail sale of Beer, Wine and Spirits—I am directed by the Board of Revenue to inform you that they have intro=duced a few verbal alterations in those forms—revised drafts of which as approved by them, are herewith forwarded—

The issue of Passes to protect Spirits

Spirits sold by wholesale Dealers does not appear to be prescribed by any Re=gulation but as the Board on a former occasion approved of the practice, and as passes would seem to be necessary to prevent the interference of Abkarry=Officers, the Board see no objection to your Continuing to issue them as hereto=fore—

From Vizagapatam 6th in Cons 15th Feby 1847-

10- The Collector of Vizagapatam deprecates any change in the mode of paying the allowance of 1,400 Rupees granted by Government at the recommendation of Mr Commissioner Russell to certain Feristoo Poligar or Pendal retainers appertaining to Palconda being a moiety of the Collections made from

from the lands formerly in their occupation especially as the allowance is now paid by the Lessees of Palconda, Messrs. Arbuthnot & Co. The Board would not therefore disturb the existing arrangement. They consider that the allowances to the Curnums in Golconda may be paid from the Collections but brought under audit in the same manner as such allowances are audited in the North Arcot District, namely upon a maximum rate being previously sanctioned by Government and upon an Account Particular being submitted annually for examination in this and in the Office of Audit.

11. In para 2 Mr. Mathison states that it has been found necessary to institute an enquiry into the tenures of the grants payable in Masulipatam by deductions from the Pistbundy Beriz and promises a report thereon as soon as the information is collected. The Board are not aware whether such report has since been submitted thro' the Commissioners Northern Circars, and without further information they would not advise the adoption of the Statements enclosed in Mr. Mathison's letter

as a standard, is on full enquiry there may be instances (as in Guntoor) in which parties have no right to the continuance of some of the allowances.

12. From Guntoor 16th in Cons 26th October 1846.

12. The particulars afforded by the Collector of Guntoor respecting the allowances granted by deductions from the Pistbundy Beriz were noted without a previous call on the parties to prove their title, and Mr. Stokes proposed to submit a revised Statement of such only as were clearly entitled. Under the circumstances stated in paras 4 & 5 of that Officer's letter and with reference to the papers noted in the Margin, it would not be safe to take the present Statements as a standard, and the Board suggest that the Commissioners Northern Circars be requested to call upon the Collectors of Masulipatam and Guntoor to furnish the revised Statements promised by them respectively.

and

and brought under Audit - Under the representation of the Collector in his letter of
In Cons 29 July 1847 the 6th February 1847 in regard to the 4 items composing No 3 Pagoda and Durgah allowances, the Board are of opinion that the land under the Tank in Calagul consisting of 66 Acres, in value 168 Canteroy Pagodas should be made over to Pawada Maistry or his legal representative on the original Dasabundum Tenure, and the present ready money payment of 70 Rupees resting on no other authority than that of the Sub Collector in Fusly 1233 discontinued, and if the Enams in Rumply formerly held in the name of "Purcharcum" can be traced, that they should be made over to the Pagoda, and the present allowance of Rupees 35-12-3 discontinued, unless the Collector is of opinion that the grant is personal or liable to lapse, in which case the present arrangement will continue and the lapse when it may occur be duly reported, the allowance be granted in lieu of the land destroyed at Segullaravoo, will be continued unless the injury sustained has passed away and the land is again available for purposes

as before - With regard to the Bodasa-
-ram Durgah, the Board are not aware
Rc 189-9-4 of the grounds of the original resumption
by Colonel Munro. But at this remote
period they are of opinion that the
present money payment should be made
from the Treasury, lapses being reported
for orders as in all similar grants -

14 - Under the explanation contained
in paras 8 to 12 of Mr. Mellon's letter above
Rc 58-5-4 quoted the items Nos 6 and 7 should
58-5-4 in the opinion of the Board be paid
direct from the Treasury and brought

being reported for orders - The circum-
stances represented in the Collector's letter
In Cons 29 July 1847 of the 5th April 1847 and its enclosures
induce the Board to recommend that
this course be also followed in respect
to the allowance of Rupees 101-8- now paya-
ble by a deduction from the Mokurpha

14th From Cuddapah 24th Aug. tained in the letter from the Acting
in Cons 12 Sept. 1844 Principal Collector of the 24th August

that the annual allowance of Rupees 49-7-5.
No 1 may be paid direct from the Treasury
to the present recipient Hoodain
Khan for life - They observe
that

until further orders as an eight Annas Shotriem payable from the Ayen Beriz, on Bundela Sahib. This arrangement will continue during the life time of the present holder, at his death the Lapse should be submitted for orders. The same remark applies to the grant of Rupees 600 for the expences of the asur Shereef in the Fort of Kurnool and the Village of Toosalpoor, a portion of the Revenue of which was appropriated to that object, will be incorporated with the lands paying full Revenue.

20. The Board concur in the recommendation of the Commissioner that the lands comprised in the Grants Nos 2 and 3 Amounting respectively to Rupees 20-5- and Rupees 3-8- be pleased in possession of the Grantees, and that the allowances cease.

24. The allowance of Rupees 293–12–11 paid by deduction from the Thisthundy Beriz of Coimbatore to Guneseva Charry of Parvoor may, the Board think, be paid direct from the Treasury and brought under audit under the detailed report of the Principal Collector and its enclosures.

18 From Coimbatore 28th Septr in Cons 15th Octr 1846.

19 From Malabar 11th in Cons 27th April 1846.

25. The only allowance in Malabar payable from the Thisthundy is Rupees 70 per mensem to Thulpully Ramen Menon, Son of Thulpully Thurmaganum Menon, a former Sheristadar

Sheristadar of Malabar as Palanqueen allowance commuted under the authority of Government 23d April 1822 into an abatement of the quit rent to the above amount on his lands and as the grant will cease with the present holder, the Board see no necessity for disturbing the existing arrangement.

1 in Cons 29th April 1822.

26. The allowances in Tinnevelly payable by deductions from the Thisthundy Beriz in most instances vary in each year, and with the exception of the life grants in Enc: 4 with 4 items of the grants in Enc: II and 3 items of the grant in Enc: I, there is no original grant forthcoming in support of them. The Board consider that the grain allowances should be commuted to a fixed payment in money at the average Summalundy Verak for ten years and that the other allowances should be fixed in like manner on a similar average namely on that of ten years actual payments. Should the Government concur in these views, the Board will issue the necessary instructions to the Collector to submit revised Accounts Particular of the allowances which are to be the standards for regulating future disbursements, and provide that

Nº 225.

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract Minutes of Consultation 11th March 1851, Communicating letter from the Accountant General, wherein he proposes to write off to Profit and Loss in the accounts of the Collectors of the Districts noted in the Margin the sums set opposite to each, being the net balance standing under the head of "Advances on account of the service of Government incurred for Government Plantations" and calling upon the Board to report thereon, and upon the following points noticed by the Accountant General.—

Rajahmundry	Excess Credit	Rupees 910-7-1
South Arcot		21,050-14-6
		21,961-5-7
Tinnevelly	Excess debit	13,452-0-2

Submitting Letters from Certain Collectors with reference to Extract from Minutes of Consultation under date 11th March 1851. Calling for report regarding Government Plantations, and recommending that sanctions be granted for writing off the Balance specified by the Accountant General as retained in his book to the debit of Profit and Loss, as well as in the accounts of the Collector of Bellary, the further charge of Rupees 22,709-9-1 not included in the said balance.—

II Whether the excess debits in Tinnevelly (13,452-2-.) and in Canara (2973-0-4) should not be written off the accounts.

III On the inexpediency of retaining the Government Plantation in Salem, the receipts from which for 9 years together did not Cover a single years charges.

IV On the apparent absence of any return or produce from the Bellary Government Plantations.

In reply I am directed by the Board to submit the reports of the Collectors of these six Districts to the references made to them upon the subject.

3. The Collector of Rajahmundry states that no Government Plantations nor Topes have been carried on in his District since 1824.

4. The receipts and disbursements on account of Government Plantations in South Arcot from 1814/5 to 1849/9 are stated by the Collector to correspond with those specified by the Accountant General, but he points out that these Plantations cannot be included either under the head of "Plantations intended for profit" or

the improvement of the Country, as they Consist of ordinary Garden lands now incorporated with the Aryan and rented out; and that, as suggested by the Accountant General, the proceeds should be Credited to the Ordinary Land Revenue under the head of Bagayet, a Course which the Board recommend for adoption.

5. In Tinnevelly the charges for keeping up Government Gardens exceed the receipts, as specified by the Accountant General. The Collector perceives no objection to the sum of Rupees 13,452-0-2, the excess debits for Spice Plantations, being written off to Profit and Loss. He states that the Spice Gardens are now in an improved Condition from the Care and attention bestowed upon them by Mr. E. B. Thomas, when Collector, and though not himself seeing the Pratical utility of keeping them up he reports that some proceeds (1243 Rupees) have lately been received from them, and that produce of about equal value is in store. He thinks that if unsuccessful in renting them out, the expediency of Continuing them may be Considered.

In

6. In reference to the Plantations in Timevelly which have been formed during the last 4 or 5 years for the improvement of the District. Mr. Bird explains so that out of three Nursery Gardens for free distribution to the Ryots: the charges for which were Rupees 573, two were abandoned, and the other retained experimentally for a further period of two years under orders from Government of 25th March 1850. The expense incurred under sanction of Government 2d. February 1846, for planting the said, drills has been Rupees 509, and as the experiment appears to be of doubtful effect and more costly than the loss, apprehended from the evil sought to be remedied, it need not be repeated.—

7. In Canara the Sandalwood Gardens were relinquished in 1819/20 as being unremunerative. The Collector however states that the Garden in the Sandal at Banawassi is still the property of Government and that the few Trees standing may perhaps yield 100 Rupees, but that it will be advisable to leave them to be brought to account hereafter in Connection with the Trees of the Government Jungle around them. He also states that the

Garden in Honore has been gradually appropriated to other purposes, and that he is unable to give a detailed account of the expenditure, or to afford any further information, than has already been furnished by the Accountant General, and Concurs in that officer's opinion that the standing excess debit of Rupees 2973-0-10 should be written off in his accounts to Profit and Loss.—

8. The Collector of Salem intimates that no Topes for the improvement of the Country have been formed at the expense of Government but that the Mango Orchards planted by a former Principal Collector in four Talooks that in Salem was made over to the Mootahdar in 1847, while those in Attoor, Rayzipoor and Woomaloor were recently rented for a number of years, and there will not therefore be any charge in future. There seems no Objection in Consequence, to writing off Rupees 1757-12-7 to Profit and Loss as suggested by the Accountant General thus closing the head of Government Plantations in the Books of the Collector.—

9. The Government Plantations in Bellary were formed chiefly for the improvement of the Country and the Collector points out that altho' the Charges have been brought to account under the head of Government Plantations, yet that the receipts have not been Credited to that head, but under "Extra Revenue" "minor head, Sundry small Farms and Licenses," thus accounting for the supposition of the Accountant General that the Plantations yielded

no

no produce, as no Credit appeared under the head of "Government Plantations." The Collector proposes to write off in his accounts to Profit and Loss not only the standing balance noticed by the Accountant General but those which previously existed, as well as such charges as have been since incurred, amounting in the aggregate to Rupees 11,94 80 - 3 - 3 being exclusive of the proceeds from the Plantations which amount, during the whole period, to Rupees 11,329 - 14 - - -

10. The Board deem it unnecessary to enter into any explanation, on the present Proceedings respecting the Bellary Plantations; as they have fully reported on this subject under date 5th April 1852.

11. Under the explanation afforded in the foregoing Paras I am directed to state that the Board are of opinion that the Balance, Viz. Rupees 92,407 - 10 - 2 specified by the accountant General as retained in his Books may be written off to the debit of Profit and Loss. The Board would also request sanction for writing off in the Accounts of the Collector of Bellary the further sum of Rupees 22,700 - 9 - 1 not included in the above Balance -

To the Secretary to the Military Board.

Sir,

Requesting certain information regarding the property situated in the Neilgherries known as "South Downs".

Adverting to the papers noted in the margin, which were obtained for reference in this Office from the Secretary to Government on the subject of the Sale by this Military Board on behalf of Government of the property situated on the Neilgherries known as "South Downs" to one Ramasawmy Moodely, for which an assignment was executed conveying over to him C. G. Sq.re feet 18-22-1077 - as the extent of his purchase, I am directed by the Board of Revenue

Office Memorandum.

Original papers to be returned to Government after reply is received from Military Board.

Revenue to point out that the present owner has recently purchased that extent from the Administrator to the Estate of the late Mr Harrington who after transferring in 1845. 33 — 7 — 1819 C. G. Sq. feet to a Mr James and relinquishing an extent of 35 — 7 — 1819 C. G. Sq. feet was yet in enjoyment of 138 — 12 — 1770 C. G. Sq. feet and paid Quit rent on the latter up to the date of his death in 1849 and that it is desirable to know if besides the 18 — 22 C. G. Sq. feet 1077½ recently purchased from his administrators the remaining 119 — 14 — 092½ C. G. Sq. feet may be granted on application.

2.

