Bd No 2785

From the Secy to Government } Extract from the Minutes of Consultation in the Revenue Department under date the 11th October 1853.

Read again the following Papers.

From the Reverend M. F. Lobo dated 12th February and entered in Drs to Cons: 4th March 1853 No 179.

From the Sub Secretary to the Board of Revenue dated 13th June 1853 No 728.

Read also the following Extract from the Proceedings of the Board of Revenue.

/Here enter 29th September 1853/

The Right Honorable the Governor in Council resolves to inform the Revd M. F. Lobo that the Garden land at Codumbacum, to which his Memorial of the 12th February last has reference has been sold in the regular manner and according to the prescribed forms for arrears of public revenue of long standing, and that the Government cannot disturb the Sale. They would have been glad if the purchaser could have been prevailed upon to give up the land on a reasonable

reasonable terms. but the endeavors of the Collector to that effect have proved abortive, and it is not in the power of Government to interfere further.

under date the 4th October 1853 and the Extract from the Proceedings of the Board of Revenue under date 22d august 1853 and the other papers accompanying as noted in the margin and which are herewith returned. I have the honor to state that I see no objection, in the case of Documents such as those marked A and B to the Collectors seal being used in lieu of that of the East India Company, if the Right Honorable the Governor in Council shall make an Order authorizing the Collector so to do.

As a general rule however the affixing the Collectors seal would not bind the East India Company.

3 The word "due" in the alteration in Red ink R at the end of the Instrument marked B / In N.o 2007 of 1853 Minutes of Consultation 18th august 1853) is mere surplusage. If the authority is really due it will so appear from the authority itself. If it be not really "due" the calling it so here will not aid it.

This female Yeomanry orderlies allowance up to the end of December 1849 but being a female of above 50 years of age her appearance was required in person under the rules of the 5^th June 1850. She died prior to appearing, and she died on the 12^th March 1852, before the Commissioner could attend to report to this Office and was enquiring it appeared to have been owing to the deceased's husband not having required the attendance of the Sum Cogan Banks at the Tehsildar's cutcherry. The deceased's husband Ahmed Moor claimed the arrears of her allowance, due up to the 10^th date of her death, but she also died on the 21^st July 1853. The deceased Yeomanry orderly left a son and 3 daughters, and the latter beg a good that the arrears should be paid to the former.

Sanction is therefore solicited to

the same over to them and that a suitable portion of the Enam would be continued as an endowment, I have the honor to state that no one has offered to take charge of both the Chuttrums for the consideration offered. The Chuttram situated within the Fort is in ruins and will require an outlay of about 15 Rupees to put it in order, the other Chuttram which is situated outside of the Fort is slightly out of repair but is resorted to by Travellers. The whole of the Enam is not fit for Cultivation and it appears that the person who held it hitherto only Cultivated a small portion of it to the Amount of 22 Rupees and no other person besides this individual is disposed to take it up. He is a Brahmin of Guntoor named Cottumbhuttoo and offers to take possession of and keep in repair the Chuttram outside of the Fort if a portion of the Enam assessed at Rupees 60 is given to him, this Chuttram it appears requires repair to the Amount of 20 Rupees.-

2. Also though the Tahsildar's Sudder Station is a very small Village and is on the high road leading from Bellary to Kurnool and constantly passed by Travellers. This Chuttram in consequence is much resorted to and in consequence of its utility was repaired between Fusly 1249 and Fusly 1254 at a Cost to Government of 284 Rupees.

J

3. I beg to recommend the proposal of Cottumbhuttoo who has had charge of the Chuttrum for several years that he should retain charge of the Building and keep it in repair and that a portion of the Enam 21-3-12 Acres assessed at Canteroy Pagodas 20-5-11 F. A. equal to Rupees 60-0-0 be continued to him for this purpose and that the remaining portion be resumed viz. 17-5-8 Acres assessed at 48-11-10 Rs. a. p. Rupees 60 is the amount of the Survey assessment on the land but the income the Brahmin may expect to obtain from it cannot Amount to more than half of that sum probably.

4 The dilapidated Chuttrum in the Fort I would recommend should be pulled down and the Materials sold and the proceeds appropriated to repairs of the Chuttrum to be kept up.-

1st November No. 503.

To, The Chief Secretary to Government.

Sir,

B. C. No. 2273. To the Chief Sec. to Government.

With reference to para. 10 of the remarks of Government on the Tabular report of lapsed Enams from Bellary for the 2d Quarter of 1852, I am directed by the Board of Revenue to submit for

30th June 1853 in Enam 93 Jan 1853

Fort St. George the November 1853.

for further orders, the accompanying letter from the Collector of that District dated 26th September 1853.

2. Of the two Chuttrums in the Village of Aloor, to which the orders above quoted refer, the Collector reports that the one situated within the Fort is in a dilapidated condition and that no person has come forward to take charge of it for the consideration offered. The other which is outside the Fort and is resorted to by travellers is slightly out of repair, but a Brahmin named Cothandhutto has agreed to take it under his management and keep it in repair, if a portion of the Chippegary Pagoda Enam ordered to be resumed, be transferred to him to the extent of 60 Rupees. The Collector therefore purposes to assign 21-3-12- acres of the land to that individual as an endowment for the care of the Choultry. It bears a nominal assessment of 60 Rupees but is expected to realize a revenue of not more than half that sum. The other Choultry he proposes to dismantle, and apply the proceeds of the sale of it's Materials to the repair of the one above adverted to, prior to its passing under the charge of the Brahmin.-

To, B. Cunliffe Esqre. Acting Secretary to the Board of Revenue

Bd. No. 2903. From the Assistant Coll. of Bellary.

Sir,

1. I have the honor to request that you will be kind enough to lay this my application before the Board of Revenue for their approval to be forwarded to the Right Honorable Governor in Council through the usual channel.-

2. I beg to inform you that I obtained leave of absence for one Month to quit my Station, Bellary on the 20th of October, for the purpose of proceeding to Madras to pass an examination in Canarese with the object of obtaining the Minor Reward, and that on the 29th of October I went up for the said Examination and to the best of my belief have passed successfully.-

3. Since my arrival at the Presidency I have heard that my Sister is expected from England and will arrive at Madras by the Steamer due on or about the 23d of this Month, and it is of importance that I should be on the spot to receive her on her arrival, being represented to the Right

4. I should feel obliged by it's Honorable the Governor in Council, that the above mentioned leave of absence for one Month will be expire on the 20th Instant. Under these Circumstances I beg to solicit that an extension of leave for one Month be granted to me under Section XII (amended) for urgent private affairs. Should this indulgence be allowed me, I shall still have time to arrive in my district before the Summabundy Season commences.

The entire proceeds of the Enam were enjoyed by the deceased incumbent.	1. Runga Naikamal widow of the deceased incumbent aged 50 years. 2. Moodoogaumber Son 18 years old deserted the district or otherwise disappeared last year. The widow represented by the Sub Collector to possess no other means for support and to be in such a destitute condition was to be an object for the bounty of Government.	Under the orders of Government dated 1st November 1806. Cuttady Enams are resumable as lapses occur as service being now demanded from the Enamdars but as the order of Government No. 1227 received with Extract from Boards Proceedings dated 3d January 1852, allows the local authorities to recommend the continuance of the grants either wholly or in part when peculiar circumstances exist the Collector submits the case of this Applicant for favorable consideration she is the widow of the late incumbent, and has now no relations to take care of her, several members of her family having recently been carried off by Cholera and as she possesses no other property she would be left destitute in her old age if these Enam lands were entirely resumed. The Sub Collector therefore recomends that she should be allowed to enjoy for her life Enams in the two first Villages & those in the third fourth and fifth Villages being at once resumed and the Collector to support this recommendation unless it should be deemed more advisable to resume all the enams granting in their lieu a small money allowance of Rupees 15 per Annum from the Commencement of the current Fusly during the life of the Applicant according to the course pursued on two former occasions. See Extract from Minutes of Consultation 4th July 1846 No. 708 received with Boards Proceedings of 27th July idem and order of Government No. 481 received with Board's Proceedings of 26th April 1847.

Sir,

7th July 1853.

In returning the accompanying* Correspondence regarding the cultivation of Cotton in the Madras Presidency, I have the honor to observe that it appears to me very desirable that a qualified workman should be permanently employed in the Bellary Collectorate to keep the saw Gins in repair. Previously to the date of Mr. Pelly's report he wrote to me to say that the Ryots had become quite disheartened in their attempts to use these machines, not understanding how to correct any thing that might go wrong. He proposed therefore to return five Gins which remained undisposed of out of twelve which he had procured from Dharwar. At Mr. Blounts suggestion however. I proposed that a Carpenter should be sent from the factory here for the purpose of making any repairs that might be necessary and instructing the people in the use of the machine, a measure which was accordingly adopted as stated in the

Fort St. George, 3d. November 1853.

1852 for the further period of one year on the positive understanding that the experiment shall cease within that time, if not resanctioned on fresh reports; and the Collector was at the same time authorized to employ two Carpenters for the purposes of the experiment for six months. No report has since been made by the Collector as to the result of the experiment, the continuance of which was thus sanctioned. The Governor in Council desires that he be called upon to account for the omission and to explain what use is now being made of these Cotton gins in Bellary - whether the services of a Carpenter from Dharwar are required, and if so, for what period. He would also desire to be informed whether any of these Machines are being worked in the Cuddapah District, and if so with what results.-

Sir,

Bd. No. 2459.

From the Collr. of Madura — Reporting on the death of Sivanamal Proprietress of Eracha Nayakanoor Pollipat and requesting instructions as to whether it shall be at once incorporated with Government lands or whether the termination of the term of the rent granted by her to the Chokalingum pillay shall be respected and observed -

I have the honor to report for the information of the Board of Revenue the death on the 12th July last of Sivanamal the late female Proprietress of the Eracha Nayakanoor Pollipat situated in the Tahsildary of Thervoy Kurrichy and paying an annual Peishcush to Government of Rupees 2061-15-8.

2nd. The Claimants to the Pollicem are Veera Ramoo Ammal the daughter of the late Poligar Verinna Oodia Nair (the husband of the late female Proprietress Sivanamal) by his 2d. Wife Pacupammal and

2d. Kadarasawmy Nair the Son of Veggama Nair a distant Cousin of the late Verinna Oodia Nair.

3. The first Claimant grounds her claim on her near relationship to the late Polligar and his Widow the first deceased Sivanamal on a Decree of the late Zillah Court of Madura in A.D. No. 20 of 1838 and on a Decree of the late Zillah Court of Madura in A.D. No. 18 of 1827 -

Kadarasawmy -

4 — Hadervoo my Naik founded his claim on the law prevailing among the Cumbalatar Tottia Caste of Polligars which excluded Females from being installed as Polligar and on the declarations made by the late Poligar Chinna Obala Naik that on the failure of male issue his branch of the family was entitled to succeed to the inheritance —

5 — It will be seen from the Br. Para of Mr. Parish's letter to the Board of Revenue of the 31st January 1804, as well as from the correspondence noted in the Margin that the Law of inheritance observed among the Cumbalatar Tottia Caste of Poligars entirely bars the succession of females and I would beg to draw particularly to draw the attention of the Board to the Enclosure No 1 being the answers given by the late Polligars of Eracha Ramai Ennor to the questions propounded to him on the Law of succession obtaining in his Pollipat, answers of similar purport were given by all the Polligars of the same Caste who in this District answered to 27 relative to succession to their Pollipats

6 — The Law has already been acted upon and enforced in several Cases I would especially refer to the Case of the Pollipats

Pollipats of Nattum and Ramgherry which from failure of Male issue have escheated to Government during the life time of the widows and female descendants of the last Polligars -

7. The claim of Veera Ramoo Ammal appears therefore wholly unsustainable. — She however urged that as State Law has been departed from in the case of Chinnamal the late Proprietress a similar concession should be made in her favor especially as by the Decree of the late Zillah Court passed by the Acting Judge Mr. W. Elliot in A.D. No 20 of 1838 she is declared sole heiress to the Estate and immoveable property of her father on the death of Chinnamal. As one mention is made in the correspondence which passed between the Collector and the Board of Revenue on the death of the late Polligar of Eracha Ramai Ennor of the peculiar Law which obtains among this Class of Polligars I am led to presume that the order of the Board authorizing the Widows to be declared Proprietresses of the Estate was passed in ignorance of the Law - But however this may be as Veera Ramoo Ammal has no right or title to the Estate under the Law the fact of the Government not having enforced

enforced the Law in the case of the Mother and Step Mother cannot create a right in her favor nor does the failure of Government to insist on their right in the one case prove a bar to an argument their right in the other case —

A.S. No. 20 of 1838.

8. In regard to the Decree it may be urged that as neither Veera Ramah Ammal nor the Government were parties to the suit in which it is given their rights could not be brought under review much less disposed of and decided on. As an Extra judicial opinion on the rights of these parties the Decree must be judged of by its merits and in the present instance from no allusion having been made to the peculiar Law of the Caste it loses much of its value —

9. The Claim of Hyder Ali Khan Bahadur is derived from a remote connexion with the Enacha Ramah Nayer family. He states and his Statement is not denied that his Ancestor was the younger brother of one of the Polligars of Enacha Ramah Nayer and was appointed Polligar of Timmanasamah Nayer that the only male descendant of the Enacha Ramah Nayer branch now extant is

to himself and that he should therefore be installed in to the Estates —

10. The connexion of this Claimant with the Enacha Ramah Nayer family is very remote, and the circumstances of the connexion merely traditional —

No. 3

11. Annexed is a Genealogical tree shewing that Mottoo Alagherry Naick was the first Polligar after the assumption of the Country by the British and that he was in 1796 succeeded by his son Thimma Obala Naick a little boy of 8 years of age it is the death of the Widow of Thimma Obala Naick that occasions this report —

See Historical Memorandum of the Dindigul District appended to the report of the Dindigul Committee of 31st August 1796.

12. From the early records of this Office it would appear that the Polligarim was repeatedly and for long periods under assumption by the Managers of Hyder and Tippoo before the conquest of Dindigul by Colonel Stuart in 1790 —

13. In 1756 and 1757 Enacha Ramah Nayer was resumed, but in 1758 it was restored by Coorumanamiah Moodelly Sole Aumil and Manager of the Dindigul District —

14. In 1773 Meer Sahib Jaghirdar

of

Fort St. George — November 1853.

of Dindigul resumed this Pollium in which state it remained till restored to the Polligar by Colonel Lang in 1783.

15. In 1788 Tippoo Came to Dindigul and the Pollium was again resumed on account of arrears of Peishcush and the Polligar put to death.

16. On the acquisition of the Country in 1796. Mottoo Tillayherry the son of the murdered man aged about 19 or 20 was recognized Polligar by Mr. Hurdis and the Pollium was restored to his profession.

17. His son Sumina Obula Naick who succeeded him in 1812 died in 1838 without issue.

18. The claim of Kederasamy has appears to me clearly and satisfactorily disposed of in A. S. No. 18 of 1847 not only as far as that claim affected the right of the deceased Sivanamal but even as it affected that of the Government also. I beg to submit a Copy of the Decree for the information of the Board and to draw their particular attention to those parts of the Decree which are marked with a cross.

19. If the Decree above quoted does

Fort St. George — November 1853.

not appear sufficiently to bar the claim of Kaderasamy Naik it might be argued that as it has been determined by judicial decision that the act of permanent Settlement is to be considered as the fundamental title Deed vesting the Zemindary Estates in the party therein named as his acquisition it would seem that it can only devolve to heirs deriving their title directly from him and that in default of such heirs it could not pass to a collateral relation as the heir of a common ancestor.

20. I am not aware how far this argument might be deemed affected by the circumstance that the settlement made with the Pollipat of Exachakaimanakkanoor was not a permanent one on the ground that as no Istimerar Sunnud had been conferred by the Government the right of the Polligar to the Estate must be considered to have been derived from some other source which could be no other than that of right by succession.

It seems to me however that whether completed or not the act of Government in restoring the

Estate

Estate to the Son of the murdered Pol-
ligar from whom it had been assumed
by a previous and completed authority
was a gratuitous donative act suffi-
cient to constitute a new title the former
one having lapsed and been lost in
the Father of Mootoo Allagherry
Naik the Fyzul Polligar and that the
the Polligar may be unable from the
absence of the Summud to produce his
title deed the title itself can only
date from and be considered to be
derived from the Government at the
accession of the Fyzul Polligar and
this view is supported by the word-
ing of the original Pottah granted
to Mootoo Allagherry Naik which
commences by asserting that the
Government having been graciously
pleased out of mere favour to restore the
Polliput to him.

