Sent

3

Bd No 694

To the Commissioner in the Northern Circars - - -

Sent the following Memorandums-

1st April Official Memorandum.

The Secretary to the Board of Revenue has the honor to inform the Commissioner Northern Circars that Mr Charles Burton 2nd Class clerk on 45 Rupees, and I. Granis Reddy 3rd Class Copyist on 12 Rupees have volunteered to join the Commissioner's Establishment, and will be directed to proceed to Vizagapatam on the Commissioner signifying his approval of them.-

2

Both these individuals write good hands and Mr Burton is in addition a good draughtsman, but neither of these can officiate as a Translator.-

3

The Commissioner will be pleased, Should he approve of either or both of the above parties, to replace him or them, by a transfer from his own Establishment to that of the Board.-

Read the following letter from the Resident at Hyderabad.-

(Here enter 18th. March 1854.)

Para 1. With the above letter the Resident at Hyderabad forwards an Extract from a letter from Major Hampton, Deputy Commissioner for the Eastern Division of the Raichoor Doab, representing that although grain from his Districts enters the Company's Country free, a duty is there charged on all grain on export. The Resident requests that the Government of Madras will cause the removal of all duty on grain imported into the Raichoor Doab during the present season of scarcity.-

2. Looking to the nature of the present season, the Right Honorable the Governor in Council resolves that until further orders no frontier duty shall be charged on grain exported from or imported into any of the Madras Districts into or from the Raichoor Doab or any other part of the Hyderabad Territory.-

Ordered.-

3. Ordered that the following Notification be published in the Fort St. George Gazette.-

"It is hereby notified that until further Orders no frontier duty will be charged on grain exported from, or imported into any of the Districts under the Madras Presidency into or from the Territories of His Highness the Nizam of Hyderabad."-

B. No. 945.
From the Collector of Rajahmundry.

Sir,

I have the honor to enclose Copy of a letter and its enclosures from the Officer Commanding Masulipatam and to request permission to refund the amount of export duty twenty Rupees (20) nine annas (9) and eight pice (8) which has been levied on the clothes Certified to be for the use of the troops in Burmah as well as to abstain from the levy of duty for the future on goods covered by similar Certificates.

Rajahmundry District, 21st March 1854. /Signed/ T. Prendergast. Collector.

Encl. No. 1.

No. 98.

To The Collector of Rajahmundry.

Sir.

I have the honor to forward Certificates of the quantity of Clothing shipped at Nursapoor for the use of the 1st Madras Fusiliers in Jungho, as requested in your letter No. 5 dated 16th Feby 1854.

Masulipatam, 1st March 1854. /Signed/ R. Hallet Major. Commanding Masulipatam

This

4596 Fort St. George 3d. April 1854.

This is to certify that the undermentioned Clothing shipped on board the Brig "Lutchmeenarsimhooloo" at Nursapoor on the 20th September 1853, by Tailor Lall Hamed, is for the exclusive use of the Men of the 1st Madras Fusiliers at Tonghoo.

2064 White and Blue Trowsers.
879 Do Do Shirts.
131 White Jackets.
95 Holdalls and Haversacks.
33 White Cap Covers.
22 Ginghams for Trowsers.
61 Boots.

Masulipatam. 1st March 1854. — (Signed) R. Hall Major Commanding Masulipatam.

This is to Certify that the undermentioned Clothing shipped on board the Schooner "Estargoob", at Nursapoor, on the 25th February 1854, by Tailor Lall Hamed, is for the exclusive use of the men of the 1st Madras Fusiliers at Tonghoo.

860 Banyan Shirts.
255 White and blue trowsers.
136 White Jackets.
227 Boots.

Masulipatam. 1st March 1854. — (Signed) R. Hall Major Commanding Masulipatam.

(True Copies) (Signed) T. Prendergast Collector

4597. Fort St. George 3d. April 1854.

Bd. No. 720. No. 137.

Proceedings thereon (28-29) — Resolved that the foregoing letter, with its enclosure, be submitted for the orders of the Right Honorable the Governor in Council with the Board's recommendation that sanction be granted for the refund of Rupees (20-9-8) Twenty Annas nine and pice eight, being the amount of Export duty levied on certain Clothes shipped for the 1st Madras Fusiliers and that the Collector be further authorized to allow similar goods to pass free, for the troops stationed there, on the production of a Certificate from the Officer Commanding at Masulipatam.

2. The Board observe that Mr. Prendergast should have submitted his application through the Commissioner for the Northern Circars. and he will be requested in future to adopt this course.

No. 30.

To W. H. Bayley Esqr.
Secretary to the Board of Revenue.
Fort St. George.

(30)

Bd. No. 1019. From the Collr. of Nellore. — Sir, I have the honor to acknowledge the receipt

Fort St. George 3d. April 1854.

receipt of your letter of the 25th. Instant regarding an additional supply of Salt for Bengal from this District. I beg to state in reply for the information of the Board that I consider that I can supply, without prejudice to the Stock required for the home and Inland consumption, the Chittagong Indent, and the private trade to Calcutta 3,00,000 Indian Maunds at the following places.-

	North Latitude.		Indian Maunds.
Kistnapatam	14 -	19	100,000 -
Eskapenlly	14 -	44	50,000 -
Gogalapenlly	14 -	40	75,000 -
Sarony	14 -	37	50,000 -
Paulkala	15 -	16	25,000 -

2. The whole of the Salt will be ready at these places by the 15th. August next, provided that instructions are sent me without delay, stating how much I am to provide. Meanwhile a Monthly report can be sent of the quantity that may be ready in the interval. The Salt can be put on board free of all charges to

Fort St. George 3d. April 1854.

to the Exporter within the sum proposed by the Board, Viz. Rupees 25 per 100 Indian Maunds.-

3. In the event of this additional Salt being ordered to be manufactured, a 2d. Platform nearer the mouth of the River will be required at Kistnapatam besides the one for which sanction was lately solicited, as the latter was intended to meet the general wants of the Port, and the Stock to be kept on hand

6th. March 1854. under the instructions from the Board, noted in the Margin. Should the Board concur with my views in respect to these new platforms, I would solicit early Sanction for the same, this being the height of the manufacturing Season, and the existing export platform being not only badly situated, but in very bad condition.-

Nellore District,
Collector's Office,
Kistnapatam, 30th. March 1854.

(22)

B. No. 1020.

From the Collector of Nellore.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board under date the 30th January 1854, with reference to the taxation of scattered trees raised on unoccupied lands. On enquiry it does not appear that the mode now sanctioned in Trichinopoly for taxing these trees is applicable to this District.-

2. The plan proposed being restricted to scattered trees in unoccupied lands, very much narrows the question. There are some Mangoe and Tamarind topes in such lands, but these are rented out, and no alteration in this respect seems either contemplated or necessary.

single

single Tamarind trees are numerous in the back yards of Ryots, but on this account would not be liable to taxation.-

3. Cloopay trees are generally found in temple lands, for which the Oil is made use of, in a very few other places they are rented out. Cocoanut trees are scarce in the District, and those that do grow, are generally in Shoals in or other unoccupied lands. If so intended they would not be very productive.-

4. On the whole the scattered trees of the above 4 descriptions in unoccupied lands in this District do not appear to be of any great importance, and the introduction of the rates now proposed would not be regarded as any

Fort St. George 3rd April 1854.-

any indulgence, but the contrary; they can however be introduced, should the Board think fit, wherever persons can be found who will take the trees on the terms proposed, and a small Amount may possibly be realized from Tamarind and Cocoanut trees in this way, the Mangoe trees whether from the nature of the soil, or deficient irrigation, do not appear to be capable of paying the rate proposed, and the Eloopay trees with the exception of those above stated hardly appear to exist.-

Nellore District,
Collector's Office,
Kistnapatam,-

Br. No. 450.

From the Collector of Bellary -

Submitting his Report on the Settlement of the Land Revenue of the Bellary Division of the Ceded Districts for Fusly 1262.- A.D. 1852-53

Sir,

I have the honor to submit my Report on the Settlement of the Land Revenue of the Bellary Division of the Ceded Districts for the past Fusly year 1262 A.D. 1852/53 accompanied by the Statements newly prepared according to the Forms received with your Circular Letter Dated 13th June last.-

2 The season of Fusly 1262 was generally favorable- The early and later rains fell abundantly, the later rains in September and October indeed too much so, causing considerable damage by the bursting of Tanks, and overflowing of Rivers- But in some respects the season was an Extraordinary one, in as much as heavy rain fell in January- some in February and in March which was unseasonable and injured the crops very much on the ground and caused some alarm.-

3 The Tanks breached by the Storm of May 1860/1857 and by the heavy rains of the Fusly under report were repaired as expeditiously as possible and they received a good supply as here under shewn.-

Prices

4625 Fort St George 3rd April 1854

4 Prices of Grain on an average were generally the same as in the preceding year. Paddy was some what cheaper in consequence of the abundant supply of water. Cotton was low at the commencement of the year, but towards the end of the July it rose to 44 Rupees the Canay. The average of the year being only 38-11 per Canay. The prices of Grain in each Talook are entered in Statement 6. To this Statement I have added a column, not in the Board's Form, to shew the prices of Cotton, a Staple commo-dity of produce in this District. The following abstract exhibits the average of produce for the whole District during the present and two preceding years, and at the commencement of the Honorable Company's acquisition of the District. But it is necessary to observe that the prices in the present year's Statements differ from those entered in the Statements of previous years. as it was formerly custom-ary to take the average of the Prices that ruled in the principal Towns only of the District. But the Board's new forms requires that the average of each Talook should be given, hence there is a difference.

Viz.
Bellary

5 The District during the year was healthy, though there was some Cholera by which 1049 deaths are reported to have occurred.-

6 The Jummabundy was settled by myself, by Mr Daniell the Sub Collector, and by Mr Arbuthnot the Head Assistant, as shewn in Statement No 4.- The Talooks of Hoovinhadgaly, Goollem and Raidroog in the Principal Division were settled beyond the limits of these Talooks but at stations adjacent thereto. partly on account of there being no suitable accommodation (in the Goollem Talook) and partly because I had not sufficient assistance which rendered it necessary for the convenience of the public duties that I should make two Talooks at one station, which I reported to the Board and obtained their sanction to the course adopted by me.- My Head Assistant Mr Arbuthnot was absent on sick Certificate until October, when he resumed his duties, but he was again threatened with sickness and was not in a fit state to undergo much exposure, so he remained at

* See letter from the Collector to Board of Revenue dated 29th Jany 1853.-

* Pro: Board of Revenue dated 17th Febr 1853.-

at first Bellary to attend to the Treasury and other duties required at the Cutcherry. But he nevertheless settled two Talooks of Cumply and Mudugserah. My other Assistant Mr C.R. Pelly was also compelled by ill health to leave the District, and I was entirely deprived of his help during the Jummabundy.- Mr Brooks and Mr Horsely stood appointed to the District, but neither of these Gentleman joined until the Jummabundy had expired.- Mr Daniell the Sub Collector settled the five Talooks of the Sub Division.- The cause of Cudecondah being settled at Pengondah was the prevalence of Small Pox at the time of Jummabundy in the former Talooks.-

7 The following abstract Statement will shew at once the State of the cultivation of the year.-

According to Statement No 10 Remaining Straitened Cultivation.

J.t

It will be seen from the foregoing Statement that the amount of cultivation, as entered in the Tahsildars Calculate Dittum was 219,122 acres assessed, as per survey assessment, at 308853 Rupees. From this amount a large quantity of waste, as usual, has to be deducted, Viz.t, 273,161, acres, assessed at 274,282 Rupees. Having so lately submitted a separate *Report to the Board on the subject of retaining waste in the Ryots Puttahs which he has no prospect of cultivating, I need not here enter into any explanation respecting this deduction from the Dittum further than to observe that of the waste deducted as 253,116 acres assessed at 129,254 Rs.

See Statement No.9.

*See Report to Bd of Revr dated 2nd Decr 1853.

*Waste deducted	Acres	Assessment

J.B.G.

