From the Acting Collector of North Arcot

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue under date the 25th July 1853 conveying the sanction of Government for the disbursement of Rupees 57-12-- the arrears of the service Yoomiah due to Mahomed Cassim (who is incapacitated through insanity from performing any duties) to his Mother Nunneebee, I have the honor to inform the Board that before drawing the above arrears, the said female died on the 18th August last, and that the service for which the Yoomiah had been granted has been hitherto performed by Meer fazul ally (the present guardian of the said Mahomed Cassim) both during the lifetime of Nunneebee and subsequent to her death. I request that I may be furnished with instructions for paying the arrears in question to

* Rupees 2 per annum

to Meer fazul ally, and for continuing the Yoomiah to him, as long as Mahomed Cassim continues insane.-

(25-26)

The Government having already sanctioned the payment of the arrears referred to, and the continuance of the allowance of Mahomed Cassim during his incapacity provided the prescribed service continues to be duly performed, the Board see no objection to Meer Fazulally being substituted as the Guardian of that individual in lieu of his deceased Mother, and to the allowance being paid into his hands as long as Mahomed Cassim continues insane.-

B. No. 3055.
From the Collector of South Arcot-

Sir,

In accordance with the orders which have been issued to me, progress is being made in arranging measures for remodelling the present inadequate Salary emoluments and

and suggesting steps should be taken for placing the Village Police in a more efficient footing before a final arrangement can be made.

and the details will be hereafter laid before the Board for examination and approval - But owing to the intricate and extensive nature of the subject, some delay must take place before the preliminary enquiries are completed throughout the District and it seems doubtful whether a satisfactory, final arrangement can be proposed, until it is known how far the revision of the Assessment now in progress will alter the value of the lands to be assigned in Maniems -

2. At the same time it is highly desirable for the suppression of crime and greater Security of property that time should not be lost in taking some steps for placing the District Village Police on a more efficient footing and I have therefore the honor to address the Board on the subject -

3. The general principle which has been sanctioned for the new arrangements is to grant each Taliar a yearly remuneration not exceeding Rupees 30 or Rupees 2½ per Mensem of which Rupees 12 may be given in Money and the rest in land enquiries are accordingly being made for suitable lands

lands to be assigned to the Taliars in those instances where their present Maniems are either deficient in extent or of unserviceable quality. -

Extract from Minutes of Consultation of 30th March 1852 Para 5.

4. In the latter case the Collector has been already authorized to give good land in exchange for bad as his enquiries proceed, and in the same manner I now request sanction for putting the Taliars in provisional enjoyment of the additional lands selected for them. The extent of these lands will be always within the fixed limit and after the whole arrangements are completed the details will be laid before the Board for approval and confirmation at the time when authority is requested for disbursing the proposed Money allowance. In this manner early and important progress would be made in carrying out the long intended improvement of the Village Police while future difficulties would be avoided for although the lands selected for the Taliars are now available they might be found to be occupied or diverted to other purposes if delay occurs. -

Sir,

From the Collector of Coimbatore, Dated 1st I beg to report to the Board
the very satisfactory sale within the 2 last days
of the buildings and site of the late Tobacco
Godown

Godowns for Rupees 15,800_ a sum much beyond what I espected the actual value of the Buildings as valued by the Assistant Civil Engineer, was only Rupees 3,650 the large price now fetched arose from seneral causes, the scarcity of Building sites in the Town of Coimbatore, the central, eligible, and safe locality of the Godowns; with considerable spirit and emulation among the Merchants all tended to raise the bidding.

2 The Agents of the Rajahs of Cochin and Travancore who require stores for their Tobacco were outbid by the independent Chettis and respectable Merchants of the District, a satisfactory and encouraging token of the prosperity of the place.-

3 The whole amount will be realized shortly; deducting only Rupees 101 Rs. for a well lately constructed within the site, and 350 for a small portion of 2 streets obliged to be added to the Godowns to make the lots eligible and more saleable_ I conducted the sale on the spot personally.

With reference to the Board's Circular, dated 28th June 1852, I have the honor to state for their information that with the exception of one Poliput all others in this District are either in the possession of the Proprietors, or under the Management of the Court of Wards.-

2. The one exception, is the Poliput of Ramapatam in Pallachey Talook paying

paying an annual Peshcush of 1,436-9-3 and is under the charge of the Grand Mother of the Minor Sun-dagopa Yennappa Gounden who is 15 years old and will therefore soon be able to take up the Management of the Poliput.

