Chief Secretary to Government.

To

Fort St. George 6th January 1853

To

The Right Honorable

Lord Viscount Falkland G.C.B.

Governor and President in Council

of Bombay

The humble Petition of Bulwantrow Luxumon

Maichaidullay and Ram-

chund Balcrustna Putwar-

dhun, inhabitants of Bela-

poor in the Talloja Talooka

in the Zillah of Tannah-

Most humbly Sheweth,

That your Petitioners humbly beg to state that they forwarded to their partner at Malabar, a quantity of Salt a Pharrah of which weighed 40 Bombay Seers, equal to 82 lbs eighty two Pounds, which they agreed to measure and deliver according to the usual system, but after four Months their partner at Malabar wrote to say that the Malabar Government took the Salt from him a Pharrah of which weighed 49 Forty nine Seers equal to 99 Ninety nine Pounds, through which a great deal was short and if we were to receive a receipt at Malabar for the quantity we now delivered according to the increased weight there, the Collector of Tannah agreeably to our bond will

Fort St. George 6th January 1853

cause our security to pay the double duty, and as Malabar and Bombay are both under the East India Company therefore we hope the weight must be equal and your Lordship will cause a receipt to be delivered from the Malabar Collector according to the Tannah Collectors weight, and the payment of which should be made, and we hope that the instructions should be left to the Tannah Collector to wait till we get a decided answer, and not trouble our security as the time of the Board is nearly out, and we hope your Lordship will do something in this matter, or else we will be ruined. Your Petitioners will ever pray for your Lordships longer life and prosperity.

Bombay:-
18th March 1852.

/Signed/ Bulwantrow Luxumon

From the Secretary to Government Respecting the nomination of Mr. J. B. Norton to

No. 822.

Extract from the Minutes of Consultation, Judicial Department, Under Date the 21st December, 1852.

Read the following letter from the

to the Office of Government Pleader in the Sudr Court, and the duties he will be required to perform.

the Deputy Register of the Sudr Udalat.

(Here enter 3rd December 1852. No. 1144)

Para. 1. In the above letter the Judges of the Court of Sudr Udalut state that on an attentive consideration of the qualifications of the several Pleaders practising in the Court they have decided that Mr. John Bruce Norton, a Barrister at Law, is the most competent person to represent the interests of Government in the Sudr Court, and they therefore nominate him for the Office of Government Pleader under the provisions of Clause Second, Section XXXVII, Regulation XIV of 1816.

Para 2. 2. The Judges further suggest that the appointment of a competent Government Law Officer possessed of extensive legal acquirements, and well qualified to advise the Government on points of Law and practice as well as to represent its interests in the Court will obviate the necessity in future of referring to the Judges for an exposition of the Law in those matters in which the Government may require information as to the construction of Legislative enactments, and

Para 4. they therefore submit that this practice shall for the future be discontinued and such references.

Fort St. George, 6th January 1853.

ferences be made to the Government Pleader, free access to the Courts records being allowed to that Officer whenever he may have occasion to consult them.

3. The Right Honorable the Governor in Council concurs in this view, but before passing orders upon their letter now before him he deems it proper that the Judges should explain to Mr. I. B. Norton the nature of the duty that will thus devolve upon the Government Pleader in addition to the ordinary duty of prosecuting and defending suits in which Government is concerned, as also that such Officer will be called upon from time to time to advise with the authorities in the Provinces and with the Board of Revenue and Government in regard to the institution and conduct of Public Suits, and occasionally in Suits of more than ordinary importance to revise and settle the Pleadings. Copies of the Papers connected with the Establishment of the appointment its present footing as per margin, should also be furnished to him that he may be fully apprized of the various functions which will henceforth be attached to the Office and

To Courts Despatch 8th of 1852.

Fort St. George, 6th January 1853.

and he should be requested to state that he is prepared to undertake it on its new status, should Government approve the nomination made by the Sudr Udalut.

4. Again the Government Pleader in the Court of Sudr Udalut will for the future be placed in more frequent communication than heretofore with the Board of Revenue. The Board will have to consult him in respect to all Suits in which important public interests are concerned and which may present legal difficulties and will not unfrequently have to require his assistance in revising or settling the pleadings. It will therefore be proper that the Sudr should communicate with the Board in respect to the present nomination and ascertain whether it has the concurrence of the Board.

5. The Right Honorable the Governor in Council observes that by Section V Act I of 1846 all Barristers admitted to plead in any of the Sudr Courts of the East India Company are to be subject to all the Rules in force in the said Sudr Courts applicable to Pleaders whether relating to the Language in which

Fort St. George 6th January 1853

which the Court is to be addressed or to any other matter. Under the arrangement now submitted for approval the Government will be represented in the Sudr Udalut by a Gentleman who it is believed is not conversant with the Native languages. The Governor in Council would wish to be informed what are the Rules observed in the Court of Sudr Udalut, as respects the conduct of pleadings, oral and written, in Suits where Barristers or English Pleaders, unacquainted with the vernacular dialects are retained, and are opposed by Native Pleaders.

S,

W. W. Bayley Esqre

Secretary to the

Board of Revenue.

21

Bd No. 3155.

From the Depy Register Sudr Udalut ..... } Sir,

1. The appointment of a Government Pleader in the Court of Sudr Udalut upon an increased salary of Rupees 300 per mensem, to be filled by a person possessing more extensive legal acquirements than are possessed by the present Government Pleader, having been sanctioned by the Home authorities, I am directed by the Judges of the Sudr Udalut to state for the information of the Board of Revenue, that they have nominated for the Office Mr. I. B. Norton, a Barrister of the Supreme Court, and to request that the Board will state whether they see any objection to the nomination.

Stating that the Judges of the Sudr Udalut have nominated Mr. I.B. Norton to the Office of Government Pleader in that Court; Enclosing Extract from Minutes of Consultation on the subject and enquiring whether their nomination has the Board's concurrence.-

2. The Judges desire me to say that Mr. Norton has been selected by them after an attentive consideration of the qualifications of the several pleaders practising in the Court, as being in their opinion the most competent person to represent the interests of Government in the Sudr Court.

3. It will be observed from the annexed Extract from the Minutes of Consultation under date 21st Instant, with reference to which the Judges have directed me to ascertain whether their

their nomination of Mr. I. B. Norton has the concurrence of the Board, that the Government Pleader will in future be required not only to conduct the pleading in all Suits in which the Government or its Officers are concerned but to advise it on all points of Law, on which information may be desired.—

Deputy Register.

No. 822.

Extract from the Minutes of Consultation in the Judicial Department under date the 21st December 1852.

Read the following letter from the Deputy Register of the Sudr Udalut.

(Here enter 3d December 1852 No. 144.)

Para 1 In the above letter the Judges of the Court of Sudr Udalut state, that on an attentive consideration of the qualifications of the several Pleaders pratising in their Court, they have decided that Mr. John Bruce Norton, a Barrister at Law, is the most competent person to represent the interests of Government in the Sudr Court, and they therefore nominate him for the Office of Government Pleader under the provisions of Clause second Section XXXVII, Regulation XIV of 1816.

2. The Judges further suggest that

Para 2. that the appointment of a competent Government Law Officer possessed of extensive legal acquirements, and well qualified to advise the Government on points of Law and practice, as well as to represent its interests in the Court, will obviate the necessity in future, of referring to the Judges for an exposition of the Law, in those matters

Para 4. in which the Government may require information as to the construction of Legislative enactments, and they therefore submit that this practice should for the future be discontinued, and such references be made to the Government Pleader, free access to the Courts records being allowed to that Officer, whenever he may have occasion to consult them.—

3. The Right Honorable the Governor in Council concurs in this view, but before passing orders upon their letter now before him he deems it proper that the Judges should explain to Mr. I. B. Norton the nature of the duty that will thus devolve upon the Government Pleader, in addition to the ordinary duty of prosecuting and defending Suits, in which Government is concerned, as also that such Officer will be called upon from time to time to advise with the authorities in the Provinces, and with the Board of Revenue and Government in regard to the institution and conduct of public Suits

their nomination of Mr. I. B. Norton has the concurrence of the Board, that the Government Pleader will in future be required not only to conduct the pleading in all Suits in which the Government or its Officers are concerned but to advise it on all points of Law, on which information may be desired.—

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.

(23)

Bd No. 3105
From the Collr
of Nellore.
7th Enclosure I.

Sir,

I have the honor to submit for the consideration and orders of the Board copies of communications which have passed between my late Acting Sub Collector and myself relative to the appointment as Tahsildar of a person who had been suspended from the service for 6 months by the late Magistrate Mr. Smith and ordered by him "in future only to be employed in a subordinate situation."

* Enclosure II

I also forward a Copy of Mr. Smiths decision in the case alluded to.

2. It appears to me that Mr. Arbuthnot was scarcely justified in appointing a Tahsildar permanently during my temporary absence

Fort St. George 6th January 1853.

absence for one month and that he should have unquestionably submitted the peculiar case of C. Rungarow for the orders of the Board previous to appointing him permanently as a Tahsildar in the face of the recorded opinion of the late Collector. The Board will observe that Mr. Arbuthnot reports favorably of the recent conduct of C. Rungarow.

Nellore
Collector's Cutcherry,
14th December 1852.

(Signed) D. White.
Collector.

No. 6.
Endr No. 1.

Official Memorandum.

It having come accidentally to the notice of the Collector that the Acting Sub Collector when in charge of the District in July last promoted Cunnoyo Rungarow then Mouzoomdar of Enamanamellore to the Office of Tahsildar of the Chendalore Talook the Collector has the honor to request that Mr. Arbuthnot will be so good as to explain the grounds on which he made this appointment without a previous reference to this Office, and in the face of recorded misconduct of Rungarow who was tried when Head of Police of Dursy in 1848, on a charge of extortion suspended from Office for 6 months and ordered by the late Collector Mr. Smith to be employed only

in

Fort St. George 6th January 1853.

in Subordinate situations. The Collector will feel obliged by the Acting Sub Collector being so good as to send an answer to this communication before making over charge of his duties to the Sub Collector.

Nellore

Collector.

No. 5.

To, D. White Esqre
Collector of Nellore.

Sir,

With reference to the Collector's Memorandum No. 6 dated the 22d November 1852, the Acting Sub Collector has the honor to state that he was not unaware of the decision passed by the late Collector Mr. Smith in 1848 in the case of Cunnoor Rungarow the then Head of Police of Dursy. After the expiration of the period of suspension C. Rungarow was appointed Moozoomdar of Enamanamellore Talook by Mr. Purvis the Sub Collector in the month of November 1848 conformably to a request of Mr. Smith, and he discharged the duties of that situation till October 1851.

When Vamagunty Kristnarow was suspended by the present Acting Sub Collector, C. Rungarow the Mazoomdar was then placed in charge of the Talook and the same reported to the Collector. In the time of Mr. Smith when the Tahsildar of the Talook obtained Leave of absence C. Rungarow was ordered by Mr. Purvis in the year 1848 to take the full charge of the Talook which was reported

to

Fort St. George 6th January 1853.

to Mr. Smith and on another occasion in the month of May 1849 he was ordered by Mr. Purvis to undertake charges of Ongole Talook when the Tahsildar obtained leave of absence. Again in the month of July 1850, C. Rungarow was ordered by Mr. Purvis to perform the duties of Enamanamellore Talook during the absence of the Tahsildar. Thus since the above mentioned Decision by Mr. Smith C. Rungarow has been in charge of a Talook on 3 occasions besides his having been as before stated for more than 8 months doing the same duties in addition to those of his own situation during the suspension of the late Tahsildar of Enamanamellore V. Kristnarow when his conduct has been found perfectly correct. It may be further noticed that C. Rungarow was deputed by Mr. Purvis to examine the measurements and investigate the Jaroom Subdil of 2, Villages which duty he performed most satisfactorily having brought to light extensive frauds as may be seen from the Records in the Cutchery. During the 8 months in which C. Rungarow was in charge of Enamanamellore the settlement of the Talook took place and the Acting Sub Collector had no fault to find with his management with reference thereto.

On

Fort St. George 6th January 1853

in Subordinate situations. The Collector will feel obliged by the Acting Sub Collector being so good as to send an answer to this communication before making over charge of his duties to the Sub Collector.

No. 5

To, D. White Esqre
Collector of Nellore.

Sir,

With reference to the Collector's Memorandum No. 6 dated the 22d November 1852, the Acting Sub Collector has the honor to state that he was not unaware of the decision passed by the late Collector Mr. Smith in 1848 in the case of Cumroo C. Rungarow the then Head of Police of Dursy. After the expiration of the period of suspension C. Rungarow was appointed Moozoomdar of Enamanamellore Talook by Mr. Purvis the Sub Collector in the Month of November 1848 conformably to a request of Mr. Smith, and he discharged the duties of that situation till October 1851.

When Vanagunty Kristnarow was suspended by the present Acting Sub Collector, C. Rungarow the Mazoomdar was then placed in charge of the Talook and the same reported to the Collector. In the time of Mr. Smith when the Tahsildar of the Talook obtained leave of absence C. Rungarow was ordered by Mr. Purvis in the year 1848 to take the full charge of the Talook which was reported

to

Fort St. George 6th January 1853

to Mr. Smith and on another occasion in the month of May 1849 he was ordered by Mr. Purvis to undertake charges of Ongole Talook when the Tahsildar obtained leave of absence. Again in the Month of July 1850, C. Rungarow was ordered by Mr. Purvis to perform the duties of Enamanamellore Talook during the absence of the Tahsildar. This since the above mentioned Decision by Mr. Smith C. Rungarow has been in charge of a Talook on 3 occasions besides his having been as before stated for more than 8 months doing the same duties in addition to those of his own situation during the suspension of the late Tahsildar of Enamanamellore V. Kristnarow when his conduct has been found perfectly correct. It may be further noticed that C. Rungarow was deputed by Mr. Purvis to examine the measurements and investigate the Inam Jubdi of 2, Villages which duty he performed most satisfactorily having brought to light extensive frauds as may be seen from the Records in the Cutchery. During the 8 Months in which C. Rungarow was in charge of Enamanamellore the settlement of the Talook took place and the Acting Sub Collector had no fault to find with his management with reference thereto.

