Fort St. George—

(1)

Br. No. 2970.
From the Assistant
Collector of Canara—

Sir,

I have the honor to request that you will forward to the Civil Auditor for transmis=sion to Government, my application to be allowed leave of absence from my Station for the period of Six Months under Section V of the absentee rules.—

The Medical Certificates fur=nished me by the Zillah Surgeon have been sent to the Medical Board with a request that they would be forwarded direct to the Civil Auditor, the State of my health rendering it necessary that I should as soon as possible enter on the leave recommended.—

Mangalore,
26th November 1852

I have the honor to be
Sir
Your most obedient
Servant

From the Secy. to Government

Reviewing the Returns of Persons charged with Offences under Regulation IX of 1822 during the two half years ending December 1851 and June 1852 and calling upon the Collector of Masulipatam to submit his Statement forthwith.—

No. 1117

Extract from the Minutes of Consultation in the Revenue Department under date the 23d November 1852.—

Read again letters from the Secretary to the Board of Revenue dated 1st April and 23d Septr and recorded in Diary to Consultation

Consultation 15th October 1852. Nos. 345 and 1079.—

Read also the following letters from the Commissioner for the Northern Circars.—

(Here enter 22d October 1852 No. 92)

Para 1. The number of persons charged with offences under Regulation IX of 1822 during the two half years ending December 1851 and June 1852 constrasted with the half year immediately preceding them is shewn below.—

	First half 1851			Second half 1851			First half 1852

Do. Confirmed	"	6	6	"	10	10	"	"	"
Do. Reversed	"	"	"	1	1	2	"	"	"

The total number of appeals preferred to the Board of Revenue in the second half of 1851 was eleven in ten of which the decision of the Collectors was confirmed.—

2. The Statements from the Commissioner for the Northern Circars do not include the cases.

cases tried in Masulipatam during the last two half years. The returns from that District, it is stated, have not been supplied and the Collector has again been called upon to forward them without delay. The Right Honorable the Governor in Council is much displeased at the omission and he desires that the returns be sent up to Government forthwith and that in them the cases coming before the Special Assistant be distinguished from those brought before the Collector and his ordinary Assistants. It does not appear that any cases were tried in Ganjam and Vizagapatam. The cases tried in the first half of 1852 were wholly in Guntoor and in the half year preceding it, mostly in Guntoor but partly in Rajahmundry.

3 In the District under the Board of Revenue the cases were most numerous in Cuddapah, North and South Arcot. In six Districts Viz^t Bellary, Chingleput, Tanjore, Trichinopoly, Madura and Malabar there were no cases in the second half of 1851 and in the first half 1852 none in Bellary, Tanjore, Malabar and Coimbatore.—

Read an Extract from the Home Department No. 854 dated the 13th Instant forwarding for orders a Despatch from the Govern=ment of Fort St. George No. 899 of the 10th Ultimo, with enclosures, and a Tabular Statement soliciting sanction to the appointment of a Superintend=ant of Salt Revenue in the Collectorate of Madras.—

Resolution—

The Government of Fort Saint George reports.—

The circumstances under which this proposal originated will be found in the accompanying correspondence with the Board of Revenue. It may however here be noticed that the Salt Sales at Madras exceed five lacs of Rupees annually, that they have of late greatly augmented, and are likely to increase still more with the improvements in the communications between the

the Presidency Town and the interior. The native servants in the Collectors' Cutcherry, who is the Superintendent of the Salt Department draws at present a Salary of only Rupees 42 a Month. The Salt is manufactured at the Ennore and other Pans at distances of from to 15 Miles from Madras. That quantity which is sold for exportation by Sea, is shipped at Ennore but that destined for home and inland consumption, which forms by far the larger proportion, is brought by Canal to the Depôt in the vicinity of the Black Town, where it is stored and disposed of to the retail dealers of Madras and to the wholesale Merchants who carry it into the interior. From the absence of any efficient or trustworthy Superintendence the Salt transactions in all their stages afford openings for the most flagrant frauds some idea of the extent of these malversations may be gathered from the occurrence reviewed by the Board of Revenue in their Proceedings now under submission from which it will be seen that no less a quantity than 26 Garce of Salt or more than 100 Tons valued at the monopoly rate Rs. 3120 was embezzled on a single occasion. The Right Honorable the Governor in Council has reason to know that this is by no means a solitary case of fraud and he is convinced that no effectual check can be

be put to these malpractices except by the appointment of an Uncovenanted assistant of energy and activity and on such a scale of remuneration as may be likely to secure his integrity and place him above the temptations to which servants of an inferior grade would be exposed. The Governor in Council is further assured that the expense involved in the appointment would be repaid many fold by the advantages to the public interest which would be found to result from it, and in this conviction he would desire to bespeak for it the favorable consideration of the Supreme Government."—

Under this explanation and on the recommendation of the Government of Fort St. George the Most Noble the Governor General in Council is pleased to sanction experimentally the appointment of a Superintendent of the Salt Revenue in the Collectorate of Madras on a Salary of Rs. 300 per Month, subject to report at the expiration of a twelve Month.—

To The Chief Secretary to Government.

Sir,

Bc. No. 2398

To The Chief Secretary to Government - - -

Recommending Mr. R. P. Campbell for appointment to the Salt Superintendentship at Madras and stating what his duties will be.—

1. With reference to Extract Minutes Consultation under date 29th November 1852 No. 1142, Revenue Department, I have the honor to submit for the information of Government that the Board of Revenue would propose to nominate for the appointment of Salt Superintendent at Madras Mr. R. P. Campbell at present an Uncovenanted Assistant in their Office. Mr. Campbell having served nearly six years under their supervision they are able to put confidence in his steadiness of Character and his diligence in the discharge of his duty and experience in official business.

2. In his position as Salt Superintendent he will be considered under the immediate orders of the Collector to whom he will report direct, and keep that officer informed on every matter connected with the Department.—

3. The Superintendent will have to attend not only to the business of

of the Madras Cotaur but to the Pans at Cuttewauk - Ennore and Attiput.-

4- With regard to the Madras Cotaur it is not intended that he should conduct all the sales personally, but that he should keep up a constant supervision; visiting daily (except when on duty at the pans) and attending to complaints either on the part of the Merchants or of the native officers. He should be authorized to enquire officially and in due form into cases of smuggling, robbery, fraud &c. in those cases where the Collector may see fit to employ him, instead of the Covenanted Assistant.- It should be his duty to inspect the daily accounts of receipts and sales to endeavour to arrange these accounts in a better form to see Heaps occasionally measured, and in every way to secure the purchasers from vexations delays, and the Government from deception.- It is expected that he will make himself acquainted with every person connected with the Establishment and with the special

duties

duties for which each is responsible- It will be his duty to ensure the punctual fulfilment by the Boat Contractors, of the engagements they have undertaken, looking especially to the quick despatch of the Boats and the unloading and heaping of the Salt- It will also be necessary, occasionally, to visit the Cotaur at night and see that the watches are kept.-

5. Any improvements that growing experience may suggest as to the system of accounts or of method of sale, manufacture or conveyance, he should at once bring to the notice of the Collector in writing.-

6- With regard to the distant Pans of Cuttewauk, Ennore and Attiput it will be the duty of the Superintendent to visit them constantly.- In December or as soon as the rains have ceased, he should personally distribute to the parties specified any new pans that may have been sanctioned, look carefully over the Register and take from all the cultivators their

Signature

signature to the Moochilka by which they undertake to supply, and the Officer to receive the annual supply of salt. During the early months of the Calendar year the Superintendent should visit the pans every week, to watch the progress of the Manufacture, and if it is neglected he should report the particular defaulters with a view to the transfer of their pans to others as provided for in the Moochilka.-

7- Later in the season when the manufacture is actively carried on, he should visit the pans once a fortnight. and so arrange as occasionally to come unexpectedly in order to ascertain the extent of vigilance practised by the native subordinates. He should use every justifiable means to informs himself as to the extent of smuggling and the manner in which it is carried on and endeavour to introduce some system by which it could at once be ascertained at sight about what quantity of Salt is contained in any laden boat.-

It

8. It will also be his duty to ascertain as near as possible the average outturn of Salt from any one Pan, so that no sanction be given for more Pans than are really required to make good the fixed Demand, and to exert himself in order to prevent sales at the pans or on the shores of the canal during conveyance to Madras.-

There as well as at Madras

9- he should be authorized to investigate cases of exaction or fraud and in cases of disputes between the manufacturers themselves, he will endeavour by personal enquiry to induce a friendly arrangement and avoid unnecessary wrangling in the Cutcherry or Court. It would also be advisable to entrust the Superintendent with payments of the Coodeoaram to the Cultivators as the manufacture progresses and thus save the harassing delay often occasioned by their being obliged to come up to the Hoozoor.-

It is not improbable

10. that when the Superintendent shall

have

have become practically acquainted with his duties, the Board will recommend the incorporation of the Vellore and Vayalpar pans with Madras; at present they are in the Chingleput jurisdiction; but they are closely adjacent to Attepat and are kept up solely to furnish the Madras Cotaars with salt.-

Fort St George.

Sir,

On the 26th June 1847 my Predecessor addressed the Suder Udalut with the view of obtaining some sort of remuneration for the Village Moonsiff of Combaconum, but that Court declined to accede to Mr Lewins recommendation on the ground that the question of granting remuneration to Village officers in general had been for some time under the consideration of the Government and of the Board of Revenue.-

On

Fort St George 6th December 1852.

On the 22nd of November 1851 I renewed the application and received a similar reply but not having yet received any intimation of the final settlement of the question, I am constrained to appeal direct to the Right Honorable the Governor in Council in behalf of a man who has worked hard and well for many years without any remuneration.-

The annexed copies of the correspondence with the Court of Sudr Udalut will explain fully the grounds of my recommendation, and it is therefore unnecessary to recapitulate them.-

Sir,

I have the honor to forward herewith translate of an Arzee addressed by the Village Moonsiff Sygatoory Moodelly of Combaconum requesting me to recommend that a remuneration of some sort for his services may

may be granted him.-

2- This Village Moonsiff and his ancestors have filled this office very respectably for 30 years.- The Office is very beneficial to the people and the praise-worthy exertions of these useful Officers were made conspicuous in my letter of the 4th December 1839 to the Sudr Udalut.- The Court of Directors directed that presents of Cloths should be made to encourage them, which was done accordingly as authorized by Government in their order of 30th November 1844.-

3- As Combaconam is a very populous and increasing Town the file of Suits within the cognizance of the Village Moonsiff increases more and more in proportion as will be seen by the annexed Statement, and the duty of the Moonsiff Iyyatoory Moodelly appears very arduous.- The greater the satisfaction the people derive from him the greater number of

of suits are brought before him.-

4- Under the circumstances therefore I beg to recommend that some remuneration may be granted to this deserving Village Moonsiff Iyyatoory Moodelly, and I think such a remuneration as is granted to the Village Moonsiff of Trichinopoly which

Sir,

Giving explanation upon the several points referred to in the Board's.

Para 1. I have the honor to address you on the subject of the Board's Proceedings of the 29th of March last.

The

Board's Proceedings of the 29th March last.- Para 14

2. The Board remark that whereas I stated in my letter of the 8th of November No. 118 that in the two Villages of Saregondah and Badel Koyelapully the turn was the same for certain classes of E and dofusul land while in the three Villages of Chinnagottegul, Chuttaware: polliem and Peddamundiem, the dofusul was higher than the E fasul teerwah, an examination of the Statements I submitted marked B and C, shewed that the difference between the two rates was greater in the two first than in the three last mentioned Villages.-

Statement C

3. The Saregondah there were shewn to be eleven classes of dofasul land the assessment on which varied from C.P. F. as. C.P. F. as. 8-2-8, to 3 the acre and fourteen classes of E fasul land with an assessment varying from 5-6-4 to 5 fanams the acre. No fasul jasty has been levied on the dofasul lands bearing the four first rates or from 8-2-8 to C.P. F. as. 7-5-0 since Fusly 1231, but it has been levied on the dofasul land assessed at 6 Pagodas and downwards, and upon the E fasul land the

the highest rate of which is C.P. F. as. 5-6-4, the difference being only C.P. F. as. 3-12 so also in Bodacoyalapully, where there were shewn to be five rates of assessment on dofusul land ranging from C.P. F. as. 6-5-0 to C.P. F. as. 1-5-0 the acre and eight rates on E fasul land ranging from 6 Pagodas to 5 fanams; the difference between the highest rates of both classes being only 5 fanams. But in the land under the three tanks of Chinnagottegul, Chuttaware polliem and Peddamundiem, the case is different, for in the first the dofusul assessment varies from C.P. F. as. 4-5-0 in the first rate to C.P. F. as. 3-5-0 in the second, and the E fasul assessment from C.P. F. as. 3-5-0 in the first to 5 fanams in the 6th rate: the difference between the first rate of each class being one Pagoda and the last rate three Pagodas; in the second, the difference between the rates of which there are only two in each class, is two Pagodas and in the third the difference between the first rates of both classes is C.P. F. as. 4-3-0 and that between the last rates C.P. F. as. 2-5-0 the result of the whole examination appearing to sustain my former remarks.-

Statement C

Para 6- 4. The Board further remark.-

Fort St. George 6th December 1852.

remark that the Statement marked B forwarded with my letter does not bear out my assertions first, that the four highest classes of dofusul land in Taregondah have not paid fusuljasty - second that in Nimmanapully such extra teerva has been levied though the tank is not entered as "jair"; and third that all the land in Nimmanapilly is sfl fasul and pays an extra tax on bearing a second crop.-

5. The two last columns of the Statement B are headed "Fusuljasty" and "of which amount to be collected". the former shewing the extra assessment charged on the land at the Settlement of Fusly 1260, and the latter, what it had been usual to collect up to that time, and what in my opinion should still continue to be collected - Since Fusly 1231 the land in Taregondah bearing the 2d rate of dofusal assessment has not been cultivated, the lands bearing the first third and fourth rates have been cultivated, but as stated in my former letter, fusuljasty has never been collected on them, the entry in the last column but one of Statement B, shewing as I have said above, not what had been usually

Para 6.