The Board observe that shortly before the South Downs property was sold to T. Ramasawmy Moodely it was proposed by Colonel King the Officer Commanding the Neighbourhood to apportion off a certain quantity of Land, to form a tolerable compound and to leave it optional with the purchaser to apply for such further extent as he might want. In the Notification which followed, it was stated that the premises were about 19 Cawnies, but that parties should state if more of the

the adjacent ground would be required, and it appears likely that Mr Harrington as the purchaser from T. Ramasawmy Moodely of the extent of about 19 Cawnies, may have availed himself of the permission to apply for all, or at least for a further portion, of the adjacent ground.

3. The Board therefore desire me to request that the Military Board will favor them with information of the entire extent of the South Downs property from the period of its original purchase by Government for Military purposes on the 4th December 1829 from Mr John Sullivan, and of the extent which remained after the sale of 18 — 22 — 1077½ C. G. Sq. feet to T. Ramasawmy Moodely and when, to whom, and in what proportions, that residue was disposed of.

Reviewing the Boards report on the Land Revenue Settlement of the District of Coimbatore for Fusly 1260, and stating that they should have mentioned what further reductions if any, had been made according to the last Demand, Collection, and Balance received prior to the date of their Report directing that the arrears on account of Land Revenue for previous years be at once investigated and adjusted, and that the whole of the balances outstanding on account of arrears due on the resumed Chuttrums Enams lands be given up and the actual amount remitted reported to Government remarking on the Collectors observations on the condition of his District and on the Boards

Reporting on the Land Revenue Settlement of the District of Coimbatore for Fusly 1260-

(Here enter 1st April 1852 No. 122)

The season of Fusly 1260/1850/51 in Coimbatore was better adapted for wet than for dry or Garden cultivation but on the whole was not very favorable-

The Tobacco Crop was an exception being good both in quantity and quality as a dry season is suited to that description of produce-

2. The price of Paddy fell 12½ per cent below that of the previous year, that of the different sorts of Seeds shewed an improvement of from 15 per cent in gingely and 66⅔ in Castor Oil seeds. Ragee and Cumb

(37. 42) of his report the Collector offers
some observations on the condition of
his District and in the manner
in which the revenue system has
been there administered. He "apprehends
that in some former years an effort
to raise the rental annually and
press the Ryot to cultivate beyond his
means has been rather too stringently
applied". He admits that "the District
Kookoomanahs is with a few modi
=fications nearly sufficient, if fully
and fairly carried out, but, in practice
it has not been so, all the provisions
telling against the Ryot having
been strictly enforced and those in
his favor suffered to remain in
abeyance". Mr Thomas gives a few
instances in illustration of his assertion
and concludes by stating that he will
"be careful to endeavor to afford the
Ryot only that necessary and fair
relief which the Kookoomanah
and system of the District
permits, in concurrence with
the views and wishes of
the Board".

The

11

The Right Honorable the Governor in Council remarks that the above observations are to much the same effect as those which was recorded by the Collector in his preceding settlement report, and which have been already received by the Board and Government, and it does not appear why they have now been repeated. The Government have already issued the only instructions which they can give in the case Viz.t that every relief which is authorized by the present Koolkoommah should be afforded to the Ryots and that if its provision should, when fully acted on prove not to be sufficiently liberal, larger powers should be applied for. The Governor in Council must however add that he is not altogether satisfied with the manner in which the Board in Para 19 of the present Proceedings have commented on the Collector's measures in having in Fusly 1259 struck permanently out of some Ryots' Puttahs certain waste lands of an assessment of Rupees 14774. The Board state that the

the explanation which Mr. Thomas has given Viz.t that "the lands were left waste for sufficient causes, as their inaccessible position for water, inferiority of soil &c.a" is not full enough to enable them to give any decided opinion whether the lands are properly deducted or not and they suggest that "it would have been sufficient and more in accordance with the Koolkoommah if these lands had been retained in the Puttahs as in the previous year remitting for the time the assessment of those left waste from temporary failure of water or when they were rendered permanently unfit for wet cultivation in consequence of the damaged state of the Tanks and Nullahs or from other causes permitting them to be cultivated with a dry crop and assessed accordingly until the sources of irrigation were restored." It appears to Government that in this and similar cases, where the information laid before the Board is insufficient to enable them to form a judgment as to the propriety

propriety of the Collector having allowed any of a ryot's holdings to be given up it will be advisable for them to call for more explanation so that they may arrive at a decided conclusion, whether the concession was really called for, in which case to have withheld or deferred it would have tended only to the injury both of the Cultivation and Government or whether the land should have been retained either absolutely on full assessment, or under some such modified arrangement as they have suggested.

In reply I am directed to

observe that from the tenor of some of the Board's correspondence, it would seem that they have assumed that they have the right of retaining an Estate under the charge of the Court of Wards even after the proprietor has attained his Majority for the purpose of realizing outstanding arrears. But no instance has been found in which such a measure has practically been resorted to. Nor have the Board been able to find any case in which a proprietor on recovery of his Estate has been required to provide for the discharge of arrears accruing during his Minority.

No. 38.

To,

Walter Elliot Esqre.

Commissioner

Northern Circars,

Rajahmundry.

Sir,

With reference to the Circular Orders of the Board of Revenue dated the 25th February 1850.

13

B. No. 1304.

From the Collector of Ganjam ---

Paras.

I have the honor to forward an Abstract Statement of the population of the District of Ganjam in the prescribed form together with a Statement exhibiting the number of people according to castes and one exhibiting the distribution of the population in each Talook.

These Statements have been prepared with all the care I was enabled to bestow upon them and by compelling the local authorities to

to distinguish the castes in great detail they have I hope been constrained to pay more minute attention to be subject than might otherwise have been the case.

3. The accounts were of course in the first instance taken by the Village Curnams they were scrutinized on the spot by the Tahsildars and Peshcars and in several instances re-examined also on the spot by the Hoozoor Servants and my European Assistants. The examinations of the latter Officers give me every reason to believe that the work has been performed with as much accuracy as can be expected. Some discrepancies were found, but they were only such as were to be expected from the time which elapsed between the examinations, and tended rather to verify than to throw doubt on the accuracy of the Native Officers and the latter being aware that these Statements were liable to be thus tested were on their part careful to avoid inaccuracy.

4. The District of Ganjam exclusive

Fort St. George 7th June 1852.

exclusive of the Hill Tracts known as Khondistan and Chocapand which has only been partially surveyed and where any attempts to take an account of the population would not only have been quite futile but attended with dangerous consequences contains an Area of 5386 square Miles as ascertained by Lieutenant Saxton Assistant Surveyor General the number of the population being according to the present Census 926930 persons or 172 to a square mile.

From the following abstract table it will be perceived that the number of the agricultural Class in comparison with the rest of the population is as 53 to 47 that the number of adults is two thirds of the whole and that the number of Males and Females is nearly equal. It will be perceived also that the average number of persons composing a family is 5 and the average number occupying a house is the same I have reason to think that this average is tolerably

Fort St. George 7th June 1852.

tolerably accurate for the number of tiled houses in the District is only about 5000 and these are for the most part of very limited extent while in a very large portion of the District the houses are mere hovels affording accommodation only for one family.

The total number of castes is 283. The particulars of each caste which numbers more than 10000 are given in the subjoined Statement in which also are shown the number of the individuals belonging to families who follow the occupation of husbandry in comparison with the rest of the population and it will be perceived they are as 4,95,190 to 92,6,930. of the whole amount or 53 per cent the cultivators

mostly belong to the castes named in the Margin. It will be perceived that a large proportion of them are Ooreya Brahmins who likewise employ themselves as Bricklayers &c.

Takeed issued by Sevaram Bavah Ghorepady on the same date to the same effect to the address of the Village authorities of Jungalapully.—

1 Copy of

Takeed issued by Tippoo Soultan to the address of the several authorities dated 7th day of Daroyee Fizee 1200 of the year Parabhava corresponding to A.D. 1795 ordering them to collect certain amount from the Beriz of Jungalapully leaving a share equal to 30 per Cent to one Konarachari and transferring the Village into Shrotriem.—

1 Copy

Takeed issued by Tandemurry Krishnapah Naid to the Village authorities of Kundookoor dated 10th day of Easta Sooddum of Verodekroto year to continue the Village Jungalapully as Surva Enam to Konarachariloo.—

2d claimant on behalf of her son and 3d claimant urge their claims on the grounds of their being the nearest surviving relations to the husbands of two deceased widows but it does not appear that either the husband of the 2d claimant or the father of the 3d claimant ever enjoyed a share in the Shrotriem in question and it therefore seems probable that as his successors have not enjoyed a share the family may have been divided during the life of Ramacharloo. The second claimant in addition to the grounds above set forth alleges that Ghereyemah previous to her death executed a document to her husband, and that in virtue of that document she is entitled to her share. Rindamah who enjoys 1/3d share of the Shrotriem claims the shares of both deceased widows stating that her husband and the Husband of the deceased widow Ghereyemah were brothers and Nephews to Goondamah's Husband. This statement is borne out by the family tree, but it also appears that the deceased Widows and the claimant Rindamah have been living separately since many years.—

Under the above circumstances it remains for the Board to decide if the Shrotriem is to be continued to any of the parties now claiming. Note 2d claimant has not claimed the share of Goondamah who was then alive, but if the Board are of opinion that she is not entitled to the share of Ghereyemah, the same decision will be applicable to the share enjoyed by deceased Goondamah.—

Recommending with reference to the Tabular report of Lapsed Enams in the district of Bellary for the quarter ending 31st Dec. 1851. that some of them be resumed and the others continued.-

No. 231.-

The present holder Venkumah would appear to have received the Enam in succession to her husband, who was the Grandson of the holder named in the old accounts. The transfer of the Enam by Venkumah in 1842 to her Father, under the Deed of Gift now produced, the Board consider cannot be admitted, but they would re=commend that the Enam be allowed to revert to Venkumah for her life.-

As one of the sons is very young and the family has at present no other means of livelihood, the immediate resumption of the entire Enam would cause much distress. The Collector begs therefore to recommend that the two sons of the deceased be allowed to enjoy the Enam in Yerrapraukum their native village, amounting to Rupees 31-14-1½ per annum during their lives, on the understanding that a moiety of it is to revert to Government on the death of each incumbent.— It appears proper to resume at once the Enam in Challenam which is of the annual value of Rupees 20-14-4½ and if this course is approved a sum of Rupees 32-2-6 which has been collected from the Cultivating Ryots by the Talook servants since the death of the deceased incumbent and is now in deposit, will be carried to the public accounts. The Collector has noticed the irregularity of the Tahsildar in not reporting the death of the late Enamdar at an earlier period.—

7 Further progress has been made towards the extinction of the Amany mode of Settlement, and the number of Olungoo Villages has increased in consequence from 1541 in the preceding year to 1546 in that under report. The changes are shewn in Para 6 of the Collector's letter. Cullemcad Olungoo rented, was brought under Amany in consequence of its having suffered severely from want of rain this cours appears to the Board objectionable as it would have been better

to have kept it under its proper class with a remission equivalent to the loss sustained which it appears was considerable. This remark applies also to the other 3 Olungoo Villages brought under Amany.

In the details it is seen that there is a decrease in the cultivation of wet lands, chiefly in the Co-ast Villages "rented but not affected by Price" in the Talooks of Keevalore and Tirapoondy and an increase in the Dry and Garden lands. The former is to be ascribed to the failure of the North East Monsoon. The want of water in the River Channels in November and December was also felt. In the Villages — Olungoo rented but not affected by Price — there was also a diminution of the Dry cultivation, but under the terms of the settlement remission is not allowed on this account. 9- Referring to Statement No. 13 it is seen that the proportion of waste land is comparatively large in two descriptions of Villages, Viz. 1st those Olungo rented, but not affected by Price and 2dly Aumany - Provision has been made for the latter by bringing them under a better mode of settlement. The failure of water in Heevalore and Tittrapoondy may account for the most part for the former but if depression is to be traced in any degree to the system of settlement pursued the Collector should bring the particulars to the notice of the Board in order that the necessary remedy may be applied By the same Statement it is seen that upwards of 30 Lacs of the Revenue is drawn from Land under irrigation The cost of the Upper Coleroon anicut constructed in Fasly 1246 was Rupees 83,401- The average annual Increase since has been Rupees 12,062 or 14 5/8 per Cent on the first cost.

With

10 With the exceptions noticed above, there was an increase in the cultivation on the whole District the particulars of which are shewn in Para 13 of the Report.

11 Following the different systems of settlement prevailing in the District, the assessment in comparison with the preceding year, is distributed as follows

	Fasly 1259 Rs	Fasly 1260 Rs
Olungo & Rents	24,44,834	24,70,507

12 The increase in the Field assessed Villages arises from increased cultivation under channel irrigation, with a decrease of Remission on account of loss of Produce and of lands not cultivated - That in the Olungo Villages is composed of an increase of Rupees 40,298 in the Villages the settlement of which fluctuates with the market Prices of Grain, and a decrease of Rupees 11,088 in Villages not affected by Price, The former is owing to Prices being higher than in the preceding year, the latter to remissions for losses given in Heevalore and Tittrapoondy Talooks in consequence of the failure of the cultivation noticed in a former

14 In the Produce there is a decrease of Rupees 5975 which is to be ascribed to the want of rain during the North East Monsoon, at the period when the crops were in ear.