3. The Accounts received from that Poliput show the usual expences to be on a moderate scale and tho' the Accounts cannot be considered very correct yet — I have no reason to think that the revenue of the Poliput is improperly extended to the detriment of the Minor's interest; the person in charge of the Estate being his near relation.

From the Collector of Canara

Requesting the Board's instructions in regard to the disposal of Jack's Bungalow at Honore.

Sir,

1. With reference to the Proceedings of the Board of Revenue Department Public Works under date 6th October 1853, I have the honor to request the instructions of the Board, as to the disposal of Jack's Bungalow.—

2. Under date the 21st March 1853, I stated to the Board that Jack's Bungalow being untenanted and not likely to be tenanted, I recommended that it should be converted into a dispensary after consulting the then residents at Honore.— That the reestablishment of the Basle Mission at Honore, and consequent occupation of the house usually occupied by the Revenue Officer left that Officer without any residence except Jack's Bungalow. This Bungalow was in so ruinous a state that Mr Silver reported

Fort St. George 12th. December 1853.

reported to me that it could not safely be
inhabited.-

3. As I could not recommend that
Government should incurr any expense to suppl
a residence for the Sub Collector, I recommended
that Jack's Bungalow and its site should be
put up to Auction so that the site might becom
available to any person wishing to build.

4. The sanction of the Court has no
been received for the Establishment of a Dis
=sary, and I have the honor to request the Hon
instructions.-

5. I have allotted the whole of the
accumulated rent to repair the Bungalow as
as the small sum admits, but it is quite inade
to make it even moderately comfortable as a
residence for a family.-

I beg to annex copies of a letter
I addressed to Mr. Silver on the subject and

Sir,

I have the honor to forward the sanction
of Government for the Establishment of a Dis=
=pensary at Honore.-

When I recommended that Jack's
Bungalow should be applied to this purpose it
was vacant and I ascertained from the Head
Asistant then residing at Honore that the
Establishment of a Dispensary in it would not
be disagreeable to the residents of the station.-

Since then circumstances have
changed, and the Establishment of a Mission
at Honore and the consequent occupation of

that you will inform me whether you can suggest any arrangement which may provide for the convenience of the residents at Honore without retarding the benefit which the Government has been pleased to confer on the district.—

It occurs to me that Jack's Bungalow might be rented and the rent applied to hiring a temporary Dispensary in the town.—

Or the Mission might be induced to engage to rent their house and to purchase Jack's Bungalow which is very conveniently situated for their purposes. The purchase money with the aid of convict labour might suffice for building a Dispensary.—

I shall be happy to recommend to the Board of Revenue such arrangement as may prove most convenient to the residents.—

Sir,

I have the honor to acknowledge your letter of the 2d. Instant with its enclosure herewith returned.—

I addressed Doctor Leslie on the subject contained in the 4th. and 5th. Paras of your letter, but as Doctor Leslie has communicated with you direct, I need not recapitulate what he says.— I also wrote to Mr. Ammaun regarding the purchase of Jack's Bungalow, and from his answer, Copy of which I enclose, there does not appear to be any prospect that the Mission would purchase it. I do not myself know of any building in the town of Honore, which could be hired as a Dispensary in case Jack's Bungalow is not converted into one, in the meantime pending your decision on this subject the repair of Jack's Bungalow has been suspended.

Fort St. George 12th. December 1853.

My dear Mr. Silver,

I received duly your letter of the 7th. Instant in which you enquire, if the Mission would be inclined to engage to let their house in Honore, and in place of it to purchase Jack's Bungalow.—

In answer to this question I have to say that I am not authorized (nor any one of our Missionaries) to dispose for a permanent purpose of Mission property, or to acquire new property for the Mission without the permission of the Committee at Basle so that I am unable to give a decisive reply but I think it very unlikely that our Committee would accede to the proposal Mr. Sosenhaus / the chief person in the Committee for such matters / when he was in India, would not when suggested to him, have Jack's bungalow a permanent abode for a Missionary family; he also declined building a new Mission house and letting the old one, even when prospect of assistance was given him. If

purchase Jack's Bungalow they could of course repair it, so as to suit their purposes, but I understand that the house requires almost entire rebuilding, and the expense for doing this, together with the price of the house, would in all probability exceed the expense for building a new house, which is already declined by the Committee.—

To F. A. Maltby Esqre.

Collector of

Canara.

