The Right Honorable the Govrs. in Council proceeds to pass orders on paras 23 & 27 of the letter from the Honorable Court of Directors in the Revenue Department, dated 1st July 1852 No. 9.

Paras 23 & 27

Ordered that a Copy of these paragraphs be furnished to the Board of Revenue with a request that they will instruct the Collector of Malabar to enter into negociation with the Beebee of Cannanore for the Surrender of her Laccadive Islands on the Conditions specified by the Honorable Court of Directors, and to report the result for the information and orders of Government.

He

He will require the Beebee to give a distinct and definite reply within three Months, meanwhile and until further instructions the Collector will not proceed with the sale of the Beebee's property in satisfaction of her arrears of Peishcush.-

Extract from a Despatch from the Honorable the Court of Directors, dated 1st July, 1852 No. 9.

Memorials from the Beebee of Cannanore praying for the remission of a portion of her Peishcush and for the suspension of measures adopted for the realization of Certain arrears. The Beebee's property in the Laccadive Islands had suffered severely from a Storm and the remission of a portion of her Peishcush was sanctioned by the Government and the arrangement was approved by the Court on Condition of her introducing certain reforms into her fiscal and judicial system which was stated to act very oppressively on the Islanders.-

Para 25 The remission of Peishcush, which it was proposed in 1849 to grant to the Beebee, was Conditional on her Consenting to introduce into the fiscal and judicial administration of her territory certain reforms that were imperatively necessary to the prosperity and welfare of the people.-

26. In our Despatch dated 2nd October / No 9 / 1850 which does not appear to have been taken into Consideration by you

You in Connection with the Beebee affair, we expressed an opinion that if the arrangement could be effected it would be highly desirable that the Beebee should Consent to the permanent transfer of the Islands for a pecuniary equivalent. The Circumstances now reported seem to offer an opportunity for carrying this view into effect, and we desire that you will instruct the Collector of Malabar to open a negociation with the Bebee for the Surrender of her proprietary interest in the Laccadive Islands on the Condition that all outstanding arrears of Peishcush should be remitted, and a reasonable Malikana allowed as Compensation for the loss of profits she may hope to obtain through her own arrangement.

2d. The altered value of the staple produce of these Islands, as represented to us in the Beebee's Memorial shews that the fixed Peishcush of Rupees 10,000 per annum is not likely to be ever Collected by Your Government, and that in fact the Concessions which were recommended to be made in her favor is really nominal.

The Right Honorable the Governor in Council grants authority for the sum of Rupees 1963-6-. realized in Fusly 1261 from the produce of the Topes planted from 1825. and already credited to "Sundry Small Farms, and Licenses," being debited to the head of "Refunds of Small Farms and Licenses", to enable the Collector to appropriate the amount in the formation of new Topes during the present Season.

The Governor in Council thinks
2. with the Board that it is desirable that the produce of the Topes planted from 1825 should

Continue

Continue to be included in the Demand Collection and Balance, and that these proceeds, as well as the Charges or Sums withdrawn to meet payments for the outlay on new Topes, should all be included under one and the same head of 'Government Plantations', and directs that this Course be observed from Fusly 1262.

3. The Governor in Council also approves of the Suggestion in para 4 and in Conformity therewith grants the Collector discretionary Authority to appropriate in whole or in part the annual proceeds of existing Topes in the formation of new ones, the unexpended balance of one year being applied to the same object in succeeding years.

Bd No 1987

From the Collr of Nellore

Sir.

1 Some Potters unconnected with the Meerasidars of the Village have of late settled themselves in Nellore, and make and sell Pots, Tiles, &c independently of the former. This is opposed by the Village Potters, who consider it an encroachment upon their Meeras, and assert their right to the exclusive privilege of making and selling Pots within the Village. It appears from the Records that a similar

similar dispute arose in 1842, when the then Principal Collector Mr. Stonhouse upheld the Merasseydars - Entertaining doubts however as to their right to the exclusive Monopoly they claim, and of the propriety of preventing the new comers from following their own pursuits in a large Town like Nellore - I have deemed it necessary to submit the question for the opinion and instructions of the Board of Revenue - The Merasseydars refuse to manufacture pots &c. unless the interlopers be excluded and the latter are not sufficient to supply the demands of the inhabitants of the Town.

Proceedings thereon.

(19-20)

On a recent occasion of the claim of certain Merasseydar Chumbars to dead carcasses in the Town of Bellary the Board and Government deemed it unreasonable and most objectionable to apply the original Village institutions to large Towns and Cities which have outgrown the state of Society to which these institutions are adapted.

2. While the Board would admit the

Merasseydar Potters to be entitled to all Maniems or fees attached to the Merasseydary still they would not allow them to exclude others of the same craft from working and selling their Wares in a large Town like Nellore.

Proceedings thereon.

Reviewing the Settlement Report of the Bellary district for Fusly 1260 and adverting to the explanation given by the Collr with reference to the relinquishment of unprofitable lands which he referred to in his last report

The Season on the whole was favorable - there was an abundance of rain but from its having fallen at unseasonable periods, it was beneficial only for the sowing of the latter Black land Crops, and not for the earlier crops sown in the lighter soils. hence there occurred

Fort St George 13th September 1852

occurred, a Net decrease in the cultivation of the year compared with its predecessor. The tanks also received a good, tho' late supply of water. The District was unhealthy owing chiefly to the prevalence of Cholera during nearly the whole fusly, and according to the official returns there were 2271 fatal cases. Disease among Cattle was less than in the previous year. Towards the close of the fusly, the storms on the 5th and 6th May occasioned much destruction to the Tanks and many Villages were damaged some entirely destroyed. the loss in Cattle was also great and 175 persons perished by the rising of the Pennar river during the night.

2. The prices of grain with the exception of rice were higher than in the preceding fusly. In cotton also there was an increase, the rate quoted for Fusly 1260 being Rupees 50-2-0 per candy, while that for the preceding year was only Rupees 38-15-0 a larger quantity of land was taken up for the cultivation of this staple, compared with that of Fusly 1259.

The

Fort St George 13th September 1852

3 The total extent of land included in the ryotts Puttahs was acres 21-92-111 bearing an assessment of Rupees 30,99,625 or a decrease of acres 1,1692 assessed at Rupees 51,711.

4 Deducting the waste assessed at Rupees 2,87,090, the gross settlement amounted to Rupees 28,12,535, consisting of Dry Land Rupees 14,69,247. Irrigated Land Rupees 13,43,288 being a decrease of Rupees 16,267 as compared with the settlement of Fusly 1259.

5 The decrease occurred chiefly in the Talooks under the sub Collector's charge, and is attributed by that officer to two causes 1st the failure of rain in the earlier part of the season, and subsequent excessive rain, by which the lands under Nullahs and wells were flooded, and 2dly to lands left waste in consequence of the poverty of the holders.

6 The decrease of Rupees 51,711 in the taloolaty Viz Rupees 35,000 in the dry or Cadarumbum, and Rupees 16,000 in irrigated or

of Neeraumbum lands is attributed to the Tahsildars themselves striking out of the Cabooliaty, lands which having been waste several years, there seemed no probability of their being sown" these had hitherto remained in the Puttah being deducted at the Jummabundy as Cabooliaty. Burjer.

Bro: 16th May 1850

7. In answer to the remarks of the Board calling upon him to explain what the restrictions were respecting the relinquishment of unprofitable lands, the Collector in the 2d letter recorded at the head of these Proceedings refers to his replies to the Draft of the proposed Hoo Kummawah Rules sent as this subject will be disposed of separately the Board would only here remark, that before authorizing the Tahsildars to make the deductions from the Dittum of waste land of three years standing at their own discretion, the circumstance should have been brought to their notice, and their

Sanction

Sanction obtained.

8. In allowing the deductions alluded to, it should have been stated whether the instructions contained in Rule 2 of the Hoo Kummawah, which requires that the portion given up should in every respect be such as another Ryot may occupy with advantage, were strictly attended to otherwise favorably assessed land will be retained, and appauram or land bearing a high assessment for the regular cultivation of which such favorably assessed lands were given, will be relinquished. In his next report the Collector will be pleased to notice this subject and he will exhibit the average per acre of the land deducted from the Dittum. In the following Statement of Black lands it will be seen that the average assessment of land relinquished exceeds that of the land retained, In the report for next year, explanation of this difference should be explained

9. The remissions on Lands cultivated as shewn in para 9 of the Statement, amounted to Rupees 7,73,365 or Rupees 20,286 below that of the preceding year. In addition to this a sum of Rupees 10,91 was remitted to the sufferers by the storm of 5th and 6th May also Rupees 22-3- on account of certain ryots, who were unable to pay the Dust Rent, and a further sum of Rupees 98-10- in the several Jummah abstract-

Para 16

" — 10

" — 24

10 The amount allowed in consequence of the Storm in the Penacondah Talook was Rupees 661 as noted in the Collectors report, which agrees with the abstract given in para 22 of the Sub Collectors report. Rupees 20 however of this sum is entered under Vysac waste in the Collectors report, whilst a similar item does not appear in that of the Sub Collector

" — 16

11 In the abstract appended to Para 16 of the Collectors report Rupees 82 are entered as deduction of rent on account of the Taliary Enam of Magalum, which was transferred from Circar to Enam Ayacut- If the lands have been

been thus transferred there should appear a decrease in the Circar and a corresponding increase in the Enam Agency. It is presumed however that the transfer will be exhibited in the settlement accounts for the next fusly.

12 The total extent of Cowle land including that taken up during the fusly was acres 10,594 bearing an assessment of Rupees 20,928. Stat: 7 Cob: 748.

13. The Cowle expired land was acres 5,254 assessed at Rupees 8,974 and was held as follows. Prov. Stat: 9

	acres	assessment
By Cowle ryots	4376	7226
By other ryots	637	1293
Unoccupied	241	455

14. Of this 3,787 acres were fully reclaimed and 1,467 partially in respect to the latter the Collector states that measures are being taken to clear them as far as practicable. Para 14.

15 In this para Mr Petty adverts to certain lands the cultivation of which is maintained by Goonchy ryots. The lands are stated to

be highly assessed and unprofitable and such as cannot be cultivated except by Ryots in partnership. The remarks of the Collector are obscure. If compulsion is used to procure the cultivation of these lands the Board are of opinion that the interference of the Collector should be exercised for its removal. In regard to the assessment itself the Board have already expressed themselves unfavorable to any partial and incomplete alteration of long standing rates but the Collector may bring special cases forward for consideration should it be found that the decrease exceeds that on similar adjoining soils, and that the land has been abandoned in consequence. Prov. on the Settlement for Fusly 1258 Para 10

16. The waste included in the Demand here an assessment of Rupees 34,231 the particulars of which are entered in Para 17.

17. There is a difference of Rupees 50,000 between Statements 5 and 11 under the respective heads of Cultivation by the Enamdars themselves "and" Cultivation by other ryots," which however appears to be a clerical error

error as in the entry of the Bereiz of the Cultivation by other ryots. in Bellary Talook, Rupees 7855 are entered for Rupees 57,855.

Para 18

18. The Enam ayacut for the year was acres 155,412 assessed at Rupees 20,25,013. being a net decrease of 604 acres and Rupees 1189 assessment. The entire amount of Enam land cultivated was Rupees 15,07,226 being Rupees 4,681 less than in the previous year. Of this sum Rupees 11,73,866 was in Circar Villages, Rupees 9,42,305 being cultivated by the Enamdars themselves, and Rupees 5,31,561 by others. The revenue derived from the Enam Cultivation for the year amounted to Rupees 1,79,879 and is as follows

Judee or Quit Rent Rupees	164,969.
Rent for using Circar Water	7,995.
Tax for excess Cultivation	6,935.

Para 24

19. The Board see no objection to the Collector adopting the plan proposed by him with reference to the Devoy Summa of excluding, in the monthly returns, the Demands Collection and Balance only on account of arrears and the Collections your account of Current

Current revenue, the Demands Collection and Balance for the Current revenue should however be shewn at the close of each fusly in the 11th July Statements. Mr Pelly will be good enough in future to apply for sanction for any remission under this head, as has been done in the present report.

20. In subsequent reports the entries of Succavy should correspond with those in the monthly Demand Collection and Balance Sheets.

21. From the Statement of wheat Cultivation, it will be observed that the extent of land taken up during the fusly was acres 5286 being an increase of 607 acres over that of the preceding year. the price during the year average Rupees 204 per Garce, and is in excess of the rate quoted for the last five fusles with the exception of Fusly 1256.

22. The Statement of Sugar Cane Cultivation shews that acres 5,391 were cultivated in Fusly 1260 or 662 acres below that

that of Fusly 1259 the decrease being attributed to the low rates prevailing for Jaggery in the preceding year.

23. The return of the Population for the year shews an increase of 102,896 Souls, over that taken in Fusly 1250, the present number being 12,29,599 while that for Fusly 1250 was 11,26,703 - The Collector questions the accuracy of the Census of Fusly 1250 and considers the above difference of 102,896 persons to be a real increase above Fusly 1242-

24 Of the above Return 9,383 are Mahomedans and 2,019 are Christians. The number who subsist by agriculture is

Hindoos - - - 693,735

Mahomedans - 23,828

Christians - 277.

Para 12

25 The No of individual Puttahs

Puttahs issued during the year was 91,557, being an increase of 532, and that of Goomety or Partnership 4,846 or a decrease of 436, as compared with Fusly 1259-

26. The net demand for the year was Rupees 22,43,162 being Rupees 9,172 - - - 7 - below that of the preceding year. The following tabular Statement exhibits the particulars for the two years in Comparison -

B. No. 1842.

Proceedings thereon 1

(22-23)

No. 386

Resolved that the foregoing letter with its enclosures be submitted for the information and orders of the Right Honorable the Governor in Council.—

2

It will be observed that at the date of the report for Fusly 1259 there were 710 Topes consisting of 187904. Since which 9 Topes or 4,001 trees were destroyed by the storm of May 1851; and 1,982 trees have decayed &c. from various causes. During the Fusly 1260, 31 fresh Topes or 9,124 trees were planted, in addition to 700 in lieu of those decayed. thus making the Total 732 Topes or 1,91,745 Trees at the close of the year. Deducting however 11,347. stated not to be fruit trees there remained 732 Topes of 180398. trees of which 158 Topes or 31,605 trees are unproductive, of the remaining 574 Topes containing 148,793 trees only 143,411. actually bear fruit.—

3

The revenue derived for the year was Rupees 1,842-12- or an increase of Rupees 234-14- above that of Fusly 1259.—

Affording further explanation on petition No. 1688 of 1852 as required in the Board's letter of the 28th ultimo.-

Sir,

I have had the honor to receive your letter of the 28th ultimo-

2. In the second paragraph it is observed that petitioners in No. 1688 of 1852 state that Soorabiah the great grandson of Pedda Venkabuttoodoo enjoys the Carpenter's Office in another village, and does not perform the duties devolving on the share now claimed, and the Board desire to know if this is the fact and whether it should induce any alteration in the decision given in the case.-

3. The party to whom the Board refer I have imagined to be Soorabiah Buttoloo who is mentioned in the last paragraph but two of the petition, he is a meera seedar of Jummulmudgoo in Vencatagery while Soorabiah the

Fort St. George 13th September 1852.-

the grand Nephew, not great grandson, of Pedda Venkabuttoodoo is not, but this Soorabuttoodoo is not a party complained against at present, and the entry of his name in the petition I have ascertained from petitioners to have been an error.-

4. The petitioner's real complaint I believe to be as follows. that whereas half of the Enam of Nagereddepully is now enjoyed by them, and half by Soorabiah (No. 19) Veeriah (No. 20) and Soobbannah (No. 21) the latter should take as their share the Enam in Tadecherlah at present held by Siddabuttoodoo (No. 25) because he inherits from his grand father Chinna Nagabuttoodoo (No. 14) a separate Enam in Jummulmudgoo of Vencatagery.-

5. The Board will observe that this statement of enjoyment agrees with my former endorsement which I still desire to adhere to, as I do not admit that petitioners have made out any claim for the annulment of a formal division made by their ancestors many years ago.-

The.

b. The decision given by the punchayet does not contain the reason on which they arrived at, it simply noticed that the parties Complained against had resigned all claims to the Enam in question, and the matter was disposed of accordingly - The razeenamah referred to I have already said is stated by the appellants before me to have been taken from them under false pretences and to have been given by them on the understanding that although they thus resigned their claim of right, their enjoyment should not be interfered with.-

Bd. No. 2000

From the Collector of Chingleput - Urging the expediency of contracting the limits of the Cantonment of Palavaram now the scale pointed out.-

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue.

