Remarks

11

A The collection of this arrear was suspended on account of its arising from errors in the settlement and double entries of lands included in boundary disputes -

B This fee will be absorbed in the assessment about to be introduced in the resumed Jagheer Villages and sanction is requested for remitting the Current demand as irrecoverable in accordance with the Proceedings of the Board dated 2nd. September 1852 -

C Under the orders of the Board dated 20th. September 1852 this arrear= =rears has been deducted from the Summah in Fusly 1262. Pending the receipt of those orders the full teerwah was included in the Settlement of 1261 and sanction is now requested for remitting= the society -

D This remission is due to the Conjeevadoo Shotriemdar in Com= =pensation for land taken for irrigation Channels See Board's Proceedings 7th. January 1847 -

E Full teerwah will hereafter be collected on this land and remis= =sion is requested for this arrear in accordance with the Board's order 1st. September 1853 -

* Of the total balance of Rupees 2024-2-7 it is proposed to retain for future Collection or adjustment the recoverable and doubtful portions amounting to Rupees 579-1-3. under the explanation given in this= Statement sanction is requested for writing off the remaining= irrecoverable portion amounting to Rupees 1445-1-4.

Division of 1462 Star of 1428

No 9 - The Abkarry farm was rented for a larger amount in the Current Fusly -

No 10 - Vide remark No 4 to 8 -

No 11 - This decrease arose from the Smallness of the arrear at the commencement of the year under review -

No 12 Vide remark No 4 to 8 -

No 13 - An increase in the settlement caused this difference -

No 14 - Vide remark No 4 to 8 -

No 15 - This increase arose from Indigo having been sent by land to Pondicherry instead of being shipped at Cuddalore as heretofore -

No 16 & 17 Vide remark No 4 to 8 -

No. 33.

To C. Maltby Esquire
Collector of
South Arcot.

Sir,

I have the honor to report on the settlement of the four Taloks under my charge for the past fusly.

Tindevanum, Trevady, Villapooram, Chaitput — 2 The Jummabundy was carried on at the Cushah Stations except in the Villapooram Talook where the town of Tullavanoor which is not far from the Cushah was chosen as affording greater conveniencies of shade and water for the number of ryots assembled.

3 The net Settlement for Fusly 1262 was less by 26,333-4-11 than in the preceding year and as will appear by the accompanying Memorandum; this amount is so distributed

Fort St. George 23d. January 1854

This difference was occasioned by the unfavorable commencement of the season, local rains having been scanty in July, August, and September. The Taloork of Villapooram which is considerably more extensive than either of the other three and also yields a larger revenue suffered less from these causes owing to its more secure means of Irrigation, an advantage which might be extended to portions of the Chaitput and Tinnevelly Taloorks.

4 I subjoin an account contrasting the Dittum with the results of the seasons both in actual cultivation and revenue, from which it will be seen that land yielding about two lacs of Rupees out of a total revenue of between nine and ten lacs (or nearly one fourth) was cultivated after, and in addition to the Dittum, a proportion which proves in my opinion the uselessness of this system unless the value of the land, either from its possessing certain sources of irrigation or from the lightness of the assessment does not (as is the case at present to a great extent) depend upon local rains.

5 The same account will show the results of the Dittum and of actual cultivation respectively in Fusly 1261 when the better promise of the early months brought the Dittum nearer to the actual results of the year, a larger amount was however remitted for Dittum waste than during the year under review. The Particulars of this remission during Fusly 1262 are given in the Marginal Memorandum Rupees 149—10—1 out of the total amount was granted on account of Poduthal or land

laid permitted to be left fallow.

6 The next account gives all the details of settlement for the two fuslies side by side. I have already noticed the total results and attributed the diminished Revenue during the past year to the influence of the seasons, an explanation which perhaps sounds vague but is, I consider, borne out by contrasting the Talook of Villa-poozum irrigated by channels from the Pennar river with the lands which enjoys less certain supply.

7 With regard to the revenue derived from "Kaiper" amounting to Rupees 24,646. 13. 5 pie animaduvert:ing on the discretionary power which is under the system thrown into the Curnums hands, I shall doubtless merely repeat objections which have already occurred to you, and the evil may probably be great:ly diminished by the results of the survey. I think however it would be advisable so long as things continue as they are, to define more clearly the rule regarding wells dug near Government Works of Irrigation, as for instance to r. rule that it only applies to those within a given distance — say

say 30 yards or perhaps somewhat less, beyond this distance it cannot I think be considered that a well derives any material be:nefit from a tank or channel — I propose with your approval to co:notify such a definition to the Cur:nums and Managers before next settlement.

8 The deductions enume:rated in this account do not call for any particular explan:ation, being nearly the same as last year, they leave the net settlement for the year including ready money Collections, Quit rent and Shrotriem, a net Total of Rupees 8,91,772-1-7.

9 The accompanying State:ment shews the amount of demand under the various heads, the proportion collected within the Fusly, the amount afterwards collected and the balance still outstanding.

From the Collector of Tanjore

Sir

I have received a Petition very numerously signed, from the inhabitants of Tanjore and its environs, praying for the appointment of a Moonsiff

The population of the Villages concerned in the application amounts to upwards of 40000 in all police cases they have immediate redress from the Police Ameen of Tanjore, but for the settlement of all civil suits they have to apply to the Court of the District Moonsiff at Papanasum.

In so large a population and in a town of such extent as Tanjore, it is easy to conceive that occasions must daily arise for recourse to justice on many petty claims

claims, which would be forborne rather than taken for investigation a distance of fifteen miles.

On a late occasion the Government were pleased to sanction a monthly salary of Rupees 40 to the Moonsiff of Cumbaconum a town, the population of which is only 28000 and as I know that the present Petitioners suffer great inconveinence from their position, and would receive with gratitude the favorable acceptation of their prayers.

I take leave to lay it before the Board.

From the Ag Collr of Madras. Reporting further in regard to the Sale of a Grant to Mr I. B. Norton for his land at the Adyar

Sir With reference to the Boards Proceedings under date 28 Ultimo I have the honor to state that on calling for the Plan book without which it seems hopeless to try to trace the land originally included in the free Grant 1195 for Cawnies 46 g. 49 pt. part of which has now come into Mr Nortons possession I find from Office Memorandum that it was taken by Mr Ellis to the Boards Office on the 15th June 1852 and has never

never since been returned to these Records. It appears that on the request of Mr Ellis search was made by the Manager of the Board but in vain, and no further steps appear to have been taken to recover it. It is said to be a Folio book containing about 50 Plans of the St Thome Division the loss of which will cause serious inconvenience in other cases probably as well as the present. I would beg to suggest that the Board will once more direct carful search to be made for it, as it may possibly have been lost sight of among Plans in the Depart-ment of Public Works Should the Board approve a reward might be offered for its production

2 In reply to parah 4 I beg to state that Quit Rent appears to have been charg-ed on all portions of the land included in Grant 1195 for which Certificates have subsequently been taken out, and not for the remainder. On the face of these transactions there seems considerable cause for suspicion, that this land was originally claimed as

as Pagoda property on insufficient grounds. Had it really belonged to the Pagoda, I do not see how it could have been sold by individuals without a gross fraud, which the Trustees of the Pagoda would scarcely connivé at

3 I beg to enclose Copy of a letter from Mr Norton dated 23d February last requesting that the grant of the Certificate might be allowed to stand over for the present.-

4 Unless the Plan Book can be recovered it may be safest to defer the issue of a Certificate till that locality has been surveyed

2. The Board forward to the acting Collector a Sketch Plan received with the Collector's letter of the 17th March 1854

the Grant No 1195.-

3. It was included originally within
the red shade, but this was corrected
to the boundary marked by the blue

former measurement had been incorrectly
taken, and that a remeasurement correctly
commencing from the high road to the

the necessity of enquiring now into the history
of the land prior to its sale by the Sherroff

The demand on account of the Estma Sources of Revenue in the District of Tanjore for Fusly 1262 amounted to Rupees 9,44,440 and the Collections to Rupees 9,03,964 The balance outstanding at the close of the Fusly Rupees 37,476 has been reduced by subsequent recoveries to Rupees 218 Including arrears 35,534 and Estma item 5,469 - the Gunfo Collections amounted to Rupees 9,44,968 and deducting changes in which there was a large increase chiefly on account of payments for Cooly and Coodemaram the net Revenue Rupees 8,67,413 was below that of the previous Fusly in the sum of

Fort St. George 26th January 1854.

of Rupees 81,697 — 8 — 4.

