Board of Revenue

(1)

Bd. No. 3722.

Sir,

From the Secy to the Board of Examiners — 1. With reference to para 5 of the Extract from the Minutes of Consultation under date the 20th July last, directing the Board of Examiners in communication with the Sudder Adalut and the Board of Revenue to appoint local Committees for holding the Examinations of Officers employed in the Department of Public Works, I am directed to forward for the consideration of the Board of Revenue the accompanying letters to the address of Messrs. Elton and Crozier at Nellore and of Messrs. John Bird and T. J. S. Harris at Trichinopoly requesting them respectively to conduct the Examinations of Lieutenants — Ritherdon and Rynes.-

2. Should the Board see no objection to the appointment of Messrs. Elton & Bird to serve on the Committees, I am

I am directed to request that the letters now sent may be sealed in your Office and forwarded to the Post Office.-

No. 303
Extract from the Minutes of Consultation in the Political Department under date the 8th August 1854.-

Read again letter from the Advocate General d/ 17th and recorded in Consultation July 1854.-

Read also letter from the Honorable Company's Solicitor.-

/ Here enter 17th July 1854 No. 380)

Para 1. The Right Honorable the Governor in Council has had under consideration the subject of the foregoing letters of the Advocate General and the Honorable Company's Solicitor, and is inclined to admit the correctness of the

the view taken of the principles on which they consider that it is desirable the Government should usually act in cases of Suits brought against Public Officers for acts done in their Official Capacity- These principles, if His Lordship in Council understands them rightly are, that generally Officers of the Government when prosecuted for their public acts should defend themselves- but that should Government be disposed in any instance to depart from this ordinary course and to defend an Officer, the case should first of all be submitted to the Advocate General for his opinion, as to whether the Government should undertake the defence or not:-

2. The Governer in Council fully recognizes, as a general rule, the propriety of leaving Officers of the Government to defend themselves and to justify their Acts, and to make their own arrangements for this purpose, as the best safeguard against an abuse, or an illegal use of their powers- He also considers the Law Officers to be right in requiring an order of Government itself to authorize their undertaking any case, but in this course the chief difficulty occurs when

as has happened lately, the sanction of Government is required for the immediate defence of an Action- In order to avoid such pressing references for orders, it should be generally made known to Public Officers that the Government will not authorize cases to be defended in its name, unless opportunity has been allowed for previously investigating their merits.-

3. His Lordship in Council agrees with the Advocate General, that it would not be expedient for the Government to defend Police Peons in all cases- but he is of opinion that measures should at the same time be adopted by which the Police might feel assured that they will not be allowed to suffer for want of legal assistance in those cases in which they may have advantage taken of them by the chicanery so prevalent in the Courts of Law, and he considers it should be the duty of the Law Officers of Government to watch proceedings of this nature with the view of interposing when the interests of Government require their aid.-

A

4. A Copy of the letter of the Honorable Company's Solicitor will be forwarded to the Chief Magistrate for any observations he may have to make on it.-

/Signed/ H. C. Montgomery

16

B. No. 3555.

From the Collector of Masulipatam.

Sir,

I have the honor to forward Copy of a letter addressed to me by Mr. G. A. Ballard, Special Assistant Collector, requesting that I will obtain sanction for a small Establishment at a monthly cost of Rs. 45 being placed at his disposal for the purpose of being trained in and practising Field measuring, Surveying, Levelling &c. with reference to the views of Government expressed in Para 3 Minutes of Consultation of 22d. December 1853 No. 600.-

I feel confident that under Mr. Ballard's superintendence the pupils will speedily acquire a sufficient practical Knowledge of Field Measuring, Surveying and levelling to become very useful, and I beg to recommend that sanction may be obtained & for by Mr. Ballard may be supplied to him.-

Masulipatam Collector's Cutcherry 19th. August, 1854

To
J. D. Sushington Esqre.
Collector Masulipatam

Sir,

I have the honor to request you will obtain

obtain sanction for a small Establishment being placed at my disposal, for the purpose of being trained in and practicing Field Measuring, Surveying, levelling &c.— The correspondence which passed between the Government and the Board of Revenue, and the sanction of an Establishment of a somewhat similar nature to the Sub Collector of Rajahmundry has led me to make this request; and I have every hope that if it is complied with the measure will be found a useful one.—

2. I would wish to entertain 4 pupils at 7 Rupees and 4 Peons at 4 Rupees, that number would be sufficient for the present. I do not think lower rates would be sufficient to induce persons of any intelligence to engage themselves.—

3 I should also wish to be supplied with the following instruments.—

1 Prismatic Compass.
1 Chain
1 Parallel Ruler (large)
1 Case Mathematical instruments.—
1 Set Marquois Scales.

From the Collector
of Masulipatam

Sir,

In continuation of my last report dated the 30th Ultimo No. 129, I have the honor to report for the information of the Board and Government that during the last ten days, rain has fallen in Slight quantities generally throughout the District. The Jonna and other dry Crops are in a promising condition. The wet cultivation is progressing favorably throughout the District, except in the Deevy Talook, where from the freshes of the Kishnah having been insufficient to enter the channels and fill the Tanks, there is scarcely any wet cultivation. The Assistant Collector Mr. Chase has been deputed to the Talook to enquire into the subject.—

B. No. 3728

From the Agent to the Governor at Kurnool

Sir,

although the Board have intimated by your letter of the 15th Instant, that they do not require the continuance of the trimonthly reports on the state of the season, I deem it right to report that since the date of my last report, scarcely any rain has fallen in any part of the District, and the Crops in many of the villages in the Dhone and Goodoor Talooks, bordering on the Punchapolliem Talook, of Bellary, are reported to be withering, and the Crops in several villages in other Talooks of the District, have suffered also, giving grounds for some apprehension of a partial failure. In some of the Tanks also, in the Dhone Talook such as Woomasoomoodrum, Woollendaconda, and Woodoomulpaud, the supply of water is insufficient to bring the lands under Wet Cultivation, and should the supply altogether fail as the season advances, I think authority should be given for sowing Dry Crops, on the wet lands at a fair rate of assessment in order that the ryots of these villages, may not another year suffer from lack of food.—

12th September 1854 No. 35

Kurnool Government, Agents Office, 27th September 1854

B. No. 3730.

From the Agent to the Governor at Kurnool

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue, dated 15th August 1853, I have the honor to append a List of the different descriptions of Enams in this District, with brief remarks respecting the tenure under which they were held, all of which, from the circumstances of the grants, having originated with the late Native Government, and been continued, though not confirmed by the British Government, would appear to bring them properly under the provisions of Act XXXI of 1836.—

Davadayem or grants for the support of Pagodas, Village Goddess and Mosques.—

In some instances these Enams are held on Summuds, but in the generality of cases having possession constitutes the title, and they are held so long as the Services are performed.—

These

obviously been found beneficial in the other Presidencies; and as extra Covenanted or Uncovenanted Agency in the Revenue and Magisterial Departments, is in my opinion one of the great wants of the Country, I think it is expedient to obtain an extention of the Acts in question to this Presidency.—

/Signed/ T. Conway.

B. No. 2880.

From the Collector of North Arcot

Sir.

Reports that an Enam at Cunnanoor in Santghur Talook was resumed on mistaken grounds under the orders of Government dated 23 Nov 1850 and recommends that the order may be cancelled.

Board's Remarks dated 30th June 1850
Extract Minutes of Consultation dated 23 November 1850.

I have the honor to forward herewith my Statement of Cubsees of Enams for the Second quarter of 1850. sent up to the Board on the 31st July of that year including an Enam in the Village of Cunnanoor in Santghur Talook which appeared from the documents produced to have been granted for service; and which was recommended for resumption and ultimately resumed, on the ground that the services had been discontinued.

On the 23d December 1853 a petition was presented by one Syed Hamed Son of Syed Ummraize one of the formes shareers in the Enam, alleging that it had been resumed on mistaken grounds inasmuch as it was in reality not a service Enam

Enam lent a Khyraty or Charity
grant; and praying therefore that
enquiry might be made, and the order
for resumption cancelled. In support
of this allegation he filed three do-
cuments.—

2 The Tahsildar was desired
to report as to the identity of the Enam
mentioned in the Documents now produced,
with that described in those filed
in 1850. and likewise as to the real
nature of the Enam, and some
other particulars. From his report
there seemed no reason to doubt
that the Enam referred to in both
sets of documents was the same, though
there had been some change in the
names of places in the course of a long
lapse of years. The impression was
confirmed after I had called up the
village Munigar and Curnum and
examined them minutely myself.
I then caused the Register of Enams made by
Mr. Greeme to be

in question was found there entered and Copies
of the Summuds produced at the time of the
Registration (in 1809) were also found. The
result is that the Enam appears to be a
Khyraty and not a service Enam; and
as it was consequently presumed on mistaken
grounds I now beg to bring the subject before
the Board again.—

3 Three documents were sent
to the Board in 1850. Viz.: a Summud
or grant Hijereh 1085 (about A.D.
1670) by Abdoollah Khan Governor of Vellore,
a Will left by one of the Sharers in the
Enam devising his share and an agree-
ment between other of the sharers. The first
of these is the only one that need be here
noticed. It bestowed twenty Cawnies of
wet dry and garden land, on one Syed Shah
Mahomed, in consideration of his Father
Syed Munraize having been killed
in battle, and for the maintenance
and Service of his tomb and the
Mosque built (probably) in his ho-
nour. These conditions were held
to

to make the Enam a Service grant.

4 The Documents filed by the present Petitioner are as follow. The

Enclre 1. first is a Copy (certified by the Seal of the Cauzy) of a Purwanah bearing the Seal of Nabob Zoolfakur Khan, which grant 25 Cawnies of land in Tiraday and Veranellore in the Camanoor Pergunnah, to Syed Mahomed for his subsistence. This Document bears no date in terms of the Hijerah, but it is sealed with the Seal of Nabob Zoolfakur Khan bearing the Joolooe year 39 This must mean the 39th year of the Emperor Aurungzebe, and as he came to the throne according to Hall in 1658. this seal was engraved in 1697. I am unable to say whether it was the practice to have a fresh Seal made every year, or consequently whether this or some later year of the same Nabob, was that on which this grant is sealed.

Enclosure 2. The Second Document is a Copy (certified by the Seal of the Cauzy) of a Purwannah bearing the Joolooe

Sundutoollah Khan. This grant cites that last described, and confirms it. This Document also bears only the Joolooe year being the 45th. This must mean the 45th year of the Emperor Aurungzebe, or 1703. but whether that was the year in which the grant is sealed or only that in which the Seal was made, I am unable to say.—

Enclosure 3 The third document is a Copy of a Kiegel Cayeemy bearing the Seal of Mahomed Shareef Sudder or Chief of Mahomedpoor or Arcot and dated in Hijerah 1216 (A.D. 1801) The object of this paper seems to be to continue the Enam to the family, after a lapse. The extent thus continued is eighteen Cawnies, Viz. 9 of wet and 9 of dry land.—

Enclosures 4 & 5 The documents filed before Mr. Lyall were two, viz. the second and third of those just described, as now produced by the Petitioners, the grant of Soudutoollah Khan, and the Kiegl coyeemy. The only difference is that the former (a Certified Copy)

13416 Fort St. George 9th October 1854.

Copy I leave in proof of its correctness as a Copy a Seal of the same Tabol which has the date Hijerah 1109, or about A.D. 1696. as appears from Mr. C.P. Brown's Tables.—

6 The details of the origin and nature of the Enam entered in Mr. Gramer's Register prepared in July 1819, corresponds with these documents being in fact taken from them after verifying them by local enquiry. The Enam is entered as Khyraty, as containing 25 Cawnies according to Grant, and 18 according to the Kyelayamy but in reality 30-9½ Cs. by measurement. I enclose a translated Extract from this Register, and I send also the three documents filed by the Petitioner with translations.

I send also the two documents found in the Records, but not translations, as they would be precisely the same as of the 2d and 3d documents filed by Petitioner Enclosures 2 and 3.—

† Enclosure 6. D° D° 1 & 3

‡ Enclosures 4 & 5

13417 Fort St. George 9th October 1854.

7 The present enquiry appears to show clearly that the Enam in question is a Khyraty or unconditional grant. It appears to have been bestowed originally as a reward for bravery and devotion, upon the family of an Officer who had been killed in action, with the condition of maintaining the tomb and Mosque of that Officer.

But the grant was afterwards repeated without this condition, the land being freely given for subsistence only. It also appears clear from Mr. Gramer's Register that nearly half a Century ago, the Enam was

13418 Fort St. George 9th October 1854.

was held on that tenure,
without condition of service.
It may seem strange
that there should be so
many grants, for besides
the three produced / two of
them identical in
terms / a fourth is
alluded to in the
Oye Coyeemy. But
it appears as

RWL

to

13419 Fort St. George 9th October 1854.

to have been thought prudent to have the grant confirmed by each succeeding Nabob and perhaps even in each succeeding lapse. The reason why the latter Sunnuds were not produced in 1850 appears to be that they were in the hands of the present Petitioner who being a Sepoy of the 3rd Regiment was absent on foreign service. Two members of another branch of the family sought at that time to establish their exclusive right to the Enam by means of the Documents in their hands; but as it appeared from those documents that the Enam was for service, and as no service was performed the Enam was resumed, as above mentioned.