Proceedings thereon.—

Reviewing the Settlement Report of the Kurnool District for Fusly 1260. calling for certain information and recommending the writing off certain irrecoverable balances in the accounts.

Great delay has taken place in the transmission of this Report which was not received by the Board until more than a year after the expiration of the Fusly. The Settlement was not made by the present Agent, but by his predecessor Mr. Lushington and by his Assistant Captain Russell.—

Season

2. The season is reported to have been on the whole very favorable tho' allusion is made to unseasonable rains, and a deficient supply of water for the tanks in some parts of the district no reference however is made to the great storm and floods which took place in May 1851. although it was reported at the time to have caused considerable damage particularly in the Goodoor taluk.—

Demand Collection and Balance Sheets for May 1854. From Agent 14th in Cons 26th May 1854.

Prices.—

3. The price of paddy was below both that of the year immediately preceding and the average of the three previous years but there was a considerable rise in the price of some

of

of the dry land Crops such as Wheat Cotton and the different kinds of oil Seed and this added to larger Crops caused the Revenue to be collected with less difficulty than usual, the general healthiness or otherwise of the district is not noticed.—

4. The Collector submits a Statement of the Population but as this has been adverted to in the General Census Return submitted to Government 19th July 1852. it does not require to be further noticed in this place.—

Villawary or Dittam— Para 5.

5. The Villawarej or Dittum formed at the commencement of the season resulted in an increase in all the taloks except those of Chagelmurry and Goodoor, in the former of which there was a large decrease in the lands agreed for which more than counterbalanced the increase in the remaining taloks and created a Net deficit of Rupees 993 in the aggregate Villawary of the District being the result of a gross increase of

of Rupees 14956 and a gross Decrease of Rupees 15950. Mr. Conway recurs to the causes which have led to the falling off in the Cultivation of this taluk and the depressed state to which it appears to have been reduced, but as the subject was very fully discussed last year in the correspondence noted in the margin, and the Orders of Government passed for affording all the relief then practicable by the remission of the outstanding balances the Board dont propose to revert to the subject on the present occasion further than to point out the Statement of the agent respecting the Emigration of the ryots, appears to be fully borne out by the accounts which show a decrease in the number of resident ryots amounting to 327. while there is only the small increase of 3 in the number of Paycaries, and it is also observed that notwithstanding this increase in their numbers the quantity of land cultivated by Paycarries has considerably fallen

Ryots of 98 and a decrease of 77 Poikarries as per Statement No. 6. The increase

increase amounting to Rupees 4,510 appears to comprise both increase by extended Cultivation in waste lands and the assessment / Rupees 899 / on the cultivated portion of resumed Enams.—

6. From Para 13 to 32 the Agent has entered into a detailed explanation of the various items of increase and decrease in the Villawari upon which the Board have only a few observations to make.—

7. A Table showing the reductions of assessment made at this Settlement to the aggregate amount of Rupees 783 is given in Para 22. and in the succeeding Paras the Agent explains the practice which has prevailed in this respect.— Under ordinary circumstances, and in Districts where the assessment has been made, even tho' imperfectly, with reference to the productive powers of the land the arbitrary changing of the rates to suit the circumstances of the Ryots is a proceeding which cannot be permitted, but under such a system as that prevailing

prevailing in Kurnool, where the old Native rates have been, as a rule, retained, altho' it is often impossible to conjecture on what principle they have been originally determined it does not seem advisable altogether to prohibit it. In the Statement as given by the Agent the Board observe wet land assessed as high as Rupees 68 per acre which are apparently excessive Generally speaking the reduced rates are sufficiently high and provided the circumstances of each case are fully examined by the Collector and receive his sanction the Board would not object to the practice until a revision of the assessment, so much needed, can be carried in effect. A record of the Original assessment however, and of the reductions made should be carefully preserved for future reference and the reductions made in each year should be noticed in each Jummabundy Report as has now been done. The Agent observes

Para 25. observes that there is no doubt that the Curnams of Villages and the Tasyldars have been in the habit of reducing the assessment from time to time without authority, but they conclude that this practice has been already put a stop to. No such reduction should on any account be permitted without the express authority of the Agent himself.—

8. The practice referred to in Para 26 and 32 of levying an additional assessment on particular description of produce is not peculiar to the Kurnool District, but in others where it has prevailed it has by frequent orders of Government and of the Honorable Court of Directors been prohibited. The subject was noticed with reference particularly to Sugar Cane Cultivation in the Board's Proceedings on the Settlement Report of last year / Fusly 1259 / and the Government in remarking on it directed that the result of the Board's enquiries.

Fort St. George 6th January 1853.

enquiries and their views on the question should be communicated to them. Mr. Conway in Para 69 promises a separate report on the Sugar Cane Cultivation, but that part of the question which refers to levying Extra assessment on land so cultivated appears equally applicable to every other kind of produce on which an Extra assessment is levied, and the Board request that he will avail himself of the same opportunity to report whether there be any special reasons why the practice directed to be carried out elsewhere, of levying the assessment solely with reference to the productive qualities of the land, and the advantages it enjoys from Public sources of irrigation, and abolishing all distinction founded on the nation of the Crop should not also be carried out in Guntoor.—

Para 30

9. The Agent has omitted to show separately the items of Fasul Jastee and Fuzul Cummee as distinguished

Fort St. George 6th January 1853.

distinguished from Turwah Jastee in Statements 3 and 8 as requested in Para 5 of the Board's Proceedings on the Settlement of last year, and they request that he will be careful to supply this omission in future.—

Result of the Settlement Para 33.

The actual Settlement
10. as compared with that of the preceding year shows a Net Increase of Rupees 24389 being the result of a gross increase of Rupees 3215 in all the talooks except Chagalmurry and a gross decrease of Rupees 4765 in that talook On the whole the increase nearly corresponds with the additional amount of temporary Remission granted last year in consequence of the adversity of the season.—

Caboolate Bunjer Para 37

The Caboolate Bunjer
11. entered as such at the time of the Summabundy was Rupees 30268 but from this is deducted Rupees 2252 for lands subsequently Cultivated with a second Crop leaving the Net Caboolate waste Rupees 28016 of which Rupees 21471 was confirmed and

and Rupees 6,548 remitted.— A different system appears to have been adopted by the Agent and by his Assistant in their respective talooks in granting remission on this account.— On the 5. talooks settled by the late agent himself the Caboolati Bunger amounted

Para 48 to Rupees 17,477 of which Rupees 5927 were remitted and Rupees 11,549 charged, but in the 3 talooks managed by his

Para 49 Assistant, out of Rupees 10,538. only Rupees 617 were remitted, and even of this small sum it appears from the

Para 3. Assistant's report that only Rupees 189 was properly remission for Caboolati Bunger, the remaining Rupees 428 being for Inundated Cross (Pannaboodty) and

Para 49. Cowl remission Mr. Lushington it appears called upon his Assistant for some explanation of the principles by which he had been guided, and this was furnished in Lieutenant Russell's letter dated 30th September 1851. which has now been transmitted by the present Agent but the Board do not consider the reasons assigned

Para 4. assigned by that Gentleman for deviating from the course pursued by the Agent himself and granting scarcely any remission at the Settlement on this account to be satisfactory— It is quite true as he observes that such remissions should not be given "without carefully enquiring into the merits of every demand of the kind" but the proper time for such enquiry is at the Immumabundy Settlement, when the remission found necessary should be at once made, and entered in the Ryoti Puttah Instead of adopting this course as Mr. Lushington appears to have done Lieutenant Rusell states that he "thought it best to decline granting any Rushkee Munger.

Fort St. George 6th January 1853.

bunger remission but to allow the collections to be carried on to the end of the Fusly when the amildars should submit Statements of the balances and prospects of Collection or otherwise" when he intended at the next Jummabundy to enquire into every individual case of balance. This plan appears to be nothing more than to allow the amildars and Village Officers a whole year for the purpose of collecting as much as possible and then to make some enquiry as to the balance still due, not with any particular reference to the Cuboolati Bunjer, but solely to the ability of the ryot to pay it

T.R.

Fort St. George, 6th January 1853.

It is singular that Lt. Rupell should consider that by resorting to such a plan

Para 4. he was protecting the Ryots from the extortions of the Village authorities and other Official or that he should not perceive that there is no surer way of encouraging the practice which in a subse-

Para 9. quent paragraph he so strongly deprecates, of allowing one year's balance to be carried on and collected in the ensuing year than refusing to make remissions at the settlement, and allowing the balances to hang over the ryots dependent for their enforcement or otherwise on the favor of the Village and taloork servants. The balance due on account of Fusly 1260 and Collected in Fusly 1261 in the assistantee talooks appears from Para 58 of the Agent's report to have been Rupees 6808.

12 In their Proceedings on last

Para 10. years settlement the Board stated some of the reasons which in the present state of the assessment in Kurnool rendered it difficult to act upon the same rules which prevail in other districts respecting the remission for land left waste, but these difficulties

Fort St. George, 6th January 1853.

difficulties only render a careful enquiry at the time of Summabundy by the European Officers more urgently necessary, and on the whole they are disposed to think that the liberal intentions of Government expressed in Extract Minutes Consultation 17th June 1851 were not so fully acted up to as they might have been considering the depressed state into which the District was reported by Mr Lushington last year to have been reduced by continued adverse seasons. They will only further remark that little reliance can apparently be placed in the reasons given in the abstract Statement appended to Para 52. Of the Agent's present report, for confirming the Caboolats. Bunjer in the Assistant's division because the same reasons are made to apply to nearly the entire amount of the balance in those taloots as are assigned for that portion only of it in the Agent's division which remained after remitting on an average about 1000 Rupees in each taloot. Of the total amount of waste charged for in consequence of the Cultivation

Fort St. George, 6th January 1853.

Cultivation of lightly assessed lands in preference to the highly rated ones Viz. Rupees 5858 no less than Rupees 3907 is in the three taloots settled by the Assistant, while in the five taloots under the Agent it is but Rupees 1946.

13. From the abstract given in Para 42 it appears that only a portion of the assessment on account of second crop not cultivated in the Nundial taloot owing to the insufficiency of water in the tanks was remitted, but no reason is assigned why the usual practice in such cases of remitting the full amount due for a second Crop was not followed.

Assessment on 2d Crop Remitted — Rs. 1071 — 877

14. A decrease of Rupees 316 in the Jodee on sundry Enams in consequence of their resumption is noticed by the Agent in Para 54 of his report and of these a portion are service Enams belonging to Curnums. In one instance the Board observe that an Enam of 17 acres paying a Jodee of Rupees 81 was resumed because there was a balance of Rupees 59 against the Curnum. This is a practice which the Board do not understand, and they request

Fort St. George. 6th January 1853-

request the Agent will explain whether the resumption is permanent or tem=-porary, and if the former what pro=-vision has been left for remunerating the Curnum-

15- In reference to Para 57 the Board would also wish to be informed on what terms land is granted to European Officers for building purposes within the Fort of Kurnool. They are of opinion that no permanent alie=-nation of land within the Fort itself should be allowed-

Collections Para 58-

16- Out of a total demand of Rupees 7,22,882 on account of Land Revenue Rupees 6,95,234 were collected within the Fusly leaving a balance then outstanding of Rupees 27,648. of which Rupees 16,290 had been collected at the close of Fusly 1861 leaving a balance of Rupees 11,357 still outstand=-ing. The period up to which this ac=-count is brought in, it will be obser=-ved, much later than usual owing to the delay in forwarding the Summaban=-dy Report. Out of the above sum (Rupees 11,357) Rupees 7,140 is owing in the Assistants

× Balance after the deduction of subsequent Collections upto September 1862 Rs. 11,035

Para 59-

Fort St. George. 6th January 1853

Assistants Division of which he consi=-ders Rupees 5,883 to be irrecoverable and Rupees 1,376 to be recoverable. The balance in the Agents division is Rupees 4,218 out of which only Rupees 625 are considered recoverable. From this Statement another example of the different principles of Management in the respective Charges of the Agent and his Assistant is ap=-parent, and the Board would wish the Agent to satisfy himself as to correctness of the sum entered as recoverable by the Assistant. They do not understand how so large a sum as Rupees 1,377 can remain after the lapse of upwards of a year. As a recoverable balance in these Talooks in which no remission to any amount was given at the Summabundy when notwithstanding the reductions made at that time in the remaining five Talooks the sum recommended to be enforced in these is only Rupees 625. In the meantime the Board recom=-mend that the authority of Government may be given for writing off the sum of Rupees 8,932-4-2 as requested by the Agent in Para 11 and also Rupees 806-3-3

of

	As per Report.	As per Abstract Balance Statement	Increase	Decrease
	Rs	Rs	Rs	Rs
Balance at the commencement of July 1205	43832	43718	112	
Collections	20587	20512		75
Remainder	23245	23200		37
Remissions	20819	20770		44
Remainder	2426	2430	4	

of the outstanding balances referred to in Para 66. On comparing the Abstract of old balances given in this Para with the Demand Collection and Balance Statements ending 11th July 1851 there is a discrepancy as shewn in the Margin which requires some explanation.