Para 17 & 19

15 Owing to the causes already mentioned Viz^t the unusual abundance of the Freshes at the end of July and to the scanty rains of the North East Monsoon, it was found necessary to grant remissions to the amount of Rupees 53,258, exceeding the similar item of the preceding year by Rupees 18,283. The sum remitted generally exceeded half of the assessment of the lands on which loss had been sustained, but in the villages not affected by Price, where the injury was very considerable, 8 per cent only of such assessment was realized. The Board are satisfied that the Remissions under notice

were necessary.

Para 24 Statement N^o 15

16 In the field assessed Villages for which alone from the nature of the settlement particulars can be furnished, the assessment of the land left uncultivated was Rupees 22,113- of which Rupees 10,620 were carried to account.

17 The assessment of the three Amany Villages brought under the alinga mode of settlement this year, has been fixed at Rupees 7,497-1-5. The assessment of the Dry lands, Viz^t, Rupees 315 remains as before. The Grain standard for the Wet lands has been reduced and the result shews that the present Demand is 15 3/4 per cent above the average for 10 years, but 10 5/16 per cent below the standard Grain amount formerly fixed, the excessive amount of which was the cause of the Villages remaining under Amany. Statement N^o 10. does not shew the particulars for each Village. The Collector will be pleased to furnish with reference to the instructions noted in the margin, a statement for all the Amany Villages which have been settled, shewing each Village, its former and modified assessment, the 10 years average and the highest year, with

The Land Revenue charges amounted to Rupees 4,65,871-8-11- or 11⅞ on the Revenue those of the preceding year to Rupees 4,26,711-5-10- or 11 per cent the excess in the year under report, amounting to Rupees 39,160-3-1 is to be ascribed chiefly to the outlay necessary for defending the Town of Trangambar against the encroachments of the sea.

Ordered that a Copy of the foregoing Extract, be submitted to Government and a transcript of the same be furnished to the Collector of Tanjore.

From the Acting Collector and Magistrate of Tanjore.

Sir,

With reference to the Revenue Boards' Extract dated 26th April 1852. I have the honor to forward a full explanation from Narrana Row Tahsildar of Kevalore as to his Proceeding in the case brought to notice in my letter of the 29th March 1852.—

Acting Collector and Magistrate

Explanation.

Fort St. George 7th June 1852.

No. 1.

Explanation given by Narrain Row Tahsildar of Reevalore in answer to questions as to his conduct in the Shickel Murder case.—

2 The deceased died only the day before you saw the body. There was a slight hurt on the nose and another on the eyebrow and also a serious injury to the testicles. It was therefore doubtful whether the deceased died from these injuries or from any other cause as strangling or from some internal injury. It was of the utmost importance to ascertain correctly the cause of the deceased's death, which might have been known by sending in the body at once to the Apothecary at Negapatam only 4 miles off or to Mr. Sutcliffe at Tranquebar.

A. It appeared from the Village Doctor and many others inspection of Veerappen's body as well as from the enquiries that Veerappen died from his testicles having been sequeezed. It appeared from the neighbours' statements that the deceased had been seen well and without disease sitting on the mat of the Prisoner Valen's house on the preceding evening. As he had died under these circumstances and had this injury to his testicles, and as his body was found near the tank instead of being in the Prisoner Valen's house

Fort St. George 7th June 1852.

Tranquebar about 20 Miles off.— But instead of so doing you only recorded a Mahazerna=mah signed by people who are totally ignorant of Anatomy and then had the body buried thereby losing the opportunity of obtaining valuable proof as to the cause of death.—

house (his usual residence) and as it appeared that it had been brought and left at the tank in the night time, I thought the said wound to be the cause of his death, and did not in the least suspect any other. It was only on this account that I did not send the body to the Doctor. The treatment of Village Physicians cures many persons, and the Circular Order of the Fouzdary Adalut No. 12 dated 27th December 1851 provides that dead bodies shall be examined by Native Doctors where there are no European ones. This custom has prevailed always and every where. I therefore got the body to be examined by a Native Doctor, and obtained information

information from the people, and as no doubt came into my head, I took depositions &c.a and had the body buried.—

It was known that on the day of the deceased's death, he had been on the Prisoner's Bail till the evening, therefore, as the Prisoners affected ignorance even of this fact, I told the Duffadar to tell them to tell the true circumstances. In the management of public busines it is every where the custom to order the Duffadar and such other persons to question the parties under examination, to report their answers, and to repeat and explain to them the orders given. In giving the said order to the Duffadar, I merely followed this custom. I was not in the least influenced by any anxiety

2. III. Thought thus — negligent in obtaining the above circumstantial evidence, you appear to have been most anxious to get up a good case against the Prisoners as you admit that the Prisoner did not tell you the truth you told the Duffadar to question and get out the truth from them. directions that could. I think, only mean that you would not be particular about the means, provided confessions and evidence were obtained, or at the very least that threats and promises might be liberally used.—

anxiety to get up a good case against the Prisoners, or by any other consideration. I had no reason to employ any means threats or promises, for obtaining confession and evidence, nor did I do so. There was nothing to induce me to such conduct. I have been a Head of Police 14 years. Many cases, from murder downwards, have occurred during that time. I have enquired into and disposed of all of them according to the evidence naturally forthcoming, and never entered into irregularities.—

The Prisoners and Witnesses were not beaten nor did I order them to be beaten. They were not illused, nor had they Kittics put on their fingers. If they had been so

2. III. It appears from the Duffadar's Deposition of the 12th February and the Depositions taken before the Head Assistant, that the Prisoners and Witnesses were

were ill-used, threatened and had Kittics put on their fingers whilst torture was menaced if they did not confess or give evidence against Prisoners- How could this have been done with= =out your knowledge or orders?—

so used, they might have freely told it to the Head assistant Magistrate when he went and examined them at Shickal, but they did not do so- I beg to call your honors attention to this fact- Subsequently, the Prisoners and Witnesses having become of one mind, the latter, anxious for the acquittal of the former, deposed at the Sessions Court that their first Statements were owing to the persuasions of some others- At their second examination afterwards made by the Head assistant Magistrate, at which I was present, that Officer had questioned them why they did not tell him so at first- By considering this, you will know that the Witnesses Pos.ea Statements

Statements are not true. The reason why the Duffadar has said that he beat them according to my orders is that he was anxious to escape the scrape he was likely to get into for having /Contrary to my orders/ buried the Deceaseds cloth with the Corps, and that he thought he would not fall in trouble if he said that he beat them under my orders- Besides, when the Head Assistant Magistrate separately examined the Peons and Vattum Curnam who were suspended in this case of murder, they gave evidence against the Duffadar Pos.ea and as they were immediately restored to their situations, so the Duffadar thought he should get out of the scrape by deposing against me, your

Your Honor will know all this if you send for and see the Summuds given to the said Carnum &c. at their reemployment and the Proceedings now in the Talook connected with the Cloth on the body.—

Witness Sevaramen first stated that two men brought and dropped the body, and when he was afterwards questioned who they were, he stated certain reasons that told against the 1st and 2d Prisoners— There is nothing in his written Deposition other than what he said— If any thing had been written that he did not say he might have told it to the Head Assistant Magistrate when he examined the case.— He did not do so— When any parties under investigation make vague and

2 IV. Sevaramen's deposition January 22d affords, I think strong presumption that he has been (as he deposes before the Session Judge) made to state more against the Prisoners than he actually knew for the Village Officers report does not mention that he recognized either of the two persons who had dropped the body, nor does the first part of his deposition say more than that he saw two persons & on them some questions which produce answers to the effect that he suspected the

the 1st and 2d Prisoners from other causes and lastly that he thought the 2 Persons were the 1st and 2d Prisoners— I think it clear that he did not in any way recognize the two body-carriers, but suspecting the 1st and 2d Prisoners from other reasons, therefore thought that the two persons (whom he could not recognize) were the carriers.—

and general Statements, it is the duty of the Officers and a custom every where prevalent to put such questions as would elicit the truth and particulars of the case, and any departure from this Custom is noticed by the higher authorities as objectionable— In this case I have acted my part rightly— I have never up to this time acted wrongly either for the sake of money or from faithlessness to Circar—

I have been 14 years in this office of Head of Police Before that I served the Circar for 14 years as Sayer Amildar, Salt Amildar, Davestanum Sherestadar, Assistant Sherestadar

Fort St. George 7th June 1852.

Sheristadar, Additional Sheristadar and Head Goomastah.

During my whole service of 28 years I have always behaved with propriety and carefulness- I have never acted improperly, and in this case have not knowingly done anything wrong.-

I therefore beg your honor will kindly protect me- your honor will know my services if you see the list thereof furnished by me as per General order and now in the Huzzoor Dufter Cutcherry- I beg to produce a copy of the same.-

Note to A. 1. Notes to the Answers.-

The deceased was seen to be well at Sunset and was supposed to have been murdered early in the evening in the midst of a Village, but no one heard any cries, such as must have proceeded during the murder, if it had taken

Fort St. George 7th June 1852.

taken place as supposed by the Tasildar, without the deceased had been suffocated or strangled by some one pressing his mouth or throat whilst another was murdering him. It was therefore manifest to all that there was a strong suspicion of strangling or suffocation which suspicion the Native Doctor could not solve though an Apothecary or English Surgeon might easily have done so. For this reason and also from the injuries to the testicles being insufficient to cause death, there was the strongest reason for sending the body to Negapatam 14 Miles off/ which may be considered close at hand.-

The Tahsildar's error in this instance is a grave one but it was one of want of judgment only.-

Note to A. 3. The Head Assistant's Memorandum alludes to the female Prisoner's Statement to him on February 11th of the treatment She had received from the Duffadar, but her Deposition does not mention this. If directly the Head Assistant heard of the illusage to the Prisoners and Witnesses, he had made a thorough examination into the matter, I feel certain that the ill usage would have been proved far more clearly than is now the case, but the Head Assistant appears to have been so fully convinced that ill usage had been resorted to as unfortunately to consider an immediate and sifting examination as unnecessary.-

---

The Tahsildar's character is good and he is generally considered as too mild and quiet rather than as too energetic and inclined to bully Prisoners and Witnesses- I regret much having to report him on so serious a charge, and shall be glad if the Board are able to take a more lenient view of his conduct than I have done, or to consider that the ends of justice will be answered by a lighter punishment.-

Proceedings thereon—

Suspending Naraina Row Head of Police of Revalaor Talook in the district of Tanjore for 4 Months.—

Fort St. George 7th June 1852.

The Main charge against Narana Row Head of Police of the Revalaor Talook in the District of Tanjore was for allowing his Subordinates to record in the enquiry which took place before him, in the case of the Murder, matter which had not been altered by parties examined— But the Board observe that his reply to the 4th Question put by the Acting Magistrate on this point, tends to shew that, so far as one Witness namely Sowaramien is concerned, the examination was conducted with the view of eliciting the truth from a person who appeared unwilling to state fully what his impressions were. The Board also find some difficulty in reconciling the remarks of the Sessions Judge 14th para of his Proceedings of the 25th March 1852 / in which that Charges is contained, with his admission in the preceding para that the Head of Police really believed the accused party to be guilty that there were grounds for that belief while in Para 4 the Judge considered the Head of Police a party to the fabrication of Evidence. The Board would here remark that if the latter was anxious to draw out the facts of the case from a conviction of the truth of the Charge it is not likely that

that he would be a party to the fabrication of evidence.—

2. In their opinion the charge of not sending the body of deceased to Negapatam in order that the cause of death might be established was an error of judgment on the part of the Head of Police, but if value can be attached to his plea that he had the evidence of the Village Doctor the error does not seem to be deserving of so severe a punishment as that proposed by the Magistrate.—

3. The Board consider that the charge of ill treatment is by no means established but on the contrary that the probability is directly opposite so far as weight it is to be attached to the omission of the parties to complain of their sufferings when the Head Assistant Magistrate took up the enquiry and it seems singular that the latter officer should have considered enquiry unnecessary when convinced as he stated, that ill usage had been resorted to.—

4. They find that, altho' the Acting Magistrate

The Board observe that the proposed advances exceed the actual disbursements of last Fusly in the large sum of Rupees 15,050, and are not confined to those Talooks in which the effects of the inundation and want of rain were chiefly felt. Sir,

In reference to the Board's Circular dated 29th September 1845. I have the honor to report the death on the 15th March last of Ramasawmy Iyengar yeomiah-dar No. 101. who was in receipt of 3/8 Cully fanam equal to —1— 3 5/11 per diem. It will be seen from Mr. Vivash's letter to Board dated 23d July 1829. and the Orders of Government of the 18th August of that year conveyed by the Board in their letter of the 20th— Idem that the yeomiah in question is a Moiety of one enjoyed by the Father of the deceased for life only which was continued to his Sons, the deceased, and his Brother Vencatakistna Iyengar whose share lapsed on his death reported on the 5th March 1832 be-cause they were disabled by disease from earning a livelihood— Under these circumstances I would recommend resumption.—

Forwarding Statements of the Services of the Head Naib and Sub Division Sheristadars.

In reply to your letter of the 25th March last, I have the honor to inform you that the Head Sheristadar of my Cutcherry and the Sheristadar of the Sub Division Cutcherry have never held permanently the appointment of Tahsildar as will be seen from the enclosed Statements. The former however had been long Sub Collector's Sheristadar in Tinnevelly and Head Sheristadar in Nellore, before he was nominated to this District and the latter was appointed by the Board themselves.