Collected

Fort St. George 6th December 1852.

collected. but what it was proposed to collect at the settlement of Fusly 1260. As regards the Village of Nimmanapully I have to inform the Board that all the dofusul land is classed and cultivated as turry & Bagayet, on which description of land it is not the practice of the District that fusuljasty should be charged, there is therefore properly speaking no dofusul land, and with the exception of the turry Bagayet all the land is sfl fasul paying a fusuljasty for a second crop as was formerly stated by me.-

6. The Board further observe that if my recommendation that the three tanks of Chinnagottegul, Chattawarepollem and Peddamundiem, should continue to be classed as chillera on the ground that there had probably been sufficient reason for their removal from the class of jair tanks, the same argument would apply to Nimmanapully; but the Board will observe above that there are no dofusul lands in Nimmanapully, and as the whole discussion is regarding the assessment to be charged on dofusul land it is

not

not necessary to make any alteration in the classification of a tank which has no such land below it.-

Para 8

7. The Board's final instructions upon the subject of these tanks are, that the actually state of the lands under them should be taken into consideration and that they should be reclassed according to their capabilities.-

Nimmanapully

8. As there are no doubtful lands in Nimmanapully, and these dofusul lands are of course liable to a fasuljasty on producing a second crop there would appear to be no call for any alteration there.-

Badecoyalapully

9. The 1st 3d and 4th rates of assessment on the dofasul lands of Badecoyalapully being only 5 fanams higher than the 1st 3d and 5th rates on the fasul land, and the second rates of each class being the same it appears also unnecessary to make any alteration in the arrangements which classed the tank as fair, and rendered its dofusal land liable to fusuljasty.-

The

Peddamundiem Chinnagottegal Ganthrasapetta

10. The result of the enquiry which under the Board's instructions has been made into the circumstances of the lands in Peddamundiem and Chinnagottegal does not induce me to recommend that any change should be made in the assessment heretofore demanded.-

11. The dofusul land is much impregnated with soda and could not afford to pay any higher assessment than that which is now upon it.-

Saregondah

12. The first four rates of assessment on the Dofusul land of Saregondah are from nearly two to more than two and a half Pagodas per acre higher than the highest rate of the Fasul assessment, and although they are usually cultivated with a second crop, a demand of Fusuljasty could not be met without loss to the Ryot, and the immediate abandonment of the cultivation. A reduction of assessment on the lands assessed at the 1st 3d and 4th rates was made.-

made in Fusly 1218 as follows.-

No.	Extent of land: acres.	Rate per acre.	Assessment.	Reduced rate.	Assessment	Difference
			C.P. F. as	C.P. F. as	C.P. F. as	C.P. F. as
163	8-17-6	11-0-0	93-0-8	8-2-8	69-7-14	23-2-10
67	0-14-0	10-5-0	3-8-3	7-8-0	2-8-10	9-8-2
68	0-22-0	10-5-0	5-9-6	7-5-0	4-1-4	18-2-0

but even with this assistance to the Ryot I am not able to recommend that any change should be made in the demand.-

Cossovarepully 13. In the last paragraph of the proceedings to which I am replying the Board desire that the lands in Cassovarepully omitted at the Pymaish should again be divided into fields of suitable proportions, and reassessed with reference to their productive qualities, and the tax obtaining on similar lands. I had previously informed the Board that I proposed to investigate this subject at the settlement, and before arriving at Mudden: I accordingly sent a revenue officer to remeasure the whole land, his report on returning confirmed what I had already heard, that the land in question was almost all rocky hill, and dense jungle, so that

that it was utterly impracticable to make any detailed measurement of it. When I examined the Tahsildar as to the means by which he had obtained the measurements he had formerly sent to the Cutcherry and he admitted that in consequence of the inaccessible nature of the country, he had taken the length and width of such portions as a pathway enabled him to pass the chains along, and from this mode a rough calculation of the contents and he acknowledged that a more minute subdivision than had been already made was at present quite impossible. All the land that has hitherto been cultivated has been regularly entered in account, and boundary stones have been placed to mark the different numbers. Similar proceedings will be adopted as the jungle is gradually cleared, but it is now so very dense that no idea can be formed of the nature of the soil below nor of the extent of land which is covered with granite rock, and consequently no attempt can now be

be made to place an assessment upon it.-

Proceedings thereon-

(39-40)

Under the further explanation of the Collector the Board have no objection to the existing practice by which the two crop lands of these Villages are exempt from assessment.-

2. They also concur in the Collector's proposition that the lands in Casavaree pully omitted in the Pymaish shall be marked off into fields as the cultivation extends and an assessment levied agreeably to the productive qualities of the soil.-

Requesting the Board's opinion on the argument raised in the Draft answer to the Sankaradroog Moobatdars Plaint Viz: that a claim for land which for a long series of years has been in the undisturbed possession of Government is barred by the statute of limitations.
15th July 1852.

Sir,

Para 1. In my communication to your Board of the Marginal date, I had the honor to submit for approval the Draft of an Answer which I proposed under the contingency then explained, to file in the suit recently instituted against me by the Mootahdars of Sankaradroog.-

2. The argument used in the 4th paragraph of that Draft Answer was founded on the precedent established by the Decree of the Sudr Udaulut in Special appeal Suits Nos. 44 of 1850 and 6 of 1851 that a claim for the recovery of land which, during a period exceeding twelve years, has been openly and undisturbedly in the possession of Government is barred by the statute of limitations.—

Not

3. Not gathering from the proceedings of your Board on my communication of the 15th July last, whether or not the use of the said argument has had the Board's approval, I have now to request that should there be no objection, I may be favored with instructions on the point of whether a resort to that argument will be supported by the Board in cases to which it may be applicable.-

4. The necessity for the receipt of these instructions arises from the fact that a troublesome claim has of late been brought against me for the recovery of certain giddagavel lands, the answer to which will occupy much valuable time from the reference to old accounts and records which it involves; whereas, if a bar be pleaded under the statute of limitations as construed in the Judgment of the Sudr Adawlut above quoted, the course of litigation will be easy and smooth enough, at the same time that as I view the claim, no injustice will be done by thus causing the immediate rejection of the Suit.—

5. Again, there is a matter before me the determination of which I had put aside in order to ascertaining what might be your Board's view in respect of the Draft Answer in question. Had it

received their support in regard of its fourth paragraph, I should have deemed myself at liberty to decline adopting measures for recovering a tract of waste land covered with tamarind trees, which seems to be Government property, but which for many years past has been in the possession of a Mootahdar who would not, I apprehend resign it without a struggle, now that the sentiments of the Sudr Udalut in respect of the 12 years regulation have become known through the evidence of the decree in the Special Appeal Suit to which I have above adverted.--

Proceedings thereon.--

Communicating to the Collector of Salem the Board's views on the subject of the argument used regarding limitation in the Draft answer to the Sankarydroog Mootahdar's Plaint.--

The Board see no objection to Mr. Phillips pleading the Law of Limitations in such cases as it legally applies and where it does not entail unnecessary hardship on the opposite party.--

2. The Board in their Proceedings of 26th July did not notice the proposed plea of limitations because they preferred to make an amicable settlement without going to Law.

3. Mr. Phillips will remember with reference to the last para of his present letter that the mere fact of possession for more than 12 years does not constitute right. For the purpose of Limitation there must be "a possession continued and not interrupted--peaceable, public, unequivocal--grounded on alleged title of ownership (Macpherson, p. 74)".

Sir,

From the Collector of Trichinopoly.

Stating with reference to the Board's Circular of the 8th Instant, that no delays or impediments appear in his District in the recovery of Costs due on account of Civil Suits instituted against Public Servants in the Courts.--

In reply to your Circular of the 8th Instant I have the honor to state there appears to have been no delays or impediments here in the recovery of Costs due on account of Civil Suits instituted against Public Servants in the Courts.

On the contrary I find from a reference to my Records that sums of Costs have from time to time been recovered and remitted to this Treasury from the Courts of Adawlut as received from the Plaintiffs.--A few items are exhibited in the Margin for the sake of example.

* 1842 September	Received from the Auxiliary Court as Costs of Suit recovered from the Plaintiff in A.S. No. 11 of 1837 Rupees	26. 1. 8

1850 July	Do from the Government Vakeel in No. 69 of 1846	7. 12. 0

2. The trifling sum of Rupees 10. 4. 0 is outstanding on account of Costs for Civil actions depended by the Government in the Suits hereunder enumerated.--And of this only one Rupee can at present be demanded, because two Suits are pending under Appeal.

Sir,

The Statement of Demand Collection and Balance upto 11th July last and its enclosures returned with Extract from Board's Proceedings of the 6th Instant will be shortly forwarded duly revised in accordance with the instructions contained in your letter of the 19th July last, in the meantime I have the honor to transmit the Return for last Month prepared in the usual form, presuming, as the Statement from 12th to 31st July last has not been sent back for correction, that your letter of 19th July above alluded to refers only to the accounts from 1st to 11th July of each Fusly.

Bd. No. 2390.
Proceedings thereon

Pointing out to the Collector of Tinnevelly certain incorrect entries in his Demand Collection Balance Statements for 11th July and 31st July and for August and September, giving instructions for future guidance and calling for certain information

(51-52)

With reference to the observations of the Collector in the foregoing letter the Board remark that their instructions were that the same system should be pursued in the preparation of the subsequent Demand Collection and Balance Statements of Fusly 1262 as that directed to be observed in the revisal of the entries of the 11th July returns for Fusly 1261. Their object in keeping back the former accounts in this Office was to await the issue of the alterations which they desired to be made in the 11th July returns and to dispose of them subsequent to the receipt of Mr Bird's reply.

2. In the revised returns submitted with the letter under reference the Seuoy Summa Revenue has been distinguished into "Land" and "Extra" revenue, but the item of "Interest" has not been included with it as directed in the Board's Proceedings of 19th July 1852 — nor has it been shewn what portion of the "Interest" that has been entered separately in Statement No. 1 appertains to "Land Revenue" and what to "Extra Sources".

The

been duly revised, but the Collections entered in Col: 2 and 5 of enclosure C are the same as they were before the accounts were returned for revision and do not correspond with the arrears exhibited in Enclosure D - such a correspondence ought always to be preserved.

5. Instead however of returning the Demand Collection Balance sheets for 31st July and those for August and September for rectification the Board request the Collector will transmit a Memorandum shewing the Demand Collection Balance of Sewoy Summa distinguished into Land and Extra Revenue in the same manner as that sent with the 11th July returns for Fusly 1261. The entries of this source of revenue being exhibited in the future monthly accounts in conformity with the foregoing instructions.

The Collector is requested to carry out the Board's instructions in respect to the entry of this item - as also to exhibit that of "Commission" in his future returns.

3. In the enclosures A. B. C & D the Sewoy Summa Revenue has not been exhibited in the manner prescribed in No. 1 of the Demand Collection Balance Statements. The Land Revenue Sewoy Summa is given under the head of "Ayen Land Revenue" and the Extra Revenue Sewoy Summa under that of "Ayen Extra Revenue" an arrangement by which neither the Demand Collection Balance of the "total Ordinary Revenue" nor those of the "total Sewoy Summa" can at one view be ascertained — Mr. Bird will therefore shew the Sewoy Summa under the "total Ordinary Revenue" which again ought to be entered in the same way as in the Demand Collection Balance returns, distinguishing "Land" and "Extra Revenue", the grand total of the whole being given in the end.

57

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue.

Sir,

B. No. 2760.
From the Collector of Coimbatore—

Requests the Board's orders on a point lately referred to the Sudder and Foujdaree Adalut with reference to the Convict labour in and out of the Town of Coimbatore.

I beg to request the Board's orders on a point lately referred, improperly I believe, to the Sudr and on which that authority as a Revenue question have given no decided judgment Viz.t 1st whether the Town of Coimbatore is under my charge as Collector or that of the Sessions Judge, and 2ndly whether the Sessions Judge should work Prisoners in the Town entirely independent of me or with my concurrence. Of course it would be desirable that all works should be carried on with mutual and cordial Cooperation I have been enabled heretofore both here (with Mr. Bird the former Sessions Judge) and elsewhere always to do so—

2 The practice so far as my experience goes in all Districts where I have yet been both as Collector and Sessions Judge is for the Judge to place at the Collectors disposal what Prisoners he requests without

interfering in the details of the work the Collector may be doing, or if the Sessions Judge did any work himself in the Town, it was not intimation to and concurrence with the Collector.

3. I truly regret that a difference of opinion between the Sessions Judge and myself compels this reference but as an honest and real difference may occur it is better to avoid a mistake and clashing that it should be settled. The Sessions Judge claims practically the right to do whatever he thinks best in the Town, without any reference to the Collector and has done so, with a Considerable body of Prisoners for many months past. I have not interfered in any way from motives of delicacy and official courtesy, but as I do officially and honestly differ in opinion as to the expediency and necessity of the works done and doing, I do not feel it longer right to give up, as it were the entire charge and control of the Town to the Sessions Judge, believing such not to be the intention of Government.

4 I am under the Board's orders to carry out the "municipal" act in Coimbatore. This

this may naturally involve improvements such as draining, altering Vegs of Streets, by Convict labour: if a difference of opinion exists, is the Sessions Judge, or the Collector to carry out these works? The hours, discipline, selection of Prisoners, degree of work, Vegs both in and out of Jail, as regards the Prisoners of Course rest entirely with the Sessions Judge; but the detail of the work and its direction, should, I think within the Town at all events, rest with the Collector, if not, how is he to carry out the act or any other local useful work? If the Board deem otherwise I shall be only too glad to make over the act the Town and its charge to the Sessions Court, and save myself Considerable trouble and responsibility, but as I have found the practice otherwise in every District in which I have yet served, I beg to request the Board's or if Requisite Government orders upon it.