17. The following comparative Statement of the Revenue from all sources in the two Fuslies of 1259 and 1260 is extracted from Para 67 of the report and shews a net increase in favor of the year under report Amounting to Rupees 15,161-

	Items	Fusly 1259	Fusly 1260	Increase	Decrease
		Rs	Rs	Rs	Rs
1	Land Revenue	695492	722882	27389	"

	Total	849152	864312	27484	12323
			Net Increase	15160	

The

18. The Charges of Collection are given by the Agent at Rupees 14-15-9 per Cent. being a trifle higher than in the preceding Fusly, but neither in the Report or in the Statement appended is any detail of the different heads of charge given and the Board have no means therefore of ascertaining how far it is correct or what items are comprised in this per centage-

Para 71. 19. The Statement (No. 12) exhibiting the rent roll, an abstract of which is given in Para 71 has not been prepared in conformity with the Board's intention or with the practice in other Districts. It has reference to the Dittum or Villavarry Beriz, and not to the actual demand as determined at the settlement. This should be corrected in the next Summabundy Statement. The Number of Puttahs is 21741 of which only 1338 are for sums above 100 Rupees. Three fifths of the entire number are for sums under Rupees 20 and more than one third for less than 10 Rupees-

20. In Para 74 the Agent has referred to the subject of Cesara lands regarding

regarding which the Board sought information in their Proceedings on the settlement of 1259. They are rent-free lands allowed by the late Government to the holders of what was considered highly assessed lands and the total quantity amounts to 1,886 acres. The assessment is assumed at Rupees 2,038 upon the average assessment per acre in each Taloob (Columns 3-4-8 Statement-17) There is a slight error here, Column 8 of Statement-No: 6, which is inclusive of the Esara lands having been taken as the basis of the calculation. If this last be deducted the correct averge would be that specified in Column 17 according to which the Beriz would be Rupees 2088. It is unequally distributed among the taloobs, the largest quantity being in the Nundicotkoor taloob and while there is none in Dhone. From Statement No 17 it would appear that only 1169 acres were granted by the Native Government and that the remainder has since been allowed principally in the Goodoor taloob of which 130 acres are in one Village. Upon this point the Board would wish for further explanation

explanation as to the circumstances under which the additional Esara lands were allowed, and the necessity for their continuance. They are stated to be given as compensation for occupying highly assessed lands, but this would not seem to be the case invariably, as will appear from the Marginal entry extracted from the detailed Summary accounts of one Village submitted with the last year's report. From the same Statement it appears that about one third of the entire original quantity has been alienated since the assumption of the country.

	acres	cts
Ryot No 14-		
Assessed land	11	4
Esara land	7	"
Ryot No 15		
Assessed land acres	9	2
Esara	"	12

21- The Board wish in conclusion to point out that the Jaghire Villages enjoyed on life tenures (12 in number) appear to have been included with the Circar Villages in Statement No 6, but it would be preferable to exhibit them separately and they request that they may, in future accounts, be kept distinct.

Secretary to the

Board of Revenue

Fort St. George

28

B. of R. 2989

From the Collr. of Singlepatty

Mentioning the cause of the delay in adopting measures for the completion of the registry of the Cannoray Village in the name of the Revenue Board Amarante and stating that the Subdivision is now under progress and will be effected with all practicable despatch.

Sir,

Para. 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date 28th October 1852 requiring in reference to my communication of the 7th Instm a full explanation of the delay in adopting measures for the completion of the desired registry of the Cannore Village in the name of the Reverend B. Amarante and to offer the following remarks in further elucidation of the subject.

2. I beg to state that on the application being presented by the Mootahdar no delay occurred in issuing the necessary orders requiring the registered Proprietors to forward the Curnam with the requisite accounts and directing them to appear at this Office in conjunction with the Purchaser either

in

Fort St. Georges 6th January 1853.

in Person or by Deputy. These instructions were not attended to and nothing further was heard from the Parties concerned for several Months.

3. It was contrary to all Rule that the Registry of a Village forming but a portion of a Mootah should be effected prior to the Subdivision such procedure would have been tantamount to recognizing a subdivision which did not exist. Under these circumstances and in the absence of the Parties immediately interested in those attendance it was beyond my province to enforce in view to carrying out measures which in no way concerned Government Matters remained in abeyance as regards the completion of the Registry of the Village in question. Mr. Amarantes name moreover was not entered as a joint Proprietor no request having been preferred by the Parties in view to such arrangement being effected.

4. The Board are aware that the subdivision of a Mootah has always until recently been a slow and tedious process entailing a vast degree of additional and unpaid labour on

Fort St. George 6th January 1853.

on the Establishment without cost to the Zemindars and when it is considered how frequently Proprietors are known to have withdrawn their consent to subdivisions of Estates at different stages of the Proceedings it appeared at all times desirable that no arrangement of the sort should be undertaken unless a proper degree of interest was evinced by the Parties concerned.

5. The circumstances in reference to the interest of two of the Proprietors in the Mootah having in the interim passed into other hands by sale the subsequent delay which arose from the necessity of obtaining the consent of the newly registered Zemindars and the attachment of the Estate on account of arrears of Revenue have already been explained in my letter of the 7th October.

6. Referring to the 3d Para of the Boards Proceedings I beg to state that it appeared to me that the sale of Portions of Estates under the Provisions of the Regulation quoted was intended for the benefit of the Proprietors and should be resorted to only at their request especially when the landed Estates is at

generally

Fort St. George 6th January 1853.

in Person or by Deputy. These instructions were not attended to and nothing further was heard from the Parties concerned for several Months.

3. It was contrary to all Rule that the Registry of a Village forming but a portion of a Mootah should be effected prior to the Subdivision. Such procedure would have been tantamount to recognizing a subdivision which did not exist. Under these circumstances and in the absence of the Parties immediately interested in whose attendance it was beyond my province to enforce in view to carrying out measures which in no way concerned Government Matters remained in abeyance as regards the completion of the Registry of the Village in question. Mr. Amarantes name moreover was not entered as a joint Proprietor no request having been preferred by the Parties in view to such arrangement being effected.

4. The Board are aware that the Subdivision of a Mootah has always until recently been a slow and tedious process entailing a vast degree of additional and unpaid labour on

Fort St. George 6th January 1853.

on the Establishment without cost to the Zemindars and when it is considered how frequently Proprietors are known to have withdrawn their consent to subdivisions of Estates at different stages of the Proceedings it appeared at all times desirable that no arrangement of the sort should be undertaken unless a proper degree of interest was evinced by the Parties concerned.

6. Referring to the 3d Para of the Boards Proceedings I beg to state that it appeared to me that the sale of Portions of Estates under the Provisions of the Regulation quoted was intended for the benefit of the Proprietors and should be resorted to only at their request especially when the landed Estates is as

generally

generally in this District not extensive. No application of this nature having been presented by the Moota it was not any representation made by Mr Amarante on the subject during the period of 4 Months the Moota was under attachment it was not considered necessary to deviate from the usual course of holding the entire estate answerable for the Balance or for submitting the case for the special orders of the Board. The Subdivision is now under progress and will be completed with all practicable despatch.

Chingleput District
Coll.r Circuit Cutcherry
Poonamally 2d December 1852

Signed J. H. Cochrane
Collector

Bd's No. 53.
Proceedings thereon

(28.29)

The explanation afforded in the foregoing letter does not shew that there was sufficient necessity for selling the entire Estate for the Arrears due. The local authorities should have called upon the Proprietors for account to proceed with the Subdivision and should have fixed a period within which the Accounts should have been produced instead of waiting for their application for a Subdivision,

and

and the delay it would appear was more on the part of the local officers than on that of the Proprietors.

2. Although an Entire Estate is as stated by the Collector answerable for the entire Arrears due, still it does not follow that the whole should be brought to sale. On the contrary it is expressly laid down that when the Proprietors may refuse or unreasonably delay to comply with the demand for furnishing Accounts in view to effecting a Subdivision previous to its sale to cover the arrears on an entire Moota the Collector shall proceed to sell the entire Moota, but not otherwise.

Sir.

From the Collector
of Chingleput
C. O. Dated
10th Oct. 1850

Referring to the Circular Order of the Board of Revenue noted in the Margin I have the honor to forward the accompanying Statement of Enam lands appertaining to Village Offices Amounting to Cawnies 548-7 5/8 as proposed at Rupees 1591. 6 8 which are in an uncultivable state from various causes, and have in almost every instance lain waste from 10 to 50 years, and request that the sanction of Government may be obtained for granting in exchange other lands of an equal value. The lands proposed to be granted consist of Sheigah as well as of waste for the alienation of which the consent of meerasdars has been obtained.

Pullecaurney, 17th December, 1852 E.E. pr. (signed) J.H. Cochrane

Collector

Resolution

Fort St. George 6th. January 1853.

Bd. No. 48

Resolution thereon-

(30.31)

The Collector is re-
=quested to state whit the
various causes are by which
the Enam lands at present
held by the Village of
ficers have become
uncultivable- He will
also afford precise ex
=planation shewing why the
lands are unprofitable

Fort St. George 6th. January 1853.

Read the following letter-

No. 93.

To,

W. H. Bayley Esqre.

Secretary to the

Board of Revenue,

Fort St. George-

(32)

Bd. No. 3108.

From H. A. Brett Esqre. Acting Collector of North Arcot.

States that an application has been made by a person named Yathulroya Lalah for the assignment, rent free, of 6 Cawnies of waste land at Ramapooram for the purpose of building a Charity Choultry & forming a Tope. Requests the Board's sanction for acceding to the applicant's request.-

Para 1.

Sir,

With reference to the Circular orders of the Board of Revenue dated 19th January 1832 and 8th August 1836, I have the honor to state that a person named Yathulroya Lalah, an inhabitant of Triplicane in Madras, who proposes to build a Choultry, and to plant a Tope for the accommodation of Travellers, has applied for the assignment, rent free, of 6 Cawnies of Poonjah waste land, assessed at 6 Pagodas or Rupees 21, at Ramapooram, a Village of the Cauveripauk Talook on the Great Western Road, for the above purposes.-

2. The Lalah proposes to erect the necessary buildings, and to plant the Tope for the accommodation of all classes of travellers, at an outlay of Rupees 5000, and eventually to apply for the usual grant of waste land for the support of the Charity- He has also agreed to build the Choultry according to the plan which accom=panied the Board's Circular of the 11th March last.-

Fort St. George 6th January 1853.

3.— As the Choultries noted in the Margin, within 10 Miles of the proposed site, have been already endowed by the Government, a grant of land in the present instance would be opposed to the general rule, but the very great traffic on the Great Western road is sufficient ground for making a special recommendation in the Applicant's favor. The Village of Ramapoorum, at which it is proposed to build the Choultry, is 13 Miles from the Palar, and would make a convenient stage from the Choultry at Thengal on the banks of that river. It may also be mentioned in respect to the Choultries built by Vydelinga Moodelly and Narrainsawmy Chetty, that they are situated in the large Town of Wallajahnugghur, and do not afford more accommodation than a place of that kind requires.

Distance from the Proposed Site— Miles

On the East—
Oochairy Choultry 4.
On the West.
Videlinga Moodely's Choultry } 7.
Narrainsawmy Chetty's Choultry (application for endowment is pending) 6.
Vide letter to Board dated 30th November 1852.

4. I therefore request the Board's sanction to assign in the first instance the land required for the buildings &c. and that I may be permitted to inform the Lalah that his application for a grant will meet with favorable

Fort St. George 6th January 1853.

favorable consideration as soon as the required conditions have been fulfilled.—

North Arcot
Collector's Cutcherry
Chittoor,
16th December, 1852.

/Signed/ H. A. Brett.
Acting Collector.

B. No. 27.
Proceedings thereon—
32.33

The Board of Revenue having taken into consideration the circumstances represented in the foregoing letter, regret that they cannot recommend the grant of an endowment for the support of the Choultry proposed to be erected at Ramapoorum by Yathulroya Lalah, there being already two endowed Chultrums within a short distance of the proposed site.—

To,

Fort St. George 6th January 1853.

No. 95.

To,

W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

34

B. No. 2.

Sir,

From H. A. Brett Esqre
Actg. Collector of North Arcot. } Paras 1.

With reference to an Extract from the Proceedings of the Board of Revenue dated 15th November 1852, circulating Para 2 of Extract Minutes of Consultation dated 25th September 1852, with para 4 of Extract from a letter from the Collector of Vizagapatam dated 3d December 1851, and requesting me to furnish the Board with a Statement shewing the prices of Grain for Fusly 1260, with a rough Estimate of the extent of land on which it was sown; I have the honor to forward a Statement* of the prices of the several kinds of grain grown in this District from fusly 1250. to 1260; and to explain, with regard to the rough Estimate of the Extent of land on which each kind of grain was sown that I have no data from which such an Estimate might be prepared.

2. It was the practice in this District up to Fusly 1258 to include all the different kinds of dry grain under the general

Forwards with reference to Board's Proceedings 16th November 1852 a Statement shewing the prices of grain from fusly 1250 to 1260 and explains why the rough Estimate of the Extent of land on which each kind of grain was sown called for by the Board cannot be forwarded.

* No. 1.

Fort St. George 6th January 1853.

general denominations of "Kai" or pulse, and "Radi" or ear, and to preserve an account shewing the extent of land on which each was cultivated. It was also the practice to keep similar accounts of Nunjah land cultivated with Beetle Sugar Cane, and Paddy, and an account of the land occupied as Totacal, but excepting for Sugar Cane and Indigo, accounts of this kind were discontinued from the abovementioned Fusly.

3. A Statement (No. 2) prepared on the principles above stated for 9 years, from Fusly 1250 to 1258 inclusive, is now submitted, in lieu of the rough Estimate called for by the Board.

North Arcot,
Collector's Cutcherry,
Chittoor,
23d December 1852.

/Signed/ H. A. Brett.
Acting Collector.

Order thereon- Ordered to lie over.-

No. 9.

Read letter from the Collector of Salem dated 21st October 1852 reporting on the Management of the Exctra Sources of Revenue of that district for Fusly 1261-

/Here enter No. 113 1/2/

In Cons: 4th Nov. 1852.

36

Bd. No. 59.

Proceedings- Para 1. The following abstract shews the outturn of Fusly 1261, resulting in an increase of Rupees 15236-8-2 as compared with that of Fusly 1260.-

Reporting the result on the Extra Sources of Revenue of the Salem District for Fusly 1261, and recommending that certain irrecoverable balances be written off in the accounts-

Items-	Demand of Fusly 1260-			Demand of Fusly 1260.			Increase.			Decrease.		
Abkarry	86500	"	"	96010	"	"	9510	"	"	"	"	"
Sundry small farms and Licenses	8709	8	1	9827	10	9	1118	2	8	"	"	"
Moturpha	73456	14	8	76171	12	2	2714	13	6	"	"	"
Stamps	22913	8	"	24807	"	"	1893	8	"	"	"	"
Total	191579	14	9	206816	6	11	15236	8	2	"	"	"

Abkarry.