8. Admitting the Enam to be unconditional Khyraty, the question remains whether it is hereditary. The original Sunnad of 1670 clearly made it so in precise terms; but that grant was superseded. The second grant by Nabob Zoolfakar Khan contains no terms conveying an hereditary title, nor does the Purwannah of Saadut Oollah Khan, or the Hydeayeeny. But though the heritable quality appears to be wanting according to the grants, yet in

point

x a copy and translation of this Document was sent to the Board on the 31st July 1850.

point of fact the Enam was allowed to descend through several generations, both under the Nabob's and under the British Government. and this circumstance appears to bring it within the order of the Honorable Court cited in Para 6 of Extract Minutes of Consultation of May 9th 1848.

If in the face of the summuds, an original right cannot be presumed, yet contenued possession for above a century and a half may fairly be admitted, under that order, as constituting "a powerful motive with the Government for not wishing the possession to be disturbed."

x Page 454 of Circular Order Book.

9 Under the circumstances and the considerations above set forth, I beg to recommend that the order of 1850 for the attachment of the Enam may be recalled. But it may be a question what extent shall be allowed for the Enam. The latest grant extant, and that under which the Enam is held at all, clearly specifies 18 Cawnies only; while the extent actually held in 1809 and still held up to the time of the resumption, was 30 Cs as 9½. But unfortunately the term Cawny has in former times no definite signification in this

District. It contained one hundred Goontahs or square chains but the length of the chain used varied in every Village, as from 24 feet to as much as 48 feet. Perhaps the Board may have it ascertained in their Office in what Cawny the Grants of the Nabobs were usually made, & such recognized dimension should of course be taken in preference to any merely local & variable dimensions. The holders of the Enam in 1809 asserted that the extent which they then held had always been held by them. But if so they certainly held more than they had a right to, because the latest grant diminished the extent of the Enam. If my recommendation for the restoration of the Enam is acceded to, it will be for Government to determine what extent of land it shall be held to comprise, whether the whole of that resumed, or some smaller quantity.

13429

Fort St. George 9.th October 1854.

the grant is stated to be for the subsistence of Syed Mahomed in two of them, and for that of his representatives during Fusly 1210, in the third. the Collector considers these as having superseded the original grant, and thence argues that the late resumption of the Enam because of the discontinuance of the service was a mistake and ought to be cancelled.—

The Board of Revenue

4 doubt if these documents can be said to alter the features of the case. It is true that in the later Summuds no mention is made of the service prescribed by the original grant, but as the latter document was at the time in existence, and the service was actually kept up till within a few years the later Summuds can only be considered the usual orders for the continuance of Enams issued on the accession of a new Governor or on the beginning of each year

Even

13430 Fort St. George 9th October 1854

Even if the documents now pro=
duced are to be considered as a
proof that the Enam was given
for subsistence the Board
can hardly believe that the orders
of the Court of Directors quoted
by Mr. Bourdillon in para 8
of his letter would justify them in re=
commending a perpetual aliena=
tion of land in grants of this kind
which evidently were never intended
to be in perpetuity.

5 On the whole the Board
are inclined to accept the explana=
tion first offered in Column
12 of the lapsed Enam List=
(Item 3) of 31st July 1850.
but consider it one of those
cases in which it is desirable
to have the orders of Government.

B. No 3087
From the Collector
of North Arcot

Sir

In my letter of the 21st De=
cember 1848 No 317, when recommending for
reasons stated, that the allowance of Mahom=
=ed Jummah Khan, Son of the late Jaghiredar
of Avilcondah should be increased to 25 Rupees
a Month, I added a recommendation that
as lapses occurred among the members of
the family receiving pensions, this sum
should be further increased to 35 Rupees a Month
2. My proposal at that time
received the support of the Board of Revenue
and was sanctioned by Government on the
26th February 1849, and Mahomed Jummah
=khan has since received 25 Rupees monthly.
He now prays that as he is came to man's
estate, and especially as he is bound to be
married, that Pension may be augmented.
For the reasons stated in my letter above
cited

13432 Fort St. George 9th October 1854.

icted I think that his request is only fair and reasonable. I think that 35 Rupees a Month is no more than is due considering the position held by his father. I find that since the date of my former letter lapses have occurred in the Avilcondah family Pensions to the amount of Rs 152-3-0 as shown below, and I now beg therefore to revert to my recommendation above noticed, and to express a hope that the Board will be pleased to recommend, and the Government to grant, an addition of 130 Rupees a year to Mahomed Jummah khan's Pension, out of the amount so lapsed.

Memorandum of lapses in the Pension of the Avilcondah family.

No in the List	Name	Amount Monthly	Amount Yearly	Remarks
12	Giddu Baigum	1 10 11	20 8 4	Died on the 4th September 1853
19	Buddee Bee	8 8 -	102 - -	Do on the 1st April 1853
11	Part of the allowance of Rajah Hoosain	2 8 -	30 - -	This Pensioner died on the 5th November 1849 By his allowance 7-8 monthly 2-8- was resumed see order of Government 1st May 1851

B. No 2224.

Resolution thereon.

(45.46)

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council.—

2 By the orders of Government dated 26th February 1849, an allowance of 25 Rupees per mensem or Rupees 300 per annum was sanctioned to Jummah Khan son of the late Jaghiredar of Avilcondah. While proposing the arrangements that were then approved, the Collector recommended that as lapses occurred in the family, the above grant should be increased to 35 Rupees, and it is in pursuance of this recommendation that the present application is now submitted.—

3. Jumma Khan's relationship to the late Jaghiredar is such as to entitle him, in the opinion of the Board, to some consideration: and as upwards of 150 Rupees have recently lapsed to the Government, as shown by the Collector: the proposed increase would still keep the amount allowed to the family below the fixed standard. The Board would therefore support the proposition of the Collector

collector for the increase of the present allowance to Jumma Khan from 25 to 35 Rupees per mensem.—

Bd No. 3717
From the collector of North Arcot. (Para 1.)

Sir,

With reference to your circular letter of the 13th July last, I have the honour to submit my report on the state of the season during the last ten days, or from 21st to 30th September.—

2. I can give no favorable account of the season in the ten days— No rain is reported from any part of the District &c during the period, and there was little or no fresh sowing. In Nunjah, Sambah has been sown comparatively to a very small extent under wells only— Yadamonay in Nunjah and Cumboo in Poonjah are in course of being reaped. The crops both Nunjah and Poonjah, especially the former under tanks, are drooping and

and in danger, in consequence of the want of rain for the last twenty days— Within the last few days a change has taken place, and there appears good ground to hope for rain ere long.—

3. Up to the close of August the extent of Nunjah sown was 14,484 cawnies less than in the late bad season of Fusly 1263, in Poonjah there was an increase of 2484 cawnies compared with the same year— In comparison with Fusly 1262 there was a falling off of 52085 cawnies in Poonjah, and 2008 in Nunjah—

4. Prices are still as high as before.—

No 159

To

B. Cunliffe Esqre

Sub Secretary to the

Board of Revenue

Fort St George

(51)

Bt No 3564

From the Collector of South Arcot.

Sir,

Submits for sanction certain changes to be introduced in the resumed Jagheer of Suncarapoorum in making the settlement of this year.

I have the honor to submit for the sinction of the Board of Revenue the following changes which I propose to introduce when making this years settlement of the resumed Jagheer of Suncarapoorum.

2. The Jagheer to which I allude is the one now under survey by Captain Priestly. It comprises in all 181

Fort St George 9th October 1854

Villages, scattered thro the talooks of Chellumbrum, Mumargoody Tronomollie, Cullacoorchy and Treculliore, out of which 29 are usually rented out on lease &c leaving 151 under Amany management.

3 I beg to request permission to abolish at once, in accordance with the principles which have been already laid down by Government in Extract Minutes of Consultation dated 10th July 1854 the anomalous and burdensome taxes which at present exist throughout the Jagheer as shown in the following —

4. The lands of this Jagheer will be eventually classified and assessed upon the standard of the revision of assessment sanctioned for the ten Tooloos Talooks, but this will be a work of time depending upon the progress of the Survey.

5. At present a most crude complicated system of assessment prevails throughout this Jagheer which the Changes I am about to propose will somewhat simplify, at the same time affording seasonable and suitable relief to the ryots.

In

Fort St. George 9th October 1854

Poonjah.

6 In the first place the assessment on Poonjah varies according to each description of crop raised and with the caste of the cultivator. An Extra cess is also levied when a second crop is grown, equalling a moiety of that paid for the first one. When Garden produce is reared the rate of tax is excessive, varying according to the species of crop, as shewn in the following statement

	Rs. A P	Rs A P
Turmeric varying from	21 — 14 —	to 43 — 12 — per Cawney
Tobacco —	10 15 —	to 32 — 13 — — —
Plantain —	14 — —	to 21 — 14 — — —
Brinjall —	10 15 —	— — — — — —
Chilly —	5 — 7 — 6	to 10 — 15 — — —
Betel —	10 — 8 —	to 32 — 1 — 7 — — —

7 I beg to propose that the levy of Extra cess for the second Crop when it is raised on Poonjah land should be abolished and that for the present 7 Rupees the Cawney should be charged on such Poonjah land as is taken up for Gardens, which is the general

Fort St. George 9th October 1854

the Hooloos Talooks.

8 The Government demand on the Nunjah land has never been properly commuted into a money rent, but in 60 Villages a payment in money has been in force for about 12 or 14 years, fixed by former Collectors, with the consent, or rather, at the request of the ryots themselves. These rates were fixed uniform for each Village but the land was not put into different taruns. The highest rate per Cawney is 12 Rs 4 a and the lowest 5 Rs. In the other Villages a division of produce actually takes place, the Government share of the gross produce being taken at 60 and 70 per cent from the Resident Ryots (Oolcoody) and at a less proportion from others.

9 It hardly appears feasible or expedient to make any temporary alteration with regard to the Nunjah, and I think it must be left as it is till the regular re-assessment takes place.

10 There are however some collections made under the heads of Nuzzur, Bazee Yuruch, and Roossoom, from

from the villagers in this Jagheer, &c
which should at once be relinquished,
as directed by Government with reference
to the over assessed lands in Trichinopoly-

† Para 15 Extract Minutes Consultation 10th July 1854.

11. Nuzzur is a consolidated tax upon a village, contributed by the inhabitants after their own arrangements- It is the remains of the old Native System of exacting extra cesses for the benefit of the servants of Government- altogether this Nuzzur amounts to Rupees 1940-3-2. The nature of this item was fully explained to the Board by Mr. Ashton in his Report and accompaniments dated 11th January 1841

12. The Bazee Kurich and Roosooms are collected at ½ per cent upon the demand fixed at the Summabundy- They were evidently in the first instance, mere exactions by the Native Officials but being found in the accounts were continued by us, and regularly carried to the credit of Government- The Amount annually realized fluctuates according to the demand for the season but it may

be said to be about Rupees 5,999-6-1 on an average.-

South Arcot,
Collector's Cutcherry,
Cuddalore,
20th September 1854

/Signed/ A. Hall
Collector

Bn. No. 2209
Proceedings thereon.
51.52

In the above letter the Collector proposes certain modifications of assessment for the present relief of the lands in the resumed Joghire of Suncarapooram to have effect until the regular classification and assessment are introduced.-

2 He recommends that the Fusul Jasty on Poonjah lands be abolished, and Poonjah Garden be assessed for the present at ½ Rupees the Cawney.-

3. He is of opinion that the existing mode of collecting the Government demand on Nunjah land &c must of necessity continue until the revision takes place, but proposes the immediate relinquishment of certain collections under the head of Nuzzur, Bazee Khirch and Roosooms.- The

Fort St. George 9th October 1854.

4. The Board approve of these suggestions and direct that they may be carried out during the present season

No. 99

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(53)

Pde No. 3245
From the Collector of Tanjore

Sir

Clause 1st Section VI of Regulation XXVII of 1802 enacts, that the land shall be regarded as the security of the public revenue, and clause 2d provides that it shall be at the option of the debtor to yield up his personal property in preference to the sale of his lands.—

I believe it has been almost universally the practice, in the first instance to attach the personal property of defaulters, and afterwards, if necessary, their lands, and such was certainly the practice until very lately in Tanjore. When however Mr. Bishop returned to the District from Nellore in 1849 he pointed out the wording

Fort St. George 9th October 1854.

of the regulation and since then it has been considered illegal to attach personal property in satisfaction of arrears of revenue, before the land of the defaulter has been sold.—

From this state of the law considerable inconvenience arises. The Merasidars are well aware of the preliminary steps that are necessary before their lands can be put up to sale, and even when possessed of the means of paying their balances, will not unfrequently refuse payment, for the sole purpose of obtaining the benefit of the delay which necessarily attends a sale of land, and with the full intention of paying the demand when the day of sale comes on. There are at present in this office several applications from the Tahsildars for the attachment and sale of defaulters' lands, all of whom have personal property more than sufficient to recover the demand against them, and whose balances would be collected immediately did not the law insist on the prior attachment

attachment of their lands.

