Diary

16th April. Received the following Extract

A after B. No. 1005. No. 426.

From the Secretary to Government — Extract from the Minutes of Consultation Revenue Department under date the 15th April 1853.

Read the following letter from the Secretary to the Board of Revenue.

Have enter 7th April 1853 No. 1401

Adverting to the failure in the Manufacture of Salt which appears to have occurred not only in Masulipatam but in Madras and other Southern Districts the Government would wish the Board of Revenue to report whether it would not be advisable to retain the entire stock 7 Mds 75000 now on hand at the Nellore Cotaurs for the supply of the Madras Provinces and to stop further Sales for export to Calcutta on private trade. In such case a Notification to this effect should be published immediately in the Fort St. George Gazette.

To

The President and Members of the Board of Revenue

/ True Extract /

/ Signed / T Pycroft

Secretary to Government

Ordered

Bd. No. 777. 16th April.

Order thereon. Ordered that a

(1-2.) copy of the foregoing Extract from the Minutes of Consultation be communicated to the Sub Collector in charge of Nellore, with a request that he will immediately report whether, after receiving the quantity which he may have arranged to supply for the use of Madras and Masulipatam any Salt will be left available for shipment to Calcutta on private Trade as, if not, a Notification to the effect suggested by Government will have to be published in the Fort St. George Gazette.

At

At a Meeting Present.

Monday 18th April 1853.

J. Goldingham Esqre Second Member
and
T. L. Blane Esqre Third Member

Walter Elliot Esqre Senior Member
absent on duty as Commissioner
Northern Circars.

Minutes of the last Meeting
read and approved.—

Bd. No. 704.

Read the following Extracts

No. 281

Extract from the Minutes of Consultations Revenue Department under date the 11th March 1853.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 31st January 1853 No. 471

Before passing orders on Para 1. the above application the Right Honorable the Governor in Council thinks it necessary to require some further information. He would wish to know the extent of the land in question and the assessment payable upon it. It is observed that the ground is stated to

to have been purchased by the Revd. G. Martz and to have been conveyed by him to the present applicant - The Government think that the Collector should be required to certify to the fact of the conveyance and they doubt whether the document itself should not be forwarded to the Register of Govern= =ment Grants for registry in his Office -

2. Again Foreigners are not allowed by law to hold land in India

Reg XIX 1802. without sanction of Government and have not the privilege of holding it in perpetuity like Natives and British subjects - Some document therefore of the nature of a permission Certificate should be issued to Mr. Grouning - The Board will explain what form of Certificate they would propose to grant and for what term it should run - It is remarked that Mr. Grouning applies to hold the ground on behalf of the Committee of the Evangelical Lutheran Mission Society of the United States - The Governor in Council is not aware whether parties have hither to been allowed to hold land on account of Societies established in Foreign Countries

: and

and he would wish to be informed whether any precedents exist. —

Proceedings thereon.

3-4

In Cons: 31 Jan.y 1853.

Ordered that copy of the foregoing Extract from Minutes of Consultation be com= =municated to the Acting Register of Govern= =ment Grants with reference to Mr. Ellis's letter dated 8th January 1853. —.

2. Mr. Stokes will be so good as to furnish the information called for by Govern= =ment - He will likewise have the conveyance of the land in question from Mr. Martz to Mr. Grouning certified by the Acting Collector of Guntoor, and if no objections are urged against the measure by the parties concerned he will call for and register this document in his Office - He will also prepare and sub= =mit for approval a form on the basis of the one circulated from his Office under date 30th June 1851. fixing the term, as in the case of the Neilgherry Leases, at 99 years renewable every 33 years. And he will further ascertain from the Collectors of those Districts in which there are Foreign Missions whether any lands are held in their Districts on account of those societies

Enclosure 1 in From Madras 9th in Cons. 24th July 1851 - L. C. B. Page 685 Section VIII.

to have been purchased by the Reverend G. Martz and to have been conveyed by him to the present applicant - The Government think that the Collector should be required to certify to the fact of the conveyance and they doubt whether the document itself should not be forwarded to the Register of Government Grants for registry in his Office.

2. Again Foreigners are not allowed by law to hold land in India without sanction of Government and have not the privilege of holding it in perpetuity like Natives and British subjects - Some document therefore of the nature of a permission Certificate should be issued to Mr. Grouning - The Board will explain what form of Certificate they would propose to grant and for what term it should run - It is remarked that Mr. Grouning applies to hold the ground on behalf of the Committee of the Evangelical Lutheran Mission Society of the united states - The Governor in Council is not aware whether parties have hitherto been allowed to hold land on account of Societies established in Foreign Countries and

Reg XIX 1802.

part of para 3 of the Resident's letter and direct that the survey for the present year be limited to the Shencotah District, and they resolve with reference to para 4 to request the Board to state, after consulting with the Collector, whether it will be necessary to continue the survey from the Aramboly gate to Cape Comorin next season, and whether there is any dispute as to the Kadoo Kawel lands.

Read.

4732

Fort St. George 18th April 1853.

B. & No. 742.

No. 307.

From the Secretary to Government communicating a letter from the President of Travancore permitting the services of Captain Drury for the survey of the line of Boundary between that State and the Tinnevelly District according to the suggestion of the President that the survey for the present year be confined to Shenkotah District &c requesting the Board to state after consulting with the Collector whether it would be necessary to continue the survey from the Arambooly Gate to Cape Comorin next season and whether there is any dispute as to the Kadookavil lands—

5

Extract from the Minutes of Consultation in the Revenue Department under the 18th March 1853.—

Read the following Extract from the Minutes of Consultation in the Political Department.

No. 88.—

Extract from the Minutes of Consultation Political Department under date the 22d February 1853.—

Read the following letter

To

Sir. H. C. Montgomery Bart.

Chief Secretary to Government.

Fort St. George

Para 1 I have the honor to acknowledge receipt of the Extract from Minutes of Consultation No. 67 of the 4th February 1853, approving of the restoration to Travancore of the Puttee lands in the Shenkottah District and of the payment to the Travancore Government of the reserved Collections of those lands amounting to 1,32,355—10—6.

2. In regard to laying down with accuracy the lines of Boundary according to the Government Survey by Captains Ward and Connor, I have the honor to state that the Sirkar have an excellent

4733. Fort St. George 18th April 1853.

Surveyor who had been 9 years in the Madras Revenue Survey Department and who is quite competent to the task, but it will be very desirable to have the work superintended by Captain Drury whose services I shall be happy to spare.

I would however propose

3. that the Survey should be in two Divisions i.e one of the Shenkottah District which might be completed during the usual season for visiting Courtallum, the other portion from near the Arramboolly gate to Cape Comorin can be subsequently entered upon as it would be a little inconvenient to me as well as to the Sirkar to be deprived of Captain Drury and the Surveyors services for 6 Months continuously.—

There has never however, that

4. I am aware of been any dispute in regard to this Southern Boundary line, but only in regard to a certain narrow Strips of land varying from ½ to 1 or 2 Miles broad along its E side called the Kadoo Kavil lands—and which have from remote times been occupied and cultivated under the authority of the Travancore Government.—

5. The mere Survey therefore of that is

is colored on the Map as the Boundary would not dispose of the claims to the Kadoo Kawel Lands.

Resident's office,
Trevandrum,
14th February 1853

/Signed/ W. Cullen Lieut. General
Resident.

Ordered to be communicated to the Revenue Department with reference to the Extract Minutes of Consultation in that Department dated the 14th January 1853 No. 55

/Signed/ H. C. Montgomery
Chief Secretary.

/True Copy/
/Signed/ T. Pycroft
Secretary to Govt.

Para. 1. Resolved that the letter from the Resident of Travancore dated 14th February 1853. permitting the services of Captain Drury for the Survey of the line of Boundary between that State and the Tinnevelly District be communicated for the information and guidance of the Board of Revenue with reference to Extract Minutes Consultation 14th January 1853 No. 55.

2. The Government accede to the suggestion contained in the first part

part of para 3 of the Resident's letter and direct that the survey for the present year be limited to the Shencotah District, and they resolve with reference to para 4 to request the Board to state, after consulting with the Collector, whether it will be necessary to continue the survey from the Arramboly gate to Cape Comorin next season, and whether there is any dispute as to the Kadoo Kawel lands.

From the Asst. Collector of Gantoor - - - - -

33.

Sir

I have the honor to acknowledge the receipt of your letter of the 28th February last and to forward a Statement which I trust will be found to contain the information required. I do not feel quite confident of the correctness of all the entries, particularly those in the last Column, but the Statement has been prepared from the best data available. The small extent of land cultivated with foreign cotton was planted with some new orleans Cotton seed referred to in a Circular from the Superintendent of Cotton experiments dated 23d March 1852. The result of the trial was not satisfactory as in most instances the seed failed to germinate

To, W. H. Bayley Esqre Secretary to the Board of Revenue, Fort St. George.

B. No. 845.

From the Agent at Kurnool — (42.)

Sir,

I have the honor to Submit the following

Fort St. George 18th April 1853

for the consideration of the Board, whether the Extra Tent allowance to his assistant and Batta to his Moonshee Establishment therein mentioned may be passed.

following for the consideration of the Board, and request I may be informed whether under the circumstances, I am authorized to pass Extra Tent allowance to my Assistant, and Batta to his Moonshee Establishment.—

2 The European Agency in this District, consists only of myself, and an Assistant, and for several Months of the year both of us are required to be continually out in the District on the duties of the annual Settlement. My Assistant has charge of the Treasury, the Jail, and the Kurnool Horse, and his presence in Kurnool is required for short periods in each Month, for the discharge of those duties.—

3 With the view of economizing time he is in the habit when engaged in his Revenue duties at any distance from Kurnool of performing the journey backwards and forwards, in one run instead of by regular stages, by which arrangement, the public duties are expedited.—

It

Fort St. George 18th April 1853

It is under these circumstances

6 I request to know whether he and the servants who accompany him are entitled to draw the Extra allowance referred to, calculated according to the time it would take to travel the distance backward and forward by regular stages and allowing a day for the transaction of business.—

The Servants when he requires

5 to accompany him on such occasions are the Nail Sheristadar and one of his Moonshees. The former to examine the accounts of the Treasury, and answer for their correctness and the latter to transact any business in the Department that may be required.—

Kurnool District, Government Agent's Office, On Circuit Nundial, 26th March 1853.
B. No. 831

/ Signed / T. Conway
Agent to the Governor.

Proceedings thereon.

42-43

As the arrangement proposed in Para 4 of the foregoing letter is not in accordance with the rules, and would be converting the Extra Tent allowance into a travelling allowance, calculated according to distance and not by days, the Board are precluded from sanctioning it. Lieutenant Russell may however draw Extra Tentage for 1 or 2 days while in Kurnool.—

No. 39.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George.

Sir,

I have the honor to submit the report required by your Board's Endorsement on the Petition Marginally noted.

2. The Petitioners were registered in 1850 as the proprietors of certain Durumsumum Enams in Talook Tripatoor which were leased by the late proprietor to one Ghoolam Mohuddeen for an annual payment of six Pootlees of Grain The Petitioners claim the restoration of the lands, which the party in possession refuses to make though quite prepared to discharge his grain liabilities under the agreement with

List of Talooks and Cutcherries in the District of Salem under the Collector's charge.

To the Collector of Salem

Sir,

I have the honor to transmit herewith a list of Talooks and Cutcherries in the District of Salem under the Collector's charge.

2. I have the honor to be Sir your most obedient Servant

(Signed) W. H. Bayley
Secretary to the Board of Revenue

To the Collector of Salem

with the former Enamdar, by virtue of which he is now occupying the lands.

3.

The Petitioners sought my interference, & preferred them for redress to the Court on the 26th September 1850. They addressed me again and my Endorsement dated 14th December 1852 pointed out to them the particular regulation under which as it seemed to me they should seek a formal judicial decision

4.

They now desire that the Government shall decide the matter and direct the Collector to put them in possession of the lands with Rupees 105-4-8, the mesne profits for the last two years.

To Collector of Salem 7th February 1853

5.

Adverting to the opinion recently expressed by your Board that a Dumbala Enam is not of the class referred to in Regulation IV of 1831 it appears unnecessary that the institution of any Suit the Petitioners may have to file should be supported by an Order from the Secretary to Government as provided in Section II of that enactment.

6.

Assuming it however to be

possible, that the judicial Officers of the District may mistrust their authority to file a Suit regarding a Dumbala Enam, I beg to add that I am aware of no objection to the Petitioners being furnished with the Orders of the Secretary to Government by which the admission of a Suit to the file would be secured.

7.

Adverting to the circumstances under which as represented in my Communication dated the 15th January last, numerous Suits respecting rent free tenures have been removed from the files of the Courts in this District I beg with respect to suggest, that it seems desirable some definite instructions be issued by the highest judicial authority explanatory of the order that led to such removal.

8.

I am sensible that as particular cases come before me, I may give Endorsements of the kind pointed to in your Board's letter of the 15th January last a mode of proceeding which had occurred to me before the suggestion reached this Office but in the event of the judicial authorities not concurring in my view the Petitioners will have been handled about from

para: 2-

with the former Enandan, by virtue of which he is now occupying the lands.

3.

The Petitioners sought my interference, & referred them for redress to the Court on the 26th September 1850. They addressed me again and my Endorsement dated 14th December 1852 pointed out to them the particular regulation under which as it seemed to me they should seek a formal judicial decision

4.

They now desire that the Government shall decide the matter and direct the Collector to put them in possession of the lands with Rupees 105-4-8, the mesne profits for the last two years.

To Collector of Salem 10th February 1853

5.

Adverting to the opinion recently expressed by your Board that a Dumma dum Enam is not of the class referred to in Regulation IV of 1831 it appears unnecessary that the institution of any Suit the Petitioners may have to file should be supported by an Order from the Secretary to Government as provided in Section II of that enactment.

6.

Assuming it however to be

possible, that the judicial Officers of the District may mistrust their authority to file a Suit regarding a Dumumdum Enam, I beg to add that I am aware of no objection to the Petitioners being furnished with the Orders of the Secretary to Government by which the admission of a Suit to the file would be secured.

7.

Adverting to the circumstances under which as represented in my Communication dated the 15th January last, numerous Suits respecting rent free tenures have been removed from the files of the Courts in this District I beg with respect to suggest, that it seems desirable some definite instructions be issued by the highest judicial authority explanatory of the orders that led to such removal.

8.

I am sensible that as particular cases come before me, I may give Endorsements of the kind pointed to in your Board's letter of the 15th January last a mode of proceeding which had occurred to me before the suggestion reached this Office but in the event of the judicial authorities not concurring in my view the Petitioners will have been handled about from

para: 2-

from one Office to the other, with no beneficial result, great disappointment and much loss of time.

9 If the Sudr Adawlut would intimate in specific terms the extent to which their late construction should be applied, I am confident the Government and your Board will be saved the trouble of disposing of many addresses of the description of that now under notice.

	Recommendation of the Collector and the Grounds on which it is made.	Remarks of the Board of Revenue.	Orders of Government

This Enam is on a rent free Village situated in the Shoolagherry Poliput From the old Survey accounts prepared in Fusly 1228 it seems that Cheeka the Enamdar in possession who formerly performed the usual Poojah having absconded one Dalavoy Soobanoyapa entered on the enjoyment of the Enam as it were a Village Manium and so held it from Fusly 1209 without however keeping up the worship for which the Enam had originally been an Endowment. In Fusly 1232 Cheeka reappeared and obtained from the Poligar to whom he presented himself the resumption of the Pooja Enam. In Fusly 1234 he again absconded subsequently the Enam was left fallow for some years, later it came to the enjoyment of the Enamdar of the Village Dalavoy Soo- nayapa who held it for a period he being succeeded by some of the Poligars relations who had possession of it for some years later still one Nunjummanee guardian to the late Poligar got it and has had possession up to Fusly 1261 no Pooja having been performed for a long series of years past. As under such circum- stances the object of the grant has been lost sight of and the Enam has served for the benefit of private individuals having no manner of claim to it I recommend its resumption. -

No. 45

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue

Fort St George

Bd. No. 844

Sir,

From the Collector of Salem ...

I have had the honor to receive the observations recorded by your Board on the 17th instant on the Return of Fines imposed & stoppages made from the pay of the public Servants of this Collectorate, for the 4th Quarter of 52

Explaining the circumstances under which certain fines imposed on public Servants have appeared to the Board to contravene existing Orders.

54.

2 Respecting the fines imposed on Khistniah Tahsildar of Kaveul I would explain that during the last Quarter of the past year, I had almost made up my mind to bring his conduct specially to your Board's notice in view to authority being granted to me for reducing him to the Office from which I had myself promoted

Fort St. George 18th April 1853

promoted him some ten months previously Before so doing however, I had resolved to see what extra security would effect, and therefore it is, that so many fines appear against his name.

3 Eventually I thought it advisable to have him up to my Cutcherry and see what expostulation and advice would do, previous to troubling the Board with a report of the kind which I am always most unwilling to submit.