2. Under this head there was an increase of Rupees 9510 over that of the preceding year owing to the expiration of the leave issued in Fusly 1258, the farm being put up for a further period of 3 years, Viz. Fusly 1261. 1262 and 1263.-

Small farms and Licenses.

3. In small Farms and Licenses there was a Net increase of Rupees 1130-6-8 arising from a gross increase of Rupees 1146-6-8 under the heads of Tamarind, Gieldeg and Fisheries and

and a decrease of Rupees 316 under those of Bamboo and Ferry Contracts-

4- The increase in the two first items arose from higher offers having been received for the contract in the Current fusly, as compared with the preceding year and in Fishery to the supply of water in certain Tanks which were empty during the past fusly, and a greater com= =petition for the rent of certain Tanks-

5- The decrease in Bamboo Contract is attributed to the absence of offers for it on the Kancul Talook owing to it's having proved un= =profitable in Fusly 1260 and in Ferries to the small offers made for the contract in the Trichen= =gode and Paramutty Talooks, as well as to the construction of the new bridge over the river Cavery at Comarapollien which has tended to diminish the profits of the contractor-

Moturpha- 6- The total demand on account of Moturpha, as distinguished into an Moturpha and Loom tax was Rupees 76,171-12-2 being Rupees 2,996-12- above that of Fusly 1260- In an Moturpha there was a Net increase of Rupees 711-11-2- caused principally from the taxes derived on smithery, Profession and Houses- The Net increase under the head of Loom tax was Rupees 2,354-11-

occasioned by a greater number of Looms having been at work in Fusly 1261 than in the previous year and to the fall in the price of Cotton yarn and Silk owing to a considera= =ble importation of the Articles from Mysore and Bellary-

Stamps- 7- The increase of Rupees 1,893-8-- under this head is attributed to the operation of Act XVII of 1848-

8- Of the total demand, Viz^t. Rupees 206816-6-11- the sum of Rupees 200745-11-10 was collected within the fusly and Rupees 4468-15 subsequently leaving a balance of Rupees 1601-12-1 on the 1st October 1852-

9- The old balances, which at the close of Fusly 1260 amounted to Rupees 2250-15-5, has been reduced to Rupees 212-13-2 due principally on account of Moturpha from Fusly 1255 to 1260, of this latter amount the Collector deems the sum of Rupees 30-13-4 due by the Ferry Contractor of the Sunkagherry Talook and Rupees 85-9-6- on account of Moturpha, Total 116-6-10- to be irrecoverable, and the Board beg to recommend that the same be written off the accounts-

10- The gross Collections Current, Exctra and arrears, amounted to Rupees 204236-5-5 from which the Charges being deducted, there remained a Net Revenue of Rupees 191539-10-4 or Rupees 7846-11-10 above that of fusly 1260-

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government and transcript of the same be forwarded to the Collector of Salem-

No. 221.

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

With reference to the order of Government, dated 26th. October, Communicated to me by Board's Proceedings 11th. November last I beg to State that in anticipation of the Sanction of the Board I have ordered the recovery of the advance of Rupees 1040-0-0 made to certain Ryots of Vundyoor in this District for Cultivation in 3 Instalments Viz. Fusslies 1262-63 and 64 as the Ryots were unable to discharge them in Fusslies 1262 and 63, in Consequence of the advance having been made to them after the Cultivating season had for advanced.

2. Adverting to the last para of the Board's remarks on the Estimate for

advance

No. 224

To W. H. Bayley Esqre.
Secretary to the Board of Revenue,
Fort St. George.

Sir,

Since my answer was filed to Original Suit No. 50 of 1851. a Decision has been passed by the Sudr Udalut in A. S. No. 44 of 1850.

44

Bd. No. 1.

From the Collector of Madura-

Fort St. George 6th. January 1853.

1850. which will be produced by the Plaintiffs and may procure a Decision in their favor. The ground on which I decided to include the land in dispute between an Agraharam Village in the former, was that it is entered in its Survey accounts, and that though this is also the case with the Enam Village, the Survey of the Agraharam Village was first in point of time. I do feel no doubt in my own mind that the right really rests with Government but possession was certainly in with the Plaintiffs for a period of more than 12 years, and in the Decree in A. S. No. 44 of 1850 mentioned above the Sudr Adalut have decided in a case which I cannot discriminate from the present that a claim against the Possessor was barred by the Statute of limitations.-

Under these circumstances I have the honor to request the opinion of the Board, whether, I should endeavor to Compromise the Suit. I have reason to suppose that the Plaintiff will agree to

Fort St. George 6th. January 1853.

to halve the land and the Government Costs
The Decree alluded to is printed in page 247 of No. X Decisions of the Sudr Adalut and a Copy is enclosed for easy reference.

T. L. Strange Esqr.

No. 44 of 1850.

Special appeal from the Decision passed by J. G. S. Brucr Esqr. Civil Judge of Salem, dated 11th. February, 1850.-

Special Appellant		Special Respondent
F. N. Maltby Esqr.		G. F. Fischer Esqr.
Collector in Charge of Salem-	Versus	Mootadar of Salem
Vakeel		Vakeel
Goolam Mortozah.		J. Ouchterlony Esqr.

1. The Plaintiff as Mootadar of Salem brought this Suit in relation to three pieces of land Occupied by Government

Government, whose interests are represented by the Defendant; namely, one as an encamping ground, another as a place of Execution and the third as the site of a Traveller's Bungalow; and he sought either to obtain rent or possession of the lands.

2. The Defendant affirmed that the said lands formed no part of the Plaintiff's Mootah, but had been excepted from it as Peramboke, or land not available for Cultivation.

3. The Acting Subordinate Judge Considered the Defendant's plea to be established, and dismissed the Suit.

4. The Case came in appeal before the Civil Judge who remanded it to the Sub: Judge in order that certain further enquiry should be held in the view of determining whether the Plaintiff was barred in his claim by the Statute of Limitation.

5. The Sub: Judge, by a revised Decree entered upon this question, and disposed of it in the negative, and further more decided that the lands in

in dispute belonged to the Plaintiffs Mootah, giving an award accordingly in his favor.-

6. The Suit Came again in appeal before the Civil Judge, who Confirmed the Sub: Judge's decision as to the two first pieces of land but allotted the third to the Defendant.-

7. From this Decree, upon the motion of the Defendant, the Court of Sudr Udalut admitted a special appeal in order that it might be determined. "Whether "or not, the original Plaintiff be not "barred by the Statute of Limitation "from obtaining any remedy throing h "the Courts in the alleged usurpation "of his rights as maintained by him "in this present action".

8. The Court of Sudr Udalut find it, admitted on both sides that the two spots of lands involved in this appeal were occupied by the Government in the year 1820. The Suit not having been filed till the year 1862 it becomes apparent that the Plaintiff's claim to these lands is barred by the Statute

in

in question, unless Cause of exception can be shewn to prevent the said Statute of Coming into operation, none such appear to the Court. The Occupation was made neither Covertly nor by Sufferance, but the lands were taken possession of and made use of openly, and in the evident assertion of right thereto, and the Plaintiffs title to them has at no time been acknowledged. The Subordinate Judge in Coming to the Conclusion that the Statute of Limitation should not be brought to bear against the claim, was influenced by the Consideration that the previous Mottadar was a native female, who could hardly be expected to press her claims against the Government and that the Mostak waramdar the managrment of the Government from 1829 to 1834. These Considerations, appear to the Court of Sudr Adalut to be of no weight - A native female could ensure a hearing of her claims, and enforce them against the Government as readily as any other, and the Manage= =ment of the Mostak by the Government when

when under attachment in no way interfered with the prosecution of such claims. The Occupation was of a Nature to invite remonstrances if the former Mottahdar could have thought that her rights had been in= =vaded; but none was made. The Plaintiff became possessor of the Mott= =ah of Course with all its attend= =ant advantages or disadvantages. The lapse that occurred in his pre= =decessor's time bears therefore against him.

9. In the Plaintiffs answer in this Special appeal, it is urged that the plea of Limitation is a novel one, not brought before the Lower Courts and therefore not now enter= =tainable. This is not the case, the Suit having been remanded to the Court of Orginal Jurisdiction for the ex= =press purpose of having this question entered upon. But even were it otherwise, and the defect in Plain= =tiffs Claim had only now attracted attention, the Court of Sudr Ada= =lut would have been quite justified in

in, adjudicating upon it, as whether pleaded, or not pleaded, the Courts are bound to maintain the integrity of the law, and where they may see that it operates must give it effect.

10. On the foregoing grounds the Court of Sudr Udalut reverse the Civil Judge's Decree so far, as brought under review by this appeal and decide that the Plaintiff has no title to the two pieces of land involved in this appeal; his claim thereto being barred by the Statute of Limitation.-

11. The Costs of Suit are to be discharged by the Respondent/Plaintiff

Collector.

(44-45)

Bd. No. 49

Proceedings thereon. 1. The Board do not see sufficient reason to Compromise the Suit especially as Mr. Parker has no doubt that the right really rests with Government.

2. In the Suit referred to by Mr. Parker, the Plaintiff was a

private individual, in the present instance, Government is the Claimant and all claims on the part of Government must be heard, tried and determined by the Civil Courts if regularly and duly preferred at any time within a period of 60 years.-

Bd. No. 22.

From the Collector of Tinnevelly.

Reporting upon the cultivation &c. of cotton in the Tinnevelly District for Fusly 1261.

Fort St. George

Sir,

With reference to the orders contained in para 13 of Extract from the Minutes of Consultation under date the 5th December 1848 prefixed to the Board's proceedings of the 18th January 1849 I have the honor to submit to special Report on the Cultivation &c. of Cotton in this District for Fusly 1261.

2. The following is an abstract Statement of the land employed for the Cultivation of indigenious, and foreign Cotton in Fusly 1261 in Comparison with the previous Year Fusly 1260, from which it will be seen that the Extent of land Cultivated in the Ryen Villages during the Fusly under report exceeded that of the previous year by 23657 Acres Yielding a revenue of Rs. 19024 per Annum. From which the decrease in the extent of land cultivated in the Sirva Maniem and Jodeghey Villages being deducted, there is not increase in favor of Fusly 1261 of 22433½ Acres consisting of Country, and foreign varieties. This increase is attributable to the still increasing demand for Cotton for exportation from Tutacorin and to the favorableness of the Season for Dry cultivation.

J Bird
Collector

Fort St. George 6th January 1853.

Read the following letter.

No. 114.

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue.
Fort St. George.

50

Bd. No. 10

From the Collector of Coimbatore.

Sir,

Reports on the management of Estates belonging to incapacitated proprietors who have come under the charge of persons unconnected with the Court of Wards.

Adverting to the Board's Circular of the 28th June last, I have the honor to state for the information of the Board that with the exception of two Polipats, all others in this District, are either in the possession of the Proprietors or under the management of the Court of Wards.

2. The two exceptions referred to, are the Polipats of Ootoocooly and Ramapatam in Palachy Taluk. the former has hitherto been under the charge of the mother of the Poligar who is now competent to manage it, being 22 years old and possessing sufficient intelligence to conduct the affairs connected with the Estate.

3. The Mother has recently requested to be permitted to give up the management to her son, and this with the permission of the Board, she may be allowed to do.

The

Fort St. George 6th January 1853.—

4. The Poliput of Ramapatam is under the charge of the grand mother of a minor who is but 14 years old, and cannot take up the management.—

5. From the Statement furnished from these Poliputs, the usual expences are on a moderate scale, but these Statements are not always very accurate or deserving of confidence— As however the persons in charge of the Estates are the relatives of the Proprietors, I have no grounds to think that the Revenue of the Poliput is useleſsly expended to the detriment of their interests.—

6. The Amount of Peishcush of Ootoocooly is Rupees 4,393— —8 and that of Ramapatam Rupees 1,436— 9— 3.

Coimbatore —
24th December 1852 } /Signed/ E. B. Thomas
Collector.—

50-51

Order thereon. Ordered to lie over.—

No. 10.

Read letter from the Collector of Canara, dated 11th October 1852. reporting on the Extra Sources of Revenue of this

Inbound 1 Nov. 1852.

Fort St. George 6th January 1853.

his District for Fusly 1261.

52

/Here enter No. 94/

Proceedings thereon.— The following Tabular Statement shews that the total Demand of the year, exclusive of the eAmeendevi Islands was Rupees 10,05,264-4-11, or a decrease of Rupees 27,103-2-0 below that of Fusly 1260

Reviewing the Report on the Extra Sources of Revenue in the Canara District for Fusly 1261 & recommending the writing off the certain sums in the accounts.

The

Fort St. George 6th January 1853.

Salt

2. The revenue derived from Salt amounted to Rupees 4,43,175-5-11 or Rupees 19253-11-9 below the preceding year.—

3. In the Home consumption there was an increase of Rupees 2,013-8-2 while in the Inland trade there was a decrease of Rupees 21,267-3-11.—

4. The decrease occurred chiefly in the Guntapa, Opinputna, Coonta, Nagurbyle, and Ankola Koties and the Collector is of opinion that this falling off may be owing partly to the low price of grain throughout the Mysore Country the slackness of the Cotton trade, and to the probability of a good deal of smuggling being practised across the Goa frontier but surmised that the improved communication between the Southern Mahratta Country and his District may have increased the trade in Salt between the two Countries.—

5. The quantity of Salt imported from Goa during the year was nearly 369 Garce, of which 312 Garce were for the Inland trade.—

6 From Statement No. 5. it will be observed that the quantity of Salt available for the year was Indian Maunds 1175627 from which the Quantity sold

Balance of last year —	649927	
Manufactures of Fusly 1261 —	525700	
Indian Maunds —	1175627	

Fort St. George 6th January 1853.

sold Viz. Indian Maunds 501391 being deducted, there remained a balance in store at the close of the fusly Indian Maunds. 674236.—

Sayer

7. Under this branch of Revenue there was an Increase of Rupees 4281-4-8 as compared with the preceding year, arising chiefly from the duty on Goa Salt.—

Sea Customs.

8. The Collections under the head of Sea Customs amounted to Rs. 58886-15-3 or Rupees 15863-4-5. in excess of the previous fusly, and was owing chiefly to the revival of the rice trade, after a period of depression. The duty collected on rice alone was Rs. 51159-1-6 or Rupees 15240-5-6. above that of Fusly 1260. and the improvement was principally in the arabian trade.