I am unwilling to submit ex-
to the Board an application for numer-
-ous sales of land, until I have first
referred the question which is stated
above, and taken the Boards interpre-
-tation of the law. It is understood in
Tanjore that were the Collector to attach
and sell personal property in the first
instance, a suit in Court could be
successfully maintained against him—

Tanjore
Tranquebar, } /Signed/ H. Forbes
2d September 1854 } Collector

Order thereon (53-54) Ordered that the following letter be sent in consequence

To

J. B. Norton Esqre
Government Pleader

Bd No 2222

To J B Norton Esqre
Government Pleader

(Para 1) Sir, I have the honor to enclose
a copy of a letter from the Collector of Tanc
-jore on which the Board think it advis-
-able to take your opinion—

dated 2d September in Ors 9th October 1854

The question is simply this

2

can the Collector in a Ryotwar District when

when a ryot is in arrears of revenue,
at once attach and sell his personal
property, or must his land be first
attached and sold. 2

3 It has been the practice in
most Districts, with reference to Section
VI, Clause 1st of Regulation XXVII of 1802
to attach and sell the land first,
unless with reference to clause 2d of
the same Section the debtor chooses
to yield up personal property— This
the Board believe seldom or ever ex-
happens— In Tanjore however it was
usual to attach the personal pro-
-perty in the first instance, but since
1847 it has been considered illegal

The subject of recovery
4 of arrears of Revenue was elaborately
discussed by the Court of Sudder
Adawlut in their Proceedings of
12th March 1829, which you will find
in page 90 et seq: of the Circular
order book of the Board of Revenue—

The question then was ex-
5 whether the provisions of Regulation
XXVII of 1802 were applicable to Ryotwar

(Para 6 of the Proceedings)

Fort St. George 9th October 1834.

Ryotwar settlements. The Provincial Court thought they were not, but that Regulation XXVIII of 1802 (Section 38) was. The Court of Sudr Mdalut in para 9 decided that Regulation XXVII was applicable.—

6. They in para 6 of their proceedings enter into some detail as to the applicability of this Regulation XXVII, and though it appears that they do not admit Regulation XXVIII to be applicable, it is not clear to the Board what kind of arrears come under the 2d class - arrears recoverable under that Regulation (XXVIII) Viz. "arrears of public revenue payable to the Collector or other Public officer, but not under settlement with a Proprietor or Farmer" This would seem to bring Ryotwar arrears under Regulation XXVIII in which case Section II of that Regulation would justify the attachment and sale of personal property in the first instance.—

7. The Board however think that without discussing this point, they can refer to Section VII Regulation II of

Fort St. George 9th October 1834.

of 1806 which extends to all Districts in which Zillah Courts are established, the provisions not only of Regulation XXII but XXVIII of 1802, and directs Collectors to observe (both) these Regulations in their engagements with the Ryots.—

8. If this view be correct all Collectors in Ryotwar Districts can act on Section II Regulation XXVIII of 1802, and distrains and sell the crops, cattle and other personal property.

9. It is however not quite certain to the Board whether the intention of Regulation II of 1806 is not simply this, that the two Regulations XXVII of 1802 and Regulation XXVIII are to be acted on in Zillah Court Districts, the first in the case of Ryotwar Settlements, and the latter, if the settlement is Zemmindary - and not that in Zillah Court Districts, either may be acted on whatever the nature of the settlement

10. The favour of your opinion is requested.—

To, B. Cunliffe Esqre
Sub Secretary in Charge
Fort St. George.

Sir,

Para 1. I have had the honor to receive your Circular letter of the 7th Ultimo transmitting for my information and guidance Extract from Minutes of Consultation dated the 14th July 1854, on the efforts to be made for the promotion of the better agriculture of this Country and the improvement of

of the manufacturing industries.-

2. I have given the subject treated by the Right Honorable the Governor in Council my best Consideration and I am free to confess that the more I reflect upon it the more difficult does the object in view appear to carry out and the greater my obstacles to get the Ryots of the District to take an interest in agricultural Shows or to appreciate, or even understand the utility of exhibiting. And I myself labor under Considerable disadvantage, for I am per=fectly ignorant of Agriculture and its pur=suits and have never in my life attended any meeting of the Kind.

I shall however continue to use my best endeavours to get the people to rouse themselves from their apathy and take that interest in the natural products of the Country which is so much desired.-

3. I beg to submit the information on the points required by your Board in para 3 of your letter under reply.-

First. As to time and place for holding the

the Meetings. Trichinopoly as the great Mart of the Southern Division and the Centrical place for the Ryots appears the best locality. The time should be after the harvest when all products are housed and the Settlement over. Say the middle of May or the end of April.-

Second. As to products. Grain of every description is grown both wet and dry. For Trichinopoly is almost entirely a grain producing Country. Prizes may be offered for the best grown Tobacco, Indigo, Mauritius Sugar Cane, the Country Cane, Cotton, Country Hemp of Kinds. Such as the "Jennapa Saur" "Poollee Kanar" and the "Munjanaur". A Prize should be offered for the finest Wool both from Cross Merino and the Country sheep and for any of the edible grains the Board may deem proper.

Third. I am of opinion a sum of Money will be most acceptable to all Natives even the most wealthy and Substantial. Though some might prefer a gold ring if it be of high value, but not otherwise.-

Ordered that the following letter be sent in consequence.-

To,

The Collector of
Madura.

(64)

Bd. No. 2207
To the Collector of Madura.

Sir,

With reference to the enclosure No. 1 in your letter of 18th January 1854, regarding the land measures I am directed by the Board to observe that in the first item you make 22 Country feet = 17¼ English feet and in the second item 18 Country feet = 14 10/10 English. These two agree but they differ from the 3d and 4th items where you make 189 Country feet = 150 English and 252 Country = 208 English.-

2. It appeared at first the 2 first items might be Madura measure and the two next Shevagunga, but the Board observe from an enclosure in a letter from your Office dated 30th October 1837 that both measures refer to Shevagunga, and in that enclosure the

the same discrepancy exists.-

3. It is possible that 189 and 252 are errors for 199 and 262 which would then agree better with the 2 first items. In fact all the other rates of converting Shevagunga into English feet in the enclosure of 1837 seem to agree with that of 22 to 17¼.-

4. With reference to the two Marginal notes in your enclosure, it appears evident that the word Moolum (Cubit) is a mistake for Guz. a yard. These notes make the Moolum 2¾ feet which is near the length of the Tutcha Kol of Madura according to Major Jervis (Pharoah's Almanac Page 207.)-

of Revenue to submit for the consideration
and orders of the Right Honorable the
Governor in Council the accompanying letter
from the Collector of Madura dated 8th
September 1854 bringing to notice
that the charges at the Single Inland
Chowkey at Cumbum on the Frontier
of the Travancore State, exceeded the
Collections in Fusly 1263 by Rupees
68-2-4, and requesting instructions re=
relative to the maintenance or total
abolition of this Chowkey.-

Collections Rupees 477-15-7.
Charges 546-1-11
Deficit 68-2-4

2. As a source of revenue it is useless
keeping up this Custom House any longer and
the Board solicit authority for abolishing
it. The Collectors of Madura and
Tinnevelly will in this case
be instructed to adopt every avail=
=able precaution to guard against the
import of Goods from Travancore into
the

the latter district Via Madura.-

3. The Hydrabad Chowkies have already been removed and should Government sanction the Measure now recommended Tinnevelly will be the only district in which Inland Chowkies will continue to be maintained for levying duties on the transit of goods to and from any native State. The Collections and Charges on the Travancore Frontier in this district were for Fusties 1260-61- and 62 as noted in the Margin+ It becomes a question for consideration whether these duties might not also be given up and thus the last barrier to a free intercourse between the Madras Territories and every native State situated within or adjacent to them be removed. The sentiments of the Honorable Court quoted in para: 5 of the Minutes of Consultation dated 18th June 1853 would seem to favor such a course.

4. If free trust on the British side of

From Govt 8th in Dy. Cons: 10th August 1854.

*Names of Chowkies	Fusly 1260	Fusly 1261	Fusly 1262

(75)

Bde No. 1426
From the Collector of Coimbatore
Reports with reference to the Board's Proceedings of the 21st November 1853 on the arrangements necessary for reforming the Village Police in the Coimbatore District.—

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue bearing date the 21st November 1853 requiring a report on the arrangements necessary for reforming the Village Police in the District.—

2 It appears from the records of this Office that the Police establishment was an efficient one during the time of the Native Rajahs. In the Southern Division of Coimbatore a permanent and efficient Police was established and in the Northern Division the Police was a Military one and of sufficient strength for the defence of the country under circumstances of difficulty and for the maintenance of internal tranquility in time of peace. When the Province came under the Government of Tippoo he disbanded the whole Establishment but took no

no measures to substitute a regular Police and from this period the Police of Coimbatore has always been considered inefficient.

3 Subsequently a body of armed peons were employed. a regular stipendiary Police also established and the office of Magistrate was separated from that of Collector, but all these measures having failed of success both the Offices were reunited and the Police functions devolved on the Revenue Establishment.

4 The internal Village Police was by no means efficient. The attention of the Village Monigar and establishment was much occupied in Revenue matters and they considered their Police duties as of secondary importance. Hence the inhabitants were under the necessity of maintaining at their own expence a Cavelgar or Taliar who entered into a Covenant with them to keep the Village free from Robbery and in the event of the occurrence of any, either to detect the thief and recover the Stolen Property or to make good the value thereof to the owner. The defects in the Village Establishment

were at a subsequent period partially remedied. In every Village where there were more than one Monigar one was constituted the Head of the Village Police and the whole municipal Establishment placed under his orders, and where there was only a single Monigar the Police functions were also vested in him, but the Office of Cavilgar or Taliar was left unnoticed.—

5 In the year 1836 Mr Drury former Principal Collector appears to have taken up the subject. He considered the Taliaries remunerated by the Ryots as their Private servants not the servants of Government and suggested that "all persons acting in the capacity of Taliars "and receiving allowances in grain or otherwise "by prescriptive Rules of long usage might be "included in the number of authorized Village "watchers and be placed under the immediate "authority of the Heads of Village" each Taliar receiving a Sunnud of appointment and being declared amenable to the provisions of Regulation IX of 1816.—

6 The Board noticed this subject in 1839 and the arrangements required to carry out the suggestions of Mr Drury were communicated in 1841 which were finally sanctioned by

by the Government of India in 1846 as will be seen from the correspondence noted in the Margin

Under this arrangement the Taliars have been remunerated in land by Government in additim to the fees received by them from Ryots in Villages where there were no watchers, Taliarits have been employed - the aggregate amount granted in land was Rupees 13,265 — 5 — 5 being equivalent to one half of the Emoluments of the Totis and Tunadcars / Menial servants of the Village / the number of Taliaries entertained were 1543 and the average allowance to each individual amounts to 8 — 9 — 7 and adding thereto the private remuneration of the Ryots, Viz. 8 — 1 — 2 the annual allowance of a Taliar may be considered equivalent to Rupees 16 — 10 — 9 but the latter is optional with the Ryots and is sometimes withheld. The pay allowed by Government is in my opinion inadequate with reference to the nature of the duties which the Taliars are required to perform and consequently the appointment is not held or sought after as it should be. Past experience shows that

a body of Police entertained on pay only is not adapted to the circumstances of the Country. It appears a general belief that an appointment paid in money is always a precarious one and in the gift of Government and it is only deemed hereditary when lands are annexed to it. Under these circumstances and to make the situation of Taliars as lucrative and efficient as possible, I think the proposal of Government contained in Para 17 of Extract from Minutes of Consultation of the 6th October 1853 № 587 to be the best and most practicable, each Taliar would thus receive 30 Rupees a year, 12 in Cash and 18 in arable land and the office would be a valuable one. It will be hereditary so long as the holder acts honestly and will be lost when he proves incompetent or dishonest. The Taliars of the locality if fairly remunerated are no doubt the most efficient men. I would pay all alike except where the size of the Village materially differs. I would also propose a good Conduct and long service grade i.e. the increase of half a Rupee after 10 years of faithful service, it would be a life increase, and permanent or hereditary.

A Lawrence

8 Adverting to para: 9 of the Minutes of Consultation above quoted, I am of opinion that the power to dismiss the Village Police when found delinquent must be fully conceded.—

9 There can be no doubt that the inadequacy of remuneration is the main cause of inefficiency, the post is often not worth holding. The Talliaris as supposed by Government work in families, some watching, others cultivating the land, and the arrangement proposed by Government will, I think, in a great measure remedy this evil.

10 I would also propose, where the Monigars are insufficient that an additional Village Moonsiff be employed to be paid in land about 650 may be required and their pay in Cash at 5 Rupees a month would amount to Rupees 4950.

11 I think it hardly necessary to observe that the entertainment of a portion of the Kumdachavadi (recently sanctioned) will much promote the efficiency of this District to Malabar renders some such Establishment very desirable.

12 The aggregate amount of allowances to Taliaries at the rate of 30 Rupees would be 46290 per annum of which deducting the present Enam 13,265 the nett charge would be Rupees 33,025 inclusive of the payment proposed to be made in Cash.

Coimbatore Collector's Office
Coonoor
27th April 1854
RNS

Signed E B Thomas
Collector

Bd. No. 2236 No. 477.

Proceedings thereon. 1. Ordered that the above letter be forwarded to Government with reference to Extract Minutes Consultation 6th October 1853.

