Diary

20th September Received the following letter-

(1) To J. Bird Esqre

Collector of Trichinopoly-

Bd No 2525
From the Collector
of Trichinopoly.

Sir,

Being desirous of proceeding to the Presidency for the purpose of offering myself as a Candidate for the Minor Honorary reward I have the honor to request that you will forward to Government thro' the usual Channel this my application for leave for one month and twenty six days under the provisions of Para 19 Title 11 of the rules for the College of Fort St. George.

Trichinopoly Collector's Office
17th September, 1853.

(Signed.) W.E. Sullivan
Asst. Collector

No 91

In forwarding this application for leave the Collector has the honor to state that there is no objection to its being complied with.

Trichinopoly
Collector's Office
17th September, 1853.

(Signed) J. Bird
Collector.

Order thereon-

(1-2) Ordered to be submitted through the Channel of the Civil Auditor for the favorable consideration of Government.

Sent

Sent the following letter.

No. 424

To the Chief Secretary to
Government.

Sir,

B.d No. 1965
To the Chief Secretary
to Government.

In conformity with the orders of Government conveyed in Extract from Minutes of Consultation of the 18th October 1836, I am directed by the Board of Revenue to submit the Broken Set of their Proceedings for the month of August 1853 for transmission to the Honorable the Court of Directors.

Revenue Board Office,
Fort St. George,
20th September, 1853.

(Signed) B. Cunliffe
Acting Secretary.

Read the following Resolutions.

B.d No. 2445
From the Secretary to Government.

No. 1021

Extract from the Minutes of Consultation, under date the 1st September, 1853.

(From Board 15th August 1853)

Nos 1 @ 5. As the Service for which these grants were originally made has ceased to be performed for a great number of years and the lands allowed to lie waste ever since, the Government direct that the Enams be resumed as recommended by the Board of Revenue.

6. The Enam in this case was given without any authority, but as the Choultry, for the support of which it

it was granted, is represented to be of much public utility, the Government referring to the remarks recorded in para 2 of Extract Minutes of Consultation of the 20th October 1852, No. 1017, direct that the Enam be continued to Venkamah, widow of the last holder, on condition of her putting the building in repair within the period of twelve months, should she fail to fulfil this stipulation, it may be offered to any one who may be willing to repair and maintain the Choultry in good order; and if no one comes forward, the grant will then be resumed and the Choultry abandoned.

"7. Under the circumstances represented the Government are pleased to sanction the continuance of this Enam in the names of the surviving undivided brothers of the deceased during their life time.

(Signed) T. Pycroft
Secretary to Government.

Read the following Extracts.

No. 1029.

Bd No. 2425
From the Secretary to Government

Extract from the Minutes of Consultation, in the Revenue Department, under date the 8th September, 1853.

Read the following Extract from the Proceedings of the Board of Revenue (Here enter 22d August 1853, No. 383.)

It appears from the Return of Schools maintained by Enams &c. in the District of South Arcot submitted by a former Collector, Mr. Ashton, with his letter of the 23d October 1839, that there were at that time only 6 boys under instruction in the Village of Gundaricattah. There is nothing in the communication from the present Collector to show that the number has since been augmented and looking to the fact that the Enam was originally

originally conferred without authority, that it has moreover been enjoyed by the Son of the original grantee, that the Village itself is not situated near any populous Town, and "that little public utility appears to have been gained by the grant," the Right Honorable the Governor in Council sees no sufficient grounds for continuing the entire Enam to the present applicant Teroomalatatacharry but he will not object, under the circumstances represented by the Board in Para 4, to one half being registed in his name as a subsistence grant, to be enjoyed by him during his life.

From the Secretary to Government

No. 1069

Extract from the Minutes of Consultation, in the Revenue Department, under date the 20th September, 1853.

Read the following Extract from the Proceedings of the Board of Revenue.

/ Here enter 1st September 1853. No. 390 /

1. The Right Honorable the Governor in Council approves the proposed answer to the

the Special Appeal instituted by Shasham-
-maul in the Court of Sudr Adalut and
grants authority for its being filed and
for the defence of the Suit being conducted
at the public expense.

2 With reference to the conclud-
-ing para of the Board's Proceedings, the
Government would remark that their orders
of 14th February last were not meant to apply
to cases in which the Suit is before the
Sudr Court. The conduct of such Suits will
of course fall upon the Government
Pleader who will be the party to draft the
pleadings, and the local officers may in
such cases properly apply to him
for the purpose.

Bd. No. 1992
Proceedings thereon. The Board of Revenue
16-17 observe that they have already ruled
that their Circular Order of 6th May
1852 had reference only to Revenue Ser-
vants, and was not intended to interfere
with the practice existing in regard to Police
Servants. They have also sanctioned
the

the continuance of taking security
in particular cases from parties
not included in the list entered in their
Circular Order. In reply to the distinct
question put by the Commissioner they
would state, that the Circular
order referred to did not con-
template the taking of security
from servants of the description al-
luded to by him, because of their being
occasionally entrusted with the custody
of public money realized by the
sale of Stamps.

Bd. No. 2080

From the Collector of Bellary

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings dated 15th November conveying their Proceedings of 3d June and the Minutes of Consultation dated 15th October 1852. In the 13th Para of their Proceedings of the 3d June, the Board remark "If the Enams in "Kumply Taloork formerly held in the name "of "Purchareum" can be traced that they should "be made over to the Pagoda and the present "allowance of Rupees 35-12-3 discontinued "unless the Collector is of opinion that the "Grant is personal, or liable to lapse, in "which case the present arrangement will "continue and the lapse when it may occur "be duly reported" and the Right Honorable the Governor in Council approved the Boards proposition for restoring the Enam lands and discontinuing the ready money payment.

Submitting in reference to the Board's Proceedings of the 6th November last his recommendation for partial restoration of the Enam land equal to the remission given heretofore from the Peruz to the Jungum Poojaree as Pagoda land for the Purcharaeum of Cumply Taloork of the allowance hitherto allowed annually for the Pagoda of Codagal, Rupees 70, be given to Sabapaty Moodelly grandson of the Caveda Moodelly under a Government Grant for ever

2. It appears that the Enam i.l.

ever under the reasons herein stated.-

was formerly held by Veroopatcha Swera Saamy Pagoda as the entry in the Pymaish account is "Resumed Enam of Veiroopatcha Sweara Cultivated by Poojaree Punipak." This Enam was under some circumstances resumed previous to the Survey- a Tusdeek it is stated having been obtained by a Bramin Poojaree the Jungum Poojaree. the original Enamdar complained to Mr. Bruce the Sub Collector, who ordered an enquiry as his claim seemed good; and since then a money allowance of C. P. 18-7-8 or C. Rupees 54-11-- per Annum was for some years granted to the Jungum from the Beriz; but since fusly 1234, a deduction of only Rupees 35-12-3 has been made from the Beriz. why it was reduced is not exactly Known; but the reduction probably had some connection with the general remission at that time sanctioned on all lands. As it appears from the Pymaish Accounts that the Enam was originally attached to the Pagoda, and as the remission from the Beriz has been discontinued; I beg to propose that a proportionate portion of the land, equal to the remission given heretofore from the Beriz, be given over as Enam.

3. This Pagoda has as above remarked, a Tusdeek of Rupees 4-6-- per Month or Rupees 52-8 per year also paid by Government from the Treasury; but this is enjoyed by another person a Bramin: in consequence of which, when the Survey took place, it would seem / though it is not certain / that the Enam was reduced by the Pymaishdars- and the old possessor of the Enam complaining of losing his livelihood seems to have obtained in lieu of it a remission from the Beriz, which would lead perhaps to the opinion that the grant was merely personal- But as the old accounts shew that the land was formerly Pagoda Land, I have made the proposition above for its partial restoration.

Colagul grant of 70 Rupees.

4. With regard to the Board's remark in the 13th Para above alluded to, that they are of opinion "that the land under the Tank in "Colagul consisting of 66 Acres, in value 168 "Contarvy Pagodas, should be made over to "Pavada Maistry or his legal representative

For Ft St George 22d September 1853.

"on the original Dasavundum Tenure - and
"the present ready money payment of 70 Rupees
"resting on no other authority than that of
"the Sub Collector in Fusly 1233 discontinued,"
I beg to state that the founder of the Tank,
"Davada Maistry" died many years back--
The present incumbent or recipient named
Sabhapaty Moodaly being his grand son
objects to the arrangement proposed by the
Board and Ordered by Government; and
requests that the 24 Pagodas or 70 Rupees
may be continued as heretofore for the
support of the Pagoda.

5. The amount of the original Dasavundum was never fixed. It was merely stated by Mr Mellor that 1/4 the ayacut, if fully cultivated, would give 42 Pagodas. This was the original assessment; since that time the general remission of the District has been allowed. The average of 33 years, since the Tank was built would give 16 1/4 Pagodas or 47 3/4 Rupees as Dasavundum. The sum the party has hitherto been allowed is 70 Rupees.

Average Tank Revenues from Fasly 1229 to 1261 or 33 years is Rs. 191 Of this 1/4 Shamilat is 47 3/4.

6. The recipient has but a partial interest in the land under the Tank. He holds a Puttah containing 15 1/4 acres of the Tank land paying net 25 1/2 Pagodas or Rupees

For Ft St George 22d September 1853.

Rupees 74 - 6 " The usual Shamilat Dasavund. in this would be only Rupees 18-9-
and the rest he would have to collect from
the Ryots who cultivate the land in the same
proportion of 1/4 for Shamilat Dasavund, which
would have to be deducted from their Puttahs.
The recipient of the allowance in question is
not responsible for any Tank repairs and
declares his inability to be responsible; and
on this ground the Dasavund, which generally
implies the responsibility of the Dasavundar
for repairs, would in the present case be
inapplicable. But it seems quite clear, that
the amount the recipient has been allow-
-ed to receive, should not have been granted
as a Devastanum grant - But I see no
objection to the same amount being allowed
to him for having built the Tank, and it
might be given under sunnud to him
and his heirs - The good service the original
grantee has performed is evident; for since
the Tank was built the revenue of the
village has increased from 1225 " - " Rupees
to 3090 Rupees.

7. I would therefore submit as the simplest method of disposing of this case that the same allowance hitherto allowed annually for

11341

Fort St. George 22d September 1853.

for the Pagoda Vizt. C. P. 24 or Rupees 70 be given to him and his heirs under a Government Grant for ever, and the reason assigned be that "Pavada Maistry" built a Tank at calagull at a cost of 13228 Rupees which has been of essential use to the people and profitable to Government - Or should he Government prefer it, Land now held by him to the Amount of the said sum of Rupees 70 — " — " might be granted on Enam — " Tenure.

To the Chief Sec.y to Government.

Submitting with the Boards recommendation a letter from the Collector of Bellary Soliciting the Gratuitous perpetuity to Pavadah Maistry the builder of the Collagal Tank of the present Money allowance of 70 Rs. per Annum or of land to the same value Present free tenure.

Inf.d on 16th Nov. 52.

I am directed by the Board of Revenue to submit for the orders of Government, the accompanying letter from the Collector of Bellary dated 8th July 1853 recommending in Parad 4 to 7, the Grant in perpetuity to Pavadah Maistry the builder of the Collagal tank of the present money allowance of 70 Rupees per Annum or of land to the same value on rent free tenure.

2 The subject treated of in Paras 1 to 3 of the foregoing letter has reference to the amount at present paid to the Jungam Pagoda at Thumply by deductions from the Thiruvendy Beriz regarding which the Government ordered in Extract Minutes in Consultation dated 15th October 1842 Para 8 that the Enam lands belonging to the Pagoda should be restored and the ready Money payment discontinued. The Collector will be directed to

Fort St. George 22. September 1853.

to carry this order into effect by assigning to the Jungum Poojaree as Pagoda land an extent of 1-15 dithe yielding a revenue of Rupees 36-1 in lieu of the present money allowance of Rupees 35-12-3 which will thenceforth revert to the state.

3. As regards the land under the Callagul Tank a similar transfer was enjoined by the order of Government already quoted but the Collector represents that Subapathy the grandson of Pavadar Maistry and the present recipient of the allowance of 70 Rupees objects to this proposal and requests that the sum hitherto allowed for the support of the Pagoda may be continued as heretofore and declares himself unable to meet the obligation of paying a proportionate share of the Marakmat expenses of the Tank which the Dumumdum tenure implies.

