No. 976.—

Extract from the Minutes of Consultation, in the Political Department, dated 9th August, 1852.—

Read the following letter from the Resident of Travancore and Cochin.

(Here enter 10th July 1852 No. 18)

Paras 3 and 4—26—27 and 28 will be transferred to the Public Works Department for disposal and paras 8 to 25 to the Revenue Department where the Resident's observations regarding the disputed boundaries between the Cochin Serkar and the Districts of Coimbatore and Malabar and his remarks on the subject of Smuggling Pepper will be duly Considered. The Proceeding adverted to in the latter part of Para 17th on the part of the Revenue authorities in Coimbatore as quoted in the Margin, appears to deserve very early attention.

Extract

"The Forests were in "actual possession of "Cochin and no au- "thority under the "Government could "be justified in "adopting the extreme "measure of placing "any such tract "under Police as "stated by Lieutenant "Nicholl without "even a Communi- "cation to the Re- "sident.-

Fort St. George 24th January 1853.

Extract from a letter from the Resident of Travancore and Cochin, dated 10th July, 1852.—No. 18.—

8. The disputed Boundary questions with Coimbatore have not yet been adjusted but one of these at Vaylum Turaium, and the other a little W. of Polachi being clearly within the Cochin limits as decided by the Committee in 1815, and the proceedings of which have been acknowledged by the Minutes of Consultation of 29th January 1852 No. 40 they will I hope be now readily conceded.-

9. The other Claim on the part of Coimbatore in regard to a Fort, tract near Annamallacherry is less defensible for it had never formed a matter of dispute, but had always been included in all the Maps that have been published belonging to the Cochin Sircar.-

10. I wished to have myself inspected the locality, but was unable to get up to Cochin at the time, but I deputed the Conservator of Forests Mr. Kohlhoff, and a Surveyor Mr. Anderson and several Natives in the Month of February last and I also addressed the Acting Collector Mr. Underwood about a fortnight before the time of the Rendezvous, begging him to send Confidential

Persons

Fort St. George 24th January 1853

persons to examine the ground in concert with the
11. Cochin authorities.—

Mr. Hohlhoff after giving
notice to Lieutenant Michael who is employed near
the Collectors of Coimbatore, near the Boundary in the
Company's Annamallay Forests, started with the
Surveyor and reached Annamalachery on the 29th
of February, a Copy of the Report of the Diwan
of Cochin, of Mr. Hohlhoff and of the Surveyor
Anderson together with an Original sketch of the
locality are herewith forwarded, and from which
the injustice of the claims on the part of Coimbatore
12 will I trust, be at once apparent.

The Sketch is an exact Copy from
the Government printed Maps, and it also corresponds
perfectly with the large survey by Captain Ward
in my Office. The only way in which it occurs to
me that the claim can have originated, and it has
only been started within the last 2 or 3 years is
that the Coimbatore Servants may have assumed
that Annamallachery is 2 or 3 Miles W. of the
position assigned to it on the Maps, but nothing
could well justify so wide a departure from
what has already been laid down as its position
by the Government Surveys, and every Slip of
which is so minutely indicated in the Memoirs
accompanying

Fort St. George 24th January 1853

accompanying the Survey and a reference to
which in the Shencotta District has already to
fully confirmed its accuracy.—

These petty Hill Villagers frequent
13. by shift their locality, and such may have been
the Case here, but that will not warrant a
deviation from the previously established
boundaries.

No authorized servants on the
14. part of Coimbatore having appeared, although
there were several Coimbatore ryots and Traders
present, Mr. Hohlhoff and the Surveyor after

four days research were obliged to return.—

On the 10th March only did I
15. receive a Communication from Mr. Underwood, together
with a letter from Lieutenant Michael, Copies
of which are enclosed.—

Lieutenant Michael is employed I
16. believe under the Collector of Coimbatore to
Superintend the Company's Forests of Annamalachery.
He passed 2 or 3 years ago from Cochin across the
Mountains to Annamalachery, as Major Cotton had
previously done, and by the same route that I did
myself, as reported in my letter No. 190 of 18th
August 1849.

The Annimali Forests are not
17. I believe

Fort St. George 24th. January 1853

I believe very accessible. Those of Cochin are so, and particularly convenient for transport by the Anjimalicherry Pass into Coimbatore, but it is very hard that such circumstances should have obliged both these Sircars to often to Contest their hitherto undisturbed rights. The Forests were in actual possession of Cochin, and no authority under the Government could be justified in adopting the extreme measure of placing any such tract under Zuffer as stated by Lieutenant Michael without even a Communication to the Resident.-

18.

Lieutenant Michael declares that Pulicadavoo is from his own knowledge of the "Forests far within" the Coimbatore limits and not "even on the disputed land," and he begs Mr. Underwood to point this out to the Resident, but Lieutenant Michael cannot possibly like the Resident and Cochin Sircar to be in possession of Records or Plans which could alone enable or justify him in forming any decided judgement on the subject. The Resident's mere opinion even has never been asked, but the Case attempted to be decided ex parte: now I have been Resident in these Countries for 11 years and must necessarily have acquired Considerably experience in regard to questions of boundary.

19.

A Copy of the Sketch of the Boundary

Fort St. George 24th. January 1853

as made by the Surveyor Anderson and Mr. Rohlhoff has been forwarded to the Collector of Coimbatore.-

20.

In regard to the smuggling of Pepper by Backwater into the Port of Cochin, as noticed in the Minutes of Consultation No. 14 of 12th. January 1852 para 3. I beg to be permitted to notice that the cession of Candle Island was not proposed by Mr. Conolly but by the Dewan of Cochin, Mr. Conolly merely giving his Concurrence.-

21.

The Smuggling I believe still continues, although I have not lately made enquiries on the subject, but in proof of my former Statement, that I did not Consider that the Cochin Police exerted themselves as much as they might have done in suppressing it, I may mention that Mr. Crawford the Travancore Commercial Agent in broad day light one morning on his arrival at Cochin, found three large Boats laden with Pepper alongside the wharf.-

22.

Mr. Conolly I observe proposes to place a line of Company's preventive Peons within the Sircar territories and round the small Sircar Port of Mallepooram, to

suppress

suppress some little evasion of duties which he thinks take place through the Port; a somewhat imprudent proposition, considering the Complaints that exist on the other side. The matter has however been referred for the explanation of the Dewan of Cochin.-

23. In regard to the Boundary dispute between Cochin and the Collectorate of Malabar adverted to in the above Minutes of Consultation para. 3 beg to submit that a Copy of the locality taken from Captain Arthur's Survey executed for the Committee of 1815, was forwarded to Mr. Conolly on the 5th. February last which I hope proved satisfactory.

24. This was the only locality on through the frontiers of Travancore and Cochin from Cape Comorin to Palghat where the printed Map differed from all the other recognized Government Surveys. The true boundary I have particularly explained in my Report to Government No. 9 of 28th. May 1851 para 18. It is the natural Boundary i.e the water shed dividing the two Countries the streams running dale E. and W. respectively,

a

a principle of boundary that has been universally adopted elsewhere and in accordance with the Survey of 1815, of which the Government have approved.-

25. It is but justice to Mr. Robinson of Palghaut to say that I have met with the greatest readiness on the part of that Gentleman to adjust all such disputes.-

From the Collector of Coimbatore.

Sir,

With reference to your letter of the 18th Instant I have the honor to transmit the Sketch Map of the Boundary received with that letter together with Copy of letter from Lieutenant Michael, whom I requested to mark off the place with reference to the claim of this District, the records of my Office not having afforded this information.-

Collector of Coimbatore.

Sir,

In reply to your letter of the 10th December giving Cover to a letter from the Board of Revenue, herewith returned, I have the honor to inform you that to the best of my Knowledge the true boundary line between the Cochin and Company's territories, as pointed out by the Hill people, runs along the dotted line marked in the Trigonometrical Survey Map which leaves the

the Sholayaur at a spot named Chorykul and runs north till it reaches the Moy=coona range and then turning westward is continued along that range till it reach=es the Sholayaur again / here called the Ooracomben / the river then becomes the boundary line tell its junction with the Vatecooly Poya after which the East banks of that river and the Nellian Poya form the boundary.

I regret that your letter did not reach me before I left the Forest=ments of the principal Hill people to go by, whereas, I have now to write from recollection, but knowing the loca=lities as I do I am almost sure that I have stated the line as defined by them correctly.

Proceedings thereon. 1. The boundary disputes refer=red to in Para 8 of the Resident's letter, 10th July 1852, have already been decided by the Govern=ment in accordance with the award made

dispute between Coimbatore, Malabar, and Cochin, recommend=ing that Captain Forsley be ap=pointed to en=quire into and define the limit near animali=chiry & stating that the Collector of Malabar will be called upon to report without delay on the in boundary dispute W of Murnurn=Kancherry. made by the Commissioners in 1815; but before confirming this decision they direct=ed that the Collector should be called upon to state "whether any obstacles not "then known to the Government, have since "arisen to interfere with that decision being "forthwith acted upon."

2. The Collector now reports that none such exist, but that from certain papers, Copies of which are furnished, it would appear that "the tract in dispute is undoubtedly within the Coimbatore limits."

3. The Government having declared that further reference was not required "as to the correctness or merits of the Commissioners' decision," the disputes at Veylum Tavelum & near Poolachy may be at once settled by the Confirmation by Government of the award of the Com=missioners.

4. The only limit now not de=fined is that near Animali chairy.

5. The proofs brought forward by the Cochin Circar in regard to this portion of territory are actual & undisturbed possession from time immemorial 2. that the line formed no matter of dispute before

Fort St. George 24th January 1853.

before the Committee of 1815. & 32d. that it is laid down as belonging to Cochin in the Government Survey Map as well as the original Surveys by Captains Arthur and Ward in the Resident's Office.

6. The arguments on the side of Coimbatore are 1st. perpetual enjoyment, 2d. the Evidence of all the Traders or Hill people, and also of the residents of the low country who are conversant with the Hills, as well as testimoney given in 1824. without reference to this dispute. 3d. The fact that the Coimbatore Hill renters have hitherto unmolestedly collected the Hill products over the disputed tract. 4th. the existence of a dotted line in the Map, which shews that a doubtful boundary has existed from the first.

7. The sketch Map was returned to the Collector in order that the boundary as claimed by Coimbatore might be defined. This is now stated to extend along the Royacoona range to the Shoreyaur, then along the east banks of the Vetycoly & Inyem Poyals.

8. Possession of the tract appears in favor of Coimbatore, supported both by local tradition and the testimony of the present inhabitants; the claims on the part of Cochin rests more prominently upon the Trigonomitrical Map and memoir having given the territory to that State.

The general accuracy of this Map has been established and referred to in the boundary disputes with the Coolungode Numbidy, and between Tinnevelly and Travancore, and in a reference which the Board have made to the Memoir of Capt. Ward while employed on the Survey, they are unable to find any mention of a dispute as to boundary in the locality now in question, though the Memoir notices a dispute regarding the line marked in the Map as "disputed" below Neeinary.

10. Under this circumstance the Board would have at once recommended the surrender of the claims preferred on behalf of Government, but a dotted line occurring along the Royacoona range, and this line running west into the Shareyaur, called at that spot the Oravacumben, and defining the boundary as claimed by Coimbatore, is in the opinion of the Board too remarkable a coincidence to be slightly passed over.

11. It shews that the boundary did once run along that range though for what reason afterwards diverted is not clear; but as its existence gives much countenance to the claims as put forward by the Coimbatore authorities

authorities, supported as it is by professi=
=sion, by local testimony, & by the opinion
of Lieutt. Michael, who from an intimate
knowledge of the locality may be considered
to possess peculiar advantages for arriving
at a right conclusion, the Board would sug=
=gest that the dispute be referred to the
decision of a single individual in the
confidence of both Governments. Captain
Horsley appears to the Board a fit pers=
=son for this duty, & he might proceed to
the spot in June next when the season
opens on these Hills. In the event of
his being unable to determine that the
whole of the disputed tracts belongs to
either party he might be empowered to fix
on a new boundary assigning a portion to each.—

12. The Collector of Malabar reports that there exists, as regards his District, no objection to carrying out the award of the Commissioners in 1815 and since the President has forwarded to him the Map required for the better consideration of the boundary dispute W of Murrau Kancherry Mr. Conally will now be called upon to submit without delay his report upon that question.

Sir,

I have the honor with refer=

of the 13th instant to forward an application in the
prescribed form for the permanent charges
proposed to be incurred on account of the
Salt Department.—

In regard to the Emore Car=

to remove the present incumbent who is
found to be disqualified for the situation
both from old age, and the irregularity in
which his accounts are kept, but as the fa=
=mily could not be deprived of their Meraſsi I
proposed that they should receive a reſsoom of 30 Rupees
per annum. This arrangement would place the Emore
Carnum in the same position as the other Servants
at the Cutcherry, and I have thought it advisable that
he should enjoy the same rate of Salary as the Alliput
Carnum Viz.t 10 p.r Ct. The additional expense thus in=

of the Exctra Sources of Revenue for Fusly 1261.

B. No. 194

The Settlement resulted in

a decrease of 18223 Rupees as compared with

1260 —	65445.0
1261 —	60822.7
Decrease —	4822.3

that of the previous year.

Reviewing the Report on the Exctra Sources of Revenue for Fusly 1261 in the Bellary District requesting permission for writing off certain items in the accounts

It occurred principally in

Abkarry and Stamps. In the former from the less amount of rent offered for the Contract, in consequence of the supposed loss in the previous year's speculation, in the latter, from the Collections of the previous year under this head having been swelled by the credit to them of 24704 Rupees the amount embezzled by the late Stamp Darogah and recovered from his Estate. The actual Stamp revenue for the year under review, gives an increase over that of its predecessor of Rupees 2703—

Abkarry

1260	308985
1261	286916
Dec	22069

Stamps

1260	45471
1261	23470
Dec.	22001

1260	20769
1261	23470
Increase	2703

3.