(75.76)

2. The letter above recorded is a reply to the Board's call in obedience to the orders of Government in Para: 17 Extract Minutes, Consultation 6th October 1853 desiring the Board to obtain from the Collectors of all the other Districts / Trichinopoly Cuddapah and Bellary excepted / a report on the arrangements necessary for reforming their village Police on the basis adopted for that of South arcot.

3. The Collector's report embraces two objects the remuneration of the Talaries, and that of the village moonsiffs wherever the monigars were insufficient to conduct the entire Revenue and Police duties.—

4. He states the Talaries to be 1543 in number, and that they receive on an average Rs A P 16—10—9 each making an aggregate sum of 25,721 Rupees consisting of 12,456 Rs paid as fees by the Ryots and 13,265 Rupees enjoyed in Enam Land.—

5. The amount required for the payment

payment of 30 Rupees / 12 in money and 18 in land / to each Taliary would be 46,290 Rupees, and deducting from this the amount now received in Enam / 13,265 / there remains 33,025 Rupees to be provided by the Government or about 11,509 Rupees in land and 18,516 Rupees in money.

6. This the Board consider would be too heavy a burden upon the finances of the District. They see no reason why the Ryots should not continue their present contributions viz. 12,456 Rupees in part payment of the 18,516 Rupees to be received in money, but instead of the Government paying the remaining 6,060 Rupees yearly which would not give 4 Rupees to each Taliary, the Board would increase the gift of good arable Enam land which would have been 27,774 Rupees by the 6,060 Rupees and propose to make the arrangement accordingly.-

7. The Collector also proposes / Para 10 / that wherever the Monigars are "insufficient" for the due performance of the Revenue and Police duties, that "an additional Village Moonsiff be employed to be paid in land". He reckons that about 650 will be required, and proposes a payment of 3 Rupees monthly or 2,340 per annum.-

8. The Village Moonsiffs in Trichinopoly unprovided

T.C. 22d March 1849 P 8 @ 9
T.C. 13th Feb. 1854 in Cons. 30th March 1854 P 7

unprovided with the emoluments receive 12 Rupees yearly and this sum in good land to be held as maniem might be granted to the additional Moonsiffs in Coimbatore, and would embrace Enam to the amount of 7,800 Rupees yearly.-

9. The total amount then which is requisite to place the Village Police of Coimbatore on an efficient footing is.-

Enam Land to Taliaries 33,834	—	41,634
Do. Moonsiffs	—	7,800
Ryots fees to Taliaries	—	12,456
		54,090
Deduct present Enam		
To Taliaries	— 13,265	
Fees now paid by the Ryots	— 12,456	25,721
		Rs. 28,369

composed of Enam land amounting to 14,509 Rupees and ready money 13,860 Rupees.-

10 The Board propose to issue orders to the Collectors for the remodelling of the Village Police according to these remarks if the plan meets with the sanction of Government.-

Bd. No. 1011.

From the Collector of Canara

Sir,

With reference to the Proceedings of the Board, of the 24th February last, I have the honor to forward copy of a letter from Mr. Hall, which will shew to the Board that Mr. Hall has already proposed to aid some of the young men in acquiring a knowledge of surveying. A class has also been opened at the school at Mangalore for the same purpose, under Mr. Hock of the German Mission with the aid of Mr. Chase— The promise of Government to afford encouragement to the pupils, by the offer of public employment is therefore most valuable.—

Forwarding Copy of a letter from Sub Collector Mr. Hall and requesting a supply of mathematical and surveying instruments &c.

× dated 10th March 1854

2. I have the honor to request that the Board will be pleased to furnish me with as many of the following instruments, as they have it in their power to grant, and that they will

Fort St. George, 9th October 1854

will have as many of them as they can spare at present, — forwarded to me by bangly Viz.

12 Prismatic Compasses
12 Cases of Instruments
4 Boxes of Colours with brushes
6 Plain tables and
12. Parallel rulers

and I would also request.—

1 Theodolite and
1 Spirit Level

3 The latter instruments will be kept for use only by the teachers, or the scientific Officers of the District.—

4 I shall also be obliged, if the Board will lend from their Office — about 30 or 40 plans of bridges and other buildings, in manuscript, with a few coloured manuscript. maps, to serve as copies for the class.—

5. I also request that the Board will be pleased to obtain the sanction of Government for the employment of 10 Pupils, on five Rupees a month, as in the

Fort St. George 9th October 1854.

the District of Rajahmundry, to be filled up as soon as the pupils — qualify themselves to hold it. This stimulus will, I am sure, enable — me to lay some very satisfactory results before the Board, and I am sure that the prospect of a profession for the young men will greatly advance the cause of education in this District.—

(Signed) H. V. Conolly.-
Collector.

No. 1.

To H. V. Conolly Esqre
Collector of
Malabar.

Sir,

I have the honor to forward 6 Olas containing 3 Revenue receipts from the Kerimary Amshom. The details of one Zumma, though fill only three sides, instead of 4 as I inadvertently stated

Stated- that Jumma is though an illustration of what I elsewhere stated as to the Amount of one Jumma being paid by several persons; this Jumma (No. 5) being paid by no less than 8 persons besides the Jumma Karan.-

2. On examining these Jummas more minutely, I think they are above the average of the Jummas in the Anshom, but the Average of the whole Anshom is in reality reduced to a low Amount by the great number of poor persons whose Jumma consists entirely of the Assessment on one or two Ellapr Modum parambas, and of those who pay nothing but the Moturpha tax. The real amount of extra work that will be thrown upon the Menons by the proposed alteration will be best judged of by considering the number of lands and gardens permanently assessed to the Revenue.-

3. The following is an abstract of the accounts of the Kiriemury Anshom. The total Jumma for Fusly 1263 was Rupees 4,117-2-5 and consisted of 407 lands permanently assessed

assessed at Rupees 1,153- 10- 6.
1,050 Gardens assessed at Rs. 2,355- 14- 6.
310 Modum lands
273 Ellu ditto
28 Pallimanyael
} assessed on a yearly Pymash.
584 Houses
130 Miscellaneous items
} Assessed under Moturpha and Ahkarry.

The Specimen receipts now forwarded

4. may be thus abstracted.-

Bd. Wo. 2211.

Proceedings thereon Para 1. A Translation having been made

Returning the Olay receipts and requesting further explanation regarding them. — 87.88

of the Olays, they are herewith returned, and the Board would wish some further explanation regarding them. —

2. They appear (take No. 499) to commence with a Specification of the Names of the lands, extent, and Assessment, and then an entry of the Moturpha. —

3. These particulars belong to the Putta, and they form the greater portion of the Olay and are not required in a receipt, which, strictly speaking, comprises the last portion of the Olay. —

4. The payers appear to be the Jummakaran and Mohammed. The date, name of payer, and Amount is entered and if so to this can be added the name of the land for which payment is made, the receipt, as suggested by Government seems to be Complete, and the labour imposed upon the menons by granting it but small. —

5. In No. 552 the payers appear to be the Jummakaren and 3 others, and if the names of the fields are already known, as would appear to be the case from their entry in the Olay, the

the granting of the receipt at the period of payment would seem neither complex nor laborious.-

From the Acting Collector of Madras.

Sir,

In reply to the Eextract from the Board's Proceedings dated 11th. Instant, I have the honor to explain that in Fusly 1262 only three of the Quarterly instalments of that years allowance were disbursed, and this causes the apparent discrepancy noticed by the Board.- Rupees 161-13-6 must be a clerical error in the fair Copy which is not in the draft of my letter.- I beg that it may be corrected.-

2. An Eextract from the Account sent to the Civil Auditor is enclosed to make the transaction more clear.-

Sir,

With reference to the correspondence noted in the Margin, I have the honor to recommend for the Board's adoption the suggestion of the Superintendent of Salt, explained in the accompanying Copy of letter, for selling the whole Salt at Emore, and then renewing the road.- In addition to the loss pointed out by Mr. Campbell, the conveyance of the Salt by boat to the Madras yard will probably involve a loss from wastage of at least 5 per Cent or Rs. 7,080 on Garce 1,080.-

Madras
3d October 1854.

(Signed) H. Stokes
Acting Collector.

No. 343.

To,

H. Stokes Esqre
Acting Collector of Madras.

Sir,

1. The last of the two Heaps in the Lines in which heavy loss by flood was apprehended at Emore is having

Fort St. George 9th October 1854.

having this day been sold, I beg to report upon the state of the Road frequented by the Salt Carts, in bringing away the Salt piled at that Platform.-

2. Only two Miles of the Road lying between Triuattoor and Emore have been made use of by the Salt Carriers, the Carts having taken the sides of the Road from Madras to Triuattoor, and having committed no damage whatever to this, which is the largest portion of the Road.- In a few instances of complaint, originally, the Carriers were fined by the Police when near Madras.- The damage already done by them is on the two Miles of Road between Triuattoor and Ernawoor, which, I reckon, might now be repaired at a Cost of Rupees 350, but as the Ernawoor and Emoor Roads are not likely to be used for Months to come, none of the European Residents now frequenting these places before January, I would suggest, for your consideration that application be made for the continued use of the Two Miles of Ernawoor Road until all the Salt there, 1,180 Garce, is

is sold off and that a completely new road be formed for the Two Miles at the escpence of the Government.—

	Per Garce Rs	A	P
Boat hire	"	8	3
Lading Boats	"	8	"
Unlading Boats when brought to Madras	"	5	6
Piling and Covering	"	1	10
		1	7	7

or for 1180 Garce Rupees 1749-4-4.

Boat hire saved on 320 Garce of Salt stored and sold at Ernawoor at the rate of 6-3 per Garce Rupees 125-"-"-

Total. 1874-"-"-

3. If the 1180 Garce of Salt now at Ernawoor is to be brought down by the Canal at Madras, it will be at the Cost noted in the Margin or Rupees 1749-4-4 As P

And if the saving of 6-3 As P per Garce obtained in Boat hire on the 320 Garce sold out of the 1500 Garce of Salt stored originally at Ernawoor, is added to the sum first mentioned, it will amount to Rupees 1874-4-4. Either of these sums, I think far out cover the escpence of an entirely new Road for the Two Miles in question. I am therefore think that you will feel no hesitation in suggesting the same, as those who objected to the use of the Road, will doubtless be quite as satisfied with an entirely new Road, nicely me: = talled, as sured to them in January.

5

B. No. 3671.

From the Secretary to Government—

Extract from the Minutes of Consultation in the Revenue Department Under Date the 23rd September 1854.—

Read the following letter from the Collector in Charge of the special Agents Department Cuddalore.—

(Here enter 28th August 1854.)

Para 1. The Collector of Malabar forwards thro the Collector of South Arcot and special Agent for Foreign Settlements a plan shewing the territory at Mahé lately transferred to the French Government.—

2. The plan exhibits the boundaries of

of the four Villages Pandugnel, Paloor, Chambara, and Chalicarra which have been made over as also the position of the three detached points or posts Fort St. George and the great and lesser Cal likewise transferred to the French. The =sion" which communicate with each o sufficiently explained by the sketch.

3. The four Villages and three de= =tached points or posts in question having thus been made over according to the decision conveyed in Lord Aberdeen's note of 1st July 1846 - and the accumulated net revenue to the date of transfer Rupees 97,648-5-9. having also been paid to the French Government, the Right Honorable the Governor in Council resolves to report the proceedings which have taken place to the Honorable the Court of Directors, in reference to their letter in the Secret Department of 13th July 1849. The wish expressed on the part of His Excellency the Governor of the French Settlements in India, that the convention or process verbal executed by the British and French Commissioners Messrs Robinson

and

and Hayes at the time of transfer 14th November 1853, should be ratified by the two Governments, and that the subsidiary arrangements proposed by the late Chief de service at Mahé M. Passart and assented to by the Collector of Malabar should be similarly ratified, will at the same time be brought to the notice of the Court for their orders.-

11

B. No. 3690.

From the Secretary to Government.

No. 1270.

Extract from the Minutes of Consultation in the Revenue Department under date the 3rd October 1854

The Right Honorable the Governor in Council proceeds to pass orders on a letter in this Department from the Honorable the Court of Directors Dated 26th July 1854 No. 17--

Para 21. Para 8. A Copy of this para will be furnished to the Board of Revenue for communication to the Collector of South Arcot-

Extract

13529. Fort St. George 12th October 1854.

Extract from a letter from the Honorable the Court of Directors dated 26th July 1854 No. 17.

19. Reform introduced in the mode of remunerating Taliars in the Treveady Talook of South Arcot by commutation of grants of land into money payments after a full enquiry - The Collector Mr. Maltby praised - The system to be as far as possible carried into effect throughout the District.—

21. The introduction of a system of remuneration by money payments in lieu of land as far as it may be found practicable without coming into violent collision with the habits and usages of the people has in all cases our approval.— Mr. Maltby appears to have discharged his duties with judgement and care, and we shall expect with confidence that the work so properly commenced will be carried to a successful termination.—

No. 1284.

Extract from the Minutes of Consultation in the Revenue Department

Under date the 3d October 1854.

Read again letter from the Secretary to the Board of Revenue, dated 29th June and entered in Diary to Consultation 25th July 1854 No. 786.

Read also the following letter from the Officiating Under Secretary to the Government of Bengal.—

No. 1448.

To The Secretary to the Government of Fort St. George.

