# No Diary.

At a Meeting Present

Monday, 12th. September, 1853. } J. Goldingham Esqre. Second Member.
and.
T. L. Blane Esqre. Third Member.-

Walter Elliot Esqre. Senior Member Absent on duty as Commissr. in Nn. Circars.-

Minutes of the last Meeting read and approved.-

(1)

Read the following Extracts.

Bd. No. 2333.

From the Secretary to Government

No. 986.

Extract from the Minutes of Consultation, Revenue Department, Under date the 30th. August, 1853.-

Read the following letters.

From the Acting Collector of North Arcot (Here enter 19th. April 1853. No. 28)

From the Secretary to the Board of Revt. (Here enter 25th. July 1853. No. 341.)

Para 1 In the first of the above letters the Acting Collector of North Arcot forwards a Communication from Streenevasa Row, the Jaghiredar of Arnee requesting that in the event of his death, his eldest son Seroomul Row might be allowed to succeed to the

Fort St. George 12th September 1853.-

the Jaghire. The second Letter from the Board of Revenue reports the demise of the Jaghiredar, the proceedings of the Collector and the instructions issued by them to that Officer. These measures are approved and the Government concur with the Board and the Acting Collector that under the circumstances represented of the Competency of Teroomul Row to transact his own affairs and of the aid he will have for the occasion, it is not necessary to take the Arnee Jaghire under the Management of the Court of Wards.-

2. The Right Honorable the Governor in Council is pleased to recognize Teroomul Row as the Heir of the late Streenevasa Row and as his Successors in the Jaghire of Arnee & summand in the form used on the last occasion prepared in the name of Teroomul Row will be forwarded to the Acting Collector who will deliver it to him and will at the same time present him with a pair of Shawls.-

3. The Acting Collector has applied to the Jaghiredar for an account of the Moturpha Collections made in his Jaghire during the last 20 years and the Board suggest that it may be admissible that the Government should take this source of revenue into their own hands as in the case of the Sivagoondy Estate. Pending the decision of the questions of the Moturpha generally, the Governor in Council is

Fort St. George 12th September 1853.-

not disposed to interfere with it's Collection in the Arnee Jaghire, but the account which has been called for by the Collector may be furnished and that Officer in presenting the Summud to Teroomul Row will at the same time apprize him that he will be allowed to enjoy this source of income for the present and till further Orders, but that the Government reserve to themselves the right of dealing with it hereafter as they may see fit.-

4 The petitions presented by different Members and dependants of the family on the subject of their allowances will be forwarded to the Acting Collector for such notice as they may seem to require.-

5. The following Endorsement on Petition Nos 1007 and 1019. will be communicated to the Petitioner through the Acting Collector of North Arcot.-

No. 897 From Lutchoomboyemmalu
" 920 From Ramachendra Row and Rama Row-
" 990 From Streenevasa Row-
" 1008- From Teroomul Row- and others-

No. 1007- From Venkatrow Sahib claiming to be the head of the Arnee Jaghiredar's family and as such entitled to the Jaghire.-

"Petitioner is informed that his pretensions are inadmissible."-

No. 1019- From Venkatrow Sahib praying to be considered as head of the Arnee Jaghiredar's family and as such to be entrusted with the Management of the affairs of the Jaghire.-

"Petitioner is informed that his request cannot be complied with and that he will not be permitted to interfere in the Management of the Arnee Jaghire."-

True Extract
Signed J. Pycroft
Secretary to Government.

Revenue-

Fort St. George 12th September 1853.-

No. 1.

Revenue Department-

To, Teroomul Row.

Your right to succeed to the Jaghire of Arnee as eldest Son of Streenevasa Row the late Jaghiredar having been recognized by Government this Sunnud is issued, granting you that Jaghire on the following conditions Viz.te.-

1. You are to conform to the Regulations of Government and to be obedient and faithful to the Honorable Company.-

2. In the Month of July in each year, you are to pay ten thousand /10,000/ Rupees into the Honorable Company's Treasury as a pledge of submission to them and in return for the protection afforded to you.-

3. You shall make a suitable provision for the different Members of your family according to established usage and according to the Orders of Government when they may see fit to interfere.

4. You shall not erect any fortifications or places of defence, or entertain any troops or armed peons or followers, unless with the previous permission of Government.-

5. You shall as far as in you lies provide for the welfare of the inhabitants and the prosperity of your Jaghire.-

In

Fort St. George 12th September 1853.

6. On failure of any of the foregoing conditions this Sunnud will be of no effect, and your Jaghire will be liable to be resumed.-

7. In witness whereof this Sunnud is signed by me, the Right Honorable Lieutenant General Sir Henry Pottinger, Bart. G. C.B. President in Council of Fort St. George, on the part of the Honorable Company, and the Seal of the said Company is affixed hereunto in Fort St. George this Thirtieth day of August in the year of our Lord One thousand Eight hundred and fifty three.

To

Fort St. George 12th September 1853.

(5)

B.d of W.s 1892.

To the Secretary to the Horticultural Society d/ 21st April 1853 & 9th May 1853.

To The Secretary to the Horticural Society.-

Sir,

With reference to para 3 of the accompanying letter from the Commissioner Northern Circars (which it is requested may be returned with it's enclosures when no longer required) I am directed by the Board of Revenue to forward to you the parcel containing Specimens of flower and Seed referred to by Mr. Walter Elliot, and to express their wish that, if it can be ascertained, the botanical names of the trees to which these Specimens belong may be communicated to them, for the information of Mr. Elliot.

Revenue Board Office, Fort St. George, 12th September 1853.

(Signed) B. Cunliffe.
Sub Secretary.-

---

Read the following letters.-

(6)

B.d of W.s 2263.

From the Collector of Chingleput Para 1

Reporting on the Petition No 2 of 1197 of 1852 presented to the Executors of the late P. Vengoo Moodelly Zemindar of Nadoovarumbaa Kumsin the Nayar Taloke.-

To B. Cunliffe Esq.re
Sub Secretary to the
Board of Revenue,
Fort St. George.

Sir.

I have the honor to submit the following Report on the accompanying Petitions presented by the Executors of the late P. Vengoo Moodelly Zemindar of Nadoovarumbaa Kumsin the Nayar Taloke

* No 2 of 1197 of 1852

Fort St. George 12th September 1853.

To do E with reference to the Board's Endorsement thereon dated 22d February 1853.—

2. As reported in my letter of the 1st March last, the above Moottah has been under the Management of the Petitioners on behalf of the Minor Sons of the late Proprietor in virtue of their Executorship to the Estate agreeably to the will left by the deceased.—

3. As Section XIX Regulation V of 1804 provides that the Nomination of Guardians under the Wills of deceased Parties should meet with the approval of the Court of Wards, I concluded that this Moottah necessarily fell under the Control of that Court, and as I did not consider that Executors of the deceased were authorized under any circumstances to dispose of the Property except as duly constituted guardians acting under the Approval of the said Court, I declined to recognize the Sale of Portions of the Estate which was effected without their previous Sanction, the more especially as I observed that one of the Villages was alleged to have been disposed of to the Father of one of the Executors.—

4. It may perhaps be considered that the Circumstance of the Supreme Court at Madras, having approved the nomination of the Executors (though not the Court of the District in which the Estate is situated) would render any interference on

Fort St. George 12th September 1853.

on the part of the Court of Wards unnecessary—should the Board under this view of the case direct me to carry out the Sub Divisions as requested by the Executors, their Orders will meet with immediate attention.—

5. I take this opportunity of soliciting Instructions as to whether Moottahs, the Managers of which may be appointed by the Zillah or Supreme Courts are to be excluded from the annual report called for in the Circular of the 28th June 1852, or whether I am authorized to demand of the Managers the necessary accounts in view to furnishing the report regarding their Management.—

Chingleput District,
Collector's Cutcherry,
Pullecarney, 23d August 1853.

(Signed) J. H. Cochrane
Collector.—

Bd. Wr. 1902.

Proceedings thereon, Para 1.— The attention of the Collector is drawn to Section III Regulation V of 1804.

Calling attention to Sec: III Regulation V of 1804 and requesting to submit a report on the Nadoongrumbaum Estate.—

2. It will be necessary for him to submit without delay a report upon this Estate with his opinion as to the expediency of taking it under the Court of Wards or of applying to the Zillah Court to appoint a Guardian.

6. 7.

3. It is observed that this Estate and also the Mordy Shrotriums are included in the Collector's Report of the 1st March 1853 but that they are omitted

In Cons 24th March 1853.

Fort St. George 12th September 1853.

In Cons 11th Nov. 1850
Fr. B. 13 May 1852.

omitted from the List forwarded with this predecessor's letter of the 6th November 1850, the Estates included in which have alone been reported to Government.—

4. The cause of this omission should be explained.—

5. With reference to the information sought in P. 5, the Collector is required to include in the Annual Report all Estates of disqualified persons the Management of which has been left in the hands of the parties interested, as it is incumbent in the Court of Wards to interfere in cases of abuse of trust, or where the interests of the disqualified person, from whatever cause, are neglected.—

6. The Board approve of the Collector declining to subdivide the Estate at the request of the Executors to the Will of the late Proprietor.—

---

To, B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue.
Fort St. George.

8

Bd. No. 2325.
From the Collector of Chingleput.

Sir,

I have the honor to forward herewith Copy of an Order from the Court of Sudder Udalut directing the refund of Rupee 1-0-0 to the Appellant in Appeal Suit No. 57 of 1852, and request-

Fort St. George 12th September 1853.—

request that the Sanction of Government may be obtained for the same.—

Bd. No. 2293
From the Asg. Collector of North Arcot. }
Received 17th May

Sir,

Adverting to Para 2 of the Remarks of the Board of Revenue dated 10th January last, on the Statement of actual charges incurred without Estimate in the Revenue Department for Fusly 1261, requesting me with reference to item No. 10 in the Statement, to state what weights are stamped in this District and according to what standard, I have the honor to transmit a Tabular Memorandum showing what Measures and Weights have been stamped and the Standard adopted for each.-

2. As reported to the Board in Para 2. of Mr. Bourdillon's letter dated 8th June 1850. the recognized Standard of the District is the Puddy of 150 Rupees weight of Grain excepting in the Town of Vellore, where with the free consent of the Merchants, an alteration was made in 1848 both in the Measures and Weights in use in the Civil Bazars, in order to assimilate them to those in use in the Military Bazars. The particulars are given in the Memorandum.-

Bd. No. 2426.

From the Collector of Salem. — Replying to the Board's letter dated the 1st Instant relative to the answer proposed to be presented in O.S. No. 36 of 1853 instituted in the Subordinate Court of Salem by one Krishna Sastry.

No. 119.

To, W. A. Bayley Esquire
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

1. I have the honor to reply to the letter of your Board dated the 1st instant relative to the answer which I have proposed to present in a Suit instituted against me by one Krishna Sastry.

2. The Board observe that "the main fact of a deficiency in the extent of the land

"land amounting to very nearly one half is not denied". They to state that I could not deny an allegation of the truth or incorrectness of which I have no information whatever, beyond the mere assertion of a person who newly occupied the land in question. - That land, for a long series of years, had been under tillage by another party, who had regularly paid the Government dues, who had received no remission and who had left it hunger for only five years of the period during which he held it whilst apparently the advantages of the land were known to be such that it's possession actually elicited competition when, under circumstances, it become available for assignment to a new occupant.

3. The Board proceed to remark that assuming on a deficiency to be the case, they would be reluctant to perpetuate an assessment not justly due. To assume the existence of a deficient area on the simple assertion of a cultivator and thereupon to found the new measurement which such assumption necessarily involves, will, I am quite satisfied - and such is the opinion of all the officers of experience in this District whom I have consulted on former occasions - be to hold forth a signal for re-measuring

re-measuring a very considerable portion of the cultivable and cultivated lands of the District.

4. In the present case whatever Krishna Sastry may represent, I have seen no cause for meeting the wish of the new comer and I submit that the former circumstances of the land do not justify the inference that it bears an unjust assessment or one which is ill suited to the productive capacity of the field. It matters little, I further submit, what perchance may be the recorded area of the holding in any Curnums account which may have come under the Plaintiff's notice, if the former occupants of the land was, as seems to have been the case, satisfied with the faisul teerwah and liquidated it without embarrassment.

5. Again; if, exclusive of the Plaintiff we find persons who are prepared to take up this land, should it be allowed them. I would with respect, ask, whether their is a prima facie probability that the tax it bears is unduly heavy.

6 The great test of it's fairness must undoubtedly be sought in the continuance and certainty of it's occupation for agricultural purposes and on this score there is nothing to

Show-

show that the Plaintiff would be worse off than those who preceded him in the occupancy or that the change is necessary which Krishnasastry solicits. Your Board seem distinctly to recognize this as the important criterion in such questions as these, for I find myself in the communications marginally noted called upon to report whether the assessment of certain ground in the Kishnagherry Taluk is not likely to interfere with it's regular uninterrupted tillage. In the case then under your Board's notice, there was a deficiency of land to a large extent, and that deficiency had been formally and officially ascertained. Nevertheless your Board admitted the propriety of certain explanations I submitted and the complaint of a Petitioner was thereon rejected - I would solicit the attention of your Board to that correspondence.

From B. 2d 14th March
To Do 24th D. 1853
From D. 21st April Do

7. The Suit of Krishnasastry involves a question of much less importance than that mooted in the case above mentioned.

8. Plaintiff Kristna Sastry is a fresh occupant, and demands for himself on his own uncorroborated assertion what for a series of previous years, the old cultivator had never thought of seeking.

Para 2

9. The Board advert to the course they think

think I would voluntarily adopted, were I to gain the Suit. There are, I respectfully submit many acts in connection with my position as Collector of the District I would with pleasure perform, had I to consult only my own feelings and impressions. However, have in too high regard the instructions of my Superiors in Authority, ever to bring these forward in opposition to the rules framed officially for my guidance and as it is an established rule of the Hoor Koomnama that a Measurement of land is not to take place unless on strong grounds for a belief that there is a deficiency it would scarcely consist with my public duty voluntarily to diminish at the successful close of an action that with which I had previously preferred to interfere. But in the present case, I have no cause whatever to suppose the Plaintiff's assertion to be accorded assertion, on the contrary, it seems most unlikely that the former occupant of the land would have put up with the Assessment, had it been of undue weight or unsuited to the fields.

Para 3.

10. It does not become me to support my view of para 9 of the Hoor Koomnama since it is not concurred in by your Board as respects it's Applicability to the Suit under notice. I would nevertheless, with

much

much deference, states that in practice I have never thought it requisite to draw a line between the suspicion of a deficiency in land which is and has been in the possession of an old occupant, and that which may arise on the occasion of a fresh tender being made to take up ground previously unoccupied. Whoever or whatever the occupant or applicant may be, I have considered it incumbent on me, simply to ascertain whether the circumstances affecting the field were or were not such as to create a fair belief, that it's rent was erroneous and not adopted to the productive powers of the field. I have not regarded the officially recorded area as the only or most essential ingredient of a decision on such a point, for as your Board are aware, when the permanent assessment was fixed the average produce of the soil was taken into account. That being understood and specified, it is just possible that errors may have occurred in entering the area which at the present time ought not to affect the question of it's teerwah.-

11 As regards the Board's in-

4th Para 3.

=timation that under the circumstances

Shown

Shown in their letter under Acknowledgment they consider I lost the benefit of the plea Contained in the 13 Para of my draft answer. I submit that as respects the Fusly when Krishna Sastry occupied the field, no other course was open to me but that of collecting what by the public accounts was proved to be due on the land for which he had tendered and which he had formally obtained. Had he been a needy Ryot, I should have exercised my discretion as to a remission of holding him for that year responsible for the full teerwah, did not, as from the Board's further remarks, seem to be their impression, deprive Krishna Sastry of the option of relinquishing the land on the succeeding year, for under the existing rule of the District, a Ryot may throw up at any time what he has occupied in any one Fusly. To Krishna Sastry it is to be borne in mind contended for the occupancy of what another person wanted to have, even with the addition of the year's tax, which had been remitted to the old occupant's heirs. Any intimation from me at that time that Krishna Sastry might throw up the land, would I submit, have been wholly superfluous. Neither would it have been to a man of his description, information that he did not possess.-

12. It appears to me, I submit-

to

to be very essential to the future manage-
=ment of this Collectorate, whilst the present
Hoofkummana is in force, that Kristnasastry's
claim be contested and upset. The embarrass-
=ments to which the Board allude, will I think be
most important if, in admission of his wish any
concession be made to Krishna Sastry. Now that
he has put the Matter in Court, I deem it
imperatively requisite that the previlege of
the Revenue Officers of the Government be
Para 4. established for if, according to the Board's
desire, the field be measured when none of
the strong grounds contemplated in their
Hoofkummanah exist - Krishna Sastry's plan
will be followed by hundreds of other
Cultivators and some special arrange-
=ment will then become inevitably ne-
cessary for carrying into effect the measure-
=ments that the Applicants will demand -
Para 6 13. The brother of the deceased Coopayen
was not and could not be regarded as
one of Coopyen's heirs, for he and the
deceased lived as separate families. Thus,
the brother had no more right to occupy
the land than Krishna Sastry or any other
ryot tendering for its Assignment to
him. -

14. Undoubtedly accordingly to
the practice of the District - founded
on the terms of the Hoofkoumnama, Para 30,

Jam

I am quite justified in holding that the fact
of the remission of a year's rent constituted a
reversion to the Government of the land. But
although in my answer to a Suit where I am
under impeachment I assert in direct terms
the propriety of a proceeding that I am confident
is completely supported by the authority under
which I have acted and by the well known
custom of the District - and although I have not
minced matters, but plainly indicated the
extent of my power, I do not mean it to be
understood by your Board, my Superiors in
Revenue affairs, that in practice, I regard in
that light all lands of which the year's rent
has been foregone by me as an assistance to a former
or the family of a deceased ryot - I look upon an
indulgence of that class as a measure of expediency
between the Land-lord and his tenant - When
I make a remission founded on circumstances
of obvious inability to cultivate land or other
circumstances calling for consideration and
forbearance I almost invariably add to the
intimation that the remission is allowed, a
question whether the parties receiving the indul-
=gence desire to retain the land for future tillage
or whether they prefer abandoning it altogether,
If they decide to follow the latter course orders
are issued to do the best possible towards
securing a new cultivator. -

15. Thus the Board will understand
that at the present time, effect is being given
to the views which they have expressed in Para
6 of their letter. I should regret to find the
Board adhere to the plan of leaving the amount
of Assessment as a balance against the Ryot
until he had given one of the two pledges
to which the Board adverts. -

In

10652. Fort. St. George 12th September 1853.-

16 In the case of Coopanyins heirs no written deed of acknowledgment that they would wish to relinquish the land, is found to have been taken, but a Measure of the kind is often adopted where the condition or circumstances of the parties interested, seem to render such a course advisable- If it should be the Board's wish there will be no difficulty in making the plan a rule of invariable application.-

17. I should mention that in the Salem Jummakbundy Accounts, no entry is made of those lands on which by reason of their being Bunjer remission has been granted.-

Sir,

Referring to the Moyenzas bitah proposed in my letter of the 9th July last for Carrying on the affairs of

Fort St. George 12th September 1853

of the Ayacoody Zemindary, ten peons were then allowed as sufficient. In consequence however of the very unsettled condition of the land it is calculated that the greater portion of the estate will have to be remeasured and the boundaries &c. of nearly all the fields and holdings to be ascertained a new, for this and for the other requirements of the Zemindary ten peons will be insufficient and I have therefore the honor to recommend that five additional peons may be allowed at the same pay of Rupees 3 each.

Bd. No. 2272.