The Collections of Moturpha shew a falling off of Rupees 3741—

1260	27,183.
1261	23442
Decrease	3741.

The Veesabody Tax realized

4

408929 Rupees, being below the Jumma

of

of Fusly 1260 by 1284 Rupees, and the quin-
-quennial Estimate by Rupees 2971—

1260—163970
1261—161513
2457

5. The Baghya Vessabady also gives a decrease of 2457 Rupees. In consequence of the losses occasioned by the storm of May 1851 remissions were found necessary under both heads of Moturpha to the amount of 2857 Rupees—

6. The Settlement under small Farms and Licenses amounted to 19367 giving a decrease of 330 Rupees chiefly under the head of Fisheries, owing to the damage sustained by the Tanks rented for this purpose by the storm in 1851—

7. With reference to the Collector's remarks in Para 16 the Board think that the River Toll revenue being of considera-ble amount (7352 Rs.) should be taken from the head of Extra Collections and credited to that of Farms and Licenses—

8. The arrears for the previous Fusly have been collected with the ex-
-ception of 719 Rupees of this sum 620 Rupees

Rupees belongs to Moturpha, and 99 to Abkarry— In the former amount 582—6—1 is declared irrecoverable and of the latter 90— Rupees appears to have been incorrectly entered in the accounts Under these circum-stances the Board request permission for writing off these two sums making an aggregate of Rupees 672—6—1—

9. The Collections of the Current Demand were 599585 leaving a balance of 6611 Rupees at the expiration of the Fusly Inclusive of Extra Collections and arrears the revenue of the year amounted to 64670 from whence deducting charges (6784 Rs.) a net Balance remains of 64088 Rupees—

Ordered that a Copy of the foregoing Extract with the annexed Compar-ative Statement of the Collections, Charges and Net Revenue be submitted to Govern-ment and transcript of the same be furnished to the Collector of Bellary—

2.	Goomastahs at 17	34 — " — "
1	Goomastah	10 — " — "
		146 — " — "

the alterations was not shewn in the Fusly war Moyenzabitah, but was duly entered in those submitted to your Office for the Official years 1842, 3, 4, 5, 6, 7 & 8.

On the 13th of February 1850 another change as follows was made by the Collector.

1	Head Goomastah	31 — " — "
1	Ditto	25 — " — "
2.	Goomastahs at 21	42 — " — "
2	Ditto at 17	34 — " — "
1	Ditto	14 — " — "
		146 — " — "

and was duly entered in the Moyenzabitahs for Fusly 1259 and that for the Official year 1849.

Another change was made on the 22d of March 1851, when the Acting Collector organized the establishment as follows.—

1 Head

1 Head Goomastah ——— 35 " —
1 —— Ditto ——— 25 " —
2 Goomastah at 21 ——— 42 " —
2 —— Ditto at 17 ——— 34 " —
1 —— Ditto ——— 10 " —
146 " —

and entries were made accordingly in the Moyen Zabitah for fusly 1260, and in those for the Official years 1850 and 51.

On the 27th June 1849 the pay of the Persian Moonshee was reduced from 40 to 30 Rupees a month, and the surplus given to the Magistrate Moonshee, an arrangement which was cancelled in August last.

The change was entered in the Moyen Zabitahs for fusles 1259 and 60, and in those for the Official years 1849–50 and 51.

On the 3d April 1840 a Marramut Goomastah on Rupees 18 was sanctioned, and on the 7th of September 1848, two persons, each on a monthly salary of 9 Rupees were appointed to do the duty, this alteration was entered in the Moyenzabitahs for fusles 1259 and 1260 and in those for the Official

Official years 1848–49–50 & 51.

Nine Writers have been sanctioned for the Collector's Office exclusive of the head writer on the following salaries.—

1 Writers ——— 35 " — "
3 Do at 30 ——— 90 " — "
1 Do ——— 25 " — "
4 —— Do at 20 ——— 80 " — "

and the Establishment was thus altered by the Collector on the 28th of January 1843.—

1 Writer ——— 35 " — "
2 Ditto at 30 ——— 60 " — "
1 Ditto ——— 25 " — "
5 Ditto at 20 ——— 100 " — "
1 Ditto ——— 10 " — "
230 " — "

the change being entered in the Moyenzabitahs for the Official years 1842–3–4–5–6–7 & 8.—

Another change was made on the 13th of February 1850 as follows.

1 Writer ——— 35 " — "
1 Ditto ——— 30 " — "
1 Ditto ——— 28 " — "
1 Ditto ——— 22 " — "
4 Ditto at 20 ——— 80 " — "
1 Ditto ——— 15 " — "
2 Ditto at 10 ——— 20 " — "
230 " — "

Fort St. George 24th January 1853

and was entered in the Moyenzabitahs for fusles 1259 and 60, and in those for the official years 1849-50 & 51.

No sanction appears to have been obtained for the alterations at the time they were made and the tacit acceptance of the Moyenzabitahs for several successive years, would seem to have been considered as implying the approval of the Audit Office.

To the Chief Secretary to Government ... }

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Acting Sub Collector in charge of Cuddapah dated 28th December 1852 forwarding copies of correspondence between the Civil Auditor, and the Collector of the District respecting certain alterations in the authorized Moyenzabitah.

Inbons 24th January 1853.

2. The alterations as shewn in Mr. Forbes's letter of the 27th October 1852 date from December 1842 and appear to have been admitted by the Audit Office up to Fasly 1258 though it must be here observed that in the remarks of the Civil auditor it is explained respecting the admission of these modifications for previous years that in the Revenue Moyenzabitah these alterations were not entered and in consequence of this omission did not come under observation until the accounts for Fasly 1259 were audited.

3. The Board observe that the various alterations made by the Collectors were irregular, and should not have been made without first obtaining the sanction of Government as required by the order published at page 450 of the official Gazette for 1838 but as the arrangements embrace a period of several years, and as a return to the original order of the Establishment would now, it is stated, be productive of inconvenience and probably impair its efficiency, they beg to recommend that the Civil Auditor be authorized to admit the charges as they appear in the accounts of the District for Fasly 1259 and 1260 and the Acting Sub Collector in charge will be directed to submit an application in the prescribed form, in views to the sanction of the Government of India being obtained for the modifications in future.

From the Coll. of Chingleput
Reporting on the inexpediency of nominating Uncovenanted Servants to the Offices of Deputy Collectors and Deputy Magistrates but proposing a revision of the Native Establishment.
24th January 1853

Sir,

I have the honor to reply to Extract from the Proceedings of the Board of Revenue dated 28th October 1852, ordering the circulation to all Collectors of Copy of Extract from the Minutes of Consultation, and requiring them to report on the expediency of having the Regulations and Acts referred to extended to the Madras Presidency

I beg to express my opinion against the measure of nominating uncovenanted Servants to the appointments of Deputy Collectors and Deputy Magistrates as one not only inapplicable to the System of this Presidency but which the exigencies of the Service do not seem to render indispensable or even expedient. The extension of the Enactments in question, cannot but have the tendency of materially affecting the graduated scale in which Covenanted Servants are trained for the higher appointments of Collectors and Magistrates, a System of training which could not be departed from without impairing the efficiency of the Covenanted Service, while on other considerations I am not inclined to think that the introduction of the measure would be attended with beneficial results. Education has already done much towards removing the

Fort St. George 24th January 1853.

serious defect of moral character among Natives but the period has not yet arrived for exempting them as a body from the check of vigilant European Superintendance, though of course there are doubtlessly some exceptions

It may not be here out of place to express my opinion that the Salaries of Native Officers holding responsible situations, are inadequate to ensure the efficient and honest performance of their duties and that a material improvement in the local administration of the affairs of the country, Revenue and Police would follow, were the higher branches of the Native Establishment placed on a better footing in point of emoluments.

Fort St. George.

Sir,

Adverting to your Board's requisi-
tion of date the 3d May last, relative to the actual
practice in cutting timber at Coopanuttum or elsewhere
in the Salem District.

I have the honor to state that no

2. uniform system appears to have prevailed in
this Collectorate.

From the period when the per-

3. manent Settlement was introduced, up to the
present time, it has been usual to farm, for an annual
rent, certain tracts in the most Southern Talooks

of

of the District, of which the principal produce is Bamboos. Timber of sizes and kinds is also grown there, and would seem to have been felled unrestrictedly, the tax levied by the renter of the Tasly, being at the rate of so much for every cooly, donkey, pony, bullock or bandy load of wood which may be brought from the jungly into the open parts of the country.

4. Similar arrangements have obtained and now obtain, in respect of the extensive tracts of forest which lie on the South West boundary of the Denkenicotta Talook. The principal mart for the wood, beams, rafters and bamboos cut in this angle of the District, is at Bangalore, whither bandy loads are daily seen to proceed.

5. I do not however find that any return has ever yet been drawn by the Government officers from the timber growing on the Hills in the direction of Coopoomuttum, nor can I trace any satisfactory reason why, when the woody tracts in two parts of the District were rented those of equal value in other parts should not have been similarly treated.

6. The right in both is vested in the Government and the arrangment affecting the one might, with equal justice, have been applied to the other. It seems not to have been "mamool", and thus matters have stood for the past half century.

7. Offers have been made to me for the

rent of the wooded tracts close to Salem, for the more productive and valuable ones lying East of the Tengaracotta Talook, along the range of Hill bordering the South Arcot District, and I have no doubt that parties may be found willing also to take those which are in the vicinity and in the direction of Coopamuttum.—

8. The sums at which it has been proposed to me to take these rents are, however, extremely small and very far below what I am inclined to believe is their real value. Such would not be the case after one or two years renting, when the probable extent of the renter's profits had been guessed at or ascertained.—

9. The great drawback to a system of rent is the knowledge that nothing is done to replace by Seedlings or other means, what is so yearly cut down.

10. The keeping these tracts under "Amany" is open to very serious objections, because no possible arrangements or precautions can save the poorer classes of people and others who resort to the jungles, from being victimized by the petty subordinates whom it would be necessary to employ to collect the Government dues, a very small portion of which would in the end find its way into the Talook Treasury.— Under the "Amany" system, too, there would be the objection that whatever quantity of timber might be cut and carried away, no means could effectually be applied for causing a corresponding reproduction. In either case, however

Fort St. George 24th January 1853.

however, it may be doubted whether natural vegitation may not sufficiently supply what is periodically removed; for the jungly areas of the District, are, as your Board must be aware, apparently inexhaustible under such ordinary demands as have hitherto been known to exist.

11. All things considered, I am of opinion that the wooded tracts not yet rented should now be made over to any one offering a reasonable sum for privileges such as are enjoyed by the renters of the Denkanacotta and other jungles, by which measure a check however imperfect, will be given to the system of felling and carrying off what clearly is the property of the State.

12. It seems necessary I should mention, that in so far as regards the jungles above Coopanuttum, neither a system of rent or Amany check will be found to answer, unless a similar check be enforced under a corresponding arrangement beyond the Salem boundary in the contiguous tracts of the North Arcot District. Pending the receipt of your Board's final instructions, I have required the Tahsildars of the divisions where there are no rents, not to permit timber to be filled for any purposes whatever, except it be connected with its domestic or agricultural use by the cultivating classes.

Extract

Fort St. George 24th January 1853.

No 2.

Extract from the Diary of Captain Collyer Civil Engineer 4th Division for the Month of February 1852.

I have several times when coming from Vellore to Arnee, Caneambady &c. been astonished at the great trade in wood consisting of Teak, Vengai, Acbah, Margosa and Cutwarce, the latter used for making bandies and Murdemarum for doors and at Poloor this evening I found upwards of 40 bandy loads, I find that formerly there was much wood of this kind to be got at Puddevadoo, in this District, for which a rent of 600 or 700 Rupees a year was paid, but that those jungles are exhausted, the wood is procured now from Coopanuttum, in Salem, of which jungles 3/4 are cut down, they now go to Chunkaree also in Salem, and are commencing upon the jungles there, the Tahsildar of Poloor tells me, that there are some 100 or 200 bandies a month going with wood towards Vellore and Arnee, that the wood is bought from Wudders who cut it in the jungle, and that the price of a Bandy of wood is about 2½ Rupees, that a bandy load consists of 1 large beam or say 14 feet by 2 feet by 1 foot or about those dimensions or of smaller pieces up to 10 or 12. pieces of the size for bresummers. I cannot suppose that I am rightly informed when told that there is no let or hindrance to cutting all this fine wood, and that they cut down that

Fort St. George 24th January 1853.

what they please and where they please and pay nothing— the Merchants of Vellore and Arcot certainly deriving a profitable trade for a piece of Vengai costing them 2½ Rupees and at the out side 3 Rupees carriages, fetches at Vellore some 21 Rupees, Vengai for building purposes is as valuable as teak.—

It is said there are 90,000 bandies employed exclusively in trade in the Presidency; now if every bandy paid a moderate license of 2 Rupees a year and that sum was fairly apportioned to the divisions for the improvement of District roads, it would be great thing for the country at large and not after all materially increase the price to the consumer; for instance by improving the road between Wandewash and Cangeveram the journey is reduced from 4 to 2 days and the price of the Articles consequently by the value of the hire of a Cart for two days.—

Read letter under date the 14th December 1852 from the Acting Civil Judge of Salem.-