Sir,

I have the honor to acknowledge the receipt of a copy of a letter from you to J. Silver Esqre. Additional Sub Collector of Canara, on the subject of the Establishment of a Dispensary

Dispensary at this Station, together with a Copy of an Extract from the Proceedings of the Depart=ment of Public Works under date 6th October 1853 and a note from yourself requesting my assistance in the matter of arranging a suitable building for the purpose.-

2. I have long thought that Jacks Bungalow was admirably suited for the purpose and especially as on account of its peculiar construction, I have ever deemed it quite unfit for the residence of any European, and I believe that every one who has of late years resided here has been anxious to see the building appropriated to uses of a Civil Dispensary.-

3. I am not at present acquainted with any building in the Town which could be applied to the purposes of a dispensary, but in case you should deem it necessary pointing to object to Jack's Bungalow being used as such I have no doubt but that an old building of some kind could be obtained, or that a new one on a small scale could be erected by

the joint assistance of the Prisoners and private subscriptions.-

4. I have consulted with Mr. Ammaun the resident Missionary here on the subject mentioned in your 6th Para and he is decidedly of opinion that the Committee would not purchase the property as they have objections to laying out money in that way even upon property of an eligible nature-

5. In conclusion I beg to assure you that I shall be happy to afford my assistance in for=warding any plans of which you may approve.-

Bd. No. 2595.

Proceedings thereon.- The Collector is requested to state, whether he intends that Honore should continue to be the head quarters of the Additional Sub Collector after Mr. Silver leaves the district, in which case the Board are of opinion that Jack's Bungalow should not be appropriated for a Dispensary as seeing

Fort St. George 12th December 1853.

Dispensary at this Station, together with a c
of an Extract from the Proceedings of the Dep
=ment of Public Works under date 6th October
and a note from yourself requesting my assis
in the matter of arranging a suitable building
the purpose.-

2. I have long thought that Jacks
Bungalow was admirably suited for the pur
and especially as on account of its peculiar
construction I have ever deemed it quite unsu
for the residence of any European, and I believ
that every one who has of late years resided her
been anxious to see the building appropriated
uses of a Civil Dispensary.-

3. I am not at present acquainted
with any building in the Town which could b
applied to the purposes of a dispensary, but
in case you should deem it necessary positive
to object to Jack's Bungalow being used as
such I have no doubt but that an old buildi
of some kind could be obtained, or that a
new one on a small scale could be erected

the joint assistance of the Prisoners and private
subscriptions.-

4. I have consulted with Mr. Ammann
the resident Missionary here on the subject mentioned
in your 6th Para and he is decidedly of opinion that
the Committee would not purchase the property as
they have objections to laying out money in that way
even upon property of an eligible nature.-

5. In conclusion I beg to assure you that
I shall be happy to afford my assistance in for=
=warding any plans of which you may approve.-

seeing it is, as they are given to understand the only remaining good site where a house can be built, and convenient also as respects its vicinity to the Additional Sub Collector's Cutcherry-

Resolved that the following Circular and Letter be despatched.

B.o N.o 2592.

Circular to all Coll.rs except Madras & Sea Customs
Copy to Comm.r Northern Circars

Circular

Sir,

I am directed by the Board of Revenue to circulate the following queries having reference to the present scarcity in some Districts, and to request that you will furnish replies to them, as regards your District at as early a date as possible.

1. To what extent has the Harvest failed in your District and what is the estimated deficiency of food for the population?

2. Is there any large quantity of food stored from former years and what is the estimated quantity?

3. What is the grain most used as food by the labouring classes in your District, and what is its present retail price as compared with its average usual price?

4. What Districts can you look to for food to supply your deficiency, that is what Districts have you reason to believe have food beyond what they will require for themselves, and from which you might receive supplies.—

What

14962 Fort St. George 12th December 1853.

5 What means of transit are there be-
tween such Districts and yours that is, sea, land or
river communication?

6. If by land, is there any probabi-
lity that sufficient means of transit for such
quantities of grain would be forthcoming?

7 If work is provided and paid for
in money, do you think that the private traders
would import sufficient food?

8. What number of people do you estimate
may require to be employed by Government and
and for what length of time?

9. Supposing there is reason to believe
for instance, that there is a deficiency of one
tenth of the necessary quantity of food in your
District, how much greater a proportion of the
labouring classes might be unable to procure
food, in consequence of want of means of
purchasing, unless provided with works by
Government?

10. In what condition are the Pasture
lands in your District - and in case of Public
Works being undertaken by Government for the relief
of the people, have you reason to believe that any
-ny will come to them from neighbouring
States?

14962. Fort St. George 12th December 1853.

11. Would it be possible for Bandy-
Bullocks to obtain forage on the roads within
your District, and beyond it to the points from
which the grain must be brought throughout the
dry seasons, or after what date will such sup-
plies of forage probably fail, so as to stop
transit?

