Abstract 1729

From the Collector Coimbatore.

1-2

Order thereon

2 3

B. of R. No. 4575.

From the acting Collector of Madras. 2.

From Lieut. Chambers 1st. December 1854.

From Supt. of Canal 29th. November 1854.

Diary

18th. Dec. 1854

Received letter requesting to be furnished with a supply of 30 printed forms of statements shewing the Gross Demand Collection of Extra Revenue.

Ordered to be supplied accordingly

To,

B. Cunliffe Esqre.

Sub Secretary to the Board of Revenue

Sir,

With reference to my letter of the 10th. Ultimo, I have the honor to submit two letters just received for the immediate consideration of the Board.

2. Considering the urgent demand for grain in the Madras Market and the early prospect of toll being levied on the Boats, I beg to recommend that the present Toll at least on grain may be remitted till further orders and notice to that effect be published in the Gazette, and by the Collector of Nellore.

(Signed) H. Stokes

Acting Collector.

Madras 2d. December 1854.

Enc 1.

To, H. Stokes Esqre.

Acting Collector of Madras.

Sir,

In continuation of my letter of the 13th. ultimo No. 37, I have the honor to inform you that

Fort St. George ~ December 1854.-

that the Doogooraz patam Canal is now open for boats drawing 2 feet of water, and that a considerable quantity of grain finds it's way from the Nellore Collectorate to Madras by means of this communication.-

2. As the Canal is not yet fitted for boats of heavy burden and as it will probably be closed in 2 or 3 months time for deepening and other improvements, I venture to suggest that no tax shall at present be levied upon boats plying upon it. Owing to shoals in the Doogooraz patam Lake and to the want of passing places in the Canal, heavy laden boats are at present subjected to many inconveniences, and I am afraid that if a tax were imposed upon them their owners would abandon the navigation.

3. It is hardly fair to ask the trade to pay towards such a very incomplete communication as the present one is.-

4. I have received a Petition from several boat owners asserting that in addition to the tax of 5/4 Rupees imposed upon each grain boat arriving at the Madras Basin the

Superintendent

Fort St. George ~ December 1854.-

Superintendent of the tolls collected there, is obliging them to give security to pay any sum that Government may think fit hereafter to impose upon them for the liberty of navigating the Doogooraz patam Cut. Should this Statement be a false one, it is upon a par with the native petition which you did me the honor to forward with your letter of the 20th October last; but should there be any element of truth in it, I beg to bring to your notice how destructive of all trade such a course as the toll gatherer at the Basin is now pursuing must be, the uncertainty of the Amount of the exaction which will be levied, must deter many merchants from venturing upon Speculations for bringing grain from Nellore, and this at a time when every Seer of grain thrown into the Madras market is of importance.-

5. I shall feel very much obliged if you would permit the toll gatherer at the Basin to send me a fortnight's account of the boats which arrive at Madras, specifying the No. of cargo and of passenger's boats, and distinguishing between boats which arrive from

Pulicat

Fort St. George the December 1854.—

Publicat and the Lake, and those that have navigated the new cut.—

Publicat ..... } (Signed) O. Chambers Lieut.
1st December 1854. } Supt. of the E.C. Canal.

No. 2.

To, H. Stokes Esqre.
Acting Collector of Madras.

Sir,

Para 1. I beg to bring to your notice that between the 9th & the 28th of this Month 44 Boats of Paddy were imported into the Basin from Doorajapattnum by the Canal recently put in extension from Cusbah on which a Toll of Rupees 326-11-5 was Collected. The aggregate quantity of Paddy thus Imported is 121 Garces & 158 Mercals, the quantity laden in each Boat averaging from 2 to 5½ Garces or from 800 to 2,200 Mercals. The Toll on Grain being fixed at a certain rate per Garce it becomes necessary to measure out the quantity landed from each Boat, in order to levy the Toll, and to test the correctness of the chits or passes granted by the Circar Canacapallies in which the quantity as given by the Boatmen is inserted.—

&c.

Fort St. George the December 1854.—

2. At this season of the year the work at the Toll office is generally very heavy—a great number of Boats of Wood, Faggots, Shells, & ca are arriving with rapidity from the Northerly wind and Currents being favorable for expeditious transit. and it is with some difficulty that the press on the Establishment is borne by hard labour, the Department being employed from very early until a late hour in clearing out the Boats thus arriving. Even on this work the task of counting and sorting the different qualities in the billets of Wood received which average from 5 to 35,000 in each Boat is heavy, and one Peon is obliged to be employed in giving attendance to 4 or 6 Boats at a time, but the extraordinary press upon the Department from the unusual import of Grain in this year from the above mentioned cause makes it very difficult for the Establishment in its present footing to clear out the Number of Boats now arriving without additional Assistance. There being only one Canacopilly and 5 Peons attached to the Toll Office.

3. On account of the number of Boats load of Paddy arriving daily there is

is necessity for bestowing care and attention to the measuring out of the same and to the landing of Paddy in some Cases at the request of Merchants near the Hospital Gate where is the place of sale for this Article whither a Peon is necessarily sent to witness the landing and measurement. Grain is an Article which cannot be kept on Boats for any length of time without incurring the risk of damaging from the uncertain weather at present, and the Article being now in great demand it becomes necessary that the same should be cleared out as early as practicable after the arrival of every Boat load particularly on account of this being the first occasion on which Merchants have taken advantage of the newly cut canal, to bring down Grain, it becomes still more desirable that every exertion should have been used to clear the same out expeditiously, as an encouragement to further Continuance in the use of the canal, and this exertion the Establishment in the Toll office

offices did not fail to use, though so very heavily praised, without any complaint against it.-

4. If the grain Boats now arriving from Doraya pattnam are furnished with Rahdaries like those given to Wood, and Faggot Boats from Streecharricottah, these may be accepted as sufficient authority and the Boats permitted to clear out without measurement at the Toll office. The Grain Boats are however furnished with simple chits† from the Fishcar at the place of export shewing the quantity laden on each Boat. If it is ascertained that these chits are granted after due Measurement, and permission be granted to me to clear out the Grain Boats on production of such chits without the labour of a measurement at the Toll office, Toll can then be levied with reference to the quantity given in the chit. but according to the present System of levying the Toll and with still further increases in traffic which will necessarily occur by the Completion of the extension of the Canal-

†An original chit accompanies-

J

Fort St. George 6th December 1854.-

I beg respectfully to state that the Establish-
=ment will be insufficient if continued
on its present footing, and submit that
the duties could not be conducted with
that efficiency which is desirable, as the
labour on the Establishment and par-
=ticularly, the responsibility on myself
is greatly increasing. I therefore request
you will be pleased to recommend that
an additional number of Peons and
Assistants to the Conacapillay may be
allowed to the Establishment in
consideration of the circumstances
detailed by me.-

5. I take this opportunity of
bringing to your notice that on the 26th
June 1848, when I was called upon to re-
=port on the best mode of improving
the canal with a view to additional
facilities being opened for the increase
of traffic by it in consequence of a
reference from the Board of Revenue
at the desire of Government, I reported
in my letter of the 7th August following
the most advantageous method of
arriving at this object. It will be seen

by

Fort St. George 6th December 1854.-

by a reference to this letter that the
increase in the export of grain which
has already taken place though the extension
of the canal is not yet completed,-
was then contemplated. The export
of the other articles referred to
in this letter will doubtless soon
commence, when the canal is com-
=pletely open for traffic, and with
reference to the increase which will
thus accrue to the Government of
the Revenues from the Canal.- I beg
that the present application for
an increase of the Establishment
will be taken into due consideration,
particularly at present when there is
such an heavy press on the Establish-
=ment as explained by me.-

Cochrane's ----
Canal -----
29th November 1854.

(Signed) F. G. D. Rozario
Superintendent C. C.

Proceedings.

B.d No. 2660

Proceedings thereon.- Pending the orders of Government which will be obtained in due course, the Board of Revenue direct that no toll be levied on grain brought to Madras by Cochrane's Canal.- The Collector will be good enough to communicate these orders to the Collector of Nellore.

3-4

Sent the following letter.-

No. 577.

5

To, The Chief Secretary to Government.

B.d No. 2655

To the Chief Secretary to Government. } Sir,

I have the honor to report that I have this day assumed my appointment as Acting Sub Secretary to the Board of Revenue.-

Revenue Board Office, Fort St. George. 2.d December, 1854. } (Signed) J. D. Sim. Acting Sub Secretary.-

---

At.

At a Meeting Present.

Monday 4.th December 1854.- } C. Mallby Esq.re Member. and. J. D. Bourdillon Esq.re Member. J. Goldingham Esq.re First Member Absent on duty / as Commissioner Northern Circars /

Minutes of the last Meeting read and approved.-

6

Read the following Papers.

Revenue Department.

B.d No. 3881. From the Secretary to Government.- } Extract from a General Letter from the Honorable the Court of Directors, Dated 12.th July 1854. No. 16. | Extract from the Minutes of Consultation under date the 14.th October 1854. No. 1327.-

Communicating Extract from a General Letter from the Honorable the Court of Directors dated 12.th July 1854 No. 16 and requesting to furnish the information called for relative to the Endowment to the Choultry at Ghooty.-

21. Unauthorized charges introduced by Mr. Onslow late Collector of Trichinopoly in the constitution of the Trust bodies charged with the Superintendence of certain religious grants.-

Para. 6. We quite concur in the disapprobation you have expressed of Mr. Onslow's proceedings and in your having ordered measures to be taken for rectifying them, and for furnishing explanations to the parties concerned.-

Para. 4. Ordered that Paras 6. 8. 10 and 11 be communicated to the Board of Revenue.

We

33-34- Orders issued for causing the Boundaries of the Cochin State passing views sanctioned by the local authorities the Madras Government and the Court of Directors to be respected by the Nair Chiefs and warning them against encroachment and aggression Boundary marks to be erected for indicating the Boundary line between the Company's territories and those of Cochin and Travancore as settled and Documentary evidence thereon to be deposited in the offices of both the Resident and Collector- 16 Approved.

35 Ct. Report: ing that two special appeal Suits

Suits in Re: ference to Diva: sputes between Government and Mr. Fischer Mootadar of Salem had been decided in favor of Government by the Sudr Adalut and Rupees 600 had been dis: bursed for Costs & fees- 17 Satisfactory 7 A copy of this para will be furnished to the Sudr Adalut and to the Board of Revenue-

2 & 4 Measures adopted for the introduc: tion of Act XII of 1850 "for "avoiding loss "by the default "of Public "Accountants" into the Dra: vidian Terri: tories- 19 Approved- 8 Para 19 will be communi: cated to the Board of Revenue and Commissioner for the Northern Circars.

16- Further sum of Rs. 200 for clear: ing the Jungle in the Ad: door Taluk in Coimba: tore sanc: tioned- 23 The benefits resulting from the partial Clearance of this Jungle fully warranted the fur: ther expenditure which you have sanctioned for Completing the work- 10 A Copy of this para will be furnished to the Board of Revenue-

17. Ditto 20 also letter dated 21st January 1854 (No 1) Government Sheep Farm made over to the Mysore Circars for Rs 1,347-13-2 there being no add: = ntage in keeping up two separate experiments the Mysore Government will supply such sheep as may be required. The Court pre pre = quested to pay £18-19-10 to Messrs Barnard & Co = mission Agent General on account of two Merino Rams lately purchased -

22 Results of suits brought against the Officers of Government trans = mitted. One suit only No 78 of 1846 decided against Government

24 We approve the measure reported and have caused the necessary payment to be made to Messrs Barnard -

26 We trust that pre pre = warranted in regarding these results as satisfac = tory indications of the Care with which the decisions of the Officers of Government are pursued and the Correct = ness of their proceedings -

11 This para will be Commu = nicated for the in = formation of the Com = missioner in Mysore and the Board of Revenue -

12 A Copy of Para 26 will be furnished to the Board of Revenue and the Com = missioner Northern Circars -

10 Complaint of Mr. Hillier a pensioned Pre = sidial Practitioner at Cotacamund Regarding the Restrictions im = posed upon him in the purchase of Spirituous Liquors not Considered to Call for Go = vernment in = terference -

30 It appears to us that the Abka = ry Regulations were very strictly interpreted in this Case -

13 Ordered that paras 30-32-33 and 34 be Com = municated to the Board of Revenue -

16 Discon = tinuance of an annual allow = ance of Rupees 95-15-11 for the Celebration of the Car = Festival at the Village of Kotangarry in Salem = Reported -

32 We entirely approve the discon = tinuance of this allowance -

17 Report on the private Chuttrums in the Coim = batore Dis = trict -

33 It appears that there are 28 pri = vate Chuttrums in this District the Lands belonging to 15 of these are in the Possession of their proprietors, but 13 are under temporary attach = ment -

34 We approve your having directed that the Enams belonging to the Cutter should be offered to any parties who will undertake to manage them and keep the buildings in repair, preference being given to descendants of original grantees, who may be willing to limit themselves to fulfil these conditions. In the event of no such parties coming forward, the Enams should be resumed leaving it to the Board of Revenue to recommend the maintenance by Government of Choultries where they are urgently required.

18 Report of the Board of Revenue on the Lunger Ranah Charities, and Rupees 1,1.35 for the Charges of the several dispensaries sanctioned.

35 Your proceedings here reported have our approval as directing the funds of these endowments to proper objects.

36 The Choultry erected

erected at Ghooty in memory of Sir Thomas Munro appears to be an important one, and we shall be glad to receive the information called for respecting it.

11 These paras will be communicated to the Board of Revenue and their attention requested to para 2 of Extract Minutes Consultation of the 9th August 1853, inviting the information called for as to whether arrangements might be made for applying the amount annually granted in endowment of the Choultry at Ghooty in the manner suggested by them in their letter of the 11th July 1853 or in any other, which while it keeps up the object for which the sum was originally granted would be of more public utility than an indiscriminate distribution of food

25 & 28 Conv. to plant against the Establishment of a Vadyar's halting place for Carts at Negapatam by the Head Assistant Collector Mr. Minchin through the Agency of Mr. Wainhouse now in lieu of the late Amildar Mr. Alexander for whose benefit fees were levied and the attendance of Carts rendered Compulsary. Mr. Minchin removed from his Office and Mr. Alexander dismissed the Service. Measures taken to remedy entirely this objectionable state of things.

17 Proprietary Right in the Government Gumee Enury Estates

16 Para 40 will be Communicated to the Board of Revenue

40 The irregular transaction brought to notice in these paras is discreditable to all the parties concerned, but most especially to Mr. Alexander. We approve your proceedings in the matter.

47 This measure has for a long time been in Contemplation. It does not appear

18 Paras 47 48 and 50 will be Communicated to

Estates in Canara Conceded to the occupants.

appear practicably to to the desirable Government of any thing more than Board of a nominal title Revenue.

48 The measure is not to be extended to that Class of Estates which are held under a temporary arrangement by a numerous body of petty tenants.

In other Cases its adoption is accompanied by the proper reservation "that the para "mount right of the "State to revise and re- "adjust the Assessment on the lands "in question in Common "with all others, was "not affected by such "Concession."

20 Resumption of Lands granted for the support of Choultries, the proprietors of which though warned repeatedly neglected to keep them in order.

50 Approved.

Bd No. 4308.

From the Secretary to Government.

Furnishing Copy of a letter from the Magistrate of Cuddapah calling the Board's attention to the observations contained in paras 5-6 & 9 of it relative to the causes and means of suppression of Gang Robberies Remuneration of Heads of Villages Curnums and Village Police and requesting them to consider the course to be pursued relative to the Cyre missal and Cuttoobady Enams.

No. 801.

Extract from the Minutes of Consultation Judicial Department, under date the 8th November 1854.

Read the following letter from the Magistrate of Cuddapah.

No. 17.

To. T. Pycroft Esqre
Secretary to Government in the Judicial Department
Fort St. George.

Sir,

Para 1. I have the honor to acknowledge the receipt of the Extract from the Minutes of Consultation under date the 1st September 1854, and in reply beg to state that those engaged in gang robberies are not associated gangs and had prior to the present year very much decreased up to November last, when by the greatest carelessness, if not actual connivance, 17 of the most desperate convicts confined in Jail, none of them condemned to less than 14 years, were allowed to make their escape - amongst these was one named Arnachellum Padiachee a notorious leader in Salem who was confined

17

Fort St. George 4th December 1854.-

confined in Chittoor, but effected his escape from that Jail: he along with another named Pamoolaty, by the exertions which have been made have within the last short time been re-captured, the former returned to the Jail, whilst the latter died from a wound which severed the muscles of his left leg and brought on lock-jaw: whilst attempting to escape. these two having now been captured the third Guddum Baulegaudoo is closely pursued by the Police parties who have been for some time in his tract and is now believed to be beyond this frontier. The capture of these convicts would have been effected long ere this had it not been for the protection and encouragement afforded them by several wealthy men and Heads of Villages also had the Heads of Police in the western part of the District exerted themselves as they ought. In addition to this the number of gang robberies is partly owing to the high price of grain of this year, which has induced persons from other Districts to come and plunder in this - as is shewn from a report of the

Head

Fort St. George 4th December 1854.-

Head of Police of Tumminlmudgoo.-

2. These gangs do not remain assembled for any length of time; they are collected by some leader or by some wealthy person who supplies them with batta for two or more days prior to the commission of the robbery. After the attempt has either failed or been carried into effect, the parties immediately disperse and return to their own villages, these bands are collected by the Heads of the Villages, who share in the plunder, but do not accompany them to commit the depredations. The Districts in which these robberies are most frequent are on the boundaries of four distinct Zillahs - Viz^t^ Cuddapah, Bellary, Kurnool and Mysore into either of which they can easily escape and evade apprehension when closely pursued. On the frontier of Bellary there are several Heads of Villages who are believed to harbour and protect the thieves, sending them into this District to plunder, and there are others in Cuddapah relatives and friends, who give them every assistance & information with regard to the movements

of

of Police, and the wealthy persons whose houses it is intended to plunder.-

3. It is not a portion of the Kurnool horse or any additional number of peons, who may be added to the present police establishment, who can effectually put a stop to gang robberies - the only measure to effect this end is by holding the Heads of Villages responsible for the protection of their respective Villages. If they could be at once brought to apply themselves diligently to the protection of their Villages and the detection of thieves an immediate check would be given to gang robbery. Until this is done, they will continue more or less according to the protection afforded by the Heads of the villages to the thieves and plunderers.

4. I have previously mentioned that 17 of the most notorious robbers in the District escaped from the Jail and are known to be under the protection of the Heads of the Villages, in support of which I shall only mention one circumstance which has lately occurred. A Prisoner committed for trial to the Sessions Court and sentenced to 14 years

imprisonment declared that the Curnum of Moottialpaud planned a scheme in

+ 1 Arnachellum Padiachy 2 Pamoolaty-

Company with two+ of the escaped convicts for the plunder of the Camalapoor taloo[k] treasury; this on account of the non-Assemblage of the required number of men failed, they however attacked the house of a Comaty in the Village of Moottialpaud, in which the Curnum above referred to is in a Mifoul-he with a Spear defended his house, wounded several of the parties which was the means of their oppression and conviction.- Of the convicts above referred to for the re-apprehension of one named Arnachellum Padiachee a reward of 500 Rupees was offered, and for the other Pamoolaty three hundred Rupees. this latter person resided in the same village with the Curnum - yet he would rather harbour and protect them than give the necessary assistance to Government for their apprehension which he was bound to do, several other wealthy men and Heads of Villages are known in like manner to harbour and protect the thieves. this Curnum has been committed for trial by the Majistracy on the charge of harbouring thieves &c

Until

Until the Heads of Villages are induced either thro' fear or self interest to exert themselves for the protection of their Villages, I despair of seeing a complete stop put to gang-robberies, and I consider it not out of place here to mention what in my opinion would be beneficial in attaining this end.