2. There is a great advantage in the Naib Sheristadar of the Collector's Cutcherry being acquainted with English in order that he may be able to understand the various accounts Diaries &c. in the Maramut and Extra Revenue Department without translation, and I would submit to the Board whether upon the whole it would not be more advantageous that

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue, dated 5th Ulmo, and to the enclosed copies of letters, I beg to recommend that Mr Lascelles may be permitted to hold, on the usual terms and Puttas, 40 Cawnies of Jungle land as requested and to use such water, as he requires, and as cannot be applied to other use.

I have ridden down the Ghaut with Mr Lascelles, to inspect the locality and I see no objection to Mr Lascelles occupation, according as he does to the usual stipulation about Timber &c. Spice plants. I have already tried on the Ghaut, and with considerable success they may be extended with much benefit. the Nutmeg, Clove, and Chocolate are all thriving well.

To W H Bayley Esqre
Secretary to the Board of Revenue

Sir,

With reference to Extract from

Fort St George 7th June 1852

from the Proceedings of the Board of Revenue dated 14th Ultimo declining under the circumstances then reported to recommend Lieutenant Michael as an Assistant Magistrate under act IX of 1847 in 'Animalay' and the Forests, I would beg, with all deference respectfully to bring to the Board's notice a few facts relative to the matter.

The 'Flanders' are now under

2.

Lieutenant Michael's vigilant and benevolent superintendence, progressing most favorably and in a very promising way towards gradual emancipation from the bondage and ignorance in which they have hitherto been cruelly held by their self constituted Masters.

3 These last are losing their hold of what has been hitherto a very gainful, the most unjust and oppressive system of thrall dom, and are consequently making considerable efforts to thwart Lieutenant Michael, and re-establish their iniquitous power nothing

nothing short of some authority on the spot, can check this the native Talooker 20 or 30 miles distant, cannot do it (as has been tried in vain) to send in each case (Petty in itself but serious to the poor Hauder forresters) to me at Coimbatore 35 Miles for redress would almost amount to a prohibition especially to the Hauder, who scarcely leave their woods and Hills.

4 The forests themselves also need some authority of the sort at hand for their protection. Had Lieutenant Machael held such at the time of the late incendiary fire (of the Government timber) it is very probable some clue or information might have been obtained.

5 A full and free appeal to my own office, and to the Court, will effectually prevent any abuse of this slight authority, and I would beg most respectfully to bring it once more to the notice of the Board and to solicit their favorable consideration of it.

Proceedings

Submitting letters from the acting Collector of Coimbatore and recommending that Lieutenant Michael be transferred from doing duty under the Civil Engineer to doing duty under the Collector and that he may be appointed an Assistant Magistrate under act IV of 1847.

(35-36)

Resolved that the thereon,

letters above recorded together with Copy of the Board's Proceedings of the 14th April 1852 be submitted for the consideration and orders of the Right Honorable the Governor in Council.

The Acting Collector

2 strongly urged the necessity of placing Lieutenant Michael under the Collector of the District instead of under the Civil Engineer of the Division, with the view to his being vested with Magisterial powers under Act IV of 1847. but the Board declined to support the proposal, as sufficient ground had not been given.

The Collector Mr. Thomas

3 has however represented that under Lieutenant Michael's vigilant and benevolent charge the Hauders are now becoming gradually emancipated from the thraldom in which they have been so cruelly held by their self constituted Masters, and that the latter, in their efforts to re-establish their power are thwarting Lieutenant Michael,

while

while redress can only be obtained by the Handers from the Tahsildars 25 or 30 miles distant, or from the Collector at Coimbatore, 35 miles away. which amounts almost to a prohibition to the Handers to complain, especially as they seldom leave their Woods and Hills. He adds that if Magisterial power had existed at anamalay and the Forests at the time of the late Fire of Government Timber, some clue or information might probably have been obtained and if that power be granted to Lieutenant Michael, that an appeal against his decision would not lie with the Collector or the Court.

4. The Board have ascertained from Major Cotton, late Civil Engineer of the Division that there can be no objection to the transfer of Lieutenant Michael from doing duty under the Civil Engineer to doing duty under the Collector which they accordingly recommend may be sanctioned and upon the grounds which have been so strongly urged by the latter officer they also recommend that Lieutenant Michael may be vested with Magte powers under act IX of 1847 and appointed as an assistant Magistrate.

B2 No. 1137.
From the Collector of Canara,
Bringing again before the Board the necessity of establishing a Salt Gollay at the Town of Pane Mangalore.

Sir,

Para. 1. ... under date 2d April 1852 having shown that it is not proposed to make any change in the present system of selling Bombay Salt in this District, I have the honor to request that you will again bring before the Board the necessity of establishing a Salt Gollay at the town of Pane Mangalore. The question is one of very great importance to the trade of this District, and I therefore lose no time in bringing it forward, in the hope that an arrangement so simple but so useful will meet with the concurrence of the Board.

2. The Bombay Salt sold in this District is landed at Mangalore, and sent up the river to be sold to the inland traders. The trade is carried on both shores in the proportion, as nearly as I can determine by the accounts / exclusive of home consumption / of 533 Garce on the Northern bank to 361 Garce on the Southern - or it may be said of 420 -

bullock

Fort St. George 7th June 1852.

bullock loads on the North to 28800 bullock loads on the south.

3. When the Salt is brought up the river, it can be landed with equal ease on the North or the South bank, and it is obvious that to land on the North bank what is intended for sale on the South is to interpose a broad river or it's bed of Sand between the Salt and it's purchasers, or to place it in another light, to establish a Depôt on the South bank is equivalent to building a bridge over this river for the use of the 28,880 bullocks which come from the South. The only cost involved in the measure I propose is that shewn in the accompanying rough Estimate for the purchase of a plot of ground, for erecting two Cottays, and for a small extra establishment, and this expense will, I am satisfied, be more than compensated by the improvement in the trade.

4. After a large expense† has been incurred in constructing and bridging the Sampajee Ghaut, it is so obvious that much of the value of the work is wasted by the present arrangement, which throws the most serious impediment of all, unnecessarily

† Rupees. 65,854-13-2.

Fort St. George 7th June 1852.

unnecessarily in the way of the trade, that I feel sure that I need not add more in recommendation of the measure which I propose. When brought forward on a former occasion it was postponed by the Board because they thought that the new Ghaut which has been opened to Tellicherry, and the road which has been opened from Jaulsoor to Cassergode might divert the trade from Buntwal. But the Buntwal trade has continued to increase, and I think that it is only justice to the traders of Mangalore that every facility should be given to their trade, and that it should not be diverted elsewhere by an obstacle unnecessarily placed in their way.

5. I beg to add that if the necessity for an extra establishment should form any ground of objection or be the cause of delay. I would request permission that the salt may be sold on alternate days on the two sides of the river, rather than the present system should be continued. But I feel sure that the increased and increasing trade will be found to justify and to call for the Establishment which I propose, and I also beg to state that the

Fort St. George 7th June 1852.

the space round the Buntwal Cottays is so confined that this affords another reason for establishing a Cottay on the other side of the river.—

6. I have still to remark that the measure is necessary fairly to test the value of the road opened from Coperam-gaddy to Pootoor. That road is coming much into use, and a great portion of the Tobacco supply was this year brought upon bandies by this road, and I feel very confident that when there is a salt cottay on this side of the river, a great deal of the trade of the Manja-rabad Ghaut will follow this route, especially at the early part of the sea-son before the Nairavaty river has be-come fordable, at any rate the option will be given to the traders to follow which road they prefer.

Fort St. George 7th June 1852.

I think it will appear that this addition is called for, and I am satisfied, that the business at Buntwal has grown beyond what the Mootsady can properly superintend. and that the Division into two Cottays will tend to check many abuses (concealed as wastage) and greatly to facilitate the trade.—

8. Should the Board of Revenue approve of the proposal the necessary estimates shall be prepared, and sent in through the Department of Public Works.—

Proceedings Submitting a letter from the Collector of Canara on the necessity of establishing a Salt Cotey at Panymungalore, and recommending that he be called upon to send an Estimate and application in the usual form; and that he be authorized to purchase such a stock of Bombay salt as will leave at all times 2 years supply on hand.

37-38

1. Resolved that the letter above recorded together with its Enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to para 10 of the Board's Proceedings of the 24th October 1850.

2. The proposal to erect a Salt Cotey, at Pany Mungalore was deferred for further consideration as, before applying for an additional Establishment, the Board deemed it desirable to ascertain the effects which the opening of the Two new roads / one by the Periambaddy pass directly down to Cannanore, and the other from Soobiah to Cafsergode / would have in diverting the Trade in Salt from the large Depôt at Buntwail on the North side of the river opposite to Pany Mungalore.

3. The Collector now states that the Salt sales at these Two places may fairly be taken, exclusive of Home consumption at 533 Garce on the North and 361 Garce on the South side of the river. that salt can be brought up for sale on either side, so that the construction of a Depôt on the South side is equivalent to building a bridge over the river for the Salt Trade on that

Bank

For St. George 7th June 1852.

Bank. He explains that the Buntwail Salt Trade since the opening of the Two new roads continues to increase but that the space around the Coley is very limited while the erection of that proposed for Pany Mungalore is necessary to test the value of the road opened from Operangally to Poor-toor, which is very much frequented and would bring up the Trade of the Mungarabad Ghat by this route especially in the early part of the season before the Kattravaty River is fordable-

4. The Collector therefore renews his application for the erection of the proposed Salt Coley at Pany Mungalore the Cost of which, with the purchase of a plot of land is estimated at Rs. 1240; and he suggests that the additional establishment Marginally noted at a monthly cost of Rs. 59 may be sanctioned, the labors of the Buntwal establishment having exceeded the powers of the servants attached to it which a division of labor in Two Coleys would obviate while it would at the same time check many abuses and would greatly facilitate Trade.

5. Under these circumstances the Board have no hesitation in recommending that the Collector be called upon to submit thro' the D. P. Works an Estimate for the proposed new Coley and to forward thro' this Department an application in the usual Tabular form for the additional Establishment which will be requisite.

6. The Board also recommend that sanction be granted to the Collector to purchase such a stock of Bombay Salt as will leave at all times Two years supply on hand in order to the encouragement of its production and with the view to provide for unforseen Contingencies and to increase mean while the area on which the Salt is produced so as to raise the average of produce above that of consumption or of an increasing demand as suggested by the Collector in para 9 of his letter of 9th September 1850.

From the Collector of Madras.- Submitting certain observations on Act XIX of 1852 and requesting the Board's Orders on the same.-

° C.

Sir,

The Act XIX of 1852 for securing the Abkarry Revenue of Madras being now published I have the honor to submit for the approval of the Board a form of License * as required by Section VII of the Act and a Counterpart engagement as by Section VIII of the same to be signed by persons taking out Licenses.-

2. It will be necessary to remind the Board of the present practice of this Office as regards the issue of Licenses in order that they may sanction the charges which it will now be necessary to introduce.-

3. It is at present the practice at the commencement of each Fusly to put up to public auction the Colombo and Putta Arrack Shops within and without the limits the Supreme Court.-

4. These are given to those who at this auction undertake daily to receive from our Godowns the largest quantity of arrack.

for

for their respective Shops.-

5. This having been settled and the names of the Highest Bidders inscribed upon a list they are made to Sign a Moochilica which contains the terms upon which they hold their Shops, any breach of this Moochilica is to subject them to the loss of their shops.-

6. They are then sent to the Police Office with a Memorandum stating for the information of the Chief Magistrate that the bearer has been allowed to sell Arrack in a particular Shop subject to the permission of the Chief Magistrate and Superintendent of Police, should there be no objection the Chief Magistrate issues the License in the accompanying Form.-

7. With regard to the Toddy Shops, there is no Auction, the Shops are divided into 1st 2d 3d and 4th class Shops at the discretion of this Office. The Gardens belonging to these shops are then pointed out and inspected by the Office and a Memorandum similar to the one used for the Arrack Shopkeepers is granted which is in the same manner taken to the Chief Magistrate, who if he sees no objection, grants a Licence to the Toddy Shopkeepers in the same Form as that for the

the Arrack Shopkeeper.-

8. The same forms are gone through when during the Fasly any Shopkeeper relinquishes his Shop or when it is thought expedient by this Office to establish an entirely new Shop.-

9. This practice is a Modified exercise of the powers granted to the Chief Magistrate by the Regulation 4 of the Police Regulations- which gives the Superintendent of Police the power to regulate the number and situation of the Arrack and Toddy shops and to put the same up to Auction. This power has never been entirely exercised and this Section 4 of Regulation 4 of the Police Regulations appears now to be cancelled by Section VI of the new Act XIX of 1852.-

10. From the Correspondence before the Board on the subject of the draft of this Act it appears that the Chief Magistrate considers that a double License as in England is necessary for the establishment of all shops where Spirituous or Fermented liquors are to be sold- The Magistrate Considers it of the greatest importance with a view to the Police of the Town- that the situations of all such shops should be approved of by the Police authorities- It may therefore be necessary still to retain the Police Licenses it being clearly understood that

that according to the New Act XIX of 1852 the withdrawal of the License by the Collector of Madras subjects the Shop Keepers at once to all the penalties of selling liquor without a License altho' he may hold a License from the Police Magistrate and may not have committed any breach of this Police License.-

not employ any other body to carry on sale
and that we and the said our servants will subm
to the punishment which may be imposed by th
Police authority and also by you for any offenc
to be committed by the said servants.