2. In the Frontier Customs, there was an increase to the extent of Rupees 3780 and Mohturpha Rupees 175. the former is attributed chiefly to larger exports of rice, in which the increase is shewn to have been Rupees 2,965 - In all the other branches there was a falling off but those demanding notice are.-

Salt — 47,409 — decrease.
Ab Karry — 21,250 — decrease
Sea Customs — 5,081 — " —

3. The decrease in Salt occurred in the sales both for Home and Inland Consumption, that in the former being Rupees 21,046 and in the latter Rupees 27,228 and various reasons are assigned for these results, the chief of which are the unprecedented sales of Fusly 1261. and consequent short supply at two Southern pans at the end of the year, and the impassible state of the roads caused by the storm which induced the Dealers to resort to other pans. Though the sales of Fusly 1262 show a large deficit as compared with those of Fusly 1261 - they fall

below

below the average of the preceding 5 years in the sum of Rupees 18919 only, the decrease being confined to Rome Consumption, the District having been "seriously affected by the Storm in March" 4.

The decrease in the abkary was occasioned by the lower rents obtained for this branch of revenue under the circumstances explained by the Board of Revenue in para 7 of their Proceedings and the deficit in the Sea Custom collections as ascribed chiefly to a decrease in the export of rice, caused by the storm, which it is stated, "not only diminished the quantity of the produce "but also seriously deteriorated the "quantity," which induced the authorities in Ceylon to procure a supply "from "ports other than the usual ports of "Tanjore". The loss of several ships and Dhonies, it is also represented, tended to diminish exports in rice.

President in Council to communicate to you for the information of the Government of Madras, the accompanying Copy of a Dispatch from the Honorable the Court of Directors dated the 5th October last, No. 3, and of a letter this day addressed to Mr. G. A. C. Plowden appointing him a Special Commissioner for the purpose of instituting enquiries and submitting a report on the various questions indicated in the Honorable Court's Despatch connected with the manufacture of, and tax upon Salt and more especially upon the feasibility of substituting for present arrangements, a system of excise upon the manufacture of Salt in the Presidencies of Bengal and Madras.

No. 909

To
G. A. C. Plowden Esqre
Sir,

1. The Honorable Court of Directors in their Dispatch No. 3 dated the 5th October last, of which a Copy is annexed, direct the Government of India to cause an enquiry to be substituted, in order to their being furnished with a full report on various questions connected with the manufacture of, and tax upon salt and more especially upon the feasibility of substituting, for present arrangements, a system of excise upon the manufacture of salt in the Presidencies of Bengal and Madras.

2. The Honorable Court desire this Report to be prepared without delay, in order to meet the probable future discussion of this subject in Parliament and they suggest that the task be committed to the Board of Revenue, or to a Committee of competent Officers.

3. In order to obviate, as far as practicable, the possibility of an objection being raised that the enquiry regarding the

Fort St George 26th January 1854

the manufacture of salt, has been made and the report drawn by Officers whose prejudices may naturally be supposed to have been already enlisted on the side of the present system, the President in Council thinks it advisable that the duty should not be committed to the Revenue Board, which has itself the immediate management of the existing system. His Honour in Council is further disposed to think that in this instance the duty of enquiry and report will be performed equally well and more speedily by a single Officer than by a Committee.

4. With these views, and relying upon your experience gained both departmentally and administratively which will enable you to conduct the enquiry regarding salt with greater facility than most other public Officers, the President in Council, at the suggestion of the Most Noble the Governor General, has been pleased to appoint you Commissioner for the purpose described.

5. You will enter upon your duties as soon as you shall have been relieved

relieved of your present Office of Officiating Secretary to Government of India in the Home Department, and you will be pleased to bear in mind that your Report should be prepared and submitted with as little delay as possible.-

6. You will have full access to every source of information in this Presidency, and you may, if you consider it necessary proceed to Madras and Bombay there to enquire personally into the several systems pursued under those Governments.

7. Your appointment will be duly communicated to the Governments of Bengal, Madras, and Bombay and those Governments will be requested to afford you every facility in the prosecution of the important enquiry committed to you.-

8. The Honorable the President in Council authorizes you to charge in a Contingent bill your actual travelling charges and the expense of such Establishment as you may find it absolutely necessary to entertain at any time during the progress of

The Board observe, on a reference to the settlement accounts of the district of Rajahmundry for Fusly 1260, that the forms noted in the Margin can be well substituted for those now in use, as will be seen from the accompanying Statements prepared in this Office, there seems also to be no difficulty in introducing forms 4—20—21—22—25 and 28 as the particulars therein contained can be furnished from the district.

2 Forms 7 and 8 may be introduced after a revision of the assessment is made, but it should be determined by the Commissioner Northern Circars whether the old forms are to be wholly or partially retained in respect to Nos. 9 to 13—17 and 18.—

3d R. 24 9

Sir,

From the Collr of Nellore — Requesting that all persons who have dug substantial wells subsequent to 1846 may be allowed to hold the land cultivated by them at the dry rate of assessment.

I have the honor to bring to the notice of the Board that during the settlement of the Talooks of Toommulcheruvoo lately made, certain Ryots who had dug wells at a considerable expense previous to the recent orders granting persons the benefit of their improvements, requested that they might be allowed to hold the Land Cultivated by means of them, on the dry assessment, as they had dug the wells on the faith of an order issued by Govt Bishop a late Collector of this District allowing this benefit to all wells that cost upwards of 400 Rupees.

2 This request involves no present remission of assessment, the Teerwa justly being always remitted till the party has been reimbursed for the cost of outlay, and this has not yet been completed in three instances, the outlay having been considerable.

The

There are not many wells in the district
Constructed at a cost exceeding 400 Rs
under Mr. Bishop's order, the number
of such wells is probably about 12-

4 As Mr. Bishop's order is in
accordance with the new Rules now in
force, and is now entirely superseded
thereby, I beg to recommend that all
those parties who have dug such substan:

To F. B. Elton Esqre
Collector of Nellore

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 21st January 1854, referring to recommend that leave of absence should be granted to me in the present state of the District, at the risk of appearing importunate I would beg to urge the following Circumstances.

My application for leave was not sent in on light grounds, nor with any thought of personal Relaxation although strongly recommended even in my own case by the Medical officer here.

But the health of my wife has for some time been suffering and the shock occasioned in her present weak state by the sudden loss of a child, has caused Drs Young to urge in the strongest terms the necessity for my removing her as speedily as possible for

Fort St George 26th January 1854

a short time from the scene of her trial.

I know well that Public Interests cannot be sacrificed to any private calamity, but I think that if the Board of Revenue were aware of the improved state of the District at present, they would not consider a short absence on my part, inadmissible, especially as my application for leave is only from the date of the Assistant Collector's Return to the District.

If the Board should be inclined to listen favorably to my appeal, and I obtain the leave of absence asked for, I should be ready at a day's notice to rejoin the

the District, if circumstances should arise to make you consider my presence desirable.

Bd. No. 12

From the Collr. of Bellary } Para 1.

Supplies the information called for by Government respecting the improvement that has taken place in the Village of Holagull and how that is attributable to the construction of the Tank.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 24th November 1853 communicating an Extract from the Minutes of Consultation under date the 8th idem, observing that the average Revenue derived from the lands under the Tank for 33 years since it was constructed is only Rupees 191 per annum and the usual Dufsaverundum on which would be only 47 3/4 Rupees and calling for some further information as to the circumstances under which the improvement in the Village has taken place and in what way it is to be referred to the construction of the Tank,

G

Fort St George 20th January 1854

I have the honor to forward a detailed account shewing the annual Revenue previous to and after the construction of the Tank at Colagull and the population of the Village at different periods.

2 From the above Statement it would appear that previous to the construction of the Tank the Revenue of the Village was on an average only 1038 Rupees, Vizt between fasilies 1210 & 1228 the Tank was then constructed.