5. The Enams attached to the Office of Reddy and Curnum throughout this district are in general large, much above what Colonel Munro considered a proper remuneration for the services but these enams, altho' large, have been so subdivided amongst the heirs of the Original holders as scarcely to allow a proper remuneration to the person who performs the duty of the Reddy or Moonsiff. It is not unfrequently seen that the Head of the village has a nominal reward in land assigned for the duties he has to perform, but upon enquiry it is found that a considerable portion of it is enjoyed by brothers living apart from each other and other relatives who claim a participation in the Enam by right of inheritance.

The

The office of a Village Reddy is hereditary which appears to me partly objectionable, the Office might be made partly hereditary and partly elective - the villagers having the choice of appointing their own head men - so that if they (the Villagers) objected to the appointment of any of the family of the original Enamdars on account of incapacity, bad conduct, or other causes, another person from a totally different family might be placed in the Office and continued in it during his good behaviour. The whole of the Enam which has been subdivided ought to be resumed and awarded exclusively to the person or persons who perform the duty of the Village Reddy thus the office of Reddy would be more lucrative and more coveted and desired by the better classes of villagers and he thro' his wealth and influence would be better able to protect his village by encouraging the people to turn out in their own defence and those of their fellow villagers when a house might be attacked by a band

of

of plunderers - the opportunities the Villagers have of obtaining information regarding thieves, bad characters, &c. is very great, and the circumstances of one village and the character of its inhabitants are well known to those of others. the Head man obtaining the confidence of his fellow villagers, and shewing that he wished to protect them, at the same time receiving an ample pecuniary remuneration for his services, will be induced to lend his aid not only to the suppression of crime, but also for the apprehension of the parties concerned and the discovery of any property that may be lost - The office of Reddy being made a lucrative one, would be coveted by others, who would narrowly watch his proceedings and bring any misconduct on his part which might cause his removal to the notice of the authorities - this would on the other hand induce him to be circumspect and zealous in his duties, he being also independent in circumstances would, the more fearlessly, bring the conduct of the wealthier classes who are

are in the habit of harbouring thieves to the notice of the proper authorities, and by means of the village watchers become acquainted with those merchants and Goldsmiths who are in the habit of purchasing stolen property such as Jewels - melting and disfiguring them in order to prevent their being recognised and claimed.-

6. The subdivision of the Enam amongst the village watchers is, I consider, also objectionable, as it reduces the small Enam allowed when divided into several shares to so small a remuneration as to be insufficient for the support of their families.-

7. The establishment of Police Peons, I think might be reformed and their allowances increased so as better to encourage them in performing their duty and diligently searching after evil doers. The pay of a Police peon is one Pagoda per mensem, and beyond this he has little hope of obtaining a higher reward for his services, unless he has shown

shown greater activity than is generally found Amongst this class of persons- The Duffadar of the peons receives 8 Rupees 8 per mensem, but as these appoint=ments are limited, the prospect of the peons rising to a higher grade is Comparatively distant- The Surchey=sham pr Head over each talook receives Rupees 14, but instead of this office being held by young and active men, it is too often held by elderly men who are unable to perform the active duties of their station- If a revision of the list of peons took place and higher wages were awarded, which in my opinion they are entitled to, as no pension is allowed for any length of service, a greater stimulus would be given to their exertions- It has several times been reported to me when the peons are deputed upon any dangerous service, such as the apprehension of desperate characters, who it is supposed will offer determined resistance to those entrusted with a Warrant for their capture, that they must unwillingly proceed on the duty stating that if any thing should happen to them, their

their families will be left destitute as they are allowed no pension- Many of the peons are from age unable to undergo any severe exercise, and the only method of getting rid of such men is by substituting a Son or relative in the place of him who resigns on the condition of this relative being substituted in his place- These are not always the most preferable men, but it is only a choice between two evils either to continue a person worn out by age, or an indifferent person when one more active might have been procured.-

8. During my tour through the District for the last two years on Summabundy, I have endeavoured to instil into the minds of the people when collected in large numbers to receive their puttahs, the absolute necessity of protection and mutual defence of each other in case of any attack by robbers on the house of any one belonging to their village- the instructions issued

Fort St. George 4th December 1854

issued to the Heads of Villages and people in general were, that they should have defensive arms, such as matchlock, spear, or sword, in readiness, in case of a band of robbers entering their village those who had no arms of this nature should keep by them knotted clubs to assist the others in their defence and be able to turn out at the call of their head. men, when any alarm of thieves was given. During the present year this advice and admonition have been of the greatest effect. - in repeated cases the villagers have at once turned out, driven off the plunderers and in one case shot one of the robbers. The death of this man intimidated the different plunderers in that part of the district for a length of time afterwards, and this shows to me more particularly that we are to look to the Head of the village and the villagers themselves to put down gang robberies and give a hearty co-operation to the Government authorities in the apprehension and punishment of evil doers. without this mutual assistance no a member of peons added to the present

Establishment

Fort St. George 4th December 1854

establishment would be able to effect this object. -

9. Where the office of Village reddy is hereditary, and the Head of the village thro' misdemeanour or neglect of duty is removed from office, a relation of his must be put in, who, if on friendly terms with the person dismissed, often shares in the plunder and is too frequently cognisant if not participator in the evil deeds of the person dismissed. In all cases where the Head of a Village is dismissed for misconduct or neglect, the villagers ought to be called upon to a nominate a person most likely to protect them to fill the vacant office. It is not unfrequent that this office is held by a female who performs the duty by means of a Goomastah, who not belonging to the family or being distantly connected, takes no trouble for the protection of the village or exerts himself to apprehend the robbers or search after the stolen property - this, however objectionable it may be, must continue whilst the

the Evans are purely hereditary - It is true we have received a Circular Order stating that females should not be thus placed in the gyre Mejoul, and I consider that no portion of the emolument should be given to the gyre Mejouldars, but the whole of it should be enjoyed by the person who actually performs the duty, and when the Head of a village dies the villagers ought to be consulted who is the best man to fill his place, when if the deceased has proved an active protector his sons or relatives would probably be chosen but if on the contrary he had been an oppressor, a person of a different family would be selected. In recommending the breaking through the System of ancient Meraseey right, I may be in error, but I do maintain that some thing ought to be done to induce the Heads of villages either by fear or self interest to undertake the protection of their village and give an active cooperation to the other Government Servants whatever duty he may be called upon

upon whether police or revenue.

Cuddapah, }
Magistrate's Office }
7th October 1854. }

/Signed/ M. Murray
Magistrate

/True Copy/
/Signed/ T. Pycroft
Secretary to Government

Para 1. The Magistrate of Cuddapah, as called on in Extract Minutes of Consultation of the 1st Ultimo, submits explanation as to the cause of the late increase of Gang robberies in his District - The increase is ascribed to the escape from Jail of 17 desperate convicts already brought to the notice of Government and on which orders were passed in Extract Minutes of Consultation 17th January 1854 No. 42 - Two of the worst of these offenders have been re-apprehended and a third is closely pursued by the Police - The Foujdaree Udalut will give the most positive orders that none of these men who may be recaptured shall be allowed on

on any account to go outside the Jail
An additional reason for the prevalence
of gang robberies in Cuddapah of late
is to be found in the state of the ex
season and consequent high price of
grain.—

2 The Magistrate further
notices other circumstances as facilitat=
=ing the commission of crime in Cuddap
and rendering its detection difficult,
but these seem rather of general
application and not confined to the
present juncture. These are the sup=
=port and shelter afforded to gang rob=
=bers by the Patels and Curnums of many
Villages, the Subdivision of the Villag
reddy and Cuttubadi Enams whereby
large shares are diverted to parties
who perform no duty, and the actual
officiating incumbents are poorly
remunerated the inefficiency from
age and infirmity of the Duffadar
Surcheyshum a Head Duffadar ev

=ven of the Peons. the practice of nominat=
=ing to a Village Office vacated by misconduct
a relative of the last holder or even of plac=
=ing females in such Offices who perform its
duties by means of Gomastahs.—

3 The Right Honorable the Governor
in Council must observe that some of the
evils above enumerated are such as it is ex
fully competent to and indeed incumbent
upon the Magistrate himself to remedy.
He can and ought to take care that the
Offices of the Stipendiary Police Surchey=
=shums, Duffadars and Peons are filled by
men in full physical vigor and should
remove such as from age or feebleness are
not throughly effective. It may be an
unpleasant to his feelings to displace old
Servants for whom the Pension rules make
no provision, but the public Service must
be paramount to all other considerations.—

Board's Circular Order pp supplement Page 179.

4 From Extract Minutes of
Consultation 1st November 1853 circulated
by the Board of Revenue on the 21st Inst

the

for the Magistrate will remark that on the dismissal of a Village servant for mis-conduct it is open to the Head of the Dis-trict to appoint to the Office a man of a totally distinct family, if he see it fit. Mr. Murray admits that to nominate a female to the headship of a Village is opposed to a Circular Order. It is for him to see that this order is enforced.

5 The most serious evil noticed by Mr. Murray and that most difficult of remedy is the extensive subdivision and alienation of Village service Enams in the Ceded Districts. The Government have alluded to this subject in their remarks upon the general question of Police in Extract Minutes of Consultation 6th Oc-tober 1853 Para 7. The Board have stated to submit the report on the Curtailment Police called for in that Extract and the Right Honorable the Governor in Council resolves to furnish them with copy of the Magistrate's letter, and to bespeak their attention to the observa-

Board's Circular Order. September Page 172.

observations contained in paras 5-5-9 of it. The Government hesitate to act upon Mr. Murray's suggestion for the immediate sequestration of all the shares in Village service Enams which are held by individuals, Gyre misel or non-officiating, - at the same time the matter is one which imperatively demands early treat-ment. The Government are at present incurring heavy expences in the reform of the Village Police and enhancement of the police emoluments in the various Districts, and they cannot permit the endowments origi-nally made for such objects to be permanently diverted to private purposes. They would therefore wish the Board to consider, whether orders might not be passed that in any Village, in which the emoluments of the officiating Reddy Curnum may be insufficient and there be any Enam held by Gyre

Fort St. George 4th December 1854

Gyre Mijsuldars, so much of the Enam be at once attached and annexed to the Mijsul as will provide for its fair remuneration as also that in no case should a Gyre Mijsul Enam be continued beyond the life of the present holder, but shall be attached on his death, and if the Mijsul allowances are already sufficient be thrown into a fund for improving the emoluments of the Village servants generally through out the District.—

6. They will consider whether a similar course may not be taken with the Cuttoobadi Enams.—

Proceedings

Fort St. George 4th December 1854.

Bd. 3 No. 2685

Proceedings thereon (12-13)

ordered that copy of the above Extract Minutes Consultation be furnished to the Collector of Cuddapah.—

2 The Board only await the Collector's reply to Board's Proceedings 21st November 1853 to take up the subject of the Cuddapah Police and Village Enams.—

3 They are at a loss however to understand how any Mijsul Office can at the present time be inadequately remunerated in consequence of the subdivision of the official emoluments.—

4 They request Mr. Murray's attention to their Proceedings 12th October 1843 / P. 14 et seq / by which he will find that so long ago as 1833 the Board decided on a reference from Mr. Saco, that the Collector was competent under Regulation VI of 1831 to prohibit partition of emoluments attached to Village Offices, and again in 1841 they declared that the official remuneration should be exclusively appropriated by the Mijsuldar and / 16 / that the Collector might have augmented the proceeds to the existing

existing holder of office, or compelled the services of some more considerable sharer"

They also thought it desirable that "the office of a party removed for fraud or contumacy should not be conferred on another of the family

5 The Collector under Date 16th February 1846 reported that he had acted upon these directions, and that "in all villages in which "the total amount of the Meeraſs was "inadequate or barely sufficient according to the "scale of remuneration above mentioned "Vizt Colonel Munro's the payment of the Mirsuldar had been made up from the shares held by the Ghyre Mirsuls.—

6 " If such is the case there can be no instance of the Head of a village having a "nominal reward" in consequence of the Meeraſs being enjoyed by co-sharers, and if any Mirsuldar was insufficiently paid, it was in the power of the Collector to remedy the defect.—

From the Coll. of Masulipatam

Sir

Adverting to the Minutes of consultation generally regarding the proposed industrial exhibitions and especially to the Minutes of Consultation dated 19th September 1851 regarding the Fibres of India I have reason to believe from personal communications with certain Ryots, Rope manufacturers, of this District, that were sufficient inducement held out, and sufficient information on the subject generally communicated, the cultivation of plants producing fibrous substances might be greatly extended and the system of preparing the raw material vastly improved.—

2 I have already had a Memorandum in the vernacular prepared condensing or rather putting into a form which I hope will render it more easily comprehensible by the untutored intellects of those for whose benefit it is principally intended, the information contained in the Minute above

above specified, and I have been agreeably surprised to find that some of the suggestions contained therein regarding the cleaning and preparation of fibres were received with more interest and application than innovations on established custom however indisputably beneficial often meet with in this country. Sufficient time has not yet elapsed to judge whether the approval of the theories is sufficiently real and strong to induce their being carried into practice, but I shall use my best endeavours to foster any spirit of improvement and in the meantime as the cry is for more minute and particular information I have the honor to suggest that a short Manual on the subject of the cultivation of fibrous plants and the preparation of the fibrous material should be drawn up by some competent person, translated into Telugoo and a considerable number of copies sent for distribution gratis amongst the Ryots. The Manual should be as short as perfect clearness will allow esctremely perspicuous precise and simple in style, so that the directions may be easily understood and acted upon by the unthinking untrained intellects

of the Ryots, unaccustomed as they are to draw ideas from Books, and the translation regardless of rigid Grammatical rules composition or Sandhi must be in the most common colloquial phraseology. Perhaps Dr. Hunter Dr. Balfour or some other Competent and Public spirited Gentleman, would undertake to prepare such a paper as I have suggested in English, and should the Board approve I would have it translated in language easily comprehensible in this District and then send back the Telugu paper in order that the requisite number of copies might be printed or lithographed in Madras. The English manual once obtained perhaps translations into Hindustanee, Tamil, Canarese and Malayalum; might also be found useful. In my own District I am convinced the scheme if carried out will be found generally so, and beg therefore strongly to recommend it to the favorable notice of the Board.—

(24)

Bd. No. 3170

From the Agl collector of Nellore..... } Sir

On examining the outstanding
balance accounts, for the past fusly, in this
Division of the Collectorate, I find a total of
Rupees 2664, entered as still due upon certain
Mangany Lands, assessed and claimed under
the provisions of para: 29 of the District Hookoomnamah
that.

Recommends that some amount put on Wet crops which have yield-
:ed a scanty pro-
:duce, may be given remission

that is to say, because, the crops had not totally, altho' known with tolerable certainty to have in a very great measure, perished, the actual shist of the reported and alleged produce being but Rupees 290 or 1/9 of Turrum Shist.-

Under these circumstances with reference to the liberal, and more directly exceptional, procedure authorized in the case of Remission upon perished or deficient, Dry crops, at the past Settlement and, to the undoubted extreme severity of the pressure that the enforcement of the Demand, "as far as practicable," as it stands, would create, I do not hesitate in urgently suggesting to the Board the propriety of relaxing the provisions of the Hookoomnamah and dealing with this Ryot, as already sanctioned, and acted up to in the case of, Dry crop Sooktee.-

In dealing with the declared actual amount of produce, I should propose to assume it as having really been 100 % more than reported

or

or a total of Rupees 580 remitting the balance only - or Rupees 208.-

I may mention that, in discussing this subject with my Head Sheristadar, I am by him assured, that Mr. Elton also, had frequently adverted to the matter as well as the necessity for relief and resolved to propose it to the Board - though I am unaware why he omitted doing so.-

Bd No 1576

From the Collector of Nellore....

Submits replies, to the several Queries forwarded in the Boards circular of 5 June last relating to Salt.-

Sir

I have the honor to furnish replies, to the several Questions relating to Salt, submitted in the Boards Circular of the 5th June last: the quiries themselves for easier, reference being also marginally noted.-

1 What is held in your District entitled to the Name of Salt works

Unless the whole of the Pans situated one Cotar, or those embraced in an entire Division / as explained below / as for example those of Nistnapatam Cotar, as distinguished from those of the closely adjacent one of Mootecoor: or those of the entire Nistnapatam Division / 8 in number /, as distinguished from those of any other of the Divisions, be held to constitute distinct sets of "Pans," or "Salt works," no such distinction obtains in this District.-

The following is the recognized mode

Fort St. George 1th December 1834.

mode of subdividing, and grouping, the Pans-

Each Pan is divided into from 10 to 16 parts each part containing 10 Beds, each measuring 6 yards by 6- and yielding, severally, about 10 Marcals of Salt-

A group of from 10 to 50 of these Pans, is termed a "Nuttoo-" from 2 to 6 Nuttoos, forming a "Cotaur-" and from 2 to 5 Cotaurs forming a Division of which last there are 6, in the District-

2 What quantity of Salt is supplied by you to the Nizams Territories and Mysore?

The quantity of Salt supplied to these Countries during the 5 Fusleis / from 1258 to 1262 inclusive / was as follows-

	Nizams Mds	Seers	Mysore Maunds	Seers
Fusly 1258	128151	36	"	"
1259	105900	12	"	"
1260	93570	36	"	"
1261	153612	24	5600	4
1262	89187	24	"	"

3 What are the measures in force on the Sea Board of your District to prevent the illicit importation of Salt along the Shore?

It does not appear that any direct measures have ever been established, or deemed necessary, for this object.-

Two

16337

Fort St George 4th December 1854.

Two statements, the first, shewing the number of "Beds" and that of their Pro-prietors, at each "Cotaur" which appears best represents, what is styled, a place of manufacture" as well as, the joint out-turn of the former - the second, shewing the greatest and least number of "Beds", in any single holding, as well as, of Coodeweram received - are appended - The rate of last is invariable at Rupees 7 - 8 1/2 per Garee -

Persons "Beds"

No. 167

To,

B. Cunliffe Esqre
Sub Secretary in Charge
Board of Revenue
Fort St George

Sir

In compliance with instructions c

Bd. No. 1579
From the Actg
Coll. of Nellore

In reply to the Boards Proceedings of the 13th July last relative to the locality of private wells submits some suggestions.—

conveyed in Extract from the Boards' Proceedings under date 13th July 1854, and with reference to the Documents therein adverted to, I have the honor to submit such observations as have suggested themselves to me, upon the subject.

