From the Agent to the Governor of Vizagapatam

Sir,

Returning certain Petitions and enclosures presented by Capayreddy Syapah and stating that the matters complained of are quite unobjectionable

I have the honor to acknowledge the receipt of your letter of the 27th ultimo calling my attention to a previous letter requiring a Report on certain Petitions presented by one Capayreddy Syapah of Reddypilly Agraharum, who complains of his property having been taxted and sold because he would not agree to the unjust demand of becoming responsible for the dues of the cultivating Ryots.

2 The abovementioned Capayreddy Syapah and three other of the principal inhabitants of Reddypilly Agraharum tendered a proposal to rent that Village for Fasly 1252 for the sum of Rupees 3500. In this proposal it was stipulated that they should be jointly and severally responsible for the amount of Rent and that they would not under any circumstances claim any remission. This offer was accepted

by Mr Sinclair and a Pottah was drawn out and furnished to the Renters Asum of Rupees 225 which had been previously advanced to the Ryots to enable them to carry on their Cultivation: was added to the amount of Rent, thus making the total demand Rupees 2727.

3. On the 18th of May 1843 the Shiromeen of Goodivadah in which Taluk the above Village is situated, reported that as the Renters had withheld payment of their Rent, he had attached their property to the value of Rupees 1298-5-8 and he was directed in reply to sell the above property unless the Renters adopted measures for the payment of the Balance due within a Month.

4 Subsequently the Renters came to the Buzzoor, and on the 22d June executed a Cabooleat (of which a translation is annexed to this communication) binding themselves to discharge the balance by the 5th of the following Month and an order was accordingly issued to the Amuneen not to sell the distrained property till that time. On the 28th June the Amuneen reported that Capayreddy Syapah

Fort St. George 3d March 1845

Iyapah the principal of the Renters had not returned to the Village, and he therefore requested permission to sell the attached property. On the 2nd July an order was issued authorizing him to do so.

5th. From the sale of the distrained property the sum of Rupees 995 was realized and credited under the Balance which amounted to Rupees 1130-2-3 so that there was still a balance of Rupees 35-3-1 which has never been realized.

6 All the matters complained of took place during my absence from the District, but they appear to me to be quite unobjectionable.

7. The Petitions of Cajoyreddy Iyapah are herewith returned.

Mochilkadars of Reddipilly Agraharum of Goodivadah Tanah dated 23d June 1843.

The Balances due on the Village by the Ryots after deducting the Collections according to the Cummis accounts will be jointly collected by us four from the wealthy Ryots in full, and to the extent of the produce from the poorer Ryots and the same will be remitted to the Tanah Cutcherry within the 5th of July. After deducting this, the remaining balance of the Mochilkah will be jointly made good by us from our private estates without any objections. The property of the individual who fails to act up to this, which is under the attachment of the Ameen, should be sold for the amount of his due. Should sufficient property not be forthcoming for the amount that may be due by any one of us, the rest of us will jointly and severally make good the deficeney, and gradually recover it from the failing individual.

Resolution thereon

13:14

As it appears from the explanation furnished in the above letter that Copparaddy Syapaly's property was sold in liquidation of an arrear of Revenue for the payment of which in part or whole he had made himself responsible, the Board resolve to pass the following endorsement on his petitions A. after No. 883 and No. 1229 of 1844 and No. 46 of 1845.

Endorsement

The Board of Revenue having made a reference to the local authorities informed that the sale of the Petitioners' property was made in satisfaction of arrear of revenue due for the rent of the Village of Reddypilly Agraharum in fasly 1252 for the payment of which the renters were by agreement jointly and severally responsible. The Board therefore see no grounds to interfere in the matter of this Petition.

Ordered that the abovementioned letter be submitted with the following address-

(21)

To The Chief Secretary to
Government.

Sir,

To the Chief Secy to Government.
Submitting a letter from the Acting Collr of Cuddapah forwarding applications from the Chitwail Poligar Mutty Comara Vencatarazaravaru and his Niece Chinna Ramakummah requesting that some provision may be made for the maintenance of the latter after the demise of her Uncle who supports her at present and recommending for stated reasons that the Monthly pension of Rs. 276-1-8 enjoyed by her Mother whilst exposed to Government on her death may be continued to Ramakummah

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Cuddapah forwarding translations of applications preferred to him by the Chitwail Poligar Mutty Comara Vencatarazaravaru and by his Uncle Chinna Ramakummah and recommending the claim of the latter individual for the favorable attention of Government.

From Mr. Inglis' letter it

2-

will be perceived that on the resumption of the Chitwail Pollom, one tenth part of its revenue was appropriated for the support

Ramakaw-mah from the time of her Mah's death-

support of the Family of which an allowance two thirds or Rupees 404-6-8 per Mensem was assigned for the maintenance of the present Poligar one Sixth 276-1-8 per Mensem given to Peddacondamah widow of his eldest brother and the remaining one Sixth allotted to Chinna Coiduamah and Venkatammah the widows of his second eldest brother after the decease of Chinna Condummah on 15th March 1826 the whole of this last share or Sixth was enjoyed by Venkatammah-

3- Venkatammah died on the 11th November 1830 and the arrear of the allowance then due to her as well as the succession to her pension in future is were claimed in virtue of a will which she was said to have left by her daughter Ramackammah the present Petitioner and by a person named Terooveengalanada Ranga representing himself to be her Venkatamah's adopted son, but the reality of whose adoption was denied by the head of the family the present Poligar. In

7 1st March 1831 in Cir. 7th March 1831-

the letter of the Principal Collector of Cuddapah reporting the death of Venkatammah the fact of her having left

left a daughter as well as the asserted adopted Son, was clearly explained, but in sending up this communication to Government the Board from some inadvertence stated "in the present "instance as there appears to be no lineal "descendant it would appear right that this "pension should be resumed by Government" and in accordance with this opinion the Govern-ment were pleased to resume it. The arrears due to the death of Venkatammah were at the same time ordered to be kept in depo-sit till claimed by her rightful heir- there however were subsequently with the con-sent of the family paid to the adopted son Terooveengalanada Ranga-

4- It will be proper to mention that Venkatammah's daughter Ramackam-mah the present applicant was married to one Gobbon Venkatramanaraugu who was being a connection of the Poligar's Fa-mily was in the receipt of a small allowance of Rupees 130-14-0 on her husband's death however she declin-ed this pension in favor of his nephew- and it seems doubtful whether this also

also has not lapsed to Government but even were she in enjoyment of it, it would the Acting Collector states be quite insufficient for the respectable maintenance of herself and daughter when deprived of all other support.

5. Since the resumption of her Mothers pension in 1831 Ramuckunnah has been supported by her uncle the Poligar. This latter individual is now however very old and feeble and cannot in the course of nature be expected to live much longer and he is therefore naturally anxious that some provision may be made for his niece after his death.

6. The Board beg strongly to recommend the case of the Petitioner Rania Rumanah to the indulgent notice of Government. It will be seen that she possesses a Document given by Sir T. Munro when Collector of the ceded Districts to her Mother in which that Officer promises that the

the pension shall be continued either in the name of the Mother or in that of her Daughter. Had this latter been done Ramuckunnah would now have been in the enjoyment of her Mothers pension or had the fact of her relationship been put more prominently forward at the time of her Mothers death the result would have been the same. She was the Poligars only Child; the whole of his pension must strictly lapse to Government on his death and his undeviating good conduct since the resumption of the Country by the British Government renders him peculiarly deserving of favor. Under these circumstances although the Board cannot support the request of the Poligar that

Fort St. George 3d March 1845

that the arrears of pension from the time of her Mother's Demise to be paid to his niece - nor that of Ranackummah herself that her Mother's pension Rupees 27 6 1 - 8 - per Mensem be at once granted to her they would beg to recommend that she may be allowed to receive it from the time of her Uncle's death.

Submitting for the favorable consideration & recommendation of the Board of Revenue two Cases of Claims for endowment of Choultries as per Statement enclosed. - Pars 1208 & 1260 of 1844

22

2 The first Case is that of Y. Hanamantoo who last year completed the construction of a very handsome and Commodious pucka built terraced Choultry facing the High Road in the suburbs at the North West entrance of the Town of Cuddapah. He states that he obtained the verbal acquiescence of Mr. Blane as to the utility of the Building of which indeed there never could be any doubt and proceeded with the construction without taking further steps at that time with respect to the endowing of it. It may be considered therefore that according to the letter of the Rules regarding Choultries he is not strictly entitled now to claim an endowment but for the special reasons hereunder

hereunder assigned. I trust that the application will be considered deserving of favorable consideration.—

3 The second case is that of Mastialsashoo Choultry, also a very handsome and commodious pucka built terraced building which will shortly be completed. It faces the High Road from Madras at the south east entrance of the Town of Cuddapah and is closely adjoining to the Travellers' Bungalow. Mastiala Sashoo applied regarding his Choultry previous to Commencing it, to Mr. Arbuthnot who acquiesced in the utility of the building and ordered the Tahasildar to enquire and report what waste lands were available in the vicinity for its endowment and but for his delay in making such report the application in this case might have been forwarded long ago and I think therefore that he may be considered to have fully conformed to the Rules.

4. Although Cuddapah is a large town and the Capital of the District the only Choultry it hitherto possessed for the accommodation of Travellers and Traders was one built many years ago by the late Head Sheristadar

Sheristadar Butcha Row. It is small and unsubstantial being merely Mud walls with tiled Roof. It is not in very good repair and has not been endowed. The Choultries now built one at each entrance of the Town were therefore very much required and are already much frequented by Travellers and Traders who find them a great Comfort and they are not only commodious and useful but also great ornaments of the approaches to the Town.—

5 The Choultry rules were promulgated so far back as the 20th August 1829 but from some cause or other (probably the stringency of the 1st Rule) they have been a dead letter in this District as not a single endowment of a Choultry has been granted up to this period. The present applicants are both opulent and respectable Merchants and I am persuaded have in view fully more the honor of the thing as a token of the approbation of Government than the profit to be derived from the grant and I think they are both equally deserving of favorable consideration.

6 Under these circumstances and considering the large sums laid out by them I trust that Government will not refuse to sanction the endowment of both Choultries each with wasteland assessed at Rs. 60— as per statement which will be the first endowment of the kind granted in the District.—

3 In the first case under Notice it appears that the applicant Kanamuntoo Shetty obtained the verbal acquiescence of Mr. Blane as to the utility of the building and proceeded with the work without taking further steps at the time with respect to its endowment. Sir.

I am directed by the Board of Revenue, to acknowledge the receipt of the Principal Collector Glegg's letter of the 24th ultimo reporting that the Balances of the Agraharums of Trivalangaum and Comala porium still remain unliquidated, and proposing that the Villages should consequently be sold

incorporated with the Government lands as has already been done under the orders of Government in the case of the Agraharums of Abenavum and Appana Samoodrum.

2. On reference to the statement which accompanied Mr Glegg's letter the Board regret to perceive that the balance outstanding against Teroomalanamasamoodrum is more than a whole years Jodigy and that against Comalapo: rum the lower in amount is still very considerable — the arrears against the former Village at the date of the Acting Sub Collectors letter of the 10th November 1843 have increased and of those against the latter Rupees 216—13—6 only will have been discharged from the surplus proceeds of Fusly 1253. They continued neglect to satisfy the just demands of Government would fully warrant an immediate recourse to the measure recommended by Mr Glegg — The Board are however willing to give the agraha: rumdar one more opportunity of preserving their Villages and they therefore direct you to intimate to them that they will be allowed to the espiration of the present Fusly for the discharge of their arrears and that if these together with the current Kists of the year be not paid up within that period of which you will be pleased to keep this office informed the Board will at once propose to Government that these Agraharums

* 25th Septr 1843

Sir,

Para 1. With reference to the communication from your office noted in the Margin* conveying sanction for the defence of a suit filed against me and others by Vengoovien at the public expense in the first instance. I have the honor to report that on the 31st Ultimo a decree was passed in my favor but against the Tahsildar and Peshcar of the Talook in which the transaction occurred.—

2. I conceive that the decision ought to be appealed from on the grounds stated in the accompanying draft of an appeal petition and I beg to send a Copy and translation of the decision and of the Deposition taken from the defendant to shew that he and the Defaulter have not made a division of their property and to request that the late Tahsildar and the Peshcar may be allowed to appeal from the decision at the public charge.—

The 1st Defendant under the
permission of Government dated the 25th Septemb
1843 defendant the suit, taking upon himself
all responsibility in regard to the transaction
complained of and requesting the Court to
exonerate the other Defendants from liabilit
on the grounds that they had acted under his
the Collector's authority - The Principal Sudd
ameen has without examining any witnesses
on the part of the 1st Defendant passed a
decree in his favor and adjudged that the 2d
and 3rd Defendants shall pay the proved valu
of the cattle which were sold (viz) Rupees 29-
and

Fort St. George 3rd March 1845

and the costs of the suit as regards themselves
the Plaintiff bearing the cost as regards the
1st Defendant -

From this decision the 2d and 3d Co
Defendants appeal on the following grounds -

1st The 1st Defendant admits his liability
and denies the responsibility of the 2nd and 3d
Defendants and the notice under which the
property which was eventually sold was co
attached bears his signature, and has thus
incontrovertibly his authority and the money
obtained from the sale has been appropriated
by him not for the benefit of the 2d and 3d
Defendants but for the use of the state on
whose behalf he the 1st Defendant is the
agent - Under what plea his responsibility co
has been set aside is not clear for he the
1st Defendant does not in any way impugn
the conduct of the 2d and 3d Defendants
who have been guilty of no deceit in the
transaction and the argument of the Principal
Sudder ameen that the 1st Defendant cannot be
held responsible because the notice was affixed
to the house of another person instead of
the person in whose name it was issued
rests entirely upon the assumption that the
Plaintiff and Lutchmanien had divided
their

their property which it is quite clear they have not done. If they were a divided family the argument would, it is admitted hold good. but this is not the case. The argument of the original Plaintiff therefore that the name of the Defaulter is not entered in the pottahs is worth nothing inasmuch as the property of an undivided family is of course liable for all claims against any of the members of such family all and severally

2ndly

It is argued in the decree that the Plaintiff and the Revenue Defaulter Lutchmanien are proved by witnesses to hold their property severally and distinctly and to live in separate houses. This the appellants contend is no proof that they are a divided family according to Hindoo law. and it is beyond question that they never have formally devided their property whatever arrangement they have made for their convenience as to the management of their property. and this fact the deposition taken from the Plaintiff verifies for notwithstanding the allegations of the Plaintiff that it was given upon compulsion the fact stated in it is true.

and

and the truth cannot be affected by the question of compulsion having been resorted to. and moreover the 2nd Defendant contends that the evidence adduced is not sufficient to support the assertions that compulsion was exercised.

