No. 1112

Extract from the Minutes of Consultation Revenue Department under date the 21st November 1852

Read the following Extract from the Proceedings of the Board of Revenue-

(Here enter 28th October 1852 No. 1116)

Para 1 The demand on account of the Extra Sources of Revenue in the District of Madura for Fusly 1261 amounted to Rupees 1,80,257 and exhibited an increase of Rupees 7,039 above that of the preceding year-

2 The Chief fluctuation occurs under the head of salt in the Sales of which there was a large increase of Rupees 7,389 which is stated to be Chiefly owing to the unfavorable nature of the season which drove a number of Cattle generally used in Cultivation into the Salt trade for employment-It is also attributed though in a minor degree to the supply of salt in certain parts in the Tinnevelly and Tanjore Districts having

having been exhausted in consequence of which parties usually resorting thither came round to the adjoining Zeans of Madura. There was also an increase of Rupees 7081 in the Revenue from Sea Customs and Stamps, which was however more than counterbalanced by the decrease in Sayer Alikarry and Small Farm Revenues, the causes of which are sufficiently explained by the Collector and Board of Revenue.

3 Of the above demand Rupees 1,75,308 were Collected within the fusly and Rupees 2954 subsequently leaving a balance of Rupees 1995 which is stated by the Collector to be in process of recovery. The gross Collections including Current exctra and arrears amounted to Rupees 1,80930 from which Charges Rupees 50527 being deducted, there remained a Net Revenue of Rupees 1,30,402 or Rupees 66646 above that of the preceding fusly.

Sir,

Adverting to the Correspondence noted in the margin relative to the Cuppoory assessed during the last Immemorial Shandy on the Reyots of Tillore, Nortcore, Woodirurty Gunnadaiarum and Tonnapoody Shunc, the honor to

to State for the information of the Board of Revenue that pending their finial orders on the Petitions presented to them on the subject, I had retained under attachment grain belonging to the Ryots equal to the Cuscoory Balance against them but in some of the Villages this grain is now understood to have been destroyed by the inundations of the Pennar which visited the District on the 9th & 22d Ultimo and as the Ryots have also otherwise sustained much loss, it is difficult to enforce the Collection of the balance in question without trenching materially on this years Resources and as it is highly desirable under exciting Circumstances to avoid this I propose with the Board's permission suspending the Collection of the Money—

From the Collector of Chingleput — —

Sir,

Adverting to Para 4 of Extract from the Proceedings of the Board of Revenue under date the 6th Ultimo I have the honor to State that the sum of Rupees 3360-4-6 therein referred to appertaining to the Fusholies as marginally noted forms the Rent on Pagoda Inamiem Lands levied from time to time on behalf of Government during periods in which no services were performed at them—as the services being resumed the Inamiems were restored to the Pagodas and in some instances the Collections held in deposit appears also to have been returned when Circumstances seemed to call for such indulgence—This practice as well as that of holding such sums in deposit appearing to me to be open to objection I have recently caused all such sums to be at once carried to the Ryot Head—

3 Agreeably to the Board's Circular of the 5th February last a statement of Pagoda Inamiems will shortly be submitted in which I recommend

Recommendation will be made for the resumption of such Inamniems as are considered liable to forfeiture in Consequence of the discontinuance of the service for time past at the Pagodas severally-

Proceedings thereon, Para 1 The Board are not disposed to question the propriety of the Collectors having carried the sums so long in deposit to the Ayen account but they can pass no orders as to the eventual resumption of the lands till a reply is received to their Circular of 5th February 1852 Meanwhile the Collector will continue to carry to Ayen all proceeds of these Inamniems where the original object of the grants has been left in desuetude-

2 In replying to the Circular above adverted to Mr. Cochrane will specify up to the end of Fusly 1261 the Numbers of Devastanums not kept up the Causes of such discontinuance of service, the extent and assessment