The principal, if not sole source of contingent detriment to the Revenue, to which the Honorable Court, appears to look, as the result of its proposed removal of all restrictions soever as to locality of new Wells, would seem from the tenor of para 4 of Despatch dated April 20th 1854, to be the serious one diminution of the supply of water in the Government Tanks and Channels, owing to the increased percolation, which would be caused by the closely adjacent sinking of such Wells, if in any great number and consequently

Fort St George 4th December 1854

much stress is laid, upon the probable extent, to which the permission - so to sink them, would be profited by if - unrestrictedly accorded,

That it would be so largely, I should anticipate, if only, from the probably exaggerated ideas of its benefit, which, express prohibition hitherto, is likely to have engendered -

To what extent, percolation itself is induced or increased by, or in proportion to, the proximity of Wells, is a question upon which my own limited knowledge of Hydraulics, induces silence - and upon this point, of course, any contingent deficiency of Government water and thereby consequent effect upon the Government Revenue from the lands under it must turn -

Apart however from this consideration altogether, I should advocate a continuance of the existing Rule 1st because I do not apprehend that this one restrictive exception renders the otherwise general Boon either - less really acceptable, or intelligible to, the Ryots, as a body - and which, the Honorable Court seems to anticipate its doing -

2ndly because, it would be I presume, in any case necessary to fix "some" limit, within which a Well should not be sunk, in order to ensure Bunds and Banks, against otherwise probably consequent damage - and which would of itself defeat the Honorable Court's purpose - its objection being, apparently, not to the particular existing, but to any, limit soever: and

3dly because of the Comparative facility for

Fort St. George 4th December 1854

for the actual use of Tank or channel Wat
by the owner of a Well in their immediate
vicinity, and under their influence the op
facility for false accusation of such — and
the difficulty of ascertaining the "fact" either
way: whilst I may suggest as a final, tho
indirect, consideration, that little, if any g
Water, that does and must percolate mo
or less from every Tank and Channel, an
be therefore inevitably lost to them, would
become so altogether, owing to the absenc
of immediate neighbouring Wells, thro' whi
it might again find its way upwards,
in as much as, it would do so, very genera
I believe, thro' such situated at very muc
greater distances than the presently pr
-scribed one and of which indeed a striking
example is afforded in the fact of perce
-lations from the large Tank at this stat
visibly and very materially influencing
Wells, at fully a direct Miles distan
Whilst one, sunk at about 300 Yards
distant from the Tank proper is not
influenced by but mainly dependent
upon it—

Trusting that I shall not
in this last observation — be co
held to have introduced each
-ous matter—

Proceedings thereon.

(30-31)

No. 580.

Resolved that the letter recorded be submitted for the information of the Right Honorable the Governor in Council.

In Cl: 12th May 1853. answer to para: 2 of Extract Minutes of Consultation dated 26th April 1853.

2. The total expenditure upon irrigation works in the Poonganoor Zemindary during the last twenty years, it will be seen is stated to have been Rupees 5,19[illegible]

Q. 1. The whole outlay has been on repairs only, no new works having been commenced within the period specified. Of the total amount the value of the works executed by the Zemindar Rs. 6,361-10-10 and the value of the works performed by Dasavundumdars and Shrotriumdars Rs. 45,562-14-3. This disparity is due to the great number of enamity tanks in the Zemindary for, out of a total of 1,312 tanks reported in the statement which accompanied the second of the letters above recorded only 164 are entered as Sir Kar Thogai number of Sir Kar tanks in repair at the close of Fusly 1262 exceeded those in repair at the close of Fusly 1242. by 27.

To. B. Cunliffe Esqre.
Sub Secretary in charge to the Board of Revenue;
Fort St. George.

(32)

Bd. No. 4285.
From the Offg. Agent to the Governor at Kurnool.

Sir,

1. With reference to the Board's Circular* dated the 11th March 1852 I have the honor to state that the Balance outstanding up to the end of Fusly 1261 amounted to Rs. 2,193-6-4- as exhibited in the Statement herewith forwarded.

2. Of the above amount the sum of Rs. 2,142-8-1- is for Enamity Tax which has been suspended from collection under the circumstances stated by Mr. Phillips, from Para 41 to Para 44 of his report dated October 10th 1848, and which accumulated from Fusly 1257 to 1261.-

3. In regard to the remaining balance of Rupees 50-14-3. which was ascertained on enquiry during the last settlement to be irrecoverable, a recommendation will be made in the Jamabundy Report for Fusly 1263 for sanction to write off the same from the accounts.-

=quest the Agent will expedite the despatch of the Report called for in their Proceedings dated 11th June 1849 No. 1289 para 7, on the arrears of revenue outstanding against certain Enams stated by a former Agent to have been erroneously assessed. This Report ought to have been sub=
=mitted at a much earlier date.-

No. 58.

To B. Cunliffe Esqre.
Sub Secretary to the
Board of Revenue
Fort St. George.

(34)

B.d No. 4591

From the Agent to the Governor at Kurnool.

Sir.

With reference to the Extract from the Board's Proceedings dated the 30th January 1854, requiring a report on the taxation of scattered Trees in unoccupied lands, I have the honor to report that trees coming under this head have in this District been included in the Amount of Rent for Groves &ca. as shewn in the accompanying Statement, and given to the highest bidder.-

2. But in the Nullamallah range inhabited chiefly

chiefly by Chenchoowars a half civilized race, the trees have not been taxed, as these people enjoy the produce and it has not been considered feasible to collect any revenue from them. Trees in Ryots Puttah lands and yards attached to their houses, and in Enam Lands have with a few excep=
=tions always been exempt from taxation.-
No separate return of scattered trees in unoccupied lands included in the rent for groves &ca. has been kept nor any fixed Tax imposed upon them.-

3. The produce of trees from 5 to 13 grown on Circar waste lands as enume=
=rated in the above Statement are of very trivial value, and, in the hands of renters, a means of extortion from the poorer classes. The exemption of these trees from taxation and the introduction of a Rule similar to that sanctioned in Trichinopoly for the taxation of scattered trees in unoccupied lands will therefore be a boon to the people, a great encouragement to plant, and may with advantage be introduced into this Province..

16351 Fort St. George 4th December 1854.

No. 119.

To, W. H. Bayley Esqre
Secretary to the Board of Revenue.—
Fort St. George.

(36)

Pd. No. 3985.
From the Collector of Nortto Arcot.—

Sir,

Your letter of the 27th June 1850. conveyed to me the desire of the Board of Revenue with reference to my representation of the necessity of a new Survey of the Penmurray Talook that I would examine the Survey and Assessment of five or six villages, and report in what respect I found them defective, and in the event of my continuing to think a new Survey and Assessment necessary, that I would submit my opinion as to the mode of proceding and the Establishment ne: =cessary to execute it.—

2. This letter would not have remained so long unanswered, but that I was out of the District, employed on other duty during the greater part of the period that has passed since it's receipt. The reason only it was not replied to before I quitted the District in March 1851. was that on further consideration I was of opinion that desirable and necessary as

as

Fort St. George 4th December 1854.

a new Survey of Penmurray Talook was, it would be better to postpone it till it could be done effectually by trained agency and under Professional Superintendence rather than in the defective and imperfect manner in which alone it would have been in my power to effect it. Not in Penmurray only but in all the Talooks the existing Surveys are defective and the records are mutilated or missing. The whole require to be resurveyed, but so much knowledge on the subject of Surveys having been acquired in recent years, I think it would be matter of regret that the work should be undertaken here in an inferior manner.-

North Arcot,
Collector's Cutcherry,
Chittoor, 21st October 1854.

(Signed) J. D. Bourdillon
Collector.

Order thereon.-

(36-37)

The Board concur with the Collector in opinion that the Survey of the Penmurray Talook should be deferred until the general subject of the survey and reassessment of the North Arcot District comes under the consideration of the Board. They therefore resolve to record the above letter.-

From the Collector of North Arcot ---

Sir,

With reference to the Board's letter of the 5th Instant reports on Petitions Nos. 1192 & 1294 of 1854 presented to Government by certain persons in the Calastry Zemindary Complaining of exactions and oppressions on the part of the Zemindar.—

1192 & 1294 of 1854

Mr. Cunliffs letter of the 5th Instant forwarded to me two Petitions presented to Government by certain persons in the Calastry Zemindary complaining of exactions and oppressions on the part of the Zemindar and bearing endorsement by Government calling for information as to the condition of the Ryots of the Zemindary, and conveyed to me the orders of the Board of Revenue to furnish the information called for at an early date. This I now proceed to do and I return at the same time the two Petitions, with their enclosures.—

2. The system of Revenue prevailing in the Zemindary is different from that in the Government Talooks in some important respects. but it may be doubted whether as regards physical comfort there is much difference between the Ryots of the Government and of the Zemindar.—

In.

Fort St George 4th December 1854.

In the Government Talooks systematic money assessments were introduced half a century ago, limiting the demand, and diminishing the interference of Government officers, but the rates of assessment were far from moderate then, and have since become extremely onerous through the large decline in the money price of grain In the Zemindary, the Revenue from Poonjah lands is understood to be received in Money but that on Runjah is taken in kind and thus the whole falling off in the money value of the crop does not fall on the Ryot.—

3. Some practices I understand to prevail there which are certainly injurious to the Ryot. I allude particularly to the mode in which the Zemindar holds the crop as security for the rent. It appears to be the custom for his officers to take charge of the grain as soon as cut, and retain it till the demand on the land is settled. This settlement is often put off for months through delays on the part of the Zemindars own Servants, and if in the interval

Fort St George 4th December 1854.

interval the Ryots require grain for consumption or for seed, it is lent to them from the Zemindars stores which he has in every Village, and is repaid with interest This is no doubt an injustice and an oppression, but it is not different from practices common all over the country I apprehend, up to the close of the last Century. Judging by the appearance of the Villages, houses, and fields, in the Zemindary on the only occasion in which I have passed through it, I should not conclude that the Ryots generally are worse off there than in the Government Talooks. There certainly appear to be some wealthy and prosperous Ryots in the Zemindary, indicating that in spite of apparent disadvantages they are still able to hold their own. I doubt whether any great disposition exists among the Ryots of the Zemindary to change places with those of the Government.—

4. During the last two years a quarrel has been going on between the Zemindar and a large section of his Ryots, arising from the latter disputing the

Fort St. George 4th December 1854.

the justice of his demands. The case was carefully investigated last year by Mr. Brett the acting Collector on a petition from certain of the Ryots, and he dismissed the complaint on the ground that the Petitioners had failed to prove that the Zemindar had demanded or levied any money from them beyond what he was entitled to. a copy of Mr. Brett's order is among the papers now received† It did not satisfy the Petitioners, many of whom continued to agitate the question, supported it is said by some parties at Madras, but it appears to be based on sound reasoning, the complaint of the Ryots is one calculated to arouse immediate sympathy, but even supposing their position to be one of disadvantage, interference in their behalf can only be exercised in conformity with the law, and with the rights of the Zemindar.

† Dated June 11th 1853.

5. Latterly the quarrel has assumed a new phase, The Zemindar has held the crops of the recusant Ryots in his hands for two years and this was justly

Fort St. George 4th December 1854.

justly made ground of complaint. I directed the Zemindar to release the grain of the complaining parties informing him that he would be at liberty to attach that or any other personal property of the parties, to the amount of the arrear alleged to be due, and that the claim if contested would then be investigated. Instead of releasing the grain at once, the Zemindar required the parties previously to sign a paper drawn up by him, resigning every thing in dispute and putting themselves entirely into his hands. This they refused to do and applied to me again, and I have informed the Zemindar that his proceedings both in retaining the crops so long and in demanding the document were quite illegal, and have required him to give up the grain without further delay, under penalty of having the arrear due declared forfeited under clause Fifth Section IV. Regulation V. of 1822. In more than one case too, wherein parties forcibly removed grain under the Zemindar's seal, I have refused to punish them, on the ground that the detention of the grain was illegal. I am not at all sure that even now the Zemindar will

will release the grain in accordance with my order, and in that case the penalty should be enforced.—

6. It is observed by the Government that hitherto puttahs have not been in use in this Zemindary neither have they been in the other Zemindaries or Polliums in this District— The Zemindars dislike them as lessening in appearance at least the autocratic right which they conceive themselves to possess of disposing of their land and their tenants as they please; and it is doubtful whether the Ryots wish for them— From Mr. Bretts order above referred to, it seems that those of Calastry did not, till put up to ask for them by some more intelligent or crafty advisers— Hitherto while things have gone on peaceably between the Zemindar and the Ryots, and the Revenue has been collected without appeal to authority, the absence of Puttahs has been no in=
=convenience, but if this state of things is changed, and the Zemindars own means of coercion cease to be submitted to, or are interfered.

interfered with, he will find it necessary to conform to the law in the matter of Puttahs in order to qualify himself to take advantage of the law of distraint.—

7. It is certain that he has such means of coercion, though they were no doubt curtailed by the withdrawal of Police authority from him in 1846. For the sake of checking such irregular practices it is desirable that an active Assistant Magistrate should be resident within the Zemindary during a considerable part of every year, visiting the various parts of it and freely accessible to the people. I have long wished to make such an arrangement, but hitherto I have never had an Assistant available for the duty— I must add with reference to the supposed unfavorable condition of the Ryots that the surest way of improving their position is to ameliorate that of the Government Ryots, measures tending to that end cannot fail to act indirectly on the con=
=dition of the Zemindary Ryots also.—

8. The foregoing remarks relate

relate chiefly to the former of the two Petitions specified above, which is from Ryots, the second No. 1294. is from a number of Taliaries and tolies who complain that they have got no redress on former complaints to the District authorities, These parties also laid charges against the Zemindar in 1852. complaining that they were compelled by the Zemindars brother to perform services not appertaining to their offices and also that they were not allowed to enjoy their customary and lawful emoluments, but were obliged to pay a portion to the Zemindar. An order was passed on that complaint by Mr. Binning when acting Collector, after obtaining an answer and explanation from the Zemindar. The order declares that no grievance had been made out by the complaining parties and that it did not appear that they had been subjected to any unusual demands.—

9. With reference to the Petition from these parties I may add that the Zemindar denies the right of the Revenue authorities.

authorities or indeed apparently of any authorities to interfere between him and the village servants in the Zemindary, of these and other classes. This question being one of importance, and appearing to require authoritative decision by those who are appointed to interpret the Regulations I have this day submitted it to the Board in

in a separate communica-
=tion in view to such a decision.

10 The Petitions re-
=ceived with your letter under
reply are herewith returned
together with the enclosures
of the Ryots' Petition —
thirteen in number.—

1192 and 1294 of 1854. of Government on the Petitions noted in the margin,
from certain Ryots and others of the Calastry —
Zamindary, I am directed to submit the enclosed
Octr. 23d. 1854 No. 123 In Cons. 4th Dec. 1854 No. 4103. report† from the Collector of North Arcot on
the matters alleged in those Petitions.—

2. It will be seen that Puttahs
are not in use in the Zemindary, but on the
other hand it is uncertain whether they have
been desired by the Ryots— The Zemindar
appears to be well aware that without Puttahs
he cannot recover his dues by legal process,
but hitherto he has never had recourse to
such measures— It seems not unlikely that a
consequence of the present state of affairs in
† Paras 4 to 7 the Zemindary, as described by the Collector† will
be to compel the Zemindar to put himself

of distraint.—

3. The Board beg to request the
attention of Government to Para 7 of the
Collector's letter— The conduct of the Zemindar
in

Fort St. George 4th December 1854.

in detaining the crops of the Ryots for two years was certainly illegal and oppressive and for the protection of the Ryots from such illegal proceedings, and for maintaining the authority of the Magistrates in the Zemindary, it is very desirable that an Assistant Magistrate should be resident within it, for a considerable part of every year. With the existing establishment it must always be difficult to spare an Officer for the duty, but it seems so necessary at the present juncture, that a European Officer should be on the spot, that the Board have directed the Collector to depute one of his Assistants to reside in the Zemindary for the next few months.—

4 Adverting to the concluding Para of the Government order, the Board beg to observe that it appears to them less necessary that the existing law should be modified than that the local officers should be furnished with adequate executive means of carrying it into effect.—

5. With respect to Petition No. 1294, to which the concluding Paras of the Collector's letter refer, the Board have recently addressed the Government on the subject of the Village Police emoluments in the Ryotwary Zemindary in submitting the separate letter spoken of by the Collector.—

To
The Collector of
North Arcot

Bd. No. 2686.

To the Collector of North Arcot

Sir

Adverting to the late Collector's letter of the 23d October No. 123 reporting on Petitions from certain persons in the Calastry Zemindary, I am directed to inform you that the Board of Revenue are of opinion, with reference particularly to Para 5 of the letter, that it is very desirable that a European Assistant should be resident in the Zemindary at the present juncture, and to desire accordingly that you will depute one of your Assistants on that duty, to remain in the Zemindary for the next two or three months.—

2 You will of course vest such Assistant with authority to deal with the cases brought before him, and furnish him with instructions for his guidance. It is undesirable that any thing should be done likely to excite unreasonable expectation in the Ryots; but they should be protected from illegal proceedings on the

the part of the Zemindar The detention of crops for two years is certainly of this character. Under Section XVII Regulation XXVIIII of 1802 the Zemindar possesses a lien on the Ryots crop; but he is not justified in detaining it indefinitely till his demand is satisfied, such a course renders quite nugatory the provisions of Regulation V of 1822 enacted for the protection of the Ryot.—

Revenue Board's Office
Fort St. George

Signed B. Cunliffe
Acting Secretary

Read again letter from the Collector of South Arcot dated 6th and entered in Consultation 16th October 1854.—

(41)
B.R. No. 2691.
Proceedings thereon

In the Board's Proceedings of 17th August last the Collector was instructed to consider this subject with a view to extend to lands watered in the above manner the benefit of the modification of assessment which has been generally allowed to Nunjah lands. To carry out this purpose Mr. Hall proposes a reduction of one third in the rates of Nunjah and Ponjah Kuzuvi, by which the former would be reduced from 6 to 4 rupees

Rupees. and the latter from 3 to 2 rupees per cawney.

2. In the District of South Arcot the Kuzuvi revenue amounts to a considerable sum, much dry land having been brought under irrigation by the Lower Coleroon and Pellaur anicuts and by some of the river Channels especially those of the Ponneeaur.— It is very desirable that these lands should as per date found practicable be reclassed and permanently assessed as wet. and until the Board have before them detailed arrangements for the purpose, they cannot satisfactorily fix the rates of Kuzuvi which are to be hereafter levied on dry lands when brought occasionally under irrigation Pending however the completion of the enquiries in which the Collector is now engaged they sanction as a temporary measure in the Hoolee Talooks the modification of the Kuzuvi rates recommended by him.—

3 To prevent uncertainty and disputes it is desirable that advantage should be taken of this opportunity to define authoritatively the descriptions of produce which are to be considered dry and wet

16368

Fort St. George 4th December 1854.

wet crops, and Mr. Hall is requested to prepare a list accordingly and send it for the Board's approval. In North Arcot paddy, sugarcane, betel, and Plantains are the only descriptions of produce classed as wet under the revised† rules recently sanctioned by the Board and Mr. Hall is requested to state whether he sees any objection to a similar arrangement in his District charging hereafter Punjah Kuptur only when any other product is reared on dry land by the aid of Government water.—

† Proc: to North Arcot 5th October 54 No. 2187

4 In the 8th & 9th Paras of his letter the Collector alludes to Garden & Kuptur on which a rate of Rupees 8 used to be levied per Cawney and asks instruction for his guidance respecting it. The Board learn from their member Mr. Maltby that while in charge of South Arcot he recently issued orders abolishing Garden Kuptur and bringing it under the head of Punjah Kuptur thus limiting the water tax to the 2nd rate of Rupees 6 per wet crop and Rs. 3 for dry. If there was uncertainty in the wording of those instructions which were issued under the authority of Government for abolishing distinctions which acted as an extra tax on products of a superior description it can be rectified by Mr. Hall.

