B. No. 3165

From the Collector of Cuddapah.

Sir,

I have the honor to request that the Board will forward my application for leave for three Months from the 22d Instan under the medical certificate which I enclose.

(Signed) H. Forbes
Collector.

No. 1.

Henry Forbes Esqre, Collector of Cuddapah having applied to me for a Certificate on which to ground an application for leave of Absence, I do hereby Certify from personal observation that he is now suffering from Chronic Bronchitis the effect of a severe attack of the same disease under which he laboured while at Cuddapah in October last, that the nature of the ailment is such as to be aggravated by the Climate of any of the inland Stations, on account of

of the dryness of the Atmosphere that prevails for so many months of the year, and which in my opinion he should always avoid if possible, in consequence I consider a temporary removal necessary for the benefit of his health and that he should be permitted to be absent from his duty for the space of three Months to the Presidency or Eastern Coast.-

From J. F. Bishop Esqre. - -
Collector of Tanjore, at Madras.

Sir,

Owing to the late arrival of the Ship "Nile" and her still further detention at Madras, I have been unable to rejoin my District, as I had intended within the period for which Extra leave was granted me, and as this

this delay has been as unintentional on my part as unforeseen, I trust the Board will do me the favor to recommend the grant of a further extension of leave for six days under section XII amended.-

No. 1145.

From the Secretary to Government

Extract from the Minutes of Consultation, Under date the 30th. November 1852.-

(From Board 28th. October 1852)

The Shiare of Rupees 14-12-a enjoyed by the deceased will be continued to his eldest son Bodharoya chiarry as recommended by the Collector and Board of Revenue, subject to report on lapse.-

2. Under the circumstances represented the Government agree with the Board of Revenue that it will be sufficient if the Enam

in

B.D. No. 3032

If suing orders on the several cases of lapsed Enams in the Bellary District referred to in the Tabular Report for the 2d. Quarter of the year 1852.-

in Hoosoor is continued to Vencamah the widow of the deceased for life. The other two Enams will be resumed...

3. The share enjoyed by the deceased will, in default of issue or near relatives, be resumed as recommended, the share of Rupees 11-12-a held by Pungum Nunjah being left in his possession.

4. The Enam will, under the circumstances represented, be resumed.

5. This Enam may be continued to the widow of the deceased for life as recommended by the Collector and Board of Revenue.-

6. On the grounds of long possession and the family having no other means of support, the Government will not object to the share of Rupees 14-10-a- enjoyed by the deceased being continued to Bharatharamana his eldest son as recommended but this Enam like the similar one in case No. 1. will be reported on lapse.-

7. The deceased having left no issue these Enams will be resumed, the claim preferred by Issee Venkataramana being

being under the circumstances represented altogether inadmissable.-

Despatch dated 12th February 1851 No. 2 page 26.

8. Referring to the orders of the Honorable Court on the subject of the Nadgoud Enams, the Government see no sufficient grounds for making the case of either the present claimant or his mother an Exception to those orders as the family have other means of support and the Collector will therefore be directed to resume the Enam.-

9. This Enam will be continued to Chinna Nursapah for the reason assigned by the Board.-

10. The service for the performance of which this Enam was granted, having ceased 70 years ago and the Pagoda with its images having since been allowed to fall into decay, the Government authorize the Collector to resume the Enam, with respect to the recommendation of the Board regarding the Chattrums, the Government would call their attention to the remarks contained in Extract Minutes of Consultation of the 20th Ultimo para 2. If the buildings are of public convenience and any individuals are disposed to take charge of them, the Government would desire

desire them to be so made over and would continue a suitable portion of the Enam as now under consideration as an Endowment.-

11. This Enam will under the circumstances represented be resumed absolutely. There seem no grounds for keeping the case open, the claimant Nursinga Row having had ample time to make good his pretensions and failed to do so.-

12. On the ground of uninterrupted possession for more than 50 years, the Government will not object to the Enam instanaree being continued to Soobramaniah, the son of the deceased, but adverting to be double transfer which has taken place of the Enam in Narraindave: ratterah, the Government are not prepared to sanction its continuance, and desire that it may be resumed.-

To, W. H. Bayley Esqre.

10

Bd. No. 2972.

From the Collector of Bellary.

Submits a detailed report of the Syed Pett Jaghire shewing the difficulties that exist in making the arrangement proposed by Government in their Minutes of Consultation dated 13 July 1852 but recommends that the principle of the orders of Government be carried into out if the Board Consider with him that the objections stated are not sufficient to bring the matter again before Government.

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated 26th July 1852 forwarding Copy of an Extract from their Proceedings of the 24th June held in reference to my letter of the 10th May 1852 relative to the Moturpha Jaghire of Syedpett at Adonie. and also Copy of an Extract from the Minutes of Consultation dated 13th July 1852.-

2. The Board in the 8th Para of their Extract of Proceedings of the 24th June have expressed their opinion that as the rates of Moturpha are fixed by the Government Officers, there ought to be no difficulty in fixing an invariable Money payment with reference to past Collections to the share holders of the Jaghire, and that such an arrangement is desirable as being more simple than the present plan of allowing the share holders to Collect their respective portions, as it would relieve the parties liable to pay the

tax

tax from the interference of the share holders and Government have in the 2d. Para. of the Minutes of Consultation dated 13th. July Concurred in the Opinion of the Board and directed that unless the Collector can adduce any strong reason to the Contrary, the Collections from the Commencement of fusly 1262 are to be made by the Officers of the Government and the shares paid from the Treasury at rates fixed in the average of the 10. fusly years, from 1251 to 1260 as under viz.