From the Collector of Tinnevelly } Sir,

Forwarding for submission to Govt. Copy of a letter from Mr. Caxton dated the 24th Ultimo and of its enclosure and recommending that Govt. may be solicited to grant him by way of gratuity a sum of Rs. 900

With reference to para 3 of Extract from Minutes of Consultation dated the 29th June last directing me to furnish a report on the nature and extent of Mr. Caxton's services, I have the honor to forward for submission to Government with the favorable recommendation of the Board of Revenue copy of a letter from him dated the 24th Ultimo and of its enclosure and to inform you that from a reply from the Collector of Coimbatore whom I had addressed on the subject, it appears that Mr Caxton was employed as 2d Assistant to the Superintendent of Cotton Farms in that District from 6th August 1846 to 31st August 1849 when he was appointed to take charge of the Shivacansey Gin House. His services have been dispensed with from the 12th Ultimo.

2. Considering the difficulty which a Gentleman in Mr. Caxton's position must experience in obtaining other employment and the

Fort St. George 12th September 1853.

the intelligence and zeal which he displayed in the public service. I take the liberty of recommending that Government may be solicited to grant him by way of gratuity a sum equal to six Months of his late Monthly salary of Rupees 150 Viz.t Rupees 900.—

Tinnevelly, Tencausey, 20th August 1853.

/Signed/ C. J. Bird.
Collector.

No. 1.

To,
C. J. Bird
Collector of Tinnevelly.

Sir,

As called for in Memorandum from your Office of date the 18th Instant I herewith beg to forward a short statement of my services on the Government Cotton establishment, I entered the Coimbatore Establishment early in August 1846, having no Memoranda by me I am unable to state from what date in that Month but I am aware that it was early in the Month. The accompanying copy of certificate which I received from Dr. Wight explains that I was for a short

Fort St. George 12th September 1853.

period attached to the Farms and subsequently after (Mr. Petrie) the Engineer's departure for Europe in charge of the Coimbatore Gin house until the end of August 1849 when I was appointed to take charge of the Shevacausey Gin house.—

I beg to state that Dr. Wight has made favorable mention of me in the course of his correspondance with Government and that both here and at Coimbatore I have always endeavoured to discharge my duties to the best of my ability.—

I would beg Sir that you will be good enough to forward a copy of the accompanying certificate to Government, backed by a few good words from your own most influential self for which kindness I can assure you I shall always entertain feelings of the greatest gratitude.—

I had been hoping that I would at least receive nearly a Months salary for July, but as the fates have decreed otherwise I must submit to the same.—

Shevacausey 31st July 1853.

No. 2.

This is to Certify that Wm. Richard M. Cuxton, was employed on the late Government Cotton Farms upwards of 3 years prior to their discontinuance in July last. He was principally employed in the Agency and ginning or cleaning branch of the establishment but was also for some time attached to the Farms. As a Cotton agent he acquired much knowledge and skill in the valuation of Cotton, as well as in directing the operations for cleaning and preparing it for transmission to Europe. On these grounds added to his steady habits and application to business and strict integrity I can with much confidence recommend him as a Cotton agent.

24

B. No. 2231.

From the Collector of Canara — — — 1.

Reports on Petition No. 1347 of 1853 and requests sanction for refunding to the Contractor 192 Rupees already carried to the Credit of Government upon the Salt lost by the Ship wrecked alluded to in the Petition.

No. 1347 of 1853 Annexed Statement.

To,
W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

I have the honor to reply to the Board's endorsement of the 23rd ultimo on the petition of Abdoolla Shetty a contractor for the transport of Salt, from whom was levied the price of certain Salt contained in a Vessel wrecked at the mouth of the Mangalore harbour. The Petitioner alleges that this has been done contrary to the terms of his agreement.

2. The Board will see by the translation of the agreement which I beg to annex that it is silent on the subject of loss by sea accidents. I therefore acted upon the precedent which seemed to shew that the contractor was responsible for the safe delivery of the Salt, such having been the practice hitherto, and this appeared to me to be necessary to secure the Government interest.

3. But it is right that I should state

Fort St. George 12th September 1853.

state to the Board that in taking the
contracts for the present year. I have
been obliged to relax this Custom as the
Merchants stated that they could not
undertake the risk of loss by actual
sea accidents and I ascertained that
the practice of the Merchants with
regard to other goods they would not
be responsible for the value of them
lost with a Vessel foundered at Sea
&c. In the present case the
Pattamar was completely wrecked. The
not the property of the petitioner and
only hired it for the conveyance of the
Salt. but I think that under all the
circumstances of the case, and con-
sidering that I have inserted in the
new agreements a clause exempting
the Contractors from payment for
the Vessel is actually lost &c.
is desirable that I should
Board's sanction, before the
party from making good the
remit the sum of Rupees
levied from

Fort St. George 12th September 1853.

has I found been entered in the Salt
lost by wastage and will be included
in the quantity to be written off. —
The above sum has been entered as —

No. 1.

To. The Honorable Company —

Hurar for bringing up
Salt made by Imaumsaw
Abdoal Shetty residing
on the Town of Man-
-lore, on the 19th August
Fasly 1262 —

Agreeably to the Intelligence from the Sheristadar on the 23d July the contract for bringing up Salt for consumption during the Current Year, having been put up at auction before the Collector on the 16th August and as my offer for bringing up 300 Garces from Nagerbyle Tannah for sale at the Buntwal Depôt at the rate of Rupees 4 — 12 — 0 per garce having been finally confirmed

confirmed. I do hereby bind myself to bring the said quantity within the stipulated period, all expenses attending the Shipping and landing being defrayed by me, to transfer it to the boats at Mangalore after measuring it and to receive the hire at the stipulated rate after producing the receipts for the same.

Of the said quantity I engage to bring 20 Garce in the Month of November

50 — Do. — Do. — December

50 — Do. — Do. — January

55 — Do. — Do. — Febuary

55 — Do. — Do. — March

30 — Do. — Do. — April

300 Garce.

Should a greater quantity than what is mentioned above be required I agree to bring it at the above mentioned rate until the 11th July of the said year, not demanding any higher rate of hire. Nor will I, in the event of a smaller quantity of Salt being required, refuse to bring it.

In the quantity contained in

in each Vessel, I am to be allowed 20 Marcals per Garce for wastage, should the wastage be greater than this quantity, I have no right to ask this excess of wastage in one Vessel to be allowed to make up for the decrease of wastage that may happen in other Vessels, but agree to reimburse it by paying at the rate of 20 Rupees per Garce.

Should it be proved that myself or any one under me has been embezzling the Salt and selling it either in this or any other Gillah or mixing with it Mud or Sand, I agree to make good the loss by paying Rupees 120 per garce, and Rupees 40 for any damage that might be caused by rain thro' neglect.

Should the Vessels laden with the Salt, instead of sailing direct to the port where the Salt is to be taken go to another port for any reason and should any damage happen to the Salt, I agree to pay the penalty that might be imposed by the Collector for the damage at the rate

Fort St. George 12th. September 1853-

rate of sale mentioned in the Ishtee-

Should I fail to bring in the Salt within the stipulated period I engage to pay a penalty of Rupees (2) two upon every garce that's due, and Rupees 50 upon every garce, should the failure inconvenience the Sircar as also any extra expense that may be incurred in sending for the quantity of Salt that may be due-

In bringing the Salt should any fraud be committed by me or any one under me- I agree to submit to the punishment that may be inflicted according to the regulations-

For the fulfilment of the terms of this Ekrar I promise to furnish proper security agreeably to the regulations within 20 days and to receive back the amount of deposit Rupees 37-8- I gave this Ekrar of my own free will-

Witness.

Collector
Ordered

Fort St. George 12th. September 1853-

Order thereon

Ordered that the foregoing letter be submitted with the following address-

No 407-

24-25

To.

The Chief Secretary to Government-

B: No: 1896-

To the Chief Secretary to Government-

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter and its enclosures from the Collector of Canara, dated 13th August 1853, reporting on a Petition sent to him from this Office and requesting sanction for the refund of Rupees 192 to a Salt Contractor-

2- The Petitioner referred to contracted as will be seen from the Copy of the agreement to bring up 300 Garces of Salt from the Nagerbyle Tannah for sale at the Buntwail Talook; in the conveyance of this quantity 16 Garces were lost by the complete wreck of the Pattamar at the mouth of the Mangalore harbour- The Collector with the view of protecting the interests of Government and considering from former precedents that the

Fort St. George 12th September 1853.

the Contractor was responsible for the safe delivery of the Salt, issued an order directing the recovery of Rupees 192 the value of the lost Salt.

3. As it however appears from Mr. Maltby's letter that in taking contracts for the current year, he has been obliged to exempt the Contractors from payment when the vessel is actually lost at Sea, owing to the Merchants having refused to undertake this risk, and as the loss in the present instance is not attributed to any neglect or carelessness on the part of the Contractor the Board beg to recommend that the Collector be authorized to refund, to Imaman Abdool Shetty, the sum of Rupees 192 being the value of the Salt recovered from him.

4. It will be observed that the quantity lost has been entered in the Salt lost by wastage, and will be submitted in due course for sanction for writing off the same.

From the Collector of Canara.

Forwards translation of a plaint filed against him, by one Coonham Hajee together with a Draft of a proposed answer and requests the Board to obtain the Sanction of Government to defend the Suit at the public Expence.

Sir,

I have the honor to forward translation of a Plaint filed by Coonl Hajee in Suit No. 101/1852. in the Subordinate Court of Mangalore against me as Collector of Canara together with a draft of an answer I propose to put in and request that the Board will be pleased to obtain the Sanction of Government for the defence of this Suit at the public cost.

The answer now submitted will sufficiently explain the nature of the Suit and it does not therefore appear to me necessary to enter into any further detail.

Collector

No. 1

Draft of an answer proposed to be filed by the 1st Defendant — F. N. Maltby Esqre in Suit No. 101 of 1852.

In answer to this Suit the 1st Defendant

Fort St. George 12th September 1853.

Defendant states as follows.

The Plaintiff claims a certain plot of ground which has been declared, after due enquiry to be a piece of waste & land belonging to the Government, and liable to Government assessment. The Plaintiff declares the land to be his own property. To prove this he is bound to show some title proving that the Government has surrendered its right to him. He has produced no such title deed. The Balikay Pattah from a former Coomba Rajah, is not a document which the present Government has in any way or would be bound to recognize even if it were proved to be

Possession, and the boundaries recognized from of old by the Villagers, has always been indulgently considered in district, but in this case the plaintiff could not prove possession, for the land had been long waste, and the custom of the Village was against him; the position of the land indicating that it was not in his estate.

Again, the alleged title

Fort St. George 12th September 1853.

of the Plaintiff itself showed that the land which he was entitled to cultivate under that deed was less than he already cultivates, so that even if the land in question had been clearly within the boundaries as recognized as those of his wurg, he would not have been entitled to cultivate it without paying assessment.

The land is clearly a piece of Government waste, which the free will of Government, and that alone, generally allows the neighbouring wurgdars to take up in preference to others, but which the Government has the full right to give to whom it pleases.

The fact, even if proved, that the plaintiff or one of his tenants planted the Cocanut tree now on the ground, would give him no title whatever.

The plaintiff having refused the offer that the land should be divided between the two claimants, each paying a Government assessment upon his

his portion, it only remained for the Collector to allot it as to him seemed just.—

The first defendant urges that the Plaintiff has shown no title to the land, and prays that the Court will dismiss his suit.—

11. Moola Mootta Bhut 12 Kristna Bhut

13 Chinnoiya Achary Bunta 14 Chickapoo Bunta 15 Narsia Bhut 16 Keeha & Bhut—

The following is my claim against the defendants:—

On the 1st Cheitra Bhol of Killaka of the last cycle, my grand father Coonham Beary purchased from Murkany Eishwara Bhut a land No. 9 of the Enmakajay Village paying a Beriz of Hoons 14—2—3 registered in the name of Santoo Padavoo for Hoons 250. The land was made over to my grand father with a Bilikay Puttah granted by the former Rajah upon receipt of a Nuzir. It is bounded as stated in the Putta on the East by the ground called Adyanadka, on the South by Koonhepudey, on the west by Koodaloo-saloo and on the North by Markany and Dunbay drains. The whole ground and trees contained within the boundaries belong to the Beriz of Hoons 14—2—3 and have been enjoyed on successive right.—

No

No portion of the ground included within these boundaries belongs to other persons.—

In the middle of the land near the Eastern boundary there is a ground called Munjanndkia with a house and a drain cut formerly by your tenant Peay and there are three stones located on this ground, the customary ceremonies for which are performed by my tenant. The fields, gardens and trees on the North west, South west, and South East of this ground belong to the wurg and have been enjoyed by me. Peay the drain and embankment of my lands and on the South of it there is a land belonging to the 2d Defendant. The houses standing on the ground were formerly inhabited by our tenant who had the enjoying the ground. Of the trees planted on this ground some have died and 1 Cocoanut tree, 1 Jack tree 4 Mango trees 4 Cajo trees and some jungle trees as also the foundations of the houses are still extant. Ten thousand of Cocoanut plants destroyed by Cattle the holes in which they were planted are also for the enjoyment of

enjoying the ground and making improvements thereon, it cannot be supposed that it does not form part of the land for which I have been paying Peiz. In consequence of my tenant having lately planted some Cocoanut seedlings there, the 2d Defendant with the view of usurping the ground complained against him to the 4th Defendant / Tahsildar / asserting that the ground belonged to his land. The tenant who is named Mana answered that the ground appertained to my Estate when the 2d Defendant proceeded also against me.—

The 4th Defendant referred the matter to the Coombla Monigar for Enquiry. Fearing the matter might be justly decided before him, the 2d defendant gained the 4th Defendants favor and presented a petition to him upon which the papers of the case were called for and referred to the Shanbogue of Angady Mogner. From the

Mahazurnamah

Mahazurnamah of the Potail and the Headman of the Village as well as from the Papers of enquiry, the deed of partition which had taken place between the 2d Defendant and his Coheir Govindah Bhut and from his declaration, it appeared the grounds in dispute belonged to my grandfathers wurg, and not to the defendants and that it was enjoyed by me. This the Monigar reported to the 4th Defendant in his Arzee.

The 4th deft seeing it was difficult from the proceedings of the enquiry to favor the 2d agreeably to his desire, determined to declare the ground "Kofpagamy" and before taking a personal view of the ground issued an order to me contrary to the tenor of the case, inquiring of me whether I would agree to pay a "Kofpagamy Beriz" for the ground. As it belongs to my estate and was in my posefsion, I refused to pay a Separate Beriz on it. Subsequently the 4th deft came to the place, took up his lodging at the 2d deft's, held his Cutcherry there and told me that I should give a moiety of the ground to the 2d deft or otherwise he would declare it "Kofpagamy" and give the whole to him. As the whole ground was my property I did not agree to let out a moiety, whereupon the 2d deft taking advantage of my absence instituted the

the defts from 5 to 16 of whom some are his relations and the others his dependants, through the influence of the Tafsildar to give a Mahazurnamah in his favor; on the strength of which, he / Tahsildar / prepared a new plan of the ground differing from the one prepared before, without making mention therein of all the trees and declared that the ground belonged to Government, and without making enquiries of both parties as he should have done, sent a report to the Head Afsistant Collector merely on the ground of my having before refused to pay "Kofpagamy" Beriz for the ground, stating that the ground was Government property and that I did not agree to pay the "Kofpagamy" Beriz. From this it is evident that he did not ask the 2d defts consent before with the view of doing so after receipt of an order from the Head Afsistant Collector. If such were not the case he would have asked the consent of both of us as both of us claim the ground as belonging to our respective estates, which would have been an impartial proceeding.

The Head Afsistant Collector, on the receipt of the report of the 4th deft passed an order in No. 250 of July 1851 disapproving his

Fort St. George 12th September 1853.

his proceeding in not asking the 2d defendants consent and directing him that if he (2d defendant) were willing to take it on "Hosagamy" Beriz to forward to him after a survey, a report together with his darkast and a chitta of the ground, mentioning the Beriz.—

This order being the result of the 4th Defendants favor towards the 2d Defendant and of the false Mahazarnamah given by the other defendants, I prayed the 1st Defendants by an arzee No. 122 dated the 12th February last that the assistant Collectors order might be reversed or that the ground might be leased to me on Hosagamy Beriz.—Again I sent an arzee by Post on the 28th Idem praying that the execution of the 1st Order might be suspended pending the order on my arzee, as the 4th Defendant might give the 2d defendant permission to make improvements on the ground agreeably to the order No. 250. That Officer however did not comply with my request.—

In the meantime the 4th defendant caused the ground to be made over to the 2d through the Mogany Chanbogne; and in order to show that he had improved it. sent an order to the Chanbogne on the 30th June last to report what improvements he had made, and sent a Peon thereon a pretence of Calling the 2d Defendants to improvements

Fort St. George 12th September 1853

improvements were however made on the ground till the 8th July last. After the Chanbogne had received the Order the peon sent by the 4th Defendant caused the 2d defendant to collect some Coolies and manure a portion of the field sufficient for sowing 1/4 Moorah of seed, to raise small bank at a trifling Cost and dig up the earth about the Cocoanut plants which had been put down by me, so as to make it appear that they had been planted by him. On the 10th July therefore I addressed an Arzee to the 4th defendant stating all these irregularities as however he returned the Arzee to me without enquiry into it, I addressed one on the 11th Idem to the 1st Defendant, but even he did not take notice of the unfair proceedings; I therefore presented an Arzee on the 26th Idem through the Vakeel Myself being present, but was referred to the Gentlemen in charge of the Talook. After that Gentleman had made a report to the 1st Defendant on the subject I again addressed an Arzee to the 1st Defendant on the 20th August, detailing all the irregular proceedings of the other defendants, but that Officer did not enquire either about my right or about the boundaries. The ground in question is bounded on the East by Nera Erakalo ground,

on

on the North and West by the 2d defendants land garden and on the South by a Nullah and drain, the 3d Defendants lands are situated on the South and below the ground in question. The Cocoanut plants stood by me are for Weeming on the ground. such being the case, the 1st defendant instead of taking these circumstances into consideration dismissed my appeal on the 2d August on the grounds mentioned in the report made by the 4th defendant Viz. that I had refused at the beginning of the enquiry to pay a Nuzzaganny & 2d Defendant had made new improvements on the ground that the 4th Defendant had collected for him the assessment for one year during the investigation of the cases. The Balking Puttah granted by the former clearly shows that the ground is attached to the estate and in the Appeal petition presented by the 1st Defendant before the Commencement of any work by Defendant I prayed that in the event of the ground being a Government property it might be caused to be measured the Case the 1st Defendant was not gratified in dismissing my appeal and depriving me of my right is Ample proof against the truth of the Statements made given by the defendants from 5 to 15. The claims from the 2d Defendant the ground transferred him by 1st and Reply to the Suit instituted by me Suit brought by the 2d and 3d Defendants and the of Predecessors to the dates of Decree and for the irregular proceedings of the other defendants be set aside.

/Signed/ Vorahaum Nayer
/True Translation/
/Signed/ T. A. Mallet
Collector

B.d No. 1901

Proceedings thereon.