C. C. to Govt 6th

The Collector of Tinnevelly has reported that the Enamdar of Kalakkadu has been in the habit of granting to the holder having land of the Extent mentioned in the Statement the following annual allowance as an inducement to the Collector in the 15th September to credit to Government the Rent of the land, and the Collector has been accordingly in the habit of doing so. The Enamdar has now refused to continue the allowance, and the Collector has therefore suspended payment of the Peishcush due to the Enamdar. The Collector has been directed by the Board's letter to Govt 9th September 1854 No. 317.

Sub Secretary in charge

Board of Revenue

(44)

Bd's No. 2367

From the Ag Sub Collr. in charge Coimbatore

Forwards for the consideration of the Board copy of a communication from Lieutt Michael Superintendent of Annamullay Forest Dated 1st Instant reporting the encroachments made by the Cochin Servants on the Company's forests and proposes arrangements for defining the boundary line and for putting a stop to the encroachment.—

Sir

I have the honor to forward for the consideration of the Board a copy of a communication from Lieutenant Michael Superintendent of the Annamally Forests dated 1st Instant.—

2 The subject of Lieutenant Michaels letter is of much weight, and it would be needless to dwell upon the importance of preserving the tracts of forest still remaining to Government after the large cessions to Cochin and the Columgode Kumbidi.—

3 Those best acquainted with the Forests I believe, regard as defective and unsatisfactory the conclusions arrived at by Capatain Horsley with respect to the boundary line by which a large tract, hitherto considered to belong to Coimbatore, was last year made over to the Cochin state. That dispute has however been decided by Minutes of Consultation dated 2d June 1851, which it is probable cannot be reconsidered, and emboldened by their success the Cochin servants are now attempting further encroachments.—

I

Fort St. George 4th December 1854

4 I would beg to draw attention to Lieutenant Michael's positive statement that the portion of land now claimed is by Map 62/ by which these disputes have hitherto been settled the undisputed property of Government and respe fully urge that these new demands should be jealously watched, and not admitted except upon the fullest and most convincing testimony, otherwise there can be little doubt that claim will follow claim till almost every valuable forest tract is absorbed, and little left to Government but the worthless Bamboo and Brushwood Jungle.-

5 It cannot but be a cause of great anxiety to the Raders, who under Lieutenant Michael judicious management have in late years been raised so much above their slavish and abased condition, to see their most profitable tracts, the produce of which they have so long enjoyed and which are as valuable to them as the best rice grounds to the Ryots of the plains, gradually withdrawn from their posession - With the right of gathering Cardamums one of their most profitable occupations and means of future improvement will also disappear.-

I would

Fort St. George 4th December 1854

6 I would therefore beg strongly to support the Superintendents recommendation that authorized agents from either beirkar may meet year be appointed to meet and permanently define the boundary between Coimbatore and Cochin and that Lieutenant Michael should be one of the agents on the Government side, as posessing local knowledge and the confidence of the Raders far beyond any other Officer. I would also suggest that till such investigation and decision take place the Resident of Cochin be requested to take measures to stop the encroachments mentioned in Lieutenant Michael's letter.-

Coimbatore...
11th November 1854 } / Signed / M. J. Walhouse
Acting Sub Collector
in charge

No 1

To M. J. Walhouse Esqre
Sub Collector in charge of
Coimbatore

Sir I have the honor to bring to your notice a complaint which has been made to me by certain Raders, inhabitants of these Forests, and as I am almost the only European with whom they

they have any direct communication, I think it my duty to forward their case to you.—

You are aware that a large Forest tract has lately been ceded to the Cochin Circar, by our Government, and consequently as the collection of Hill Produce is still held in monopoly in Cochin / the Hill tribes can now no longer collect, and sell the various spontaneous productions of the Jungle from the above tract, as they have hitherto been in and the habit of doing. This they considered a great hardship, but of course bowed to the decision of Government, however, they now complain, that the servants of the Cochin Circar, who have been sent to collect Hill produce, have now made further claims to a great portion of land — which by Map No 62 is the undisputed property of Government and have prevented to Ryots from collecting the cardamoms y/a the most valuable of the Hill produce / which grow there asserting that "Siragoon Lu" "Nelly Condu" and in fact all the tracts of Jungle in which Cardamoms grow in any abundance, have also been ceded to the Cochin Circar.—

As

As the above mentioned spots are beyond all doubt in the Coimbatore District if Map No 62 is to be taken, as a guide these assertions have of course been made, to the Ryots by the Cochin Peons, to serve their own ends, and without the knowledge of the Cochin authorities. It is however, highly desirable that this may be at once put a stop to — not only for the sake of the Ryots, but in order to prevent the possibility of a plea of "possession of the land from time immemorial" being put forward at some future time as a claim to the ownership of the land in question.—

The Hill tribes are exceedingly anxious that the boundary line between Coimbatore and Cochin, as it now stands may be definitely pointed out to them, by some person in whom they can confide; for at present owing to the fact that the line marked in Map No 62 leaves all natural boundaries in several places / for no apparent reason / it is impossible to tell, unless a mark is made, whether any individual tree or patch of cardamoms y/a y/a near the boundary is in Coimbatore, or Cochin — A glance at

16376

Fort St. George 1th December 1854.

at Map No. 62 will at once explain my meaning. Near "Poulacuddu" and "annamullay chary" the Rivers are evidently the natural boundary but the line from thence to Vengalay Peak which runs thro' Teak Forest - is most eccentric and must remain obscure until marked by a ditch, and if it appears obscure on a Map, the scale of which is 4 miles to an inch, how much more so must it be in reality to a person walking through tangled brushwood.—

Under these circumstances I beg to recommend that next season when the Forest becomes healthy, authorized agents may be appointed from Coimbatore and Cochin respectively to meet, in the Forest, and permanently define the boundary - By minutes of consultation under date 2d June 1854 the boundary Dispute is nominally at an end, but virtually it is by no means. so owing to the causes mentioned above.—

To,

B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue
Fort St George-

(46)

Bd No 1194
From the Collector of Canara

Furnishes information called for in the Boundary Proceedings dated 18th September 1854 in regard to the buildings for bonding Salt at Mallapoor and also measures for preventing abuses.

Sir,

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue under date the 18th September 1854- requesting me to state what buildings public or private are available for bonding Salt at Mallapoor, and what measures and rules I would propose for preventing abuse.-

2. In reply, I have the honor to state, that there are no buildings at present at Mallapoor beyond a few Shops, but I think it probable that if the practice of bonding is permitted, under certain prescribed rules, suitable buildings will be erected.-

3- It is not a point upon which

which I lay great stress because I cannot be desirous that Goa Salt should supersede our own manufacture, and as the Government have directed me in the event of its doing so, to reduce the Monopoly price, the trade is on a very uncertain footing.

4. I have however been asked by several merchants whether they would be allowed to import Salt, and to pay the duty as they sell it or whether it must be paid in advance. They say that if the duty must be paid in advance, the trade in Salt by Sea would be beyond their power as a large capital must be invested in a very perishable article At present on the Goa frontier the trade runs: thus the upper merchants pass with a load of rice - this they sell at Goa purchasing some cheap Salt and retaining cask to pay the 12 Annas duty on the frontier - but by sea the Merchant must advance the duty on a Patimar load at once and retail

retail it gradually to the merchants.

6. Were the practice of bonding allowed, the Merchant might lay in a stock of cheap salt at Mallapoor, or Catigal, and the upper dealer finding it there nearly as cheap as at Goa, would spare himself a long and expensive land carriage, he would make use of our improved Ghats, instead of the unmade Goa roads. The rice would be brought by the dealers at Mallapoor and sent by water to Goa, and the traffic of our own ports would supersede the land traffic over a rugged frontier.

7. Should the practice of bonding be allowed, the rules I would suggest are, that the person bonding is to provide a suitable building - that he is to give good and sufficient security for the payment of the whole duty within a given period - that no quantity less than 5 Garce shall be passed into bond - that one key of the bonded house is to be kept by the owner and one by a servant of Government - that no quantity less than one Garce shall be removed that the duty is to be paid before the removal of the Salt that

Fort St George 4th December 1854.

that when the period for which the Salt was bonded is completed, the balance of the duty is to be collected, and the Government lock to be removed.—

8— It would be only one or two of the principal dealers who would be likely to apply for the permission above proposed in the first instance, and it would only be on ample security that such permission could be conceded.

9— Should the Board think fit to authorize the measure experimentally I shall do so with due precaution.—

10— I beg to remind the Board of my request for an extra establishment for checking smuggling in Aukola— A very moderate calculation shews that the Government revenue is now defrauded to the extent of 16,000 Rupees annually, and it is very desirable to take the present opportunity of substituting a legal trade for one so detrimental.—

Collector's Cutcherry
Mangalore .....

Fort St George 4th December 1854.

No 582

Read again letter from the Collector of Canara, dated 22d July 1854, requesting permission to allow Importers to Bond Goa Salt.—

In Cons. 18th Septr 1854 (46-47) Bd No 2679

Proceedings thereon.— 1. Resolved that the letters above recorded be submitted for the orders of Government.—

2. In the earlier letter, the Collector proposes that Merchants should be allowed to Bond, at the stations of Mullapoor and Cateyal, the Salt imported from Goa into Bedashaghur and Tudderi.—

3. In his second letter, which is in reply to the Proceedings of the Board dated 18th September 1854, he states that there are no buildings at present at Mullapoor beyond a few shops; but that if the practice of bonding is permitted, suitable edifices will be erected. He also states that if Merchants be required to pay the duty in advance on the importation of Goa Salt the trade in that article by sea will be beyond their power.—

4. The present whole sale smuggling of Salt noticed in Para 4 of the Collector's letter of the 22d July, makes it very desirable that facilities should be given to the legitimate trade

In. Cons. 18th Septr 1854.

trade, in order to the diminition of the illicit traffic and the circumstances mentioned in Paras 5 and 6 of the 2d letter / October 27th / are additional collateral reasons for encouraging the trade - As respects the proposed increase of Establishment, the Board beg further to request the attention of the Right Honorable the Governor in Council to Para 5 of the letter of 22d July. —

In Cons: 4th December 1854

In Cons: 18th Sept 1854

5. Under all the circumstances, the Board have no hesitation in supporting the recommendation of the Collector, both as respects the permission to Bond Salt, and the increased preventive - Establishment. They beg to recommend that immediate temporary sanction should be given to both proposals to endure till the 31st May 1855, when the Coast will be closed and all trade must cease. The Collector should then report on the effects of the arrangements, and state his opinion as to their being received and made permanent - The Rules proposed by the Collector for bonding the salt appear to the Board judicious and sufficient, but the Board propose to instruct him to make importers distinctly understand that deduction for wastage will not be allowed. The Board beg to add that if the measures now proposed are approved by Government, the shortness of the time makes it desirable that they should be sanctioned without delay - as there seem to be no suitable buildings at Mullapoor at present, the bonding would probably be confined for the present season to Cutigal, unless suitable temporary buildings could be erected.

Although

1638

Ordinary Meeting 4th December 1854

Present 6

Although the remuneration of the last year is somewhat below the

of the year despondence will be seen from the above table it is still greater than

1861 — 4091
1862 — 4370
1863 — 4446

that of many other years —

The following is a statement showing the fluctuations in the different heads

Fort St. George 4th December 1854

8.

The decrease in the Receipts of Bunder and Pannumgoilore to the amount of Rupees 2,1148 - 14 - 2 is to be attributed partly to the prevalence of cholera and murrain among cattle, and partly to the scarcity of grain and to the high rates and wide dispersion of the trade from this Coast - It is also partly owing in part to the increasing trade of the Pennandy Ghaut and Shoranoor Ghaut and that in the sales of Salt at Tellicherry and Cannanore as there was an increase of 14,000 Pounds above the previous year -

9 The falling off in the Receipts of Honawar and Vaderhully is the result of Hands employed in the Extent of Rupees 3,613 - 3 - 2 as more than counter balanced by the increase in the Receipts of Bye Roads Rent Ungalgee and Hondi These fluctuations are caused by accidental circumstances in the trade -

10. There is also a decrease in the Receipts of Kegal and Mysindy to the Extent of Honawar, which is partly owing to Salt having been allowed to be imported on the Ghaut Frontier during the last year - The import of the year under review amounts to 1,525 Khalee Candy - But it is expected that the causes detailed in the last para, the scarcity of food in Belgaum and the Burmah army the cattle

11 The fluctuations in the Sales for Home Consumption during the year under Report are as follows

Fort St. George 4th December 1854

The

16391

Fort St. George 4th December 1854

12. The duty factory increase observed in these sales is partly the result of the annual allotment to in Para 10% by 1st Report of the measure a check has been put upon frauds practised by the delivery of salt beyond factories in Division, but chiefly to the enforced removal of the consumers resulting from the abolition of the Salaar Bunkshops - The decrease in the collection of Honor and Abkla is to be attributed to the said large Quantity manufactured in the Salt Golahs.

The Salaar Bunkshops were abolished during the [illegible] year (when none manufactured) and the Salt Golahs were established in their stead.

The increase in the collection of Sea Customs is chiefly due to the enhancement of duty on Betel Nuts.

The revenue realized from this head during the year under Report falls short of the average of former years by Rs. 2,05,324 — 14-10 of the Salt trade by the Sea distributions exceeds the average by Rs. 1,91,963 — 5 — 4 but

The decrease is owing to the interruption of the Salt trade by the Sea distributions prevailing in the inland districts to a considerable extent.

	Total duty	Deduct drawback		Remainder	
1261	39,362	11	33,268	14	9 6095 13 2
1262	56,063	2	48,113	12	4 7949 6 10
1263	52,899	14	45,454	4	10 7445 9 3

as well as to the scarcity

The duty realized in the inland districts is affected by the fluctuations in the price of salt, the average of the last three years being Rupees

1.5 The marginal Table exhibits the Collections at each of the Chokies on the Goa frontier where duty is levied. The decrease appearing in the Chokies of Dakurpa &ca is to be attributed partly to the disturbances still prevailing in the Goa Territory and partly to disease amongst man and Cattle in those places during the past Season. There is however an increase in the Chokies of Majally Gopeshetty and Diggie which is in consequence of traders having resorted more to these places for the reasons shewn above.—

This

Fort St. George 4th December 1854.-

Ferry Farms. 24. This is also an increase in this branch of the Revenue over the past year as well as over the average of former years to the extent shewn in the Margin..

1262	9359-0-0
1263	10489-6-0
Increase	1130-6-0
Average of five years	8078-3-2
Increase	2411-2-10.

Small Farms and Licences } 25.

1262	12395-14-0
1263	18570-12-7.
Increase	6174-14-7
Average of 5 past years	10470-0-8
Increase	8100-11-11

The Collections from this source exceed those of the previous year by Rupees 6174-14-7. and the average by Rupees 8100-11-11 as noted in the Margin.

The increase in this branch it will be observed is very considerable;

	1262.	1263.
Small Farms	7588-8-0	6248-11-1.
Aumany	4807-6-0	12322-1-6.
	12395-14-0	18570-12-7.

The revenue of the present year compared with that of the past is given in the margin.-

26. The Customs of farming out the Jungles having been discontinued as mentioned in my last Report, the Revenue under the head of farms is diminished, but this decrease is more than counterbalanced by the increase obtained under that of Aumany.-

The

Fort St. George 4th December 1854.-

Moturpha. 27. The Collections under this head during the past fusly are in excess of those of the previous as well as the average of former years in the proportions noted in the Margin. On the 19th July last I addressed the Board on this subject..

1262	17574-13-4-
1263	18550-12-7.
Increase	975-15-3.
Average of 5 past years	16931-10-1
Increase	1619-2-6.

28. In the Moturpha Revenue of the present year is also included the Amount levied as tax on the manufacture of Sugar and Jaggery from toddy, the order of Government for the discontinuance of this tax, as recommended by me in my last Report, having been received too late for it to be carried into effect last year.-

29. The Tobacco Monopoly now disappears from the report.-

Stamps- 30. The Revenue realized from this source during the year under review exceeds that of the previous year by Rupees 763-5-0 and the average of former years by Rupees 6153-14-0 as shewn in the Margin..

1262	57205-1-0
1263	57968-6-0
Increase	763-5-0
Average of 5 past years	51814-8-0
Increase	6153-14-0

The

Fort St. George 4th December 1854.

Amsendevi Islands.

31. The Revenue derived from the Amsendevi Islands exhibits an increase of Rupees 10,169-10-4 above the previous and of Rupees 5,778-1-10 when compared with the average as noted in the margin. The great increase in the Revenue from this source is in consequence of a very large shipment of Coir to Bengal in the past year.

1262	13,424-8-7
1263	23,594-2-11
Increase	10,169-10-4
Average of 5 past years	17,816-1-1
Increase	5,778-1-10

32. Of the total demand of Revenue from the extra sources Rupees 7,68,139-u-10 Rupees 7,41,170-8-3 have been collected within the Fusly and Rupees 25,033-7-5 up to the date of this report, leaving a net balance of Rupees 1,935-1-2.

Demand	7,68,139-u-10
Collection within the Fusly	7,41,170-8-3
Balance	26,968-8-7
Since collected	25,033-7-5
Balance on the date of the report.	1,935-1-2

33. Of the arrears outstanding at the beginning of the past year Rupees 22,958-15-u were collected and Rupees 22-12-u written off the accounts under the sanction of Government dated 24th February last, leaving a balance of Rupees 7-4-2 which has been

Collected within the Fusly	22,958-15-u
Remissions sanctioned	22-12-u
	22,981-11-u
Balance	7-4-2

Fort St. George 4th December 1854.

reduced by subsequent Collections to Rupees 4-13-7.

34. †Fusly 1263. appearing in the two preceding paras, I have to request the remission of Rupees 1,639-14-2 and Rupees 3-11-7 as irrecoverable, the items are shewn in margin. On the first item which forms a portion of the contracts for felling timber from the public Jungles, a separate communication will be submitted, but I may here mention that the reason of its being irrecoverable is that a severe outbreak of Cholera prevented the Contractor from removing his timber. It is a mere annulling of a part of the bargain between the Government and the Contractor. Of the second sum of Rupees 50-3-6 I shall speak in the succeeding paragraph. The third item of Rupees 14-10-8 is upon a Ferry contract in the Buntwal Taluk. The contract was made under the belief that the bridge would not be built within the Fusly as the bridge was brought into use earlier than

Sundry farms	1,575-u-u
Salt	50-3-6
Ferry farms	14-10-8
	1,639-14-2
Fusly 1262 Moturpha	3-11-7
	1,643-9-9

was-

was expected, I think it just to remit this portion of the Demand. The remaining sum of Rupees 3-11-7 is due on account of Moturpha for Fusly 1262. of this Amount Rupees 2-11-7 are outstanding against a man whose house and ground have been swept away by the shifting of the Mangalore Harbour to the North, and the remaining Sum of 1 Rupee is due from two men one of which have deserted the Country and another is in utter distress. Sanction is therefore requested to write off the accounts these several Sums amounting in the aggregate to Rupees 1643-9-9.

35. Of the amount Rupees 761-9-3 reported to have been stolen out of the cash chest at Bajeh Rupees 711-5-9 have now been collected from the Servants of the Depot. The balance Rupees 50-3-6 is the share falling upon one of the Peons as the robbery happened before his Security bond had been taken as mentioned in my Report for Fusly 1261 (Para 36) I have no means of recovering this Sum, and therefore Sanction for writing the same off the accounts is above requested. This

Amount is the price of 167-3-1 m p o of Salt. The amount collected has been credited under the proper head as the purchase of the Salt.