22- Should this view be correct the
argument urged in para 19 would
remain unaffected.

23- It would appear therefore
that the Estate is solely at the dis-
posal of Government but I request
to be favored with the determination
of the Board on the subject.

Should

24- Should it be declared escheat-
ed I have next to solicit the instruction
of the Board as to whether it shall be
at once incorporated with the Govern-
ment lands and taken under the charge
of the Collector or whether the terms of
the rent granted by the late Proprie-
tress to Sivakalingum pillay shall be
respected and observed.—

No 5- 25- From the deed of rent which
is enclosed it will be seen that the
rent was given for 9 years on the
16th October 1848 and that therefore it de-
termines on the 14th October 1857 or 4 years
1 Month & 3 days hence.

26- The manner in which the Estate
has been managed by the renter was re-
ported on in the Sub Collectors letter of the
28th December 1851 forwarded to the Board
of Revenue under date the 31st December
1852. As connected with this subject—
I have the honor to enclose translation
of two urzees received from the renter

No 6 with an Original Petition in English

27- I have nothing to urge
in bar of the chief prayer of
these petitions. The Contract
with the deceased is free from
all imputation of fraud and the conditions

of

of it have been liberally and faithfully acted up to by the renter.

28. Under these circumstances the Board of Revenue may be disposed to consider that both precedent and equity demand that the Contract should be ratified and confirmed the sums payable by the renter to the late Shanmamal being transferred to the Government the present holder of the Pollipat regarding the debt claimed by the renter it should if true I conclude be satisfied from the private property of the deceased. The renter cannot look to the Govern-ment to liquidate it. It was contracted solely for private purposes the gratification of the desire of Shanmamal to secure to herself either temporal or future welfare by the renewal of some decayed Pagodas.

29. If the Estate is declared es-cheat a question may arise in regard to the propriety of granting a pension to Veera Ramoo Ammal to whom by the Decree of the late Dindigul Judge of Madura in A.S. No. 20 of 1838 an annual payment of 200 Rupees was adjudged. By the enclosed Copy of the Extract Proceedings it

2. 2 July 1843 No. 7.

it will be seen that it has been ruled by the Provincial Court Southern Di-vision that the claim to that allow-ance ceased on her Marriage and from all I can learn it would appear that her circumstances place her above need. Her Husband is a near relative of the Pollegar of Doddaspanaikenoor the Pollegar of Doddaspanaikenoor in whose Pollipat he is a cultivator and he will also enjoy the private cultiva-tion of his father in law the Pollegar of Erracheddanaikenoor.

30. The Estate was attached by the Tasildar immediately on his hearing of the death of Shanmamal but on the representation of the re-renter that such a step was ma-terially affecting his interest as the Cultivators refused to take up lands of Cultivation until they knew the terms on which they would be allowed to hold it I deemed it right to direct that the attachment be withdrawn on the renter entering into security for the Amount of the estimated revenue or 2000 Rupees.

1. When did your Ancestors get possession of the Zemindary.[1]

In consequence of the Meritorious services rendered by one of my Ancestors to Rayajee who formerly reigned over this part of the Country and of the praime he took in reclaiming and peopling certain land overrun with Buck forests at the foot of the Pavendaly Hill the latter was pleased to grant him the Zemindary as I say here which secured him and his heirs the Pattum and property in the land.

2. What is the law of succession obtaining in your Polepat.[2]

The succession descends to the lineally.

Is

yes

3. Is it customary and obligatory on the Eldest Son who succeeds to the Estate to maintain the other Members of the family?

yes it has been customary for the eldest Sons succeeding to the Pattum to grant the other members of the family food and raiment by assigning to them such portion of Nunjah & Poonjah lands as was deemed sufficient for their support.

4. Is the Polepat under your enjoyment liable to partition. If so under what circumstances and authority.[2]

The persons who have succeeded to the Polepat are alone entitled to enjoy it, it has never been liable to partition.

5 Are the females of your family entitled to inherit your property.[2]

They are only permitted to inherit personal property consisting of Jewels and such like but can never succeed to landed Estates.

Ever since the Zemmindary was first established the Zemindary has descended from generation to generation through the direct male line and there has been no failure of male issue. Being now in possession of the Zemmindary my son by my first wife is entitled to succeed me, and his son after him in like manner inherits the Estate. Should my son have no male issue his elder full brother will succeed to the Estate Should he have any. Should he have no full brother his half brother by my Second wife, and his son. In the event of his having no sons his brothers will succeed. Should there be an entire failure of male issue the Zemindary will descend to the Semmandaram Knoor branch of the family descended from one of my grandfathers and to his successors as neither I nor my father have any brothers living. The Plaint set forth that the Plaintiff and the 1st Defendant were minors of

of Chinnasbala Naick the Zemindar of Erasa naick Kanoor - That after a daughter had been born to the said Zemindar, he died upon which one Jaganna Naick usurped the Zemindary respecting which the Plaintiff, with her daughter the 1st Defendant the legal heirs to the estate addressed the Board of Revenue who were pleased to issue instructions through the Principal Collector of Madura to the effect that the Plaintiff and the 1st Defendant were to inherit the Zemindary Upon an adjustment of the account in fusly 1245 there appeared a sum of Rupees 275 to be due by the 1st Defendant and others as the value of the produce of the Zemindary enjoyed by them. The Plaintiff demanded the said sum of the 1st Defendant and others, to liquidate which they assigned the arrears of Rist due on two of the Villages attached to the said Zemindary. The Plaintiff therefore addressed a petition to the Principal Collector regarding the collection of the said arrears and by his order the Taxeldar instituted an enquiry - but the Villagers declared that there were no arrears of Rist whatever against them, hence the suit for the recovery

recovery of the said sum including interest

A Reply and rejoinder were filed
in support of the Plaint and answer
respectively.

A supplemental plaint

the Plaintiff one half of the Zemindary
and Rupees 111-15-7 proved by the accounts
to be due together with all costs of Suit.

From the above decision the 1st
Defendant appealed stating that as she
is the Elder Widow she alone was regular to the
Zemindary.

The Plaintiff Respondent, hoped the
Decree of the Pundit would be confirmed.

After

After the delivery of her answer the Plaintiff Respondent, who is the younger widow of the late Zemindar died. Her own daughter being under the protection of the elder widow who retained possession of the whole Zemindary.

According to the doctrine of the Smriti Chandrica which is of great and paramount authority in the South of India a widow having the mother of daughters takes her husband's property, both moveable and immoveable, where the family is divided, but a childless widow takes only the moveable property were there are two widows one the Mother of daughters and the other childless the former alone takes the immoveable estate, and the moveable property is equally divided between them.

Vide Macnaughten's Principles and Precedents relative to the doctrine of inheritance Vol 1 Page 21 Calcutta 1824

The Pundit Sudr amen attached to this Court having in deference to the opinion of the Board of Revenue and the

the Dherma Shastras awarded half of the Zemindary to each of the widows whilst the Smriti Chandrica appeared to give it to the younger only. The moveable property having been already equally divided a reference on the subject was made to the Hindoo Law Officer of the Sudr Udalut, who gave it as his opinion that as it appeared from the above question that the 2d Widow of the deceased Zemindar had died before the suit brought by her for the recovery of a share in the Zemindary was disposed of and as the daughter who is next in succession to the surviving widow who is the first successor has no right to the estate the whole Zemindary should devolve on the 1st Widow. The Paternal grand Mother should receive from the said Widow so much money as is required for the support of the daughter of the 2d Widow, and be her guardian.

Texts in support of the above opinion are as follows Yagnaval Kya Slokes as may be found in the Work Mitchara

Mitchara compiled by Vignesvara, the wife the daughter &c succeeded to the wealth of him who leaves no male issue.

As regards the guardianship an ordinance to the above effect is laid down in astama Ratnum in the book called Vevad Bangarnava compiled by Jagannada Sarka Panchanava.

The 1st of these quotations is not much to the purpose as the subject of doubt could only be which of the two Widows were entitled to the whole of Zemindary or whether in case they were to have shares, what would fall to each as they became wives of the deceased Zemindary on one and the same day and hour; the answer to the query would still probably have left this Court in doubt as to the perfect correctness of the Pundit Sudramans decision had information been the main object of the reference, because it states that "as it appears the 2d wife had died before the suit was disposed of the whole Zemindary should devolve

devolve upon the 1st Widow" from which it might be inferred that had both been alive the whole Zemindary would not have devolved upon the 1st or Elder widow but as they were married on the same day and hour, except by age it would be difficult to determine which was the 1st and which the 2d Widow and the age of the parties does not appear on record. the opinion of the Pundit Sudramen was no doubt correct with respect to property in general however different it might be in the case of a Zemindary It therefore appeared Satisfactory to all parties to have the opinion of the Windoo Law officer attached to the highest tribunal which having been obtained and this Court being of opinion that a decision in accordance therewith would prove the least likely of any award under present circumstances to cause enmity or hostility between the parties which might make the right and possession of the Zemindary a source of constant litigation.

The Acting Judge proceeds to determine that the appellant Chinnacammah

to

who is the sole surviving widow of the late Zemindar of Erasanai Renoo shall remain in full possession of all her husband's Zemindary and immoveable property to which after her death, the other deceased widow's only daughter Veera Kammammah is to be the sole heiress.

This Court further decrees that the appellant is to give over the young daughter Veera Kammamma to Ats paternal grand Mother to whom on account of the said daughters subsistence &c the appellant is to pay, on tender of a simple receipt, the sum of 200 Rupees annually payable by two equal sums. The first on or before the 1st January, and the 2d on or before the 1st of July in each year. The 1st payment (of Rupees 100) to be made on or before the 1st January A D 1840 and at the time of the said Veera Kammamma's actual marriage the appellant, should (she) be then in possession of the Zemindary, is to give, on demand, the sum of Rs (1000) one thousand, with as much more as out of affection she may be induced to bestow. Appeal Suit No. 18 of 1847 — Original Suit No. 55 of 1843

Appellant 1st Defendant Ranee Chinna Ummaul widow of Chinna Obala Naicken Zemindar of Yennasucka Naickanoor

Before Subordinate Judge

Respondent Plaintiff Timmanasha Naicken alias Ahuckama Naicken Vakeel Sooba Nanasien.

Vakeel Shuntrara Sastry.

This action was brought by Respondent Plaintiff in Original Suit to establish his right as heir at law to the Zemindary of Yennasucka Naickanoor.

The Plaintiff Respondent claimed as an undivided Cousin, and nearest male heir of the late Zemindar the husband of the Appellant. She denied the existence of any Copanceeany between Respondent and her deceased husband and maintained the right to be in her as the sole surviving widow.

The Subordinate Judge upon consideration of the facts and evidence adduced by the parties respectively was of opinion that Plaintiff Respondent had established his right and accordingly

accordingly adjudged the Estate to be made over to him and certain Villages as before agreed to be allotted for the maintenance of the Defendant Who now appeals reiterating her original pleadings and submitting that wrong inferences have been drawn and erroneous conclusions come to upon the record upon which she prays revision and reversal of Original Decree.-

And in like manner Respondent in Appeal Answer contends that the said Decree is just and proper, and prays its confirmation save in so far as he has appealed against it in No. 21 of 1847.

The exact relationship in which the Respondent stands to Appellants husband is by no means satisfactorily proved. He himself as shown by his supplementary Corrections of the pedigree having no certain Knowledge of the family descents and it is remarkable that he should at first have placed "Yennashucka Naicken" at the head of the family and subsequently on its being explained that when Yennashucka Naicken and Timmanaica Naicken.

two

two relatives came to this part of the Country many years ago and at least nine generations back they seperately acquired Estates and gave to each their own names. Viz. Yennashuka Haickoor and Timmarasha Haickoor and that the Timmarasha family of which respondent is the representative had many years ago lost their Estate, he should as tho' to keep such circumstance from which inferences so unfavorable to his assertions of Original unity and subsequent nondivision might be drawn out of view and Consideration have dropped Yennashuka Haicker altogether out of the pedigree and placed one Saitchappa Haicker in his room as the Common Ancestor. —

There is no certain proof of the Respondents Connection with the family but assuming as is most probable that the Timmarasha family and that of Yennashuka Haicker were derived from the same stock. We have to go back over a space of time occupied by

by 6 or 7 generations during which no single act indicative of unity can even be pretended to be adduced, the Zemindary has passed during that time from father to son according to the laws of primogeniture in the same family which Respondent himself admits to be the elder branch of his own and during this time the younger branch have never in any way interfered or claimed the slightest interest therein. At the death of Chinna Obala Haicker the last Zemindar in August 1835. The Respondent certainly appears to have been present and two documents being Deeds or assignments purporting to allot certain Villages of the Estate on pinapoolenum to his widows for their maintenance are said to have been executed by him the deceased on the day of his death. These documents make no mention of any one as heir to the Estate. Respondent however would infer from them that as they did not regard the widows as heirs they must allude to another in that capacity and that

that that other was himself and this character he appears to have immediately assumed by confirming these Deeds. Here the cause becomes somewhat perplexed. the obscurity however seems to be rationally accounted for by quarrels and jealousies between the widows. There is reason to suspect that this appellant sooner than cordially recognize the right of the other widow who had a daughter and consequently a superior claim in division to the immoveable Estate was content to tamper with Respondent holding him as it were in terrorem over the other party and conniving at and allowing him to take a prominent part in the management of the Estate so as to give a Colour on which in this case he has laid great stress to his pretensions.

This state of things continued however but for a brief period. the matter was brought by Petition under the notice of the Revenue authorities and the Board of Revenue under date 4th February 1836 declared that they could

could not recognize the Respondent to claim and directed the Estate to be registered in the name of the widows of the late Zemindar who were his lawful heirs. Upon this the Estate was put in their possession and the award was apparently acquiesced in by the Respondent for he took no steps to indicate his pretended right which was thus formally and explicitly denied. Shortly after the widows in joint possession quarrelled and one of them Pampummaul brought a Suit No. 265 of 1836 against the other, this appellant seeking division of the Estate.

This Suit was decided against her the Pundit Sudder Ameen decreeing for the joint enjoyment as ordered by the Board of Revenue. The case was appealed but Pampummaul dying while it was pending this appellant was by the appeal Decree on the 31st March 1840 declared to have acquired a vested title to the sole enjoyment during her life subject to the payment of certain allowances for the maintenance of the daughter of the deceased Pampummaul who was at the

the same time declared to be the heir apparent. During the time occupied in this litigation between the widows, this Respondent remained quiet and without interfering. It was not till the 29th October 1841 that he instituted the present action 5½ years after the peremptory decision of the Board of Revenue had been pronounced against his claim, a line of conduct from which it is impossible to avoid drawing inferences most unfavorable to his consciousness of its validity.

The said order of the Board of Revenue has been set aside by the Sub: Judge as one passed summarily and without full investigation. The Civil Judge however is of opinion that it was one founded on justice and a due and right appreciation of the merits of the case in as much as the Respondent after the fullest opportunity of doing so is unable to show his right to succeed as heir at law to the exclusion of the widow, no visible union or the existence of any thing like common property can even be pretended for time out of mind and record, and in going back to those uncertain times we

we find every probability militating against the fact of such having ever then existed. It is impossible to say if a division even took place for there is no trace of common property which might be divided. Respondent himself says this property was not liable as descending from father to son in one, and apparently the separate and self acquiring branch and there is no attempt to show that the interest of any other branch or family therein was ever asserted or admitted during the long period which intervened between the acquirement of the Zemindary by the man who gave his name to it and the moment when this Respondent appeared at the death bed of his last lineal male descendant and assumed the character of heir at law.

Under these circumstances the Court reverses the Original Decree and Nonsuits Respondent - Ordering him to pay all costs in Original and Appeal.

To

T. Clarke Esqre

Acting Collector of Madura

The humble Petition of Chokalingom Pillay renter of Erajeekanankenoor Zemindary in Tenkanney Talook

Most Respectfully sheweth,

That your Petitioner obtained the lease

lease of that Zemindary from late Chinnammal Zemindar for 9 years Viz. from Tusly 1258 to 1266 under a Stamp deed dated the 18th December 1848 and enjoyed the same up to the end of Tusly 1262 on payment of a Peshcush to Government of Rupees 2,061-15-8 a year, and Rupees 1400 a year for the Zemindar's expences retaining the profit or loss to himself/Petitioner/ according to the terms of the deed of lease.