3 It has since been (notwithstanding the General Remission since allowed) on an average of 33 years 1556 Rupees. This increase (I may say of 100 per Cent) cannot it is true be attributed directly to the construction of the Tank but that undertaking doubtless indirectly contributed largely to the Establishment of the Village to the increase of the population and eventually to the increase of the Revenue

Fort St George 20th January 1854

which has been raised by the operation of Cowle in the extensive tract of Black Samos in the vicinity of the Village. It is well known that the vicinity of a reservoir of Water merely for the use of Cattle in these Waterless Black plains contributes very much to the increase of cultivation and the prosperity of the country though not an acre is watered by the Reservoir itself.

Ordered that the following letter be sent in consequence.

(4546)

To The Collector of North Arcot

Sir,

B. No 164 To the Collr of North Arcot

I am directed by the Board to observe that in the Weekly Grain Price List forwarded with your letter of 24th January you appear to have taken 3200 measures of 150 Rupees weight of grain each, as equal to the Madras Grace - for instance Coarse Paddy -

Reviewing the Grain Price List sent on the 24th January 1854 and requesting to forward an amended list in lieu of the above, and in future the Price lists may be made on the principle proposed by the Collector

	Measures of 150 Rs wt of Horse Grain -	Value per Madras Grace -
Chillore	27 ¼	117-7-10

2 - You will observe from the Board's Proceedings of 9th May 1853 Paras 15 to 20 that from actual gauging it appears that the North Arcot "measure" when struck, is 22 per cent greater than the Madras Measure, the North arcot being 122 cubic inches, and the Madras 100 - The Board however did not think it necessary to alter the rate you had assumed in your Price lists, viz. that the North arcot measure heaped weighed 150 Tolas of boolter, and the Madras struck 130

although

(although the more correct proportion is 155 to 116 or 118).

3 Your accepted rate of Conversion makes then the North arcot heaped measure (of 150 Tolas of Grain) 25 per cent larger than the Madras Measure, or in other words the Madras Measure 20 per cent less than the North arcot measure.

4 This being the case, the Garce of 3200 heaped North arcot measures, as given in your Weekly Price list is 25 per Cent larger that the Madras Garce, and the prices will have to be reduced 20 per cent from what is stated by you.

5 Taking for example the price of course Paddy 27/4 + 150 = 20875 Tolas of Paddy — for 1 Rupee. Now a Madras Garce is 3200 + 120 (tolas of Paddy by your estimate) or 384,000 tolas. Then 27:25:1 :: 384,000 = Rs 93 - 15 - 8

This is 20 per Cent below what you have stated as the price of a Madras Garce.

6 I am directed to request that you will have an amended List sent in in lieu of that now before the Board, and also that in future the Price lists may be made out the principle you proposed and which

which the Board admitted, namely that which makes 2560 North arcot heaped measures / Madras Standard Garce of 3200 struck Madras Measures.)

B1 No. 204

From the Collector of Tanjore
Requesting sanction

Sir,

I am afraid that it will not be possible to

to invite tenders for the supply of Paddy for the use of His Highness's Palace and Chuttrums.-

to prevail on the Meenasidans this year to supply the usual quantity of grain to the granaries of His Highness the Rajah, the whole produce of the harvest will probably be wanted for the consumption of themselves and their people and I am of opinion that it will be necessary to adopt other measures in order to meet the Rajah's demands.

2. I have therefore the honor to request that I may receive sanction to invite tenders for the supply of a hundred thousand Cullums of Bengal paddy for the use of the Palace, and 60 thousand Cullums of paddy from Burmah for His Highness's Chuttrums, and to make such advances to the parties contracting as may be required.

3. The Board are aware that the usual course is for the Meenasidans to supply the grain and to receive credit in their rents for the quantity supplied, the value of the whole being deducted from the Rajah's one fifth share of the Revenue at the close of the Official year. The money I now propose to advance will be paid from the treasury but none of the usual deductions will be made from the monthly collections and the account will be adjusted as usual when the Rajah's share is calculated.-

4. I take leave to request the Board's early attention to this matter.

B. No. 181

To The Chief Secretary to Government

Submitting a letter from the Collector of Tanjore, requesting permission to invite Tenders for the supply of Paddy for the use of His Highness the Rajah's Palace and Chuttrums and recommending, under the circumstances stated, that sanction be granted accordingly.- 26 January 1854

The Collector reports that in

2. consequence of the present scarcity of grain in the District, he is afraid that it will not be possible for the Meenasidans to furnish the quantity that, in accordance with the Treaty he is called on to furnish to the granaries of His Highness the Rajah, and is therefore of opinion that other measures should be adopted to meet the Rajah's demands. Hence he suggests that he may be authorized to invite tenders for the supply of a hundred thousand Cullums of Bengal Paddy, for the use of the Palace and 60,000 Cullums from Burmah, for that of the Chuttrums, and to make such advances to the parties contracting as may be deemed requisite, the same being hereafter recovered from the one fifth share of

of the Revenue payable to the Rajah at the close of the offinial year..

3 The Board see no other means of fulfilling the terms of the Treaty and they beg to recommend that the Sanction of Government may be accorded to the proposition of the Collector..

Sir,

I have had the honor to receive an Esctract from the Board's proceedings dated the 16th Instant directing me with reference to an Esctract from the Minutes of Consultation of the 12th Idem to report whether I have given any orders prohibiting the escport of grain, as has been represented to the Government by his Excellency the Governor of the French establishments in India.

No such orders has been given or contemplated

contemplated by me and I am quite unable to inform the Board what could have given rise to the report. A reference was lately made to me by the Collector of Jaffna to ask what truth there was in a similar report which had reached him, and in informing Mr Dyke that it was wholly without foundation I supposed that it had arisen from an order prohibiting escport which I understood had been given by the French Authorities at Karrical.-

Sir

Adverting to the unfavorable nature of the present season owing to the partial failure of

of rains of the North East Monsoon, and of which fact your Board has already been apprized by my letters of date the 27th and 31st Ultimo, I deem it my duty to solicit permission from the Board to grant a remission on dry crops destroyed or perished by drought on the same principle and rule as now obtains for Crops lost on Nunjah land as Shaie..

2. I am fully aware that it is not usual to allow a deduction on dry Crops perished, but at the present juncture, whence much of the grain, Varagoo and oil seed Crops are entirely lost, I am of opinion that policy as well humanity calls for some relaxation in making the Settlement for this fusly.-

3. To prevent the present indulgence being cited as a precedent hereafter, I would beg to suggest the same precaution be acted on now as was adopted in 1837, and this remission be limited to the present season only and the fact, as well as cause, be so noted in the Puttahs of the Ryots.

4 My application is for the entire Province West and Dry Talooks..

B. No. 3355

From the Secretary to Government

Resolving to furnish the Advocate General with correspondence relative to the liability of land within Madras being sold by the Officers of Government for arrears of Revenue and request his views thereon and further wishing to know from the Board the proportion of land

Land at Madras held on the old and new Grants and other documents.

of the Quit Rent charged on lands within the limits of Madras and 2dly the sufficiency of the provisions of act XII 1851 for securing the realization of the Government land revenue within the Madras Collectorate.

2 The first of these subjects or that relative to the redemption of Quit Rent was referred for the consideration of the Board of Revenue in Extract Minutes of Consultation 8th July 1853 No. 780, the measure being proposed with a view of reducing if not ultimately dispensing with the large establishment which is now maintained for the collection of this branch of revenue.

3 The Acting Collector, represents that only Capitalists could take advantage of the right of redemption, and that as the poorer proprietors will be unable to avail themselves of it, the Establishment will still be necessary as well for the levy of Quit rent as for the collection of ground rent and the demand on smaller properties and on arable lands as a means however of

of reducing the charge of the Quit Rent Department, he suggests that the collection of the Quit rent and Ground rent within the walls of Black Town should be entrusted to the servants of the Assessment Department, by which the services of 4 Conicoplies and 5 peons can be dispensed with and a saving effected of Rupees 1,092 annually. The Board however apprehend that confusion in the accounts of collection and in the responsibility of the agents would result from the operations of one Department being entrusted to another not under the direct control of the Government or its Officers. The Right Honorable the Governor in Council is of opinion that these objections are well founded and that they are quite conclusive against the Acting Collector's proposition.

Para 5

4 The Board further represent that they "see no objection to the issue "of a Notification setting forth that "Proprietors are at liberty to compound "for the annual rent, by an immediate "payment of Thirty years purchase

of

"of the same. The disposition of the Public
"might thus be ascertained and such
"further proceedings adopted as experi-
"ence might dictate". The Right Honor-
able the Governor in Council concurs
in this view. and he therefore requests
that a notification to the above effect
be inserted by the Acting Collector in
the Fort St. George Gazette.