The Court of Sudr Udalut authorize the Acting Civil Judge to quash the proceedings in the suit referred to in the foregoing letter, and to permit the party by whom the suit was instituted, to prefer an appeal within 15 days from the decree passed in Original Suit No. 664 of 1847 on the file of the District Moonsiff of Nistraghorn, the first of the above mentioned suits having been illegally instituted in consequence of a mistaken translation of an order passed by the late Acting Civil Judge.-

observe that the practice which appears to have obtained in the Salem Court of remanding suits for reinvestigation upon the merits on a summary appeal Petition is certainly irregular and should be discontinued.-

B- No 125 Sir,

From the Collector of Tanjore - - - - } Reporting of the progress made by the Curnums recently employed in Copying Pymash accounts and recommending an increase in the number of hands.-

I have the honor to acknowledge the receipt of your letter of the 15th November 1852 calling for a report of the progress made in copying the Pymash accounts of this District, and in reply to state that of the aggregate numbers 27,12,133- comprising the account of 646 Villages to be copied, those of 421 Villages in Sheally consisting of 118595- numbers have been copied, as well as 25569 numbers in 57 Villages of Keevalore, the remainder being under progress.-

Of the 180 Curnums newly nominated, 127 were distributed among the various Talooks and Huzzoor Cutcherry, 53 only

only being employed for copying the Survey accounts, and it has been found necessary to reduce this number by taking away 30 to assist in the preparation of the Summa-bundy accounts for 1262. So that the completion of the accounts cannot be expected for many years, even if the original number of hands be constantly occupied in copying. I would therefore strongly urge upon the Board the advisableity of increasing the number of copyists largely, as well as adding to their payments, as the present rate 6 Rupees per month is insufficient for the services required from proper copyists and examiners, and to meet the required expenditure. I think the surplus of Rupees +3.650- in deposit up to Fasly year 1261 appertaining to the Curnums and Nattu Curnums might without objection be applied to the above purpose, as the deputation of Curnums from their revenue duties cannot be resorted to without detriment to the public service in its most important branch.-

The Collections on account of Salt were Rupees 421884 - 4 - 10 or Rupees 93484 - 3 - 2 below that of Fusly 1260, and this decrease was caused by the stoppage of the Inland Sales from the Month of October 1851 to March 1852 in consequence of the short supply in store the stock stored at the commencement of the Fusly Viz.t 1259 Garces, to meet the demand for the year, was 894 Garces below that of the preceding one - as the storm of May 1851 destroyed the Salt pans and entirely interrupted the manufacture of the article from that date to February 1852.

3. A reference to the Statement appended to para 3 of the Collectors report shews that the loss sustained by the above cessation taking the Inland Sales of the previous year for the same period as a guide was Rupees 145722 this it is satisfactory to observe that by resuming the manufacture with much activity in the month of February and considerably extending the Number of Pans the amount has been reduced to Rupees 93484.

4. The largest Expenditure during the year were for Bangalore and Mysore

5. The demand under this branch of

of Revenue was Rupees 51,5144 - 12 - 4 or Rupees 7244 - 9 - 6 in excess of the previous year and appears chiefly under Columboo Arrack and Toddy - The Collector reports that the working of this department is in a state of improvement, and adduces in support of it the increased Collections which up to the date of the Report was Rupees 14,260 above those of the past year at the same period.

6. The Board trust shortly to hear that Act XIX of 1852, for the protection of the Madras Abkarry has had the effect of still further improving this branch of revenue

Sayer Small Farms and Licences & Stamps.

7. In Sayer there was an increase of Rupees 37 - 7 - 7 and in Small Farms and Licences and stamps a decrease of Rupees 655 - 3 - 2 and Rupees 917 - 15 - 6 respectively which call for no remark.

8. The subject of Weights and Measures alluded to in the concluding part of para 18 of the report has been submitted by the Board for the consideration of Government.

Cochrane's Canal.

9. The revenue derived from Cochrane's Canal Amounted to Rupees 26125 - 12 - 5 and appears to be principally on

on account of the toll levied on Firewood and Shells. In the accounts for the fusly under review the toll on account of Salt passing through the Canal is omitted under instructions from the Accountant General, the Collections for Fusly 1261 are therefore by Rupees 6589-15-3 below that of Fusly 1260 Deducting however this item from the latter years accounts there is an actual increase of Rupees 3275-13-" in Fusly 1261.

10. The aggregate receipts for the year, from all the sources of Extra revenue amounted to Rupees 1013,637-14-8 from which the charges Viz. 6 Rupees 137748-5-" being deducted there remained a net revenue of

of Rupees 875889-9-8 or Rupees 73844-8-8 below that of Fusly 1260.

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government and a transcript of the same be furnished to the Collector of Madras.

careless ness she however immediately made good the whole deficiency.

3. The Board called upon Mr. Ellis to report how far the Servt. stated as could be exonerated from neglect of duty with reference to the Board's Circular orders on the subject of Stamps, the explanation offered in reply was such that they considered it sufficient on this occasion to warn the Servt. as of the consequences if an occurrence of this nature should be brought to their notice again.

4. With respect to the Stamp Vender the Board considered it unnecessary for the ends of justice to put him on his trial under Act XIII of 1850 they therefore directed his dismissal from his situation.

5. The Board would recommend that the following Notification declaring Partasarady Chetty incapacitated for further Public employment be published in the Fort St. George Gazette.

Notification

Fort St. George January 1853.

The Right Honorable the Governor in Council directs that C. Partasarady Chetty who has been dismissed from his situation of Stamp Darogah of the Madras Collectorate be not re-employed in the Public Service in any Capacity whatever.

B. No. 246

From the Collector of Chingleput. — Reporting on the heavy balances due by the Akkarry renter and proposing to attach the farm —

Sir.

I have the honor to bring to the notice of the Board of Revenue that Mr. Kenrick the Akkarry Renter of this District has fallen heavily in arrears, his present liability exceeding the amount deposited by him as security by about Rupees 3500 besides the Rent of the current month which will accrue due on the 31st Instant. He has always been in arrears since the Commencement of his Contract but in reference to his respectability I have hitherto considered that same indulgence might in all propriety be shewn to him in hopes that such might be the means of his surmounting the difficulties into which, as a Party newly entering on an undertaking of the nature it was to be expected he would at first

get

Fort St. George — January 1853

get involved. I have nevertheless clearly and distinctly pointed out to him in repeated Communications the necessity of his being more punctual in his payments & of his not taking Credit to himself for the amount deposited by him as security, & should have here this brought the subject to the notice of the Board had it not been for the assurance I had received from him of his being more punctual & for his promise of making a large remittance. Mr. Henrick I feel satisfied is anxious to do all in his power to meet his engagements but to whatever causes his having failed in this respect may be assignable. I cannot therefore take upon myself the responsibility of recommending that further indulgence be granted to him. I beg therefore to request the early instructions of the Board on the subject.

I propose to attack the Farm on the 27th Instant if no instructions are received from the Board before that date, should Mr. Henrick however adopt the necessary measures for discharging the balance, no objections will

will exist to his reassuming charge of the Farm.

1 The demand on account of the Extra sources of Revenue in the District of North Arcot for Fusly 1261, amounted to Rupees 199452, and exhibited a decrease of Rupees 5140 in comparison with that of the previous year.—

2 The Collections within the Fusly were Rupees 151256, and subsequently Rupees 42149 leaving a balance of Rupees 6045—7—8, of this sum Rupees 5000 are the remission due to the Abkary Renter on account of the Removal of a Cavalry Regiment from Ranespett—Including Extra Collections and arrears the gross amount realized within the year

was Rupees 199235, from which charges Rupees 3819 being deducted, there remained a net revenue of Rupees 195415— or Rupees 12775 above that of Fusly 1260— This increase is due entirely to a large increase Rupees 36920 in the Collections of arrears.

3. The Right Honorable the Governor in Council sanctions the remission of Rupees 5000 to the Abkarry Renter on account of the removal of a Cavalry Regiment from Ranespet, and grants authority for the demand Rupees 164—9 Sixty four and pice nine on account of a tax imposed on certain Washermen and Shepherds of the Amoor Division being for the present suspended pending the disposal of the whole Moturpha question He also grants authority for writing off Rupees 15—11—1 five Annas Eleven and pice one, part of the outstanding arrears for Fusly 1260 reported to be irrecoverable, and Rupees 12—4—0 two and Annas four the Value of Stamps, Paper Stolen on its way to the Huzzoor Treasury—

Village of Poolia-ary for the Tra-vancore Village of Mullancolum sanctioning certain arrange-ments calling for information and stating that the Board's re-presentation about a know-ledge of survey being required from every civil servant will be laid before the Court of Directors

in Council approves of the Zubtee lands having been made over to the Travancore Authorities and of the exchange of the Company's Village of Poolia-ry for the Travancore Village of Mullancolum having been carried out.—

2. The Collections realized from the Zubtee lands during their retention by this Government calculated to the date of transfer or the end of the past Fusly are shewn to amount to Rupees 140626-7-1—On the other hand, this Government would appear to have a claim upon the Travancore Sircar for Rupees 8270-12-5 for arrears of quit rent due on certain Pagoda lands in the Courtallam Village of the Tinnevelly District. The Collector will be directed to Communicate further with the Resident on the subject of this Claim. Meanwhile, sanction is granted for the immediate payment to the Travancore Government of the Zubtee Collections less the above amount which will be held in deposit the amount so disbursed being Rupees 132355-10-6 / One lac, thirty two thousand three

three hundred and fifty five annas ten and Pice Six—In the event of the claim above adverted to being admitted by the Travancore Authorities, the Board will state whether the Money should as sug-gested by the Collector, be treated as part of the Devastanum surplus Funds under the orders of 8th April 1846 and if so, on what objects of public utility it should be expended.—

3. The Governor in Council agrees with the Board of Revenue that it is desirable that the entire line of Boundary be-tween Tinnevelly and Travancore ac-cording to the Survey Map and Memoir should be laid down by a duly qualified Officer preparatory to the boundary stones being erected at the joint ex-pence of the two Governments. The Government however would have much difficulty at present in providing an Officer for this duty but they resolve to apply thro the Political Department to the Resident of Travancore to ascer-tain whether the services of his Assist-ant Captain Drury, who is understood to

to be fully competent to the task, or could be spared for the purpose—

4. The opinion expressed by the Board of Revenue in the Concluding para of their Secretary's letter that "a knowledge of Surveying to some "extent at least should form part "of the qualification of every Civil "Servant before he is allowed to "enter on official duties" will be brought to the notice of the Honorable the Court of Directors—

Reviewing their report on the Settlement of the Extra sources of Revenue in the district of South Arcot for Fusly 1261 and granting authority for writing off in the accounts the arrears of Mutupilla revenue for Fusly 1260 reported to be irrecoverable.

Extract from the Minutes of Consultation Revenue Department, Under date the 19th January, 1853.

Read the following Extract from the Proceedings of the Board of Revenue. Rec'd enter 16th December 1852 No. 516

The Settlement of the Extra sources of revenue in the District of South Arcot for Fusly 1261 Amounted to Rupees 5,7061 and was Rupees 528 above that of the preceding Fusly. With the exception of Sayer, Small cesses and Mutupilla the other items present a falling off. the only considerable fluctuations demanding notice are a decrease of Rupees 7,721 in Salt and an increase of Rupees 13,668 in Sayer. The former appears to have been owing entirely to the failure of the stock in hand, the manufactures, notwithstanding the exertions of the Collector, having been greatly contracted from the circumstances of the season. The sales for Home consumption were above those of Fusly 1260 in Rupees 13,297. but there were more than counterbalanced by the decrease in those for export by sea, and for Inland consumption Viz. Rupees 21,401.

The

2. The road to the Westward also is referred to in para 8 is under the consideration of Government and will be disposed of separately.

3. The increase of Rupees 13,888 in the Frontier Customs is attributed chiefly to the larger exports of Indigo and Piece Goods and to the increased vigilance of the Customs Servants.

4. Under the circumstances represented by the Collector in para 17 of his report and agreeably to the recommendation of the Board of Revenue the Government authorize the abolition of the Chankerent in South Arcot.

5. Of the demand the Collections within the Fasly amounted to Rupees 4,70,531-8-2 and subsequently Rupees 30,45 leaving the small sum of Rupees 58 outstanding which is in course of recovery. Including Extra items and arrears the gross collections Amounted to Rupees 4,93,811, the charges Rupees 23,582 being deducted, the net revenue Rupees 4,41,232 was Rupees 2,086 above that of Fasly 1260.

6. The Right Honorable the Governor in Council grants authority for writing

writing off in the accounts of the South Arcot District the arrear of Moturpha revenue for Fasly 1260 reported to be irrecoverable, Viz. Rupees (5-8-8) five, annas eight and Pies eight.

preparation of his future returns and he is requested to forward as Mem: shewing the Land revenue Sewy Summa and Extra revenue Sewy Summa separately in order that the accounts of July 1262 already sent to this office may be rectified. The Marine receipts entered in Enclosure 1 of the foregoing Demand Collection and Balance sheets seem to belong to the Sewy Summa revenue, if so, they should be classed under the head of Extra Revenue Sewy Summa.

2. In the foot-note of para 3 to Statement No 1 of the Demand Collection Balance return for August 1862 it would appear that a sum of Rupees 4019-5-9 on account of Commission on private Estates Dr. for July 1262 has been entered under the head of Sewy Summa arrears at the beginning of July 1202. In order that the Demand Collection Balance Statements subsequent to July may correspond with the Statement of that Month Mr Onslow is requested to include items of the above description for the future with the current demand. a remark to that effect being made in the Demand Collection Balance Statements.