4 When I came to communicate with him personally, I saw reason to believe that he had to a considerable extent been thwarted by his Sheristadar an officer of old standing who perhaps was some what anxious to finish a vacancy in an office to which he is an aspirant. Consequently removed Khistniah to a less difficult Taluk than Kaveul and hoped by this arrangement to avoid the necessity of bringing his proceedings to the Boards notice. I was not unaware of the Circular order to which my attention has been drawn.

5 On this point I beg to mention that the fine of Rupees 14 as it appears in

in the Statement compromises two separate fines of Rupees 10 and 4 respectively. It seems to have been the practice to blend into one item, all amercements for which the same cause was to be assigned. Hence the same total is an excess of the amount to which a Collector's authority extends.

5 Under the same system the first fine of Rupees 7 entered at Kistnamalai viamo is composed of three fines of 1, 5 and 1 Rupee. The fine of 8 annas is single fine so also is that of 10 Rupees.

7. Unless otherwise instructed I shall arrange that future Statements exhibit each fine and its cause.

Salem Collector's Cutcherry, Ofsoot 30th March 1853. } /Signed/ H. D. Phillips Collector

Order thereon

54-55.

Ordered to be recorded.

N° 51.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George.

B° N° 932 Sir,
From the Coll° of Salem } I Referring to the authority granted by your Board in Paragraph 1 of their

56.

By Mr Dalzell Assistant Coll°r At Salem on the 14th March 53

Proceedings dated the 10th February last, I have the honor to report that the lands therein advert-ed to were sold on the date marginally noted for an aggregate amount of Rupees 229-

2 The accompanying Statement shews the particulars of the lands, and a balance in favor of the late Proprietors, amounting to Rupees 13-5-. I beg to request the confirmation of the sale by your Board and their permission to pay the balance in question to the ex-proprietors.

3 As regards the explanation called for by your Board in Paragraph 2 of their Proceedings under reply as to the cause of the lands in Taloks Namcal and Paramutty being valued higher than those in the Shevaroy Kerry droog Division, I beg to state that the former are capable of being irrigated by the Cavery River Channels, and are of a superior quality of soil possessing better productive powers than the latter. The fact that no offers were made for the lands in the Taloks last named, as indicated in the Statement herewith submitted, is of itself sufficient for your Board to infer that they are of an inferior description and have correctly been so estimated by the local authorities.

Salem, Coll°s Cutcherry, Ofsoot 6th April 1853. } /Signed/ H. D. Phillips Collector

B2 No 823

Remarks thereon.

62-63.

As the Mosque for the support of which this Enam was granted does not now exist, and no services, are consequently performed the Enam has obviously escheated to Government, but adverting to the long possession of the same by the present holders, who are the widows of the last incumbents whose death took place 15 and 13 years ago respectively the Board recommend that they be allowed to continue in the enjoyment of the Enam during the term of their lives.

Should Government concur in this proposition the Collector will be requested to report the ages of the widows and the shares enjoyed by each. It is presumed that due enquiry has been made into the conduct of the village authorities who neglected to report the death of the last 2 incumbents.

From the Collector
of Tanjore

64.

Sir

With reference to Mr Cunliffe's letter of the 5th July 1852 calling for report on the large endowments made for the support of Choultries

Choultries &c in this District as noted in the margin of the letter under reply, I have the honor to state for the information of the Board that these Choultrums are all under the management of the Rajah of Tanjore and have never come under the immediate supervision of the Government servants, the endowments have been made by former Rajahs, and the Establishments nominated, and superintended by the Palace authorities Under these circumstances I am doubtful whether it will be the intention of the Board that a minute scrutiny should be made into their interior economy, a step very unsatisfactory to his Highness whose dignity will be in a measure compromised thereby. No complaints have been made regarding mismanagement tho' doubtless under Government control the revenues set apart for the purposes of charity &c would be more strictly supervised and more fully realized as at present there are heavy arrears in the Villages and His Highness objecting to apply for assistance under the Company's regulations makes the collection of the dues very difficult. The buildings are reported to be in good repair and are looked upon as

as Rajahs chuttrums consequently I would not recommend that His Highness should be called upon to surrender the charge, this a periodical enquiry into their management by the revenue officers would be attended with advantage.

Tanjore Vellum

Recommendation of the Collector

and the grounds on which it is made.

Recommendation of the Board of Revenue

Decision of Government

9 10

It will be seen from the genealogical tree annexed that Soondraraja Goorroo Kul the son of the original Grantee left 2 daughters Thayummal and Seenemmal the first of whom was married to her Cousin Moothia Goorroo Kul alias Thiruvichuly Mootoosawmy Goorroo Kul and the 2d to her cousin Sevalinga Goorroo Kul as 2d Wife The former died without issue and the latter Goorroo Kul and the 2d to her cousin Sevalinga Goorroo Kul as alias Goospiroosawmy Goorroo Kul by his 1st wife and who had 2 wives left 3 Sons Vizt Goospiah Goorroo Kul 2d Seenemmal The widows of the last mentioned Mootoosawmy Goorroo Kul and Soondra Goorroo Kul by the were the last Incumbents and died without issue. 2 persons by name Sobammaul and Meenummal

The accounts in the record of the Inaugot for Fusties 1212- 1215 & 1217 bear entry of the maniem in the name of Moothia or Mootoosawmy Goorroo Kul From fusly 1219 to 1238 the maniem is said to have been enjoyed by the Goospiroosawmy Goorroo Kul mentioned in Column 7 the entry remaining as before. On Engrossing to the Village of Thenpakay he desired the Cummum to enter 1st Soondraraja in the account in the name of his half brother Mootoosawmy Goorroo Kul who enjoyed it till his death in Fusly 1255 when it was made over to Sobammaul and Meenummaul the widows of his self, and of his Brother Soondra Goorroo Kul respectively on the understanding that on their death it should revert to Goospiroosawmy Goorroo Kul which arrangement is said to have been confirmed by a subsequent award of a Punchayet. On death of these women Goospiroosawmy Goorroo Kul is said to have performed their funeral rites.

The Collector recommends that in the regular sanction may be granted for the continuance of the Enam of Sobbosawmy and Sevalinga Goorroo Kul as heirs of the deceased and lineally descended from the original Grantee. Although the Grant proceeded from a Zemindar of nuttum and is unsupported by Documents long possession in the Family seems to render the claim valid The Enam has never been placed under Settlement The long delay which has taken place was owing to the difficulty of acquiring knowledge of the Family Genealogy.

Proceedings

4786 Fort St. George 18th April 1853

B.d No. 815

Proceedings thereon.

(68-69.)

From Govt. 24th June Inclosure 1st July 1852.

As the last incumbents Soobammal and Meenammal died in 1845 before the Cumum rules were promulgated the Board are of opinion in conformity with the views expressed by Government on a similar reference from South Arcot that this Cumum should not be treated as a lapse under those rules till the death of the present holders or the survivor of them. It is therefore resolved not to pass any orders on this case.

Read

4787 Fort St. George 18th April 1853.

Read the following letter.

No. 35

To

W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

B.d No. 1961.

From the Collector of Madura.

Reporting upon Petitions Board's No. 2798. 2799 & 2830 of 1851 and 44 of 1853 and forwarding Copy of Sub Collectors report on the Subject.

2798 of 1851.
2799 of do.
2830 of do.
44 of 1853.

(70.)

In lieu of an Endorsement I take the liberty to submit a report by the Sub Collector on the subjects of the accompanying Petitions.

It would be a waste of time to repeat any part of Mr Clarke's narrative or arguments. I have therefore merely to express my concurrence in the construction he has put on Mr Hurdis' second order and his opinion that the Pulney Ryots are entitled to 3/5ths of the water of the Vurdapathnam River which it was the object of the work complained of to secure them.

As regards the reconstruction of the work, I saw writing to the Sub Collector to request that as he does not consider its destruction proved against the Zemindars people he will withdraw the order to charge the expense to the Ayacoody Estate and include the work in the

the ordinary Estimate of the year.—

4. In respect to the assumption of the Zemindary under the Court of Wards, the sentiments of the Sub Collector are not quite clear. Reprobation of the Guardians management was expressed so strongly in his Summabundy Report for Fusly 1261 Paras 67 to 80, that I considered it incumbent on the Court of Wards to dismiss him and submitted a recommendation accordingly; and I am inclined to think that Mr. Clarke holds the same opinion. But as Para 26 of his present Report might be construed to indicate a different view of the subject, I will request an explanation and submit it to the Board.

Madura,
16th March, 1853.

(Signed) R. D. Parker
Collector.

Encl. No 1
No. 26.

To
R. D. Parker Esqre.
Collector of Madura.

Sir,

I have the honor to submit for your consideration and orders the papers noted in the margin, being an Urzee & Deposition from Alaka Rondan Naik the Guardian of the Minor Zemindar of Ayacoody, and the Managers of the Estate, requesting permission to resign this trust.

+ 23d December 1852 No. 35
* 22d January 1853

The

2. The circumstances which would seem to have led the Guardian to adopt this step is detailed below and originates out of a long pending dispute between the Zemindary of Ayacoody and the inhabitants of Pulney regarding the distribution of the water of the Vurdapatunn river. I have said "seem" because I believe that the true cause is to be looked for in the recommendation made by you in the 53d para of your Settlement Report of the 31st December last. I long looked in vain for a sufficient reason to justify such a step on the part of the Guardian, and was told by many Public Native Servants that it was really attributable to the unfavorable report I had made of him. I did not consider that such would prove a sufficient motive, but a perusal of your report has led me to believe that his desire to avoid the supposed disgrace of a removal has led to seize on any pretext to retire from his Office.—

3. The water of the above river which originally appears to have flowed down to Pulney having by means of a dam and channel been diverted from its original stream

streams, it is stated in the Historical account of the survey of this province "That it was deemed expedient that the Ayacoody Channel should contribute to repairing the disadvantage; in consequence of this a convenient spot was chosen above 3/4 of a mile on the North of the annicut at a rock which lined the left bank of the canal and which fully answered the design by lowering the surface of a part of the stone, and admitting the water over it as a floodgate, the channel formed by this communicates with the river above another annicut." This will be better understood from the accompanying Plan which must be received irrespective of the new masonry works built on it and which were erected subsequent to Mr. Davidson's orders, referred to below.—

4 As this Annicut and channel are in the Ayacoody limits, it would seem that after a time, the Zemindar claimed a right to them and this right seems to have been in a measure conceded to him by the late Sub Collector Mr. Davidson who by an order dated the 3d. October 1839

1839, declares the annicut to be the Zemindar's and that he is entitled to receive one fifth of the water flowing down this Channel.—

Tradition & prescriptive right

5. allow to the Pulney ryots 2/5th of the water flowing down the channels from the Vurdaputtanum river and Mr. Davidson having in his order above quoted recognized this right and based his order upon it, the Pulney ryots have received at his hands substantial justice; but by allowing the Zemindar to take 1/5th of his share of water through the second Pulney Poly channel, a door was opened for a continuance of the disputes which it was his desire and aim to settle.—

6. So far back as the time of Mr. Hurdis it has been the practice of the Zemindar to deprive the Pulney ryots of their share of water. In 1798 Mr. Hurdis passed an order dated 12th December distinctly enunciating the fact that the Pulney ryots were entitled to 2/5th and the Ayacoody Zemindar to 3/5th of the water turned off from the Vurdaputtanum river and enjoining the

Fort St. George 18th. April 1853

the Zemmindar for the future strictly to observe this distribution.

7. Against this order the Ayacoody Zemmindar appears to have remonstrated and to have stated that the Pulney ryots were not entitled to any defined portion of water, that they always enjoyed a large portion & that he had not interfered with their rights. To this Mr. Hurdis replied he was glad to receive the Zemmindar's communication and had nothing more to say than that the Zemmindar was without failure to permit the determined quantity of water to flow through the Vyapoory Channel.

21st December 1798

8. This order was never in spirit attended to and continued disputes between the Zemmindar & the Pulney ryots were the consequence.

9. In 1839 the Zemmindar of Ayacoody claimed a right to 3/5ths

Fort St. George 18th. April 1853.

of the water of the Enaun Channel for his Paupencolum tank which he complained was not secured to him in consequence of the Pulney ryots having lowered the cross dam and because the bed of the channel had been raised, the Pulney ryots claimed not only the 2/5ths which the Zemmindar admitted they were entitled to but all the water which flowed over the dam which they affirmed the Zemmindar had no right to touch as it was theirs.

10. On the 3d October Mr. Davidson passed an order in which observing that as Mr. Hurdis had expressly declared the Pulney ryots were entitled to 2/5ths of the water to allow

allow the Zemindar to convey 3/5
by the Paupencolum channel
would deprive the Pulney Ryot
of their proper share as well as
the other tanks of the Ayacoody
Zemindary supplied by the se-
cond or Vyapoory channel, he direct-
ed that only a 2/5th share should
flow down the Paupencolum
Channel, and the Engineer of the
Division was requested to construct
a work which would ensure such
a distribution. This work was
constructed but not I believe as
was originally designed. A head
Sluice resembling a Caligula
was built across the adjacent heads
of the two channels, the crown work being

placed

on nearly the same level as the beds of the
Channels, and four pieces of masonry raised upon
it, so as together with the wing walls of the Caligula,
to form 5 equal vents. By the means of the wall
of rough stones which separated the heads of the
Channels, one from the other, 2 of the vents were
allotted to the Paupencolum Channel, and 3 to the
Vyapoorycolum Channel.-

11. But neither the Order nor the
work secured to the Vyapoory tank its proper share.
The Zemindar evaded the one and rendered the
other abortive through the connivance of the
native Officials; and the Pulney ryots again
preferred their complaints to the Sub Collector,
Mr. Elliot who in 1845, with the Civil Engineer
Captain Horsley visited the disputed work. In his Diary
of 23d May 1845 Captain Horsley recorded his
opinion very strongly regarding the truth and
validity of the complaint preferred by the Pulney
ryots, and shewed how there was reason to suspect
that the Zemindar had been connived at, if not
supported, in drawing off the water which
belonged to the Circar ryots, and he suggested
the erection of a work which would diminish
if not remove the power of the Zemindar
again to act in the same illegal way.-

No 4

Fort St. George 18th April 1853.

12. No notice appears to have been taken of this suggestion, and in 1848, the Pulney ryots renewed their complaints which led to the Civil Engineer's Department being again consulted, and eventually a correspondence took place through you, between the Civil Engineer and the acting Sub Collector Mr. Deavage, which resulted in the Civil Engineer's recommending the construction of a revetment and regulating vent at the spot termed Meenparai as shown in a Sketch prepared by the Palaka Maistry under the directions of the Civil Engineer, on an Estimate of Rupees 120-11-0 to be carried into effect as emergent and charged to the account of Government, the Zemindary paying for the repairs and due preservation of the head sluice as at present.-

13. The Zemindar as was supposed by the Civil Engineer and as it was natural to conclude he would throw every hinderance and difficulty in the way of the completion of the work; and it was not till the acting Joint Magistrate issued a stringent proclamation warning the Zemindar and his people of the serious consequences of their illegal proceedings that the work was permitted to be proceeded with.

No.

Fort St. George 18th April 1853.-

14. No sooner, however, was this work completed and approved of by the Department (see Mr. McMan's Diary of September 1851) than it was destroyed and there is the strongest reason for believing that this work of destruction was effected by the Zemindar's people under his orders. There was nothing extraordinary in the character of the fresh which was alleged to have carried it away, no other works suffered from it, and the radical removal of the work seemed to shew that the work of destruction was the work [illegible] not of the stream but of men, but as was natural, no proof could be obtained to fix the offence on any particular persons. This is not surprising when the object they had in view is considered as well as the place where they carried it into effect. It is situated 6 Miles from the Circar Village and covered with thick brushwood and Jungle. The work of destruction was also done at night, and I may here add that the Zemindar employs several parties as watchers in the very neighbourhood of the Annicut.-

15. Taking these facts into consideration, it was deemed right to make the Zemindar restore the work. When called on to do so, he deferred commencing it. He then appealed to the Board of Revenue, and as one working season

season had passed away without any thing being done, the Tahsildar was ordered peremptorily to collect the Amount from the Estate and complete the work, without delay. The Guardian was also enjoined to disburse the needful Monies.

16. On the receipt of these orders the Guardian forwarded the Urzee referred to at the commencement of this letter.

17. It appears to me beyond Cavil, that the Pulney ryots have an undoubted right to 2/5ths of the water which flows down the Channel from the Vurdaputtanam river. This rever seems originally to have flowed down to Pulney until diverted from its course by the Zemindar. And it is more than likely that when deprived of the water of the main stream by the Zemindars Channel they claimed and obtained a right to participate in the stream which flowed down the Channel such a supposition is not preposterous when the violence of Natives against any encroachments on their rights of water is considered together with the great power of the late Zemindar of Pulney and the Superstitious veneration paid by the natives in general to the idols of the Pulney Pagoda for

for the support of which the Villages watered by the tanks supplied by the Vyapoory Channel were granted.

18 But however this may be, it is perfectly clear that Mr. Hurdis's Order of 12th December 1798 most distinctly recognizes and peremptorily insists on this right on behalf of the Pulney ryots; and Mr. Davidson's order does the same.

19. The Guardian urges that Mr. Hurdis's second order of 21st December 1798 cancels the first and that that Officer received and admitted the explanation & averment of the Zemindar that the Pulney ryots had no right to any defined quantity of water.