9. In the Export of Cotton there was a decrease of Candies 3869 as compared with the preceding Fusly.—

Abkarry

10 The Abkarry demand for the year was Rupees 79416-4-4 or Rs. 4586-8-4 over Fusly 1260. Four of the Talooks were rented out on petty contracts & realized Rupees 594 above the previous fusly.—

Ferry Farms Small Farms & Moturpha

11. The increase under these several branches of Revenue amounted respectively to

to Rupees 15641. Rupees 2,541-8-10 and Rs. 148-7-2 and call for no remark.—.

Tobacco 12. In Tobacco there was a falling off to the extent of Rs. 14,292-8-5 and is attributed chiefly to the clandestine Imports from Mysore and partly to the rumours which prevailed that the Monopoly was to be abolished.—

Stamps 13. The revenue from the sales of Stamps amounted to Rupees 55,519-15-6. or an increase of Rupees 6,105-7-6. above the preceding year.—.

Amendeve. 14. In the Amendeve Islands there was a decrease of Rs. 28,652-2-5 ascribed to the large sale of Coir at very advantageous prices which took place last year.—.

15. Of the total demand, Viz^z Rs. 100,52-64-4-11. the sum of Rs. 99,8536-4-5- was collected within the Fusly, and Rs. 6,040-5-7 subsequently, leaving a balance of Rs. 387-10-11 due on the 11th October 1852.—.

16. Of the Arrears (Rs. 4,440-11-2) outstanding at the beginning of the past Fusly, the whole amount (exclusive of 1 Rupee written off under the orders of Government dated 6th January 1852) has been realized, with the exception of the trifling sum of 8 Annas, which being deemed irrecoverable

irrecoverable the Board recommend may be written off the accounts

17. Under the circumstances stated in para 35, the Board also beg to recommend that sanction be granted for writting off the sum of Rupees 18-2-8, being the Amount contained in the Cash Chest when robbed from the Tinnay Sekowsky.—.

18. The charges for the Fusly were Rs. 85,741-11-4. in excess of the previous year, and appear chiefly under the two heads of Tobacco and Salt. A reference to the Statements attached to paras 38 & 39 of the Collectors report shew that the increase of charges in the former was owing to a part of the Tobacco contracted for in Fusly 1260, and the whole quantity for Fusly 1261. having been supplied in the latter Fusly- and in Salt, to the purchase of a greater quantity of Bombay Salt and to the manufacture of some new Copper measures.—.

19. The whole of the Collections including Current, Extra and Arrears amounted to Rs. 10,72334-14-6. from which the charges Viz^z Rs. 3,42,450-7-11. being deducted, there remained a Net revenue of Rs. 7,29,884-6-7 or Rs. 8,3291-15-11 below that of Fusly 1260.—.

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collection, Charges & Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Canara.—.

Fort St. George 6th January 1853.

Read the following Letter.—

No. 138 A
1852

To

W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.

53

B. of R. No. 3068.

Sir

From the Collr. of Malabar Reporting on the Land Revenue Settlement of Malabar for Fusly 1261 A.D. 1851/52

1. I have the honor to transmit herewith the usual Statements explanatory of the Settlement of the Land Revenue of this District for Fusly 1261, A.D. 1851/52.— The result is a Net Increase of Rupees 905-2-8 over the demand of the preceding year, and in excess of the Net increase brought to account in Fusly 1260.

Rl. 2666 — 2

Season and its effect upon Cultivation & Produce

2. The Season was not propitious.— The South West Monsoon did not set in until the 4th June 1851, and although the supply of Rain in that and the following Month was pretty fair a failure commenced after the first week of August which continued till the end of the year with very little relief.— The aggregate quantity of Rain was only 87-17 which compared with the Average of the five previous years shews a deficit of 26-32.—

Fall of Rain in	I. C.
1846	129-60
1847	134-60
1848	78-45
1849	106-80
1850	118-"
	567-45
Average	113-49
1851	87-17
Difference	26-32

This

3. This unfavorable season occasioned serious injury to both the first and second Crops especially to the latter. The Taloks which suffered in a greater ratio are Kedingamad Kootnad Chou-ghaut Betutnad and Wallowanad.

The deficiency in the gross produce may on an Average be stated at 15 per Cent below that of 1260, but the failure in some parts of the Taloks above mentioned may be estimated at about 30 to 40 per Cent.

dated 22 Nov. 1851. 4. In para 4 of my report on the Settlement for 1260 I stated that "the Gardens did not altogether recover "from the effects of the bad season of "1258 and that the produce of Cocoanut "Trees continued to be much below "par". The produce of the year under consideration was however more extensive. The difference may be estimated at 20 per Cent above the outturn of Fusly 1260 and a favorable demand for all Articles derivable from this valuable Tree occasioned an increase in the exportation

of

of them to the extent of 339170 Rupees as shewn below.

Value of Cocoanuts exported

Total Increase	339170	

Price and its effect on the resources of the District

The high Prices which Cocoanut and Kernels bore in Fusly 1260 arose as shewn in Para 4 of my report from a deficient supply. The same high prices however prevailed throughout this year in consequence of the

Fort St. George 6th January 1853.

the external demand above noticed.

6. The failure in the Paddy Crop already adverted to raised the price of Rice about 2½ per Cent above the rate which obtained in 1260, it is however 10 per Cent below the Average of the five preceding years as shewn in the Margin and here it may be necessary to observe that the rates now quoted are the same as those entered in the Monthly Lists furnished to the Board Viz. the average selling Prices of the 1st and 2d Sort of Rice as it obtained in the four principal Towns of the District, Viz. Paulghaut Ponany Calicut and Tellicherry, whereas the rates hitherto entered in the Settlement reports were the Average Market Price of all parts of the District.

Average Market Price of Rice

60	165	3	"
	938	14	5
Average	187	12	6
Fusly 1261	169	2	9

Per Grain

The Export of other Staples of the District such as Pepper Beed Wax Ginger &c. have likewise been on the increase upon the whole there was a Net Increase in the value of Exports amounting to 2,63,000 R.

7. The return which the Ryots obtained for the fruits of their labour generally enabled them to

Fort St. George 6th January 1853.

to discharge the Government Demand with more punctuality than might have been expected.

At the close of the Fusly the Balance outstanding was only Rupees 16,023 (including 10,000 Rupees due by the Beebee of Cannanore) out of a Demand of Rupees 1,645,747.

Settlement 8. The subjoined figured Statement will convey a more perspicuous idea of the result of the Settlement now reported on.

Fusly.

Adverting

Kunjah in Rice Lands
Net Increase Rs. 949 " 2 } Adverting to what has been stated in Para 3. regarding the effect of the unfavorable season upon the Kunjah Lands, it becomes necessary to explain that the increase of Rupees 949 " 2 which appears opposite to this item arises from the annexation to the Demand of Assessment laid on new and concealed Cultivation as well as from resumption of Remissions granted in Mr. Warden's time which according to the Statement No. 1 stands as follows.

Col. 26 On account of new Lands & concealed Cultivation — Rs. 1094 " 10
" 27 Resumption of Remission granted in Mr. Wardens time — 313 9 6
" 28 On accounts of wastes Cultivated on Cowles — 624 4 9
" 29 Do. Proprietors Share on Government Lands and Estates — 200 9 7
" 30 & 31 Sundry petty accounts — 156 14 5
" 32 Total Rupees — 2389 7 1

this together with the resumption of Remissions

× Rs. 5392 - 4 - 9 (Col 25).

Remissions of former years gives a total of Rupees 7781 - 11 - 10 which was however absorbed within Rupees 949 - by the Remissions which it was found indispensably necessary to grant in mitigation of the distress arising from the unfavorable season as well as from losses sustained by Proprietors of Lands during two Mopla Outbreaks as detailed in Appendices A & B.

Subjoined are the particulars of the Remissions allowed -

1 Temporary Remissions for Fasly 1261 Viz.t

1. On account of injury & loss sustained by Lands belonging to certain individuals some of whom were killed by Mopla fanatics while others abandoned through fear their homes & Cultivation during the Outbreaks — Rs. 498 " 4
2. On account of Lands not Cultivated owing to the distressed circumstances of the Ryots and other similar Causes — 726 8 1
3. On account of failure of Crops in some Cases partial in others entire — 3890 6 1
4. Owing to the extreme poverty of the Ryots — 17 14 7

— 5132 13 1

Carried Over Rupees — 5132 13 1

Fort St. George 6th January 1853

Brought Over Rupees ——— 3,132.13.1

2d. Remissions hereafter re-
-sumable according to cir-
-cumstances or when the
lands are again brought
into Cultivation, Viz.t.

5. Assessment of Lands en-
tirely waste in consequence
of Death Desertion Po-
-verty and other causes — 13.14.3

6. Assessment of several Waste
lands situated in the midst
of Jungles and liable to de-
-vastation by Wild Animals 350.10.6

7. On account of Lands which
were on a careful inspec-
-tion found to be overassed,
the difference now proposed
to be remitted being more
than the Land can fairly
pay ——— 29.11.

8. Assessment of Lands
converted into Gardens
owing to the unfitness
of the Soil for Rice Cul
-tivation ——— 77.2.11

——— 471.6.7

Carried over Rupees ——— 5,604.3.8

Fort St. George 6th January 1853.

Brought Over Rupees ——— 5,604.3.8

3d. Remissions, the future re-
-sumption of which is either
not to be expected or pros-
-pective, Viz.

9 Nominal Rice land Assess-
-ment the sums having on
an examination of Accounts
been found to appertain to
Mutwelships, to which head
the amount has been cre-
-dited ——— 4.12.10

10. Decrease on account of Lands
the Assessment of which
is annually determined by
the inspection of Crops — × 1221.8.2

11. Assessment levied in Fasly
1260 on a land supposed
to be a concealed Cultiva-
-tion, but which on further
investigation was proved
to be an old Land Assessed
to revenue ——— 2.3.

——— 1228.8.

Total Rupees ——— 6,832.11.8

The Board will perceive that with
the exception of Items 8. 9 and 11 all the
rest are concessions of an ordinary and
authorized nature — With respect

to

× Of this Rs. 885-1-11 as is on account of Wynaud.

to No. 1 I trust the grounds upon which Remissions were recommended by Mr. Relinson and Mr. Collett and acceded to by me will be deemed sufficiently strong to induce the Board to sanction them, Item, Item No. 11 speaks for itself.

A. Extract from a Report from the Ag. Sub Coll. dated 25th July 1852.
B. Copy of a letter from the Asstt Coll. dated the 29th May 1852.

Poonjah or Dry Land Cultivation Net Increase Rs. 853-0-2 } 11. I beg to subjoin a Comparative Abstract shewing the result of this years Settlement of the Dry Land Cultivation.

		Fusly 1260			Fusly 1261			Increase			Decrease		
		Extent in Cawnies	Assessment		Extent in Cawnies	Assessment		Extent in Cawnies	Assessment		Extent in Cawnies	Assessment	
			Rs.	a.	p.		Rs.	a.	p.		Rs.	a.	p.
Modoor	26002	"	25045	5	8	25179 7/16	28991	8	7	"	"	"	"
Ponoor	20804	"	18195	14	1	21884 5/16	19193	3	7	1080 5/16	997	5	6
Ellore	17197	"	11547	14	10	15616 1/2	12457	6	7	1419 1/2	907	7	9
Total	64003	"	54789	2	7	65680 1/16	55642	2	9	2499 13/16	1906	13	3

											8	22 9/16	1053	13	1

From the foregoing it will be seen that whilst there was a falling off of Rupees 1053-13-1 in Modoor, there was an increase of Rupees 997-5-6 in Ponoor and of Rupees 909-7-9 in Ellore, the Net result being the increase of Rupees 853-0-2 exhibited in the Margin.

1. Upland Paddy
2. Hill Paddy
3. Oil Seed.

The large proportion of land which was taken up for the Cultivation of the two last mentioned species of grain naturally led to a decrease in the Cultivation of the Upland Paddy, the outturn of which was furthermore much below par owing to some unseasonable falls of Rain in April 1851.

× Hill Paddy Increase in Cawnies 1080 Oil Seed Do. 1419.

The Decrease was 822 Cawnies

Bagayet or Gardens Decrease Rs. 1001-3-9 } There was an increase in this branch of Revenue of Rupees 2835-5-5 of which Rupees 1947-9-5 was on account of Resumption of Remissions allowed in prior years but the deteriorated state of the Gardens in various parts of the District coupled with the personal circumstances of the Ryots owing them rendered a larger Amount of remission unavoidable the aggregate Sum allowed being Rs. 3824-11-5.

× See Col 21 of Statement 21.

It will be observed

13.

that a large portion of the Amount of falls on Koormenad. I speaking of this Talook in my report for 1255. I remarked that "the Gardens situated on its "East side for the most part a wild and Mountainous tract

Para 11

"tract of Country were found to have
"suffered considerable deterioration
"and here and there a large number
"of Trees had been destroyed by light
=ning and other natural causes—
"Under these circumstances it was
"deemed unavoidable to grant the
"Ryots mostly people in distressed con=
=dition, the indulgence they were prove
"to be entitled to."

14- This indulgence though an=
=nually repeated did not satisfy
the people. They insisted that
no partial remissions would meet
their Case, and proposed for a fuller
and more Systematic investigation
and as it was notorious that their
clamour had good foundation and
the matter seemed to me pressing
I resolved upon having the whole of
the Gardens in six of the worst situated
Umshoms (Parishes) inspected under
Mr. Platel's Superintendence. The re=
sult was an increase of Rupees 120-12-9
against a decrease of Rupees 1063-13-9.