4. Adverting to the large expenditure of Rupees 13228 said to have been incurred in the construction of the Tank the benefit derived by Government in the improvement of the

the village revenue from 1225 Rs. to 3090 Rs. and the great utility of the tank to the Inhabitants the Board are disposed to recommend that land bearing an assessment of Rupees 70 be granted in the name of Pavadah Maistry and his posterity on the usual Enamtenure out of the Puttah land at present in the possession of the Family.

the others retained under the head of "Extraordinary Revenue." if the latter there would be entries on one account Vizt. Government Plantations under two heads if however Collections on both accounts are to be entered under Ordinary Revenue it would be necessary to insert "Government Plantations" as a separate head such as Sayer. Bellary Sundry Small Farms and Licences in the Demand Collection and Balance Statements. Nos. 1-2-3-, and to shew the Collection on each separately under that head, but to adopt this plan there is the inconvenience of there not being room sufficient in the printed Monthly Statements of Demand Collection and Balance to exhibit the said particulars. It appears doubtful however whether this Revenue could with propriety be placed under the head of "Ordinary Revenue" since the produce of the new Topes has to

to be applied for the formation of other Topes but it can be done if the Board see no objection on this ground.

The whole of the lands of this District were measured at the time of Survey with this chain and it has ever since been in use for measuring lands and no other measure has been used-

From the Collector of Salem

Sir

I have the honor to submit the information required by your Board's order dated the 30 June last, relative to a Tabular Report of a lapsed Enam which I had brought to notice on the previous 7th April.-

Submits the information called for by the Board relative to a Tabular Report of a lapsed Enam &c which had been brought to notice on the 7th April last.-

2 The Agraharums referred to in the Tabular Statement as what in this District is termed a "Trishvagum" Agraharum that is one third of the revenue derived from the cultivated area of the Village, is enjoyed by certain Brahmins, who thus receive in ready money a grant of Revenue, which it may be inferred, they would otherwise derive from portions of land denominated "Brittimty or Enams" cultivated by themselves or their tenants and the fixed assessment of which would their lands without the intervention of the Government officials.-

3 This Trishvagum allowance in frequent instances is minutely sub-divided among the relatives and descendants

descendants of persons of the Brahmin caste who were registered at the period of the permanent settlement, and in many the Trishwaykum enrolments (Vuttee) have passed from parties or descendants of parties entitled to them, into the hands of persons who can assign no just right to their possession.—

4 Agraharums of this class in the Salem province, are not liable to the payment of Jodigy and no service has to be performed by the holders of the one under notice and many others.—I am not aware of the reasons which dictated the order of Government that "Agraharum Enams" are not to be interfered with and I have no information that the Agraharums adverted to in that order are of a Kind at all corresponding with the Trishwakum class. It would, however seem just to investigate rights to lapsed Trishwaykum vuttees or shares, so long as it is thought expedient to enquire into claims to lapsed Puttuvaty and Kyatty Enams both grants being grants of revenue, the one of land bearing a fixed Teerwa; the other of the Teerwa which the land bears.—

5 The present one, however is not the only case of lapsed Trishwaykum vuttee which your

C.O. Book page 457 para 20 Mr. Govt. Secy 1848.

your Board have had under their cuttee which for on reference to the proceedings of the marginal date, it will be observed that on a review of certain circumstances which I had reported they sanctioned the resumption of 6/8 vuttees in the Village Chocanoor Taluk Ahtoor of this Collectorate.—

6 The Government, too appear to have recognized the propriety of investigating alleged claims to lapsed shares in Agraharums as may be inferred by reference to their order dated 16th March 1852 No. 252. on your Boards opinion of the 22d January of that year.—

16th June 1851.

7 I have been further guided in my impression that it was necessary to submit this matter to your Board, on reference to the latter part of Extract Minutes of Consultation dated 18th September 1848.—

C.O. Book Page 471

8 As regard your Boards doubt whether a lapse has taken place, I would observe that when the female Achannah (P) in the genealogical tree for the protection of her own assumed or fancied interests in the vuttee arranged with Gooroomoorty Doisy and Soobiah that they should redeem the mortgage and the

Para 12 Mad. Dy

thus supply the place of the former
mortgagees as lapsed & would necessarily
occur on the demise of either of these men
That lapse did occur by Government Sanad
death in 1852, and thus, as it seemed to
me, the matter was one for enquiry under
existing rules independent of the deceased
of the female F.— I observe however that
I might have restricted my recommendation
under these circumstances, to the 3/4 Vuttee as
redeemed by the deceased and Soobaya; but as
the previous succession had seemed to me
invalid, when it passed from E to H my
suggestion embraced the entire share.

Para 2. 9 In regard to your Board's
remarks respecting the manner in
which I should have treated the
descent of H in the Tree I would state
that if it had been apparent from the
record that on the marriage of his
daughter G to H, E had assigned the
vuttee to her as a dowry, or as a
Dhanum I should have felt justified
in regarding H as succeeding through his
Mother Such however, is not the case

for

for H's possession of the share is in no
wise explained & every thing considered
it may not be improper to assume that
taking advantage of his father in
law's death without any male issue,
H as his son in law took possession
of what under different circumstances would
have remained in the family of the
male branch.—

10 The explanation submitted by
me in the Remarks Column of the Talooka
Statement under notice, in respect of the Enams
from Nos 2 to 6 were concisely worded conse-
quent on my belief that where the title of
the party in possession seemed unfounded,
it was desirable to avoid details I beg
however now to furnish more specific
information than was therein exhibited
in regard to the grounds for resumption.—

11 The Enam entered as the 2d number
was registered at the permanent settlement
in the name of one Bacheyengar who
about 55 years ago, made it over as a
Danum to Sama Chary the individual
represented in the genealogical tree by the letter
E. It is thus clear that this Enam was not

originally

Fort St. George 22d September 1853.

originally granted to the family of the latter.—

12 One Streenevasa Chetty is the Pymayesh Enamdar of the Enams entered as the 3d Case he is shown on the genealogical tree by the letter H-H.—

13 Of the several Enams embraced in the 4th Case those situated in the Villages Tippen Agraharum and Nagasamoodrum were placed under attachment at the period of the permanent settlement and were subsequently released from it in July 1218, but the reasons of the attachment are not to be traced at the present time.—

14 One Rungah Chetty appears as the Enamdar registered during the Pymayesh for the Enams shown as the 5th Case. In the genealogical tree he is represented by the letter E.—

15 The Pymayesh Enamdar for the 6th Case is one Nulla Chacravurty; who it would appear, sold that Enam for 9 Canteroy Pagodas to Streenevasa Chetty H-H / about 35 years ago. It is therefore evident that this Enam was not originally acquired by the ancestors of H-H.—

In

Fort St. George 22d September 1853.

16 In the absence of any written document to prove that Nos 2 & 4 were made over to H-H by E his father in law in gift or otherwise, at his daughters marriage, it seems but just as I have already submitted, to suppose that H-H's possession was not regularly acquired. At any rate unless a descent through the female line be now recognized the Enam would be liable, I apprehend to treatment such as many other Enams have experienced under similar circumstances.—

17 Similar reasoning applies to the 5th Case in which likewise H-H may be considered to have secured after the death of E, an unauthorized occupancy.—

18 Nos 2-4 and 5 did not therefore at the best descend to H-H in the regular course unless it

it has been decided to admit the validity of succession through a female ex branch — and what he did get as his more legitimate acquisitions (Nos. 3 and 6) should, I believe, be resumed according to precedents in such cases, Cooppummal the only surviving female member of his family who is denoted by the letter K is now living under the protection of her husband at Sholinghevaram in the North Arcot District —

thereon. Case No. 1 It appears to the Board ex that no lapse has occurred in this case In his letter of the 20th August last the Collector of Salem observes that the death of Gooroomoorty Sooty which took place in 1852 causes a lapse. Sooty which took place in 1852 causes a lapse. last as Venata Krishnyengar's son at the request of that individual and Sooliah, ex redeemed the 3/4 muttee and placed it in the professions of the two persons who are now in the enjoyment of it, it is evident that the interest of Gooroomoorty in the Muttee ceased prior to his death and that therefore the death of one of the ex persons now in possession, or of Anandapillay who holds the remaining 1/4 share alone can create a lapse coming within the scope of the Enam rules.—

Nos. 2. 3. 4. 5. & 6. Of the remaining Enams Nos. 2 was acquired by Samacharry as a Danom from the Tymash Enamdar Bacheyengar about 55 years ago No. 3, was the registered holding of Streenevasacharry No. 4 that of Samacharry No. 5 that of Rungacharry the brother of Samacharry, and No. 6 was brought by Streenevasacharry from the Tymash ex Enamdar Nullanchacravourty about 36 years ago

that the Collector of Cuddapah be instructed not to interfere with those cases in which there may be clear and undisputed evidence of long undisturbed possession and a valid title to succession on the part of the Claimants and to refer for orders only those grants which he may be of opinion ought to be resumed on the ground of possession having been obtained surreptitiously or any other circumstances affecting the title of the holder as well as in default of heirs or near relatives of the deceased incumbents." No special reference was made to succession by females as one of the circumstances affecting the title of the holder but the Board in drawing up the instructions for the guidance of the Collectors founded on these orders as directed that those cases only will be reserved for report wherein it may appear that the Enam was a life or time expired grant that the succession was of doubtful validity as when conveyed through adoption not duly authorized transmission through a female or a collateral branch or any other channel contrary to the Hindoo Law or local usage &c and these rules were generally approved by Government in Extract Minutes Consultation 4th July 1848.

19th June 1848.

Indent 27th July 1848.

3 It will be seen that it was here assumed that the succession of a female was "invalid" and contrary to Hindoo Law, and local usage, and in consequence of this rule it has been the practice to report such cases not only where the last incumbent or next heir was a female, but also where the succession has at any stage been transmitted thro' female at however distant a date — and in some cases the recommendation has been for resumption of the Enam on this ground while in others it has been for continuance for life only.

Extract Minutes Consultation 2d September infor. 11th Sept. 1851.

4 Since the above rules were laid down however the question of succession thro' females has been only fully discussed in the case of the Shrotriems of Meengoor and Adayanvoil in the Chingleput District. A special reference in this case having by orders of the Honorable Court of Directors been made to the Judges of the Sudr Adawlut it was by them referred to the Pundits of that Court and the answer given by them while it confirmed the views previously taken of this case by the Government and by the Collector of Chingleput,

General letter 18th September 1850 No. 7

leave

leave no doubt of the right of females to succeed in such cases and to transmit the succession to their children. The Board may here observe that the above decision by the Pundits is entirely in conformity with the Law as laid down in Colebrooke's Digest of Hindoo Law and it is certain that so far as "local usage" is concerned, the practice in relation to Enams in this Presidency has been in conformity with the written law respecting private property.—

Volume III pages 490 to 498.

5

Under these circumstances, the Board as at present constituted can have no hesitation in admitting that there was not sufficient warrant for conceding succession transmitted thro' a female to be of doubtful validity, and still less that it is according to the opinion given by them in the case of the Menjoor and adaycumvoil Shastriens "contrary to the first principles of Hindoo Law" and that consequently such succession cannot be properly considered as an exception to the "valid title of succession on the part of the claimants" which it was ordered by Government should secure them from interference. The rule as now enforced, appears to

Extract Minutes dated 11th May 1848 Para 4.

to operate with great severity in cases where the present claimants are males but in where the succession at some former time has been transmitted through a female, and it has been shown that it is not supported by the Law, and seems clearly contrary to the opinion of Government, is that in all cases where there has been long undisturbed possession the Enam should be continued for this reason if there were no other the Board recommend that the rule should be relaxed, and that cases where the legal heir is a female, and especially where the succession has formerly descended through a lineal female heir these circumstances should not be held in future to be a bar to continued enjoyment of the Enam.—

From the Collector of Tinnevelly

Sir,

I have the honor to submit for the consideration and orders of the Board of Revenue a Statement showing certain claims made by relations of the Sapthoor Minor Zemindar for Manyams in land given or promised to them by the late Zemindar.—

Submitting for the consideration and orders of the Board of Revenue a Statement showing certain claims made by relations of the Sapthoor Minor Zemindar for Manyams in land given or promised to them by the late Zemindar and returning Boards Petition No. 2272 of 1852.