I certainly do not put this construction on Mr. Hurdis's second order, which I do not understand to modify in any particular his former order, but rather to repeat and enforce it.

20. The Zemindar further contends that though Mr. Davidson's order ruled that only 2/5th of the water of the Channel should be allowed to pass down the Paupencolum channel, he no where directed that the Pulney ryots should enjoy 2/5th of the remainder which flowed down the Vyapoory channel. The

Fort St. George 18th April 1853.-

21. The quantity of water to be allowed to flow to Pulney was not one of the main points sub judice and therefore the order of Mr. Davidson is not mainly directed to it.- The great question was how much water was to be allowed to flow down the Pau: =pencolum Channel; and the right of the Zemindar to interfere with the dam which separated the heads of the two Channels. The Zemindars admission and Mr. Hurdis's Orders enabled Mr. Davidson to assert that the Pulney ryots were entitled to 2/5ths of the whole quantity, and on this dictum the whole decree rests. The quantity permitted to the Paupencolum tank was determined entirely and solely by the recognized right of the Pulney ryots to a certain quantity. Mr. Davidson's order appears to me quite clear and conclusive on this point and there can be no room for Cavil excepting to the most distorted mind.

22. This order was passed in October 1839 and has never been repealed for a period of 13. years. It is now too late for the Zemindar to take exception to it. He has however, as shown above,

Succeeded

Fort St. George 18th April 1853.-

succeeded in evading it, and it is because the power of doing so any longer is now taken from him, that he offers all this resistance.-

23. If it is clear, and to me it is perfectly so, that the Pulney ryots have a right to 2/5ths of the water, since that Village is under the management of the Servants of Government it appears to me to be only the plain duty of those servants to secure the ryots in the enjoyment of their undisputed right. and consequently that there can be no question as to the propriety of erecting the work suggested by Captain Horsley.-

24. By doing so not only is an unfailing cause of dispute between two bordering Villages removed, but the means of corrupting and tempting the native Servants of Government, is also diminished, for it was always the policy of the Zemindar to pay highly to be allowed to encroach on the right of the ryots of Pulney and I must confess that I have not sufficient faith in the integrety of the generality of our Native Servants, as to believe them to be above the power of such corrupting influences.-

25. But though it is clear that Pulney ryots have a right to so much

Fort St. George 18th April 1853.-

much water and that we have a duty to perform in securing this right to them, I must confess that there is not a title of legal proof to shew that the work which was erected in order to secure them, this right was destroyed by the Zemindar and his people. I am indeed morally convinced of it and there is every thing short of legal proof to lead to the conclusion that the work was destroyed and not carried away by the floods; but in the absence of such proof I would solicit your instructions as to the propriety of disregarding the protest of the Guardian and of saddling the Estate with the expense of restoring the work.

26. The Estate I doubt not would be far better managed under Government Superintendance than it now is by the Guardian, and thus the Minor could be a gainer by the assumed conscientiousness of his Guardian, but would it be right in the Government in the face of the protest to enforce the orders on the evidence before it.-

27. Together with the protest I submit the Zemindar's Petitions to the Board of Revenue and the plan which accompanied them.-

3 Petitions & 3 Enclosures.

Should

Fort St. George 18th April 1853.-

28. Should it however, be deemed expedient to accept the resignation from Obalacondama Naik, I would suggest whether it would not be desirable to place the Estate under the Talook Authorities, increasing the rates of the Salary of the Tahsildar and Moojumdarly Rupees 30 & 7 each employing a Gomastah and Royasum on 14 Rupees & 7 Rupees each, and Zelladar on Rupees 10, making an outlay with Sadalwar of about 70 Rupees per Mensem. The Establishment of Peons now kept up by the Zemindar would be ample, and great reductions might be made in the household and Sundry expenses of the Minor and his relatives. I would also propose to attach all Maniems which are now enjoyed by the relatives of the Zemindar on the plea that they are assignments by the late Zemindar for which vouchers cannot be produced. These alienations are at present on a very excessive scale.-

29. These suggestions may be deemed rather premature and the details respecting them may be better deferred till the main point regarding the resignation of the Guardian is determined upon.

Sir,

B. No. 785.

From the Collector of Canara

(79.)

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 3d March 1853 requesting me to report upon the suggestion contained in the concluding para of the letter from the Government of Madras to the Supreme Government that

Fort St. George 18th April 1853.

that in lieu of stationing a Deputy Tahsildar at Sedashagur it might be a preferable arrangement to divide the Ankola Talook into two Tahsildaries each with its own Tahsildar and distinct establishment.—

2. In reply I beg to state that with the limited establishment now provided from the arrangement of the Talook under a Tahsildar and Deputy, appears to me to be more desirable than its division under two Talooks. The sanctioned amount is not sufficient to each division and I therefore think that the accounts of the whole Talook should continue under the orders of the Tahsildar of Ankola and at the same time this subordination of the Deputy to the Head Tahsildar does not appear to me to weaken the efficiency of the Deputy as an administrative Officer. He will correspond in all police cases direct with the European Officer of the division and his Establishment is now on a scale, which ought to suffice for the discharge of all the duties of his division.

3. I therefore beg to recommend that at any rate for the present the arrangement as before proposed be confirmed.—

Collector's Cutcherry

To
Messrs Amalric Lecot & Co.

Bd. Cr. 788

To Messrs Amalric Lecot and Co.

Gentlemen,

In Fort 18th April 1853

I am directed by the Board of Revenue to inform you, with reference to your letter of this date that Nellore is the only District along the Coast where Salt is now available for export to Calcutta on private Trade.

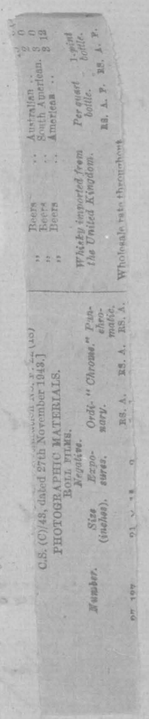

91-92.

2. From a Return received this day from that District, it appears that there are now 69850 Maunds of Salt set aside for the Calcutta Market, but in consequence of the destruction of Salt at Madras by the late Rains, Nellore is likely to be heavily indented upon for this Market the Board are therefore not prepared to say what quantity of Salt may be available for Calcutta in all June they would however suggest that as time will permit, you place yourselves in communication with the Collector of the District on the subject.

3. Particulars regarding the price of Salt &c. are contained in an Advertisement from this Office published in the Fort St. George Gazette for 1845 page 800.

From the Chief Secry to Government. No. 109.
1. Extract from the Minutes of Consultation,
Dated 19th April, 1853.
Read the following letter.

No. 861.

To Sir W. C. Montgomery Bart
Chief Secretary to Government
Fort St. George.

Sir,

16th April 1853 No. 108 on the Extract from the Proceedings of the Board of Revenue of 14 idem.

Adverting to the order of Government marginally noted directing the Marine Board to report whether the "Hugh Lindsay" could be made available for towing some Salt donies from Ekapilly on her return from her approaching trip to the Northern ports, I have the honor by their desire to state that she will be able to bring down two or three provided the water is smooth and there are no indications of approaching bad weather. The Steamer will at that time have on board 13 Lacs of Rupees, and the practicability of performing

performing the service without risk must be left to the judgment of the Commander, who will be guided by the circumstances of wind and weather then prevailing; but from general appearances the Board do not anticipate any difficulty in the matter.

Madras, Marine Board Office, 18th April, 1853. (Signed) J. J. Franklin Secretary

Order.

The foregoing letter will be communicated to the Board of Revenue, with reference to their letter of the 14th April No. 1145 and the Marine Board informed that it will be left entirely to the discretion of the Officer Commanding the "Hugh Lindsay" to take in tow Dhonies Laden with Salt.-

To. the President and Members of the Board of Revenue.

(True Extract and Copy) (Signed) H. C. Montgomery- Chief Secretary-

No. 6 Enam in Siddhantam held by the late C. Sorbuna Toms 2-8 Income Rs. 3-.-.-.—

This Enam will be resumed as
2. recommended.-

On the grounds of long undisturbed
3. possession in the female line and of the destitute Con-
dition of the widow and infant son of the deceased, the
Government are pleased to authorize the Continuance
of the Enam to Vapanamah as recommended by the
Commissioner. On her death, the Lapse will be report-
ed for orders.-

Will be Continued for the reasons stated
4 to Venkamah the Mother of deceased and Soobanna
her daughter, and will Lapse on the death of the
survivor of them.-

To be Continued under the circumstances
5. represented, to Rama Lutchmee during her life.-

Will be resumed as recommended.
6

To be brought under full assessment.
7. Had the alleged sale been proved this case might
have merited Consideration (Boards' C. Order P.
471) but it appears from the remarks in Column
12 of the Statement that there is no proof of the sale

Will be continued for life to

28 Iyagaree Soduvva the widowed daughter of the original grantee as recommended.-

From the Secretary to Government of India 23rd August 1846.

The Right Honorable the

29. Governor in Council observes that in many of the cases above disposed of the Enams are of very small extent. It is remarked that in the year 1846 the Supreme Government suggested the expediency of applying to this Presidency the principle of the rule regarding Lackheray tenures obtaining in Bengal and exempting from enquiry all Enams not in excess of two Cawnies which may have been held free from the payment of Revenue or rent without interruption for a period of 50 years.-

From Board of Revenue 5th November 1846.

Objections were at the time made to the adoption of this rule but the whole question of the Enam holdings in the Madras Provinces has since undergone further considerations, and these tenures are now disposed of according to principles laid down in 1848. The Right Honorable the Governor in Council would therefore recur to the propositions of

Fort St. George 21st April 1853

of the Government of India and he would wish for the opinions of the Commissioner for the Northern Circars and the Board of Revenue whether all Enams entered in the public accounts at an extent below two cawnies might not henceforth be wholly exempted from interference on the part of Government either in respect to their present enjoyment or future disposal, the reports of the Collectors on the lapses of Enams or of shares in Enams being hereafter limited to those cases in which the entire enam which has lapsed wholly or in part is in excess of the above quantity of two Cawnies.-

To The President and Members of the Board of Revenue.

Read the following letter from the Government Pleader in the Court of Sudr Udalut.-

No. 7.

To T. Pycroft Esqre
Secretary to Government
in the Judicial Department.

Sir

I have the honor to request that you will obtain the sanction of the Right Honorable the Governor in Council should he deem it expedient for my indenting upon the Collector of Madras for such Stamp paper as may from time to time be necessary for my carrying on the Government business in the Sudr Court.-

If some such course is not

2.

Fort St. George 21st April 1853.

not adopted. I fear that I shall have frequently to trouble the Government with petty applications for Stamps whenever any motion or other proceedings becomes necessary and it will also obviate the inconvenience which at present exists of Collectors forwarding me hoondies for small amounts of which I have to keep an account and after defraying the necessary expences of my having to procure hoondies for the value of the balance.-

3. Should the Right Honorable the Governor in Council be pleased to grant this application perhaps you will at the same time obtain for me instructions as to the period at which and the authorities to whom I am to account for the expenditure of such Stamp papers as I may require for the exigencies of Government business.-

17th March 1853.

(Signed) John Bruce Norton
Government Pleader
of the Sudr Udalut.

Resolved that the foregoing letter be communicated to the Board of Revenue who will issue the necessary instructions for the Government Pleader in the Sudr Udalut being supplied from the Office of the Collector of

Fort St. George 21st April 1853.

of Madras with such Stamp papers as may be required from time to time for the exigencies of the Public Service.-

The Board will after communication with the Judges of the Sudr Udalut and the Superintendent of Stamps report the restrictions under which it will be necessary that these papers should be supplied and the mode in which the expenditure should be accounted for by the Government Pleader and adjusted in the Public accounts.-

To the President and Members of the Board of Revenue

Reviewing the report on the Extra Sources of Revenue in the District of Coimbatore for Fusly 1261.

15.

Read the following Extracts.

No 366.

Extract from the Minutes of Consultation in the Revenue Department under date the 5th April 1853.

Read the following Extract from the Proceedings of the Board of Revenue.-

(Here enter 3d March 1853 No 905).

Para 1. The demands on account of the Extra Sources of Revenue in the District of Coimbatore for Fusly 1261 Amounted to Rupees 2,36,279 and was Rupees 3914 below that of the previous year. This result was occasioned by a decrease of Rupees 18,182 principally under the heads of Sundalwood &c. which was only partially counterbalanced by

by an increase of Rupees 14,268 chiefly under the head of Profits on Tobacco. The causes of these fluctuations are sufficiently explained by the Collector and Board of Revenue and it is observed that the decrease in the revenue from Sandalwood and Teakwood above adverted to did not proceed from any actual falling off in the sales of the year under report but from "the absence of adjustment in the accounts as in Fusly 1260 of the arrears of sale proceeds of wood sold in 1846."-

Collector's Report 6th December 1852. Para 5.-

2. Of the above demand, the Collections within the Fusly amounted to Rupees 235,761 and the balance of Rupees 518 outstanding at its close under the heads of Small Farms and Mathurpha was subsequently realized in full. The gross collections including extra items and arrears, amounted to Rupees 2,38,985, from which charges Rupees 5924 being deducted the net Revenue Rupees 2,33,060 was Rupees 1514 below that of Fusly 1260.-

23.

Fort St. George 21st April 1853.

No. 416.

Extract from the Minutes of Consultation in the Revenue Department under date the 13th April, 1853

Read the following Extract from the Proceedings of the Board of Revenue (Here enter 10th March 1853. No. 10)

Read Para 4. On the recommendations of the Board of Revenue, the Right Honorable the Governor in Council authorizes the Collector of Tinnevelly to disburse to the two Hunganey inspecting Goomastahs of Tuticorin a sum out of the Surplus fees on deposit sufficient to make their receipts to 31st December 1852 equal to a Salary of Fourteen (14) Rupees per mensem and to retain the remainder on deposit. He also sanctions the Collector's proposal to distribute to each of these Goomastahs in future the Rs. per Mensem leaving a final adjustment to be made of their allowances at the end of the year.

2. Referring to what is stated by the Collector as to the excess of the fees Collected from November 1851 to December 1852 above the amount anticipated and the further increase expected, the Government would remark that it is not their wish to make a profit by the arrangement and therefore the Sums Collected from the Merchants should Continue to be beyond the required disbursements, the Board of Revenue will consider the propriety of reducing the rates of fee charged.

To The President and Members of the Board of Revenue.

DG

4862. Fort St. George 21st April 1853.

No. 47.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir,

Bde No. 1047.
From the D. Sub Coll.
Nellore.
in Charge of
In reply to
Circular dated
8th November
1852 reports
upon the com-
mutation
rates of the
District and
the bearing
of those rates
upon the
Condition of
the people.

33.

I have the honor to Sub-
mit herewith replies seriatim to the
several points upon which information
was called for in the Boards Circular
under date 8th November 1852

1- Three different rates of Com-
mutation obtain in this District;
the first fixed by Mr Travers in
Fusly 1212- the second by Mr Smalley
in Fusly 1236- the third by Mr Stonhouse
in Fusly 1250- this last however with-
reference solely to the Cheroy just de-
-gnestrated Taluk of Woodiagherry
and applying to it only-
These rates are as follows. by-

	Wet Grain per Candy Rs	Madras Measure per Rupee	Dry Grain per Candy Rs	Madras Measure per Rupee
	20	37 3/4	28	26 2/3
Mr Travers	20	"	30	24 8/9
Mr Smalley	18	41 12/27	22	33 2/38.
Mr Stonhouse				and.

and are in force.

The 1st in 127 Villages
" 2d " in 467 "
" 3d " in 67 "

that it is to say the commutation rate of Fusly 1236 obtains throughout the District with the exception 127 Villages in which Mr. Smalley left the former i.e. Mr. Travers rate undisturbed, and in the 67 of the Woodiagherry Taluk.

Garden Lands have not been included in foregoing Statement inasmuch as in Fusly 1212 Mr. Travers "whose Settlement has not been since disturbed" adopted the same rates of Assessment upon the various crops grown in them as then found in force without alteration however, except in the case of "Mollum" land on which the usual "two Crop" produce of "Suzza" and "raggy" was grown and which was irrigated in one of the 3 following modes.

1st by means of "Cumma Chauals" or large substantial wells 2nd by means of Picottahs with water drawn from small wells Channels tanks or Springs termed "Yalanpollu" and 3d by hand with pots &c

termed "Cheypotulu" This, he assessed at a commutation rate of Rupees 28 per Candy, or 26 2/3 Madras measures per Rupee with reference of course only to the regular Mansoul crops aforementioned, but becoming assessable, if growing any of the usual Garden (or Jareed) Crops, at the rate fixed upon such.

2. All the information on record are obtainable upon the points specified in para 2 of Circular under reply whether as regards Mr. Travers original Commutation in Fusly 1212 or Mr. Smalley's revised one in Fusly 1236 is contained in their respective Reports for those Fusslies, and embodied in paras 40 and 41 of the former and in paras 6 and 10 of the latter, with reference apparently to Price Current 426 which accompanied it.