Sir,

Para 1. Adverting to the concluding Para of my letter to the Board of Revenue dated the 25th. June last I have the honor to forward an original letter (a copy having been kept in this Office) received from the Officer Commanding Palaveram in which certain objections have been urged against relinquishing the land which I proposed to withdraw from the limits of the Cantonment and to render available for cultivation.-

2. The land in question, which is marked in black ink in the Sketch annexed to Captain Armstrong's communication, consists of both the wet and dry classes, amounting on an Estimate to Cawnies 400, which have not borne a fixed money rent; but which are considered assessable at Rupees 1400. The portion which the Commanding Officer proposes giving up is marked in red ink and measures only Cawnies 196, the assessment of which will be about Rupees 700. I am not

f.

of opinion that the Commanding Officer has urged sufficient grounds for sacrificing the revenue to be derived by Government from the Cultivation of the 400 Cawnies above referred to; the withdrawal of which from the limits of the Cantonment would leave a clear line of demarkation, Viz.t, the Nulla on it's western side. I shall proceed to notice in detail the several points on which objections have been raised by the Commanding Officer.-

3. In regard to the first, I beg to state that, the Cowle Bazar which would fall within the limits to be withdrawn as proposed by me, consists at present of only 5 or 6 huts inhabited by some of the lower clases, the Bazar which was formerly there having been removed to a different part of the Cantonment. It seems more than probable that these few huts which occupy an extent of 1 Cawny would soon cease to exist. The fears entertained by the Commanding Officer that the inhabitants of these huts would smuggle liquor to European soldiers in the Cantonment appear to me somewhat groundless, and certainly the objections on this score

score cannot hold good under the Regulations in force, which would equally deal with any Parties who may be apprehended and handed over to the nearest Police Officer of the Civil Jurisdiction, under sections VII and XXXIV of Regulation VII of 1832.-

4. The unimportant nature of the 2d objection in which it is urged that the imposition of a trifling tax in this Department on the 4 or 5 brick Kilns would render bricks very dear and prevent soldiers in the Cantonment from building houses seems hardly deserving of notice.-

5. The Musselmen and Native Christian burial grounds which occupy a space short of a Cawny would still be available for these classes of people altho' the adjoining lands are brought under cultivation.-

6. The 4th objection viz.t the unhealthiness which is likely to be occasioned by permitting the cultivation of betel gardens 4 cu.s close to the Hospital might if considered valid be met by restricting the cultivation to dry crops which are not injurious to the Community in a Sanatory point of view.-

under

Fort St. George 13th September 1852.-

7. Under these circumstances I would beg to suggest that the limits of this Cantonment should be contracted as already proposed.-

No. 180.

To,

J. H. Cochrane Esqre.
Collector of Chingleput.-

Sir.

With reference to your letter No. 119 of the 10th July 1852, I have the honor to state that there appears to be objections regarding the portion of land applied for by you being appropriated for the purposes of cultivation. Viz.t.-

1st The Inhabitants in the Coal Bazar are generally in the habit of smuggling liquor to the European soldiers, and should they be seized I would then have no control over them.-

2d There are many Brick Kilns on that piece of ground, and when they are taxed by the Collector, it will render the Bricks very dear, and the European soldiers not

being

Fort St. George 13th September 1852.-

being able to pay for them will not permit them to build houses in the Parcherry of the European Artillery Veteran Company if put to much expense.-

3d The Musselmen, and Native Christian Burial Grounds are required for the Inhabitants of the Station.-

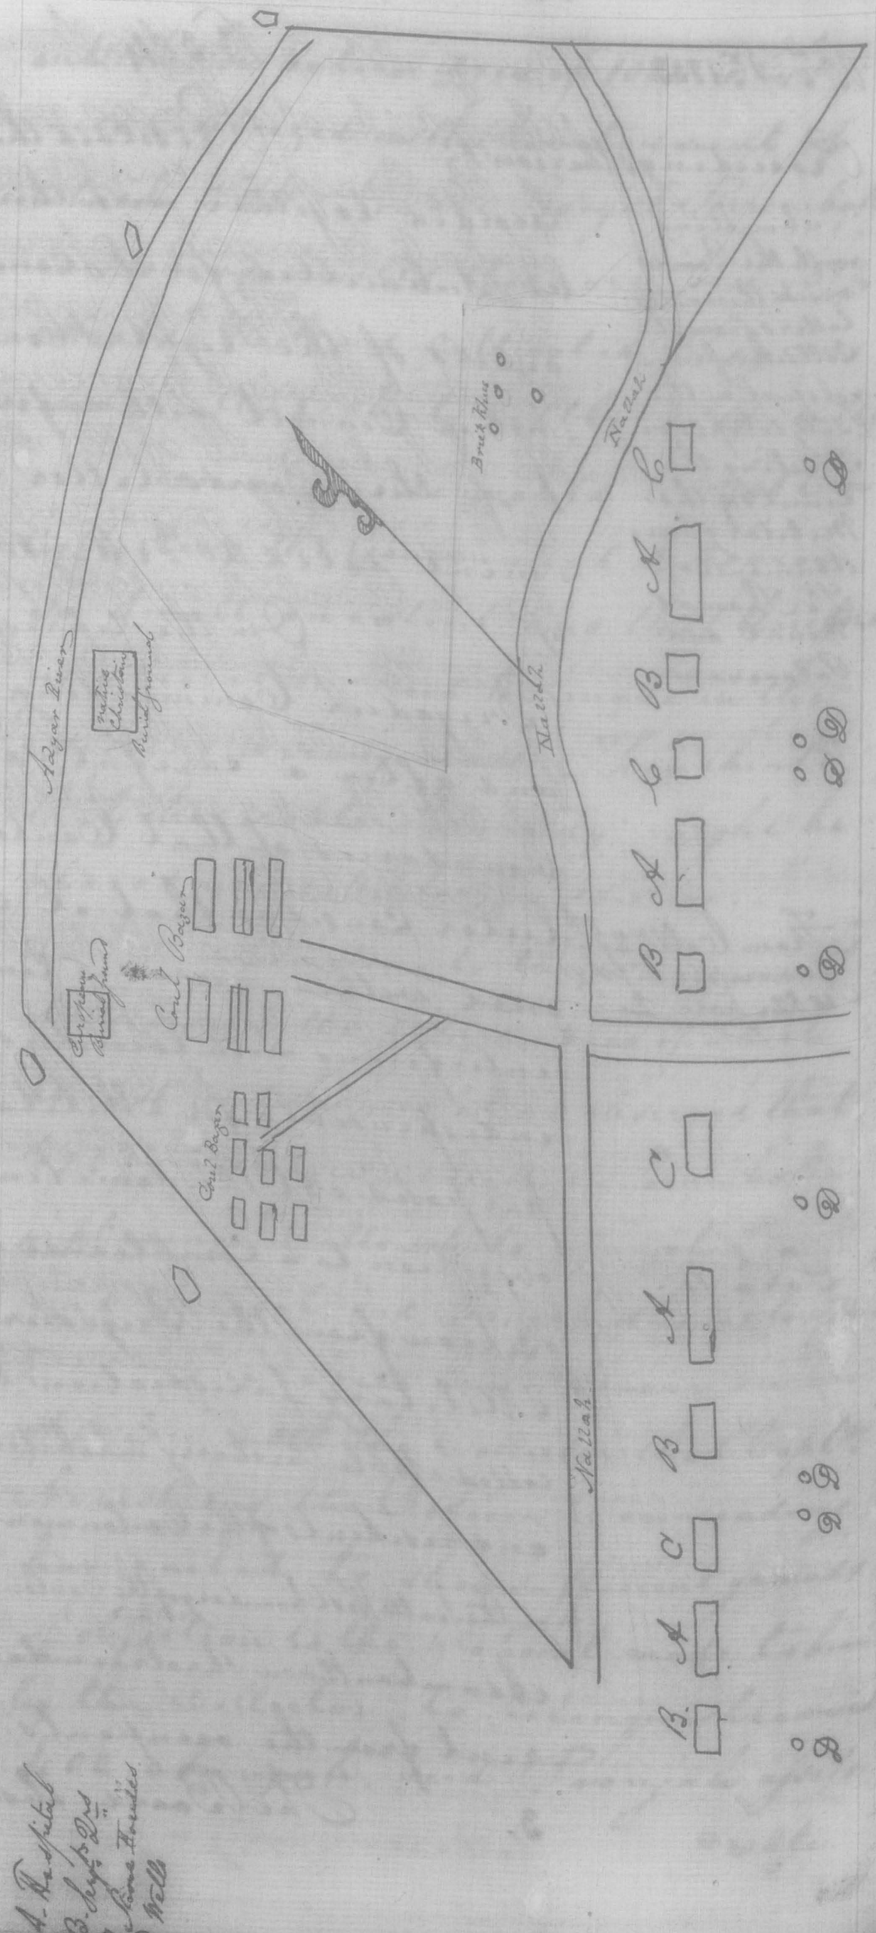

4th The ground if given over will be cultivated with Beetle gardens & co.s &c. and the ground being closely the Hospital will be detrimental to the health of the Troops and sick Patients in Hospitals.-

I have no objection to offer a small portion of ground to the north of the Cantonment as marked in Red Ink. being transferred to you.-

Para 2. out of the entire area of 1020 15/16 Cawnies comprized in the Cantonment of which 246 - 6/16 are Poonjah Porambokes including Hills, there are only 37¼ Arable Waste and Cultivated. They consider that but little difficulty or inconvenience would be felt in Collecting the Government dues from so Small an extent and that therefore no alteration need be made in the existing arrangement. They think that the "Noble Parcherry" might be placed under Military jurisdiction.-

Para 3. 4. Adverting to the Cantonment of Palaveram the entire Area of which is 1331 3/16 Cawnies it is observed that 523 3/16 Cawnies consist of Porumbokes including Hills while Nunjah, Layek and Sheical, and Poonjah amount to 6714.-

From Coll.r 20th augt 5. 1852 para 2.- The Board quite concur in opinion with the Collector that Captn Armstrong, the Officer Commanding, has failed to show sufficient grounds of objection to the proposal made to him by the Collector to relinquish Cawnies 400, Nunjah, and Poonjah, assess-able

assessable at Rupees 1400 per Annum the limits of which are defined in black Ink in the Sketch Annexed to Captain Armstrong's communication. Unless Encl: to above. some greater benefit is likely to be derived from the Continuance of this Extent; as portion of the Cantonment, the Board would not advise the sacrifice of the revenue to be obtained from the land if Cultivated; especially as it is stated that it's withdrawal from the Cantonment limits would leave the Nulla on the Western side as a clear boundary line.-

6. At the same time to meet the Views of the Military authorities as far as possible the Board think that Compensation should be offered to the owners of 5 or 6 Huts which are known as Cowle Bazar, to quit their holdings, that the Collector be authorized to remit the tax on the 5 Brick Kilns and that he be directed to restrict Cultivation to dry Crops on such portion of land as immediately adjoins the Hospital-

B. No. 1997

From the Collector of Chingleput — Reporting on the Petition of C. Rama Row late Sheristadar of the Carangoly Taloor.

Read the following letters.

To, W. H. Bayley Esqre
Secretary to the Board of Revenue.

Sir,

I have the honor to report on the accompanying Petitions Nos. 934. and 1010 of 1852. from Chuckrapany Rama Row, late Sheristadar of the Carangoly Taloor, with reference to the Board's Endorsement thereon, dated the 7th May, 1852. -

2. The Petitioner appears to have been employed as Goomastah in the Taloor and Koozoor Cutcherries for upwards of 26 years and to have generally borne a good character. In September 1849 he was promoted to the situation of salt Peishcar of Vellore which Office he held until February 1850 when he obtained leave of absence on the plea of Sickness. The Individual who was appointed to act for the Petitioner brought to notice great deficiency in one of the salt heaps which he ascribed to certain salt having been illicitly sold. The

10349. Fort St. George 13th September 1852.

The enquiry which was thereupon instituted failed to establish any charge against the Petitioner. the Acting Collector Mr. Conway being however of opinion that suspicion attached to Petitioner, but at the same time apparently influenced by other circumstances favorable to Petitioner's character, Considered it sufficient to transfer him to the Sheristadarship of Carangoly Taloor. -

3. In consequence of wastage in the several heaps sold by him as exhibited in the accounts by the Petitioner when he was Peishcar being Excessive and varying from 15 to 18½ per Cent my predecessor subsequently considered it necessary to depute the Tahsildar to measure the remaining heaps on the Platforms which shewed a deficiency varying from 15 to 60 per Cent. The Petitioner was on this removed from his situations of Taloor Sheristadar to which he had been lately transferred. -

4. The circumstance of the heaps measured by the Tahsildar exhibiting

Fort St. George 13th September 1852.-

exhibiting a deficiency even greater than that reported by the Petitioner cannot in itself establish any fraud on the part of the Petitioner but seems rather to indicate the imperfect manner in which the heaps were formed in the first instance and the little care with which they were protected from the rains. The heaps in question were moreover formed by the Petitioner's predecessor in Fuslies 1257 and 58 and appear to have been damaged by the heavy rains which fell shortly after in the latter Fusly.-

5. Under the foregoing circumstances and from the short period during which the Petitioner held the situation of Salt Peish Kar and the generally good character borne by him I am of opinion the most that can be fairly laid against him is a neglect of duty in not having duly reported the damaged state in which the heaps were when he took charge of the Office of Peish Kar, and in not having taken the requisite precautions against their sustaining further damage.-

Proceedings thereon. The Settlement for Fusly 1260

Reviewing the Settlement Report of the Salem District for Fusly 1260.—

was the first conducted by Mr. Phillips since his assuming the Office of Collector of Salem. The Summabundy of the Sub Division was made by Mr. Conway who, soon after it's completion, was appointed Agent at Kurnool. The Head Assistant Mr. Dykes having been temporarily transferred to another District, the Settlement of his Talooks was made by the Collector—

2. The Puttahs were distributed at the Cutcherry of each Talook, on some occasions at 2 localities in the Talook.—

3. The Census Return of Fusly 1260 was taken with the precautions enjoined in the Board's Circular order of February 7th 1850, Page 508. The results shew a Population of 1,195,369 which if the area of 8,200 miles stated in the Printed return laid before Parliament is correct, would give 145 Souls per Square mile. Were it not that a great part of the District of Salem consists of ranges of Hills almost uninhabited the above mentioned return might be considered indicative

The Census of the Fasly an

The number of Mootahs in the District was
originally 205 increased by Sub Division
to 330- Out of these 330, 217 have lapsed
and 113 remain. The Board remark
that in Statement No 1 the names of some
deceased Proprietors are still entered-
The Collector should explain why the
names of their successors are not
substituted.-

whole the season was a favorable one and
left but little to desire" yet in the next para
of his letter he reports that the Wet lands

the Dry 7/8. The Board do not attach much

The

Fort St. George 13th September 1852.