The above Zemindar having died on the 12th July 1853 the Tahsildar has attached the estate and issued a proclamation under date the 5th Instant requiring the Ryots of the Zemindary to abide by his instructions in all transactions of cultivation and the Nattamgars and Cummums to render periodical accounts of Cultivation to himself thereby stopping all correspondence on the part of the ryots &ca with your Petitioner and prohibiting the ryots paying any sum to your petitioner in matters of cultivation &ca. This arrangement has led the ryots to confine, to my disadvantage, their cultivation of

the

the lands allotted to them to a very limited extent for fear of being saddelled with payment of a higher tase as the lands contrary to the custom of the Zemindary It has also led the Ryots to keep their Kist in arrears up to July 1262. Those indeed are ways to your petitioners sustaining a loss to a vast expense.

The terms of the lease is 9 years of which your petitioner has enjoyed 5 years and paid the instalments to the Zemindar and there remains 4 years. your petitioner begs to state that he has never been irregular in the discharge of the Circar Kists now was he irregular in acting up to the terms of the lease in respect of the payment of the allowances of the Zemindar and for the remaining 4 years he owes the Zemindar 5,600- besides the Circar Kists for which he has paid the Zemindar 2,552-10-10 on account of the palace expenses of the Zemindar and of charges of the construction of a Pagoda leaving a remainder of Rupees 3,017-5-2 payable in 1265 & 1266.

It is your honor yourself as Sub Collector that have ordered your petitioners to issue Dullahs and Cutchats himself

himself and correspond himself to the Hoozoor and Talooks thereby relieving the Zemindar from all transaction in the affairs of the Estate- As you have attached the Zemindary in this time proper for cultivation and the ryots have not been courageous enough to make extensive cultivation from fear of excess Teerwah being demanded which was not the case with your Petitioner who allowed the ryots to cultivate the lands on low terms ~~[illegible]~~ to enable him to be punctual in his engagements.

Your Petitioner most respectfully entreats that the attachment of the Zemindary may be removed that the rent alluded to above may be continued that if any accounts are necessary they may be required to be rendered by your Petitioner and that he may be enabled thereby to recover the balance against the Ryots up to July 1262 and the advance made to the Zemindar for expenses of the Fasleis 1263 and 1264 by means of debts from other parties. This Kindness in deed will tend to the encouragement of the Ryots to carry on an extensive cultivation without

without any loss to your Petitioner.

For instance your Petitioner begs his liberty may be pardoned if he refers your honor to the case of Saptoor Zemindary in Tinnevelly similarly circumstanced with the one now pending your enquiry in which the Zemindar who rented the estate died before the completion of the term of the rent and the renter Ramasawmy Pillay of Poodoor has been put in possession of the Zemindary until the completion of the terms by the orders of higher Authorities.

Your Petitioner therefore respectfully prays your honor will be pleased to remove the attachment of the Zemindary and restore to him the rent of the Zemindary.

For which act of Justice your Petitioner as in duty bound shall ever pray.

Translate of a Petition dated 23rd July 1853 from Choekalinga Pillay renter of the Zemindary of Ettayapooram, Jagannath Row Tahsildar of the Tenkarray Talook.

In the matter of the suit in which the succession to the estate was disputed between the Zemindar Rance Chinnammal and Jeckeamma Natchiar of Timmarasanaikenoor the Sudr Court passed a Decree declaring the latter entitled to succeed to the inheritance of the Estate and Chinnammal having appealed to the Civil Court I stood security for her to the amount of 5,000 Rupees and was employed as her Canbam when she executed a Deed in my favor renting to me the Zemindary for 9 years, from Fusly 1258 to 1266, and issued orders to the Kallangars, Curnums &c of each Village to pay the Kist to me and abide by my orders. Accordingly I continue to conform strictly to the terms of the rent regularly paying the Zemindar the Peishcush due to Government amounting to Rupees 2,061-15-8 as well as annual sum of Rupees 1,400 for her own support making a total of Rupees 3,461-15-8 being credited

credited with any amount collected in excess of the above sum and making good the deficiencies for all losses of seasons &c. The Pullahs to the Ryots and receipts for payments of Kist being issued by myself. Besides the Sources of irrigation have been improved by me at an outlay of 400 Rupees.

The Zemindar having in Fusly 1260 illegally distributed Pullahs and furnished receipts to the Ryots the Nattamgans far from approving the same addressed an Unjee to the Huzoor on the subject. In Fusly 1261 Mr. Clarke as Sub Collector summoned me and the Vakeel of the Zemindar and after making a personal inquiry into the matter issued an order to the Tahsildar in No. 547 dated 31st September 1851 directing the issue of Pullahs and receipts to the Ryots by me until the termination of the rent as was done in Fusles 1258 and 1259 and prohibiting the Zemindar from all interference. Moreover the Zemindar having authorized the formation of a new Village and construction of houses on Poonjah land connected with the Pullah of another individual it was enquired

enquired into in the Magisterial Department and an order issued to the Tahsildar by the Joint Magistrate in No. 8 under date the 8th January 1852 observing that such an act of the Zemindar was improper and that I should myself correspond with the Hoozoor and the Talook in every matter and abide by the instructions issued by them. The contents of the abovementioned two orders were communicated to me by two orders of the Tahsildar in the Revenue and Police Departments dated respectively the 6th January 1852 No. 1279 idem of the same years No. 19. In the same manner I have received orders from the Talook on several occasions on public matters both during the days of Soobbayer and Thungamootha Pillay late Tahsildars and on your appointment to the Talook and behaved myself with deligence and zeal. The Zemindar who received from me Rupees 2582-10-10 in addition to her fixed amount still wanted from me debt to a large amount Viz. Rupees 2,000 to defray the expenses of Constructing a certain Pagoda but as I refused Compliance she has through spite addressed an Unjee

to

to the Hoozoor requesting permission to issue Puttahs and grant Receipts to the Ryots herself on the ground of an alleged failure on my part to act upto an agreement entered into with her which having been referred to the Talook for explanation you summoned me and the Vakeel of the Zemindar 3 Months ago and on examination made a report to the Hoozoor on the subject and you may be aware of the receipt of an order referring you to a previous one requiring me to issue Puttahs and Receipts to the Ryots until the termination of the lease.

Hearing received intelligence when I was absent at Pathenettamcollay that Ranee Chinnummal died of belly ache and fever on the 12th Instant I repaired to her place of residence immediately and on enquiry came to understand that Veeracammal daughter of the deceased Pauparmmal as well as Hallheneasawmy Naick of Tinnanassa Naickmoor, alleged Coparceners of the deceased Zemindar have come forward each claiming succession to the Estate in his or her own favor. I was moreover informed that the said Chinnummal before her death addressed an Unzee to the Hoozoor requesting that

I should be maintained in the enjoyment of the Zemindary for the space of 4 years to come after deducting the 5 years, I was already in possession of the same out of the 9 years of my rent to enable me to pay the remainder of the rent amount of Rupees 5,000 and the issue of an order directing completion of the Pagoda referred to which has been imperfectly constructed by her at an outlay of 4,000 Rupees I beg to enclose herein Copies of 5 Documents Viz. rent Puttah executed by the Zemindar on a Stampt Cadjan of 8 Rupees value, an agreement on the same subject, two orders received from the Talook in reference to the Vakeels from the Hoozoor and an answer filed in the Court of Ramasawmy Sastry Vakeel on behalf of the deceased Zemindar. The amount which is due by me to the Zemindar, minus Government Peshcush for the remaining 4 years of my rent ending with Fusly 1266 after deducting the period of 5 years of my enjoyment will be Rupees 5,000 of which deducting Rupees 2,582—10—10 already received from me by the Zemindar the balance still due from the unenjoyed portion of the period

of

of the lease will be Rupees 3,017 5 2 I beg therefore to be favored with your instructions as to whether or not this sum should be paid for completion of the Pagoda work aforesaid as requested by the Zemindar.

Translate of an Urzee dated the 19th August 1853 from Chockalingum pillay Renter of the Erachakanaikoor Zemindary to T. Clarke Esqre Acting Collector of Madura.—

By virtue of a document passed in my favor by Rance Chinnamal on a stampt Cadjan under date the 16th Margalee of Keelaka granting the said Zemindary in lease for 9 years from Fusly 1258 to 1266 at an annual sum of 3,461 — 15 — 8 Viz 2,061 — 15 — 8 on account of the Government Peshcush and Rupees 1,400 for her subsistence on the understanding that all profit and loss arising therefrom should be enjoyed and borne by myself exclusively

I have enjoyed the same for 5 years from Fusly 1258 to 1262 and have to hold the same for a further period of 4 years to come, but the said Chinnamal having died on the 12th July of the current year a Notification was in consequence published under date the 5th August by the Tahsildar of the Talook stating that he had received instructions from the Hoozoor to place the Zemindary under attachment and to conduct the cultivations and and Collection of Revenue under his orders until further instructions. A Kararnamah was also obtained from the Ryatangars Vizt of the different Villages binding them to that effect and also enjoining them not to pay any thing to me as renter. The first periodical account of cultivation of Fusly 1263 has been accordingly rendered by them to the Circar. In conformity to the tenure of the above document it would appear that I am entitled to hold possession of the Zemindary and to pay the annual demand of Peshcush from Fusly 1263 to 1266 and that an advance of Rupees 2,582 — 10 — 10 was made by me to the Zemindar on account of her own

and

and Devastannum Charges in satisfaction of the sum of Rupees 5,600 due by me for the unexpired portion of 4 years In the same manner the Zemindary of Sapfoor in Tinnevelly has been rented out by the Zemindar to one Ramasawmy Pillay of Pothoor for a period of 10 years, but the Zemindar having died in the 7th year of the rent, the renter on his application to the Collector of the District that he should be allowed to enjoy the Zemindary during the unexpired portion of the 3 years agreeably to the tenor of the Document executed to him by the Zemindar has been accordingly maintained in possession of the same, and is now in actual occupancy of it. Moreover when in charge of the Sub division you were pleased to let me issue Puttahs and receipts to the Ryots and to correspond direct with the Avezoor and Talook Cutcherries, and also to declare that the Zemindar had no right to interfere with the Zemindary during 9 years of my rent, but in consequence of the Zemindary having been assumed at the present moment which affords a favorable reason for cultivation, the Ryots through fear are making less progress in the

the cultivation, whereas on the contrary they were making extensive cultivations before, on my encouragement by granting Cowles on favorable tenure and collecting from them a light tax which enabled me to pay the Government dues and that of the Zemindar punctually. It may be observed that fear of being subjected to the payment of the high Hoolooa tax of the Zemindary is placed under attachment is the motive of the ryots in hesitating to carry on their cultivation to the extent they cultivated last year.

I beg therefore to request that you will be pleased to release the Zemindary from attachment, taking from me, if need be, all accounts relating to the same and allow me to collect the outstanding balances for Fusly 1262, a measure calculated to prevent delay in the cultivation and to protect me from incurring any loss, for, I gave the Zemindar her due in advance for fuslies 1263 and 1264 to come by contracting debts. As this is the proper season to make exertions to induce the ryots by giving them lands on light tax to cultivate more, it is feared that the cultivation might be greatly impeded and myself put to loss unless the estate be restored to me at least after taking security from me pending the orders of the Board

of

of Revenue. I therefore earnestly request that orders may be given for the release of the Zemindary with injunctions to carry on the cultivation under my orders taking security from me.

No. 7.

Extract from the Proceedings of the Southern Provincial Court of Appeal, under date 4th July 1843.

M. P. No. 27 of 1843.

Read motion presented on the 2d March 1843, by Vakeel Shama Row on behalf of Chinnummall widow of the late Zemindar of Yarasaka Naiknoor and Appellant in a Suit of 1838 on the file of the Zillah Court of Madura accompanied by 7 Documents.

The Petitioner states that a Decree was passed in the said Appeal, adjudging her to pay to Ackummaul Guardian and Grand Mother of Veeracamoo annual, the Minor daughter of Pauspummall deceased 2d wife of the late Zemindar aforesaid, the sum of 200 Rupees per annum as maintenance for the said child, and 1,000 Rupees on the marriage of the latter. That she regularly paid the decreed allowance up to the marriage of Veeracamoo annual, when she also paid up 1,000 Rupees as provided for by the Decree

that as Veeracamoo annual after her marriage was no longer under the protection of the Grand Mother and has a husband to maintain her, Petitioner applied to the Zillah Judge to be exonerated from further demands as not intended by the Decree, and as inconsistent also with Hindoo Law but that the Zillah Judge refused to comply with the prayer of her Petition. She therefore prays the Court to look into the papers she submits and to prohibit any further demands being made on her for the maintenance of Veeracamoo Annual and to recover for her all sums paid on that account after the date of the latter's marriage.

The Court are of opinion that it was the intention of the Acting Zillah Judge in the decree in question that the annual allowance of 200 Rupees to Veeracamoo should cease on the payment of the sum of Rupees 1000 at the time of her marriage after which it could not have been intended by the Acting Zillah Judge, nor would it be right that she should continue to be a burden upon the Petitioner for maintenance,

but

Fort St. George 2d November 1853

but that all further claim should cease during the Petitioner's life time, that this was the intention may be inferred from the circumstance of the said allowance of 200 Rupees being ordered to be paid to her Grand Mother for her subsistence to whom she was to be given over for protection, for it is obvious that after her marriage she could no longer remain under her Grand Mother's protection but under her husband's who, it is to be presumed, is also able to maintain her.

The Court therefore resolve to issue orders to the Zillah Judge to recover from the said Veeracamoo annual any sums she may have received on account of the said allowance since her marriage and pay back to the Petitioner and also to put a stop to the Collection of such allowance from the Petitioner in futures.

Ordered that Extract from these Proceedings be forwarded to the Zillah Judge of Madura with Precept returnable in 2 weeks.

Sir,

With reference to Para 2 of Mr Clarke's letter of the 5th September 1853, the Board desire me to request further particulars of Veera Kamoo Unah's position in life, and of the circumstances which appear to place her above need.

As from the Board's orders of the 28th January 1836 she had reasonable grounds for expecting the reversion of the Estate the Board are inclined to look favorably upon her case, and should your enquiries leave any doubt of the existence of a suitable provision for her maintenance I am desired to request that you will recommend the Grant of an allowance, naming the sum for that purpose.

No. 1198.

Extract from the Minutes of Consultation

Under date the 25th October 1853.

Read the following Papers.

From the Sub Secretary to the Board of Revenue (Here enter 8th Sept. 1853, No. 401).

× × ×

Para 1. In the above letter the Board of Revenue submit the further Explanation called for in Extract Minutes of Cultivation 11th May last relative to the Stamps defalcations in the Canara District.

2. There seems to be some uncertainty as to the exact amount of this deficiency. It was formerly stated to be Rupees 7937-10-6, but in the Report of the Sheristadar submitted by the Collector the Amount is made out to be Rupees 7981-6-6 according to the report the balance that ought to have been in

Fort St. George 3d November 1853.

in the hands of the Vender on 11th July 1851 was Rupees — 8989-7-6

The Amount found — 1045-15-"

Difference 7943-8-6

Add Amount omitted — 37-12-"

7981-4-6.

3. According to the Plaint filed against the Darogas enclosed in the letter from the Collector now forwarded the balance that ought to have been forthcoming on 11th July is set down at Rupees 8954-7-" This is assumed to be the balance in the present letter from the Board from which deducting the value of Stamps actually found in the hands of Vender as above the net deficiency would seem to be Rupees 7908-8-"

4. Whatever the amount may be the Collector does not Expect to recover more than Rupees 250 from the Darogas nothing has been recovered from the Vender the ultimate loss will therefore be Rupees 7658-8-" or more.

5. Taking the deficiency to be Rupees 8954-7-" the Collector holds the Darogas to be answerable for Rupees 7454-7-" reserving him of Rupees 1500 to which amount

he

he was authorized to keep the Vender supplied. But the above is the value of Stamps that ought to have been forthcoming from which is to be deducted the amount actually forthcoming and the remainder is the deficiency and regarding the Darogah as responsible only for the amount of Stamps which he is allowed the Vender to have in possession over and above the prescribed amount the sum really chargable against him would seem to be only Rupees 6,408-8— 0 —

6— There is then a deficit of Rupees 7,908- or a little more and the only set off seem to be Rupees 250 recoverable from the Darogah against Rupees 6,408 for which at least he is answerable

7— The Board of Revenue after communication with the Collector have submitted their views on the several causes which in Extract Minutes of Consultation 11th May 1853 were noticed by Government as serving to screen or facilitate the speculations of the Stamp Vender, as also as to the course to be pursued for the recovery of the amount embezzled and as to the parties to be held answerable for it. They conclude

conclude by supporting the recommendation of the Collector that under the circumstances adverted to in Paras 13— 16- of their letter a fine of Rupees 96- 15- 6 be imposed upon the Treasurer Madoo Row as equivalent to the loss directly occasioned by his negligence and disregard of Orders and that when the Civil action now pending against the Darogah has been decided and the exact amount recoverable from that party has been ascertained the residue may be reported to Government for adjustment that is that it may be borne by the State.