Report on the bearing of the selling prices of his District on the people and rents in reply to Board's Proceedings dated the 8th November -

Sir,

1. I have the honor to acknowledge the receipt of the Board's Circular of the 8th November last requiring me to report on certain points propounded therein relative to the bearing of the commutation rates on the condition of the people and if there are no commutation rates to give the selling prices -

As there is no commutation in this district I have the honor to submit two Statements shewing the average selling prices of the different kinds of grain produced here, the one extending over a period of 10 years from fusly 1236 to 1245, and the other for the last 10 years from fusly 1251 to 1260. The former Statement begins from fusly 1236 because that was the commencement of the great falling off in the Zemindary and Proprietary

Estates

Estates which reverted to Government, and the accounts for former fusles as far back as 1218 are recorded in your Office in the form prescribed by the Board's Circular of the 20th April 1817.-

3. With reference to para 2 I have to observe that for the 14 years between fusles 1240 and 1254 the condition of the ryots was severely affected by the fall of prices which resulted from the abolition of the Commercial factories in 1840, and they did not begin to rally from this shock till fusly 1254. From that year the seasons began to improve. French ships flocked to the port of Cocanada for cargoes of grain, the large expenditure on account of the public works afforded labor to thousands of the working classes, and the joint renting system acted as a stimulus to the industry of the ryots. As the lands have never been regularly surveyed and assessed in this district, that measure should be

adopted,

adopted, and an equitable assessment should be fixed on each field. In other districts a reduction in proportion to the fall of the prices would afford the ryots the relief which it seems to be in contemplation to extend to them.-

Sir,

From the Collector of Salem — Para. 1. In reply to your Board's order calling for a Statement shewing the prices of the Chief

Submitting a Statement of the prices of the Chief kinds of Grain grown in the Salem District during Fusly 1260 and reporting his inability to state the exctent of land on which they were sown.

To Board 21st Dect. 1852.

Chief kinds of Grain grown in the Salem Collectorate for Fusly 1260, with a rough estimate of the exctent of land on which it was sown, I have the honor to submit the required Statement of prices which it will be observed is a transcript of the one subjoined to paragraph 17 of my Summahbundy report for Fusly 1261.—

2.— In respect to the exctent on which the different species of Grain were sown in Fusly 1260; I have to represent, that as a fixed fieldwar assess-ment have been introduced and now obtains in this District, the accounts kept by the Village Officers have no reference to the various descriptions of produce raised on the soil during the year.

3.— It is, therefore, almost impracti-cable now to ascertain for a past period, even on a rough estimate, the exctent occupied by the culture of the principal Grains adverted to. Should it, however, be your Board's desire to receive for the ensuing fusly, an account of the kind now called for, I shall be prepared, on the receipt of instructions to that effect, to place myself in communication with the local Tahsildars in view to their pro-curing and retaining in an available form, such data as are now deficient in my records.—

Bd. No. 21.

From the Collector of South Arcot.... } Sir,

In reference to my letter of the 10th July last, I have the honor to state that the Chellumbrum Weavers finally received on their Mosurpha Puttahs and discharged the kists due by them. It is therefore now in my power to report on their application to be relieved from the payment of Devastanum item.-

Reports on the application of the Chellumbrum weavers to be relieved from the Devastanum item in their Mosurpha Puttahs.-

2. The anticipation expressed in the final para of my letter above alluded to has been realized, as the heads of the Caste on being questioned by me admit that they have no documents to produce, and that their Statement of the Devastanum item having been inserted in their Puttahs at the request of their forefathers as a Voluntary religious offering is founded on tradition only. There appears to me however reasons against the continuance of the present system which I shall proceed to detail.-

3. I would in the first place observe that the records do not show when or in what manner

manner the Davastanum charge was first inserted in the Chellumbrum Motorpha Puttahs. The Motorpha details appear to have been entered in the Pymaish accounts according to the rates which were then found existing without any particular enquiry and if the Davastanum payment was struck out the remaining Ain amount would still be higher than the Motorpha rates in other parts of the District. There is consequently ground for surmising that the Davastanum item may have originated under the native Government as a distinct charge instead of forming a part of the public revenue and the supposition is strengthened by its being entered as such in the Puttahs and public accounts and not as a portion of the Ain Motorpha given up by Government to the Devastanum. Another argument which tends to the same conclusion is that the Devastanum item has no professional bearing to the Ain rate but is an arbitrary amount differing much among the various classes of Motorpha payers.

Encls. No. 1 see also Pt. Colltrs letter to Board 12th June 1837 para 6 and the Motorpha rates forwarded with Collectors letter 25th August 1845

4. Under any circumstances therefore it would seem questionable with reference to the principle of non interference with the native religious

religious institutions, whether the amount should continue to be collected by the Officers of Government for the purpose of being made over to the Pagoda authorities, and additional reasons for abandoning the practice are to be found in the ill feeling which arises from the payment of this money to the Trustees in consequence of jealousies between them and the Desaiter or local Brahmins, in the differences which are connected with right and left hand quarrels as mentioned in my preceding letter and in the disputes which are liable to arise regarding the particular Devastanum purposes to which this money is to be applied.

5. But as any alteration in the Chellumbrum Motorpha Puttahs would cause discontent unless extended to all classes I enclose a Statement shewing the details of the Devastanum item and the professions and trades from which it is collected. The Net amount in the past year was Rupees 1,441-10-1 of which the principal portion is levied from the Weavers whose petition is now under report and I beg to bring to the favorable consideration of the

*Rupees 897-4-8

Board

Fort St. George 27th January 1853.

Board the expediency of striking out the Davastanum item from all these Motorpha or Puttahs and confining them hereafter to those sums which are collected on account of the public Treasury - In this case the different Castes would be left at liberty to make their own arrangements for raising offerings either for particular festivals or for the general use of the Pagodas

6. It is proper to explain that the first wish of the petitioners is that the Davastanum money should continue to be collected by the Government servants and the amount made over to them, in their character of heads of the Caste, for expenditure instead of being given to the Pagoda Trustees, but strong objections exist to such a course, which would excite further ill feeling and reflect discredit on the Trustees. As an alternative therefore the Weavers pray that the Devastanum item may be taken out of their Puttahs, and for the reasons above detailed it appears to me advisable that this course should be followed both with regard to them and the other Motorpha ryots who have petitioned me that the

the same orders which are passed in the case of the Weavers may be extended to them.-

Principal Coll.r to Board 12th June 1837 para 4.

7. As the course which I now recommend was argued against on a former occasion on the ground that it would lead to other claims for relief from the payment of Saluntrums Coval punnay and similar demands forming a portion of the public revenue. I beg to express an opinion that the two cases have too little analogy for such an apprehension to be well founded. The Saluntrums &c. adverted to by Mr. Dent represent a portion of the produce which was set apart with the consent of the Sircar for religious and charitable uses instead of being included in the accounts on which the land assessment was based. The Motorpha on the contrary is a personal tax fixed at the will of Government and liable under any circumstances to be modified at its pleasure. Moreover in this instance there seems doubt whether the Davastanum item really formed a portion of the public revenue, and I have already observed that if it is struck out of the Puttahs, the Chellumbrum Motorpha payers will still pay higher rates to Government than are levied in other parts

of

Fort St. George 27th January 1853.

of the District.-

8. In my preceding letter I mentioned that pending the decision of the Board the amount collected from the Weavers on account of the Davustamum Motunpha item would be placed in deposit. If the course recommended by me for ceasing to collect this money should be approved, I request authority for paying the sum thus kept in deposit to the Trustees, for although the Petitioners pray that it may be given to them as heads of the Caste for expenditure it seems proper that the money actually collected on account of the Dawustamum item should be made over to the Pagoda Trustees or returned to the individual payers.-

B. No. 220.

To the Chief Secretary to Government ...

Sir,

Submitting a letter from the Collr of South arcot and recommending that sanction be granted for the exclusion was proposed by him of the Devastanum Moturpha from the puttahs of the Chellumbrum Weavers leaving those interested to take their own arrangements.—

Coll: 23d Dec: 52 rec: 27th January 1853

I have the honor by desire of the Board of Revenue to submit for the orders of Government the accompanying letter from the Collector of South Arcot under date 23d December 1852.

2. The question raised comes more especially before the Board in a complaint from the weavers of Chellumbrum. The principal involved affects the interests of some other parties similarly situated, and the question as regards them may be disposed of together with the particular case under reference.

3. On the assumption of the District the Moturpha Puttahs of Chellumbrum were found to include the two distinct items of Ayen and Devastanum Moturpha, these were collected by the Government officers and made over, the former to the public Treasury the latter to the support of the Native religious institutions of the town.

H. Ll. 17th June in Cons 16th July 1837.

4. The weavers requested in 1837 that they might be relieved from the payment of the Devastanum rate, but the Board declined compliance on the ground that the amount had been entered in the Pymash accounts, and hitherto discharged.

Dissensions

Fort St. George 27th January 1853.

5 Dissensions having arisen between the weavers and the Trustees in charge of the Devastanums, the former again pressed their request asserting that the payment to the Pagoda was in the first instance a voluntary contribution and had been included in their Puttahs at their own request. This led to the Collectors present enquiry, which though proving the statements of Petitioners to be without foundation, seems to shew that the Devastanum Moturpha charged upon them and the other artizans and Shopkeepers of the Town had been entered apart from the Ayen Moturpha and had been appropriated to the support of the Pagodas in the time of the Native rule and had so continued.—

Encl. to Ltr from Collector 23d December 1852.

6. It amounted in Fusly 1261 to 1521 Rupees, and as it is contributed solely for Pagoda purposes, and forms no part of the public Revenue the Board request the sanction of Government for the exclusion, as proposed by the Collector, from the puttah, of the Devastanum Moturpha, leaving those interested to make their own arrangements. The Collections in Deposit referred to in Para 4 the Board will direct to be paid over to the Trustees.—

From the Collector

7th. Decr. 1852

Acknowledging the receipt of the Extract from the Boards Proceedings dated 25th. Ultimo and Solicits the Board's instructions thereon.

Sir,

I have had the honor to receive Extract from the Proceedings of the Board of Revenue, dated the 25th. Ultimo, and in Conformity therewith I beg to now bring to make publicly known to all the Ryots of the District the orders of the Honorable Court of Directors, and of this Government in respect of the liberal terms on which they may hold their lands Cultivated in future by means of wells Constructed at their own expense.-

2. There is a point however in these instructions upon which I have some doubt, and am therefore induced to make this reference and solicit your Boards sentiments and orders thereon.-

3. Almost the whole terms and Spirit of the Honorable Courts Orders, and your Boards Circular apply to wells dug and Constructed by the Ryot for raising Garden products on his Punjay fields. But in the first para. of your Boards Proceedings it is stated "the Ryot is to have the full benefit of their own improvements, the land "thus improved being subjected to no additional "assessment on that account." And the same General Concession is to be found in the 1st. and 4th. Paras. of the Court of Directors Letter.

The.

Fort St. George 27th. January 1853

The improvements contemplated would seem to be universal, and I wish to be informed whether the Construction of small tanks, or corn dams of Stone or Masonry across jungle streams running through a ryots land, and by which means he so improves his lands as to raise Rice Grain, are to be classed with wells, and no additional assessment demanded.-

4. My own opinion leads towards the liberal Construction of the present orders, and I cannot see any argument or reason for confining the Category of improvements to wells and Bargat. Many ryots in this District in the dry Talooks have Constructed small tanks at their own expense for growing Nunjey products on their Punjay Lands, for which they have invariably paid the enhanced rates.

B. No. 138.

From the Collector of Malabar.

Forwards a Bill for the erection of the Mullapooram Barracks - amounting to Rupees 4,226-13-2-

With reference to the Extract from the Proceedings of the Board of Revenue under date the 1st July 1852, I have the honor to forward a Bill for the erection of the Mullipooram Barracks amounting to - Rupees 4,226 - 13. 2. as P. For this sum there is a Barrack 254' by 60' a hospital 80' by 32¼' with the requisite out houses &c. -

2. The work Lieutenant Roberts - Considered the Cheapest he had ever seen. -

Mr. Collett was careful to make the disbursements as low as un: remitting attention could enable him. -

2. It was in intention the Government will remember, to surround the Barracks with a stone wall. but on a visit to Mullipooram some time

Fort de St. George 27th January 1853.

time ago the Officer in Command of the Detachment of the 94th strongly recommended that in place of a wall there should be a Palisading which he further desired to embrace the Hospital I was desirous to obtain the opinion of the Engineer on this point - and the more so that a succeeding Commanding Officer takes a different view and considers that the Barracks are sufficiently defensible as they are.—

There is a scarped rock it will be seen from the Plan at the rear and one side.—

4. Pending the arrival of Captain Ludlow I have thought it well to make arrangements for a supply of wood which can be made into Palisades if thought desirable, otherwise it may be sold without loss for other purposes.

Official Memorandum

With reference to the Extract from
the Proceedings of this Board of Revenue
dated 17th Instant and the papers therewith com-
=municated, the Acting Collector of Madras
has the honor to request the Secretary to the
Board of Revenue to furnish him with the
views of the Board upon the following points
connected with Mr. Campbell's appointment
there being no precedents in this Office by
which the position of an Uncovenanted
Assistant can be determined—

1 Whether Mr. Campbell is to be considered

considered as having been appointed by the
Board or by Government or whether as in the
case of Shoristadars he should receive a
Summud of appointment from the Collector—

2 Whether he is to draw his pay
on a separate Abstract in the form pre-
=scribed for the Covenanted Service, or whether
it should be included in the General Ab-
=stract of the Collector's Establishment

It is variously given in the papers referred to as follows.—
By Govt. of India "Superintendent of the Salt Revenue of the Collectorate of Madras."
By Govt. "Superintendent of the Madras Salt Revenue"
By the Board "Salt Superintendent at Madras."—

3. What is to be his exact—
Official designation—

4 What is to be the language
of communication between this Office—
and the Superintendent, English or Tamil,
if the former, should it be by Letter or
Official Memorandum—

5 Is he authorized to exercise the
power of fining Servants on the Salt—
Establishment or only to recommend such fines—

6. May he appoint or remove the
Peons or other inferior Servants—

Sir,

I am directed by the Board of Revenue to request you will be so good as to furnish them with early information on the following points.

