Ordered to lie over.

To

Collector's Cutcherry,
Salem, 27th November 1854.

(36-37) Order thereon.

17042. Fort St. George 14th December 1854.

No. 97.

To,

B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue.
Fort St. George.

(38)

B. No. 4406. Sir,

From the Collector of Salem

I have the honor to bring to the Board's notice that Mr. Fischer of Salem having transmitted a Bill on Messrs. Binney and Co. for Rupees 287-9-3 to my Office on the 10th of October for a balance* of Rupees 121-14-8 due on account of lands held by him on the Shervaroy Hills, and for a further sum of Rupees 165-10-7 due from Mr. V. Seth Sam for his lands on the Hills, the aforesaid Bill was transmitted in the usual course to the Sub Treasurer by whom the amount was credited to the public accounts, but that previous to this transaction the sum of Rupees 38-9-7. was paid unknown to my Office into the Salem Talook Treasury by Mr. Fischer's Goomastah in part liquidation of the same balance of Rupees 121-14-8 and was carried to account, in consequence of which a double payment has been erroneously made to that extent, I therefore request that the sanction of Government may be obtained for refunding the above sum of Rupees 38-9-7. to Mr. Fischer.-

* Outstanding on the 31st July 1854.

* Vide letter from Sub Treasurer dated 6th Novr. 1854. No. 640-

° On the 30th Augt. 1854.

(Signed) H. A. Brett.
Collector.

Salem, Collectors Office,
Hoosoor 14th November, 1854.

B. No. 2762.
Proceedings thereon.

(38-39)

No. 605.

Resolved that the letter above recorded be submitted for the orders of the Right Honorable the Governor in Council, with the Board's recommendation, that under the circumstances represented by the Collector sanction may be granted for the refund to Mr. Fischer of Rupees 38-9-7.-

97	Meerzoor Ally	80 12 10	15th Sept. 1829 For Service	From 12th January 1855 to 11th October 1854.	141 6 5	This Yeomiah was intended for the support of a Mosque at Tiagar- From the report of the Tahsildar it appears that the incumbent has by reason of sickness and of some domestic misfortune, been prevented from drawing the allowance, within the prescribed period- The incumbent who has personally appeared before the Collector has evidently been suffering from disease. As the service attached to the Mazeed has been kept up, the Collector begs to recommend that the necessary sanction of Government may be obtained for disbursing the arrear here exhibited, and for the future continuance of the allowance to the incumbent.		

The Pensioner's age is reported to be now 51.

From the Collector of Madura-

Sir,

With reference to my letter of the 28th ult. October last, I have the honor to suggest that the opportunity of the Annual Agricultural Exhibitions might be taken to shew the Native Cultivators such of the English implements of Agriculture and Gardening, which from being simple and inexpensive would seem best adapted for imitation by them- Carpenters tools, specimens of latches, and other fastenings of doors, and other useful articles of ironmongery would be much prized and quickly copied. Some Ironsmiths to whom I this morning shewed a simple folding chair made of Iron and Canvas eagerly took it away as a pattern. The same with a common thumb latch- Perhaps it might answer to include some few articles of this kind among the prizes-

From the Collector of Trichinopoly-

Sir,

In accordance with the instructions conveyed by Extract from the Proceedings of the Board of Revenue of the 25th September last, I have to the best of my ability made known to the Ryots of this district the information collated by Government and the sentiments of His Lordship in Public Department Council as promulgated in Extract from the Minutes of Consultation No. 954. dated the 19th September 1854-

2. The growth and Cultivation of fibrous plants is very limited in this Province, and I cannot learn that fibres of any description are articles of foreign exportation and trade.-

3. I beg to submit a return according to Form shewing particulars of the different descriptions of fibrous plants obtainable or grown in the District.

4. I am not aware of any obstacles existing to the general Cultivation of fibrous plants and trees- A ready and immediate sale for his products is what the Ryot requires, as well as advances of money from the Merchants seeking such commodities. Ensure him these, and he will grow any thing to meet a certain demand-

Trichinopoly, Collectors Office, 9th December, 1854.

Trichinopoly
9th December 1854.

44-45 Order thereon.

Ordered to

14th December 1854.

Remarks.

This fruit tree is most esctensively grown in the District. The fibre is used very limitedly generally by the flower garland makers. Its culture is more for its fruit and leaves than any other purpose.

The fibre for small twine is taken by the rotting process. This plant is Cultivated on dry lands and in gardens never alone but always with some other products. The Cord is for Home consumption and trade from Village to Village. None is exported.

The Cocoanut abounds in the District. But it is cultivated more for its valuable fruit than for its Coir. The fibre is obtained by rolling the green husk. Very little Coir rope is made in the Province. The natives here use the husk for fuel.

None is grown in the District. This Country hemp is imported into the City of Trichinopoly.

This plant is found in the jungles and rocky parts of the Country. The fibre is obtained by steeping in water for many hours. The fibre is fine and of little use. not an article of trade, the small quantities can be purchased in the Bazars.

This fibre is not known here and of no use.

Some of this twine is obtained in the District. But it seems of no strength and of little use.

Very scarce. Tho' known in the Province.

This tree does not grows well.

Bd. No. 4700
From the Collector of Canara, . . .

Sir,

With reference to Extract from the Proceedings of the Board of Revenue under date the 25th September 1854, I have the honor to forward a list of the principal fibrous substances of this Province and beg to refer to the samples which have been despatched to the Madras Exhibition.

Replies to Boards Proceedings of the 25th September last and forwards a list of the principal fibrous substances, and also a copy of a Memo on the same subject already sent to the Madras Exhibition.

1 + No. 2

2 I beg also to append a copy of a Memorandum on the subject which has been forwarded to the Central Committee.

3 The object of the Government being to make known in the Province the information conveyed in the Minutes of Consultation, I have adopted the following course, which, I feel sure the Government will approve. We last year published at Mangalore an almanac, called the "Mangalore almanac," in English and Canarese, which was sold at the cheap rate of six annas per copy. It was prepared by the combined aid of several of us, the residents; and of the German Missionaries at whose press it was printed. The object was to combine with an almanac

17052

For A St. George 14th December 1854

almanac a few articles on general subjects tending to introduce a taste for useful information a thousand copies were printed and nearly the whole immediately sold; and this year, we propose to print 1,500 copies.-

4 I have printed a short summary of the Government Minute on Fibrous plants, together with a notice of the Madras Exhibition and the prizes offered, and, besides circulating it separately, shall add a copy at the expense of Government in the form of two or three extra pages to the almanac. In this way the object of Government will be most surely attained.-

5 A copy of the almanac of last year will probably be interesting and is forwarded herewith, and I shall forward one of the new Numbers as soon as it is completed. The success of the undertaking is still doubtful, as a great portion of the expese was borne by the projectors in the first instance, and it is difficult to contend with the apathy of the people. If it is continued it can be used as a means of conveying such notices with a better effect than Circulars to the Tahsildars can have.-

Collectors Cutcherry

No. 2

Fibres and Fibrous plants &c.

By far the most important of the fibrous substances of Canara is the Coir or fibre of the husk of the Cocoanut now so well known in Europe, and so extensively used for the rigging of Ships. Manufacture of Mats, and other purposes.

The best Coir is the produce of the Laccadive Islands attached to the Canara District, and by the peculiar System under which those Islands are governed, the whole of the Coir produced is the property of Government. The inhabitants of the Island pay no money tribute, but deliver their Coir to the Government, receiving in exchange a given quantity of rice Salt and Cash for each Candy of Coir so delivered.- The Revenue of Government therefore depends upon the relative value of Coir and rice and so great have been the fluctuations, especially in the price of Coir that for some years, the Government instead of receiving tribute incurred expense, while at other times the Revenue has been considerable. The simple islanders are attached to a system with which they have been long acquainted,

acquainted, and notwithstanding the difficulty of protecting them from fraud in the delivery of the rice, they are averse to a change.-

The average quantity imported from the islands for the last five years has been 642 Candies or 160½ tons per annum. The greater portion of this has been supplied to the Government Dockyard in Bengal, and a small quantity to that of Bombay. The remnant of the stock sold off by public auction at Mangalore realized from 20 Rupees to 33½ Rupees per Candy or Rupees 80 to 134 per ton. The market price is at present probably higher than this.

The Coir prepared on the Mainland is very inferior, and this appears to be attributable not to any inferiority in the quality of the fibre, but to less careful preparation, or the purposes to which the Nut is applied.-

On the islands the nut is a Main article of food and eaten when fresh, the Coir is therefore prepared at the best stage of its growth. On the Mainland the Cocoanut is much used for oil and is generally allowed to reach a stage of its growth when the fibre of the Coir is much deteriorated.-

The

For I St. George 14th December 1854.

The export of the Coir of all kinds has been for the last 5 years as follows,-

	Candies
1849/50	813
1850/51	2,342
1851/52	1,096
1852/53	1,438
1853/54	2,044.

But of late years a great deal of Coir has been carried into the interior, and does not appear in this table, and the local consumption is very considerable. Among many other purposes it is used for binding the Moorahs or bundles in which rice is exported (see sample № 318).

Of these Moorahs 159,736 were exported last season, and the average weight of Coir to each Moorah being about 7 tolas, the total quantity used for this purpose may be estimated at nearly 500 Candies or 125 Tons.

The specimens of Coir sent are.

№ 367. 1st a sample of Laccadive Coir.
" 366 2nd Do. of the Coast Coir as sold in the Bazar.
" 392. 3d A Coir Mat made of Laccadive fibre made in the Jail by an English sailor.

For I St. George 14th December 1854.

№ 394 4th Do. of another pattern made by a sailor at Mangalore.
Mats of these kinds can be now obtained at the Mission Institution and are also manufactured by the Convicts at Mangalore and Honore.

With the exception of the Cocoanut, the Palm trees of this district do not yield fibre of any great commercial importance, but all of them yield more or less which is adapted to many useful purposes.

The Soopary or Areca Nut is after the Cocoanut, the most common of our palms and is cultivated extensively throughout the district for the sake of its aromatic nut. This nut resembles the Cocoanut in being enclosed in a husk of Coir, but the staple is so short that it does not appear to have been used hitherto. I am not aware whether any experiments have hitherto been made upon it, but if it should be of any value for the manufacture of coarse paper or for any of the purposes for which patRum is used it could be obtained in any abundance in a district which produces 7,550 tons of the Nut and where this fibre is now thrown aside as useless.

A

17058 For St. George 14th December 1854.

A flexible integument of the leaf of this palm is used for numerous purposes, and among them for making a kind of Cap to protect the blossom of the tree from the rain. The tying on of these Caps is one of the chief expenses incurred in this Cultivation.

It is also manufactured into Caps worn by the "Bunts" of this district, an agri-cultural class of Hindoos.

Specimens.-

No. 384. The flexible integument.
385 to 388. Caps worn by the Bunts.
/see also 290 & 291.

Soopary pr Areca Nut.
Catchu or Terra japonica.

The "Bynee" or Sago palm though not cultivated is found throughout the district and wherever found is valued for its excellent toddy and the farinacious meal found in its fibrous stem. The fibre of the lower part of the leaf is of remarkable strength and applied to many purposes and especially used for fishing lines. In England it is known as "Indian Gut."

Specimen.-

No. 373 The lower part of the leaf with the outer portion peeled

off and so as to expose the fibre.-

No. 373. A bundle of the fibre.

See also No. 327. Sago No. 437. Arrack and No. 292. Jaggry.

4 The Palmira Palm } These trees do not yield any
The Talipat Palm } fibre that is much in use.

Their leaves are made into Umbrellas &c.

After the Palms I would name.

The Pine apple. The beautiful silk-like fibre of this plant, is used by the women for stringing their Necklaces and such purposes, but is not an article of Commerce. It could and would be cultivated to any extent if sufficiently in demand, but the price must be very high to be remunerative.-

A specimen of the fibre is sent No. 372.

The aloe. An excellent fibre is prepared from aloe of this province, but not at present in large quantities. I am told that the export from neighbouring districts of Malabar is now consi-derable.-

The [illegible] is used in the manufacture of grass Mats.-

Samples. The fibre of the aloe No. 371.
Twine and Rope - - - - " 376.

Perhaps.

Perhaps the fibre which is most likely to attract attention as being most capable of increase to meet a sudden demand is the Sunnub or Indian Hemp.-

Among the Specimens will be found Samples of the Plant ——— 374

Fibre ——— 368

Twine /fine/ ——— 378

" Coarse ——— 377

Fishing Nets /fine/ — 380

" /Coarse/ — 379.

I am desirous of calling particular attention to these, and shall be greatly obliged if the Committee will furnish me with the opinions of Mercantile Men as to their quality and value. I do not know any of our products which I think more likely to be stimulated by the present investigation than this.-

The Indian Hemp grows finely in this District- It is at present cultivated only in the Villages along the Coast and used for the manufacture of fishing Nets- It grows on the sloping laterite hills where rice will not grow and there are many thousands of acres of such land available.

A product, in such demand as to give value to these lands would greatly advance the prosperity of the district.-

The seed is sown at the commencement of the Monsoon and the crops reaped at its close. As I have seen the same land cropped over and over again with this plant, I conclude that it does not exhaust the soil.-

Our Custom House Returns prove that the quantity raised is not at present equal to the Consumption.-

	Cts	Mds		Cts	Mds
Hemp imported	73	13	exported	8	"
Seed imported	15	10	exported	2	12

The price of the fibre is as nearly as I can ascertain Rupees 1¾ per Maund or 140 Rupees per Ton.-

The Seed is imported from Rajapoor, where the finest hemp is said to be grown.-

Plantain fibre.

This is used in the shape of bands for many purposes, such as for binding the Mooras of rice/ see specimen 391/ and many others. In the Soopary gardens of the Ballaghaut, the plantain is grown between the Betel palms, chiefly to give moisture to the soil. The stems are cut down and left to rot to enrich the soil.-

The specimens of fibre now sent have been

For Ft St. George 14th December 1854.

been prepared expressly for the exhibition /391/ at the Mission Establishment. If the value of this fibre proves to be sufficient to render the labour remunerative and there is a local demand for it, the district would doubtless yield a large supply.

Cotton

To complete the series, I send specimens of a Kind of Cotton grown on the uplands of the Beikal Talook. This is the only cotton, I believe, grown in the district /381–382. and 383/ll is chiefly used in domestic Manufactures /see cloths/.

Bark Bags.

No. 389 are specimens of a Bag made of the Bark of a tree.

The branch in its natural state is left at one end of the bag to shew the manner of its preparation. The bough is put to the required length soaked and beaten and the bark then drawn off as it appears in the Specimen.

A few specimens of the purposes to which different portions of the fibres or fibrous trees are applied are added, such as 385 to 388 Caps worn by the Bunts of different ranks.

Sir.

B. No. 4512.
From the Collector
of Malabar.

With reference to the Board's Proceedings under date the 26th Ultimo,

I have the honor to state that out of the sum of Rupees 111.887–12–4 raised annually in Malabar under the head of Moturpha, Rupees 88.700 is the product of the tax on houses and substantial shops or Warehouses.

2 I was fully prepared to recommend that the abolition of the regular

regular Moturpha. i.e. the tax on trades and mechanics should not be held to embrace this charge. a house tax seems to me a most legitimate source of revenue.

The charge was not blended with the Moturpha accounts until Fuslies 1230 and 1235.

3

Mr Maltby's proposition to use a portion of this peculiar tax for municipal purposes is no doubt worthy of attention, but the object in view /in Malabar/ would be more simply gained by a direct allowance.

Bd No 4,288
From the Ag. Collector of Madras ... } Sir Fort St George

As it appears from the annexed copy of report from the Superintendent of Cochranes canal that the canal is now open to Doorayapatnam I have the honor to remind the Board of the orders of Government dated 16th September 1853 under which the proposed system of toll has now to be again considered and brought into operation.—

2 Meantime I have directed the Superintendent to make no additional demand on Boats that have used the new portion of the canal.—

3 In reference to the remarks of Government on the proposed new Rules, I would observe first that as all boats are likely to come occasionally to the Presidency, and as the intermediate traffic will be inconsiderable, it was not thought worth while to clog it by placing any collecting Establishment along the course of the canal— and, as regards the supposed transfer of the payment from Merchants to boat owners, it is not likely to make much practical difference further than relieving the Merchant from detention. In any case the toll will eventually fall on those who employ the

Fort St. George 11th December 1854

the boats, and fixed so moderately as is proposed, I do not think it will cause any embarrassment to the Boat owners.—

4 As regards Government stores I agree with the Government that they ought to be dealt with as Salt The very principle of the proposed change is to take not the Goods but the vehicles.—The boat owner will get the same profit on the goods of Government as of private individuals and I see no reason why the toll should not be paid alike in either case. Moreover another object of the new Rules is to obviate all pretexts for interference or examination as to what goods are carried.—

5 For the same reason as already stated in my letter of the 28th June I prefer the plan of levying the toll once for each trip to and fro whether the Boat leave with or without cargo.—

6 Owing to the present high price of Grain in Madras I expect that the canal will be very extensively used to bring down the new crop and this makes me the more desirous that a tram way provided with trucks may immediately be laid down from the Basin to the water gate of Black Town, so that no goods may accumulate at the Basin

To H Stokes Esqre
Acting collector of Madras

Sir.