Deferring to passorders as to the eventual resumption of certain Pagoda lands in Consequence of the usual Ceremonies not being performed until the receipts of the reply to the Boards Circular of 5th Febry 1852 requesting to be furnished with certain particulars respecting the Devastanums not kept up pointing out to the Collr of Chingleput that he has omitted to furnish information regarding the item Interest in his 11th July Demand Collection Balance Statements and noticing certain incorrect entries-

of the lands attached to them the amount of Cultivation thereof and the Collections made by the Government-

3 With reference to the Remarks of the Board in their Proceedings of the 6th September last, regarding the entry of the item of Interest under the Head of "Sayer Immamds" in the Demand Collection Balance Statements, the Collector does not furnish information neither have the requisite alterations been made in the Returns of September subsequently received Mr. Cochrane is therefore requested to prepare his future monthly accounts with reference to the instructions above stated-

Paras 1 and 2-

4 In the 11th July Returns of North Arcot for Fusly 1261 it is observed that the sum of Rupees 121-4-10-1 appertains to Pauperconjum one of the Villages transferred with Goonnadapondy and others to the District of Chingleput has been deducted from the head of Village rents for more than one year, but neither the 11th July sheets from Chingleput

Chingleput nor their Enclosures show a Corresponding increase under a similar head in the accounts. The amount in question appears to have been included under that of Aniany Ryotwar while in the Summabundy accounts again it has been included with the Inuta of permanently Rented Villages under that head.

5 In their General Reports to Government the Board have entered the demand of the Village in question under the proper head and Mr. Cochrane is requested to make similar entries in his Office Copy of the 11th July Statement and to prepare his future monthly accounts in the same manner.

From the Sub Collector of South Arcot.....

Sir,

I have the honor to request that you will be so good as to forward my application for an extension of leave for one week under Section XI amended of the absentee rules.

The State of the weather preventing me rejoining my district with the period of leave already granted me, will I trust be a sufficient reason for my making a direct application to the Board.

B. of R. No. 2812.

From the Coll. of Tanjore Reporting on the Settlement of the District for Fusly 1261.

Sir,

I have the honor to report on the settlement of this District for Fusly 1261 which was conducted by the late Acting Collector Mr. Goodwyn A.D. 1851/52.

2 In reference to the accompanying Memorandum shewing the Monthly reports of the state of the season during the fusly under review will shew its great irregularity as affecting various parts of the District, both at the time of commencing cultivation, and subsequently during the growth of the crop, and the result has been considerable loss to the Ryot in the quantity of his produce on that grain, which came to maturity as well as to the Circar in the extent of land left waste or unproductive for want of water, in addition to

to that partially damaged which came under remission Independent of the partial failure of the regular Monsoon at a time when rain is most valuable to fill the ears the sowing season also commenced under another disadvantage in consequence of the very heavy rains which fell in May, and thoroughly soaked the Talooks to the eastward along the line of Coast in particular thus rendering the Nunjy land cold and clammy, at a time when it should be well dried and full of cracks for the deposit of the Kundul accompanying the first freshes; For the Cadarumbum lands of Tritory Joondy and Reevalore depending entirely on local rain this early supply was favorable, and the Ryots derived corresponding advantage -

2- Cholera made its appearance in many parts of this District, but the number of fatal cases was not very great, timely supply of medicine tended to encourage the people and check the effects of the disease -

19 As required by the Board a detailed Statement of the Remissions allowed in the Field assessed Villages is submitted on the principle of Statement No 6 relating to the Olungoo and other classes of Villages influenced by price.

20 An account of the Population of Tanjore is also forwarded as required by Para 5 of the Board's Proceedings for 1260 and their Circular of 9th April 1852.

21 With reference to the circular letter from the Board under date the 11th March 1852 I beg to state that the accounts of the outstanding balances in this District for Fusly 1258, 1259, and 1260 are under preparation and will be separately forwarded, and the course laid down in the concluding part of that letter will be followed in future annual reports.

22 In their review of the Assessment

Fort St George 2d December 1852

Proceedings of Board for 1260 Para 18.