As regards the disposal of the case exparte the 2nd and 3d Defendants contend that having offered to defend themselves thro the means of the 1st Defendant they are not liable to pay the penalties to which parties neglecting to defend cases are subject and that they did in fact offer a defence which was refused.

As regards the merits of the case it is clear that whereas the whole question hinges upon the fact of the Plaintiff and the Defaulter Lutchmanien being a divided or undivided family and it has been shewn that they are undivided family the decision has been made on untenable grounds. They moreover allege as grounds of appeal that they tendered a reasonable defence which was not listened to.

They pray therefore that the decision of the Principal Sudder Ameen as regards them may be reversed.

The

Fort St. George 3d March 1845.

The 1st Defendant in his answer states that the notice in the name of the defaulter Latchamanien that was with his signature forwarded to 2d Defendant, served through 3d Defendant the defaulter, but he has disappeared, and the notice was stuck on the outer doors of the house that is common to both the defaulter and Plaintiff and the Latchmanien generally dwelling, which the Plaintiff has through his man caused to be plucked off and thrown away, and he was therefore punished by the 1st Defendant by a fine, that the Plaintiff has given a Deposition before the Head of Police, that he and the said Latchamanien are living undivided family, that the cattle was put to public sale, and allowed to go to the highest bidder, that the said Latchamanien and Plaintiff are of undivided family kept their land common among themselves and enjoy the produce thereof accordingly, the ploughing cattle &c belonging to them are kept in the same stall that is common to both the cattle that was sold attached on account of the arrears due by Latchamanien the claim of the Plaintiff is therefore not only liable to be dismissed, but as the proceedings was in conformity to his the 1st Defendant's order he is therefore alone responsible to it, and he therefore requests that the names of the 2d 3d 4th & 5th Defendants who acted under his the 1st Defendant's directions be erased and struck off this case.

the order of 2d Defendant, the purport of
the 2d Defendants answer is here
reiterated.-

4th and 5th Defendants having
failed to appear they were put to

In the Plaintiffs reply he
avers the fact noted in the answer that
Sutchamanien alluded to in the plaint
is the son of his, Plaintiff's, Uncle and
denies the other part, that the landed
property acquired by the said Sutch-
-manien and his father in Comandoor

in his own name, who pay annually
rent of 1000 Rupees to Circar, and that
he lives separately in a terraced house
of 1000 Rupees value in the Black Town

Trichinopoly and negociating a financial
dealing to the extent of 10,000 Rupees, but to
the contrary that the Plaintiff and said
Sutchamanien are not living together in

-tiff and Sutchamanien are living united

to it, but to no purpose, and finding
that an attempt was about to be used
to put him to menaces, he has affixed
his signature, that in consequence of
animosity which the 3d 4th and 5th Defend-

false report which is cause of all
these occurrences, that all the defendants
are therefore responsible for his claim.-

Decree.

The Court after having perused all the proceedings and considered the matter, is of opinion that the claim of the Plaintiff chiefly rests on two points 1st. that the 2nd. and 3d. Defendants have attached and sold his property in satisfaction of a balance due by Lutchumanien, The 2d. that whilst one cowand is

calf of the attached property was put to sale and bid for 25 Rupees by the 5th. Witness, the 2nd. Defendant has, instead of allowing it to go to that amount, sold for 15 Rupees, consequently that the value of these cattle 39 Rupees, be recovered for him with interest.

The fact of attaching the 1st. Plaintiffs property on account of a balance due by Lutchumanien, and of its having been sold for 29 Rupees was not argued in the answers of the 1st. 2nd. and 3rd. Defendants, but averred. It does not only appear from the Proceedings that the 2nd. Defendant Tahsildar, has prepared a notice according to Regulation for the recovery of a balance due by Lutchumanien to circar, and forwarded to 1st. Defendant for signature, which was accordingly signed and simply returned to the 2nd. Defendant, but that no separate order from 1st. Defendant directing either to attach Plaintiffs property now a separate notice in Plaintiffs name was given. this matter also clearly appear to have been averred in the

Fort St. George 3d. March 1865.

the 2nd Defendant's answer filed by the Vakeel. In this respect therefore the view the Plaintiff that 1st Defendant be also held responsible for the loss sustained by him on account of the act of the 2nd Defendant, unauthorized by the 1st Defendant is wholly illegal and a contravening to the Regulations and usages - admitting the argument advanced by 1st Defendant that the responsibility should rest with him alone for all such acts of the functionaries under his authority, it would deem just to hold the 1st Defendant responsible, provided the 2nd Defendant has been guided under the direction of the 1st Defendant, but in the present instance, the notice issued in the name of the daughter Lutchamanien, was, instead of sticking up in his own house, put upon the walls of the plaintiff's house, appears a direct opposition of 1st Defendants order. Consequently that 1st Defendant cannot, under any shape, held responsible in this suit. -

2nd It is a reason not only jointly

Fort St. George 3d. March 1865.

assigned by the 2nd and 3rd Defendants that the defaulter Lutchamanien and Plaintiff are undivided and their husbandry affair are kept under common management, and that they are living united in the same family, the property of the Plaintiff was attached and put to sale, but the 2nd Defendant separately asserts that in consequence of defalcation to pay the balance due on lands belonging to them he has acted upon the principle of the deposition given by the Plaintiff, and of the order of the 1st Defendant, the 3rd Defendant further states that the notice issued in the name of Lutchamanien was put up on the house of Plaintiff because the Lutchamanien has refused to receive it. The Plaintiff in his reply states that he and Lutchamanien never lived together, but that their landed property are separate, one of them possess not any right to another land, that each

of them pay circar rent of their respective land separately and that a deposition was forcibly taken from him by 2nd. Defendant.-

Points were however proposed to 2nd Defendant to prove the Voluntary execution of the Plaintiff of the deposition and the 2nd and 3d Defendants to prove the Plaintiff and Lutchamanien are enjoying all their landed properties in common, and living jointly in the same family whilst therefore it was the main object to both defendants to prove

the

the matter, the 3d Defendant has informed through his Vakeel that no witness is necessary for him- and the Vakeel of the 2d Defendant has nevertheless obtained time, failed to file a list of witnesses, and moreover upon his (the Vakeels') requisition a notice was served on the 2d Defendant he has not filed a list of his witness; upon all these grounds these Defendants have failed to establish the arguments set forth by them.

3d.- Plaintiffs 1st- 2d- 3d- 7th- and 8th witnesses have clearly deposed that the Plaintiff and Lutchamanien have separate houses, that they posses separate Villages and lands and the Registers thereof are entered separately in their names, neither the Plaintiff nor Lutchamanien has ever enjoyed those lands of each other that Plaintiff pay Circar rent of his own land as also the Lutchamanien does the same, that they never at any time paid any rent of each others land.

that Lutchamanien is wealthy and

it does not appear that he was unp

a regular course to recover the balan

out above by the Court what groun
had the 3d Defendant to stuck
notice on the house of the Plaintiff
previous to the execution of the sa
deposition by him? and could it b
asserted that the notice was stu
up on the Plaintiffs house as if
is founded on the principal of the
deposition previous to its being
given? It therefore appears that t
illegal act has been preceeded
by the 3d Defendant.

As the assertion of the
Plaintiff that 2d Defendant has
forcibly taken deposition from him
was clearly substantiated by evide
of 2d 4th and 8th witnesses- but
notwithstanding a point was pro
posed to the 2d Defendant to prov
the fact of Plaintiff's voluntary
execution of it, he has failed
either to file a list of witnesses
to bring the matter to proof it does
not appear that Plaintiff shall

Submitting a correspondence with the Collector of South Arcot regarding the emoluments of the Curnums of the Sunkarapooram Saghire and stating that as the survey of that Saghire has been resolved on it would be better to abstain for the present from all interference with existing usages and to postpone the revision of the System till the completion of the survey, also stating that the appointment of Natagars may also be properly postponed tell the survey shall have been completed.

(Recd 6th. 1845 No 3)

Para 1

The Most Noble the Governor in Council observes that the neces of a revision of the System of remuneratio

the Villages Officers in the resumed Jagheer of Sunkarapooram was first pointed out by the Collector so far back as August 1839 on the ground of their duties being more laborious and intricate than in the Government Villages while their emoluments were small and irregular. In February 1841 the Collector submitted Statements shewing the amount of allowance he proposed to grant to the Curnums and Natagars respectively in commutation of the allowances from land and other sources they had hitherto enjoyed. The Board of Revenue approved of the proposed rates and recommended that the sanction of Government might be accorded for adopting them. The actual annual expense attending the arrangement was Rupees 3639-10-5. though a portion of this sum Rupees 763-13-1 was to be made good which had under the old system formed a deduction from the Summahbundy. Further information was called for by Government in 1841 which has only now been furnished.

Submitting letters from the Collector of Masulipatam and recommending that he may be authorized to pass to S. Ramanoojarow the Head Sheristadar of that District the increased Salary of Rupees 280 per Mensem from the 30th of November last, also stating with reference to the Collector's recommendation that the Salary of Ramanoojarow should be made equal to that which he would have received had he continued to serve in an unsettled District, that it rests with Government to decide whether the boon should be conferred on him:-

(Here enter 30th January 1845. No 74.)

The Most Noble the Governor in Council authorizes the Collector of Masulipatam to pay to his Head Sheristadar, S. Ramanoojarow the increased Salary of Rupees (280) Two hundred and eighty, per Mensem from the 30th of November 1844, the date on which he became entitled to that rate under the established Rules, but he is not prepared to accede to the application submitted

Para 1.

The gross amount realized from Stamps in July 1253 was Rupees 14,23,650-7-7 which deducting Charges Rupees 14,260-13-6 the revenue Rupees 3,74,389-3-1 exhibited, on a comparison with July 1252, a decrease of Rupees 3,74,5-5- which is ascribed to the diminished sale of Sayer Rowanahs consequent on the abolition of the Town and transit duties.

2-

The Most Noble the Governor in Council grants sanction to the Superintendent of Stamps to take credit for 50 Rolls of the value of Rupees 10-15-4- reported deficient by Collectors, and for writing off to Profit and Loss the value of damaged and unsaleable paper and Cadjans amounting to Rupees (10091-11-6-) Ten thousand and ninety one, Annas eleven and Pice Six, and authorizes the Superintendent to [illegible]

(Here enter No. 15.)

In the Extract from the Minutes of Consultation 12th December 1844 the Government remarking upon the time which had elapsed since the death of the late Zemindar of Bodagadah in 1840 without the Estate having been regularly placed under the Court of Wards requested to be informed in what manner the Assistants to the Collector and Agent are employed and whether their means measures could not have been taken to obtain the information requisite to enable the Board of Revenue to make in the case of the Estate- the report required by Section III Regulation V 1804- Copy of this extract was furnished to the Acting Agent who was directed to supply the information, and at the same time, in reference to the previous correspondence on the subject, to submit Statement of the claims against the late Zemindar

Recording observations on a letter from the Acting Agent to the Governor of Fort St. George in Ganjam stating with reference to the Extract from the Minutes of Cons: dated 12th Decr 1844 that it is not now in his power to explain how Mr Bannerman employed his Assistants in the years 1841-42-43. and the reason he would ascribe to the omission in supplying such information in regard to the Bodagadah Zemindary as would enable the Board to submit to Government the report required by Section III Regulation V 1804, also authorizing the discharge of the private debts due by the late Zemindar's estate- 27 Jany 1845.

Since the said Venkatarow had arrived in the Talook, he conducted the affairs thereof by assuming all the powers upon himself that is to say before he had receiv =ed money from the Cirkar for Tuccavy and repairs he used to get loans from the principal Ryots for those purposes upon his own security and send accounts (of Tuccavy and Maramut) to the Huzzoor, and when he received money from the Huzzoor, he was accustomed to appropriate it in the discharge of the loans in question and cause another account to be kept for it In the mean time, I as well as the other Mutsuddies under him, told him occasionally that it

Fort St. George, 6th March 1845

To
The Board of Revenue
Fort St. George.

An Appeal Petition from Cunchy Anundarow at present inhabitant of Pedapoor late Head Madadgar of Cotah Talook in the District of Rajahmundry.

When Cotah Estate was placed under attachment for arrears of revenue outstanding at the end of January 1842 of Fusly 1251. I was employed as Head Muddutgar on a Salary of 12 Rupees. and discharged the duties of my situation with great care and integrity. But the Joint Zemindars of the Estate having presented Arzies to Mr Smith the then Collector that they had sustained loss from the Management of the Summary servants and that if their people were employed, the arrears of revenue would be punctually discharged, the said Gentleman accepted it and appointed Damarah Venkatarow as Manager after receiving from him a money security for ten thousand Rupees by an order of 11th March 1843. vesting in him the power of selecting the servants of his Establishment and directing him to state the names of the persons so to be employed. The said Venkatarow arrived on the Talook with the principal power in question and conducted the affairs thereof. in the mean time he used to obtain loans from the Mothur Ryots on his own responsibility and

Fort St. George. 6th March. 1845.

and pay the same to the Ryots as advance for the repairs, before he received Money from the Circar. and to send accounts to the Huzzoor shewing the amount paid to each Ryot for the works. and when he received money the Huzzoor he caused the amount of loans he had received from the Mottahs to be allowed in their Cist. Occasionally informing him that this mode of transaction was not observed by the Zemindars but was not pressed by the Circar. but he used to answer me that he had been appointed to the said Estate because it appeared that the Estate was suffering loss for want of repairs in due time if the Circar's rules were observed, that the Circar bestowed on him the discretionary power on the subject and that in case any of his subordinate would not consent to his acts, he would employ some other persons agreeably to the orders he had for the Circar.