I beg to bring to your notice that

† Pass No. 1457

a boat load of Paddy containing 3/2 Garces, was brought by a Merchant named chadyandy chetty from Doorajapatnam through the new canal recently cut. I have thought it proper to receive from the Merchant a deposit of 5 Rupees in addition to the regulated toll of Rupees 9—10—6 chargeable on the boat, on account of its having passed the new canal, and permitted the merchant to remove the Paddy in order that the same may not be wet from the rain as I hear that some more Boats will shortly come by the same canal, I beg to be favored with your orders as to the amount of additional toll to be levied, or received in deposit in such cases.—

No. 808

To

The Chief Secretary to

Government

3d No. 2778

To The Chief Secretary }
to Government..... }

Letter 10th November
In cons 4th Dec/54
Dis 2d in Dy cons 1 Dec.
sent up to Government
on 7th i Dem.
In cons 26th Sept 1853

The Acting Collector of Madras having now reported that the extension of the Cochrane canal navigation to Doogaraz Kapatam is completed and in use, the Board of Revenue proceed agreeably to the order of Government of the 16th September 1853, to bring again under their consideration the subject of the revision of the present system of taking tolls on the canal, I am also instructed to submit a revised set of Rules for the approval of the Right Honorable the Governor in Council.

2 The Government approved in general

× Letter July 25th/53

the proposals formerly submitted by the Board × but stated objections on a few points, which I am now instructed to notice in order. In the first place it was observed that the rules did not provide for boats bringing cargoes to intermediate places, Ennore for example, but levied duty at Madras only. The omission was made advisedly and the Board after

Fort St. George 14th December 1854.

reconsideration, would still advocate it. Almost the whole of the traffic on the canal is between the Presidency and other places; the intermediate traffic is extremely small. Simplicity of System and the absence of interference being so very important, the Board thought and still think it would be inexpedient to maintain an Establishment or demand payment at Ennore or elsewhere, for the sake of the very trifling collections to be so realized. The Officer so stationed must be of a very subordinate grade and would be remote from control; and he would almost inevitably abuse his power to the detention of boats for purposes of exaction.

The acting Collector proposed to continue the

3 June Para 2
In cons 27th June/53

Conocapillay at Sadiencoopum even though abolishing the separate toll; but the Board are of opinion that it is not at all necessary or expedient to do so.

From Government
16th in cons 26th Sept/53
para 5.

3 The Government also objected to the rule which exempted from Toll all Government Stores and property except Salt. The present Board fully concur in the view thus expressed, and are of opinion with

Fort St. George 11th December 1851.

*Letter Nov. 10th/52. Para 4.

with the Acting Collector that there ought to be no such exemptions. They have modified the draft rules accordingly.—

4 The next remark of the Government referred to the transfer of the payment of toll from the owner of the Goods to the owner of the boat Practically the toll must under any circumstances fall on the employer of the boat, and the rate proposed being so moderate, it does not appear to the Board that the new form of the demand will cause inconvenience. Further this transfer of the demand seems to be necessary, if the toll is to be levied on the boat and not in the Goods & separately a change which the Board consider to be of the first importance, and of which the Government expressly approved. For otherwise in the frequent case of Goods of different owners being conveyed in the same boat, the adjustment of the share of the toll to be paid by each would be difficult

Sept. 16th 1852 Para 5

5 The only other remark made by Government relates to the tolling of passengers, or rather of passengers' boats. The Board beg to say that this seems proper

Fort St. George 11th December 1851.

proper and necessary in point of equity, and in following out the just principle that toll is to be paid simply for the use of the canal, without regard to the mode of using it. The amount of the toll on each passenger will be so extremely light that it cannot be supposed likely to have any injurious effect: the former toll abolished in 1837, was not only very heavy, (three fanams or nearly a quarter of a Rupee on every passenger,) but it also involved much personal interference, which will be wholly dispensed with under the proposed rules.—

6 On the matter of guarding against evasion of the toll, by landing goods and passengers at a little distance from Madras, the Board observe that with the moderate rate of toll which they propose, such evasion will be scarcely worth while: particularly as boats so evading payment on arrival could not under their proposed rules enter the basin to take an outward freight If however it should appear hereafter that such evasion is practised to any material extent it may be effectually prevented by moving the tolling Station to a short distance from

from Madras, say to Sadiencoopum, so as to increase the alternative cost of conveyance by land. As respects the compounding for toll which was provided for in the 6th of the rules formerly sent up; it occurs to the Board on further consideration that the rule would act very unequally, in as much as the smaller boats are able to make many more trips in a given time than the larger, the Board have therefore omitted that rule in the present draft, deeming it better to leave the subject for future consideration after the effect of the present changes shall have been seen.—

7 The Board have considered the question whether the rate of toll should be increased in consideration of the present extension and improvement of the navigation and they have come to the conclusion that it ought not. It must be borne in mind that the operation of these improvements will be very greatly to augment the traffic. The effect in this direction is not to be measured merely by the additional extent of navigation; there is the

further fact that hitherto the Canal has often been impassible for considerable periods, for want of repair while that at other times even when it was not absolutely so boats have been able to convey no more than half a cargo, and even then have needed extra hands. Hereafter it is confidently to be hoped that these impediments to the use of the navigation will have no existence.—

8 Further, if the legitimate objects of levying a toll on the Canal be kept in view, it must be allowed, / the Board think, / that the present amount of receipts is far too large. They apprehend that it will be conceded that the proper and just object of a toll, and therefore its limit, is the provision of a fund for repairs and management, together with the market rate of interest on the Capital cost. Unfortunately this rule has been wholly lost sight of in the case of the navigation now in question, and the Canal has been looked to as a source of Revenue to the State. The lamentable

Consequence

Fort St. George 11th December 1852.

consequence has been; that under a burden some toll a complicated mode of levying it, and the neglect to repair the canal and the approaches to it from the northward; the advantages of this important line of navigation extending for sixty miles from a city of 700,000 inhabitants have been very greatly neutralized This has been the case to such an extent that the navigation has failed to compete successfully even with the wretched Northern road

9 In view to determining what annual amount may properly be demanded from the Canal, the following considerations may be stated. The original canal cannot be said to have cost the Government any thing; for tho' they paid a sum of 44,000 Rupees for the posession of it, yet that amount has been long ago repaid twice over in clear income over and above all expense and repairs. The cost of the improvement now made was estimated at about

× See on this and other points a Memorandum on the Cochrane Canal appended to the first Report of the Commissioners of Public works. appendix II

Fort St. George 11th December 1852.

× Extension of Doorgarayahtam Rupees 4,72,45
Improvements to the old Navigation 2,00,47
Locks 1,54,70
Total 8,27,92

about 85000 Rupees × and the interest on that at 5 per cent will be 4250 Rupees. The annual cost of repairs and small improvements will be liberally estimated at 200 Rupees a mile being a total of 12000 Rupees a year, and that of Superintendence and management at 3000 Rupees. The total may be stated at 21,000 Rupees a year, being the amount fairly demandable from the navigation. It may be added however that in point of fact Interest ought not to be required on the cost of the new improvements. because the State is already indebted to the Canal to the amount of above two and a half lacks of Rupees. See Para 6 of the Memo above referred to.

See Para 4 of letter from Acting Collector of Madras June 3 Inclosure 27th June 53 where however the total is erroneously given at 46000.

10 The existing traffic was estimated by Colonel A Cotton after examination of the returns, at 48000 tons, including Passengers boats, and assuming an increase of only 75 per cent upon this, under the operation of the causes above enumerated, Viz. the extension of the Canal into a grain Country, the simplification of the tolling system the large reduction in the amount of the

See from Acting Collector of Madras, December 2d 1852. sent to Government on the 7th Instant.

toll

Fort St. George 11th December 1851.

toll, and the improvement of the navigation so as to render it practicable at all times; on this assumption a toll of four annas a ton one way will provide the amount required. The Board propose thus to adopt that rate; viz.t. to levy toll on boats arriving in the Madras Basin from the northward, at the rate of four annas for each ton of their registered burden reckoning as one a fraction exceeding a half and adverting to the probability that at no distant date a screw steamer will be plying on the canal. the Board would add that they propose that some rule should be applied to Vessels of that description also The Board feel no doubt that the traffic will in fact rapidly increase to a larger amount than is assumed above; and they believe also that their estimate of the current charges is

Fort St. George 11th December 1851.

is more than sufficient; and considering the importance of encouraging the use of the Canal, they would deprecate a higher charge at present than that which is here specified. —

11 The Board advocate the levy of toll once instead of twice in each trip, for the sake of simplicity and to lessen interference, and they prefer tolling entries rather than departures, because the great bulk of the traffic is into Madras; and boats arriving will therefore have done their work and earned their hire, instead of being about to start to earn it. Having entered and paid, a boat will be free to depart at convenience, without any plea for interference or detention. They propose to toll all boats whether laden or otherwise, because in point of fact all boats arrive full, or if in any case a boat should come in empty, it will certainly have gone out with a freight when it will have paid no toll. There is in this arrangement also the very great advantage of reducing interference to

x See Para 11 of the Memo on the Canal above referred to.

to a minimum.

12 Hereafter when a greater length of canal should be opened, in pursuance of the scheme adopted by Government and now in course of execution, it will of course be necessary to modify the present arrangements. It will then be proper either to have a toll according to distance or to license boats at a certain monthly or yearly rates to ply on the canals. But the prospect of this eventual change need not delay an improvement so very much required as that now advocated; and the Board earnestly trust that the present proposals will be sanctioned at once.

13 As there is an Officer specially appointed to Superintend the coast Canals, the Board beg to recommend that the toll Establishment should be placed under him. It appears certain that the union of the whole charge under one Department will conduce to economy; and also that the improvement of the arrangements of all kinds will receive more attention from an Officer whose sole business is connected with the Canal navigation, than

than from one whose chief occupation is of a character so wholly different, and who can rarely visit the Canal and has very little time to spare for its affairs. So long as the income from the canal was regarded as Revenue, it was properly under the Revenue Department, and until lately there has been no other Office under which it could conveniently be placed, but when the receipts are looked upon as a toll only, levied for the purposes of the canal, it comes to appertain to those authorities who have charge of the affairs and management of the Canal generally.

x November 10th

14 In the concluding Para. of the letter now submitted, the Acting collector adverts to the subject of a tramway from the Canal basin to the water gate of Madras, to prevent accumulation of Grain at the former spot. The Board are not of opinion that the measure proposed would be useful in this regard; because involving a double charge of conveyance, first from the boat to the truck

and

and then from the truck to a cart, it does not appear that any advantage would be gained in so short a distance. A more effectual mode of relieving the basin is to increase the extent of wharfage in the vicinity and this the Board consider to be certainly necessary not only for the present navigation but still more in the prospect of its future enlargement. It appears to them that the East side of the canal all the way from the basin to the Elephant gate bridge ought to be converted into a wharf immediately, by scraping the banks and facing it with masonry, and metalling a sufficient breadth at the top, for the convenient passage of carts and the temporary stowage of goods. If thought expedient the canal might at the same time be some what widened in this part. The Board will communicate with the Acting Collector on this point, and request him if he concurs in the expediency of this measure to obtain from the

the Superintendent of Canals an estimate of the cost. Eventually it may probably be found necessary to extend the line of wharfs as far as the Hospital gate, and also to form other warfs and landing places at convenient spots on the Cooum river. one such spot has been mentioned to the Board in the Public Works Department by the Chief Magistrate in reply to a question from them, Viz.t a triangular piece of ground immediately adjoining the new bridge, one side of which is occupied by the Friend-in-need Societys Female work shop.

Revenue Board Office
Fort St. George
11th December 1851.

/Signed/ B. Cunliffe
Acting Secretary

---

1 Each Boat plying upon the canal shall be numbered, and registered with the owners name,

name, in a Book to be kept at the Toll office.—

2 The Tonnage of each Boat shall be ascertained by a rule to be hereafter determined, and entered in the Register.

3 The No. and Tonnage shall be painted on a conspicuous part of the bow and stern of each Boat, in black upon a white ground.—

4 All boats shall pay a toll at the rate of 4 annas for each Ton, or portion of a ton exceeding one half, on each arrival at Madras, whether carrying goods or passengers, or empty— No other payments whatever to be demandable and no detention for Tickets or otherwise at any places to be allowed.—

5. Boats laden with Salt on account of Government or with any other description of Government stores or property shall be liable to toll like other Boats.—

6 Steamers and Pleasure boats using the canal shall be subject to the foregoing rules with the exception of No. 3 from which these being few and easily known, shall be exempt.

Order thereon Ordered that a copy of the letter above referred to be submitted to Government and that a copy of para: 4th be furnished to the Acting Collector of Madras for his early attention and report.—

Sir

Bt. No. 1498
From Actg Collector of
Madras

With reference to my letter of the 20th Instt I have the honor to forward the accompanying correspondence with Mr. Norton Govt Pleader, to whom I thought it safe to refer the Form prepared in this Office for permitting Foreigners to hold land for Societies & Form of Permission Certificate in the case of Foreigners holding land for themselves had previously been adopted under the orders of Govt. The only question in my mind was how to introduce the words advised by Mr. Norton to be used when land might be held for a Society. The amendment now proposed in Mr. Nortons letter had better be adopted in all future cases

Bd No 1538

From the Actg Collector of Madras

Sir With reference to the Extract from the Proceedings of the Board of Revenue dated 23d Instant I have the honor to annex Copy of a letter from Messrs Bainbridge and Co: bearing date the 27th Idem from which it appears

Fort St George 11th December 1854

appears that the future demand for Madras Salt in Australia will probably be indicated by the result of the present experiment.

2 Meantime independent of this consideration it will be necessary to make as much Salt as possible in the Madras Pans during the ensuing Season to provide the demand for the year, and the stock which the Board desire to have on hand.

Madras 28th November 1854

/ Signed / H Stokes
Acting Collector

H Stokes Esqre
Acting Collector of Madras

Sir,

We have the honor to acknowledge the receipt of your letter of the 25th Instant in which you enquire what quantity of Salt is likely to be required for the Australian Colonies during the ensuing year

As we mentioned in our letter of the 27th October our Shipment per Scotia is purely experimental, and we can say nothing definitively till the samples by this Vessel reach their destination -

The liberality of Government and the facilities

Fort St George 11th December 1854

facilities afforded by your Executive Officer Mr Campbell offer strong inducement for the prosecution of this new trade, and as we are moreover inclined to believe that the Salt will suit the Australian Market, we trust that the trade will become one of greater importance

On receiving our reports from Sydney, we shall be happy to communicate to you on the subject.

We have now the honor to send Rupees 500, and shall feel obliged by your giving us an order for an additional Shipment per Scotia to Sydney of 2,50 Bengal Candies of Salt from the Madras Stores, and of the quantity of the Sample furnished us this day by Mr Campbell - The arrangement of the Shipment to be in all respects as before

The President and Members
of the Board of Revenue

B. No. 1239

From Lieut. Col. C. E. Faber
Chief Engineer ... &c

Gentlemen,

I have the honor to inform you that Government have been pleased to require from me a report on the Esplanades of Fort St. George and Black Town, and as it will be necessary to ascertain and report fully as to what measures have hither to been adopted to secure the rights of Government to lands situated within the prescribed distances of the several Esplanades, I have the honor to request you will obtain, and furnish me with the requisite information which I have reason on the following grounds to believe can be met with on the Records of your Office.

2 On referring to the Records of this Department I find that in the year 1800, the Chief Engineer then Major General Patrick Ro

Fort St. George 14th December 1854

was required by the Governor in Council to place under the sole authority of the Board of Revenue the whole of the Company's lands within the jurisdiction of the Recorder's Court, in his reply, Major General Ross requested to be informed, to whom the Register Plans and Papers relative thereto, and hitherto kept in the Chief Engineers Office, should be delivered

3 The records of this Office do not afford any reply to this demand, but in a letter subsequently written by Major General Ross to J. B. Travers Esq^re of date 20th December 1800, it is stated that "all Plans of grounds in his "possession having been already delivered to "the Board of Revenue" he was unable to supply a Plan the Board then wished to have

4 I thence conclude that at the same time the lands of the Honorable Company were placed under the control of the Board of Revenue all Registers, Plans and Papers pertaining thereto must have been transferred to the custody of the Board.