Assessment of Poonjah and Garden lands proposed for certain Villages in Tranquebar, the Board having called for explanation on the rate of 20 Rupees adopted in assessing the Garden lands in the Village of Annicul, I have to observe, that the land so assessed is cultivated with Betyroot and other valuable articles of produce, The rate prevailing in the neighbouring 2 Villages in Parrellem Taluk for lands so cultivated averages 26 and 28½ Rupees respectively, but in consideration of the superiority of these lands over those of Annicul, I considered the assessment of 20 Rupees as proportionate to the actual productive powers of the land and request the sanction of the Board for the confirmation of this rate

23 In para 7 of the Board's Proceedings on the Report of 1250 referring to the entry under Annary of Cullimode and 3 other Villages, rather than maintaining them in Olungoo by the allowance of remission equivalent to the loss

sustained, I beg in explanation to remark, that the course suggested by the Board was not adopted lest it should form a precedent on which the Merasdars would found objections against the acceptance of the Villages at the Olungoo rate in better seasons, and it is satisfactory to add, that 3 out of the 4 Villages are now under the Olungoo, the 4th being necessarily held in annary as the chief Merasdar has absconded to avoid Courts process and his land cultivated by Coolies.

24 With reference to the remarks of the Board in para 9 of their Proceedings on the report of 1250 I purpose the preparation and submission of a separate report on the system of settlement pursued in the Cudapah Punnum lands of Kevalore, and Pitoty poondy, the extent of waste in which has attracted the notice of the Board and calls for consideration, At the same time it is my intention to bring to the notice of the Board the

favorable but the rain which fell in the Veerarumbum taloos has somewhat delayed the cultivation whilst in some of the Western Cadarumbum taloos want of rain has been felt.

September ——— The freshes in the Rivers at the commencement of the month were higher in the middle about the same and at the end of the month lower than last year. There has been rain this month in some parts of the District.

October ——— The freshes in the Rivers have been considerably lower than last year. Cultivation began to suffer from want of rain during the latter half of the month.

November ——— There has been less water than last year during the first half of the month but that the supply has been better between the 15th and 30th the fall of the rain during the month was favorable and there is the prospect of good harvest.

December ——— Both the Cadarumbum and Veerarumbum Villages have suffered

suffered partially from want of rain.

January 1852 ——— Partial showers fell in January in the Eastern Talooks but were of little service to the Crops. The Cadarumbum lands have suffered for want of water.

February ——— Partial showers fell in February in some of the Eastern Talooks. Cholera broke out early in the Month in some Talooks and the necessary measures for administering medicines have been adopted.

March ——— Slight showers of rain having fallen in some parts of the District the reaping of the Nunjah and Poonjah Crops there has been delayed.

April ——— No rain has fallen in this Month.

May ——— Partial rain to some extent fell during the early part of the Month.

June ——— Freshes in the rivers have been about equal in quantity to those of last year, and trifling rain has fallen in parts of the District

Tanjore, 11th July, 1852. E. E. P. / Signed / J. F. Bishop

Collector.

13981 Fort St. George 2d December 1852

No. 18

No. 117.

To J. F. Bishop Esqre

Collector of Tanjore.

Sir.

1. I have the honor to forward herewith the usual Statements No. 1 & 2 in elucidation of the Settlement of the Division for Fusly 1261 A.D. 1851/52

Season 2. The Season may be pronounced an average one, Freshes were pretty regular but water was scanty at times which together with the effects of the heavy rain in May toward the east has rendered remission necessary to a larger extent than in last year tho' to no great amount.

Prices 3. The fall of price this fusly compared with that of Fusly 1260 amounts to 4/16 Cash or 4 4/64 per Cent. The Current selling price of Fusly 1260 being Dfs 2 - C 23/16 while that of the Fusly under review was only Dfs 2 - C 19 and the Standard at Dfs 3 - C 2 3/8 - -

4. The total number of Villages comprizing the Sub Division is 2011 and they were held during the Fusly under the following heads -

Of

Oolungoo Rented Villages

6. Of the 435 Villages held under this head last year one Village fell under Amany this year, leaving 434 Villages Oolungoo rented which with 9 Villages held under Amany last year but brought under Oolungoo rent this year make 443 under this head. Of these Villages 3 received in exchange from H. H. the Rajah paid the full Assessment without reference to the Current selling prices. 17 Villages suffered from drought and were reaped under Government management. Of the remaining 423 Villages 208 Villages paid the Assessment according to the standard price leaving 215 Villages in which a remission of Rupees 10,298-8-7 was granted to the Meerassedars as the selling prices fell below the standard price more than 5 per Cent.