As the said Manager is a near relation to Cundemallawar the joint Zemindars of the said Estate and undertook the office for preserving their property, he discovered that the original Zemindar Rajah Cankerlapoo Jaggunnadharauze had been clandestinely enjoying the produce of the lands be-

the Cist of upwards of Ten thousand Rupees and in order to relieve the Estate from the difficulty of levying even the Circar's Peishcash. he reported the said circumstance to the Huzzoor and gradually reseemed the said lands unde Jeroyettee. The said Rajah Jagannadharauze has in consequence bearing much enmity towards the Manager, as well as me (who acted at the desire of the Manager) made some false representations against us, through the means of certain individuals connected with him Sir H. Montgomery Part after due enquiry into those circumstances considered them to be false occasions brought at the instigation of the said Zemindar, and appointed Vandravoo Veeranah (the Dewan of the said Zemindar) in December 1843 as Peishcar under the said Manager with instructions that he should not only keep the accounts attached to his duty but should join him in attending to the revenue affairs also, but the enmity that existed between the Manager and the said Zemindar not having ceased the said Vandravoo Veeranah made some misrepresentations against the Manager and myself during the Jummabundy settlement of fusly 1253, and although no charges were brought against us on the subject, the Collector through mere suspicion, sent for the Shroffs with

Fort St. George, 6th March, 1845.

with his accounts framed 7 different charges from those accounts and suspended the Manager on the 15th June 1844 and me on the 21st of the same month, after holding an enquiry for a period of two months I also kept us with his Cutchery for a further period of 4 months and lastly Mr. Bird, the Acting Collector, passed a sentence on 8th November last imposing on me a fine of 50 Rupees, on the grounds that I had not proved the accounts to be correct and ordering that I should be dismissed from my situation from the day of my suspension. I accordingly paid the amount of fine and beg leave to submit the present Appeal Petition regarding the injustice I have experienced in this case.

Your Board will perceive by the said decision that neither the money nor I had derived advantage nor embezzled the Circar's money.

As the responsibility of the Revenue Management rests with the superior servants, it is not just to inflict punishment upon the subordinates for the defects in such a case. Though the money was not embezzled yet as the accounts were framed not according to the manner in which the transaction had

Fort St. George, 6th March, 1845.

had actually taken place, but according to the rules of the Circar, your Board will perceive that the Peishcar, who was not only held answerable for the accounts but directed to assist in the Revenue management also should be responsible for this fault; that at the instigation of the Peishcar the said punishment was inflicted on me without any blame being attached to him notwithstanding I was his subordinate; that the manager should be held answerable for the revenue affairs and the Peishcar for the accounts and that the Acting Collector imposed punishment upon me through oversight.

I was 5th Member in the Establishment, my duty was only to submit to the orders of my superiors. The accounts objected to by the Acting Collector were attested by the manager and Peishcar without my interference. I informed him of this during the investigation of the case, and the signature of the Peishcar on the said accounts was compared with that subscribed on the accounts which were submitted to the Muzzoor, but the Acting Collector inflicted punishment upon me (owing only to my misfortune) for the defects

Fort St. George 6th March, 1845.

defects in the accounts notwithstanding there were no complaints against me.

With regard to the account of July 1254 said to have been falsified I beg to observe, that those accounts (now in the Cutcherry) were written on the responsibility of the Manager, but not according to the rules of the Circar, and this was admitted by the Manager himself as well as by me, and by any one else, consequently it is not just to punish me, since I have not conducted the Revenue affairs nor falsified the accounts nor embezzled the money, nor has any one made a complaint against me. The Collector also did not suspect me of having embezzled the Money.

Under the foregoing circumstances, as it is not just to impose upon me a fine of 50 Rupees and remove me from my situation I pray your Honor will be pleased to take the above into full consideration, and pass a judgment directing the restoration of my employment and the fine of 50 Rupees to be received from me, together with the interest due thereon. From the Asst. Coll. of Rajahmundry — Reporting on the subject of the Petitions of two late Tallary Dargah & Peishcar of Pittapoor Pans who have been removed from their situations for irregularities entered into and awarded by acting Head Asst. Collr. after consulting the acting Collector. Petitions returned herewith.

Sir,

In reply to your letter of the 3rd Instant. I have the honor to explain that having been consulted by the Acting Head Assistant and Collector upon the subject of the irregularities committed at the Pittapoor Salt-Pans in September last and having authorized him to remove the Dargah Chetrapoo Chelmiah and the Peishcar Lauranga Soobarow (whose Petitions to the Board are herewith returned) from their places, I did not think it would be correct to take up their cases afterwards on appeal.

2. The circumstances are these: one of the Goomastahs at the same Pans reported to the Acting Head Assistant that a deficiency of 61 Rounds had occurred in Heap No. 7, but that

Fort St. George, 6th March 1845.

that only 9 Maunds were officially reported the principal Servants having agreed to pay the price of the difference to avoid a troublesome enquiry which would be likely to shew other heaps of the same stering were turned out in excess. Mr. Knox upon this sent a Dalayet to make enquiries and bring accounts from the pans, he also took a Deposition from the person whose name was put down as the purchaser of the 32 Maunds of Salt. The result was that such a sale had not taken place and the suspicions was further corroborated, when Mr. Knox afterwards visited the Heaps and personally interrogated the Darogah, by his assertion that the Salt had been taken away on Bullocks, the Country being at that time so flooded that Coolies only could travel with loads.

3. It being thus established that the Salt Servants had advanced 9 Maunds to cover a deficiency in a particular heap, the unavoidable inference was that they intended to repay themselves from the excess which they had reason to calculate upon in other heaps of the same manufacture and this subsequently appeared on the sale of 32 Maunds and this of course it was our duty to prevent for which and the principal servants at the pans

Fort St. George, 6th March, 1845.

pans were removed.

4. I trust the above explanation will be deemed satisfactory.

(Signed) C. J. Bird
Acting Collector.

Rajahmundry District, 12th February 1845.

From the explanation furnished by the Acting Collector on the above letter on the subject of two appeal Petitions presented to the Board by Chetrapoo Chelmiah Salt Darogah and Saurungoo Soobarow Peishear of the Pettapoor Pans in that District, it appears that they were deprived of their respective situations for making a false return of the deficiency of Salt on a particular heap, represented to be only 9 Maunds whereas it was ascertained by subsequent enquiry that it actually amounted to 61 Maunds, the price of the difference having been made good by the Petitioners "to avoid a troublesome enquiry".

2. The Board observe that as the fact of a false and fraudulent report having been officially made by the Petitioners was alleged against them the more regular and preferable mode of proceeding on the part of the Acting Collector would have been to have instituted a summary enquiry in the first instance into their conduct under Section II Clause 4 Regulation IX of 1822 and Act XXXVII of 1837 and passed sentence accordingly. This course however has not been followed, the Acting Collector

Proceedings stating that the Board will not interfere with the decision of the Acting Collr. of Rajahmundry against C. Chellamiah Salt Darogah and S. Soobarow Peishear of the Pettapoor Pans dismissed from Offices for making a false return of the deficiency of Salt in a particular heap.

Collector having merely authorized their removal from their places on a conviction of the truth of the irregularity in their conduct brought to his notice by the Head Assistant -

3. As the suspicion however against the Petitioners of their intention to make a false entry in the accounts seems to be fully corroborated on their own shewing as stated in the foregoing letter, and as the Acting Collector is satisfied on that point and also that they intended to repay themselves surreptitiously from the excess in other heads - the Board of Revenue will not interfere in the decision passed against them of dismissal from their situations, but in consideration of the proceedings in the case not having been strictly in conformity with the provisions of the Regulations above quoted, will leave it to the local authorities to reemploy the Petitioners Chittapoo Chelmiah and Sauvangoo Soobarow in any other situation to which they may see fit to employ them hereafter -

Ordered that the following Endorsement be passed on Petitions 6 of 1845 and 7 of 1845 -

The Board of Revenue having called upon the Acting Principal Collector of Pycaud for a report on the subject of these Petitions, see no grounds to interfere with the orders passed by him in their case -

Fort St. George,

Sir,

From the Collr. of Bellary ... Submitting a Copy of a Letter from the Superintendent of Nuggur Dr. mooting a question as to whether any Betel nut which has paid the Frontier Duty on being passed into Canara is liable to any further charge on reaching the Frontier of Bellary and requesting the decision of the Board as also on a letter addressed to the Asst. Collr. of Canara of which is enclosed with a Request that the latter be returned.

Para 1. I have the honor to forward for the consideration and decision of the Board, transcript of a letter from the Superintendent of Nuggur Division bearing date the 6th Instant.

The Question mooted by Captain Le Hardy, is whether any Betel Nut which has paid the frontier duty on being passed into Canara is liable to any further charge on reaching the frontier of Bellary. Though not clearly expressed, I should infer the question refers to Betel Nut the produce of the Nuggur or Mysore Country (a Frontier Territory) which having once paid the Frontier duty at a Frontier Chowky of Canara on entering that District, returns back from that District into the Mysore Country and from thence is conveyed to the Bellary Frontier, where the question is whether it is liable to the payment of another Frontier duty before being allowed to

2.

to enter into the latter District.

3- The Board's advertisement in the Gazette dated 13th August 1844 Page 633 alludes to Articles imported by Sea, as it is therein declared, "that Goods and Merchandize imported "by Sea on which Import duty has been paid at "any part of this Presidency will on the production "of a Certificate to that effect be permitted to "pass across the frontier into the Territories of "Native Powers without further demand." I am not aware of any order providing for Articles imported by land and bearing reference to cases precisely of the same nature as that now submitted, except the remarks of the Board in the latter part of the 2nd Para of Mr Lovell's letter dated 17th June 1842 which run thus, "If on the other hand such goods "pass from one District to the other via the Myso "or Hydrabad Territories, they must, whatever "their place of production or destination, be "treated as Foreign and duty be levied accord "-ingly" So far as this order goes it is clear enough that the Betel Nut in the present case or any other foreign Articles should pay duty at the frontier it enters without reference to the place of production or destination. This settles the question as far as each Frontier District is

3125 Fort St. George 6th March 1845.

is concerned, but considering the equitableness of the demand of Frontier Duty in both Canara and Bellary on the same Articles it appears doubtful to me whether it does not involve some hardship on the Merchant so lely because he avails of the road through the Mysore Country (from which he first proceeded) to enter this District. Again if it is considered not fair to charge the Article twice with frontier duty it is at the same time necessary to consider what check will be required to prevent Fraud on the part of the Merchants and by what means we may recognize any Article as the identical ones which has once paid duty at the Canara Frontier and whether the production of a Certificate by the Canara Chowkedar of duty having been levied in that District would not be sufficient to exonerate it from further demand on its entering the Bellary Frontier Via the Mysore Territories where it was originally produced.

4- As transactions of this nature frequently occur, I request to be favored with the sentiments of the Board at an early period, as the point under reference is one on which I am not in possession of their specific instructions for my guidance.

As

5. As connected with the subject I have also the honor to forward Copy of a letter which I this day addressed to the Acting Principal Collector of Canara, together with a Rowanah* of the nature therein specified in further elucidation of my meaning that the Board may have before them full information on which to pass their decision.

6. I have alluded in my letter to the Acting Principal Collector of Canara to Section XI of the Act. There is however no specific period allowed for a Rowanah or certificate to run but as it states that it cannot be received older than 30 days it follows as a matter of course that this must be the limit for all Rowanahs whatever the distance.

Par 1. It appears by the enclosed Rowanah* issued from your District that Security has been taken, according to former practice, for the duty on Betelnut via Honore exported from Canara for this District. The practice in question it is inferred is no longer allowable under the operation of the New Sayer Act and is not therefore observed at present in this District in regard to articles exported from hence to any Company's Territory via Hyderabad and Mysore.