Paras 6 to 10

5 The remaining paras of the
Board's Proceedings relate to the power
of the Revenue authorities to sell
lands within the limits of Madras for
arrears of revenue under the provisions
of Act XII of 1851. on which point the
Acting Collector has suggested that a
reference be made to the Advocate
General. The subject appears to have
been under discussion from a remote
period and it is stated that so far
back as 1808 the Company's Law Officers
held that "under the form of Grants
then in use, Government had the
right of entry equivalent to the
right of sale of lands for arrears
and that this right had on one
occasion been exercised." The
Board

Board entertain little doubt that
under Act XII of 1851 the land itself
is not saleable for arrears, but they
recommend that the proposed refer-
ence to the Advocate General should
be made particularly with adverteence
to the point of Law how far the new
form of Grant or that introduced in 1828
has affected the right of Government
which was held by his predecessor to
exist.

6 The Right Honorable the
Governor in Council thinks it desirable
that the opinion of the Advocate
General should be had upon the
question of the liability of land within
the limits of Madras to be sold by
the Officers of Government for
arrears of public revenue. He
therefore resolves to furnish
that Officer with Extracts from
the present papers as per margin and
to request him after an examination
of the forms of Grant and Certificate
in use prior and subsequent to 1828.

ence quoted by the Acting Collector

and to that which took place with his own Department in 1808- and 1828 to favor Government with his views as to their power to sell land in Madras under the provisions of the Act- that held under the old and that held under the new forms respectively and if such power does not now exist whether there would in reference to the landed tenures at Madras and the instruments under which lands are held be any objection to the passing of a short legislative enactment for the purpose of conferring such power..

The Governor in Council would further wish to know from the Board what proportion of land at Madras is held on the old and new Grants and Certificates respectively and whether all the lands in the Collectorate are held on such documents and if not, in what other manner they are held..

From the Secretary to Government

Directing the sales proposed by the Collector of Trichinopaly for the assessment of certain individual trees growing on unoccupied lands be charged accordingly and exempting them when grown on the Ryots assessed holdings.-

Revenue Department

No. 10

Extract from the Minutes of Consultation under date the 4th January 1854.-

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 24th November 1853 No. 551)

With the above Extract from their Proceedings, the Board of Revenue submit with their suggestion a proposition from the Collector of Trichinopaly for fixing a uniform rate of tax on individual trees in his District in lieu of the various unequal and in many cases excessive rates that now obtain. The rates proposed in substitution are specified in the margin and are regarded by the Board of Revenue to be exceedingly reasonable. The immediate effect of the measure, it is stated, will be a trifling loss of Revenue, but the gain will be certain by the encouragement

Mango, Jack Tamarind and Eloapay at 4 annas each tree per annum

Cocoanut, Orange, bitter Orange, and Lime at 2 annas each tree per annum

Goosberry - - - - - 1 anna

Wood apple Nut — 6 pice each

Palmyra - - - - 4 pice per annum

encouragement held out to the people to plant extensively, and thus repair the devastation occasioned by the storm of march last.-

The Right Honorable the

2

Governor in Council does not quite gather from the Collectors report whether the trees to which his present proposal refers are those only which grow in unoccupied lands and whether the trees in the Ryots assessed lands are exempt from tax. The Board state that in their opinion the reduced rates should be charged only in cases where no separate assessment is levied on the land the trees grown on. If this be not now the case, the loss of revenue from the proposed change will be somewhat more than the Board calculate but the sacrifice in any event will be inconsiderable, and there can be no doubt that the principle laid down by the Board is the correct one. Again some of the trees in the Collectors list, the Orange and bitter Orange the Lime tree the Nut tree the Gooseberry

Goosecherry and wood apple trees are scarcely fit subjects of taxation and might, it seems to Government, well be exempt in Trichinapoly as in Tinnevelly. The small number of Palmyra trees and their probably small value in an inland District would lead the Government to extend the exemption to them also.

Only found in two Talooks
Tanjore 1670
Volcondapooram 416
2086 which at 4 pice per tree proposed by the Collector would give a yearly revenue of Rupees 43 only.

3 On the whole the Governor in Council resolves to direct that the rates proposed by the Collector as per margin be charged on all Mango, Jack, Tamarind, Elloopay, Oil, and Cocoanut trees, growing in unoccupied lands - that such trees when growing in the Ryots holdings and for which he pays a land assessment be exempt from demand and that the tax on the other trees borne in the Collector's list be hencefoward

2 Under the circumstances represented in Paras 21 & 23 regarding the great increase in the records of the Canara District, and their importance and the inadequacy of the Establishment in charge of them the Government

Government request that the Board will call upon the Collector for a revised Tabular Statement of the additional number of servants that may be absolutely required for arranging and preserving the records in view to its being forwarded for the sanction of the Government of India. The Governor in Council does not however think with the Board that the Talook Sheristadar being regarded as the Talook record keeper the present exigency would be met by the employment of additional Goomastahs as his Assistants in the Talook Cutcherries. No doubt the Talook accounts are under the general Superintendence of the Sheristadar who is required to exercise a general Surveillance over them, but looking to the many duties devolving upon a Sheristadar, it is evident that he can give but a limited portion of his time and attention to this part of his duty. It would seem preferable that the servants to be newly entertained - should be placed in distinct charge of the records as record keepers, and held directly responsible that all the accounts and papers, are well preserved and arranged in good order. The

3 The Right Honorable the Governor in Council much regrets to learn from the reports now laid before him that the records more especially the Talook records in many Districts are in so unsatisfactory a state and trusts that the Board of Revenue will impress upon the several Collectors the necessity of paying greater attention to the subject. Collectors and their subordinates should be required to inspect the records, at the various Talook Cutcherries when they may visit the Cusbah stations on their tours - and the Talook Officers should be held responsible that these records are carefully looked to - and kept in good order. It is observed that in some Districts the Hoozoor a record room and the Talook Cutcherries are in bad repair, and the records are injured in consequence The necessary steps should be taken for the improvement of these buildings.

letter. Viz.ᵗᵉ that each Collector should report at the end of the year, or of any other period rendering the measure necessary what records it would be necessary to retain seems judicious. The Collectors will consequently report annually to the Board what records may have accumulated during the year which it is unnecessary to preserve, and will take the orders of the Board for their disposal. They should at the same time inform the Board of the condition of their records generally, and the progress made towards their arrangement and better order.

5 It is observed that the Board proposed forwarding to the Commissioner Northern Circars for disposal the reports upon the public records received from the Collectors

Collectors within his range. The Commissioner will be requested to lay these reports before Government with his own remarks upon them at an early period.

I have the honor to acknowledge the receipt of your letter of the 24th Ultimo requiring me to state, in reference to my Endorsement dated 14th September 1852 on the Petition of Narsimalu Chetty, how the Kurnums Maniem is entered in the Pymash accounts, as the Board are of opinion that in such instances in which the Maniem only of the land is given to the Curnums in remuneration for service, the old occupancy should not be disturbed without the consent of the Cultivator.

Supplying further information relative to the nature of the entry of the Curnums Maniem in the Pymash accounts of Cayarumbedoo.

* or Shekdar of Cayarumbedoo.

2. The Enams of this District may be divided into two principal Classes Viz "Sarvabady" or those assigned on the original Measurement of the lands of Villages and comprehending the Enams of Village Servants.

Servants and those granted in support of Village Pagodas 2nd by "Sunnud" being those subsequently conferred at different periods by the ruling Powers for the support of particular individuals and of various institutions. The former invariably confer on the holder the Coodewaramm as well as the Mairdwaramm right of the lands, the Village lands having been originally divided amongst the Merasidars or held in common by them, exclusively of these Enams. The latter as invariably confers a right only to the Mairdwaramm. The Merasidars having from time immemorial, possessed a prescriptive right to the waste as well as to the Sheigal lands, the former Rulers were precluded from alienating the proprietary or Coodewaramm right of even the waste lands in conferring the same on Pattas as Enams on Sunnuds.

3. All Enams of the Nature referred to in the Petition falling therefore under the Class of "Tarabady" being confined to Village Officers inclusively of the Coodewaramdars.