II We further engage that from
the said 12th July up to 11th July 1852 we will
daily between 10 Oclock in the morning
and 4 in the evening pay first to the Shro
in Calal Cutcherry at 44 fanams for ea
Gallon according to the dawle of sale
each of us and will get receipts from th
in which we will get the signature of the Su
perintendent and will give the said receipt to
the retailing Conicopillay and will receive
Arrack and will go to our respective Shops and
the passes pasted on the Jars and will sell th
Columbo Arrack as mentioned in our licenses
from 6 Oclock in the Morning till 12 in the nigh

will not take the said Arrack to any other Sho

but that for which it is intended nor to any
other place nor will we purchase arrack
from one Shop and sell in another clandestinely.
Moreover should we require any quantity in
excess of our dawle we will purchase such
excess of liquor from the retail Cutcherry and
not obtain it from any other source.-

IV In consequence of failure in our
Shop in the sale of those goods as per the auction
dawle, if (we) neglect to purchase arrack ac-
cording to the daily dawle and fall in arrears
for 10 days dawle (You) shall attach it on the
11 day and carry on the sale under the manage-
ment of your Circar and take to yourself
the goods there remaining and then you shall
put up a Notice respecting the Shop according
to the order and put it up to auction, before the
date of auction, if (we) should pay off without
leaving arrears of even one days' dawle, and take
(the goods) (You) shall stop the sale and deliver
the said Shop as before to its respective Shop

the quantity of arrack purchased and we
sell daily from 6 in the morning till 8 a
the night at 5/8 of a fanam (or ten piece) pe
dram or 22 Fanams a Gallon.—

II. We will, as abovementioned, g
directly to our respective Shops with our res-
=pective Purs, having the Cadjan passes tied
them and sell the liquor there only, but will n
secure the Arrack of our respective Shops in an
other place and carry it to our Shops to sell, no
will we convey the same to any Shop of a differe
number nor will we take the arrack of one Shop
to another and sell there clandestinely. If th
arrack of the Dowle of our respective Shops be
insufficient to answer the demands and we req
some in excess we will pay its value and bu
the required arrack from the Conecopillay of the retail
Godown to which we are attached, but we will
buy arrack clandestinely at a lower rate from th
retailing Godown or Shops of another district n
will we sell liquor so purchased.—

Should we fail in our Shops
in the sale of those Goods as per the Dowle
fixed at the Auction sale if we neglec
to purchase arrack according to the daily
Dowle and fall in arrears for 10 Days
Dowle

Fort St. George 7th June 1852.—

Dowle (you) may attack them on the 11th day
and carry on the sale under the management
of your circar and take to yourself whatever
goods may be found there, and then you may put
up a Notice respecting the Shop according to the
Order and dispose of it by Auction. Before the date
of Auction, if (we) should pay off without leaving
arrears of even of one days' Dowle, and redeem the
(goods) above alluded to, you may stop the sale
and deliver the said Shops as before to the owner
of that Shop. If we fail so to pay the arrears, it
shall be put up to Auction and given to the highest
bidder, and, for leaving off without keeping it till
the end of the Contract as mentioned in the Moochilka,
we shall, as a penalty, pay the tax due to the Circar
out of the deposit money equivalent
to 10 Days Dowle which has been lodged
in respect to the said Shop and re-
=ceive only the prime Cost of
the goods.—

III. Having bought the arrack
as mentioned above, we will not sell liquor
to Soldiers wearing the Company's Uniform,
to Vagabonds nor will we take stolen pro=

J. G. B.

Fort St. George 7th June 1852

Proposed
General Moochilka to be signed by the Toddy shop keepers.

1. Whereas much dispute has occurred concerning the word Loick & Co in former Moochilkas we do hereby agree to the following arrangement as regards the Trees that are to be considered as paying Taxe.— That before we receive a License for the Establishment of a Toddy shop we shall give notice at the Collector's Office of the Site of the garden or gardens containing the Co-coanut Trees from which it is our intention to draw Toddy during the year. That we shall point out to the examiners deputed by the Collector of Madras these trees their number being according to the Shop we may have applied for according to the following Rates.—

1st Class	Shop	330	Trees.
2nd D°	D°	247	D°
3rd D°	D°	165	D°
4th D°	D°	110	D°

II These trees are intended by us as the trees which are actually to supply us during year with the Toddy required for our shops and no change in these gardens can be made without the permission of the Collector of Madras upon any re-examination being made of these gardens by order of the Collector of Madras this number of trees shall all

all be considered as taxed trees and we ob-
raise no objection because at the time of the ex-
-amination certain trees are not actually pro-
-ducing Toddy.-

III That whenever we consider
that it would be for our advantage to add
trees to the number allotted to our Shops ac-
-cording to their class we hereby undertake
to apply for permission for such extra trees
as may be necessary at the rate of one fanam
for ten trees daily.-

IV That the Collector may at
any time order a re-examination of our gar-
-dens and that if upon such re-examination
being made we are found to be in the pos-
-session of trees in excess of the number as-
-signed to us, we agree to pay a fine at the
rate of two Rupees for every ten trees found to
be fraudulently in our possession and that on
the default of the payment of this fine we shall
be liable to the loss of our Licenses as provided
in Section IX act XIX 1852 that upon our appealing
from the examination of our gardens made by
the Officers of the Atkarry department the de-
-cision of the Collector of Madras shall be
considered final and we hereby agree to
conform to the said decision.-

V That we shall obtain a
pass

pass for the Toddy to be carried from the
Gardens to our respective shops and that nei-
-ther ourselves nor our servants shall convey any
Toddy without such a Pass to any place
other than that specified in the pass.-

VI That we shall daily pay
the tax and that in default of this pay-
-ment of tax both for the usual number
of trees and for the extra trees we shall be
liable to the penalties as laid down in
sections IX XIII of Act XIX of 1852.-

VII That upon all occasions
we shall attend at the Cutcherry or at our
gardens when required or in our absence
we shall appoint an agent to represent us, If
we fail to attend, we agree to the decision
that may be made in our absence nor shall
we claim to have a re-consideration of the
case on the plea of not having been present.-

VIII In all respects we undertake
to submit to the Rules laid down in the
Act XIX of 1852 to the Police Regulations and
to the orders passed by the Collector of Madras
for our Conduct.-

of my shop and pay the usual excise
duty on the same as shewn in the
margin.—

3. I shall during the period
my License is in force, pay every day
in the first instance, the excise duty
according to the dowle of my shop
to the Sheriff in the Calal Cutcherry
and after that take my supply of
Arrack to my shop in Jars with Papers
given by the Collector's Office pasted
on them.—

4. I shall not keep my
Shop

Fort St. George 7th June 1852.

Shop open for the sale of liquor longer
than from 6 O'Clock in the morning to
10 O'Clock at night nor shall I sell any
liquor at more than one fanam a dram
or 48 fanams a Gallon.—

5. Should I neglect to purchase
Arrack according to my daily dowle and
fall in arrears for 10 days, notice will
be given to me that my license will
be withdrawn within 15 days and that
I will be liable for arrears during the
15 days of the notice.—

6. I shall on the receipt of
my License, deposit a Security equal
to 10 days dowle of my shop, which
shall be proportionally forfeited in
the event of my not taking the full
amount of my dowle daily.—

7. In the Case of my wishing
to give up my Shop I shall give 15 days
notice of my intention. Any liquor that
may remain I must return to the
Collector's Office, the prime Cost of
the liquor being given to me.—

8. Should it then be dis-
=covered that a greater quantity of
liquor

liquor has accumulated in my shop than is equal to 8 days doule of my shop the liquor will be returned to the Collector in the same manner as when a shop is given up, the Cost price of the liquor being paid back to me.—

9. I shall not sell my liquor to Soldiers wearing the Queen's or Companys Uniform nor shall I take Stolen property in pawn at my Shop, nor shall I sell liquor mixed with intoxicating drugs or diluted with water.—

10. I shall purchase on Saturday the supply of liquor I may require for the doule on Sunday.—

11. Lastly should my Conduct be found to be contumacious in disobeying the orders of the Collector's Office and not abiding by the rules in force, or should I be found to be encouraging any irregular or unlawful practice in my Shop, or should I in any wise act Contrary to the Conditions of my License, it will be withdrawn and I will be subjected to such further penalties as are provided for by law.—

Under the circumstances brought to the notice of Government by Mr Ellis the Assistant Collector of Madras, the Right Honorable the Governor in Council is pleased to grant authority for the rate of "Coodemarum" allowed to the Salt Manufacturers of Cuttemankum being raised from Rupees 8 per Garce to Rupees 10, the rate prevailing at Ennore and Attepat and trusts that the hope entertained of increased manufacture at the former pans will be fully realized.

2 After the strong arguments urged on Government by the Board and the Subordinate authorities regarding the advantages to be derived by an Establishment of Government Boats for conveying Salt from the places of manufacture to those of Store, it is not satisfactory after the lapse of 9 months with little being done by the Collector to give effect to the plan and

and before the system had came into operation to be informed that the measure is considered one of doubtful expediency. The Governor in Council regards it as most fortunate that the system can now be relinquished without loss to the state, and he resolves under all the circumstances of the case to abandon it and to cancel the orders of the 29th July 1851 No. 755.

3 The Governor in Council sees no objection to Mr. Rozario's tender for the Cooly Contract for the conveyance of Salt, for a term of 3 years, and desires the Board of Revenue will conclude the arrangements for that purpose subject to the penalties for failure of engagement specified in para 7 of their Proceedings.

Resolved, that the Board in the Revenue Department be requested to call upon the Collector of Rajahmundry for a Statement affording information upon the following points connected with the lands irrigated by the Godavery.

1. Extent of irrigated land watered by the Godavery for the five years prior to the construction of the annicut the annual revenue derived therefrom, and the cost of Channels or works for maintaining this irrigation.

2 The maximum extent of land in the most favorable years, irrigated during the last 20 years by the waters of the Godavery, prior to the construction of the annicut, and the revenue derived therefrom (An Estimate where the land was Zemindary and the Collector has not the accounts, will suffice)

3 The whole extent of land now irrigable (in 1851) by the Godavery with its annicut or otherwise, the amount of revenue derived therefrom, the annual increased extent of land irrigated each year since the annicut was

was brought into use, with the increase of annual revenue therefrom.

4 The quantity of the newly irrigated land under cane, or other not ordinary produce, and the quantity of the same land under paddy or ordinary grains.

5 The prices of rice, Cholum, &c during the five years prior to the construction of the anicut, and the prices of the same articles during the subsequent years.

Board of Revenue
Fort St. George.

Sir,

In reference to my letter of the 20th December last, I have the honor to state that an appeal has been made by the Plaintiff in the Suit therein referred to, and that I have been served with the usual notice from the Civil Court on the occasion. I therefore enclose translations of the Principal Sudder Ameen's decree in the Original Suit and the appeal Petition together with the draft of a proposed brief answer, and if the latter should be approved, I request to be favored with early authority for filing it in the Court in answer to the Appeal Suit.

In the Plaint filed by complainant on
the 10th January 1848 it is set forth
that one Burda Reddy rented the Sayer farm
of the whole District of South Arcot for
Fusly 1240, that 3 persons Vizt. Pedda Reddy
the 2d Defendant, and the husband of the 3d
defendant became securities with Government
on behalf of the renter, that Burda Reddy
having failed to discharge his arrears of
rent to Government the property of the sureties
was publicly sold in 1832, when Plaintiff pur-
chased it for the sum of Rupees 430.8-

and obtained a Bill of sale on the
14th July of the same year, that
notwithstanding this, Mr. Dent at that
time Collector called for the Bill of
sale, retained it in his own charge,
and would not put Plaintiff in possession
of the property, that out of the whole property
thus purchased, that of Pedda Reddy
alone was delivered over to his possession
that a portion of the latter however hav-
ing been subsequently usurped by the
4th and 5th Defendants by prosecuting
Dur khast, Plaintiff filed a Suit for
its recovery in the late Auxiliary Court
and obtained judgment in his favor,
this was confirmed in appeal that the
Court of appeal called for and inspected
the Bill of sale referred to, and sent it
back to the Collector, and that the first
Defendant subsequently gave it up to
the Plaintiff in the month of Arpoassee
in Plavunga year, but did not deliver
over possession of the property sold at
auction. Plaintiff therefore prays that
the Nunjah and Poonjah lands to the
extent

extent of 17 Cawnies 11 Annas paying an annual teerwah of Rupees 205_2_3 with the trees &c. situated thereon may be recovered from the Defendants and that Puttah for the same be made out in his name.

In the answer put in by the Government Vakeel on behalf of the 1st Defendant on the 2nd February 1849, it is alleged that Purda Reddy who rented some Choukies in this District having fallen into arrears with Government in Fusly 1240 the property of his sureties was put up for sale by the Auction Commissioner, by order of the Collector Mr. Dent, but that they were not sold for Rupees 430_8_" as asserted by the Plaintiff that in consequence of some error committed at the time of the estates were disposed of, the Bill of sale was called for and retained pending the enquiry about to be made, that the property was given put up for sale but failed to obtain bidders, that the original amount was therefore credited in payment of the Sayer rent arrears, that the Plaintiff or his agents have failed to urge any claim to the lands for 14 years, that in 1846 they

presented

presented a Petition for the possession of the property under litigation, but its delivery was considered inexpedient that the principal surety Pedda Reddy has two sons who sold and mortgaged a portion of the disputed lands to the 2d & 3d Defendants, that the mortgage and sale appear to have been disallowed by the Zillah Court of Cuddalore in appeal No. 37 of 1840, when the Plaintiff took no steps in the matter and that the decree in appeal No. 30 of 1840 had no reference to the claim now preferred, and he requests that he may be excluded from the action now brought as he is prepared to issue a Proclamation according to Regulations, if directed to do so by the Court.