The original documents in question being with the Board I would solicit reference rather than needlessly swell this present communication by verbatim extracts suggesting only that the fact of the average prices in all the Taloks of

all

Fort St. George 21st April 1853.

all dry grains from commencement of and up to April in Fasly 1236 (as exhibited in Price Current Sheets No. 6 above noted) giving a result of Rupees 30-10-4 per Candy and that similarly of fine and coarse Paddy giving a result of Rupees 20-11-6 per Candy whilst Mr. Smalley's Commutation rates are Rupees 30 and Rupees 20 respectively would with reference to para 6 of his Report, and in the absence of other apparent clue or information afford strong presumption, that this was their basis.

In his assessment of the rates in Woodiagherry in Fasly 1250, Mr. Stonhouse appears to have based it upon the average of the prices prevailing during the preceding years in the two adjoining Talooks of Ravoor and Caligherry in as much as no record of those which had prevailed in the Woodiagherry Talook itself were available to him, whilst it further appears that this average was taken upon 3 sorts of Paddy and upon

Fort St. George 21st April 1853.

upon 14 different species of Dry grain (as per Margin)

3. The information called for in this para has already been explicitly afforded at the close of reply to preceding one as far as Commutation Settlement

Mr. Stonhouse's commutation Settlement for the Woodiagherry Talook is concerned, whilst as regards that framed by Mr. Smalley there appears with reference to what has been already observed in para 2 on the subject every reason for believing it to have been based upon a general average of the rates prevailing in the District Talooks collectively and not those in certain towns only.

GJ

Fort St. George 21st April 1853.

Of what guided Mr. Travers in his commutation Settlement neither records nor clue is to be obtained, beyond such as his Report (before quoted) affords - It would not however appear to be of much importance as the rate fixed and in force in the 147 Villages wherein this Settlement was left undisturbed by Mr. Smalley is identical with his own, as regards wet grain whilst the decreased rate upon Dry produce of 2 Rupees per Candy may be readily ascribed to the circumstance of his having allowed the price of Jonna only to regulate that put upon all collectively (as stated in his Report)

4 - After deducting 6½ per Cent from the gross produce for Village Artificers fees the Government share of the remainder was 11 parts in 20 -

5 - There do not appear to be either among the Hoogoor or Taloor Records or with the Village Curnums any Accounts from which to

Fort St. George 21st April 1853 -

to frame the Statement called for in this para - The information however with reference to Fusly 1211 (the one immediately preceding that of Mr. Travers commutation) being procurable it is submitted herewith

Encl: Statement I. a Statement of the actual

Encl: Statement II. cultivation of all descriptions of grain for Fusly 1261 is submitted herewith -

The only product that appears to have been introduced since original and extended since subsequent commutation, is Indigo but (except in a few instances perhaps) the Ryot who grows the leaf has no concern with the Market value of the Manufactured article, although from the fact of its bearing a fixed and tolerably remunerative value which he often received partly in advance, and can readily realize on cutting from the European and Native Merchants and its enabling him thereby and therewith to meet the Circular demands to some extent without the compulsory sale at whatever rate procurable of his other produce he may be said to be

Fort St. George 21st April 1853.

be in a measure benefitted by its cultivation.

7- There does not with the exception of Indigo appear to be any difference however in the descriptions of Produce grown formerly and at the present time by the Ryots or indeed between what were and are grown by them and by the richer- the principal of which (i.e ordinary wet and dry or "Metta" and "Maganay" crops) are noted in the Margin, and the considerable general fall in the market prices and value of which with reference to those and that at which they were commuted has pressed very heavily upon all Classes- the poorer of course in a greater degree as representations regarding which have it appears been already submitted to the Board from this Office.

There does not however seem to exist any cause for complaint in this respect, as regards the Assessment, with the exception perhaps of that upon Tobacco Crops- a recommendation for sanction to reduce which by

Fort St. George 21st April 1853

by one fourth appears to have been submitted by Mr. Smalley, but not ultimately approved, whilst the growth of Sugarcane has almost entirely ceased recently owing, it would seem, to the very low rates at which Jaggery is imported from the Ceded Districts, and competition with which has not even been induced by the favorable terms offered by Government for promoting its cultivation.

I may further observe in this place, as in connection with the subject that owing to the very high Assessment of "Bettahvaulu," "Moolum" lands, irrigated that is by means of wells, where water is found just below the grounds surface, their cultivation has been almost entirely given up. The Commutation rates having been fixed as specified on three different parts, the Statement submitted has been made to embrace the whole period, from Fusly 1212 that is until 1260.-

It includes the prices of three sorts of Dry Grains only as these from the principal Dry Cultivation of the Districts, the only Crops grown to

and

Fort St. George 21st April 1853

to any considerable extent and which alone are quoted in the Price current Sheets, annually sent to the Board.

9th.- The former has already been answered under para 6. and the latter is not applicable to this District.-

That the Ryots as a body have may must have suffered and become impoverished under the effect of the commutation rates imposed upon them, will be at once apparent on a comparison between the actual prices at which produce generally has been selling for several years past, and the assumed value of such in fixing the assessment. For example Dry Grains commuted at 30 Rupees per Candy of estimated produce shew but an average value upon the 3 principal kinds, noted in Price Current during the last 10 years of 19 Rupees more or less, a ryot therefore cultivating an extent of dry land assessed for instance at 30 Rupees would, on selling the

Fort St. George 21st April 1853.

Candies of Grain which that land was estimated, of course, to produce, realize but an average of 38 Rupees, more or less for it, leaving him after payment of his 30 Rupees to clear a balance of 8 Rupees something more than 25% in lieu of what he was supposed to realize.

The result of such is that Cultivation is as a rule unwillingly pursued unwillingly extended, and its Dittum amount even in most cases artificially, I may say compulsorily kept up by the Tahsildars.-

Contingencies of Season and prevalence of Epidemic among men or Cattle of course will, and frequently do seriously combine towards the general suffering and poverty; but such contingencies engender naturally a double evil where the Ryots actual condition renders him well nigh powerless in contending against them.-

I have above assumed that the land actually produces the amount of grain upon which commutation was assessed, but there is every reason to believe that in this likewise loss frequently accrues to the Ryot and

and that much has been rated considerably above its present actual produce. I am unable to speak accurately or point to instances on this head, as no field-wise produce accounts appear to be kept in the Cutcherry and upon such rough estimates as might be procured from the Village Curnums framed merely for the settlement of these fees, no reliance could be placed.—

It would be difficult now therefore to deal with this point as regards positive establishment and consequently direct remedy nor would such special provision appear to be necessary should measures for general "alleviation" and amelioration of the Ryot be adopted.—

To this end I would suggest as the most natural as well as equitable means, a revision of the present existing rates of commutation.—

A reference to the actual average prices obtained during the last 10 years for the three sorts of grain which form the principal Dry produce of the District shews a collective average result of scarcely Rupees 20 per Candy—whilst for the last

26 years even / since Mr. Smalley's settlement that is / including as they do, the two seasons of famine rates the total average does not exceed Rupees 22, the commuted rate in force over the major part of the District being Rupees 30. A similar reference regarding the actual average prices of paddy of both qualities for the last 10 years — shews an apparently much more favorable result being (more or less) Rupees 18 per Candy, the commutation rate being but Rupees 20. This however cannot be regarded as the true average of prices as generally and actually obtained throughout the District, it being if I may so term it fictitiously increased on paper by the inclusion of the higher rates prevailing in the Sub Divisions, upon the comparatively small quantities produced and sold there, those obtaining in the Principal Division where it is chiefly grown being uniformly lower.

I would therefore propose to lower the present commutation rates as fixed by Messrs Travers and Smalley and that by Mr. Stonhouse upon Wet land to

Seventeen Rupees Eight annas & Twenty two Rupees—

to Rupees 17— 8 per Candy upon Magany and Rupees 22 upon Mettah crops, respectively without disturbing the previously assumed amount of produce, i.e. the grain valuation of the land. For example an assessment of 30 Rupees, say upon a tract of Magany at the present commutation rate, represents as former grain demand upon that tract of 1½ Candies, which under the proposed reduction would be commuted to Rupees "28/8" and similarly throughout.—

A second mode might be to annually revalue or commute, the grain demands (obtained as before) at the actual average prices current for the then fusly: a proceeding manifestly and thoroughly equitable, but unfortunately open to the serious objection of the probable difficulty which, this dependance thereon would create of obtaining correct returns of prices, and the variety of evils & disputes and trouble, which such a periodical change would necessarily involve.—

The above suggestions of course, apply only to ordinary Magany and Mettah cultivation, no alteration to ever

ever appearing called for in Garden land Assessment with the exception perhaps of that on Tobacco (in which a reduction has already been recommended) and upon "Bottabhawala" Moolam, already commented upon, the rate upon which manifestly calls for revision.—

The immediate result of the adoption of the above would doubtless be a considerable falling off in the land Revenues, but there would appear to be every prospect of such being recovered hereafter with very probable augmentation from the increased cultivation which increased prosperity and increased means would enable and doubtless induce the Ryots to undertake.—

Trusting that this report will be considered satisfactory.—

Nellore District,
Kistnapatam,

Order thereon

(35-36.)

Ordered to be sent for publication in the Fort St George Gazette.

Read the following Letters.

No 48

To W. H. Bayley Esqr
Secretary to the
Board of Revenue,
Fort St George

Bc No 1049

From the acting Sub Collector in Charge of Nellore -

Furnishes information called for in Circular dated 24th March last in regard to the Land measures of the District.-

1 Sungum Talook
1 Calegherry Dc
13 Villages in the Nellore Talook.
1 Dc Talamunchey Talook.
1 Dc in Poommala-talpoor.

(37.)

Sir,

In reply to your Circular of the 24th March last I have the honor to state that 3 different Land measures are in use in this District.-

1. In the regularly Surveyed parts as per Margin the English chain has been adopted. The chain used is 33 feet long and 1 Chain square or 1089 Square feet = 1 Coonta 40 such Coontas = 1 cheru and 3 Acres and 5 Coontas i.e. 125 Coontas being 1 Gortoo of 136125 Square feet.-

2. In the still unsurveyed portions of the District Nella, Mangey and Moolooom, land are measured with a rod 32 Cubits or 51½ feet long and 1 rod Square or 1 Coonta = 2756¼ (2756.25) Square

4888 Fort St George 21st April 1853.

Square feet and 50 such Coontahs. 1 Gortoo of 137812½ (137,8125).-

Jareeb Lands are measured with a rod 21 Cubits or 33⅓ feet long and 1 rod Square or 1 Coonta = 1187 73/4097 (11,870,178,179) Square feet.-

The above 3 Land measures are not only now used in the public accounts but they are also the local measures as known among the Ryots and are the same in all Talooks, where they are in use. In old documents the extent of Land is often expressed by the quantity of seed required for it, and experience has shewn 2½ Sooms to be the average quantity required for one Gortoo of Land of 50 Coontas. already referred to. The Land measure Coochala likewise is not unfrequently used in old Sunnads relating to grants in the Northern Talooks and it denotes an extent equal to 8 of these Gortoos.-

The term Gurrah mentioned in the Memorandum is not in use in any part of this District.-

In

4889 Fort St. George 21st April 1853

In Venkatagherry Zemindary various land measures are stated to be in use but there is nothing on the record to show what they are.-

Nellore District,

No. 52

To. W.H. Bayley Esqr.
Secretary to the
Board of Revenue
Fort St. George

Sir

In acknowledging the receipt of an Extract from the Proceedings of the Board of Revenue dated 16th instant, I have the honor to state for their information that there are at present 2,67,736 maunds of White salt in store at the different Ports in the district as indicated in the margin. The Collector of Madras has been informed that 148,000 maunds at Eskapully and 72,000 maunds at Kistnapatam amounting together to 120,000 maunds are available for the supply of his Depots supposing the whole of this quantity to be required by him there will still be left 1,47,737 maunds or more than twice the balance on this year's Indent

	In Maunds
Tecommalapenta	11116
Eskapully	67,194
Gogoolapully	1989
Varany	53,118
Kistnapatam	134,259
	2,67,736

From the Collector of Nellore ---

Stating in reference to Board's Proceedings 16th April 1853. that as there is sufficient Salt in store to meet Calcutta Indent for Private trade, there appears to be no necessity for publishing the notification alluded to.-

39.

Mungaloor was granted by Pauperumnah Yemmendar of Nofsum 100 years ago.

The enam land in Roopanagoody was granted by Eroomalloreddy Yemmindar of Nofsum 130 years ago.—

The enam land in Nellore was granted by mujjaraundareddy Yemmindar of Woyalawadah.

The enam land in Hummudgoondum was granted by Peddakrisnareddy Yemmindar of Hummudgoondum 119 years ago.

It is not known when and by whom the enam lands in the Pummul Mudgoo taloke were granted.

Indrakunty Boochanabutloo was the original grantee of the enams in Mooyalawadah, Venootoorlah, Nellore and Pummul Goondum, while the name of Chelumbutloo is entered in the Cymaish and Enamity accounts. Venkatabutloo was the original grantee of the enams obtained by gift in the first mentioned Village and the name of Kristnumbhutloo is entered in the public accounts. Indrakunty Kristnasastrooloo was the original grantee of the enams in the Villages of Tyaidoo, Ankoonullah, and Wonteddoopully and the name of Chelumbhutloo is entered in the public accounts. Indrakunty Chelumbhutloo was the original grantee of the enams in Roopanagoody, and Kondasoonkanoolah and his name is also entered in the public accounts—

The names of the original grantees of the enams in the Villages of Goobagoondum Jummul, Pummay, Mayaloor, and Nagaraunzepully are not known but in the public accounts the name of one Chelumbhutloo is entered—

No sunnuds or other documents are forthcoming—

Goorrumcondah Talook
" 39-3-Rs. 11-6-11

This Enam being of a hereditary nature, the Board of Revenue under the circumstances stated resolve to recommend that the small share enjoyed by the deceased, Viz.t, ac.t 0-6-8½ assessed at Rupees 1-14-5 may be allowed to pass to Gungadoo, the next heir, who is cousin of the last incumbent and whose father and that of the Deceased were members of an undivided family.-

No. 325 Kota Enam
Coonganoor Talook
Chintalapally
ac.t 4-11-" Rs. 6-0-6.

Under the explanation afforded by the Collector and the apparently undisturbed

undisturbed possession of the land by the deceased considering that the family was undivided, and that the nature of the Grant appears to be hereditary, the Board support the recommendation of the Collector for the Continuance of the Enam to Seeta Ramoodoo the eldest son of the deceased—

No. 327 Bhutwerly Enam
Koilgoontla Talook
109–38–11½ Rs. 129–12–3

By the genealogical table appended to this Case, it appears that Venkiah is not only the adopted son of the deceased, but also his nephew, being the son of his brother Soobabatloo—before the promulgation of the new Enam Rules and the Board, therefore support the recommendation of the Collector that the unalienated portion of the share enjoyed by the deceased Indra Kuntry Nagadeetchatoolu, may be renewed in the name of Venkiah The gifts bestowed on the daughter and son in law by the deceased may be confirmed the share to be continued to Venkiah will be Rupees 35–9–9.

Jummulmudgoo
Talook 8–0–6
Rupees 11–12–1

No. 329 Cullicottoo
& Dundaga Enams
Goorrumconda Talook
Acres 5–3–12. Rs. 11–14–9.

Though the Collector recommends resumption, it appears to the

Board that 50 years undisputed possession by the family is a sufficient reason for continuing the Enam to Chinnegadoo the youngest brother of the deceased—

No. 330 Cunganoor Talook
Grand Total 521–4 Rs. 137–9–1
Shrotriem & Enams.

Though the deceased K. Lingums Bhutloo might not have obtained the Enam by direct inheritance, there is nothing to shew that he was not connected with the family of the original Grantee and his name is that entered in the Pymash Accounts. The Enam has been in the family for 50 years & the Board recommend that it may be continued to the nearest heir—

No. 333 Punganoor Talook
Aurady Coontah
Acres 20–12–11 Rs. 31–12
Stala & Kota Enams

From the remarks of the Collector, it appears that the Enam held by the deceased was composed of the following portions Rs. 7–7–11 obtained by inheritance Rs. 1–12–5 by purchase, and two sums of Rs. 3–11–11 and Rupees 3–11–10 belonging to Soobamah, who seems to have derived the former portion from his father Nageredy and the latter from his uncle P. Siddajah with the sanction of Government but these sums

sums were never transferred to his profession, Hence it is manifest that the legitimate share of the deceased was only Rs. 9-4-4 and that the remainder, Viz. Rupees 7-7-9 belonged to Soobanah, to whom the Collector recommends it should now be made over- as the Board see no objection to this arrangement, they beg to suggest that it may be sanctioned, as also that the deceased's portion may be renewed in favours of his Youngest brother Seevanapah-

7. 19

The Board would draw the attention of the Collector to note 1 page 472 of the C. O. Book, the orders contained in which has been infringed in this Case by the omission of the date of the sanction of Government for the Continuance of Siddapahs Enam to his nephew Soobanah-

No. 334 Bhutwerty Koelgoontla Talook
Total 124-23 15¾
367-10-4½ Jody 10-

As the adoption of Ramacherloo by the deceased is reported to have been made 10 years ago, and in due form, his claim to succeed to the shares of the Enam held by the latter appears to the Board preferable to

to that of Peroomallacharloo the son of the elder brother of the deceased, who it is observed, was a member of a divided family- They therefore Concur in the recommendation of the Collector that the share held by the deceased, Viz. 29 as 26-3¼ assessed at Rupees 80-4-9 be Continued in the name of Ramacharloo.