The system now observed (as per enclosed Rowanahs) appears to be at variance with the instructions of the Board above cited, and as your Chowkeedar refers in the Entry regarding Security to some orders I have the honor to request you will furnish me with Copy of any instructions you may have received from the Board on the subject, as it is doubtless intended that the same system should prevail throughout the whole of the Company's Territories under the Madras Presidency

Forwarding a Translation of an Urzee from the late Native Assistant Collector, Pt. Pamiah and recommending him for a superannuation Pension,-

I have the honor to forward a Translation of an Urzee from Periapatam Pamiah Native Assistant Collector of the District which he has submitted on the subject of the Board's letter dated 6th July having reference to their Proceedings of the 27th May and 17th June 1844 having been communicated to him, and in which he expresses his willingness to apply for a superannuation Pension if his wishes as regards obtaining leave of absence for the recovery of his health (which he states in his chief consideration) are not complied with urging at the same time his claims as in former communications to an hereditary Jaghire or Shotriem,- After all that had hoped on the subject, I did not consider myself authorized to forward his application for sick leave supported by a certificate from the Zillah Surgeon, which was submitted subsequently to the receipt of the Board's letter of the 6th Instant.-

The period of his service up to

2

to the date of his application now falls short by 2 months and 17 days of that of 30 years, the Period entitling him to one half of his salary and allow=ances by the prescribed Rules for Superannuation Pension published under date 22d December 1838 and it appears to me that failing in the requisi=tion of the long cherished Shotrium or Jaghire, the object of his soliciting leave of absence is to complete his service of 30 years - as otherwise the amount of Pension to which he would be entitled would not exceed one third of his salary.-

3. The peculiar distinction conferred on this officer doubtless owing to his merits and to the high estimation in which his services were held, will render it unnecessary for me to re=port on his character, conduct and past services the highest Testimonials on these points have already been placed on the records of the Board - as he is incapacitated for further employment by old age and bodily infirmities, I would beg to recommend for the sanction of Govern=ment in his, as a Special case deserving favor=able consideration, that the very short period wanting to complete his 30 years service may be

overlooked and that a superannuation Pension may be granted to him under clause second Para 5th of Rules above quoted, Viz. one half of his salary and allowances calculated on an average of 5 years previous to the date of his application.-

After usual Compliments

On my having distinctly represented to Mr. Inglis on the 1st January last that I was in need of leave of absence for 6 months to proceed to Coimbatore for the recovery of my health and that in the event of there being any obstacle to grant=ing me leave I might be recommended for the endowment of Shotrium or Jaghier, that Gentle=man reported my case to the Board, in whose order, in reply thereto, dated 6th Instant (transla=tion of which I was furnished with on the 11th Instant.) it is stated that they are precluded from submitting my application for leave for the consideration

consideration of Government and as it appears that I am unable to perform the public duty I may be recommended for a Superannuation Pension - As I am in a debilitated State I have applied for leave with a view to recover my health and to return (to my duty) but if the Board do not wish to comply with my request I am willing to apply for pension because my principal Object is to enjoy the benefit of my health - I therefore beg your goodness will according to my former request be pleased to recommend to the Honorable Company to be so merciful as to grant me and my posterity either an hereditary Jagire or Shotrium in the similar Manner as it was bestowed upon several Head Sheristadars who had rendered their Services in that capacity for a long time - I had held the office of Tahsildar from the commencement for a period of 14 years and 9 months and that of the Head Sheristadar for 6 years and 9 months and now I hold the office of the Assistant Collector which is in a higher capacity than that of a Head Sheristadarship from upwards of 8 years making in all upto the 15th Instant 29 years 9 months and 6 days and there remains only 2 months and 22 days to make up the total of 30 years as required in the Pension rules

Fort St. George 6th March 1815

rules - at the time I was without cause removed from the Office of the Head Sheristadar at Coimbatore I preferred an appeal to Government when although orders were issued for my reinstatement, yet 4 years were lost to me in consequence of my not having been restored to my situation in conformity with the above order - Had the Government restored me immediately I would have rendered my services during the aforementioned four years also - Under these circumstances and in consideration of the honor or esteem I acquired in consequence of my being honored by Government with an appointment which the Natives in general consider to be of a higher grade than those held by them in the Revenue Department - I beg you will be pleased to recommend me for the endowment of a Jaghire or Shotrium in the Talook of Pareapatnum in the Mysore Territory equivalent to a full Pension of 500 Rupees at the average rate recommended by Mr. Ashton -

Proceedings thereon, Para 1 The enquiry into the amount of the private debts of the Zemindar of Covetnugger and into the mode in which they might be most favorably adjusted, was commenced, under the orders of Government 4th March 1844, by the late Acting Collector

Recording observations on a letter from the Collector of North Arcot reporting the result of his enquiry regarding the debts due by the Zemindar of Covetnugger

In Cons. 11th March 1846

Collector of North Arcot Mr. Babington, but in consequence of the difficulties and delays interposed, partly by the Zemindar and partly by the Creditors the negotiation had made but little progress when that Gentleman was relieved from the charge of the District. The investigation was then proceeded with by the Collector Mr. Goldingham who has recently submitted to the Board a full report upon the subject.

From this it will be perceived

2.

that the private claims against the Zemindar as far as they are at present ascertainable amount to Rupees 9,61,673-10-2 or little less than ten Lacks of Rupees and that the reductions to which the creditors are willing to assent are inconsiderable. They would indeed, the Collector doubts not, be prepared to forego much larger portion if arrangements could be definitely made - but until something positive be determined they will not come forward with any specific proposals, lest such declarations on their part should hereafter prejudice their claims, if eventually on the failure of the present negotiations, they should be compelled to have recourse to a Court of Law.

The amount of these debts

3.

as now reported to the Board is greatly in excess of that

Boards Proceedings on Settlement of Cavetnuggur for Fusly 1251 - 1st. December 1843 - Para 10

that which they had been led to anticipate these liabilities in Statement No. 2 of the Report on the Cavetnuggur Settlement for Fusly 1251 having been computed according to the accounts furnished by the Zemindar at only 5,42,626 Rupees - It is indeed probable that the Creditors might eventually be induced to make considerable reductions in their present Demands, but it is not to be expected that they would make such abatements, on the faith of any engagement which might be entered into by the Zemindar himself, nor except upon condition of their debts at the reduced amount being discharged through the intervention of Government. The Government would therefore be called upon to provide for the liquidation of these claims either gradually from the profits of the Zemindary whilst under Circar management or immediately by a disbursement of Cash from the Public Treasury - the Estate being taken on Mortgage and retained under Zuft until the sum advanced by Government had been recovered from its surplus revenues - either of which courses, considering the extent of the Zemindar's liabilities, and the heavy amount -

Paras 2 - 3

amount which would be payable to the creditors under the most favorable composition would involve the retention of the Estate under administration for several years to come - This however is not the most discouraging feature in the case. From the Collectors report it will be perceived that the debts hitherto ascertained, large as they are, do not comprise the entire amount of the liabilities due by the Zemindar and the production of any further demands at a future date would it is evident, seriously embarass the Government and might indeed altogether nullify any arrangements which might now be entered into - It further seems in a high degree doubtful, how far the Proprietor would be content to restrict himself to the moderate allowance which would be set apart for his maintenance, whilst his Estate is under management and whether he would not, as indeed it is surmised that he is now doing, continue to contract fresh liabilities and thus when his Estate shall have been released and his present debts discharged whether he would not be found to be involved in -

Report Para 4

in new embarrassments, no less serious than those from which it is now sought to extricate him-

4 Under the considerations above explained the Board cannot but concur in opinion with the Collector that it would not be advisable that further measures be taken by the offices of Government for the settlement of these debts. They observe that of the arrear on account of which the property was attached in Fusly 1251, Viz^t., Rupees 2,26,171, only Rs. 95,000 are now outstanding and this it is anticipated will be fully discharged in the course of the next two years. The Estate will then be given up to the Proprietor and it will remain for him to effect such composition with his creditors as he may be able to arrange.

5. Whilst the papers above recorded have been under consideration the Board have recieved two Petitions from the Covetnuggur Proprietor, one praying that he may be reinvested with the administration of the Police affairs of his Zemundary, a demand which is obviously inadmissible, and the other that it may be released from attachment on his entering into engagements

2d January 1846 Nos 34 and 35

to pay up the arrears due by instalments. In regard to this second request although the disadvantages inseperable from temporary Mauniee managements render the Board averse to the retention of Estates under Zuftyadministration for a larger period than can be avoided, in the present case adverting to the state of the arrears against Covetnuggur and to the doubts expressed by the Collector whether the Zemundar would be likely to adhere to any engagements which he might contract, the Board could not recommend that the Estate be now made over to him. If at the expiration of the current Fusly or at any later period, the balance of Peshcush should be found to be very materially reduced his request may again be taken into consideration.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Acting Collector of North Arcot for his information and guidance

Sir,

I have the honor to forward a Statement of ground taken up by the Great Western road together with claims on account of loss of produce &c. in consequence of the operations carried on for the information of the Board and sanction of Government--

The amount entered in Columns 3 and 4 amounting to Rupees - - 12 - 8 - is on account of Teervah of lands where the crop was destroyed, the ryot requiring no further compensation--

The sum entered in Columns 5 and 6 is on account of land taken up by the road, and is therefore a permanent annual charge of Rupees 48 - 12 - 3. Of this sum Rupees 33 — 10 — 11. belongs to the Amboor Mootah as per margin, and Rupees 15 - 1 - 4. to the Vellam: but Jagheer belonging to Bovaneeboye - For these lands the Mootahdar claims remission in his yearly payment for put-cut lands - and yearly payment for the Enamdars of the amount taken -

The Jagheerdar claims yearly payment for himself and encumbars. The parties would be willing to take other lands in exchange but there is no Circar lands nearer than about 10 miles distant which prevents this arrangement--

Col. 11 contains the sum claimed by ryots as part of the amount price which they paid for the lands held by them in proportion to the extent taken by Government, this is just and ought to be given, the amount is Rupees 25—7—4--

In Colr 16 is the amount claimed by the proprietors for the ground occupied by the Tank, brick kilns &c. for Fusslies 53 and 54 amounting to Rupees 31—9—4. this also ought to be

I would therefore request the sanction of Government for the disbursement--

Proceedings Relative to the Settlement of the Land Revenue in the District of Madura for Fusslies 1252 and 1253.

To Pl. Coll.r 14th August 1843.

Proceedings thereon. Para 1. The former of these papers is no more than a formal letter forwarding the report on the Revenues of the District for Fusly 1252; drawn up by the Sub Collector Mr. Elliott agreeably to the permission of the Board of Revenue, as that Gentleman had conducted the Settlement of the year. Having been prevented by other demands on their attention from reviewing this report at an earlier date the Board resolve now to consider it in conjunction with the report for Fusly 1253, which is the second of the two papers recorded above, for the sake both of expedition and of more immediate comparison.-

2. In both the years under review the Season is stated to have been unfavorable to the cultivation of the dry lands. In Fusly 1252 the rains were very late; though the time of their commencement is not specified.- In 1253 there was no rain till the end of September; and this was too late to be seasonable for dry cultivation; the proper time for which is the Month of August. In consequence of this

this failure of timely rains the Poonjah cultivation of Fusly 1252 was 24267 Rupees below that of 1251, and in 1253 there was a further falling off to the amount of 47,437 Rupees.

3. For Nunjah or Wet cultivation the Season was favorable in both years. In Fusly 1252 the rains were abundant and the cultivation was nearly the same as that of the preceding Fusly, which is stated to have been better than an average year. In Fusly 1253 the rains were abundant from the latter end of September to the middle of October; and again in the early part of December there was very heavy rain so as to produce damage both to tanks and roads and the rivers also were extremely well filled. But in consequence of the intermediate failure of rain in November, the Nunjah cultivation was less by the sum of 23,545 Rupees, than that of Fusly 1252. Both years appear to have been against Nunjah or Garden cultivation, which was lower in 1252 than in 1251, and lower still in 1253.

Sub Coll.r Report Para 8. Statement in Para 9

4. The Sub Collector is totally silent on the important subject of the Price of Grain during the year on which he reports and the Principal Collector merely says that Prices were lower in 1253 than in 1252 without stating

P.l Coll.r Report Para 2.

stating how they stood in either year. The welfare of the Ryot, and his means to satisfy the demands of Government depend in a great measure on the price that he can get for his produce; and a detail of the state of the grain market should form a part of every land Revenue Report. Mr. Blackburne is requested to attend to this in future years.

5. Subjoined is a statement shewing in comparison the Settlement of the Revenue for Fusties 1251, 1252, and 1253. the different species of cultivation, and the ready money collections, being severally compared, as well as the various items of deduction. Both the Reports under review contain similar comparative statements, but as the two have been drawn up on different plans it is not easy to compare them. It is desirable that the forms of such statements should be the same every year, unless some decided improvement may be effected by a change. In the annexed Statement the Revenue of Cunnevandy has been omitted in Fusly 1252 for the sake of comparison with Fusly 1253 in the early part of which year that Moottah was given up to the Proprietor, the Board have no account of the separate outturn of the Estate for Fusly 1251. The same omission is properly made in the Statement given in Para 6 of the Principal Collector's Report for Fusly 1253; but Statement 5 which accompanies that Report is erroneous throughout, from the neglect to omit the Cunnevandy Revenue in the same manner.

6. In the 2d Section of Para 19 of the report on Fusly 1252, Mr. Elliott notices the diversity of the practice existing in the two divisions of the District with respect to the conversion of Poonjah land into Garden. In Dindigul such conversion is only made by means of water provided by the Ryot himself, and the land is thenceforth classed as Baghayet. In Madura Division, water from Government Sources or from private sources, is indifferently used; and as the land still remains in the Poonjah class, the Ryot may at his pleasure revert to Poonjah cultivation, and so avoid the "Seervahjastee," without, as it appears, any adequate check on his still availing himself of the means of irrigation. The exaction of the same tax on improved cultivation effected at the cost of Government, and at individual cost, is certainly objectionable; as being a strong discouragement to improvement. But as the Board have recently laid before Government their views as to the participation of Government in the profits procured by the outlay of private Capital on land, as a General question, they will express no opinion on this subject at present, pending the receipt of the orders of

Government. They desire however to direct the attention of the Principal Collector to the subject, and will be glad to have from him more detailed information as to the present practice and its effects in each division of his District. It is observed too in Statement I for Fusly 1253 Columns 109 and 110, that some wells dug at the expense of Ryots in the Madura Division were charged with an additional tax, while some were not; the reason of this should be explained. Mr. Blackburne is also requested to afford the same detailed information regarding the practice noticed in Section 3 of the same Para. Viz.t that in the Madura Division the Ryots are allowed at pleasure to convert Punjah into Poonjah; paying a medium tax.

7. With reference to Mr. Elliotts' remarks on "Dittum Surse," the Board observe that they regard it as a just and proper rule that a Ryot may relinquish land at pleasure, provided he gives up good and bad together. The object of the Dittum or Kabooliant is not to compel Ryots to take or retain more land than they

See 12 Para 19

they want, but to give the Revenue servants an opportunity of taking care that land is not idly kept waste by one Ryot when others are able and willing to cultivate it. This has been more fully explained in the Board's Proceedings on the settlement of Fusly 1251. It is by no means the wish of the Board to encourage the practice apparently referred to by Mr. Elliott when speaking of "Potapote Turse." That system of encouraging Ryots to offer for land in the possession of each other, is one of very evil tendency. It causes much jealousy and ill feeling between neighbours, and is often indeed resorted to as a means of injury or annoyance where enmity exists; while it is productive of little gain to Government because land so tendered for is often uncultivated, and is remitted at the Summabundy. The Caboolcat system does not encourage these "Potapote" durghasts but tends to check them. For lands tendered for and included in the Dittum should, as a general rule, be brought to the Summa, although waste, unless some circumstances of Season

Para 28.