In the Answer of the 2d Defendant filed on the 20th March 1848, it is stated that Munnaroo Naik grand father of Venkatarama Naik the husband of the 3d Defendant and his son Narayna Naik died, when the 3d Defendants' husband Venkatarama Naik was young the Widows of Munnaroo Naik and Narayna Naik entered into agreement with him (2d Defendant) that he should have the care of the boys estate

until

until he should become of age, on the understanding that one third of it be given him as remuneration, that he accordingly took care of and delivered back the estate to Vencatarama Naik; that in proof of this his own name continues to be included in the Puttah, that Vencatarama Naik died about 5 or 6 years ago, that the 3d Defendant intends to defraud him at the instigation of certain parties, that he and Vencatarama Naik had been sureties to Pedda Reddy on account of whose arrears the Collector sold the property held in security, that the Plaintiff purchased them at public Auction, and that the lands were again purchased in the names of the 2d Defendant and 3d Defendants husband during the latter's life time, but that the 3d Defendants asertions to the effect that he [2d Defendant] has possession of the document under which it was re-purchased, and that he [2d Defendant] promised to give her a share, also that he [2d Defendant] would not show the deed to her altho' she frequently asked about it are not true.

In the answer filed by the 3d Defendant on the 9th February 1847

1849 she asserts that the 2d Defendant has no connection whatever with her lands, that her husband having stood surety for [illegible] Pedda Reddy the Sayer renter, his lands were sold in auction and purchased by Plaintiff that her husband having remonstrated to Pedda Reddy against the loss thus inflicted upon him, the said Pedda Reddy paid the amount of purchase to the Plaintiff and caused him to execute a deed of sale for the lands in the names of Vencatarama Naick and the 2d Defendant, and that Pedda Reddy moreover gave him a document promising to satisfy any claim that might be brought against him in connection with the transfer. the 3d Defendant further argues that Plaintiff has allowed 16 years to elapse since the date of sale without attempting to obtain possession, for which there could be no proper reason and prays that the suit may be dismissed. She also adds that the Bill of sale and the Agreement executed to her husband are in the possession of the 2d Defendant as well as some lands obtained by Durkast. She requests that the land under dispute be not delivered over to the Plaintiffs.

In the answer of the 4th & 5th Defendants dated

Fort St. George 10th June 1852.

dated 13th March 1848. they state that 3/4 ing of the lands under enquiry was obtained by them upon Durkast, and the Plaintiff had no manner of right thereto as it had been waste for about 7 or 8 years.

The Plaintiff's reply dated 26th March denies the statements put forth in the answers.

The Rejoinder of the 3d 4th & 5th Defendants dated 30th April & 4th May 1849 contains confirmation of the Answers.

The 1st & 2d Defendants filed no rejoinder.

Points for the Plaintiff.

Plaintiff has to prove as alleged in his Plaint and reply that the purchased the lands legally and for his own use for a fair price in the auction sale of the state of Pedda Reddy, of the 2d Defendant and of the husband of the 3d Defendant, who were sureties for Vurda Reddy the Renter; that Pedda Reddy had no interest whatever in the above sale and that out of the property purchased he/Plaintiff has possession of all the lands & Pedda Ready. He has further to produce the sale documents referred to in the Plaint and Reply in support of his assertions.

As the first Defendant promises to file Proclamation in pursuance of the decree that the Court may pass after examination of the merits of the case, the Court sees no cause for proposing any points to him.

Points for the Defendant.

The 2d Defendant has to prove that he bound himself as surety, he admits that there was a sale of the Estate and affirms that the 3d Defendants husband Venkatarama Naik obtained a Bill of sale for the lands in his own

Fort St. George 10th June 1852.

own and 2d Defendants name from the Plaintiff. He has therefore to prove this so as not to admit of any doubt.

Points for the 3d Defendant.

The 3d Defendant has to prove by witnesses &c. that Pedda Reddy caused his near relative the Plaintiff, to offer a low price at a nominal public sale for the lands belonging to her husband and others, that there was not a regular sale, that her husband having remonstrated against it to Pedd Reddy through the 2d Defendant who had been his accomplice, Pedda Reddy paid back the proceeds of the sale to Plaintiff and caused him to execute a deed in favor of the 3d Defendants husband and 2d Defendant; that Pedda Reddy further gave an agreement regarding it, that she has ever since been in enjoyment of the lands and that the deed of sale and the agreement were fraudulently obtained by Plaintiff through the 2d Defendant.

Points for the 4th and 5th Defendants.

They have to prove that out of Cawnies 2-2/4 annas of Nunjah land classed as 12th Turm said to have been waste for many years they obtained by regular Durkast 12/4 annas of land.

Decree.

1. The Court having examined the whole of the records filed in this case pass the following decision.

2. Plaintiff states in his pleadings that at

For. St. George 10th June 1852.

at the auction made in the month of July 1832 by the Commissioner Gopaul Iyer on the part of the Circar of the estate of Pedda Reddy Surety of Vurda Reddy the Sayer Renter of South Arcot in Fusly 1240, and of the properties of the 2d Defendant and the 3d Defendants husband Vencatarama Naik who also became his undersureties, he (Plaintiff) purchased them for the sum of Rupees 430—8— and obtained a Bill of sale for the same on the 14th July; that of the property thus purchased that of Pedda Reddy alone has continued in his possession since the date of sale, that the remainder has not been delivered to him owing to the objections raised by the 1st 2d 3d 4th and 5th Defendants; and sues for the possession of Cawnies 17—11 as. paying an annual assessment of Rupees 205—2—3.

3d The chief objection raised by the 3d Defendant in this case is the following Viz.: that Pedda Reddy the Surety, and Gopaul Iyer the sale Commissioner collusively underrated the value of the properties of Pedda Reddy and of his under Surety the husband of the 3d Defendant and made a pretended public sale thereof, for the sum of Rupees 430 and odd in order that Pedda Reddy might take possession of the lands, she adds that her husband Vencatarama Naik being made aware of

For. St. George 10th June 1852

of this circumstance, remonstrated with Pedda Reddy regarding this Measure, the latter in consequence got the ostensible purchaser (the Plaintiff) to execute a Deed of sale for the lands in the names of Vencatarama Naik and the 2d Defendant on the 4th Awany of the year Nundana corresponding with the 7th August 1832, that Pedda Reddy further gave an agreement on the 9th Awany corresponding with 22nd August 1832 holding himself responsible for any objections that might afterwards arise to the transfer, that the 2d Defendant having been won over to Plaintiffs interests the above documents in his possession having been suppressed and the present Suit commenced and that she cannot therefore be compelled to give up the lands litigated.—

4. The 1st Defendant also puts forth Statements apparently in support of the 3d Defendants plea and says that the sale was irregular and invalid.

5. In his answer, the 2d Defendant says that the 3d Defendant owes him a share of her estate as remuneration for his guardianship of her family, that with a view of avoiding this claim she ascribes the possession of the documents to him (2d Defendant) and asserts that he promised to give the share in question, that the documents were not given to him, and he adds, that the sale did take place and that the litigated property was purchased by the Plaintiff in whose favor he makes other statements.—

From

6.

From a consideration of the former and subsequent proceedings bearing upon this case, and of the circumstances connected with Suit No. 372 of 1843, the Court are led to conclude that Pedda Reddy and his son Lutchmana Reddy and others, have all along been working out a plan for depriving Munnaroo Naik the Minor son of the third Defendant (who is a woman) of his Estates, and that failing to attain their object they have as a last resource urged the present Suit by means of their near relative the Plaintiff.

7.

For it is observed that the alleged Sale of the property of Pedda Reddy and that of the 3rd Defendant under litigation took place on the 10th and 13th July 1832, for which the sale Commissioner Gopauliah granted a Bill of sale Marked No. 50 to Plaintiff for the sum of Rupees 430 8 . on the 14th July the present Suit was brought forward after a lapse of 15½ years since the date of the Bill of sale, and the property under litigation appears to have been in the Defendants possession up to this date. If it were therefore true that Plaintiff purchased it regularly at the auction, and paid for it, he would not have abstained from taking steps for so long a period for the recovery of the property by the institution of a regular Suit.

8.

It is pleaded by the Plaintiff that that portion of the purchased lands which belonged to Pedda Reddy was at once made over to his possession and still continues in his enjoyment, and that as the late Collector Mr. Dent called for and retained possession of the Bill of Sale No. 50 the litigated property could not be delivered into his possession an excuse which does not appear sufficient to the Court. For the Plaintiff asserts that the 4. & 5th Defendants having

having by Durkast usurped 1/16 of a Cawny of Pedda Reddy's land said to have came into his possession, he instituted a suit for its recovery in No. 152 of 1832 on the file of the late Auxiliary Court, without the assistance of the Bill of Sale alluded to and obtained judgment in his favor, which was confirmed by the Zillah Court of Chingleput in Appeal No. 40 of 1840. There is no reason therefore for his having been unable to institute a similar Suit for the property now claimed without the assistance of the Bill of Sale in question.

9.

Moreover it is observed that Lutchmana Reddy (the son of Pedda Reddy and the husband of Plaintiff's Grand daughter) has filed a Suit in this Court in No. 372 of 1843 against the 2d and 3d Defendants for the recovery of Cawnies 14 - 15½ as out of those now under dispute under a bond of Sale said to have been executed by the said Defendants for Rupees 400/4 on the 15th Pungoony of the year Soobakroothoo corresponding with 26th March 1843, and that the late Principal Sudder Ameen after an investigation of the merits of the case, decided that the Defendant had no right to dispose by sale of property belonging to Munnaroo Naik who was the son of the 3d Defendant and a minor and that the transfer was therefore invalid - this decision the Court observe was confirmed in appeal

Appeal N:47 of 1844. If it were the fact that Plaintiff purchased the lands at auction so long ago as 1832, the Court can discover no satisfactory reason for the utter silence of the Plaintiff, (a silence quite detrimental to his interests) in not having presented any motions &c. against the claim thus brought forward by other parties through public suits, both original and appeal. Plaintiff admits that he cultivates and enjoys Pedda Reddy's lands through his Goomastah Vellia Pillay; and it is further apparent from the evidence of Witness N:71 examined on the Court's behalf that Vellia Pillay was aware of the institution and progress of the Suit N:372; the Court cannot therefore entertain the idea that Plaintiff was ignorant of the fact of the above Suit having been instituted.

10. In addition to the above circumstances in support of the 3d Defendant's assertion that Pedda Reddy with others was desirous of defrauding her son Munnacoo Naik (at that time a minor) of his lands, the following observations occur to the Court. The supposition that the auction Commissioner Gopaul Iyah and Pedda Reddy were in league for the purpose of having an ostensible sale made of the property in which Plaintiff became the nominal purchaser, that Pedda Reddy thus managed to secure the lands and that there was neither a fair valuation of the estates, nor a bonâ fide

purchase thereof by Plaintiff for any particular sum of money, is borne out by the tenor of the first Defendant's answer, and received further corroboration from the facts that Plaintiff is nearly related to Pedda Reddy and a resident of a different District. Moreover he has not cultivated or enjoyed the lands on his own account, nor obtained Puttah for the same in his own name. From the Deposition of the Village Curnum (1st witness N:34 on behalf of Plaintiff) it appears that Pedda Reddy's lands and those of the third Defendant continue to be entered in the Public accounts in their respective names, and Puttahs granted accordingly and alth' the evidence of the said first witness and that of the 2d 3d and 4th witnesses as marked respectively Nos 35, 36 and 37 is intended to prove that Vellia Pillay (Plaintiff's Goomastah) is in enjoyment of Pedda Reddy's lands, that very evidence is sufficiently calculated to produce the conviction, that it was fraudulently concocted to make it appear that Plaintiff enjoyed the lands which were really possessed by Pedda Reddy and others. If Vellia Pillay were really the Goomastah of the Plaintiff through whom he enjoyed the lands, he would not have failed to inform his employer of the Suit N:327 publicly conducted to the prejudice of his interests. From the

evidence

evidence of the 4th 5th and 7th witnesses Nos 47, 48, and 52 on behalf of the third Defendant it is shewn that Vellia Pillay was the Goomastah of Pedda Reddy and continued to manage the business connected with the cultivation; and although the 3d Witness No. 45 on the part of the 3d Defendant deposes in the present case that Vellia Pillay is Plaintiff's Goomastah, this same witness, the Court observe, came forward as witness on behalf of the Plaintiff in Suit No. 372 and affirmed on oath that he was Pedda Reddy's Agent; the Court have therefore no hesitation in considering that disregarding his former Oath he has now appeared to give evidence in order to confirm the purchase at auction alleged by the Plaintiff. For the above reasons the Court arrive at the conclusion that Plaintiff's Statement of his enjoying Pedda Reddy's lands through Vellia Pillay is utterly false and that he has improperly brought this Suit for the purpose of obtaining for the son of his near relative Pedda Reddy the lands belonging to the 3d Defendant. The claim appears therefore to be unfounded.