Q. It will be observed that by far the greater sum of these Remissions is the General Remission on the Survey Rates authorized in 1820. in the present year it amounts to the sum of 639,361 Rupees. The necessity for retaining these remissions in the accounts was questioned by the Right Honorable the Governor in Council and I was directed by the Board of Revenue to report on the subject, I have already done so in a full Report which I had the honor to submit to the Board last month, in which I stated my opinion as coinciding with the views of Government and shewed what was necessary to be done in carrying those views into execution.

* See Mins of Cons dated 23rd Octr 1853
* Bds Pro: dated 25th Novr 1852
⊕ Report of Collr dated 23rd Novr 1853.

10 The next item of Remissions are established Remissions and need no special observation; the propriety of retaining or not these as well as all other Remissions in the accounts has also been noticed by me in the Report above referred to.

11 The Cowle remissions are of two kinds, Viz.t the usual Remissions for Cowle

4614

Fort St George 3rd April 1854

Cowle in accordance with the Cowle-Namah of Fusly 1216 amounting to 24,357 Rs; and Special Cowle granted to Ryots for restoring their lands which had been de-stroyed by the Storm of May 1851 as no-ticed in my Summabundy Report of last year (Para 24) and by the heavy freshes during the present year also amounting to 7,729 Rupees. The Statements noted in the Margin contain the full information respecting the land occupied on Cowle Tenure. It will be seen from these Statements that the assessment on Lands occupied by Cowle in the year 1262 was 39,235 Rupees. Of which 26,658 Rupees is the assessment on Lands held on the usual Cowle Tenure and 12,577 Rupees is the assessment on Lands held on the Special Cowle referred to and which was authorized by the Board in their orders dated 17th July 1851. The following is an abstract of the usual Cowls taken from Statements Nos 17 and 29-

In the occupation of other Ryots	20	22
Total	1302	2127

Particulars necessary-

In the occupation of other Ryots

13 The next item of Remission to be noticed is that which has been granted as usual for over assessed Lands and decayed Cocoanut Gardens amounting to 27559 Rupees.

14 The remission for failure of crops destroyed by overflowing of Rivers and breaching of Tanks amounting in all to 11368 Rupees was found to be absolutely necessary after an examination made. I have already alluded to the cause of this destruction of crops in Para 2.

15 The other Remissions are ordinary deductions including the allowances made to the Village Officers from the Berij where the Enam and emoluments are together insufficient to remunerate them.

16 The net Revenue Ryotwary after the above deductions, thus amounted to 2059130 Rupees. Of this 1960301 was the revenue of land sown up to the time of making the Summabundy 31010 Rupees was the amount of waste assessed of which there is forwarded a Tadookwar account, and 67819 Rupees the amount of Vysak Crop. I would here remark that the subject of including

31010

‡ Statement No.11

including waste in the Ryots Puttahs has received my attention and as contemplated by the Board in Para 7 of Proceedings 18th July 1853 a full report on the question has been submitted. I would also explain here with reference to the increase of waste assessed in 1261 fusly noticed by the Board in the same Para. that it was not assessed exclusively on that portion cultivated by Ryots not holding any Circar Land. But on other Ryots there is an increase and decrease Ryotwar. But the imposition of the assessment of the Ryots Lands left waste by him for Enam Cultivation is not regulated like the imposition of the Tuffreek but is quite arbitrary and in the whole amount may not more or less. To the above is to be added a sum of 179091 Rupees being the taxes on Enam including a small sum on account of suppressed cultivation brought to account and Quit Rent on Land occupied by Houses making the total demand on account of Land Revenue

‡ See letter from Collector to Secretary to the Board of Revenue dated 2nd December 1853.

Para 7 Bds Pro: 18th July 1853

Statement No.15

Note. Suppressed cultivation — 643-2-1
This Sum has been included in the Land Revenue Kistwary. But in accordance with Board's observations (See Proceedings 10th November 1853 Para 3) it will in future be entered in the Servy. Summah.—

Revenue for Fusly under Report 22,38,221 Rs.

Statement A & B in No 2.

17 The number of Sloughs was 95,126 and the number of Puttahs issued during the year was—

Individual Puttahs - -	92,370
Gonchee or Partnership - - -	4,700
Total - -	97,070

The Demand on account of Gonchee cultivation was 2,24,346.—

18 The number of Ryots receiving Individual Puttahs and the Demand on whom was 18,52,701 Rupees was 92,370 Ryots, of this number 87,807 were Ryots who held Puttahs in last year and 4,563 were new holders who were either thrown out of their Farms last year (1122) for various causes or who were included in the Puttahs of other Ryots (2,496) but who have separate Puttahs this year, the rest (945) were Ryots from other places or Poyecarries. The whole number are classed as follows.—

Mecrassidars - - - - -	15,553
Resident Cultivators.	64,422
Total Resident - -	79,975
Poyecarries - - - -	12,395
Total	92,370

The average Land Tax paid by these Ryots as will be seen by the Rent Roll from which the subjoined is extracted is 20 Rupees each Ryot, nearly one half however pay less than 10 Rupees and two thirds less than 20 Rupees each.—

See Statement No 5

	17917

As there are items not deducted from the Ryots Suttahs but from the Total Baree of the Villages the Total amount cannot correspond with the net Revenue in Statement N: 10 The sum of 17917 Rupees must be deducted from the former

19 Before entering into a comparison between the last year and present year's settlement it will be proper to notice the Enam Cultivation in Circar Villages, of which, I beg to subjoin the following account taken from N: 8.—

Items	Lands	Fusly 1261	Fusly 1262	Comparison Increase	Comparison Decrease
1	2	3	4	5	6
Total Enam Cultivation	Dry Land	1119097	1126523	7426	-
	Irrigated Land	310087	322681	12594	-
		1429184	1449204	20020	-
Details of the above	Cultivated by Enamdars themselves	912562	912128	-	434
	Cultivated by others — By Ryots holding Circar Land	472750	486649	13899	-
	Do not holding Do	43872	50427	6555	-
	Total	516622	537076	20454	-

The

Statement N: 8

The amount of the Survey assessment on Enam Cultivated in Circar Villages, it will be seen, is 1449204 Rupees of which about 2/3rds is cultivated by the Enamdars and the rest by other Ryots. The amount not liable to payment of Quit Rent is 1003162 Rupees the remainder 446042 Rupees pay a Quit Rent of 140051 Rupees - The Demand on Enam Cultivation is particularized as follows.—

Iyen Jodee or Quit Rent	140804
Jodee on Tiers	18788
Rent for Circar water	9564
Enam Suffrede	7564
Total Rupees	177718

20 The total demand on account of Land Revenue for Fusly 1262, I have shewn above to be 2238221 Rupees, of which amount the sum of 2204755 was collected within the Fusly year and 26473 within October following, at the date of this report there was only a balance of 6993 Rupees outstanding which it is believed is for the most part irrecoverable. But an enquiry as usual will be made at the ensuing Jummabundy.—

Statement N: 22

21— I shall now proceed to enter

enter upon the usual comparison between Settlement of 1262 and the Summabundy of the preceding year. In the abstract Statement in Para 7 it will be seen that there has been an increase of 37,623 acres assessed at 83,214 Rupees after deductions for waste, the increase is in both the Dry and Irrigated lands. In the former there is an increase of 30,779 acres assessed at 20757 Rupees and in the latter 6,844 acres assessed at 62,457 Rs owing to the more favorable season in both instances and in the latter also in part to the works of irrigation having been repaired which were not completed in the preceding year. In the Wells lands there has been a decrease of 655 acres assessed at 3,301 Rs which is chiefly in the Sub Division and is probably owing to the Ryots

Statement No 12.

Fusles	acres	Assessment
1261	1885338	2731358
1262	1922961	2814572
Increase	37623	83214

abandoning

abandoning the wall cultivation for Tank lands.

22. The increase of the year over the preceding year in the net Settlement was 63,110 Rupees and will be seen in the Table entered in para 7. For the detailed account of the gross increase and decrease I beg to refer to Statement No 13. This Statement is not drawn up according to the Board's new Form as it could not be done this year as I have already informed the Board The Statement usually prepared is therefore sent.

Statement No 13. Column 64.

23. There is a gross Increase Ryotwary of 184250 Rupees being for the most part comprised of an increase of Land newly occupied 110730 of an increase

Column 54. of Rent on Land occupied but uncultivated last year and then allowed a Remission 58231 Rupees of an increase from Lands whose Cowle has expired 8266 Rupees from lands allowed a Remission last year for loss of Crops not necessary this year 5373 Rupees and 1650 belong to other items.

The

24. The Gross decrease Ryotwary was 123865 Rupees of this 65738 Rupees was a Decrease arising from Lands being abandoned for want of means 24869 Rupees, and for want of water or other causes 40869 Rupees. The Decrease on Lands occupied in both years was 58728 Rupees. The greater part of this Decrease of Rent was a deduction of Rent because the land was left unsown 49155 Rupees, the other items need but little explanation. The Remission (Col 82) for failure of crops 2296 Rupees it was necessary to give to poor Ryots whose Cocoanut Gardens had become unproductive 469 Rupees. Remission for some high class Land two Land sown with one Crop only 305 Rupees, and for loss of Crops caused by unseasonable rains &c. 1522 Rupees. The Remission in Col. 83 amounting to Rupees 5723 was entirely owing to the destruction of Crops by flood.-

25. The gross increase of Revenue from Enam Cultivation including Quit Rent on Houses was 7785 Rupees and the decrease

See Col. 65 to 68.

on

on the same account was 5061 Rupees and call for no particular observations.

26. The Gross increase on the whole settlement was Rupees 192036
The Gross Decrease " 128926
Net Increase " 63110
Per Cent " 2-15 "

27. I shall now enter upon the other topics of information required to be given in this Report. The Statement of the Circar and Enam Ayacut ordered in future to be sent as a Quinquennial Statement is herewith sent. The Forms do not provide for a comparative account between the periods. But it will be proper this year to show the causes of increase and Decrease in the Enam Ayacut compared with last year's account which I have therefore embodied in a separate Memorandum. In future this will be only necessary to be done every five years.

Statement No. 32.

The Amount of Collections during this year amounts to Rupees 12 which has been accounted for in the Collector's Accounts.

J. Maclean
Asst. Collector
No 2 Div.

a deduction of Rupees 1922 the time for repayment of which is not yet expired as drawn in the Annexed Memorandum

The Tuccavi advances are exhibited in the Demand Collection and Balance sheets of that Fusly in which they were actually issued without reference to the year for which they were made as directed by the Board in the 13 Para of their Proceedings already referred to.-

29. The Board have directed that a Statement shewing the cultivation of Sugar Cane, Cotton and Indigo should be forwarded which I have the honor to submit and have taken the liberty of including wheat also in it as directed by the orders of Government 24th August 1847. There were 685 acres of Cane assessed at 10,813 Rupees under Cultivation this year, being an excess above last year of 6,305 acres assessed at 84,967 Rupees. The Price of Sugar was in advance of the preceding years which doubt. less accounts for the increase in the cultivation. Jaggery which sold in the two preceding years at about 16¼ per Candy.

See Statement No. 19.

Sugar Cane Cultivation	Fusly	Acres.	Assts
	1261	5620	74154
	1262	6030	84967

Fusly	Rupees
1260	50-2-"
1261	42-6-"
1262	38-11-"

The price of this staple production of the Bellary District was on an average only Rs 38-11- per Candy during the year. But towards the end of the year the Market was more favorable for the Produce and it was, as before noticed, selling in the Months of April, May and June at Rs 44-10 per Candy.

Indigo. 31 Indigo is not extensively grown in Bellary it is almost confined to the Eastern Talooks bordering on Cuddapah and is grown mostly as a Dry Crop. The extent under Cultivation was 4,934 acres assessed at 10,571 Rupees

Wheat

Wheat. 32. Wheat in the Bellary District is a precarious Crop and is only sown under favorable circumstances and but partially. There were 3,477 acres only sown this year. In the Black Lands this Crop is chiefly sown. But the beds of Coontals and Tanks are the best soils and generally selected for wheat. The cultivation fell off nearly 1/4th below the preceding year owing no doubt to the fall of the market price of this grain. The annexed is an account of Wheat cultivation.