13. The Dittum Statement No. 6. is unnecessarily prolixe, and so ill arranged as to make it difficult to reconcile it with the abstract appended to paras 11 and 18 of the Report, and with all the detail it does not exhibit, as it ought, the quantity of each description of Land after the Caboolaty Bunjer has been struck off. It would appear that a Tahsildars Dittum is first made, and then modified at the Summabundy into a Kind of revised Dittum before striking off the Caboolaty Bunjer. This is not the intention of the Board. The Dittum should stand as first made before the Summabundy has commenced.

14. The Board observe that neither in the Report for the Fusly under review, nor the preceding one, does the Sub Collector make any allusion to a Dittum, an omission which they request may be rectified in future.

15. The Caboolaty Bunjer struck off is 17,355 Rupees and that which has been made liable to demand is said (4th para 32) to be 8,485 Rupees or 2,357 Rupees more than last year; but in this there appears some error in consequence of a comparison being made between items of a different nature.

Rupees
Fusly 1259 - 6,128
" 1260 - 8,485.

Mr.

Fort St. George 13th September 1852.

Mr. Phillips has taken the difference between 8,485 the gross amount of Caboolaty Bunjer of 1260 and 6,128 the net amount of Caboolaty Bunjer in 1259. It should stand as follows.—

Total Caboolaty Bunjer
For Fusly 1259 ——— 6,676.
Deduct Remissions
on Cowle land *: ——— 548 — 6,128.

* This item should have been explained

Deduct remission on
Nunjah Cowle lands *: — 166 — 8,318.
Difference — 2,190.

16. The Board find some confusion in the Statement No. 19 regarding land under Private Wells, the subject is one which under the late orders of the Court requires consideration. A shorter and more concise Statement than the detailed one in No. 19 would afford more real information. The result however seems to be that the number of Private Wells exempt from Jusulja tax has increased by 15; there being now 3,726 exempted wells in the whole District, as follows.—

17. The Rent Roll (para 31) exhibits a very large number of pattyholdings in the Salem District, these have been increased Mr. Phillips states by the season having induced persons not usually engaged in cultivation to speculate. Out of upwards of a Lac of single puttahs there is only 1 above 500 Rupees and 29 per Cent of the whole are under 10 Rupees. The number of Ryots is one Lac and 70 Thousand.—

18. Two Statements of Sewoy Jumma have been submitted. The first of them exhibits in a Talook war form the Demand Collection and Balance on account of that branch of Revenue for Fasly 1260 and the second the Demand Collection and Balance both Current and arrears of "Land and other Sources"

No. 26.

No. 27.

Sources"—The latter account the Collector States has been prepared in accordance with the Circular instructions of the Board. It was not however their intention to have merely such general headings as "Land Revenue" "Fees" entered in the Statement, but each item composing Sewoy Jumma The sum of Rupees 4,511-3-3- entered as "Extra Revenue" in the Demand Collection and Balance Statements ending 11th July, Fasly 1260, should have been given in detail in the annual account.—

8th October 1849. p. 503. C.O. book 12.

19. The total extent of Sugar Cane Cultivation in Fasly 1260 amounts to Acres 1,348 or 118 Acres below Fasly 1259. The net falling off to that extent is composed of a gross decrease of acres 157 in Ayen lands and a gross increase of acres 39 in Enamity and Tank lands.—

The balance due on Government Villages was 32361 Rupees or 2¼ per Cent of the Demand by the end of September A. D. 1851 the Mootah balances were reduced to 14749 or 3.14 per Cent and the Government Villages to 9951 or 7 per Cent.— The

Fort St. George 13th September 1852.-

and the rest was due by two Minor Estates which it was necessary to attach for arrears.-

22. It appears from the Demand Collection and Balance Statement of June last that out of the whole 14,749 Rupees, Mootah arrears only 1619 Rupees remained uncollected at the end of June 1852, and this the Board believe is due by the Samoodrum Estate.- This Estate has also an arrear of "old Balance", due for years prior to the one under Review which will be alluded to presently. It has been held hitherto under attachment but the Minor having attained his Majority and his Co-parceners having refused to come to any terms for settling the Balance the hopes expressed by the Board in para (17) of their Proceedings on the settlement of fusly 1259 have been frustrated and they have been obliged to direct the sale of the Estate unless the arrear is discharged by the day fixed in the advertisement.-

25. The amount due by Mootahs was due solely by those of Samoodrum and Anundoor. It has been before observed that Samoodrum is about to be sold and it only remains to add that Anundoor which was also a Minor's Estate, also under attachment, was ordered to be sold on the young man attaining his majority but at the last moment the arrears were paid up.-

27. Of the "Old Balance" due by the Government Villages 13345-8-7 are reported as irrecoverable. In fact the Board were prepared to expect that the June Kist for Kistnagherry for

Mr. Phillips has however in a recent communication informed the Board that on investigating these balances he has found that 142-13-5 beyond that stated in the Report under review is irrecoverable. With reference therefore to this letter and para 42 of the Settlement Report for fusly 1260 the Board recommend that the Sum of 13,488-6-11 may be written off as "Irrecoverable."—

28. The sum thus required to be written off includes a balance of 77-14-8 due by the Ryots of Coodothoray which was remitted by the late Collector Mr. Lockhart in fusly 1259 on the ground that the land was over-taxed.

*4th April 1850 The Board did not approve of this remission but under the circumstances would not now wish to press it's recovery as no such remission appears again in the Accounts of fusly 1259.—

29. Another item in the amount required to be written off is 716-15-3 due by the Ryots of Peroomalanama Samoodrum. Since the date of the Collector's Settlement report, the Board have sanctioned the sale of the lands of the defaulters. It appears from the

the correspondence that the rates of Peerwah were excessive and that for many years it had been usual to levy a lower rate with reference to that of the adjacent Village of Vaylor carrying the difference to the head of "Tow Roof" or Suspended Collections. Even at this lower rate payment was not made and sale therefore became necessary.

30. The Board observe that there is a Village of this name among those referred to in Statement 2 enclosed in the Collector's letter of the 8th November 1847 and again alluded to in para 23 of the Board's Proceedings of 20th June 1850 relative to the assessment on the lands of the Edumbuncolum tank under the instructions conveyed in the orders of Government of 10th July 1852 the Collector can, if he sees fit, bring to notice the assessment on the lands in question with a view to revision. The System of Tow Roof is one to which both the Board and Government have decidedly objected.*

Collection and Management. The Collector's attention is particularly drawn to the Board's late Circular dated 26th August 1852.

32. Mr. Phillips in paras 52 to 56 comments on the subject of renewal of Puttahs. The Board would observe that of the two orders of Government quoted marginally at the end of para 53, the first states that if Ryots desire a new puttah they should have one, the second that the practice of giving fresh puttahs should be adopted in future. It appears that the last order had reference to the giving of fresh puttahs to those who wished for them and this in no way militates against the view of the Board who merely intimated that is not necessary to renew Puttahs where the same land is held, if it is any convenience to the Ryots to keep the old one.

33. Mr. Phillips has not applied Section XII Regulation XXX of 1802 quite correctly. It does not insist that puttahs shall be renewed, but that they are renewable, and if the same puttah will serve for a succeeding year and the Ryot prefers to keep it the spirit of the Regulation is fully carried out. The Collector of Coimbatore has strongly

strongly urged the propriety of the practice which Mr. Phillips deprecates, and the Board have on that occasion expressed their opinion that the convenience of the Ryot should be consulted, and that if he desires a fresh puttah it ought to be given. The Government have also given a similar opinion to the Commissioner in the Northern Circars.

34. In para 57 the Collector seems to suppose that the system of preparing Puttahs by Goomastahs is "now intended for adoption"; but in making the enquiry it was the intention of the Board if that system prevailed to put an end to it.

35. The Board regret that the explanation called for by them in their review of the Settlement for fusly 1258 (para 19) relative to the lapsed Mootah of Vadagagerry is not yet forthcoming. They trust that the Settlement Report for fusly 1261 which it is supposed is now in preparation, will furnish the information required.

Season.

2. The past season may be pronounced to have been in this part of the Peninsula of India below an average one. The early rains of July and August were generally speaking both scanty and capricious, falling in some part of the District while in others the ryot had to combat against much drought in raising his dry grain Cultivation. To the South and East of the Province, that is, those Villages situated in the Elloopoor Mahanum of Conaud Talook and in the Woodiarpolliam division on

on the Confines of South Arcot, the early rains were sufficient for an extended Cultivation of dry grain. In Ferriore and Volcondashpoorum Talooks towards the North and in the immediate neighbourhood of the Putchey Mullay hills, the usual supply of rain was almost withheld, thus creating a considerable decrease of lands brought under agriculture.

The Months of September and October were nearly dry, with perhaps an occasional heavy shower. And the North East Monsoon held off until about the Middle of November, when the District was favoured with a general rain for about three days. After which scarce any downpour was received throughout the Country a light drizzling rain fell in the end of December, but could not make any impression on the tanks or afford any supply of water.

The rivers Cavery and Colleroon had the usual freshes, Commencing in June and Continuing steady up to the end of December. No mischievous or heavy flood occurred during the year, and I have much

pleasure

pleasure in noticing the great care and attention paid by the several Talook authorities to the banks of the rivers in their immediate ranges.

3. Some fears were entertained in Laulgoody and Conaud to the East, for the Maturing of the Shumbah and Coodaiy Cauvr Paddy crops in February and March; but these were relieved by heavy falls of rain during the nights of the 20th and 21st March; and thus the Govern= =ment were secured from weighty and pressing demands for remission for Shar= =vie on withered produce.

The harvest seems from all I learnt by personal Communication with the people to have been a poor one; and the earth did not yield a great or even average return; and yet prices were low at the same time. A Com= =bination of Circumstances untoward and depressing for the Meeraindars.

4. Cholera prevailed during a part of January and February in many portions of the Collectorate. It was most virulent to the Westward in Vittoocuttly and in Trichinopoly itself. With this exception the Province was healthy throughout the Fusly year.

Trichinopoly

Prices.

Statement No 4.

5. Trichinopoly has had again to contend with low prices, though the de= =preciation was not at the same ratio as in Fusly 1260. In that year Shumbah was C.E. 1851/60 quoted at Rupees 70.2.5. per Garce, while Cauvr was at Rupees 52.1.4. The quotations during the period under review were Shumbah Rupees 67.7.2. and Cauvr Rupees 57.4.8. Exhibiting a fall in the Superior grain or Shumbah of about 3¾ per Cent and a rise in Cauvr of 10 per Cent.

Your Board will be struck at the inferior grains obtaining any higher value in the Market. The cause of this is that more Shum= =bah is now produced than Cauvr, and the Market in Consequence is glutted with the superior produce.

6. In conformity with the instructions conveyed by Government in para 3 of their Extract from Minutes of Consultation under date the 9th March and trans= =mitted with your Board's Proceedings of the 29th April 1852, I beg to subjoin the comparison with the prices of the year and the rates on which the land assessment was determined. The result is a depreciation now of 9 3/16 per Cent for Shumbah and 13 1/16 per Cent for Cauvr Cauvr

This Province must ever be depressed by the lowness of prices, and the want of a ready market and constant demand for its Rice Grain grown. It is situated so near the large Rice producing Country of Tanjore, and not having a sufficient Consumming and unproducing population of its own to relieve the Grower, it must ever struggle on in poverty.

A large Military Force and internal demand is what we require to get rid of the superfluous grain. And from this the Province seems to be debarred at present. I fear the prospect for the ensuing year is by no means bright, when we contemplate the immediate withdrawal of so large a body of Europeans as Her Majesty's 84th Regiment now under orders for Service.

8. The Jumma Settlement was made on the same principles as had ruled former years with the exception of the Fussul Summee products in the Dry lands. To these the indulgence permitted by the Board by Para 20 of their Proceedings of the 22d January 1852 was applied and the demands was limited with reference to the description of Crop grown. For this boon the Ryots were most grateful and I have no hesitation in saying that in future years the benefit will be clear and profitable both to the State and the people during the present or first year of the change a loss of Revenue is to be looked for but in future we may confidently anticipate an increase by extended Cultivation. The loss under this head during the Fusly under review amounted to only Rupees 6657-7-8 A result that must be considered very trifling.

9 All remissions were clearly specified in the Pottahs of the several Ryots agreeable to the orders conveyed by the Circular of the 11th September 1851.

The

10 The number of villages of the District has been augmented by three while the hamlets are the same as last fusly. The Marginal Abstract shews the Numbers.

Fusly 1260 1241 Summee
Ayen Villages 1199-1202-3
Hamlets —789-789-"

The augmentation is derived thus, one Village in Laulgoody Taloork by name Shembaknoor held Free by the boatmen of the Colleroon and Cavery ferries but the landed shares of 5 persons deceased are now brought to account as Ayen under orders of the Government bearing date the 4th December 1849. Thus rendering necessary the names of the village to be entered in the district accounts.—

The other two in Woodiarpolliam Taloork, Viz. Elengachamy a Men Cavil village and Veerahalow now created upon Jungle land cleared and the limits of which it was found difficult to assign to two contending villages.—

11 The following abstract Statement exhibits in a Taloork war form, the Settlement of the past and present Fusslies and is so drawn up as to shew separately the result of the Jumma in the irrigated as well as the dry villages of the four Wet Taloorks of the Province.

Statement No 3 Col 97.

The result in comparison is a decrease of Rupees 23052-9 or Rupees 1-9-3½ per Cent on Fusly 1260 / 1850/51. The demand for that year being Rupees 11,20,094-1-11, the present Rupees 13,97,039-1-2. This result again compared with a five years average gives a decrease of Rs 29523-1-1.—

12 From the foregoing, your Board will observe that with the exception of Mossery there is a decrease in the irrigated cultivation of the four wet Talooks. That of Conaud is a very small sum Rupees 182. 8–8. and calls for no special Notice.

In Vitticulty it amounts to Rupees 1364–15–1 occasioned in part by a diminution in the Valan Cultivation owing to repairs going on in the great Veyacondan Canal, and in part by the non cultivation of the seconds crop throughout the Kistnarayapooram Maghanam. The failure being beyond the control of the Meerassidar owing to the flooding of the Channel and lands by the waters of the Cavery. A defect which I am happy to be able to state has this year been remedied by the Engineer Department.