11 Plaintiff's Statement of his having paid to the Circar the sum of 430 Rupees and odd for the lands of Pedda Reddy and others purchased at public auction does not appear to the Court worthy of credit. From an inspection of the Bill of Sale, marked No. 50, produced by the Plaintiff, it appears that the auction Commissioner Gopaul Iyah made

made a public sale of the lands of Pedda Reddy and the third Defendant on the 10th and 13th July 1832, and that on the Plaintiff's purchasing them for Rupees 430½, the Bill was given him on the 14th. From the Extract of the Treasury Chittah, marked No. 65, filed by the 3d Defendant it appears that a sum of Rupees 503. 9. 6 is credited under date 12th July 1832 as the proceeds from the sale of the property of the sureties of Vurda Reddy the Sayer Renter for Fusly 1240, according to the Jrsalnamah of the Tenaady Talook. If, according to the Bill of sale, the purchase was conducted and the money paid on the 13th July, the payment must have been entered in the Talook Jrsalnamah on the following date, and remitted to the Hoozoor. The Court cannot therefore discover any reason why the amount is entered as received into the Treasury on the previous day, the 12th nor can they account for the excess of 73 Rupees and odd entered in the accounts above the sum specified in the Bill of Sale. On the 3d Defendant presenting a Petition, marked No. 67, to the Collector of the District requesting to be furnished with the particulars of this sum, that Officer passed an Endorsement stating that the Hoozoor records did not contain the required particulars. the Court are therefore unable to clear up the doubts upon this subject.

12. On considering however the probable

Fort St. George 10th June 1852.

probable causes of these discrepancies, the Court are led to think that there was no regular sale of the lands, nor a bonâ fide purchase for Rupees 430 and odd, but that the auction Commissioner and Pedda Reddy formed a combination by which the latter really paid the sum alluded to and got the Plaintiff his near relative recognized as the purchaser, and also caused the Bill of sale to be made out in his name.

13. Plaintiff asserts that he instituted a Suit against 4th and 5th Defendants, in No. 752 of 1838, on the file of the late Auxiliary Court for the recovery of a portion of Pedda Reddy's lands, and got a decree passed in his favor which was appealed against, in No. 3 of 1840, on the file of the Zillah Court of Chingleput, that the Appeal Court then called for the Bill of Sale from the Collector, and having inspected it confirmed the decree of the lower Court. He has therefore filed the appeal decree as supporting his claim; but the Court do not consider that document serves Plaintiff's object in this Suit, for it is observed that the Suit in question was directed against the 4th and 5th Defendants (who are unconnected with the third Defendant) for the recovery of 1/16th Cawny of Pedda Reddy's land and that of other persons to the extent of Cawnies 2-15 1/2, and that certain proceedings were held thereon and

DF

Fort St. George 10th June 1852.

and decision passed. It does not appear that any claim was advanced for the lands now in the enjoyment of the 3d Defendant which form the subject of the present action. The 3d Defendant did not in any way suffer by the suit above adverted to. Further on considering the nature of the said suit it seems to have been brought in reality by Pedda Reddy through in the name of the Plaintiff to secure possession of the land to himself. If the Plaintiff were the real author of the action for 1/16 Cawny and had taken the pains of going through two Courts for its recovery, he would much more readily have undergone the labour of seeking the acquisition of the 17 Cawnies and odd of land in the possession of the 3d Defendant, and the Court do not believe that he would have thus omitted to institute a suit when such a large Amount of property was at stake. Moreover the 4th & 5th Defendants who were Defendants in Suit No. 752 of 1838 obtained possession of 3/4 Cawny of land, forming a portion of the litigated property, by Dustuck presented in July 1248 that is about the time the said suit was in progress, the land still remains in their undisputed

undisputed possession - and it might have been expected that Plaintiff would have taken proper steps for its recovery - The absence of any objections on the part of the Plaintiff when his near relative Pedda Reddy's son Lutchmana Reddy brought a Suit in No. 372 of 1843 for 14 Cawnies of the disputed land against the third Defendant and others, which cause pay- ed through both this and the Civil Court and the recourse to the present Suit on failure of the one No. 152 are attributable chiefly to Pedda Reddy and his relations having endeavoured to defraud the Circar and obtain possession of the lands for themselves -

14 The 3d Defendant states in her answer that after the nominal sale, her husband Venkataramma Naik remonstrated with Pedda Reddy against the Proceedin and obtained from him a Bill of Sale and an Agreement holding himself res- ponsible for any objections that might afterwards arise with reference to the sale and that the 2d Defendan having got possession of these docu- ments has sided with the Plaintiff and refuses to give them up - In support of

of this assertion the witnesses Nos. 43- 44-47- & 48 depose to having seen the docu- ments in question, and there is the fur- ther evidence of the Government Vakeel No. 70 who says that he saw the 2d De- fendant to show him those documents during the progress of the Suit No. 372 for these reasons the Court conclude that the documents in question were really executed The very fact of Pedda Reddy having given an Agreement pledging himself for the validity of the Bill of Sale shows that the public purchase alleged by the Plain- tiff was made under a borrowed name and the 3d Defendant admit in her ans- wer that the execution of the agreement in question to her husband Venkataramma Naik induced him to withhold his ob- jections to the sale at the time, and fur- ther files the exhibits Nos. 63-64-65 & 66 in proof of the objectionable nature of the sale, it is therefore clear that the third Defendant and her friends were as guilty of the fraud perpetrated against Government as Pedda Reddy and others, and that all acted in concert in this respect - Under these

circumstances

circumstances if the Government should
think proper to enforce their claim for
the security, it would have a right to
the 3rd Defendants property as well as
to that of Pedda Reddy.

Fort St. George 10th June 1852.

Public Auctions by the Judicial or Revenue authorities when the highest bidder fails to pay the Amount of his bid, it is the rule and practice to put up the property again for sale. Should the proceeds of the second sale fall short of the original bid the deficiency is made up by the sale of the property of the first bidder. In a public Auction it often happens that a property worth the 100 Rupees is sold for 6 Rupees and vice versa, and those who conduct the sale take its consequences. In the present case the Plaintiff made the highest bid in the Public Auction conducted by the Revenue Authorities and obtained the Bill of Sale marked No 50 on payment of the Amount. In his answer the Collector admits that in consequence of suspicion entertained by him that the property was sold for too low a price he caused it to be put up again when no higher offers were received. From this it is evident that the former bidding was sufficiently high the Collector however asserts that no increased offers were received because of the influence used by Pedda reddy this could not have occurred for if it had, the Collector would not have refrained from punishing such

Fort St. George 10th June 1852.

such parties nor would he have carried the Amount to the Credit of Government the moment it was credited to Government the sale became valid.

2- The Tahsildar to whom orders were sent by the Collector to bring the property under litigation to immediate sale in satisfaction of the claim of security standing against it, having delayed doing so was for that very reason dismissed from his Office and one Streenevasa Rau appointed in his room with strict orders to sell the disputed property and realize the Amount the sale being accordingly conducted by a Commission by order of the Tahsildar the Plaintiff made the highest bid and had the property knocked down in his name it is easy for the Appeal Court to refer to the Public records connected with the transactions and it is not clear how such a sale can be invalidated and while the Extract from the appeal decree marked No 33 shows that the Plaintiff obtained possession of 1/16 Cawny of the land sold in Auction and while such a decree is essential to his claim the Principal Sudr Ameen unjustly pronounces that document to be useless.

3- Out of the properties sold in

in public Auction alluded to, the whole of the lands that belonged to Pettam remain from the date of sale in the possession of the Plaintiff who being a resident of a different District enjoys it through his Agent and it was already proved from the decree marked No 33 that Velloya Pillay is the Agent of the Plaintiff the Principal Sudr Ameen observes that the said Velloya Pillay is not the Gomastah of the Plaintiff but of Pedda Reddy. The decree in Appeal being opposed to the views of the Principal Sudr Ameen he has pronounced it to be useless and not because it is really so. The Collector having delayed to make over possession of the lands sold and to issue Puttah accordingly and omitted to give the Bill of Sale the Plaintiff was unable to have Puttah made out in his name for the lands of Pedda Reddy that were in his (Plaintiffs) possession. The Principal Sudr Ameen mentions this as a circumstance favorable to his view of the case this is not right. The 3d Defendant clearly admits in his decree that the sum of money paid for the land at the sale belonged to the Plaintiff. Altho the Plaintiff is a relative of Pedda Reddy, it will be seen from the Appeal decree marked No 33 that he holds possession of certain other lands of Pedda Reddy on mortgage from this it is evident that there have been dealings between

E. B. B.

between the Plaintiff and Pedda reddy - the Regulations do not strictly prohibit the purchase of lands belonging to relatives at Public Auctions. the Principal Sudr Ameen has therefore improperly assumed that circumstance as invalidating the sale nor is there any ground for his supposition that the money paid did not belong to the Plaintiff while such supposition is totally at variance with the admission of the 3d Defendant in his answer.

The Principal Sudr Ameen further observes that from the Extract from the Treasury Chittah marked No 65 there are differences between the date of payment therein entered, the amount paid, the date of the Bill of Sale and the amount therein entered. There were other sureties besides Pedda reddy for the Sarpanch Venda reddy whose properties were sold and the proceeds sent into the Treasury and the Chittah in question, does not show that the amount was realized from the property of any particular surety. However that

Fort St. George 10th June 1852.

that may be the Collector fully admits that the amount of the proceeds of the property sold to Plaintiff was received into the Treasury, and it is not clear what induces the Principal Sudr Ameen to doubt the fact - In the Diary of the Principal Sudr Ameen's Court's Proceedings, dated 16th October 1840 he ruled that Clause IV, Section XVIII, Regulation II of 1802 was no bar to the entertainment of a Claim, altho' preferred beyond the 12 years prescribed Contrary to this principal - however the Principal Sudr Ameen has made a remark in the decree passed by him in this Case It is earnestly solicited that the Court may inspect the Diary referred to. The reasons for not having brought the Suit within 12 years are explained in the original suit, and in the reply and do not require further explanation The Principal Sudr Ameen observes that Lutchmana reddy son of Peddareddy has brought a Suit in No. 372 of 1843, against the 3rd Defendant for some land sold in auction as well

as

Fort St. George 10th June 1852.

as for others that the Plaintiff must have been informed of this Circumstance through his Goomastah and that the Plaintiff has started no objections in the matter, neither the Plaintiff nor his Goomastah was a party in the Suit nor is there proof, documentary or otherwise, to show that the Plaintiff's Goomastah was aware of the Circumstance - and altho' there is the evidence of a single witness marked No. 71 on this point, that witness does not state that the Plaintiff's Goomastah was aware of the lands sold in the public auction being included in the Suit. Is this a reason sufficient for nullifying the sale of the property at public auction. The Collector has not asserted in his answer either that there was any attempt within the 15 years that have elapsed since the date of sale to bring the properties to a second sale or that the first sale was Cancelled, or that the amount of the sale was refunded to the Plaintiff, but he says it only remains for him to give the Bill of Sale, and to issue

an

an Istyarnamah according to the Re=
gulations - From this it is to be inferred
that the Collector even intended to cancel
the sale made in favor of the Plaintiff
and to bring it to a second sale. The
Principal Sudr Ameen is therefore not
justified by the Records when he says
that the Collector pronounces the sale to
be invalid although the husband of the
3d Defendant had once a right to the
lands in dispute out of the lands purcha=
=ed by the Plaintiff at Public Auction he
ceased to have that right the moment
he gave it up to the Circar - whether
its sale at public auction brought a
low or a high price, the Circar as
alone must have taken the Consequen=
=ces and not the husband of the 3d
Defendant - The third Defendant
asserts indeed in his answer that
the Plaintiff paid the amount of
sale but that Pedda reddy gave the sum
to Plaintiff, that the Bond of Sale
was executed in her husband's name
and that Pedda reddy has given
an

an agreement to her husband in that
matter - but she has failed to produce
those documents and stated that the
2d Defendant obtained fraudulent
possession of them and gave them over
to the Plaintiff - If this were really the
case, is it likely that the 3d Defendant
would have abstained from making any
representations to the authorities? Nor do
she have thus quietly submitted to the
loss of documents of the very first import=
=ance to her claim - The Principal Sudr
Ameen observes he cannot discover
any reason why the Plaintiff did not
sue the fourth and fifth Defendants
for the 3/4 Cawny of land sold in the
Auction alluded to while he has brought
a suit in No. 153 of 1843 against
those parties - Plaintiff expected that
the Collector would make over the 3/4
Cawny of land to him while giving him
the Bill of sale and delivering pos=
=session of the lands in dispute by
an Istyarnamah without entailing
any

Fort St. George 10th June 1852.

any expense upon the Plaintiff. The Principal Sudr Ameen states that the Circar have a claim of security against the properties of Pedda Reddy put up at Auction and against those of the 3d Defendant. The Collector whose business it is to urge that claim has stated in his answer that he has carried the amount sale to the Credit of Government and that he is prepared to issue an Istiyzarnamah and it is proper to recognize any claim of Government under such circumstances. 2 The Principal Sudr Ameen has not taken these facts into Consideration and has passed a decree Cancelling the Public Bill of sale. This being unjust the supplemental Appellants pray that it may be overruled and a just decision passed.

No. 3.