To Syed Ahumed alias Comaradoraz Rs. 190-9-4

To Patcha Mohideen recent renewals with arrear from the date of his father's death 16th. January 1849 Rupees 197-9-4

and that the lapsed share of the third holder Syed Cassim lately deceased, will be Considered on the report regarding it being received.-

3. I have the honor to state in respect to the above that the three shares of the Jaghire are subdivided as follows.-

The share of the deceased Syed ahumed divided into four portions one of which is enjoyed by his son and the remaining three portions by others.-

The share of Syed ahumed alias Comaradoraz

is not subject to divisions.-

The share of the deceased Syed Cassim is divided into three portions one of which being a half of the share is enjoyed by his son Ghouse vully Dollah, and the remaining half portion is enjoyed in two shares by others.-

4. On enquiry into the Circumstances of this Jaghire it has been ascertained that the site on which Syed pett is built was granted about two Centuries ago by the then Government to an Ancestor of the present incumbents- and that he, and after his demise his three sons invited Ryots to the place who built themselves dwellings and paid tax to the Jaghiredars- and that the three sons of the Original grantee and their descendants also built houses on their own account and got Ryots to occupy them on whom they have all along levied Tax, not as House rent, but on their professions so that some of the houses in Syed-pett are the bonafide property of the Jaghiredars- and the Jaghiredars may still Continue building houses on unoccupied spots in the Pettah

The

22 Houses built by the Ryots themselves.-

30 Do. Built by the Jaghiredars

Of this 30 Eight were subsequently purchased by Ryots when they were sold for the satisfaction of Jaghiredars debts and there=maining 22 still belong to

52. the Jaghiredars.-

23 Of the 52 dwellings belong=ing to the deceased Syed Ahmuds portion of the pettah the sub shares of his party have not divided the houses.

11 Houses appertain to the portion of Omaradaraz-

21 Do. appertain to the portion of the deceased Syed Cofsim which are sub divided as follows.-

15 Ghouse vally Ollah 1/2 share
3 Hoofsain saib - 1/4 Do.
3 Bamoo Meyah 1/4 - Do.
21

Deriz of Syedpett for Fasly 1261 619-9-0
Syed Ahmuds share Rs. 183-0-0

The shares are enjoyed by the Sub sharers as noted in the Margin from which it would appear that no regular divisions have ever been made, but that they have enjoyed them on certain arrangements of their own: if the Amounts apportioned by Government to the ayen sharers are disbursed to them, some difficulties may arise in apportioning the Sub sharers claims of those who have enjoyed the benefit of the Jaghire for a Considerable time.-

6. It is also to be observed that the Jaghiredars do not receive from the Tenants if their houses any rent at all such for the Occupation of the house but the assignment on the Ryots is simply the Motarpha of their profession and as the same will be levied still as Profession Tax by the Government the Ryots may refuse to pay more to the Owners of the Houses for Rent. and indeed the Jaghiredars would have no right to demand more on this account if the proposition for remunerating them by a Money payment on the average of 10 years was a proposition to which they freely consented. But as it is not and as the houses may at any time be sold by the Proprietors, difficulties may ensue. But on this point the remedy seems to be to leave the Jaghiredars to do as they please with their houses/22 in Number it appears/ by making an amicable arrangement with the Occupiers for Rent quite independent of the Circar demond for Moturpha which must be settled with reference to the general Circumstances of the Ryot. a trifling loss might ensue to Government not worth mentioning

Viz.

Patcha Mohideen 1/2 share 45-12-0
Luthiff Saib Do. 45-12-0

mentioning.-

7. As the third named Jaghiredars party have all along enjoyed the tax e levied on the professions of Ryots occupying their own houses it would be lost to them to be paid at a rate fixed on the average of the last 10 years preceding Fusly 1262 while the other parties would be gainers. This might be obviated by paying all the parties according as the Beriz of Fusly 1261 was enjoyed by them.-

10. I beg to enclose a statement shewing the average of the last 10 years preceding Fusly 1262, from which it will be seen that the Amount is below that of the former Statement submitted by me by 3 Rupees. But the principle of Government seems to be the preferable one in concluding an arrangement of a Money Payment.-

11 The Board will observe there are difficulties in making the arrangement proposed by Government with the Jaghiredars who are averse to it. But if the Board think with me that the objections stated are not sufficient to bring the matter again before the Right Honorable the Governor in Council, I beg to recommend that the principle of the Orders

of

Fort St. George 3d. January 1853.-

of Government be Carried out— Viz.t
That the Jaghiredars be prohibited from all interference in the Assessment or Collection of the Moturpha of Syedpett.-

That the Tax on the Ryots be assessed as at present and Collected hencefurth by the Government Officers.-

That the proceeds be carried to credit of Government.-

That the Jaghiredars be paid a fixed sum from the Government Treasury according to the average amount Collected during the previous 10 years.-

That this sum be paid only to the princi-pal representative of each of the 3 shares and that Sub-sharers should look to the Princi-cipal Man for his portion.-

But that any disputes as to such portion will be arranged under the Orders of the Collector.-

That the Houses now in the Pettah said still to be the property of the Jaghiredars

22 in Number be left to the disposal of the Owners who are at liberty to rent them as they

Proceedings there

(10-11)

T.G. 13m Cons. 26th July 1852.