(26-27)

No. 409

Resolved that the letter above recorded together with its accompaniments be submitted for the information and orders of the Right Honorable the Governor in Council.—

2 The Plaintiff complains that a piece of land which had descended to him from his grand father and had been in his possession was suddenly declared "Nuzzaganny by the Tahsildar of Bekul (the 4th Defendant) and with the Sanction of the Collector (the 1st Defendant) given away to the 2d and 3d Defendants for Cultivation consequent on an offer made for it by them and a Maha zurnama given in their favor by the parties entered as the defendants Nos 5 to 15.—

* Words only struck out by Govt. Land

3 In the draft answer proposed to be filed it is stated that the Plaintiffs alleged right to the land is not supported by any title deed from Government and that the Balikay Puttah from a former Coombla Rajah, which he addduces is not a document that the present Government has in any way recognized or would be bound to recognize even if it were proved to be authentic the

answer

answer further denies that the plaintiff had possession, as the land had been long waste, and declares on the contrary that the Custom of the Village was against him and that the position of the disputed spot indicated that it was not in his estate.—

4 The Collector also observes that the alleged title deed of the Plaintiff itself shewed that the land which he was entitled to cultivate under it was less than he already cultivates, so that even if the disputed spot had been clearly within the recognized boundaries of his village he would still have been bound to pay the regulated assessment on it.—

5 The above forms the substance of the pleadings on both sides and the answer drafted by the Collector appears sufficiently to meet all the allegations contained in the plaint, the Board would therefore recommend that he may be authorized to

to file the same in the subordinate Court and conduct the defence at the Public Cost.—

6 The date within which the answer is required to be filed is not stated.—

Dt. No. 2364

From the Collector of Malabar—

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue under date the 8th Instant requesting explanation respecting the cause of the decrease as to the amount, Rupees 40 laid for the Avelanchie and Siparah Adkarry Farms for Fasilies 1263 to 1265. which is Rupees 35 less than the Revenue of the last year, and Rupees 25 below the average of the past five years, I have the honor to state

10588 Fort St. George 12th September 1853

state that the decrease is owing to the number of shops at which spirits were allowed to be sold having been limited to two in place as formerly to four. The shops objected to being in the immediate vicinity of Coffee Plantation on the Sispara Ghat, were the cause of many Coolies being attracted from them work and the advancement of the Plantations therefore seriously impeded. Under the most favorable circumstances there is much difficulty in procuring labourers in that locality as they have to be brought from the low Country.—

# Diary

1

29th August. Received the following Extract.

B° No. 2304
From the Secy to Government Forwarding for communication to the Collector of Malabar certain papers connected with the subject of smuggling carried on from Cochin—

No. 972.

Extract from the Minutes of Consultation Revenue Department under date the 26th August 1853.

Read the following Extract from the Minutes of Consultation in the Political Department.

No. 291

Extract from the Minutes of Consultation Political Department dated 5th August 1853.

Read the following letter from the Resident of Travancore and Cochin.

Extract from a letter from the Resident of Travancore and Cochin dated 31st May 1853. No. 27.—

Para 11. I have already addressed Government in my letter No. 24 of the 11th Instant on the immense extent to which smuggling is carried on

Fort St. George — September 1853.

on through the Company's Port of Cochin to the serious loss more especially of the Travancore Sircar in Pepper and other produce, and of both Sircars in Tobacco—

12. I have just been favored by Mr. Conolly with a statement of the shipment of Pepper from 1st January 1852 to the 30th of April 1853, a Copy of which as well of his letter are herewith forwarded

890 dated 16th May 1853

13. The total amount shipped was 2751 Candies valued at 110048 Rupees at 40 Rupees the Candy, but as the Pepper has been selling at 50 to 55 the true value would be 137500 to 151250 Of the above 2751 Candies there appear to have been exported to—

| | | |
|---|---|---|
| Bombay about | 700 | Candies |
| Kolashegara Pulam in Tanjore | 800 | " |
| Negapatam | 40 | " |
| Columbo | 200 | " |
| London and France | 100 | " |

Fort St. George — September 1853.

The Pattimars and other Vessels are all named, and as at the bottom of the Statement a deduction is made for 184 Candies imported by sea and then re-exported, the smuggling is thus distinctly admitted—

14. The Collector I believe states that he has no authority to seize the Pepper so smuggled, and that it would be impossible to prove that it was smuggled from Travancore, but if the parties or their boats were detained so as to afford time to procure evidence, I believe there would not be the slightest difficulty - The whole of the Pepper is landed within a space of less than half a mile along the bank of the River, and I cannot see that it could be considered a hardship to insist on all Pepper, nor indeed all Produce thus entering Cochin by backwater being liable to detention unless provided with a Rowanah of some kind from the Travancore and Cochin authorities

15. Mr. Conolly adverts with satisfaction

satisfaction to the seizure of some
Candies of Tobacco worth about 300 Rup
as a proof of his vigilance, but of what
benefit is that, and was it to protect
Travancore or the Cochin Coast
while there are still as asserted som
6 or 800 Candies collected in the To
of Cochin ready for smuggling by the
Backwater —

---

Para 6. Adverting to paras 11 to 15 in
will be communicated to the Revenue
Department, the Right Honorable the
Governor in Council will in this
only remark that the Resident appe
to underrate the exertions of the Co
-lector of Malabar and the difficu
with which he has to contend in end
-vouring to check smuggling — the only
effectual remedy for which, it is believ
will be found in lowering the duties
levied. The observations of the Resi
will however be considered in the Rev
Department, and if practicable, further
measures will be adopted to check smu
from Cochin —

31st August 53 - Received the following letter -

No. 73 -

To, B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue

Sir,

3

B. d. No. 2322
From the Ag. Collector
of North Arcot —

Forwards a Statement of actual expenditure incurred on account of the Lunghurshanahs at Arcot and Vellore and recommends the Establishment of a dispensary at Ranepet to be maintained from the Shr. plus funds of the Lunghurshanahs -

Rec'd Board 16th December 1852

Para. I have the honor to forward a Statement of actual expenditure incurred on account of the Lunghur & Shannahs at Arcot and Vellore from January to December 1852 and to state with reference to Minutes of Consultation dated 1st December 1852 No. 1165 that the saving on the two Lunghur & Shanahs is sufficient to cover the expences of one Dispensary on the Scale proposed in para 5 of Mr. Bourdillon's letter to the Board dated 6th August 1850 -

2. Mr. Bourdillon proposed to establish a Dispensary both at Vellore and at Arcot - As the funds are not at present sufficient to allow of an establishment at both these places I recommend that Arcot be allowed the preference and that the Dispensary be placed at the Cantonment of Arcot

(Ranepet)

Fort St. George — September 1853

(Ranespet) and not at Arcot on the other side of the river for the reasons explained in para 16 of Mr. Boyd's letter.

3 — Dispensary at Ranespet will be of nearly equal advantage to the Towns of Wallajapet, Arcot and Ranespet which contain much larger number of inhabitants than the single town of Vellore.

| Towns | Population |
|---|---|
| Vellore | 18250 |
| Wallajapet | 12094 |
| Arcot | 18914 |
| Ranespet | 8271 |
| Total | 57529 |

4. In 1850 Mr. Boyd proposed to place the Hospital at Ranespet in charge of the Apothecary as at that time there was no resident commissioned Medical Officer at the place and to rent a private bungalow for the required purpose. As a Medical Officer is now stationed at Ranespet I recommend that the Dispensary be placed under his charge and instead of renting a private bungalow that a very suitable building which used to be appropriated for a hospital before the removal of the troops now be given up for the Dispensary

Fort St. George — September 1853

By this arrangement which will obviate the expense of house rent, the usual allowance of 50 Rupees can be made to the Medical officers without any increase to the Estimate submitted by Mr. Boyd dillon.

5. The total Disbursements of the proposed Dispensary would then amount to Rupees 218 per Mensem, or Rupees 2616 per Annum, according to the Scale given in the Margin. In addition to the regular Charges a certain outlay will be required in the 1st instance for the purchase of Cots and other necessaries of that Kind for the use of the patients which the Government Hospitals are supplied by the Commissariat unless the Government shall be disposed to supply them gratis. If the Government cannot accede to this it will be necessary to obtain information from the Medical Officer, as to what articles may be considered essential, and to submit an Estimate for defraying their Cost from the balance which will still remain after allowing for the estimated ordinary Disbursements.

| | R. a. P. |
|---|---|
| Advance to the Medical Officer in charge | 50 — " — " |
| 1 ner Second Dresser | 24 — 8 — " |
| Servants about | 25 — 8 — " |
| 2 Peons | 8 — " — " |
| Feeding of 1 Day [illegible] patients about | 60 — " — " |
| Cost of Medicines dressings and Sundries perhaps | 50 — " — " |
| Total Rupees | 218 — " — " |

14th September 1853.

Sent the following letter

No. 410.

3-4

To The Chief Secretary to

Government.

Sir,

B. of R. 1907

To the Chief Secy to Government

With reference to paras 10 and 11 of Extracts Minutes of Consultation dated 4th December 1852 I am directed by the Board of Revenue to submit for the orders of the Right Honble the Governor in Council the accompanying letter from the Acting Collector of Bellore dated 29th August 1853 respecting the two Lunger Khamas in Arcot and Vellore.

2 From the Statement forwarded it will be perceived that the actual expenditure for the year 1852 amounted to Rupees 5,720-3-2 thus shewing a balance of Rupees 4,521-11-10 on the sum sanctioned in Fusly 1228.

3. With this surplus the Acting Collector proposes to Establish for the present a Dispensary at the Cantonment of Arcot (Ranneipet) as being advantageous not only to Ranneipet but also to the adjoining Towns of Arcot and Wallajanpet

Submitting a letter from the Acting Collector of North Arcot forwarding for sanction Statement of actuated expenditure incurred in 1852 on account of Lunger Khamas at Arcot and Vellore also suggesting the Establishment of a dispensary at Ranneipet and recommending that the request of the Acting Collector be complied with.

Ind. Cons. 14 Dec. 1852

10708 Fort St. George 1st September 1853.

+ 265747- Wallajanpett the inhabitants of which three places being taken together far exceed those of the single Town of Vellore - By having the Dispensary at Ranneipet the institution will also be under the Medical charge of the Commissioned Officer Stationed there to whom it is proposed to give an allowance of Rupees 50 per mensem -

4- In proposing the Establishment of a Dispensary at Ranneipet Mr. Bourdillon in his letter of 9th August 1850 stated that a bungalow might be hired for about Rupees 20, or one purchased for a moderate sum - Mr. Brett, in order to avoid this expense suggests that a building appropriated for a hospital before the removal of the troops should be given up. If this latter proposal be approved the Military Board might be applied to and in the event of its being found that the building is not available it might be made over to the Collector for the Dispensary proposed to be established at Ranneipet.

5. As however the Surplus will still be quite adequate to meet the charge of house rent should it be found.

Ind. Cons. 9 Sept. 1850.

10709 — Fort St. George — September

founds after reference that the be
sing cannot be given up. The Boa
recommend that the Collector be
thorized to establish a Dispen
at Ramesput upon the Scale propo
in Para 5 of the letter now under
mission and to include the annua
expenditure under this head with
the charges for the Lunger Khan
for ascertaining the whole for Fasle
at the close of each year.
6. With respect to the outlay
which Mr. Brett states will be requ
in the first instance for the purchase
Cole upon the Ground I think that what
new charges it may be found nece
sary to incur should be defrayed fr
the surplus funds of the Lungerkha
was they therefore suggest that the
Acting Collector be authorized to purcha
such articles as may be considered
requisite after consulting the Mes
dical Office.
7. The Board also recommend that
sanction be granted for the actual
Charges for the two Lunger Khanas
for 1852 Amounting as per Statement to
Rupees 5120-3-2 Five thousand one
hundred and twenty annas three and
pice two.
8. As soon as the whole of the Statements
from the other Districts shall have received at this
Office the Board will submit them for
Sanction.

No. 1017

Extract from the Minutes of Consultation in the Revenue Department under date the 5th September 1853.

Read the following letter from the Sub Secretary to the Board of Revenue.

/Were enter 7th September No/

With the above letter the Board of Revenue submit a communication from

21st Augt 1853

from the Collector of Malabar appealing against the Proceedings of his sub Collector Mr. Chatfield who has indulged in grave reflections upon the past superintendence of the repairs to the Ponany road, wherein the States Government have been defrauded to a large amount.

2 The Right Honorable the Governor in Council considers the conduct of Mr. Chatfield in the further matter which has now come under notice to be wholly unjustifiable. he has brought forward serious insinuations, if not allegations against the character and honor of an absent Gentleman who has ever been regarded as above even the shadow of suspicion, and at the same instant has declared his inability to prove his Statements. The Government cannot too strongly reprobate this proceeding, but the orders recently passed regarding Mr. Chatfield render any lengthened notice of it unnecessary. In those orders it was

Extract Minutes of Cons.s 5th September 1853

directed

Fort St George 15th September 1853

directed that Mr Chatfield should retain charge of his sub Collectorate until relieved by Mr Hunse. but the further evidence afforded by the papers now before Government of Mr Chatfields state of feeling and temper convince them that his connection with the Malabar District cannot be too soon terminated. They therefore resolve to direct that he be removed from his appointment and placed on the out of employ allowance from the date on which these present orders may reach him. This Extract will be communicated direct to Mr Connolly who will furnish a Copy to Mr Chatfield and will make arrangement for the charge of the Sub Division until the arrival of Mr Hunse. Copy will also be furnished to the Board of Revenue in reference to their Sub Secretary's letter of 1st. instant and to the Officer of account and audit.

B. No. 2275.

From the Collector of Nellore

Reporting on Petition No. 108 of 1850. from Chittaty Latchmeragavapah Naidoo who claims to succeed to the Office of Poligar of the Poloor Talook in the Venkatagherry Zemindary.

I have the honor to report on Petition No. 108 of 1850 from Chittaty Latchmeragavapah Naidoo who claims to succeed to the Office of Poligar of the Poloor Talook in the Venkatagherry zemindary.

2. From the records of the enquiry made into the subject of the claim in question it appears that Puttamanany Comara Naidoo, A who held the Office of Poligar of Poloor Talook had three Sons named Trimul Naidoo, Sail Naidoo, and Rajama Naidoo, &c. Marked B. C and D respectively in the Genealogical Tree in the Margin, of whom the first Trimul Naidoo at his fathers' death succeeded to the Office, and after a few years conferred it on his son Chinapa Naidoo (E) who

who afterwards died without any male issue. Trimul Naidoo the person already named was then alive and although the Office was conducted by Pedda Kristnapah Naidoo (I) son of his nearest brother Sail Naidoo and his name entered in the accounts of Mr. Stratton he (Trimal Naidoo) adopted Chenna Kristnapah Naidoo (II) Son of Rayanna Naidoo and constituted him Poligar. Chenna Kristnapah Naidoo having died 2 years afterwards, Trimul Naidoo and Peddakristnappah Naidoo carried on the duties of the Office jointly for some time when Trimal Naidoo died and Pedda kristnappah Naidoo held sole possession of the Office up to the date of his death in the year 1838. Mostealummah the widow of Chenna kristnappah Naidoo then presented an Urzee to the then Principal Collector requesting that the Office of Poligar may be registered in the name of her uterine brother Venkatapa Naidoo, whom she having no issue, adopted. This Arzee was referred to the Head of Police of Tada Division who enquired into the subject and forwarded his report of the 27th May 1838, stating that

Ramanoojummah widow of the late Pedda kristnapah Naidoo has adopted one Chenapa Naidoo the Grandson of Teroomul Naidoo by his daughter, that Ramanoojummah and Mostealummah being the wives of the brothers sons of Trimul Naidoo were entitled to the Office of Poligar, that as neither of them had any male issue they should select an individual to transact the duties of the Office or divide the Cavaly Meerassy between them, in which latter case arrangements should be made by them for the due discharge of the Office.

3. Upon this report the Head of Police was directed not to interfere in the matter. Petitioner states in his Petition that an order was issued to the Tada Head of Police rejecting the claim of Mostealummah, and permitting Ramanoojummah to adopt, and to give her property to any one whom she pleases. No such order however appears to have been issued.

4. The adopted son of Ramanoojummah named Chennapa Naidoo having died 2 years after the transaction already alluded

Fort St. George 15th September 1853

alluded to, the Poligars Office devolved upon S
=ramanoojummah who continued to carry on the d
thereof for some time, but subsequently having
fallen sick she proceeded to Chittatymarpoll
and lived with Petitioner her nephew, to wh
she executed a Will, previous to her death, on
16th July 1847 conferring on him the right of
Poligarship, and directing him to perform he
funeral rites after her death: and reported t
circumstance to the then Collector Mr. Sm
on the 20th November 1847 when an endorsem
was passed to the effect that an enquiry wi
made after her death into the subject of th
male heirs and the case be disposed of ac
=ing to its merits.

5. On the death of Ramanoojum
Petitioner presented an Arzee to Mr. Smith
requesting that the Poligars' Office may be
registered in his name, on the ground of
same having been conferred on him by the de
Ramanoojummah. Mootealummah on the
hand put forth her claim on the

Fort St. George 15th September 1853.

ground of her being the heir to the deceased
Ramanoojummah.

6. Mr. Smith thereupon called upon
the Zemindar of Vengatagherry to state
his opinion as to the person in the
family of Puttamanayyar who was
entitled to succeed to the Office
of Poligar, and he in reply stated that
the claim of Petitioner was irregular,
that the circumstances of Mootealum=
=mah being nearly related to Rama=
=noojummah in the family of
her husband Chinna Kistnapa
Naidoo having formerly conducted
the Poligar's Office, and of
Mootealummah having perform=
=ed the funeral rites of the
deceased Ramanoojammah
fully entitled her, Mootealummah,
to succeed to the Office; that Mootea=
=lummah has adopted one Buddaga
Veerasawmy Naidoo, who is the son
of the daughter of Rajama
Naidoo, Mootealummah's father
in-law, with the view that the
family of Puttamanyiar
may not become extinct in
the absence of male offspring,

that

10735 Fort St. George 15th September 1853.

that a practice exists in the Vongatagherry Zemindary of females carrying on the duties of the Poligar's Office, that Mootee-lummah is considered to be the regular heir, and that it was just and right that she or her adopted Son Veerasawmy Naidoo should be entrusted with the Poligarship..

7. Mr. Smith on receipt of the Zemindar's report issued an order to the Head of Police of Tada on the 21st April 1849, stating that although by the Genealogy furnished by the Zemindar, Mootee-lummah appeared to be the regular heir, on account of her being a female her adopted Son Veerasawmy Naidoo was appointed to the Office of Poligar, that all the emoluments and the land granted for the Office to be made over to him.

Nellore ... } (Signed) F. B. Elton

No. 41.

To, W. H. Bayley Esq.re
Secretary to the
Board of Revenue,
Fort St. George.

(32)

Sir,

B.d No. 2193. From the Agent to the Gov.t at Kurnool 27th May 1850.

With reference to the Board's Circular quoted in the Margin I have the honor to submit in the required Form an application for payment of a reward of 150 Rupees to an informer for bringing to the Notice of the Assistant Agent at the time of the Jammabundy Settlement of Fusly 1261, certain concealed Maturpha Revenue.-

2. A comparison of the returns furnished by the Carcoons with the accounts of the previous Fusly would have sufficed to shew the Tahsildar of the Taloq.k the necessity of testing their accuracy either personally or by other Agency which he failed to do, but had he done so, the intervention of an Informer would have been unnecessary..

3. I consider a reward of 50 Rupees is a sufficient sum to be given to the Informer but beg to recommend that the amount should be recovered from the public Officers whose negligence the fraud was committed, by a levy from each of them of one Months pay which in the aggregate nearly amounts to the sum proposed to be given to the Informer.

Dhone Taluk

Kurnool,
Govt. Agent's Office,
12th August, 1853.-

Signed/ T. Conway
Agent to the Governor-

B. No. 1926.

Proceedings thereon

32-33

With reference to the remarks of the Agent in Para 2 itself to the Board that only in cases in which the Moturpha revenue for the year shewed a great difference (that would be large or small in proportion to the entire Moturpha Collections of the Village) from that of the preceding year would the attention of the Authorities be attracted to the deficiency. The Board are before passing orders on this to be informed what explanation has been given by the parties to be punished: and they observe that the investigation of the Ommedwar Rama Row does not appear to have been verified by a Government Servant.

No. 44.

34

B. No. 2458.

From the Agent to the Governor at Kurnool.

Report on the settlement of the Land Revenue of the Kurnool District for Fusly 1261.

To, B. Cunliffe Esqre
Sub Secretary to the Board of Revenue, Fort St. George.