In Lanlgody taluk the decrease is set down at Rupees 1285–0–7. brought about by a gross decrease of Rupees 1912. 8–10 of lands

lands irrigated by the Ayen and Parravalary Channels. and a gross increase of Rupees 627–8–3 in the Nadoor Karay or Seringham lands.–

Rs. 2391–7–5 The increase of Nunjay Cultivation in Mossery is accounted for by the lands of Nuttum and Pootoor villages being this year well and efficiently watered by the surplus flowing from the Canttoor Pootoor Mootah; The Channels of which Estate were throughly attended to by the proprietors, and not as reported + last Fusly left in entire neglect.–

+ Vide Report on Settlement of 1260 Para 8.

13 In the dry grain Cultivation throughout the District your Board will also observe that the aggregate decrease amounts to Rupees 27,030–15–10 which results from a Gross Increase of Rupees 9919–11–6 and a Gross Decrease of Rupees 29,550–11–9 This latter is found in Torriore, Volcondaporam and Arrealore. Talooks where the season was adverse as already noticed.–

Statement No. 3 Col 92

The remission of Rupees 100-13-8 on account of Wet land cultivated with Dry crops occurred in the Villoocutty Talook under the Veerai Keem Tank, which received no water, and at the solicitation of the Ryots after a personal inspection I permitted Punjay products to be raised at a reduction of one half of the Punjay assessment for the season only.

16. Of the Total Demand for the year on account of Land Revenue Rupees 13,97,039-1-2 the Collections within the Fusly or up to the 11th July 1852 were Rupees 13,67,032-10-4 leaving a Balance of Rupees 30,006-6-10. And this sum has since been reduced by subsequent Collections to Rupees 6,107-3-3 the present outstanding balance

balances. The greater proportion of which
consists of Rent in Kind to be realized in the
course of a few Months.—

Statement No 9 17. The aforesaid sum account
of the Peishcush for the Mootah of Pauttoo
Kottoor is Rupees 15,901-7-11. Of this sum
Rupees 14,012-4-1 were realized within the
Fusly and the Balance Rupees 1,889-3-10
have also been brought to account at the end of
Fusly last, a few days after the expiration of the
Fusly. There is no demand against the Estate.

18. The outstanding arrears for Peishcush
Swelled Kists all been struck off by the Commissioner
Statement No 10 in their orders of the 9th March last.
Their are only remains on my accounts the arrears
for Fusly 1260 amounting to Rupees 2,736-4-11
For the liquidation of which Measures are now in progress
and Fully anticipate the greater proportion will be
realized etc.

Statement No. 67 Col 12

20. The culture of Sugar Cane is carried on to some extent; Cawnies 1,262 were under this Crop. This is less than the growth of last Fusly by Cawnies 180. the number being for Fusly 1260 Cawnies 1442. The soil of Laulgoody, Torriore and Woodiarpolliam, is the best and consequently the greater quantity of Sugar Cane is there grown. No Sugar fit for exportation to foreign Parts is manufactured in the District. The operations being confined to Jaggery and coarse raw Sugar.

21. The Jenoy Summa or exchaneous sources of Revenue Amounts for the Current period Statement No. 14 to Rupees 7763—11—10 of which Rupees 5,380-14-3 have been realized leaving a balance of Rupees 2382-2-7. For the liquidation of which I am using my best endeavours. The heaviest items consists of fines due for non-attendance of Coolies for the Curumboos of the Channels and for the trespass of the Village Cattle on Puddagay lands. The former is Rupees 1,635-1-11 and the latter Rupees 593-2-11 Adverting to the large Amount outstanding under the head of arrears Rupees 8,577-9-4 I have already solicited sanction for writing off Rupees 7,923-6-6 in a report dated the 11th August 1851 to which I am anticipating your Boards favorable reply. If this sum be struck off there will remain only Rupees 3,036-5-5. The greater proportion of which I trust may be brought to account.—

22. I have much pleasure in bringing to notice the ready assistance I have derived from Mr. Smith my Head Assistant

To Sashagherry Rao the Head Shenistadar I have again to acknowledge my obligation for his able and ready help. This old and faithful servant as your Board is aware is

is about to retire to private life on his well earned Pension after a service of forty six years.—

The Naib Serishtadar

22. Chellapah Moodeliar I regret to report died suddenly in January last; The District has lost in him a valuable servant.

Agreeable to the instructions

23. conveyed by the circulars of the 6th of May last, and the 26th Ultimo two Statements are sent exhibiting the Collections and charges, together with the other assignments out of the revenue, with remarks appended in Explanation of the variations under each head, with also the proportion borne on the gross revenue. The total charges and assignments amount to Rupees 2,69,094-11-11, or 18 5/16 per Cent on the revenue.

Sir,

B/ No. 2088.

From the Collector of Tinnevelly } 1.

Forwarding original documents as per accompanying list connected with the enquiries which have been made about the Nattamy Emoluments of Mooditanumdal-

With reference to your letters of 17th May and 19th July last I have the honor to forward the original documents as per accompanying list connected with the enquiries which have been made about the Nattamy emoluments of Mooditanumdal since the claim of the Meerasidars of the same Village to share of them was first raised-

2- With respect to the question

10490

Fort St. George 13th September 1852.

put in Para 3 of your letter of 17th May whether there is any real difference between Nattamy and Meerasidars as used in my letter of 21st April last, I have the honor to state that for greater satisfaction I called upon receipt of your letter on the Tahsildars of those Talooks in which Nattamagars are most found to collect information on the subject and acquaint me with the prevailing opinion of intelligent persons about it- The replies received from the Tahsildars shew that there is a very important difference between Nattamygars and Meerasidars- The origin of the former destinction is lost in antiquity while that of Meerasidars was the creation of the Mufselmen Government which preceded that of the Company- Owners of Villages and shares of Villages whether originally or by purchase have very generally been appointed Meerasidars so that among these there are very many new comers, while all Nattamygars are descendents of ancient families in their Village- Also, when divisions take place one

faction

faction in a Village refuses to pay kist &
Money into the hands of the exciting &
Meerasidar of the opposite faction, it is
customary to allow them to choose a &
Meerasidar for themselves who becomes
responsible but without receiving any share
of the Meerasy Emoluments. There are &
indeed a great many Villages in this &
District where there are no Meerasy &
Emoluments at all, and yet one or more
Meerasidars who sign Cultivation accounts
collect and pay kist Money into the Talook
and are punished by fine for faults com:
=mitted by them.-

3. The title of Nattamygar is
considered more as a personal distinction
than an Official designation. It is never &
resigned as that of Meerasidar frequently
is, in favor of a person of a different &
family and even caste, to whom land has
been sold. and when both Nattamygars &
and Meerasidars are found in the same
Village the former in some cases perform
the duties of collecting money &c. conjointly
with the latter but often take no part in
the

the Collection of revenue but assist in &
Revenue duties of a general nature-

In Peroombhut Villages where
4. the proprietory right belongs exclusively to &
Government there were no Meerasidars in &
former times and the Nattamygars were &
obliged to attend to all the revenue affairs:
But sometimes when as in the Peroombhut
Village of Mooditanundal which is the &
one immediately in question a portion of
the Ryots disagreed with the Nattamygars
and would not pay the kists into their &
hands, it became necessary to allow them to &
have separate Head men with the familiar
title of Meerasidars to receive their kists,
undertake their Marrahmut affairs, &c.
subject to punishment for neglect &c. &
though without remuneration-

It has been sometimes tried
5. to compel an adverse faction in a &
Village to submit to the control of the
existing Meerasidars or Nattamygars
but never I believe with success and in
the end it is always found necessary to
allow them to choose a Meerasidar
for

for themselves - The circumstance of such a new Meerasidar not participating in the Emoluments of the Village Officers but nevertheless incurring responsibility is a most important check to frauds of this kind which I hope will not be removed.

6. With respect to Mooditeve-mundal the Meerasidars have performed in relation to their own factions the duties of heads of the Village and have been fined before but not since the Enam proceeds have been kept in deposit. The Kattamygar of the Village Erungole Pillay is quite competent and sufficient to conduct all the duties of Head of the Village and would be well pleased to stand alone in Office - But the party adverse to him will not pay their kists to him nor render him willing cooperation in the affairs of the Village so that to reduce the Meerasidars will tend to the injury of the public welfare.

With Enclosures.

Mr. Thomas attached the 2. proceeds in 1845 and the Collector (Para 7 21st April 1852.) mentions his "award in favor of Erungole Pillay". Reference is made by Petitioners to Mr. Thomas' enquiry and it is supposed that documentary evidence was received in the award making over the sum of 1305 Rupees after having been kept in deposit for 7 years.

Fk. No. 2059.

From the Collector of Coimbatore. } 1.

Affords explanation Called for by the Board in the Reference to Certain Chettirums in the District of Coimbatore and forwards two Lists connected therewith.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue, dated the 13th. October 1851, and also Your Subsequent Communication of the 4th. June last.—

2. I beg leave to enclose two lists Nos. 1 and 2 the first shews the number of Chettrums of which the Enam Lands are in the occupancy of their Proprietors, and the 2d. those, the endowments of which are under temporary attachment

3. The buildings enumerated in list No. 1 are in good order and habitable, they are also on Roads frequented by Travellers and the loss of them would be a Public inconvenience.

4. With reference to those in list No. 2 Nos. 2-3 and 5 are not required, the two former are on the old Palghat line, now superceded by the

the road recently constructed under the Sanction of Government, dated 30th. August 1849. No. 3 is on a Cross road and not desirable, and No. 6 at Suttimungalum, where, in Consequence of the existence of two* Chuttrums further accommodation is unnecessary. all the others are required, but with one exception, they are in bad Condition, the proprietors, are unable or unwilling to repair them, and have entirely failed in their agreement to do so, after repeated warnings. Under these Circumstances it would be requisite to repair them annually by Government, in which case either an Establishment should be kept up for their maintenance at a Monthly Cost, or the Enam lands given to those who may be employed, and it therefore, appears necessary that the allowance formerly granted should be Continued, the endowments of those that are considered unnecessary may be resumed; being Rupees 462-7-10, tho' I would beg to suggest their transfer rather to new lines where such are required - as for instance the Kassamoor and other Lines of Road if permitted I would name the places most requiring it should the Board Consider the present endowments of all the Chuttrums in List No. 2 to be larger than what is

is requisite, they can be reduced to 108 Rupees per Annum, the saving to be effected by such reduction amounting to Rupees 739-13-10.

5. I take this opportunity of acknowledging the Board's Proceedings of the 13th. December 1837, and with advertence to the General letter from the Honorable the Court of Directors of the 13th. July 1837. No. 7 para 33, beg to observe that no Enam is now Continued in the Case of Chuttrums which do not provide accommodation for all Classes of Natives, and the plan of building furnished with the Board's Circular of the 11th. Bd. No. 1862.

Proceedings Submitting with the Boards recommendation thereon a letter from the Collector of Coimbatore regarding the Private Chuttrams in his district

Fort St. George 13th September 1852.

No. 89.

Thereon Resolved that the letter, above recorded together with its enclosures be Sub-mitted for the Consideration and orders of the Right Honorable the Governor in Council with reference to the papers noted in the margin.-

Proceedings to Collector 28th August 1857
Proceedings to Government and Collector 13th October 1857

2. In their Proceedings of the 28th August 1857, the Board pointed out that Certain modifications proposed by the Collector, would reduce the landed Endow-ments in support of the Private Chuttrums of Coimbatore to Rupees 4,308-8-3 per Annum and in their Proceedings of the 13th October 1857, they awaited the receipt of his present report before recommend-ing measures for the disposal or repair of the decayed buildings.-

3 From the lists now fur-nished it is observed that there are 28 Private Chuttrums, 14 of which with their respective endowments as enu-merated in List No. 1 are in the enjoyment of their several proprietors. It is stated that these Buildings are in good repair and habitable, that they are located on road frequented by Travellers

10502 Fort St. George 13th September 1852

Travellers and are of great public Con-venience. The Board would not therefore disturb the proprietors in possession of the endowments, amounting to Rupees 2,159-13-11.

4. The remaining 14 Private Chuttrums enumerated in List No. 2 would appear to be in bad Condition with one exception, namely that at Vennocumbelloor, which has apparently been repaired since the Collector's letter dated 22d September 1857, and there seems no reason why its endowment Rupees 108-0-0 per annum should not be made over to the owner of the Chuttrum. This would leave 13 Chuttrums with endowments equal to Rupees 2050-8-8 in the Collector's hands, for their proprietors have failed to repair them notwithstanding all the warning that has been given. The Board therefore recommend the Resumption of the endowments, the Chuttrums in question to be placed as Public buildings under the Department of Public Works with a view to steps being taken for the im-mediate repair of such, as may be

requisite

requisite for public convenience, and for employing a permanent Establish-ment in each for it's future Care, on monthly payments from the Treasury.-

5. In the event of Govern-ment approving of the Court suggested by the Board they will be prepared to consider the Department of Public Works the measures that should be taken for the disposal of the Four Bulls-ings represented to be located in unfrequented places, and no longer desirable, and upon Mr. Thomas proposal to Construct new Choul-trums on the Kassauram and other lines of Road.-

Board of Revenue

B.C. No. 2041

From the Collr. of Madras

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Board's Proceedings dated 5th August 1852 and I regret that my explanations on Ganapathy Grannys complaint should have been considered insufficient to enable the Board to pass final orders upon it.

Reporting on the case of Ganapathy Granny with reference to the Board's Proceedings dated 5th August 1852.

2 I have thought it desirable that the matter should be laid in full detail before the Board, and have therefore desired my Assistant Mr. Ellis to take depositions and report upon the same which I now beg to forward for the Board's information.- Considerable delay was occasioned in consequence of Mr. Ellis temporary absence from the Cutcherry caused by severe domestic affliction. Mr. Ellis investigation does not appear to have elicited any new facts and I have therefore only to answer such questions as

Fort St George 13th September 1852

of the Board as do not appear to be included in Mr Ellis report.

3

The money collected from Ganapathy Grammy has been carried to account. The fact of its having been collected was not brought to my notice until the whole matter had been before the Police authorities, It was then first discovered that the Comicopolley had been collecting this money without carrying the same to account.

4

When the parties returned from the Police, the money [illegible] 120 Rupees I was taken to account in part payment of the Extra tax due by Ganapathy. A further sum of Rupees 36-9-4- was paid in at different dates, from the 18th March to the 24th April 1852 leaving a balance of Rupees 6-12-.. which is still uncollected.

5

I trust that the foregoing observations will meet the three distinct questions put by the Board in Para 4 of their Proceedings under acknowledgment.

6.

With reference to Para 5 I beg to state that two orders were issued on

Fort St George 13th September 1852

on the subject of Extra taxe, one on the 9th February 1852, having especial reference to the registration of extra trees by Ganapathy Grammy, and the other a circular to all Comicopolies including the Saint Thome Comicopoly of a subsequent date enjoining a speedy collection of the teerwai Jasti generally.

7.

At the same time I must draw the attention of the Board to a circumstance that did not strike me at the moment of my writing my letter dated 19th July 1852, which led me to place the stress I did on it, which is, that I was under the impression that the Tarkeed of the 9th February 1852 was addressed to the Comicopoly with the view of hastening the collection of a tax that was overdue, but this it is not - It is merely an order announcing to the Comicopoly that the Grammy had taken up certain trees, and was to pay a certain amount which he was ordered to collect from him.