5 I am Compelled to this reference with much Reluctance and after long deferring

deferring it, from the fact of the Sessions Judge having lately removed from me Prisoners when engaged under my own personal and careful directions, in a most useful and necessary work: the Repair of an old Tank, the Removal has been so public, so uncalled for, and officially disparaging, that I can: not again willingly submit to place my: self in a similar position. I respectfully submit that a Collector is usually in a posi: tion to work Prisoners more usefully and at a greater saving to Government, than a Sessions Judge; that at least half the Prisoners at a station might be most use: fully and properly allotted to the Collector for work in and about the Head station, while with an average Jail of 250 Convicts at his disposal, I have never asked beyond 50, for several very necessary works and use: ful improvements, in and about Coimbatore. thus leaving to the Sessions Judge 4/5ths or 200 for any duties he thinks proper. I have found great difficulty in obtaining even a portion of these 50 and have at this moment only 36, though I have very distinctly and courteously asked, in

vain again for a few more -

6 I subjoin a list of works in and near Coimbatore which I can carry out by Convict labour if allowed, if not, Coolies must be employed and an Estimate made at the cost of Government. I ask only the use of half, or even 1/4th of the Prisoners in the Jail, leaving the other half, for any use, within or without the Jail, the Sessions Judge may think right, with this arrangement I will undertake to keep the Town and all its approaches, on every side, in goode Repair, giving up to the Sessions Judge any Roads he wishes or prefers, out of the Town, but I beg that I may be allowed to carry out the details of my work, and be of his, without the interference I have lately been subject to, and I most respectfully request that if the Board do not feel prepared to decide fully the points here referred, they will refer them to Government.

7 My own and Mr. Rowlett's ideas of Cooperation and range of duty differ so materially on the two points of the

Fort St. George 6th December 1852.

the Charge of the Town, and Convict labour, that I think a clear and distinct reference to and settlement by Government, will save future possible misunderstanding, and facilitate Public works. I ask only for such assistance in the matter of Public works, as I have ever hitherto been used to give as Session Judge myself, and received as Collector, both here and elsewhere.

8. I have now at my disposal only 32 Prisoners (insufficient) on a very bad piece of Road near the Town and 4 working in and near my own Cutcherry, in all 36. There are several other useful and necessary works lying over for want of a few more Prisoners, especially a Public School in the Fort, for which the Natives gave more than 500 Rupees, and Government granted 500 more; this is likely I fear to exceed the Civil Engineer's Estimate for it; I have asked in vain for a few Prisoners to assist the Sessions Judge has not thought fit to comply with my request, though having a large number at his disposal in Jail; most of them working in the Town without any reference to me, and on works, which, with all deference

I

Out of 250 usually in Jail.

16 only

Fort St. George 6th December 1852.

I am compelled to say, I consider nearly unnecessary.

9. I do not wish to trouble the Board or Government with the Correspondence which has passed on this subject, tho' forthcoming if required. I only request, with a view to present and future Public works, and for my own guidance, a settlement of 3 points 1st As to who has Charge of the Town, the Sessions Judge or the Collector. 2d As to what portion of the Prisoners in Jail the Collector may fairly ask the Sessions Judge to place at his disposal for Public works. 2 and 3d As to whether the Sessions Judge can afterwards interfere in the details of those works as has been lately done and the Prisoners suddenly removed for whether the works should not be left to the direction and responsibility of the Collector. I beg distinctly to repeat that I only ask 1/2 1/4 or whatever portion Government may think right, of the Convict labour available; leaving all the rest of the Prisoners entirely at the Sessions Judge's disposal for any works he may think right, and I add a Memorandum of useful Public works which we have

have been heretofore done, and may be done, by Prisoners under the direction of the Revenue authorities. I beg to add that I have certainly 50 at "Sunganoor" but they are on a particular work ordered by the Civil Engineer, 5 Miles from Coimbatore, and not at my discretion available for any other locality, and they all will also be, shortly, returned to the Jail.

Proceedings thereon.

Submitting with the Board's remarks a letter from the Collr. of Coimbatore enquiring whether the Towns of Coimbatore is under his Charge as Collector or of the Sessions Judge and whether this latter officer should work Convicts in that Town entirely independent of him.

57-58

Resolved that the letter recorded above be submitted for the orders of the Right Honorable the Governor in Council.

2. The Board are not aware what instructions Mr. Ronpell may have received from the Foujdaree Udalut, they therefore solicit the orders of Government on the subject under discussion between him and the Collector of Coimbatore. They would at the same time remark that by act XXI of 1841 the Charge of Towns appears clearly to be placed under the Magistrate, and that the usual practice of the Presidency has, so far as they are aware, been to consider it as a part of the Collector's duty to suggest and carry out all public improvements whether at the principal station, or in other parts of his district.

3. With respect to the employment of Convict Labor, the Board are of opinion that the general principle upon which it should be regulated is, that it should be at the disposal of the Officer whom the Government may declare to be vested with the charge and responsibility of carrying out public improvements but

but under any circumstances, that works either sanctioned by Government, or recommended or approved by the Civil Engineer should have a prior claim to the assistance of the available convict labor over all others, and that the Civil Judge should be bound to furnish them for such purposes, all detail of prison discipline respecting the hours of labor &c remaining exclusively under his control.

Revenue

To. T. Pycroft Esqre

Secretary to the Government of Madras

Sir,

Agreeably to the instructions contained in paragraph 20 of a Despatch to this Government, from the Honorable the

Fort St George 9th December 1852

the Court of Directors No 1 of the 14th January last, I have been directed to inform you that the Commander in Chief of the Indian Navy has been requested to forward to your Government by the Peninsular and Oriental Steam Navigation Company's Vessel which is to leave this on the 15th Instant, a box containing specimens of Chintzes received from Scinde.

2. A Copy of the correspondence on the subject, as per annexed List is herewith forwarded.

Bombay Castle 13th October 1852 — (Signed) A Malet Chief Secy to Govermt

Cotract Paras 1 and 6 of a letter from Dr Gibson late conservator of Forests No 1.6 dated 13th March 1851.

Para 1 When departing for Scinde I was honored by the Commands of the Right Honorable the Governor in Council to make enquiry touching the import of Russian Chintzes and white Goods into the markets of Upper Scinde.

6. The Colours as fixed at some of the Factories on the Coromandel Coast appear to approach nearer to those of

of Russia than the English colours do, hence I have understood I they are now preferred to English Chintzes in Persia where I as in Cabul I a Chintz Garment is worn till it rots.

Extract paras 1-2-4-5-6-7-17-18 & 20 of a Despatch from the Honorable the Court of Directors, No 1, dated 14th January 1852.

Para 1. The Letters noted in margin supply the information relative to the trade through Sinde with central asia which was called for in our Dispatch of the 13th November / No 10 / 1850.

2. The subject is one to which we attach much interest, and we need not repeat our earnest desire to encourage the development of the resources, as well commercial as agricultural of the Province of Sinde.

4. The dislike of Asiatics to travelling by sea more particularly of those classes who from their inland position only

only learn its wonders and terrors by report is proverbial, and not easily to be over come, accordingly we find that the merchants of central asia complain of the loss of life, time, and property to which the voyage to Bombay and back subjects them that they are at the mercy of the Dulals and Native dealers at Bombay and are obliged to sell their goods at any price, being pressed for time to purchase a return investment, they also complain of the heavy charges of freight by steam, if they are disposed to avail themselves of the more expeditious mode of transport, In recognizing this deep rooted feeling and in acknowledging the inconvenience to which the Asiatic dealer is subjected in seeking a market so far from home. The Committee of enquiry have recorded the opinion that "this sea voyage is the great drawback to a full development of the trade with Khorasan / meaning thereby the interior of Asia /.

5 We notice with pleasure that you have authorized Mr Frere to take measures

measures for the establishment of a
Fair in Scinde and we proceed to explain
why we consider Hurrachee the most
eligible site for its formation. The Commissioner
says "as regards the situation for a Fair such
"meetings are useful wherever two lines of
"commerce join, or rather where the Boats to
"to speak, of two different classes of traders
"meet. Both Hurrachee and Shikarpore
"are so situated and both therefore are
"well suited for the purpose."

6. It is of importance that
the convenience of both parties bringing
Merchandize to the Fair Vizt. the traders
from central Asia and those who come
by Sea to the Port should be consulted.
The Khandeshar and Khelaut Merchants
are accustomed when enroute to Bombay
to visit Hurrachee no change of practice
is therefore called for in their continuing
to do so, and this is always an important
consideration. The Merchants attending
the Fair by Sea, from Ports at a greater
or less distance will be pleased to find that
their

their goods may be disposed of at the place
of their first landing and to those classes
an inland journey to Shikarpore with
the additional expense of transport would
entail difficulties which it would be
well to avoid and we therefore concur
with Dr Gibson and Mr Frere in pre-
-ferring Hurrachee to Shikarpore as the
site of the Fair leaving however the final
decision of this part of the subject to your
Government after communication with
the Government of India.

7 We think that the offer of the commer-
-cial Punchayet at Shikarpore to circulate
Copies of Proclamation through all parts
of central Asia notifying that the Fair
would be held at a given time and that all
frontier duties would be remitted during
the three months for which the fair would
be open should be accepted, and that
Copies of the said Proclamation in Per-
-sian Arabic, and Hindoostanee
should be sent to all the Ports of Per-
-sia Arabia and Africa in the Persian
and Arabian Seas, and very generally

to

to the most eastern Ports of our Indian
possessions.

17 The general aspect of our trade
with central India is more satisfactory
than we were led to expect from the
vague and insufficient Reports hereto-
fore transmitted to us. It is still
shewn that Russian piece goods have the
preference in the Market as regards
pattern colour and durability, but
there is evidence of their being under-
sold by English commodities, and of their
import being on the decline. It is therefore
highly probable that if some of the ob-
stacles which at present depress the trade
are removed, and if attention is paid by our
Manufacturers to the taste of the popula-
tion of Central Asia the preponderance
of supply may be furnished by
Great Britain even in the Markets
of Herat and Meshid.

18. To effect this desired end
we should wish you to obtain for us
from the Bazaars of the two latter cities
further samples of Russian goods in
brocades

brocades, silks, thread, wool and cotton,
and in hardware and particularly of goods
mixed with silk and cotton, which are
in very general use with Mohomedans,
and also specimens of such fabrics ma-
nufactured in Bokhara and central
Asia as may have a chance of being suc-
cessfully imitated in England.

20 There are many useful sug-
gestions brought to your notice by the seve-
ral authorities in Scinde which have not
been here adverted to but which are well
deserving of attention, amongst these is
Dr Gibsons wish that specimens of Russian
Chintzes should be sent to the Coromandel
coast in order that improved patterns
may be copied by the Native fabrica-
tors we observe that the consideration of
these important matters is transferred
to the General and Political Departments for
such notice and measures as may appear
necessary. If preparatory arrangements
are sedulously worked out, we conceive that
there is ample time for the due organization
of the first holding of the fairs during
the

Fort St George 9th December 1852

the autumnal and winter months of 1852.

1. It is observed that on the application of the Collector of Coimbatore, the Government under date the 27th July last sanctioned the grant of Rupees 500 from the Educational funds towards the erection of a building for the English and Vernacular Schools proposed to be established in that town and to be maintained by private contributions, the remaining portion of the amount required for this purpose having been contributed by the Native Community.

2. The Right Honorable the Governor in Council is not prepared to accede to the request contained in the acting Collector's letter of 12th November 1850 for the appropriation of Rupees 600 per annum, out of the saving accruing to Government from the re-arrangement of the Coimbatore Chuttrums in payment of a School Master. He remarks

remarks from Mr. Thomas's letter of 30th June last that the Europeans and Native Community at Coimbatore have subscribed 50 Rs. per Mensem towards the above object and have promised to continue it regularly. Should any further assistance be required and should Government consider their aid called for, it might with more propriety be afforded from the funds set apart for educational purposes than from any other Source. It is observed that the question of extending assistance to Schools unconnected with Government has been submitted for the consideration of the Honorable Court in a Despatch in the Public Department dated 9th November 1852. Fort St. George

Sir,

I have the honor to acknowledge the receipt of the Boards Proceedings dated 2nd August 1852, in which they observe on the claim of the Mortgagee Vencut Row, therein referred to, that to the actual produce of the Enam enjoyed from 1844 to 1847 amounting to Rupees 25-12-u the amount of produce since realized by the Circar at the rate of 6 Rupees per crop or Rupees 54-u-u in Deposit, should be added, and the total of these, amounting to Rupees 79-12-u allowed in lieu of Interest, and that irrespective of this amount the redemption money or Rupees 60-u should be tendered to the Mortgagee before the

the Enam can fairly be resumed, and direct me to report whether there is any objections to this arrangement with the Mortgagee.

In reply I have the honor to report that the Mortgagee will be content to receive the amount of his Bond, 60 Rupees, together with the full legal interest 60 Rupees in all 120-u-u. His agreement is herewith sent and his accounts stands as follows.

Original amount Rupees ——— 60-u-u
Legal interest as provided by sect. IV Regulation XXXIV of 1802 ——— 60-u-u
120-u-u

See also Section VIII of Regn. quoted.

Deduct the actual produce of the Enam enjoyed by the Mortgagee while the land was under his possession ——— 25-12-u
94-4-u

By this it will be seen that he has to receive Rupees 94-4-u as of which 54 is in deposit leaving 40 Rupees and 4 annas to be further sanctioned by the Board.

But the Board's proposition is to allow him in all Rupees 139-12-u. Viz.
Amount of Bond Rupees ——— 60-u-u
Interest received from the land ——— 79-12-u-
and as he has received 25-12-u the Mortgagee will still have to receive Rupees 114-u-u of which deducting sum in deposit 54 there remains 60 Rupees still

still to be sanctioned. I have the honor to request the orders of the Board for my guidance.—

Deposition given in by Shanjee Veneata Row residing at Pengondah on the 29th: September 1852

Fusly at Bellary.