Coodewaramm right of occupancy as above explained, the observation of the Board made under a different impression viz that the Mairdwaramm right only has not unfrequently been conferred as Service Enam does not apply to the point at issue, which has reference to the separation of the Emoluments derived from lands, from the Office to which they have been annexed by the State.

4. The Petitioner urges that 4 Cawnies had originally been assigned to the Curnum and that the additional Cawnies a moiety of which was in his possession had been allotted to the Office at a subsequent date from the Waraput lands of the Village. This assertion is however not borne out by the accounts. The Bernad Tarapady (the oldest extant) and which forms the standard document of reference shews that the Curnum's Enam is 6 Cawnies. In the Pymash accounts which are Comparatively of a recent date 6 Cawnies of land are in like manner entered as Curnum's Enams.

Enams but it is to be observed that these accounts are not calculated to throw light on the subject under discussion, either as regards the separation of the Coodewarumm right of the land from the enum or as concerns the occupancy of the land by any particular Party.

5.

The Petitioner and another Party each holds the Coodewarumm right of ½ Cawnie of this Enam while both the Coodewarumm and Mailwarumm of the remaining 4 Cawnies, as well as the Mailwarumm also of the one Cawny thus separated from the Office are in the enjoyment of the Curumm, a circumstance which in itself demonstrates irrespectively of the general usage of the District that the Coodewarumm or Cultivators' right is likewise vested in the Curumm as appertaining to his emoluments of Office, and that the Petitioner or his Ancestors must have obtained the occupancy of this portion of the Enams in some unauthorized manner at a date subsequent to the annexation of the emoluments

emoluments to the Office.

6. The question might arise as to whether or not any period of occupancy should be considered as entitling Parties who may have obtained Enams thus separated from Village Offices, to undisturbed possession, and if the reply, it is considered, should be given in the affirmative what period should constitute this validity of title.

7. On this point I was decidedly of opinion that as regards Service Enams, no period of limitation (such as the passing of Regulation VI of 1831) should be assigned as restricting the right of Government to interfere in view to restoring the Emoluments of these hereditary Village Offices to the purposes for which they were originally assigned. So far back as 1795 Mts Place passed orders declaring these emoluments inseparable from the Offices and adopted measures for restoring the Enams to the Offices to which annexed. although latterly due attention has not been paid to-

Fort St. George 30th January 1854.

to the general enforcement of the Rule which however has been carried out from time to time in individual instances.

8. While on Immunalundy in Fasli 1261 and 62. I received frequent Complaints of these emoluments either consisting of the entire Enam or of the proprietary or Coderwarum right thereof alone, being separated from the Offices such alienations having often been made by former Incumbents to the prejudice of those then holding the Offices and concerning that the evil tendency of this practice could not be too strongly deprecated I issued Circular instructions to all the Collectors requiring them to bring to notice every case of such improper alienations of these Enams either in part or in whole in view to their restoration to the several Offices for which assigned. The Petitioner is one of the several Parties who have equal reasons for considering themselves aggrieved by the above order.

9. It is needless to observe that the

Fort St. George 30th January 1854.

separation of the Coderwarum right of the Emoluments of Village Officers, if once permitted, would, in all such cases, render the Emoluments of Office, in some degree, insufficient and uncertain and I trust the Board will concur with me that the prohibition should be strictly carried out retrospectively in all instances in which it may appear that these Enams have been in any way alienated from the Office. The Rule above referred to has been in general operation for the last two years and any decision in favor of the Petitioner would afford all others similarly situated an equal claim on which to urge the retransfer to them of such portion of Enams which have lately been restored to the Village Officers under the Rule in question.

The —

Bd No 254.
Proceedings conveying the Board's observations on Petition 2124 of 1853 respecting the restoration of all alienated Service Enams to the Enumdars of the Chingleput District.

(44-45)

thereon - 1. The Collector here discusses a point of much importance, the expediency of immediately restoring the Manimms of Villages Officers at what date soever alienated -

2. He divides the Enams of his District into Jeraipady and Summul, the former, among which are included the Manimms of the Villages Officers and those of Pagodas, conveying in the Collector's opinion, to the registered holder the right to the land itself, the latter or Summul Enam, transferring the Quitrent or publics tax only.

3. He is of opinion that the possession for whatever period of any portion of a Service Enam by any party, other than the registered Enumdar, should not be permitted and that the Enam should at once be restored to the Service for which it was originally granted, and he states that in accordance with these views he had directed an enquiry to be made into the Enams so alienated in his District, and had restored the land itself, to the Service Enumdar, in all and many instances in which such diversion of

of the Grant had been brought to his notice.

4. . . . Had even the opinion of the Collector, that the land itself had been originally assigned to the Village Servants, been not liable, as the Board think it is, to question, they would still have supposed the general restoration of these Enams whensoever alienated, to have been too sweeping a measure, it being well known that formerly these Enams were often looked upon and treated as private property, had thus passed into other hands for a valuable consideration received by the Enumdars, and had been for a series of years in the possession of the purchasers, and that this alienation had become so frequent, that an Enactment had been specially framed for its future prevention. It would have been but just therefore to have had respect to the long enjoyment of the opposite party.

5. To the declaratory statement of

Para 2

of the Collector, that the Zurapady tenure "invariably" carried with it the land itself, the Board however cannot subscribe, without further information as to the authority upon which such an assertion is made. In the

Vol. 1. Rev. Sel. Page 865

Minute of the 6th January 1818, when the Board entered fully upon the landed tenures of the Country, it is declared (Para 68) that "the Office Meerasy consists of "the hereditary right to certain Inamimes or "assignments of the Government tax on par- "ticular spots of Grounds, with a right (Page 69) "to receive it from whoever cultivates the land "and again (Page 73) that the Zurapady Inam- "mm was arable land, the public tax on "which has from time immemorial been "payable to certain descriptions of people "belonging to the Village Community (See "also note to Page 70) and (Page 86) that "the public tax on the Zurapady Inamimm "was paid by the Meerasidars to the seve- "ral individuals holding the same."

Mr Place

6. Mr Place is stated by the Collector to have issued orders in 1795 declaring these Emoluments inseparable from Office, but it is not shewn that these "Emoluments" included the land, but on the contrary it would appear from the passages above quoted that the remuneration of the Village Officers consisted merely in the Government share of the produce which the Mamundar received from the cultivator.

7. Doubtless in many instances the land itself is in the possession of the Cumundar, but where it is not, the Board do not wish that the present enjoyment shall be disturbed, and in the absence of further confirmation of the correctness of the Collector's

view.

Entirely depending on this Yeomiah.

It appears from the report made by the Tahsildar of Vellore Talook on this subject that Meer Synoollabdeen a sharer in this Yeomiah and brother of the deceased Meer Cawzimally has performed the service from the date of the demise of this person agreeably to the stipulations contained in the Original Grant and that the wife of the deceased is under the immediate protection of this Meer Synoollabdeen. The Tahsildar has recommended the registration of the Yeomiah in the name of this person. But Meer Synoollabdeen who has now appeared at the Cutcherry states that he is unable to perform the services of both his brother and himself and requests that as he is entitled to succeed to his brothers emolument the same may be registered in his name and his own share of Yeomiah in the name of Meer Abbas Hoosain sisterinlaw's husband and is son in law to the son Syed Allee. The Acting Collector recommends that Meer Cawzimally be accordingly registered in deen retrospectively from the date of the share of the Yeomiah of Meer Synoollabdeen Meer Abbas Hoosain agreeably to his request.

Remarks (49.50) thereon, No. 503.— The Board of Revenue agree in the acting Collector's opinion that any divisions which may have been made of service Yeomiahs should be consolidated wherever practicable and therefore recommend that the share enjoyed by the deceased Mohomed Ameen may be renewed in the name of his Cousin Mohomed Hoosman, to whom the widows of the last incumbent should look for support if necessary.—

No. 561.— The Board concur in the acting Collector's recommendation that the Yeomiahs may be registered in the name of Syed Hyder from the date of the demise of his father the late incumbent but on a reduced allowance of 120 Rupees the services prescribed being performed during his minority by a Naib as has been the case since the last incumbents death.—

No. 581.— As the Yeomiahs referred to in the acting Collector's remarks were granted for the performance of certain services which are reported to be still kept up the Board do not perceive any objection to the name of Meer Synoolabdeen being registered as recommended by the acting Collector, and would therefore suggest its being carried out retrospectively from the date of the decease of the last incumbent.— It will be left to this individual to make his own arrangements for the performance of any of the prescribed services which he may not be able to attend to himself.—

Request to be furnished with five Copies of each Circular Order that may be issued by the Board in future and four Copies of each Circular Orders issued from 1851 to 1853.