8.

This view of the Tarkeed the Board will perceive greatly modifies the argument

argument of probabilities in favor of the late
Mr Harry Superintendent and of course
places the question of his connexion with
the Coringapoly withholding the Collection
he had made merely on the evidence taken
in the case which is certainly of an
extremely doubtful character.

9 At the date of my last letter
I was unable to refer to my Assistant.
Upon referring to him and reviewing
with him the whole of the circumstances
that took place in the month of March
last, I must in fairness to Mr Ellis state
that he distinctly gave me his opinion that
although he did not find positive proof
that Hirparam Row intended to Keep
back the collection from Gunapathy
Graming yet that he had thought the
circumstance very suspicious.

10 If there has been any
indulgence shewn on my part to
Hirparam Row, it has arisen entirely
from my entertaining at the time a
favorable opinion of him as an active

and

and intelligent Officer, and my earnest
belief of the disadvantage that it would
have been to the Office if he had been removed
at the time when the Superintendent was
away on leave.

11 There was at the time much
resistance to the Office by the Toddy shop-
Keepers in consequence of a greater degree
of severity in the Collection of the regular
toddy tax, and the Seerwa Jaste. This in-
creased severity had no doubt excited
against the Superintendent executing
the orders great hostility on the part of the
Toddy Shop Keepers and their known ill
feeling induced me to view with suspi-
cion the charges brought by them against
him I also felt that a serious loss in
this increasing source of Revenue would
be caused if a person totally inexperienced
ed in dealing with these men had
been put in Hirparam Rows place.

12 I trust that this explanation
will be considered by the Board a sufficient
excuse for my not pressing the matter more
severely against Hirparam Row, who has
served in this Office from the year 1843 in

the

Fort St George 13th September 1852

in the capacities of Deputy Register, Toddy Amildar and Quit Rent Amildar which last office he now holds.

13 As regards the allegations contained in Gunapathy Grannys Petition relative to the trial of Kirparam Row in the Supreme Court, on a charge of removing stationery while at the Accountant Generals office, I believe that he was tried and acquitted but not restored to his appointment in that office. He however before being employed produced an Endorsement from the then Chief Secretary Mr Thomas permitting his entertainment in the office of the Collector of Madras. I beg to enclose a copy of the document in question for the Boards information.

No 1.

To. J. A. Hudleston Esqre
Collector of Madras

Sir,

In obedience to your instructions I have the honor to forward to you + Depositions taken from the parties concerned in

+ From A to C

Fort St George 13th September 1852.

in a complaint made to the Board of Revenue against the Ale Karry Department of this Office by one Gunapathy Grammy and to a report upon the evidence taken.

2 I regret that in consequence of my being detained from the office by severe domestic affliction there has been so long a delay in sending in these papers.

3. From the evidence subjoined it will be seen that one Gunapathy Granny a Toddy Shopkeeper had in the month of February 1852 rented extra trees and had them registered regularly in the Madras Cutcherry. The tax at the ordinary rate was ordered to be collected on these extra trees. This tax is called Dasti Sirvai. An order for its collection was sent to Vencatachurry the collecting Conicopillay of Mylapoor, in which the trees are situated on the 9th February 1852.

4 It would appear that this tax was collected from time to time by the Conicopillay from Gunaputty Granny until the 15th March. None of this money was however paid into the Treasury of the Madras Collectorate although stringent orders have been given against the

the Conicopillays retaining the Collections in their hands.

5 On the 15th March Ganapathy Gram-
-my appears to have come to the Maoras
Collectors Cutcherry with a view to making
some alteration in the registry of his trees
He then is asked by one of the Gomastahs
in the Toddy Department and in the pre-
-sence of Kriparam Lalah Superintendent
why he had not paid the Jasty Tirvai's
already owing by him and he stated that
he had paid a large portion of it into
the hands of the Mylapooram Conicopillay
he was then allowed to go away and on the
16th the following day proposals were made
to him by Venkatachary the Mylapooram
Conicopillay to pay back the money
collected from him as Jasti Tirvai the
Conicopillay stating that this was by
order of Kriparam Lalah the acting
Superintendent.

6. Ganapathy Grammy in order
to secure the discovery of the fraud he suspected,
delayed receiving back the monies collected
from him amounting to Rupees 20 until
the evening of the 17th March when he received

them

them in the presence of a Police Peon into
whose custody he gave Venkatachary.

7 The fact that the money 20 Rupees
was collected from Ganapathy Grammy
as a part payment of his Jasty Tirvai
is admitted by the Conicopillay Venkata
-chary. it remains to be decided whether
he alone is guilty of not having sent
this sum regularly to the Cutchery.
or whether as he states he was obeying
the orders of his Superior Kriparam
Lalah the Ahkarry Superintendent.

8. We the Conicopillay brings
us witnesses the transaction according
to his account was a secret one. See-
-neevasa Pillay one of the Ahkarry Gomas-
-tahs conveying to him the orders of the
Superintendent.

9. The Conicopillay Venkata-
-chary acknowledges the receipt of the
order dated 9th February for the collection
of Jasti Tirvai upon exctra trees register-
-ed by Ganapathy Grammy the first
money he collected was Rupees 3-12-"
on the 12th February and that when he brought
this money to the Cutchery Seenevasa Pillay

&

Fort St George 13th September 1852

a Gomastah in the Adkarry Department took him to Kriparam Lalah who desired him to keep in his possession the Jasti Tirvai collection and only to pay the Hamasha Double or ordinary daily collection upon Gardens (exclusive of extra trees) he obeyed this order until the 15th when he states that another Gomastah of the Adkarry Department Rungasawmy Modeliar, questioned him about Ganapathy Grammy - and asked if the Jasty Tirvai had been collected that in obedience to a sign of Seenevasa Pillay he said No, none had been collected and that after this Seenevasa Pillay and the superintendent consulted together and that he was ordered by Seenevasa Pillay to return the money to Ganapathy Grammy. That the superintendent after he. Venkatachary, had received these instructions from Seenevasa Pillay, desired him to obey the instructions of Seenevasa Pillay. Seenevasa Pillay then told him that a Pygust Peon would be sent to him to fetch the Mylapore Collections. he objected to this, as the peon would find out about Ganapathy Grammys having paid

Fort St George 13th September 1852

paid, but Seenevasa Pillay said that he could send the Peon away with the other collections and pretend to bring Ganapathy Grammy's arrears himself. The remainder of Venkatachary's account tallies with Ganapathy Grammy's evidence.

10. Upon calling upon Kriparam Lalah for an explanation, he states that finding the collection of Jasti Tirvai was getting on very slowly he called upon the Conicopillays for greater activity and produces orders to them dated 25th February 1852 among these orders is one to the Mylapore Conicopillay.

11 No further notice he says was taken until Ganapathy Grammy appeared in person at the Cutcherry on the 15th (this appears to be a mistake on the part of the Superintendent on the 15th) when he stated that he had paid up a large portion of the extra tax to Venkatachary the Mylapore Conicopillay and that he would pay the rest on Monday following. He the superintendent questioned that evening the Conicopilly Venkatachary

Venkatachurry about it who told him that he had not collected any of the money but that it was deposited by Ganapathy Grammy with a private Shroff in Mylapoorum and that he would bring Ganapathy Grammy to prove the same.

12 That on Monday the 15th following the Comicopillay Venkatachurry again came without the money or Ganapathy that he then promised the same for Tuesday 16th that Tuesday evening only Govindan the Peon came in with the Mylapoor and collection but without the extra tax and stated that the Comicopillay Venkatachurry was gone to bring Ganapathy Grammy, that after waiting with his deputy until a late hour Pygust Peon Venkatasawmy and Chenglerayen were ordered to search for Venkatachurry and to press for the extra tax and to bring Venkatachurry and Ganapathy to the Cutcherry - none of these came on Wednesday - That the next morning he found that the Comicopillay had on that evening been taken up by the Police Peons

This is the account given by Hirparam Lalah of the transaction and I will

now

now point out where his account appears to me unsatisfactory.

13 The tax owing by Ganapathy Grammy ought to have been particularly remembered by him. there had been much discussion with Ganapathy Grammy about the manner of levying Jasti Tirvai he had given the office much trouble and more than usual care ought to have been taken in his case.

14 Although he is ordered to collect the tax daily he allows 17 days from the 9th to the 25th February to pass with the tax due by Ganapathy uncollected he then gives a general order, which remains unexecuted and again allows an interval of a fortnight from the 25th February to the 15th March during which no Jasti Tirvai is collected nor is any report stating the reasons for not collecting made to the Collector.

15 When Ganapathy Grammy states however that he has paid a portion of the tax, no active measures are taken by the Superintendent to

discover

discover whether this statement is true involving as it did the Collecting Comicopillay in a charge of withholding the Collection. The Peons Venkataswamy and Govinden were sent generally to collect the Mylaporam taxes but not specially to siege the Comicopillay or to take any such steps as would have been natural if the head of a Department suspected his subordinate of attempting to embezzle the Revenue.

16 It is very difficult to pronounce upon the case from the natural absence of any evidence to support the Comicopillay Venkatachary's statements, it is however clear that the money collected, was not carried into account as collected, and that it was offered back to Gana-pathy Grammy to avoid the exposure of the fraudulent withholding of this collection.

17. After a mature consideration of the case I am still of the same opinion as that which I expressed on when the case was investigated in the months of March last, that although no positive proof is afforded of Kistnaswamy Lalah

Lalah having ordered the money collected as Tasti. Tirvai to be withheld there is a strong suspicion attached to him and that from his own shewing he has grossly neglected to collect money he Knew to be due.

18. As there is positive proof that the Comicopillay Venkatachary withheld the collection, and as his plea of obeying the orders of his superior cannot be admitted be Knowing that this was in direct violation of the orders of the Collector I think that he should be dismissed.

19. I would wish respectfully to point out to you that you appear to have misapprehended the opinion that I gave upon this matter at the time it occurred. I am led to this inference from your letter to the Board of Revenue of the 19th July of which you have since favored me with a Copy. I would therefore beg to recall your attention to a Memorandum written

Fort St. George 13th September 1852

written by me, in which I
stated clearly my opinion
as being decidedly unfavorable
to Hirparam Lalah, although
I agreed with you that no posi-
-tive proof had been produced
of his having ordered the col-
-lection to be withheld.

Translation of a Deposition given before R. S. Ellis Esqre Asistant Collector of Madras by Vencatacharry Collecting Conocopoly, dated 17th August 1852—

Question	Answer
Do you recollect the circumstances of which you were taken to the Police by Ganapathee Grammy with respect to his Taste Dowle Teervai? State them—	Govinden a Peon brought a Takeed dated 9th February last directing to collect from Ganapathee Grammy his Dowle Taste Teervai

ab

at annas 12 8 per day and delivered it to me on the 12th of that Month. I went to Ganapathee Grannny on the same date and collected from him Rs. 3_12_0 and took the sum to the Kutcherry that evening when Streenevasa Pillay Sumpreetty called for me and asked me how much was collected. I answered him that I have collected 3 3/4 Rupees from Ganapathee Grannny. He took me immediately to the Superintendent and related the same to him. After this, the Superintendent and Streenevasa Pillay told me to pay into the Kutcherry the Ameshan Collection, and to keep with me 3 3/4 Rupees the extra Collection. As there was then a great number of persons about them. I do not know whether the other Servants that remained about them heard it or not. Though this is a new practice to keep the extra collection with me, yet as I have been ordered by the head Servants superior to me to do it. I kept the sum with me accordingly. Afterwards I continued to collect from Ganapathee Grannny upto 15th March last a sum at 1/4 or 1/2 Rupee. All those monies I kept with me in my house. On the 15th when I came to the Kutcherry, Rungasawmy Moodelly asked me whether the Dowle Jasti has

has been collected from Ganapathee Grannny. then Streenevasa Pillay who remained by him made a sign with the eye. Upon which I replied to him that it has not been collected. After which Streenevasa Pillay took me to the Superintendent. They were speaking little while Secretly the Superintendent then told to Streenevasa Pillay that I should be permitted to act as he told him yesterday. Streenevasa Pillay directed me to pay the Ameshan collection into the hands of the Shroff and to come to him accordingly I paid the ameshan collection into the hands of the Shroff and went to him. He took me on the out side of the Kutcherry and told me to return to Ganapathee Grannny the Jasti Dowle Collection which has been made from him, but kept in my possession whereupon I went to the Place where the Superintendent remained and saw him who told me to do as Streenevasa Pillay has directed. I went away presently but Streenevasa Pillay followed me immediately and told me that he would send a Pyguat peon to me. I asked him why he would send a Pyguat peon to me while

He told me in answer to tell to the Pygoat Peon that I would bring to the Cutcherry the twenty Rupees that was collected from Ganapathee Granny, and to so send him away and then to return the sum to Ganapathee Granny. On the 17th March Vencatasawmy a Pygoat Peon came to me. I told him that I would fetch the sum of Rupees 20 to the Cutcherry, that was collected from Ganapathee Granny and desired him to go away. He went away to some other Shops then myself and a Peon Govinden went to Shops and made collections of Ameshan money, daily tax and myself came to the Cutcherry at five or half past five O'Clock on the 16th. I went to Ganapathee Granny at 7 Oclock in the morning for the purpose of returning to him the twenty Rupees the Paste Dowle collection which was kept with me but he told me that he could not go to the Cutcherry that day and that he would receive it on the following day, and at the same time he questioned me why the sum that was collected from him has been ordered to be returned to him. I told him in answer

Have you witnesses to prove that the Superintendent has told you to pay the Ameshan Collection into the Cutcherry and to keep with you the Paste Dowle wasool?

I have none—

Do you not know that it is contrary to keep with you the Paste Dowle

I know that it is contrary to Rules, but the Superintendent having given orders to me—and in

Dowle wasool without being carried to account?

When you was collecting thus the Jaste Dowle wasool upto 15th March last, was not a Takeed sent to you on the 20th February directing to collect the Jaste Dowle due against all the shops at Mylapoor?

Was it Rungasawmy Moodelly that asked you whether you have collected the Jaste Dowle wasool?

Will you state truth?

How long since do you hold this Conicopoly situation?

Did any Superintendent or others ever give you orders to keep with you Jaste Dowle collection during that time?

You

in obedience thereto I kept it with me—

I have received a Takeed to that effect but with regard to the Jaste Dowle wasool of Ganapathee Grammy orders having been previously given to me. I did not bring the collection to the Cutcherry—

It was Rungasawmy Moodelly—

It is true—

I hold this situation for a year—

I never received such orders—

S.

You state you never received such orders before this from any Publicservants and that it is a new practice. Did you not ask the Superintendent any thing of it?

Did you ever state to Kreparam Lallah that the Doule Jaste Teerwah due by Ganapathee Grammy has been deposited into the hands of a Shroff at Mylapoor?

Did Shop keepers ever take money from their Shroff and pay you when in want of it to pay their taxes?

Did Ganapathee Grammy ever take money so from the Shroff and pay it into your hands?

On what date did the Superintendant tell you to return the above

I did not

(I did not state so—

One or two Shopkeepers did so—

He did not

On the 15th March last the Superintendent told me to return the sum I received to Ganapathee Grammy's house

house on the date. He was absent in his house. The following day the 16th I went to his house again. He came out of his house and refused to receive the sum from me. At the two different times I went to him. The sum was with me.