2 Some of these appear to me deserving of conception and others for reasons given in the Column of remarks I consider not to be founded on grounds sufficiently strong to render it proper to burden with them an Estate so much in debt as this one is.—

3 All the parties occupy and cultivate the lands which they claim to hold tax

tax free on favorable agreement the claim is only for the Beriz and as under the orders conveyed in Extract from Proceedings of the Board of Revenue dated 24 November 1851 the whole Estate inclusive of Punnay lands was made over to the Renter on the terms of the first agreement made with him by the late Zemindar the simplest way now as it is not worth while to disturb the present arrangement for so short a time will be to pay with arrears as a money allowance out of the Income of the Estate to those of the claimant whose cases are favorably decided the amount of Beriz due by them to the Renter until the expiration of his lease at the end of next July after which the Manyams may be treated as life grants

Sir,

In reply to Extract from Proceedings of the Board of Revenue dated 1st. Instant on the subject of the observations of Government regarding my proposed rule not to give Cowles in future for bringing waste lands producing Chayroot into Cultivation, I have the honor to state that on further consideration I am of opinion that the rule which has already been sanctioned by Government that the Chayroot Renters shall be free to dig for the root during one Month certain, at least, in all lands not ploughed and sown by the 15th. December in each Fusly renders the one now under consideration not very necessary. And as it would be extremely difficult to fix an Extra assessment on any spot of land proportionable to the value of the chayroot that may be in it I am inclined to the opinion that it will be better to omit the 2d. rule and trust only to the 1st. for the protection of the interests of the Chayroot farmers.

To the Chief Secretary to Government.
Submitting with the Board's observations a letter from the Collector of Tinnevelly reporting on the subject of the Chayroot farm.

To Govt. 11th. July 1853.

I am directed by the Board of Revenue with reference to Extract Minutes of Consultation dated 26th. July 1853 to submit the accompanying letter from the Collector of Tinnevelly on the subject of the Chayroot farm.

2. While sanctioning one of the rules proposed by the Collector and recommended by the Board, Government observed in regard to the other which had for its object the refusal of Cowles for bringing waste lands productive of Chayroot into Cultivation, that they apprehended it might operate to check Cultivation and suggested for the consideration of the Board "whether Cowles might "not be given with the proviso that "if the land were left untilled "and Chayroot taken an addi= "tional Assessment would be charged." The question being referred for the opinion of the Collector that Officer states that it would be extremely difficult to fix an extra assessment on any spot of land in proportion to the value of the Chayroot taken

talEen, and therefore considers that it would be better to omit the rule altogether, and trust to that already sanctioned for the protection of the interests of the Chayroot farmers- He also states that the rule objected to does not, on further consideration appear to him to be very necessary- Under these circumstances the Board think that the existing arrangements need not be disturbed.-

Sir.

I have the honor to forward two Statements of Extra Tent allowance drawn by myself and my Assistants during Fusly 1262 (1852/53) and to request that the sanction of the Board for the amount thereof Viz.t Rupees 1,766-10-0 may be obtained.-

Fusly 1262 - 1698-6-0
" 1261 - 68-4-0
1766-10-0

It would appear that a sum of Rupees 68-4-0 which ought to have been drawn in 1261, has been paid and debited in the accounts in 1262.- In all practicable cases the orders of the Board prohibiting the Charges of one Fusly being included in those of another are attended to, but in the present instance it was impossible to do so.- Some of my Assistants were out in the district up to the close of Fusly 1261, and it was found inconvenient to anticipate and debit the payment. Consequently the amount appertaining to 1261, was necessarily paid and charged in the accounts of the succeeding

2

succeeding one. I hope this explanation will be found sufficient to justify the de-parture from the Board's orders. I will however endeavour to prevent a recurrence of a simi-lar payment, although not practicable in all cases.-

Previous to passing the extra Tent allowance Statements, submitted with the letter recorded above, the Board requested the Collector will afford explana-tion respecting the protracted residence at Ootacamund for 55 days.-

It is observed that in calling for similar information in the Board's Proceedings of 7th October 1852, the Collector was requested whenever it was found necessary for an officer to remain at any one place for a pe-riod exceeding one month, to afford explanation on the subject at the foot of the Statement to save further cor-respondence. Mr Thomas will therefore keep this in view in the submission of

of future Statements.-

* The slight difference in this item between the revenue arises from a remission of Rupees 8-9-2 being yearly granted to a ryot in the Paulghaut Taluck in consequence of the Coimbatore authorities having possessed themselves of a tract of land from whence the revenue was derived as being theirs.-

The decrease under the head of "Farming" from Fusly 1258 to 1261 is owing to a corresponding increase in the Abkarry contract. The contract for both Hill produce and abkarry of the Wynaad District is farmed out together, and the Collection under each head is determined by the Contractor himself. The falling off is more nominal than real.-

Secretary to the Board of Revenue.

B. No. 2092. From the Acting Collector of Madras, Reporting in obedience to the orders of the Board on Mr. Ellis's suggestions to reduce the fees in the Registration Department of this Office.

Sd. Board's Proc. 22nd Sept. 1853. Para. 5.

Collector } Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings dated the 6th of January calling for my sentiments upon Mr. Ellis's suggestion to reduce the fees hitherto leviable in the Register's Department of this Office.—

2 On analyzing the Table of Fees given in the Margin of Mr. Ellis's letter, which I was enabled to do by comparing it with that given by Mr. Murray in his letter to the Board dated 11th January 1821 I find them to be composed of fees to the Government, fees to the Register and fees to the maistries as follows.—

1. The Government Fee is 5 Pagodas on the issue of every Grant, that is for land of not less than one Cawney in Extent.—

2. For the issue of Certificates that

that is for land less than One Cawney no fee is levied for Government.

3 Fees levied for the Register but since the consolidation of Collector's allowances, credited to Government, are

for Grants not exceeding five Cawnies — 5 Pagodas
Not exceeding ten Cawnies — 10 Pagodas
Exceeding ten Cawnies — 20 Pagodas

For the Registry of the transfer or mortgage of land for which a Grant has been issued — 1 Pagoda
and for the Registry of each such title deed — 1 Pagoda

On Certificates the Registers fees are for the issue of each Certificate — 1 Pagoda

For the Registry of the Transfer or Mortgage of land for which a Certificate has been issued — 1 Rupee
For the Registry of each such Title deed — 1 Rupee

The Maistries fees which they receive in addition to their pay are, for the measurement of each piece of land on the issue or transfer of a Certificate if within the Black Town Walls — 18 Fanams

It has been the practice for the Surveyor alone to measure Land of a Cawney and upwards Coming under the head of Grants and no fee. is taken in such cases. As regards Lands in the Provinces registration fees have been relinquished under the orders of the Board dated 1st April 1851.

3. Two Statements have been prepared to accompany this letter — One shewing the receipts and charges of the Registers Department for five Fuslies prior to the abolition of the Collector's Commission and for five Fuslies since; the other, shewing the actual receipts in Fusly 1262. under each head of Fees.

4. The Board will observe from the Statement No. 1 that the average receipts of the Collector on the 5 Fuslies ending with 1240 (1830/31) was Rupees 4,275 while the Cost of the Establishment averaged 4,351 — The average of the five Fuslies ending with 1261 (1851/52) shows the Cost of the Establishment

to be 2955 and the amount of fees credited to Government 2977 Thus it is found that at present the Establishment pays itself while formerly it Cost the Government on an average upwards of 4100 Rupees annually, and that therefore, as far as financial Considerations are involved, a reduction of fees may well be conceded.

5. In Statement No 2 it will be found that at present a very small sum is realized on account of the larger fees; and consequently be the less loss in giving them up.

6. It seems desirable on the One hand that every encouragement should be given to the Registration of all transfers of land, and on the other that no inducement should be held out in the manner explained in para 4 of Mr. Ellis's letter to subdivide land in order to evade the higher fees.

It

7. It seems also desirable to adapt the scale of fees to the present Currency and thus avoid small fractional sums.

8. I would therefore propose to fix the fees hereafter as follows.

On the issue of every new Certificate or Grant _____ 3 Rupees

For the Registry of every transfer or Mortgage. _____ 1 Rupee

Maistrees fee for every measurement whether within or without the Walls. _____ 1 Rupee

a In this Column is included the Fee of the maistries which was returned when the application for the issue of a Certificate was withdrawn, so that it not only includes the amount paid to the Maistries, but also the debits on account of Fees returned to parties on their withdrawing their applications for Certificates.

b One maistry who drew a salary of 70 Rupees per month was dispensed with from June 1830. which is the cause of the decrease in the pay of the maistries from Fusly 1239.-

c In Fusly 1239. the salary for June 1829 of One Maistry who was on the receipt of Rupees 70 per mensem was not drawn inconsequence of the post having been abolished - Nor was this Salary drawn in all the succeeding Fuslies which Causes the decrease of Rupees 840 in that as compared with Fusly 1238.-

d The decrease from Rupees 3.693 to 2955 or Rupees 61-8-- per Mensem in Fusly 1257 is owing to the Register's salary having been reduced from 80 to Rupees 50 per Mensem from February 1832. to one Maistry on Rupees 14-- One Conicopillay on Rupees 10-8-- and One Lascar on Rs. 7-- per Mensem having been discontinued from January 1832.-

e The reason for this decrease is the dispensing with One Maistry who drew Rs. 70 per Mensem, as stated in remark C above.-

f This decrease is attributable to one Maistry who drew Rupees 14 per Mensem / Vide remark d. above / having been discontinued from January 1832.-

B. No. 2016

Sir,

To the Chief Secretary to Government. } 1. I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying Correspondence respecting the fees in the Madras Collectorate upon the issue of Grants and Certificates, and the Registry of Deeds.

(3033) From Madras 9th Dec. 1852, in Cons. 6th January 1853
(31) Board's Pro. 6th January "
(2092) From Madras 6th Augt. " in Cons. 22d September "

2 The following is the present Scale of fees, as given in the Margin of para 2 of Mr. Hudleston's letter of 9th December 1852.

	Rs	a	p
For a Certificate within the Walls of Black Town within 1 Cawney	4	14	5
Do. out of the Walls of Do. within Do.	4	8	"
Do. registering a Bill of Sale within Do.	5	14	5
Do. Do. without Do.	5	8	"

For

Fort St. George 22d September 1853.

For registering Mortgages within 1 Cawny for each Title deed	1	"	"
Do. Do. above a Cawney for Do.	3	8	"
Do. for a Grant within 5 Cawnies	35	"	"
Do. Do. above 5 and within 10 Cawnies	52	8	"
Do. Do. 10 Cawnies and above	87	8	"
Do. registering a Bill of Sale or transfer if above 1 Cawney	35	"	"

3. The only portion of these fees formerly credited to Government was 5 Pagodas upon each grant for land of not less than one Cawney - the rest (excepting the amount charged for the Maistries which was paid to them) was drawn by the Register; consequently the Cost of the Establishment was almost entirely borne by Government, but since the Collectors' Salaries were consolidated the whole of the fees (excepting those of the Maistries) are credited to Government, and go far towards paying for the Establishment. This will be apparent on a reference to Statement 1 accompanying Mr. Stokes' letter of 6th August 1853.

Average Cost of the Establishment for 5 years ending Fusly 1261	3501	Rs.
Average fees for Do.	2977	"
Deficit	524	Rs.

The

11399. For Ft. St. George 22d September 1853.

4 The present scale of fees appears too high, especially for Grants - i.e the instruments ifsued for lands exceeding one Cawney in extent, those for lands less than a Cawney being called Certificates - To evade the higher rates parties sometimes apply for two or more Certificates for one Compound, as shewn in para 3 of Mr. Rudlestons letter of 9th December 1852. Besides as observed by Mr. Stokes, every encouragement should be given to the registration of all transfers of land.-

5 The following are the rates which Mr. Stokes suggests should be charged hereafter.-

On the ifsue of every New Certificates or Grant ——— 3 Rs.
For the registry of every transfer or Mortgage. ——— 1 R.
Maistries Fee for every Measurement whether within or without the Walls ——— 1 R.

6. The Board apprehend that if the above rates are adopted the immediate falling off will be greater than Government will be willing to accede to, they would therefore recommend an addition of 8 annas upon grants and Certificates, and one Rupee upon transfers and Mortgages.