No. 135 Guddaleroo Enam
Goorumconda Talook
A b a
0-28-2¼ Rs. 13-2-4

In default of legitimate Claimants, it is recommended that this enam be resumed-

No. 340 Bhutwerty Enam
Royacholy Talook
b a
2-23-12 Rs. 4-5-1

It would appear from the Genealogical tree appended to this Case that Pasapooloo Ackulla, widow, the last incumbent, was lineally descended from Annama Charloo, the Original grantee, and that she must have obtained possession of the Enam either thro' her father or brother T. Vencatacharloo whose name is entered in the Pymash and Enamally accounts, and who seems to have had no male issue Her deceased husband Teroomalacharloo not being connected with the family of the original grantee except by her marriage

marriage his brother or nephews can have no claim to inherit the Enam in question

2. As regards the claims advanced by Vencatasachacharloo, the first cousins once removed of the deceased widow, there is no reason to believe, as the Collector remarks that their father Streenevasa Charloo alienated the enam in favour of the widow for her life only, or on the condition of its being surrendered on demand, and the entry in the Enamity Accounts of Fusly 1254 goes to prove that Vencata Charloo, and not Streenevasa charloo was the party entitled to the same there being no documents or trust worthy evidence in this Case to support the claims of the above mentioned parties it is recommended that the enam held by the deceased be resumed—

From the remarks of the Sub-Collector it appears that Nursenacharloo and Streenevasa Charloo were

were brothers in an undivided family. On the death of Streenevasachacharloo, his widow Choodemmah was taken under the protection of Nursimacharloo who was directed by a decree of the Adawlut Court in 1829 to allow her 32 Rupees annually for maintenance subsequently Nursimacharloo himself died, leaving his widow / the present deceased / an only daughter Pitchammah and the aforesaid Choodemmah in the enjoyment of his Enam. Under these circumstances, the Board Concur in the recommendation of the Collector for the Continuance of one half of the Enam, Viz: Rupees 50—0—0 in the name of Choodemmah for the support of herself and Pitchemma at the death of the survivor of whom, it should escheat to Government. The other half should be resumed.

In consequence of the indigent circumstances of the adoptive mother of the deceased, it is recommended that the share of Rupees 45-0-2 in the immediate holding of the latter

marriage, his brother or nephews can have no claim to inherit the Enam in question

2 As regards the claims advanced by Vencatasubacharloo, the first cousin once removed of the deceased widow, there is no reason to believe, as the Collector remarks that their father Streenevasa charloo alienated the enam in favour of the widow for her life only, or on the condition of its being surrendered on demand, and the entry in the Enamity Accounts of Fusly 1254 goes to prove that Vencata charloo, and not Streenevasa charloo was the party entitled to the same there being no documents or trust worthy evidence in this case to support the claims of the above mentioned parties it is recommended that the enam held by the deceased be resumed—

To J. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

48

Sir

B. No. 267.

From the Collr. of North Arcot — (48.)

With reference to the concluding part of para 3 of Extract Minutes of Consultation dated 6th April 1852, communicated in an Extract from the Proceedings of the Board of Revenue dated 22d April 1852, I am directed by the Honble the Board to state that a further term of three Months has been allowed by proclamation to the suspended Yeomiadars to produce the females above 80 years of age for whom they gave Certificates or acted as Vakeels but without effect. I therefore submit a Statement, shewing the Names of the Yeomiahs who have forfeited their Yeomiahs in consequence of the non appearance of the female Yeomiahdars above 80 years of age the Names of the persons whom it is proposed to appoint in their place, the amount of the General Yeomiahs

Fort St. George 21st April 1853.

Yeomiahs per Annum, and the periods for which they are in arrears and request the orders of the Board for permanently transferring these Yeomiahs to the parties named in this Statement.

2- In submitting this Statement I beg to point out that the persons whom it is proposed to appoint in the places of the suspended Yeomiahdars are their nearest relatives-

3. The Number of suspended Yeomiahdars in the Statement which accompanied Mr. Ward's letter of the 17th January 1852 was 26. The Number in the present list is only 20- 6- of the persons formerly entered as suspended have now been omitted, as the females for whom they certified were under 80 years of age- The remaining case is that of Meer Hufeim Allee (No: 564) who was in the receipt of a yeomiah of 108 Rupees annually as remuneration for receiving from the Treasury the Yeomiahs enjoyed by Mahommedan women of the Syed sect and distributing the Amount to these women- He was suspended with the others

Service

Fort St. George 21st April 1853.

Service Yeomiahdars, in consequence of the non appearance of a female above 80 years of age for whom he Certified. and his Yeomiah has been altogether omitted in the present Statement, because the Service has ceased, now that all the Yeomiahs held by women of the above mentioned class have been forfeited-

4- As regards the difference which the Board has pointed out in Parah of the Extract from their Proceedings dated 23d February 1852, between the number of persons in Mr. Baurdillon's letter dated 28th December 1850 and the number enumerated in Mr. Ward's list I beg to explain that the former list included both Service and life Yeomiahdars but the latter Service Yeomiahdars only. Mr. Ward in his list enumerated 26 Yeomiahs, but only 25 persons.

Para 1. With reference to your letter of the 17th ultimo returning the State-ment forwarded with my letter of the 26th January last and requesting me to explain certain discrepancies between it and the Statement submitted by Mr. Hurst on the 17th January 1852. I have the honor to submit explanations as follow-

In the enquiry instituted before the Tahsildar in 1851 Syed Abdoollah the suspended Yeomiah dar stated that he had no relatives except a son then aged six Months on a subsequent enquiry by the Tahsildar Syed Abdool-lah stated that he had three brothers and two of these brothers appeared before the Tahsildar. The Tahsildar accounts for contradiction by supposing that Syed Abdoollah was induced to mention his son only in the first instance from fear that if the Yeomiah should be transferred to one of his brothers the brother who obtained it would fail to a-ssist him. Syed Mohodeen is the eldest of the three brothers. He is now recommended for the Yeomiah

To W. H. Bayley Esqr. Secretary to the Board of Revenue
Dated 20th December 1852.
Received 15th January 1853.

Transmits a Statement of Sales effected in the Collectorate during the year 1852.

Statement of Sales effected in the Collectorate of North Arcot during the year 1852.

No.	Name of Defaulter	Cause of Sale	Date of Sale	Amount for which sold	Remarks
1	Ameen Sheik Sajad Ameen	Non payment of Peishcush	20th February 1852	Rs. 1,199 2. 19	Allowed six months to pay off principal & interest

Fort St. George 21st April 1853.

and therefore he solicits orders for the permanent transfer of the allowances to the deting incumbents.

4. Adverting to the extreme improbability of the existence of the aged females in question the proportion of whose numbers at the various periods of life above 80 years as reported by Mr. Ward on 17th January 1852 seems opposed to the known laws of mortality and the ample period allowed the Vakeels for producing them if they really existed, the Boards are satisfied that fraud has been committed and that therefore the forfeiture of the yeomiahs has been justly incurred by the suspended Vakeels. Under these circumstances they recommend that the Service Yeomiah in question may be permanently transferred to the deting incumbents mentioned in the Collectors Statement and that the sanction of Government may be accorded to the sum of Rupees 2883-2-10 paid to the latter to the end of Fasly 1261 and communicated to the Audit Office to abviate retrenchment in the accounts. The Services for which the allowances are appropriated are reported to have been performed without intermission during the Suspension of the late incumbents.

No 33.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

B. No 702.
From the Coll. of Salem
Reporting the manner in which he has conformed to the instructions relative to the cessation of certain allowances paid for Hindoo and Mahomedan ceremonies and requesting sanction for the future disbursement of Rs 85-15-11 per annum to certain individuals during their life time.

26 September 1852

Statement

51.

Vijaya Raja Vana Bhojana Oopa Kurunum Poorana Vurtana Ramjan Bakreed Jellaye Mohorum Conoor.

1. I have the honor to advert to the instructions of the Government and your Board relative to the discontinuance of certain allowances for the periodical performance of Hindoo and Mahomedan ceremonies.

2. I have the honor to submit a Statement exhibiting the several sums which, one reference to the present circumstances of the persons who have hitherto received them should I submit be authorized for future payment until the demise of those persons. The aggregate amount involved in this arrangement is Rupees 85-15-11 for the disbursements of which, I believe the sanction of Government should be obtained by your Board.

3. The several allowances usually disbursed in this Collectorate prior to the receipt of the Boards order under reply, were paid for the ceremonies may generally noted. In directing the entire and immediate

immediate cessation of the very trifling amounts of which certain individuals were in the enjoyment I have assumed that any sum below Six Rupees per Annum, could not be supposed of itself to provide for the years subsistence of the recipient - In such cases, therefore, I have deemed it unnecessary to enter on an investigation of the worldly condition of the individuals who have hitherto drawn those sums from the public Treasury - Their aggregate amount is Rupees 196-2-3

4 - In respect of the persons to whom the larger sums were ascertained to be in periodical course of authorized distribution, I have held the enquiry contemplated by the orders under notice and I have deemed myself called on to stop the payment of allowances annually amounting to Rupees 434-2-7. These persons on investigation were found to be in possession of Enam or Putcut lands, or to be in the enjoyment of other sources of certain income -

5 In the accompanying Statement B although the information is not actually required by

by your Boards instructions I have given the particulars of the items that I have withheld from payment which it will be observed were not less than Rupees 630-5-11 per Annum -

in the District of Salem on account of certain Hindoo and
inued under instruction contained in the Board's Circular

E. E. 7th / Signed H. D. Phillips
Collector.

H.G.B.

4937 Fort St. George 21st April 1853.

Ordered that the foregoing letter be submitted with the following address.

No. 161

To

The Chief Secretary to Government.

Sir,

51-52-

Bd. No. 836.

To the Chief Sec.y to Government submitting with the Board's recommendation a letter from the Collector of Salem recommending that certain allowances hitherto paid for Hindoo and Mahomedan ceremonies be continued as the individuals are poor & the allowances are trifling

Para 1. I am directed by the Board of Revenue to submit for the information and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Salem regarding certain allowances hitherto paid for Hindoo and Mahomedan ceremonies in his District, which it is now proposed to continue as grants for subsistence during the lives of the present holders.

2. In para 2 of my letter dated 29th March 1853 submitting similar applications from other Districts, the circumstances that gave rise to these applications are explained. It therefore only remains for the Board to recommend that as the individuals to whom the allowances are proposed to be continued are stated to be poor and the allowances themselves are trifling, amounting in the aggregate to Rupees 85-15-11 per annum, the sanction of Government may be accorded for their disbursement as life grants without any obligation of service, according to the particulars mentioned in enclosure A of Mr. Phillips's letter herewith forwarded.

3 It will be observed that the total amount paid in the Salem District on account of the ceremonies abovementioned, was Rupees 716-4-11 of which Rupees 434-2-7 have been discontinued in consequence of the recipients being in possession of Cowle or Putcut lands or other sources of income and Rupees 196-2-5 owing to the amount drawn by each individual being less than Six Rupees, which afforded the presumption that they had other means of subsistence.

No 40

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George.

55

Bd No 802.

From the Collector of Salem

Sir

Para 1. In reply to the instructions contained in your letter of the 12th Instant, I have the honor to report on the Petition marginally noted.

Reporting on petition No 259 of 1853 regarding certain increased assessment alleged to have been levied from a Pariah.

No 259 of 1853

55.

2 So far as the old accounts show the land in question has generally been under cultivation since the first establishment of Mootahs up to Fusly 1231 when the Baroos Estate in which it is situated, became permanently summary subsequently or for a period of 32 years

4941 Fort St George 21st April 1853

it has been hunjer, ten and under the plough, twenty two Fuslies. It was hunger from Fusly 1238 to 40 in 43 from 49 to 50 and from 53 to 56.

3 On its relinquishment in Fusly 1260, by one Venkatachellam who had held and cultivated the field from Fusly 1257 to 59 three years it was occupied by Petitioner without any communication with the local authorities. No particular reason is found to have been assigned by Venkatachellum when contracting his holding. He had paid its teerwah without let or stay and so had the cultivator who preceded him.

Goontas 212

Difference 60 3/4

4 Beyond doubt there is a marked difference between the extent of the field, as entered in the Poymash accounts and that of the measurement recently made under Special orders from my office, but when this measurement was made the areas of the five fields contiguous to it, were also subjected to examination, and no excess of any importance whatever was

was detected in either of them.

5 To wit on an area as shewn in the Survey accounts of Goontas 542 the deficiency was 8 7/8 on one of 433 3/4 the excess was 17 Goontas In the other three fields there was a deficiency of 9 and an excess of 1/2 and 2/2 respectively but I have not now at hand the recorded extent of the three last-

6 It should be remarked, however that such as it is the field in question is clearly within the Check-boundy limits assigned to it in the Survey records, which fact, I submit is a point of far more importance than the mere figures that serve to devote the computed extent of the plot. The assessment assigned to the holding must have been calculated not on the square Goontas only but on a review of the productive powers of the grounds as evinced in the accounts submitted for several average periods of past years to the Officers who fixed the sum of Rupees 9 to which the field has been held liable.

Independent

7 Independent of the above consideration, I should add that if the Petitioner decides on throwing up the field, there are persons in the village who will not once occupy it never-theless I am sensible that the continued steady occupation of a plot is preferable to sudden fits of competition on the part of men who probably, are cultivators from mere rivalry still in a District like this where holdings are painfully minute and the ryots are almost wholly unfettered in their desire to extend or contract their holdings there can be no doubt that a Collector with the limited means at his disposal might, or prevent embarrassment and confusion refuse to concede to a host of applicants the privilege they seek of getting occupied or unoccupied tracts newly measured, whenever a village lawyer or their own fancy impels them to demand a remeasurement.

8. Had there been a doubt about the Check-Boundy of the field in question, I should with pleasure have modified the tax

4944 Fort St. George 21st April 185

tax heretofore levied on it.

Proceedings thereon.

(55-56.)

As the field in question is within the Cheek Klundee assigned to it in the Survey records and as its assessment does not appear to be considered excessive by the Collector further notice of the matter is unnecessary.

Ordered that the following Endorsement be passed on Petition No. 259 of 185

"The field is within the Pymash cheek Klundee no excess is found in the neighbouring fields and it has been generally cultivated during a long series of years. The assessment also is not considered excessive by the Collector, the Board therefore see no reason to alter its assessment."

No. 42.

To, W. H. Bayley Esquire
Secretary to the
Board of Revenue,
Fort St. George.

(57)

Bd. No. 803
From the Collector of Salem.—
Submitting a Statement & additional reasons why only the usual rates should be regarded in making demand on Mr. Fischer Mootadar should his request relative to the Commercial Buildings be complied with.—

57.

Sir,

1 Adverting to the requisition contained in your Board's Proceedings dated the 10th Ultimo, for further information relative to the origin of the improvements in the Cultivation of the Salem Mootah, with special reference to a remark by a former Sub Collector, that it was benefited by an Annacut erected for the supply of water, the bleaching green."

2. I have the honor to report that the "Carpenter" Annacut to which Mr. Sub Collector Cathcart evidently refers, has contributed in an extremely trifling degree, since Mr. Fischer became proprietor of the Salem Mootah, to the improvement of it's cultivation.

3. The Annacut in question is contiguous to a thickly inhabited portion of the Salem Town, and from the water retained in it's front materially contributed to the comforts of the resident in the neighbourhood.—

When

4. When Mr. Fischer bought the Commercial buildings, 36 Goontahs of Poonjah liable to an assessment of Rupees 1-1-11 had been converted into Nunjah and Bagayet by water taken from this Annacut by means of Pecottas. The fusal Jastee tax on this plot would be Rupees-7-8-4.

5. Subsequent to the purchase, 2-7-12 bearing a Poonjah teerwah of Rupees 6-8-10. have been changed into Poonjah Bagayat by the aid of water conveyed through a small Channel. On this ground the extra assessment due would be Rupees 9-9-0

R. A. P.	
7-8-4	
9-9-0	
Total fusal Jastee 17-1-4	

6 But I should mention that it seems improbable the Carpenter Annacut would have been available for even the small Extent of Superior Cultivation above stated, Viz. acres 2-7-12, had not Mr. Fischer caused the dam to be well repaired at a cost to himself, as is understood, of three hundred Rupees. These repairs were executed about fifteen years ago.