Question. How came you to enjoy the wet land of Bhuttumty Enam No: 81 Measuring as 9 a 3-9-3: assessed at Pagodas 15-6-9. and situated near Ramapoorum of Pengondah Talook which was in the occupation of one deceased Woolkary Govindacharloo of the said Talook.2

Answer On the 5th: of the 1st: fortnight Ashada of the year Shobacrootoo the deceased Govindacharloo pledged the land to me on receipt of Rupees 60 under a Mortgage deed transferring to me the enjoyment of the produce thereof in lieu of interest and stating that he would redeem his property by paying off the principal alone, the land accordingly remained in my possession until Fusly 1256 during which time I obtained

Rupees-

Rupees 25 3/4 being the amount of interest but subsequently the land having been taken under attachment by Cirkar there has accumulated in the Talook deposit as my due

Rupees 54 being the amount realized during the 5 years from 1257 to 1261 Fusly inclusive on the said land which I had letout on rent of 6 Rupees per Crop.

Question. Since there are no heirs to the aforesaid Govindacharloo you know the land is liable to be resumed by Cirkar what have you to say to this?—

Answer As the land was under Mortgage to me it is my belief that it will not continue to me as such for Ever Payment of the principal with the authorized interest less Rupees 25 3/4 which I have already received will satisfy me, I have no other sort of demand on the land.—

Fort St. George 9th December 1852.

Resolved that the letter above recorded together with the papers noted in the Margin be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to para 2 Extract Minutes of Consultation, 13th January 1852.-

From Collector 13th July in Cons. 5th Feb. 1853.
2d August 1852.-
Proceedings thereon 2d August.

2. In the Extract Minutes of Consultation above quoted, the Government authorized the resumption of all the Enams held by the late Govinda Charloo excepting the portion mortgaged to Venkat Row which consists of 3-19-3 assessed at Rupees 45-10-u and which the Government reserved for further enquiry.-

3. It would appear that in consideration of Rupees 60 advanced in 1844 to the Enamdar by Venkat Row this extent of Enam was Mortgaged to the latter. On viewing the Deed the Board found that it contained the term "Vuddy Bagyum" by which they understood that no Interest was chargeable, but in lieu thereof that the Mortgagee might enjoy the produce of the Enam, and in the event of the Enamdar tendering payment of the sum borrowed, that the Land should be considered as redeemed; and they accordingly called

Fort St. George 9th December 1852.-

called upon the Collector to state what objection there might be to acting up strictly to the tenor of the Deed by adding to Rupees 25-12-u the produce of the Enam enjoyed by Venkut Row from 1844 to 47, the sum since realized Rupees 54 and held in deposit besides tendering him Rupees 60 the amount for which the Enam was Mortgaged.-

4. The Collector now reports that the Mortgagee will be content to receive Rupees 60 the amount of his Bond together with full legal Interest provided by Section IV Regulation XXXIV amounting to Rupees 60 or Rupees 120 in all and encloses an Agreement executed by the latter to that effect. Venkut Row having already received Rupees 25-12. out of this sum the Collector requests Sanction for the payment to him of Rupees 94-4-u of which Rupees 54- is now held in deposit instead of adopting the arrangement proposed by the Board.-

5 Finding that the arrangement now suggested by the Collector will reimburse the Mortgagee in full of Principal and legal Interest the Board recommend that Sanction be

be granted accordingly to the Collector to pay Venkat Row the sum of Rupees 94-4-0 and to resume the Enam.-

Acting Collector.

Extract from the Proceedings of the Sudder Udalut under date the 29th October 1852.

Read letter under date the 29th September

September 1852 from the Civil Judge of Chittoor—

In the foregoing letter with reference to an application which has been made to the Civil Court by the Acting Collector of North Arcot under the orders of Government and of the Board of Revenue, for the appointment of a Guardian to the Minor Zemindar of Cawetnugger according to the provisions of Section XX Regulation V of 1804 and Section III Regulation X of 1831, the Civil Judge has referred the question for the decision of the Court of Sudder Udalut, whether under the above provisions of the Law it is competent to the Civil Court to appoint a Guardian to the Minor Proprietor of an Estate paying revenue direct to Government and therefore subject to the Jurisdiction of the Court of Wards, under Section II Regulation V of 1804.

2. The Civil Judge requests that in the event of the foregoing question being decided in the affirmative, he may be instructed as to the powers with which a Guardian so appointed would be invested and to what extent the supervision of the Court

Should

should be extended—

3. On an attentive consideration of the provisions of the Law bearing upon the question referred by the Civil Judge for their decision the Court of Sudr Udalut are of opinion that the terms of Section III Regulation X of 1831 preclude the interference of the Zillah Courts with estates subject to the Jurisdiction of the Court of Wards, it being declared therein that the provisions of Section XX, XXI, and XXII Regulation V of 1804 which authorize the nomination by the Zillah Courts of Guardians to the disqualified heirs of Estates held by Joint possessors and subject to an undivided assessment of the public revenue, shall be extended to property of every description not subject to the Jurisdiction of the Court of Wards, and to the heirs of single as well as Joint possessors of estates, both real and personal, from which it is to be inferred, in the absence of any enactment conferring further powers on the Zillah Courts in this respect, that in the case of an Estate, the property of a single proprietor, paying revenue direct to Government and

therefore

therefore subject to the Jurisdiction of the Court of Wards, it is not competent to the Zillah Court to interfere.-

4. Under this view of the Law it will be the duty of the Civil Judge to decline compliance with the application which has been made to him by the Acting Collector of North Arcot, to nominate a Guardian to the Minor Zemindar of Canvetnugger, the Estate in question being, it would appear, the property of a single proprietor and charged with the direct payment of revenue to Government and therefore subject to the Jurisdiction of the Court of Wards.-

5. The 1st question propounded in the Civil Judge's letter having been thus disposed of, the Court of Sudder Adalut deem it unnecessary to advert to the other points on which their instructions are have been sought by the Civil Judge.-

Ordered that Extract from these Proceedings be forwarded to the Civil Judge of Chittoor

Extract from the Proceedings of the Civil Court of Chittoor under date the 2d November 1852.-

Read again supplemental return from the acting Collector of North Arcot under date the 15th September 1852, requesting this Court to relieve him from any further charge as curator and to appoint a Guardian to the Minor Zemindar of Canvetnugghur under the provisions of Section III Regulation X of 1831.-

Read again return from the acting Collector of North Arcot under date the 27th September 1852 forwarding in reply to the Precept of this Court, a report explaining the circumstances connected with the Estate of the Minor

Minor Zemindar and the grounds on which the application for the appointment of a Guardian has been made, together with a copy of an Extract from the Proceedings of the Board of Revenue dated 16th August last.

Read again also M P No. 626 of 1852, presented on the 2d August 1852 by the Court Vakeel Varada charry in behalf of Rajah Coomara Vencatapermalrauze Bahadar the Eldest son of the late Bomrauze Bahadur the Zemindar of Carvet nugghur and 4 others Members of the family, stating that the 1st Petitioner is qualified and able to manage the affairs of the Zemindary which should therefore be placed in his professions, and if this arrangement be considered objectionable on the ground of the non completion of his 18th year for which one year and 9 months are wanting, that the estate may be placed under the management of the 2d 3d 4th and 5th Petitioners, who have agreed to be Guardians and managers to the 1st Petitioner.

Read again M. P. No. 832 of 1852

presented on the 28th September 1852 by the Court Vakeel Varadacharry in behalf of the aforesaid Coomara Vencatapermalrauze Bahadur and 4 other members of the family, praying that the abovementioned Petition No. 626 may be disposed of without delay.

Read also Extract from the Proceedings of the Court of Sudr Udalut under date the 29th Ultimo, on a reference made from this Court under date the 29th September 1852, forwarding Copies of the above communications and submitting the question whether it is competent to this Court to appoint a Guardian to the Minor Proprietor of an Estate paying Revenue to Government, and therefore subject to the Jurisdiction of the Court of Wards.

The Court of Sudr Udalut having, in answer to the reference from this Court decided in their Proceedings dated 29th October, a Copy of which is herewith forwarded, that under the terms of Section III Regulation X of 1831 it is not competent to a Zillah Court.

Court to interfere in the case of an Estate paying revenue direct to Government and therefore subject to the Jurisdiction of the Court of Wards, the Civil Judge must decline complying with the request of the acting Collector to nominate a Guardian to the Minor Zemindar of Carvetnaghur.

2. The acting Collector has further requested to be relieved from his charge as Curator and as with reference to his returns, and to the Petitions presented by the Members of the family of the late Zemindar, there appears to be no necessity for his being continued in that Office which was conferred at his request immediately after the death of the late Zemindar with a view to prevent any misappropriation of the Estate of the deceased which was then apprehended, and pending a reference to the Court of Wards, the Court now resolves to revoke the appointment of the acting Collector of North Arcot as Curator and to direct him to deliver over the

the property of which he has taken charge to the parties legally authorized to receive the same:- He will also in accordance with the provisions of Section XI act XIX of 1841 file an account of his proceedings in his capacity of Curator.-

Resolution thereon.—

Submitting with the Board's opinion thereon, a letter from the Asst. Collr. of North Arcot transmitting copies of Extract from Proceedings of the Civil Court & of the Judicial respecting the Appointment of a Guardian to the Minor Zemindar of Cavelnaggur.

Resolved that the letter above recorded together with its enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council, with reference to the Board's Proceedings of the 14th October 1852 and the previous papers on the subject.—

In

Inlos. 9th Sept. 1852.

2 In accordance with para 1 of Extract Minutes of Consultation 7th September 1852 the Acting Collector of North Arcot applied to the Civil Court to appoint a Guardian to the Minor Zemindar of Cavetnuggur, under the provisions of Section III Regulation X of 1831, but from the papers now transmitted in that Officers communication, it would seem that the Civil Court have declined to appoint a Guardian in consequence of an opinion expressed by the Suder Adalut to the following effect.-

"The terms of Section III. Regulation X of 1831 preclude the interference of the Zillah Courts with Estates subject to the Jurisdiction of the Court of Wards, it being declared therein that the provisions of Sections XX, XXI, and XXII Regulation, V. of 1804 which authorize the nomination by the Zillah Courts of Guardian to disqualified heirs of Estates held by Joint Possessors and subject to an undivided assessment of the public revenues shall be extended to property of every description not subject

to

to the Jurisdiction of the Court of Wards, and to the heirs of single as well as Joint possessors of Estates both real and personal; from which it is to be inferred in the absence of any Enactment conferring further powers on the Zillah Courts in this respect, that in the case of an Estate the property of a single proprietor paying Revenue direct to Government and therefore subject to the jurisdiction of the Court of Wards, it is not competent for the Zillah Court to interfere."

3. It appears to the Board that this decision is contrary to the established usage and is likely to be productive of injury to that class of persons whom Government have endeavoured to protect, for the consequence must be that the Minor must be left without any Guardian constituted by official authority.-

V of 1804 Sec XX

4. By the Regulation of 1804 the fact of an Estate paying Revenue direct to Government certainly did not bar the Civil Court from appointing a Guardian and the Regulation of 1831 was not intended to limit but to extend the provisions of that of 1804.-

X of 1831

5

Fort St. George 9th December 1852

5. The only case that the Board are aware of where there may be a Minor and the Estate not subject to the Jurisdiction of the Court of wards is when it is held by Joint Proprietors and one of them dies leaving no heir, and according to the present decision of the Sudder this is the only case in which the Collector could call on the Civil Court to appoint a Guardian but even here it is doubtful if such Estate can be considered not subject to the Jurisdiction of the Court of wards. If it is then — by the Sudders own Rulings the Collector could not make application to the Civil Court.

6. But it appears to the Board that when they see no reason to take an Estate under a Court of Wards the appointment of a Guardian is left to the Civil Court Just as much as where it could not be taken under a Court of Wards; and such is the case of the Cavel muggaiy Zemindary the subject of the present reference.

The

Fort St. George 9th December 1852

7. The question has been once before agitated. In 1836 the acting Judge of combaco= num refused a similar request made by Sub Collector of Tanjore Sir H. Montgomery and the Board expressed their opinion that "the Zillah Court should interfere for the protection of the property of Minors in cases of Estates paying revenue to Government and therefore liable to the Jurisdiction* of the Court of Wards, as well as in cases of Estates not so liable to their Jurisdiction." They suggested another application to

*C.O. Book page 133 Notes 374

to the acting Judge, but the result is not known.

8.

It would at all events be a great convenience to the Revenue authorities if the Court of Sudder adaulut would declare in what cases of Minors heirs to landed property they would admit an application to the Civil Court for a Guardian.

From the Collr. of South Arcot
Explains the order in which he proposes to commence operations in revising the Assessment
Submits a Statement of the Extra Establishment required for the purpose

Sir.

I have the honor to acknowledge Extract from Proceedings of the Board of Revenue dated 18th Ultimo notifying the appointment of an additional Sub Collector to this District to relieve the Collector of a portion of his ordinary duties while engaged in the revision of the Assessment, and desiring me to state in what order I propose that my enquiries should proceed.

2. The main objects for which the revision of the Assessment has been sanctioned are the following.

I. An examination of the rain lands in the two Southern Talooks of Maruvody and Chellumbrum under the Coleroon irrigation.

II. A similar examination of the lands in the Bowanghierry talook under the Vellaur Anicut.

The

Fort St. George 9th December 1852.

III. The Survey and introduction of a fixed assessment on the lands of the reverted Jaghires of Colamalay Paliemettah Shunkraporum Chittady and Rajgyriendarm and in the Villages of the Cuddalore taloork.

IV The modification of the assessment in the ten Hoolwa Talooks with a view to free the superior lands from the undue taxation which now prevents their Cultivation and confines the labours of the Agricultural community to the inferior soils. This branch of the subject includes the revision of the assessment on the 2 Crop and doubtful two Crop Punjah lands.