Upon Grants Certificates Rupees ——— 3 - 8 —.
For Registries ——— Rupees ——— 2 — — —.
Maistries fee ——— Rupee ——— 1 — — —.

7. By this scale the rates will be simplified the excessive charge for grants and for sale registries reduced and the loss to Government will not be great, it is believed moreover that the fees will improve under the greater facility offered for obtaining Grants and Certificates especially for Registering transfers, which it is so desirable to encourage. The equalization of the Maistries fees is also desirable. Under these circumstances the Board of Revenue beg to submit their proposed rates for the favorable consideration of Government.

/Signed/ B. Cunliffe

From the Secy. to Government } Extract from the Minutes of Consultation under date the 9th September 1853

Reviewing the report of the Collr. of Nellore on memorial presented by some of the Mahomedan Inhabitants of his district soliciting the continuance of the Yeomiahs enjoyed by their ancestors and resolving to forward the memorial the Board's letter and the report of the Collector to the Supreme Government—

Read the following letter from the Secretary to the Board of Revenue—

/ Here enter 11th July 1853 No. 311 /

Para 1 The Right Honorable the Governor in Council having carefully considered the report furnished by the late Collector of Nellore regarding the circumstances which led to the discontinuance of the allowances of such of the Yeomiahdars who memorialized the Honorable the Court of Directors as could be discovered agrees with the Board of Revenue that the pretensions advanced

advanced by the parties are undeserving of attention.—

2. The Yeomiahs appear to have been subsistence or Mootalikhan grants, The former were resumable on the death of the party for whose support they had been bestowed— In regard to Mootalikhan grants, or grants made for the maintenance of the grantee and his immediate family, the practise on the decease of the original grantee has been to distribute the allowance among such of his family as might survive him with the Condition that the share of each was to terminate on his or her decease This usage has been followed in all the Cases entered in the Table except that in some instances the lapsed Yeomiahs or Lapsed shares have from motives of Charity been Continued wholly or partially when they might properly have been resumed This indulgence has probably led to some of the Claims now under report.—

Circular Orders Bd. of Revt. 31st July 1815 Para 274.

3. The Board state that Nos. 28 and 36 might they think be further reported on Chiefly with reference to the means

means of subsistence that the parties may possess— The Claimant in the first of those Cases Kyrun Bee is the widow of Abdool Huck a participator in a Mootalikhan grant whose share 3 Rupees a Month was according to Custom resumed on his death in 1846. It seems however from the preceding No. 27 that the allowances of two other sharers in the same grant were on their deaths Continued to their widow and son respectively, but this was in 1823 and 1829 and in former years these allowances were not looked into so closely as has been usual lately: The Petitioner in No. 36 Fakeenissa Bee is the widow of a person Mahomed Cassim who held a share in a Subsistence Yeomiah which lapsed in 1847 when he died. It will be for the consideration of the Government of India to whom these proceedings will be communicated whether any portions of the lapsed allowances in these two Cases should be Continued to the applicants supposing them to

Fort St. George 26th. September 1853.

to be in want—

5. In three Nos. the grant is stated by the Collector to have been made apparently for service. Viz^t. 21—38—90—as regards No. 21 this seems to be a mistake, the Yeomiah being entered as a subsistance grant in the list forwarded by the Collector to the Board on the 19th. November 1822. In No. 38 the Yeomiah, in the earliest Register or that of 1804 is entered as a life grant. In the subsequent list of 1812 it is stated to be for attending and performing Ceremonies at a Mosque but such Ceremonies were stated by the Collector, in submitting the lists to be of a frivolous nature, and not to be of a kind to warrant the Continuance of the Yeomiahs beyond the lives of the then holders. In No. 90, the Yeomiah is entered in the Register No. 2 of 1812 as for attending a Mosque, but the remarks of the Collector already referred to would apply to this Case also. Moreover the share now sought was returned on the death of its holder as far back as

From Coll^r. of Nellore 20th. Oct^r. 1812. Para 3.

Fort St. George 26th. September 1853.

as 1826. No claim for its Continuance being made apparently at the time—

5. In some Nos. of the Collectors Memo the nature of the grant whether for subsistence or not is not distinctly stated. On referring to the Registers of 1804—12—14—15—22—23—and 28 and to the Correspondence Connected with these Yeomiahs, the Government find that they were all with one exception mere Charitable grants. In one instance mention is made in the Register of service but the service is of the description already alluded to—

Stating that Government is not at present prepared to alter the Systems under which toll is charged on Goods Conveyed by Cochrane's Canal but when the Canal is Com-=pleted to Dooga-=rungapatam the Board will then bring the Sub-=ject again before Govern-=ment.

Extract from the Minutes of Consultation in the Revenue Department under date the 16th September 1853.

Read the following letter from the Secretary to the Board of Revenue. — / Here enter 25th July 1853 No 3457 /

Para 1. With the above letter the Board of Revenue forwards a correspondence between themselves and the Acting Collector of Madras relative to the rates of toll at present levied upon goods conveyed by Cochrane's Canal, and submit a set of rules for regulating the charge in substitution of those now in force. with a request that the new rules may be sanctioned experimentally for one year

2. The chief respects in which the proposed rules differ from those which are now in operation are that the charge is to be regulated by the tonnage of the boat and is not to vary according to the nature of the Commodities

Fort St George 26th September 1853.

commodities carried. That passenger boats as well as Cargo boats are to pay toll, and are to be charged according to the same principle viz. by their tonnage, that the tolls are to be levied at the basin only and at no other place. That the owners of boats are to be allowed to compound for the toll on their boats by an annual payment of 12 times the fixed rate per Ton.—

3. The rate proposed to be levied is 6 annas per Ton.—The present toll averages a little more than 1½ annas but it is confined to Cargo boats. There will for the present be some loss of revenue but the Board do not expect that it will be great whilst the benefits to the public will be manifold.—

Board's letter para 4.

4. The Right Honorable the Governor in Council observes that the extent of Cochrane's Canal in both its branches, that from Madras to Sudiencoopum and from Cutcoopilly to Calanjee is inconsiderable, only 7½ Miles. An Estimate has been sanctioned for carrying out the navigation to Doogarunzepatam, and

and the Government have authorized the work being commenced under certain arrangements proposed by the Board of Revenue Department Public Works. They are not at present prepared to alter the System under which toll is charged on Cochrane's Canal, but when the Canal is completed to Doogaranzepatam it will be necessary that the whole question of levying tolls upon it should be considered and the Board will then bring the subject again before Government.—

5. The Governor in Council approves the principles of the changes recommended by the Board. Viz. the regulation of the charge by the tonnages of the boat and not by the nature of the commodities conveyed and the liberty for Compounding. He remarks however that no provision is made in the rules for boats coming down the Canal with Cargoes or passengers for intermediate places. Rule V directs the Collector to take care that boats shall not be unloaded before they arrive at the basin. but it does not appear what is

Fort St. George 26th September 1853

is to be done if they have Cargoes or passengers for Ennore. Boats laden with Government Salt are to be charged at the usual rates, but all other Government stores and property are to pass free. It does not appear why this difference should be observed.

Rule VII

6. The above points will need to be considered when the Canal is open to Doogarauzpatam and the removed arrangements submitted.—

7. With respect also to the parties from whom the tolls are to be collected the Board will consider further as to the expediency or otherwise of transferring the payment from the owner of the Cargo the Merchant to the Boat owner as also whether the sum to be raised by the novel tax on Passengers is of an amount which would render its imposition, after so long a period of exemption, desirable.—

In the present case the deceased Pauperaidoo had a son by his 2d Wife who died leaving two sons.— He was the first born son and consequently the representative of the family. Brings to the notice of the Board of Revenue the difference of opinion entertained between the Collector and the Sub: Judge in respect to the allowance of a pensioned Poligar being permitted to the Courts in liquidation of the amount of decrees passed against him and requesting to be favored with the Board's opinion on the construction of Regulation IV of 1831 extended by act XX of 1808.

No 67

To,

W. H. Bayley Esqr.re
Secretary to the
Board of Revenue,
Fort St.t George.

Sir,

I have the honor to inform the Board of Revenue that a difference of opinion exists with regard to the strict interpretation of Regulation IV of 1831 extended by act XXIII of 1838, between myself and the subordinate Judge of this Station and request the Board will favor me with their opinion on the construction of the Regulation above referred to for my information and future guidance. I am induced to apply to the Board on the present occasion, as the Board and Government are the only authorities authorized to give an opinion with regard to enams and allowances. -

2- Tully Devacara Naidoo the Poligar of Pollalacherroo in the talook of Cumbum has long enjoyed an emolument of Rs. 90 per mensem on account of resumed lands, and it appears that he has fallen into

into debt which has caused his creditors to file suits in the Courts of Adalut and obtain decreese againt him. The Civil and Subordinate Judges have applied to me to withhold from his allowance the sum of Rs. 30 to be paid in liquidation of the decree passed against the Poligar by the Sudr Ameen and others and Rs. 40 per mensem to be detained in the Sub: Court for similar cause, thus the whole of the pension allowed is absorbed, and the Poligar is deprived of all means of livelihood

3- From the correspondence which has taken place it appears that the Poligar pensioner was placed in Said and afterwards under the charge of the Nazir where he appeared in Court and gave a document agreeing to pay a certain sum monthly out of the amount of his allowance, and also gave a document addressed to the Collector requesting that the said amount might be deducted from his pension and remitted to the Court, he immediately after on being released, addressed another Urzee to the Collector stating that the agreement granted before the Court was given under compulsion, and desiring that the pension should

be

be paid to none but himself. Under these circumstances I have declined to make over any portion of the pension to either the Civil or Subordinate Court and now the question arises whether under the provisions of Regulation IV of 1831 extended by Act XXIII of 1838 which declares that such grants shall not be liable to attachment or sequestration in satisfaction of any decree or order of any Court whatever, the Razeenamah tendered making over a portion of his allowance in satisfaction of a decree, is legal or otherwise.

4 From the preamble of the Regulation it appears evidently, to have been the intention of Government that the sums granted in lieu of resumed lands and privileges, were allowed as maintenance to the family of the party, or parties to whom granted and that this maintenance should not be held responsible for any debts incurred by the party on whom it was bestowed, and in the present case I am inclined to suppose that the Razeenamah given to the Court was illegal under the provisions of the above Regulation and Act as the stoppage of a portion of the said pension in liquidation of a decree is virtually a sequestration of a portion of the allowance granted

Fort St. George 26th September 1853.

granted as a maintenance by Government; which allowance is strictly to be appropriated for the support not only of himself but those dependent on him belonging to his family, who, altho' the pension was granted in the name of the eldest of the family, the juniors, are still entitled to support from the pension allowed and the appropriation of the whole or a portion of the pension for debts contracted by the head of the family deprives the juniors of their support and maintenance and this appears to me to be in direct opposition to the intention of Government when the above Regulation was framed.

5th Should it be decided that the Polygar has a right to assign away a portion of his pension in liquidation of his debt, which I believe he has not, and desires the Collector that he should not pay any portion of his pension into the Court or to any other person without his consent whilst the Court demands that a portion should be remitted for the payment of his debts I request you will inform me which requisition the Collector is bound to attend to, that of the pensioner or of the Court.

It would have been better had the Collector forwarded the correspondence which took place between him and the Subordinate Judge in the matter of the pension enjoyed by the Polygar of Pollalacherroo, but the Board have no hesitation in declaring their opinion that the alienation of any portion of it by assignment is contrary to the spirit of Regulation IV of 1831 as amended by Act XXIII of 1838 and that the Collector is not bound to recognize or to give effect to such assignments.—

2 They will make the payment to the individual whose name is entered in the register and need not concern himself further except—and need not concern himself further except—the shareers complain of non-participation, when the will dispose of the case on its merits.—

To,

B. Saunderson Esqr
Sub Secretary to the
Board of Revenue,

Sir,

I have the honor to submit the following explanation on the subject of the accompanying Petition No 95 of 1853 presented by the Meerassidars of Vullore in the Nayen

Talook

Fort St. George 26th September 1853

claiming an exclusive right to the Salt Pans newly distributed at that place.

Tulloch, and bearing the endorsement of the Board of Revenue dated the 25th April 1853.