14- The Assessment on the Trees
in the Umshoms in question was fixed
at the Garden Survey of 1836 or Sixteen
years

1 Kudwanoor
2 Kawontarrah
3. Kottoor
4 Trikkookishery

Jack Do	120-5-3
	1063-13-9

years ago and the inspection shews that out of
7,300 Cocanut Trees entered as productive in the
accounts of 1850, 2600 have become unproductive
while from 3160 Trees returned as young in 1250
two thirds or 2,800 have become productive during
the interval of the last 12 years; the present
number of productive Trees being 6,740 or 5,600
less than the number which existed in 1250—

The present number of young Trees
is 5,300, or 2,700 in excess of the number
entered as such in the accounts of 1250—

16 There are several other Umshoms
similarly situated in Tiurmonad, inspection
of which is much solicited by the Garden
holders. From these also some loss of Revenue
will follow; but if the Gardens in the Sea
board Umshoms as well as in a few others
which stand on the banks of Rivers be
examined, the result will probably com=
=pensate for the deficiency arising from
all the Eastern Umshoms, and this with
the Board's permission I propose to do—

Current Collection-17- The total demand
of the year was Rupees 16,25,747-4-10
out of which Rupees 16,29,723-12-6
was Collected within the year with an
additional sum of Rupees 12,901-10-7 on account
of Balance of the Fusilis indicated in the margin,
making a total of Rupees 16,42,628-7-1-

He Balance outstanding at the Close of the Fasly was Rupees 16,23-8-4, of this Rs 7,792-10-1 was realized up to the end of October last leaving still a balance of Rs. Including 5000 Rs 8,230 due by the Bee: 14-3 =chee of Canna to be collected to of: =fect which, measures are in progress- 18- In reference to the Statement Rs. 22 hereunto submitted I beg to append in the margin a Comparative Abstract of Demand and Collection of all the Sources of Revenue of this District to which I have added the Charges and the per Centage which those of 1261 bear on the Collections from

Fort St. George 6th January 1853

19- From the foregoing Abstract it will be seen that the total Demand of Fasly 1261 exceeds that of the previous year by Rupees 34,522-6-11 solely from the increase under the Head of Tobacco Monopoly, and to the same cause is attributable the excess of Rupees 35,291-1-9 in the Gross Collection. The variations apparent in the Items comprising the Esctra sources of Revenue will be explained in my Report on that Subject-

Gross Collections of 1261 - 28,43,300-12-8 20. Deducting the charges

Charges &c - 5,22,628-12-2 the Net Revenue of the year

Net Revenue - 23,20,672-11-6 under review is Rupees 23,20,672-11-6 or Rupees 21,100-11-11 below the result of Fasly 1260. This decrease arises from the excess of Charges connected with the Salt and Tobacco Monopolies-

21. The particulars of the Charges appertaining to the Land Revenue are given in the appendix C in preparing which I have excluded the four Items noticed in the Concluding part of the 17th Para of the Board's Proceedings dated 19th June 1852-

outstanding Balances 22- At the Commencement of

Fort St. George 6th January 1853

of the year now reported upon the arrears of Land Revenue outstanding on account of the previous years amounted to Rupees 35,417-6-9. Of this Rupees 12,909-10-7 was realized within the year leaving still a Balance of Rupees 22,512-12-2 out of which Rupees 19,750-1-10 stands against the Beebee of Cannanore, the realization of which has been suspended under the orders of Government dated the 7th September 1852; this sum together with Rupees 1,711-9-1, total Rupees 21,461-10-11 is placed as "Recoverable". Of the Balance Viz.th Rupees 1,051-1-3 Rupees 110-12-8 is for the present classed under the head of "Doubtful", and Rupees 940-4-7 as irrecoverable. From the latter sum is however to be deducted Rupees 295-4-11 which will, under the sanction of Government dated 17th September last, be written off in the accounts for the current Months, the remainder amounting to Rupees 645-3-8 I request the Board will have the goodness to obtain the sanction of Government for striking out of

of the Balance Sheet.

23- The Circular order of the Board dated the 11th March 1852 reached me when the Settlement of 1261 was far advanced, I was therefore unable to carry it out fully, especially as regards the Balances of 1260. Due attention will be paid to this duty during the ensuing Immmahlundy.

24. The contumacious conduct of seven Individuals in four different Talooks induced me to order their personal property to be attached and sold, the amount thus realized was small, not more than Rupees 142-8-9. With this exception no Coercive measures were found necessary for the realization of the Current Revenue and arrears, both amounting to Rupees 16,42,628-7-1.

Para 9 @ 13

25- Adverting to the Board's Remarks respecting the state of the Gardens in this District I have the honor to state that the experimental inspection ordered by Government is now in progress, I shall address the Board separately on the subject at an early date.

Para 8 Minutes of Cons.n 17th Sept.r 1852

The

No. 24.

26- The Statement of Cowle Lands which I have now the honor to submit will I hope be found less defective than the one noticed in the 18th Para of the Board's Proceedings above adverted to. It will be observed that the number of Cowles issued during the late Fusly embrace 1157 Cawnies of immemorial Waste which it is estimated will yield in Course of time a Revenue of Rupees 2,755-8-8-

27- Inasmuch as had been impossible to furnish the Statement No. 25 in the same form as No. 24 and containing all the particulars enjoined by the Board in the 19th Para 4th; but the necessary re-searches into the accounts of several years back render the preparation of the statement in question a laborious task, and I have therefore to request the Board to allow me to defer furnishing it till my next re-port. In the mean while I beg to enclose a Taluk-war abstract shewing the quantity of land taken up for the purposes of being converted into Gardens during the

No. 25

late Fusly-

28 With reference to the Board's instructions in the 20th Para to the effect that the Rent Roll should include Land Revenue Pottahs only, and that this arrangement be attended to on its preparation for the future, I beg to state that I have issued Circular orders to all the Talookas calling for modified Returns. To set aside Pottahs for Fluttu Chettu and Moturpha and assume those ap-pertaining to Land Revenue alone will require a scrutiny into every Ryots accounts, a work which will require some time, I shall therefore be only able to furnish the amended Rent Roll with my report for the current Fusly-

29- In the 21st Para 4th the Board wish to be informed whether the sys-tem of preparing Ryotwar Chittahs has been introduced throughout the principal Division, In reply I beg to state that it has not been carried out throughout the District, much

delay

Fort St. George 6th January 1853.

34- The accompanying Appendix D shews the entries made during the year under report in the Register of landed property held by public servants, the rules relating to which continue to be enforced-

35- The District I am sorry to say has not been in a healthy state since January last, Cholera and Small Pox have prevailed to a painful extent. The Appendix E shews that Deaths from Cholera amounted to 3,012 and those from Small Pox to 4,300 the latter Epidemic is still raging in some parts of the District- I have been in Communication with the Government and the Medical Board on the subject-

There was a considerable loss of Cattle as Mr. Robinson writes to the North from Murrain but it did not prevail to any extent in any division-

Calicut, 22nd November, 1852

Extract

Fort St. George 6th January 1853.

Extract from a Report from W. Robinson Esqre. Head Assistant Magistrate of Malabar on Special duty, to H. V. Conolly Esqre. Magistrate of Malabar, dated Tellicherry 25th February 1852.

Para 105 It is sad to contemplate and would scarcely be credited by those unaccustomed to such matters the state of confusion and consternation into which not only the affected part but the 3 Talooks of Cottayam Cargo and Cherrikel were thrown by the late outbreak- Most of the wealthy Hindu Landlords in the affected Limbrooms Divisions with their women and children left their houses and sought places of safety, took to the Jungles or escaped to the coast &c. leaving their property in the hands of a few dependant Moplas or Servants- Brass &c. utensils were thrown into wells and Tanks and lighter articles as deeds and valuables hastily removed- The loss and dissipation of

of property and the hardships of those who with their women and children had to escape on foot by mountain paths &c.s and to hide themselves for several days in the Jungles have been very great. The Crops (the 2d. Crop of rice) were just ripe and became much damaged by the depredation of Wild Beasts and thieves, the Hindoo owners and the watchers fled or became afraid to watch by night. Great loss was suffered by neglect and robbery of the Pepper Gardens.

(True Extract)
(Signed) H. V. Conolly
Collector.

Appendix B.

To H. V. Conolly Esqre.
Collector of Malabar

Sir,

I have the honor to forward the accompanying papers relative to the remission of Revenue proposed to be granted to the Kolattus Warriors and three others in the Walloorvanad Taloork

Taloork, who suffered during the Moplah disturbances in August last. The present account has been drawn up from the Immediate accounts, the amounts set down in the Tahsildar's Surzee, dated December 23d. 1851, being slightly different.

2 To the Kotaparambatha family I would beg to Recommend a Remission equal to about one third of the total amount of their Revenue. The whole amount is in arrears and the loss of property which they have suffered by the destruction and plunder of one of their houses has made it a matter of difficulty for them to pay the whole of this sum.

+ Rs. 90

The two Members of the family murdered by the fanatics were also the most able and their loss must be a serious injury to the interests of the family.

3. In Consideration of the exclusive destruction of property at the Kolattus Warriors' house and the great expenses to be incurred in the Repairs of the house and the performance of the funeral rites of the Chief victim of

Fort St. George 6th January 1853

of property and the hardships of those who with their women and children had to escape on foot by mountain paths &c. and to hide themselves for several days in the Jungles have been very great. The Crops (the 2d. Crop of rice) were just ripe and became much damaged by the depredation of Wild Beasts and thieves, the Hindoo owners and the watchers fled or became afraid to watch by night. Great loss was suffered by neglect and robbery of the Pepper Gardens.

Appendix B.

To H. V. Conolly Esqre.
Collector of Malabar

Sir,

I have the honor to forward the accompanying papers relative to the remission of Revenue proposed to be granted to the Pulatur Warriar and three others in the Walloovanaad Taloo[k]

Fort St. George 6th January 1853

Taloo[k], who suffered during the Moplah disturbances in August last. The present account has been drawn up from the Summahundy accounts, the amounts set down in the Tahsildars' Surzey, dated December 23d. 1851 being slightly different.

2 To the Pulatparumbotha family I would beg to recommend a remission equal to about one third of the total amount of their Revenue. The whole amount is in arrears and the loss of property which they have suffered by the destruction and plunder of one of their houses has made it a matter of difficulty for them to pay the whole of this sum.

+ Rs. 90

The two members of the family murdered by the fanatics were also the most able and their loss must be a serious injury to the interests of the family.

3. In Consideration of the exclusive destruction of property at the Pulatur Warriars house and the great expenses to be incurred in the repairs of the house and the performance of the funeral rites of the chief victim of

of the fanatics I would also beg to recommend the remission of a portion of the Revenue due by the Warriars. The family has property in other Talooks and the sum I have selected for remission is equivalent to a fourth of the amount of Revenue payable in the Walloovanaad Talook.

4. A further suggestion which I would beg leave to make is that an extended term be granted to both the above parties for the payment of the balances of the Revenue which will still be due for the present Fusly, and none of which has yet been discharged. I would propose that if no longer term can be granted the arrears should be allowed to stand over for the next two Fuslies and be recovered in equal shares in each Fusly. There can be no doubt that the arrears will be ultimately recovered and the indulgence I have ventured to propose will be a relief to those families who have suffered so severely.

5. The amounts of Revenue standing

Rs. 26. 13. 2. Rs. 10. 15. 6. standing in the names of Maudengara Rama Nair, and Velliya Shangara Warriar being small, I would beg to recommend the remission of the whole of this year's Revenue - Both these parties had their houses burnt by the fanatics, and [illegible] the former subsequently died of the wounds which he received from them.—

Angadipoorom, 29th May 1852.

Calicut
11th July 1852

E. E. Jr. / Signed / H. V. Connolly.
Collector

No 27

To H. V. Connolly Esqre
Collector of Malabar.

Sir,

1 I have the honor to submit the Summaloondy Report of the Sub Division settled by Mr. Chatfield for Fasly 1261-

2. The Monsoon commenced fairly about the beginning of May and June and proved favorable to all cultivation in the earlier part of the season, but the Crops have sufferred by the general deficiency of the later rains of September and October whereby the second Cultivation sufferred equally with the Pepper Crops-

3 In the four Talooks below the Ghauts, the average price of paddy were about 28 Rupees per 1000 Dangalies- The Commutation price on which the Revenue was fixed in the Northern Division was from 40 to 45 Rupees per 1000 Dangalies, the average current prices were therefore 30 or 38% below the Commutation prices- These Current prices were about the average of late years, the general Reduction as Compared with the early Commutation price is attributable to advanced Cultivation and prosperity and the importation of

Fort St. George 6th January 1853

of grain from Coorg and Mysoore by the new pass- Advancing Cultivation and higher rents Compensate to the Revenue payers for this falling off. In Wynaad under the peculiar and now advancing circumstances and free export the present average current prices of grain differ little from the commutation prices of $\frac{283}{18}$ Viz. 3¼ fanams per Puddy or 19 4/12 Rupees per 1000 Bungalies-

4 The Cocoanut and Pepper markets throughout the Division donot seem to have fluctuated much- Fair average prices obtained-

5. Epidemic disease/small Pox/ of a virulent type has been prevalent and fatal, especially in December and January- The Sea board Villages chiefly suffered- The loss of Cattle from Murrain which pre=vailed throughout the Country has been Considerable-

6. A statement shewing the net outturn of the Fasly as Compared with 1260 is here inclosed-

Fort St. George 6th January 1853

	Jemma for Fasly 1260-			Jemma for Fasly 1261-			Gross Increase-			Gross Decrease-			Net Increase-			Net Decrease-

Order thereon. Ordered to be recorded.—

Read the following letters.—

No. 153.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue.

57

Bd. No. 3033.

From the Collector of Madras. } Sir,

I have the honor to bring to the notice of the Board of Revenue that by the Rules of this Office for the levy of Quit Rent in this district, lands of less extent than 1 Cawney and beyond the Walls of Black Town if built upon, are charged at the ground rates laid down in a letter from this Office dated 11th May 1821, sanctioned by the Board,—

Reporting the Rules that are in force in regard to the levy of Quit Rent on Lands without the walls of Black Town and requesting orders on a case brought to the notice of the Board.

Vide Para 270 of Board's Circular order edited by Mr. Maskell, Note. No. 4.

but if the land is of more than this extent at the Cawney rate of 5¼ Rupees the Cawney. If there is no building on the Ground and the extent of Ground is less than a Cawney the land is charged proportionately at the Cawney rate of 5¼ Rupees per Cawney.—

2. In the event of an application for a Certificate for Land larger in extent than a Cawney

Fort St. George 6th January 1853.