Sir,

I have the honor to report on the Land Revenue Settlement of the Kurnool District for Fusly 1261 and to forward the prescribed English and Mahratta Statements relating thereto.

2. The Settlement operations commenced on the 4th December 1851 and were concluded on the 4th July following. Of the eight Talooks of the District five were settled by myself and the remaining three by the Assistant Agent, Lieutenant Russell. The following shows the Stations at which the settlement of each Talook was made.

By the Agent—
1 Chagulmurry
2 Sidwell
3. Nundial
4 Pauniem
5 Goodoor

By the Assistant Agent.
1 Dhone
2 Nundicootcoor
3 Atcoor

No. 1 Chagulmurry — Almoor
2 Sirwell — Sirwell and Gazoolpilly in the Nundial Talook.
3 Nundial — Nundial and Gazoolpillay
4 Pauniem — Pauniem and Calwah
5 Goodoor — Kurnool
6 Dhone — Dhone, Yeldoorty, Gorumtla and Calwah in Pauniem Talook.
7 Nundicootcoor — Nundicootcoor, Khaderabad, Moorva = Condah and Talamodepy
8 Atcoor — Yelgode

3. The number of villages and Hamlets brought under settlement was the same as in Fusly 1260. amounting in the aggregate to 590, the town of Kurnool not being included.

Villages and Hamlets
Government villages 485
Do. Hamlets 100
585
Shrotrium villages paying a fixed jodee 6
Do. Hamlets 5
11
Jaghire villages enjoyed on life tenures — 12
Sarvaloman villages 1
Shrotrium village paying half fitcheriz 1
14
590
Villages — 485
Hamlets — 105
590

4 The

Fort St. George 15th September 1853.

4. The season was a particularly healthy one, no sickness of any Consequence having prevailed at any period of the year, owing to a deficient supply of water to some of the Tanks in the Dhone Taloog, neither the full extent of 1st Crop lands, or any portion of the 2nd Crop lands under them were brought under Cultivation, and rains having fallen at unseasonable periods in three of the villages in the Atcoor Taloog situated near the Mullay range of Hills, caused a deficiency of crop in those villages, but in all other parts of the District the rains were timely, the supply of water to the Tanks sufficient and the Season on the whole was a very favorable one.

+ Velgode
Boyaravila

5. The subjoined Statements shew that the prices of the various sorts of Pulse and

Fort St. George 15th September 1853.

and of the principal dry grains fell below the prices obtained in the previous Fusly, and also below the average rates of the three preceding years. Higher rates were however obtained in the year under review for Cotton, Some of the Pulses, and for all Kinds of oil Seeds.

Fort St. George 15th September 1853.

7. At the time of Villawaree several of the principal ryots of the village of Chinnacumbaloor in the Serwell Talook deserted to Roodear and to other neighbouring villages in the Cuddapah District owing to reduced circumstances caused by the high rates of assessment on the wet lands and also in consequence of the difficulty of procuring labourers to assist in the cultivation of their lands, the generality of the villagers finding more profitable employment in smelting Iron ore which abound in the Hills in the vicinity of the village. Owing to the above causes, and the difficulty of otherwise effecting the Villaware, my predecessor Mr. Lushington, authorized the village to be given in rent for Fusly 1261 to a Curnum of a neighbouring village for Rupees 415-4-5 below the Beriz jumma. Notwithstanding however the amount of decrease in that particular village the net decrease in the whole Talook it will be observed is small, arising from an increase in the cultivation of waste lands in other villages of the same Talook.

8. For a series of years many of the ryots of several villages in the Goodoor Talook have

Fort St. George 15th September 1853.

been charged with the assessment on lands from time to time arbitrarily imposed upon them by the Reddies which they were unable to bring under cultivation and the continued enforcement of this demand having led to their impoverishment they emigrated from their villages at the period of the Villawaree. The circumstance being brought to the notice of Mr. Lushington he instructed the Shasildar to encourage their return, and to distribute lands to them according to their means and circumstances which resulted in a decrease in the Villawaree to the extent entered in the above statement.-

9. The principal increase in the other Talooks was in Chagulmurry and Rundicootoor arising from the extended cultivation of waste lands, and from resumed Enam lands in the occupation of ryots having been assessed to the Revenue.- The increase in the other Talooks is likewise ascribable to an increase in the Cultivation of waste lands, and also to additional assessment derived from lands converted, and from one crop land cultivated with a 2nd Crop.-

Villawaree Fusly Beriz
1260 - 6,62,693-1-6
1261 - 6,66,403-10-4

10 The Marginal entry shows the total of the Villawaree Beriz of 1260 compared with 1261 and an abstract of the particulars of the increase and decrease is exhibited in the subjoined Statement.-

Office of Register 15th January 1853.

| | | |

It will be observed that the total increase was Rupees 45,255-6-11 the decrease Rupees 41521-12-1 and the net increase R. 3,710-8-10

12 The decreases arising from deaths emigration, relinquishment of lands by Ryotwar and other ryots, as shewn in entries 1 to 3 is acres 14,073-18-5 p. or Rupees 12,414-5-- out of this amount acres 11,405-27-½ assessed at Rupees 12,632-7-- were subsequently taken up for cultivation, leaving a net decrease of acres 2,667-31-5 or Rupees 1791-12-"

13 The decrease from land relinquished by unpoverished ryots. entry 4 is acres 21121-4-12 or Rupees 24,940-7-2. of which acres 11936-8-4 or Rupees 16,953-12-7. were taken up by other ryots, leaving a net decrease of acres 9134-36-10 assessed at Rupees 7986-10-7.

Lands converted entry 5 Rs 830-15-11

14 The decrease under this head is acres 222-6-½ or Rupees 830-15-11 of which amount acres 183-24-13½ of Dry and Beggy lands ordinarily assessed at Rupees 438-12-9 become liable to an enhanced rate of assessment, and the amount has been carried to the head of Increase. The assessment entered in the preceding fasly on the remaining acres 58-21-14½ including the Seerwagaitee was Rupees 342-3-2. In the present year the lands reverted to the ordinary rates or Rupees 218-15-10 which sum has also been included under the head of "Increase."

Payamalee entry 6 Rs 19-3-3.

15 The decrease under this head arose from an assessment of 7-9-2. assessed at Rupees 19-3-3. at Co.pauls Parcel, and Gopaul pour in the Serwelle Talook

Talook having been injured by the flood waters and there by rendered unfit to be brought under cultivation.

Cowle Cummy entry 7 Rs 212-"-"

16 As Sanctioned by the Board in their Proceedings of the 17th July 1828 certain Punjah lands in the village of Siddapoor in the aforesaid Talook were given on cowle to one Beelucala Goodoor Kistnappah, who died in Fasly 1260 leaving no heirs, in consequence of which the cowle was cancelled in 1261 and a portion of the lands was distributed amongst the ryots of the Village on the full Summa. The total amount entered on this account, in the Villawarees of last year has been deducted from the Villawaree of the year under review, and the amount of assessment on the portion of lands taken up as above stated has been included under the head of Increase.

By restoration of Enam Lands entry Nº 8 Rs "-4-"

17. The Jodee Enams of certain Cummums of Gadavadoo in the Chagulmurry Talook were resumed in 1259, on account of a balance of Jodee amounting to Rupees 17-5-" The arrear having been paid up together with the Jodee due for 1260 the Enam was restored in Fasly 1261. The decrease under this head is the amount of assessment on the only portion of the Enam land which was taken up for cultivation in 1260.

Lands appropriated for building houses &c entry Nº 9. Rs 6-12-4

18 This decrease is owing to certain lands as specified below having been granted to ryots for building purposes.

Talook

| Talooks | Villages | Nos | Land | Goatta | Goatta on 2 Crops | Remission Goatta | Goatta |
|---|---|---|---|---|---|---|---|
| | | | acres c a | Rs a p | a a | a a | Rs a p |

| | Total — | 3 | 20 20 15¼ | 68 12 6 | 9 12 13 | 6 14 4 | 11 8 2¼ |

Lands appropriated for Topes for public use Entry No. 10. B-6-11-7.

The decrease is the full assessment on a parumbuke land in which a public Tope was planted in 1256, by a ryot in the village of Jillalla in the Sirnelle Talook. In Para 45 of the report of last year the assessment was stated to be Rupees 3-11-7, but that sum was only the amount remitted, the difference viz. 3 Rupees having been collected to the Settlement in that year.

Tyseal Cummy Entry No. 450-12-5.

20 The decrease under this head is the deduction from the villawarce of the amount levied in the previous year, as additional assessment, on certain wet and Bagayet lands assessed in the accounts as one Crop land but which were then cultivated with a 2d. Crop.

26 It will be observed from the above that an uniform rate of 2 annas per acre was fixed on the lands taken up on cowle and that the lands had been fallow for upwards of 6 years. The lands taken up were exclusively of the Regud and maisel quality and the tenure of the cowle granted conditionally on the parties not contracting their own ordinary holdings. There is nothing on the records to shew that my predecessor Mr Lushington approved of the introduction of cowle grants, or of the rates of cowle fixed by the assistant agent but Lieutenant Russell informed me in a letter on the subject that Mr Lushington approved of his suggestion that the experiment was worth trying.

+ Black soil
o Mixed soil

+ Dated 17th March 1853 No 29

27 The rates fixed by Lieutenant Russell are higher than those established in the Bellary and Cuddapah Districts for breaking up lands of similar quality which have laid waste for upwards of 6 years but I very much question the policy of granting lands on cowle in this District.

Note In Bellary a large plough is estimated to breakup 20 acres of Regud land and a plough of 3 yokes 20 acres of maisel at 5 cowtary fanams per plough the cowle assessment is ... 7 puce per acre.

In Cuddapah a large plough is estimated to break up 20 acres of Regud and a plough of three yokes 20 acres of maisel equal to ... 1-2- per acre.

28 There are very few ryots in the District who have capital or ploughing cattle sufficient to undertake the cultivation of such lands without obtaining the assistance and labour of other ryots in the same village and the tendency

tendency of the cowle grant is to withdraw the labour from the cultivation of the Ryotwarri lands.

Fort St. George 15th September 1853.

33 No additional assessment was levied on the lands found in excess in the Tank of Brahmunapully as although the extent in excess was found in excess of the Pymash entry the extent computed in Coodoos, on which the assessment was originally fixed, corresponded with the extent of Coodoos entered in the Pymash accounts. The assessment leviable on the excess, acres 2-9-14, found on a land in the village of Thammadapilly in the Rundial Talook was collected from the Curnum, and the amount inadvertently carried to the head of Sewage Fund.

34 This increase refers to the Cowle lands in the Siddapoor Village which were taken up for Cultivation, on full assessment after the death of the renter as explained in Para 16.

Cowle lands assessed fully Entry 14 Rs 126-6-6

35. The subjoined Statement shows the Talooks in which this increase occurred. The principal increase was in the Rundial Talook arising from a very full supply of water having been received into the Canala Tank which admitted of a 2nd Crop being Cultivated under the Tank, in lieu of the

Fusly assessed Entry 15 Rs 908-5-10

Fort St. George 15th September 1853.-

the usual Cultivation within it's head. This Tank has been Considerably improved by repairs made to it for some years past but the full supply of water received into it this year has actually tended to a diminution of Revenue, for the assessment on the lands usually Cultivated within the bed of the Tank, is Rupees 1159-8-9 whereas the increase realized by the Cultivation of the whole extent of lands under the Tank with a 2nd Crop only amounts to Rupees 763-4-6- and this sum was only obtained by following the former precedents of taxing the 2nd Crop the same as the first. In the year which has past viz. Fusly 1262 I considered it expedient with the view of preserving the usual revenue to let off the surplus water at the period when the Cultivation within the bed of the Tank usually Commences, and the lands were as usual brought under Cultivation but an unusual supply of water received into the Tank when the Crops were ripening Caused their destruction.-

Gootta jastee increase of assessment Rs. 761-9-7. Entry 16-

36. This increase partly arose from the full assessment as entered in the Pymash Accounts having been re-imposed on certain lands which the Curnums had reduced the assessment of without authority and partly from certain lands hitherto held as Esarah having been assessed as they had been separated from the high assessed lands for which they had been given as esarah.-

Dryland 1,344-1 4
Bagayet 103 13-1
Jaroo 2459-13-1
Teerwa Jastee } 368-15-
7276-9-6

11 The total assessment on lands agreed for and entered in the accounts at the time of Jummahbundy as Caboolaty Bunjer was Rupees 27752—13—8 from which has to be deducted Rupees 2566—8—0 the Tufsuljastee or 2nd Crop assessment on some lands in the Dhone Talook which were subsequently Cultivated, leaving a nett amount of Caboolaty Bunjer bearing an assessment of Rupees 25186—5—8 of which Rupees 7276—9—6 was struck off and 17909—12 2 charged in the Jummahbundy. Of the Amount struck off Rupees 3,188—11—9 was on Account of dry lands taken up for Cultivation but left waste in Consequence of death, and desertions of ryots, or on account of lands improperly imposed and on Account of wet and Bagayet lands left waste from deficient supply of water. The remaining sum of Rupees 3787—13—9 was remitted on land left uncultivated from other Causes as particularized below. Amount of Remission granted on Caboolaty Bunjer lands in Consequence of poverty, death desertion of ryots &c., and deficient supply of water—.

Fusoulfasilee Entry 5 Rs. 1750-13-7

14 The Amount of remission allowed under this head was owing to a deficient supply of water in the reservoirs. The greater portion of this Amount it will be observed from the following Statement was remitted in Villages in the Dhone Talook where, as stated in Para 39 of this Report a failure of the usual supply of water into the Tanks had occurred.

and Rupees 651-1-9- on waste lands taken up for cultivation, On more minute enquiry at the settlement it did not appear to me to be necessary to admit a permanent reduction of the assessment on the lands ordinarily cultivated but considering the circumstances under which the reductions had been made I authorized the Amount not to be Collected in that year.

19 It will be seen by the marginal Statement that the result was extremely favourable to the revenue, and the ryots showed their satisfaction in the arrangements at the time of settlement, by their entering into engagements for the ensuing year.

The

50 The reduction in the assessment in the Sirwell Talook was allowed on waste lands in the Village of Govindinny. a very large portion of the lands in this Village is always in the occupation of Payacarae ryots from the Cuddapah District many of whom relinquished their holdings which Caused a considerable deficiency in the Villamarae. The Thasildar proposed to rent the Village jointly to the resident Curnums, and to a Payacarae Reddy which I did not however consider it expedient to confirm but having also ascertained that in Anticipation of the rental new distribution of the lands and reductions of assessment had been made, I confirmed the same for that year. Reductions to the extent of Rupees 313—10—1 were made on the lands ordinarily assessed and Rupees 262—5 on waste lands. The former Amount I did not allow as a permanent reduction, but Sanctioned its collection to be suspended for that year. The latter amount was remitted as shown in the marginal Statement Para 51.

Fort St. George 15th September 1853.

57- The Board in their Proceedings on the last Settlement Report remarked on the different System adopted by the agent and his Assistant in their respective Talooks in granting remission on account of Cabooliaty Bunjer and it will be seen by the accompanying report of the Assistant agent that a different System has also been followed in the present Year in as much as he states that the remissions on Dry lands in his Division was trifling as he finds any doubt who are really entitled to such consideration -

58- Lieutenant Russell in denying remissions on Dry land left waste appears only to have followed the practice of the District for untill Mr. Lushingtons time, it was not Customary to allow remissions on this account excepting to a very limited extent I myself in the year under review was inexperienced in

Fort St. George 15th September 1853.

in the circumstances of the District and unacquainted with the causes which led to lands being left waste and could furnish Lieutenant Russell with no particular instructions for his guidance in the Settlement of that year indeed it would be extremely difficult to do so for it must be left very much to the Judgement of the Officer conducting the Settlement to determine on the merits of each claim to remission the causes of lands being left waste being so various -

59- Adverting to the Board's remarks in Para 12 of their Proceedings they will probably consider that I might myself have been more liberal in granting remissions but I beg to assure the Board that I fully enquired into each claim disallowing only those which appeared to me not to be entitled or to require indulgence -

60- The Statement below shews the increase and decrease in the year under the heads Jodee Enamity Putty and Orchard - Items -

10786 Fort St. George 15th September 1853.

Net Increase 297 2 6

10788

Fort St. George 15th September 1853.

62 The increase in Chagalmurry owing to the circumstances stated in Para 19 - The decrease to the resumption of Enam the holder of which has died without issue - The increase in the Mundial Taluk is owing to certain lands having been cultivated with 2d Crop on which an assessment of Rupees 6-38-12-6 was levied in excess of Jodee and also to the Jodee on another Enam having been increased to the amount of Rupees 6-1-6 it having been discovered that in a previous year it had been fraudulently reduced to that amount - The increase in the Pannicum Taluk was occasioned by the transfer of the amount to Land Revenue in lieu of Jodee - It appears that a Washerman and Barber consisting of Acres 1-2-6 of Baggayet lands in the Village of Calmal was allotted under the late Government and an assessment of Rupees 6-6-2 was fixed on the lands - For some reasons not clearly traced 6-4-2 have since the assumption been carried to Land Revenue and 8-2- to Jodee - The decrease in the Jodee in the Kundiantoor Taluk arises from the resumption of the Enam specified below

Fort St. George 15th September 1853.

Items of the Enams Granted Soldier

| Items | | Acres | ⊙ as | Rt | a | p |

| | 11254 | 24 | 9¾ | | | |

1 I have the honor herewith to forward tabular Statements of my Revenue Settlement of the three Talooks under my Charge.

2. The Collections for the fusly under review are in excess to the previous year, but part of this increase is owing, to the assessment this year of false enams confiscated. The remissions on dry lands have been trifling in the three talooks 670-2-2 as I found it very difficult to ascertain beyond any doubt who were really entitled to such consideration. I shall however be obliged to be more liberal at this settlement, in granting remissions for lands left waste, from inability to Cultivate them, as the practice of collecting assessment on such lands year, after year, is discouraging to the ryots, who are

Dry Bunjur.

Fort St. George 15th September 1853.

often made to consent to have them entered in their names at the time of the Villavarie to swell the accounts, being assured, I have no doubt, that nothing shall be collected farther; what I apprehend from the admission of these claims for remission, is that it may prevent, those who are able, from cultivating waste lands which have been imposed on them in consequence of their holding extensive Enam, or lightly assessed lands. I shall carefully investigate every claim which shall be preferred at the coming Jamabundy before granting the indulgence.

Wet Bunjur

3. The same remark applies this year, to the wet bunjur, which I had to enter in last year's report for the Talook of Dhone, both the remissions and the lands left waste under this head, arising from a failure in the supply of water, and the practice of entering fuzul Wastee in the Villavaric accounts.

Jodee

4. The beriz under this head is less by Company's Rupees 130-6-6 than that in the past fuzly, the items of this decrease are entered at the foot of Statement G.

Enamity.