3. As the Hoolwa talooks have been already surveyed the necessary modification of the assessment can it appears to me be made in them, after a local enquiry for the purpose of contrasting the condition of the various Villages and the value and assessment of the lands which they comprise reference being at the

Fort St. George 9th December 1852.

the same time made to the revenue accounts to ascertain how far different lands have lain uninterruptedly waste in consequence of over taxation, and the accuracy of the present registers being tested by occasional remeasurements. I purpose therefore commencing the revision of the assessment in these talooks especially since the detailed information which will then be acquired regarding the effects of the present assessment will be a useful guide in subsequent proceedings and the preliminary survey operation can meanwhile be progressing in the Southern talooks and resumed Jaghires.

4. The extra assistance for which I find it necessary to apply to aid me in these operations is shown in the accompanying Statement. But in addition to it I must request the Board to procure me the services of a Revenue Surveyor from the Engineers Department provided with a set of levelling and surveying instruments as it is important that the lands newly brought under irrigation by the Colerown and Vellaur Anicuts should

Fort St. George 9th December 1852

should be examined by a competent and responsible Officer so that they may give rise hereafter to no doubts or disputes.

5. The expense of the extra Establishment for which application is now made omitting the Revenue Surveyor Amounts to Rupees 1,218 for the Seven Months of the Current Fusly including Rupees 100 for the purchase of some of the more ordinary instruments used by Surveyors and the cost will be included among the annual Extra charges under Estimate on the requisite approval and sanction being received. When the great extent of land to be examined is taken into consideration it will be doubtlessly felt that the work about to be commenced will occupy much time but I limit myself on this occasion to requesting the assistance which is necessary for carrying on operations in the present year.

6. The proposed extra establishment consists of two principal divisions of servants Vizt Some Gomashtahs to aid in

in drawing out the various voluminous statements for the enquiry into the Assessment of the lands of the Howlee Talooks and some servants for carrying on Surveying operations. In framing this latter establishment I have proposed to employ 2 Superintendents besides the Revenue Surveyor for whom I apply separately so that operations may go on in three distinct places under the guidance of persons qualified to give instruction to the Subordinates employed under them. I have borne in mind that these Subordinates will consist partly of Servants of this and the adjacent Districts to whom it may be deemed desirable to give instruction on this branch of duty and I have limited my application to the lowest sum with which it seems possible to effect any real progress in the important and extensive work under execution. The cost would I trust not be considered great under any circumstances when weighed against the benefits which are to be expected from a revision of the Assessment, but I may observe that it will be soon repaid by the fixed Assessment which is to be substituted for the Plough and Axe tax in some Villages of

14194 Fort St. George 9th December 1852

of the Sheikady and Shunkrapooram — Jaghires. The land tax which was introduced by a former Collector into these Villages and which was collected for 3 years until abolished under the orders of the Board dated the 19th April 1841 Para. 17 increased the revenue to the extent of about Rupees 3302 — " per Annum.

7. Although I have specified in the Statement now submitted for sanction the particular Servants to be employed and the salary allowed to each I trust that I may consider myself authorized to make any alterations which on trial are found advisable for expediting the work in view provided that the total expense does not exceed the sanctioned Amount. In conducting the revision there will be many subjects on which I shall wish for the instructions of the Board but it appears proper to defer these points and other subordinate matters of detail until a future opportunity.

Fort St. George 9th December 1852

No. 500.

Proceedings thereon - Resolved that the foregoing letter be submitted for the consideration and Orders of the Right Honorable the Governor in Council with reference to Extract Minutes of Consultation dated 5th October 1852.

Submitting with the Boards remarks a letter from the Collector of South Arcot respecting the Survey and revision of Assessment in the 10 Hoobos Talooks and suggesting that Lieutenant Chauncey be attached to the Collector for the purposes of the Survey and that the Surveyors required for Trichinopoly and North Arcot receive the necessary instructions under him -

In Cons 18th October 1852

2- The Board approve of the Collectors intention to receive the Assessment in the 10 Hoobos Talooks in the first instance By the adoption of this course data will be obtained for fixing the Assessment in the Talooks of Manargoody and Chelumbrum and in the reverted Jaghires. The correction, where necessary of the field Registers in the 10 Hoobos Talooks, will proceed simultaneously with the revision of the Assessment It will be advisable to test by scientific measurement not only some fields but occasionally the whole area of a Village to ascertain if this total corresponds with the total of the items of Sagoobady Lair Bunger and Perumboke as shewn in the Accounts. While these measures are in progress the Survey of the Southern

Southern Talooks and of the resumed Jaghire will be carried forward.

3. The revision of the Assessment on the 2 Crop and doubtful 2 Crop lands is an important branch of the measures about to be undertaken Lands which from facility of irrigation and other circumstances are always cultivated with a Second Crop will be noted as such in the Accounts, the Assessment on these lands will be for Single Crop only and half that amount will be imposed as Fuzul Jastee for the Second only when such Second Crop is raised, as a general rule to apply to the whole District the Single assessment alone will be recorded for all wet lands whether single or double Crop, a 50 per Cent more will be levied in addition when a Second Crop is grown. -

4. It is to be understood that the Ryot is at liberty to cultivate what products he pleases Paddy or other with the water furnished to him. It is only necessary that such articles as require water for more than 6 Months, such as Betel Sugar Cane &c. should be declared liable to the assessment for 2 Crops.

The -

5. The extra aid applied for exclusive of a Surveyor is estimated at Rupees 4,418 for 7 Months. There is consi=derable difficulty in procuring the services of a Surveyor of a higher grade as a better arrangement in every respect the Board would suggest that if his services can be spared from the Road Department Lieutenant Chauncey be attached to the Collector for the purposes of the Survey. His consolidated Civil Salary to be Rupees 200 per Mensem the amount to be entered in the Annual Statement of Charges together with the other ex=pences of the Survey.-

6. As the additional Esta=blishment to be entertained for the proposed revision will be dismissed on the completion of the Work, the Collectors attention will be drawn to the importance of bringing on his permanent Establishments, as opportunities occur, the persons now to be engaged as Surveyors as they are to be instructed in the theory of Surveying and will have a=cquired much experience before the work is finished, it is very desirable not

not only that their services should not be lost to the State, but that the Collector should have some well qualified Servants always at hand.-

7. The revision of the Assess=ment on the dry lands in Trichinopoly has been ordered by Government and will be carried out as soon as qualified Agents shall be obtained. The Survey and Assessment of the Talook of Pennmary in North Arcot as well as the revision of the Assessment with verification of the Survey Accounts in the Talooks of North Arcot, South of the Palar, must also be taken in hand at as early a period as possible. For these purposes it will be desirable that persons should receive the necessary instructions under the Collector of South Arcot as soon as operations shall com=mence in that District. when the requisite sets of Surveyors have been appointed and the work has been commenced the Collector will be desired to report the particulars to the Board who will then issue instructions in regard to the Surveyors to be entertained for

2. The Hill or Jeungle rents in this District are confined to the six talooks of Tricullore, Trinamalie, Chaitput, Tindevanum, Calacoorchy and Colla= =vanajsore and yield an uncertain and in= =considerable revenue which has varied from Rupees 120 in Fusly 1243 to Rupees 2,300 in 1251. The average of the last 20 years is Rupees 988 and in the current Fusly the highest offer obtained amounted to Rupees 1,310.-

From Do. 10th March 1848.-

3. I find that the vexa= =tious character of these hill rents was brought to the notice of the Board by my predecessors Messrs. Ashton and Davis, but difficulties then inter= =fered with their abolition.-

4 The enquiries which I have now made confirm the opinions expressed by my predecessors regarding the vexatious nature of these rents, and it seems impossible to protect the hill people from oppression under the present System, as they live apart from the rest of the Community and their ignorance leads them to regard the renter as a Government Officer and makes them afraid of preferring complaints against him. It does not appear that abuses prevail to the extent described by Lieutenant Michael in the Coimbatore forests, as many of the Irroolors or hill people have here small patches of cultivation, but they complain of threats being occasionally used to force them to collect jungle produce, and of their being always paid for it at such low rates as to give them a bare subsistence. The prices received by-

by them for the principal products are shown in the Margin and from the time which it takes to collect the articles, these rates do not afford a remuneration of more than 3 or 4 piece per diem and the payment is not always made in money.-

5. It appears to me that any attempt to prevent abuses by fixing rates to be paid by the renters for the various descriptions of Jungle produce would be found in practice ineffectual. I also fear that even under an many system of management abuses would creep in, while the amount of revenue realized would be inconsiderable, and I should therefore be glad if these farms were given up in accordance with the principle expressed in the order of Government dated 9th October 1805 respecting the wax and Honey rents-

The Marginal Abstract shews the Peishcush of the Kataputtoor Mootah and the Moturpha Beriz of the whole District, as given in the former and present revised Enclosure A. of the 11th July Sheets for Fusly 1261, from which it will be observed that the sum of Rupees 199-11-11 has been deducted from Moturpha and added to the total Peishcush. Two questions suggest themselves from such an entry Viz, First. whether the amount now deducted had been incorporated with the Moturpha, which is settled separately every year for the Estate. Secondly Whether the actual Moturpha was now lessened by that amount and the same credited to the head Peishcush, if the former it would have been a double entry the amount being originally added to the Peishcush besides to the actual Moturpha itself, and if the latter, it would be causing an actual reduction of the demand due to Government Mr. Bird is therefore requested to state the Moturpha Beriz

of

of the Estate in question, as usually settled at the Summabundy for Fusly 1261 contrasted with that of the preceding year.-

2. The Extra Revenue report for Fusly 1261, as well as it's Enclosure No. 1 give the Motursha revenue of Katapoo toor for that Fusly at Rupees 326-14-- from which Rupees 199-11-11 now added to the Peshcush being deducted, there remainder Rupees 127-2-1 it is presumed is the settled Motursha Beriz of the Estate, under the first of the suppositions above alluded to if such is actually the case, the Report ought to have contained an explanation to that effect.-

3. The Sevoy Summa Revenue has been distinguished into Land and Extra Sources, but has been entered both in the Demand Collection Balance Statements and their enclosures in such a way as to preclude the "total Ordinary Revenue" being at once known, that is the Land Revenue Sevoy Summa has been entered under the "Iyen Land Revenue" and the Extra Revenue Sevoy Summa under "Iyen Extra Revenue". The necessary alterations

alterations have been made in this Office by striking out the present entries of Sevoy Summa in the accounts as well as the enclosures, from 11th July Fusly 1261 to September Fusly 1262, and entering the same in red ink under the head "total Ordinary Revenue" distinguishing them at the same time into "Land and Extra Sources" as shewn in the Margin. The Collector is requested to prepare his future Monthly Accounts in a similar way.-

12. The Gross demand at the Commencement of the fusly Current and arrears was Rupees 97,696 - 12 - " of which Rupees 63,390 - 1 - 4 were Collected, thus leaving at the close of the year Rupees 34,306 - 10 - 8, of this Sum Rupees 3,453 - 11 - 9 were subsequently brought to account, thus leaving a balance of Rupees 30,852 - 14 - 11 on the 1st November 1852. -

13. The promulgation of the new Land Revenue Act for this District has placed

placed the realization of these balances in a position different to that of former years and it was owing to this Circumstance that I did not deem it advisable to furnish the Board with the Report on the outstanding balances promised in my last Land Revenue Report dated 8th November 1851.

14. I proceed now to give some account of these Balances. - The following Statement will exhibit in one view the proportion of Balances due on each division of the District extending from the year 1835. -

Fort St. George 9th December 1852.

15. In accordance with the provisions of Section II of act XII of 1851 the balances that have accrued previous to the last six years should be written off. The sum thus remitted amounts only to Rupees 4,187-2-10.-

16. Deduct the above sum the amount still outstanding on the 1st November 1852 is Rupees 26,665-12-1.0 of this sum the entries in the margin show the amount due on Land in the Condition of Waste and ruined Houses.-

Waste Land 8,574-1-11
Ruined Houses 1855-8-1

17. There are certain other items of minor importance which with the above are reported as irrecoverable making in the aggregate a sum equal to 1,304-2-6.-

18. This marginal statement is from the report of the Quit Rent Amildar but it will be necessary to make a more accurate distinction between Waste Lands Immemorial and Land Lands which have been left uncultivated for short periods.-

Waste Land 8,574-1-11
Ruined Houses 1855-8-11

19. Although within the limits of the Supreme Court there does — not seem to be the same authority as in the Provinces for the sale or occupation of Land upon which there are arrears

Fort St. George 9th December 1852.

of Revenue by the provisions of the new act I hope to be able to recover a great portion of these arrears under Consideration by distraint on property found elsewhere (Vide Section VII.)

20 I would therefore request the Board to delay passing orders for a general Remission upon Lands described in the marginal entry appended to Para 16 until I have endeavoured more fully to bring the act into operation and until some more accurate account can be laid before them. The Contemplated survey will enable the Board to pass their final orders as to the Lands upon which Quit Rent is entirely irrecoverable.-

21. There are certain cases where I think it would be advisable at once to remit arrears and to make such a reduction as will induce the parties to bring Lands at present lying uncultivated into Cultivation. It is my intention very shortly to submit a report upon these cases for the more immediate orders of the Board.-

22. In the foregoing account of outstanding balances in this District, I have not included

. Fort St. George 9th December 1852..

Quit Rent 33-3-4
Ground do 39-10-3
92-12-7

included the sum noted in the margin due for the years 1831 and 1835 for Quit Rent and Ground Rent respectively which had been realized by the then Conicopillay of the Tondiarpettah Division but not paid into the Office. The Conicopillay was dismissed but it does not appear that any steps were taken at the time to recover this amount from him and at this interval of time it would be difficult to do so.-

23. From the entries in Statement F it would appear that the Collections as per Jummabundy Statements amount to

Rupees	63,390	1	4
Extraordinary Collections	4,604	10	1
Total	67,994	11	5
Charges	19,455	1	11
	48,539	10	5
Net Revenue Fusly 1260	48,015	11	10
Increase	524	9	7

thus showing an increase in the result of the year under Consideration compared with those of Fusly 1260 of Rupees 524-9-7.-

24. The annexed Abstract Statement exhibits the whole of the Revenue of this Collectorate for the year under Report compared with the past Year.