Proceedings thereon

For Major Watts 2d Sept. 1st Mus Cons 6th October 1854.
For Coimbatore 15th November in Cons 7th Dec. 1854.

Resolved that the letter above recorded together with the papers noted in the margin be submitted for the orders of the Right Honorable the Governor in Council

The

Fort St. George 14th December 1854

2 The property in question is stated to contain at present inclusive of increase found by Captain Ouchterlony's Survey, 24 G. 10 Cut. 1611 tho at the time of purchase it is alleged to have been no more than 14 G. 14 Cut. 37 feet 2546 in extent as. Part of the difference has been added subsequently to the purchase, from ac- Circar waste, but the Collector does not show, when, and under what circumstances this addition was acquired. It seems clear, however that the entire property has been for some years in the possession of Colonel Underwood, and as Major Watson about leaving India the Board recommend that the Collector may be authorized to issue a Grant or Lease for the property in question as as requested, after satisfying himself that every portion of it has been fairly and properly obtained.

1

Bd. No. 1600
From the Secretary to Government } Extract from the Minutes of Consultation under date 27th April 1854.

/ From Board 16th February 1854 /

The late incumbent — Kistnappah having died immarried the entire Enams enjoyed by him in the Villages of

of Poovanahully Soojavady and Tippalum together with the shares which he held in the other Villages will be resumed as recommended. The portion assigned to his Mother and granted by her to her son-in-law will be left in the enjoyment of the latter during his life

2. These Enams will be left in the possession of Nunjoondiah the grandson of the original grantee

3 The Enams and the shares held by Kistnama Charry will be continued to his widow if he has left one for her maintenance during his life, otherwise they will be resumed.

4 Under the circumstances represented, this Enam will be resumed as recommended.

5 The share in these Enams enjoyed by the late Naramunnah will be resumed. but the portion in the possession of her grandson Vencatasoobbien will be continued to him during his life.

6 Under the recent orders as Extract Minutes of Consultation 25 January 1854 No. 100 relating to succession through the

the female line sanction is granted for this Enam being continued in the name of Ramien the elder son of the deceased.

7. The half share in this Enam enjoyed by Sashya will be resumed under the circumstances represented.

8. These Enams having passed out of the family of the original grantee will be resumed.

9 The deceased having acquired this Enam by purchase in 1827 sanction is granted for its continuance to Vencummaul the widow of his deceased son to be enjoyed by her during her life and reported on after her death

10 Kristnah Sastry the late incumbent having been in possession since 1825 or for more than 20 years the Enams enjoyed by him will be continued to his eldest son Sammiah as recommended by the Board.

11. Under the circumstances represented the share held by the late Neelacuntiah will be resumed as recommended.

12 If the authority of the deceased

deceased Madakal to adopt her husbands grand Nephew Mullicarjoona be fully established. The Governor in Council looking to the near relationship of the parties will not object to the Enams passing to him otherwise they should be resumed. Regulation XXXI 1802. does not seem applicable, as that enactment applies only to Enams held on grant which these are not.—

13. The Government cannot but remark upon the delay that has occurred in reporting these lapses Many of them having occurred as far back as 1844 1850 Fsc

Communicating a letter from the Commissioner Northern Circars reporting on the extent to which Mahratta is employed in the language accounts and the measures which should be taken for its gradual disuse, stating that the ordinary system of numeration may be retained for the present in the District accounts.

Read the following letter.

To,
H. C. Montgomery Bart,
Chief Secretary to
Government,
Fort St. George

Sir,

In acknowledging the receipt of Extract Minutes of Consultation No. 1449 dated 7th Instant, calling for a report of the extent to which Mahratta is employed in the language of accounts and the measures which should be taken for its gradual

accounts and observing that the Commissioners letter on the introduction of printing presses into Collectors Offices was communicated to the Board on the 27th November 1854.

disuse, I have the honor to state that all accounts in the Northern Circars are kept in the vernacular language both in the District and the Commissioners office, and the use of the Mahratta language in unknown Statements in English are prepared as far as possible and the practice may with advantage be extended as an acquaintance with English becomes more general in the Talook and Collectors' Offices so as to supercede the transmission of vernacular accounts from the former to the latter. Many improvements with regard to the number and form of Statements have been introduced into the District accounts of late, and the subject is still occupying attention.-

2 The System of notation recommended in para 7 can be adopted without difficulty in all Statements submitted to Government, but in transactions with the Natives, the ordinary system of numeration which alone is familiar to all should be retained, and

Fort St. George 18th December 1854

I would not recommended that any change should be introduced into the District accounts in that respect, at least for the present.—

3. The practice of using native terms has always been discouraged in this Office and care will be taken to employ the English word whenever an Extract equivalent can be found for a vernacular expression

4 The subject of the introduction of printing presses into Collectors Offices has been brought under notice by the Commissioner in a letter from this office of the 4th Instant it is not necessary to recur to it here

15

No. 1611

Extract from the Minutes of Consultation in the Revenue Department under the 12th December 1854.

Read the following letter from the Chairman of the Chamber of Commerce.—

To,

The Chief Secretary to
Government
Fort St. George

Sir,

I have the honor by desire of the Committee of the Chamber of Commerce respectfully to request the attention of the Right Honorable the Governor in Council to the present condition of the Custom House.

The want of the necessary accommodation and of sufficient space in the yard for the Import business of the Port is a subject which has frequently been represented by the Committee to the Collector of Sea Customs, and by him I believe to the Government, and plans and alterations have been suggested

Fort St. George 18th December 1854

suggested and considered with the view of remedying the very great inconvenience which is at present experienced by the Commercial community in the risk attending the passing of their goods both inwards and outwards up to the present time, however nothing has been done nor are the Committee aware that any measures are in progress of a remedial nature.—

In a letter addressed by the Committee to the Collector of Sea Customs under date 2nd August 1853 the state of the Custom House yard was thus referred to

"The Committee would take this "opportunity to represent again, as they "have done on former occasions, the inadequate accommodation and protection "afforded in the Custom House yard for "good which pass through it. The sheds "are not sufficient to hold more than "a moiety, and after as at present, "not more than a third part of the Goods landing

Fort St. George 18th December 1854

"landing from the Ships in the roads "and the risk of loss and damage "from exposure is thus as great within "in as without the precincts of the "Custom House."

"They would strongly urge "upon Government the necessity of "adapting measures to remedy this state "of things by an addition to the number "of sheds, and if possible, an increase "of the space now available as the same "is much too limited for the greatly "augmented trade of Madras, during the "last few years. The shed on the Sea "Beach also is much too small for the requirements of the Port, and it would "be a great convenience to the Mercantile "community if it were extended," and that this is not an overdrawn picture will be evident from even a very superficial glance at the premises during the greater part of our active shipping season.—

It appears to the Committee that the only effectual remedy would be a very

Fort St. George 18th December 1854

very considerable enlargement of the Impo
yard, for while the present space might
by other arrangements be made availab
for the reception and deposit of mos
Goods, still it is manifestly too smal
and must be found so more and mo
every year, seeing that the trade of Mad
has greatly increased of late years and
may be expected to extend itself stil
more in years to come.

It will be within the Know
=ledge of Government that a few years
ago a part of the original Custom
House premises was taken away and ap
propriated to the building of the pre
sent Police office, but I believe with
the understanding that it would be
necessary and that steps should be
taken to provide an equal amount of
space elsewhere to prevent inconvenience
to the Custom House Department, but which
has never been done.—

Besides however, the question of spac

Fort St. George 18th December 1854

there is that of protection to the Goods
lodged in the Custom House and which
is a matter of the greatest importance—
The present sheds are not only inadequate
in dimensions for the purpose for which
they are intended, but they are in many
cases in a dilapidated state, more es=
peciallly in the Export yard and require
to be rebuilt.—

The external accommodation of
the Custom House for the covering of e
Goods free of duty intended for ship=
=ment before Office hours and which
must therefore be taken to the Beach the
evening previous and are not admitted
into the Export yard is confined to
a Shed on the Sea side, which is both
very insufficient and very incommo=
=dious It has been proposed to construct
an open Verandah of light materials
in front of the Custom House build=
=ing which if sanctioned and carried
out and made available for the e
night storing of Goods would meet the
inconvenience

inconvenience at present experienced.—

In conclusion, the Committee have requested me to propose that, under existing circumstances, if not as a general privilege, and which might be determined by its practical working, the Mercantile community might be permitted to pass up their Goods as landed direct from the Beach without the necessity of having them carried into the Custom House yard and left there, pending the usual forms being gone through for being certified for duty the necessary security being in all cases given for due payment of the duty to which they may be liable.—In making this suggestion, the Committee think that it could be worked without any risk of loss to the Government, and it would be a great facility to the Importer of Goods and materially lessen the expenses attendant upon the transport of Merchandize from the Beach to the Merchants Godowns.—

I am informed that in Calcutta the practice is in operation from the inadequacy of the Custom House to provide room for the Goods imported and considering the present condition of the Custom House here, the Committee have every confidence that His Lordship in Council will readmit the necessity which exists for granting the same accommodation to the Mercantile community of this Port.—

Madras ——— }
21st October 1854 }

/Signed/ J. Thomson
Chairman of the
Chamber of Commerce

/True Copy/
/Signed/ W. Hudleston
Acting Dy. Secy to Government

In the foregoing letter, the Chamber of Commerce represent the insufficient accommodation afforded by the Sea Custom House Buildings for the storing and protection of the goods of the Mercantile community, and to meet the requirements of the greatly increased and still increasing trade of Madras, they suggest the enlargement of the Import yard

Fort St. George 18th December 1851

yard and the rebuilding of the Sheds in the Export yard. They also state that the external accommodation for the covering of goods peroperly intended for shipment before Office hours, and which taken to the Beach the evening previous are not admitted into the Export yard, is confined to an incommodious shed on the sea side, and they propose that a verandah may be erected in front of the Custom House, and made available to obviate the inconvenience complained of.—

2 The question of providing additional accommodation to the Sea Custom House Buildings has formed the subject of a Voluminous correspondence since 1848, and was reviewed in Extract Minutes Consultation dated 29th September 1851, No. 1012, when with reference to a representation made by the Collector of Sea Customs, the Government required that

Fort St. George 18th December 1851

that officer thro' the Board of Revenue to submit plan of the whole Building, shewing how it was actually occupied or used, and accurately defining the alterations he desired to have made. To this call it does not appear that any reply has been received.—

3 The Right Honorable the Governor in Council cannot however conceive on what grounds the Government are called upon to provide sheds for storing goods either under Import or Export, such would appear more properly to be the business of the Merchant; while it is for the Government only to secure, by a system of checks, the payment of the proper duties on all Imports and Exports so long as the latter tax is continued. He resolves therefore to forward the communication of the Chamber of Commerce to the Board of Revenue, in view to its being considered whether

Fort St. George 18th. December 1854

whether arrangements might not be made for carrying a plan of this nature into effect at once.—

4 The specific proposition in paras 8 and 9 of the communication from the Chamber of Commerce, to permit the Mercantile community the indulgence of passing up their goods as landed direct from the beach without being taken into the Custom House will thus come under the consideration of, and be reported upon by, the Revenue Board.—

Order thereon

(15-16)

Ordered that copy of the above Extract Minutes of Consultation be forwarded to the Collector of Sea Customs, with a request that he will, in communication with the Chamber of Commerce, early report upon the arrangements alluded to in Paras 3 and 4.—

Fort St. George 18th December 1854

Ordered also that the following letter be sent in consequence.

To The Chairman of the Chamber of Commerce
Madras

(15-17)

Sir,

B. No. 2800
To the Chairman of the Chamber of Commerce

In the final Paras of the letter addressed by you to Government under date the 21st October, representing on behalf of the Chamber of Commerce the insufficient accommodation afforded by the Custom House, you propose that the Mercantile community may be permitted "to pass up their goods as landed direct from the Beach without the necessity of having them carried into the Custom House yard, and left there pending the usual forms being gone through for being certified for duty; the necessary Security being in all cases given for due payment of the duty to which they may be liable"

2 In support of this suggestion you mention that such an arrangement is allowed at Calcutta, and you express the opinion of the Committee of the Chamber of Commerce that it could be worked without any risk of loss

Fort St George 18th December 18

less to Government while it would be
of material advantage to the importer
of goods in diminishing delay and
expense.

3

Your proposition having
been referred by Government for the opin
of the Board of Revenue I am instructed to
request that you will on the subject being
brought before you by the Collector of Cus
toms be so good as to give that officer an
information which you possess of the sys
under which the arrangement is carried on
at Calcutta, stating the rules and precau
tions to which Mercantile community
would be willing to assent on the practi
being introduced here. The Board hope
that this information will reach them
at an early date as they are desirous
to take steps for removing the incon
venience now complained of.

B. No. 3915

From the Acting Collector of Chingleput

Reporting on the claims advanced by B. Puttabee Ramier to the Shrotriem Village of Goodenelooy under attachment.

Sir,

I have the honor to bring under the consideration of the Board of Revenue the following circumstances connected with the Village of Goodenelooy in the Sattevedoo division, transferred to this Collectorate from North Arcot in July 1861 claimed as shrotriem by B. Puttaby Ramier and B. Venkiah as lineal & descendants from a common ancestor Betipanty Venkiah as shewn in the genealogical tree which accompanies this letter.—

The Shrotriem in question appears to have been conferred under the Carnatic government on B. Papier in consideration of Nattawar services, and was held by him and his three brothers Soobiah, Ramiah, and Venkiah, in undivided enjoyment. When Sattevedoo came under the Company administration in 1801, Mr. Greenway then Collector took the summuds appertaining to Goodenelooy,

and

and granted a receipt for the same to Venkiah the youngest brother who then held the Shrotriem. Some years after, Suttevadoo was transferred to North Arcot in which Collectorate Venkiah and after him Veerasawmy Iyer son of the original Grantee continued to enjoy the Shrotriem. On the demise of the latter individual in July 1242 the Shrotriem was registered in the absence of sufficient evidence on the records of the Collector's office to warrant its continuance to the next heir. But the Village has ever since been retained in the account as a Shrotriem that the heirs might still have an opportunity of proving their claim, and its surplus collections amounting up to July 1260 to Rupees 1409—2—7 have been carried to the Sayer Summah account.—

The Summons are not forthcoming from the Records of this Office, nor does it appear that any Government Summud was granted to the Shrotriem as was done in 1802 to the Sattee Shrotriems in the other parts of this District.—

The

The receipt of Mr Greenway however alluded to three Sanzy Summuds granted under the Carnatic Government as marginally specified and additional evidence in support of the present claims is found in the report of Mr Greenway to the Board of Revenue on Suttevadoo dated 10th December 1802 in which he remarks Paras 12 and 701 that the Shrotriem of Goodenelvoy had been uninterruptedly held by Venkiah ever since its grant by the Nabob in July 1201.—

1 Dated 10th Jamadeevul Hezri year 1206 under the seal of Comadooloomra.
2 Dated 23d Jamadeelul Hezri year 1209 under the seal of Comadoo loomra.
3 Dated 17th Rujul Hezri year 121 5 under the seal of Wofiz Oor sain.—

The Parties endeavour to account for the great delay that has occurred in preferring the claims by pleading private disputes and dissensions in the family, the transfer of the Villages from one district to another has also tended to complicate and delay the enquiry But as the claims of these Parties are apparently supported by credible documentary proof and as orders are necessary for the future disposal of the Village I

Copy of a letter to the Acting Collector of North Arcot dated 18 May 1852.—
Copy of a letter from the Collector of North Arcot dated 7 July 1852 & with 2 enclosures.—
Teloogoo receipt of Mr. Greenway & summd of Collector Cazalet dated 10th November 1807.
A Copy of a Persian Summd.
A Taked of the Collector of North Arcot ordering the attachment of the Village with translation in English.—

I have & thought it necessary to submit the whole case and Correspondence for the orders of the Board of Revenue If it should be decided to restore the Village to the family I would & recommend that it be registered in the name of B. Ramier the direct descendant of the eldest son of the Common ancestor Venkiah to whom also the surplus Rupees + Rs 1764-2-8 should be paid.—

B. No. 4423.
From the Collr of Salem
Submitting copy of a Judgment passed by the Civil Court in appeal suit No. 26 of 1851 and soliciting the sanction of Government for reimbursing to the Defendant the amount of the Decree including costs.