1st What are the Jungles in your district from whence firewood can be procured and brought to the Coast or to Madras in the greatest quantities and with the least cost of carriage.

2d What are the names of the principal Villages near those Jungles.

3d Describe the boundaries of that portion of the Jungles which would be available and sufficient for the supply of Madras, it being desirable to get as much wood off as small an area as possible, in order to save carriage by Cooly or Bandy in the Jungle itself.

4 What is the cost of fuel, and what duties are levied on cutting or selling it.

5 The object being one connected with the conveyance of Materials to Madras and elsewhere by means of the Coast

canals

Fort St George 27th January 1853

Canals to be constructed, observations are requested respecting the roads from the Jungles to the coast, and upon the nature of the soil near the coast, in order that it may be ascertained whether excavation are likely to be expensive or not.

2 The Board will feel obliged by your favoring them with as early a reply as possible.

of Revenue.—

(Here enter 23d. December 1852 No. 521)

Under the circumstances represented the Right Honorable the Governor in Council directs that Ayeezoonissah be considered to have forfeited her Service Yeomiah in North Arcot from the 12th October 1851, the date on which her leave of absence to Mecca expired—and that the Yeomiah be renewed in the name of Syed Ahmed the great grandson of the 2d. Daughter of the Original Grantee to be held by him till further orders. The arrears due to the Nabob will be disbursed to him for the period during which he performed the services.—

From the Secretary to Government

Communicating Extract from Minutes of Consultation in the Political Department with a view to instructions being issued to the Acting Collector of North Arcot for discontinuing the payment of the Share of Yeomiah heretofore drawn by Abbass Hoosain Khan

No. 79.

Extract from the Minutes of Consultation Revenue Department Under date the 21st January 1853.—

Read the following.—

No. 420.

Extract from the Minutes of Consultation Political Department Dated 21st December 1852.—

Read the following Letter from the Government Agent at Chepauk.

Received 16th Octr. 1852 No. 1161

It appears from the Civil Auditor's

Fort St. George 31st January 1853

Auditor's Memorandum of the 17th ultimo that the Yeomiahs disbursed to the parties named in the Margin from the Treasury of the Collector of North Arcot, have hitherto been passed by his Office under the Orders of Government 4th May 1841 No. 620 in the Revenue Department. That Order it is observed, merely authorized, upon the application of the Board of Revenue, the transfer of the payment from Madras to the North Arcot District and did not even specify the allowances payable to the incumbents—it was therefore contrary to Rule and to the Orders of Government and the Honorable the Court of Directors, to have admitted the disbursements in this case for which the Audit Office had not the express sanction of Government.—

Abbass Hoosain Khan Pomitroal Fatimah alias Fatimah Sahibah Khyroon Nissah—

From Bd. of Revenue 22d. April 1841 No. 771

Para 9 of the Audit Regulations 6th January 1841

Ext. Inm. of Cons. 7th January 1847 Rev. & Dept. No. 28 Para 4. Para 16 of Honble Courts Despatch 1st July 1845 No. 8 Communicated to the Audit Office 20th October 1846

2. It also appears on reference to the Extract from the Register of Yeomiahs furnished to the Government Agent at Chepauk with the letter of the Acting Collector of North Arcot dated 29th September 1852. No. 260 that the Service Yeomiah granted under the Sunnud of the Nawaab Wallajah and now held by Abbass Hoosain Khan was disbursed from the Madras Treasury under an order of the Collector dated 15th March 1811. and that the Subsistence Yeomiah, which is enjoyed in equal Shares by the individual and his two Sisters

† Rupees 14-12-11 per Measum as Khatcha of the Mujid al Wallajapett in Caumary pauk Talook

† 14-38 1/4 per Measum

sisters above named, was continued to them as the heirs of the daughter of the original grantee Kaleeloo Rhyman, by an Order of the Collector of Madras dated 31st July 1829. This latter allowance originally amounted to Rupees 240 per annum but on the death of Kaleeloo Rhyman it was renewed at the reduced rate of Rs 227-11-6 in favor of his daughter Camaroonsahebah and at her death it was again reduced to Rs 170-12-6 per annum at which rate it has been disbursed to the present incumbents from the year 1829.

3. The Governor in Council moreover observes from the Agent's letter above recorded that in addition to the Yeomiahs, the parties are in the joint receipt of a monthly pension of 20 Rupees which was granted to them as the Children of Ahsun Ollee Khan, a Carnatic Stipendiary. This pension was sanctioned by government on the 29th December 1829. or only 5 months after the Subsistence yeomiah of Rupees 1h-3-8¼ per mensem was continued to them as the heirs of Cumaroon Sahibah and while the son Abbass Hoofsain Khan was also in the enjoyment of a Service Yeomiah of Rupees 1h-12-- per mensem nevertheless, in his representation to the Government

Government Agent in 1829. when soliciting the continuance of his Fathers' stipend, this individual declared that the above allowance which he received from the Collector as Khateeb of the Mosque "had been discontinued in "consequence of his not attending there, and "that his sister Usmut Fatimah and Khyroon "Nissa were in a very destitute condition "that they had attained the age of 44 and 45 "years and were not yet married, and that "Khyroon Nissa was in a state of mental "derangement." It is obvious therefore that Abbass Hoofsain Khan concealed from the Government Agent Mr Lushington the actual circumstances of the family and made a wilfully false Statement with a view to obtain the continuance of the full amount of the Stipend enjoyed by his late father Ahsun Ollah Khan and that it was upon the Agents recommendation and in consideration of the circumstances re=presented in para 3 of his letter of the 23d December 1829. and above quoted, that the Government authorized a sum of Rupees 20/ out of the lapsed pension of 25 Rupees

Vide para 3 of the Govt Agents letter 23d Decr 1829.

† Vide Petition dated submitted by the Govt Agent &c (Translation given)

Rupees per Month/ to be continued for the maintenance of the Son and two Daughters of the deceased Stipendiary

4. It is unnecessary at this period to enquire under what circumstances and authority the Subsistence Yeomiah of Rupees 14-3-8¼ per Mensem was continued by the Collector of Madura under date the 31st July 1829. as by the Orders of Government noted in the Margin the portions enjoyed by the two female Members of the family Viz.t Fatimah Sahibah and Khyroon Nissa have been declared to be forfeited in consequence of their refusal to comply with the requisition of the Collector to establish their identity by personal appearance. The same penalty must apply to their portion of the Carnatic Stipend granted under date 29th December 1829. which under the Circumstances represented in para 3 of the Agents letter of the 16th October 1852, will be discontinued from the date to which the last payment was made Viz.t March 1852.

Para 2 of the Exc. Mt of Bons in Re Dt 6th April 1852 No 314 see also Paras 3 of the Ag. Collr's Letter to the Govt Agent 27th Sept. 1852 No 260.

5. As regards Abbas Hoosain Khan

Khan who has been guilty of a wilful misrepresentation with a view to deceive the Agent and the Government as to the actual condition of the family, the Governor in Council considers it necessary to mark his reprehension of such conduct by directing that individuals share of the Carnatic Stipend of 20 Rupees per Mensem, as well as his share of the Subsistence Yeomiah Viz.t Rupees 4-11-10¾ per Mensem, which is drawn from the Treasury of North Arcot to be discontinued from the date of last payment. The other Yeomiah in the enjoyment of this person being a religious Serious grant, will not be interfered with and will be continued to him so long as the Service for which it was given is duly performed.—

/Signed/ H. C. Montgomery.

Proceedings thereon.

Submitting a Tabular Statement received from the Collector of Bellary reporting on the lapse of a portion of the Moturpha Jaghire of Sydapet and stating the Boards views on the subject.

(18.19)

Resolved that the report above recorded, together with the correspondence noted in the margin on the subject of a similar share of the above Jaghire held by the late Syed ahmud, be submitted for the consideration and orders of the Right Honorable the Governor in Council.

Proceedings to Collector 3rd January 1853.

2. From the documents adduced in this case, it appears that the Moturpha Jaghire was originally granted about two centuries ago, to one Hajee shah ali, the great grand father of the deceased for having founded a pettah - From this individual, the deceased Syed Cassim and two other parties (Co-sharers in the Jaghire) were lineally descended, and their titles to the Grant were examined on the occasion of the recent lapse of one of them, the late ahmud shah; when it appeared that

that although the Purwannahs in support of the Grant did not convey hereditary right, the Jaghire had nevertheless been renewed from time to time in accordance with ancient practice, whenever a change occurred in the Ruler or amildars.

3. In their Proceedings of the 24th June 1852, the Board recommended to Government, for the reasons there stated, that a commuted allowance should be given to the Jaghiredars instead of the Moturpha tax, which, after being fixed by the officers of Government, was left to the shareholders themselves to collect according to their respective portions. This suggestion was approved by Government in their Minutes of Consultation 13th July 1852, para 2, and the shares of two of the claimants determined from the average collections of the 10 Faslies ending with 1260, were thus fixed.

for consideration till a formal report regarding it was received.

4. As the case of the deceased Syn Cossim, is thus precisely similar to that of the late Ahmed Shah, the Board of Revenue, under the foregoing circumstances, beg to recommend that the share enjoyed by him in the Moturpha Jaghire, may be continued to his eldest son, Shah ghous Vilby allah for his life.

5. The Board observe that under the opinion expressed by Government in para 3 of their order dated 13th July 1852, no application has been submitted by the Collector for the continuance of the yeomial allowance enjoyed by the deceased, Viz.t Rupees 58–6 per annum which has thus reverted to the state, also that as no objections are now reported by the Collector the Jaghirdars seem to have agreed to the measures proposed in para 11 of his letter dated 24th November 1852.

See para 4 of Board's Proceedings 3d January 1853.

Board of Revenue,

B. No. 243.
From the Collector of Bellary.

Submits a report called for in the Board's Proceedings of the 30th September regarding the sums to be lodged in his Talook Cutcherries to provide for expenditure in cases where a prior reference to the Poozoor would be attended with inconvenience to the Public Service.-

Sir.

With reference to the instructions contained in an Extract from the Minutes of Consultation dated 13th September 1852 and the 2d para of the Board's Proceedings of 30th Idem I have the honor to submit for the Board's sanction a Statement of the sums to be lodged in the Talook Cutcherries to provide for expenditure in cases where a prior reference to the Poozoor would be attended with inconvenience to the public Service.-

The Statement shews the

2.

Amount of Mobadelah hitherto allowed for the Poozoor and Talook Establishments- and I have shewn in Separate Columns the purposes to which it is applied- and the increase that it seems necessary now to have in order to meet contingencies which were formerly provided from the Hustantrum or Talook Collections when required.-

These

3. These Extra Contingencies are shown in Columns 11 and 12— I have allowed, it will be seen, a sum varying from 50 Rupees to 250 Rupees in each Talook for emergent Maramut repairs to public Works— and having this sum to revert to, there will not be necessity to take from the Collections for Maramut Works as proposed in the 4th para of my letter of 12th June last.—

4. I have also allowed a sum of 150 Rupees to meet the wants of the Civil Engineer's Department— But I do not think this will be sufficient for that purpose and I would rather authorize the payment of the Civil Engineer's Drafts by taking from the Talook Collections in the Talook in which they may actually be— and if the Board acquiesce in this proposition (which they will perceive specially alluded to in the same para of my letter of 12th June) this Item in all 1,800 Rupees may be struck out of the present Estimate.—

5. The payment for advances for supplies to Troops marching also referred to by me, may sometimes have to be taken from the Collections— but with the increased sum of

Mo Cadilah

Mobadilah to be in the Talooks this item may generally be met from the latter Fund.—

6. The payment of Troops Marching through the District and such like sums must still as mentioned in my previous letter, para 4, above alluded to, be made from the Collections.—

7. No reply having as yet been received to my letter of 12th June last, and the present order under reply not entirely meeting the question, I request the Board will be so good as to favour me with their instructions.—

8. In the present Estimate of advances will be seen a proposed sum of 100 Rupees to the Superintendent of Military Police at Bellary— This sum was formerly and still is 400 Rupees under the sanction of the Accountant General— But I have ascertained from the Superintendent of Police that 100 Rupees will suffice now.

From the Agent to the Governor at Kurnool.

Sir,

I have the honor to submit for the favorable consideration of the Board, an application in the prescribed Form, for certain arrears of Yeomiah undrawn by the applicant.

2. The applicant and a brother*/a shareholder in the same grant/ are in the Service of one of the Sirdars of Hyderabad, and they have represented to me, the inconvenience and expense they are put to if required to appear periodically before me, and have requested me to obtain the sanction of Government for an arrangement, by which they may draw their Yeomiah either thro the Office of the Resident at Hyderabad, or any public Functionary stationed at the Cantonment of Secunderabad.

3. I am not aware if any particular objections exist to such an arrangement, and I submit the request for the consideration of the Board. If such an arrangement cannot be acceded to, the Board will continue to receive periodical applications of the same nature from the same parties, as under the rules a limit of four years is fixed for the admission of claims to the continuance of the payments.