Has any body else present with you at the time when you was about to return the sum to him?

None

Can you produce any witness to prove what the Superintendent has told you in secret in the Cutcherry and that the Sumpretty made the sign with his eye and other circumstances?

I cannot prove it by others because it was spoken to me secretly.

You know that the order given to you by the Superintendent is contrary to Rule. Why did you not report it either to the Sheristadar or to me or to the Collector?

As I have been enjoined by means of a Tabeed to obey the orders of the Superintendent, I have attended to his orders without bringing it to the notice of the Collector and others.

Answer

Question

Do you recollect the subject of your deposition before the Police on the 18th of March last?

I gave a deposition before the Police on the subject of the Conocapillay Therovencaata Chetty having collected Jastiseerwah from me and returned it back to me.

On what subject did you depose?

On the 15th March I called at the Cutcherry where Pungasawmy Mordelly Thettawaree Sumpretty asked me why I did not pay the Jastiseerwah money when Seenevassa Pillay Rooka Sumpattee Cor also was present. I told Pungasawmy. I paid it and Cor returned home and on the

If you should Cor state all regarding that subject correctly?

the next Morning 16th at 7 Oclock Vencatacharry Conscapillay came to my house. I told him that when I had been to the Cutcherry Yesterday they said that I did not pay Gastee Teerwah and asked him why they said so. and he told me that he came on that account I asked him what was the matter upon which he said that both the Superintendent Rebenson Lalah and Sumprettee Seeni vasa Pillay desired him secretly to return the Gaste Teerwah to me and therefore he came to me & I asked whilst I paid it to the Circar why they told it to be returned to me. He said he does not why on that they told him to take it and pay it into my hands and he therefore came to me. If so I told him to return the Money. and he said when he

he comes for Collection in the afternoon he would pay it I agreed to it afterwards I was struck with suspicion of what mishap would there occur in receiving back the amount paid to the Circar So in the afternoon I went away to Gardens with being seen in his Conicopillays eyes. On the next day the 17th when my way to the Cutcherry. the above said Conicopillay saw me and said he was in search of me all Yesterday to give the money and asked me where I had been I asked him to give that Money now and he wanted me to come to his house I having told him that I must go to the Cutcherry and have no time & turned my way when he called me back and desired me not to go to the Cutcherry till he delivers the Money to me I consented to

to it and said very well - I then doubted this was a fraud Invented to Egmore Tanah Guard related to them this fraudulent transaction and took with me a Talia with whom I was lying in wait at the Cutcherry Gate at about ½ past 5 O'clock the Comicspillay came there and paid the 20 Rupees in my hand Immediately I shewed the Amount to the Talia that was with me and gave in charge to his care both of the Money and the Comicspillay He took me and the Comics' Pillay and delivered us at the Darogah guard at Egmore.

Was there any Besides these 20 Rupees due 20 Rupees which I paid to the Jaslee I still am in arrear Teerwah or to the Circar. — only the half of it? —

Did

Did Vencatachary tell you any thing when he paid the above sum into your hands? —

When he paid the money he told me nothing but that Kreperam and Seenevasa Pillay had ordered him to return it.

Why did you not inform this to us What induced you to report the circumstance at the Police Guard? —

I informed this at the Darogah Guard; for I saw you were gone from the Cutcherry. —

You stated in that you had been to the Cutcherry on the 15th March last from that up to the time when you delivered the 20 Rupees to the Police Taliar. did any Cutcherry Peon or Vencatacharry call you to come to the Cutcherry?

They did not.

When on Monday the 15th you had come to the Cutcherry and Rungasawmy asked

Streenevasa Pillay was sealed by him.

asked why did you not buy the Jaatee Teevah who were present there?

Was Krepparam Lallah then so present?—

I do not recollect it well.—

Was there anybody else?

I do not even recollect that.—

When you told you paid the Jaate Teevah what did Rungasawmy Moodelly or Seenevasa Pillay say?

They said nothing and I came away.—

When you know that the amount you pay is not entered in accounts why did you not bring it to the notice of higher authorities.—

I thought that by asking the Conicopillay into whose hand I paid it, its particular will be known I did not therefore bring it to your notice

Question	Answer.
Do you recollect the case that was taken to the Police with regard to the Extra Collection which has lately been made from Gunapathy Grammy and so returned to him by the Conicapillay afterwards?	I do
Did Gunapathy Grammy come to the Cutcherry on Monday the 15th March last three days previous to this transaction?	I recollect that he came to the Cutcherry on that date.—
When you saw Gunapathee Grammy where were you seated?	I sat down by the Window in the abkarry Cutcherry where I used to sit.—

Who Rungasawmy.

Who else then sat down by you.

Ringasawmy Mondelly Polawar Sumpretty and Dasekacharry.

Where did Kreparam Lallah then sit.

He sat at the place in the Room where he usually sits.—

What had then passed with regard to Ganapathy Grammy extra tax.

When Gunapathy Grammy requested the Sumputty and the Amildar to have trees entered in accounts, the Superintendent asked me whether there was any extra tax due by him. I said yes there is, but that he did not pay it yet.—

When you said this to the Superintendant what did Gunaputty Grammy say.

Gunapatty Grammy said that he paid part of the extra tax into the hands of the Conicopillay and that he would pay the remainder in 2 or 3 days and so he went away. he was not asked any question afterwards.

What had passed after Gunapathee Grammy went away.

Kreperam Lallah the Superintendant and Vencalapathee Naik Toddy amildar called for us

Vencatasawmy a Peon and bade him to go to the Collecting Conicopilly and to take within him Gunapathe Grammy and to recover the other remaining balances and to bring it together with the extra tax money that has been already collected and to come along with the Conicopillay.—

Whether the Cadjam Memorandum produced by Vencata sawmy the Peon is written by you or not.

That Memorandum is not written by me.—

Question	Answer
Do you know the subject of the Jaste Dowle of Ganapathy Grammy who went to the Police Office?	I know nothing of it on that day. I heard on the following day that he had been to the Police.
Was there any order given to you respecting the levy of Jaste Teerwah within two or three days?	On the evening of the 15th April last the Superintendent directed me to go to Mylapoor in company with the Collecting Conicopillay of the division, to collect Money from those who should pay Jaste Teerwah. I went on the following day, and from the Memorandum given me by Sumpettee Streenevassa Pillay. I came to know the above date.
Who was present when Streenevassa Pillay gave you this Memo?	I was standing outside by 6 or 7 others when Streenevassa Pillay gave

gave me this to me. The Cutcherry was over at that time and none were present there.

What have you done about this case on the following day.?

I went to Mylapoor and demanded certain Shopkeepers of it but they said that as it was not time of Season they will liquidate the demand against them by paying it at 1 or 2 Annas a day. As regards the arrears against Ganapathee Grammy I asked the Conicopilly he said that he made a Collection of 20 Rupees little by little which is left in his House and that he would bring it and pay it at the Cutcherry on the following day and so told me to go away Then myself and the Collecting Peon Gounden of the Division came away when the Conicopilly returned to his house Peon Gounden and myself

When accompained

accompanied him.

When did you go afterwards.? Therovengada Charry told me to go to recover the other arrears of the tax and that he would fetch the Money to Cutcherry.

On the following day when you came to the Cutcherry did you ask the Superintendent any thing about this.? I came to the Cutcherry and the Superintendent asked me why the Conicopilly is not come I said he has received Money some where else.

What sort of Man is the Conicopilly Therovengada Charry.? Numbiar a Bramin by Caste and he is a fair lean and tall Man and of about 20 Years old.

Proceedings thereon, Para 1 This case as now explained proves to be of a more serious complexion than as stated in the Collectors letter of the 31st May on which his opinion was given "that there was no proof of an intention to commit a fraud."

2 It is now clear that the Extra tax daily levied from the Grammy from the 5th February to the 15th March was withheld by the Conicopoly Vencatachary and not finally carried to account until the 18th March after the case had been brought to the Collectors notice by the Superintendent of Police. The Board therefore direct his dismissal.

3 There is not sufficient evidence to bring home to Kriparam Row the charge of complicity in the misconduct of the Conicopoly but the Board are of opinion that there are circumstances of suspicion against him and they desire that the Collector keep a watch over his future conduct.

Ordered that the following Endorsement be passed on Petition Nos. 832, 887, 1060, 1295, 1451, 1533, 1802, & 1805 of 1852.

Secretary to the Government of India.

Sir,

I am directed by the Right Honorable

Mr

the Governor in Council to forward for the
purpose of their being laid before the
Government of India the accompanying
papers respecting the reduction of
the Customs duty on Foreign Salt
imported into this Presidency and
under the circumstances represented by the
Honorable the Court of Directors in
the Despatch, 30th July 1851 No. 8, and
in the Extract from the Minutes of
Consultation of this date, to request
the sanction of the Most Noble the
Governor General of India in Council
for reducing the duty leviable under Schedule
A, Act VI 1844, from 3 Rupees to 12 annas
per Indian Maund on all Salt imported
from Europe into the Madras Territories

From Honorable Court of Directors 30th July 1851 No. 8- Paras 15 and 16.

No. 567.

To,
T. Tycroft Esqre
Secretary to the Government of
Fort St. George.

Sir,

1. I am directed to acknowledge the receipt of your letter No. 423 dated the 11th Ultimo, proposing a reduction of the duty leviable under Schedule A Act VI of 1844 from 3 Rupees to 12 annas per Indian Maund on all Salt imported from Europe into the Madras Territories-

2. The object of this measure is to carry out the wish of the Honorable Court of Directors communicated in a Despatch No. 8 dated the 30th July last, that the trade in Salt at Madras should be placed as far as possible on the same footing as in the other Presidencies- In Bengal and Bombay no distinction is made between different descriptions of Imported Salt but all is admitted on payment of a duty equal in amount to the excise duty levied on Salt manufactured in the Country-

Country- The reasons which make it &c
necessary in the opinion of the Right &c
Honorable the Governor in Council to &c
limit this privilege at Madras to the &c
case of Europe Salt throughout the &c
Presidency and to Salt from Goa and &c
Arabia in the Districts of Malabar and
Canara are stated in the Minutes of
Consultation forwarded with yours letter
No. 298 dated the 2d. April last and that
under reply-

3- I am directed to observe that
these reasons have failed to convince the &c
Governor General in Council that the proposed
measure is the utmost extent to which the
views of the Honorable Court can with &c
advantage be acted upon- The avowed &c
object of the limitation is to exclude &c
Bombay and Ceylon Salt from the &c
Madras Market. In the case of the &c
former the reason assigned is that it is
an inferior article and that there is reason

to

to suppose that the Salt manufactured in the
Country which is of superior quality can be &c
supplied in sufficient quantities and at a lower
cost- Assuming this to be the case- His &c
Lordship in Council cannot perceive in it any
reason for placing the Bombay Salt under a
further disadvantage- To do so would seem to be
superfluous, as no dear and inferior Salt &c
could compete in the Market with that which
is cheaper and of better quality- His Lordship
in Council does not either clearly understand
how the risk of smuggling on which the objection
to the admission of Ceylon Salt is founded, is likely
to be greater with a duty at 12 annas than it was
with one of 3 Rupees-

In the opinion of the Governor General &c
in Council it would be in every way preferable and more
in accordance with the spirit of the Honorable Courts'
instructions to make the contemplated reduction in
the duty on Salt general than that it should have
any partial operation and I am to request that the
subject may again be brought under the consideration of
the Right Honorable the Governor in Council-

In

Fort St. George 16th September 1852.

Para 1. In their letter of the 11th May last this Government recommended to the Government of India that the duty liuable under Schedule A Act VI 1844 should be reduced from 3 Rupees to 12 annas per Indian Maund on all Salt imported into the Madras Territories from Europe, but stated that for certain reasons it was not thought desirable that the reduction should for the present be extended to Salt imported from Bombay or from Ceylon.

2. In their letter above recorded the Supreme Government express themselves not satisfied as to the propriety of this limitation and request that the subject may again be brought under consideration. The reason they say assigned for not extending the reductions to Bombay Salt is that it is an inferior article and that there is reason to suppose that the Salt manufactured in the Country which is of superior quality can be supplied in sufficient quantities and at a lower cost assuming this to be the case His Lordship in the Governor General in Council cannot perceive in it any reason for placing the Bombay Salt under a further disadv

as no clear and inferior Salt could compete in the market with that which is cheaper and of better quality. As regards Ceylon Salt his Lordship in Council also does not clearly understand how the risk of smuggling which constitutes the objection to its admission is likely to be greater with a duty at 12 Annas, than it was with one at 3 Rupees.

The Right Honorable the

3.

Governor in Council observes that if the Manufacture and Sale of Salt in Canara and in Bombay were on the same footing, the reasoning of the Government of India would doubtless hold good; but it is questionable how far it is applicable to the existing state of things. It is apparently supposed by the Supreme Government that the Canara Salt is not only of better quality but is cheaper than that which would be imported from Bombay; but the Canara Salt is sold at the fixed Monopoly rate of one Rupee per Maund, whereas that from Bombay would enter the Market at the cost

of actual production, transport and the excise or import duty. This latter duty is 12 Annas per Maund so that if the other charges are less than 4 Annas the Maund, the Salt could be sold at a rate below that of the Canara Monopoly, and it might be to the interest of the Bombay Manufacturer to import into Canara and to the poor Consumer to purchase Salt which though an inferior and adulterated article could enter the Market on cheaper terms than the Home Monopoly Manufacture and consequently supersede it. This is the contingency adverted to by the Government in Para 16 Extract Minutes of Consultation 2d April last and which rendered them averse to the importation of Bombay Salt into Canara on payment of a fixed duty until the question had been more fully investigated and further information obtained. It was moreover observed that the Collector of Canara anticipated that by the admission of Bombay Salt the Monopoly would be gradually undersold, because

To Board 3d Dec 1852

because the Home manufactured Salt will come to market thro' the expensive Machinery of the Monopoly, while the foreign Salt will be more economically managed. The Board of Revenue do not concur in this anticipation, but it seems to the Governor in Council to deserve consideration.