No. 501-

On referring to the orders of Government of the 21st September 1827 upon which the Collector now founds his recommendation for the renewal of 2/3rds of the deceased incumbent's share, it does not appear that it was contemplated at the time to renew the shares therein sanctioned in whole or in part when lapses should occur as no expectation is therein held out for the continuance of the Stipends beyond the lives of the incumbents named-

2- The Collector should not therefore have grounded his recommendation on the order of Government abovementioned-

Sheweth,

That the Petition above referred
to was presented to the Honorable Court in
appeal from an order passed by the Sessions
Judge of Madura under date the 24th July last
which

1273- Fort St. George. 9th December 1852-

which order was passed after a reference to
this Honorable Court and in accordance with
the order or direction of this Court made there-
on under date the 13th day of July 1852 which
Petition has a double object in that it
seeks a Review of the last mentioned
order as well as a reversal of the Sessions
Judge's order made thereon-

Before entering on the State-
-ments set out in the said Petition this
Petitioner will shortly set out the facts
as they stand recorded in this Honor-
-able Court showing the title under
which this Petitioner as the Zemindar of
Rainnad claims a proprietary right
in the Davoostanums within the limits
of her Zemmindary and will in the
first place submit that her proprie-
-tary right based as it is on posseession
and the former final Ruling of the Zillah
Court of Madura and of this Honorable Court
and the express sanction of the Govern-
-ment and the Revenue Board (which
Board under Regulation 2 of 1817 alone
has the special charge and superin-
-tendance of such institutions as it

is

Fort St. George 9th December 1852.

it contended these Davastaimums are) cannot not now be questioned or reversed on a Fouzdaree appeal such as this.

The first judicial proceedings which established the proprietary right of the Zemindar of Ramnad to the Davastaimums of that Zemindary are the proceedings of the Zillah Court of Madura under date the 22d October 1844 and the proceedings of this Court dated respectively the 2d May 1842 and the 14th December 1844 which right was again recognized in this Courts proceedings now sought to be reviewed and as before mentioned the first point to be determined on the said Petition is whether or not all these proceedings and the acknowledged right of this Petitioner by the Ruling Power and the Revenue Board is to be summarily set aside on a Fouzdaree appeal such as this against an order of the Sessions Judge from which it is humbly submitted no right of appeal lies. For if the former findings of this and the Madura Zillah Court which are it is submitted final cannot be reversed in this summary manner

Fort St. George 9th December 1852.

manner it is clear the order of this Court now objected to is correct and this Petitioners right to the Davastaimums of the Zemindary and to their revenues is absolute, until upon full enquiry and a final Decree in a Civil Suit this Petitioner shall be declared a Trustee and not as she claims to be absolute proprietor of the said Davastaimums and their Revenues as appendages to her Zemindary. In fact this is an attempt to get this grave and material question disposed of summarily in an appeal upon the mere statements in the Petition to which this Petitioner objects in that the said orders are as conclusive as any order which could be passed on this miscellaneous application and can if it all only be set aside by a Regular suit to which this Court by its order referred them subject to this Honorable Courts Judgment on the above this Petitioner will now proceed to meet the case set up in the Petitioner-

In the first place this appeal purports to be made by certain parties claiming a right in the distribution of the Davastaimums

1276. Fort St George 9th December 1852.

Davastanum Funds (which they say have been embezzled or misapplied by this Petitioner) against an order dismissing a Criminal information laid by them against the Petitioner under Act 13 of 1850 and referring them to the only course by which the funds so misapplied if they were so could be recovered for the benefit of the Davastanums such being the fact. It cannot require much consideration to penetrate the real object of those charges and this appeal. Here is a wealthy and highly respectable Lady to be frightened by Criminal charges, and large profits to be made by the withdrawal of such charges, not to the Davastanums but to the parties instigating and prosecuting these charges. If the benefit of the Davastanums were at the bottom of all this, a Civil suit in not a Criminal information would be instituted against a person able to pay on the parties proving their right and this Court is asked to bear this in mind in considering the whole case.

The charges preferred were specific and distinct and it is to those charges

1277. Fort St George 9th December 1852.

charges only that the Magistrate or Sessions Judge or this Court can look and it is with respect to those, and those only that the order of this Court upon the reference of the Sessions Judge and the Sessions Judge's order made thereon can now be considered, for the new charges set out in the said appeal Petition cannot now be considered in appeal and what were the specific charges upon which the information was laid? They were that the alleged embezzlement or malversation of the Revennes of the Davastanums and falsification of the accounts took place in July 1257 or 1847/48 and the information is laid and prosecution insisted on under the provisions of Act 30 of 1850 which was not enacted until upwards of two years afterwards and has no restrospective effect, and the clear and distinct objection was one of the reasons why the said information was dismissed and its dismissal affirmed by this Court and the only reason assigned for questioning this finding is the bare assertions in the appeal Petition that many of the acts of fraud and [illegible] charged against

against Petitioner occurred subsequent to the passing of Act 13 of 1850, but this cannot now be received the record shows the reverse and by the Record the case must be decided.

There is one other point upon which this Petitioner will touch of very great general importance, it is admitted and upon which it is clear that the order of the Collector and Magistrate complained of is not only correct, but final, acting as he has done under the orders and direction of the Revenue Board, and that too supposing these Dawnotamums be adjudged not to be appendages to this Petitioner's Zemindary. For under such Circumstances the superintendance and management thereof would under Regulation VII of 1817 be vested in the Revenue Board and their local Agent the Collector whose duty alone it would be to take measures for the due appropriation of the Revenues thereof (See Section 3) and (See Section 13) on receipts of their Agents Report to appoint the parties in possession or make such other provision for the trust as they may deem fit, and then (See Section 14) any parties aggrieved by

by the acts of the Board have their remedy by Civil suit, now what is the position in which this case stands. A reference to the Collector's report will show that this Petitioner was left in possession of these Dawnotamums by the express sanction of the Revenue Board, and therefore she, this Petitioner, even supposing these alleged charges were true, would as the Collector and Magistrate has very properly ruled be punishable only under the provisions of that Regulation (See Section XIV in conjunction with Regulation IX of 1822 and Act 36 of 1837) and the Collector and Magistrate having disposed of the case under the provisions thereof his judgment is final. These Regulations and Acts are all still in force and not repealed, and therefore all proceedings had under them are valid and this Petitioner entirely denies the position laid down in the said appeal Petition Viz. "that when a later enactment provides "for a case treated of in a former one it "is unnecessary to recite that such

against Petitioner occurred subsequent to the passing of Act 13 of 1850, but this cannot now be received the record shows the reverse and by the Record the case must be decided.

There is one other point upon which this Petitioner will touch of very great general importance, it is admitted and upon which it is clear that the order of the Collector and Magistrate complained of is not only correct, but final, acting as he has done under the orders and direction of the Revenue Board, and that too supposing these Dawnstanums be adjudged not to be appendages to this Petitioner's Zemindary. For under such circumstances the superintendance and management thereof would under Regulation VII of 1817 be vested in the Revenue Board and their local agent the Collector whose duty alone it would be to take measures for the due appropriation of the Revenues thereof (See Section 3) and (See in Section 13) on receipts of their agents Report to appoint the parties in possession or make such other provision for the trust as they may deem fit, and then (See Section 14) any parties aggrieved by

by the acts of the Board have their remedy by Civil Suit, now what is the position in which this case stands. "former one is rescinded", and would ask for some authority in support thereof beyond the mere assertion in the said Petition — For it is submitted that a later Statute which is general as Act 13 of 1850 is, — does not rescind a former one which is — particular as the Regulations are. See Dwarris on the Statutes Page 674 where he lays down as follows - "But a later Statute — "which is general does not abrogate a former "which is particular, thus the Statute 5 Eliz. "Ch. th that none use a trade without being "apprenticed" did not take away 4 and 5 Ph and M C 5 "that no weaver use &c. "and it is a general rule that subsequent — "Statutes which add accumulative penalties "and institute new methods of proceeding do "not repeal former penalties and methods "of proceeding ordained by preceding Sta- "tutes without negative words. Nor hath "a later Act of Parliament ever been construed "to repeal a prior Act unless there be con- "trariety or repugnance in them or at least "some notice taken of the former Act so "as to indicate an intention in the law giver "to repeal it. Neither is bare recital in — "a

"a Statute without a clause of Repeal suf- "ficient to repeal the positive provisions Dr. v. Gray 2 Rept. p. 365. "of former Statute (See Case noted in the "margin) The law does not favor a repeal "by implication unless the repugnance be "quite plain, and such repeal carrying "with it a reflection on the wisdom of former "Parliaments it has ever been confined to "repealing as little as possible of the pre- "ceding Statute (See Case in the Margin) Foresto Case 11. Rept. p. 63. "altho' these two acts of Parliament are seem- "ingly repugnant yet if there be no clause "of non obstante in the latter they shall "if possible have such construction that "the latter may not be a repeal of the form- "er by implication. The same view has been "also taken where powers under several "acts are such as may well subsist together "(See Case in the margin) a subsequent act 16 East Page 377. "too which can be reconciled with a former "act shall not be a repeal of it though "there be negative words as the 1 and 2 Ph "and M C 10 that all trials for treason "shall be according to the Course of the — "common Law and not otherwise does "not take away 35 H. 8 C 2 for trial of treasons "beyond Sea. When there is difference in the "whole

"whole purview of two Statutes apparently
"relating to the same subject the former
"remains in force"- (See case in the margin)
Rex v Downs 3 T.R Page 569 - and that therefore even supposing it has
been clearly established that the orders of
this and the Civil Court at Madura were
incorrect which as before stated can only
be done by Regular suit the order of this
Court of the 13th July last and the order
of the Session Judge passed thereon
and now under appeal referring these
appellants if aggrieved with the orders
of the Collector to a Civil suit were
correct-

For these reasons therefore it
is humbly submitted that the order of
this Court sought to be reviewed is correct
and that therefore the order of the Session
Judge passed thereon and now under
appeal should be affirmed-

To the Collector of Madras ...

Sir,

The Board of Revenue having been given to understand that you are unable from indisposition, to attend the Cutcherry they have directed me to request with reference to the leave granted to you under date the 3d Instant that you will be good enough to inform them whether there is any immediate prospect of your being able personally to attend your Office. If not, they feel under the necessity of requesting that you will deliver over charge of your Office to your Assistant Mr. Ellis.-

To the Collector of Madras

To,

The Collector of

Madras.

Sir,

It having been brought to the notice of the Board of Revenue that great inconvenience is experienced by parties using Cochrane's Canal in consequence of the variable rate of tolls, upon you to furnish a short Report as to traffic on this Canal, and the method of levying tolls.

2. The Board understand that the toll varies with the nature of the articles carried and that passenger boat pay nothing at all. It appears to them that a uniform and moderately low rate of toll on every boat whether laden with Merchandize or Passengers regulated simply with reference to the tonnage of the boat would remedy much of the difficulty complained of. You will therefore be good enough to let this subject meet your attention in preparing your Report, which it is hoped will be submitted at an early period a sketch Map of the line should accompany.

I have the honor to inform you with reference to Mr. Brooke's appointed as an assistant to this District on the 27th July last has not yet joined. I perceive by the Gazette of 9th instant that he had 4 Months leave of absence which however would ere this have expired—

I am now left with only one, my Head Assistant Mr. Arbuthnot, and under the late orders of Government it will be necessary for him to be much at Bellary to attend to the Treasury duties during my absence, and I am left without any European assistant to transact a variety of the Junior duties during the Summabandy Settlement now Commenced, which is very inconvenient. To have a proper European Superintendence in this extensive District there should not be less than 4 Assistants. Sir,

In reply to your letter of the
18th Instant I have the honor to explain
that the increase in the export sales of salt
to Mysore appeared to me nominal as my
enquiries showed no ground for supposing
that the demand for salt was increasing
in that territory while it was diminish-
-ishing in the adjoining Collectorate
district. The fluctuations which the accounts
exhibited in the inland places for which salt
Cowlmandies were taken out appeared therefore
attributable to some of the bands of Lumbadies
inserting Mysore in their passes merely to obtain
a longer time for the Conveyance of their salt, a
practice which is not unusual, and against
which no check can be adopted in the case of
these unsettled and itinerant dealers-

Br. No. 2874.
From the Collector of Tinnevelly

Sir,

Para 1. With reference to para 4 of Extract from the Minutes of Consultation under date 5th December 1851 prefixed to Extract from the Proceedings of the Board of Revenue dated 5th January 1852, and to my letter of 5th August last reporting the release of the lands designated Zubtee lands to the Travancore Circar at the end of Fusly 1261 I have now the honor to submit two Statements one showing the particulars of Collections on these lands from the time of their attachment to that of their release, the other containing all the information that after diligent search has been found on the records regarding the Expenditure of a portion of the Collections under the head of Sibbendy / not Village Sibbendy as Government were erroneously led to suppose -)

Submitting 3 Statements within mentioned showing the Demand Collection and balance Rys on account of the Travancore Zubtee lands from Fusly 1211 to the end of Fusly 1261 when they were released and Requesting to obtain the Sanction of Government for the payment to the Travancore Circar of Rupees 1,40,626-41-

2. I have not been able to discover under what circumstances these several sums amounting in all to 25165 - 12. 6 were

Carried

To the Accountant General 9th June 1812

carried to the credit of Government, but from the two letters noted in the Margin Copies of which are enclosed, it appears that it was done for the sake of convenience.

3. Under these circumstances it would seem that the sum to be paid to the Travancore Government on account of Table lands is Rupees 14,062b-7-1. for which the sanction of Government is requested to be obtained.