Price of wheat per Garce.

The

Fort St. George 3d April 1854 -

33. The Board as noted in their Secretary's letter of 20th December 1852 forwarded two Cart Loads of Wheat received from Calcutta containing 9 Bags of Pilsee and 9 Bags of Julaly seed for experiment in this District. The seed arrived far too late to give much hope of the success of the experiment and it was also very much indeed destroyed by insects when it arrived. But I endeavored to grow some to preserve seed for the ensuing season but the seed sown never came to Maturity and it would have been quite useless to attempt to sow the remainder this year as it was almost entirely reduced to powder. I am sorry therefore to say that the experiment has entirely failed owing to causes over which I had no control. -

34. The Statement No. 24 contains the account of arrears of Land Revenue outstanding at the close of Fusly 1262.

Fort St. George 3d April 1854

		a2
The amount was		19401
On account of Fusly 1260	6442	
Do. Do.	1261 — 5959	
from this the amount that has been collected viz. 727 Rupees, and amount remitted by order of Government on account of Fusly 1260 viz. 6246 Rupees being deducted in all		6973
Leaves uncollected balance		5428

Of this sum Rs. 15 — 2 a 8 is recoverable and the remainder due on account of fusly 1261 being irrecoverable, ascertained at the Summabundy of fusly 1262, I have the honor to request that the sanction of Government may be obtained for the remission of the said sum viz. Company's Rupees (5334 — 14 — 8) Five thousand three hundred and thirty two, Annas fourteen and pice eight. The cause of this small balance is fully shewn in the annexed Talookwar Statement, a large portion of it (2875) was land not sown at the Summabundy but Estimated for in the Hyrack crop, which however from failure of water or other cause, could not be sown. The balance bears but a fraction Rs. 4 — 0 Ps. cent to the Demand for 1261 fusly

The

Fort St. George 3d April 1854.

The increase in the Item Revenue from the Land, having already been explained in this Report, and the causes of the Increase and Decrease in the Extra Revenue having been lately explained in my report on the Extra sources of Revenue, I need not in this place enter further on the subject. There is an item however, in the extraordinary Revenue which requires to be noticed. I allude to the sum of 4081 Rupees which is the amount of certain resumed Enams held in deposit but carried to account last year. There being no item of the kind in the present year causes this decrease—

12th November 1853.

37. The actual collections within the year both current and arrears of Ordinary and Extraordinary Revenue of all Branches during the Fusly as compared with last year, were as follows—

Item	Fusly 1261	Fusly 1262	Comparison Increase	Comparison Decrease
Ordinary Receipts				
Land and Extra Revenue	2833020	2829510	"	3510
Sayer Jummah and Extra collections	19739	17660	"	2079
	2852759	2847170	"	5589
Extraordinary Receipts				
Refunds of Maramut and Servant wages &c.	57693	62410	4717	"
Total	2910452	2909580	"	872

Fort St. George 3d April 1854

The above is the net result of an actual increase of current Land Revenue amounting to 60716 Rupees, refunds of Maramut money Rupees of 10,333 and 2302 Rupees from sundry sources, making an aggregate Increase of 73351 Rupees. But as there was a small amount of arrears as balance at the close of last fusly, and no credit in the present, for certain sums credited last year, the total decrease of collections within the fusly exceeds the gross increase, leaving a decrease of 872 Rupees—

See Minutes of Consultation under date the 6th August 1852 on Board's Proceedings dated 26th August 1852.

38. In conformity with the instructions of Government, I have the honor to annex an abstract of the charges, distinguishing the costs of collection and Management for assignments out of the Revenue and other charges upon it for Fusly 1262 as compared with the previous year—

Item

		Per centage of the charges on the Gross collections	17 — 11 "	16 — 9 "	"	1 — 2 "

At

Fort St. George 3d April 1854

It will be observed, that the Revenue charges amount to 4,71,148 Rupees, and are less than those of last year in the sum of 33,955 Rupees or 1 — 2 per Cent on the Revenue. The only Items of increase which need to be explained, are, Pagoda allowances, which are 308 Rupees above last year. Of this the sum of 190 Rupees is a cash payment from the Treasury in lieu of a deduction from the Kistbundy Beroy sanctioned by Government, made to the Bodaserah Durgah. This item however has been inadvertently carried to the wrong head in the Treasury accounts as the charge should have been made under the Head of Yeomiah. The charge is now being made under the proper Head. The rest (118 Rs) is an increase merely nominal owing to the charge for Car Festivals having been debited accordingly to the Hindoo Months. The increase of 863 Rupees in the Pensions arises from the payment of arrears to certain Yeomiadars. The increase of 16738 Rupees is on account of Road repairs. The only item of Decrease that calls for notice is the sum of Rupees 18661. under the Head of Repairs of Tanks &c. This

Minutes of Consultation 15th October 1852

Fort St. George 3d April 1854

This Decrease is owing to less amount of Repairs to works of irrigation being carried on in the present year. In the preceding year the disbursements on this account were heavy in consequence of the storm of May 1851 that destroyed so many works of Irrigation.—

With reference to the 8th 39. Para of Extract Minutes of Consultation under date the 27th August 1853. I beg to state that in the foregoing list of charges, Police Charges are not included. These and some other charges amounting to 95720 Rupees / see margin / are not included in the Statement.—

Charges not included	CRs.
Magisterial Charges	60212
Superannuation Pensions	8746
Engineer Revenue	24541
House Rent	1179
Charges Merchandize on Treasure	1042
	95720

I have not yet received at the date 40. of despatch of this report the Sub Collectors Report on the settlement of the Sub Division, it shall be sent as soon as received as also the Statement No. 3, the completion of which awaits some information from the Sub Collector, I shall therefore not detain this report any longer which I regret I was unable to forward sooner; but conclude by saying with pleasure that I continue to receive from my Head Sheristadar the same Assistance I have hitherto obtained from him; and I have reason to feel satisfied with my other Sheristadars in the discharge of their duties.—

1853. E. E. Jr. /Signed/ C. Polly Collector

Memorandum

4712 Fort St George 3d April 1854

No. 35.

To C. Pelly Esqre
Collector of
Bellary.

Sir,

I have the honor to submit my report on the Settlement of Land Revenue of the five Talooks of the Sub Division for fusly 1262, together with the accompanying Statements.

2 The Settlement of the Talooks of the Sub Division was commenced at the beginning of December and Completed by the end of May 1853, and with the exception of Codecondah Talook in the Cudbah station of which small pox prevailed, the settlement of the five Talooks was completed within the limits of each Talook.

3. The Season of the year under review was more favorable for dry Cultivation than the preceding fusly, but during the months of May and June, there was a scarcity of rain and a comparatively small extent of land was then brought under Cultivation but subsequently, from July to October, the rains were very heavy, and the Season more favorable: and about 9571 Acres of land in excess of the preceding fusly were therefore brought under Cultivation.

The

The outturn of the dry crops was also more favorable, and, had the early part of the Season been less dry, there would probably have been a still greater increase of Cultivation

4. In my last Report I brought to your Notice the repairs which had been executed to the Tanks breached during the Storm in Fusly 1260, and you are aware that during the heavy rains in July, September and October many Tanks were likewise breached amongst these were some which had been damaged in the preceding fusly and repaired, but taking into consideration the very heavy floods and that the Earth Work to those Tanks had hardly had time to settle, the damage was less than might have been expected These Tanks were, however, in conformity

conformity with the orders of the Board of Revenue, immediately put under repair, and subsequently received a supply of water Subjoined is a Statement shewing the supply received in the Tanks and the extent of Cultivation under them, and it will be seen, there was an increase of Rupees 33,550 in favor of the fusly under review

Taloks

Fort St. George

3d April 1854.

Talooks	Supply of water: No. of Tanks received full supply	No. of Tanks received ¾ Supply	No. of Tanks received ½ Supply	No. of Tanks received ¼ Supply	Less than a quarter	Cultivation: Fusly 1261 Total	No. of Tanks received no supply	Grand Total	Fusly 1261 Acres	Fusly 1261 Assessment	Fusly 1262 Acres	Fusly 1262 Assessment	Comparison Increase	Comparison Decrease

The

The decrease in the Codecondah Talook, as shown in the above statement, is accounted for by all the Tanks in that Talook having been filled in the previous fusly, and only twenty small Coontahs having been damaged which were immediately repaired. In the fusly under Review the damage to the Tanks in that Talook has been more severe, and the following Statement shows the consequent decrease in Cultivation

	No. of Tanks	Cultivation of fusly 1260 Acres	Cultivation of fusly 1260 Assessment	Cultivation of fusly 1262 Acres	Cultivation of fusly 1262 Assessment	Comparison Increase Assessment	Comparison Decrease Assessment

Of the Tanks breached
in July 1760, the repairs of 29 have
yet to be commenced. Of this
number, 20 cannot be repaired
until Sanction has been granted,
being occasional Estimates;
four Estimates have not been
framed, the expenditure
required being very large
and Revenue very small
and

Fort St George 3d April 1854

and five very small Tanks
yielding very small Re-
venue to be repaired on
Emergency. The subjoined
Statement shows the supply
and cultivation under the
Tanks damaged in July 1760,
exclusive of thirty seven
Tanks, damaged in that year,
and repaired, and again
damaged and repaired in
July 1762.

					Net increase		621	2034

Fort St George 3d April 1854

The increase in Acres and decrease in assessment in Avantapoor Talook is owing to some land in the bed of Singanamallah Tank cultivated in the previous year having been destroyed during the heavy rains in the fusly under review and to the lands recently occupied in other Villages being necessarily more lightly assessed.

Cholera. I regret to say, 7 between the months of July and Novem ber, attacked ten Villages of Pergondah Talook, fourteen Villages of Hodecondah Talook and one Village of Avantapoor Talook, and the Number of deaths amounted to 725, the proportion being 75 to 100 persons attacked. Statement of persons attacked with cholera-

Jaundpentry Talook

4729

Fort St George 3d April 1854

11 Jaundpentry Talook is the only Talook in my Division in which cotton and Indigo have been grown to any extent - The former crop in the other Talooks of my Division, generally speaking, is only cultivated in sufficient quantity to supply the wants of the Ryots and Villagers in whose fields it is grown. American Cotton seed has on different occasions been distributed to different Ryots, but has always failed, and in Jaundpentry Talook where the soil is more favorable and the Country cotton grown to a great extent, the American seed has been sown with no better success - The Indigo cultivation has of late somewhat increased in Jaundpentry Talook. but until last year the Ryots in the other Talooks of my Division could not be prevailed upon to try this cultivation, and at the time of Jamabundy any recommendation to do so was generally met with the observation that it was neither food for themselves or cattle.

The

Fort St George 3d April 1854

The profits to be derived from the manufacture of this article and the facility with which it is made, have however become better understood, and a few enterprizing Individuals in the Avantapoor Talook having constructed vats in nine or ten different places, and given advances to Ryots in the fusly under review, obtained sufficient Indigoleaf to give them liberal profits, and this cultivation will I have no doubt now gradually extend to my other Talooks, as the Ryots ascertain by experience the advantage to be derived from it. The number of Acres under cultivation with Cotton in the year under review amounted to 18,471, and the extent of land under cultivation with Indigo amounted to Acres 3,151.

12. The Cabooliaty or Dittum of the year under reference exceeds the preceding year by Rupees 16,678 as particularized in the Statement No 2 of which the following is an abstract.

Fm

Fort St George 3rd April 1854

The increase exhibited in the irrigated lands is owing to the increased cultivation under reservoirs and Nullahs which had been breached in the former year and repaired and the cause of decrease in dry and well lands is owing to their having been a supply of water in the beds of some Tanks which were cultivated last year, and also to their desertion and poverty of Ryots.