Sir,

With reference to your letter No. 849. of the 21st July last, I am directed by the Lieutenant Governor of Bengal to forward herewith, Copy of a letter No. 1183, of the 4th Instant, and of its enclosures from the Officiating Junior Secretary to the Board of Revenue, on the subject of the

The levy of duty on Exported Goods not the produce of the Country and the refund of excess payments of Duty.-

Fort William
The 13th September 1854.

(Signed) W. Gordon Young.
Officiating Secretary to the
Government of Bengal.

No. 1183.

To,
The Secretary to the Government of
Bengal.

Sir,

1. In conformity with the order of Government conveyed in Mr. Officiating under Secretary Young's Office Memorandum dated 11th Ultimo No. 399, I am directed to transmit for the information of the Lieutenant Governor of Bengal, a Copy of a letter from the Collector of Customs dated the 23d idem. No. 178, reporting on the practice of the Calcutta Custom House with regard to the levy of duty on Export Goods not the produce of the Country, and to the treatment of claims preferred for refund of Export duty when paid on goods of this description. Extracts from the Board's letter referred to by the Collector are also annexed.-

2. The original papers which accompanied Mr. Young's Memorandum are herewith returned.-

Fort William
The 4th September 1854.

(Signed) A. R. Young.
Officiating Junior Secretary.

No. 178.

To,
The Junior Secretary to the
Board of Revenue

L.P.

Sir,

In reply to your letter No. 1116 of yesterday's date, I have the honor to state that the practice is exactly as understood by the Board and expressed in paras 2d. and 3d. of your letter.-

2d. Export duty can be legally levied only on Country produce. If an article is not "Country", ipso facto it is exempt from export duty, whether the article may have been imported legally or illegally. If duty has from any cause been paid when not legally demandable then a refund follows as a matter of course, when the illegality is shewn, and the claim for consequent refunds preferred.-

3d. The original papers which accompanied your letter under reply are herewith returned.-

Calcutta,
Custom House
The 23d August
1854.

(Signed) W. Bracken.
Collector of Customs.

Extract

13533. Fort St. George 12th October 1854.

Exctract from a letter from the Officiating Junior Secretary to the Board of Revenue to the Collector of Customs Calcutta dated 22d August 1854 No. 1116.

2d. The Board understand the practice to be to allow free export without question to all imported Goods. The simple attestation of the Appraiser that they are "not Country" being held sufficient.-

3d. As regards the Second point, refund is, the Board believe, always allowed when duty not legally demandable, has been paid either through ignorance or inadvertence.

Board of Revenue
Fort William
The 4th September 1854.

(True Copies)
(Signed) T. Pycroft.
Secretary to Government.

The Right Honorable the Gover
in Council resolves, in conformity with the
practice prevailing in Bengal as communicated
in

EBG.

13534 Fort St. George 12th October 1854.

in Mr. Young's letter of the 13th September to sanction the refund to Messrs. Shand & Co. of the export duty levied on certain packages of "Shooked" Hogsheads amounting to Rupees (11—5—1) forty one. Annas five and pice one.-

2. The Board of Revenue will direct the Collector of Sea Customs to observe in all cases the Bengal practice as described in Paras 2 & 3 of the letter of the Officiating Junior Secretary to the Bengal Board of Revenue under date the 22d August last.-

To. The President and Members of the Board of Revenue.

(True Extract)
(Signed) T. Pycroft.
Secretary to Government

B. No 2262.
Order thereon.

13.14

Ordered that Copy of para 1 of the above Extract Minutes of Consultations be communicated to Messrs. Shand & Co. with reference to the Board's Proceedings dated 27th July 1854.-

Ordered also that a Copy of the Minutes of Consultation and of the correspondence which accompanied it, be forwarded to the Collector of Sea Customs, for his information and guidance.-

(21)

Bd No 3473

From the Acting Collr of Guntoor

Replying to an Extract from the Proceedings of the Board of Revenue under date the 30th January last on the subject of the taxation of scattered trees in unoccupied lands

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 30th January last, forwarding Extract from the Minutes of Consultation of the 4th of the same Month, calling for my opinion whether the Rule sanctioned in Trichinopoly for the taxation of scattered trees in unoccupied lands may not with advantage be introduced into this District.

Tamarind and Mango

2 The fruit Trees in this Province are generally found in topes which are rented out annually or for a term of years, in most instances to the villagers themselves. The number of scattered Trees in unoccupied lands is very limited and they are generally included in the rent. The average rate realized from each tree under the existing arrangements is much below the amount

13542 Fort St. George 12th October 1854.

amount proposed for adoption and as the value of the produce depends so much upon the age of the tree and fluctuates so much with the season, I do not think a fiscal rule as proposed for scattered trees of the kinds noticed could conveniently be adopted.

3 It has in some parts of the District been the practice to include scattered trees in occupied lands in the rent, but this I have, under the opinion recorded in the Minutes of Consultation under notice, forbidden for the future, and have directed that the produce of such trees shall be enjoyed by the party paying the assessment on the land. The Revenue relinquished will be very trifling.

4 Besides the Government topes as above, there are many which are classed under the head of Charitable topes, which are exempt from taxation.

5 It has not been thought desirable in this District to encourage the planting of single trees in the unoccupied

13543 Fort St. George 12th October 1854.

unoccupied arable lands. Parties wishing to plant either Public or private topes do so under the Rules of the 6th April 1848.

(23)
Bd. No. 3639

From the acting Collector of Guntoor

Sir,

I have the honor to forward the accompanying statement prepared in the form received with your letter of the 25th July 1850, shewing the extent of Cotton Cultivation in this District in Fusly 1263 Compared with the previous year.

Submitting a statement shewing the extent of Cotton Cultivation in the District of Guntoor for Fusly 1263

2 It will be seen that there was a decrease of 7,265 Acres 30½ Gs. in the extent of land planted with the Crops under notice in the year under Report below that Cultivated with similar produce in the preceding year. A falling off so observable in

Fort St. Georgo 12th October 1854.

in the Talooks of Guntoor, Coorapaud, Condaveed, Martoor, Nuzaarowpett and Innacondah, occasioned by a want of Rain during the season for sowing. There is an increase in the extent of Land Cultivated in Tsinnureccotta and Datchapully, advantage having been taken of the Rains which fell about the end of August in that part of the Country.

3 The produce of the season is estimated at Candies 29,174 - T 12 - 2 - The outturn reaching that of an average year and amounting to 4 - 2 per acre, while in Fusly 1262 the average produce per acre was given at T 2 - 3 - The weather was on the whole favourable for the Crop under notice during the growing season -

4 No Cotton was exported into the Nizam's Country during the past season - The quantity said to have been exported to other Districts is shown in the following Statement, the greater portion of it having been taken

Fort St. Georgo 12th October 1854

taken as usual into the Rajahmundry and Vizagapatam Districts - There was no Cotton exported by Sea -

Talooks	Dressed Cotton	Equivalent in rough Cotton	Total
	Candies T lbs	Candies T lbs	Candies T lbs
Guntoor	42 1 4	168 5 "	168 5 "
Coorapaud	640 7 2	2561 8 8	2561 8 8
Condaveed	330 18 8	1323 11 "	1323 11 "
Nuzvaroumpett	309 " "	1236 " "	1236 " "
Innacondah	19 5 "	77 " "	77 " "
	1341 11 11	5366 7 8	5366 7 8
Palnaud	2134 1 "	8536 4 "	8536 4 "
Total	3475 12 11	13902 11 8	13902 11 8

5 No instances of the fraudulent adulteration of Cotton has been brought to my notice during the period under report, and occasion has been taken to Reiterate warnings to all parties Concerned against such practices.

Guntoor Collector's office 23d September 1854.

Order thereon — Ordered to lie over.

No. 44

To B. Cruickshank Esqre.
Sub Secretary to the
Board of Revenue
Fort St. George

(25)

Bd No. 3800.

From the Acting Collector of Guntoor — Sir,

In Continuation of the Report on the state of the season from this office, I have the honor to report that between the 20th and 30th ultimo there were partial showers throughout the District. The reaping of the Pomaroo Crops in some places is Commenced, though this Crop has in few places been damaged to some esctent by pest. In the Eastern Talooks this Crop is reported to have arrived at maturity, altho it is stated to have suffered to some esctent. The Red paddy Crop is thriving. The Giddalooma in the western Talooks is reported to be for the most part rapidly ripening. The Peddalooma in the Eastern Talooks, though it suffered in parts from excess of rain, on the whole promises to be fair. The sowing of Cottons is still in progress. The Crops already sown under Certain Tanks which have received a supply

of

13548 Fort St. George 12th October 1854

of water are flourishing and the Cultivation under others is still in progress. Very few Cases only of Cholera and Small pox have been reported.

Guntoor Collector's office 7th October 1854 — Signed H. Wood, Acting Collector

Order thereon — Ordered to be recorded.

(25.26)

Read again Statement from the Collector of Bellary dated 25th September and entered in Consultation 2nd October 1854 of Demand Collection and Balance from 12th to 31st July last.

(27)

Bd No. 2239

Proceedings thereon — The Board observe that the item "Government Plantations" has not been Correctly shown either in the foregoing Statement as in Enclosure A. B. C. & D of the 11th July Returns instead of the item in question being Credited under the head of "Extra Revenue" it should have been entered under that of "Extraordinary" as in Statement No. 1 of the 11th July Demand Collection Balance Sheets.

2 In Statement No. 1 of the 31st July returns, the two marginal items are entered under the head of "Current" instead of that of "Arrears" with Reference to the 11th July Sheets.

Refunds of Treasury
Refunds of Insurance Charges

13549 Fort St. George 12th October 1854

3 The necessary alterations have been made in this office with refer=
=ence to the foregoing remarks, and the Collector is requested to rectify his office Copy accordingly and pursue a similar Course in the prepara=
=tion of his future Demand Collection Balance statements—

Read again Statement, from the Agent at Kurnool dated 25th September and entered in Consultation 5th October 1854, of Demand Collection and Balance from 12th to 31st July last—

(28)

B. No. 2240-

Proceedings thereon The Board observe from Statement No. 1 of the foregoing Re=
=turn that the Sums entered under the head of Sewoy Summa — 540-6-4
Extraordinary Revenue or Treasury — 35-10-0
576-0-4
are Composed both of Sewoy Summa and Extraordinary Revenue the Statement is therefore returned to the Agent in order that the latter mention=
=ed Sum may be excluded from the head of Sewoy Summa—

From the Collector of Chingleput.- Forwarding a Statement exhibiting the alterations proposed in respect of Kistbundy in his District and Comments on the advantages derivable from their adoption.-

required to rectify the omissions.-

To

W. H. Bayley Esqre.
Secretary to the Board
of Revenue.-

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 1st December last, transmitting an Extract from the Minutes of Consultation of the previous 1st November, requiring me in reference to my remarks in regard to the late period at which the Nanary Crops are cultivated, retarding the realization of the Revenue to submit any observations I may have to offer relative to the alteration of the Kistbundy or to the exclusion of the demand on account of Crops which come to maturity after May from the Jumabundy of the year, in view to the same being carried to account in the following Fusly.-

I beg to state that I am not disposed to recommend the latter arrangement. From January to July there is a Continued succession

succession of harvest of different descriptions of Crops, between which, intermixed as they are, it would be impossible to draw a distinct line of Separation as regards the period at which they are severally reaped. The proposed exclusion therefore from the Jumabundy of the demand on account of Crops coming to maturity after May might lead to confusion in the accounts by portions of the same description of Crop being carried to accounts in different years, when the periods at which they are severally sown do not materially vary, or even more than a few days from each other. The adoption of the Fuslymar division appears the preferable arrangement as regards the season for cultivation, as well as the anticipated periods of harvest and consequently for the Revenue derived from this source.-

To enable the Board to judge of the propriety of the alterations in the Kistbundy in the manner I propose to suggest, I deem it desirable to furnish them with a general description of the principal harvest seasons. Consequent in the comparative scantiness and uncertainty of the early rains, the early dry grains

Cumboo

Fort St. George 12th October 1854.-

Cumboo, Elloo, and Natcheny are not sown to any considerable extent in the District; these comprehend only 3 per Cent of the Land Revenue and come to maturity in September and October. The other dry grains, Cholum, Varagoo, the latter Natcheny and Elloo, as well as the pulse grains which are sown later in the year and raised by the principal or the North East Monsoon are reaped in January, February and March.-

The five great divisions of wet crops distinguished by the terms Yadamanum, Car, Samba, Navary and Madungul have reference to the season of sowing and not to any difference in the descriptions of the grains themselves which are principally of two Kinds and likewise bear the terms of "Samba" and "Car" with numerous Subdivisions. Of the above the earliest Crop, the Yadamanum is sown before the commencement of the Fasly year in such Villages which at that early period command supplies of water from large Tanks, River Channels and Wells independantly of the Monsoons, and is reaped in September. The Car follows the Yadamanum under similar circumstances as regards the supply of water and is ready for the Sickle in November and December

Fort St. George 12th October 1854.-

The Samba which forms the most extensive and as may be said general harvest in the District is sown in August and September in anticipation of the North East Monsoon, and comes to maturity in February, March and April. The Navary is then sown generally throughout the District as a second Crop on lands on which a Crop of Car has already been raised or as a first Crop on lands which have not been cultivated in the early part of the year owing to unfavorable circumstances. This Crop is reaped in April, May and June. The Madungul, the last in the order of wet Cultivation forms a second Crop on lands first sown with Samba and is reaped in June and July. Subjoined is an abstract exhibiting in one view the harvest seasons for different Crops above enumerated, and the proportions they severally bear to the total Land Revenue, the garden Cultivation being omitted in the calculation as an unimportant item in this District.-

Description of Crops.		Season for harvest.	The per Centage to the Land Revenue.
Cumboo, Natcheny & Elloo.	Dry	Sept. & Oct.	3
Yadamanum	Wet	Sept.	5
Car	Do.	Nov. & Dec.	11
Cholum, Varagoo, Natcheny & Elloo	Dry	Jan. Febry. & March	9
Samba	Wet	Febry. March & April	55
Navary	Do.	April & May and June	11
Madungul	Do.	June & July.	6
			100.