Sec. 11 Para 19.

at the date of the dittum, prevented their cultivation. The observance of this rule would effectually prevent such evasions as that detailed in Para 6 of the Sub Collector's letter to the Principal Collector dated October 28th 1844. It is not on the other hand the desire of the Board to require a rigid enforcement of the Caboolcat Principle above stated, so as to prevent a Ryot from laying a field fallow for a year; they aim only at preventing a practice of which Ryots generally are very fond, Viz.t of retaining a large extent of land in their nominal holding or "Keiput", of which they have means to cultivate no more than a small part.

In Enclosure B of the Principal Collector's Report.

8. The instructions of the Board as to the levy of grass tax on the land occupied for grazing purposes, in the Ranghierry Zemindary in Maroongapoory Talook, were acted on in the two years under review. The aggregate tax amounted in Fusly 1252 to 460-2-8 and in 1253 to 465-12-6. This is far less than the amount which the Principal Collector's report held out reason to expect. Mr. Blackburne there stated the extent of land enclosed and privately occupied by

Para 5.

ly the principal inhabitants for pasturage and for hay, to be 24,012 Cawnies, and that of the land occupied in common by the Ryots at large for the same objects to be 20,818 Cawnies, and he stated that at 1/4 of the Surum Assessment the tase would amount to 10,221 Rupees. The Board empowered him to levy a tax at that rate on all the land privately occupied, and on that used in common from all such common occupiers, except those belonging to the Villages respectively in which the land was situated.

9. Considering the large profits realized by the Ryots on those lands especially on those privately occupied, the tase is extremely light, and it is impossible that the imposition of it should have made the lands unprofitable. The reason, then, why the revenue derived is so small, must be either that the lands are abandoned for a time, in the hope thus to obtain a remission of the tase; or that only a small part of the land occupied is brought to account by the Curnums. The Board think there is reason to suspect that this latter is the chief cause, and they resolve

Dl. Coll.r's report 20th June Parag 10 incl.d 7th July 1842.

to request Mr. Blackburne's attention to the subject, with the view of securing more accurate accounts in future years. It may perhaps be expedient for Mr. Blackburne to carry into effect his former proposal so far as to remove temporarily the most contumacious Kattamgars, and nominate Monigars in their room. The Board are not informed whether the levy of grass tase has been extended also to Veeramalay, Shoganalay and Cunnevandy, as was authorized by them.

10. The items of deductions from the jumma of demand are generally such as are customary, and there are only a few which need remark here.

11. The remission for Kunjah crops destroyed by deficiency of water in July 1252 was much larger than the Board would have anticipated from the character given of the season, and on examination of Mr. Elliott's report and statement shows that the largeness of the amount was owing to the admission of claims to remission which are not properly allowable. Mr. Elliott gave remission

ou shavy actually present when examined by the Officers deputed for the serutiny under the limitation that where the Shavy was under 10 per Cent of the Ryots Puttah no remission was allowed, the Board would not object to these remission though the 4th of the items as shewn in the Statement is not shavy or properly remitted in ordinary years Mr. Elliotts remissions Amounted to the sum of Rupees 7300-2-0 In addition to the foregoing Mr. Blackburne allowed further remissions, after his restoration to Office, on some other items Viz.-

1 Shavy fed away by cattle.

2 Do. reaped for the sake of the straw.

3 Do. not present for examination.

4 Crops destroyed, not by want of water, but from the unhealthiness of the soil.

The admission of the first three of these species has been found productive of so much fraud and imposition, that it has been made a universal rule, with the Board's sanction, that no remission shall be allowed on shavvy not actually present for examination, and this is no hardship

on the Ryot, for where there really is shavy it is not matter of difficulty to preserve it till the Government Officer comes to inspect it. The fourth item is the same that the Board have noticed above as not justly to be considered Shavvy; but it appears that what was remitted by Mr. Blackburne under this head, was also not present for examination.

The Remission of Shavvy on two Crop land where one Crop has been reaped, and one perished, has repeatedly been condemned by the Board; it does not appear from Mr. Elliotts report whether this item was allowed by himself or by the Principal Collector. The subject of Shavvy in Madura has been often under the Consideration of the Board and Government and Mr. Blackburne has been repeatedly informed, in reply to his frequent recommendations for more liberal treatment of claims to such Remission that the Government adhered to the Principles laid down by them in 1825. Notwithstanding the reiterated instructions Mr. Blackeburne appears to have disregarded the rules expressly pointed out for his guidance. His total silence as to the particulars of his Shavvy remissions in Fusly 1253 leave the Board in

in darkness as to the rules which he is followed. The rule as to the non allowance of remissions for Shauvy under 10 per Cent of the Ryots' Beriz does not appear to be properly acted on in Madura; for it is stated to be the custom to remit the whole Shauvy where it exceeds 10 per Cent of the Beriz, instead of only remitting all above 10 per Cent. Referring to an observation of Mr. Elliott's the Board observe that, in calculating the Centage in such cases, the total holding of the Ryot should be taken, and not merely his Puttah in the Village where the Shauvy exists.-

12. It has been ordered by the Board in giving effect to the directions of the Honorable the Court of Directors that single Crop Nunjah land when planted with Sugar Cane, should be charged with an additional 80 per Cent on its single Crop assessment, and in their Proceedings on the report of Fusly 1251, the Board noticed that this additional tax had not been imposed, and called for explanation on the subject. This explanation has not yet

yet been afforded, and it appears that the Boards' orders are still disregarded, and no more than the single Crop Teervah levied. The Board resolve therefore to call on Mr. Blackburne a second time, to explain his apparent neglect of the orders he has received. If the Principal Collector has still any thing to offer regarding the proportion of the additional assessment to the single Crop teervah, he is requested to state it for the Boards' consideration.-

13. The Board resolve also to request Mr. Blackburne's attention to Mr. Elliott's remarks in Sec. 11 of the 20th Paragraph of his report on Fusly 1252. From what is there said it appears that the unauthorized remission styled "Turra Kummy" exists in other instances besides those on which the final orders of the Board for its abolition have been passed. It is further stated that this remission is in some Cases allowed on the Quit rent or Poroopoo leviable on Enam lands, and this is Corroborated by a Comparison of Columns 40 and 56 of Statement No. 16 as well as Columns from 12 to 16 in Statement 9 for Fusly 1252. This latter Statement for Fusly 1253 is

is altered so as not to show this circumstance a change which ought not to have been made. The remission having been condemned in the case of Ayen lands, there cannot certainly be any reason for allowing it on Enam lands. the Principal Collector is requested to ascertain in what instances a remission of this nature made by Mr. Peter still exists, and unless peculiar circumstances should be found appearing to him to entitle such cases to exemption from the orders passed by the Board in the Cases formerly brought to their notice, he will be pleased to disallow the remission in the Current year and henceforward. If in any instances such peculiar circumstances exist, he will make such cases the subject of a special report.—

Of the Settlement of Fusly 1252. the sum of 17,19,483-1-11. was collected by the end of July 1843. leaving a balance of 80,282-15-4. This was reduced at the date of the Report to 13,537-11-11- of which 2,082-11-6. was due by the Ryots of the Palany Hills. This latter arrear appears to be still outstanding; the other balance on the land Revenue of Fusly 1252 amounted at the date of the Report on Fusly 1253. to 1,038-13-1-

The whole of this, with the exception of one Pice is due on the lands alluded to in the foregoing Para. the Assessment on which, having been improperly reduced by Mr. Peter has been restored under the Board's orders to its original Standard. The amount was contumaciously withheld, and the Board were ultimately obliged to authorize the sale of land for the arrear which has probably been realized before this. It is not known why the one Pice balance in Todicumboo Talook is shewn in the Accounts.—

15. Out of the Settlement of Fusly 1253, 16,88,082-3-1. was realized within the Fusly year, leaving a balance of 81,219-8-1; this was reduced by the 31st October to 34,464-8-3-

At the date of the last Collection and balance report dated December 31st 1844, this balance was-

was diminished to 7,182-6-10. It does not appear whether any portion of this sum is due for the "reimposed" Form kummy: If it is, the Principal Collector should take measures for the immediate realization of that part of the Arrear, proceeding, if necessary, even to the sale of property, for, there is no reason to believe that the withholding of payment is any thing but contumacious.-

16. The arrear due by the Hill Riots demands more extended notice. The Villages on the Palany Hills were formerly rented, usually, of late years, each to its Manaudy or Headman. The renter Collected certain taxes from the Riots which are fixed by long custom as in most other Hill tracts, but he paid to the State only the amount of his rent, which was probably always very moderate from the absence of Competition. In 1842. Mr. Blackburne signified his intention to abandon this system and introduce a Ryotwar Settlement, and this proposition was noticed with approval by Government.-

The assessment is not fixed permanently on the land, but made to vary from year to year with the Species of Produce grown on it. The new Settlement was carried into effect in Fusly 1252, and continued in Fusly 1253. The net amount in each year, deducting the Charges of Collection, which consist of a Commission on the Beriz paid to the Village Officers, is shewn in the Margin in Conjunction with the Rented amount for the preceding five Fusles. 18. The Board regret that the new Settlement made by Mr. Elliott was put in force without being previously submitted for their approval. In authorizing the introduction of

of a Ryotwar System it was not their intention that any charge should be made in the form of the taxes demandable by Custom from the Ryots, but only that they should pay those taxes directly to the Officers of Government instead of to a Renter. They would have thought it injudicious at the first change of the system, before the Ryots had become somewhat habituated to transacting business immediately with the Officers of Government, and while those Officers had but little acquaintance with the usages and prejudices of the Hill people, to introduce at once so radical a change as Mr. Elliott has made.—

19. The Board have no hesitation as to the superiority of the Ryotwar over the Renting System in such cases as the present. They have known good effects to follow the change from Rent to Ryotwary in the management of Hill tracts in other Districts; and they think it desirable in all such cases to remove the Renter from the intermediate position which he holds.— a change which both improves the Revenue of the State, and elevates the condition of the people. Nor, on the other hand, do they mean to say that the rates of assessment introduced

introduced by Mr. Elliott are too high. He himself declares that the Commutation made no increase in the demand, and the Principles on which it was based appear to have been approved by the Principal Collector. But they consider the conversion of the old taxes into a land tax to be injudicious at least at present, and they could not sanction a settlement, or direct the realization of taxes impossible under it, without having previously had an opportunity of testing its justice by an examination of the Accounts and Calculations on which it was based.—

Sub Coll. to Coll. 29th. Oct. 1844. in Encl. B with Para 17. Report for 1253.

20. Had the taxes fixed by Mr. Elliotts Settlement been paid without demur by the Ryots for the two years when it was in force it would not have been necessary to look to the past but only to the future; and it would have been sufficient to suspend the operation of the Settlement pending its examination and Confirmation. But as a large arrear exists for those years, and the Board, for the reason stated above, are precluded from directing its realization, it becomes necessary to adopt another Course, and the best Course

Fort St. George 6th March 1845.

Course seems to be to revert in the case of the defaulters to the Customary taxes. To do this it will be necessary to calculate the amount payable by each defaulter according to the old system of taxation, and thus deducting from such demand the sums already paid by the individual to exhibit the remainder as a balance. Mr. Elliott should immediately summon the Curnums and Notagars to his Cutcherry, in the same way as for the Summabundy, and if necessary the Ryots and Manaudies also, and the individual balances may then be determined in the mode above prescribed without difficulty or any great delay.-

21. Having thus ascertained the Amount due by each Ryot Mr. Elliott should proceed at once to realize it by the means provided by the Regulations- and in particular if he should find on examination that any sums have been received from the Ryots by the Manaudies, and withheld by them, as he supposes to be the case to a large amount he should rigidly exact these sums from the latter. It may also be found necessary to proceed as recommended by Mr. Elliott, to remove the Manaudies, or the most Contumacious of them and

Fort St. George 6th March 1845.

and nominate Monigars in their room.-

22. After the foregoing expressions of the Boards' opinion, it is perhaps hardly necessary to direct that for the Current Fusly, and henceforward until orders to the Contrary, the revenue of the Palany Hills shall be settled Ryotwar, according to the ancient customary taxes. The Village Officers should be paid by a Commission on the Revenue of their Village respectively, at rates to be settled for the time by the Principal Collector. His annual Report for Fusly 1254 should contain an explanation of the various items of Revenue in these Villages, and a detail of the arrangements made for its collection. Should Mr. Blackburne be disposed to recommend any change of system either of the nature of that introduced by Mr. Elliott or any other, the Board will be prepared to give due consideration to whatever information and suggestion he may have to offer with that view.-

23. The Board cannot quit the subject of the Hill settlement and balance without noticing the Course pursued by Mr. Blackburne as connected with it- The new-

The

Sub Coll.r to Pr. Coll.r 28th October 1844 Para 17 in Enclosure Bin report for Fusly 1253.

new Settlement, as already noticed, was formed by Mr. Elliot on principles which appear to have been approved by the Principal Collector and was carried into effect by him during Mr. Blackburne's suspension. Mr. Elliott experienced difficulty realizing the demand and Mr. Blackburne gave him no assistance but rather increased his difficulties. For he neither left Mr. Elliott to act on his own responsibility in Collecting the Revenue, nor took any decided measures to test the justice of the new Settlement, regarding which he expressed doubts, and on examination of the small part before them, of the very voluminous Correspondence Tamil and English which appears to have passed between the Principal Collector and his subordinate on this subject induces the Board to believe that the heavy balance due on the Hill settlement for Fusly 1253. is in some degree ascribable to Mr. Blackburnes' proceedings. In submitting to Government the papers now under review, the Board desire particularly to request the attention of His Lordship in Council to

† Enclosure B in the Report for 1253.

to this correspondence. As they are of opinion that the interests of Government must suffer in a district where, in place of the cordiality and confidence which ought to be maintained between the Head of a Department and his immediate subordinate, the state of feelings is such as appears from the tone and Character of these letters, to exist between the Principal Collector and Sub Collector of Madura. The Board would especially point the attention of the Most Noble the Governor in Council to Mr. Blackburnes' letter of September 28th.