Upon Consideration of all the Circumstances represented in the foregoing letter the Board do not see sufficient grounds for troubling Government with another reference after their Sanction fixing the shares Commuted instead of the Moturpha levied by the family of the Jaghiredar of Syedpett. but approve of the measures proposed in para 11 for giving effect to the Arrangement authorized by Government. In the event of either party being dissatisfied with the decision of the Collector in regard to rent referred to in the Concluding clause of the Para quoted, such party will be at liberty to bring his Claim before the Established Courts.

2. There is a slight but very immaterial difference between the rates fixed in the Order of Government which were taken on the average of the receipts of the 10 years ending Fusly 1260 and the rates proposed in the present letter which is owing to the latter having been taken on the average of the 10 years ending Fusly 1261.

To Syed Ahumed. 1909-6. 189-3-3. 1-6-3. Decrease. Increase 1-15

To Pacha Moideen. 197-9-4 198-9-4

3. The death of the father of Pacha Moideen having taken place on the 6th January 1849 the Board consider that it was proper to limit the average to the earlier period.

From R. A. Brett Esqre Collr of North Arcot

Sir,

Para 1.

Affords information regarding the yeomiah of 840 Rupees enjoyed by the family of Syed Careemoollah as required in Board's Proceedings 21st October 1852.

Referring to an Extract from the Proceedings of the Board of Revenue dated 21st October last, annexing Copy of an entry of the yeomiah drawn in 1847 by the family of Syed Careemoollah, extracted from the Statement of yeomiahs enclosed in a letter from the Collector of Madras dated 7th April 1847, with the view to my ascertaining from my records under what Circumstances the yeomiah of Rupees 840 per annum was disbursed to to the family from the Treasury of the Collector of Madras: and requesting me, if necessary, to communicate with the Collector of Madras: I have the honor to state that the Collector of Madras has informed me that the yeomiah in question was transferred from this District to Madras in the year 1813. instead of 1828; and that in the latter

year

year a renewal of the pension was made under the general authority given by the Board's order, dated 31st July 1815.-

2. On referring to the records of the year 1813 in my Office, it appears that Mr. Graeme, solicited† the Board's sanction for transferring certain yeomiahs, paid from the Treasury of this Collectorate, to the districts in which the several receipients were residing; and that the Board sanctioned the transfer.-

† letter dated 21st January 1813

Do. 25th Do.

3 A list of the yeomiahdars to be transferred to Madras was then sent to the Collectorate; but this list, as well as the list forwarded to the Board with Mr. Graeme's letter of the 21st January 1813 is missing from the records of this Office- a transcript, however, of the former list has been found with a letter subsequiently received from the Collector of Madras, and in this transcript is entered the name of Careemoodlah as a pensioner in the receipt of Pagodas 240/ Rupees 840/ per annum.- This yeomiah appears to have been given as a

a Mootaliqueem grant.-

4. The Board have also desired to know what was the net income realized in 1828 from the Dehaut Enam of Canacuneah- The proceeds of this Village in 1828, (Fusly 1237) was Rupees 355-11-1 as D after deducting Marah and other charges- The proceeds of the Village in 1813, (Fusly 1222) was Rupees 402-8-4 as D.-

Resolved that the letter above recorded together with the papers Noted in the Margin be Submitted for the Consideration and Orders of the Right Honorable the Governor in Council.

2. These papers refer to an application from Amtool Fatmah Soliciting that the Commutation allowance in lieu of her Dehat Enam of Canacuneah in North

and the enquiry into the seperate Yeomiah now payable to her by this last named Officer.

North Arcot may be transferred for payment to Madras and arrears paid to her from the latter Collector.

3. They also relate to the enquiry made into the separate Yeomiah of Rupees 210 per Annum which is now payable to Amtool Fatmah from the Treasury of the Collector of Madras.

4. In regard to the Dehat Enam of Cunecuneah it was only deemed necessary to be satisfied with the identity of the applicant in order to admit of the transfer of payment. It is stated in the Acting Collector's letter of the 23d September 1852 that it was not the practice to take Descriptive Rolls of Dehat Enamdars in the North Arcot District previous to 1849 and that none exists to enable the local Officers to Compare with the present actual description of the applicant. The Board however think that her identity as obtained by the Chief Magistrate and Superintendent of Police at Madras upon good authority, but

but not on actual personal inspection may be taken as establishing her claim to the arrears of allowance amounting in the aggregate to Rupees 1797-10-4 due for the periods noted in the Margin, and for the continuance to her of the Annual Pension of Rupees 575—"—" They accordingly recommend that these payments may be Sanctioned to be made from the Treasury of the Collector of Madras and that that Officer be authorized to make all future disbursements to this Pensioner on the same account.

5. From the enquiry made into the Separate Yeomiah of Rupees 20 per Annum which she enjoys now from the Treasury of the Collector of Madras it is found that a Mootaliguan Pension of Rupees 840 per Annum was transferred from the North Arcot District for

for payment to Madras in the year 1813 in the name of Syed Abdul Kader, Son of Careemoollah, but, on his death that, under the general authority conveyed in the Board's C.O. 31st. July 1815, this Pension was renewed by the Collector of Madras in the Names of the Mother and 3 Sisters of Syed Abdul Kader. The renewal of this Pension without previous orders was irregular but so many years have since elapsed since the transaction occurred that the Board would not take exception to the payments now drawn by the Surviving Members the Mother and Two Sisters of Syed Abdul Kader. The Pensions of each should however the Board think be limited to life.—

Sir,

Rs. No 2987
From the Acting Collector of North Arcot

Submits with reference to Board's Proceedings 11th November 1852 a revised list of shares of the Dehat Enam of Mailcoopum and requests to obtain the sanction of Government for the payment of the Shares.