Cawney being made to the Office, the fee for Certificates varies from 10 to 25 Pagodas as shewn marginally, whereas a Certificate for a less extent is only Rupees 4—8—. In consequence of this difference it is usual for parties to avoid paying the larger fee of 10 Pagodas to split up their land

Fees for granting a Certificate within the Walls of Black Town within 1 Cawney	4—14—5.
Do. Do. out of the Walls of Black Town within— Do.—	4—8—.
Do. Registering a Bill of sale within Do. Do.	5 14—5.
Do. Do. ——— Do. without ... Do. ... Do.	5 8—.
Do. for Registering mortgages within 1 Cawney for each Title deed	1—.—.
Do. Do. above a Cawney for .... Do. ...	3—8—.
Do. for a Grant within 5 Cawnies	35—.—.
Do. Do. above 5 Cawnies and within 10 Cawnies—	52—8—.
Do. Do. from 10 Cawnies and above	87—8—.
Do. for registering a Bill of sale or transfer if above 1 Cawney	35—.—.

into small portions and take out Certificates at the rate of Rupees 4—8—. for each spot of Ground.

3. A case has lately occurred of a person who has more than a Cawney of land as a Garden attached to his house at Royapooram. To avoid the rate to be paid for a Grant he has applied for two Certificates each of a certain number of Grounds, but as

applies

applies to have only that portion of his Ground which is actually built upon charged at the Ground rate and the remaining portion, not built upon at the Cawney rate- thus escaping the larger fee for the document and the higher rate of Quit Rent.-

4. Under these circumstances it becomes necessary that I should ask the Board's orders upon such cases and that they should determine whether, when parties who have houses standing in Compounds do not apply for the large Certificates for more than / Cawney / called Grants / they are only to be charged at Ground rate for the site of their buildings and at Cawney rate, for the Compound, or whether, unless the Ground upon which the house stands and the Compound Ground are clearly separated, the charge should be a ground rate for the whole land less than a Cawney including the site of the house and the Compound in which the house stands.

5. By the table of fees given above, it will be seen by the Board that these fees are high and very unequal- As the Registry of lands is of advantage in the Collection of the Land Revenue

Revenue I would suggest that such a reduction should be made in the fees for Certificates Transfers &c. &c. as will encourage parties to come forward and more frequently make use of the Registry kept in this Office.-

Madras 9th December 1852

/ Signed / I. A. Hudleston
Collector.-

B. No. 31.
Proceedings thereon.-
57-58

The Board of Revenue desire that the Officiating Assistant Collector in charge will bring the subject of the foregoing letter to the notice of the Acting Collector upon his arrival, with a request that he will favor the Board with his sentiments upon it. If it should appear to him desirable to reduce the Scale of fees for certificates, transfers, &c. he will be so good as to submit a revised scale for the consideration of the Board.-

---

No. 154.

To, W. H. Bayley, Esqre.
Secretary to the
Board of Revenue.-

59

B. O. No. 3034.
From Collector of Madras.

Sir,

I. Have the honor to acknowledge the receipt of the Board's Proceedings of the 2nd December

like nature or for pleadings in Civil actions.—

3. Section XXIII moreover provides that in the event of pleadings or other documents filed in Court not being contained in one Sheet of Stamp Paper prescribed for such pleadings or documents the additional Sheets that may be required for this purpose should be of the description of Stamped paper specified in Section XIX of the Regulation in question-that is varying according to the Courts in which such paper is to be filed, but no similar provision is made as to the additional Sheets that may be required for Bonds and other deeds. I am therefore obliged to request the orders of the Board whether I shall continue the practice that has prevailed in this Office and give for each additional sheet paper of 4 annas value or allow such extra paper gratis to the party who takes out a stamp in the first instance.

Madras 16th December 1852.

/Signed/ R. S. Ellis.
Officiating Assistant
Collector of Land Customs.

11.62
Bd. No. 54.
Order thereon.—
S.R.

Ordered that copy of the foregoing

foregoing letter be forwarded to the Superintendent of Stamps. for report.—

Read the following letter.—

To,
The President and Members of the
Board of Revenue,
Fort St. George.

Gentlemen,

I have the honor to submit copies of the correspondence noted in the margin for your favorable consideration and orders thereon.—

83
Bd. No. 3037.
From Mr. S. H. Harris,
Cochin.

Submitting the correspondence which took place between the Collector of Malabar and himself on the subject of a permit for the conveyance of certain Spirits to his private dwelling; and requesting that such orders may be passed as will prevent annoyance and inconvenience in future.—

* Copy of my letter to the Acting Revenue Sheristadar dated 26th November 1852.—
Copy of my letter to the Collector of Malabar dated 27th November 1852.—
The Collector of Malabar's (original) reply to me dated 4th December 1852.—

It will appear by the Collector's uncourteous reply "that the Acting Fiscal was not authorized to grant the permit alluded to in my letter of the 27th Ultimo" but without adducing any reasons whatsoever for saying so. my complaint was levelled against the Acting Revenue Sheristadar's (Mr. G. L. Patel and not the Acting Fiscal) illegal proceedings, from which

* Margin

which it is apparent that no redress whatever has been afforded, tho' I had prominently brought the same to the Collector's notice.—

I am at a loss to know how, and in what manner we are to obtain permits for spirituous liquors for our private use at Cochin without incurring the indignities and interference of the Abkarry Farmer, and my reasons for applying for such permit was to avoid unpleasant correspondence or collision, on the Farmer's representation, in the event of the spirits being brought to Cochin, unaccompanied by a permit.—

To avoid such unnecessary proceedings I beg to solicit that the Board will design to pass such orders as will relieve us from any troubles and annoyance from the hands of the Abkarry Farmer, conformably to the provisions of Clauses 1 and 2 Sections XI and XII Regulation I of 1820.—

Cochin, 7th December, 1852. } /Signed/ J. W. Harris.

No. 1.

To, The Acting Revenue Sheristadar of Cochin.

Sir,

I have to request that in conformity

conformity with Clauses 1 and 2, Section XI and Section XII of Regulation I. A. D. 1820, you will be good enough to furnish me with the requisite permit for three Bottles of Brandy and three case bottles of gin, to be conveyed from Muttoncherry to my dwelling house in Town, the same being for my own private use, as the above quantity exceeds no more than the seer prescribed by Regulation.—

Cochin, 26th November, 1852. } /Signed/ J. W. Harris.

To, H. V. Conolly Esqre
Collector of Malabar,
Calicut.

Sir,

Being urgently in need this day/a birthday anniversary/ of some spirituous liquors, I called personally yesterday about 10 O'Clock P. M. at the Government Revenue Cutcherry and requested the Acting Revenue Sheristadar to grant me a permit conformably to the provisions of Regulation 1 of 1820, for three Bottles of Brandy and three case bottles of gin for my private use to be conveyed from Muttoncherry to my dwelling house in Town, he ordered the Goomastah to prepare one, told me he was going

to

from buying cheaper or better drinkables for our private use, by the ordinance alluded to, tho' the Acting Revenue Sheristadar to favor his co friends, apparently attempts in his "brief co authority" to establish such disposition by co refusing me a valid permit. I request therefore that you will be good enough to particularize how many bottles or what quantity makes the Seer alluded to in Regulation aforesaid co and that Permits be duly granted when co called for or required.-

I further solicit that the requi: = site steps be taken to prevent a recurrence of such proceedings on the part of your subordinate functionary here, under the cloak of Office, not co only causing great annoyance to the subjects of Government but either ignorantly or wilfully co violating the provisions so clearly specified co /that he who runs may read/ in Regulation I of 1820, for sundry private or unworthy motives-

Cochin, 27th November, 1852. } /Signed/ J. W. Harris-

To, No. 2.
Mr. J. W. Harris
Cochin.

Sir,

Mr. Harris is informed that the

the Acting Fiscal was not authorized to grant the permit alluded to in his letter of the 27th Ultimo.-

Calicut, 4th December, 1852.- } /Signed/ H. V. Conolly.
Collector.

B. No. 33.
Proceedings thereon.

64.

The Board of Revenue are of co opinion that the permit requested of the Acting co Revenue Sheristadar by Mr. Harris could not co legally have been granted by him, such authority being vested only in the Officers noted in co Section XI Regulation I of 1820, to one or other of whom Mr. Harris should have applied.-

63.65

Placing at the disposal of the Collector of Nellore Rs. 15000 for distribution among the sufferers by the late inundations of the Pennar, and directing that this sum be disbursed by the European officers of the District.—

Read the following Extract from the Proceedings of the Board of Revenue.—

(Here enter 29th November 1852 No. 4901)

Agreeably to the recommendation of

Fort St. George 10th January 1853.

of the Board of Revenue, the Right Honorable the Governor in Council is pleased to place at the disposal of the Collector of Nellore a sum not exceeding Rupees 15000 for alleviating the distress of the Inhabitants of certain Talooks of that District who have suffered from the inundations of the Pennar on the 7th and 22d October last. The Collector proposes to render assistance where it is really needed and to extend it to bona fide cases of distress. but the Governor in Council observes that it will require the greatest vigilance and care of that Officer and his subordinates to see that the bounty of Government reaches its legitimate distination and is not intercepted by the Native Establishment and Village Functionaries. He therefore directs that the sum now granted should in all practicable cases be distributed by the European Officers of the District.—

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.

(19)

Bd. No. 64.

From the Collr. of Guntoor ——

Replying to the Board's Circular of the 8th November 1852. relative to the bearing of the Commutation rates on the condition of the people.—

dated 8th Novr. 1852.

Sir,

1. I have the honor to acknowledge the receipt of your Circular letter, proposing certain questions relative to the bearing of the commutation rates on the condition of the people.—

In this District there

2. has been no general survey nor is any such scale of Commutation prices, as is intended by the Board, on record. In the Desopandays' accounts which were furnished as the bases of the Permanent settlement of the Guntoor Circar, the average rate of the value of produce is assumed at from eight to

+ Rs. a p. c = 3-13-7-20

to nine Kurk Pagodas for Jonna and the same for white Paddy per. Pootty, equivalent to one fourth of the Madras Garee. For the last three years the price of Jonna has been equal to or exceeded this rate - That of paddy about one fourth less. —

3. In superceding the sharing system where it existed, that is, on all the Wet, and a large extent of dry lands in this District, a process which was commenced in Fusly 1256. regard was had to the average revenue from each Village for 2 series of years before and since the famine, which revenue had been ascertained annually by Multiplying the Government share of the produce sometimes estimated and some times actually measured, by the Current price of the season, which price was fixed for each village, and for each kind of grain, on information furnished by the Taluk servants - The introduction of these money rates was reported to the Board on the dates noted in the Margin. *

4. As a general rule the Government share

* To Bd. 28th April 1847.
* To Cr. 28th June 1848.
To Cons. 13th March 1854.

share was half the gross produce after deducting fees and perquisites but in certain villages and to certain privileged classes a greater proportion was allowed on a few others even a less. —

5. The former extent of the cultivation of different kinds of produce cannot now be ascertained, but it is known that on the whole the cultivation of Cotton has increased in the Paluad, and Western Taluks, while in the Delta red paddy has to a great extent superceded Jonna, and in the central Taluks the production of Tobacco and Chillies has much increased - Wheat has also been introduced but its cultivation is still confined within narrow limits - chiefly in the Pretty pad Taluk - Pulse of all kinds is raised in large quantities and exported to Madras at a remunerating price - Linseed and Gingely Oil seed which are found so valuable for exportation in some Districts are unaccountably not grown much here - From Fusly 1257. inclusive, field registers have been introduced for all the Villages

+ Pts a & c = 3-13-7-20

to nine Kurk* Pagodas for Jonna and the same for white Paddy per. Pootty, equivalent to one fourth of the Madras Garee. For the last three years the price of Jonna has been equal to or exceeded this rate. That of paddy about one fourth less.—

3. In superceding the sharing system where it existed, that is, on all the Wet, and a large extent of dry lands in this District, a process which was commenced in Fusly 1256. regard was had to the average revenue from each Village for 2 series of years before and since the famine, which revenue had been ascertained annually by Multiplying the Government share of the produce sometimes estimated and sometimes actually measured, by the current price of the season, which price was fixed for each village, and for each kind of grain, on information furnished by the Taluk servants. The introduction of these money rates was reported to the Board on the dates noted in the Margin.*

4. As a general rule the Government share

To Bd. 28th April 1847.
* To Dt. 28th June 1848.
To Comr. 13th March 1854.

share was half the gross produce after deducting fees and perquisites but in certain villages and to certain privileged classes a greater proportion was allowed on a few others even a less.—

5. The former extent of the cultivation of different kinds of produce cannot now be ascertained, but it is known that on the whole the cultivation of Cotton has increased in the Palnad and Western Talooks, while in the Delta red paddy has to a great extent superceded Jonna, and in the central Taluks the production of Tobacco and Chillies has much increased. Wheat has also been introduced but its cultivation is still confined within narrow limits chiefly in the Pretty pad Taluk. Pulse of all kinds is raised in large quantities and exported to Madras at a remunerating price. Linseed and Gingely Oil seed which are found so valuable for exportation in some Districts are unaccountably not grown much here. From Fusly 1257. inclusive, field registers have been introduced for all the Villages

Fort St. George 10th January 1853

Villages in which the crop of each field is recorded every season, in this District, which from that time will furnish the exact extent of Cultivation of every Kind of produce.—

6. Generally it may be assumed that altho' the price of Jonna and Poddy formerly considered the staples of the District have fallen, yet from the production of other commodities, and a large reduction of rates from the money assessment formerly paid to the Zemindars, and from the lightness of the rates which have been subse=quently introduced instead of share, the Condition of the ryots in this District is not at present deteriorated from the effect of low prices. It is to be expected that as the great works of irrigation now in progress from the Godavery and Krishna come into operation the price of rice may fall materially, but even in this case the assessment fixed by me on the Wet lands, is not likely soon to be found too high.—

7 A list of the prices in this District.

Fort St. George 10th January 1853.