24. The Board have reserved for this part of their Proceedings some remarks which they have to make on the Accounts and Statements received with the reports under notice, and as the object of these remarks is the avoidance in future years of the mistakes noticed in the mode of preparing them, these observations will be restricted chiefly to the Accounts of Fusly 1253.

25. Statement No. 1 is the Statistical Return of population &c.a In their Proceedings on the Report of Fusly 1251. the Board desired that persons of all ages should be included

6th Feby 1843 Para 25.

The

Report for Fusly 1252 Para 6.

The Sub Collector however states that he has omitted all Children under three years of age, the Board request that hereafter their orders may be literally obeyed, and that all ages may be included.

26. Statements 2. 3. 4. and 6 contains the same errors that were pointed out in those of Fusly 1251, arising from the various descriptions being entered, not according to their entry in the Survey Accounts, but as they are found at present after transfer from dry to wet or Garden &c. With regard to these errors it is only necessary to request the Principal Collectors attention to the Board's remarks in their Proceedings on Fusly 1251. In No. 6 for Fusly 1252 Mr. Elliot enters long remarks as to the difficulty of preparing these Statements in the manner required by the Board. His Chief objections is that it would involve the labour of examining the Annual Accounts for forty years back. This is not the case it is only necessary to refer to the Survey Accounts, and ascertain the class in which the land is there entered and compare that with its present class. Mr. Blackburne subsequently

subsequently made a special application to know how the Accounts for Fusly 1253 were to be drawn up, he was informed that the Boards' instruction above referred to were to be acted on. The reason that this was not done in Fusly 1253. may be that the Boards reply to this effect was received too late, but they hope that the Statements will be correctly drawn up for the Current Fusly 1254. If in any Villages the Survey Accounts are lost and cannot be found after every endeavour, the lands of such Villages must be entered according to the present system, and that fact should be stated in the Column of "Remarks".

+ 30th May 1814.

27. It is further observed in Statement 2 that the Ayacut entries do not correspond in Fusles 1252 and 1253. Such error in the particulars is owing in part to the transfer of land from one description to another as pointed out in the foregoing Paragraph, but the non coincidence of the totals requires explanation. In Dindigul division this may perhaps be ascribable to the transfer of Cunnewady Mottah to the Zamindary Herd, but no cause is apparent for the discrepancy observable

Fort St. George 6th March 1845.

observable in the Madura Division. The Board will be glad also to learn whether the Villagewar Statement corresponding to No. 2 ordered to be drawn up for deposit in the Principal Collectors Cutcherry, is regularly prepared.

28. In Statements 3 and 4 the entry of the Dittum or Cabuliaut is not correctly made. The proper way to obtain the amount to be entered in the Dittum Columns, is to add to the land agreed for by the Ryots at the time of the dittum, the other land cultivated besides that so agreed for. It can then be seen at a glance by comparison with other Columns, whether the whole of the dittum land has been cultivated, or how much of it remains.

In Statement 4 it is observed that the total of Columns 300 and 325 does not coincide as it ought with Column 296. this should be explained and corrected in future years.

29. Mr. Blackburne has omitted to forward a Statement according to No. 15 of the forms sent him on the ground that as the Palany Hills have been brought under a Ryotwar Settlement it has ceased to be necessary. The particulars of the Settlement however are not shown in any other of

Fort St. George 6th March 1845.

of the returns, and this therefore should still continue to be furnished, other Columns being added to the form, to shew the different items of the Revenue.

30. With the report for Fusly 1253 Mr. Blackburne forwarded a Village Chittah from the Dindigul division but none from the Madura division; in future, one should be sent from each division as was previously done. The Board request to observe that some important particulars have been omitted in the Subdivision Chittah for Fusly 1253. The various particulars of the deductions from the assessment are not shown, nor does the total extent appear of fields only partially cultivated. The Board request that hereafter no omissions may be made of any of the particulars included in the Bellary form, so far as they are applicable to Madura.

31. The Board regret that Mr. Blackburne was unable to introduce the new form in the division under his own immediate charge except in the Talook of Maroongapoory and some small Villages in the other Talooks. No reason is stated, nor are the Board aware of any, why the same orders under which the new accounts were introduced in Maroongapoory, should not have sufficed for their general adoption in every

Talook.

I look and the Board are disposed to adopt Mr. Elliott's solution that the Circumstances were influenced by other motives than the mere alleged difficulty of preparing the Accounts required. The Board trust that Mr. Blackburne will be able to introduce the new forms universally in the Current Fusly.

Para 5 Sec. 10. The circumstances to which he refers in his report for Fusly 1253 as likely to prevent this in some Villages, do not appear valid. Neither the large number of fields nor the keamness of the assessment appears to offer any obstacle. Nor would the absence of the Survey Accounts prevent the preparation of the New Accounts for the Current Year, though that want would certainly preclude a comparison with the Survey Settlement. In the concluding para of their letter of July 29th 1844. the Board stated that the defects in the Revenue management of Madura had been rectified under their orders. They regret to be now constrained to remark that Mr. Blackburnes' efforts to carry those reforms into effect have not been such as the Board had a right to expect. With reference to Section 5 of the 5th Para of the Report for Fusly 1253, the Board observe that in their opinion Mr. Blackburnes own Statements bear out that part of the Commissioners' report which he impugns. A circular order directing the preparation of the new Accounts

and.

and forms for those Accounts were issued by the Commissioner in charge. Mr. Elliott having shortly after been put in charge of the Settlement, the further carrying out of the Boards orders devolved on that Gentleman and the Board are satisfied with his exertions to acquit himself of the duty.

32. With regard to the presence of the Riots at the Settlement, and to the distribution of Puttahs, the Board desire to call the attention of the Principal Collector to their Proceedings on Fusly 1251. They consider it of great importance that the Ryot should be made fully acquainted with the particulars of the demand against him while the Settlement is in progress, and should have ample opportunity of objecting before affixing his signature to the Chittah. If, as Mr. Blackburne supposes, few only of the Ryots understood the particulars of the total of what they signed, the Board must ascribe the circumstance partly to the novelty of the practice in Madura, and partly to the insufficiency of the explanations given. Men are not usually indifferent or uninterested in matters so nearly concerning their own well being, nor has it been found in other Districts that the Ryots are slow in comprehending.

Report Para 5.

the.

the particulars of their Settlement account or backward to object to it, if in their judgement incorrect.

33. With reference to Mr. Elliotts observations in reporting on the Settlement of Fusly 1252 the Board remark that it will often be practicable to prepare the Puttahs immediately after the signature of the Ryots to the Chittah, so as to be ready for distribution the same day. In other cases, where the Village is large or the Chittah signed late in the day, it will be necessary to let the Ryots return home before receiving their Puttahs. It does not appear whether the Ryots were present in Fusly 1252 at the Settlement, or had the particulars of their accounts explained to them in detail before being asked to sign the Chittah.

Para 13.

Para 14.

34. The Puttah is a document given by the Collector to the Ryot, and in order to make this clearly evident to the recipients, the Puttahs should be given in the actual presence of the superintending European Officer and always by the Sheristadar, or other principal Officer of his Cutcherry. They should never be distributed by the hands of the Village Officers, either curnum or Nattamgar. For the same

Para 15.

reason the Puttahs of absent Ryots should not be given for delivery to the Village Officers but to the Tahsildar.

Para 16.

35. In their Proceedings on Fusly 1251 the Board called for information and explanation on certain points, but they have yet received no reply. It appears that Mr. Elliott has answered the Boards requisition as far as his own Talooks were referred to, but his letter to the Principal Collector has not been laid before the Board. Mr. Blackburne should forward that paper together with his own replies to the Boards observations so far as subsequent correspondence may not have rendered such replies no longer necessary.

Report on Fusly 1252 Para 11.

36. The Board take this opportunity to notice that the mode adopted by Mr. Blackburne in dividing his letters is inconvenient. They request that in future he will prefix a number to each paragraph instead of placing many paragraphs or sections under one number. Mr. Elliott also is required to attend to this remark.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded for the Pub. Collector of Madura for his information & guidance.

To the Chief Secy to Government.
7th in Cons. 27th February 1845.

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Madura reporting the balance due by a Sope renter in his District and recommending for certain reasons that it be remitted.

2. From this it will be seen that the arrears in question amount to Rupees 185-11-4 and are due on account of Fusly 1252 in the Zemindary of Cumumedy, at that time under management, but since restored to the Proprietor. The renter appears to have held the rent referred to for 16 Years previous to that on which he fell into arrear. his entire property has been sold in satisfaction of the Government demand - as has the personal property of his securities. and their lands are now under sequestration. Under these circumstances the Board beg to support the recommendation of the Principal Collector that considering the indigence to which this defaulter has been reduced and the sale of his whole property and of the personal effects of his sureties, further proceedings may be foregone - the lands of the securities released and the balance written off in the Accounts.

Sir

In reference to the Boards Proceedings of 28th November and your letter of the 16th received on the 27th Ultimo I have the honor to submit a list of Police Establishment required on the most moderate scale I dare propose, for the Shevagunga Zemindary, at the rate of 359 Rupees per Mensem and I continue of opinion it would be more for the interests of Government and the advantage of the people to continue it as now conducted thro' the Revenue Officers of the Zemindar so long as he is willing, and so long as no principal Talook Servants are removed, changed or reduced in pay without my requiescence.

Forwards for sanction revised Establishment of Land Customs in Zillah of Canara amounting to Rupees 2285 Pr Month

Sir/ 1842.

With reference to your letter of the 6th Instant I have the honor to forward the Statements shewing the Establishment to be maintained at the Chokies which are to be kept up for the frontier duty only compared with the establishment at those Chokies as it stood on the 31st March last.

The Board is aware that some years ago all the Inland Chokies in this District were done away with, and only those on the frontier retained, so that by the new arrangement there are only ten on the Southern Mahratta Country which are now to be abolished, leaving all the others on the Conjivies of the Sora and Mysore territories undisturbed. The reductions, therefore, although amounting to more than 3600 Rupees a year, are not so large probably as in other Districts, where there were Custom Sowdes in every large Town, and also on the Frontier, which are now all swept away.

Very large reductions have been made in

in the number and pay of many of the Servants in where the Collections are likely to fall off, but in those where the operations of Act XI of 1844 has considerably increased the Revenue and more able and better Servants are necessarily required, a slight increase has been made. Rice now as the Board is aware is liable, to no duty on importation before the passing of the Act in question, but since that time it is subject to a heavy impost, and this added to other articles now liable, will of course make very considerable difference in the Collections at the Outports bordering in Mysore, and increase the responsibility and duties of the Custom house Officers. It has therefore been necessary to make a small addition to their pay and number which in the same Talooks some situations have been entirely abolished. The net decrease on the Establishment amounting to Rupees 300—12—0 a month or Rupees 3,609—0—0 a year, has been carried into effect, and I now solicit sanction for the revised establishment for the land Customs amounting to Rupees

Read again letter from the Collector of Malabar dated 5th and entered in Consultation 27th Ultimo.

Ordered that the abovementioned letter be submitted with the following address

(56)

To

The Chief Secretary to Government

Sir,

To the Chief Secy. to Government submitting with reference to the Extract from the Minutes of Cons: dated 21st Decr: 1844 authorizing the Grant of a Tract of Forest land on Wynaad on lease to Mr Cowley a letter from the Collr of Malabar giving cover to a Communication from that Gentleman soliciting certain modification in the terms on which it is proposed that the land in question should be granted to him with the Board's observations on the subject.

Para 1. With reference to Extract from the Minutes of Consultation under date 21st December 1844 authorizing the Grant of a tract of Forest land in Wynaad on lease to Mr Cowley on certain conditions, I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar giving cover to a communication from Mr Cowley in which that Gentleman solicits certain modifications in the terms on which it is proposed that the land in question shall be granted to him.

2 The first point adverted to by Mr Cowley is that it was recommended by this Office, that the land should be made over to him for a lease of 21 years

years renewable for a further period of 21 years and that in the terms now granted by Government this second period of the lease has been reduced from 21 to 14 years considering therefore "that the "expences and difficulties of the undertaking are very "great" he expresses his hope that the original proposal of the Board may be acceded to. It does not appear to the Board necessary to offer remark on this part of Mr Cowley's application. The period for which the land has recently been granted to him is considerable. It will be for the Judgment of Government whether further indulgence in this respect be required.

1st Lease 21 years
2d " 14 "
35 "

3. In regard to the second point brought to notice by Mr Cowley. The Board have, with Mr Cowley understood the terms of the Government orders, as requiring only one payment of Rupees 3,000 the renewal of the lease "on the same terms" being merely a renewal at the same Rent i.e. a Pepper corn but on this particular they beg to request the instructions of Government.

4 The objection taken by Mr Cowley to the condition whereby one third of the land is to be cleared within five and the whole to be cleared and cultivated within

within ten years is in the opinion of the Board deserving of consideration. Nothing the difficulty of procuring laborers and other causes beyond the control of the Lessee may prevent them in despite of their most anxious endeavours from clearing the land within the stipulated periods. For such impediments it cannot be the intention of Government that they should be made answerable. The Board would therefore beg to submit that to the clause in question may be added a proviso unless the inspector to bring such lands under culture shall be proved to the satisfaction of Government, to whom such occurrences shall be specially reported by the Collector to have proceeded from causes over which the said Lessee had no control and from accidents which it was not in their power to have remedied.

5 The Boundaries of the Tract to be leased should the Board are of opinion be carefully pointed out by some Government Officer appointed for the purpose as suggested by Mr Conolly the expediency of such a measure seems too obvious to need being insisted on.