Para 17— 8— If however the Government should not be prepared to accede to this recommendation the Board then propose the mode by which the defalcation may in their judgment be made good at least in part Viz: that the liability be extended to the European as well as to the Native Officers and that a Statement be drawn up shewing the exact amount of defalcation which took place during the tenure of Office of each Collector and each Sheristadar that the

Para 18. deficiency

deficiency which occurred in the time of those who have retired or are no longer living should be written off and that the remainder should be made good in the proportion of 2/3 ds by the Collector and 1/3 d by the Sheristadar.

9- The Right Honorable the Governor in Council has carefully considered the explanation offered and arguments urged both by the Board and the Collector. In one respect only does he see cause to modify the views already expressed by Government viz. as to the Character of the return of the parties furnishing Security submitted to the Board in the year 1847- The explanation given by the Board in Para 10 of their letter tends to place this part of the question in a more favorable aspect than that in which from the Board's previous representation the Government were led to regard it on other points the opinion of Government remains unaltered. It is manifest that there has been gross neglect and irregularity

irregularity for years in the Steam[illegible] Department of the Canara District and an absence of those checks and that control necessary for the protection of the public interests Looking however to all the circumstances of the case and in particular to the importance of the question which has arisen during its discussion as to the propriety of Extending the liability to the European no less than the Native Revenue Servants the Governor in Council has resolved to forward the whole of the Papers connected with the subject to the Honorable the Court of Directors and in special advertence to the reasons urged by the Board in Paras 13 to 16 of their Sub Secretary's letter for the Government taking upon itself the loss that has occurred as also to the sentiments thereon entertained by the Members of Government as recorded in their several Minutes to solicit the Orders of the Court for their guidance-

Requesting to be informed whether the term landed property in the Board's Circular Order dated 28th August 1829 is intended to include house Grounds and gardens acquired by Public Servants for their residence and recommending that the Head Sheristadar may be permitted to retain possession of a piece of land he acquired without obtaining the permission of the Collector.

Sir,

I have the honor to request that you will lay before the Board the accompanying Copy of a letter addressed to my predecessor by Venkatrow the Head Sheristadar of this District reporting the purchase by him of a piece of ground for the purpose of building a house. It appears that Mr. White considered that the Collector's permission ought previously to have been obtained under the Board's Circular Order of 28th August 1829 and therefore declined issuing orders for the Registry of the land in question. The Head Sheristadar stated in reply to this order that it had not struck him at

Fort St. George 3. November 1853.

at the time that previous notice should be given regarding acquiring lands of this description but that while preparing the statement of lands required by Circular Servants for Fasly 1261, something having occurred to his mind regarding this land he had himself brought it to the Collector's notice and never intended any thing wrong.

2. I have myself inspected the spot which is one suitable for a house and garden, but situated very near the River and rather liable perhaps to inundation. It is to be regretted that Venkatrow did not previously apply for the Collector's sanction before purchasing this land, but under the circumstances of the case, the omission being through inadvertence and the transaction otherwise unobjectionable I beg to recommend that the sanction of the Board may be given to his retaining possession of the land in question.

3. I take this opportunity of requesting the Board to inform me whether

whether the term landed property in the Circular Order above referred to is intended to include house grounds and gardens occupied by the Public Servants of the Collectors Establishment for the residences of themselves and their families.

From the Collector of Bellary

Reports with reference to the Board's Proceedings of the 20th January 1853 that no Marine Salt is manufactured in his District and that the Ab Karry Revenue has ever since the Country was ceded been Collected by the Collectors Department without any Extra charges and that to avoid an increase of charges which would have to be made if Superintendents are appointed — recommends the present plan to be allowed to continue —

Sir,

I have the honor to acknowledge receipt of the Extract from the Proceedings of the Board of Revenue dated 20th January 1853 forwarding an Extract containing paras 6. 7. 8. 9 and 12 of a Despatch from the Honorable the Court of Directors dated 31st August 1852, No. 13, the first four for information and guidance, and the last for consideration and report, and in reference to the question as to the utility of withdrawing the management of the Salt and Ab Karry Departments from the Collectors, to be placed under separate Officers to be designated "Superintendents of the Salt and Ab Karry Revenues" as has been done in Bengal, I have the honor to state that Marine Salt is not manufactured in

Fort St. George 3d November 1853.

in this District - as regards earth Salt which is manufactured here, I have already furnished the Board with a detailed report which I trust has been found to be satisfactory.

As regards the Ab Karry I beg to state that the Revenue has, ever since the District was ceded to the Honorable Company's Government, been collected by the Collectors Department free of Extra Charge by letting the Farms out on Contract, except that a Commission was up to Fusly 1244 allowed to the Collector on this account, which has since ceased. I am of opinion that as the Collector has better means than other Officers of ascertaining the respectability and fitness of the contractors, of taking measures for collecting the Revenue, and of ascertaining to what extent the Contractors make Collections in the Taloors, it would be advisable to avoid an increase of expense which would have to be incurred if Superintendents are appointed, and I would recommend that the present

From the Collector of Chingleput...
Replying to the Board's letter of the 30th June 1853. calling for remarks on a Petition No. 34 of 1853 complaining of the administration of the collector.

Board's No. 34 of 1853

Sir,

I have the honor to acknowledge the receipt of Sub Secretary Mr Cunliffe's letter of the 30th June forwarding for such remarks as I may wish to offer upon it, a Petition bearing the endorsement of Government, and calling my attention particularly to the Statements made in Paras 6 and 7 thereof.

As required, I beg to submit the following remarks. I unhesitatingly assert that the Statements contained in the Paras to which my attention is particularly called

called are without foundation - I hold Cutcherry as I have always done, in a manner to which no objection can possibly be made. No case of whatever nature is ever examined by me but that all parties concerned are admitted into my Office. I receive petitions 3 or 4 times in the week and all Parties on these occasions are called up and address themselves to me personally, when they individually receive my reply, and are made acquainted with the Instructions given without the assistance of an Interpreter.

3. All Persons who at any time are anxious to communicate with me personally on matters connected with Public business are admitted into my Office, and written applications for interviews for the said purpose are invariably attended to.

4. I am fully sensible of the propriety and importance of rendering myself accessible to the Inhabitants of the District and during the Progress of the Revenue Settlement, the Ryots of every Village have every opportunity of addressing me personally on

on all matters in which they may be interested, or regarding which they may have cause for grievance; when, their Statements meet with every attention - The necessary orders are given in their presence, and recorded in a Book kept for the purpose - Other subjects as regard the improvement of the Village, and the sources of Irrigation are discussed, and recorded, in view to all matters deserving of notice being attended to, in due course - In fact, my efforts are unceasingly directed towards the redressing of grievances, the listening to the wants of the People, and towards the adoption of measures conducive to their welfare - The Records of the Office shew that in the actual destribution of Puttahs, I was engaged, on an average, a week in each Talook.

5. It is with feelings of much concern that I find myself obliged to disabuse the Board and Government of an impression which I fear they must have formed as regards the imputations cast on me in a fictitious Petition of this nature.

6. The author of the Petition has evidently

For. St. George 3d. November 1853.

evidently no grounds for complaint himself, or would seek redress in a legitimate manner. In the fictitious name he has assumed, he does not mention the Village or even the Talook of which he is the Resident and the Petition has too apparently originated from feelings of vindictiveness towards certain Servants of my Establishment, in connexion with their public Capacity.—

7. To be called upon to offer an explanation in respect of allegations (which particularly apply to myself) contained in a Document of this sort, written and despatched through the Tappal, by intriguing Persons who have nothing to lose, must I venture to submit, produce an injurious effect on the feelings, conduct, and character of Native Public Servents serving under me; and at the same time lower my Prestige in the District.—

8. I am induced to hope that the circumstances noticed in reference to the nature of this Petition, have been overlooked; for I feel assured that so much

For. St. George 3d. November 1853.

importance would not be attached to a Petition, containing allegations, (false and malicious as they happen to be) against the character and conduct of Public Servants of Government, thus forwarded by a discontented, and an irresponsible Party screening himself under a fictitious name.—

I deem it so hardly necessary 9. to notice the other points of this Petition further, than to state that I am not aware of any Servants on my Establishment exercising as alleged, any undue influence. So long as Public Officers serving under me, act strictly in obedience to my orders, there can be no grounds for this assertion; and it cannot be shewn that the servants particularly referred to, exceed their authority. It too often happens that Officers whose services are most to be commended, are most liable to anonymous attacks of this nature by discontended, and designing Parties, whose sole object is, the gratification of their vindictive feelings by whatever dishonest and corrupt motives engendered. particularly in this District, abounding in anonymous

Petition

12939

Fort St. George 3d November 1853.

Petition writers.

10. I am bound in justice to the servants whose Character has been calumniated to state that they have not forfeited the good opinion I entertain of them by any acts that have come within my Knowledge, though this favorable notice of their conduct which I have been obliged to make, will I am aware tend to increase Jealousies towards them on the part of others.

Sir,

I beg to report to the Board
1. that I have been compelled to suspend
for 1 year the Suttimungalam Tah-
sildar, after many fruitless warnings
and admonitions, which seemed to have
no effect. Had I consulted only the good of
the public Service, I should have recom-
mended his entire removal, but I pre-
fer giving him an opportunity to re-
form and retrieve his character, to
summary dismissal.

2. The Tahsildar Sama Row's
chief and serious fault is great apathy
and idleness, taking no active interest
whatever in Roads, or public works
of any kind of which there are,
unfortunately, now a large number
in the Suttimungalum Talook.
I have been thro' his charge, and
stimulated and warned him

again and again; but without ef-
fect, the Roads are neglected,

equally so. bad materials col-
lected.

3. The Tahsildar was
in the habit of not coming to his
Cutcherry till 4, 5, or 6, in
the evening. there were also other
irregularities. He had been before
transferred from the Coimbatore

it. nothing short of a year's sus-

6 Thus for the first time the collections under this head exceed five lacs of Rupees. The highest Revenue realized before the admission of Goa Salt was Rupees 4,99,570-1-9. and when it is remembered that every 90 Rupees paid in frontier duty is equivalent to 120 realized by sale it will be seen how very satisfactory an increase has taken place.

7 This is made more clear by stating that the largest consumption previously recorded, and greatly above the average, that of 1257 Fusly, was 4,168-Garces that of the present year is 4,370, being 202 Garces in excess of that remarkably favorable year, or at the monopoly price

price an increase of Rupees 21,240-

8 The imports from Goa during the year have been very great, the duty levied being Rupees 11,906-13-7- in excess of the previous year. It is satisfactory to find that this does not arise from a decrease in the Bombay frontier there has been a rise there also on a comparison with the previous year as shown in the accounts furnished from that Presidency and given in Abstract in the margin.

On the Coast

* The new Cottages on the South bank of the river were opened in January.

10 The Cottay at Pana Mangalore sanction for which was received with the Board's Proceedings of the 13th December last was opened on the 1st January last and the sales commenced on the 8th of the same month.

11 The falling off in the sales for inland consumption at Buntwal is to be attributed solely to the opening of the Cottay at Pana Mangalore. The sales at both these places taken together exceed those of the previous year by Rupees 2,094-9-2. The sales at the tannahs of Hategul and Gwerxippah are in excess of the previous year by Rs 14,145 and Rs 1897 respectively, though they fall short of the amount realized in Fusly 1260, which is probably owing to a larger quantity of Goa Salt having been imported this year than in the previous. The transfer of the Salt Establishment from Coopinpatam to Hatigal at which place the sales are now conducted, has had a beneficial effect in as much as the amount realized this year is

is Rupees 14,445-9-7 in excess of the previous year. This is to be attributed to the facility the road affords for carriage.

12 The Cottays of Mahrokul, Angully, Woderhobly and Hallady exhibit a decrease in the sales to the extent of Rupees 1803-"-3. while on the other hand there is an increase in the neighbouring Cottays of Bajjay, Wandasay &c. These fluctuations are caused by accidental variations in the trade of the several Villages.

The increase again observable in the Casergode Tannah, Viz. Rupees 1765-12-9. is to be attributed to the opening of the new junction road and it has been progressive ever since the road was opened.

15. The above table shows a great decrease in the Mangalore, Belkul, Buntwal and Cundapoor Talooks. This decrease is in a great degree to be attributed to the frauds practised by the Boatmen during the transmission of the Salt. This is facilitated by the large allowances for wastage granted on Bombay Salt and I have failed to find a remedy. They deliver what they export from Bombay, minus the wastage, whether wastage has occurred or not and they have means of smuggling in the rest. With our own Salt they had to pay 20 Rs. per Garce for what they failed to deliver and unless the theft was proved, this was the only penalty. They had discovered their impunity and the per Centage of waste was increasing every year. The only remedy was to make them liable in the full Monopoly price and this I have done. The rates have of course been raised exorbitantly for this year, but Competition will bring them down, and no other remedy could be found, while it was essential that Government should not be thus openly robbed.

30. With reference to Mr. Hall's remarks contained in Para 15 of his Jummabundy Report, I beg to state that I find that there is a consider= =able Revenue levied in many parts of the District under the name of Moturpha which is really ground rent for the land situated in towns such as Pane Mangalore, Buntwal &c., on which Shops have been built. When the Moturpha tax is revised, this will come under consideration

+ For Fusly 1261 stated 9th August 1852.- Proceedings of the Board on Land Revenue for 1261 F. 16.-

consideration and I hope that it may be in my power shortly to address the Board on the subject.-

31. It has been brought to my notice by Mr. Chamier that a very oppressive tax is levied under the head of Moturpha, on the manufacture of Sugar from toddy. This is injurious in many ways, and especially so as deterring from the use of Toddy for this purpose, and thus placing a very poor Class more than ever at the mercy of the Toddy Contracters, and encourag= =ing or rather compelling the applica= =tion of toddy to the Manufacture of Spirituous liquor only.-

32. I have only to mention this I am sure to obtain the sanction of the Board for abolishing this tax, for it is most desirable, and is in accord= =ance with the letter and Spirit of the Regulation that the Ryots should not be compelled to make their toddy into Spi= =rituous drink. The people upon whom the tax is levied, are a very poor class, and the revenue derived from the tax is most trifling, though levied on a large number of persons. It is levied on

on 864 persons and yields Rs. 324-2-u-
I request the Board's sanction for discontinuing it.-

Tobacco 33. The revenue collected from this branch exhibits the decrease as compared with that of the preceding July and with the average of the past 5 years shown in the margin. This arises from the abolition of the Monopoly-

Ameendavi Islands. 35. The revenue derived from the Ameendavi Islands exhibits an increase of Rupees 613-1-9 when compared with the previous year and falls short of the 5 previous years by Rs. 4682-10-4 as shown in the margin. The decrease below the average is in consequence of a very large quantity of Coir having been sold in July 1260, which makes the average greater than it would otherwise have been.-

This amount is due by the Contractor of the ferry at Feringapett who entered upon the contract after the destruction of the bridge at that place and under the expectation that the bridge would not be reconstructed within the Fusly. The new bridge was completed and opened before the monsoon and it is therefore fair that the contract should be annulled and the balance remitted.-

38. Of the arrears outstanding at the beginning of the past year Rs. 6401-12-11- were collected within the Fusly and 5-4-11 subsequently and Rupees 18-10-8 were written off the accounts under Government Sanction, dated 28th January 1853, leaving a balance of Rs. 3-4-a due on account of

39. The amount of Rupees 761-9-3- was stolen out of the Cash Chest at Bijay in Fusly 1261. Of this Rs. 337-13-7 have been Collected during the present Fusly from the Servants of the depot. Rupees 39-7-a were due to advance for public works and have been replaced, and the remainder Rs. 298-6-7- is retained in deposit after the whole has been collected, it will be brought to the Government credit.-

No. 101.