Under the orders of Government the sum of Rupees 97-8 was sanctioned as a personal grant to be divided equally amongst the 5 Sons of the late Ahmeed Ali Shah the original grantee. By some inadvertence however the payment made to the other Sharers from the date of sanction to the Month of September last were distinguished in the accounts under the head of Oorroos and yeomiah respectively which being at variance with the instructions contained in Para 7 of the Minutes of Consultation dated 4th March 1850, has been corrected. The total amount of Yeomiah payable to this Shareholder from September 1850 to August 1852 amounts to Rupees 39-- but it appears that out of his full share of 19 8-- the sum of Rupees 4-- only on account of share of Oorroos from September 1850 to June 1851 was paid to the Shareholder who performs the Oorroos Ceremonies, thus leaving due to the applicant Rupees 34-15--	years m D. 2 " "	Rs. a P. 34 15	The applicant is a Sowar in the Service of some of the Nizam's Sirdars, and his non attendance was occasioned by his inability to obtain leave

No. 49.

The Agent represents that arrears to the amount of Rupees 34-15, after deducting Rupees 4-1 paid on account of Oozroo's Ceremonies, have accrued during 2 years, Viz. from September 1850 to August 1852 in favor of Syed azum, one of the five Sons of the late ahmed Shah, and a co-Sharer with them of the personal allowance of Rupees 97-8, sanctioned by Government in Cons. 11th March 1850. Para 7 of Extract Minutes of Consultation dated 4th March 1850, and requests authority for the disbursement of the said arrears.

2. As the cause assigned for the non appearance of the Yeomiahdar at the regulated periods, Viz. his employment as a Tower in the Service of one of the Nizam's Sirdars, and his inability to obtain leave of absence appears to the Board satisfactory, they beg to recommend that the sanction of Government may be accorded for the payment to him of the above arrears amounting to Rupees 34-15.-

3. Adverting to the difficulty which exists in the periodical appearance of the yeomiahdars Syed Azum and his Brother Syed Mahomed before the agent at Kurnool as required by the rules, that Officer submits a request from the above individuals that they may be permitted to draw their stipends from the Treasury of the Resident of Hyderabad, instead of that of Kurnool Para 3. of Mr. Conway's letter 8th January 1853. as the Board see no objection to the proposed arrangement, and as it appears to be necessary to prevent repeated applications for arrears that would otherwise be submitted, they would suggest that the Resident at Hyderabad be called upon to state whether any objections exists to the payment of the allowances of the above individuals from his Treasury and if not

Bd. No. 118.
From the Agent to the Governor at Kurnool.

Sir

I have the honor to submit for the consideration of the Board an application for the continuance of a yeomiah enjoyed by Imam Ooddeen Shah the late husband of the applicant.-

Submitting an application for the grant of a pension to Zynb Bebee widow of Imam Ooddeen Shah late Yeomiahdar of the Kurnool District. Zynb Bebee annexed.

Imam Ooddeen Shah died on the 5th July 1852, and the terms of the yeomiah being for life, payment of the same has been discontinued from that date.-

2.

The deceased was the original grantee the yeomiah having been granted to him by the late Nawab Ghoolam Rufsool Khan, for his subsistence as a Fakeer, and as he had been in the enjoyment of it for some years previous to our assumption of the Country.

3.

x Mr. Bayley recommended its continuance, which was sanctioned by the Government in Minutes of Consultation under date the 28th March 1843.-

x To Govt. 4th Feby 1843.

The

Fort St. George 31st January 1853.

4. The family left by the deceased consists of the widow, two married daughters and two unmarried and a female disciple who lived under the protection of the deceased for many years and is entirely dependent on the family for support.

1 Widow Zeinub Beebee aged 50 years
2 Jowhur Bee daughter Unmarried 16 years of age
3 Papah Bee Do. Do. 14 years of age
4 Beebee Sahibah 23 years married to a Sowar of the Kurnool Horse husband alive.
5 Ruzza Bee 25 years married to one Deedon sahib husband alive
6 Hoosseinnah a disciple of deceased aged 60 years.

5. I do not consider the married daughters to have any claim to the bounty of Government but as the widow has no other means of subsistence, I beg to recommend that half the amount of the Yeomiah or Rupees 8 per Month be conferred on her as a life grant, for the support of herself her unmarried daughters and the dependent referred to above.

Fort St. George 31st January 1853.

Translation of an Urze addressed to T. B. A. Conway Esqre Commissioner of Kurnool by Zinub Beebee a widow of Imam Ooddeen Shah a Yeomiahdar dated 16th Zilkhad in the Hizree 1268. corresponding with the 2d September of 1852.

After usual compliments. The Petitioner represents that not having been favored with any answer to her former Petition stating her circumstances she takes the liberty of addressing again that she has two unmarried daughters, and that her late husband lived the life of a Fakeer, consequently she was obliged to borrow money for the celebration of his funeral rites. That your Petitioner is harassed both for means of liquidating the debt and to procure the necessaries of life. That she prays your honor will be kindly pleased to take her distressing and helpless case into your favorable consideration and obtain for her the Yeomiah which her late husband enjoyed by the benevolence of the Honorable Company which may enable her and her children to live comfortably and offer their constant prayers for your prosperity she has no other protector but yourself and endures hardship for want of bread consequently she implores your kindness will get the Yeomiah conferred on her.

Bd. No. 31.

From the Collector of Salem

Sir,

Upwards of two years ago, shortly after I had received charge of the Salem District, I learnt through a complaint preferred to me by one Lingiem

Fort St. George 31st January 1853.

Lingum of Darampoory that Teertagherry Chetty, a wealthy merchant of that place was in the enjoyment of land yielding an annual produce from Eeloopa and Tamarind trees, estimated by Lingum to be worth 50 Rupees, and that although it had been granted free of tax for the purpose of a "Nundavanum" or flower garden, yet that the original object of the grant had been totally lost sight of in furtherance of Teertagherrys own profits

On enquiry I ascertained that

2

in the Ayacut Account of fusly 1211, there had been a deduction made for a Nundavanum at the site in question, extending to Acres 1—36—2. On measurement however, the area actually comprised in this Nundavanum was found to be Acres 1—23—8 in excess of the recorded area, the difference, as it appeared, having been taken up from the land entered as occupied by the Village and all which of course, was a deduction from the cultivable area attached to Darampoory.

The

3. The orchard, for such it may accurately be described was a waste of rank weeds, filth and prickly pears a few insignificant flowers which might have been raised in a fortnight were growing on a space measuring a trifle above $\frac{1}{8}^{th}$ of a acre, and a Muntapum outside the hedge of the orchard but belonging to the Nundavanum, was in a state of dangerous disrepair. Gardeners had not been employed to keep the orchard in order, and it was clear that at the least possible outlay the owner of the Nundavanum had restricted his labors to the mere picking of the Eloopa and tamarind produce. The trees yielding this, were, I should mention, planted by the grand father of Teertagherry Chetty Under such circumstances, assuming as my guide the rates of the trees prevailing in Cuslab Daram=poory, I found that the trees standing in the orchard under remark, were liable to an assessment of Rs. 14–13–1 On enquiry I also found that the trees in question had been assessed by Mr. Collector

Collector-Cockburn in fusly 1230 at Rupees 18 and odd, but that the amount was subsequently remitted by that Gentle=man on a representation made at the time by Vaytaroy Chetty, father of Teerta=ghery Chetty, that as the Nundavanum was originally a Charitable grant for the convenience and Comfort of travel=lers, it ought to be held by him free from taxation.

22d. April 1822.

As it appeared to me that Teertaghery Chetty's utter disregard of the implied Conditions of his pos=session of the Nundavanum, form=ed a very just ground for assessing the trees to the revenue, I decided ac=cordingly, and at the Settlement of fusly 1260, issued in his name a puttah for Rupees 14–13–1.–

He was earnest in his 5. protestations that he had gardeners on monthly wages to do what it was sufficiently obvious had not been done, and was most anxious to be again allowed to retain the Nunda=vanum, free of assessment. I declined according

acceding to his request, frequently rei=
=terated to me in person and by answ;
but told him that if at an early date;
and at his own cost, he would restore
the Chavady, and by the removal and
esctirpation of the Masses of prickly
pear prevent the Mundavanum and
its vicinity from becoming an un=
=healthy and offensive nusance to the
inhabitants residing near it, I would
submit to higher authority a representa=
=tion on his behalf.

6. From personal observation
and the more recent report of the local
Thasildar, I am aware that all that is
necessary has been done by Teerta=
=gherry Chetty, and that both the or=
=chard and the Chavady one now in
a state Calculated to admit of travellers
halting in them, as well as for afford=
=ing Clean shady shelter to the inhabit=
=ants of the town or neighbourhood
who may wish to resort to the Nunda=
=vanum on the occasion of religious
or other festivals. I should add that
for native travellers, the orchard is
Conveniently situated just off the high
road

road through Darampoory to Salem
from Baingalore, Kishnagherry and
Vaniembady, and is at a very proper
halting distance outside the Town
of Darampoory, in which there is
very little Choultry accommodation
for strangers passing through it—
Under these circumstances,
I beg to bring the matter to your Board's
notice, and adverting to the liberal
intention of the late order by Govern=
=ment, that previous to the final
resumption of Endowments an=
=opportunity shall be afforded to in=
=terested parties for the removal of
the service enjoined in them by the
conditions of the original grant I
have the honor to recommend that
I be authorized to abstain for the
future from demanding of Teerta=
=gherry Chetty the assessment to which
he became liable under the circum=
=stances now represented—

13th January 1852. Referred to in the Board's C. O dated 5th February 1852.

8. I am sensible that without
previous Communications with your
Board, the Course taken by me in regard
of

of assessing the Nundavanam was irregular, but I have to explain in this respect, that, when first the matter came before me, my intention was to do only what would serve to exact from the Chetty the performance of his duty to the Public. By an oversight the item became included in the Puttahs of the year, and I perceive that my own authority does not extend to remitting what he has once been required to pay.

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings dated the 3d. Instant and in reply to state that the Observation of the Board in regard to Suit No. 162

Fort St. George 31st January 1853.

of 1847 sanctioned by Government on the 28th May 1850 is correct, but an appeal having been preferred against the Decree of the Principal Sudr Ameen, it was brought on the file of the Civil Court of Trichinopoly as No. 157 of 1850 considering the original sanction sufficient authority. Stamped Papers to the value of 5 Rupees were provided for the appeal suit with the intention of collecting with the Managers of the Rock Fort Pagoda institution the aggregate value of the Papers required after the suit, which is still pending in the Court, may be finally disposed of. Under these circumstances I request that sanction be obtained for the sum already expended and retrenched by the Civil Auditor

From the Collector of Coimbatore ——— } 1.

Forwards a Statement Showing the extent of Enam Lands of Village Officers left waste for several years in the Coimbatore District amounting to Rs. 4311-1-4 and requests sanction to grant fresh lands in lieu of those waste and useless.

Sir,

With reference to the Extracts from the Proceedings of the Board of Revenue dated 10th October and 7th November 1850, I have the honor to forward a detailed Statement Shewing the Extent of Enam lands of Village Officers left waste for several years in this District, amounting to Rupees 4,311-1-4 as indicated in the margin—

2. The above lands are waste from causes beyond the Control of the respective Grantees - they are unfit for cultivation, either from inferiority of soil, distance from Villages, unhealthy locality, Jungle, and other local causes—

3. Repeated Complaints have been made both to my predecessors as well as to myself on this subject, which was brought to the notice of the Board, also vide Correspondence

correspondence noted in the margin) but the explanation then furnished, does not seem to have been sufficient to enable them to authorize the grant of fresh lands in lieu of those lying waste.

4. I have carefully enquired into the circumstances of each case, and am satisfied that the lands are left uncultivated from causes which the holders could not control. In fact the Village officers have no pay, their services are gratis, in many instances. their pay at best is small, and unless the land allotted, affords return it is impossible to expect that they will perform their duties with any degree of integrity or care, required for the security of interests of Government and of the Ryots.

5. Under these circumstances,

I request the Board of Revenue will be good enough to obtain the sanction of Government to enable me to grant fresh lands in lieu of those waste and useless.—

6. In localities where no fair waste land is to be had I would propose that the Village Sibbendy be permitted to occupy so much of their own Putcut lands, rent free, as may be equivalent to the value of the proper Enam.—

B. No. 82.

From the Collector of Coimbatore

Sir,

Reports with reference to the Board's Letter dated 16th Instant on the conditions of the Lunger Khanah and requests sanction for the supply of Medicines &c as per Enclosed Memorandum out of the surplus Funds.

With reference to para 3 of the Board's letter 10th December 1852 I beg to assure the Board that there is little room for fraud or abuse in the Lunger Khanah only the commonest food (boiled Cholum) no Rice is given, and that only to be eaten on the premises, never carried away, where it might possibly be sold, or exchanged for Toddy or Rice. The poorest and most deserving objects, alone, are relieved and none but such will come - none are relieved who have friends able to feed them. The stringency of the rules and care taken to enforce them, has led to the large balance now on hand for future contingencies.

Under the present flourishing state of the Lunger Khanah Funds (and which are likely still to accumulate steadily), I would beg to propose for the Board's recommendation, and Government sanction, the expenditure of a portion of the surplus fund in deposit, in

away likely to accomplish much real good; and in entire accordance, as it seems to me, with the benevolent purpose of Government, and the General object of the Institution.

3- So far as the Government supplies admit, the Zillah Surgeon dispenses Medicines to all frequenting the new Civil Hospital. but the calls are sometimes frequent, and beyond supply in certain particulars. a small stock purchased as per Memorandum prepared with Doctor Porteous' concurrence. would be most charitably and beneficially applied.