To Board 9th September 1852
From Do 4th October 1852
To Do 14th Do ——.

To Board 14th Novr 1852

With reference to the Proceedings of the Board of Revenue dated the 11th Ultimo, advertting to recent correspondence regarding certain shares in the Dehaut Enam of Mailcoopum, and observing that the Standard fixed by Mr. Bourdillon in the payment of Dehaut Enams was proposed distinctly with the view of causing a uniform rate of payment, instead of a fluctuating one, that if the cummuted rates then fixed are to be altered in determining from time to time what proportionate shares are to be paid in individual cases, the object of a fixed standard would entirely be lost, and that if there is any error in the destribution of the Shares, the Acting Collector should send a revised list for the sanction of Government.

Fort St. George 3d. January 1853

The alterations appear in red ink

Government.- I have the hon to submit a revised list of shares for the Dehaut Enam of Mailcoopum and to request that the sanction of Government may be obtained for the payment of the shares as entered in this list, in place of the shares entered in Statement No. I dated 14th November 1850, which accompanied Mr. Bourdillon's letter of the same date.

C.O.B 273.-

2. The necessity for a revised list in this case is owing to the accidental circumstance, that a lapse in one of the shares was under reference at the time Mr. Bourdillon's Statement was submitted to the Board, and to the Government having ultimately sanctioned a larger proportionate share to the surviving heirs than Mr. Bourdillon had recommended.

family, as explained in my previous letters.

4. The commuted allowances in respect to this and all the other Dehaut Enams are calculated on an average of 10 years. In the present case I have not proposed to make any alteration in the mode of commuting the allowances as the Board appear to have understood, but only to adjust the value of the shares which the Government sanctioned in Minutes of Consultation dated 15th August 1851 to the commutation rates, instead of calculating their amount by the Beriz of Fusly 1258, the year for which the value of these shares was estimated in the Lapse Report for the 3d Quarter of 1850.-

Mr. Sullivan proposes to ascertain by proper enquiry the real circumstances of those persons who are supposed to have signed the Petitions to which his letter refers.

No. 98

To,

H. A Brett Esqr.
Acting Magistrate of North Arcot.

Sir,

With reference to the notification contained in the Fort St. George Gazette under date the 27th. August 1852, Page 843, I have the honor to address you on some points connected with that subject.-

2. While taking the Census of the civil Town of Vellore in the year 1851, which I did with great care, at a private outlay and I believe with as near an approximation to accuracy as can be obtained, without taking the census in one night as in England, I had in contemplation to endeavour to in= =troduce Act XXVI of 1850 into Vellore, and I therefore made use of the same private Establishment to name and classify the streets, to number every house and premises, and to take down the name of each owner and occupant of every house, shop &c. in the

town,

town, so that when the question of the introduction of the Act came on, I might have some guide as to the parties interested and entitled to vote pro or con.-

3. Desirous fully to carry out the wishes of the Legislature in giving every publicity, as directed, to the Notification mentioned in Para 1 of this letter, I prepared in English, Telugoo and Tamil, a Proclamation embodying that notification, Act XXVI of 1850 itself, and a few remarks of my own. 50 copies of each of these I had printed at Madras at the American Mission Press at my private Cost, a Copy of each of which I beg to forward for inspection.-

4. I issued a copy of both the Vernacular Proclamations to each of the Moonsiffs of the Villages and hamlets pertaining to Vellore as specified in the margin to the Notification, also to each of the thirteen Tanahs, in the town and desired that these should be affixed in the most public places which

which has been done, the proclamation is moreover proclaimed by beat of tom tom throughout the town at least once a week. Copies of the English and Vernacular Proclamations are affixed at my Cutcherry, others at the Police Ameen's Cutcherry, and others at the Cutwal's Choultry besides several which I have given to the most influential inhabitants, and some English Copies to the most respectable European residents.-

5. Immediately on receipt of the instructions from Government with reference to the Notification of the 27th. August last, I opened a book at my Office in the form annexed.-

Date	Name of Pettah Suburb or Village	Name of the street or local-ity	Number of the Premises	Name of the House holder	Name of the Occupant	The introduction of Act XXVI of 1850 Signature.- Number	For	Number	Against

Availing

6. Availing myself of the inform=
=ation I collected as stated in Para 2 I am
calling up day by day the inhabitants,
pettah by pettah and street by street
explaining to them in person the objects and
advantages of the Act and taking their
signature for or against after they have
well weighed and canvassed the subject.—

7. Hitherto the result has been
most gratifying to me, the number pro being
far in excess of those con and this not by
selecting those favorable but taking their
signatures as far as possible as the Numbers
of their houses or shops come in the prepared lists.

8. My immediate object in now address=
=ing you is to inform you that I have received
authentic information that certain ill dis=
=posed persons in the town have been drawing
up petitions, Mahazur Namas &c to Govern=
=ment purporting to be against the introduction
of the Act and obtaining a great number of sig=
=natures, many of them false and most of them
from persons who are neither householders or
owners of shops or in any way interested or

likely.

likely to be affected by the Act.—

9. I have therefore the honor to request,
that if you deem it expedient, you will put
Government in possession of the substance
of this letter, and if satisfied with the
measures I have adopted for giving
publicity and efficiency to the notification
of the 27th August as detailed in Paras
3-4-5- and 6 of this letter, suggest the
advisableness of forwarding through
you to me for revision, report or
such Consideration as they may deem ne=
=cessary, all petitions Mahazur namas &c
Connected with the introduction of Act
XXVI of 1850 which they may receive during
the period fixed in the notification for
the discussion of the subject.—