Sir,

I have the honor to submit copy of a judgment passed by the Civil Court of Salem in appeal suit No. 26 of 1851. confirming the Decree of the Subordinate Judge in O.S. No. 257 of 1848 and to solicit that the sanction of Government may be obtained for reimbursing to the Defendant (appellant) Kristnah Moodelly a Mongar of Salem, in the Salem Talook the amount of the decree, including the costs incurred in the two Courts.—

Amount of the decree Rs. 6-14-0
Costs of the two Courts 8-2-9
Total Rs. 15-0-9

2 The sum of Rupees 6-14-0 was the value of the respondent's property which was distrained and sold by the appellant (a revenue Village Officer) for the recovery of the Bandy tax claimed from the former for 1847. The ground addduced by both the Courts for deciding the suit against the appellant is that the sale was contrary to the provision of Section III Regulation V of 1822 which enjoin that "no sale of property

Fort St George 18th December 1854

property of any revenue defaulter shall take place unless puttahs shall have been granted or tendered and refused, nor until previous notice shall have been given to the Collector of the district.

3 It appears that the property was sold by the appellant under orders given by the Tahsildar of the Taluk, and that it was not the custom in 1847 to given Puttahs to persons liable to this tax. I therefore beg to submit to the Board whether the amount adjudged against the appellant as suggested by the Civil Judge at the conclusion of his decree may not be borne by Government.

4 In para 2 of the Civil Court's Decree it is stated that the property was sold for Rupees 2-4-0 and that the balance after paying all demands was Rupees 1-12-0 From my records it appears that the estimated value of the attached property was Rupees 1-6-6 of which a portion valued at Rupees 1-2-0 was sold on the 19th March 1847 for Rupees 2-4-0 From this sum was deducted the arrear and Commission amounting to Rupees 2-2-3 which left a balance of Rupees 0-1-9 The last mentioned sum

Fort St George 18th December 1854.

with the unsold articles valued at Rupees 1-4-6 are now in the Taluk Cutcherry.-

The Decree of the Civil Court in the Zillah of Salem Subordinate Court Original Suit No 257 of 1848.-

Plaintiff	Defendants
Peddynacken	1 Kistna Moodelly the Maniakar.
	2 Subanpathee a Pean

Civil Judge's Court Appeal Suit No 26 of 1851.-

Appellant	Respondent
Kistna Moodelly	Peddynaiken.

1 The Plaint sets forth that the Plaintiff has never received a Puttah, or granted a Moochilka for the tax on his bandy, or been applied to or refused to pay the above tax; that without previous notice certain articles of his property valued at Rs 2-0 11-14-0 have been illegally distrained and sold by the Defendants, and that as the Collector has by endorsement declined to give him redress he seeks to obtain the same by this suit.

for

17165 Fort St. George 18th December 1854.

Rs 8 8
for 11—14—4 damages.—

2 The defendants answer that the Plaintiff was applied to, to rent failing to pay the two rupees tax due on his bandy for 1847, a notice was duly served on him in August 5th. 1847, and some articles of his property were attached in November and 3 certain of them sold on the 19th March 1848, Rs for 2 1/4 which cleared off the arrears and Commission and left a balance of 1 3/4 which with the unsold articles are at the Talook Cutcherry ns Put. taks for Bandy tax were issued in 1847 but this will not be a bar to the Government demand.—

3 The Plaintiff replies that the absence of Puttahs and notice renders the sale illegal.—

4 The Defendants rejoin reiterating that statements contained in their answer, and allege that they merely acted under the orders of their Superiors.—

5 Neither party filed Documents. The Plaintiff examined 3 and the Defendants 4 Witnesses.

6. The Subordinate Judge rejected

17166 Fort St. George 18th December 1854.

as totally false the Plaintiffs claim to the five rupees alleged to be tied up in the Corner of the hand kerchief (that was Ruffled and soiled) but awarded Rupees 6-4-4 damages with all costs apparently on the following grounds; Viz 1st that though the Defendants 1st and 2d Witnesses depose to the issue of the notice to the Plaintiff, yet proof that the notice was served on him has not been given, as this rests solely on the evidence of a Talook peon (Defendants 4th Witness) who "is not worthy of credit;" this class of people have proved themselves to be generally gross liars as the records of the Civil and Criminal Court will shew; 2nd That there is no evidence to prove that any bandy tax was due by the Plaintiff; 3d Failure of proof that the Defendants were acting under the order of Government authorities; 4thly Failure of proof that the tax which they levied from the Plaintiff was a legal one and 5thly The Sub. Court was inclined to the belief that as no Puttah was granted or Moochilkah taken from the Plaintiff he was not liable and that the Sale was illegal.

7 The Defendants appeal on the grounds that the Plaintiff was proved to have kept a bandy and to be liable for the tax thereon that

Fort St George 18th December 1854.

that Puttahs and Mochulkahs for the Bandy tax not being usual their absence would not illegalize the distraint and sale which were legally conducted.

8 The Plaintiff Respondent is to be separate.

Decision

9 The Acting Civil Judge cannot admit the validity of any of the grounds that the Subordinate Judge has assigned for his decision with the exception of the last; the evidence clearly shows that the Plaintiff did keep, and was responsible for (the tax on) his bandy, and that the Defendants were acting under the authority of their immediate revenue Superiors, who upheld them in their acts. The rejection of the Defendants 4th Witness' testimony for no other grounds than that he is a Talook Ryot is incorrect as a general principle and opposed to Section IV Regulation XXVII of 1802, to C. O. F. W. 15th September 1837 and moreover in the present instance the 4th Witness' testimony is in a great measure supported by that of the 1st and 2d Witnesses and by the fact of the extreme consideration and leniency shewn to the Plaintiff in delaying the sale of the property attached

Fort St George 18th December 1854.

attached in November 1847 till the March following.—

10 The legality of the tax was not given as a point for proof, and the absence of proof on this point cannot therefore afford grounds for a decision against the Defendants Moreover the tax on bandies like that on Looms Oil Mills &c. is decided by an item of Motorpha and as such is taxed under Regulation V of 1832 and is directed to be collected in the same manner as land Revenue.

11 Regulation XXVII of 1802 prescribes the modes for the recovery of arrears of public revenue due directly to Government, and declares (Section VI) that the personal property of Revenue debtors shall be distrained or sold under the same rules as are laid down in the Regulation for empowering land holders to distrain and sell the property of under farmers These rules for distraint and sale are to be found in Regulation XXVII of 1802 &c. but Section III Regulation V of 1832 declares that "No property attached under Regulation XXVIII of 1802 for the discharge of arrears of rent or revenue, shall be sold unless Puttahs shall have been granted or tendered and refused, nor until previous notice shall have

have been given to the Collector of the District and leave shall have been obtained from him for the sale," and that breach of this rule discharges the arrears and renders the distrainer liable for damages with costs of Suit.—

12 As the Defendants admit that no Puttahs have been granted or tendered and refused, it is clear that the Sub Judge's decision was strictly in conformity with Section III Regulation V of 1822 and is therefore confirmed with all costs. It will be matter for the Collectors consideration whether Government ought not to reimburse the Defendants (Appellants) the amount of this decree, as they appear to have acted honestly fairly and with the sanction and approval of their immediate Revenue Superiors.—

Resolved

1717

Fort St. George 18th December 1854.

Bd. No. 2787.

No. 609

Proceedings thereon

(32-33)

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council—

2 This action was instituted by Peddynaicken a Dandy owner against Kistna Moodelly & Monigar or Revenue Village officer of Salem to recover the value of his property which was distrained and sold for an arrear of the Dandy tax claimed for 1847; and as the sale took place under orders given by the Tahsildar the Collector recommends that the amount adjudged against the Monigar Viz. Rupees 15–0–9 may be borne by Government

3 The grounds upon which the judgment of the Court is based appear to the Board erroneous In the first place the Dandy tax is not an item of Peshcush as asserted by the Civil Judge, nor is it Government Revenue at all it being nominally at least, a voluntary contribution for a particular purpose, so that there can be no legal power of distraint and sale for arrears of it; secondly sec III Regulation V of 1822 which is alluded to in the Decree refers exclusively to arrears of rent due to a land holder by an under tenant and cannot, the Board think, be made

applicable

applicable to a case like the present

4 But although the grounds of the judgment seem thus erroneous, the Board are of opinion that the suit was not defensible, as no legal authority at present exists to collect the bandy tax by the distraint and sale of property. At the same time blame can hardly be attached to the Tahsildar and Monigar in this instance, for not distinguishing between the Bandy tax and a regular item of Revenue and as their mistake was committed in realizing the fund intended for the district roads, the Board beg to recommend that the Collector be allowed to defray the costs of the suit Rupees 15 — 9 from the proceeds of that fund

5 The Board take this opportunity of bringing the nature of the Bandy tax under the notice of Government. As described in the First Report of the Commissioners Public Works, Para 4/95 it must be considered a voluntary contribution on the part of Cart owners for the repair of the District roads, and as such it cannot be collected from parties unwilling to pay it. From its origin it would be unfair that it should be declared realizable as an item of Moturpha under Regulation V of 1832 even though its proceeds should be

be applied to the purpose originally intended and when tolls are brought into force in this Presidency under Act 8 of 1851, this tax will disappear. The Board request therefore to be informed if it is the wish of Government that it should meanwhile still be levied as far as the consent of the people permits or that it should be at once discontinued.

Bd No 1558

From the Collector of Salem ..... S

Replies to the Board's Proceedings dated the 6th Instant relative to O. S. No 61 of 1854.

+ O. S. Nos 61 of 1854 on the file of the Sub Court of Salem.

Sir

Adverting to an Extract from the Proceedings of the Board of Revenue dated the 6th Instant observing that the Board entertain doubts as to defending the case referred to, that it appears very doubtful whether the Hookumnamah rule quoted by one is applicable to the case that when Puttahs have been held by two separate individuals and they can make no arrangement whereby one Puttah only may be taken out, each party must be charged separately as before and that it is not intended to increase the advantage of the holder of the land at the expense

expense of the renter of the trees: I have the honor to state that after some correspondence relative to the course which ought to be adopted when offers are made to cultivate waste lands in which the trees are held on Puttah, the Board laid down a general rule in their Proceedings dated the 24th December 1846 which seems to be at variance with the instructions conveyed in the Proceedings under reply-

2 The general rule referred to runs as follows "On a Durkast being made by a Ryot "to cultivate waste land containing trees held on Puttah by another party the Puttahdar of the "trees should be allowed the option of taking the land for cultivation if he declines the land "and trees should be made over to the new applicant;- but as the order of the Collector "whereby the holder of the trees has been directed to pay the assessment to the cultivator of the land, is stated to be in accordance with the practice of the district the "Board will not disturb it"

3 It would therefore appear that the order issued in the Plaintiffs case in

in Fusly 1263 requiring him to pay the tree tax to the Puttahdar of the land was in accordance with the instructions of the Board quoted above for it recognized the right of the person holding the land to have both trees and land while the arrangement which was made in regard to the further payment of the teerwah on the trees agreed with a practice which the Board considered on the occasion referred to as one that might be properly maintained. This arrangement, I may further observe has not as it seems to me the effect of benefiting the holder of the land at the expense of the renter of the trees, for the farmers right is confined to the receipt of the rent previously paid to the Circar and the renter of the trees has as absolute a right of property over the trees to enjoy the usufruct or to transfer them to others as he had before.-

The propriety of an arrangement which admits the land holder as far as practicable to have an interest in the trees rests on the consideration that no deduction is made from the assessment on the field for the ground occupied by the trees

Pro

Dt. No. 2781

Proceedings thereon

(34-35)

The rule quoted in Para 2 of the foregoing letter refers to Durkasts made for waste lands containing trees held on puttah by another Ryot. As the parties in the present case had enjoyed a tree and land puttah respectively for many years neither puttah should have been cancelled without the holders consent. The Collector will therefore continue to issue a puttah to the plaintiff as heretofore and thus render unnecessary the further progress of the Suit.

From the Collector of Madura ... 8/

Sir

With reference to Para 3 of the Board's Proceedings on the Summabundy Report of 1261 calling upon me to explain in a separate Communication why a Standard of 380 Pagodas weight was adopted at the Survey while the Measure of the Madura District was Rupees 124 3/8 weight. I have the honor to transmit the accompanying Copies of Hindovee Memorandums

Explains why a standard of 380 Pagodas weight was adopted at the Survey with reference to Para 3 of the Board's Proceedings on the Summabundy Report of Fasly 1261.

Memorandums in the Records of my Cutcherry

No 1 Dated 16th September 1802 states the measures or Paddee to be 350 Pagodas without specifying the description of Pagodas.

No 2 Dated May 8- 1804 relative to the capacity of the Paddy states as follows

Madura Fort

1 Puddy = 17/2 Pullums
1 Pullum = 20 Poolee Hoons weight
1 Puddy = 360 Hoons Poolee

6 Puddies = 1 Toom = 2100 Poolee Hoons weight
72 Dr = 1 Cullum or 12 Mercals 25200 Poolee Hoons weight
1 Madras Garce = 1184000 Hoons weight
1 Dr = 47 Cullums / Madura /

Dindigul Measure

	Madras Garce Toom	Puddee
1 Cullum	= 1	1/4
1 Garce	= 65 Cullums	
1 Gara Puddhee	= 13 3/16 Dindigul Puddee	
1 Dindigul Cullum	= 73 11/16 Arcot Seers	
1 Dindigul Puddee	= 101 Rupees weight	

The Examination of the Puddee

1 Toom of a Garce = 8 1/2 Madura Puddies
8 1/2 Dr = 1 Cullum
1 Garce = 47 Cullums

	Mercal	Puddies
	2	11

1 Arcot Puddee
- 269 Hoons weight
- 25 1/4 Kutlay Hoons weight
- 80 12/16 Rupees weight

Madura

1- Madura Puddee = 380 Hoons weight which at the rate of 107 Hoons to the 100 Hoons of the Kutlay Puddee is = 380 Hoons weight = 112 Rupees weight-

1 Madras Puddee = 400 Hoons weight which at the rate of 107 to the 100 Kutlay Hoons = 370 Hoons weight

2- From the above we infer that the Puddy at the ~~as~~ Survey = 380 Star or Poolee Pagodas, and that the word Poolee at the Commencement of Paper No 2 was a Mistake for Kutlay, a term still current among Goldsmiths at Madura

3- A Puddee of 400 Kutlay Hoons weight is entered for the first time in an account sent to the Board of Revenue in 1836 in reply to a Circular order calling for the weights and Measures- This converted at the rate of 107 Madras Hoons for 100 Kutlay Hoons and taking the Madras Rupee at $3\frac{5/4}{16}$ Hoons $= 128\frac{6}{16}$ Rs But in the account previously sent in 1822 its weight is entered as 360 Hoons / what Hoon not stated / In answer to a question put to the Tahsildar of Madacolum the Talook in which Madura is situated in 1849 he stated that the Puddee in use in Madura appeared from the test of Gram to weigh $124\frac{6}{16}$ Rs which I therefore entered in the Note which has given occasion to the present question to be the old Madura Measure meaning the one existing before the Madras Measure which was introduced in 1850

4 The 32 Pagodas weight entered in the Note to statement in Para 10 of the Sub Collectors Report must be understood as intended for the Kutlay Hoon and will equal 361 Hoons to the 100/346 as 11 Madras weight which will make the Dindigul Puddee of account $13\frac{2}{16}$ Lb. $1\frac{14}{16}$ of the Madras Puddee The entry in the Dindigul table of weights in the Hendonee Paper is an evident Mistake

5 The Puddee now used both in Madura and Dindigul Town is the Madras Puddee heaped

From the Collector of Madura

Sir

I have the honor to transmit Copy & of a letter from Mr Baynes and to recommend purchase of the tesselated pavement he mentions for the Zemindar at the price named 250 Rupees

to be returned

As will be seen by the enclosed Pattern it is very ornamental but more than this it is so enduring that I concur with Mr Baynes in considering that it will prove in the end an economical species of flooring.-

No 1

To

The Collector
of Madura

Sir

As in all probability I shall ere long vacate the house I have now occupied for nearly seven years belonging to the Zemindar of Shevagungah I wish to mention that I would gladly leave in its present place the tesselated pavement in the large room. I procured it from Naples where it was made

Fort St. George 18th December 1854

made to my special order and is I imagine per-
=fectly unique in this Country. It cost me here
very nearly 400 Rupees and it is not in the
slightest degree the worse for the wear of seven
years It will I should say prove indestructible
The late Zemindar wished to purchase it when
the room was about to be new floored in the
ordinary manner which of cause I would not al-
=low; but now when about to quit the house I feel
I may without impropriety tender it to you for
sale I think 250 Rupees a moderate price for it
Regarding it as a mere ornament or luxury you might
not feel justified in purchasing it for the Estate, I would there-
=fore observe that it is really more economical than
ratten mats which expensive at first stand in
constant need of repair and in this house fall
a speedy prey to the white ants. In the adjoining room
for instance they can only be partially used and the
flooring of polished chunam has been twice renewed
in the last seven years and now requires fresh
doing while the pavement is as good as the day
it was laid down

In order to give a better idea of it
I enclose a drawing of the design which I shall
be obliged by your returning

Bo. No. 4210.