36. The charges under the Salt Monopoly exceed those of the previous year by Rupees 16,870-1-5 a p as shewn in the Marginal Statement.

	1262	1263	Increase
	Rs. a p	Rs. a p	Rs. a p
Purchase	64,333 6 9	68,188 15 -	3,855 8 3
Establishment	16,386 9 10	17,629 13 11	1,243 4 1
Freight	13,506 1 7	24,418 - 9	10,911 15 2
Sundries	5,645 2 8	6,504 8 7	859 5 11
Total	99,871 4 10	116,741 6 3	16,870 1 5

37. The increase in the purchase amount is owing to an increase of 582 Garces in the home manufacture. The increase in the amount for Establishment arises from the increased Establishment having been charged for last year only from February and not for the whole year, as well as from an increase of Servants in the Hoteys at Nuggerhly and Kutgal under the Sanction of Government dated 28th February 1854.

38. The great increase appearing under the head of freight to the measures reported to the Board last season

Fort St. George 4th December 1854.

Season of making the Contractors responsible for all deficiency in delivery at the monopoly price of 120 Rupees instead of 20 Rupees as heretofore. To meet this responsibility freights were of course greatly raised, but the result is a large saving to Government as evinced by the diminished amount of wastage and increased sales of Salt. The high freights will moreover be gradually brought down by competition. The total amount of wastage during the past and previous fusilies are given in the margin.

1262 — 738 — 223
1263 — 602 — 111
Decrease 136 — 112
which at Rupees 120 per garce is equal to Rupees 16,353. —

Sea and Land Custom Charges.

39. The fluctuation in the Charges under the head of Sea and Land Customs are too trifling to call for any explanation and are given in the subjoined Table. —

N.B.

A difference will be found in some of the items of Receipts and Disbursements as are given in this Statement and the other Accounts which accompany the Report on the Extra Service. This is owing to this account being prepared by omitting all Transfer Adjustments and including only the Actual Cash Transactions and Advances under each Service of Revenue on the same principle as that observed in the preparation of the General Abstract of Receipts and Disbursements furnished to the Accountant General under Special instructions received from him. The other accounts have been drawn out under the old System

50

Bd. No. 4356.

From the Collector of Canara—

Forwarding an advertisement for sale of 2— Estates on account of arrears of Revenue.—

Fort St. George 4th December 1854

Ordered to lie over—

No. 119

To

B. Cunliffe Esqre

Sub Secretary to the

Board of Revenue

Fort St. George.—

Sir,

I have the honor to forward for publication in the Board's Office an advertisement for the sale of 2 Estates for arrears of Revenue.—

2.— The Board in their Secretary's letter of the 3d November last request, that in future advertisements for this purpose may be submitted in the form prescribed in C. O. 9th the 10th August 1826; but I think it probable that the Board have not adverted to their letter of the 4th January 18 in which the form now followed was established in supercession of that previously observed. As the present form is well adapted to the circumstances of the estates of this district, I have thought it better to adhere to it, pending the further instructions of the Board.—

Estate No. 1

3. This is a case in which the defaulter has fallen into arrears by totally neglecting portions of the land and paying but little attention to the rest. The Estate consists of garden to the extent of 13—36—14½ and the demand on it is Rupees 39—11—7 a very moderate Assessment, altho the soil is not of very good quality. The defaulter possessed another estate more profitable, but this has been alienated from him by Civil action and he is in poor circumstances. As the party is unable to bring the land under cultivation it is necessary that it be alienated from him by public Sale when it will readily find a purchaser and the Government revenue will be realized.—

Estate No. 2.

4.— The full amount of Government demand upon this estate is Rs. 168—8—5 of which sum Rupees 50—11—7 is under Board shefarish and the remainder Rs. 117—12—10 is due from the defaulter. The extent of the estate is as follows.—

	Rice land.			Bagayet.			Total.		
	A.	G	a	A.	G	a	A	G	a
	12	22	15¼	4	27	14	17	10	13¼

E&G

16440

Fort St. George. 4th December 1854.

This land being situated in the town of Honore is capable of bearing the assessment if held as an undivided estate— At present no portion of it is in the hands of the defaulter. A part of the estate is let out by him on Mooligueny or permanent rent, and the remainder held under him on Chalgueny or by tenants at will.—

	Rice land			Bagayet			Total			Peroaz Woo township		Beriz.		
	A	G.	a	A	G	a	A	g	a	Rs.	As	P.	Rs.	As P.
7 Portion on which the Mooligueny Renters pray to Government direct.—	3	39	3	4	27	14	8	7	1	164	9	"	50	12 "
5 Under the Wurgodar on Chalgueny	9	3	12¼		"		9	3	12¼	91	12	"	67	" 10.
	13	2	15¼	4	27	14	17	10	13¼	256	5	"	117	12 10.

The

Fort St. George 4th December 1854.

The defaulter urges that the rent paid by the tenants who held on Chalgueny is not equal to the Rewaz Rootwally / the value of rice &c. given by them as rent not exceeding Rupees 58.) and that they should be made to pay the full amount of rent payable according to the capabilities of the land and also that the Moolgueny holders should be made to pay an assessment in proportion to the Beriz of the Estate. But it is the business of the owner to arrange with his tenants and it is not desirable that the Government should assume this duty. I therefore consider it necessary that the whole Estate should be put up to auction unless the tenants and the Moolgar adjust their rights and satisfy the Government demand. I presume that the rights of all the tenants are voided by the public sale, and without this, the present assessment cannot be realized.-

5. I am not aware whether this subject has ever before come under the notice of the Board, and therefore in proposing the sale of the land in the present instance, I beg to point out some

difficulties-

Fort St. George 4th December 1854.

difficulties which suggest themselves to me, and to state what on the whole appears to me to be the best rule to establish in similar cases.-

6. Supposing an estate to be liable to sale for arrears of Revenue, and it is alleged that a portion of it is held on Moolgueny, what is the course to be pursued? It is evident that the Moolgueny agreement is no bar to the Government demand for assessment proportioned to the land which the Moolgueniger holds, but if the Moolgueniger says, that he is prepared to pay the amount of Beriz / even if in excess of the rent which he has paid hitherto / what should then be done? - Should a proportional Beriz be assessed on that plot before the sale takes place, or should the parties be informed that this is a matter to be settled between the landlord and tenants, and that the Government can only demand the full assessment from the whole estate.-

There

7 There are many objections to the first plan. If it were followed the Government assessment could not be realized till numerous claims are adjusted and there is an opening for fraud. Many arrears might be allowed to accrue on the part of the landlords with the views of raising the rent of the Mooluguenigar's.

8. It appears to me to be best that the estate should be sold as I have recommended in the present instance; but the question then arises what effect has the sale on the Mooluguenigars are their rights entirely voided by the sale.-

9 I conceive that the effect which the sale has on them is this, that the purchaser obtains the Right of levying from them a fair rent, that if they fail to adjust this with the Landlord, the

the landlord would seek to eject them; that on his doing so, the tenant would bring the case before the Collector who under Regulation V of 1822 on clear proof of his being really a Mooluguenu tenant, would not allow the new landlord to claim beyond the assessment payable on that plot, leaving him to claim any thing beyond this by civil action.-

10. This is the course which I would suggest as most free from difficulties, and which in the present instance I think it necessary to adopt.-

Collector's Cutcherry, Mangalore 7th November 1854

/Signed/ F. N. Malby
Collector

Notice

16445.

Fort St. George

4th December 1854.

Notice is hereby given that the undermentioned lands will be sold by Public Auction to the highest bidder at the Office of the Collector of Canara at Mangalore in liquidation of the arrears of Revenue due by the several defaulters hereunder mentioned.-

The sale will commence on Monday 8th January 1855 and will continue until the whole of the lands shall have been sold. The purchasers will not be put in possession of the lands till the sale has been sanctioned by the Board of Revenue, but in the mean time a deposit of 15 per cent of the purchase money must be made on the spot and the remainder of the purchase money should be paid into the Hoozoor Talook on Treasury within 20 days after notice of confirmation of the sale in failure whereof the land will be sold at the risk of the first purchaser.-

Proceedings thereon.

(50-51)

thereon.— Under the circumstances stated in the foregoing letter the Board of Revenue authorize the sale for arrears of revenue of the two Estates adverted to and direct the publication in their Office of the advertisement forwarded by that Officer on Monday 8th January 1855 being fixed for the day of sale. Mr. Maltby will be pleased to insert that date in the advertisement published in the District.

2. Regarding the rights of the Moolguenigars the Board concur in the course of proceeding proposed by the Collector in Para 9 of his letter. They consider that if clear proof of a Moolguenny right is produced, and the owner of the estate make no arrangement with the Moolguenny tenant the Collector is only authorized under the Revenue Regulations to take measures that the Moolguenny tenure does not interfere with the just dues of Government by presenting an obstacle to the realization of the public

public Revenue.— In other words they are of opinion that a Moolguenny tenant as like other occupants of land may be called on for the payment of a sum equal to the Bauzy of the plot which he occupies if the public revenue cannot otherwise be relized, but that the power of the Collector does not extend beyond enforcing this demand.

3. As the Collector states that the form of advertisement now transmitted is well adapted to the circumstances of the estates of the District, the Board wish him to continue it.

B°. N°. 4585.
From the Collector of Canara.

Sir,

I have the honor to forward an application from the Head Assistant Collector Mr. Chamier for three months leave.— I beg to recommend it to the favorable consideration of Government.— I shall be able to make arrangements for carrying on the duties of Mr. Chamier's Office,

and

and a long period of zealous labour has fully established Mr. Chamiers claim to this respite.-

Collectors Cutcherry,
On Circuit, Buntwal,
25th November 1854

Fort St. George

(54)

Bo. No. 4186.
From the Collr. of Malabar-

Sir,

With reference to the Boards remarks in their Proceedings dated the 9th Instant, I have the honor to explain that the three plays forwarded with my letter dated the 13th Ultimo and adverted to in para 3 of Mr. Collett's communication of the 4th August last, were not real but merely specimen receipts, prepared with the view of shewing the additional labour which would devolve upon the village accountants if such were prepared in lieu of the concise receipts now given-

In elucidation of this I append translation of the one furnished last year to the Party connected with No. 499-

2. The Board in Paras 2 & 3 of the above Proceedings observe that the specification of the names of the Lands &c belongs to the Puttah, and not to the receipt

In Malabar these particulars are never entered in the Puttah, which only specifies the number of Lands and Gardens. Moreover a Puttah is not given annually to each Ryot but, only to those whose assessment is altered from some cause or other

3. If the Receipt is to contain the names of the Lands for which payment is made, in addition to the date of payment, name of the Payer and amount of each Kist or payment, I submit that the extra labor imposed will not materially differ from what was represented in my letter dated the 9th August

1854.

The.

Fort St. George 4th December 1854.

The Board will no doubt take into consideration what I said in para 2 of that Ltr

Proceedings

Fort St. George 4th December 1854.

Bd's No. 2689.
54-55
Proceedings thereon.—

Submitting correspondence from the Collector of Malabar relative to the alleged difficulty of rendering receipts in the manner proposed by the Court of Sudder Adalut approved by the Government with the Board's opinion thereon.—

No. 585

Ordered that the above letter together with the correspondence noted marginally be forwarded to Govern-
From Collector 9th ment with refer-
in Corr. 31st August 1854. ence to Extract
" 13th September in Corr. Minutes Consultation 23d March 1854.—
9 October — "
Board's Proceedings 9th October
In Corr. 6th April 1854.

2 The Government will observe from the above letters that the Board were not at first prepared to recognize the alleged difficulty if not impossibility of rendering receipts in the manner proposed by the Court of Sudder Adalut and approved by the Government, but the Collector's subsequent explanation appears to the Board to establish his representation that the labour of the Menons would be very greatly increased in supplying the requisite particulars and that an addition to their number would be necessary. The Collector states also that for many parts of the District there are no authentic accounts exhibiting the proposed details this remedy of this defect a preparation of Individual Chittahs is now in progress.—

It

3 It appears further to the Board that the plan of giving details of receipts is not under any circumstances the best way of meeting the difficulty experienced by the Civil Courts in order to be entered in the receipts the details must be ascertained and recorded. but if so recorded that record or register being a permanent document is better evidence than a mere receipt which may be fraudulently or carelessly miswritten. It is obvious that it is a waste of labour to require that these details should be written over and over again year after year. when the register contains them once for all. The individual Chittahs above adverted to as being in progress will form such a Register.—

56

To

The Secretary to the
Board of Revenue

By desire of Mr. Beaumont

Rd. No. 4108.
From Messrs. Parry & Co. in Sir.

Beaumont Chief Manager of the East Indian Iron Company we have the honor to enclose a letter addressed by him to the Board.—

Madras 30th October 1854.

Signed Parry & Co.
Agents E. I. Iron Co.
No. 1

To The Board of Revenue
Madras.

Gentlemen,

I have the honor to invite your attention to the payment of Extra duty upon Iron by the Indian Iron Company.—

Upon reference it will be found that under the New Charter recently granted by the Government of India to the East Indian Iron Co. the latter are required to pay a Royalty upon all Pig Iron and castings produced from their Blast Furnaces of one Rupee per Ton.—

In as much as the Iron Company are additionally liable to certain yearly rents for Jungles held in the Provinces of South arcot, Tanjore, and Trichinopoly it is apprehended that the Rupee

Rupee per Ton is a fixed Tax intended to represent the whole of the levies by the Government exclusive of the said Jungle rents upon such Metal. under that impression Ventures to crave the kind consideration of the Board upon the question of Pig Iron produced and taxed being again subjected in case of Export, to a duty of 3 per cent advalorem which is now being levied at Madras and Tuticorin upon our shipments of Pig Iron.—

Beypoor

Indian Iron Co.
Chief Manager

(56-57)

Ordered that the following letter be sent in reply.—

B. No. 2667.
To Messrs Parry & Co.

To Messrs Parry & Co.

Gentlemen

I am directed by the Board of Revenue to acknowledge your letter dated 30th October 1854 forwarding one from the Manager of the East Indian Company requesting exemption from the payment

payment of Export duty upon shipments of Pig Iron.—

The Board regret that they are unable to support Messrs Beaumonts request the Rent or Royalty payable under the Charter granted to the Company is totally distinct from the duty levied upon Export of the metal manufactured by them and the Rent paid for the privilege of cutting woods in certain Jungles is for their convenience and advantage and such payments cannot be urged as a reason for the remission of Export duty

Defendants -

1 C. J. Bird Esqr Collector of Tinnevelly
2 Vayendaroo Comarasamy Pundaram son of Sankyanadi deasamara Pundaram of Tinnevelly

This is an action brought against

against the Defendants for the recovery of Rupees 9,995 including principal and interest due pr a deed of Mortgage and of interest pr the principal up to the date of Collection of the amount -

1 The village of Sandynungalum in the Nellianthalum Talook belonged to the 2d Defendant who in the month of June 1793 or 11th Aany Anneloo 968 mortgaged it for Rupees 975-12-1 or Pons 450 to Ramanada Pundyajear of Tinnevelly on account of arrears of Revenue due thereon, and put the village in his possession -

2 Ramaryunnal wife of the said Ramanada Pundyajear, and her son Ramandymathy Pundyajear Remortgaged the said village on the 15th June 1819 pr 3d Aunany Anneloo 994 for the said amount to one Pummel Soobraya Moodelliar who enjoyed it accordingly -

3 The 2d Defendant filed a suit in No 83 of 1818 of the Adalut Register's Court praying for the Recovery of

Fort St. George 7th December 1854

of the said village on his paying the
Mortgage amount due thereon; and a
decision was passed in his favor in the
original Suit and the same Confirmed on Appeal.
4 The Mortgage amount due to the
said Soobroya Moodelliar by the 2d
Defendant including the amount of Costs
of the suit as per Decree amounted to
Rupees 14,31-9-4 to this adding a sum
of Rupees 525 borrowed by the 2d Defendant
from the 1st Plaintiff, and Alagappa Moo-
-dliar Grand father to the Plaintiffs from
No 4 for defraying the Costs of the suit,
he the 2d Defendant mortgaged the village
in question on the 5th June 1824 for the
aggregate amount of Rupees 1956-9-4
for a period of 24 years to the 1st Plaintiff
and the said Alagappa Moodelliar and
executed a bond to them on Stamp paper
for the same. He the 2d Defendant also
procured by means of a Court Precept,
possession of the village in question
which was in the enjoyment of the said
Soobroya Moodelliar, and made it over

Fort St. George 7th December 1854

to the 1st Plaintiff and the said
Alagappa Moodelliar—
5 When the said village was
in the enjoyment of the
1st Plaintiff and Alagappa
Moodelliar under the Right
of mortgage above alluded
to, the said Pummel Soo-
-broya Moodelliar filed
a suit against the 2d
Defendant for the
Recovery of a Separate
debt

Fort St. George 7th December 1834

debt due to him and a "

Precept was eventually "

issued from the Madura

Zillah Court stating "

that the said village "

should be sold by auc-

-tion, and out of the "

sale proceeds thereof

the sum due to the "

Eby

1/16 "

Fort St. George 7th December 1834.

1st Plaintiff and Alagappa Moodelly-
ar should be paid and the remainder
given to the said Soobraya Moodellyar
and also a notice of intended Sale
by auction was published. At this
juncture the 2d Defendant in the
present Suit borrowed from 1st
Plaintiff and Alagappa Moodellyar
Rupees 993 5 4 and Cent 21 3/4 required
to satisfy the amount of the decree
in favor of Soobraya Moodellyar
and executed to them on the 22d December
1824 an agreement on a Cadjan for Rupees
1168 5 " inclusive of Rupees 174 15 7 and
Cent 78 1/4 borrowed by him from them
for defraying the charges of the Suit
promising to repay the amount
when redeeming the Village. He has
also pledged with the 1st Plaintiff
and Alagappa Moodellyar as a Voucher
the receipt taken by him on a
Stamp paper from the Court
Peon (who brought the notice for
sale) for the payment of the amount
of decree.—

Besides the amount
due

6

due by the 2d Defendant to the 1st Plaintiff and Alagappa Moodelly as stated above, the 2d Defendant have on the 26th April 1835 or 15th Chittry of anno 1010 executed to them another agreement on Cadjan for the sum of Rupees 1880 (which a settlement of the pecuniary dealings between them shewed to be owing by the former to the latter) promising to repay this amount also with the other mortgage amounts

7 The 1st Plaintiff and Alagappa Moodelly enjoyed the said Village up to the year 1838 or anno 1073 for the total amount of Rupees 5004—4—0 due to them on the said 3 documents executed by the 2d Defendant paying the Circar demand thereon.

8 In a suit No. 17 of 1819 of the file of the late Adalut Court brought against the 2d Defendant by his relative Kayonda Mottoocomara as any Pundarum for a division of their paternal property the 2d Defendant having stated in his answer that all his properties belonged to Kanthyna thy Ammen Cuttaly

Cuttaly and he himself is a Trustee of that Cuttaly a decree was passed to that effect declaring all his properties to belong to the said Cuttaly. Notwithstanding this decision the Village of Saindemungalum in question remained in the enjoyment of the mortgagee and the other properties were in charge of the second Defendant.

9 In virtue of the said decision E. P. Thompson Esqre a former Collector of the District prevented the 1st Plaintiff and Alagappa Moodelly in 1838 from enjoying the said Village under the said right of mortgage and made over the Village to a contractor.