5 The decrease under this head in comparison with the last fusly is C. Rs. 644-15-

in

in consequence of the resumption of false inam and of enam lands having remained uncultivated

Balances.

| Fuslies. | Dhones | Balances. Nundicot-coor. | Aleoor | Total |
|---|---|---|---|---|
| 1257 | 13 5 " | " " " | " " " | 13 5 " |
| 1259 | 19 4 11 | 49 8 7 | " " " | 68 13 6 |
| 1260 | 428 4 5 | 819 3 8 | 4 1 | 875 19 9 |
| Total | 460 14 4 | 868 12 3 | 4 1 | 888 3 12 3 |

6. In the Statement as per margin the sum of Company's Rupees 833-12-3 is entered in the three Fuslies as recoverable for Fuslies 1257/ 1259/ and 1260/- I had occasion last year to express my conviction of the pre-vicious custom of attempting to collect balances of the former year, on the next years crops as detrimental to that years collections. The bad prospect of this years crops will render it still more difficult, and injurious, to enforce the collection of former balances, although part of these balances are entered as recoverable, I shall feel obliged therefore by your obtaining the sanction of the Board to those of Fuslies 1257/ 1259/ and 1260/ being struck off immediately with the exception of those under the head of Jodie which I have ordered to be collected without any further delay. I shall hold the local authorities responsible at the time of this years settlement for any balance which should not have been allowed in the past fusly and will have the honor to address you again

on the subject with a view to having the balances of that fusly struck off the accounts also.-

7. The changes of a fixed assessment being established in this district appearing as distant as ever. It will become necessary to remove abuses and anomalies which the introduction of a fixed assessment would obviate, but which are now being continued, from year to year, I allude principally to the Moghulye practice, of "Jserah" and to the very high assessment of wet, and dry lands in some villages where we have continued to levy the arbitrary and exorbitant assessments of the former Government, although we are more strict in our system of collection, and that the prices are much less remunerative than at that time, from the extension of cultivation and the import of grain which was then so highly taxed as to amount almost to a prohibition.-

8. In the village of Tungaduncha in the Taloot of Nundicotkoor the garden cultivation is taxed as highly as Company's Rupees 28-0-0 an acre and as a compensation, the ryots of this village have been in the habit of cultivating dry lands free from tax, and these lands being of the poorest description

Fort St. George 15th September 1853.

description requiring to be left fallow 2 and 3 years cause a continual exchange of lands, and great confusion in the accounts which it is difficult to check without first assessing both the garden and dry lands at their respective value 9.

I have already had the honor of submitting the accounts of the village of yeldoode for your consideration, and communication with the Board, the same evil, and its consequent forced cultivation and poverty exist from the same reasons, in the village of yelgode in the Talook of Ateoor, with this addition that the distance of the wet lands from the village of yelgode preclude their being able to manure, and being surrounded with a dense jungle the devastation carried on by the wild hog at night is very considerable.

10 Should the Board feel disposed to allow a reduction of the present assessment of these villages to such a rate as might relieve the Cultivator, and encourage him to exertion, I feel convinced that in a few years their condition being improved, the present apparent loss of revenue would be fully compensated for.

Read the following letters.

B.d No. 1695.

From the Collectors of Chingleput ---} 1.

To

B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue.

Sir,

Referring to Para 19 of Extract from the Proceedings of the Board of Revenue under date the 10th March 1853. requiring me to explain the cause of the decrease of Merassy Puttahs and increase of Soogavasy and Joint Puttahs in the Carangooly Talook as entered in the Marginal reference, I have the honor to state that it was usual in this District to issue Puttahs for lands in the names of the Head Members of the family alone. After my arrival in the District however, I found that the above System gave rise to numerous disputes, when it was found difficult to ascertain the parties who were entitled to share in the property the Puttahs which ought to be the best evidence in Such matters not affording the necessary information, I have therefore thought it advisable to arrange for the issue of Puttahs in the Joint Names

Fort St. George 15th. September 1853.

names of all brothers or other parties who my

Collector

Bde. No. 1915.

Proceedings thereon.—

(36-37)

The Board observe that the Collector should have reported his orders for "the issue of Puttahs in the joint names of all the brothers or

Fort St. George 15th. September 1853.

or other parties, who may possess a joint title to the lands, being of an undivided family."

Mr. Cochrane is requested to state, with reference to the results shown in the Margin, whether this new rule has been brought into operation throughout the district or in some parts only, and whether the heads of families have consented to the measure and if not, on what grounds.—

| | |
|---|---|
| Puttahs | |
| Increase in 5 Talooks | 249. |
| Decrease in 5 Do. | 195. |
| Net Increase— | 54. |

2. The Collector explains with reference to the Board's remark respecting the want of coincidence in the number of Goonchee Puttahs entered in Statements Nos. 5. and 18. that he had entered under the head of Goonchee, such Puttahs as were granted in the joint names of all the members of an undivided family.— The term Goonchee in its usual signification does not apply to cases such as those above referred to, and as the Collector states that

Fort St. George 15th September 1853.

that it was found difficult to ascertain the parties who were entitled to share in the property" wen in single cases of disputes, the Board would conclude that there must be at least equal difficulty in ascertaining all the parties who may posses a joint title in the land before their names could be inserted in the joint Puttah. Then therefore, that it would have been preferable to have adhered to the former custom of the district and retained under the head of Single Puttahs those belonging to undivided famalies.—

P. No. 1676

From the Collector of Chingleput—

Furnishing the information called for in respect of the causes which retard the realization of Land Revenue in this District within the Fusly.—

To

B. Cunliffe Esqre

Sub Secretary to the

Board of Revenue.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 10th March 1853 communicating Extract from the Minutes of Consultation on the reviews of the Land Revenue Settlement of this District for Fusly 1261 and requiring me to furnish the information called for by Government in Para 7.—

2. I beg to solicit a reference to my report dated the 4th March 1853 in which I have entered into a full explanation of the causes which retard the realization of Land Revenue in this District and assigned particular reasons for the balances of Fuslies 1260 and 1261 in particular being to a larger amount than usual.—

3. No accounts are kept under the system of Ryotwary field assessment to shew the exact extent of lands cultivated with Navery crops, but the total revenue derived

The.

10907

Fort St. George 15th September 1853.

B.d of R.s No. 1929

Proceedings thereon.—

(38-39)

No. 415.

The Collector states that a distinct account of the Nawary Cultivation is kept but that the assessment of the Crop reaped in May, June and July amounts to about 1/6th the Beriz of Wet lands or 14½ per Cent of the Exctra Revenue. The Statement required by Government shewing the Ryotwar and Mootah Collections for each Month from the close of the Fusly to the December is submitted by the Collector.—

2.

In Para 25 of their Proceedings dated 10th March 1853. reviewing the Settlement of Fusly 1261 / 1851-52 the Board observed that the Balance at the close of the year, after allowing for the increase in the Cultivation was very considerable. They would in this place reiterate their former injunctions to the Collector in regard to a punctual realization of the Revenue. as the Nawary produce is brought to market before the close of the Fusly. the Collections should be made soon afterwards, whereas large sums appertaining to

10908

Fort St. George 15th September 1853.

to this and the general revenues were realized so late as October with a considerable sum still outstanding.—

Ordered that a Copy of the foregoing Proceedings be submitted to Government, and a transcript of the same furnished to the Collector of Chingleput, for his information and guedance.—

From the Collector
of Chingleput 21

Sir,

Referring to my letter of the 9th Instant on the subject of the proposed Subdivision of the Cotoor Mootah, I have the honor to state for the information of the Board of Revenue that the Joint Proprietors of the Cotoor Division have paid up at this Office the outstanding Balances of Peishcash for Fuslies 1261. & 1262, minus the sum of Rupees 15. which they have offered to discharge also at once, requesting that the entire estate may be released from attachment. I have deemed it expedient.

Fort St. George 15th September 1853.

expedient to hold the amount in deposit pending the instructions of the Board of Rev in consequence of the objections to a compliance such request which have been raised by the Goomastah in behalf of Mr. Amarantie, a seems to be under the impression that it will inter with the completion of the Subdivision by inducing Panroo Reddy to oppose the adoption of the accounts of the 7 years antecedent to the last 7.—

2.

I am not disposed to think the the grounds as alleged form objections sufficiently and on which to set aside the request of the joint Petitio in as much as compliance therewith would only le the Parties in possession of such Villages as enjoye by them prior to the attachment, and as it is usual to receive Balances of Peishcush at any Period prev to the actual sale. The Subdivision will be effe under the Rules regulating it in all other respects.

(42)

Sir,

B. of R. No. 2105.

From the Acting Collector of North Arcot. . . .

Forwards with certain observations the report of the Head Assistant Magistrate explaining the result of the proclamation for extending the provisions of Act XXVI of 1850 to the Town of Vellore and reporting on certain petitions relating to that subject.—

With reference to an Extract from the Minutes of Consultation dated the 27th August and the Board's Proceedings of the 9th September 1852, I have the honor to transmit copy of a letter, dated the 2nd Instant, from the Head Assistant Magistrate, with its enclosures explaining the result of the proclamation for extending the provisions of Act XXVI of 1850 to the Town of Vellore, and reporting on certain petitions relating to that subject.—

From this report it appears

2.

that the Town of Vellore which consists of 12 hamlets contiguous to each other, contains 7,224 householders, that out of this number 3,725 persons recorded their votes in the Register book, of whom 3,590 voted for and 135 against the introduction of the Act, and that the total number who have agreed to its introduction, including 205 persons who have not voted but who joined in the

the original petition applying for the introduc-
of the act consists of 3795 persons against 135
who oppose and 3294 who have voted nei-
way.-

3. It is also explained that
Petitions against the measure amounting
31 contain 3852 Signatures, of which 139
-cur more than once. 417 are the names of
persons who have no rateable property. 8
persons who have also voted in the Co
-ter against the measure, 833 of persons
have voted in favor of it and 1128 of th
who have voted neither

4. The gross result thus
shews that the number of house-holde
who neither voted, or petitioned ag
5058/3795 + 1128 + 135/ out of 7224
to vote, and that 3795 persons, are a ma
of the measure; if the 833 who petitioned
contrary to their votes be included in t
number, against 1263 opposed to it, or o
other hand, that 2962 are in favor of it aga
2096 opposed to it, if in the latter number
included the aforementioned 833 dissi
In the one case a majority of 2532 out
5058 persons is obtained, and in the other
majority

+ Forwarded with the other enclosures.

majority of 866.- Mr Sullivan has made
the majority in one instance 2532, and
in the other 1699, but in the latter cal-
-culation he has excluded the 833
from both sides.-

5. By what means the num-
-ber of householders has been ascertain-
-ed is described in the report. Mr Sullivan
during the Census of 1851 numbered each
house, and had every house with its oc-
-cupant, or its owner, entered in a Register
for the express purpose of applying such
information to the introduction of the act
at a future period. It is also explained
that the greatest possible publicity was given
to the Government Notification and to the
objects proposed by the act, by means of a
printed proclamation in which the no-
-tification, with remarks and explan-
-nations, was embodied.-

6 The large proportion of
persons who have either voted, or have
joined

joined in the petitions amounting to nearly
of the whole number of householders is suffic
to prove that the inhabitants generally have
an active interest in the question.

7. I also think it sufficiently
established that the larger portion of the
holders has fairly declared itself in favo
the act, and that this majority embraces the
who from their wealth and respectability
the greatest interest in the Town. I believe
that the books in which the votes were
in Mr Sullivans presence, afford a fair
test whereby to ascertain the real wish
the people than the petitions and that
latter, as pointed out by Mr Sullivan,
deserving of very little confidence in
-gard to a large proportion of the sig

8. I agree with Mr Sulliv
that it is impossible to ascertain from
people whether they would desire only
-tical application of the act. There is
reason to believe that the inhabitants
willing to adopt its main principles
and that after the act has been introd

they will gradually apply it to the purposes
specified in Section II as local circum-
-stances may require.-

9. I also concur in recommend-
-ing for Commissioners the persons named
in Para 35 of the report.-

10. In thus reporting the result
of Mr Sullivans measures, I beg particu-
-larly to notice the Zeal and ingenuity
which that officer has displayed on the
occasion.-

(Signed) H.A. Brett
Acting Collector.

North Arcot, Collector's Cutcherry,
Chittoor, 6th August, 1853 - - - -

No 1
No 55 of 1853

To H. A. Brett Esqre
Acting Collector and
Magistrate of
North Arcot.

Sir

With reference to the
documents

*1 Extract Minutes of Consultation under date 27th August 1852.
2. Notification in the Fort St George Gazette under date the 27th August 1852.
3. Extract from the Proceedings of the Board of Revenue dated 9th September 1852.
4. Official Memorandum from the Acting Collector of North Arcot to the Head Assistant Collector without date No 236 of 1852.

documents noted in the Margin. I have the honor to submit for consideration in due course of the Right Honorable the Governor in Council my report upon the general feeling of the inhabitants of the town of Vellore, its component Villages and immediate hamlets, on the subject of the introduction of Act XXVI of 1850 to which the notification of 27th August 1852 has especial reference as ascertained during the period of six months prescribed by Government for the discussion of the question which expired on the 26th of February last.-

2 In Paras 3-4- and 5 of my letter dated 20th November 1852 No 98 which I had the honor to address to you on the subject, I detailed the steps I had taken to give every possible publicity to the Government notification and effect to its wishes. Copies of that letter and of the English proclamation to which it refers are hereunto

annexed for facility of reference (Vide appendix A.-)

3 It was with regret that I observed that the plan I had adopted of calling up the inhabitants to sign as mentioned in Para 6 of my letter under reference, had not met with the approval of the Board and the Government, as conveyed to me in Extract from the Minutes of Consultation under date the 25th January 1853 with the Proceedings of the Board of Revenue dated the 3rd February 1853, forwarded to me by the Sub Collector in charge with his Official Memorandum of the 8th Idem.-

4- At the same time I think a more extended meaning was given to that Paragraph of my letter than it was my intention it should convey and than the facts of the case if

more

more fully explained would have per chance warranted.-

5. From the accounts which I in my professsion, as stated in Paras 2 of some letter, and which I had kept amend-ed almost up to date, I knew exactly the individuals who were possessed of vote-able property and were entitled to vote, it was as much to consult the convenie of the voters as my own, with regard to the and important publick business which I had to transact in my charge, that I adopted the plan of sending a b round to a certain number of stree per diem; but I assure the Government that the attendance was perfectly optional and the Register book itself would sho by the variations of the dates on which sig-natures in the same street were taken that the inhabitants took good thought to the own convenience.-

6- Some time about the ye 1849/50 to the best of my recollection a sum of two thousand (2000) Rupees was sa

sanctioned by Government for emergent improvements in the town of Vellore, but the sanction was cancelled by the Supreme Government on the ground that act XXVI of 1850 afforded an opportunity for the inhabitants themselves to effect such improvements. I conveyed this to those of the inhabitants who had most urgently pressed for the improvements, and pointed out to them the only way in which they could be effected, and from them emanated the original petition forwarded to Government for the introduction of the act, on which the notification of the 27th August last was grounded.-

7- I proceed now to submit the result of the votes taken in the register book in my office, for a Tabular statement of which I beg to refer you to appendix B to this report, upon which it appears to me to be necessary that I should offer some remarks to facilitate reference.-

8- It will be observed at

| against | 135 | |
| Neutral as regards the Register | 3294 | Net number of buildowners of which are entitled to vote. |
| | 7224 | |

12 They are as per margin; it will be observed in number I stated in my letter of the 20th November 1852 No 98 Para 8. my reasons for requesting that all petitions might be sent to me for report, and the result will I trust satisfy the Government that my request was a reasonable one.

| | |
|---|---|
| Government Petitions | 23 |
| Board Petitions | 2 |
| Acting collector Petitions | 6 |
| | 31 |

13. It will be observed that I have numbered each signature in every petition and prefixed to it one of the following letters of the alphabet A B C D.

14. Those marked A are the signatures of parties who have signed against the introduction of the

the act in these petitions, being possessed
=able property and entitled to vote, but
have also voted for the act in the Re
book kept at my office on the dates
=site to their names in redinkin the pet
some before and some after they sign
petitions, and are included in the 3590
fide votes for the introduction exhibite
margin A to Para 10.

15 Those marked B are the
=tures of parties who have signed again
introduction of the act in the petitions
possessed of rateable property and enti
vote but have also signed against the
Register kept at my office, and are in
in the 135 votes against the introduct
Act exhibited in Margin K to Para

16. Those marked C are
signatures of parties possessed of rateab
=perty and entitled to vote, who have sig
against the introduction of the Act in
petitions but who neither signed for o
against in the register book kept in my

17 Those marked D are the
=tures of parties not possessed of any

rateable property in Vellore, its component Villages
and hamlets, and therefore not entitled to vote
either way.

18. Those signatures which are only
numbered and have neither of the letters
B C or D before them, are duplicate signa
=tures either in the same petition, in another
petition on the same subject to the same autho
=rity, or else to another and subordinate authority
the petitions having been checked from the earl
=liest Government number and date downwards
then those to the Board, and then those to your
address in the same way.

19. Having premised thus much
I proceed to a direct consideration of appendix C; it
will be observed on a reference to the Tabular State
=ment which it contains that the total amount
of signatures to the petitions addressed to the
Government, the Board of Revenue and the
acting Collector of North Arcot is 3852 /vide Col 2/ from
which must be deducted 1394 the amount of re
=petition signatures /vide Col 3/ of the description
mentioned in Para 18. which will leave a balance
of 2458 signatures from which 417 signatures the
amount of Col: 4 D /vide para 17/ must further be
deducted, which will leave a balance of 2041.

20. From this again must be deducted
80 signatures, the total of Column 4 B, in-as-much
as

as they form part of the 135 Registered votes against the Act as exhibited in margin A to Para 10 / vide also Para 16 / which will leave a balance of 1961.

21. It is with this balance that I have now to deal as set off against the net majority of registered votes and original petitions to Government for the introduction of the Act viz$^{t}$ 3660 as exhibited in Margin Para 10 of this letter which I proceed to do.

22. Of the said balance of 1961 1833 signatures are those of parties whom I have classed as A vide Para 14 and 1128 signatures are those of parties whom I have classed as C, vide Para 16 and Col: 4

23. It appears to me that the 1128 votes against the introduction of the Act classed under the head of C, and the 135 Registered votes against the introduction of the Act as exhibited in margin A to Para 10, constitute the only opposition to the Act deserving of consideration.

24. It will however remain for the Government to determine as regards the 833 votes in the petitions mentioned in Para 22 and classed by me under the head of A whether the Registered votes for or the signatures in these Tappal petitions against the Act are to be counted; but which-ever they determine upon, there will be a majority in favor of the introduction of the Act in the one case of 2532 in the other of 1699 votes, as exhibited in the margin.

25 It will be a satisfaction also to the Government to observe that out of the proprietors of 7224 private buildings whether Shops or dwellings in Vellore, its component Villages and hamlets, nearly 3/4 ths have voted one way or the other either in the Register Book or direct by petition to Government, for which see the Statement in the margin.

26 It occurs to mention again with reference to Section II of appendix B that altho' none of the inhabitants of those Villages chose to appear to register themselves either for or against the Act in the book kept at my Office for the purpose

| votes for or the signatures in these Tappal | |

3/4 ths of 7224 = 5418.

purpose; they have been the most active among the Tappal petitions, as will be seen by a reference to the petitions noted in the Margin.

27. The only Village that has remained completely neutral is that of Thorapaudy, both as regards the register and petitioning Government and as it is a rather distant hamlet of the town of Vellore I do not attach much importance to the introduction of the Act there, as its inhabitants are ryots exclusively who remove most of the filth of their streets for purposes of manure.

28. As regards the hamlet of Alapoorum it is right that I should explain that there is a small Cusbah Village of Alapoorum which is too remote itself from Vellore to be included in the Act, that the Alapoorum which is included in the margin to the Notification of 27th August 1852 is what is generally known as Alapoorum Bosti containing houses to the extent of 580 built on Alapoorum lands, which for all the petitioners may say to the contrary, forms a portion of the town of Vellore, and is only separated from the town as specified in Section I appendix B by a Parade ground, a distance of

Government Petition 268/52 contains the names of inhabitants of Alapoorum Bosti and adamundel.
Government Petition 406/52 contains the names of inhabitants of Alapoorum Bosti and Romiamaikpolliem.
Government Petition 365/53 contains the names of Petitioners from Cusbah Vellore.

little more than a furlong. I mention this as should the Act be proclaimed it would be advisable in regard to the name of Alapoorum to specify Alapoorum Bosti.