From the Collector of Tinnevelly.

Sir,

I have the honor to report the death on the 12th August 1854 of Teroomalay vandaya Taver the Zemindar of Colloncondan in this District paying a Peshcush annually to Government of Rupees 17—8—. and to inform you that the deceased had four wives, of whom the first died without issue when he was alive, the Second has 2 Sons, the 3d as

1st Wife Avoodayummaul died without issue.

2d. wife Oodayummal.

1st Son Ramasawmy Teroomalay Vandaya Taver aged 25th years.
2nd Son Ponnaya Vandaya Taver aged 23d years.

3d Wife Balachyummal.

1st Son Theroomaly Vandaya Taver aged 9 years
2nd Son Soobramoneya Vandaya Taver aged 3 Do.
1st Daughter Ponnachyummal aged 14 Do.

2nd

2nd Do. Maroothachy ummal aged 12 years
3rd Do. Moothummal aged 1 year.
Daughter Palaneyummal aged 10 years

4th Wife Nachyummal

2 Sons and 3 Daughters and the 4th a Daughter as described in the Margin.-

2. The deceased Zemindar some time previous to his demise reported to the Hoozoor that he recognized Ramasawmy Teroomalay vandaya Taver the 1st Son of his 2nd wife aged 25 years as heir to the Estate.-

3. After his death, his 3d widow having addressed an Arzee to me stating that she is the 2d wife of the deceased and that her 1st Son would be considered as the legal heir to the Estate, the Tahsildar of Streevelly poottoor, in whose Talook the Estate in question is situated, was directed to make an enquiry into the case, and report the result, who in his reply reports that the 2nd & 3rd widows, both of whom claimed to be the 2nd as well as the 4th are ascertained to have been married to the Zemindar on the same day, and that Ramasawmy Teroomalay vandaya Taver who is the elder male member of the Family and who was named by the deceased as his successor, is well qualified to administer the Estate, and that he and the 3rd wife

of

of the deceased entered into an agreement by which it was stipulated that the latter should enjoy for the subsistence of herself and her children 25 Cottahs of Nunjah and 21 Chains of Poonjah land, and 13 Chuckrums equal to Rupees 27-9-2 per Annum out of the Tope income of the Zemindary, and that the former should succeed to the Estate of his Father.-

4 There are no arrears outstanding against the Estate which is capable of yielding a Bariz of Rupees 537-2-9 per Annum.-

5. Under these circumstances I have the honor to recommend that Ramasawmy Seroomalay vandaya Taver being recognized as successor to the Estate in question.-

Tinnevelly, 30th October 1854. } /Signed/ C. I. Bird

Proceedings thereon
(45-46)

Under the circumstances stated in the foregoing letter, the Board of Revenue authorize the Collector to register the zemindary of Collancondan in the name of Ramasawmy Seroomalay vandaya Taver, eldest son of the deceased zemindar.-

(47)

(47-48)

Bd. No. 2804.
Proceedings thereon

Read letter from the Collector of Coimbatore dated 30th November 1853 reporting on the Settlement of the Land Revenue of his district for Fusly 1262.-

The Season was a good one, and there was an increase in all kinds of cultivation. The total Dittum was 25,22,941 Rupees, of which 16,679 Rupees, was remitted as waste, leaving 25,06,262 Rupees, which added to 2,074 Rupees Fuzil jasty, made a total gross Settlement of 25,08,336 Rupees. This was reduced by a variety of deductions and remissions, all of an ordinary character and no unusual amount, to 24,75,900 Rupees being 28,540 Rupees in excess of Fusly 1261 Sornadayum and Paishcush being added raised the demand to 23,42,102 Rupees, being 21,418 Rupees, above that of the preceding year.-

2. The Collections within the Fusly amounted to 23,23,040 Rupees, leaving a balance at its close of no more than 13 annas per cent and this trifling sum reduced by the 20th November to 940 Rs. 4 a. being 8. pice per cent on the demand. This result is very gratifying, both redounding to the credit of the Collector's management, and indicating prosperity on the part of the great body

body of the Ryots. In Coimbatore, from causes which need not be here discussed the prices of agricultural produce at the present time do not exhibit that fall from what they were at the time of the commutation, which they do in most Districts, and the assessment having been always light, the District has been exempt from the depressing causes which have operated elsewhere.-

3. The arrears reported as irrecoverable amounting to 5,401—0—9, were remitted by Government on the 6th November 1854. Those stated to be recoverable to the amount of 2,148—11—11 should be further noticed by the Collector in reporting on Fusly 1263. It is seen that they extend back as far as Fusly 1250, and except under special circumstances, the expediency of enforcing their collection appears to the Board to be doubtful. The old arrears of Sevoy jummah have also been remitted to the amount of 55—12—11; and the amount retained, viz. 384—6—4, due for Fushes 1261 and 1262, will also of course be again noticed by the Collector—so far as they may still be uncollected.-

Printed Report of Fusly 1262.

4. In Para 7 the Collector describes a change which he made in the year in drawing up

up the comparative Statement of prices.- The Board do not clearly understand what is signified by the "rates which regulated the price of grain in Fusly 1212" and they would wish to be informed of the meaning of these terms.- With reference to the concluding part of that Para, the Board observe that the price list should certainly be made out Talookwar. The inutility and fallaciousness of an average of the whole District is shewn in the very Statement received with this Report. The prices of the same species of grain (1st Sort paddy) varies from 109—6—4 in Davaikencottah, to 69—12—5 in Caroor the average is given at 90—7—10. but obviously this is very far from representing the fact as it is in either of the above named Talooks. In point of fact indeed averages must be deceptive unless the quantities at each rate are given, which they are not, and hardly could be in the Official lists. The Board are well aware that in order to make those lists as useful as they might be, material change is required in the mode of their preparation.-

5. In the Statement given in Para 13 the Board observe that the Poonjah and garden extent are shewn in Bullahs, and that of Punjah in Cawnies, and both denommations in one Column. This is confusing and it

also makes it necessary to omit the total. It would be better to add a column, for the extent of Poonjah and garden in Pullahs and to enter the equivalent amount of Cawnies in the present column with a total at the foot.

Paras 35, 50, & 51. 6 The result of the plan lately adopted by Mr. Thomas of continuing Puttahs in force till some change shall occur in the holding instead of issuing a fresh Puttah every year, is very satisfactory - No less than 81 per cent of the Puttahs remained unchanged in the year now under review, diminishing in the large proportion both the time and labour of preparing Puttahs and the inconvenience to Ryots of leaving their home and business and coming to the Jummabundy Cutcherry. It would be a still greater improvement if Puttahs could be issued for a fixed term of years say twenty and the Board request the Collector to give his attention to this point - It occurs to them that for the sake of avoiding the interference of Government Officers, wealthy Ryots might be willing to take such Puttahs and especially if a small extent of cultivable waste were given without charge - It would also be an improvement if the Puttahs were to be

given

given in printed forms on paper.-

7. The Board are not aware whether the Collector has given his attention to the wording of the present Puttahs and they would wish to direct his notice to it - It is probable that a form of words suited to the idea of an annual lease may not agree with the present use of Puttahs, the object should be to get rid of phrases implying only a title for a single year and to substitute such as indicate perpetuity - The Board will be glad to receive a copy of the Puttah now in use, with such remarks and suggestions as the Collector may have to offer - The Board also wish to know whether in consequence of the comparative permanence of Puttah any change has been made in the preparation of the Village Stullewary chittah - It appears to them that labour might be correspondingly economized in the preparation of those accounts, with reference to the latter part of Para 51 of the Collector's Report, the Board observe that there appears no necessity why the Ryots should be

required

required to receive his "Cadjan" from the Collector in person. These Cadjan or sealed Cadjans might be distributed by the Tahsildars.

8 In Para. 40 the Collector adverts to certain rules of the Board, not specified, for granting extended Cowles for dry land converted into wet by private outlay. The Board apprehend that the orders referred to are those noted in the Margin. The terms allowed by the Board referred primarily to new works; though in one case they were applied to an old work about to be repaired by a Ryot, at a cost very large compared with his probable gain. The Collector now speaks of their having been made applicable to two other old and ruined works restored at private cost. The Board wish therefore to be more particularly informed of the circumstances, since it is obvious that the same amount of indulgence is not due to a Ryot who simply closes a breach in an old bund and perhaps strengthens the bund as to one who forms a tank de novo, with

× Pro. to Coimbatore Janv. 23d/57.
Pro. to Coimbatore October 25th/53.

with sluices and Calingala.

The recent orders of Government allow still more liberal terms to persons constructing private Tanks; but those rules are not to be held applicable to the mere restoration of an already existing work.

20th June 1854 C.O. Board of Revenue July 20th 1854.

9 In Para. 49 the Collector notices that the emoluments of village Officers in the District remain the same as they were fixed thirty years ago; though in many cases the collection and Revenue have greatly increased since, and he thinks that the emoluments ought to be augmented. The Board will be prepared to give full consideration to such special cases

Fort St. George 18th December 1854.

cases of this nature as Mr. Thomas may think it proper to bring before them, but they would remark that in order to justify an increase in the allowances, the increased labor ought to be very decided, and of probable permanency - In reporting on this subject the Collector should explain the basis on which the emoluments were originally fixed, and should also notice particularly what portion, if any of the allowances proposed to be augmented, is enjoyed by parties not holding office, or not performing duty - The Statement should give the Revenue not of any one year only but of five years at least.

W.T.H.

Fort St. George 18th December 1854

Read the following Papers.

No. 157.

From B. Cunliffe Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

(49)

B. No. 4734. Sir

From the Collector of Coimbatore, Para 1. With reference to the Orders of the Board of Revenue dated 18th January 1849. I have the honor to forward the usual Statement of Cotton Cultivation in this District for Fusly 1263 —

2 The aggregate quantity of land cultivated with Cotton in the year under review amounts to 130627/16 Acres or 907 7/16 acres above the past fusly — The following Abstract Statement will shew the amount of assessment and settlement thereon, as well as the increase and decrease in each case, of land whether Government or Enam — It will be perceived that the Cultivation of Cotton is chiefly on Poonjah Lands

Statement

Net Increase

Fort St. George 18th December 1854

3. American Cottons was cultivated in Pullachy alone, and not in other Talooks – The extent of land so cultivated was only 12 – 13/16 Acres which falls short of those for last year by 118 – 13/16 – the produce with Seed was 2 Candies or 1000 lbs. at the average rate of about 78 lbs. per Acre which is less by 120 lbs. as compared with that in the last year. There being no European Merchant to buy the foreign Cotton, its Cultivation has no encouragement – it does not suit the native loom or Market. –

4. The aggregate quantity of Country Cotton produced on all descriptions of land amounted to 33949 – and 3 4/16 Maunds or 1697 3575 lbs. being at the average rate of 112 11/16 lbs. per Acre, and this is below the produce of Fusly 1262 by 49 5/16 lbs. per Acre. –

5. Of the total return for Fusly 1263 Viz. 33949 – 3 2/16 Maunds, 11877 – 4 12/16 were consumed within the Districts, leaving

Fort St. George 18 December 1854

C

leaving 22071 – 18 3/4 Maunds available for other Markets most of which was exported to the several places noted in the Margin during the year under report –

6. The price of a Candy of wood is nearly the same as in last Fusly vide Marginal note –

Coimbatore Collector's Office, 8th December, 1854

(Signed) C. B. Thomas
Collector

Statement

17201

Fort St George

15th December 1854

Statement Shewing the extent of land Cultivated with Cotton in the District of Coimbatore for Fasly 1263—

Coimbatore 8th December 1854. E.E.Pt. /Signed/ E.B. Thomas Collector

(49-50) Order thereon Ordered to lie over

To

(51)

To, The Secretary to the Board of Revenue. Fort St. George.

B. No. 4688.

From Lieut. Genl. B. Kennett, Bombay Army.

Bringing to the Notice of the Board certain circumstances connected with his property at Coonoor.

Sir

1. I beg leave to bring the following circumstances to the notice of the Board, without troubling them with a History of my Property at Coonoor.-

2. I own two Houses here, one of which I reside in, the other is let. In front of the latter called Overy Cottage is a small piece of waste land measuring about 300 feet in length and about 200 feet in Breadth. I formerly possessed about 80 feet of this Ground which I bought from Colonel (then Major Logan) in 1842 when I sold part of my Land to Apothecary Hanson at the nominal price of 8 annas (as I was partly under a promise to provide him with a House) and I think it was Mr. Wroughton, then Principal Collector of Coimbatore, sent over a Surveyor to measure the land I retained after taking out what I sold to Mr. Hanson and also the above 80 feet I then abandoned.-

3. About the end of July last or beginning of August I heard Mr. Davison had applied for the land, and at the same time Captain Francis asked me to allow a road to be made thro the Compound of Overy Cottage for the better convenience

of

of the Public, to which I consented, provided I co might be allowed to resume the small bit of land I had abandoned.-

4. On my application to Mr. Thomas co Principal Collector of Coimbatore to resume the land, I received a reply of which the following is an Exctract.

"I cant see the need of a new Road thro your co "Cottage nor can I settle it- the land without seeing "I promised you and Davison to let that bit of "land be open and common, he also applied for "it and if put up to auction he could bid."

5. Under these circumstances I supposed if the Land was to be sold I should have had the same Notice as Mr. Davison, but it was sold without my having any intimation.-

6. On reference to Mr. E: B: Thomas co (after it was sold he replied) "It is quite unusual and "quite impossible for me to apprize all parties con: "= cerned of every Land to be sold- the months Notice "at Colonel Nicholay's Office is intended and "supposed to do that."

7. This is not a common case of the sale of Land after Mr. Thomas had promised it should be left open and common, and I only required to have notice of the day of Sale, the co same

same as I conclude Mr. Davison had.

8. I trust the Board will take into con: =sideration the great detriment it may be to my co property if Mr. Davison builds on the spot co directly in front of Every Cottage and within 100 feet of the front of the House (and he has col: =lected tiles on the ground) and I shall rest satisfied with its Decision whether they allow me to resume the land I abandoned or order the land to be resold- If they allow me to co resume the land, I shall cheerfully pay all the co deficient quit Rent or any fine they may impose-

Coonoor, December 9th, 1854.

(Signed) B: Pennett. Lieut. Genl. Bombay Army.

B. No. 2797.

Order Thereon- Ordered that a Copy of the foregoing

To,

B. Cunliffe Esqre
Acting Secretary to the
Board of Revenue.

1

Bd. No. 4786
From the Actg Collector
Madras ... } Sir,

Messrs Gahn Eaton and Co. have just this moment applied for Salt on private trade to Calcutta to the Extent of 8000 Indian Maunds which they require as ballast, and wish therefore to be supplied with that article at Madras sending for the Salt from Ennore.-

2 By the last statement dated 15th Instant the Board will observe that there are between 7 and 8000 Indian Maunds of Salt available for Exportation on private trade at Ennore but considering that we have far exceeded the original quantity sanctioned for this purpose by the Board and that the price at which Salt is supplied to private traders is a loss to Government, I am doubtful whether the Board would deem it advisable to encourage the Exportation on these terms, I have therefore the honor to request whether the present application should be complied with.

Madras, ... } Signed W. E Cochrane

Proceedings

Bd. No. 2803

Proceedings thereon—

1-2

The Board of Revenue authorize the Acting Collector of Madras to supply Messrs. Gahn Eaton and Co. with 3000 Indian Maunds of Salt for Calcutta on private Trade at the usual rate of 15 Rupees per 100 Indian Maunds. The Board see no objection to the Salt being brought from Ennore (either from the Pans or Cotaurs) to Madras for Shipment provided Messrs. Gahn Eaton and Co. are prepared to bear the extra charge for transition.