2 During the distribution of the additional Salt Pans authorized in Extract from the Proceedings of the Board of Revenue under date the 5th January 1852 the Salt manufacturers of Vayalore and the ryots and Shotreemdar of Vellore agreed amongst themselves as to the manner in which the pans should be apportioned to them, an arrangement which being in no wise prejudicial to the interests of Government was carried into effect. The manufacturers of Vellore however did not come to terms, the Meerasidars of the Village urging in virtue of their Meerasy an exclusive right to the pans while all the other salt manufacturers disputed that right on various grounds.—

3 It appeared on enquiry that when Salt pans had on various former occasions been newly granted no right to them on the part of the Meerasidars of the Village in the limits of which they were situated, had been recognized. The pans at the different places in this District are held by Meerasidars and Puttaiahs indiscriminately. The latter are not supposed to hold the pans of the former paying Swatumtrums or other privileges to them as in the case of lands. They

are

Fort St. George 26th September 1853

are considered to possess as good a proprietory as Meerasy right to their pans and to be at liberty to transfer them by sale or by mortgage &c. at their pleasure.—

4. The old pans at Vellore are similarly situated in every respect. The greater portion of them belong to parties who possess no other interest in the Village; while those held by the Petitioners (the Meerasidars) appear to have been granted to them latterly at their request by the Collectors Messrs. Maclean and Greese; but not in recognition of their Meerasy right thereto.—

5. The point however which most weighed with me in this matter was the circumstance of the Salt pans when newly granted in 1823. at Vellore by the Collector of Madras, having been distributed to Meerasidars and Strangers indiscriminately. Subsequently on the manufacture being discontinued an order issued by the Collector of Madras (a copy of which has been obtained from the records of the Madras Collectorate) expressly directed that the pans should be left in the possession of those who had severally reclaimed and improved them. These parties having either deceased or emigrated without any heirs to claim the pans, they were considered to have reverted

to

Fort St. George 26th September 1853

to Government.

The 100 pans distributed under the recent orders of the Board, being included among these which, as above stated, have become Government Property, it appeared to me that the Merasidars had no exclusive right to them either on general or special grounds. Under these circumstances I pursued that course which I considered to be most consonant with the interests of Government and of the present manufacturers of salt. As these are the individuals who would suffer by the diminution of manufacture consequent upon reduced trade, I was of opinion they were fairly entitled to profit by its extension and accordingly distributed the new pans amongst them (Merasidars as well as Poyakaries) in the proportion of Pans now held by them. The Merasidars however declined to receive the 20⅛ pans which fell to their share.—

*	Old pans.	New Pans distributed.
Merasidars	32	20⅛
Poyakaries	126½	79⅞
	158½	100

I may however add that it having subsequently become necessary to distribute further pans within the authorized limit to ensure the full extent of manufacture, the Merasidars were summoned to my Office when they

Fort St. George 26th September 1853.-

they consented to receive the pans referred to in the preceding para together with those additionally offered to them and entered into engagements for their Cultivation.-

No. 1451.

Remarks thereon.- No. 1- Recommended that this Enam be resumed.-

No. 2 Recommended that this Enam be also resumed.-

No. 3 The claim of the foster son to this Enam is inadmissible, but as Panpekah the Mother of the deceased, is stated to be dependant entirely upon it for her maintenance, the Board would recommend that it may be continued to her for life.-

No. 4- Under the views expressed in their letter to Government dated 22d September 1853, regarding succession through the female line, the Board consider that the claims of Chengiah and Causepatiah are not affected by the circumstance of their being descended through the great grand daughter of the original grantee, and would therefore recommend that the Enam be continued in the name of Chengiah as the eldest son of the deceased. The counter claims set up by Vencatachelliah and Gungadariah, brothers of the deceased, are quite inadmissible under the circumstances stated.-

No. 5- The lands having been relinquished they should be incorporated with those of the Circar.-

Secretary to the
Board of Revenue,

25

Bd. No. 2292

From the Actg. Collector of North Arcot.- Affording the explanation required by the Board in Para 8 of their Proceedings dated 14th July last reviewing the Summary Report for July 1261.-

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings dated 14th July last, reviewing my report on the Land Revenue Settlement of this District for July 1261.

2. In Para 8 the Board desire to know what demand is made for fields wholly left waste, and whether the Ryots are charged 25 per Cent on such fields.- They also wish for further explanation in regard to the practice referred to in para 18 of my report Viz. "that in the case of remission for withered crops ("shavee") 10 per Cent on the productive cultivation of the Ryots is charged."-

3. In regard to the 1st point. A ryot is liable for the full Assessment on a field wholly waste if he engaged at the Dittum to cultivate it, unless it can be proved that the omission proceeded from the want of water, or from some other unavoidable cause.- This is the rule, but it is not the practice to make any charge unless

unless it is perfectly apparent that the Ryot had sufficient means to enable him to cultivate the land, if he had chosen to do so. When any charge is made, it is generally a small portion only of the full assessment. This point is left to the Collector's discretion. There is no fixed per Centage.

4. In regard to the second point, to entitle a Ryot to remission for "shance" the quantity of land on which the crop has failed must bear a certain relative proportion to the rest of the land under cultivation. When this proportion is greater than 10 per Cent, the assessment of the land on which the crop has failed is remitted, but the Ryot is then charged an additional 10 per Cent on the productive portion of his land. I cannot discover under what sanction this last mentioned practice obtains. I have adverted to the apparent injustice of the practice in my remarks on Rule 33. 2d Clause of the proposed Rules for Cultivation and settlement which the Board circulated with their letter of the 10th January 1850.

5. In the same para (8) the Board have expressed an opinion that the amount chargeable in North Arcot when only portion of a field is cultivated is fixed at too high a proportion, and that it would be desirable

to

+ Transmitted to Board with letter dated 8th March 1853 - No. 15.

to assimilate the rule to that now prevailing in Cuddapah. This proportion as explained by the Board is any waste within 25 per Cent of the entire area. It has not been understood hitherto that any discretion is given to the Collector in regard to this charge.

6. With reference to Para 9 in which the Board observe that it is not apparent how there should be a decrease of Rupees 14-2-4 in the "Bilmuctah Rehayat" in certain Villages if, as the Collector states, there was an extension of cultivation in them; I have the honor to explain that the late Poligar granted 3 of the Villages of the resumed Maummadoor Pollium, in the Chendragherry Talook, to certain parties on condition that they should pay for the actual Cultivation only; that the entire extent of land in these Villages, with the full Survey Assessment, is brought to account, tho' they are still held on the terms granted by the Poligars; and that the difference between the amount thus brought to account and the sum levied from the holders of the Villages according to the said conditions is remitted, under the head of "Bilmuctah Rehayat". The "Rehayat" or remission will therefore fluctuate, and be greater or less in Amount as the cultivation may be contracted or enlarged.

In

Fort St. George 26th September 1853.-

J. In reply to para 11 in which the Board referring to the allowances of certain suspended Monegars, observe that it is not clear how these sums appear as balances of "Sewoy Jummah" and that as it was apparently by the Collector's order that the penalty was imposed it might under the same authority have been remitted without the necessity of applying for the sanction of Government, I beg to explain that when the Monegar's Maniem land had once been entered in the Sewoy Jummah demand the amount so entered could not be remitted without sanction, care will be taken in future to avoid a mode of Proceeding which occasions inconvenient entries in the accounts.-

Proceedings thereon.- (25-26)

The only point in the above letter upon which the Board have to offer further remarks, is the explanation of the Acting Collector of the practice of the District with respect to remissions for Shavi.-

2. Mr. Brett states the rule to be that whenever the extent of land on which the crops have failed is above 10% of the entire cultivation such excess is remitted, and adds "I cannot discover under

Fort St. George 26th September 1853.-

Para 4. under what sanction this last mentioned practice obtained."-

3. The Board observe that the practice would seem to have originated in the Acting Principal Collector having issued instructions for the settlement of Fusly 1245 enjoining a general remission on the above scale.-

Proceedings 27th February 1837. Para 3.-

4. The Board in their review of the settlement observe, that the course followed by the Acting Principal Collector was unusual and was opposed to the general instructions issued by Government on the subject.-

From Govt to 4th March 1825.- Circular Order No. 5

From the Pl. Collector 27th October 1837 Do. in Cons. 6th November 1837 P. 7.
Proceedings 19th February 1838. P. 9
From the Pl. Collector 27th October in Cons 1st November 1841 P 14.
Proceedings 28th April 1842.- P. 13.

From the correspondence noted marginally it will be seen that the Board had occasion more than once to repeat their reprehension of the continuance of the practice which they had previously condemned.-

6. They must now again desire that the rule, which appears to have become a settled principle of the District of estimating the Shavi remissions by a fixed standard, shall at once cease, and that this indulgence shall be guided, as so often enjoined by a combined consideration of the entire outturn of the Ryot and the profit realized by him.-

Granted to the Pagoda of Seeralagaraswamy in Seertum Village by Bellalarajen but when such a grant was made is not known.

No Sunnud or any other document is forthcoming in support of the grant.

For Poojah or worship to be performed in the Pagoda of Seeralagaraswamy.

Many years have elapsed since this Enam was granted as an endowment for the performance of worship in a Pagoda at the Village Seertum. About 30 years ago it would seem some robbers forcibly entered the Pagoda displaced and cast away the idol and plundered it of its valuables. The worshipper seeing no prospect of the replacement of the idol or the revival of its worship and concluding that under such circumstances the Pagoda would fall into disuse allowed the Pagoda Enam to be taken possession of by the then Poligar of Unthoosaghery within whose limits it is situated, and ever since that time it has continued in his enjoyment. He however has neither provided for the revival of the worship nor for the preservation of the Edifice. He present Poligar appears to have executed a small extent of repairs to the Pagoda latterly, but nothing has been done towards renewing the worship. I therefore submit that as the object originally contemplated by the grant had thus altogether been abandoned the resumption of the Enam is required.

The grant was orginally assigned for services to be performed in a Pagoda. The Village of which the Enam land forms a portion, having been deserted, its cultivation also ceased and as a consequence no worship seems to have been performed for the last 10 or 15 years. The Pagoda too has been allowed to fall into disrepair, both the worshipper in whose name the Enam was registered at the permanent Settlement, and the Gomastah whom he deputed to conduct the worship have demised. No member of the family of the former is now found service and the existing relations of the deceased Gomastahs have refused to under=take the Poojah, stating that they do not want the Enam. Adverting therefore to the depopulated condition of the Village, the dilapi=dated state of the Pagoda, and to the fact of no other person coming forward to guarantee the execution of the worship intended by the grant I am constrained to recommend the resump=tion of the Enam and its assessment to the Revenue.

Bd No 1862

From the Collector of Tanjore

Sir,

In reply to your letter of the 13th Ultimo enclosing 28 forms for the annual Samabundy accounts I have the honor to submit a Memorandum shewing the applicability or otherwise of each of them to this District.

As the Samabundy accounts are already far advanced, and as the preparation of the Statements under the new forms for this Fusly would, in consequence of some of them requiring

that

that information not in the Woyzzoor or Jalook Cutcharies, should be obtained, be attended with much delay, in addition to that which has already occurred in incorporating under the Board's order the revenues for Pagodas and the Nanjut and Village Curnums with the Ayen in every particular, I have to request the Board permission to commence the use of the new forms from Fusly 1263.

Tanjore Kodeecaray 12th July 1853

/Signed/ H. Forbes
Acting Collector.

Remarks on the new Set of accounts ordered by the Board of Revenue to be adopted for the Current Fusly 1262.

No 1

1 Column 2 of this Statement requires the entry of the extent of each Jalook in acres or Cawnies as per Ayacut and it will be made according to the Pymaish of 1238 for all the Jalooks. It must however be noted that in practice that Pymaish applies only to the Curnums Settled Villages, and that in the Colungoo rented Villages the Pymaish of 1216, although, avowedly incorrect has always been in force. Column 3 requires the entry of the Number of hamlets in each Jalook and although such an Account can be prepared by the Curnums for the future. its

now

now existence in either the Huzzoor or the Talook Cutcherry at present, will prevent its being prepared for the current Fusly

No 3 There are no accounts at present in either the Huzzoor or the Talook Cutcheries from which this Statement can be prepared, it can only therefore be supplied from the ensuing Fusly

No 6 The dry lands in Tanjore are assessed at so much per Candy and not according to the prices of their produce. In the Monthly returns of prices sent to the Board the average of the price in a few of the large towns is taken, but as this Statement requires that the Current prices in each Talook should be entered, it will be necessary to obtain more accurate and more detailed information from the ensuing Fusly and for want of data the Statement cannot be supplied for the present year.