12. What is the state of the Tanks,
Wells and reservoirs for watering cattle and
for Household purposes, as regards the sup-
ply of water?

13. What has been the fall of rain in
inches, as compared with the usual amount
and how is the correctness of Rain Re-
ports, tested?

excess of the sum for which the Athoor Mootah was purchased and desiring to be informed whether there was any competition at the sale of this Mootah and what the Collector considers to be its fair value.

on account of Government of the Mootahs of Athoor, Vapatoor and Narasingapoorum in the Chingleput District for the sum of Rupees (3960) Three thousand, Nine hundred and Sixty, and grants authority for the disbursement of this amount credit being taken for the arrears outstanding against the late Proprietors which are shewn to amount to Rupees 3155-15-1.

With regard to the Athoor Mootah,

2. the Government quite agree with the Board that the Collector very properly declined to accept the tender made by Conniah Chetty of 200 Rupees in excess of the sum Rupees 3500 for which the Estate had been purchased for Government. They however observe it stated by that Officer in Letter 7th October 1853, that Conniah Chetty's offer falls considerably short of the amount which he had himself been prepared to bid for the Mootah as a favorable purchase on behalf of Government. They would wish to be informed whether there was any competition at the time this Mootah was

was Knocked down, what the Collector considers to be its fair value, and would have given for it if necessary, and whether in the opinion of the Board, if for want of bidders or other cause, the Estate has fallen into Government at a price below its real value, it would not be an equitable proceeding, though not obligatory in point of law, in settling accounts with the late holder, to give him the benefit of such value. The Board will report whether this course has been followed on any former occasions when Estates have been purchased for Government, and whether it be open to any objection.

Sir, With reference to my Yaddiast of the 10th Instant No 57 I have the honor to request that you will procure me from the Office of the Board of Revenue the Survey Maps which officially defines the Boundaries of this Zemindary and the adjacent Salem Talook of Kistnagherry.

2 In the month of August 51 Fasli Byke Head Assistant Collector of Salem furnished with this Map was deputed to report on a boundary dispute subsisting between the ryots of Uppadavad (Kistnaghery) and Chinnavobli (Congoondy)

3 During the Settlement of this dispute the Zemindars Manager observed that generally to the boundary as marked out in this Map Certain Lands in the enjoyment of the ryots of Godugapalle in Sama Talook should belong to the Congoondy Village of Parpalyam This was contested by the Ryots but that Officer proceeded to travel out of his instructions

14989 | For Ft St George 15th December 1853.

The Zemindar subsequently petitioned the late Acting Collector who in the spring of the present year desired me to repair to the Villages in question and to report on the alleged encroachments But this only now & when the Enam investigations here are drawing to a close that I have found time to turn to the enquiry.

Reporting on the Settlement of Land Revenue of his District for July 1262.

For Ft St George.

Sir

Para 1 I have the honor to report upon the settlement of the land revenues of Tanjore in fasly 1262 A.D. 1852-53 as made by Mr Bishop.—

2 From the Commencement of the season until October the rivers presented were regular and abundant, the rains within the same period were partial in the cadarambum villages generally insufficient but so heavy on the narambum lands in Tutrapoondy, as seriously to injure the Crop There was however every prospect of a fine harvest up to the setting in of the north east monsoon, the unusually heavy rains of which entirely swamped the low lands lying along the Coast and considerably injured all This was followed by heavy rain in January and February, a thing almost unheard of and damage was done to the ripening Crops in all parts of

the Province In the cadarumbum lands the cultivation was retarded for want of sufficient rain in July august and September and the whole district suffered dis astrously from the storm of March as particularized in my report of the 31st of August.—

3 The only disease from which the people suffered particularly was Cholera and notwithstanding that medical aid was freely supplied, there were numerous victims to the malady.—

4 The marginal statement shows that there was no change in the tenure in which the several villages were held and that below affords information as to the number of tariff & villages under each class as they stood

5 Station villages previously under amany having been Oloongoo rented while five rented villages reverted to amany the net increase of Villages under Oloongoo rent was eleven of the 16 villages then were rented at the Standard and on six was a deduction made.