10. In conclusion I would observe
that I am still very sanguine that the
Act will be called for by a Majority of
the inhabitants if the subject has fair play
and the votes of those really interested and
to be affected by it are not tampered with
of which persons the Accounts referred to

in

Fort St. George 3d January 1853.

in Para 2 furnish me with detailed lists whereas if petitions, Mahazurnamahs, &c of the nature described in Para. 8 of this letter are to be taken as bonafide votes the matter will of Course be crushed, but at the same time it will form no true index of the Votes of the vested interests and property in the town.—

Sir

In connection with Para 8. of my letter to you on address of the 20th Ultimo No. 98 being very desirous of making a reference to the Original petition from certain inhabitants of Vellore praying that the provisions of Act XXVI of 1850 might be put in force, which was forwarded to the then Acting Magistrate of North Arcot, Mr. Ward in a letter from me dated August 27th 1851 No. 53 and on which the Notification in the Fort St. George Gazette under date the 27th August 1852 Page 843 is grounded

I

I have the honor to request that you will apply to Government for the original Petition which shall be returned with my final report at the expiration of the period allowed for the discussion of the subject of the introduction of the Act.

2. I am induced to make this request in as much as I have discovered that one or two of the heads of castes who signed the original petition to Government, are secretly now engaged in getting up an opposition to the prayer of that petition and several of the inhabitants who are anxious for the introduction of the Act assure me, that if I can only demonstrate to the people of these castes that their own headmen signed the Original Petition, they will sign willingly in favor of the introduction of the Act as this will prevent the headmen making a caste matter of it, which they are at present endeavouring to do, and which deters many people from coming up to vote.

In Govt. Sep. 27th August 1852 and the Notification in the Official

2. The Board conclude that there can be no objection to the application of the Magistrate that any Petitions or Mahazurnamahs which may be presented to Government by persons professing to be interested and entitled to vote against the introduction into the Town of Vellore of the provisions of act XXVI of 1850 may be referred for the report of the Head Assistant as it is stated that there is a numerous class who from having no rateable property in the Town can have no right to Vote.

3. Mr. Sullivan has it is observed opened the Register for Votes the period for closing which will not expire before the 27th February next when it is hoped there will be a large majority in favor of the introduction of the Act. The Board are however disposed to think that the practice referred to in Para 6 of Calling up the inhabitants to vote should not be continued in as much as to does not appear to leave to the people full freedom of voting against a measure which they are aware that the Assistant Collagistrate is personally desirous of promoting.

4. Since the above was written the Board have received a letter dated 17th December /52 from the Acting

Owing to the prejudices and restrictions of Caste which prohibit the pensioner from appearing in public, it has been usual to permit her to draw her Yeomiah through the agency of her Son Roshum Beg. When however it last became due the latter was unable from Sickness to which the local Thasildar himself certifies to come forward and receive it. He subsequently appeared and claimed it for his Mother. At the periodical Examination of all Yeomiadars in Talook Tripatoor where the Jumma Bundy of Fusly 1261 was in progress, I satisfied myself that the Yeomiadar Papah Bee was alive Adverting to the rule prescribed by the Board in paragraph 2 Circular 10th March 1851 in modification of the order dated 1st July 1850 respecting persons above 50 years of age the Existance of the claimant was certified by two Male Yeomiadars drawing respectively an allowance of 35-9-6 and 23-8-9 Rupees and left no doubt on my mind that although unable to come before me Papah Bee was then alive. Under these circumstances I beg to solicit authority to disburse to her the arrears of Yeomiah under report which is now in deposit in the Talook Treasury.

Season.

3. The Season was on the whole highly favorable for Agricultural operations. Previous to the commencement of the fusly or in May 1851 the District was visited with an unusually heavy fall of rain which partly filled the Tanks and enabled the Munjah cultivation to be exctensively entered upon at an early period: During June, July, August and September, the showers from the

the South West Monsoon were generally sufficient for the growing crops tho in some places the Poonjah lands suffered partial injury from drought. In October and November the North East Monsoon was favorable, but there was a scarcity of rain in the two ensuing months which caused apprehensions for the later Munjah crops and for the Indigo and Oil Seed produce on the dry lands, These crops were alternately saved by some valuable showers in February and March, though their yield proved scanty in some places. The freshes in the principal rivers the Coleroon Vellaur and Ponnaur, were steady and moderate throughout the season.

4 The state of the public health was generally good. In the Districts along the coast Cholera appeared in the cold months which succeed the North East Monsoon, but its ravages were not extensive and no other epidemics prevailed. The small pox especially seems diminishing, a result which is attributable to the spread of Vaccination

In

Fort St George 3d January 1853

In some Villages the inhabitants had cause to complain of losses among their cattle which were swept off by a contagious disorder.

Price

5.

In consequence of the favorableness of the Season and the attendant increase of Cultivation the prices of grain showed a marked decline which caused difficulty in the punctual realization of the Revenue and a depressing influence on the comfort and prosperity of the people. During the months of March, April and May when some heavy Kists become due the price of Paddy fell as low as Rupees 62 in the Northern and Central Talooks while in Mannargoody and Chellum -bram it sunk to Rupees 56. In the same manner Varagu, which forms the principal dry grain crop declined to Rupees 38-6-3 and as the standard survey prices on which the Assessment is based is Re 70 per Garce

Garce for all descriptions of Grain, it will be seen that the Cultivators were placed in trying circumstances - The demand for Indigo was fortunately active at the close of the year when its price revived under the influence of intelligence from the European Markets, and the assistance which the cultivators thus derived was of great value in enabling them to discharge their balances

6 The annexed Talook war abstract Statement shows the Net Settlement of the Fusly which amounts to Rupees 25,22,927-8-1 being an increase of Rupees 1,82,377-6-" over the preceding year. This result is owing to the favorableness of the Season, which encouraged the Ryots to undertake an unusual extent of cultivation - It will be observed that the increase was general in the District except in the Talooks of Mannargoody and Cuddalore - In the former the Cultivation was nearly the same as in the preceding year, while in the latter some Nunjah lands remained uncultivated in three Villages in

in consequence of an earthern annicut in the Guddelum river being breached.