No 7 As Tanjore has not been wholly turium Settled, there are not in existence accounts to shew the rates of Assessment on all the Bunjer and Enam lands, and this Statement therefore cannot be supplied nor is it possible at present to give the particulars required of dry, wet and garden

Cultivation

I. G. B.

Cultivation, as no general accounts have been prepared to shew the quantity of Bunjer land brought under Cultivation since the Survey of Fusly 1238, although there are details from which such general accounts can be prepared. These accounts were lately commenced and are still under preparation for the Talooks of Trivaddy, Puttoocottah, and Sheally, but their preparation for the remainder of the District was interrupted by the Employment of the whole Revenue Establishment in ascertaining the losses sustained in the late Storm. They will be continued when opportunity offers, but even when completed will not be uniform, as the turum settled on Villages will be entered according to the Pymash of Fusly 1238, and the Dolungo rented Villages according to that of Fusly 1216.

No 8. This statement also cannot be prepared as no accurate accounts exist to shew the particular appropriation of Enam lands to Pagodas, Bramins &c. The general abstracts of the Survey accounts shew only the extent of Enam lands in the grofs.

Nos 9 & 10. As the whole Province has not been turum Settled the extent of land and its assessment according to the Survey cannot be given for all Talooks, and as in Tanjore the three classes of Nunjah, Poonjah, and Bagayet are alone

above known; the entries under dry converted into garden, and wet and garden converted into wet, cannot be given.-

No. 11

It has hitherto been the practice in Tanjore to enter in the accounts of dittum benjer only the extent of the Waste land cha for, and therefore although Materials for this Statement can be prepared in future it cannot be submitted for the present Fusly

No. 12 & 13

As stated above, when in Tanjore poonjah is converted into bagayet, or Punjah bagayet into Punjah, the Land so convert is at once entered in it's new class and separate account is kept. With the excep rendered necessary by this, these Statem can in future be supplied.-

No. 14.

Owing to the peculiar settlemen obtaining in Tanjore the items in this State will necessarily be changed.

No. 15.

The three items of Government dues on Enam lands: Johadagee, and Cand veramanum, are alone known in Tanjore, that these are included in the ayen the Statement

No. 17.

is inapplicable to this District

The remarks on Statements Nos. 12 and 13 apply equally to this Statement.-

A.

No. 19

A Statement of the extent of the sugar Cultivation only has hitherto been separately received, but a similar return of the Cultivation of indigo and Cotton can be supplied from the ensuing Fusly.-

No. 28.

There are no Government plantations in Tanjore but a Statement of Topes planted under the New Rules will be submitted in this form.-

Sir,

I have the honor in reply to your letter No. 822 of the 1st Instant to state that I find I was in Error in supposing that the Kadoo Kavil lands from near Punagoody towards Cape Comorin were not distinctly included within the Travancore Boundary according to the Government Survey.-

On a reference to captain Ward's Memoir I find it corresponds accurately with the Boundary line as Coloured in the Map so that I trust there will be no difficulty in disposing of any little dispute that may arise when laying down the precise line by Boundary Stones.-

From the Collector
of Tinnevelly -

Sir,

In reply to the 1st Para of your letter

11458

Fort St. George 26th September 1853.-

Letter of the 6th June last. I have the honor to inform you that on a perusal of the detailed Accounts of the Moturpha settlement of Fuslies 1237 and 1238 it appears that the sudden decrease in the Collections Immediately and Mailmandy Pollums in Fusly 1238 - was occasioned partly by the practice of levying tax on Ploughs, from Cultivating Ryots and from Palmirah climbers which was observed in the previous year having been discontinued in that Fusly, and partly by a reduction of the rate of taxation of some other Items.-

2. With reference to para 2 they to state that the reason why the Pollums of Shenulputty and Vadamitta were entered separately in my report is that they were purchased at the sale of the 9 Estates formed out of 3 sequestered, as shown in Statement D which accompanied Mr. Parish's letter of 26th May 1806. by 2 individuals who were not originally proprietors of other Pollums as were the purchasers of the remaining 7 Estates.-

I have the honor by desire of the Board of Revenue to forward the correspondence noted in the margin having reference to the claim of the Zemindar of Ettiapooram for compensation in lieu of Moturpha collections, upon which the Board were directed to report under date 2nd December 1850.—

2. Mr. Bird explains the reason why the Zemindar's claim was not before complied with, and the cause of delay in submitting the information now furnished.—

upon which their Peishcush was determined and not only do the records shew the amount in the Gross in each Estate, but also the particular items forming such aggregate.—

4.

In From Coll.r 19th May

Two Statements have been forwarded by the Collector the one shewing the annual collections of Moturpha in each Poliput from Fusly 1237 in which year the Poligars were prohibited from continuing to realize these sources to Fusly 1261 inclusive the other exhibiting with other particulars the amount repayable to each Zemindar together with the sum to be deducted annually from their Peishcush these items having been calculated according to the percentage upon which the permanent Settlement was based.—

In From Coll.r 22d January

5.

Chokumpully having been purchased by Government no refund is claimable on the Estate, and in those in which arrears had formerly been written off no refund is proposed for the period to which the remissions applied as had the Moturpha

Moturpha Collections been then supposed to have belonged to the Estate, they would necessarily have been carried to the satisfaction of the arrears.—

6. It will be seen that the amount due to Etiapooram in arrears is 62,132 Rupees, and the future deduction from the Peishcush 2,485 Rs. and that the first item upon the whole 26 Estates is 184,664 Rs. and the second 8,260 Rs.—

7. Under the view that Moturpha remission cannot be claimed as a right but is to be considered an act of grace and favor and adverting to the lapse of time that has occurred in the cases under consideration to the imperfect state of the accounts on which the permanent Settlement was made, and to the fact that the Peishcush was fixed below the resources of the Estates, the Board would hesitate to recommend a compliance with the request preferred but referring to the precedents afforded by the Ramnad and Shevagunga Zemindaries and to the Remarks of the Honorable Court in the case of the Shevagunga

No. 11462

Despatch 11th January 1858

Fort St. George 26th September 1853.

Proprietor, admitting the claim and expressing their regret that in that and other similar instances so long a time had been suffered to elapse without the claimants receiving at the hands of Government that justice to which they were so evidently entitled, they have no alternative but to suggest that the sum of Rupees 184664 be refunded to the Southern Polliums Enam rated, and that their Peishcush be from Fusly 1262 inclusive, reduced by Rupees 8260 according to the particulars specified by the Collector.

Although the order of Government dated 2d December 1850 had reference solely to the case of the Ettiapooram Poligar, as the circumstances of the others are precisely similar, and as there can be no doubt that if compensation in this instance be granted a claim will be put forward by the others, as it has already been in a petition from another Zemindar (Oorcad). The Board have considered that it will be preferable that they should all be disposed of at once Such appears to have been the intention when

when so far back as 1820 a Return was called for by the Board of compensation claimable on in the several Districts on account of Moturpha and the concession will probably be more valuable to the Poligars if made at once than if left to be prefsed by each individual with the attendant delay and perhaps intrigue which they may think necessary to secure a favorable issue to their petition.-

Bd. No. 2553.
From the Collector of Tinnevelly

Sir,

I have the honor to submit the Statement called for in Extract from Proceedings of the Board of Revenue dated 21st

Fort St. George 26th September 1853.

21st April and 6th June last, and to submit my opinion that in consideration of the small amount of the Beriz of the Enams not already decided to be life grants entered in the accounts of this District at an extent below 2 Cawnies Viz.t Rupees 936-5-5, the loss proportion they bear to the whole Ayacut Viz.t under 1/8 of a Rupee per Cent; the labour which will be saved in this Office from not having to report on lapses connected with 59 Enams, and the trouble and cost which will be spared to the claimants to them, it is very desirable to exempt these cs henceforth from interference on the cs part of Government either in respect of their present enjoyment or future disposal as suggested by Government in Para 29 of Extract from Minutes of Consultation under cs date 9th March 1853.-

2.

The Board will perceive from the Statement now submitted that in addition to the Enams above alluded to, there are other 46 below 2 Cawnies in extent which have been already decided by

Fort St. George 26th September 1853-

by former Collectors to be life grants to cs terminate at the death of the present Holders- If Government should be pleased to allow these also to be exempted from future interference the total Beriz in value will still be trifling Viz.t only Rupees 1,894-5-2, and its proportion to that of all Enams under 2 1/2 per Cent.-

To, The Civil Auditor

Sir,

With reference to the Order of

In Cons. 29 Sept. 1853

of Government dated 30th August 1853 on your letter to the Chief Secretary of the 18th idem I am directed by the Board of Revenue to forward the annexed Extract from a Minute transmitted by them to the Commissioners for enquiring into and reporting upon Statements and Accounts on the 1st February 1853 from which you will observe that this subject has already occupied their attention.—

2 They are desirous of retaining in their Office the several Accounts Particulars and Statements as in auditing the accounts for one Fasly it is frequently necessary to refer to those of the previous year and it is believed that your Office admits the Charges upon the Sanction of the Board and Government.—

3. If however you are still of opinion that the accounts Particulars should be forwarded with the sanctioned Statements usually sent to your Office I am instructed to state that the Board will be happy to do so. and they might after the accounts are admitted by you, be returned for deposit here.—

Acting Secretary

Extract

Extract.—

It appears that Duplicates of all these accounts Particulars are sent to the Civil Auditor This can hardly be necessary as the Charges are audited by the Board of Revenue and sanctioned by Government and the Civil Auditor admits the sums so sanctioned, if however he wishes to refer at any time to the Original accounts Particulars he can have them for reference from the Boards Office in the usual way Perhaps the Civil Auditor would under this explanation dispense with the duplicates now furnished to him.—

No. 1036.

Extract from the Minutes of Consultation under date the 9th September 1853.—

(From Bd 22 August 1853)

This Memorial was under date the 19th October 1840 confirmed by Government to Madanacharry, the late incumbent on condition of his residing in the District and performing the service for which it was granted Viz. the education of Brahmin boys The Collector in reporting upon the lapse states that "the educational duties were most laxly performed

performed by the late incumbent and that "no school has been regularly maintained since his death."

2 Under these circumstances the Right Honorable the Governor in Council does not perceive that any useful object is likely to be gained by renewing the grant in the name of Venkatachary the brother of the deceased; but he will not object in consideration of the destitute condition of the family to sanction a third of the Goomah or Rupees (11) ten per Mensem, being continued to the widow of the late incumbent during her life for the maintenance of herself and the family.—

Government-

Sir,

I have the honor to inform you that in conformity with my instructions (No. 5.) "Simultaneously with the despatch of Stores to commence the erection of temporary posts for the single flying line Telegraph" I have to beg that such measures may be adopted as the Government may deem best towards securing the early supply of the temporary posts to the extent of 110 per Mile, to enable me to commence operations with the least possible delay.-

Order-

1. Ordered that copy of Mr. Brunton's letter be forwarded to the Collectors of Chingleput, North Arcot, Salem and Bellary, and that they be directed to obtain for the single flying line of Telegraph temporary posts to the extent of 110 per mile - These posts should be bamboos or any wood that may be more easily obtained - In some cases where palmirah trees are near the line they may be made to answer the temporary purpose required - The posts whether bamboo or jungle wood must be 24 feet in length - The Collectors will be so good as to arrange for their being deposited and available for Mr. Brunton at the different Public Bungalows or Stations on the road -

2. It is expected that many of the posts used for the temporary line may be found available for the more permanent work hereafter to be constructed, but further instructions will be communicated to the Collectors regarding Timber posts to be used with the iron screw piles which are now being dispatched from the Presidency -

3- The Right Honorable the Governor in Council trusts that the Collectors now applied to will use their best exertions to promote the early construction

of the flying line, and that they will aid Mr. Brunton, the Gentleman deputed by the Honorable the Court of Directors to construct Electric Telegraphs within this Presidency to the utmost of their power -

The Right Honorable the Governor in

in Council observes that of the sum of Rupees 4,418. sanctioned on the 8th February last for the survey operations in South Arcot for Fasly 1262, only Rupees 1,057—11—10 have been expended, and this amount the Collector proposes to include in his annual Statement of extra charges— The greater portion of the expenditure has been for the purchase of Surveying instruments, the remainder the wages of the Establishment for the later months of the year.—

2— Captain Priestly joined the District in March 1853, Mr. McMahon of the Trigonometrical Survey had not joined at the date of the Collectors' letter, and Mr. Starr of the Gun Carriage Manufactory arrived on the 30th June— In the absence of persons qualified to assist him, Captain Priestly was occupied in preparing applicants for employment under him and in Surveying lands in the vicinity of Cuddalore, much progress has not in consequence been made in the Survey but Captain Priestly is now prepared for actual operations and

and the Collector has requested him to commence the Survey of the 44 Villages of the resumed Saghire of Poliencottah—

3— The Governor in Council approves of the instructions given by the Collector to the Surveying Officer, and from the Map and Village Register of Vemarpollem submitted by the Board of Revenue, he is disposed to view favorably the exertions and attention to duty exhibited by Captain Priestly—

4. The Governor in Council concurs in the views expressed by the Board in paras 5 & 28 in respect to the operations, Map, Register, Boundaries, and other details connected with the survey, and desires to hear from the Board again when they are in receipt of the report called for from Captain Priestly— He would also wish to have the report on the revision of the assessment in the 10 Hooloos Talooks which the Collector (para 10) has promised soon to furnish to the Board.—

There are no other means of subsistence except the Enams entered in this Report.