4- Doctor Porteous, the Zillah Surgeon (with reference to Para 2) immediately and willingly accedes to becoming a Standing Member of the Committee of Management, and to give the Lungerkhanah his professional attendance. as with reference to this latter point however I should state, that Doctor Porteous has of his own accord, unasked, from motives of humanity, frequently been at the Lungerkhanah, both to see its daily operations in relieving the destitute, and to learn if there were

were any objects requiring his benevolent and professional skill, the Lungerkhanah is not far from the new Civil Dispensary, where all may, and now do, fairly present themselves, in very various diseases and accidents, for Surgical and Medical relief, and many and valuable have been the cases treated and relieved, there will still remain a surplus Balance, (yearly accumulating) of Rupees 919 in the Lungerkhanah Fund.-

From the Collectors report it will be noticed that the Lungerkhanah funds are in a flourishing state, and likely to accumulate still more owing to certain waste land belonging to the charity coming gradually into cultivation

The Balance on hand is stated to be Rupees 1339-14-6 and from this sum Mr Thomas proposes the purchase of a small stock of medicine which might be most charitably and beneficially applied, as the calls for Government supplies are sometimes frequent, and beyond supply in certain particulars.

The Board beg to recommend that sanction be granted for the purchase of the Medicines out of the surplus funds in deposit amounting, as per memorandum, to Rupees (430) Four hundred and thirty

I am desired to take this opportunity of informing you that pending the reply of the Government to the Committee's letter dated 4th November last the Gardens matters are nearly at a stand still and the Committee feels peculiar diffidence in acting especially in matters of importance involving large outlay as the branch Gardens. Under these circumstances if you would be kind enough again to address the Government to be favoured with the instructions solicited in the letter in question the Committee will feel greatly obliged.

Bd. No. 3136

From Offg. Collector in charge of Land Customs.

Sir,

Submitting a report on the Tolls imposed on the traffic conveyed through Cochrane's Canal.

1. With reference to the traffic on Cochrane's Canal I have the honor to state that there are engaged in traffic on the Canal 370 Boats of ascertained tonnage. Their tonnage varies from 15 tons the largest sized Boats to Boats of 1 Ton only.-

Class of Boats.	No. of Boats	Probable Tonnage	Probable Total of tonnage
1st Class	30	15	1200
2nd Do	120	12	1440
3d Do	70	7	490
4th Do	90	2	180
5th Do	60	1	60
	370		3370

2. The smaller Boats of 2 Tons and 1 Ton do not carry generally Cargo but are used as Passenger Boats.-

3. Calculating that each ton of the Cargo Boats, Comes. to the Basin 12 times in the Course of the year, we have a tonnage of 37,560 tons Yearly, from 220 Cargo Boats.-

4. Calculating that there are Passenger Boats 150 in number of a united tonnage of 240 tons, making twenty four trips in the year, there is a tonnage of

Fort St. George 31st January 1853.

of 5760 tons to be added to the cargo tonnage, making a Grand Total of 43,320 Tons upon which toll is levied.

5. The Cargo brought down by the Canal Consists Chiefly of different kinds of wood, such as Firewood, Brushwood and Faggots.

6. In the year from May 1852 - 21,652 tons of wood paid Rupees 18329. the total Collection upon all tonnage paying toll for this year being Rupees 3 4 4 6 -

Chunam Shells = 114.8 tons = Rupees 4610.9 11 -
Grain 9 Tons = 635 6 " -
Sundries = 2519 " " -

7 The other articles, as per margin, are Chunam Shells, Grain, and Sundries / Charcoal, Bratties, Piece Goods Salt fish, Chillies, Saffron, Soapnut, Cocoa-nuts, Tamarind, Jaggery, Manna, &c. /.

8 Salt on which the amount of toll is Rupees 8,318 - 11 - 8 was also brought down in the year under notice. This would be the toll on the amount brought but being on Government account it is cannot be included as revenue realized on Tonnage. The average of toll including Salt, of five years is Rupees 32,647 - 11 - 3. -

9. The Canal was used by about

Fort St. George 31st January 1853.

about 10,134 Passengers during six months - Passenger Boats by the present Canal Regulations pay nothing for the use of the Canal unless baggage is Carried as well as Passengers - This baggage is

Vide Tariff marked D

charged by the Cooley and Cart Load

10. Except those passengers who are without baggage and who avail themselves of the Boats returning north-ward empty the Canal is very little used by the lowest orders for passage These, who use the bonâ fide passenger Boats, of which there are about 30 called Top Boats and a few Budjerows, are chiefly Pulicat and Nellore merchants artisans and Gentlemen Servants.

9th December 1852.

11. In answer to Para 2 of your letter I beg to state that the Board is correctly informed as to the method by which the toll is levied - The tariff was slightly altered in 1846 from that fixed originally in 1837 when the Canal first came under Government manage-ment - From the margin and by the Printed Tariff / accompanying / it will be seen that the Tariff varies according to the nature of the Goods and is calculated upon

For the whole distance of the 2 Canals 77½ miles

as per
Firewood 11 - 9 per Ton
Faggots 11 - 5 - 4
Shells 7½ - 11
Grain 11 3/4 - 4

upon their dimensions and quantity, the charge being on Billets, Saras, Pieces, Bundles, bags, Cooley loads, and Cart loads, but it is not an ad valorem toll, nor yet is it a fairly proportioned toll as regards the weight of the goods.

12. The rate of toll levied when Compared with the length of the Canal is extremely high. The total length of the Canal is 7 Miles and ½ the rate therefore per Mile is on an average 7 – 6¼ per ton as has been observed above. Passenger Boats however if the Passengers have baggage it is taxed by the Cart load and Cooly load.

13. The Canal is divided into two portions the first portion is in length 5 Miles from the Basin at Madras. to Sadiencoopum at the south entrance of the Ennore lake.

14. The second portion which is in length about 2 Miles and a half is from Cantoopully at the north end of the Ennore lake to Calangie the point at which the Canal enters the Pulicat

Fort St. George 31st. January 1853.

Pulicat lake.

+ Marked D

15. The subjoined tariff in its details refers to the 1st. part of the Canal only. the toll for the second part of the Canal is one uniform tax of 7 annas and 6 Pice per Boat load, irrespective of the size of the Boats.–

16. There is a Conecopillay Stationed at Catoopully, who gives a ticket to the Boatmen who may be landing Goods at Ennore describing the Goods. The Boatman leaves the Boat at Ennore and takes this ticket to the Superintendent at Cochranes Canal who gives an order to the Sadrinicoopum Conicopillay who goes and sees the Boat unloaded and receives the toll.

17. Likewise Boats coming through the Ennore lake into the Cantoopully Canal show the ticket to the Conicopillay at Cantoopully to prove that he has paid full tax for both Canals.

18. If a Boat only uses the second portion of the Canal / Cantoopully Canal / and does not enter

Fort St. George 31st January 1853.

enter the first part of Cochrane's Canal
it pays this toll of 7 annas 6 pie and
½ of the Cochrane's Canal toll as
per tariff: if a Boat uses both Ca-
-nals it pays the Cantonpully toll
of 7 as 6 p. and the whole toll for Coch-
-rane's Canal.-

19. The number of Boats ply-
-ing only on the 2d. Canal is very
insignificant; almost all the Boats
plying on the Canal pass both Canals.-

20. There is no charge whatever
upon empty Boats.-

21. The method suggested in
Para 2 of your letter for levying the
Toll" that a uniform and moderately
"low rate of toll on every Boat whether
"laden with Merchandize or Passeng-
"ers regulated simply with refer-
"ence to the Tonnage of the Boat
"would remedy much of the different
"ly complained of" presents many
advantages over the present Compli-
-cated system.-

22. It would at once do away
with the great defects of the present or

Toll

Fort St. George 31st January 1853

Toll system which leaves too much
to the discretion of the Superintendent
at Cochranes Basin in the adjust
-ment of the toll and to the honesty
of the Conicopillays placed to check
the toll at Vadiencorpum and Can-
-toopully:-

23. I would venture to sug-
-gest that a Register be opened for
Boats in which should be entered
the owners names the names of the
Boatmen and the tonnage of the
Boats. that each Boat should be
numbered and that such Boats as
ply regularly on the Canal should
be classed according to their tonnage.-

24. That the Boat owners should
be allowed to pay a yearly hist.
for the use of the Canal to be paid
monthly and that such Boats should
be furnished with a ticket which
should free them from all further
interference upon the part of those
charged with the Superintendence
of the Canal.-

25. That this Rist should be
calculated upon their tonnage and

number

number of trips yearly, fixing the rate so as to produce a Revenue lower than the average Revenue of the last five years.-

26. This arrangement favorable to the Boat owners, would encourage them to register and would lead, I am persuaded as soon as it was thoroughly understood, to an increase in the number of Boats employed on the Canal.-

27. There are a certain number of Boats belonging to the Villages which are situated on the borders of the Canal and Pulicat Lake. These do not make a regular use of the Canal but take occasional trips.-

28. The owners of these Boats would undoubtedly feel unwilling to enter into the arrangement of a regular list but there would be no difficulty in levying toll each trip upon such Boats according to their tonnage, to be ascertained by measurement, a plan certainly as easy as that at present in use.-

29. I think that it would be of

advantage to make the Registration within a certain date gratis, all registrations subsequent to such date paying a small fee.-

30. This would induce the Boat owners at once to come forward, and register. I would also propose that the rate for those who pay a yearly list should be made slightly more favorable than those paying toll upon occasional trips.- The fact that the list frees them from all interference, and that it will be the same however many trips they take will be an inducement to them to look out for cargo and to increase the number of their trips.-

31. As regards the list system proposed above there will be some slight difficulty in making any arrangements by which Boat owners should pay the toll.

32. The system which prevails at present is that the merchants whose goods are brought down should pay the toll for their goods. The Boat owners are merely contracts to carry and have nothing to do with the payment of the toll.-

33. By appendix A it will be seen that the Boat owners have no objection to

Fort St. George 31st January 1853.

to register, and from all that I am able to learn they would prefer the simple arrangement of a tax, according to tonnage, to any other.-

34. In this view of the feelings of the Boat owners the superintendent of Cochrane's Canal who is an intelligent person and has much experience agrees. Although perhaps many at first would not avail themselves of it I would recommend that the first system be allowed for those Boat owners who are willing to pay it because I am led to believe that this arrangement would ultimately lead to owners of a larger Capital than the present Boatowners, engaging in the Conveyance of Goods.- The present Boats are not fit for the Conveyance of valuable Cargoes, and such an introduction of a wealthier Class of Boat owners, who would build a better kind of Boat would be of very great advantage to the Trade of other Merchants.

35. I take the liberty to forward for the information of the Board certain Depositions taken by me. Appendix B and C/ taken by one Appendix B from wood Merchants appendix C from Merchants trading in Goods brought from the Northern Districts. These depositions may be useful as bearing upon the present System of tolls and upon the traffic for past and future of Cochrane's Canal

Question	Answer.
I. You all know the present system by which the Toll is at present collected. Listen to the alterations proposed and tell me your opinion of it?	At present. we the Boatowners have nothing to do with paying the Toll the Merchants pay the Toll and then settle with us for the use of the Boats. The Merchants are the persons to ask. We are afraid that in any such change we shall be made to pay the Rist and that then the Merchants will cheat us in the hire of the Boats.-

(1) That a Regis= ter be opened for the Boats in which should be entered the owner's names the names of the Boatmen and the Tonnage of the Boats that each Boat should be numbered and that such Boats as ply regularly on the Canal should be liable to their Tonnage.

It is true that now the toll of the Boats being paid by the Merchants the here still remains to be adjusted be= tween the Merchants and ourselves. We shall be fore we give any opinion consult some fellows and Chittoor Mem= bers.

As far as the Registry we shall be very willing to Register our boats.

(2) That the Boat owners should be al= lowed to pay a yearly Kist for the use of the Canal to be paid by Monthly Instal= =ments.

(3) That such Boats should be furnished with a ticket which should free them from all

all further inter= =ference upon the part of those charged with the Superintendence of the Canal.

(4) That this Kist should be cal= =culated upon the ton= =nage and yearly trips as now ascer= =tained fixing the rate indulgently.

II Who are the Mer= =chants who chiefly hire Boats. Is e= there any Agent for the Merchants or do they come themselves and make bargains about the Boats.[2]

Each Merchant will have his agent in the different Vil= lages - it is the Same down here Madras.

3. The yearly tax seems to you difficult what do you think of a plan of charging the Toll according to the Tonnage Each trip instead of the present

3. Yes that sounds a good plan but we dont care one way or other. It is the business of the Mer= =chants who pay the Toll.

We import Fuel Billets.- Firewood from Strehericottah of Saddai, Otambeda Poondy and Bimai-pollium.-

We do not give orders regularly for the cutting of this wood but watch the wood Market and when wood is likely to become scarce we send up and have the wood cut.-

We advance money to the Villagers for the expense of wood cutting out of which money

money advanced the tax to Circar and the expence for Bandies conveying the wood to the shore of the Lake are paid.- The tax is paid after the wood that has been cut has been brought down to Kusa-bah - and heaped ready for embark-ation. The Circar servants then measure the quantity. Some times the wood is brought to other places north of Kusa-bah on the Lake shore according to the part of the Jungle in which the wood has been cut.-

The wood is cut very in-discriminately according to the pleasure and convenience of the wood cutters there ought to be some Forest Rules observed at Strehericottah such as used to be observed in the time that Strehericottah were a Zemindaree. then cutters were directed where they might cut wood - if this is not done the wood will be exhausted and e supplies stop.

In 1802 the tax was 13 Pagodas for 1 Lac of Billets. it is now 26 Pagodas. The quantity of wood brought from Strehericottah has very much decreased they used to bring more than a hundred Lacs of Billets

Fort St. George 31st January 1853.-

Billets yearly now only 30 Lacs are brought yearly. The Cooly paid for cutting 5000 Billets is 1 Pagoda the Cost for 5000 Billets is 1¼ Pagoda.