2 The rate at which Salt is supplied to Calcutta is now occupying the attention of the Board and orders will be hereafter sent to the Collector on the subject but meanwhile he is requested to make no alteration in the usual rate

Sent the following letter No. 612

No. 1507

From the Secretary to Government

Extract from the Minutes of Consultation Revenue Department, Under date the 21st November, 1854

Read the following

X X X

The Right Honorable the Governor in Council observes that in consequence of the acceptance of an annuity by Mr. J. A. Hudleston now absent on Medical Certificate on the Neilgherries, the Office of Collector of Madras will shortly become vacant It therefore becomes desirable to take into consideration the arrangements contemplated in 1844/45 for the remodelling of that Office

2 The correspondence upon this subject is noted in the margin. It was proposed by Government in Extract Minutes Consultation 17th January 1845

Para

† Ex. M. Cons 29th April 1844
Bd's Pay " July "
Ex. M. Cons 1st October "
Bd's Pay 11th Nov. "
E. M. Cons 17th January 1845
Court's Desp 23d April "

Para 2 that the salary of the Collector should on the first vacancy be reduced to Rupees 1500 per mensem. On this proposition the Honorable the Court of Directors remarked - Despatch. Revenue Department 23d April 1845 No 8, that "with reference to the "reduced salary to be assigned to the successor" / of the present incumbent / "it might be desirable to "alter the designation of Collector of Madras, either "by constituting him a Deputy to the Collector of Chingleput in charge of Madras, or in any other way "that might appear to Government more expedient"

3 Nearly ten years have however elapsed since the above arrangements were proposed and in the meantime the duties of the Collector of Madras have undergone a considerable alteration by the operation of Acts XII of 1851 XIX of 1852 and I of 1854. and by the transfer to his control of the management of some of the salt Cotaurs near the Presidency, previously under the Collector of Chingleput as also by the practice first commenced in 1847 of selling salt at the Madras stores for transport into the interior Before therefore deciding on the future measures to be taken the Right Honorable the Governor in Council resolves to call upon the Board of Revenue to report the duties which the Collector of Madras has at present to perform in comparison with

with those discharged by him in 1844, as also to state their opinion with reference to the Honorable Court's Despatch as to the arrangements that should now be made for the Office.

Ordered that the following letter be sent in reply.

(4-5)

Bt No 2833

No 615

To,

The Chief Secretary to Government

To the Chief Secretary to Government

Sir

In Extract Minutes of Consultation

Submitting with reference to E. M. C. of 21st November 1854 their report upon the duties which the Collector of Madras has at present to perform in comparison with those discharged by him in 1844 and recording their opinion that the services of an Officer of standing and experience should be secured by the same salary as is given to the Collector of a Ryotwar District.

Rd 23d June in Cons 3d July 1855.

21st November 1854 the Right Honorable the Governor in Council called upon the Board of Revenue to report upon the duties which the Collector of Madras has at present to perform in comparison with those discharged by him in 1844 and to state their opinion as to the arrangements that should now be made for that office with reference to the Honorable Court's Despatch under date 23d April 1845. To this requisition I am now instructed to reply.

2 The actual and contemplated reduction in the Covenanted Agency of the Madras Collectorate were caused by the abolition of the Sayer duties in 1844. Since that period, the control

of

of the Collector has extended over the same Depart=
=ments but his duties have been at the present time
much enhanced in degree arising partly from the
large increase in the revenues of the Collectorate in
later years and partly from the operation of Enact=
=ments especially applicable to it, which while they
XII of 1851 Madras Revn. Act
XIX of 1852. Ab Kauzy
have made the revenue more secure, have tended to
increase the duties of the officer exercising authority
under them.

3 The Enclosure exhibits the revenues of the
Collectorate for ten years ending 1854 shewing an
in every source except one and the cause of decrease
in it is sufficiently explained in the statement.

4 Before the abolition of the Sayer duties
the revenue was under 13 lacs on the average of the
5 Fuslies 1248-52. At that time there was a Deputy
Collector on 100 Rupees Monthly, but this office was done
away with on the extinction of the Custom duties
The Collections fell to under 8 lacs but they have
now it will be observed, arrived at the average
of the receipts prior to the reduction in the es=
=tablishment. The rapid and growing develop=
of the Salt Revenue is especially remarkable, and
is caused by the permission given in 1847 to sell
for inland consumption, in consequence of the finish
of the Western Trunk Road enabling the large

Candy traffic on that line to return with salt
The progressive opening of the railway will doubt=
=less bring with it a material increase in the salt
sales. Large exports may be expected to Bengal,
and under the late encouragement given to the
transport of salt to Australia, no slight trade
may spring up in that direction. Under these de=
=mands it is perhaps no exaggeration to state that
in a few years the store at Madras will require
to be kept up by an annual Manufacture of 15000
Garce, and the sales of Salt arrive at double the
present amount. A change to an excise duty may
possibly lessen the receipts but there can be
no doubt that if the duty is moderate the quan=
=tity disposed of at the Madras Cotaurs will be
very greatly increased

5 Looking however to the actual receipts
of the Collectorate during the last revenue
year it will be seen that they have arrived at
thirteen lacs from nine lacs collected in 1844-5. It
will be seen from the Enclosure that this increase
has been remarkably steady; and there seems no
room for doubt that it will continue while even

1308000

Fusly 1262 a good average year
Ganjam 14,53,341
Vizagapatam 15,13,208
Masulipatam 12,86,115
Chingleput 14,71,316
Trichinopoly 14,14,076
Kurnool
as contemplated 13,95,000

at the present amount the
collections contrast not unfa=
=vourably with the revenues rea=
=lized in those Districts in
which

which there is no sub Division

6 As regards Revenue therefore the Madras Collectorate would appear a full charge for a Collector nor can it be said that in other respects the comparison does not hold good.—

The duties of the Madras office are fully detailed in the Boards Proceedings of July 29th and November 15th 1854 they are shown to be numerous and minute and in many respects to need peculiar tact and discernment In granting and registering Certificates for land where, as in Madras, such property is peculiarly valuable, much judgment and discrimination are requisite and the frequency with which important questions arise in connection with the Department, and that of Register of Government Grants is sufficiently shewn by the references from the Collector on the Boards records passing out of the question the numerous instances in which he must decide upon his own knowledge and discretion. On these occasions. by oversight or omission without positive error on his part the Government is liable to be entangled in legal proceedings, but on the promptness and on the necessity of the Collector performing

himself many petty duties which in other Districts are left to the disposal of the subordinate servants the Board will quote the remarks of their predecessors in 1844 "The importance of diligent continued and discreet supervision is perhaps "less apparent when the duties are thus regarded than when the consequences of an error on the "part of the Collector in matters seemingly of small importance are taken into consideration A wrong decision or a hasty order in an office "so situated as this may involve the officers of "Government, and with them the Government "itself in questions of law which on every account "it is desirable to avoide. It is therefore necessary "for the officer in charge to give closer personal "attention to matters of detail than might be "necessary under other circumstances" It may be said "that a Collector in the interior has various other duties besides those connected with the Revenue it is to be remembered also that such an officer is assisted by two or three convenanted officers while the Collector of Madras has no covenanted agency at his disposal at all

Par. 38 B. Proceedings 29 July 1844.

Purchasing land for public purpose.

The recent transactions under Act I of 1854 have added largely to the Collectors duties, the particulars have not passed under the review

review of this office but the Government will judge of the fact and judgment required to negociate transfer of land where such property is extremely valuable, and what would have been the effect of entrusting these duties to a junior and inexperienced officer. As the Railway Department extend their premises further purchases under the act will be required and it must again be put in force when the line for the Coast Canal is decided upon Under the last scheme indeed, it is probable that Madras will become the great depôt for the whole line of Canal and much additional labour and responsibility be thus thrown on the Collectors office

8 The Board are averse to the proposition of the Honorable Court that if a change took place the officer might be attached as a Deputy to the Collector of Chingleput. The nature of the duties of the two Divisions are so distinct that the Collector could afford his subordinate no effectual support Even if his own charge was not so burdensome as to engross his whole time and attention. If the allowances are reduced to 1500 per mensem none but a junior officer would be appointed and an intermediate between that amount and the allowances of a Collector would be open to the same objections which led the Government to propose the conversion of Kurnool

Kurnool Agency into a Collectorate

9 The Board will conclude by briefly repeating the conclusions at which they have arrived on a consideration of the subject referred to them. The present revenue amounts to the charge of a Collector and it will probably increase. From the peculiar form of Law ruling throghout the Collectorate a large portion of the duties has to be carried out with more than ordinary prudence and circumspection requiring for their discharge an Officer of standing and experience and the Board are decidedly of opinion that the services of such an officer should be secured by the same salary as is given to the Collector of a Ryotwar District.

perceives from the above Reports that the ceremony of walking through the fire like the swinging festival is only of partial occurrence and can scarcely be called a religious observance being performed for the most part in fulfilment of vows voluntarily made.-

2. The practice does not appear to be acceptable to the higher classes and on the whole, it is apparently falling into disuse, a result which must be accelerated by the increase intelligence of the people.-

3 The Right Honorable the Governor in Council does not consider that, under these circumstances it is necessary for the Government to adopt direct measures for the suppression of the practice but trusts that its discouragement in the manner suggested with regard to the swinging festival will suffice for its entire extinction.-

4 He observes that in the Collectorate of Bellary many of the persons hitherto engaged in this ceremony have agreed to discontinue it.-

Circular to Collectors of Districts on Eastern Coast

Sir,

The Board of Revenue in Calcutta having represented that a Vessel from this Coast had arrived in the River Hooghly respecting which no letter of advice had been received and as the object in transmitting advice of Shipments is to ensure precautions being taken to prevent smuggling in the River, I am directed by the Board of Revenue, under instructions from Government to desire that hereafter you will send direct to the Revenue Board at Calcutta prompt advice of all Shipments of Salt made for that port whether on account of Government or private Trade - and that you will be careful to specify distinctly on which of these accounts the Shipment has been made.

Revenue Board Office
Fort St. George, 21st Dec. 1854

To
B. Cunliffe Esqr
Sub Secretary in charge Board of Revenue
Fort St. George.

17

Bd No. 4572.
From the Coll. of
Vizagapatam

Sir

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 26th Ultimo relative to the portion of Moturpha levied in this District which may be claimed as Quit Rent or ground rent and to observe that Moturpha is collected in Vizagapatam on account of Government only in the

Govern-

17237 Fort St. George 21st December 1854.

Government Talooks, the Zemindars and other proprietors of Estates collecting Moturpha on their own account. On this subject a full report was made by me to the Commissioner upwards of two years ago which it is necessary to mention in case the Board might suppose that the terms of the Deeds of Permanent Settlement had been overlooked.

2. In three Talooks above adverted to, the sum collected on Shops and other places of business on account of Moturpha is about Rs. 1,600 annually, but the tax is really Moturpha being levied on the occupation of the individuals who pay it, not bonafide on their Shops or houses.

3. Formerly a great part of the Moturpha collected in the District was levied under the designation of Quit Rent, though the demand for it depended entirely on the trade or occupation of the payers - at present it is believed that in some of the zemindaries Moturpha is collected under the head of Quit Rent, this term being used though the tax is not leviable unless the ground on which the payee lives is occupied by one of a class subject to the payment of Moturpha, thus establishing the true character of the levy.

Establishment on account of Estates newly reverted to Government

17240. Fort St. George 21st December 1854.

No. 156.

21

To,

The Secretary to the
Board of Revenue,
Fort St. George

B. No. 4368. Sir,

From the Collector of Masulipatam — Transmitting a Statement of actual charges on account of additional Establishment for Fasly 1263 and an Estimate of similar charges for Fasly 1264, for sanction —

1. I have the honor to transmit a Statement of actual Charges incurred on account of additional Establishments employed in this Zillah for Fasly 1263 together with an Estimate of the Charges proposed to be incurred in the current Fasly —

2. Both the past charges and the Estimate for the future are divisible into two distinct heads. For the first head which comprises the pay of Rungamah Peons, Naikwadies, Cummus Batta in some Purgannahs &c., the Estimate is Rupees 11843-5-11 for the Permanent Sibbundy being the Establishments framed for Estates reverted to Government Rupees 28773- making a Total of Rupees 40616-5-11 -

3. The Moyenzahitah is occupying my attention, and will very shortly be forwarded - slight changes here and there would be easy, but I wish both to make it thoroughly efficient, and if possible to secure more adequate allowances to native servants holding responsible Offices than have hitherto been allowed to them, and the subject requires much consideration. I hope it will be completed very shortly, but the transmission of this Estimate, for which I request that the Board will obtain the sanction of Government, ought not to be longer delayed -

Masulipatam,
Collector's Cutcherry,
11th November, 1854 -

(Signed) T. D. Lushington -
Collector

Board's letter dated 18th January 1854 conveying the sanction of Government dated 5th January 1854 –

17257 Fort St George 21st December 1854

No 158.

To,
B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue
in Charge
Fort St George.

23

Bd No 4395
From the A Collector
of Nellore - - -

Sir,

I have the honor to transmit a Statement of the Salt sold, and the wastage which was found on the quantity stored, for Fusly 1263, prepared, according to the form transmitted with the Deputy Secretary's letter of the 21st November 1836.-

2 It will be observed, that the outturn of I. Mds 5,64,377-28-7 of Salt, on being sold, was I. Mds 5344 26-38-7 the wastage being I. Mds 29,950-30-7 or I. Mds 5-12-4 p/m Cent. trifling below that of Fusly 1261, but considerably above that of the other 3 Fuslies noted in the Margin. This increase in the wastage arises, as I am informed, from loss sustained in the storms of November 1851 and October 1852, and the Salt sold in Fusly 1263 having been old Salt. I have to request, therefore, that under these circumstances, you will obtain the Sanction of Government for writing off the above wastage.-

Fuslies	Quantity Stored	Quantity Sold	Wastage	Percentage
	Mds S C	Mds S C	Mds S C	Mds S C

so up to this period leaving
a Balance of Indian Maunds
6,920 as particula-
rized in the margin e-
After the completion of the delivery

+ Quantity of Salt ordered to be delivered to P. Vencatareddy in Boards Proceedings dated 23d June 1854 e-	In Mds 70,000
Deduct quantity postponed from this District as per Proceedings of the Board of Revenue dated 15th September 1854	5,000
Remainder to be delivered as per Proceedings dated 15th September 1854	20,000
Of which the quantity supplied to him up to this period	13,080
Balance	6,920

9

17262 Fort St. George 21st December 1854

I shall duly report the same as in=
=structed; but, have judged it best to
afford the herewith information in anticiption.

Collectors Office,
Jonnavadah,
16th December 1854

/ Signed / J. Ratliff
Acting Collector

To,

B. Cunliffe Esqre
Acting Secretary to the
Board of Revenue

Sir,

I have the honor to inf
you that I have already brought to yo
notice of my having paid an advance to
some vessels which I have engaged und
the impression that the contract for
transmitting the remaining 2 Lacs of mau
also may be granted to me, and not b
granted to certain individuals at Cal
I will have to incur a great loss of the
advanced I will therefore be much obliged

(26)

B. No. 2759.

From P. Vencatareddy
Salt Contractor

17263 Fort St. George 21st December 1854

if you could obtain me the permission for
transmitting at Cart 5,000 Maunds for the
present at the rate of 38 Rupees as grant=
=ed to the Calcutta contractors, and if n
not to issue orders to the Collector of Chingle=
=put (who said the other day when I w
asked that he will only spare the
last years salt which is rather black
and mixed with sand and not this
years) to allow me 35,000 Maunds of n
Salt produced this year in the pans at
Covelong to transmit on private trade to
Calcutta with as little delay as possible

Madras
18th December 1854

/ Signed / P. Vencatareddy
Salt Contractor

No 1

To
C Pelly Esqre
Collector of Bellary

Sir,

I have the honor to acknowledge the

the receipt of your letter under date the 27th Ultimo and to submit the following explanation but having no record to refer to I am unable to specify dates.—

After the statement of the Jumma=bundy at Anantapoor I ordered the Sheristadar and his Goomastahs to proceed to Dhurmaveram and prepare the accounts for the settlement of that Talook and proceeded myself to Penjendah on other business and also to commence the Roadwork in that Talook intending to proceed to Dhurmaveram as soon as an Officer might arrive to take charge of the famine roads in those two Talooks.

After my Sheristadar had been some time at Dhurmaveram the Cholera broke out with great violence in that town and the Ryots and Carnum all fled to their Villages and sickness prevailed throughout the whole Talook to an extent to obstruct business.