From the records it appears that deceased is the widow of Deceased Karasen Swadoo one of the six persons above named and that after his death the Enams under reference which had formed his share came to her and remained in her possession until her death.

The Enams under reference are entered as Ooriyar lands in Poymash and Tarwar accounts but this may probably be owing to the Takeed of Colonel Munro above referred to having been issued at a date subsequent to the period at which those accounts were prepared. B. No. 2057.

No. 152.

Remarks thereon.- No. 1. ✓ As Shashamah the widow of the deceased is stated to possess no other means of subsistence the Board recommend that the Enam be continued to her for life.-

No. 2.- ✓ For the reasons stated in the letter to Government dated 22d. September 1853 the Board think that this Enam should be continued to Lutchmee Naranamah, the younger daughter of the deceased, who would appear, with her husband, to have no other means of subsistence.-

No. 3.- ✓ There seems reason to doubt the Statement of the claimant that the name Soobanah entered in the Enamatty accounts prepared in Fuslies 1234 and 1247 is his own, seeing that his father was at the time alive and would therefore most likely have had it registered in his own

own name, and as the family is stated to be in possession of other means of subsistence the Board recommend that it may be presumed and assessed to the Revenue.-

No. 4. The Board concur in the opinion of the Collector that the nephews of the deceased have no claim to the Enam held by her, and would therefore suggest its being resumed.-

No. 5. As the Enams reported in this Case are stated to have long been in the family of the last incumbent who was lineally descended from the

the original grantee, the Board recommend that they may be renewed in the name of the widow of the deceased, to be reported on at her death regarding their further disposal.

The Collector's attention is called to the remarks of the Board dated 16th February 1852 on para 3, wherein they directed on that he should "submit a distinct opinion and a recommendation on each a case of lapsed Enam," and

Remarks thereon.

Fort St. George 29th September 1853

No. 455

No 348 — The Board recommend that the Enam may be continued in the name of the widow of the deceased to be reported on her lapse

No 350 — In the absence of heirs the resumption of this enam is proper.

No 351 — The Board's recommendation is that the enam may be continued in the name of Lutchmummah the widow of the deceased subject to report on her death

No 353 — For the reasons stated in the letter to Government dated 22d September 1853 it is recommended that the enam be continued in the name of Paupah the daughter of the deceased

No 354 — The Board think that this Enam should be continued to Chengalroydoo without limit, as the grandfather by whom it was given is still alive besides which he is nearest heir to the donor.

No 360 — In the absence of legitimate claimants the resumption of this Enam is recommended

No 361 — The Board concur in the recommendation for the continuance of the Enam in the name of Siddalah the aged mother of the

deceased as a means of support during her life.

No 362 — As the purchase of the Kampully Enam would appear to be a bona fide one from the remarks entered in column 3, the Board think that it ought to be continued with the remainder of the holding of the deceased to his Son Pauperedly subject to a report on his death as regards the purchased portion under Circular Order 15th August 1853

No 364 — Under the circumstances stated the Board concur in the recommendation for the continuance of the Enams to the extent of Rupees 155-1-11 to the widow of the deceased but as he has also left a daughter the case should be reported for orders on the death of the widow.

No 365 — As the deceased has left no near relatives it is recommended that the Enam be resumed as suggested by the Collector.

I beg to state that I brought a ground situated at Sydapet which have been Sold last year in public auction by reason of not receiving its duty to Circar which I did not buy myself but for my spouse because she was in bad health since many years and always sick she was a patient under Dr Sanderson Vce and was obliged to go every years to the out Villages of this City to reside there for the Change of Climate: she bought the ground and she is the owner of that property I have

no

no interference at all in that, only I have been Empowered by her to superintend the ground both to repair and put it in good order - "As you have intimated me about the ground by the information of Christian Priest it was depend upon public Charity and have been Sold in public auction thro' negligence If my spouse should give back the ground there would be the Cause of pleasure to the Government - I have acquainted both of your and Honorable Governments order - she is representing, thus, that she had bought the ground merely to prepare a Garden for herself, now completely one year ago and have been expended a large Sum about it, she have been bought and sent for numerous grafted trees of best sort mongst from different stations Viz. Chittoor and Arcot, and also she has planted there number of Cocoa &c. Cy. fruits trees &c. she has prepared it, buy Compound Hedge passage, Iron gate Pond & Well &c. in this whole year she has paid Monthly to one Superintendant the expences of beasts and

and Bullocks &c. inclusive the Price of ground Cost about three thousand Eight hundred and fifty Rupees the Garden still not Complete there are several men in want of it to purchase for one thousand Pagodas but she is not Consent to it, If the Honorable Government would be pleased to have it she is consent with all her heart for she is a humble subject of the Honorable Circar she is happy enough to deliver it on Condition that the Christian Priest should pay the ready Cash of one thousand and one hundred Pagodas as the others intend to purchase it so she may have the possession of that Garden and settle this affair on the end of August that she may not lost the money by paying the gardeners and met with no loss with the other expenses If that Christian Priest would be unable to settle this affairs within the proposed period, be kind enough to intimate with it that she may employ to repair the garden and expend the money in other necessities Estimation of the Garden settled by the present Purchasers, the Price of ground and its repair for the intimation of

B. No. 2051 J. H. Cochrane

Proceedings thereon No. 447 Collector

Resolved that the foregoing letter be submitted for the information of the Right Honorable the Governor in Council with reference to Extract Minutes of Consultation dated 5th July 1853.-

2 The Board Consider the demand Viz, Rupees 3850, for lands lately purchased at Auction, for 410 Rupees, so exorbitant and unreasonable, that they deem it hopeless to attempt any further arrangement with the purchaser by which the sale might be cancelled.-

Bd. No. 2579

From the Asst. Collector of North Arcot — Reports on the Extra Sources of Revenue of this District for Fasly 1262.

Para 1. I have the honor to submit the usual Statements of the Extra Sources of Revenue in the Northern Division of Arcot for Fasly 1262 Viz.—

Printed Statements in Triplicate
Statements A. and B.
Statements No. 1. and 2. with corresponding Statements in Hindoovee.
Statement No. 3. a list of the Sugar Manufactories in the District in Fasly 1262.
Statement No. 4. Showing the details of Moturpha Revenue prepared according to the Form which accompanied the Board's letter of 15th March 1849.

The following Abstract of Statement

2. No. 1 Shews the Revenue from all Extra Sources for Fasly 1262 Compared with that of Fasly 1261.

Abkarry

3

The decrease under this head is owing to the Lease under which Mr. Morison held the farm from Fusly 1259 to Fusly 1261 having been renewed for 5 years from Fusly 1262 to Fusly 1266 at a reduced Rent. Vide Proceedings of the Board dated the 18th December 1851.

Sundry Small Farms and Licenses.—

4.

The Particulars of this branch of Revenue are exhibited in the following Statement.—

Items	Fusly 1261			Fusly 1262.			Comparison Increase			Decrease		
	Rs	A	P	Rs	A	P	Rs	A	P	Rs	A	P
Tank Fishery	5882	6	11	5593	13	9	"	"	9	288	9	2
Rent of Stones used for grinding Sandalwood	120	"	"									
Total	6002	6	11	5713	13	9	"	"	"	288	9	2

The Revenue under "Small Farms and Licenses" in the year under report consists of only two items- "Tank Fishery" and "Stones for grinding Sandalwood" Under the former there is a decrease of Rupees 288-9-2. and under the latter the amount is equal to the corresponding of the previous Fusly.—

Tank Fishery

5.

The decrease in this item is owing to the several of the large Tanks which are usually rented out when the water in them has subsided, having in Fusly 1262 received a fresh supply of water at the season when they are generally found empty.—

Stamp Revenue.

6.

The slight increase of Rupees 117-11-6 under this Head in Fusly 1262 above the Revenue of Fusly 1261.

Fort St. George 29th September 1853.

1261. is owing to the comparatively increased sale of the paper in the former year.—

Moturpha

7.

The subjoined Table shows the particulars of the increase and decrease in the several items composing the Moturpha.—

Remaining	39359	10	11	39787	3	4	520	7	"	112	14	7
Net							407	8	7			

The chief portion of the increase is under "Looms"- this and the slight increase in two other items is owing to some increase in the number of the Looms and the other branches of Trade- The decrease under "Houses" and "Retail Shops" small as it is cannot be ascribed to any particular cause.

The

9. The arrears of Fuslies 1260 and 1261 at the close of fusly 1262 were Rupees 64-a-9 and Rupees 71-5-9 respectively - The demand of the former of these sums is suspended as authorized by Government in Minutes Consultation dated 14th January last No. 53. of the latter sum Rupees 5-5-a have been since realized Rupees 1-6-6 will be recovered. Rupees 64 -a-9 is the amount of a tax imposed on certain Washermen of the Amboor Division and similar to the balance of fusly 1260 above alluded to and annas 9-8 which is due from a person of the Tripetty Town is irrecoverable as the party died leaving neither property nor heirs - I therefore beg to request the sanction of Government to suspend the demand of Rupees 64-a-9 pending the disposal of the whole Moturpha question and to write off the sum of annas Nine and pice eight -

N[o] 71—

To,
B. Cunliffe Esq[re]
Sub Secretary to the
Board of Revenue,
Fort St George—

(41)

B[d] N[o] 2320. Sir,

From the Acting Collector of North Arcot - - - - } Para 1. Certain portions of land included in the late M[r] Groves's Cowle having been appropriated for public purposes, I have the honor to forward herewith a Statement shewing the particulars of the land held on Cowle, the several portions of this land which have been appropriated for public purposes, the land that it is proposed, with the consent of the parties interested, to give in exchange, with the amount of the assessment on those portions for which no exchange can be effected.—

2. The total extent of the land according to the Cowle is 224 - 11 13/16 assessed at Rupees 154 6 - 12 - 6 - Of this extent 16 - 1 3/4 assessed at 52 - 2 - 9, has to be deducted

Requests sanction to enter on 10-13¼ of land in the Cowle granted to M[r] Groves respectively from Fusly 1262 a deduction of 7-6-1 from the Cowle Being & to reimburse to M[r] Groves representatives the loss sustained as the lands were taken by the Circar.—

× From Board's 4th may 1854

deducted from the Cowle, as shewn in the Statement- as compensation for what is thus taken. Mr Groves's representatives have request-ed that 10 Cawnies of land assessed at 35-10-6 which is held under pruttahs, and 13/16 of a Cawny of Porumboke land assessed at Rupees 3-15-10 may be included in the Cowle, and that they may be allowed a remission from his cowle Jeerwah on account of the remaining net deficiency of Cawnies 5-4½ assessed at Rupees 12-8-5-

3. The Board will see from the Statement for what purposes the land was required- Cawnies 7-5/16 has been taken for two new lines of road, one from Madras to Bangalore and the other from Chittoor to Palmanair- Cawnies 4 13/16 for Circar chan-nels Cs 1-7/16 for the site of a new Village in the neighbourhood of Chittoor; Cawnies 3/16 for a lime Kiln; and Cs 2 5/16 in exchange for a field (No 42) for which the said Cs 2 5/16 was inserted by mistake in the original Cowle.-

4. I have therefore the honor to request that sanction [illegible] ob-tained to enter in the Cow[illegible]

equivalent for part of the land appropriated, to allow retrospectively from Fusly 1262 a de-duction from the Cowle Beriz of Rupees 7-6-1 (the Cowle assessment at the rate of 5 8-15-5 C. as. on the Survey assessment) for 5-4½- the portion for which no land can be given in exchange as explained in Para 1 and lastly to reim-burse to Mr Groves's representatives, as they have requested, the loss amounting to Rupees 14 5-4-11 incurred by Mr Groves from Fusly to Fusly as the lands were taken away from his hands- The dates on which the land was thus appropriated are shewn in Statement No 2.-

Survey assessment	1526-12-6
Cowle Jeerwah	912-0-0
Percentage on the Survey assessment	58-15-5

Persons desirous of becoming purchasers may depute authorized agents or Vakeels for that purpose, and all purchases made by such authorized Vakeels shall be held to be valid in the same manner as if the purchases had been made by the Principals.