4. It is proper to mention here that from the Accounts of this District and the accompanying Copies of Correspondence with the Resident of Travancore, there is an unsatisfied claim against the Travancore Government on account of the Courtallum Devastanum amounting as shown in the enclosed Statement to Rupees 8,270-12.5 at the end of the last Fusly. As no reply has ever been received from the Resident of Travancore to the last two letters above quoted, the balance has usually been exhibited in our returns as "doubtful" but as our present inquiries show improperly under head of Ayen. As the Courtallum Devastanum is now managed by Officers of Government I am doubtful whether I should make a fresh demand for this money through the Resident

of Travancore, should it be recovered, it would I presume be available for purposes of public utility under the orders of Government dated 8th April 1846 subjoined to Boards Circular of 15th June 1846.—

Sir,

By the records in my office it appears that my Predecessor on the 29th November 1811. transmitted in a letter to you a Statement of arrears due, then for three years by the Travancore Government on account of certain Lands held at a favourable rent in the Village of Courtalum belonging to this Province, which he requested you would cause to be discharged and the rent in future to be paid regularly in the manner that had heretofore been observed through the servants at Shencottah.—

As I can find no reply to this letter, I beg to remind you of it and as the balance of which the Board of Revenue will require some explanation has since accumulated in my accounts, I transmit to you another Statement of its amount to the end of last fusly being

To the Chief Secretary to Government —

Submitting the Correspondence with the Collector of Tinnevelly respecting the Boundary disputes between that District and Travancore stating that the public lands with the Village of Bolliamy have been duly made over to the Travancore authorities. Requesting sanction for the refund of the Collections on their accounts; recommending the appointment of an Officer to survey and mark the entire boundary line; and suggesting that a claim be preferred against the Travancore State on account of the Courtallum Devastations arrears and that a knowledge of surveying be required of every Civil Servant before he be allowed to enter on Official duties

Sgd. 5th Jany 1853

With reference to Extract from Minutes of Consultation dated 5th December 1852, Revenue Department, No. 1207, I am directed by the Board of Revenue to submit for the information and orders of the Right Honorable the Governor in Council the Correspondence noted in the Margin which has since passed between this Office and the Collector of Tinnevelly, respecting the Boundary disputes between that District and Travancore.—

2. As directed by Government, an Authenticated Copy of the Memoir of Messrs. Ward and Connor was forwarded to Mr. Bird from this Office on the 5th January 1853, with the necessary instructions for his guidance in the Settlement of this long pending question.—

3. The public lands were duly made over

Fort St. George. 13th December 1852.

over to the Travancore Authorities at the close of the last Fusly- also the Company's Village of Poolliary, for which the Travancore Village of Mullioncolum has been received in exchange.

4. The Travancore Authorities wish to be informed whether this Government will bear any portion of the expences to be incurred in erecting Boundary Stones, and they also lay claim to certain lands (not included in the Zubtee lands) which are found to lie on the Travancore side of the Boundary in the Map drawn from the Surveys of Messrs. Conner and Ward.-

5. The Collector states that portions of several of the British Villages are situated on the Travancore side of the Bombay but. without Instruments, and a person who knows how to use them, it is impossible to determine the Boundary accurately; he has therefore applied for the services of a Surveyor to mark out the Boundary between Tinnevelly and Travancore only in the vicinity of the Zubtee lands, but along the whole length of the District, the erection of the Boundary Stones being deferred until after the Survey.-

The

Fort St. George 13th December 1852.

6 The Board having ascertained that no Subordinate of the Engineer of the Division can be spared and agreeing with Mr. Bird as to the importance of having the entire line surveyed and marked- after which Boundary Stones might be erected at the joint expense of the two Governments recommend that Government will be pleased to nominate some Officer for the performance of this duty- It is supposed that the work would be Completed in about Six Months.-

Ent. 172 Fol 17 Nov. 1852

7. From the Statement now furnished by the Collector it will be seen that the total Collections on account of the Zubtee lands were Rupees 40,626-7-1. Of this Sum Rupees 25,165-12-6 were carried to account, so far back as 1812 under instructions for the Accountant General and Rupees 4,521-12-8 were disbursed on account of Sibbendy The whole amount will however, under the orders of Government of 5th December 1837 para 4 have to be refunded to Travancore, and for which Sanction is requested.-

8. The Board consider that a claim might be preferred by the Collector, against the Travancore State, on account of the Courtallum Dawastanum

Devastanum Arrears, Rupees 8270 12-5, referred to in para 4 of Mr. Bird's letter of 17th November 1852.

9. Mr. Bird has furnished a Separate Report upon the Spice Gardens in his Districts as called for in para 2 of the Minutes of Consultations under reply, and which will be submitted to Government with a Separate Communication.-

10. With reference to the determination of the Boundary and the great advantage that it would be if the European Officers of Revenue were able to superintend such duty, the Board would take this occasion to notice that they Consider a Knowledge of Surveying to some extent at least ought to form part of the qualification of every Civil Servant before he is allowed to enter on Official duties.-

5. That a writer at 10 Rupees per Month should be added to the Esta-=blishment to draft the urzees and Orders sent by the Superintendent to the Hoozoor, to the Amin, and others at the Pans. there is a good deal of this correspondence required, and the Superintendent should be the greater portion of the year engaged out of doors in superintending the Sales- seeing to

to the unloading of the Boats, arranging with the Salt Merchants, &c &c in all this he is assisted by the Peishcar when that Officer has not been sent to the Pans- with re-=gard to the Peishcar who often con-=ducts entirely the Inland Sales his post is one of one great responsibility- I would therefore propose an increase to his pay of 3½ Rupees Monthly.

6 As the Accounts in the Salt Department are numerous and from the numbers of purchasers in the Home Sales, very much in detail, and as the detection of frauds rests very much with the Accountant, I would suggest that the Nevisindah's Salary should be raised to 20 Rupees per Month and that a Deputy at 14 Rupees a Month be added to the Establishment- During the busy period of the year, constant delays and mistakes are made in these Accounts from their being only one Accountant who is at every moment called on to sign Sale Chits and interrupted in the daily Accounts to be transmitted to the Huzzoor.

Note
From June to September the sales are most actively conducted after which in Month the sales decrease and from January to No-=vember are at their lowest-

7 If this Deputy is granted an Augami / Temporary / Rhadarrie Conico-=pillay would not any longer be required, at present- this temporary Conicopillay at 10½ Rupees a Month is employed during 8 Months in

in the year The increase in the pay of these servants will enable the Office to secure the services of respectable and clever Accountants.

8. The number of Peons now kept at the Madras Cotaur is very insufficient for the performance of the duties required. These duties are to receive the Boats on arrival and to be present at the landing of the Salt, to keep order among the Bandies coming to fetch Salt for the Inland Sales, and among the numerous daily purchasers of Salt to watch the Inland and Home Sales and to tally the Mercalls as measured. to carry accounts and money to the Hoozoor Cutchery, and to keep strict watch over the Salt during the night. For this watch there ought to be 6 Men set aside, three to keep watch at a time, at present the watch kept at night owing to the very small number of peons is almost useless.

9. I would therefore propose that an addition be made to the Establishment of eight permanent Peons and 4 temporary peons to be employed during eight Months of the year. The destribution of

of peons would be as follows.

1 Peon to keep order among the Bandies, purchasers, &c.
2 do to receive the Salt arriving by the Boats.
4 do to strike the Tally and watch the Inland Sales.
2 do to do ——————— do — the Home Sales.
1 do to attend the Shroff and carry money to the Hoozoor Cutchery.
4 Temporary Peons to watch the measurers while the Salt is being measured.
6 Peons to watch at night the Salt that is so heaped and covered and that remaining exposed being still unmeasured.
2 do to carry messages Orders &c &c to the Pans, collect Cowries, &c &c.

22 of these 12 Extra Peons I would be employed during 8 Months of the year at 7 Rupees per Month. The remaining 8 would be employed 7 of them at the same rate and one Head Peon at 10 Rupees per Month, making a total of Extra charge, for the Peons of Rupees 896—.—. yearly. I would also propose that a water Pundal should be allowed at the Madras Cotaur, at the rate of 4 Rupees a Month. Rupees 48 yearly.

10. It is advisable to have a Mooshy and

and Tom-tom beater attached to the Cotaurs the charge Rupees 7 and 4 per mensem for each being inconsiderable. At present peons are employed on this work and detached from other duty.

11. The additions to the salaries as mentioned above and the employment of a Writer and Deputy Newsindah would amount, deducting the temporary Conicopillay proposed to be removed to Rupees 498 yearly. Vide Margin. This with the Extra Charges of Peons as above (932 Rupees yearly) would make an extra Establishment of Rupees 1,430 yearly at the Madras Cotaurs.

12 It has become absolutely necessary thoroughly to repair the building used as a Cutchery at the Madras Cotaur of which the roof leaks in many places, I would propose that this building be enlarged and altered. It is at present much too small, very dark and extremely inconvenient. The parties purchasing who

who come for receipts. the manufacturers sea ver crowd most inconveniently upon the Accountants and Shroffs.

13. As it will be the place in which the Uncovenanted Assistant, if that proposed addition is sanctioned will transact his business. it will be necessary to enlarge the present accommodation and to furnish the room with desks tables and Chairs, I enclose a Plan prepared by the Surveyor for raising the roof extending the Verandah 4 ft 6 in. The Estimated Cost of these alterations, the details of which are enclosed, is Rupees 933-5-2. The furniture required would probably be about 60 or 70 Rupees more.

14. I would also propose extending a large shed now standing outside the Salt Cutchery which is intended as a shelter from sun and rain for the persons coming to the Cutchery and who often have to wait a considerable time. The present shed is two small for the increasing numbers attending at this Cutchery. The proposed water Pundal would

would be in connection with this Shed — The expense of this addition would be about 70 Rupees to this.

15. These are the alterations required at the Madras Cotaur, I now beg to submit the alterations required at the Salt Pans. The work at the Pans and at the Ennore Cotaur is actively carried on during 8 months of the year from February to September, the season of the manufacture of Salt. the greater portion of the Establishment kept then is Augami or temporary, being employed only during these 8 Months. The repairs previous to manufacture are begun every year about the Month of January. the actual manufacture commences generally in the Month of February and ends in the Month of September.

Salt Pans.

16. The present permanent Establishment consists of 1 Amin at 14 Rupees per Month, 2 Curnums for Attepat and Ennore the one at 10½ Rupees the other at 7, 4 Mus Talairs Rupees 5-4-0 each. There is no permanent Curnum at Cuttemauk at present, nor are there any Permanent Peons.

17. The Amin's duties are to superintend generally the distribution of the Pans, the alteration when required of the registries of these Pans

Amin

Pans kept in the Honzoor Cutchery. the manufacture of Salt at the Pans at Ennore, Attepat and Cuttemauk, the stowing the Salt at Ennore and the general arrangement of the Boats for the conveyance of Salt from the Pans to the Madras Cotaur. He also has the superintendence of the Export sale when it takes place at Ennore. It is of great importance that this Officer should be honest, active and vigilant. The pay of the office at present is only 14 Rupees a Month. I think it would be of great advantage if this salary was raised to 20 Rupees per Month. The Amin being the Head Government Officer at the Salt Pans.

18. I should also propose that the Curnums' pay at Ennore and Attepat should be made equal ie. 10½ Rupees per Month and that a permanent Curnum should be kept at Cuttemauk. With these Officers rests in a great measure the fair destribution of the Pans to the Meerassidars and Cultivators. the settlement of disputes, and the whole of the accounts necessary for the management of the details of the destribution they should be able to read and write

Curnums.

increased to 1334. At Cattemaunk in
Fusly 1260 the Pans were 74 they are now
168 - There is every reason to expect that
in the next Salt Manufacturing season
the manufacture at the new pans will
be very actively conducted and that
the temporary Establishment as at
present will be found insufficient -
I would therefore propose that 2 Arganni
Curnums be employed to assist the
permanent Curnums and that an
addition of 7 Arganni Peons be made
to the 33 Peons hitherto employed.

23 These Peons should be
distributed as follows - 6 Peons should
be set apart to escort the Boats
that convey the Salt from the Pans to
the Ennore and Madras Cotaurs - it
is the duty of these men to see
that the Salt is conveyed to its destin-
-ation and that the Empty Boats
return to the Pans without delay.

24 A constant watch
should be kept at the Pans night
and day during the manufacture of

Salt

Salt and while the Salt remains
at the Pans. This, owing to the extent
of the Pans since the great increase
made to them this year; is a very
fatiguing duty. There should be for
the day and night watches 16 Peons at
Attiput - 12 at Ennore and 4 at Cattemaunk. 2 Peons should also be on
attendance on the Amin for vari-
-ous duties.

25. It has hitherto been
the Custom to keep two regular Tal-
-liars at Ennore and Attiput and
2 Arganni Talliar at Cattemaunk.
If the permanent Peons 3 in number
are kept at the Pans as suggested above
these Talliars will no longer be ne-
-cessary - it will however be ne-
-quired to keep.