The Circular Orders of the Board are now lithographed, and a few additional Copies would cost no more than the value of the paper as it is desirable that the Sub Collector and Assistants should be furnished with copies, and as it is also convenient for reference to have the Circular Orders in a separate form as well as in the Book of the Board's General Correspondence, I have the honor to request that the Board will be pleased to send me five Copies of the Circular Orders in future, to be used as noted in the margin—Should there be any spare ones of the Circulars of the years 1851. to 1853, I beg that four additional Copies of each may be sent me.—

From the Collector of North Arcot—

Sir,

Brings to notice the dilapidated state of the Chattrum at Sholingur built by Taypermal Pillay and recommends the resumption of the Enam granted for its support.

Para 1. Among the endowed Chuttrums of this District is one at Sholingur built by Taypermal Pillay in 1831. and endowed in the following year with Enam to the value of 59-12-5 The building having been allowed to fall very much out of repair, the whole of the back part having fallen down, and the tile roof of the forepart being leaky and insecure. I attached the Enam on the 30th July 1849. giving notice to the proprietor to repair the building within three months. Nothing having been done to it, up to the end of 1851. a second order was issued by the Acting Collector on the 31st December of that year, again allowing a term of six months for making the repairs, under penalty of final attachment of the Enam in case of neglect up to the present time, after the lapse of four years and

and a half since the issue of the first order nothing whatever has been done towards the repair of the building beyond the provision of some bricks, and about 200 rafters, and the Chuttrum is now and has been for several years utterly useless. —

2 Many of the endowed Chuttrums of this District are in a state of disrepair and neglect, and the present case is a fair example of the difficulty experienced in getting them repaired. In their Proceedings of the 13th December 1849 the Board directed in the case of Temple endowments that after the lapse of three years without service, the case should be reported, apparently with a view to the final resumption of the Enam. It appears to me that the same rule may justly be applied to the case of Chuttrum Enams, when the conditions on which they were bestowed are similarly broken. Hitherto no instance of such permanent attachment has occurred in this District, as far as I am aware, with respect to Enams of this description, but an example of the kind

kind would have a useful effect, and the present seems a suitable case, gross neglect having been exhibited for a long period, in spite of repeated injunctions. I have the honor to recommend therefore, that I may be authorized to attach permanently the Enam of the Sholingur Taypermal Pillay's Chuttrum. —

From the Collector of Madura

Transmitting translate of a Motion made by the Government Vakeel in the Civil Court of Madura for procuring the Collector to be made Supplemental Defendant in the Suit brought by one Sevasawmy Tavern for the Zemindary of Ramnad with Copy of the Proceedings of the Court thereon, and of the answer put in by the present Zemindar of the Genealogical tree with a recommendation that a certain question may be put to the Government Pleader of the Sudr Adalut.

Sir

With reference to my letter of the 18th October last, I have the honor to transmit translate of a Motion made by the Government Vakeel in the Civil Court of Madura for the purpose of procuring the Collector to be made a Supplemental Defendant in the Suit brought by Sevasawmy Tavern for the Zemindary of Ramnad, with Copy of the Civil Judge's Proceedings thereon.

The Civil Judge rejects

2. the motion on the ground that the Suit in question may be determined without any reference to, or compromise of, the claims of Government to take in default of heirs to the present Zemindar.—

My reasons for wishing to

3. be made a Supplemental Defendant on behalf of Government were the apprehension of

of collusion between the parties in the Suit
and the presumptive right of Government
to take in reversion to the present Ranee,
which right would be injured either by
the present Professor allowing the Zemin
dary to go to the Plaintiff from neglect to
make a proper defence or by a compromise
between them in which the invalid
adoption by the Zemindar should be
admitted and thereby gain a certain amount of
strength.

The Civil Judge observes that
in going into the Pleadings for the purpose
of decision the Court will of course take due
care that the Plaintiff states most clearly
and explicitly the relationship under
which he claims and proves it in the usual
manner. Does the remark imply that care
and ability on the part of the Pleaders in a Suit
are of no importance as the Court can and
will provide for each case being fully developed
so that a right decision shall be pussed.
If so, why are talented advocates eagerly
sought for. and if not it would still
seem of consequence that the heir in re
version viz. the Government should have

an opportunity of securing that the right of
the Individual, on whom his own right de-
pends is supported by a sincere and adequate
defence. I beg to enclose copy of the answer put
in by the present Zemindar to enable the Board to
judge how far her right is fully maintained.

The fear of a collusive
5
compromise recognizing the invalid adoption
is met in the Proceedings of the Civil Court
by the remark that this motion will be entered
on record as a caveat against any detriment
accruing to the right of the Government and
I am disposed to think that the effect of such
a compromise would be neutralized by this
public protest on the part of Government

The question is what steps
6.
is an Heir in reversion to a female Hindoo
Proprietor competent to take for the purpose
of preventing the success of endeavours to defeat
his claim by collusive proceedings at Law and I would suggest whether
the Government Pleader in the Court of Sudde
Adalut might not be requested to afford
an opinion on this point.

The

Fort St. George 30th January 1854

7. The Board will naturally wish for some information as to the real foundation of Sevasawmy Tavern's claim to be considered a Coparcener, and as such to oust Purvata Vurdhany Ammal, the present Incumbent who holds as widow of the late Zemindar Ramasawmy Tavern.

8. He has not explained his relationship to the family or set forth his Pedigree in his Plaint, but I have obtained a Genealogical tree + from other sources, Copy of which I beg to enclose. He will be seen therefrom to be descended from a sister of the main who married Mungalaswara Nauckear the Istimraree Zemindar of Ramnad - and the first cousin of his Grand father through another Sister became Zemindar by adoption of Mungalaswara Nauckear and was called Annasawmy Sathoopathy

+ No 2

Q. An adopted Son, ceases, I believe according to Hindoo Law to have any connexion with the family of his birth. It seems to me therefore, that the argument to this effect in the answer to the Plaint completely disposes of any pretension though

Fort St. George 30th January 1854

Annasawmy Sathoopathy

10 As regards any claim to Coparcenery thro Ramasawmy Tavern husband of the Istimrar Zemindar, I would observe in the first place that supposing for the sake of argument that a man by marriage with a female Zemindar becomes owner of her Zemindary, I cannot conceive that his sister becomes Coparcener in such Zemindary, more especially if she be married, since by marriage she becomes separated from her own family. Even an undivided brother would not I imagine, be a Coparcener in such property, and I understand Sir Thomas Strange's Elements of Hindoo Law Vol. 1st Page 174 &c. to lay down that with respect even to inherited property a sister has no claim except to maintenance. Further as regards property held in severalty, the same Author Vol 1st Page 168 quotes Jagannatha as observing that "it is no where "seen that Sisters inherit the property of "their Brothers." Therefore, neither on the ground of Coparcenery nor on that of descent from a Sister does Sevasawmy Tavern seem to me to have any title to property

property which was acquired by the Hus
band of the Istimarance Zemmindar by his
marriage.

11 But, further, it is contrary to
precedent, and I think, to Hindoo Law, to
suppose, that Ramasawmy Tavern did
become owner of the Zemmindary by marriage
with the female Zemmindar. It is known to the
Board of Revenue from the correspondence
noted in the Margin, that when another Rama-
sawmy Tavern, the last Male Zemmindar died, the
Estate descended to his daughter Mungalaswara
Nauchear, and when she died, it went to her
Sister though she left a husband, and that
again when this Sister died, * also leaving a
husband, it did not go to him but to
her Mother. - Many years have passed
and the right of this widow was contested
at Law by the Mother of the last Male
Zemmindar, but never by the husbands of
the 2 daughters who succeeded him. As
to the Law on the subject Sir Thomas
Strange Pages 160-161. Volume 1st Notes,

inferred that I deem the claim of Sevasaw-
my Tavern to be without foundation either by
Law or Custom. As regards the right of Pur-
vata Vurdhasy Nauchear to hold the Ze-
mindary though a childless widow I must refer
the Board to Pages 159 and 160 of Sir Thomas
Strange's Elements Volume 1, I gather there-
from that according to the Mitatchera, a high
Authority in Southern India, the want
of issue is no bar to her succession to
the Zemmindary.