3. But it is requested that such authorized Vakeels shall state at the time of purchase the names of the constituents on behalf of whom such purchases may be made.

4. The intention of the condition being to prevent fraudulent Collusion, Notice is further given that in the event of any purchase being made in a fictitious name the deposit money made on account of such purchase will be liable to be forfieted to Government and the lands to be resold.

5. The purchaser of lands will not be put in posession till the sale has been sanctioned by the Board of Revenue, but in the mean time 15 per Cent of the purchase money will be required to be deposited immediately and Security given for the payment of the remainder on the receipt of the Board's sanction or within one month from the day of sale in default whereof the lands will be resold at the risk of the first purchaser.

6. In case of the sale not being sanctioned by the Board of Revenue the deposit money will be returned and the person depositing it released from all responsibility with regard to the lands.

7. The arrears of Revenue which are outstanding against the above mentioned lands will be received by the Thasildar in his Talook until the 20th October next after which date the Proprietors should pay the balance into the Hoozoor Cutcherry.

8. For further particulars enquire at the Office of the Board of Revenue or at the Collectors Cutchery between 10 and 5 O'Clock, Sunday excepted.

No. 4.

To,

R. D. Phillips Esqre

Collector of Salem.

Sir,

I have the honor to forward a Maratta Memorandum, showing the particulars of arrears of Revenue of Rupees 427–11–7 due by 28 persons for fusly 1261 who are the Ryots of Moganoor Village in Talook Namcul and to request you will be good enough to obtain the sanction of the Board of Revenue for the Sale of the Nunjah lands in their occupation, assessed at Rupees 771–3–8.–

Land Acres	Assessment Rs. A. P	Balance
49–36–5	771–3–8	427–11–7

2.

The lands of several Ryots of this Village who put off payment for fusly 1261 contumaciously and with a fraudulent intention, were xufted in December last and application made and Sanction obtained for selling the same; which course produced a favorable effect upon some of the defaulters who paid the arrears due by them before their lands were brought to sale, and the lands of the others were sold. The holders of the lands now recommended for sale being somewhat low in circumstances to those above mentioned

mentioned, an extension of time was allowed them with a hope that they might clear the balance standing against them within the fusly, but they have proved obstinate, the personal property of some of them was attached and sold in satisfaction of the arrears, and the lands of the others whose personal property is not forthcoming are attached, which I am now necessitated to recommend the sale of.–

3. I beg that the 18th of October next may be appointed as the day of selling the lands; and that the place may be Cutcherie Namcul.

4. Some of the defaulters having cultivated their lands for the present fusly, the Teerwah of this year also becomes due by them, regarding the recovery of which

which the necessary steps will be taken.

B. No. 2268.
From the Collr. of Tanjore-

Sir,

I have the honor to re-ply to your circular letter of the 25th of April last-

The weights in use through-out the Province are as follows-

10- Tanjore fanams make 1 Pagoda-
10- Pagodas ——— " ——— 1 Pollium or Rs 3-
8- Polliums ——— " ——— 1 Seer or Rs 24
5- Seers ——— " ——— 1 Viss " Rs 120-
8- Viss ——— " ——— 1 Maund " Rs 960-
20- Maunds ——— " ——— 1 Candy " Rs 19200-

The Pagoda referred to is what is here termed the Scott pagoda, the value of which is Rupees 2—14—99/100-

The Standard from which all other weights are calculated is the Seer of 24 Rupees or 82 1/4 pagodas- Before the introduction of the new Company's rupees the weight of the Seer was 80 pagodas but since the new Coinage altho' in ordinary

Fort St. George 29th September 1853.

ordinary conversation the Seer is supposed to weigh 80 pagodas in all buying and selling transactions the actual weight allowed to this rupees 82½.

No other measures are known in Tanjore than the Mercal, the Puddy the Cullum and the Garce and I can therefore afford the Board no more detailed information than was given in Mr. Goodwyn's letter of the 19th October 1851.

Bd No 2570 Sir,

From the acting Collector of Madura - - - - - } I have the honor to report on the result of the Settlement of the Extra Sources of Revenue for Fusly 1262 and ct A.D. 1852/53 to forward the prescribed Statements herewith connected.-

Reports on the result of the Settlement of the Extra Sources of Revenue for Fusly 1262 and ct A.D. 1852/53 forwards the prescribed Statements.

" 1262	383004	"	382584	"	"
Increase	16674	24	16614	9	7

2- The Collections from the sales of Salt during the Fusly under Report amounted to Rupees 382584 being in excess of those of the preceding year by Rupees 16614-9-7 as noted in the Margin.

3 This increase is chiefly owing to the large consumption in the Cumbum Valley and in Ayempally and to the Westward of home made instead of Foreign Salt from Tinnevelly and Tanjore. The importers of salt from Tinnevelly are the grain merchants of the Cumbum Valley who since the opening of the Dodapa Nackenoor pass have found it a profitable speculation to carry their grain to Tinnevelly and bring back salt the prices of Grain in Tinnevelly this year have compelled

(50-51)

Fort St. George 29th. September 1853

compelled the Cumbum Merchants to seek ot
Markets for their Grain and have given gre
employment to the Capital and stock
home traders in Salt.-

4. The Coravers in Syempilly, th
principal inland Salt traders, have usual
resorted to the pans of Tanjore but have th
year been driven to purchase their Salt from
Madura in consequence of the supplies in t
former district affected by the late Storm
and state of the season having been very
exhausted. The diminished use of earth
Salt in consequence of the vigilance of
the Police has, it is believed, also had a
affect on the sales.-

5. The annexed Statement
will shew a Comparison of the quantity of
Madura and Tinnevelly Salt consumed in
the different Talooks during Fuslies 1261 and
1262 and of the quantity exported to the
neighbouring Districts.-

6. The increase in the sale
of Madura Salt will be seen to have
been 14,057-4-- in home Consumption and
4,110 in Inland Do.-

Land Customs Decrease 207-13-7-

11. The articles from which the Decrease in Land Customs arose were piece goods exported to and boiled Nuts imported from Trevandrum.—

The

Sea Customs Increase 2,225-6-11

12. The increase in Sea Customs was caused by the greater exportation of piece goods to and import of raw and boiled nuts from Ceylon than in Fusly 1261.

Abkarry Rs a p Increase 10080---

13. As the amount of the Demand under the Head of Abkarry depends chiefly on the biddings the increase noted in the Margin requires no remarks.—

Sundry Small Farms and Licenses. Decrease 470-15-6.

14. This decrease is in the item of fish rent and is ascribable to the large supply of water in some Tanks having prevented their being rented out this year.—

To W. H. Bayley Esqre
Secretary to the
Board of Revenue

B. No. 2195
From the Actg Collr
of Madras

Sir,

Submitting explanation in regard to the observations of the Board and Government on the Land Revenue Report for Fasly 1261 from this Office.

+ Minutes of Consn 8th July 1853.

I have the honor to acknowledge the Proceedings of the Board dated 30th May and 21st July respectively communicating their own remarks, and those of Government upon the report of the Settlement of this collectorate for Fasly 1261 (1851/52).

2 In para 2 the Board object to the item of Rupees 232-8-7 on account of arrears being included in the current demand. The Board are aware that this is a retrospective demand, and cannot be added to the balance of the previous years to which it belongs. I would beg to suggest that hereafter similar items may be brought to account under the head of Extra Revenue. It is shewn in Statement C as arrears, as had been done in Fasly 1260 (1850-51) and noticed by the Board in Para 3 of their Proceedings on that year.

3 In explanation of the apparently inconsistent results commented on by the Board in Paras 3 and 4, the accompanying Statement has been prepared to shew in greater detail

detail in the case of the Villages of Perambore and Vyasarpady, the manner in which Statement D has been drawn up. In Fusly 1260 (1850-51) Land to the extent of 72-7-1163 was omitted in the Return of cultivation as the Crops were reported to have perished, while the full Quit Rent was continued in the demand as usual. In Fusly 1261 (1851-52) no such deduction was made from the land under cultivation the total of which was thus increased above that for 1260 without a corresponding increase of demand. It also appears that State=ment D professes in the case of Bills partially cultivated, to shew only the extent of land reported to be cultivated of such holdings, while the demand properly shews the Quit Rent for the whole, as represented by the Bills.

Perambore - 62-13-1463
Vyasarpady - 9-17-2095

4 The apparent decrease of waste without a corresponding increase in cultivation in Vyasarpady as pointed out in Para 2 has arisen from the reduction of assessment under the Board's Sanction, on 6 Bills for 5-17-350 from 110-15-4 to 90-15-6 as pointed out in Statement G under this Village.

Dated 11th March 1852

5 On the whole, as Statements D and H. have been designed as a check against the unnecessary accumulation of arrears,

when the law provided no means of enforcing the demand on uncultivated land, which is not the case now, and, as moreover the information on which they are prepared is so loose and doubtful and even then taken the season after that for which the Rent is due and as they afford such very unperfect means of comparison I beg that they may be dis=pensed with for the future. Instead, should the Board wish it, a detailed Statement with explanation of the default in the case of each Bill may be prepared and an abstract sent to the Board.

6 Samadayam lands are not assessed with Quit Rent, but cultivated under Share, half the produce being taken for the Government. This accounts for the fluctuations in the Revenue. It has not hitherto been usual to enter the extent of land. This may be done hereafter.

7 In para 5 the Board require explanation, as to the exact correspondence in the Village of Vyasarpady between the demand of one year and the collection of that preceding. In Statement D for Fusly 1259 (1849/50) five Bills were entered amounting to Rupees 196-..-10. The amount of

of one bill being Rupees 61-6-8- was not collected as the crop was said to have been lost. In 1260 the land represented by this Bill was reported as uncultivated, and consequently excluded from Statement D-

8 The Collections of Quit Rent strictly speaking, are never made within the Fusly. The Collections styled Current in $\frac{12\,61}{1850\text{-}51}$ are on account of Fusly $\frac{1260}{1829\text{-}50}$ the Bills of which are not made out until the close of the year for which they are due. Of the Collections made from the 12th of July to the end of October 1852 Rupees 1146-9-9- were on account of arrears as noted in the Margin.

Total	1146	9	9

9- The Subject of the Sale of real property for arrears of Quit Rent, as well as the Suggestion made by Government for allowing Quit Rent to be redeemed, are reserved for a Separate letter.

10 A Separate report will also be made upon the balances referred to in paras 8 and 9.

11 The Statement E contained the Gross Land Revenue, and included Rs 5,

Rs 5- which sum was properly a refund and not an item of Sewoy Jummah, and was therefore not entered in Statement No 2- The Rent of Palmyra trees previous to the remarks of the Accountant General dated 28th May 1851 was credited to the head of Extra Land Revenue, but subsequently in compliance with his instructions to the head of Abkarry.

It was understood that the 12 Statement given in para 22 of the Report was in accordance with the original intention of the Board's Circular to shew the Revenue realized from all Sources. In the Statement which the Board have given, the actual Collections are entered under the head of

17th August 1829 Abkarry.