2 Arganni Tom Tom beaters at Ennore
1 ——— Do. ——— Do. at Attiput
1 ——— Do. ——— Do. at Cattemaunk

during the season of the manufacture -
The duty of these men is to sound the
drum for commencing and discontinuing
the work - and to perform other minor duties
their

their salary to be 4 Rupees per Month-

26. A water Pundal at an expense of 4 Rupees per Month at Atteput is much required for the use of the servants imployed.

27. These additions to the Establishments at Ennore and at the Pans would therefore be as follows:

Increase of Pay to Amin	Rupees 72 yearly	
Do of Currumms pay at Ennore 3½ Rupees Monthly	42	Do
Difference between temporary and permanent Currum at Cuttewaulo	60	Do
3 Permanent Peons to be Kept at Ennore and Pans at 7 Rs. per Month	252	Do
7 Extra Avgami Peons at 7 Rupees per Month for 8 Months	392	Do
2 Extra Avgami Currumms at 8 Rupees per Month for 8 Months	128	Do
5 Avgami Tom Tom beaters at 4 Rupees for 8 Months	160	Do

Total Rupees	1134	Do
Deduct 2 Permanent Talliars and 4 Avgami Talliars no longer required-	238	Do
Total Rupees	896	Do

This

28 This sum 896 Rupees yearly is the total Extra expenditure required for the Establishment at the Pans at Ennore as above shewn, The Extra Establishment required at the Madras Cutcherry is Rupees 1430 Yearly- making a total of Rupees 2326 yearly- After a careful consideration of the working of the present Establishment during the past year and with a view to the increased Manufacture at the New Pans to be anticipated in the Current Fasly- I am fully convinced of the necessity of these additions- This Establishment under the Superviision of an Covenanted Assistant, such as it is proposed to appoint to the Madras Cutcherry would, I am persuaded, be complete for the transaction of the whole of the business connected with the Salt Manufacture and sale- and the increased expense will be more than compensated for in the increased vigilance and efficiency of the Establishment-

The

14365

Fort St. George 13th December 1852

36-37 B. No. 2437.

Proceedings thereon communicating to the Collector of Madras the views of the Board on the subject of a revision of the Establishment in the Salt Department, calling for certain information requesting him to submit an application for the permanent Establishment required an Estimate for the Water Tandal and an Indent for the furniture, and stating that the Board will submit for the sanction of Government the Estimate of the additions proposed to the Butcherry at the Salt Cotaurs—

The Board of Revenue have carefully read Mr. Ellis' Report and the Statement which accompanies it and will now proceed to make the following observations upon them—

2 As an Uncovenanted Assistant will hence forth have charge of the Salt Department, a Native Superintendent will be unnecessary, but as it is not intended that the new Superintendent should conduct the Sales personally in order that he may have leisure to control the entire working of the Department, the present Native Superintendent will remain as Deputy and be designated such—

3. The Board approve of the other changes in the Permanent Establishment of the Madras and Ennore Cotaurs—With respect however to the Temporary Establishment, they deem it inadvisable that any Scale should be fixed such number of people should be employed from time to time as the

14366

Fort St. George 13th December 1852

the exigencies of the Department may require the charges being included in the Estimates and Statements of additional Establishments, and coming under Scrutiny in the usual Manner—

4 Mr. Ellis proposes in para 19 of his Report, that a Rupees of 30 Rupees a year should be given on account of the Ennore Curnumship, and that that Office as well as the Attiput Curnumship upon which there is no necessary claim should be held in future, like all other appointments in the Salt Department without any hereditary claim—

5 It is observed that it is proposed to raise the permanent Ennore Curnum's allowance from 7 to 10½ Rupees per Mensem—The Board do not understand whether it is intended to remove the present Incumbent, granting him a Rupees of 30 Rupees per Annum for his

Fort St. George 13th December 1852

his Necessary, and appoint a New Officer on Rupees 10–8 per Mensem. If not it would hardly seem necessary now that the present Curnums pay is to be raised from 7 to 10½ Rupees to allow him a separate Russoom of 30 Rupees per Annum, merely with a view of placing him on the same footing as the other Salt Servants as respects removal from office.

6. If the object is to make a new appointment, it should be stated whether the present holder of the office is disqualified from any cause from performing the duty for if not, it would be better perhaps to allow the proposition respecting the Russoom to lie over until a vacancy occurs.

7. The Collector will with his reply submit an Application in the prescribed form containing all the charges proposed to the permanent Establishment.

C. O. Page 528.

8. The Board of Revenue approve of the additions proposed to the Cutcherry of the Salt Cotaur and will submit the Estimate for the Sanction of Government. The Collector is also requested to submit an Estimate for the Water Pundal and an Indent for the furniture referred to in paras 13 and 14 of Mr. Ellis' letter.

7 The whole amount of Salt Revenue realized in Fusly 1261 including the proceeds of the sale of certain Pal:=myra leases &c was Rupees 4,21,930-2-10.

8- The ordinary receipts and other minor items are separately entered in the Statement of Demand Collection and Balance to the 11th July last-

9- The Salt charges incurred on account of the two years under report are as follows-

	Fusly 1260-	Fusly 1261-
1- Pay to Servants —	5,846-14-10	5,943-3-4
2- Salt Manufac=turers share. —	22,555-15-1	41,413-7-7

The

16- The only item in the Statement requiring notice is that of "Extra Charges" The difference in favor of this year, being attributable to the purchase of Columbo Arrack and Jaggery for the Madras Distillary at lower prices than in the previous Fusly and a larger amount of liquor paid for to the Shopkeepers at prime cost-

17- Deducting the charges given above from the Gross Collections the Net Revenue stands at Rupees 482440 — 1 — 2 which is above that of Fusly 1260 by Rupees 13193- 2- 4- The Percentage for the two fasles under review was Fusly 1260- $12\frac{26}{64}$ Fusly 1261- $11\frac{46}{64}$-

482440 — 1 — 2

Small Farms and Licenses-

18- The sum realized under this head as duty for stamping Weights and Measures is Rupees 10535 — 1 — 4 being below that Collected in the previous Fusly by Rupees 658 — 14 — 4- On the 7th August last I had the honor to submit a report on the working of this Department and am now awaiting the orders of the Board on the questions therein brought to notice-

11193 — 15 — 8	
10535 — 1 — 4	
658 — 14 — 4	

19- The charges amount to Rupees 2585-7-9 and deducting this from the Gross Collection the Net Revenue amounts to Rupees 7979-9-7 which is Rupees 702-3-5 below that of the preceding

preceding Fusly-

Cochrane's Canal- 20- The Toll derived from goods passing through Cochrane's Canal amounted in the year under review to Rupees 20,125-12-5. This sum is exclusive of the toll on Salt passing through the Canal which is omitted from the accounts in consequence of instructions from the Accountant General-

21 Deducting this item from the Collection of the last year, the sum received in the year under report exceeds that realized in Fusly 1260 by Rupees 3,275-13-

Fusly 1260	22,849-15-5

22- The Statement F is as submitted with reference to the Board's Orders dated 28th March 1849-

23- The Revenue from Cochrane's Canal corresponds with the entry in the Statement of Demand Collection and Balance of the 11th July 1852-

24- Deducting the charges Rupees 3,523-6-6 from the Collection there is left a Net Revenue of Rupees 22,602-5-11 which compared with the actual Net Revenue of Fusly 1260- deducting Salt, gives an increase in favor of the year under report of Rupees 4,088-13-5.

Net Revenue Fusly 1261	18,513-8-6	
	4,088-13-5	

The

Stamps

25- The Sales of Stamp Paper in the present year amounted to Rupees 8,723-4-4 while the charges were Rupees 2,841-10-3 leaving a Net Revenue of Rupees 5833-9-9 which is below that of the realization of the preceding Fusly 1261 by Rupees 1,528-7-3- The Percentage of charges is for Fasly 1260- $23\frac{8}{64}$ and Fusly 1261- $33\frac{51}{64}$-

26- From the foregoing financial view of the Extra sources in this District, it will appear that the Grand Total of the Gross Collection for the year under Report amounted to Rupees 10,13,637-14-8-

27- From this if the charges Rupees 1,37,748-5-4 be deducted the Net Revenue Rupees 8,75,889-9-8 will be found to fall below that of the previous year by Rupees 73,824-8-6 a decrease, which considering the large deficiency arising from the failure in the manufacture of Salt in the previous year by which the sales for the year under report were inevitably reduced amounting to Rupees 93,682-3-2- as above stated will I trust be deemed satisfactory-

28- Agreeably to the orders of the Board under date 7th November 1850 the enclosed Statement No 1 is submitted shewing the number of seizures made in the Abkary Department, and the Rewards disbursed to the Informers and Seizers from the Amount sanctioned by Government for this purpose-

Fusly 1261

The increase in each item is owing to improvement in the Trade through a greater demands.-

A dispute between the Merchants in the interior and those at the Basin occasions the decrease.-

The sale of Grain having been advantageous to the Merchants at the Basin occasions the increase.-

Needs no remarks.-

The Toll on Salt which was formerly adjusted in the accounts is now omitted on account of instructions received from the Accountant General, dated 11th April 1851.-

To, W. H. Bayley Esqre
Secretary to the Board of Revenue
Fort St. George

Sir,

I have the honor to acknowledge the receipt of the Boards Proceedings dated 2nd August 1852, in which they observe on the claim of the Mortgagee Vencut Row, therein referred to, that to the actual produce of the Enam enjoyed from 1844 to 1847 amounting to Rupees 25-12-u the amount of produce since realized by the Circar at the rate of 6 Rupees per crop or Rupees 54-u-u in Deposit, should be added, and the total of these, amounting to Rupees 79-12-u allowed in lieu of Interest, and that irrespective of this amount the redemption money or Rupees 60-u should be tendered to the Mortgagee before the

the Enam can fairly be resumed, and direct me to report whether there is any objections to this arrangement with the Mortgagee.

In reply I have the honor to report that the Mortgagee will be content to receive the amount of his Bond, 60 Rupees, together with the full legal interest 60 Rupees in all 120-u-u. His agreement is herewith sent and his accounts stands as follows.

Original amount Rupees ——— 60-u-u
Legal interest as provided by sect. IV Regulation XXXIV of 1802 ——— 60-u-u
120-u-u

See also Section VIII of Regn. quoted.

Deduct the actual produce of the Enam enjoyed by the Mortgagee while the land was under his possession ——— 25-12-u
94-4-u

By this it will be seen that he has to receive Rupees 94-4-u as of which 54 is in deposit leaving 40 Rupees and 4 annas to be further sanctioned by the Board.

But the Board's proposition is to allow him in all Rupees 139-12-u. Viz.
Amount of Bond Rupees ——— 60-u-u
Interest received from the land ——— 79-12-u-
and as he has received 25-12-u the Mortgagee will still have to receive Rupees 114-u-u of which deducting sum in deposit 54 there remains 60 Rupees still

still to be sanctioned. I have the honor to request the orders of the Board for my guidance.—

Bellary Collector's Office,

To the Sub Collector's Cutcherry Bellary District

Deposition given in by Shanjee Veneata Row residing at Pengondah on the 29th: September 1852

Fusly at Bellary.

Question. How came you to enjoy the wet land of Bhuttumty Enam No: 81 Measuring as 9 a 3-9-3: assessed at Pagodas 15-6-9. and situated near Ramapoorum of Pengondah Talook which was in the occupation of one deceased Woolkary Govindacharloo of the said Talook.2

Answer On the 5th: of the 1st: fortnight Ashada of the year Shobacrootoo the deceased Govindacharloo pledged the land to me on receipt of Rupees 60 under a Mortgage deed transferring to me the enjoyment of the produce thereof in lieu of interest and stating that he would redeem his property by paying off the principal alone, the land accordingly remained in my possession until Fusly 1256 during which time I obtained

Rupees-

Rupees 25 3/4 being the amount of interest but subsequently the land having been taken under attachment by Cirkar there has accumulated in the Talook deposit as my due

Rupees 54 being the amount realized during the 5 years from 1257 to 1261 Fusly inclusive on the said land which I had letout on rent of 6 Rupees per Crop.

Question. Since there are no heirs to the aforesaid Govindacharloo you know the land is liable to be resumed by Cirkar what have you to say to this?—

Answer As the land was under Mortgage to me it is my belief that it will not continue to me as such for Ever Payment of the principal with the authorized interest less Rupees 25 3/4 which I have already received will satisfy me, I have no other sort of demand on the land.—

Proceedings.

Bd. No. 2417.
Proceedings thereon.

(23-24)

Submitting a letter from the Collector of Bellary and recommending that as proposed by him and agreed to by the Mortgagee Venkut Row the amount of his Bond with legal Interest thereon be paid to him and the Enam mortgaged resumed.

Fort St. George 9th December 1852.

Resolved that the letter above recorded together with the papers noted in the Margin be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to para 2 Extract Minutes of Consultation, 13th January 1852.-

From Collector 13th July in Cons. 5th Feb. 1853.
2d August 1852.-
Proceedings thereon 2d August.

2. In the Extract Minutes of Consultation above quoted, the Government authorized the resumption of all the Enams held by the late Govinda Charloo excepting the portion mortgaged to Venkat Row which consists of 3-19-3 assessed at Rupees 45-10-u and which the Government reserved for further enquiry.-

3. It would appear that in consideration of Rupees 60 advanced in 1844 to the Enamdar by Venkat Row this extent of Enam was Mortgaged to the latter. On viewing the Deed the Board found that it contained the term "Vuddy Bagyum" by which they understood that no Interest was chargeable, but in lieu thereof that the Mortgagee might enjoy the produce of the Enam, and in the event of the Enamdar tendering payment of the sum borrowed, that the Land should be considered as redeemed; and they accordingly called

Fort St. George 9th December 1852.-

called upon the Collector to state what objection there might be to acting up strictly to the tenor of the Deed by adding to Rupees 25-12-u the produce of the Enam enjoyed by Venkut Row from 1844 to 47, the sum since realized Rupees 54 and held in deposit besides tendering him Rupees 60 the amount for which the Enam was Mortgaged.-

4. The Collector now reports that the Mortgagee will be content to receive Rupees 60 the amount of his Bond together with full legal Interest provided by Section IV Regulation XXXIV amounting to Rupees 60 or Rupees 120 in all and encloses an Agreement executed by the latter to that effect. Venkut Row having already received Rupees 25-12. out of this sum the Collector requests Sanction for the payment to him of Rupees 94-4-u of which Rupees 54- is now held in deposit instead of adopting the arrangement proposed by the Board.-

5 Finding that the arrangement now suggested by the Collector will reimburse the Mortgagee in full of Principal and legal Interest the Board recommend that Sanction be

be granted accordingly to the Collector to pay Venkat Row the sum of Rupees 94-4-0 and to resume the Enam.-