Proposed Draft of an answer to appeal Suit No. 23 of 1852 brought by Plaintiff in the Original Suit No. 2 of 1848 on file of the Principal Sudr Ameen's Court at Cuddalore.

The Collector of South Arcot in his character of 1st Respondent has the honor briefly to observe that in his answer to the original Suit the Circumstances which attended the sale of the land in question, and the long lapse of years which has since occurred were fully brought to the Courts notice

In the 11th Para of that defence it was observed that the Collector in his Official Capacity had

had no interest whatsoever in the matter at issue in this suit and that he was quite ready if directed by the Court to issue the proclamation specified in Section XV Regulation XXVI of 1802. He considers it therefore unnecessary to enter again into any detailed explanation and leaves it to the Court to decide whether under the circumstances of the case and so long a lapse of time the Appellant is entitled to a decision in his favor.

Proceedings thereon.

(25-26)

In their Proceedings of the 8th January 1852 the Board submitted a letter from the Collector reporting that the O.S. Suit No. 2 of 1848 had been dismissed by the Principal Sudder Ameen with all costs against the Plaintiff and that should an Appeal be made he would (as he has now done) forward copy of the Decree and Appeal Petition.

2. The Collector as Respondent in this Suit deems it unnecessary to enter into any detailed explanation but merely points out that in his Answer to the O.S. Suit No. 2 of 1848 the circumstances attending the Sale of the lands which is the cause of action were fully described and the long period which had since elapsed was brought to notice. and that it was explained that the Collector had no interest in the matter and that he was ready if directed by the Court to issue the Proclamation specified in Section XV Regulation XXVI 1802.

3. The Board have before stated their opinion that there exist no grounds for including the Collector in this action and they consider the proposed

I have the honor to submit Copy of a letter from the Sub Collector and of its enclosures, being an Application by Major Partridge Bombay Army for a Building site and compound at the Koday Kanul Location Pulney Hills and a Sketch of the ground which measures 11¼ Cawnies, one Cawney of which is to pay a yearly rent of 5¼ Rupees and the remainder 7½ Annas per Cawney. The Sketch I have altered as it showed in great detail the paths and small buildings within the space which may be altered at any moment and did not exhibit the land in the vicinity.

2 — What may be called the Centre of the Kodaga Kanul Station is a Swamp which is surrounded by High ground with Spurs proceeding from it into the Swamp. On the South side is a long hanging wood called the Koday Kanul. The land applied for by Major Partridge is North of the Wood and comprises the most westerly Spur. It is not necessary to cut any paths through it.

3 — The Board will observe that Mr. Clarke recommends that it may

may be granted at the upset price of 8 years purchase. As the occupation by Major Partridge took place subsequently to the publication of the Manual the indulgence cannot be claimed at all as a right, but as Major Partridge's expenditure was in a great measure compulsory owing to heavy rain I think that dispensing with the Auction in this instance will be an act of judicious liberality particularly as it is yet an object to draw settlers to the Pulney's

4. I beg attention to Para 8 of Mr. Clarke's letter so limiting instructions how he is to deal with the question of grants for Shops &c. for Natives resorting to the Hills, and I beg to recommend for sanction Major Partridge's application for 1 Gooly round a Shop which he has established rent free.

Having been at some expence in establishing Shop for supplies which I trust may eventually form the nucleus of a Bazar as the Station becomes more populated I trust the amondisement of a Goontah of land on the spot it occupies may be confirmed to me rent free as obtains in other Market localities.

Proceedings Calling upon the Collector of Madura for information regarding the Rate of Assessment to be charged on the Land to be granted to Major Partridge and in reference to the question about grants of Land on the Pulneys for Steps &c.

1 Before submitting the foregoing letter and its enclosures for the orders of Government the Board request to be informed of the exact annual rate of Assessment on which the land is to be granted to Major Partridge and for what sum it is proposed to let him have the land without competition or exposure to public Sale.

Extent of Land applied for 11½ Cawnies			
Of which Assessment of 1st Cawny is Rupees	5	4	"
And according to Collectors shewing the Assessment on 10¼ Cawnies (in excess of the 1st) at ½ Annas per Cawny	4	12	10
Annual Assessment	10	0	10
or for Eight years	80	6	8
But by calculation made in Board's Office			
Assessment on 1st Cawny as Rs.	5	4	"
And according to uniform rate of 1 Fanam per Gootee or 2¼ Fanams per Cawney on 10¼ Cawnies (in excess of the 1st)	1	13	"
Annual Assessment	7	1	
or for Eight Years	56	8	"
Difference per Annum	2	15	10
" or for Eight years	23	11	8

2 They are led to make this enquiry as the Collector has not adopted in his calculation the uniform rate of 1 Fanam per Gootee or 2¼ Fanams per Cawney (on Land in excess of the 1st Cawney chargeable at Rupees 5-4-" fixed by the Board in their Proceedings of 1st March 1852.

3 In reference to the question regarding

Reporting on Petition No. 722 of 1852 regarding Tobacco traffic.

Para 1 I have the honor to return Petition No. 722 of 1852 with the following explanation

2 The arrangements lately in force for the prevention of Tobacco smuggling out of this District and which are one subject of Complaint in this Petition have already been discontinued under the orders of the Board, dated 22nd April 1852.

3. With respect to the fine of 20 Rupees Complained of, the Circumstances were as follow. On information received from the Travancore Contractor that Petitioner was intending to Export from this District a quantity of Tobacco by an unauthorized route the Head Assistant Collector Caused the Petitioner's store to be examined and prohibited the removal of any Tobacco without permission. Some time afterwards Petitioner's People were detected carrying away some of the Tobacco and on inquiry it was proved that of 3 bundles removed from the store one had been entirely conveyed away. The other two were replaced in Consequence of detection by the Cavilgars who it also appeared had been attempted to be bribed not to reveal the occurrence.

4. The Case was treated as a petty Offence by the Head Assistant Magistrate under Regulation IX of 1816 and the fines Complained of imposed on the parties guilty of removing Goods forbidden by the authorities to be carried away without permission. An appeal was made to me as Magistrate from the Head Assistant's decision which I thought it proper to Confirm.

From the Collector of Canara.

Sir,

I have the honor to forward the Statement of the sales of property on account of arrears of Land Revenue under individual settlement in this District, commencing with Fusly 1235 and ending with Fusly 1260 called for in the Board's Circular letter of the 31st July 1851, and to state that this Table has been prepared on such information as could be discovered in the Records, no separate accounts having been kept of

of these sales up to this time. I beg to observe that the headings of the State-
ment have been necessarily altered where
they were at variance with the practice
of the District.

2. The Statement of the Pro-
perties of Ejaradars or renters requested
tered in cases of leases of more than
one year is not sent, as there are
no such leases in this District.

3. I fear that the account
cannot be entirely depended upon,
except for the few last years the
destruction of the records in 1837 having
prevented the possibility of correcting
the accounts sent from the Talooks
by any reference to those of this
Office.

Order thereon.

(37-38)

Ordered to be recorded.

Read the following letter.

No. 45.

To,

W. H. Bayley Esqre.

Secretary to the

Board of Revenue,

Fort St. George.

(39)

B. No. 1351

From the Collector of Canara.

Forwards information regarding the weights and measures in use in his District called for in the Board's Circular of the 24th March last.

Sir,

I have the honor to reply to the Board's Circular letter dated 24th March 1851, and to forward a Statement, according to the form received with that letter of the contents of the measures most in use in the Cusba of each Talook of Canara.

2.

The price lists furnished from this Office to the Commissarial Department, are invariably made out with reference to the standard weights and measures and no complaint of inaccuracy has up to this time been received. Since the receipt from the Arsenal at Cannanore of the standards which took place in November 1844, they have been used whenever necessary for regulating the entries in the Monthly Price Lists.

3.

In the accounts and transactions of the Government Monopolies of Salt and Tobacco, the Government Standard

Fort St. George, 10th June 1852.

Standard weights and measures are those which are used as noted in the margin.

Salt Measure.

15 Rupees weight 1 Ollock.
8 Ollocks 1 Puddy.
8 Puddies 1 Mercal.
400 Mercalls 1 Garce.

Tobacco weight.

400 Rupees weight 1 Pound
28 Pounds 1 Maund.
20 Maunds 1 Candy.

With reference to the second point regarding which the Board call for information Viz. whether any and what means have been adopted to introduce these Standards generally, it will be observed on an inspection of the accompanying Statement, that no one of the Madras measures is even nominally in use among the Inhabitants of this District, and therefore that their introduction could not have been effected without completely deranging the trade, and totally abolishing the established customs of the District.

5.

The principal wholesale trade of this District Viz. that in Rice is regulated by a defined and well known standard and called a Moodu. By this standard the rent of land is determined, and even the extent of land is calculated, as requiring so many Moodas of seers, and although the Moodu is not itself a measure, and differs considerably

Fort St. George, 10th June 1852.

considerably in various Talooks and even Villages
still that of Mangalore containing 3 Halves of
15 Seers each, is always used in the export trade
throughout at least two thirds of our Coast
including those Ports whence the far greater por-
of the Export of Rice is made-

As this recognized standard
cannot either in itself or its component parts,
be assimilated to the Government Standard
it appears that the introduction of the latter
if not altogether impracticable could not be
effected without greatly disturbing the trade
confusing by-gone transaction, and is not in
any way desirable as regards local interests-

4-Pawas or Lbs
Quarters 1-Seer of 80 weight
15-Seers — 1-Kulsey-
3-Kulseys — 1-Moodu-
12-Moodus-1-Corge-

5- In the Margin I have en-
=tered a Table of the Rice mea-
=sure which is nominally in use
at Mangalore- It must be
borne in mind that the seer
is calculated to contain when struck only 78
Rupees weight of Rice, or 80 Rupees weight
of mixed grain of nine varieties-

6- It will be seen from the ac-
=companying Statement, that very great diver-
=sity exists throughout this District, both in
the nomenclature of the measures of different
Talooks, and in their contents, although along
the Coast this last is perhaps more nominal

Fort St. George 10th June 1852.—

than real- For instance the Candy of
Ankola and Honore which must not
be confounded with the standard Candy
is not very different from the Mooda
of the Southern Talooks- and the † Kumbo
is about equal to the half Corge.—

† Kumbo 76,800 weight- Half Corge 70,560.

In the Balaghaut Bilghi
measures approximate to those of Ankola
and Honore on the Coast, Soopah and Sonda
differ from each other, and from the
rest of the District.—

8. The greatest possible
irregularity exists throughout the whole
District in the shape and material of the
various measures. The seer is generally
formed of a joint of Bamboo.—

9. On looking at the whole District
the only measure of capacity which appears
to be of almost general use and of tolerable
equality of contents is the seer.—

In Candapore Talook and
all the Talooks to the South of it, the seer
may be assumed to contain when struck
Rupees 80 weight of grain- In the three Ba-
=laghaut Talooks it, the Pucka seer
contains struck about Rupees 96 weight of grain
In

Fort St. George 10th June 1852.

In Honore and Ankola Seers of both these measures of capacity are in use.—

10

If it be desired to introduce by authority one standard measure of capacity throughout the District, the one abovementioned offers perhaps the least difficulty- and with the view of promoting this object, it might be ruled, that when on any official document, or in any paper filed in a Suit, it may be necessary to make mention of any kind of Country measure, or of any quantity of produce in Country measures- it be also stated in Seers of the standard capacity whatever that might be determined to be.

11.

There is an almost total absence of defined metal weights throughout the whole District, and the few that are in use are made by the dealers themselves, and bear no stamp, or other official guarantee of their correctness- Stones are the general substitute either single or bound together in a close net work.

The weight of most general use in the retail trade of the District

Fort St. George 10th June 1852.—

is the seer of Rupees 24 weight and the half and Quarter seer.—

That this state of things

12.

affords continual opportunities for fraud, does not admit of doubt nor that it is capable of very great improvement; at the same time, the general introduction of the Government standard measures to the exclusion of those at present, and for years past in universal use, appears to be almost impracticable.

Collectors Cutcherry Mangalore, 3d June 1852.— } (Signed) F.N. Maltby Collector.—

B. No. 1113

To The Collector of Trichinopoly

Sir

The Board having given full

full consideration to your Endorsement on Petition 770 of 1852, adverse to the claim of Coopanygar to the Sole Puttah for the land obtained by dirkhast in Fusly 1258, are disposed to arrive at an opinion opposite to that recorded by you.

The facts of the case would appear to be that Petitioner presented a dirkhast for certain land in Fusly 1258, and obtained possession, puttahs having been granted to him for the same during that and two following years, and that you have made over 2/5ths of the land to one Ragavegar and intend to grant him a puttah during the present Settlement, on the grounds of his actual enjoyment of that portion, and of having executed, jointly with Petitioner the surety Bond.

3. The Petitioner submits a puttah for the entire land in dispute for three Fasles together with kist receipts as having paid the assessment during the same period, and in addition to these documents favoring his sole proprietary right to the land the dirkhast made in his own name at

the

the order to the Mozoomdar to place him in sole possession. On the side of the opponent remain the actual enjoyment of a portion of the land and his joint signature to the surety bond.

4. Save this latter fact alone there is nothing to shew that his occupation is other than that of a Subtenant, and it can not in the opinion of the Board, as at present informed, be taken to overrule the other principal points in the case, which support the sole right of the Petitioner. They therefore request that you will reconsider the case, submitting your opinion with the grounds on which it rests.