The standard Beriz of these 215 Villages is Rupees 14,8919-2-6

Beriz at actual selling price 13,1174-9-2

Difference 1744-9-4

Of this Sum 10,298-8-7 is borne by Government

Waste and Nattapal

8- Under the heads of Waste and Nuttapaul a sum of Rupees 6,410 has been remitted and of this Amount Rupees 5,799 were remitted in Sheally taluk alone the Amount seems large but the greater part of the lands have never

never been cultivated they lie principally along the Sea Coast and under the present circumstances are unfit for cultivation they have been taken up from time to time chiefly on Durkhast under expectations of improvement in the irrigation. Having personally inspected large portions of these waste lands I purpose next year to deduct them from the accounts as thereby a great deal of trouble will be saved on the part of Government and a vast deal of annoyance to the Meerasdars who are obliged year after year to request that their waste lands should be examined being at the same time liable to be subjected to various vexations at the hands of the examiners.

This omission appears to be unintentional, and it would not have been detected but for the informer's complaint which was lodged by him immediately.
	No 6- The informer in this case preferred a complaint against the Curnum charging him with having omitted to enter in the Curnar accounts certain extent of land cultivated under the Heads of Poonjah and Bagayet in Fushes 1256 and 1257 and furnished the necessary information regarding it- The amount proved on enquiry is Rs 21-7 8- The Curnum appears to have concealed the cultivation with a fraudulent intention and it would not have been detected but for the informer's complaint, though not preferred immediately after the fraud.

Sir,

Bd. No. 2714

From the Collector of Malabar

Suggests for reasons assigned, that it would be for the public interests were the Government to allow him to sell outright the Landlord's share to which they are entitled as the heirs of the late Betutnaad Rajah

I have the honor to suggest with reference to the correspondence noted in the Margin, that it would be for the public interests were the Government to allow me to sell outright the Landlord's share to which they are entitled as the heirs of the late Betutnaad Rajah.-

To Board	dated 5th Dec.	1843

" Ditto	22d Ditto	.

There seems every reason to suppose that were it known this share could be purchased, and the occupier (on mortgage or other tenure) assured of having an estate in absolute (fee simple) right many parties would come to terms who are now throwing difficulties in the way of a settlement which from the want of clear account, and the long time since the escheat took

Fort St. George 2d. December 1852

took place, are not easily overcome.

2d The number of Lands over which it has been ascertained that the Government have a landlord claim are as follows.

Gardens	3113
Rice Lands	2485
Dry Lands	884

* Proprietors' shares exclusive of Revenue

Of these 1536 gardens yielding an income of Rupees 759 - 14 - 2

26 Rice fields yielding an income of 18 - 13 - 8

and 581 Dry lands 61 - 4 - 11

Total 840 - - 9

have been enquired into and brought to account.

There remain to be settled

Gardens	1575
Rice lands	2459
Dry lands	303

But these latter numbers are the most difficult ones and the present holders will not be brought to reason in many cases without great delay and trouble.

3 The sale of the Land-lord's right it is generally believed would much facilitate this process.

To

Fort St. George 2d. December 1852

To the Native of Malabar this fee simple (Jenm right) is all important, and great sacrifices are made to obtain it. It is a matter of much coveted honor. To the Government it is of course valueless in that point of view, and it can have no objection to dispose of a Landlord's right and to stand in the same relation to the Betutnaad Estates as it does to Estates in general in Malabar, i.e. as simply demanding a tax, if it be advantageous to do so.

4 Independent of the present benefit which would arise from the plan I am proposing the additional advantage would follow that Estates held in fee simple would be more cared for than those held on mortgage tenure.