29. One word regarding those of the inhabitants of Vellore, its component Villages and hamlets, who have chosen to remain Neutral as regards the introduction or otherwise of the Act. I would beg to draw the attention of Government to the 6th and concluding clause of the N. B to the printed Proclamation referred to in my letter to your address

addreſs of the 20th Novem-
ber 1852 No: 98 Para 3, copy
of which is annexed in
Appendix A, to the fact
that they are very slightly
in excess of 1/4th of
those entitled to vote
and to the fact
which is inherently
evident in the
petitions

petitions that the Subject has been well understood and thoroughly agitated amongst the native community.-

30. I have now to state for your information my opinion as to the real sentiments of the people in respect to the proposed measure. I have not the slightest hesitation in saying that independent of the actual majority of recorded votes, amounting to 2532 or 1699 as Government may decide with reference to Para 24 of this letter, it is my opinion that the best disposed portion of the inhabitants of Vellore, its component Villages and hamlets are agreeable to submit themselves to a moderate taxation for local improvements.-

31. I do not anticipate beyond the first collection, any difficulty, and that very trifling provided the Government take up a decided position on the point i.e. that if they consider and declare Act XXVI of 1850 as introduced into Vellore they will discountenance any further agitation on the Subject by petitions and Mahazurnamahs.

32. I give this opinion as a decided one and with all respect, but should

Government.-

Fort St. George 15th September 1853.

Government be satisfied with this report and I beg to assure them that the details required for framing it have caused me no small anxiety and labor, mental and physical, the question must be finally set at rest for the same parties who have now designedly got up Petitions though they have somewhat failed in their designs owing to the severe scrutiny to which they have been subjected, will doubtless agitate again should the Act be declared to obtain in Vellore, and if their petitions are not returned immediately from Government with an endorsement to the effect that the time for agitation has passed and that the Act must take it's course it will be difficult to collect a Rupee as all encouragers for the Act, will hold back from the chance of a reprieve, such is the Native character as regards anything novel.-

33. As regards that part of Para 2, Extract Minutes of Consultation under date the 27th August 1852, which directs that should the general feeling be ascertained to be in favor of the introduction of the Act explanation should be afforded whether it is the wish of the inhabitants

Fort St. George 15th September 1853.-

inhabitants that the Act should be put in force in their Town for all the purposes specified in Section II or be made applicable in part only, and in the latter case to what objects it should be restricted. I have some difficulty in complying with that order, as I found most of the Natives profoundly indifferent on this portion of the subject, their only anxiety being to know what there would be to pay- The principal requirements in the town however are generally admitted to be the repairing, cleaning, draining and watching the public Streets, the prevention of Nuisances, and general improvements conducive to the health and comfort of the inhabitants.-

34. As regards the Commissioners for carrying out the purposes of the Act I apprehend that the Magistrate for the time being of North Arcot will be the Government Commissioner, though his duties will be of an Ex. Officio nature and that it will be necessary that the Assistant or Head Assistant Magistrate resident at Vellore should carry on the active duties of a Government Commissioner.-

In

35.

In the Margin I have set the names of ten parties whom I think should compose the Native Commission first to be introduced. They are all men of wealth, respectability and influence in their several beats and in the Town of Vellore at large, and their appointment would be decidedly popular.-

| | | |
|---|---|---|
| 1 | M.R.R. | Vythian Sheshiah |
| 2 | " | Kuroshi Alisalu- |
| 3 | " | Kalie Lalah |
| 4 | " | V. Seetharam Moodeliar |
| 5 | " | C. Govinda Moodeliar |
| 6 | " | Deshai Narrain Chetty |
| 7 | " | Paul Ramia Chetty |
| 8 | " | Shroff Comarasawmy Chetty |
| 9 | " | P. Candapah Chetty- |
| 10 | " | M. Vyapoori Chetty- |

36.

I have mentioned as many as ten as the duties they have to perform are gratuitous. I do not apprehend a very regular or active attendance from them as they have private affairs of importance and attendance with profit to look after and by having a large number the above difficulty could in some measure be met by their taking turns, under any circumstances the bulk of the work would fall on the shoulders of the European Agent though I should endeavour to enlist their public spirit in the work if the Act be introduced.-

37.

I may mention appropriately in this portion of my report the principal difficulty which I have had to contend with in the matter

matter which I think is to a great extent inherent in the framing of the Act itself and I make this statement respectfully but with confidence, as every thing connected therewith has been conducted under my own individual observation and scrutiny.-

38.

Natives are averse to any taxation especially to a fresh one, more especially when the amount is not determined, and to them this Act is essentially one of mystery and so much did I find this to be the case in Vellore that I was obliged to make a rough calculation myself of what the principal requirements are in the Town and the probable amount of money it would be necessary to raise, and to give them a rough idea of the probable demand upon them, before the inhabitants could be induced to listen to the introduction of the Act at all.-

39.

This might easily be remedied I think by the following course when an application such as that specified in Section III of the Act is made, let a Commission be formed as in Section VI to determine the requirements as set forth in Section VII and any of its clauses with their approximate cost and determine the mode in which such sums

should

Fort St. George 15th September 1853.

should be raised, and then put the matter to the vote, for as the services of the Commissioners are supposed to be gratuitous at any rate it does not much matter when they are called for.-

4. To arrive at any satisfactory conclusion as to the votes of the inhabitants of the town possessed of rateable property and entitled to vote, I think if the Government will see by this report the necessity of such an account being framed as I had prepared in 1851, and to which I referred in my letter to you of the 26th November 1852. No. 98 Para 2 and again in Para 5 of this letter.-

41. It remains now for me to touch upon the subject of the several petitions addressed to Government, the Board and yourself against the introduction of the act.-

42 In paras 13. 14. 15. 16. 17 and 18 of this report I have explained the scrutiny to which they have been subjected, and the result of that scrutiny as exhibited in the Tabular Statement in Appendix C, Cols 3 and 4 which is mere matter of account and will I trust satisfy the Government that such scrutiny was necessary. I shall therefore now proceed to

Fort St. George 15th September 1853.

to conclude with a few observations of a general nature relative to the petitions.—

43. That I have been and am exceedingly anxious for the good of the people that the act should be introduced I am free to admit, but that I have ever allowed my anxiety either directly or through my subordinates to carry me away to the acts of compulsion and oppression noted in some of the petitions I indignantly deny in toto, and in respect to every individual case, besides which the dates of the signatures in the register book, both as to their variation on the one hand, and also whereon the other hand on some days as many as 200 have signed at once would of themselves refute the possibility of any compulsion having been used. Natives to the Amount of 200 or even 20 in these days are not to be compelled to do anything against their will.-

44- I knowing well as I do the unscrupulousness generally of Native Officials as to the means they employ when desirous of forwarding an object in which they know their superiors to be interested I had every single signature in the book taken in my own presence by an extra Goomastah paid out of my private purse and without exception

exception in open Cutcherry.-

45. It is true that some time a whole street would come up headed by some Man more clever and designing than the rest on such occasions before taking their signatures I explained to them at great considerable length and personal exertion the objects and benefits of the act and endeavored to disabuse them of ideas with which I found them well embued that the fresh impost was to be a heavy one or one which was being imposed upon them by the Government in addition to others as it were by a "tour de force" pointing out to them also that this was almost if not the first instance in the history of their Country in which they had been consulted, and so to say allowed to legislate for themselves especially on a matter of taxation in very many cases from their long acquaintance with me and trust confidence in the sincerity of my wishes for their welfare those who had come up fully determined to sign con signed pro, and let me again assure the Government voluntarily so.-

46. Every person who has had even a slight amount of experience amongst Natives must

must be aware of how completely the great Masses of the people are led by the Heads of Casts and other designing men whose liveli=hood depends upon existing faction and how incapable they are as a general rule of voting or acting on individual opinion and responsibility and it was with this in view that in the early stages of the discussion I did not encourage those who came up in disorderly crowds to vote (half of them having no claim to do so at all) and headed by men whom my Police experi=ence in the place enabled me to know as notoriously discontented and troublesome characters and such I find are nearly all the leading men in the petitions addressed to Government, the Board and yourself.-

47. By a reference to appendix C the Government will be able to form an opinion of how a great and good work might have been frustated by people of this description in Col 3. of the tabular Statement they will observe a total of no less than 1394 signatures signed in Duplicate, triplicate, quadraplicate and even of tener my firm belief is that at least one half of even the signatures in Col 4 D and C the carrying of which to account-

Fort St. George 15th September 1853

Account against the Act Shame proposed to be as an open question are impudent forgeries.-

48. Many of the petitions bear intrinsic marks of the Stamp Shame ascribed to them alone, I would beg attention to the following amongst others.-

1st In Government Petition No. 2168 of 1852 professing to be from Raul Khan Subadar and others of Allapooram, it will be observed that the whole nearly of the signatures and names to marks are in one hand writing which it is within my Knowledge is that of a Schoolmaster residing in the Village of Allapooram

2d In Government Petition No. 3 of 1852 the same remark applies to signatures from No. 38 to 64.

3d In Government Petition 372 of 1853 the same remark is applicable from signatures No. 16 to 54.-

4th In Government petition No. 418 of 1853 the same remark applies as regards signatures from No. 2 to 13.-

5th Government Petition No. 429 of 1853 is headed in Page 2 where Shame marked XYZ. as coming from "Beri Street Komati Street" & c. all parties Merchants and able to write, and the greater part of the

Fort St. George 15th September 1853.-

the Signatures are the marks of Poties, Taliaries, Pariahs and Native Christians, residing in a totally different part of the town.-

49. As regards Petition 136 of 1853 I would beg to offer one observation, it professes to be "the humble petition of the inhabitants of all descriptions of caste within the Civil jurisdiction of Vellore and the Villages and hamlets thereunto &c" but the writer produces no authority in the shape of a Vakalutnamah and it is within my knowledge that this petition was trumped up by the writer and one or two other designing and bad characters in the town merely to obtain Money which they did to the extent of some 50 Rupees from the inhabitants, with which he the writer proceeded to Madras assuring those they had duped that this sum was required to get the Act stopped, this assurance I have received from many of the most respectable inhabitants in that part of the town- The writer although well connected is a young man of disreputable character, and that (but that I did not wish in any way to interfere with the thorough discussion of the subject) one whose conduct as regards the introduction of the Act has almost amounted to sedition by raising disorderly crowds &c &c he is entirely unworthy of the notice of Government nor do I believe him to have been authorized by a single inhabitant of respectability to address this petition to Government, essentially

these

Fort St. George 15th. September 1853.-

these remarks apply to Government Petition No. 2174 of 1852.-

50. As regards Government Petitions Nos. 2 of 1853, I have only to say that the petitioner signed against the introduction of the Act on the 12th. February 1853 in the Register book at my Office.

51. It is right that I should state that at first I marked off the petitions with the letters A. B. C. D. as received them but afterwards as it would be most convenient to check the signatures as stated in Para 18 by commencing with the first ment Petition according to their numerical order ment and so on with the Board and Collectors petitions, I have in the petitions noted in the margin drawn my pen in black ink through the red letters (A B C D) thus and the signatures together with those which are simply numbered come under Col. 3 of Appendix C.-

52. The 31 Petitions specified in Margin to Para 12 of this letter are herewith forwarded on each petition I have marked for facility of reference in red in the total number of signatures classed as A. B. C. D. and I have only to add in conclusion my request that the Government determine upon the introduction of the Act into Vellore & ca these petitions may be returned with suitable endorsements to the parties who forwarded them before or at the same time that I receive my instructions to that effect.-

3 To Do No. 95.

Fort St. George 15th. September 1853.-

# APPENDIX. A

To, H. A. Brett Esquire
Acting Magistrate of
North Arcot.

Sir,

With reference to the Notification contained in the Fort St. George Gazette under date the 27th. August 1852 Page 843, I have the honor to address you on some points connected with that subject.

2. While taking the Censuses of the Civil Town of Vellore in the year 1851 which I did with great care, at a private outlay and I believe with as near an approximation to accuracy as can be obtained without taking the Censuses in one night as in England, I had in contemplation to endeavour to introduce Act XXVI of 1850 into Vellore and I therefore made use of the same private establishment to name and classify the Streets, to number every house and premises, and to take down the name of each owner and occupant of every house, Shop, &ca in the town, so that when the question of the introduction of the Act came on I might have some guide as to the parties interested and entitled to vote pro or con.-

3. Desirous fully to carry out the wishes of the Legislature in giving every publicity as directed to the Notification mentioned in Para 1

of

Fort St. George 15th September 1853.

of this letter I prepared in English, Teloogoo and Tamil a Proclamation embodying the notification Act XXVI of 1850 itself and a few remarks of my own. 50 Copies of each of these I had printed at Madras at the American Mission Press at my private cost, a copy of each of which I beg to forward for inspection.

4. I issued a copy of both the Vernacular Proclamations to each of the Moonsiffs of the Villages and hamlets pertaining to Vellore as specified in the Margin to the Notification, also to each of the thirteen and desired that those should be affixed in the most public places which has been done, the proclamation is moreover proclaimed by beat of tom tom through out the town at least once a week. Copies of the English and Vernacular Proclamations are affixed at my Cutcherry, others at the Police Ameen's Cutcherry and others at the Cutwalls Chaultry besides several which I have given to the most influential inhabitants and some English Copies to the most respectable European residents.

5. Immediately on receipt of the instructions from Government with reference to the notification of the 27th August last I opened a book at my Office in the form annexed.

Date

Fort St. George 15th September 1853.

| Date | Name of Pettah Suburb or Village. | Name of the Street or Locality. | Number of the House. | Name of the House Holder. | Name of the occupant. | The introduction of Act XXVI of 1850. Signatures. | | | |
|---|---|---|---|---|---|---|---|---|---|
| | | | | | | Number. | For. | Number. | Against. |
| | | | | | | | | | |

6 Availing myself of the information I collected as stated in Para 2 I am calling up day by day the inhabitants, pettah by pettah and Street by Street, explaining to them in person the objects and advantages of the Acts, and taking their signatures, for or against, after they have well weighed and canvassed the subject.

7 Hitherto the result has been most gratifying to me, the numbers pro being far in excess of those con and this not by selecting those favorable but taking their signatures as far as possible as the numbers of their houses or Shops come in the prepared lists.

8 My immediate object in now addressing you is to inform you that I have received authentic information that certain ill disposed persons in the Town have been drawing up petitions, Mahzer namahs &c., to Government purporting

to

Fort St. George 15th September 1853.

to be against the introduction of the Act and obtaining a great number of signatures, many of them false and most of them from persons who are neither householders or owners of Shops or in any way interested or likely to be effected by the Act.

9 I have therefore the Honor to request that if you deem it expedient you will put Government in possession of the substance of this letter and if satisfied with the measures I have adopted for giving publicity and efficiency to the Notification of the 27th August as detailed in Paras 3, 4, 5 and 6 of this letter suggest the advisableness of forwarding for your report or such consideration as they may deem necessary all petitions, Mahzarnamahs &c. connected with the introduction of Act XXVI of 1850, which they may receive during the period fixed in the Notification for the discussion of the subject.

10. In conclusion I would observe that I am still very sanguine that the Act will be called for by a majority of the inhabitants if the subject has fair play and the votes of those really interested and to be affected by it are not tampered with of which persons the accounts referred to in Para 2 furnish me with detailed lists whereas if petitions, Mazurnamahs &c.

Fort St. George 15th September 1853.

&c. of the nature described in Para 8 of this letter are to be taken as bona fide votes the matter will of course be crushed but at the same time it will form no true index of the votes of the vested interests and property in the town.

Vellore,
November 285, 1852

Proclamation

The following Notification published in the Fort St. George Gazette under date the 27th August 1852, Page 843, is hereby proclaimed in Vellore, the Villages and Hamlets thereunto belonging, as set forth in the Margin of the Notification aforesaid.

Here enter
Notification
Fort St. George August 27th 1852
Here enter
Act No. XXVI of 1850

An Act to enable improvements to be made in Towns.
N. B.

In giving publicity to the above Proclamation, the Head Assistant Magistrate of North Arcot invites the attention of all the Householders, Shopkeepers and inhabitants

what

Fort St. George 15th. September 1853.

whatsoever of Vellore, its Villages and Hamlets to the following.

1st. To Act XXVI of 1850 itself as above appended

2d. To the very desirable improvements which may be effected in Vellore and its suburbs if the Act be brought into force under Section II thereof of which every right thinking man cannot fail to see the utility both in a public and private sense.

3d. To the fact that this Act gives a power of taxation for purely local purposes, and that by the inhabitants generally meeting the views of the Legislature in the framing of this Act, vast improvements conducive to the health, comfort and convenience of the inhabitants, can be obtained by the imposition on themselves of an annual tax so light as to be hardly to be felt.

4th That if this Act be brought into force those who in a very laudable manner for the last three years, have been paying voluntary sums towards the cleansing of their Streets &c. will have those comforts at probably a much more reasonable rate than they are at present paying.

5th To his (the Head Assistant Magistrates) anxiety that each inhabitant should give his full attention to the important objects to be attained by the introduction of the Act and consider himself at liberty and

Fort St. George 15th. September 1853.

and invited to communicate with the Head Assistant Magistrate in person on any subject connected with the Act, its objects &c., concerning which he may wish for information.

6th That those opposed to the introduction of the Act are as much invited to come forward as those in its favor, indeed that the period of opposition is during the Six Months specified in the above Notification, and that not having voted at all during the above period will not be admitted as a reason for opposing the Act after its final publication, as in force in Vellore, its Villages and Hamlets should such take place under Sections IV and V of the Act aforesaid.

Head Assistant Magistrates Office, Vellore, October 6th 1852.

/Signed/ H. A. Brett
Acting Collector
ordered

Ordered that the foregoing letter be submitted with the following address.

(42-43)

To the Chief Secretary to
Government.

Sir,

B.d No. 1908
To the Chief Secretary to Government
Submitting with the Board's observations a letter from the Acting Collector of North Arcot respecting the introduction of Act XXVI of 1850 into the town of Vellore and its suburbs.

I am desired to forward the observations of the Board with regard to the introduction of Act XXVI of 1850 into the town of Vellore and its suburbs, and to communicate the letter of the Acting Collector under date the 1st August in conclusion to the same subject.

2

In obedience to the orders conveyed in Extract Minutes Consultation 3d August 1850 the Board have submitted copy of the instructions circulated to all the Districts under their authority enjoining extreme caution in giving effect to the provisions of the Act, and calling upon the local officers to report what openings they saw for it's introduction into their Districts by observing the state of feeling in the large Towns upon the subject.

From Collr 20th in Cons 23d September 1850

3.

The Collector of North Arcot in replying to this Circular observed "there is in some of the large Towns of the District especially Chittoor and Vellore a disposition among certain classes of the population not unfavorable to the object contemplated by the Act," and "that as respects the mode of raising funds under it, a House Tax would be preferred to any system of Town duties."

From Ag Collr 4th September in Cons: 18th Decr 1851

4.

On the 18th September the Board submitted to Government a letter from

from the Acting Collector of North Arcot enclosing one from his Head Assistant giving cover to a petition from about 500 residents of Vellore praying for the introduction of the Act into their Town and suburbs.

From Govt 11th in Cons: 18th October 1851. B.d Pro: 2d aug.t 1852 From Govt 27th Aug.t in Cons: 9th Sept.r 1852.

5

The Government called for further information which having been supplied Notification was published in the Official Gazette, and proclaimed in the most public manner in Vellore itself. It was also directed that a Register book should be kept "in which every occupant of a house or Shop in the said town may have himself inscribed as being in favor of or against the prayer of the application, on appearing before the Head Assistant Magistrate at any time during office hours for the period of Six Months from the date of the Notification.

From Ag Collr 8th Decr 1852 in Cons: 3d Jany 1853.