13 The particulars of the Gross Assessment added to the Cabooleaty of Fusly 1262 entered in Statement No 9 and compared with the past fusly are as follows.-

Items	Fusly 1261	Fusly 1262	Comparison Increase	Decrease
Original Assessment	823482	820040		3442
Jeerwajastee or additional rents	81521	98669	17148

In

Fort St George 3rd April 1854

14 In accordance with the views of Government conveyed in the Minutes of Consultation under date 28th September 1852 enquiries were made at the time of Summabundy and those lands which were not likely to be brought under cultivation, the Tahsildars were ordered to strike off from the Ryotee Puttahs at the time of Cabooleaty, but there still remains a large quantity of land much of which may probably have been left waste by Ryots with a desire of getting it deducted from their Puttahs and of retaining only the more profitable portion of their farms and from other causes than those stated, and therefore before making further deductions it was necessary that these lands should be examined and a report will be submitted hereafter.-

15- The following is an Abstract of Statement No 10 shewing the net Settlement of the year under review after the deduction of Cabooleaty and Shamlat Bunjer in Statement No 9.-

Fusly

The

The increase of stores 13,189 and assessment Rupees 32,008 exhibited in the above Statement is owing to the favorableness of the season and to a more full supply of water having been received in the reservoirs and Nullahs. The decrease of Acres 14,307 and assessment Rupees 15,330 in Cabooliat and

and Shamlat. Buyer is owing to the increased cultivation which took place in the present year.

16 The following abstract Statement shows the Cabooliat or Dittum the remissions and net Revenue as contrasted with the past fasly and particularized in the Statements Nos 9-10-14 and 15.

17 The forms and order of the Board of Revenue for the preparation of annual accounts for submission with the Summabundy Report did not reach my office until the Summabundy had been completed and as the accounts prepared at the Settlement do not afford sufficient information to prepare the Statement № 13 according to the form forwarded by the Board the usual Statement № 2 and renumbered 13 showing the increase and decrease of cultivation is submitted in its stead.

18 It will be observed from the Statement № 13 that the Revenue of Fusly 1261 amounts to Rupees 6,04,029 and the Revenue of Fusly 1262 amounts to Rupees 6,27,943 exhibiting an increase Rupees 23,914 or a percentage of Rs 3-15- and the Items comprizing the gross increase and decrease entered in Columns 69 and 94 of the above Statement are specified below.

1st Increase of cultivation in Column 54 - - - - 50,182

The details thereof.

By new Ryots who had no Puttahs last year as per Column 52 - - - - - 13,025

By old Ryots as per Column 53 - - - 37157

150182

The cause of this increase may be attributed to a favorable season and to an increased supply of water in Tanks which had been repaired.

2nds

2nd Increase of Rent - - - - - - - - 27,158

Details thereof

From Cultivation of lands (as per Col№ 55) which were not sown last year - - - 23,979

From lands cultivated last and present year as per Col№ 60 - - - - - 3,132 Viz.t.

From reduction of 1/4 remission made in the year under review instead of 1/30 remission given last year and from the savings of deductions in Shotticums Villages in which cultivation fell short of last year as per Col№ 56 - - - - 561-

Savings from Charity and from cowle expired lands as per Col№ 57 - 809

Savings from the remissions given in last year for loss of Crops as per Col№ 58 - 1762

3,132

Savings from decrease in ready Money allowances to Village Servants and from the discontinuances of Durastanam allowances - - - - 47

27,158

3rd Savings from the Collections on Enam Lands - - - - - - - - - - - - - 2676

Viz.t.

From levying full tase on persons who last year paid only a portion of Jody as per Column 65 - - - 534

From

From Neerseyghee on dry Lands converted into wet as per Colm 66 - 1,909

From Enam Suffrick as per Colm 67 - - 233

80,016

Decrease Ryotwar as per Colm 89 of Statement N: 13 - - - - - - - - - - - 54,717

From remissions given on two Crop lands which yielded only one Crop - - - - - - - - - - - - - - - - - - 268

From remissions made for Crops withered in consequence of insufficiency of water and for loss of produce - - - - - - - 1034

Viz.t

For withered Crops - - - - - - - 345

Do - loss of produce - - - - 689

1034

Remission given on Crops destroyed by flood in Fusly under review as per Column 83 - - - - - - - - - - 1361

Miscellaneous remissions as per Column 84 - - - - - - - - - - - - - - - - 7

3234

From the increase of ready Money allowance as per Colr 86 - - - - - - - - - 47 25521

3rd Item Decrease in the Items of Collection on Enams amounts to Rupees 1365 and proceeds from the following Causes.-

From Temporary remissions granted to Village Servants who pay Sicky and whose Enam Lands were left waste for want of water - 912

From decrease of Nuncarghee - 953

Viz.t

From Dry Lands converted into Wet having been laid waste for want of water - - - - - 393.

For Lands paying merchutkah having been thrown waste - 530

Fuysil Sasty - 35

From decrease of Enam Jeffeeah or private Quarter of Decrease on Enam Cultivation - - - - - - - - - - - - - - - - - - -

Fort St. George 3d April 1854.

Extract of Proceedings not having reached my Office until after the Summah and accounts had been closed the Item of suppressed cultivation is entered in Statement No. 13 under a separate Head. This item will, in accordance with the Board's order from fasly 1263, be entered under the Head of Sevoy Summa.

21 In Statement No. 2 and B marked A, the Number of Plough for fasly 1262 only is entered, the particulars thereof, as contrasted with the past fasly, are specified below.

For Fasly	1261	23,664.
Do. Do.	1262	24,192
Nett Increase		528

In the Statement marked B the number of Ryots for fasly 1262 only is entered. But in the Statement No. 13 increase of Ryots amounts to 1,338, and decrease to 1056.

	Fasly 1261	Fasly 1262	Comparative	
	No. of Ryots	No. of Ryots	Increase	Decrease

Fort St George 3d April 1854.

24 Subjoined is an abstract statement No 30 shewing the particulars of Cowle granted in accordance with the Board's order dated 17th July 1851 for lands which had been destroyed by flood during the storm in May 1851 and during the heavy rains in fusly under Review.—

	Items	Fusly 1261 Assessment	Reduced for fusly 1262	Remainder	Addition for fusly 1262	Total	Deductions — Remissions for Land destroyed by Flood	Deductions — Cowle Remissions	Deductions — Total	Collection
For 5 years	1 Dry	1	1	"	12	12	"	9	9	3
	2 Garden	308	25	284	141	425	6	283	289	136
	3 Wet	4806	886	3920	1531	5451	8	3525	3533	1918
	4 Dry land converted into Wet	141	60	81	296	377	"	280	280	97
	5 Garden land converted into Wet	12	"	12	6	18	"	11	11	7
	Total	5268	971	4297	1986	6283	14	4108	4122	2161

Independant of the lands for which Cowle has been granted in the year under review, there remain several damaged lands liable to Cowle in all the Tuloks of the Sub Division, for which Cowle will be granted as opportunity may offer for bringing them under Cultivation. The cause of Decrease, Rupees 317 exhibited in

Fort St George 3d April 1854.

in Progressive Cowle Statement No 29, is owing to some Ryots who had taken up lands last year for Cowle having been unable to fulfil their agreements owing to a deficiency of water. The cause of Decrease Rupees 87, in the Items of Tank and Nullah, is owing to this amount having by mistake been entered under these Items in past July instead of under Well lands &c. The decrease of Rupees 673 arising from an alteration in the rates, is owing to some of the lands which had been granted for Cowle in past July having been more damaged, and to the sand on other lands having been partly washed away during the heavy rains in July under review.

25 There is no land in my Division for which Cowle has expired in July 1262, and therefore the Statement No 32 is not prepared.—

The

Fort St George 3d April 1854.

26 The following is an abstract Statement exhibiting the details regarding Gonchee cultivation which are not so particularized in any of the Statements prepared according to the forms of the Board of Revenue—

Items	No of Gonchee Ryots.	No of Gonchee Puttahs	Assessment Rupees	Demand Rupees.
For July 1261	5,607	1,208	1,15,040	64,415
For July 1262	7,100	1,237	1,19,023	68,620
Increase	1,493	29	3,983	4,205
Decrease	"	"	"	"

The increase of Gonchee cultivation to the amount of Rupees 4,205, and to the amount of Puttahs 29, arises from a more favorable season. The Total cultivation of Gonchee lands, Rupees 68,620, bears, as a percentage of Rupees 11 3/8 on the Revenue derived from Circar lands.

27 The Tahsildars in my Division having been employed on several Public Works in progress in the July under Review, have not yet furnished the accounts requisite to enable me to forward to you the information required in Extract Proceedings dated 25th November 1852, regarding the state of Garden lands so highly Assessed, but a report will be submitted hereafter—

The

Fort St. Georges 3d April 1854.

28 The Gross Assessment of Dittums of land engaged by Ryots for fusly 1262 as entered in the Statement No. 9 and the deductions for land left waste as well as the demand, are specified below.—

The Gross Assessment of Dittum	956887
Deduct land left waste	138857
Remainder	817830

Particulars thereof

Actual Cultivation	788363
Asan Punjer	10196
Vysakah Boule	19271
	817830

The following particulars shew the Net Revenue after the deductions of remissions specified in the Statement No. 14.

Remissions as per Statement No. 14	15468
Remainder	802362

Details thereof.

Actual Cultivation	580724
Amount of Punjer saddled on Paddies who neglected to cultivate their Assessed lands from Ryots who cultivated Enam lands leaving the Kerian land waste	8218
Vysack Boule	13920
Add Jody and Nessaranee Rates per Statement No. 15	25581
Total land Revenue	627943

Fort St. Georges 3d April 1854.

30 The following is an Abstract of rent roll No. 5, from which it will be observed, that the average rent of land held by each Ryot holding separate Puttah, amounts to Rupees 22. But I beg to bring to your notice that in the Statement the demand instead of Assessment is entered according to the practice of this District, and in accordance with the Board's order this Statement will be forwarded in future quinquennially.—

	Total	23,606	520,700	22	23888	539,692	22	282	19,592	"	"
	Gouchee or Saint Puttahs	1208	64,445	"	1237	68,620	"	29	4,205	"	"
	Grand Total	24,814	584,515	"	25125	608,312	"	311	23,797	"	"

In

Fort St. George 3d April 1854.

In the Total amount of Rupees 5,84,515 for fusly 1261, and Rupees 6,05,312 for fusly 1262, entered in the foregoing Statement, the remissions on Shotrium Villages and Ready money allowances are included. But if these two Items are deducted, the remaining amounts will correspond with those entered in the Statement No. 10. The Remissions on shotrium Villages and the ready money allowances given in fusslies 1261 and 1262, are as follows—

	Fusly 1261.	Fusly 1262.
Remissions for shotrium Villages	5,333	5,608
Ready money allowance	341	342

In the Statement No. 11 the Asan Punjer or waste saddled from different causes, is entered only for fusly 1262. Subjoined is an abstract of the same exhibiting the particulars as compared with the past fusly—

Items	Fusly 1261	Fusly 1262	Comparison Increase	Comparison Decrease
1 Peddies Appanum	1121	1010	"	111
2 Saddled on Ryots who cultivated Enam in excess to the Estt limited	2064	2082	18	"
Total	3185	3092	"	93
3 Saddled on Ryots cultivating only profitable lands	4869	5126	257	"
Grand Total	8054	8218	164	"

The

Fort St. George 3d April 1854.

The decrease in the first Item is owing to Reddies having cultivated Appanum lands which they neglected to cultivate in the preceding fusly—

32 The Statement No. 8 shows the Enam cultivation in Circar villages for the fusly 1262, and subjoined Abstract shews the details thereof as contrasted with the past fusly—

Items		Cultivation of Enam lands in Circar villages in fusly 1261.	Cultivation of Enam lands on Circar villages in fusly 1262.	Comparison Increase	Comparison Decrease
Gross Assessment.	Dry	76,227	75,704	"	528
	Irrigated	121,743	128,256	6,513	"
		197,970	203,960	5,990	"
Details. Cultivated by others.	Cultivated by Inamdars	116,804	118332	1,528	"
	Ryots cultivating Circar Lands	77,950	81,422	3472	"
	Not cultivating Circar Lands	3,216	4,206	990	"
	Total	81,167	85,628	4,462	"

The

Fort St. George, 3d April 1854.