6 The transfer of one amany village to the head of Oloongoo rented unaffected by price accounts for the increase of one under the latter class and this one together with the eleven mentioned above as the net increase of aloongoo rented villages makes a total of twelve as the decrease in the number of the amany villages.—

7 Below is a comparative statement of the cultivation in fusilies 1261 and 1262 shewing an increase for the latter year of 5254 valies of this however 4892 Valies belong to the item of Village Cumums now first incorporated with the ayen and thus the actual increase is left at 362 Valies.—

The Collections within the year on account of land revenue amounted to Rupees 37,37,323, and a further sum of Rupees 89,779 - - - has been since realized up to the 15th November of the large balance my letter to the Board of the 31st of august accounts for Rupees 2,64,612 suspended until their pleasure shall be known, and the balance remains as Rupees 72,542. This large balance is partly explained in the same report where I informed the Board that the Collector in the exercise of a discretion allowed him to follow the practice in the collector's division wherever he considered it necessary suspended 10 percent of the collections throughout his division. As however I eventually decided that the requirements of the cess would be met by a remission of 5 percent. I have directed that Rupees 5,53,993 - - - shall be collected with the Kists of the current year and deducting that sum from the total balance the remainder is Rupees 17,148 - - -

The following Statement affords information regarding the villages also good rented below the standard being, From this it appears that although the grain amount is 15½ per cent below the Standard, it is above the average outturn of the past ten years to the extent of 35½ per cent, and above that of the most favorable years by 9½ percent. Of the six villages thus rented below the Standard, five were given until some other settlement is introduced, and one was given for three years.

17 A Statement of old balances prepared in accordance with the Boards order of the 11th of March 1852 was submitted on the 10th of December, and on these of fasly 1261, I shall shortly address the Board.

18 In the 4th paragraph of their proceedings of the 20th of June last, in review of the settlement for fasly 1260 the Board, repeat their former remarks on the impropriety of allowing a village in which a Olungo settlement had once been made to revert to amany, observing that the proper course was to retain its proper class, as to the circumstances of the year might render necessary. In making these remarks it occurred to the Board that a reduced demand under the amany settlement was equivalent to a remission granted on a Olungo rent, and they preferred that a Village should be retained in the class under which it had been brought, making such remissions in the manner observed in Olungo villages generally, as the state of the season required and thus closing the door against a system of

settlement

Fort St George 15th December 1853

settlement which involves so much loss both to the meerasidars and the Government.

19 These instructions have been attended to in the current fasly as far as I have supposed that the Board would wish, and reductions have been made in the terms fixed by Mr Bishop as equitable for the remanning amany villages but to which the meerasidars had never agreed. I have considered however that the Board intended that a limit, short of the demand of the meerasidars should be put to these deductions, and that when, as in the case in some Villages the increment and the cultivation have been systematically neglected for the sole purpose of reducing the amount of produce, and thereby establishing a claim to a great reduction in the rent, by shewing the incapacity of the Village to produce any thing near the standard, it was impolitic to accept a lower offer than every fair circumstance combined to shew the Village could well afford.

20 An argument may perhaps

see

be admitted against renting the villages from year to year, as the Board have recommended for a single year's rent the Meerassidars will not expend their labor and capital in executing mavaramut, and cultivating with care and attention on the contrary they will be desirous to obtain lower terms in the ensuing year by shewing the incapacity of their Village to bear its present rent and it has been found more conducive to the eventual interest of Government to give rents for three, five or more years, and thus give encouragement to the Meerassidars to develope the resources of their lands, and afford a fair and just criterion of the rent that the Village will bear.

21 In the concluding part of the same paragraph the Board in noticing the fact that the Village of Heelacottagum had reverted to amany in consequence of the absence of the chief meerassidar, remarked that in his absence the Collector should have made the best arrangement the case admitted for the cultivation of the Village,

Village, the Oloongoo amount being the standard, of the owners liability according to the terms of this agreement.

22 The Board will however remark that the Village in question was rented in fusly 1258 for two years only, that it came naturally under amanny in fusly 1260, and that altho the absence of the Chief Landholder prevented the Collector effecting a new rent, the Meerassidar was under no liability for the oloongoo amount he had rented the Village for a certain period, that period had expired, and until he agreed to a new rent, the Village must of necessity remain in Amany.

23 Accompanying are two Statements numbered 7 and 8 giving particulars of the gross collections and charges. Of these the following is an Abstract, and from it, it appears that including the salaries of Village Officers in most other districts paid by rent free lands, the proportion of the charges on account of land revenue bear to the collections is 11½ per Cent while exclusive of their salaries the proportion is 6½ per Cent.

The total amount of revenue derived from irrigated land was Rupees 34,64,104 and the total warramt charges was Rupees 1587.50 the percentage being 4 37/64 but the latter sum includes the expenditure on roads which should not be compared exclusively with the revenue from irrigated lands but with that of the whole province, as however the revenue accounts are kept fasleywar and the warramt accounts his meewar the exact percentage of warramt chargeable on the benz of irrigated lands cannot conveniently be shewn.