District as given in the Settlement reports, which however only include Jonna and white paddy, is furnished for ten years before the famine, and for each year since, I also append the concluding parah of my letter dated 7th September 1846 replying to the Board's Circular of the 17th August of that year, to which I beg to refer.—

Guntoor, Coll.r Office, 31st December 1852.— /Signed/ H. Stokes Collector.

No. 1.

Extract from a letter from the Collector of Guntoor to the Board of Revenue dated 7th September 1846.—

Para 3. On reference to the Statement it will be seen that the prices from Fusly 1251. to 1254. have ranged lower than at any former period on record and I have no hesitation in declaring my opinion that under a continuance of such prices the assessment would be ruinous. Taking the average prices up to Fusly 1250 I think the assessment if equally distributed would be easily paid.—

Sir

From the Agent at Kurnool

With reference to the orders of the Board of Revenue dated the 13th May 1852 authorizing the payment of a yeomiah granted to one Lofees-a-bebee to be made from this Treasury with the arrears due from the 1st November 1849. I have the honor to state that the individual in question is of an age which under the Rules of 5th June 1850. requires her personal appearance before me, but as she objects to appear on the grounds of being the widow of a Peerzadah or spiritual guide, and that it would degrade her by so doing I have the honor to request the orders of Government on the matter.—

2. She is a native of this place, and is known to many persons receiving salary or Pensions from the Government

Government and as Yaseen Meah the officer in charge of the Kandans, and one or two other respectable yeomah-dars are willing to be responsible, that no fraud is practised. I beg to recommend that I may be permitted to discharge the Pension without requiring her attendance personally before me.—

B. No. 36—
From H. A. Brett Esqre Acting Collector of North Arcot
Forwards a Statement showing the lands attached for arrears of revenue due from Tylasa Iyah Venkatarannah reddy and Nullaguttla Runguppah and requests the Boards sanction for the sale of the lands—

Sir,
Paras 1 to 2

I have the honor to forward a Statement showing the Patcut lands attached for arrears of Revenue from Kylasa Iyah, Venkatramah reddy and Nullaguttla Runguppah; and to request that the Board of Revenue will sanction the sale of these lands in satisfaction of the arrears—

2— The putcut lands of Kylasa Iyah are situated in the Village of Carnambut in the Trivellure Talook— The arrears are due for fasolies 1260 and 1261 from himself, and his son Ramiah, who lives with him, in an undivided family, and amount to Rupees 111—12—9 after deducting Rupees 54—5—5 partly paid up, and partly recovered by the sale of moveable property— These persons are represented to have been frequent defaulters before, and to be without any good excuse—

The

Fort St. George 10th January 1853

3. The arrears due from Venkatramah reddy are for fusly 1261. and amount to Rupees 12—10—7 exclusive of Rupees 7—15—3 already paid. This defaulter pleads inability to pay up the arrears, on the ground that the produce of his land in the Current year has been very short, but this is an unsupported Statement. The land it is now proposed to sell is situated in the Village of Putnoor, in the Chittoor Talook.

3. The third defaulter Nullagutla Ranguppah possesses no moveable property, by the sale of which the arrears might be satisfied. His arrears are due for fusly 1261. and amount to Rupees 12—8—10. His puttah land is situated in the

Fort St. George 10th January 1853

the Village of Talcoor in the Chittoor Talook. He has no good excuse to make for his default.

5. I enclose three Notices drawn up conformably to the instructions conveyed in the Board's Proceedings dated 15th December 1852. The 10th February 1853 is the day fixed for the sale.

North Arcot,
Collector's Cutcherry,
Chittoor,
31st December, 1852.

/Signed/ H. A. Brett.
Acting Collector.

Proceedings thereon

(25.26)

Under the circumstances stated in the foregoing letter, the Board of Revenue authorize the sale for arrears of revenue, of the lands adverted to, and direct the publication in their Office, of the advertisement forwarded by the Acting Collector, the date of sale being altered to Monday the 14th February 1853. Mr. Brett will be pleased to make a corresponding correction in the advertisement published in his District.

No. 88

To W. H. Bayley

Secretary to the

Board of Revenue

Fort St. George

(27)

B. No. 3119.

From the Collector of South Arcot

Reporting upon the arrear outstanding against the Mootah Estate of Allaghanuttum

Sir,

I have the honor to address the Board regarding the arrear outstanding against the Mootah Estate of Alaganuttum, to which I alluded in the 28th Para of my Summahbundy report for the late Fusly, as the proprietor has taken no steps to discharge the balance due by her—

2. This Mootah originally consisted of the four Villages of Alaghanuttum, Mundagapatt, Nullatoor and Chinna Gunganacoopum, but in 1875 it was subdivided when the two last Villages were formed into a separate Estate, called the Nullatoor Mootah which was afterwards put up to public sale for arrears and became the property of Government by purchase—

Statement No. 8 forwarded to Board with the Collector Mr. Fallofields letter of 6th July 1807.

& Letter from Board 19th December 1825

9th January 1849.

The

3 The Alaganuttum Estate therefore now consists of two Villages only, and I find that it was publicly sold for arrears in 1845, It was then purchased by one Audy Narrayana Iyer who afterwards transferred it to the present proprietor — Audy Lutchmy Ammal in whose name it was registered under the sanction given by the Board on the 29th. January 1819.

See letter from Board 8th Sept. 1845

4 In consequence of mismanage-ment, partly arising from the sex of the proprietor it has been continually necessary to place this Estate under attach-ment for the realization of its Peishcush and as the proprietor's affairs seem now irretrievably embarrassed and her conduct has separated her from her relations, there appears no prospect of recovering the present arrear except by selling a portion of the Estate. For this purpose the pro-prietor requests that the Village of munda-gapat may be selected, and I accordingly send the necessary accounts and Advertise-ment and request the authority of the Board for proceeding to the sale of that Village.

Village on the 3d. February next unless the arrear should be meanwhile discharged —

The instructions given by the Board in their circular order of 11th. October 1821 regarding the purchase of Estates for Government will be attended to at the time of the sale —

South Arcot,
Collector's Cutcherry,
Cuddalore, 11th. December 1852 —

(Signed) E. Maltby
Collector —

Statement

See letter from Board 8th Sept. 1845

2. Persons desirous of becoming purchasers may deputate authorized agents or Vakeels for that purpose and all purchases made by such authorized agents shall be held to be valid in the same manner as if the purchases had been made by the principals.

3. But it is required that such authorized Vakeels shall state at the time of purchase the names of their constituents on behalf of whom such purchases may be made.

4. The intention of the condition being to prevent fraudulent collusion. Notice is further given that in the event of any purchases being made under a fictitious name the deposit money made on account of such purchase will be liable to be forfeited to the Government and the Estate to be resold.

5. A Sunnud-i-milkait estemrar or deed of permanent rights has been lodged at the Cutcherry of the Collector and at the office of the Board of Revenue describing the obligations to be incurred and the rights to be obtained by purchases of land under this Advertisement all persons are therefore referred to that instrument for particular explanation.

6. The purchasers of Estates will not be put in possession till the sale has been sanctioned by the Board of Revenue, but in the meantime 15 per Cent of the purchase money will be required to be deposited immediately and security given for the payment of the remainder on the receipt of the Board's sanction or within one month from the day of sale in default where of the Estate will be sold at the risk of the first purchaser.

7. In case of the sale not being sanctioned by the Board of Revenue the deposit money will be returned and the person depositing it released from all responsibility with regard to the Estate or Estates.

8. For further particulars enquire at the office of the Board of Revenue or at the Collector's Cutcherry at new Town Cuddalore, between 10 and 5 O'Clock, except on Sundays.

South Arcot, Collector's Cutcherry, Cuddalore, 14th December, 1852.

Bd No 66.

Proceedings thereon.

(27.28)

Under the circumstances stated in the foregoing letter, the Board of Revenue authorize the sale for arrears of revenue of the Village of Mundagapat forming a portion of the Alagarattum Estate and direct the publication in their office of the advertisement forwarded by the Collector, the date of sale being altered to Friday the 11th February 1853. Mr Maltby will be pleased to make a corresponding correction in the advertisement published in his District. It is observed that in Alagarattum the Cultivation in Fusly 1260 and 1261. exceeds the ayacut arising, it is presumed, from the cultivation of Poramboke lands. This however should have been stated.

2. In submitting future statements such as the one which accompanies the present letter shewing the Total Circar ayacut lands &c Mr Maltby will be pleased to cause them to be prepared in the Book Form.

Bd No 3156

From the Collector of Southarcot. — Replies to the Board's circular on the expediency of extending to the Madras Presidency the Regulations for employing Uncovenanted Servants.

Sir,

I have the honor to acknowledge Extract from the Board's Proceedings of the 28th October last calling for my report on the expediency of extending to the Madras Presidency the Acts and Regulations noted in the Margin, which were promulgated for the employment of Native or Uncovenanted Agency in Bengal and Bombay. I have placed the Acts referred to in 3 classes, and shall proceed to offer a few remarks on each.

Act IX of 1835	Salt and Abkarry.
" XXV of 1840	
" XV of 1843	Deputy Collectors and Deputy Magistrates.
" IV of 1851	
" XXI of 1852	
" VII of 1840	Judicial
" VII of 1843	

2. The first class relates to the Salt and Abkarry departments, which are now under the management of the Collector together with the land and other branches of revenue.

The

Fort St. George 10th January 1853.

The Ryotwarry revenue being almost invariably managed on the renting system appears to require no change and I am of opinion that the Salt Department could not be superintended more economically or efficiently than it now is by the Collector with the aid of a Native Establishment.

3. The next acts refer to the employment of Deputy Collectors and Magistrates and while it is my wish to see the Natives of India employed in honorable and responsible situations I participate in the fears expressed by the Principal Collector Mr. Dent that the introduction of such a new class of Officers into Ryotwarry Districts where the assessment must still be regarded as in an unsettled state would prove premature and be liable to cause confusion. Without concurring in all the views expressed by Mr. Dent, to whose letter+ I beg to refer the Board, it seems to me inexpedient in the present state of our ryotwarry provinces to place a new class of servants between the Tahsildars

* Principal Collector to Board 21st January 1838.

Fort St. George 10th January 1853.

Tahsildars and the European Officers. I should prefer to see the Revenue branch of the Native Service raised by increasing the Magisterial and general authority of the Tahsildars and placing their salaries on a more liberal footing so as to elevate the position of these meritorious and valuable servants in the consideration of the people placed under their charge and make their Offices a greater object of ambition.

4. The fourth class of acts relates to the Judicial Department and without offering an opinion on the particular question of employing Uncovenanted Servants in the Office of the Register to the Suder and Foujdaree Udalut it appears to me that this Department offers the greatest opening for the employment of native or Uncovenanted agency in situations of authority and trust especially for those individuals at the Presidency who have received a high degree of English education and who while ignorant of revenue and other details connected with our executive administration would be dissatisfied at being placed in subordinate and lowly paid situations with the object of gaining practical experience and rising to higher posts by slow promotion. For the abilities and knowledge of this class of persons the Judicial Department seems to offer the best opening in the provinces, and I should anticipate no difficulty in filling adequately any extra Offices which the Government may see fit to create.

From the Collector of Canara.
Reports on the expediency of raising the uncovenanted servants to higher appointments in reply to the Board's extract dated 28th October last.

Sir,

1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 28th October 1852 requesting me to report upon the expediency of having the Regulations and acts referred to in Minutes of Consultation under date

Fort St. George 10th January 1853.

date the 1st June 1852 extended to this Presidency.

2. I beg to state that it appears to me that great benefit is likely to result from any measures which tend to raise the Uncovenanted Servants of Government to higher appointments and emoluments, thus rewarding merit and holding out prizes for meritorious services, provided this is not done by diminishing the number of the European servants of Government. The line that it is by associating the native servants with the European that the Government of the Country will be improved. If a Native Magistrate is substituted for an European I should always look upon the change with regret.

3. I would beg to take this opportunity of stating my earnest wish that the condition of the Native Servants of Government may be raised not only by holding out to them prizes in the form of appointments which will raise a few to a higher grade but by making the salaries of the heads of Talook's equal to the greatness responsibilities and powers which already devolve upon them. I consider that the pay of Tahsildars is in this District insufficient and that it should rise in proportion to the length of time during which the Office is held.

4. I think that it is very desirable that the acts authorizing the Appointment of Deputy Collectors and Deputy Magestrates should be extended to this Presidency.

Bl. No. 2943.

From the Collector of Madras.....

Sir,

With reference to the Board's Proceedings of the 22d. Instant, I have the honor to state that no written report was made to me by Mr. Ellis, he having reported the matter verbally to me and having taken my orders on the subject of the mislaid Boat of Salt.

2. A Memorandum was filed by him at the time which formed the subject of a Takeed to the parties concerned. Copy of which I beg to annex for the Board's information.--

Madras.....
30th November 1852.

(Signed) J. A. Hudleston
Collector.

Memorandum.

The mistake has arisen in the Assistants opinion from the name of the Boatman of 37 and 49 being given wrong in one instance.

The Salt of 49 was entered as belonging to the owner of 39.

The Salt of 39 was not entered at all into the account and the owner of the Salt in Boat 49 had no Salt credited to him.

But.

Fort St. George 10th January 1853

But the Salt of 39 Boat was actually measured as per Boat Chit, but in the great confusion that then prevailed to the Assistants knowledge, at the Madras Cotair from the Employment of new Servants and the quantity of Salt then coming in, This Salt was not entered in the Mercall alavoo Dot and other accounts and it is now impossible to have it.

After a long and careful investigation the Assistant Collector is of opinion that there has been carelessness but no fraud and has issued Takeed under this date in accordance with this opinion.

Madras 31st August 1852. } /Signed/ R. S. Ellis
Offg. Asstt. Collector.

Bd. No. 78.
Proceedings thereon,
44-42

The Board do not exactly understand whether the Salt is altogether lost to Government or whether it is actually in Store but credited in the wrong account.

2. If the Salt has been abstracted some further enquiry appears necessary - and the Acting Collector will, when he joins, give this subject his consideration, and will also explain how the loss was first discovered.