The Increase of cultivation in the foregoing statement is owing to an increased supply of water received in the Tanks and to a more favorable season. Those ryots who cultivated Enam lands leaving their own lands waste were saddled waste, and those who cultivated Enam lands in excess of the extent limited, as well as those ryots who cultivated only Enam lands where charged with Enam Tuffrick.

33. The particulars of Collections made by Circar on the above Enam cultivation are exhibited in the following Statement.

Items.	Fusly 1261	Fusly 1262	Comparison Increase	Comparison Decrease
1 Jody or Dust Rent	18,672	18,986	314	"
2 Enam Neersarghee	2,495	3,448	953	"
3 Enam Tuffrick	391	430	39	"
4 Amount of Bunjer saddled on Reddies who neglected to cultivate their Appanum lands and on Ryots who cultivated Enam lands leaving Circar land waste.	3,185	3092	"	93
Total	24,743	25,954	1211	"

The

Fort St. George, 3d April 1854.

34. The Statement No. 8 shews the Enam Ayacut for Fusly 1262 and the following abstract exhibits the details thereof for the past Fusly as well as for the Fusly under review.—

35. The Statement No. 28 gives all particulars regarding Government Plantations in the Sub Division and the decrease of 120 Trees is attributed to the injury done by floods during the heavy rains in fusly under review.—

36. No applications have been made

made for permission to plant Topes in dry waste under the rules contained in the Minutes of Consultation dated 18th May 1852, but I have had two or three applications for permission to plant topes under the above rules in wet highly assessed, and Garden lands since many years waste, and also in lands of the same kind which have been entered in Ryots Puttahs, but always deducted as Shamlat Bunjer, But to these applications I did not feel myself authorized to give an answer until reference had been made to your Office.—

37. The following are the particulars of the Land Revenue of fusly under review — the amount collected within the fusly as well as the subsequent collections up to end of October October as per Statement No. 22.

Land Revenue of fusly 1262. ——— 6,27943.

* Note
This sum was included in fushy 1261 under the head of Sundry small farms & Licenses. To Sub-Collectorate to be entered hereafter under the new head of Government Plantations merely for the sake of comparison. The Report & Abstract remain the same.

The

Fort St. George 3d April 1854.

The decrease in sundry Small Farms and Licenses is attributed to a decrease of produce in the Topes. The decrease in the Stamps is owing to a decrease in the number sold in fusly under Review. The decrease in the Sevoy Summah of Land Revenue is owing to the examination in most of the villages in the Talooks of Sub Division having been made previous to settlement and to some Enam lands which were added to Sevoy Summa in the preceding year having been resumed in fusly under review. The increase in the Land Revenue, as before mentioned, is owing to a more favorable season, and the increase in the Motursiha is owing to an increase derived from Ryots to whom discretionary remissions have been given in the preceding fusly in consequence of loss occasioned by storm in May 1851.

41. Subjoined is an abstract of Statement No. 25 shewing the advances made to Ryots on account of cultivation and Collections thereof

Fusles	Amount sanctioned	Amount transmitted to the Talooks	Amount distributed among the Ryots	Collections made Within the Fusly	Collections made up to the end of October 1853	Collections made Total	Balance
1261	22,800	13,800	9192	6,427	2,669	9096	96
1262	14,550	9,850	6749	4,448	556	5004	1145

Fort St. George 3d April 1854.

The balance exhibited in the foregoing Statement will be recovered within the limited time. Since the last ten years the amount of Paccavy distributed has been annually decreasing, but in accordance with the orders of the Government contained in the Minutes of Consultation dated 6th January 1853, instructions have been issued to Tahsildars in Sub Division, that Paccavy is not to be granted except in cases of Emergency and real distress.

42 The Statement No. 31 prepared according to Board's order dated 28th August 1849, gives particulars regarding the lands newly held this year by public Servants in the Sub Division, and lands previously held by persons who have this year entered the Public Service. The land newly acquired this year amounts to Acres 62 and assessment 253. and the following is an abstract of the above Statement.—

No.

		No. of Persons	Land acquired prior to Government.- Circar Acres	Circar Assessment	Enam Acres	Enam Assessment	Circar land acquired in fusly 1262. Acres	Assessment

(34. 35)
Order thereon
Ordered to lie over.
Read

No. 136.

Read letter from the Collector of Chingleput dated 5th November 1853

(36)

In Cons. 1st Dec. 1853. B. No. 713.

Proceedings thereon.

Submitting a letter from the Collector of Chingleput relative to certain Petitions presented to the Board and Government setting forth that the Remissions granted after the storm in March 1853, were fraudulently obtained. — Communicating that there are no grounds for supposing the allegations of the Petitioner to be well grounded, and noticing that in Vembaukum the value of the damaged grain is deducted from the assessment.

Resolved that the foregoing letter be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2.

In the foregoing letter the Collector reports on certain petitions presented to the Board and Government setting forth that the Remissions granted after the Storm in March 1853. were fraudulently obtained. The Petitioners are Rungacharry an

Govt. No. 1529 of 1853
Bd. No. 46 of "
Govt. No. 1617 of "
Bd. No. 52 of "
Govt. No. 1779 of "
Bd. No. 53 of "
Govt. No. 1842 of "
Bd. No. 54 of "

inhabitant of the Talook of Conjeveram, but now, residing at Madras, Singacharry and Chokalinga Moodelly, inhabitants of Moyoor, in the Talook of Chingleput. The parties accused are Vembaukum Vardacharry, the Nail Sheristadar in the Collector's Cutcherry, and Rungacharry the Head Writer and Son-in-law of the Nail Sheristadar. Through the instrumentality of these persons, Remissions it

it is alleged, were obtained on fraudulent pretences.

3. The Nail Sheristadar was engaged in the Summabundy of four Talooks, the Villages enumerated by the Petitioner Rungacharry, in which frauds are alleged to have occurred are as follows.

Rupees 400 were remitted in the Village of Cumarajapooram on account of produce in Heaps, as well as standing Crops.

Rupees 300 in Alasoor, on the same account although the entire produce both in this Village and in Cumarajapooram had been reaped, and housed before the rain fell.

Rupees 400 in Arambalpoor on the pretext that the parties were poor and unable to pay the public demand.

Rupees 2,000 in Vembaur Rum, Collattoor Chettepooniem and Vencatapooram, in the Chingleput Talook, in which Villages the Nail Sheristadar and his relations have property.

4. It is further alleged that remission generally was granted only to

to those who gave something in return amounting to about ½ of the sums remitted, and that the remissions in the four Talooks named amounted to about Rupees 40,000.-

5. Rungacharry requested as a necessary preliminary that the accounts bearing on the alleged frauds should be sealed to prevent falsification, and that the accused Servants should be suspended from Office.-

Enc: in Collr Chingleput 12th Septr 1853.-

6. In a Deposition given by Rungacharry before the Board the foregoing accusations were reiterated.-

7. The letter under consideration contains the result of the Collector's enquiry instituted on the spot, in conformity with the instructions of the Board.- The Head Sheristadar accompanied the Collector, and the accused Servants were not allowed to proceed with the Cutcherry.- The Petitioner, Rungacharry, it is stated, was not present during the enquiry, and it appears from a Petition, subsequently presented by that individual, that he declined taking any part in the investigation unless the

the accused Servants were suspended. The Collector seems to have taken the necessary measures for securing the accounts, but declined to suspend the 2 Servants named.

8. From the enquiries made by the Collector both recently as well as at the time when the remissions were granted, the Board are satisfied that the allegations of Petitioners that the Crops on account of which indulgence was given, had been previously cut and secured, are for the most part, if not altogether untrue. It seems to be fully established that the inundations were of an extensive character, and that the Ryots did actually sustain loss. In Alasoor the Ryots, it is stated, have but little grain and straw to cover the demand against them.

9. The allegations of Petitioners in regard to the extent of remission granted, appear to be equally untrue. In the Village of Curmaraja poorum, it is alleged, that Rupees 400 were

remitted.

Note. In the Goomastahs examination of the fields, the produce of which had failed, the particulars of the fields as ears entirely withered, crops rotten, &c. are entered in some instances, but in most cases this information is omitted. It does not appear that the omission proceeded from fraud.

Para 15.

Para 17.

remitted. From the Collector's report it is observed that Rupees 3-6-8 only were allowed on account of loss of Produce in this Village, while the Ordinary remissions do not exceed Rupees 77-9-11. Some grain in stacks, it is stated, was lost, but as the accounts shewing the loss were not trustworthy, no indulgence was shewn. In like manner, the application of the Ryots of Arambalyoor, for remission on account of loss of Produce was rejected. The Beriz of this Village is Rupees 3,586-10-10, which with the exception of Rupees 401-15-8, has been collected. The Ryots indubitably sustained loss and the Collector does not propose to press the Balance against them. It is to this that the Petitioner Rungacharry seems to allude.

10. Vembaucum, and the other Villages enumerated by Rungacharry are situated in the Chingleput Talook, under the charge of the Head Assistant Collector. The claims to remission were admitted by that Officer, after examination on the spot by the Peishcar and his subordinates

subordinates. The amount of Remission is about half of the sum Rupees 2000. mentioned by Rungacharry - The Crops of Vembaukum, in a certain locality between Paras 22-23. two Hills described by the Collector were entirely destroyed - As a proof of the fact of the inundation the inhabitants of Vadagal a Hamlet near the Chettepooneum lands, were obliged, it is stated, to retire for two days from their Houses to a neighbouring Hill. Balances to a small amount only are outstanding in Vembaukum and Colatoor, which the Collector proposes to recommend for remission.

Para 30 11. The Collector meets the allegation of Rungacharry that the Nail Sheristadar and his relatives have lands in Vembaucum and in the other Villages named, by stating that the Brother of the Nail holds 2c — 4as 1/4 of land in Vembaukum assessed at Rupees 21 — 7 — 5, that the Produce lost on this occasion by that individual was valued at Rs 4-9-1, of

of which Rupees 2 — 10 — 1 was proposed by the Collector for remissions and that the persons to whom reference is made by the Petitioner are only distant relations of the Nail Sheristadar.

Paras 31-34. 12. The allegations of Rungacharry, that the Nail participated in the remissions given generally is pronounced by the Collector, from enquiries made, to be without foundation - Chokalingah Moodelly, Petitioner is No 1617 of 1853, presented to Government, setting forth the present Charges, disclaims all Knowledge of the Petition bearing his signature. Further, in regard to the matter of this Petition, setting forth that the Nail had presented a Car to the Pagoda at Conjeveram, it is shewn by the Collector that the Car was built by the Pagoda Trustee out of funds belonging to the institution, aided by a rich female of Conjeveram.

13. In regard to the Statement of

of Rungacharry, that the Nail Sheristadar purchased a Promissary Bond for Rupees 10,000 with the gains thus fraudulently obtained as alleged, the Board made a reference on the subject to the Accountant General. That Officer is not able to furnish any information in support of Rungacharry's Statement, but observes, that the party may posses a Bond, as alleged, though the records of his Office do not shew it. The Petitioner Rungacharry, the Collector observes, on being questioned, was unable to state from whom he obtained the information on which his allegation regarding the Bond was founded.

To Accts. Genl. 13th Octr. 1853. From Do. 13th Janry. inclosing 27th March 1854.

14 Mr. Cochrane is inclined to think that the present charges have their origin in strong feeling of animosity on the part of Rungacharloo and others, as Members of the Thengala Sect, against the Nail Sheristadar who belongs to the Vadgala section. The former party, a leading Member of

of which is a relation of the Petitioner Rungacharry, were lately fined by the Magistrate for a breach of the Peace. The Proceedings of the Magistrate were confirmed by the Sessions Court, but the Tengalas were impressed with the idea that that Officer had acted under the persuasion of the Nail Sheristadar - Hence the feeling of the Tengalas against this person and his relation, Rungacharry, the Head Writer.