A

Fort St. George 12th October 1854.-

A reference to this Statement exhibiting the descriptions and extent of Cultivation and the periods at which the harvest is reaped would clearly demonstrate the inexpediency of realizing any early Kists in this District. The present Kisthundy would also appear incompatible with the liberal principles laid down by Government that the Ryot should have sufficient time to sell his Crop before he can be called upon to pay the demand. It was doubtlessly framed under the opinion adverted to in the letter from the Secretary to Government dated 20th March 1827 to which the Government Extract from the Minutes of Consultation has referred, viz.t that the poorer Ryots are not to be trusted with any delay after the Crop is ripe.-

In framing the proposed Kisthundy now submitted for approval, I have not lost sight of the importance to be attached to the punctual realization of the Kists, which, an undue latitude, if allowed to the Ryots for the disposal of their produce, might defeat, although as expressed by Government "there is less apprehension of loss of "Revenue now under the Company's "Government than when there were many

independent

Fort St. George 12th October 1854

"independent Native Authorities in the Country." If the revised Kists should in any degree, afford opportunity to the Poorer or dishonest portion of the Agricultural Community to make away with the produce of the earlier Crops, I am of opinion that in favorable Seasons, a strict determination to enforce the demand will, in a great measure, obviate such prejudicial tendency.-

A Statement accompanies shewing the proposed Kisthundy in juxta position with the one which now obtains, the actual Collections of Fusly 1256, a year unattended with any difficulties as regards the realization of the Revenue and the Zemindary Kisthundy which was fixed on the same principles as the Ryotwarry although the number of Kists has been reduced to avoid the proprietors being annoyed with repeated demands for Peish Kush.

B. No. 2266.

No. 479.

Proceedings thereon.-

The Board have in accordance with the order of Government as conveyed in Endorsement on Petition 741 of 1854, sent for the proceedings of the Head Assistant Collector in the case, and find that a due enquiry into the complaint made by the Petitioner was instituted, and that the charges were not proved.- In 2 or 3 instances the charges were shewn to be without foundation, and for those false accusations and in consequence of Petitioner being of a quarrelsome nature the Collector dismissed him, and had the Board think, sufficient reason for so doing.

(34. 35)

(36)

B. No. 2253.

Proceedings thereon.-

Read again report from the Collector of North Arcot, dated 19th. and entered in Consultation 24th. November 1853.

The Acting Collector Mr. Binning having settled the entire District there is no separate report from the Sub Division.-

2. The season was favorable, rain having fallen suitably for both Poonjah and Nunjah Cultivation, tho' a violent storm in March considerably

considerably damaged the Navary Crop.-

3. The public health was much affected, cholera and fever were prevalent, and also small pox in some degree, tho' the cases terminating fatally were not many.-

4. The Acting Collector embodies in a few remarks the result of his experience as to the introduction of vaccination generally among the people, and brings to notice, that if, as appears to be the opinion of the Medical Board, the range of a single Vaccinator should not include more than 70,000 souls, the number of Vaccinators (9) allotted under late arrangements to the North Arcot District would appear insufficient, as the charge of each Vaccinator would comprise about 165,000 beings.- The present Establishment has not perhaps been long enough in operation to determine upon its practical effect, but should it prove eventually too small for the requirements of the District, the fact should be communicated to the Government.-

Census 14,85,000.

5. The loss in cattle, sheep & ca

Pa. 7.

1262 10865
1554.

was also great, amounting in the former to an Increase

increase of 1554, over that of the previous year.-

6. The prices of the staple grains were low, not differing materially from their value in the previous year, the consequence, as the Acting Collector thinks, of the ryots having thrown into the Market a portion of the former year's produce, which they had held in anticipation of a rise in price.

Pa 8 and 9

Fasly 1261-32,8044-2035544.
1262-32,0358-1971520.

7. The extent of land taken up for cultivation was less than in Fasly 1261, by 7,686 Cawnies assessed including the loss on Fuzl jasty, at 54,000 Rs. The principal decrease is in Nunjah, and occurred chiefly in lands under Tanks.-

P 11.
a. 54,000.
b. 33,000

8. Of these engagements, land with an assessment of Rupees 74,321 was left waste. Of this Sum Rupees 70,202 was, after due enquiry, remitted, and Rupees 4,117 carried to account.-

Cawnies Cawnies
Fasly 1261. 312844-194815Q.
1262. 309323. 190318.
3490- 43497.

9. The actual cultivation including Fuzl jasty shews a decrease of 3490 Cawnies assessed at 43497 Rupees.-

Remissions-
Ps. 27 & 38.

10. The Remissions at the Summa-bundy were Rupees 2,84,529 consisting of Rupees 2,01,460 occasioned by the circumstances of the season, and 83,068 Customary deductions, and call for

for no especial remarks.-

11. There is an item of 1708 Rupees collected as Fuzl jasty on cultivation under private wells; in consequence of it's having been left waste without cause which is in accordance with the Hookum namah. Mr. Boardillon has however lately (2d September 1854) addressed the Board on this among other details, and they have in their proceedings dated 5th October 1854 expressed their opinion that this rule should be abolished and that Fuzl jastee shall not be charged on Private wells whatever other land is left waste.

P. 14.

12. The arbitrary assessment of 21-14 on Tobacco and Betal on Nunjah and Totacal land in the suit said Taloke has been brought to the notice of the Board and they have in the Proceedings alluded to in the previous para authorized a remedy.

Cawnies
Indigo. Increase 1899.
Sugar " 434.
P 44.

13. The cultivation of Indigo and Sugar was largely extended in consequence, it is stated, of the increasing demand in the English market. The quantity of Sugar for which Export certificates were taken out was in excess of the previous years amounting by 92,855 Indian maunds.-

Fasly 1261. 374885
1262. 467740.

14. The Total Revenue Demand Ryotwar and permanently settled, was 21,60,091 of which 18,80,160 were collected within the Fasly leaving a balance of 279930, which was reduced to 13876 at the end of October.

Memo.
Rupees 908 of Motunpa Allowance has been included in this amount the real demand was 21,59,183 as per Statement 16.-
P. 48. & 52.

15. The arrears for previous years, stated for sufficient reasons, to be irrecoverable, are.

Fasly	1261	499-	15-	4.
	1262	173-	12-	9.
	1263	3-	10-	9.
	1264	117-	2-	8.
Survey Summa Fasly 12[illegible]		684-	9-	8.

and

and sanction is requested for striking this sum off the accounts.-

16. This boundary disputes should be determined without delay that arrears under this head may not in future appear.-

17. The Collector will report whether the levy of the Oobiums alluded to in P. 48 may not be left to the parties interested and omitted from the circar Demand.-

18. A few further remarks are suggested by an examination of the accounts.

19. Form No. 21 should have been transmitted filled up according to the Kistbundy of the District as the Puttah forwarded shews that the revenue is collected by Kists.-

20 In Statt. 3. all the Sources of Irrigation appear to have been thrown together, whereas those in repair only should have been entered in the body of the Statement and those out of repair in the "Remarks"- The Private Wells are also not distinguished or referred to in the "Remarks" In Comparison with the account of the previous year there is an increase of 878 Wells for the most part belonging to the Wandiwash Taloq.

21. In Statement 12 Column 39, the entire remissions corresponding with Statement 14 should have been entered.-

22. In Statement 15 the "Revenue from Hill Villages" should have shewn to 3 items of which the Amount is composed.-

23. In Statement 17 the progressive increase in the Cowle should have been shewn parallel with the entries for 1/4 and 1/2 assessment, instead of being included throughout under 1/8 rent and Statement 28 should give the particulars for 10 years exclusive and not inclusive of that under report.

24. Statement 28 may have another column opened giving the revenue derived, and should exhibit Plantations, if any, formed under the New Rules.-

Ordered that a Copy of the foregoing Extract be forwarded to the Collector of North Arcot.-

Read the following Papers.-

Particulars of the lands.

Poonjah.

Bd. No. 2230

Proceedings thereon The Board of Revenue authorize the sale for arrears of Revenue, of the lands adverted to in the statement accompanying the foregoing letter, and direct the publication in their Office of the advertisement forwarded by the Collector, Monday the 20th. November 1854 being fixed for the day of sale. The advertisement published by the Collector will be altered accordingly.-

(39.40)

Read again letter from the Collector of South Arcot dated 15th. and entered in Consultation 25th. September 1854.-

(41)

Bd. No. 2254.

Proceedings thereon The Collector includes in his arrangements the levy of 1 anna per Cawney for the District Road fund, and perhaps thought this was obligatory upon him. It seems however best to postpone the Road fund until the "permanent reduction" takes place, as the present remission is but temporary, and it is advisable to make it as simple and free from intricacy as possible.-

2. With respect therefore to the Collectors' suggestion in Para. 4 for the Poonjah lands in the 2 Southern talooks, the Board authorize him to make the rate generally Rupees 3-1-0 per Cawney in the present Fusly, without any mention of

of a road fund. This would place all the cultivators whether Bramins or otherwise on the same level, and their payments would be virtually the same as recommended by the Collector, Viz. Rupees 3 to the sircar, and 1 anna for a road fund.-

3. With respect to the Totacal lands of these 2 talooks, the Collectors' recommendation in Para. 7 seems proper when these lands are really Poonjah and are watered by wells as in the Hosloos talooks.- But in some instances it appears probable that Totacal lands may have been brought recently under anicut and Channel irrigation.- Such lands will hereafter to be classed as wet or Nunjah. I thought garden products may be grown in them and the Collector is instructed that meanwhile they must receive, as a temporary measure, the rate of remission assigned to the superior descriptions of Nunjah.-

4. As to the Nunjah lands in the 2 Southern talooks, the Collector recommends in Paras. 16 and 17, 20 per Cent to be allowed in Villages of the 1st. 2nd. 3rd. and 4th. classes and 10 per Cent in the 5th. class Villages-

Brahmins

Bramins only to be allowed such a reduc-
= tion as in addition to their present Minha
will place them on a level with the other
cultivators. The Board sanction this re =
= commendation.

5. The Collector does not state distinctly what he proposes to do in the case of those large tracts of land still classed as Poonjah, but which have been recently brought under channel irrigation and are cultivated with Nunjah crops. These lands now pay Poonjah teerwah, and also Kussur, the Kussur having been so fixed as to make their assessment equal to the Nunjah. In the present year therefore they might receive a remission of 20 or 10 per cent in the same manner as the Nunjah lands, — according to the class of the Village in which they are situated. the remission being granted on the consolidated amount of the Poonjah teerwah and Kussur together.

6. In reference to the Collector's remarks in Para 10 the Board would wish to observe that, Nunjah lands in the 2 southern talooks have always been considered as single crop assessed, and liable to fussul Jasty when cultivated with a 2nd " crop by means of

sircar water. No alteration in this rule is to be made, but the amount to be charged as fussul jasty will be calcu-
lated at 50 per cent of the modified first Crop teerwah, that is to say at 50 per cent of the teerwah which remains after deduc-
ting the remission allowed this year.

7. The Collector's observations in Paras 14 and 15 relate to the future "permanent revision," and it is sufficient to observe now that it is intended that Poonjah and Manawary lands, for which regular irrigation has been provided, should hereafter be assessed with a suitable Nunjah teerwah, instead of continuing in their present classes and being charged kussur.

Cuddalore Talook.

Poonjah.

8. The Collector's recommendation in Para. 28 to limit the temporary revision this year to fields whose teerwah exceeds 7 Rupees per cawny is moderate, and may at once be carried out, as also his recom-
mendation in Para. 25 to discontinue the Minha.

Nunjah.

9. It is true that the assessment is high on the Nunjah, but it is also to be remarked that the lands round Cuddalore are of great value despite their high assessment. They are well irrigated and in some instances are covered with valuable cocoanut topes, and

in

in others bear 2 and 3 crops of rice - It would not therefore be safe without full enquiry to grant the large remission recommended by the Collector in Statement **A** which in some Villages far exceeds the 25 and 20 per cent reduction allowed to Nunjah Lands in the Wooloor talooks. The Board think therefore that in the present year and pending a full enquiry, all the remissions proposed by the Collector in excess of 20 per Cent should be reduced to that amount under 20 per cent, the remissions can be allowed to the different Villages at the rates proposed by the Collector. This remission would give sufficient relief in the Current year when the ryots will benefit by high prices, and it is equal to what has been recommended by the Collector in para. 9 of his letter for the 2 Southern talooks, where, though the assessment may be lighter, the markets are less favorable by 20 per Cent.