10 When the 1st Plaintiff and Alagappa Moodelly represented to the said Collector and the Board of Revenue the fact of the Village in question having been mortgaged to them prior to the institution of the Suit No. 17 of 1819 and of the amount decreed having been agreeably to a process issued for disposing of the said Village by auction in satisfaction

satisfaction thereof paid and a letter sent on the subject and Deeds of the lands being the security for the money and prayed that either the Village in question should therefore be made over to them to be enjoyed under the right of mortgage or the said sum should be repaid to them with interest the Board of Revenue passed an Endorsement on the 17th March 1852 directing the Plaintiffs to report the circumstance to the Collector who referred them to the Civil Court.—

11 In the answer filed by the 2d Defendant in Suit No. 17 of 1819 he has averred that the Saindemungalum Village in question and other properties had been mortgaged on account of arrear of Circar demand. As the said sums were paid on pledge of the lands in question the same due on those lands and must be recovered from them.—

12 As the lands in question continue from 1838 (in which C. P. Thompson Esqr. put the lands in possession of a contractor) up

up to this time in the enjoyment of the contractor agreeably to the orders of the late Collectors and the 1st Defendant these lands with a surplus amount of 6000 and odd Rupees are in the charge of the 1st Defendant.—

13 Subsequent to the Board's Endorsement above referred to the Collector referred the Plaintiffs to the Civil Court but the Plaintiffs were prevented from going to the Court immediately in consequence of certain disputes having arisen between them and their coheirs. However as the present action is brought within 12 years from the date of the Board's Endorsement the Plaintiffs have not entered into any particulars of those disputes.—

14 As the Village of Saindemungalum is answerable for the mortgage amount and for the interest thereon at one per cent per mensem from the date on which the Plaintiffs were dispossessed of the Village in question by the Collector, the Plaintiffs who are related to each other as shewn in the margin, have conjointly brought this

The 2d Plaintiff is brother and the 3d nephew of the 1st Plaintiff. The Plaintiffs from No. 4 are the heirs of Alagappa Mudeliar deceased.—

this suit against the 1st Defendant, under whose control the Village and its emoluments are and the 2d Defendant who executed the mortgage deed.—

15 As it would be necessary to write the Plaint on a Stamp paper of the value of 350 Rupees, if the suit was brought for the total amount of Rupees 10009—12—0 being the aggregate of the mortgage amount Rupees 5004—11—0 and a like sum of Rupees 5004—11—0 on account of interest, the Plaintiffs have deducted therefrom Rupees 11—12—0 as not required by him and have brought this suit for the recovery of the balance Rupees 9995. from the Village in question with the amount of interest due upon the Principal up to the date of recovery, and have written the Plaint on a Stamp paper of the value of Rs 250.

Points to be given to the Plaintiffs in addition to what the Court may think necessary—

I That the amount mentioned in the Suit is what was paid on account of previous mortgage amount

as well as in satisfaction of the amount of Court decree, and for the costs of the Suit and that the 2d Defendant had executed document for the said Sum.—

II That the Sandemmangalum Village mentioned in the Plaint was in the possession of the Plaintiffs for so many years.—

III That the Village in question is now under the control of the 1st Defendant, and that the surplus income of the Village amounts to Rupees 6000 and odd.—

IV That the Revenue Board passed an Endorsement as stated in the Plaint and the Collector gave an order to the Plaintiffs to have recourse to the Civil Court.—

The 1st Plaintiff is aged 77, the 2d 72, the 3d 55, the 4th 37, the 5th 26, the 6th 20 and the 7th 21 years.—

Draft

Fort St. George 7th December 1854.

Encl. No. 2.

Draft of an Answer proposed to be filed by Sheshagherry Rajah Government Vakeel in behalf of C. J. Bird Esqre. Collector of Tinnevelly the 1st Defendant in Suit No. 5 of 1854 filed on the 16th March in the Principal Sudder Ameen Court.—

The 1st Defendant is not further concerned in this Suit than by supporting the claim of the Nelliappar Cauvery Pagoda in Tinnevelly to property in the Village of Saindemungalum and it is a sufficient answer as far as he is concerned to state that the above Village was declared by the pleading to the said Pagoda in the Decree of the auxiliary Court of the Zillah in No. 17 of 1819 confirmed by the Decree of the late Provincial Court Southern Division in their Decree in Appeal No. 2 of 1822 and therefore whole those Decrees remain in force he is in duty bound to recognize the title of the Pagoda. Besides the above two Decrees the 1st Defendant is prepared with proof by the following correspondence to shew that the claim of

Fort St. George 7th December 1854.

of the Plaintiffs was fully enquired into and justly rejected by his Predecessor in 1838.—

From Board Petition No. 435 of 1840.

From—Do.—13—July——.

To.—Do.—5—August——.

From—Do.—18 November——1841

From—Do.—17 February——1842

To—Do.—26—Do.——.

Paras 5 and 6

Tinnevelly 10 November 1854 (1-2)

Signed C. J. Bird
Collector

Bd. No. 2693.

No. 586

Proceedings thereon Resolved that the letter above recorded with its inclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2 This is an action brought against the Defendants for the recovery of Rupees 9,995 including principal and interest due on a deed of mortgage arising from private transactions between the Plaintiffs and the 2d Defendant the mortgaged property being the village of Saindemungalum.—

3 The Collector in the draft answer on plead

pleads. that as the Village in question has been decreed by the late auxiliary Court in No. 17 of 1819. and confirmed in appeal by the late Provincial Court in No. 2 of 1822 as belonging to the Pagoda of Nelle appersawmy. of which the Defendant was only a Trustee he is in duty bound to recognize the title of the Pagoda. It is also alleged that the District records shew that the claim of the Plaintiffs was rejected after due enquiry by the late Collector of Tinnevelly in 1838.—

4

The Board are of opinion that the action ought to be defended on the part of the officers of Government when the real merits of the case will be determined as between the Plaintiffs and the remaining Defendants they beg therefore to recommend that the Collector may be authorized to file the draft answer and conduct the defence at the public cost.

/Here enter 7th. September and 19th. October 1854 Nos. 1284/

Under the opinion entertained by the

Board in the latter part of the Extract above recorded, the Right Honorable the Governor in Council resolves to request Dr. Balfour, agreeably to the proposal contained in his letter of the 4th. August, to depute one of the Native Servants of the Museum to South Arcot to be attached to Captain Priestly and to be employed immediately under his orders in examining the soils of the District.—Dr. Balfour will, in communication with the Board of Revenue, furnish the individual who is to be sent with general instructions for his guidance. He will also settle with them the rate of salary to be assigned him which will be included among the contingent charges of the Survey. The Government are inclined to agree with the Board that together with any information as to the appearance of the soils and their position in site they should be subjected to a chemical analysis. The Board will arrange accordingly with the Professor of Chemistry.—

2 The Governor in Council is at the same time aware that any information which can be obtained by the means above indicated

indicated must of necessity be imperfect & that no thorough examination of the soils of the Country can be made except by a person conversant with Geology and Agricultural Chemistry and who has made those sciences his peculiar study. The researches of an individual thus qualified would be of much value and the Government resolve to apply to the Honorable Court of Directors to send out such a person whose services may be made available in investigating the soils and geological phenomena both of South Arcot and of any other part of the Presidency when a Survey and Assessment may be in progress.

Fort St. George

Sir,

Bd. No. 4623

From the Collector of Masulipatam

Submitting reply to the queries contained in the Circular of the 7th September on the subject of the exhibition of agricultural products.

I have now the honor to reply to the queries contained in your Circular of the 7th September. In Para 7, the Board observe that for the first year, it seems advisable that the exhibitions of agricultural products, should take place at the principal station in each District, but in Para 8 seem to leave it to the Collector to give his opinion both as regards the present and future years.-

2 Many of the Merchants of Masulipatam desire that the first meeting should be held in Masulipatam, while to the agricultural community Ellore unquestionably a far better position. The subject has been discussed at a public meeting which I called some weeks since suggestions were invited, and upon a full consideration of the subject in all its bearings, I am decidedly of opinion, that

that, for a meeting for the exhibition of agricultural products Ellore is far better than Masulipatam. It is more central, the soil of the Talook of Ellore, and of those adjacent to it, is more rich, and the products far more varied than in the coast Talooks. It is on the great Northern road, nearly mid-way between Rajahmundry and Guntoor. To all except the actual residents of Masulipatam it is the most convenient, and those residents of Masulipatam who would take any real interest in it are of a class who could easily afford to travel to Ellore. The period I would recommend would be the 2d or 3d week in March, the meeting at Rajahmundry being fixed for the first week.

3 The productions, for which, if specification be now required, I am at present inclined to recommend that prizes be offered, are.-

Agricultural Productions

Indigo _____

Cotton of superior quality whether indigenous or foreign

Sugar Cane _____

Wheat _____

Tobacco _____

Flax _____

Farming Materials

Valuable fibres of any kind

Live Stock Draught Bullocks
Milch Cows
Flock of Sheep

Salt petre

Tanned leather

But a Managing Committee will be appointed and the selections of articles and apportionment of prizes should be left to their discretion. It would perhaps be desirable that in the first year of the introduction of a system, which it is to be hoped, will eventually be very beneficial, but which is utterly novel in character, the Ryots should be encouraged to bring forward specimens of all staple productions and the Committee would award specific prizes on a combined consideration of the number, importance, and superiority of these, and of the total amount of prizes allowed by Government.

4 Valuable cloths, gold rings or armlets, with suitable inscription would probably be more valued than any reasonable amount of pecuniary prize.

While

5 While expressing these opinions, I should be glad could I feel more sanguine that the Ryots would at once respond to the intentions of Government, without the introduction of more definite measures suited to their character and ideas.

6 The Collector and his assistants have not time to give close attention and direction to the Minutes of such a scheme as the one under consideration. There are a number of minor arrangements on which the success of the project, especially at its first introduction may very much depend which will require the attention of a separate Superintendent with a small staff of subordinates. Any how we cannot hope to do much in the present year, but towards obtaining even a partial degree of success. I would suggest that a Manager on a salary of 60 or 70 Rupees with a writer and 6 Peons be appointed for a period of 3 months. It would be the duty of the Manager at once to put himself in communication with the Tahsildars, Zemindars, and principal Ryots of the District regarding the products to be exhibited

exhibited. The best means of bringing them together and generally regarding the furtherance of the scheme, to travel about seeing the products of the different Talooks, and for some weeks before the time of exhibition arrives to proceed to Ellore, and superintend the Collection, and arrangement of the articles. Without a small Establishment expressly devoted to this work, or Officers especially deputed, which the Establishment will not admit of, I feel sure that it will not be done satisfactorily.-

7 I have proposed what I consider desirable for the present year. But I take the present opportunity to offer a few remarks on a proposition which I conceive to be of great importance. The project is not a new one, but I am not aware that it has ever received the continued attention and care without which it must fail at its outset. To a great degree the Ryots of this Country require as much teaching as Children, when any new product has to be introduced. Were there any experimental Farm under the charge of some one, thoroughly and practically acquainted with the

the best mode of raising and bringing to maturity different classes of valuable products, much valuable information as to the productions really best suited to the soil and climate of each District, would be obtained, and the Ryots would be more encouraged by the actual sight of the produce grown on the Government Farm, than by a thousand orders, or the most benevolent advice from the Collector and his subordinates. Were such introduced, its scope might be extended or otherwise as might seem best. Models of improved agricultural implements, of methods of raising water from wells for purposes of irrigation &c. &c. might be kept. With some specimens of the better breed of Cattle, good stallions and some fine bulls and rams, might be made to pay their own expenses and part of those of the Establishment. In specifying the articles for which prizes might be given, I have mentioned Sugar Cane, Wheat, and Indigo, which are now almost unknown in the District, although I believe that there are portions in which all would thrive well. For the encouragement of the cultivation of

these

these products, I would therefore suggest that the prizes should be proportionably higher, but if the improvement of the agri-cultural products of the Districts of the Madras Presidency is to be really taken up in earnest, I would strongly urge the Esta-blishment of experimental farms in each District.-

8 At the Presidency there ought to be a head of the Department and the Officer in charge of the Provincial Farms, should be placed under his control, communicate freely with him, and with the Collector. Periodical Reports should be regularly obtained, and compared, and there would thus be a Depôt of information at the Presidency showing the mode in which the trial of different classes of Valuable products, had been attempt-ed in each District in this Presi-dency and the result whether suc-cessful or otherwise. The system proposed would of course involve considerable expense and could not grow to maturity at once, but provided the

the agents were well selected, we should be obtaining practical information every day of the most valuable kind. It may be urged that no European Superintendents fitted for the work could now be found, but an intelligent and observant man, who had obtained practical experience as an agriculturalist even out of the Tropics might soon see what ought to be done, and a fair remuneration would probably pur-chase skill and intelligence already nurtured by Tropical experience. It is only a few weeks since an overseer in this District, who had previously been em-ployed in Ceylon, applied for a small Village in a Frontier Taluk, which had been almost utterly waste for years, convinced from an inspection of it that Indigo, and other valuable products might be raised in abundance.

The attempt to introduce

9 improved agricultural products, has been made in different ways for several years. Order after order has been issued to Collectors to en-courage the people to try more valuable

valuable products, or to improve those which they already grow. but Collectors are already over worked, even had they the requisite knowledge, and have not time and opportunities of going into minute details. They cannot show to the people that which the Skilled Superintendent of an experimental agricultural farm ought to be able to show to them. In the only instance in which any thing of the kind, has been attempted by the introduction of American Cotton planters it is, I believe, admitted, that although the full results hoped for, may not have been realized much advantage has unquestionably arisen from what was then attempted. Half measures do seldom succeed. If it be of importance, a point on which, I conceive there is no doubt to introduce generally into India the cultivation of more valuable staple products, and to improve the most valuable of those which we now have, it is certainly worth while

to make a vigorous effort to have the experiment made in the mode most calculated to ensure its success. It may not be so certainly productive of profit, viewed as a Commercial speculation, as a great work of irrigation, but it is a speculation which may, and if well conducted, ought eventually to bring great profits and general benefit to the Country.

Masulipatam — Collector's Cutcherry 29th November 1854. } (Signed) T. D. Luskington Collector

Order thereon — Ordered to lie over

17-18

Read again Report from the Collector of Nellore dated 29th December 1853 and entered in Consultation 6th February 1854.

19

Bt. No. 2722

Proceedings thereon — The season is described as not favorable, the early rains were deficient, and the consequence was a slight diminution in all kinds of Cultivation in comparison with the preceding year. In October extensive inundations

inundations occurred, which destroyed much agri:cultural and other property.

2 The Dittum amaunted to 1,42,3233 Rupees, being 8,728 Rupees below that of the preceding year, the actual cultivation was to the amount of 1,155,902 Rupees being 8,425 Rupees below that of Fusly 1261, but about 40,000 Rupees in excess of the average Cultivation of the preceding ten years. The total amount of the land included in the Dittum but not cultivated was 2,34,042 Rupees, of which 18,836 was added to the Jumma in part of fields left waste and 25,835 in whole fields under the term Cussoory Bunjer..

3 Of this latter item the Collector states that the amount brought to account was much less than in previous years and he proceeds /para 17/ to speak of the practice of charging Ryots with the assessment of land not actually culti:vated as founded on unsound prin:ciples and the attempt to force culti:vation. The Board do not quite un:derstand Mr Elton's remarks on this point. They quite agree with him that

no attempt ought to be made to "compel Ryots to give a nominal assent to cultivate," and they are very desirous that the holding of land should become entirely free, but when it is so, when Ryots willingly hold land it is no hardship to require them to pay for it, except when distinctly prevented from cultivating by unavoidable causes.

4 The total gross demand in:cluding Fussul Jasty and Teeruah Jasty was 1,23,3863 Rupees, on which deductions was made at the Settlement to the amount of 70928, leaving a net Settlement of 1,162,935. The chief item was remission for crops destroyed by the inundation abovementioned, which amounted to 31,410 Rupees. Paymaley also was large, 8,153 Rupees owing to the same cause. All the other items were as usual, and moderate in amount..

5 The ready money items so amounted to 3,55,727 Rupees, the largest items being Poollary 1,56,183 Rupees and the Permanent Peishaush was 4,17,814 Rupees. Thus the total net demand was 19,36,476 Rs as shown in Para 29 of the Collector's report..

6 Out of 15,18,662 Rupees the total Ryotwar demand 13,87,741 was collected within

within the Fusly and 90140 more up to the end of November. Of the Ryotwar and stulla Curnum balances 39291 Rupees 3647 Rupees was for remissions, which would have been made at the Settlement if the facts had been then ascertained, about 3000 Rupees was stated to be probably re: :coverable, and the large sum of 23634 was stated to be due by Ryots who from losses and other causes had not the means of paying - These balances will be further reported on in the Report on Fusly 1263.

Jufty 9293
Jaury 2455
Total 11748

The large sum of 11748 Rupees was due for the year on the Shrotriums jufty and Jaury and this arrear the Collector did not escpect to be materially reduced. He was endeavouring to rent out the Jufty Shrotriums, or induce the Shrotriumdars to take them back, but with reference to the enquiry of Government in Para 7 and 8 of Extract Minutes of Consultation June 2d 1854

× Communicated to the Collector with Board's Proceedings 26th idem.

The Board hope shortly to receive further information on the subject of these Shrotriums.

7 Of the Peishcush demand 4,07,814 Rupees 4,15,693 was collected within the Fusly and the balance at the date of the Report was only 369 Rupees

which the Collector escpected to re: :cover. From the Demand Collection and Balance Statement last received however, that for September 1854 it appears to have been still only partly collected..

8 In Para 48 et seg the Col: :lector speaks of the old Balances of Fusly 1261, these amounted to 26,513-6-9, of which 20,007-5-4 were described as irrecoverable from various causes, and 6,506-1-5 as doubtful - The former sum has been recommended to Government for remission in the Board's General Report on the Re: :venue of Fusly 1262; on the latter, the Board escpect a further Report with the Summahbundy Report of Fusly 1263 - The Board observe that the Demand Col: :lection and Balance Statement for September last exhibits a large amount of old balances, apparently for years prior to Fusly 1261. These also should be fully report: :ed on at as early a date as possible, in order

To Government 17th August 1854 Para 54 and Statement 21 of Printed Report..

order to their final adjustment.-

From Enclosure No. 3 it is observed that a large number of wells have been abandoned chiefly in the Sub division, the cause of this should be explained.

In closing their review of this Report, the Board would remark that the Collector has taken much pains to exhibit the whole details of the settlement in a clear and orderly manner. On some points however, he has gone into superfluous detail, in matters which being only of an ordinary character needed no special explanation. In his future reports he will no doubt exercise more discrimination as to matters to be minutely dwelt on, and will so avoid unnecessary labour.

To

No. 87.

To B. Cunliffe Esqre
Sub Secretary to the Board of Revenue
Fort St. George.-

(20)

B. No. 4602.
From the Collector of Bellary.
Submitting his Report on the management of different sources of Extra Revenue for Fusly 1263.

Sir,

I have the honor to submit my report on the management of the different sources of Extra Revenue for Fusly 1263.

The Settlement of the Extra Revenue for Fusly 1263 compared with that of the preceding Fusly 1262 exhibits as follows a decrease of Rupees 5,891.