6

On the 3d January 1853 the Board forwarded to Government a letter from the Acting Collector communicating the request of his Head Assistant that all petitions addressed to Government against the introduction of the act might be sent to him for report, as he understood that parties were getting up petitions against the Act, and taking the Signatures of persons who from having no rateable property were not entitled to vote. This

request

† In Cons: 3d Feby 1853

request was accedded to by Government (25th January 1853).

7 The Head Assistant also forwarded a Copy of a Notification which he had caused to be struck off in English and the Vernacular containing the Government Proclamation above mentioned, the Act itself and certain remarks inviting the attention of the people to the enactment, and pointing out the expediency of, and the advantages to be gained by, its introduction. The Head Assistant having mentioned however that he was calling up the inhabitants to vote petta by petta and Street by Street.

Bds Pro: 3d January E. M. C 25th

The Board and Government directed the discontinuance of this plan, and desired "that it should be left to the inhabitants to attend and enter their names as they think fit." It will thus be seen that every publicity was given to the proposed measure, its intentions fully explained, and every facility rendered for the free expression of the sentiments of all interested in it.

8 The Board will now proceed to remark upon the result of these arrangements as reported by the Acting Collector and his Head Assistant.

9 Vellore and its suburbs, exclusive of the Military Cantonment which is sufficiently provided for by Regulation VII of 1833 and the extensive authority given to Commanding Officers is stated to consist of the Castle of Vellore

From Ag Collr 21st July in Cons 2d Augt 1852

Vellore, 7 Pettahs and 4 Hamlets and to contain 51,000 inhabitants of this number 7,224 are householders as noted during the progress of the very carefully conducted Census lately concluded by the Head Assistant.

10 The result of the votes as calculated by the Acting Collector is given by him in P. 1. 2. & 4. In his opinion, of the 5058 who either voted or petitioned, there is a majority in favor of the Act of 2532 or 866, according to the side on which the 833. who petitioned contrary to their votes, are to be reckoned.

From Ag Collr P 7. From H. Asst P. 31

11 He agrees with the Head assistant in considering that the registered Votes convey the wishes of the more respectable portion of the community, and supports the recommendation of the latter Officer for the introduction of the Act.

12 The Board regret that on a full consideration of the particulars submitted, they are unable to arrive at the same favorable conclusion. The analysis of the case, as it stands in their view is as follows.

Householders 7224

| | |
|---|---|
| Votes in favor | 3590 |
| Votes for petitioned against | 833 |
| Remainder in favor | 2757 |
| Voted against | 135 |
| Petitioned against | 1,128 |
| | 1263 |

Net

Net Majority of Votes or
Petitions in favor 1494
If to these be added the 205 original
Petitioners for the Act, who have not
Voted again, the Majority will be 1699

13. Thus, on the most favorable view it appears that out of 7224 householders only 2757 are in favor of introducing the act or little more than one third - and although it may not be correct to consider the 3294 who did not vote at all, as actually opposed to it yet it is certain that they cannot be reckoned among those who are "desirous" of introducing it, nor can it be inferred that with the small consenting proportion as above noticed, the application is "according to the wishes of the inhabitants".-

Sect III all inhabitants who are minded to declare themselves

Section II.

14 It remains only for the Board to express their approbation of the very creditable manner in which the Head Assistant has exerted himself in the attempt to secure a measure, conducive indeed to the welfare of the Town in which his good management is

is so conspicuous but which had it been effected would have added largely to his own labour of Superintendence

From H. A. Brett Esqre Collector of North Arcot

Sir

Report as further on Petition No. 1556 of 1852.—

Ref. No. 1953 of 1852 Collector

Ref. 1 The Petition noted in the margin having been sent to me for more detailed explanation than what was afforded in my Endorsement dated 30th January 1853, as to the asserted charge of Teerwah on the Petitioners land, I have the honor to furnish the following explanation—

2 The land in question, the situated in the Village of Tippasamoodram was included previous to the resumption of the Anicut Jaghire in the accounts of the Village of Daneechitty coopum, and was assessed with reference to the practice prevailing in that Village as explained in the endorsement above referred to—

3 When the Jaghire was resumed this land was excluded from the accounts of Daneechetty coopum and included in the accounts of Tippasamoodram to which it properly belonged and was surveyed, classified and assessed in common with the other lands of that Village.—

4 At this classification and assessment the Petitioners land was classed as 2d class two Crop land and assessed at 4¼ Pagodas per Cawny or 2—10 Rs as per Cawny for the 1st Crop and 1—10 Rs as per Cawny for the second. The former assessment was 3 Pagodas without reference to the number of Crops— The present assessment is therefore less than what was formerly paid for one crop, but is somewhat higher for the two Crops together, as the lands throughout the Village were re assessed it was not considered necessary to make any distinction in regard to this particular field.—

R. No. 2238.

From the Actg. Collector of North Arcot...

Sir,

In reply to your letter of the 4th Instant forwarding Petition No. 1376 of 1853 and requesting me to explain the designation of "Stamp Mairiby at Chittoor" and the circumstances under which the Takeeds enclosed in the Petition were ispued, I have the honor to report that during the last few years persons have been employed in the several Talooks in this District to stamp weights and measures of the Kinds in general use when parties were willing to have it done in order to check by such means the common practice of using weights and measures of a different weight or capacity from which the

the Merchants professed them to be, and that to convey to the persons so employed an idea of the nature of the duty they had to perform, some sort of designation of the kind noticed by the Board was adopted.—

2 In connection with this subject I have the honor to state that under the instructions conveyed in the Minutes of Consultation in the Judicial Department dated 19th July last. Copy of which is herewith forwarded, orders have been issued to discontinue in future the practice above described.—

2 Sherfoonbeebee
3 Habib Sahiba
No. 550 of 1853 by
4 Fatimah Bagum

Fort St. George 13th September 1853.

personal appearance at the Cutcherry for the purpose of drawing their allowances.-

District, and recommending that the Petitioners may, as solicited by them, be exempted from personal attendance at the Cutcherry, for the purpose of drawing their allowances.-

2. The Petitioners allege that they are females of rank and respectability and that according to national Custom they are prohibited from appearing in public tho' above the age of 50 years and therefore solicit exemption from the necessity of attending at the Collector's Cutcherry in accordance with the general rules: their Statement is corroborated by the Acting Collector who further adds, that, in his opinion, they are entitled to the privilege solicited.-

3 The Fact of the petitioners having allowed their pensions to fall in arrears for the period of 4 or 5 years rather than violate the prescribed Custom, sufficiently establishes in the opinion of the Board to the strength of their prejudices and as the Acting Collector reports that

Fort St. George 13th September 1853.

that he has satisfied himself in regard to their existence and identity; they would recommend that the arrears due to them may be ordered to be paid to the Vakeels appointed to Certify on their behalf under C.O. of the 10th March 1851 and that the authorized allowances may be Continued for the future.-

4. The descriptive rolls of the petitioners furnished by the Dewan of His Highness the Nabob, differ will be seen, in respect of the ages of two of the Females by 4 and 2 years from the Statements prepared in July 1232 but Considering the uncertain mode in which ages are generally Calculated by the natives of the Country the Board agree with the Collector in thinking that the difference is too slight to be of any material Consequence.-

(52)

Bd. No. 2299

From the Collector of Salem.

Sir,
Fort St. George,
29th July 1853

In reply to your Board's requisition in their Proceedings of the 18th instant for certain additional information respecting a proposition I had submitted for a modification of the Toposr Chuultry Establishment.-

2. I have the honor to express my regret that writing without the papers immediately at hand, I should have referred to servants not employed.

I beg to explain that my intention was to ask for authority to dispense with one of the water Carriers Viz. the man who draws 3 Rupees a Month as his pay, and the Cook who receives 4 Rupees as his Monthly wages. It is found on experience that a Cook is not necessary as persons of respectability halting at the Choultry generally have a person with them who prepares their

10969 Fort St. George 15th September 1853

their meals whilst those of the inferior gradesusually Cook for themselves.-

3. This Change would enable me to entertain a Massalchee on 3 Rupees a month and have a residue of Rupees 4-0-0 per mensem for the needful supply of oil.-

Salem Collector's Cutcherry, Signed H. D. Phillips
Collector of Salem.
24th August, 1853

Ordered that the foregoing letters be submitted with the following address.-

Government.

Bd. No. 1956

To the Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the letters from the Collector of Salem marginally noted, soliciting certain alterations in the present establishment of the Toposr Ghaut Chuultrum without additional expense to the State.-

Submitting letters from the Collr of Salem soliciting certain alterations in the present establishment of the Toposr Ghaut Chuultrum without additional expense to the State and recommending that the Collectors request be complied with.-

29th July 1853
in Cons. 18th aug.t 1853.
24 aug.t in Cons
15th Sept 1853
2299.

2. This Chuultrum was built about

Fort St. George 15th September 1853.

about 155 years, ago by one Chicka Dannee Ranz Wannear for the accommodation and relief of Pilgrims travelling between Remeares and Ramawaram through the Toppoor Ghaut, thro a dangerous and uninhabitied tract of Jungle, a large establishment of Servants &c. was attached to the Chattrum, but under the present altered circumstances of the Country this expenditure was considered unnecessary and an establishment of the following strength was sanctioned by Government on the 24th June 1851. which is still kept up Viz.t

In Cons: 3rd July 1851.

| | |
|---|---|
| A. Cook | 4 — " |
| watercarrier | 4 — " |
| Do. | 3 — " |
| Water Pandal Brahmin | 3 — " |
| Sweeper | 2 — 8 |
| Per Mensem Rupees | 16 — 8 |

3. The Collector now reports that the Cook and one of the water Carriers may be dispensed with as respectable persons Kalting at the Choultry generally have a person with them who prepares their meals whilst those of inferior grades usually

Fort St. George 15th September 1853.

usually Cook for themselves; and suggests that the amount thus saved might be more advantageously laid out, by employing a Massalchee on 3 Rupees and purchasing oil with the remaining 4 Rupees, for the purpose of lighting the Chattrum in the early part of the evening as its position in the rear of a small Village situated in a woody hollow has the effect of considerably shortening day-light, and the absence of Lamps in the Choultry therefore causes much disagreeable embarrassment to travellers who may arrive there after the close of the day.

4. The Board Concurring in the expediency of the modifications suggested by the Collector, direct me to recommend them for the favorable Consideration and sanction of Government.

Revenue Board Office,
Fort St. George,
15th September, 1853.

Signed/ B. Cunliffe
Acting Secretary.

(54)

13d. No. 2267

From the Collector of South Arcot

Sir,

I have the honor to report to the Board that it appeared to me necessary to keep the Coleroon and Ponnear ferries under Summary management in the present July in Consequence of numerous Complaints of travellers against the late renters and there appearing no other equally efficacious method of protecting the public from extortion and delay. When therefore the Ferry farms were put up to public auction I accepted offers only for the 5 minor ferries noted in the margin.

2. The arrangements made by me for these two principal rivers will entail no charge on the Government, as the ferry Collections will considerably exceed the Cost

Reports that in Consequence of numerous Complaints of Extortion and delay against the Ferrymen he is obliged to keep the Coleroon and Ponnear ferries under Summary Management.

| | Rs. |
|---|---|
| 1 Cuddalore Back water | 695 |
| 2 Vellaur at Portonovo and at | 455 |
| 3 Puttamcoopum | |
| 4 Coleroon Ferry for foot passengers at Arasoor | 60 |
| 5 Do. for Do. at Coonjimodoo and Canavasel | 210 |
| | 1420 |

Fort St. George 15th. September 1853

Cost of the Establishments. I trust therefore that the Board will approve my proceedings, especially since Ferries are established with a view to accommodate the public and not to raise a revenue.

3. The general rule which directs that all Grass Collections are to be brought to account and Sanction obtained for any expenditure Connected with them, will render it necessary that I should bring the grass receipts to the public account. I propose therefore to pay the Ferry Servants by an advance from my Treasury, and forward a detailed account of the expenditure for the sanction of the Board among the incidental Charges and Extra Establishments of the Year. The number of servants and Boats required will fluctuate with the height of the freshes, but I annex for the Board's information a marginal statement showing the Establishment proposed for the Coleroon rivers. Its monthly Cost is Rupees 77 while the Collections

| | Rs. |
|---|---|
| A Ferry annexe | 15 |
| 3 Peons @ Rupees 4 | 12 |
| 10 Boatmen at Rs. 3½ | 35 |
| The hire of 3 Masoolah boats | 15 |
| | 77 |

Memo

The Cannean receives from the Tahsildar a locked up box into which the Ferry Collections are dropped through a hole in the box and the box is Carried every Evening to the Talook Cutcherry where it's Contents are Counted and brought to account.-

Collections at that Ferry from the 12th July to 11th Instant, amounted to Rupees 331-5-8 and it is gratifying that the Community express satisfaction at the improved manner in which the Ferry is now Conducted.-

4. The Pennar river has not yet filled and it's Streshesare less regular and Continued than those of the Colaroon- It's Ferry Establishment will therefore be on a smaller scale.

5. The result of this experimental measure will be reported upon when a Statement of the Costs of the two Ferries is hereafter submitted for Sanction but it appeared to me proper to make the Board at once acquainted with the arrangements under which it is proposed to manage the Ferries in the present Fasly.

4 In a separate letter the Collector
to
shews in reply to a Circular on the Subject, the

Extent Minutes of Cons 25 September 1852 in Cons 15 Novr 1853 Circular 15 Novr 1852

extent of land sown during Fasly $\frac{1260}{1850/51}$ with the different descriptions of grain, and the Current Price of each kind, Paddy is grown in a larger quantity than any other description of grain taken singly, but forms less than half of the entire area cultivated with grain and other Products. The whole area may be distributed as follows.—

| | Chains |
|---|---|
| Paddy | 47093 |
| Cumboo having a Market rate higher than Paddy | 35369 |
| Dry Grains with Ds lower than Ds | 67962 |
| Ds with Products exceeding Paddy 40 200 & 250 per cent | 53279 |

The prices of Fasly 1260 are attached to the Statement but no judgement can be formed from this of the bearing of the present prevailing prices of Grain on the Land

| | Chains | acres |
|---|---|---|
| Paddy | 47093 | |
| Other descriptions of Grain | 15 6610 | |
| A Chains | | 3-64 |

Ryot because in the original assessment the Wet and Dry lands were settled on separate and distinct data For a determination of the question it will be necessary to review the prices of Grain from the earliest Revenue period to the present time, and this will be done in separate Proceedings in accordance with the orders of Government.—

Extract Minutes of Cons 25 Septr 1852

Paras 5 & 9

5 The changes in the Settlement of the different Sizes of Villages as Oloongo Amany Rented &c do not call for particular remark In the totals number of Ayen Villages there is a decrease of 2 Villages, the present number being 1296 which is accounted for by the incorporation in Fasly 1261 with their original Villages of certain Kutgootah and Mannium lands which had hitherto been entered as separate Villages The present number of Hamlets is 26174 The great increase Viz 454 in 10 years in the number of Hamlets was noticed by the Collector in his letter dated 14th February 1852 Para 2 which was submitted to Government with the Proceedings of the Board dated 28th June 1852—

In Cons 21 June 1852.

Para 11 6

In the Wet cultivation including Nunjah and Poonjah there is an increase of Rupees 25272 in the Peria and a decrease of Seed Cotahs in the Land the apparent anomoly arising from causes already explained.

| Statement B Columns 477. 502 501 @ 6 3/4. | Seed Cotahs | Seed Cotahs Rupees |
|---|---|---|
| A Seed Cotah = 1.62 acres | | |
| Fusly 1260 | 46884 | 1300828 |
| Fusly 1261 | 112863 | 1332100 |
| Increase | | 25272 |
| Decrease | 4021 | |

The Nunjah and Poonjah Products include the 8 Sapoo Viz, Betel Sugar Cane Plantain Hemp Turmeric and 3 descriptions of edible roots which are liable to assessment In the Dry land cultivated there is an increase of 1265¼ Cl[illegible] assessed at Rupees 28868.—

| Dry lands Chains | Assessment Rupees |
|---|---|
| Fusly 1261 | 159812 — 4,43755 |
| 1265 | — 28868 |
| A Chain 3 5/4 acres. | |

Paras 15 & 19 Oloongoo Villages.—

The Settlement of the Oloongoo Villages is made on the actual extent of cultivation in each year at a fixed grain standard per Seed Cotah, not on a Jumma on an invariable area. Thus in the year under review owing to the want of a full supply of water in the ramified Tank and the smaller rivers of the District there is a falling off of 376 Seed Cotahs: or rather 3091 Seed Cotahs: if the transferred Devastanum properties are deducted in

a 676 Seed Cotahs

in the land cultivated, accompanied by a corresponding diminution of grain in the Government share amounting to Grain Cotahs 15983 but with an increase of Rupees 21183 in the Revenue arising from difference of Price in favor of the year — In the average rate of Produce per Seed Cotah there is a small increase owing to a less extent of 1 Crop land having been cultivated with a second Crop on which half the fixed assessment only is imposed The 2 Crop Lands under the Tambrapoorny were extensively cultivated.—

Average rate Grain Cottahs
Fusly 1261 — 4 — 10 — 2 3/64
Fusly 1260 — 4 — 15 — 3 51/64
Increase Fusly 60 — 3 53/64

8 The reason assigned for the increase in the average rates of Produce, above noticed, seems to call for further remark. It is not at first sight obvious why a diminished cultivation of a Second Crop on lands assessed for one Crop should yield an increased rate per Seed Cotah. — The explanation is to be found in the practice of the District, to be discontinued from Fusly 1262 / 1852/53 by which the same land is twice included in the accounts.

| Seed Cottahs | | Grain Cottahs |
|---|---|---|
| 10 | @ 4 = | 40. |
| 10 | @ 2 = | 20 |
| 20 | = | 60 or 66 3/2 per Seed Cotah |

Thus 10 Seed Cottahs of 1 Crop land, when cultivated with a second Crop are brought to account as, 20 Seed Cottahs. With a diminished extent of land entered for a Second Crop the rate

Seed Cottah | Grain Cottahs
10 @ 4 — 40
5 @ 2 — 10
15 — 50 or 3/2 per Seed Cottah.

rate per Seed Cottah is increased, as shewn in the Margin:—

9 Mr. Bird reports his having remitted the assessment for the fourth crop grown on the same land in the same year and with reference to the remarks of Government regarding third Crops he thinks that the third Crop may be made free as the extent thus occupied is not large being only 10 Seed Cottahs in the Fusly under review or 1/2 of the 3d Crop cultivation in the preceding year. And if entered may lead to economy in the use of water and to an extension of the cultivation of Second Crops with the hope of obtaining a third free of assessment Mr. Bird would be opposed to the indulgence if he thought that a great extent of land would be cropped three times in a year as calculated to impoverish the soil but this argument if sound, would apply equally to a few acres as to many. The Ryots may be safely left to look after their own interest Every advance made in the removal of restrictions must, the Board feel, be followed by benefit to the country and on these grounds they beg to state their concurrence in the views of Government regarding

Extract Minutes of Govt. 6 August 1850 — P. 8.

In Govt. 26 Aug. 1852.

up the demand on account of third Crops. It will be necessary as observed by the Collector to provide that any use the land may be put to after the Second Crop has been reaped shall not be allowed to interfere with the rights of Government to the assessment of the ensuing year:—

From Collector 11th February in Govt. 21st June 1852. Para 7. Board's Proceedings on the Settlement for Fusly 1260 28th June 1852 Para 9.

Para 20.

10 Of the 18 Villages composing the former Zemindary of Chokampaty, 11 were settled on a division of the produce and 7 rented under what is termed Joint rents. In the former with a diminished cultivation of 30 Seed Cottahs there is an increase in the Settlement of Rs. 137. In the latter the result is an increase of Rupees 1557. The Board trust with reference to the correspondence noted in the Margin, that the land of each Ryot in these Villages together with the assessment has been duly registered in his name.—

Paras 25 & 28.