To B. Cunliffe Esqre
Acting Secretary to the
Board of Revenue-
Fort St. George-

52

Sir,

B. No. 2865- From the Collector of Canara Forwards an Advertisement for the sale of certain landed Estates for arrears of revenue to be published in the Board's Office-

I have the honor to forward for publication in the Board's Office an Advertisement for the sale of certain landed Estates for arrears of Revenue-

1.

2- This is a case in which the whole Estate is able to pay the full assessment but the more valuable portion is held by a tenant on Moolguemy, while the inferior portion only remains in the possession of the Moolgar- The Moolgar is willing to abandon all that is left in his possession- The only means of realizing the Government dues, is the sale of the whole Estate, so that it may be held by one party responsible for the whole of the Government Assessment- In Fusly 1263 the land was let at the amount of the Government demand-

Estate No 1.

Estate No 2-

3- In this case the landlord has abandoned the land, and it has for some time

time past been Cultivated under arrangements
made by the Government servants - But for two
years tenants have not been found - If the land
is put up to sale and a good tiltte is thus
created, it will most probably be permanently
Cultivated and improved but not otherwise -
The land consists of Acres 3 - 37 - 5 of rice
field, and it appears that this is sufficient to
enable the owner to pay the Government demand -

Estate No. 3. 4. The owner of this land has fallen
into difficulties - The Jaraa Beriz of this Estate
is Rupees 73 - 9 - 7 of this the amount of Rupees
2 - 12 - 5. is suspended under the head of "Board
Shifurish Remissions" and the remainder
Rupees 70 - 13 - 2 is considered recoverable -
This amount has been regularly collected up
to Fasly 1258, when the owner mortgaged a
portion of the land at a comparatively
low assessment and took the payment of the
excess upon himself which if equally
apportioned would fall upon the Mortgaged
portion

portion - He has since been found to be involved
in great difficulties and consequently ran into
arrears consecutively from Fasly 1259 to 1262.
The Mortgagees object to the payment of the
Government demand as apportioned according
to the produce of the land transferred to
them - To redeem it therefore from the
present Mortgagees, and to place it in the
hands of one and the same person, seems to
be the only means of securing the regular
realization of the Government demand upon
it - It is therefore recommended that it be
sold by public Auction -

5. The land at present is divided
as follows -

	Extent -	Assessment.
	A. G. A.	Rs. A. P.
Held by the Defaulter	3 - 13 - 5½	58 - 13 - 2.
" by the Mortgagees.	2 - 13 - 3.	12 - " - " -
	5 - 26 - 8½	70 - 13 - 2.

6. The Mortgagees will thus
be found to pay no more than about 6 Rupees
per

per Acre, while the landlord discharges the Government demand upon his portion at as high a rate as 18 Rupees per Acre, being three times the amount paid by the Mortgagees - The whole of the land consists of Rice cultivation, except A. G. A. — 1 — 17 — 10 of Bagayet or Garden, on the whole the Government demand may be considered heavy but the land being situated in one of the principal towns - Honore, it will not, it appears, fail to be competed for at a public sale -

Estate No. 4. 7- This land is also situated in the town of Honore. The present holder purchased it from the Original Moolgar and continued to pay the Government demand for some years with promptness - Having subsequently contracted debts and being subjected to Civil prosecutions at the hands of his creditors he abandoned the Cultivation of the land, and suffered it to be waste in Fusly 1260. He has offered a resignation for the Estate on this account, but

but he holds a Moolgueny right on the pro= =perty from the original proprietor obtained before the property came into his possession by purchase - For this purpose and because there is a judgment claim upon the Defaulter other persons hesitate to under=take the Cultivation - From want of due attention 8- moreover, some part of the land has been carried away by the river and the remainder is entirely waste, so that there is nothing upon it in the shape of "Huzur Heatwally" - If the present rights upon the land are removed by means of a public sale by Government, it appears that prompt offers may be expected for its purchase, the land being situated in a populous town - The assess=ment for Fuslies 1261 and 1262 was fixed upon the spontaneous produce of the land and the same carried to account - The land consists as follows -

	A.	G.	A.
Rice land	1	5	"
Garden Do.	"	25	8
Deduct carried off by river	"	13	"
	"	12	8
	1	17	8

Estate No. 5. 9. This Estate consists of two separate portions

portions one is held by the Defaulter and the other by a purchaser Viz:-

	Extent-	Assessment-
By the Defaulter	10—10—8.	46—13—2.
" Purchaser	21—20—3¼	78—8—5-
	31—30—11¼	125—5—7-

10. The purchaser pays his share which has been apportioned adquately upon the produce of the portion held by him- The Moolgar a Defaulter upon whose portion the arrears have accrued resides in the Mysore Country and Cultivates the land by means of tenants- The land has been neglected nor will it be duly attended to unless by some persons having a proprietors right. A Civil judgment has also been issued against the Defaulter. It is therefore recommended that the portion held by him be sold by public Auction with the view of securing the Government demand upon it- The land was let in Fusly 1262 at the amount of the assessment-

Fusly	Rs	A.	P.
1260	20	12	1-
1261	18	"	8-
	38	12	9.

Estate Nos 6 and 7-

11. Both of these Estates were obtained by the Defaulter on purchases from one Faheer Beary who bought them at a public sale

sale in satisfaction of a judgment against the original proprietor- The assessment was regularly paid up to Fusly 1259 by the present Defaulter- In 1260, he ran into arrears and abandoned the Cultivation. In Fusly 1261, the lands were Cultivated under the orders of the Government servants and the amount so collected has been carried to the credit of Government, and the balance is the amount of arrears outstanding for that Fusly for which the Estate is considered responsible- In 1262 the lands were let merely at the amount of the assessment. To ensure the regular realization of the Government demand, it is necessary that these Estates should be cleared of all claim by public sale.-

12. The area of the Estates is as follows-

From Collector of Canara.

Sir,

I have the honor to forward a translation of a Plaint filed by one Govinda Hegaday in O. S. No. 3 / 1853 in the Civil Court of Honore, against me as Collector of Canara, together with a draft of an answer. I propose to put in, and request that the Board will be pleased to obtain the sanction of Government for my defending this suit at the public cost.

The answer now submitted will, I believe sufficiently explain the nature of the suit.

To, The Civil Court of
Honore.

Plaint preferred by Govinda Hegady landholder residing at Bahlacoppah Village, Perroor Mogany, in Sonda Talook, against 1. Ivarraynah son of Nagappa a Goldsmith residing in

Fort St. George 3d November 1853.

in the aforesaid Village, 2 Deva Shetty son of Soobba shetty, 3 his younger brother Innujoo, 4. their brotherinlaw Nagappa, 5 his son Susumaya, and 6 F. A. Malthy Esqre Collector of Canara on the 25th May 1853.

While I was enjoying from my ancestors the garden bounded as specified hereunder and forming part of the estate Mooly No 1 situated in the said Village, the 1st Defendant came to me in the year Rusa, and begged of me much before respectable persons to allow him and his family to live in a thatched house having 3 rooms, standing on the said ground which was built by me, promising to pay an annual rent of Rs 3 for the house & to give it at my pleasure, Accordingly I let out the house to him on those terms, after having received a kurar from him to that effect. The 1st Defendant lived in the house with his Cousins the 2d and 3d Defendants, and their relatives, the 4th and 5th and paid me rent agreeably to the agreement he had made. Subsequently the 2d 3d 4th and 5th Defendants, having prevented us from watering the Cocoanut plants Viz in the said garden which was in our enjoyment, and caused other disturbances, my elder brother's son, Somappa, preferred a complaint against them before the

Fort St. George 3d November 1853.

the Tahsildar of the Taluk and the 4th and 5th Defendants to whom the 2d and 3d had given Vakalats, having settled the matter amicably, executed a Kaboolnamah in March of Fusly 157 to the effect that the garden belonged to us and that they would not interfere with us in the enjoyment of it.-

2. The 5th Defendant having again caused disturbances, the Tahsildar inflicted a penalty on him. Subsequently the 2d Defendant preferred a Complaint, stating that I had pulled down the hedge of the garden and planted Cocoanut seedlings and caused other disturbances Though the complaint was evidently a groundless one and tho' during the investigation of the case I had adduced sufficient proofs in support of the fact of the said garden being my property, the Sub Collector Mr Ball did not take the documents and other evidences in my favor into consideration, but declared the ground to be Government property, and unjustly passed an order in Rev Dr 296 directing that the ground should be given to the 2d Defendant on a fixed beriz, from which order I appealed to the 6th Defendant who, instead of instituting due enquiry into the matter, believed the Sub Collector's order to be just and confirmed it, and unjustly passed an order to

the

Fort St. George 3d. November 1853.

the Tahsildar of Londah Talook in Revd. 230, of the current Fusly, to the same effect.

3. It appears from the accounts of the survey of the said garden, made after it had been newly included in the Estate No. 1 and the Pazeenamah and other documents abovementioned which are forthcoming, in the Huzzoor record, from the fact of my garden being mentioned in the accounts of the sale of certain lands bordering on it, as forming one of the boundaries, as well as from the fact of the cocoanut and other trees which have been planted in the said garden by my ancestors, during the course of 250 years, being extant, that this garden belongs to my Mooly Estate; and while I have been enjoying it being free, it has been declared by the above order that it is the property of Government; and I have been thus deprived of my ancestral property. As I cannot recover from the Defendants from 1 to 5 the said garden and house and the rent of it unless the abovementioned order is reversed, I have brought this suit against all the 6th. Defendants:-

4. The 1st Defendant has paid the rent for the house up to the year Sadarana

Ap.

Fort St. George 3d. November 1853.

As he has however discontinued to do so since the 2d. Defendant has preferred the complaint mentioned above, and as he has not quitted the house, but is still living in it with the Defendants from 2 to 5, and causing annoyance and trouble, I have brought this suit to recover from him Rupees 6. the rent for 2 years, Paridavi and Virodicrootoo and a thatched house with 3 rooms, valued at Rupees 20 and a garden producing Rupees 5 bounded on the East, by a stone embankment, on the West by Bommamana Kudavar, on the North by the ditch Horeore and on the South by my garden; and pray that the order passed by the 6th. Defendant affecting my right, may be reversed and the Defendants from 1 to 5 be made to give the house over to me.-

No. 2.

Answer proposed to be filed by the 6th. Defendant in Original Suit No. 3 of 1853, filed by Balicoppa Govinda Hegaday of Herror Mogany in Londa Talook.-

The Plaintiff states that the ground

ground occupied by the other Defendants form-
ing part of his Wurg Mooly No. 3 of the said
Village, was rented from him by the 1st. Defend-
ant, who was living on it, together with the
other Defendants, that subsequently disputes
having taken place between him /Plaintiff/
and them, regarding the said ground, the
Sub Collector Mr. Hall made enquiries into the
matter and declared the ground to be the property
of Government, and passed an order that a
beriz should be fixed on it and it be given
to the 2d. Defendant - that upon his appeal
-ing from this order to the 6th. Defendant as
/Collector/ he /Collector/ confirmed the order
passed by the Sub Collector and prays that
the said order may be reversed, and the ground
may be restored to him.-

The Plaintiff has admitted before
the Revenue-authorities, during the enquiry
that the ground claimed by him, belongs to Gov-
ernment, and that no beriz was fixed on it.
From the accounts of the survey of his estate
formerly made, it does not appear that the
ground in question is included in his Wurg
which circumstance is a sufficient proof that
it is the property of Government. The
Plaintiff

Plaintiff states, that disputes having taken
place between him /Plaintiff/ and the other
Defendants regarding the very same
piece of ground, a complaint was brought
before the Tahsildar in the matter which
was afterwards adjusted on Rajeenamah, in
which it was stated that the defendants were
holding the ground under him /Plaintiff/
and also that it was entered in the Revenue
accounts in his name. It is true that a dis-
pute had taken place, and that it was ad-
justed on Rajeenamah; but such a Rajeena
-mah, does in no way, affect the right of
Government, nor is it true that the ground is
included within his Wurg, as he /Plaintiff/ states.

It lies in the Collector's power
to fix beriz on any ground which is not
assessed. As the ground in question is close
to his /Plaintiffs/ land as he held the office of
Potail, it is not unlikely that the Defendants
may have occupied the ground at first
with his consent, but as it appeared to
the Sub Collector, on enquiry, that the pre-
sent right of enjoyment is the 2d. De-
fendants he has fixed a beriz on it, to be

Collected.

Fort St. George 3d. November 1853.

Collected as quit rent, from that party. The Plaintiff presented an appeal to the Collector (6th. Defendant) On reference to the original proceedings, the order passed by the Sub Collector appeared to be just, and was confirmed.

The 6th. defendant urges that the Plaintiff has no title to the ground in question as he has no Government grant for it, and it is not included in his Wurg, and prays that his suit may be dismissed.

Extent of the ground in question ascertained by measurement—9 3/4 goontahs. Beriz at 3 annas per goontah, to be collected under the head of quit rent—Rs. 1—13—3.

Resolved

Fort St. George 3d. November 1853.

No. 508.

B. & P. 2292. Proceedings thereon recorded together with its enclosures submitted for the information and orders of the Right Honorable the Governor in Council

submitting a letter from the Collector of Canara forwarding translation of a Plaint filed against him and others in the Civil Court at Honore with Draft of a proposed answer and recommending that the Collector be authorized to file his proposed answer and conduct the defence at the public expence—

Resolved that the letter above

This action has been instituted by Govinda Degaday for the recovery of a Garden from the 2d Defendant under the following circumstances

2

Defendants
1- Narayanah
2- Deva shetty
3- Munjoo
4- Nagappa
5- Lingoomayya
6- T. N. Malthy Esqr.

The plaintiff states that the garden in question formed part of his Estate wurg and was rented from him by the 1st Defendant who was living on it with the other Defendants from 2d. to 5th. That subsequently disputes having taken place between him (Plaintiff) and them regarding the said ground, a complaint was preferred to Mr. Hall the Sub Collector who made enquiries into the matter, and declared the garden to be the property of Government. He also passed an order that a beriz should be fixed on it, and that

Fort St. George 3d November 1853.

that the garden should be given to the 2d Defendant The Plaintiff thereupon appealed to the Collector who confirmed the decision of Mr Hall The object of the suit therefore is to obtain the reversal of Mr Mallby's judgment and the restoration of the land to the Plaintiff.—

3 In the draft answer which the Collector proposes to file it is alleged that from the survey accounts of the estate it does not appear that the Garden claimed by the Plaintiff is included in his wurg but that on the contrary the Plaintiff himself admitted before the Revenue authorities during the enquiry that the ground belonged to Government and that no levies was fixed on it & that under these circumstances there can be no doubt of the Collectors right to fix a rent on the Garden which was accordingly done and ordered to be collected from the 2d Defendant the party in present possession.

4 As the Board consider the above arguments to constitute a good and

Fort St. George 3d November 1853

valid defence they beg to recommend that the Collector may be authorized to file his proposed answer and conduct the defence at the public cost.

Sir,

With reference to the Extract from the

Fort St George 7th November 1853.

the Minutes of Consultation under date the 31st May 1853 requesting that in the event of the question propounded in the Extract from the Minutes of Consultation of the 17th December 1851 being fully discussed and authoritatively settled on the hearing of the case adverted to in my predecessor's letter of the 3d May last, the result might be reported to Government, I am directed to state that the question referred to was not discussed on the hearing of the case alluded to, but that in the event of one of the parties to the said case filing a regular suit in one of the Courts in the Provinces for the establishment of the claim preferred by him, which is by no means improbable, the question will in all probability form matter for judicial decision, and the Judges do not therefore deem themselves justified in recording an extra judicial opinion on the point.

Read the following Papers.

No. 882.

To T. Pycroft Esqre.
Secretary to the
Government of Fort St. George

Dated the 19th August 1853.

Sir

I am directed by the Most Noble the Governor General of India in Council to transmit to you the accompanying 20 Copies of Printed Papers regarding the periodical examinations in Bengal of Assistants in the Revenue and Judicial Departments and in connection therewith to communicate the following observations and orders.