6. The last point remarked on by Mr Cowley is the condition that no part

part of the land not brought under actual cultivation shall be subject to sale or transfer. He explains that he is the representative of a few Gentlemen who have formed themselves into a private company with a view to the cultivation of Coffee on a large scale that it is their wish that the whole land should be held by Lieutenant Colonel Low Bengal Artillery as Trustee or if preferred that the lease should pass in his own name solely. The stipulation now under notice with Mr Cowley urges seriously embarrass them in a manner as in the Deeds of Partnership it is strictly enjoined that the share of a Partner deceased is to be purchased by one or more of the other partners but that this of course cannot be done nor indeed can the lands be assigned or apportioned among the proprietors themselves if sale and transfer be altogether prohibited. The Board observe that the prohibition of sale or transfer applies only to such lands as have not been brought under cultivation. They are aware of the objections which exist to the transfer or sale of waste land held under Cowle from the abuses to which these practices are found to have given rise. The difficulty would however, they would submit, in the peculiar circumstances

Note It seems doubtful how far under the late orders of the Court of Directors Lieut. Col. Low could hold the lease in question.

of

Fort St. George 6th March 1845.

of the present case, he obviated if Mr Cowley were to specify the parties engaged in the Partnership and if the clause under remark were so modified as to allow waste land being sold or transferred by the person in whose name the leases made or to any of the declared Partners or their representatives or by the Partners among themselves but to prohibit its alienation under any terms and circumstances to individuals not included in the Partnership. The only other course which occurs to the Board is that the leases should be made out in the names of all the partners leaving them to arrange their several shares among themselves as they may think fit the prohibition against the holding of such portion of the land as may not have been brought into cultivation by parties other than the Lessees being still continued.

of the Board of Revenue dated 20th Instant and to express regret that I should have been thought to have troubled the Board unnecessarily by my communication of the 1st instant.

My object in writing to the Principal Collector of Coimbatore to know whether he had received the Board's final instructions on the disputed question between the Colungode Nunbidi and himself was simply and solely with the view of avoiding the collision which might, not unreasonably, be feared should the Nunbidi

Numbide afunnie, without the knowledge and concurrence of Mr. Wroughton, any of the privileges of which he has been debarred by that Gentleman's measures during the course of the long enquiry into his case. Had I been certain that the Board's orders had been made known to Mr. Wroughton as well as myself, my communication would not have been made. Mr. Wroughton's reply being to the effect that he had made a further reference against the carrying out the Board's orders it seemed to me absolutely necessary to request fresh instructions. I will now make the Nundidi acquainted with all that has taken place, confining myself for fear of misapprehension as far as possible to the Board's own words. I will further desire him, should any cause of complaint occur, to prefer it to the Board or Government direct in conformity with the Board's present instructions.—

63 From the Secy to Agri and Horticultural Society, Madras.— Stating with reference to the Board's letter of the 20th Instant that the Society's Garden cannot supply more than 2,000 Mauritius Sugar Canes this year of which 500 have already been bespoke & transmitting a/cy of a paper drawn up by the Head Gardener describing the proper mode of treating the Canes before and after planting them.—

Sir,

1. I have the honor by desire of the General Committee of the Agri Horticultural Society to acknowledge the receipt of your letter of the 20th Instant, to the address of Captain Sansom, enquiring to what extent the Society can supply cuttings of the Mauritius Sugar Cane to forward to the Provinces.—

2. In reply I am to acquaint you that the Society's Garden cannot supply more than 2,000 Canes this year, of which 500 have already been bespoke.— In the Village of Chinnimbaidoo however in the Chingleput District the Mauritius Sugar Cane has been cultivated to a great extent, and the Collector at the requisition of the Board can forward as many cuttings as are required, to the Authorities in the interior.—

3. It was from this source that the requisitions of the Board for the last 3 years have been chiefly complied with, and the ryots of that Village have only very lately been enquiring at the Garden how many Canes the Society wished to

to purchase, stating that they had now upwards of 20,000 fit for Cutting.-

4. With respect to Para 3 of your letter I have made enquiries of the Society's Head Gardener, and he assures me that every care was taken in ca packing the Canes forwarded upcountry and he attributes the destruction of the vital principle to the neglect of the Bandyman in not sprinkling the ca Canes with water daily as desired- He has at my desire drawn up a paper describing the proper mode of treating the Canes before and after planting them, a copy of which I have the honor to enclose.-

5. Your suggestion respecting the despatch of Canes by Sea, the General Committee desire me to say shall be attended to whenever opportunities are available.-

Directions for Planting Sugar Cane.

The Canes must be cut in length of 3 joints, after which get a Tub or some other Vessel, put a good quantity of Cow dung droppings mix it with water so as it may be pretty thick, dip all the pieces of Cane into it so as the Cow dung may adhere

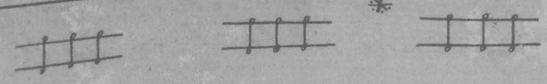

adhere to them and pile the Canes up in a heap in a shady place, cover them all over with Straw and allow them to remain in that state for 3-4- or 5 days until you see the roots shooting out at the joints after which they should be planted in the trenches.-

We dig the trenches about 5 feet asunder and 18 inches deep but fill up to 6 or 7 inches. We always flood the trenches and directly after set the Canes- that is we lay the sets flat in a line in the centre of the trench * and press them down in the mud just sufficient to cover them. but care must be taken that the eyes ⁜ are on each side- If there was any sort of rubbish such as straw leaves &ca thrown over the rows, the Canes would sprout the better for it especially if the weather is very hot- by treating them as above stated, the Canes will sprout before the white Ants can do them any harm.-

From the Sec.y to Govt. Dueting that Mr. Arbuthnot late acting Coll.r of Ganjam be required to explain his conduct in allowing a certain suit in the Principal Sudr ammeen Court relative to an Island recently formed by freshes in the River Mangoolick to be adjudged exparte against his own conviction that the land did not belong of right to the party claiming it and Requesting that the present Acting Coll.r be desired to explain the nature of the evidence with production of which he feels satisfied that he can obtain a reversal of that Courts decision.

Extract from the Minutes of Consultation under date the 1st March 1845.

Read the following letter from

the Officiating Secretary to the Board of Revenue

Submitting a letter from the acting Coll.r of Ganjam reporting his having preferred an appeal to the Civil Court of Chicacole against a decision passed by the Principal Sudr ammeen in a suit brought by the Proprietor of the Sheer Mahomad Poor Mootakirie Vizagapatam against certain Ryots of the Ganjam Dist. relative to an Island recently formed by freshes in the River Mangoolick which separates those Districts, and in which the late acting Coll.r of Ganjam was made a supplemental Defendant and recommending that the present acting Coll.r may be allowed to conduct the appeal at the public expense.

(Here enter 6th Feby 45 / No. 90)

Adverting to the grounds on

1.

which the decision of the Principal Sudr ammeen has been passed in favor of the Plaintiff it does not appear to the Most Noble the Governor in Council that there was such prima facie evidence of error of judgment as to warrant the present Acting Collector in preferring an appeal therefrom, without a previous reference to the Board of Revenue.

Two witnesses were examined

2.

in support of the Plaint, from whose testimony, as also from the report of the ammeen deputed by the Court to repair to the place and enquire fully into the matter, and whose report is grounded strictly on the information

information gained from the Majority of the inhabitants of that and of the neighbouring villages from the records pertaining to a similar subject of dispute which had taken place formerly between the Collector of Ganjam and Vizagapatam, which land was decided to belong to the Plaintiffs it clearly appears, says the Principal Sudr Ameen, that the land, the subject of the present suit, is situated within the boundaries of Plaintiffs' village.

3. The grounds on which an appeal has been made by the present acting Collector is the conviction arrived at by the late acting Coll.r Mr. Anstruther from personal inspection of the land that it belonged to the Ganjam District and not to the Plaintiff and that an examination of the spot and report thereon by a surveyor or Assistant Engineer would afford just reasons to reverse the decision of the Principal Sudr Ameen - and the acting Collector requests to be allowed by the Court to produce evidence to substantiate the fact of the land belonging to the Ganjam and not the Vizagapatam District. The nature of this evidence is not stated, and had any been forthcoming it is surprising that the late acting Collector should have so neglected the interests of Government as to omit to produce it before

before the Court and allow the suit to be adjudged exparte against his own moral conviction that the land did not belong of right to the party claiming it. His Lordship in Council resolves therefore that that Officer be required to furnish without delay an explanation of his conduct in this respect, and adverting to the style and language of his motion to the Court, His Lordship in Council cannot refrain from observing that it is as unbecoming the character and station of an Officer, the representative of the Govt in the matter, as it is to the Judicial authority to whom it was addressed.

His Lordship in Council desires that Mr.

4. Smollett will explain carefully the nature of the evidence on the production of which he feels satisfied that he can obtain a reversal of the decision of the lower Court, and the Board of Revr will be pleased to submit the information to Govt as early as practicable where the question of the Costs of Suit being borne or not by the Government will be taken into further consideration.

Proceedings thereon. Para 1.

Relative to the Management of the Minor Estates of Maringhy Sungumvulsah and Coorpaum in the District of Vizagapatam for Fasly 1252.- A.D. 1842/43

The Zemindar of Maringhy having attained his majority the Estate was placed in his charge in August 1843. The report on the Settlement of Fasly 1252 was submitted in December following and in reviewing the Accounts of this Estate as well as those of Sungumvulsah and Coorpaum in the District of Vizagapatam for that year. The Court of Wards will first briefly notice the condition in which the Maringhy property was received by its Proprietors.-

2 In the comparative Settlement inclusive of Current Demand and arrears a net increase

increase is exhibited in Para 3 at Rupees 545-2-9 but compared with the current demand there is a decrease of Rupees 1,548--2 below the previous year. The Acting Collector adverts to the demand shewing as usual little fluctuation but the Court observe that no distinction has been made between Khaem Dowle or the estimated Revenue and the settled demand. In his report on the Settlement of Fusly 1251 the Estimated Revenue was entered at Rupees 36,252-7-5 and the settled demand at Rupees 35,546-2-7 shewing a difference of Rupees 706-4-10. In the year under review the Revenue is set down at Rupees 34,704-7-3 but whether estimated or settled is not explained. It would appear that the comparison is made with the estimated Revenue of Fusly 1251 thus leading to the conclusion that the Settlement has been determined in Fusly 1252 upon the Khaem Dowle alone. If this view is correct the Collector will be pleased to explain the causes which gave rise to this Arrangement.

	Rs	a	p
Demand —	34,704	7	3
	33,141	14	10
	1562	8	5

Nearly the whole of the Demand was collected within the fusly and with arrears the net Collections amounted to Rupees 33,757--6.

The

30th Dec.r 1842- 4 The Acting Collector states "that he had intimated that the Minor Zemindar would attain his Majority in August (1843) before which time it would be proper to write off whatever amount of arrears seemed irrecoverable" and he reports that all arrears prior to Fusly 1251 were struck out of the Accounts and a notification there of made to the Ryots. This decision is questionable for two reasons. first that it required the sanction of Government for its conformation and secondly that unless there had been an arrear of Peishcush outstanding against the Estate and a remission made on that account the Ryots could have no claim to entire exemption — from these arrears previous to Fusly 1251 not could an enquiry the result of which had not been communicated to the Court of Wards justify any steps being taken to write them off without due authority. The Court trust that the Notification will have secured the Ryots from further importunity and in the belief that the balances could never be realized they have no hesitation in soliciting the Government to confirm the proceedings of the Acting Collector.-

5. After defraying all charges, including Rupees 18,500 on account of Peishcush and Rupees 10,000 paid into the Government loan there remained

remained a surplus at the close of Fusly 1252 of Rupees 9492-6-6 which added to the surplus of former years vested in Company's Securities and amounting to Rupees 39,800 was paid over to the Zemindar who it is satisfactory to the Court to learn professes the necessary qualifications for the Management of his property.-

The result of the Demand Collection and Balance for Fusly 1252 compared with that of Fusly 1251 in the Sungumvulsah Estate shews a decrease in the Settlement of Rupees 108-3-5 and in the Current Collections of Rupees 606-11-7 arising from the depressed state of the Grain Market. The outstanding arrears from Fusly 1246 to Fusly 1252 inclusive have accumulated to Rupees 1,769-7-2 but whether they are entirely desperate or may be in part recovered the Court have received no information. and they request the Collector will submit his opinion as to the measures he would suggest for their realization or remission deducting from the Gross receipts of Rupees 19571-4-9 the Charges of the year under consideration amounting to Rupees 16,248-10-5, in which provision was

was made for the payment of the Peishcush and for an expenditure of Rupees 1000 on account of the ceremonial noticed in Para 13 of the Acting Collectors report there remained a surplus of Rupees 3322-10-4. The Court confirm these Charges but observe that their permission was not previously obtained for the appropriation of the Sum required for the ceremonial referred to. The investment of a further sum of Rupees 3,000 in the 4 per Cent loan thus increasing the amount of the Surplus funds of the Estate already employed in the purchase of public Securities to Rupees 25,500. is satisfactory. The Court trust that the Collector will not lose sight of the education of the Minor and they will be prepared to support any suitable means of improving it which he may consider conducive to that end.-

Para 14.-

7

The Settlement of the Coorpaum Estate in Fusly 1252 amounted to Rupees 27,970-14-5 fall short of that of Fusly 1251 by Rupees 5,026-2-5 from the causes noted in the Margin. As in the Settlement of the Maringhy Estate the Court observe that the comparison is made between the settled demands of

Coorpaum-

	Rs	a	p
Amount of Villages granted to Relations of the Minor. -	2334	12	—

of Fusly 1252 and the Khaem Dowle of Fasly 1251 and they infer from this that the Current Settlement has been formed upon the Estimate only. This requires explanations.