I was therefore obliged to postpone the Settlement of that Talook and ordered my Sheristadar and Goomastahs to commence the settlement of the Penjendah Talook

where sickness had at that time some what subsided but it afterwards became very prevalent and very fatal throughout the Talook and as many persons were prevented attending my kutcherry by sickness and many by a just reluctance to leave their families and Villages great delay unavoidably occurred also in the Settlement of that Talook.—

After the Settlement of the Penjendah Talook and as soon as sickness had abated sufficiently to admit of the Ryots leaving their Villages and families to attend at any kutcherry I settled the Dhurmaveram Talook.—

(34)

Bt. No. 1652

From the Collector of Bellary

Sir

I have the honor to submit Copy of a letter from the Sub Collector Mr. Arbuthnot bringing to my notice the misconduct of Ragavendrarow Tahsildar of Anantapoor in having illegally detained in custody three Gowds of Ipparee who owed a balance of Revenue—two of them for a period of nearly 2 months and one for a period of nearly 3 months. There is no suspicion or complaint of the parties having been ill used or any violence offered to them but they were detained for the purpose of making them come to an arrangement for

17272 Fort St. George 21st December 1854.

for the balances due—and which it appears they had received from the ryots—I agree with Mr. Arbuthnot that it is necessary to mark the conduct of the Tahsildar more severely than by a fine of ten Rupees and have therefore the honor to report the matter for the Board's orders.—

Bellary, Collectors Office, 30th November 1854

(Signed) C. Pelly
Collector

Enclosure No 1
No 185

To

C. Pelly Esqre
Collector of Bellary

Sir,

I have the honor to bring to your notice a complaint preferred against Raghavendrarow Tahsildar of Anantapoor Talook by Siddanagowd Chuckanagowd Careebasavannagowd and Narranapah (Curnum) Goomashtah) of Ipparee.—

1st Complainant Siddnagowd of Ipparee in the Talook of Anantapoor stated before me on the 1st November that he was sent for to Anantapoor with the other two Potails and Curnum Goomashtah about the 20th of June last and put in charge of a peon during Mr. Daniell's stay at Anantapoor, that up to the

the 24c July and that afterwards they were detained in custody in the Talook Cutcherry with the exception of the 4th Complainant Goomastah That the 2d and 3d complainants were re= =leased a month ago and sent to Ipparee in charge of a peon— That he/Deponent/ was released 4 days ago by the Sheristadar on the receipt of an order from the Hoozoor and then sent to his village in charge of a Peon.—

2d Complainant Chickanagowd states that he and the 1st and 3d complainants were kept in custody as mentioned above and that he was released about a month ago.

3d Complainant adheres to the statement of the 2d throughout

4th Complainant states that the 1st 2d and 3d Complainants and himself were =taken to Anantapoor and put in charge of a Peon during Mr Daniells stay at there, that is from 5th to 24th July and 15 days prior to his arrival at Anantapoor, but that he/Deponent/ was

was kept in charge of a Peon and not in the Talook Cutcherry as the others were.

1st Witness Mohomed Adom Duffadar states that prior to his going to Tandputry on the 20th September he saw the 1st 2d, and 3d Complainants in custody for about 20 days in Talook Cutcherry— That on his return as about the middle of October he saw the 1st complainant alone in custody.—

2d Witness Swasing Duffadar deposes that 15 days ago he saw 1st complainant 8 days in custody, but heared that 1st 2d and 3d complainants had been detained in custody for two months.—

3d Witness Kider Saib Duffadar states that the 1st 2d and 3d complainants were detained in custody outside of the Kacid Kana for 27 days but that afterwards 2d and 3d complainants were released and sent to Ipparee in charge of a Peon— That after that the 1st complainant was detained for about 17 or 18 days and that the 1st and 3d Complainants were in the habit of sleeping in the Cutcherry, but that they went into the Pettah for food and that

he

he / Deponent / was in the habit of reporting da-
daily to Sheristadar the presence of complainants
in Paharah during the 10 days he was in charge
of them.—

4th Witness Enam states that about 20 days
ago he was apprehended upon sus-
= picion and detained in custody for
6 days, during that time the 1st co
Complainant was confined with him
in the Raid Kanah.—

5th Witness Bundaghie Duffadar sa
states that about 15 days before the ex
Mohorum festival 1st 2d 3d and 4th
Complainants came to the Talook Cutchery
but were not detained in custody, that
they slept in the varandah of Cutcherry
at night—That he / Deponent / went
to Bellary on the 23d September and
on his return he saw 1st complainant a
Parah only and that the others had
been released by Tahsildar about the
1st or 2d October that they complain-
= ants were in the habit of coming
and going to and from Cutcherry.

6th Witness Kanoomantarow Talook
Sheristadar

Note
This Witness statements are not to be depended on—He stated that he was not present when Complainants to make their Compliants before me a statement I believe to be false.

Sheristadar states that 1st 2d 3d and 4th complainants
were called to Anantapoor on the 24th July by the
Tahsildar for investigation with regard to some
balances due by Complainants and that the in-
= vestigation lasted upto 5th or 6th of August
that 2d and 3d Complainants were in custody
upto 2d October on which date they were
released and that 1st complainant was re-
= leased a few days ago on receipt of an order
from Hoozoor.—

Tahsildar Raghavendrarow admits that
the complainants were kept under the surveillance
of peons but denies their having been kept in custody and
urges that the balances due by complainants were of
a fraudulent nature and that much time was consumed
in the necessary investigations

Opinion and remarks

From the above evidence there can be no
doubt that the 2d and 3d complainants were kept in Cus-
= tody for nearly 2 Months and 1st complainant for nearly
3 months longer than was necessary, for making the
investigation into the "dust bakee" said to be due by
them—It was clearly the duty of the Tahsildar after
making the investigation and discovering the
amount of "dust bakee" to have immediately in-
= formed the Sub Collector of the same and
requested orders as to the disposal of complainants
in

* This witness at first stated the 24th of September but after referring to some documents gave 24th July as the correct date.

x From 6th August to 2d October—
o From 6th August to end of October—

Apparee is only about 12 miles from Cudabah Anantapoor.

in case the money was not paid nor good security given for its payment.

By thus acting the Tahsildar would have relieved himself of all responsibility - but instead of this he has acted both illegally and unjudiciously in employing illegal means to gain just and legal ends and means which he could not be but aware were liable to suspicion and mis= = construction on the part of others and therefore prejudicial to the interests of Government and his own character - Fortunately there is neither complaint nor suspicion that any violence or ill usage of any kind was employed beyond detention in custody - As I consider the small fine which a Collector can adjudge inadequate to the offence I beg to recommend that the conduct of Raghavendrarow be represented to the Board and their orders requested on the subject

Remarks

11

The Gomastahs are to be employed to assist the fixed Esta-
blishment in the preparation of the ensuing Summahbundy
accounts.

The practice in this district of the non completion of the
examination of fields every year consequent on the Pay-
maish numbers being double that of Bellary and the num-
ber of Carkoons being smaller than in the above and other
districts, having been considered somewhat objectionable
other means of assistance was afforded and all exertions were
used during the Fuslies 1262 & 1263 to ensure the examination of all
the numbers without effect, and the result was the increase
in Sanaty jasty to the extent of 25,000 numbers in the former year,
and 23,000 in the latter above that of the preceding years. The Col-
lector proposes to make a separate reference on the subject, but in the
mean time the usual number of Extra Carkoons have been
entered in this Estimate.

The ready money allowance paid to a Village peon engaged in
making the Veesabady Collections of the Village of Wotukumputt
having been discontinued agreeably to the orders contained in the
Extract from the proceedings of the Board of Revenue under date
the 15th November 1852, the amount of Rupees 35 being the wages
of a peon for Fuslies 1263 & 64 has been entered in this estimate,
until a separate sanction is received for the disbursement of this amount.

There being no Village peon for collecting the land revenue, amount-
ing to Rupees 110 and Moturpha Rupees 134 of this Village and as
no enam is allotted for this purpose much difficulty was experi-
enced for collecting the Circar dues, consequently Rupees 12—
being the wages of a Village peon for the current Fusly has
been entered in this Estimate.

Resolved that the letter above recorded be submitted for the information of Government with reference to Extract Minutes Consultation
In Cons: 16th Octr 1854 3d October 1854.

2. The Collector states that the report of the Joint Magistrate, who held an investigation into the case, attaches suspicion only to three persons, who were committed for trial before the Sub Criminal Judge, and the Board observe that no circumstances which tended to incriminate the Duffadar were apparently elicited during the investigation before the Court. But the Joint Magistrate expresses an opinion that want of care on the part of the Duffadar gave an opportunity for stealing the bag of money, and the Board consider that this neglect of duty ought not to pass unpunished.

of Cuddapah 31

Sir,

I have the honor to acknowledge the

the receipt of your letter of the 23d ultimo, and in reply beg to state that
†Janakeramiah I have no objections to the Petitioner being reinstated. The late Collector in his letter dated the 30th April 1852 states that he "does not press for the restoration to his Office," probably on account of his absence from the district and from the records of this office nothing can be obtained which will throw any detriment to his being re-employed. I have therefore, as it appears to be the Board's wish that he should be reappointed, sent an Order to Meer Mooradally Dhurmakurta of the Mokhasa of Goorrumcondah to allow him to re-assume his former office.

2 The petition No. 2339 of 1854 is herewith returned.

Fort St. George

(46)

Bd. No. 4630.

Sir,

From the Collector of Cuddapah

I have the honor to forward report upon the cultivation of American Cotton, during the Fusly 1262, in the district of Cuddapah.

2 The seed of American Cotton was sown in 48 Villages in the talooks of Koilcoontla, Chennoor, Camalapoor, Mudden pully, and Royachoty, the quantity of seed sown in the several descriptions of soil amounted to

to 4 Maunds 20 Seers, and 21 tolas, the particular descriptions of soil, the extent and the assessment, are as follows.

Description of soil	Extent acres. C. ar.	Assessment Rupees a. P
Dry ———	14 - 26. 2¾ ———	53. 14. 5
Garden ———	" - 6. 8 ———	1 7 11
Wet ———	" - 3. 12 ———	" 12. 3
Total	14 - 36. 6¾	56 - 2. 7

3 The seed was planted in ea- September, but yielded no remunerat- -ing produce to the Sowers in any of the Villages. In Pungasahilipett in Chennoor talook alone, the return was 3 Seers - and 3 tolas of Cotton and 12 Seers and 12 tolas of seed in return for five Seers sown. In some places the plants were entirely washed away, in others perished from the heavy rains which fell in October 1853. and in some localities on account of the Superabundance of moisture disease was engendered, which weak- -ed the plant and prevented it from rendering a proper remuneration to the growers.

From the Collector of Chingleput. —

Reporting on the Settlement of the minor Shotriem of Oolooroudoo for Fusly 1263, and transmitting the prescribed Statements therewith connected.

Enclosures to D.

I have the honor to transmit the accompanying Statements relative to the Settlement of the minor Shotriem of Oolooroudoo for Fusly 1263.—

2. The Particulars of the Settlement are exhibited in Statement A. From this Document, it will be seen that the Demand of the Fusly under report is, exclusive of remission, Rupees 3026-8-7 or Rupees 1120-12-8 below that of the preceding Fusly 1262. This Decrease arose from the adverse nature of the season of the past Fusly.—

3 The Increase under the Head of Remission has been consequent on the 2nd Crop lands not having been brought under the plough to a greater extent owing to a deficiency of water in the Tank of the Village.—

The

4 The Demand of the Fasly has been fully realized, with the exception of a small sum of Rupees 2-1-3 which together with Rupees 3-15-- due on account of Fasly 1262 by Indigent Ryots is considered irrecoverable- The sanction of Government is therefore requested for writing off the same to Profit and Loss.-

5- The Peishcush due to Government on the Estate has been discharged.-

6 The Net Profits of the Village amount to Rupees 4,0236-3- as per Statement D, and the interest realized on the Company's Papers in the name of the minors is Rupees 2,107-6-3 making a Total of Rupees 4,2343-9-3- Of this sum, Rupees 28,690-14-3 forms the amount of the Total Charges from Fasly 1253 to 1263 as per Column 12 of Statement D and Rupees 11561-13-- the amount remitted to the Official Assignee, leaving a Balance

Rupees 2,090-14-- to be carried to the credit of the minors: This sum has been kept in hand to defray the expenses of the Management of the Estate, and the maintenance of the minors during the Current year.-

62

Bd No. 2573

From the Agl Coll. of Madras ... }

Sir,
I have the honor to acknowledge the receipt of the Extract from the Boards Proceedings Dated 25th forwarding copies of the Printed orders of Government dated 19th September on the subject of Indian Fibres- The Board desire these sentiments to be made generally known, and information to be furnished together with a Tabular form filled up as prescribed in Para 13 of the Government Minute -

Reporting on the subject of the growth of Fibrous plants and the supply of fibre for the European market -

2 The area of arable land within the limits of this collectorate is too small for any importance to attach to the steps taken here to encourage the production of Fibres- Indeed, with the exception of Palmyra and Cocoanut trees none of the fibrous plants seem to be cultivated here as such- The quantity hitherto available of each description of Export and the whole sale prices will be made known I presume by the Collector of Sea Customs, I shall therefore, in submitting the form called for, simply offer a few general remarks that

that occur to me on the subject in question.—

3 Fibres are chiefly in demand here for shipping, and Fishery purposes and for domestic use. Those most in use are.—

The Palmyra fibre for binding.—

The caldras fibre for Do.—

The Cocoanut coir for ropes and cables.—

Indian Hemp, or Jute for ropes, Cords, and Nets

Sunn or Sunapu, for Nets and lines.—

Cotton wool for cords and Nets.—

Yerkum nar for fishing lines.—

4 There are various other fibres which doubtless are capable of being turned to profitable account, tho' the Natives do not as yet make use of them.—

5 The fibres of the Palmyra and caldra seem too coarse and weak for the Europe Market. The yerkum bush grows wild wherever land is left to itself, but the preparation of the fibre, tho' it seems to surpass the rest in fineſs and strength as managed by the Natives is a costly and tedious process, and unless European skill can remove this drawback, I fear it is not likely to be available in any quantity. The Cultivation and preparation of Indian hemp and Sunn are well understood by natives in all parts of the Country, and I should suppose nothing

nothing more is needed to stimulate their Cultivation to any amount than an urgent call for them by the Mercantile houses thro' their local correspondents in the Provinces. But should this fail, owing to the imperfect connexion subsisting between the principal exporting houses and the interior, I think the end in view would effectually be secured by Government authorizing Collectors to receive these commodities at a stipulated rate per maund, in payment of the land assessment. The quantities so collected in each Talook might after due advertisement as is done in the case of Mysore Sandalwood, be sold by auction to the highest bidder. I am aware that many objections may be brought against this plan, and I only mention it as a temporary expedient which might be resorted to under the present exigency.—

6 I do not see why both Hemp and Flax may not eventually be articles of export from India, but Europeans must lead the way in their adoption for the purposes of fibre. The same remark applies to the other fibres such as those of the Plantain, Aloe and Pine apple which are not already in general use.

7 Lastly, I think attention should be called to the exctensive use which is made in this country of cotton cordage. I do not see why the coarser and cheaper kinds of cotton grown here, should not pay well in Europe for this branch of manufacture.—

Madras.... 30th November 1854.

/Signed/ H Stokes
Asst Collector

Sir

From the Chemical Examiner.....

By unceasing exertions I have completed the Analysis of all the Earth Salts belonging to the first series of Samples forwarded to me, and have herewith the honor to lay before the Board the results obtained. In accordance with the instructions contained in your letter of the 10th Instant I have determined quantitatively only Sodeum and Chlorine. Moisture and Insoluble Matters had been already ascertained.—

The Qualitative Examination most clearly proves that there is nothing deleterious in any one of the samples examined, the quantity of Nitric acid present indicates of course a proportionate amount of Nitrates, but whether of Potash or Soda or both is too insignificant to act in any other way than as a slight stimulus to the Renal Organs.—

B. No. 2087.
From the Chemical Examiner — Sir

I have the honor to lay before the Board the results of Analysis of two crude specimens of Sulphate of Iron with Silicic acid these were numbered 27 and 28 in the list of Earth Salts of which I sent in the analytical report on the 17th Instant. but they have been purposely struck out of this list as they do not contain more than a trace of Chloride of Sodium, so small as not to be appreciable by the Balance. These Iron Salts are not likely to be of the slightest use either in Medicine or the Arts, as crude Sulphate of Iron can be procured in almost every Bazar in India at a very small cost whereas these Salts require to be freed from Silicic acid to render them available.—

From the Chemical Examiner

Sir
I have the honor herewith to forward the results obtained by the analysis of 11 Samples of Salt from Kurnool Of these two are Samples of Sea Salt the remaining nine are Earth

17319 Fort St. George 31st December 1854.

Samples of Earth Salt all these whether Earth or Sea Salt contain Organic & matters. In addition to other impurities the Earth Salts all contain more or less of Nitric acid.—

From these remarks and by comparing the tabular exhibition of the constituents in each sample, with those of the Cuddapah Salts it will be apparent that the Salts of the two Districts differ in several respects but chiefly in the presence of Nitric Acid.—

This Report has been unexpectedly delayed by a variety of circumstances among which without troubling the Board with lengthened details I may mention the very long report lately forwarded to the Medical Board on the Sanitary considerations connected with the erection of the projected Lunatic Asylum this was called for by the Military as well as Medical Boards and understood as that the Engineers plans were delayed for want of it Preparation for this Report involved a great deal of research and investigation while from the variety of matter connected with the Subject the

Report

Fort St. George 21st December 1854.