7. Distinct from the two areas referred to, is a large tract of Cultivation of the Superior class, in the immediate vicinity of the Commercial Buildings but the source from which has been drawn the water used in bringing about this improved state of things, is at another Annacut some two or

miles out of Salem, higher up the river.- This Annacut called the "Gowree Anna" was in existence prior to the introduction of the present fixed field rates of assessment, and consequently, is a part of the Mootah of which Mr. Fischer is the present proprietor. Your Board will observe that when Mr. Sub Collector Cathcart and Principal Collector Mr. Orr wrote the letters quoted in the Proceedings under reply, Mr. Fischer had not purchased the Mootah although, then, the tract of Poonjah land watered by a Channel excavated from the "Gowree" Annacut is an important tract inasmuch as the fusul jastee tax to which, under ordinary circumstances, it would be liable is Rupees 255-11-7. Still as the water appropriated in causing this result is not Circar, but Mootah water, I submit that in consenting to the arrangement which he has proposed, no demand for additional assessment can justifiably or legally be made on Mr. Fischer.-

8. The "Gowree" Annacut, however has been brought to it's present state of effectiveness by the large outlay of Rupees 5,000-0-0 from Mr. Fischer's own funds, on a plan furnished, as I understand, by an

Officer

Officer of the Madras Engineers who recommended the construction of a new dam, on an English model, in front of the old rough and loose stones one originally in existence. As it now stands, it is quite a Model dam, and its absence would beyond doubt have caused the disappearance of the old Annacut many years ago.-

9. Under these circumstances I submit that the demand to be made on Mr. Fischer should be fixed with reference to the faisul rates.-

Salem, ...
Collector's Cutcherry ...
Dated 21st March 1853.-

(Signed) H. D. Phillips
Collector.-

Proceedings thereon

Resolved that the above Correspondence be submitted for the orders of Government.-

Submitting correspondence relative to Mr. Fischer's request to have the ground on which the old Commercial buildings stand at Salem be incorporated with the lands of his Mootah and recommending that only a certain portion of the land viz. 55-30 acres be included in the lands of the Mootah.-

From Collr. Salem 21st March 1853.

57 58.

2. Mr. Fischer requests that the Ground on which the old Commercial Buildings stand may be incorporated with the lands of his Mootah.-

3. The Buildings were purchased from the Government by Mr. Fischer in 1833, and the surrounding land had been leased out to him for 21 years from the same date.-

4. To accede to the request of that Gentleman appeared to the Board unobjectionable and the Collector was requested to state the particulars of the land, and the amount it would be necessary to add to the Peishcush of the Mootah.-

From Collector 5th November.- 5. The Collector reports the area to be acres 54-36-9 or together with the ground formerly held by the Dhobies and which is also possessed by Mr. Fischer acres 55-30, with an assessment at the Survey rates of Rupees 136-7-6.

Proceedings 10th February.- 6. The Board requesting further information as to the source by which the land had been cultivated with wet crops

From Collector 24th March.- the Collector replied that acres 3-3-12 had been irrigated from an Annicut originally built for the supply of water to the old bleaching green, but which had been made available for even this Extent of wet cultivation by repairs executed by Mr. Fischer, and that the remainder had been watered from an annicut belonging to the Mootah and placed in its present efficient state by

by an outlay of 5.000 Rupees on the part of the Proprietor.-

7 The Survey rates therefore appear all that can be justly claimed on the land, and on payment of these Pgs. 136-7-6. by the Mootahdar in addition to his present Peishcush the Board recommend that the 55-30 acres referred to, be included in the lands of the Mootah.-

Read the following letter.

No. 29.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Bd. No. 999
From the Collector of South Arcot.-

Sir,

59. In reply to the Board's Circular letter of the 24th Ultimo, I have the honor to give the following information regarding the Land Measures of this District.-

2. From time immemorial the Cawney has been the Measure in general use, but its size varied much, for although it comprised an area each side of which measured 10 Kolas, the length of the Kole was-

was not uniform. Enam Summuds and other old documents show that the Kole ranged from 72 to 24 feet in length.-

3. In the time of Royajee the well known Minister of the Nawab of the Carnatica Standard Cawney of 57600 square feet was introduced and it was subdivided in the 2d and 3d ways shown in the paper which accompanied the Circular letter under acknowledgment Vizt.

1 Kole or rod 24 feet long-
1 Square Kole or Goolee .... 576 square feet
57600 —— Do.
100 Goolies ..... 3600 ... Do.
or 1 Anna (or 16th) 60 feet + by 60 feet 57600 ... Do.
16 Annas. .....

4 This standard Cawney was afterwards adopted in the Pymash of the District and is the measure in use in all private as well as in all public transactions. It is however more usual for its subdivision to be expressed in annas than in Kols.-

5 I may add that in Documents regarding ground which forms the site of houses in towns or is included in a Nuttum, that is to say in the Area set apart for the houses of a Village the people are accustomed to express the Extent of the Ground in square feet.

As directed by the 2d Para of Extract from the Proceedings of the Board dated 21st Ultimo, I have the honor to transmit Copy of a letter and its enclosure Statements received from the Collector of Salem in elucidation of the System of entry heretofore adopted with reference to the item of Moturpha for the Kataputtoor Mootah.

Trichinopoly, Collector's Office, 31st March, 1853. } (Signed) J. Bird
Collector.

To J. Bird Esqre
Collector of Trichinopoly

Sir,

I have the honor to reply to your letter of the 28th Ultimo forwarding copy of a correspondence between the Board of Revenue and your Office relative to the Moturpha of the Cautapoottoor Mootah, and requesting me to afford information as to the System of entry heretofore adopted in this District, in respect of that item of Revenue

Fort St. George 21st April 1853.

Revenue.-

2. When the permanent Peishcush of this Estate was fixed at Rupees 16,101-3-10 the proceeds of the Moturpha tax by an oversight were included in it. The average Beriz appertaining to that source of Revenue was Estimated to be Rupees 199-11-11. Under instructions received from Government, in or about Fusly 1230 the Moturpha Revenue of the Mootah has been annually settled as a separate many item, and has been collected as such, the State alone being affected by any fluctuation in it's result.-

3. As under the arrangement the Estimate average amount of Moturpha above alluded to, requires to be deducted from the Peishcush of the Mootah leaving payable by the Moo'tahdars a net amount of Rupees 15901-7-11, the sum of Rupees 199-11-11 has periodically been entered at the end of the year as an item of charges under the Head "Refunds of Moturpha" the said Amount being also credited to the Mootadars as the balance of Peishcush payable by them.-

4. In the Jummabundy Account in the Demand Collection and Balances Statement and

Fort St. George 21st April 1853

and in the Monthly Accounts Current as also in the other periodical Returns, the sum originally fixed as Peishcush Viz.t Rupees 16,101—3—10 is entered under the head of Jaury Mootahs, and the Collections and Balances are regulated and exhibited accordingly.-

5. In the Comparative Statement of Collections and Changes by which the Jummabundy Reports are ordinarily accompanied, the Moturpha demand of Rupees 199—11—11 is entered in the Column of Changes as a refund of Moturpha.-

6. In elucidation of the above I beg to forward Copies of certain Statements relating to Fusly 1258 which I trust will remove any doubts that may arise.-

73.

B.d No. 1039.

From the Collector of Trichinopoly.

Sir,

Agreeably to your Circular letter of the 24th Ultimo, I do myself the honor of submitting further information as to the land measures used in this District, in Addenda to the Memorandum already prepared in your Office for the Military Board.—

Submits with reference to the Board's Circular of the 24th Ultimo further information as to the land Measures used in the Trichinopoly District in addition to that contained in the Memorandum prepared for the Military Board.—

2. In the District of Trichinopoly the land is universally measured by Goolies and Cawnies. But there is a considerable difference in the Cawnee of the wet Talooks and the Cawnie of the Dry Talooks.—

3. In the Irrigated Talooks of Moosery, Vilpoccully, Conand and Laulgoody. a Rod of 21 feet was used and the square of that or 441 feet made a Goolee, and 100

100 Goolies or 44,00 feet one Cawnie.—

In the upland or dry Talooks of Tarriore, Volcondah, Arrealore and Woodiarpollium a Rod of 24 feet was taken, and the square of that in like manner, or 576 feet made a Goolee, and 100 Goolees or 57,600 feet one Cawnie. Of course I speak of square feet throughout.—

Tabular

B.d 29th 1853

Proceedings thereon.

Submitting a Tabular Statement from the Collector of Madura of a lapsed Yeomiah to be continued and stating the Board's objections to for not supporting the Collector's request.-

75-76.

Resolved that the foregoing letter and Statement be submitted for the information and orders of the Right Honorable the Governor in Council.-

2. On reference to the Purwanah in support of this Yeomiah it appears that the Grant was originally made to Meen Gyas Doddeen in 1775 for subsistence, and was not intended to convey a hereditary right notwithstanding this, the Yeomiah was renewed after his death in the name of his son Syed Ameen, and subsequently in that of the widow of the latter Manohah Beebee for the support of the numerous family dependent upon her. Under the authority of the Collector, the grant was divided among the members of the family in certain proportions, one of which shares, lapsed in 1835, but was continued to the son of the deceased one another became vacant in 1851, and is the subject of the present report.-

3. On the last occasion when the Government continued the share enjoyed by Chandshah to her son Syed Ameen

29th May 1835. Ameen, they remarked that the renewal or otherwise of the remaining shares would be taken into consideration when they lapsed. Under these circumstances and as the family left by the deceased Ayshah Beebee consists of three grown up sons who are of age to maintain themselves, and three daughters who are all married, the Board do not see sufficient grounds for supporting the recommendation of the Collector.-

Bd. No. 881.
From the Collector of Madura—
Reporting upon the Commutation prices fixed at the Survey

Sir.

I have the honor to reply to the Circular of the Board dated 8th November last relative to the commutation prices fixed at the Survey in the Taloks of Madacolum Tirorangalum and Meylore forming the Madura Division Ceded to the Company by the Nabob of Arcot for Bangherry which was originally under the Collector, of assigned Peshcush and afterwards transferred to Mr. Hurdis the Collector of Dindigal no accounts are forthcoming shewing the commutation rates or the produce of the different descriptions of soils. The Teerwah is lighter, but it is supposed that the same prices were assumed as in Meylore and that the produce

in

in a similar class of soil was found to be less as such is the case at present.

Question No. 1. 2. Statement No. 1 affords an answer to this question. To explain this enclosure I must here mention that the present Talook of Madacolum at the Fysel was divided into Madacolum and Sholavum dam Teroomungalum and Kayoor

Teroomungalum into } Meylore and Toorvomboor.

Question No. 2. 3. The different descriptions of produce taken into Calculation at the Survey are also shewn in Statement No. 1 and they were selected as being most generally cultivated at that time. The Principle on which the prices were fixed was that of an average as exhibited in the same Statement. The Signatures of the Curnums are attached to the Poonjah Teerwah Dittum (Schedule) from which

which (confirmed by other Statements) this information is derived. The Nunjah and Nunjah mail Poonjah Teerwah Dittums (Schedules) do not contain the signatures of the Curnums.

Question No. 3. 4. The Records of the Cutcherry do not supply information on this point. It will be observed that as regards Paddy the Price for the Madacolum and Teroomungalum Talooks has been assumed at 6 fanams per Cullum, while for the other Talooks of the Madura Division 5 fanams were considered sufficient. The Madacolum Talook contains the Town of Madura where of course the demand was great. In Teroomungalum Dry Grain is the chief produce as it is also in the adjoining Talooks of the Timmevelly District. Paddy therefore naturally bears a high price there. The Nunjah produce of Meyloore on the other hand had them, as at present to sustain the Cost of Carriage to some distance before finding a Sale. I conclude from

Fort St. George 21st April 1853.

from these circumstances that the commutation price of Paddy was fixed with reference to the prices actually obtaining in each Taluk, or what is the same thing of the price at the chief Markets deducting the Cost of carriage - As the same prices were fixed for Dry Grain both in the Wet and Dry Taluks it might be supposed that a different course was pursued in regard to them but as it is still found that owing to the neighbourhood of several considerable Towns prices of this description of produce is as high in Thiruvurungalum as in the Town of Madura which is surrounded by Paddy fields - I am disposed to believe that the prices at the Cusbah of each Taluk were taken into Calculation -

Question No. 4 5. Kunjah 43¾ per Cent.
Kunjah mail, Poonjah } 40 per Cent
Poonjah — 40 - Do.
Bagayet — 33⅓ - Do. less 3 Fanams per Goontah allowed for manure
Betet — 14⅝ - Do.

Fort St. George 21st April 1853.

In Kunjah Kunjah - Mail Poonjah and Poonjah common charges were first deducted and ½ the Net produce taken for Government the result being the proportion of the Gross produce stated above - In Bagayet 1/3d was assumed at once as the Ryots share less 3 Fanams per Goontah as stated above without reference to common charges which therefore fell upon the Ryots share of 2/3ds - The small proportion of the Betet crop taken by Government is owing to the heavy expense of Cultivation It nevertheless yields a high Money tax on the land -

Question No. 5. 6. There are no accounts in the Boards or in the Villages exhibiting the extent of Cultivation of the different descriptions of Grains at the time the commutation rates were fixed but I submit an account No. 2 prepared from the Village war Chittahs for such Villages as were included in Ajem in Fusly 1261 shewing the Cultivation of

Fort St. George 21st April 1853.

of the following classes in the Fusly year -

Poonjah
Poonjah Garden
Kunjah
Kunjah Mail Poonjah
Kunjah Garden

Compared with the Cultivation now Fusly 1260 is given as well as Fusly 1261 as the latter being a year of drought would not present a fair view of the present state of the District - No greater detail is to be gathered from the accounts -

Question No. 6-7- The question is answered by the Statements submitted on account of the preceding one - No new species of produce has been introduced save wheat to a very trifling extent on the Pulney Hills

Question No. 7-8- All descriptions of produce were formerly as at present Cultivated indiscriminately by rich and poor Ryots -

Question No. 8-9- Submitted No. 3 & 6.

Question No. 9-10- No answer necessary with reference to the answer to No. 7.

In

Fort St. George 21st April 1853 -

Question No. 10-11- Inapplicable to this District -

12- I am of opinion that no relief is required by the Ryots of this District except in a few of the Villages to which a discretionary remission was formerly given with out authority by Mr. Peter and withdrawn by the Board in their Proceedings of the 23d January 1843 concerning these a separate report will be submitted - In expressing this opinion I do not wish to be understood to mean that this District should not participate in any general reduction of taxation throughout the Country but only that it has no claim to remissions on an occasion confined to the removal of inequalities between District and District - The assessment may be considered comparatively moderate and lands in general near a saleable value -

13- Incorporated in the Keyfore Taluk of the Madura Division

Fort St. George 21st April 1853.

Division are 6 Villages termed the Rossacorchy Division transferred from Trichinopoly in Fusly 1224 under the Board's orders of the 4th July 1814.

14. At the time of transfer there were received a Measurement account of Fusly 1216 and an account shewing the total cultivation and produce in each Village in Fuslies 1213-1214-1215 and 1217. No information regarding the proportion of Produce assumed at the Survey as the Sircar Share and Prices is derivable from these. Most probably the Villages were settled on the same principles as were observed in Trichinopoly generally which the Board will learn from the Collector of that District.

15. As regards the Dindigal Division consisting of the Taluqs Tenkurray Kellarotay and Sygum Sully Taloks, I have the honor to submit the accompanying Copy of a Report from the Sub Collector. The Board will perceive that he has no documentary

+ with Enclosure dated 9th Feby 1853.

Fort St. George 21st April 1853.

documentary evidence to go upon except Mr. Burdis Report of the 16th February 1803 nor am I able to supply the deficiency from my Records.

16. It will be inferred I think from that Report that Mr. Burdis was guided by the same principles in Dindigul as afterwards in Madura. The only difference I can discover in the proportions of produce taken for the Sircar share is that in Madura the allowance of 3 Fanams per Gountah for manure was deducted from the Sircar 1/3d while in Dindigul, it would seem from Mr. Burdis language (which however is not clear) and an unauthenticated account in my Cutcherry that it was taken from the Gross Produce. There seems no reason to doubt that the Prices were fixed on a consideration of the distance from the Chief Markets as was the case in Madura.

17. I am unable to understand 95 Para of Mr. Burdis' Report regarding

4980.

Fort St. George 21st April 1853.

enabled to glean the following particulars, regarding the 4 Talooks of Tadicomboo Dyimpully, Nellacottah and Tenkarai.—

3. I have not been able to ascertain the Rates fixed for the produce of Ponjai and Poonjai gardens, but at para 69 of the above Report it will be seen that of the Nunjai garden produce in the Melnunngalem Moottah, Turmeric was rated at 4 fanams per Tolam. The reasons assigned for this price is that this article was never known to sell for less than 3 or for more than 5 fanams. The mean between these prices seems, therefore, to have been adopted. Though the details given in the Para, quoted refer to Melunngalem, it seems to me clear from Para 68, that this price was not confined to this Moottah alone, but was applied to all the Turmeric grown in the Sub Division.—

From Para 69 it would seem that Jaggery was commuted at 5¼ fanams per tolam.

From Para 71 that Plantains were priced at 5/16 of a fanam for the produce of one tree, and

From Paras 73 & 78 that Paddy was commuted at 4 fanams the Cullum.

4. The subjoined Table will shew the prices of the abovementioned articles, in the terms used by Mr Hurdis and in Madras measures and Rupees.—

(See the next page)

Vide Statement dated 11th Feby 1853 appended

Fort St. George 21st April 1853.