The proprietors would work at them with more heart and keep them in higher order. The Government tax would therefore be more easily realized and remission less called for, than is at present frequently the case.

The

Fort St. George 2d. December 1852

The amount which could be raised by the sale of this Jenm ~~right~~ Land lord's would be not less I believe ~~than~~ 60,000 Rupees (it may be more) which at 4 1/8 per cent would yield an annual income of 2700 Rupees.

Proceedings thereon.

27-28

The Board concur in the Collector's proposal to sell the (Jenm) Land lord's right or Fee simple in the remaining lands of the Estates of the late Betutnaad Rajah which have escheated to Government, with the view of facilitating the process of adjustment in the assessment on those lands with the present holders.

2. Before however applying to Government for sanction, the Board request to be informed to whom this right is likely to fall, if sold, and whether it would displace the present holders of the lands.

3. If the present occupants have been long in possession the Board do not desire to displace

displace them and they would wish to know, how the Collector would act in such cases with reference to the consideration which the Government were disposed to shew in regard to the enforcement of the rent as expressed in the last Para of Extract Minutes Consultation 18th February 1851.

From the Collector of Madras

Sir,

1. I have the honor to acknowledge the receipt of the Boards Proceedings under date the 18th October 1852 and in obedience to their instructions requested Mr Ellis to conduct the further enquiry into the missing records.

2 I beg to forward Mr. Ellis's report which contains a synopsis of the evidence taken in the case. There does not appear to

to be any new facts brought to light but the point that it was the object of the enquiry to elicit Viz. who was the party that should be considered responsible for the missing documents has been established. The person is Calatty Pillay the Translator and if the Board should be of opinion that he has not fraudulently made away with these papers I would take the liberty respectfully to recommend in consideration of his long services and present * old age that he should be allowed to retire from Office on a superannuation allowance.

3. The appointment of a Native Record Keeper to take charge of all Native papers and accounts in the several departments of this Office appears desirable.

No. 1

To J. A. Huddleston Esqre.
Collector of Madras.

Sir,

1 In obedience to your orders I have made an enquiry concerning the disappearance of certain Records connected with an enquiry held by Mr. Taylor in the Month of February † 1851 and forward for your information the depositions I have taken.

2 Upon enquiry I find that Mr. Taylor during the time he was an Assistant in this Office formally investigated three distinct cases 1st. in November 1849 concerning Salt Frauds 2d. in August 1850 regarding certain letters bearing the Sheristadar's signature concerning which letters Mr. Taylor stated in his report that although bearing the Sheristadar's signature they were not written by him - a gross fraud in obtaining the signature having been practiced - and lastly in February 1851 into certain

† By a Mistake the date in the Collectors letter to the Board regarding this enquiry was written August 1850 instead of February 1851.

Fort St. George 2d. December 1852

certain other frauds stated to have been committed also in the Salt Department.

3. The original Tamil documents connected with these investigations with the exception of three Chits in the 2d case forwarded to the Board for their inspection, are not to be found among the Records of the Office - nor have I been able to discover what has become of them.

4. The practice as regards the Records of this Office at the time of these investigations and up to the present date, is as you are aware that the English correspondence should remain in the charge of the Head Record Keeper. There is no Native Record Keeper The Head of each Department, Sheristadar Register Quit Rent, Accountant, &c &c has charge of the Native Records connected with his Department.

In 1849 Mr. D'Vaz at present Mr. Wilson.

5. What are called the miscellaneous Records in the Native languages such as Petitions, Takeeds, Depositions, Order Books, &c and kept in charge of the Head English Translator. The late Sheristadar has stated in his Deposition before me

Fort St. George 2d. December 1852

Calutty Pillay. Sawmy Modelly.

me that in his time when the depositions before alluded to were taken he considers that these miscellaneous papers were in charge of the Head Translator and also of the Sawal Nevis - but this latter servant appears by the Sheristadar's account only to have been an assistant as regards the keeping of these Records, to the Head Translator, who was in point of fact Record Keeper for such papers - Keeping the Key of the Almirah in which such Records were and being responsible for their safety.