15. The Board have had before them the Jummabundy Cittahs, with the adangal accounts and Statements of loss of Produce, prepared at the time by the Poozoor Goomastah deputed for that purpose. These documents have been carefully scrutinized and they contain nothing in support of the main allegation of the Petitioner, that there was no occasion for granting remissions at all. It might be urged that the distribution of the estimated loss among the Ryots was not fairly made. Thus in Alasoor the aggregate loss was nearly 1/4 of the Beriz. A few obtained remission to this extent, the Majority considerably

considerably less- In Vembaukum the total remission was about ½ of the Beriz- Out of 18 Ryots, four obtained remission to this extent and 2 rather more than ½- Looking over however the names of the different holders of land, the Board do not think that there are sufficient grounds for supposing that the distribution could have been unfair to any extent.-

16. On the whole the Board think there are no grounds for supposing the allegations of the Petitioner to be well founded- It is impossible to say that the Naib Sheristadar did not receive a consideration from any of the parties to whom remissions were given, but so far as the Collector's enquiries and the examination of the accounts furnish an inference, nothing had been exhibited against him or his relation Ringacharry- Indeed from the pertinacious manner in which the Petitioner Ringacharry insisted

insisted on the suspension of the parties he had accused, as if with the design of bringing disgrace upon them, the Board are of opinion that there is the strongest reason to believe that the charges preferred, are the result of Enmity.-

17. The amount recommended as Phalanustum is Rupees 17,000. This is not the entire loss- Owing to the want of sufficient evidence in some cases, applications of the Ryots were rejected, but relief is given in another form by postponement of such portion of the Balance as cannot be collected- The Collector was right in rejecting the claims in the first instance, and he should be careful not to allow

greater

greater indulgence in the postponement of the Balances, than is warranted after a strict enquiry into the circumstances of each Ryot. It is probable that some of the Petitions against the Raibowa their origin to the rejection of claims to remission, in cases where the Collector had not authenticaccounts or evidence sufficient to justify their admission.

18. The Board would notice that in Vembaut Rum the value of the damaged grain is deducted from the assessment, and the remainder recommended for remission. In Collattoor the amount value of the damaged grain is recommended for remission, instead of deducting it from the assessment and remitting the remainder.

17 Horns
18 Arrack
19 Ground nut
20 Salt petre

In reference to my letters of the 13th September and 25th October 1853, and the instructions contained in Para 2 of the Board's Proceedings of 17th October Idem, I have the honor to again address the Board respecting the port of Karical and the influence of the new rules under which the Export frontier duties leviable round it are limited to six articles, while many important products which pay an Export duty at our own Ports, and a frontier duty if carried into the neighbouring Settlement of Pondicherry, now pass entirely free if conveyed into Karical either for consumption there, or for Shipment to Europe.

As Karical is situated in Tanjore, I could only obtain information of its trade as shewn in the accounts of its frontier chowkies from the Collector of that District. I accordingly addressed that Officer on the 6th Ultimo, and obtained the Statement, of which a Copy accompanies this letter. It will be observed from it that the doubts expressed in Para 2 of

Fort St. George 3d. April 1854

of my letter of the 25th. October last were not without foundation, for though entries are shewn of many petty articles on which duty is not leviable, the great staples which are at present allowed to pass duty free, such as Indigo, Oils, and ground nut, show "no returns". It is however impossible to suppose that those articles are not taken largely to Karical, as that port adjoins the Districts in which they are produced, and as the only place of export where they are allowed exemption from duty.

3. I have however had a practical proof of the consequences of the present Karical tariff in a conversation with an English Merchant of this Station, who mentioned to me, that he found his oil purchases in the Trichinopoly District deranged, not only by the greater expense of carriage to this place, but also by his having to pay an export duty on shipping the Oil for Europe, while none is charged at Karical, and he also alluded to the different circumstances under which Indigo likewise can be exported from the two ports. In addition to the advantage of position which Karical has in its vicinity to the producing Districts, as

Fort St. George 3d. April 1854

as already pointed out by me, the two branches of the Cauvery, named the Arsalaar and Trimalrayen rivers, supply cheap water carriage for conveying to it the produce of the Tanjore and Trichinopoly Districts, and I learn, that under these favorable circumstances and an absence of duty, extensive oil works are in active operation in it.

4. Besides therefore a loss of public revenue, our own Merchants, who are charged duty on exporting the staples of the country from our ports, have to encounter a disadvantageous competition, and I submit therefore for the consideration of the Board, whether it is not essential to extend the Tariff, now in force at Pondicherry, to Karical, and thus avoid a loss of revenue and disturbance of commerce, by placing an export duty on the same articles at all the ports and Settlements in this part of the Coast.

South Arcot ..... Collector's Cutcherry, Cuddalore 13th. January 1854.

(Signed) E. Maltby
Collector.

A Thiery

The amount of duty on some of them is not very large and I am by no means inclined for the sake of a small gain, to advocate shackles on trade - but as the case at present stands the evil does not end with the loss of a small amount of duty - Vessels which up to late years frequented our ports now find it to their interest to ship at Karical, and by slow degrees the trade is passing from us - this evil has been augmented by the rules of the Marine Board allowing only one passenger to proceed to the eastern Settlements, for every three tons of a vessel's burthen - at Karical one person per ton is allowed, and in consequence the vessels all proceed to that port to take on board their passengers, who pass the frontier to embark - I laid this subject before the Marine Board some time back, but have not received any reply.

The best means perhaps of meeting Mr. Maltby's views and

and of preventing a diversion of trade from our ports, without at the same time re-imposing on commerce those hindrances which the orders of the Board dated the 29th of May 1851 were designed to remove would be to place all articles on which an export duty is levied at British ports, on the same footing when exported from Karical, that grain is now upon, requesting the French Government to collect on export by Sea, the amount of British Export duty and to credit it to our Government.

The Board will observe that the export duty on the 15 articles referred to would at our ports have been Rupees 3,998-8-0 and that on an account which does not profess to be correct and is

is probably, lower than the truth, while the sacrifice of revenue made on the last modification of the tariff on all the articles then omitted calculated on a five years average was only Rupees 2,664—0—0 but I apprehend that the consumption within the French establishment is not large and that the greater proportion of the traffic now carried on is for eventual export and it is on this ground that I recommend the collection of export duty at Karical, rather than the reimposition of the frontier duty.

The case to which the Board refer in the second Paragraph of your letter was as follows. A Merchant having exported oil on seeds

seeds from Cuddalore to Pondicherry was discharged with the frontier duty and on bringing the seeds by sea to Karical importing and again re-shipping them he was charged with the export duty on grain. He applied to me for a remission of the latter and as I learnt from the Collector of South Arcot that in the

the frontier duty had been collected - I had no hesitation, in requesting the Government of Karical to repay the export duty - It was in consequence of the French authorities treating oil seeds as a grain that I addressed the Board for instructions on the 10th of August.

Bd No 711

Proceedings thereon -

Submitting with the Bd's remarks letters from the Collectors of South Arcot & Tanjore relative to the Trade at the Port of Karical and its influence on the Commerce of the Districts and recommending that the export Schedule sanctioned for South Arcot may be extended to Tanjore also to be enforced on the Frontiers of Karical.

No 134

Resolved that the letter above recorded with the previous correspondence on the same subject be forwarded for the consideration and orders of the Right Honorable the Governor in Council -

2 With their Proceedings of the 30th January 1851 the Board submitted for the sanction of Government, revised schedules of articles liable to import and export duty on crossing the frontier of the Foreign Settlements within this Presidency, the measures thus recommended met with the concurrence of Government and were finally sanctioned by the Government of India on the 30th May 1851 (Vide Extract Minutes Consultation 28th June 1851)

3 According to these Schedules certain articles were declared liable to export duty on passing any of the French Settlements and to import duty on crossing thence into the Company's territaries, and special lists were at the same time laid down of other articles subject to duty on entering particular Settlements - among these the 20 Articles enumerated in the Margin were declared liable to duty

duty on being carried into Pondicherry but were allowed to pass free into Karical. The effect of this arrangement on the commerce of the District occasioned by this circumstance is that dwelt upon in the letters from the Collector of South Arcot now under consideration—

4 In his report of the 13th September 1853 Mr. Maltby observes that as Pondicherry is the larger of the two settlements and the residence of the principal merchants and as the same duties were levied at all the foreign Settlements till the recent alteration of the Tariff, it has hitherto been the principal place of export, but as Karical is equally near to the Southern Talooks of his District and may be entered free of duty it is to be expected that the Indigo and Oils which are largely raised in South Arcot, as well as other products would be taken to that place of export instead of to Pondicherry. Between Pondicherry and Karical the communication by Sea is constant and cheap; so that the homeward bound French Ships can drop down to Karical there to take in their cargoes, or the Indigo and other Produce can be conveyed from Karical to Pondicherry in Dhonies for ultimate Shipment to Europe from that port

port, and thus escape all Indian duties. Such a result he asserts, would not only be disadvantageous to the Revenue, but is likely to have an injurious effect on the Commerce of our own Ports, no Sea Customs being levied on the French Settlements and hence he recommends that the export Tariff of Karical may be assimulated to that of Pondicherry—

5 The Board were reluctant to urge any further revision of the Tariff so shortly after the sanction of the Government of India had been accorded to the recent alterations therein, and accordingly in their Proceedings of the 17th October 1853 they requested the Collector to watch the progress of the trade between his District and the two French Ports, and if it should appear that undue advantage has been taken of the concession in favor of Karical to bring the same to their notice for representation to Government—

6 The letter of the 13th January 1854 above recorded is in reply to these Proceedings. Mr. Maltby therein again urges the necessity of assimilating the tariffs of the two Ports, and shews, the Board think, in a satisfactory manner, that under existing arrangements and the facilities afforded by the Cauvery river for conveying by cheap water carriage the produce of the Tanjore and

and Trichinopoly District into Karical the trade of those Provinces must be diverted from our own Ports, and that our merchants must be placed in very disadvantageous competetion with those of Karical—

7 Copies of Mr. Maltby's letters were forwarded to the Collector of Tanjore for the purpose of ascertaining the extent of export from that District into Karical of the articles refered to by the former. The report and statement submitted by Mr. Forbes fully support the representations of Mr. Maltby. He remarks "the evil does not end with the loss of a small amount of duty. Vessels which up to late years frequented our Ports now find it to their interest to ship at Karical and by slow degrees, the trade is passing from us. This evil has been augmented by the rules of the Marine Board allowing one by one passenger to proceed to the Eastern settlements for every 3 tons of a vessels burden (while) at Karical one person per ton is allowed." Mr. Forbes however recommends that the articles referred to by Mr. Maltby should be subjected to a duty at Karical, when exported by sea, the amount being collected by the French Authorities on behalf of the British Government like the duty on grain— but in this suggestion the Board do not concur as in a free port such as

Karical great facilities for evading such duties must necessarily exist

Proceedings 30 January 1851 paras 12 & 24

8 The reason which induced the Board to recommend the surrender of the export duty on the frontier of Karical was the smallness of the amount collected, and a desire to limit the duties on export to as few articles as possible, but they took precaution /para 18/ to advert to the possibility of such changes in the trade as that now under notice, and though they considered it unadvisable to interfere with the Tariff oftener than once in 5 years, the representations made by the Collector of South Arcot now render it necessary that the export duties levied on the frontier of Pondicherry should be levied on the frontier of Karical also, and the Board beg accordingly to recommend that the export schedule sanctioned for South Arcot may be extended to Tanjore also to be enforced on the frontier of Karical

From the Collector of South Arcot

Sir

In reply to your letter of the 25th Instant I have the honor to state that of the Salt produced

produced in this District, that of Mercanum alone is fitted by its quality for exportation to Calcutta. If Salt is urgently required in Bengal I should be able to supply 35,000 Maunds of Mercanum Salt at this moment, and 50,000 or 60,000 Maunds in June next but this is on the supposition that the season of manufacture now commencing proves favorable and allows the recent orders of Government to be carried out, which direct that a Stock equal to the consumption of two years be always retained on hand.—

2 The original cost of the Merkanum Salt is Rupees 11 per 100 Maunds, and the Shipping charges would amount to about Rupees 5 more allowing therefore an Extra, Rupees 1/2, for the expence of the Salt Establishment the Salt could be Shipped free of all charges to the exporter, without loss to Government at the rate mentioned by the Board Viz.t Rupees 25 per 100 Indian Maunds—

(44)

Bd No 468.

From the Collector of Tinnevelly

Reporting upon the Settlement of the Revenue of his District for Fusly 1262, & forwarding accounts as per list of Packet.