2 The want of any test of the qualifications and progress of Junior Members of the Civil Service after they had passed out of College & forcibly

forcibly attracted the attention of the Most Noble the Governor of Bengal shortly after His Lordship assumed the administration of that Government.—

3 The deficiency was supplied by the Resolution of the Government of Bengal passed on the 19th of November 1851 for the examination of Assistants whereby it was determined that no Assistant shall be vested with Special powers in the Revenue and Magisterial Departments until he shall have passed an examination according to a certain standard, and that no Assistant shall be vested with the full powers of a Joint Magistrate and Deputy Collector until he shall have passed an Examination according to a certain higher standard, and shall have been in the actual exercise of Special powers for at least One year.—

4 The Honorable Court in their Dispatch of the 16 June 1852 to the Bengal Government entirely concurred in the propriety of laying down rules for testing the

the qualifications of Gentlemen, before they are promoted to situations of trust and authority. In relation to the details of the Plan they remarked on the necessity of carefully observing its operation so that it may receive whatever modifications experience may show to be advisable. They said that great caution must be observed not to allow the periodical examination to be regarded as exhibitions of skill in philological or Scientific attainments, and to make them exclusively a practical test of Official fitness; so as not to allow ready and self possessed Men by special preparation, to out do others possess of the more valuable qualities of patience, Sagacity, and good Sense, and with this view they doubted whether every Assistant should not be examined at his own Station. They said it would not be proper that examinations should take place in the presence of Native Servants, subject to the authority of the Examiners.

5 In a Dispatch to the Government of India of the same date the Honorable

Honorable Court desired that if the periodical Examinations of Assistants in the Revenue and Judicial Departments to which it relates shall be found to promote the object for which they have been instituted you will give instructions that a similar system may be adopted under the other Presidencies.

In regard to the points on which the Honorable Court caution the Bengal Government, it may be mentioned that when the examination rules were framed, no point appears to have engaged more sedulous attention than the giving of an exclusively practical and business like character to these examinations. There is no out doing of one another amongst the Examiners, the sole business of every one of them being to come up to a prescribed standard. No Book is read, no attempt to ascertain the philological knowledge of an Examinee is made no ability to read write or speak the Native languages is tested beyond the every day requirements of a Cutchery, nothing is read but actual Papers in real cases, nothing is required to be written or

dictated but such orders and translations as require to be made every day in a Collectors or Magistrates Office, nothing is spoken about but the subjects of Official business which it is every Officers duty intelligently to hear about and intelligibly to speak about every day of his life. Nothing of any science of the laws Orders and practice by which an Officer must be guided in every case that comes before him is a subject of Examination. Points of difficulty or rare occurrence, as also all such questions as can be crammed for are specially and in precise words excluded; the Examiners are warned that the object is not to evoke subtlety or ingenuity but only to ascertain whether the acquisitions and capacity of the person examined are adequate to enable him to perform fitly the important functions of an Indian Magistrate and Collector or not. There seems nothing here pointing to philological or scientific attainments, or disregardful of the proofs and results of patience assiduity and good sense. Moreover at the suggestion of the Most Noble the Governor of Bengal the Central examination

examination Committee have recently so far modified the Rules as to alter one or two expressions which interpreted literally and strictly applied rendered the examination unduly rigorous.

7 The examinations do not take place in the presence of Native Servants subject to the authority of the gentlemen examined.

8 The plan of holding examination of all the Assistants of a Division together, under their Common Chief the Commissioner of the Division and a Select Committee in place of examining each assistant at his own station, as suggested by the Honorable Court has been found to answer excellently in practice. It is to be observed that the work of the assistant at his station, is reported on by his immediate superiors, and Specimens of it are sent up to the Divisional Committee. It is one of the points of enquiry before the Divisional Committee.

9 The first question now to be determined

determined seems to be this do the examination rules require proof of more capacity and acquirements than are reasonably to be expected in a gentleman vested with the official functions for exercising which they are intended to test his fitness and then will arise as secondary questions first was any thing of the nature of this examination system needed in the actual state of things and secondly do these Rules require such high capacity and extraordinary acquirements as cannot generally be supplied by existing materials?

10 It will be best to examine with this view each standard separately.

11 To commence with the more important the second or higher standard the passing according to which after a certain experience in an office of lower power qualifies an assistant for holding the full powers of a Joint Magistrate and Deputy Collector. These powers are in fact with the exception of the administrative charge of a District the powers of a Magistrate and of a Collector.

In

In respect to all individual cases entrusted to the Holder they are precisely the powers of a Magistrate and Collector and there is no appeal from the decision or sentence of the Holder of them, except such an appeal as lies from the decision or sentence of a Magistrate or Collector of a District In Criminal Cases, these powers extend, to sentences of two years and in some cases three years imprisonment; with hard labor In the Revenue Department they cannot be succinctly described but how multifarious and how important are a Collectors functions is the greatest interest in the Country is well known to all who know any thing about India With this in mind, it is easy to determine, on a bare perusal of the Rules that there is nothing therein insisted upon, which it is unreasonable to expect in every Officer vested with such large powers

12 The question of the need for, or the actual state of things in Bengal of some such system as this examination system, was affirmed before the introduction of the system by every Member of the Sudder Court

Court every Member of the Board of Revenue and every Superintendent of Police without exception and assuming the propriety of the test imposed, the actual results of the examination will afford proof of the soundness or unsoundness of that opinion So also it will afford proof of the Capability of existing materials to supply generally what is required or otherwise With these objects a careful analysis of the results of the three examinations that have taken place has been prepared, and is annexed hereto.

13 At the time of the first examination held Chiefly on the 2d of February 1852 very soon after the promulgation of the Rules (which was the first intimation those actually vested with full powers had that they were to be subject to an examination) there were under the Bengal Government 18 Assistants vested with full powers Under the old System there would have been a larger number but for some time back commencing during the Government of the Most Noble the present Governor the early and somewhat

somewhat too indiscriminate grant of full powers had been checked and lately had been nearly suspended in anticipation of the examination rules.

It Of these 18 there were two absent on sick leave eight came up to examination and eight did not. In order not to take those gentlemen by surprize it had been provided that the rules should not apply to them till the time of the second half yearly examination should come. Their attendance at the first was therefore optional. Of the eight who were examined three were passed and five on that occasion failed. Of the five who failed two obtained promotion before the time of the second half yearly examination came round, and of the eight who did not come up to examination one similarly obtained promotion. These three gentlemen therefore were never again examined.

15 It may then be safely assumed either from the tacit acknowledgment of the gentlemen themselves or from the result of the test that of all the eighteen assistants who were vested with full powers at

at the time of the first examination only three were qualified for those powers according to the standard of the examination Rules. If therefore that standard be not pronounced to require more than can reasonably be expected from every person vested with full Magisterial and Collectorate Powers it must be admitted that the present experiment has demonstrated that some such stringent system as the one now in question was needed, in the actual state of things in Bengal.

Of the eleven Assistants so vested with full powers who remained after the first examination until the time for the second examination arrived subject to examination, five passed at the next half yearly examination and five at the one next after that being the last one held. One alone is still unpassed, being one of the two gentlemen absent on Sick leave on the first occasion.

It may safely be pronounced

17 that this result has proved that the Rules in question do not require any such extraordinary capacity or acquirements as

as cannot generally be supplied by existing materials It proves that from some defect of System the mass of young men used to begin the effective part of their official career, very greatly below the degree of efficiency to which so far as yet appears every one of them when properly stimulated was capable of attaining in a short time.—

18 It is neat to be shown how the second Standard has worked in respect to all to whom it has yet been applied.—

19 At the three examinations that have taken place 29 gentlemen have been passed as qualified for full powers and four who came up to last examination failed to pass. Except the one absentee of the older class first discussed there appear to have been none on whom it was incumbent to be examined according to the second standard, who were absent on this last occasion.

20 Of the above 29 Assistants 5 have been promoted to Joint Magistracy and Deputy Collectorates of the second grade leaving still on the list of Assistants 24

24 who have proved themselves qualified for full powers. It will be observed that this is 6 more than the number of untested Assistants in the actual exercise of full powers when the examination system was introduced. There were then 18 full power Assistants out of a body of 47 Assistants of all Classes. There are now 24 passed full power Assistants, and 2a more unpassed full power Assistants of the older class out of a body of 50 Assistants of all classes. Thus there is no danger of a reduction of the necessary number of full power Assistants, by reason of the examination system. On the contrary, that system has reinforced the number of the highest class of Assistants besides having already supplied five tested men to the next highest grade of the service.—

21. So minute an analysis of the result of the examinations according to the first standard will not be necessary. At the time of the first examination there

1a One of these is the gentleman referred to in para 17 as absent on Sick leave and the other is a gentleman who was specially employed in a non Regulation Province, and therefore was not subject to Examination in 1852. Both must still pass before they can be promoted to a joint Magistracy and Deputy Collectorate.—

there were fourteen Assistants with ordinary powers. Of these three have already passed by both standards five have passed by the first standard, one has changed his appointment to the North Western Provinces, and three have still to pass by the first Standard.-

22. On the whole, at the last examination fifteen gentlemen pass-ed by the second standard, and four failed by it, four passed by the first standard, and seven failed by it of whom one, not having been six months at his station, was a valunteer examinee. Eleven Assistants were not examined, of whom six were not required by the Rules to be examined, one was on leave, and one was sick, leaving three whose absence is not accounted for.-

23. From the Abstract of the result of all three examinations appended hereto it will be seen that the average time after getting out of College at which the first standard has been passed, is one year and eight Months; and that at which the Second Standard has been

passed, is about four years. But this average is so great, owing solely to the large number of the older Clafs who have passed, and who had already been several years out of College, when the system came into operation. Making allowance for this temporary circumstance, and observing the large number (thirteen) of the younger clafs, who have passed by the second standard in lefs than three years after getting out of College, there will appear to be no reason to fear that in respect of those who shall have left College after the promulgation of the system, the expectation will not be fulfilled, which was expressed at the end of the Resolution of the Bengal Government, namely "that a man who has passed a College examination, being of ordinary understanding and capability, "who fairly applies himself with proper diligence to his business, and makes it his daily object to familiarize himself with the languages of the Country, "may pass it" (the Second Standard) "after two or three years of Mofufsil experience.-

24.- The Most Noble the Governor General in Council is of opinion that the result above described justify the conclusion that some such system of examination was urgently needed in Bengal, that the system adopted thre has been already of great practical benefit, and that it has been experimentally shown to be a good system. His Lordship in Council has therefore resolved, in accordance with the instructions of the Honorable the Court of Directors, now to

order

Fort St. George 7th November 1853.

order its introduction under all the local Governments, and in the Punjaub, with such improvements as it may be susceptible of, and such adaptations to the circumstances of each Presidency, and the Punjaub, as may be necessary. There is certainly no such difference of administration in the other Governments, and in the Punjaub, as can cause what has been proved to be necessary here to be otherwise than necessary under them. The necessity beyond a question, exists now every where else at the very least as much as it did in Bengal in 1851.

25 I am therefore directed to request that the Right Honorable the Governor in Council will favor the Supreme Government with as little delay as possible with any observations or suggestions he may desire to offer regarding the mode of introducing the Bengal System of examination of Assistants into the Madras Presidency and the modifications of that system which may be necessary to adapt it to the circumstances of that Presidency. In the mean time pending the consideration of the necessary modifications, the Most Noble the Governor General in Council suggests that it might be of advantage to notify as soon as possible in general terms, what is about to be done, in order to give the young men time to prepare themselves before hand. The notification, in general terms, might be made to correspond with what was done in Bengal, if it be provided that all Civil Servants, not holding substantively offices of which the Salary is Rs. 700 a Month or more shall be subject to examination, and that after six or eight

Fort St. George 7th November 1853.

eight Months from the date of the notice, no Unpassed servant subject to examination shall be promoted, promotion after that time, in ordinary cases, being made in the order of passing.-

26. With reference to the caution of the Honorable the Court of Directors, noticed in para 7 of this letter, the Governor General in Council would enjoin upon the Right Honorable the Governor in Council to be always watchful, when the examinations have been introduced, that they are held in the same wholly practical spirit in which they were meant to be held. What precise degree of bad spelling, bad grammar, and bad idiom should be passed over as immaterial, is a point on which, within certain limits, opinions and practice will unavoidably vary. But as yet, in the infancy of the system, the leaning should be, as it has very properly been in Bengal towards a large allowance on this head.-

27. It is to be understood that no Junior Assistant should be employed in other than the Revenue and Judicial Departments such as the General Treasury and Custom House, until he has passed the examination according to the second Standard. It will be much better for the individuals themselves and for the public interests, to allow no class of Civil Servants however small, to spring up incapable of employment on general service.-

From the Offg. Under Secy. to the Government of India

Here enter 19th September 1853 No. 758

Para 1. With the letter above recorded, the Government of India transmit printed papers regarding the periodical examinations in Bengal of Assistants in the Revenue and Judicial Departments, and call for any observations or suggestions that this Government may desire to offer, on the mode of introducing the Bengal system into Madras, and the modifications which may be necessary to adopt it to the circumstances of this Presidency.—

2. In Bengal, there are two examinations, one for the first, another for the second, or highest standard.—

3. The first examination must be passed by all Assistants before they can be vested with special powers, the second or more difficult examination must be passed by all Assistants before they can be vested with the full powers of a Joint Magistrate or of a Deputy Collector.—

4. Under the special powers given to Assistant Magistrates in Bengal they have Jurisdiction to award sentences

of

Report of Indian Law Commissioners 2d July 1842 P28.

of 6 Months imprisonment, with a fine not exceeding Rupees 200, commutable if not paid, to 6 Months more. In cases of theft, they can adjudge 6 Months imprisonment with a further period of imprisonment for one Month, in lieu of corporal punishment.-

5.- The Joint Magistrate in Bengal has in criminal matters a larger power of imprisonment than appertains to a Subordinate Criminal Judge in the Madras Provinces. In certain cases, he can award a sentence of three years imprisonment, and hard labor, the third year being substituted for corporal punishment, whereas a Subordinate Judge can inflict imprisonment with labor for two years only, but to this may be added Corporal punishment, the latter not being commutable by law as in Bengal for a special term of imprisonment.-

From Govt. of India 19th Augt. 1830 P11

6. The powers of a Deputy Collector in Bengal are stated to be those of a Collector, with the exception of the administrative charge of a District. He would

would seem to correspond to a Sub Collector under the Madras Presidency.-

7.- It is understood that there are three grades of Assistants in Bengal 1 Ordinary Assistants, 2dly Assistants vested with special powers 3dly Assistants vested with full powers i.e the full powers of a Joint Magistrate or of a Deputy Collector. From this last, the Assistant is promoted to be joint Magistrate or Deputy Collector.-

8.- The investiture of special powers confers no increase of salary, when full powers are given the pay of the Assistant is raised from 400 to 500 Rupees per Mensem. The salary of a Joint Magistrate and Deputy Collector of the 2d grade is Rupees 700. Those of the 1st grade receive it is believed, 900 Rupees per Mensem.-

9.- There are no Officers in the Madras Establishment corresponding to Bengal Assistants, with full powers, that is Assistants exercising the full powers of Joint Magistrate or Deputy Collector on lower rates of pay.-

10.- When the Bengal rules were promulgated, it was notified that "all those "actually

"actually vested with full powers," were to be examined, no less than the Assistants desirous of obtaining such powers. By the phrase "actually vested with full powers" must have been meant Assistants of the 3d grade above mentioned, Assistants drawing 500 Rupees a Month. Not parties holding the substantive Offices of Joint Magistrate or Deputy Collector.—

11. From the table appended to Mr. Officiating Secretary Plowden's letter it is seen that the maximum time which intervened between the Assistants leaving the College of Fort William and passing the examination by the second standard was 6 years and 3 Months— the minimum 3y 2m 1—9 the general average of 29 examined 3y 2m 9—6/29. adding 1—9 for the time spent in College, it would seem that none of the men examined were more than about 8 years standing.—

12 The maximum time after quitting College at which the first examination was passed was 2—6 the minimum 1—1 the average of 10 examined 1—7—9/10.—

13. These averages, or at least the first of them, have been enhanced on account of the large number of men who had already been several years out of College when the System came into operation. The Bengal Government anticipate that as regards those men who have left College after the promulgation of the rules "a man who has passed a College examination "being of ordinary understanding and capability, who fairly applies himself with proper "diligence to his business, and makes it his "daily objects to familiarize himself with the languages of the country may pass the second "standard after two or three years of mofussil "experience".—

14. The spirit of the Bengal Rules, would, it appears to the Right Honorable the Governor in Council, be most correctly acted up to in Madras, if there being here as there, two examinations, all assistants were required to pass the first or least difficult one in order to qualify themselves for the Office of Head assistant or acting Head assistant including Head assistant to the Accountant General and Head assistant to the Registrar to the Court

Court of Sudr and Foujdaree Udalut/ to entitle them to the increase of 50 Pagodas per Mensem after five years service, and if all Assistants or Head Assistants were required to pass the second or severer test before being appointed Sub Collector or Sub Judge, or to the cognate offices of Deputy Secretary to Government, Deputy Register Sudr and Foujdaree Udalut, Sub Secretary Board of Revenue, Deputy Collector Sea Customs, or to act in any of these capacities.—

15. In this case every Assistant now in the service or who may hereafter enter it, will have to pass two examinations one to qualify himself for becoming Head Assistant, and one for Sub Collector or Sub Judge. Every Head Assistant now in that grade will have to pass the higher examination, or that for Sub Collector and Joint Magistrate or Sub Judge.