Items.	Settlement of fusly 1262.	Settlement of Fusly 1263.	Comparison- Increase.	Decrease.
Sayer	5,937	5,186	"	751
Abkarry	2,83,763	2,87,036	3,273	"
Sundry small Farms and Licenses	10,703	23,668	6,965	"
Motorpha	272,809	256,843	"	15,966
Value of Stamps	2,915	22,352	437	"
Government Plantations.	1,961	2,112	151	"
Total	603,088	597,197	"	5,891

The following Abstract Account (from Statement No. 5) shews the Collections of Sayer duty on the Nizam's Frontier from Fusly 1263 as compared with the preceding Fusly.

Articles

Number	Articles.	Collection of Fusly 1262	Collection of Fusly 1263.	Comparison Increase	Comparison Decrease
1	Betel leaves	151	151	"	"
2	Tobacco	42	70	28	"
3	Betel nuts	400	320	"	80
4	Dyes	801	1001	200	"
5	Cloths	587	470	"	117
6	Sugar	200	179	"	21
7	Jaggery	1987	1575	"	412

12	Pepper	3	3	"	"
13	Grain	183	201	18	"
14	Sundry Articles.	368	262	"	106
	Total	5,937	5,186	"	751
	Import	1596	1379	"	217
	Export	4,341	3807	"	534
	Deduct pr account of wages of Establishment and Contingent Charges	3263	3,269	6	"
	Net Collection.	2674	1917	"	757
	Perentage of the Charges for Collection on the whole Amount of Collections	55 1/16	63 1/16	"	"

The decrease may fairly be attributed to the very unfavourable Season which affected commercial operations generally except in the grain trade.

Ab Karry

The ab Karry Settlement of Fusly 1263 in the whole district exclusive of the Military ab Karry Farm amounts to Rupees 2,87,029 and 7 Rupees extra on account of the Garrison of Gooty - Total Rupees 2,87,036 and the Bariz of Fusly 1262 was Rupees 2,83,763 making a net increase of Rupees 3273.

The Ab Karry contract is made previous to the commencement of the season and was not therefore affected by the unfavorable year, but the contractors, it is believed, experienced much loss from their engagements. I would beg to refer to my report to the Board on the 4th June 1853, regarding the ab Karry Settlement for the year which received the Sanction of the Board of Revenue on the 13th of that month, for further particulars.

Sundry Small Farms and Licenses.

5. The Settlement of this branch in this Fusly apparently above that of the last Fusly by Rupees 6,965. But the increase, it will be observed, is occasioned simply by a Transfer of the River Tolls from another head to this Branch, in conformity with the orders of the Board dated 24th January 1853.

Items

1057

Fort St. George 7th December 1854.

1058

Fort St. George 7th December 1854.

No. 6. The transfer of the item of River Toll Collection in this year from the head of Excise Revenue to that of Sundry Small Farms and Licenses has created an want of uniformity in the Accounts, which I take this opportunity of bringing to the notice of the Board. By the instruction of the Accountant General dated 2nd September 1853, I am directed to enter this item as heretofore under the head of Excise Revenue, so that in the Monthly and annual Accounts and Abstracts of the Accountant General and the Civil Auditor to the Account Current general and the Civil Auditor this Revenue is entered under the head of "Excise Revenue" and in the Monthly Statements of demand Collection and Balances and in the Report on the Settlement of Excise Revenue under the head of "Sundry Small Farms and Licences." The entry of one item under two heads in the Accounts of the same office appears objectionable.

Madras &c. &c. &c. The Accompanying Statements Nos. 3 & 4 afford full information on this branch of Revenue comprised under the two heads of Revenue and Rights Customary, the aggregate Demand and Collections and Balances for the Fasly Settlement of these two returns for the Fasly under report amounts to Rupees 2,58,84,13 deing

For Fort St. George 7th December 1854.

a Net decrease of Rupees 15,966 in this year.—

It

For Fort St. George 7th December 1854.

It will be observed that there was a Gross decrease of 27,213 Rupees occasioned by the great Scarcity of this unfavourable year; 15,282 Rupees being attributed to entire loss of Revenue by the deaths and desertions from their Villages of poor Ryots, and Rs. 11,931 abatement of rents on those present.

9. The annexed Memorandum drawn from Statement No. 4 shews the different Trades and professions paying Moturpha Tax.

For Fort St. George 7th December 1854.

Tax on Veesabady.

The

10 The Sheep Tax entered under No. 12 of the Baghire Veesabray Taxes includes the Tax paid by cultivators of the soil who own sheep also. The + Board's orders sanctioning the discontinuance of this Tax upon Jeroyatee Ryots did not reach me till almost the whole of the tax had been collected as usual and credited in the accounts, the order will be carried into effect in fusly 1264.

+ Extract Proceedings Board of Revenue dated 6th April 1854, forwarding Extract from the Minutes of Consultation under date the 14th March 1854.

Stamp Revenue 11. The Stamp Revenue for the year under report is above that of the previous year by Rupees 437 as will be seen from the following account which requires no Comment.

Items.	Beriz of Fusly 1262.	Beriz of Fusly 1263	Comparison Increase	Comparison Decrease
1	2	3	4	5
Amount of sale of Stamps carried to account	21,514	22,185	671	"
Value of Stamps supplied gratis to public servants for executing security Bonds	401	267	"	234
Total	21,915	22,352	437	"

12. The following Statement exhibits the amount of the Inam and Extra Stamp Collections and the Charges thereon.

Items

True Revenue of Fasly 1263 collected within the year.

Items.	Amount for Fasly 1262	Amount for Fasly 1263	Comparison Increase	Comparison Decrease
1	2	3	4	5
Sale of Stamps	21,915	22,352	437	"
Exctra Collections as penalty on unstampt deeds recorded by the Court	1620	1257	"	363
	23,535	23,609	74	"

Charges.

Commission	1111	1162	51	"
Refunds of Stamp duty	2210	1944	"	266
	3321	3106	"	215

Proportion of the Charges on the Collections.—

Proportion of the Commission	5—1—"—	5—3—"—		
Do. of Refunds	10—1—"—	8—11—"—		
	15—2—"—	13—14—"—		
Net Revenue	20,214	20,503	289.	

The

The per Centage of Commission shewn is on the actual amount of the sale of stamps exclusive of exctra Collections and the reason of its being above 5 per Cent is, as I stated in my last report, owing to the whole amount of the Commission due for the Fasly (not being disbursed within the year) a portion thereof consequently has to be included in the following years.—

Government Plantations.

13. The Settlement of this branch in this fasly under review is Rupees 2,112 and is above that of the preceding Fasly by Rupees 157 as below shewn owing to the Tamarind and Ippa trees having yielded more plentifully in this year.—

Items.	Beriz of Fasly 1262	Beriz of Fasly 1263	Comparison Increase	Comparison Decrease
1	2	3	4	5
1 Rent of Topes	1826	1909	83	"
2 Do. of trees on the banks of tanks	121	140	19	"
3 Do. of trees on the sides of Roads	7	56	49	"
4 Do. of Palmyra trees	7	7	"	"
Total	1961	2,112	157	"

The

14. The following account exhibits the particulars of the Beriz from the Government Plantations, and the charges incurred in this Fusly as compared with those of the preceding years.—

Items.	Fusly 1262	Fusly 1263	Comparison Increase	Comparison Decrease
1	2	3	4	5
The full amount of Beriz	1961	2112	151	"
Expenses incurred in Fusly 1262 for forming new Topes during the Fusly	222	663	441	"
Balance Remaining	1739	1449	"	290

The amount of balance will be laid out on the new Topes planted since Fusly 1262 and in the formation of other Topes.—

The following is a Memorandum of this fund from the date that the sanction of Government Viz. 10th September 1852 was obtained.—

Memo:

Memo of Tope Fund.

	Rupees
Balance remaining at the close of Fusly 1262 as shewn in the Statement subjoined to the 16th Para of the Exctra Revenue report for that year	1739.
Collections of Fusly 1263	2112
Total	3851
On account of Topes planted in Fusly 1262	476
Do. Do. planted in Fusly 1263	187
Balance	3188

Exclusive of Rupees 1449 Balance in the Treasury of Fusly 1263.

15. I have the honor to submit an abstract of the Collections of arrears and Current Revenue and the Balance outstanding upto October of Fusly 1264 of the different branches of Exctra Revenue.—

Extra Collections- Arrears	194	87	65	"	22
Current	9623	9344	1657	"	7687
Total	9817	9431	1722	"	7709
Grand Total	647610	610559	575477	"	35082
Charges on account of Establishment and Contingent Charges	6785	6806	7038	232	"
Percentage of Charges on the Collection	1-1-11-	1-2-a	1-3-11-	"	"
Net Collection	640885	603753	568439	"	35314

There

Fort St. George 7th December 1854

There is an increase of Rupees 1323 in the Collection of arrears on account of Ayen Revenue attributable to there having been larger amounts outstanding under the heads of Abkarry and Moturpha at the commencement of the Fusly There was a decrease of Rupees 34949. in the Current Collections which is owing, in some measure, to a decrease in the Beriz of the different branches, the causes of which have already been explained, as also to large balances outstanding at the end of the year under the heads of Abkarry and Moturpha, owing to the contractors and Ryots not having been able to pay up their dues in proper time, in consequence of the unfavourable year, and there was an increase of Rupees 6253 under the heads of Sundry small Farms and Licenses and Stamps, which deducted from the decrease leaves a net decrease of Rupees 28696- The decrease of Rupees 7687 under the head of Extra Collections is owing, in a great measure, to the River Toll Revenue which

16523

Fort St. George 7th December 1854

which used to be credited to this head, having in this year been transferred to the head of Sundry small Farms and Licenses - The Charges of Collection apply solely to the Sayer and Stamp Revenue, the particulers of which have already been given -

17. In Statement B it will be seen that the demand under the head of Moturpha on account of old Balance up to the end of Fusly 1263 was on account of Fusly 1261 Rupees 2--6 and on account of Fusly 1262 Rupees 726-5-9 - Total Rupees 728-6-3 - of the Balance of Fusly 1261 Viz. 2--6 is still outstanding - But 17-5-- of Fusly 1262 has been collected & leaving 709--9 of that fusly to be collected out of the whole amount of the Jyen Beriz, & Rupees 27,2809- of that year, of which balance Rupees 29-7-7 is recoverable and the remaining Rupees 679-9-2 which is about 3 Annas & 11 pice per cent on the whole Bariz was ascertained at the Summabundy of Fusly 1263 to be irrecoverable - The following Statement & exhibits an account of the same -

Veesabady 114-1-4.
Baghire D. 565-7-10.
679-9-2.

Taloka

Fort St George 7th December 1854

I request the Board will obtain the sanction of Government for remitting this sum of Rupees six hundred and seventy nine, annas nine and pice two. I stated in the 16th Para of my Extra Revenue Report for Fusly 1262 that about Rupees 500 were doubtful of recovery but a further sum of Rupees 179-9-2 has since proved to be so which makes the sum to be remitted as being irrecoverable Rupees 679-9-2. The cause of this increase in the irrecoverable amount is owing to death, desertion, and poverty of the Ryots, in consequence of the prevalence of cholera and famine.

18 There is nothing to report relative to the manufacture of Sugar.

19 The tax derivable from Salt

Moorsa

Fort St George 7th December 1854

Morsas from which earth Salt is manufactured in this district is shewn in the 5th line of the Moturpha Statement No 4. The amount of this years demand is Rupees 12,795-9-" which is below that of last year by Rupees 996-9-" there is nothing else to report on the subject of Salt.

A separate report

20

will be submitted on the subject of roads.

LAND CUSTOMS.																
Gross Collections	6159	-	3	6090	15	8	5773	7	3	-	-	-	865	0	-	By the dearcity which continued in this year it was hardly possible to obtain forage for Cattle & many have died. Consequently the want of Carriage was very much felt and Commerce suffered & Caused the decrease of this Head. Needs no remarks

ABKARY.																
Gross Collections	290771	7	1	283609	8	1	275148	3	3	-	-	-	8461	4	10	This decrease is chiefly attributable to the Amounts of the Contract not having been regularly remitted owing to the bad Season & Consequent losses in this year.
Charges	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	
Net Revenue	290771	7	1	283609	8	1	275148	3	3	-	-	-	8461	4	10	
Per Centage of the Charges	-	-	-	-	-	-	-	-	-							
SUNDRY SMALL FARMS AND LICENSES.																
Gross Collections	20507	3	9	16676	5	4	22587	13	9	5911	8	5	-	-	-	This increase is in consequence of the River Toll Collections from the Commencement of this year having been Credited to this Head under the orders of the Board of 24th January 1853 which were usually Credited under Sayer Jumma.
Charges	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	
Net Revenue	20507	3	9	16676	5	4	22587	13	9	5911	8	5	-	-	-	
Per Centage of the Charges	-	-	-	-	-	-	-	-	-							
(Here enter all other items of Extra Revenue peculiar to the District)																
Stamps																
Gross Collections	49600	4	5	73555	-	-	23609	4	-	74	4	-	-	-	-	This increase is in consequence of more Stamps having been sold in this year.
Charges	3819	12	2	3323	7	9	3105	15	8	-	-	-	215	8	1	
Net Revenue	46680	8	3	70213	8	3	20503	4	4	239	12	1	-	-	-	
Per centage of the Charges	7	1	7	11	1	9	13	2	6							
Moturpha Toll Collections	7351	8	3	7236	12	11	3	3	9	-	-	-	7283	9	2	The dis bursements were made according to the estimates granted by the Collector under the provisions of Act XVII of 1848 & the demand is owing to this having a smaller number in this year. This item has been credited to the head of Sundry Small Farms & Licences.
Government Plantations																
Gross Collections	89	8	6	1797	-	8	1704	6	-	-	-	-	92	10	5	Although there has been an increase of Berizd of this Source by Rs 151 yet owing to the unfavourable Season of this year larger balances remained at the Close of the year & hence the decrease.
Charges	-	-	-	221	15	6	662	8	8	440	9	2	-	-	-

(20.21) Bellary Collector's Office 22d Novr 1854 E.E. for Signed G. Gilly Collr
Order thereon
WPH

1854 — Fort St. George 7th December 1854

No 283.

To

The Secretary
to the Board of Revenue
Fort St George.

(22)

Bd No 4353.

From the Collector of Chingleput

Reporting on the Petition addressed to Government by Rama Chendra Naick advancing claims to a half share in the Cavelly Shotriums of Madepaukam and Cottewauch.

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings of the 5th ultimo, forwarding for report a Petition addressed to Government by Ramachendra Naick advancing claims to a half share in the Cavelly Shotriums of Madepauk and Cottywauk.—

2. In reply, I beg to state that the allegations contained in this Petition are substantially correct. The Petitioner is the Grandson of one Ramachendra Naick / Daughters son / who held the half share of the Shotrium Villages of Madepaukum and Cuttewaukum under a Government Purwanah dated the 31st August 1802, given in lieu of resumed hereditary Cavil privileges. This person died in Fusly 1228/1817/, and was succeeded by his son Ramasawmy Naick, who dying unmarried on the 22nd August 1823, his mother Paupumaul acquired the inheritance.—

3. Paupummaul, it was said, at first took in a boy named Veerasawmy a relative of her husband,

in adoption, but subsequently repudiated him. Upon this, some litigation ensued, but the adoption was not established in the Courts. Ultimately Parpathy died on the 26th June 1831, having previously addressed a letter to the then Collector, Mr. C. R. Cotton, requesting that her daughter's son Ramachendra Nauck, the Petitioner should be acknowledged as her Heir and placed in possession of the Estate.—

4. The succession being disputed by the alleged adopted son Veerasawmy, the Village remained under attachment for several years, until reported on by Mr. Maclean on the 23rd March 1833. Under ordinary circumstances the Civil Courts would have determined the right of succession, but the enactment of Regulation IV of 1831 had taken the claims of Parties to Shotriums from the jurisdiction of the Law Courts, and had invested the Government with power to determine the right of succession in all cases.—

5. The Collector accordingly reported

reported the facts as above setforth in his letter of the 25th March 1835, concluding with a recommendation of the resumption of the Shotrium. The Board of Revenue concurred in treating the Village as "an Escheat" as will be seen in Mr. Onslow's letter to the Chief Secretary to Government of the 13th April 1835, and in a brief resolution of the 28th of the same month, the Right Honorable the Governor in Council directed that the Village be rented out as Government Property. Thus, the Shotriums passed away from Rama Chendra Nauck's Decendants, altho' the Sunnud or Purwanah as usual in such Documents, guaranteed the Villages to him, and "his Heirs" for ever.—

Chingleput Collector's Cutcherry, Sydapet, 11th November 1854

(Signed) P. B. Smollett
Collector.—

Ordered to be submitted to Govt with the following letter—

22-23

No. 592

To
The Chief Secretary
to Government.—

Bd. No. 2715.
To the Chief Secretary to Government

Sir,

With reference to the order of Government

In Cons. 5th Octr 1854

In Petition dated 11th July 1854 in C. M. C. 22d Septr in Cons. 5th Octr 1854

Dated 11th Novr in Cons. 7th Decr 1854

C. O Book P. 452 & 402

E. M. C. 25th Jany 1854 Pd C. O 9th Febry 1854

C. O. 11th May 1854

Fort St George 7th December 18[5]4

Government dated 22nd September 1854, calling f
a report upon the claims advanced by one R
Naidoo, to a half share in the Mandipaukum
Cottepaukum Shrotriums, I am directed by t
Board of Revenue to submit the accompanyi
letter from the Collector of Chingleput.—

2. It will be seen that the allega
contained in Ramachendra Naidoo's Petition are
substantially correct, but the resumption of the
half share in the Cavilly Shrotrums in gran
in the year 1835 took place in accordance with
the construction then received of Hindoo law
by which females were excluded from the
rights of inheritance.—

3. The Petitioner Ramachendra Nai
being the grandson, through the female line, o
the last incumbent of those Shrotriums, was th
excluded more recently, however Government has
been pleased to recognize the title to succession
of females, and the same Law has been declare
by the Pundits of the Suder Court in their opinion
dated 27th March 1854.—

4. According to the rules now existing there
fore the Petitioner would have been held entitled to succe
to the Shrotriums, but it is for the Government to consid
whether a retrospective effect should be given to the
recent construction of the Law.—

Revenue Bd Office, Fort St George 7th December 1854

/Signed/ B. Cunliffe
Acting Secretary

Fort St George 7th December 1854

No 285.

To

B Cunliffe Esqre
Sub Secretary to the
Board of Revenue

(24)

Bd No 4381.