Articles.	Interms used by Mr. Hurdis Tolam	Fms	Vies	Pdas	Rs	As	Ps	Madras measures and coins	Remarks.
Turmeric—	1	4	6	1	—	13	7		
Jaggery—	1	5¼	6	1	1	1	10		The price of this is about ½ less now the sugar cane having been reduced to that of Paddy—
Plantain—	1 bunch	5/16	—	—	—	1	1		
Paddy—	1 Cullum	4	45	Mds	—	13	7		

Beyond what is shewn above in para 3 I am unable to trace the principles which guided Mr Hurdis' calculation, the kinds of produce included in it or the circumstances which regulated their selection.—

5. In Mr Hurdis' Report, reference is continually made to Accounts Submitted to the Board of Revenue with his Report. As neither the Report nor the Accounts which accompanied it are forthcoming in our Records, having been missed so far back as Mr Peters time, as will be seen by the correspondence of that Gentleman, it seems to me that Copies of the Accounts sent to the Board as well as of any of Mr Hurdis Correspondence which may be wanting are a very great desideratum, which, if Copies of the correspondence are extant among the records of Board of Revenue or of the Government, might be easily supplied.—

6. I may here observe that my Sheristadar informs me that the Rates of the

the prices of Paddy were fixed with reference to the distance of the several markets from Dindigul at that time, a large Military Station, but he has never been able to substantiate this point to me by the Accounts, and though it is certainly very probable that some such rule should have guided Mr. Hurdis in fixing the commutation rates of Paddy, the great Staple of the Natives, yet the absence of any mention of such a principle in his Report and the want of other evidence make me hesitate to advance such an assertion.—

7. From want of correct information I am unable to reply to Question No. 3 with that precision which is desired.—

8. The information required in Question No. 4 is given in Paras 92-94-96-97-98 & 99 of Mr. Hurdis's Report, Copies of which are given below.

92 In rating Poonjah Garden lands (or Banghayet) the assessment is at 2/3 to the ryots after deducting the generally estimated charges of 3 f anam Cully per goontah, the prescriptive allowance for manure, hence 66 2/3 per cent are for the ryots and 1/3 or 33 1/3 per Cent only

only to the Circar. This rate is the same on all lands of this description, and in whatever situation they may be placed.—

94. The average on Poonjah fields or Rate equally arises from the assessment being made at 3/5 or 60 per Cent to the Ryots and 2/5 or 40 per Cent to the Circar from the average total produce. These two descriptions of land give the Total Poonjah, Viz.t 35 1/2 79 5 1/2/10.—

95 The Nunjah Punmahee goontahs 254 83/10 are but a small part of the revenue, the average is 5 7/13 14 1/2/10 giving a total 14 1/2 9 15 1/2, this average and total is produced from the various assessments on these gardens according to their situation.—

96 The best situated give, after deduction of all charges of Cultivation, 2/3 to the Ryot or 66 2/3 per Cent, and 1/3 or 33 1/3 to the Circar, and are watered in constancy from Rivers or Nullahs.—

97 The Second Sort give 3/4 or 75 per Cent to the Ryot, after deducting all charges of Cultivation and 1/4 or 25 per Cent to the Circar these lands are watered from tanks by Nullahs, and partly from wells, whence the uncertainly of the Crop and increased labor causes the deduction.—

98. The third and last descriptions of these lands

lands gives 4/5 or 80 per Cent to the Ryot, after deducting the proper charges of Cultivation. These lands are always watered with wells alone, and thence the crops is generally less certain, and the labor always greater.

99. The general assessment on the Nunjah Paddy lands is made on the customary division of the Crop, after deducting the Sotundrum, which cover all the proper expenses, that the Circar should attend to and which amount to 12½ per Cent, hence including the Sotundrum, the Ryots share is 9/16 or 56¼ per Cent, and the Circar share 7/16 or 43¾ per Cent.

The garden produce of turmeric, Sugar cane &c. are, after deducting charges, shared in equality with the Circar and the Nunjah terms Poonjah is on the whole produce 60 per Cent to the Ryot and 40 to the Circar.

9. I am not at present in a position to answer the remaining Questions and am awaiting the replies of my Tahsildars, which may perhaps enable me to do so, in some degree.

10 I may however perhaps be permitted to observe that the poorer classes, I believe, generally cultivate the

the cheaper kinds of pulse and inferior dry grains all sown together at the same time, the reaping of the one crop immediately succeeding that of the former one in quick succession the pulse being gathered after the grain in husk. In Ayempully and Tenkarai they confine themselves very much to those large tracts, which at the assessment were over grown with thick jungles and which were therefore never regularly surveyed, but a trifling nominal tax imposed on them of from one and two fanams per Cooly. As the above lands at that time, had never been cultivated, it was impossible correctly to have estimated their productive powers and therefore the taxes imposed can hardly be considered to have been imposed with any reference to market prices.

The poorer classes also cultivate the Perambokie lands and where possible the sides of the Hills and mountains, which latter, called Kotacadu or Ponakadu is assessed at 1 fanam and is not generally measured.

The grains grown on the sides of the Hills are Ragee, Samy, Tenai, Castor-Oil seed and Cotton, Sometimes Cumboo and Varagoo are added.

11. It would appear from Mr. Campbells Report of the 6th November 1826. on these Districts, which were visited by the then Governor Sir Thomas Munro.

Fort St. George 2nd April 1853-

Munro, to whom Mr. Campbell was attached as a Secretary-para 149. that the Commutation rates had been fixed by Mr. Hurdis and his assessors, before the lands were measured- As this measurement took place in 1808. 1809. the records preceding that year may furnish the information required.

In parah 169 of the same Report, Mr. Campbell observes "Concurring in the opinion expressed by the Board of Revenue in their proceedings of the 23d July 1823." that the tseer was fixed on the more highly rated Poonjah lands were too heavy, it is unnecessary to add to the above a recapitulation of the grounds so fully detailed by them for this inference, it will suffice to state that my local inquiries confirmed this impression The produce on the finer soils seems in the kudoos to have been estimated at its full amount, and the Commutation rates have been high, especially near Dindigul where the presence of a large body of troops under Meer and Syed Sahib tended to enhance the prices of former years."-

12. Since this was written the monassib remission

Fort St. George 2nd April 1853-

remissions have been introduced and tho I believe this remission does not shew how much of it was granted for excessive price and how much for over estimated produce yet it appears to me that when a comparison is made between the Commutation rates and the prices at present obtaining in the bazaar, this remission should not be lost sight of, since the difference in the selling prices of the grains at the Fusul and at the time of the remission formed one of the elements which led to the granting of that Remission I believe too that Mr. Hurdis mainly had reference to the excessive value placed in the grain as much as on the over Estimate of the produce:-

13. In order that I may be enabled if possible to understand the subject now

now under discussion, I should feel obliged by your ordering the Record Keeper to send me, if they are on your records & if you see no objection to such a measure Mr. Parish's Report of the 24th April Mr. Hodgson's Report of the 25th March 1808. and the Proceedings of the Board of Revenue of the 3d or 23d July 1823. and Mr. Peter's Report to the which these last proceedings refer. If sent me in the original, I will take care of the books and return them early.—

14 I have not in this letter referred at all to the Talook of Rungherry which is assessed on a different principle from the 4 before mentioned Talooks and which having but lately been placed under my charge, I have not yet been able to acquire any knowledge of the details

details on which it was assessed.—

15. I also fear from Mr. Campbell's remarks that no detailed accounts of Mr. Hurdis' settlement are any where forthcoming regarding this and the other 3 Talooks which form the Madura Division.—

To, W. H. Bayley Esqre
Secretary to the
Court of Wards
Fort St. George

81.

B. No. 929.
From the collector of Madura ...

Sir,

I have the honor to request the sanction of the Court of Wards for the construction of a Stable of durable materials to the Bungalow at Madura belonging to the Shevagunga Zamindary in the occupation of G. Fischer Esqre, in lieu of the present one which is nothing more than a thatched shed and requiries frequent repair.

Estimate Rs 520. 6. --

Madura
2d April 1853

Letter from Collr. of Madura dated 2d April 1853.

Submitting the Estimate of Expence for the construction of a Stable to the Bungalow at Madura in the occupation of G. Fischer Esqre.

Estimate for Stable to Bungalow at Madura Rs 520. 6. --

Bayley for Collum
Estimate returned to Collr. of Madura for alteration 22d April 1853
Further Collum.

Remarks

Court of Wards 21st April 1853.

Ordered that the Collector of Madura be requested to report whether the Estimate now submitted for the construction of a Stable to the Bungalow at Madura in the occupation of G. Fischer Esqre, is for a building of the same description as that which was sanctioned by the Court on the 11th February 1853.

By order,
(Signed) W. H. Bayley
Secretary.

Collector.
11th February 1853.
79-86.

Board of Revenue
Fort St George

Bs No 1031.
From the Collector of Madura.

Sir,

In furnishing the Numerical Statement of the Female Pensioners in the District above the age of 50, I have the honor to state that for a long period they allowed their pensions to remain undrawn rather than appear before me, but after requiring an Endorsement from Government refusing to relax the Rule in their favor have submitted to the periodical muster without difficulty. It cannot be said that the inspection does not interfere with the prejudices of the natives, but conducted as it is at Madura without any exposure to the Public I think not so much so as to render its discontinuance requisite.—

The Pensioners at this place however are not of high Rank where they are so the objection may be more serious.—

Madura.—

Extent of the Endowments of the Pagoda.

[illegible] were at the time when the Government connexion with Devastanams ceased, — made over to the joint Manage-ment of two Trustees — Viz[t] Gejjulapa-pandia Sairavay Karen Poligar of Gollapatty and Soondra-pandia Sairavay Karen an Inhabitant of Sattoor.

Soon

For[t] St[e] George 21[st] April 1853.

2. Soon afterwards these two persons began disputing with one another and as it was found that they could not act in concert an arrangement was proposed and agreed to by both in writing that the two above named Pagodas — and the property should be separately managed one by each of the said Trustees. —

3. Subsequently Soondara-pandia Sairavay Karen has drawn back from his agreement and refuses to — have charge of one Pagoda or to allow his Colleague to take the sole conduct of the other, neither can the two act in harmony together.

4. Under these circumstances I have the honor to request the Board's permission to remove Soondara-pandia Sairavay Karen from the trust altogether and make the Gollapatty Poligar sole Trustee of both Institutions. —

5. Soondara-pandia Sairavay Karen is a man of the Shepherd Caste and holds land paying teeruvah to the — amount of only 40 Rupees whereas — the

the Gollaputty Poligar is a man of respectability and influence. He is also willing and competent to manage the affairs of both Pagodas and will be acceptable to the people.

Tinnevelly
1st March 1853.
Br. No. 861.

(Signed) C. J. Bird.
Collector.

Proceedings thereon. The Board are not prepared from the imperfect information laid before them to sanction the entire removal of Soondarapandia Lairway Caren from the Trustee ship of the Cusba Sattoor Pagodas. the proposal to appoint one Trustee to manage both Pagodas appears also objectionable, in as much as it would withdraw every check against the misappropriation of Funds. But it would appear that they mutually agreed to separate the interests of the two pagodas, and each Trustee to assume the entire management of one of them and the Board would wish to be informed whether any objection exists to enforcing this agreement and appointing each of the parties to be trustee to one of the Pagodas. It might perhaps be necessary to elect or appoint in the usual course a separate Co. trustee for each Pagoda

(85-86.)

Pagoda, to prevent the management falling into the hands of a single individual and the Collector is requested to communicate his opinion upon these points.

No. 58.

To, W. H. Bayley Esq[re]
Secretary to the
Board of Revenue
Fort St. George

Sir,

(87.)

Br. No. 728.
From the Coll[r] of Tinnevelly
Reporting the circumstances under which the old Cinnamon Gardens at Pun:booly in the Tenkassy Taluk have been Converted into wet Cultivation and are enjoyed tax free and recommending for reasons shown that one fourth of the full assessment may be charged on the extent of land cultivated as Nunjah by water from the Government Channel.

Para 1. In the year 1816 the Government Cinnamon Plantations in this District were sold by auction to the highest bidder and as will be seen from the correspondence noted in the margin were all purchased by two parties. Mr. Sullivan the then Commercial Resident at Palamcottah bought two lots for which he took out Government Grants and the remainder consisting of 2 Gardens situated at Pun:booly in the Tenkassy Taluk were Knocked down to one Sashagherry Row for 30 Star Pagodas.

From Board's	D[o]:	6[th]: April	1815
To	D[o]:	28[th]: august — "	
From	D[o]:	11[th]: December "	
To	D[o]:	10[th]: January	1816
From	D[o]:	18[th]: D[o]: — "	
To	D[o]:	5[th]: March — "	
From	D[o]:	14[th]: — D[o]: — "	

These Gardens by the terms

2. of the sale were to be held tax free — Mr. Sullivan however had to pay 30 Star Pagodas

Pagodas in fee for preparing the Government Grants and by the provisions of the Grants the holder was liable to the payment of periodical fines of 30 Pagodas for each lot at the end of every 30 years but which fines do not appear as far as I can ascertain to have ever been Collected. —

3. No promise was made in disposing of these plantations to be held tax free that they should be maintained as Cinnamon Gardens and consequently before long the Cinnamon trees were all eradicated and the land applied to more profitable purposes - Lasha Gherry Row did not appropriate his purchases to the use of the Panboolyplatam Pagoda according to the intention stated in the Collector's letter to the Board dated 5th. March 1816 but sold his Gardens to one Arnachella Row and they have been converted into Paddy fields with the exception of a small extent upon which a few Cocoanut and other taxable trees are growing. —

4. The extent of Paddy cultivation which has been carried on for the

the last 30 years is seed Cottahs 6. 13. 6¼ which together with Mercals 6. 7 of land on which the trees stand make up seed Cottahs 6. 20. 5¼ Corresponding exactly with Cawnies 8 Grounds 13 and feet 1349 stated in the Boards advertisement of 18th. January 1816 to be the extent of these Gardens. The full Nunjah assessment of the above land would be something more on an average than 60 Rupees per Annum - At is however enjoyed by the owners a above remarked tax free. —

5. The Source from which the Nunjah receives water is the Government Channel called Panbooly Cal taken off the Amoomanaddy River the same from which the Gardens were watered when they were Cinnamon plantations. —

6. My attention has been directed to this subject in Consequence of a requisition from the Civil Judge of Tinnevelly to register this land among others in the name of the younger son of the above named Arnachella Row who after the death of

of his Father sued his Elder Brother for a division of the Estate.—

7. It seems to me that the intention of Government in allowing these Gardens to be enjoyed by their purchasers tax free must have been conditional on their being kept up as Cinnamon Plantations but as no such stipulation was entered into the new owners could not be prevented from doing as they pleased with them. Seeing however that the quantity of water taken from the Government Channel is much greater for Paddy Cultivation than could have been required for the plantations I am of opinion that a charge might fairly be made for the excess quantity and I beg to recommend to the Board of Revenue that the principle adopted in the case of the Mosque Manium Tope lands referred to in the correspondence noted in the Margin may be applied to this case and one fourth of the full assessment laid on the extent of land cultivated as Nunjah by water from the

B. No. 856.

From the Collector of Coimbatore

Sir,

21st Instant, I beg to inform the Board that

In reply to your letter of the

the arrangements for Jummabundy of Fasly 1261.

rested with my Incumtenens Mr. Underwood.

I am not aware what induced the arrange-

ment referred to, in your letter, but on my

rejoining on the 1st April 1852. I found the

Puttahs had been given in 2 Talooks

not 3 / by the Head Assistant Collector Mr.

Walhouse, Mr. Underwood's orders. Puttahs

were also given as stated in like manner

in 5 Talooks by Mr. Thompson under

Mr. Underwood's directions. The Head

Sheristadar had previously examined

all the accounts and submitted them to

Mr. Underwood. I found 4 remaining

Talooks unfinished on my return from

leave

5020 Fort St. George 21st April 1853.

leave which I did myself personally as

stated in my Jamabundy Report.

93.

B. No. 1042.

From the Collector of Coimbatore.

Sir,

Adverting to your letter of the

4th Instant, I have the honor to forward a Statement

shewing the nature of the items composing the

Hill or Jungle Revenue of this District, and

the amount collected from this Extra Source

from Fasly 1251 to 1260.

2. The several items were rented out annu-

ally, but under orders of the Board dated 6th November

1851, the produce of the Ammanelly Hills has been collected

under the Amani System. The accounts connected therewith

for Fasly 1261 not being finally closed, they are

not included in the Statement, but will be

submitted hereafter.

Coimbatore,
Collector's Office,
Coonoor, 12th April, 1853.

/ Signed / C. B. Thomas.
Collector.