13. The Board may possibly agree with the Civil Judge and think that the motions made in the Court, though rejected will suffice to secure the presumptive reversionary right of Government against injury; but I would nevertheless recommend that the question suggested should be put to Mr. Norton, as it seems very desirable, now that Government have a well qualified legal adviser to take that advantage of occasions as they occur to acquire knowledge of the proper mode of procedure, a subject on which unprofessional men like Collectors must necessarily stand in need of better advice than they can get from a Vakeel in a Mofussil Court.—

No.

Translate of a Motion to be presented to Civil Court of Madura by the Government Vakeel in Obedience to the Collector's Order of the 20th. Instant.—

Para 1. As there is no legal heir to succeed on the death of the present Zemindar of Ramnad, there are many strong grounds for considering that the Zemindary will then escheat to Government. While it is so one Sevasawmy Taver has instituted a Suit in No. 3 of 1853 on the file of this Court against Puravathavurdny Natchyar and another for the recovery of the Zemindary and its appurtenances on the ground of his being a Coparcener. In his Pleadings he has not only entirely omitted to exhibit his Pedigree, but also to state clearly from whom he derives his title to the estate and how he is a Coparcener.—

2. Whilst it was incumbent on the 1st. Defendant Puravathavurdany Natchyar to set forth in her answer the best arguments in her power to maintain her own title and to object to that falsely set up by the Plaintiff as a Coparcener, She has failed to do so; but has stated that she had adopted her sister's younger Son Moodooramaling as a Thoopatty in consequence of the failure of a Male issue and that therefore she is a woman with a Son, which Statement is calculated to injure the reversionary right of Government to succeed to the estate on the death of the 1st. Defendant.—

There

3. There are many strong reasons to conclude that the adoption is invalid; Viz^t.: It is said to have been made several years after the demise of the husband of the 1st. Defendant and as the 1st. Defendant's husband left at his death two daughters who successively inherited the Zemindary, he had no necessity to leave either a documentary or verbal order for the adoption alluded to above—

4. As the Government who have a great interest in this Suit are excluded from it, there is no means to advocate their right &c^a.—

Under these circumstances I pray the Court will be pleased to issue an order to include the Collector as a supplemental Defendant in this Suit.—

Court's Order.

The Plaintiff in this Case, raises no question as to his right to succeed the present occupant of the Zemindary, but asserts that she is not the legal possessor according to Hindoo Law in short that he was a preferable heir to her. This question may the Civil Judge thinks, be determined without any reference to a compromise of the claims of Government to take in default of heirs to the present Stance. Should it be so

found that the Plaintiff is the lawful Zemindary it should only be in default of his heirs that the Zemindary would escheat. The Civil Judge does not see on what ground he can call upon the Plaintiff to make the Collector a party to the Suit he does not pretend to have any cause of action against him and it would appear that every purpose will be answered by placing this Motion on record as a caveat against any detriment accruing to the rights of Government by the Decree in the case. The Court has as yet taken but a Superficial view of the pleadings, but on going into it, for the purpose of Decision will of course take due care, that the Plaintiff state most clearly and explicitly the relationship under which he claims, and prove it in the usual manner, should the Collector desire to be heard further in regard to any assertion made in the answer as to the adoption, he can make such representation.

Ordered that Copy of these Proceedings be given to the Petitioner on his application.—

No. 3

Translate of a proposed answer to be filed in the Civil Court of Madura in Suit No. 3 of 1853 by Ranee Punnatha Vurdany Natcheyar and her Brother Cottay-=sawmy Thaver.-

The Plaintiff has brought this Suit from Enmity.-

1. The assertions that the Plaintiff was an undivided Coparcener to Ramasawmy Tavern husband of the late Rance Saithoopathy Mungalaswaree Natcheyar Zemindar of Ramnad, and that Annasawmy Saithoopathy alias Moodoo Vejaya Ragoonatha Saithoopathy adopted son of the above Mungalaswary Natcheyar was grand son to the younger Uncle of the above Ramasawmy Tavar are quite false under the following reasons.-

2- Ramaya Tavar who led a life of husbandry in the Villages of Canary and Ethombadub had one son and two daughters the former named Ramasawmy Thaver and the latter Vellacheelayakal and Nayakal; of whom Ramasawmy Thaver was married to Mungalaswary Natcheyar Sister of Moodoo Rama-=inga Saithoopathy and was under her protection.- He consequently derived the name "Mapillay Thaver"

but neither he nor his ancestors had any title whatever to the Zemindary.- The above Mungalaswary Natchyar obtained possession of the Zemindary along time after her Marriage to the above Ramasawmy Thaver.- The above Vellacheelayakal had two sons named Pareyatumbee Thaven and Chinnathumbee Tavan alias Mooddoo Ramalinga Tavan.- The son of the latter Chinna-=tumbee Tavan was Soondrapandya Tavan alias Mungalaswara Tavan, whose son is the Sevasawmy Tavan Plaintiff in the Suit Moottoo Curpa Tavan husband of the above Vellacheelayakal had by his 2nd Wife Vellyammayattal 3 sons called Mootteroola Tavan, Ragoonada Tavan, Moottoosawmy Tavan of whom Ragoonada Tavan was adopted by the above Ranee Mungalaswary Natcheyar and as an heir to the Zemindary he derived the name of Annasawmy Saithoopathy and Moodoo Vejaya Ragoonatha Saithoopathy.- To the above Rama-=sawmy Tavar husband of Ranee Mungalaswa-=ry Natcheyar, Moottoo-caroopa Thaven great grand father of the Plaintiff, stands in rela-=tionship, as sisters husband or Brotherinlaw and Chinnatumbee Thaven alias Moodooramalinga Tavan the Plaintiffs grand father as Nephew (in Tamil

Fort St. George 30th January 1854.

Tamil Maroomagon.) whilst so how could the Plaintiff term himself as a Coparcener although Annasawmy Saithoopathy alias Mooddoo Vejaya Ragoonadha Saithoopathy is by lineal descent a divided brother to the Plaintiffs' grand father yet as he was adopted in a different family he forfeited his title to the Estate. The Plaintiffs' ancestors had therefore no right or whatever to the estate- The right to succession to it after the time of Mooddoo Vejaya Ragoonatha Saithoopathy posed however to his adopted son Ramasawmy Saithoopathy according to Hindoo Law and after him to his Minor daughters and subsequent to their death to their Mother the 1st Defendant. In reference to the Razonamah filed at the concurrence of the Plaintiff and his Elder aunt Mooddoo Veerayee Natchyar in Suit No. 3 of 1843 in this Court, and in reference to the Hindoo Law the 1st Defendant has adopted at the consent of all parties Mooddoo Ramalinga Tavet younger son of her Sister- Whilst these circumstances is universally known whilst the adopted son is, on the Demise of the 1st Defendant the heir apparent to succession to the Zemindary and its appurtenances and whilst she is not childless the Plaintiff has concealed those facts from the Plaintiff and as an ignorant person declared her 1st Defendant, to be Childless, and claims for the recovery to him of the Estate.