8. Of the total Demand of the year inclusive of arrears of previous Fuslies and Tuccavy amounting to Rupees 35,731.11.3 the sum of Rupees 23,631-13-1 was collected leaving a balance of Rupees 12,099-14-2 with reference to the demand for arrears of other years it is stated to be in a great measure fictitious and to the extent of Rupees 4,080-12-7 to be a nominal demand for Villages held in Mortgage by creditors and others for which credit is given to the Estate. The Court desire to know how many Villages are thus held under mortgage the titles under which they are so held and the amount of the Revenue derived from each. The Collector will be pleased to furnish this information shewing also in what manner the Settlement has been made in these Villages.

Para 17

9. The Court of Wards had expected to receive with the Report on the Settlement of this Estate for the fusly under review some information respecting the rates of the Sists which are complained of as too high. The acting Collector has explained that it was impracticable for him to make those enquiries in person which could enable him to judge of the corrections required adding however that enquiries have been pursued to rectify the evil and the Court trust they may receive full details on this subject from Mr Arbuthnot.

10 After defraying all charges as exhibited in the account (Current of this Estate Current Peishcush subsistence and charges of Management included) which the Court resolve to sanction there was a surplus of Rupees 18,637---2 in favor of the Minor. The disbursement on account of the debts of the family will be considered when the report thereon which the acting Collector had promised to furnish is received.

Nº 13.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Vizagapatam for his information and guidance.

Read letter from the Acting Principal Collector of Cuddapah and from the Agent to the Governor of Fort St George in Kurnool containing their respective reports on the Settlement of the Revenue of Bunganapully Jaghire, for fusly 1251 and 1252, and the quinquennial rent for fusly 1253.

Proceedings thereon

Relative to the Settlement of the Revenue of Bunganapully Jaghire for fusly 1251 and 1252 & the quinquennial rent for fusly 1253 + Minutes of Cons 6th Septr 1842 From Govt 13th inst to 19 Septr

Para 1

At the date of the report from the Acting Principal Collector of Cuddapah recorded above, the Bunganapully Estate was about to be made over to the charge of the Commissioner in Kurnool under instructions from Government and with a view to afford all the information in his power on the occasion of the transfer Mr Arbuthnot enters into minute details accompanied by figured statements relative to the Fiscal management and the adjustment of the debts of the various Members of the Nowab's family having claims upon the Estate. It does not appear necessary to follow the Acting Principal Collector thro all the detailed accounts annexed to his report and the Board will proceed to notice briefly the leading points in the system of management adopted during the period under review and the general results upon the Settlements of the year.

2 The extent of land of every class taken up by the Ryots for cultivation in the fusly under consideration was

Candies 879-16-6 8/16 assessed at Rupees 12,107 2-3-5- which was within 650 Rupees of the assessment of the land cultivated in the previous year-

3. The amount of Remissions under all heads exceeded the net amount granted in the last year by Rupees 2719-6-8. this increase was owing chiefly to the reduction made on highly assessed land to the extent of Rupees 1471-8-4. being the difference between the amount fixed to be leased and the usual assessment. Deducting the remissions from the amount of Settlement of lands undertaken to be cultivated within the addition of the items brought to account for concealed cultivation and gutt rent, the total Beriz of the Jaghire amounted to Rupees 111,519-15-3 and exhibited a net decrease below the Beriz of fusly 1250- to the extent of Rupees 3396-3-9-

4th Of the demand of Land Revenue on the Estate the sum of Rupees 94300-1-10. was collected within the fusly leaving a balance due at its close of Rupees 17219-13-5. Subsequent collections however reduced this amount to Rupees 16537-1-11- which was the balance remaining outstanding at the date of the Collector's report- In explanation of this large sum not being brought

brought to account the Collector states that it is to be attributed to the high "assessment of "the lands the reduced circumstances of the "Ryots and the low prices of Grain in Fusly 1251

5 Annexed to para 8 of the report is a figured statement exhibiting the total arrears outstanding in the Jaghire from Fusly 1246 to 1250 both inclusive from which it appears that the total balance extending over these several years was Rupees 33,679 a 1- The Collector adds that arrangements were in progress for a rigid investigation into these arrears but that they were put a stop to by the charge of the Jaghire being transferred to the authorities in Kurnool.

6. The total Settlement of the Jaghire including Land Revenue and revenue derived from the Extra sources amounted in the aggregate to Rupees 1,34,905-8-2 which was below the Settlement of the preceding year derivable from the corresponding sources by Rupees 3,300-4-1.

7 The total receipts of the year under consideration including the portions of arrears realized within that period are shewn in the statement appended to para 17 to have been Rupees 121,635-8-4.

the

the same statement also shews the charge of the Establishment kept up for the Management of the Jaghire including the allowances of Yeomiahdars to have together amounted to Rupees 8,006-9-4 and the balance remaining for distribution to have been Rupees 113628-15-4 of this amount the Jaghiredars received 51060-2-1 and the residue being Rupees 62568-13-3 was carried to the account of the creditors.

8- The assumption of this Jaghire by Government took effect in Fusly 1242 and the figured entry in para 19 exhibits the Gross Collections and charges from that date to Fusly 1251 a period of 10 years after deducting the usual disbursement for the whole term the Net amount which was available during this period for the liquidation of the debts and payments to the Zemindars amounted in the aggregate to Rupees 7,35,997-a-6- of which no less than Rupees 497,431-3-a were allotted to the Creditors, the relative proportion of the above payments having been fixed since Fusly 1249 when a full "adjustment was made of all collections "received previous to "that year" at the rate of 1/4 to the Jaghiredars and 3/4 to

to the parties having demands on the Estate.

9 The original liabilities of the Jaghiredars as well as the deductions allowed by part of their creditors from the debts due to them at the time of the general adjustment above alluded to are shewn in the 21st para of the report and also the payments made in liquidation of their claims and the balance due up to the close of Fusly 1251.

10 From this statement it appears that the creditors were of two classes, Viz^t. those whose debts had been investigated and who had executed fresh documents and others towards whom no similar steps had been taken. Of the former whose reduced claims amounted to Rupees 884194-13-9. the payments made up to the end of the Fusly under review was Rupees 494668-5-2. leaving the aggregate amount of their claims then due Rupees 389526-8-7. The total debts of the 2d description of claimants were 10276-12-6. towards the liquidation of which a proportionate sum was held in deposit pending a final arrangement with them. Including the above the whole sum due to the several creditors at

Original Amount of their debts- 1337112-5-7

the termination of Fusly 1251 was Rupees 39704-7-3-

11 At that date the acting Principal Collector states that the balance in the Treasury on account of the Jaghire amounted to Rupees 113818-6-7- the Board learn however from the account current made up to the date of the report that after deducting the disbursements which included a further payment of Rupees 43930-10-10- to the creditors this balance was reduced to Rupees 23962-6-10- with which sum credited in its favor the Estate was transferred as remarked above from the Cuddapah District to the Management of the Commissioner in Kurnool-

Remissions			
Fusly 1252	19,287	13	5
a 1251	15,635	3	6
	3652	9	11

The remissions granted in Fusly 1252 were greater by Rupees 3652-9-11. than in the Fusly antecedent under the head of Goatah Cummy or to highly assessed land there was a remission of Rupees 6593-15-5. in excess of the previous year, this and other items of remission are satisfactorily explained in para 5-6-7- of the Commissioners Report and do not call for particular comment.

14. The Sayer revenue is carried to the account of Government the Nabob receiving a lien the sum of Rupees 7000 per annum the amount derived from this source in Fusly 1252. exceeded the above allowance by Rupees 2949-9-10.

15. The System adopted for the Settlement of the Saghire for Fusly 1253.

1253. was that of renting the Villages as far as the terms offered would admit of their being accepted and it appears from para 9. of the report that the Collector was enabled to complete a quinquennial rent for 56. out of the 64 Villages comprising the Estate.

16. The demand in these 56. Villages on the average of the last five years immediately preceding the rent was Rupees 96,804. 6-8- the collections however are stated to have averaged during that period only Rupees 86,897 10-3- a circumstance which would appear to be explained by the demand being made more with regard to the pecuniary ability of the Ryots to pay than to any actual knowledge of the productive powers of their several holdings on the part of the controling authorities from the total absence of either survey or assessment on the land within the limits

Fort St. George 10th. March 1845.

limits of the Jaghire.

17. The total annual amount for which the above Villages were rented was Rupees 8609 – or within 830 Rupees per annum of the actual average receipts obtained under the former mode of Settlement a result which the Board consider satisfactory, the remaining eight Villages being in the opinion of the Commissioner capable of yielding a revenue larger than the amount of rent tendered were retained under a many management for the benefit of the creditors.

18. The Commissioner remarks in the concluding para of his report that owing to the Government having no direct interest in the revenue of the Jaghire, he has abstained from entering into "any lengthened detail" it would however have been satisfactory to the Board had Mr. Scott stated generally what progress had been made in liquidating the amount of debts with which the Zemindar and his family are burdened and what amount of Assets had been appropriated for this purpose during the two years under review and it is therefore requested that he will in future supply this information.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Agent to the Governor of Fort St. George in Kurnool for his information and guidance.

From the Collr. of Nellore dated 28th Feby. 1845.

Stating that the claim preferred by the Beetle and Thaces Renters in the accompanying Petition No. 1259 of 1844 for Fusly 1258 for compensation should be admitted and Rupees 2000 granted under the circumstances set forth. Also submits a Statement of Collections for each Month in Fusslies 1249 1250 1251 and 1252.

Sir,

1. Para 1. I have the honor to acknowledge the receipt of your letter with Petition No. 1259 of 1844 from Narrain Moodelly preferring claims to compensation in consequence of the resumption of the Beetle and Thaces Farm before the end of the Fusly.–

2. Accompanying is a Statement shewing the Sayer Collections for each Month in Fusslies 1249, 1250, 1251 and 1252 prepared according to the accounts furnished by the Renters themselves. From this it appears that about 4/10ths of the Rent are realized within the 10th April. Thus in Fusly 1253 in which year the rent was Rupees 24,250, the Renters must be considered to have realized Rupees 19,400–– within the 10th April and as they have received a remission of Rent for that Fusly equal to 3 instalments or Rupees 6,974–9–5 their Profit has been Rupees 1744–9–5 only to meet all Expences and risks

3. But the Renters accounts

Except

Fort St George 10th March 1845.

except as respects Fusly 1252 are useless for the settlement of the present claim, as the amount of Collections during the last 3 months of each year are greatly disproportionate to the Collections during the first 9 months. In Fusly 1252 the proportions are about 3/4ths for 9 months and 2/5ths for the last 3 months. This perhaps is an approximation to accuracy. The same individuals rented the Pettah and Thoon in Fusslies 1251 and 1253 and as the rent of the latter Fusly was settled in June some time before the close of the Fusly, the renters had not the usual inducement to make the largest amount of Collections possible before the termination of the Rent. It must be remembered that the collections will be larger towards the close of the Fusly from the Harvest of the Tobacco taking place at that period.

The Petitioner has stated before me that his loss amounts to Rupees 10,000 but that he is willing to give up Rupees 2,000 of this amount. This Statement of loss is as wanting in accuracy as the accounts noticed above.

Assuming Fusly 1252 as an approach towards accuracy both as regards Profits

Fort St George 10th March 1845.

Profits and Collections the Profits of Fusly 1253 would amount to Rupees 5,675 of this 2/5ths or Rupees 2270 will belong to the last 3 Months. Thus if the claim to compensation which is now made is admitted the amount of compensation should not exceed Rupees 2270. I am inclined to think that the claim to compensation should be admitted and that Rupees 2000 may be granted on this account.

Offering his opinion that the 28 Iron and 25 Stone weights of the Madura Tolam and its Subdivisions cannot be made available for the Indian Maund and its Sub: division into Tolas without recasting & Cutting.

Sir,

In answer to your letter of the 13th Inst. received on the 22d Ultimo I beg to offer my opinion the weights formerly used in the Sayer Cutcherries cannot, without recasting the Iron and readjusting the stones, be made practically useful for the Sea and frontier Custom houses as quotients and multiples of the new weight of 3,200 Tolas to the Indian Maund.

2. Each Custom House should I suppose be supplied with the Subjoined weights, the materials of which they are to be made being left for the consideration of the Board, one of each.—

Madura, 1st. February 1845.

(Signed) J. Blackburne
Dy. Collector

Resolution thereon.

33-34

If the weights formerly used at the Sayer Chokies are of wrought Iron there would seem to be no difficulty in adjusting them to the new standard of 3200 Tolas to the Indian Maund, but if made of Cast Iron they cannot, the Board believe, be made available. The Stone weights might however be adjusted. The Principal Collector will therefore be pleased to submit an Estimate for adjusting the old weights but if this cannot be effected the required number of new weights should be made of wrought Iron, and an Estimate of the probable cost submitted for sanction. It does not appear to the Board that weights less than 1 Seer will be found necessary.–

Board of Revenue

From the Princ. Coll. of Madura

Sir,

In returning Petition 1840 of 1844, received with your letter of the 13th. Instant, I have the honor to inform you a portion of the Vellie Vidhi is left without building because of a small Covid in a street not yet made, running at right angles to it, Bhugawanta Rao owner of one of the houses in rear of the

Fort St. George 10th. March 1815.

the open space has his yard divided from it by a wall in which I have sanctioned the insertion of a back yard doorway, with express injunction for its never being opened during the two days of the annual feast. It does not seem clear that the church has any right to this bit of ground but it was so left to meet prejudices, and I think the complaint entirely vexatious.

Madura, 25th. February 1815. } (Signed) J. Blackburne
Princ. Collector.

35-3/6

Resolution thereon.

Resolved that the following Endorsement be passed on Petition No. 1140 of 1814.

The act complained of by Petitioner would appear to have been performed by Mr. Blackburne in his magisterial Capacity. The Board cannot therefore interfere.

From the Princ. Collr. of Coimbatore. Read letter transmitting an abstract of persons charged with offences under Regulation IX of 1822 for the 2d. half of the Year 1814.