4. Supposing the manufacture and Sale of Salt in Canara to be like that of Bombay free and unrestricted subject only in both cases to the payment of the same excise duty, there can indeed be little doubt that the former (which is of better quality) could be sold in the District at a lower rate than Salt from Bombay, and in that case this Government could have no hesitation in acquiescing in the reasoning of the Government of India. But at present whilst there is this essential distinction that Canara Salt is manufactured and can be manufactured expensively only by Government and only in such places and in such quantities as the Collector may deem advantageous for the purposes of the Monopoly, it cannot and does not

not enter the market on equal terms with Bombay Salt and to put them on an equality, it may be necessary to alter the system in Canara and substitute an Excise duty for a Government monopoly manufacture. It is this point which would appear to require consideration before the free import of Bombay Salt is finally sanctioned.—

5. The Governor in Council observes that the Collector of Canara has on late occasions adverted to the advantage which might ensue from substituting the excise system for that of the monopoly, and that the Board of Revenue have expressed their readiness to take the subject into consideration in all its bearings if the Collector after further inquiry and experience is of opinion that the change may be adopted with benefit. The Right Honorable the Governor in Council is of opinion that before the remarks in the present letter from the Supreme Government can be fully met, it is necessary that the questions respecting the feasibility and expediency of throwing open the Salt manufacture in Canara subject to

5th February 1852
Para 18

an excise duty should be thoroughly examined and he desires that the Board will communicate further with Mr Maltby on the subject and submit their views to Government in extenso.—

6. With regard to the observations of the Government of India respecting Ceylon Salt it is to be noticed that under the existing duty of 3 Rupees per Maund there is at present no trade whatever in Salt between Ceylon and the Madras Presidency, but it is to be apprehended that if under the inducement of a 12 Anna duty such a traffic were to spring up, it might be difficult considering the short distance between the Ceylon Ports and those of the Southern Districts, to regulate it and to prevent illicit importations.— On this point also the Governor in Council would wish the benefit of the Board's opinion after they have consulted the Collectors of the Southern Provinces.—

that the appropriation of the half share in the Shotrium Village of Kullooroopick was enjoyed by the late Lutchmee Vengumma would seem to depend upon the consideration whether Ramasawmy Ranz, Lutchmi Ranz, Basava Ranz and Venkatapatty Ranz the Children of Veeraragava Ranz are to be deemed the "legal heirs" of their Uncle Basava Ranz notwithstanding the division of property between that party and his two Brothers Veeraragava Ranz and Venkatapathee or whether the "legal heirs" of Basava Ranz have failed, and his share consequently has escheated to Government, on the death of his widow Lutchmi Vencummah. Gentlemen,

I am directed by the Right

Fort St. George, 16th September 1852.

Right Honorable the Governor in Council

I request your opinion on the following case after consulting the Hindoo Law Officers of your Court.

Case.

1. A. the holder of a Inocaffa Village which had descended to him as ancestral property from his Progenitors, has the Village continued to him on Shotrum Tenure by Government under a Summud which confers it upon him and upon his "legal heirs" and provides for its reschet to the State on default of "legal heirs".

2. A, having no Children, adopts his Nephew E. third son of his undivided brother B. and on A's death the Village is registered in the name of E.

3. E and his two elder brothers C and D quarrel and recourse is had to the Civil Courts, which results in a division of family property including the Village. One half of the Village is assigned to E's and one quarter to each of his Brother's C and D. On the death of D without Children C. takes his share

Fort St. George, 16th September 1852.

share thus C and E each hold one half the Village.

4. E dies without issue, natural or adopted, and leaves a Widow N. C dies leaving a son F the Village is registered in the joint names of F and N each holding his or her share, and paying the Government Quit-rent upon it separately.

5. The Widow N dies, it is desired to know whether according to the Hindoo Law her husband E's Nephew F. is to be considered his (E's) "legal heir" notwithstanding the division of property made between C. D and E. and should consequently inherit the half share last held by N in preference to Government; or whether under the circumstances E's "legal heirs" should be held to have failed and his share be adjudged to be an escheat and revert to the State.

Sir,

1. In acknowledging the receipt of your letter under date the 2d Ultimo to the address of the Judges of the Court of Sudr Udalut requesting an opinion on a question relating to the Hindoo Law of Inheritance, I am directed to submit for the consideration of Government the accompanying Copies of answers delivered by the Pundits of the Court with reference to the point in question, from which it would appear that none of the parties named in the question can be viewed as the "legal heir or heirs of Es, whose Estate, if there be no other parties entitled to inherit it, will consequently escheat to Government.

2. I am desired to add that the Judges see no reason for impugning the correctness of the opinion arrived at by the Pundits which appears to be in

The Hindoo Law Books

1. "Vynanaswaregam" &c. prevalent in this part of the Country in Chapter on succession to the Estate of one who leaves no male issue" declare that on failure "of the father's descendants, the heirs are "successively the paternal grandmother, "the paternal grand father, the uncles "and their sons."

Answer

Answer -

The succession of Kindred in the father's line is by the law book cus "Vynanaswaregum" limited to the father's grandson, and not extended to his great-grandson. So is likewise the succession in the paternal grandfather's line limited to his grandson, and not extended to his great-grandson; by the passage contained in the said book that "in failure of "the father's descendants, the heirs are "successively the paternal grandmother, "the paternal grandfather, the uncles "and their Sons"

The inheritance in the paternal great-grandfather's line is in the like manner confined to his grandson, and not extended to his great-grandson by the aforesaid work, which states that, "on failure of the 'paternal grandfather's line, the paternal great-grandfather, his sons and 'their issue inherit.' Thus it is declared also in the other books "Smriti chendrika" &c. Current in this part of the Country -

I have the honor to submit for the information and orders of the Board of Revenue the

the accompanying application from one Unkapah Naidoo a relation of the Choondy Zemindar in this District in which he requests payment of the arrears of allowance due to him from the Zemindary from January 1849. This individual is one of the 8 relatives of the Choondy family who were provided with Pensions from the assets of the Estate and for which corresponding allowance was made in the Peishcush settled upon it in 1839. He went to Shorapoor in July 1845, on private affairs and has since been absent from Choondy. From that date to the close of 1848, the Zemindar continued to pay the allowance to Unkapah Naidoo Vakeel, on the life of the Pensioner being periodically certified by the authorities at Shorapoor, but he has since withheld payment, and now considers himself exonerated from the obligation in consequence of the continued absence of Unkapah Naidoo from the Zemindary, and of his appearing to possess other means of subsistence independent of the allowance claimed which was granted only for maintenance. Unkapah Naidoo on the hand contends that he is entitled under the terms of the Cabooliat executed by the Zemindar, to the unconditional payment of the Pension irrespective of the place of

of his residence and of his circumstances.

The clause of the Cabooliat bearing upon these Pensions is transcribed in the margin; and I request to be favored with the opinion of the Board as to whether under the circumstances of the case, I am authorized to insist on the payment of the allowance as usual to Unkapah Naidoo or leave it to the option of the Zemindar.

Proceedings thereon,

(20-21)

The Board observe that the Government in para 4 of Extract Minutes of Consultation 31st October 1839. deemed it advisable that the several members of the family should be rendered independant of the Zemindar of Choondy.—

2.

They therefore consider that the Collector should insist on the Zemindar making the payment to Anka pah Naidoo as usual

Ordered that the following Endorsement be passed on the Petition received in the foregoing letter.

"Petitioner is referred to the Collector of Nellore, to whom the necessary orders have been issued."

No. 80

To W. H. Bayley Esq.re

Secretary to the Board of Revenue

Fort St. George.—

(22.)

B. No. 1933.

From the Collector of Cuddapah—

Replying to the Extract from the proceedings of the Board of Revenue dated the 19th February last on petition No. 2094 of 1851 and on the question of teervajasty generally.—

Sir,

Para 1. I have the honor to reply to an extract from the Board's proceedings dated the 19th of February last on petition No. 2094 of 1851 and on the question of teervajasty generally.—

The remark made in the third

2. paragraph of my letter of the 5th of January that "it has never been the custom to lower "the assessment on land once irrigated "by Cavar water." and which the Board consider inapplicable to the case as there is no question of lowering the assessment at issue, was made with reference to the fact I stated at the same time, that petitioner had sunk two wells to aid the irrigation of his land— and my intention was to

Fort St. George 16th September 1852.

to remind the Board that although dry land converted into wet and irrigated from wells sunk at the Ryotts expence is not liable to teervagasty the exemption does not apply to lands which have been once assessed with the extra tax, although the Ryott may subsequently have improved his means of irrigation by sinking wells at his own expence.—

3 The land in question does not belong to the person who petitions the Board, some time ago he sold it to one of the servants of the Civil and Sessions Court, who at the time he bought it must from his position and connection have been fully aware of the rules to which it was liable.—

4. On receipt of the Board's proceedings I directed that a further enquiry should be made into the condition and capabilities of petitioners land, its means of irrigation, and its relative advantages in comparison with neighbouring fields, and the result was an opinion on the part of the ryotts who accompanied the

Fort St. George 16th September 1852.

the Tahsildar in his examination, that part of the land should bear an assessment of two pagodas, and part of one pagoda and three fanams the acre and if the Board, on consideration of the general question, should be pleased to decide that no fixed rule of minimum assessment is to be retained, and that each case of the kind shall be treated separately on its merits, I have no objection to offer to the rate above proposed.—

5. But I beg the Board's permission to take this opportunity to making a very few remarks upon the question.—

6. As a general rule the doubts entertained by the Board of "the propriety "of Mr. Lacon's rule of assessment by "which the teerva of land newly brought "under wet cultivation is regulated, not "by its own qualities or position, but with reference to other land, and that the "best in the village" although this latter clause does not exactly give Mr. Lacon's rule.

Fort St. George 16th September 1852.

rule as will be presently shewn are certainly well founded, and in the abstract the rule must be condemned, but it was not established without a reason and its cause should be taken into consideration before it is set aside as injurious.—

7. Previous to fusly 1243 the assessment on dry lands converted into wet was fixed with reference to the supposed capability of the soil its then means of irrigation, and the assessment of neighbouring fields, two and a half fanams being fixed as the minimum rate, it was found however in practice that many Ryotts applied all their husbandry to their newly converted lands, strongly manured them, and brought their productive powers up to that of their more highly assessed wet lands, which they then threw out of cultivation, and derived a high profit themselves while the Government revenue suffered. When the question was under the Collectors' consideration Mr. Robertson passed through the district, and informed

Mr.

Fort St. George 16th September 1852.

Mr. Lacon that in Bellary the Peervajasty on dry land converted into wet, was with the view of preventing the evils referred to above, fixed at a minimum rate of three Pagodas.—

8. From that time the rule in Cuddapah has been that all dry land converted into wet before fusly 1243. shall remain liable to the assessment it then bore - and that all land subsequently irrigated shall pay an assessment of not less than three pagodas if there be wet land in the village bearing that or a higher assessment, and where the highest assessment is less than three pagodas the newly converted land shall pay an assessment equal to that borne by the most highly assessed land. In the former part of this rule the Board will observe that the assessment is not always fixed with reference to that borne by the best land in the village, as supposed in the third paragraph of the Proceedings under reply but that the newly converted land may be assessed at three pagodas while other lands are paying

paying eight or ten.—

9. While the adoption of this rule has generally had the effect intended, it has not, as far as can be ascertained acted injuriously on the province.— Prior to Fusly 1247. no accounts were sent with the annual report to the Board of the actual cultivation under separate heads and such could now be prepared from the talook accounts only with much delay and difficulty but the Statement I enclose of the quantity of land agreed for by the Ryots from Fusly 1231 to Fusly 1269 shews a constant and great increase under the head of teeravajasty, while an extension of the wet cultivation as also apparent since Fusly 1243. when Mr. Lacon's rule was established.—

10. If no minimum be fixed hereafter I am of opinion that fraud will not be uncommon, and at all events the persons deputed to fix the new rate of Assessment will fix it according to a comparison between the then present state of the dry land about to be irrigated and that of its neighbouring wet fields which have for

years been irrigated and manured, and without making due allowance for the beneficial change which two or three years cultivation would effect in its production powers. there is also no reason to suppose that the evil which Mr. Lacon's rule was designed to obviate, will not, if it be cancelled, recur.—

11. I am not unprepared to admit that the minimum of three pagodas may be too high in some instances, but I am extremely unwilling that a minimum should be entirely dispensed with, and I would propose for adoption the continuance of Mr. Lacon's rule with an alteration of the Minimum from three to two pagodas, and with the addition that the present Minimum of three Pagodas be retained in all cases where Ryotts may throw up their ordinary wet land on converting dry land into wet on the lighter terms now proposed.—

12. These terms I would propose to apply to the land, which has given rise to this correspondence.—

Cuddapah, Collector's Office, 9th August 1852.

Instead of a fixed teerva yasty minimum of 3 pagodas on the levy of the highest rate of assessment in the Village if the same should be below the minimum, the Board think it preferable that each case be decided on its merits leaving that rate to be imposed which on a consideration of local circumstances shall be deemed just, care being taken that the extra cess on inferior lands shall not be so low as to hold out an inducement to the Ryots to relinquish those more highly assessed.—

to have full and satisfactory informa-
tion as to the extent to which their orders
which secured the withdrawal of the ori-
ginal suit No. 15 of 1846 were carried
out. It seems to the Board that the Pro-
prietors never could have been placed in
possession of the entire extent then order-
ed or it is very improbable that had
it been so they would bring the pre-
sent action in the face of their agree-
ment withdrawing the former suit.
3 They request that the Sub Division
Sheristadar be again called upon to
state this distinctly for they cannot
admit that a few clerical errors can
change the meaning of his words which
seem to favor the Mootakdars in their
present claims He should also be directed
to state whether any and what acknow-
ledgment was taken by him from the
Mootakdars in token of their having taken
possession of the lands reported in his
Arzee of 31st July 1848 and what document
is usual on such occasions The Board require
this explanation in time for them to obtain
the sanction of Government to the compromise
before the time allowed for filing an answer
in the Sub Court has expired.
4 The Board approve of the modification
in the compromise adverted to by the Collector
in para 6.

From the Coll.r of Tinnevelly.....

Sir,

With reference to your letter of the 27th November last, I have the honor to state that the Villages and lands in which the interests of the Cirkar and of Devastanums are blended have all been divided in accordance with the principles approved of in Extract from Proceedings of the Board of Revenue dated 25th August and to the satisfaction of the parties concerned. Most of the lands allotted to the Devastanums have also been transferred to the charge of the Trustees. Three Devastanum shares however remain to be given over in consequence of the Trustees having delayed to come to the Kacheri to execute the requisite Moochilikas and one other in consequence of the two Trustees of the Devastanum in question disagreeing and not consenting to act together.

I hope shortly to be able to report that these remaining lands have been duly transferred.—

1. W. V. Conolly Esqre Collector of Malabar and

2.

Fort St. George 16th September 1852.

2 Veeya Reepanda Velagata Vady veye of the aforesaid Kagarom are as follows.

1- I had laid out money and built a four roomed shop on the spot situated at the Northern range of the new bazar in the aforesaid Kagarom on the western side of the Cutwals Choultry Choultry and the Zemom property of Veeya Ka Rowlagam on which I hold a Kanom claim and each room was let on rent for no less than 2 Rupees per Month and while so enjoying it, I mortgaged one of the eastern rooms and the grounds appertaining thereto to 2d Defendant Vady Ceija for 125 Rupees without interest and the room without rent-

2- While I was enjoying the income accruing from the said shop by giving it on mortgage as well as on rent as above the 1st Defendant agreeably to his wish and without my consent or even paying me any thing whatever forcibly took possession of the eastern room and ground appertaining thereto in Memory 1021/1846 and the western room and the grounds in 1023/1847/8 demolished those two rooms and encroached the grounds thereof with the

the cutwals Choultry Whereupon I presented my grievances and several petitions to 1st Defendant but he has passed no order as yet on the same-

3- One of the aforesaid demolished rooms having been that mortgaged to 2d Defendant he brought an action against me before the Mooftee Sudr Ameen's Court under No. 162 of 1846 for the recovery of his money and without any answer being received in the matter a decree was passed directing me to pay the money and to bring an action against the 1st Defendant for demolition of the aforesaid rooms, whereupon I appealed to the Civil Court from the said decision under A.S. No. 216 of 1850 to which a decree was passed under date the 3d March 1851 confirming the Original one and directing me to pay as therein adjudged Rupees 125 on account of Mortgage, together with Original and appeal Costs amounting to Rupees 27-5-4 and to bring an action against the aforesaid Gentleman for the loss I have sustained-

4- Beyond the loss caused to

to me by the demolition of the aforesaid two rooms without my consent or even paying me any thing my private property also has been advertized and sold by auction for the money and costs payable to the mortgagee the 2d Defendant as per decree in the aforesaid suit in consequence of the room mortgaged to him having been demolished and the proceeds sale were paid to the Court by the auctioneer and as I a poor and ignorant man have no other alternative but the Court to resort to for redress to my grievances as well as for the loss I have sustained thro' the 1st Defendant the Collector, I pray that my case may be taken into consideration.