Sir,

Para 1. I have the honor to submit the following Report upon the Settlement of the Revenue of this District for Fusly 1267 / 1857/58, in the preparation of which, a longer time than usual has unavoidably been occupied, in consequence of having to present the results of the Fusly, as well as those of the preceding, in the new forms ordered in Extract from the Proceedings of the Board of Revenue of 13th June last. another change from former practice has also been introduced on the present occasion by not including the extent of land cultivated a second time in the Fusly, as directed by the Board in para 4 of their Proceedings dated 12th June 1851 and para 6 of those dated 28th June 1852.-

2. Of the 28 new forms of Statements

Statements, two have been omitted, viz No. 2, which is required only quinquennially and No. 9 which is inapplicable to this District.

3. The season was a very favorable one both for Cars and Peshanum, and the effect will be observed in the small amount of remissions. In the South East parts of the District there was, indeed, in November and December, a superabundance of rain, so that some considerable extent of Nunjah land was lost to use, and some crops which had been sown were spoilt around the Thuvah lakes by the water resting upon them. Some distress was also experienced in the same locality by the water spreading into villages and obliging the inhabitants to abandon their houses.

4. The favorable character of the Season and the consequent increase of cultivation naturally produced a fall of prices (as shewn in the margin.)

Table No. 1

Grains Chuck						

4806 Fort St. George 3d April 1854.

The entry in the 2d column of the foregoing Statement No. 3, which is an abstract of the new form No. 6, is the Olungoo price, calculated on the average price of 6 years, from Fusly 1222 to 1230 (inclusive), after striking out the two highest, and one lowest, year. The 4th Column is left blank in consequence of the assessment on the Poongah lands in ~ District not having been fixed with reference to the price of any Species of grains, vide Collectors letter to the Board dated 24th August 1807, and 20th March 1816. The entry under the head of Merchants wholesale prices is the average price of 12 months framed with reference to the Statement of prices received monthly from the several Talooks.

Statement No. 4.

4807

Fort St. George

3d April 1854

According to the Survey and Classification of Fasly 1213.

According to the actual results of Fasly 1262.

For amendment

Net Increase 56743 13 9

8. In Statement No. 4 inserted in the last year's report, Nunjah was divided into Oloongoo, Annany, Pottom and Poroopoor Nunjahmail poonjah and Poonjah into 8 sorts of produce assessed at the Nunjah rate" and Nunjahmail Poonjah assessed at the usual rate," whilst the wet and Baugayet of the experimentally settled villages were included in the Item "Beriz of the settled villages." The foregoing statement No. 4, which is derived from new forms Nos. 10 and 16, shows the cultivation results under two arrangements. In the first of these, the lands cultivated in each of the Fuslies under comparison are classified according to the denominations belonging to them in the Survey accounts of Fusly 1213, and the amount of additional tax obtained in the Fuslies under comparison from such of them as have been improved, is added as Teerwah Tasty and Fussel Tasty. In the

the second arrangement the lands are classed according to the current Standard. The total of Beriz under both arrangements is the same.

9. With reference to the 2d arrangement in Statement No. 4, it is to be understood, that Nunjah consisting of Oloongoo and Annany, the wet lands of the settled villages, together with the 8 sorts of produce raised on Nunjah lands and assessed at the Nunjah or old rate whichever was the highest, are included in the Item wet, while wet land altogether occupied by trees of the exempted sorts and entered in last year under the head of Tope charged with the land tax, is placed to the head of "wet Garden", Nunjahmail Poonjah and Vonpyre produce raised on other than Nunjah lands and assessed at the usual rate, and Poonjah Baugayet in the assessed villages shewn in the last year's Statement No. 12, as well as Poonjah lands under old wells forming the

4th

4th Item in last year's Statement No. 13, are here entered under Item No. 5

10. In comparing the items in these two arrangements it, will be observed, that Dry grain grown on a Poonjah land for Fusly 1262, was less than the Poonjah land, as per classification, of Fusly 1213, employed during last Fusly, by about chains 3629. Of the above chains 3629, equal to seed Cottahs 8079, an extent equal to seed Cottahs 3,411 have become wet, and an extent equal to seed Cottahs 4,661 have become Garden, and Cottah 7 have become wet Garden and accounts for the increase in those Items respectively of arrangement 2.

Notwithstanding

Item No. 3 arrangement 2.

11 Notwithstanding an increase of seed Cottahs 8,431 in the extent of land cultivated as wet, and wet garden, under channel irrigation from the principal river Cambraperumey, and from smaller streams and channels and Tanks supplied by these sources, above that of Fusly 1261, there is a decrease in the beiz derived therefrom of Rupees 6076–6–9, owing to the lowness of the Nerruck, the necessary consequence of a favorable season and extended cultivation. The increase in the cultivation under Tanks, viz those dependant on local rains amounts to S. C. 5186, and in the beiz thereon to Rupees 3,261–14–1. From which, deducting the above decrease of Rupees 6,076–6–9 in the revenue derived from lands under channel irrigation, the net increase stands at Rupees 2,485–7–4.

Item No. 4 arrangement 2.

The favorable character of the season for Poonjah has caused an increase in the cultivation of Fusly 1263 of chains 9725. $\frac{25}{32\cdot1}$ and in the assessment of Rupees 30992.

30992—14—10.

12. The abundance of water for irrigation had the natural effect of causing the Ryots to refrain from their cultivation under wells, and there was consequently a decrease both in cultivation and beriz under Item No. 5 of S. C. 143—18—2¾ and Rupees 734—8—5 respectively. This sum being deducted from the sum of Rupees 26,485—7—4½ being the net increase in the revenue derived from wet lands, the remainder is left at Rupees 25,750—14—11. To this be added the sum of Rupees 30,992—14—10, being the excess of revenue obtained from Poonjah lands, the aggregate of increase in the Land Revenue of Fusly 1262 above the previous year, is, Rupees 56,743—13—9.

13. Item No. 5 in the 1st arrangement of Statement 4 viz. Teerwah Dasty shows

R.H.C.

shows the difference between the former teerwah on lands entered in the Survey Accounts of Fusly 1213 as Poonjah, and that now imposed on the same in consideration of their having been converted into "Wet" "Wet gardens" and "Dry garden irrigated from wells."

14. Other lands besides those formerly rated as simple Poonjah, have been advanced to higher classes and should be accounted for under the Item Teerwah Dasty, but as such lands used to be variably taxed with reference to the product raised, it has not been possible to ascertain even proximately what amount of Teerwah Dasty is due to the assessment derived from them in their improved state.

The

Fort St. George 3d April 1854

Net Increase			9988 8 7	

15 The sum credited under the Head of Fussel con- jasty in Statement No. 4 consists of the follow- ing Items Viz^t 1st The extra assessment on a 2d crop raised on Poonjah lands which favored with the rains of both mon- soons are in certain Sa- boks usually subject

Fort St. George 3d April 1854

subject to an additional cess when cultivated for a 2d Crop.

2d The teerwah on the 2d Crop raised on Garden lands.

3d The teerwah on the 2d and any ad- ditional Nunjah or Vonpyre crops raised on either 1 or 2 Crop Nunjah lands, as well as the teerwah collected in excess of the Nunjah con assessment on Nunjah lands cultivated for the 1st crop with any of the sorts of produce which pay more than the Nunjah rate.

The net increase of Rupees 9.988-8-7 in the berij under this Item for Fasly 1262 will be observed from the margenal Statement to be attributable chiefly to a large Amount brought to account on cultivation of additional crops on lands under Tank irrigation.

16 There was no falling off in the cultivation of 2d and additional crops on lands under channel irrigation because the Season was favorable, but neither was any great increase, because most of these landbare habitually

habitually cultivated twice in a year, the decrease of Rupees 5,771-4-2 in the revenue collected on crops under notice and credited to Item No. 4 in the Statement is owing to a decrease in the Nerruck. The other items of Statement No. 6 require no explanation.

17. - There are, as the Board are aware, eight descriptions of produce which in this District are taxed Specially, at a higher rate than the terrwah of the land on which they are grown would amount to. In the present accounts the revenue derived from these products is divided by crediting to the head of Ayen the Amount of land terrwah for the first crop and the surplus demand to that of Fusel Sasty

Statement

lands brought to account under the Head of "Wet" and which is included in Rupees 12,906-11-10-9 mentioned in Statement No. 4 owing to lowness of nerruck. The increase of Rupees 800-14-10 in the amount brought to account as Fussel Jasty during the Fusly under report was caused by the increase in cultivation above mentioned.

19 The amount of Fussel Jasty in the 2 Fuslies mentioned in the above marginal Statement being about double the Nunjah assessment, is owing to the assessment of some of the 8 Sorts of produce being much higher than the Nunjah Terrwah. For instance the Nunjah terrwah of one Seed cattah of land, is about 12 Rupees a year, while the tase for Betel is Rupees 60 being in this case 5 times the amount of land tase

Items

4827 Fort St. George 3d April 1854.

22 The considerable decrease in the year under report under the Item of Drought and short produce is attributable to the unfavorableness of the Season while the heavy falls of rain during the year caused a loss of Revenue by the flooding of lands amounting to Rupees 228—10—5

23 The decrease under the Head of Zabitah Cowle was occasioned by the lands taken up by Messrs Longshaw for Cotton cultivation having been left uncultivated in consequence of the above Gentlemen having abandoned their enterprize and proceeded to Europe, by some lands having been covered with water and consequently carried to account under the head of waste, and by the lowness of Nerruck in Nunjah.—

24 Under the Head of Customary Enams both an increase and Decrease are shewn, the latter is partly owing to certain Enams having been resumed during the Fasly and partly to a falling off in the valuation of Nanjem grain owing to the decrease in the settled prices, while the increase which occurred in other Items has arisen from extended cultivation.—

			Net Increase	688 4 11

25 Of the Sundry Items of Revenue as per Statement No. 15 in the list added to the Land Revenue Beriz as shewn in the foregoing Statement, the revenue entered under the Head of 'Sodee of Enam lands' Item No. 1 is composed of the Beriz of the 3 Items, shewn in the margin, brought to account separately under the Heads of Pattoom, Porapoo and Sadeghee Enams on Kelawary & respectively in the accounts of the previous year.-

27 The decrease of Rupees 688-4-11 under the Head of Pattom, occurred in consequence of certain Pattomdars having died, and of the lowness of Revenue.-

In

28 In Porapoo and Sadeghee Enams there is an increase of Rupees 886-8-3 and 403-2-10 respectively, or both together Rupees 1289-11-1 caused by extended cultivation in consequence of the Season having been favorable. From this increase, the decrease of Rupees 688-4-11 under the Head of Pattom being deducted, the net increase in the revenue under the 3 Items now entered under the Head of 'Sodee of Enam lands' comes to Rupees 601-6-2 as shewn in the above Statement. Adding to this the increase of Rupees 1740-3-0 which occurred in 7 of the other Items mentioned in Statement No. 9, owing to the favorable character of the Season, the total increase under the Head of Sundry Item amounts to Rupees 5341-9-2.-

29 The decrease of Rupees 1747-13-9 in Item No. 4, is owing to the Ryots of the Chokumputty Aumanie lands having consented to take only 3 Villages under rent during Fuly 1262, whereas seven were rented in the previous year.-

A

30 A Cuttoogoottadar paying the sum of annas 10 [1/2] to Government, having died during the year under report, is the cause of the decrease under the Head of Chillera Cuttoogoottah.

Item No 7.

31 In the revenue derived from Kill pent, there is a decrease of Rupees 201-11 below Fusly 1261, which is ascribable to low offers having been received for renting the Kills.—

Item No 8.

32 The decrease of Rupees 185-13-9 in the revenue under the Item of Desaccaul in Enam Villages, which varies every year with the Species of cultivation raised on the land, is owing to the extent of lands occupied in Fusly 1262 for the cultivation of highly assessed products having been less than in the previous year.

Item No 9.