Fort St. George 30th January 1854

All which allegations are apparently false and unjust

3. If the Plaintiff had been a coparcener to the above Ramasawmy Tavet and annasawmy Saithoopathy and if he had any title whatever to the Zemindary he would have never failed to set forth his claim or raised objections at the time of the settlement by compromise of the Suit in No. 3 of 1843 on the file of this Court by his Maternal aunt Moottooveerayee Natcheyar for the Zemindary in virtue of her being the wife of Annasawmy Saithoopathy or at the time when the Zemindary was put in possession of the 1st Defendant by the Collector under the sanction of the Board of Revenue founded on the authority of Government enacted from the opinion given on a reference by the Court of Sudder Adalut- Although the Plaintiff who had been of proper age now states falsely as if he had been of non age during those periods yet he had failed to advance his claim which he now does at a time when he himself admitted to have attained majority and it would not have been for him on the occasion of the Suit in No. 1 of 1851 on the file of this Court by the 1st Defendant the legal owner thereof for recovery of the property which was in possession of Moottoveerayee Natcheyar and usurped by the Plaintiff by improper means to put in an answer a plea declaring as if he was a son by affection to the above Moottoveerayee Natcheyar,

Natcheyar and she had therefore transferred her property to him. The Plaintiff also had been mentioning in all his Petition &c. to the Court, Revenue and Police Authorities that he was a son by affe-tion to the above Mootlooveroyee Natcheyar and in the Miscellaneous Petition he caused to be presented in No. 208 of 1853, on the file of the Sudder Court, he was stated as if he had been adopted by Mootlooveroyee Natcheyar on the 23d August 1846, and that he has submitted Urzees to that effect to the Collector and the Government, and he is therefore son of Mootlooveroyee Natcheyar by affection, whereas in the present Suit he has made no mention about it and declares himself a Coparcener to the 1st Defendant's ancestors, claiming the Zemindary by virtue of that relationship - If the Court will be pleased to take into its consideration all these contradictions which have been made as it plea-sed the Plaintiff in the Courts of Justice, and the time of descent of the family alluded to in the 2d Para - It will be obvious to the Court that Justice should be given by rejecting this Suit under Section IX Regulation II of 1802

4 In regard to the usurpation under the &c. Documents fraudulently executed as respects the property of Mootlooveroyee Natcheyar granted by the 1st Defendant in reference to the compromise entered into in the Suit No 3 alluded to above the 1st Defend-ant has not only filed an action in No 1 of 1851, to the amount of 3 Lacs of Rupees, but also has

in her contemplation to sue for the recovery of a Mayaram omit-ted in the above Suit - The Plaintiff has therefore brought this action only from motives of grudge and of involving the Defen-dant into vain expences but not from a sincere hope of success-

5. As relates the Place and grounds stated in the Pla-int as occupied by the 2d Defendant, the Defendant submit-ted that since the arrival at Ramnad of the 2d Defendant he purcha-sed the Grounds from diffrent Ryots at their consents and by payment of the value thereof from his own funds obtained documents for the same built thereupon at an immense cost of money and dwells in them. The house thus erected and which is called in the Plaint as a Palace is universally known as also to the Plaintiff as the 2d Defendant's own property, and is in his possession - With respect to the new Tope and lands out of the Fort of Ramnad, adverted to in the Plaint, the Defendant adds that certain Ryots cultivated a long time past in the bed of the Sakarakottay Tank in the Cusbah Taluka with &c. Vampaier Garden &c. and subsequently from want of means they left them waste which the 2d Defendant by order of the 1st obtained by purchase and reclaimed as also the vacant Grounds Waste immemorial converting them into Topes &c. raisin thereon whatever deacription of cultivation as it pleased him and thus enjoyed them on a Cowle term on the annual payment of Teervah due thereon to the Zemindar - Besides the building known by the name of Miller's Bungalow with Compound into the

Fort

Fort of Ramnad owned by the 1st. Defendant was granted by her to Moottooveryoyaragoonada Taver, husband of her younger daughter Doorarajaa Matcheyar the Minor Zemindar subsequent to her Doorajd Matcheyars death which the above Moottooveyaya Ragoonada Taver now lives in after repairing it from his own funds. Whilst so the Plaintiff has enumerated in his list of all the property appended to the Plaintiff the building occupied by the 2d. Defendant which was never attached to the zemindary, the Garden and Lands of the 2d. Defendant, the Bungalow granted to the late Minor's husband as belonging to the zemindary these are only embodied in the list as it pleased the Plaintiff but it is not at all true

6- The 1st. Defendant and with her consent the 2d. are at liberty to administrate the affairs of the Estate and giving leases &c. at their pleasure whilst so it was improper in the Plaintiff to have spoken ill of it, and it is unnecessary to answer such irrelevant matters in the Plaint.—

7- Under these circumstances the Defendants prays the Court will be pleased to non suit the Plaint recovering to the Defendant the Costs incurred by the unsustainable Suit

Sir,

B. No. 214
From the Collector of Madura.....

Reporting relative to a defalcation on the collections from stamps and that no loss will accrue to Government

I. Having heard from the Head Sheristadar on Sunday the 1st Instant, that an Arzee had been received from the Cashkeeper after I had left Cutcherry on Saturday to the effect, that the stamp Darogah had failed to make remittances in the month of December, I proceeded early on Monday Morning, with my Assistant Mr Norman, to the Treasury, sealed up the Darogah's boxes, and after procuring the attendance of himself and the principal Cutcherry Servants examined the Balance of cash and stamps in the Darogah's possession— This being ascertained, the accounts from the period of the despatch of the last Quarterly Statement made up to the 11th of October, having been subsequently minutely scrutinized by the Sheristadar's Department

2- The result of the examination is the discovery of a Balance against the Stamp Darogah in Money of 3438-8-6, and of an excess of 2 stamp Papers of small value

3. Pending the examination the Darogah paid

paid in Rs 1201- For the remainder I have made the demand in writing prescribed by Section VI Regulation IX of 1822 deeming this course preferable to a Criminal Prosecution under Act XIII of 1851, as I have reason to believe that the Darogah had no intention to defrauding the Government but had paid Money to a Creditor with the expectation of receiving it back in time for his remittances.—

4 No loss will accrue to Government, I have security for Rs 1,000, and have attached property beyond the value of the remainder of the deficit. Moreover the family are making such exertions as promise the liquidation of the Government demand in the course of a few days

5. To enter more into detail. The accounts run from the 12th of one month to the 11th of that succeeding, and the Darogah was ordered to make 3 remittances in the month. The receipts up to the 11th November were paid in full into the Treasury, and the 2 Instalments for the remaining days in November were also delivered. In December in which the collections amounted to 3,850-6-6 he paid nothing, and on examination of accounts it was found, that the last Instalment of November was deficient of Rs 450 making a total of Rs 4,300-6-6 from

from which deducting 861-14- " found in the Darogahs Cash Chest, the net defalcation was, 3,438-8-6 as stated in Para 2.—

6 When I assumed charge of the District in 1847, only 1 remittance was made in the month.— I directed that the number of monthly remittances should be increased to 3. All the Rules laid down in the Board's Circular 23d February 1837 are followed in this District

7. The deficiency in the payment for the Instalment due to the 30th November escaped detection so long, because the account of stamps sold, exhibiting their rates, is supplied at the close of the Official Month only, with the remittance to the 11th, and this remittance the Darogah had failed to make.—

8. The Rules and accounts prescribed for the Office were sufficient for their purpose, but failed from want of recollection in the Sheristadar's Department to see that the trimonthly remittances were made at the proper time.—

9. It is certainly somewhat difficult to remember remittances which occur 3 times in the Month. What is done every day on the other hand cannot be forgotten. I have therefore directed that

that in future, the collections of each day shall be paid into the Treasury the first thing the next morning and as an additional precaution, that the Cash-keeper shall at the sametime examine the Book in which the Darogah enters the papers sold in detail according to their Numbers, and attest its correspondence with the Money received by his signature. Any difference which may appear being immediately reported to the Head Sheristadar and Collector. This Rule added to those prescribed by the Board in 1837 would seem to prevent the possibility of a defalcation.—

10. The Net Increase of 2 Papers Rs 8 of the value of 2-8 results from an Increase in 8 Papers and Cadjans value 7-4 and a Decrease of 6 Papers and Cadjans value 4-12- an account particular whereof, together with copy of this letter, will be furnished to the Superintendent of Stamps with a request for sanction to carry the Papers and Cadjans found in excess to the credit of Government and collect the value of those deficient from the Darogah.—

11. The Stamp Darogah has of course

course been dismissed— His successor will deposit Rs 3,500 in Government Paper as his security.—

Sir.

With reference to the concluding part of my letter of the 17th September last - I have the honor to forward a list of Articles belonging to the late Government Cotton Farm at Sevacausey which were sold by public Auction on the spot in August last for Rupees 47-8-7 and a separate list of Scales and weights which have not been sold - The large Scale with weights were supplied to the Cotton Farm direct by the Commissary of Ordnance of Fort St. George about the middle of 1847. The smaller Copper Scale with its Weights were procured from the Arsenal at Palamcottah under an Indent Sanctioned by the Military Board on the 19th April 1848 -

The Weights being English are not in request and would sell for very little. I am of opinion 2. therefore that it will be better that they should be returned into the Government Arsenal at Palamcottah and also the Copper Scale - But I would recommend the larger Scale being appropriated to the service of the Sea Custom Office at Tutacorin where the Scale in use is country made and not very perfect - Should this be allowed the Tutacorin Scale may be sold by Auction -