6. Calutty Pillay the Head Translator in his deposition before me regarding the Records in the case examined by Mr. Taylor in February 1851 (referred to by the Board) states that he translated the original depositions, being assisted by Sudesashiah and others, that when these translations were completed he delivered them and the originals into the hands of the late Sheristadar who was sitting with Mr. D'Vaz in the latters room, it being the practice to take them to Mr. D'Vaz for correction. I can trace the correction of the translations and their comparison with the originals by

by Mr D'Vaz, after this, I cannot discover what became of the missing originals.

7. Calutty Pillay's duty as Head Translator was to secure these original papers in the Record Almirah after they had been compared, with the translations by the late Mr D'Vaz, the Head Record Keeper. He states that he never received back these papers and that as these papers concerned the Sheristadar he did not ask for them while the late Sheristadar was in this Office, that after the Sheristadar left the Office he Calutty Pillay forgot all about the papers till they were called for in February 1852.

8. He makes the same statement regarding the original documents in the enquiry of 1850 in both cases not asking for the papers because they related to the Sheristadar and afterwards forgetting that they had not been returned and therefore not reporting the circumstance to yourself as head of this Office

9. The documents in the case of 1849 are acknowledged to have been in his possession by Calutty Pillay the Head Translator but to have been subsequently

given to the late Sheristadar and never returned but that he did not bring this to the notice of the Collector. According to the Board's orders I have taken a deposition from Audesaskiah the Cashkeeper in the Chingleput District. His evidence before me corresponds with that he gave before the Collector of Chingleput he appears merely to have assisted the Head Translator in making the rough translations.

10. I have carefully read over the defence which the Head Translator has submitted to you in which he states that the Jamabundies Sawmy Moodely had access to the Almirahs in which the depositions should have been found and that he Calutty Pillay was deputed on other duties at different times during which other parties had access to these same Almirahs, but both in his defence and in his deposition before me he has acknowledged that he knew that Records which should have been in his charge were missing and that he never reported this circumstance. His assertion that he gave the originals in the enquiries in charge to the Sheristadar by the Sheristadar's order though by no means impossible

impossible is not supposed by any evidence whatever. You will perceive by the deposition of the late Sheristadar that he entirely denies ever having received or returned any of the missing documents and that he is the person responsible for their disappearance.

12 Sawny Moodelly took no part in any of these investigations, and the fact that he had access to the Almirahs does not appear to me sufficient to render him responsible for the disappearance of these missing Records.

13 I would in conclusion beg to call your attention to the inconvenience felt in this Office by their being no longer a Native Record Keeper attached to it. The Native Records are very numerous and the transaction of the ordinary business of each Department occupying the time of the heads of the Departments - they are very negligent in the arrangement and care of the Records belonging to their respective Departments.

14 On looking through the Records of the Office I find that there was a Native Record Keeper attached to this Office from the year 1819 to the year 1831 at a salary varying from 28 Rupees to 35 Rupees Monthly. In the year 1831 the salary of the Office of Native Record Keeper was given to Mr. D'Vaz the Head Writer and Record Keeper and the Office itself done away with.

I

15 I am of opinion that the present incomplete arrangement of the Native Records and their entire loss in the cases noticed above could not have taken place, if there had been a Native Record Keeper and leave for your consideration whether it would not be

be for the advantage of the Office that the sanction of the Board of Revenue should be requested for the additional expense of a Native Record Keeper.

Madras, 4th November, 1852.