Report itself became much more extended than had been anticipated —

An Investigation of Warburghs Drops also urgently called for by the Medical Board, and still incomplete the several weeks have been in great part devoted to it. has with several poison cases and other minor investigations operated to suspend the examination of the remainning Samples of Salt I have for my own sake thought it necessary to make this explanation and trust to the kind consideration of the Revenue Board under the circumstances to acquit me of any unnecessary delay in carrying out their wishes. —

72-73

Order thereon Ordered to be recorded - the Medical Board will furnish the Report to Government as directed in Extract Minutes Consultation 22d ult. February 1853 - Para 3 -

EDG

Resolved

17335. Fort St. George 21st December 1854

Resolved that the following letter be despatched

No. 616.

To

The Chief Secretary to Government.

74

Bd. No. 2850.

To the Chief Secretary to Government - -

Sir,

I am directed by the Board of Revenue to submit for the information of the Right Honorable the A Governor in Council the accompanying General Statement prepared in the usual form from the Monthly accounts shewing the Collections of Ordinary Revenue from 12th July 1853 to 11th July 1854 of Fusly 1263 Compared with the Collections in the same period of Fusly 1262 - -

2 Abstract B shews a Net Decrease in the aggregate of Rupees 3692756-2-7 resulting from a Net Decrease of Rupees 2979125-8-9 in the Collections of Land Revenue and a Net Decrease of Rupees 713630-9-10 in the Collections from Extra Sources of Revenue -

Decrease in the Collections of Current - - - - - - - - - -	3079312-4-1	
Deduct Increase in the Collections of Arrears - - - - - - - - - -	99186-11-4	
		2979125-8-9

1

3 Abstract C shews the Increase and Decrease in the Collections of Land Revenue and the Revenue from Extra Sources. -

4 With reference to the correspondence noted in the margin, I am instructed to transmit herewith a Memorandum shewing the result of the Settlement of Fusly 1263 Compared with the preceding year, and the causes of the most remarkable fluctuations apparent in the Statement now under submission. -

To Govt. 20th Dec. 1849
From Dt. 22d inst. rd. 25th January 1850.

Revenue Board's office
Fort St. George - - - -
21st December 1854 - -

I have the honor to be
Sir
Your most obedient
humble Servant
(Signed) B. Cunliffe
Acting Secretary
to Government.

21st December 1854

Fusly 1263 Compared with the Collections of Fusly 1262.—

Seway Jumah	312,319	308,472	"	3,847
Grand Total	48,211,621	44,738,746	"	34,72,875

Exctra Revenue.

2 The decrease of Rs. 8,261 under the head of Permanently Settled, has occurred in the Marginal Districts owing to certain Ryotahs having Come under annuity

Rs
Ganjam in 104
Chingleput 5,258
Salem 3,102

3 The increase of Rupees 20,369 under the item of Rented for more than one year" arises from a gross Increase of Rs. 21,152 in Ganjam and Nellore, and a gross decrease of Rs. 783 in Malabar. The Gross increase results from certain unsettled Government villages of Ganjam and certain annually Rented Government villages of Nellore having been leased out, and the Gross decrease arises from the transfer of some of the lands to annuity Pcls.

4 The Ryotwar Demand exhibits an increase of Rs. 1,31,373 on only in 3 Districts has on the whole fallen off by the net amount of Rs. 2,82,312 particularly in the Districts noted in the Margin in all of which save Guntoor

Nellore	5,99,511
Bellary	57,475
S. arcot	3,25,757
N. arcot	1,44,554
Cuddapah	2,15,590
Trichinopoly	65,962
Tinnivelly	18,054
Kurnool	88,947
Malabar	37,598
Madura	36,411
Salem	26,888
Guntoor	27,642
Chingleput	3,00,752

Guntoor, the decrease is traceable wholly to the unfavorable nature of the season, that in Guntoor being also attributable to Inundations of the 3 Districts in which alone there has been an increase as above remarked, that in Tanjore is ascribed to the increase by price in the "Colloongoo Rented Villages" Rs 1,320 affected by current prices, that in Madras to the issuing of Bills for lands left waste, which had been before exempted and to newly Rs 1,843 appearing other sorts, and in Canara to the somewhat favorable Character of the season.

Among the sources of Ecstra Revenue, the Bellary exhibiting on the whole an increase of Rs 106,482 and has fallen off only in the District of Malabar. It has improved more or less in 16 Districts owing to higher biddings, and to some extent in 39,850 Madras from increased Consumptions occasioned in part by the arrival of several Regiments at the Presidency for embarkation to Burmah.

b "Under "small farms &c" the Net increase is 26,487 out of a Gross increase of Rs

17352 Fort St. George 21st December 1854

Rs. 45,705 in 11 Districts, and a gross decrease of Rs. 19,218 in 6 Districts, the maximum of increase and the minimum of decrease being respectively in Canara and Madras, arising in the former from an increase in the farm for Cutting timber from public Jungles, and from the Shipment to Bengal of a quantity of Ammenodeir Coir, which ought to have been shipped last year, and in the latter from the revision of the Tariff and from grant of water for navigation in Cochrane Canal—

Canara Rs. 17,475
Madras 12,525

7 The Motupilla Beriz exhibits on the whole a falling off of Rs. 28,264 out of a gross Increase of Rs. 3,542 only in 6 Districts, and a Gross decrease of Rs. 31,806 in 13 Districts; the decrease being greatest in Bellary owing to desertion and poverty among the Ryots consequent upon the scarcity which prevailed in that District—

Rs. 15,966

8 Sewaj Dummah has fallen off

17353 Fort St. George 21st December 1854

off by Rupees 92,295 in 15 Districts and has risen by 88,448 in 6 Districts thus exhibiting on the whole a decrease of Rs. 3,847—The greatest increase has occurred in Canara arising from the outturn of the Forest Conservancy which a large decrease is observable in Coimbatore and Tanjore, owing in the former to the abolition of Tobacco monopoly and the limited sales of Sandalwood, and in the latter to the transfer of certain items to the head of Land Revenue—

Rs. 69,549
Rs. 39,825
+ 21,972

9 The particulars of Demand Collection and Balance for the year, are entered below—

Fort St. George 21st December 1854

10 The annexed is a Statement shewing in what District the Peishcush Current balance is Considerable-

Remarks-

Districts	Amounts of Peishcush balances upto 30th
Ganjam	38,195

This is outstanding against the Hautsagleur Zemindary and will be adjusted on the receipt of Government sanction of the purchase of the Estate-

Vizagapatam	28,743

Part of this will be recovered shortly, part stands on account of disputed payments of which the sanction to sell the Madigole Zemindary has been received.

Rajahmundry	17,095

Rs. 16,166 against the Pittapore Estate under the management of the Court of Wards will be Collected in Fusly 1264. The rest due from Bundapoorum was Collected and Kept in deposit pending the enquiry for the disposal of the purchase made by Government- This has been since reduced largely and will be reduced still further-

Chingleput	8,613

This is due from certain Estates now in trust & is in course of Collection-

Trinconcly	11,446

This is the entire Peishcush due from the Beebee of Cannanore-

Malabar	15,000

The Zemindars of Cauctrangger and Calastry and the Polygar of Bungary have been allowed to pay their last Kists for Fusly 1263 by instalments in Fusly 1264- The

Fort St. George 21st December 1854

11 The trifling balance under "Rents for more than one year" Calls for no remarks-

12 The following is a statement shewing in what Districts the Ryotwar balance is Considerable-

Districts	Amounts of Balance
Tanjore	5,09,682
Do Canara	29 June 1854

Remarks-

Of this 10,000 Rs may be Collected as soon as the rest the Collector while reporting on the state of his District 7th June 1854, has strongly advocated the necessity of granting large remissions to the Ryots on account of the heavy losses sustained by them from high prices and from scanty produce Consequent upon the badness of the season, and the Board have laid the subject before Government on 10th August 1854-

South Arcot	90,759

In the Demand Collection Balance sheets for September 1854, it is Remarked that the balance has since been Reduced by 6,901-3-4 Rs

Nellore	62,034

The Collection of 35,000 is improbable, and the rest may probably be gradually realized-

Guntoor	55,431

The sum of 33,688 Rs is allowed to lie over on account of uncultivated Enams and Shrotriem disputed and agraharems under dispute, and

and on account of Sundry Relating to the salaries of Curnums, of the rest about 7,000 may be Collected, the Remainder outstanding on account of Poverty among the Ryots of Certain Talooks -

Chinglepet 43,749 / North arcot 36,146 a portion of this will be duly Collected - as the settlement was Concluded a Considerable time after the close of the Fasly, the Collection of Revenue was impeded - Measures are however being taken for the speedy recovery of the balance.

Rs 25,821 13 The alt Karry Current balance is outstanding Chiefly in Chinglepet, and Remission is Claimed by the Renter for the losses alleged to have been sustained by him in Consequence of the unfavorable-ness of the season - The Government have sanctioned a remission of 12,000 Rupees to the Renter - In Combatore a remission of Rupees 67 was granted to the renter of Deraiberucottah as a Compensation for the loss he sustained in being required to Close his shop at Kullar / Vide Fromi Go: to Govt 3 April 1854 - Government 24 March 1854)

14 The Remaining Current balances outstanding in each District are trifling

15 The annexed Comparative abstract gives the particulars of Collections of Current and arrears.

Grand Total	4,75,91,788	4387,3895	"	37,7,894

From

16 From the above it will be observed that the Land Revenue Current Collection have fallen off owing to the badness of the season, and the Consequent decrease on Cultivations-

Rs.
Ganjam 32,574
Rajahmundry 29,516
Guntoor - 21,2218
Chingleput 15,2740
Madura - 62,184
Nellore - 56,566
South Arcot 40,878

17 The Salt Collections exhibit a large decrease in the Marginal Districts caused by the difficulty of procuring forage for Cattle or Consequent upon the adverse nature of the season, the Merchants having been thus prevented from resorting to the Golconda - the only Districts in which there has been a rise are Masulipatam and Madras, owing in the former to there being a sufficiency of stores which rendered the dealers usually frequenting those parts independent of the stores in Guntoor and Rajahmundry-

Rs
1,35,995
+ 124,115

Rs
49,849

18 In Salsette, the largest decrease has been in Chingleput owing to the Renters default of the payment of his Rent - In North Arcot there appears a decrease under arrears, the amount of arrears being less than what it was last year

Rs
11,913

19 The Sea Custom Collections

Rs
18,262

have fallen of most in Tanjore, in consequence of the decreased exportation of paddy and rice from, and the decreased importation of nuts, piece-goods, and timber, into the District.-

20 Under Tobacco, the decrease has been caused by the abolition of the Monopoly.-

Ganjam - 12858
Tanjore - 23033
Coimbatore - 40031

21 Sevoy Jumah has fallen off on the whole by Rs. 25,138, and mostly in the 3 Marginal Districts owing as regards the 1st Distruct to the small amount of arrears that had to be collected, and to certain causes having affected the current Collections, and with regard to the other two, to the same causes that affected the Sevoy Jumah Demand noticed in Para 9 of this Memo.-

22 The Demand Collection and Balance of arrears are shewn below. Items

63 — 15,000
54,750

the Beebee of Cannanore are particularized in the Margin Fuslywar. When added to the entire current Peishcush now outstanding, the whole balance amounts to Rupees 54,750, or nearly 2 years Peishcush. The 5 islands have now been attached for the recovery, as directed by Extract Minutes Consultation 7th September 1854.—

Vide from Govt 20th May in Dy Cons 6th June 1853

For Vizagapatam, the same remarks applies to the arrears for the Current Peishcush balance, the fuslywar particulars being

Vide Para 11 of this memo

Fusly 1257	—	Rs 65-85	against Madigole
1259	—	770	Panchepentah
1262	—	526	Wattair

In Madura, the arrears are due by the Shantamia

Vide Board's proders 2nd Sept. 1/60

Ghautaina Naickenoor Zemeendar for Fusly 1237 and has to be recovered at Rupees 1500 annually. Of the Nellore arrears, Rupees 690 due by the Chittalewar Polygar for Fusly 1260 & 1261 has been recommended to be remitted, the rest due by the Same for Fusly 1262 is only recoverable from his Roosoums as far as available.

From Collr 20th June in Cons 21st Sept. 5/54
" 18th Oct. 5 in Cons 20th Nov. 1854

The arrears in Rajahmundry are outstanding against Bundaporum Estate for Fusly 1262. The sum has been collected and the same remark applies to it as for the current balance noticed in Para 11.

The arrears of Chinglepute are due for Fusly 1262 by the impoverished Exproprietor of Nursingapooram. The sum appears irrecoverable. The Collector however promises that the subject will be thoroughly enquired into and noticed in his Settlement Report for Fusly

Rs. 1,381

"Rented for more than one year"

24 The Tinnevelly arrears of more than 15 years standing are of a double

Rs. 3,41

= full nature.—

The Masulipatam arrears for Fusly 1265 will, it is stated, be specially reported upon

Rs. 146

Of the arrears in Ganjam a portion is under Collection, and the rest, it is stated, will

be noticed in the Settlement Report for Fusly 1263.

Ryotwar &c.

25 The arrears under this head are considerable in these Districts.

	Rs
Guntoor	5,46,203
Masulipatam	3,42,406
Nellore	1,06,933
Tanjore	93,381.
Rajahmundry	64,561.
Chinglepute	64,517
Madras	26,600

As regards Guntoor Rs 1,90,110 are on account of Enam Jodigy and Shrotreum on Agraharum in the Palnad Division; Rs 2,85,102 on account of ditto in the Guntoor Circars and 71,752 are Ryotwar for Fusly 1260-1261 & 1262.— Of the first item, 70,466 on account of Village Servants, Enam Jodigy and Rs 93,133 of Pagoda and Bhatavurty Enam Jodigy have been recommended to be remitted, the rest being under Collection according to the Agreement entered into with the Enamdars.— The 2nd item, it is stated, will be disposed of as the first. Of the 3rd item Rupees 20,936 on account of Cummums Rundas and Mounsiffs' wages for Fusly 1262 have been recommended to be written off, the rent outstanding mainly in consequence of the reduced circumstances of those by whom it is due. A report on the balance of Fusly 1261 will, it is stated, be submitted in

To Commissioner 25th June 1/53

To Commissioner 28th July 1854

in a few days. The Ryotwar arrears of Masulipatam it appears will be reported upon to the Commissioner as early as prac-

Rs. 57,821 ticable. In Nellore the arrears for Fusly 1260 & 1261 have been recommended to be written off. Of the arrears for Fusly 1262, deducting the amount due by poor ryots &c. and the decreased items in Kuttee Shrotriums, the remaining balance will be in a great measure recovered. The Tanjore arrears up to Fusly 1262 would appear from the August Demand Collection Balance Sheets to be under Collection. The arrears in Rajahmundry & Chingleput will, it is stated, be reported upon in the Jamabundy Report for Fusly 1265. For Madras it is stated that the arrears from Fusly 1245 to Fusly 1250 being of more than 6 years standing

cannot be collected under the present Act. The remainder will be collected as far as practicable.

26 The Extra Revenue arrears under Abkary, Sundry farms &c. and on Moturpha are trifling in each District

Rs. 86,113 27 The Sewoy Jumah arrears are large only in North Arcot, owing chiefly to the Collection of Commission and interest on Cavetnuggur Zemindary having being suspended under Boards' orders of 17th May 1849.

28 The annexed is a statement shewing the general results of Fusly 1262 under the three heads of "Permanently Settled," "Rented for more than one year," and "Ryotwar" or as compared with the entries in the general Report submitted to Government on 17th August 1854. Items

17367 Fort St. George 21st December 1854.

Items	Demand for Fasly 1262 as entered in the General Para 1 of this Report	Demand Fasly 1263 as entered in entered in memo	Increase	Decrease
Permanently Settled	4962746	4982513	19767	"
Rented for more than one year	127901	127901	"	"
Ryotwar &c.	3194081	3192314	"	19767
Total	3703928	3703928	19767	19767

29. From this abstract it will be observed that altho' the Net results are the same, the Revenue under "Permanently Settled" as shewn by the General Report, is as much less as the Ryotwar Revenue is greater owing to the amount of Rupees 19,941, a Palleput item in Salem & Rupees 175 of Quit Rent in Tanjore being transferred to the heads of "Permanently Settled" and Ryotwar respectively.