We labor under a great disadvantage at Strehercottah in consequence of the badness of the Roads from the Jungle to the shore of the Lake. the bandies go very slowly and we are obliged to load them very lightly. We reckon this Bandy hire from the Jungle to the Lake shore to be for 5000 Billets Rupees 1-14-0. The Boat hire from Strehercottah to Madras for 5000 Billets is 2-10-0.

When the Market is good the 5000 Billets should sell for Rupees 16-8-0. With all our expences in getting the wood we make a profit upon 5000 Billets of rather more than 2 Rupees.-

We also bring the wood that is cut on the Calastry hills. The Calastry Zemindary Levies a tax of 2 Rupees year! you bandies that come to get the wood. These bandies bring the wood to Poondy. Sadai.

Colampett to be embarked on the Pulicat Lake. The bandies belong to neighbouring Villages. We also buy wood that is cut in the Suttawad Taluk Chittoor there is no fee for cutting this wood it comes into Madras 80 Miles by bandies. Although the wood from Calastry has to come from a greater distance the cost of bringing it to Madras is about the same as that incurred in bringing the Strehercottah wood, but the profit is much greater. Calastry wood is of a superior quality burns longer and keeps better. The 5000 Billets may sell for 18 Rupees 12 annas. Thus the cost being Rs. 14-13-8 the profit is Rupees 4-8-4, from which must be deducted carting expenses from Cochrane's Basin to the wood Depôts in Madras.-

All the wood coming from the West is considered superior to the Strehercottah Wood.-

If Boats suitable for a delicate article such as indigo could be got at Sooloor=pett or still better at Doorgarajapatnam all the traffic would come by the Canal in the wet weather. there is great traffic to Kistnampatnum where grain is embarked by Dhoney for Madras Cloths are carried by Cavady men. these would be brought by water if the Canal was good. Besides the winter Indigo there would

Fort St. George 31st January 1853

would come from Nellore. Nuts saffron, Pepper. dry Ginger. Cotton. Ghee and oil if the Canal was at all time fit for traffic During the wet season 10,000 Maunds of Indigo would come down by the Canal.-

From Rajahmundry Cloths are sent through Nellore to Madras Rs 15,000 worth of Cloth yearly. a Cavady man from Nellore to Madras costs from 3 to 3½ Rupees each Cavady man carries 4 Maunds. Veta=pollium the other side of Nellore sends a great quantity of cloth yearly.—

If the Canal was extended and cheapened all the traffic would come through the Canal. the things sent up Country from Madras to Nellore, Vatapollium and Rajahmundry by return Cavady are white Europe thread (40 and 50 nos) to be made into cloth cheap Chintzes. Long cloth, Drill cloth. for the Shops at Nellore and Cuddo=pah if the Canal is extended as proposed to within about 40 miles of Nellore and if we were sure that there is no danger of thieves and that Boats which would not leak would be built. and that a proper landing place at the north end of

Fort St. George 31st Jaunuary 1853

of the Canal could be established then all the traffic would be brought in this way instead of by Cavady men.—

Evidence taken from P. Narsinga Pillay, P. Veeraswamy Chetty—P. Rungiah Chetty, S Narsoo Chetty, merchants in Indigo—Cotton, Sugar, Tamarind—Chilly—Oil, Ghee Coffee trading between Cuddapah Nellore and Masulipatam.—

We bring yearly a lac of Maunds of Indigo from Cuddapah Nellore and Bunder—From Cuddapah we bring the indigo by the road of Kundaloor—Orumbad, Cadoor, Manandoor, and Tripetty—it is in the wet weather very troublesome 40 or 50 days Bandy.—

The Indigo from Bunder and Nellore comes through Nellore. Crompall Sodoorpett We dont use boats because the present Boats are leaky and therefore unfit for the conveyance of Indigo we are also

also afraid of thieves—the Canal would be much cheaper and we should use it, if there were good boats—If there was a place of depôt where the Bandies would be loaded and unloaded it would be a great advantage. All the merchants in Madras bring from Northern places about 10 lacs of Cloth most of all this is brought by Cavady Coolies—These would all be brought by the Canal—at present we are afraid of thieves—We have cotton 1000—or 1500 Candies coming by the Nellore Road we send back by the Return Bandies Europe Goods—Cloths—Chintzes yellow—Red and other threads and much thread to be made into cloth (40 and 50 nos Specially) if we were certain of water in the Canal and that there were boats suitable for the traffic all of the thread now travelling by Road to Nellore would be transferred by the Canal.—

If the Canal went as far as Doorgarayapatanam and there was a good connecting road with the Nellore Road this would be a great advantage.—

Some of the goods come by Boats from Catambedu. Some by Dhonies.

If facilities for conveyance were given I think I should lose, for the things would be cheaper, more people would engage in the trade and my profit would diminish that is the worst of having done away with the Sayer duties every one trades now the delays that the Sayer take caused enabled us to steal a march upon others Now they come so easily into Madras that every one has an equal chance of selling.—

Bd's No. 249.
Proceedings thereon.—
57.58

The Board approve generally of the arrangements proposed by Mr. Ellies in regard to the Tolls levied in Cochranes' Canal there can be no doubt that a uniform rate according to the tonnage is far preferable to the present system.—

2. Before however issuing further instructions on the subject, the Board would wish to have the opinion of the acting Collector as to the rates he would propose to adopt.—

3. There appears no necessity for endeavouring at once to carry out Mr. Ellis's suggestion for yearly payments. It might not suit the case of boats that are only occasionally employed, and the Board apprehend some difficulty in at once effecting a change in the payment of toll from the owners of the goods to the Boat owners.—

4. It might be advisable to commence by fixing a certain money rate per Ton as in the case of sea going vessels without reference to the quality or the quantity of goods; and a Register might be opened for entering the tonnage of

of each Boat. Boats entirely empty might pass free for the present the toll might be levied as usual from the Boat owner - so much per trip. Eventually they may find it for their interest to have it commuted to a yearly payment.

5. The Acting Collector is requested to state what he would propose to fix as the rate to be levied and in what manner it should vary according as the Boats are Cargo or Passenger boats or the length of the trip.

6. He will also state in what localities and under what arrangements he would propose to levy the toll.

To the Chief Secy to Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the correspondence noted in the margin, respecting a Salt Compensation Certificate No. 32 for Rupees 45-2-3-

Submitting correspondence with the Collector and the Officiating Assistant Collector of Madras and recommending the renewal of the Salt Compensation certificate No. 32 for Rs 45-2-3- in the name of aminoy

From Madras 15th Dec.r 1852 in Cons.s 13th January 1853
Proceedings 13th Ditto 1853
From Madras 17th in Cons.s 31st Ditto 1853

The certificate in question is a moiety of the original one entered as No. 9 in Mr. Ellis Register dated 1st April 1813, and was issued to Ghareappah Modelly on the 28th December 1820, who mortgaged it to Cundapiah Modelly, and upon his death sold his interest in it to Ponnambala Modelly the son of the deceased.

In 1833 when a request was made by Ghareappah to pay the amount of the arrears to Ponambala, and to renew the Certificate in his name

To Coll.r 5th in Cons.s 12th Sept.r 1853

From Govt 25th in Cons: 31st Octr 1833

name, the Government directed the payment of arrears to Ghereapprah on his own receipt, and stated that as by the terms of the Certificate, to compensation is payable only to the Original Grantee and his lawful heirs, they could not recognize the transfer.

From Collr 10th in Cons: 28th September 1848.

4 In 1848 Ponnambala again appeared before the Collector, and with

21st Octr 1835 N. 28

reference to the order of the Honorable the Court of Directors, allowing the transfer of Salt Compensation Certificates recognized that the Certificate might be renewed in his name, and the arrears disbursed to him he also produced the original Certificate and Ghereapprahs Bill of Sale dated 27th

Pros: 28th Septr 1848.

August 1833 - The Board having in the mean time received a petition from Ghereapprah protesting, against the payment, and the renewal of the Certificate, directed that the registry and the arrears should be allowed, to stand as they were, and that the Collector should endeavour to effect some arrangement between the two parties.

In

5 In his letter dated 16th December 1852 the Officiating Assistant Collector reports that both Ghereapprah and Ponnambala are dead, and their claims are now brought forward by their legal representatives, who however cannot be brought to agree to any compromise.

6 Mr Ellis who states that Annuay the Daughter, and representative of Ponnambala produces the Original Certificate and Bill of Sale, in the latter of which it is clearly stated that money was received and the transfer of right duly made over He is likewise of opinion that the circumstance of the Government not recognizing the claim in 1833 appears to have given Ghereapprah an opportunity of opposing a well founded claim proved by the Bill of Sale.

7 As the authenticity of the Bill is not denied by the opposing party, and taking into consideration the fact that neither Ghereapprah when alive, nor his representatives have produced any proof that the sale was not a bona fide transaction the Board support the recommendation of the Officiating Assistant

Fort St. George 31st January 1853

Assistant Collector for the renewal of the Certificate in the name of ammay: and that the arrears from 12th July 1833 to 11th January 1853 being 19 years and 6 months, at Rs 45-2-3 per annum, or in all Rupees (880-3-10) Eight hundred and Eighty Annas three, and price ten be paid over to the person duly authorized to act in her behalf - she being a minor.

Fort St. George 31st January 1853

and K. Veeraragavaloo Naik. I have the honor to report that the case was fully enquired into by the late Officiating Assistant whose Endorsement I beg herewith to submit.

2 As the title of the parties in dispute appears to be pending the decision of the Supreme Court I have in obedience to the Board's instructions dated 4th October 1852, directed that the Certificate be withheld, awaiting the further orders of the Board, on the subject or the decision of the suit.

Madras 19th January 1853. / Signed / H. Stokes
Acting Collector

In this case the applicants Venkatasyloo Naik and Veeraragavaloo Naik applied for a Certificate for property purchased by them, they produce all the documents required the Original Certificate in the name of Cumdespah Moodelly.

The Sheriff's Bill of sale to Cavary Pillay 1847 the transfer to V. Appavoo Moodelly in 1849. The Sheriff's bill of sale to Veeraswamy Moodelly in 1850 who sold it to Thungaraly Ummall 1850 from whom the present applicants bought it all

all these, are produced. The land appears constantly to have been let to numerous tenants.

The opponent Sevanada Modelly objected on the score that the land originally was mortgaged by Covadapah Modelly and illegally sold by Sheriffs bill in 1847. But he does not appear to have instituted proceedings to stop such sale or to prevent the results subsequently.

The opponent further stated that he had actually been for many years in possession receiving the rents through one Nursen whose testimony is unworthy of belief. he having before me given directly opposite evidence.

This Nursen appears to have been the agent for collecting the Rent ever since the Original holder Cundapahs time.

I visited the ground personally and ascertained this. and that Nursen paid the Quit Rent, and acted as General agent for the land whoever the Professor might be at different times.

Further

Further Nursen caused Summons to be issued in the Small Cause Court against Thungachy Ummall and Appasawmy Modelly her husband to recover Quit Rent and other exspences as their agent for this land.

This is evidence against the Statement of opponent that Nursen was not collecting for these parties or Thungachy Ummall and her husband.

Under these circumstances I have ordered the issue of the certificate in the names of Applicants.

(72)
Bd. No. 41.

Sir,

From the Revd J. McLechler

You will oblige one by laying the following request before the Board of Revenue.

Requesting to be allowed to use the rough stones which have been taken out of one of the Batteries of the old Salem Fort near the mission compound to help to enclose again that part of it which has been laid open by the filling up of the ditch.

Will the Board kindly allow me to use the rough stones which have been taken out of one of the Batteries of the old Salem fort near the Mission Compound to help to enclose again that part of the Mission compound which has been laid open by the filling up of the ditch.

I have applied to the Principal Collector Mr Phillips but he hesitates to grant them to me solely because Government has been put to some expence in this work; though he adds, if on any direct application from yourself to the Board of Government and receive instructions to make over the stones to you it will afford me very

Fort St George 31st January 1853

very much pleasure to place them at your disposal.

In order to explain the reasons of my request it will be necessary to bring to your notice.

1st That the Ditch of the old Salem fort has hitherto formed the Boundary and fence on the eastern side of the Mission Compound, and its being filled up lays it entirely open to a native Village.

2d That the Western Glacis of that Ditch has, for many years formed part of the Mission Compound, and is assessed to the Society at an annual quit rent of Rupees 18-

3 That on the said Glacis thus attached to the Mission grounds and assessed there have been built, and are now in existence part of the Mission House and Girls Orphan and Boarding School containing 50 Girls, and near the same Glacis a Boys School containing 53 boys.

4 That while the filling up of the fort Ditch was really necessary for

for the public health the Mission Establish-
-ment has been put to great inconvenience
and to some expence in providing temporary
fences.

5 That to build a Wall which is
now absolutely necessary on the part
laid open by the removal of the earth
to fill the Ditch, will cost at least Rupees
500 an escpence for which the Mission is
not prepared.

6 I would therefore
the Board Kindly to grant me these
stones which being on the Spot would
be a boon to the Mission though a trifle
to Government.

7 I may add that I know of no
obstacle whatever on the part of the native
community; on the contrary the Sarkar
and all the natives acquainted with the
matter consider my request a reasonable
one and would be much pleased if the
Board would grant it for the benefit
of an Institution, which confers so
much good on the community.

8 I may say also that the Mission
Compound

Compound encloses an industrial School
of 33 lads, who are instructed in the trades
of Iron blowing, black and lock Smithery
Carpentry and Bricklayering superintend-
-ed by two European Artisans - I add
this to show that the Mission establishment
contributes to the Civil, as well as reli-
-gious improvement of the natives.