Dittum

7. The Settlement was made on the Dittum principle in accordance with the instructions of the Board but although no open opposition was manifested by the landholders, they still showed hesitation to enter into formal engagements, and signed agreements for a less extent of land than they intended to cultivate if the season proved favorable. The annexed Statement shows the extent of land included in the Dittum, the portion deducted from the Settlement as waste, and the additional lands taken into cultivation after the completion of the Dittum in the present and the preceding fusly, but the remarks offered by me in my last report regarding the introduction of the Dittum make it only necessary to observe now that by continuing to grant liberal remission in the Settlement for waste when cultivation is impeded by the season or other unavoidable causes mistrust will generally diminish, and the system can be carried out with increased

Fort St George 3rd January 1855

It will be observed from the above statement that while in 1260 the Dittum included 4,28,476 Cawnies and 2,12,853 Cawnies were subsequently added to the Cultivation, the Dittum of the succeeding Fasly, rose to 4,54,376 Cawnies, additional land to the extent of 69,192 Cawnies, being effected by the Settlement on account of waste or from the Settlement on account of waste or taken into occupancy. The formal Dittum engagements thus now an increase of 25,900 Cawnies in the succeeding year. The deduction for the Settlement on account of the Collectorship at Bungeir were below those of the preceding Fasly to the extent of Rupees 13,450 leaving an effectment of Rupees 59,548-14-4. The following Table gives the details of the Collectorship at Bungeir for the two years, and it will be observed that the engagements for cultivating Ryotwiſe land were executed with some regularity in the succeeding year; Of Regs to explain that this arise from the temporature Favourableness of the Season, the Dittum of the Ryotwiſe land are at present under examination / many of them Entirely over the Fallow

rain, and consequently an unpropitious season prevents much cultivation which the land holders would otherwise undertake.

9. In reference to the remarks of the Board in Para 9 of their Proceedings on the Summabundy report of the preceding Fusly 1260 I beg to observe that the Statements Nos 1-2. and 3 in A were prepared to exhibit in a concise form the Sabookwar amount of the Settlement on the 3 descriptions of land in comparison with the preceding year and as the particulars alluded to by the Board were shewn in other accounts the Dittum engagements were entered on this occasion in these Statements. In the Statements now forwarded a slight alteration has been made and they will be found to exhibit a Comparison of the Settlement of the two years and the actual extent of land upon which they were respectively based.

20th April 1852

10 I now proceed to offer explanatory remarks on the general details of the late settlement which exhibits an increase as already remarked of Rupees 182,377 6-.

The Poorjah, Nunjah, and Totacal lands on which the above Settlements were based after deducting the Cabooleyat Bunjer, exhibits the following Comparison, and I shall proceed to offer some remarks, on each in detail.

The revenue derived from the Poorjah lands exhibits an increase of Rupees 42,315-6-11. of which Rupees 38,601-2-3. occurred in the Aim and Rupees 3914-4-8. in the Amanies and Jaghire Villages.

Fort St George 3d January 1853

The esctended cultivation was owing to the favorableness of the season and was general in the District with the exception of the Verdachellum taluk in which a small diminution calling for no prenticular remark, occurred. In some Villages of the resumed Sunkarapoorum Jaghire, the Poorjah lands are still assessed in the form of a plough and acre tax, a System for which it is proposed to substitute a teerwah fixed on the land in the approaching revision of the assessment.

12 By the return forwarded to the Board on the 25th August last it will be seen that the Indigo cultivation amounted to Cawnies 48119 and exceeded the average of the preceding years. This product affords most valuable assistance to the land holders, and it is satisfactory to find that the dry lands are also turned to Valuable account in the culture of the ground nut, the Oil of which is in steady demand in the European Markets. This cultivation is principally carried on in the Trivady, and Villapoorum taluks

Nunjah

13 The Nunjah Cultivation of the year exhibits an increase of Rupees 114,105-8-8- as shewn in the annexed Statement.

Increase	10,863	15	11	4,241	8	9	11,4,105	8	8

This result is owing to the favorableness of the season and especially to the early supply of water furnished by the stores in May to which I have already adverted in Para 3- The Ryots availed themselves so promptly of this assistance that on the 11th August on the close of the Month of Audy the Nunjah Cultivation amounted to Rupees 4,37,826 being considerably in excess of the preceding year. The increase was nearly general throughout the District though varying in different localities according to the favorableness

No 2 in A favorableness of the rains and the means of irrigation; the only Talooks in which a decrease is observable are Munnargoody and Cuddalore; In the former the difference is slight and appears ascribable to the hesitation often displayed to cultivate largely unless the state of the grain market is promising. In Cuddalore some highly assessed lands in the reverted Mootah Villages of Varanvadary were left uncultivated in consequence of an earthen dam in the Gurdalum river having sustained injury. The irrigation dependent on this work is always uncertain and the subject has been brought to the notice of the Civil Engineer.