16. Under existing Orders C. of Foujdaree Udalut 30th January 1824 and 7th June 1834, Assistants of less than one year's mofussil experience, and who are not in revenue Charge of a Talook, are prohibited from

from inflicting punishment in execution of sentences passed by them without the express sanction of the Magistrate. The Government would in addition direct that when Assistants are empowered to try cases and adjudge and inflict punishments of their own authority, their jurisdiction be confined to petty Offences and petty thefts, as specified in Sections 32 and 33 of Regulation 9 of 1816, Viz. the original jurisdiction of the Magistrates, until they have passed the first examination, after which time only should they be permitted to exercise the larger powers conferred by Act XXVII 1843.—

17. There are several Civil servants absent from India on Furlough who left the Country as Head Assistants. On their return, they will expect employment as sub Collectors or acting Sub Collectors Subordinate Judges or acting Subordinate Judges, It would bear hardly upon such men to be denied promotion until they had passed the prescribed / or second standard / examination. This might be obviated by making the retention of the appointments or acting appointment contingent on the examination.

examination being passed within a given time
18. In Bengal, the Assistants
are examined for the second standard in
two languages, Bengálí and Hindoostanee
a lower degree of proficiency being required
in that language which is not the verna-
cular of the District in which the party
examined is employed. Similarly the
examination for the higher standard
at Madras will embrace two languages
Under ordinary circumstances, these languages
will be Tamil and Teloogoo these important
dialects which divide between them
nearly the whole of the Madras Presidency
The Assistant will be at liberty to select
either Tamil or Teloogoo for his first ex-
amination, and the other will be his second
language. Assistants however employed
in Malabar and Canara will be allowed
to take up Malialum or Canarese
respectively either for their first or second
language, but the other tongue must al-
ways be Tamil or Teloogoo. Prior to 1842
Junior Civil Servants were permitted
to Study in College Hindoostanee as a

second language. The cases of such parties
will be regarded as exceptional, and the
Government will on application, determine
according to circumstances whether such
person may be examined in Hindoostanee as a
second language, the first language in such
cases being however invariably Teloogoo or Tamil.

19. As respects the Agency for carrying
out the examinations, the Central examination
Committee may be composed at Madras in
much the same way as at Calcutta. The
divisional examination Committee in Bengal
is nominated and presided over by the Com-
missioner of the Division. It appears to Govern-
ment that in the circumstances of this
Presidency, it will be most convenient that the examinations
of Assistants in every 2 or 3 neighbouring Districts
shall take place at a Central place to which they
can all easily repair with the Gentlemen who
are to conduct the examinations, for example
at Arcot for Cuddalore, Chittoor and Chingle-
put; if the Assistants in the latter be not
called up to pass before the Central Committee
and that the Committee for examination
shall consist of 2 Collectors and 2 Judges

Dy No. 2305

Proceedings

Submitting the Board's observations relative to the periodical Examinations of Assistants in the Revenue and Judicial Departments.

15-18

The Board having perused thereon

all the papers furnished them by Government regarding the Periodical Examinations proposed to be instituted of the Junior Civil Servants are of opinion that the views of Government exemplified in Paras 14-20 of the Extract Minutes of Consultation now read will meet all the requirements of the case though it may be advisable when the general Rules are laid down that some modification may be made in the details.

2. The chief point in which the Board incline to think some modification is required is with respect to the standing of the Gentlemen liable to Examination.

3. In para 25 of Mr. Officiating Secretary Plowden's letter it is proposed that "all Civil Servants not holding substantively Offices of which the Salary is Rupees 700 a Month or more, shall be subject to Examination." The Board also perceive in the Public papers a Notification issued in the N W Provinces, fixing 700 Rupees as the amount of salary above which recipients are not liable to examination.

4. From the Table appended to Mr. Officiating Secretary Plowden's letter it appears that the average standing of those who have passed the least

or 2 selected from the Collectors and Sub Collectors and 2 from the Judges and Sub Judges, the Senior to preside with a Casting voice in case of an equal division, or of three selected by Government from among the Judges and Sub Judges and Collectors and Sub Collectors at their discretion, so that every Committee shall have on it either 1 Judicial Member and 2 Revenue or 1 Revenue and 2 Judicial. In the Northern Circars it will be proper that the Commissioner should preside when he can, if at Vizagapatam for example, for the 3 Districts Rajahmundry, Vizagapatam, and Ganjam. If at Ganjam for the two Vizagapatam, and Ganjam, if at Masulipatam for 3 Rajahmundry, Masulipatam and Guntoor.—

2. The Right Honorable the Governor in Council resolves to forward Copy of Mr. Officiating Secretary Plowden's letter of the pamphlet that accompanied it and the revised Rules since received to the Judges of the Court of Sudr and Foujdaree Adalut to the Board of Revenue, and to the Commissioner for the Northern Circars and in advertence to the remarks above recorded invite

invite the expression of any sentiments that they may have to offer. They will be requested to furnish their replies without loss of time, say within seven days from the receipt of this Extract as it is observed that the Supreme Government expect an early answer.—

21. Meanwhile, the Governor in Council further resolves to furnish at once a Copy of the revised Bengal rules to all Civil Servants now in the Country below the grades of Sub Judge or Sub Collector and Joint Magistrate, for the purpose of giving them some general insight into the nature of the System to be introduced, and of the examinations to which they will be subjected. They will be informed as to the further details when the revised rules for this Presidency shall have been settled—The first examination for the first or lower standard will probably be held in about July next. The first examination for the second standard will take place at the end of next year, and after those several examinations, no Assistant will be appointed Head Assistant Collector or acting

Head

last difficult of the 2 Examinations is 3½ years, and the higher examination 5½ years.

5. The Government of Fort St. George propose that every Junior Assistant on the service shall undergo the lesser Examination before he is made Head Assistant, and that every Head Assistant shall pass the higher Examination before he be made Sub Collector and Sub-Judge.

6 In taking a standard of 700 Rupees salary the Board conclude that the Government of India contemplated that the higher Examinations would not be required from Civil Servants who had been above 5½ or 6 years in the service so that it might embrace only the Junior Civilians. But so backward is promotion in this Presidency that the Junior Head Assistant Mr. W. J. Blair of Cuddapah is more than 5½ years standing. The next Senior Civil Head Assistant Mr. A. D. Hodgson of Madura is of 8¾ years standing and all the other Head Assistants are Gentlemen of from 9 to 13 years standing. Most of these individuals are men of considerable experience and already in the opinion of the Board sufficiently well tried as to efficiency, and with the view therefore of making the operation of the Rules correspond as nearly as possible with that in the other Presidencies they would recommend that all who

Mr Ralliff not even Head Assistant though acting Sub Collector arrived in India 5th December 1839.

who have completed above 8 years "actual service in India" when the Rules are notified be exempt from Examination at all or the examinations now to be enforced might embrace Civilians of the 5th and 6th classes only who appear to occupy the same positions as to standing and administrative powers as the Civilians in Bengal whose fitness for Office it is found necessary to test.—

7. With these exceptions the Board believe the Rules as proposed by Government will be applicable for they do not recommend that in future all Civilians who may have got through the prescribed number of years without coming up for examination are thereby to be exempted.

8 The Board take this opportunity of stating that the importance of an acquaintance with keeping Revenue Accounts should be kept in mind and with this view they would suggest that a small Manual be prepared in the Accountant General's Office such as forwarded in 1843 to Mr Bayley for his guidance when Commissioner in Khurnool after the first assumption of the Territory. and it is believed that a Manual of this kind has been published at Agra, Copies of which would be useful. Some knowledge of the Rudiments of Land Surveying might also be required and an acquaintance with the Selections from Official Papers the printing of which has lately commenced under the auspices of Government

9. The Board would also propose that Government should obtain from Calcutta Copies of some of the Papers furnished to the Examinees as a guide to this Presidency.

From the Collector of Sir,
Nellore — 31.

Reporting the result of his enquiry for the information of the Board & Government on Petitions Nos 44 & 45 of 1853 with reference to the orders of Government thereon

I have the honor with reference to the orders thereon, to report for the information of the Board and Government the result of my enquiry into the Petitions noted in the Margin, herewith returned purporting to come from Coochoor Venecatachellum and Lachoriga Madana Row. These 2 persons have been examined before me, and both unequivocally deny having sent these Petitions, a result for which I was quite prepared from the following circumstance.

X No 1664 of 1853

2. A similar Petition was forwarded to me with an Endorsement by the Board and was by me sent on to the Collector of Cuddapah for delivery to Coochoor Venecatachellum. the alleged Petitioner who had been transferred to that District under the orders noted in the Margin. Mr Murray however wrote to me in reply.

X Dis Pro: dated 23d June 1853 & Colnl and Minutes of Consultation &c dated 14th June 1853.

reply stating that the individual in question denied all knowledge of the Petition and declined to receive it. Under these circumstances it is established that these Petitions are forgeries.

3. I have nevertheless considered it right to institute further enquiries, and sent for Canooga Vencatrow Goomastah of Palamanchy Palook who is alleged in the 4th Para to have given his relations some information regarding the improper remission on false information given to the late Collector, of certain Cussoory assessed on the lands of Alloor † Fasly 12 61. and the receipt of a bribe of Rupees 300 in connection with it by certain Public Servants of the Collectors Establishment. The said Goomastah denies however having given any such information, or knowing any thing about the matter. I have looked over the correspondence on this subject, and find that the late Collector in his letter dated 3d November 1852. recommended the Collection of the money assessed on these Villages † being suspended in consequence of the grain

† Alloor

held under attachment having been understood to have been destroyed in some of them by the inundations of the Pennar, and as the Ryots had also otherwise sustained much loss. The fact of Alloor having been inundated is doubtful as it is not mentioned in the accounts sent in at the time, but Moddevurty and Wodcoor suffered severely by the inundation.—

4. I have also referred to the Records and find that such a correspondence as that annexed to these Petitions did actually take place between Mr Whish the Principal Collector of Nellore & Mr F. M. Lewin the Acting Judge of Nellore, but consider its being brought forward so many years after, is merely a malicious attempt to injure the Nair Sheristadar, with whose fidelity and diligence in the discharge of his duties I have reason to be satisfied. The Copies of the Correspondence which appear to have been surreptitiously obtained do not exactly correspond with the letters on my Records from which I infer that

that they were not obtained from this Department

5.— The alleged encroachment by Gotoor Venkataramaniah on certain Sirkar lands situated near his Cundrega, mentioned in the 5th Para of these Petitions is under enquiry on another Petition referred by the Board, and will be reported on separately. I find it to be a case of very old standing reported on by Lieutenant Buckle, Assistant Civil Engineer, who inspected the spot, and entered the result of his enquiries in his Diary from 13th to the 20th September 1828. This is not however conclusive, and in my opinion it can only be determined by measuring the Contents of the Cundrega and Comparing them with the extract mentioned in the Grants under which it is held, a matter of some difficulty as mentioned by Lieutenant Buckle in the annexed Extract noted in the Margen and likely to

"To determine the contents exactly would be an undertaking of considerable labour, the whole laying low without commanding points and the jungle too thick to admit of measurements throughout it and too high to allow objects to be seen at a few yards distance—

to involve the necessity of incurring some expense.—

Nellore ——— Collectors Office 21st October 1853 ——

/Signed/ F.B. Elton
Collector.

Ordered that the foregoing letter be submitted with the following address.— No. 577

To The Chief Secretary to Government.

Sir,

With reference to the Endorsement of Government Petitions Nos. 1530 and 1574 of 1853. I am directed by the Board of Revenue to submit for the information of the Right Honorable the Governor in Council the accompanying letter from the Collector of Nellore dated 21st October 1853. from which it will be observed that both the parties from whom they purport to come unequivocally deny having sent them. It will also be seen that a similar Petition was received some short time ago from one Coochoor Venkatachellam, which on being sent to the Collector the alleged Petitioner denied all knowledge of it.—

Notwithstanding

To the Chief Secretary to Government

Submitting with the Boards observations a letter from the Collr of Nellore reporting on Government Petitions Nos. 1530 and 1574 of 1853 respecting certain impositions &c.

Rec.d 8th Nov.r 1853

Fort St. George 7th November 1853

2. Notwithstanding these results the Collector considered it right to institute enquiries respecting the charge of certain improper remissions which are stated to have been made upon false information, and the receipt of a bribe of Rupees 300- and it appears that the late Collector did recommend the suspension of the Collection of the Cussoory of the Villages of Alloor &c.a in consequence of the grain held under attachment having been understood to have been destroyed by the inundations of the Pennar, and other losses sustained by the ryots which under the circumstances the Board authorized.—

From Nellore 3d November in Cons.s 2d December 1852

3. Mr. Elton represents that although the fact of the Village of Alloor having been inundated is doubtful, still those of Moodwurty and Wootcoor suffered severely from the inundation.—

4. With reference to the encroachment by Gootoor Venkatarumaniah on certain Circar land situated near his Cundrega, the Collector promises to submit a report upon that subject separately which on its receipt will be forwarded to Government.—

B. No. 2791.

From the Collector of Bellary Submitting for sanction a statement of the expenses incurred for Government Topes in Fusly 1261 Amounting to Rs.s 3776-6-3

Sir,

Para 1. I have the honor to submit a Statement of the expenses incurred on account of the Government Topes in Fusly 1261 Amounting to Rupees 3776-6-3 which requires sanction. The Statement exhibits the particulars Talookwar of the amount expended on each of the Topes planted in different fusles.—

2. This expenditure was as usual made on the sanction of Government granted on the 11th April 1852 - allowing an annual expenditure of Six thousand Rupees for ten years which Commenced from fusly 1252 and which the Board of Revenue have shewn in their Extract of Proceedings of the 5th April 1852 terminates at the end of fusly 1261, and admitted by Government in the 4th para of their Extract of Minutes of Consultation under date the 18th May 1852.—

3. The amount in question was expended on account of 77 Topes containing 33884 Trees but of these one Tope Containing 237 Trees was destroyed in the Storm of the 5th and 6th May of Fusly 1260, on which 5 Rupees were spent, and the remaining Rupees 3771-6-3 were expended on the remaining 76 Topes Containing 33650 Trees. the following abstract exhibits the particulars of the expenditure.—

	Total	10247 6 "
	Average for Fusly	1463 14 7.

The

The amount derivable from the Topes is expected to increase in proportion to the number of Trees that become fruitful the amount derived in Fusly 1261 exceeds that of Fusly 1260 by Rupees 10-4-- —

6 Seven Topes containing 1606 Trees were newly planted in Fusly 1261 which being done by Village service no charges on their account have been made in the accounts submitted, but in future the expenses on their account will have to be charged—

7. It has been shewn in the 5th para that a Tope containing 296 Trees which had been entered in the accounts as Circar Tope, has since fusly 1261 been made over to the owner and Consequently a decrease has taken place in the accounts. This Tope has never since it was planted in Fusly 1245 caused any expense to Government but has been kept up by the party who planted it. The late Principal Collector Mr Robertson passed an order allowing two Acres of land as Enam to the owner of this Tope for having planted it but as I did not Consider the order regular, I in reference to the Board's Order to the effect that the lands on which Topes are planted by private individuals should be free of Tax for 20 years and then become liable to the payment of the assessment issued an order that the piece of land should be enjoyed free of Tax up to fusly 1264, the Tope having been planted in Fusly 1245; and that from fusly 1265 the owner,

should

should be liable to pay the assessment thereon hence the decrease in the accounts.

8. The Total amount of Charges on account of Topes in Fusly 1261 is Rupees 3927-- -3. From which is to be deducted the amount expended in Constructing two Dams in the Village of Cul-leyanadroog and Vittlumpully in the Dhurmavur Talook for the preservation of Topes, the same having been included in the Maramat Bills and received the Sanction of Government on the 3d June 1851- 135- 10- --

Also the refunds received in fusly 1261 being unexpended portion of previous charges — 15- -- -- 150- 10- --

Amount for which Sanction is required — 3776- 6- 3

I beg the Board will be pleased to obtain the Sanction of Government for this amount.