B. No. 2382.

Proceedings thereon. 1.- As represented by the Assistant Collector the original Tamil papers relative to three distinct investigations are not forthcoming among the records of the Madras Collectorate.-

These documents, it is reported, 2.- should have been in the charge of Calletty Pillay the Head Translator by whom the Miscellaneous records in the Native language were kept, and that he must be made responsible for their loss.-

There is no native Record keeper 3.- on the Establishment, each Head of Department keeping its own records, and the Miscellaneous among which the missing documents are classed, are said to be under the custody of the Head Translator, late enquiries however would tend to prove that the practice of the Cutcherry as to the due supervision of the records was generally lost, and that the late Sheristadar was in the habit of retaining public documents as long as he pleased without giving any strict account regarding them.- In the case of the missing records the enquiries to which they refer more

Communicating to the Collectors of Madras and Chingleput the Boards views regarding the culpability of the party in charge of the Miscellaneous Records of the Madras Collectorate in the matter of the missing documents, permitting Calletty Pillay to retire on a pension, and Andevashia to return to his duties under the Collector of Chingleput; enquiring whether arrangements could not be made for the employment of a record keeper without expense to the state, and communicating the Endorsement copied on Petitions Nos. 2250 and 2252 of 1852.

29-30

more clearly affect the late Sheristadar than any other Officer now on the Collector's Establishment and it seems not improbable as alleged by Cs Calatee Pillay that those papers were purposely retained - It was nevertheless the duty of Cs Calatee Pillay to ascertain why the documents in question had not been returned, and the plea Cs that they concerned the Sheristadar does not altogether justify this omission to do so - There are no grounds however for supposing that he was a party to their abstraction, and it is this consideration that operates with the Board in not noticing his neglect further and in permitting him to retire on the pension to which his age Cs and past services recommend him -

4. Audeshashiah will immediately Cs return to his duties under the Collector of Chingleput.

5. The Collector will report to the Board what arrangement he would propose to supply, Cs without additional charge to the Government, the Cs want of a Native Record keeper -

Ordered that the following Cs Endorsements be passed on Petitions -

B. No. 2759.

From the Collector of Madras — 1.

Sir,

With reference to the Boards Cs Proceedings of the 28th October 1852, I have the Cs honor to report that the arrangement among Cs several parties for paying each their share of the Quit Rent upon Lands held under Certifi= Cs cates was a private transaction among Cs themselves -

2. The simplest arrangement would be to grant a fresh Certificate to the Complainant for the land actually in his occupation and Cs then to call upon the other holders to pay in= dividually the Quit. Rent by uncertificated Bills -

3. There is nothing in the original Cs Certificates

Certificates issued in 1808 which would lead me to think that the usual practice of measurement had been omitted.—

From the Secretary to the College Board

Sir,

I have the honor to enclose a Medical Certificate for a further extension of leave to reside on the Neilgherry Hills upto the 30th April 1853 and beg you will forward this my application and Certificate to Government.—

You

You will see by the date of the Certificate that it ought to have been sent in to Government sometime ago— about the 23d of October— I would beg however to bring to your notice that the Enclosed Certificate was given to me by my Medical Attendant with the understanding (on my part at least) that I was to keep it in my possession and that a similar one had been forwarded to Government by him— I find however that I must have misunderstood him and have in ignorance been keeping back the very certificate which ought to have been forwarded for the consideration of Government last month prior to the termination of my former leave—

To the Acting Collector of North Arcot.

To, The Acting Collector of North Arcot.

Sir,

1. I am desired by the Board of Revenue to forward the enclosed Petition (2331 of 1852) from Hussain Sahib Monigar of achomungalum.

2. The history of this case is fully detailed in the Board's letter of the 29th October 1846, and they do not understand why under the view taken in that letter, Mr. Bourdillion should, as appears from his Endorsement of the 9th August 1849, have retransferred the 1/4 share of the Mannium to Narrain sing. The Collector's construction of Section II. Regulation VII of 1831 has been declared erroneous in C.O. 17th October 1850,

To, The Collector of Trichinopoly.

Sir,

1. In forwarding the enclosed Petition No. 58 of 1852 I am desired to request that you will inform the Petitioner that the Board cannot accede to his proposal in its present shape.

If desirous of endowing a Choultry and leaving its funds to be applied, as appears to be the wish of the Petitioner, by the public authorities it occurs to the Board that this intention might be carried out by lodging Company's Paper in the hands of the Collector, who would make over the interest annually to the Superintendent of the Choultry or any other