14 The State of the

Nunjah

Fort St George 3rd January 1853

Kunjah cultivation dependent on the Coleroon irrigation works in the two Southern Talooks of Shunnargoody and Chellumbrum is shewn in the Statement No 4 in A In my last report I pointed out that in consequence of situation and local causes the land holders in these Talooks obtain comparatively low rates for their produce, and watch the appearance of the market before undertaking extensive cultivation In the present fusly the prospect of favorable prices was not encouraging and checked enterprize, but in the whole settlement of these two Talooks exhibits a slight increase, and is higher the the 3 preceding years, although it does not reach the height obtained in Fusslies 1256 and 1257.

15 In accordance with the instructions of the Board I proceed to offer remarks on the Kunjah cultivation under the Vellaur Annicut, which amounted to Rupees 63,307-5-10 being an increase of Rupees 5,625-11-11 over the preceding year, the late settlements of the Villages

Villages dependent on this annicut are entered in the margin and as their revenue never exceed Rupees 10,792 previous to its construction, the work is shewn to be valuable to Government and the Community although the full benefits from it have not been yet attained Besides its utility to the Kunjah lands it brings an increase of revenue to Government under the head of Kuffer, or the Extra cess charged on dry lands cultivated with wet produce, by the aid of Government water, as will be alluded to more particularly in the remarks offered in that branch of Revenue.

16 The valuable cultivation under the Pennar irrigation channels was added by favorable freshes in that river throughout the season, and amounted to Rupees 161570 being an increase of Rupees 21622-13-7 The cultivation under the Gurdelum River amounted

17 The favorable produce generally obtained by the Ryots from their wet lands prevented complaints of losses from slurvy or unthered crops at the settlement and having thus pointed out the state of the Nunjah cultivation in the year to which this report relates, I will briefly observe that its extension may be anticipated in an important degree when the proposed revision of the assessment frees the finer soils from the undue weight of taxation especially in the double crop assessment, which now prevents their cultivation.

15 Before quitting the subject of the Nunjah lands I beg to observe that the return of Sugar Cane cultivation given in the accompanying statement O shews a small increase of 4 bow-ries in the year under review, a new Sugar factory has been lately established in the Trivady Taluk by Messrs. Vinay pils & Co. of Pondicherry

and it will materially add to the welfare of the province if under the present legislative system for regulating the Sugar duties undertaking of this nature should continue to be found remunerative.

21. The Kuzsee revenue of the year amounted to Rupees 7,04,006-4-5 being an increase of Rupees 34,281-8-6 over the preceding settlement. The items of which this demand was composed are detailed in the following Abstract and in reference to the heads of decrease it seems sufficient to explain that the decrease on account of Poonjah crops on Poonjah land arose from the favorableness of the season which rendered it seldom necessary to take water from the Government Reservoirs for their preservation.

Increase 35,211-8-1

22. The principal increase in the Kuzsee revenue was on account of wet crops raised on Poonjah land and amounted to Rs 35,211-8-1. the talooks in which it occurred are shewn in the marginal Statement and it will be observed that the largest increase took place in those parts of the District, where Government has incurred the greatest expense on account of works of irrigation. For example in the Bowanghierry Talooks under the Vellaur Annicut in the Chellumbrum under the Coleroon irrigation works, and in Villaporam and Trivady where numerous river Channels have been excavated.

23 Of the above Rupees amount to Rupees 69,651-1-5- was duly entered in the Village adungul accounts and was principally due upon Poonjah lands now brought under irrigation by the Vellaur and Coleroon annicuts and other large irrigation works. The remainder or Rupees 21,913-11-7- was brought to account at the Hoogwar Settlement, and consists of fraudulent concealments of wet cultivation by the aid of Surkar water on dry lands. In my letter of the 23d May last I explained how these frauds were committed by abuse of some relaxations made in the Kistna rules by Mr Commissioner Dent, and pointed out that while these abuses required corrections on account of the injury to Government and the fair ryot my object was to introduce amendments gradually and with mildness. In the present year therefore the most flagrant cases only of water assessments without the payment of the fair rent have been noticed by me and the Village Officers warned that they must be likewise held

held responsible for more strict exactness in the preparation of the Cultivation Accounts, I trust that these measures with the aid of the temporary Rules sanctioned by the Board on my recommendation will check the system which has latterly increased of neglecting Poonjah lands and surreptitiously using the waters from Poonjah tracts without any additional payment under the false plea that it was water running to waste or obtained from floods, and when the Poonjah assessment is removed the Relaxations on the Kistna Rules which have been found to lead to frauds can be abolished.

Decrease 5053-2-9

25 The Bariz of the rented Villages which forms the nexct head of receipt shows a nominal decreave of Rupees 5,053-2-9, which arose from some of the Colamalay Jaghire Villages being kept under Amanie in Conseguence of no suitable offers being made to rent them. Their Revenue was accordingly transferred to the Amanie head and caused a Corresponding decreave in the settlement of the "Rented" Villages. In the total of the Rent of those Jaghire Villages for which offers were accepted there is a slight real decreave of Rupees 383-6-6 which was occasioned by the abandonment of some Betle Gardens in one of the Villages.