	Net Decrease				6741 10 10					

3 From the above statement it will be observed that the General outturn of the Fusly is a net decrease of Rupees 6741—10—10, resulting from an increased collection under the head stamps and decrease under those of Abkarry Motunpha and sundry small farms and licences.

Abkarry

4 The decrease under this head being chiefly in Channoor, Goorrumcondah, Muddenpully and Poonganoor, a falling off in the revenue in Fusly 1262 in comparison with that of the preceding Fusly amounting to Rupees 4786 will be apparent. The losses which the renters sustained in these talooks in the previous Fushes are said to have caused lower offers in Fusly 1262.

Sundry small farms and Licences.

5. Statement No. 2 will exhibit the particulars of the settlement of the several items under this head and from the above an increase of Rupees 52—7—4 under the head orchards and topes, Rupees 9—9— in

in that of honey rent, and Rupees 52 under that of Palmira trees is observable in the Fusly under review when compared with the collections of Fusly 1261.

6. Certain diamond mine in the village of Vijragery in the Coilcondah talook having been rented out in the year under review for Rupees 73—10—8, while no offers had been made during the preceding year an increase under this item is shewn This amount has been realized within the Fusly.—

7 The decrease of Rupees 444—7—4 in the amount of duty leviable on redwood in Chitwail and Cumbum is attributed to the limited demand for this description of timber during the Fusly under review.

Motunpha

8 Statement No. 3 shews the settlement under the heads of Veesabady and Bagur Veesabady in Fusly 1262 as compared with the preceding Fusly, resulting in a decrease of Rupees 893—1—11 under the former, and Rupees 831—4—3 under the latter, the

Fort St. George, 7th November 1853

the total of both items being Rupees 1724-2-2.

9. This decrease is attributable to remissions having been granted to parties who had sustained severe losses from the destruction of their houses, property, &c. in the town of Cuddapah as well as in a few other places by the floods of October last, and to those whose flocks of sheep had perished by the unusual heavy fall of rain.

Stamps. 10. An increase of Rupees 25-4-" in the amount of collections from the sale of Stamps in the Fusly under review is observable, which calls for no particular remark.

11. The particular of the old balances recoverable and irrecoverable are shewn in the enclosed Statement No. 5. Of the balance appertaining to Fusly 1261 amounting to Rupees 359-14-7. Rupees 38-2-8 have been realized, leaving a sum of Rupees 321-11-11 to be collected. Of this sum only Rupees 6-11-1 is recoverable while the remaining Rupees 315-"-10 being due by persons who have died, emigrated and become impoverished are irrecoverable.

I.

Fort St. George, 7th November 1853.

I request that the Board of Revenue will procure the sanction of Government for writing off the same in the accounts.

12. In the report for Fusly 1261 it was stated that there were 201 sugar manufactories in this District, but in the Fusly under review the number of manufactories made use of is stated to be 246.

13. The following Statement shews the extent of Sugar cane cultivation in the Fusly under review, compared with that of the preceding Fusly from which it will appear that there has been an increase in the cultivation of this product.

14. As required by act XV of 1839 certificates were granted during the Fusly for the export of 11084.20½ maund of 25 lbs each being 8204560½ in excess of the quantity for which certificates were granted in Fusly 1261 and this increase is attributed to a larger demand for this article for exportation.

Acting Collector of N. Arcot

Sir,

With reference to Mr. Bayley's letter of the 27th January last, in which the Board request information on certain points having reference to the conveyance of firewood from this District to the Presidency by means of coast canals, I have the honor to forward a Tabular memorandum containing nearly all the information required by the Board.

2. The Board will find from the above memorandum that firewood is sent to madras from nine different jungles in this District, and that the whole of those jungles are within the limits of the Calastry Zemindary. These Jungles it is said have supplied Madras with

with firewood for about 10 or 15 years and they are now reported to be nearly exhausted and consequently will not supply fuel for any further considerable period. Under such circumstance I shall refrain from giving the Board explanation required in the 5th query contained in the Proceedings under reference.

3. In the Cavetnggur Zemindary these is an extensive jungle enclosing an area of about 100 square miles known by the name of Marecondah jungle. This tract lies about 60 or 70 miles from Madras, and yields annually a revenue of upwards of 2,000 Rupees in tamarinds, gallnuts honey, dyes, wax, &c. to the Zemindar. Exclusive of this, the Jungle is a source from whence the inhabitants of the Zemindary obtain materials for agricultural purposes.

Under

Under these circumstances, the Zemindar is unwilling to allow any wood to be cut from this Jungle for the purpose of exportation.

4. Besides those above referred to there are no other extensive jungles in this District, situated near Madras, or any part of the coast.

Amoity of this sold to a different family is Poonjah — 7 — 27 — 2 — 13 — 10 — 2.	When and by whom granted and who the original grantee was are not Known. No sunnud or any other document is forthcoming in support of the grant. But it is ascertained that one Kulla maragounden was registered at the survey as the Enamdar.	For the preservation of a Fort.	Lutchoomanien the last holder died on the 6th December 1851. He was not related to the original grantee.	The deceased enjoyed the entire moiety purchased by him.	Elder son named Kistnappen is aged 20 years. Younger son named Rencatappen is aged 28 years. Widow named Achummal is aged 50 years. These Members possess other means of subsistence besides the Enam under notice. They enjoy 7/32 share in the Coondarpully Mootah, they are permanent Subrenters of Peddanapully and other two Villages and they also hold 1/4 share in the rent of Coondarapully Village.	The Enam was originally granted for keeping the Fort attached to the Village in good order but the Government having no interest in the preservation of this class of Forts, the Enam has been enjoyed without regard to the object contemplated by the grant. Of this Enam the moiety which is now reported on was sold on the 28th July 1842 for 70 Rupees by one Parcamargounden the brother's son of the Pymaysh Enamdar, and Canly, and chinnavencatadar, and his grand sons to the deceased Lutchoomanien who died in 1851. As their moiety thus passed out of the regular line of succession from the original grantee, as it remained for 10 years in the enjoyment of the purchaser (who was also the last holder), and as the surviving members of his family possess other means of subsistence as shown in Columns 7, &c. I recommend that this portion be resumed and assessed to the Revenue.

Fort St. George 7th November 1853

Translation of an Unzee from the Thasildar of Denkeacottah Talook to the address of H.D. Phillips Esqre Collector of Salem dated the 29th August 1853.

I beg to submit the following information in reply to the endorsement from the Hoozoor on the Petition of one Kistnasawmy an inhabitant of Togary Agraharum in the Talook setting forth certain particulars to the effect that owing to his ignorance of the boundaries he feels it inconvenient to Commence the cultivation for Fusly 1262 of the five plots of land which he applied for Viz. Nos 534 - 536 - 538, 539 and 540 of the aggregate extent of Acres 2-38-9 assessed at Rupees 18-2-8 which endorsement requested me to point out to the Petitioner the boundaries of his lands should there be no just objection with a view to obviate any inconveniences in the way their cultivation.

The Puttah for the above plots stood in the name of the deceased Coopayen till Fusly 1260. In the succeeding years they were deducted from the Jamabundy in consequence of

Fort St. George 7th November 1853

of their having been left waste by reason of the indigence of the Puttadars grand daughter, who became his heir after his death. Soon after this the Petitioner tendered an application offering to take them for cultivation. Upon this one Sreeneevasachanny the brother of the aforesaid Coopayen having mentioned to me that the lands should not be given to the applicant but should be made over to him, and that he is prepared to pay even the demand for Fusly 1261 when they were left waste disputed and seized possession planting them with plantation trees and other vegetables. In respect to this encroachment I instituted the necessary enquiry and Communicated the result in detail in my Unzee dated the 8th July No. 632. In answer to this I received on the 30th July the Taheed of the previous 28th No. 30, observing that the right of the lands do not appertain to Sreeneevasachanny, that I shall therefore put the lands into the possession of Kistnasawmy the applicant that I shall order the former to remove the plantation trees &c. which he planted in the ground, and that if he refused to do so that I shall get them removed on the part of Government. Accordingly I issued a Summons to the said Kistnasawmy, Sreeneevasachanny and others who appeared before me on the 2nd August when agreeably

Fort St. George 7th November 1853

agreeably to order I made over the lands to the former and ordering the latter to remove the plantation trees &c. I issued instructions to the Curnum and Canadar of the Village to the effect that if he refuses to act up to the orders given him they shall cause them to be removed by the Cincan Servants then place the lands in the possession of Kistnasastry and also show him their boundaries.

The Petitioner having given me intimation that my orders were carried into effect and that the lands were put into his possession requested that as there was a deficiency in the extent the Teerwah should be reduced. To this I informed him that as they were permanently assessed fields and as they were under cultivation for a considerable time till Fasly 1260 no order will be given for examining any slight deficiency that he may suspect and that he must conduct their cultivation in consequence of his having acquired them after great competition. He without attending to my order has thus brought a useless complaint. Moreover I beg to bring to your notice that the Bramins of Togory Agrahaarum are generally known as a religious people always making some useless complaints about deficiencies in lands which once they may have selected, applied for and enjoyed under Puttah. In conclusion it is to be observed that whether the Petitioner cultivates the lands or not he is liable to the payment of their assessment under the tenor of the Dumbast. The above Endorsement is herewith returned.—

Proceedings

Submitting, with the Board's observations letters from the Collector of Salem forwarding translation of a Plaint filed against him in the Sub Court of Salem together with draft of a proposed answer, and requesting permission to file the latter in the said Court.

Fort St. George 7th November 1853

No. 317.

Resolved that the letters above recorded together with their enclosures, and papers to which they refer be submitted for the information and orders of the Right Honorable the Governor in Council.

This action has been instituted by Kistna Shastry a Bramin against the Collector of Salem as 1st Defendant, and Tahsildar of Denkencottah as 2d Defendant, under the following circumstances. The Plaintiff made an offer for and received possession of 5 pieces of land, the aggregate extent of which is entered in it as 2a 38g 9as assessed at Rupees 18-2-8 and immediately afterwards made a claim for a reduction of assessment. He asserts that the extent as measured by him is only 1a 24g 0as or 1a 14g 9as less than the quantity mentioned in his puttah, and therefore claims either to have 1a 14g 9as more of land given him or to have his assessment reduced by Rupees 8-6-

2. He bases his request on para 9 of the Cowle Kookoonnamah of the District. The Board have had some correspondence with the Collector on the subject, as it seems to involve a point of some importance Viz. whether a Ryot can enforce

by

From Collector 1st September 1853.
From Collector 6th in Cons. 17th September.

by Laws a rigid adherence to the Rules of a Pookkoonnamah; to which rules there must always be exceptions; and modifications have often been made by the Board both in favour of, and against the Ryot, on special application made to them. The Board think that Mr. Phillips would have done better to have told the Plaintiff in the first instance that if he was not contented with the recorded extent, he might relinquish the land, but as the Plaintiff instead of appealing to the Board which was his proper course he thought proper to attempt to enforce his claim by Law no alternative is left but to meet him on his own ground and the Board are led to believe that truly the land is not overassessed. they have drafted another answer as they do not quite concur in all Mr. Phillip's arguments.

3. In this draft answer it is urged that the plaintiff's claim cannot be enforced by Law that the Teerwah complained of is reasonable and that the Plaintiff was fully aware of the value of the land when he applied to have it transferred in his name. Further, that the Pookoonnamah is merely a guide to

to the Collector, and that the Plaintiff ought to have resorted to the Board of Revenue for redress against a breach of any of its provisions and that as each field during the survey was assessed according to its estimated produce, and not according to its size, any assertion of error in regard to the latter cannot justify a claim for the remission of Teerwah in a Court of Law.

4. as the Board consider the above to constitute a good defence, they beg to recommend that the Collector may be authorized to file the amended draft and conduct the defence at the public cost.

5. as the original period for filing an answer expired on the 24th October it is concluded that the Collector has applied for an extension of time.

Enclosure 1.

The claim of the Plaintiff is not very clearly stated but the 1st Defendant who is cognizant of all the particulars and under whose orders the 2d defendant acted believe it to be as follows.—

2d He holds possession of 5 pieces of Nunjah land, the aggregate extent of which is

is entered in the Puttahas 2 a 38 Gs 9 as assessed at 18 Rs 2 as 8 ps.

3. He asserts that the extent is only 1 a 24 Gs 0, or 1 a 14 Gs 9 a short, and therefore claims either to have 1—14—9 more land given him, or to have his assessment reduced 8 as 6 as 2 ps.

4. The 1st Defendant contends that the claim cannot be enforced by Law, and begs to draw the attention of the Court, to the manner in which the land came into Plaintiffs possession, as shewing that the teerwa is reasonable, and that Plaintiff was fully aware of the value of the land when he applied to have it given him.

5. The land adverted to in the Plaint was held on Puttah by one Coopiun who died in Fusly 1260, In Fusly 1261 his heirs neglected to cultivate the land at the Immahlundy on the close of the fusly they claimed a remission of the teerwa demanded, and received the same, the land becoming thus "Bunjer" waste, and open to any offer on the part of any one wishing to cultivate it.

6. Very shortly after, a written tender or Durkhast was made for this land by the Plaintiff

Plaintiff to the 2d Defendant, and he desired to be put at once in possession. On this a person named Streenavasa Chary a brother of the deceased Coopien opposed the Plaintiffs Durkhast, and claimed to be put in possession himself as heir of the deceased, wishing to continue the cultivation, and even proposed to pay the teerwa remitted for fusly 1261. The dispute was referred to the 1st Defendant who upheld the claim of the Plaintiff, as he was the first applicant and by his order of 28th July 1852 he was immediately put in possession.

7. On the 18th August the Plaintiff presented a Petition to 1st Defendant stating that as the limits of the land was unknown, he wished it to be measured. an order was passed desiring the 2d Defendant to point out the limits or boundaries of the land according to the Checkbundy to him, in which case a measurement was unnecessary.

8. A few days after, the 2d Defendant reported to the 1st Defendant that the Plaintiff was satisfied with the checkbundy but that he asserted that there was a deficiency in the extent as compared with the Register, and claimed a deduction

Fort St. George 7th November 1853

deduction from the registered Teerwa.

9. On the 8th September 1852 the Plaintiff was informed by the 1st Defendant that the land in question was assessed during the Original Survy - that it had been cultivated and paid for according to the registered teerwa for many years, that Plaintiff had completed for its possession and that the assessment would be levied.

10. The Plaintiff alleges that the orders of the 1st Defendant are at variance with para 9 of the Hookoomnamah.

11. The 1st Defendant asserts that the Hookoomnamah is a Guide to the Collector prepared under sanction of, and after modified by the Board of Revenue. That he is prepared to prove that in this very District a case has occurred where the extent of land entered in a Puttah was found on measurement to be too great, any yet the Board on petition presented would permit no reduction of the teerwa on the ground that the land was not overassessed. Moreover the 1st Defendant contends that the 9 rule of the Hookoomnamah was intended for the benefit and relief of those ryots who had been for some time in

in possession of the land supposed to be deficient and not for that of a person newly offering for land) who had no previous interest in it and with whom it was optional to tender or for it or not.

12. The 1st Defendant urges also that the Plaintiff should have appealed to the Revenue Board, as the only authority by whom the rules of the Hookumnamah can be enforced or modified that these Local rules have in no way the force of Legislative Enactments and do not stand good as Pleas in Courts of Law.

13. He also observes that the land in question having been regularly cultivated and paid for many years, and tenaciously grasped at by the Plaintiff a resident of the Village of which it forms part, as a presumptive proof that the teerwa is not too high. At all events it is a question for the Revenue Board to decide. He would also observe that the original survey of this District was not made with such precision as to authorize any Ryot who can assert an error to claim a remission of teerwa in a Court of Law. It is the teerwa or assessment originally imposed by which the Revenue authorities must be

be guided, and if the boundaries of the feild are properly described, which is not denied in the present instance it may fairly be assumed that the assessment is more likely to be correct than the measurement, especially when it is considered that each field was assessed according to its estimated produce and not according to its size.

14. The Plaintiff having at his own request been put into occupation of the land is bound, the 1st Defendant contends to comply with the usage of the District, namely to pay the teerwa as it stands in the accounts, whether he has cultivated it or not, he being at perfect liberty if he does not wish to retain the land to relinquish it which will relieve him from all further liability.

15. The 1st Defendant holds himself responsible for the acts of the 2d Defendant in this matter, the latter being the Taluk Tahsildar acting under the orders of the 1st Defendant the Collector of the District.