33 The decrease of Rupees 292-10-10 in the Tirpany Revenue is chiefly attributable to a falling off in the price of grain received as Payoda Share during the year under consideration.—

Item No 12

Thus

34 Thus the total decrease in the several Sundry Items mentioned above, amounts to Rupees 8428-1-4, from which deducting the increase of Rupees 5,341-9-2 referred to above, the Net decrease in the several Items amounts to Rupees 3086-2, which, if deducted from the gross revenue of Rupees 2,26,012 derived from several Items in Fusly 1263, the Net revenue, inclusive of Enams, for the Fusly under review under the general Heads of Sundry Items, comes to Rupees 2,22,925-7-10, or exclusive of Enams, to Rupees 1,95,723-8-11, and is Rupees 5,597-2 less than the Net revenue of Fusly 1261.—

35 The increase of Rupees 310-9-10 in the amount of deductions on account of Enams in Fusly 1263, is owing to an increase in the levy of the year in question.

36 From the foregoing Statement No 9 it will be observed that adding the net Revenue under the Head of Sundry Items, the total

total net Land Revenue Beriz of the Fusly under report is Rupees 1,96,691–6–10 or Rupees 98,609–2–6 in excess of that of Fusly 1261. Of the above increase, Rupees 775– occurred in Tripany Porpichay revenue, after deducting the decrease caused by a defalcation in the price of grain. The revenue under this Item varies with the cultivation, which, having been carried on to a great extent during the year under reference, is the cause of the increase shewn above. In Fusly 1261 the Revenues under the Head of Tripany Porpichay and Conttallum Chuttrum were not included in the net Land Revenue as Beriz, but entered separately under the Head of Deposit after deducting permissions &c., lent in the year under report it is

is included in the net amount of Beriz and separately shewn at the foot of Statement No 9.

The net amount of Land Revenue for Fusly 1262 as mentioned above is Rupees ——— 1,96,691 6 10

Add amounting the revenue derived from the Items noted in the margin as shewn at the bottom of Statement No 16 ——— 3,56,195 5 8

2,75,886 12 6

Add again the amount of Sevoy Jummah for Fusly 1262 Rupees ——— 4,898 1 10

Total Rupees ——— 2,75,784 14 4

The amount of Sevoy Jummah for Fusly 1262 falls short

	Total	14,016 9/64	12,474 12 5	14,210 58/64	12,830 2 4	2,014 49/64	2355 5 11	"	" " "

39 From the foregoing Statement No. 11, it will be observed, that under the Head of Sugar cane there is an increase in cultivation of acres 9 3/8, and in Revenue of Rupees 48 13 9 in Fasly 1262 in excess of the previous year.—

40 The Indigo cultivation not being assessed separately from the land, no accounts were kept of that Species of cultivation up to Fasly 1261, consequently, the cultivation of past Fasly alone is entered in the Statement. This product is indegenous to the Country and is made use of by washermen and Dyers for colouring cloths. No Godowns are established in this District.—

41 The increase both in the cultivation and Assessment under the Head of Cotton during the Fasly under

P.W.L.

under report was occasioned by the favorable nature of the Season. A separate report will be submitted containing particulars of the Cultivation and Trade in Cotton during past Fasly.—

4843

Fort St. George 3d April 1854.

42. In the foregoing Statement No. 12 no Bariz is entered for the Ayacut extent, for, the Garden lands are annually assessed with reference to the species of produce cultivated, the nunjah (not being permanently assessed) with reference to the Kerruck fixed in each year, and the Poonjah though permanently assessed (the immemorial waste not being so) is frequently taxed with reference to the species of produce raised thereon. Moreover the Garden lands which were hitherto partly entered under the head of Dry and partly under that of Wet, are now inserted under the new Head "Garden." The land entered in the accounts as Ayacut corresponds with that mentioned in the accounts up to Fusly 1261.

43. The Ayacut lands of the Poliaputs which have not hitherto been entered in the accounts are now brought to the same in accordance with the old accounts on the Record but the extent

entered

entered cannot be considered very correct.—
44 In the forms received from the
Board the extent of Ayacut, Porumboke, and
the Enam lands are required to be entered
with reference to the Survey Accounts. The
Porumboke lands brought under cultivation
and the sequestered Enams are also required
to be exhibited. If these particulars should
be shewn, the account of Fusly 1213, in
which the Survey was closed, as also the
cultivation accounts of every year, should be
referred to; but the new forms having
been received from the Board towards the
close of the Fusly, there was not sufficient time
for examining the accounts, therefore, the
Ayacut, Porumboke, and the Enam lands are
entered according to the accounts of Fusly 1261.
Portions of Porumboke and the sequestered
Enams brought under the plough during the
year under report are also specified on the
accounts. The Board's orders will be
carried into effect as far as practicable
in

in the preparation of accounts for
Fusly 1263. No Survey accounts
are forthcoming either in the Ruzzoor
or in the Taloors for some Villages.
Even the Curnums of certain Villages
do not posses them. Moreover the
Survey accounts of this District are in-
complete and defective in very essential
particulars as mentioned in the
Summahbundy Report for Fusly
1245 and in Para 28 of Mr.
Para 32. Thomas' Report about Survey-
dated 24th October 1843. Therefore the correctness of the
Ayacut extent is doubtful.

Statement No. 13.

4846

Fort St. George

3d April 1854.

No. 13.

Statement shewing the extent and Beriz of Nunjah cultivation for Fusly 1262. as compared with ayacut separately for Tambrapoorney. Minor riviers and Ponacolums in the District of Tinnevelly.

The difference in Ayacut between what is here shewn and the nunjah ayacut in Statement No. 12 of the report is caused by the extent of Pautum, Paroopoo and Cutgoottah lands being here included.—

The difference between the ayacut here shewn and that in the Statement which accompanied the report dated 29th March 1853. about Survey is caused by the Nunjah belonging to the Chuttrum lands incorporated with ayen being here included.—

From

45. From the foregoing Statement of Nunjah Ayacut and cultivation it will be seen that in the past favorable year only 68 per Cent of the cultivable lands were brought under the plough- Of the lands watered by the Main riviers a very large proportion as usual was employed and nearly half of the Nunjah Beriz of the District was derived from them-

46. Of the lands irrigable from the Minor riviers, and Hill Streams, 65 ½ per Cent were taken up, and produced a third of the whole Nunjah revenue of the year- But of the land, accounted as irrigable from rain fed Tanks, being more than that attributed to the Tambraparny irrigation, only a little more than 56 per Cent was employed yielding some thing less than 18 per Cent of the whole Nunjah revenue.

47. It will seldom happen that so large a proportion as 56 per Cent of the latter Ayacut will be cultivated, and therefore

therefore in most years more than 44 per cent equal to 20, 730 Seed Cottahs or 25, 396 Cawnies of land will remain idle- A great deal of this if the present system were relaxed in favor of land accounted Nunjah under rain fed tanks, might and would be sown with Poonjah or Garden products, and return an important profit both to Government and the Owners.-

48. The Nunjah Ayacut attributed to a great many rain fed tanks in this District is known to be greater than the capability of the Tanks will allow to be successfully cultivated in one year, and therefore I am of opinion that it would be a great good if all the least favorably situated Nunjah land of each rain fed tank beyond the extent of the highest year's cultivation were allowed at once to be removed from the rank of Nunjah and rated as Poonjah, with however the reservation that whenever the water of the Tank may be taken to such lands, the Nunjah assessment shall be levied for that crop.-

Statement No. 14

1849. Fort St. George 3d April 1854.

No. 14.

Enam land and its cultivation.

The

49. The Ayacut extent of Maniem lands of all description and the cultivated portion thereof during Fusly 1262 with the proportion it bears to the Ayacut are exhibited in the foregoing Statement No. 13 and the Beriz shewn in Column 10 is the aggregate amount of full teerwah of the lands entered in Columns 6-7-& 8, and the Sum entered in Column 9 which is the amount of tax on Sope and Tadbunds which are enjoyed rent free. The teerwah for the Ayacut extent is not shewn for reasons mentioned in Para 42.

50. The Cevoo and Dittam Maniems granted for Village service are deducted annually from the total extent of cultivation of each Village at a

a certain proportion, and as this Exam is to be collected from several Ryotts, Manniendars do not get the full amount of their Maniem in any year. it would be therefore, advisable to grant rent free to each Manniendar an extent of arable waste land liable to an assessment equal to his Share of the Cevoo, and Dittam Exam in the Village.

From

4853

Fort St George 3d April 1854

51

From the above Statement it will be observed that notwithstanding the increase in the Heavy & Landing the increase in the Land Revenue, both at the Fusly 1262, the balance, both at the close of the Fusly - and on the 31st December last, were less than in the three preceding Fusly-

52

The Branches of the Collectorate of Revenue stand as follows, viz.

The causes for the Decrease of Rs. 2,888- is stated in the Collectors Report, herewith submitted, under the Heads in the Statement of Rs 22,888 accounted for by the Land Revenue & Sayer Duties.

to the Ryots not having needed the aid of Government further than the extent above mentioned. Of the sum of Rupees 3,743 actually disbursed to the Ryots, Rupees 2,611 have been recovered before the termination of the Fusly, leaving a balance of Rupees 1132 to be recovered by instalments during the current and ensuing Fusslies.

55 The Balance of arrears outstanding against the Ryots, on account of advances made for reconstructing houses destroyed by fire, amounts, for Fusly 1260, to Rupees 118-8-, and for Fusly 1261, to Rupees 390-8-, or both together, Rupees 509, which are recoverable by instalments ending 31st October of Fusly 1264.

To

From Mademoiselle [illegible] 21 viz

The list accompanying it will be shewn,

that the balance on account of arrears

of Land Revenue from Fusly 1218 to 1261

remaining unadjusted on the 31st December

last amounts to Rupees 15,89,---10, of which,

Rupees 15,53-4-3, being the amount of

Peishcush on Lands belonging to the Country

towards an Land and that on Land

from Dawdlamanny and the Honorable Com-

in dispute between the Ryotwar Cacar and

Zamindary and the Peishcush Lease and

the Zemindary must be settled here-

after, and consequently the Sum has

been entered under the head of doubtful

Balance of Remainder of Rupees 9,10,22,3-

fall. The remainder of the Items below

being considered of the Items below and

unenterable, as irrecoverable, and I

Therefore beg to recommend that

the Sum stand off Remainder may be

Collected for ensuing Fusly viz the same

to "Profit and Loss."

Rupees 6,44-2-6

Rupees 58-15-1-

Rupees 203-12-"

Rupees 916-12-2

Rupees [illegible]

61 The arrears, on account of Sewey Jumma or Extra Revenue remaining unadjusted on the 31st December last, amounting as mentioned in Statement No 23 accompanying, to Rupees 293-3-7, of which Rupees 16-3-1 is irrecoverable, and the remainder or Rupees 277--6- being partly the demand against persons who have died, absconded, and became impoverished, and partly the Teerwah included in the demand in excess of what was actually due, and which on subsequent investigation, has been proved to be not due by the persons against whom it was thereon in the accounts to be outstanding. I have the honor to request that the same may be recommended to be written off in the accounts "together with the Land Revenue balance of Rupees 916-12-7- mentioned in the preceding

	Rs	a	P

Para

Para amounting together to Rupees 1193-13-1-

62 In conclusion I have the honor to submit the report of my Sub Collector on the settlement of the 4 Taloocks under his manage-ment, and to express my acknow-ledgment of the care and judg-ment with which he continued to discharge the duties of his office-

63 Mr Ballard, who acted for the Head Assistant Mr Child until relieved by him in December 1852, showed himself to be a very efficient Public officer in managing the details of his charge, consisting of the Revenue

Fort St George 3d April 1854

Revenue of 2, and the Police of

4, Talooks in addition to the

Salt, Sayer and Sea Customs

Departments.

64 Mr. Child re-

-turned to the discharge of

his duties with renewed zeal

and energy, and maintain

-ed his former reputation.

R.M.L.

Assistant

Fort St George 3d April 1854.

65. Assistant Collector Mr.

Swinton had charge of the Revenue of one and

the Police of two Talooks besides the Post-

Office and Vaccine Departments; and

has given me great satisfaction.

Tinnevelly, 30th January 1854.

(Signed) G. J. Bird

Collector.