26. The Gross Amanie settlement of the years including Huzoor Dues amounted to Rupees 26,79,840-15-6 and the addition of Rupees 85,329-1-7 on account of the Ready Money Items of Receipt, raised the total gross demand to Rupees 27,65,170-1-1. The deductions made from the settlement amounts to Rupees 24,22,42-9-4 while in the preceding Fusly they were only Rupees

Rupees 23,1,318-5-3 but a glance at the details which are given for both the years in Para 10 renders lengthened explanation unnecessary. The Remissions which have their origin in unfavorableness of Season such as drought or inundations are less in the preceding year, while the increased deductions under other heads were the Conseguences of extended Cultivation, as they consisted of the authorized deductions allowed to Bramin and Mahomedan Cultivators, and of the larger allowances paid to Village officers whose Remuneration Consists of a per Centage on the settlement Bariz of their Villages.

27 After these deductions the Net Settlement of the year becomes Rs. 25,22,927-8-1 giving an increase of Rupees 1,82,377-6-4 over the preceding Fusly. It also exceeds the highest previous year on Record, or Fusly 1257, when the settlement amounted to Rupees 24,90,746-8-8. The Bariz of the last 10 years is entered in the Margin and the fluctuations which are thus shewn prevent any certainty of

of the Revenue being maintained at its present pitch. The agriculture of the District is now Chiefly devoted to raising articles of food for its population and the immediate neighbourhood, and under the present high assessment the landholders feel themselves obliged to watch not only the seasons but the state of the Markets. A lighter assessment would make the occupancy of land more steady, while it increased and varied, Cultivation, thus advancing the Government interests by its effects on the prosperity and population of the province.

the sum of Rupees 23,58,639-11-6 was realized within the fusly leaving at its close a balance of Rupees 1,64,287-12-7. The greater portion of this sum was Collected immediately after the expiration of the fusly and the present Current arrear is limited to Rupees 41,647-13-3 only

of which Rupees 1811-8-1 are due by the Moottahdar of Alagamuttum under Circumstances of misconduct which leave no means of Recovery but proceeding to the sale of a portion of the Estate. As the prices of Agricultural produce ranged low, and the final Kist now falls due at a late period of the year, I trust that the above Statements of the Collections will be deemed satisfactory especially since the amount outstanding on the last day of the fusly was realized immediately and without trenching upon the Resources of the succeeding years. In my last Report I mentioned that my attention would be given to an alteration of the Kistbundy with a view to prevent the final Kist falling due so late in the season, and the subject will be brought before the Board during the approaching Revision of the assessment when the Hoobunnamah Rules will come under new Consideration.

29. The Sanction of Government was given on the 5th August 1851 for disbursing if necessary, the sum of Rs. 13,200 as Tuccavy or advances for Cultivation, but

last as the system of advances is open to objection and no special Circumstances existed in the present year to make the Ryots require such assistance, no portion of the amount was distributed, and there are Consequently neither Collections nor arrears under this head-

30- The demand on account of Sewoy Jummah proper and other items of Extra Revenue for the year under review amounted to Rupees 13,020-2-7 as detailed in the Statement F. which accompanies this Report. Of that sum Rupees 9,48[illegible]-8 were Collected within the fusly and Rs. 2,562-7-10 have been since realized- The present arrear Consequently amounts to Rupees 970-2-7 and its details are under scrutiny and process of Recovery-

32- According to the instructions given in the Board's Proceedings of the 26th August last the Abstract Statements of actual Collections and Charges is drawn out so as to shew the land Revenue Charges under the four prescribed heads with the per Centage of each- As the Maramut accounts are closed with the

Fort St. George 3d January 1853

Calendar and not with the Fasly year and the Bills are finally sanctioned at irregular intervals, I have thought it advisable to take the Net advance of each fasly as the charge for works of irrigation. This forms the most accurate test which can be obtained for comparing the expenditure of Government under this head until the Maramut bills are finally adjusted and sanctioned. The Land Revenue Charges and those of the other branches of revenue in the present year exhibit no variations of sufficient importance to call for special remarks. The Marginal Statement shows that in the Land Revenue

Proceedings thereon.-

The Collector rightly observes that in the Board's Proceedings 15th April 1844. Mr. Onslow's proposed alteration of the Kists was overruled, and the existing System observed to be continued, which distributes the Collections into Six Kists of 15% and one

one of 10%.-

2. The proper principle to be observed in regulating the Kists is laid down in Para 7 of the Board's Proceedings which suggesting as it does that the principal Kists be contemporaneous with the reception of the Grain into store, would meet in part the request of Petitioners.- The Board would therefore wish the Collector's opinion as to the expediency of modifying the present Kists on the principle referred to.-

Sir,

From the Collector of Madras - - } 1. I have the honor to acknowledge the receipt of your letter of the 25th November 1852 and to report for the information of the Board that the rules now in force for the issue of certificates in the new forms A. B. C. D. are those laid down in Mr Advocate Generals letter dated 9th September 1823 and that they are on the whole in conformity with the orders of the Board given in their letter of the 11th March 1828.-

Reporting that the rules in force in regard to the issue of Certificates are generally those laid down in Mr Advocate Generals letter dated 9th September 1828.-

2. The only alteration that has taken place in these rules is that which has reference to the report of every case for the orders of the Board before the issue of the Certificate the charge having taken place under the Board's orders dated 29th July 1833.-

3. It is desirable however that in the case of waste lands purchased from Meerasidars they should be submitted for

for the previous orders of the Board before the issue of the Certificate and I shall in future in such cases submit them for the Board's sanction.-

4. The quarterly Statement of cases falling under the form D. has inadvertently been omitted to be sent to the Board and I have issued instructions that the Return should be made regularly for the future.-

5. I have given the necessary orders for the preparation of the information required by the Board in Para 2 of your letter under acknowledgement and as soon as I am in possession of it I shall do myself the honor to submit it to the Board.-