11 Under the head of additional cess for superior products there is a small increase of Rupees 113. Including Tamjore as Cocoanuts and Dry products as grown on wet land / Nunjah mail (Poonjah), the increase is Rupees 1689.—

In

Paras 29-31.

12 In the 6 Surveyed Villages there is a net increase of Rupees 374 compriseing a gross decrease of Rupees 238 in Wet and Garden lands and Rupees 612 Gross increase in Dry the decrease arising from defficiency of water With reference to the net result Mr Bird observes "that the progress of these Taram Villages is still in advance." In the early part of these Proceedings the Board noticed the favorable bearing of the Prices of the year on the Rents of these Villages relatively with the Survey commutation rate and in their review of the Settlement of last year the Government pointed out that since the Survey 7 years ago, there had been a progressive increase of Revenue aggregating 11500, and indicative of the soundness of the Principle on which the work was carried out. The Government further required that the Board would submit without more delay their final opinion on the quality of the work and their views in respect to its prosecution, explaining under what arrangements it should be carried out and stating any modifications which experience may have proved to be advisable

The

Extract Minutes of Consultation 6th Inst. 29th August 1852 Para 9.-

The Board have not been unmindful of the subject. The wants of this and some other Districts have been engaging their anxious attention for some time past, as the Government are aware from the Papers laid before them, but till an approved mode of proceeding as regards the measurement as well as assessment of lands has been definitively fixed, they have felt unwilling to pass any orders on the subject The time they are of opinion, has come when this subject should be finally disposed of, and they trust that the Survey and revision of assessment which has been commenced in South Arcot will very shortly furnish data which will enable them to frame instructions for the guidance of Officers in those Districts where similar arrangements are required.—

Proceedings on the Settlement of Trichinopoly for Fasly 1260 Papers on the Survey questions.-

Paras 35 & 38 Extract Minutes of Consultation 27th May in Con. 15th June 1857.

13 Under the recent modification of the Tope assessment of Tinnevelly four descriptions only of Trees Viz.t Cocoanut. Tamarind Eloopie and Mango were retained as liable to assessment Cocoanut & Plantations were to be taxed at the fixed assessment of the land, whatever that might be while

the

the other 3 Kinds of Trees had a fixed rate per Tree assigned to them. The amount of Revenue given up was estimated at Rupees 3,410—14—. The new rules were in operation during the year under review, and the loss of Revenue arising from the relinquished items as amounted to Rupees 4,454. The entire Tope Revenue, exclusive of Palmyras amounted to Rupees 19,880—

| | Rupees |
|---|---|
| Decrease arising from 3 Kinds of Trees being exempted | 3074 |
| Do: reduction of assessment on 3 Kinds | 1,380. |
| | 4,454. |

14 To prevent the indulgence being carried beyond its legitimate limits in the case of Waste land fit for cultivation the Collector has properly confined it to land the extent of which is less than 1 Seed measure of Wet land or 1/10 Chain of Dry land. It will be further necessary to watch the operation of the boon in order to check any tendency that may shew itself to appropriate unto portions of the lands composing the ordinary holdings of Ryots to the planting of untaxed trees such a contingency is possible and it may be found necessary hereafter, when the present indulgence has answered its end, to confine the exemptions to scattered trees only.—

Since

Paras 39. 15 Since the promulgation of the Tope rules of 1848, 35 topes have been formed, involving a remission of Revenue amounting to Rupees 286—9—2 only.—Of this Rupees 69—4—6 on account of private Topes will be brought to account at the expiration of 20 years, the term allowed by the rules. The other portion of the remission appertains to Topes planted for public purposes and is therefore permanent. The number of Trees planted is 4,633.—

Paras 40 & 44. 16 The Revenue from Palmyra Plantations amounted to Rupees 11,750 exceeding the preceding Fasly in the sum of Rupees 1828 the increase arises from a greater number of bearing Trees having been brought to account.—

17. No further planting on Sands Drifts and River Banks has taken place, and some of the seeds previously planted have either not come up or having germinated, the plants have died off shortly afterwards. The losses in these ways were 93 Trees of different Kinds and 5013 Palmyras.—The present numbers of Trees on Sand Drifts and Banks of Rivers are—

| | Trees of Kinds | Palmyras |
|---|---|---|
| Sand Drifts | 440 | 57,165 |
| Banks of Rivers | " | 21,935 |

The

Fort St. George 15th September 1853.

Para 47 & 50. 18 The deductions from the settlement of which the principal item is remissions to privileged classes include stipendiary & payments to the Village Officers, and amount in the aggregate to Rupees 1,66,390 being Rupees 64,578 below the preceding year. The decrease arises chiefly from a less amount being necessary on account of remissions for failure of produce. The total Peuz of the Ryots whose claims to remission on this account were admitted amounts to Rupees 70,830 of which upwards of Rupees 50,000 appertains to Crops either entirely or partially injured the Sum remitted was Rupees 40,884 principally in all Talooks but chiefly that is 3/4 of the whole, in Vellyoor, Streenellypootoor and Sunkarinarcovil. The amount given up under this head in the preceding year was Rupees 99,435. The deductions to privileged classes amount to Rupees 65,380 being Rupees 1,815 above the preceding year. Both this item and the payment

Fort St. George 15th September 1853.

payments to the Village Servants vary with the cultivation and the increase in the present year arises from increased cultivation of Dry lands.

Para 62. 19. The cultivation of Sugar Cane is very inconsiderable in Tinnevelly. The extent of land occupied for this product in the present Fusly was 35-12-32 S M M in the preceding it was 38-11-48 S M M

20. Including additions, the net Settlement amounted to Rupees 21,61,827-12-8, being Rupees 110,634-2-2 in excess of the preceding year. The particulars in comparison for the two years are shewn in the following Abstract Statement.

Read the following Letter.

(63)

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

B. & N. 2252
From the Collector
of Tinnevelly

I have the honor to forward copy of a letter to me from my Head Assistant dated this day and to request the instructions of the Board of Revenue regarding the enquiries contained therein respecting Exports of Salt to Bengal.

Tinnevelly
Tencausey
17th August 1853

I have &c
Signed C. J. Bird
Collector.

No 1.

To C. J. Bird Esqre
Collector of
Tinnevelly

Sir,

A Merchant of Tinnevelly having applied to me for information on the subject of the Exportation of Salt to Bengal, I have the honor to request to be informed whether, as it does not appear that this District has hitherto been included among those authorized to manufacture Salt expressly for exportation in the event of

Salt

11000 Fort St. George 15th September 1853

Salt being purchased at the ordinary wholesale rate of 11½ Rupees per Garce (one hundred and fourteen) and exported to Bengal, Import duty is levied on its arrival.

I have also to desire instructions whether the Rules laid down for selling Salt at the reduced rate of 18 Rupees (eighteen) per Garce for Exportation to Bengal are to be considered as applicable to this District in the event of Merchants desiring to purchase Salt for such Exportation. It is proper to remark that there will be no difficulty in manufacturing sufficient Salt to meet the increased demand should exportation of Salt from this District be carried on to a very considerable extent.

Courtalum 17th August 1853
B. of R. 1923.

(Signed) F. S. Child
Head Assistant Collector

Proceedings thereon - The Board of Revenue see no objection to Salt being sold at the Private Sales now Pass for Exports to Calcutta on Private Trade at the rate specified in Para 22 of the Salt Rules - The terms upon which the Salt may be imported at Calcutta are explained in the Board's Advertisement published at page 800 of the Official Gazette for 1845.

(63-64)

11001 Fort St. George 15th September 1853.

The reduced wholesale rate of 11½ Rupees per Garce does not apply to Shipments to Bengal on private Trade.

(65)

B. of R. 2190
From the Collector of Coimbatore
Forwarding for the Court's information a Copy of a Petition from the Family of the Minor Poligar of Samuttoor and Cotamputty and requesting of his having opened the rooms sealed in 1841 and of the Jewels belonging to the Estate being secured in the Treasury for safety.

No. 60

To W. H. Bayley Esqre
Secretary to the Court of Wards.

Sir,

I beg to enclose the Court's information, copy of a request preferred to me by the Family of the Minor Poligar of Samuttoor and Cotamputty in Pulachy.

2- From enquiry and personal inspection it appeared that the rooms now closed and sealed for more than 11 years, were suffering considerably and that neither the building (the Poligar's private dwelling) nor the Treasure in it would much longer be in safety it seemed also the wish of the Family that the search instituted by Mr. Wroughton, should be completed. I therefore took the opportunity of being in that neighbourhood, lately to go with the Family, at their request, & saw them open the 5 rooms sealed since 1841.

Fort St. George 15th September 1853.

The paras 1 of Mr. Wroughtons letter to the Court of Wards dated 30th September 53.

1821 I took a list of money and Jewels found in them and gave the building to the family as they wished, for repair and use.

3. The many entries of their duel being had been shut up, the accumulation of Bats and vermin was excessive. The Jewels, worth about Rupees 1526-4-0 were replaced as found, in their box, with list correct found with them and the money of which the family had no knowledge is placed in the Coimbatore Treasury for safety, with the rest of the effects for the future use of the young Poligar.

7165-5-0 in Silver Rupees Old and New.

4. The Rupees were loose in an old box - no account of any sort being with them I desired the young Poligar and his relations to count them before me, which they did I also took the opportunity of visiting the works referred to in the Extract from the Proceedings of the Board of Revenue Department Public Works, dated 3d June 1852 - which are progressing favorably.

5. The Annicut on the Cospaur of which the Estimate amounts to 709-6-0 was

Fort St. George 15th September 1853.

stopped, as it was found that its repair would in no way benefit the young Poligar but only the lands of Colampully Village, now belonging to one Runjispagoudah) once part of the Estate, and probably improperly alienated, and now lost to the Poligut. The said Runjispagoudah is also wealthy and has no claim on the resources of the Estate it seems to have been improperly included in the Estimate, from the Mr. Wroughton Superintendent not giving Lt. Roberts full information of the Estate.

15½ Bullocks or 44 11½ Cawnies.

Signed E. B. Thomas
Collector

Coimbatore 9th August 1853

B. of R. 1935.

Proceedings thereon - The Court of Wards approve of the Proceedings of the Collector of Coimbatore reported in the foregoing letter.

(65-66)

---

No. 61.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue

(67)

Sir,

B. of R. 2233.

From the Collector of Coimbatore stating that 40 Cawnies of land

In reply to the Extract from the Proceedings of the Board of Revenue dated -

land may be granted to Mr. Lascelles if he does not interfere with any private properties in that locality.

dated the 11th. Ultimo, I beg to say that I see no serious objection to Mr. Lascelles having the 40 Cawnies he requests provided he carefully respects or fairly buys out any private claims of "Coromboers" or other Hill Natives who cultivate small patches in the locality. Mr. Lascelles promised to do so on a former occasion, but complaints of appropriation of their small patches of land, continued to reach me for some time.

2. Another consideration is the need of preserving the firewood on the Ghaut for the use of the Pacatalla Station but as there is still much Jungle left and Mr. Lascelles proposes a Speculation which if really carried out, will be valuably namely an experimental Spice Garden, I think it is more important than the firewood.

3. I did not offer further opinion before, believing the Board to be aware of all these facts.

Coimbatore 15th. August 1853. } I Signed C. B. Thomas Collector.

The

B. of R. 1924.
Proceedings thereon.
(67-68)

The Board of Revenue sanction the grant of the 40 Cawnies of land referred to in the foregoing letter, applied for by Mr. Lascelles to be held by him on Puttah on the usual terms.

2. The Collector should satisfy himself that the provisions alluded to in para 1 are carefully respected before Mr. Lascelles is put in possession of the land.

No. 135.

71

To W. H. Bayley Esqre
Secretary to the
Board of Revenue

B. of R. 2223.
From the Collector
of Madras

Sir

In reply to your letter of the 21st April last I have the honor to state that I quite concur with the Board in their thinking that a competent Member of the family of Muttoo Pillay whose Petition is herewith returned might be named to succeed him as Salt Curnum at Ennore,

Concurring in the views expressed by the Board of appointing to the post of Salt Curnum at Ennore a competent Member of the Family of Muttoo Pillay the late incumbent and dispensing with the allowance proposed by Mr. Ellis.

and the allowance proposed by Mr. Ellis dispensed with.

2 From the Superintendent's Report of which a copy is enclosed the Board will perceive that the Petitioners

claim

Fort St. George 15th September 1853.

claim to any hereditary rights to the Curnum
ship is altogether unsupported and therefore
I should not think him in any case enti
tled to the indulgence recommended by the
late Acting Assistant Collector.

Madras
19th August 1853

Signed H. Stokes
Acting Collector.

No. 1
Fc. 13.

To H. Stokes Esqre
Acting Collector
of Madras.

Sir,

I have the honor to acknow=
ledge the receipt of copy of letter from the
Secretary to the Board of Revenue of
the 21st communicated with your Official
Memorandum of the 28th April 1853 in which
you direct me to state whether there is
any objection to the Office of Salt Curnum
at Ennore being conferred on a competent
Member of the family of Petitioner Moottoo
Pillay instead of a stranger, thus render=
=ing unnecessary the Payment of the
Rupees 30 Rupees per annum proposed
by Mr Assistant Collector Ellis.

In

Fort St. George 15th September 1853.

2. In reference thereto I beg to state
that I first understood the Rupees 30 com
mutation contemplated in compensation for
a resumed Meras, but on attentively
looking over the papers it does not ap=
=pear that such is the case for besides
this pay there is a Maniem and Meras
enjoyed by Moottoo Pillay as Village Curnum
for Village services which are undoubtedly
Meras, and which he will continue to rec=
=eive independently of any Rupees 30 which
may be granted. It also does not appear
that the Village of Ennore is referred to in
Mr. F. W. Ellis letter of the 1st April 1813.
but that he there refers to the Villages of
Attaput Trinnettur, Satangad, Sadan=
=gopuram and Ennavoor in the last four
of which the Manufacture has ceased, and
the Licensee does not appear that Rupees
were confined then to the Village Ac=
=countants and Paliars all the their al=
=lowances during the period that Pans
were Manufactured in those four Vil=
=lages were fixed in reference to cer=
=tain Merahs and Maniems which
had been previously enjoyed. J.

Fort St. George 15th September 1853.

3 I have failed to ascertain from the records or from local Enquiry that the Honble Conicopillay received his grant of 7 Rupees per Mensem for resumed Meras or Manieums or for any other purpose than for the personal advantage of the individual for distinguished Service rendered in the Salt Department thus reserving to Government the right to the resumption of this allowance, which, as a conditional one was therefore perhaps of less permanence than that of Village Curnums in general. Mr. Assistant Collector Ellis seems to have doubted whether this was a Mera Joi, for he stated. "It is found a serious disadvantage to continue these Curnums as if they were really Mera Joi Curnums the work being badly done and the choice for the Office limited". He seems to have dealt liberally with Petitioner in proposing an annual Roy Sworn of Rupees 30 per Annum on the ground, I believe of the length of time he performed the duty of Salt Curnum in addition to his other Village duties for which he is remunerated. It does not appear that that Officer intended the Roy Sworn should continue beyond

Fort St. George 15th September 1853

they and the life of the incumbent, and I think it has been ruled that Government are not pledged to renew Salt Roy Sworns in perpetuity and this is another reason why the Salt Conicopillays post seems to be of less permanence than that of Village Curnum in general.

4 These seem to be the difficulties for viewing the Post as one held on a Mera Joi right, but if they are waived the remaining point to be got over is that the claim of the Petitioner's Moottoo Pillay to the Village Curnum Mera Joi on which the Succession would seem then to rest, has been contested for many years in the Courts and elsewhere by the following parties.

Mahadeva Gounden Pillay
Narrayina Pillay and Caruthiya Pillay
Appoo Pillay.
Moottoo Pillay and his family

5 have been absent for weeks past and all the notices requiring their attendance have been served, they failed to appear and I therefore take this opportunity to request your Orders whether under existing circumstances it will be necessary for

† To. Dy Ameen

for me to enter into a full enquiry of the respective claims to the Village of Meraji which I consider cognizable only by the Single Courts authorities, as the Village is included in that District, or whether I am to dispose of the matter in its being admitted that both his right to the Village of Meraji is not to be questioned.—

2.— Without entering into such an enquiry I finds the chief points on which Petitioner Muttapillay rests his claim to the Meraji Curnumship are contained in a deposition dated the 12th October 1852, before the late Native Superintendent. In reply to the questions how he obtained the Curnumship, Muttapillay declared that the Curnumship was 32 years ago entered in the name of his Maternal Uncle Tevvamalay a Pillay, but the duties were conducted by his Muttapillays brother named Veneatachella Pillay and on the death of Tevvamalay a Pillay, the father of the latter named Mahadava Pillay gave the Meraji in dowry to the Mother of Muttapillay who left his Mother & Veneatachella Pillay continued jointly to perform the duties without any objection being started by the

Fort St. George 15th September 1853.

other relatives of Mahadava Pillay That he lost the documents which could prove the transfer of the Meraji in dowry to his Mother. That he has had the Curnumship 60 years and when Salt Pans were first Established in Ennore in 1820, that the Collector made an enquiry and after the first 6 Months then transferred the Post of Conicopoly to Petitioner Muttapillay, and that he was so employed, until removed under the order from Mr. Assistant Collector Ellis in 1852.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue

Sir,

Bd. No. 2250 — From the Actg. Collector of Madras — Reporting on the case of the Boat load of Salt received from Vullore the loss of which it is now sought to trace on the accounts —

With reference to the correspondence noted in the Margin re-lative to the omission in the Store accounts of Salt of a Boat load from Vullore containing 1-313, which appears to have been delivered on the 29th April, I request that I am unable to clear up the obscurity which rests on this case —

| | | | |
|---|---|---|---|
| To Board's | 8th | November | 1852 |
| From Dr. | 22d | Do. | Do. |
| To Do. | 30th | Do. | Do. |
| From Dr. | 10th | January | 1853 — |

2— It seems certain that the Salt in question was actually received from the Boat and measured at our Yard, but there is no entry in any of our accounts to shew to what Cumbarum it was added, and it is equally difficult to understand how it could have been so added without being entered in the Accounts or how it could have been fraudulently made away with

Fort St. George 15th September 1853.

with. Mr. Ellis, who appears to have taken much pains in investigating the case under greater advantages than now exist, recorded his opinion, which has been sent to the Board — that no fraud took place, the Salt having been stored, and the entry by mistake left out of the Book. As the heaps stored on the 29th April were sold wholesale without measurement such mistake may have been past detection —

3 The loss was first discovered by Narrain Swamy Moodelly who was deputed by Mr. Ellis to take charge of the Salt Stores early in May 1852. He states that he soon after found the Salt mentioned in Boat Chit No. 49 had not been brought to account; that he was occupied for several days endeavouring to find out the mistake by correspondence with the Vullore Peishcar and in other ways and that he made his first report to Mr. Ellis on the 17th July.

4— The sum of all that has been actually ascertained is this. The Boat Chit to

11016

Fort St. George 15th September 1853

Chitto accompanying No. 39 for Estimated Garces Mercals 2 - 200, and No. 29 for 3 were duly delivered and filed in the Salt Cutcherry - Two Ambarum Chitto which it is usual to stick on each Boats Salt when landed until it is measured were also found both to numbered as Boat No. 39 giving the actual measurement one as 1 - 315 the other 2 - 80 - This measurement is only made when the Salt is stored so that these Chitto are conclusive evidence as to the actual storing of the Salt unless they be forgeries of which there is no proof - But in the account of heaps as well as in the account by Cutcherry as the Voucher for payment of Coolaverum, there only appears the entry for 1 Boat No. 39 - 2 - 80 - It would appear that owing to a wrong number having been put on one of the Ambarum Chitto it had been altogether left out from the latter account, and also that the quantity brought to account 2 - 80 was the larger quantity brought in Boat 39 and that the lesser heap is the smaller or 1 - 315