No. 85

To,

W. H. Bayley Esqre.

Secretary to the Board of Revenue

Fort St. George.

50

Bd. No. 3494.

From the Collector of Trichinopoly

Sir,

Para 1. I have the honor to Submit my report on the Annual Settlement of the Land Revenue of this Collectorate for the past Fusly of $\frac{1263}{A.D.\ 1853/54}$ and at the same time to transmit the Several accounts and Statements connected therewith drawn up according to the formula which accompanied your Circular letter of the 15th of June 1853.

Submits his report on the annual Settlement of the Land Revenue of this Collectorate for the past fusly 1263 A.D. 1853/54. together with the Several accounts and Statements connected therewith.

Season.

2. The past season of Fusly $\frac{1263}{A.D.\ 1853/54}$ throughout this Presidency was unfavorable in the extreme for most Districts. But in this Province though adverse enough, yet it was not so calamitous for agricultural operations as might have been anticipated, when we consider the great drought and deficiency of rain that prevailed every where throughout the Country for nearly nine months from the Middle of November 1853 to the end of July of the present year 1854. The

Order thereon

Ordered to be recorded.

The characteristics of the season may be set down as singular - They were capricious and irregular in their course, holding out to the Ryot at the commencement of the cultivating season fair prospects, which subsequent drought and changes never permitted to be realized - The Season was in fact far below an average one.

3. The early rains of the Months of July, August and September were generally speaking encouraging at first, and though partial in their supply, the farmer was induced to till and sow much land, which from subsequent drought yielded no return. For though the North East Monsoon set in about the very end of October and a good downpour was received at first, the rains entirely ceased after the 12th. of November - And the Ryots of the Dry Talooks and dry villages of the irrigated Talooks sustained severe losses. The Cumboo crop of the year was a poor one, and in some localities entirely failed - The field Raghy and the gram, the Varragoo with a portion of the common Oil Seeds were for the most part lost or yielded, but a very poor return, and the Ryots had to contend with considerable distress. The

4. The rivers Cavery and Coleroon had the usual freshes commencing in June and on the 17th. and 18th. of July were in the highest flood known for eighteen years; the register scale at the Head of the Island of Seringham giving a Mean depth of thirteen feet water in the Agunda Cavery. But when this flood subsided the end of that Month, the freshes in the two rivers suddenly declined, and we never had again those supplies of water which were Natural, or which we might expect during the North East Monsoon rains, and even subsequently to the middle of January.

I may say that these streams were never known to have been so low or dry, and in truth the struggle in this Province to keep the my Channels and Canals of irrigation supplied with water was great, and tasked the energies and attention of my Native Subordinates to the utmost - And I have no hesitation in stating, that had not the river Channels of this Province been placed during the past few years in the most perfect and efficient order in every respect by that indefatigable Officer Major Lawford, the Civil Engineer of this Division, the rice harvest of this District must have been lost, and the people plunged into the

the deepest distress. Whereas the reverse was the case, and the Caur and Shumbah rice crops were harvested with fair returns - And the Ryots of these West Talooks irrigated by the Cavery and Coleroon, have been enabled to profit largely from the high prices of the year.

5. The Board are already in poſsession by my reports of the harvest prospects of the Fusly dated the 27th and 31st December 1853, and therefore it seems to me unnecessary to repeat the same again. It is sufficient to observe that my estimates then formed, proved pretty accurate, and that wherever losses from Shavi or drought were found in both Kunjah and Punjy crops, immediate remiſsion was granted.

6. Cholera, I regret to say, prevailed in many parts of the District during the past season. It was severe in the Months of December and January both in the villages and in this great city of Trichinopoly. But on the whole I am of opinion it was not so prevalent or virulent as in former seasons - With this exception the province was healthy.

Prices. 7. May several reports of the late

To D° 10th D° —
To D° 21st D° —
To D° 1st Sept° —

Statement No. 6

dates marginally have prepared the Board for high prices - Grain of every kind has been selling at very high rates during the past year compared with the previous Fusly of 1262 / A.D. 1852/53. In that year Shumbah was quoted at Rs. 71-11-8 per Garce while Caur was at Rs. 65-2 —. The quotations during the period under report were for Shumbah Rs. 95-1-1, and Caur Rs. 85-15-4 exhibiting a rise in both descriptions of 32½ and 32 per Cent respectively.

I beg to subjoin a Statement shewing the respective prices of the two seasons, together with a comparison of the prices of this year, and the rates on which the commutation was determined for the land aſsessment - The result is that the present current prices are much above the commutation rates — being Rupees 20-13-7 for Shumbah and Rupees 19-12-4 for the Caur Grain

Grain	Commutation price in the Terms originally fixed	Price in Fusly 1262	Price in Fusly 1263	Increase between the Commutation and the price of Fusly 1263.	Comparison between the prices of Fuslies 1262 & 1263.	Per centage.
	Rs. A P	Rs. A P	Rs. A P	Rs. A P	Rs. A P	Rs. A P
Thumbah	74 3 6	71 11 8	95 1 1	20 13 7	23 5 5	32 8 7
Caur	66 3 "	65 2 "	85 15 4	19 12 4	20 13 4	32 " "

The export of Paddy of every sort has been great from the District to the Tanjore Province and to Madura and even Tinnevelly.

Settlement

8 The Settlement of the Fusly Year was commenced in February and brought to a termination by the end of May. The distribution of the Puttahs of five out of the eight Talooks was undertaken by myself. While the remaining three were given by my Head Assistant, and my Assistant. The former his own immediate charge of two Talooks, and the latter Mr. H. E. Sullivan entrusted with the Conaud Division under my immediate

immediate Supervision, and after he had made a tour of Settlement with myself. The Head Sristadar attended both these Gentlemen.

The several places where the puttahs were given out to the assembled Ryots are indicated in Statement No. 4 to which I beg to refer.

9 . The Settlement was made on the same principles as have ruled former years, and in strict accordance with the instructions conveyed by para: 20 of the Board's Proceedings of the 22nd January 1852. All remissions also were clearly specified in the Puttahs of the several Ryots.

10. The number of villages of the District has been augmented by one, and the hamlets by seventy-

The marginal statement exhibits two Numbers.

The augmentation of the single village is obtained from land having been taken up by a Ryot of Updiarpollium talook in a dense Jungle tract, and which land was found to

	Fusly 1262		Fusly 1263.		Increase		Decrease

to belong to Chokalingapooram, a village long in ruins and lost in the public accounts, but now reentered. The increase of the hamlets is mere nominal. They have always existed, but the Cunnums had heretofore omitted to specify them distinctly in the accounts, making their entries general for the Cusbah village only. These seventy hamlets are in the Vitlooculty Talook.

11. The following Abstract statement exhibits in a talookwar form the Settlement of the past and present Fusles, and is so drawn up as to shew separately the result of the Jumma in the irrigated as well as the dry Villages of the four Wet Talooks of the Province. The result on comparison is a Net Decrease of

											From		

12 From the foregoing your Board will observe that with the exception of the Dry Villages in the Conaud Talook there is a falling off in the irrigated Cultivation of the four Wet Talooks. The cause of decrease in the Wet Villages of the 4 irrigated Talooks is owing to the Scantiness of the early rains, the want of water in the Cavery at the proper cultivating Season, the excessive drought that afterwards prevailed and the consequent non-cultivation of much land.

13 The Increase in the dry Villages of the Conaud Talook results from the early rains being more favorable in the Elloopoor Maghanum, thus enabling the Ryots to extend their agriculture.

Rs. 1,866-1-7

14. In the dry grain cultivation throughout the District your Board will observe that the aggregate decrease amounts to Rs. 44,000-6-9 which results after deducting an Increase of Rs. 1,866-1-7. This latter is found in the Conaud Talook as already explained.

15. The following Statement affords in detail the increase and decrease which occurred in the Settlement under their proper heads.-

Amount.

	Rs.	As.	P	Rs.	As.	P

Net Settlement of Fusly 1263	1315,402-	11-	1.			

These

16. These several items are of an usual nature and would call for no particular comment or observation.-

17. The Board will observe that the remission on account of Nunjah Shavy or withered crop is higher in the Fusly under report than the past one by Rupees 15,093-8-2 owing to the unfavorableness of the season as detailed in Para 2 of this report, and the remission of Poonjah Shavy was made under the orders of the Board dated 26th January 1854.- this indulgence was not granted until after a searching enquiry was instituted. The loss occurring in the 8 Talooks is noted in the Margin. The remissions on account of Nunjah second crop not cultivated and land formerly two crop, but yielding a single crop amounted in the aggregate to Rupees

Statement No. 13 Col.s 7 and 13.

Rupees 2,1,870-13-10. But under the orders of the Board dated 16th ult.o April 1849 the land remains under the usual classification of two crops. The causes of this falling off were on account of the lateness of the freshes in the rivers, and the inadequacy of water during April and May, and the reluctance of the Ryots to raise the double crop from a consideration of the return of produce not being so good or heavy as when one Superior crop of Rice is raised.

The Subjoined Statement Shews the number of Wells dug at the expense of the Ryots themselves, and the extent of land cultivated under them, for which Poonjah assessment only was demanded agreeable to the orders of the Board dated 25th November 1852.

21. The Demand on account of the Peshcush for the Mootah of Kaultoopoottoor is Rupees 16,101—3—10. Of this Sum Rs 14,213— Statement No 23 Col: 5 were realized within the fusly, Col: 6 leaving a balance of Rs 1,889—3—10, which Sum has Col: 7 since been collected, leaving no balance against the Estate.

22. A report on the outstanding c/o balances of Fusslies 1260 and 1261 Amount- ing to Rs 3,648—8—1 was submitted to Statement No 24 Col: 8 the Board on the 24th September 1853, and for which I have not as yet been favored with a reply.

I

I fully anticipated that, the c/o balance of Fusly 1262 would have been liquidated within the Fusly, under report— But I regret to state that, there is still a balance of Rupees 5,457—14—2 outstanding— Statement No 24 Col: 8 I have purposely refrained from pressing this demand in consideration of the adverse season, and I shall now use my endea- -vours to get the arrears in

23. Of the sum of Rupees c/o

39998—4— " Sanctioned to be advanced † 25th July 1853— to the Ryots to enable them to carry on their cultivation, after the Hurricane of March 1853, Rs 35,188, were distributed, and this Sum has been fully recovered c/o within the fusly, the unexpended Sum of Rs 4,810—4— " was refunded by the Tahsil- -dars as not required— There is therefore no balance of Succasic.

24. The following abstract c/o Statement exhibits at one view the Revenue of the District under Land and Extra Statement No 23 Sources for the Fusly under consideration—

Agreeable

*7th May 1852
28th August.
A & B

27 Agreeable to the instructions conveyed by the orders noted in the Margin* two Statements are sent, exhibiting the Collections and Charges together with the other assignments out of the Revenue, with remarks explanatory of the variations under each head, with also the proportion borne on the gross Revenue. The total Charges and Assignments amount to Rupees 36136 3 or 2-0 or 23 13/16 per Cent on the Revenue.

28 I have much satisfaction in bringing to notice the Cheerful and efficient aid rendered me throughout the past Fusly year by my two Assistants

Mr. Smith has lately returned to Europe on furlough And to Mr. H. E. Sullivan I am especially indebted for the care and attention devoted by him to his duties. Through his exertions the improvements in the Fort of Trichinopoly are very marked and advantageous. The main Streets have been metalled and a perfect road formed through them, while he has introduced Street lamps of a large and useful kind, and by his persuasion induced the people to undertake the charge of lighting.

29 A correct translation of this report in Marattah is herewith submitted as directed by the Circular order of the 15th September 1850, together with the Hindoovee Statements referred to in the Board's order of the 21st October 1839.

Trichinopoly Collector's Office, 9th September 1854.

No. 87.

To,

B. Cunliffe Esquire

Subdecretary in charge

Fort St. George

Sir,

52

B. No. 3641. From the Collector of Trichinopoly.

Offers certain remarks in reference to the revision of assessment alluded to in their letter of the 31st Ultimo and brings the unfitness of the Talookdars of Volcondapooram Woodiars polliem and arrealore to the notice of the Board with a view to their being Pensioned.

Para 1. By your letter of the 31st ultimo in furtherance of the Boards' Proceedings of the same date conveying the orders of Government for an immediate correction of the anomalies and irregularities in the assessment of this District, I am directed to observe that such correction of the assessed tax was to be made independent of any measurement of the lands, and I am desired "to proceed with the work immediately in order that with the Cultivation of the Current season the Ryots may enjoy the full benefit of the proposed change."

2. In obedience to these instructions I have the honor of stating that, I have already commenced the first step for my preliminary enquiry, and in conjunction with my Serishtadars am preparing from the office records the Collection of all requisite accounts and documents to base my proceedings in the revision of the assessment called for. My papers will be arranged about the 7th of next Month, when I purpose leaving Trichinopoly for Karembalore, the Cusbah of Volcondapooram Talooke, and there making my head quarters for a season, as being the most centrical and convenient station for the four dry or Upland Talooks of the Province.