Statement

in Para 3 the different Officers by whom the several talooks were settled, but has omitted to particularize the stations at which the Summabundy was conducted as required by the Board's Circular of 22d. November 1849.- This information is furnished by the Sub-Collector, for the talooks of his division, but should not in future be omitted for any part of the district.-

Para 8

3 The combined effect of two very abundant harvests in successive years with a deficient export of grain in Fasly 1260 are shown in the decreased price in the staple article rice, which has fallen off from 6 to 10 per Cent as Compared with the preceding year and from 11. to 13 per Cent in Comparison with the average price of the last 5 years- and this notwithstanding the export during the year under report increased from 28,660 Corges in Fasly 1260 to 34,443 - inclusive of the rice passing from Mysore. The increase is 20 per Cent; and the Collector states the export to be the largest known except in two years in which however he has not specified. The greater part of the increase is in the trade with Arabia and Goa, the former of which has increased from 7816 to 12422 Corges. This

Para 13

subject was recently discussed in the Correspondence noted in the margin, and the Board have not at present any further observations to offer. To whatever cause it is to be ascribed the revival of the rice trade with Arabia is a very gratifying circumstance and the Board hope that the large exports may have had the effect of relieving the Country of much of its accumulated stock and thus bring about an improvement in the prices.-

Jt. Con. 23d March and Cir. 15th Apl 1852. Para 6
Pro. Con. 16 Aug. 1852

4. The prices of Betelnut and Cardamum have slightly fallen while Pepper is about the same as in last year. As compared however with the prices which ruled previous to the abolition of the Hawlut duties they were very remunerative and both the Collector, and Sub Collector testify to the prosperity which has been the result of that measure in the parts of the district where these valuable descriptions of Garden produce are principally cultivated.- The growers instead of being overwhelmed by debts and completely in the hands of Sowcars, the Sub Collector observes, they are now by far the most independent and thriving people in the Division- The Board see no advantage in Continuing to give the "Estimated produce" of these articles where it

Para 9

√ Para 10
+ Para 20

Para 16

desired to foster and encourage. The object of preserving the jungles, is one of greater public moment than the revenue derived from their clearance for this temporary species of Cultivation, while the long period during which it has been permitted the large number of persons deriving a subsistance from it and the private rights which exist in some parts of the Country) or have been recognized sometimes without sufficient consideration render it necessary to use great caution in suppressing it. The Board therefore quite approve of the

Para 28. indulgence which the Collector has shown in introducing a more exact system of measurement and assessment while at the same time they have no

Para 30. hesitation in concurring with him in thinking that the "regulation of the Comeny Clearances will be best effected by an assessment proportioned to the advantages and disadvantages of the land rather than by the fines now imposed". It is observed that the clearances of Jungle for Comeny were during the year under report no less than 1322 9 Acres. It does not appear whether this description of Cultivation is diminishing or on the increase, but the Board have understood that its entire suppression in the neighbouring districts of Mysore has induced many of the Comeny Cultivators

Cultivators belonging to those districts to resort to the Canara Forests for the purpose of carrying on their employment. They would wish this point to be specially noticed in the separate report which the Collector promises.—

Para 29 The particulars of Huckle Cultivation are given in Statement No. 18 and as observed by the Collector the assessment differs but little from that of last year. On referring to that Statement however there are Considerable discrepancies apparent in the details. There is an increase of 314-2 ryots Cultivating Huckle of whom upwards of 2,000 are assessed in addition to the number last year, but the increase in assessment is only Rupees 9+. The increase in land Cultivated is acres 4+18 which however appears to be nearly all held by Exempted ryots whose number has increased from 4729 to 5869. In the several talooks also there are great variations observable. In Betul the number of Ryots assessed has increased from 949 to 1877 while the land occupied by them only exceeds that of last year by 35 Acres. In Bilgy the number of assessed ryots has increased from 201 to 587 but the land held by them has fallen off from 796 to 376 Acres. This decrease of Cultivation in the Bilgy

Belghy talook is referred to in the Sub Collectors
Para 14. report, and he seems to be of opinion that
the assessment of 1½ Rupee an acre may be too
high for the poor land in that talook altho'
in Soopah, and generally in Sondah the
land can well afford it- The Board would wish
the question of Huckle in these latter talooks
to be more specially referred to in the Collectors
next report with reference to the very large
quantity of land appearing under that head
particularly in Soopah- where it amounts to
6289 acres of which 4287 are exempt from
peyrnue- They are under the impression that
much of the land entered as Huckle in this
talook is altogether of a different description
from the high dry soils termed Huckle in
other parts of the district and that a Considera-
-ble part of it is cultivated with rice Con-
-sidering that as the Board believe, the ancient
system of land Revenue in Canara, is of only
recent introduction into the more open parts
of those talooks which it is believed were former-
-ly attached to Savanoor and subject to much the
same system of assessment as now prevails in
the neighbouring Villages in Darwar they are
disposed to doubt whether too much latitude
may not have been given, under Cover of the Wurg

Syste

System, to claims made upon this description of
waste lands-

The estates under Vaidah or instalmen
9. were, as shown in Para 35, 654 including Hosagaine
wurgs, the total assessment of which is Rs. 21413. The
settlement on these in Fusly 1260 was Rs. 14077 and
the instalments for the Current year amounted to Rs.
1398 which was fully realized with the exception
Para 34. of Rs. 89-13-0 of which 81-13- was on account
of 20 Estates relinquished during the year- Of the
estates under yearly examination or Tuntkey 17
were transferred to the head of Vaidah having a
fixed period assigned to them for bringing up the
assessment to its full amount and 3 estates were
unavoidably transferred from those paying full
assessment to the Vaidah Class. An entry of
Cl. 3 Rs. 552 is observed in the abstract given in
Para 35 as "Permanent remission" from certain
old Wurgs- and the Board would wish for some
explanation as to the meaning of this term-
If it be intended to indicate the remissions
known under the usual term of "Board or
Shifarsh" they would not wish these
remissions to be distinguished as perman-
-ent- a thorough reexamination and revision
of these remissions has been for some years in
Contemplation, and should receive the

Collectors

Collector's attention at an early period.—

Rs. Para 38

10. The Revenue of the year had been fully Collected by the end of September with the exception of Rupees 6716- Out of a total demand of Rupees 1914,101 Rupees 1899396 were realized within the Fasly and Rupees 16990 subsequently up to the date of Report. The arrears of Revenue outstanding at the Commencement of the Fasly were 18741. of which Rupees 18143 have been collected and Rupees 53-15-4 remitted under sanction from Government. * Rs. 4539 subsequently upto 31st January 1853 Balance remaining Rs 2,176

From Govt. 23 March in No. 7 from 15 April 1852 Rs. 24--2 Collected subsequently upto 31st Jan 1853 Balance remaining Rs. 316-3-8 Para 45

11. In Para 47 the Collector has given two tables showing the amount of property sold for arrears of Public revenue and for realizing private rents. In both cases they were of inconsiderable amount the former being Rupees 1593 on account of 71 defaulters owing Rupees 1229 and the latter Rupees 1109 on account of 81 defaulters owing to their landlords Rupees 914.-

12. The following is a Statement

of the Revenue from all sources amounting to Rupees 2919366 which shows a Net Decrease of Rs. 17732. but this is inclusive of the Rs. 28652 decrease under the head of Amcendevi Coir which is a mere matter of account depending on the time when that Article is transmitted to Calcutta exclusive of this item there is an increase of Rs. 10919 in favor of the year under report.-

13. In Para. 50 to 53 the Collector has given Statements of the Gross receipts and charges with explanation of the Causes of increase where it has occurred. More detailed information is Contained in the Statement No. 12 but no particular remarks appear to be called for. The Board however observe that there is Considerable discrepancy in the manner in which the abstract Statements given in their reports by the several Collectors are drawn up, and they propose to furnish them with a Form by which the Charges and percentage will be more distinctly exhibited. Mr. Maltby gives the Gross Charges at 21-9-7 per Cent but this is inclusive of Pagoda and Masque allowance Compensation for Assumed Lands Offices and Privileges &c. and does not therefore furnish distinct information as to the actual charges of administration. The Board observe also that the Salary of the Collector and his subordinates and of the whole Establishment is charged against the Land Revenue alone which tends to swell the per Centage considerably beyond what it would be if charged against the Gross Revenue under all heads which the Collector is equally employed in administering.

14. The Sub Collector in his Report notices

Para 12 & 13 notices that the plan of granting long and favorable Cowls to induce the Comery Ryots to clear and occupy the jungle along the main roads in the Balaghaut Division has not hitherto been successful. Only 48 Acres appear to have been cleared during the year (Para 12 & 13) and it does not appear that any of this was for permanent occupation. The Collector however is still sanguine that much will in the Course of a few years be taken up in small patches.

Para 57

15. The Collector observes in Para 55 that he has not found it practicable as desired by the Board to enter the Balance in the Statements of Sewary Jumma where there is no fixed demand. The Board readily admit that there are many items Comprized under this Head of Revenue which are of this Nature and do not admit of their amount being previously ascertained, But there are others, such as the 2 first items under the head of Land Revenue in Statement No. 19 in which there is a definite "demand" which may nevertheless be not fully realized. If the whole of such demand has been Collected, as would appear to be the Case in the instances referred to, no "Balance" will of course appear but it might have been otherwise. Some portion, for instance, of the demand of Rs. 6537 on account of "new and waste lands not

13. In Para. 50 to 53 the Collector has given Statements of the Gross receipts and charges with explanation of the Causes of increase where it has occurred. Some portion, for instance, of the demand of Rs. 6537 on account of "new and waste lands

not

not in Lists & included in the Settlement might have remained unrealized. It was the Object of the Board to ascertain this point, and to supercede the practice which had been prevalent of invariably making the sum paid square with that actually received.-

16. The subject referred to by the Sub Collector Para 15 appears to have escaped the Collectors attention- Mr. Ball it appears has transferred the Sum of Rupees 963 from the Head of Mootapha to Land Revenue, considering that it is properly of the nature of quit Rent. The Board presume that it was before charged as "House tax," and the question to depend upon whether it be assessed with reference entirely to the regular assessment of the land itself, or in anyway dependant on the value of the buildings themselves or the profession carried on by the owner.-

17. The Board have observed with much pleasure the very favorable notice which the Collector has made of the services of his Sub Collectors and other subordinates. It is observed that the charge of one of the Sub Division devolved for the greater portion of the year upon Mr. Hudleston in Consequence of the absence of the additional Sub Collector and Head Assistant and Mr. Maltby speaks in high terms of his zeal & ability- They are gratified also at noticing his favorable mention of his two Sheristadars Boogung Row, and Bonifacio Fernandez-

No 22.

To W. B. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

98.

Bd No 837.

From the Collector of Canara.

Requests permission to sell by Public auction a Public Bungalow at Honore with the site upon which it stands.

Sir. I have the honor to recommend that the Board of Revenue will be pleased to obtain the sanction of Government for the sale by public auction of a house at Honore commonly called Jack's Bungalow with the site upon which it stands.-

2. I am not aware when this house

house and ground became the property of Government but they have been so for many years.

dated 12th March 3. The annexed letter from Mr. Silver shews that the house is in a state of utter dissepair, and I do not think that it is desirable that Government should incur the expense of rebuilding it

4. I had occasion in a former letter (30th June 1851) to recommend that this building should be converted into a public Dispensary should the Government see fit to establish a Dispensary at Honore. When I made that recommendation the Bungalow was unoccupied, and there seemed no probability of its being tenanted. The Revenue officer rented a house belonging to the German Mission and the other residents were otherwise provided for.

5 Subsequently the re-establishment of a Mission at Honore has unexpectedly deprived the Additional Sub Collector of the residence which he expected to occupy. and Jacks' Bungalow has been again tenanted - but its dilapidated state renders it unfit for this purpose, at the same time that it occupies one of the few

sites suitable for building at Honore.

6. It is highly desirable that the Additional Sub Collector should provide himself with a suitable residence at his head station, where his records and the treasury are situated, where the Courts are established, and which is the central spot of his charge, and as I cannot recommend that the Government should incur any outlay on this building, I beg to recommend that it be put up to public auction at an upset price of 350 Rupees.

7. The Government already possess a public bungalow at Honore, and for the dispensary a suitable site can be obtained, should one be sanctioned, while this site is made available for the additional house, which the re-establishment of the Mission has rendered necessary to the Honore residents.

Collector's Cutcherry.
on Circuit,
Agumba, 21st March,
1853.

[Signed] F. N. Maltby
Collector -

To

To F. A. Maltby Esqr.
Collector of Canara.

Sir,

I have the honor to inform you that having directed the Tahsildar of Honore to make some repairs to the Government Bungalow called Jacks House tenanted by me, on a monthly rent of Rupees 12 the house has been carefully inspected by the Head Maistry and the Tahsildar, and pronounced by both to be in such a ruinous state as at present to render it dangerous to reside in it. This is also confirmed by my own personal observation. The walls are good but the beams and joists are almost entirely destroyed by white ants; and the flooring in the upper room so decayed that it was pronounced impossible to remove even a single plank without risk of the whole coming down together. Under these circumstances I was compelled to move my family out of the house, as I durst not risk their lives by remaining in it.

2. I also ordered the Head Maistry to prepare an estimate for the repair of the building and to report to me in concert with the Tahsildar if it was practicable to have the repairs executed

executed before the monsoon. The maistry has sent in an Estimate for Rupees 531-9-1 a P and both he and the Tahsildar state the repairs cannot be made this season, as the whole of the wood work in the houses must be removed, and there is not now time to get fresh wood ready to replace it. The Maistrys estimate however includes the annual monsoon repairs to the roof which must be done at any rate, this year, if the house is not to tumble down; and also a charge of Rupees 105-0-0 for windows, which may be considerably reduced; probably for Rupees 400 the house might be put into repair after the monsoon, and there is at present an accumulation of back rents to the amount of Rupees 250.

I propose therefore if it meets your approval to have the thatching renewed before the monsoon and the house well shut up to preserve it as much as possible from damage, and to order the Tahsildar to get wood felled and ready for commencing the repairs in October next. I must state however that I do not expect, the sum that will be at my disposal from back rents after deducting

deducting the cost of monsoon repairs, will cover half the amount absolutely required to be laid out; and it will be necessary then to submit a fresh estimate shewing what we have in hand and obtain sanction for the balance.—

Additional Sub Collectors.

Collector.

(98-99.)

Ordered that the following letter be sent in conveyance.

To The Collector
of Canara.

B. No. 848

To the Collector
of Canara.

Sir,

I am directed to acknowledge the receipt of your letter of the 21st March 1853. requesting that the permission of Government may be obtained for selling by public auction a house in Bonore commonly called Jack's Bungalow with the site upon which it stands.

2. The Board concur with you that it is not desirable that Government should defray the Expense of rebuilding or putting it

it in repair, and as it appears from a previous correspondence that Government have already consented to its being sold they would have had no hesitation in authorizing you to dispose of it at once but for certain considerations which appear to them to require further explanation.—

From Coll. 2 September in Cons. 1st Octr 1846
To Sec. 1st Octr
Ex Min. Con. 3 Nov.
in Cons 12th Dr
To Coll. 12th Nov.

3. You observe in the 5th Para of your letter that the Bungalow in question "occupies one of the few sites suitable for building at Honore," and from the correspondence noted in the margin it is seen that the difficulty of procuring a fit site for a house at Honore is so great that the Government were unwilling to make a conveyance to Mr Lascelles of the site occupied by his present residence without imposing certain conditions which would secure to his successors the option of obtaining possession of it on reasonable terms. An objection of the same nature may, it appears to the Board, be urged against the sale by auction of Jack's bungalow, for there is nothing in your letter or that from Mr Silver to show that he is willing to become the purchaser for the purpose of erecting a new

P 23 Novr "

house

house and unless he were prepared to do so it might be purchased at the auction by some other person, and devoted to some purpose other than providing a suitable residence for one of the European Officers at the station.

4. If Mr. Silver is desirous to purchase the property with the view of rebuilding the house, the Board would have no objection to it's being sold to him on valuation as authorized in the correspondence referred to in Para 2 of the letter, But if not, they think it would be preferable either to allow him to occupy it, he himself making such repairs at his own cost as he may think necessary, or otherwise that it should be pulled down and the materials sold, the site being still retained at the disposal of Government, and granted hereafter to any one agreeing to Erect a suitable residence on it.

Pd. Para 6. 5. I am desired to add with reference to your remark that it is highly desirable that the additional Sub Collector should

should provide himself with a suitable residence at his head station", that no report appears to have been made, as is usual, by you, of a change of the additional Sub Collector's charge, and the Board wish to be informed when and under what circumstances he was removed from Mangalore. They would wish to know what advantages were proposed from this arrangement, and particularly what provision has been made with respect to his Establishment, since he cannot now receive the same assistance from the Head and Rail Sheristadars as when residing at Mangalore and there is no separate Sheristah Department attached to the additional Sub Collector.

B. No. 836.

To the Acting Collector
of Madras,
In Petition No. 601
of 1853.

To the Collector
Sir,
of Madras.—

The Board find that the arrangement complained of by the Petitioner in that referred to in the acting Assistant Collector's

letter

Subs. 24th January 1853. letter of the 21st December 1852. The charges then proposed have been recommended for sanction but on further consideration the Board do not see why a competent member, if any exists of Petitioners' family, might not have been appointed in succession to him and thus made unnecessary the payment of 30 Rupees annually.

2. The Office of Salt Cunnum would not appear to be more permanent in the family than that of Village Cunnum in general, in which the circumstances of the case seem to demand it, as in instances of gross fraud &c. the situation is taken from the family of the late incumbent and given to another unconnected with it, or as in the present case when general inefficiency only is proved transferred to a relative. The Board would wish your opinion on whether the last mentioned arrangement is not preferable to that proposed by the acting assistant

Assistant Collector.