5- As I was in want of money and unable to walk from infirmity I was precluded from bringing this action before this, as directed in the decree, and this suit is brought against the 1st Defendant the Collector and 2d Defendant the Mortgagee in consequence of the loss

loss I have sustained by the destruction of my shop and the grievance I have suffered by the aforesaid decree having been executed against me for the money payable to the Mortgagee. It therefore pray that the Collector and 2d Defendant may be summoned before the Court and the sum of Rupees 300 being the value of my two rooms demolished as above by the Collector without my consent or even paying me the value thereof and in opposition to reason and truth recovered and paid to me together with Interest accruing thereon as well as Costs. To The Subordinate Court

Tillah Calicut

The answer of Government Vakeel . Amboo Podoomah in behalf of H. T. Conolly Esqre Collector of Malabar 1st Defendant in O. S. N: 16 of 1852 -

1 - As it was requisite some what to enlarge the prison and record rooms of the Calicut Town Police Choultry and the spot connected therewith being the Janom property of Kaya Ke Kovilagathia Rahmee the Collector applied to her for a certain spot, on a promise of paying its value for the above purpose upon this the Rahmee granted it gratis, and in the mean while informed the Collector that as the said spot was held by Plaintiff on Kaya encroachment inferior claim / a fair value of his title should be paid to him -

2 - The Plaintiff himself admits that the Rahmee is the Jenmee of the

Fort St. George 16th September 1852 -

See Calicut Tahsildars return dated 8th Feby 1850 and the appendix thereto -

the aforesaid spot and he an undercliamant - It is a notorious fact that agreeably to the rules of the Country and the principle of Justice a tenant is bound, as per Jenmee consent to receive the value of his claim and give up the property -

3 - The Plaintiff is entitled only to such an Amount as may appear to be a fair value of his claim and therefore the only point to be ascertained is what this value is - The extent of Plaintiffs Janom spot is 2500 running feet and the Janom thereon is 500 fo or Rupees 125 - Of this the extent of the spot taken by Government for the above purpose is 520 running feet and its proportionate Janom is Rupees 25 - 7 - 10 - There was an old shop on the spot taken up for the Government purpose the front thereof being closed up by planks and the remaining portion built partly with stone and partly with mud walls and the roof made of Bamboos thatched with Cadjans - The materials of this shop which were demolished were taken away by Plaintiff and the highest

highest charge for building the said shop would have been 10 to 15 Rupees, making thus a total of only 35 to 40 Rupees and Plaintiff is entitled only to this sum. But upon a consideration of the circumstances of the case and that of the Plaintiff, the Collector is ready to pay him not only the aforesaid amount but also something more.

4. Previous to this Spot being taken by Government Plaintiff was repeatedly and regularly requested to receive the value of his just claim, which was not attended to, and under an impression that he would get whatever price he might demand, as the Government required a Spot that was in his possession he unnecessarily set up disputes, and refrained from receiving his claim.

See correspondence between the Collector and Tahsildar of Calicut dated 21st & 29th Feb'y 1848 and 8th February 1850.

5. It is alleged in the Plaint that Plaintiff has sustained a loss of 300 Rupees, if he did actually lose any thing further than the aforesaid Amount let him commence the Collector of the same when he would be answerable for it but without the Plaintiff doing so, the Collector cannot pay his demands

of

of 300 Rupees out of the Government Money.

6. Both the Collector before the matter went to Court persuaded Plaintiff to receive his money yet he refused to do so, and from stubborness, and with the view of giving unnecessary trouble to the public Authorities, has brought this action consequently he should, according to law and reason bear all Costs Dated Fort Rudagom 6th August

Zillah Calicut.

The answer of Vakeel Amboo Podoowal on behalf of H. V. Conolly Esqr Collector of Malabar Supplemental Defendant in O. S. No 3 of 1848 on the file of the aforesaid Court.

1. It appears that one Moosseliam Vittil Marayamkoonatha Nannee has brought the aforesaid suit against the 1st Defendant Nilisherry Kakoomy Nair, for the recovery of 128 fanams and 10 Vishams as Value of paddy due as per a Veroompattom

Fort St George 16th September 1852.

Veroompattom chit dated 30th Koomshom 1020 and 11th March 1845 the aforesaid Defendant having died and the Sirkar taken possession of his Tarwaud property, the Government has been included as a supplemental Defendant in the matter. The following are therefore the facts which the Sirkar have to state in answer to the above suit.

2. The Decree passed by this Court in O. S. No 1 of 1849 adjudging that the 1st Defendants family property should revert to Government, has remained in full force, no appeal having been preferred against it and it does not seem possible to determine whether the Pattom chit produced by the Plaintiff, and that filed in suit No 1. were actually executed by the 1st Defendant and Koonjoony Nair, unless these documents themselves are referred to and compared with other documents bearing their signatures. It appears by the petition presented by Plaintiff to the Collector, that several deeds connected with landed property were stolen away in Makaroni 1021 January-Feby 1846 and the Plaintiff did not shew in the petition which he first presented to the Pillaingode Moonsiffs Court on the 10th 22d Methoonam 1021 June 1846 that

that the said pattam chit was not professionedly
it is therefore doubtful whether those Pattam-
chits only could have been saved from amongst
the documents that were lost as above. The
Plaintiff could have fabricated the Pattam-
Acts alluded to in the suit in the name of the
deceased individuals, and it seems not improba-
ble that they were so fabricated.

There existed certain dealings between
Plaintiff and 1st Defendant, which were settled
by deceased transferring to Plaintiff certain
monies of his that were outstanding, but as he
(the deceased) had not an opportunity of
receiving back the deed from 1st Defendant
he obtained a receipt from him for the same.
There is reason to suspect that Plaintiff, either
knowing that the receipt in question was lost
together with the documents and the money
that were stolen away in the interval of
Government taking possession of the property
belonging to the 1st Defendant the
last heir, after his demise or having
himself got the said receipt into his possession

has

has now brought the these suits.

4. From the enquiries made by Government
thro' other sources, inorder to trace out the truth
of this matter it appears that the deceased
Kakoony Nair and the 1st Defendant Ramavar
Kombooroy Nair alluded to in the suit No 1.
connected with this case were living in Comfort
and not indebted to any one. Moreover there
are many outstanding debts to be recovered on
their account - while this is so admitting that
there were any dealings with Plaintiff, they
would probably have been settled before
Kakoony Nairs demise, and the Collector hath
several times sent for the Plaintiff and
informed him through his principal officers
that if he has any thing to receive lawfully he,
(the Collector) would settle both the aforesaid two
matters thro' any mediators the Plaintiff may chose,
or on his making oath in any of the Pagodas
he may like, and that if he has any documents
he should produce the same; but he
did not attend to any of these propositions.

5. Plaintiffs refusal to accede to

either

either of these two reasonable proposals leads to the conclusion that the deeds in question are mere fabrications, and his refusal proceeds from an impression that he could prove his case by the means of false deeds and witnesses, because if the matter is a true one, certainly he would have accepted any of the above two proposals.

6. Some enquiries being still in progress respecting the 1st Defendant's property the particulars of any additional proofs that may be elicited regarding this matter will be represented in the rejoinder.

7. The Collector therefore prays that after the necessary investigation is made into this suit, which there is reason to believe is false, a decision may be passed agreeably to the merits of the case.

To,

The Subordinate Court

Zillah Calicut.

The answer of Vakeel Amboo Podoowah on behalf of H. V. Conolly Esqr. Collector

Collector of Malabar Supplemental Defendant in O. S. No 4 of 1848.

1. It appears that one Moossaliamvittil Marayan Komathan Mamee has brought the aforesaid suit against the 1st Defendant Nilisherry Kahoony Nair for the recovery of 348 fanams and 2/4 Vesthoms as Value of paddy due as per a Veroonpattum Chit executed by one Nilisherry Kahoony Nair on the 20th Medam corresponding with 30th April 1841 and the aforesaid Kahoony Nair having died and the Government taken possession of his property the Government has been included as a supplemented Defendant in the matter. The following are therefore the facts which the Sirkar have to state with reference to the above suit.—

2. The particulars of the possession of the 1st Defendant Forward property having been confirmed to the Sirkar by a Decree were shewn in the 2d para of the answer filed in the matter of the suit No 3 instituted previous to this, and the suspicion attaching itself to the Pattom chit filed in this case which it is probable from the very particulars above adverted to, had not been executed would be cleared up by the Court. Moreover

Since

since it is admitted in the plaint that the proper-
-ty was restored at the stipulated period, the allegations
made by the Plaintiff that the arrears of the whole
Pattom are due by the deceased Kakoony Nair,
who appears to have lived respectably and
without debts, cannot be considered as true. Kakoony
Nair died in Edavanm 1829 and he having lived
May, June 1806
for 3 and odd years after the execution of the Pattom
chit in question, there was time enough during that
interval either to have settled the transactions or
to have taken the necessary measures regarding
them, which was not done; besides it does not appear
that the 1st Defendant the heir, was subsequently
prefsed with and acceded to any demand (on
the part of the Plaintiff) for about a year
until the date of the Plaint.-

3. From the enquiry made by
the Sirkar in order to ascertain the
genuineness of the Pattom chit and
the existence of the arrears of
Pattom nothing came to light
and this it appears from the
enquiry that the transaction has been settled.

Yet

yet the Plaintiff was sent for and asked
to have the matter settled thro' mediators or
by oath, as shown in the 4th para of the
aforementioned answer, but he having drawn
backward, there is reason to conclude that
the suit is not a true one, and that the
Plaintiff under the impression that the
Government will have no means to adduce
any proofs in the matter, and with a desire
to substantiate his case by means of false
witnesses and documents Conducts the suit.-

The aforesaid facts and those

4.

two matters having connection with each
other, the Collector prays that the circum-
-stances set forth in the answer in Suit No 3
may be referred to the necessary investigation
made into the matter the truth ascertained
and a decision passed accordingly.-

Resolved

B. No 1876

34-35 Proceedings

Submitting a letter from the Collector of Malabar, enclosing translates of three plaints filed in the Sub Court of Calicut, and recommending that he be authorized to put in the proposed answers and to defend the Suits at the public Cost.—

thereon. Resolved that the letter above recorded together with it's enclosures be Sumitted for the consideration and orders of the Right Honorable the Governor in Council.

2. In Original Suit No 16 of 1852 the Plaintiff Chitrayel Manoo Coya represents that a four roomed Shop belonged to him situated on the North side of the New Bazar at Calicut, that he obtained a rent of 2 Rupees per Mensem for each room and mortgaged one room and the ground belonging to it to 2d Defendant for Rupees 125. He complains that the Collector, 1st Defendant, at specified times, in 1846 and 1847 forcibly took posession of the two rooms and the grounds belonging to them, and having demolished the former added the whole ground to the Cutwalls Choultry, that 2d Defendant sued him for the Rupees 125. for which the one room was mortgaged and obtained a decree with Costs which on appeal was confirmed by the higher Court who

who directed him/ Plaintiff/ to bring this Suit, against the Collector to reimburse him for the loss sustained. He values his loss at Rupees 300 which together with Interest and costs of his Suit, he urges may be paid by the Collector.—

3. In the Draft defence the Collector points out that the spot of land in question was required to enlarge the Prison and Record rooms of the Calicut Town Police Choultry, and belonged to the Keeyakeshovidagatha Ranee, who consented to grant the land gratis, on the Collector paying to Plaintiff who was Keeyeavagaskom /inferior claim or subtenant/ a fair value for his title, and it is explained that by the Rules of the Country, a Tenant is bound to receive, the Jenmee's consenting, the value of his claim, and to relinquish the property. Steps were taken to ascertain the value of the Plaintiff's claim which inclusive of the Materials of

of the demolished rooms, which he took away, was estimated at Rupees 35 or 40: the latter sum was repeatedly offered to Plaintiff but declined, probably because he was impressed with the idea that he might make his own terms, and it is urged the Plaintiff has brought this Action from a Contumacious spirit, and should be nonsuited with costs.—

4. In Original Suits Nos 3 and 4 of 1848, brought by Moosaliammittil Maruyamkoonathan Mamey, the Collector is included as a supplemental Defendant, as the Government hold in default of heirs, the Tarwad property of the Defendant Nelisherry Kakoony Nair, against whom these actions are brought, for recovery, in the first of 129 Fanams 16 Vishams, and in the last of 348 Fanams 2½ Vishams of Paddy, the rent in kind for certain land held by the Defendant from the Plaintiff.

5. In the Draft answer it is explained that the property of the

the abovenamed Defendant was declared to have reverted to Government in the Decree passed in the Sub: Court in Original Suit No 1 of 1849 which has not been appealed against, that the Pattam Chits produced by the Plaintiff in these actions are not, for certain reasons given, genuine, but fabricated, that fair opportunity was afforded Plaintiff to make good his claims before the Collector personally or through a Punchayet, that he declined to adopt this Course, and that the claims he now brings forward will be found to be false—

6. The proposed Answers appear to the Board to Constitute a good and sufficient Defence and they recommend that the Collector may be authorized to put them in and to defend the Suits at the Public Cost—

Read again Statement of Demand Collection and Balance from the Collector of Madras dated 31st August and entered in Miscellaneous Consultation

10662 Fort St. George 16th September 1852.

B.d N.o 1872

Proceedings thereon

Consultation 6th September 1852 from 1st to 11th July last.—

The Collector has not entered the Sayer Summa Revenues in the enclosures accompanying the 11th July Demand Collection and Balance Sheets in the manner desired by the Board in their Circular of the 19th July last, both as regards the items that appropriately come under that head, and the distinguishing of "Land Revenue Sayer Summa" from that of "Extra Revenue Sayer Summa."

2. In the Enclosures A. B. and C. the Sum total of the items under the head of "Extraordinary" in N.o 1 of the Demand Collection and Balance Statements has been entered as "Sayer Summa."

3. The Statement is therefore Returned to the Collector for Revision as aforesaid.—

To B. Leuliffe Esqre
Secretary to the
Board of Revenue.

Bd. of Rev. No. 2080-

From J. B. Norton Esqre

Sir,

I should have acknowledged the receipt of your letter of the 24th of June last long ere this, but that I was not acquainted with its contents until my return from Rajahmundry a few days since -

In reply I beg to state that as my only object is to prevent disagreeable neighbours settling between me and the sea, I with to many thanks accept the Board's offer and shall be happy to hold the land upon the terms proposed -

I shall therefore be obliged to you to issue the necessary orders to the Collector on the subject after which I shall again apply to that authority for a grant of the land in question -

(Signed) J. B. Norton.