To

3. To undertake an inquiry and work of such great importance as a revision of the Assessment in any District, but more especially in one like Trichinopoly, where the present existing systems are so diverse, conflicting and various- your Board will I am sure concur with me in opinion that it is absolutely necessary that the Native Agency of the Talooks should be efficient, and the Tahsildars men of ability, as well as of bodily and mental energy- For the reason that we must look in the main to these Officers for local assistance in carrying out the present arrangements-

4. Under the foregoing premises, I feel sure your Board will not deem me unreasonable when I solicit at their hands a consideration of the fitness or otherwise of the Tahsildars of Volcondapooram and Modiarpolliem.

5. In proof of the physical incapacity for such a duty of these Tahsildars, Yagumbrum Pillay and Veeragoo Naick, from bodily infirmity, I have only to request your Board to refer to the correspondence noted Marginally- The written opinion of the Garrison Surgeon dated 26th. April and 6th. May 1853, of the diseases these men were then suffering from is sufficient to shew that their condition cannot

cannot have improved during the past eighteen Months- But on the contrary both Yagambrum Pillay and Veeragoo Naik are daily becoming more and more incapable of all active bodily exertion- And I can with certainty state that both these men are in every respect disqualified for the public service as Bodily as well as Mentally-

6. Yagambrum Pillay of Volcondapooram has just submitted to me his application for forty days leave from duty on the plea of his sufferings being so severe from strangury, as to prevent his attending to any duty- I am obliged to comply with his request-

* Yagambaram Pillay

7 I beg to insert in the Margin the length of Service of these two Tahsildars, and I would respectfully suggest their being placed on the pension list according to their respective titles-

8. There is another Tahsildar quite as incapable and unfit to render any assistance in such an important and detailed subject as a revision of the land tax- He of Arrealore, by name Sawmy Dawson Pillay

Pillay- This man is quite ignorant of revenue systems and even terms, and was advanced to his present position by Mr. Maltby from the Hoozoor Magistrate Department- Saumy Dawson is not only advanced in years, but has become so obese and unwieldy of body as to render his locomotiveness almost next to impossible-

I beg to submit for his service and to recommend his being pensioned. I should your Board accede to my request, I shall be prepared to propose other men fit for the vacancies, and they are Vurtha Rao, Ghorbam Hoosein, and Tumbooswamy Pillay. All three formerly employed in this District and who were removed from their several situations by order of Government as reported by me by letter on the 2nd December 1853 No. 1854- Their twelve months have nearly expired, and the Government might be induced to remit the remaining short period of two Months-

Trichinopoly, Collector's Office, 26th September 1854.

/Signed/ J. Bird. Collector

B. No. 2255.

Proceedings thereon.- (52.53)

Under the strong representations of the Collector contained in the foregoing letter, and the positive necessity there exists for having efficient men at the head of the Talooks to assist the Collector in carrying out the revision of assessment recently ordered, the Board of Revenue authorize him to remove Yagambarum Pillay Tahsildar of Volcondapoorum, Veeragoo Naick Tahsildar of Woodiarpollium, and Saumy Dawson Pillay Tahsildar of Arealore-

2. The two last named individuals having served a sufficiently long period to entitle them to Pension, the Collector will adopt the necessary measures for placing them on the Pension Establishment- Yagambarum Pillay having lost 18 years service which precludes his being pensioned, Mr. Bird will provide him with any less important post for which he may be qualified-

3. The Board see no objection to the Collector appointing to the vacant places the parties named by him in the last para of his letter after the period of removal fixed by Government has expired- The Board deem it scarcely necessary to apply for any remission of the sentence, as the prescribed period has almost expired- but Mr. Bird is at liberty to address Government direct on the subject, if he thinks fit, the correspondence regarding the removal of the parties not having passed through this Office-

To,

W. H. Bayley Esquire
Secretary to the Court of Wards
Fort St. George

Sir,

54

B. No. 3383
From the Collector of Madura—

With reference to the correspondence noted in the margin, I have the honor to forward Extract from the Proceedings of the Civil Court of Madura declaring the objection made to the Sale of the Seerutham Village of Pattamanoor to be valid and directing its release from attachment.—

To Court of Wards 29th September 1853
From Do. ---- 17th October —
To Do. ---- 19th May — 1854
From Do. ---- 5th June — "

Madura 1—
8th September 1854.

/ Signed / B. D. Parker
Collector.

No. 1

Extract from the Proceedings of the Civil Court of Madura under date the 18th August 1854.

M. P. No. 294 of 1854
Seva Moonsiff No. 222 of 1852.
Petitioner C. Sooba
Pattamanoor Government Vakeel

Read again Report of Shevagungat Moonsiff under date 8th November 1853, explaining under what circumstance the Village of Pattamanoor has been attached on account of the Judgment debts of Coolumthaysawmy Taver, son of Samyamoottoo Taver brother to the Wife of the 1st Sotinvar Zemindar.—

Read also M. P. No. 294 of 1854 presented by the Government Vakeel and objecting on the part of the agent of the Court of Wards to the sale of the said Village—as being the property of the Shevagungat Zemindary now under tutelage, the revenues after deducting Quitrent having been granted for the maintenance of a Branch of the family—but no alievation made for the proprietary right.

The Civil Judge is of opinion that the objection taken to the sale is valid—The grantee enjoys the income in such case, but he cannot sell the proprietary right nor can it be sold in his account for it is not his, it was not conveyed to him—

Ordered therefore that the lands be released from attachment and that any sale therefore which may have been partly made be not confirmed.—

Ordered also that Extract be sent to Moonsiff for information and guidance and Copy to parties on their application.—

Sir,

Bd. No. 3507
From the Collector of Tinnevelly — Para 1

In reply to Para 4 of Extract from the Proceedings of the Board of Revenue dated 24th August 1854, I have the honor to state that as the Beriz for Fusly 1263 according to the Summahbundy has been collected in full from all the parties to Petition Nos. 516 and 537 of 1854 herewith returned, it seems unnecessary to revise the Settlement as respects Nunjahmail poonjah cultivation.—

2. Most of the signatures to No. 516 are those of wealthy men and holders of Manium and favorably assessed lands who have had no difficulty in satisfying the Government demand.

(4)
Bd. No. 3204
From the Collr of Malabar

Sir,

In reply to Extract from the Proceedings of the Board of Revenue under date the 8th ultimo, I have the honor to report that the Cultivation of Poppy is carried on to a very limited extent in a few Talooks of Malabar, and the opium extracted is mostly consumed by the growers.

2 A small quantity of the article is imported from the Neilgherries and Mysore and is chiefly purchased for medicinal purposes.

3 I should suggest that any species of Revenue which may be levied on Opium, be levied on the growers of the Poppy.

4 The sales of other intoxicating drugs are very limited.

(8)
Bd. No. 3807
From the Collr of Malabar

Reporting with reference to the Board's Circular of the 7th ultimo, on the promotion of objects affecting the agricultural industries of the Country.

Sir,

I have the honor to acknowledge your Circular of the 7th ultimo, on the promotion of objects affecting the agricultural industries of the Country.

2 I had previously received an Extract from the Minutes of Consultation of the 14th July last thro' Surgeon Balfour, who forwarded with them a letter to the Zamorin requesting his Co-operation, and I have since received a number of Circulars which I have distributed where I thought they would do most service.

3. The Chief productions of Malabar are Rice, Cocoanuts, Betelnut and Pepper.

It is only on the three first of these products that any direct tax is levied by Government.

The tax is a fixed one and as a general rule light. Land therefore has a saleable value which varies from 20 to 30 years of the net rent for rice, and 15 to 30 for Garden ground.

Land of this nature is of course well cared for. Instances of neglect are to be found, but as a

13690 Fort St. George 12th October 1854.

a general rule the proprietors take trouble to enhance as much value as is possible out of their private estates.-

4 I doubt if it be worth while to offer any extra inducement for a larger production in rice fields or Cocoanut gardens. Individual interest and a never failing market are, I think, sufficient.-

5 But there are other articles besides those I have mentioned, in which the aid of Government may perhaps be beneficially applied.-

Encouragement to grow large quantities of Cotton, Hemp, and other articles fittest for foreign export may be given, and to these I would attract the particular attention of the people.- †Especially fibrous

I would further try to encourage the breeding of superior Cattle.-

6. The most likely locality for the most important of the products I have mentioned - Cotton - is in the Country which borders on Coimbatore, where it gets the benefit of both the monsoons. I would propose therefore that the meeting adverted to in the 8th Para of the Board's Circular be at Coimbatore in the month of November next at all events for the first year.-

It may be well to diversify the place subsequently and to have it at one time in the centre of Malabar and at another on the borders of Canara.

7 I would propose that the prizes to be offered should be either money or a Gold armlet at the discretion of the Judges, with reference to the rank and condition of the exhibitors.-

Read again letter from the Acting Collector of Madras dated 3d and entered in Consultation 9th October 1854.

Read again also Board's Proceedings dated 9th October 1854, authorizing the sale of Salt at Ennavoor and the use of the Ennore Road till January and February. Stating also that a Copy of the letter from the Collector and its accompaniment will be forwarded to the Department of Public Works with a view to the road being renewed for the distance used by the Carts in conveying the Salt to Madras.-

70
B. No. 2244.

Proceedings thereon.- Ordered that a Copy of the foregoing papers be forwarded to the Department of Public Works.- The permission granted in the Revenue Department for continuing the Ennore road, should properly have been issued in that of Public Works, it is therefore requested that the necessary orders may now be issued in that Department.-

68.67

Resolved that the following letters be despatched.-

To

No. 478

To,

The Chief Secretary to

Government.

Sir,

(71)

Bd. No. 2237.

To the Chief Secretary to Government

Stating the opinion of the Board that one set of Surveying Instruments should be granted to each Collector, also that they should be allowed authority to entertain 10 youths, report Monthly the progress of the pupils, and submit specimens of their work.

x Fmn. Govt. L. 6th in Cons: 20th Feby: 1854.

20th February 1854.

1. In consequence of the sanction given by Government to the requisition of Mr. Taylor, Sub Collector in Rajahmundry, to allow him certain surveying instruments, and authority to give a small allowance to those attending the Surveying Class, and intimating their readiness to extend the grant to other Districts, the Board Circulated the orders of Government for the information of all Collectors.

2. I am directed by the Board to enclose for the information of the Right Honorable the Governor in Council the requisitions made by those Collectors who have responded to the Circular.

From Masulipatam 19th August in Cons: 9th October 1854.
From North Arcot 1st in Cons: 10th April — " —
From Do. 22d May in Cons: 9 Oct. " —
From Trichinopoly 9th March in Cons: 9th Oct. — " —
From Do. 1st April in Cons: 9th October — " —
From Coimbatore 13th March in Cons: 3d April — " —
From Do. 18th April in Cons: 9th October — " —
From Canara 21st March in Cons: 9th October — " —
From Malabar 8th April in Cons: 9th Oct. — " —
From Do. 1st June in Cons: 9th October — " —

3. There is no doubt that the youths under Mr. Taylor have made considerable progress in surveying, and are able to execute field maps with accuracy and neatness, some of their work has been lately before the Board, and proves the great advantage there is in having a few native subordinates in each

district who can be thus employed.—

4. The Board are not entirely satisfied that the paid classes proposed to be raised in other Districts will be as efficiently supervised as those in Rajahmundry, and they are not disposed to extend their recommendation except where the European Revenue Officers are likely to take a personal interest in the work.—

5. The requisitions, as the Government will observe, vary much in their nature and extent, and the Board are of opinion that the best plan will be to have one set of Instruments granted to each Collector (who has applied for them) and consider him responsible for their proper use.— Also that each District should be allowed authority to entertain 10 pupils at 6 Rupees per Mensem and 3 at 4 Rupees.—

+ Only 6 or 7 sets are required at present.

6. It is expected that these youths will soon qualify themselves for employ in the Survey Department, either such as may be on extension of the system commenced under Captain Priestly or in that connected with the Roads or the Department of Public Works. Even should they not thus be absorbed, the Board think that a small number of youths at the proposed low rate of remuneration would be worth keeping up as a permanent charge on the District.—

7. A Monthly report of how the instruments have been used and what youths have been employed with

with specimens of their work should be sent in to the Board, and a yearly or ½ yearly Report submitted to Govern=ment. The Collector might also take the opinion of the Civil Engineer of the Division as to the nature of the work done, and the state of the instruments.-

8. The instruments which the Board would propose to place in the charge of each Collector would be the following.-

1 Plane Table.
1 Y. Levelling Instrument
1 Circumferentor
2 Prismatic Compasses
2 Common Surveying Compasses
2 Cross Staves
1 Optical Square
1 Set levelling staves
2 Chains with arrows
2 Measuring tapes
1 Set of drawing instruments
1 Box of Colours
2 18 in wooden parallel rulers
2 12 in ----- Do. -----
1 Set Boxwood Marque in scales.
2 Ivory protractors.
2 Plain Dividers extra
2 Box wood Platting scales.
2 "Wholes and halves" Compasses.
1 Brass or steel straight edge.

9. It is expected that the average cost of a set of the above instruments will be about 650 Rupees which for Six Districts would amount to 3900 Rupees. Should the Government be disposed to comply with these requisitions, the Board would obtain such instruments as may be had from the Public Stores, by Indent, and supply the remainder by purchase or by order to makers in England.

Revenue Board Office,
Fort St. George,
12th October 1854.