From the Collector of Chingleput

Forwarding the accounts connected with the subdivision of the Moottah of Canacumbaukum, and re=commending that the proposed subdivision may meet with the approval of the Board.—

Sir,

On the 11th September 1852 Bauloo Chetty, the late Proprietor of the Moottah of Canacumbaukum bearing a permanent Assessment of Rupees 527-15-4, represented to this Office that he had sold Arroovathoray, one of the two Villages comprizing the Estate, to Narahary Verdarajoolo Naick his nephew / sister's son / and requested that the Mootah should be subdivided accordingly. The necessary accounts were in consequence prepared, and Bauloo Chetty formally gave his assent in Mr Cochrane's presence to the proposed apportionment of the demand on two Villages.—

Farther Proceedings were stopped by the death of the Mootadar on the 4th October 1853. He left a minor son

son Venkatakistnama Chetty aged 8 years un-
der the protection of his sister, and appoint-
ed by will one S. Kistnasawmy Naicken,
executor for the management of the property
during the period of minority - A report of
this matter was submitted to the Board
of Revenue, and their opinion was expressed
that it was not necessary to take the
Estate under the management of the Court
of Wards.—

[x] Board's Proceedings 13th February 1854

3 Vurdarajooloo Naidoo again applied to the Collector on the 23rd January 1854, soliciting that the Subdivision might be carried out, and requesting that the Village purchased by him should be registered in his name- The executor gave his written assent to the measure adding that the Village purchased by Vurdarajooloo Naidoo is practically now in his enjoyment. The will left by the deceased which is attested by Vurdarajooloo Naidoo, while it does not allude to the Subdivision, vests authority in the executor to dispose of the Estate should it be likely to prove unprofitable.—

4 I have the honor, under these cir-
-cumstances, to submit the usual Statements
prepared for the Subdivision of the Estates.
The present apportionment of the de-
-mand as shewn in the margin[x] is pro-
-posed in reference to the accounts[o] of
actual produce prepared for 7 years from
fusly 1255 to fusly 1261. It differs but
little from the demand arrived at on the
last Subdivision of these Villages from
the Alimbadoo Moottah, and shews a profit
of 40 per Cent to the Proprietor- I beg therefore
to recommend that the proposed Subdivision
may meet with approval.—

No. 288.

To,

The Secretary to the
Board of Revenue.
Fort St. George.

26

B. No. 4399.
From the Coll. of
Singleputt

Forwarding accounts connected with the Sub division of the Vullacotah Mootah and recommending that the proposed Sub division may be sanctioned by the Board.—

Sir,

The Mootah of Vullacotah comprizing 5 Villages assessed with a permanent Jumma of Rupees 2422-9-6 was purchased for Rupees 1910- by the persons marginally noted* at a Public sale held in this Office for arrears of Revenue on the 4th October 1852.

* T. Runga Charry
M. Lutchmana Naicker.
A. Coopsamiengar.

These Parties subsequently made other transfers, and the Villages are at present held as exhibited in the Margin*. The holders have severally applied to this Office for a subdivision of the Estate.—

* Vullacotah - A. Coopsamiengar
Vypoor - S. Veerasawmy Pillay
Yarayoor T. Runga Charry.
Coovanaputtoo T. Choodummaal
Tamanamputtoo S. Appavoopeddy.

Accounts of actual produce have accordingly been prepared for a period of 7 years from fusly 1256 to 1262, and Statements made therefrom in the usual form are herewith submitted. The accompanying Abstract exhibits in a comparative form, the results of the proposed Subdivision.—

2.

Fort St. George 7th December 1854.

3- That a Demand fixed in reference to the actual outturn of the Village at the present day should exhibit some differences in comparison with that arrived at from the actual proceeds of a similar period 30 years ago on the occasion of the last Subdivision is a consequence which must be expected- It arises from a variety of causes in the relative natural advantages of the Villages, and the degrees of attention paid on their improvements by the Proprietors- The outturn of the entire Mooltah too has declined in the last 7 years under the operation of less favorable seasons, the general depreciation of agricultural produce and not improbably too from bad management-

4- The past history of this Estate however shews that it has never been considered a profitable one- It was purchased in 1821 by one Sadagopa Chetty and subdivided from the Zemindary of Pauloor- During the 20 years of his management, it is supposed that "he "met the Demand for the Government Peishcush "rather from the profits of trade and private sources

Letter to Board 19th September/50 Para 7.

sources Mean from the current proceeds of the Estate. This man bestowed little care on its improvement. On his demise in 1840, it fell under Government management and it did not improve under the administration of the Revenue Officials-year after year the unsatisfactory results of the management were reported to the Court of Wards, and eventually when the property was made over to the Proprietor in 1851, the arrears of Peishcush which had accumulated during the minority, amounting to Rupees 7,664-13-4, were written off to Profit and loss. Eventually the Estate was sold for arrears of Revenue, and was bought by certain Parties as already stated for Rupees 1,910.-

5.- Under these circumstances it is not surprizing that the average actual proceeds of the 7 years embraced in the Statements now submitted exhibits a falling off

off of Rupees 473-4-9 or 20 per cent as compared with the average Beriz of the 7 years from fusly 1219 to fusly 1225 according to the last Subdivision, and a deficiency of 21 per Cent below the proposed permanent Demand on the several divisions. Thus neither the proprietors nor the Government, in the event of the reversion of any of the division, have any prospects of an immediate profit. It will be seen however from Statement No. 6, that all the Villages posses considerable resources in waste land, from which it is believed that the present proprietors calculate upon prospective advantages.- These Parties reside at Streeparamattoor in the immediate vicinity of the Moottah, and being Cultivators themselves and men

of

of substance, they appear to be well fitted to de-
velope the resources of the Estate by an ex-
outlay of money in improving the Tanks, and
in reclaiming the waste; unless this be
done, there is little likelihood of their
being able to retain possession of the
Villages as Mootahedars for any considera-
-ble length of time.-

6. The accounts now submitted, it
is considered, are entitled to peculiar confidence
from the circumstance that the Villages in
five out of the seven years embraced
in this Return were under the direct
management of the Officers of Government.
It is trusted therefore that the Subdivision accounts
will receive the sanction of the Board of Revenue

T.B.P.

The

The Proprietors severally interested have given
their formal assent to the accounts, and now await
the sanction of the Subdivision to adjust
their balances.

16615 For[t] St[e] George 7[th] December 1854

This increase seems justified by the large extent of Nunjah Anaudy Bunjur which according to the Collector's letter is likely to be brought under future cultivation in this Village; and as the proprietors have assented to the proposed Peishcush, the Board confirm it and authorize the Collector to put the several proprietors in possession.

To B. Cunliffe Esq[re]
Sub Secretary to the Board of Revenue
For[t] St[e] George.

28

B[d] No. 4389.
From the Collector of Salem,....

Sir,

In Para 8 of my Extra Revenue Report for Fusly 1262 it is explained that the "Manure contract is a new item of Revenue in the accounts and "that it is the rent paid for the cattle Manure accumulating in the Cart halting ground which was lately enclosed "with a wall at the expense of Government at the Village "of Shenerpett adjacent to the town of Salem" as the place here referred to requires draining, and it is further necessary for the convenience of the bandy men who halt there that they should have a well within the enclosure and a shed or some kind of shelter. I have the honor to request the Board will permit me to appropriate the rent derived from the sale of the manure to the above objects instead of its being carried to the pin account. In anticipation of the Board's sanction, I have excluded the item from the Extra Revenue accounts for Fusly 1263.

Salem,
Collector's Office, Dofsoor,
14[th] November 1854.

/Signed/ H. A. Brett.
Collector

Pro

28-29

Fort St. George 7th December 1854

No. 591

Bt. No. 2716.

Proceedings thereon.

Resolved that the letter above recorded be submitted for the orders of Government with the Board's recommendation that sanction may be granted to the application of the Collector for the appropriating to the local objects proposed the amount derived from the sale of the Cattle Manure accumulating in the Cart halting Ground, lately enclosed with a Wall at the expense of Government at the Village of Shevaipett, adjacent to the town of Salem. It will be observed that this item was first collected in Fusly 1262, and included in the Extra Revenue of the year. It does not properly however form any part of the public Revenue, and a fund

Fort St. George 7th December 1854

fund so purely local in its origin ought to be devoted, in the Board's opinion, to local objects.

Read again Report from the Collector of South Arcot dated 5th October and entered in Consultation 16th November 1854.

Proceedings

30

For. St. George. 7th December 1854

B. No. 2712.

Proceedings thereon:-

Two discrepancies are noted in the Salt Statements furnished with this Report. The first is that the account of Charges in that Department as given in Para 22 of the Report does not agree with Statement R. there being a difference of 114-14-9 as shewn in the Margin. The other is a difference of 7,080 Indian Maunds in the quantity supplied to the French Government between Statements A. and L. as noted in the Margin. The real facts in both cases

	As per entries in the Margin of Para 22 of the Report		As per Statement R.		Increase	Decrease

For. St. George 7th December 1854

cases should be notified, in order that the Board may correct the Statements in their Office; and care should be taken hereafter to avoid such discrepancies.

The Report does not appear to call for further remarks; sanction will be requested in their General Report to Government for writing off the arrears of Fusly 1262 stated in the concluding Para to be irrecoverable.

4. The small increase of Rupees 688 in the sales for inland consumption calls for no particular remark. The sales were below those of fusly 1260 and 1261, but in those years there is reason to believe that the sales were in some degree forced, and since the Board's orders regarding measurement have been rigidly enforced, many merchants who formerly frequented our ports have refused to purchase and have crossed the frontier to Madura.

5. The decrease on account of salt sold for home consumption amounted to Rupees 15643 – 2 – 10, and is to be accounted for by the scarcity which prevails, and the generally depressed condition of the people. Connected with this subject I take leave to refer the Board to my letter of the 2d. February last, on the subject of the abolition of the practice which formerly prevailed of recalling salt rowannahs after the article had reached its destination. The views which I then maintained have derived some force from the discovery in the house of a dismissed servant of the Salt department, of some blank rowannahs which were entered in account as having been issued to cover certain quantities of salt sold in a previous month. it is hardly possible to account for the possession of these papers by the individual in question, except on the supposition that they were to be used dishonestly to cover a clandestine sale of salt, and had been obtained from the place to which the salt, they originally covered, had been taken.

Sea Customs 6. The statement which follows gives in detail the increase and decrease in the Sea Custom collections shewing the net decrease to have been Rupees 16954 – 11 – 8. – Fusly

Grand Total

Brought forward

Total

Net Decrease

7. The decrease in the exports was chiefly in the articles of rice and paddy as the vessels which take grain to Columbo keep up the import trade in betel nuts, a diminished export of the former has led to a decreased import of the latter—

8. The decrease in the duty on the export of Tobacco arose from the utter destruction of the tobacco cultivated at and near Vadarnium in the storm of March 1853, and the great demand which arose for teak wood drew away several of the vessels of the Nugore ports from their usual course of trade in boiled betel nuts, and caused a decrease in the collection of duty on that article—timber imported from the eastern settlements pays no

import duty here, and the decreased duty on the articles which is apparent in the statement under review, arose from the diminished export of grain to Ceylon from which Colony the district is chiefly supplied—

In the Collections at the Frontier 9. Frontier Chowkies there was a net decrease of Rupees 7541—11—3 as shewn in detail below—the chief decrease arose from a diminished export of grain consequent on the bad harvest, leaving which out of account, the comparison between the fusslies is favorable to that on which I am now reporting—

Decrease on Export of Rice & Paddy 2814—3—6
Net Decrease 2571—4—3
272—15—3

Abkarry

10 The Abkarry rents were high, At the time they were put up to auction it was understood that the profits of fasly 1262 had been large and great competition ensued. The revenue under this head was however fully collected.—

Motorpha

11. Under the head of Motorpha there was a decrease of Rupees 1050—15 5. of this Rupees 110-1—6, was in the item of house tax, and arose from many houses having been destroyed in the storm, which the pressure of circumstances had not allowed the owners to rebuild. The remaining decrease of Rupees 940—13—11. was under the head of loom tax, and arose in great measure from the general scarcity having prevented many marriages, and caused a consequent decreased demand for cloths the

very general prevalence of cholera throughout the province for several months had also doubtless its effect in causing this decrease—

Fish rent

12. There was a small decrease in the item of fish rents which does not call for any particular explanation—

Chayaroot.

13. The bidding for the privilege of collecting duty on Chayaroot was more active than usual, and the rent rose from Rupees 300 to Rupees 500. the renter however met with losses owing to the failure of the rains, and has been unable wholly to meet his engagements—

Chank rent

14. No offers were made for the Chank rent—

Stamps

15. In the item of Stamps there was an increase of Rupees 13760-12-0. and I attribute this chiefly to the establishment of four additional district

16633 Fort St. George 7th December 1854.

district Moonsiffs Courts at Nunnil-
-lam, Tritrapoondy, Sheally and Valanga-
-maun - It will be satisfactory to the
Government to observe how readily the
people respond to all attempts to make
justice chiefly accessible to all -

16 The total demand on account
of the Extra Sources of revenue was
Rupees 9,35,785 - 4 - 1 of which Rupees
9,00,261 - 10 - 11 were collected within the
Fusly - Subsequent collections have
reduced the balance to Rs. 146 - 4 - 9 -
of this latter sum I do not propose
to press for Rs. 78 - 8 - 0 due by the
Chayaroot renter whose losses were
real, and such as he could not avoid.
The remaining trifling sum of Rs.
26 - 13 - 4 due by the fish renter, and
Rs. 10 - 15 - 5 standing under the head
of Motursha, are now in course of
Collection -

Tanjore 11th July 1854

Order thereon (35-36)

E. E.

Ordered to lie over

/Signed/ H. Forbes
Collector

1664 9 Fort St. George 7th December 1854

(37)

Read again report from the Collector of Tanjore dated 26th November and entered in Consultation 15th December 1853.

B. No. 2710 Proceedings thereon

The state of the season, which was favorable up to the commencement of the N. E. Monsoon, though very disastrous afterwards, need not be here noticed, and there is nothing calling for remark in the character of the Settlement, or in the few changes which took place in the mode of Settlement in a small number of Villages.

2. Remission was allowed to the amount of 66,685 Rupees, the whole for Shavy as it would seem from the Statement in the body of the Report, but comprising 8,591 Rupees for waste land in the field assessed villages, Para. 11 as is seen in Enclosures 6 and 9. The remission in the Dolamigoo villages (5,2874 Rupees) also includes loss by short produce and by waste as well as by Shavy. The remissions appear to have been given under the usual rules, and though somewhat over the average, they need no remark.

3. The result of the Settlement was a total increase in the demand to the extent

extent of 66,674 Rupees exclusive of 179,394 Rupees the amount of the Vaitil Curnums &c fees now first included in the Jyen Settlement under the Board's Orders of the 19th April 1852 Including that item the total net Settlement was 241,64,256 Rupees.

4 The Collections within the year amounted to 37,37,328 Rupees leaving a balance of 426,928 Rupees of this sum 260877 Rupees was remitted under the sanction of Government of the 13th December 1853, on account of the heavy losses sustained by the Ryots in the severe gale of the 27th and 28th March 1853. The difference 4788 Rupees between the amount actually remitted and the sanction having been collected before this sanction reached the Collector. Deducting that amount a balance remained at the close of Fusly 1263 to the amount of 7,2,050 Rupees. Of this sum as it seems, 55393 was to be collected according to the expectation of the Collector at the date of his Report under notice, together with the Rists of Fusly 1263. But this does not appear to have been done, and if it be Forbes's further consideration has seen reason to

7 In Cons 19th Dec 1856 para 4

to give up this demand also, he will bring the subject to the Board's notice in his Report on Fusly 1263.—

5 The Balance of Fusly 1261 at the date of the Report now under consideration amounted to 46,867 Rupees on these balance the Collector collected the Board subsequently on the 21st July 1854, and the balance stated by him to be irrecoverable, amounting to 6,792 Rupees were remitted by Government on the 19th September. These claimed by the Collector as recoverable and doubtful, amounting together to 3,769 Rupees, are supposed, in course of Collection.—

In Cons 28th Sept. 1854 Date Govt 11th Sept.

6 In para 16 of his Report the Collector gives more particulars as to six villages Oolungoo rented in that Fusly, below the Standard Beriz. The Board see no reasons to question the propriety of the arrangement in the case of the several villages they think it desirable however, with reference to the varying periods for which the Oolungoo villages are held, that they should have on their records a statement of the number of villages for each period. They request that the Collector will forward such a statement, showing respectively the number of villages held permanently or pending a different arrangement, and for certain periods of years.

To,

B. Cunliffe Esqre.

Sub Secretary in charge

Fort St. George

(38)

B. No. 4129.

Sir,

From the Collector } Prd.
of Trichinopoly }

I have the honor to acknowledge receipt of Extract from the Proceedings of your Board, dated the 2nd Instant, having reference to my report on the settlement of the Dindigul District for Fasly 1262 / 1852/53, and agreeable to the instructions therein contained, I beg to submit explanations on the several points brought to notice in these Proceedings.—

Para 9 of the Cr. 2. The decrease has observed of no less than 3,434 Oolcoodie Ryots arises in part from emigration of many individuals to the Mauritius, and in part from a number of farmers having left their lands waste and untilled, owing to their seed and stock for cultivation having failed them.—

The Paracoodees shew an increase of 542, from the fact of the Ryots throwing up their land in their own villages, and moving to others for the sake of the favorable and privileged

privileged rates granted to non residents to bring up land, I beg to submit that there are no Goonchee Puttahs in Fasly 1262/1852/53 The system of Copartnership was found to lead to abuses; and the evasion of the demand of Revenue, by the Ryots removing from one to another, and finding on scrutiny that the holdings were in fact plentiful, I ordered for the future all Puttahs to be made out according to each individual holding. In Fasly 1261/1851/52 the Goonchies were 3,252, not 113 as stated by the Board. These were the Dama-plagem Puttahs.—

Para 10. 3. The Statement shewing the different Sources of irrigation submitted by me for the Fasly under review is the accurate one and must to be depended upon. These furnished in prior years were prepared by the Village Curnums without care or exactness. In fact the returns were not truthful. But in the present instance, after the Board's orders of the 15th June 1853 the Sources of irrigation were obtained on inspection.— With

Para 11 With reference to these 48 Govt Tanks out of repair, it may be reasonably expected that when the revision of the assessments is carried out, a good portion of them may be profitably repaired and lands under them regularly cultivated with Punjay Crops. The subject shall have my early attention, and those lands which cannot be in future irrigated shall be allotted at the Punjay rates.

The 60 tanks out of repair being the private property of the Ryots are hopelessly ruined and not worth repair by Government. Of course no revenue is derived from the lands under them. These will be let as Dry Crop lands for the future.

Para 12 5 Adverting to the old Wells 1978 in number and ruined, we may reasonably expect that a fair proportion will be repaired, immediately on the Tatacabitax being got rid of, and the lands cultivated as heretofore. I have now issued my orders giving the Proprietors of these ruined well lands the

option of cultivating at the rates of unirrigated products.

Para 13 6 I cannot find in the accounts of my Office that so many as 2622 tanks were repaired by the Ryots themselves in preceding Fasles. The present number given is the correct one. The Tplock of Tyrone from its position under the Hills and general Slope of the Country is better adapted for storing water, hence the fact of the inhabitants taking advantage of this provision and preating these petty tanks. This is the only reason I can assign for so many as 49 being found there.

Para 17 7 Statement A°. 11 was transmitted on blanks by the reason that no waste was charged at the Settlement.

Para 18 8 The discrepancy here noticed arises from the omission in Statement 13 of deductions on account of Shavy and the increase and decrease under head of ready money. This omission will be explained

No. 1666 — Forbes & Grenier 1st December 1854

explain the Differences

Increase according to Statement No. 13 including the ready money items of Land Revenue — Rs. as P. 1,20,218-5-10

Rs. a. p.
Drawback as per Statement 1810 1,24,088-—-10
Add Stamp deduction as per Statement No 14 — 3,869-10-6
24,433-2-6

Add according to Statement No 14 the Stamp deducted in June 1861. 3,869-10-6

Ready money Castly according to Statement No 15 — 1293-7-11

Ready money Comery as per Statement No 15 — 2,761-10-6

The amount in the Report — 1,49,253-1-6

The amount entered in the Report — 1,55,578-12-1

The entries remarked by Nos 16 and 17 will be attended to in future reports and Statements.
